Road Toll 446

By The Associated Press
 The death toll on the nation's highways during the four-day Thanksgiving holiday ran ahead of last year's record pace Saturday.

Accidents that caused multiple deaths added to the mounting total.

Traffic deaths totaled 446, including 84 under 18 years of age since the start of the count at 6 p.m. Big Spring time Wednesday. This was nearly 20 per cent ahead of the total during the same period last Thanksgiving weekend.

During last year's Thanksgiving weekend 615 persons were killed in traffic accidents, a record high for that holiday. A recent survey of a four-day non-holiday period by The Associated Press showed 546 traffic fatalities.

The National Safety Council did not make an advance estimate of the Thanksgiving traffic toll. A spokesman said the highway traffic pattern, as a rule, does not reach the high mileage volume that builds up on other holidays.

Five persons, including two married couples, were killed Saturday in a head-on collision near Dryden, N.Y., a village east of Ithaca, site of Cornell University.

Four persons died Saturday in a head-on crash north of Arcola, Ill.

Texas Toll Reaches 21

By The Associated Press
 Four persons died in a two-car collision two miles north of Scotland on the Wichita Falls-Jacksboro highway Saturday to skyrocket the long Thanksgiving holiday traffic toll in Texas.

The deaths brought the total to 21.

Killed in the grinding two-car collision on slippery US 281 were Mrs. Cathryn McCown, 47, of Cleburne, and Thomas F. McCrary, 40, his wife, and his daughter, Nancy, all of Aledo. Mrs. McCown's husband, Arden B. McCown, 48, and son Mike, 17, were reported in critical condition at Wichita Falls General Hospital. The McCrary's 14-year-old son, Mack, also was taken to the hospital, but was not believed in serious condition.

In a car-truck collision also in the Wichita Falls area Saturday, Mrs. Clay Scales, 58, of Chicago was killed. Her husband was taken to a Bridgeport hospital. Lloyd Gaines, 40, Orlando, Fla., also was seriously injured in the same accident, as was Arthur Smith, 50, of Jacksonville, Fla., the truck driver.

Jayne's Son Bitten By Lion

THOUSAND OAKS, Calif. (AP) — The 6-year-old son of actress Jayne Mansfield was bitten by a lion Saturday while his mother was posing for photographs, a hospital official reported.

The boy, Zoltan, was taken to the Conejo Valley Community Hospital, which described him as seriously injured. He was bitten on the face and head, a hospital spokesman said.

Big Spring Week

With Joe Pickle

Well, the Christmas shopping season is now under way. A few firms fudged with their decorations just a bit on the eve of Thanksgiving, but now that this holiday is past, it's open season on the Yuletide. Santa comes to town Monday in a sort of official gesture, and he'll be back later for shopping centers, etc.

When most 75th birthdays roll around, it's time to take it easy. But this is not the case with the First Presbyterian Church, which is just attaining the peak

SLIM CHANCE ALL FIVE WILL SURVIVE, DOCTORS REPORT

Pittsburgh Couple Shocked With Quintuplets

PITTSBURGH (AP) — A shocked young Pittsburgh couple became the parents of quintuplets Saturday but they laid aside the worries of naming and housing the five girls in their concern for the infants' survival.

"The first thing is to get them home and get them well, then we'll worry about the house-keeping arrangements," said the father, Michael Aranson, 22, a first-year law student at Duquesne University in Pittsburgh.

RESPONDING WELL
 Doctors at Magee-Womens Hospital said the babies, ranging in weight from 1 pound 7 ounces to 1 pound 12 ounces, were in "guarded" condition and having trouble breathing, but responding well, with a 10 per cent chance of all five staying alive.

Aranson's wife, Patti, also 22, gave birth to the babies, the couple's first children, 2½ months prematurely shortly before 3 a.m.

"I couldn't see, but I could hear," she said of the delivery. "They were counting, 'A, B, C, D.' I was shocked!"

Mrs. Aranson, an attractive 5 foot 2, 104-pound brunette, smiled as she talked with newsmen and posed for photographers in her hospital room.

She said she resigned her schoolteaching job in suburban Wilksburg after becoming pregnant.

Doctors said the delivery took 10 minutes.

The father, dressed in a business suit with his tie askew, was weary after only one hour's sleep during the night.

VERY EXCITED
 "I'm very excited," he said. "I'm not yet back down to earth."

Aranson said he was in the maternity ward waiting room while his wife was in the delivery room.

"They just walked out and told me I have five girls," he said.

"I was rather stunned," he said. "My first reaction was to thank God my wife was well and the children were all well."

Mr. and Mrs. Joseph Greenberger of Pittsburgh, parents of Patti, who is their only child, were happy, too.

"I always wanted a large family," said Mrs. Greenberger, "and it looks like I'm going to get it in my grandchildren!"

Mrs. Greenberger said Patti's great-grandmother was a twin, and Mr. Greenberger recalled that one of his cousins was a twin.

Aranson said his wife had taken no fertility drugs.

The last report of a quintuplet birth was in Auckland, New Zealand, where Mrs. D. W. Lawson gave birth to four girls and a boy on July 27, 1965. There are three other known living sets of quintuplets.

Aranson said doctors informed him it would be a multiple birth, but did not tell him exactly how many children, to expect.

Dr. Thomas Martin, head of the delivery room team, said that doctors had been forewarned to expect five children but didn't tell the parents to spare them concern.

APARTMENT
 The couple lives in a two-bedroom apartment in Pittsburgh's East Liberty section.

"I guess housing arrangements are going to have to be rearranged somewhat," said Aranson.

He said he has received no promotional offers from any companies or inquiries on exclusive rights from publishers.

In fact, he would like to avoid publicity as much as possible, he said.

"Naturally, your life isn't going to be the same," he said,

"but you've got to realize the most important thing to children is a normal upbringing, and to put them in the face of press and publicity deprives them of too much. And we don't want them to handle it."

Besides housing, there is the problem of naming the children.

"You know what you do when you have a multiple birth," said Aranson, "you narrow it down to about 60 names and go from there."

Then there's the matter of learning to change diapers.

"I don't know how to yet," he said. "But I guess I'll learn."

Not that Aranson is the only one with problems.

COMPUTER
 The hospital reported that the computer which records all admissions would not accept data on the quintuplets, since it was programmed for no more than triplets.

"Sombdy's going to have to do some fast programming," said a clerk in the records office.

Both Mr. and Mrs. Aranson were born in Magee Hospital, which was merged in 1961 to form Magee-Womens. Mrs. Aranson was a premature baby herself and weighed 4 pounds 5 ounces at birth.

Report Decision

Kurt Georg Kiesinger, left, Christian Democratic Party candidate for chancellor of West Germany, and Willy Brandt, Mayor of West Berlin and Social Democratic Party leader, tell reporters in Bonn that their parties have decided to form a new coalition government. Nothing was said about who would be the ministers of the new government. The coalition arrangement is subject to approval of the parties' representatives in the Bundestag. (AP WIREPHOTO)

Coalition Formed In West Germany

BONN, Germany (AP) — West Germany's two major parties — the Christian Democrats and the Social Democrats — agreed Saturday to form a new coalition government and replace Chancellor Ludwig Erhard.

West Berlin Mayor Willy Brandt, the Socialist leader, told a reporter he sees no reason to doubt at this point that Erhard's successor will be Kurt Georg Kiesinger, the Christian Democratic candidate.

Brandt shrugged off as unimportant the suggestion that as vice chancellor he would have much less influence. But he did not deny that this was the job he might take.

Brandt pointed out that his party has nearly 40 per cent of the votes in the Bundestag and that there would have to be a partnership in policy matters.

Brandt said in a television interview that the Socialists had made the precedent-breaking decision in order to give West Germany a stable government. Their alternative — a deal with the small Free Democratic party — would not have produced a practical majority," he explained.

OPPOSITION
 Up to now in West Germany's 17-year history the Socialists have always been in opposition.

The decision still has some hurdles to take. First it must be approved by the parties' representatives in the Bundestag, who must elect a new chancellor to replace Ludwig Erhard. This is expected to take place Monday after some debate at separate meetings behind closed doors.

Between them the two groups control 447 of the 496 Bundestag votes. The Christian Democrats have 245, the Socialist 202. The only opposition would be the Free Democratic party which has the other 49.

Cong Broadcasts Plans For Truce

NYC Saved From Its Own Foul Fumes

NEW-YORK (AP) — Millions of people on the Eastern seaboard had new cause for thanksgiving Saturday. Fresh winds blew away the awful smog which had hung over them since the holiday eve.

From Baltimore to Boston, winds and rain lifted the lid of stagnant warm air that trapped the nation's most populous area in its own foul fumes.

REMINDER
 State Health Commissioner Roscoe Kandle of New Jersey said the experience should stand "as a sobering reminder that mankind must get very much busier about the enormous job of controlling his environment."

"The alert," he said, "should reveal to us all the unwelcome possibility that time could be on the side of pollution if we let it. It underscores the vital importance of working together to assume our own self-preservation."

Most of the area had been under a first-stage alert, under which people were asked to drive less, burn no rubbish, and use less coal and oil for heating. Unusually warm temperatures helped them cooperate.

As the winds came, New York City reit its municipal garbage incinerators, shut down since Thursday morning. That night the city's air pollution rose to a record level, five times the average, and well above the health danger point.

Austin Heller, the city's air pollution control commissioner, praised Consolidated Edison Co. for cooperating with the smog alert. The utility switched to natural gas where possible, reducing the oil or coal smoke which normally pours from some of its electric generating plants.

MORE PURE
 In Philadelphia, the air was actually purer than usual Saturday. Dr. Norman T. Ingraham, city health commissioner, attributed it to cooperation of 40 large firms in curbing use of coal and oil.

The Connecticut state health commissioner said he didn't plan to lift that state's smog alert until later in the day. The Connecticut alert amounted to a request to residents not to burn leaves and rubbish.

But Depends On U.S. Orders

WASHINGTON (AP) — The Viet Cong broadcast orders to its forces Saturday to observe a two-day Christmas truce and a separate two-day New Year's truce in Viet Nam.

It made the orders conditional on observance of the cease-fire by the United States and its allies.

TIMES
 The truces would be in effect from 7 a.m. Saigon time on Dec. 24 to 7 a.m. on Dec. 26 and from 7 a.m. Saigon time on Dec. 31 to 7 a.m. Jan. 2. Translated into Eastern Standard time the lulls would be from 6 p.m. Dec. 23 to 6 p.m. Dec. 25 and again from 6 p.m. Dec. 30 to 6 p.m. Jan. 1.

The broadcast brought no immediate official reaction from the State or Defense departments or the White House although the latter confirmed that the possibilities for a Christmas-time cease-fire are being discussed with South Vietnamese government leaders in Saigon.

LULLS DUE
 However, it appears likely the Viet Cong move insures that some sort of lull or lulls in the conflict will take place over the holidays.

But it seems equally clear that any such cease-fire will not be extended into a prolonged interruption of the U.S. bombing of North Viet Nam such as developed from last year's Christmas-time truce — unless the enemy makes some comparable move to lower the level of the conflict.

The Western new year corresponds closely this year with the Buddhist new year, Tet, which traditionally is a major holiday for the Vietnamese.

Perhaps significantly, the Viet Cong truce order came ahead of an anticipated appeal by Pope Paul VI for an interruption in the conflict at the time of the Christian festival.

ANNUAL APPEAL IS OPENED FOR CHRISTMAS CHEER FUND

If you want to help again this year, in seeing that underprivileged children are treated to good toys and holiday delights, you are invited to have a part in the CHRISTMAS CHEER FUND.

This traditional Christmas-spirit program opens today, and there are two anonymous givers to start the fund at \$15. You are invited to send along your check, made out to CHRISTMAS CHEER FUND, to The Herald for acknowledgment.

As in every year for more than 30 years, city firemen will repair discarded toys (and they could use some help in this area right now, too) and with the help of the Salvation Army, will see that all the needy children get their bit of holiday fun, like the rest of us.

The CHRISTMAS CHEER FUND buys parts for the toys, assists in making the Christmas program a success. Further, if it has any surplus, it stands by throughout the year to meet emergencies, feeding youngsters who are hungry, providing medicine or other necessities for families who are in deep trouble and have nowhere else to turn.

Every cent of your gift goes to help the underprivileged, since there is no "overhead." Everybody who works is a volunteer.

Big Springers long have been generous to the CHRISTMAS CHEER FUND. They are asked to lend a helping hand again this year. Any gift, no matter how small, is appreciated.

Reds Blamed For Jordan's Demonstration

JERUSALEM, Jordan Sector (AP) — Gov. Anwar El Khatib told the people of Jerusalem Saturday to maintain order and warned that further antigovernment demonstrations would be put down.

UNDER SEIGE
 This Holy City and most of the towns on the Jordan River's west bank were under a state of siege after antigovernment rioting Friday in Jerusalem in which two demonstrators were killed and six persons seriously wounded.

In the capital of Amman, the Interior Ministry charged that "Communists and members of other subversive parties" were behind the troubles.

It said sums of money were seized with some persons who had been arrested. It said the demonstrations began as a protest against Israel, "but subversive elements infiltrated the people."

El Khatib also blamed the Communists, as well as criminal elements, for the bloodshed in Jerusalem.

AVOID VIOLENCE
 "Police and troops were under strict orders to avoid violence," he told The Associated Press, "but a group of about 20, mostly young towadies, charged the Damascus Gate after midday prayers Friday."

"One of the youths grabbed a Sten gun from one of the policemen, and, unfamiliar with its workings, tripped the trigger and sprayed his fellow demonstrators and bystanders."

Demonstrators said that after this incident troops on Jerusalem's walls fired on them.

In the first demonstrations early last week, the demonstrators demanded arms to fight Israel, whose raid on three Jordanian villages Nov. 13 provoked turmoil in west Jordan. Later the demonstrators shouted against the government of King Hussein, which took no reprisal action against Israel.

PROTECTED LIVES
 The ministry said security forces, including the famous Jordanian Arab Legion, intervened to protect the lives and property of citizens. The statement said some persons had been killed and others injured, but did not give their numbers.

AN AP NEWS ANALYSIS

Some Fighting Lull May Be Assured

WASHINGTON (AP) — Saturday's Viet Cong proposal for a Christmas-New Year truce in Viet Nam apparently assures some lull in the fighting. But President Johnson's advisers fear a diplomatic squeeze play to parlay such a cease-fire into a prolonged bombing respite for North Viet Nam. They view this possibility as dangerous and are determined to guard against it. This is the principal reason why several of President Johnson's top military advisers have taken the position in the last few days that halting air strikes against the North would create unacceptable opportunities for an increased movement of men and supplies to Communist forces fighting in the South. A secondary reason appears to be a developing debate along the lines of a military-diplomatic split within the government over how tough the United States should be in handling the approach to any possible peace negotiations. Some authorities believe the Communists are being so badly hurt by the aerial pounding in the North and losses on the ground in the South that they may be inclined to switch their struggle for South Viet Nam to the conference table next year. Though officials publicly speak of a much more protracted conflict, the possibility of actual peace moves intensifies the argument over how the United States should then seek its objectives. The precise concern at this point with a Christmas truce and how it should be handled has important implications for the longer future. Gen. William C. Westmoreland, U.S. military commander in South Viet Nam, said in an interview last week in the magazine U.S. News and World Report that North Vietnamese infiltration into South Viet Nam has climbed to 7,000 men a month and he argued bombing the North has been of vital importance in keeping infiltration down to such a high level. He said it is "naive to think we can gain an advantage by discontinuing or reducing the level of the air campaign." About the same time Gen. Maxwell D. Taylor, a White House adviser and a former ambassador in Saigon, urged that the United States follow a "hard-nosed" policy in peace maneuvers and not lightly trade away its bombing of the North, which he called a "blue chip" or diplomatic bargaining. A few days earlier Pentagon officials in talks with newsmen warned that in their view any pause in the bombing of North Viet Nam would benefit the Communists.

Transport Falls, All Aboard Die

SAIGON, South Viet Nam (AP) — A U.S. Air Force C47 transport crashed and exploded shortly after taking off from Saigon's Tan Son Nhut Airport Saturday night and officials said all 27 men aboard were killed. Mired in a rice paddy, the wreckage burned. Hunting a passenger manifest, spokesmen said they could not determine immediately the nationality of the victims. Such transports, normally manned by three U.S. crewmen, at times carry Vietnamese and other allied troops. Elsewhere Christmas truce talk flared again. A Viet Cong broadcast monitored in London and Washington called for 48-hour truces over Christmas and New Year's. The Texas White House press secretary Bill D. Moyers said the United States is discussing with Saigon the possibility of a cease-fire for those days. Proclaimed truces last year were followed by charges of violations from both sides. Viet Cong harassing actions and relatively light military contacts had marked the war afield Saturday. — The 30,000 or so American troops in War Zone C northwest of Saigon wound up Operation Attleboro, the biggest drive of the war, in which they have reported killing 1,106 of the enemy. In farewell, Viet Cong mortarmen lobbed 30 shells at an American command post in the tactical field headquarters of the 2nd Brigade, 1st Infantry Division. The U.S. Command said casualties were light. — On a highway six miles north of Saigon, guerrillas fired about 15 shots at a civilian motor pool. A spokesman said there were no casualties. Government forces said they killed 18 Viet Cong elsewhere in three scattered fights. — South Vietnamese headquarters reported combat police repulsed 40 Viet Cong attempting to infiltrate a southern suburb of Saigon from swampy country nearby. One of the guerrillas and two policemen were killed. Two other policemen were missing. This followed a raid Friday on a Mekong River delta village 90 miles southwest of Saigon by three Viet Cong disguised in government uniforms. A spokesman said they shot a policeman dead and wounded two soldiers and seven civilians with hand grenades. — Two U.S. destroyers campaigning to halt seaborne infiltration of Communist supplies announced they destroyed or damaged five more cargo barges off North Viet Nam's coast. Monsoon clouds again restricted American air attacks north of the border, this time to 29 missions. The C47 crash was tentatively attributed to mechanical failure rather than enemy action, though Viet Cong snipers sometimes shoot at planes landing or taking off from the airport. Officers said there was no indication of ground fire when the twin-engine propeller-driven transport went down. It was believed the plane lost power on one engine after getting airborne for a flight to Pleiku, in the central highlands 240 miles north of Saigon, and the pilot was trying to return to the airport.

Two Truckers Die In Wreck

NEW MILFORD, Pa. (AP) — A truck plunged 100 feet from a bridge near here Friday and five hours later, the bodies of two Texans were finally pried from the mangled cab. They were Henry Tenery Jr., 31, of Alvin near Houston, and James Jackson Colburn of Pearland. The accident was on Interstate 85 in northeast Pennsylvania north of Scranton.

NOT SEXY, SUBTLE Hanoi Hannah Is Not Tops

SAIGON, South Viet Nam (AP) — Hard-headed Hanoi Hannah, a radio voice of Communist North Viet Nam, just doesn't have it. Perhaps she's trying too hard. Even the more unsophisticated GIs and Hannah's heavy dose of propaganda on the dull side. And her music is not tops in pops. Hanoi Hannah follows in the footsteps of World War II's Tokyo Rose and Axis Sally. They too tried to attract listeners and win "balance among American troops." The broadcasting formula seems simple: get a girl with a sexy voice and a batch of American records likely to appeal to lonely servicemen, intersperse legitimate news items with subtle anti-U.S. propaganda and discussion spread among the enemy. Hannah fails on at least two counts. Her voice isn't sexy and the propaganda pitch isn't subtle. Axis Sally and Tokyo Rose often addressed their dulcet tones to specific American units. They told individual soldiers and sailors that their wives were being unfaithful while their men faced death. Hannah is less specific and more political. Her half-hour show is broadcast on the shortwave band daily, starting at 9 p.m. on 11840 and 9835 kilocycles. Friday's program was fairly typical. Hannah introduced "a special broadcast to American servicemen in South Viet Nam." A ricky-tick jazz number came next. Hannah then spent five minutes quoting "Western news agencies" on American battle losses. This was followed by antiwar items apparently gleaned from U.S. newspapers. Hannah reported student demonstrations, peace picketing and rallies. She noted one draft-age youth as selling the Chicago Daily News that "I'd rather be dead than drafted." Next came a rock 'n' roll tune titled "Glad All Over" and the show's feature attraction, a talk on "President Johnson's insomnia." Hannah contended LBJ was losing and turning, unable to sleep because of "lengthier and lengthier" U.S. losses in Viet Nam against the war. Her theme was that the President was "too full of care to sleep, and when sleep finally did come it was filled with nightmares." Hannah appealed to GIs "as clear-minded men, don't let yourself be strung along in Johnson's nightmare." The show usually ends with Hannah reciting the names, ranks and branches of the service of Americans killed in Viet Nam. These are released by the Defense Department in Washington. A schmaltzy version of "To Each His Own" signed off Friday's program. Of 1,570 issues traded on the New York Stock Exchange, 350 fell and 554 rose. Bond market price trends were mixed. Advances up to \$3.75 were posted by government bonds early in the week but slight declines then set in. In contrast to the previous week, seasoned corporate bond prices dropped by about \$2.50 while the more actively traded recent issues advanced by about \$2.50 for the first net gains in four weeks.

Caravan Helps Valley Strike

CORPUS CHRISTI (AP) — A motor caravan of about 40 persons, including 25 folk-singing University of Texas students, collected many boxes of clothing and food for demonstrating Rio Grande Valley farm workers here Saturday. Their leader, Eugene Nelson, asserted the movement is winning all across Texas. About 100 persons were on hand at a shopping center to greet the 11 vehicles, including two big open-bed trucks, as it arrived at 10:25 a.m. Local supporters waved supporting signs carried by members of the G.I. Forum steelworkers, League of United Latin-Americans, electrical workers and the Coastal Bend Labor Council calling for a state minimum wage of \$1.25 an hour. The university students, barefoot, and the men with beards, long hair, moustaches and wearing levis, sang folk songs especially written for the Valley strike cause. The group headed on for Rio Grande City, where a late Thanksgiving banquet is planned Sunday. The caravan will spend the night in San Juan. The caravan, collecting clothes and funds for demonstrators seeking higher farm labor wages, started earlier in the week in Austin.

Rocky Visits Sharon Percy

WASHINGTON (AP) — John D. Rockefeller IV was quoted Saturday as saying he has been seeing "a good deal" of Sharon Percy, daughter of Republican Sen.-elect Charles H. Percy of Illinois. The Washington Post reported that in a telephone call to Rockefeller's home in Charleston, Va., Friday night he said he had just returned after spending a few days with his family. Asked whether he and Miss Percy had plans for marriage, Rockefeller said, "I have seen a 'good deal of her but we have not made any announcement." Rockefeller, 28, was elected as a Democrat this month to the West Virginia House of Delegates. He is a nephew of Gov. Nelson A. Rockefeller of New York and Gov.-elect Winthrop Rockefeller of Arkansas, both Republicans. The young Rockefeller served in the Peace Corps and with the State Department before going to Charleston to work in the Appalachian youth program of the war on poverty. Miss Percy has visited Rockefeller in Charleston at least twice, sources there said. She stayed at the home of W. E. Chilton III, publisher of the Charleston Gazette.

Market Rising, But Has Loss For The Week

NEW YORK (AP) — The stock market last week had to settle for a loss on balance but stocks were rising toward the end of the week. The mood had changed from pessimism to optimism, and for a solid reason linked to the economic background, which remained drab. The Dow Jones industrial average this week had a net loss of 6.06 at 803.34. In the first two trading sessions, the average took a thumping loss of 14.42 in the last two sessions it regained 8.30 of this. Volume for the week, shortened to four trading days by the Thanksgiving Day holiday, was 28,061,000 shares compared with 29,926,100 for the full five-day trading week previous. The week ended on a very positive, bullish note, with the averages making good gains on Friday, many of the glamor "ar outshining the averages, and with all 15 of the most active stocks higher on the final session. In view of the pessimistic atmosphere prevailing early in the week it was difficult to get a rational explanation of this turnaround. Analysts said that much of the bad economic news had already been discounted by the market's big decline this year; that leading stocks — both blue chips and glamor issues — were very cheap on the basis of their fundamentals; and that big investors were buying these stocks which they believed would be the leaders when the market embarked solidly on the recovery trail.

Share-Tax Plan Readied By Republican Leader

WASHINGTON (AP) — A tax-sharing plan was proposed in 1964 by Walter W. Heller, then chairman of the President's Council of Economic Advisers, but after a brief flurry of interest the White House apparently put it aside. Rep. Henry S. Reuss, D-Wis., has also suggested it in the House. The plan calls for turning back three per cent of federal income tax receipts to states and localities to use as they see fit. The amount would rise gradually to five per cent. Offered by Rep. Charles E. Goodell, R-N.Y., the plan is the first concrete proposal by the House GOP leadership since the Republican election triumphs of Nov. 8. "This proposal seeks to provide for the great public needs of the 1960s and 1970s by equipping state and local governments to meet these needs," said Goodell. "It is an alternative to the philosophy of the Great Society." Goodell, chairman of the Republican Planning and Research Committee, said tax sharing would provide needed general aid funds without reducing state and local governments to administrative subdivisions of Washington. It is not being offered, at least originally, as a substitute for any existing programs, he said, although in time it may permit some of them to be cut back.

COW POKES

By Ace Reid

"Yep, Maw, you're a good driver... except that gear wuz reverse!"

DEAR ABBY

Just Trust, Don't 'Tell'

DEAR ABBY: A woman I think this is true? know stood right there and told me that she was happily married and she and her husband told each other EVERYTHING. Well, I've been married as long as she has, and I consider myself happily married, too, but don't tell my husband everything, and I'm pretty sure he doesn't tell me everything either. I didn't want to start an argument with her, so I just kept still. But I want to know if you think, in order to have a happy marriage, a man and his wife must tell each other EVERYTHING? VOTES NO: I also vote no. But don't jump to the conclusion that I am all for mutual distrust in marriage. Neither am I suggesting that a man and his wife should lie to each other. I merely say that every marriage should have its proper restraints and privacies. There are certain things one should keep to himself, if only out of kindness and consideration for his mate. A wife should be on her husband's team—and he on hers. There must be confidence, trust, and loyalty, and to blurt out every thought or put into words every emotion can create hurt and needless complications. DEAR ABBY: Someone told me that girls who wear glasses look more intelligent than girls who don't wear glasses. Do you

DEAR CURIOUS: Possibly. But it's only an optical illusion. DEAR ABBY: This may sound trivial to you, but it has caused quite a few arguments at our house. I have been raised to clean up after myself, and my husband hasn't. His mother did everything for him, including washing his hair. The big fight is over his leaving the bathtub dirty for me to clean. Abby, I find this revolting, but if he refuses to do it, then I have to, which is the way it's been lately. I did agree to wash out the tub after him until we heard from you. He said he would go by your decision. He says if I loved him, I'd do it. I say if he loved ME, he wouldn't ask me to. Who is right? ACHING BACK DEAR ACHING: The word from here is that every man, woman, and child able to bathe without assistance should clean out the tub after himself. Troubled? Write to Abby, Box 69700, Los Angeles, Calif. 90069. For a personal reply, enclose a stamped, self-addressed envelope. For Abby's booklet, "How to Have a Lovely Wedding," send \$1.00 to Abby, Box 67900, Los Angeles, Calif. 90069.

RUSTY, PAPER-PACKING POOCH, MAKES A DELIVERY
Mrs. Lola E. Fletcher relies on four-legged friend for Newsboy Duty

Neighbors Might, But Rusty Never Misses Copy Of Paper

By SAM BLACKBURN
If the carrier who delivers The Herald to readers on the road to Sand Springs should overlook leaving the paper for Mrs. Lola E. Fletcher some Sunday morning, the odds are she wouldn't know about it.

However, some neighbor who lives nearby might complain and report that he didn't get his Sunday paper.

Meantime, Mrs. Fletcher could be reading the neighbor's newspaper unaware that the copy she has is not her own.

It's all because of Rusty.

Rusty is Mrs. Fletcher's 5-year-old watchdog - paper-totinal. He is half Chow and half just dog Mrs. Fletcher, who lives alone, relies on Rusty for protection as well as for paper carrying.

house and gets their paper. Fortunately, Mrs. Fletcher says, the occasions when the carrier overlooks hers are rare indeed. Otherwise, Rusty might be just a mite unpopular with the neighbors.

Mrs. Fletcher lives five miles east of town just in the west part of Sand Springs. She lives on land which her father, Charles Robinson, bought in the early days and only a short distance from where she spent her childhood.

Rusty has been her friend

since he was less than a month old.

QUICK FRIENDSHIP
An airman living at Sand Springs had a female Chow who gave birth to a litter of mixed up pups. He was preparing to destroy the litter. Charles Fletcher, Mrs. Fletcher's son, rescued one of the pups and brought it to his mother.

"I didn't want a dog," recalls Mrs. Fletcher. "However it was just a little while before I decided I couldn't possibly do without Rusty."

Rusty adopted his paper route proclivities at the age of three months. He is such a pastmaster at it that The Herald might consider giving him a route.

ERRAND BOY
In 1949, Mrs. Fletcher was in a car accident which took the life of her husband, O. D. Fletcher. For years she was in the hospital and ultimately lost one leg. She gets around efficiently, but it is still helpful to her to have Rusty lend a hand and run errands.

One of his daily jobs is to deliver The Herald from the road, which is a hundred yards south of Mrs. Fletcher's home on IS 20.

On week-days, around 2:30 p.m. Rusty begins to watch the traffic. He knows the sound of the Herald carrier's car. As soon as the paper is flipped to the edge of the road, Rusty is off like a flash. He brings the paper back and delivers it to Mrs. Fletcher. If she isn't on hand to take it, he hides it in a flower bed to await her return. Then he carries it to his mistress.

Growing Concern For Rain In State

COLLEGE STATION (AP)—Livestock generally are in good condition but weight losses are reported. Labor is short.

The dry weather has been fine for harvesting but has increased the need for feeding of livestock, delayed planting and the growth of grains for pasture, John Hutchison, director of the Texas Agricultural Extension Service, reports.

Feeding is increasing to supplement grazing and dry soil has delayed the completion of oat and flax planting and kept dryland grains in all parts of the state at a standstill, he said.

Harvesting made excellent progress and an early total completion is in prospect if the weather holds for a few more days.

Moisture is short over the Panhandle; the grain sorghum harvest is about over; and cotton harvest is continuing with the damage from the early freeze becoming more noticeable. Livestock and range conditions generally are good. The sugar beet harvest has reached the halfway mark.

The South Plains cotton harvest has passed the peak and will be completed shortly if the good weather continues. The soybean harvest is complete. Irrigated wheat made good growth but the dryland crops need rain. Cattle and range conditions were excellent.

Moisture is needed for grains throughout the Rolling Plains (Vernon). The cotton harvest made fast progress. From 50 to 60 per cent of the crop was out in most counties. Grain growth was slow. Grazing was limited in some counties. The guar harvest had started.

Moisture in North Central Texas is short in all counties and early grain is providing little grazing. Late fields are making poor stands. Livestock are in good condition but some feeding was noted. The pecan crop is short.

Moisture is needed in Northeast Texas to help clovers and grains, and to reduce the danger of grass fires. The open weather helped harvesting. A short pecan crop is now a surety.

Ranges in far West Texas need rain but the weather has been ideal for harvesting cotton, sorghum and cabbage. Ranges and livestock still are in excellent condition. Labor is short.

Dry weather has been fine for harvesting cotton and peanuts but hard on grains and winter grass in West Central Texas. The area still has lots of dry grass but some feeding is under way due to the lack of green grazing. Livestock are in good condition but stock tanks are low or dry in many areas.

The situation at midweek was summed up by district agents this way:

LUBBOCK — "The rather drastic shake-up of the house agriculture committee coming out of the Nov. 8 elections marks the beginning of a new ball game in the efforts of cotton producers to secure from the Department of Agriculture a more enlightened and more equitable administration of the current cotton program."

Donald A. Johnson, executive vice president of Plains Cotton Growers, Inc., which represents approximately 24,000 cotton producers in 23 Texas High Plains

counties surrounding Lubbock, said he hoped administrative decisions will be more in the interest of cotton producers and carry out the intent of Congress.

When Congress next convenes, three Republican and 10 Democratic members of the House committee will be missing from the ranks. Among the missing Democrats will be the committee's chairman for the past 16 years, Rep. Harold Cooley of North Carolina. He has favored the small acreage producer.

Rising to the chairmanship from his post as vice chairman of the committee will be 30-year House veteran W. R. (Bob) Poage, 11th District representative from Waco. Rep. E. C. Gathings (D-Ark.) will take over the number two spot.

"Rep. Poage has almost invariably in the past been an outspoken champion of cotton producers," Johnson said, "but as chairman of the House Agriculture Committee he should now be in a better position to command the attention of USDA officials in matters pertaining to the administration of our cotton program."

First is to liberate some 140,000 to 200,000 acres frozen in a no man's land between buyers and sellers of cotton allotments. These are acres not planted in 1966, and Texas stands to lose \$5,000 acres under the policy USDA has followed.

Second, said Johnson, efforts will be made to get a revision of the current skip-row regulations. This ruling, put into effect in 1965, requires that a percentage of skipped rows in a field be counted as planted in cotton, thereby reducing the number of actual planted acres a producer can have within a given allotment. Johnson said Poage has been outspoken in his views for opposing the 1965 ruling.

EAOSTN, Pa. (AP) — Suspended 97 feet in the air, the steeplejack welded the paint brush expertly at the top of the flagpole at Padee Hall on the Lafayette College campus.

There was a major difference between this steeplejack and most others, however — Karen Klo Jones, 23, was doing the painting.

Blonde, five-foot-four, weighing 124 pounds, Karen had planned to be a schoolteacher. But her father, Tony Klo, is a steeplejack, and so are two of her brothers, and one weekend when she was home from Mansfield State College she volunteered to help on a busy Saturday.

Ever since she's been helping out when things are busy.

"Up there it's absolutely beautiful," says Karen. "No matter how high I have to go, I always take a moment to look around. It is a sight that few others see."

Karen reports only one close call: when her ropes broke while she was atop a 147-foot pole. Fortunately she had one hand around the pole and her father, working nearby, was able to send wire up to the top of the pulley. She used this to graze off swiftly with little grain grazing available.

Moisture is short to very short in East Texas except in Jasper, Newton, Sabine and Shelby counties. Over 98 per cent of the cotton and corn has been harvested. More than 90 per cent of the oats are planted but growth is slow due to drought.

CARD OF THANKS

Who Will Franco Pick To Succeed Himself In Spain?

MADRID, Spain (AP) — Gen. Francisco Franco has raised two intriguing questions: who will he name as his successor under the new organic law, and who will be pick as the new premier or head of government?

There was much speculation on these two points even before Franco presented to a special session of the Spanish Parliament last Tuesday his new organic laws giving Spaniards greater representation in government. Since then the speculation has increased tenfold.

Few expect the man who has ruled Spain for three decades to suddenly step down. They believe his successor as chief

state — either a king or a regent — will not be named until either death or critical illness forces the 74-year-old Franco to leave.

The selection of a premier or head of government will certainly come much quicker, perhaps soon after the national referendum called for Dec. 14 ratifies the constitutional changes Franco proposed in the new organic law.

Francisco now rules as both chief of state and head of government.

The field of possible candidates to head a constitutional monarchy in Spain under Franco's amended laws is sharp-

ly limited by the requirements that the man must be a Catholic, a Spaniard of royal blood at least 30 years of age, and acceptable to the council of the realm, the Cabinet and the Franco-controlled Parliament.

There appear at the moment to be only three probable candidates. Of these, Don Juan de Bourbon, the exiled Spanish pretender and the third son of Spain's last monarch Alfonso XIII appears — eliminated because of Franco's opposition to his returning as king.

The pretender's son, Prince Juan Carlos de Bourbon, the apparent choice of Franco to head the restored monarchy, is

more popularly than any of the other descendants of the de-throned royal family now living in Spain.

A fourth — and active — contender to the throne is the Carlist, Prince Carlos Hugo de Bourbon-Parma, married to Dutch Princess Irene. Most officials insist he is of French nationality and thus disqualified.

Predictions are equally difficult on whom Franco will pick as the first chief of government under his regime.

Candidates, not necessarily in order of probable choice are:

Antonio Garrigues Y Diaz Canabate, 62, an international lawyer and Franco's ambas-

ador to the Vatican.

A close friend of the Kennedy family before and during his stay as Spanish ambassador to Washington, the name of widower Garrigues was linked romantically with that of Jacqueline Kennedy earlier this year after she visited Garrigues in Rome and later was with him at the Sevilla fair where both were guests of a Spanish duchess.

Foreign Minister Fernando Maria Castiella, 59, a career diplomat, is a monarchist sympathizer who firmly supports Franco. He is among the more liberal members of the Cabinet.

Rear Adm. Luis Carro Blanco, 63, who escaped through

the Mexican Embassy in Madrid early in the civil war to join the Nationalists. He later became known as "the right arm" of Franco.

Minister of Information and Tourism Manuel Fraga Iribarne, 44, a member of the younger bloc in Franco's Cabinet.

Naval Minister Adm. Pedro Nieto Antunez, 67, popularly mentioned as a choice to head the Cabinet several months ago. Following a serious operation his candidacy appeared to have lost momentum, probably due to the opposition of top army generals who still wield a strong influence on Franco.

Well-Dressed Gunman Gets \$25,000 In Daring Robbery

SHELBY, N.C. (AP) — A well-dressed gunman, posing as a government agent, telephoned a bank official for an appointment, then calmly robbed the bank of \$25,000 Saturday and escaped with the bank official as a hostage.

William E. Pearce, 33, senior vice president and cashier of the First National Bank was released unharmed in a movie theater in Charlotte, some 40 miles east of Shelby, nearly three hours later.

Pearce's secretary, Mrs. Charles Wray, told officers a man telephoned the bank about 12:30 p.m. said he was a government agent, and asked that Pearce remain at the bank about 20 minutes until he arrived.

Cleveland County Sheriff Haywood Allen said the bandit, carrying a briefcase, first went to Mabel Elliott, a teller, and asked to see Pearce.

The Charlotte office of the FBI, said the man showed a Georgia Bureau of Investigation card in Pearce's office.

The bandit then pulled a pistol and presented Pearce with a list of bills he wanted amounting to \$50,000.

Pearce accompanied the bandit to the vault, where Pearce consulted Fred Morehead and was informed the bank didn't have \$50,000 in cash. The bandit then ordered \$25,000 in \$100 and \$50 bills. Morehead made up the package and gave it to the bandit.

Morehead said later the bandit and Pearce conversed in low tones while he was inside the vault.

"I thought there was something funny going on," Morehead said, "but I didn't know what Mr. Pearce was calm through it all, and so was the bandit."

After receiving the money, the bandit told Pearce "Let's go." Pearce remarked to another employe that he would be back after lunch.

A janitor, Hubert Raper, saw Pearce get into the driver's seat

of a yellow and black car and drive away with the bandit.

Allen said those who saw the car said it bore Georgia license plates, with a piece of tape placed over one of the numerals.

The FBI said a yellow and black car of the description of the getaway car was found in Charlotte.

When they arrived in Charlotte the bank official said, the bandit took him into a theater on busy Tryon Street. He made Pearce sit down and told him not to leave for 30 minutes — that he had a confederate waiting outside who would kill him.

Cold Front Moving In

By The Associated Press

A Pacific cold front blustered into West Texas—Saturday and sped swiftly eastward, promising to dent the unseasonable springlike weather.

Already it was setting off showers, and rain was needed in every part of the state.

The Weather Bureau said cooler air should cover the whole state, except the coastal sections, by Sunday morning.

Behind the front at one time, El Paso had 32 degrees. Ahead at about 1 p.m. it was 80 at Brownsville. A light freeze with lows down to 30 was predicted for the Panhandle Saturday night.

Young Sheriff Gunned Down

PAINTSVILLE, Ky. (AP) — Police reported Saturday that Jim Ward, about 33, took his own life with a shotgun after killing Johnson County Sheriff Walter Meek and engaging in a 60-minute gun battle with state and county troopers.

Meek, 28, the youngest county sheriff ever elected to that post in Kentucky, approached the front door of Ward's home here at about 1 p.m. to serve Ward with a lunacy warrant.

When the door opened, Meek was shot to death.

In the ensuing siege police poured pounds of tear gas and bullets into the house, which fronts on a hill in the outskirts of the city with its back on the edge of a cliff.

A deputy sheriff, Curtis DeLong, was shot but reported in fair condition after surgery.

After an hour of intermittent gunfire Ward ended the chain of events by putting his shotgun in his own head, police reported.

Circuit Court Clerk Kenneth Williams said the warrant was requested by Ward's mother, Louella Ward, who said her son had chased her from their home earlier in the day.

Two Inmates Escape From Maryland Institute

JESSUP, Md (AP) — Two inmates at the Maryland Correctional Institute for Women escaped Saturday during the height of a chair — throwing melee in which one guard was stabbed.

The escapees disappeared during the uproar. Extensive damage was done to the two cottages and to the superintendent's office before state police and guards from the nearby House of Correction could restore order.

One guard, Robert Paluskevics, suffered minor stab wounds of the arm and shoulder as he attempted to lead a female prisoner to a detention cell.

Miss Alice Blum, superintendent at the Institute, said the fight started when a girl confronted her on the lawn. The girl, Ellen Turner, grabbed Miss Blum by the arm and was in turned restrained by Paluskevics. As the guard led her to a detention cell, another inmate rushed from a cottage and stabbed her, Miss Blum said.

The incident sparked a disturbance by some 15 to 20 girls in Cottage C, who barricaded themselves in the building which houses 64 inmates and began throwing chairs.

John Rosenfield Dies Saturday

DALLAS (AP) — John Rosenfield Jr., 66, a nationally known drama and music critic who retired June 30 after 41 years with the Dallas News, died at his home Saturday.

He had been in failing health since suffering a heart attack last year.

Mitchell Gets Light Showers

COLORADO CITY (SC) — Light showers fell on most of Mitchell County Saturday, gauging upwards of .15 inch rainfall in some areas.

Reports were that cotton strippers had been stopped by the rain, at least for most of the day.

Quintuplets Are Still Rare

NEW YORK (AP) — The live birth of quintuplets is still a great rarity, despite a recent increase in multiple births because of new fertility hormone treatments.

The most recent quintuplets were four girls and boy, born to Mrs. D. W. Lawson of Auckland, New Zealand, on July 27, 1965.

There are three other known living sets:

- The two boys and three girls born in 1943 to the wife of Franco Diligenti, a millionaire Argentine industrialist.
- Five boys born Sept. 6, 1964, to Ines Marie Cuervo de Prieto at Maracaibo, Venezuela.
- Four girls and a boy, born Sept. 14, 1964, to Mrs. Andrew Fischer at Aberdeen, S.D.

The five daughters of Mr. and Mrs. Oliva Dionne of Canada, first quint in modern history to survive infancy, were born May 28, 1934. One of them, Emilie, died in 1955.

Karin Olson of Alun, Sweden, gave birth to quintuplets in July, 1965, but only one survived.

New drugs have produced several sets of septuplets, although none were born all live. Last month septuplets were born in Boston, but one was dead at birth and the others lived only a few minutes.

Australian, New Zealand Governments In Control

SYDNEY, Australia (AP) — The governments of Australia and New Zealand were swept back into power Saturday in national elections that endorsed their policy of putting fighting men in Viet Nam. This was the main issue in both nations.

Prime Minister Harold E. Holt of Australia pledged support of the U.S. policy in Viet Nam, where 4,500 Australians are fighting, in the campaign to elect a new Parliament.

Labor party leader Arthur A. Calwell had said if his party won he would pull the Australians out of South Viet Nam.

In New Zealand's parliamentary election, Prime Minister Keith J. Holyoake's National government party defeated the Labor party, which favored withdrawing New Zealand's 150-man artillery battery from Viet Nam.

"In my mind, tonight's election result endorses the govern-

ment's action in respect to Viet Nam," Holyoake told a news conference in Wellington.

When the count of votes ceased at midnight in Australia, the government coalition parties were virtually certain of victory in 75 electorates.

The Liberals had 57 and the coalition partner, the Country party, had 18. Labor had 43 seats. Six other seats in the house of 124 remained in doubt.

In the old Parliament the government had 71 representatives — Liberal 52, Country party 19 —

Labor had 52 and there was one independent.

Defeat of Labor, which has not won an Australian general election since 1946, probably will place its leader, Calwell, 70, on the sidelines. Calwell said before the campaign began that if he did not lead Labor to victory in this, his third attempt, he would retire as leader of the party.

When the election result was clear, Calwell refused to comment to newsmen.

In New Zealand, returns gave

Holyoake's National government party 44 seats in the 80-seat Parliament, a loss of one. The Labor party retained 35 seats and the Social Credit party, which sided with the government on Viet Nam, won its first parliamentary seat in history.

The National party has been in power in New Zealand for the past 14 years.

THE WEEK

(Continued From Page 1)

slowly gathering some what toward the end of the week, Howard County's cotton harvest was in high-gear last week. Nearly 23,000 bales had been ginned through Friday afternoon, and gins were gnawing fibre off seed at the rate of 2,000 to 2,500 bales a day. Gins had around 3,000 bales on the yards, and most estimated that the crop was only about half gathered. This would mean that the 50,000 bale mark may be surpassed, which is fabulous considering that less than 50,000 acres were planted.

So far basketball fans have had something to rejoice about. The Big Spring Steers, which were supposed to be relegated to the rear ranks, won their first two outings—and handily.

He leaves his wife, Mrs. Novelle Gresham, Lake Thomas; one son, Don Gresham, Amarillo; one sister, Mrs. Floyd Greer, Lovington, N.M.; two brothers, J. B. Gresham, Whitney, and Marvin Gresham, Lamesa.

Light Showers Fall On County

Light showers fell on some areas of Howard County Saturday, washing streets and lawns in Big Spring with about .15 inch rainfall.

Reports from Forsan indicated that some 20 fell in that area.

Cotton strippers were hampered by the showers, which weren't much but were enough to stop stripping for the day.

Coahoma, Vincent, Elbow and Lomax communities all had a trace of the rain, which began at 10:35 a.m. and steadily increased, dropping off shortly after noon.

RCA Banned By Arabians

KUWAIT (AP) — The Arab Boycott Bureau adopted a resolution Saturday banning Radio Corp. of America — RCA — and its affiliates, from doing business in the Arab world because of its dealings with Israel.

Mustangs Claim Title And Cotton Bowl Spot

FORT WORTH, Tex. (AP)—Statistics of the Southern Methodist-Texas Christian game:

First downs	SMU 13	TCU 11
Rushing yardage	158	172
Passing yardage	132	223
Passes	5-17	19-41
Passes intercepted by	5	1
Punts	5-32	7-40
Fumbles lost	3	0
Yards penalized	20	50

FORT WORTH, Tex. (AP)—Jerry (Big Play) Levias took a 68-yard touchdown pass and Mac White, returning from the injury list for his final game, passed for two as Southern

Methodist beat Texas Christian 21-0 Saturday and won the Southwest Conference football championship and host spot in the Cotton Bowl. A crowd of 30,757 sat in the light rain to watch the Methodists' win their first conference title since 1948 and get into the Cotton Bowl for the first time since 1949.

8-2 RECORD
Southern Methodist finished with an 8-2 season record and 6-1 in the conference and meets Georgia in the Dallas football classic Dec. 31.

Georgia scouts were in the stands and assistant coach Barry Wilson said, "SMU has some real good personnel, both offensively and defensively."

Southern Methodist called on its glittering defense to halt three desperate Horned Frog drives, twice with intercepted passes.

TCU got to the SMU 8 before George Wilnot deflected a pass from Larry Peal and it bounced into the hands of Billy Bob Stewart.

TCU later moved to the Southern Methodist 4 but Ronny Medlin threw P. D. Shabay for a 2-yard loss and from the 6, on fourth down, Shabay's pass to Allen Brown in the end zone was low.

Later in the game, TCU rolled to the SMU 7 on the passing of Rick Bridges, but Wayne Rape intercepted a pass at the goal line and ran it out.

Then with only five minutes to go Jerry Griffin intercepted a Bridges pass and ran it back 28 yards to a touchdown to seal the Frog's doom.

As the game ended, the Southern Methodist fans flooded the field and put on a big celebration because their Mustangs had finally made the long comeback from years of frustration.

MOVE EARLY
Southern Methodist threatened early. Levias returning a punt 13 yards to put the ball on the TCU 37 in the first period. Levias lost four on an end around but Larry Jernigan got it back and Levias ran 23 yards around end, but the ball was brought back and SMU penalized 15 yards for clipping. That stopped the drive.

The next time SMU had the ball, it went to the TCU 25 before an illegal use of the hands penalty set it back and finally on fourth down Partee, kicking with an injured leg, missed a 51-yard field goal attempt.

Then the next time SMU had the ball, it scored as White lofted a pass to Levias on the TCU 24 and the great Negro split end ran untouched to a touchdown. It was a 68-yard play, Partee converted.

TCU made its first two threats in the second period. Toward the end of the quarter, SMU got another chance to score when Floyd Burke intercepted a Shabay pass on the TCU 25. But the Mustangs could get only to the TCU 19 and Partee missed a field goal from the TCU 27.

TCU ON MOVE
Opening the third period, TCU got the kickoff on its 24. Shabay ran for 10 and passed to Campbell for 18 but the ball was brought back and TCU penalized 15 for clipping.

Ronny Gibbs kicked to the SMU 29 and from here SMU rolled to its second touchdown. The touchdown was a 26-yard pass from White to Harold Richardson. Again Partee converted. Jernigan led the Southern Methodist ground attack that gobbled up 158 yards with 60 yards on 18 carries while Mike Richardson got 55.

Deluxe Defense

Frank Horak (19) of TCU times his tackle perfectly in breaking up this pass play. Pass was intended for Mike Richardson (24) of SMU. SMU won the game 21-0 and moves into the Cotton Bowl. (AP WIREPHOTO)

DEATH THREAT
Police Guard Mustang Star

FORT WORTH, Tex. (AP)—Responding to a death threat, police have clamped a security guard on Southern Methodist football player Jerry Levias, the Fort Worth Star-Telegram said Saturday.

The newspaper, in a copyrighted story, quoted a reliable source as saying police received word Friday night an attempt would be made to kill Levias during the SMU-TCU football game.

Levias, a Negro and Southern Methodist's sophomore sensation, has reportedly been the target recently of hate mail and telephone calls.

The Dallas team beat Texas Christian 21-0 Saturday to win the Southwest Conference championship and the host berth in the Cotton Bowl Dec. 31.

The Star-Telegram said police kept watch on the stands during the game.

DALLAS, Tex. (AP)—Coach Hayden Fry of Southern Methodist University denied Saturday-night that there had been a threat of death for his star Negro player, Jerry Levias, and said as far as he could find there hadn't even been a rumor of one.

Cadets Rip Middies With Late Uprising

PHILADELPHIA (AP)—Sophomore quarterback Steve Lindell hit for touchdown passes of 42 and 23 yards about five minutes apart in the final period Saturday that sent Army to a 20-7 victory over Navy and its most successful football season in eight years.

It was the eighth triumph in 10 games for the underdog Black Knights, who lost only to top-ranked Notre Dame and bowl-bound Tennessee, and a glorious finish for young Coach Tom Cahill and his sophomore-studded team.

With the score tied 7-7 and the crowd of 102,000 in John F. Kennedy Stadium settled back for a possible second successive tie, Lindell, a 5-11 sharpshooter from Princeton, Minn., broke open the game with two beautiful scoring strikes, first to towering Terry Young for 42 yards and then to Carl Woessner for 23. Lindell converted two of the points from placement.

Navy took the ball from Army near midfield in the fading minutes but Dave Rivers, a defensive end from Richmond, Ky., rushed in and smeared Bill Newton for a 16-yard loss, and the last Middle hope died there.

The game ended with the ball on Army's 28 and the Navy quarterback, John Cartwright, trying desperately to hit with a long pass.

Army stunned Navy in the

opening minutes when sophomore fullback Charlie Jarvis took a pitch-out and raced 49 yards for a touchdown. His path was smoothed by a rocking block by John Nerdel, who spilled Navy's Bob Havasy and Bob Lammers at the 15.

With Cartwright connecting on passes to his 6-foot-2 receiver, Rob Taylor, Navy slammed back and tied the score early in the second period. The touchdown pass was a seven-yarder to Taylor in the end zone.

During the 70-yard drive, Cartwright completed passes to Taylor for 20 and 11 yards and

another to Mike Clark for 19. John Church, Navy's placekicking specialist, made good the conversion and later, just before the first half ended, made an unsuccessful try for a field goal from the Army 36.

Chiefs Clash With NY Jets In Headliner

By The Associated Press

The Kansas City Chiefs take their high-powered offense into New York's Shea Stadium Sunday with a chance to clinch at least a share of the American Football League's Western Division title.

The Chiefs, boasting the league's top passer in Len Dawson and an offense that averages 33.6 points a game, will be opening a three-game road trip and can insure themselves of at least a share of the division crown with a victory over the rebounding Jets.

Kansas City is 9-2-1 going in. A Chief victory would eliminate Oakland and clinch at least a tie with San Diego. Oakland is now 7-5 after the 31-10 loss to Buffalo Thanksgiving Day while San Diego is 5-4-1 going into its game with the Broncos at Denver today.

Boston is at Miami in the other Sunday AFL game. Houston has the bye.

New York, 5-4-1, and still alive in the East, broke a four-game losing string with a 30-13 victory over Miami. A victory is a must if the Jets' hopes are to survive.

Cards Bidding To Come Back

By The Associated Press

Scrambling Fran Tarkenton, Terry Nofsinger and John Unitas hold the key to the National Football League race in vital Sunday games.

Green Bay, upset by Tarkenton and the Minnesota Vikings 20-17 on Nov. 6 and upended earlier by rambling George Mifflin of San Francisco, must handle the Vikings this time to retain its Western lead.

The Packers, 8-2, need a victory at Minnesota, 3-6-1, to be sure of retaining their one-game edge over the Baltimore Colts. Zeke Bratkowski will be waiting in the wings in case Bart Starr's pulled hamstring muscle causes him more trouble.

Allie Sherman's New York Giants 1-8-1, play at Washington, 5-6, the only team they have beaten. Injuries and a general Giants collapse, plus the improvement of the Redskins, hold out little chance of a repeat of the Giants' 13-10 early victory.

Bowl Talk Is Discouraged

DALLAS, Tex. (AP)—Cotton Bowl officials expressed surprise Saturday when informed of a report from Little Rock that the Cotton and Bluebonnet Bowls may be combined.

"I have heard no talk of this type from anybody," said James H. Stewart, president of the Cotton Bowl.

"As far as the board and officers of the Cotton Bowl Athletic Association are concerned this is a very surprising statement coming from anyone connected with the Southwest Conference."

"The Cotton Bowl board has been serving as representative of the Cotton Bowl game and as far as we know the conference has been very pleased with the game as it is."

Jack Keady, sports editor of the Arkansas Democrat, said in his Sunday column there was talk that the two bowls may be combined and held in Houston, the home of the Bluebonnet Bowl.

Keady wrote that The Cotton Bowl is not happy because of professional football in Dallas and that "the Cotton Bowl seems certain to be in for some changes in the very near future."

Bob Cullum, president of the State Fair of Texas which operates the Cotton Bowl stadium, said he had heard nothing of this and he believed if there had been such talk the board would have heard about it.

Gators Lashed By Hurricanes

GAINESVILLE, Fla. (AP)—Miami used a powerful offense to jump ahead of Florida Saturday and then had to hold on for a shaky 21-16 victory over the ninth-ranked Gators.

Trailing 21-3 midway in the third quarter, Heisman Trophy winner Steve Spurrier found the range and began leading his team back. The Gators scored twice and were threatening on Miami's 30 when the gun sounded.

Miami quarterback Bill Miller was the sparkplug as the Hurricanes finished the regular season with a 7-2-1 record and a Liberty Bowl berth. Florida, 8-2, plays Georgia in the Orange Bowl.

The victory gave Miami decisions over Orange, Rose and Cotton Bowl teams, as well as highly ranked Southern California.

Vols Turn Back Commodore Club

NASHVILLE, Tenn. (AP)—Tennessee, tuning up for a Gator Bowl with Syracuse, bombed Vanderbilt with three first quarter touchdowns and used reserves in the second half to coast to a 28-0 football victory Saturday.

The Vols scored the first three times they got the ball. Fullback Richard Pickens ran for one touchdown and quarterback Dewey Warren added two more in the first period.

Warren passed 14 yards to end Johnny Mills for a second quarter touchdown.

The victory gave Tennessee a 7-3 regular season record and left Vanderbilt at 1-9.

Ole Miss Kayoes Maroons, 24-0

OXFORD, Miss. (AP)—Mississippi's defense-minded Rebels found an offensive spot Saturday and crushed Mississippi State 24-0 behind the passing of quarterback Bruce Newell and the running of halfback Doug Cunningham.

Ponies Of '66 Did What Walker 11's Couldn't

FORT WORTH, Tex. (AP)—Southern Methodist ended 18 years of football frustration on a wet, gloomy afternoon and said Coach Hayden Fry, "finally!"

The SMU general smiled broadly and proclaimed of his team's 21-0 victory over Texas Christian:

"There's no words... It's the greatest thing in the world."

He said his Cotton Bowl-bound Mustangs did something SMU immortal teams of Doak Walker and Kyle Rote couldn't do—beat TCU in Fort Worth.

The Ponies, winning their first Southwest Conference championship in 18 years, had not beaten Texas Christian here since 1945 when Walker was a freshman and Rote had not arrived on the scene.

"They used to talk about when Walker and Rote were here," he chortled. "Now they are going to have to say when the 1966 Mustangs were here."

Asked if TCU's spread formation, deployed in the second quarter, caught the Mustangs off guard, Fry confessed: "I'd be lying if I said it did... When we heard TCU had closed workouts even to sports writers, we knew something was up—only thing we didn't find out until Thursday and that only gave

us one day to prepare."

He said he could not select one play as the turning point in the contest, although he noted that the defensive unit executed a series of key plays the three times TCU threatened to score.

"And that pass to Levias," he said before he was smothered by jubilant admirers.

He referred to a 68 yard touchdown pass from Mac White to sophomore sensation Jerry Levias that got SMU off to a 7-0 lead in the first quarter.

Levias said the play was nothing new. "I just ran straight down. I thought I could beat them."

He got a step on defensive back John Richards, took a perfect pass at the TCU 24 and sped untouched into the end zone.

SMU defensive guard John LaGrone, who rifled into TCU ball carriers all day, said the Mustangs took the field against TCU knowing "what we had to do."

He said Texas Tech's surprise victory over Arkansas last week "gave us another chance, and we certainly didn't intend to miff it."

He said also SMU was fortunate to escape the TCU spread without permitting a score.

"It was kind of a surprise," he said, adding "but we knew it was going to be tough."

Hunter Enis, one of the three TCU assistants directing the Horned Frogs in the absence of Coach Abe Martin, stricken two weeks ago with a heart attack said:

"We got down there three times, couldn't score again."

"That was pretty much the story all year for TCU, which scored only five touchdowns during the season."

Mustangs Favored In Cage Scramble

By The Associated Press

With two new coaches, Don Knobel of Rice and Duddy Waller of Arkansas, the Southwest Conference opens a new basketball season Thursday night with six of the eight schools seeing action. The other two swing into the campaign Friday night. When the first weekend is over the conference will have participated in 13 non-league games against some tough Southern and Midwest competition.

Three of their first four conference games a year ago, wound up the championship race with 11-3 consecutive triumphs and an 11-3 league record. "I think we will have a real good basketball team," said Doc Hayes, starting his 20th season as Mustang coach. "We have adequate speed and quickness and the only thing we might lack is size." The Mustangs graduated Carroll Hooser, their leading scorer with a 20 points per game average, but have back all conference Charles Beasley, who shot at an 18-point-a-game mark, and two 6-foot-6 regulars, Bob Begert and John Higginbotham. Hayes also has moved up

three high scoring members of last year's freshman team, Bill Voight, 29 points a game, Lynn Phillips, 21, and Bill Sibley, 19. The Mustangs opened Thursday night at Georgia Tech and have a Saturday night engagement at Vanderbilt. Texas, Texas Christian and Baylor should be strong challengers while the other four teams, Arkansas, Rice, Texas A&M and Texas Tech — all have problems. Coach Harold Bradley of Texas has back three of his top five scorers, and said: "Our situation is more encouraging from the standpoint of experience than a year ago and when we had to replace four starters."

Brown Will Help Coach All-Stars

Wiley Brown, former Big Spring High School and HCJC cager, has been named to help coach the South squad in the annual North-South High School Basketball Classic at Albuquerque, N. M., which will be held in August. As such, Brown will assist the man he currently helps at Tularosa, N. M., Mike Dorame. Wiley is in his sixth season as a football and basketball assistant at Tularosa, which lies 12 miles north of Alamogordo and is 29 miles from Cloudford. Brown also teaches math on the high school level there.

WILEY BROWN

Dorame and Brown have combined to give Tularosa three straight District 3-B championships in basketball. In addition, the Tularosa team has been runner-up in Regional play once and competed in the State tournament on one occasion. Before moving to New Mexico, Wiley was a coach at O'Donnell, Texas, for a while. After departing HCJC, Brown

was a standout in basketball at Abilene Christian College. He is the son of Mr. and Mrs. Roy Brown of 111 E. 18th St.

Odessa High Given Nod In Basketball Voting

Odessa High has been picked by District 2AAAA basketball coaches to finish first in conference standings. In the balloting, Odessa collected three first place votes, as did Midland High. Midland, however, finished third behind Abilene Cooper in the voting. Cooper influenced only two first place votes but benefited from four second place ballots and wound up with an even 50 points, only two less than the projected champion, Odessa. Odessa got no vote lower than second place.

Mentors picked the locals to wind up dead last. In the vote, coaches did not vote on their own teams in the order of finish. Participating in the vote were Harold Wilder, Abilene High; Dick Rittman, San Angelo; Jay Spears, Midland High; Paul Stueckler, Midland Lee; Bill Villard, Odessa Permian; and Harold Green, Odessa High. The results of the poll, with first place votes listed in parentheses:

1. Odessa (3), 52; 2. Cooper (2), 50; 3. Midland High (3), 45; 4. San Angelo, 35; 5. Abilene High, 34; 6. Permian, 25; 7. Big Spring, 22; 8. Midland Lee, 17.

Jackets Pose Major Threat In Playoffs

By The Associated Press

Port Arthur's Yellow Jackets threw out a mighty challenge Friday night as they crushed Brazosport 62-29 and moved into the Class AAAA schoolboy football quarterfinals. Gaining power with each game, the Yellow Jackets now pose a strong threat for the finals spot from the lower bracket. They meet Spring Branch, 27-7 victor over Houston Waltrip, next week. San Angelo, Dallas Bryan Adams, Carrollton, Alice and San Antonio MacArthur advanced to the quarterfinals in other Friday night games. Tascosa is the favorite for the finals from the upper bracket but might find a resurging Wichita Falls tough to handle in the very first round. Class AAA, riding the upset trail, was the only division to complete its quarterfinals setup Friday night.

MCKINNEY WINS

McKinney, the championship favorite, shut out Mineral Wells 28-0 in its first round game and draws what has become the dark horse of the class—Ennis—as its foe in the second round. Ennis used a field goal and safety to beat Nacogdoches 5-0 to the surprise of many. But Ennis has been doing things like that all season. It lost three games on the way to a district title but won when it counted the most.

Monahans faces Vernon, Bridge City plays Clear Creek and San Marcos tangles with Fredericksburg in other Class AAAA quarterfinals games. However, invitations have been extended from Houston, Dallas, Atlanta, Miami, Atlanta, San Francisco and Oakland. There

are some elements in Pasadena, Calif., who still want the game in the Rose Bowl. The AFL championship game is scheduled to be played Monday, Dec. 26 in the home park of the Eastern winner. The NFL title game is due to be played Sunday, Jan. 1, also in the park of the Eastern champ. A conflict with the Playoff Bowl between the NFL second-place teams, set for Sunday, Jan. 8 at the Orange Bowl in Miami complicates the selection of a date for the Super Bowl game. The Pro Bowl game also is set for Jan. 15 in the Los Angeles Coliseum.

Television will be a major factor. NFL games are carried on CBS and AFL on NBC. The mechanics of running the draft with nine AFL teams and 16 NFL teams participating, now that New Orleans has been added for 1967, will present many headaches. It is likely that the draft will be held after the Super Bowl game, possibly in the same city.

When the two leagues get together they also must decide whether to use the two-point conversion rule, as in effect in the AFL, or the one-point rule, used by the NFL.

Super Bowl Will Be Jan. 8 Or Jan. 15

By JACK HAND Associated Press Sports Writer

NEW YORK (AP)—The date and site of the Super Bowl game between the champions of the National Football League and the American Football League will be set this week when the merged leagues meet separately and then jointly for the first time. Pete Rozelle, commissioner of the combined leagues, will preside at the historic joint meeting in mid week. Presumably the two leagues, meeting separately starting Monday afternoon, already will have reached agreement on the title game before the joint session, which is supposed to be confined to 1967 pre-season exhibition games.

The big game will be played either Jan. 8 or Jan. 15, depending upon the reaction of the leagues to the recommendations of a special committee which worked on the problem recently. The Sugar Bowl in New Orleans or the Coliseum in Los Angeles are believed to be the most likely sites for the game.

However, invitations have been extended from Houston, Dallas, Atlanta, Miami, Atlanta, San Francisco and Oakland. There

are some elements in Pasadena, Calif., who still want the game in the Rose Bowl. The AFL championship game is scheduled to be played Monday, Dec. 26 in the home park of the Eastern winner. The NFL title game is due to be played Sunday, Jan. 1, also in the park of the Eastern champ. When the two leagues get together they also must decide whether to use the two-point conversion rule, as in effect in the AFL, or the one-point rule, used by the NFL.

The AFL may discuss expansion to a 10th team in 1968 but probably will confine itself to the 1967 schedule and matters involving the merger.

Sterling Wins By 42-20 Tab

STERLING CITY — Sterling City ran roughshod over Sierra Blanca, 42-20, here Friday night to advance to the Region I-B eight-man football finals.

The Eagles will oppose Dawson (Welch) in Lamesa at 7:30 p.m. next Friday. Esau Vargas scored 16 points for the Sterling City team while Alex Sedillo had 14 and Gary Foster 12.

Scoring for Sierra Blanca were Monty Sparkman, with 12; Tommy Wells, six; and Gary Elder, two. Sterling City was representing District 3-B in the playoffs. Sierra Blanca scored first in the contest, after partially blocking a Sedillo punt, Wells eventually going over from the five.

The victory was Sterling's seventh of the season, compared to two defeats and a tie.

Louisiana Draw Stated Dec. 11

All golfers in Howard County are invited to take part in the Louisiana Draw tournament set for Dec. 11 at the Big Spring Country Club.

Entry fee will be \$25.00 per player, and merchandise prizes will be awarded.

In the Louisiana Draw plan, foursome teams are composed of A, B, C, and D handicap golfers. The general rule is one with a 0-4 handicap, another with 5-10, a third with 11-15, and one with 16 and over.

The mode of play amounts to taking the best stroke in the foursome. For instance, all players drive, and the best drive is the point of the next stroke from which all four play. And finally, the nearest putt is played by all members of the foursome with the best putt counting.

Marvin Williams is tournament chairman. Entries may be left with Jerry Green at Big Spring Country Club.

Juarez's 1967 Horse Racing Season To Start Sept. 30

JUAREZ — Plans for an ambitious and diversified 1967 racing season climaxed by the inaugural running of the estimated \$75,000 Chamizal Futurity for quarter horses were announced today by Demetrio Sotomayor, general manager of the Juarez Race Track.

While the Futurity will offer the richest prize in the history of Juarez, owners of quarter horses and thoroughbreds also will share in the distribution of an additional \$210,000 from other stakes and overnight purses during the 14-day meeting extending from Sept. 30 through Nov. 12.

In a revolutionary gesture to racing fans throughout the Southwest, the management also disclosed the public will participate in a series of "give-aways" which will see \$70,000 in cash awards handed out at the track during the course of the meet. It is planned to distribute \$5,000 every Saturday and Sunday of the seven-weeks session, but details of this unique attraction remain to be finalized.

It will be the third annual racing season at the magnificent Juarez plant and the first to be conducted in the fall of the year. The initial meeting in 1965 ran from April until September, and this year it was held over a five-weeks span in April and May.

There are too few stakes for older quarter horses and the Juarez Chamizal Triple helps fill that void. There also is appeal in the provision which enables those nominated two-year-olds unable to qualify for the Futurity finals to develop and race in the subsequent Chamizal Derby and Chamizal Graduate.

Each of the stakes in the Triple will be over the 400 yard course, and starters will carry equal weights of 120 pounds. Nominations for the 1967 Chamizal Futurity will close next Feb. 15 and must be accompanied by an initial fee of \$25. A second payment of \$50 must be paid by March 15, and it will be followed by payments of \$75 May 15, \$100 July 15, \$500 Sept. 1 and \$250 to enter the trials, making a total starting requirement of \$1,000. Supplementary entries received up to Aug. 15 will pay \$1,750, plus \$250 to enter the trials, and those accepted thereafter up to Oct. 14 will face a penalty of \$3,250 and the starting fee.

ASSURED PURSES Of particular advantage to owners will be the fact that from the nominating and starting fees a sum equaling 15 per cent of the total will be deducted to establish \$2,500 guaranteed purses for a group of consolation races for those nominees which fail to qualify for the 10-horse starting field in the Futurity itself.

Both Norris Royden, director of racing, and Jim West, racing secretary who devised the Triple, are enthused over its potential. "I'm confident this three-year project will be extremely popular with quarter-horse breeders," Royden commented.

Robert Jackson Lone Steer On All 2-4A

TWO-SPORT STAR
Robert Jackson

Robert Jackson was the lone Big Spring player named to the District 2-AAAA all-star football teams, chosen by coaches and sports writers at a meeting held last Monday in San Angelo.

(Note: Neither coach Herman Smith of Big Spring High School nor Tommy Hart of the Daily Herald attended the convocation, hence did not cast ballots.)

Jackson was selected as one of the three ends on the offensive platoon. He is one of the few 2-AAAA athletes in recent times to be named to both the All-District basketball and football teams, having been selected as an All-2-AAAA cager as a junior.

Mitch Robertson, Abilene Cooper, and Rick Maroney, Midland Lee, were other ends chosen on the elite squad.

San Angelo had four players named to the offensive unit and four on the defensive platoon. Two of those, tackle Randy Stout and back Gary Mullins, made it both ways.

Cooper, which shared the 2-AAAA title with San Angelo, had Jack Mildren named to both units, along with Mitchell Robertson as an offensive end and Billy Mayfield as a defensive lineman.

Perman had three on the offensive platoon and as many on the defensive unit, with Paul Strahan making it both ways.

San Angelo's Mullins, 180-pound quarterback, was named the outstanding back in the league while another Bobcat, Stout, was selected as the top lineman.

Coach of the year was Merrill Green of Abilene Cooper. Mildren was the only unanimous player both on offense and defense while Stout was chosen unanimously on offense.

Neither Midland High or Odessa High landed a man on the squads while Lee, which wound up in last place in the standings with an 0-7 record, placed two—Maroney and half-back Richard Ramsey on defense. Maroney tied the all-time record for pass receptions in conference play, with 30.

Coach of the year was Merrill Green of Abilene Cooper. Mildren was the only unanimous player both on offense and defense while Stout was chosen unanimously on offense.

San Angelo Bobcats Win Over Bel Air, 42 To 17

EL PASO — San Angelo's Bobcats powered past Ysleta Bel Air, 42-17, Friday night to win its way into the Class AAAA football quarterfinals.

Ken Newman returned the opening kickoff 96 yards to a touchdown and the Cats were off to the races. After three periods, the Felines were out front, 42-0. Reserves played the rest of the way.

Newman scored another touchdown on a 68-yard pass from quarterback Gary Mullins.

Mark Dove counted on a 20-yard pass from Mullins while Mullins himself tallied on a one-yard keeper.

David Williams and Bruce Wadzeck also counted touchdowns for San Angelo, the latter on an eight-yard pass from reserve quarterback Mike Phelps.

Nick Bonty counted touchdowns for Bel Air on runs of 42 and seven yards. Ernie Hernandez kicked a 37-yard field goal and added two extra points for the Highlanders.

Newman also booted six extra points for the District 2-AAAA champions.

San Angelo made 274 yards rushing and 168 passing to 159 rushing and 59 passing for Bel Air. First downs favored the Bobcats, 27-10.

Score by quarters:
San Angelo 14 14 14 0-42
Bel Air 0 0 0 17-17

Riot Squad Will Attend In Force
NEW YORK (AP) — There will be plenty of police in Madison Square Garden Monday night when 3-1 favored Carlos Ortiz risks his lightweight boxing title against junior light-weight king Flash Elorde of Manila in a television 15-rounder.

Both were happy to hear that the special force will be beefed up for their return bout.

Ortiz vividly remembers the last defense of his crown in Mexico City, Oct. 22, against Sugar Ramos. After he stopped the Cuban exile on cuts in the fifth round and then refused a commission order to resume the bout, the 30-year-old Puerto Rican-born New Yorker found himself in the midst of a riot.

VPI Will Play In Liberty Tilt
BLACKSBURG, Va. (AP) — Virginia Tech officials said Saturday that Tech had accepted a bid to play Miami, Fla. University in the Liberty Bowl at Memphis, Tenn., Dec. 10.

Tech finished its season with a 8-1-1 record last Thursday with a 70-17 rout of Virginia Military Institute.

Irish Dazzle USC Trojans By 51-0 Tab

LOS ANGELES (AP) — Awesome Notre Dame, ignited by a pair of 19-year-old sophomores, blasted Southern California 51-0 Saturday as the Irish strengthened their claim for the 1966 national collegiate football championship.

Quarterback Coley O'Brien, who took over for injured quarterback Terry Hanratty, and his 6-4 pass receiver, Jim Seymour, were the key figures as the Rose Bowl-bound Trojans, champions of the Pacific-8 Conference, were buried under the highest score ever in the 35 games between Notre Dame and Southern Cal.

A crowd of 88,520 watched Notre Dame end its season with a record of nine victories and the 10-10 tie last Saturday with Michigan State.

The Trojans head for the Rose Bowl game with Purdue with a 7-3 record.

O'Brien threw three touchdowns in completing 21 out of 31 throws for 255 yards. Seymour caught 11 for 150 yards and two touchdowns.

The Irish built up a 31-0 half-time lead as the O'Brien-Seymour combo starred in two second quarter touchdowns.

O'Brien's third touchdown toss went 23 yards to Dan Harshman, newly converted from the defense to replace one of the Notre Dame casualties from the Michigan State game.

Conjar scored on a two-yard run and Eddy blasted nine for another tally.

Notre Dame intercepted two Trojan throws by quarterback Toby Page, returning them for touchdowns. Tom Schoen ran the first back 40 yards.

Dave Martin stole another and returned it 33 for the final score of the day.

Southern California reached the Notre Dame 10 in the third period, was promptly thrown back to the 25, and that was the closest they came to scoring.

Coach Ara Parseghian kept his first-line troops in the battle until midway in the fourth quarter. At that stage, the second and third string players came in on offense, but it was not until later that the defensive starters were removed.

Notre Dame 14 17 13 7-51
USC 0 0 0 0-0

Tide Triumphant Over Foe, 34-0
MOBILE, Ala. (AP) — Quarterback Kenny Stabler passed for three touchdowns as Sugar Bowl-bound Alabama defeated Southern Mississippi 34-0 Saturday.

"Bama's Tide, third ranked nationally, broke open a tough defensive game in the third quarter with an eight-play drive from midfield.

David Chatwood, a rugged 176-pound driver, slashed over from the 13 on a pitchout for the score that put Bama in a commanding position at 18-0.

The Tide scored first after recovering a Southern fumble on the Mississippians' 20.

Hogs, Steers Finish One Game Back Of Cayuses
By The Associated Press

Southern Methodist found the pot of gold—that of the Cotton Bowl—at the end of the rainbow Saturday as it whipped an old jinx held by Texas Christian 21-0 and grabbed its first Southwest Conference football championship in 18 years.

It was SMU's first victory in Fort Worth over the Horned Frogs since 1945 and the first time to get into the Cotton Bowl since 1949.

The Methodists finished with a 6-1 conference record and an 8-2 season record and will clash with Georgia in the Cotton Bowl Dec. 31.

Texas, which beat Texas A&M 22-14 Thanksgiving Day, wound up tied for second with Arkansas. It will play in the Bluebonnet Bowl against Mississippi. In the other closing game Saturday, Baylor beat Rice, 21-14, and finished in fifth place.

The final conference standings:

Team	W	L	T	Pct.	Pl.	OP
SMU	6	1	0	.857	1st	1st

WACO, Tex. (AP) — Baylor behind the record passing of Terry Southall, beat Rice 21-14 Saturday, handing retiring Jess Neely, dean of active major college coaches, a defeat as he ended a 40-year career.

It was the 400th game for Neely who announced his retirement last May, effective in 1967.

Neely spent 27 of his 40 years as head coach at Rice.

It looked for a time that the Owls might give the 68-year-old Neely a final victory when they took a 14-7 halftime lead on J. V. Benningfield's two short touchdown runs in the second quarter.

But Southall, completing a career in which he bettered five Southwest Conference passing records, moved Baylor 60 yards in six plays for the tying touchdown in the third quarter and directed a 79-yard drive for the winning score by Richard DeFoe midway in the final period.

Southall completed one half of his 36 passes for 244 yards and scoring strikes of 14 yards to Paul Becton in the first quarter and 14 yards to Bobby Green in the third.

He shunned an opportunity to set two other conference passing records when late in the game he elected to use up time by running the football rather than risk an interception.

Three of his five conference marks were made against Rice and the other two were set last week against Southern Methodist. Southall's records set Saturday's loss. "That has been our story all this year."

As he walked from the field, spectators leaned over the stadium retaining wall to shake his hand. Children rushed up for his autograph. He passed no one by.

One fan leaned over and said, "God bless you, coach. We're going to miss you."

In the solemn Rice dressing room, he said briefly to his team:

"A good game, all of you. You played hard." Then he moved slowly among his saddened players, shaking hands with all.

Rice, which has won or shared four Southwest Conference football championships under Neely, finished last this year. It won only one of seven conference games.

"We wanted this one worse than any other we've ever played," said Rice linebacker Doug Nicholson, who intercepted a pass and recovered a fumble to set up two misspent scoring opportunities.

"We wanted to win it for him, but just couldn't do it," he added.

It was the 400th game of a head coaching career that started in 1924 at Southwestern of Memphis, Tenn. Neely is dean of active football coaches in the nation and ranks only behind the immortal Amos Alonzo Stagg and Glenn (Pop) Warner in years of service as a major college head coach.

His teams at Southwestern, Clemson and Rice won 206 games, lost 175 and tied 19.

"We had it and let it get away," Neely said of Saturday's loss.

Bad Luck Stalks Neely To Last
WACO, Tex. (AP) — Jess Neely walked from the football field for the last time as a head coach Saturday. His gray head was erect, even in defeat, as he left an outstanding record during more than four decades of coaching.

But his 27th year as Rice coach ended as most of the season had been—one of frustration.

Before Saturday's finale with Baylor began, there was a brief ceremony honoring the 68-year-old Neely in the middle of the field.

"Jess, the name of this football game ought to be the Frustration Bowl, shouldn't it?" asked Baylor coach John Bridgers. "We've both had our share of them this season."

Baylor won 21-14 and it marked the sixth time in the 10-game season that luck looked the other way on Neely's young team. Two games were lost to field goals with less than 10 seconds to play.

"We wanted this one worse than any other we've ever played," said Rice linebacker Doug Nicholson, who intercepted a pass and recovered a fumble to set up two misspent scoring opportunities.

"We wanted to win it for him, but just couldn't do it," he added.

Rebels Shade Coyote Crew
AMARILLO, Tex. (AP) — Tascosa quarterback Monty Johnson tallied three touchdowns to spearhead the Rebels past the Wichita Falls Coyotes 20-7 Saturday in a Class AAAA bi-district football battle.

The victory boosted the Rebels, the state's top ranked AAAA team, into the quarterfinals against San Angelo, which downed Ysleta Bel Air 42-17 Friday night.

Unbeaten Tascosa outgained the Coyotes by 278 to 241 yards. Wichita Falls, running 52 plays to Tascosa's 32 in the first three quarters, was stymied by fumbles after moving to the Tascosa 13 and 7 in the first half.

Johnson climaxed an 82-yard march with a 9-yard scoring jaunt in the second quarter. Tascosa took a 14-0 lead when the versatile quarterback scooped 52 yards to score on the third play after the second-half kickoff.

Wichita Falls rebounded to score on an 81-yard drive late in the third quarter. The Rebels then iced the triumph with a 55-yard scoring surge, capped by Johnson's 1-yard plunge.

Georgia Tech Loses, 23-14
ATHENS, Ga. (AP) — Once-beaten Georgia, ignited by Kent Lawrence's 71-yard scoring sprint, spoiled Georgia Tech's bid for a perfect season Saturday by whipping the Yellow Jackets 23-14 in their traditional football finale.

Bobby Etter, who missed his first extra point of the year after Lawrence's run, booted three field goals to provide the cushion needed by the seventh-ranked Bulldogs, whose defense was led by tackles George Patton and Bill Stanfill.

Patton, closing out a brilliant career, recovered a fumble, tipped a pass into the hands of a teammate and intercepted another pass which he legged to the Tech 22 in the closing minutes.

Georgia Tech, losing for the first time this year, generated only one scoring drive until the closing minutes, with Stanfill repeatedly throwing quarterback Kim King for big losses.

The fifth-ranked Yellow Jackets, who will play Florida in the Orange Bowl, drove 96 yards in 18 plays early in the second quarter for a 7-6 lead which was quickly erased by the Bulldogs.

Quarterback Kirby Moore hit on passes of 11 and 23 yards and ran 16 yards to set up Georgia's go-ahead touchdown, scored by Brad Johnson on a two-yard plunge.

LOOKING 'EM OVER
Attendance Is Up Here

By TOMMY HART
The gross income of the Big Spring High School football team, it is true, suffered a substantial loss this year over last but the test of the popularity of a team is how it is supported at home.

Even though the Steers limped through a 4-6 season, the B.S. gate was up more than 1,000 this year over 1965—from 26,243 to 27,400.

And only the San Angelo football buffs followed their team here in impressive numbers.

Paid attendance at the San Angelo game was 7,325. The gross income then was \$8,382, more than \$2,000 above the second best crowd here.

Claude Tucker, who has had a calcium spur in his ankle since he was a child of about five years of age, injured the leg late in the football season and won't be available to the varsity basketball team here until sometime in December.

He's got tremendous potential. Fred Taylor, the TCU assistant, likely will be appointed to the head coaching job at North Texas State University, if he isn't named to succeed Abe Martin as the TCU mentor.

New Mexico Junior College of Hobbs, who went over 100 points in each of its first two basketball games against respectable opponents, apparently is going to have one of the best teams in Region V this season.

The two leading players on the NMJC team, both from New York, were first offered to HCJC. The New Mexico school doesn't even have a home gym, consequently is playing all its games in high school field houses around the area.

Incidentally, coach Buddy Travis of HCJC says Odessa College has the best talent he's ever seen in that school and expects the Wranglers to be double-tough before the year is out.

Big Spring will play the same non-conference football opponents in 1967 it opposed this fall, which means Plainview and Lamesa will be coming here and the Steers will be going to Snyder.

Lamesa usually brings its share of sup-

porters along, Plainview brings virtually no one.

If work were started today on the proposed football practice field east of the senior high school complex, it would not be ready for use this fall. School officials and/or the school board should be making up their minds now what sort of ninth grade athletic program they're going to offer, once the construction program is completed at the local high school.

If the ninth graders are transferred to the high school buildings for their year of schooling, as has been proposed, will there be one or two teams fielded? If only one is authorized, the program will suffer from diminishing interest. Right now, the feeder systems offered at both Goliad and Runnels are ideal. That Jal, N.M., team which defeated Coahoma in football several weeks ago, ultimately lost in the New Mexico Class B State finals to Bloomfield, 34-23. Just when the local schools and the Chamber of Commerce voted to get together as co-sponsors for any proposed playoff games, the luck of the draw made it unfeasible for any game to be scheduled here. Dory Funk Sr., the well-known grappler, is willing to help field an Amarillo team in the Texas Professional Football League, which is experiencing growing pains. Dory has realized a lot of loot out of the wrestling game and, no doubt, could get good financing in the Amarillo area.

Rudolph Wanderone, billiard's famed Minnesota Fats who stopped here for several public appearances weeks ago, was called Roodie by his paternal parent at one time and later went by the handle of Double Smart Fats when he began to frequent the Tenderloin district in New York. A tireless talker, invariably about himself, Fats will tell you: "If you can do it, it ain't bragging", and Wanderone insists there is not a man alive who can beat him at pool when there's money at stake. He calls tournament champions like Willie Mosconi and Ralph Greenleaf "fun players."

Carer attempts 629, bettering the 593 by Don Trull of Baylor, 1961-63.

Season attempts 337, bettering the 308 by Trull, 1961-63.

Career completion 328, bettering 325 by Trull, 1961-63.

The Baylor quarterback missed by two topping Trull's season completion mark of 174. He also was 45 yards short of breaking Trull's career net yard gain passing record of 4,143.

After twice getting within Baylor's 20-yard line in the first quarter only to surrender the ball to the touch Bears' defense, Rice scored twice in the second quarter after Baylor had taken the 7-0 lead.

Linebacker Doug Nicholson recovered Southall's fumble on the Baylor 28. Robert Hailey tossed 25 yards to Steve Prichard and two plays later Benningfield cracked over from the two.

The Owls, in losing their eighth game in 10 starts this season, drove 66 yards for their other touchdown. Benningfield gained 28 of the yards, including the last one for the score.

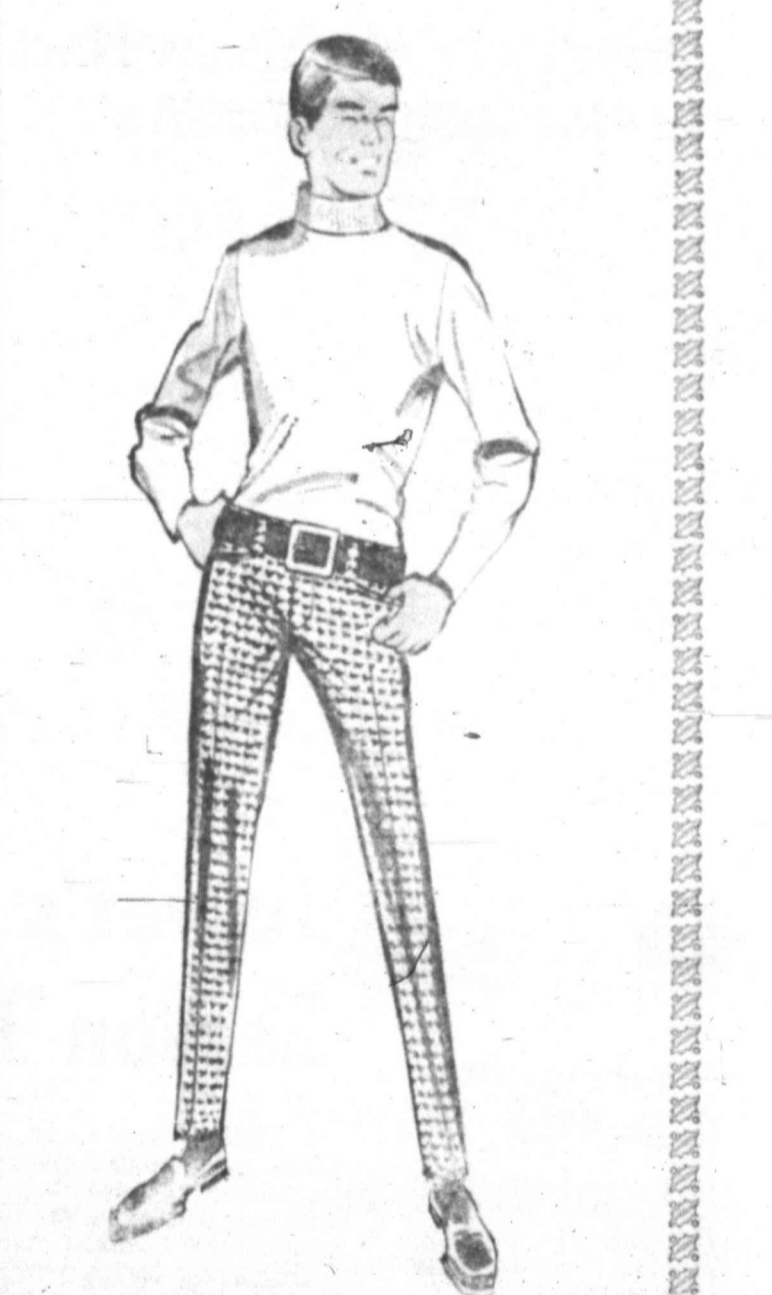

The victory gave Baylor an even won-lost record for the season and let it finish in fifth place in the conference at 3-4. Rice ended in last place with a 1-6 record.

Kilgore Wins Juco Crown

SAVANNAH, Ga. (AP)—Once beaten but top ranked Kilgore, Tex., Junior College scored 21 points in the fourth quarter Friday night to defeat Ferrum, Va., Junior College 28-7 in the annual Shrine Bowl football game for the national junior college championship.

Deadlocked at 7-7, Kilgore turned a fumble recovery into a quick touchdown and within four minutes the Rangers had 28 points to put the game out of reach.

Ferrum was forced to the air after Kilgore quarterback Terry Reisig fired a seven-yard touchdown pass to Joe Fliker with about seven minutes left in the game. That put the Rangers ahead 14-7.

Defensive back Steve Atchley picked off a Jim Schubert pass moments later and went 82 yards for another touchdown, making it 21-7 with six minutes left.

Then Robby Huckaby stole another pass on the Panther 42-yard line and ran to the eight before being caught from behind. Reisig fired an eight-yard touchdown pass to Ronny Freestone for the Rangers' final points.

Ferrum used a "muddle-huddle" play to grab its 7-0 lead in the first quarter. This was simply a quick snap and quarterback Joel Deboe pitched to wingback Mike Bradley who swept the left side for 42 yards and a touchdown.

Late in the second period Kilgore's Bill Brouseau returned a punt 38 yards to the Ferrum 14. Reisig, on a second down play, rammed three yards for the score to tie it 7-7.

Dodge City Wins Over HC, 84-73

GARDEN CITY, Kansas—Dodge City JC came from behind to defeat a dead-tired HCJC quintet of Big Spring, Texas, 84-73, in the battle for third place in the Holiday Classic Basketball tournament here Saturday afternoon.

stage but the pace began to tell on the Hawks after the intermission. Only one of the HCJC players, Bill Sinches, fouled out but three others were in deep trouble when the end came. Sinches scored 14 points before he departed with less than four minutes to go and wound

up as the Hawks' top scorer. Leon Smith, Lee Leonard and Larry Linder hit in double figures for the Texans.

Coahoma To Host Bisons Tuesday

COAHOMA—The Coahoma Bulldogs, who have won all three of their basketball starts this season, return to the floor Tuesday night here against a real toughie—Stanton.

The Bulldogs, coached by Bill Easterling, have beaten Westbrook twice and upset Roscoe thus far.

Stanton is off to perhaps its finest start in history and should prove to be a formidable foe for the Bulldogs.

Coahoma will play host to area teams in a Dec. 9-10 tournament and will go to Stanton for a two-day meet Dec. 16.

GRID BANQUET SET DEC. 12

The Quarterback Club's annual banquet honoring members of the 1966 Big Spring High School football team and their coaches will be held in the Student Union building at HCJC starting at 7:30 p.m., Monday, Dec. 12.

Tickets are available to the public at a cost of \$2.50 each.

Chief speaker for the party will be Mike Brumbelew, one-time head coach at Texas Western College, now an official for the El Paso Natural Gas Company.

At one time, Brumbelew was a star lineman for TCU. Later, he coached under Dutch Meyer for his alma mater.

Bradley, Gilbert Are On Sidelines

AUSTIN, Tex. (AP)—Coach Darrell Royal, who will start soon preparing his University of Texas Longhorns for the Dec. 17 Bluebonnet Bowl against Mississippi, says it will be Monday before he knows how seriously his two sophomore offensive stars, Bill Bradley and Chris Gilbert, are injured.

They will return to school then from the Thanksgiving holidays at home.

Miners Rated 2nd To UCLA In Cage Poll

NEW YORK (AP)—The UCLA Bruins, with fabulous sophomore Lew Alcindor, are favored to win the national collegiate basketball championship in the 1967 season that opens Thursday.

The choice of Coach Johnny Wooden's Bruins in the preseason Associated Press poll, announced Saturday, is hardly a surprise. Ever since Alcindor, a 7-foot-1 New York City high school star, enrolled at the Los Angeles school, followers of the Bruins have been eagerly awaiting his varsity debut. That will come on Saturday against Southern California.

UCLA national champs in 1964 and 1965, was picked to make it three in a row in the 1966 preseason AP poll, but the handwriting was on the wall when Alcindor led the freshman to victory over the varsity in their annual game before the season started.

The Bruins ended with an 18-8 record and didn't even make the NCAA championship tourney; losing out to Oregon State in the Pacific 8. This time Wooden views the season with cautious optimism.

The Bruins beat out Texas Western, the defending national champions, and Kentucky, the team the Miners beat for the title last March, in the preseason voting by an Associated Press panel of sports writers.

UCLA polled 12 first place votes to three for the Miners from El Paso and got a total of 163 points to 143 for Texas Western. Kentucky got one first place vote and 120 points.

Texas Western opens its season Thursday against Sam Houston, Kentucky opens Saturday against Virginia.

The Top Ten with first place votes in parentheses, total points on basis of 10-9 etc.

Webb Golfers Grab Prizes

Nine golfers from Webb traveled to Andrews to participate in the Andrews Country Club Pro-Am tournament recently. Five of the nine from Webb were winners.

Dot Dromsky and John McCright were members of the winning team that shot a low ball 60. Doug Swartz shot the hottest round among the amateurs carding a 70 to capture the low amateur sweepstakes. He also led his team to a tie for second with a 61.

John Walker gave the team quite a bit of help by contributing several birdies.

Charlie Brantley shot a fine round of 71 which put him in a tie for second place in the professional division. The winning low pro score was 68.

Also representing Webb in the tournament were Ginny Stewart, Manuel Garcia, Margo Andrews and Tom McCormack. A total of 11 pros and 34 amateurs took part in the tournament.

Johnson, Clendenin Shine In Cage Win

Big Spring regained its poise after a trying third quarter and went on to defeat Lubbock 70-61, in its first home basketball game of the new season here Friday night.

The win was the second in a row for the Longhorns, who returned to competition here Tuesday night against Class AAA Andrews. The Westerners are currently 0-3.

Big Spring led by as much as 16 points in the second period, but Robert Jackson got in foul trouble and the visitors crept within two points of a tie in Round Three.

Jackson ultimately departed with two minutes to go in the third, at a time the Steers had constructed an 11-point advantage.

The Longhorns readjusted with good results and got tremendous performances out of Wayne Johnson and Dan Andrews. The Westerners are currently 0-3.

Johnson, a smooth playing forward, led the Longhorns in scoring with 22 points and grabbed off 11 rebounds. Jackson stuffed in 11 points before

he departed and led in rebounds with 15.

Lubbock was paced by aggressive Jim Sawyer, who accounted for 20 points, compared with 14 for Tom Mattison.

Big Spring's halftime lead was only 34-30 but the Longhorns didn't let the visitors get any closer than that in the final half.

Clendenin, driving effectively to the basket time and again, was second to Johnson in Big Spring scoring with 16 points. In all, the Steers had eight players get into the scoring column.

The Longhorns hit 14 of 37 field goal tries the first half for 38 per cent and got 12 of 26 the final half for 46 per cent.

Big Spring also won the B game, a real cliff hanger, 37-36. James Newman paced the locals with 17 points.

Howard Payne Seeks 2nd Cage Victory Monday

BROWNWOOD — Impressive, with their opening 95-61 on the road opening season win over Tarleton State College, the Howard Payne College Yellow Jacket kick the lid off their 1966-67 home basketball season here Monday Nov. 28 against Southwestern University.

Tipoff will be at 7:30 p.m. in the Brownwood Coliseum.

Yellow Jacket fans will have little trouble in identifying the starting lineup for all HPC starters from last year's Lone Star Conference championship team will be on hand for the non-league contest.

Dan Smith 6-6, junior from Denton who holds nine all time individual HPC records, will be at the center post. Smith scored 24 points in the win over Tarleton and now has a career record of 695 points.

Eddie Nelson 6-2, senior from Big Spring who meshed 498 points last season and who contributed 19 against the Texans, and Tom Carter 6-3, a former teammate at Howard County Junior College, will be at the forward slots. Carter, who was second both in season and conference field goal shooting last year, made 12 points against TSC.

Captain Danny Faubion 6-0, a three year letterman from Talpa, and Mike Gibbs 6-2, two year letterman junior from Bowie, are expected to get Coach Glen Whittis' starting nods as guards.

Faubion, who set the standard in free throw shooting last season in the LSC, made 4 of 4 in the opening game and came out with a total of 10 points. Gibbs, meshed 257 points last season.

Three Jackets, who are expected to play a big role in HPC's bid for a second LSC crown, are expected to see plenty of action against the Pirates.

They are David Richardson, Pete Zuniga, 6-2; and Johnny Sellers, 6-0. Richardson, transfer from Weatherford Junior College, posted 10 points against Tarleton, while Zuniga, from Odessa Junior College, was impressive as the floor general in this first start.

Sellers, who won national recognition while performing for Cisco Junior College, missed the first game due to the death of his father.

Other Jackets who will be available for action include: George Byerly, 6-0, sophomore letterman; Coleman; Gary Day, 6-3, Amarillo sophomore squad-mate; freshmen Kenneth Hendricks, 6-0; Santo; and Bill Moos, 6-7, Fort Davis.

Marvin Utech, 5-6, sophomore forward from O'Donnell is still favoring an ankle injury and is expected to see limited action, if any.

The Yellow Jackets, who were just about the hottest shooting team in the land last year hit on 38 of 67 shots for a whopping 57 average against the Tarletons.

Cosden proudly solutes another of its 'SENIORS' CLINTON F. HULL

Clinton F. Hull became a Cosdenite on October 23, 1951, as a yardman. He was a rackman No. 1 before going to the catalytic cracker as relief helper and assistant stillman.

But he really found his niche in January 1957, when he joined the crew at the styrene monomer plant, helping bring it on stream the following month. He has been No. 1 Operator at that unit since December 1961. Hull was part of a team which helped bring on stream a Cosden licensee's styrene plant at Baytown.

Although he was born in Brown County, Hull moved to Big Spring with his family at age 6. He married a local girl, Constance Marie Blissard, on December 9, 1941, and four years ago they built a home on East Highway 80, two miles east of the refinery. Of their three-acre site, a half-acre is planted to fruit trees.

The Hulls have one son, Clinton F., Jr., 20. He is a helper at the Alkar unit and consequently a neighbor of his Dad's at the refinery.

Hull is a master Mason of Big Spring Lodge 598 and a 32nd degree Scottish Rite Mason, Dallas. His military record includes service in the Army from November 1940 to August 1944, from which he emerged as a Tech. 5. For seven months he was stationed in England and Ireland.

An avid football fan, he follows the Steers and the Baylor Bears. Fishing is also a pleasure for this Cosden Senior. The Hulls are members of West Side Baptist Church.

Cubans Nabbed Trying To Flee

HAVANA (AP) — Five men attempting to flee in a motorboat taken from a Cuban Naval

Base were fired on and their craft stopped by a Cuban patrol boat, the Foreign Ministry announced Friday night.

A communique said three of the men were taken prisoner by the patrol boat and the other two jumped overboard and were presumed drowned.

Services Held Saturday For Veteran Oil Man

Services for A. K. Turner Sr., 77, who died in a hospital here Friday after a long illness, were held Saturday at the Nalley-Pickle Rosewood Chapel.

The Rev. Lynward Harrison presided, and burial was in the Trinity Memorial Cemetery with Masonic rites at the grave. Big Spring Commandry 31 furnished an escort.

Mr. Turner had spent a lifetime in oil field work. Born Jan. 25, 1894 in Mercer, Pa., he worked in the Oklahoma fields before moving to Texas. In 1935 he moved to Coahoma from Abilene and was, until his retirement in May, 1965, the superintendent for the Elmer J. Boeske Jr. Estate properties in the East Howard area.

Mr. Turner was a member of the First Methodist Church in Coahoma. He also was a member of Masonic Lodge 992, in Coahoma, Chapter 778, Council 117 and Big Spring Commandry 31 as well as a member in the Suez Shrine Temple in San Angelo.

In June of 1916, Mr. Turner

was married to Miss Bertie Phillips in Drumright, Okla., and she survives him as do six daughters, Mrs. A. B. D. Turner of Big Spring; James N. Turner, Levelland; Johnny Bob Turner, Carlsbad, N. M.; George Earl Turner and Bill Carl Turner of Coahoma.

He also leaves 27 grandchildren and three great-grandchildren; and four sisters, Mrs. Lillian Lockhart, Winfield, Kan.; Mrs. John Lockhart and Miss Flo Turner of Oklahoma City, and Mrs. Twila Lytle, Warren, Ohio.

Orphans Get Annual Gift

SEOUL, South Korea (AP) — Thirty Korean orphans received a Christmas gift this week from a Los Angeles, Calif., housewife, who is known here as the "Sweater Grandmother."

Bundles of sweaters, mittens, caps and socks from Mrs. Leonard W. Eaton were distributed to the Chon-Ae Orphanage in Seoul through the U. S. 8th Army Civil Affairs Section.

"Mrs. Eaton's gift is a most welcome Christmas present for our 30 children, between the ages of 4 and 10, and it came just in time," an orphanage official said.

The Los Angeles housewife first heard about Korean children's need for warm clothing in 1952 and she has been knitting for the past 14 years to provide warmth for many homeless youngsters.

Area Women On History Panel

Mrs. Frank Miller of the Rafters Cross ranch in Borden County, will be on the program of the 1966 annual meeting of the Texas State Historical Survey Committee of the Texas Historical Foundation.

The meeting will be Thursday through Saturday at the Green Oaks Inn in Fort Worth. Mrs. Miller, who is chairman of the Borden County survey committee, will speak on "History Appreciation." Mrs. Wayne Borden, Snyder, will speak on "Fund Raising for Historical Markers."

A highlight of the event will be an address Friday by Stewart L. Udall, secretary of the U. S. Department of Interior. Several workshops will be held at the meeting.

Crutch For Each

Senator Everett Dirksen, R-Ill., walks to the lectern to give his comments at a news conference at the LBJ Ranch yesterday. As Dirksen got up from his chair he handed President Johnson one of his crutches with the comment "have a crutch." The President prepares to take the vacant seat. (AP Wirephoto)

Dirksen Has Eye On LBJ's Deer

AUSTIN, Tex. (AP) — Sen. Everett M. Dirksen of Illinois has his eye on Clarence, President Johnson's cigarette eating buck deer, for his refrigerator.

Clarence so intrigued Dirksen when he visited the LBJ Ranch Friday with other congressional leaders that he has given up his claim for a presidential bull calf.

As Dirksen, Senate Republican leader, told it:

"Well, long ago our distinguished President invited me to come here. On that occasion, he said, 'If you will come down I will give you a bull calf.'

"But on other occasions he invited me, and I said, 'You never did give me that bull calf.'

"He said, 'You come, and I will give him to you.'

"I said, 'I have no place to keep him; so you slaughter him and get the best butcher in Johnson City to do the job, and when we get him in my refrigerator, I will come down and see you.'

"I still haven't gotten the calf, either iced or hot. But here I am, and I am delighted. So maybe I will modify that request a little bit. If he will get me that 10-prong buck Clarence that eats cigarettes and does not care whether they are filtered or not, and cuts him up so that I get him in my freezer, I will call it square."

An area of the ranch — several fenced pastures — is set aside for the wildlife. Johnson likes to drive ranch visitors into the pasture where Clarence makes his home. Clarence's routine is to amble up to the car in quest of cigarettes. Johnson, a nonsmoker since his 1955 heart attack, borrows ciga-

Wage Advisory Board To Meet

The kick-off meeting of the mayor's committee on jobs and wages has been set for Thursday in the police department classroom at 7:30 p.m., Mayor Arnold Marshall has announced.

He has named 31 to the committee, which is being asked to make a study of the wages and salaries paid city employees; compare these salaries with others locally and in the general area; then recommend to the city commission a wage and salary program for employees which will compare with the general pattern for the area in light of the services expected for the community.

In addition, the committee is asked to make any other recommendations regarding organization and services, as the members may feel desirable in light of its study. Marshall asked the committee to make its report prior to Jan. 20, so that any recommendations it makes might be considered for inclusion in the new budget for 1967-68.

A wealth of statistical comparisons have been prepared for the committee to study, including pay comparisons with most major area cities.

One of the memos to the committee points out that in 21 city departments, having a normal employee complement of 224 persons, there has been a turnover of 83 persons for the first 10 1/2 months of the calendar year. This represents almost 40 per cent.

The average employee load of the city is 245 persons.

The departmental breakdown follows:

Dept.	Employees	Normal No.
Manager's office	1	1
Secretary's office	1	1
Tax office	1	1
Police (entertainment)	12	12
Police (other)	12	12

Seminole Man Dies In Crash

HOBBS, N.M. (AP)—A Seminole, Tex. man was killed and a Carlsbad teenager was injured Saturday when their car collided with a mobile home being towed on US 180-62 about 12 miles west of Hobbs.

State police said Eugene Wallace, 23, driver of the car, died at the scene of a fractured skull, compound fractures and chest injuries.

In a hospital at Hobbs was his passenger, Ronnie Robinson, 18, of Carlsbad.

He had head injuries, lacerations and abrasions, police said.

Paul Sanderson, 39, of Hurlwood, Tex., driver of the freight truck, was not injured. He said he swerved off the road to avoid a collision but that the car hit the rear of the trailer he was pulling.

Flashing Lights Trigger Trouble

ROCHESTER, N.Y. (AP)—Firemen say flashing white, red and green lights installed recently on the city-owned Edgerson Park Stadium are causing as much trouble for them as for the birds they are designed to scare away. The firemen say they receive almost nightly calls that the stadium is on fire.

Wesley Methodist Church Scene Of Saturday Wedding

The wedding of Miss Andrea Lynn Askins and Jerry L. Merrick was solemnized Saturday evening at the Wesley Methodist Church. The Rev. Jarrel Sharp officiated for the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Elmer Askins, 608 Linda Lane, and the bridegroom is the son of Mr. and Mrs. Robert A. Merrick, Ackerly.

Altar decorations were a sunburst arrangement of white gladioli and chrysanthemums against a background of emerald foliage. A prie dieu and candelabra holding wedding tapers completed the scene.

Miss Dana Rose, organist, presented traditional wedding selections. She also accompanied Miss Cynthia Pond as she sang "Whither Thou Goest" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a formal gown of white peau de soie. The A-line dress was accented by an Empire waistline and a fitted imported leaf lace jacket with bell bottom sleeves. The jacket, sleeves and chapel train were bordered by seed lace.

Her shoulder-length veil of illusion fell from a headpiece of roses made of peau de soie surrounded by leaf lace trimmed in seed pearls and iridescents. For her bouquet she carried white lily of the valley, gladioli and feathered chrysanthemums atop a white Rainbow Bible.

BRIDESMAIDS

Miss Merry Lee Dibrell was maid of honor. Bridesmaids were Miss Joyce Merrick and Miss Jo Nell Merrick, both of Ackerly and sisters of the bridegroom, and Miss Mickey Crow.

The attendants were identically gowned. The dresses featured purple velvet fitted Empire bodices with scooped necklines, and the A-line skirts were of orchid peau de soie with a velvet rose at center back. They carried nosegays of lavender chrysanthemum pompons sprinkled with velvet ribbon streamers.

Best man was Jerry Iden of Ackerly. Groomsmen were William Belew, Joe Dean Hall of Ackerly and Jimmy Merrick, brother of the bridegroom. Ushers were Jake Merrick

MRS. JERRY L. MERRICK

(Brookshaw Studio)

brother of the bridegroom and Randy Hambrick, both of Ackerly; Jim Davis, and Gary Fields, Snyder.

Miss Julie Merrick, sister of the bridegroom, was flower girl. Altar taper lighters were Miss Debbie Fields of Snyder and Jackie Merrick of Ackerly, brother of the bridegroom.

For a wedding trip to an undisclosed destination, Mrs. Merrick wore a plum colored wool dress with matching accessories. The couple will reside in Ackerly.

CHOIR CLUB

Mrs. Merrick is a graduate of Big Spring High School where she was a member of the Choir Club, Future Homemakers of America, Bible Club, Tri-Hi-Y and Student Council. She attended Howard County Junior College.

Merrick is a graduate of Sands Consolidated Schools and farms near Ackerly.

A reception was held at the church fellowship hall where the honored couple and members of the wedding party greeted guests.

The reception table was covered with a white floor-length net cloth over a white underlay bordered by white satin ribbon. The centerpiece was a bouquet of white and lavender chrysanthemum pompons surrounding wedding candles and miniature wedding bells. The three-tiered white wedding cake was decorated with confection roses and adorned with a miniature bride and groom.

Assisting with the serving were Mrs. Jim Foster Jr., Lubbock; Miss Linda Tawater, Miss Vale Marlin and Miss Terry Macklin. Mrs. Jimmy Merrick was in charge of the register.

Other members of the house party were Mrs. Leonard West, Mrs. G. Q. Armstrong, Mrs. J. L. Appleton, Mrs. Luther Coleman, Mrs. J. T. Morgan, Mrs. W. Marlin, Mrs. Dub Bryant, Mrs. T. P. Macklin, Mrs. B. E. Reagan, Mrs. Elvin Bearden, Mrs. Richard Shields, Mrs. W. D. Lovelace, Mrs. Marshall Day, Mrs. T. C. Richarson, Mrs. T. L. Lovelace, Mrs. M. O. Hamby, Mrs. Bob Tawater, Mrs. Jerry Allen and Mrs. Conard Davis.

GUESTS

Out-of-town guests were Mr. and Mrs. W. H. Askins, Clyde Jones, Mr. and Mrs. Gilbert Fields, Mr. and Mrs. Emmett

Fort Smith, Ark., and the Rev. and Mrs. J. E. Peters, Shawlowater.

The bridegroom's parents were hosts to a Friday evening rehearsal dinner at Coker's Restaurant. Approximately 40 attended and were seated at a horseshoe-shaped table. The head table centerpiece was a large arrangement of white and lavender chrysanthemum pompons. The honored couple presented wedding gifts to their attendants.

Residents Take Trips For Dinners

WESTBROOK (SC) — Mrs. and Mrs. Sam Scroggins and children were Thanksgiving guests of her parents, Mr. and Mrs. W. L. Carnohan, Plains.

Mr. and Mrs. Arlie Moore spent Thanksgiving in Kermit as guests of Mr. and Mrs. Loyd Hart Jr. They were accompanied by Rodney and Pandora Moore, children of the Royce Moores.

Mr. and Mrs. Herman Parsons and daughter observed an early Thanksgiving with her parents, Mr. and Mrs. E. L. Clifton in San Angelo, Sunday.

Thanksgiving guests of Mr. and Mrs. Bill Yarbrough and their daughter, Mrs. Roy Johnson, were Mrs. Jesse Kimball and sons, Victoria; and Miss Katherine Hyde, Hallettsville.

Mr. and Mrs. Homer Rice spent Thanksgiving in Big Spring, guests of their son and family, the Doyle Rices.

Mr. and Mrs. L. E. Gressett had as guests Mr. and Mrs. Donald Gressett and Miss Faye Cook, all of Snyder and Mrs. Orlean Cook, Colorado City.

Thanksgiving guests of Mr. and Mrs. T. A. Rees were Mr. and Mrs. L. L. Chandler, Big Spring, Mrs. Chandler and Mrs. Rees visited Mrs. H. L. Jamison and Mr. and Mrs. Dink Rees in Colorado City. Other guests in the Dink Rees home were her parents, Mr. and Mrs. Adkins of Liberty.

Visitors in the T. A. Rees home recently were Mr. and Mrs. Sam Rees, Abilene; and Mr. and Mrs. Red Ward, Mount Vernon.

Recent guests in the home of Mr. and Mrs. Pent Hines were their son-in-law and daughter, Col. and Mrs. E. N. Yaden, Atwater, Calif. They were en route to Colorado Springs, Colo. where Col. Yaden will be stationed.

Tells Plans

Mr. and Mrs. E. F. Burson, 2502 Cindy Lane, are announcing the engagement and approaching marriage of their daughter, Rene-Aan, to Kenneth Robuck Jr., son of Mr. and Mrs. Kenneth Robuck Sr., of Halstead, Kan. The couple is planning a Jan. 28 wedding at the First Christian Church.

Pink, Blue Party Fetes Coahoman

COAHOMA (SC) — Mrs. Johnny Justiss was honored with a pink and blue party Tuesday afternoon at the home of Mrs. Dwayne Clawson.

Cohostesses were Mrs. Jack Cauble, Mrs. A. C. Faulkner, Mrs. Willie Lunday, Mrs. Pat Shields, Mrs. Jerry Robertson, Mrs. Tommy Birkhead, Mrs. Bernie Hagins, Mrs. Bill Read and Mrs. Rod Tiller.

Refreshments were served from a table covered with a white linen cloth and centered with pink and white flowers surrounding a miniature bassinet. Silver and crystal appointments were used.

Thirty-five attended, and the hostess gift was an assortment of baby items.

St. Lawrence Home Scene Of Ceremony

Miss Carolyn Louise Willborn covered by an ecru lace cloth became the bride of Fred Charles Martin Friday evening at the home of the bride's parents, Mr. and Mrs. Gerald B. Willborn of St. Lawrence. The Rev. E. G. Newcomer, pastor of the Knott Missionary Baptist Church, officiated for the double ring ceremony.

The bridegroom is the son of Mr. and Mrs. A. F. Martin, Stanton.

Baskets of lilac gladioli against a background of greenery decorated the altar.

Given in marriage by her father, the bride wore a dress of white crepe highlighted with a camisole bodice and accented with a cummerbund and bouffant skirt. The short jacket was of Chantilly lace over tulle and featured long, petal-point sleeves.

Her veil of French silk illusion fell from a crown of crystal drops, and she carried a nosegay of carnations and orchids atop a white Bible.

Mrs. A. L. Watts of Andrews, sister of the bridegroom, was matron of honor, and the best man was Bruce Willborn, brother of the bride. Mrs. Watts wore a lilac lace dress styled with long sleeves and a scooped neckline. She carried a bouquet of white and lilac carnations.

For a wedding trip to an undisclosed destination, the bride wore a blue three-piece suit with white accessories. She wore a pearl necklace given to her by the bridegroom's parents and an orchid corsage from her bridal bouquet. The couple will reside in Midland where Martin is employed by Western Electric Company.

A reception was held at the home where the honored couple, parents and attendants welcomed guests. The refreshment table was

Wall Colors May Differ In Tone

The best places to try painting walls different colors is in bathrooms, dressing rooms, hallways, or guest rooms, where you and your family don't spend a great deal of time.

You can experiment with varying shades without affecting anybody very much. You might try gradations of pink tones, a little deeper on each wall, or a shading of blues into greens. Or, for a daring effect, mix bold primaries.

OWC Ball Slated For December

The annual Christmas formal hosted by the Officers Wives Club at Webb Air Force Base will be held Dec. 10 in the Officers Open Mess. This event will be for members and houseguests only.

The social hour will begin at 8 p.m. with the serving of hors d'oeuvres in the Fireplace Room, and dancing will begin in the ballroom at 9 p.m. with music by the Leon Baxter Orchestra.

Dress will be formal or Mess Dress uniforms for men and long or short formal dresses for the women.

Mrs. S. G. Flowers Jr. is OWC president and co-chairman of the Special Activities Committee. Mrs. W. D. Lund and Mrs. R. M. Staples, that committee, as well as wives of Class 67-D and the Student Squadron, are in charge of holiday decorations for the club.

HINTS FROM HELOISE

Make Holiday Candles Fit Any Holder

Dear Friends: Don't you just love candles when they don't fit in your candleholder?

Especially if they are too small to fit that little holder? Well, I learned a lesson when I bought a new brand of candles and half of them were too small to fit.

I firmly inserted them into the holder. Hugs and snugs it real tight!

Be sure and stretch the rubber bands so they will be around the bottom tightly. Heloise

Dear Heloise: Frozen dinner trays make good substitute plates for toddlers as they don't break when dropped or thrown on the floor! Also the raised sides of the divided sections make it easier for little ones to scoop up food. Ann Cunningham

Dear Heloise: Whenever I send a check to a company I don't use often, I write the address on the check entry line in my checkbook.

I already have entered the name of the company, and it's easy to add the address and

ly around the base of the candle, then dipped the ends in warm water and inserted them into the holder. Hugs and snugs it real tight!

If you have trouble setting the back, which is too short for regular rollers, try using your little girl's doll's rollers.

It's just enough to turn those ends under and it has worked wonderfully for me. B. Robinson

Dear Heloise: My baby has outgrown his bassinet so I use it now for a portable sewing basket.

I'm embroidering a bedspread, and it's so easy to handle when I can keep the bulk of it in the basket while I work.

Dear Heloise: You know how those wire coat hangers seem to multiply like rabbits, and some have that

piece of twisted wire on top?

After the knitted collar of my new jacket was snagged on one of those wires, I took a dislike to wire coat hangers.

Now I hold two together real tight - in fact tie them together in three or four places. Then I take a long strip of some material (wool, ribbon, flannel, etc.) about half an inch or so wide, and keep winding it all around these two hangers, and end up with one hanger on which I can put sweaters or anything, without fear of snagging them.

Besides that, the two together make a stronger hanger to hold heavy garments without bending out of shape. Mrs. Wm. G. Hager

Dear Heloise: Why not use newspapers for your garbage if you don't have a paper bag available?

Use several thicknesses of newspapers, fold in half cross-

wise, staple the sides together so that the folded part of the paper is at the bottom.

Takes so little time with a stapler to do a whole stack, and the newspaper bags are so useful. Helen D.

Dear Heloise: Here is an idea for those who like hot, baked bread with meals:

Take a muffin pan, grease it, and then put two canned biscuits in each cup and bake.

The biscuits turn out looking like dinner rolls, taste good, and butter easily because they spread open.

This bread is not only economical but, most of all, it's quick and easy to fix. Bertie Hodge

MRS. PAUL E. SCOTT

Office Orchid

Pretty Mrs. Paul E. (Peggy) Scott was born 24 years ago in Roby, the daughter of Mr. and Mrs. Burl Belvin of Loraine. She attended elementary school there and graduated from high school in Loraine.

She began her business career by working as society editor, photographer and columnist for the Colorado City Record in Colorado City and held this job for two years before moving to Houston where she attended Durham Business College.

In the bustling city, she worked in advertising, public relations and served as secretary for Anderson, Clayton and Company prior to taking a job in the Harris County Probation Department. She served as representative from this department in the Harris County Legal Secretaries Association of which she was a member.

While in Houston, she met her husband-to-be and they were married Dec. 7, 1963. He is an adjuster for the Dean Claim Service, and the couple make their home at 624 Settles. Their 15-month-old daughter is named Charlotte Suzanne.

Since April, 1966, Mrs. Scott has been Detective Secretary for the Big Spring Police Department. She handles all correspondence and files for the Detective Division and records and transcribes all statements. Also, she maintains a serial number, criminal, known offender and crime victim file and types all offense and supplementary reports as well as Identification Section correspondence. She keeps daily reports for offenses handled by the Police Department.

Prior to her marriage, Mrs. Scott was an avid rodeo fan, but her hobbies now include furniture refinishing and sewing. She is a member of the First Methodist Church in Loraine.

home was her mother, MRS. DAVID M. JAMES, of Dallas.

MR. and MRS. D. M. McEVERS and their children, Nancy and Don, spent Thanksgiving Day in Lubbock with the McEVERS' daughter, MRS. JENNIE HENDERSON, and her children, Darrell, Kendra and Janice. Both families returned here Friday morning for the remainder of the holiday weekend.

Mrs. Henderson, who is a graduate of BSHS, taught the first grade in a Houston school for three years. In Bellaire she was a teacher in the Special Education school and in June left there to enter Texas Tech in Lubbock for work on a masters degree. Her children stayed here with their grandparents during the summer.

MISS MARY FOREMAN was expected to return today from Clarendon where she spent the holidays with her sister.

MR. and MRS. BROWN ROGERS have returned from Sweetwater where they spent the Thanksgiving Day with MR. and MRS. A. J. PIERSONS. Other guests of the Piersons were Mrs. Clyde Hobbs of Whiteville, N. C., and Mrs. Garland Stell and her children, Mike, Mark and Theresa, of Austin.

TAYLOR SMITH, son of MR. and MRS. VERNON SMITH, has spent the holidays here with his parents and will return today to Waco where he is a student in Baylor University.

Doesn't it make you feel good that you live in an area of the country where people are still such good friends and neighbors as those of the RALPH NEWMANS? It takes some doing to harvest a cotton crop and get it ginned but a lot of effort and good will does a mighty effective job. We're happy to have neighbors like those people who live in the Lomax community.

Grady P-TA Sees Class Program

Mrs. Loy Cox presided during the Thursday meeting of the Grady Parent-Teacher Association at the school cafeteria. A program by the seventh and eighth grades was presented, and Mike Springer reported on his recent trip to Washington. His talk was entitled "What It Means to be an American."

Girl Scout Council To Meet At Cosden Club

The annual meeting of the West Texas Girl Scout Council will be held on Thursday at 7 p.m. at the Cosden Country Club. Adult volunteers, voting delegates, their families and guests, will be attending from the council's 16-county area. The board of directors plan to meet following the annual meeting.

Eldon Mahon, council president, will be master of ceremonies. The invocation will be given by Robert F. Polk, pastor of First Baptist Church, and Mayor Arnold Marshall will extend the welcome. Senior Girl Scout Troop No. 378 will conduct the opening and closing flag ceremonies. Mrs. C. M. Wozencraft is their leader.

Following dinner, there will be a short business meeting which will include the election and installation of officers, board members, and the nominating committee. Recognition and presentation of awards will be given by Mrs. W. A. Stephens of Lamesa.

Linda Davis, Abilene Christian College senior, will speak and show films on her trip to England as a selected representative to the "Experiment in International Living."

A report of the recent national council meeting held in Detroit will be given by a delegate, Mrs. Terry Franks of Abilene, followed by a special program in connection with this meeting.

Neighborhood No. 4, Webb AFB, is responsible for decorations, Mrs. Raymond Gardner is neighborhood chairman.

Reservations for the dinner meeting are being accepted at the council office, 304 Mulberry, Abilene. Members are requested to send their reservations in as early as possible.

New Colors Give Tone To Rooms

Printed fabrics have suddenly appeared more and more in every room of the home. This trend can be seen in sofas and chairs in one room, draperies and round tablecloth in another and bright printed pillows on a printed couch of another design in a third.

There's even a trend toward mixing several figured fabrics in one room. Such a mixture

can give a room an intensely individual look, if done with taste and flair. David Barrett, AID, one of America's foremost decorators, says, "I like to use a print somewhere in every apartment I work on. Printed fabrics add color, and can set the mood of the room."

Remodeling Value

Thinking of remodeling your home? Projects that add dollar value are addition of a formal dining room and enlargement of the master bedroom to permit a king-size bed and triple dresser.

Rosie 'The Riveter' Is Back On The Job

By DORIS KLEIN
LOS ANGELES (AP) — Rosie the Riveter, the slacks-clad factory maid of World War II, is still on the assembly line — her hair graying.

And thousands of women are joining her as the Viet Nam war and the space race create a shortage of skilled labor in the booming Southern California aerospace industry.

But the patriotic motives which sent women into factories during World War II really aren't around any more.

"It pays good money," says Florida Danner, 61, who, with her husband, moved from St. Joseph, Mo., in January 1942 "to help the war effort" in California's industrial plants.

Mrs. Danner joined Douglas Aircraft Corp. in Long Beach. Her first job: bolting the trailing edge of the wings of C47 cargo planes. Her husband took a training course in welding and went to work in the Long Beach shipyards.

Now he's working at Douglas, along with their daughter, Florine Reed, 41, an assistant foreman on the DC8, and their granddaughter, Carol Bown, a sealer on the DC8. Mrs. Reed, a widow, lost her husband in the Korean war.

All the women still wear the familiar slacks uniform — but

the atmosphere has changed. "When the Japanese bombed Pearl Harbor in 1941," says Mrs. Danner, "we wanted to do something for the war effort. My husband was working in farming. I'd been a telephone operator for 15 years, our daughter was only 17.

"So we left St. Joe for California — like a lot of other people, I guess — because we knew they needed people in the plants there. Even my daughter went to work at Douglas.

"It was different around here then. We worked around the clock. I started on the graveyard shift, 11 p.m. to 7 a.m. There were so many people. It was overwhelming. I'd come from a little town in Missouri — and here I was in a building, a plant with almost as many people as my home town."

After two years, Mrs. Danner left Douglas because of her health. But by 1947 she wanted to go back to work.

"It wasn't easy then," she says. "They were only making spare parts for aircraft. It was between wars and there were only about 2,000 people in the whole plant. You had to know someone to get a job in the plant. Fortunately, I did."

By then most of her work was on the C124, doing electrical wiring. Today, she's working on

the A4F Skyraider, a Navy fighter-bomber in Viet Nam.

But she's off the actual assembly line because of arthritis. She checks materials to go into the A4F and its trainer version. She plans to retire next March when she reaches 62. Her earnings today: \$3.22 an hour.

Her daughter is typical of the changes since Mrs. Danner's early days. Women are beginning to emerge from supervisory jobs into supervisory jobs. Mrs. Reed, a onetime lead woman on the DC8, was recently advanced to assist foreman — the first in the DC8 plant.

And there have been other changes. Because of the shortage of skilled labor, plants in Southern California have initiated training programs. The one at Douglas has trained nearly 3,000 persons in the last 18 months.

Although women still are working in the aircraft plants — about 15 per cent of Douglas Aircraft's labor force are women — more are being hired in plants dealing with space products.

"Because of increased electronic miniaturization, there is an increasing demand for women, who tend to have dexterity and patience for the delicate work," says Louis H. Finke, assistant chief of the state division of apprentice standards.

MRS. RICHARD CURRY RANEY (Brookshire Studios)

Sandra Doyle Little Weds R. C. Raney

Miss Sandra Doyle Little exchanged wedding vows with Richard Curry Raney Thursday afternoon at 3 o'clock. The ceremony was held in the MacArthur Blvd. Baptist Church in Irving and the Rev. L. H. Raney officiated for the double ring rites.

The bride is the daughter of Mr. and Mrs. M. V. Little, Garden City Rt., and the bridegroom is the son of Mr. and Mrs. T. O. Raney, Mount Pleasant.

The altar was centered with an arrangement of bronze chrysanthemums flanked by candelabra holding white cathedral tapers.

Miss Robbie Lou Harper of Dallas presented a prelude of traditional organ selections and accompanied Larry Melton of Dallas as he sang "The Wedding Prayer."

Given in marriage by her father, the bride wore a shell white knit A-line suit ensemble with a matching pill-box hat and circle veil of illusion. For her bouquet she carried gardenias surrounded by stephanotis atop a white Bible.

Miss Martha Perry was maid of honor. She wore a burnt orange sheath dress with matching bow hat, briefly veiled. She carried a single long-stemmed yellow rose.

The best man was Bennie Watkins of Denton and ushers were Randy Melton and Donald Raney, brother of the bridegroom.

Following a wedding trip to an undisclosed destination, the couple will reside at 3414 Nogales in Dallas.

Mrs. Raney graduated as valedictorian from Garden City High School, and was graduated from Hardin-Simmons University, Abilene, where she was a member of the Cowgirls. She was also program chairman for the Business Association, and pianist for the Life Service Band.

Raney is a graduate of Mount Pleasant High School and Kilgore Junior College, Kilgore. He attended Arlington State University and is employed as an engineering technical assist-

ant for Texas Instruments in Richardson.

A reception was held in the church fellowship hall where the honored couple and wedding party welcomed guests.

The refreshment table was covered with a gold taffeta cloth and centered with an arrangement of yellow roses and bronze chrysanthemums. The tiered wedding cake was adorned with a miniature bride and groom.

Mrs. Richard Earle was in charge of the register, and members of the house party were Miss Zenith Callaway, Miss Carolyn Harris and Miss Gloria Wilson.

Mrs. Floyd Rice Hosts Meeting

WESTBROOK (SC) — Mrs. Floyd Rice was hostess to the Ruth Sunday school class of the First Baptist Church Tuesday afternoon. Prayers were given by Mrs. Rice and Mrs. Curtis Clemmer. Mrs. Clemmer and Mrs. Ralph Bryant led the program. The Dec. 9 meeting will be in the home of Mrs. Sam Scroggins.

Mr. and Mrs. Hoyt Roberts were in Canyon recently to attend the wedding of her nephew, Dick Kennedy, to Miss Helen Colder.

Guests in the A. C. Moody home Tuesday were Mrs. Jansen Jones and sons, Abilene; and Mr. and Mrs. Fred Howk, California. Howk will return to California for assignment in the Philippines with the U.S. Navy. Mrs. Howk, the former Marilyn Moody, will remain in Abilene while her husband is overseas.

Guests in the Dalton Conaway home were Mr. and Mrs. Andy Hancock and children, Midland; and Mr. and Mrs. Jack Palmer, Jal, N. M.

Mr. and Mrs. Jimmy Brown of Goliad were recent guests of her parents, Mr. and Mrs. A. C. Putman.

Pad Knees For Baby's Crawling

To protect baby's knees when he is at the crawling stage, patch the knees of his creepers with bright colorful pot holders.

Get them thick enough to give him the needed protection, and at the same time thin enough to launder along with the garment. They can be quite decorative if you choose them in the shape of puppies, kittens or other animals.

Luncheon Held In Blue Room

Miss Andrea Lynn Askins, bride-elect of Jerry L. Merrick was honored with a Friday luncheon in the Blue Room of Cosden Country Club.

Hostesses were Mrs. Bob Tawater, Mrs. Jerry Allen and Mrs. Conard Davis.

Sixteen attended and were seated at quartet tables centered with a tier of miniature wedding bells accented with purple and orchid streamers. Cards, monogrammed with the honored couple's names, surrounded the base.

Place cards were white lace fans, and the hostesses gift was a framed wedding invitation.

White carnation corsages were presented to the bride-elect, her mother, Mrs. Elmer Askins; and her fiance's mother, Mrs. Robert Merrick, Ackerly.

The couple was married Saturday evening at the Wesley Methodist Church.

Couple Recites Vows In Home Ceremony

A home wedding united Miss Evelyn Sue Norris and Delmer L. Turner in marriage on Nov. 19. The ceremony was held in the home of the bride's parents, Mr. and Mrs. J. E. Norris, Gail Route. The Rev. Buford Burgner of Tyler officiated for the marriage rites.

The bridegroom is the son of Mr. and Mrs. J. H. Turner, Gail Route.

Given in marriage by her father, the bride wore a gown of Chantilly lace over a pale yellow peau de soie and organza. Her headdress was a pale yellow band of seed pearls on graduated circles of tulle. She carried a nosegay of yellow roses.

A buffet dinner followed the ceremony. Out-of-town guests

were Mr. and Mrs. Joe Roberts, Odessa; the Rev. and Mrs. Bob Kiser, Sand Springs; Mrs. Buford Burgner, Tyler; and Mrs. A. J. Beckmeyer, Ackerly.

Mr. and Mrs. Turner are employed by the Big Spring school system. Turner attended Big Spring schools and graduated from Howard County Junior College. He received his BA degree from Lamar-Tech at Beaumont. He has been teaching at the Gay Hill school since 1960.

Mrs. Turner received her BA degree from Mary-Hardin Baylor at Belton, and her master of religious education degree from Southwestern Seminary at Fort Worth. She was a teacher at the Buckner Children's Home for six years.

Wedding Rites Held Friday

The Westside Baptist Church was the scene of the Friday evening wedding of Miss Delores Ann Trantham and Airman 2C, Roy W. Seiler. The Rev. Paris Barton, pastor, officiated for the double ring ceremony.

The bride is the daughter of Mr. and Mrs. J. W. Trantham, 1319 Stadium, and parents of the bridegroom are Mr. and Mrs. L. R. Seiler of Floresville.

Ferns were placed on the altar rail and an arch was entwined with ivy, pink poppies and pink petunias. On the altar table, an anniversary candle was flanked by four white tapers and nestled in white net and pink roses.

Mrs. Ralph Walker, organist, accompanied Miss Claudia Caudill as she sang "Always," and Tommy O'Bryant of San Antonio as he sang "I Love You Truly."

The bride was given in marriage by her father. Her gown was of cloud blue brocaded taffeta and was styled in ballerina-length. The matching jacket fastened with self buttons and was fashioned with long, petal point sleeves. Her veil of pale blue illusion was held by a headband of sequin-covered leaves.

The bridal bouquet of pink

fringed white Frenched carnations was backed with pale blue net and tied with white streamers knotted with stephanotis. It was carried atop a white Billee.

The maid of honor was Miss Janice Chapman of Knott, and bridesmaids were Miss Sharon Seiler of Floresville, sister of the bridegroom, and Miss Diane Holley. Their Empire-style gowns were made of pink brocaded taffeta, and their headpieces were circles of pink leaves with circle veils. Each carried a colonial bouquet of pink roses backed with white tulle.

Lilton Trantham, brother of the bride, was best man, and ushers were Jackie Hipp and Jimmie Billings. Groomsmen were the bridegroom's brother, Larry Seiler of Floresville and Clifton Derrick. Miss Evette Coffman lighted the altar tapers. She was dressed similar to the other attendants and wore a wristlet of pink roses.

For a wedding trip to Floresville, the bride wore a blue knit three-piece suit with black patent accessories. The couple will reside in Big Spring while the bridegroom is stationed at Webb Air Force Base.

'WHEN UNCLE SAM WANTS HIM'

Modern Military Life Has Fringe Benefits

EDITOR'S NOTE: Second in a four-part series by Marie Ryckman, staff writer for the Dayton Journal, giving information of vital interest to hundreds of couples across the country with military service clearly written in their future. Very early in their young married lives many young men and their wives are facing what may be their first serious problem of need and couples — answering Uncle Sam's call. This may bring about separation or new living surroundings, and very possibly financial hardships. However, there are trained people, military and civilian organizations, and even laws to make things easier.

By MARIE RYCKMAN
Dayton Journal Staff Writer

DAYTON, Ohio (AP) — Fringe benefits accrue to the servicemen and their dependents other than the actual pay and allotments.

When the draftee is sworn into service, he is automatically covered by a \$10,000 life insurance policy, for which only \$2 per month will be deducted from his pay.

The draftee, upon entering the service, should file immediately a claim of his wife as his dependent. He will then be issued papers verifying this dependency by the custodian of his units' personnel record. He should send the properly

certified application and verification to his wife.

She can then present this application at the nearest military installation. She will receive a Uniformed Services Identification and Privilege card. This card is recognized at all military installations (regardless of the branch of service in which the husband is serving), and shows benefits and privileges to which the bearer is entitled.

The wife and other verified dependents of the serviceman are then entitled to shop at the Post or Base Exchange (similar to a department store), and at the Commissary; a huge supermarket, where prices are considerably below those in comparable stores off the military base.

Another important privilege granted the dependents of servicemen is that of receiving medical treatment at a military installation without charge and hospitalization there, if necessary, at the rate of \$1.75 per day. Dental care is restricted to emergency treatment only.

Dependents of servicemen living a considerable distance from a military hospital are entitled to enter a civilian hospital when necessary. The dependents will pay the first \$25 of charges and the rest of the bill will be paid by the government.

Couples can find recreational opportunities on the base that meet their needs satisfactorily at very low cost. For example, movie admission is 15 cents, bowling, 10 cents. Dances are held at servicemen's clubs on the base frequently.

The services of the Staff Judge Advocate office on military bases are another important benefit available to servicemen and their dependents.

Legal assistance and advice are available in matters concerning government insurance, taxes, commercial insurance, making of wills, social security, and personal affairs in general of the serviceman and his dependents.

Should the wife of a draftee elect to stay at home while her husband is in the service, she is entitled to this legal assistance and advice, free of charge, in the offices of the Staff Judge Advocate at the nearest installation.

Other sources of advice and assistance in personal affairs on military bases available to servicemen and their dependents are family service centers, voluntary organizations of wives of military personnel, personal affairs sections, and Red Cross headquarters located at each base.

Brighten Room With Picture Tile

If your overhead kitchen cabinets have a soffit — that's the wall space between the cabinet doors and the ceiling — you have an opportunity to add another decorative touch to this functional room.

Ceramic tile manufacturers say an effective treatment is to tile the soffit with colors and patterns that match those of the tiled backsplash and countertops.

New Lights Can Be Less Costly

Unlike an incandescent lamp, a fluorescent lamp has no filament which glows continuously to give light. Instead, the inside of the tube is filled with mercury vapor which is heated by special filaments at the tube end. This gas then transmits its energy to the phosphor coating inside the tube, and this is what glows to give visible light.

Because little or no energy is wasted in heat, fluorescent lamps give much more light per watt than incandescent lamps. Therefore they are much more economical to use wherever a lot of light is needed for work or play.

Under normal use a fluorescent lamp can be expected to give trouble free illumination for anywhere from 2,000 to 3,000 hours of use.

Use Soft Custard Over Fresh Fruit

When you are making a soft custard to serve over fresh fruit—strawberries, raspberries or peaches—stirring time will be cut down if you use scalded milk.

MRS. JOHN WILLIAM HAMNER

(Barr Photographer)

Wedding Solemnized In Episcopal Church

Miss Barbara Paige Florence became the bride of Lt. John William Hamner during a double ring ceremony held at 10:30 o'clock Saturday morning in St. Mary's Episcopal Church. The Rev. J. H. Payne officiated.

Flanking the altar were tall brass vases containing white spider chrysanthemums, stock and pompons interspersed with emerald fern. Mrs. Lawrence

Erickson, organist, played the bridal chorus from "Lohengrin" and "The Wedding March." Parents of the couple are Dr. and Mrs. Quentin J. Florence, South Mountain, and Mr. and Mrs. William T. Hamner of Tuscaloosa, Ala.

Fit Dishwasher To Room Space

If you're moving into a new home, or remodeling your kitchen, you can complement the modern "built-in" look with new major appliances.

3303
14 1/2-24 1/2

Soft Charm Goes To Center Pleats

What a soft and becoming dress this is! Two pleats are laid in the neckline; two are laid in the skirt and turn over the front panel. No. 3303 comes in sizes 14 1/2, 16 1/2, 18 1/2, 20 1/2, 22 1/2, 24 1/2. Size 16 1/2, sleeveless, takes 2 1/2 yards of 44-inch fabric; with sleeve, 2 3/4 yards of 44-inch.

The undercounter or built-in type of automatic dishwasher, for example, is especially suitable for modern decor. It puts the dish racks at a handy height, and fits into the space of an average 24-inch wide base cabinet so it doesn't take up extra space.

Most new dishwashers are available with colored, textured or patterned fronts, in addition to white, to match the kitchen color scheme.

The bride was escorted to the altar and given in marriage by her father. She wore a formal gown of white candlelight peau de soie with Mimosa Venise lace enhancing the Empire bodice and upper portion of the long, petal point sleeves which fastened with self buttons at the wrists. The A-line skirt was accented with the lace motifs, as was the squared chapel train which extended from the back bodice. Her tiered, bouffant veil fell from a petal hat sprinkled with seed pearls.

The bridal bouquet was formed of white orchids showered with a cascade of stephanotis and satin leaves and tied with picot satin.

Mrs. Ben Fernandez Jr. of Horseheads, N. Y., attended the bride as matron of honor and Miss Brenda Cowper was the bridesmaid. They were identically dressed in Empire-style gowns fashioned with avocado green velvet bodices and champagne brocade skirts. Dior bows in green velvet formed their headpieces, and each carried a nosegay of bronze chrysanthemums backed in matching tulle and showered with green velvet ribbon.

The best man was Lt. Roger J. Willis of McDill Air Force Base, Tampa, Fla., and ushers were Quentin C. Florence, Albuquerque, N. M., and Alexander Florence, brothers of the bride. Another brother, Hugh Florence, lighted the tapers.

RECEPTION

The couple was honored with a reception held in the home of the bride's parents. In the receiving line with them were their parents and feminine attendants. Guests were registered by Mrs. Quentin C. Florence, and Mrs. Pete Stone assisted with serving.

The wedding brunch table was covered with white linen and centered with an arrangement of chrysanthemums, carnations and pompons in fall colors interspersed with autumn leaves. The bride's table was covered with a floor-length satin cloth and appointed with crystal. Tiers of the white wedding cake were separated with columns, and it was decorated with confection roses and topped with fabric orchids. The bridegroom's table was covered with a round, oyster linen cloth, and the champagne punch service was of crystal. The chocolate cake was decorated with candied mint leaves in autumn colors.

Out-of-town guests were Miss Effie Mae Hamner, Washington, D. C., and Mrs. Marine Taylor, Ralph, Ala.

Following a wedding trip to El Paso, the couple will reside at 933 N. Alvernon, Tucson, Ariz. For traveling, the bride chose a three-piece suit with navy blue accessories. The skirt was blue and the silk blouse and full-length coat of lime green.

Mrs. Hamner, a graduate of Roswell High School in Roswell, N. M., received a BA degree in English from Hood College, Frederick, Md. She recently taught English at Big Spring

WEBB WINDSOCK

By BETH GLASS

Pale Look Haunts Teenagers

Pale faces are in the news this fall. Goaded by the ghostly look that top English models have achieved, cosmetics manufacturers have made a quick switch from recommending sooty eye shadow and matching eye liner to whites and light light grays.

Admittedly, it is fun to experiment — fun to dabble the brush in white make-up for some evening tricks — fun painting on white dots for sketching careful little triangles or stars.

But for the down to earth business of student life, there's no need to go to extremes.

Tawny haired girls still look their best in some of the subdued orange lipsticks and a nice soft beige make-up.

The blue eyed get eye attention when they use light blue or aquamarine eye shadow. A touch of mascara still does the trick for those whose eyes are normally small.

Acosta Paintings To Be Displayed In Snyder

A public showing of the paintings of Manuel Acosta has been scheduled for Dec. 3-4 at the Diamond M Museum in Snyder.

The artist will be present from 2 p.m. to 4 p.m. on both dates and the public is invited to attend during those hours.

The showing is one of many which C. T. McLaughlin, widely known in Big Spring, sponsors through his Diamond M Foundation in the interest of broadening appreciation in West Texas of the works of better artists.

Manuel Acosta was born in Chihuahua, Mexico, and was reared in El Paso where he lives now. His home and studio are in the "Old Mexico" neighborhood among a gay throng of family and friends, all of which

are reflected in his paintings.

He began his formal training in art at the Chouinard Art Institute in Los Angeles. He studied with Urbicj Soler at Texas Western College from which he holds a bachelor of arts degree. Further study was with Peter Hurd and Hepriette Wyeth Hurd of New Mexico.

Acosta is a prolific painter with a passion and determination to become an artist in the true meaning of the word. He is excited with all life and humanity that flows about and captures and presents realistically the color, feeling, intensity and mood of what he sees.

He has exhibited in many group and one-man shows in museums at Roswell and Santa Fe, N. M.; Santa Barbara, Calif.; Tucson, Ariz.; Juarez,

Mexico; and in Texas at El Paso, San Antonio, Austin and Dallas. He was included in the Hurd-Wyeth exhibition at Roswell in 1965 among a small group of friends of the Hurd-Wyeth family.

Acosta is represented by the Baker Collectors Gallery, Lubbock; Bergdoff Gallery, New York; Gallery 5 in Santa Fe, and the O'Brien Gallery in Scottsdale, Ariz.

Acosta has won widespread recognition in museums and galleries for his sensitive and individual work.

Hand Dry Dishes For Best Shine

Nothing beats drying fine china, silver and crystal by hand, no matter how time-saving the dishwasher may be.

They last longer and look brighter if given a final hand rubbing with a soft all-cotton towel.

To dry china plates properly, hold the plate with one end of the towel to prevent slipping and dry with the other. This also eliminates finger marks and streaking. Polishing is as important for china as for the glass or silver to give it the desired gleam.

Hold cups by the bowl rather than the handle and glassware by the bowl instead of the stem. Be sure not to twist the glass or it may shatter.

Don't let the towel get soggy as that will leave streaks.

Lisa Ann Kieper Is Baptized

Lisa Ann Kieper, nine-month-old daughter of Mr. and Mrs. Kenneth Kieper of Midland, was baptized Nov. 20 at the Hope Lutheran Church.

Paternal grandparents of the child are Mr. and Mrs. Alfred Kieper, Sleepy Eye, Minn. Maternal grandparents are Mr. and Mrs. W. R. Madewell, Westward Ho Motel.

The Rev. Henry S. Wingard officiated, and sponsors were Mr. and Mrs. Ronald Kieper, Redwood Falls, Minn.

Mrs. Kieper is the former Mary Madewell of Big Spring.

Porter Motleys Visit Relatives

KNOTT (SC) — Mr. and Mrs. Porter Motley spent the holidays with his sister, Mrs. Grace Barlow, in Abilene.

Mr. and Mrs. J. G. Nichols have returned from Waco where they visited their son-in-law and daughter, Mr. and Mrs. Stanley Martin.

Holiday guests of Mr. and Mrs. David Davidson were Mrs. Cliff Hazelwood Jr., and Mr. and Mrs. L. E. Hudgins, all of Stanton; Mr. and Mrs. Robert Eastham, Lamesa; and Mrs. Mike Davidson, Ackery.

Recent guests of Mrs. Herschel Smith were Mrs. Elsie Smith, Elbow; and Mrs. Edison Taylor and Mr. and Mrs. E. C. Airhart, all of Big Spring.

The Robert Nichols family visited her parents, Mr. and Mrs. John Jackson of Vealmoor for Thanksgiving.

A Devotional For The Day

O my son Absalom, my son, my son, Absalom, would God I had died for thee! (II Samuel 18:33)

PRAYER: Heavenly Father, forgive our foolish ways. Enable us not to love vanity, seek false values, neglect our spiritual inheritance. We thank Thee for offering us forgiveness through Christ, in whose name we pray.—Amen.

(From the 'Upper Room')

The Christmas Cheer Fund

On the front page of today's Herald may be found the announcement of the opening of another appeal called the "Christmas Cheer Fund."

There is some background to this program which originated, in simplest terms, to bring a bit of holiday cheer to children who otherwise miss out on what most of us take for granted—playthings which delight young hearts.

Big Spring's firemen started this endeavor some 35 years ago. They collected cast-off toys, repaired them on their own time, and saw to proper distribution at Christmas. These men are working just as hard this year as ever, perhaps harder.

Subsequently, The Herald joined as a co-sponsor, and as the program grew there came about a need for money to buy tools and parts to repair the toys (these customarily are obtained from generous merchants at great discount).

And when the Christmas Cheer

Fund managed a little surplus, this became available to help destitute people in time of crisis, at any season of the year. A family might be out of food, a sick child might need medicine—the Christmas Cheer Fund responded promptly, without delay, without getting involved in "red tape" or making out voluminous reports. You might say it works from the heart.

The Fund has not one penny of extra costs. Every cent contributed to it goes to help underprivileged children and destitute families. People who do the work and handle the accounting are volunteers.

There is no "pressure" in this appeal. The Christmas Cheer Fund merely opens its facilities to those who want to help make the holiday season brighter for youngsters who otherwise wouldn't enjoy a holiday at all. You may join other good-hearted people if you so desire.

Gamco Keeps Growing

Big Spring looks at all times, as do other cities, for the new industry that brings more capital investment, creates more jobs, and adds stimulus to the economy.

Well and good. But as we continue this effort, let us not overlook an industrial growth right under our very eyes which is coming close to being spectacular.

Reference is to the Gamco and Math-Master complex which was put together by George McAlister, a man possessed of the entrepreneur's qualifications: sharp knowledge, keen foresight and a willingness to take risks.

These companies have made acquisitions—not long ago. Creative Visuals, and now Educational Computer Products. It all means that these en-

titles (due to be merged into one corporation, Gamco Industries, Inc.) now reach into nearly all facets of educational training aids—from chalk boards to highly sophisticated computers.

This is progress, and home-grown progress at that. The Gamco company's sales and area of distribution are increasing; its employment totals and payrolls are climbing. It is making itself felt in the field of educational services throughout the nation—and indeed, is reaching into foreign areas.

McAlister and his associates merit the commendation they have actually earned. This is the kind of industry that quickens the pulse of a community, and the kind richly to be desired.

Congress Supports Viet Nam Action

WASHINGTON — The American people have been told in recent months by some critics of the administration that the United States has never declared war in Viet Nam and that the President has had no right to send our military forces into Viet Nam because Congress didn't authorize any such action.

BUT MEMORIES are short, and only this past week the Senate has made public a document which clearly establishes congressional approval of the right of the executive branch of the government to use military force in repelling aggression in Viet Nam. It is dated August 6, 1964, and covers the record of a joint hearing held by the Senate Armed Services Committee and the Senate Foreign Relations Committee on the proposed "Southeast Asia resolution."

THE RESOLUTION itself was approved unanimously by the Armed Services Committee, and by a 14-1 vote of the Foreign Relations Committee. The full Senate adopted it by a vote of 85 to 2, and the House approved the joint resolution by a unanimous vote of 410 to 0.

Questions have since been raised concerning the scope of the power granted to the President by Congress, and the impression has been conveyed that about all Congress did was to

authorize the armed forces to take retaliatory action against the North Vietnamese because of two particular attacks on American destroyers.

BUT THE report shows that the entire question of repelling aggression in Viet Nam was thoroughly explored, and the Senate committees were comprehensively informed as to the purpose the American government had in mind in ordering large military forces into the Southeast Asia area.

A statement by Secretary of State Rusk, now made public in the report of the hearing, was explicit in every respect and made clear that the resolution was not confined to the incidents in which the destroyers were attacked. He gave the background of the whole Vietnamese situation and stated the issues as they affected the entire region. Mr. Rusk said in part:

"**BUT IN THE** face of the heightened aggression on the Communist side, exemplified by these latest North Vietnamese attacks, it has seemed clearly wise to seek in the most emphatic form a declaration of congressional support both for the defense of our armed forces against similar attacks and for the carrying forward of whatever steps may become necessary to assist the free nations covered by the Southeast Asia Treaty."

Secretary Rusk asserted, moreover, that the attacks on American naval vessels "were not an isolated event but are related directly to the aggressive posture of North Viet Nam and to the policy that the United States has been pursuing in assisting the free nations of Southeast Asia and Laos, to defend themselves against Communist aggression, and thus to preserve the peace of the area."

WHILE THE foregoing points were made more than two years ago and were fully understood then by many members of Congress, they were regarded perhaps as of a legalistic nature and probably did not receive as wide attention as they deserved. It became an easy matter later for some of the critics to twist the meaning of the congressional resolution and to keep on arguing that President Johnson should not have carried on the war in Viet Nam without formal sanction from Congress.

Congress has the power to regulate the use of the armed services and to appropriate the necessary funds, and if at any time there is a feeling that an action is being taken without authority, the two houses can always decline to supply the money or they can pass a resolution of disapproval. So far as the record is concerned, the military forces of the United States are in South Viet Nam in accordance with a resolution adopted overwhelmingly by Congress.

The booking officer, however, refused to listen to the wife's explanation even though another officer tried to intervene.

Bleak Beep Comes From Automobile Trade

NEW YORK (AP) — This was a bleak week for the automobile industry.

Production was cut, discouraging sales reports arrived and defects in thousands of cars were reported.

Plans to lower auto output sent the stock market into a drop.

General Motors, the No. 1 automaker, will trim its daily production 3.7 per cent in December and another 4.4 per cent in January.

Ford left three of its 16 car assembly plants closed on Friday after the Thanksgiving holiday. American Motors idled 2,000 men this week by stopping production of its American series.

The sales slump of new cars deepened in mid-November as the sales pace fell 10 per cent from a year before. This followed a five per cent drop in early November deliveries and a six per cent decline in October.

SAFETY BUGS

The new National Traffic Safety Agency reported that automakers are recalling thousands of 1967 model cars because of possible safety defects.

The agency made available a list of possibly unsafe 1965, 1966 and 1967 model vehicles that should be checked. Producers have warned dealers and customers of this.

The suspected defects included bad brakes on some trucks made by General Motors Chevrolet division, faulty throttles that could stick in a wide open position on some Ford and American Motors cars, and missing brake parts on some of Chrysler's Plymouth and Dodge models.

American Motors, smallest of the big four automakers, reported a loss of \$12.6 million for its fiscal year. This was the

biggest since the \$25.4 million loss in 1956 and compared with a profit of \$5.2 million last year.

LIVING COST UP

The company's car sales in the fiscal year ended Sept. 30 totaled 345,886, compared with 412,736 in the previous year.

The Labor Department reported that the cost of living rose in October four-tenths of one per cent as virtually all consumer goods and services except food increased in price.

Retail food prices dipped two-tenths of one per cent. Costs rose for housing, clothing, medical care, automobiles and many other items.

The increase was the ninth straight monthly rise. It brought the Labor Department's index up to 114.5, meaning it cost \$11.45 to purchase items worth \$10 in the 1957-59 base period.

The argument continued over whether there should be an income tax increase in 1967. At the annual meeting of the U.S. Savings and Loan League in New York, House Republican leader Gerald Ford said a tax increase in 1967 would be a tragic mistake.

WANTS TAX HIKE

But Walter Heller, former chairman of the President's Council of Economic Advisers,

urged a temporary five per cent across-the-board surtax on income taxes.

Steel production edged up last week to 2,565,000 tons from 2,560 million the previous week.

CAR SICKNESS

- Production cuts ordered in December and January
- Recalls for safety checks affects most makes
- Car sales down 5 per cent on heels of 10 pct. drop
- Cost of living index edges up .4 of one per cent
- Controversy still going on whether to hike taxes
- On brighter note, steel output shows slight rise

Israel Rebuked By UN Council

UNITED NATIONS, N. Y. (AP) — The stinging rebuke and threat of punishment that the Security Council has leveled against Israel reflects U.N. concern over the impact border clashes might have on the explosive situation in Jordan.

Diplomats noted that the council reacted to Israel's reprisal raids against three Jordanian villages Nov. 13 with the toughest resolution it has passed against that state in 15 years.

By a vote of 14-0 Friday the council issued a threat of economic and military penalties against Israel for the first time since it began dealing with the Middle East border quarrels.

Israel was plainly stung by the wording of the draft. Israeli Ambassador Michael Comay told the council that the basic cause of Arab-Israeli tension lies "in Arab belligerence and military threat against Israel."

Around The Rim

Just One Word After Another

As is not unusual, material for this space today is filched from another source. One reason is, that there simply are weeks when an adequate subject for a piece of deathless prose will not find its way into the cranium. Since this is such a week, it was comforting to come upon some remarks about column writing made to a trade association by the publisher of a small newspaper in Pennsylvania. Let him take it:

"**IF YOU NEVER** in your life wrote a column—it is easy. All you do is put this piece of 3 1/2 x 11 paper in your typewriter and start hitting the keys. There are schools that teach you how to write and there are learned men who have terminology that describes the process—but all of this takes a lot of time. You just teach yourself. (Just keep in mind the first premise of my personal system: one word follows another. The second rule applicable here is that if it does not make sense when you start, maybe it will by the time you have finished.)

"**THE PERSONAL** column does not have to make sense to anyone but yourself. If you understand it, someone out there in television land who has picked up the paper during the commercials might be on your same wave-length. If they are not, they will write you an anonymous letter pointing out pertinent facts about your intelligence, your breeding, and implying that your grandfather may have been hanged for diluting his bathtub gin.

"**IF THEY DO** like what you say, forget it, they will never tell you any-

way. And don't be discouraged if what you write doesn't make sense to you either; it will be nice to read after all the spelling is corrected, and it appears in a special corner of the page with your very own signature, which appears to be that of a kindly old gentleman who means well but is slightly daft.

"**THERE IS** a feeling rampant in the world today that only the specialists have the answers to our problems. Publication after publication headlines the sage counselor who within its pages purport to tell you what our problems are all about. The civilized continents are drowning under a deluge of paper, and now we are moving into the backlands, dropping propaganda from the skies until the remotest canyon is littered with circulars and letters and pamphlets that will solve our problems if the natives will only read it. So your bit of column is not going to harm anyone and certainly is going to be a balm for you.

"**A FINAL PREMISE** is: Nonsense is our salvation. When is the last time you did sit down and write for the sheer pleasure of writing? With no subject in mind, just those cold comfortable keys under your fingers and a dictionary at hand. Well, nonsense doesn't even need a dictionary. Put into practice the maxim that one word follows another and you could become famous."

Ah, fame, ah, fortune! They do not compare to the relief a columnist feels in when he is able to say: "There's another one out of the way, even if nobody cares but me."

Re-Opening Of Old Wounds

WASHINGTON—The third anniversary of the assassination of John F. Kennedy has passed and, contrary to the hopes of those closest to the late President, the passage of time has brought an ever-increasing preoccupation with the details of that crime. Important revelations still to come promise no abatement in the almost morbid concern with the tragedy that occurred on Nov. 22, 1963.

A FLOOD of books raise questions about the validity of the findings of the Warren Commission. At least one and perhaps two have been serious efforts at analysis, while the others exploit the seemingly unlimited appetite, particularly in Europe, for the conspiracy theory. If in relation to the timing of the shots Lee Harvey Oswald was not the sole assassin, then a second assassin is the agent of a conspiracy still concealed.

WHILE IT WAS farthest from the intention of the author or the members of the Kennedy family who furnished much of the information, a book to be published first in four installments in Look magazine in January, and then by Harper & Row in March will raise new doubts and uncertainties. "The Death of a President" by William Manchester is said by those eagerly awaiting its publication to contain 200 headlines. Look, after hot competitive bidding, won publication rights by a bid of \$550,000.

IT MAY MEAN a widening — possibly even a sharp break — between the Johnson and the Kennedy factions. One of the President's close associates believes the book has "sinister implications." This refers to details of a quarrel between the then Vice President, Lyndon Johnson, and the President over the Texas trip. Politically, therefore, it could mean a further fragmenting of the Democratic party with great significance for 1968.

AN IRONIC commentary is the concept of the Manchester book arose from the belief of Mrs. Kennedy, the widow, that if all the relevant material provided by members of the fam-

ily and close associates were contained in one volume other authors might be deterred and the flood of books checked. It would, in short, stop the conjecture, rumor, speculation that seems to have an endless appeal. For the widow and the family this is like the constant probing of an old wound.

An agreement was originally entered into with Manchester, the author of a warmly sympathetic biography of the late President, that his book on the assassination would not be released until after 1968. In a letter last July, Mr. Robert F. Kennedy released the author from that stipulation. The argument was that the objective had not been achieved, since other books on the assassination were being rushed to completion and it was advisable to come out at the earliest moment with the authentic account.

ORIGINALLY, too, there was some sort of understanding, although no one will be specific about it, that members of the Kennedy family would have a veto over material supplied for "The Death of a President." However binding this may once have been, it no longer applies and certainly not to magazine publication.

Mrs. Kennedy is understood to be deeply distressed over the import of publication of certain material made available to the author. An example is a letter she wrote to her husband before the assassination which is said to concern the relationship between the Johnsons and the Kennedys.

IT TAKES LITTLE imagination to see what magazine publication will mean. A spate of headlines will rehearse with new details of the awful events of that day three years ago. This will subject the widow and her children to a new blaze of publicity and public curiosity, with lacerating memories recalled in every newspaper, radio and television broadcast.

But something more than the fate of an individual or individuals is at issue. The question, being widely asked here, is whether the public good is being served by a constant rehearsal of a monstrous crime.

Every Gal Is A Paper Doll

WASHINGTON — Has it ever occurred to you that the newspaper you are reading this very moment could easily be made into a dress? The thought hadn't occurred to me until the other night when my wife was getting dressed for a party and the children were jumping up and down in the bedroom.

"Be careful, children," she said, "or you'll tear my dress off."

"What kind of talk is that?" I wanted to know.

"**WELL, IT'S TRUE,**" my wife said. "This is a paper dress and I don't want it ripped before I get to the party."

"What's the advantage of wearing a paper dress?"

"You only have to wear it once and then you can throw it away."

"But you do that with all your clothes anyway," I said. "There's nothing new about that."

She ignored my remark. "What do you think?"

"**I LIKE EVERY** part of it except by your hips where it says 'All the news that's fit to print.'"

"It's woven into the pattern," she replied. "There's nothing I can do about it."

We arrived at the party and found six or seven other women wearing paper dresses. One lady was causing a sensation.

"Where did you get it?" everyone wanted to know.

"**DISTRICT NEWS** was having a sale on Playboy magazines so I bought several yards of them and

had my dressmaker sew them together."

One woman was wearing Newsweek magazine, another had on Esquire and a third woman was wearing the Atlantic Monthly.

BUT THE LADY who made the biggest hit was the one who was wearing a dress made from the Reader's Digest.

"It's lovely," someone exclaimed. "I was very lucky," the woman said. "I'm a very small size."

People started dancing and my wife seemed to be having a wonderful time so I cut in on her.

"I heard what that fellow was slinging," I said angrily.

"What?" she wanted to know.

"He was singing 'I want a paper doll that I can call my own.'"

"Stop being so jealous," she said. "It's all in fun."

"He also put his hand on 'All the news that's fit to print.'"

"**YOU'RE IMAGINING** things. His hand never left the photo of President Johnson in Bethesda Naval Hospital."

"Well, I think paper dresses are very provocative, and I wish you'd go back to your topless evening gown," I said.

"This is a nice gray dress and it's nothing for you to be ashamed of."

"I'm getting tired of everyone saying 'I'm a paper tiger,' I told her.

"You're being too sensitive," she replied. "Besides, just think of all the paper work you've got to do when you get home tonight."

State Degree Will Climax FHA Work

By DANNA WERST
"I feel that FHA is an essential organization for every girl to help promote better homes for a better America," says Paula Hardy, who is currently working toward receiving her state FHA Degree, which, she feels, will be the climax to her high school years and her work in FHA and home economics.

PAULA HARDY

The 5 feet 4 1/2 inch blonde senior is head cheerleader at Garden City High School, vice president of the student council, a member of the National Beta Club, and president of her FHA chapter. She is active in sports and is a starting guard on the basketball team.

'FRIENDLIEST'
Her fellow classmates voted her Miss GHS, friendliest, and most talented girl this year. Paula served as voting delegate to the state FHA convention her sophomore year and attended last year as incoming chapter president. She has at-

tended the area FHA meetings the past three years, once as a voting delegate.

"It is an inspiration to see a young girl such as Paula strive for high standards and perfect goals in every phase of life, as she so willingly does," says Mrs. Joyce Bergstrom, Paula's home economics teacher.

USEFUL HOBBIES
Sewing, art, and refinishing

old furniture are among her hobbies. This past summer she completely redecorated her room with some help and suggestions from her mother.

She antiqued an old dresser, a chest-of-drawers, and a mirror frame for her room and spent many hours sewing curtains and bedspreads.

Paula is interested in art and interior design and plans to study further in these fields after she is graduated from high school in May of 1967. She has not yet decided which college she will attend. She has one sister, Reta, who is a senior at Angelo State College this year.

A member of the First Methodist Church in Garden City she encourages others to take part in church activities and learn about God, while setting a good example for others to follow. She is an active member of the Methodist Youth Fellowship.

'OUTSTANDING'
"In a 1-3 years of high school," says Mr. Jerry Gibbs, high school principal, "Paula has been one of our outstanding students. She is a fine leader and has exhibited her leadership in many ways."

"While participating in various extra-curricular activities, Paula has maintained an 88.3 grade average for all subjects. It is an understatement to say Paul will be missed by our school upon her graduation in May."

Paula is the daughter of Mr. and Mrs. L. C. Hardy, Garden City.

FFA Sweetheart Third In District

By EUNICE STEPHENSON
STANTON — Laura Costlow, Stanton FFA Sweetheart, placed third in the district contest at the District FFA Banquet held recently in Odessa.

Laura Costlow

Other chapter sweethearts participating in the contest came from Big Spring, Flower Grove, Midland, Coahoma, and Odessa.

Laura is the daughter of George Costlow, Stanton. Her escort was Bobby Hamm, president of the Stanton FFA chapter.

The Quiz team placed first at the contest. Members of the team are Roger Graves, Ronnie Graves, David Matteson and Stanley Louder.

The Junior Chapter Conducting Team, made up of Lindsay Jones, Tooter Harrell, Roger Graves, Stanley Louder, Dwight Martin and David Matteson, won second place.

The Senior Chapter Conducting Team and the Farm Radio Team both won third places. Buddy Shanks, Claude Straub, Jimmie Jones, Glenn Lawson and Ricky Corbell are on the

conducting team and John Hall, Pat Hall and Freddie Newman are members of the radio team.

The Junior Farm Skills Team and the Senior Farm Skills Team both placed fourth. Larry Franklin, Joe Gueverra, Mike Keller, and Larry Duke are on the junior team and Wilbur Casbeer, Bill Wilson, Mike Curry and Weldon Posey are on the senior team.

Personality elections were held Tuesday. The results will be posted following the holidays.

First 'Jayhawk Week' Sponsored At HCJC

By JEAN FANNIN

This week will be "Jayhawk Week" at HCJC. "Jayhawk Week" was initiated by the Student Senate to help boost school spirit for the coming basketball season at HCJC.

The Jayhawks play their first home game Friday night at 7:30 in the gym against the Texas Western Trosh. The class that has the highest percentage of students present will be awarded 15 spirit points.

FACULTY TALENT

Tomorrow morning a faculty talent show will be presented in the auditorium during activity period. Teachers taking part are Miss Starr Warford, Mr. Martin Landers, Mr. Harlan Thornton, Mr. Dal Herring, Mr. Van Hale, and Mr. Joe Shaffer. The women from the Business Department will present a skit titled as "The Five B's." They are Miss Movelda Rhine, Mrs. Doris Hultbregtse, Mrs. Gale Lundy, Mrs. Dean Box and Mrs. Reva Adams.

'GOLD CUP'

The class which has the highest percentage of attendance will win five points. The teacher receiving the most applause will receive a "gold cup" award. Student senators will judge the applause.

Each class' "scarecrow" is responsible for keeping an account of that class' spirit points.

CLASS 'SCARECROWS'

Sophomore class "scarecrow" is Gloria Ballou, 19, a psychology major. Freshman class "scarecrow" is Linda Ann Taylor, 18, editor of the Jayhawk, HCJC yearbook.

Class relay races will be held at the SUB Wednesday during activity period. The races will pair a boy and girl together in a three-legged relay and backward relay with five spirit points being given for each race. Students can sign up in the SUB. A tug of war will be held Friday during activity period at the SUB. The tug of war will be waged across a water sprinkler. The winning class will receive five spirit points.

Competition bonfires and a pep rally have been scheduled for 6 p.m. Friday behind the baseball diamond southeast of Memorial Stadium. Students should be gathering wood for the fires all week and depositing it at the location designated by their class. Class "scarecrows" will light the bonfires.

WINNING BONFIRE

The class with the highest bonfire will receive 10 spirit

points. Containers are in the SUB in which students may put money to vote for their favorite candidate. A penny counts as one vote.

Spirit points will be tabulated during the first half of the basketball game Friday night by members of the Student Senate.

CROWN 'SCARECROW'

The class judged to be the winner will crown its "scarecrow" during half-time activities.

A victory dance featuring the Just Us Four will be held in the SUB Saturday night with the losing class "paying respect" to the winning class. At the

dance the president of the winning class will be presented \$30 for his class' treasury.

Admission to the dance will be one activity card per couple.

Jim Walker is president of the Sophomore Class and Simon Terrazas is president of the Freshman Class.

The Baptist Student Union sponsored a Thanksgiving assembly Wednesday during activity period in the HCJC auditorium. Rev. Leo Gee was guest speaker. The public was invited.

School was dismissed at noon Wednesday and the dorms closed at 5 p.m. Classes will resume at 8 a.m. tomorrow.

The results of the achievement and ability tests taken by seventh graders will be returned in approximately one month, according to Mr. Lee Freeze, counselor.

Classes were dismissed at 2:45 p.m. Wednesday for the Thanksgiving holidays. Classes will resume at 8:35 a.m. tomorrow.

Thanksgiving Assembly Wednesday At Goliad

By LINDA CRAWFORD

A Thanksgiving assembly was held Wednesday afternoon in the gym. The speech department, choir and band presented a program of various selections that expressed the spirit of Thanksgiving.

The band, directed by Mr. R. E. McKiskil, accompanied Mrs. Don Newsum as she sang "God Bless America." The band also accompanied the choir students in presenting "Born To Be Free," by Ralph E. Williams.

CHOIRS SING
The seventh grade choir sang "We Gather Together To Ask the Lord's Blessing"; the boys' choir, "Pleasure It Is," by Cecil Cope; and the girls' choir, "Bless This House," by May H. Brahe.

The advanced choir, directed by Mrs. Susan Dawes, sang "Praise We Sing To Thee," by J. Haydn, and "O Be Joyful,"

by L. Stanley Glarum.

CHORAL SPEAKING
The speech department choral speaking group presented selections from the Psalms.

A display of mosaic pictures by seventh grade art students of Mr. Barry Clayton was on display last week. The subjects of the exhibits dealt with the Thanksgiving season.

The basketball season opened Monday, Nov. 21, for the Goliad eighth and ninth grade teams. Both lost to Lamesa.

BASKETBALL COACHES
Coach Jimmy Pope is in charge of the ninth grade team; Coach Marvin Tatum, the eighth grade team; and Coach Tom Adams, the seventh grade team.

Martha Couch, Gay Hill, presented a program on budgeting at the FHA meeting Tuesday. The title of her program was "The Battle of the Dollar." She was presented a gift by the

chapter. She and her mother, Mrs. John Couch, were also guests of the executive council at a luncheon Tuesday.

The club collected canned food and gave the food to needy families during November as its project for the month.

The Delta Club presented two programs for patients at the Bennett House Nov. 19. The program, "The Beautiful Earth," consisted of choral selections, music, and slides. The Delta Club's regular meeting will be held tomorrow.

The results of the achievement and ability tests taken by seventh graders will be returned in approximately one month, according to Mr. Lee Freeze, counselor.

Classes were dismissed at 2:45 p.m. Wednesday for the Thanksgiving holidays. Classes will resume at 8:35 a.m. tomorrow.

Little Theatre Opens Its Mystery Play Here Friday

Just around the corner is the second presentation of the Big Spring Little Theatre's current season, the thriller-diller "Dracula." This is the famous, original vampire play with a tremendous built-in suspense. Volunteers started on set and special effects construction Saturday. Carolyn Randall, producer, says the play is shaping up well for the Friday and Saturday evening shows at the Municipal Auditorium.

And not far away is the second offering of the Big Spring Concert Association season—the world-famous First Piano Quartet. This is, in a sense, a repeat performance, for the quartet scored a smash hit in its appearance here several seasons back. As an added attraction for the Dec. 6 show, the Big Spring High School Chorus, under direction of Mel Ivey, will do a special choral arrangement on the program with the quartet.

The "flea" market of the Big Spring Art Association's show last weekend got surprising results. There were 53 paintings sold, principally in the low-price range. There was a strong market in the under \$5 class, and a few paintings went up to \$15. In the art exhibition, which hung in the Highland Center mall, more than 200 paintings were entered.

In the area, theatrical fare also includes the Permian Playhouse opener, "South Pacific," which opens Friday for the first of 10 performances in Odessa. This is one of the most successful of the Rodgers and Hammerstein musicals. Shows go through Dec. 14.

Maazel will be conducting the New York Philharmonic today in its hi-fi broadcast over KFNE-FM this afternoon. On tap are Emil Gilels, piano soloist, as the orchestra plays Martinax (contrast), Chopin's Piano Concerto No. 1 and Brahms Symphony No. 2.

While more entertainment than art, it may be of interest to you that Six Flags Over Texas closes out its 1966 season today after drawing a record attendance of over 1,000,000. Since opening in 1961, the famed 115-acre historical-theme park midway between Dallas and Fort Worth has attracted over 8.5 million. The 1967 season will begin next April.

Midland Community Theatre hauls up the curtain on its season Thursday evening with the all-time favorite Moss Hart-George S. Kaufman comedy, "You Can't Take It With You." Curtain time is 8:30 p.m. Other dates are Dec. 2, Dec. 3, Dec. 4 (2:30 p.m.), Dec. 6, 7, 8 (8 p.m.), Dec. 9, 10 (8:30 p.m.), Dec. 15 (8 p.m.), Dec. 16, 17 (8:30 p.m.).

The exhibit of the impressionist movement will close after today at the Museum of the South-

west in 26 Village Circle, Midland. Hours today are 2 p.m. to 5 p.m. An imposing array of paintings by masters associated originally with the movement are on display.

A 20-year-old Rumanian, winner of the \$10,000 first prize in the 1966 Van Cliburn Quadrennial International Piano Competition held in Fort Worth in October, will appear as guest soloist with the Midland-Odessa Symphony Monday at 8 p.m. in Odessa's Ector High and Tuesday, in Midland at Lee High School.

The brilliant young pianist, Radu Lupu, is appearing in only 12 U.S. concerts, with 70 others scheduled in Europe. Lupu will perform the magnificent "Emperor" Piano Concerto by Beethoven with the orchestra under the direction of Dr. Lara Hoggard.

In addition, the orchestra will play the delightful "Water Music Suite" by Handel, and the Symphony No. 3 (Nativity) by the American contemporary composer, Paul Creston.

Double Dose Of UNCLES

Moviefgoers are offered a double-dose of suspense and thrills with the double-bill program of "The Spy With My Face" and "To Trap a Spy," two adventures in color.

Both pictures star Robert Vaughn and David McCallum—the world's two most famous U.N.C.L.E.s. "The Spy With My Face" also has beautiful Senta Berger, named by U.S. movie exhibitors as a top star of tomorrow, and Leo G. Carroll, with "To Trap a Spy" featuring special guest star Luciana Paluzzi and Patricia Crowley.

"The Spy With My Face" revolves around the formula for a weapon so powerful that the future of the world is at stake. THURSH, a band of murderous renegades who will stop at nothing to rule the world, are determined to obtain this new weapon for their own evil purposes. How their scheme is thwarted by Napoleon Solo (Robert Vaughn), top agent for U.N.C.L.E., and Illya Kuryakin (David McCallum) in thrilling action, is climaxed by a bullet-ridden chase through the Swiss Alps.

Equally hair-raising is "To Trap a Spy," in which WASP, a world-wide crime-for-hire syndicate, plans to take over Western Africa, a newly freed African nation, by assassinating its Premier. Ashumen when he visits the Vulcan Chemical plant. This plot is thwarted by the courage and ingenuity of Napoleon Solo and a young housewife, Elaine (Patricia Crowley), with David McCallum as the Russian-born master spy Illya Kuryakin, and Luciana Paluzzi as Angela, the beautiful WASP agent, playing a dramatic part in the outcome. The thrilling climax, in which Napoleon and Elaine are chained to a steam pipe in a locked tunnel under which a reactor has been prepared for a deadly explosion, is suspenseful.

'Ten Commandments' Returning To Drive-In

Cecil B. DeMille's "The Ten Commandments," acclaimed by the nation's press, advance audiences and ministers of all faiths as an overwhelming motion picture experience and the all-time pinnacle of movie-making, will begin an engagement Sunday at the Jet Theatre.

Ten years in the planning, three years in research, three years in the writing and more than a year in the actual shooting, the masterwork of the screen's master showman is by far the biggest production in film history. Utilizing the talents of a massive cast of top stars and the best technicians the industry has to offer, the picture backgrounds an eternal dramatic and meaningful story with spectacle that has been called colossal in its scope.

The dramatization of the Book of Exodus stars Charlton Heston as Moses, Yul Brynner as his implacable enemy, Ramesses II, Anne Baxter, Edward

Robinson, Yvonne De Carlo, Debra Paget and John Derek. Starring also are Sir Cedric Hardwicke, Nina Foch, Martha Scott, Judith Anderson and Vincent Price, with even the "supporting" roles played by a long list of stars. Extras number upwards of 25,000 and were hired for the Egyptian location shooting by the tribe.

'RETURN OF THE SEVEN'
Yul Brynner awaits an attack

Brynner Returns In Western Film

Those were some pretty important roles that screen star Yul Brynner has created—the king in "The King and I," King Solomon in "Solomon and Sheba," the Cossack chieftain in "Taras Bulba."

But the one, apparently, which sank in deepest with audiences throughout the world was the cold-blooded western killer turned redeemer Chris in "The Magnificent Seven."

That was some six years ago. But the torrent of mail to Hollywood demanding more of the same has not only failed to abate, but it has increased to avalanche proportions over the years.

So Hollywood decided to do something about it. The result—"Return of the Seven," with Yul again as Chris, the bandit leader. It opens today at the Ritz Theatre in Color by DeLuxe and Panavision.

"Return of the Seven" is a screen original by Larry Cohen which retains much of the basic human quality of "The Magnificent Seven" which, it will be recalled, was adapted for the screen from an ancient Japanese legend.

For Yul's saddlemates, the film has assembled some of the most famous names in TV westerns. These include Robert Fuller, Julian Mateos and Warren Oates.

Students Stage Play, 'Our Town'

By **SANDY TONN**
The Big Spring High School Drama Department will present Thornton Wilder's play, "Our Town," Dec. 12-14 in the Howard County Junior College auditorium.

Curtain time is 8 p.m., and tickets are now on sale at \$1 for adults and 75 cents for students. Tickets may be purchased from any member of the cast or publicity committee.

"Our Town" is a portrait of life, marriage, and death in a small American town during the early part of the century, and is considered to be "one of America's greatest plays," explained Dan Shockey, BSHS drama director. Lighting and sound effects replace scenery, and much of the action in the play is done in pantomime.

The cast includes Steve Compton, Charles Macklin, Joey Pate, Dennis Brewer, Gloria Gale, Diana Landrum, Don Crockett, Betty Fleming, Barry Knocke, Teresa Conner, Jerry Cook, David Thomas, Suzanne Wolfe, April Burkart, Russell Long, Pam Hendricks, Richard Macklin, David Cooper, Robert Rozell, Cindy Dietrich and Sue Fannin.

"The young actors have been working very hard to give the proper interpretation to Wilder's play," said Shockey. "Emotions and feelings presented in the play are alive in all of us today. The play appeals to both young and old."

What 6¢ can do.

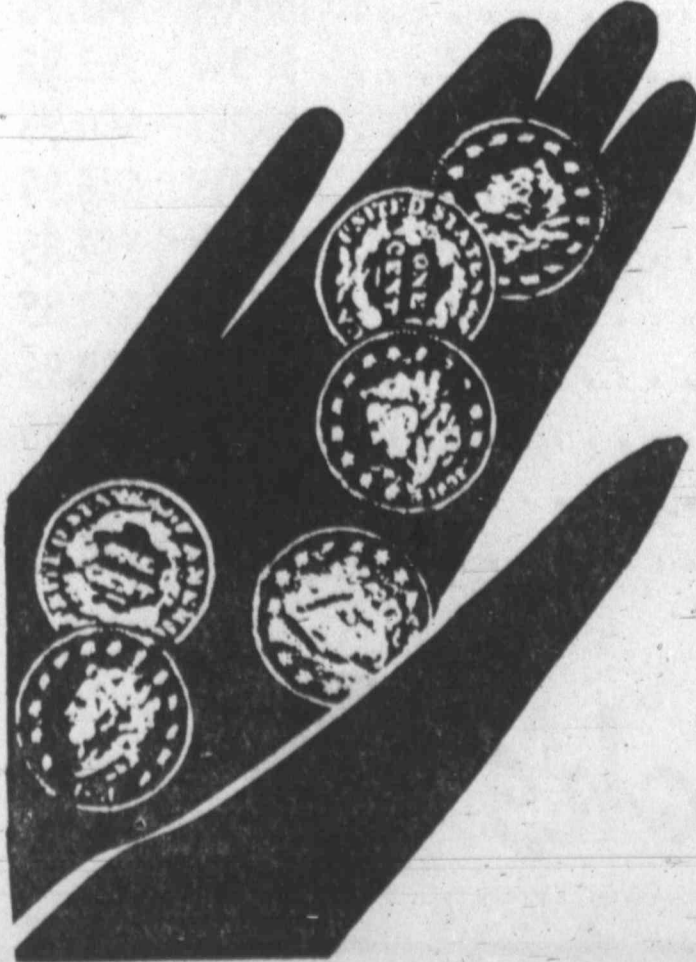

The year was 1830. Money was needed to start an educational institution for women. So Mary Lyon traveled hundreds of miles explaining her idea and collecting. The total was 1800 separate subscriptions, most ranging from 6¢ to \$1.

Not very much, even in 1830, but enough to start Mount Holyoke College.

Today most of us can give more than 6¢—or even a dollar—and though few of us can fund a college, most of us can help keep one going.

Give to the college of your choice.

Sonar Technician Seaman Edward R. Gaines, USN, son of Mr. and Mrs. E. D. Gaines of Coahoma, departed the coastal waters of Viet Nam aboard the destroyer USS Hollister, after completing 35 days of naval gunfire support for friendly forces ashore. The Hollister will now join her sister ships of Destroyer Division 92 in her homeport of Yokosuka, Japan.

The Hollister left her homeport 2 1/2 months ago and completed several other tasks in the Seventh Fleet as well as being assigned as a naval gunfire support ship.

Army Private Ulen A. North Jr., 21, son of Mr. and Mrs. Ulen A. North, Stanton, Tex., has completed eight weeks of advanced infantry training Nov. 22 at Ft. Ord, Calif. He received specialized instruction in small unit tactics and in firing such weapons as the M-14 rifle, the M-60 machine gun and the 3.5-inch rocket launcher.

OFF THE BEATEN TRAIL

A Cowboy's Ride To Save A Ranch

By ED SYERS

To cattlemen anywhere, Texas Slaughter Brothers brand rode tall and spread near a million acres west, in the '80s. To cow-campfire legend it also left a recollection wild ride that can run, in its way, with Alamo's Jim Bonham's or Paul Revere's.

Roundabout, this memory: Bryan's J. B. Sample, briefing the Stanton Reporter and Lubbock Avalanche Journal's old files, takes you back to spring of '81 and Col. C. C. Slaughter's young cowboy son, Bob, saddling—in Dallas—"Across 41 hours, three horses and 335 miles he must make Long-S Big Spring headquarters by back buffalo trail.

"Mission: stop a half-million dollar ranch sale, suddenly dangerous to his dad. The buyers, maintrailing, had a long start when young Bob forked up, rode out the night and made Weatherford, last real town west, one dawn and 75 miles later.

A PAUSE

"A pause there, coffee, a bacon strip and a fresh horse—Old Mac. Goal now was mouth of the Cottonwood, 125 miles west, where Sam Barnes' lonely ranch might remount him. For a pain-pounding stretch, ride with a long-later Bob Slaughter's memory:

"Over the Palo Pinto mountains, where I was born . . . down across the Brazos, angry red, almost unfordable . . . over across Iron Eye and up the Clear Fork by old (abandoned) Fort Phantom Hill. Only endless trail, hills unfolding empty, pass to pass, as that cowboy challenged his blood bay. To save a ranch, young Bob had to ride Mac to the ground. The bay went down (but would live) at Sam Barnes' gate; his rider slept an hour.

WESTWARD ROUTE

"Barnes had a fine stallion thoroughbred, too vicious for me, but maybe I could mount in the stable by lantern, then let them throw open the doors. If I could stay up the first quarter mile, I could let him run out to second wind . . . and 10 miles wilddrummed later, the stallion gave back the bit, then galloped out the night. His rider? Up on will alone, even the pain gone numb and the hunger, just weakness.

"His route: roughly today—Dallas, Fort Worth, Weatherford, Mineral Wells, Albany, Abilene, finally Big Spring. Young Bob fell out of his saddle in the Slaughter foreman's arms.

"Three days later, he'd come round to know the papers he carried saved a sale and his dad's ranch."

Incredible ride? Here's a Slaughter vote.

You see, the rider up—young Bob Slaughter—was just 10 years old.

THE OTHER RIDER

Mrs. Bonham (for Alamo's heroic Jim; town and name omitted to spare schoolboard blasts): "Our granddaughter, who is very much interested in James Butler Bonham, was most disgusted with the history book they are using in junior high—it mentions Travis, Crockett and Bowie—but not a word about . . . Bonham. While on the Alamo, she filled the class with details from Lon Tinkle's (masterful Thirteenth Days of Glory) and OBT's story on Bonham's two rides. That's one

Police Probe Poison Scare

CARACAS, Venezuela (AP)—Police are pressing an investigation into the insecticide poisoning earlier this week of the residential section of Caracas inhabited by many diplomats and wealthy Venezuelans.

There were no casualties in the poison scare, which sprang up Tuesday when residents detected a strong odor of insecticide coming from their water taps.

water supply is independent of city mains. Laboratory technicians identified toxic matter in the water as "clordano," a chlorine-based substance used in insecticides, and said it could be fatal if consumed pure, but probably would produce only a skin rash if taken in diluted form.

Police declined to comment on the investigation but informed sources said both criminal and political units were involved in the probe. The Health Ministry has termed the poisoning deliberate.

Donation In Pennies

WATERVILLE, Maine (AP)—Coburn Classical Institute students made their 1966 Community Chest donation in pennies—\$8,480 of them taped to yardsticks.

\$75,000 Gem Theft

HOUSTON (AP)—A Houston couple have lost \$75,000 worth of jewels from their home.

Mr. and Mrs. Robert T. Herrin said the burglary apparently occurred between noon and 2 p.m. Thursday while they were having Thanksgiving dinner with their daughter.

Herrin, 63, a retired former owner of a large truck line, said the stolen jewelry included a \$3,600 woman's wrist watch and a \$2,600 diamond and ruby ring and other items. He said the thief broke a triangular glass in the front door and reached through to unlock it.
