ONLY A THIRD OF CRIMES IN TEXAS CLEARED
Garrison Wants Tougher Criminal Laws

AUSTIN (AP)—Homer Garrison, arguing for tougher criminal laws, said Saturday only a third of the crimes committed in Texas last year were cleared by arrests.

REVISION
Garrison, director of the Department of Public Safety, joined Houston Dist. Atty. Carol Vance in recommending revision of the Code of Criminal Procedure. His remarks were to an interim House committee.

"Most major crimes go unsolved," Garrison said. "In two out of three cases the criminal is not apprehended. We therefore conclude that professional criminals are successful in two-thirds of their efforts. This indicates a high degree of professionalism."

Garrison recommended that juries be allowed to assess life sentences without parole and said that before punishment is assessed jurors should be in-

formed of the defendant's parole possibilities.

Other recommendations by Garrison included:

—That persons in custody be taken before a magistrate "without unnecessary delay" instead of "immediately" as required by the present Criminal Code.

—That officers be allowed to apprehend persons named in arrest warrants without having the actual warrants in their possession.

—That police should be able to arrest persons for any violation of the law committed within their presence or view.

—That the legislature consider a law allowing courts to issue "no knock" search warrants under special circumstances.

These would not require an officer to identify himself or give notice of his purpose in searching a premises.

—That police officers be entrusted with warning suspects of their rights before making confessions. The present Criminal Code requires that a magistrate do this.

CRIME TO RESIST
—That Texas should have a law making it a crime to resist a police officer making an arrest.

Garrison also recommended higher pay and more training for policemen, including college degree programs in police administration and police science.

Twisters, Hail, Rain, Wind
Lash Areas Of West Texas

Lightning Kills
Midland Youth

By The Associated Press
Thunderstorms laced West Texas with funnel clouds and

hail Saturday evening as a new round of turbulence broke out in the area.

Heavy hail stripped soggy cotton from fields near Littlefield on the South Plains. A tornado damaged at least five homes two miles north of Amarillo.

YOUTH KILLED
A lightning bolt struck and killed 16-year-old Scott Thomas Vineyard as he was rabbit hunting in a mesquite patch northwest of Midland.

Winds of 50 miles an hour whipped hail the size of half-dollars through cotton fields east of Littlefield. Early estimates said 25 per cent of the crop might have been destroyed.

An inch of rain accompanied the storm, which dropped temperatures 16 degrees in 30 minutes.

Elsewhere, heavy rains soaked vast portions of the state from West Texas to Northeast Texas. Wichita Falls recorded an official rainfall of 1.70 inches.

ALERT
About dark, the Weather Bureau issued a severe thunderstorm alert for a 120-mile wide swath from Lubbock to 30 miles west of San Angelo, including Big Spring. It was in effect till 10 p.m.

Earlier, the bureau had alerted residents in Stephens, Palo Pinto, Parker, Wise, Montague and Cooke counties to the possibility of strong winds, hail and heavy rain.

Skies were cloudy over all but the El Paso region of Texas Saturday and showers were widespread. Temperatures ranged from 97 degrees at Laredo down to 71 at Amarillo.

Other heavy rainfall figures included .93 at Victoria and .64 at Amarillo.

TORNADOES
Tornadoes were sighted north of Amarillo and in the Hereford, Summerfield and Easter areas. The Weather Bureau said other funnel clouds had been sighted from the South Plains southward to the Upper Pecos Valley.

The Amarillo tornado caused no injuries but did damage property.

The twister struck about two miles north of Amarillo. H. A. Hutcherson, driving from Lubbock to his home, saw the funnel, although other persons saw only the debris caused.

Hutcherson said the tornado picked up his truck, loaded with lumber, and set it in the ditch without damage. He said the tornado sounded like a jet airplane.

HOUSES DAMAGED
The funnel took the roof off one building and at least five houses suffered some damage, a windmill was flattened and a section of wire fence wrecked. Tree limbs littered the area.

The funnel clouds to the southwest dissipated in dark clouds overhead after stirring up dust and little else. Dimmitt, 26 miles south of Hereford, was alerted but the funnels stayed away.

Rain fell widely over the southeast quarter of the state and in the eastern High Plains as the wettest summer in a generation or more drew near a close.

Temperatures frequently were in the 70s, occasionally in the 60s — unusually cool for this time of September.

SLICK ROADS
The rains made roads slick and hazardous and contributed to a number of traffic deaths.

Storm Dumps
Half An Inch
Here Saturday

A one-hour thunderstorm dumped up to half an inch of rain on the city Saturday, but it appeared to be only local as no measurable precipitation was reported outside Big Spring.

The rain started falling here around 4:30 p.m. and continued for exactly an hour. It rained so hard, cars had to slow their speed and was so dark for a time they had to turn on their lights. Thoroughfares were turned into shallow canals. Gutters ran full.

LIGHTNING
Lightning punctuated the downpour which came from lowering, darkened skies directly over the city and residents watched anxiously as they heard reports of a tornado in the St. Lawrence area and tennis ball-sized hail in Midland, where one person was killed by a lightning bolt.

Texas Electric Service Co. reported getting news of the hail and lightning fatality on its teletype here.

But the same source reported no rain measured at its headquarters on the east edge of Big Spring. For the full day Saturday, the company spokesman said, only a trace was had and no measurement was taken.

NO RAIN
The spokesman said Morgan Creek, south of Big Spring, had no rain Saturday. At Lomax, southwest, a light shower was reported Saturday morning, but no measurable precipitation in the remainder of the day.

Knott and Ackerly, both northwest of Big Spring, reported no rain Saturday.

Luther, northeast of the city, and Lomax, southwest, also were spared further rain. The latter reported a very light shower, too small to measure. Coahoma had a light sprinkle but reported no measure.

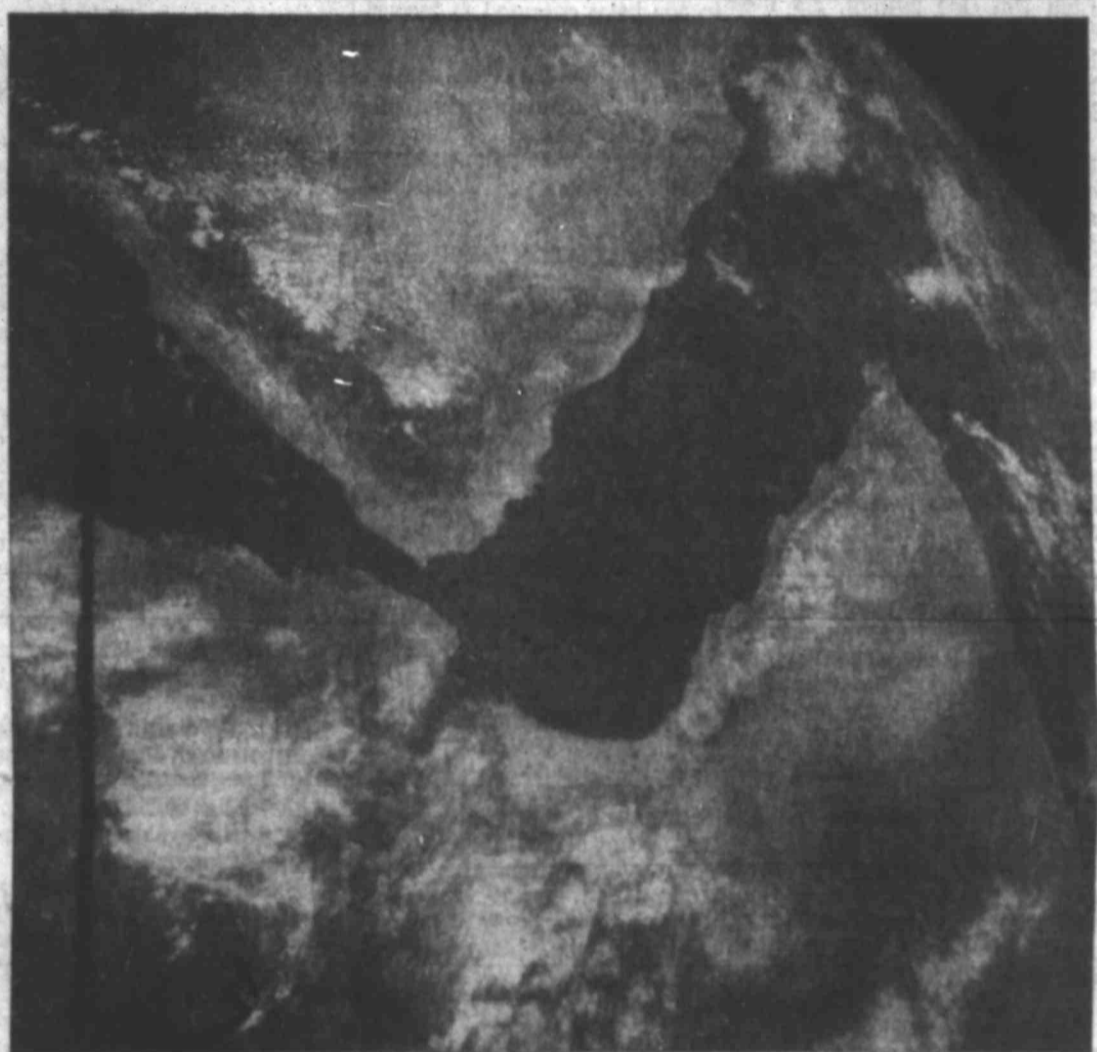

The outlook for Sunday was reportedly soggy. Residents of Big Spring and vicinity with yards and gardens already plentifully endowed with moisture, were in store for still more.

FARMERS
Farmers, who usually pray for rain in these parts, were hoping for a long dry spell with hot sunshine to benefit their crops. Pastures, already green and wet, were probably in for still further growth due to the continuing rains.

Monday Is HCJC
Signup Deadline
Deadline for registration in the fall semester at Howard County Junior College comes up Monday.

Through Friday, 950 students had enrolled in classes, and B. M. Keese, registrar, said that others will have their last chance Monday before the class in which they intend to enroll.

The total is down about 60 from last fall. Registrations from Webb AFB are down about 75 due to uncertainty of the Viet Nam situation.

Top Texas Politicos
Set To Map Plans

By GARTH JONES
Associated Press Writer

Almost 8,500 delegates of Texas' two big political parties gathered in Austin and San Antonio Tuesday to chart their course for the next two years leading up to the 1968 presidential elections.

Hundreds more friends and families of the official Republican and Democratic delegates will join in pre-convention celebrations Monday night honoring the parties' two main standard bearers this November — Sen. John Tower, Republican, vs. Atty. Gen. Waggoner Carr, Democrat.

CONTRIBUTING
Generally, both conventions have the task of writing a state platform, naming party officials and certifying their nominees picked in the May and June primaries.

Specifically, both conventions will spend much of the time trying to boost the enthusiasm, and contributions, for the Carr and Tower campaigns.

Republican activities begin Sunday in San Antonio with preliminary registration of 2,220 delegates. There will be an open session of the State Republican Executive Committee 10 a.m. Monday for expected routine matters, followed by a closely guarded secret session over party finances.

PINK ELEPHANT
Monday night, many GOP delegates and their friends will attend a \$12 pink elephant dance at the Granada Hotel. Tower will be the guest of honor. The entertainment scheduled includes Ruth Born of Houston and the Larry Herman orchestra.

The same night in Austin, many of the 6,258 Democratic delegates plus friends will pay \$25 a head for a "victory kick-

off" dinner in the auditorium. First they will hear Carr make an 8:30 p.m. statewide television speech, then Jimmy Durante will put on an hour-long entertainment program. Former Gov. Price Daniel will introduce Carr.

BEGINS
The official convention schedule begins for Democrats with an 8:30 a.m. meeting Tuesday of the State Democratic Committee to decide contesting delegations from Angelina, Denton and Midland counties. The com-

mittee also will rule on delegation protests filed from Harris and Armstrong counties. Also to be decided at this time is the committee choice of a nominee to replace state Rep. Bill Satterwhite of Ennis, who decided not to run after the May primary.

Democratic chairmen of Ellis and Hill counties were unable to choose between Steven Chapman, Waxahachie lawyer, and retired Air Force Gen. Aubrey Moore of Hillsboro, which passed the decision to the state committee.

The governor also said "it might be well" to consider periodic testing of drivers to assure their continued capability.

He also said some kind of provisional license for drivers under 21, "with a means for revoking those of this irresponsible minority" who cause accidents, should be considered.

CONNALLY
Connally said he is considering asking the legislature to pass a law requiring an automatic jail sentence for driving with a revoked or suspended license.

In many respects, he added, Texas' compulsory vehicle inspection law needs tightening. He said he has asked the Department of Public Safety for its recommendations.

CLASS FUNDS
ROLLING IN
Gifts rolled in Saturday as the formal appeal for the Bible Class fund neared its end and pushed the total well past the \$2,100 mark.

Among the donors were the Rotary Club, which kept alive its tradition of an annual gift to the class. There was support from several individuals and class groups, too, and possibly after today, others will send them to The Herald for acknowledgment.

In addition to the total, the First Church of God sent in \$50 as a budget support item of the fund.

Reviewing The
Big Spring Week
With Joe Pickle

Our area got through several days of accidents on slick highways and streets with some serious but not critical injuries, and the tragedy struck on a remote oil lease in southeast Howard County. William H. Wallace, 61, was electrocuted as he worked on a switch box. While crew members sought vainly to revive him, Virgil L. Greene, 50, somehow came in contact with the power source. Companions instantly tried to resuscitate him, but it was not to be.

CAVALRYMEN FRUSTRATED

Village Burning Explosive Issue

AN AP News Analysis
 EDITOR'S NOTE: Associated Press correspondent Peter Arnett spent three days this week with troops of the U.S. 1st Air Cavalry Division in a hunt for Communist units in the Bong Son area of central Viet Nam. Here he discusses the controversial subject of village burning.

By PETER ARNETT
THE CROW'S FOOT. South Viet Nam (AP)—When and why does an American troop commander in Viet Nam order the burning of an enemy village? "Not today, for any reason," said bespectacled, unshaven Capt. Nelson Newcombe as he noticed wisps of thin white smoke spiraling over a cluster of brown, thatched huts that made up the hamlet of An Huu. He barked into his radio: "Who the hell's burning down those houses? There'll be no burnings today, that's an order."

GET UPSET
 The 2nd Platoon of Newcombe's company had moved across a soggy, mile-wide paddyfield earlier in the day Thursday to search for Viet Cong and enemy weapons. Shot at in the operation, they had put the torch to some of the meager dwellings.

Newcombe again insisted over the radio that they stop. He had had enough of burning villages. Just the previous day, in a lightning raid on the nearby Linh Hoi One hamlet, his men had put the torch to a few houses still left standing after a long air bombardment and artillery barrage.

Some newsmen reported what the troops had done, the headquarters of Newcombe's division, the 1st Cavalry at An Khe, got upset, and explanations were demanded right up the line to Washington.

REFUSED
 At the bottom of the line in rain-swept coastal valleys called the Crow's Foot, where the war is not a vague conception of right and wrong but a brutal reality, Newcombe shook his head at all the fuss and obeyed orders.

In a few short hours the reality of the war struck home. Several tons of rice had been found in An Huu, and Newcombe's platoon asked permission to burn it. The company commander asked for an okay from higher up the line, then the request went higher. In the end, it was refused.

By this time night was coming on. The platoon was looking uneasily at the thatched homes of An Huu, topped by excellent hiding places for people both friendly and unfriendly.

FIRE ERUPTS
 Told to burn neither the rice nor the village, the platoon moved out into the paddyfield for the long hike back to the company base.

Just 50 yards out, fire erupted against them from skillfully hidden Communist positions around the village. One soldier on his first combat mission in Viet Nam was the first casualty, shot dead in the back.

Losses were light over-all, but the platoon was pinned down for two hours until air strikes and body of a soldier left behind artillery had silenced the snipers.

PEACE CORPS?
 The GI comment was bitter. "Men dead and wounded just because we couldn't destroy

enemy territory," one soldier said. "Are we in the Army or the Peace Corps?"

The cavalrymen were frustrated for a lot of reasons. They were operating in recognized enemy territory.

The hundreds of people in the hamlets around the Crow's Foot, which snakes south from Bong Son, did not vote in the recent Vietnamese election. The Viet Cong saw to that.

HOLES PUNCHED
 Holes were punched in five U.S. Army helicopters by groundfire near Linh Hoi One and An Huu.

To the cavalrymen, then, the hamlets with their deep bunkers and trenches were obvious targets for destruction.

The argument against destroying villages is that this will destroy the hope of ever getting cooperation from the people. This argument often has been dropped, however, when U.S. troops have operated in intractably hostile areas.

Such an area was the Crow's Foot. U.S. planes dropped millions of leaflets on the hamlets, warning residents that homes would be destroyed if the Viet Cong hid there.

USED BY FOES
 And the night before the military operation got under way, the commander of the 1st Cavalry Division, Maj. Gen. John Norton, told this correspondent: "We have to do something about these villages. We know they are used by the enemy. But how far can you go?"

When the rapid-fire assault began, Newcombe's troops burst through Linh Hoi One without seeing a soul. Believing the local population had fled along with the enemy troops, they began burning down the few houses that remained standing.

At this point scores of women, children and old men poured from deep hideouts under the homes. They appeared more angry than upset as they watched their flimsy dwellings go up in smoke.

TORCH REMINDER
 Newcombe figured that by burning down the houses, the enemy would be preoccupied rebuilding them in the next few months and spend less time fighting the war. And the torch also would serve as a reminder that punishment was always near for those who forcibly opposed the government.

Realizing newsmen were present, the division high command ordered all burning to cease.

The lesson that Newcombe, a studious officer from Auburn, Maine, learned was that the burning of a village must not only satisfy purely military objections, which the cases of Linh Hoi and Huu amply did.

The politically explosive nature of news pictures and stories of huts being deliberately destroyed must also be considered.

Call For Support

U.S. Marine corpsman shouts for help and reinforcement of his position alongside seriously wounded comrade after surprise attack by Viet Cong machine gun fire just south of the demilitarized zone in Viet Nam.

Wounded Marines Cry For Help In Deep Mud

NEAR THE DEMILITARIZED ZONE, Viet Nam (AP)—The Marines could not be seen, but their screams and cries for help rose from the rice paddy.

The paddy was deep with mud and high with rice. The Marines had dived into it from a dirt road when the Viet Cong opened up with machine guns.

Corpsmen couldn't tell how many men were hit. Shouts of "Corpsman! Corpsman!" and "Help, I'm hit!" pierced the din of bullets and mortars.

This was the lead platoon of Bravo Company, 1st Battalion, 26th Marines, 5th Marine Division, pushing toward enemy positions along the demilitarized zone between North and South Viet Nam.

Two local veteran Vietnamese militiamen from the border post of Gio Linh accompanied them and told of a Viet Cong platoon that over the years had killed many government soldiers.

The Marines, who had landed the day before from the aircraft carrier Iwo Jima on Operation Deckhouse Four, decided to go after this platoon.

They were about 1,500 yards short of the demilitarized zone and eight miles inland from the South China seacoast.

The lead platoon maneuvered along a dirt road that cut through green paddies. Gently rolling hills, overgrown with dense brush and jungle sloped up from the rice fields.

The platoon followed the road around a bend and then, just 20

yards short of a broad dump of dense brush, the enemy cut loose with furious machine-gun fire.

Everyone scrambled for cover into the paddies. In seconds the road was empty of men—except in the point position.

Two men there were hit with the full force of the opening enemy blast. They writhed, tried to crawl, groped helplessly in the air and then sprang in the road.

Marines in the rear did their best to push forward to help. But they, too, had to get off the road and into the paddies. As they tried to run, knee deep mud sucked at their legs. Too much heavy equipment weighed them down. They plunged forward on all fours.

Corpsmen and machine-gun teams were the first to reach the battle scene. They peered over dikes and could see no one; they could hear the firing and the cries for help.

The machine guns began firing into the treeline. A rocket launcher team joined them, and the corpsmen crawled forward to find the injured.

They found wounded struggling to keep their heads above the muck. Their wounds were packed with mud, and two-inch leeches were clamped on raw flesh.

By the time the corpsmen

reached the two lead men it was too late. One man was pulled to the roadside, and a corpsman desperately gave him artificial respiration and hoarsely pleaded: "Don't die! Don't die! You won't die! You can't die! Please, please, don't die!"

The corpsman, like the rest of the company, was in his first real fight in Viet Nam. He had never before treated a man so badly hurt.

He worked and worked. Then he stopped and put his ear against the man's bare chest. "He's dead," he said.

"What's his name?" the corpsman then asked.

The man's shirt and dog tags had been ripped aside as he was moved and treated.

"What's his name? I don't even know his name."

The fighting continued for an hour and a half. The Marines battled back with all they had. As dusk settled helicopters came in for the wounded and dead.

Five men carried a body in a poncho as they moved to the landing zone at the rear. They passed a squad of Marines crouched against the roadside. Weapons stayed trained ahead, but every head turned for a moment to watch the men.

The dead and wounded were flown back to the Iwo Jima. The rest of the company dug deeper into the mud for the night.

Police Searching For Young Escapee

A search was under way Saturday for a young police character who escaped from a squad car while still in handcuffs.

Officers said the man, who was slashed with a knife in an altercation several nights ago and arrested a day later as a suspect who knocked out the windshield of a car with broken chunks of asphalt, was caught with a pistol.

The officers, Jim Eggleston and Virgil Abshier, said they saw the suspect on the porch of a vacant house in the 300 block of North Bell with another youth and girl shortly after 3 a.m.

They said the man saw them and threw a loaded .22 caliber revolver under the porch. They recovered the gun, which contained one live round and three empty cases, they said.

Placing the two young men under arrest, handcuffing them and seating them in the squad car, the officers then ran around the house to check on a noise they heard.

Rites Set For Adm. Quinn

Full military rites will be held for Rear Admiral John Quinn, USN Ret., at 2 p.m. in Arlington National Cemetery.

Admiral Quinn died suddenly Thursday morning of a massive heart attack at the Balboa Naval Hospital where he was convalescing. The body was sent from San Diego Saturday evening and will be at the Gawler Funeral Home in Washington, D. C. Mrs. Quinn and their son, Lt. Tommy Quinn, were to arrive in Washington at 5 p.m. Sunday and will be at their home at Apt. 514 East, 4201 Cathedral Ave. NW.

After the bier has been carried to the burial site on the caisson, Rear Admiral Kelley, chief of the naval chaplaincy, will conduct the rites. Enlisted men will be pallbearers and members of the admiral's class of 1928 will be honorary pallbearers. Flowers will be furnished by his classmates and those of Lt. Quinn ('62). Those who wish to make memorials are asked to remember the Howard County Heart Fund.

Man Checked In, Made A Haul

A man who checked into the Wyoming Hotel, 100 S. Scurry, just before midnight Friday stayed only long enough to steal the sheets, pillow cases and spread from the bed in his room, police reported Saturday.

E. T. Sewell called police when he missed the items, saying the man appeared to have been drinking when he checked into the hotel at 11:55 p.m.

Investigators found a screen removed from the window of the room the man had occupied briefly. They described the suspect as Latin American, 38 years old, weighing 173 pounds and of medium height.

NO. 8 IN A SERIES

'I Will Prepare Myself ...'

By MIKE ROTHENBERGER
 Staff Representative

 Copyright 1966, Mike Rothenberg & Assoc., Inc.

History reveals that John Milton was one of the greatest, if not in fact the greatest, of all English poets. He was born in London early in the 17th century. He lived a useful, colorful and productive life, even though he suffered great tragedy. In his mid-thirties he began to lose his eyesight. At the age of 46 he had become totally blind.

He did not give up and quit. He merely changed his method of operation. He could not write his own lines anymore, so he dictated to a secretary. Having lost his eyesight, he went ahead to develop his already keen mind even further. Some 10 years later, he produced what was considered his greatest work, "Paradise Lost" and still later, "Paradise Regained." Even though he could not see, he painted beautiful, vivid and living pictures in words, for all posterity to see, to enjoy and remember. The pages of history are replete with the biography of men and women who forged on to tremendous success and service to humanity, even in the face of great handicap and misfortune. For example, Beethoven composed his greatest works in music after he became totally deaf. Franklin D. Roosevelt, the only President in the history of our country who ever received a third nomination for that office, went ahead to be re-elected to a third and even a fourth term to the office of President of the United States. He did it, in spite of the fact that he was a physical cripple. These people were made of the stuff that caused them to forge on in spite of their handicaps, and prepare themselves through the development of their latent talents and abilities.

It was the prominent man of Harvard University, Professor William James, the one who earned for himself the title, "The Father of Modern Psychology," who, for years, contended that the average man never develops more than 10 per cent his latent ability. If we stop to think about it that's about like our eight cylinder car engine running on less than one cylinder.

We have but to look around us and observe some of the people we know. We probably won't find it hard to single out a person who seems to have so many things in his favor: health, personality, good looks, sufficient education and such.

but for some reason he never seems to accomplish very much. In contrast, we can probably think of some who lack many of those personal advantages but who are succeeding in spite of it.

The truth is that we don't have to possess all the desirable qualities in order to succeed. We can single out our strongest mental assets and concentrate on their development. We can diligently put them into practical application and our chances of success are good. But the secret lies in developing them to their fullest and making that practical application. If we don't, the chances are that we shall always remain in the ranks of the mediocre. In this enlightened age there is no excuse for failure because we can, through simple but deliberate analysis, discover our latent talents and quickly develop them to the extent that we shall soon rise above the crowd and go on to greater success and fulfillment. It is up to each of us to take the initiative to start moving in the right direction.

WINGS OVER BIG SPRING City To Get Preview Of Jet Service Oct. 2

By JERRY MONSON

Big Spring will receive a preview of jet powered air service on Sunday, Oct. 2, when Trans-Texas Airways first jet powered Silver Cloud 600 makes its debut at Howard County Airport.

Flight 622 will originate in Midland-Odessa at 5:45 a.m. and arrive in Big Spring at 6:04 a.m. The Silver Cloud will depart Big Spring at 6:15 a.m. and arrive in Dallas at 7:44 a.m. with an en route stop in Abilene. A hot breakfast is scheduled for passengers between Abilene and Dallas.

Flight 622 will operate on Sunday only during the month of October. TTA's plans call for daily service with the prop jet soon and complete jet-powered service by the end of 1967.

The Silver Cloud 600 is powered by twin Rolls-Royce Rd 10a engines and cruises at 325 mph. The prop jet is air conditioned, carries 40 passengers and is equipped with stereo music.

Ector County Airport will be base headquarters for the state-wide Texas Wing Search and Rescue Operation for the Civil Air Patrol Sept. 23-25. The Big Spring Composite Squadron, CAP, will participate. The encampment is expected to draw between 200-300 in more than 100 planes.

Purpose of the encampment is to evaluate the Texas Wing's emergency services capabilities in reconnaissance, locating the distressed area, command and signal, communications, ground rescue coordinating instructions and administration and logistics.

Lt. Col. and Mrs. E. L. Mulkey will accompany the local squadron.

The New Mexico Aeronautics Commission will join with the Texas Aeronautics Commission in the sponsorship of a flight instructors clinic in El Paso Nov. 15-19.

This is the first time two states have cooperated in an instructors' clinic. Instructors planning to attend should contact either the Santa Fe or Austin headquarters of the commissions.

Up in the glider of the Signal Mountain Soaring Society this week were O. D. Landrum, Sam Landrum and Orville Shapland.

The club held a special meeting last Monday night on soaring club activities and talked over plans to move to the Moss Creek air strip as soon as it is

ready. Fifteen members attended. Another meeting has been tentatively set for the second Monday in October.

Webb Aero Club recently welcomed two new members, Paul Safartha and Earl Powell, who were up for their first flights last week.

Bob Brown has completed his cross-country solo for his private ticket with a trip to Roswell N. M.

Lee Turner was on his first supervised cross-country this weekend.

The next general membership meeting will be at Withycombe Hall Sept. 21 at 8 p.m. T. Sgt. Page A. Sparks is publicity of surgeon's office for the club.

Robert Winders of the flight surgeon's office recently signed up for instruction. Tom Thomas will serve as his flight instructor.

Bob Brown was checked out in the 172 this week. Up in the 190s were Rolando Tapia, Dick Drake, Bob Mayor, Tom Thomas, Wes Pearce, John Dinger, Murray Cook, Phil Roberts, Glen Armstrong, Gale Andrews, John Yucci, Lee Turner and Phil Brown.

Charlie George, instructor for Big Spring Aircraft, has two new students, Larry Seals and A. J. McNallen.

Don Loyd, working on his commercial ticket, got in some flying time this week in both the Colt and Cherokee.

Picking up their single engine ratings in the Cherokee were Robert Larson and Robert Sanchez.

Also up in the Cherokee 180s of Big Spring Aircraft were Robert Lebkowsky and Gene McKiska.

Between the days of rainy, cloudy weather, members of the Howard County Flying Club

Several ministers in this area had a part in production of the film. Among them are the Rev. O. A. McGray, pastor of the Forrest Heights Methodist Church in Lubbock. Four bishops are presented in the film, in which Gov. Connally also appears.

Baha'i Group Meets Here

Members of the Baha'i faith in more than 500 American communities will sponsor and observe World Peace Day to spread the recognition of America's spiritual destiny to raise the standard of peace in the world.

A public picnic sponsored by the West Texas-Baha'i Community will be held at Big Spring City Park at 10:30 a.m. The speakers will be Bruce Hamilton, Lubbock, and Mrs. Mary Lou Martin, traveling Baha'i teacher from Chicago,

Graduate Course Being Planned

ODESSA — Dr. Jack Rodgers, president of Odessa College, has announced that a meeting Tuesday at 4 p.m. to organize a University of Texas graduate course "Program Development and Research: Higher Education." Classes will be taught by Dr. James W. Reynolds, consultant in higher education at the University, and students will receive three semester hours of graduate credit for the course.

The seminar-type classes would be taught on Wednesday or Thursday evenings and would meet 12 times.

YOUR Horoscope Forecast for Today and Monday

By Carroll Righter

SUNDAY
GENERAL TENDENCIES: A day and evening which are fine for actions, in dividends, etc. to help find that peace that is deeply imbedded in the heart of each of us. First benefits will come getting into whatever is vital to your welfare and happiness. Gaining the assistance of all about you.

ARIES (March 21 to April 19) Use your fine intuition to show you how best to deal with partners in the future. Set a precise course for yourself. Forget all those high-falootin' mess and be helpful to those at home to best of your ability.

TAURUS (April 20 to May 20) Decide what course is best to follow in that you come to feel understanding with associates, and you find you get much help when most needed. Show respect for loyalty of mate. Or if could give to your best friend.

GEMINI (May 21 to June 21) You know how to handle that big project best. It goes you a headache earlier and you can achieve much success, even fame. Some help you can give to others could bring the benefits later. But do it for the love of humanity.

MOON CHILDREN (June 22 to July 21) Some idea can make hobbies or other amusements more satisfying at this time. This is a good day to go out with fascinating individual you just met. Be a little mysterious.

LEO (July 22 to Aug. 21) Some sacrifice on your part could make your family's life infinitely happier, so be sure you show you are devoted. Forget pleasure for now and some studying. This can improve your career.

VIRGO (Aug. 22 to Sept. 21) A more inquisitive mind is needed if you are to make greater strides in any field of endeavor, so be out seeking, talking to people, going to meetings, etc. Regular jobs are busy, anyway. Become a more interesting person.

LIBRA (Sept. 22 to Oct. 21) By elevating your consciousness you can get yourself into higher financial brackets and increase yourself securely appreciably. Plan now. Take time to analyze your property well, see where to make improvements, etc.

SCORPIO (Oct. 22 to Nov. 21) You can gain some aim today that was impossible for you to do yesterday, so get busy and success comes. Show that you are very charming. Getting those new plans operating is only a matter of determination.

SAGITTARIUS (Nov. 22 to Dec. 21) Ideal day for study of whatever is very worthwhile, so get books, records, etc. in order. Evening can then be a most happy fantastic time. Fine harmony, understanding is possible with loved one.

CAPRICORN (Dec. 22 to Jan. 20) If you expect to get cooperation for plan in mind, you have to assist others with theirs. So, get together today and talk. Making new and valuable contacts is also possible. Be social.

AQUARIUS (Jan. 21 to Feb. 19) Join with others in some civic matter that is of important value right now, especially in your community. Take your rightful place in the scheme of things. Planning new week's activities tonight.

PISCES (Feb. 20 to March 20) Several things open up for you today that help to give you a more optimistic outlook on life. Take the time to talk over with a clever, seasoned person what you wish to accomplish in the future. Follow advice.

IF YOUR CHILD IS BORN TODAY
he, or she, will be one of those tenacious individuals who once the mind is made up, can accomplish almost anything under the sun, so be sure to give a combined course of education that will be both practical and ethical, and that only the finest persons and conditions are about from earliest days, since environment is very important to this naturally fine individual. A great scientist here.

MONDAY
GENERAL TENDENCIES: Excepting for social or romantic matters this new week can be begun in a very positive and forthright manner with a great deal of value done quickly and with more than usual ease and facility. You have more energy which should be placed in very desirable channels in which event anything can be made to work.

ARIES (March 21 to April 19) Find the new ways to accomplish what you have in mind and going to new sites brings greater enlightenment. Be willing to make any change, if you believe them to be best. Right persons will appear. Be diplomatic though.

TAURUS (April 20 to May 20) Keeping promises you have made in A.M. is vital. While your systems are good, they can stand improvement and re-evaluation. A sincere show of devotion to loved one is preferable to too much sentiment.

GEMINI (May 21 to June 21) Others will cooperate with you more if you are not fearful with higher-ups. Do whatever has been increasing to do more this. Then sit together for an exceedingly good time. Show appreciation.

MOON CHILDREN (June 22 to July 21) You best show that you are devoted by carrying through with what is expected of you by that person important in your life. Stop doubting and less deliberation. Then you get desired results, more success in life.

LEO (July 22 to Aug. 21) Be sure to keep promises to another and you in fact, your family which has a rather stranger to you lately. Find that ingenious plan that perfects hobby, carry through with it in a spontaneous and deliberate way.

VIRGO (Aug. 22 to Sept. 21) Know what it is you need to have a more secure position in life and you find that those lies can have wonderful ideas to prefer on this score. Don't be so prejudiced. Have a more open mind in the future.

LIBRA (Sept. 22 to Oct. 21) Impress upon those with whom you work or are your partners that you will do whatever will make your joint efforts more harmonious and efficient. Keep that important appointment. Get desired results.

SCORPIO (Oct. 22 to Nov. 21) Getting right to work on money matters in A.M. sees you increasing abundance appreciably. Make any improvements to property, systems, etc. that mean increases in value, output. Be sure your car is in good running order.

SAGITTARIUS (Nov. 22 to Dec. 21) You are able to attain almost any goal you set your mind to today, so pick your target and shoot for it in a positive manner. Your ideas are numbered by your mind. Put each one to work methodically.

CAPRICORN (Dec. 22 to Jan. 20) Repeating machinery, clearing up problems are important in A.M. Have patience and show that you are willing to compromise a little for the sake of getting back on the beam. Then all eases up for you.

AQUARIUS (Jan. 21 to Feb. 19) Good companions want you to go along with their ideas, which is fine, since they concern the social and this is right up your alley. Be the wonderful Aquarian who brings friends together, etc. Be happy.

PISCES (Feb. 20 to March 20) An early start to look for that new job or get the credit you need will see you getting right results. If you have time to do some odd work, do it by all means. Keep busy, improving your position in life.

IF YOUR CHILD IS BORN TOMORROW
he, or she, will be one of those inspiring persons who will want to know all about different philosophies, beliefs of others, those of different countries, etc. There is a very insatiable here and a desire to know what makes other people tick. Start the education along such lines and the success should be considerable, especially in the field of education or writing, lecturing, etc.

Bill Johnson Will Head Kiwanians

Bill Johnson, insurance man, will be the new president-elect of the Big Spring Kiwanis Club. He will take office Jan. 1, succeeding Clyde Hollingsworth.

Johnson was elected unanimously at the regular Thursday meeting of the club. All nominees listed by Bob Travis, chairman of the nominating committee, were elected by acclamation.

Roscoe Newell, Runnels Junior High principal, will be the club's new first vice president. Jim Thompson, therapist with the Dora Roberts Rehabilitation Center, will be second vice president. Delaine Crawford was re-elected as secretary-treasurer.

Three new directors elected for two year terms were Noel Reed, Dawson DeViney and Wendal Parks. Hollingsworth, as retiring president, automatically becomes member of the board in an ex officio role.

Retiring members on the board are Sam Blackburn, Ernest Welch and Jay Banks. The holdover members are J. C. Pickle, George Franks, Garland Helton, and Paul Chappell. Bob Travis, the 1965 club president, also retires from the board this year. Travis, also editor of the club bulletin, is leaving next week to make his home in Fort Worth. He is connected with Texas Electric Service Co.

Dallas Mansion May Be Saved

DALLAS (AP)—Millermore, an old Dallas mansion threatened with destruction to make way for a church, may be moved downtown.

The 111-year-old home will be dismantled and stored in a warehouse while the Dallas County Heritage Society seeks to raise \$50,000 necessary to rebuild the structure in a downtown city park.

Dallas Group Plugs Airport

DALLAS (AP)—Mayor Erik Jonsson, set up an organization Saturday to campaign throughout Texas for permission to establish the Dallas-Fort Worth Regional Airport.

The issue is one of 16 which will face voters Nov. 8 in the general election. It is a proposed constitutional amendment, and sponsors of amendments often fear voters will reject them because they do not understand them.

Jonsson appointed C. A. Tatum, president of the Dallas Power and Light Co., to head the campaign committee.

The mayor said "the most immediate problem is to make certain that all our citizens have all the facts."

The amendment, proposition No. 2, would be only the first step in forming a regional airport authority. The amendment would allow individual counties to decide by election if they want it.

"We in this area must take the facts concerning the airport to the voters in all 254 counties if we are to win approval of the amendment," said the mayor in a formal statement.

Jonsson said, "The Dallas-Fort Worth area must have a regional airport," adding, "given all the basic facts, thinking citizens will quickly realize the urgency for immediate action, and they will do what needs to be done."

OBSTACLES OVERCOME

Sterling City Now Has Natural Gas Service

STERLING CITY (SC)—More than 200 customers are now enjoying the advantages of natural gas in Sterling City.

Meters were set last week by RamGas Corp., the city's supplier, and gas began to be turned on Friday. Almost all the business houses, the Sterling County courthouse, the school and more than 200 residences are connected to the system.

RamGas was set up in the autumn of 1965 when Skip Lively talked with several men in Andrews, where he then lived. He had his eye on Sterling City and came up with ram in recognition of Sterling's reputation as a sheep producer.

More than \$200,000 has gone into the installation of gas mains in the city. Lively said that the project has been set up for a 30-year amortization. He is joined in the corporation by Dr. R. R. Ramsey, Max Ramsey, Dr. Neil Hay, and Ray Horton, all of Andrews.

Lively, who is directing operations here, owns 20 per cent of the corporation.

He became aware of the fuel situation in Sterling several years ago when he stayed in a motel. The fuel line froze, and he had no heat. Later, when he

had purchased that same motel, he began to talk of doing something "about that gas situation." However, nothing practical could be worked out.

GETS ENCOURAGEMENT After formation of the cor-

Quang Ends

His Long Fast

SAIGON, South Viet Nam (AP)—Thich Tri Quang, once powerful leader of the radical Buddhists, was reported Saturday to have ended his antigovernment, anti-Johnson fast after 100 days.

The 42-year-old monk was said to have bowed to appeals of the unified Buddhist church, the Vien Hoa Dao.

A Buddhist announcement that Tri Quang would end his fast was made Thursday and he had been scheduled to leave the hospital and go to the An Quang pagoda Friday. He remained in the Duy Tan clinic here to continue medical treatment, however, because of his weakened condition. He has long suffered from an asthma condition.

portion, he secured a franchise to serve Sterling City and encouragement from Mayor Lee Ried and many others. The sign-up wasn't easy, for he ran into rumors that natural gas was hazardous.

There were other obstacles, too, not the least of them rights of way for the pipeline. Sheep pens, garages, outbuildings, gardens jutted over the dedicated alleys, and lining up pipes in such a way to avoid antagonizing property owners became a chore. Occasionally there were mesquite thickets to chop through and vicious dogs to molly. There was some static, too, if a m blocked intersections, driveways, etc. while lines were being made, but by and large residents took it in stride.

INTERESTING FINDS

Several unusual items were unearthed as pipeline ditching progressed. Two pair of gold-rimmed eye glasses of a type worn around the turn of the century were dug up, and Lively said that "one pair were still in perfect shape and fit me. I could see perfectly out of them."

A small metal box, containing a tooth and a note written in Spanish from a little girl to her mother, dated, 1875, also was found.

Crude Oil Prices Hiked

AMARILLO, Tex. (AP)—The Shamrock Oil and Gas Corp. of Amarillo increased Saturday the price it pays for crude oil in the Texas and Oklahoma Panhandles.

The increase is seven cents per barrel for 40-44.9 degree gravity crude, from \$2.95 to \$3.02.

The increase meets the Phillips Petroleum Price hike announced Friday. Both price boosts became effective at 7 a.m. Saturday.

Phillips' change affected the Texas and Oklahoma Panhandle and Meade and Morion counties in Kansas. It applies to about 53,000 barrels per day.

Shamrock buys about 30,000 barrels daily in the Texas and Oklahoma Panhandles.

Phillips is the largest crude purchaser in the Texas Panhandle. The price increase by Phillips excludes the Quinduno Field of Roberts County because of a different classification.

Stock Market Bounces Back

NEW YORK (AP)—The stock market last week made one of its greatest gains in history, responding to President Johnson's proposals for curbing inflation and easing pressures on interest rates.

The market rose every day of the week except Friday when a mixed performance was given. Most averages declined Friday, although more stocks rose than fell.

The Associated Press average this week advanced 12.2 to 293.1, topping the previous record weekly advance of 11.3 which was made on two weeks, those ending Nov. 30, 1963, and Nov. 3, 1962.

The Dow Jones industrial average this week advanced 38.75 to 814.30.

The ability of the Dow industrials to rise above the magic 800 level was a most encouraging technical phenomenon which drew a lot of traders back to Wall Street. This was accomplished Wednesday when the closely watched average surged ahead 10.75 points and went above 800 for the first time since Aug. 19.

Of 1,567 issues traded last week on the New York Stock Exchange, 1,206 advanced and 245 declined.

Escaped Con Remains Free

PLAINS, Tex. (AP)—Leamon Elson Lemley, who hid out for 22 years under the cloak of respectability after fleeing prison, went about his business as usual Saturday while two states pondered what to do with him.

Lemley was free under \$1,000 bond as a fugitive. He has been living with his family, including four children, on a farm near this Yoakum County seat near the New Mexico line.

Editor Harry Cayce of the Plains Record said Lemley has been a respected member of the area.

Deputy Sheriff Bill Jones said a routine pickup of Lemley on a disturbance call resulted in his being fingerprinted. His fingerprints revealed he walked away from the Alabama prison July 24, 1944. He was a trusty under 20-year sentence.

A petition seeking clemency for Lemley is being circulated and will be sent to Gov. John Connally of Texas and Gov. George Wallace of Alabama.

Normal routine would be for Alabama to ask Texas for extradition and for a hearing to be held by the Texas secretary of state, who will make a recommendation to Gov. Connally.

Cayce said the petition states, "We are now aware that Mr. Lemley by reason of family difficulty killed a man in 1941, and we know that through his remorse and suffering he has paid for this crime many times."

Fruit Stand Entered Again

Three times in one week someone has broken into the Lamesa Highway Fruit and Vegetable Stand and stolen candy while scattering vegetables all over the place.

Mrs. D. C. Ward, owner, reported to police that her store, 901 Lamesa Highway, was last entered sometime Friday night by forcing the back door. She did not report the first two burglaries.

Whoever broke in took 25 to 30 pounds of candy, Mrs. Ward told police, and made a mess of the interior with tomatoes, soft drinks and other items.

On Clerk Staff

Janis Crocker has assumed her duties as deputy clerk in the office of Pera Cox, district court clerk. She replaces Joan Daniel who has moved to Houston. Mrs. Crocker is the wife of John W. Crocker, 1819 E. 13th Street, formerly with Texas Electric Service Co.

County's Demo Delegation To Back Governor And Carr

Howard County's delegation bid for re-election and Waggoner Carr, candidate for the United States Senate. Most members of the delegation attended a caucus here Friday evening when Tom L. South was named chairman, replacing

R. H. Weaver, who must be in Abilene Monday to plea a case in United States District Court. Howard delegates will caucus with others from the 24th state senatorial district at 4:30 p.m.

Monday in the Savory Room of the Terrace Motel. Since Tom Gordon, Abilene, is a candidate for re-election as district committeeman, Rep. Raleigh Brown, Abilene, likely will preside. Mrs. Irons has the backing of Connally forces in the district.

Among those at the caucus who are due to go to Austin are South, Mr. and Mrs. John L. Taylor, Jack Wallace, Bill Coleman, Mr. and Mrs. Jack Irons, H. W. Smith, Mr. and Mrs. Billy Jones, Don Womack, W. D. Berry, Darrell Hobertz,

John W. Gary, Jack Buchanan, Barney Edens, Dr. Robert H. Johnson, O. H. Ivie, another delegate, will be in New York on business for the Colorado River Municipal Water District and cannot attend. Howard County will have 24 votes in the convention.

AUSTIN (AP) — State police said 2,185 persons had died in Texas traffic to noon Friday compared to 1,894 last year. The increase was 16 per cent.

Runnels To Host Parents

Runnels Junior High School parent night is set for Monday at 7 p.m. in the school gym, Roscoe Newell, principal, announced Saturday. Sam Anderson, superintendent of the schools, will be the speaker. All parents of students in Runnels are urged to be present.

The night is sponsored jointly by the Runnels Junior High Parent-Teacher Association and the Runnels Student Council. Refreshments will be served.

All of the school teachers will attend and the purpose of the gathering is to enable the parents to meet the teachers.

President of the P-TA is Mrs. Gerald M. Bennett and Gary Hinds is the student council president. Mrs. Bailey Clements is the student council sponsor. Parent Nights are annual school features at Runnels but

are usually held later in the school year. This year, Newell explained, the meeting was scheduled for the present date because Anderson would be available as the speaker on that date.

Road Work Due An Early Start

Contractors are assembling material preparatory to starting on more than \$300,000 worth of federal road work in Howard County. Actual construction will probably get underway within the next month or six weeks, according to Joe Smoot, resident engineer for the Texas Highway Department.

He said that he has been advised that Strain Brothers, Inc. holder of a \$296,045 contract to repave 20.651 miles of US 87 north of Big Spring to the Martin County line, expects to begin operations early in November.

The contract gives the contractor 125 working days to

complete the job. The project involves resurfacing one of the two segments of the multilane road.

The road is to be paved with premix asphaltic concrete.

The second job is something a little new in road work in this county. It is a \$66,174 project involving the installation of an irrigation system and a seeding detail at the intersection of SH 350 and IS 20 bypass northeast of town. The job is a step in the national highway beautification program now being pushed. It also will help stabilize steep slopes.

J. D. Jones Construction Co. of Big Spring is the contractor.

School Levy Up In Coahoma

COAHOMA — The Coahoma Independent School District's tax roll will produce a levy of \$325,614 for the current year.

Trustees got a report on taxes at its meeting last week. For 1965, the levy was \$293,638, and collections through Aug. 30 stood at \$293,460. This latter figure included \$8,956 in delinquent taxes, plus \$2,132 in penalty and interest.

Trustees voted to participate in the Title I program with a grant of \$9,000. This will enable the school to have a full-time school nurse and two library aides. Supplies for the health program will be furnished and new books will be added to the library.

New teachers elected are Kendell Cleckler and Mrs. Cleckler, Mrs. Mary Ann Hartin, Mrs. Judy Smith and Mrs. Marie Ethridge, Mrs. Janet Miller, Mrs. J. D. Tate, Mrs. Jamie Lee and Miss Sharon K. Milstead.

Bus drivers added to the staff

are Melvin Tindol, and Mrs. A. V. Lewis. Mrs. Mary Womack was named lunchroom supervisor and Alzonso Arispe was named janitor.

ates quality problems in storage, and requires more drying and cleaning at the gin. Overdrying and overcleaning at the gin are considered to be major causes of fiber damage and subsequent poor mill processing and yarn quality, the National Cotton Council reports.

Deciding when to start picking each morning will depend primarily on the moisture content of the seed cotton. As a general rule, it is safe to harvest when seed cotton moisture is 10 per cent or less.

In addition, the harvesting machine must be in good order and adjusted and operated in accordance with plant and field conditions. Only water should be used in the spindle moistening system and only enough to keep spindles clean. When using hard water or when excessive green leaf conditions exist, a small amount of detergent may be added (a ratio of about 1 to 500).

Trash, Moisture Can Hurt Grades

MEMPHIS, Tenn. — The inherent quality of cotton can best be preserved when the producer maintains moisture and trash at low levels during machine harvesting.

KENNEDYS USE PRESSURE

Jackie Attempted To Gag Author?

NEW YORK (AP) — Author Jim Bishop said today that Mrs. John F. Kennedy had attempted to prevent him from writing a book on the assassination of President Kennedy.

Bishop said Mrs. Kennedy had asked him twice by letter two years ago to drop plans for a book to be called "The Day Kennedy Was Shot." When he declined, he said, the Kennedy family silenced most sources and brought pressure on his publisher, Bennett Cerf of Random House.

Cerf confirmed that Mrs. Kennedy had asked him not to publish the book.

The former First Lady informed him, Bishop said, that she had "hired" author William Manchester to write the history of the assassination. Manchester's book, "The Death of a President," is due for publication in January by Harper & Row.

The attempts to stop Bishop's book were disclosed Friday by Jack Anderson, an associate of Washington syndicated columnist Drew Pearson.

Bishop, in a telephone interview from his home in Hallandale, Fla., said Mrs. Kennedy had sent him a handwritten letter dated Sept. 17, 1964, in which she asked him "to please not go ahead with your intended book, 'The Day Kennedy Was Shot.'"

Four Injured In Park Wreck

Four youngsters were sent to the hospital late Friday night after the car in which they were riding turned over and landed in a creek in the Big Spring City Park.

Their injuries were minor. All were being held in the hospital for observation. Four others in the car were not hurt.

The injured included Sharon Whirley, 12, 1310 NE 3rd, daughter of Mrs. Mildred Williams, cuts and abrasions; Michelle Small, 14, Coahoma, daughter of Mrs. Edna Bowers, cuts on her face; Rose Watson, 12, Coahoma, daughter of Mr. and Mrs. Leslie Watson Jr. cuts; and Delores Casson, 14, Sand Springs, daughter of Mr. and Mrs. Donald E. Watson, cuts. All were reported in good condition. They were in the Cowper Clinic and Hospital.

Police investigators said the car carrying eight youngsters were driven by Harry M. Johnson, 17, 500 N. Johnson went out of control on a drive inside the park, skidded off the paving and turned on its side into the creek, police said.

Rusk Slates Meetings With Foreign Leaders

WASHINGTON (AP) — The State Department announced Saturday that Secretary Dean Rusk will fly to New York Monday for a week of meetings with foreign ministers attending the opening of the U.N. General Assembly's fall session.

Rusk slated an important session Thursday with Soviet foreign Minister Andrei A. Gromyko, the first such high-level U.S.-Soviet parley this year.

Rusk wants to sound out the Russians on Viet Nam, on a treaty to ban the spread of nuclear weapons, and a range of other items. Another potentially significant meeting is due with French Foreign Minister Maurice Couve de Murville. Rusk hopes for further word on President Charles de Gaulle's South-east Asian trip and on Paris' position toward the Atlantic alliance.

The French foreign affairs chief is expected to come to

Grenada. The FBI identified those arrested as: —Doyle Cleveland Vance, Grenada, truck driver. —Donald Bain, Grenada, factory worker.

—Leland McBride Belk, Grenada, service station operator. —Leon McBride Belk, Grenada, service station operator. —Archie Larry Campbell, Grenada. —William Bryant Flannigan, Grenada, garden nursery owner. —John Silas Hodges, Grenada. —Clyde Perry, Grenada, Sanitation Department worker. —Carroll Wilbur Ray, Grenada, auto body shop owner. —Jack M. Richardson, Grenada.

da, smoked ham house operator.

Robert Earl Shields, Grenada, service station manager. —Grover Lee Vance, Duck Hill, auto mechanic. —Virgil Vernon Vance, Grenada, laborer.

The arrests followed a U.S. Dist. Court order that Grenada officials protect Negro children from "savage and senseless" attacks by white men.

Judge Claude Clayton issued the order Friday night, saying the violence Monday and Tuesday in Grenada, 45 miles to the south, was "the shame of all who occupy leadership, both official and civic, in the county and the city of Grenada."

The ruling came after two days of testimony in which witnesses had said that in many instances police had taken no action while white men beat Negro children with ax handles and chains outside the newly desegregated schools.

Tech To Host History Meet

LUBBOCK — Texas Tech will be host to members of the Texas State Historical Association at a luncheon meeting Saturday in Tech Union Building.

Association officials announced today. This is the first time a meeting has been held outside of Austin.

Dr. Joe B. Frantz, chairman of the University of Texas History Department and a TSHA director, will be principal speaker at the 12 to 2 p.m. session in the Coronado Room.

A Western historian noted for his campfire folk tales, Dr. Frantz is the author of "Gail Borden: Dairy Man to a Nation," which received the Texas Institute of Letters Award. He also co-authored "The American Cowboy: The Myth and the Reality," and "6,000 Miles of Fence."

Tickets to the luncheon, which is open to all persons interested in Texas history, will be \$25 each. Reservations may be mailed to Dr. Seymour V. Connor, Texas Tech History Department, Lubbock.

Founded in 1897, the Texas State Historical Association is the oldest learned society in the state. Association publications include the Southwestern Historical Quarterly, one of the most distinguished history publications in the nation, the two-volume Handbook of Texas, and numerous other books and pamphlets relating to Texas history.

Rites Today For Mrs. N. Haynes

COLORADO CITY (SC) — Mrs. Nathan Haynes, 44, died at 5:15 p.m. Thursday in the Root Memorial Hospital after a short illness.

Funeral services will be Sunday at 2 p.m. at the Mt. Zion Baptist Church with the pastor, Rev. C. C. Beck, officiating. Burial will be in the Mitchell County Cemetery under direction of the Kiker and Son Funeral Home.

She was born in Henderson, Oct. 24, 1921, had resided in Colorado City the past 19 years. She married Nathan Haynes in Colorado City in 1953. She was a member of the Mt. Zion Baptist Church.

Survivors include her husband of Colorado City; her mother, Mrs. Sallie Walton, Henderson; her father, Brad Kelley, Henderson; two daughters, Hazel Smith and Betty Marie Smith, both of Colorado City; one step-son, Nathan Haynes, Colorado City; three brothers, Earnest Mallard, Jonesville; Samuel Clyde Alexander, Houston, and Willie George Rollin, Littlefield; and seven grandchildren.

grain may be hurting some, but cotton has plenty time. In pastures, amidst lush grass, spring wildflowers are beginning to bloom again.

Today ends the formal appeal on behalf of the Bible Class fund, but not the need for support. If you have delayed your gift, we'll still handle it for the Big Spring Pastors Association. It will do just as much good.

Band Boosters adopted an ambitious \$4,500 budget, but as enthusiastic as that bunch is, that should be no sweat. Fans, incidentally, are due for a surprise this Friday evening when Big Spring plays its first home game. The band will be friskier than ever before — and full of show.

Big Spring school trustees are exploring the possibility of selling \$1 million in bonds, possibly in November. The market could modify some by that time, but then most experts don't expect it to. The rate won't be anything like the 3.2 the original block of the master plan bonds brought.

Our town lost a distinguished son last week with the sudden death of Rear Admiral John Quinn. Although he served all over the world, was the Navy's director of Pan American affairs, he still regarded Big Spring as his home town, supporting its United Fund and other efforts. And Big Spring always had a deep pride and warm affection for John Quinn.

Postal receipts continued to show healthy gains. The last accounting period (28 days) showed \$34,693, up 11 per cent over the comparable period a year ago. The first three periods of this year have shown comparable gains.

The Colorado River Municipal Water District may look hopefully to some sharp bids on its lake project near Robert Lee. So far, 34 prime contractors have checked out plans. If a half of less than this is bid, the competition ought to be brisk.

Carr, Tower Run Scared

By ROBERT E. FORD Associated Press Writer

Texas candidates for the Senate are running scared, as the politicians say, even this early, and they still face a long, possibly hot eight weeks of campaigning.

Less than two weeks have passed since Sen. John Tower, Republican, and Waggoner Carr, Democrat, officially opened their campaigns. But from the start they ran as hard as if the election were a week away instead of Nov. 8.

The ferocity of the jumpy campaign led semi-official observers to estimate a possible vote turnout as high as 2.5 million out of 3 million eligible.

Both candidates laid out before the voters many of the issues early and may not stray far from those campaign talking points until possibly the last week or so of the race.

At this point, Democrat Carr is carrying the attack to Tower, something possibly necessary because he faces the task of unseating an incumbent. Also, Tower has been forced to spend some time in Washington, limiting his time for campaigning.

The fresh issue is that of President Johnson's proposal to cut off the 7 per cent tax credit for new industrial construction.

Carr noted that the tax credit was allowed first to fight a recession and that it may be overstimulating the economy and forcing prices and interest rates up.

An industrial tax credit withdrawal, Tower fears, "could kick off a recession and unemployment."

But neither wants a reduction in defense spending, both supporting strong U.S. action in Viet Nam. Tower declares, "It is time to bomb Hanoi and to clog the port of Haiphong with bombed shipping."

The Democrat, striking out on another point, asserts that the

far-right Americans for Constitutional Action approved 99 per cent of Tower's Senate votes from 1961 through 1965. Then this year, says Carr, Tower's rating with that organization dropped to 54 per cent, and implies Tower modified his voting because this is an election year.

Most in direct answer, the Republican said, "I am convinced we (Tower and the GOP) are right and that we represent majority consensus in our state."

Carr says the GOP is zeroing in on him as the No. 1 target in the national general elections and claims that Tower will have \$2 million at his disposal, much of it from outside Texas. He asked publicly for financial support.

Tower so far has not answered the money attack, which includes a claim that outsiders are meddling in state affairs. But he did declare amid cheers that, "I will not return to Texas two to four years hence to run for governor"—a reference to the general expectation that Carr would like to be governor some day.

Former C-City Woman Dies

COLORADO CITY (SC) — Mrs. Martha Ann Tankersley, 72, Denver City, died in a Yoakum County hospital Friday after a two weeks illness.

She was a member of the Seventh Day Adventist Church. Funeral will be held in the Kiker & Son Funeral Home chapel at 3:30 p.m. Sunday with the Rev. A. E. Bunnell of Midland officiating, assisted by the Rev. Caddo Matthews, pastor of the Plainview Baptist Church, Colorado City.

The body will be buried in the Dorn Cemetery near Colorado City.

Survivors include a son, Otho A. Tankersley, Colorado City; five daughters, Mrs. A. M. Taylor, Colorado City; Mrs. Pauline Simmons, Odessa; Mrs. Geard Butler, Denver City; Mrs. Jimmie Ruth, Hiawatha, Kan.; and Mrs. Rayburn Lefler, Hobbs, N. M.; 15 grandchildren and 16 great-grandchildren.

Smith Says Aid Or New Income Course For Cities

MIDLAND — Federal aid or new sources of revenue are the two obvious alternatives which will aid Texas cities in controlling their increasing debts, Lt. Gov. Preston Smith pointed out here Friday.

Despite dramatic industrial growth, the lieutenant governor declared, "the cities of Texas will face a financial crisis unless we take steps to provide a new source of income for them."

Speaking to delegates to a Region IV, Texas Municipal League meeting in Midland Smith added:

"Cities, like all political subdivisions of the state, should be able to support themselves, and should not be dependent on the federal or state government to provide handouts on a piecemeal basis. It is obvious that the next legislature will be required to take this problem to task, or our cities and municipalities will have no choice but to seek help elsewhere."

Red Chinese Army Units Trying To Curb 'Guards'

HONG KONG (AP) — Red Chinese army troops have moved into Canton to curb a violent group of youthful Red Guards reported to have mistreated the aged and infirm in the drive to forge a new China, travelers from Communist China reported Saturday.

Signs from Peking, however, were that the purge of so-called rightists from the Chinese Communist party continued, with indications that new heads might roll from the top echelons.

Travelers from Canton reported that regular army troops had begun patrolling Canton's streets Wednesday night and early Thursday. Cantonese Red Guards had resisted efforts from Red Guards sent from Peking to hold down violence against persons accused of bourgeois habits and customs, the travelers said.

They added there had been clashes between the Canton Red Guards and those sent from Peking.

"The Peking Guards were much better disciplined and reasonable," one traveler said. "They tried to talk the Canton

Restyled Chevrolet Truck Line

Practical styling gives a low, fleet look to this Fleetside pickup as one of many advances in the 1967 Chevrolet truck line. Vis-

Chevy-Vans, a redesigned, lower four-wheel-drive series, and diesels in forward-control delivery vans. In some larger models, a new shorter cab and front sheet metal design give a shorter wheelbase for improved maneuverability with no loss in load space.

Significant Styling Changes In New Chevrolet Trucks

The most significant cab and sheet metal styling change in Chevrolet history, featuring clean, angular lines with a functional character, leads a long list of improvements in the 1967 Chevrolet truck line at Pollard Chevrolet Co.

Other highlight features include:

Addition of longer, larger capacity models with 1/2 and 3/4-ton rating to the Chevy-Van and Sportvan series;

Disel models in the 3/4- and 1-ton city - delivery Step-Van and forward - control chassis line;

Completely re-designed low-silhouette 4-wheel drive series; V-8 power for Chevy-Vans;

Expansion of the model line-up for 406 models on 37 wheelbases;

A Custom Sport Truck option for high - duty conventional cab models, including such luxury

items as full carpeting and bucket seats.

The new styling is enhanced by lower over-all height which gives a longer, lower, more trim look. Visibility is improved by the larger windshield and door glass and narrow corner pillars.

Another important benefit of the new design is improved forward visibility for medium- and heavy-duty models, resulting from the shorter sloping hood. The angle of vision is improved so that the driver can see the road up to 5 1/2 feet closer than with previous conventional cab models.

Front end sheet metal on the 1967 truck line features greatly improved protection against corrosion. Smooth - surfaced, undercoated, full fender skirts protect fenders and other sheet metal from mud, water, and salt. Minimal use of coach joints and liberal use of spot weld

sealers also offer additional corrosion resistance.

Although the new cabs are lower, interior space is virtually unchanged. A lower seat height, together with the narrower width at the cab roof, affords easier cab entry. Also, the lower seat and revised toe - board design result in a more comfortable accelerator pedal position.

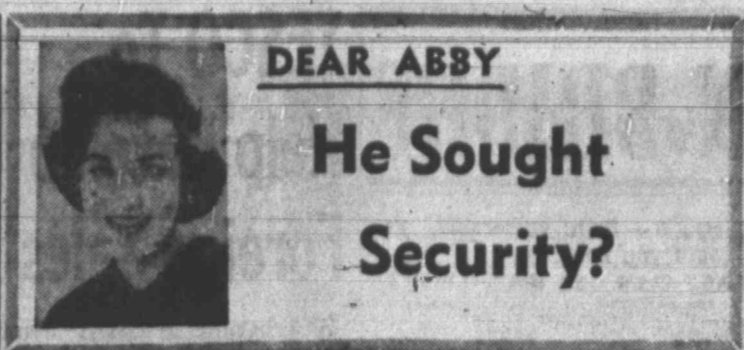

The Chevy-Van line carries extensive front end styling changes for 1967. A more rounded configuration, including a curved windshield, results in reduced wind resistance for improved fuel economy and a lower noise level.

Also new this year is the addition of 108 inch wheelbase models in the Chevy-Van and Sportvan series with bodies 18 inches longer than the current 90 inch wheelbase models, which are continued.

Another significant improvement is addition of 12 models with V-8 power in the Chevy-Van and Sportvan. The 283 cubic inch engine develops 175 hp. On six - cylinder models, the 194 cubic inch, 120 hp. engine is replaced by the Chevrolet 230 cubic inch 140 hp. six as standard equipment.

In the light - duty delivery field, Chevrolet also is keeping abreast of a developing trend toward use of diesels for city multi-stop operations involving high mileage and/or idling time. injectors for improved fuel economy, and offers excellent resale engine in 3/4- and 1-ton Step-Van and forward - control chassis models. It is a modified version of the proved Detroit Diesel 3-53N engine, with smaller injectors for improved fuel economy, and offers excellent reliability and low maintenance costs.

The 1967 Chevrolet truck line also includes many other improvements and refinements. All - steel Fleetside pickup truck boxes are completely restyled to complement the new cabs and front sheet metal. To increase corrosion resistance exterior side panels are one piece with wrap around ends to virtually eliminate coach joints. The 1967 pickup with 8-foot body has only one foot of coach joints in the box and front sheet metal, compared with 37 feet in the 1966 model.

DEAR ABBY

He Sought Security?

DEAR ABBY: I am a 47-year-old woman who has been married for nearly 30 years to a 56-year-old railroad man. We have nine grown children.

You may not believe this, but my husband has left me for a 62-year-old woman. Will you please tell me what this old lady could possibly offer him that I can't?

VERA
DEAR VERA: Social security, maybe.

DEAR ABBY: I have never told anyone about my problem because I wouldn't want it known that it bothers me, but it does. I have been married for many years to a wonderful woman whose sisters have married very well. I have always made a fairly good living, but I am not in their class financially.

I have attended many family weddings, anniversary parties, and any number of elaborate family celebrations where professional photographers have been hired to take pictures of the guests. These pictures are later made into albums.

Well, from looking at these albums you would never know I was even there. Can it be "coincidence" that I am always excluded? Sign this, "The Little Man Who ... WASN'T THERE!"

DEAR MAN: Possibly. The best pictures of family celebrations are usually "candid." And if the same people seem to show up in almost every picture, you can be sure they stuck their faces in every shot possible.

It's to your credit that you did not.

DEAR ABBY: I am 15 years old and I don't care if I ever see my 16th birthday. I am 5 feet 9 and weigh 172 pounds.

I hate being taller than all the boys my age. Sure, people say, "Wait a few years, they'll grow." But what is a girl supposed to do in the meantime? I know I am overweight, but why should I diet? As long as I'm so tall that I haven't a chance with a boy, I might as well enjoy myself.

I am so mixed up and have made such a mess of myself. I wish I were dead. Is there any hope for me?

WISH I WERE DEAD

DEAR WISH: Anyone who asks, "Is there any hope for me?" knows deep down in his heart that there is. You possess two of the most precious things in the world. Youth and health. And you wish you were dead! Tell your parents you want to see a doctor for a physical check-up and a sensible diet. Go, listen to him, and heed his advice. Once you shed those unsightly pounds and emerge from that hateful cocoon, you will like yourself better. And I promise you, you'll be well on the road to enjoying life and living it more fully.

Dates Fixed For Annual Pig Show

Howard County's 21st annual pig show for FFA and 4-H Club boys and girls will be Oct. 5 and 6. The sponsor will be the Big Spring Junior Chamber of Commerce.

Date was selected and other details for the show worked out at a meeting of vocational agricultural teachers, county agents, members of the Jaycees and others Wednesday night.

Paul Gross, county agricultural agent, said that it was decided there would be a trophy for the grand champion

barrow, another for the reserve champion and a special trophy for the best showman.

About 120 barrows are expected to be entered in the show. Prize money will be the same as last year, \$207.

All entry money goes into the prize fund.

The show will be in the Howard County Fair building. It is open to the public. Judges will be announced soon. Gross said the same officials who have served in other years will be invited to judge again, but that there had been no opportunity to contact them and get their acceptance.

NACOGDOCHES (AP) — Harlan Kenner, 18, of Chireno, Tex., died early Saturday of auto injuries suffered about 2 a.m. Officers said a car driven by his cousin, John Kenner, ran off a farm road at a curve and hit several big pine trees near Chireno. John Kenner suffered minor injuries. Chireno is 20 miles east of Nacogdoches.

OFF THE BEATEN TRAIL

What Became Of Wagon Train?

By ED SYERS

More than realized, today's Texas is internationally blood-lined, trailing back a century-plus to many a freedom - seeking, wilderness - thrusting train of wagons, carts and pilgrims afoot from nearly every corner of Europe.

Along with the great German waves up our river valleys were trains of Czechs, Poles, French, Scandinavian. Old stories tell of weary but resolute processions of the backskinned frontiersmen watched: wayfarers unable even to speak the language their sons would.

Yet now comes Falfurrias' Mrs. Adolph Brochet, hunting a little known but considerably later wagon train of Texans-to-be, up from Mexico the 1880's. She knows some journey details but not what finally happened to them. Maybe you can help.

"My husband's parents were part of 30 families who left their native Belgium and France to come to Vera Cruz, Mexico to grow flax. This was about 1882-83.

"The venture didn't pan out for some reason and several families banded together for a covered wagon train to Texas. Their few household belongings were placed on two - wheeled ox-drawn carts and burros, and the people walked most of the distance (roughly 1,000 miles).

"My father-in-law says they crossed into Texas at El Paso, but I am inclined to think it was not so far west. Some years ago, I believe an article appeared in the Corpus Christi Caller Times by a woman whose family made this trek.

"How can I contact her or learn more of this journey? My father-in-law is now nearly 88 and can recall several exciting incidents of the journey, but not details since he was only about six years old at the time."

McGUFFEY'S READERS
Bookhunt by Wortham's Mrs. C. Owens stirred many a loyal student of the staunch old McGuffey's Readers — key to the first two R's before century's turn. If you're one . . . Atlanta's Joseph I. Helner and Falfurrias' H. E. Young report that reprints (facsimile copies)

of the 1879 first through sixth grade books may be bought from "Old Authors", Rowan, Iowa; prices, from \$2.50 to \$4.25 each.

If you're an original - hunter, note these addresses: Mrs. Coke Toliver, 1109 E. Buckley, Brownfield (complete set of six); Mrs. Charence Few, 1223 Walnut Street, Texarkana (Third); Mrs. Melvin Shows, P.O. Box 91 (Fifth) Yorktown.

(Note: Best bet for future bookhunters — ask your bookstore or library for name of reliable old-book-finding dealers. Texas has several, services reasonably priced.)

Mailbox: (Write OBT, care of The Herald, Box 1431, Big Spring, or Ingram, Texas 78025. For personal reply, please enclose stamped, addressed envelope). San Angelo's Mrs. H. P. Eckert: "Do you know the legend about Mount Margaret at Bronte? There used to be a cross, barely visible from the highway, on top of that little peak, but it is no longer there."

... Pasadena's Jesse Devine Jr.: "Have you discovered a particular area in Texas that would be a 'rock hound's delight'?" ... Austin's Mary Miller: "... desire of mine since childhood to dig for arrowheads in Indian mounds. Where may I find mounds?" (Note: Contact your local or regional archaeological society — interested, interesting folks like you. If you're serious, they'll teach you to do it right, to contribute to your state, and — believe me — to enjoy it.)

HOW ABOUT THURBER
Gatesville's J. E. Dyson "Early summer, I read of a reunion in (coal - mining ghosttown near Ranger) Thurber. Is it annual? When? Who's in charge?" ... Weatherford's Ed Stevenson: "How many know that Captain Zebulon Pike, first Anglo American 'officially' in Texas, advocated in 1807 that Cuba be annexed to U.S.?" (Note: Actually, quiet view of most American — leaders, including Jefferson and Hamilton, was — back then — that U.S. manifest destiny embraced all North America to Isthmus of Panama.)

Ben Barnes Will Address Local Meeting Of Demos

Ben Barnes, speaker of the Texas House of Representatives and a rising star on the Texas political front, will address a Democratic gathering here Sept. 30.

A highlight of the program will be an honor roll for persons who have rendered long and exceptional service to the community and the party.

Dr. Halvard Hanson is chairman of a committee being formed to receive nominations for the honor roll. Among those on the panel are George Zachariah, John Ferguson, C. Roscoe Cone, Roy Watkins, Mrs. Wayne Burns, Mrs. Bob Galbraith, Bert Bedford, Mrs. Donald Van Meter, and Ed Fisher. Others are due to be added.

Several names have been submitted, said Dr. Hanson, and he said the committee solicited other nominations.

State representatives and senators in this area, together with district and local party officials are being invited to be special guests on the occasion.

The meeting is scheduled for 7:30 p.m. in the Howard County Junior College auditorium.

TESCO To Help Develop Foreign Sales

A program to assist manufacturers in this area to develop foreign markets for their products was announced Saturday by Burl B. Hulsey Jr., president and general manager of Texas Electric Service Company.

Texas Electric is cooperating in the program, along with other investor-owned electric utilities in the United States, in an effort to promote sale of American-made products abroad, Hulsey said.

Associated with the electric utilities are the American Express Company and the World Trade Information Center, the firm which provides the "U.S. Products for Export Catalog Files" for the activity.

"We feel this program offers an opportunity to the manufacturer of exportable products in this area," Hulsey said, "particularly those who are not able to have their own representatives abroad and are not in a position to handle the complicated transactions necessary to complete sales in foreign countries."

Hulsey said that Texas Electric's Area Development Department and the company's offices in cities and towns would provide information to manufacturers and help coordinate activities.

In order to participate in the program the manufacturer pays the World Trade Information Center an annual subscription charge of \$80 upward depending on the amount of printed product information to be included in the catalog files to be distributed to 211 American Foreign Service posts and other selected commercial outlets abroad.

As a follow-up service, the American Express Company will provide forms to foreign businessmen who request information about companies whose products are listed in the files. Once the forms are completed by the prospective buyer, his credit will be checked, necessary language translations will be made and the information will be forwarded to the American manufacturer.

CAP Cadets May Earn Scholarships For Flying

By JERRY MONSON
"Cadets in the Civil Air Patrol Flying Club may earn a \$500 scholarship for flying," said Mrs. E. L. Mulkey, supply officer for the local CAP. In addition, through donations given by the senior CAP members cadets may earn their private licenses.

The CAP leases three Cessnas for use — a 140 and two 150s — and owns an older L-16, said Mr. Mulkey, who is group

commander. Webb AFB is being asked to assist in rebuilding the CAP's L-16.

The quota for cadets, ages 13-18, currently is filled, but there is room for 20 senior students above 18 years of age. The local unit has 10 senior and 27 cadet members on the roster.

The only requirement to enter the program is any interested person must first join the CAP before embarking upon its training assistance.

"We can arrange financial assistance from several sources for the entire flying instruction program," Mrs. Mulkey said.

Instructors for the club's flying program are Billy Taylor, operations officer, and Patricia Petosky, flight and ground instructor, who was previously associated with Big Spring Air-

craft. Neither of the instructors is salaried. Meetings are held Saturdays at Withycombe Hall, Webb AFB, Room 8. Next meeting will be Oct. 1 at 10 a.m. Anyone interested in becoming a member may call the Mulkeys at 394-2924 for more information.

Winslow's Passing Torpedoes Texas

AUSTIN, Tex. (AP) — Troy Winslow's pinpoint passing shook up Texas in the first half Saturday, and ninth-ranked Southern California held off a Longhorn comeback for a 19-6 victory in the college football opener for both teams.

The intersectional battle, matching the former national champions before a national television audience, was a runaway for a half for the massive Trojans.

Their big backs shot through for four and five yards at a time, and a rugged defense led by 230-pound Ray May and 205-pound guard Larry Petrilli wouldn't let Texas' heralded sophomore Bill Bradley get any running room.

When USC looked stalled, Winslow flipped short passes to ends Ron Drake, Rich Leon and Bob Klein for first down yardage. The junior quarterback, the most accurate passer in Southern California's history, also scored the Trojan touchdown on a 9-yard sweep, diving across the end zone flag after taking out Longhorn defenders.

The touchdown came with 2 minutes 29 seconds remaining in the first half. Tim Rossovich, who put the Trojans on the scoreboard with a 23-yard field goal in the first quarter, kicked the conversion.

The big plays for USC, national champions in 1962, in its touchdown drive were Winslow's 21-yard pass to Drake and a 12-

Scovell, Gilbert Lead Tech Surge

LAWRENCE, Kan. (AP) — Texas Tech, riding the aerial antics of quarterback John Scovell and end Larry Gilbert, rode to a 23-7 victory over Kansas Saturday.

Kansas displayed a glittering array of sophomore running backs to dominate the ground game. But Jayhawk defensive errors and the Texas Tech passing attack provided the visitors with their margin.

The Raiders took the opening kickoff and marched downfield in 15 plays with Scovell passing nine yards to Jerry Lovelace for the TD.

With Texas Tech attack apparently stopped in the second quarter a pass interference call against Kansas on their own 13 set up the second Raider score. Another interference call, this time in the final period, set the stage for the last Texas Tech score.

Three Kansas halfbacks—Don Shanklin, Junior Riggins and John Jackson—combined to give the Jayhawks 254 yards on the ground. Although Kansas threatened several times, the Texas Tech defense broke down only once.

Scovell picked the Kansas defense apart with his pinpoint passing, but the young Kansas line held Tech to 102 yards on the ground. For the Raiders, end George Cox was a defensive standout, containing the Jayhawk backs whenever Kansas penetrated deep into the visitors' territory.

The Raiders' Kenny Vinyard boomed a kick 78 yards to the Kansas 18 where the Jayhawks began their lone scoring drive. Eight plays later, quarterback Bobby Skahan swept around left end for the final 18 yards.

Mustangs Avenge Loss To Illini

DALLAS, Tex. (AP)—Southern Methodist struck swiftly for touchdowns in the first and fourth quarters, then relied on an iron defense and the punting of Dennis Partee to upset Illinois 26-7 Saturday night.

Quarterback Mac White of the Mustangs provided all the offense either team could show in the season opening football game for both teams in the Cotton Bowl.

The first time the Mustangs got the ball White dashed 23 yards to start Southern Methodist's 55-yard touchdown march. He concluded the drive four plays later by scoring on a 20-yard run.

Then on the first play of the fourth quarter White found end Jerry Lewis; the latter ran to the right and ran about 20 yards to the Illinois 22. Seven plays later White went over from the two for his second touchdown.

Billy Bob Stewart, one of the Mustangs' many iron men on defense, set up the score by recovering quarterback Dean Volkman's fumble on the Southern Methodist 40.

Illinois, whose expected fleet backs never found running room, averted a shutout late in the fourth quarter when Folkman directed an 87-yard drive in the rain. He got the touchdown on a one-yard plunge.

Herschel Johnson provided the opportunity by intercepting White's pass inside Illinois' 10-yard line and returning it to the 13.

Southern Methodist turned Illinois' attempt at an on-side kickoff following the touchdown into another score with 1:55 to play. Guard David Smiford came out of a pile-up with the ball and ran about 20 yards to the Illinois 22. Seven plays later White went over from the two for his second touchdown.

Tigers Close 1966 Season

The Big Spring Tigers play their final baseball game of the 1966 season in the Teen-Age park here at 2:30 p.m. today, at which time they oppose the Snyder Redjies.

The Bengals have won two of three starts from Snyder this season but all the contests have been close. The locals won the opener in the season, 2-1, and the third outing, 6-3. Snyder won the second time around, 2-1.

Manager Pat Martinez Sr. will field what he thinks is his best Big Spring lineup. Either Abe Gonzalez or Ronnie Steen will go to the hill for the locals.

Other starters will be Jesse Zapata in left field, A. Mendosa in center, Tommy Arista in right, Jimmy Fierro at third base, Billy Weatherall catching, Billy Pineda at shortstop, either Charley Fierro or P. Rodriguez on second and Pat Martinez Jr., at first base.

Ruben Gonzalez, brother to Big Spring's Abe Gonzalez, will probably pitch for Snyder.

Junior Mendoza and Jodie Flores will be in the bull pen for Big Spring, which will be seeking to improve upon an 18-7 record.

Blue Devils Hot

DURHAM, N.C. (AP) — Fullback Jay Calabrese scored three touchdowns as Duke's Blue Devils stormed from behind to defeat West Virginia 34-15 Saturday after spotting the Mountaineers nine points in the football opener for both.

LITTLE ROCK (AP)—Quarterback Jon Brittenum raced 11 yards with 3:13 remaining and lifted Arkansas to a 14-10 comeback victory over stubborn Oklahoma State here Saturday night.

The fifth-ranked Porkers were trailing and in danger of losing their first regular season game in more than two years when Brittenum directed a 32-yard drive to the winning touchdown.

Safety Martine Bercher returned an Oklahoma State punt 15 yards to the 32, where Brittenum swung into action. On the first play he passed 11 yards to Eddie Woodley. Three plays later a holding infraction gave Arkansas a first down on the 11. Then Brittenum skirted right end for the touchdown.

It was Arkansas' 22nd consecutive regular season victory and its 10th straight over the Cowboys. The Porkers' record last took a blemish in the Cotton Bowl Jan. 1 with a 14-7 loss to Louisiana State.

The unranked Cowboys bluffed Arkansas' vaunted offense and relied on the jolting runs of sophomore fullback Larry Gosney for the yardage that almost built a major upset.

After a 7-7 halftime tie, Gosney led the Cowboys down the field in a drive that ended with a 22-yard field goal by sophomore Craig Kessler and a 10-7 lead. Gosney carried the ball nine times and gained 24 yards in the 60-yard march to the 22. Gosney, a 197-pound power-house, gained 61 yards on 23 carries in the game.

Cee City Winner Over Plowboys

ROSCOE — Striking swiftly, the Colorado Wolves slashed out a 14-6 victory over the Roscoe Plowboys in a District 6-A contest here Friday night. The Wolves are now 2-0 for the season.

Midway in the first period, Colorado City cranked up a 53-yard drive with Glen Nix tossing to Dan Steakley for the last five yards. Nix then hit Larry Pau for the two-point conversion.

Roscoe bounced back with Jim Rayburn pounding right up the middle for five yards and a TD. An attempted pass missed the extra points.

The clincher came two minutes deep in the final quarter when Donny Higginbotham ran 48 yards to the Roscoe 14, then battered over a score from the one.

Colorado City piled up 193 yards rushing to 93 for the Plowboys.

Clendenon Home Run Vanquishes Dodgers

LOS ANGELES (AP) — Don Clendenon brought Pittsburgh home behind with a three-run homer in the seventh inning Saturday as the Pirates snapped the Los Angeles Dodgers' eight-game winning streak 9-5.

The victory lifted the second-place Pirates to within 2 1/2 games of the Dodgers in the National League race.

Clendenon's smash against the left field foul pole came at the expense of Phil Regan and pinned the loss on Bob Miller, 4-1. Miller was lifted after Roberto Clemente walked opening the seventh and Willie Stargell singled.

The Pirates went on to clinch the triumph with four runs in the eighth inning.

Clendenon's homer wiped out a 3-2 Dodger lead.

Huskers Hang On To Tip Texas Christian, 14-10

LINCOLN, Neb. (AP) — Nebraska's Cornhuskers throttled Texas Christian's ground game Saturday, seized a 7-0 first quarter advantage and nursed it to a 14-10 intersectional football victory before a record 60,974.

Nebraska miscalculation permitted a second quarter TCU touchdown which tied the game momentarily at 7-7, but Nebraska retaliated with a TD in the same period and held the invading Horned Frogs thereafter to a third quarter field goal.

Fresh from a 10-1 season marred only by an Orange Bowl loss to Alabama and ranked third nationally in The Associated Press preseason poll, Nebraska showed a defense that limited TCU to three yards rushing in the first half.

A nine-play, 63-yard first quarter drive opened Nebraska scoring, halfback Charlie (Choo) Winters churning seven yards with a pitchout from Bob Churchich for the touchdown.

Early in the second period, TCU's Mike Bratcher recovered a Pete Tatman fumble at midfield. On the next play, P. D. Shabay's pass to Joe Sherrill failed but a pass interference call on Nebraska converted the play into a 31-yard gain to Nebraska's 16. A two-play Shabay pass to David Smith converted the break into a touchdown.

Taking the ensuing kickoff, Nebraska moved 78 yards on 16 plays, and a 10-yard Churchich pass to junior end Dennis Morrison put Nebraska ahead to stay.

A short Nebraska punt early in the third period gave TCU possession on Nebraska's 47 and a series of short gainers by Norman Bulaich and Ross Mont-

Dallas And Giants Square Off Today

By JACK HAND
Associated Press Sports Writer
Green Bay faces its second showdown game in two weeks Sunday at Cleveland and if the Browns don't do better than Baltimore, the Packers can start scouting the American Football League for the super bowl game.
The Packers' defense picked off three of Johnny Unitas' passes last week in an impressive 24-3 victory over the Colts. Coach Vince Lombardi has the defending champs primed for a rousing rematch with the Browns, the team they beat for the National Football League title last year.
Because Chicago and Los Angeles played Friday night, there are only six games on the Sunday NFL schedule. Dallas, which drew a bye last week, gets into action against New York in the Cotton Bowl and San Francisco, tied by Minnesota last week, is idle this ground.
In addition to Green Bay, 1-0, at Cleveland, 1-0, other Sunday games will have New York, 0-1, at Dallas, 0-0, Washington, 0-1, at St. Louis, 1-0, Detroit, 1-0 at Pittsburgh, 0-0-1, Baltimore, 0-1, at Minnesota, 0-0-1, and Atlanta, 0-1, at Philadelphia, 0-1.

Cleveland will get its first regular season look at the Browns without Jim Brown (they did play an exhibition at Cleveland). The Browns didn't miss Jim last week when they intercepted five Sonny Jurgensen passes in a 38-14 victory over the Redskins after a slow start. However, they could use the big fullback against the big Packer defense. Leroy Kelly and Ernie Green will try to take up the slack but the Browns undoubtedly will send Frank Ryan out to throw the football.
The Packers, 23-12 winners over the Browns last Jan. 2 in snowy Green Bay, opened strong against the Colts with Jim Taylor running for 76 yards and Bart Starr hitting with 14 of 19 passes.
The Giants, who tied Pittsburgh in a battle of fumbles, must depend on Earl Morrall's passes. A big crowd is expected to jam the Cotton Bowl to greet the Cowboys.
The Colts, derailed by the Packers, hope to get on the right path at Minnesota with Unitas still needing two TD passes to tie Y. A. Tittle's lifetime record of 212. The Vikings got only 10 pass completions from Fran Tarkenton but

scrambled to a 20-20 tie in San Francisco and should be better in their home opener.
The surprising Detroit Lions, upset winners over Chicago last Sunday, will send Milt Plum and Tom Nowatzke after the Steelers and will give Bill Nelsen a big pass rush. Bill Austin's rebuilding Steelers hope to surprise the Lions with rookie Bill Asbury and Nelson's tosses to Garry Ballman.
St. Louis is home for the second straight week with Otto Graham's Redskins as the opposition this time. The Cardinals rallied to beat Philadelphia in their opener on a Jim Bakken field goal after Johnny Roland aroused the offense. The Redskins, who led the Browns at the half but faded fast, hope to hold on this time.
Atlanta's new Falcons and the Eagles, both beaten in their openers, will be shooting for a first victory at Franklin Field. The Falcons lost an exhibition game 9-7 to the Eagles Aug. 1 when a bad pass from center cost them a chance for a field goal on the final play. Tim Brown, a 10,000-yard man, will test the Falcons defense while Randy Johnson attempts to pick holes in the Eagles.

Oilers Could Get Big Test In New York

By The Associated Press
Last year Houston's defense would have had trouble with the big, bad wolf. A huff and a puff and down it went.
"The line was just being blown out of there," Coach Wally Lemm explained. "They were just too small."
But the Oilers aren't small anymore with the addition of two mammoth defensive tackles—6-foot-9, 315-pound Ernie Ladd and 6-5, 270-pound Pat Holmes. The only things small now is the opposition yardage.
But the Oilers' new-found defensive strength will get its severest test so far this season when they tackle the Jets at New York Sunday in a battle for the Eastern Division lead in the American Football League.
In other games Sunday, Kansas City is at Oakland, Miami at Buffalo and Boston at Denver.

With Buffalo's two-time champs already showing two losses the Houston-New York game will be watched for a true indication of the strengths of the only remaining undefeated teams in the Eastern Division.
Houston allowed 191.6 yards rushing and 176.4 yards passing a game last year compared with 53 and 149 in two games so far this season. And Lemm leaves no doubt that Ladd and Holmes have made the big difference—particularly against rushing.
The Oilers are 2-0 and have scored 76 points. The opposition has scored seven.
The Jets will have gimp-legged Joe Namath starting at quarterback but will have to pull their running game together to get by the Oilers. Fullback Matt Snell, the big galner, was not impressive in New York's opening 19-14 victory over Miami.
The Chiefs announced their intention of challenging for the Western crown by mauling Buffalo 42-20.
The Chiefs may not have too much trouble with an Oakland team that hasn't been able to get untraced.
The Bills, who have been unable to put together a consistent offense with quarterback Jack Kemp suffering with a sore arm, might be able to get started against Miami.
Denver showed nothing against Houston—the Broncos couldn't even get a first down. But then Houston wasn't too impressive against San Diego.

Detroit Downed
DETROIT (AP) — Joe Azcue drove in four runs and Steve Hargan pitched a four-hitter as the Cleveland Indians snapped a six-game losing streak by defeating Detroit 6-2 Saturday.

Forsan Buffaloes Win Over Imperial, 14-0

By TOM OMSHEAD
FORSAN—Neither rain nor mud nor threat of same stays football players, or their followers, from their appointed rounds.
Such was true Friday night here when the Forsan Buffaloes, playing their first home game in their first year of 11-man ball, defeated visiting Imperial's Longhorns 14 to 0.
The victors' scores came in the last half after much shuffling back and forth in the first.
What put the cap on the bottle was Jack Ellis' 74-yard race for a touchdown early in the final quarter.
Ellis, a 170-pound senior, slipped through on a keeper

play from his quarterback position and darted through a covey of would-be tacklers to free territory for a time.
Meanwhile, a Longhorn tackler moved out fast and for a twinkling of an eye seemed to have his hands on the runner. But for a tremendous block by Clayton McKinnon, 162-pound back, it looked as if Ellis would be brought down. Free of the last human roadblock, Ellis hot-footed it to pay territory. An attempt to pass for the extra points failed.
Earlier, with three minutes and 50 seconds to go in the third quarter, Larry Callihan ran 30 yards to score and a sneak through by quarterback Ellis

tacked two extra points on to make it 8-0.
Callihan's score climaxed a drive which included a 12-yard gain by Johnny Dolan on a reverse play around left end.
Coach Vaughn Thomas said after the game that he instructed his Longhorns to give up an aerial game when the alert Buffs displayed an aptitude for butting down passes and intercepted one for a 25-yard gain.
The conference 3-B Buffs, who play the Pecos junior varsity on their home field next, did yeoman work in holding the score down.
Those who shone on defense were quarterback Milton Esparza, halfback Larry Smith, fullback Graham Bowman, tackle Bobby Hart and end Ruben Rey.
In fact, it looked once like the Longhorns were about to stampee. With only five minutes left in the ball game, Esparza tossed a 20-yard pass to Rey only to see the Buffaloes take the ball when Rey was tackled on the spot. The Longhorns were 30 yards away from a first down.
Coach Oscar Boeker beamed over the performance of his whole team, but especially that of Ellis, who starred on both offense and defense. Tommy Kirkpatrick, a defensive end, Gayland Reed, tackle, Randy Banks, tackle, and Ray McKinnon, Ellis stacked up 17 tackles during the game, McKinnon 13 and his brother, Clayton McKinnon, nine, to stop surges by the Longhorns.
Forsan plays Wall in its next game.

Coahoma Rallies To Defeat Wink

WINK — Coahoma won a signal non-conference victory here Friday night, coming from behind to turn back the Wink Wildcats by a score of 14-13.
Down 13-0 in the opening period, the Bulldogs fought back to get a TD before the period was out when Troy Fraser went over from three yards away. Two 15-yard penalties against Wink helped the Bulldogs on their 15-yard march. Bernie Higgins' team missed the try for extra point.
In the third, Coahoma opened another march on the Wink goal that resulted in a touchdown and the winning points. Fraser hit Terry Denton with a 40-yard pass for the score and Phil Cochran added the vital two points on a run.

Nullified by a penalty.
Wink was on Coahoma's two-yard line when the game ended, however, after having gone 30 yards on one play.
Cochrane played very well at offensive halfback for Coahoma after Rickey Evans had broken his arm on the first play of the game. Cochran also intercepted two Wink passes to break up Wildcat marches.
The win was the first in two starts for the Bulldogs while Wink is now 0-2.

Stanton Tied By Iraan 11
STANTON STATISTICS
STANTON: 11 First Downs, 123 Yards Rushing, 123 Yards Passing, 12 Passes Completed, 4 of 11, 1 Fumble Lost, 4 for 41 Punts, Average 4 for 37.
IRAAN: 11 First Downs, 123 Yards Rushing, 123 Yards Passing, 12 Passes Completed, 4 of 11, 1 Fumble Lost, 4 for 41 Punts, Average 4 for 37.
IRAAN — Iraan and Stanton played to a 14-14 standoff here Friday night, leaving each club with a 0-1-1 record.
Iraan built up a 14 point lead in the first half but Stanton used its aerial might to even matters in the third quarter.
Allen Springer scored one Stanton TD on a 17-yard run. Jerry Cox got the other on a pass from Buddy Shanks.
Richie Rylander counted on a 30-yard run for Iraan, after which quarterback Pat Gladden threw to Mike Hale for the other one. The play covered 60 yards.
Stanton could pick up only 90 yards on the group but added 124 in the air on 12 of 22 completions.

Sooners Down Oregon, 17-0
NORMAN, Okla. (AP) — Wingback Eddie Hinton scampered 63 yards with an Oregon punt to start a third quarter scoring rampage that pushed Oklahoma to a 17-0 football triumph over Oregon Saturday.
The Sooners' in their first game under new Coach Jim Mackenzie, did all their scoring in the third period.
A partisan crowd of 51,100 went wild as Hinton, a sophomore scabbard who says he practiced his running by trotting through Mississippi fields at night, picked up a punt at his 37, circled to the right and swept down the sidelines.
Hinton dropped the ball at the Oregon 30; but picked it up on the first bounce and raced in.
Later in the period, the Sooners put together two quick scores on a 23-yard field goal by sophomore kicking specialist Mike Vachon and a quick two-play drive after Oregon fumbled the kickoff.
Both teams had trouble getting started as they battled to a 0-0 tie in the first half.
Oregon's passing attack never got off the ground against Mackenzie's defensive units. Oregon quarterback Mike Brundage completed only five of 18 throws for 31 yards.
The Ducks, also in their season opener, pushed down to the Oklahoma six early in the first quarter but couldn't take it in.

Coahoma Rallies To Defeat Wink
LUBBOCK — Odessa's Bronchos drove 44 yards in nine plays—fullback Mark Clapham getting 43 of that distance—before Ronnie Peoples slipped over from the one to give Odessa a 7-0 victory over the Lubbock Westerners.
The score came in the first quarter. From then on it was a slam-bang defensive game. Lubbock couldn't get a first down in the first half, then held Odessa to a pair of first downs in the last half. Clapham led the Odessans with 74 yards running, but the top gainer of the game was Lubbock's Bobby Herndon with 82 yards.
Odessa stiffened and held Lubbock on the 17 yard line late in the fourth to nail down the victory. Odessa piled up 200 yards rushing to 85 for Lubbock, but had nothing passing against 95 for Lubbock.

Bronchos Nudge Lubbock, 7-0

Tascosa Wins By 43-7 Tab

MIDLAND—The Midland Lee Rebels made the mistake of inviting Amarillo Tascosa to town Friday night and absorbed a 43-7 drubbing.
Greg Frazier hit Rick Rasey with an 8-yard scoring play late in the final quarter, then kicked the extra point for Lee's only score. By that time, Tascosa's reserves had taken over.
Monty Johnson, quarterback, led the devastating Tascosa attack which showed Amarillo deserved its No. 2 state rating. Last week Tascosa beat Odessa Permian, 6-0.
Johnson scored three touchdowns in going 108 yards. He booted five extra points, kicked a field goal and intercepted two Lee passes.
Lee matched Tascosa 14-14 in first downs, but on the ground it had a minus 10 yards to 142 rushing by Tascosa. Midland did get 220 yards passing to 154 for Amarillo, but most of it was in midfield. Tascosa scored a TD and a field goal in the first quarter, three touchdowns in the second and two in the third. Lee is 1-1 for the season.

Missouri Batters Minnesota, 24-0

COLUMBIA, Mo. (AP) — Missouri's new quarterback, Gary Kombrink, used pinpoint passing to break open the game, then turned it over to power runner Barry Lischer to wrap up a convincing 24-0 victory over Minnesota Saturday.
Missouri was fortunate to escape with a 2-0 halftime edge. The Golden Gophers dominated the half with the running and passing of quarterback Curtis Wilson and had an 82-yard touchdown pass to end Ken Last nullified.
A 42-yard field goal by Bill Bates with just 1:14 left provided the halftime edge.

Cardinals Smash ChiCubs, 6 To 5
CHICAGO (AP) — Orlando Cepeda lashed a two-run double in the eighth inning, sparking a three-run rally that boosted the St. Louis Cardinals to their seventh straight victory, a 6-5 triumph over the Chicago Cubs Saturday.
Cepeda, who doubled ahead of Mike Shannon's seventh-inning homer, snapped a 3-3 tie in the eighth by doubling after walks to Ed Spiezio and Curt Flood. Cepeda then scored on Shannon's double.
In the third, after Billy Williams returned a punt 35 yards to the Stamford 16, Bowden hit Rick Hall for the last four yards of a scoring drive. Snyder got its last tally in the fourth when fullback Mario Tavaraz climaxed a drive with a 2-yard plunge. Snyder also drove to the Stamford 20 before having a pass swiped and to the Bulldog one before fumbling. Stamford got to the Snyder's seven on another occasion but lost a fumble.
Clay was the big Tiger with 120 yards during the evening. The Tigers had 182 yards rushing to 177 for Stamford and added another 21 yards passing to one for the Bulldogs. Stamford led in first downs 12-9.

Cooper Raps Paschal 11

ABILENE — Displaying a crushing offense and a chilling defense, Abilene Cougars crushed Fort Worth Paschal Panthers, 35-14, here before 6,500 fans Friday evening.

The margin was wider than the score would indicate. Paschal scored only against Abilene reserves.

Jack Mildren, scintillating junior quarterback, kept Fort Worth off balance with his keepers and fooled them with his aeriels. Mitch Robertson, herd kicker, never got to the field for Abilene but he did catch two touchdowns and snared three other passes for 98 yards during the evening. Cooper drove to the Fort Worth 28 and bogged, then came back 40 yards in nine plays with Kenny Stephens going over from two yards.

Randy Allen returned a punt to the Fort Worth 35 in the second, an da Mildren - Robertson 30-yard pass got the score. Before the half, Cooper put an 80-yard drive together in 11 plays, Mildren going the last two.

Cooper went 63 yards on the ground for its third quarter score by Mildren, after Richardson recovered his own fumble on the Panther two. Fort Worth got one back against the Abilene shock troops, with Lionel Morrison bulging in from the two.

Randy Allen, however, returned the kickoff to his 42, and Mildren mixed passes with runs before going in from the three. Mayfield kicked all of Cooper's extra points. Cooper led in first downs, 23-14, in yards rushing 212-44, but trailed in passing 151-169.

Sands Mustangs Rout Bula By 52-0 Tally

Less than two minutes later, Lynn Maxwell went 20 yards on an option at the end of a 55-yard march. Beal then ran across the two extra points on a run to make it 44-0.

Newcomer followed with a 40-yard punt return for a score and Alfonso Calvio added the two PAT's to boost the count to 22-0.

Larry Newcomer, being tried at quarterback by coach James Blake, scored three touchdowns for the winners and had two others negated by penalties.

Sands scored with less than two minutes gone in the first quarter when big Merwin Beal rambled 20 yards on a drive play. The drive covered 60

yards.

Newcomer broke loose on a 55-yard punt return and Leon Russell added two extra points on a run to make it 44-0.

No score resulted in the third, as Blake was content to experiment with his lineup.

In the fourth, newcomer shook loose on a 15-yard scoring jaunt. Ronnie Taylor added the two extra points on a pass from Newcomer.

Bula never got inside Sands' 20-yard line. Blake suited out 24 boys and played them all. Taylor, with seven tackles; Randy Hambrick, with six; and Larry Oaks, with five, led Sands' defensive surge.

Calvio counted again midway in the round from 20 yards away but the Ponies failed to convert.

Panthers Trip Monterey Club

ODESSA — The Permian Panthers, defending state champions, got a quick touchdown, then appeared groggy and on the ropes at the hands of a pounding Lubbock Monterey team before rallying for a 17-7 victory before 13,000 fans.

The score was knotted at 7-7 and the Plainsmen appeared on the way to another TD when Permian came alive by recovering a fumble on the Lubbock 37. When Lubbock stiffened at the 24, Byerly booted a field goal that carried 4 yards. Permian then recovered the fumbled kickoff on the Lubbock 14 and Billy Dale rammed over. That left 36 seconds, just enough time for Permian to intercept a Monterey pass and return it to Lubbock's nine-yard line with just one play left.

Permian got its first score, recovering the opening kickoff on Monterey's 12-yard line. Dale carried to the one and Ricky McNurlen sneaked over. Lubbock, however, had come to play ball and pounded 73 yards in 16 plays before Randy Surratt went over from the one after carrying 59 yards on 13 of the plays. Monterey bulled to the Panther's 11-yard line before Chris Barnard's 28-yard field goal attempt was wide. Then Permian promptly put on the crushers.

Bearcats' Streak Comes To An End

GARDEN CITY — One of the state's longest winning streaks went by the boards here Friday night when the Loop Longhorns scored in the waning minutes and added two extra points to topple Garden City, 8-4, in an eight-man game.

Garden City, rebuilding this fall after losing heavily to graduation, had won 13 straight going into the contest. Seven of Loop's eight starters are seniors.

Garden City went out in front in the second quarter when Tony Chandler counted on a trap play from ten yards away at the end of a 46-yard drive.

Garden City tried for the two extra points on a pass but missed.

With two minutes left in the game, Loop scored on a freak play. Garrison Yocum threw to Stevin Mills for the tally. The pass was deflected but fell into Mills' hands. The play covered 48 yards.

Loop got the all - important extra points when Yocum passed to Joe Walters.

off and a pass from Ronnie Hirt to John Wyckoff moved the ball down to the enemy two. Garden City fumbled on the next play and lost possession.

Garden City was inside Loop's ten yard line on two occasions but fumbled once and ran out of downs on the other occasion.

Right halfback Chandler excelled on offense for Garden City while Wayne Halfmann was a standout on defense.

TOUCHDOWN FOR ROBERT JACKSON
Fourth quarter score came on pass from Gary Rogers

down the middle. Jackson, who had had trouble holding onto the slippery ball earlier, leaped high to take the ball away from two washup defenders, then backed over the double stripes.

Rogers proceeded to seek out halfback Wayne Kennedy with a flat zone pass that produced the two extra points.

After Big Spring had come into possession on its own 46 immediately prior to the score, Rogers lost four yards on an attempted pass, then ran to Plainview's 48 for a first down, then followed up with a pass to Kennedy down to the Bulldog 34 and sprinted to the enemy 28 to set up the touchdown play.

Plainview fought back with a long pass that moved the ball into Big Spring territory at the 40 but Richard Cauley intercepted Ron Kersh's aerial on the

Not until Chuck Smith recovered a Plainview fumble on a punt at the Bulldog 36 at the very end of the first quarter did Big Spring have good field position. The Steers hammered away to Plainview's three but yielded the ball on downs.

Penalties badly damaged the Steers' chances to get a TD in the second. The Bovines advanced as far as Plainview's 10 but ultimately had to punt from their own 43.

Not long after that, Kennedy returned a Plainview punt to the enemy 19 but Gary Covey of the home troops picked off a Rogers-thrown pass on the one at the end of a fourth down play to stay the tide.

Dickie Pullen intercepted another Big Spring pass midway in the third and hurried down to the Steer 30 but the ball later went over at the 24.

Lonnie Clanton, who did some fine punting for Big Spring, came up with a key interception at midfield late in the third and a maged Plainview's chances.

Early in the fourth, the Steers bruised to the foe's 10 with effective use of their aerial arm but a 15-yard penalty again hurt their chances and they gave up the ball at the seven.

The Longhorns are still going to have to show some muscle in their running game but their blocking was improved, especially when Rogers found he could fake a pass and run at the ends. He did much to loosen up the defense that way.

Rogers and Bill Burchett put the ball in the air 31 times and completed only seven but any number were dropped by butter-fingered receivers. At least twice, the catchers were behind the defenders when they bobbled the ball.

You could have put the Big Spring supporters who showed up for the game in a telephone booth and still had room for a dog show, but the Longhorns played as if the state title hinged on the outcome of the contest.

It was a tremendous effort, and if the Big Springers improve as much this week as they did in the seven days that elapsed after the Lamesa game, they'll make any foe sit up and take notice.

Dragons Register First Grid Win

BARSTOW — Flower Grove's Dragons returned home this weekend, with the scalps of the Barstow Bears hanging from their belts.

The Dragons, coached by Max Fly, scored a relatively easy 34-0 victory over Barstow, with Jimmy Walker's quarterbacking playing a big role in the win.

Jimmy Don Graves roared 30 yards for Flower Grove's first score in the opening period but the Dragons, who are now 1-1, failed to convert.

In the second, Graves took a pass from Joel Morales and ran 30 yards for the Dragons' second TD, after which Morales converted on a run to make it 14-0.

Flower Grove counted again before the half ran out when Emilio Silva ran five yards at

the end of a 40-yard march. Silva also ran across the two extra points to make it 22-0.

In the third, Pete Geurin set up another Flower Grove TD by recovering a Barstow fumble on the enemy 20. Graves got the score from that point on a stutter play.

In the fourth, Morales rambled 15 yards for Flower Grove's final six-point at the end of a 40-yard drive.

Barstow got the Flower Grove six-inch line and inside the one on another occasion in the fourth but couldn't go on in. Neil McMorries led the Flower Grove defensive effort in those stands.

Coach Fly took 18 boys and all of them played.

The Dragons will be at home to Klondike in what should be a titanic battle Friday night.

Tornadoes Batter Andrews, 13-7

ANDREWS — There's more than wind in the Lamesa Tornadoes. Fresh from an opening 15-0 win over Big Spring, the Tornadoes whipped up a convincing 13-7 victory over the Andrews Mustangs here Friday.

Bob Wiggins hit Gary Mayfield for a 34-yard scoring pass in the first quarter. Gene Everheart's conversion was good. The game was iced in the third when Wiggins again tossed 10 yards to Mayfield for the tally.

Andrews got off the mat in the fourth with John Belue passing to David Ellison for 29 yards and a score. Lamesa might have widened the margin but for costly penalties which aggregated 125 yards during the evening.

Knute Rockne Is Still Top-Ranked Mentor

By BOB HOOBING
 Boston Herald
 Written for
 The Associated Press

Thirty five years ago Knute Rockne, coach of Notre Dame, died in a plane crash. Yet he is still master of success in the profession he helped to enhance.

No major college football professor who has piled his trade more than a dozen years ever has been able to match Rockne's .897 winning percentage.

The only man who came close, Frank Leahy (.892), played tackle for Rock.

So infectious was the Rockne organization and oratory that three other members of coaching's all-time top 20 also learned what they taught under the Old Man. They were Frank Thomas and half of the famed Four Horsemen backfield—Sleepy Jim Crowley and Elmer Layden.

Notre Dame was working on a 19-game unbeaten streak, the work of the 1929-30 Shock Troop teams, when Rockne's life was

snuffed out on a Kansas corn field.

During his 13 years guiding the Fighting Irish, they won 105 games, lost 12 and tied five.

Leahy's mark at Boston College and Notre Dame over a similar span was 107-13-9.

The late Gen. Robert Neyland of Tennessee and Michigan's Fielding Yost, the football version of Casey Stengel who brought the world the Point a Minute teams, are separated by .003 in positions 3-4.

Jock Sutherland of Pitt, Harvard's Percy Haughton, Bud Wilkinson, whose Oklahoma Sooners ruled the Plains 1947-53; Thomas, dour Gil Dobie and Crowley round out the top 10.

The best of the still active coaches is a tie for 15th place with Dan McGugin by John

Vaught of Mississippi. Both have clicked at a .781 clip although with 30 years under the belt McGugin did it in 11 more seasons.

The other current coaches who made the elite include Alabama's Bear Bryant, Ohio State's Woody Hayes and Bob Blackman of Dartmouth.

Pop Warner amassed the most victories, 306—five more than did Amos Alonzo Stagg. New Mexico State's Warren Woodson entered the 1966 campaign with 225 and Jess Neely of Rice embarked on this, his last season, with 205.

Rotary Rig Total Gains

MIDLAND — The number of active rotary rigs in the Permian Basin Friday was 170, according to Reed International Inc.

This is a gain of 13 from a week earlier when the tally was 157 and a loss of 34 from the 204 counted in the region a year ago.

Six counties share the first four positions. First place was occupied by Lea County, N. M., with 22, five more than the 17 it registered on the previous count. Pecos and Reagan counties, tied for third last week, are in second place, each listing 14 operations.

The third spot is held by Reeves and Eddy County, N. M., with 12. This was a gain of three for each. Ector, by losing four units, slipped from second to fourth position with 10 active rigs.

Figures by counties with last week's figures in parentheses: Andrews 8 (10), Chaves 5 (4), Coke 2 (2), Crane 5 (4), Crockett 4 (4), Dawson 4 (2), Ector 10 (14), Eddy 12 (9), Fisher 1 (0), Gaines 1 (4), Garza 1 (4), Glasscock 1 (0), Hockley 2 (4), Howard 2 (4), Kent 2 (2), Lea 22 (17), Loving 1 (1), Lynn 0 (1), Martin 2 (3), Midland 1 (2), Mitchell 1 (1), Pecos 14 (12), Reagan 14 (12), Reeves 12 (9), Roosevelt 4 (2), Runnels 3 (1), Schleicher 2 (3), Scurry 3 (3), Sterling 4 (3), Stonewall 2 (3), Terrell 1 (1), Terry 1 (1), Upton 1 (0), Val Verde 1 (1), Ward 9 (8), Winkler 7 (5), Yoakum 3 (1).

Total 170 (157).

Well Completions Running Ahead

AUSTIN (AP)—The Railroad Commission reported Saturday 122 oil and 38 gas wells were completed during the week.

That raised the year's total of oil wells to 5,305, compared to 4,976 a year ago, and gas completions to 1,605, compared to 1,613.

The commission said 188 wells were logged, including 101 dry holes.

Seven wildcat oil wells were drilled—four in District 7B and one each in Districts 5, 9 and 9. Ten wildcat gas wells were drilled—seven in District 4, two in District 2 and one in District 1.

Eagles Claw Ponies 27-0

SWEETWATER — The Abilene Eagles served notice that they have a scoring punch by humbling the Sweetwater Mustangs, 27-0, here before 4,500 people Friday evening.

The Eagles took the opening kick off and punched 66 yards for the first score with Dale Douglass passing to David Richardson for the last 12 yards. Kit Davis added the first of three PATs.

Moments later, after one play had bogged, Sweetwater's Frank Castro bobbled the ball and Luke Ramsey recovered for

ESMER H. COLE

Esmer H. Cole had been driving a transport truck, delivering Cosden-refined gasoline from Big Spring Refinery to a Lamesa jobber, when he decided he would rather work for Cosden. He made application, was accepted, moved to Big Spring on May 25, 1951, and three days later was a yardman for Cosden. Soon he became a helper-at-the-asphalt-facility.

On April 15, 1953, he entered the chemical specialties operating section, at the time when polybutene was being developed by Cosden. Today he is an operator at the polybutene unit. He has had pride in watching that product develop into one of the big ones in the company's petrochemical sales. Cosden has also licensed several concerns overseas to utilize its polybutene process.

Cole is a native of Roby and attended high school at Sparenberg. For the three years beginning in October 1942 he was in the U.S. Army Air Force, half that time in the European theatre. He was headed for the South Pacific when news came that the war had ended. He was discharged as a sergeant.

Sand Springs is the community where Cole and his wife, the former Mrs. Audie Bradford of Lamesa, chose to settle three years ago. They were married February 18, 1950. He has two step-daughters: Mrs. Bill Hart, the former Peggy Louise Bradford, lives in Lubbock and her sister, Wilma Joyce, is the wife of Grady Dorsey, Jr., Big Spring. The Coles have three grandsons in Lubbock.

This Cosden senior and his wife enjoy fishing, usually at Falcon Dam. Cole is a Methodist; his wife is a member of the Church of Christ.

Jim Kaat Wins 24th Decision

NEW YORK (AP) — Jim Kaat scattered seven hits, joining Sandy Koufax as the only 34-game winners in the majors, as Minnesota defeated the New York Yankees 4-2 Saturday.

Kaat, who lost 10, singled during a four-run Minnesota uprising in the sixth that put the game out of reach. Ted Uhlenhuth scored the first run on a wild pitch, two more scored on a ground rule double by Rich Rollins and another on Earl Battey's single.

Banks Buys First Police Ball Ticket

Police Chief Jay Banks, left foreground, forks over a \$5 bill for the first ticket to the fourth annual policemen's ball set for Oct. 15 at the Couden Club. Interested onlookers, left to right, are Patrolman Lee Justice, Mrs. Doris Smith, Capt. John Wolf, Capt. Stanley Bogard, and Assistant Chief Leo Hull. Tick-

ets to the informal affair admit one couple and include the price of a 1 a.m. breakfast. Music will be by a San Angelo variety orchestra, the Esquires. Profit will benefit the police flower fund and sponsorship of the Boy Scouts.

Farmers Looking Forward To Needed Hot, Dry Weather

COLLEGE STATION, Tex. (AP)—Farmers and ranchers in just about every section of Texas describe the present moisture conditions as excellent. John Hutchison, director of the Texas Agricultural Extension Service, said last week.

He said some farmers were beginning to get back into their fields and were hoping the needed dry and hot weather was on the way. However, many sections had new rains toward the end of the week.

It has been many years, Hutchison added, since Texas has had a moisture situation as favorable.

Pastures improved, stock tanks are full, and livestock are in good to excellent condition.

Farmers, on the other hand, have been forced to leave harvesting, grain planting, and plowing because of rains. They are anxious to get on with these jobs.

District agents summed up their situation this way:

In the Panhandle, moisture is adequate everywhere and wheat

planting ranges from 70 per cent complete in the north to 15 per cent in the south. Wheat is growing well, soybeans are maturing, and some grain sorghum is being harvested.

Except for one or two isolated areas, most of the South Plains has surplus moisture. The greatest need is for a long period of hot, dry weather. Rain and cool nights have slowed cotton. The sorghum harvest is under way. Wheat is being planted as rapidly as weather permits.

The Rolling Plains (Vernon) has adequate moisture and cotton prospects improved, but boll weevil and bollworm infestations increased. Grain planting is general. Guar and soybean growth is excellent. Wet fields slowed land preparation.

Moisture in North Central Texas is excellent. Rains stopped the sorghum and cotton harvests. Cotton is being defoliated as weather permits.

Harvesting all harvesting in Northeast Texas but improved pastures. Garden activity is increasing. Cotton quality has

been damaged by rain. It's beautiful in the Davis Mountains of far West Texas where livestock and range conditions are close to excellent. The entire district has adequate moisture for the first time in years. Cotton and grain sorghums suffered some damage and insects are increasing. Shearing has been slowed by the weather but lambs are going to market and calf shipping from the Davis Mountain area is beginning. Labor is short.

All West Central counties except Tom Green have adequate to surplus soil moisture and grazing prospects are excellent and cotton looks good but boll weevils are increasing. Pecan prospects are far below average due to insects and diseases. The lamb and calf markets are active with the demand strong. Most outdoor activities stopped due to the rains. Labor is short in some areas.

Harvesting and grain planting are at a standstill in Central Texas and the quality of cotton has been hurt.

MEN IN SERVICE

Second Lieutenant William M. Engle, whose wife, Beverly, is the daughter of Mr. and Mrs. George True of 512 Scott, Big Spring, has been graduated from the U.S. Air Force F-4C Phantom II pilot course at Davis-Monthan AFB, Ariz.

Lt. Engle is being assigned to Bitburg AB, Germany, for duty with the U.S. Air Forces in Europe.

A graduate of Big Spring High School, Engle was commissioned in 1965 upon completion of the Air Force Reserve Officers Training Corps program at Texas Technological College, Lubbock, where he was graduated with a B.A. degree in mathematics.

CARL ADWARD HENKELL

Chaplain (2nd Lt.) James H. Rankin, 27, son of the Rev. John S. Rankin, Permian Basin Baptist Assembly, near Stanton, completed a chaplain orientation course, Sept. 1, at the Army Chaplain School, Fort Hamilton, N. Y.

He received nine weeks of training in psychology and counseling, methods of instruction, and principles of character guidance. Instruction was also given in standard military operations.

Chaplain Rankin was graduated from Hardin - Simmons University in 1963 and has attended the Southern Baptist Theological Seminary in Louisville, Ky. His wife, Elizabeth, lives at C-3 Seminary Village, Finley Ave., Louisville, Ky.

Private Charles E. Russell, 26, son of Mr. and Mrs. Virgil M. Russell, 509 Union St., has completed eight weeks of training in air defense artillery at the Army Air Defense School, Fort Bliss.

He was trained in firing and maintaining air defense missiles.

Gunner's Mate Seaman Apprentice William F. Marino, USN, son of Mr. and Mrs. John Marino of Gall Route, Big Spring, arrived in Viet Nam and has been assigned to Task Force 118, the U.S. Navy's River Patrol Force, in South Viet Nam.

The force consists of an amphibious support ship and a group of 31-foot river patrol boats (PBR) of a new type designed for quiet, high-speed operation in shallow water.

E-2 Carl Adward Henkell, 18, is home on leave to visit his parents, Mr. and Mrs. D. C. Henkell, 1001 E. 3rd, until Sept. 28. Carl attended Big Spring High School before he entered service in February and took his basic training at Fort Bliss.

Then he was sent to Fort Ord, Calif., and more recently to Fort Meade, Md., for Army transport training. His next assignment will be overseas.

Col. Earl N. Yaden, whose mother, Mrs. Ada M. Pearl, resides in London, Ky., has arrived for duty at Ent AFB, Colo.

Col. Yaden previously served at Clear, Alaska. He is assigned to the Air Defense Command which provides aerospace defense against hostile aircraft and missiles.

Col. Yaden's wife, Joan, is the daughter of Mr. and Mrs. H. P. Hines of Rt. 1, Westbrook.

DAVID TAYLOR

Cpl. David Earl Taylor, 20, son of Mr. and Mrs. Earl D. Taylor, 211 Jefferson, began Officer Candidate Training at Ft. Knox, Ky., Sept. 8.

Taylor graduated from Big Spring High School and attended Howard County Junior College before enlisting in the Army in February, 1966. He took basic training at Ft. Bliss, Tex., and his AIT at Ft. Knox.

Since graduating from AIT, he has been assigned to the Cadre, helping to train other basic trainees at Ft. Knox.

Scott Flechsig, son of 1st Lt. and Mrs. R. L. Flechsig, celebrated his first birthday Friday. On hand for the ice cream and cake were his grandparents, Lt. Col. and Mrs. R. E. Flechsig, and his Aunt Diane—all of Albuquerque, N. M. Also attending was the Roy Cederberg family of Big Spring.

Army Private First Class Jimmy D. House, whose mother, Mrs. Bessie V. House, lives at 845 E. 8th, Colorado City, was assigned to the 14th Transportation Battalion in Nha Trang, Viet Nam, Sept. 7. House, an electronic repairman, entered the Army in October, 1965 and was last assigned at Fort Gordon, Ga. He was graduated from Colorado City High School in 1960 and attended Texas Technological College in Lubbock.

Col. Earl N. Yaden, whose mother, Mrs. Ada M. Pearl, resides in London, Ky., has arrived for duty at Ent AFB, Colo.

Col. Yaden previously served at Clear, Alaska. He is assigned to the Air Defense Command which provides aerospace defense against hostile aircraft and missiles.

Koch Condemns U.S. Role In Viet Nam War

MOSCOW (AP) — American defector Harold M. Koch, issued a statement Saturday condemning the United States for its role in the Viet Nam war and calling the Soviet Union "country - which - symbolizes peace and equality for all."

Since his defection Koch has refused to talk with the U.S. Embassy and has not been available to Western correspondents. His whereabouts and activities are not known.

He said once again that he came here "as a protest against the unjust war the American leaders are waging against the Vietnamese people."

THE HAND OF FRIENDSHIP was extended by the Woman's Forum Friday as it began its fall season. Their 'friendship coffee' was held at 10 a.m. in the home of Mrs. T. H. McCann, 702 Highland, with members of the International

Wives Club and other clubwomen as guests. Shown seated are Mrs. McCann and guests, Mrs. Jack Perryman and Mrs. Roy E. Drinnen. Standing are Mrs. L. B. Maulden, forum president, and Mrs. Al Valdes, the wives club president.

WELFARE WORK proves a satisfaction to many local club women. Among the groups that volunteer their time where needed is the XYZ club, here represented by Mrs. Robert H. Johnson, Mrs. Fred Clark and Mrs. Morris E. Robertson, vice president. Mrs. Jim Lewis is the president, and under her leadership, the club members assist the Dora Roberts Rehabilitation Center by doing office work and helping patients.

LOCAL HYPERION CLUBS count many active and gracious women among their members. The clubs meet separately for well-planned educational and entertaining programs and work together through the Hyperion Council to coordinate their activities

and charity projects. Shown are four Hyperion Club members, Mrs. Robert Stripling, Mrs. Hayes Stripling Sr., Mrs. Clyde Angel and Mrs. R. B. G. Cowper.

RUSH PARTIES are beginning for the various sororities, including Beta Omicron Chapter of Beta Sigma Phi. Here are this fall's rushees with Mrs. John Turner, chapter vice president. From left are, standing, Mrs. Edwin E. Dickson, Mrs. Joe Bond, Mrs. Turner and Mrs. Douglas Hattenbach.

Seated are Mrs. Kenneth Griffin, Mrs. Jerry Rich, Mrs. Don Statham, Mrs. Monroe Casey, Mrs. Tommy Young, Mrs. W. L. Patton and Mrs. Joe Stocks. Mrs. Weldon Low was unable to be present for the picture.

THE 75TH ANNIVERSARY of the General Federation of Women's Clubs was marked with a commemorative stamp issued this month. The stamp honors 11 million women who are members of U.S. clubs, overseas clubs and associate organizations. The far-flung programs of the Federation range from aiding school dropouts to promoting

traffic safety, and from natural resource conservation to encouraging international understanding. Here, Postmaster Frank Hardesty shows the stamps to Mrs. Ray Cederberg, president of the Big Spring Progressive Forum, and Mrs. Truett Newell of the Junior Woman's Forum.

MRS. DAVID WILLIAM LASLEY

Cheryl Whittington Is Married In Chapel

Miss Cheryl Whittington became the bride of David William Lasley Saturday at 8 p.m. in the Webb AFB Chapel. The Rev. William H. Warren officiated for the double ring ceremony.

The bride is the daughter of Mr. and Mrs. C. F. Whittington, 1822 Stadium, and the bridegroom is the son of Mrs. Floyd Lasley, Carbondale, Ill., and the late Mr. Lasley.

An arch of tall candelabra holding cathedral tapers and graced with emerald ferns centered the altar. On either side were basket arrangements of chrysanthemums and gladioli.

Mrs. Imogene Lloyd, organist, presented a prelude of wedding music and accompanied Mrs. Don Newsom as she sang "Because," and, as the couple knelt on a white prie dieu, "The Lord's Prayer."

Given in marriage by her father, the bride wore a formal gown of white French imported silk Chantilly lace over satin. The fitted bodice was fashioned with an Empire waistline and long petal point sleeves. The ankle-length straight skirt was accented with a floor-length lace train which was attached at the shoulders. Her veil of illusion fell from a crown of seed pearls and crystal beads.

BRIDE'S BOUQUET
For her bouquet the bride carried a crescent of French carnations showered in satin picot and backed in lace leaves.

Miss Martha Donaghey of Vernon was maid of honor. She wore an antique gold formal dress with an Empire waistline and three-quarter-length sleeves. She carried a bouquet of bronze chrysanthemums.

Russell Sortino was best man. Ushers were Bob Haynes, Lubbock, Don Evans and Jim Thacker. Les Adams was ring bearer, and altar taper lighters were Pam and Andy Adams, all of Dallas.

For a wedding trip to Dallas, the bride's traveling costume was a yellow silk two-piece suit with matching accessories. The couple will reside in Big Spring.

Mrs. Lasley graduated from Big Spring Senior High School and attended North Texas State

University, Denton. She is employed at Webb AFB. Lasley graduated from Carbondale Community High School, and attended Southern Illinois University, Carbondale. He is presently stationed at Webb AFB.

A reception was held in the Blue Room of Cosden Country Club where the honored couple, parents and attendants welcomed guests.

VOTIVE CANDLES
The refreshment table was covered by a white organdy cloth trimmed with green appliques and centered with an arrangement of white chrysanthemums and carnations flanked by votive candles. The three-tiered wedding cake was decorated with confection green leaves and topped with a miniature bride and groom.

'Wool' Theme Party Held At Ranch Home

STERLING CITY — The Chesley McDonald ranch home, west of Sterling City, was the scene Thursday of a "Wool Tying Party" honoring Miss Lynda Allen, bride-elect of Danny Welch and a former "Miss Wool."

Assisted by her daughters, Miss Jennie McDonald and Mrs. Tony Allen, Mrs. McDonald gave a unique presentation to the gift shower and rice bagging party.

Invitations went to 40 friends, and the appointments and decoration included many unusual manipulations of processed wool

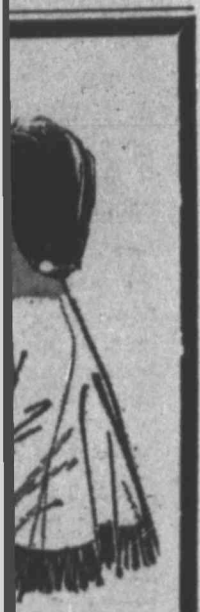

and the bride's chosen colors of turquoise and avocado green. A rope, made of braided wool strands, displayed the kitchen gadget gifts which were clipped to the line with plastic clothespins.

A wool burlap table cloth, and a centerpiece consisting of a black ceramic lamb nestled in a cluster of lamb pelt flowers, carried out the wool motif on the buffet table. The wool flowers, made by Mrs. Danny Stewart of Sterling City, were also used in the corsages for the house party which included several aunts of the honoree.

'ROUND TOWN

By LUCILLE PICKLE

There are numerous things about women's wear that men will never understand about and to tell the truth there are a few that I don't comprehend myself. In my wardrobe, and I'm sure in the wardrobe of many other women like myself, we have stand-up dresses that are generally worn with sit-down shoes.

To those readers that don't follow me may I explain that the dresses are mostly lined these days and if the lining doesn't 'give' when the wearer is seated it tends to make her most uncomfortable. Standing she feels fine but the cloth gets binding when she bends. The shoe deal, as every woman knows, comes from wearing the extremely high heel slippers that tend to make the wearer feel very dressed up but completely off-balance. Sitting she feels OK. It's quite a combination but I don't recommend it. In fact, the thing I don't understand is why I have either the dresses or the shoes.

In a busy supermarket visit with MRS. RUBY MARTIN she told of the doings of the JAMES TIDWELL family who are making Honolulu, Hawaii, their home at present. Mrs. Tidwell finds the place noisy, to her surprise, but Stephen is taking it all in stride and is having the time of his life. James keeps busy with his duty that keeps him on the go checking maintenance at the numerous air bases in Southeast Asia.

Mr. and Mrs. E. R. Perry of Tarzan are announcing the approaching marriage of their daughter, Lynda, to Kenneth W. Schmidt, Aurora, Ill. The couple is planning a Sept. 24 wedding.

sell the house and has Michele and Melissa enrolled in school until they can all move to Houston.

MRS. J. W. FURQUERON has the spritliest new Italian haircut. In fact it changed her appearance so much that I thought my old friend was a new one.

MRS. JOHN MARSHALL (SONNY) CHOATE is settled down here for several months while her husband is completing his tour of duty at Upper Heyford AFB, England. Mrs. Choate and the children, Lonnie, Mark and Linda, are making their home with Mr. and Mrs. Melvin Choate. The children are all enrolled in school at Boydston.

The family has been overseas for four years, several of them in Morocco. Capt. Choate will join his wife and children here the first week in October, and after the completion of his leave, the family will go to Langley, Mrs. Choate is the former Eunice Freeman and is the daughter of MRS. DORIS GRIPFICE of Big Spring.

In a hasty supermarket visit with MRS. RUBY MARTIN she told of the doings of the JAMES TIDWELL family who are making Honolulu, Hawaii, their home at present. Mrs. Tidwell finds the place noisy, to her surprise, but Stephen is taking it all in stride and is having the time of his life. The W. R. DAWSES are in Lubbock today to enter the youngest of their four in Tech. Martha is moving in her dormitory today for her freshman year.

MISS CAROLYN CALDWELL of Duncan, Okla., a longtime friend of MRS. MAGGIE SMITH, is visiting Mrs. Smith and MRS. ZUDORA PETERSON. Mrs. Caldwell recently retired from the Security National Bank in Duncan after 43 years of service.

We'll be having some company at our house this weekend. MR. and MRS. RANDALL PICKLE and MRS. LEWIS RIX are coming from Lubbock, and LEWIS RIX JR. will drive from Plainview. Our number one and two sons will be here from Austin where TOM has been spending the week with GARY. Gary will be here until Tuesday.

Will Model 'Fashion Pants'

A special event during the Webb Ladies Golf Association Invitational Golf Tournament Tuesday will be an informal style show presented by Mrs. Tommy Hutto, operator of the Fashion Pants Shop in Highland Center which opened this week. Mrs. Hutto, second from right, is shown with three Webb models, Mrs. George E. Franks, Mrs. Chester H. Butcher and Mrs. Larry Ledbetter. The show will climax the luncheon at the Webb clubhouse.

Cues In Clever Closets Told For Home Designs

The decorated closet is a pleasure to use, an asset to housekeeping. In any rearrangement for more efficient use of space, measure the closet and bear in mind that the minimum width for hangers is 24 inches. Perhaps hanger space is being wasted. In a deep closet, it's often better to have two poles perpendicular to the door wall than one running parallel to it. With the pole in place, group all short garments at one end of the bar, all longer clothes at the other. This allows storage space under the shorter end.

Next step: Visit the closet shop of any large department store. Here are clear plastic drawer-boxes of all sizes which can be stacked to desired height. Sweaters and lingerie can be stored this way below the cost of built-in drawers, yet with the same advantages.

Shoe racks for wall or floor, hat racks or boxes, and garment bags are all available to assure neat, attractive closets. For

belts, we suggest a man's tie rack on a swinging arm to be folded back against the wall when not in use. Handbags store well on wall pegs or hooks. Next: Cover the walls with washable paper or paint to complement the adjoining room. Shelves can be lined with matching paper or washable fabric, with braid or fringe trim. A full-length mirror on the inner side of the door is a great convenience, as is a small clothes brush on a hook. A closet light is a "must."

OPEN HOUSE FOR PRIEST

The Rev. Robert J. McDermott of St. Thomas Catholic Church will be honored this afternoon from 2 to 4 p.m. at a reception in the basement of the church. The host group will be members of the church societies, and all of Rev. McDermott's friends in the community are invited to attend. Rev. McDermott will be leaving the city to accept another post.

Wedding Ceremony Held In San Angelo

STERLING CITY (SC) — The First Methodist Church in San Angelo was the scene Saturday evening for the wedding of Miss Lynda Rhea Allen and Danny Frank Welch. The double ring ceremony was performed by the Rev. Glenn Welmer, associate minister, who was assisted by the Rev. Philip Robberson of Sterling City.

Parents of the couple are Mr. and Mrs. Edward Franklin Welch of San Angelo and Mr. and Mrs. Worth Ewing Allen of Sterling City. The musical prelude was by Mrs. Elaine Tomlinson, organist, and Mrs. Joe Collins singing "I Love Thee" and Stanley K. Horwood who sang "The Wedding Prayer."

The bride, given in marriage by her father, wore an original gown of tissue wool with wedding ring neckline underlaid in crystal. A tuberose pattern, overlaid with crystal, was woven into the slim skirt and was repeated on the bell-shaped, three-quarter-length sleeves. A smaller, identical pattern, overlaid in crystal, was traced on the chapel train.

The bridal bouquet was a cascade of white orchids and white butterfly roses showered in stapanotis and tied with streamers.

ATTENDANTS

Mrs. James Mack Gerkin of Bedford, Ind., was the matron of honor, and the maid of honor was Miss Janet Elizabeth North of Ozona. Serving as bridesmaids were Miss Suzi Olive, Mrs. Worth Ewing Jr., Miss Willene Glass of Sterling City, Miss Susan Williams of Beaumont and Mrs. Preston Blum of Lubbock. Their sleeveless gowns were of turquoise sheer wool with a deep hemline border of olive and were styled with tuberose motifs on the skirt.

The best man was Larry Patrick Martin of Odessa, and groomsmen were Richard Shriner Gasset, Dallas; Tommy Scott Newman, San Antonio; Richard Lee Thomas, John Steven Elliott, Peter William Orlebeke, Dallas; and Bill Boyd Allen, Sterling City, brother of the bride. Seating the guests were Joe Pat Beasley, Robert Craig Easley, John Everett Tennis, Odessa; Jack Harold Price, Austin; and Worth Ewing Allen Jr. of Brownfield, brother of the bride. David McMullen and

MRS. DANNY FRANK WELCH (Curley's Studio)

Dean McMullen of Big Lake, Also, he is a member of the Masonic Lodge at San Angelo.

Following a wedding trip to Ruidoso, N. M., the couple will reside in Lubbock where he is a senior at Texas Tech. The bride is a graduate of Stephens College, Columbia, Mo., and Texas Tech where she was a member of Zeta Tau Alpha and former Miss Wool of Texas. Allen attended San Angelo College, and at Tech, is a member of Sigma Delta Chi, professional journalism fraternity.

The reception was held in the crystal room of the Cactus Hotel where Mrs. Fowler McEntire joined the couple, parents and feminine attendants in receiving guests. Miss Debbie Reed and Miss Pam McEntire were at the register. The bride's table was laid with white satin with a lace and net overskirt. Centering the table was a silver candelabrum based in white chrysanthemums and on the bridegroom's table, a bronze and copper candelabrum was arranged with yellow and bronze chrysanthemums.

Members of the house party were Mrs. Worth B. Durham, Mrs. Finnis Westbrook, Mrs. Jim C. Windle, Mrs. Riley King, Mrs. H. A. Chapple, Mrs. Chesley McDonald, Mrs. Neal J. Reed, Mrs. Nick Reed, Mrs. Danny Stewart, Mrs. Roland Rowe, Mrs. Hobie Gundrum, Mrs. Robert Martin, Mrs. Larry Martin, Mrs. Johnny McMullen, Mrs. Kenny McMullen, Mrs. Bill Black, Miss Dickie Dell Johnston, Mrs. Wendall Parker, Miss Cheryl Parker, Miss Lois Ethel Price, Mrs. William V. Rogers, Mrs. Ewing McEntire, Mrs. H. L. Hildebrand, Mrs. Reynolds Foster, Mrs. Guy Dayvault, Mrs. Verabel Spalti, Mrs. Frederick Hambricht and Mrs. R. D. Martin.

Out-of-town guests were Mrs. O. W. Parker, Iran; Mr. and Mrs. Colton Parker, Mr. and Mrs. Doug Parker and Mr. and Mrs. Richard E. McNeil, all of Lubbock; Mr. and Mrs. O. W. Parker III and Mr. and Mrs. P. H. Coates, all of Big Lake; Mrs. Molly Scott, Mr. and Mrs. R. D. Martin and Mr. and Mrs. Bob Martin, all of Abilene; Mr. and Mrs. Hobie Gundrum, Colorado City; Mr. and Mrs. William V. Rogers, Midland; Mr. and Mrs. H. A. Chapple, Rockspring; Mr. and Mrs. Fred McDonald, Loop; Mr. and Mrs. Oliver Johnson and Gloria of Big Spring; Miss Janice Coates and Steve Coates of Big Lake and Weldon Shelton of Lamesa.

The bridegroom's parents hosted a rehearsal dinner for 50 Friday evening in the Mator Room of the El Patio Motor Hotel. Also, a bridesmaid's brunch was held Saturday at the Ramada Motel and hostesses were Mrs. Fowler McEntire, Mrs. Guy Dayvault, Mrs. Verabel Spalti and Mrs. Frederick Hambricht, all aunts of the bride, and Mrs. Don Rawson and Mrs. J. Frederick Hambricht Jr.

CERTAIN MEDICINES AFFECT DRIVING ABILITY.

Perhaps you know that sleeping capsules leave a drowsy effect that lasts from 12 to 14 hours. If you must drive, take extra care. Tranquilizers expose you to the same danger.

Some cold or allergy remedies contain antihistamines, which while good for their intended purpose, also have the effect of impairing driving judgment. If you are taking any medicine and are not certain of such side effects, please ask us. Pharmacists are taught this knowledge at college.

Improve Fireplace

A new mantel often helps improve the appearance of an old fireplace and a little face-lifting around the fireplace area can improve the appearance of an entire room.

If there are stubby built-in bookcases at each side of the fireplace, they'll look better if they are continued to the ceiling. A deep fireplace may have space at each side for a closet built flush with the face of the hearth. The closets can be lined with pegboard to hold hooks and shelves for storage of all kinds of things.

Hollow core doors can be found at a bargain and covered with prefinished wood grain panels. This is easier and less expensive than buying top grade doors or having them custom built.

Crocheted Hats

You'll appreciate having these crocheted hats on hand in a few months. Make them now, they work up quickly. Instructions are given for sizes small, medium and large. Send for Pattern No. 367.

Send 50 cents for Needlework Book. Contains free stole pattern and embroidery and a coupon for free pattern of your choice.

Julia Ann Banks Becomes Bride Of B. M. Brown

Miss Julia Ann Banks became the bride of Bobby Morris Brown Saturday evening at 7 o'clock in the sanctuary of the First Baptist Church. The Rev. Robert F. Polk, pastor, officiated for the double ring ceremony.

The bride is the daughter of Mr. and Mrs. E. J. Banks, 2002 Merrily, and the bridegroom is the son of Mr. and Mrs. Jeff Brown, 600 Highland.

Gracing the altar was an archway entwined with foxwood foliage and emerald palms illuminated by wedding tapers held in seven branched candelabra. Baskets of white chrysanthemums completed the setting.

Mrs. Forrest Gambill, organist, accompanied Miss Sheryl Gambill as she sang "More, The Twelfth of Never"; and, as the couple knelt on a white prie dieu, "The Wedding Prayer."

Escorted to the altar and given in marriage by her father, the bride wore a formal gown of bridal satin. The bodice and bell sleeves were enhanced with Chantilly lace encrusted with iridescents and seed pearls. Lace appliques were scattered over the A-line skirt, and the chapel-length train was attached to the Empire waist.

WHITE ORCHID

The bride's elbow-length veil of illusion fell from a two-tiered crown of seed pearls, and for her bouquet, she carried a cascade of feathered white carnations centered with a white orchid and carried atop a white Bible.

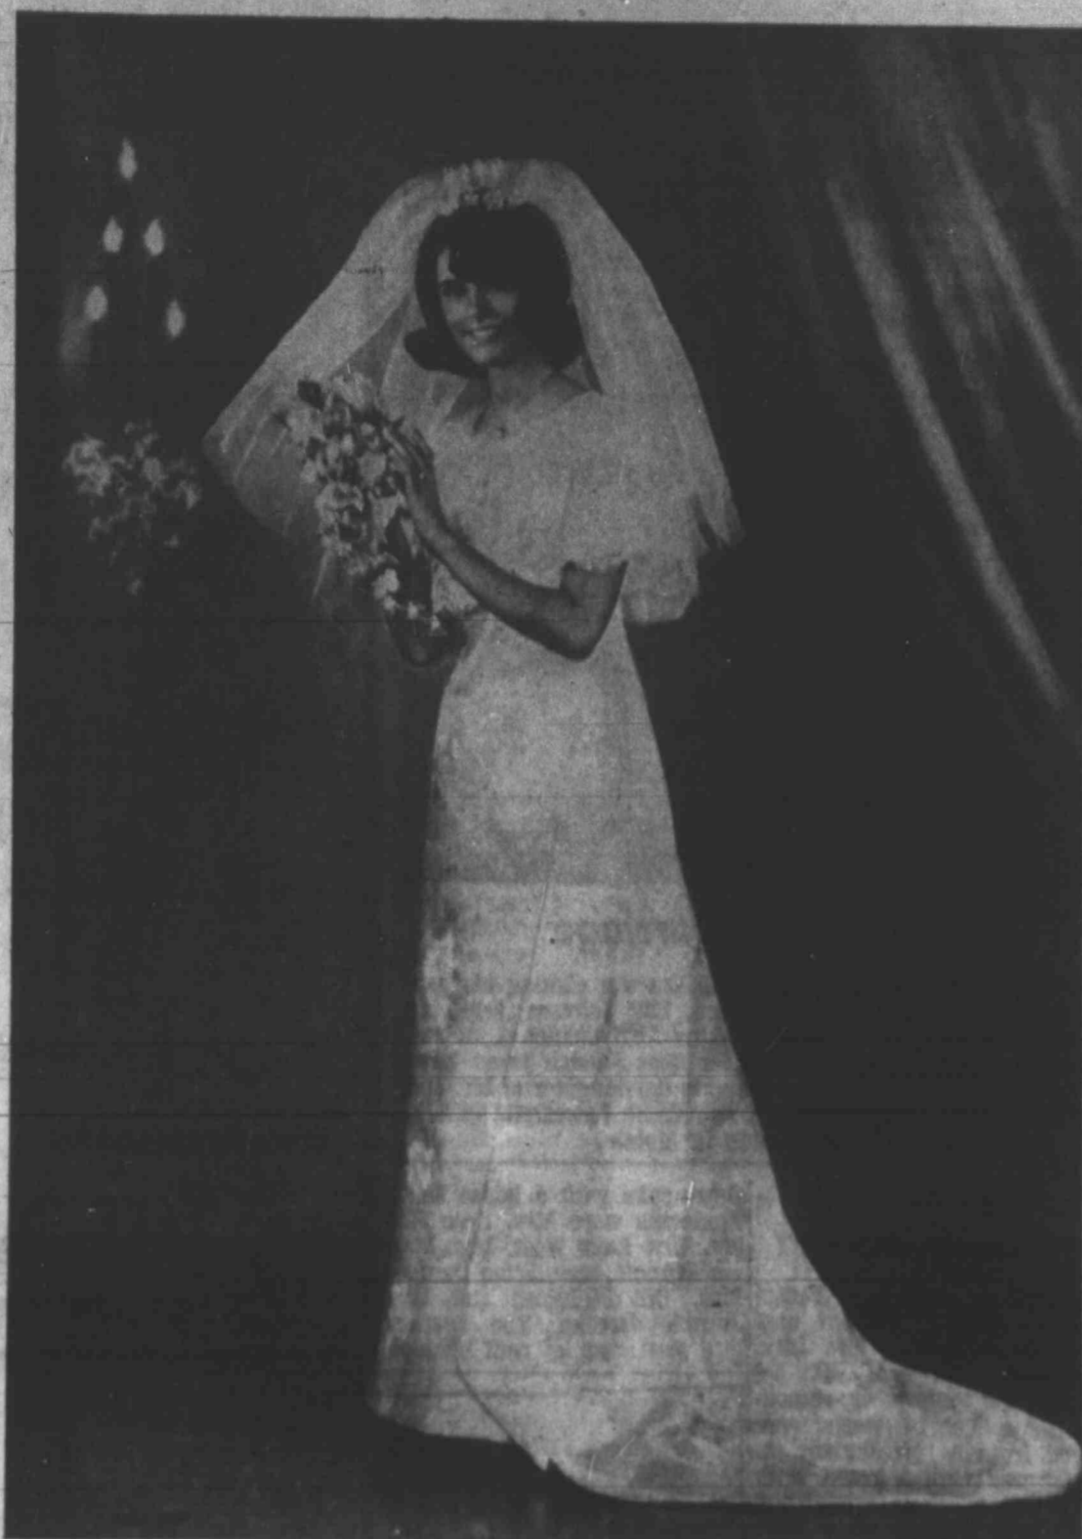

Miss Linda Marberry was maid of honor, and bridesmaids were Miss Ginger Brown, sister of the bridegroom, and Miss Ann Henderson.

The attendants wore identical street-length dresses of turquoise satin designed with Empire waists and bell sleeves covered in Chantilly lace. Their headpieces were of matching fabric rosettes and brief veils.

Freddy Coleman served as best man, and groomsmen were Darrell Rains and Don Alexander. Ushers were Lt. John E. Puckett, Sheldon L. Bumps, Murphy Mendoza and Gary Anderson.

Flower girl was Laurie Partain, and ring bearer was Benny Denson.

For a wedding trip to Ruidoso and Carlsbad, N. M., the bride chose a three-piece

gray and beige knit suit with trumpet sleeves and matching accessories. She wore the orchid corsage from her bouquet.

Mr. and Mrs. Brown are graduates of Big Spring Senior High School. Mrs. Brown was a member of the Shorthand Club, Future Homemakers of America, and the French Club. She is attending Howard County Junior College where she is majoring in Business Administration.

Brown attended HCJC and served on the student council. He is now serving in the U.S. Navy as a hospital corpsman aboard the USS Graffias. On Oct. 3 he will report back to his station at San Francisco, Calif.

RECEPTION

The reception was held in the church fellowship hall where the honored couple, parents and attendants welcomed guests.

The bride's table was covered with a floor-length white satin and lace cloth. The centerpiece was an epergne holding an arrangement of white chrysanthemums, and the three-tiered white wedding cake was set on column separators and topped with a miniature bride and groom.

The bridegroom's table was covered with a green linen cloth, and centered with a three-tiered chocolate cake accented with candied, foliage and yellow chrysanthemums.

Mrs. John E. Puckett, sister

of the bride, was in charge of the register. Members of the house party were Miss Carla Davidson, Miss Betty Pedro, Miss Deanie Barnes, Miss Carol Burleson, Miss Lou Ann Miskel and Miss Dottie Denson.

Out-of-town guests were Lt. and Mrs. John E. Puckett, Otis AFB, Mass.; D. M. Denson and Mr. and Mrs. Wayne Denson, all of Hermleigh; John E. Brown, Dunn; Mr. and Mrs. Harold Denson and Mr. and Mrs. John Partain, all of Snyder.

Installation Service Held Thursday

Mrs. Nathan Stallcup, retiring president of the Big Spring Branch, Texas School Food Service, installed new officers at a meeting Thursday at the Marcy School cafeteria. Mrs. Stallcup received a red rose with leaves made of dollar bills.

Installed were Mrs. Ernest Williamson, president; Mrs. Nolan Childress, secretary; and Mrs. James Waddell, treasurer.

Reports were heard from those who attended the state convention in Houston and the workshop at Texas Tech in Lubbock.

Refreshments were served from a table covered with an ecru lace cloth and centered with a permanent flower arrangement in fall colors. The next meeting will be at 2:30 p.m., Oct. 13 in the Humels Junior High School cafeteria.

Engaged

Mr. and Mrs. Robert Woodrow Crabtree, Rt. 2, Colorado City, are announcing the engagement and approaching marriage of their daughter, Bonnie Sue, to James Carlyle Hensley III of Fort Worth. The prospective bridegroom is the son of Mrs. Howard Brainard of Fort Worth and James Carlyle Hensley Jr., of Gresham, Oregon. The couple is planning a Feb. 4 wedding.

G. L. Monroney Attends Session

FORSAN (SC)—Mr. and Mrs. G. L. Monroney are in San Diego, Calif., to attend the World War I national convention. They will also visit friends in the area and points of interest.

P-TA Tells Plans For Chili Supper

Plans for an Oct. 29 chili supper and Halloween party were discussed during the Thursday meeting of the College Heights Parent-Teacher Association. Mrs. A. W. Gerhart presiding, and 50 attended.

The annual fund-raising project is the chili supper. This year tickets will be sold in advance by the students.

Mrs. J. E. Swindell gave the devotion and introduced the faculty. The room count was won by Mrs. Reagan Beasley's first grade, and refreshments were served by the officers.

Mrs. Eston Hollis Has Miscellaneous Shower

Mrs. Eston Hollis was honored with a baby shower Thursday evening at the North Birdwell Lane Methodist Church.

Cohostesses were Mrs. Barney Edens, Mrs. Vernon Kent, Mrs. John Knowles, Mrs. A. L. Marple, Mrs. Bob Cozart, Mrs. Viola Burkett and Mrs. A. F. Bearden.

The refreshment table was centered with a pink swan surrounded with miniature pink and blue roses. The white cake was decorated with confection ribbons and topped with a miniature baby carriage. Favors

were small baby carriages, and the honoree was presented a corsage of small baby accessories.

Twenty-eight guests were registered in a handmade book edged in lace. Mrs. Johnny Welborn registered guests.

Honored guests were the honoree's mother and mother-in-law, Mrs. Claude Carpenter and Mrs. Earl Hollis, and an out-of-town guest was Mrs. G. W. Martin, Ackery. The mothers and hostesses were presented corsages of pink and blue carnations.

Girl Scouts Aim High

With autumn in the air, Girl Scout meetings are once again in full swing, and if she isn't already a girl in green, your daughter may arrive home asking for permission to join a troop. What will your permission give her?

First of all, it will give her a unity of purpose with three million other girls throughout the country. And if the Girl Scout purpose is achieved, it will give her an adulthood enriched with the highest ideals of character, conduct and citizenship.

Whether Brownie, Junior, Cadette or Senior, each level of Scouting offers unique opportunities and gives something of value for girls seven through 17.

The simple word "Yes" is small—the returns are immeasurable.

Church Schedules Rummage Sale

Plans for a Sept. 24 rummage sale were discussed during the Monday meeting of the Women's Society of Christian Service of the North Birdwell Lane Methodist Church. The members met at the church with Mrs. Vernon Kent presiding.

The Rev. John Wilborn gave the opening prayer and told of plans to start a Wednesday evening Bible study during October.

Mrs. Joe Barbee reported on the recent meeting of the United Council of Church Women, and Mrs. Kent spoke on "Self-Confidence."

The next meeting will be Sept. 19 at the church.

Wedding Solemnized In Baptist Church

Miss Beverly Sue Boroughs became the bride of Gary D. Holeman Thursday at 7:30 p.m. in the Westside Baptist Church. The Rev. Paris A. Barton officiated for the double ring ceremony.

The bride is the daughter of Mr. and Mrs. B. N. Boroughs, 2903 Clanton, and the bridegroom is the son of Mr. and Mrs. W. E. Holeman of Midland. Gracing the altar were baskets of white gladioli, wedding palms and candelabra. Miss Claudia Caudill sang "Whither Thou Goest," "Because" and "The Wedding Prayer." She was accompanied by Mrs. Ralph Walker, organist.

Given in marriage by her father, the bride wore a formal gown of white bridal satin. The Empire designed dress featured an A-line skirt with gathers at the back waistline accented with a bow that fell into a chapel train. The fitted lace bodice was styled with long, petal point sleeves of lace.

Her tiered veil of illusion was of French tulle and fell from a cluster of fabric roses enhanced by seeded leaves. Her bouquet was a cascade of white feathered carnations surrounding white gardenias.

The matron of honor was Mrs. Newton Bell, sister of the bridegroom. Bridesmaids were Mrs. Bill Roger, sister of the bride; and Miss Sandra Holeman, sister of the bridegroom. The attendants wore Empire styled dresses in shades of pink and carried bouquets of white chrysanthemum pompons and pink sweetheart roses.

The best man was Bobby Barkley of Odessa, and groomsmen were Newton Bell, Midland; and Duane Murphree. Ushers were Anthony Rhodes, Larry Atchley, Midland; and Billy Sanderson.

Rhonda Camp was flower girl, and rice girls were Donna Camp and Sherry Chiffin. Altar taper lighters were Brenda Chiffin and Robert Turner.

For a wedding trip to an undisclosed destination, the bride wore a blue and green tweed suit with beige accessories and a corsage from her wedding bouquet.

Mr. and Mrs. Holeman are

Lewis Berry, editor of the "Texas Lawman" magazine, will speak at a luncheon to be announced.

Course Response Is Gratifying

The response to the Dale Carnegie Course in the Big Spring area has been "beyond our optimistic expectations," according to Warren Quinlan, director and instructor for the program in West Texas.

"We are working on a backlog of telephone calls and other inquiries," Quinlan said. "Area supervisor Carl V. Howell was brought in from Odesa earlier this past week to help keep pace with numerous requests for information."

The Big Spring Daily Herald is sponsoring the course as a public service. Information on the Dale Carnegie program can be secured by calling Quinlan at The Herald.

Tip For Bumper Melon Crop: Use Lawn Mower

Growing watermelons in this country?

Pool — nothing to it. Ask Craig Dunnam, 7, son of Mr. and Mrs. Charles Dunnam, 1810 Indian Hills. Or his sister, Jill, 4.

They'll tell you that watermelons just naturally grow hereabouts. To prove it they'll show you their king-sized watermelon vine.

And point out, perhaps, the collection of fat, round melons flourishing on the vine and

ready for the eating.

Mrs. Dunnam said that the vine, sprawling for 35 feet across the Dunnam back yard, came up voluntarily this spring. It defied a heavy growth of Bermuda grass and, even though it was mowed back once or twice, continued to grow.

Finally the Dunnams, at Craig's insistence, decided to leave the vine alone. It has already produced a dozen big yellow-meated melons and there are many smaller ones still flourishing.

ing, will also participate.

Swartz said that a grand prize drawing for first, second and third prize, totaling \$250, will take place at 10 a. m., sponsored by downtown merchants. Registration for the drawing will begin a week before the ceremonies in all the downtown stores.

In addition, at various times during the day all downtown stores will present gift certificates, merchandise and department gifts. Hourly sales of special items will be offered by serving before and after the ceremonies.

Serving with Swartz on the arrangements committee are of 42 girls from Sweetwater whose specialty is baton twir-

Heavy Rains Bog Harvest

Persistent rains which held on through August and half way through September have brought the harvest of milo in this area to a halt.

There was not enough sunshine between rainstorms to permit the combines to get back in the fields.

Growers are disturbed over the situation and expect to suffer a loss in price for the grain when harvesting can be resumed.

Cotton with bolls ready to open is also stalled by the

cloudy skies, frequent rains and cool weather. Some cotton already opened is being damaged by the moisture.

So far August and September have accounted for nearly nine inches of rain in Big Spring. Many parts of the county may have had even more than that amount in the past six or seven weeks.

Before the recent rains began, the milo harvest was just beginning to get into full swing. Remarkable production figures were being reported by many farmers.

Up to that time, the threshed grain had been of top quality and bringing top prices. For the first time in many years some farmers were reporting their grain crop promised to be financially comparable to their cotton.

No reports of insect troubles have been heard in the cotton fields. Gins are getting ready for the harvest but there will be no rush of ginning for sometime to come. Howard County's cotton crop this year will be almost 100 per cent machine harvested and this means no real action will be taken until after the first hard frost.

Record Player Donation Asked

Have you an old record player, still useable, you no longer want?

If so, would you donate it to the Howard County Free Library?

Mrs. Opal McDaniel, librarian, said that the library's Children's Hour program has been started again for the fall season and operates each Tuesday from 10 a. m. to 11 a. m.

Friends of the Library, a group which works to better the institution's facilities and services, have donated a number of films and a film slide projector.

"We need a record player," said Mrs. McDaniel, "since we already have records we can use."

Rain Follows Spray Project

STERLING CITY (SC)—Citizens and officials have just completed a frontal attack on mosquitoes—just in time to probably have it to do again.

Spraying for control of mosquitoes began Tuesday and was finished late Wednesday evening.

And then came rain, and more rain.

Concerned about the recent outbreaks of encephalitis in the state, residents mapped an assault on breeding places for mosquitoes.

"One of the unhappy results of the reoccurring rains has been the acceleration of mosquito propagation," said Dr. William Swam, local physician. He advocated spraying.

A committee appointed by Lion's Club president, D. Kirk Hopkins, took charge of investigating and executing the spraying project.

Assisting in the round-up of spraying units and volunteers to man them, was Jack Douthitt, editor of the weekly newspaper. His articles brought in five spraying units, and enough men to operate the machines on two successive runs.

Under the direction of County Agent Arthur Barlemann, Malathion, an insecticide lethal to mosquitoes and flies, was mixed at the local fire house.

Owners of bee colonies were warned to protect their bees during spraying times, also for several days afterwards.

Control of mosquito breeding places extended to areas out of the city proper. Water holes in the creeks and around the edges of town were oiled for the second time in several weeks.

Travis Succeeded Here By Dunson

R. H. Travis, Big Spring division sales manager for Texas Electric Service Company the past seven years, is moving to Fort Worth to join the public information - advertising department of the company, it was announced Tuesday by J. D. Womack, manager of the electric company's Big Spring division.

Travis, who has been dividing his time recently between Big Spring and Fort Worth, will take over his new duties in Fort Worth on Sept. 21.

Succeeding Travis here will be B. L. Dunson, who has been in the company's sales department in Fort Worth for the past six years. Dunson started to work for Texas Electric there following his graduation in 1960 from Texas Tech, where he received a degree in electrical engineering. He earned a master's degree in engineering administration from the evening college of Southern Methodist University in 1965 and is a registered professional engineer.

Dunson with his wife and year-old daughter are in the process of moving to Big Spring.

Travis started with Texas Electric in the sales department in 1952 at Wichita Falls. He moved to Midland in 1957 and two years later was made division sales manager in Big Spring.

He has served in a number of civic activities while here. He is immediate past president of the Kiwanis Club, served on the board of trustees of the United Fund and the Dora Roberts Rehabilitation Center and was a charter member of the Ambassadors Club of the

Chamber of Commerce. He also has been a leader in the College Baptist Church.

Mrs. Travis, presently teaching in the Kollege Kindergarten, and their four children will join Travis in Fort Worth as soon as possible.

Downtown Opener Fixed For Oct. 1

Formal opening ceremonies and celebration of the downtown beautification project between Second and Third Streets on Main has been set tentatively for Saturday, Oct. 1.

According to Adolph Swartz, chairman of arrangements and president of Downtown Big Spring, Inc., the ribbon-snipping ceremonies at 10 a. m. will kick off the celebration with Mayor Arnold Marshall officiating. A high school band concert will be offered, and coffee and doughnuts will be served before and after the ceremonies.

The Sweetwaterettes, a group of 42 girls from Sweetwater whose specialty is baton twir-

ling, will also participate. Swartz said that a grand prize drawing for first, second and third prize, totaling \$250, will take place at 10 a. m., sponsored by downtown merchants. Registration for the drawing will begin a week before the ceremonies in all the downtown stores.

In addition, at various times during the day all downtown stores will present gift certificates, merchandise and department gifts. Hourly sales of special items will be offered by serving before and after the ceremonies.

To Attend Field Day

Paul Gross, county agricultural agent, Saturday said a number of Howard County farmers and cattlemen were planning to attend the field day at the South Plains Research and Extension center on next Tuesday. He added he wished many others would attend.

Gross and his assistant, James Shelton, will be on hand at the meeting. The field day extends from

1 p. m. to 5 p. m. Weed control, water conservation, cotton diseases and grain sorghum studies are some of the topics to receive special emphasis.

The event, which is open to the public, traditionally attracts a large crowd of farmers and businessmen to the experiment station. The South Plains Research and Extension Center is located eight miles north of Lubbock on US 87.

Long staple stormproof cottons under development at the center will also be shown in the greenhouse displays. The agent said other re-

search projects that will be featured include soybeans, castors, vegetables, underground irrigation, narrow-row cotton and fertilization.

A Devotional For The Day

O come, let us worship and bow down: let us kneel before the Lord our maker. (Psalm 95:6)
PRAYER: We thank Thee, O God, that we have been taught to worship Thee in Thy sanctuary. Forgive us our slackness for those times when we have neglected to worship Thee. By Thy grace, help us to be faithful in our worship at all times. For Christ's sake. Amen.
(From the 'Upper Room')

It Deserves Your Support

When speaking of the assets of a community, civic boosters are prone to count smoketacks, quote business statistics, construction figures and point to entertainment, cultural and educational opportunities. All of these certainly play key roles in the vigor of a community, but one crowning asset to any city is its churches. In this respect, our own community is singularly blessed. The vast investment in physical facilities is a testimony to the importance that members attach to the spiritual life, and to the faith they have in the permanence of their community as well as their church and its ministry. Churches bring stability and meaning to a city and area. They are the

balance wheel and the compass. They are the leavening that keeps people concerned about people as an evidence of concern about God. They are the factor which fosters genuine warmth and friendliness among the people and which pricks conscience toward action to bring dignity and opportunity to all.

If churches are important to the community, they should be important to you. They deserve your support, first of all in faithful attendance and in participation; they deserve your support in substance. At this season of beginning again, we have an excellent opportunity to identify with this enduring, purposeful institution.

Intelligence And Duty

Over the years, Big Spring has produced many distinguished sons who have risen to places of responsibility and of service. Certainly, one in whom an extra measure of pride was invested was John Quinn. As a young man in Big Spring, he achieved an outstanding scholastic record and was a leader in the wholesome activities for young people. When he went away to preparatory school and to the United States Naval Academy, he continued

to excel in academics and in leadership. He was in all things a thorough gentleman. He belonged to the aristocracy of intelligence and duty.

When a decade ago he was elevated to rear admiral in the U.S. Navy, it surprised no one here. They always assumed that John Quinn was made for this. When one asked what the town had ever done, there was for many years a ready answer: "John Quinn was raised here."

Marco's Significant Visit

WASHINGTON — Sometimes what seems to be a routine ceremonial has more significance than appears on the surface. The presence at the White House of President Ferdinand E. Marcos of the Philippines is in many respects like other official visits to Washington by foreign dignitaries. But to Americans who are familiar with the history of the Philippines, the occasion is a dramatic reminder not only of how the United States fulfilled its pledge to grant independence to a country occupied during two wars but of what has been done by the American people to assist a nation 6,000 miles away in improving its standard of living.

IN THESE times the meaning of Philippine self-determination and independence might well be noted in Peiping and Moscow, where a constant barrage of propaganda insists that the United States is an aggressor nation, threatening to seize territory and exert a selfish power over small nations.

Just before leaving Manila, President Marcos gave an interview in which he said: "We were the first Asian country given its political emancipation by a big colonial power. It was here in the Philippines that Americans, by example, established a democracy. The development of the Philippines must be studied as a democratic experiment in an oriental atmosphere."

"DO YOU consider it a successful experiment?" he was asked. "From my point of view," he replied, "it has been. There are three political experiments under way in Asia right now: Democracy in the Philippines, socialism in India and communism in Red China. Our experience shows that the oriental, the

Asian, can make a success of democracy."

The course followed by the United States in the Philippines might well have been taken to heart by some of the European governments which had colonies in Africa. Although for a while there was an impatience over the fact that independence was not granted immediately, the United States government foresaw the possibility of a disordered country and insisted on taking time to help train the Filipinos to govern themselves.

The people of the Philippine Islands now have established themselves as an important nation in the Far East. Their economic potential is immense. They have agricultural and mineral resources and are developing light industries. They have a substantial export trade and will in future years contribute a good deal to the welfare of other Asian countries.

IF THE United States had not won the second World War in the Pacific, the Philippines today would be a Japanese colony. The Communists, of course, have for a long time had their eye on the Philippines and started a rebellion there in 1949. It was unsuccessful. During the last few years Communist elements have again infiltrated the country in the hope of securing there the same kind of political influence they now have in certain parts of South Viet Nam. This accentuates why the military effort of the United States in Viet Nam — which the Philippine government is assisting with troops of its own — is so important.

Many people throughout Asia appreciate the unselfish attitude of the United States. They will come to learn that, just as the Philippine people were given independence and have been assisted in maintaining it, a United Viet Nam under a free government can get similar protection and economic aid from America.

THERE IS a likelihood, moreover, that the Philippines will be an important factor in the development of an association of Asian peoples. For the Filipinos have an intimate knowledge of all the nations in the area. Manila has just been chosen as the site of the Asian development bank, which has the full support of the United States. President Marcos says that this step could be the beginning of "greater co-operation and co-ordination, not only in cultures and economies but in almost everything" in the Far East.

CERTAINLY the visit of President Marcos to the United States at this time will be widely publicized inside the Philippines. The people there will welcome the news that two countries are being drawn closer and closer together. This friendship may play a significant part in future events in Asia, where the Communists have been deliberately misrepresenting the American purpose.

Move To Renew Walnut Begins

FRANKFORT, Ky. (AP)—The Kentucky Department of Natural Resources is trying to stem the decreasing supply of black walnut, the most valuable timber species in the state. The department has launched a project to get 1,000,000 seedlings planted this year in hopes the supply will catch up with the demand.

Some Businessmen Rally To Cooling Plan

By SALLY RYAN
AP Business News Writer

NEW YORK (AP)—Some of the nation's top businessmen rallied behind President Johnson during the week, supporting his program to cool off inflation.

Henry Ford II, chairman of Ford Motor Co., called the President's proposal "a sound approach to present economic problems."

Congress began consideration of the President's plan. It calls for a 16-month suspension of tax incentives for business investment in new equipment and buildings.

The suspension would apply both to a 7 per cent tax credit on business spending for machinery and to fast tax write-offs, the accelerated depreciation allowed on commercial and industrial buildings.

Support for the President's plan was not universal, however, particularly among Republicans.

ROMNEY DISSENTS
George W. Romney, the Republican governor of Michigan frequently mentioned as a possible presidential candidate, said, "Discouragement of plant expansion at this time is exactly the opposite of what we should be doing."

Romney said Johnson could have acted last winter to head off inflation.

Roger M. Blough, chairman of U.S. Steel, was among the first to object.

A few days later, chief executives of Chase Manhattan Bank, including David Rockefeller, welcomed the President's action.

Then further support came from Frederick R. Kappel, American Telephone & Telegraph Co. chairman; Stuart T. Saunders, Pennsylvania Railroad chairman, and William B. Murphy, Campbell Soup Co. president and chairman of the President's Business Council, an advisory group.

EXEMPTIONS SOUGHT
But there were emphatic

- ### MIXED PRESSURES
- Gov. Romney raps suspension of tax credits
 - Bill gives more flexibility on savings interest
 - Short term interest at peak; so are treasury bills
 - Corporations want exemption from tax credit drop
 - Car production up, sales off; prices continue upward

objections from a number of business organizations, including the U.S. Chamber of Commerce. A host of industries sought exemptions — aircraft, steel, home construction, public utilities and farmers.

A. V. Leshe, Douglas Aircraft Co. vice president, said suspension of the tax credit could dry up plane orders and plane production would be cut substantially if not stopped.

Daniel P. Loomis, Association of American Railroads president, said withdrawal of credit for equipment purchases would greatly hinder efforts to overcome a boxcar shortage.

The National Federation of Independent Businesses sought an exemption for small firms. Another part of the President's anti-inflation program moved through Congress to his desk—a bill giving federal supervisory agencies more flexible powers to control the savings rates paid by savings and loan associations.

COOL SAVINGS WAR
The bill is aimed at simmering down the competition among financial institutions for savings account deposits.

Banks have been in the grip of the tightest money situation in 40 years, with so much of their deposits out on loan they have little money left to lend.

At the same time, they were faced with a big demand for loans during the week from corporations borrowing to finance federal income tax payments and quarterly dividend payments to stockholders.

Short-term interest rates went up sharply. Bills auctioned by the Treasury carried the highest

discount rates on record.

STOCKS DEFERRED
Most of the common stock offerings scheduled for public sale through underwriters during the week were deferred because of market conditions.

The Federal Reserve Board, the Bank of England and the central banks of nine other countries announced a major expansion of credit to each other to head off currency crises.

The most immediate effect was to gather support for the British pound in face of rumors it might be devalued, and to provide massive short-term credits for the United States, if they should be needed.

There were these other developments:
G. Keith Funston, 55, president of the New York Stock Exchange since 1951, announced he would resign his \$125,000-a-year post when his contract expires next year.

CHAPIN STEPS UP
In another management move, Roy Chapin Jr., executive vice president of American Motors Corp., was named automotive general manager. American Motors has sales in the \$1-billion-a-year range, but still is the smallest by far of the four U.S. automobile companies.

During the week it was designated a "small business"—a move that makes it eligible for favored treatment on government contracts. It could mean added automobile, appliance or research business.

New car sales for the first weeks of September were down, but production was up. Retail stores sales in August set a record, up 10 per cent from August 1965.

Hyperactive Children Need Expert Help

By JOSEPH G. MOLNER, M.D.
Recently I wrote a column about hyperkinetic children—those who are utterly unable to remain quiet or devote themselves, for any continued time, to useful activity.

They jitter, talk in school, get up and walk around, tease, and in general make such a nuisance of themselves that the other pupils can't do their work. And even less can they.

Mere discipline won't solve the problem, because the child inherently is unable to obey if he or she is truly hyperkinetic. Tranquilizers, which sound like a logical approach, often do not work at all, yet certain types of stimulants, and sometimes one of the psychic energizers work very well. In some way, they help the child to channel un-energetically into constructive activity instead of wasteful bursts of pointless activity.

Yes although such medication is the only effective means to combat the problem, there is no simple way to diagnosing it from a purely medical standpoint. That is why I stress examination by highly-trained experts in emotional or behavioral problems of children.

Hyperkinetics are not "bad" children. They need help. That help, for the most part, is de-

pendent on accurate diagnosis by a relatively small number of people.

Dear Dr. Molner: Please explain "ventricular preponderance, hypertension." What causes it? What can be done?—T.J.

Ventricular preponderance is a technical term describing certain findings in an electrocardiogram. It is frequently associated with high blood pressure (hypertension). It requires no treatment in itself, but the elevated blood pressure may need attention.

Of all the problems that pediatricians encounter in children, pinworm is the commonest. To learn the newest methods of treatment for this pest, write Dr. Molner in care of The Herald for the booklet, "The Commonest Pest, Pinworm," enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover printing and handling.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim

It's Culture Time Again

DEAR RUFÉ:
If you ain't been out of the cotton patch long enough this year to start thinkin' with me about our culture, it's about time you did it.

The folks around here who put on these shows for your uplift — you know, the fancy stuff — have got their programs lined up and they're wantin' us to buy some tickets. It seems to me you oughta get a ticket this year, and not just sit back and wait for me to tell you what happens every time they open the opry house doors.

THE CULTURE we get today is kinda like what you would expect from an opry house, and that's serious.

This year it's music, music, music. I would have to tell you that it's not electric git-tar and yeah, yeah, stuff either, but the kind of music that at one time you — or maybe yore Daddy — jest set down and listened to.

FIRST OFF, there's a program called the Music of Richard Rogers. Never did know Dick personally, but he has turned out enough stuff that made the hit parade that you don't have to worry none. If you ever went to Broadway any time for 20 years or so, you couldn't help bumping into people whistling some of ole Dick's tunes. That oughta show you.

NEXT OFF, here comes some more pianna players. I may have written about these guys before, but the truth is, they's four of 'em; I mean four pianna players, squared off two to a side, and all of 'em tryin' to outdo the others. They said somethin' about this forty fabulous fingers, and that

would take in thumbs, too. Anyways, if you are a sucker for pianna music, you would get four times yore money's worth.

ALONG LATER, they are going to fill the stage of the opry house with what is called a symphony and choral. This is one show where they ain't bringin' in no furniers, for these people are all home-grown. That is, they are close enough around in this country to have sand in their craw one month and web feet the next, but none of this keeps 'em from singin' and playin' like mad.

THIS OUTFIT is headed up by a red-headed feller who didn't come no further than from Oklahoma hisself. I claim, Rufe, that this is gettin' culture down to where it belongs — right at home. These people — they got lady and men singers, and they got a full orchestra — put on a program just because they love it, and you sorta get the feelin', too.

WE GOT A singer, comin', too, Rufe. I guess he might be a furriner, because he's got a funny name, and he sings with a stiff white collar on, and a split-tail coat. But he oughta be able to yodel a mean piece, because his Daddy before him was a mighty big hit hisself. I would say that if the young feller is as good as his Daddy, he likely will raise the rafters, if you know what I mean.

This is culture for us, Rufe, and I wish this one time you'd get with it, first-hand. Would save me a lot of writin', which don't help culture much.

The High Cost Of Education

WASHINGTON—The opening of the school year and the tight money situation are working hardships on many parents throughout the country.

My friend Block was in despair when I saw him the other day. "When Roger was born," Block said, "we immediately took out an insurance policy for his education. Now because of inflation and the high cost of schooling we've used it all up, and Roger still has six months to go."

"COLLEGE IS THAT expensive?" I said.

"What do you mean college?" Block said. "Roger goes to nursery school."

"Nursery school, huh?" "Twenty-five hundred dollars a year, not counting the yearbook or the prom," Block said. "I guess our big mistake was sending Roger to pre-nursery school. You start a kid at three in school and then you have no money left for his serious education when he becomes five. If I had to do it all over again I would probably let him stay in his sandbox, but Alice was adamant about him getting a good solid background."

"COULDN'T YOU borrow some money from the bank to let Roger finish out nursery school?"

"Well, we did borrow \$1,000 at the beginning of the summer."

"What happened to it?" "We used it to send Roger to day camp."

"At least the money wasn't wast-

ed," I said. "Aren't there any government grants for kids who want to finish out nursery school?"

"I LOOKED INTO it. Most of the grants available are in graduate work for children who are either in the fifth grade or above."

"I guess scholarships are out?" I said.

"You don't understand," Block said. "It isn't just the tuition that kills you in nursery school. It's the school bus, finger paints, clay and chocolate milk that really mounts up the cost. You have to add another \$1,500 for that."

"IT'S LIKE a yacht," I said. "It isn't the initial cost but the upkeep that counts."

"Exactly. I went to Yale for what it's costing me to send Roger through nursery school."

"You haven't suggested to Roger he could wait on tables to earn part of the tuition himself?"

"Alice is against it. She says nursery school should be a happy time for a child and a kid shouldn't have to worry about working just because his father hadn't made adequate plans for his education."

"YOU DO SEEM to be on a spot," I admitted. "But I guess the day Roger graduates from nursery school, you'll realize all the sacrifice and agony was worthwhile."

"I probably would, but Roger has already indicated he wants to go on to first grade."

Marquis Childs

Percy, Douglas And The Bomb

CHICAGO — If the pros are right the Viet Nam war rates well below other issues in voter concern in the Congressional election campaign. Even though those other issues — high prices, high interest rates, the white backlash — can be traced to the tensions and the pressures of a war costing \$2 billion a month, the conflict itself is slightly out of the political range.

HERE IN Illinois, perhaps to a greater degree than in any other state, the Republican candidate for the U.S. Senate, Charles H. Percy, makes the war an issue. He opposes any further escalation and he reminds his audiences that it was the only Republican President since World War II, Dwight D. Eisenhower, who ended the Korean War by negotiation.

Percy's proposal for an all-Asian conference to seek terms for a Viet Nam settlement is a questionable device, particularly since both Hanoi and Peking have spurned it. But, as widely endorsed, it served to put Republicans on the positive side and for a time it even turned Richard M. Nixon around. This last was bound to be a brief triumph, since Nixon moves with all his old agility through the political revolving door.

PERCY WANTS to show that Sen. Paul H. Douglas, running for a fourth term at the age of 74, is more hawkish than President Johnson. The Percy research organization is busy documenting the senator's stern view of the Communist threat in Asia and his fear that any negotiation is likely to be appeasement. They have come up with the transcript of a University of Chicago Round Table broadcast in which Douglas took part on Dec. 3, 1959.

"We have a strong Air Force," Douglas said on the broadcast, "and we have a reserve to use against military formations, if absolutely necessary, the atomic bomb. Now I am not in favor of using the atomic bomb against civilians except if gravely provoked. But I would use the atomic bomb to protect the security of our troops against attacks by uniformed Chinese Communists who have vio-

lated the rules of the United Nations."

ONE OF THE other panelists on the broadcast suggested that the potential use of the atomic bomb might be a lever to bring the Chinese Communists to the negotiating table so that the United States would not be involved in a major land war in Asia. Douglas responded by saying that this meant negotiation on the basis of weakness and the possible withdrawal of American troops from Korea.

"The results will be," the Senator said, "that we will be forced to give up Korea; we would abandon Formosa; we would admit Communist China to the United Nations; and, in that event, all of Asia would go and all of continental Europe and possibly the British Isles, too."

IN VIET NAM today, as Percy points out, the total of American servicemen, including ground, air and Navy, is about 400,000. This is roughly the level reached at the height of the Korean War. At the same time a spate of news stories out of Viet Nam and Washington indicates that the war effort will be greatly increased after the Nov. 3 election. The intimation is that President Johnson wants to get politics out of the way before launching a big, new offensive that could mean heavy casualties.

PRESIDENT Johnson, the commander-in-chief, has said that he will give Gen. William C. Westmoreland, the commander in Viet Nam, the forces he judges essential to win the war or at the very least to bring North Viet Nam to the conference table.

What Red China may or may not do is the great unknown as it was in the Korean War. Gen. Douglas MacArthur was convinced the Chinese would not come in. There are comfortable assurances today that China is so preoccupied with internal troubles Peking cannot consider intervention. But the massive intervention of Chinese ground troops cannot be ruled out. Would there not then arise a crisis over the use of the "ultimate weapon" as in December of 1950?

NEWS FROM THE SCHOOLS

Big Spring (Texas) Herald, Sun, Sept. 18, 1966 3-D

HCJC Baptists Attend Retreat

Baptist Student Union members from HCJC will join students from Odessa College and Angelo State for their annual fall retreat at the Permian Basin Baptist Encampment at Stanton, Sept. 23-24.

Max Barnett, Baptist student director for the Dallas schools, will be the main speaker. Walter Johnson, music director at Park Heights Baptist Church in San Angelo, will be in charge of the music. Elbert Smithen, associate pastor of the Odessa First Baptist Church, will have the Bible study.

BAPTIST THEME
Although the theme is "I'll Tell the World," special emphasis will be placed on personal witnessing on campus. A special feature of the retreat will be workshops on how BSU students can witness on their

campus.
Bob Priddy, First Baptist Church, Big Spring, will be an adult resource person in the HCJC workshop. Purpose of the workshops is to make specific plans for carrying out on the local campus that presented and learned at the retreat.

SUMMER MISSIONARY
One of the added treats will be Cynthia Reeves, BSU Summer Missionary to San Antonio. Cynthia, a student at Hardin-Simmons, is a past president of the Odessa College BSU. She will show slides and tell about her summer work.

Reservations need to be made through the BSU on the Howard County campus by seeing a BSU council officer or Mr. Don Reavis, director. The total cost is \$4. Students will go in cars Friday evening and will return late Saturday evening.

Garden City Cheerleaders

Forsan Students Begin Annual Magazine Sales

By MARY JO SIMPSON
FORSAN — The Junior-Senior Magazine sales began Tuesday at Forsan. Mr. Ed Backus of Lubbock told approximately 50 juniors and seniors about the Quality School Plan, Inc. magazines sales. The sale ends Tuesday, Sept. 27.

Eighteen seniors had their pictures made Thursday by Whit's Studio of Colorado City. Proofs should be received no later than Friday, Sept. 23. Forsan has several new teachers this year. Mrs. Marcia Bray will be teaching third grade; Miss Jeannine Cauble, second grade; Mrs. Donna Hay, music and physical education; Mr. Darrell Baggett, fifth grade; Mr. Jack Adams, sixth grade; Mr. Bob Burkhardt, junior high

math; Mr. Ron Mason, band. Mr. Don Stevens, social studies, basketball coach and assistant football coach; Mrs. Jan Stevens, business subjects and secretarial duty; Mr. Zay LeFevre, history and high school girls' volleyball; Mrs. Joyce Baggett, homemaking; and Mrs. Carole Weaver, English.

The first home football game of the year was played Friday night when the Forsan Buffaloes played host to the Imperial Longhorns. There was a pie supper sponsored by the FHA following the game as there will be after every home game. Any senior wishing information on the College Entrance Examination Board Scholastic Aptitude Test should contact Mr. Darrell Flynn.

Together with these nine new teachers there are 39 returning instructors.

GC Cheerleaders Tech Prizewinners
By DANNA WERT
GARDEN CITY — At Texas Tech cheerleading school in July, Garden City cheerleaders placed third out of 125 schools entered in a poster contest and received honorable mention in competition.

The cheerleaders, elected last spring, are Paula Hardy, senior and head cheerleader; Bonnie Glenn, junior; Kay Sawyer, sophomore; and Judy Ann Halfmann, freshman.

They worked diligently this summer, having bake sales and car washes to obtain funds to attend the school.

The first pep rally was held Friday, Sept. 9, and a skit was presented by Charlie Parker, Elaine Trantham, Danna Wert and Becky Reynolds.

The skit for Friday's pep rally was presented by Susan Lange, Mr. Pat Bullock and the cheerleaders.

The cheerleaders are working in co-operation with the pep squad in boosting spirit for the football games. They have made spirit posters for the games and locker signs for each player.

Pep squad officers are Danna Wert, president; Brenda Jacob, vice president; Becky Reynolds, treasurer; and Sharon Hunt, drummer. Mrs. Nikki Phillips is sponsor at the home games.

Unique Spy Thriller Has Two Top Comedy Stars

Combine two of filmdom's top comedy stars, one of Hollywood's newest and most glamorous "beauties," top character actors and one of the most suspenseful "cloak and dagger" stories ever written for the screen and you have "Bang, Bang, You're Dead!"

The result is a unique spy thriller, with chills interspersed with belly laughs to make unforgettable motion picture entertainment. The prospect is all the more exciting when the comedy stars involved are Britain's Terry - Thomas and America's Tony Randall, while the glamour gal is the sex-sational Santa Berger.

Co-starring in the wide screen color thriller, opening today at the Ritz Theatre, are well-known character actors Herbert Lom, Wilfrid Hyde-White, Gregorie Aslan and John LeMesurier. An additional element is the fact that the suspense tale was filmed on location in exotic, mysterious Marrakesh in French Morocco — a city as comparably colorful as Casablanca, Algiers and Tangiers.

The story concerns a plot to control a key United Nations vote, with the stakes world power and two million American dollars in cash. The suspense concerns the identity of a spy courier who carries the money, the transfer of top secret documents in payment of same and the efforts of counter - agents to steal the money and upset the plot.

Randall portrays a bumbling American oil salesman, Terry-Thomas an Eton - educated Arab sheik, Miss Berger a femme fatale who is the object of murder and frame-up attempts, while Lom is the wily and unscrupulous middleman in the deal and who doesn't hesitate to set his hired assassins to eliminate any and all comers

Bond Will Likely Continue Exploits

By BOB THOMAS
AP TV - Radio Writer

HOLLYWOOD (AP) — Whether James Bond? The world's No. 1 secret agent is likely to continue his cinema strife with Smerch even though Sean Connery intends to turn in his Beretta pistol.

That's the report from the improbably named Cubby Broccoli, who should know. Together with Harry Saltzman, he produces the fantastically successful Bond sagas, and it's not likely that they or United Artists will kill their golden sleuth.

Broccoli (real first name: Albert) is a rotund New Yorker who worked in and around the movie business here — but couldn't convince anyone he could produce movies. He had to go to England to prove it! And his Warwick Productions pioneered American filming in Europe.

But Broccoli didn't come into full flower until he combined with Saltzman to produce "Dr. No" with a little-known Scottish actor, United Artists, concerned about the investment, trimmed his budget to under a million dollars.

The producer has now just returned from Japan, where he oversaw locations for the fifth Bond film, "You Only Live Twice," which will cost a shade under \$8 million.

"I don't think United Artists is worried about the cost," understated Broccoli, who calcu-

lates that the first four films have collected \$150 million.

Continuance of the series has been questioned because of the intransigence of the star. Connery has expressed concern that Bond will overwhelm his acting career and render him incapable of portraying anything else.

"I don't think Sean is unhappy now," said Broccoli, adding with a rueful grin, "At least he hasn't been issuing any statements about the 'fat producers.'"

"He was very cooperative on the Japan location, and I think part of his contentment is because this is his last Bond picture for us. Or at least that is what he says. Well, if he is tired of playing Bond, it's his privilege to make this his last one. Maybe it's my last one, too."

Can the last statement be taken seriously? Broccoli mused that it might not be a bad idea to quit at the top, "like Rocky Marciano." But box-office champions don't retire and it's probable that Broccoli-Saltzman will continue running through the remainder of the Ian Fleming novels.

"If Sean does quit and we continue the series," said Broccoli, "we would get another unknown. That is the essence of the films' success — that the actor assumed the identity of James Bond. After all, Batman is Batman, not a well-known actor assuming the role."

With or without Connery, the producer is confident that James Bond will continue to occupy the world's fancy.

Little Theatre Getting Busy

Little theatre activity begins a headlong rush this weekend as members of the Big Spring Little Theatre push work on getting the State Theatre ready for drama, and casting the first play of the season — "Poor Richard."

At the same time, members are selling season tickets and beating the brush for more participation from the community.

Work crews began Saturday in getting the stage ready at the State, and will continue today from 2-5 p.m., according to Mrs. Norman Spencer, president. Readings for parts in "Poor Richard" will also continue at the State this afternoon at 8 p.m., under Mrs. R. C. Shaver, who was named the director for this initial play.

All residents interested in little theatre work are invited to drop into the theatre building this afternoon to help with the work, try for a part, or just visit with the theatre members, Mrs. Spencer said.

The first play of the year will be produced Oct. 21-22. The Broadway hit is another comedy from Jean Kerr, and offers five adult parts — two female and three male. Mrs. Shaver has had considerable experience in theatre work, including several plays of the local organization.

Residents interested in obtaining season tickets early may pick them up at the State Theatre. The Patron Membership — offering unlimited number of admissions — is \$25. The Family Membership — giving 12 admissions — is \$8. Other memberships include: Sponsor, 20 ad-

Outside Concerns Handle Famous Star's Fan Mail

HOLLYWOOD (AP) — So you wrote your favorite star a letter and got a nice, autographed photo in reply?

This, then, may disillusion you. Chances are the star hasn't seen your letter and the autograph was applied by a reproducing process.

Fan mail, once handled by studios, is now big business for outside concerns. It is also, understandably, a largely hush-hush enterprise.

Studio fan-mail departments vanished or drastically shrank when studios, hit by television, dropped contract players. Most actors free-lance now from studio to studio.

"Why should one studio bother with Kirk Douglas' mail, say, when he may be working next week at another?" reasons Jack Tamkin.

Tamkin, 30, a former laundry manager, decided he wanted to be his own boss and opened his "Studio Fan Service" a year and a half ago. It's a competitive field, tough to get started in, he says, but he supports his wife and two sons comfortably.

Tamkin's staff answers mail from fans of 23 television shows, including "Batman," tops with about 20,000 letters and post-

cards a month. Among others are "Lost in Space," "Peyton Place," "Daniel Boone," "12 O'Clock High," "Beverly Hills Cop" and "Bewitched."

Twice a week, in a station wagon paid for by his "Batman" profits, Tamkin picks up the tide of letters and postcards at studios. There are 80,000 to 100,000 a month from fall through spring, 50,000 a month in summer when viewing falls off.

Some employes open, read and sort mail. Some address envelopes while others insert postcard-size color photos. Tamkin charges studios 10 cents per letter. His net is 2.4 cents.

"Ninety-nine times out of a hundred the letter is from a youngster who wants a picture of the star," says Tamkin. "That's the mechanical stuff we handle. Obviously, Adam West can't sit up all night reading letters after working 12 or 14 hours a day."

"Any mail of interest, like letters from handicapped children, we send on to the star. The majority of mail eventually reaches the star, but by then the pressure is off. It has been answered."

'MODESTY BLAISE'
Monica Vitte and Terence Stamp

'Modesty Blaise' Based On Comics

Blazing a new trail in the field of comedy thriller entertainment, "Modesty Blaise" opens Wednesday at the Ritz Theatre. In this "op-pop-bop" color production, Monica Vitte plays the title role, sharing honors with Terence Stamp, Dirk Bogarde, Harry Andrews and Michael Craig.

"Modesty Blaise" was produced by Josep Janni ("A King of Love," "Billy Liar" and "Darling") and directed by one of the world's most avant garde film makers, Joseph Losey ("The Servant" and "King and Country").

Filed on locations in Amsterdam and Italy, "Modesty Blaise" is based on the comic strip created by Peter O'Donnell centered around a character who is a notorious adventuress and a sophisticated sense of humor with a magnetic attraction to danger and excitement. The choice of Monica Vitte to

High School Chorus Will Sing On Concert Series

Music fans who didn't take time out to hear Lowell Simpson in his organ concert at the Municipal Auditorium last week ought to take time about kicking themselves all over the place. Although it was free, courtesy of Doc Young Music Co., the concert was better than many which go on concert tour.

Playing on a stock spinet 4300 total tone Wurritzer, Simpson did just about everything but make pizza. And who knows but what he could have turned out that plus a TV dinner? Besides playing masterfully, he emulated the bass drum and fiddle, snare drum, cymbals, Hawaiian guitar, ukulele, surf and breeze, train whistle, electric Diesel, accordion and many other sounds. All of these were woven cleverly and smoothly into his bouncing rhythms. The tempo changed from jazz to dream bits; the effect from Jesse Crawford's theatrics to the mighty cathedral organ. Just to show that it was simple, gracious Mr. Simpson used a pencil in one hand to play "Melody of Love."

Van Hale has begun work with the Howard County Junior College chorus. So far 33 have signed, and he hopes the number may go as high as 40. Right now the job is to get acquainted with the music, and no programming as been scheduled before a probable appearance at the Texas Federation Music Clubs convention in October at Stanton.

Mrs. Smith Swords has charge of the initial fall program for the Big Spring Art Association. Mrs. Swords will comment on film strips, in color, depicting works by Renoir and Michelangelo's Sistine Chapel.

The group will be hosted by Mr. and Mrs. Frank Hartley, 408 W. 6th, Tuesday evening at 7:30 o'clock. Persons interested in seeing the film strips or in joining the club to promote art education and interest in this area, are welcome.

Mel Ivey, Big Spring High School choral director, has a real job in replacing some fine, key voices lost by graduation, but he has good prospects coming on. The choir, with 62 voices, faces a formidable challenge, for it is scheduled to appear in the Big Spring Concert Association series on Dec. 6 with the First Piano Quartet.

"I just got the music this week," said Ivey, "and I've never seen anything so hard in all my life. I hope we can get ready." In between there is a concert in October at Stanton for the district music clubs; and the all-region and all-state choir tryouts here.

The big thrill event is the regional choir contests, which have been held in Odessa until this year. They will be held here March 17-18.

Readings are being held this weekend for parts in "Poor Richard," first production of the season for the Big Spring Little Theatre. If you'd like to give it a fling, be at the State Theatre at 3 p.m. today.

Snyder's Lamar Junior High School will house the 13th annual West Texas Art Association exhibit Oct. 1. Paintings must be registered between 9-9:45 a.m. to clear the way for a morning of interesting programs, including Mrs. Juanita Tittle Pollard, Lubbock Christian College, with a demonstration on collage at 10:30 a.m. and Dr. Emilio Caballero, West Texas State University art department head, with comments at 2 p.m.

Two entries, original, any medium, not larger than 32x42 inches including frame, will be accepted per artist. Entry fees are \$1 for Texas Fine Arts Association members, \$2 for non-members.

Awards include \$100 Snyder National Bank; \$100, Diamond M Foundation; \$50, West Texas State Bank; \$50, Snyder Savings and Loan Association; \$25, Sun Pipe Line. TFAA citations also will be awarded, and about 30 works will be selected to travel among member cities or art clubs of the association.

Entrants wishing to stay for the day's programs may send dues and luncheon reservations (\$3.50) to Miss Joy McGlaun, 2402 Ave. H, Snyder, Texas 79549.

Howard County Library now has a modern copying machine and is able to make copies of library materials which cannot be checked out.

Mrs. Opal McDaniel, librarian, said that the new machine will eliminate all permission to take reference books out of the library.

A charge of 10 cents a page is made for making a copy of a passage or a page from a reference book.

Students often come to the library, she said, to do research on assignments and ask to take out reference works.

"We will no longer make exceptions to the rule on checking out reference books," said Mrs. McDaniel.

Poor Service Aired At Train Hearing Friday

AMARILLO (AP) — Lack of train service for business trips to Dallas was cited by complainants Friday who testified at an Interstate Commerce Commission hearing on proposed discontinuance of passenger trains by the Fort Worth & Denver Railroad.

Witnesses said with present service they could make round-trip journeys to Dallas in one day.

The railroad wants to drop Trains 1 and 8 on its Denver-Dallas route. Trains 2 and 7 would continue.

John Fowler, testifying for the Brotherhood of Railroad Clerks, said northbound express and first class mail has been left in Dallas because of insufficient baggage cars on the trains.

Library Gets Odd Questions

"What is the correct title of the Hungarian governor?"

"How long does a mother elephant carry her young before birth?"

"What is the symbol of the negative numbers in logarithms?"

"What is a New Zealand Honey Eater?"

"What is alkaline liquor?"

"Who wrote (and in what): To thine own self be true, and it must follow as the night the day thou canst not then be false to any man?"

"What is the religious faith of all of our presidents?"

This is no quiz program — it just happens to be seven questions telephoned to the Howard County Library by patrons on Sept. 15. All in a single day.

"We answered them all," reported Mrs. McDaniel, proudly.

She confessed, however, that finding the answers to some took quite a lot of research.

Then she added, "We really didn't answer the last one."

Since nearly every president was a follower of a different faith, the library felt it would take a little too long to look up each one and report to the inquiry. However, the patron was invited to come to the library and make use of all available material to get the information.

Commander Visits Vets, Auxiliary

The World War I Vets Barracks No. 1474 and Auxiliary had a meeting together Thursday evening at the IOOF Hall with Mr. and Mrs. R. M. Crabtree, Plainview, district commander and auxiliary president, as guests. Also visiting were Mr. and Mrs. R. F. Schwarz, Lubbock.

Plans were made for the area meeting Oct. 29-30 in San Angelo, and the district meeting in Littlefield Nov. 12. Mrs. L. R. Mundt favored with several piano selections. During the evening, the barracks and auxiliary had separate meetings.

'53 Hyperion Club

Contributing to the foreign exchange student fund is one of the past and future projects of the 1953 Hyperion Club. In an extension of that interest, last year the members of the club organized an informal dinner for the foreign Air Force personnel at Webb AFB.

MRS. R. W. CATTON

Lions Aux.

Forty members of the Downtown Lions Auxiliary in their annual fund-raising project that can benefit by help from the women. Their principal project is the Crippled Children's Camp at Kerrville and the groups have aided it for many years.

The auxiliary was organized over 25 years ago with Mrs. Dan Conley as president. Charter members still active are Mrs. Conley, Mrs. Joe Pickle, Mrs. P. W. Malone, Mrs. John Coffee, Mrs. Jimmie Green, Mrs. D. S. Riley, Mrs. Willard Sullivan, Mrs. E. H. McGibbon and Mrs. Joe Pond, this year's president.

The women meet on the third Wednesday of each month for informal gatherings where they become better acquainted with each other and keep in touch with Lions Club activities. A recent major project was providing a water fountain for the Kerrville camp.

Officers elected in January were Mrs. Pond president; Mrs. Pickle, treasurer; and Mrs. Coffee, reporter.

Scholarships Go To Two Students

Mrs. J. D. Freeman, Austin, chairman of the 1966 Scholarship Committee, has reported that \$150 each in scholarships were awarded to two students at the University of Texas at Austin. The recipients were Patricia Yvonne Baiteman, Beaumont; and Miss Martha K. Downing, Houston.

MRS. JOE POND

Kee Rebekah Lodge

Helping purchase and improve the IOOF Hall were among the year's projects of the John A. Kee Rebekah Lodge No. 133. The members also purchased a chain link fence for the property and donated a piano for club use.

The organization was founded in 1947 with Mrs. Beatrice Verrege as noble grand. Charter members still active are Mrs. L. S. Bonner, Mrs. John Curran, Mrs. Ross Darrow, Mrs. Frank George, Mrs. T. F. Horton, Mrs. James Lamar, Mrs. Eula Lee, Mrs. Grace Martin, Mrs. W. E. Maybourn, Mrs. W. A. Reeves, Mrs. Beulah Shobe, Mrs. Walker and Mrs. Ted Brown.

This year's leaders are Mrs. Joe B. Evans, noble grand; Mrs. Jake Robertson, vice grand; Mrs. James Lamar, vice recording secretary; Mrs. Homer Petty, financial secretary; and Mrs. U. B. Bechtly, treasurer.

MRS. CARL MANGUM

BS Rebekahs

With a membership of 29, the Big Spring Rebekah Lodge No. 294 devotes its time to being helpful to the sick, orphans and those in distress. The group also donates money and gifts to children's homes and to senior citizens' homes sponsored by the lodge.

Lodge No. 294 was chartered in 1922, and the late Mrs. Lillie Barnett was the first noble grand. Charter members still active are Mrs. Maggie Richardson, Mrs. Lela Andrews and Mrs. Ora Johnson.

The Rebekahs are sponsoring a child in the Children's Home of Corsicana to which they donate gifts, money and school supplies.

This year's program theme is "Peace in our lodge, community, and in our nation." Present officers are Mrs. Carl B. Mangum, noble grand; Mrs. Don Chapman, vice grand; Mrs. S. A. Wilson, financial secretary; Mrs. Gordon Gross, recording secretary; and Mrs. Egebor Patterson, treasurer.

BPO Does

Mrs. Kathleen M. Williams is the 1966 president of the BPO Does, Big Spring Drive No. 61. She is the daughter of the late charter member of Elks Lodge No. 1388, and Mrs. Morgan, who is the Doest active member of the Does in the United States. She is also a charter member of Drove No. 61, which was organized in June, 1953, with Mrs. Estelle Gross serving as its first president.

Other charter members include Mrs. Taylor Anderson, Mrs. Mary Ragedale, Mrs. Joe Clark and Mrs. L. D. Jenkins. The Does are a charitable and civic organization that assists the Elks Lodge in charity projects and disaster emergencies.

Tall Talkers

The Tall Talkers Toastmasters-Central Region, Area Council 100, has been placed first at the Toastmasters International competition here. In 1965, the club organized the Toastmasters Club at the state level and has since then spoken more freely and enjoyed special contact with others. The Toastmasters Club has recently gone inactive.

Executing the duties of president is Mrs. Lewis G. Vaie. Serving as secretary are Mrs. Richard C. Shaw, Mrs. H. H. Rogers, Mrs. M. A. Porter, Mrs. Lee O. Rogers and Mrs. James Brooks are representatives to Council 7, South Central Region. Goal for the season is to introduce more local women to the club, its fun and benefits to the individuals.

MRS. PATRICK HARVEY

NCO Wives Club

Serving to provide a common bond among Non-Commissioned Officers Wives and a common goal which will benefit others as well as themselves, on base and in the city, are the members of the NCO Wives Club. The club meets the first Thursday of each month at 7:30 p.m. at the Special Education School, upstairs for the base hospital, clothing for orphans in Korea, and activities with the Red Cross, Dora Roberts Rehabilitation Center and family service on base.

The organization, with 20 members, was founded in 1942, disbanded and re-established in 1952. The club meets the first Thursday of each month at 7:30 p.m.

The president is Mrs. Patrick Harvey. Other officers are Mrs. Frank Mayberry, first vice president; Mrs. Edwin Sorrenson, second vice president; Mrs. James Pettit, secretary; and Mrs. Laura Parris, treasurer.

MRS. KATHLEEN WILLIAMS

Members also assist with the building fund for the new BPO Elks Club to be built in the near future.

Last year, the Does were involved in several welfare projects including volunteer work at the Big Spring State Hospital and Veterans Administration Hospital, along with financial help for needy and afflicted children.

In association with the National Council of BPO Does, the local unit selected a delegate to attend the national convention. Mrs. Glen Gale was this year's delegate.

Meeting at 8 p.m. on the second and fourth Wednesdays of each month, the members are led by Mrs. Williams, president; Mrs. Richard C. Shaw, secretary; Mrs. M. A. Porter, treasurer; Mrs. Lee O. Rogers and Mrs. James Brooks are representatives to Council 7, South Central Region. Mrs. Grace A. D. Jenks, a secretary, and Mrs. W. R. Rogers, conductor.

MRS. JAMES CAPE

'55 Hyperion Club

"Action Today - Adventure Tomorrow" is the program theme for the 1955 Hyperion Club's members. Organized in April, 1955, Mrs. Albert Smith was the first president. She and Mrs. J. T. Anderson are the only charter members still active.

Affiliated with the city and state federations, the club donates to the Big Spring State Hospital and purchases YMCA memberships which they give to deserving youth.

Mrs. James Cape is the president. Other officers are Mrs. E. Hoover, vice president; Mrs. W. W. White, secretary; Mrs. Walter White, treasurer; and Mrs. D. H. McDaniel, parliamentarian.

Dedicated primarily to assisting veterans of World War I, the Ladies Auxiliary to Big Spring Barracks No. 1474, continues its activity at the Veterans Administration Hospital. They contribute to the hospital routine by serving refreshments to patients once a month and during the chaplain's coffee hour.

At the holiday season, the members have decorated Christmas trees and provided gifts for patients, while their great interest is to aid in the beautification of the hospital and grounds.

This season, the women will concentrate on giving aid to patients who have returned to the

Green Thumb Garden Club

The study and practice of gardening is the basic purpose of the Green Thumb Garden Club.

The 34 members meet the first Tuesday of each month, and this year's program theme will stress outdoor lighting and general gardening principals. In this, they will hear guest speakers and conduct inter-club demonstrations.

Among the club's outstanding accomplishments is the donation of \$200 for the landscaping of the Dora Roberts Rehabilitation Center.

This year's officer slate includes Mrs. J. M. Woodall, president; Mrs. W. R. Cotton, vice president; Mrs. B. E. G. Cowart, secretary; treasurer, and Mrs. Robert Johnson, reporter.

Ladies Golf

The Ladies Golf Association at Webb Air Force Base began a bang-up year by participating in a welfare tournament sponsored by the Texas Handicapped Golfers Association.

Among those who probably were on the fairway are Mrs. P. Stovall, president; Mrs. B. E. Butler, vice president; Mrs. D. A. Gray, treasurer; Mrs. D. L. Van Branne, secretary; and Mrs. B. J. Drommsky, tournament chairman.

The group was organized at Webb in August of 1964 with Mrs. John Bold as president and has a current membership of 30.

The non-federated club holds two tournaments each year, awarding trophies, and for the first time, there will be a Ladies Invitational Tournament this month.

The women aid the Optimists in their projects and are interested in social, civic, industrial and educational affairs of the community.

Mrs. Mary Sturdivant served as its first president in June, 1961, when it was chartered. Still active in the Opt-Mrs. program are two charter members, Mrs. C. W. Lusk and Mrs. Ora Thorton.

MRS. W. P. STEWART

'05 Hyperion Club

The 1965 Hyperion Club has been active in community affairs since their organization in March of that year.

The 25 members meet every third Thursday with their basic interest in promoting intellectual growth and community interest in community, state and national affairs.

They are federated with the Texas Federation of Women's Clubs and with the local Hyperion Council.

Recently, a member, Mrs. Rogers Hefley won the honor of Outstanding Teacher of the Year. The honor was bestowed by the western district of the Texas Federation of Women's Clubs.

The club's welfare projects include donations to the Christmas Cheer Fund and to the state hospital Christmas fund.

The project aims for this season are to aid the Friends of the Library and make donations to the American Field Service Exchange Station.

Many things, "Happiness is present."

MRS. C. R. RHOADS

B&PW

In only two weeks the highlight of the fall season will come for the Business and Professional Women's Club.

The local group will be held to the district meeting at Rasmussen which is expected to attract approximately 100 charter women.

On hand to greet the visitors will be the club officers, Mrs. C. H. Rhoads, president; Mrs. H. Deight, first vice president; Mrs. Deight, second vice president; Mrs. Wilma Whittaker, recording secretary; Mrs. Bert Aitcock, corresponding secretary; Mrs. J. O. Hagood, treasurer; and Mrs. La Velle Hill, parliamentarian.

Miss Jeannette Barnett of Amarillo was president when the club was chartered Feb. 11, 1940.

The club is still part of the national organization, Federation of Business and Professional Women's Clubs. The local membership numbers 42 and meetings are held on the second and fourth Tuesdays of each month.

Following the theme, "Progress in Action," the women will strive to further their professional standing and efficiency through study.

There has been a special concern for others. The club has furnished special equipment for the Doris Roberts Rehabilitation Center, contributed to the Foreign Student Exchange Fund, provided a scholarship at Howard County Junior College and assisted with Christmas parties at the state hospital. The same type of contributions will be continued this fall.

British Wives

When Mrs. Alma George and Mrs. Walter Wilson made a recent trip to their native England, it was through the efforts of the British Wives Club, which is aiding in adjusting to life in the United States. Welfare projects planned by the organization for the coming year include giving parties for the children at the Special Education School and donating clothing to the Salvation Army. Last year the British Wives Club offered volunteer work at the Big Spring State Hospital and organized a dress fund in aid of the hospital.

Four O'Clock Garden Club

Providing a bit of beauty for various places in the city has kept the Four O'Clock Garden Club members busy since its founding in 1964. Mrs. Bill Tubbs was president at that time, and a charter member. Mrs. Bill Swindell, is still active with the group. The club has worked on the rose garden in the City Park, the crest park and has been landscaping at the YMCA as well as other council projects. They have provided canned goods and clothing for the needy and worked with the special education school.

Poppourri

Conducting a booth at the annual Lion's Club Fun-A-Rama is one of the activities of the Poppourri Club. The proceeds from this project go into the club's fund for charity work. The members meet the second Tuesday of each month to add, have social contacts and aid welfare programs. In following this purpose the members have a definite study topic for the month. Each member is responsible for conducting a study and discussion on a phase of the course. Approximately five social events are planned throughout the year. These are usually held at a member's home and husbands and friends are guests. This year's programs will be based on "Government, Education and Travel." Mrs. Tipsey Anderson is president. Her co-leaders are Mrs. Jimmy Jones, vice president; Mrs. Ralph Caton, secretary; and Mrs. D. E. Travis Jr., treasurer.

Beauceants

"Love and Charity" is an appropriate theme for the Social Order of the Beauceants, for the main purpose of the organization is to cultivate friendship, promote sociability, and extend sympathy to members, and perform benevolent work. Associated with the Knights Templar, members provide volunteer work at the Big Spring State Hospital, Benoit Hospital and Veterans Administration Hospital. In addition, the club has donated money to aid in the rehabilitation of blind persons, and it has given food and clothing to the needy. Chartered in March, 1960, with Mrs. Harry Middleton as its first president, the organization has grown to its present membership of 64. The current roster of officers includes: Mrs. Eugene Gross, president; Mrs. Willard Sullivan, first vice president; Mrs. Harvey Hooser Sr., second vice president; Mrs. Harvey Hooser Jr., preceptress; Mrs. E. E. Brindley, recorder; Mrs. C. R. McCleamy, treasurer.

Int. Wives

Reflecting the cosmopolitan atmosphere of the International Wives Club, the officers are from different lands. Mrs. Al Valdes of Cuba is president. Others are Mrs. Jack Perryman, vice president, and Mrs. R. H. Alonzo, treasurer, both from Germany; and Mrs. Roy E. D. Panama, is secretary. Mrs. Chester J. Butcher, wife of the wing commander at Webb AFB, is honorary president. The 25 members meet the first Thursday of each month to get acquainted, and help each other adjust to American culture. Members also try to familiarize local residents with customs of their homelands. The members take an active interest in community affairs, including charity projects. They do volunteer work at the Dora Roberts Rehabilitation Center and the state hospital.

Food Service

When the Texas School Food Service Association, Big Spring Chapter, was chartered in 1959, Mrs. Helen Fry was president. Charter members who were active in the organization's work are Mrs. John Anson, Mrs. J. F. Eroland, Mrs. Bill Cochran, Mrs. E. L. Jones, Mrs. Chester Oliver, Mrs. James Porter, Mrs. J. W. Weidel and Mrs. E. L. Whatley. The 40 member organization is an affiliate of the state and national school food service associations and meets the second Thursday of each month. Last year the club sent members to the workshop in Lubbock, donated clothing to the state hospital, and made donations to the Heart Fund. Aiming for further development of personality—spiritually, mentally and physically—the organization will function under the leadership of Mrs. E. R. Williamson, president; Mrs. Roy Tidwell, president-elect; Mrs. N. L. Childers, secretary; and Mrs. Weidel, treasurer.

Junior Auxiliary

Probably the youngest organization in Big Spring is the Junior Auxiliary to the Veterans of Foreign Wars Auxiliary, Chartered in October, which will observe its first birthday in October. Affiliated with the VFW Post No. 2013 and the VFW Auxiliary, the Junior Auxiliary's purpose is the same as its parent organizations — "To help the veterans and their families. In spite of the short life, the club has been active in other projects. The members are Patsy Robertson, and Brenda Jones are candy strippers at the

Junior Aux.

The American Legion Junior Auxiliary is now accepting applications for membership. The group is open to all women who are interested in helping their families in times of need as well as helping conduct special activities.

Organized in 1962, Brenda Jones was the first president and is serving in that capacity now. Evette Fisher is secretary, and other charter members still active are Kathy Jones, Debbie Miller, Carol Cole, Wilma Fisher and Olga Perez.

Faculty Ma'ams

Developing a closer relationship among the teachers at Howard County Junior College is the central purpose of the Faculty Ma'ams.

In addition, the 30 members welcome and assist new faculty members and participate in school functions.

Letter Carriers Aux.

A wide field of projects is the concern of the National Auxiliary of Letter Carriers, which was founded in July, 1961.

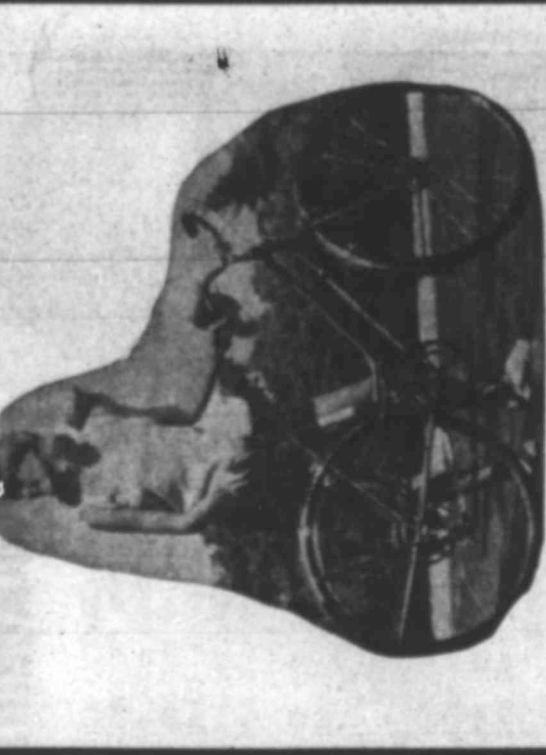

The group is associated with the Texas Ladies Auxiliary and the National Ladies Auxiliary to the NALC.

Listed among its accomplishments is the donation of approximately 600 water pitcher pads to the Veterans Administration Hospital.

MRS. EDWARD JACOBS
Lakeview P-TA

Lakeview Elementary School Parent-Teacher Association has adopted for its theme for the coming school year, "Increasing Educational Opportunities."

The organization promotes the welfare of children and youth in home, school, church and community, works to raise standards of home life, and help home and school cooperate in child training.

The Varsity 18 speed (shown here) is truly built for the exercising cyclist.

Dr. Paul Dudley White points out that cycling has a very good effect on the brain, on the mental state, and on the best antidote for stress and mental fatigue.

MRS. MELVIN BROWN
Bible Class and state welfare fund.

The program this year includes promoting congressional registration to benefit letter carriers, creating interest among members, and donating to the patients, and donating to the patients, and donating to the patients.

Beta Kappa

One outstanding woman teacher each year will receive a scholarship for graduate study from the Beta Kappa Chapter, Delta Kappa Gamma.

The group organized to unite women educators in fellowship and to honor women who have given distinctive service in education. As a charity project, the chapter assists with activities at the state hospital.

The local chapter was chartered in 1955, with Mrs. Catherine Young Clark serving as its first president. Charter members still active in its work are Mrs. Agnes Currie and Mrs. E. G. Green.

Following a program theme based on "The Nurture of Creativity," the chapter will meet one Saturday each month during the coming season.

The current officers are Miss Mary Foreman, president; Mrs. Frank Yandell, first vice president; Mrs. Henry Derrick, second vice president; Mrs. Claude Miller, recording secretary; Mrs. Elizabeth Herrington, corresponding secretary; Miss Mabel Mowald, Rhine, parliamentarian.

It is an affiliate of local, state, regional and international chapters.

C. Crest P-TA

Cedar Crest Parent-Teacher Association will strive to increase educational opportunities for children and youth.

"Today's Issues and Responsibilities for Children and Youth," in the coming season. Affiliated with the local city council, the association is sponsoring a series of talks.

This year's officers are Mrs. Bessie Love, president; Mrs. W. H. Collins, vice president; Mrs. Walter M. Johnson, secretary; Mrs. J. M. Johnson, treasurer; and Mrs. Edward Kobanek, historian.

Junior Forum

Plans to aid and assist patients at the state hospital in the project for the program of the Junior Woman's Forum.

The forum members will help women patients, soon to leave the hospital to become reacquainted with community life by taking them shopping, movies and on short trips.

Organized in 1954, the club promotes, stimulates and motivates young women to study and work in areas concerning needs and understanding of other women.

Garden Council

The guiding light of area garden clubs is the Council of Big Spring Garden Clubs.

The council meets the fourth Wednesday of each month to co-ordinate the activities of garden clubs and encourage interest in gardening and beautification.

Organized in 1955 with Mrs. V. A. Whittington as the first president, the club is federated with the national and state societies.

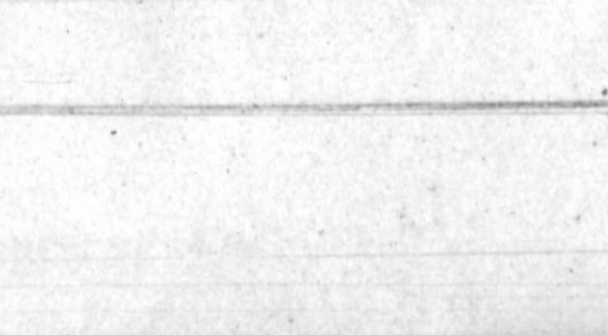

During the past, the council assisted with the landscaping of the patio of the Allred Building at the state hospital. One of this year's projects will be a flower show scheduled for Nov. 5.

In addition the group has supplied flower arrangements for the state hospital and has assisted at Christmas parties for the patients at city hospital.

This year's officers are Mrs. Bessie Love, president; Mrs. W. H. Collins, vice president; Mrs. Walter M. Johnson, secretary; Mrs. J. M. Johnson, treasurer; and Mrs. Edward Kobanek, historian.

The members have provided funds for the name of the school on the front of the building, and in past years financed a fence around the playground, a new sidewalk and grass planted on the grounds.

Through the city council, they furnish clothing for needy children and donate to a scholarship fund provided at Howard County Junior College.

Kappa Chap

Contributing to the Birth Defects Center in Galveston is one of the welfare projects planned by the Mu Kappa Chapter of Epsilon Sigma Alpha for the coming year.

The group will assist local fund drives and help needy families, along with continuing Big Spring State Hospital projects.

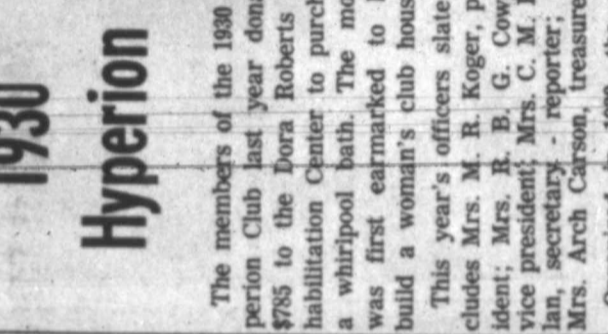

Last year the group made robes and footwear for the patients and the geriatric ward at the Big Spring State Hospital.

Over 150 hours were spent making them. The later eight months of the year have been spent in preparing for the state hospital, supplying for the ward, canteen, birthday parties, also helped with the Christmas gift exchange.

The purpose of the 18 member chapter is "to promote cultural and intellectual development among young women in the community for purposes of friendship, education and philanthropic projects."

When it was organized in 1948, the president was Mrs. Hanson Lavohn. Charter members still active in its work are Mrs. Loy Carroll and Mrs. J. W. Dickens.

Officers presiding second and third years held the state hospital fund drive; Mrs. Robin Howell, fourth year; Mrs. Gene Dean, vice president; Mrs. Frank Morrish, recording secretary; Mrs. Troy Love, corresponding secretary; Mrs. Lois Snell, treasurer; and Mrs. Lennie Zant, educational director.

Center Point HD Club

When Big Springers see an exhibit in the Hall of Health in South Shopping Center, they will be through the efforts of the Center Point Home Demonstration Club.

In addition to work on this exhibit several of the club's members will be on duty each week at the Big Spring State Hospital. The club has been successful in raising funds for the patients with Christmas gift-wrapping for a dollar each month to one patient for spending money.

Associated with the National Home Demonstration Council, the club meets the second and fourth Tuesdays of each month.

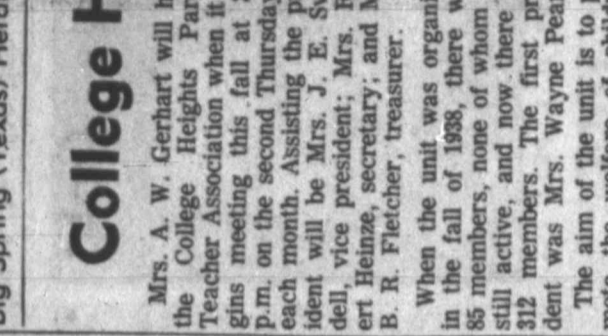

President is Mrs. W. L. Eggleston, assisted by Mrs. L. J. J. R. Petty, secretary - treasurer.

In the past, the HD club has studied self-improvement in homemaking, including redecorating the home, flower arranging and furniture upholstery.

Membership in the sorority consist of those who have completed the required course of study in a Ritual of Jewels chapter and in an Exemplar chapter. Fourteen members have received the "Order of the Rose" degree for 15 years membership in the organization.

Dobbins, Mrs. Tommy Gage, Mrs. Harold Hall, Mrs. R. L. Heith, Mrs. Kent Morgan, Mrs. Jack Murdock, Mrs. Harold Talbot and Mrs. O'Neil Womack.

Present officers are Mrs. Murdock, president; Mrs. Clayton Gage, vice president; Mrs. Petty, secretary; Mrs. Bill Follard, treasurer.

Hyperion

Program themes for the coming year for the 1946 Hyperion Club will be based on magazine covers beginning with "Woman's Day." The program will be developed throughout the year as various members conduct programs on "Flower Arranging," "Glamour," "Reader's Digest," "Vogue," and others.

Organized in 1946, the club had as its first president, Mrs. R. E. McKinney. Mrs. H. M. Jarratt, charter member, is still active.

In the past, the organization has awarded scholarships to students who enroll in Howard County Junior College. Last year's outstanding student recipient was the contribution to the foreign exchange student program.

Leading the 24-member club on the first Wednesday of each month is Mrs. Grant Boardman, president. Working with her is Mrs. Thomas Fetters, vice president; Mrs. M. A. Porter, recording secretary; Mrs. Debra Crawford, corresponding secretary; Mrs. Charles Warren, treasurer; Mrs. Jerry Jenkins, parliamentarian; and Mrs. J. W. Tipton, reporter.

Teaching money management, sewing and grooming to students at the Special Education School is among the accomplishments of the Xi Mu Chapter, Beta Sigma Phi.

As the club has as its theme "Written in Our Hearts," the motto is "We learn to do things, think things and be someone. We become ever more alive."

The project for this year is to help conduct the charm school at the Big Spring State Hospital. The group was organized in 1962 with Mrs. Paul Darrow as first president. The membership includes 32, and the meeting day is every second and fourth Monday.

Officers are Mrs. Wade Choate, president; Mrs. Wayne Clark, vice president; Mrs. Jimmy Taylor, recording secretary; Mrs. James Shannon, treasurer; and Mrs. Ruth Jones, corresponding secretary. Mrs. Horace Rankin are representatives to the city council, and Mrs. Wade Bledsoe is the alternate. For several years, the chapter has sponsored holiday parties at the Special Education School as well as provided needed equipment.

College Heights P-TA

Mrs. A. W. Gerhart will head the College Heights Parent-Teacher Association when it begins meeting this fall at 3:15 p.m. on the second Thursday of each month.

Assisting the president will be Mrs. J. E. Swinert, vice president; Mrs. Hubert Heiser, secretary; and Mrs. B. B. Fletcher, treasurer.

When the unit was organized in the fall of 1966, there were 15 members, none of whom are still active, and now there are 312 members.

The aim of the unit is to promote the welfare of home life, raise standards of home life, and bring closer relations of home and school in bringing up children.

During the past year the unit sponsored Cub Scout Pack 138 erected the name of the school and the school's Safety Patrol as well as assisting with the Seasonal projects will not be determined until after school begins, but the program theme will be "Increasing Educational Opportunities."

Recently, members purchased a calculating machine and also erected the name of the school on the building.

Mrs. A. W. Gerhart will head the College Heights Parent-Teacher Association when it begins meeting this fall at 3:15 p.m. on the second Thursday of each month.

Order of Eastern Star

"Wings of Prayer" is the program theme for the ensuing year of Big Spring Chapter No. 67, Order of the Eastern Star.

Perhaps the largest and oldest women's organization in Big Spring, the local chapter was organized in February, 1882, with a Mrs. Kinman as its first worthy matron. She was the wife of an early day school principal here. First worthy patron was W. H. Vangness. The chapter has since had many charter members still active.

Affiliated with the Grand Chapter of the Order of the Eastern Star and Supreme Chapter of the World, the first and being "Tuesdays of each month," "Courage, Faith, and Hope" are the aims and watchwords of the chapter made up of wives, daughters, mothers and widows of Master Masons.

An outstanding achievement made by the local chapter is furnished at the home for aged Eastern Star members at Arlington. The chapter is also noted for its readiness to help any member who needs assistance.

Women In Construction

Perhaps no one in Big Spring takes more pride in the growth of the city than members of the Women In Construction, which was chartered here July 25, 1959, with Mrs. Billy Jack Johnson as president. They know that they have had a tangible part in the processes that produce new houses and commercial buildings that turn a town into a city. In the past, they have often served as hostesses at formal openings and tours of structures completed by the local building industry.

In this way, the women further their education in the various phases of construction and, at the same time, promote better relations between residents and well as firms connected with the construction business.

The WIC contributes regularly to the N. S. Schenck Foundation, which was adopted by the National Association of Women In Construction in September, 1963. The merit scholarship program's purpose is to promote interest in the construction industry through higher education and to assist in providing the industry with capable personnel to help carry on its work.

Four scholarships have been awarded to date to students who plan to pursue a course in architecture, civil engineering or other phase of construction. Students must take a qualifying test and administrators in all public, independent and parochial secondary schools in the United States are invited to administer the test. Those students who receive the scholarship may attend the regionally accredited college of their choice in the United States.

Women In Construction of Big Spring have contributed each year to various charitable organizations and plan to continue to in a greater capacity.

There are 18 members who meet the third Wednesday of each month. Heading the chapter is Mrs. John L. Sullivan, president; Mrs. Joanne Wilk, vice president; secretary, Mrs. Curtis C. Chiles; corresponding secretary, and Mrs. E. A. Fivesash, treasurer.

'41 Study Club

Plans for a silver anniversary tea are under way by members of the 1941 Study Club of Coahoma. The affair will be held in December and will note the club's 25th year as a charter member of the Texas Federation of Women's Clubs.

The club received its charter in 1941 and Mrs. Norman H. Read was the first president. There are 20 members in the group, and they meet the first Monday of each month to promote the advancement of education and culture.

They have as their yearly projects the aiding of the Cancer Drive in the Coahoma and Howard County areas, and presenting a scholarship to a student at Howard County Junior College.

This year the program theme is "Peace Through International Education," and the officers are Mrs. Bill E. Read, president; Mrs. P. A. Wynn, vice president; Mrs. Trevor Crawford, secretary; Mrs. Rod Tiller, reporter.

Conoco Wives

One of the newest clubs in Big Spring is the Conoco Wives Club, chartered last February. The 46 members have organized to keep informed on current events as well as the welfare of company families.

With a program theme of "First in '66," the club plans to assist company families in need.

President of the organization is Mrs. Leroy Dolan. Other officers are Mrs. Bud Pickett, vice president; Mrs. Burl Griffith, secretary; Mrs. J. D. Leonard, treasurer; and Mrs. J. D. Leonard, reporter.

The Washington Place Parent-Teacher Association has beautified the school campus with grass and shade trees, as well as providing a watering system and top soil. The organization works to promote the welfare of children and youth in the community school, church and community.

Programs based on "the changing world" will be developed throughout the school year at the meetings held the second Tuesday of each month at 3:45 p.m.

A branch of the district, state and National Association of Parent-Teacher, the Washington Place unit was organized in January, 1962, with its principal, John Hardy, among the charter members still active.

Mrs. J. C. La Croix was the club's first president.

Officers for the current term are: Mrs. M. E. Frazier, president; Mrs. Curtis Mullin, vice president; Mrs. C. N. Humphrey, secretary; and Mrs. Robert Brock, treasurer.

Marcy P-TA

The Marcy Elementary year, the Marcy P-TA collected more money in the March than any other month. The attention of its Parent-Teacher Association in the new school term.

Mrs. Earnest R. Baumann was the first president when the association was chartered in October, 1965. Of the 115 current members, none are charter members. The first Tuesday meeting of the group's purpose is to self-educate on all things pertaining to children; to create an enlightened public opinion on issues affecting the welfare and education of youth and children.

Carrying out program themes similar to other local units concerning today's issues and responsibilities, the Marcy P-TA is a branch of the National Congress of Parents and Teachers.

Officers for the nine-month school period are: Chairman, William Warren, president; Mrs. Glenn A. Phillips, vice president; Mrs. Madeline M. Dierker, secretary; Mrs. Diane Williams, treasurer; and Mrs. Glenn Griswold, parliamentarian.

MRS. GLENN A. PHILLIPS

Ladies Golf Association

The Ladies Golf Association of Big Spring Country Club was organized Oct. 19, 1962, with Mrs. H. A. Axtell as president.

Golf, bridge and other country club activities are its main concern, and the members have donated much of their time to improving its facilities. Much of the interior decor and "extras" at the present club were provided through the association. Only its funds have been used to purchase a clubhouse.

For this reason, the association does not contribute to charities or funds since most of its members do so through other clubs.

During the past year, the LGA re-painted walls in the clubhouse, repaired damaged furnishings and purchased small equipment for use at the club. This fall and winter, its aim is to provide restrooms in the clubhouse and re-drape the main entrance.

Current officers are Mrs. Bill Coleman, president; Mrs. R. E. Beum, vice president; Mrs. J. B. S. Galbraith, Jr., secretary; and Mrs. John A. Bingham, treasurer. This group will participate in tournaments in this area and other areas in the future.

The show has now become an annual affair.

The LGA meets monthly for luncheon, twice weekly for bridge and once a week for "Ladies Day" golfing. It is associated with the Permian Basin Duplicate Bridge Association, the Women's Permian Basin Golf Association and the Women's West Texas Golf Association.

The women golfers compete occasionally as tennis or other individuals in area competitions. Also, the club sponsors tennis, golf, and other tournaments and provides concession stands by scheduling entertainment for visiting players.

The new clubhouse was completed in 1961, and the LGA decorated what is known as the Gold Room. Later, the lounge area in another part of the building was remodeled and named the "Bamboo Hut." It carries out a nautical and island theme. A space on the east side of the main building was

Oasis Garden Club

President of the Oasis Garden Club, Mrs. Howard T. Hansen is leading his hobby through a series of programs outlined as "Study and Beauty."

Assisting her are Mrs. Albert Hohertz, first vice president; Mrs. Jim H. Ziko, second vice president; Mrs. J. D. Leonard, third vice president; Mrs. Paul Klomka, secretary; Mrs. Boone Home, treasurer; Mrs. Walter Douglas, parliamentarian; Mrs. Lois O'Hair Smith, historian.

Engaged in projects "to create beauty around the home and in the community," the club plans to help landscape a school garden and church garden. The monthly study guild studies horticulture and flower arranging.

The Oasis Garden Club is also active in welfare work. Last year it had programs on garden therapy at Special Education School and plans to continue this work during the coming season. The club helped promote city clean-up and beautification, participated in state and national projects and is active in the Big Spring Hospital and Garden Exchange.

Student program and various local fund drives. The club also contributes to the annual Christmas party at the state hospital. Associated with the Texas Garden Clubs, Inc., and National Council of State Garden Clubs, the club is limited to 25 members.

Secretaries Association

The National Secretaries Association is an international organization and sponsors a Certified Professional Secretary Program—a comprehensive two-day examination given once a year. It covers six subjects, human relations, personal adjustment, secretarial procedures, business administration and general accounting.

Members of the Big Spring chapter who have received the coveted CPS rating are Mrs. Camille Patterson, Miss Margaret Goeman and Mrs. Joanne Cooper. Mrs. Libby Axtell, charter member of the chapter when it was founded in 1957 with Mrs. Dorothy Kain as president.

To further the association's policy of "Education After Graduation," and to encourage improvement of standards of performance in the secretarial field, the local chapter sponsored a credit course in business English at Howard Community College last year.

The current officers are Mrs. Dee Batifall, vice president; Mrs. Gorman, recording secretary; Mrs. Vic Ames, corresponding secretary; and Miss Cooper, treasurer. The group meets the fourth Tuesday of each month for programs which are of benefit to women engaged in secretarial work.

Although association bylaws prohibit material aid to welfare or charity projects, they do allow members to provide secretarial services to local charities. The association is affiliated with the Texas-Louisiana Division and is an integral part of the National Secretaries Association (International).

Big Spring Art Club

One of the most active clubs in advancing interest in art in this area is the Big Spring Art Association which is being headed this fall by Mrs. John Zimmerman, president; Mrs. Smith Swords, vice president; Mrs. Don Bohannon, secretary; Mrs. Frank Hartley, treasurer; and Mrs. Bill Unger, publicity.

The group meets in the evenings on every third Tuesday to paint and promote public recognition and appreciation of art in the community. The membership varies but has been recorded as high as 30.

Originally called the Las Art Club, it was organized in 1954 by Mrs. Delton Conway as the first president and charter members who still participate are Mrs. Ina Raley, Mrs. Bismarck Schafer and Mrs. Bohannon.

For several years, the association has sponsored the Texas State Art Exhibits for Region IX. The winners in this show have their paintings and the artist's names best there are exhibited over Texas during the following year.

Locally a membership show is held each October, and often, a sidewalk show is arranged in the spring.

During the regular meetings, demonstrations of the newest concepts and techniques are seen, along with movies and slides of recognized works of art. At intervals, members' no guests provide art lectures.

Association

Entertaining patients at the Big Spring State Hospital and helping in the commemoration of Hospital Week are only two of the projects of the Licensed Vocational Nurses Association of Texas, District No. 121.

Other projects are helping with heart seminars and assisting a needy family at Thanksgiving and Christmas. Aims for the season are to give better nursing care through study of more prevalent diseases.

The program theme for the year will be "Enlargement of perspective through enrichment, and learning and unity through sharing." The basic purpose of the organization is to maintain a high standard of nursing through workshops, lectures, and post graduate courses.

Organized in October, 1961, the district organization is associated with the Licensed Vocational Nurses Association of Texas, and the National Association for Practical Nursing Education and Service (NAEPNES).

Charter members still active in the organization are Mrs. V. W. Kemper, Lenette Dennis, Mrs. Theodora Smith, Mrs. J. W. Bennett, Mrs. Dan Swain, Mrs. Vera Millhollan, Mrs. Wren Holley, Mrs. T. B. Nix and Mrs. Ethel Bartlett. Their first president, Mrs. Lewis Hefflin, is still active, also.

The 35-member organization meets the first Tuesday of each month and is led by Mrs. Hoye J. Rogers, president; Mrs. A. R. Jones, vice president; Mrs. Paul Camp, secretary; and Mrs. Annal Branscum, treasurer. New officers will be elected in October.

Basin Medical Auxiliary

Two red ribbons—the badge of service—were presented to Auxiliary Basins Medical Auxiliary during ceremonies at the last state convocation. The ribbons denoted many hours of volunteer work done under the heading of community service, public relations and safety.

A contributing factor to the groups' receiving the awards was their local safety program, using the "Busused-Around" program, which was given to health classes at Rummels and Gollad junior high schools.

Being cited for service is not uncommon for the medical auxiliary. The previous year, it topped the nation in its contribution to the Tom Dooley Foundation which sought funds to purchase a "flying hospital" for use in the Far East.

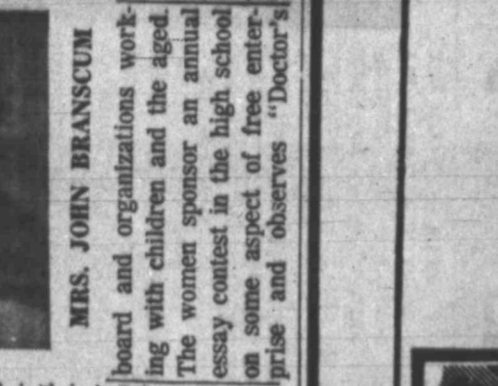

The auxiliary has also served the community by having representatives on almost every important drive, civic and charity drive and observes "Doctor's Day" each year.

The women meet for a lunch on the first Thursday of each month and join the men for dinner and bridge every third Tuesday.

Topping their list of planned fall activities will be to continue their support of the Lakewood Nursery (to which they contribute monthly) and sewing "Johnny Coats" for distribution to convalescing patients. They have already made 100 coats at the hospital rooms. They will also go to the TR Seal Drive and the state hospital.

Mrs. John Branscum heads the auxiliary and her staff includes Mrs. J. P. Darby, vice president; and Mrs. James Childs, secretary. Treasurer, Mrs. JOHN BRANSCUM. The season theme is "Pathosism and Efficiency for Excellence."

The auxiliary was chartered locally about 1964 and two of its early members were Mrs. P. W. Malone and Mrs. G. T. Hall. There are now 30 members.

Park Hill P-TA

The annual Halloween carnival, sponsored by the P-TA, is its one money-making project to aid in educational facilities. In the past the club has purchased for the elementary school, a set of encyclopedias, name sign for the building, bicycle racks and musical instruments.

An affiliate of the state and National Congress of Parent-Teachers, the organization meets at 7:30 p.m. on the first Tuesday of each month.

Other officers are Mrs. O. O. Craig, vice president; Mrs. Carl Smith, secretary; and Mrs. Robert Coleman, treasurer.

Pythian Sisters

To promote the principles of purity, love, equality and fidelity, and to aid in the support of the Pythian Home in Weatherford, is the basic purpose of the Pythian Sisters, Sterling Temple No. 43.

Mrs. Ruby Rainbolt, first president when the club was chartered in November, 1946, was one of 14 charter members. Twelve of those members are still active.

Other projects for the coming year besides the support of the Pythian Home is the support of the Home for Aged Pythians, at Greenville, the Pythian Orphan Home at Weatherford, and other civic welfare projects.

This year's roster of officers include Mrs. L. D. Chrane, most excellent chief; Mrs. Hugo Campbell, excellent senior; Mrs. Herbert Johnson Sr., excellent junior; Mrs. E. H. Benschaw, manager; Mrs. Choc Smith, secretary; Mrs. W. L. Thompson, treasurer; Mrs. G. L. Meek, promoter; Mrs. D. C. Vaughn, secretary; and Mrs. Herbert Johnson Jr., past chief.

Active charter members are Mrs. Bonnie Bennett, Mrs. L. D. Chrane, Mrs. Manley Cook, Mrs. Herbert Johnson Sr., Mrs. James Fannin, Mrs. Charles Lebkowsky, Mrs. Verna Martin, Mrs. Coy Nalley, Mrs. Ruby Rainbolt, Mrs. Thompson, Mrs. Pat Tynes, Mrs. Doyle Vaughn and Mrs. Rose White.

Eager Beaver Sewing Club

Serving refreshments the first Saturday of each month to the patients at the Veterans Administration Hospital has been among the community projects of the Eager Beaver Sewing Club.

Members have also volunteered their time two afternoons a week to helping in the central supply department at the VA, and to sewing for patients.

The group was organized in 1946 with Mrs. Richard R. Hooper as president. Charter members still active are Mrs. E. D. Bruton and Mrs. A. B. Jernigan.

This year's president is Mrs. Gabe Hammack. Officers are Mrs. J. L. Swindell, secretary; Mrs. J. E. Freeman, treasurer; and Mrs. J. E. Freeman, past treasurer. The club meets each Friday afternoon.

MRS. GABE HAMMACK

Desk, Derrick Club

Chartered 12 years ago, the Desk and Derrick Club of Big Spring set up its basic purpose: "To promote among women employed in the petroleum and allied industries, through informative and educational programs, a clearer understanding of the industry which they serve, to the end that the enlightenment gained thereby may increase their interest and enlarge their scope of service."

In a mission, the purpose of the organization is to increase its membership and to increase its knowledge.

In its founding year, 1954, the group was headed by Mrs. Arch Ratliff as president. Other charter members still active are Mrs. G. C. Broughton Jr., Mrs. Alma Golnick, Mrs. Leslie Green, Miss Marguerite Cooper, Mrs. W. H. Kay, Mrs. Chester Mathoney, Mrs. Joe Roberts, Mrs. Paul Sheedy and Mrs. Herbie Smith.

Affiliated with the Desk and Derrick Clubs of North America, the local club will be represented by eight of its 28 members at the association meeting at New Orleans in September.

Primarily a professional unit, the club has no welfare or charitable projects, but contributes to the Christmas Cheer Fund.

Meeting on the first Monday of each month at 7 p.m., the group is headed by Miss Kathleen McDaniel, president; Mrs. Sheedy, vice president; Mrs. Bill Horne, recording secretary; Mrs. Karen Murphy, correspondent; and Mrs. S. J. Jernigan, treasurer.

Forsan Study Club

Projects of the Forsan Study Club include a wide range of subjects such as assisting with the programs of the state hospital, donations to the Cancer Fund, Heart Fund, March of Dimes and the Forsan Welfare Fund. In addition, members donate to four scholarship funds through the Texas Federation of Women's Clubs.

Organized in 1958, Mrs. H. D. Williams was the first president, and Mrs. W. T. Conger Jr. is the only charter member still active in the organization.

There are 25 members in the group which meet the first and third Thursdays at 7:30 p.m.

Hyperions

The planning of a Sept. 17 luncheon at the Big Spring Country Club is on the agenda of the Hyperion Council.

The council was organized in 1946 with Mrs. R. B. G. Cowper as president, and the members are elected from the Hyperion Clubs.

Each member is a vice president in the council and the president officer staff includes Mrs. Ben F. Johnson Jr., secretary; Mrs. C. W. Shouse, treasurer; and Mrs. Jerry Spence, treasurer.

Big Spring Garden Club

"Gardening: Meeting the Challenge of Our Arid Area." The results of the course may well show up in more and better gardens for this area.

The women have an ambitious program lined up for this fall. In cooperation with the local garden council, they will maintain patio planting at the state hospital, continue care of the Rose Garden at City Park, assist with beautifying the YMCA grounds, and help with an anti-litter campaign.

Also, there will be a "Flower Workshop" for the Salvation Army, Christmas ornaments donated for a tree at the state hospital, and those saved for the hospital at the Veterans Administration Hospital. For the improvement of the community, there will be two garden tours, and a council flower show.

AAUW

Awarding a scholarship to a girl entering Howard County Junior College is one project of the American Association of University Women. The group works to "develop programs which continue the intellectual growth of the college-educated woman; to help her see her responsibility to society; to further the advancement of women."

It also contributes to the AAUW and International Federation of University Women, with which it is affiliated to provide funds for fellowships awarded to women for advanced work.

Last year members here started a pilot project in social communication for the State Hospital. Due partly to the success of the project, a hospital staff member was employed full-time to continue similar work.

Studying law and the citizen from "To Kill a Mockingbird," to a study of Oriental law and the citizen, the 75 member organization will meet the third Monday of each month from September until May, under the leadership of Mrs. Gary Sims, president; Mrs. W. H. Hammack, program chairman; Mrs. Dan Keester, chairman; Mrs. L. K. Gladden, secretary; Mrs. Bruce Lottshire, treasurer.

Miss Nell Brown, a charter member in January, 1946, is still active in AAUW work. Mrs. S. H. Parsons was the first president.

Cactus Chap.

Mrs. Orville Bryant is president of the Cactus Chapter, American Business Women's Association, and assisting her are Mrs. Boone Horne, vice president; Mrs. Robert L. McDonough, recording secretary; Mrs. J. E. Price, corresponding secretary; and Mrs. Tom Phillips, treasurer.

Mrs. Bryant and her staff led a group of 29 toward a goal of improving the social and business standards of women in business.

The organization is federated with the National ABWA which has chapters in 46 states and a membership of 30,000.

Highlights of the year are selecting an outstanding boss and secretary and in sending a delegate to the national convention. The Cactus Chapter won a national scrapbook award in 1965.

Projects for this year include sponsoring a chapter in Snyder and in assisting a student in an educational project. The members also helped with a Christmas party at the state hospital.

Their program theme for the fall season will be "Expansion Clicks in '66'." Expansion charter members still active are Mrs. Eunice Jackson, Mrs. H. E. C. Foster, Mrs. T. D. Price, Mrs. C. E. Trapp, Mrs. Ruby Rose, Mrs. T. A. Melton, Mrs. Nannie Garrett, Mrs. A. O. Vanderford, Mrs. Marjorie Jordan and Mrs. W. G. Simpson.
