Land Grab Pulled

ALBUQUERQUE, N.M. (AP) — A band of 350 Spanish-Americans has laid claim to 500,000 acres of federal land in northern New Mexico.

The members of the Federal Alliance of Land Grants established a community, camping out in the Carson National Forest near Abiquiu. The alliance says the federal government has refused since 1848 to recognize their ownership of the land.

ARMED MEN STAY Don Seaman, supervisor to Carson National Forest, said he would meet in Albuquerque today with William D. Hurst, Southwest regional forester, and the U.S. Forest Service's general counsel to determine what might be done.

Alliance President Reyes Lopez Tjerina said the community had a mayor and had passed an ordinance forbidding Forest Service personnel to trespass. Thirty armed men remained at the scene to protect the alliance's claim, Tjerina said. The others left for their homes after a weekend stay.

SPANISH GRANT He said the alliance was claiming the old Spanish land grant town of San Joaquin del Rio de Chama, established Aug. 1, 1806 by Don Carlos IV, king of Spain.

The judicial powers of the town still are alive under the 1848 treaty of Guadalupe-Hidalgo between the United States and Mexico and the alliance is reviving these powers, Tjerina said. Seaman said the Forest Service's view was that the alliance members are "just visitors to the national forest which always has been open to the public."

State Unit Vote Change Turned Back

WASHINGTON (AP) — The Supreme Court refused today to permit Delaware to file a suit challenging constitutionality of the state unit vote system of choosing presidential electors.

The court in a brief order merely said "the motion for leave to file a bill for complaint is denied." The high tribunal gave permission to Kentucky, Pennsylvania, North and South Dakota, Oklahoma, Utah, Wyoming, Florida, Iowa, Arkansas, Kansas and West Virginia to file themselves up with Delaware as prospective complainants. There it turned back the whole action.

David P. Buckson, Delaware attorney general, had asked permission to file an original suit in the high tribunal under the Constitution's grant of authority for the court to settle controversies between states.

BARE PLURALITY Buckson's request for permission to sue said that under the unit vote system the total number of presidential electoral votes of a state "is arbitrarily misappropriated" for the candidate receiving a bare plurality of the total number of citizens' votes cast within the state.

In addition to rejecting the attack on the winner-take-all system of determining what candidate gets a state's electoral votes, the high court refused to hear three other appeals involving widespread interest. But it took on for review two major business cases.

'NOT A CURE' The cases turned back without review were:

—A challenge by Thomas F. Budd, an Oakland, Calif., janitor repeatedly convicted of drunkenness, to criminal punishment of alcoholics. Justice Abe Fortas, backed by Justice William O. Douglas, contended the court should hear the case, arguing that punishment "is neither a deterrent nor a cure" and that alcoholics act involuntarily, on the same basis as the insane who are immune. Two lower federal courts have taken Fortas' line.

ONE GIFT WORKS MANY WONDERS

THE UNITED WAY

Off On 25,000-Mile Trip

South Viet Soldiers Help Sink 121 Boats

SAIGON, South Viet Nam (AP) — South Vietnamese militiamen, U.S. gunship helicopters and river patrol boats swept down on a flotilla of 150 Viet Cong sampans in the Mekong Delta Sunday, sank 121 of the enemy boats and killed 147 Viet Cong soldiers, South Vietnamese military headquarters reported today.

The American helicopters accounted for 51 of the enemy dead, while the Vietnamese force also took 27 prisoners in the search and destroy operation in Kien Tuong Province.

Viet Cong terror returned today to the streets of Saigon. A claymore mine explosion near a U.S. military billet took a toll of 11 killed or wounded.

NEW DISSENSION Premier Nguyen Cao Ky's government also was rocked by new dissension within the Cabinet which endangered the facade of unity Ky had patched together for the Manila summit conference.

Ky, on a trip to the central highlands, said he would invite President Johnson to visit South Viet Nam after the Manila conference next week. There has been speculation that the President would make a one-day stop in South Viet Nam Oct. 27.

21 KILLED Except for the sampan battle, scattered ground fighting continued on a small scale. Another force of militiamen reported 21 enemy killed and nine captured in an engagement in Kien

Phong Province southwest of Saigon on the Cambodian border. The U.S. air offensive against North Viet Nam was severely hampered for the second straight day by rainstorms and generally bad weather. American pilots flew only 97 bombing missions Sunday well below their daily average of about 150 and the record 175 missions flown last week.

MINE BLAST The terrorist mine explosion in Saigon was the first such incident in the central part of the capital since the rash of terrorism in the week before the national elections Sept. 11.

The mine, a homemade explosive of plastic and metal pellets apparently detonated by a timing device, was aimed at a bus stop in front of the Ky Son U.S. enlisted men's billet. It went off at 6:40 a.m. as servicemen started to gather at the bus stop to go to work. One American Navy enlisted man and a 51-year-old Vietnamese woman were killed. Seven U.S. servicemen and two Vietnamese civilians were wounded.

POLITICAL FRONT On the political front, Premier Nguyen Cao Ky's effort to put the rebellion by his southern members of his cabinet on ice until after the Manila summit conference was threatened when Finance Minister Au Truong Thanh announced he would resign unless the crisis was resolved to his satisfaction. Civilian ministers who are natives of South Viet Nam are kicking up a fuss because they resent domination of the government by natives of North Viet Nam who came south after the Communists took control in 1954.

But things were reported going the government's way in another political sector. The official Viet Nam Press reported that primitive mountain tribesmen who rebelled against the Saigon government last year are "rallying to the national cause." The report said 960 Montagnards allied themselves with the central regime in the past few days at a meeting of highlanders and lowlanders in Pleiku.

Webb Units Setting Pace In UF Drive Two Webb AFB tenant units led the field in United Fund contributions today as first official tabulations were announced. Management Engineering Detachment's 184.6 per cent giving topped the list, while 100.2 per cent was achieved by Western Air Rescue and Recovery Service. The 420th Field Training Detachment held third place among tenants with 49.1 per cent.

Leading Webb's units was base hospital, with 83 per cent of its goal achieved. In second place, Field Maintenance Squadron had reached 50.2 per cent. Third in the base units was Supply with 36.3 per cent. Other units reporting and their goal percentages were 3560th Pilot Training Squadron, 33.5; Air Base Group, 33.1; 3561st Pilot Training Squadron, 31.5; and 3561st Student Squadron, 21.9.

Webb's largest tenant organization, the 331st Fighter Interceptor Squadron, reported 23 per cent. Capt. Francis J. Young Jr., 331st project officer, expects an increase in contributions in the next two weeks.

Lt. Col. Julian B. Baird has been replaced as acting base project officer by 1st Lt. Charles E. Anderson. Reports and percentages are compiled by Capt. James A. Talbot and S. Sgt. Joseph Metcalf of the Comptroller division.

A total of \$48,787.45 was announced by UF workers Saturday, nearly one-third of the UF goal of \$139,877.51.

'I Shall Do My Best' LBJ Pledges During Red-Carpet Sendoff Far East Tour Is Under Way

WASHINGTON (AP) — President Johnson departed on a momentous, 25,000-mile mission to the Far East today with a vow to "do my best to advance the cause of peace and of human progress."

Johnson tempered this pledge with: "I know that I can wave no wand" or offer any promises to work magic on his aerial expedition to at least six Asian and Pacific nations.

Yet, he said, he was undertaking a "hopeful mission." It was 9:26 a.m. EDT when Johnson's big Air Force jet lifted off the runway at Dulles International Airport, 25 miles northwest of Washington. It swung westward toward the first stop at Honolulu, 4,500 miles and ten and a half hours away.

guard of crack ceremonial units of all the armed services. And there was the actual red carpet, carefully swept and manicured, for the walk to the ramp of the plane, with handshakes and brief words for the upper echelons of Washington officialdom and members of the diplomatic corps along the way. A wife or two got a presidential kiss on the cheek.

On the observation deck far above the field, spectators held aloft unanimously friendly posters bearing such inscriptions as "All 4 U," "U.S.A. backs LBJ" and "Luck from Snoopy."

At the doorway to the plane, the President and Mrs. Johnson turned for a moment, waved, then disappeared inside.

PIONEERING TRIP For the first leg of this presidential pioneering trip, Johnson was in his customary dark business suit with a Silver Star emblem in the lapel. Mrs. Johnson was wearing a tailored green coat with a double row of buttons down the front and a green and purple turban-like hat.

Sen. Everett M. Dirksen of Illinois provided the principal touch of bipartisanship on this occasion. The Senate Republican leader was given a place on the bunting - draped stand from which Johnson spoke.

The congressional delegation was made up mainly of members of the Senate and House Foreign Affairs committees. A notable absentee was Chairman J. W. Fulbright of Arkansas, of the Senate committee, who has been a rather constant critic of Johnson's Vietnamese policy.

MORSE MISSING Another critic, Sen. Wayne Morse, Oregon Democrat, also was missing. He had been listed on the program as a possibility — though not a certainty.

Secretary of State Dean Rusk introduced Johnson. He said the President was setting forth on "a momentous journey, unprecedented in scope, perhaps, but very simple in purpose." The trip, he said, represents a commitment to enduring peace — "that enduring peace which is the wish of almost all the nations of the world."

SIX COUNTRIES The President, who will visit at least six countries in the next 17 days, said he wants to learn "of their progress and problems, their hopes and their concerns."

A seventh country not listed on Johnson's itinerary — South Viet Nam — stands as the focal point of his arduous travels, however. Viet Nam claimed greatest attention in his departure statement.

Referring to the seven-nation Manila conference set for Oct. 24-25, Johnson said: "A small Asian nation is under attack and defending itself with extraordinary courage and endurance. I go to confer with its leaders and with the leaders of those other nations that have committed their young men to defeat aggression."

TOWNS NAMED The specific area alerted includes Abilene, San Angelo, Wichita Falls, Vernon, Childress, the edges of Midland and Odessa, Sweetwater, Stamford, Colorado City, Matador, Seymour, and Albany.

Light rains spread earlier over broad sections of Northeast and North Central Texas, with some showers roaming as far as Waco to the southwest. Clouds covered all sections of the state except the area west of the Pecos River.

SHOWERS IN DALLAS Showers were reported around Mineral Wells, Dallas, Gainesville, and south to Tyler, Longview and Lufkin.

The state continued its recovery from last week's cold front. High temperatures Sunday ranged from 61 degrees at Amarillo to 84 at El Paso, and this morning's low readings were well above chilly weekend levels.

The Weather Bureau said showers would continue to fall in Central and East Texas through Tuesday, but skies were expected to clear over the western half of the state by tonight. Little change in temperature was predicted through Tuesday.

Another Day In Court

Johnny Rudy Enriquez, 19, who is being tried for one of five murders he is alleged to have committed, is shown being taken to courtroom in Karnes City, Tex. Officer with him is unidentified. The state is expected to put more witnesses on the stand today in its effort to send the youth to the electric chair. (See story on Page 1-B.) (AP WIREPHOTO)

Three Muslim Members Shot

ST. LOUIS, Mo. (AP) — Three Negro men identified by police as Black Muslims were wounded today outside a Muslim restaurant in St. Louis.

Police arrested a brother of one of the victims, Andrew Hoffman, 33, a block away and held him in connection with the shooting.

Police Capt. John Walsh said officers arrested Andrew Hoffman, 33, brother of one of the victims, a block away and booked him on three counts of suspicion of assault with intent to kill in connection with the shooting.

Victims of the shooting were Clyde Jones, 36, known as Clyde X, whom Police Capt. John Walsh said was the leader of the Muslim sect in St. Louis; Timothy Hoffman, 28, and John Moore, 29.

CONDITION CRITICAL Moore was hospitalized in critical condition with a gunshot wound in the head. Jones was in serious condition with gunshot wounds of the face and arm and Timothy Hoffman was seriously wounded in the chest and arm.

NEAR TEMPLE Walsh said Andrew Hoffman then jumped into his car, but was arrested by a policeman who had been alerted by a bystander.

Detective Bobby Fowler said all three victims were Black Muslims. He said Andrew Hoffman at one time was a Black Muslim but had been dropped from membership.

The shooting occurred on the sidewalk about a block away from the Muslim temple in St. Louis.

ical condition with a gunshot wound in the head. Jones was in serious condition with gunshot wounds of the face and arm and Timothy Hoffman was seriously wounded in the chest and arm.

Police Capt. Walsh quoted the victims as saying that Andrew Hoffman, brother of Timothy, was "acting strangely" as they talked with him outside the restaurant and then pulled a .38 caliber revolver, emptying the six bullets.

Walsh said Andrew Hoffman then jumped into his car, but was arrested by a policeman who had been alerted by a bystander.

Detective Bobby Fowler said all three victims were Black Muslims. He said Andrew Hoffman at one time was a Black Muslim but had been dropped from membership.

The shooting occurred on the sidewalk about a block away from the Muslim temple in St. Louis.

BILLFOLDS, PURSES RIFLED

Church Choir Rooms Raided

Thieves set their sights on church folk Sunday, cracking open a safe at East Fourth Baptist Church and taking 17 billfolds of choir members at the First Presbyterian and First Methodist churches.

While the choir was singing at First Presbyterian Church, someone entered the choir room, rifled through the women's purses, and five billfolds were reported missing.

These belonged to Mrs. Charles Lusk, Mrs. Kenneth Keeler, Mrs. Noble Kenemur, Nancy Kenemur, and Mrs. W. D. Broughton. George Oldham reported seeing a man leaving

the room, and gave police a description. About the same time, the choir room at First Methodist Church was entered, and 12 billfolds taken. A brief case, containing sheet music and belonging to James R. Ball was emptied on the floor and police theorized this was used to carry the 12 billfolds.

Women losing these were Gayle Bledsoe, Mrs. Don Newsum, Mrs. Robert C. Hill, Mrs. Verdell Turner, Mrs. Charles Bell, Mrs. W. L. Osborne, Sandra Shafer, Mrs. Joseph Dawes, Mrs. Jack Berry, Mrs. W. Oakey Hagood, Mrs. Warren D. Hastings, and Mrs. Harrol Jones.

Don Newsum told police later in the day that a Stanton woman called him and said his wife's billfold was found on the main street in Stanton. Jim Wilson, at Deluxe Cleaners, 501 Scurry, turned over five billfolds to police which he found in the firm's garbage can.

The money was missing from all the recovered billfolds, but credit cards and other credentials were still in them. The safe burglars entered East Fourth Baptist Church through an unlocked rear door, forced open the safe, and took about \$50. Another \$10 was taken from the church secretary's desk.

# Demos Make Birchers Key Campaign Issue

LOS ANGELES (AP)—Renewed debate over the John Birch Society has added another explosive issue to the battle between Gov. Edmund G. Brown and Republican Ronald Reagan for governor of California.

The society has been a point of contention for years in California. Republicans have been deeply divided over whether their party should repudiate the conservative organization.

Reagan cannot repudiate them, Brown says, because he needs their contributions and precinct organizations this year and wants their help for his aspirations "to the presidency or vice presidency in 1968."

Reagan has replied that Brown has conceded he cannot win on his record and is embarked upon a campaign to "frighten" the voters.

Reagan also has said he disagrees with many things advocated by Robert Welch, Birch Society founder and leader.

Reagan is unwilling to follow the example of Chief Justice Earl Warren, Sen. Thomas H. Kuchel, George Christopher, Richard M. Nixon and, yes, even Barry Goldwater — all of whom have spoken out in direct repudiation of the Birch Society and all it stands for," says Brown.

A recent report by the bipartisan Field poll showed Reagan leading Brown by seven percentage points.

Asked to comment on the poll report, Brown said: "I don't like it. I have the toughest fight of my life on my hands."

Republican Sen. Thomas H. Kuchel has repeatedly demanded that GOP candidates disavow the organization. Kuchel endorsed former San Francisco Mayor George Christopher in the June primary after Christopher repudiated the society, but Kuchel has not endorsed Reagan over Brown. Neither has Christopher.

Reagan has said: "We have no right to blanket indict any organization. I have never been and I am not now a member of the Birch Society, nor do I have any intention of becoming a member. I have never sought Birch Society support, nor do I have any intention of doing so."

Reagan also has said he disagrees with many things advocated by Robert Welch, Birch Society founder and leader.

### Tin Lizzie Exhumed

After two days of digging, a Model T Ford once owned by Perry Andrews is hoisted from its grave in Detroit Sunday by volunteer workers. The 1913 car was buried by Andrews in 1928 because he couldn't bear the thought of someone altering its classic lines. It took half a dozen men and a mechanical shovel 10 hours of digging in the rain Saturday just to find it. It took another 10 hours Sunday to get it out of the hole. (AP WIREPHOTO)

# Condemnation Hearing For LBJ Park Land Set

FREDERICKSBURG, Tex. (AP)—A condemnation hearing on the last 70 acres in the proposed 254-acre Lyndon B. Johnson State Park has been set here for Oct. 24.

All but 34 of an acre of the remainder is directly across Ranch Road 1 from President Johnson's ranch.

The 34-acre tract is owned by San Darden of Bandera, who bought it a few days before the 1964 election.

The larger tract was owned entirely by Earl and Martha Sweeney, who have a peach orchard and sell polished marble table tops, until they sold about 17 acres this year.

Joe Chapman Jr., San Antonio real estate operator, bought 16 acres fronting US 290 — which is parallel to Ranch 1 — for \$2,000 an acre. The other acre was bought by a San Antonio group and is split up into eight small tracts. This land is directly across Ranch 1 from the president's main gate. Each tract sold for \$1,200. Chapman is spokesman for this group.

A special Commissioners Court will determine the value of the land. If either side is

dissatisfied with that determination, the case can be appealed to the Gillespie County Court.

Some of the park land has been acquired for \$450 an acre. The Sweeneys and Darden said it is worth much more than that.

The park was established by the Texas Parks and Wildlife Commission soon after the 1964 election. A private fund headed by Will Odom, chairman of the Parks and Wildlife Commission, was set up to accept donations to pay for the park land.

Odom has steadfastly refused to say who contributed or the amount collected. A recent opinion by state Atty. Gen. Waggoner Carr, a candidate for the Senate, said Odom had a right to keep the fund secret.

State Sen. Jim Bates of Edinburg criticized the Parks and Wildlife Commission Sunday for the manner in which the park has been handled.

Bates said he had tried as chairman of the Senate General Investigating Committee to learn the names of the contributors to the private fund and the amounts contributed.

The failure of the commission to furnish this information "constitutes an admission that at least some pressures were used of either an unethical or immoral nature to secure contributions to the Lyndon B. Johnson park fund."

Bates said the majority of the people of Texas "would prefer" that the commission dissolve themselves as directors of the private fund, return the donations and then resign from the commission.

President Johnson said Thursday he wants the most imaginative specialists available to develop the park. He asked the National Recreation and Park Association Congress in Washington to request Conrad Wirth, executive vice president of the association, and Laurance Rockefeller, president of the group, to have the specialists "apply their talents to the LBJ park."

"That area may not be beautiful to anyone else," Johnson said, "but I like it."

# Traffic Accidents Kill 20 In Texas

By The Associated Press  
Traffic accidents claimed 20 lives in Texas as the state's violent death toll reached 24 during the weekend.

The Associated Press tabulation began at 6 p.m. Friday and went through midnight Sunday.

Two brothers from Austin were killed Sunday in a two-car collision on Texas 71 between Bastrop and Austin. They were Richard Edward Parker, 14, and Rusty Bill Parker, 12. Two other persons were hurt in the crash.

Two children of Mr. and Mrs. Charles Collins of Shepherd were killed Sunday when the car Collins was driving slammed into a tree on Texas 150 between Shepherd and Coldspring. Killed were a baby girl and a small boy. Another son and both parents were injured.

Luther Angus Lewis, 75, of Sherman, was killed Sunday when the car he was in struck a post near a bridge at Denison on US 75.

A two-car collision on US 175 in southeast Dallas County Sunday killed James Henderson, 52, of Palmer.

Luther Gray, 85, of Arthur City, was killed Sunday when a pickup truck hit him in his home town.

Donny Merl Wright, 22, a member of a Dumas-based

western band, was killed Saturday night in a collision of an automobile and a pickup truck. Three persons were seriously injured in the crash about 15 miles east of Dumas on Texas 152.

Stephen Langston, 12, was killed Saturday when his father's pickup truck overturned on Interstate 35 at Sanger, 12 miles north of Denton.

Mrs. Sheila Gay Wright, 21, was stabbed to death Saturday in Fort Worth. An eighth grade 13-year-old boy told police he killed the newlywed woman after an argument involving his pet dog.

A truck-station wagon crash Saturday in Galveston killed Mr. and Mrs. Jack Biondo of Galveston and Monroe Roberts, 41, of Hitchcock.

Mrs. Allene Anderson Bryant, 58, a Houston area school teacher, died in a two-car crash Saturday near Richmond.

James Earl Sullivan, 44, and his wife Jean, 42, of Decatur were killed Saturday when their pickup truck ran under a large truck backing across a highway near Bowie. Their daughter, Paula, 3, was critically hurt.

Abel Herrera, 31, died Saturday of injuries received late Friday when he was hit by a car in Austin.

### GETTING UP NIGHTS MAKES MANY FEEL OLD

After 36, common kidney bladder irritations often occur and may make you tense and nervous from too frequent passages both day and night. Eventually, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYTIBEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYTIBEX at drugstore. Feel better fast.

### Littlefield Man Lamesa Publisher

LAMESA (SC) — Dave Kucifer, formerly of Littlefield, has been named publisher of the Lamesa Reporter, according to Ben Woodson, president of Southwestern Dailies.

Kucifer succeeds Lowell Hunt, who will be moving to Alice where he will assume the position of publisher of the Alice Daily Echo. Kucifer has been with the Littlefield paper for the past three years, and the paper has won numerous awards in local and state contests.

The Lamesa Reporter, formerly The Lamesa Daily Reporter, has announced its change from daily to semi-weekly publication, effective last week.

### Champion?

A perfectly mellowed 8-year-old bourbon! Distilled in Kentucky—aged to the peak of Kentucky bourbon flavor—Champion Bourbon costs no more than bourbons half its age.

STRAIGHT KENTUCKY BOURBON - EIGHTY PROOF - © CHAMPION DISTILLING CO., FRANKFORT, KY.

### You don't believe a 6 can act anything like an 8?

### With our new Overhead Cam Six you'd better believe it.

A few short years ago automotive engineers were struggling to coax 165 hp out of a four barrel V-8 using premium gas. Remember? Our single barrel OHC 6 gets 165 hp on regular. And 215 from the premium gas four barrel option.

Most American sixes (and some underprivileged V-8s) don't even come close. Expensive European sports machines do. But they're overhead cams, too. In fact, they inspired us. But we like to think ours is better.

Our OHC 6 is standard on all Tempests and Le Mans. To say nothing of new styling, new interiors, new colors, new options (like that hood-mounted tach) and new standard safety features (like passenger guard door locks, General Motors' new energy absorbing steering column and a four-way hazard warning flasher).

We've said enough. If a test drive won't convince you, nothing will.

DEAR ABBY

Grandpa's 'Romance'

DEAR ABBY: I would like your opinion of a 71-year-old man who has a wife, six living children (all married), and 21 grandchildren, who seems to be enamored of a 21-year-old student nurse? He was recently hospitalized and that's where he met her.

To Address Lands Session

LUBBOCK — Dr. Luna B. Leopold, senior research hydrologist of the United States Geological Survey, will be one of the distinguished speakers for a Symposium on Arid and Semi-Arid Lands to be held at Texas Tech on Oct. 31.

Interior Secretary Stewart L. Udall and Dr. John W. Gardner, Secretary of Health, Education and Welfare, will be among participants in the symposium which will precede the Nov. 1 inauguration of Dr. Grover E. Murray as Tech's eighth president.

very much. What do you think should be done?

CONCERNED WIFE DEAR WIFE: Don't worry. It's all in grandpa's head. When the 21-year-old nurse starts sending HIM love poems, you'll have something to be concerned about.

DEAR ABBY: What exactly is an alcoholic? My wife says she is not an alcoholic because she never drinks until after four in the afternoon. She says all alcoholics start drinking in the morning and they drink all day. My wife drinks every day, starting at four o'clock. If we go out she will take a couple of drinks before we go.

If our friends serve only a couple of drinks before dinner, she will ask for "doubles" as she claims it takes more than just a few drinks to "relax" her. Please advise what time of day an alcoholic starts to drink so I will know if my wife is an alcoholic or not.

UNINFORMED DEAR UNINFORMED: The time of day one begins drinking does not determine whether or not he is an alcoholic. An alcoholic (technically) is one who cannot control his drinking once he starts.

YOUR Horoscope Forecast for Tomorrow

By Carroll Righter

GENERAL TENDENCIES: The best way to progress in the a.m. Delving into new interests are ideal also in the latter part of the day. Study all phases of any endeavor so that you know it thoroughly. ARIES (March 21 to April 19) Communications of all kinds are the best way to progress in the a.m. Delving into new interests are ideal also in the latter part of the day. Study all phases of any endeavor so that you know it thoroughly. TAURUS (April 20 to May 20) Think seriously about what you can do to please your mother and kin more in the days ahead and achieve greater success. You have fine understanding of this time. Use wisely to get the most result. GEMINI (May 21 to June 21) If you take time to entertain partners of charming people, you reach greater understanding and can show some of your other fine talents. Take time to assist the younger element. Others not able to take care of themselves also need your assistance. MOON CHILDREN (June 22 to July 21) Look into new inventions that can make your work more efficient and more efficient as well as help you in the world of merchandizing. Make the right choice. The Don't waste money foolishly. LEO (July 22 to Aug. 21) Ideal day for getting out for pleasure, but be certain you take along only those persons you really admire with you. Dress modestly. Then get in a cheerful frame of mind. Show that you are a good companion. VIRGO (Aug. 22 to Sept. 22) Kin can have some fine suggestions for improving home and control there, as well as adding to income, so listen carefully and follow. Make necessary changes. Show that you are on the beam and very enthusiastic. LIBRA (Sept. 23 to Oct. 22) Some thoughtful act toward a higher-up in

GOREN ON BRIDGE

BY CHARLES H. GOREN

16 1966 By The Chicago Tribune

ANSWERS TO BRIDGE QUIZ

Q. 1—As South, vulnerable, you hold:

♠A9 ♣A7432 ♦J865 ♣106

The bidding has proceeded:

North East South West

1 ♠ Pass 1 NT Pass

2 ♠ Pass ?

What do you bid now?

A.—Three spades. This hand is worth one further try for game. Partner in all probability has a good suit since he failed to show another suit over your no trump response, so your ace-nine will be adequate support.

Q. 2—Both vulnerable, as South you hold:

♠AK3 ♣QJ104 ♦Q832 ♣A104

The bidding has proceeded:

South West North East

1 ♠ Dble. Redble. Pass

Pass 1 ♦ Pass Pass

1 ♣ Pass 1 ♠ Pass ?

What do you bid now?

A.—One no trump. True, you have a hand designed for scientific bidding. The opponent could easily have a game in one of the majors which they may have no trouble in reaching if you keep the bidding at a low level. Furthermore, a three exchange of information with partner will still leave you in doubt as to the best contract, so you might just as well take a stab at five diamonds.

Q. 3—East-West vulnerable. Your partner opens with one diamond and as South you hold:

♠AJ ♣Q109862 ♣Q10643

What is your response?

A.—Five diamonds. This is not a hand designed for scientific bidding. The opponent could easily have a game in one of the majors which they may have no trouble in reaching if you keep the bidding at a low level. Furthermore, a three exchange of information with partner will still leave you in doubt as to the best contract, so you might just as well take a stab at five diamonds.

Q. 4—As South, vulnerable, you hold:

♠AQ85 ♣AQ873 ♦AJ72

The bidding has proceeded:

South West North East

1 ♣ 2 ♣ Pass 2 ♦ ?

What do you bid now?

A.—While it appears that the opponents have most of the missing

high cards, partner may still be found with enough distributional value to produce a game. The best way to find out is a double, requesting partner to take some action and giving him a reasonable choice between hearts and spades.

Q. 5—As South, vulnerable, you hold:

♠10 ♣K9863 ♦AQ7 ♣Q623

The bidding has proceeded:

North East South West

1 ♦ Pass 1 ♣ Pass

2 ♣ Pass 3 ♣ Pass

3 ♣ Pass ?

What do you bid now?

A.—Five clubs. Your hand should produce several tricks for partner with the fine diamond fit and your ability to ruff out his spade losers. There could even be a slam which your jump may encourage partner to bid.

Q. 6—Neither vulnerable, East opens with one heart and as South you hold:

♠K3 ♣A5 ♦AKQ1064 ♣A102

What do you bid?

A.—Two no trump. This is somewhat irregular from the standpoint of high card values. But you have eight potential winners and in spite of the lack of a spade stopper you should be willing to contract for game if partner has the smattering of stuff he needs to offer you a raise.

Q. 7—Neither vulnerable, as South you hold:

♠AK10854 ♦K9854 ♣J9

The bidding has proceeded:

South West North East

1 ♠ Pass 2 ♣ Pass

2 ♠ Pass 2 NT Pass

3 ♦ Pass 3 NT Pass ?

What do you bid now?

A.—With this highly unbalanced hand we would force partner into a preference by bidding four diamonds. This will describe a holding of six spades and five diamonds.

Q. 8—Both vulnerable, East opens with three diamonds and as South you hold:

♠AQ2 ♦KQ1086 ♣Q9843

What do you bid?

A.—It would be pleasant to double for penalties but, unfortunately, partner would not construe your double as business. It is a moral certainty that he would bid some number of hearts or spades. This you are not prepared for and the direct choice is to pass and take a sure profit.

### TEXANS AT WAR

## U. S. Bombs Shatter Arm

By The Associated Press  
The life of Staff Sgt. Paul Helton Jr., a Texan at war, was nearly ended by a simple mistake and the quick, deadly efficiency of the U.S. Air Force in South Viet Nam.

Bombed

"The Air Force bombed me by mistake," says the wounded former mortar squad leader now under treatment at Brooke Army Medical Center in San Antonio.

"WE LOST SEVEN" "We lost seven, and sixteen were wounded. It wasn't the fault of the Air Force. They were doing what they were told and trained to do."

"The ground observer team went off by mistake. The team leader tried to throw up a green smoke signal to cancel the white smoke, but it was too late."

ARM SHATTERED The bomb smashed fragments into dozens of places in Helton's body. The worst shattered his right arm, and now, five months after the accident, he's still wearing a cast. And he is taking treatment for a detached retina in his right eye.

Helton, son of Mr. and Mrs. Paul Helton Sr. of Fort Worth, bears the Air Force no resentment because of the action—in another battle, he said, the Air Force saved his outfit.

Rites Tuesday For Mrs. Dollard

Services for Mrs. Dennis Dollard, former Big Spring resident who died in San Antonio Friday, will be held Tuesday at 10 a.m. at the River-Welch Chapel, with Dr. R. Gage Lloyd, pastor of the First Presbyterian Church, officiating. Burial will be in Trinity Memorial Park.

Survivors include one son, Douglas M. Dollard.

Mrs. Ransom's Rites Tuesday

Services for Mrs. Eddie Mae Ransom, 87, of 709 Ohio, who died Friday, will be held Tuesday at the Mt. Bethel Baptist Church. Burial will be in the City Cemetery. Arrangements are by River-Welch Funeral Home.

### Chemical Engineers Meet At Odessa

Dr. Edward A. Meyers, professor of chemistry at Texas A & M University will be the guest speaker for the American Chemical Society, Permian Basin Section, meeting tonight at 7 o'clock at the Odessa College cafeteria.

Dr. Meyers research interests lie in physical organic chemistry and he is an authority on the structural determinations by X-rays. Included in his talk will be the structure of pyridinium salts, organic ammonium salts and X-ray intensity data of molecular bond angles and parameters when obtained by X-ray methods.

### ESA Units Attend Convention

Mr. and Mrs. Fred Conrad from the West Texas Children's Home in Ft. Worth were guest speakers at the Sunday district meeting of Episcopia Sigma Alpha sorority in Monahan.

The Texas Children's Home is the ESA welfare project for the year, and the home's formal dedication will be on Oct. 31. Gov. John Connally will be the guest speaker at that time.

Attending the meeting from the Alpha Chi Chapter were Mrs. B. E. Reagan, Mrs. Jackie Touchstone and Mrs. Glyn Mitchell, district president.

Delegates from the Mu Kappa Chapter were Mrs. Robin Howell, Mrs. Frank Morphis, Mrs. James Hargrove, Mrs. Clois Snell, Mrs. Tommy C. Mills, Mrs. B. R. Newton and Mrs. J. W. Dickens.

### Cutting Glass? Try This Way

Do you really want to shock your husband. Here is a real gem! If you are in a position where you need a piece of glass cut to another size, you can do it all by yourself — without any shattering or breakage.

Fill a tub or pan with enough water to completely cover the glass. Then, proceed to cut the glass in any desired size, shape or form with an ordinary pair of scissors. It really works — just as long as the glass stays completely under the water!

## A LOVELIER YOU Can Arms, Elbows Stand The Exposure?

By MARY SUE MILLER

When you wear sleeveless cocktail and evening dresses, can your arms take the exposure? Not unless they're neatly shaped, firmly packed and petal-smooth.

Smoothing starts with vigorous scrubbing via a loofah sponge and ends with oceans of body lotion. Betwixt and between, there are applications of cleaning grains and cucumber cream to free elbows of discolorations.

For recontouring and firming, exercise is required and this is an excellent routine: Stand erect and place fingertips to shoulders with elbows well out to sides. Very slowly rotate elbows in wide circles from back to front. Then relax and continue thereafter for ten counts. (Routine also tunes up back and chest, the better to wear décolleté necklines.)

In or out of condition, the arms look prettier if they are graceful. And grace is mainly a matter of relaxed carriage and movement. When the arm is relaxed, the wrists and elbows cannot lock — and action that causes that stiff-as-a-stick effect. There are no jerky movements, no sticks dangling fore or aft of the body.

Rather the arms fall in a natural curve at the sides of the body where they belong when you stand and walk. Rather they make an attractive composition of such everyday actions as just resting on the

## Halloween Observed By OES

Approximately 250 attended the Saturday evening costume and Halloween party at the Masonic Hall sponsored by the Order of Eastern Star, Big Spring Chapter 67. Mrs. Steve Baker presided.

The annual Friendship Night followed the theme of "Cinderella" with Mrs. Norma Read, past grand matron of the Grand Chapter of Texas, as Cinderella. She was escorted by Steve Baker in the role of Prince Charming.

Mrs. Hazel Hollar, Pecos poet laureate of the Texas chapter, dedicated a poem to Mrs. Read and presented her with glass slippers filled with pink rosebuds.

Mrs. E. A. Fiveash, Laura B. Hart Chapter, played the part of the witch and distributed favors to the assembly.

A humorous skit entitled "Order of Real He-Men, Cave No. 23" was presented by Lee Porter, Drew Dyer, Bob West, J. C. Pickle, Fred Eaker, Mrs. Pete Jenkins and George Medford, Midland.

The Ace Ball Quartet provided music for dancing during the game hour, and Halloween booths were opened with games and prizes.

The refreshment table was covered with a green felt cloth and a white lace overlay applied with harvest scenes. The centerpiece was a Cinderella doll surrounded by small pumpkins and multi-colored flowers.

Decorations were done by Mrs. Noel Hull, Mrs. Clyde Thomas Jr. and Mrs. Roxie Dobbins.

Heading the refreshment committee was Mrs. George Bair. She was assisted by Mrs. Drew Dyer, Mrs. J. B. Langston, Mrs. C. I. Wright Jr., Mrs. Charles Graham and Mrs. Omega Dunham.

In charge of registering guests were Mrs. Jim Layman, Mrs. C. R. McClenny and Mrs. T. R. Morris.

Guests were from 10 area towns. Line officers from each of the towns were honored guests.

The skirt was paneled in back for a "split level silhouette."

Autumn hues brought brightness to the club where each table was centered with orange pampas plumes based in pyramidal greenery and bright berries. Runners extended to flanking orange mats which framed fashion prints.

The background for the models' entrance was a screen effect of spiraled brown crepe paper sprinkled with paper leaves in orange, yellow and brown. The models paused before a large replica of a fashion magazine cover which featured a kaleidoscope of high fashion photography prints.

## 'Fashions Of The Times' By Swartz Shown At Luncheon

By JO BRIGHT

Over 150 members and guests of the Ladies Golf Association of Big Spring Country Club had the opportunity to view up-to-the-minute fashions — and choose their own look for the season — at the association's annual style show and luncheon Saturday at the club.

General chairman for the show was Mrs. Fred W. Lutting. Her working committees were composed of Mrs. Guilford L. Jones, Mrs. John Burgess, Mrs. Floyd Mays and Mrs. Don Reynolds, tickets and reservations; Mrs. Zolite Boykin, Mrs. R. S. Galbraith Jr. and Mrs. J. Gordon Bristow, decorations; Mrs. Jim Zike and Mrs. Zack Gray, social; and Mrs. Jo Bright, publicity.

The welcome was extended by Mrs. James Murphy who presented the commentary. Background music was provided by Mrs. Gail Bonner, shoes were from Barnes & Pelletier and coiffures were by Jo's Personalized Hair Fashions.

"Swartz' Fashions of the Times — Fall and Holiday, 1966," began as it should — at the beginning — with fashions for the earlier, active hours of the day. Models were Mrs. Robert H. Johnson, Mrs. Jack Lewis, Mrs. John Taylor, Mrs. Sue Hipp, Mrs. Vernon C. Peterson, Mrs. Don Newsom, Mrs. Delnor Poss and Mrs. Hayes Strippling Jr.

Bands of bright orange, gold, blue and olive blended to form the all wool sweater which was shown by Mrs. Johnson. Underneath was a cuffed, ribbed-neck overshirt in blue to top the blue stretch ski pants. Mrs. Lewis added color to the ski pants in a flaming orange suit, the sweater knitted in a Spanish lace pattern and the hooded jacket in pretzel fur.

Bright autumn gold dacron pants worn by Mrs. Taylor, were teamed with a long blouse in brilliant geometric design with scallops around the hem and neck. Next in view was Mrs. Sue Hipp, sporting stovepipe black wool slacks with a colorful topper in abstract print and an Italian sweater. Mrs. Peterson's suited look was accomplished with bone twill pants, double-breasted jacket, black cashmere roll neck sweater and the high point — a jaunty black suede cap.

Pockets in giant blue discs were the emphasis of the jet black wool pullover which topped the black stretch pants worn by Mrs. Newsom, and in contrast, Mrs. Poss turned to gold for her slim slacks and companion pieces in orange, bone and gold plaid. The last of the casual clothes was shown by Mrs. Strippling who chose a gold and black wool knitted doublet with parrot design and frog closings at the sides worn over a high-necked blouse. The slacks were knitted black wool.

The scene shifted with the showing of great gadabout ensembles with the costume look. The double knit coat in white and yellow worn by Mrs. Johnson was banded, buttoned and tabbed in yellow, and her yellow overblouse and slim skirt completed the three-piece suit. The look was a total one for

Mrs. Lewis who wore a white knit shift, cuff-collared, with a French blue coat, and afterward, Mrs. Taylor modeled another version, a coat of Mari-gold shadow textured fabric topped a gold dress with apron front effect.

A dream of pure chic was the three part wool twill suit in flamboyant orange modeled by Mrs. Hipp. The skirt featured a walking pleat, and the jewel-necked overblouse had a side closing. The high-collared jacket was lined with black and white jersey which was repeated on a high roller hat. Mrs. Peterson's great coat in dashing black and white bands tooth check had a high, handsome collar and easy raglan sleeves, and Mrs. Newsom's three-piece winter white suit in shadow print featured a small fisherman's coat with cuffed patch pockets and notched baby doll collar. The blouse was crepe.

A toque was the touch of mink that set off the camel's hair coat worn by Mrs. Poss with a mandarin-collared matching shift. The braided belt fell low for the long torso look. Mrs. Strippling's three-piece ensemble of red wool suiting was slim-skirted and styled with a semi-fitted double-breasted jacket. The blouse was of diagonal striped jersey in red, navy and white.

**ELEGANT FURS**

The "little black dress" found itself back in favor and given the honor of having elegant furs to guard it from the winter winds. The "little blacks" ranged from a tailored knit to a sparkle of jet sequins for evening — and all looked above reproach. The warming furs featured new cuts, fine skins and a variety of approaches to wearing them correctly and effectively.

There was a natural mink journaline stole with double fur stand up collar, and a morning light mink jacket with notched collar, cuffed sleeves and belted low at the back. For really cold days and evenings, there was the warmth and beauty of a full-length ranch mink coat, worked horizontally, with mandarin collar and brilliant fur buttons.

Shown, too, was a demi-fitted and leather-cinched jet black mink jacket, and natural mink was used in a straight buttoned stole that could easily convert to a poncho for daytime or sports. Pelts were worked in an interesting fashion for the cut-away, bordered front of a shimmering light coat in three-quarter-length, and another full-length mink was double-breasted and dramatized with a low half belt. An important coat for fall was the jet black mink jacket in the new 40-inch length with mandarin collar, glitter buttons and soft gathers from the back yoke.

The evening hours came — and the lady went — to parties, dances and candlelit dinners in every bit of beauty she could gather about her. Mrs. Johnson appeared in a sparkling waterfall of sequins in the Empire fashion, the silver glittered fish net falling over the palest of beige crepe. The high waist, arms and neck were outlined

with a band of brilliant. Mrs. Lewis chose a street-length glittering semi-fitted shift in yellow with silver metallic thread and a hint of mystery in the oriental collar.

Gossamer yellow, free-flowing chiffon over crepe was worn by Mrs. Taylor, and the Empire silhouette was stressed with pink satin ribbon and a perky bow. The strapless top was beaded in pink and yellow, and just for a change, there were straps to be added if desired.

A black net cage over lined chiffon captured Mrs. Hipp. This slip of a "go-go dress" featured oval jet discs and abetted its black magic with silk, shiny gloves and jet ear clips.

Moss green, in two parts, was preferred by Mrs. Peterson in a knit stem of a dress which was beaded and glittered from top to toe. The figure-hugging

skirt was slit to the knee for easy dancing.

Young elegance was shown by Mrs. Newsom whose winter white shift had lightly gathered sleeves accented with the glitter of gold sequins and beads which was repeated at the neck. Mrs. Poss wore a pale mauve silver of color that looked like candlelight on silver and whispered of old world charm with a slight train that gave dancing ease. The dazzling bodice was of pearls and silver beads worked in an intricate pendant design.

The show climaxed with Mrs. Strippling's appearance in an unforgettable gala holiday evening gown of white. The complete dress with built up spaghetti straps was topped with a short sleeved overblouse, completely covered with crystal and pearl beading and crystal pend-

# \* THE ASSOCIATED PRESS NEWS IN PICTURES \*

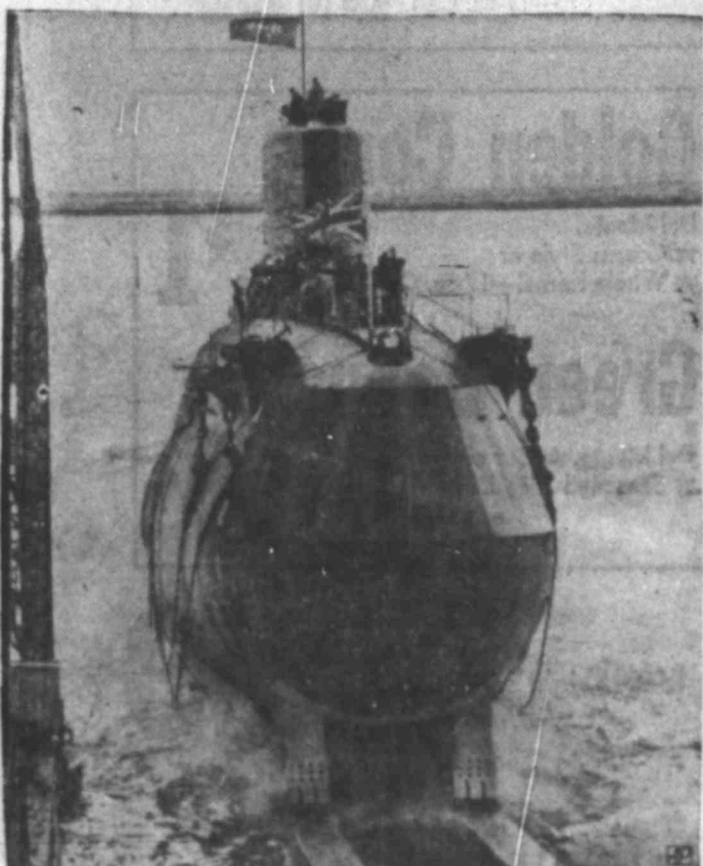

**A BIG BLARE**— Meredith Willson, playing a little piccolo, gets lots of support from the trombone section of the University of Wisconsin band during halftime of grid game at Madison. Willson composed the hit number, "76 Trombones" for "The Music Man."

**EYECATCHER**— This'll bring them up on the Australian beaches. Creation is a gold kid bikini with complementary sheik's cape decorated with large black spots.

**SAILING THE STRAIT**— More vintas made festive by multi-colored sails are fascinating sight off the coast of Zamboanga in the southern Philippines. Craft are reputed to be faster than motor boats used for fishing, pearl diving and conveyance.

**FIRST DIP**— The nuclear-powered HMS Resolution, the first of four Polaris submarines of the Royal Navy, slides down the ways at Barrow-on-Furness, England.

**ALL FOR A PURPOSE**— The girls are not dancers but Berlin models leaping to display a new type of seamless and garterless stockings designed by Frenchman Louis Feraud for wear with miniskirts. The dresses were inspired by Juan Miro paintings.

**THE RESERVE**— Menacing Manchurian factory worker is one of the millions in Communist China's militia, the reserves-behind-the-reserves. All are under party control.

**HANDIWORK**— Carolyn Horns admires a carved whale tooth, part of the scrimshaw display by The Marine Historical Association, at New York's Hallmark Gallery.

**A HIGH RUN**— The concrete settings for the bobsled track on the Alpe d'Huez above Grenoble in southern France are readied for the 1968 Winter Olympic Games.

**COOL NUMBER**— Novel new British swimsuit of stretch towelling has zipper down front for easy change. Turban is of matching material. It's called the "Banana Split."

**DANCE OF DEATH**— Richard Burton, in the lead role, starts a grisly dance with a skeleton to conjure up the devil in scene from "Dr. Faustus" on location in Rome. Film, directed by Burton, is an adaptation of Elizabethan play by Christopher Marlowe.

**WATER BOY**— Paratrooper carries cluster of plastic canteens following delivery by helicopter of replacements for U.S. troops in area east-southeast of Saigon.

**A CAGED 'KITTEN'**— The saffry-looking creature is none other than the French actress Brigitte Bardot behind the bars of cage of a bird of prey in the London Zoo. The unusual location is for a scene in her latest film, "Two Weeks in September."

**SWIM FOR 'DINNER'**— Bolivian cowboys drive a herd of cattle across wide river in Beni province to greener pastures for grazing. Huge fields of lush grazing land, virtually fenceless, are separated only by rivers in the gargantuan Amazon Basin.

**TO THE POINT**— Spiralling effect is created as drivpins, used as fasteners in stone and cement, ripple through assembly machine at Portland, Ore., plant.

# WTCC Task Force To Study Problems Of Small Towns

ABILENE — C. L. Cooke, president of Community Public Service Company, Fort Worth, has been named to head a West Texas Chamber of Commerce Special Task Force to study the problems of West Texas small towns, John Ben Shepperd of Odessa, president of the organization announced.

A "blue ribbon" panel of 25 West Texans, to be named shortly, will conduct an in-depth study and evaluation of the problems, resources and potentialities of towns under 12,000 population. Seventy-one towns in this category have lost population during the past 10 years.

"Too many people," Shepperd said, "are willing to write off small towns but we cannot do this if we want West Texas to grow and prosper."

The study to be made will include exhaustive research, surveys, conferences in Austin and Washington and town hall type meetings and hearings in small towns of West Texas. The hearings will develop existing assets and methods of accentuating the cultural, educational, recreational and industrial opportunities of the smaller towns.

The Special Task Force is a group for planned action and not an academic study, according to Shepperd. The group will seek to determine what the small town has and what it is possible for them to have; what assistance is needed, if any, from the state and federal governments; what the metropolitan areas may do to assist small towns within their spheres of influence; growth patterns of small towns and the reasons for losses or gains; the development of criteria as to what an aggressive small town, with proper leadership, can expect in the way of industrial development, tourism, cultural development and retention of young people in their community. The study will also evaluate available federal programs and serv-

## Thant Due To Protest Invasion

UNITED NATIONS, N.Y. (AP) — Secretary-General U Thant planned to meet U.S. Ambassador Arthur J. Goldberg today to relay an Asian-African protest against the Zionist invasion last week of Syria's U.N. mission. The incident focused attention on renewed demands from some delegates that the United Nations move from New York.

A group of 19 young American Zionists, carrying such signs as "Peace in the Middle East" and "Stop Syrian Aggression," marched into the Syrian offices to hold a prayer vigil. New York police arrested them and a court hearing is set for Nov. 25.

PROTECTION

The 62-nation African-Asian group asked Thant to protest the violation of the Syrian premises to the United States. The secretary-general said he would stress "the necessity of ensuring the safety of representatives to the United Nations and their premises" and also would convey the group's feelings that more adequate steps should be taken to that end.

Since the incident occurred, Syrian Ambassador George J. Tomeh has had police protection at home and on his diplomatic rounds.

The Zionist invasion was made Friday as the U.N. Security Council was meeting to decide whether to take up an Israeli complaint that Syria sends demolition squads into Israel. The council was to continue its debate this afternoon.

TOO EXPENSIVE

Saudi Arabian delegate Jamil M. Baroudy told a newsman he will suggest to the General Assembly's budget committee that the United Nations consider moving its headquarters to Europe — preferably Switzerland.

New York, he said, is too crowded and too expensive. Negro delegates suffer racial slights and diplomats generally are hounded by "pressure groups" and promoters.

The General Assembly prepared to admit Botswana and Lesotho to U.N. membership, which would bring the organization's roll to 121 countries. The two African nations emerged from British rule last month. They were recommended for membership by the Security Council.

## Postal Receipts Up

Postal receipts from Jan. 1, through Oct. 7, total \$407,395.47, and show an increase of \$47,104.35 over the same period for last year. Total receipts for the same period in 1965 were \$360,291.12. Postal revenues for the fourth accounting period — from Sept. 10, through Oct. 7, was \$42,697.86.

## Street Patching Crews At Work

Three street-patching crews were at work today, fixing holes and repairing cracks caused by the recent heavy rains. Ernest Lillard, director of public works, said the crews had plenty to keep them busy, and would be assigned to the work until all streets have been put back into good condition.

The city has received numerous calls regarding Scurry Street, hard hit between Fifteenth and FM 700 by the heavy flood waters.

Saturday, city water distribution line crews repaired a broken four-inch water line in the 2000 block of Alabama. This also caused some damage to the street and required filling and patching.

## 'LET THEM TRY'

# Erhard On Way Out?

By CARL HARTMAN  
BONN, Germany (AP) — There is a widespread feeling in Bonn that Chancellor Ludwig Erhard is on his way out.

The most active candidates to succeed him are people in his own party who would like to turn West German policy more toward that of President Charles de Gaulle of France.

Erhard's chief hope for survival seems to be that his enemies fight more with one another than they do with him. This is

important in West Germany because the only legal way to replace a chancellor who won't quit is for a majority of the Bundestag to get together and elect a new one.

### BIRTHDAY PRESENT

Some say Erhard will have to go before he is 70 on Feb. 4. But at least two of the four political leaders reported to have agreed on this deny that they are preparing any such birthday present.

Others think he will have to

go prior to the local elections in the Rhine and Schleswig-Holstein next spring—or at least some time next year so that there is time to build up a successor who can win the 1969 national elections.

One of the complaints against Erhard is that he pledged West Germany to make arms purchases in the United States when the funds were not provided in the budget.

MIGHTY STUBBORN  
But Erhard is extremely stub-

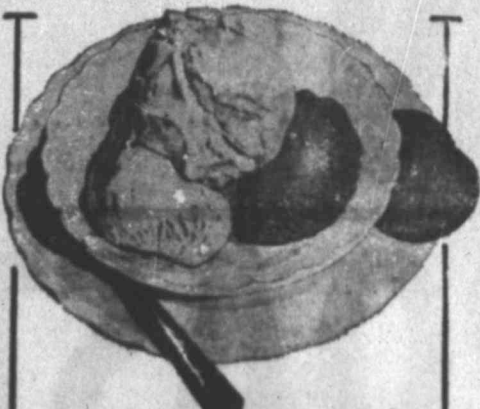

born when it comes to his own personal position. For years he held tight to the job as minister of economics and heir apparent to the chancellorship despite all Chancellor Konrad Adenauer's efforts to shake him loose. Finally he inherited the top job. Now he tells friends and opponents that he has no intention of quitting.

"When they want to get rid of me," he says, "There is a perfectly good constitutional way of doing it. Let them try."

# Soviet Press Rips Peking

MOSCOW (AP) — The Soviet Union made a sweeping press attack against Red China today as East European Communist chiefs gathered here for talks that could end in a joint condemnation of Peking.

The controlled Soviet press was clearly laying the groundwork for a common blast of China by Soviet bloc leaders should they decide to issue one. A joint criticism could only deepen the split in the Red camp.

**THREE BLASTS**

Pravda, the Communist Party organ and the most influential Soviet paper, carried three separate attacks on Peking today. All were summary articles reviewing prior criticisms. But it appeared significant that Pravda should carry three such articles on a day when Soviet bloc leaders were arriving for talks on China.

Communist sources here reported both the Soviet bloc meeting on China and a space launch planned for Thursday, but neither has been announced. But leaders of all Soviet bloc countries not already in the city

# Denver Wives Push Boycott

DENVER, Colo. (AP) — Housewives in the Denver metropolitan area today are ready to boycott five major grocery chains in an effort to get lower food prices.

The boycott has become a Colorado political issue. It appears to have caused one chain to reduce prices, and it may mean a visit to Denver by a presidential aide.

Esther Peterson, special assistant to the President on consumer affairs, wants to attend a meeting of the Better Business Bureau, food chain representatives, and the leaders of an organization called Housewives for Lower Food Prices, Rep. Roy H. McVicker, D-Colo., said Sunday. The meeting, requested by the chains, is tentatively scheduled for Thursday.

The housewives group urged shoppers, starting today, to buy at independent grocers and boycott Miller's, Furr's, King Soopers, Red Owl and Safeway chains.

**FEDERAL PROBE**

Mrs. Paul West, leader of the housewives group, is gathering signatures on a petition calling for federal and state investigations into the cost of food. She said Sunday night more than 25,000 signatures have been received.

The petition will be sent to President Johnson, Gov. John

## ROOSEVELT URGES PROBE

**Small Arkansas Town Delays Huge Bond Vote**

JEROME, Ark. (AP)—The 35 registered electors in Jerome, a small southeast Arkansas farm market town, will have to wait to vote on an ambitious plan to float a \$20-million industrial bond issue.

The election was scheduled for today but Mayor C.C. Gibson Jr. announced late Sunday night that it had been postponed "because we have some things we want to clear up that might cause us some trouble."

"We haven't given up on anything," Gibson said. "We will call another election when we've gotten everything cleared up."

**WON'T SAY**

Gibson declined to say what the trouble was or how it was caused.

He did say that Franklin D. Roosevelt Jr. "didn't have anything to do with it."

Roosevelt, the Liberal party candidate for governor of New York, said Thursday that he had sent telegrams to federal officials urging that they investigate the Jerome proposal to see if it is "a legal scheme to defraud the government of taxes."

Roosevelt charged that thousands of manufacturing jobs are being lost in New York State because of "runaway shops" moving to Arkansas and other Southern states.

**RATHER FUNNY**

Gibson said he thought it "was rather funny that he would pick up a morsel like this to enhance his political stature. Roosevelt should keep his

# Texas Murder Trial Enters Third Week

KARNES CITY, Tex. (AP)—More details in the state's reconstruction of a day of violence and death are expected Monday as the trial of Johnny Rudy Enriquez, charged with five counts of murder, enters its third week.

In two days of testimony last week, 21 state witnesses carried the 12-man jury along with details of a slaying spree last April 25 that started in Corpus Christi and ended near Stockdale.

Enriquez, 19, of Corpus Christi, is on trial for murder in the slaying of Mrs. Kay Foss, a pretty 21-year-old Beeville housewife. The state is presenting evidence connected with each of the slayings with which the youth has been charged.

The state contends a day-long trail of death started with the fatal shooting of Enriquez' girl friend, Victoria Perez, 21, her brother, Frederico, 24, and her father, Francisco 65.

# Response To Zip Code Aid Said Encouraging

Postmaster Frank Hardesty said today thousands of Big Spring residents have been cooperating in a plan to add ZIP Codes to personal mailing lists.

He also urged all those who have not yet sent in their "ZIP A List" forms to do so.

As part of a nationwide program, the postal service will add the ZIP Codes to personal mailing lists. Every household in the nation has been sent forms with blanks for addresses to which residents wish the post office to add the five number codes.

"It's not too early to think of adding ZIP Codes to your Christmas mailing list," Postmaster Hardesty suggested. "Also, it would help us greatly if you would print each address."

Postmaster General O'Brien has said that we must do all we can to make ZIP Codes completely accessible and this is part of that program. Local ZIP Codes are also available in the business pages of the phone book and in directories in post office lobbies. A special ZIP Code information section has been set up at the post office. Its phone number is AM 3-7391.

"Personal and social mail accounts for more than 20 billion pieces annually."

Hardesty encouraged mailers to use the ZIP Codes on all addresses because, with it, mail moves by a more direct route and is handled fewer times.

In filling out the forms, householders are asked merely to list the addresses — not the names — of their correspondents.

Incomplete addresses which are submitted but cannot be ZIP Coded by the local post office, such as those in a city like Washington, D. C. which has the same street names and numbers in the northeast, northwest, southeast and southwest sections, will be sent to the appropriate city and the codes will be added there.

Postmaster Hardesty emphasized the importance of including the return address on the front of the cards so that his employees will know where to return them after the five number codes have been added.

He also noted that extra cards will be available for those requesting them.

# Public Aid Only Choice For Moms

WASHINGTON (AP) — "Mothers who look to public assistance rather than employment for support are mainly women who have no other choice," U. S. Commissioner of Welfare Dr. Ellen Winston said today.

A Department of Welfare report estimated that only 150,000 of 900,000 American mothers receiving public aid could support themselves and their children even if they received training and child care.

The other 750,000 would be kept out of the job market by family size, family illness or handicaps, and limited job openings for their potential skills.

**Honorary Degree**

COIMBRA, Portugal (AP) — Isidore Rabi, American physicist who won a Nobel Prize in 1944, received an honorary degree Sunday from Coimbra University, Portugal's oldest.

Rabi, an Australian-born professor of physics at Columbia University, was in Portugal for the meeting of the NATO Science Advisory Committee.

# Johnson Told U.S. Economy In Top Shape

WASHINGTON (AP) — Secretary of the Treasury Henry H. Fowler has told President Johnson not to worry about an economic recession in case the Viet Nam war ends unexpectedly.

In a report sent to Johnson just before the President left for his 17-day Pacific tour, Fowler said the economy is "healthy and robust, vigorous and thriving."

"The economy," reported Fowler, "can absorb the reasonable foreseeable demands of the Viet Nam conflict and essential civilian needs within the framework of a free market economy — without resort to the harsh economic controls that have characterized past wars."

But in case the war ends, he said, there is no need to fear recession because sources of increasing demand are clearly apparent. He said tax reductions could stimulate new demands to offset any reduced military spending.

# Lynda Bird Begins Job

NEW YORK (AP) — Can the daughter of a Texas rancher find happiness in the big city?

That's what Lynda Bird Johnson, the 22-year-old elder daughter of the President, finds out today as she begins work as a writer and consultant for McCall's magazine.

The part-time job is the first for Lynda since she graduated last June from the University of Texas. She is working in a new McCall's department covering the attitudes of young Americans, particularly on college campuses.

In her position, which she took at a salary of about \$10,000, the work will be divided between New York and Washington.

Although she was officially scheduled to start work today, it was going to be a very late start.

During the morning, a spokesman for McCall's said she had not yet arrived in New York, "but has promised to be here" in time for a news conference at 2 p.m., at which she would discuss her job.

## A Devotional For The Day

Jesus said unto him, No man, having put his hand to the plough, and looking back, is fit for the kingdom of God. (Luke 9:62)

**PRAYER:** Our Lord, we thank Thee that Thou hast given us faith to travel with enthusiasm the way that Jesus has called us to go, even knowing it often gives us sorrows. When the world turns against us, we feel how great is Thy love for us, and in humility we say to Thee, "Thy will be done." Grant us a renewal of Thy spirit and the strength of Thy love. In Thy name we ask. Amen.

## Some Hard Facts

If the latest proposals to boost benefits and coverage of Social Security could be discounted substantially as pre-election psychology, the matter might not merit serious debate.

The proposal, however, will not vanish with the passage of the November election. Rising prices have created a plight for those on limited, fixed income such as Social Security, and thus the prospect of even slightly increased help is an appealing and not wholly unjustified one. The expansion of the program to cover those not now under Social Security also has some equity to support it.

Yet, weighing against these, or at least modifying their import, are some hard financial facts. Employers certainly are aware and employees

are becoming increasingly aware that Social Security is taking a sizable bite out of their earnings. Moreover, it long since has become actuarially unsound, so that some of the present and much of the future benefits will have to be supported out of general tax revenues.

There also is another hard fact, namely that some of those who start as young employees will not receive back in benefits what they (and their employers) put into the program.

Finally, there is the matter of a limit to which even a program of enforced savings may be imposed. This ought to be somewhere near where at least subsistence will result, but beyond that, the individual should have the initiative to provide or not provide for retirement.

## Emergency Medical Care

The American Medical Association has turned its critical attention on a neglected problem of public health—inadequate emergency medical care. It spokesmen make the point that seriously wounded U.S. soldiers in the Viet Nam war often have a better survival chance than traffic-accident or heart-attack victims on our city streets.

The AMA has called a conference in Chicago for Wednesday to explore how handling of medical emergencies may be improved nationwide. There will be representation from scientific, medical, hospital and safety associations, the U.S. Public Health Service and White House Office of Emergency Planning.

The problems will not be difficult to pinpoint. They include underpaid and

untrained ambulance operators, inadequate ambulance equipment, poor staffing and deficient equipping of some hospital emergency rooms, and lack of emphasis on emergency cases in medical education.

The solutions will be more difficult to devise, and especially to finance. The cost of significantly upgrading emergency medical care nationwide will come high and may require public subsidies from the several layers of government.

The task is one that should be tackled with a sense of urgency. The patient load in American hospital emergency rooms has increased 175 per cent over the past 10 years, and there is every reason to believe that the rate will continue to rise much faster than population growth.

## David Lawrence Johnson Under GOP Fire

WASHINGTON—President Johnson refers to the Republican party as "the party of fear," but the Republican leaders in Congress use different words. Everett Dirksen of Illinois, Senate minority leader, for instance, declares that the Republican party and the people are "concerned" about the Johnson administration and "the many unwise courses it has chosen to take."

MR. DIRKSEN says the country is "concerned" because the Johnson administration is floundering particularly in international policy, and that there is genuine "concern" lest on the domestic side the nation is "being led down the road to national bankruptcy."

Rep. Gerald R. Ford, of Michigan, House minority leader, expressed his astonishment that President Johnson is willing to butter up the Russians with trade benefits "as thousands of American boys fight, bleed and die in Viet Nam" and Communist Russia continues to increase "its economic and military aid to our enemies." He declares:

"THIS ADMINISTRATION must stop—and stop now—in its trafficking with the Russians in ways that can only result in Communist encouragement, growth and enrichment."

Mr. Ford refers to the President's speech in New York last Friday listing a number of concessions the United States government is willing to make to improve commercial relations with the Communist bloc countries. The Michigan congressman

points especially to Mr. Johnson's statement that "this is good business and this will help us." Mr. Ford then comments as follows:

"IF DEALING with the enemy—who are dealing in nothing but death to Americans in Viet Nam—is good business, then truth and honor have indeed been perverted beyond recall by this administration . . ."

Unfortunately, much of what is being said about making peace in Viet Nam is related to the political campaign inside the United States. There are three separate segments of public opinion:

First, the advocates of a steadily increasing use of military power until there is some sign of a willingness on the part of the Hanoi government to make a mutually satisfactory agreement.

SECOND, those who favor immediate withdrawal and a reliance on the good faith of the Communists to cease their aggression and interference with the rights of the people of South Viet Nam to maintain their own government.

Third, those holding the viewpoint expressed by Sen. Strom Thurmond of South Carolina, Republican, who says:

"WE CAN WIN this war in 90 days and wind it up if we want to. We are fighting with one arm tied behind our back. This war has to be taken to the enemy so they feel it . . . The powerful United States groveling on the ground begging someone to come to the peace table is disgraceful."

Secretary of State Rusk, in a speech last Wednesday night, reiterated that the United States intends to keep its forces in Viet Nam until "Communist aggression" ceases. He rejects the counsel of those who urge America to "apply maximum power and get it over with." President Johnson told a news conference Thursday that America would order a pause in the fighting only if he had word that the other side would do the same.

MANY OF THE Republican nominees for Congress support the administration's policy in Viet Nam. But they are bound to criticize on the stump the President's willingness to make favorable trade relations with Communist bloc countries which are aiding the North Viet Nam government in its military operations against American forces.

(Copyright, 1966, Publishers Newspaper Syndicate)

## Can't Afford Fight

BOMBAY, India AP—Sant Fateh Singh, a leader of India's bearded Sikhs, called on the Indian government to solve its border problems with Pakistan and Communist China. Singh said India can NOT afford the tremendous cost of defense preparedness and added:

"It is ridiculous to see these countries fighting each other when they still have a long way to go in providing the minimum necessities of life to the teeming millions."

'CAN I BE OF ANY ASSISTANCE?'

## James Marlow Key Changes Loom In Congress

WASHINGTON (AP) — Important changes are looming in the congressional leadership of both Democrats and Republicans with health and the fortune of politics playing the decisive roles.

The 1964 election, which reduced Republicans to their smallest congressional representation since the mid-1930s, resulted in an upheaval among House Republicans.

Rep. Charles A. Halleck, the GOP leader since he led a coup against former Speaker Joseph W. Martin Jr. in 1959, was turned out in favor of a "new look" leadership headed by Rep. Gerald R. Ford.

IF REPUBLICANS fail to make significant gains in the Nov. 8 House elections, Ford may be on the spot. If the GOP makes a sizable pickup, however, the Michigan congressman stands to get some of the credit and to solidify his position.

House Democrats, too, have a question mark — the health of Democratic Leader Carl B. Albert who last month suffered a heart attack.

Albert is the heir apparent to the speakership, held since 1962 by 74-year-old John W. McCormack, and expects to resume his duties in January.

But McCormack's age and Albert's health have been the subject of much discreet talk and maneuvering among House Democrats of late.

THE NO. 3 man, Rep. Hale Boggs of Louisiana, faces substantial opposition among Northern Democrats because of his votes against civil rights bills. His chances may improve if the ranks of Northern Democrats are sharply reduced in November.

Rep. Richard Bolling of Missouri, defeated by Albert for Democratic leader in 1962, is one possible opponent of Boggs, and others are waiting in the wings. Boggs' deputy, Rep. John E. Moss of California, has been ill and is not considered a contender.

OF LATE, Boggs has been preoccupied with his own re-

election campaign and much of the leadership burden has fallen on Rep. John J. McFall, D-Calif., an assistant leader.

In the Senate, Republican Leader Everett M. Dirksen's health has been a matter of increasing concern. The 70-year-old leader is recovering from a broken hip.

His assistant, Sen. Thomas H. Kuchel of California, has much opposition from Republican conservatives who are reported planning to try to oust him from the No. 2 leadership post in January.

THEIR CHOICE as his successor would be Sen. Roman L.

Hruska of Nebraska, a close associate of Dirksen who many believe would be his choice for the leadership. Dirksen said he is neutral on any possible challenge to Kuchel.

On the Democratic side, Sen. Mike Mansfield seems well entrenched as his party's leader. Talk he might give up the arduous post seems to have evaporated.

But there have been indications Mansfield and his assistant, Sen. Russell B. Long of Louisiana, do not get on too well although Mansfield praised Long in glowing terms just last week.

ASKED ONCE what weapons would be used in the event of a third world war, Albert Einstein said that because of rapid scientific developments he couldn't be sure, then added: "But I can tell you what they'll use in the fourth world war. They'll use rocks."

Worth remembering: "If you look back too much, you will soon be heading that way."

Folklore: A girl who marries in a yellow dress is secretly ashamed of her bridegroom. It is a sign of impending death when a broom falls to the floor. Riding a black horse brings good luck. If you get a nosebleed, it's an indication you are lovelick.

It was Don Herold who observed, "Women are too much, but they are the best other sex we have."

HOUSEHOLD hint: Leather chairs will retain their gloss better if washed with milk instead of soap and water. Ever try massaging your bald

## Hal Boyle Women Are Too Much

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Dogs can smell up to 40 times as well as people and hear up to 10 times better than man.

Mosquitoes seem to find you wherever you go, but actually most of these insect pests don't travel more than two or three blocks during their brief lifetime.

ONE REASON it's so expensive to be psychoanalyzed is that the average specialist treats only 10 patients a year.

A statistician has figured that a man with a good appetite and a long life can consume 30,000 eggs, 8,000 loaves of bread, 9,000 pounds of potatoes, 8,000 pounds of beef, 15 pigs and five calves.

Quotable notables: "Fear of self is the greatest of all terrors, the deepest of all terrors, the commonest of all mistakes" — David Seabury.

A poll by Catholic Digest found religion more important to old than to young people, to women than to men, and to non-whites than to whites.

HOUSEHOLD hint: Leather chairs will retain their gloss better if washed with milk instead of soap and water. Ever try massaging your bald

## To Your Good Health Avoiding Painful Kidney Stones

By JOSEPH G. MOLNER, M.D. Dear Dr. Molner: I am 71 and in the last 30 years have had three kidney stone attacks. The second was in 1961, the last in 1965.

Each time I apparently passed the stones as X-rays showed kidneys and tubes clear. Does something I eat or drink cause stones? I eat all kinds of dairy products, and drink two or three glasses of milk a day. We use well water which has some hardness. Would you suggest bottled spring water? — J. J. M. I can sympathize with anyone for not wanting a repeat performance of kidney stones. True, some small ones pass very easily, and we may not even be aware of them, but when one has to force its way through a ureter, it can hurt like sin.

Unfortunately we cannot always trace the cause of such stones, but sometimes we can get a very useful clue if they are examined.

If you have another — let's hope you don't, though — it should be analyzed. If it consists of chemicals called urates,

then medication to reduce uric acid in your system will be effective.

But if the stone is high in calcium, then you might be wise to reduce the quantity of dairy products.

I am not saying that you should give them up entirely. In fact, I am hesitant to advise reduction of dairy products for anyone unless there is a definite and proved need of it. Calcium is a necessity for good health, and for nearly all of us milk and milk products are excellent foods and a source of calcium. Therefore I follow a policy of saying "go slow" in giving them up on the slim chance that they MIGHT be a factor. Usually they aren't.

One more measure is important, and that is drinking plenty of water to keep the urine dilute. It is concentrated urine, not dilute, which has the tendency to form stones. Whether the water is hard or soft makes no difference. I assume that your well water is not contaminated, and that you have it tested periodically. But that's a matter of general health and has

nothing to do with kidney stones.

Dear Dr. Molner: Do you have a remedy for bites? I can't walk out of my door from May to October without an insect biting me. I enclose a list of the things I use. — MRS. W.W.

I note that all the things, from caladryl to baking soda, are for use afterwards, but there's no mention of repellents to keep you from being bitten. These repellents are quite effective. Why don't you start using one next spring?

Count your calories the easy way! To receive a copy of my pamphlet, "The Calorie Chart," write Dr. Molner in care of The Herald, enclosing a long, self-addressed, stamped, envelope and 5 cents in coin to cover cost of printing and handling.

Dr. Molner welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

## Around The Rim

### What's In A Name?

In recent years, some parents seem to have gone a little further "out" in choosing given names for their offspring.

There is a W. %ths Smith down in Georgia and a fellow with the true name of Safety in California, which wouldn't seem so unusual except for the fact that his last name is First. Imagine the reaction of a traffic cop who stopped old Safety for a traffic violation not long ago and asked to see the man's driver's license.

I SEE BY the papers where a Miss Nova Warrick got herself married not long ago to a fellow, by the name of Cain, with the result that people now painlessly call her Nova Cain. There's a music teacher back East who answers to the moniker Love Sweetheart and a party out in Idaho who signs his voting certificates Fish Hook.

When you group them together, some of the last names found in the Big Spring telephone directory are a cut above the ordinary, to say the least.

FOR INSTANCE, there are all sorts of handles suggestive of the animal world: Fox, Wolf, Peacock, Byrd, Bull, Crow, Falcon, Hare, Hogg, Hoss, Lamb, Parrott, Fish, Salmon and Wren, to name a few.

Hungry? How about Peppers, Honey, Pye, Pido, Roll, Shank, Pickle, Turnipseed or Come?

You can Wade in the Pool or the Pond, walk down the Rhoads or Lane, till the Land, climb the Mount and drink from the Rivers. You can pick such things as Lemons or an Apple or a Cherry from the Trees located in the Woods.

NEED A tradesman? How about a Cook, a Baker, a Miller, Glover, Butler, Butcher, Booker, Dyer, Farmer, Forester, Gardner, Hunter, Liner, Mason, Painter, Piper, Potter, Steward,

Purser, Stoker, Tanner, Trotter, Walker or Weaver. They're all in the telephone book.

Some names are suggestive of human anatomy — like Legg, Nuckles, Hans, Head, Hipp and Hair.

Look to the heavens and you'll see a Starr or the Moon. There's a Sharp, a Shine and a Cross. You can go for Miles and a Cross. You can go for Miles and Miles over Hill and Dale and travel by Knight or by Day — yes, all Daylong.

ALL KINDS of color can be found in the phone book, including Lavenfer, and for those in need of spiritual comfort there is a Pope, a Priest and Parsons.

Feel like taking a flyer on the market? There are Stocks and Bond and even a Money. There are also seasonal names like Winter, Summers and Spring (but no Fall). There are also names like Rust and Nail (Rusty Nail?).

The building industries would have to rely on cognomens like Wall, Glass, Holmes, Key, House and Faucette and there is a Booth, a Box, a Derrick and a Townes.

THERE IS a Carr, a Ford and a Dodge and Gass to run them with. There are also names that suggest hostile action — like Cannon, Rockett and Swords. In the line of royalty, there is a King, a Duke and an Earl. There is a Soles and a Shoemake, a Proffitt but no Loss, a Cotton and a Wheat.

There's also a Way to the Savage Hart, but take a word to the Wise. All names capitalized are included. You can find a Ryder and a Sadier and ring a Tingle or get a Sweat, if you so desire.

Names! May they long endure and may we never have to go to numbers.

—TOMMY HART

## Holmes Alexander The Races In South Carolina

CHARLESTON, South Carolina — Between two political worlds hangs South Carolina, one dead, the other powerless to be born.

The dead world, still not quite in a state of rigor mortis, is the National Democratic Party, the home of the ancestor and ancestor-worshipper, of the habituated voters and the inhibited voters. It is this deadly homing instinct that pulls people here, both white and Negro, to support Democratic candidates for the two U. S. Senate seats and the gubernatorial chair.

SINCE THEY don't know what else to do, the voters here are pulled to vote Democratic for two of the three major candidates. Ernest F. (Fritz) Hollings, former governor and lieutenant governor, is up for the Senate. He is running for an empty seat, vacated first by the death of Olin Johnson and then by the primary election defeat of Donald Russell.

The hatrow — not too strong a word — for President Johnson and the central government — has killed it. Only the memories, the habits and not knowing where else to turn, keeps the National Democratic Party out of the cold, cold ground.

DISMAYING is the other party of the predicament — that Republicanism seems not quite to have achieved its birthday here. The GOP organization is sound. The leaders are respected. The spirit is willing. There are South Carolinians at large who vow to move to the polls and to vote the straight Republican ticket from top to bottom.

But this is where the inhibition steps between the will and the deed. It is difficult to break the habit of the generations unless there is a very strong motivation to do otherwise.

(Distributed by McNaught Syndicate, Inc.)

## John Cunniff Social Security Expanding

NEW YORK (AP) — Thirty-one years ago when the Social Security Act became law some people, businessmen prominent among them, called it a product of socialism. Some still do, of course, but fewer and fewer.

Cynics will say the diminishing criticism is in rough proportion to the number now receiving benefits—22 million—and the number now covered—9 of 10 working people.

BUT IT IS MUCH more meaningful than that. The concept of retirement and job insurance is now deeply ingrained in American thinking and woven into all our financial planning.

In the past few decades we also have accepted a greater federal role in our lives. And we have refused to leave our fortunes and future to the vagaries of the economic system.

In addition, we have increasingly become city dwellers and industrial or office workers rather than farmers. There was usually room and work on the farm for three generations at one time. This isn't so in the city; the elderly need money.

NOW THAT President Johnson wants to increase benefits, some old fears are gnawing at the sensitive memories of the business community.

Any time that money passes from the private sector to the coffers of the federal government this old fear develops. Social Security is, by law, projected to grow. But what causes special concern is that the President seeks to accelerate this growth.

Thurmond, once a Democrat, once a Dixiecrat and now a Republican. Senator Thurmond is in a class by himself, regarded as unseatable, but his Democratic opponent doesn't concede it. Thurmond's opponent, state Senator P. Bradley Morrill Jr., is running furiously though probably in vain, but he could have the help of a winning ticket.

SOMETHING ELSE should be said for the Democratic trend in this state, which was the nesting place of the entirely different Goldwater strength two years ago. The something else is that, Thurmond aside, the better-known, the better-tested candidates are in the Democratic column. If South Carolina votes for the men and doesn't even consider the party, Hollings and McNair have to be called pre-election favorites.

But the National Democratic Party here, and throughout the South, is dead, though not yet decently buried. The hatrow — not too strong a word — for President Johnson and the central government — has killed it. Only the memories, the habits and not knowing where else to turn, keeps the National Democratic Party out of the cold, cold ground.

DISMAYING is the other party of the predicament — that Republicanism seems not quite to have achieved its birthday here. The GOP organization is sound. The leaders are respected. The spirit is willing. There are South Carolinians at large who vow to move to the polls and to vote the straight Republican ticket from top to bottom.

But this is where the inhibition steps between the will and the deed. It is difficult to break the habit of the generations unless there is a very strong motivation to do otherwise.

## Billy Graham

Recently, in a discussion group, the question was asked: "How can the Bible speak to men in the 20th Century for it is ancient, oriental and often archaic?" R.P.

Let me suggest an experiment: Take the Book of Proverbs in the Old Testament and read it through. This book was probably written seven centuries before Christ but you will find in it the sins, temptations, problems and answers completely fitting to our day. If parents and young people would read and act on this book of Proverbs adult and juvenile delinquency would cease. This indicates how the Bible is neither archaic nor irrelevant for the 20th Century. The Bible consists of history, poetry, prophecy and a body of divine truth revealed to the writers by the Holy Spirit and applicable to every generation.

The Bible is more modern than tomorrow morning's newspaper because while it tells of the past and our duty to God for today, it also tells us things yet to happen and the ultimate end of the world and all that is in it. But after all, the best answer to your question is to give the Bible a chance. Let it speak to your mind and heart and if you will believe and obey the Christ you find in its pages you will know without a question of doubt that it is your Book — for right now.

## Editorials and Opinion The Big Spring Herald

2-B Big Spring (Texas) Herald, Monday, Oct. 17, 1966

**Residential And Commercial Electric Services**

For all residential and commercial electrical needs, visit Haston Electric, 1606-B Gregg, owned and operated by Gene Haston. Haston also carries a good stock of supplies and customers may view these and light fixture catalogs when they stop by Haston's. (Photo by Frank Brandon)

**McMahon's Has Fast Service**

Clyde McMahon Concrete Co., located on the Snyder Highway, north of Big Spring, has what anyone needs for any concrete job or project in the Howard County area.

The company is open from 7 a.m. to 5:30 p.m. daily, except Saturday, when the hours are 7 a.m. until noon. There are plenty of employees ready to serve customers with all types of service.

Huge mixing hoppers have been set up on the lot where trucks back under the chutes and load, an extraordinarily-fast method of loading the proper mixture.

McMahon's has the proper mixture for any type of job, including mixes for foundations, bridges, culverts, sidewalks, driveways, curbs and gutters, street pavement—and anything else concrete can do, of the customer needs.

Whether the job is large or small makes no difference. Just set your forms and call McMahon's big radio-equipped trucks.

**Carver's Has Convenience**

Carver Drive-In Prescription Pharmacy, located at East Ninth and Nolan, was built for the convenience of its customers and was the first in Big Spring to feature a drive-in prescription window.

This enabled patrons, wanting to pick up prescriptions in

a hurry and without having to worry about dress, to drive around the building from Nolan, pick up their items and drive off on Ninth Street without having to be concerned about a parking place.

As a licensed pharmacist, Milton Carver believes every person should have a regular physical checkup and should use pharmaceuticals prescribed by qualified physicians and properly compounded. A physician's advice is paramount where questions of health are concerned, Carver believes.

Carver also keeps abreast of the latest developments in prescription drugs and the trusted patent medicines.

Carver calls attention to the fact that the pharmacy stocks thousands of items besides medicinal supplies.

For instance, when thinking of gifts for special days, there is none more appreciated than a box of Pangburn's chocolates. The quality candy is boxed in various sizes appropriate for gifts. The pharmacy is air-conditioned, so the appearance and taste of the chocolates are not altered by the effects of heat.

Carver also stocks cosmetics of all well-known brands, shaving lotion and needs for men, Hallmark greeting cards, magazines, books, and many other items.

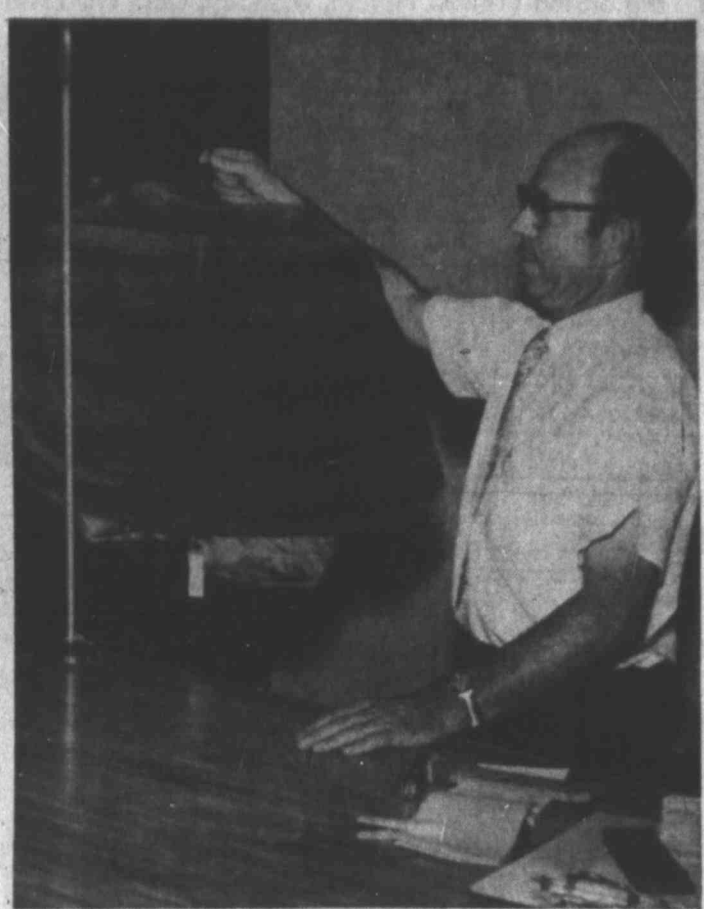

A telephone call to AM 3-7417 will have your prescription ready for you when you drive up.

**Delta Offers New Device**

In line with its progress toward further automation of oil well pumping, Delta Electric Corporation of Big Spring has announced the development of a new meter failure device to be used in L.A.C.T. units.

Joe D. Herbert, president of Delta Electric, said one of the new instruments is currently being installed on an oil well owned by Pan American Petroleum Corporation in the Cope Field near Big Lake.

The new gadget is one more in the line of electronic controls being researched and manufactured by Delta's subsidiary, Delta Electronic Manufacturing Co., which is housed in the parent company's plant on the Snyder Highway about three-quarters of a mile north of the Big Spring city limits.

**Fur Storage At Clay's**

One of the V.I.P. treatment features at Clay's No-D-Lay Cleaners, Fifth at Johnson, is the cedar-lined, fireproof cold storage vaults offered to give your furs the care you want them to have. (Photo by Frank Brandon)

**Get Rid Of Ugly Bugs**

This is the time of the year when all of those crawling pests who have been out in the summer sun look for someplace warm in which to spend the winter—and they will likely head for your kitchen.

Prevent this invasion, now, with an application of long-lasting, brush-on Johnston's No-Roach.

Johnston's No-Roach comes in an amber bottle with a free brush attached—it is different because it eliminates the need for frequent application of messy, unsafe sprays and powders. No-Roach is clean, easy to use and harmless to pets.

There is no need to move dishes or food when using Johnston's No-Roach.

**Easy Way to Kill Roaches and Ants**

Control roaches and ants the modern way — brush on Johnston's No-Roach. This colorless coating is effective for months, easy to use. Harmless to pets. Available at: Hull & Phillips, Newsom's, Safeway, Piggly Wiggly, Furr's, and all grocery stores. Dist. by Striplings.

**Variety Is Keynote Of Home Real Estate Company**

Looking for a home? Want to include Marie Price, Lee Hans, Sue Brown and Bill Crooker. One of the staff is available at all times to serve your needs. Homes for sale vary in number, usually well over 100, and include all price ranges. The prospective buyer may arrange by appointment to view almost any home of his choice, day or night, after work, or on week-

**Phillips Tire Co. Is Tops In All Services**

Serving Big Spring for 28 years, Phillips Tire Co., 311 Johnson, has built a fine reputation for tire sales and service in West Texas.

Home-owned and operated by Ted Phillips, Phillips Tire Co. can boast of personal service to its customers. What could be better than home folks serving home folks, meeting the tire needs that West Texans have?

Not only does Phillips Tire Co. service the big truck accounts in Big Spring and repair tractor tires in the field so that farmers will not have to bring them into town, but the firm also handles two quality tires, Fisk and Michelin "X," the truck tire.

The Fisk tire, known as the Fisk Premier, is the safety tire of superior durability. Engineered with four plies of powerful, pressure-cooled nylon, the Fisk Premier has proved new high speed safety. The tire has been tested in cornering, tracking, lane changing, passing and

parking. This recently-proved control has been attributed to the wrap-around tread and deep shoulder grooves for round-shoulder sureness on curves.

Trucking firms know that there is no better tire than the Michelin "X" which is also handled at Phillips Tire Co. The Michelin tire has become known as the fuel saving tire resulting from less rolling resistance and less heat generation. Manufactured with three layers of steel cords, the "X" steel cord carcass has a radial construction allowing for greater flexibility.

**Hester's Does Many Jobs Well**

Hester's Sheet Metal and Refrigeration, north of the city on the Snyder Highway, does a variety of jobs well—including plan and specifications and commercial work, duct work, flashings, guttering and commercial refrigeration.

The company handles Carrier air-conditioning units from small window units up to huge 30-ton machines. Roy Hester, president, will also service refrigeration equipment, such as fruit and commercial water chillers.

# Blanda Lets Air Out Of Undeclared Jets

By MURRAY CHASS  
Associated Press Sports Writer

George Blanda happened to the previously undefeated New York Jets, but look what happened to the hopeful Kansas City Chiefs — Hewitt Dixon.

Blanda threw two touchdown passes and kicked a field goal Sunday as Houston coasted to a 24-0 victory over New York, the last undefeated team in the American Football League. The loss prevented the Jets from taking a commanding 2½ game lead in the Eastern Division.

Then there were the Chiefs, who had thoughts of beating Oakland and grabbing sole possession of first place in the Western Division. But they ran into Dixon—or to be more exact, Dixon ran through them—and wound up on the wrong end of a 34-13 score.

### RAIDERS ROMP

The previously unheralded Dixon scored three touchdowns in the Raiders' 26-point second quarter, combining with Tom Flores on pass plays of 76 and 10 yards and sweeping one yard for the third score.

Switched from tight end to fullback after the Raiders acquired him from Denver for linebacker Arch Matsos last January, the 25-year-old Dixon had seen little action in Oakland's first five games.

"I made up my mind earlier in the week," Coach John Rauch said, "to give Dixon considerable offensive work. Then before the game he came up to me and told me he had had four good games in this ball park — he owned the place—so I knew I was right in deciding to use him."

### OTHER GAMES

In other games, Buffalo tied San Diego 17-17 and Miami won its first game by downing Denver 24-7.

The Raiders' victory dropped the Chiefs one-half game behind San Diego in the West while Houston's victory cut New

**HIS ARM STILL SCALP SEEKERS**  
Old Man George Blanda still throws ball

York's lead in the east to 1½ games.

The Oilers' performance was far different from the one they put on in New York four weeks before when they lost 52-13. Blanda kicked an eight-yard field goal, then hit Sid Blanks with a two-yard touchdown pass and Charley Hennigan with a four-yard scoring toss. The Oilers intercepted four Joe Namath passes.

San Diego grabbed a 17-3 halftime lead over Buffalo, but Darwayne Lamonica hit Bobby Bur-

nett with a three-yard touchdown pass in the third quarter and sneaked one yard for the tying score in the fourth. The Bills lost a chance to win it when Booth Lusteg's 23-yard field goal try failed with six seconds left in the game.

Miami finally won after losing five times, taking the lead in the first quarter on George Wilson's 67-yard touchdown aerial to Billy Joe and never relinquishing it. Joe Auer ran for two touchdowns in the second half for the Dolphins.

# Bill Russell Sets Pace In Coach Debut

BOSTON (AP) — Bill Russell is "bating 1,000 in his new role as player-coach and the Boston Celtics are off to a winning start in a bid for a ninth straight National Basketball Association championship.

Russell whose arrival from the University of San Francisco and the U.S. Olympic team a decade ago built Boston into a dynasty, led the Celtics to a 121-113 victory over the San Francisco Warriors in his coaching debut Saturday night at the Garden.

Russell, one of basketball's all-time great defensive players, had little to say about his own performance on the court. However, he obviously was pleased as he checked the figures which showed him with eight points, 11 assists and 24 rebounds.

### SPECTACULAR

The 6-foot-10 veteran played 43 minutes, taking only a five-minute rest in the second period. He was spectacular in the closing minutes, blocking four shots as the Celtics pulled away from a 109-109 tie.

As a coach, Russell also came through with the right move. With the score deadlocked 107-107, he called Larry Siegfried off the bench and the former Ohio Star clicked for all of Boston's last 14 points.

In other NBA openers Saturday night, Los Angeles, minus the injured Jerry West, defeated Baltimore 121-115, Philadelphia bombed New York 128-112, Cincinnati downed Detroit 103-99, and the Chicago Bulls, making their league debut, upset the Hawks in St. Louis 104-97.

No games were played Sunday.

# Packers Blunt Sayers' Runs, Cowboys - Cards Deadlock

By DICK COUCH  
Associated Press Sports Writer

Vince Lombardi couldn't keep Chicago's Gale Sayers on the sidelines, so Lombardi's Green Bay Packers did the next best thing.

They kept Sayers in the middle of the field, stymied the Bears' flash and rolled to a 17-0 victory Sunday for sole possession of first place in the National Football League's Western Division.

Green Bay's bruising defense, led by veteran Willie Davis, held Sayers, the NFL's scoring champion and rookie of the year last season, to 29 rushing yards while handing the Bears their first shutout loss in 27 games.

"Every time he makes a move, I lose a year of my life," Lombardi said after the Packers' defensive charge had contained Sayers. "Would I rather have him run inside or outside? I'd rather have him sit on the bench."

### STIFLED

Sayers, hounded by Davis and his defensive cohorts, could not break away in 15 carries — his biggest pick-up was nine yards. The Packers, meanwhile, scored on a 1-yard run by Paul Hornung, a 30-yard field goal by Don Chandler and a 20-yard interception return by Willie Wood.

Green Bay's fifth victory in six starts, coupled with Los Angeles' 35-7 loss to previously winless Minnesota, dropped the Rams, 4-2, one game behind the Packers in the Western race.

St. Louis and Dallas, both unbeaten and 1-2 in the East, struggled to a 10-10 tie while Baltimore walloped Detroit 45-14, San Francisco drubbed

Atlanta 44-7, Philadelphia whipped Pittsburgh 31-14 and New York upended Washington 13-10.

### VIKINGS RACK RAMS

Fran Tarkenton passed for three touchdowns and scored another, leading Minnesota to its first victory in five games, while the Vikings smothered

Ram quarterback Roman Gabriel repeatedly and intercepted him three times. Tarkenton completed 20 of 30 passes for 327 yards.

St. Louis, trailing 10-7 late in the fourth quarter, got a break when Bob Hayes fumbled a punt and Dave O'Brien recovered for the Cardinals. Jim Bakken then kicked the tying field goal with 3:56 to play.

Dan Reeves' three-yard TD run had sent the Cowboys ahead 3½ minutes earlier before a crowd of 50,673 — largest ever to see a sporting event in St. Louis. The tie left the Cardinals, 5-0-1, one-half game in front of Dallas, 4-0-1, in the Eastern Division.

### UNITAS AGAIN

Johnny Unitas fired four scoring passes and Gary Cuozzo, tossed another as the Colts bombed Detroit. Earl Sweetan, who relieved Milt Plum after the Lions' passer was sidelined with a knee injury, tied an NFL record with a 99-yard touchdown strike to Pat Studstill.

San Francisco extended the fledgling Falcons' losing string to six games as John Brodie whipped three touchdown passes, the longest a 63-yard bomb to Jim Jackson. George Mira also threw a TD pass for the 49ers, who upset the Packers last week.

Norm Snead tossed two

# When Fans Cry For Scalp Blanda Manages To Rally

HOUSTON, Tex. (AP) — third straight defeat, the fans began chanting for Coach Wally Lemm to use younger quarterbacks Don Trull or Jacky Lee.

But Lemm stuck with his veteran, and Blanda was the old master again, mixing running play calls with his clutch passing to guide the Oilers to a surprisingly easy victory over the Jets.

Blanda, 39, a 17-year veteran of both the American and National football leagues, heard the cheers again Sunday as he directed the Oilers to a 24-0 victory over the New York Jets.

Blanda completed 13 of 24 passes for 196 yards and two touchdowns, kicked an eight-yard field goal and all the extra points as the Oilers handed the Jets their first shutout in 33 games, dating back to the last game of 1963. Only one of Blanda's passes was intercepted.

Blanda had four interceptions in the earlier New York loss, followed with five in a loss to Buffalo and then, after the Oilers lost to Denver for their

# Tulsa Leading In Texas Pro League

By The Associated Press

Tulsa's Oilers have passed the half-way mark in the Texas Professional Football League race unbeaten and boasting a 1½-game lead over second place Sherman-Denison.

Tulsa plays Burkburnett at Burkburnett next Saturday night and by winning could virtually sew up the championship. The Oilers have only four games left.

# Three Way Buries Flower Grove, 46-0

Flower Grove ran into a super-charged Three Way team before an enthusiastic homecoming crowd Saturday and might have well have run into a buzz saw.

The saw might have been less devastating because Three Way won 46-0. The home team was fired up and Flower Grove was flat. Flower Grove received the kickoff but had to punt. Three Way promptly pushed to its first score, then added a second before the quarter was over.

The roof fell in before halftime when Three Way led 28-0. Two more touchdowns were added in the third. Now that this frying pan experience is past Flower Grove faces the fire when Gall pays a visit Friday.

# Torres Seeks Crack At Clay

SAN JUAN (AP) — Light heavyweight champion Jose Torres wants a crack at Cassius Clay's heavyweight crown, but boxing observers wonder whether he can add the necessary weight and still retain his speed and strength.

Torres, 30, weighed 175 pounds Saturday night when he knocked out Scottish challenger Chic Calderwood at 2:06 of the second round. He would have to add 20-25 pounds to be effective against Clay, whose normal fight weight is 207.

Nat Fleischer, the editor of Ring Magazine, was in San Juan for the Torres-Calderwood match and discussed the possibility of a Clay bout with the light heavy champ.

Torres, a Puerto Rican-born New Yorker, would like to fight Clay in New York after meeting Dick Tiger in a Dec. 12 title bout at Madison Square Garden.

# Jerry Levias Makes The Big Play For Ponies

DALLAS, Tex. (AP)—They're calling him "Big Play Jerry" at Southern Methodist because he's the one who comes up with the winning touchdown, the punt return that sets it up or the run that keeps the drive going.

That's Jerry Levias, the first Negro ever to get an athletic scholarship in the Southwest Conference.

He's the guy assistant coach Chuck Curtis went all the way to Hershey Pa., two years ago to bring back when Coach Tommy Prothro of UCLA was trying to recruit Levias for his team.

Levias, then a Beaumont, Tex., schoolboy, was playing in the Big 33 game match Texas and Pennsylvania all-star high school teams. After the game Curtis shoved Prothro into a fence to keep him away from Levias. It created quite a stir.

"He sure has been worth fighting for," mused Curtis as he reviewed what the split end had done to give Southern Methodist a 23-24 victory over Rice in the school's first conference game of the season Saturday.

First he passed 47 yards to Larry Jernigan for a touchdown that got SMU in position to win. He faked a field goal try and ran 11 yards to get a first down when SMU faced a fourth down nine situation, running out of time.

Shortly afterward Levias took a five-yard touchdown pass that won for SMU with nine seconds left to play.

When SMU opened the season with a 26-7 victory over Illinois, Levias took 60-yard and 12-yard touchdown passes to break open the game. He touched the ball only twice that day.

When SMU beat Navy 21-7, Levias' 47-yard punt return set up a touchdown to clinch the victory. His 20-yard return to SMU's 48 enabled the Mustangs to get Navy in a hole on Ines Perez' "pooch kick" and this eventually led to an SMU touchdown.

JERRY LEVIAS

# Don Dampened By Card Rush In Crucial Game

ST. LOUIS (AP) — Dallas and St. Louis, the National Football League's unbeaten teams, didn't settle anything Sunday in their Eastern Conference match — except that maybe the Cardinals possess some magic for stopping the high-scoring Cowboys.

The obvious question after the teams struggled to a 10-10 tie before 50,673 persons was "what was it?"

Cardinal Coach Charley Winner and his defensive assistant, Chuck Drulis, declined comment on the strategy that left St. Louis with a 5-0-1 record and Dallas with a 4-0-1 mark.

"We have to play them again," Drulis said. "But we did try to put the pressure on Don Meredith and I think it paid off. Many of the passes he hit were scrambles, even the long one that set up their touchdown."

Dallas Coach Tom Landry agreed that a Cardinal rush led by tackle Chuck Walker and end Joe Robb had results on both Meredith, the Cowboy quarterback, and the rest of his team.

"The Cardinals played great defense," Landry said. "This probably was the most pressure

# Lee Trevino Wins Texas State Open

HOUSTON (AP)—Lee Trevino won his second straight Texas State Open golf championship Sunday when he finished four strokes ahead with 278 for 72 holes.

He fired an even par 71 in the final round to pick up the \$1,000 first money.

Amateur Marty Fleckman of Port Arthur shot a closing 74 for 282 and second place while Butch Baird of Galveston had 287 to win second place money of \$900.

### BEFORE FATEFUL NOV. 19

# Irish And Spartans Face Sternest Tests This Week

By The Associated Press

Notre Dame and Michigan State have at least three things in common — a top ranked football team, a perfect record and a problem.

On Nov. 19, the Irish and Spartans meet in a game that could quite possibly decide the national championship. But before that, there is the smaller matter of the four other games each must play. Winning them — while fighting the temptation to look ahead — has to be a chief concern of both.

Interestingly, both only have one other game on their respective schedules that should give them any trouble and both come next week. Notre Dame plays unbeaten Oklahoma and Michigan State takes on potent Purdue.

**HIGHER SCHEDULE**  
After that, it's Navy, Pitt and Duke for the Irish, and Northwestern, Iowa and Indiana for the Spartans before the big clash in East Lansing, Mich. A loss by either team in any of

those games would be prime upset-of-the-decade material. Michigan State's position atop The Associated Press' football poll probably was jeopardized by its narrow 11-3 victory over Ohio State Saturday.

On the other hand, the Irish breezed to a 32-0 triumph over North Carolina.

Alabama, the third-ranked team, had all it could do to score 11 points in the final period, then hang on and repulse a last desperate Tennessee drive for an 11-10 victory Alabama quarterback Kenny Stabler went a yard for the touchdown, then threw for the two-point conversion.

**BEBAN BOMBS**  
UCLA, No. 4, crushed Penn State 49-11, behind the passing of Gary Beban and the running of Mel Farr. Southern California, No. 5, and UCLA's top threat in the Pacific Eight, overcame Stanford 21-7 on two touchdown passes by Troy Winslow.

Nebraska, No. 6, had a sur-

## Candy Barr Applauded

HUNTSVILLE, Tex. (AP) — Former inmate Candy Barr returned here Sunday to perform at the Texas Prison Rodeo, and a crowd of 25,000 applauded heartily when she finished her three songs.

Candy (Juanita Phillips of Edna), a blonde former stripper and one-time girl friend of gambler Mickey Cohen, was paroled in 1962 after serving three years of a 15-year sentence for possession of narcotics.

She is the first former inmate to return to the prison as a guest performer.

Other performers at the Sunday show included French singer Mireille Mathieu, the Young American Singers, the Texas Range Riders of Houston and Leon Adams and his horses.

The performance was dedicated to state Atty. Gen. Waggoner Carr, and he was in the crowd.

Adams was one of the featured acts at the rodeo brought in from outside the prison walls. Inmates of the prison took part in the bronc riding portion of the show. (AP WIREPHOTO)

## Congress Drives Hard For Quick Adjournment

WASHINGTON (AP) — Driving hard for adjournment by Saturday, Congress has crowded into this week's program more major legislation than it has considered in any previous month this year.

Bills dealing with billions of dollars in appropriations and the war on poverty, food for peace, aid to education, public works, water pollution, unemployment compensation, public health, "truth-in-packaging" and urban rehabilitation are carded for final action in the headlong rush to quit.

Prospects were good for all of them to get through before members of Congress end their work in Washington for the year and hurry home for final campaigning in advance of the Nov. 8 elections. There was some talk of quitting Thursday or Friday.

**MONEY BILLS CLEARED**  
Most big spending bills previously cleared the Senate and the House and are now in compromise form and subject to limited debate.

The 15th and final major appropriation bill of the session starts through the house Tuesday. It would allot \$4.9 billion for miscellaneous activities, including aid to elementary, secondary and higher education and the war on poverty. It still has to go through the Senate.

Three other appropriation bills are in the compromise stage and in a position to be disposed of in a hurry. They would provide about \$4 billion in funds to finance the State, Justice and Commerce Departments, the federal judiciary, the District of Columbia government and military construction.

Heading into the conference room for adjustment of differences is a bill that would authorize a \$1.1-billion, two-year program of urban renewal in selected demonstration cities. It passed the House Friday.

In the same category is an investment tax credit bill passed Friday by the Senate. Still in conference are highly controversial bills that would boost unemployment compensation benefits and speed sales

and gifts of American food to friendly foreign nations. Ready for final action is a water pollution control compromise calling for expenditure of \$3.7 billion over four years. Another bill awaiting House action would authorize the spending of \$149 million in two years for health-planning programs. As it cleared the Senate it called for spending \$1.1 billion over four years. It may have to go to conference.

**SOCIAL SECURITY**  
Also on the House calendar is an original measure to authorize \$500 million of future appropriations for public works projects. The House also plans to act on a compromise version of the "truth-in-packaging" bill.

And there's still a chance it may consider a bill calling for an increase in Social Security benefits starting next Jan. 1. The Senate has indicated it will not act on that subject this year.

**URBAN RENEWAL**  
Heading into the conference room for adjustment of differences is a bill that would authorize a \$1.1-billion, two-year program of urban renewal in selected demonstration cities. It passed the House Friday.

In the same category is an investment tax credit bill passed Friday by the Senate. Still in conference are highly controversial bills that would boost unemployment compensation benefits and speed sales

## Goldman Ransom 'Handy'

MIAMI, Fla. (AP)—In the always-locked front door of Aaron Goldman's home there's a peephole, through which a caller can be seen. Inside the house there's a gun.

"It's like locking the barn door," said Sally Goldman.

Once the Goldmans took no such precautions at their home in the fashionable suburb of Surfside. But it was through an unlocked door, that a gunman came in the night last March 28 and kidnaped the Goldmans' son, Danny, 17.

**ONLY CASE**  
Screaming "Help! Murder", Danny was dragged away—into oblivion. Nearly seven months later, this is the only unsolved ransom kidnaping on FBI case-books.

Is there a lead left, any hope? "Some day," said an FBI agent, "we'll have to find him. But I've never seen a case like this, and I never expect to see another one."

Jolted awake by the screaming of his wife, Goldman saw the silhouette of a short, stocky man, standing just inside the patio door, holding a gun.

**'YOU CHEATED ME'**  
"You cheated me," the figure said softly. "I'm here to get even."

Danny, also awakened, entered the room in his pajamas. The intruder told him to keep quiet.

"I want \$10,000," he said. "I don't keep that kind of money in the house," Goldman replied. "There's \$150. You're welcome to that."

The gunman ordered Danny to get dressed, and told Goldman, "The price is \$25,000 now and I'll hold the boy as security. If it is not paid by tonight, it will be doubled."

**KEEPS BELIEVING**  
He promised to telephone instructions for payment of the ransom, but the Goldmans still wait. For a month Goldman, a millionaire contractor, kept \$25,000 in small bills in the house. Friends have offered \$15,000 more for Danny's safe return.

The money is in a place where it can be obtained quickly, Goldman says, and it will be paid with no questions asked to any go-between the kidnaper will select.

"We believe Danny is still alive," Goldman insists. "We must keep believing it."

But Goldman also offers "a small reward" for location of the body. It is small, he says, "so someone wouldn't profit heavily by killing him."

In the faint hope the call still will come, Mrs. Goldman hasn't left the house except for a few brief periods when a sister sat by the phone.

## Reagan, Stanley Top Marksmen

Close competition marked the shooter's choice at the Mesquite Gun Club matches west of Vincent Sunday afternoon. Horace Reagan topped the field in the .22 and larger, six-power scope at 200 yards, followed by firing 100 with nine X's. L. D. Stanley had a similar score with only a slightly less bunched pattern. Dealon Stanley followed with 100 with seven X's.

In the sporter division with .243 and larger, six-power scope at 200 yards, Nolan Stanley led with 100 and six X's, followed by Horace Reagan with 99 and five X's, and Laryo Shafer with 98 and four X's.

## Former Publisher Lands Radio Post

NEW YORK (AP) — Matthew J. Culligan, former chairman of the board of the Curtis Publishing Co., has been named president and chief executive of the Mutual Broadcasting System, it was announced Sunday.

Culligan left Curtis Publishing last January to assume an advisory role at the Burns International Detective Agency.

Culligan succeeds Robert F. Hurleigh, who resigned his MBS post last Friday.

## 'Brigadoon' Show Passes Time Test

By CYNTHIA LOWRY  
AP TV - Radio Writer  
NEW YORK (AP) — "Brigadoon" almost 20 years after its first Broadway production, lost little and in some instances gained a bit in its faithful transition to the television screen Saturday night.

ABC's 90-minute adaptation of the Allen Lerner-Frederick Loewe musical seemed to be exactly the same as the first production. The music surely has withstood the test of time — four of the songs have become standards. And gentle fantasy never really goes out of style.

**EXACTLY RIGHT**  
Robert Goulet, as the young American hero, was in fine voice. Sally Ann Howes seemed exactly right as Fiona. Thomas

Carlisle, playing the bridegroom, exhibited an excellent tenor.

There was nothing the matter with Marilyn Mason's voice, but she seemed too much of a sweet ingenue to play man-chasing Meg. Peter Falk, who seems to give a Dead End kid quality to all his roles, was not exactly the ideal fellow to be lost in a misty legend of the Scottish highlands.

"Portrait of Van Cliburn," the second NBC Telephone Hour in its new format, proved to be a superficial examination of the pianist's professional life, broken up now and then with some of his music.

**JUST MESSY**  
The joke — "What would you say if I told you you were on Candid Camera?" — has begun to run thin after all these years of practical jokes. So have some of the jokes.

The long-playing CBS show started off Sunday night with a woman wearing a pair of earrings, each of which contained a live white mouse. The big joke was to look at the amazement on the face of a bystander.

**Sale! Sapphires Stockings**
