Jet Airliner Crashes

A Convair 440 commercial jetliner belonging to a Japanese domestic airline crashed as it attempted to take off from Tokyo International Airport today. The plane was carrying a crew of five on a training flight. All five were reported dead. Pictures were made by amateur Japanese photographers Kunito Hara and Akio Matsumoto. (AP WIREPHOTO via radio from Tokyo)

Encephalitis Cases Spread

By The Associated Press

Air Force planes completed the insecticide spraying of Dallas County today as the seventh victim died from the encephalitis epidemic and nine more were sent to hospitals, bringing the city caseload to 102. Far to the south in Corpus Christi, also hit by an epidemic of the St. Louis type of encephalitis, there were 13 confirmed cases and 83 others suspected. Officials made plans for aerial spraying of the coastal city to kill the virus-bearing culex mosquito. Thousands of fish were reported to have died in lakes and streams across Dallas. Dr. Hal Dewlett, city health director, said tests were being conducted to determine if the fish were killed by the insecticide Malathion sprayed by the aircraft. Dewlett said many fish die each year from fertilizer and insecticides that are picked up in runoff waters. Highland Park police said "2,000 or 3,000" dead fish were floating in Turtle Creek alone. The fish kill was also reported heavy in other city waterways. Air Force planes have been spraying Dallas County for more than a week with an insecticide to kill mosquitoes which spread the St. Louis type encephalitis found in both cities. Dewlett described the aerial operation as "successful beyond our expectations." In Corpus Christi, Mayor McIver Furman said spraying will start Monday if the weather permits and Air Force planes are available. He said the fed-

eral government will be asked to help foot the bill, expected to run \$12,000. Dallas officials weighed a decision on whether to order a second countywide spraying or possibly the aerial use of insecticide in only some areas.

Toll High In Accidental Bombing Of U.S. Troops

SAIGON, South Viet Nam (AP) — Two U.S. Air Force Super Sabre jet fighters dropped fiery napalm by error today on soldiers of the U.S. 1st Infantry Division fighting a savage jungle battle against 500 Viet Cong only 20 miles north of Saigon.

SEVEN KILLED
The accidental strike took a heavy toll of infantrymen. Some reports said seven Americans were killed and more than 20 wounded.

Maj. Gen. William E. De Puy, division commander, flew to Saigon to give newsmen an account of the bombing.

De Puy absolved the Air Force of blame for what he called "this unfortunate naming of our own troops." He said the infantrymen called in air strikes "very close" to their own positions but "we did not ask for napalm on our own troops."

ROUGH BATTLE
De Puy said, "It was a rough battle in which we killed more

DOCTOR'S RESEARCH OVERTURNS LONG HELD BELIEF

Magnesium, Not Fluorine, Aids Teeth

HEREFORD, Tex. (AP) — Magnesium, not fluorine, is the chief ingredient which makes Hereford the town without a toothache, a physician said Thursday.

He also said the mineral had a direct bearing on the body's central nervous system.

RESEARCH
Dr. Lewis Barnett, longtime surgeon and orthopedist here in Deaf Smith County, said he felt his 15 years research on the strength of bone and teeth in the Hereford area had established it was due more to Magnesium than the halogen family, which includes fluorine.

The fact that Deaf Smith County residents had better bones and teeth than many other civilized areas came to light in the 1930s. Dr. G. W. Heard, a Hereford dentist, noticed a lack of tooth decay in the local children and asked for an investigation.

In 1940, the U.S. Public Health Service and the Texas Department of Health analyzed Hereford water and declared the bone and tooth strength could be attributed to the high content of fluorine in the water.

Barnett, who now lives in Center City, Colo., started his research in 1950 as the country got into programs of artificially

adding fluorine to water supplies. He began by analyzing bones, teeth, soil and water from localities in the United States and other countries.

The physician said it would be as feasible for communities to add magnesium to their water as it would fluorine and he would choose the latter.

DEFINITE ROLE
While the role of fluorine should not be minimized, Barnett said, "at the same time we should realize that magnesium plays a more definite role in bone strength and healing than does fluorine." He presented a program for

the Texas Medical Association in 1952 in which he disclosed some of his early findings. He pointed out at that time capsules containing magnesium were used while bone fractures were being treated and it was discovered they healed much faster.

The former Hereford doctor supported his findings by comparing hip fractures of persons in Deaf Smith County from 1940 to 1950 with those of persons in Dallas County in the same time period.

The average of persons suffering the hip fractures in Dallas County was 63, while it was

82.5 years in Deaf Smith County.

The mortality rate of persons suffering such fractures in Dallas County was 11 per cent. None died as a result of similar fractures in Deaf Smith County, Barnett said.

HEALING TIME

Barnett told the medical men the main item noticed in the comparison was that 6.3 months healing time was required and 83 per cent of the cases required operations in Dallas County, while only eight weeks healing was required in Deaf Smith County and there were no operative cases.

Goateed Gunman Kills 5, Police Nab Jilted Suitor

Farm Bureau Men Oppose Cotton Promotion Plan

DALLAS (AP)—Farm Bureau representatives from Texas and Oklahoma vigorously opposed Thursday a proposed cotton promotion program that growers would finance by a \$1-a-bale voluntary charge.

NEED CITED
Supporters of the proposal, including the National Cotton Council, say the program is needed so that the cotton industry can offset the growing market encroachment of synthetic fibers.

Farm Bureau spokesmen, however, said a better way to get a larger share of the fiber market would be for the U.S. Government to rop control of prices and cotton acreage.

Both sides at the hearing agreed that cotton needed promotion of some kind, and some said the fiber, once king in the

South, was doomed unless there was a quick change in trends. The views came at a U.S. Department of Agriculture hearing with similar sessions set Monday in Phoenix, Ariz., and another next Thursday in Atlanta, Ga. One was held earlier this week in Memphis, Tenn.

GROWERS TO VOTE
Final decision on the program will come in a referendum by growers. A two-thirds approval is necessary before it would become effective. Participation would be voluntary on the part of the grower.

C. H. Devaney of Waco, president of the Texas Farm Bureau, told examiner Benjamin M. Holstein: "Synthetic fibers are free from production and price controls and they will continue to take cotton's production and price managed, as it has been in the past (by the government)."

Bruno Schroeder, executive vice president of the Texas Federation of Cooperatives and Texas Cooperative Ginners Association, said the two groups supported the plan. Schroeder's organizations are made up of 329 cotton gins, six cotton oil mills, four compress-

es, four marketing associations and two cotton planting seed associations. He noted that all are grower-owned.

J. S. Sharp of Paris, Tex., said, "It's a choice between the opportunity to stay in business and make money or the certainty of declining returns and eventually going out of the cotton business entirely."

Trap Awaits Faith's Arrival

MIAMI, Fla. (AP) — Hurricane Faith, smashing across the northern fringes of the Leeward Islands, edged closer today toward a target area where man may make the first sustained effort to tame the terror of the tropics.

Scientists from Washington and California began converging on Florida today to bombard Faith with silver iodide crystals if she thrashes into a selected target area sprawling across the Atlantic just north of the storm's present position.

Slaying Victim

One of five persons shot to death early today is carried out of the housing project apartment by ambulance attendants. The body was not identified. (AP WIREPHOTO)

Two Others Wounded In Bloodbath

NEW HAVEN, Conn. (AP) — A jilted suitor shot five persons to death and wounded two others early today in the home of his girlfriend's mother.

The goateed gunman entered the home of Mrs. Marcy McCleave, firing a carbine, then walked unhurriedly out the door and drove off, leaving dead and dying in almost every room of the six-room apartment, police said.

CAPTURED

New Haven detectives said the 26-year-old man sought used the names Arthur Davis and Willie Davis, and was captured by New Jersey State Police in the Trenton area after a 45-mile chase.

The driver offered no resistance, and police said they found two loaded weapons in the car — a 30-caliber carbine and a .32-caliber automatic pistol.

Davis was held as a fugitive, and New Haven detectives said they would send men to New Jersey to pick him up later in the day. He was taken to New Jersey turnpike patrol headquarters in North Brunswick, N.J.

COWBOY HAT

A woman, who had watched from her window as the killer left the apartment, said he wore a cowboy hat and seemed in no hurry to get away.

"He just walked along, swinging that gun with one hand," said Mary Menchaca.

Moments later, she said, a boy who had survived the bloodbath ran from the apartment screaming "Somebody please help me! Please help me! They're all dead!"

The shootings occurred in a city-run housing project in the Negro section of New Haven. All of those involved were Negroes, police said.

FAMILY FRIENDS

Besides Mrs. McCleave, 51, whose slain were all friends of her family: Neil White, 55, of Dover, N.C.; Richard Leathers, 27, of New Haven; and Caroline Sykes, 24, and her son, Michael, 5, also of New Haven.

One of Mrs. McCleave's daughters, Francine, 14, suffered a stomach wound and was reported in critical condition. Troy Sykes, 4, son of Mrs. Sykes, was wounded in the chin but was reported in satisfactory condition.

The only persons in the apartment to come through the ordeal unscathed were one of Mrs. McCleave's daughters, Leatrice McClure, 26, and Royal McCleave, 12.

The survivors said Davis had been demanding for days to know the whereabouts of his former girl friend, another of Mrs. McCleave's daughters, Gloria Baskerville.

KEPT SECRET

After breaking up with Davis, they said, Mrs. Baskerville moved to Boston but this information was kept from Davis. Boston police, alerted to the slayings, put a force of officers into the neighborhood where Mrs. Baskerville has been staying.

"He was angry because my older sister left him," said Loretta Henderson, another of Mrs. McCleave's daughters. "He was very upset about it, and I think he just went off or something."

'HEAD START' PROGRAM HAS STRONG ADVOCATES

Kate Morrison School Reopening Turned Down

By a 4-3 vote, Big Spring school trustees Thursday night decided not to re-establish the first three grades at the Northside Kate Morrison school. The school has been closed in a realignment to meet integration guidelines and most of the pupils assigned to Lakeview.

The closing action had brought on controversy and litigation, and those wanting the Kate Morrison school recently had submitted a petition asking for the re-opening of three grades. It was on this petition that the board acted.

HEAD START

Involved in the decision was the Head Start program, a project to give special training and social guidance to pre-school children in low economic areas. The Kate Morrison facility has been turned over exclusively to Head Start.

The board session Thursday night attracted a crowd of upwards of 85 people, so many that the meeting had to be moved from the regular board room into a class room at Runnels Junior High. The sentiment of the crowd apparently was in strong support of the Head Start program.

COMMITTEE

A special trustee committee composed of Mrs. R. B. G. Cowper, Grant Boardman and Jimmy Felts had been appointed to study the petition, and each of them reported.

Mrs. Cowper said that a contact with Washington officials revealed that school district

lines could not be changed, and that no more than 68 children would be served in the proposed first three grades, and that the entire Kate Morrison building—classrooms, plus kitchen and lunchroom facilities—was being used for Head Start. There is good prospect, she said, of Head Start becoming a full-time operation here, since the Big Spring program has been highly commended.

Felts said it appeared that a large number of petition signers lived outside the area affected, and that he had found more patrons who want the Head Start program continued. He felt that division of Head Start between two schools (Kate Morrison and Lakeview) and a similar division of lower school grades was not a practical approach.

FOR SCHOOL

Boardman, on the other hand, said that while there would be difficulties, but "they are not insurmountable." He felt that a neighborhood school could be maintained.

On a question put by chairman Joe Moss, Boardman, Jerrie Currie and James Cape voted to re-establish the three grades; Felts, Mrs. Cowper and Dr. Carl Marcum opposed. The chairman's vote went with the opposition.

Later in the evening, Jerry Currie offered another motion to open the three grades at Kate Morrison, with no consideration being given to abandonment of Head Start—"just to open the school"—and this was defeated

by the same trustee alignment.

SPOKESMEN

While the hearing room was crowded, few people made remarks. E. A. Sanchez of Northside United spoke for the petition. "We have nothing against Head Start," he said. "We believe the children of the lower grades have hardships and we are asking your reconsideration." He was followed by Mrs. Fernanda G. Morales, who said there is "room on the North Side for both programs."

Spokesman for continuing Head Start included the Rev. Melvin Montgomery, representing Lakeview; Mrs. Julia Adams of Lakeview; Mrs. George S. Smith for Cedar Crest and Mrs. Bernice Coates for Cedar Crest. All spoke strongly for the program.

The petition was so worded that discontinuation of Head Start was involved with the re-

opening of elementary grades, and this was the basis for the first trustee vote. Currie's later motion had no reference to the federal program for pre-schoolers.

ANALYSIS

Before the board's vote, Supt. Sam Anderson offered an analysis of the situation. He cited first that only 68 children would be served by the elementary grades. Then he reported that of 152 families represented as signers, 72 do not live in the Kate Morrison area affected and represent only 10 children of the 200 served in Head Start last year. Of the signers, only 17 were parents of children in the proposed Kate Morrison classes.

200 CHILDREN

Head Start encompasses not only Lakeview and Kate Morrison areas, but the Bauer and Cedar Crest districts. The enrollment last year was at 200, and Anderson said the district is now being recommended for a full nine months program. "The fact that we could have available the Kate Morrison facilities in the center of the target areas has done much to make this program feasible," he said. "Any changes now made would affect our program and call for time-consuming negotiations which would delay and possibly cripple the program. To kill the program would be a disservice to some 200 children who benefit now, and would void a grant of approximately \$170,000."

Agreement Halts March On Cicero

CHICAGO (AP) — A civil rights march into Cicero, scene of racial violence 15 years ago, was deferred today after a conference reported reaching an agreement on open housing.

Dr. Martin Luther King, Jr., one of the conferees, said, "To demonstrate our good faith, we will defer this march to Cicero. This does not mean we will cancel the march. It is postponed." The Illinois National Guard had been called up for duty in Cicero Sunday.

The agreement reached at a summit conference of King and his aides, Mayor Richard J. Daley and city leaders covers the Chicago metropolitan area, King said.

The agreement calls for "a cessation of neighborhood demonstrations on the issue of open

housing so long as the agreement is being carried out." King called the agreement "one of the most significant programs ever conceived."

Ben. W. Heineman, conference chairman, said the agreement will "put Chicago in the forefront of northern metropolitan areas that have worked to remove one of the most troublesome of racial problems."

A civil rights march Thursday night drew little attention. Three weeks ago in the same neighborhood, one brought out white hecklers who stoned and screamed at the marchers.

The marchers, escorted by 150 police, made three stops Thursday night at real estate agencies in Chicago's Cragin section where they held brief prayer and song vigils.

Fire Came To The Truck

Firemen from Huntingdon, Pa., stand by helplessly, as their 1923 vintage pumper goes up in flames near State College, Pa., as they were returning home from a volunteer firemen's convention. Engine of the truck backfired, they said, and fire erupted. The firemen didn't have any extinguishers aboard and were compelled to wait until another fire company answered their call. The 43-year-old truck was damaged considerably. (AP WIRE-PHOTO)

Johnson Beat 'Em To Viet Nam Policy

WASHINGTON (AP) — Miller, who seeks re-election this year. "When we got a good one we naturally like to talk about it."

Senate Republican Leader Johnson already standing there. Sen. Jack R. Miller, R-Iowa, who suggested an Asian conference to the Senate six months ago, said it was an example of bipartisan foreign policy at its best.

"I think it's important that the United States be on record in favor of this thing," Miller said in an interview.

"This is something that did have a Republican origin," said

Crocker Speaks To Webb Group

William B. Crocker, office manager for Cosden Oil and Chemical Co., was guest speaker at Thursday's luncheon meeting of the Webb Manager's Club. The luncheon was held at the Officers' Open Mess, with Jimmy Ray Smith, club president, presiding. Cal D. Lowery was elected new secretary for the group.

Crocker spoke on the types of management, detailing several methods and making recommendations for the most effective mixtures of the various kinds of management. Fourteen members attended the affair.

Political Campaigning Hindrance Is Charged

WASHINGTON (AP) — Political campaigning is beginning to interfere with congressional business as the House and Senate went their respective ways toward an adjournment still weeks off.

Despite Senate Republican Leader Everett M. Dirksen's contention that many members don't want to go home and discuss controversial issues with

the voters, increasing numbers are going home—to campaign. Many major issues remain before the two houses, however, and few congressional leaders anticipate adjournment much before mid-October.

For months many congressmen—especially the large batch of House freshmen—have been going home to campaign every weekend. Now they are beginning to extend their stays into the middle of the week as they step up the pace for remaining primaries and the Nov. 8 general election.

One quorum call Tuesday disclosed 76 House members not answering when their names were called. Some 52 members missed a key roll call on a possible Reserve callup Thursday.

And a mass exodus today was the major reason House leaders put off until next week the remainder of the debate on the administration's proposal to create a Cabinet-level department of transportation.

The House is meeting today, but only to consider conference reports on an urban mass transit bill and a measure to pump more money into the home mortgage market.

Parish Sees Police Film

"Every Hour, Every Day," a film about the daily life of a law enforcement officer, was presented Tuesday night at Sacred Heart Catholic Church by Chuck Condray for members of the parish.

The Optimist Clubs of Big Spring are sponsoring the film. Any club or organization interested in viewing it may call Condray at AM 7-7421 or Bill Lovelace, AM 3-2361.

Trains Here

The second Royal Moroccan Air Force enlisted man is here to study at Webb as part of the Military Assistance Program. T. Sgt. Mohkian Kouza is here for training in T-38 electronics and in other fields. After leaving Webb, Sgt. Kouza will go to Williams AFB.

♣ A 5 3 2		
The bidding:		
East Pass	South West Pass	North 3 ♠
Pass	4 ♠	Pass
Pass		

Opening lead: Jack of ♠

South, the declarer at four spades, made it easy for the opponents to attack him where he was most vulnerable, and thereby found himself confronted with a lost cause before he could take the initiative.

West opened the jack of diamonds, the queen was played from dummy and East won the trick with the ace. The latter promptly shifted to the jack of hearts and the defense mopped up two more tricks in that suit to complete their book. West

exited with the ten of diamonds and the declarer obtained a club ruff on the diamond king, he was left with a losing club and he ultimately conceded himself to be set by one.

South was in position to assure his contract by means of a simple—if rather unorthodox—play. All he has to do is to duck West's opening lead. Observe that, if West is permitted to win the first trick with the jack of diamonds, South's heart holding is preserved from a direct assault.

If West continues with a second diamond, declarer ruffs away East's ace and after drawing trump, he can discard a heart on North's established king of diamonds. He loses, in all, one heart, one diamond, and one club.

East cannot profit by overtaking the jack of diamonds with his ace at trick one, for even the a heart shift nets two more tricks—the defense is finished because South now has two club discards available on the king and queen of diamonds.

Declarer's main concern should have been to protect his heart holding from attack, and it would have behooved him to make his opponents pay a high price for accomplishing that objective.

Medical School May Be Enlarged

AUSTIN (AP) — The Galveston Medical Branch of the University of Texas wants to increase its student body, shift from a parttime to a fulltime faculty and have Galveston city and county pay more of the costs of its teaching hospital.

School officials outlined these plans to budget examiners Wednesday at a hearing on the institution's request for state appropriations for 1967-69.

The budget request calls for \$12.97 million for the first year and \$13.39 million the second year from state tax funds. The budget for the fiscal year beginning Sept. 1 totals \$9.38 million from general revenue.

Dr. Truman Blocker, executive director and dean, said school officials are discussing with federal and Texas prison officials the possibility of a 300-bed U. S. Public Health Service hospital and a 250-bed prison system hospital near the school.

Blocker emphasized that such hospitals are only in the discussion stage. He said they would provide valuable practical experience for medical students, particularly in the more routine areas such as appendicitis cases and smashed fingers.

The budget request says the school plans to increase the entering class in its school of medicine from 150 to 163 students. Also projected in the budget is an increase in faculty from 212 to 240 full-time teaching positions by Aug. 31, 1969.

For salaries, the budget calls for \$4.9 million the first year and \$5.1 million the second year of the 1967-69 period, compared with \$3.6 million budgeted for the next fiscal year.

The proposed teaching hospital budget is \$19.6 million and

Snug Pants Are Basis For Suit

GARDINER, Ore. (AP)—The tight pants of Miss Pat Morris, already the cause of a strike involving 315 workers, has become a federal case.

Miss Morris, 35, a plywood worker, was suspended Tuesday by her foreman who said her tight sweaters and stretch pants distracted male workers.

The suspension led to the walkout by 315 members of the Lumber and Sawmill Workers at the plywood plant of International Paper Co. in this coastal town.

International Paper filed a federal suit Thursday asking \$12,786 damages from the union, plus \$4,262 per day for the duration of the strike.

Calling the walkout a breach of the union's contract, the company contended workers did not complete proper grievance procedures before striking.

The union says it has tried to arrange a meeting with management on the issue, but a company spokesman said there would be no meeting until the strikers returned to work.

Miss Morris, (39-27-39) said, "I don't know why they singled me out. They said something about being too stacked and sent me home."

Kidnaped Girl Found Alive

BERLIN (AP)—Audrey Klewer, 4, of Montreal, Canada, was found alive today four days after being kidnaped from her grandparents' West Berlin home.

The police said the girl was found in a garden colony in the Spandau Section of West Berlin.

The discovery was made by a colony occupant, they said. Garden colonies consist of numerous garden plots and small houses.

The discovery came several hours after police said they were offering a reward of \$1,250 for the return alive of the girl.

News of the abduction was suppressed for four days in order to minimize danger to the child. She arrived Sunday night with her mother, Regina Klewer, 28, to visit her grandparents, Mr. and Mrs. Herbert Klewer, who own an art studio and antique shop.

The mother said an armed man wearing a mask entered her parents' home at 2 a.m. Monday, tied her up, woke the child and dressed her, demanded ransom and warned her not to notify police or press.

Get Ready For Hunting Season

Dear Abby

When Is A Door Prize?

DEAR ABBY: Last month our church auxiliary held its annual luncheon and tickets were sold for \$2.50. At the bottom of each ticket was printed DOOR PRIZE. I sold two tickets to a member who said she would be unable to attend, but requested that I drop her stubs into the box for the door prize. I did. Her number was drawn and when I stepped forward to claim the prize for her, a burst of objection went up in the crowd!

Some women insisted that in order to win the door prize the holder of the number had to be present. Not wishing to create a worse scene, I sat down and let them draw another number. The second number was held by a woman who was present so she got the prize. In your opinion was this fair? Do you think a person has to be present in order to win the door prize?

TOO REFINED TO FIGHT DEAR TOO REFINED: When a door prize is offered, it should be clearly stated on the ticket whether or not the holder of the number drawn need be present to win.

I personally would assume that in order to win I would have to be present. But I'm sure there are an equal number of people who would assume the opposite. This is a good question for a lawyer.

DEAR ABBY: I met a very attractive divorcee at the home of a mutual friend the other evening. She is a very lively and amusing type, and I liked her immediately. Before I had an opportunity to ask her if I could see her again she said to me, "I am giving a cocktail party at my apartment tomorrow night at seven, would you care to come?"

Naturally I accepted on the spot. When I got there I found her all alone. And she hadn't invited anyone else. What do you think she had in mind?

DEAR RON: You.

DEAR ABBY: I do not share your sympathy with those who say they are sorry their parents did not "force them" to practice the piano, violin, trombone, or any other musical instrument when they were young. There is no reason why a normal adult cannot continue his musical studies if he has sufficient interest and determination. One is never "too old" to learn.

As for myself, I make no apologies. I suffered through seven miserable years of piano lessons, which terminated in a great disappointment to my parents. I never touch the piano today, and avoid piano recitals like the plague. PIANOTTIS

Troubled? Write to Abby, Box 69700, Los Angeles, Calif., 90069. For a personal reply, enclose a stamped, self-addressed envelope.

Law, Not Money Is Hope For Cities

WASHINGTON (AP)—Mayor Ralph S. Locher of Cleveland said today all the money in the world will not solve big-city problems unless there is law and order in the streets.

And he told a Senate panel investigating big-city problems that poverty is the most basic affliction of all — "poverty and its offspring, revolution and crime."

He did not discuss in a prepared statement the outbreak of violence in a Negro slum area of Cleveland this summer.

But, like the mayors who came before him, Locher urged a new transfusion of federal aid to help rebuild the cities.

"Cleveland's specific problems differ from those of other central cities more in degree than in kind," Locher said.

Among them, he said, are vast influxes of the poor and disadvantaged, slums, problem-plagued schools, unemployment and "more importantly, the destruction of hope for those who need it most."

"And poverty," he said, "at the root of it all, poverty."

Locher said the nation faces the task of creating a new middle class in the great cities. "It is a task which we can hope to accomplish only by marshaling all the forces and all the resources at our command and working together as never before," he said.

He suggested that a share of federal income tax funds be returned to the cities — "as a matter of right" — to use as they see fit.

Unattached Reservist Call-Up Is Considered

WASHINGTON (AP)—The House Armed Services Committee is considering legislation that would authorize President Johnson to call to active duty an estimated 60,000 Reservists and National Guardsmen not now attached to units, it was learned today.

Sources said the committee is expected to vote early next week on the proposal—described as the House's answer to a Senate amendment that would have given the President power to call up individual Reservists and Guardsmen with less than 24 months active duty.

The President had not asked for such authority.

The House rejected the Senate proposal—tied to the massive \$58-billion defense money bill—by a vote of 378 to 3 Thursday. Members then voted 381 to 1 for the appropriation bill and sent it back to the Senate.

Members and staff of the Armed Services Committee sharply criticized the Senate proposal today in a series of interviews, describing it as poorly thought out, hastily conceived and sloppily written.

"The Senate amendment was not thought out well and it will have grave repercussions," committee chairman L. Mendel Rivers, D-S.C., said.

The bill was written by a subcommittee headed by Rep. F. Edward Hebert, D-La., after months of hearings into the matter, Rivers said.

Although Rivers and other committee members refused to say more, a high committee source said a key provision of the Hebert bill "simply provides

that any Reservist or Guardsman who is not attached to a unit and has not completed 24 months of active duty would be liable for active duty.

"These people are in control groups," he added, "just sitting there, whether due to accident or design. Some have completed six months of active duty."

Control groups are "paper" units made up of Reservists who are unable, for various reasons, to attend weekly or monthly drills.

The source estimated there are 30,000 to 60,000 Reservists of National Guardsmen in this category. "The bill's language," he said, "without the declaration of a national emergency, would permit President Johnson to call them up."

The President is currently empowered to call up to one million Reservists and Guardsmen for up to 24 months active duty by declaring a national emergency.

The defense appropriation bill goes back to the Senate today amid indications that further action on the compromise \$58 billion measure would be delayed.

Sen. Leverett Saltonstall, R-Mass., one of the sponsors of the Reserve amendment, proposed a cooling-off period in the Senate-House disagreement.

Although Rivers and other committee members refused to say more, a high committee source said a key provision of the Hebert bill "simply provides

A Devotional For The Day

"The place on which you are standing is holy ground."
(Exodus 3:5, RSV)
PRAYER: Our Father, make us conscious of Thy presence and Thy blessing where we are. Grant that there may be nothing in our hearts to separate us from Thee, We want each thought and each motive to be in accordance with Thy will. We pray in Jesus' name. Amen.
(From the 'Upper Room')

Red China Loses One

North Korea has adopted in words, if not yet in deeds, a Titoist-type independence of both the Soviet Union and Red China. This trend, if firmed up, will be of substantial favorable importance to the United States, effort to contain Communist China's expansionism, as it might block any Peking diversion in the north to relieve anti-Communist pressure in Southeast Asia.

The North Korean "People's Democratic Republic" was formed in 1948 with Russian aid. But it survived the Korean war in 1950-53 only with the help of a million Red Chinese "volunteers." To declare ideological disengagement from both, as the North Korean Communist Party has in an editorial in its official journal, required strong motivation.

The Washington interpretation is that the Pyongyang government's declaration is less a disavowal of any satellite status than a switch of align-

ment from Peking to Moscow. North Korea needs the economic aid Russia, but not China, can extend. It also needs trade with Japan, which is much more likely to be forthcoming if North Korea is oriented toward Russia rather than China: Japanese-Russian relations are improving, in contrast to Japanese-Chinese relations, and the Japanese Communist Party recently shifted its loyalty from Peking to Moscow.

Communist reunification of Korea remains a basic goal of the Pyongyang regime, so South Korea with U.S. alliance must keep its guard up along the armistice line. But that danger may be markedly lessened if North Korea successfully disengages from aggressive Red China's dominance. The West should warily watch how the new North Korean foreign policy line survives the expected angry reaction in Peking.

Time To End Eavesdropping

Rep. John E. Moss of California has excellent credentials as a champion against encroachment on American liberties. This lends weight to his call for a law making it a federal crime to invade privacy with any kind of eavesdropping device.

A good case can be made for such legislation. Electronic devices of great sophistication have become readily available in recent years, and there is good reason to think that even more sensitive gadgets will be developed. Unless the use of such eavesdropping devices is placed under firm regulation, the ancient principle that a man's home—or by extension, his private office—is his castle will go by the board.

Rep. Moss was stimulated to call for action when he was approached by a security firm which said it

would undertake to make an electronic sweep of his office "to make certain," as he told Congress, "that they were not being bugged or monitored by persons wishing to eavesdrop on me."

The fact is that bugging of homes, offices, hotel rooms and so forth has become a common practice. Numerous business firms hire the services of an electronic security outfit as a regular precaution.

The Senate has passed a measure authorizing the Federal Communications Commission to regulate the manufacture and sale of radio transmission devices. Moss has rightly urged the House Commerce Committee to speed up action on this proposal. And, as he requests, it also should consider whether the time has not come to impose a general ban on electronic eavesdropping.

Marquis Childs Damage From Washington Hearing

WASHINGTON—In assessing the damage done by the House Un-American Activities Committee the effect of that wrestling match on the foreign audience ranks high. Those televised scenes of witnesses and attorneys being dragged from the hearing room are even now being shown in Peking and North Viet Nam.

IN THE PROPAGANDA drive to hold the North Vietnamese in the war they are offered as evidence that the brutal hirings of imperialism will go to any length to suppress the true representatives of the American people. In this propaganda exercise these representatives being trundled off to jail speak for a majority of all Americans.

5,000 in the whole country—an opening for worldwide exposure and martyrdom. Before that opening their attempt to dramatize their opposition to the war had fallen off almost to zero.

WHETHER THE masters at the top in Hanoi and Peking believe their own propaganda no one can say. But, belief or merely cynical propaganda, the uproar in the committee room was a godsend to the Communists bent on fighting the war in Viet Nam to the bitter end. See, they are saying, there you have it—only force holds free Americans from revolting against the military and the capitalists waging a war of aggression against the Vietnamese people.

That is a measure of the harm the hearings have done. They gave a tiny splinter of peaceniks—their own admission not more than

underscoring the damage is the fact that active opposition to President Johnson's policy in Viet Nam has, with the exception of the peaceniks, all but subsided. Sen. J. William Fulbright, the most articulate of the congressional critics, in an interview the other day said in effect that opposition was futile since the Congress was more warlike than the President.

Billy Graham

I mix socially with a group of people whose credo is: "Eat, drink, and be merry, for tomorrow we die." All they think of is cocktail parties, and "living it up," as they say. I often ask myself what life is all about? Can you help me? W. D.

At Christmas time in a large city a department store burned to the ground. The only recognizable thing left was a Santa Claus who somehow escaped complete destruction. In the midst of the rubble this charred Santa, with his electrical system still operating, kept saying, "Ho, ho, ho, ha, ha, ha!"

This is what your fun-loving friends are doing. In the midst of a world afire they are saying, "Ha, ha, ha." They are celebrating when there is little to celebrate about. They are laughing in a world which has little to laugh at. They are relaxing, when they should be concerned, and doing something to save a world which is about to blow up!

ASIDE FROM the Communist capitalists, the damage elsewhere in the world and here at home cannot be discounted. The scenes of disorder and violence will have a powerful impact in Western Europe where the long-drawn-out tragedy of the war is equated by critics with a quality of recklessness and savagery in the American temperament. The fact that the disorder was begun by the witnesses is irrelevant for the foreign audience, since their martyrdom in being brought before the committee in the first place is established by the past record of what appears in European eyes to be a sinister inquisitorial body with no objective other than to harass anyone whose views are to the left of center.

BUT THIS is what our Lord said would happen at the end of history. He said: "For as in the days that were before the flood, they were eating and drinking . . . until the day that Noah entered into the ark and the flood came and took them all away; so shall also the coming of the Son of man be." (Matt. 24:38, 39).

As a member of this group, perhaps God has laid His hand on you to help them. People are easily led—for good or for evil. Since you are aware of the folly of such living, you have an opportunity to change the mood and atmosphere of your social group. You should take your stand with courage and faith—for the Gospel. God will honor you. If they won't listen . . . then leave them and get new friends.

IT MAY BE that past experience with the committee's wild allegations has blunted the effect at home. What, they're at it again? This can't, however, be taken for granted. Despite the disclaimer of the acting chairman, Rep. Joe Pool of Texas, that there was no intention to deny the right of dissent the line between intellectual criticism of Viet Nam policy and acts such as trying to stop a troop train will be blurred.

IN A CLIMATE of concern as the consequences of the war bite deeper and deeper with the number of American troops close to the 300,000 mark the emotions generated in the hearing room can be infectious. The short way with dissenters—bounce them out and put them in jail—that was the lesson of the hearings shown on television throughout the nation.

Editorials and Opinion The Big Spring Herald

4-A Big Spring (Texas) Herald, Friday, Aug. 26, 1966

James Marlow Accustomed To Aid Requests

WASHINGTON (AP) — This week New York Mayor John V. Lindsay went before a Senate subcommittee looking into what it called the crisis in the cities and talked about the plight of his city.

He said it would take \$50 billion more in federal funds in the next decade to transform New York City into a "thoroughly livable and exciting place in which to live."

Congress power to provide for the poor, insane or not. He said help to the poor makes them more helpless and dependent. That was one viewpoint. But between 1850 and 1871 Congress gave railroads 131,350,000 acres of land as outright gifts, while Western states added 49,000,000 acres more, or a total area larger than Texas.

HE SAID: "Without more federal money, the cities just can't make it."

And not long behind Lindsay came the mayor of Detroit, Jerome P. Cavanagh, who said his city would need \$15 billion in federal aid in the next decade.

IN 1862 it set aside public lands to support agricultural and engineering colleges. And in the same year, under the Home-

stead Act, Congress gave away more public lands in the West, 160 acres to each man who was willing to stay on them five years and farm them.

Yet, as late as 1887, when Congress voted only \$10,000 to buy seed grain for drought-stricken farmers in Texas, President Grover Cleveland, like Pierce before him, vetoed it.

It was not the job of the government, he said, to spend money for the relief of individual suffering.

BUT THIS philosophy of double plenty breaks down completely when a man goes to work. There he gets only one of everything—except perhaps in the matter of paper clips.

What profiteth a man to dwell in a house with two bathrooms, two cars and two television sets if he has to work in an office where he is allowed only one desk and one swivel chair?

Subconsciously, he can't help feeling that he is a failure. To have only one of anything today is a sign of lack of success. Deep in his mind lies the conviction that if he were really getting ahead at the office he would have two of everything there, too—two desks, two swivel chairs and even two secretaries.

IT MAY BE argued that this is childish, that while it would be a pleasant status symbol to have an extra secretary to check up on the first one's spelling errors, no man could possibly have any use for a second swivel chair or a second desk. But he could. Any psychiatrist

will tell you that too much sameness leads to boredom and boredom causes fatigue. One of the reasons a tired businessman gets so tired is that he sits in the same old hot swivel chair all day long.

If he had two swivel chairs, perhaps one with a hard cushion and one with a soft cushion, he could switch back and forth so that neither became overheated. This would enable him to keep a cool head so important in making those keen, cold, logical decisions required in modern business.

WHY TWO DESKS? The advantages of having a second desk should be obvious to any thoughtful student of office habits.

A man with only one desk finds it never has enough space. It may look neat on top, but within all is chaos. His personal belongings are all mixed up with his business files.

He lives in dread of the day when his boss will stroll up and ask for an important folder—and instead of pulling out the folder he'll pluck out a race track form.

If a man has two desks, such tragedies could be averted. He could use one desk for business papers, and the other desk as a kind of home away from home.

No great society can be truly great until a man has two of everything in his office as well as at home.

THE DEMOCRATIC senator successfully wielded his political influence inside the city of New York and throughout the Empire State, even though just a few years ago he was a resident of Massachusetts. He knows a good deal about machine politics and bosses and will have a lot to say behind the scenes as to who is nominated for governor at the next Democratic state convention to run against Gov. Rockefeller, Republican.

To Your Good Health Bone Damage Has Not Healed In 25 Years

By JOSEPH G. MOLNER, M.D.
Dear Dr. Molner: Can you enlighten me on osteomyelitis? I am a woman of 56, was operated on for this bone disease 25 years ago, and it has never healed. Although there is no pain, it is discharging constantly from the opening.—MRS. C. W.

Osteomyelitis, in three words, is infection of bone. Any number of things can cause it. It may be injury. A compound fracture has to be treated carefully because of this danger. Or there may be no known injury, but the infection settles in the bone, migrating from a focus of infection elsewhere. Infected tonsils is a classic example. Tuberculosis is another, but the original infection may focus anywhere and be of any germ type.

In recent years, the disorder is less frequently a serious problem because of several reasons. We are more alert to subdue focal infections. We have antibiotics which help do this. The antibiotics are also very helpful, of course, in attacking osteomyel-

itis directly. Finally the importance of treating this disease early and adequately is recognized much more clearly now. These cases which linger on year after year illustrate why prompt treatment is important.

Surgery is usually necessary. In the past it was not uncommon to have multiple operations. If all of the diseased bone was not removed, the result was a chronic, smoldering site of infection and continuing drainage.

Hence today every effort is made to be sure that all of the diseased bone is removed the first time. However this depends on which bone is involved and the location of the infection.

Once the chronic condition develops, it can be difficult indeed to root. One basic problem is that blood supply to the bone is such that drugs do not get to the site of the infection and for that reason even the modern antibiotics are not always effective. But if the tuberculosis germ is causing the infection,

the moderately recent anti-TB medications (isoniazid, and PAS or paraaminosalicylic acid) may be effective.

If a further operation can remove the remainder of infected bone, then there is hope of recovery, but frankly, there is no quick and certain method of eliminating the infection once it has become chronic.

"You Can Stop Sinus Trouble!" is the title of my booklet explaining what sinus trouble really is, and encouraging sinus sufferers to do something about it. For a copy write to Dr. Molner in care of The Herald, enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

Dr. Molner is happy to receive readers' questions, and whenever possible uses them in his column. However, due to the great volume of mail received daily, Dr. Molner regrets he cannot answer letters individually.

Around The Rim Out Of Mouths Of Babes

Out of the Mouths of Babes Dept.: The five-year-old cousin of a city hall employee was watching Batman on the tube last week. As the Dynamic Duo began climbing up a wall by means of a rope, she declared: "I think they expect too much of us."

Wish we had said that.

WELL, FOR SEVERAL reasons, the article failed to convince us. First of all, the Second Amendment reads, in full: "A well regulated militia being necessary to a free state, the right of the people to keep and bear arms shall not be infringed."

Note that it says, "a well regulated militia . . ." It does not say a well regulated household, glove compartment or shoulder holster. It says militia. Which would seem to authorize "infringement" via registration, at least.

WHICH BRINGS to mind that the Batman film is now (or was when this was written) appearing at one of the local movie houses. That ends that field of entertainment for a while.

A thought: Which is worse, Boobman and Gooney-Bird or Sam Levenson playing Johnny Carson? Or his violin? Are our blessings truly in disguise?

SO REGISTRATION won't do any good? So what? At least we'll feel safer. Register kitchen knives? Guns are serial numbered.

So what's to stop the police from burning the registration records if they invade us? Surely they can't take us over all that fast; and if they can, a bunch of deer rifles and Long Tom shotguns wouldn't do much good against an invader so powerful that the U.S. Armed Forces are utterly helpless against him.

ED WRIGHT sends us a communication containing a brochure which he feels will "help change your views on gun registration."

The brochure is an article reprinted from Guns & Ammo magazine, Oct., 1960, written by one Judge Donald Martin, probate judge and U.S. Deputy Marshall of Lemhi County, Idaho. It is entitled, "Anti-Gun Crusades—Another Step Toward National Suicide?"

THE JUDGE also says that when a person registers a gun, he is "never again quite safe from a false arrest and possible prosecution" (if the gun is ever connected, innocently or otherwise with a crime, the owner will have to prove his innocence beyond a reasonable doubt).

Again, so what? When your car is involved in a crime or accident, the same thing applies. And we don't hear a hue and cry for stopping the registration of automobiles.

Try again, judge. —TOM BARRY

THE FOUR-PAGE article says, we gather, that if we register our guns with the police, it won't do any good. It says that if the Russians (or somebody) invade us, they can disarm us merely by going through the records. The good judge is also against heavier penalties for criminals who use guns.

"Why single out guns," he queries. "A gun is no more a deadly weapon than a knife, an axe or a piece of lead pipe. Nothing is until human in-

ter makes it such. It would be better to substitute any deadly weapon capable of inflicting death."

Holmes Alexander A Senator's Decision

By SENATOR PAUL DOUGLAS
(D., Ill.)
(Guest columnist for Holmes Alexander)

ter chance to acquire better education, technical skills and work habits.

(4) I concluded that I could do more as a senator than as a private citizen to help obtain better housing for our city dwellers and to help our cities to take their proper rank among the glories of our democracy.

WASHINGTON—I am indebted to Holmes Alexander for inviting me to write a guest column on why I am running for re-election to the United States Senate at the age of 74. Mr. Alexander is a convinced conservative and I am proud to be a progressive. This shows a broad-mindedness on his part which, though welcome, is rare in American politics.

I seriously considered retiring from public life at the end of my present term. I had been honored by the people of my state with three successive terms, and could leave unscathed.

(5) I WANTED to help protect consumers from being deceived about finance charges they were paying on their personal debts and the contents of the packaged goods they buy. In short, I wanted to promote truth-telling and truth-in-packaging.

(6) I wanted to improve rural life by promoting a fuller utilization of electrical power, raising farm income and promoting greater cooperation among farmers.

POLITICAL CAMPAIGNS are extremely fatiguing, and a candidate is almost inevitably the recipient of brickbats and mud. What, then, caused me to turn my back on the quiet life of retirement for the strenuous hurly-burly of politics? My motives were these:

(7) Finally, I wanted to help our nation and the free world resist aggression by those who would tyrannize the world.

(1) I felt I could do more as a senator than as a private citizen to add to our parks and recreational areas and to help clean up our rivers and our air.

(2) I was quite certain that I could do more as a senator than as a private citizen to promote greater justice and good feeling between the different racial groups which make up America.

(3) I KNEW I could do more as a senator than as a private citizen to reduce the number of the poor and give the oncoming generation a bet-

I BELIEVE that I am in a better position to further these ends now than at any previous time in my career. For in the Senate one's influence is measured not only by one's ability, but by experience and seniority.

My critics will probably say that these are excuses and rationalizations and that my real desires are for power and publicity. I have searched my heart and I do not think this is so. It is true that political life in itself has a fascination and that politics is an honorable profession if honorably pursued. But I have never sought political power for its own sake.

(Distributed by McNaught Syndicate, Inc.)

David Lawrence Bobby Off And Running

WASHINGTON—Perhaps the Republicans should begin to study the dividends they may get from the political maneuvering of Sen. Robert F. Kennedy as he boldly and aggressively seeks to attain a controlling voice inside the Democratic party throughout the country. He wants to be President, of course, but whether he would try for the vice presidency in 1968 and the presidency in 1972 depends on his build-up in the meantime.

against Hubert Humphrey for the vice presidential nomination.

If Mr. Johnson's political fortunes are on the downward side in the summer of 1968, a strong movement could develop in favor of abandoning Mr. Humphrey for Sen. Kennedy. This would be bitter medicine for Mr. Johnson. Already speculative voices are saying that, as a practical matter, it might not prove to be a bad idea.

THE DEMOCRATIC senator successfully wielded his political influence inside the city of New York and throughout the Empire State, even though just a few years ago he was a resident of Massachusetts. He knows a good deal about machine politics and bosses and will have a lot to say behind the scenes as to who is nominated for governor at the next Democratic state convention to run against Gov. Rockefeller, Republican.

IT ISN'T altogether certain, of course, that President Johnson will actually be in such a desperate condition politically that he will have to snub the man he really wants—Vice President Humphrey—and accept Sen. Kennedy in order to win in the 1968 election. Oddly enough, it was a reluctant John F. Kennedy who in 1960 vetoed the objections of his brother "Bobby" and chose Lyndon Johnson for the vice presidential nomination primarily to get the backing of the South, where it was feared that anti-Catholic sentiment might otherwise be asserted in a substantial way.

THE SENATOR isn't confining himself, however, to New York State. He has entered the national arena. Nationwide publicity has just been bestowed on the senator as the Gallup Poll gave him this summer a higher percentage in popularity than President Johnson got among Democrats and independents. This is doubtless due to the fact that the senator hasn't had the responsibility of making the painful decisions on Viet Nam, inflation, labor-management relations, civil rights and other topics that have caused considerable controversy among the voters. But there's another possible reason—the aura that has enveloped the Kennedy name. This is an asset of undetermined amount, but it could affect a public-opinion poll at this time.

Does all this mean that the Democrats may become so divided in 1968 or even in 1972 that the Republicans, besides benefitting by discontent over national issues, will also reap political profits from the factional fights that may emerge as a result of the aggressive quest of the presidency by another Kennedy?

(Copyright, 1966, Publishers Newspaper Syndicate)

THIS DOESN'T mean that Mr. Kennedy is necessarily planning to make a contest against Mr. Johnson in 1968. Rather, it is likely that the senator's campaign managers will pit him then

Police Check Mobs On De Gaulle Tour

DJIBOUTI, French Somaliland (AP) — French police today hurled tear-gas grenades into a mob shouting for independence as President Charles de Gaulle toured the city.

Pro- and anti-French factions among the African residents of this steaming Red Sea port exchanged volleys of rocks and broken bottles.

Troop reinforcements in steel helmets, and holding their guns at the ready, rushed up in a score of personnel carriers to form a line across one side of the Place Rimbeau, main square of the city.

Djibouti was like a city under siege. The crowd shouted abuse at soldiers and police. Security forces held steady. Neither side advanced or retreated. Hundreds of troops were at action stations throughout the city.

Streets were still littered with rocks and broken glass from violence which broke out shortly after De Gaulle's arrival Thursday night. At least 14 persons, including eight policemen, were injured in the clashes.

A huge mob gathered around the body of a youth laid out on a litter in the main square of the African quarter. He had a head wound and it seemed he had been beaten to death.

Some Somalis said he had been killed by police. Others said he died in a clash between opposing African political parties.

Mobs of Africans with banners demanding immediate independence took over the native quarter of the city and forced a detour in the inspection route that De Gaulle had been scheduled to take.

De Gaulle went around the edge of the African sections and avoided the greatest concentrations of demonstrators. The tall, aloof president smiled and waved to the crowd and seemed to take no notice of the hostile elements.

Hundreds of French troops and police were posted at strategic intersections to hold back the crowds with their independence banners. Somaliland is governed as a French territory with some local autonomy exercised by a territorial assembly.

French troops and police had sealed off the center of the city while De Gaulle reviewed a military parade and laid a wreath on a war memorial.

Nine Area Beauties Vie Saturday For Farm Bureau Queen Title

Nine county farm queens will vie for the District 6 Farm Bureau crown Saturday night at 8 p.m. in the HJC Auditorium.

Dona Yater, 16, won the Howard County Farm Bureau Queen Contest last Saturday night competing with the other beauties. Dona, daughter of Mr. and Mrs. Arlis Yater, 1600 Phillips, will be a senior at BSIS next year.

Runner-up for Howard County is Mary Frances Newton, who also won the talent contest with her humorous monologue and piano accompaniment. Two other acts will compete with Mary Frances to try to be the district talent find.

The district queen will be crowned by Donna Duke, Coahoma, last year's county and district winner. Donna is the daughter of Mr. and Mrs. Donald Duke.

Dona Yater, has taken piano lessons seven years and private voice lessons for several years. She plans on a music major and on being a piano teacher. She was in the chorus of "South Pacific," a musical drama presentation at BSIS last year. She is a member of the FFA, Tri-Hi-Y and the high school choir.

"Shocked" is the only way I can describe my reaction when I found out that I had won," she commented. "I was in the contest mostly for the experience I could get. I thought I was too young to win."

Sharon Byrne, 17, Lorraine High School senior, was selected Miss Farm Bureau for Mitchell County last Friday night. She is the daughter of Mr. and Mrs. B. B. Byrne, of Colorado City. She is a cheerleader, member of the band, FFA, FHA, president of National Honor Society, and plays basketball, tennis, volleyball and track.

Beda Jean Johanson, 18, daughter of Mr. and Mrs. George H. Johanson of Eden will be the Concho County Queen. She will be a freshman at San Angelo State College this fall.

From Dawson County will be Beth Neeley, 17, daughter of Mr. and Mrs. J. E. Neeley Jr., 606 N. 15th in Lamesa.

Jean Ann Webb, 18, is Gaines County's royal delegate. She is the daughter of Mr. and Mrs. R. O. Webb, Seagraves, and will be a freshman at Texas Tech this fall working towards a major in horticulture. Jean Ann was voted most beautiful in her high school and was the Seagraves Lion's Sweetheart.

Midland County will send queen Roberta Hall, 17, daughter of Mr. and Mrs. Fred Hall of Midland. Roberta will be a senior at Midland High School next year.

Lanthia Ligon, 16, daughter of J. Burney Ligon of Fort Stockton, is the Pecos County representative.

A Scurry County farm girl all of her life, Diane Hess, 17, daughter of Mr. and Mrs. Dale Hess, will be a senior in Hermleigh High School this fall. She has been a member of the PASF for two years, Beta Club for two years, 4-H for six years and has entered five district 4-H contests.

USE HERALD CLASSIFIED ADS FOR BEST RESULTS

She has been organist in the First Methodist Church of Hermleigh for four years.

Kathy Farrington, 16, daughter of Mr. and Mrs. Floyd Farrington, Miles, was a semi-finalist in the Miss Teenage San Angelo contest. She is presently working for a state degree in

FHA. She is the FFA sweetheart runner-up, a junior member of FHA, and a member of the Miles Bulldog Textets drill team. Kathy is the Tom Green County queen.

Three acts are entered in the talent contest, Linda Vestal, O'Donnell, Mary Frances Newton and a combo composed of Guy Abbott, Paul Beatty, Gary Dickson and Sabre Abbott.

The Tom Green County combo comes from San Angelo and will present a singing and playing selection.

Emcee for the district event will be Ed Cumbie, Farm Bureau field representative. Welcome will be presented by Claude Anderson, of San Angelo, the state director of District 6. Derwood Blagrove, head of the Farm Bureau's Young People's Committee and president of the Howard County Bureau, is in charge.

Sen. Murphy Has Tumor Taken Off Of Vocal Cords

LOS ANGELES (AP) — Sen. George Murphy, R-Calif., was reported recovering well today from surgery to remove a tumor-like growth from his vocal cords.

The senator spent about one hour in surgery Thursday at Hollywood Presbyterian Hospital. Spokesmen said it will be several days before it can be determined if the growth was malignant.

Murphy, 64, will remain in the hospital five to seven days, said his son Dennis, and may return to Washington in 10 days.

Murphy was advised to remain silent for 48 hours, his son said, adding, "if that's possible."

Saturn Performs A 'Great Flight'

CAPE KENNEDY, Fla. (AP)—"It was a great flight and we're looking forward to flying on the vehicle ourselves on Apollo 1."

Speaking in a joint statement were the astronauts who may be circling the globe next Christmas in a three-man Apollo moonship.

The three are Air Force Lt. Col. Virgil I. Grissom, who traveled into space in both the Mer-

cury and Gemini programs; Air Force Lt. Col. Edward H. White II, America's first space walker, and Navy Lt. Roger B. Chaffee.

The trio watched Thursday as a mammoth Saturn 1 rocket blazed into the sky on the start of a flight that apparently passed a significant milestone in the U.S. Apollo man-to-the-moon program.

Viewing Marathon Partially Defeats Program's Purpose

By CYNTHIA LOWRY
AP TV - Radio Writer

HOLLYWOOD (AP)—Organized crime, with an estimated take of \$47 billion a year, is the biggest business in the United States.

It is bigger than all the automobile companies put together and on any day does nearly the same business as the New York Stock Exchange—about \$300 million.

That was the opening statement Thursday night of NBC's "American White Paper: Organized Crime in the United States."

For the next 3½ hours, the program documented the syndicate operation: nickel-a-day numbers players, prostitutes supporting heroin habits, and legitimate businesses including banks and hotels into which the syndicate leaders have muscled or bought their way.

It was an impressive—and depressing—assembly of statistics, testimony and illustration, painstakingly presented in chapters.

Portions were devoted to syndicate structure, gambling, narcotics, loan sharks, murder and terror, with a final footnote on combating crime. Each chapter was separated by public service commercials and, interestingly, not one sponsor's message.

The program showed a procession of police, judges, attorneys, investigators and victims describing the enormous crime operation. Names were named and sums of money noted.

There are bound to be repercussions from the program, although very little that was new was revealed. But the careful assembly of the material and the first-person testimony added

up to an important contribution to television.

Narrator Frank McGee, estimating that gambling alone organized crime \$9 billion a year, quoted a Department of Justice official that half of this gross is used to buy protection from law officials.

It was a powerful program. But the end, where a constructive note had to come, was the weakest point. The best offered was the need for better tools to fight organized crime and a suggestion that reform had to grow from an improved moral climate by an aroused, educated public.

The study would have been just as impressive and infinitely more rewarding broken into three one-hour shows.

MR. SUNSHINE PRESENTS:
The Ron Blackwood Singers
Formerly The New Harvester's Quartet
at
GRACE BAPTIST CHURCH
109 Wright St. Big Spring, Texas
SATURDAY, AUG. 27, 8:00 P.M.

They sing out of Nashville, Tenn., and have appeared on TV and Radio, personal appearances and concerts across America. Also recording stars. The public has an invitation to attend this concert. No tickets will be on sale as an offering will be taken during the concert. The group will appear on The Sunshine Hours Sat. 10:00 to 12:00 on Radio KHEM.

The Ron Blackwood Singers have been seen on Bob Poole's TV program across the nation and in West Texas area, over an Odessa station.

Ron Blackwood, is the son of the late R. W. Blackwood and a nephew of James Blackwood of the Blackwood Brothers Quartet, who have appeared in Big Spring many times.

Ron Blackwood Singers will also sing for the church services Sunday morning at Grace Baptist Church. Rev. Roy E. Hones, Pastor.

BUSINESSMEN FIND OUT ON GLASSCOCK COUNTY TOUR

Practically Anything Will Grow Here

By SAM BLACKBURN
West Texas land will grow nearly anything when it has a little water, it was shown graphically for 42 Big Spring business and professional men Thursday.

They made a 170 mile bus trip through portions of Glasscock County, concentrating most of their time in the St. Lawrence community.

On their tour, which absorbed their entire day, the tourists inspected fields of cotton expected to yield as much as three bales to the acre. They saw ripening milo producing as much as 5,000 pounds to the acre.

Their visit took them to a tract of 52 acres producing for the first time in this area, Irish potatoes at the rate of six tons to the acre.

PECAN ORCHARD
They also visited a small man-made forest of 3,000 pecan trees scheduled to begin producing within the next year or two.

They not only looked at watermelon production running to 100,000 pounds to acre but feasted on a small mountain of melons from this same field.

Quarter horses rated as the equal of the best in the country were paraded for them. Irrigation wells, some capable of as much as 1,500 to 2,000 gallons per minute, were shown the visitors.

But there was more to it than that—they saw convincing examples of how water, precious as it is in this section, can be effectively used in the production of fine crops and at the same time conserved to the utmost.

They were told the effectiveness of commercial fertilizers in augmenting production.

AGRI-BUSINESS
They met and talked with several scores of the farmers of the Glasscock County who are pioneering a new and progressive form of agricultural economy for this part of the state. They heard of the problems and they saw the results. They were amazed as the soaring values of fertile land which two decades ago was an expanse of mesquite covered ranch country.

They discovered that farming in the modern manner was not only a business enterprise but a business which involves the

closest attention to a legion of details.

The tour was arranged as a joint goodwill venture of the Big Spring Chamber of Commerce, retail and agricultural committees, and tickets were grabbed up in no time and many disappointed applicants had to be turned down for lack of seats.

POTATO PATCH
The farmers and ranchers opened their gates to the visitors. They took time from their own pressing farm and ranch work to escort the visitors and to explain problems and results.

It was the first knowledge for many of the visitors that Irish potatoes could be produced commercially on West Texas acreage. At the Dr. J. V. Sanders farm they saw workers harvesting 52 acres of this new crop.

Garland Sanders, manager of the farm, told the visitors that the 12,000 pound per acre yield was disappointing since 20,000 pounds should have been produced. They also saw modern irrigation devices in use which permitted the automatic watering of 170 acres of land without the equipment being moved by workers.

One of the wells shown on this place is producing 1,800 gallons of water per minute from a depth of 273 feet.

PROLIFIC GRAIN
First of a number of milo fields with top production of 5,000 pounds per acre was seen at the Gary Seidenberger farm between Lees and Garden City. Some fine cotton was also inspected here.

At the Bob Ballenger ranch, the tour devoted its stop to an inspection of the fine quarter horses this ranch produces. Ballenger displayed his celebrated grand champion mare, Dixie Buck, and her colt, unofficially valued at \$3,000. He also discussed the features which make a champion quarter horse.

At the dinner in St. Lawrence community building, Delmer Baha welcomed the Big Springers and John Taylor, acting as spokesman, for the visitors responded.

At the Richard Johnson-James Currie farm on the road from Garden City to Sterling City, the tourists were shown 3,000 selected pecan trees being nursed into commercial production size. The trees were planted in the past three years and the earlier plantings will begin to bear in two to three years. Also shown on this farm was some of the most remarkable cotton seen on the entire trip.

FANTASTIC COTTON
The afternoon travels covered nearly every farm in the St. Lawrence community.

A special trip was made to the Florence Wilde place. Wilde has a field of cotton which has achieved a three year average of two bales to the acre. This year, if all goes well, the field will undoubtedly produce three bales.

The travels of the visitors took them from one edge of the St. Lawrence farming community to the other.

At the Doris Blissard place, the interest was on 25 acres of watermelons. The crop is nearly over but the area was still heavily dotted with giant green melons. Blissard said that the potential for watermelon production "when you use plenty of water" is 100,000 pounds per acre.

Commercial cantaloupe production is also being carried on in the area but H. L. Hoelscher, the producer, has al-

ready finished his crop and there was nothing to show the travelers.

The big watermelon feast at the community house terminated the visit.

TRIP ROSTER
On the trip were Joe Price, Carroll Davidson, Adolph Swartz, Billy Jones, Jimmy

Taylor, George True, Bob Hickson, Culin Grigsby, Winston Wrinkle, A. L. J. Prager, George Weeks, A. J. Prager, Joe Blum, Walker Bailey, Arnold Marshall, Larry Crow, Malcolm Patterson and E. B. Martin.

Also John Taylor, Noel Hull, Leon Hand, Walter Wheat, Lar-

son Lloyd, Ed Fisher, Jimmy Felts, Bob Brock, Bill Pollard, E. P. Driver, Sam Blackburn, A. L. Hohertz, Bob Bradbury, Manley Cook, George Oldham, Jerry Worthy, J. A. Newman, Elmo Wasson, Conrad Miller, Dwain Leonard, Don Marcy, Johnnie Walker, Joe Dunn and Ray Weaver.

LBJ Urges New Soviet Accord

ARCO, Idaho (AP) — President Johnson sounded a new call today for Soviet cooperation to lessen the threat of nuclear war.

Then he expanded that to a general plea for peoples to work together, on the theme that the American goal is justice for man, whether at home or abroad.

"Violence is one face of failure," he said in asserting that "our foreign policy must always be an extension of our domestic policy."

America, the President said, must wear the same face in Denver and Des Moines, and in Moscow, Peking or Hanoi.

Taking off from Washington this morning, Johnson set out on his second consecutive wide-ranging weekend of personal appearances, with dates at Arco and Denver, and tonight at Pryor, Okla. He visited five northeastern states last weekend.

Johnson said that a full-scale nuclear exchange between the East and the West, whether caused "by design or by chance," would kill almost 300 million people.

He said U.S. objectives in Viet Nam do not threaten the vital interests of the Soviet Union or the territory of any of her allies and that the Soviets have a very large stake in the peace and security of Southeast Asia.

At Arco, the President said progress in peaceful uses of atomic energy "has merely raised the curtain on a promising drama in a long journey to a

better life."

"But uneasy is the peace that wears a nuclear crown. And we cannot be satisfied with a situation in which the world is capable of extinction in a moment of error, or madness, or anger."

He cautioned that peace will not dramatically appear from a single agreement or a single meeting. He said it "will be advanced by one small, perhaps imperceptible, gain after another in which neither the pride nor prestige of any large power is deemed more important than the fate of the world."

The second address was prepared for ceremonies at the site of a new space-science building at the University of Denver.

Throughout that speech, Johnson intertwined affairs at home and overseas. "Our safest guide to what we do abroad is always what we do at home," he said.

In foreign policy, he said "violence is one face of failure." Applying that to Viet Nam, he said, "we shall count it a mark of success when all the parties to that dispute are around a conference table."

In the field of freedom, free speech, and human dignity, Johnson said "all people want the dignity that goes with constitutional and civil liberty."

In the Latin-American countries, he said, "we are on the side of those who want constitutional government."

In Africa, he said, "we are on the side of those who are working toward full equality between the races and for stable government."

In Viet Nam, he said, "we are on the side of fair and orderly elections that give, in the troubled land, the widest possible expression to the will of the people."

In a statement prepared for his arrival at Pocatello, Idaho, Johnson said many nations in the world know only the problems of poverty, and no nation is altogether free of them.

Johnson later was to speak at the dedication of a science research building on the University of Denver campus and receive an honorary doctor's degree from the university, then fly to Oklahoma where he was to speak at groundbreaking ceremonies for a new water and sewer system at a former ordnance plant near Pryor.

Helicopter Used In Flood Rescue

An Air Force HH-43 rescue helicopter from Detachment 18, Western Aerospace Rescue and Recovery Center, Webb AFB, was dispatched to flood-stricken West Texas and Southeastern New Mexico Wednesday afternoon.

The chopper had flown five missions to rescue stranded flood victims and resupply areas inaccessible by roads.

The helicopter left Webb with a crew of three: Capt. William F. Clark, pilot; 1st Lt. Curtis K. Bayer, co-pilot; and Airman 1st Class John W. Coleman, crew chief.

Clergy Divided On 'Right To Speak'

thinking is muddled when we look at the world if we possess the view that religion or the clergy must stick to one field or position and remain silent. "The church is US. We (everyone) are in the ministry together. If we insist on trying to tie the hands of the clergy and bind their statements concerning public situations, we shall continue to blaspheme God and limit His lordship."

By JERRY MONSON Does the clergy have a responsibility to take a stand on public situations, rather than confine their teachings to religion? Opinion is divided, a sampling of Big Spring pastors shows. At least three Big Spring ministers favor the right of the clergy to be outspoken on public issues, while two, the Rev. Bob Bohannon, pastor of the

Church Plans Fete Sunday

The annual all-church picnic of the First Methodist Church will be held Sunday at 5 p.m. in Birdwell Park. Recreation for all ages is being planned by the recreation committee. Supper at 6:30 p.m. will feature a picnic basket dinner, and each family is asked to bring fried chicken, potato salad and a vegetable. Drinks, desserts and bread will be furnished by the church. Following the evening meal, an outdoor worship service will be conducted in the park. Guest speaker for the occasion will be Dr. Robert Clinton, superintendent of schools. Snyder. A nursery will be provided at the church beginning at 4:30 p.m. All regularly scheduled Sunday evening activities have been cancelled. The annual affair is sponsored by the Official Board of the church. Committees are Bill Coleman, park arrangements; Hayes Stripling Jr., recreation; R. W. Thompson, publicity; Boyd Bryans, food; H. G. Keaton, evening worship; K. H. McGibbon, greeters. General chairman is R. H. Weaver and associate general chairman is Robert Johnson.

Dr. O'Brien To Lead Revival

Dr. P. D. O'Brien, who served as pastor of the First Baptist Church here for almost 20 years, will be evangelist for a revival meeting this week at Prairie View Baptist Church west of the Fairview Gin. His first service will be at 8 p.m. Sunday, and he will preach twice daily at 11 a.m. and 8 p.m. through Sept. 4. Prayer meetings will precede the services by half an hour, said the Rev. Martin Landers, pastor. Dr. O'Brien, who now resides in Houston, has been in evangelistic and pastoral counseling work since he retired from the active ministry here four years ago. It was during his ministry here that plans were inaugurated for a new church home, which was realized with opening of the new plant last December.

Hale Joins Church Staff

Van C. Hale has been employed as director of music at the First Methodist Church, effective Aug. 15, according to the pastor, the Rev. Leo K. Gee. Ted James, former music director, has transferred to the Pampa First Methodist Church to serve as music director there. Hale, a newcomer to Big Spring, will also serve as instructor in choral music and head of the department of music at Howard County Junior College. A native of Galena Park, Hale has a bachelor of music degree from North Texas State University, Denton, a master of education and sociology degree from Stephen F. Austin College, Nacogdoches, and is currently working toward a doctoral degree in musicology at the University of Texas. Before assuming his present positions in Big Spring, Hale directed high school choirs at Orange, Galena Park and Perryton and church choirs at Killen, Denton, Orange, Houston and Perryton. Hale and his wife, Joan, have two sons, Carter, 12, and Paul, 11, and live at 1733 Purdue.

Galveston Church of God, and the Rev. Dan Sanford, pastor of Phillips Memorial Baptist, feel that the minister's place is "in the pulpit." Dr. Joseph R. Narot, senior rabbi of Miami, Fla., Temple Israel, and the author of "For Whom the Rabbi Speaks," says that "the true clergyman never covers a halo." In his book, which covers all areas of public life, Dr. Narot is frankly outspoken on many issues. And, at the same time, he says that he could not have been a freedom rider because, "I offer you no mock heresies."

CHRIST IS ANSWER Rev. Sanford said that it is his conviction that "God has called his preachers to preach the Gospel of Christ. Christ is the answer for all public situations. If each person who is in public of force as a Christian, and followed the teachings of Christ, and sought His leadership in making all decisions, our nation would not be in the state of confusion."

CHAPLAIN'S ADVISOR Chaplain (Capt.) William H. Warren talks over an airman's problem

Chaplain Sworn In For Regular Appointment

Chaplain (Capt.) William H. Warren was sworn in for regular appointment last Tuesday in the office of Col. Chester J. Butcher, wing commander. Webb, AFB, marking the fourth time that the chaplain had taken the oath of office. Present for the appointment ceremony were Chaplain (Lt. Col.) Robert T. Deming, base chaplain, Col. George E. Franks, air base group commander, and Mrs. Warren. Chaplain Warren's first enlistment was in August, 1951. He has served in the Air Force at Lackland AFB, Tinker AFB, and a base in England, before coming to Webb. Webb was his first duty station as a chaplain. He was previously with a Kansas City, Mo., reserve squadron. Chaplain Warren attended Samford University, formerly Howard College, in Birmingham, Ala., and Midwestern Baptist Theological Seminary in Kansas City, Mo. A native of Elba, Ala., he and his wife, Edell, have three children, David, 8, Dwayne, 6, and Douglas, 5.

Helping Hand Offered For Mexican Baptist

A helping hand for the Mexican Baptist Church is an objective of the Big Spring Pastors Association. Last spring the church was so severely damaged by an explosion that it had to be demolished. Plans for a new building have been completed and work begun. The church, however, will lack some \$5,000 having enough to finish the project. This is where the association comes in. The executive board approved an associational wide offering either the last Sunday in September or the first Sunday in October, depending upon the schedule of the local churches. Meantime, information on the project is being furnished to all churches so that they will be familiar with the need. The church now is crowded into a small frame building, long since unsuitable for use, but in spite of this it is growing. Moreover, under the leadership of the Rev. Christoval Pena, the church has itself launched a mission. Gifts made through the associational effort in support of the project will be handled through the associational treasurer, said the Rev. R. F. Polk, moderator. Supervising the project will be the missions committee headed by the Rev. Dan Oglesby.

Pastors Ill

The Rev. Roy Honea, pastor of the Grace Baptist Church, and the Rev. Cal Sims, pastor of the Birdwell Lane Baptist Church, are both confined at home after suffering heart attacks recently. Rev. Honea lives at 1500 Bluebird, and Rev. Sims' address is 114 E. 16th.

Church, believes that the church is "set by divine appointment in the midst of society. The positive diffusion of the Christian influence throughout the community life is an essential part of Christian endeavor. The church's treasure, its defense, its weapon, is the Christ and the Everlasting Gospel. These it must bring to human souls in every age, under constantly changing conditions of thought and life. The church today must know its own age, the conditions which confront humanity not only as individuals but in community, national and world groups, the currents of thought sweeping through the world and influencing its conduct. It is not sufficient to preach sin and grace in the abstract. The clergy may suffer, in some cases, for their beliefs. However, Christ made this clear when He said these words to His disciples: "These things have I spoken unto you, that ye should not be offended. They shall put you out of the synagogues; yea, the time cometh, that whosoever killed you will think that he doeth God service. And these things, will they do unto you, because they have not known the Father and Me." (John 16:1-3)."

Wallace, 8 a.m., priesthood meeting; 10 a.m., Sunday school; 5 p.m., sacrament.

HONESTY IN ALL THINGS

Honesty in all things is the topic for this week's International Sunday School lesson, with a text centered around the Eighth Commandment, "Thou shalt not steal." (Exodus 20:15). Other readings are from Amos 5:21-24; 8:4-5; Mark 12:38-40; Luke 19:1-10; Titus 2:7-10; and Ephesians 4:25-32. The lesson points out that a thief is not only one who steals property—he is present in many people: the merchant who charges more than his merchandise is worth; the boss who refuses to pay an employe what he is really worth; the income-tax cheater; the dishonest advertiser; the bribed public servant; the unemployed who could work; a man who is dishonest to himself. The lesson asks if there are degrees of honesty. Can any of us be honest within certain limits? Or is the man who is honest only most of the time still a thief?

ing, each person takes courses such as math, government, history, biology and physical education. "This expands our view and knowledge of the over-all society and culture in which we find ourselves," he pointed out. "We pay taxes, have families, buy automobiles and some of us have served or are serving in the Armed Forces. We have a right to voice our opinion on matters not related to religious teachings." MEMBERS SHOCKED "Many church members live their real lives outside of, and separate from, the sacred 11 o'clock hour at the church on Sunday," said the Rev. Marvin Roark, pastor of the Kentwood Methodist Church. "This is why many of these members are shocked to hear Christianity discussed in connection with anything outside the realm of religious teachings." DOUBLE STANDARD "A lot of church people are wrapped up in a double standard. They place everything concerning religious teachings into one category and everything left over into a 'secular category.' "Much of our theological

DECISION MAKING The clergy represents only a small portion of the world's population, yet each must make definite decisions, according to the Rev. John Wilborn, pastor of the North Birdwell Lane Methodist Church. Rev. Wilborn said that in educational train-

SHOW-OFF

Harry is "showing-off"—and he certainly has a most appreciative audience!

We all "show-off" sometimes, in one way or another. It's a natural human tendency, and we can't be blamed for expressing it occasionally. And we are not apt to overdo it if we discover the need for humility.

Church is one place where this lesson can be learned. In God's House, we know instinctively how small we really are, which makes us more thankful for both His love and compassion.

We need this sense of coming down to size. We need to look with humble eyes at ourselves, at our fellow men, and at the miracles of God's creations.

Yes — we need to go to church.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Angel's Needle

California Angels' Jimmy Piersall's dugout antics are aimed at needling New York Yankees' batter Joe Pepitone in third inning of game at New York Thursday. At left, Piersall waves a "crying towel" and next comes an "I can't look" gesture.

An accusing finger follows and, at right, a smile signals the batter's demise. Pepitone grounded out. Angels won 5-1. (AP WIREPHOTO)

McLain And Boudreau Can Compare Feats

Associated Press Sports Writer
The next time Lou Boudreau brings out his movie projector and subjects son-in-law Denny McLain to films of the 1948 playoff game for the pennant between Cleveland and Boston, Academy Award winner is the young Detroit hurler can produce a few reels of his own and demand equal time.

Sellout Crowd Sure Tonight

CLEVELAND (AP)—Cleveland Browns and ex-Browns may dominate the playing field in numbers for tonight's pro football doubleheader here, but the Browns are being billed as underdogs in the fifth annual tilt.

LOOKING 'EM OVER

With Tommy Hart

The Brownfield football team will, no doubt, be under the firm hand of the Cox family this season.

The Stanton Buffaloes should be as well fortified at the quarterback spot as any high school team in the area this year.

The Chicago batters were anything but tough Wednesday, though. Only Ken Berry, with a double in the fourth, and Jerry Adair, who beat out a single in the eighth, managed hits.

District 2-AAAA may have as many as ten teams by 1968, which means each football team would have only one warmup game — if the present round-robin schedule is to be retained.

Odessa Ector will likely have enough scholastics to qualify for entry two years hence and Andrews could become eligible by that time, unless the Texas Interscholastic League revises its lines for separating the schools.

Andrews, no doubt, will be better prepared to do battle in Class AAAA competition than will Ector.

Drake Snyder, a 175-pound center for the Snyder Tigers, may not get to play football this season. He may have to undergo surgery for a hernia.

Junior high football teams can't start working out here until school starts Sept. 7.

After he first had accepted and then turned down an offer to become head basketball coach at Borger High School, Abilene Cooper's Lynn Mendenhall said the more he looked into the job the less he liked it.

From all indications, he was going to be under a lot of pressure to win from the very start.

He told friends in Abilene the ease with which he was interviewed and hired caused him to think twice and ultimately turn down the offer.

Gene Klein Heads Group Acquiring San Diego Pros

SAN DIEGO, Calif. (AP)—Rumors that the American Football League's Chargers might leave San Diego have been quelled with the sale of the franchise to a group of Southern California businessmen for a record \$10 million.

The San Diego Chargers will remain exactly what the name involves—the San Diego Chargers," said Eugene Klein, 43, head of the group which bought the team from Barron Hilton.

Klein, also president of National General Corp., added that the Chargers will play in San Diego's new 50,000-seat Mission Valley Stadium currently under construction.

The stadium is scheduled for completion by the 1967 season.

Negotiations for the sale, announced Thursday, began six months ago, according to Hilton.

But Klein added, "I've been at least seven years trying to buy an interest in a Los Angeles or San Diego ball club."

The \$10-million selling price is the highest ever paid for a professional football team, surpassing the \$7.1 million paid for the Los Angeles Rams in 1962.

Before the recent merger of the AFL and the National Football League, the Chargers had been quoted as worth between \$6 and \$8 million.

Hilton, founder and president of the Chargers, announced the sale and turned over the presidency to Klein.

Hilton said last year he planned to sell the team in order to devote more time to the Hilton Hotel chain he operates with his father, Conrad. At that time, there were rumors the team would be moved, but Hilton denied them.

Tom Weiskopf Foresees Big Trouble Ahead

WHITEMARSH, Pa. (AP)—Tom Weiskopf may not realize it, but he could be a prophet as well as one of the pro golf tour's most promising young newcomers.

After shooting a six-under-par 66 to take a two-stroke first-round lead in the \$110,000 Philadelphia Golf Classic Thursday, Weiskopf said:

"I'm pleased with the 66, but leading after the first round is a long way from winning. There are three rounds to go."

In the previous three years of this tournament at Whitemarsh Valley County Club, the first round leader had fallen by the wayside by the time the 72-hole test was over.

Mason Rudolph led with a 67, but Arnold Palmer won in 1963. Four tied for the opening lead in 1964, one of them Jack Nicklaus the eventual champion.

Last year when Nicklaus won again, R. H. Sikes was the first-round leader with a 64.

No wonder the 23-year-old Weiskopf tempered his exuberance over topping the field after 18 holes.

"This is the first time I've ever led a tournament after the first round, and I'm not sure how I feel about it," said the 23-year-old golfer who joined the pro tour late in 1964 after two years at Ohio State University.

Seeing the 6-foot-3 inch Weiskopf at the top was no surprise to veterans on the weekly golf safari. Palmer is on record as naming the blond belter as the rookie most likely to succeed.

Two strokes behind Weiskopf came Bob Goalby and Dan Sikes, each with 68.

Leaders after the first round of the Philadelphia Golf Classic:

Tom Weiskopf	52-51-64
R. H. Sikes	53-53-68
Bob Goalby	53-53-68
Julius Beres	53-53-68
Roger Dinsburg	53-53-68
John Cook	53-53-68
Buch Baird	53-53-68

Jack Brandt Gangs Up On Pittsburg

By The Associated Press
When the Philadelphia Phillies talk about flakes, they don't mean the breakfast variety.

Jackie Brandt, Philadelphia's journeyman outfielder, is the Phillies' own personal one-man show. He was one man too

many for the Pittsburgh Pirates Thursday night.

Brandt drove in two runs with a single and double as the Phillies' own personal one-man show. He was one man too

hind the idle San Francisco Giants.

In baseball parlance, a flake is an off-beat player who is somewhat eccentric. Brandt fills the bill perfectly.

Take the ice cream incident in spring training, for example. Brandt and a teammate decided they'd like a snack after dinner.

"Okay," said the teammate, "there's an ice cream place down the block."

"No, no," insisted Brandt. "I want to go to that 28-flavor place."

That was fine with Brandt's teammate except that the 28-flavor spot was 30 miles away. But Brandt won the argument and the teammates took the ride.

When they reached their destination, the other player ordered something scrumptious — the kind of treat you'd find in a 28-flavor spot.

And Brandt? "I'll take vanilla," he deadpanned.

Now that's a flake. The Pirates didn't think he was very funny though. His fourth-inning double brought Dick Groat home with Philadelphia's second run of the inning.

Johnny Callison had singled and scored on Groat's double.

In the only other National League game played Thursday, Chicago nipped New York 3-2.

Funk, Romero Win Tag Team Title

Terry Funk and Ricky Romero rule as the first ABC tag-team wrestling champions here.

The amiable pair had their hands raised in victory over the tandem of Art Nelson and Gary Hart in the Amburge's first indoor grapple show Thursday night in the Municipal Auditorium.

The matches attracted an estimated 1,000 patrons, most of whom seemed to thoroughly enjoy themselves.

Hart delivered his elbow into Romero's middle and followed with an easy pin to win the opening fall in 12 minutes, after both menaced had dealt out misery in large doses to Romero and Funk.

It took Romero about seven minutes to even matters and Ricky did it neatly at Hart's expenses with a body smother.

Funk took the cue and used a leg grapevine and a pin to terminate the match, then time catching up with Nelson. Art, new to this area, seemed to do more wrestling out of the ring than he did inside it.

When ever his partner, Hart, would get Funk or Romero in close, Nelson would pound away with elbows and the heel of his hand, methods that inspired anything but "oles" on the part of the crowd.

In the end, though, justice prevailed and Funk and Romero won the big 13-inch trophies presented by the local ABC Club.

At time, all four antagonists were in the ring at one time and it was hard to tell friend from foe a time or two.

Red-haired Kay Noble won the other half of the main event by dealing out misery to a smaller Maria DeLeon in a match that went to three falls.

Noble closed the book in six minutes of the final fall by

many for the Pittsburgh Pirates Thursday night.

Bisons Await Tougher Foes With Small Squad

FORSAN—Forsan's Buffaloes start their first season as an 11-man team this fall and coach Oscar Boeker is facing the future with mixed emotions.

Boeker and his boys are elated over the chance of moving into 11-man ball but the Buffs now have only 24 boys in uniform and cannot afford to get anyone hurt.

Thirteen of that group are lettermen and six of the veterans played both ways last year. The team will be shy of weight as well as experience—only letterman tackle Bill Crutcher goes over 200. He weighs in at 214.

The Buffs have booked two or three 11-man games during the past several seasons but have been operating primarily as an eight-man team. They were moved into District 4-B following last season, however. The Buffs have such schools as Hermleigh, Trent, Jayton, Lorraine, Robert Lee, Bronie and Roby as conference opponents.

The Buffaloes have been working out twice daily. They scrimmaged Sanderson at Big Lake Aug. 30, starting at 8 p.m. The Forsan team will play

OSCAR BOEKER

one eight-man game this fall, its opener with Sterling City in Sterling.

Boeker, who is being assisted this year by Don Stevens, says depth and a lack of speed will be his biggest problems.

Quarterback Jack Ellis is a good passer, however, and Boeker intends to make full use of Ellis' passing arm, who lettered

as a back and end last season, is the fastest man on the Forsan team and Boeker intends to keep him at halfback.

The team is utilizing its new practice field, located between the gymnasium and the football field. Junior high gridlers, about 30 in number, will not report for workouts until school begins.

Included among the returnees are four seniors who each have won three letters, including Ellis. The others are Larry Callahan, 136-pound end; Ray McKinnon, 142-pound end; and Freddie Willis, 160-pound back.

The Bisons finished with a 3-6-1 win-loss-tied record in 1965 and have designs on improving upon that mark.

Jackets Have 20 Vets Back This Season

BROWNWOOD—Heading into his third year as head mentor of the Howard Payne College Yellow Jackets, coach Joe James hopes to get the Jackets moving this season up the first division ladder of the Lone Star Conference.

Coach James, a former Little All American for HPC, expects some 60 candidates to report for fall drills, Sept. 1.

Twenty lettermen from last year's team are expected back, including James Hargrove, Academy end and linebacker all-conference performer and quarterback Steve Herron, Roton. They will serve as the co-captains.

Coach James and his chief aides, Bill Purser and Jerry Millsaps, will have little time to get ready for their opening tilt.

In addition to playing the same 10 game slate of foes they met last season, the Jackets take on New Mexico State University at Las Cruces, Sept. 10.

So, the Jackets can be expected to dress out in full paraphernalia starting the first day of drills.

The Jackets could come up with one of the best lines in NAIA football.

Also returning are all-conference tackle John Kubena, 6-2, 216, junior two year letterman from Granada; guard Wayne Rathke, 6-0, 212, junior letterman from Kerrville; and second team winners, tackle Richard Callahan, 6-2, 275, junior one year letterman from Knox City.

Other lettermen returning are backs: Bob Bendele, 5-8, 178, Devine; Doug Holtzclaw, 5-11, 166; Jim Wood, 5-11, 192, Albany; Herb Sprou, 5-10, 186, La Vega; Troy Kennedy, 6-0, 191, Breckenridge; and linemen: Bill Breeding, 5-11, 202, Jacksboro; Butch Berthelme, 6-0, 192, Houston; Kent Bachtel, 5-9, 207, and John Benson, 6-1, 221, both of Freeport; Troy Hensarling, 5-10, 244, Jacksboro; Joe Dowda, 5-10, 214, Houston; Shelby Rummfield, 6-3, 210, Belton; Warren Studdard, 6-4, 210, Lampasas; and Larry Jones, 6-3, 196, Stamford.

Although the Jackets coaches concur that this year's team should be rough up front, they also opine that help must be found for the backfield.

They are in high hopes that a summer recruiting program netted the lads who can furnish backfield strength.

Expected to improve the backfield punch is Weidon Tittle, 6-3, 218, freshman from Merkel.

After playing NMSU, the Jackets return to Brownwood for a non-conference tilt with Tarleton State College Sept. 17. The next two Saturdays will also see them against non-conference foes, meeting Abilene Christian College at Abilene, and Angelo State College at San Angelo.

The Jackets open LSC action Oct. 8 when they play host to Sam Houston State College. They follow with Southwest Texas State, Oct. 15 at San Marcos; Stephen F. Austin in Brownwood, Oct. 22; East Texas State in Commerce, Oct. 29; Texas A&I in Brownwood, Nov. 5; Sul Ross State College in Alpine, Nov. 12; and McMurtry College in a home coming game in Brownwood Nov. 15.

Midland-Odesa Entry To Play

The initial Texas Professional Football League chase gets underway Saturday night with the Dallas Rockets taking on the Sherman-Denison Jets at Sherman.

Two other members of the six-team minor grid loop—Odesa-Midland and Burkburnett—square off in an exhibition contest at Uvalde. Tulsa Oilers and Pasadena will be idle this week.

The exhibition game at Uvalde will be the season opener for Odesa-Midland and Burkburnett.

The Dallas Rockets will also be playing their first game of the year while the Sherman-Denison Jets, loser last week to Tulsa 21-6 in an exhibition tilt, will be making their second appearance.

Both Saturday night games will begin at 8 p.m. with the Jets-Rockets contest to be played in Sherman's Bearcat Stadium.

Anchoring the line for the Odesa-Midland Comets will be 250-pound tackle Bob Windham, just released by the New York Jets.

Betting Handle Showing Huge Gain At Ruidoso

RUIDOSO DOWNS, N. M. Climbing back from a seven-year low reached in 1965 the mutual handle at Ruidoso Downs continued its surge after another huge three day throng waded upward of \$65,000 over the Derby weekend of Aug. 19, 20, 21.

This put the total for the first 40 days of the 47 day summer season at \$7,820,213 for a daily average of \$195,505 or an increase of 8.38 per cent over the 1965 mark of \$178,208. The latter figure was the lowest in seven years at Ruidoso Downs topping the 1958 figure of \$168,617.

With two major weekends of racing to come, topped by the fabulous Labor Day attraction, the estimated \$475,000 All American Futurity—the world's richest horse race, the average is expected to top the \$200,000 mark in comfortable fashion.

McKinney Is New St. Joseph Coach

PHILADELPHIA (AP)—Jack McKinney was named head basketball coach at St. Joseph's College today, returning to the school where he led the freshman team through several brilliant seasons.

McKinney replaces Jack Ramsay, who resigned from his post with the nationally ranked Hawks to become general manager of the Philadelphia 76ers pro basketball team.

Ford Operation Termed Success

HOUSTON (AP)—Whitey Ford, New York Yankee veteran pitcher, was reported in good condition today after a shoulder operation his surgeon described as successful.

The left-hander had gone on baseball's disabled list earlier in the week after complaining of cramps in his pitching arm.

A St. Luke's Episcopal Hospital bulletin said tests and examinations disclosed a blockage in a shoulder artery that supplies blood to the left hand. A six-inch vein was taken from one of Ford's legs Thursday and grafted to the shoulder area to form a bypass of the blocked area.

Board To Study Charge Proposal

School trustees will consider a request from the base-community council of the Chamber of Commerce that a number of Webb AFB airmen be admitted to home football games this season at a reduced rate.

Dr. Carl Marcum, representing the council, said that the number of tickets per game allowed at a reduced rate to airmen would have to be decided upon later, after the council meeting.

Supt. Sam Anderson reminded the board that if a reduced rate of perhaps 75 cents were charged (one-half of the regular admission), the visiting team would receive the entire 75 cents. On all district conference games, he said, the gate receipts are split, 50-50.

Dr. Marcum said that perhaps 25 airmen per game for the five home games could be brought on a bus from the base.

Wichita Triumphs

FRANCA, Brazil (AP)—Warren Armstrong threw in 30 points and led the touring Wichita State University basketball team from the United States to a 67-57 victory over the Dos Bagres team Thursday night.

Californians Win Connie Mack Title

FARMINGTON, N.M. (AP)—Tordena, Calif., beat Toledo, Ohio, 10-0 Thursday night on Dave McCormick's no-hitter for the Connie Mack League Baseball World Series Championship.

Tordena came out of the losers' bracket to win the series after losing to Toledo 7-5 in the opening round of the double-elimination series, for boys in the 16-18 age group.

CHILI, TAMALES, ENCHILADAS . . . THAT'S SPANISH. NOW I'LL SAY SOMETHIN' IN FRENCH . . .

Couple Marries In Westbrook Church

WESTBROOK (SC) — Miss Neta Darlene Lankford was married to A. J. Pirkle, Jr. Thursday evening in a ceremony performed at the Westbrook First Baptist Church. The Rev. Dan Oglesby, pastor of Midway Baptist, Big Spring, officiated for the double ring rites.

Parents of the couple are Mr. and Mrs. Troy Lankford of Westbrook and Mr. and Mrs. A. J. Pirkle Sr., who live northwest of Big Spring.

Traditional wedding music was presented by Doyce Edwards, pianist; and Mrs. Johnny Shackleford, soloist.

Given in marriage by her father, the bride wore a formal dress of Chantilly lace with tiered ruffles overlaying the front. The dress was designed with a scalloped neckline and long, lace-covered petal point sleeves. A wide chapel train was attached to the shoulders, and she carried a bouquet of pink and white carnations.

Miss Maritha Oden was maid of honor. Bridesmaids were Miss Sandra Bryant, Miss Carole Ann Bell, and Miss Delores Lankford, all of Big Spring; and Vickie Chambers.

The attendants wore identical dresses of pink peau de soie and carried long-stemmed carnations.

Candlelighters were Miss Charla Thompson and Miss Sheree Thompson, both of Sweetwater. De Ann Griffith was flower girl, and Troy Smith was ring-bearer.

Mike Baggett, Big Spring, was best man and groomsmen were Tommy Bryant, Marion Newton, Harold Newton and Jim Bruce Frazier, all of Big Spring. Scott Lankford was train bearer.

A reception was held at the church fellowship hall where the honored couple, parents and attendants welcomed guests.

Members of the house party were Miss Melissa Killough,

MRS. A. J. PIRKLE JR.

Miss Carroll Little, Miss Sherry Thomas, Miss Nancy Haggerton, Mrs. W. A. Swafford, Mrs. Doyce Lankford, Mrs. Rex McKenny, and Mrs. W. E. Smith Jr. Following a wedding trip to an undisclosed destination, the couple will reside in Austin. Mrs. Pirkle is a graduate of Westbrook High School, and Pirkle is a graduate of Big Spring Senior High School and attended Howard County Junior College. He will enter Texas University in September.

Altrusans Schedule Breakfast

Plans for a Sunday morning breakfast were discussed during the Thursday luncheon of the Altrusa Club at Coker's Restaurant. Twenty-three attended and Mrs. Zarah LeFevre presided.

Hostess for the 8 o'clock breakfast is Mrs. A. C. Bass, 106 Washington. Members and guests are invited.

Mrs. Ruby Billings conducted the program which was based on activities planned for the club's golden anniversary year. Mrs. W. U. O'Neal participated in the program by discussing the basic principals of the membership drive.

Junior Forum Group Meets For Luncheon

The Junior Woman's Forum will attend an orientation tea met Thursday at Big Spring Country Club for a bridge-luncheon and resume of work for the coming club season.

Hostesses were Mrs. Rick Terry, Mrs. Oakie Hagood, Mrs. Dee Jon Davis and Mrs. Earl Zetsche, all members of the hospitality committee.

Sixteen members and four guests attended. The guests were Mrs. Fred Simpson, Mrs. Joe Horton, Mrs. Bill Lovelace and Mrs. Jay Turnbow. The bridge winners were Mrs. Simpson, high, and Mrs. Jimmy Hayworth, low.

The next meeting will be at 1:30 p.m., Sept. 8, in the home of Mrs. John Davenport, 2707 Carol. At that time, the women

Hootenanny Held By Home League

A "spiritual hootenanny" and salad supper were highlights of the Wednesday evening meeting of the Ladies Home League of the Salvation Army. The affair was held at the Citadel, and 53 attended.

Jimmy Moore led prayers, and Mrs. William Thomas led the singing of oldtime religious songs with the accompaniment of guitar music.

Refreshments were served from a lace-covered table, and the ladies were reminded that the league will serve coffee and cake to patients at the Veterans Administration Hospital on Aug. 31.

Farewell Party To Be Saturday

Mrs. F. B. Timmins, 600 Aylford, will be hostess for a party in her home Saturday at 8 p.m. when she will say goodbye to members of the congregation of Westside Baptist Church. Mrs. Timmins is leaving on a trip to Arizona and California. All members of the church are invited to attend.

Deborah Statham Has Birthday

Miss Deborah Statham celebrated her ninth birthday with a Thursday afternoon party at the home of her parents, Mr. and Mrs. Leroy Statham, 2412 Runnels. Thirty guests attended including her grandmothers, Mrs. Carl Young and Mrs. Gladys Statham, Denton. The refreshment table featured a cake decorated with pink candy carnations and inscribed with the honoree's name. Party favors were balloons, candy and gum, and prizes were awarded to game winners.

OES Notes Anniversary, Initiates New Member

Mrs. Ed Wright was initiated as marshal. Conducting the ceremony were Mrs. E. A. Fivash and Mrs. Arthur Eitzen. The meeting was in observance of the anniversary of the OES, and Richard E. Mitchell conducted the program based on the life of Rob Morris, founder.

Mrs. J. E. Felts was chairman of the refreshment committee, and the table was centered with an arrangement of white flowers. Representatives from four area chapters were present.

Members were reminded that coffee and cake will be served to the patients at the Veterans Administration Hospital on Sept. 2. Mrs. H. D. Brewer is committee chairman.

Mrs. W. M. Gage was installed as marshal. Conducting the ceremony were Mrs. E. A. Fivash and Mrs. Arthur Eitzen.

The meeting was in observance of the anniversary of the OES, and Richard E. Mitchell conducted the program based on the life of Rob Morris, founder.

COFFEE SLATED FOR SEDDONS

The Rev. and Mrs. A. Seddon will be honored with a coffee Sunday afternoon from 3 to 5 p.m. in the fellowship room at St. Paul Presbyterian Church. The Seddons are leaving Wednesday to accept the pastorate at La Feria. Members of the Session and their wives will receive guests with the Seddons, and Mrs. Don Wiley and Mrs. Joe Horton will serve refreshments. Community friends and members of the church are invited to attend.

LeRoy Hitchcocks Move To Vincent

VINCENT (SC) — Mr. and Mrs. LeRoy Hitchcock are newcomers to the Vincent area. He is employed by the Vincent Co-op Gin. Mr. Hitchcock's father, from Modesto, Calif., is visiting with them. He is a former resident of Colorado City.

Mr. and Mrs. Lloyd Hodnett and Guy Guffie attended the funeral of A. C. Wike, a longtime rodeo star, in San Angelo recently.

Jerry Beth Hodnett has been visiting her aunt, Mrs. Eldon Appleton, in Big Spring.

Mr. and Mrs. Bobby Baker and children of Lovington, N. M., have been visiting with Mr. and Mrs. Butch Hodnett and Mr. and Mrs. L. B. Hodnett.

Mr. and Mrs. Jim Hodnett have returned from El Paso where they went to get their daughter, Jeninne, who has been attending summer classes at Texas Western College.

Redoing Floors Requires Experts

There's more than one way to redo floors. But, what you do depends in part on basic floor condition. If it's good but the finish has faded, just apply a new finish to the existing floor. If it's not as smooth as you'd like, resurface the floor and then add your choice of finish. If the floor would look better in a non-clear finish, why not coat it with a bright and decorative enamel.

HINTS FROM HELOISE

Seamstresses Will Like To Try This

Dear Folks:

Here is a new one I just learned from a friend who is a wonderful seamstress.

When you press an in-seam flat on anything such as a wool skirt, you usually turn the garment wrong side out and lay it on your ironing board to press.

She finds that this lets the seam show through to the front of the material. This is especially true on sleeve and skirt seams. . . . Know what she did?

She took her big old wooden rolling pin and literally rolled a towel around it, laid the seam over this, and pressed with her iron!

Because the rolling pin is round, you do not get the print of the seam on the other side. It's the prettiest seam press I've ever seen. . . . Heloise

Dear Heloise:

Here is a helpful hint for anyone who uses a lot of egg whites in cooking.

As you know, if you accidentally break the yolk and some of it spills into the egg white, you have to start over.

To easily solve this problem, keep a clean eyedropper handy. Just squeeze and suck the yellow into the dropper. It comes right out of the egg white.

It works wonderfully, and you save time and eggs. . . . Mrs. Leo Roberts

LETTER OF LAUGHTER

Dear Heloise:

My husband says women have no imagination!

He will never know how many things I have fixed around the house with a kick, slap, adhesive tape and a bobby pin! . . . Doris B.

Dear Heloise:

To keep baby's white shoestrings clean and new looking, just dip them in thick starch BEFORE drying.

This prevents dirt from soaking into the shoestrings and makes them last much longer. . . . Mrs. J. Harris

Dear Heloise:

Plastic spots from small containers of liquid can be used in a workshop to reduce the size of a hole when screws are loose.

Just snip off the spout, push it into the hole, and replace the

screw . . . through the middle of the spout. . . . George

Dear Heloise:

I recently took care of my mother-in-law, who is 94 years old.

I had been giving her sponge baths, until I came up with the idea of trying a shower.

I put one of the molded plastic chairs in the shower stall, adjusted the water temperature, then had her sit in the chair.

The water filled the seat of the

chair around her, and the warm water on her back and neck made her feel so much better than a sponge bath, and rinsed the soap off so much better.

She was so pleased with the way it refreshed her, and it was easier for me. . . . Mrs. M. M.

You are an angel to care for loved ones.

Using a chair in the shower stall would be ideal for those who have trouble getting in and out of a bathtub. . . . Heloise

Dear Heloise:

I'm just 12, but I'm writing to you anyway.

My mother makes me chop a lot of nuts for her, and sometimes I get frustrated because I am always chopping my fingers, too.

Last night I wore a thimble and chopped away. No more chopped fingers . . . just nuts! . . . Elizabeth Andrea

Dear Heloise:

I turn my table pad upside down and lay the material on it to cut out dresses.

The material will not slip. Works fine. . . . B. M.

(Write Heloise in care of the Big Spring Herald.)

Casual Jumper For School Wear

Here's that Vee-necked jumper that looks like big sister's favorite style, and with it comes a blouse that offers a choice of little-boy collar or turtleneck. No. 3135 comes in sizes 7, 8, 10, 12, 14. Size 9 takes 2 yards of 35-inch fabric for jumper; 1 1/2 yards of 35-inch for blouse.

Send 40 cents plus 5 cents postage for this pattern to IRIS LANE, care of the Big Spring Herald, Box 1490, New York 1, N. Y. Add 15 cents for first class mail and special handling.

Free pattern is waiting for you. Send 50 cents for our Pattern Book which contains coupon for pattern of your choice.
