# BIG SPRING DAILY HERALD

**Ruptured Barge Burns**

Flames surround bow of Standard Oil gasoline barge in flareup after earlier blast and fire subsided with loss of two Coast Guardsmen and injuries to several men. The barge is nosed into landing area at Bethlehem Steel Co. on San Francisco's waterfront, where it arrived after suffering an underwater gas at midnight that ruptured one of the fuel tanks. Coast Guard patrol boat at lower left. (AP WIREPHOTO)

## Gas Barge Blast Kills At Least 2

**SAN FRANCISCO (AP)** — A gasoline barge, its hull ripped when it went aground in San Francisco Bay, exploded today, killing two men and leaving three others missing and presumed dead.

Another four men were injured, one critically, when the Standard Oil Co. barge No. 18 went aground near San Francisco Pier 64, while en route from Richmond on the other side of the bay.

The police department said Standard Oil tug No. 4 inexplicably lost control of the barge near Pier 62 while nearing its destination during early morning darkness.

**BOAT BURNS**

Gasoline from a ruptured tank on the barge spilled over bay waters. A deck hand victim said an unexplained flame from the barge touched off the blast.

The Standard Oil employee on the barge and three on the tug all were either dead, missing or injured.

Also missing were two Coast Guardsmen from a patrol boat that was standing by. The patrol boat was burned to the waterline and the barge was completely wrecked.

**MISSING**

Although ruined, the barge was afloat hours later and the fire department estimated it contained enough fuel to burn 24 hours.

Listed by police as dead were two Standard Oil employees, Welma L. Wood, 42, and Daniel Curren, 54.

Listed as missing and presumed dead hours after the blast were the tug's skipper, Anthony Antiere, 56, and two unnamed Coast Guardsmen.

**NEARBY BOAT**

Injured are Alfred Whittington, 30, and John C. Gibson, no age, both U.S. Navy from the ship Montrose; Wendell Bush, 55, civilian employee of the Coast Guard; and Lee Nelson, 58, Standard Oil employee, in critical condition.

The sailors, who had been in a nearby bar, were injured when they jumped into the flaming water in rescue attempts.

Hours later, the Coast Guard found a 23-foot boat burned and abandoned half a mile north of the San Francisco-Oakland Bay Bridge.

It was presumed burned in the explosion.

The blast came while the patrol boat and a fire boat were investigating the grounded barge. The crew of the fireboat rescued the Coast Guardsman who survived.

## Inez Howls Toward Isle

**MIAMI, Fla. (AP)** — Hurricane Inez grew into a monster with 120-mile winds today, and a hurricane watch went into effect for Puerto Rico and the Virgin Islands.

At noon EDT, the hurricane was 400 miles east-southeast of San Juan, Puerto Rico, and 1,400 miles in the same direction from Miami.

One of the most powerful Atlantic storms of the season, Inez was only 50 miles from Guadeloupe, a chain of seven rum, sugar and coffee producing islands where 295,000 persons live at the eastern end of the Caribbean.

**GALE WARNINGS**

Emergency hurricane warnings continued for the islands from Marie Galante to Antigua. Hurricane warnings were extended to include Nevis, St. Kitts, St. Eustatius and Saba, with gale warnings in effect for Dominica and the northern Leeward Islands from Barbuda west to St. Marten.

Inez still was too far away for forecasters to speculate on whether she would make it to the U.S. mainland. Inez could curve up that way later or continue on westward into the Gulf of Mexico and toward Central America.

Or she could enter the Gulf and then curve north toward the U.S. mainland.

## United Fund Is Getting Traction

Big gifts were taking big strides Tuesday as the United Fund appeal began getting traction.

Reports Monday boosted the total received to date to \$10,998.79. Of this, \$10,296 has come from the big gifts division—a increase of nearly \$4,000 for Monday.

The payroll deduction section of the employee's division was beginning to gain momentum. Four firms have reported

100 per cent so far for an aggregate of \$652.79, but Don Womack, chairman, pointed out that this is but the beginning.

About half of the 60 firms which have indicated they will cooperate with the United Fund by encouraging payroll deductions have also had the new local film strip, "Your Fair Share" projected before employee groups. Most of the others are booked for a showing of the films.

Womack said that the follow-up will begin next week on pledge cards under the payroll deduction plan.

Schools also have asked for a showing of the film strip which tells of the work of the United Fund in behalf of more than a dozen humanitarian and character-building agencies.

## Texans Report \$20,000 Theft

**DALLAS (AP)**—Ben B. Aaron and his wife reported a \$20,000 theft of jewelry and a mink coat from their exclusive North Dallas apartment to police Monday.

They said the place was entered late Sunday. Included in the loot were a large diamond ring and a full length mink coat, each valued at \$4,000.

## American Airlines Strike Set Wednesday

**NEW YORK (AP)** — The AFL-CIO Transport Workers Union overwhelmingly rejected an American Airlines contract offer today and TWA said its 12,000 non-operating employees would strike the airline at 6:45 a.m. EDT, Wednesday.

A union spokesman here said the vote was 6,139 against acceptance of the company offer and 188 for acceptance. He said this meant a "vote to strike" and that the strike action was thereupon approved by top union leaders.

The company and union had continued informal talks despite expiration of a final cooling off period last midnight that marked the exhaustion of strike-blocking procedures under the railway labor act.

The new strike threat follows by less than six weeks a strike of machinists that grounded five other major airlines for six weeks.

# President To Attend Manila Summit Meet

## Tiger Division Kills 92 Reds

**SAIGON, South Viet Nam (AP)** — Infantrymen of the South Korean Tiger Division reported killing 92 Viet Cong today to run the total enemy dead to 300 in five-days of mountain fighting near south Viet Nam's central coast.

While the Tiger Division drove against the Communists in the Phu Cat Mountains, 4,000 more troops of the 9th Korean White Horse Division landed in Viet Nam.

The new arrivals, making up the division's 29th Regiment, raised to 36,500 the Korean forces opposing the Communists there.

Elsewhere in South Viet Nam, only scattered, small ground action was reported. But the U.S. air offensive over North Viet Nam continued and giant B52 bombers again plastered Communist infiltration routes in the demilitarized zone.

U.S. planes attacked oil and supply dumps in North Viet Nam Monday and dropped 500-pound bombs on Communist storage areas in the demilitarized zone.

The eight-engine bombers,

lying in from Guam before dawn today also unloaded tons of explosives on North Vietnamese supply dumps inside the buffer zone.

Augmenting these heavy strikes, smaller tactical bombers struck at the western corner of the demilitarized zone. Air Force F4 Phantoms pounded a truck park and an oil dump and pilots reported five secondary explosions and eight fires from their strikes.

Over North Viet Nam Monday, American strike bombers flew 121 missions and the raids cost them one plane. A spokesman said an F105 Thunderchief was shot down and the pilot is missing. It was the 387th plane reported lost over the north in the war.

**RAILS BLASTED**

The raids ranged from the Hanoi-Haliphong areas down to the southern panhandle and pilots claimed destroying or damaging 33 cargo barges, 16 bridges, 13 anti-aircraft gun sites and 10 trucks. Among bridges hit, Air Force pilots claimed they destroyed two railroad spans and damaged another along the northwest rail line running from Hanoi on the Red River valley to Communist China.

Air Force F105 Thunderchiefs pounded an oil storage area 40 miles northwest of Hanoi, the Communist capital, with 750-pound bombs. Pilots said they left a huge fire.

**WAR-TORN**

Navy pilots from the carrier Oriskany claimed they knocked out three buildings and damaged a fourth in a North Vietnamese military storage depot.

In Saigon, South Viet Nam's new Constituent Assembly convened today to write a new constitution and restore civilian rule to the war-torn nation.

Premier Nguyen Cao Ky told the opening session that South Viet Nam is entering "an era of democracy, peace and prosperity" but that the nation still faces "many trials and difficulties."

## Price Hiked On Sour Crude

**Cosden Oil and Chemical Company** today announced a flat eight cents per barrel increase in the price for West Texas sour crude oils lower than 32 degrees.

At the time, Cosden will modify its price differential on crudes from 32 to 40 degrees so that the present top for crude oil 40 to 44.9 degrees will remain at \$2.95.

The change in pricing schedule was effective as of 7 a.m. today.

The price on crudes 31 degrees and lower has been \$2.71 per barrel, said R. L. Tolett, Cosden president. Now it will be \$2.79.

However, the price differential of three cents per degree above 32 degrees will be modified to two cents per degree. Thus, at 40 degrees the present top of \$2.95 will be reached and retained.

Cosden purchases about 35,000 barrels of West Texas sour crude per day for its Big Spring and Cosden Colorado City refineries. About 1,000 barrels are sold to others, but the remaining 34,000 barrels represents about two-thirds of Cosden's total daily requirements for the two plants.

## LBJ, Erhard End Official Talks

**WASHINGTON (AP)** — President Johnson and Chancellor Ludwig Erhard of West Germany conclude two days of talks today and fly to Cape Kennedy for a look at the American spaceport.

The four hours of flying also gives them an extra chance to try and resolve Germany's request for a moratorium of four or five years in fully living up to its agreement to purchase \$1.35 billion worth of U.S. military goods by mid-1967.

At a state dinner Monday night, Johnson told Erhard he will do "my very best" to visit West Germany next spring "if my other responsibilities will permit." Erhard earlier invited him.

**ASTROS ATTEND**

Johnson also said one of those responsibilities — U.S. efforts in Southeast Asia — "can never and will never diminish our concern for the security of Europe and the Atlantic."

The dinner guests included the Gemini 11 astronauts, Cmdr. Charles Conrad Jr. and Lt. Cmdr. Richard F. Gordon Jr., who were aboard America's most recent manned space shot from Cape Kennedy.

Johnson and Erhard are to visit Cape Kennedy as a follow-

## Vatican Peace Mission

**VATICAN CITY (AP)**—A special Vatican mission will leave for South Viet Nam today to help promote peace in that troubled nation.

The Vatican announced that the mission will attend an extraordinary conference to study the problems of the Roman Catholic Church in Viet Nam.

Sources at the Vatican said the mission would undoubtedly seek an agreement to restore peace between the often clashing Buddhist majority and Catholic minority there as a contribution toward the eventual end of all fighting in the country.

There was no disclosure of what other moves the mission might undertake but Vatican contacts described the trip to Viet Nam as of "major importance."

The head of the mission is Archbishop Sergio Pignedoli, apostolic delegate to Canada. The Pope received him in audience this morning.

The Vatican newspaper L'Osservatore Romano said the mission will go to Saigon.

The Vatican announcement did not indicate any plans for direct efforts at negotiation between the major powers at war in Viet Nam.

But the Pope has said repeatedly he would do anything possible to achieve peace in Viet Nam and has made both himself and the resources of the Roman Catholic Church available.

**PROSPECTS**

President Marcos proposed the conference Monday night. He invited the allied leaders to meet in Manila to "review the prospects for a peaceful settlement of the conflict" in Viet Nam.

Korea is one of the countries involved in this trip along with Thailand, Australia, New Zealand, South Viet Nam, the Philippines and the United States.

Moyers said he understood that all of the seven countries involved had let Marcos know they would be willing to take part in the Manila session.

**VIET REVIEW**

How long the conference might last, Moyers was unprepared to say, but he said an agenda now will be worked out.

As to the purpose, Moyers quoted an announcement by Marcos in that the conference "presumably would include a review of the military effort in South Viet Nam, but also lay particular stress on the nonmilitary, political, and economic situations and programs of the South Vietnamese government, together with a full review of the prospects of a peaceful settlement of the conflict."

Secretary of State Dean Rusk will accompany Johnson, Moyers said. Other officials also will go along, he said, but he did not know whether they will include Secretary of Defense Robert S. McNamara.

## Car-Truck Crash Kills Two Texans

**KERMIT, Tex. (AP)** — Two Monahan residents were killed about 2:40 a.m. today when their car rammed the back of a truck 1 1/2 miles north of here on Texas 18.

State Patrolman E. C. Locklear identified the dead as Donald Q. Billingsley and Lily Charlene Hester, both 35. He said the car was traveling at high speed. The trucker escaped injury.

## Allied Leaders To Discuss Viet

**WASHINGTON (AP)** — President Johnson agreed today to attend next month's seven-nation conference of chiefs of state in Manila aimed at trying to end the Vietnamese war.

The conference was set up under the guidance of President Ferdinand Marcos of the Philippines for all the countries with military forces engaged in the conflict.

White House press secretary Bill D. Moyers told reporters: "President Johnson is glad to agree to this invitation and will be glad to join the meeting of the other chiefs of state or government, which are participating nations in the Philippines on or after Oct. 18."

**DATE TENTATIVE**

Moyers said the date is still tentative. As to whether Johnson would use the trip to Manila as a departure point for a major swing through other portions of Southeast Asia, to Australia and New Zealand, for example, the press secretary said that at this point there is no schedule for an onward trip. There have been numerous reports from the area that a Johnson visit is expected.

The journey across the Pacific will take Johnson out of the country in the heat of the political campaign. It, in some aspects, was reminiscent of 1952, when Gen. Dwight D. Eisenhower scored toward the close of the presidential campaign with a promise that he would be elected, "I will go to Korea."

**ASIAN LEADERS**

Marcos and Johnson went into the prospects for a Manila conference when the Philippine president was here about two weeks ago. But Moyers said that over a long period of time before that, proposals for such a conference had been put forward by a number of Asian leaders. Rusk, he said, went into the matter in considerable detail at a meeting of the Southeast Asia Treaty Organization foreign secretaries in Canberra, Australia, at the end of June.

Moyers added that he has heard through official channels that the South Vietnamese chief of state, Nguyen Cao Ky, warmly welcomes prospects of the Manila meeting.

**KOREA OKAY**

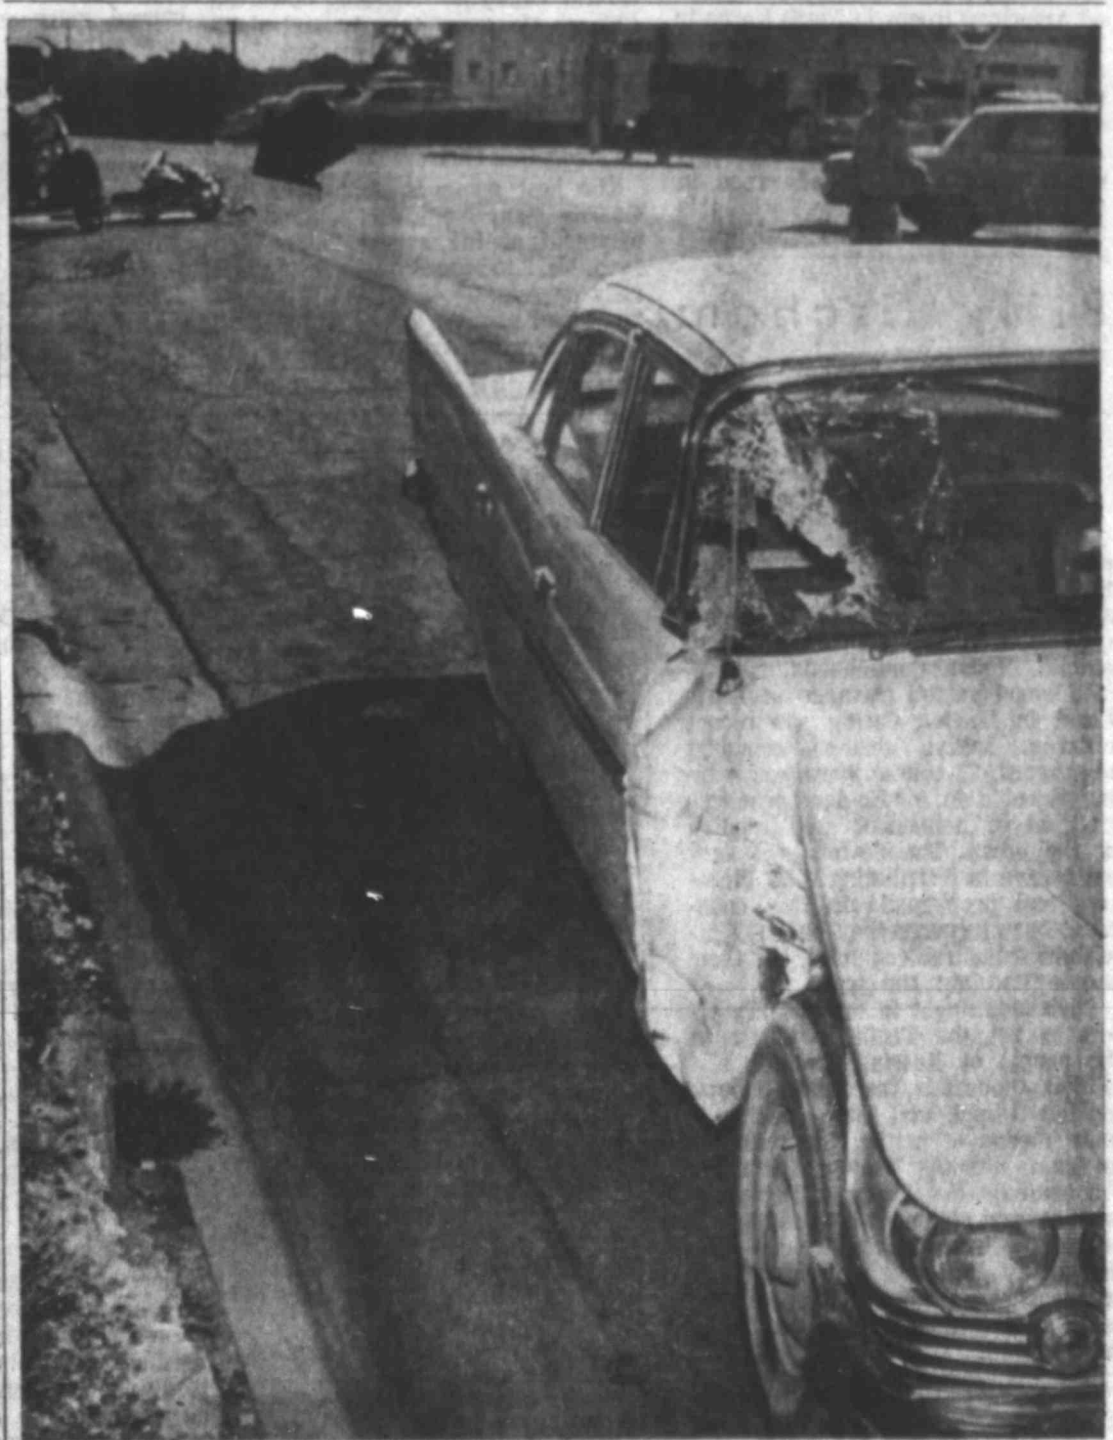

The governments of South Viet Nam, South Korea and Thailand had agreed to plans for this conference, Marcos said in a speech at the University of Hawaii's East-West Center. Later, Prime Ministers Harold Holt of Australia and Keith J. Holyoake of New Zealand agreed.

Marcos is in Honolulu on the last stop of a state visit to the United States.

The Manila meeting would come exactly three weeks prior to the congressional elections in the United States. There has been speculation in Washington political circles that the President might make some dramatic move regarding the Viet Nam situation just before the elections.

## Young Man Injured

A young man was in fair condition at Webb AFB hospital this morning, following the accident shortly before 9 a.m. at Sixth and Gregg streets when his motor scooter (background) struck this car, which was driven by Perry Lucian Peterson, 311 Douglas. Injured on the scooter was Curtis W. Compton, 2781 Ann, and attendants said he is being held for observation. Peterson was driving west on Sixth Street and Compton was going south on Gregg when the collision occurred. (Photo by Frank Brandon)

# Chrysler Cuts Back 1967 Auto Prices

DETROIT (AP) — Chrysler Corp. cut back its announced 1967 auto prices today, as Ford did earlier, to make them more competitive with General Motors.

Even with the revised figures, the average General Motors increase of \$54 a car was still lower than that of its two main competitors. The revised Chrysler hike averaged out at \$44, while Ford was \$66.

Ford, first of the automakers to announce prices on its new cars, made automotive history Monday night when it became the first major car maker ever to pull back on announced price increases.

**\$41 SLICE**  
It cut \$41 from an average

price increase of \$107 which was announced Sept. 20.

Chrysler, which also was trapped when its announced price increases turned out to be larger than those of GM, slashed prices of 118 of its 123 models. Five models remained unchanged and five others were raised slightly.

The Chrysler pullback averaged \$28 across the line from an originally announced hike of \$92.

Both Chrysler and Ford said part of the price adjustments

were made by making car items, originally intended as standard equipment on 1967 cars, extra cost options.

### REMOTE CONTROL

They cited a remote control device for an outside rear-view mirror as an example of a standard item made optional.

Ford bore the brunt of criticism from the White House and Solidarity House, home of the United Auto Workers Union, for the original price increases. President Johnson had termed the increases regrettable and UAW President Walter P. Reuther called them "scandalous and shocking."

American Motors, fourth largest of the auto firms, was slated to announce its prices a couple of days before its cars go on sale Oct. 6.

Most other 1967 cars go on sale this week.

### Posts Bond

Alene Bond, who operates a place with a license to sell beer, has been charged with unlawful possession of distilled liquors Dee Jon Davis, county attorney, said today. The charge was made by the State Liquor Control Board. She has posted \$300 bond in the case.

### Illinois Professor Donates Library

WICHITA FALLS, Tex. (AP) — Dr. Horace M. Gray, professor emeritus of economics at the University of Illinois, has donated 2,600 volumes to the Midwestern University library, a presentation called "the most significant single gift of books" ever given the library.

Dr. Gray is moving to Wichita Falls. His son-in-law, J. N. Sherrill Sr., is chairman of the university's Hardin Foundation. He acquired the books over six decades.

And the Aoudad, a North African sheep, didn't seem to mind at all. (AP WIRE-PHOTO)

### 'The Gumps' Creator Dies

STAMFORD, Conn. (AP) — Cartoonist Gus Edson, author of the comic strip "The Gumps," died Monday night after suffering a heart attack. He was 65.

Edson was stricken in his Stamford home and was pronounced dead at a hospital.

A native of Cincinnati, Edson also was author and creator of the comic strip "Dondi."

He began his career as a freelance cartoonist in 1929, and became sports cartoonist for the old New York Evening Graphic in 1925 before he turned to comic strips.

Edson took over "The Gumps" in 1935 after its creator, Sidney Smith, was killed in an automobile accident.

In 1955, on a trip to Italy, Edson sketched a young boy with big black eyes and turned him into "Dondi." The strip has been made into motion pictures.

Edson later turned the artwork of "Dondi" over to Irving Hasen, but he continued to write the series as he engaged in other activities.

### Oil Output On Increase

TULSA, Okla. (AP)—Production of crude oil and lease condensate increased last week in several states and for the nation as a whole, the Oil and Gas Journal reported today.

For the nation the average was 8,277,900 barrels daily, up 33,600 per day from the previous week.

Oklahoma averaged 608,800 barrels daily, up 15,400; Kansas 291,700, up 5,200; California 952,000, up 3,800, and Wyoming 379,000, up 9,000.

There was no change in Texas at 1,847, Louisiana at 2,819,700 and New Mexico at 337,100.

### Fallout Shelter Spaces Increase

PORT ARTHUR (AP)—A recent survey shows this city has 6,250 fallout shelter spaces. This is an increase of 1,553 above the previous count.

## Hit Movie Outdraws 'Bonanza,' Disney

By CYNTHIA LOWRY

AP TV - Radio Writer

NEW YORK (AP) — Two of the television networks were busy Monday with a familiar

sport — the ratings game. The subject was Sunday night's three-hour broadcast by ABC of the 1957 film, "The Bridge on the River Kwai" which, accord-

ing to two audience surveys, rolled up an enormous viewing audience.

ABC, which reportedly paid \$2 million for rights to broadcast the hit movie two times, was spreading the word that an overnight report by Trendex, made by telephone checks in 26 major markets, estimated the audience size for the first broadcast at around 45 million viewers.

### VIEWERS STAY

NBC, on the other hand, quoted an Arbitron survey, based on a nationwide audience sample, which projected the size of the audience at about 34 million.

No matter which survey was used, it was obvious that an enormous segment of the viewing public deliberately chose to see the long film and stayed with it in numbers usually reserved for special favorites like the Miss America Pageant and the Oscar Awards show.

Programs which normally have large audiences — "Bonanza," Ed Sullivan's variety show and Walt Disney's hour suffered sharp drops in ratings. Some shows apparently had their audiences cut in half.

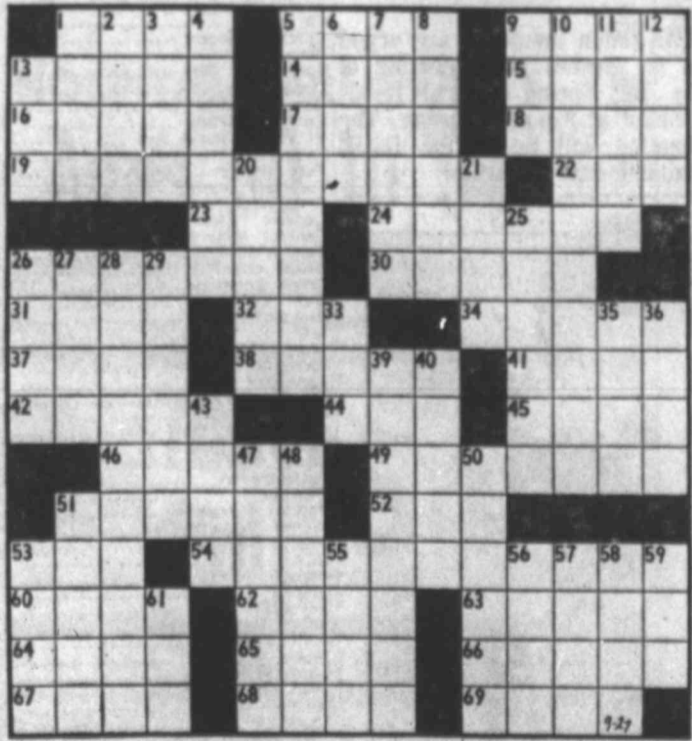

The final word will come in a couple of weeks with the national Nielsen report, the industry's most widely quoted yardstick of popularity.

The networks anxiously await the Nielsen report to be issued Nov. 7, covering samples of viewing choices during a two-week period in mid-September when all new programs had been launched. Cancellations and renewals will hang upon the numbers.

COME ONE—COME ALL

We made the car go faster.

And the engine go slower.

We've added a full 3 m.p.h. to the top speed of the Volkswagen. If that doesn't sound like a lot to you, it's because it isn't. And wasn't meant to be. We put most of the power increase (from 50 horsepower to 53) into the lower gears. So you could climb hills easier. And accelerate quicker.

But we didn't do all this at the expense of the engine. In fact, we made the engine turn even slower. So it would last even longer. You'll be very happy to know this speedy new Volkswagen has dual brakes as standard equipment. If the front brakes should ever fail, the rear brakes will stop you. And vice versa.

We even put in some changes you can see, like retracting seat belts, recessed inside door handles, and back-up lights. They're standard, too. And so are the letters V-O-L-K-S-W-A-G-E-N on the engine lid. So you'll recognize the new bug when it passes you. With its new, slower engine.

Tell Of 'Secret' Ingredient

Here for a tri-district sales and promotion meeting for Fina Monday were Phil van Dusen, New York agency executive, Tom Cook, general brand sales; R. I. Galland, president of American Petrofina of Texas; W. H. Frank, in charge of distributor sales; and J. W. (Bill) Cahill, sales and promotion manager. (Photo by Danny Valdes)

# Fina Sales Folk Phlashed Word Of New Ingredient

Fina is all set to make a splash with Phlashed! More than four score jobbers and distributors got the inside word about this mysterious and incredible ingredient, at a tri-district sales meeting at the Cosden Country Club here Monday.

Motorists will hear about it in an advertising campaign that kicks off in newspapers Oct. 6, and will be fortified by the message on other media.

R. I. Galland, Dallas, president of American Petrofina of Texas, headed a battery of top officials and sales personnel in getting Fina outlets braced for the big event. J. W. (Bill) Cahill, Dallas, sales and promotion manager, gave a preview of the campaign which will introduce "Phlashed!"

This is an "incredible anti-nuisance additive," in fact "Phlashed! (is) so incredible you won't believe it even after you've tried it."

A sparkling array of copy has been marshaled to tell the driving public, in a mode reminiscent of Fina's famous Pink Air campaign, that Fina is on the side of the frustrated motorist. No phoolin'!

Dealers will have an array of materials — buttons, bumper stickers, window signs, pump stickers, pole signs, island banners and decals — to awaken the public to phantastic Phlashed! Among others here for the

## Never Too Late For Happiness

It just goes to prove it's never too late. Mrs. Iva Hale, 71, assistant case worker at the Big Spring State Hospital for the past 19 years, retired Monday to begin a new career — that as housewife.

## LAST FOR '66 Today Is Standoff For Sunshine And Darkness

Today is unusual—it happens to be one of two days each year when the daylight and the darkness are exactly the same in hours.

Today we will have 12 hours of sunlight; 12 hours of darkness.

The sun came up at 6:33 a.m. and the sun will set at 6:33 p.m. The only other day in the year when this phenomenon occurred was March 16. Sunrise and sunset times on March 16 were 6:51 a.m. and p.m.

Technically the equal allotment of day and night should fall on the autumnal equinox or the vernal equinox. This didn't happen however because the former equinox arrived last Friday at the equator.

The two longest days of the year are June 22 and 23. The sun was in evidence for 14 hours and 12 minutes on these days. This compares with Dec. 21 when the sun will work only 10 hours and 20 minutes for the

shortest day of the year. Meantime, today we have our last fleeting moment on a perfectly balanced allotment of light and darkness for 1966.

## Bob Jones Loses Toes In Mower

Bob Jones, 1511 Vines, is recovering from the loss of two toes on his left foot.

Jones, an employee of the T&T Welding Co., was injured at noon Saturday in a power lawn mower he was using at his home. He was mowing grass on a slope in his yard. The family dog, playing with Jones, grabbed his trouser cuff, Jones slipped and fell and his foot somehow came in contact with the lawnmower blade.

The first joint of the big toe and second toe on his left foot were severed.

Mrs. Nelda Jones, who is secretary to Wayne Burns, district attorney, took her husband to Malone and Hogan Foundation Hospital where repair was made to his damaged foot.

## Attorney Named For Defendant

Charles Meade, who faces revocation of a three-year probation, appeared in 118th District Court today before Judge Ralph Caton. He told the judge he had attempted unsuccessfully to employ an attorney.

He said he wanted legal counsel and Judge Caton appointed Jack Little to represent the man.

Wayne Burns, district attorney, had moved the court to revoke the probated sentence which was imposed after Meade had been convicted of forgery some time ago.

After the appointment of the attorney, the court reset the case for Oct. 6. Meade was recently arrested in Fort Worth and returned here on the revocation complaint.

## Weather Forecast

Figures Show Low Temperatures Expected Until Wednesday Morning. Related Precipitation Not Indicated—Consult Local Forecast

Shows and thundershowers are expected Tuesday night in the Rocky Mountain states, Southern Plains, and Southeast states. It will be cooler in the North Central states and warmer in the Southern Plains. (AP WIREPHOTO MAP)

## Odessa Man Is Stabbed

Orville Smith, about 40, of Odessa, is in the Cowper Hospital and Clinic recuperating from a knife wound in the abdomen.

Sheriff A. N. Standard said that Smith was apparently injured in a fight about half a mile west of the city limits on IS 20 on Monday afternoon.

A woman, about the same age as Smith, has been questioned and has made a statement relative to the incident. Standard said that no charges have been filed, and action depends on developments in the case.

The sheriff said that it appears, from the statements, that Smith, accompanied by his wife, another woman (cited above) and a second man, were in a car driving from Odessa to Big Spring. The second woman seems to have been driving, and a dispute over the way she was operating the car developed. The fight ensued and in the melee, Smith was stabbed.

The four drove on to the city limits where they were apprehended by city police on a drunkenness complaint. Smith was taken to the hospital. The knife wound, it was reported, had caused a slight injury to the victim's liver.

## Insuror Bound To Policy

Boston Insurance Co. must make good as an underwriter for Malone and Hogan Foundation Hospital, an U.S. District Court jury has held.

The company had sought, through a suit in federal court to be released from liability in a damage suit brought by Forrest Gambill against the foundation hospital. Boston sought to show it was not vulnerable in the case for the reason it had not been advised of the possibility of a law suit at the time of the incident on which Gambill based his pleadings. The hospital contended it was not obligated to make a report of the incident at the time it happened.

The hospital holds a policy with the Boston company by which the latter agrees to accept \$50,000 liability in the event a damage judgment is returned against the hospital.

The \$350,000 damage action against the hospital was filed by Gambill who claims that a heating pad burn he suffered in the hospital five years ago led to the loss of one of his legs. He alleges negligence.

The case has been on file for sometime at the 118th District Court here. No date has yet been set for trial of the case on its merits.

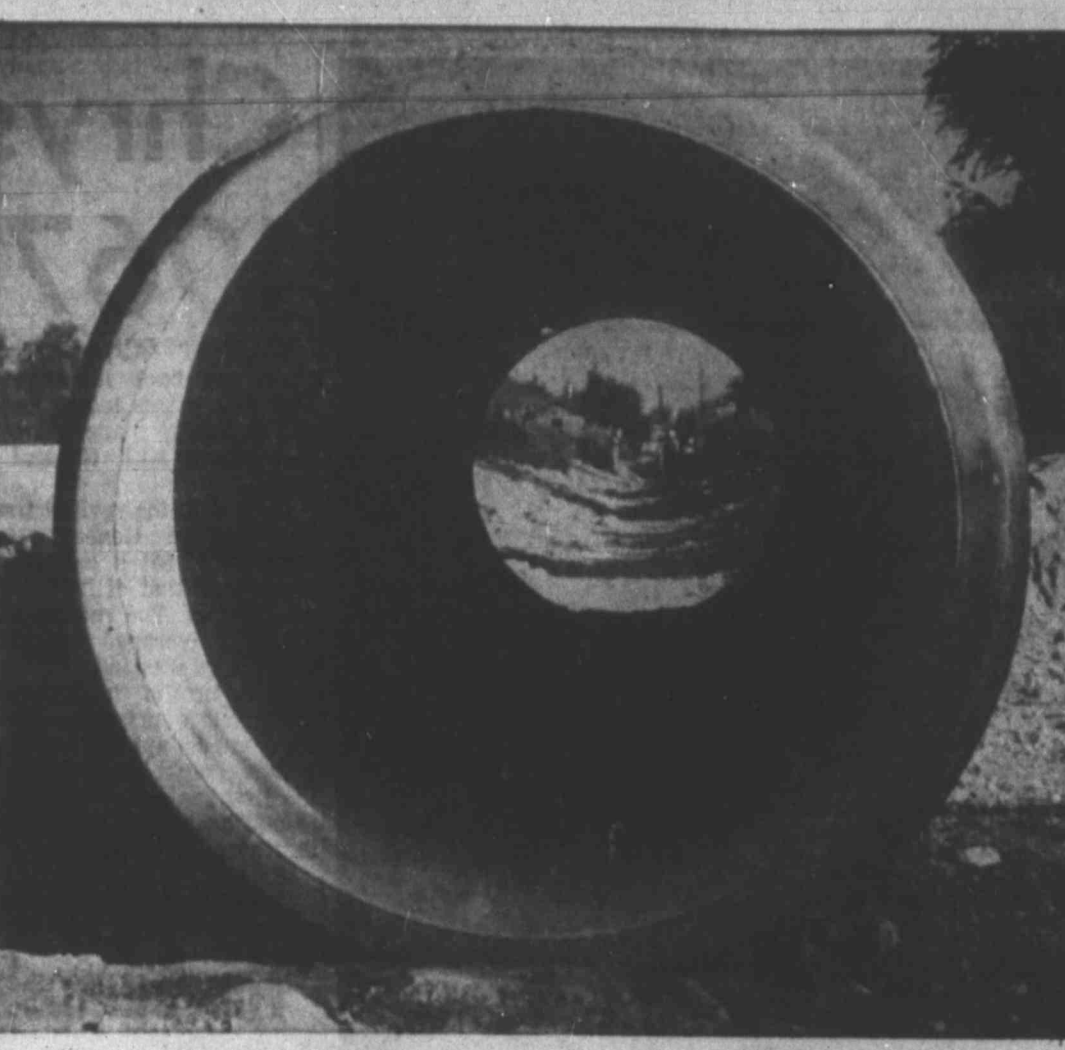

## Council To Hear Audit Report

A report on the annual audit of the city's books has been added to the agenda for the city commission meeting tonight. The accounting firm of Clyde Holdingsworth told City Manager Larry Crow late Monday that the audit would be ready for commission consideration to night.

Other items for consideration include two claims for damages against the city; a handful of successive readings of ordinances for liquor consumption and zone changes; and other items.

## Traffic Mishaps

Two minor mishaps were reported Monday afternoon. Damage was minor and there were no injuries. Carolyn Beth Hooser, 1800 Brent, and Donald E. Martinez, 2706 S. Monticello, were in collision at Birdwell Lane and FM 700. Joyce Lynch Beck, 3708 Hamilton, and Shirley Ray Matthews, 3601 Dixon, were drivers in the crash on Wason Road at the Kwikee drive-in.

Pipeline View Of Drainage

This section of new pipe is zeroed in by photographer Frank Brandon on the new drainage ditch on the north side which should solve one of the city's major washout areas. It is located just off North Goliad, between Sixth and Eighth streets. The giant joints of pipe were given to the city free, although it normally costs almost \$12 per running foot. The pipe was left over from the contract for the big pipe between the new Canadian River dam and the cities it will serve with water. Ernest Lillard, director of public works, said the pipe was buried Monday afternoon and this morning under the three intersections.

## OIL NEWS Martin, Sterling Gain Wildcats

Martin and Sterling counties both have wildcat locations and Lario Oil & Gas Co. has staked a Howard County well.

Cities Service Oil Co. No. 1-F Jones, a wildcat, will drill to 13,000 feet in the Devonian field in Martin County. The well is spotted 660 feet from the north line and 4,200 feet from the east line of League 252, Ward County school land, 32 miles north of Midland, five miles southeast of the Breedlove Devonian field, one and one-half mile southeast of the Walcott Wolfcamp field.

In Sterling County, Scurlock Oil Co. of Houston has staked the No. 1 Hannah B. Bailey to drill to 9,500 feet in the Ellenburger field. Drillsite is 660 feet from the north and west lines of section 22-2, T&P survey, 19 miles southwest of Sterling City, five miles northeast of the Cope Sprabery field.

Lario Oil & Gas Co. No. 2 Barber, a Howard County well, will drill to 6,200 feet in the Wolfcamp field. Location is 1,980 feet from the south line and 2,173 feet from the west line of section 11-31-1s, T&P survey, two miles south of Coahoma, one and three-quarter mile south east of the Hutto Wolfcamp field.

In Glasscock County, Vaughn Petroleum Inc., Dallas, the No. 1-B L. S. McDowell, an old well workover, has been scheduled to drill to 2,415 feet in the McDowell (San Andres) field. The well is spotted 1,319 feet from the north line and 330 feet from the west line of section 30-34-4s, T&P survey, 12 miles north of Garden City.

## Fun-O-Rama Is Now Ready

Dealt blows by delays and the weather, the Downtown Lions will have their annual Fun-O-Rama ready to go this evening — and for the remainder of the week.

An impending electrical storm added to the Lions' woes—and those of a dozen other agencies.

Mechanical troubles in assembling the novelty rides had delayed this portion of the carnival-type show by nearly two hours. By that time, menacing clouds kept the crowd thinned down.

Now everything is ready, said Frosty Robison, in charge of the project which benefits the club's welfare and blind-sight conservation work.

In addition booths are all set up and looking for customers. Included are a barrel toss by the Optimist Club; a ring toss by the Xi Mu Chapter; a cat throw by the Potpourri Club; glass pitch by National Secretaries; football throw by the Opti-Mrs.; cigarette toss by the Women in Construction; bingo by the Evening Lions; cotton candy by the ESA's Alpha Chi chapter; cork shoot by Mu Kappa Chapter; penny pitch by Rebekahs; hoop throw by Junior Woman's Forum; dart throw by ABS; milk bottle throw by Coahoma Lions; Coke wagon and confections by Explorers. Rides include the merry go round, ferris wheel, scrambler, tilt-o-whirl, small roller coaster and others.

## Election Slated On Conservation Zone Supervisor

An election to select a supervisor for Zone 3 of the Martin-Howard County Soil and Water conservation district will be held Tuesday at 8 p.m. in the Gay Hill School.

The present supervisor for the zone is Jack Buchanan. His territory covers most of Howard County bounded on the west by US 87 and south by the Howard County line.

There are five zones and as many supervisors in the district. One post is filled each year. All landowners are urged to attend the meeting Tuesday and take part in the election.

## Mrs. Tower Visits C-City

COLORADO CITY—Mrs. John Tower, wife of the senator from Texas, was in Colorado City Monday campaigning for her husband. After completing a six-day tour, she plans to return to the Tower home in Wichita Falls.

Mrs. Tower was met at the airport by Mayor John Chinn and other Colorado City dignitaries and political leaders. Mrs. Tower presented Mayor Chinn with a flag that had flown over the capitol building in Washington.

Mrs. Tower was honored with a noon luncheon at Civic House with Bob Reilly, Colorado City insurance man, and local Tower campaign manager, as master of ceremonies. Mrs. Tower was introduced by Mrs. Don Powell, in charge of luncheon arrangements.

Mrs. Tower told the group that her talks with women along the campaign trail indicated that their principal concern was the war in Viet Nam and inflation. She said that she and Sen. Tower were optimistic about the campaign, "but we're both working as well as we know how to."

## Electric Storm Bombards Area

Unexpected and unneeded showers swept over Big Spring and Howard County last night accompanied by a menacing electrical storm.

The rain measured .01 inch at the U.S. Experiment Station but other points in town gauged up to 2 inch.

Apparently no damage was caused by the electric storm although electrical service was interrupted briefly from time to time.

The storm gathered in late afternoon swinging in from the west and northwest. It struck first about 7 p.m. and then returned for a second round some time later.

## Mrs. Cornelius Dies In Stanton

STANTON (SC)—Services for Mrs. Ellen Ladona Cornelius, 82, who died here at the home of her daughter, Mrs. Ora Mae Kelly, at 5 a.m. Monday, were to be held at 4 p.m. Tuesday.

Rites were to be at the First Baptist Church with the pastor, the Rev. W. H. Uhlman, officiating. Burial was to be in Evergreen cemetery under direction of Gilbreath Funeral Home.

Mrs. Cornelius was born Feb. 22, 1884, in Comanche County and was married to William A. Cornelius at Big Spring in 1905. He died June 5, 1958.

Surviving Mrs. Cornelius are one son, George Cornelius, Stanton; two daughters, Mrs. Ora Mae Kelly, Stanton; Mrs. Alva Presley, Midland; 10 grandchildren and 20 great-grandchildren.

## Pickup And Coin Thefts Reported

A pickup truck was stolen during the night, and some change taken from a residence Monday afternoon, according to the police report.

Mrs. H. J. Morrison, 806 Scurry, told officers a 1955 Chevrolet pickup was taken from the Morrison Supply sometime after 11:30 p.m. Monday. She reported hearing the dog bark during the night, and police were looking today for a Latin American who may have been involved.

Mrs. Thomas O'Dell, 1204 Lamar, told officers 16 half dollars and a \$2 bill were taken from her home during the afternoon. There was a member of the family in the house at all times, she said.

## Union Meeting

All union members are urged to be present at a meeting of the Big Spring Central Labor Council at 8 p.m. Tuesday. The meeting will be in the IUOE building east of town.

## The Genie And The Lamp

Aladdin is amazed by the powers of the genie in the lamp in "Aladdin and His Wonderful Lamp," to be presented at the City Auditorium Wednesday at 4 p.m. The play is portrayed by the National Children's Theater Association of Dallas and is sponsored by the Washington Place P.T.A. Tickets may be purchased at the door.

Table listing various stocks and their prices, including Wall Street, Industrials, Utilities, and other market indices.

Klansman Goes To Trial

Ku Klux Klansman Eugene Thomas, above, is shown before he entered court at Hayneville, Ala., Monday to stand trial, accused of killing Mrs. Viola Luizzo of Detroit, Mich. Thomas is already under a 10-year federal prison sentence growing out of the night-rider slaying of Mrs. Luizzo. (AP WIRE-  
PHOTO)

## Agent To Testify In Murder Trial

HAYNEVILLE, Ala. (AP)—A male jury of eight Negroes and four whites was chosen today to try Ku Klux Klansman Eugene Thomas on a murder charge for killing of a white civil rights worker.

Thomas, 43, a Bessemer, Ala. steel company employe, is accused of the slaying of Viola Gregg Luizzo of Detroit, Mich. A conviction on a first-degree murder charge could bring the death penalty.

### 13 REMOVED

Twenty-one Negroes and 11 white men remained on the list of prospective jurors when Atty. Gen. Richmond Flowers and defense attorney Arthur J. Hanes began striking the jury.

Hanes, a former Birmingham mayor, removed 13 Negroes from the list with his strikes; Flowers struck 7 of the 11 white men on the list.

Before the jury was chosen, Circuit Court Judge Werth Thagard rebuked Flowers in open court for a statement the attor-

ney general made to newsmen Monday.

### 'HANDPICKED'

Thagard said he took the statement to mean an accusation that Negroes on the venire of prospective jurors were "handpicked."

Flowers said he did not intend for his statement to be taken as criticism of the court but merely that he felt that some Negroes in Lowndes County were inclined to be so-called "Uncle Toms."

The attorney general apologized to the court for the possibility that the statement could be misconstrued and Thagard accepted the apology.

### KEY WITNESS

An FBI undercover agent was expected to tell his eyewitness story of the Luizzo slaying for the fourth time after the testimony began.

The state's key witness once again was expected to be Gary Thomas Rowe Jr., a former Birmingham bartender who said he joined the Ku Klux Klan to get information for the FBI.

## DEAR ABBY Happiness Is Right Living

DEAR ABBY: I need some advice and fast. I am a married woman with six children. The oldest is seven. I am in love with a married man with five children. This may seem silly, but I think I need him more than his wife. I am willing to give up everything for him, including my children, although I am a very good mother.

I have a steady, devoted husband, but I don't really love him. He will buy me anything, this other can give me nothing, but I don't care. I love him.

Should I call his wife, tell her I love her husband, and ask her to set him free? He says he loves me, but he still loves his wife in a way. (Is this possible?) I don't want my name used, so sign me,

TORN APART  
DEAR TORN: What you feel for this "other man" is a strong physical attraction — the kind most girls experience in high school, but get over as they grow up. I suggest you concentrate on being the "good" mother you claim to be, and appreciate the "steady, devoted" husband you say is yours.

The other man is probably similarly infatuated with you, but the lives of 11 children and two adults depend upon you straightening up and living right. How about it?

DEAR ABBY: I am 15 and my mother won't let me go in a car with a boy unless she knows him. That means he has to come to the house and talk to her a little while first. Well, this one real cute boy I met had to pass the "chat - with-mother" test, but once they started talking, mother took up my whole evening. We never did get to the movie.

Finally when it was too late to go anywhere mother suggested we all get into his car and she'd buy us ice cream cones like we were five years old or something. Mother did all the talking and she had a great time.

Of course, I never heard from the boy again. Do you think it was fair for my mother to act

that way and spoil my chances?

LOST HIM

DEAR LOST HIM: No, although I'm sure your mother was only trying to entertain the young man for your sake. Too bad some grown-ups who are always telling kids to act their age, don't act theirs.

DEAR ABBY: Last week we entertained some lifetime friends in our home for several days. As they were leaving, they offered us some money, which we of course did not accept.

Is it considered proper to offer a host and hostess money? And would it be a breach of etiquette for the host and hostess to accept it?

I. M. WONDERING

DEAR WONDERING: A guest should NEVER offer his host money in return for hospitality. And if offered, the host should politely refuse it.

Troubled? Write to Abby, Box 69700, Los Angeles, Calif., 90069. For a personal reply, enclose a stamped, self-addressed envelope.

## Doctors quit smoking

CHICAGO — According to a recent survey, 32% of American doctors do not smoke. Many quit recently due, according to the Anti-Tobacco Center of America, to the conclusive evidence linking cigarettes and lung cancer.

Many doctors gave up smoking without straining their will power thanks to a new tablet which helps to progressively eliminate the need for nicotine and, as a result, the desire to smoke. Less than 2% of the 150,000 people who tried this tablet reported they still smoke!

Smokers interested in receiving information (free) about this new tablet are invited to contact directly the Anti-Tobacco Center of America, Dept. 1011-Z-1, 306 Fifth Avenue, New York 1, New York.

It is sufficient to send your name and address. Just a post-card will do.

### Buy Concert Tickets

Col. Chester J. Butcher, wing commander at Webb AFB, buys tickets for this year's presentations of the Big Spring Concert Association from Mrs. E. H. Bouillon Jr. Music lovers are urged to purchase their tickets now since only four weeks remain until the series begins and only a third of the concert budget has been reached. Season tickets may be obtained from any board member, or reserved seats are available from Mrs. Bouillon at AM 3-7449. Tickets may be purchased Friday in any local bank.

## Heroes Described At Toastmistress Dinner

The theme, "Inspirational Heroes" sparked human interest stories told by members of the Tall Talkers Toastmistress Club during a dinner meeting held Monday evening in the Officers Open Mess at Webb AFB.

Mrs. Lewis Vale presided, with Mrs. Larson Lloyd giving the invocation and table topics introduced by Mrs. Lee O. Rogers. Mrs. John D. Blagg conducted the lexicology.

With Mrs. James Brooks serving as toastmistress of the eve-

ning, the first speaker was Mrs. Mel Porter, followed by Mrs. Vale. Valuers were Mrs. Rogers and Mrs. R. C. Shaver, while Mrs. Lloyd gave the general evaluation. Mrs. Rogers acted as timer and offered the closing thought.

Guests for the dinner were Mrs. Albert Condon, Mrs. Jerry Grimes, Mrs. A. C. Andrews, Mrs. Raymond Hickman, Miss Sharon Millstead and Mrs. Monroe Gafford.

The next meeting will be at 7:30 p.m., Oct. 10 at the base.

## 'ROUND TOWN

By LUCILLE PICKLE

Doesn't it just make you glow with pride when you read that workers are demanding that they have music piped in to their building during work hours?

And don't you feel a thrill of the wonderful when boys who want to wear their hair down to their collars in back and their eyes in front to their school classes, bring the school men to court because the schools says that it isn't in the interest of the school for them to wear it that way?

I'm for progress but I'm also for people to get the job at hand done. I know that music is sometimes a comforting thing and that some people work better with it. But did you ever try to concentrate while a scottische or a polka was being piped in? This may be good music for tightening bolts and nuts but it isn't soothing to me... working or buying groceries.

I remember when boys thought they looked rather sloppy when their hair grew just to the tip of their ears and they wouldn't think of having a date or going to a party without having a fresh haircut. School wasn't so bad but they still didn't feel too sharp. I wish some of them knew how they appear to a great many of us... whether they are professional musicians or not.

Remember GARRY DALE NICHOLS whose parents are MR. and MRS. AUBURY O. NICHOLS, 1107 S. Main St.?

He has recently reported to Elmendorf Air Force Base, Alaska, with his wife, the former Barbara Billingsly of San Antonio, and their three children, Garry Jr., 9, Keith, 7, and Melissa, 5. Chaplain (Ma.) Nichols will serve as the Director of Religious Education. He is a graduate of Big Spring High School with the class of 1959. He studied at Abilene Christian College, SMU, the University of Texas and has worked toward his Ph.D. at Texas Christian University. He has been in the Air Force for 11 years and has served in Bangkok, Thailand and Saigon, South Viet Nam. He was stationed for three years in Japan. He still has the distinction of being the youngest chaplain ever to enter the Air Force having entered several months before his 22nd birthday in 1955.

Comparatively new residents to Big Spring are MR. and MRS. WALTER WITTE who make their home at 806 W. 16th St. and who are the parents of MRS. PETE JENKINS. The Wittes lived in Muleshoe for many years where he was associated with the post office. He retired in 1963 and the couple

moved to Clifton where they lived for two years. They have lived in Our Town for a month. The Wittes are enjoying their retirement and take an active part in the work of the Primitive Baptist Church.

Anyone have some spats? MRS. RICHARD MOODY is looking for a pair for her husband who needs them to help W. T. GRANT CO. do justice to their 60th anniversary celebration this weekend.

If you have some or know someone who has a pair of the once sporty foot covers telephone Mrs. Moody at AM 3-1812 or contact her at 104 Washington.

Lubbock attracted several of our people over the weekend. MRS. TOMMY JORDAN visited her son-in-law and daughter, MR. and MRS. DON McCOWN, both of whom are in Tech. MR. and MRS. BERT SHIVE drove up to see their son, Don, who is a first year student. LT. TOM PICKLE was in Lubbock for the Texas-Tech game and a visit with relatives. He is expected back tonight from Austin after a quick trip down with J. C. PICKLE who was there to attend a meeting. Lt. Pickle will leave Friday for Travis AFB, Calif., from where he will leave Sunday for an assignment in Southeast Asia.

Refreshments were served from a table covered with a white cutwork cloth and centered with an arrangement of autumn flowers.

The next meeting will be Oct. 10 at the home of Mrs. Oakley Hagood.

### Operators Give Beauty Course

Members of the Texas Hairdressers and Cosmetologists Association, Affiliate No. 24, provided beauty service Sunday afternoon for the patients at the state hospital.

Twenty-two permanents, 11 haircuts and three shampoos and sets were given to the patients. Members volunteering their time were Mrs. A. H. Hardin, Mrs. Joe Howell, Mrs. Richard Shryack, Mrs. Larry Bailey, Mrs. Alphonse Mendez, Mrs. Opal Gibson, Mrs. J. C. Pye, Mrs. Fred McGowan, Mrs. Paul Gordon and Mrs. Frank Hagen.

### Beauceants Set Christmas Plans

Plans for Christmas parties were discussed during the Monday evening meeting of the Social Order of the Beauceant. The 19 attending met at the Masonic Temple with Mrs. Eugene Gross presiding. Mrs. Orbin Daily and Mrs. Bob Lee served refreshments from a table covered with a yellow linen cloth and centered with a bouquet of mixed flowers.

## Xi Mu Unit Offers Aid To Children

Plans to assist with the welfare of two "adopted" Special Education School children were discussed during the Monday evening meeting of the Xi Mu Chapter, Beta Sigma Phi. The members met at the home of Mrs. Kenneth Curry, 1400 E. 14th. Mrs. Lamar Green was co-hostess, and Mrs. Wayman Clark presided.

Mrs. Delaine Crawford, Howard County home demonstration agent, was guest speaker. She spoke on the improved techniques of cooking, food savings and scheduling of meals.

Mrs. Horace Rankin gave the city council report, and Mrs. Buddy Redden gave the ways and means report on buying and selling cookbooks.

### Slate Named At Ackerly Meeting

New officers were elected during the recent meeting of the Woman's Missionary Union of the First Baptist Church in Ackerly.

The new slate lists Mrs. Joe Gillespie, president; Mrs. Horace Luce, vice president; and Mrs. Curtis White, secretary-treasurer.

The new committee chairmen are Mrs. Sprawls, programs and stewardship; Mrs. Odie Vee Graham, prayer; Mrs. John Rudeseal, community missions; Mrs. Wilson Sikes, mission study; Mrs. Bill Eichson, reporter; Mrs. M. E. Dyer Jr., nursery and social; Mrs. Jerry Hall, YWA director; Mrs. Aron Burns and Mrs. Travis McCarty, GA directors; and Mrs. Bill Hambrick and Mrs. Eichson, Sunbeam band directors.

## Wedding Solemnized In Buford Ceremony

Miss Elna Jane Ritchey and Billy Wayne Turnage were married at 7 o'clock Saturday evening in the Methodist Church at Buford. Officiating for the double ring ceremony was the Rev. Max Browning of Wilson, former pastor of the Westbrook Methodist Church.

Parents of the couple are Mr. and Mrs. Floyd Ritchey of Star Route, Colorado City, and Mr. and Mrs. William Turnage, Lake Colorado City.

Mrs. Charles Ritchey, pianist, accompanied Mrs. Philip Anderson as she sang "The Wedding Prayer" and "The Sweetest Story Ever Told."

Given in marriage by her father, the bride wore a traditional gown of white bridal satin, styled in the Empire manner and touched with lace appliques at the neckline, sleeves and skirt front. Lace appliques also enhanced the bridal veil which was attached to a white satin bow. She carried a nosegay of white carnations showered with satin streamers.

Mrs. Kenneth Stinson of Lubbock, matron of honor, wore an Empire dress of wild cherry, and the bridesmaids, Mrs. Joe English of Borger and Mrs. Floyd Ritchey of Colorado City, wore identical dresses in pale pink. All carried long-stemmed pink roses.

Kenneth Stinson of Lubbock was best man and ushers were John Ritchey of Westbrook and Frank Turnage of Colorado City. The flower girl was Janice Kay Ritchey and the ring bearer was Ray Ritchey. Joe English and Charles Turnage, both of Lubbock, were groomsmen.

The couple was honored with a reception in the home of Mr. and Mrs. Willie Stinson in Colorado City where cohosts were Mrs. Charles Turnage and Cynthia Richardson. Afterward, the couple left for a wedding trip with

the bride attired in an A-line paisley print dress. In Lubbock where the bridegroom is employed by a conbrook High School and Arlington State College. They will reside in Lubbock where the bridegroom is employed by a construction company.

# Space Walking Is Not Simple

By RONALD THOMPSON  
AP Aerospace Writer

**MANNED SPACE CENTER.** Houston, Tex. (AP) — Project Gemini, proving ground for the U.S. effort to land men on the moon, has been so successful, one official said, it "staggered our imagination." But he said it uncovered a problem—working in space is not as simple as once thought.

Navy Lt. Cmdr. Richard F. Gordon Jr., a man who tried working outside Gemini 11, said that no astronaut should be expected to do anything but "simple tasks" while outside a spaceship until he is equipped with some sort of body restraints to help him maintain position.

## TROUBLE SPOTS

Gordon's advice, and the experience of other spacemen who have found trouble spots in space walking, has caused officials to step into a detailed study of plans for the last two-man mission, Gemini 12, before moving into the Apollo moon-landing program.

Gemini 12's exotic rendezvous and spacewalk flight currently calls for Air Force Maj. Edwin E. Aldrin Jr. to shoot through space with a jet-propelled pack on his back. Aldrin and Navy Capt. James A. Lovell Jr. are to set out on the four-day mission Oct. 31.

## SWEAT POURED

Gordon cut a 115-minute space walk to 44 minutes because he worked so hard sweat poured into his eyes. The problem, he said, was not that he had too much to do, but rather he had difficulty keeping himself in position.

"About 80 per cent of the

Spacecraft Center Monday about the record-shattering flight he took with Navy Cmdr. Charles Conrad Jr. He and Conrad splashed back to earth Sept. 15 after three days aloft.

## CONFIDENCE

Gordon expressed confidence that the United States could solve the problem of space walking by providing some sort

of restraints to keep a man in position, but in the meantime "we have to keep tasks simple." Gordon said that the main thing about planning an astronaut's space walk is to make sure he has both hands free, "or we have to keep tasks simple so that they can be done with one hand until we develop some sort of restraints." Restraints, for instance, could

be in the form of cords, tethers or straps connecting the man's knee or entire body to the side of a satellite, or whatever the object with which he might be working.

## STAGGERS

George Low, deputy director of the Manned Spacecraft Center, said at the conference that what had been learned from Project Gemini "still staggers

our imagination." However, he noted, "work outside a spacecraft showed to be more difficult than anticipated."

Space walking, officially known as extra vehicular activity or EVA, figures prominently in the U.S. space program. In essence, when you're on the space-walking astronaut in the

one-sixth that of earth, you're walking in space.

And, if man ever wants to assemble space stations or repair satellites in orbit, more than likely he will have to venture outside a spaceship and do much more complex work than expected of Gordon or any other space-walking astronaut in the past.

## Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FASTRETH, an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, gooey taste or feeling. Dentures that fit are essential to health. See your dentist regularly. Get FASTRETH at all drug counters.

## Admission Not Enough

NEW YORK (AP) — All the state had against Joan Powe was her own admission that she had killed her 4-year-old son because he soiled his bed. That confession was not enough.

Mrs. Powe, 28, was free today after a Brooklyn judge ruled police had failed to inform her of her rights before she confessed — a violation of the Supreme Court's recent ruling on defendants' rights.

A prison term of up to 20 years faced Mrs. Powe after she pleaded guilty to manslaughter April 13. She had told police she beat her son Anthony to death with a rubber hose and a broomstick Nov. 2, 1965.

But the plea was withdrawn after the intervention of a Legal Aid Society lawyer. The grounds were that Mrs. Powe had not been advised of her alternatives.

## Texas Rain Spreading

By The Associated Press

Showers and thunderstorms which developed along and behind a stalled cool front spread eastward across northern areas of Texas today.

The front stood stationary along a line stretching from near Wichita Falls to Midland in early morning. There was a pleasant touch of fall coolness in its wake while temperatures stayed on the warm side farther south.

A few showers spotted the sector from the Panhandle southward into the High Plains of West Texas.

More extensive shower activity mixed with moderate thunderstorms cranked up in the area between Wichita Falls and Abilene, moving eastward past Breckenridge, Comanche, Stephenville and Mineral Wells. Skies were clear to partly cloudy elsewhere across the state.

More showers were expected tonight and Wednesday across the north half of Texas along with somewhat lower temperatures. Except for a few showers edging into Southwest Texas, forecasts promised warm and dry weather elsewhere.

## New Chemistry Chief Named

COLLEGE STATION, Tex. (AP)—Dr. Arthur E. Martell of the Illinois Institute of Technology is the new head of Texas A&M University's Chemistry Department.

Martell replaces acting head Dr. A. F. (Tex) Isbell, now on a year's leave to work with a national committee studying more effective ways of teaching chemistry.

The 49-year-old Massachusetts native formerly was chairman of the Chemistry Department at Clark University and taught at New York University. His Ph.D. is from NYU.

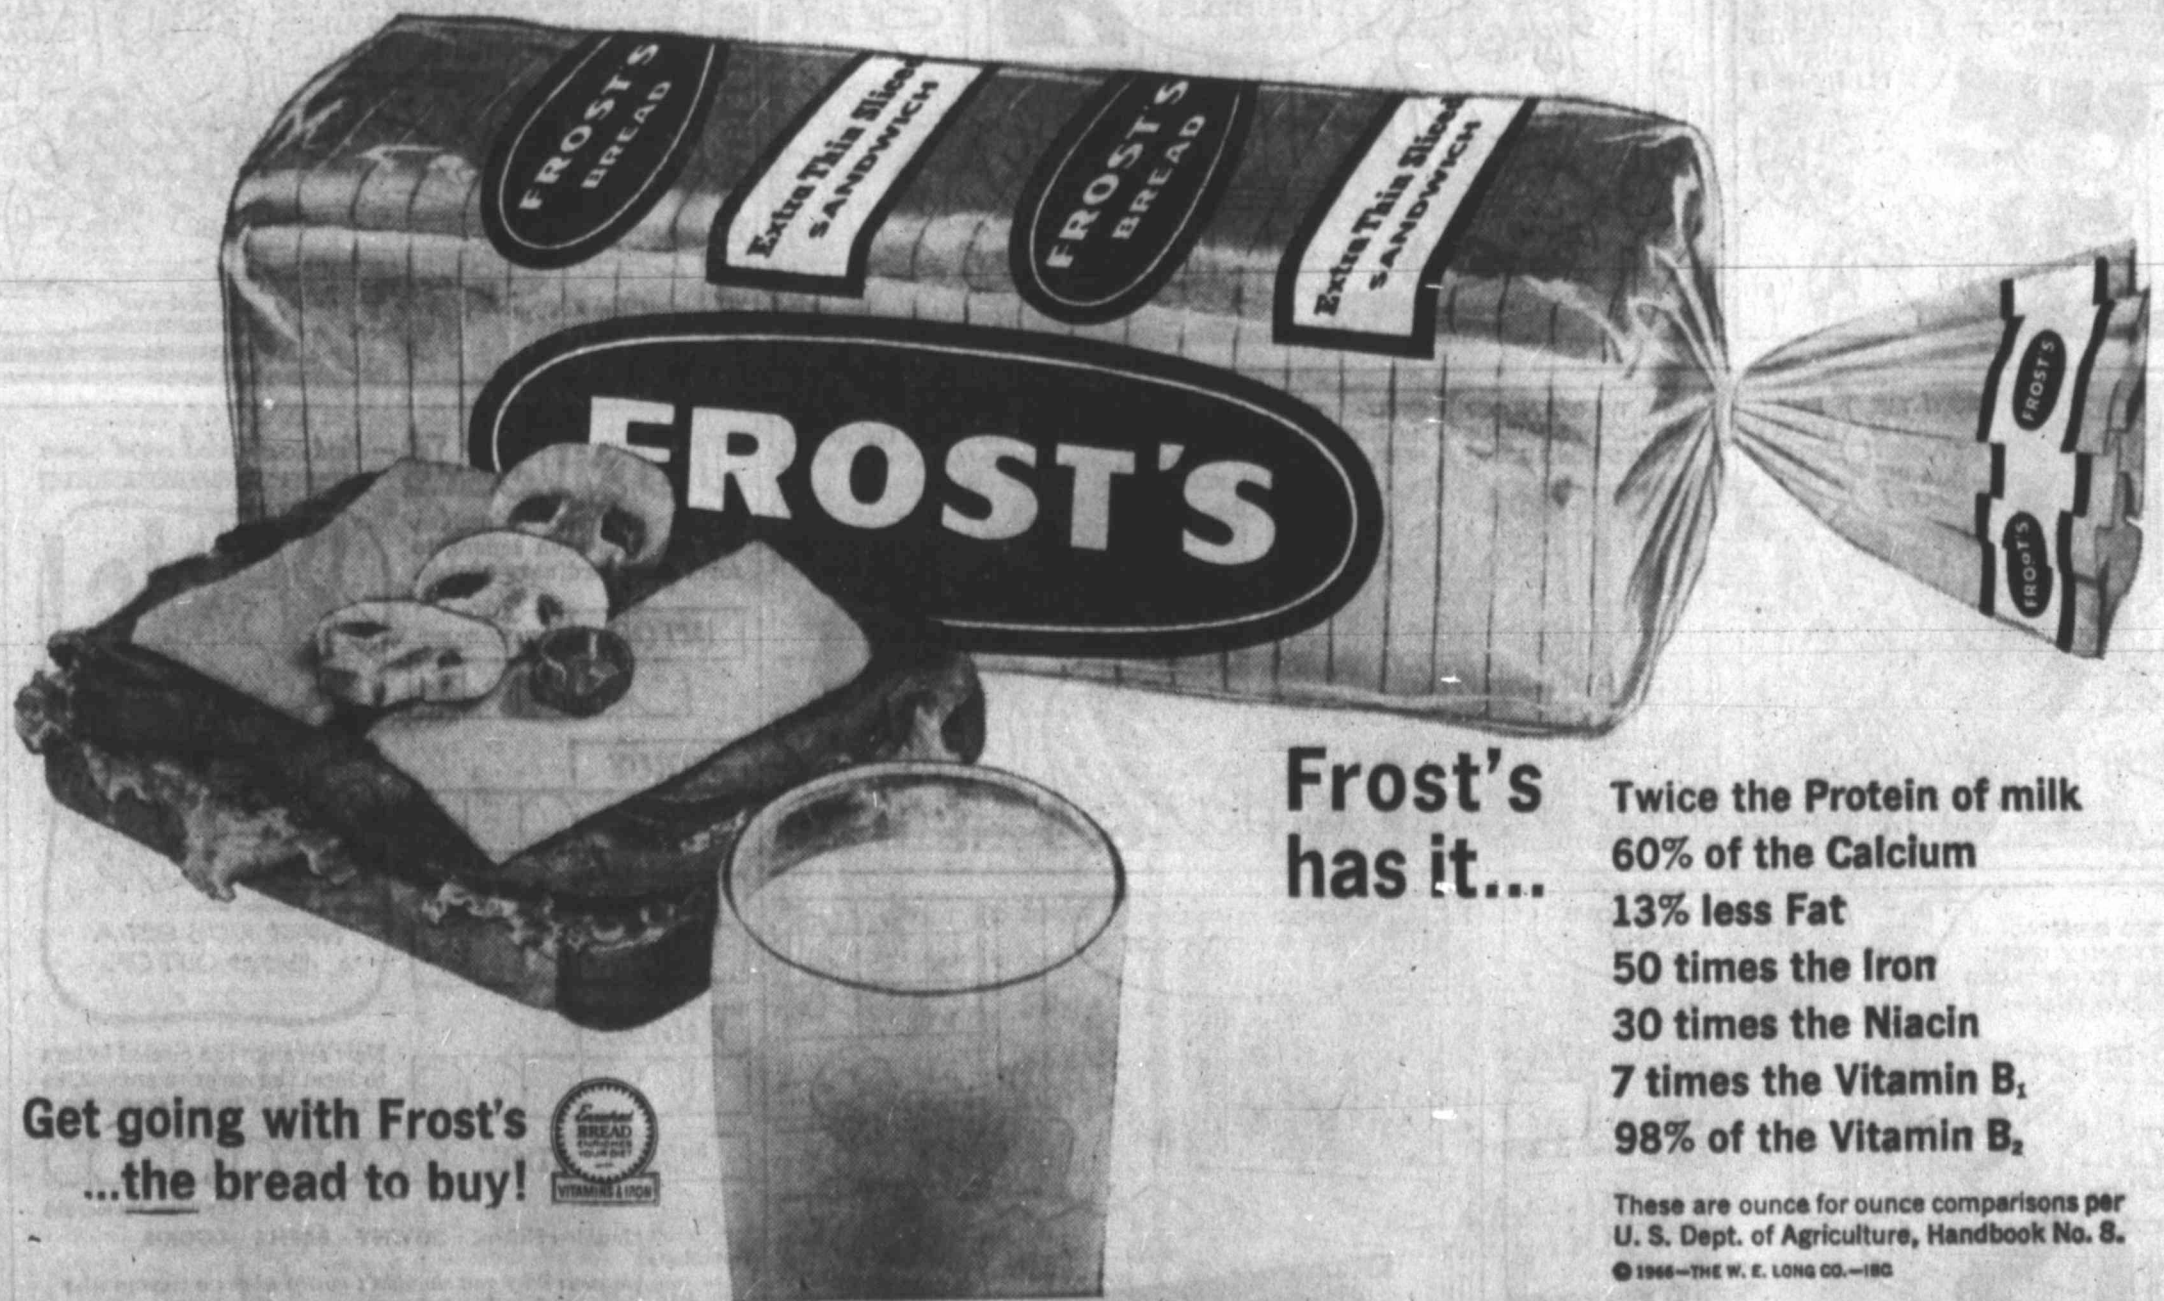

# Does she know something you don't...about Frost's bread?

Could be. Like many women, she knows nutritious foods, such as milk, are good for dieters. And she heard Frost's Bread is, too. She wanted to know for sure.

She discovered, ounce for ounce, Frost's Bread has twice the protein of milk. 60% of the calcium. 13% less fat. More iron. And more B vitamins than milk.

So she saw that Frost's Bread, like milk, gives dieters many nutrients, but not too many calories (two slices average even less than a glass of milk).

She now makes sure her own and her family's meals include Frost's Bread and milk for health and vigor. Shouldn't your family enjoy Frost's and milk, too?

Get going with Frost's  
...the bread to buy!

Frost's  
has it...

- Twice the Protein of milk
- 60% of the Calcium
- 13% less Fat
- 50 times the Iron
- 30 times the Niacin
- 7 times the Vitamin B<sub>1</sub>
- 98% of the Vitamin B<sub>2</sub>

These are ounce for ounce comparisons per U. S. Dept. of Agriculture, Handbook No. 8.

# LBJ To Get Light Bill

LEWISTON, Maine (AP) — President Johnson saved money by turning off the White House lights, but now he's getting a \$784.77 bill for a well-illuminated 25-minute speech in Lewiston.

The Finance Board of Lewiston, a Democratic stronghold in Maine, voted Monday night to send the bill to the White House.

Mayor Robert L. Couturier, a Democrat, told the board a member of the presidential advance party had requested extra lights for Johnson's Aug. 20 speech at the City Park.

The bill for installing lights at the bandstand and in trees and hooking up power cables was submitted to the city by the Kerr Electrical Co. of Auburn, which did the work.

# Weeks Of Back Pain Now Relieved

"After weeks of pain in my back and hips, I tried DeWitt's Pills—got wonderful relief," says Mrs. R. Gardner, Waterloo, Iowa.

DeWitt's Pills act fast with a proven analgesic to relieve pain of backache. Their mild diuretic action helps to eliminate retained bladder wastes that can cause physical distress. If pain persists, see your doctor.

DeWitt's Pills often succeed where others fail—quickly relieve minor muscle aches and pains, too. Insist on the genuine DeWitt's Pills. At all drug counters.

# DeWitt's Pills

# Carr, Tower Talk Labor Law, Viet

By The Associated Press

Texas, so-called right-to-work laws and the war in Viet Nam received attention Monday from rival U.S. Senate candidates John Tower and Waggoner Carr.

Republican Sen. Tower predicted that votes from people who want to keep the labor statutes will help re-elect him.

Atty. Gen. Carr, the Democratic nominee, said this country must continue fighting to keep South Viet Nam free while hunting means to effect peace.

**HELP PROMISED**

While the two campaigned, Gov. John Connally renewed his endorsement of Carr and said he has promised help requested

# Two-Car Crash Kills Woman

WACO (AP)—A two-car crash south of here on FM 1860 Monday night killed Maxine Noark Skillern, 55, of Houston and injured two other persons.

Her sister-in-law, Mrs. J. W. Skillern, 63, of Mart, was reported in fair condition at a Martin clinic. Attendants said the other driver, Elmer E. Warner, 50, also of Mart, was in satisfactory condition.

The head-on collision occurred between Mart and Riesel.

Working Hard At Job He Hates

Ray Milland, who has long proclaimed his dislike for acting, prepares for a night's work in "Hostile Witness," at Hollywood's Huntington Hartford Theater. The veteran performer works hard and successfully — he won an Oscar in 1945 — at the trade he scorns. "What else can I do?" he asks. (AP WIREPHOTO)

# Oscar Winner Still Scorns Acting Game

By BOB THOMAS  
AP Movie - TV Writer

HOLLYWOOD (AP)—For a man who professes to hate acting, Ray Milland works hard at it.

Right now he is playing night-ly at the Huntington Hartford theater in a strenuous courtroom drama, "Hostile Witness," which marks the first time he has appeared on the stage in his long-time—30 years—adopted home town. The play enjoyed success last season in New York, where Milland made another debut.

**FULL CIRCLE**

"Actually this marks the full circle: my return to the stage," he observes. "I started in England in 1931 when a friend of mine convinced me to take a part in the third company of an American play, 'The Woman in Room 13.' I was fired the first night."

Milland's conversation is full of such wry observations. He has always taken a sardonic view of his life and occupation: it may have something to do with his being Welsh—he was born Reginald Trusscott-Jones at Neath. Even though acting has rewarded him with wealth and honors—the Oscar for "The Lost Weekend" in 1945—he has long proclaimed his dislike for acting.

**WHAT ELSE**

"But what else can I do?" he shrugs.

Milland appeared for lunch at the Brown Derby before the matinee across the street at the Hartford. He had been fighting a cold since the Denver engagement and he gulped down a pair of antibiotic pills.

At 58, Milland remains dourly handsome, though the hairline has marched relentlessly to the back of his head. His return to

the stage, he claimed, was the result of a gay evening with Hollywood buddies.

**'I DID WHAT?'**

"We were having a dinner party at my house one night," he recalled, "and Jimmy Stewart, Hank Fonda and Howard Keel were there. I was telling about how some producer in the East had been hounding me to tour in 'My Fair Lady,' but I kept turning him down."

"Well, we were all a little half-crocked anyway, and the three of them jumped on me and kept saying how great it was to play before a live audience again."

"The next morning I woke up and my wife said, 'Isn't it nice now the four of you called that producer and told him you'd do 'My Fair Lady?'" I said, 'I did what?'"

**Boosters Meet**

COAHOMA (SC)—The Coahoma Quarterback Club will meet at 7:30 p.m. today in the high school auditorium. One of the main items of business will be viewing the films of last Friday's game in which Coahoma defeated the Roscoe Plowboys.

**Red China Helps Arm Organization**

BEIRUT, Lebanon (AP)—The head of the Palestine Liberation Organization confirmed today that his fledgling anti-Israeli army is being armed by Communist China.

"This is no secret, said Ahmed Shukairy. "China is one of our main sources of arms."

The U.S. State Department has said it had reports but no documented evidence that Peking was donating weapons to the Arab force.

Shukairy's force is estimated at 4,000 trained Palestinian refugees whose families lost their homes in the Arab-Israeli war.

Shukairy refused to give the number or types of arms received from China but said in an ironic voice: "It is not exactly the same quantity that the United States has provided to Israel — not as much."

**FFA Chapter Names Officers**

COAHOMA (SC)—New officers of the Greenhau FFA chapter have been elected at Coahoma High School. They are Mike Cathey, president; Dickie Weaver, vice president; Jerry Belew, secretary; Dean Richters, treasurer; Kenny Clanton, reporter; Eddie Harrison, sentinel. Gerald Oakes is the adult sponsor.

# GOREN ON BRIDGE

BY CHARLES H. GOREN  
(1934 by The Chicago Tribune)

Neither vulnerable. South deals.

NORTH			EAST		
♠ J 8 4	♥ 6 3 2	♦ K 4	♠ K 10 7 5	♥ A Q 9 5	♦ A 8 5
WEST			SOUTH		
♠ 3	♥ 10 8 7 4	♦ J 7 6 3	♠ A Q 9 6 2	♥ A Q 9 5	♦ A 8 5

The bidding: South West North East  
1 ♠ Pass Pass Dble.  
Pass 2 ♠ 2 ♠ 3 ♠  
3 ♠ Pass 4 ♠ Pass  
Pass Pass

Opening lead: Deuce of ♠

North and South reached an aggressive four spade contract, however, with the assist of a slight defensive slip. South was able to complete a successful campaign and thereby justify his partner's vote of confidence.

North did not have the six points necessary to keep South's one spade bid open. East had 18 points in high cards and reopened with a take-out double, requesting West to bid. The latter was virtually broke and he discreetly made the cheapest response, by bidding two clubs.

North, having limited his holding by the initial pass, now came to life and offered a delayed raise to two spades. East complied with three clubs and South persisted to three spades. North elected to carry on to

game which was, perhaps, a decision of doubtful wisdom.

West opened the deuce of clubs. East played the queen and continued with the king which South ruffed with the deuce of spades. There was a great deal of work to be done, and declarer realized it was essential that he obtain maximum mileage from the dummy's meager assets.

A diamond was led to the king and a small heart was returned. East played the jack and South finessed the queen. The ace of diamonds was cashed and a diamond was ruffed with the four of spades.

A club was led and declarer trumped with the six of spades. He cashed the ace of hearts next, bringing his trick total to seven [two club ruffs in his hand, the ace, king of diamonds, and a diamond ruff in dummy], and the ace, queen of hearts).

South now exited with a heart and West was in. The latter continued with the ten of hearts, North ruffed with the jack of spades and East overruffed with the king. A small spade was returned and South finessed the nine for his eighth trick. The ace and queen of trumps brought his total up to the required 10.

The contract would have been defeated if East had shifted to a diamond at trick two. South lacks the entries to ruff two clubs and take the heart finesse. If East returns his clubs, he will have a safe exit card after he overruffs the dummy in hearts, and he will subsequently score the setting trick with the ten of spades.

# Railroads Are Sopping Up Red Ink

By JOHN CUNIFF  
AP Business News Analyst

NEW YORK (AP) — A few years ago they looked like something puffing through a Grandma Moses painting, but now the railroads talk of data processing, jets, radar and 300-mile-an-hour passenger tubes.

The big long-haul lines are sopping up the red ink that had split all over their balance sheets, and billions of dollars are marked for spending on the short-haul passenger lines.

New or greatly expanded rapid transit lines will be built in at least 15 of the nation's largest cities by 1980. Some are already under construction, the largest of them in the San Francisco area.

**MONEY LOST**

For years the railroads complained about losing money. And the passengers complained about the service on everything from rapid transit systems to transcontinental lines.

Now the talking seems to be over, and money is being appropriated by business and governments. In the next decade or more Westinghouse Air Brake Co. estimates Canadian and United States cities will spend more than \$6 billion.

So much research has recently gone into this old business of railroads that spectacular changes are bound to come regularly for decades.

**DOWNHILL TRIP**

All this has come about while the rails' big competitors: trucks, automobiles, highways were expanding. Into the picture meanwhile, came a big new competitor, the airlines.

Whether because of poor administration or because of the competition, the rails went downhill fast. The New York Central found itself in the autumn of 1954 facing a \$35-million payment with an estimated \$6 million in the bank.

Passengers became a liability on some lines, and the passengers knew it. Long-distance travelers took to airplanes.

**TOOK TO ROADS**

Commuters and others took to the highways. The federal government appropriated billions for new roads, and Detroit helped fill them with production at the rate of nine million cars a year.

The big railroads admitted they were inefficient. Where one line's facilities duplicated that of another they tried to merge. Where they couldn't compete for passengers they dropped them.

**HEADACHE**

While everyone was trying to match transportation facilities to the needs of the population, the population, itself, was changing. The move from rural areas to urban and suburban addresses speeded up. Metropolitan areas spread into each other. Transit through this congestion became an even bigger headache.

Huge rapid transit plans now are under way, planned or being studied in almost all our large cities. Abroad, London, Paris, Tokyo and Moscow are working on the same problems.

For the longer distances, the Department of Commerce and the Pennsylvania and New York Central railroads are experimenting with jet trains for the populous Washington-New York-Boston corridor. Service may begin next year.

On the drawing boards are vacuum tube trains, air cushion vehicles, and trains drawn by magnetism.

# Coahoma's Lions Hear UF Program

COAHOMA (SC)—Lions Club members, meeting at Rick's Cafeteria Monday evening, saw the slide presentation on the "fair share" objective of the United Fund.

The program, presented by Jeff Brown and Ron English, kicks off the United Fund in the Coahoma-Sand Springs area.

Terry Denton, who holds the Star Farmer Award, was introduced as junior Lion of the month and gave a report on his Future Farmer of America projects. Another guest was Kendall Checkler, a member of the coaching staff. Eighteen members and four guests attended.

# Students Attend SMU-Navy Game

COAHOMA (SC) — Nineteen students made a trip to Dallas last weekend to view the SMU-Navy football game and to visit Six Flags.

Adult sponsors who accompanied the members of the Methodist Youth Fellowship were Mr. and Mrs. Gerald Oakes, Mr. and Mrs. Dan McKinney, Mr. and Mrs. Bob Van Meter, Mr. and Mrs. J. M. Dorn, and Mrs. Linwood Harrison. The group worshiped Sunday morning in the First Methodist Church at Arlington.

**Red China Helps Arm Organization**

BEIRUT, Lebanon (AP)—The head of the Palestine Liberation Organization confirmed today that his fledgling anti-Israeli army is being armed by Communist China.

"This is no secret, said Ahmed Shukairy. "China is one of our main sources of arms."

The U.S. State Department has said it had reports but no documented evidence that Peking was donating weapons to the Arab force.

Shukairy's force is estimated at 4,000 trained Palestinian refugees whose families lost their homes in the Arab-Israeli war.

Shukairy refused to give the number or types of arms received from China but said in an ironic voice: "It is not exactly the same quantity that the United States has provided to Israel — not as much."

## YOUR Horoscope Forecast for Tomorrow

By Carroll Righter

**GENERAL TENDENCIES:** The scene now shifts to solving whatever enigmas may be presented to world figures and nations as well as to individuals such as you and me and we find that there is a considerable amount of resentment for work that just has to be done, so by bending our shoulders to the wheel much of what can be attended with real results.

**ARIES (March 21 to April 19)** Why bother worrying about spilt milk when a calm attitude can help you to rectify all most intelligently. Others expect some help from you. Be sure to give it and be very gracious. This could be very important to them.

**Taurus (April 20 to May 20)** While you may feel that you are not reaching your goals as fast as you should, if you clarify present plans, you find you make real progress. Your vision becomes clearer. Practical problems can be eliminated quickly.

**GEMINI (May 21 to June 21)** Showing those you are devoted to that you will gladly carry through with what ever outside or civic matters most appeal to them will bring success as well as true rapport. That pending bill should be paid without further add. Stop procrastinating.

**MOON CHILDREN (June 22 to July 21)** Wasting any time on the unimportant when there are excellent ideas that need to be expressed now, would be foolish. Look to right sources for data that brings advancement. Show true intelligence.

**LEO (July 22 to Aug. 21)** Powerful experts will give you right ideas concerning what should be done so that you can put all of your efforts in more precise order. Some personal matter can also be discussed quietly. Be happy tonight.

**VIRGO (Aug. 22 to Sept. 22)** Your associates have clever ideas to share with you, but you must double-check on them so that you know where they can be utilized best in your plans. Avoid those who are not friendly. Think carefully before you speak.

**LIBRA (Sept. 23 to Oct. 22)** Show associates that you are more than willing to carry through with any work connected with new plans being made between you. Later, complete minute on special hobby. Iron out any kinks.

**SCORPIO (Oct. 23 to Nov. 21)** It's better you use own investigative ideas instead of accepting favors of one who may not be entirely friendly to you or your interests. Postpone having to take action on any risky ventures. Study well first.

**SAGITTARIUS (Nov. 22 to Dec. 21)** Others of home may be in a rather impatient mood, so use your kind manner to bring harmony back into the fold. Don't try to argue. A little gift of kind word can do far more to get right results.

**CAPRICORN (Dec. 22 to Jan. 20)** Although you may have information that could hurt others, don't use it if you will regret being thoughtless. Stop criticizing others, also. This does nothing to help your own state of mind, position in life.

**AQUARIUS (Jan. 21 to Feb. 19)** Your ideas are quite fine and numerous, but you have to do something practical about them or they amount to nothing. Relying on that expert who is busy is no good. Get busy and get at least one opening.

**PISCES (Feb. 20 to March 20)** You have some very ambitious plans, but if you just jump right in without further study, you could lose a great deal. Be sure of every step. One you admire personally had best not be pursued right now.

**IF YOUR CHILD IS BORN tomorrow** — he or she will be one of those very restless youngsters who could give you anxious moments, but if you have good books, etc. around to comfortably occupy this inquiring mind, you find that you have almost a genius on your hands. Give enough spiritual training, also, and the career here could prove to be most rewarding, especially in the detective or trouble-shooting fields. Send to college.

## TEXANS AT WAR

# Letter From Home Helps GIs Morale

By The Associated Press

"A letter from home is worth more to a GI here than a raise or a new stripe," says Lt. Col. Robert Slade, a Texan at war who once had a thriving practice as a Longview doctor.

"These men came halfway around the world to fight like

demons for a little country scarcely remembered from schoolbooks.

### DIRTY WAR

"This is a dirty, hot, vicious war," says Slade. "These men are pleased to learn of happy little things that happen at home. It's the best news they can receive."

Slade's appeal for hometown mail came in a letter from South Viet Nam to his home town, praising Americans fighting in that country as "the finest soldiers we have ever fielded—these kids are terrific."

### THINK TWICE

Slade, 42, and the father of four, once was a Gregg County health officer. Now he is on Gen. William C. Westmoreland's staff and has charge of preventive medicine for 400,000 Americans, South Koreans, Australians and Filipinos assigned to South Viet Nam.

"After Korea and Viet Nam," wrote Slade, "the forces of communism will think twice before starting another campaign of aggression."

# Grace Buying Beer Concern

NEW YORK—W. R. Grace & Co. has announced that it has agreed to acquire approximately 53 per cent of the stock of Miller Brewing Company, Milwaukee, Wis., brewers of Miller High Life Beer.

This stock is controlled by Mrs. Lorraine Mulberger, a descendant of Frederick Miller, founder of the 111-year-old business.

The transaction is expected to be completed by the end of this month. The selling stockholders will receive common stock of W. R. Grace & Co. and cash in exchange for their Miller shares which were valued, for purposes of the agreement, at more than \$36,000,000.

In 1965 Miller had record sales of approximately \$99,000,000. Net earnings for 1965 were \$7,215,000. To date in 1966, sales have increased by more than 10 per cent.

W. R. Grace & Co. is a major chemical company with international manufacturing, petroleum, food and transportation interests. Last year's sales totaled \$1,000,000,000, the first year it had recorded a billion dollars in sales. Net income after taxes was \$45,348,000. Sales and revenues for the first six months of 1966 were \$608,621,000 with earnings of \$30,143,000.

# Top Cop Posts Go To Negroes

NEW YORK (AP)—Negroes have been named to top command posts in the police department in Harlem and in areas of Brooklyn.

Asst. Chief Inspector Lloyd G. Sealy, 49, was named Monday by Commissioner Howard E. Leary to command all uniformed police in Brooklyn North. It is the highest post ever held by a Negro in the department.

The area includes the Bedford-Stuyvesant section and East New York where racial violence erupted last July.

Leary also announced that Inspector Eldridge Waith, 48, would command uniformed and plainclothesmen in the sixth division which includes Harlem.

# Missouri River Due Red Shot

ST. LOUIS, Mo. (AP)—Fluorescent red dye to study water pollution will be injected next week at 10 points along an 800-mile section of the Missouri River.

"This study could give us the reason for a large fish kill in the Missouri River above Kansas City in 1964," said Anthony Homyk, hydrologist-engineer with the U.S. Geological Survey in Rolla, Mo. Homyk is the project coordinator.

State agencies in Missouri, Kansas, Iowa, Nebraska and South Dakota, as well as the U.S. Geological Survey, Weather Bureau and Corps of Engineers are taking part in the experiment.

Homyk said the purpose of the red dye will be to determine how long it takes for pollutants to dilute and the time-of-travel of contaminants down the river. Homyk said that as far as he knew this would be the first time that a red dye river study had ever been attempted "on this large a scale."

# Oyster Parasite Grant Renewed

COLLEGE STATION, Tex. (AP)—Dr. John G. Mackin is the recipient of a \$13,344 continuing grant for studies of an oyster parasite which inflicts heavy damage from Mexico to Delaware.

The U.S. Health, Education and Welfare award is for studies of the Dermocystidium Marinum. Aiding Dr. Mackin are Dr. Sammy M. Ray, A&M Marine Laboratory director at Galveston, and two graduate students.

It's served on a hot toasted bun... it's BIG SHEF — the sandwich with the big taste difference!

# NO. 16 IN A SERIES 'I Will Prepare Myself ...'

By MIKE ROTHENBERGER

Staff Representative  
Dale Carnegie & Assoc., Inc.  
New York  
Copyright 1966, Dale Carnegie & Assoc., Inc.

It was the custom of Old Nathan to sit outside the wall of the ancient city where he lived to watch the people come and go. He always sat in the shade of a tree which stood near the entrance gate. Old Nathan was usually surrounded by small boys who loved to hear him tell stories. Travelers frequently stopped to visit with the old gentleman and to ask him for information.

One hot summer day a stranger, who was riding down the dusty road toward the gate of the city, stopped to visit for a few minutes with the old man, who was entertaining his young friends. The stranger said, "I am thinking of moving to your city. Tell me, Sir, what kind of people live here?" Quickly the old man asked, "What kind of people live in the town where you come from?" "The people in my town are unkind," the stranger said. "They cheat and they steal and they lie. They talk badly about each other."

I am leaving that town because of those undesirable people who live there." The old man looked sadly at the stranger and said, "I'm sorry to

tell you but you will find the same kind of people in this town." Without a word, the stranger turned and rode away and the old man went on with the story he had been relating to the boys.

A short time later another stranger came down the road toward the gate. He, too, stopped to chat with Old Nathan. He said, "My good man, I have need to move to a city such as this. Tell me, Sir, what kind of people live here?" The old man asked the same question, "What kind of people live in the town from where you came?" The stranger replied, "The people in my town are good. They are friendly and helpful and they always look for an opportunity to do a good deed for someone. I truly hated to leave that town because of those wonderful people, but my work requires that I move." The old man clasped the hand of the stranger and said, "You'll find the same kind of people here. Welcome to our fine city." The stranger went happily through the gate.

# 19 New Cases Of Screwworms

UVALDE, Tex. (AP)—Nineteen new cases of screwworms in Texas were verified Sunday and Monday and a state official says the state is in danger of being reinfested.

Last week 48 confirmed cases of screwworms extending from Hays County to the Rio Grande border were reported. Previously there had been only one of two confirmed cases a week.

"This is the worst outbreak since the screwworm eradication program achieved control of the pest in February, 1964, Dolph Briscoe, Jr., of Uvalde, chairman of the state eradication program, said Monday. "The state of Texas is in danger of being reinfested with screwworms."

Briscoe urged livestock producers throughout the state to check their herds carefully and report any screwworms immediately.

He said one undetected screwworm case could turn into thousands of fertile flies.

The Mission Screwworm eradication Center drops sterile male flies by airplane in areas of infestation.
