

Star Lites

By Bill Ellis

WE DON'T KNOW what the odds would be against a person having their 13th birthday fall on Friday the 13th, but we'd think they would be pretty high.

First of all, you have to be born on the 13th of the month, and then get the calendar to fall just right. There is only one "Friday the 13th" during all of 1975, so that limits the odds again.

But strangely enough, there is a Friona resident who celebrated his 13th birthday on Friday the 13th. He is Doug Massey, the son of Mr. and Mrs. Leon Massey.

And the odd part about it is that last December, the last time the calendar had a "Friday the 13th," another youngster turned teenager that day. You may recall the picture of Tera Simpson, the daughter of Mr. and Mrs. Darrell Simpson.

Statistics have always intrigued us, especially the unusual kind. Maybe some specialist will undertake the project to figure out what percentage of the people can have an "unusual" birthday such as these two young Frionians did.

++++
IOLA NELSON of Friona discovered this week that she has a famous niece, Gayle Rucker Hamilton, who was raised and graduated from high school in Lockney, is featured on a Jell-O commercial that is being shown on national television through the month of June.

The commercial has a backyard picnic setting. Mrs. Hamilton, her two children and husband Mac are shown in scenes at the picnic table.

A recent article in the Lockney Beacon by Mrs. Hamilton traced the events leading up to "two country kids" being used in a national TV commercial. Mrs. Hamilton works as a professional model in New Orleans, which was the city chosen to produce the commercial. A number of families were interviewed, and the Hamiltons were chosen.

So, Iola and her family are at least one group that won't be going out to the kitchen at TV commercial breaks this month. They're watching to see if it might be the Jell-O commercial coming on, with a chance to see Gayle and her family.

++++
DAVE THOMPSON submitted the following story, which has been making the rounds since our "recession." The story illustrates what can actually happen, if people will let it.

++++
"There was a man who lived by the side of the road and sold hot dogs.

He was hard of hearing so he had no radio.

He had trouble with his eyes so he read no newspapers.

But he sold good hot dogs. He put up signs on the highway telling how good they were.

He stood on the side of the road and cried: "Buy a hot dog, Mister?" And people bought.

He increased his meat and bun orders.

He bought a bigger stove to take care of his trade.

He finally got his son home from college to help him out.

But then something happened. His son said, "Father, haven't you been listening to the radio?"

Haven't you been reading the newspapers?

There's a big depression. The European situation is terrible. The domestic situation is worse."

Whereupon the father thought, "Well, my son's been to college, he reads the papers and he listens to the radio and he ought to know."

So the father cut down on his meat and bun orders, took down his advertising signs, and no longer bothered to stand out on the highway to sell his hot dogs.

And his hot dog sales fell almost overnight.

"You're right son," the father said to the boy.

"We certainly are in the middle of a great depression."

++++
JUST TO PROVE that it doesn't matter what season a carnival comes to town for the weather to change to cold and wet, Tuesday turned out to be a near record low for June.

Only four days earlier, residents had been perspiring under summer-like temperatures that reached 97 locally, before the mercury dipped to a low of only 44 here Wednesday morning.

FUNNEL SIGHTED HERE

Weather Waters Crops, Does Damage

Weather during the past week has both helped and hurt Parmer County's crops, depending upon where a person's farm was located.

A violent cloud Monday evening, which spawned a tornado funnel as it passed through the area, unleashed considerable hail damage while leaving a good amount of moisture in the general area.

A strip in the Hub area and southeastward apparently bore the brunt of the hail damage. Corn crops, which had been lush and green prior to the Monday storm, looked as if farmers had run shredders over their crops in many fields.

The amount of damage varies from field to field, and in most cases, it is pure speculation as to whether or not the crop can bounce back and make a normal yield.

Agronomists representing seed companies toured the area Wednesday and were of the opinion that the corn had not reached the stage to constitute a "wipeout."

If the plant's "tassel joint" had not appeared, then the plant should not have been adversely affected, agricultural observers believe.

"We're really not experienced enough in corn raising to know for sure how badly the crop will be hurt. The hail may have turned some potential 8,000-pound per acre corn into the 7,000-pound category. There's no way of knowing," said Don Huckabee of West Friona Grain.

The cloud that spawned the tornado funnel passed near Friona about 8:15 p.m. Monday. Just prior to that time, the Jarrell Wright

family, who live seven and one-half miles west of town on FM 1731, watched a funnel dip down a couple of times within about three miles of their home.

The funnel was about three miles south of the Wright home, just in front of the Davey Thompson residence.

The Wrights watched the funnel form, dip down to the ground where it stayed for about a minute. It went back up, came down again, then finally disappeared amidst the heavy rain.

"It was a black funnel, just like you see in pictures," said Karen Wright. She said she had seen a tornado once before when she was a youngster. The Wright children also watched the funnel's activities.

Mrs. Wright said that her husband Jarrell had told her "I want you to see what a tornado cloud looks like,"

just minutes before the funnel was spotted.

The Wrights indicated they received 1.2 inches of rain at their place, with no hail damage.

Several other residents watched the cloud. Wright called the weather bureau in Amarillo, and television stations put out the bulletin about the tornado cloud.

The hail had started out in the Rhea community, and apparently followed the draw on a southeasterly pattern. The cloud cut a diagonal swath across the county, being wider in places than others.

In the Hub vicinity, where damage was heaviest, upwards of 2.5 inches of rainfall accompanied the hail.

Some damage has been sustained by the area's wheat crop, which was on the verge of being ready for harvest. Barley harvest had begun the previous week in the area.

TAKING SHAPE....Contractor Sony Blair and assistant postmaster Dewayne Howard watch as workmen begin installing the roof on Friona's new post office building. In

the background can be seen the entryway for the building. The new facility is slated for completion in August.

Changes Foreseen At New Post Office

Some post office box patrons will need to change their box numbers when Friona moves to its new post office, it has been announced by assistant postmaster Dewayne Howard.

There will be no numbers larger than 958 at the new office, so all those with numbers larger than that will need to secure a different number, Howard said.

There will also be some larger boxes available, up to four times as large as the present largest boxes, at the new office, the postal official announced.

The box section at the new post office will contain some 150 boxes less than the old office has, or around 700. Reason for the decrease in number of post office boxes is that city delivery has cut down considerably on the number of box patrons in recent years.

There will be room in the new building to add two additional sections of boxes in the future, should they be needed.

Work on the new post office building is progressing nicely. The walls were completed this week, and the building's roof installation was begun.

"We might be in the building by the early part of August," Howard said, pointing out that it would depend on unforeseen delays that might hamper construction.

The new post office building will contain 3360 square feet, 60 per cent more space than the 2100 at the present location. A large off-street parking area will be provided. There will be a good-sized parking lot between the post office and the old lumber company office. Parking also will be available on the north side of the building.

There will be entryways to the parking areas on each side of the building. A grassy area with some landscaping also will add to the looks of the new facility.

Customers will be waited on at an open counter at the new post office, as opposed to the bar-type windows at the present location.

Nursing Home Site Contract Signed

The contract for purchase of 7.81 acres of land for the location of the Friona Nursing Home was signed this week, with the City of Friona purchasing the land from Tommy Jones.

The contract approval came at the regular meeting Monday evening of the Friona City Council.

The council was shown the architect's drawing for the 60-bed facility. The drawings included the floor plan and a front elevation. The property is located just north of the present city limits, bounded by Main Street on the West and Welch Acres on the East.

It was pointed out that the 7.81 acres of land purchased provides ample room for retirement cottages that may be built as companions to the facility, as well as a dormitory.

The nursing facility will be in an "X" shape, with four wings leading out from a central control area.

Next on the agenda for the nursing home, now that the location has been officially nailed down, will be to advertise for bids on construction of the facility.

The steering committee is hoping to be able to open bids and award a contract on June 16, and hoping to break ground for the new facility by August 1.

Other business Monday included the extending of the city limits to include the Staley Addition No. 3 in West Friona and the Council voted, also, to pave the streets in that area. The new land to be developed by Dan Ethridge includes the remainder of the property between Eighth Street and Highway 60, west of Etta Avenue.

At the meeting Dr. Lee Spring was reappointed as City Health Officer for another two year term and appointments were made to the Board of Equalization. Among those appointed were Mr. H.K. Kendrick, Mr. Ed Hicks and Mr. Glenn E. Reeve, Sr.

Miscellaneous business included the approval of night lighting for the High School tennis courts. The Council voted to supply the electricity while the High School is responsible for placing the lights at the courts.

The Council adjourned following the setting of next month's meeting to be held July 7, at 7:30 p.m.

End Of Year School Board Meeting Held

The Friona School Board held their regular meeting Monday, June 9.

Tom Jarboe, superintendent, reported that the board voted to recend the policy of the school stating that a person, to be employed by the school system, had to live within the boundaries of the school district.

Members to serve on the Board of Equalization were also named. They are Clyde Goodwine, C.M. Mercer and Cordie Potts. Alternates are D.C. Herring and W.M. Massey.

Resignations and reassignments were also reported. The board accepted resignations from Mary Priest and Mike Stewart. Both are moving from the city. Mrs. Reta Beene was moved from Junior High to High School where she will teach English. Cynthia Smith was employed to take Mrs. Beene's place in teaching Junior High English and speech.

Also, a report on delinquent taxes collected in Parmer County was given. The total taxes collected up to June 1 of this year was reported to be \$40,019.08.

It was also reported that all bills for the 1974-75 school year had been paid and various school funds reviewed.

Consumers Set Annual Meeting

The annual stockholders meeting for Friona Consumers will be held Saturday, June 14 at 2 p.m. at the Friona Junior High School Cafeteria.

Door prizes will be given, and refreshments will be served to all those attending.

Two members are to be elected to the cooperative's board of directors. Terms of Gene Welch and Melvin Southward are expiring.

Holdover members of the board of directors are Roy V. Miller, Larry Moyer and James Procter.

Officers will be elected, and will be installed at the board's reorganizational meeting on Monday night.

Bicentennial Medallion To Be Chosen

Mrs. Glenn E. Reeve, a member of the Parmer County Historical Survey Committee, announced this week that judging of designs for the Parmer County Bicentennial Medallion is scheduled for July 3.

The official judging of entries will be done by the Parmer County Historical Survey Committee and a representative of the W.N.W. Mint.

Entries submitted to the committee should be drawn in ink on an 8 1/2" by 11" paper and placed in a manila envelope. If interested, get your entry to Mrs. Glenn E. Reeve, 510 West 10th, by June 15.

RIBBON CUTTING....Mayor R.L. Fleming, center, is shown as he cut the ribbon to kick off the grand opening of the new Gibson's Discount Center in Friona. Gibson's officials watch the ceremony. They are (left to right) Jim Anderson, Pampa, general manager, Delmar

Watkins, Pampa, president; Jerry C. Wilson, Pampa, vice president; Bobby Crippen, manager of the Pampa Gibson's store, David Davidchik, manager of the Canyon Gibson's, and Danny West, local manager.

EDELMON HONORED....W.L. (Preach) Edelman, center, charter member of the Friona Lions Club and past district governor for Lions 27-1, was surprised Thursday night with the announcement that he was chosen from among three nominees from the district for inclusion in the

"Texas Lions Club's Hall of Fame." Announcement was made by Charles Allen, right, who has served as the Lions' district governor this year. Ed Skypala, left, a Hereford resident, is a Lions Club state officer.

County Commissioners Meet

During a meeting of the Parmer County Commissioners Court Monday, June 9, it was decided that members of the Commissioners Court will act as an Equalization Board and that they take the oath as board members.

Date of the Equalization Board meeting was set for Monday, June 23, at which time any complaints presented will be heard by the board.

Also discussed were the priority designations of certain unpaved roads in Parmer County which might fit into the federal system of pavement. It was finally decided that three roads were designated as equal priority in this situation.

During the session the chairman of the Parmer County Historical Committee was authorized to

appoint a Parmer County Bicentennial Committee.

A proposed resolution by Charles J. Cerf for the ratification of an oil lease of Parmer County school lands located in Gaines County dated March 3, 1953, was discussed by those attending the session.

Club Donates To Two Drives

The Friona Riding Club voted to donate \$250 each to the Community Center and the Project Nursing Home drive at its last meeting.

The money was the profits derived from the recent junior rodeo, which the club sponsored.

Friona Flashbacks

.....from the files of The Friona Star

45 YEARS AGO—JUNE 20, 1930

Friona is to have its first real talking picture in the Marvete Theatre Saturday night and it is expected that a large number of Friona people will take advantage of the opportunity to see a real talking movie.

Manager H.P. Eberling has gone to a large expense and a large amount of labor to install this up-to-date and first class photophone apparatus so that Friona might boast of as good as the best in tone moving pictures.

40 YEARS AGO—JUNE 14, 1935

(Quoted from the Clovis News-Journal): Rexford Tugwell says he is sorry he offended the Middle West with his recent speech predicting dust storms will convert this territory into a desert within 300 years, and that if we'd read all of his Albany speech, no offense would have been taken. But then, there are those who prefer the offense to a headache.

35 YEARS AGO—JUNE 14, 1940

The Friona Chamber of Commerce is sponsoring a community softball program on Tuesdays and Thursday nights of each week, the games being played on the school athletic field under the lights. Men from Rhea, Black, Bovina, Lazbuddie, Lakeview, Midway, Oklahoma Lane, Farwell and any and all other communities are being invited to participate.

30 YEARS AGO—JUNE 15, 1945

According to the geologists, vast underground rivers circulate under the flat plains of the Panhandle, and last week Ernie Neff, working at an irrigation well on the Gugenheim place 12 miles northeast of Hereford, found some evidence to back up the theory. For in the irrigation ditch Neff found a live, freshwater clam—a specimen two inches wide and three and a quarter inches long. The well on the Gugenheim place has been in operation only four or five months.

25 YEARS AGO—JUNE 16, 1950

"Friona's growing water system, now boasting of 445 services is a far reach from the modest beginning when in 1929 the city system was inaugurated with approximately 50 services," stated City Manager Roy Wilson of the Panhandle Water Works Association at its Friona meeting last week.

20 YEARS AGO—JUNE 17, 1955

Construction of a new Parmer County Community Hospital will be underway within 30 days. That was the disclosure made public by hospital authorities after the Monday night board meeting this week. Elmo Jones, Littlefield builder who has supervised a large number of Friona building projects in recent years, was retained on a salary basis to superintend the construction job.

15 YEARS AGO—JUNE 16, 1960

During a week of hard downpours, Parmer County received an average of from six to eight inches of moisture, according to reports from farmers in different sections of the county. Consensus of the area farmers seems to be that the crops were not damaged to any great degree, and that if the sunny weather continues, crop prospects are good.

10 YEARS AGO—JUNE 17, 1965

Slow-falling soaking rains have area farmers smiling this week. The City of Friona has measured 3.7 inches for a three-day period last Wednesday through Friday. The moisture fell just right for such young crops as cotton and maize. The fall was heavier in the Lazbuddie Community, which also received some hail damage.

5 YEARS AGO—JUNE 18, 1970

Postmaster Wright Williams announced this week that beginning on Saturday, June 20, and every Saturday thereafter, the windows will be closed with the exception of a 30-minute period from 9:30 a.m. when they will open for handing out of parcel post mail.

BEN EZZELL in the CANADIAN RECORD: "People of Canadian don't want Ben Ezzell running the town." That's the message we got from one counsellor (we do not use that word in its legal sense) who assured us that we're wasting time in trying to bring about some improvement in the local law enforcement situation, among other things, "the people" don't want it different.

That's okay. Ben Ezzell doesn't want to run the town, either. Neither the editors or the newspaper have ever sought political power, or political favors from people who hold political power. Never have and never will.

But we believe it to be one of the functions of a community newspaper to call attention to failures of public officials to perform the duties of the offices to which they've been elected (or appointed); and one of the obligations of every citizen (even including editors) is to demand that public officials do carry out the duties of office which they are sworn to perform. When we fall in that, we are sorry citizens, and deserve all the bad government we get.

A lot has been said and written about "the power of the press" but we who are most closely associated with that mythical power have always been painfully aware that the press has no power at all, of itself, except the power to inform people. People have power, and informed people can wield power in this democracy, if they choose to.

Few individuals possess the power on their own to influence the course of events in the political arena, but a few individuals who band together can exercise power out of all proportion of their numbers. A group of ten citizens who are informed and determined can appear before a governing body (city council, school board or Commissioners Court, for example) and get a most respectful hearing....a group of a hundred united in a single cause can cause near panic in official ranks. When "the people" speak with a united voice, "the people" will be heard. But if they remain a "silent majority"....or even a silent minority, they will continue to be ignored.

We've been told that "the system has broken down"....referring to our American system of government....that it can no longer be made to work, and that we're spinning our wheels in trying to make it work in Canadian, Texas. Maybe so, but we're going to keep trying....and if you think, because we do keep trying, that we're going to "run the town," then think what you please. We have no power to run it, and seek no power to run it....but we've been brought up in the belief that this American democracy can run itself, and right itself when needed, and we're not yet ready to admit that "the system" can't be made to work.

It is no secret, however, that it isn't working very well right now. We are in trouble. The President of the United States confirmed that, only a few days ago, when he solemnly declared in his "State of the Union" message to Congress that "The state of the Union is not good." Mr. Ford was telling it like it is.

This is not a pleasant state to be in as we prepare to celebrate the 200th anniversary of the founding of our nation. If we really want to make this Bicentennial celebration something to celebrate about, we had better buckle down and get the system to working right again....and the place where he must start is right here in our own community. If we can't make it work here, we can't expect it to work on a national scale.

Our government will work only when our public officials....the people we elect or appoint to carry on the functions of government....will perform the duties of their particular offices in a conscientious manner. And if they don't, we citizens must demand that they do. Truly, the government is upon our shoulders, and if "the state of the Union is not good," then it is because we citizens have let it become bad through our own negligence.

SPEEDY NIEMAN in the HEREFORD BRAND: Paul Harvey, in a nationally syndicated column, says lots of our so-called "unemployed" don't have to be. Unemployment pays so well these days that countless Americans are refusing jobs, choosing to loaf.

And, adds Harvey, you can't blame them....you have to blame the system. They have a government permit to pick your pocket. The only way the system is going to be

corrected is for taxpayers to revolt. His suggestion: "Let's all take the summer off!"

Sounds great, but there's no way we can take the summer off—the working taxpayers are the ones keeping the country going. We've got to convince our elected politicians that we don't want to carry the extra burden of goldbricks on our backs, that we'll work to help the poor but not to help those who refuse jobs.

Harvey gives an example of the fault in the system. In Greenville, S.C., for instance, the unemployment rate is 12.3 per cent. Why don't some of the unemployed take one of the job openings at a local textile industry?

Working, a man makes \$125 a week and has take-home pay of about \$90. Unemployed, he collects \$88 a week with no deductions, and he gets food stamps, plus money from odd jobs he doesn't bother to mention....and makes more money fishing than working. It's unfair temptation to anybody, declares Harvey.

As long as we take a ho-hum attitude, the politicians will promise the welfare goodies to draw a few hundred thousand votes that might make the difference in many elections.

Services Conducted For Local Resident's Mother

Funeral services for Mrs. Dorothy Marie Hanks, 57, were conducted Wednesday, June 11 at Hobbs, N.M. Mrs. Hanks was the mother of Pat Hanks of Friona, the district manager of Allsup's Convenience Stores.

Mrs. Hanks passed away Monday at the Chapparral Nursing Home in Hobbs following a lengthy illness. Funeral services were conducted Wednesday at the Church of God of Prophecy in Hobbs. Burial was in the Prairie Haven Cemetery of Hobbs.

Survivors include her husband, George Hanks of Hobbs, N.M., and two sons, George, Jr. of Hobbs, and Pat of Friona. Three grandchildren also survive, along with two sisters and a brother.

BY TGSPB

New Directors To Be Elected

Texas Grain Sorghum Producers Board will conduct its third biennial election of directors on September 15, 1975.

The terms of four board members will expire at that time. All four are eligible for re-election to the six year, non-salaried positions.

They are Larry Witten of Olton, K.B. Parish of Springlake, Ralph Mabry of Petersburg and C.P. Smith of Hale Center.

Any person in the 29-county area who produces grain sorghum and pays the board assessment is eligible to vote, including owners of farms and their tenants and share croppers. Any person eligible to vote is also eligible to make nominations for director.

The counties involved are Armstrong, Bailey, Briscoe, Carson, Castro, Cochran, Crosby, Dallam, Dawson, Deaf Smith, Floyd, Gaines, Hale, Hansford, Hartley, Hockley, Hutchinson, Lamb, Lubbock, Lynn, Moore, Oldham, Parmer,

Potter, Randall, Sherman, Swisher, Terry and Yoakum.

Any person wishing to have his name placed in nomination for membership on the board may do so by application to the organization, signed by himself and ten others who are also eligible to vote.

Applications must be filed at least 30 days prior to the election day and forms are available from the TGSPB office, 1708-A 15th St., Lubbock, Texas 79401.

Ballots will be mailed to voters and must be returned to the TGSPB office by Sept. 15. Any person who does not receive a ballot by Sept. 1 may obtain one from his local county agent.

Parish served as the board's first chairman and was re-elected to a second term. C.C. "Pap" Reed of Kress currently serves as chairman. Witten, who currently serves as vice chairman of the board, was the first secretary.

Antique Sale Set

On Wayland Campus

Over 2500 antique items will be offered for sale at the Llano Estacado Museum Benefit Sale June 19-21 in Matador Hall on the Wayland Baptist College campus. Sponsored by the Llano Estacado Museum Advisory Board, the sale will help raise money to provide furnishings and program support for the new museum scheduled to open in May, 1976.

Items for sale include furniture, glassware and china. In the inventory are thirty-six pieces of furniture, including chairs,

chests, secretaries and washstands. Glassware items include cranberry glass, baccarat, satin glass, vaseline, camphor, cut, pressed, and depression glass, large collections of butter dishes and washbowl sets. China items include Haviland, Blue Willow, Bavarian and many others. Among these pieces are several complete sets of dinnerware and many partial sets.

"This sale is truly a benefit sale for the museum and for those who are looking for some excellent buys in antiques," according to Dr. Gwin Morris, chairman of the Museum Advisory Board.

The sale runs from 10 a.m. to 6 p.m. each day June 19-21. Items may be previewed Monday through Wednesday before the sale from 1 to 4 p.m.

Cary Rites Held

In Oklahoma

Funeral services for Cecil Cary, 58, resident of Hollis, Oklahoma, were held Friday morning at the Church of Christ in Hollis.

Mr. Cary died Wednesday afternoon, June 11, in Hollis. Survivors include his wife, Velma; three sons, Dale, a former resident of Friona, now living in Olton; Don of Wichita Falls; and Dickie of Oklahoma City; and five grandchildren.

**Kent Miller Attends
Boys State In Austin**

The thirty-fifth annual
American Legion Boys State
sponsored by the Depart-
ment of Texas and held on
the campus of the Univer-
sity of Texas, got under way
as 900 high school boys from
all parts of Texas, and two
from Mexico, began regis-
tration, James W. White,
Department Commander,
announced.

Among those registering
from the local area were
Ross Kent Miller, Friona
and Brad Jones and Bruce
John Kaltwasser, both of
Farwell. They were spon-
sored by local American
Legion Posts.

Following registration,
each citizen was assigned to
one of two political parties--
the Nationalist or Federa-
list. Each citizen then
functions as a member of his
party, he attends its pre-
cinct, county and state
conventions and votes in its
primary.

Boys State helps to
develop civic leadership and
pride in American citizen-
ship. This program arouses
a keen interest in the
detailed study of our
government. These civic
workshops stress the impor-
tance of maintaining our
form of government and
bring better understanding
of our national traditions
and beliefs to the more than
28,000 young men who are
participating this year.

In Boys State, the Amer-
ican Legion provides the
type of program where the
young citizen has the
opportunity to learn for
himself that his government
is just what he makes it. The

boy "learns to do by doing."
The program takes on
added significance since the
vote has been extended to 18
year olds. Most Boys States
are in the 16 to 17 age
category.

Highlight of Boys State
will be a trip to the Capitol
on Tuesday morning where
each elected Boys State
Official will be given an
opportunity to serve in his
respective office for a day.
Boys State enrollment this
year brings the total to
19,251 junior high school
boys who have attended
since 1940, when Boys State
was first inaugurated in
Texas.

**Bond Sales
Released**

Frank A. Spring, County
Chairman for the Savings
Bond Program in Parmer
County, reported sales of
Series E and H United
States Savings Bonds in the
amount of \$11,033 for April
1975. Sales for the first four
months of the year totaled
\$49,240 which represents
49 per cent of their assigned
dollar goal.

Sales in Texas during the
month amounted to
\$20,376,490 while sales for
the four-month period total-
ed \$82,368,654 with 35 per
cent of the yearly sales goal
of \$234.3 million achieved.

well, 9-11:45 a.m.; and
Friona 1-3:45 p.m.

Association Plans Program

Mrs. Cordie Vargas of
Bovina will attend an area
meeting of the American
Lung Association of Texas
Saturday at High Plains
Baptist Hospital in Amarillo.

Meeting will concern a
Panhandle-wide program
for parents of asthmatic
children, physicians, and
other health professionals to
be held this fall. Also on the
agenda will be discussion of
increasing Christmas Seal
support of health scholar-
ships, physician training in
chest disease, and medical
research.

date for the asthma pro-
gram will be announced
after the meeting, and that
parents of asthmatic chil-
dren will be invited to
participate in the all-day
seminar.

"Asthmatic attacks in
children are both terrifying
and mystifying to the
parents," Mrs. Vargas said.
"We hope with this seminar
to help parents cope with the
disease that has stricken
their children."
Mrs. Vargas serves on the
Lung Association board with
Mrs. Pearl Cervantes and
Mrs. Lucille Walling of
Bovina.

Current Comments From . . .

An upsetting fact has come to light during the recent natural gas priority hearings—it appears that General Motors is the probably instigator of the whole story situation.

GM's high-powered attorneys were in Lubbock cross examining the farmers at the hearing and afterwards reportedly stated that no one had proven to their satisfaction—in the hearings at Tucson, Albuquerque and Lubbock—that farmers really needed natural gas and that it was impossible from a financial standpoint to switch to an alternate fuel.

That viewpoint makes it almost impossible for one to control one's vocabulary in telling those big city dudes what we think of them.

General Motors has aggressively committed its corporate power and money against the farmers in Texas and other states. In a blatant, callous attempt to get all the natural gas for GM and other corporate powers, GM is leading the cause to get this essential fuel away from the very people that buy a tremendous amount of GM products and also feed the idiots.

If ever a domino theory applies, surely it does here. From the pumps that bring the water to the surface of the ground for the farmers to irrigate their crops to every facet of

the agriculture industry, a change in the natural gas priority will affect drastically the economy of agriculture.

Texas' Commissioner of Agriculture John C. White, in a letter to T.A. Murphy, chairman of chief executive officer of GMC, stated: "General Motors' legalistic cajoling and wheedling of the FPC, an insulated bureaucracy if there ever was one, into giving GM the farmers' gas may be good for General Motors lawyers; in the long run, it is not only bad for the U.S.A. but for General Motors as well. I intend to resist it and to call on the farmers and consumers and if necessary the courts of America to do the same."

Bill Tell Zortman, on Channel VII-TV's Hot Line, advises not to boycott the local General Motors dealers. Just get on that phone and tell your local dealers what this situation is going to do to you and your neighbors and strongly urge that the dealer contact the "wheels" in Detroit.

Beginning to feel like some others we have heard comment that "it would serve those idiots in California and New York right if they were starving and had to crawl here on their hands and knees and beg for food."

Reports Say May Busy Month For Friona

May was a busy month in many areas for the city of Friona. Arley L. Outland, City Manager, reports on the areas of activities of interest to the citizens of Friona.

It was reported that eight building permits were issued during the month of May. Only two new residence permits were issued for an estimated \$91,100 construction costs; with six additions-alterations

and-or mobile home locations for \$21,000 to bring the total estimate for the month to \$112,100.

In the water department, records indicate approximately 29,014,000 gallons of water were pumped over the city. Two new water taps were made during the month to bring the total number of active taps to 1330.

Rainfall for May amounted to 1.53 inches. This fell in small showers on several days.

Only one new sewer tap was made in May. This brings the total number of active sewer taps to 1305.

The police department reported twenty-seven arrests in May; 20 for traffic violations, 3 for robbery suspects, 2 for unsafe speeds, and one each for illegal alien and a simple assault.

Three motor vehicle accidents were investigated with none resulting in injury.

Also, May saw the opening of the swimming pool. New filters and chlorinator were put into service, making the water cleaner. First day of operation for the pool was May 15.

LUCKY 13....Doug Massey had the distinction of celebrating his 13th birthday on Friday, June 13th. Young Massey is one of a select few people who ever had the experience

of having their 13th birthday fall on the "unlucky 13th." Just to tempt fate, he is shown posing under a ladder. No black cats were available.

SOME TURTLE....Freddie Walker, a driver for Friona Consumers, found this foot-long turtle east of Friona near the R.G. Welch farm

this week. The larger-than-average turtle weighed in at 7 1/4 pounds. He was eight inches across and had an attractive yellow design on his shell.

GIBSON'S BRASS....The Gibson company dignitaries who were on hand for the opening this past Monday of the newest Gibson's store in the tri-state area, are shown posing in front of the store's sign. Left to right are Jim Anderson and

Bobby Crippen of Pampa, Danny West, local manager, Delmar Watkins, president of the corporation which owns the local Gibson's, Jerry Wilson of Pampa and David Davidchik of Canyon.

Hi-Pro Feeds Donate Beef To Girlstown

The girls of Girlstown are generally grateful for any kindness that comes into their lives. But they had a special reason to be grateful and thankful June 9, when Hi-Pro Feeds donated to the home \$2400 worth of boned frozen beef. Bill Stovell, Hi-Pro sales manager,

announced the donation. "At times, the girls have gone as much as four full months without beef on their menus," commented Mrs. Wanda Cooper, wife of Girlstown Director Marshal Cooper.

Girlstown, located on a 1425-acre farm nine miles south of Whiteface, provides a home for girls from four to 19-years-old who have been referred by schools or courts because they are neglected, come from broken homes where no supervision is available, or come from homes where extreme poverty makes proper care impossible. At full operating capacity, Girlstown provides a home for 126 girls.

Since the home depends on public contributions for approximately 80 per cent of its \$350,000 yearly budget, said Mrs. Cooper, "Gifts like these from Hi-Pro really help."

Star Plans Column On Summer Events

Summer staff member Cinda Johnson is beginning a column which will tell about summer trips, visits, goings-on and what-have-you.

If you take a trip, or have visitors from another part of the country that you would like to have included in our column, please call Cinda at 247-2211 so she may include your item.

CORN AFTER WHEAT

THE DOUBLE CROP CHALLENGE

PLANT PX 20

FAST dry down Early maturing single cross

The Challenge

You know the challenge of getting higher yields can only be met with an open mind and a willingness to try new practices and new hybrids.

Northrup King Superstar hybrids challenge your present hybrid—on yield and overall performance. Plant PX20 after wheat. Compare. We think your NK corn will do better. Fair enough?

Corn profits hinge on productive seed! Northrup King has devoted almost a century to the science of unlocking seed productivity. The result is corn hybrids that can meet every challenge...with yields so high they topped the nation for three straight years.

Plant all you can get!

Rain Shortens LL Schedule For Week

Play tightened in some leagues during the second week of play in the Friona Little League program. Rain caused cancellation of several games during the week, including all the Tuesday games except the Minor League contest.

In that Minor League game Tuesday, Max Perea pitched and batted Hi-Pro Feeds to their first win of the season, a 9-5 decision over Parmer County Implement, which knocked that team out of the unbeaten list.

After the Tuesday, the first place team in the Minor League has only a one-game lead over the last place team. Every team has at least one win and one loss.

In other Minor League action during the week, the B-J Bees dropped a 15-8 decision to Ethridge-Spring, but bounced back on Monday to beat Ag-Chem Farm Supply, 12-10.

Last Thursday, Hi-Pro dropped its second straight final-inning decision, when Ag Chem scored seven runs in the fourth inning to come from behind for a 12-9 win. Jeff Lundy had three hits for the winners.

SENIOR LEAGUE

Cattle Town Feed Yard and Sherley Grain of Bovina moved a game out in front of the other Senior League teams, each scoring a win in the week's action.

Cattle Town drubbed Bengier Air Park, 23-3, whacking out 16 hits. Sherley Grain toppled Pioneer Cattle Buyers, 19-2. Cattle Town has the league lead with a 3-0 record, while Sherley stands at 2-1.

Jesus Mata and Joe Bermea led the Cattle Town assault with a pair of hits each, and each player scored four times. Already leading 19-3, the winners erupted for 13 runs in the fifth inning to salt away the win.

Sherley Grain came up with a big 10-run third inning in downing Pioneer. Dan Cox had three hits for the winners, as did Ronnie Johnson.

The Monday and Tuesday games in the Senior League were postponed due to rain.

MAJOR LEAGUE

Major League action saw Friona State Bank score its second win of the week over Friona Star, 12-9. It was a close game as opposed to the teams' earlier meeting. The score was tied, 8-8 entering the seventh inning. The Bankers scored four times, to once for the Star.

Hits by David Bermea, Joey Howard and Ricky Mercado paced the seventh inning rally by Friona State Bank.

Reeve Chevrolet stayed in the league lead with a 4-3 victory over Friona Feed Yard. Robert Caballero socked a home run for Reeve with two men on base to provide the winning margin.

Adding insult to injury, Reeve came back the following day to down Friona Feed Yard 13-1.

T-BALL LEAGUE

The scoring continued fast and furious in the T-Ball League, where Tasty Cream scored a pair of wins to move into the league lead.

Tasty Cream handed United Commercial Travelers their first defeat, 28-11 on Thursday.

Piggly Wiggly held on to defeat Friona Credit Union, 15-13 in a "low scoring" duel for this league. The winners jumped out to a 7-0 lead after one inning, but the Credit Unioners kept pecking away at the lead.

Tasty Cream remained unbeaten with a 32-16 win over Credit Union on Monday in a 48-run marathon that

gave the scorekeeper writer's cramps.

In the league's first six games, a total of 264 runs have been scored, an average of 44 per game.

You can't say that the T-ballers don't get the chance to run the bases!

Standings

(Prior to Games of June 12)

| Team | W-L |
|------------------|-----|
| Cattle Town | 3-0 |
| Sherley Grain | 2-1 |
| Pioneer Cattle | 0-2 |
| Bengier Air Park | 0-2 |

MAJOR LEAGUE

| Team | W-L |
|-------------------|-----|
| Reeve Chevrolet | 3-0 |
| Friona State Bank | 2-0 |
| Friona Feed Yards | 0-2 |
| Friona Star | 0-3 |

MINOR LEAGUE

| Team | W-L |
|--------------------|-----|
| B-J Bees | 2-1 |
| Ag-Chem | 1-1 |
| Ethridge-Spring | 1-1 |
| Parmer County Imp. | 1-1 |
| Hi-Pro Feeds | 1-2 |

T-BALL LEAGUE

| Team | W-L |
|-----------------------------|-----|
| Tasty Cream | 3-0 |
| United Commercial Travelers | 2-1 |
| Piggly Wiggly | 1-1 |
| Friona Credit Union | 0-4 |

LL ACTION....Kamal Tongate of the B-J Bees is ready to take the hefty swing at the ball, which can be seen at the right. The catcher is Vince

Koelzer of Hi-Pro Feeds. Dewayne Howard is the umpire. The B-J Bees scored an 11-9 win in the first-round Minor League game. The Minor

League seems to be one of the most balanced in the Friona program this summer.

Annual Golf Tourney Has Good Turnout

Dick Weston of Amarillo captained the winning pro-am team in the Friona Country Club pro-am tournament here Monday.

Other members of the winning team, which shot a 56 to take the honors, were Mike Garrison, the new head coach at Friona High School, James Avery and Norm Andress of Amarillo.

John Ethridge, Lubbock pro, captained the second place team which carded a 58. Other team members, all from Friona, were Tom Jarboe, Don Huckabee and Josie Long.

Two teams tied for third place honors. Pro Harold Payne of Olton captained a four-man team all from Olton that scored a 59. Other team members were Gilbert and Scott Robertson and Buddy Ables.

The other team scoring a 59 was captained by Dean Darnell of

Friona. Making up the foursome were Doris Harrington, Farwell, Dub Boyd and Wendell Burdine of Hereford.

In the low pro division, Mike Horton of Hereford shot a 67 to take honors. Next came Laverne Williams of Tucumcari, N.M., 69; Mike Moore of Ross Rodgers, Amarillo, 70; Babe Vanlandingham, Morton, 75 and Mike Shaddix, Amarillo, 75.

Dick Weston of Amarillo scored the low gross for amateurs with a 68, and Friona's Raymond Cook captured the low net honors.

Winning the pro-pro matchup were Mike Moore and Laverne Williams with a best-ball score of 63. Mike Horton-Babe Vanlandingham were second at 65; Mike Shaddix and Bill Glenn scored a 69, and Cotton Renner-Dude Kincade had a 71.

One hundred players took part in the annual tournament in ideal weather at Friona Country Club.

That stands for Exit Drill In The Home. Which stands for you and your family knowing how

Sports

New Sports Director Named By Channel 7

John McKissack has recently been named as the new Sports Director for KVII-TV, Channel 7, in Amarillo. John is a veteran radio broadcaster and athlete.

John was born in Siloam Springs, Ark. He attended Farmington High School in Farmington, N.M., and graduated from Zuni High School in Zuni, N.M. Some of his past sporting endeavors include scoring the second high number of points in football in his senior year in high school, he was state broad jump champion in high school, and he was a three year letterman in

football, basketball and track, just to name a few.

John began his broadcasting career about five years ago at KENM radio in Portales, N.M. During his tenure there, McKissack served in the capacity as Program Director and Sports Director. John, also did play, by play reports for Eastern New Mexico University football and basketball for three years and also did reports for Portales High School in football, basketball and baseball.

McKissack actually started working for KVII-TV in the capacity of an area correspondent in

1974, and then in January of 1975 he was asked to fill a vacancy in the sports department. Jim Pratt, former News Director for KVII-TV, stated of McKissack... "McKissack took to television better than ducks take to water, he's done an exceptionally good job."

As a Sports Director, it is only fitting that John enjoys the sport of golf as one of his favorite past-times.

John is married to the former Pat Myers of Lebanon, Indiana, and the couple have one child, Stephanie who is nine months old.

Speaker's Day Fetes Clayton

In a break with tradition, Speaker Bill Clayton requested all gifts and contributions usually given to the Speaker and his family on Speaker's Day be given to Cal Farley's Boys Ranch and Girlstown, U.S.A. in Whiteface.

During past sessions, House members and friends have honored the leadership of the Speaker during a session by giving presents. This year Speaker's Day activities May 26 were geared toward recognizing the cooperation and work of members and House employees as well as the Speaker.

Clayton said contributions to the charity organizations are still being donated, and he plans to make a formal presentation of the money after the session. He has reiterated his call for contributions, encouraging any persons who still might

be interested to contribute.

Five receptions were scheduled on Speaker's Day honoring House members, employees and the Capitol news media. Included in the day's activities was a House floor ceremony in which Clayton was presented with a scroll signed by House members and two framed batiks from House employees.

Thirteen former Speakers also congregated to honor Clayton. They were seated on the podium behind the Speaker during the formal House ceremony.

Speaking to members and guests, Clayton said that the session had been a success because of the hard work of members and their staffs.

"With one week remaining in the session," he said, "I am proud to say that when the smoke is settled and the gavel is silenced, this Legislature will have written a progressive era in

Texas history that will be a long time being told.

"When the session began, I knew there were doubts across the state because of the diverse ideologies and political philosophies in the Legislature. The question was whether we could accomplish much for Texas. I'm proud to say that we've passed legislation that people thought would be impossible. You've worked together as a team regardless of your ideologies.

"You've worked long and hard. I doubt there's been any Legislature to this point in history that has had the work load this session has had. More than 2,300 House bills alone have been introduced this session, along with the 1,500 Senate bills. I wish the citizens of this state could follow your trail on a couple of your legislative days to see how much interest and desire you have to see the people of this great state get a fair shake."

CLAYTON HONORED....Speaker Pro Tempore Richard Slack presents

Speaker Clayton with a scroll signed by members of the House.

SCS Report

If you listen closely you can hear a gigantic slurp. The combination of hot days and dry winds suck moisture out of the ground at an unbelievable rate. Parmer County averages about 17 inches of rainfall per year. The average yearly evaporation is about 120 inches, mostly during the growing season. Does this mean 103 inches of irrigation water have to be added to keep the ground dry?

Not quite. Residues "seal" the ground and reduce evaporation, the method and efficiency of the water application is now doubly important.

Important decisions have to be made and lived with. Many furrow irrigation systems in the county require that 6 to 8 inches be applied to one end of the row to get an application of 2 or 3 inches on the other end. This not a terrific way to irrigate.

No Parmer County irrigation well is as strong as it was five years ago. If it still waters the same acreage as it did five years ago water application is reduced. When water on crops is reduced year after year crops suffer.

If you have questions or need help on irrigation water management contact the SCS in Friona.

Property Taxes Yield 70% Of Revenue

NEW YORK, June 7--Are property taxes higher or lower in Parmer County than in most other sections of the United States?

How much of the revenue collected locally comes from property taxes?

The subject of taxes and operating costs has become a matter of major importance in cities and counties all over the country. Many of them are in financial difficulties and are going all out in their search for new ways of raising money.

In some communities, reconsideration is being given to various new forms of taxation that were proposed in previous years and were rejected at the time. As for the taxes that are currently on the books, they are being progressively increased.

In Parmer County, according to the latest figures from the Department of Commerce, property taxes account for about 70.6 percent of all locally-raised revenue.

By way of comparison, in other areas of the country the amount collected through property taxes averages 63.3 percent of the total. In the State of Texas it is 60.0 percent.

The figures show that the

property tax continues to be the mainstay of most local governments, producing a large part of their revenue.

The Tax Foundation estimates that \$51 billion was so-generated during the past year. That was \$3.8 billion more than was collected in the previous year.

According to the latest nationwide survey, there is a wide variation throughout the country in property tax revenue.

In Parmer County it amounts to \$151 per capita per year. Elsewhere in Texas it averages \$153 per resident. The United States average is \$205.

Although the property tax has been getting bigger in terms of total yield, it has been declining in importance in recent years as many communities have turned to sales taxes and local income taxes for additional operating funds.

The yield from these two has tripled in the last decade, the figures show.

The Tax Foundation notes that widespread demands for property tax relief have induced the Federal Government and some of the states to expand revenue sharing with local communities to help ease the pressure on this tax.

"TEXAS" In Tenth Season

It is once again the time of the year for the beginning of one of the Panhandle's greatest tourist attractions—the opening of the 10th season of "TEXAS"—the musical drama of our Panhandle history.

The first show of this season will begin Wednesday, June 18 at 8:30 p.m. in the Pioneer Amphitheater in Palo Duro Canyon, with a display of fireworks.

This year, due to the great demand on space, the theater has expanded their seating space. "TEXAS" has been such a success that many times in the past tourists have had to miss the show because of a "no vacancy." Many shows often are sold out weeks prior to staging.

The only way in which you can be sure to have the opportunity to see "TEXAS" is to make reservations in advance. All seats are reserved and your tickets are at the gate for you when you arrive.

For more information and to make reservations for seats in the Pioneer Amphitheater, write "TEXAS," Box 268, Canyon, Texas 79015, and be sure to include your address.

MARRIAGE LICENSES

USFGC Official Tours Countries

Officials of the U.S. Feed Grains Council are finalizing plans for a seminar on field, industrial and animal waste to be conducted in Yugoslavia in October. The program, designed to in-

crease use of American feed grains, is expected to attract delegates from 15 Eastern and Western European countries and Russia. Heading the project are council chairman Elbert

Harp of Abernathy, Texas, and council president Darwin Stolte of Washington, D.C. They are currently on tour of East Europe, inspecting council facilities and promoting the use of

feed grain imported from this country.

Harp is executive director of the Lubbock-based Grain Sorghum Producers Association, which was instrumental in the formation of the council in 1960, and the Texas Grain Sorghum Producers Board.

While touring Yugoslavia, the USFGC officials participated in the Novi Sad Trade Fair, which attracted displays from farm machinery to food products from 45 countries. The council booth featured a slide show on council activities, especially the use of U.S. feed grains in livestock feeding.

One day of the fair was devoted to addresses by representatives of the feed grains council and the Soybean Council of America.

Harp urged the Yugoslavians to consider long term commitments for grain purchases from the United States, pointing out that such agreements "assure both buyer and producer that adequate supplies will be produced for a steady market."

"This seems to be a positive and favorable approach to solving some of the problems of both the exporting and importing countries," Harp said. He said that the U.S. has entered into many such trade agreements with other countries, mentioning specifically recent signing of a contract with the government of Norway for large shipments of grain to be delivered periodically during a three-year period.

"This is a commitment from our grain traders that they will secure and deliver the agreed quantity of grain as the contract states," Harp said. "It is also a commitment from our customers to our producers that ready markets will be available for that volume of grain."

"As we look forward to the crop of 1975, we expect to

have a record production. This means that we should harvest ample supplies of grain for both domestic and export purposes this fall and be capable of delivering record levels of grain for export in 1976," Harp said. Also participating on the program were Stolte, who spoke on the world grain situation, and John Baumgardner of Lubbock, animal science professor at Texas Tech University, who spoke on animal nutrition, high energy grain rations and the use of waste material in cattle rations.

The council executive toured a Yugoslavian combinant, a large agricultural unit with some 100,000 acres in production.

The USFGC is an organization of farm commodity groups and agribusiness firms dedicated to improving foreign markets for American grain products. The council works under contract with the Foreign Agricultural Service of the U.S. Department of Agriculture to develop markets throughout the world.

The wall of the Palo Duro Canyon forms the back of the stage in the Pioneer Amphitheater where the musical folk drama, "TEXAS," plays during the summer months. Written by Pulitzer winner Paul Green, it is the story of the Panhandle in the 1880's told with music, dance, drama and blazing sound and light.

agri-facts

By Mike Chaney

This is the first week of AGRI-FACTS and it seems appropriate to take this opportunity to explain a little about the column since now you'll be able to read it here every week.

Through this column, we'll take a look at agriculture. Hopefully, there will be some things you didn't know at all, others you thought you knew but weren't quite sure about and without a doubt there will be observations and definitions some readers know a whole lot more about than the writer.

One thing is guaranteed... many readers will find something new every week... and to keep things even more interesting you will find an occasional hint about the easy way to solve a problem you may be having around the house or on the farm or ranch. Comments on the column will be appreciated. Anybody's... anytime.

Dian Lynn Day, Dennis Wayne Anthony Exchange Double Ring Wedding Vows

Mrs. Dennis Anthony

Dian Lynn Day and Dennis Wayne Anthony, both of Friona, exchanged double ring wedding vows Saturday, June 7 at 7 p.m.

Wedding vows were conducted in Friona's First Baptist Church by Rev. Robert Laceywell of the Buena Vista Baptist Church in Borger. He is the bride's uncle.

The bride's parents are Mr. and Mrs. Herbert Day of 312 W. 14th St., Friona. The groom's parents are Mr. and Mrs. A.W. Anthony, Jr. of Route 2, Friona.

The altar was decorated with an arch covered in daisies and greenery with a seven-branch candelabra beneath. A pair of seven-branch candelabras with yellow candles and baskets of yellow gladiolas with yellow ribbons completed the church decorations.

Mrs. John Thomas presented wedding selections preceding the ceremony. Carrol Gatlin, vocalist, sang "I Will Love You" as the candles were lit and "Twelfth of Never" and "The Lord's Prayer."

As the bride was escorted to the altar and presented in marriage by her father, she wore a white floor length gown of mirror mist over satin with a short train. The empire waistline, sweetheart neckline and the full sheer sleeves and large cuffs were accented with rose lace and pearls. The dress fell to a deep ruffle trimmed with lace. The bride's mother made the dress. Her veil of white illusion was trimmed with matching lace. The crown was covered in lace and pearls.

She carried a nosegay of wooben abey roses and baby's breath. She wore a single strand of pearls, which were a gift from the groom

and carried a handkerchief given to her mother by her great-great-grandmother for something old. Her wedding gown was something new and she wore the traditional blue garter.

Mrs. Danny Waggoner of Lubbock and Mrs. Tim Oden of Arlington, both sisters of the bride, were matrons of honor. Bridesmaids were Linda Anthony, sister of the groom from Friona and Mrs. James Weatherly, also of Friona.

James Weatherly of Friona served as best man. Groomsmen were Don Fortenberry of Lubbock, Clint Wyley of El Indio, Texas and Morris D. Snyder of Moran, Texas. Serving as ushers were Larry Anthony, brother of the groom from Arlington, Mike Buchanan of Friona and Wade Swanson of Springfield, Colorado.

Blake Laceywell, cousin of the bride from Sudan, was ring bearer. Candlelighters were Renae and Alan Monroe.

The feminine attendants wore yellow flocked cotton and polyester dresses featuring a sweetheart neckline trimmed with white eyelet. The full puff sleeves were also trimmed in eyelet. A wide ruffle accented the bottom of the dresses. They carried clusters of yellow carnations and baby's breath and wore picture hats and white wrist gloves.

The bride's mother wore a mint green floor length dress and a gardenia corsage.

The groom's mother wore a turquoise blue floor length dress and a gardenia corsage.

Following the ceremony, a reception was held in the Fellowship Hall of the church.

The table was covered with a white satin tablecloth accented with yellow bows. A gold candelabra with yellow candles, the bride's bouquet and the three-tiered wedding cake completed the table decorations.

Mrs. Eddie Showers of Harrold, Texas served cake. Terri Williams of Friona served punch. Mrs. Alan Hamilton of Amarillo and Mrs. Larry Anthony of Arlington, served from the groom's table.

Mrs. Larry Anthony, sister-in-law of the groom, presided at the guest register. Michael Elam and Blake Laceywell handed out satin roses filled with rice. Others in the houseparty were Mrs. Bill Stephens, Mrs. Tommy Laceywell, Mrs. Clarence Monroe, Mrs. Robert Laceywell and Mrs. J.P. Sims.

Out-of-town guests were Mrs. W.E. Frost, great-grandmother of the bride from Abilene; Mrs. Don Copley, Minneapolis, Minn.; Mrs. Katherine Biggers, Cordell, Oklahoma; Mr. and Mrs. A.O. Day, Clovis, N.M.; Gary Biggers of Amarillo; Mr. and Mrs. John Anthony, Elida, N.M.; Mr. and Mrs. L.D. Royal, Jr., Mr. and Mrs. Jay Sturm, Rhonda Sutton, Karen Crofford, Susie Spring, Ginger Murphree, Connie Schuling, Maron Finley and Richard L. Bohls, all of Lubbock; Val Stephens and Pat Cozart of Lamesa; Mrs. Robert Laceywell of Borger; Mr. and Mrs. James T. Hull of Hereford; and Mr. and Mrs. Tommy Laceywell of Sudan.

For a wedding trip to Houston and New Orleans, the bride chose a tangerine colored skirt with match-

ing jacket and floral blouse. She wore a corsage of yellow roses.

After June 15, the couple will reside at 906 A West Ninth Street, Friona.

The bride is a 1972 graduate of Friona High School. She was a junior student at Texas Tech University and will finish school at West Texas State University in Canyon, where she will be a senior.

The bridegroom is a 1971 graduate of Friona High School and a 1975 graduate of Texas Tech University in Lubbock majoring in ag economics.

REHEARSAL DINNER

The groom's parents, Mr. and

Mrs. A.W. Anthony, Jr. hosted the rehearsal dinner at the Farmer House Restaurant on June 6 honoring the couple and members of the wedding party and their guests.

Mrs. James Weatherly and Mrs. Leland Hutson honored the bride and feminine members of the wedding party with a luncheon in Mrs. Hutson's home on Saturday, June 7 at 1 p.m.

Other guests were Mrs. Herbert Day, the bride's mother, Mrs. A.W. Anthony, Jr., the groom's mother, Mrs. Dan Laceywell, the bride's grandmother, Mrs. W.E. Frost, the bride's great-grandmother and Mrs. A.W. Anthony, Sr., grandmother of the groom.

Mrs. Wendell Moore

Kathy Vines Weds Wendell Moore

Kathy Vines of Friona and Wendell Moore exchanged wedding vows Sunday, June 8 at 4 p.m. in the Birchie West Home in Hereford.

She is the daughter of Ben Kennedy of Star Route, Kress, Texas. He is the son of Claude Moore of 912 West Fourth Street, Friona.

Barbara West of Hereford was the maid of honor. She wore a long dress of mint green.

Birchie West of Hereford served as best man.

Brandie and Bruffie West of Hereford were flower girls.

Given in marriage by her father, the bride wore a long blue dress with white collar and cuffs with a green flower on the collar.

The reception was held in the

home following the ceremony. The table was centered with a cake featuring two white interlocking hearts with blue roses all around the cake.

Barbara West served cake. Mary Davis served punch. Birdie Rister presided at the guest register.

The bride is a 1969 graduate of Hart High School and is employed at the Elementary School lunch room.

The groom is a 1967 graduate of Dimmitt High School and is presently serving in the U.S. Army and is stationed at El Paso.

Out-of-town guests attending the ceremony were Mr. and Mrs. Ben Kennedy of Kress, Reba Slaughter of Seagraves, Mr. and Mrs. Burke Slaughter of Wellman and Mr. and Mrs. Gary Moore of Snyder.

Settle, Mimms United In Church Ceremony

Miss Reta Paulette Settle became the bride of Clay Scott Mimms in a double ring candlelight ceremony at 8 p.m. Friday, June 13 in the Abernathy Church of Christ.

The bride is the daughter of Mr. and Mrs. W.T. Settle of Abernathy and the parents of the groom are Mr. and Mrs. G.W. Mimms of Lazbuddie.

Andy Rogers, minister of the Lazbuddie Church of Christ, performed the ceremony before a large candelabra containing 30 pink candles and greenery. Each window was decorated with three candles and greenery and on the aisle seats were placed large pink bows.

Guests were greeted by Vonna Chisum of Dalhart, who also presented the pink programs.

A group of Lubbock Christian College students sang before and during the ceremony. The selections were "A Time For Us," "Faithful and True," "Whither Thou Goest," "We've Only Just Begun," "My God and I," "Today," "Twelfth of Never," "I Love You Because" and "More."

Presented in marriage by her father, the bride wore a white sheer organza formal length gown over peau, with an empire waistline trimmed with Venice daisy lace. The sheer yoke was adorned with Venice daisy lace. Attached was a full ruffle that outlined the yoke. The skirt had a wide dust ruffle, sweeping to the back forming a chapel length train.

The bride's three tiered elbow length veil was held in place by Venice daisy lace with pearl trim.

She carried a bouquet of pink carnations and glad florets with baby's breath and streamers.

Jo Hanna of Lubbock was maid of honor. Debra May of Plainview and Gale Morris of Dumas were bridesmaids. Cari Mimms of Clovis, N.M., niece of the groom, was flowergirl.

The bridal attendants wore formal length empire dresses of pink dotted swiss, featuring a ruffled collar and sleeves with a ruffle at the bottom. They wore large trimmed pink floppy hats and carried nosegays of pink and white carnations.

Lewis Crum of Texline served as best man. Groomsmen were Tracy Mimms of Lazbuddie, brother of the groom, and Jimmie Glenn of Kress. Serving as ushers were Jerry Settle of Edmonson, brother of the bride, Kelly Mimms of Clovis, brother of the groom, Joe Thurston of Dalhart and Curtis Chisum of Dalhart.

Jeff and Jody Settle, nephews of the bride, were ringbearers.

A reception for the couple followed the ceremony. The bride's table was covered with pink satin overlaid with sheer organza. The centerpiece was of pink and white carnations with candles and baby's breath. The four-tiered wedding cake and punch were served on white milk glass. Serving at the bride's table were Dreann Shadden, Virginia Weaver, Mona Redinger and Yvette Knight.

The groom's table featured a tan tablecloth with a brown cowboy boot containing ivy as the centerpiece. The horseshoe shaped chocolate

Mrs. Clay Mimms

cake and coffee were served on crystal. Serving at the table were Nancy Henderson, Teresa Hobgood, Nita Parks and Carol Connell.

For the wedding trip, the bride wore a sea foam green pant suit with white accessories.

After a wedding trip to Colorado Springs, the couple will make their

home on Route 4, Muleshoe.

The bride, a 1971 graduate of Abernathy High School, received her degree in accounting from Lubbock Christian College in May.

The groom is a 1971 graduate of Lazbuddie High School. He attended LCC and is presently working around Lazbuddie.

P.T.O. Presents \$400

Check To Library

P.T.O. members presented Friona Elementary School with a \$400 check last week to be used as needed in the Elementary School Library.

This year's officers for the club were Jackie Hight, president, who presented the check to the school, Andrea Frye, vice president; Diane Morgan, secretary; Betty Chaney, treasurer and Connie Neelley, reporter.

Next year's officers were announced. They are Diane Tatum, president; Betsy Cook, vice president; Peggy Hamil, secretary; Glenna Harrison, treasurer and Beth Smith, reporter.

This year's activities included sponsoring Art Linkletter's appearance at the Community Center. Routine activities include ap-

pointing mothers as room chairmen to help teachers with special occasions.

C. Gore Earns High Honors

Carolyn Gore of Friona was among the 475 students at Stephen F. Austin State University, Nacogdoches, Texas, who earned high academic honors during the past year.

Dr. John T. Lewis III, vice-president for academic affairs at SFA, said the students earning high honors have maintained at least a 3.5 grade point average on a 4.0 scale during the time they have been in college.

Church Ceremony Unites Patti Crump, Jesse Rando

Patricia Gayle Crump and Jesse Rando, both of Friona, exchanged wedding vows at 10 a.m. on Saturday, June 7.

The ceremony was performed by Reverend Bobby McMillan in the Chapel of the First United Methodist Church of Friona.

The bride's parents are Mr. and Mrs. James F. Crump of Friona. Mrs. Mary J. Rando of Friona is the mother of the groom.

The altar was decorated with an arrangement of white gladiola under an arch of white candles.

Betty Rando, sister of the groom, organist, played "Theme From Love Story" and also the bridal procession.

Escorted to the altar and presented in marriage by her father, the bride wore a street length white doubleknit dress with long sleeves of white lace. The neckline was framed with a tiny, pleated ruffle. Her short double veil was attached to a band of white satin rosebuds and pearls.

She carried a nosegay of blue carnations, white rosebuds and baby's breath outlined in white lace and with blue ribbon streamers. She carried a Bible with a carved white Mother-of-Pearl cover, brought to her by her aunt from the Holy Land. For something old, she wore diamond earrings that once belonged to her grandmother. A diamond drop was borrowed from her mother. She wore a blue garter. Her dress was something new. She

Mr. and Mrs. Jesse Rando

had pennies, minted in the years of their births, in her shoes.

The bride's mother wore an apple green linen dress with bone accessories. The groom's mother wore a blue double knit dress with navy accessories. Each mother wore a gardenia corsage.

For her wedding trip to Colorado, the bride chose a green

and yellow pantsuit with a green orchid corsage.

The groom is a 1974 graduate of Friona High School. The bride was graduated from Friona High School in 1975.

Following their wedding trip, the couple will be at home in Friona, where he is employed by Rando Brothers Construction.

LINDA HOLLEY STEPHENSON....Mr. and Mrs. Douglas H. Stephenson of Friona announce the engagement and approaching marriage of their daughter, Linda Holley, to William Carl Mohr in an August 9 wedding in the Friona Congregational Church. The prospective bridegroom is the son of Mrs. W.G. Mohr and the late Mr. Mohr of Bryan, Texas. The couple will enroll as juniors at Texas A&M University this fall.

Hope Mays Awarded Clark Scholarship

Hope Mays, 1975 graduate of Friona High School, has been awarded a \$750 Clark Foundation Scholarship by the Texas Interscholastic League Foundation.

Clark Foundation provided funds for 63 of the \$750 scholarships for 1975. Texas Interscholastic League Foundation administers the scholarship program.

She earned eligibility for the scholarship through participation in University Interscholastic League Prose Reading, Ready Writing, One-Act Play and music contests.

Miss Mays competed in district this year, won third in district in 1974 and second in district in 1973 in prose reading. She won first in district and competed at regional in this year's ready writing contests. She competed in the one-act play in 1973 through 1975. This year in one-act play, she won district all-star cast honors, area honorable mention and regional honorable mention. She competed in band for four years.

She competed four years in prose and duet acting tournaments. She was a member of Thespians, National Thespians, band, Future Homemakers of America, Future Teachers of America, Foreign Language Club, Student-Faculty Congress and National Honor Society. She has a four-year high school grade average of 91.96.

"Miss Mays is an outstanding

HOPE MAYS

student," said R.J. Kidd, TILF consultant. "Her excellent high school grades, college entrance examination scores, League contest participation, and her participation in school and community activities prove that she has the talent and determination needed for success. We are proud to have her as a Clark Scholar."

She plans to attend West Texas State University, but has not yet decided on her major field of study.

Library Adds Book To Health Section

Everyone has had the "blahs" at one time or another. But when the "Blahs" become the usual instead of the unusual then one must wonder why.

"Stress Disease: The Emotional Plague" is one of the interesting new books added to the health section of Friona Public Library.

Written by Peter Blythe, the book attempts to explain how doctors can claim that up to seventy percent of all illnesses treated by doctors today have their origins in unrelieved stress.

Blythe is a former senior lecturer in psychology who is now a practicing psycho-therapist and hypnotist. He has lectured extensively to both professional and lay audiences in America and Britain

and has taught many hundreds of doctors and dentists how to use hypnosis in their respective practices.

The author examines with honesty and perception the ever-increasing stress most people encounter daily at school, at work, and within marriage. He shows how stress originates in the pressures and tensions of modern society, and how the mind can convert that stress into illness. He explains how stress is often the root cause not only of such conditions as drug addiction and alcoholism, but also physical ailments like hypertension, ulcers and heart disease.

Don't fuss about summer re-runs. See Friona Public Library for the remedy.

Dr. Paul Spring Completes Study

Dr. Paul Louis Spring of the Friona area has completed continuing education requirements to retain active membership in the American Academy of Family Physicians, the national association of family doctors. The Academy formerly was called the American Academy of General Practice.

The requirements call for members to complete a minimum of 150 hours of accredited continuing medical study every three years. Members become eligible for re-election at the end of the third year following their election to membership. The Academy, the country's second largest national medical association, is the only national medical group that requires members to keep up with medical progress through continuing education.

The Academy, founded in 1947 and headquartered in Kansas City, Mo., was instrumental in the establishment of a new primary specialty in

DR. PAUL LOUIS SPRING

family practice in 1969. The new specialty is expected to increase the numbers of family physicians available to serve the public in the future. The Academy's continuing education program is the foundation of eligibility for family doctors now in practice who apply for certification in the new specialty.

READING PROGRAM....Friona's Public Library is offering a reading program for children in the first-sixth grades. If a child reads 10 books between June 3 and August 9, he will be awarded a certificate. So

far 35 children have signed up for the program, "Traveling Through Books." Shown traveling through a book is Paula Benham, daughter of Mr. and Mrs. Bill Benham.

Frionans Attend NFIB Conference

Mr. and Mrs. Oscar Baxter of Friona Motors and Dan Ethridge of Ethridge-Spring Agency, Inc. will be among the many independent business people registered to attend a conference on small business sponsored by the National Federation of Independent Business (NFIB) in Washington, D.C., June 15-18.

Friona Motors and Ethridge-Spring Agency have been members of NFIB since 1958. The organization was formed to serve the needs of small and independent firms, which currently provide 60 per cent of all the non-farm, non-governmental jobs available in the United States.

A major theme of the conference

will be to focus national attention on the potential job producing capabilities of small and independent firms. Three luncheon sessions will be held featuring outstanding speakers and critics. On Monday, June 16, Joseph Alioto, Mayor of San Francisco, will discuss the future of antitrust actions in the United States.

On the following day, June 17, California's former governor, Ronald Reagan, will discuss his plans for revitalizing his political party and on June 18, Governor George Wallace of Alabama will discuss the reforms he feels are needed in his party to make it responsive to the needs of the nation affording a higher level of employment.

Vicki Florez Plans Trip To Mexico

Vicki Florez, daughter of Mr. and Mrs. Fred Florez, will be among sixteen Senior Girl Scouts from the Caprock Council who will visit "Our Cabana," a Girl Scout World Center, located in the state of Morales, Mexico.

The girls will fly to Cuernavaca, Mexico, to attend a session from July 2-9. During that time they will take part in a program of music, hand arts, swimming, sightseeing and service projects. Among the most important of these service

projects is the collecting of toys to be distributed to several thousand needy children at Christmas.

Also scheduled is a three-day visit to Mexico City for sightseeing.

LODGES PRESENT SHOWING
The Friona IOOF and Rebekah Lodges will be showing the Rose Bowl Parade of 1972 at 8:30 p.m. June 20 at the Lodge Hall, located at 701 Columbia, Friona.

The public is invited to attend.

RICK SON

FBC Has New Summer Youth Director

Rick Son, 20, of Plainview, was voted into the staff of First Baptist Church last week as Minister of Music and Youth for the summer.

Rick is a junior at Baylor University, Waco, where his major is a combined religion and history.

Rick has made many plans for the youth at First Baptist. Among those plans is a special trip to Camp Summerlife near Tres Ritos, August 2-5. This trip will be the height of the summer activities.

Also planned is a Youth Bible Study Wednesday nights at 8:15. Any Junior High and High School student is invited to attend.

Outdoor Cooking is Flameless and Clean with an Electric Grill

An electric grill eliminates the need for charcoal, flame starters and smoky fires. You enjoy the charred flavor of grilled steaks and hamburgers without the charcoal chores mess.

When you buy an electric grill or its ideal companion, a light-weight portable refrigerator, be sure they're made by a reputable manufacturer and backed by a guarantee. Read instruction books carefully and follow directions. And be sure they carry the Underwriters' Laboratories symbol of safety.

You can buy your electric outdoor grill from Deaf Smith Electric Cooperative, plus we can give you suggestions for saving money and electricity. Remember, electricity is too good to waste.
