Lumbering Machines Launch Lake Job

These huge dirt movers, capable of handling 40 to 55 yards a load, have swung into action on the \$8.7 million dollar dam of the Colorado River Municipal Water District at Robert Lee. This particular job is building

Juggernauts Begin Digging Dam Site

ROBERT LEE —Huge machines lumbering across the valley have peeled a four-mile strip of turf to mark the beginning of the multi-million dollar Colorado River Municipal

Water District dam two miles northwest of here. The big Euclids, capable of taking a 40-cubic-yard bite, "skinned" the area where the dam will block the Colorado River to impound a 488,000-acre-foot lake. Soon they will begin gouging out a core trench to depths of 35 feet to pinch off any underflow. Then will come the task of moving a mountain of dirt literally—more than 10 million cubic yards. Rufus Turner, superintendent for Clement Bros. of Hickory, N.C., contractors for the \$8.7 million job, said that the dam site will be smoothed, and the adjacent area irrigated to prepare the soil for digging and moving. Meanwhile, a wide haul road is being prepared for shuttling dirt from one area of the project to another. The contractor has on the site about a dozen and a half of major equipment, including the Euclids which can handle up to 55 yards a load when heaped. There are push-pull dirt movers and big crawler-type tractors for pushing the Euclids when loading. A relative handful of workers are on hand now, but at peak the job will require about 130

Texas Boasts Beautiful Day

By The Associated Press
Texas had nearly perfect weather Saturday as a dry, shallow Canadian cold front moved slowly toward the sea. The front was weak and growing weaker. By noon, the front had pushed to a line from Texarkana to Fort Worth and westward to Pecos. To the north, winds switched to the north and skies generally were clear.

LBJ Lauds Example Set By Malaysians

Subdued Commie Overthrow Bid

KUALA LUMPUR, Malaysia (AP) — President Johnson congratulated Malaysia Sunday for building "a free and prospering countryside that can relieve the poverty and the apathy upon which communism thrives." In an arrival speech, the first American president to visit Malaysia recalled the long war against Communist guerrillas in Malaya, saying "You valiantly subdued a Communist insurgency in your nation." CAN DO IT "Your achievement in this respect, I believe, has the greatest significance for our struggle in Viet Nam today," he declared. "You have shown that military action can stop Communist aggression and that while the aggression is being stopped — and even more strongly when it is stopped — the peace, as well as the war can be won." The President said Malaysia's example "offers us hope for the future."

President Johnson wound up a three-day visit to Thailand with a gala party Saturday night, after a working session on how to combat the Communist threat to this Southeast Asia ally. Johnson also renewed his bid to North Viet Nam for a peace conference. And he signed into law a Congress-passed International Education Act aimed at improving education in international affairs. JAZZ LOVER The party was for jazz-loving King Bhumibol Adulyadej and Queen Sirikit, hosts to the President and Mrs. Johnson at a highly formal state banquet Friday night. For the occasion, Johnson summoned from the United States famed saxophonist Stan Getz to play for the king — himself a saxophone and clarinet man who has sat in with many international jazz combos.

HELP, MILK, YELP, HARP Price Revolt Spreads

NEW YORK (AP) — The housewife revolt against rising food prices spread Saturday to nearly half the states in the nation. In a few places there were signs of peace feelers from grocers. FEED PICKETS Some asked the housewives to meet with them and discuss the problems. Others discontinued games and giveaways that housewives said boosted prices. A few storekeepers sent coffee and doughnuts to the pickets outside their doors. An Associated Press survey showed housewife groups active in at least 21 states. The goal of the women is to bring down the price of food, and the New York City markets department says consumer pressure helped cut the price of a pound of butter up to eight

cents in the last two weeks. Three dairies in Albuquerque, N.M., cut milk prices five to seven cents a gallon, then announced layoffs of deliverymen and discontinued advertising to save money. Officials of three supermarket chains in Denver agreed to try out one demand of the housewife group: They will close on Sundays to cut expenses. But they warned they will resume Sunday business if discount houses and other competitors continue operation. The revolt was first sparked in Denver on Oct. 17. A spot check of stores in the city Saturday showed business apparently normal with long lines at every checkout station. In their battle against higher prices housewives have unfurled the acronyms. Four times they

yelled HELP, once for Housewives Eager for Lower Prices, in Oklahoma City; once for Home Economists for Lower Prices in Pittsburgh; once for Housewives Expect Lower Prices, in Monmouth County, N.J.; and once for Housewives Enraged—Lower Prices, in Tampa, Fla. OTHER NAMES There was also MILK — Mothers Interested in Lower Costs, in Daytona Beach, Fla., and HARP — Housewives Against Rising Prices, in Jacksonville, Fla. In Jersey City, N.J., there was YELP for You're Enlisted to Help Lower Food Prices. A boycott of four grocery chains in the Puget Sound area of Washington State is planned for Monday by the Women for Lower Food prices, which claims a membership of 33,000.

Pearl, Millionaire Win Court Fight

BRECKENRIDGE, Tex. (AP) —Big blonde Pearl and her 95-year-old millionaire bridegroom became free Saturday to wander down the path of wedded bliss with the full authority of the State of Texas behind them. Dist. Judge E. H. Griffin ruled that A. Otis Birch, 95, deaf and almost blind, was not being restrained of his liberties by his bride of four days. Mrs. Pearl Choate Birch, who had been his nurse since 1963. It did not matter to him, he had said, that the 205-pound Mrs. Birch served a lengthy murder sentence. The philanthropist repeated in court that he did not want to return to California, where he once lived in South Pasadena. Birch, one-time oilman and citrus grower, testified at what in effect was a custody hearing pitting his new wife against his relatives and friends. The marriage of Miss Choate and Birch four days ago set off a scurrying of friends and kin seeking to determine whether

he was being held involuntarily by the new Mrs. Birch. In testifying, the questions and answers went this way: "Is Pearl Choate Birch holding you against your will?" "No, she is not." "Assuming the judge told you you were free to go anywhere you wanted to, where would you go?" "I would go to 1213 West First St., Breckenridge, Tex. (where he and Mrs. Birch are residing)." "Who is your present wife?" "Formerly Pearl Choate." Mrs. Birch said she and her philanthropist bridegroom will continue to reside in Breckenridge, a West Texas oil town. Birch also testified, in an hour and 25 minutes of reading questions and speaking, that "I did not think it was advisable considering all the circumstances" to see his relatives. Some complaints had arisen that Miss Choate, while his nurse in California, had estranged him from relatives and friends.

IN THEIR FAVOR
Mrs. A. Otis Birch has a kiss for her husband

THINGS HAVE CHANGED CONSIDERABLY SINCE THE FABLED 'GOOD OLD DAYS'

Get Lots Of Goodies Ready For All Saint's Eve

By SAM BLACKBURN
A generation or so ago, the admonition for tomorrow night would have been "fasten down everything that's loose; lock up everything and creature that's moveable." But times have changed. BEST ADVICE About the best advice for tomorrow night, as things are now is to have a big stack of candies, fruits and other goodies ready and content yourself with being called from your reading or your tee-vee watching repeatedly. Your interruptions will be the combined assault of all of the small fry of your neighborhood, fearfully dressed as ghosts, pirates, ogres and other weird critters. And in high piping tones they will greet you "Trick-or-treat!" That will be your signal to reach into your trove of goodies and dump your findings into the gaping maws of already fatly filled shopping bags or into the sticky and warm clutter of very young hands thrust out at you. For Monday is Halloween — a big day of the fall which continues because no one knows how to stop it and whose history has become so enshrouded

in the mists of time that no one can be sure just what it all means or how it came to be. MURKY ELEMENTS One thing is certain — it had vandalism, ruination and devilry as its basic origin. These murky elements have clung to the day, even though the more dreadful aspects of its earlier history have been shunted aside. No one, presumably, really thinks that the sheetclad figure you see gliding through the darkness outside is really a disembodied spirit. Nor is that figure with the horns, bright red suit and forked tail really the Devil. The hag with the broomstick and the snaggle-toothed leer is not a real witch and the fantastic creature with the hairy face and protruding fangs is no werewolf. Things were different with your great-great-granddad. The witches then were witches, his Santanic majesty was no make-believe and the werewolf was a very real and direful thing. ALL SAINT'S DAY Somehow All Saint's day — originally a day to pay lump honor to the countless lesser saints — was quickly adapted in the ancient times to the idea

that the last night of old October was a time when the ghosts of the restless dead were free to roam — when witches, wizards, hobgoblins and grinning skeletons met on lonely heaths to do gruesome worship of all that is evil. Timid folk stayed close to home on Halloween night. Doors were barred shut. Strange rituals were carried out to keep the rampant evil spirits from gaining entrance into the humble cottages. And when Nov. 1 dawned, the unhappy people would go forth expecting bad things to have transpired. And they sometimes found their usually productive milk cows drained dry of milk, their horses sunken-eyed and covered with sweat. Their precious farm carts were sometimes in shambles; their vegetable gardens (so important to their meager lives) uprooted. To them it was the doing of the witches and evil spirits. FEAR FADED As time wagged on, some of the fear of wizardry and hexes, as realities, faded. But there were still evil spirits — sadistic and wickedly inspired human beings who carried on even with more devastation and destruction than had been attributed

to the banshees and warlocks by earlier generations. Even today aging men sometimes gleefully recall their Halloween activities as youngsters and recite with satisfaction the deeds of vandalism which they claim they perpetrated. (And yet, very often, it is these same characters who cry out so loud against the "trick or treat" antics of the small folk of their neighborhood.) Even the childish phrase "trick or treat" has an overtone of threat and damage. It analyzes simply enough — if you do not pay tribute (treat) then you will be subjected to assault and damage (trick). DIFFERENT But things are different now. If you want to find out how different try this: When the first clutter of diminutive haunters hits your front porch tomorrow night and you are greeted with their falsetto chirps of "trick or treat," instead of dealing out the candy and fruit, demand that your invaders "trick" you. The silence which falls will prove how far afield we are today in the observation of All Saint's Eve compared to the old days.

SHOPPING FOR THAT HALLOWEEN PUMPKIN IS SERIOUS STUFF
Shawna Colvin, 2, and brother, Jay, 4, find the exact kind they want. They are the children of Mrs. Nelda Colvin, 2717 Old Highway 80.

GOREN ON BRIDGE

BY CHARLES H. GOREN
 ANSWERS TO BRIDGE QUIZ
 Q. 1—Neither vulnerable, as South you hold:
 ♠ 105 ♣ AK963 ♦ A75 ♣ J32
 The bidding has proceeded:
 North East South West
 1 NT Pass 3 ♥ Pass
 3 NT Pass ?
 What do you bid now?
 A.—Pass. With this evenly balanced hand prospects for slam are not bright even if partner has a maximum. Your hand is worth 13 points valued at hearts and partner has a maximum of 15 points in high cards.
 Q. 2—East-West vulnerable, as South you hold:
 ♠ Q853 ♣ AK87 ♦ 6 ♣ KQ54
 The bidding has proceeded:
 East South West North
 1 ♣ Dble. Pass 1 ♥ Pass
 3 ♥ Pass ?
 What do you bid now?
 A.—Two hearts. This hand is not quite strong enough for a double raise in view of the fact that partner was forced to bid. A double raise in this situation should be based on 19 points.
 Q. 3—As South, vulnerable, you hold:
 ♠ 75 ♣ KQJ98 ♦ A6 ♣ AK98
 The bidding has proceeded:
 South West North East
 1 ♥ Pass 1 ♠ Pass
 3 ♥ Pass ?
 What do you bid now?
 A.—With this strong hand, a jump bid of some kind is indicated, and our choice is three hearts. It is not quite strong enough to make an absolute force to game and, therefore, we veto a bid of three clubs.
 Q. 4—You are South, vulnerable, and you hold:
 ♠ K6 ♣ 1094 ♦ AK982 ♣ KJ5
 The bidding has proceeded:
 South West North East
 1 ♣ Pass 3 ♦ 3 ♥ ?
 What do you bid now?
 A.—Pass. This is to enable partner to contract for three no trump if he has a heart stopper. Do not fall into the error of bidding four diamonds, for a contract of 11 tricks might be out of reach.
 Q. 5—Both vulnerable, as South you hold:

♠ AJ1084 ♣ 106542 ♦ 63 ♣ 9
 The bidding has proceeded:
 North East South West
 1 ♣ Pass 1 ♠ Pass
 3 ♥ Pass ?
 What do you bid now?
 A.—Three spades. In this case nothing is to be gained by showing the anemic five card heart suit, and it might easily delude partner into taking more aggressive action than is warranted.
 Q. 6—Neither vulnerable, partner opens with one club and you hold:
 ♠ 742 ♣ 853 ♦ 97432 ♣ K6
 What is your response?
 A.—While it is our practice to stretch a point to keep alive an opening bid of one club, we do not feel justified in such action in this particular hand with only one king and no distributional advantages. A pass is therefore clearly indicated.
 Q. 7—As South, vulnerable, you hold:
 ♠ AJ104 ♣ AJ ♣ QJ105 ♣ KJ6
 The bidding has proceeded:
 South West North East
 1 ♣ Pass 1 ♥ Pass
 3 ♥ Pass ?
 What do you bid now?
 A.—A rebid of one spade is our clear choice. The hand contains only 17 points in high cards and is therefore two points short of the requirements for a jump to two no trump. On hands of this type we find that it is superior strategy to open with one no trump in the first place.
 Q. 8—As South, you hold:
 ♠ K62 ♣ AQ9753 ♦ K742
 The bidding has proceeded:
 South West North East
 1 ♥ 1 ♠ 4 ♥ 5 ♠
 1 ♥ Dble. Pass 6 ♣
 Pass Pass Dble. Pass
 Pass Pass
 What is your opening lead?
 A.—The slam double convention should not apply to this case for it is very clear that East is sacrificing against your bid of five hearts because he cannot stand his partner's double. As the bidding has developed it is reasonable to suppose that West, the dummy, has a good spade suit so that the king of spades is trapped. There is a great likelihood that East is void of hearts and the recommended lead therefore, is the two of diamonds. It would be very surprising if partner did not have the ace of that suit.

Few Local Races In Nov. 8 Election

When it comes to local races, half of Howard County's voting population will have to be content with one race on election day, Nov. 8.

In two commissioner precincts, the contest between Walker Bailey, Democratic nominee and incumbent, and Mrs. Norman Spencer Jr., Republican nominee, for county superintendent will be the only local race to be decided in voting boxes 1, 3, 8, 12, 13, 14, 16, 17 and 19.

Those in Commissioners Precinct 2 (voting boxes 2, 9, 10, 15 and 18) will make a choice between Ray C. Nichols, incumbent Democrat, and Winston Wrinkle, Republican.

In Commissioners Precinct 4 (voting boxes 4-5-6-7, 11-20) there will be a choice between Billy Tune, who unseated incumbent L. J. Davidson for the Democratic nomination, and Will J. (Bill) Sheppard, Republican.

Commissioners of Precinct 1, Simon Terrazas, and Precinct 3, Joe Hayden, are holdovers.

Mrs. Pauline Petty, Howard County Clerk, and her deputies will have all election boxes for each voting precinct ready for judges to pick up two or three days ahead of the Nov. 8 voting date when polls will open at 8 a.m. and close at 7 p.m.

PLENTY BALLOTS
 Approximately 11,000 ballots have been printed for the election. No one seems to anticipate any possibility of there being a need for anywhere near that many ballots.

The ballots are nearly as large as a newspaper page. The left hand side lists all of the Democratic, Republican and other party candidates for national, state and district offices. The names of the five local

Democratic and Republican candidates are also listed on the ballots to be used in the respective voting precincts where their races are pertinent.

The right hand half of the ballot is required to list the titles and gist of the 16 proposed constitutional amendments.

Qualified voters will have to present poll tax receipts or exemption certificates. This is the last election, in all probability, where the poll tax receipt will have any significance in proof of voting qualifications. Next year, the voters will make use of voter registrar certificates which are to replace the poll tax in Texas.

JUDGE LIST
 Officials who will serve in the Nov. 8 voting precincts are those who were named to this duty last Valentine Day by the Howard County Commissioners Court.

The 20 voting places, the judges and their assistants are:

Pct. 1—North Side Fire Station, Andrew C. Tucker, judge; Mrs. Rufus Davidson, Mrs. A. R. Carter and Mrs. C. J. Sullivan, assistants.
 Pct. 2—Washington Place School, Loy Acuff, judge; Mrs. Oliver Cofer and Mrs. Carl Coleman, assistants.
 Pct. 3—Main and 18th Street Fire Station, Dan Conley, judge; Mrs. C. E. Shive, Mrs. V. E. Jones, and George Melear, assistants.
 Pct. 4—Fourth and Nolan Street Fire Station, Billy T. Smith, judge; Mrs. Billy T. Smith and Jerry Mancill, assistants.
 Pct. 5—Vincent Baptist Church educational building, Frank Whitaker, judge; Mrs. L. Appleton, assistant.
 Pct. 6—Gay Hill School building, O. R. Crow, judge; Mrs. Hollis Puckett and Lloyd Underwood, assistants.
 Pct. 7—R-Bar-Salem Church educational building, H. C. Reid, judge, S. P. Buchanan, assistant.
OTHERS
 Pct. 8—Cedar Crest school, L. R. Mundt, judge; Mrs. L. R. Mundt and Mrs. Perry Peterson, assistants.
 Pct. 9—Coahoma City Hall, B. G. Sheppard, judge; Hezzie Read Jr., assistant.
 Pct. 10—Forsan School building, Mrs. John Kubecka, judge; Mrs. D. L. Knight, assistant.
 Pct. 11—Centerpoint School building, E. L. Bynum, judge; A. A. McKinney, Lloyd B. Murphy and Alden Ryan, assistants.
 Pct. 12—Prairie View church educational building, Edgar P. Phillips, judge; L. M. Newton and Carl Grant, assistants.
 Pct. 13—Knott School building, J. D. McGregor, judge; Harrison Wood and Mrs. Holbert McClain, assistants.
 Pct. 14—Vealmoor Baptist Church, Robert Merrick, judge; J. S. Jackson and Roy Anderson, assistants.
 Pct. 15—Runnels Junior High School, Avery Deal, judge; Mrs. Lois Johnson, assistant.
MORE PRECINCTS
 Pct. 16—Park Hill School, Harvey Williamson, judge; John Currie, Mrs. H. C. Stupp and Mrs. R. H. Miller, assistants.
 Pct. 17—Gerald Harris residence, Rt. 1, Gerald Harris, judge; Wesley Yater, assistant.
 Pct. 18—2605 E. 23rd Street, Byron Neel, judge; Thelbert Camp, assistant judge.
 Pct. 19—Elbow School

building, M. H. (Silck) Boatler, judge; Jack McKinnon and T. E. Newman, assistants.
 Pct. 20—Crest View Baptist Church, Gall Rt., (Gatesville

Hearing Slated On Salary Hikes

LAMESA (SC)—A public hearing has been set by the Dawson County Commissioner's Court on a proposed salary increase for county officials and employees.

The proposal is for a \$600 per year raise for commissioners, which will up their salaries to \$4,500 annually. The top five elective officials including the county clerk, county judge, county clerk, county sheriff and county tax assessor would be raised to \$7,050 annually.

The increase, which has been included in the new budget for the coming year, would not be an across the board deal, County Judge Leslie Pratt stated, but would increase employees' salaries who were not receiving wages in line with economic conditions.

The hearing has been set for Dec. 10 at 10 a.m.

Air Force Under Secretary Visits Friday At Webb

Big Spring (Texas) Herald, Sunday, Oct. 30, 1966 3-A

Dr. Eugene T. Ferraro, deputy under secretary of the Air Force (Manpower) visited Webb Friday afternoon. He was greeted by Col. Chester J. Butcher, wing commander, and escorted in a tour of the base.

resources. Additionally, his responsibilities include the establishment and direction of research programs in manpower utilization, training and education.

Dr. Ferraro has more than 30 years experience in industrial management, the promotion of industry-government relations, and education. His activities have combined major management responsibilities in technical, administrative, financial and operations functions. He holds the National Security Industrial Association's James Forrestal Certificate of Merit and the Greer Award for 1962.

Waring Troupe Member Injured

LAMESA (SC) — Tony Greaves, son of Mr. and Mrs. Wayne Greaves, was one of the group on tour with Fred Waring who was injured in the recent bus accident, according to word received here by his parents. He is still confined to the hospital with a knee injury but expects to be released soon. He will fly home where he will recuperate before rejoining the group.

He is the author of numerous articles on education and training. He has published in such periodicals as the New Jersey Education Review, Secondary Education and Social Sciences.

Accompanying Dr. Ferraro on the visit was Brig. Gen. Dudley E. Faver, deputy director of personnel training and education; Col. Richard M. Mansfield, chief, Flying Training Division; and Lt. Col. Maurice L. Mullen, deputy executive to Dr. Ferraro.

Greaves, a student at Baylor University, recently joined the group for this seasons tour.

UNDER SECRETARY VISITS AT WEBB AFB

More Drives Over The Top

More United Fund campaigns were "over the top" this week, according to a newsletter published by the Texas United Funds.

Those towns with 100 per cent or more of their goal reached were Cross Plains, Fort Worth, Greenville, Hereford, Celina and Pampa. Nearing the goal, with 90 per cent reports, were Weimar, Dallas, Albany, Ennis and Waco.

The total Texas goal is \$32,486,313. Percentage-wise, this adds up to 72.56 per cent.

The Big Spring United Fund listed \$82,222.55 as of Friday afternoon, or about 60 per cent of the goal of \$139,877.51.

Helping contribute to UF efforts here were the 13 employees of Mathmaster, Inc., who gave \$206.20, or an average per employee giving of \$15.86.

A breakdown Friday was, out-of-town, \$9,864.50; big gifts, \$33,502; special gifts, \$5,456; employee, \$24,642.01; Webb, \$7,061.29; metropolitan, \$1,696.75.

Texas Business Activity In September Shows Increase

AUSTIN (AP) — Despite the decline in home building, Texas business activity in September was 10 per cent above September 1965, the Bureau of Business Research said Saturday.

September's seasonally adjusted index of 177.4 per cent of 1957-59 average was the highest September level on record and only three per cent below August's record 183.1 per cent.

"Despite the problems created by tight money," the bureau said, "the pressures of war demand plus a high level of consumer demand in a prosperous, consumption-oriented economy preclude the possibility of a cyclical downturn at this time."

"A sudden termination of hostilities is the principal factor that might cause a recession in the short run."

Residential construction permits dropped 24 per cent to 64 per cent of the 1957-59 base, lowest since March 1957. FHA new

home mortgage yields have moved up from 5.62 per cent to 6.51 per cent from Jan. 1 through August.

But, the bureau said, "As long as war-induced economic pres-

sures exist, this situation seems unlikely to be a source of general business downturn. Removal of this source of upward pressure (the Viet Nam War) would produce a cyclical downturn similar to the post-Korean war recession."

The seasonally adjusted business activity indexes for 20 cities shows six increases, 13 declines and one unchanged for September, compared with the August figures.

The increases: Corpus Christi 8 per cent, Laredo 6, Port Arthur 4, Amarillo 2, Fort Worth 1, and San Antonio 1 per cent.

The declines: Corsicana 21 per cent, Austin 13, San Angelo 9, Tyler 7, Houston and Texarkana 6, Abilene 5, Galveston and Lubbock 4, Beaumont 3, Wichita Falls 2, and Dallas and Waco 1 per cent.

El Paso's index was unchanged.

ACKERLY — Annual Homecoming for the Ackerly and Sands Exes is set for Nov. 5. A chill supper will be served at 5 p.m. in the school cafeteria as the opening event. The football game for the night is between the Sands Mustangs and the Sierra Blanca eleven.

After the game, the ex-students will hold a business meeting.

An invitation to all former Ackerly and Sands students to attend the homecoming has been extended.

Behemoths To Work

These are a few of the Euclid earth movers which will pile up to 7,500 yards of dirt a day when the Colorado River Municipal Water District's dam project at Robert Lee hits full stride. Note the size when compared to the man.

Giant Shoes

Some idea about the size of equipment can be had from the size of these tires in the stockpile. O. H. Ivie, general manager of the CRMWD stands beside some of the rubber needed on the big earth movers. (Photos by Joe Pickle)

Mountain Must Go

This "mountain" will have to be moved. This 80-foot high hill is situated in the middle of the emergency spillway area and will have to be chewed down to its base.

GOP Advised To Preach Moderation

WASHINGTON (AP) — Two organizations claiming progressive labels urged Saturday night that Republican candidates in the South preach racial moderation in an effort to defeat segregationist Democrats. One said failure to do so will be costly to the party.

Republicans for Progress and the Ripon Society said in a joint statement that victories of segregationists in Democratic gubernatorial primaries in Georgia, Arkansas, Maryland and Alabama "have provided the Republican party with an unparalleled opportunity to rally the forces of the future in the South."

Republicans for Progress is a GOP citizens organization headed by Charles P. Taft of Cincinnati. It includes former

members of the Eisenhower administration.

The Ripon Society, with headquarters in Cambridge, Mass., describes itself as "a group of young, progressive Republican intellectuals, professional men and activists."

In a separate news letter, the Republican leaders of the House and Senate for not coming up with any alternatives to President Johnson's "Great Society" programs.

Noting the vote of the House Republican Conference to hold Johnson "personally responsible" for the Viet Nam war, the newsletter said it "seemed an act of cowardice for Republicans in the House to disassociate themselves from action they once clamorously approved and now cannot improve upon."

Woman Hurt By Debris

POLAND, N.Y. (AP) — A jet fighter plane crashed Saturday, apparently after exploding in the air, state police said, and burning debris injured at least one woman in a house trailer.

The debris from the plane fell on Route 28, near this community northeast of Utica.

The pilot, Capt. William R. Kershlin Jr., 34, Ithaca, ejected safely and reported to his New York Air National Guard base in Syracuse by telephone.

He apparently was not hurt. The name of the injured woman was not determined immediately.

An air base spokesman said the engine caught fire and stopped.

The single-engined, single-seat F86H tactical fighter was traveling with a second fighter, also attached to the 138th Tactical Fighter Squadron of the Guard at Hancock Field, Syracuse.

Republicans May Win Austin Seats

AUSTIN (AP) — Political handicappers figure the odds are good that the lone Republican in the 1965 Legislature will have company next year.

That sole GOP representative among 180 Democrats—Frank Cahoon of Midland—faces a tough fight to reclaim his seat in the 1967 House, and no Republican is considered a shoo-in.

But both Republican politicians and others say there will be additional GOP strength when the legislature gathers Jan. 10. There also will be at least two—possibly three—Negro legislators, the first since Reconstruction days.

Much of the GOP legislative fortunes depend on how well Sen. John Tower, R-Tex., and the party's top candidate for Congress, George Bush of Houston, fare in the Nov. 8 voting.

Republicans are fielding their shortest list of legislative candidates in recent years, eight for the Senate, 34 for the House. That means 139 Democrats have no real opposition.

The GOP has high hopes for victory in two Senate races.

In traditionally conservative and often Republican Dallas, former GOP state Rep. O. H. Harris is given an even chance of defeating Sen. George Parkhouse, a 15 year Senate veteran, in the new North Dallas 8th District.

LABOR BACKING
Harris is one of six Republicans endorsed by Dallas labor unions. Parkhouse has been opposed by labor for years.

A Democrat who switched to the GOP last year, Rep. Henry Grover, is given a strong chance of defeating Rep. W. H. Miller in west Harris County's strongly conservative District 15.

Grover, a former school teacher, and Miller have had three House terms, compiling voting records viewed generally as conservative.

A big vote for Tower could also carry two other Republican state Senate candidates to victory, politicians say. They are Tom Crouch, running in District 16 of northeast Dallas County against Rep. Jim Wade, and Dr. S. L. Abbott, who is waging an active campaign against former

Reds Snap Moon Pictures

MOSCOW (AP) — A camera eye aboard an unmanned Soviet satellite clicked off pictures of the moon from lunar orbit Saturday, apparently to help choose a site for landing men on the moon.

The pictures were the first successfully transmitted to earth from an orbiting Soviet moon probe, duplicating a similar American feat in August.

Two of the Soviet pictures appeared sharp and clear on Moscow television less than an hour after the announcement that the spacecraft, Luna 12, was photographing the moon.

Luna 12 is the third Soviet satellite to orbit the moon this year. Luna 10, the first man-made moon satellite, took no pictures. Luna 11 apparently tried to transmit picture signals without success. Britain's Jodrell Bank Observatory picked up scrambled picture signals from it in August.

Moscow television showed two pictures of the moon's surface taken by Luna 12. Moon craters and light and dark areas of the lunar terrain were clearly visible on both.

The official announcement said the closest Luna 12 comes to the moon is 58 miles. Its far point is 940 miles. America's Lunar Orbiter 1, the first satellite to photograph the moon from lunar orbit, flew closer, to within 36 miles, in August.

Market Scores Third Advance

NEW YORK (AP) — A more comfortable feeling prevailed in Wall Street Saturday as the stock market raked up its third straight weekly advance.

Well-known stock market commentators were quoted as saying that there is a more cheerful economic environment that most people believe the worst is over and that better quality investment issues are more in demand than for months.

A return to basic investment value in the street seemed to be in the making as buyers picked up many of the top quality steels, utilities and rails.

The Dow Jones industrial average rose 20.66 to 807.96.

The Associated Press average of 60 stocks advanced 9.3 to 293.6.

For both averages it was the best advance since the week ended Oct. 15.

For the Dow, it was a rebound of 55.25 from the closing low of 744.32 made Oct. 7. This snapback was about as predicted by technical analysts who now believe the level of the Oct. 7 low should be tested to see if it will hold and provide the springboard for another rally. If the low survives such a test, analysts believe, the market will have formed a fairly trustworthy base.

Y Clubbers Going To Abilene

By JERRY MONSON

Fifty-four Big Spring High School students will experience some governmental training Nov. 5, when they participate in a pre-legislative training session of the Texas Hi-Y Youth and Government Program at McMurry College, Abilene.

The training program is promoted and developed through the Hi-Y and Tri-Hi-Y Clubs of the YMCA, under the auspices of the Southwest Area Council of YMCAs. It is a method of learning about government processes by providing students opportunities to study public issues, debate them, write legislation and participate in a youth legislative program.

MOCK BILLS

On the local level, the youth have drawn up mock legislative "bills," which will be sent to Abilene to be included in a "bill book" for the district pre-legislative session. Many Big Spring lawyers have helped the students draw the bills.

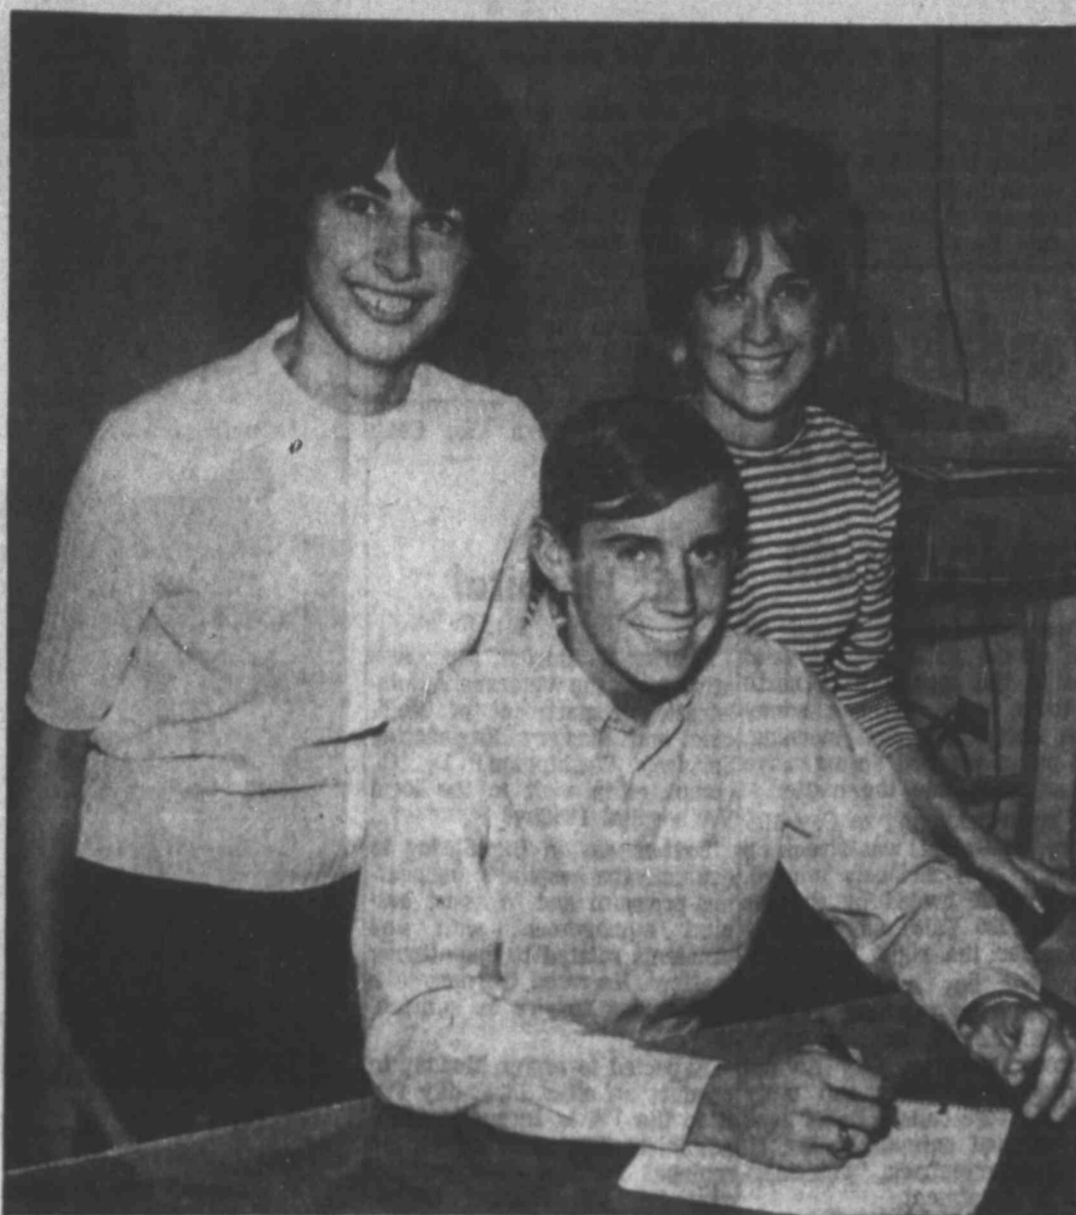

Participating in the pre-legislative conference will be representatives from Abilene, Midland and San Angelo, in addition to the delegates from Big Spring. There are nine geographical districts in Texas set up for the youth and government program, and Big Spring is the second district.

Youth officers will be elected at Abilene from the district delegates to positions in the Texas state government, all on a mock basis. Later, representatives from each of the district cities will attend the 20th annual state youth and government program in Austin Dec. 8-11.

DRY-RUN

The pre-legislative session will give student politicians the experience of a "dry run" session, before the big work begins in Austin.

Bills drawn up by the district clubs may, someday, go into actual effect, if any member of the State Legislature feels that the student-submitted bills should become law.

Another Bill Is Ready To Submit

Representatives of the Hi-Y and Tri-Hi-Y Clubs prepare to submit another bill in the pre-legislative conference of the Texas Hi-Y Youth and Government Program at Abilene.

Saturday. From left, Kay Slate, Randy Nicholson, Hi-Y Council president, and Julia Vaughn. (Photo by Frank Brandon)

Included on the program Saturday from Big Spring will be Kay Stator, district chaplain, who will offer the devotional; Kay Slate, who will act as journal clerk; and YMCA general

secretary Curt Mullins, who will conduct an officer training session with Grant Jones, Abilene. Rep. Omar Burleson is scheduled to give a brief talk on government.

who will compete at the pre-legislative conference with other prospective governors from the district.

Some of the bills submitted by the Big Spring clubs show that teenagers are concerned with driving problems, while others range to teenage voting.

ELECTION CODE

The Sophomore Hi-Y Club has submitted a bill authored by Bill Schwarzenbach, Kenny Brown, Cliff Cook and Kyle McAllister to amend the election code of the State of Texas to lower the age of qualified voters to 18, with emergency status, to go into effect Jan. 1, 1967.

DRIVING EXAMS

Elizabeth Moore and Jane Thompson have authored a bill for the Sophomore Tri-Hi-Y requiring re-examination of licensed drivers at six year intervals up to the age of 65 and two year intervals thereafter at age 65 and older.

JUVENILE NAMES

A bill providing for the prohibition of finger printing, photographing and publishing the names of juvenile offenders and declaring an emergency will be presented by Jack Cathey, Jimmy Wilson, Mike Irons and Mike Weaver of the Junior Hi-Y.

COURTS

Jill Lewis, Cynthia McNeese, Ann Heith and Debney Estes have authored a bill providing for a verdict in civil actions in district courts on the receipt of a verdict by a vote of 10 of the 12 jurors.

CHANGE BILL

Another driving license bill will be submitted by the Amici Tri-Hi-Y (senior girls) to provide that for renewal of operator's, commercial operator's or chauffeur's license a statement shall be printed on the form provided by the Texas Department of Public Safety stating that its owner has had no physical or mental change since the date his license was last renewed that would impair his ability to drive any vehicle which requires a license.

CYCLE BILL

The Alpha Hi-Y (senior boys) has authored a bill by Randy Nicholson, Roger Terry, Gary Turner, Robbie Robertson and Joe Howland to amend Article 6687B, Revised Civil Statutes of Texas, by adding provisions for separating licensing of operators of certain motorcycles and declaring an emergency.

"One of the essential aims of the YMCA is the development of Christian citizenship," Mullins said. "The Hi-Y Youth and Government Program is an attempt to stimulate older high school youths to think about their responsibilities as citizens."

"One of our aims is to prepare a selected group of young people for moral and political leadership in the American democratic process by providing guidance, training and experience in the theory and practice of determining public policy on the state level."

Viet Nam Returnee Will Make Vets' Day Address

Capt. Robert D. Gobble, recent Air Force returnee from Viet Nam and recipient of the Distinguished Flying Cross, will be the speaker for Veterans Day ceremonies at the Veterans Administration Hospital.

Donald D. Van Meter, hospital director, made the announcement at a special meeting held Friday to firm up Veterans Day plans.

Capt. Gobble was awarded the DFC a week ago at the wing parade at Webb AFB with a citation that reads, "After a successful strike against a heavily defended target deep within hostile territory, Capt. Gobble's wingman was forced to bail out after being struck by ground fire. Despite a low fuel state and no operational navigational aids, Capt. Gobble orbited alone in his F-105 in a heavy flak area with hostile fighters in close proximity..."

Capt. Gobble is currently assigned to Webb AFB as a T-38 instructor-pilot in the 3560th Pilot Training Squadron. The captain returned in June from a seven-month tour in Southeast Asia.

He was graduated from Clemson University, Clemson, S. C., in 1959, with a bachelor of science degree in mechanical engineering. He entered the Air Force with a ROTC commission in July, 1959.

The Veterans Day program will include musical selections by the Big Spring High School Band, under the direction of Bill Bradley. The band will play before and during the program, which is slated to start at 10 a.m. on the hospital grounds, weather permitting.

Mrs. Betty Ray Coffee will serve as master of ceremonies. There will be a presentation of colors, a welcome by Van Meter, and then Capt. Gobble's address. Members of the Gold Star Mothers will be honored guests.

Pythians Slate District Meeting

Knights of Pythias in the West Texas area will gather here Tuesday for a meeting called by Clarence West, Odessa, district deputy.

The session is scheduled at 7:30 p.m. in the KP Lodge Hall on Lancaster, and B. T. Chrane, chancellor commander, urged members of the host lodge to be on hand to welcome the visitors.

Delegates are expected from Big Spring, Midland, Odessa and El Paso.

Minor Accidents Are Investigated

Two minor mishaps were reported in the city Friday, with no injuries or major damage reported.

Avarose Gamble, 811 Wills, and Artie Rich, Coahoma, collided on the Ritz parking lot. At Fourth and Bell, Lillie Tredway, Garden City, and W. R. Newsom, 1400 Mt. Vernon, were in collision.

Miss Teen-Age America Contest Opens In Dallas

DALLAS (AP)—Teen-agers, a potent force in today's economy, have a week of their own in Dallas starting Sunday when 64 girls vie for the title of Miss Teen-Age America 1967.

It's the sixth annual pageant with prizes totaling the equivalent of \$23,000 for the winner, including a \$10,000 four year college scholarship.

Miss Collette Dalute of Paramus, N. J., the 1966 teen queen who is beginning language studies at Syracuse University, traveled more than 300,000 miles during her reign.

The next queen will be crowned Saturday at the climax of a 90-minute CBS telecast, and she may expect an even more rigorous year as the spokesman for the nation's 27 million teen-agers.

The 64 candidates and their chaperones arrived Saturday for their expense-paid pageant week. Sleeping hours are at a premium in between judging interviews to evaluate their intelligence, talent, integrity, good grooming, poise—and just plain personality.

The girls are between the ages of 13 and 17, with 56 chosen in local contests and the others selected as at-large candidates. There are no bathing suit contests, but every year during the talent screenings, the judges usually see their share of the teenage figure through song-and-dance acts.

It's a week when adults tune in as well as the teen-agers. Today's teens have an estimated \$14 billion to spend and predictions are that amount will rise to \$21 billion by 1970. They, in addition, influence what adults wear, listen to and watch, and invest in.

Few of the teens are expected to bolster the family income, as did many of their parents during the depression. And their allowances and paychecks from after-school jobs are free from the drag of rent, food bills, of medical charges.

They're able to blow their money as their whims dictate. "When Mother's Day came, teens spent more than \$100,000,000 on presents for her and had about \$70,000,000 left to spend for Father's Day gifts," says Jack Sladek of Teen America Associates, the sponsor of the Miss Teen-Age pageant.

One of every five high school student owns his car, Sladek says, and within five years nine per cent will do so. Already more than nine million young people hold driver's licenses.

In the midst of the affluent young are the puzzled adults. How can they reach the teenage market? The sponsors of Miss Teen-Age America—American Airlines, Dr. Pepper Co., Lincoln-Mercury and Puritan Fashions Corp.—found one way to relate their products to the young spenders.

Miss Dalute helped American Airlines inaugurate its youth fare last winter. Since then, other airlines followed suit and American estimates 2,500 teen-agers use the 50 per cent discount plan daily on its routes alone.

The bulk of Miss Dalute's traveling was on behalf of the car firm, promoting safe driving for teen-agers through films and personal talks.

Dr. Pepper and Puritan Fashions have obvious linkups with the young market — for who's more interested in clothes and soft drinks than a teen-ager?

"One of the essential aims of the YMCA is the development of Christian citizenship," Mullins said. "The Hi-Y Youth and Government Program is an attempt to stimulate older high school youths to think about their responsibilities as citizens."

"One of our aims is to prepare a selected group of young people for moral and political leadership in the American democratic process by providing guidance, training and experience in the theory and practice of determining public policy on the state level."

Travel Series Planned By Y

An "arm-chair" travel adventure series, sponsored as an informal education program by the YMCA and coordinated by Capt. James E. Swigart will begin Tuesday at 7:30 p.m. in the Reddy Room of the Texas Electric Service Co.

The series is open to the public, and there is no fee. Programs will be featured each Tuesday throughout November at 7:30 p.m.

"Motorcading through New England" will be featured Nov. 1, with G. G. Morehead as guide. On Nov. 8, "Superjet to Norway" will be presented, with Lt. Paal Ulsten as host. "A Portrait of the Holy City—Jerusalem" with the Rev. James A. Puckett as guide is planned for Nov. 15. Martin Landers will show "Wonderful Mexico" Nov. 22, and the Rev. Arville Senter will explain "Tanzania, East Africa," on Nov. 29.

The sponsors of Miss Teen-Age America—American Airlines, Dr. Pepper Co., Lincoln-Mercury and Puritan Fashions Corp.—found one way to relate their products to the young spenders.

Cosden proudly salutes another of its 'SENIORS' BILL STONE

Bill Stone learned his craft, welding, at Cosden and he enjoys it. An A Craftsman, he has varied assignments throughout the complex, ranging from welding high-pressure pipe to structural work.

Joining Cosden August 10, 1951 as a yardman, he became a winch truck driver. It was in 1954 that he moved into the welding department as a helper, developing his skill to the present level.

Stone was born in Stephenville and graduated from high school there. After six months in the USAF in 1946, he worked with a seismograph crew for a major oil company. Wanting to put down roots, he heard about Cosden and applied for a job.

He has three daughters, the oldest of whom, Janelle, is married to Frank Neil Jr. of Rankin. Donna, 13, is an eighth grader at Runnels Junior High who enjoys cooking. Margie, 9, is a fourth grader at Boydston. The Stone residence is at 1603 Eleventh Place, and their church home is Baptist Temple.

Among Stone's favorite diversions is trotline fishing, sometimes at Lake Corpus Christi.

Cosden Oil & Chemical Company

JESS PHARES

Jess Phares Heads DeMolay

The Leon P. Moffett Chapter, Order of DeMolay, held installation of officers Oct. 22 at the Masonic Lodge Hall, with Jess Allen Phares installed as Master Councilor.

Others installed were Burt Nix, senior councilor and Bill Bennett, junior councilor.

An installing team from the Odessa DeMolay Chapter was in charge of the ceremonies.

Recognized were Mothers Club officers, and E. O. Worthan, chapter dad, A. J. Prager, chairman of the advisory council, E. A. Fiveash, district DeMolay governor, and the Odessa DeMolay members.

Several Free Masons and 70 parents and guests attended.

Waves Of Enemy Strike New Troops

SAIGON, South Viet Nam (AP) — Bloodied in their first major action of the war, units of the U.S. 4th Infantry Division called in air strikes Saturday by B52 bombers from Guam, and smaller planes to help drive off North Vietnamese army regulars charging in human waves through jungle and elephant grass near the Cambodian border.

Foul weather cut air strikes on North Viet Nam Friday to 47 missions, about a third of the usual number. The U.S. command reported 413 planes have been lost over the North in the war. This was an increase of two over the 411 reported by the command Friday. The additional two lost planes had not been previously disclosed. At the same time, the command said a U.S. Air Force F100 went down 50 miles northwest of Saigon bringing losses over the South to 131 planes. The pilot was killed. The cause of the crash was not explained.

Vandals Maim Two Lambs In FFA Program

Two lambs being raised by lads in the FFA program and kept in the special barn north of town, were maimed sometime early Saturday morning, and police planned an extensive investigation into the matter. A lamb belonging to Coy McCann, 510 Gollad, was struck on the head and seriously injured, and another owned by Charles Hyden, 1725 Yale, was severely cut under the right leg.

Inspectors Visit Hospital

Charles W. Barton, representative from the Veterans Administration Department of Medicine and Surgery Engineering Service, Washington, D. C., completed a visit to the local VA hospital Friday. Barton was in Big Spring to evaluate the hospital's engineering program and to assist hospital management with any problems related to engineering matters. He rated the hospital's engineering service as satisfactory. Expected to arrive Monday to conduct an official two-day visit to the VA is Jerry Brannan, administrative assistant to the regional medical director, Region III, VA Central Office, Washington, D. C.

Dunnam's Team Low In Contest

Charles Dunnam won the donkey's plaque at Friday's meeting of the American Business Club, a symbol a team captain must keep with him for a week's time of the attendance contest now going on within the organization.

New Building At Research Center

LUBBOCK—Construction has started on a \$225,000 headquarters addition at Texas A&M University's South Plains Research and Extension Center, located eight miles north of here. The improved facility will boost the center's office and lab space from 10,912 to 22,230 square feet. Completion of the addition is scheduled for June, 1967. Architect is Howard Schmidt and Associates, Lubbock, and contractor is Hunter Construction Company, another local firm.

Mrs. Phipps Rites Monday

Mrs. Fieta Phipps, 76, Luther community resident since 1937, died Friday at 7:10 p.m. in a local hospital.

Services will be held Monday at 2 p.m. at the First Methodist Church, with the Rev. Leo K. Gee, pastor, and the Rev. D. M. Duke, pastor of the Church of the Nazarene, officiating. Burial will be in the City Cemetery, under the direction of the Nalley-Pickle Funeral Home.

She was born Nov. 14, 1889, in Red River County, and married Enoch N. Phipps Dec. 20, 1910, in Ballinger. Mrs. Phipps' family came to Runtels County in 1894 and lived there until 1937, when they moved to the Luther community. She was a member of the First Methodist Church.

Four Thefts Being Checked

Police Saturday were checking on four thefts and a foiled burglary.

Mrs. Bob Simpson, 1727 Yale, said a bicycle was stolen from her home. C. E. Milan, 1719 Purdue, reported his car stolen from the parking lot at Hall-Bennett Memorial Hospital.

Survivors include two daughters, Mrs. Virgil Little and Mrs. John Couch, both of Big Spring; two sisters, Mrs. Susie Hill, San Angelo, and Mrs. Annie Tounget, Ballinger; also three grandchildren.

Youngster Dies, Funeral Pends

Kimberly R. Pruitt, 13 months, infant daughter of Mr. and Mrs. Winfred C. Pruitt, 109 NE 9th, died Friday at 2 p.m. in a local hospital.

Services are pending at the River-Welch Funeral Home. She was born Sept. 24, 1965, in Big Spring.

Survivors include her parents; two brothers, Winfred C. Pruitt Jr., and Robert Jerome, of the home; the maternal grandfather, Dee Seages, Big Spring; the paternal grandmother, Mrs. Mamie Lee Jones, Big Spring.

Youth Wounded In Hail Of Shots

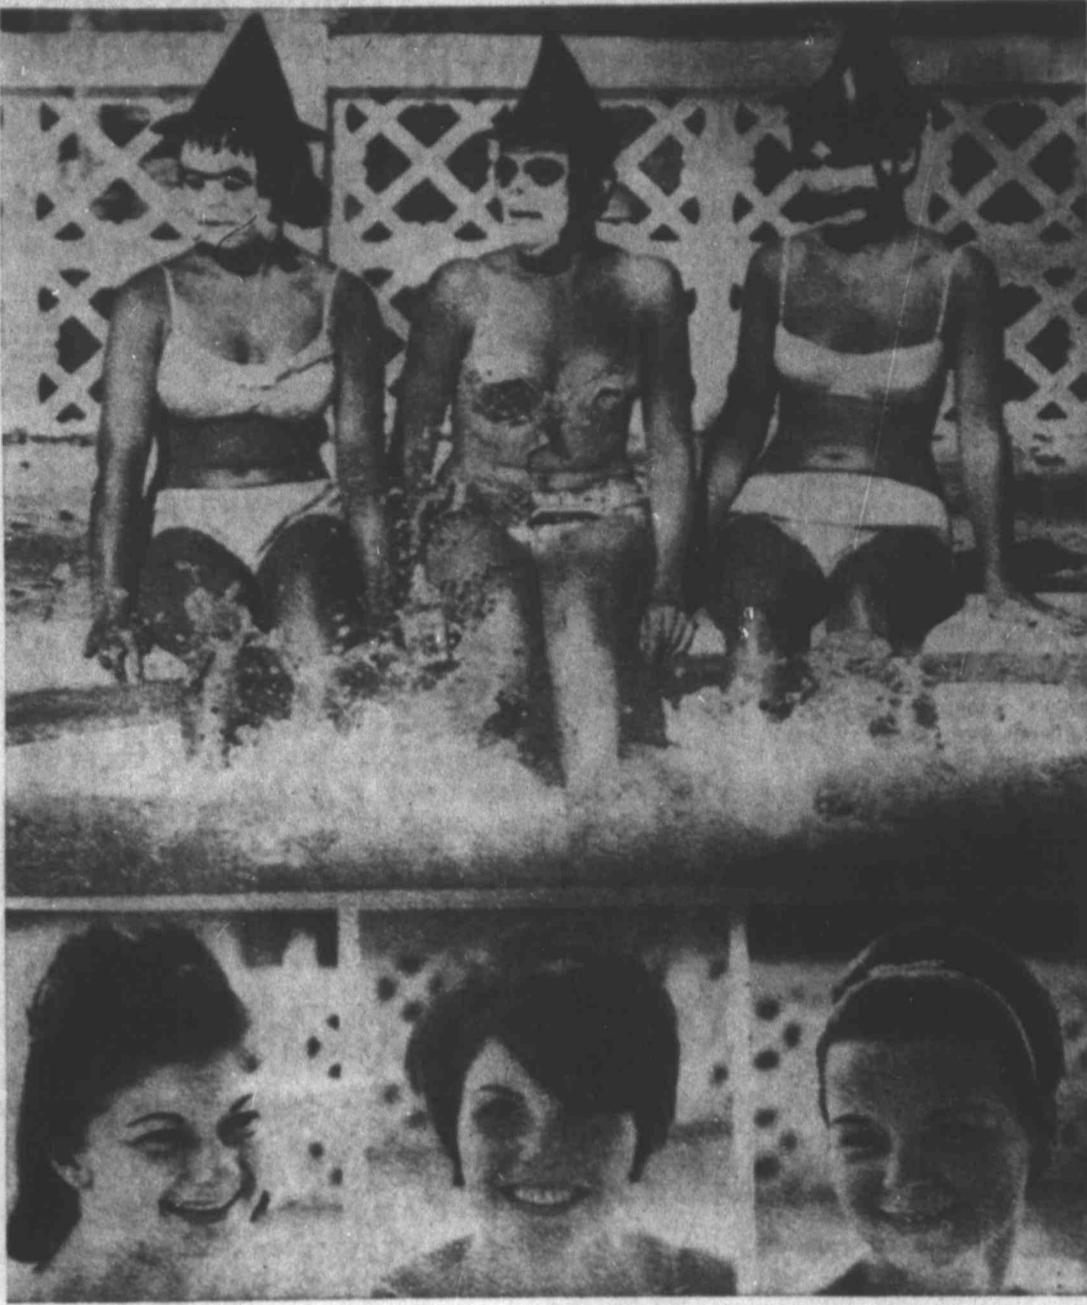

POMPANNO BEACH, Fla. (AP) — A burst of shots was fired into a parking lot as a high school football game broke up Friday night. A youth was critically wounded in the head.

Police said possibly as many as six shots had been fired from a .32- or .38-caliber weapon from a distance of 40 feet as two dozen persons were making their way to their cars. Apparently the only person hit was Henry Jackson, 19, who was admitted to a hospital for surgery. The bullet hit his temple and shattered.

About 2,000 persons attended the game, between Pompano Beach's Blanche Ely and Fort Lauderdale's Dillard, both Negro high schools.

Scouts Tour

Troop 214, sponsored by Baptist Temple, visited the police station last week. The 19 boys were toured through the building under the guidance of Sgt. Avery Falkner and Sgt. John Scott.

Trick And Treat

We've tricked you in the top picture, hiding the faces, but treated you to a look at lovely shapes. The combo at the bottom represent the "Witches" who are ready for Halloween Monday. From left are Donna DeFrees, Chittenango, N.Y.; Jan Mendelson, Queens, N.Y.; and Judy Flaherty, Irwin, Pa. They're stewardesses based in Miami, Fla. (AP WIREPHOTO)

Tower, Carr Keep Twin Campaign Issues Alive

By The Associated Press

Senate candidates John Tower and Waggoner Carr talked Saturday about inflation and Vietnam—two issues that have been constantly raised in their campaigns. Tower, who attended homecoming festivities in Georgetown at Southwestern University, his alma mater, criticized Carr for a statement on closing the North Vietnamese port of Haiphong. "He says he would not do that; he'd do only what Gen. (William) Westmoreland wants. Mr. Carr has no way of knowing what Gen. Westmoreland or any other field commanders in Viet Nam want because he has never talked to them and says he would not even go to Viet Nam if elected," Tower said. Carr, making a shopping center tour of Houston, accused Tower of talking one way and voting another on the inflation

issue. "He has voted for an amendment to a bill this year that would allow Northern manufacturers to set minimum prices on the products you buy," Carr asserted. "And he did not vote on the amendment to the poverty program to keep money away from leaders of riots... or groups who lead riots." Carr's office said he would end his campaign with a rally and statewide television address in Houston. The attorney general planned several major night rallies and live television speeches during the week, including talks in San Antonio, Dallas, Fort Worth, Beaumont and Amarillo. In a statement at Austin, Tower said Carr was quoted as saying he did not know how he would have voted on Medicare and civil rights. "I doubt very much that Tex-

ans want a senator so uninformed and indecisive, so weak and dependent on others that he does not know what to do," Tower said.

Rites Set For Wreck Victim

Funeral for Saul Lopez, 22, will be held at 2 p.m. today at Westover Baptist Church, with Rev. C. S. Pena officiating. Interment arrangements are pending at the Nalley-Pickle Funeral Home.

Lopez was killed in a car accident near Dumas Friday at 4 p.m. He was born here Feb. 24, 1944. Survivors include his wife, Mrs. Cecelia Lopez, Dumas; his father, Froyland Lopez Sr., Big Spring; two brothers, Froyland Lopez Jr., Abilene, and Froyland Lopez Sr., five sisters, Mrs. Rosa L. Alvarez, Mrs. Margarita L. Tacheco, Mrs. Yolanda L. Alvaro, Mrs. Lumina Rodriguez, all of Big Spring, and Mrs. Gloria L. Molina, Coahoma; maternal grandfather, Dulalio Florez, Big Spring.

Former Resident Dies At Brady

Clyde E. Terry, 80, a former Big Spring resident, died in Brady at 1:30 p.m. Saturday following an extended illness. He had been confined to a nursing home there for some time.

Funeral will be conducted at the Wilkerson Funeral Home at 2 p.m. today and burial will take place in the Brady cemetery.

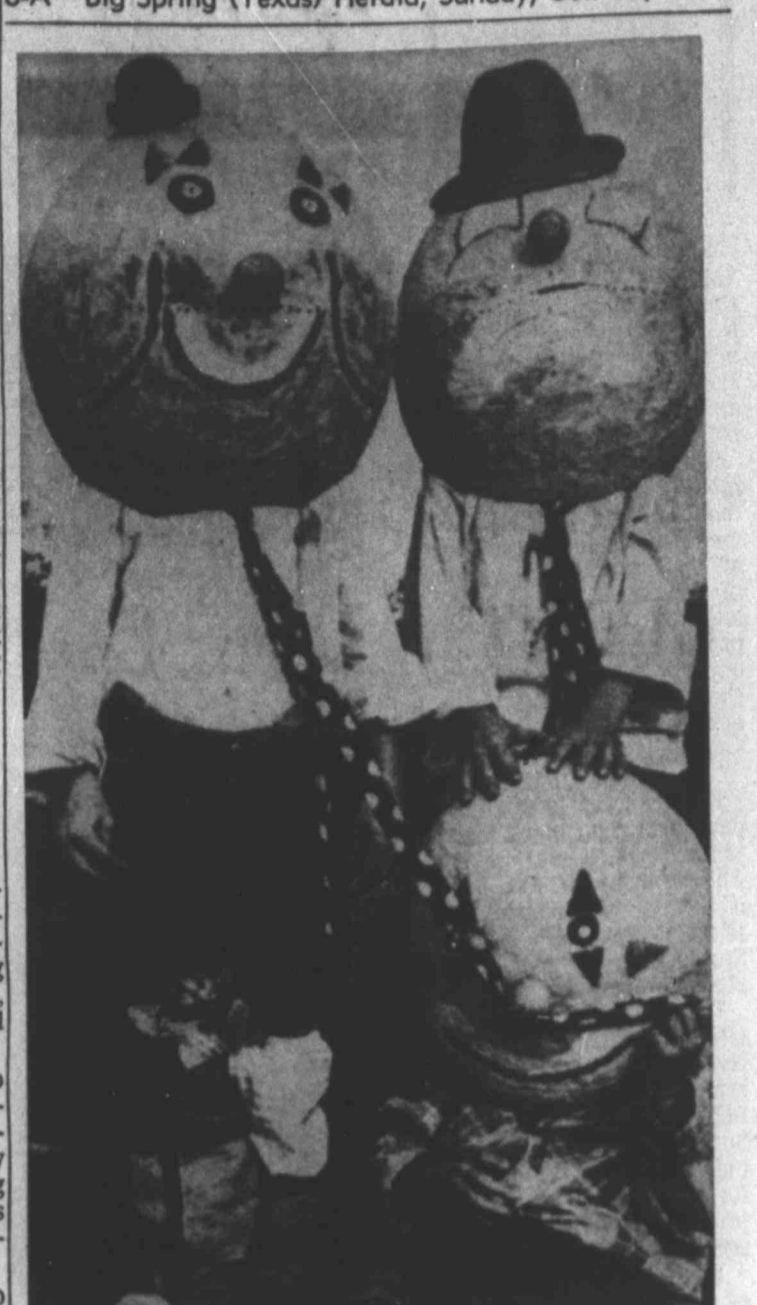

Terry, father of Mrs. Everett Wegman of Big Spring, had resided in and near Brady most of his life. Until his retirement, he was a farmer.

Others from Big Spring planning to attend last rites include Mr. and Mrs. Clyde Walker, Gary Walker and Mrs. Tommy Tompkins.

OUR APPRECIATION

We wish to thank all our neighbors, friends, and relatives for their expressions of sympathy, the flowers, all of those who brought food and the many other kind deeds performed during the illness and death of our loved one. We would especially like to thank Dr. Thomas and nurses at Hall-Bennett Memorial Hospital for their untiring care.

The Family of Herbert Reaves Scott.

Spooksville

Take three cub scouts, some papier-mache, add some imagination, and you come up with a recipe for some pretty spooky Halloween costumes. The three monster of an undetermined species are the handiwork of Jay and James Harmon, and Spencer Wilson. The "spooks" are members of a Grand Junction, Colo., cub scout pack. (AP WIREPHOTO)

Big Spring Week

With Joe Pickle

Continued From Pg. 1

home 17 miles southeast of here, apparent victim of an accidental gunshot discharge. He was the son of Mr. and Mrs. Ralph Williams. Then came word of the death in Viet Nam of Perryman, 22, whose wife, the former Judy Grant, resides at Coahoma, and of S. Sgt. Robert B. Green, 26, whose wife, the former Donna Karen Patterson, and daughter, reside here at 1006 Rosemont. He died of injuries in a plane mishap in Laos.

And then there was news that touched The Herald family personally with the heart attack death of Carroll R. (Rusty) Smith, our composing foreman, a master craftsman and a genuinely friendly soul whose daily ritual included circling the plant to see how everyone was doing. Before the weekend was out, Little Cesar Daniel Valdes, son of Mr. and Mrs. Danny Valdes, lost his long battle to leukemia. Danny does a lot of photographic work for The Herald.

The United Fund began to make some real progress last week with several large employee division reports coming in. The campaign is now near the two-thirds mark, and although the original target date is nearing, the momentum will carry over into another week or so.

Forsan County Line Independent School district can breathe easier now. Its contracts for new facilities at Forsan and at Elbow went under estimates instead of over—which is news, in itself. Bob Hunter, Lubbock, was the low bidder, with a proposal of \$228,484. Still to be let is a shops building project.

Housewives began to organize about a week ago in protest of rising food prices, but about the same time supermarket management announced it was cutting out raffle - dazzle promotions, etc., to concentrate on some price reductions.

Final reports submitted to the Texas Education Agency show the Howard County Junior College head count at 978, which is down 46 from a year ago. The semester hour count of 10,693 was down only 107 over the previous year, which is pretty close.

Senate confirmation of Frank Hardesty as postmaster came through before Congress adjourned, so the nomination became an actuality. Hardesty had been serving in an acting capacity for the past year since retirement of Elmer Boatler.

Volunteers were honored at the Big Spring State Hospital. Mrs. Robert T. Piner topped the list with 9,000 hours of volunteer service, followed by Mrs. Theo Ferguson with 4,500-5,000; Mrs. Ernest Nelson, 3,500; Mrs. Walter L. Ammon, Mrs. Hope Leyva, and Jack Smith, 3,000 each; and Mrs. H. C. Dewlin, 2,000. Add these and you come up with 27,000 hours seven people have given. Add to this the hours of many others honored and you come up with an amazing total. Incidentally, Charles Butts, who has done an outstanding job as chairman of the

years, handed over the duties to Louis McKnight.

Another institution changed reins, too, for Bill Pollard, who guided the Dora Roberts Rehabilitation Center through the transition into its new quarters, was succeeded by Don Womack. Response since moving into the new center facilities is so gratifying that the center did better on its budget than anticipated, and part of this is due to the fine work of its new volunteer group.

George Zachariah, who has been working with the Easter Seal group here for more years than most can remember, retired last week after two years as Texas president of the Easter Seal Society for Crippled Children and Adults. He was kept on the board, however. Besides his long work here, Zachariah served as vice president of the state group, as a member of its executive committee and on the board for many years.

Locally, everything is now about ready for letting of a contract for improvement of FM 700 west from Goliad to US 80 west. Judge Lee Porter last week said that an agreement had been reached on the last tract of roadway needed. A letting on this project may come during this month.

The political pot began to boil during the past week. Sen. John Tower came here for a brief visit in behalf of his reelection bid, and headquarters were opened. Countering this, Wesley Roberts, Seminole, was here to assist in opening of headquarters for Waggoner Carr, the Democratic nominee for the senate seat. Other candidates were stirring and there was some talk of the 16 constitutional amendments to be on the Nov. 8 ballot.

2nd Lt. Emmon T. Parrott won the ATC and the Flying Training Command citations, plus a letter as outstanding graduate when Class 67-C graduated here a week ago. Another Young officer, Lt. Leo Terrill, received double citation for his record in the supply school classes.

The Big Spring High School steers had their chances Friday evening to upset Abilene Cooper, but even in a 20-7 loss they could take pride in their efforts. Wipe out a dropped pass and a debatable call, and the Steers could have sacked it up. They played better than a week ago, and if they do as well this Friday, they could make it interesting for Odessa Permian.

County Tax Collections Running Ahead Of 1965

Total ad valorem tax collections received by the county tax office through the first 20 working days of October this year now stand at \$528,055.12, according to Mrs. Zirah LeFevre, tax assessor-collector.

She expects to collect another half million dollars between now and Nov. 1. "Each year," she observes, "our office collections for October are a million and better. This year, with \$528,055 already in the till we are in a better shape to reach that million dollar mark than we were last year at this time."

At this same date in 1965, she said, her office had collected only \$394,569.94. Last October's total collections wound up at \$1,024,430.69.

She said the explanation is simple. The county allows a three per cent discount on all taxes paid during October. Big taxpayers get their payment in during the month to benefit by the discount. These include Corden, for example, which paid its \$400,000 plus, tax bill last week; the mortgage companies which pay taxes on real estate in the county; building and loan companies, utilities, oil companies and others.

Harvesting Weather Holds Most Of State During Week

COLLEGE STATION (AP) — Harvesting picked up last week in Texas. John Hutchison, director of the Texas Agricultural Extension Service, said weather has been fine for harvesting, planting grains, plowing and hay baling.

Frosts and light freezes stopped warm season plant growth in several areas and the need for rain is beginning, he noted. Grazing was above average in most sections and livestock are in good to excellent condition. Hay supplies are good as stockmen shape up their herds.

ranges from adequate to short, cotton is opening and harvesting is picking up. Frost has been light. All livestock are in good condition and ranges will provide excellent winter feed. Labor continues short.

ADEQUATE

Moisture in the Panhandle was generally adequate except in Hartley, Hutchison, Lipscomb, Farmer and Potter counties. Heavy frosts and freezes stopped warm season plant growth and cotton and grain sorghum harvesting should pick up within a few days. Some wheat is being grazed.

Most counties in the West Central Texas district have received light frost and top moisture is needed in the central counties. Farmers continue to wait for a defoliating frost on cotton but the peanut harvest is past the half-way mark. A rain would insure the continuing growth of small grains which are still being damaged by army worms. Stock tanks are low in the Kerrville-Fredericksburg sector. Deer and Turkey numbers are above average and are in excellent condition.

Heavy rains Oct. 15 washed out some vegetables in the Lower Rio Grande Valley but the moisture was not general over South Texas. The district's cucumber harvest was listed as nearing completion as the cabbage and green bean harvests begin. Most of the small grains have been planted and some are off to a good start. An apparent decrease in the number of screwworm is beginning. Labor shortages are being experienced in some counties.

SHORT

Moisture in far West Texas

Moisture continues adequate over most of the Rolling Plains district where cotton harvesting is becoming more general. Major farm activities were listed as the planting of small grains, grain sorghum harvesting, baling hay and harvesting of pecans.

Newly elected directors to the board of city development are: Walter Buckel, Bob Capps, Elwood Freeman, H. W. Jobe, Al Langford, Gene Lee, Buddy White and Phillip White.

NEW OFFICERS

Newly elected officers of the Chamber of Commerce are: Marshall Middleton, president; J. D. Dyer Jr., vice president and Dallas Woods, treasurer. Pat Ryan is chamber manager. LeRoy Olsak is the outgoing president.

NEWLY ELECTED

Newly elected directors to the board of city development are: Walter Buckel, Bob Capps, Elwood Freeman, H. W. Jobe, Al Langford, Gene Lee, Buddy White and Phillip White.

Elector Roll Has Hit 1,846

A steady stream of electors have been reporting to the office of Zirah LeFevre, county tax assessor-collector, to qualify themselves to vote in the elections of 1967.

DEAR ABBY

Rules For A Husband

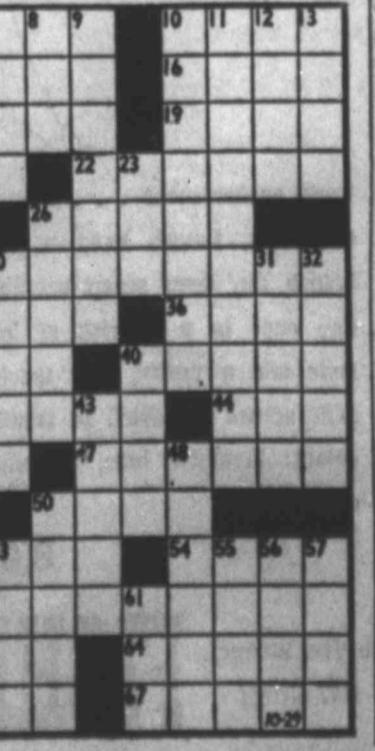

DEAR ABBY: Last year you wrote THE TEN COMMANDMENTS FOR THE 20TH CENTURY WIFE. Our minister liked it so much he asked for your permission to reprint it in our church bulletin. You graciously consented. Much has been said and written about a wife's duties and responsibilities in marriage. Will you please even the score and write TEN COMMANDMENTS FOR THE 20TH CENTURY HUSBAND? Sincerely yours, SANTA MONICA FAN

DEAR FAN: With pleasure, TEN COMMANDMENTS FOR THE 20TH CENTURY HUSBAND:

MEN IN SERVICE

PFC. Pat W. Murphy, son of Mr. and Mrs. Lloyd B. Murphy, Rt. 1, is home on leave before going to Camp Pendleton, Calif. for further duty. He enlisted in the Marine Corps March 9, of this year.

PAT W. MURPHY

After going through boot camp at the Marine Corps Recruit Depot in San Diego, Calif., he took infantry training at Camp Pendleton. He was transferred to Camp LeJeune, N. C. and was trained in the field artillery section of the Second Marine Division.

Pvt. Darrell G. Scitern, 17, son of Mr. and Mrs. D. W. Scitern, 2220 S. 1st, Lamesa, completed a petroleum specialist course at the Army Quartermaster School, Ft. Lee, Va., Oct. 14. During the seven-week course, he was trained in storing and shipping petroleum products used by the Army and in pipeline operations and handling aviation fuel.

1st Lt. Thomas R. Pickle of Big Spring is now on duty with U.S. combat air forces in Southeast Asia.

Li. Pickle, son of Mr. and Mrs. Joe Pickle, 2903 Cactus Drive, is assigned to a forward combat base as an aircraft maintenance officer.

He was commissioned in 1963 upon completion of Officer Training School at Lackland AFB.

A 1957 graduate of Big Spring High School, he attended Howard County Junior College and received a B.A. degree in 1963 from Texas Technological College, Lubbock. He is a member of Alpha Phi Omega and Kappa Alpha Order.

Daniel D. Roberts, son of Mr. and Mrs. Ferlie E. Roberts of Rt. 1, Philo, Ohio, has been promoted to staff sergeant in the U.S. Air Force.

Sgt. Roberts is an aircraft equipment repairman at Webb AFB with the 331st FIS, of the Air Defense Command.

The sergeant is a graduate of Philo High School. His wife, Mildred, is the daughter of Mrs. E. R. Cawthron of 1110 Owens, Big Spring.

ABSENTEE COUNT

Climbs To 134

With six days remaining before the deadline, there have been 134 absentee votes cast in the Nov. 8 election. Deadline for absentee voting expires at 5 p.m. Nov. 4.

Mrs. Margaret Ray, chief deputy in the county clerk's office, said the office has mailed out 50 and has handled 84 ballots voted in the office.

ELECT JUDITH SPENCER . . . COUNTY SCHOOL SUPERINTENDENT THIS OFFICE WILL BE ABOLISHED

HOW: The Legislature May Abolish This Office By Statute

STATE REPRESENTATIVE TEMPLE DICKSON . . . by letter to Judith Spencer, Aug. 8, 1966 . . .

"If the people of Howard County reflect a desire to abolish the office of County School Superintendent by electing you, I would consider myself bound by that decision, and I would comply with your request to pass legislation abolishing the office."

THIS IS THE WAY THE VOTERS TELL THE LEGISLATURE THAT THEY NO LONGER WANT THIS OFFICE AFTER THERE ARE NO LONGER ANY COMMON SCHOOLS IN THE COUNTY FOR THE COUNTY SUPERINTENDENT TO SUPERVISE. MANY OTHER COUNTIES HAVE ABOLISHED THIS OFFICE BY THIS METHOD.

THIS OFFICE CAN ALSO BE ABOLISHED BY SPECIAL COUNTY WIDE ELECTION INITIATED BY PETITION, BUT THIS TAKES MORE TIME AND DOES NOT ABOLISH THE OFFICE UNTIL THE END OF THAT TERM. WHEN THE LEGISLATURE ABOLISHES IT, AS JUDITH SPENCER PROPOSES ABOVE, IT TERMINATES IMMEDIATELY. THE LEGISLATURE WILL BE IN SESSION NEXT JANUARY!

WILL JUDITH SPENCER DO THIS? SHE HAS ALREADY DONE IT IF ELECTED BECAUSE REPRESENTATIVE DICKSON HAS COMMITTED HIMSELF TO THIS IF SHE IS ELECTED.

CAST YOUR VOTE FOR JUDITH SPENCER TO ABOLISH THIS OFFICE AND SAVE \$18,000.00 every year.

WHEN: As Soon As Mrs. Spencer Is Elected, She Will Request Rep. Dickson The Drafting Of The Bill Necessary To Abolish This Office . . . To Be Presented To The Legislature As Soon As Possible.

It's time to lend a hand again

WINGS OVER BIG SPRING

Keeping 'Em Flying For T-41 Phase Is Big Job

By JERRY MONSON
Wilmer H. Moore and Curtis W. Compton are two men that "keep 'em flying" at Howard County Airport — flight supervisor and contract manager for the T-41 phase of primary pilot training at Webb AFB.

Moore, as flight supervisor, is in charge of scheduling pilots, aircraft and instructors. Compton, contract manager, is in charge of the standardization and proficiency of instructor pilots and also acts as the liaison between the Air Force and the flying contractor. Both men instruct and give check rides in addition to their regular duties.

Moore was born in Easton, Md., attended college in Baltimore, and then joined the Army Air Force. During his 23 years in the armed forces, he flew a number of different aircraft, including the P-38 "Lightning," P-51 "Mustangs," F-80s, F-86s and F-100s.

Compton, born in Paris, Tex., and educated at El Paso and the University of Utah, joined the Army Air Force in 1941. He spent five years in the enlisted ranks and then was commissioned and spent the remainder of his 23-year career as an officer.

He principally flew the C-47, B-25, B-29, B-50, C-54 and KC-97. He spent 12 years in the Strategic Air Command.

Both men are in charge of 17 instructor pilots and 20 T-41 aircraft which are utilized in the primary training phase.

THEY KEEP 'EM FLYING
Wilmer H. Moore and Curtis W. Compton

Up in the Cessnas of Big Spring Flying Club this week were Donald McKinney and Mrs. Charles Neefe, both on cross-country flights, and John Stanley.

Doug Swartz and Terence Mihok. Also flying the 150s were Rick Haines, Earl Powell, Less Murray, Rolando Tapia, John Vucel, Gail Andrews, Roger Drake, Bob Winders, Tom Blando, Wes Pearce and Tom Thomas.

Murry Cook took a cross-country trip this weekend. John Denges was the only person up in the 172. Lee Turner logged some cross-country hours to Abilene and Lubbock.

ROBERT DAVIS

Purple Heart Medal Given Posthumously

COLORADO CITY (SC) — A Purple Heart medal, awarded posthumously to Pfc. Robert Davis, 20, Mitchell County's first Viet Nam casualty, was presented to his parents, Mr. and Mrs. Buster Davis, Colorado City, Saturday at 2 p.m. in a public ceremony at the Civic House.

The presentation was made by regular army officer, Lt. Col. Harold Winchester, Fourth Army advisor of San Angelo. The award was made before a color guard supplied by the National Guard unit at Big Spring.

Davis was killed about noon on Aug. 12 while engaging in a search and destroy operation north of Toy Hoa in the mountains of Viet Nam. His commanding officer, Capt. Lucius Reeves of the Second Battalion, airborne, wrote that Davis was out "on point" ahead of his patrol and discovered a Viet Cong ambush. Capt. Reeves said that Davis charged into the Cong position, firing until he was killed. Reeves said that Davis undoubtedly saved others who might have become victims of the ambush.

Good Attendance At Pack Meeting

COAHOMA (SC) — There were 31 boys at the Pack 45 meeting Thursday in the Presbyterian Church, with Packmaster James Renfro in charge. Three Dens, Numbers 1, 2, 3, had perfect attendance. Benny Ray Fishback and Kenneth West received Bobcat pins, and Johnnie Darden received the Lions Badge and gold arrow point. He is also moving into the Webelos Den. Pat Shields is cubmaster of the Webelos.

Mrs. L. S. Boyles was introduced as the new den mother of Den 4.

Boys Do Good Turn

Boy Scout Troop 216, sponsored by Baptist Temple, believes in the good turn slogan to the point it did a troop good turn by cleaning up the round-up grounds in the City Park area. Led by Elton Carlisle, scoutmaster, and Doyle Hale, the boys cut tall weeds, cleaned up the area, installed new rope on the flag pole, and made other improvements.

KAYSER HAS THE GIFT FOR FASHION

Pure enchantment . . . this shift from Kayser's Intrigue Collection. Lavish hand-cut lace blossoms gracefully embellish the deep scoop neckline while the sweeping hemline ends in a flourish of lace. Delicate, tucked chiffon buds add a pretty, new touch to the lace blossoms that drift across the skirt. In small, medium and large in new colors: lavender blue, lavender pink, black, white, pink, or peach.

Guilty Pleas Reduce Docket

A flood of guilty pleas in Howard County court for misdemeanor cases in the last weeks sharply reduced the current criminal docket, according to Dee Jon Davis, county attorney. However, Davis ruefully pointed to a pile of red-jacketed files on his desk and noted that Friday's filings of new complaints almost offset the gains made.

Recent guilty pleas, many of the cases being on the docket which closed Friday in the court, include:

Elton Byrd, drunk, \$100 fine and costs; Allene Bond, possession of liquor on premises licensed only for beer, one day in jail and costs; Paul Limer, drunk, \$10 fine and costs; Luis Rios, carrying arms, \$100 fine and costs; John Overton, DWI, \$50 fine, costs in the case, and three months probated; Martin Gehling, shooting a dove after dusk, \$25 fine and costs.

Touchdown Trot

Chris Gilbert (25), University of Texas back, scampers around left end and managed to stay clear of Southern Methodist's defensive end Jim Wood (61) and go all 78 yards for a touchdown. The run came early in the first period of their game at Austin Saturday. SMU won, 13-12. (AP WIREPHOTO)

Partee's Field Goal Sinks Texas, 13-12

AUSTIN, Tex. (AP)—Dennis Partee kicked a 32-yard field goal with 18 seconds remaining in the game, and Southern Methodist edged past Texas 13-12 Saturday in a bruising Southwest Conference game. The dramatic victory, set up by Bill Bradley's fumble at the SMU 33 when the Longhorns were driving, kept the Ponies unbeaten in conference play with a 3-0 record. Texas fell to 2-2 and is probably out of the running.

DALLAS IS TOPS

Hawks Picked To Finish 2nd

Howard County Junior College, in a poll conducted among the area's coaches, has been picked to finish second behind Dallas Baptist College in Region V basketball the coming season.

Dallas Baptist, formerly Decatur, received 89 points in the voting while HCJC had 61.

Behind the Jayhawks in the 16-team region, listed with the points each school received, were:

Ranger College, 47; Odessa, 36; South Plains, 33; Cisco, 28; Lubbock Christian, 25; Hill County, 25.

The Hawks experienced their first losing season in many years last season but returned most of their players. HCJC opens its campaign Nov. 19 in Odessa.

Priced at \$5.50 for adults and \$3 for students, season tickets to home games of the Jayhawks have gone on sale at three locations here: The school's business office, Jerry's Barber Shop and the Bowl-A-Rama.

HCJC plays its first home game Dec. 2, hosting the Texas Western freshmen.

Spartans Win By 22-0 Tab

EVANSTON, Ill. (AP)—Michigan State, the nation's No. 2 team, clicked spasmodically to subdue stubborn Northwestern 22-0 for the Spartans' fifth straight Big Ten victory and seventh of their undefeated season.

Although Michigan State could not score more than one touchdown in any quarter, the Spartans' great defense held Northwestern to only six rushing yards.

Michigan State's versatile attack produced only two impressive scoring drives. One came the first time the Spartans had the ball and they rolled 74 yards on 11 plays with Clint Jones scooting nine yards around end for the touchdown.

The second Spartan touchdown came on fullback Bob Apisa's one-yard plunge after quarterback Jimmy Raye's 31-yard pass to end Gene Washington that came on the third play after Dana Woodring's mere 12-yard punt only reached Northwestern's 34.

The Spartans finally came alive again midway in the final quarter, smashing 91 yards in 17 plays for a touchdown on Washington's end zone grab of a nine-yard Raye pass.

The deepest Wildcat penetrations were to Michigan State's 23 in the first period and to the

Cowboys Lose To Ram Club

FORT COLLINS, Colo. (AP)—A fired up Colorado State University football team upset 10th ranked University of Wyoming 12-10 Saturday.

Colorado State Rams broke a 10-year losing skid to the Wyoming Cowboys, who entered the game with a 6-0 record.

The Rams scored on two field goals and a touchdown in the last half after trailing 7-0 in the first two quarters.

Al Levan kicked a 33-yard field goal in the third quarter and one for 22 in the fourth. Colorado State's first touchdown came on a trick play, a lateral in the third quarter which caught Wyoming flatfooted.

Bob Wolfe, quarterback, bounced the ball on the ground to Larry Jackson, halfback, standing on the Wyoming 40. Jackson then passed to tight end and co-captain Tom Pack who was standing in the end zone.

Wyoming 7 0 0 3-10
Colo. State 12 0 0 0-12

McMurry Shaded By SW Texas 11

ABILENE, Tex. (AP)—Southwest Texas staged a second-half rally to defeat McMurry 17-0 in a Lone Star Conference football game Saturday.

David Morrison kicked a 23-yard field goal in the third quarter. Later Reese Morrison plunged over for the first Southwest Texas touchdown.

Huskers Slam Old Mizzou

LINCOLN, Neb. (AP)—Eighth-ranked Nebraska's strapped Missouri with a tenacious defense Saturday and rambled to a surprisingly easy 35-0 Big Eight football victory before a record Memorial Stadium crowd of 65,095.

The regionally televised Cornhusker victory ran Nebraska's regular season win string to 17 games and fortified the Huskers bid for a fourth straight conference crown.

Missouri, its own title hopes jolted by a 10-1 tie with Iowa State last week, was left with a 4-2-1 mark for the season—2-1-1 in the bowl.

A pair of touchdowns in each of the second and third quarters put the game out of reach of the Tigers and Husker coach Bob Devaney turned the game over to second stringers for a one-touchdown final period assault.

So stiff were Nebraska defenses that Missouri was able to cross the midfield stripe only once before the game's waning moments and that incipient second quarter threat was choked off when Larry Wachholtz punted a Gary Kombrink pass.

Missouri 0 0 0 0-0
Nebraska 0 14 14 7-35

Palmer Leader By 7 Strokes

BRISBANE, Australia (AP)—Arnold Palmer, millionaire golfer from Latrobe, Pa., shot a record eight-under-par 68 Saturday and his nearest competitor trailed 54 holes in the Australian Open.

Palmer now has fired consecutive rounds of 67-70-66 for 203 over the 6,850-yard Royal Queensland course where par is 36-38-74. Kel Nagle, veteran Australian traveling pro, is second at 210. He has a 71 in the third round. The final 18 holes will be played Sunday.

Wreck Buries Blue Devils

DURHAM, N.C. (AP)—Georgia Tech raced to a 24-7 first half lead over fumbling Duke and went on to crush the Blue Devils 47-7 Saturday behind the running and passing of reserve quarterback Larry Good.

There was little doubt about the outcome after Tech, eighth ranked, rammed 60 yards for a quick first period touchdown. Wingback Craig Baynham scored from the four.

Good, filling in for injured Kim King, had runs of 15 and 11 yards in the scoring drive. Then in the fourth period, he raced 37 yards for a touchdown as the Yellow Jackets turned the game into a rout.

Georgia Tech 7 17 3 21-48
Duke 0 7 0 0-7

Barton Sets Pace In Tulsa's Win

CINCINNATI (AP)—Injured quarterback Greg Barton came off the bench in the second quarter and led Tulsa, the nation's passing leader, to a 13-0 victory over the University of Cincinnati in a Missouri Valley Conference football game Saturday.

Barton connected on 15 of 23 passes for 170 yards and two touchdowns. Flankerback Neal Sweeney caught nine passes for 115 yards and scored one touchdown.

Razorbacks Rip Up Aggie Playhouse

COLLEGE STATION, Tex. (AP)—Arkansas scored the first three times it had the football under the guidance of Jon Brittenum, gave a glittering demonstration of defense, then resumed its parade to the goal line to crush Texas A&M 34-0 Saturday night as David Dickey scored four touchdowns.

The Arkansas victory left Southern Methodist the only unbeaten team in the Southwest Conference race and brought a tie for second between the Razorbacks and the Aggies.

Southern Methodist beat Texas 13-12 Saturday to take the undisputed lead at 3-0. Arkansas and Texas A&M each have a 3-1 record.

Fired-Up Raiders Humiliate Owls

HOUSTON, Tex. (AP)—Statistics of the Texas Tech-Rice game:

Stat	Texas Tech	Rice
First downs	21	21
Rushing yardage	184	154
Passing yardage	221	179
Poses	12-22	16-35
Yards per possession	15.3	13.1
Punts	5-42	4-37
Fumbles lost	4	2
Yards penalized	48	25

HOUSTON, Tex. (AP)—The fired-up Texas Tech Red Raiders, sparked by the clutch passing of quarterback John Scovell, raced to a 35-19 Southwest Conference football victory over spluttering Rice Saturday.

Tech, a 10-point underdog, scored 28 points in the second quarter as the Red Raiders ran up their highest conference score since beginning league play in 1960.

Scovell, a junior from Dallas, mixed his plays well, sending a stable of running backs through the Rice line when he was not passing.

Mike Lelner and Roger Freeman each scored two touchdowns and Bobby Allen took a 30-yard scoring strike for the other. Kenny Vinyard converted after each one.

Rice managed to score after Tech had built up a 21-point lead when quarterback Robert Halley passed six yards to Chuck

Mountaineers Get Tie With Tabbies

MORGANTOWN, W. Va. (AP)—Sophomore Pete Secret, who wasn't on the roster at the season's start, passed for one touchdown and ran for another Saturday as inspired West Virginia tied favored Kentucky 14-14.

A 67-yard pass play from Pastrana to Van Heusen in the third quarter broke open what had been a tight defensive battle and ended a brief 2-0 South Carolina lead.

Van Heusen made a finger tip catch of the pass from Pastrana around midfield, broke a tackle as he caught it and out sped South Carolina defenders to the end zone.

The Terrapins iced their victory with a five-yard scoring pass from Pastrana to Collins early in the fourth quarter, capping a drive that started after Collins returned a punt 33 yards to the South Carolina 22.

Bisons Upset Oklahoma In Big 8 Bout, 24-21

BOULDER, Colo. (AP)—Colorado countered Oklahoma's long distance touchdown strikes with a bone-crunching ground attack that overtook the Sooners 24-21 Saturday in Big Eight football.

Eddie Hinton's 93-yard punt return and Jim Jackson's 90-yard dash through left tackle for Oklahoma touchdowns sent Colorado reeling, but each time the Buffaloes regrouped under the generalship of quarterback Dan Kelly for equalizing scores.

The big break for Colorado came early in the fourth quarter when Oklahoma center Chuck Williamson passed over the head of punter Tom Stidham on fourth down and Colorado's Dick Anderson recovered on the Sooners' 18.

Three plays later Wilmer Cook, who scored from the two earlier, charged nine yards into the end zone for the winning score with 13 minutes left.

Neither team threatened seriously the rest of the way.

Jackson broke through left tackle and, without a Colorado man touching him, raced 80 yards for a touchdown on Oklahoma's first offensive play.

Colorado took the ensuing kickoff on an 86-yard trip in 16 plays for the tying touchdown, a three-yard pass from Kelly to Larry Plantz, kneeling in the right hand corner of the end zone after falling.

Colorado took a brief third period lead on Cook's short run before Oklahoma pulled ahead 21-14 on Bob Warmack's 18-yard run and Hinton's punt return.

John Farrier's 25-yard field goal in the third quarter pulled the Buffaloes within 21-17, setting up Cook's winning run.

Drake Lashes North Texas

DES MOINES, Iowa (AP)—Drake survived a two-touchdown uprising by North Texas in the final quarter Saturday and behind the passing of quarterback Ron Royer beat the Eagles 17-13 in a nonconference football game.

In a contest fought almost entirely in the air, Drake was leading 17-0 when the Texans' quarterback Vidal Carlin, playing for the first time since he suffered a back injury two weeks ago, put the Eagles on the move with two scoring thrusts.

In the closing seconds North Texas struck again and was on the Drake 23 when the Bulldogs stopped the drive as the clock ran out.

Through the first three quarters it was all Drake.

Royer, who had 13 completions in 31 attempts, set up the first Drake touchdown on the one-yard line and plunged over himself.

Mainly Sarnowsky, the nation's leading receiver, booted a 19-yard field goal for the Bulldogs' second score and Drake started the final quarter with another touchdown on a one-yard run by Ron Oswalt.

With 9:15 left North Texas drove to the Drake 18 on passes of 25 and 30 yards from Carlin to John Love and Carlin scored on a quarterback sneak. Drake was forced to punt. Carlin's 21-yard toss to Jim Russell put the ball on the Bulldogs' 8 and he hit Tom Ritchey on a 5-yard scoring pass.

Drake now has a 6-1 season record. North Texas is 5-2.

Maroons Lose To Alabama

TUSCALOOSA, Ala. (AP)—Unbeaten Alabama used three touchdowns passes by senior quarterback Wayne Trimble, a second stringer most of the year, to beat Mississippi State 27-14 in a Southeastern Conference football battle Saturday.

Trimble hit end Ray Perkins with a 26-yard scoring pass in the second quarter, connected with Jerry Duncan on a tackle eligible pass in the fourth period, then found Perkins again for a 37-yard scoring pass.

Steve Davis boomed field goals of 35 and 31 yards and kicked three extra points as the defending national champions kept their record unblemished with their sixth consecutive win of the season.

State drove for a touchdown in the fourth period after defensive halfback Bill Kaiser intercepted a Tide pass and added another with seconds left in the game.

The Bulldogs' first score was on a three-yard run by wingback Prentiss Calhoun.

Then with three seconds left in the game, quarterback Don Sager threw an 11-yard scoring pass to Calhoun.

Edison Batters Goliad, 44-16

SAN ANGELO — San Angelo Edison Junior High thrashed Big Spring Goliad, 44-16, in a ninth grade football game here Saturday afternoon.

The Crimson Tide led, 30-0, at half time but the Mavericks bounced back for two third period touchdowns.

Tommy Ryan made both TD's for Goliad, one on a 30-yard run and the other on a five-yard plunge and counted 2 PAT'S.

After the second Big Spring score, Gary Hughes passed to Tony Dean for the two extra points.

Leg In His Head

The leg of Notre Dame's Bob Gladieux (20) appears to be protruding from front of a Navy tackler's helmet as he and teammates try to stop the Irish rush in third period of Saturday's game in Philadelphia. Two plays later Gladieux scored. Notre Dame won, 31-7. (AP WIREPHOTO)

Hanratty-Led Irish Throttle Sailors

PHILADELPHIA (AP) — Terry Hanratty turned on the Notre Dame ground power when Jim Seymour's absence crippled his air arm Saturday and led the top-ranked Irish to their sixth straight victory, 31-7 over Navy.

Four interceptions, three of them by linebacker John Pergine, helped Notre Dame throt-

tle the Navy offense. The middies did break the Irish three-game shutout string when John Bergner blocked Bob Gladieux's punt and recovered for a fourth period score.

Hanratty sneaked over for two Notre Dame TDs and Larry Conjar and Gladieux each scored once.

Joe Azzaro, whose 42-yard

field goal was the only score of the first period, added the extra points.

With both the 6-foot-4 Seymour and Paul Snow, his normal replacement, unable to play because of injuries, Hanratty was far from the passing marvel of early season. He completed only three of 14 and had two intercepted in the first half.

The Irish, a four-touchdown favorite, struggled through an erratic first half in which their offense produced only 102 yards, 67 on the ground.

However, that big line, led by 6-5 Kevin Haroy and those strong linebackers, threw back the only Navy threat when the Irish held for downs on their 29, stopping a first-period Navy march.

Notre Dame 3 7 14 7-31
Navy 0 0 0 7-7

Nine Trophies Awarded In Field Trial Here

The American Field-sponsored trial, a two-day event staged by the Permian Bird Dog and Sportsman Club, winds up today with a morning run open to open-class dogs only on the McDowell Ranch southwest of town.

As of Saturday evening, a total of a dozen animals had been officially filed for competition. The trial gets under way about 8:30 a.m. and continues until about noon.

Competition was completed in three classes of competition Saturday, with 23 dogs taking part — 12 each in the American Puppy and Amateur Shooting Dog classes and four in the American Derby.

Three trophies were awarded in each division of competition. Big winner was Roy Smith of Big Spring, whose entries copped two firsts and two thirds.

Only two trophies were authorized by American Field in the American Derby trial won by Diddle Dandy but a third award was made by the club.

The dogs entered in the Open class will be trying for cash awards.

Saturday's show was enlivened by four rattlesnakes who showed up to see what all the excitement was about and who created a little static electricity on their own before they were dispatched by officials of the club.

Smith's Pride

One of the many hunting dogs Roy Smith has in his kennel is Peggy Cindy Lou (above), second place winner in a derby held at Decatur earlier this month. Smith was a big winner in Saturday's trials held on the McDowell Ranch.

The public is invited to watch the competition this morning, at no charge.

Results:

Amateur Puppy Class
1. Tiny Poor Boy, owned by Roy Smith, Big Spring; 2. Flying G, owned by Barron Graves, Flying G Sports Ranch, Big Spring; 3. Gun Smoke, owned by Roy Smith, Big Spring.

Amateur Shooting Dog
1. Diddle Dandy, owned by Frankie Campbell, Abilene; 2. Judy Smoke, owned by Cecil Jones, Big Spring; 3. Luminary Kate, owned by Ed Edwards, Big Spring.

Amateur Derby
1. Tornado's Tiny, owned by Roy Smith, Big Spring; 2. Tiny With Speed, owned by Lee Freeze, Big Spring; 3. Peggy's Linda Lou, owned by Roy Smith, Big Spring.

Anson Trims Wolfpack

COLORADO CITY—The Colorado City Wolves led briefly Friday night, but the Anson Tigers came back and won the District 5-A game 20-15.

Anson scored first with two-thirds of the first quarter gone when Jim Faulks passed 12 yards to Mike Brown. Eddie Andrus added the extra point.

Donny Higginbotham electrified the fans with a 97-yard kickoff return, and Glen Nix scored two points on a keeper.

Unshaken, Anson promptly drove 77 yards in nine plays with Faulks hitting Brown for the final 27 yards. Moments later, Faulks went up the middle for nine and another tally.

Higginbotham plunged for two yards and the final C-City score as the fourth quarter opened after a punt had been blocked on the Anson 22. Red Hot Higginbotham turned in another dazzling run in the second, an 86-yard TD scamper that was nullified by a clipping penalty.

Bronchos Surge Past Lee Rebs

MIDLAND—Midland Lee's Rebels had the heady experience of being in the lead here Friday when Tommy Orloff plunged for a four-yard TD in the first quarter. It didn't last, however, and Odessa's Bronchos won 28-7.

Within three plays of Orloff's score, Odessa had evened it on Eddie Harris' toss to Gary Chancellor for 39 yards. Harris hit Tommy Doran for two extra points. Harris, on a keeper, went for four yards and a score in the second. Mark Clapman added to the margin in the third by hammering in from the one. Gary Priddy concluded the scoring with a 32-yard run in the fourth period. Beam added the extra point. This boosted Odessa to 2-3 for District 2-AAAA as they come face to face Friday with San Angelo's Bobcats. Midland Lee is 0-5.

East Texas Turns Back Howard Payne, 10-7

COMMERCE, Tex. (AP) — East Texas State continued as a front-rank contender for the 1966 Lone Star Conference grid title by defeating Howard Payne 10-7 Saturday.

The Lions went ahead in the first quarter on Curtis Guyton's 35-yard field goal. In the second, Henry Luman took a 6-yard pass from Jim Adams for an East Texas touchdown and Guyton kicked the extra point.

Howard Payne scored in the third quarter on an 8-yard pass

Boilermakers Eke Out 25-21 Win

LAFAYETTE, Ind. (AP) — Purdue's Bob Griese shook off five pass interceptions and hurled the Boilermakers to a 25-21 victory over Illinois Saturday on a touchdown in the final 80 seconds.

The victory gave Purdue sole possession of second place in the Big Ten football standings and the inside track to the Rose Bowl.

Lumberjacks Win

NACOGDOCHES, Tex. (AP) — Stephen F. Austin built a three-touchdown halftime lead on two long runs and hung on against a fourth quarter Sam Houston rally to win its homecoming football game 21-14 Saturday.

two pass interceptions by line-backer E. A. Gresham led to Alford's two field goals. Gibbs' kick into the wind died on the Baylor one, and, on the exchange of punts, TCU took over at the Baylor 41. A 14-yard run by quarterback P. D. Shabay helped move the ball into field goal range, and Alford's 32-yard effort was perfect.

Gresham stole a Terry Southall pass late in the second period and sped 16 yards to the Baylor 18.

The loss chilled Baylor's Southwest Conference title dream and virtually barred the Bears' from the Cotton Bowl once again.

Their last conference title came in 1924.

The victory severed a three-game TCU losing streak and squared its conference record at 2-2. Baylor now is 1-3 and 3-3 for the season.

Alford, who missed his first collegiate extra point a week ago as TCU bowed to Auburn 7-6, kicked field goals of 32 and 48 yards, both in the first half.

Then the spirited Christian defense repulsed two serious Baylor scoring drives in the final two periods, one that carried to the 17 and another to the 22.

Bear safety Jackie Allen raced 78-yards with a punt for an apparent touchdown late in the third period but a 15-yard penalty wiped out the play.

The Bears' fumbled on the next down, and Danny Cross recovered for TCU at the Baylor 18 as the quarter ended. Alford, with an opportunity to insure the victory, missed a 29-yard field goal attempt.

He got another opportunity in the fourth period, from the Baylor 24, but missed again.

A critical 59-yard punt by Donnie Gibbs and the first of

Sputtering Pitt Loses To Orangemen, 33-7

SYRACUSE, N.Y. (AP) — Syracuse turned a fumble and a pass interception into early touchdowns and went on to smother sputtering Pittsburgh 33-7 Saturday in a homecoming football battle.

Speedster Floyd Little pried open the Orange scoring gates

midway through the opening period when he slashed one yard off tackle after Herb Stecker pounced on a Pitt fumble on the Panther 12.

Defensive halfback Tom George added a twisting, 58-yard scoring run down the left sideline after intercepting a pass from Pitt's Mike Elliott on the Orange 42.

Rick Cassatta engineered Syracuse's second touchdown, moving the Orange 80 yards in five plays and hitting Oley Allen in the end zone with a 35 yard pass.

Sophomore Jim Del Gaizo, who alternated with Cassatta, put Syracuse ahead 26-0 at halftime with an eight-yard toss to end Dick Towne.

Bronte Outlasts Gorillas, 13-12

TRENT —The Bronte Longhorns put together two touchdowns in the second quarter and held on to nudge Trent 13-12 in a 4-B football game here Friday night. Both teams were undefeated going into the game.

Buckeyes Upset By Minnesota

MINNEAPOLIS, Minn. (AP) — Curt Wilson and John Wintermute shredded Ohio State's defenses for more than 100 yards rushing apiece and Minnesota's offense made the crucial plays in the Gophers' 17-7 upset victory over the Buckeyes in a regionally televised Big Ten football game Saturday.

The victory gave the Gophers a 2-1-1 Big Ten record and dropped the Buckeyes to 1-3.

Michigan Wears Down Wisconsin

MADISON, Wis. (AP) — Jim Detwiler crashed for two touchdowns and helped produce another with a 51-yard kickoff return as Michigan wore down fumbling Wisconsin 28-17 Saturday in a Big Ten football game.

Detwiler scored on two plunges from the three-yard line and set the stage for a 23-yard touchdown romp by Dave Fisher with his kickoff return to the Badgers' 36.

Wisconsin, trailing 14-7 at halftime, blew glittering scoring opportunities in both halves against the Wolverines — a team that blew apart Minnesota 49-0 a week ago.

Langston Winner

LANGSTON, Okla. (AP) — Langston University rolled to a 40-8 homecoming football victory over Bishop College of Dallas Saturday.

By TOMMY HART

ABILENE — The football legions of Abilene Cooper ended a football jinx forever here Friday night but, in so doing, had some of the glitter hacked off the reputation.

The Cougars corralled the Big Spring Steers, 20-7, with a fine show of offensive strength, winning their first game ever from the visitors. Eliminate a penalty on a pass interference call, however, and a fumble and Big Spring might have won.

The Longhorns came to play and even after they got two touchdowns behind refused to roll over and play dead for the Cooper team.

POOR SUPPORT

Judging from their support at the gate, the Cougars have some fair weather friends or there was a mass exodus of Abilene fans to San Angelo,

where the crosstown Eagles were playing the Bobcats. Not over 5,000 patrons were in attendance and many of those had their ears tuned to radios for report on the carnage that resulted in the Concho City.

Big Spring actually had a slight edge in the statistics and was cracking the backs of the Cooper ball carriers at the end. It was something to see.

Big Spring got on the board first, after Gary Rogers—who played perhaps his finest game ever—intercepted a Jack Mildren pass that was tipped by Mitch Robertson on the Steer five. Benefitting from some fine blocking along the way, the Big Spring carrot top stampeded all the way to Cooper's 40 before he was arrested.

From that point, he and his teammates got the score in six plays. Rogers himself carried it in from the 1 1/2 yard line, with 4:52 left on the first period clock. James Carver got the PAT on a kick.

Cooper took the ensuing kickoff and marched in for the tying TD before the quarter ran out,

with halfback Kenny Stephens lugging it over from 20 yards away on a great second-effort run. Stephens appeared to have been stopped around the five but refused to go down. That march covered 66 yards of real estate and embraced six plays. When Stephens ran the ball, two minutes were left on the clock. Dana Beck added the PAT on a boot.

MILDREN DOES IT

With one minute to go in the half, Cooper scored again when Mildren powered over in a run up the middle from one yard away, at the end of a 57-yard march. The Cougars needed a dozen plays to get the 'go-ahead' tally. Beck again made good on his extra point kick.

In the third, Cooper drove deep in Big Spring territory but appeared to run out of gas when a pass interference call at the Big Spring three recharged its batteries. Stephens ran for the score from that point.

Jon Harrison set the drive in motion by intercepting a fourth-down pass at the Cooper 17. Only 38 seconds were left on the third period clock when Stephens went over.

A grimly determined Big Spring club took advantage of a wretched Cooper punt in the fourth to take charge at the enemy 26. On a fourth down pass, Joey Baker gathered in an aerial thrown by Rogers and cruised to the enemy one but a hard tackle by Mildren jarred the ball loose and Cooper took over out on the three.

Robert Jackson was tremendous, both as a pass receiver and a defender for Big Spring and might have made All-District with this masterful effort. He caught five passes, some of them under near impossible conditions.

ALMOST LOOSE

Richard Cauley got behind the Cooper defense to accept a perfect heave from Rogers and flee 60 yards to the Cougar 29 before he was flagged to earth by Randy Allen. Harrison came up with his interception a short time later, however, to blunt the Steer surge.

Kirby Horton did some notable running for Big Spring, as did Lonnie Clanton and Rogers.

Big Harold Jones fired in several times to drop Cooper ball carriers behind the line and let everyone know that he didn't have to pay to win a choice vantage point. Carver, Jackson, Rogers and Don Malone were some of the others who were un-awed by Cooper's reputation and were bringing the Cougars up short as they tried to get something going.

It was a good effort and one that gave every promise that the Bovines may yet return to the trophy room.

Score by quarters:
Cooper 7 7 6 0—27
Big Spring 7 0 0 0—7

LORLAINE—Forsan, showing a great ability to bounce back after some frustrating reversals, defeated Loraine, 14-0, in a District 4-B football game here Friday night.

The Buffaloes, who crowded both of their TD's into the third quarter, now boast of a 5-2 overall record and are 2-2 within the league.

Chiefs Given Nod In Bout

KANSAS CITY (AP) — Kansas City risks its Western Division lead in the American Football League against unpredictable Houston here Sunday and the game could hinge on whether George Blanda, Houston's old pappy guy, is hot or cold.

Pop-Son Tourney Scheduled Today

The Municipal Golf course today will be the scene of the annual Father-Son tournament, an 18-hole event staged for members of the Big Spring Golf Association.

Forsan meets Robert Lee Friday at 7:30 p.m. in its annual Homecoming game.

Loraine penetrated deep into Forsan territory on two occasions but coach Oscar Boeker had changed his defense and the Bisons held on.

Jack Ellis managed Forsan's first touchdown on a 25-yard run, after which Larry Callahan ran across the two extra points.

Forsan then recovered a Loraine fumble out on the enemy 35 and chugged on down to the two, from which point Clayton McKinnon bruised on through for the score.

In the opening period, Forsan powered his way to the Loraine two but lost the ball on downs.

Two of the Buffs did so well on defense, they earned stars for their helmets. Linebacker Ray McKinnon came up with 15 tackles to win such a distinction a second time. Mike man Ellis also had 15 tackles to win the honor for the third time.

Forsan had a decided edge in the statistics but both clubs were frustrated on fumbles and penalties.

YARDSTICK ON BS-COOPER

These adults without sons can "borrow" a player. The five low shooters in handicap play will share in the prizes, along with the two shooting low gross. Starting time is 1:30 p.m. Entry fee is \$1 per team. Charley Bailey is the tournament chairman.

Baylor In Action, Before Injury

The Lakers' Elgin Baylor steals the ball from Dick Van Arsdale of the New York Knicks in Friday night's game in Los Angeles. Shortly before Baylor injured his right knee. The Lakers said it will be three or four days before they can tell when Baylor will be able to play again. Los Angeles won the game, 124 to 114. Others in the picture include Emmette Bryant (7) and Walt Bellamy (8) of New York, and Jim Barnes (23) of Los Angeles. (AP WIREPHOTO)

San Angelo Wakes Up In Last Half To Win

SAN ANGELO — The Angry Orange looked like a piece of sick liver at halftime here Friday before the San Angelo Bobcats pulled themselves together and overcame a 14-0 Abilene Eagle halftime lead. The Bobcats won handily, 27-14.

Tornadoes Shade SA Lake View

LAMESA — Still looking like the class of West Texas as well as District 3-AAA, Lamesa's Tornadoes turned a pass interception into a first quarter score, added a field goal in the second, and sat back for a 10-0 victory over Lake View here Friday.

Lamesa has a 3-0 district record, while Lake View is 2-2. Russell Dennis picked off a Lake View pass and ran it back 75 yards for a TD in the opening round. Gene Everhart booted the extra point, then from the Lake View nine in the second canto, he calmly added a field goal.

Dove went the last five yards on a pitchout. Mullins plunged for two critical points. A break quickly turned the tide. Jerry Taylor, back to punt on fourth down for Abilene, was thrown instead for an 18 yard loss. Abilene gave ground stubbornly and it took Mullins three plays from the one to get the TD. Newman's kick put Angelo ahead for good.

Newman took an 8-yard pitchout to ice the game in the fourth, and Mullins kept for six yards and the final score just before the end of the game. Abilene, with its back to the

wall, thwarted the Bobcats with interceptions, with Bill Catlett returning one 27 yards to start a scoring drive. Rodriguez ran for 25, and when it looked like things were stalled, Dale Douglass passed to David Richardson in the end zone.

Determined to get even quickly, San Angelo ran and passed rapidly to the Abilene eight, when Mullins' pass was picked off by Richardson who stumbled, then regained his balance and ran it back for a TD that stunned a homecoming crowd of 16,000.

San Angelo was way ahead statistically with 19-6 first downs, 250-42 rushing, and almost even passing 44-47.

Terriers Upended

NEW BRUNSWICK, N.J. (AP) — Jim Dulin, an American soccer-style placekicker, booted his way into the Rutgers record book Saturday with field goals of 33, 42 and 30 yards that provided a 16-7 victory over Boston University.

Goliad Wins Two Of Trio

Goliad won two of three starts in seventh grade football games with cross-town Runnels here Saturday morning.

The Goliad Blacks came from behind to topple the Runnels Colts, 8-6.

Three big plays got the Goliad score in the final quarter. Mike Lowery passed to Cal Lowery for 20 yards. Eric Robinson ran for 30 yards and Jim Bob Owens got the TD on a 25-yard scamper. Adams passed to Owens for the vital two points.

Mike Yarber went over for Runnels in the second from the five.

Goliad's Cowboys also beat the Oilers in another game, 20-0, but the Runnels Packers won, 36-0.

Bill Stewart scored for the Cowboys on a 30-yard end sweep in the first and Scott Knight tacked on the two extra points.

Buzzy Carlile counted the second Goliad TD in the opening period on a 15-yard off tackle jaunt. Matthew Brady got the third in Round Three on a 20-yard end sweep.

On defense, Ricky Thedford, Dennis Johnson, Knight, Jesse Henry, Mike Cramer and Jeff Murdock excelled for Goliad.

In the Packer victory, Danny Thornton intercepted a Goliad pass in the first period and ran ten yards to score. Albert Puga tacked two points onto the board on a conversion run.

John Mitchell got the second Runnels TD on a 25-yard sprint and Puga passed to Thornton for 30 yards and the third score. In the fourth, Mitchell crossed the double stripes from 30 yards away and Arthur Trevino made the two extra points on a run.

David Hickman managed the final Packer score on a 30-yard run after intercepting a Goliad pass. Puga followed with the two extra points on a run.

Garden City Bearkats Hang On To Triumph

GARDEN CITY		SANDS

2 for 35	Penalties, Yards	3 for 31	
2	Fumbles Lost	3 for 2	

By JERRY MONSON
ACKERLY — The Garden City Bearkats mauled the Sands Mustangs, 19-16, in District 3-B play here Friday night.

Coach James Blake's squad played good ball in the late third and early fourth stanzas but were unable to ward off the Bearkats' precision.

The first quarter was void of any real action, but the Sands stampede began early in the second period, when the ponies gained possession of the ball and kept it for 70 yards, enabling Merwin Beal to scamper across the goal on a 90-yard run for the first touchdown in the game. Sands' mainstay, Larry Oaks, ran across for the two extra points to put the

Permian Bombs Midland High

ODESSA — Permian's Panthers capitalized on two recovered fumbles and some long runs to crush the Midland Bulldogs, 41-0, here Friday night. So massive was the Permian effort that it had 420 yards rushing and 69 passing to 64 rushing and 89 passing for the visitors.

Permian promptly drove for 68 yards to start the game, William Stewart keeping for the last eight yards. David Routh went 11 yards after Permian had pounced on a Midland fumble moments later. In the second quarter, Billy Dale carried the last two yards of a 95-yard drive. Stewart booted 58 yards around right end for a third quarter tally, followed quickly by Gary Horner's 75-yard run for another. The final score came in the fourth when Billy Rogers plunged over to end a short drive that resulted from a Bulldog fumble.

Robert Lee Wins Over Hermleigh

ROBERT LEE — The Robert Lee Steers shut out Hermleigh 30-0 with touchdown in the first three quarters. Robert Lee is now 3-1 in District 4-B play. Devoli opened scoring with a three-yard plunge in the first. He tossed a 35-yard pass to Randy Hall in the second. Roy Blair powered in from two yards in the third, followed quickly by a four-yard carry by Devoli into the end zone. The fourth quarter was scoreless.

Ackerly team out in front, 8-0. John Wyckoff of Garden City led the Bearkats to their first scoring of the game shortly afterward, when he romped 15 yards to cop GC's first TD.

Not to be outdone, Oaks grabbed the ball at the 21-yard line deep in the Bearkats' territory and dashed through the front line of the 'Kats' defense to pull the home team out front by 14-6, and then ran across for two extra points to shove the scorecard to 16-6.

But then the Sands surge wilted, as Wayne Halfmann pulled a quick-thinking turn to left end and ran 75-yards easily to pull Garden City back into the game at 16-12.

This gave the Bearkats the spark they'd been waiting for, and, with the help of Ronnie Hirt late in the third stanza, pulled the visitors out front, 19-16 on a TD and extra point kicked by Hirt. Hirt passed to Tony Chandler for the score on a 41-yard play.

The fourth stanza was plagued by penalties for the visitors and fumbles by the home team, who never regained their second quarter spark.

Wyckoff did some tremendous punting for Garden City, twice putting the Mustangs in the hole with 40-yard boots. He quick kicked once to push the Ponies back inside their 15.

Guard Wayne Trantham, halfback Gary Vaughn and Wayne Halfmann played fine defensive ball for Garden City while Randy Hambrick, Joe Garfias and Larry Newcomer all were effective on defense for Sands.

Sands is now 3-3-1 for the season, while Garden City shows 4-2-1. In district play, GC is 1-0, and Sands is 0-2, having suffered an earlier trouncing by Sterling City.

SCORE BY QUARTERS:

SANDS	0	16	0	0-16
Garden City	0	12	7	0-19

TDs: Sands—Beal, Oaks. Garden City—Wyckoff, Halfmann, Hirt.

Sterling Winner Over Gail Club

STERLING CITY — Hospitality didn't extend to the gridiron here Friday night when Sterling City's Eagles welcomed the Borden County Coyotes. The Eagles promptly staged a convincing 24-12 upset. Wayland Foster pushed three touchdowns across for Sterling, plus two extra points. Collin Douthit and Alex Edillo each added a pair of extra points. Don Nunnally scored in the first to give Borden a lead, but Sterling went ahead in the second to stay. David Lansford scored again for Borden in the fourth. Both times try for extra points failed.

LOOKING 'EM OVER

Leonard 'Most Improved'

By TOMMY HART

South Plains Junior College of Levelland is readying a big, new coliseum, with which it hopes to lure the Region V Basketball tournament away from HCJC by 1970 . . . The local school inherits the big meet in the spring of 1968 from Amarillo, at which time the American Business Club will serve as co-sponsor . . . Region V now has sixteen schools: Amarillo, Odessa, Phillips (Borger), Clarendon, NMMI, Cisco, Ranger, Dallas Baptist, Southwest Christian of Dallas, Schreiner, Lubbock Christian, South Plains, Weatherford, Hill County and New Mexico JC (Hobbs), in addition to HCJC . . . In addition, two Colorado schools, Lamar and Trinidad, are seeking admission because their own region was dissolved . . . Incidentally, the National Juco Athletic Association tried to break up Region V some time ago, planning to send part of the schools into the Oklahoma region and the others (including HCJC) to Region 14 in East Texas . . . Lee Leonard, who has grown an inch and put on 20 pounds, may be the most improved HCJC basketball player next season . . . Coach Buddy Travis of the Hawks feels much better about his team this season than he did last year, because the new unit seems determined to be more cohesive . . . Vernon Hartin, the former Big Spring High School cage mentor, is not now the coach at Jacksonville Baptist and R. C. Moore, another ex-Big Spring, is no longer officiating basketball in the Southwest Conference . . . When Phoenix Junior College defeated NMMI in football, 28-25, recently, the lead changed hands seven times during the contest . . . Big Spring's Charley Johnson of the St. Louis Cardinals now ranks sixth among NFL passers with 92 completions in 166 aeriels for gains totaling 1,168 yards and nine touchdowns . . . Sonny

BUDDY TRAVIS

Jurgenson of Washington has thrown for gains totaling 1,591 yards to lead in that department and has the most completions (115) while Don Meredith of Dallas is setting the pace in touchdown heaves, with 15.

Charley West of Big Spring has six of Texas Western's 19 pass interceptions this fall . . . Billy Stevens, TWC's stellar passer, has been dropped for losses totaling 243 yards while trying to seek out receivers this year . . . Sunland Park's betting handle opening weekend was up one per cent over the corresponding period last year, to \$360,700 . . . Opening day attendance at the El Paso track was 3,695, fourth highest in the oval's history and the day's pari-mutuel take (\$175,741) was the third highest ever . . . The Dallas Cowboys' front office is said to be giving their current TV announcer, Jack Buck, low grades but I'd much rather listen to him than Frank Gleiber, who quit the Cowboys to join the Cleveland Browns' broadcasting team . . . Buck, although he is perhaps prone to pull too hard for Dallas (a not unforgivable sin) is knowledgeable about the game and his style is engaging . . . Perhaps, the Texas Interscholastic League would be wise in using the plan of the Chicago Public League to determine winners of tie games . . . In Chicago, the system gives two points to the team that makes the most first downs, three points to the team that runs up the most yardage and four points to the eleven that has the more 20-yard line penetrations . . . In other words, it's possible for one team to win a game, 5-4 . . . Outdoor sportsmen planning extended trips or weekend excursions are now able to receive free information about hunting, fishing and camping facilities on their travel routes by writing the Outdoor Recreation Association, Lovejoy, Ga. . . The ORA is supported by professional guides, outfitters, lodges, resorts, preserves and campsites adhering to a strict code of ethics . . . Three starters on the Rice University football team this fall—Chuck Latourette, Leland Winston and Dan Van Winkle—are pre-med students while a fourth, L. V. Bennington, is an honor student in physics, one of the most demanding of courses.

Hi There, Good Buddy

Lonnie Clanton (41) raises a hand but it's not to salute Jack Mildren, Cooper's fine quarterback. Clanton is about to lower the boom on the Cougar ace. The action occurred in Friday night's District 2-AAAA game at Abilene, won by Cooper, 20-7. (Photo by Frank Brandon)

Starr, Packers Seek Big Victory Today

By JACK HAND
Associated Press Sports Writer
Bart Starr and the Green Bay Packers will resume their private feud with the Detroit Lions pass rushers Sunday in a traditional football battle that normally is reserved for Thanksgiving Day.
Because the Packers objected to being the opponent every year at the same time, and thus doubling up with two games in one week, the National Football League finally agreed to rotate the Lions' Thanksgiving opponents. This year it will be San Francisco's turn.
While the favored Packers are visiting Detroit, two teams that were dropped from the ranks of the unbeaten last week, will be trying to bounce back in other games.
St. Louis, upset by Washington, will be at home to the big rough Chicago Bears in a Monday night special to be seen on national (CBS) television. Dallas, losers to Cleveland in a mild shocker last Sunday, will welcome Pittsburgh to the Cotton Bowl on Sunday. All NFL games, except Chicago at St. Louis, will be played Sunday afternoon.
Baltimore, 4-2, will be at Los Angeles 4-3, Cleveland, 4-2 at Atlanta, 0-7, San Francisco, 3-2-1, at Minnesota, 1-4-1, and Washington, 4-3 at Philadelphia, 4-3. New York, 1-5-1, has a bye.
The Packers, 6-1 normally have trouble with the Lions, 2-5, and will be seeing Karl Sweetan, semi-pro successor to injured Milt Plum, for the first time in season play. Green Bay won their first meeting Oct. 2 by a 23-14 score although Lions outgained them.
When Chicago, 3-3, travels to St. Louis, 5-1-1, Monday, it will be the first time the teams have met in the Cards' park since they moved from Chicago. Gale Sayers is in high gear and the Bears on the rebound after slow start, are hoping to catch the Cards in letdown after the upset by Washington. It will be a big chance for Johnny Roland, rookie of the year hope.

Super-Fan Is A Nuisance

By RON SPEER
Associated Press Sports Writer
BATON ROUGE, La. (AP) — Baseball has its super-stars, pro football has created a super-bowl, and college football is stuck with the super-fans.
Spotted by watching the polished play of the pros on television, often out to make a buck by betting on their dear old alma mater and fired up with emotion, the super-fans are taking a lot of the fun out of college football for players and coaches.
Never was this more in evidence than a week ago when Louisiana State played Florida. The Tigers, Cotton Bowl conquerors of Arkansas last January, had been crippled by injuries, were the underdogs and only five days earlier had been rocked by reports that gamblers had been trying to fix LSU games.

HEROES BOOED
Three young men who blew the whistle on the alleged bribers had been hailed as heroes on the campus, and cited for their courage by the FBI.
But when the Tigers dropped behind unbeaten Florida 21-0 in the first half, the super-fans look over and booed the team and coach Charley McClendon as they left the field.
The boos wouldn't have surprised Mrs. Charlie Tate, wife of the Miami football coach — or players and coaches at scores of other big-time football colleges.
Mrs. Tate fainted in excitement and anger two weeks ago when Miami fans booed their young quarterback, who shrugged off the catcalls and went on to lead the Hurricanes to an upset of Georgia.
"They booed a real young man, an A-student and a fine football player," Mrs. Tate said. "He didn't want to throw an intercepted pass any more than I did."
James J. Corbett, athletic director at Louisiana State and veteran spokesman for college football, says the critics have been created by the pros, the polls and the point-spread.
"This isn't unique in Baton Rouge," Corbett emphasized. "It's happening everywhere, and fans are putting great pressure on coaches and the players."
"I think college football is in good shape, but I think we need to take a whole new look at some of these things."
POLLS HARMFUL?
Corbett said college officials need to realize that gambling is

all around us, and take steps to curb activities that lead to bribe offers such as those reported by three LSU backs this fall.
"We initiated our own program which led up to this," he said. "The troubling thing is we don't know how many times this has happened at other institutions in the nation, and the information has never been released."
Corbett also recommended the elimination of the national polls, and said a crackdown is needed to wipe out widespread betting on football cards which list point spreads set by gamblers.
"And fans need to realize," Corbett added, "that there is a big difference between the college kids they watch on Saturday and the seasoned pros they see play on television on Sunday."
Colleges need to take another look, he said, at the widespread practice of giving varsity players tickets to games.
"This can be an entree by a gambler to a player," Corbett said, and although the FBI has not commented this reportedly was how the Louisiana State players were first approached by gamblers.
Most colleges have been giving tickets to players for 30 years, Corbett added. "But we are going to have to face the fact that most players sell the tickets."
Corbett admitted he can't do anything about elimination of the national polls carried in newspapers and on television, and he said "I love to read them."
"But I think they are vicious, and should be eradicated. The inequity of schedules among the top teams leads to seeing how many points you can score."
"You've got to beat the brains out of your opponent to justify that top 10 position."
Gambling on college as well as pro games is widespread in most cities and towns.
A New Orleans resident can point out three gambling joints within two blocks of a downtown hotel, and a Baton Rouge native says "you don't need to go to New Orleans. You can get plenty of action right here in town."
You can also get plenty of action in most cities and college towns anywhere in the country, and fans with a fever down on their team to win by 10 points are likely to be the first to boo when the team wins but by a smaller margin.
"Winning used to be everything," Corbett said. "Now it's by how much."

Jal Too Much For Coahoma

JAL, N. M. — Coahoma's first venture outside the state to play football proved an unfruitful one.
The Bulldogs from Howard County dropped a 20-6 verdict to the Jal Panthers here Friday night.
Steve Fuller scored two touchdowns for Jal, one on a run of nine yards and the other on a pass from Roger Martin. That play covered 16 paces.
Martin also passed to Donnie Dennis for another Jal TD on a 23-yard maneuver.
Fullback Chuck Pherigo went over for Coahoma's only touchdown of the game on a 29-yard run in the fourth.
The loss was the sixth of the year for Coahoma, compared to two victories.
The Bulldogs return to District 5-A competition next Friday against Seagraves at home. Score by quarters:
Jal 0 7 13 20
Coahoma . . . 0 0 0 6

Jayton Fashions 26-12 Triumph

JAYTON — The Jayton Jaybirds hung another one on winner Ruby Lions, 26-12, in a District 4-B football game here Friday night. Jayton is now 2-2 in conference play.
Mile Morales' touchdown for Jayton in the first was matched by Roby's Jack Knox on a 25-yard run in the first.
The second quarter was scoreless, but Kelley Tibbles passed to Leon Harvey for a TD in the third and added another on a one-yard plunge as the last stanza opened. Morales got the final tally for Jayton. Knox passed to Kenneth Williams for 65 yards and Roby's other score near the end of the game.

Cowboys Oppose Steelers Today

DALLAS, Tex. (AP) — The Dallas Cowboys, who won four in a row then got the facts of National Football League life when tied by St. Louis and beaten by Cleveland on consecutive weeks, hope to begin the drive back Sunday when they host the lowly Pittsburgh Steelers in the Cotton Bowl.
Pittsburgh, whom Coach Tom Landry of the Cowboys, in his usual approach, rates as most dangerous, has won only one and tied one and grown progressively worse each week as it dropped four straight.
Dallas is a heavy favorite but that didn't keep Landry from shaking up his lineup so you'll have to have a program to see who's playing.
Mel Renfro, center of a noble experiment to get some running into the Dallas offense, will be back on defense when the teams take the field at 1:35 p.m. (CST). Dan Reeves, who beat him out, is starting at halfback. Reeves is tied for the NFL scoring lead with 54 points and is fourth in yards gained rushing and pass receiving with 597.
Tony Liscio has been shifted from offensive guard to offensive tackle, replacing the injured Jim Boeke. Rookie John Niland is at Liscio's vacated guard post. Pete Gent starts at flanker in place of Buddy Dial. Rookie Willie Townes has taken over at a defensive end.
Don Meredith and Bob Hayes, the passing combination that led Dallas to four straight triumphs and ranked the Cowboys as favorites in the Eastern Conference, have the NFL, haven't been doing very well lately. Not a touchdown has come from the duo and Meredith has had seven passes intercepted in the last two games.
The blitz has overwhelmed Meredith too frequently since the offensive line started having its bad days.
No wonder Landry makes changes although Pittsburgh wouldn't appear likely to give the Cowboys much of a jolt Sunday.
The coach had one ray of sunshine, however. Ralph Neely, his ace offensive tackle, will get to play at least another game since the courts haven't finally acted on taking him from Dallas and awarding him to Houston under a dual-contract case.
Other than Landry, about the only man giving Pittsburgh much of a chance is its coach, Bill Austin. "We're coming down there to win a football game," he said bravely. "As I understand it, Pittsburgh and Dallas split two games last season and these are all the same players."
However, the latter isn't quite the case. Consider all those Dallas changes and also the fact that Pittsburgh doesn't have its quarterback Bill Nelsen and several others who played for the Steelers last year. Also, there's a rookie, Ron Smith of Richmond University, and George Izo, a veteran called in following Nelsen's loss, who are doing the quarterbacking.
Dallas still is tied for the lead in the Eastern Conference with St. Louis, which also has a tie and loss on its record, but this game is a must for the Cowboys, who have given indications of a slump after making such a rocky start.
A crowd of 60,000 is expected.

Cubs Outlast Ponies, 28-21

SWEETWATER — Clutch plays propelled Brownfield past Sweetwater, 28-21, in a District 3-AAA game here Friday evening. Brownfield is now 2-1, while Sweetwater is 0-4 in district competition.
Sterling Cox led the Brownfield attack with three touchdowns, the first of which came from eight yards out to climax a 65-yard first quarter drive. Bob Bost added the point. A few minutes later he ran back a punt 55 yards for a TD. Sweetwater got on the board in the second when Gary Ruffin and Mack Reed converted. Bob Craig pitched to Mike Webster for a 25-yard TD with 17 seconds left in the half to give Brownfield a 20-7 lead at intermission.

TRY
THE WORLD'S TOUGHEST 2-DOOR

This new Chevy pickup looks so good you could call it a 2-door. (You could also call it the toughest Chevy pickup ever built!)

This Fleetside pickup's got a lot more than good looks going for you.
It's got new construction to bring you more durability, working ease, comfort and safety. Check that new all-steel pickup box, for example. New full double-wall side panels and tailgate keep your load from leaving its mark on Chevy's good looks. And new measures have been taken to help keep out rust and corrosion. Like the one-piece wheelhousings that now protect sheet metal against tire splash.
Inside, the color-keyed cab looks and feels like a pleasant place to work. There are a number of new safety features, too: an energy-absorbing steering wheel and a dual master cylinder brake system, to name two.
And here's another thing the new Chevy pickup's got going for you: it rides better than most cars. Steps from 26 Fleetside and Stepside models now at your Chevrolet dealer's.

Try this brand new breed of pickup at your Chevrolet dealer's

'WITH LOVE, BLOSSOM'

By JO BRIGHT

"With Love, Blossom," representing letters home from a traveler, will be the over-all theme of a standard flower show presented Nov. 5 at the YMCA by the Big Spring Council of Garden Clubs. Miss Bessie Love is council president and general chairman of the show.

Clubs making up the council and their presidents are Big Spring Garden Club, Mrs. G. T. Hall; Spaders Garden Club, Mrs. Kyle B. Cauble; Planters Garden Club, Mrs. J. W. Trantham; Rosebud Garden Club, Mrs. Travis Carleton; Four O'Clock Garden Club, Mrs. Carroll Cannon; and After Five Garden Club, Mrs. John W. Hughes. The show is open to exhibitors who are members of the participating clubs.

Show chairmen are Mrs. Cauble, Mrs. W. D. Caldwell and Mrs. V. A. Whittington, schedule; Mrs. Clyde E. Thomas Jr., Mrs. Odell Womack

and Mrs. Dale Smith, staging; Mrs. Fannie Clark, entries; Mrs. Guy Cook, classification; Mrs. Tom Ivey, awards and clerks; Mrs. Trantham, placement and dismantling; and Mrs. D. A. Miller, conservation and display of new show ribbons. Mrs. Preston Harrison has been invited to serve as educational chairman in the presentation of a display by members of the Permian Basin Orchid Society, and Mrs. J. E. Hogan is in charge of publicity, judges, hospitality and tickets.

There will be 68 classes in the Horticulture Division and 21 classes in the Artistic Division. The show will be open from 3 to 7 p.m., and tickets are available from all club members or may be purchased at the door. The nine judges for the show will be from Lamesa and Midland.

(Photos taken by Frank Brandon in the gardens of Mrs. Hogan and Mrs. Carl Strom.)

Commanders' Wives Introduced At Coffee

Posters depicting various phases of pilot training were used for decoration at Thursday's Hi and Bye coffee held in the Officers Open Mess at Webb Air Force Base. Other art work depicted the duties of an Air Force wife.

Hostesses were wives of students in Class 68-B, and honored guests introduced were Mrs. C. J. Butcher, wife of the wing commander; Mrs. George E. Franks, wife of the base commander; Mrs. T. J. Rowland Jr., wife of the wing deputy commander for operations; Mrs. Edward W. Luby, wife of the squadron commander of the 3560th PTS; and Mrs. Gregory H. Perron, wife of the wing deputy commander for material.

Mrs. W. H. Terry was introduced as a new member of the permanent party.

Farewells were said to Mrs. J. F. Bosick, and newcomers Mrs. N. D. Silver and Mrs. D. L. Mitchell.

Guests were Miss Marcela Stanhope, Mrs. J. F. Skalicky and Mrs. N. A. Jones. The door prizes were won by Mrs. Messner, Mrs. G. E. Taft and Mrs. Rowland.

White linen covered the refreshment table, and orange and black streamers extended from a centerpiece of fall flowers. Silver tea and coffee services were used, and candies carried out the Halloween theme.

Revival in Big Spring starts with you!

They've Got A Lot Of Stuffing To Do

Anyone for stuffing envelopes for the Howard County Tuberculosis Association? Mrs. J. Y. Robb, left, and Mrs. James Butler who head the Christmas Seal Sale for the association are surrounded with boxes of seals and other informational material. All this will go into envelopes beginning at 8:30 a.m. on Nov. 7, in Fellowship Hall at the First Christian

Church. Volunteers are needed for the work and anyone who can come is asked to be at the church early on the scheduled day. Funds from the seal sales are used by the association in fighting tuberculosis and other respiratory diseases such as emphysema, bronchitis and asthma.

'ROUND TOWN

By LUCILLE PICKLE

With the various schools having money - making activities over the Halloween period - can't help but recall those golden days working on similar projects at Washington Elementary School. We cooked the most delicious chicken spaghetti for miles around . . . and it might be added . . . we cooked miles of it.

Somehow or another, it fell my lot to work out the specified amounts of ingredients to make a full electric roaster of our speciality. After several years at it, we were all adept at boiling the spaghetti in the roaster, stewing the hens, boiling the bones once the meat had been removed, to make more broth, and knowing just how long to cook the vegetables before adding them to the main part of the dish. One year, MRS. JAMES JOHNSON was one of those who delivered the makings to the various cooks. I remember the time so well because Kathy Johnson was sick and her mother wanted a kitten for her. That's the year I gave the Johnsons the kitten that practically put them in the cat business. Others who worked were MRS. T. OOTS MANSFIELD, MRS. WALTER MOORE, MRS. LUTHER BEAN, MRS. ROSS BOYKIN, MRS. W. D. McNAIR and MRS. A. C. LACROIX who was the supervisor of the cole slaw. Her committee must have made 10 or 20 gallons each time we served and I still use the recipe, cut down considerably, for our family. There were many others who gave of their time for the benefit of the Washington P-TA. I don't know how much profit we realized, financially speaking, but we gained a lot in public relations and lasting friendships.

A group of 15 foreign students at Webb AFB, some who have been here several months and others new to the base were entertained Saturday at the J. E. HOGAN home. The informal coffee was attended by local people who helped the hostess entertain the students in true Big Spring style. The informal affairs for the students are part of the Chamber of Commerce Base-Community Relations program in which Mrs. Hogan and MRS. DICK REAM are very active.

MR. and MRS. MERTON J. OATES of San Antonio were visitors here last week in the home of Mrs. Oates' aunt, MRS. H. R. HAYDEN. Mrs. Oates is the former Lillian Roberta Potten who made her home here with the Hayden family for several years in the 1920's. Cousins are MRS. EVERETT LOMAX, MRS. LOY ACUFF and JOE HAYDEN.

JAMES McDONALD of Coahoma, supply officer at the Big Spring State Hospital, has recently attended the Government Purchasers Institute in New York City. This institute is held each year for all city, county, and state purchasing agents and is a means by which these agents may become Certified Public Accountants. James plans to complete his examination for this certification prior to next year's institute which will be held in Honolulu, Hawaii, in September.

Parents of James are MR. and MRS. JAMES McDONALD whose other son, Mike, is presently stationed in Hawaii at the

SMITH are in Dallas to visit their son, Jimmy, and his wife. They expect to return late today.

Returning today to her home in Dalhart is MRS. LEONA McKINNEY, mother of R. E. McKINNEY. Mrs. McKinney has been here several weeks with her grandson, RICK, while R. E. was in California.

Whether or not it's going to do any good we now have a couple of buckeyes from East Texas to ward off rheumatism and bad luck. The buckeyes are a gift of LOYD WOOTEN who says he brought back a bucketful of them on his last trip home.

The T. H. McCANN family is in Waco where they spent the weekend visiting their son, Tommy, who is a student in Baylor University.

MR. and MRS. GLENN

TEL Class Gives Handmade Quilts

Two handmade quilts were donated to the Round Rock Children's Home at Round Rock, during the Thursday morning meeting of the TEL Class of the First Baptist Church. The members met at the church with Mrs. E. A. Turner presiding.

Mrs. Carl McDonald gave the devotion, and members approved cash donations to home missions and to the Northside Baptist Church. Mrs. Faye Harding gave the closing prayer.

Use Right Glue In Outdoor Work

When gluing joints of a planter box or small outdoor storage structure, be sure that the glue used is the waterproof type, not merely water-resistant. There are plastic resin glues designed specifically for outdoor exposure, as well as new epoxy glues that may also be used to fill loose-fitting joints.

AMERICAN OF MARTINSVILLE

First bow for the new look in furniture

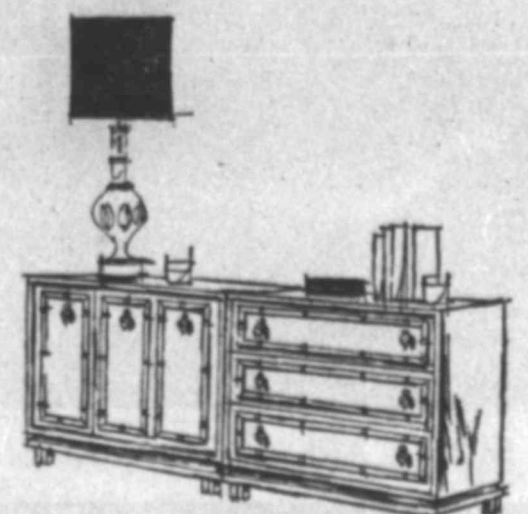

...the bamboo look of

Bali Hai

AMERICAN OF MARTINSVILLE

If elegance is part of your decorating scheme of things . . . come see Bali Hai! And if elegance blended with easy-living, informal charm is also part of the clever plan . . . get ready for a real voyage of discovery! Bali Hai brings you both! Does it so distinctively you'll be delighted you waited 'til now to buy furniture! For the bedroom, you'll find the kind of compelling design you've been searching for. A cane-accented armoire. A reeded drawer-front dresser. A bamboo-framed, cane-paneled headboard. All these and more, as brilliantly functional as they are beautiful. And for the rest of your home, Bali-Hai brings you living and dining room designs of equal distinction. The woods are fine pecan with an extraordinary almond finish . . . some accent pieces come in avocado and citron for extra excitement.

Use our free home decorating counseling . . . another service that makes the Good Housekeeping Shop so much more valuable to you.

MR. AND MRS. L. B. PAUL JR., BILLY AND KRISTINE

Array Of Interests Entices New Family

By JO ANN PHINIZY
A triangle of interests brought the L. B. Paul Jr. family to Big Spring. Their former home was in Park Forrest, Ill., and they moved into 3728 Adams on Oct. 1.

The first magnet concerned Paul, a commercial artist. He joined the forces of Creative Visuals Inc., a subsidiary of Math-Master Labs, Inc. He is an illustrator of film slides for the relatively new visual education programs. With his original designs and caricatures he gives reality to geography, lessons and personality to math sessions.

Then there is the fact that the Pauls are military history buffs. Paul acquired this hobby years ago and it continued through his Air Force term of duty.

His hobby first started with a curiosity about the Civil War and how it affected its soldiers. His research put him on the Civil War Round Table in Chicago, an unbiased group that exchanged information, opinions and data.

WAR ITEMS

Before it was done, Paul had collected a "yankee" uniform and several guns used during the war. He has also written a pamphlet on Gen. Gabriel R. Paul, a confederate from New Mexico.

"No family connection," he

said. "Just a good way to trace war history and times."

The military history of the Indian Wars is another facet Paul sees in the Big Spring area. He and his family are planning weekend trips to all the old Texas forts. Their first jaunt will be to Fort McKavett near San Angelo, then they will see and tour Fort Davis and study its history.

Big Spring's third prerequisite was that it's in Texas.

"My husband became a dyed-in-the-wool Texan when he was stationed at bases along the Gulf Coast," said Mrs. Paul, "and my family lives in Corpus Christi. Now we are in easier driving distance for vacations and such."

Mrs. Paul's hobby is doing oil portraits. It's a pastime she is going to re-adopt just as soon as the children, Kristine and Billy, are beyond the reaching and grabbing stage.

FINGER PAINTING

She explained that children under three are less than great helps around the palette. What paint they don't eat is likely to appear as abstract finger designs on a bedroom wall.

Mrs. Paul's other diversions include reading good books, gardening and music. Her musical favorites are just about every-

thing this side of shattering rock 'n roll.

On that kind of stuff, she said, "They must be kidding. It just can't be for anything real."

Neither of the Pauls have ever before been in West Texas. They enjoy the expanse of landscape and clearness of air. Sandstorms, they believe, are bound to blow along their way and couldn't be any worse than a northern type blizzard.

County Contest Starts For Cultural Emblem

The cultural affairs committee of the Chamber of Commerce is seeking a distinctive emblem as a device to help build impact for public interest. It has decided to determine the design of this emblem through a contest for Howard County citizens, and is now inviting entries.

Any resident of the county, exclusive of members of the cultural affairs committee, is invited to submit a drawing of an emblem symbolic of the arts endeavors of the community, such as music, art, drama, etc. For the winning emblem a \$25 cash award will be made. A board of judges will be named to make the selection.

Rules and regulations: The contest is open to any resident of Howard County, exclusive of members of the cultural affairs committee of the Big Spring Chamber of Commerce. Only one entry may be submitted by each contestant.

Drawing must be on paper not larger than 8 by 10 inches. Only ink drawings will be considered. Each entry must be accompanied by the name, address and telephone number of the artist. If entry is submitted by a student (and these are welcomed), that student's name must also carry with it the name, address and telephone number of parents.

Decision of the board of judges will be final. Entries must be mailed to the Big Spring Chamber of Commerce, Box 1391. They will be the property of the Chamber of Commerce.

The contest is opened immediately and will close at the end of November. No entry postmarked after midnight of Nov. 30, 1966, will be considered.

Announcement of the winner will be made the evening of Dec. 6, when the First Piano Quartet appears at the municipal auditorium as one of the series sponsored by the Big Spring Concert Association.

Family Reunion Held In Key

KNOTT (SC) — Mrs. Pete Strickland of Key was hostess for a family reunion recently. Out-of-town guests were Mrs. George Hornbeck Jr., and Mrs. Mack Buchala, both of Lamesa; Mrs. Graham Addison, Welch; and Mrs. K. C. Langham, Ackery.

Mr. and Mrs. T. J. Ray, of Midlothian were recent guests of her brother, Sam Duke.

Rest Best Care For Eye Pouches

When eye pouches form it could be from something as simple as lack of sleep. Don't let the condition become chronic. Lie down on a couch and place cotton squares soaked in chilled witch hazel over the eyes.

With the finger tips knead the under-eye area ever so gently. As the pads become warm, re-soak them in the chilled witch hazel and repeat the exercise.

There's never been a cosmetic remotely like it!

Pretty Pins Of Papier Mache

By JO BRIGHT

A lady doesn't have to look far for new adornment these days. A peek in the pantry and a passing glance at the glue pot is far enough. Imagination is the magic that changes such utilitarian things as newspapers, glue and paint into beautiful blossoms that can bloom on a milady's shoulder or accent her fabric bag.

Mrs. Travis Carlton, 1701 Harvard, has joined the ranks of local artisans who are dabbling with papier mache, and is busily turning out accessories which she calls "Newspaper Mache" lapel pins. The monetary investment is small — and the pleasure great — as she satisfies a creative urge, and at the same time, acquires items which will be treasured as gifts by her friends.

Here are the materials which Mrs. Carlton uses, and their approximate cost: Utility assortment of brushes, 69 cents; white liquid glue, 59 cents; assortment tempa paints, \$1; pin backs, 40 cents per dozen; masking tape, 35 cents; small size glaze, 50 cents; and one pint gesso, \$1.50. The initial cost

of \$5.03 will provide for one dozen pins, and more, with the purchase of extra pin backs.

Following the figures and Mrs. Carlton's directions, even a beginner can turn out at least a passable lapel pin in practically no time.

Fig. 1) Draw or select pattern. Trace around pattern on eight thicknesses of newspaper. Cut a circle around traced pattern. Paste or glue the eight circles of paper together, leaving white pencil tracing of pattern on top. Press thicknesses together well and smooth out.

Fig. 2) While paper is still wet, cut around traced pattern. Form flower into desired shape. Let dry naturally (which is best) or place in slow oven to dry.

Fig. 3) Paint one coat of gesso over entire area of pin, both front and back. Let dry as before.

Fig. 4) Choose a color in tempera paint and paint both sides. Let dry again. Glue pin back to back of flower, putting masking tape over pin back. Paint over masking tape. Select suitable center for flower and glue in place. (This center may be a pretty button, crystal beads, ir-

FIGURE FOUR

idescents, sequins or little ball made of papier mache.) Glaze entire flower.

Fig. 5) Let dry overnight before wearing.

Mrs. Carlton, who said she was taught to make the pins by a friend, Mrs. Tommy Hub-

FIGURE FIVE

Forsanites Continue Round Of Activities

FORSAN (SC) — Guests of Mr. and Mrs. C. V. Wash were Mr. and Mrs. R. E. Gary, Westlaco; and Mrs. L. R. Jackson, Coleman.

Mrs. Vera Harris had as recent guests Mr. and Mrs. George Parker and Mr. and Mrs. D. Y. Ray, all of Otten.

Mrs. E. J. Maxwell of Rising Star was a recent guest of the W. F. Swigers.

Guests of Mr. and Mrs. L. B. McElrath were her sisters, Mrs. H. D. James and Mrs. Mary Edwards, Odessa.

John Riffe has recently entered the Army and is stationed at Fort Polk, La. Mrs. Riffe will make her home in Colorado City.

League Organizes Citadel Services

Plans for the Nov. 20 Home League Sunday were approved during the Wednesday afternoon meeting of the Ladies Home League of the Salvation Army. The 12 attending met at the Citadel with Mrs. William Thomas presiding.

The league will conduct the Sunday services, and the theme will be "Market For Thy Own."

Handwork for the small item sale on Nov. 2 was done, and members were reminded that this sale will be the last until after the holidays. Proceeds will go into the mission fund.

Mrs. Jimmy Moore gave the devotion.

Drapes Can Be Joined By Clips

If you have large windows in your home, but your draperies contain only single widths — there are many ways in which you can keep these pieces together so they give the illusion of one solid drapery — without stitching them together.

Use plain straight pins which have been slipped up and down — or, hold the inner edges together, turning them toward the windows — and affix paper clips to these inner joinings at both the top and the bottom. Bobby pins and hairclips will do as easily as the paper clips.

Of course, nothing will do the job as well as basting the two

WSCS, Guild Have Joint Meeting

"A Call to Prayer and Self-Denial" was the program during the Tuesday evening joint meeting of the Women's Society of Christian Service and the Wesleyan Service Guild of Wesley Methodist Church.

The 24 attending met at the church, and Mrs. W. D. Morris led the program. Mrs. J. C. Ray was cohostess.

Members were reminded that the general WSCS meeting will be Nov. 1 at the church, and refreshments were served from a table covered with white linen and centered with a bouquet of multi-colored chrysanthemums.

Sponges Make Different Toys

Sometimes at a loss for what to give visiting children to play with? What can be more fun or more harmless for little tots than a package of household sponges? They can be used as blocks, stacked or built with — and can be safely tossed from child to child. In addition, they are washable, noiseless, harmless and neat.

Women Learn Care Of Home Appliances

A tour of woolen mills in the Eldorado area was scheduled by some area home demonstration club members this week. The current program on care of home appliances was continued by other clubs, and one slated a craft workshop next month.

KNOTT CLUB
Selecting a proper electrical cord is a vital point in the life of home appliances Mrs. Emmett Grantham told the Knott Home Demonstration Club Tuesday afternoon.

Mrs. Grantham's talk concerned a review of the care necessary to keep home equipment in good use. Other points she stressed were to have the proper tools handy and to select appliances that were backed by guarantees.

The members met in the home of Mrs. Billy Gaskins, and Mrs. Joe Myers gave the devotion.

The roll call question was "Do you meet your friends with a smile?" Committee reports were given by Mrs. Joe Gaskins, Mrs. Grantham and Mrs. Billy Gaskins.

Refreshments were served from a table covered with a yellow linen cloth and centered with a Halloween figurine of a miniature hay stack and small black candles.

The next meeting will be Nov. 8 at the home of Mrs. Joe Gaskins where members will work on crafts of their choice.

CENTER POINT
A field trip to the woolen mills at Eldorado was discussed during the Tuesday afternoon meeting of the Center Point Home Demonstration Club. The 16 attending met at the home of Mrs. T. A. Melton, 1104 E. 13th.

Mrs. Alden Ryan presided and conducted a program on electrical repairs entitled "Right Tools and Right Guarantee." She explained that the usefulness of home appliances could be extended through proper care and attention.

A report on the detection of cancer was read by Mrs. W. N. Norred, and members were reminded of the Stanton HD Club style show on Friday.

Mrs. Bob Wren won the attendance prize, and guests were Mrs. Glen Spears, Hobbs, N. M.; Mrs. S. L. Thurman and Mrs. A. L. Fortson.

The next meeting will be Nov. 8 at the home of Mrs. Pete Anderson.

CITY CLUB
Final work on sewing kits for Christmas gifts to the patients at the state hospital was completed during the Friday afternoon meeting of the City Home Demonstration Club. The members met at the home of Mrs. Alton Underwood, 601 E. 18th.

Ten members answered the roll call question of "Do you meet your friends with a smile?"

Plans to attend the Nov. 10 field trip to the Eldorado Woolen Mills, Eldorado, were approved. The members will leave from the Highland Park Shopping Center at 7 a.m.

Making arrangements for the Dec. 9 Christmas party are Mrs. Harvey Wooten, Mrs. Billy M. Wood and Mrs. W. N. Norred.

Party Honors Sherry Griffin
COAHOMA (SC) — Sherry Griffin was honored with a birthday party on her 11th birthday. There were 16 guests present. Sherry is the daughter of Mr. and Mrs. Stan Griffin. Other guests in the Griffin home Sunday were her parents, Mr. and Mrs. Fred Woods, Wickett. Visiting with Mr. and Mrs. Arch Brimberry is her mother, Mrs. Maggie Briggs, San Angelo.

To Marry

The engagement of Miss Doylene Little to Richard C. Raney, both of Irving, has been announced by her parents, Mr. and Mrs. M. V. Little, Garden City Route. The prospective bridegroom is the son of Mr. and Mrs. I. O. Raney, Mt. Pleasant. The wedding is planned for Nov. 24 in Irving.

New Webb Club Announces Officer Slate

Officers were elected at a recent meeting of the newly-formed Airmen's Wives Club at Webb Air Force Base. Shown, from left, are Mrs. Richard Schilling, vice president; Mrs. Al Nonson, president; Mrs. Kenneth Kotwitz, secretary; and Mrs. Gerald Henning, treasurer. At right is Mrs. Ethel Wood, director of John H. Lees Service Club.

Vacation Taken By Bill Tinnors

COAHOMA (SC) — Mr. and Mrs. Bill Tinnors have returned from a vacation to Texas cities where they visited with relatives. Recent guests in their home was her sister, Mrs. W. H. Norrell, Loraine. Mrs. Norrell also visited the J. H. Shellenburn and the Tommy Robertsons.

Mrs. Charles Dykes is the new secretary to principal Bill Easterling.

Earnest Richters is a patient at the Malone - Hogan Foundation Hospital.

Mr. and Mrs. Buddy Salaz, San Francisco, Calif., are visiting Mrs. Bessie Gilliam in Sand Springs.

Mr. and Mrs. Walter Pillow have returned from a trip to Greenwood, Miss.

WEBB WINDSOCK

By KARLA FLECHSIG
The 331st news is threefold this weekend. First, a tribute to Mrs. Anthony Andrews, the female lead in "Poor Richard." Friday evening Capt. and Mrs. John Allbach attended an informal buffet given for "A" Flight before going to cheer Mrs. Andrews on in the play. On Saturday, Capt. and Mrs. Richard Davis hosted Capt. and Mrs. Norman Fogg and Lt. Col. and Mrs. Roger Mercer to the Saturday performance. Afterwards, they were treated to "Mother Davis' Famous Pecan Pie."

Sunday, the 331st gathered for a family picnic at the pavilion. The beautiful late summer day was enjoyed by children and adults alike. Thanks go to Maj. and Mrs. Dick Terrant for getting everyone together on the outing.

The student wives in class 67-D are having a punch party honoring the Falcon Element instructors' wives. It will be held in the home of Mrs. M. J. Carroll Friday afternoon. Specially invited guests are Mrs. S. G. Flowers and Mrs. B. R. Butler.

The members of Stan Eval and their wives were on hand Friday evening to help Mrs. Roger Shaw surprise Capt. Shaw with a birthday party in his honor.

Air Base Group evening bridge was held in the home of Mrs. J. R. Lampert. Winners were Mrs. Paul Slagle, Mrs. B. J. Dromsky and Mrs. J. J. Devlin.

Mrs. Roger Blume gave an in-

formal neighborhood coffee Friday afternoon in honor of her mother, Mrs. Ted Arnas.

Eagle Element got together for dinner at Capt. and Mrs. J. S. Grimes' Saturday night following a social hour at the home of Capt. and Mrs. Bob Gobbie. They then proceeded to the Officers Open Mess. The gathering at the club was the last with our graduating "C" Class. We shall miss them as they were a very lively group. We wish them Godspeed, wherever they may go.

Class 68-B held a party Friday night in the student squadron day room.

Last Friday 1st Lt. and Mrs. Bradley Van Sant entertained six couples for bridge. Mrs. Paul T. Thoreson was the high scorer.

Second Lt. and Mrs. Alfred Bernstein entertained guests this week. They were Mr. and Mrs. Arthur Hayes of Colorado Springs, Colo.

Mrs. George Banks was hostess for the Air Base Group semi-monthly bridge. The winners were Mrs. Robert Rader, Mrs. George Franks, Mrs. Cletus Pajot and Mrs. Julian Baird.

Medical wives met at the home of Mrs. Kenneth M. Cox Thursday to complete plans and make centerpieces for the forthcoming November luncheon.

The new luncheon reservations chairman replacing Jan Strunk will be Linda Teague. Her number is AM 3-6930.

Epsilon Sigma Alpha Sets Christmas Ball

The annual Epsilon Sigma Alpha Christmas ball will be held Dec. 10 at the Cosden Country Club. Mrs. B. E. Reagan told members of the Alpha Chi Chapter Thursday evening.

Mrs. Reagan, president, said that music will be by the Red Raiders Combo and that \$5 per couple tickets will be available through Mrs. Frank Perry, AM

7-5340, or at the door preceding the dance.

The members met at the home of Mrs. Ray Tannis, 2400 Alabama. Mrs. Ray McMullen presented a projects outline for the coming months and announced that the Christmas card sale is now in progress.

Rushes introduced were Mrs. Cecil Kelly, Mrs. Walter Maynard and Mrs. John Preston.

Refreshments were served from a table accenting the Halloween theme with decorations in orange and black.

The jewel pin ceremony will be held at the Nov. 4 meeting at Cosden Country Club.

Selected as delegates to the Nov. 12-13 Texas council of the executive board meeting in Austin were Mrs. Glynn Mitchell, district president, and Mrs. Jackie Touchstone.

High Tallies Announced

Winners for the Friday afternoon duplicate bridge games at the Big Spring Country Club were:

North - south, Mrs. J. Gordon Bristow and Mrs. Ward Hall, first; Mrs. Tom South and Mrs. Morris Patterson, second; Mrs. E. L. Powell and Mrs. Hudson Landers, third.

East - west, Mrs. John Stone and Mrs. J. D. Robertson, first; tying for second and third were Mrs. J. H. Fish and Mrs. A. Swartz with Mrs. Jack Irons and Mrs. Malcolm Patterson.

Women's Forum Discusses History

A talk on the merits of America was the program topic during the Friday afternoon meeting of the Modern Woman's Forum. The members met at the Holiday Inn with Mrs. C. W. Parmenter and Mrs. Harwood Keith as hostesses.

Mrs. Fred Whittaker conducted the program. She explained the three branches of government and gave the history behind legal holidays.

The luncheon table was centered with Halloween items.

OES Plans Spaghetti Banquet

Final plans for the Nov. 4 chicken and spaghetti dinner were approved during the Thursday evening meeting of the Laura B. Hart Chapter of the Order of Eastern Star. The members met at the Masonic Temple with Mrs. Lloyd Duncan presiding.

The dinner will be held at the Downtown Tea Room, and Mrs. William Meuge is in charge of arrangements.

Mrs. Richard Mitchell conducted a program on chapter courtesies, and members were reminded of the past patron and past matron program on Nov. 10.

Beauceants Set Holiday Activities

Holiday activities were scheduled during the Monday evening meeting of the Social Order of the Beauceant. The 27 attending met at the Masonic Temple with Mrs. Eugene Gross presiding. It was announced that the Thanksgiving banquet will be Nov. 14 and a basket of food will be taken to a needy family. Plans were also discussed to serve refreshments at the State Hospital Christmas party.

Engaged

Mr. and Mrs. Andrew A. Valet of Mason are announcing the engagement and approaching marriage of their daughter, Dorothy Ann, to Milton Thomas Ashbill, son of Mr. and Mrs. Thomas Edgar Ashbill of Sterling City. The couple plans a Dec. 22 wedding.

Denver Hayses Return To Area

COAHOMA (SC) — Mr. and Mrs. Denver Hays have moved back to their home here from Bryson. Their son and daughter-in-law, Mr. and Mrs. Billy Hays, and family who have been residing in Laverne, Okla., have moved to Colorado City. Mrs. Andrew Dickson had as

her guest Mrs. Bertha Blackburn of Waco. Mrs. Blackburn is the former Bertha Beasley and a former resident of Coahoma.

Jackie Young, Sand Springs, is a patient at the Medical Arts Clinic and Hospital following surgery.

Mr. and Mrs. Jack Pipes and daughters spent last weekend in Lubbock with his parents, Mr. and Mrs. Floyd Pipes.

HOW MANY MILES DO YOU WALK EACH DAY?

The Dr. Scholl Walk-Meters have recorded housewives do about 8½ miles, policemen 14 miles, 18-hole golfers 8½ miles and lady shoppers at Christmas as much as 18 miles.

If your feet ache, and you have no problem requiring a podiatrist or medical attention, try bathing your feet each night with lukewarm water and a good antiseptic foot soap to overcome the accumulated perspiration. Then, after rinsing your feet in cold water to increase circulation, dry them and rub in a good medicated footbalm to prevent future corns and callouses. The improvement will amaze you.

We carry many foot-aids and will be glad to help you select good products.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Today's Neck Decor—Long, Wide And Handsome

Here's what the newest cover for necks and shoulders looks like. From left, Anny Fallin of Anne Jewelry designed collar necklace for low cut dress from tiny strips of turquoise bamboo, blue stones, and simulated pearls; the space age inspired Dorothy Adams of Richelleu to insert a huge gem inside a brass oval the shape of ear lobes; designers from the House

of Joy created a crystal ringed, black aluminum filigree fireball choker with black and white tassels; stylists for Vendome Couturier, Ltd., made for ear-dangling five rhodium plated brass circles with cut glass stones set in the middle. The pieces were among the Great Designs in Jewelry Awards winners this year.

Man's Aesthetic Side Turns To Jewelry For Satisfaction

By JEAN SPRAIN WILSON
AP Fashion Writer

NEW YORK (AP) — Having secured a loin cloth around him, the next thing the cave-man did was to shape a bone into a pretty ring for his nose. That's the way it has always been, and presumably that is the way it always will be. Man invariably turns to jewelry after the practicalities have been taken care of.

Jewelry satisfies the aesthetic side of self and establishes status among others. Jewelry has also always been a handy way of hanging money around your neck or dangling it from lobes, arms and legs.

In other words, jewelry may change its style, but it is never out of style. And some sort of it—rare gems or magnificent art form—is always within reach of the peasants in the potato fields as well as kings.

Knowing how jewelry survives to become the artifacts of

our times, today's designers must feel weighted with responsibility. If they do, though, they are obviously managing to cope beautifully. Their body ornaments are as lighthearted as they are lightweight. (They have to be lightweight, for this is the year of massive jewelry.)

To get an idea about the creativity of the current crop of designers, the jewelry industry had a contest. (After all, every other industry does.) More than 50 costume jewelry pieces were selected and placed on display for a while at the Gallery of Modern Art.

Considering the brevity of fashions, designers had vast areas in which to work. Popular necklaces, for example, were ones created for the specific purpose of covering cleavage bared by too-low necklines. Thigh bracelets and watches also were style ideas to go along with mini-skirts.

Most jewelry pieces were

bold and novel. Materials were modern and often in textural contrast.

There was imaginative use of dark oxidized copper set off with glistening brown and yellow stones. Or painted wood the

size of match sticks were punctuated by tiny stones at the joints of the geometric necklace they formed. Or a necklace had tassels.

Designs for ear dangling were made of many materials, sometimes costly gems and sometimes plastics, lucites, and metal alloys of our modern age. In any event they were long, long, long.

Mrs. Alden Ryan Hosts Gift Party

Mrs. Everett Newton was honored with a pink and blue shower Thursday afternoon at the home of Mrs. Alden Ryan, Gall Rl.

Cohostesses were Mrs. L. C. Underwood, Mrs. Holbert Fuller, and Mrs. Dorothy Iden. Approximately 35 attended, and the hostesses' gift was lingerie.

refreshments were served from a table covered with an ecru lace cloth and centered with a bouquet of pink roses.

Golden Age Class Plans Basket

Plans for collecting a basket to give to the needy on Thanksgiving were discussed at the meeting of the Golden Age Sunday school class of Berea Baptist Church when it met Friday evening in the home of Mrs. J. T. Gross. Mrs. Wilma Alderton was cohostess for the meeting which had a Halloween color scheme in decorations.

Eight members and one visitor, Mrs. J. D. Fowler, attended. Mrs. Clifton Fowler, president, was in charge, the invocation was given by Mrs. Ruth Blankenship; the secretary's report by Mrs. L. L. Eason; Mrs. E. Y. Thompson succeeded; Mrs. E. M. Mahoney as reporter; and a letter was read from Mrs. Jack Murray, a former member who now resides in California. Mrs. Thompson gave the devotion, "Walking in the Light" from I John, and Mrs. Blankenship conducted Bible games. Mrs. Alderton accompanied the class song on the organ.

Two Couples Go On Kermit Trip

FORSAN (SC) — Visiting in Kermit recently were Mr. and Mrs. A. O. Jones and Mr. and Mrs. R. G. Klahr.

Houseguests of the Rip Ball-eyes Sunday were Dr. and Mrs. Berley Fallon, Lubbock; and Mr. and Mrs. J. C. Fallon, Big Spring.

Mr. and Mrs. W. B. Dunn, Odessa, were Sunday guests of Mr. and Mrs. J. P. Kubecka.

Guests of Mr. and Mrs. Walter Gressett were Mr. and Mrs. James Madding, Baytown.

Karen Breithaupt, Odessa, was a weekend guest of her grandparents, Mr. and Mrs. J. H. Cardwell.

COSDEN CHATTER

Joe Moss Will Attend Lubbock Inauguration

Joe A. Moss will be in Lubbock Monday and Tuesday to attend the inauguration of Grover Elmer Murray as the eighth president of Texas Technological College. The Tuesday morning ceremony will take place in Lubbock Municipal Coliseum. Moss will also be a guest at the inaugural reception the previous evening, and at an earlier symposium, "Arid and Semi-Arid Lands—a Preview." Distinguished guest speakers at the latter event include Gov. John Connally and Secretary of the Interior Stewart L. Udall. Janet Allison, daughter of the

Birt Allisons, and Shirley Simunovic, daughter of the John Simunovics, were among students inducted into the National Honor Society the past week at Big Spring Senior High School.

Mrs. Bill Horne is spending the weekend in Nocona with her mother, Mrs. Mildred Shelton.

Mrs. Doryne Heifer is enjoying the weekend in Dallas with her daughter and family, Mr. and Mrs. Dan Walls and Pamela.

T. A. Harris Jr. has returned from a fishing jaunt to Possum Kingdom.

8-C Big Spring Herald,

Progressive Forum Has Membership Tea

"Happy Holidays Ahead" was the theme of the membership tea held Thursday by the Progressive Woman's Forum. The affair was at the home of Mrs. D. G. Whitten, 1602 Osage.

Mrs. Roy Cederberg presided, and Mrs. Bill Draper gave a program entitled "Progressive Forum on Review." She told of the past history of the club, stressing the study topics and projects over the years.

Scenes reminiscent of the coming holidays were at vantage points throughout the entertaining area.

Refreshments were served from a table decorated in a Halloween theme. The centerpiece was an arrangement of pumpkins and black cats, and a silver tea service was used. In another area, the Thanksgiving theme was depicted on

a table covered with an ecru cloth and centered with a black candelabrum holding gold candles and surrounded by fresh fruit and gold and bronze chrysanthemums.

A Christmas motif highlighted the fireplace which was decorated with stockings, sprigs of holly and a cornucopia filled with colorful ornaments.

A New Year's table was decorated with a beige linen cloth. The centerpiece was a miniature of the New Year's baby draped with confetti, toy horns and paper streamers.

Guests were Mrs. Royce Griffith, Mrs. Don Priddy, Mrs. Arthur Clonts, Mrs. Mack Bowers, Mrs. James Owens, Mrs. Frank Parker, Mrs. Bob Bradbury and Mrs. Clyde Hollingsworth.

Plans Told

Mr. and Mrs. Dalton Wright, Route One, Ackerly, are announcing the engagement of their daughter, Darlene Gay, to Larry Chapman, son of Mrs. S. T. Johnson, 2363 Carl. The wedding is scheduled for Dec. 17 in the College Baptist Church.

OVER A BALE TO THE ACRE EXPECTED IN MOST AREAS

Cotton Gins Getting Ready For Huge Crop

By SAM BLACKBURN
Hundreds of acres of Howard County cotton has been defoliated and already gins are beginning to take on their traditional autumnal air of activity. At Fairview, for example, the Fairview gin had already ginned more than 100 bales, and Friday a dozen bales were en route to the gin at noon.

WORKING

Within sight of this gin, on the Billie Langley farm, strippers were working in fields and the dryland cotton is turning out over a bale to the acre.

Other farms were beginning to move strippers into fields. The defoliation had been better than anticipated, and the fields where the acid treatment was applied eight to ten days ago are now almost 100 per cent leafless.

The defoliation has disclosed graphically the tremendous production of cotton this year. Some of the stalks on the Langley farm had as many as 30

to 38 bolls — almost all of which were open.

GOOD QUALITY

All over the county, cotton is rapidly approaching stripping time. Quality of the crop, according to ginners, is good. The price, however, is not all that could be desired. The Fairview cotton, it is estimated, will not bring more than 18 cents.

Most of the gins in the county are now beginning to have demands for their services. Despite the heavy growth and the lack of cold weather, many farmers are defoliating and preparing to strip their crops.

A check of the stalks on the Langley farm, showed a relatively small number of immature bolls. The green, unopened bolls, which the stripper separates from the other ripper bolls, are being left in small piles at the end of the rows.

The farmers said that continued warm weather such as has been prevailing, will cause the bolls to mature and later, when the

stripping has been completed, they can be gathered and ginned.

GRAIN CROP

Meantime, the harvest of the record grain crop in the county is pushing ahead. Clyde Eager, with Kimbell Mills, estimated Saturday that 90 per cent of the 1966 crop has now been harvested.

So far, he said, his mill has bought 20,000,000 pounds of threshed sorghum. He thinks that his mills purchases will reach 25,000,000 pounds by the end of the season. This will mean that Kimbell alone has paid out nearly half a million dollars to the farmers of the area.

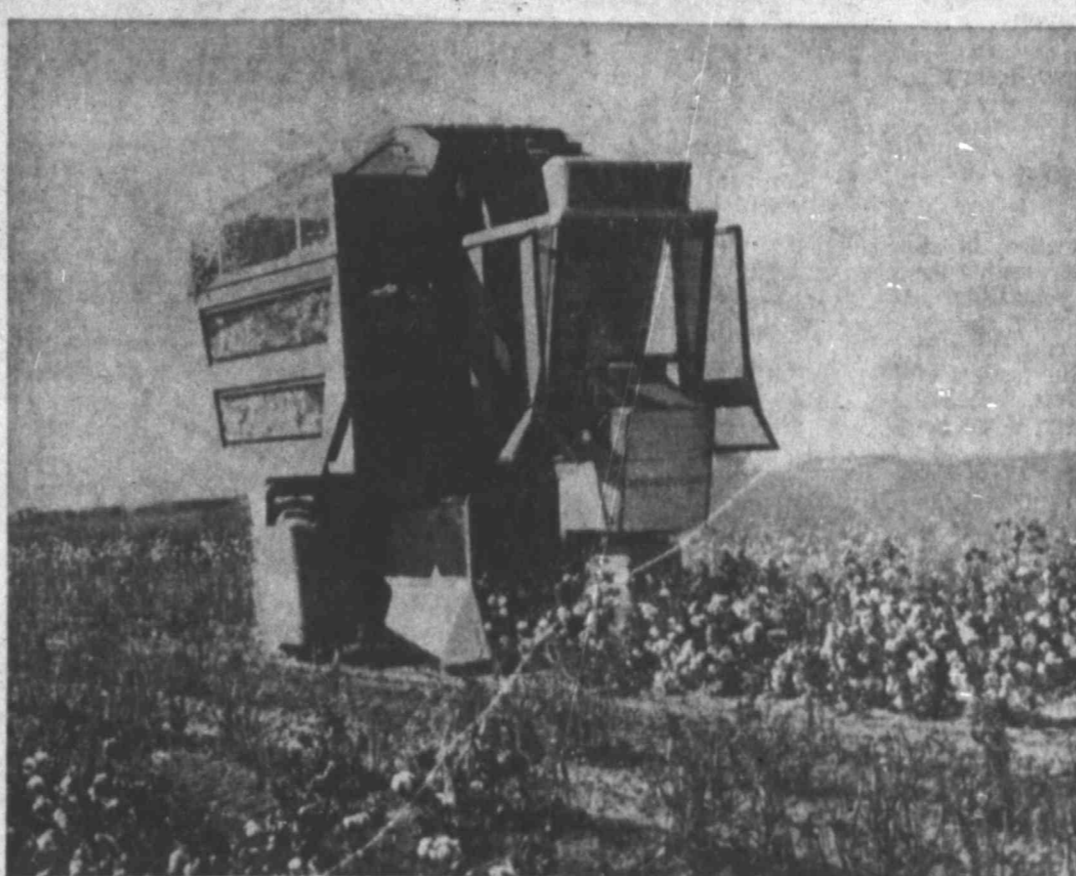

Other buyers have taken other grain so the crop, it is believed, will run somewhere close to 35,000,000 pounds at least.

Eager said the quality of the grain being handled is good. Most of it is 15 per cent or less in moisture, which is tops. The price is \$1.65 per hundred.

NO ESTIMATE

No accurate estimate on per acre grain production has been fixed for this year because the crop is still being harvested and no one seems exactly sure how many acres have been planted to sorghum this year.

There have been reports of many dry land fields which have yielded as much as 2,000 pounds of threshed grain to the acre. The average, observers believe, will be around 1,200 to 1,400 pounds. Some irrigated fields south of here have produced as

COUNTY'S 1966 COTTON CROP HARVEST GETTING UNDER WAY
Langley farm, Fairview, stripping out better than a bale to the acre

(Photo by Sam Blackburn)

much as 5,000 pounds of grain to the acre.

The grain crop is rated by observers as one of the biggest and best in the history of the crop in this county.

Pasture lands continue lush

in grass. Stock is fat and flour have been reported in Howard County. Stock tanks are plentiful. Old timers say that County Stock tanks are plentiful. Old timers say that County Stock tanks are plentiful.

entire agricultural picture is as pleasant to look upon as it has been in many a weary year.

Screwworm cases have developed in adjacent counties in a limited way, but no cases here.

FEATURE SECTION OF THE BIG SPRING HERALD

Sec. D Big Spring, Texas, Sun., 1966 Sec. D

NORTH LEG OF FM 700 SOON TO BE PUT INTO SERVICE
Overpass at T&P tracks major structure on newest county highway

(Photo by Sam Blackburn)

North FM 700 Loop Work Almost Finished

FM 700 North, which has been under construction since Dec. 27, 1965, is within a few days of completion, according to Joe H. Smoot, resident engineer for the Texas Highway Department.

The half million dollar strip of road extending south and east from SH 350 to the FM 700 intersection with IS 20, covers 2.778 miles.

J. H. Strain and Sons of Tye, contractors, are now putting the finishing touches to the job, according to Smoot. Some of the road has been striped and the remainder will be painted in a short time. Cleaning up operations will take a week or 10 days, in Smoot's opinion.

A feature of the road is the towering overpass that had to be built over the Texas & Pacific Railway Co. tracks, about half a mile from the southern terminus of the new highway.

Only one other structure had to be constructed for the road.

Additional bridges were avoided by the process of giving a creek at the north end of the route, a new channel. This was one of the first tasks that the contractor attacked when he started work.

Contract price on the job was \$438,565.41. Strain had 200 working days to finish the job. He is well ahead of schedule, according to Smoot.

The road will afford a convenient feed-in from SH 350 and from the Gall Road, to IS 20 and, along the present FM 700 an easy route to US 87 south of town.

Completion of the new strip of FM 700 will fit in well with plans which are well along for rebuilding FM 700 from Gollad street west to US 80 near Webb AFB. This project, tentatively slated for contract in November, will completely rebuild the west end of the present road and redesign the route from a point near the National Guard Armory northwest to rejoin US 80. A major structure over US

87 to expedite safe handling of traffic at that point is included in the plans.

County Judge Lee Porter said that the final right of way for the proposed project is now being signed. This was a block about 10 city lots just south of the highway from Gollad west to Johnson street.

The county acquired the needed right of way for the road and funds were provided by a \$800,000 bond issue approved by the voters.

Burns To Try Third Time To Try Carroll Trantham

Wayne Burns, district attorney, said that he will make a third attempt at getting Carroll Trantham before a 118th District Court jury Nov. 7.

Trantham, charged with armed robbery, has been scheduled for trial at least three times in recent months, but each time the case has been passed for one reason or another.

The Trantham case is one of 11 felonies on the docket which Judge Ralph Caton is to call at 10 a.m. Nov. 4.

A jury panel will be called to report to the court 10 a.m. on Nov. 7.

Trantham's case is in No. 1 position. He is charged with the robbery of a liquor store and the state is relying on the identification by two of those held up for its case. The defense has based its strategy on an alibi and has a number of witnesses who are to testify that Trantham was at another place at the hour the alleged holdup occurred.

Other cases on the docket are Eleno Chavez, charged with assault with intent to murder; Ruben H. Jimenez, assault with intent to murder; James Wesley Legate, DWI second offense (two cases); Jackie Thompson, burglary; Don Leslie Beckman Jr. and Larry Wallace, robbery by assault; Robert Maynard Poole, DWI second; William L. Nichols, worthless check; Roberto Morales, possession of narcotics, habitual offender; Rodney Johnson, worthless check, repeater.

Morales, who was indicted by the grand jury last week, will face a life term in the state prison if the jury finds him guilty as an habitual offender. He has, the state contends, two prior convictions for felony charges.

Governor Leads List At Tech Inauguration

LUBBOCK — Gov. John Connally heads a list of state and national leaders to Lubbock Oct. 31-Nov. 1 attending the inauguration of Texas Tech president Grover E. Murray.

Gov. Connally will speak at the symposium concerning arid and semiarid lands Oct. 31. His topic at the noon luncheon will be "Resource Development in Texas."

Rep. George Mahon will introduce the governor and state senator H. J. Blanchard will serve as master of ceremonies at the luncheon.

Lt. Gov. Preston Smith of Lubbock will be master of ceremonies at the afternoon session of the symposium.

Symposium participants will include the former President of Mexico Sr. Lic. Emilio Portes Gil, Secretary of the Interior

Stewart L. Udall, Dr. John W. Gardner, Secretary of Health, Education and Welfare, Smithsonian Institution Secretary S. Dillon Ripley, Dr. William T. Pecora, Director of the U.S. Geological Survey and Senior Research Hydrologist Luna B. Leopold.

The symposium will focus attention on the new International Center for Arid and Semi-Arid Land Studies.

To Voters Of Howard County

Tuesday, November 8, 1966, is General Election Day, at which time you will elect a County Superintendent for Howard County for a four year term. The duties of the County Superintendent are prescribed by general and special laws enacted by the State Legislature of Texas, and by regulations adopted by the State Board of Education and the Texas Education Agency, Austin, Texas. The office operates upon an annual budget approved by the Howard County School Board and the Finance Director of the Texas Education Agency. The funds provided for the operation of the office are paid from the state Available School Fund and NOT from local county taxes.

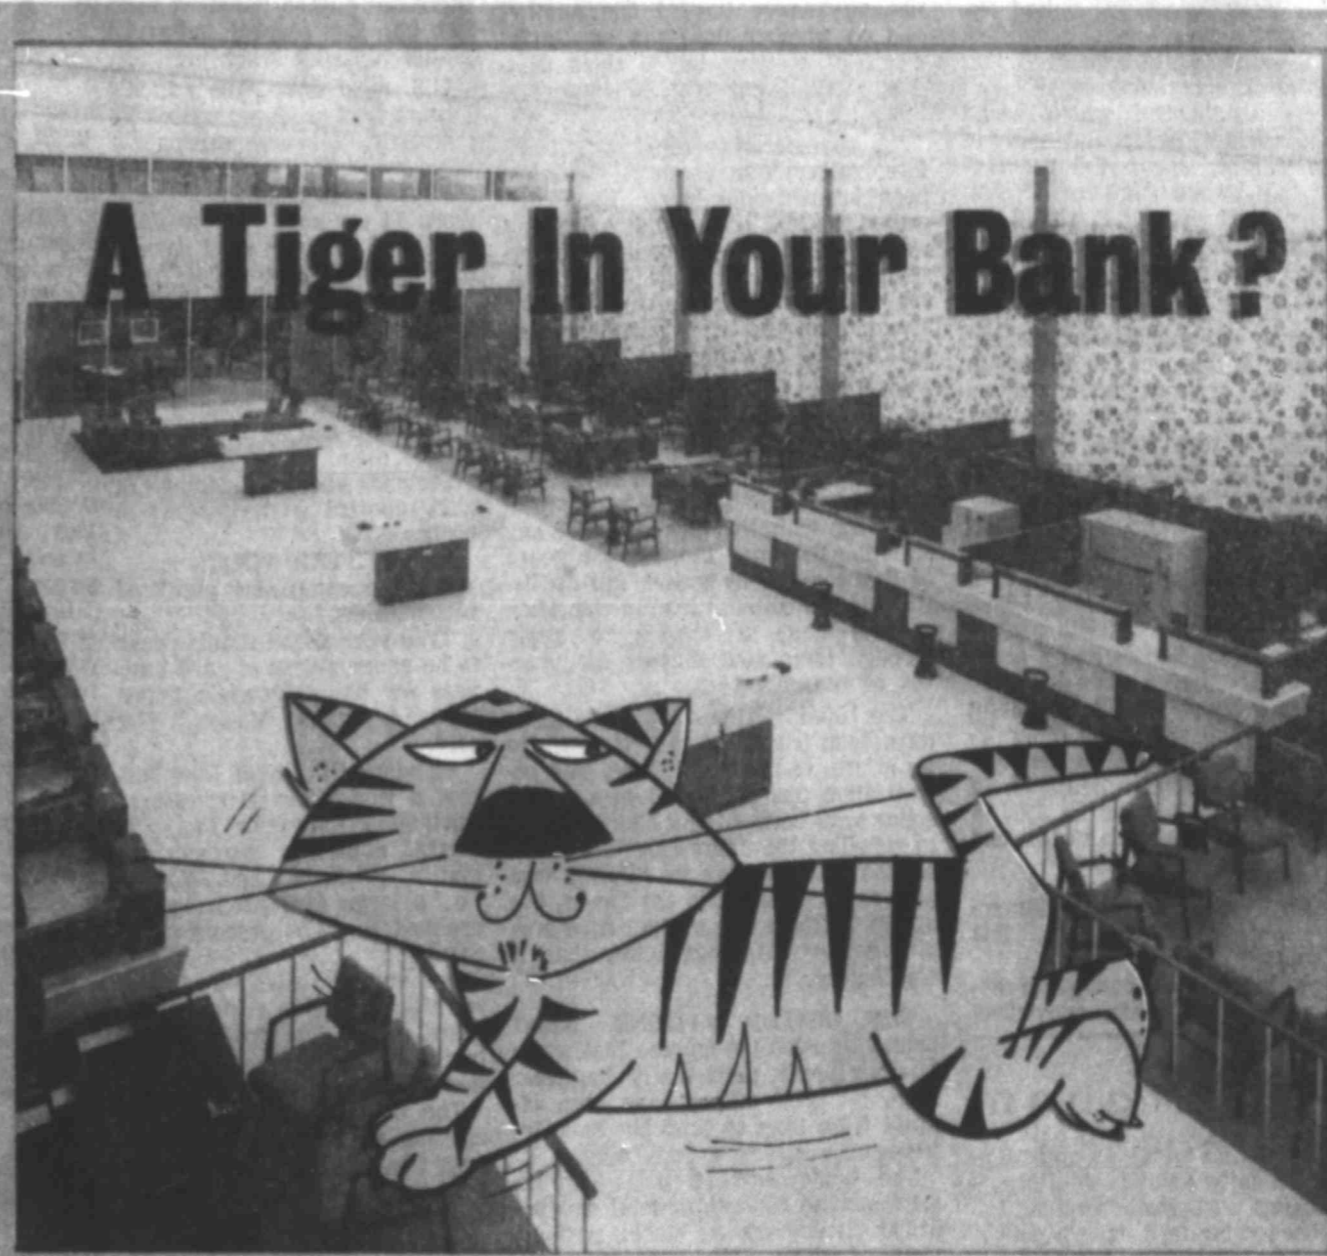

The County Superintendent is the intermediate school official of the county acting between the local schools and local school boards and the State Department of Education. My training in school administration plus the experience I have gained while serving as your County Superintendent qualifies me to serve the schools of Howard County efficiently as a county school administrator.

On General Election Day, vote for and re-elect WALKER BAILEY, a DEMOCRAT, County Superintendent for Howard County.

WALKER BAILEY

DEMOCRAT FOR COUNTY SUPERINTENDENT (P.D. Adv.)

A Tiger In Your Bank?

CHECK FIRST

When you need swift, tiger-like action to get things done, you can depend on the First.

Of course, our business is people . . . not tigers. But, when you're rushed, and who isn't, the speedy convenience of First National rates first.

Why not put tiger-like speed in your banking with convenient bank-side parking, and easy drive-up banking. Or, you may want to check first on a bank-by-mail plan.

If you like fast, but friendly, personalized service, bank where people come first. Bank First National.

A Devotional For The Day

Paul, earnestly beholding the council, said, Men and brethren, I have lived in all good conscience before God until this day. (Acts 23:1)

PRAYER: How often, O God, we have neglected to stand up for the truth because of carelessness or fear of suffering! Help us to be strong and of good courage and to serve Thee with a good conscience. For the sake of Jesus, who taught us to pray, "Our Father who art in heaven . . . Amen."

(From the 'Upper Room')

Where Conservatives Should Vote

What this newspaper regards as an important facet in the Waggoner Carr-John Tower contest for the U.S. Senate was put into plain language the other day in Dallas by former Governor Allan Shivers.

Said this distinguished Texas leader:

"If Waggoner Carr is not elected, you're going to see new voices speak up in the Democratic party, and that's the party that's going to control Texas for many years to come. . . . We need someone who can grow with an image, in the stature of conservative Democrats. The real issue is: will conservative-to-moderate people continue to run the state of Texas."

You can name your label, but the people he is talking about have been in control in Texas for a number of years—years that have seen the state make its biggest progress in all

areas: in building education, in attracting new industry, in meeting the needs of an expanding population.

We have mentioned before, and repeat, that there is an odd situation at this time that sees the leaders of the forces within the state withholding support from the Carr, if not actively opposing him.

This would indicate that these elements are out to wrest control of the Texas governmental machinery from those who have done the best job for the state.

It is our view that those who term themselves moderate or conservative would be more practical to lend their support to Waggoner Carr, and help build another spokesman for that philosophy in the person of Waggoner Carr. If they desert him now, they may have contributed to more political troubles for Texas in the years ahead.

Exemplary Record

Within the past few days there have been many encouraging reports from employ groups within the city, and that of the Communication Workers of America and Southwestern Bell Telephone management is exemplary.

With everyone working and carrying the message of a fair share, this group came in with a report of \$25 average per employe.

Not every industry within the community will warrant that kind of average, but there are some which ought to exceed it if they had the civic conscience and spirit of the telephone company.

The point is that remarkable things can be done where individuals take their civic responsibility seriously.

If we can only encourage the spread of this attitude and this record—and that of many other industrial groups under the payroll deduction plan—we will not fall short on our United Fund.

And that's what it is—our United Fund, and thanks to the employe groups for giving hope and meaning to the United Fund. We're mighty proud of what they are doing and urge others to do their fair share, too.

David Lawrence Key Is People Control Of Government

WASHINGTON — Twenty-one years ago this week, when the United Nations charter was formally ratified, hopes were fervently expressed that at last an international organization had been established which would keep the world at peace. But many of us who watched the initial proceedings of the United Nations at San Francisco were fearful it would become a body of disunited nations.

THE FLAW was not in the phraseology of the charter. Its words were constructive and moralistic. The big doubt arose because of the failure to perceive that governments are as strong or as weak as their own local systems permit them to be.

Many of the more optimistic observers hailed the U.N. as marking the beginning of a Utopian era. Unfortunately, they visualized the organization as possessing the powers of a superstate. "World government" was as impractical then as it has proved to be ever since. Theoretically a superstate could emerge when by some miracle each people would be willing to forget national pride and other local considerations as well as the competitive factors in human behavior. In reality, the U.N. became in 1945 a confederation of sovereign states, and that is how it functions today.

IN A DISPATCH in 1945, after returning from San Francisco, this writer said:

"Prevention of war cannot be accomplished by just writing provisions

of a charter. More depends on how nations behave toward one another and on whether the strong countries exercise self-restraint in their dealings with obviously weaker nations. . . .

"A confederation of states, therefore, rather than a world state has been brought into being. Each sovereign nation has equal voice but when it comes to enforcement, the responsibility lies with the major powers which can supply the military strength to deal with smaller states that become recalcitrant.

"AS FOR POSSIBLE aggression or misbehavior by major states against one another, this has been left to moral force and the conscience of peoples. The assembly of the new league provides for unlimited discussion of any situation that may threaten the peace of the world. This means full publicity, and few disputes lead to war when peoples have a chance to apply through their governments the process of reason."

The United Nations has since those days been frustrated several times in its efforts to maintain peace. The organization has succeeded in stopping some wars between small nations and in repelling the aggression that started the Korean War in 1950. It was able to bring peace in the Congo, but unhappily the plight of the native peoples now is not much better than it was before.

THE UNITED NATIONS hasn't helped to solve the friction that arose in other areas, particularly Southeast Asia. Its good offices have been offered from time to time but have infrequently led to a settlement.

The fundamental troubles can be attributed to the commercial and political rivalry among strong nations, some of which, with predatory aims, infiltrate the weaker countries. The machinery for settling international disputes is adequate. The motives of mediating governments and of the U.N. itself are well intentioned. Ambitious rulers or dictators, however, which control whole nations, do not have any scruples about violating every principle of international morality.

HOW WILL THIS ever be dealt with, and when will the United Nations be able to perform the service for which it was founded—to preserve peace and to deal even with those internal frictions which could lead to external war? The answer is that public opinion within each country needs to be informed so that leaders will be chosen who will truly represent the wishes of the people.

Education across international boundaries is the most essential requirement of the world today. Until a means of communication between peoples has been perfected by scientific inventions or by international investment in radio and television facilities, there will be wars between countries and a continuance of military as well as political aggression. When people everywhere really control their own governments, morality and humane considerations will stop wars.

(Copyright, 1966, Publishers Newspaper Syndicate)

Billy Graham

I hear you on television and radio, and I enjoy your hard-hitting, challenging sermons. In fact, I have been going to a church with the purpose of perhaps becoming a Christian. But, I must confess that I don't find the same content and challenge at the church that I felt in your messages. Is there something wrong with me, or am I justified in feeling this way?

—F. B.

It is easy to fall into the trap of wanting everything to please, to inspire, and contribute to "me." Perhaps the Lord led you to this church for a purpose. Granted, that it may not be as exhilarating and "challenging," as you hoped it to be. Does it not occur to you that you might be able to help this church to be more challenging, and exhilarating, by becoming a dedicated follower of Christ, and bringing your zeal to apply to the local congregation?

Perhaps all this church needs is you to spark it to new life and productivity. I know of a church in England which the denominational heads were considering closing. But a young man in that church was converted to Christ and became a spiritual firebrand in that congregation. His zeal and enthusiasm spilled over and the whole congregation caught fire. Today, that church is one of the most effective in the city. As someone has said, "Don't strike when the iron is hot; strike, and make it hot." "With God all things are possible."

Business Review Has Business Reached Its Peak?

By SALLY RYAN
AP Business News Writer

NEW YORK (AP) — From the nation's biggest corporations to the corner supermarket, there were disquieting business signs this week.

The question: Has the business boom reached a peak?

A wave of rosy company earnings figures and dividend increases pushed the stock market up. But several industrial giants reported lower profits.

U.S. Steel Corp., the nation's largest steel producer, raised its quarterly dividend, although it reported that its earnings for the past three months were down 14 per cent.

Five of the nine steel companies reported profit drops.

At the same time, General Motors Corp., the world's biggest manufacturer, said its net income for the quarter was barely one-third of what it was a year ago and its lowest since 1961.

Chrysler and Ford Motor Co. also reported a sharp drop in profits.

BETTER TIMES
But the companies predicted better times.

"The year ahead should prove to be another year of good business for the automobile industry and General Motors," GM said.

Standard Oil Co. of New Jersey, a worldwide oil company; Burlington Industries Inc., the largest domestic producer of textile products, and Borden Co., a large food producer, all checked in with record 1966 earnings.

Automobile sales, however, were down and steel production eased again. The steel industry began to lay off more men as the demand for steel slipped.

The biggest businessmen of all, the members of the Business Council, indicated they expect the economy to slow down next year — not a recession, just a slowdown.

They foresee a difficult year with a tax increase, big labor

INDECISIVE

- Many firms report record earnings, market rallies
- But General Motors profits are down two-thirds
- Fluctuating signs delay decision on tax hike
- Cost of living may be higher; retailers defended
- Cut non-defense spending say some; others say "no"

contract settlements and a profit squeeze.

DOWNTURN PREDICTED
Pierre D. Rinfret, an economist who has advised President Johnson in the past, was gloomier. He took issue with what he called "Washington's politically inspired economic forecasts," and predicted a definite downturn in 1967.

And for the first time, a Federal Reserve Board member, J. Dewey Daane, indicated that doubts about the economic outlook might be tempering the board's views on economic restraint.

Last spring, Daane argued strongly for a tax increase to restrain the economy. This week he said the question of a tax increase would be put off until January.

He said there was uncertainty about the course of the domestic economy and the war in Viet Nam.

But he added: "We hear lots of recession talk, but we don't see it yet in the figures."

PRESSURES EASED
As it turned out, Congress voted less money than expected.

That eased a little of the pressure for a tax increase, but left two other factors — the war and the general economic outlook.

Some slowing down of the rise in the cost of living was forecast by professional economists in a report to the Business Council.

They indicated price inflation

Around The Rim Just Leave Off Your Shoes

Until you open and really delve into your third and fourth class mail, you never know what kind of important knowledge there is to be gleaned—generally from companies or associations which have more than passing interest in the topic presented.

For instance, a recent item coming across the desk was about corns. Not the kind that grows in the field, or the kind appearing in newspaper columns, but the kind that make your feet hurt.

NEXT TO the common cold, the common corn may be mankind's worst incurable abomination. Well, perhaps corns can be cured, but I never heard of this from a large number of complainants.

One is not inclined to take corns seriously until one acquires this kind of pest. Indeed, there is sometimes a tendency even to make fun of the person who does cripple around with a throbbing corn.

THERE WAS a time I scoffed at this particular trouble. Then something happened. Either my shoes got too small or my feet got too big, and the first thing I knew there was this monster on the side of my little toe.

To get back to the mail, the piece was from the American Podiatry Association, which describes a corn (most people can recognize one), and tells what ought to be done about it.

ONE THING the foot specialists emphasize is not to try to perform a self-operation on corns. But you show me the person who hasn't tried his own bathroom treatment for as long as he can stand it, and I will

show you, well, probably a foot specialist.

The podiatrists say this bathroom surgery can lead to disabling results, and also say that some "over-the-counter cures" can do more harm than good.

THIS PIECE I am quoting said: "Corns build up gradually over a period of time. From pressure and friction the skin becomes irritated, gradually thickening, as nature attempts to protect the area. The cycle of pressure, friction and ultimate thickening of skin can progress to agonizing proportions. . . . Irritation from a corn can vary from minor discomfort to excruciating pain."

This is news?

IN THE CASE of my own corn, what I have wanted to do is to follow the time-honored practice of cutting a slot out of the side of my shoe and give that ole corn all the breathing room it wants. Thus, I can walk, while it has its fresh air. But some kind of false pride so far has kept me from doing this, and besides I have only one pair of good shoes.

That could be the trouble right there. The news release from the Podiatry Association doesn't say so, but I never heard of people who go barefoot all the time suffering from corns. It would now be time for the shoe manufacturers association to issue some helpful material on combating the common corn—other than going barefoot.

I'M NOT interested in writing more about this subject. My feet hurt.

—BOB WHIPKEY

Art Buchwald Doctor Makes A House Call On Mr. Block

WASHINGTON — After suffering a defeat at the hands of Congress over Medicare, American physicians are taking an active interest in the political campaigns this year. The Wall Street Journal reports many are not only distributing literature in their waiting rooms (mostly Republican and conservative pamphlets), but the doctors are also going out ringing doorbells. This display of political action is having varied results.

Just the other day my friend Block received a call from his physician in Maryland and the doctor asked if he might stop over and discuss the elections with Block at his home.

"I'M SORRY," Block replied gleefully. "I never let doctors make house calls."

The physician persisted and Block finally said, "Wait a minute, I just had a cancellation. You can come over and see me at 6 o'clock on Friday night."

The doctor showed up exactly on the hour. But when he rang the doorbell, Mrs. Block answered it. She led him into the living room and handed him a copy of a 1964 National Geographic.

"Please make yourself comfortable," Mrs. Block said. "My husband will be with you as soon as he can."

FORTY-FIVE MINUTES later Mrs. Block returned and said, "Mr. Block will see you now."

Block was seated behind his desk in the library. "Sorry about keeping you waiting, Doctor," he said, "but I just had emergency. Now what seems to be the trouble?"

"I came to discuss with you the local election situation."

"Hm, I see," Block said, taking out his fountain pen. "Now let me get some background first."

"Background?"

"YES, HAVE YOU had any political problems in the family? Mother, father, grandparents, sisters, brothers?"

"Not that I know of," the doctor

said, completely bewildered.

"When did you first start feeling you had to go out and do something about the elections?"

"As soon as Medicare was passed. I said I was not going to see this country go down the socialistic rat hole of Europe."

"Are you getting enough sleep?" Block asked.

"Of course I'm getting enough sleep. Now if you'll just let me explain to you the position of my candidate."

"NOT SO FAST, Doctor. We'll get to that in due time. I notice you seem to smoke a lot. How many cigarettes do you smoke a day?"

"A pack a day. What has that got to do with what we're talking about?"

"I have to get the whole picture," Block replied. "I also notice you're overweight. Is that a drinking problem or a will power problem?"

"A little of both. Dammit, Block, are you going to let me talk to you about the campaign or not?"

"Follow my pen with your eye, Doctor. Hm, hm. Now try to touch your toes. Hm, hm. All right, now open your mouth wide."

THE DOCTOR was becoming furious. "Block, I'm a busy man, but I've decided to devote several hours to getting the right people elected to Congress."

"All right," Block said. "Now take off your shirt and we'll have a close look."

"What for?"

"I just want to see if in your heart you know you're right."

"Okay, Block, it's obvious you're not interested in hearing the other side. I'm sorry I bothered you."

"Just a minute, Doctor—that will be \$10."

"Ten dollars! This is an outrage!"

"LISTEN, if I had to go to your house to discuss politics I would have charged you \$20. You're lucky I could see you at home."

(Copyright, 1966, The Washington Post Co.)

Marquis Childs Strong Influence Of Clark Clifford

MANILA — Rated as No. 3 in the American delegation to the Manila conference was Clark M. Clifford, adviser to three presidents.

Clifford, a former St. Louisan, spent long hours working on the final form of the conference communique. He sat each day next to Secretary of State Dean Rusk with the delegation in Malacanang Palace.

HIS INFLUENCE was reported to have been in the direction of restraint. Of a cautious and judicious temperament, he argued against the kind of grandiose declaration of a charter of Manila that some of the Asians would like to have seen come out of the final meeting.

Considerable surprise has been expressed that Clifford should rate so high in view of the fact that he has no official standing in the government. This is bound to revive rumors that he will take a high position in the Johnson Administration.

Clifford is the soul of discretion and has consistently refused to discuss his relationship with President Johnson. State Department sources say that considerable pressure was put on him to take the No. 2 position in State vacated by Under Secretary George W. Ball. Clifford is said to have argued that, as a close friend of the President, he would in that position cast doubt on Rusk's authority.

AT MR. Johnson's request, Clifford is joining the presidential party for the remainder of the tour, with stops at Bangkok, Kuala Lumpur, Seoul and a final fueling stop at Anchorage, Alaska.

At the President's request, Clifford

late last year went on a mission to Viet Nam (that left him ill for weeks) and submitted on his return a voluminous report that was given top-secret status.

CLIFFORD, counsel to Truman in the Missouri's White House years, was personal attorney to the late John F. Kennedy. Some weeks before the 1960 Democratic national convention he announced for Sen. Stuart Symington, a fellow St. Louisan, for the nomination and worked actively in Symington's behalf. This did not, however, interfere with his close association with Kennedy. Clifford supervised the transition from Eisenhower to Kennedy. After the Bay of Pigs fiasco, Kennedy named him chairman of a committee to oversee the operations of the Central Intelligence Agency.

MR. JOHNSON has several times called on Clifford at critical moments in his presidency. Once was when the President sought to shield his chief aide, Walter Jenkins, charged with a morals offense. Clifford and Abe Fortas, subsequently named to the Supreme Court, sought to persuade Washington newspapers not to print news of the charge because Jenkins would be hospitalized for a breakdown.

Tall, handsome, always impeccably dressed, Clifford, who will soon be 60, looks considerably younger. Although the President may prevail on him to take a high office, it would seem that his own preference is to be an unofficial adviser with only occasional special assignments.

To Your Good Health There's No Female Fountain Of Youth

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: I have just finished a book which extols the use of estrogen, to begin around the middle 30's, to eliminate the upsets and do away with menopause, so that menstruation will continue for life.

I am in my middle 70's and somewhat skeptical. However I am interested in knowing if such treatments are now being successfully used or are only in the experimental stage. — MRS. B. P.

I've read excerpts of the book you mention, and think that fundamentally the theme is well taken — the use of estrogen which is one of the important female hormones.

At the same time I think your skepticism is justified if the use of estrogen is interpreted as some sort of fountain of youth that will keep women young indefinitely and prevent menopause.

First of all, healthy women in their 30's do not need extra estrogen. Their systems produce it abundantly. The exception occurs when the ovaries have been removed, and then estrogen, to replace what no longer is being secreted, is very

useful.

Second, menopause is not eliminated. It is a natural process of aging. When it occurs, and if there are unpleasant symptoms (this is usual but not invariable) estrogen does wonders in making women more comfortable.

Third, there is an increasing trend to use of hormones in older women like yourself in the 70's. Such treatment perks them up a bit, but it is not a cure-all nor does it set back the calendar.

So while it is fatuous to expect the impossible, judicious use of hormones, at the right time, makes good sense. A further benefit is prevention of certain bone changes (osteoporosis) which often occur as natural hormone production diminishes.

I suppose it is needless to point out that estrogen or other hormones should be used only under supervision of a physician. The amount must be controlled, and the woman should be aware of certain symptoms. Periodic spotting is one, and when this occurs Pap smears must be done to make sure that the bleeding is due

to the hormones and not to some other condition needing correction.

Dear Dr. Molner: After my daughter had her first polio shot she broke out in strange welts all over her body. She didn't feel ill and after a few hours they were completely gone. Her later polio shots didn't affect her at all. Can you explain why? — MRS. S.

It might help if I knew the dates of her inoculations, but here's an educated guess: The early polio vaccine had penicillin as a preservative. Some people are hypersensitive to it, so later the penicillin was omitted. Perhaps your daughter had an allergic reaction to a dose of the earlier type of vaccine.

For a comprehensive discussion of how to cope with the change of life, including scores of pertinent questions and their answers, send in care of The Herald for my booklet, "Make Menopause Easier," enclosing 25 cents in coin and a long, stamped, self-addressed envelope to cover cost of printing and handling.

Goliad Parents' Night Crowd Estimated At 800 Thursday

By LINDA CRAWFORD
An estimated 800 parents, many accompanied by their children, attended the annual Goliad Parents' Night Thursday.

Mr. S. A. Walker, Goliad principal, presided during the program. The invocation was given by Rev. Donald Kenning and Lynn Cauley gave the Pledge of Allegiance.

PARENTS WELCOMED
A welcome from the students was given by Bruce Hutto, Goliad Student Council president, and Mrs. Lynn Calvert, student council sponsor, welcomed the parents and guests on behalf of the faculty.

Mrs. T. L. Hutto gave the response. Also appearing on the program were Mrs. R. B. G. Cowper, school board member, and Mr. S. M. Anderson, school superintendent.

CHORAL PROGRAM
The Goliad advanced choir sang "O Taste and See," "Where in the World," and

ad Student Council president, and Mrs. Lynn Calvert, student council sponsor, welcomed the parents and guests on behalf of the faculty.

Mrs. T. L. Hutto gave the response. Also appearing on the program were Mrs. R. B. G. Cowper, school board member, and Mr. S. M. Anderson, school superintendent.

CHORAL PROGRAM
The Goliad advanced choir sang "O Taste and See," "Where in the World," and

"Michael Row Your Boat Ashore." All choir students joined to sing "Give Me Your Tired, Your Poor." The Goliad choirs are directed by Mrs. Susan Dawes.

The Goliad band, directed by Mr. Russell McKiski, also performed for Parents' Night. The band played "Hi-Fi March," "Tumbling Tumbleweed," and "Voodoo."

Following the alma mater led by the band and choir, parents and students were greeted by the teachers in their classrooms. Refreshments were served on the patio by FHA members.

ard, Wyvonne Holcomb, Trisha Hogue, and Veanda Griffith. Miss Margo Lauderdale coaches the volleyball teams.

HALLOWEEN PARTY
The Delta Club sponsored a Halloween Party Saturday night. The costume party was held for club members and their guests. Members are currently planning a choral speaking program for the Veterans Administration Hospital. Material for the program includes both sacred and secular selections.

Mrs. Cornelia Gary, Mrs. Esie Person, Mrs. Vicki Allman, and Miss Agnes Currie attended the District IV Texas Joint English Meeting for Schools and Colleges held Saturday in the Lamesa High School auditorium.

The main topic was "The Dimensions of Today's Courses." Mrs. Person was a member of the panel which discussed this topic and Mrs. Gary was elected treasurer.

HCJC

Sophomore Class Elects Officers

By JEAN FANNIN
Jim Walker, sophomore class president, presided Friday morning over the sophomore class meeting in which three other class officers were elected.

Jack Hosley was named vice president; Kay Bolen, secretary; and Larry Helton, treasurer. Mr. Larry Reese and Miss Movelda Rhine are class sponsors.

Tommy McMahon, Roger Mercer, and James Hoston were named to a committee to decide what the sophomores will place in the cornerstone of the new science and library buildings Nov. 9.

Larry Helton, Cheryl Norman, and Art Fowler were named to the publicity committee.

admitted on their activity cards and club members sold caramel apples and popcorn balls in the snack bar area.

HAWK PLAYERS
The Hawk Players are currently making plans for their production of "The Man Who Came to Dinner," Nov. 17-19 in the HCJC auditorium.

Geology students left Friday morning on a field trip to the Big Bend area. The group, sponsored by Mr. Lee Thackery, planned to return late this evening.

ART EXHIBITION
Mr. Don Duncan prepared an exhibit in the showcase titled "The Many Faces of Education." The exhibit represented the basic areas of education, such as Spanish, math, science, sports, Spanish, art, driver's education, home economics, band, choir, history, and the library.

The eighth grade football team was defeated by San Angelo Edison Tuesday night by a score of 32-12. The freshmen played Edison Saturday afternoon in San Angelo.

VOLLEYBALL TEAM
Eighth grade girls chosen for the volleyball team were Judy Bair, Lucretia Clark, Lynda Swords, Nancy Bortner, Kay Meek, Carol Perkins, Sandy Reed, and Debbie Steger.

Joyce Nail, Pam Marcum, Ariene Henderson, Belle Schwarzenbach, Linda Wood-

grants for schools overseas.

While in Berlin he viewed many of the hardships being endured by the people and decided to come home to appeal on their behalf to Americans.

NHS MEETING
National Honor Society met Monday to discuss plans for November.

Future Homemakers had a program entitled "Chart and Compass." Girls participating in the program were Jane Hodges, Cindy Davis, Neala Ferguson, Luan Louder, Glenda Adams, Martha Bradshaw, Cindy Clements and Dianna Mims.

Melrae Angel sang "My Task." Laura Costlow was the narrator.

Homecoming Festivities Saturday For Stanton Exes

By EUNICE STEPHENSON
STANTON—Homecoming was held Saturday at Stanton. A parade was held at 3:30 p.m. with each class having a float for its homecoming queen candidate.

Other floats were FTA, FFA, and FHA. The Stanton High School Band marched in the parade also.

First prize was \$25; second prize, \$15; and third prize, \$10.

PEP RALLY
After the parade a pep rally was held in the high school gym with all exes invited.

Homecoming queen candidates were Anna Thompson, senior; Sandra Merrifield, junior; Trudy Powell, sophomore; and Connie Henley, freshman.

After the game a party was held in the gym for the students and a party for the exes was held in the cafeteria. The "Blue Knights" furnished the music for the "sock hop" in the gym.

'POWDER PUFF'
Friday night the senior and

junior girls met on the Stanton High School gridiron. Powder puff mums were sold by the juniors.

Cheerleaders for the game were: Danny Fryar, Mike Springer, Bobby Hamm, and Mike Donathan, seniors; Glen Lawson, Gene Hodges, and Jimmy Jones were cheerleaders for the juniors.

The senior team consisted of Jackie Walker, Patricia Badgett, Jackie Jenkins, Barbara Harrell, Brenda Hightower, Suzy Poe, Alma Mashburn, Linda Brown, Cindy Pickett, Sherry Vest.

Anna Thompson, Cathy Workman, Eunice Stephenson, Carolyn Brumley, Janelle Tate, Becky Long, Judy Kokel, and Lavern Keith.

Coaches for the senior team were Jerry Cox and Larry White.

JUNIOR TEAM
The junior team consisted of Kathy Biggs, Neala Ferguson, Charlott Flippo, Kathy Gamel, Linda Gasple, Kay Harrell, Linda Henley, Jane Hodges, Luan Louder, Sandra Merrifield.

Eva Pointer, Leila Kay Stewart, Martha Bradshaw, Margaret Uhlman, Sue Walker, Pam Williams, Linda White, and Kathy Hazlewode.

Coaches for the juniors were Steve Hall and Robert Haggard.

SOUTHERN ASSEMBLY
Paul Yearout, from the state of Washington, presented the third Southern Assembly Wednesday. He spoke on "Your World and the Berlin Wall."

Mr. Yearout has traveled with seven teenagers for seven weeks presenting musical pro-

grams for schools overseas.

While in Berlin he viewed many of the hardships being endured by the people and decided to come home to appeal on their behalf to Americans.

NHS MEETING
National Honor Society met Monday to discuss plans for November.

Future Homemakers had a program entitled "Chart and Compass." Girls participating in the program were Jane Hodges, Cindy Davis, Neala Ferguson, Luan Louder, Glenda Adams, Martha Bradshaw, Cindy Clements and Dianna Mims.

Melrae Angel sang "My Task." Laura Costlow was the narrator.

Flower Grove Students Pick Class Favorites This Week

By DIANE MASSENGALE
FLOWER GROVE—Many of the classes have elected class favorites.

Diane Massengale and M. C. Burcham were named senior favorites; Mary Pribyla and Neil McMorries, juniors; Cindy Dykes and Marty Rawlings, sophomores; Bonnie Hill and Bob Dykes, freshmen; Cynthia Hill and Mark Fly, sixth grade; and Doris Fly and Dan Hightower, fifth grade.

The other classes will hold elections this week.

HALLOWEEN CORONATION
Don McMorries, student council president, will crown the Halloween Carnival winners at the coronation Oct. 31.

Nadine Beckmeyer is the pianist for the coronation. Elvis Burton is the court jester. Charles Fly and Douglas Cockrell, pre-schoolers, are the train-bearers.

'SPIRIT STICK'
At the pep rally, Oct. 21, the "Spirit Stick" was presented to the juniors in high school and to the fifth and sixth combined in grade school as the classes that had shown the most school

spirit throughout the pep rally and also during the preceding school week.

Because of an open date the past Friday, these classes will keep the "Spirit Stick" two weeks. At the end of the season, the class in each division who has won the most times will be given the "stick" to keep on display in their rooms.

CHRISTMAS CARDS
Members of the junior class are selling Christmas cards. Anyone wishing to buy cards should contact Mr. Roy Dykes, class sponsor, or any junior.

The Dragons will travel to Sterling City for a game with the Eagles Friday, Nov. 4.

John Tower Wednesday at the Settles Hotel in Big Spring. The field trip was designed to aid the students in their study of political parties and understanding of the government.

SPECIAL RALLY
A special pep rally was held Friday by the boys to show appreciation for the girls' support of the football team and to show support for the girls' basketball team.

John Wyckoff, Ronnie Hirt, and Wayne Halfmann led the yells, assisted by Bonnie Glenn, cheerleader.

A pep rally was held in the gym prior to the first district football game with Sands.

A skit, "The History of Cheerleaders," was presented by the cheerleaders and Wayne Trantham, Velma Sherrod, Becky Reynolds, Elaine Trantham, Susan Lange, Beverly Jacob, and Bill Cook.

Garden City FHA Holds Initiation Of Freshmen

By DANNA WERST
GARDEN CITY—FHA freshmen initiation was held this week. The girls being initiated dressed as different fairy-tale characters and objects during week.

The initiation was climaxed Thursday night with a party and the annual "Trick or Treat for UNICEF" Drive.

The FHA will have the concession stand at the Halloween Carnival with cakes, pies, sandwiches, cold drinks and coffee.

MEXICAN SUPPER
They will also sponsor a Mexican supper, prepared under the direction of Mrs. Joyce Bergstrom. Adult tickets are \$1 and tickets for children under 12 will be 50 cents. The menu will include tamales, chili and beans, homemade bread, and a green salad.

Mr. Pat Bullock's civics class attended the meeting for Sen-

John Tower Wednesday at the Settles Hotel in Big Spring. The field trip was designed to aid the students in their study of political parties and understanding of the government.

SPECIAL RALLY
A special pep rally was held Friday by the boys to show appreciation for the girls' support of the football team and to show support for the girls' basketball team.

John Wyckoff, Ronnie Hirt, and Wayne Halfmann led the yells, assisted by Bonnie Glenn, cheerleader.

A skit, "The History of Cheerleaders," was presented by the cheerleaders and Wayne Trantham, Velma Sherrod, Becky Reynolds, Elaine Trantham, Susan Lange, Beverly Jacob, and Bill Cook.

Friendship League Growing Business

BOSTON — Every weekday morning one of Uncle Sam's red, white and blue mail trucks makes the climb up Beacon Hill to the headquarters of the International Friendship League, 40 Mount Vernon Street, Boston. There, the driver drops sacks filled with mail from all over the world, letters from boys and girls in 139 free countries of the world who wish American pen friends in all 50 states.

Postmasters everywhere know about the pen friend plan of the International Friendship League. When an Australian writes to "Pen Friend" or "Pen Pal" or "Friendship League" care of the Postmaster, San Francisco, or San Antonio, or "Anywhere,

U.S.A." it is forwarded to Boston.

From a small beginning 30 years ago, the International Friendship League now can claim more than five million letters exchanged in every part of the world. Russia and the satellite countries do not participate.

Millions of young people have taken part in the exchange of ideas which flow constantly to virtually every spot on the globe. Students writing for the names of possible pen friends makes a small donation to help defray postage.

In return they are given life membership and receive the name and address of someone in a foreign land who is of the same age. The correspondents are carefully, individually linked, and, in this way, a firm foundation for a long lasting, sincere friendship is laid.

The names and addresses in the worldwide file of foreign correspondents come from educational authorities, the Voice of America, United States Embassies, and other offices. If an answer is not received, a substitute name and address is rushed to the American participant so that there can be no disappointment.

Sorting, filing and answering this mail is a tremendous task. The League, a non-profit organization, has a limited staff on regular duty. But, voluntary help comes from many quarters. More than 20 women, the wives of prominent businessmen, jurists and teachers, give a few hours of their time each month.

EVENING WORKERS
Thirty-five volunteers, a representative cross section of the city; a retired school headmaster, a retired banker, music teacher, social workers, salesmen, legal secretaries, secretaries in banks and insurance companies and veterans recovering from war wounds, give their evenings.

To learn more about the "Wonderful World of Pen Pals," send a self-addressed, stamped envelope to: The International Friendship League, 40 Mount Vernon Street, Beacon Hill, Boston, Massachusetts 02108. An official registration form will be sent you by return mail.

Runnels FHA Girls Meet

By MARY ELLEN HEDGES
The FHA girls held their monthly meeting this week.

A pep rally was held Thursday afternoon. The head cheerleaders were Patti Spier, Martha Fierro and Christina Bentler. Coach Dan Lewis gave a pep talk and introduced the team captains.

The eighth grade Yearlings won their third game Thursday against Snyder Travis. The ninth grade game ended in a tie.

The band performed during halftime. The appearance was their second.

The Yearlings travel to Snyder next week.

The ninth grade physical education classes are holding a football tournament to determine the champions.

Nine-weeks exams will be given next week.

List Includes Kathy Seddon

SHERMAN — Kathryn Janice Seddon of Big Spring is one of 204 Austin College students named to the Dean's List for spring 1966.

Miss Seddon, a freshman last spring, is the daughter of Mr. and Mrs. E. A. J. Seddon Jr. formerly of 1519 Tucson in Big Spring. She is a 1965 BSHS graduate.

The list, released by Dean Leo L. Nussbaum, is composed of students with a grade average of 3.25 or better for last spring. Broken down by classification there were 47 freshmen, 38 sophomores, 44 juniors, 74 seniors and one post-graduate.

Attend High School Day

COAHOMA — Coahoma students numbering 18 attended high school day at Abilene Christian College, Abilene, and had tickets for the ACC - Arkansas game Saturday night.

Students attending were Linda Pherigo, Chuck Pherigo, Sherry Roberts, Rhonda Tiller, Phil Cochran, Terry Denton, Eddie Read, Mischea Read, Ricky White, Molly McBride, Kim Wall, Reagan Wall, Twila Wall, Rodney Wall, Janet Rowden, Jerriann Menser, Dean Swinney, and Marlene Swinney.

Also attending were Mr. and Mrs. J. C. Wall, Mr. and Mrs. Herbert Love, Mr. and Mrs. Bill Read, and Mr. and Mrs. Joe Swinney.

Wylie Enrolls In Oklahoma

OKMULGEE, Okla. — Sidney Cioeko Wylie, Big Spring, in enrolled at Oklahoma State Tech. Okmulgee, for the fall term in building construction. Current enrollment is 2,406.

Student Council Planning For Forsan Homecoming

By MARY JO SIMPSON
FORSAN — Homecoming preparations have gotten underway at Forsan with the student council meeting Wednesday and Thursday to discuss the menu for the lunch to be served to all the exes.

Homecoming Queen nominees elected from each class are Wanda Albertson, senior; Deryl Ann Dunagan, junior; Karen Moore, sophomore; and Judy Clanton, freshman. This year the homecoming queen will be elected by the high school students, not the exes.

'SPOOK HOUSE'
The senior class met Tuesday to discuss plans for a "spook house" at the Halloween Carnival which was held at Elbow Saturday. A turkey dinner was

served at the carnival.

Three new members have been added to the Buffalo Trail staff. New annual staffers are Steve Park, junior; Leah Johnson, senior; and Marlin Medlin, sophomore. Annual sales cease Nov. 4 and the price will go up.

PEP RALLY
A pep rally was held Friday at 3 p.m. A skit was presented by Nancy Anderson and pep speeches were given by coach Oscar Boeker and Larry Calihan and Freddy Willis, seniors.

An FHA meeting was held at 7:30 p.m. Thursday. Films on parliamentary procedures were shown to the girls.

The girls' basketball team gained its second straight victory Tuesday night by defeating Flower Grove.

Big Spring Girl SC Representative

WINFIELD, Kan. — In student elections during the opening weeks of school, Connie Hadley, daughter of Mr. and Mrs. Ralph Hadley, 1214 E. 18th, Big Spring, was selected freshman class student council representative at St. John's College.

BSHS Dramatists Plan Production Of 'Our Town'

By ANDREA McCAIN
The drama and music departments are making plans to produce "Our Town," by Thornton Wilder.

The cast for the play includes Steve Compton, Charles Macklin, Joey Fate, Dennis Brewer, Gloria Gale, Diana Landrum, Don Crockett, Betty Fleming.

Barry Knocke, Theresa Conner, Jerry Cook, David Thomas, Suzanne Wolfe, Jerry Cook, April Burkart, Russell Long, Pam Hendricks, Richard Macklin, David Cooper, Robert Rozell, Cindy Dittich and Sue Fannin.

Some cast members will play two parts in the play.

The first rehearsal was held Monday, Mr. Dan Shockey and

Mr. Mel Ivey are directors. "Our Town" will be presented in the HCJC auditorium during the first week of December.

Sixteen members of the BSBS choir made the all - regional choir for this year. Ten are eligible for the all - state choir in December and January.

REGION CHOIR
Students making all - regional choir are Amelle Fitzhugh, Curlee Rogers, Cheri Cederberg, Kenna Bell, Lorrie Watkins, Cheryl Colclazer, Stephanie Sokolowicz, Karen Platte, Beth Hayworth, Linda Tawater, Danny Johnson, Mark Shaver, Bobby Kibbler, Charles Macklin, and Richard Macklin. Don Crockett was chosen as first alternate.

Students tried out for all-re-

gional choir Saturday, Oct. 22, in San Angelo.

The government classes journeyed to the Settles Hotel Ball Room Wednesday to see Sen. John Tower. They were introduced to the senator and permitted to ask him questions.

Government students are currently making posters concerning patriotism and the American Flag. These posters are for display around BSBS.

SCIENTISTS MEET
The Science Club held a meeting Tuesday, Oct. 25, at 7:30 p.m. Mr. Lee Thackery, HCJC geology instructor, showed a film and spoke on geology and the earth.

The ICT Club held its first meeting Monday morning. Various plans for the coming year were discussed including the

initiation trip to Midland Nov. 12.

A suggestion that the club members purchase a blazer or sweater for ICT was also discussed. All members are urged to attend the meetings which are scheduled for 7:30 a.m. Mondays. The election of the ICT Sweathart will be held tomorrow.

ORDER DIPLOMAS
Seniors planning to be graduated in the spring or summer are urged to sign up now for diplomas. This can be done in Mrs. Gene Harrington's office.

The student council has decided that a Harvest Carnival will not be held this year because of the lack of facilities. The council is planning a Spring Festival to take the place of the Harvest Carnival.

MEGAPHONE

NEWS FROM THE SCHOOLS
4-D Big Spring (Texas) Herald, Sun., Oct. 30, 1966

SANDS Students Choose Queen Candidates

By JUDY FLEMING
ACKERLY — Each class has elected its candidate for homecoming queen. The candidates are Beth Ingram, senior; Sara Bledsoe, junior; Brenda Ingram, sophomore; and Lynn Massingill, freshman. The queen will be crowned Saturday, Nov. 5, during half-time ceremonies of the Sands - Sierra Blanca game.

MUSTANG LEADERS
Football captains for the Mustangs this year are Larry Oaks and Randy Hambrick, both seniors.

"C" quizzes were given to junior high and high school students last week. This marked the end of the first nine weeks of school.

The senior class sponsored a greased pig chase Friday night at the half time during the football game. Children in grades one through four had the first chase. The one who held the pig down for ten seconds received five dollars.

The second chase was for the

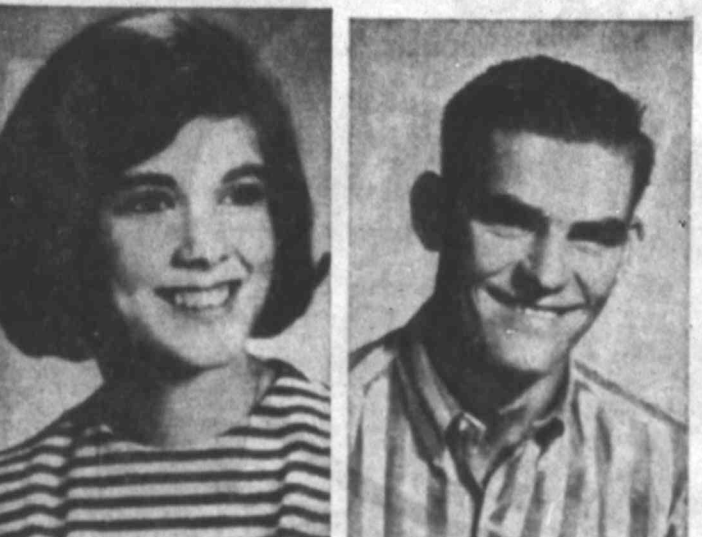

fifth through eighth grades. The one who could carry the pig off got to keep it.

BUMPER STICKERS
The junior class is selling bumper stickers for one dollar. The stickers are guaranteed for three years. Any one wishing to buy one should contact any member of the junior class.

A Homecoming chili supper will be sponsored by the senior class Saturday, Nov. 5. The supper will be served from 5 to 7 p.m. in the high school cafeteria.

LAST GAME
Junior high played their last football game Thursday night against Gail. The Mustangs lost. Their coach was Mr. Ronnie Gandy.

Leading the yells for junior high were Karla Hunt, head cheerleader, Jan Nichols, Pam Jones, eighth grade; Dorinda Graham and Mary Ann Wallace, seventh graders. Mrs. Amy Smith was the pep squad sponsor.

At Flower Grove
In a recent election at Flower Grove Cindy Dykes was elected most beautiful girl and Don McMorries was named most handsome boy.

Flower Grove Students Pick Class Favorites This Week

By DIANE MASSENGALE
FLOWER GROVE — Many of the classes have elected class favorites.

Diane Massengale and M. C. Burcham were named senior favorites; Mary Pribyla and Neil McMorries, juniors; Cindy Dykes and Marty Rawlings, sophomores; Bonnie Hill and Bob Dykes, freshmen; Cynthia Hill and Mark Fly, sixth grade; and Doris Fly and Dan Hightower, fifth grade.

The other classes will hold elections this week.

HALLOWEEN CORONATION
Don McMorries, student council president, will crown the Halloween Carnival winners at the coronation Oct. 31.

Nadine Beckmeyer is the pianist for the coronation. Elvis Burton is the court jester. Charles Fly and Douglas Cockrell, pre-schoolers, are the train-bearers.

'SPIRIT STICK'
At the pep rally, Oct. 21, the "Spirit Stick" was presented to the juniors in high school and to the fifth and sixth combined in grade school as the classes that had shown the most school

spirit throughout the pep rally and also during the preceding school week.

Because of an open date the past Friday, these classes will keep the "Spirit Stick" two weeks. At the end of the season, the class in each division who has won the most times will be given the "stick" to keep on display in their rooms.

CHRISTMAS CARDS
Members of the junior class are selling Christmas cards. Anyone wishing to buy cards should contact Mr. Roy Dykes, class sponsor, or any junior.

The Dragons will travel to Sterling City for a game with the Eagles Friday, Nov. 4.

Garden City FHA Holds Initiation Of Freshmen

By DANNA WERST
GARDEN CITY—FHA freshmen initiation was held this week. The girls being initiated dressed as different fairy-tale characters and objects during week.

The initiation was climaxed Thursday night with a party and the annual "Trick or Treat for UNICEF" Drive.

The FHA will have the concession stand at the Halloween Carnival with cakes, pies, sandwiches, cold drinks and coffee.

MEXICAN SUPPER
They will also sponsor a Mexican supper, prepared under the direction of Mrs. Joyce Bergstrom. Adult tickets are \$1 and tickets for children under 12 will be 50 cents. The menu will include tamales, chili and beans, homemade bread, and a green salad.

Mr. Pat Bullock's civics class attended the meeting for Sen-

John Tower Wednesday at the Settles Hotel in Big Spring. The field trip was designed to aid the students in their study of political parties and understanding of the government.

LONG AGO PEOPLE

It happened while I was hiking in the mountains . . . suddenly I came into a clearing and saw the crumbling foundations of what had once meant shelter and protection for a pioneer family. Rugged mountains surrounded the decayed dwelling on three sides. But in front there opened a panorama across a valley which in all its beauty held me spellbound.

I turned and noticed a small old-fashioned rose bush which seemed to reminisce with yesteryear beside the moldering stoop. I could feel the presence of those long-ago people. How they must have loved this place. The woman had tended flowers and vegetables here, had borne her babies and had helped her man carve a life from the wilderness.

What was their secret . . . these pioneer people? Where did they find the courage and confidence needed to face the privations and dangers of primitive living? God was their refuge and strength. Their love of Him illumined their lives, and goodness graced their days.

Just so today, God and His Church are the source of all bounty, greatness, and joy. They are yours for the asking.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE ARTS

Noted Organist To Give Concert Here Thursday

An outstanding organist, Wilma Jensen, will be presented in concert here Thursday at 8 p.m. at the console of the First Methodist Church organ. She is appearing under the auspices of the West Texas chapter of the American Guild of Organists. This is a free public service and everyone is invited.

WILMA JENSEN

Mrs. Jensen will feel equally at home in the Methodist Church as she does at the organ console, for her father was a Methodist minister; she was once known as the "youngest organist in the Methodist;" and her husband, Dr. Donald Jensen, is minister of music of St. Luke's Methodist Church in Oklahoma City. She has studied under some of the leading organists in the country, holds her master of music degree from Eastman School of Music; has been sought after in her concert appearances for the past six years; has been featured as the recitalist at the national convention of the American Guild of Organists. Mrs. Jensen has performed on many of the greatest instruments of the country, including the great Mormon Tabernacle organ.

The new 37-rank register Reuter organ at the First Methodist Church here has had some capable artists to appear in concert, but Mrs. Jensen's credentials clearly rank her as the leading talent to be at its console.

"French Impressionism" is the title of the new exhibit opening on Thursday at the Museum of the Southwest in Midland. Among artists whose work will be shown are Manet, Renoir, Cezanne, Degas and Toulouse-Lautrec. The paintings and etchings represent a cross section of the art produced as part of the late 19th century impressionist and post-impressionist movement. John N. Vincent, director, said that the paintings were on loan from the Museum of Fine Arts, Houston, the Amon Carter Museum in Fort Worth, the McNay Art Institute in San Antonio. The Museum, located at 26 Village Circle, is open Tuesday through

Saturday from 10 a.m. to 5 p.m. and on Sundays 2 p.m. to 5 p.m.

This week's FM presentation of the New York Philharmonic over KNFE-FM will be Stravinsky's "Symphony in Three Movements," plus his "Pulchella (after Pergolesi)," and arias from "Cosi fan tutte." Mozart Solists will be Elisabeth Schwarzkopf, soprano, Leopold Simoneau, tenor; Raymond Michalski, bass. Next week the presentation, with Leonard Bernstein conducting, will spotlight Mozart's overture from the "Magic Flute."

"The Gospel According to St. Matthew" will be presented Tuesday and Wednesday at the Yucca Theatre in Midland. Friday at the Odessa College auditorium, the college fine arts attraction will be Stephen Manes, pianist. Next Sunday at 2:15 p.m. in the Community Room of Commercial Bank and Trust Company in Midland, Arnold Leonard will deliver the second part in his series on American Art. This one will be "Artists and the Revolution." This is made possible by the H. J. Russell Foundation, and there is no charge to the public.

Now that the Big Spring Concert Association has launched its current season with the sparkling "Music of Richard Rodgers" last evening, you may want to note dates of other offerings: Dec. 6, First Piano Quartet; Jan. 2, Midland-Odes-

sa Symphony Orchestra and Choral; March 3, Rolf Bjoerling, tenor.

The Little Theatre seems off to a fine season based on the performances, the solid direction and good staging of "Poor Richard." Remember that Jerry Whitlock, who will direct the next production, "Dracula," has invited tryouts at 3 p.m. in the Prairie Playhouse in City Park today. Go on out and give it a try.

The Fall Festival Art Exhibit (non-competitive), sponsored by the Big Spring Art Association, will accept entries Friday, Nov. 18, between 8 and 10 a.m., for the weekend display to be arranged in the Highland South Mall.

Anyone in Big Spring and vicinity is welcome to enter work in the show. There will be a 50 cent per entry hanging fee, and anyone submitting entries is eligible to enter as many more as he likes at no extra charge in the "Flea Market." This section of the exhibit will accept new or old work, sketches, paintings, sculpture, etc., which can be priced below \$50. Ten per cent of any sales made will be retained by BSAA to buy more art books for the Howard County Public Library.

Rules sheets may be had by contacting Mrs. Don Bohannon, ST 7-2432.

Peck Stars In Thriller

Gregory Peck has had to do a lot of moving in his recent pictures in order to prevent having them performed upon him. And his current comedy spy thriller in which he co-stars with Sophia Loren, is no exception. It's Technicolor "Arabesque," coming Sunday to the Jet Theatre.

As an American exchange professor at Oxford, Peck is selected by a gang of Arabian spies to solve a cryptogram hidden in a group of hieroglyphics. That, in itself, would pose no problem, but there are two groups of spies after the information, and Sophia Loren is with one or the other groups with Peck unable to figure out which. Of course, in the end, she proves to be a "good guy."

Peck's running takes him from Oxford to a house in the Soho district. From there to the London Zoo, the British Museum, Regents Park, London Airport, the Royal Enclosure at Ascot race track and England's newest super freeway.

The Academy Award winner for "To Kill a Mockingbird" in 1963 looks at his work philosophically. "It's been my experience in the past that movies most worthy of doing are the ones that demand more from an actor, either in terms of physical effort or emotional exhaustion," Peck says. "I was tired by the time 'Arabesque' was finished, but I also was satisfied."

'FANTASTIC VOYAGE' Adventure in a blood stream

Science Fiction Film Tells A Strange Story

Intriguing science-fiction and dfficultly accurate were such a trip possible.

"Fantastic Voyage," CinemaScope and DeLuxe color adventure drama which is set to open Wednesday at the Ritz Theatre. "Fantastic Voyage," for the first time on the major film screen, visualizes the beautiful and strange world of "inner space"—the living body of man. The picture was produced by Saul David and directed by Richard Fleischer from a screenplay by Harry Kleiner. Starring are Stephen Boyd, Raquel Welch, Edmond O'Brien, Donald Pleasence, Arthur O'Connell, William Redfield and Arthur Kennedy.

One West Coast critic wrote, "The production in DeLuxe color must be the most amazing science-fiction film ever conceived and is certainly the most daring. On a poetic as well as physical level it emerges as a paean of praise to the wonders of the human body and the magic lantern which has made this film possible."

"Not the wonders of the human body on the outside—like Raquel Welch's; she's in it, so round, so firm yet so fully packed—but the wonders on the inside. For, as one character puts it, this voyage is into inner space."

A group of scientists in a special nuclear submarine, all reduced to the size of a microbe, is injected by hypodermic into a man's neck, and suddenly enter a dazzling world of color and beauty, a floating wonderland of huge red corpuscles, whirling globules, platelets and other particles in the bloodstream. In their mission to perform a delicate brain operation, which can only be performed from inside the body, they must combat the elements of the body as well as a saboteur within their group.

To construct the unusual sets, physicians and anatomical specialists from the University of California at Los Angeles School of Medicine were consulted. The magnified reproductions of the various parts of the body are exact replicas, and the various adventures encountered by the voyagers are scien-

New Rival Overseas
NEW YORK (AP) — The musical "Man of La Mancha" is a new rival in overseas popularity to such established favorites as "Kiss Me, Kate," "My Fair Lady" and "Hello Dolly!"

Suspense Comedy Opening At Ritz

As shots ring out in the vaulted halls of centuries-old Horsley Towers, lovely Susannah York, clad in the height of 'mod' fashions, and her handsome escort, Warren Beatty, fled from the clutches of villainous Eric Portier. Escaping to an underground tunnel the couple is chased by a speeding Rolls-Royce. And so the romantic story of a boy and a girl draws to an end.

It all takes place in "Kaleidoscope," the Technicolor film which is set to open today at the Ritz Theatre.

The complications develop after a bonair gambler on the make, Barney Lincoln, played by Beatty, encounters pert Angel McGinnis, portrayed by Miss York, in the midst of a London traffic jam. Angel is the proprietress of a Chelsea boutique which features the latest "with-it" fashions. And she sports a whole gamut of new creations, from thigh-high miniskirts to suede caps.

After his meeting with Angel, Barney jets to Switzerland where he begins a daring undertaking. After breaking into the factory of the Kaleidoscope Company, which manufactures playing cards for Europe's major gambling casinos, Barney alters the plates so that he will be able to identify each card, from the back, on sight.

As the marked cards come into play, Barney appears at Monte Carlo. And, quite unexpectedly, so does Angel. Together, they go from casino to casino as Barney wins large sums

at each one. When Barney moves on to Germany and France, Angel returns to England but a man begins to trail him.

Back in London, Barney discovers that the mysterious stranger is none other than Inspector Immanuel McGinnis of Scotland Yard, Angel's father. Manny, played by Clive Reville, enlists Barney's aid in capturing Dominion, England's number one narcotics smuggler. But the wily racketeer, portrayed by Eric Porter, manages to trap both Barney and Angel in his medieval mansion.

Angel, of course, is still wearing her "mod" clothes. And why not? They were created by the successful young designing team of Marion Foale and Sally Tuffin who, like Angel McGinnis in "Kaleidoscope," operate a boutique on London's Carnaby Street, the center of English fashion.

Miss York, who sports the fashionable wardrobe, is a 24-year-old British blonde who made her film debut as Sir Alec Guinness' daughter in "Tunes of Glory." Her role in the Academy Award-winning comedy "Tom Jones" brought her into international prominence.

Warren Beatty is a heady young actor who chooses his parts carefully. In his first films he was costarred with such leading ladies as Eva Marie Saint, Vivian Leigh and Natalie Wood. Ella Kazan's "Splendor in the Grass" made him a ranking star less than a year after he arrived in Hollywood.

Brecht's Plays Coming To NY

NEW YORK (AP) — One of Bertolt Brecht's most frequently done plays, "Galileo," and one of the least done, "The Rise and Fall of the City of Mahagonny" are slated for New York showings this season.

Rod Steiger is to be guest star in the Lincoln Center Repertory revival of the drama about the pioneer astronomer. "Mahagonny," with music by Kurt Weill, is on the agenda of Carmen Capalbo, who co-sponsored the long off-Broadway run of another Brecht-Weill collaboration, "The Threepenny Opera."

YOUR Horoscope Forecast By Carroll Righter for Today and Monday

GENERAL TENDENCIES: You have a big chance to get all of your financial affairs on a very sound and secure structure and to see the ways and means by which you can also do those who look to you for assistance this Sunday in their practical dealings and interest. If you want to be prosperous, it is necessary you do think in bigger terms.

ARIES (March 21 to April 19) Analyze what needs repair around you and plan to have it done, since you want everything in order for the busy days ahead. Be more exact in planning the future, also. Strive for the peace of mind that is very important to you.

TAURUS (April 20 to May 20) You are highly magnetic and can be very pleasing with others, so out early to social affairs. Big groups are best to bring about development. Show that you like people, can do much for others as well.

GEMINI (May 21 to June 21) You have secret tasks that should be performed so forget about late parties today, and get on with them. Alms appreciate your fine character, talents, but hesitate to say so. They do not want to sound insincere.

MOON CHILDREN (June 22 to July 21) You get together with friends who can help you get ahead socially. You find you can make big headway now. Be enthusiastic about hobbies you delve into with others. This opens many a new avenue of interest that could prove very lucrative.

LEO (July 22 to Aug. 21) Out into the world of activity and show off a little bit, since there are admiring eyes upon you. Your finest benefits come from making new friends of a warmhearted nature. Make a big hit with your finest talents.

VIRGO (Aug. 22 to Sept. 22) An ideal day to think over how to become more successful in your particular line of endeavor. Don't waste this day just dreaming. Key persons are available today. Go to see them since you are very inspired.

LIBRA (Sept. 23 to Oct. 22) If you have assumed, you make progress and those things involving you are successful. Get help you require. This is either business or personal reasons.

SCORPIO (Oct. 23 to Nov. 21) Don't hesitate to discuss with associates any one you have in mind of real scope that you think can bring true success. Some civic work can open up new methods of operating. See to it that they are up-to-the-minute.

SAGITTARIUS (Nov. 22 to Dec. 21) Being enthusiastic is the best means to work is concerned. Associates will get out of their way to assist you. Keep in benefits of your own, the voice of acclaim that you think can bring true success.

CAPRICORN (Dec. 22 to Jan. 20) Get leave you of present tensions, etc. Plan your mood. Make plans early for evening fun. Contact companions in time so that they can plan also.

AQUARIUS (Jan. 21 to Feb. 19) You are holding on to certain problems that are best released now and you can then have the calm feeling you desire. Be happy again. Listen to ideas kin have to prosper. They are excellent for you.

PISCES (Feb. 20 to March 20) Register associates should be placed so that you have greater contact and more benefits can accrue. Don't lose your temper. Get busy later with correspondence, shopping, etc. that is important.

IF YOUR CHILD IS BORN today... he, or she, will be one of those brilliant youngsters who early will comprehend matters of finance, the value of acquiring interests, etc. Start the education along such lines, and teach to arrive at decisions fast or too much deliberation in this nature could prove almost disastrous, otherwise much success is indicated. Be sure to permit to get into sports and also give some musical background.

MONDAY TENDENCIES: Until noon you are very mentally wide awake and are able to see how you can best secure the good will of others and sell whatever is vital to your progress, but the afternoon and evening bring potential arguments about little and unimportant things that could cause some very heavy hearts from following estrangements.

ARIES (March 21 to April 19) Begin new week properly by being more alert to opportunities around you during day, but tonight be sure you don't get confused. Your work could be quite demanding, so seek to your goals. Don't go off on any tangents.

TAURUS (April 20 to May 20) Realize that you are a charming person and others will be conscious of it, too. Then you make big strides forward during the day. Don't take financial risks, tho. Better take things easy, to start.

GEMINI (May 21 to June 21) You

OFF THE BEATEN TRAIL

Wise Fathers Cool First Of Old Feuds

Usually with feuds, the less remembered, the better. Particularly Texas' Taylor-Sutton.

Likely our bloodiest, most dragged-out, it infected in Reconstruction, festered a quarter-century from bushrange south to trailtowns north; it tripped triggers like John Wesley Hardin's, Creede Taylor's, and gunned a score of men from family to laws to bystanders.

So you shun recall. Yet here's a healthy exception from San Antonio's Mrs. C. B. K.: "We lived in Zella, near Fowler (La Salle County) in the dry, horrible summer of 1917; Papa, trying to sell land (when nobody could). There was one house, a hotel, railroad station, one building. We rented the hotel. There was one family in the house (out-ranching that dry brush). At first, they didn't seem very neighborly.

"We were so unhappy because they had children my age. My father asked about them in Fowler and a grocer said: 'We've been holding our breaths. Don't you know, Taylor, that they are Suttons?'"

WISE FATHER
 "There we were, two families

in a town of 16-18 of us Suttons and Taylors."

But add one wise father. His, he said quietly, weren't feudists, but Alabama-Taylors.

"I was grown before I was told. The family thought it best for children not to know about feuds. So I played with the Sutton children all summer."

But this San Antonian's "Papa also told me those later years that our family knew Alabama feud, and these Texas Taylors seemed mighty like relatives... from a great uncle.

"Anyhow, while Fowlerton waited to see what came out of the (little Taylor-Sutton settlement), Papa kept quiet about the feuders in his family background.

"And we children had a glorious time eating from a chuckwagon in the Sutton's backyard. Mr. Sutton even gave me a little pig which I dearly loved.

"And all summer I played Dolly-Dimples paper dolls with the little Sutton girls."

Add two wise fathers. With feuds — man-made, no-win roulette — the less remembered, the better.

SANTA ANNA'S SCARF
 Bay City's Mrs. Jack Rice, who can trail back to her founding family's Red River Country of 1818, forwards — among much other — intelligence on one other

Achievement Dinner Planned

Howard County 4-H Club Achievement dinner will be the night of Nov. 15 in the Howard County Junior College Student Union.

The 1966 Gold Star boy and girl will be announced and awards made to other youngsters for outstanding achievement in 4-H work.

Paul Gross, county farm agent, said that a program is being arranged. The meeting will follow the same pattern as the one last year.

The dinner had been set for Nov. 8 but the conflict with the general election has led to changing the date to Nov. 15.

"Mr. Game Warden, it wuzn't my fault I shot that ole deer at night. The fault wuz that distillery in Louisville, Kentucky."

Farmers Urged To Keep Watch

COLORADO CITY (SC) — Mitchell County farmers and ranchers are encouraged to be especially watchful of possible screwworm cases and to collect specimen worm samples.

Two confirmed screwworm cases have been reported in Mitchell County within the past 10 days, according to Bobby Lemons, county agricultural agent. The first case was on the H. C. Taylor farm north of Lorraine. The second case was on the Ellwood Ranch south of Colorado City.

Livestock producers are asked to collect samples and to mail them to the Screwworm Eradication Laboratory in Mission, Texas. Vials for submitting specimens to the Mission Laboratory can be obtained at the County Extension Office.
