Not Soon Forgotten

A young Dallas physician, Dr. Rupert Lundren Jr., and his wife, Sally, told Wednesday night of a 100-mile-an-hour flight across the West Texas plains from a gunman who fired repeatedly at their car because he "didn't like the way they passed." Released

in \$900 bond is Billy George Roberts, 29, of Orla, Tex. Roberts has been charged with driving while intoxicated, speeding and assault with intent to murder the Lundrens. (AP WIREPHOTO)

Couple Lucky To Be Alive After Nightmarish Chase

PECOS (AP) — Two automobiles sped across the lonely West Texas flatlands for 40 miles and bullets sped at the small sports car carrying a terrified couple.

The race finally ended with the arrest of Billy George Roberts, 29, accused of firing 40 rifle and pistol shots at the other motorists because he "didn't like the way they passed me."

Dist. Atty. W. R. Archer said he would ask the Reeves County grand jury, meeting here today, to indict Roberts on charges of assault with intent to murder, driving while intoxicated and speeding.

The story began when Dr. Rupert Lundgren Jr., of Dallas and his pretty wife Sally left San Antonio Dec. 27 for a leisurely drive to New Mexico and a brief vacation.

SALLY SCREAMS

After stopping for a meal at Fort Stockton, they proceeded westward. Their small-foreign car purred along ribbon-straight US 285 late at night.

"Fifteen miles out of Pecos," Dr. Lundgren said, "we passed a black Ford."

There were only a few cars on the highway.

A bit later Lundgren noticed a black Ford running without lights behind him. It pulled alongside, he said, and a rifle shot whizzed across the top of the Lundgren car.

Sally Lundgren, 25, screamed and threw herself to the floor. Her husband hit the accelerator.

SHOTS SPRAYED

"He came up again and fired at us again," Lundgren said. "He pushed the sports car to its limit, 110 miles per hour,

but the more powerful Ford again pulled alongside and more shots rang out, Lundgren said. That kept up for 40 miles, covered in less than 30 minutes.

"It seemed like a lifetime," Lundgren told The Associated Press.

Mrs. Lundgren began loading

Nine Perish In Air Crash

NEW SHREWSBURY, N.J. (AP)—Nine persons died early today in the crash of a twin-engine Beechcraft air taxi shortly after takeoff from Red Bank Airport, police said.

The Red Bank Air Taxi plane was reported headed from the privately owned airport in Monmouth County to Kennedy Airport in New York.

Police said the plane crashed just off the west end of the runway shortly after takeoff.

"There's nothing left of the plane or the passengers but ashes," one witness said.

Firemen were first unable to approach the flaming wreckage. Witnesses said it still had a wing-tank full of fuel intact. Finally, firemen extinguished the flames with foam.

The air taxi service takes passengers from Red Bank to New York metropolitan airports, operating 14 round trips a day. The flight that crashed at 6:30 a.m. was the first of the day. A one-way trip takes 20 minutes.

The air taxi service, owned by James Lobe, said the pilot of the \$100,000 aircraft was Henry Bishop.

the 45 caliber automatic in the glove compartment.

"We were about to shoot," Lundgren said.

The race had taken its toll on their car, now hitting only 70 m.p.h. at top speed.

The black Ford had reappeared after stopping once at Orla, Tex. Roberts' home is at Orla.

At this point Reeves County Deputy Sheriff Kenneth Stroud caught up with the two cars and finally forced Roberts' vehicle to halt. A game warden riding with Stroud held Roberts, police reported, while the deputy overtook the Lundgrens.

Stroud, a 300-pounder called "Bear" by his colleagues, was "the most beautiful sight I've seen," Lundgren said. "He's the greatest guy in the world right now."

Police said about 40 empty cartridges were found in Roberts' car. Stroud said he took a foot-long 45-caliber pistol and an M-1 rifle, its barrel still hot, from Roberts.

Roberts became angry at the Lundgrens because "I didn't like the way they passed me," Stroud quoted him as saying.

Lundgren, back home safe, said his car was hit by only one shot during the nightmarish chase.

"But Sally and I are lucky to be alive," he said. "That much I am sure of."

Officers said the bullets missed because the pursuing automobile was a standard model and the driver had to shoot high to avoid hitting the door of the passenger side of his car.

TV Football Helps Keep Toll Down?

CHICAGO (AP) — The heavy fare of televised football on Christmas and New Year's holiday weekends was credited by one safety expert today with holding down the nation's traffic death tolls.

Eyes glued to the tube meant that cars were in garages and not on the road.

It may be just a theory but the fact is that during both three-day holiday weekends the death tolls broke no records.

This reversed an upward trend of the preceding eight holiday periods.

Nevertheless, it appeared that the nation's 1966 traffic toll would break the 1965 record of 49,000 deaths.

NO FINAL COUNT

No final count of 1966 deaths will be available until late January or early February, the National Safety Council said. But its 10-month toll, through October, was 43,110 or nine per cent more than in 1965. One official said the final count could go above 52,000 for 1966.

Tentative final figures from 18 states showed record traffic death counts for last year.

The television football theory for low Christmas and New Year death tolls was advanced by Warren C. Nelson, Ohio's highway safety director.

NEAR SCREENS

"The big roundup of bowl games on TV over the weekend might have kept many home viewers near their screens and not on the roads," he said.

"The nation's three-day Christmas traffic toll was 584, well below the safety council's preliminary estimate of 650 to 750 deaths. The toll for the three-day New Year weekend was 469. The council had estimated 460 to 540.

Milk Price Battle Erupts

Prices on a half gallon of Grade A whole milk plummeted to 27 cents here Thursday as a "milk war" erupted.

There were some indications that the price may go up today or by tomorrow. Dealers expressed the hope that the price-cutting can be solved by the end of the week.

Strangely, the price of two per cent milk remained constant at about 10 cents under the usual price for Grade A four per cent. Gibson's posted the 27 cent figure, and in some outlets Gandy's and other major suppliers met the figure, although Gandy had a 39-cent quotation.

Hardesty said he understood that if the bids are not awarded by March 30 it will probably be a year before the contract can be sought again.

The money, which has been set aside for the project, would have to be reapplied for, he said.

About a million dollars has been earmarked for the new building.

"If all goes well," said Hardesty, "we could be moving into the new building in early 1969."

Glow Troubles Go-Go Ladies

TRENTON, N.J. (AP) — What do go-go girls face in the way of occupational hazards?

The answer — at least in certain parts of New Jersey last summer — was eyestrain, according to the State Health Department.

In its annual report, the state agency said Wednesday it had come to the aid of a number of go-go ladies in distress, who complained of being troubled by eyestrain at night clubs in Atlantic City, Camden and Cape May.

Complaints fell off after the department's environmental health bureau showed the night clubs how to redirect lighting, the department said.

Five Persons Rescued After Plane Hits Peak

Pair Arrested In Church Feud

John Tamplin, 58, and his 19-year-old daughter, Margaret, at their court appearance on a charge of interrupting a religious service. The Rev. Charles Zeeb, assistant pastor of St. Rita's Church in Detroit, said in the complaint that the Tamplins shouted re-

sponses in Latin when he tried to celebrate the Mass in English. Miss Tamplin thinks the English translation of the Roman Catholic liturgy "slaughters the real meaning of the Latin." The two demanded a jury trial which was set for Feb. 7. (AP WIREPHOTO)

PASSES OVER TIP OF CUBA

Pursuing U.S. Plane Fails To Down Runaway Missile

WASHINGTON (AP)—A runaway unarmed U.S. missile apparently zoomed over Cuba Wednesday after cannon fire and missiles from a pursuing U.S. jet plane and destruction signals from the ground failed to bring it down, says the Pen-

tagon.

The 650-mile-an-hour Mac missile apparently dropped into the Caribbean about 100 miles south of the southwest coast of Cuba, Air Force calculators reported.

TARGET DRONE

The missile, modified into a target drone, was routinely launched from Eglin Air Force Base, Fla., Wednesday morning and headed over the Gulf of Mexico for a test chase by F4 Phantom jets.

But it made a wrong turn and took off at 25,000 feet altitude toward Cuba.

An F4 — which can fly 1,600 miles an hour — caught up with the Mac about 100 miles at sea. Officials at Eglin AFB tried to

trigger the missile's own explosive destruction mechanism.

The F4 pilot hit the missile with cannon fire.

CASTRO MUM

He fired two air-to-air missiles of a type now under development.

Nothing stopped the Mac. The F4 pilot gave up and came home.

The Pentagon calculated the expected impact time and announced the incident at precisely that minute — evidently to prevent Communist Cuba from saying anything first.

The government also asked the Swiss Embassy in Havana to tell Cuba what happened.

So far, Cuba has not commented publicly.

Scotch Helps Injured Fight Drifting Snow

LEADVILLE, Colo. (AP) — Five persons, four from Illinois, were lifted by helicopter today from a snow-shrouded mountainside in the Rockies where their plane crash-landed Wednesday.

All suffered from shock and exposure, but none suffered critical injury.

O. W. Rosengren, who raises quarter horses at a farm near St. Charles, Ill., said at St. Vincent's Hospital in Leadville, "We were lucky to come out alive. Everybody on the plane showed the most wonderful courage and spirit."

Rosengren said he had some chest and stomach pains but otherwise felt fine. His wife, Lorraine, suffered a fractured left arm and shock.

PILOT CUT

Their son, Jack, 25, escaped with stomach injuries caused by his seat belt in the landing; and his friend, Charles Budde, 22, St. Charles, had a dislocated shoulder.

The pilot, Jimmy Williamson, 62, Denver, was cut over one eye.

All were flown to a Leadville hospital after being lifted off 14,037-foot Mt. Sherman, 10 miles west of Fairplay, Colo.

The Rosengrens and Budde came to Colorado for a skiing vacation at Aspen, where they have skied frequently in other years. Rosengren also planned to show some of his prize quarter horses at the National Western Stock Show in Denver Jan. 13-21.

DEEP SNOW

"We left Denver about 11 o'clock to fly to Aspen," Rosengren said in a telephone interview.

"The pilot had planned to go by way of Leadville, then changed course and headed over Mt. Sherman. As we got near the mountain, we ran into heavy overcast, then hit some severe downdrafts."

"The next thing we knew we had plowed into the mountain. The plane bounced and slid down the mountain about 100 feet."

"There was snow about 10 feet deep on the mountainside. I think that was the only thing that saved us from disaster."

TAIL RIPPED

"The wings of the plane were smashed and the tail ripped off, but fortunately the cabin wasn't damaged too badly. We stuffed extra clothing in holes in the plane, changed into our ski out-

(See RESCUE, Pg. 4-A, Col. 1)

'DID YOU LIKE THIS DAY?'

A Story Of Human Togetherness

LOS ANGELES (AP) — From a shadowy realm where eyes see dimly, mouths mumble and brains black out in the fury of mysterious electrical storms has come an almost incredible story of togetherness.

The story is that of Lennie, 28, and Ricky, 33; physically and mentally defective from birth — "human vegetables" in psychiatric parlance.

They live under constant observation in a ward at Pacific State Hospital in nearby Pomona with 72 others who are retarded.

Almost invariably these, the world's unfortunates, are "loners" — seemingly incapable of knowing that warm human experience called friendship.

Yet Lennie and Ricky are all but inseparably friendly.

RICKY IS BLIND

So unique is their bond that scientists are studying them in quest of a better understanding of the elusive emotions that enable humans to enjoy togetherness, even to the point of sharing things they might be

expected to reserve for themselves.

Ricky is blind. Most of what he knows of the world comes to him through Lennie's eyes. Lennie is almost speechless, except with Ricky, but he communicates to others through Ricky's lips.

LENNIE CRIPPLED

Lennie is badly crippled but he can see and he leads blind Ricky wherever the two want to go on the spacious grounds of the hospital.

They share everything. Lennie guards Ricky's tray at mealtime from other patients in the ward — but he is not above stealing food from other patients' trays. Lennie gets gifts from his parents and divides them meticulously with Ricky.

Ricky, who has no known relatives, does what he can in return. When Lennie is in the throes of epileptic seizures — brain storms in which he can hurt himself severely unless restrained — Ricky cradles

Lennie's head in his arms. Each has an IQ in the 30's.

BROAD SMILES

While psychologists puzzle over what it may be that draws them together, Lennie and Ricky live out their limited lives.

Each morning they greet one another with broad smiles. Although their conversation is largely unintelligible to others, they talk and joke together with obvious delight. When they sit beside each other on a bench in the sun, their faces and hands become expressive and Ricky's sightless eyes seem to sparkle and come alive.

They have been inseparable since Lennie entered the hospital 10 years ago. Ricky had never shown the slightest interest in other patients until Lennie arrived.

Now, Lennie frequently says to no one in particular: "I like Ricky."

And, as bedtime comes each night, Ricky regularly asks his friend: "Did you like this day?"

End Of A Holdup

Patrolman Ron Olson points service pistol while grabbing wounded man moments after holdup of a St. Paul, Minn., bar Wednesday. The man, identified by police as James Thompson, 26, no permanent address, had been shot in legs by police charge. Wad of

currency lies on ground beneath Olson, and spent shotgun shell lies under legs of wounded man. At left, shotgun held by policeman. Waitress on phone when bandits entered bar sounded the alarm. (AP WIREPHOTO)

Mrs. Leta H. Ryan, 2719 Cindy Lane, will become a deputy county clerk in the office of

Pauline Petty on Jan. 16. Mrs. Petty said that Mrs. Ryan will fill out her staff which has been a deputy short for some weeks since one of its workers resigned to move to Louisiana.

Planning To March

Mrs. Roy Watkins, left, and Mrs. R. E. Ray, co-chairmen of the annual Mother's March for the annual March of Dimes campaign, helped get things started at a Tuesday afternoon meeting at the Settles Hotel. Other mothers representing the city and county schools were on hand to make plans for the big push Jan. 17. The National Foundation is the only national organization that has reached an original goal — finding a prevention for polio. Now the organization has tackled a second enemy of youth — birth defects. Its efforts are financed through the annual January campaign. (Photo by Danny Valdes)

Adventure Address Costs 3 Persons

MIAMI, Fla. (AP) — Three persons met misadventure — \$6,000 worth — at an Adventure Avenue address in North Bay village. Jack Groman told police that

robbers grabbed him, his wife, Mildred, and a friend, Harry Carp, Wednesday night when they entered the Groman home at 7533 Adventure Ave. Groman said the two gunmen left with about \$6,000 in cash and gems after binding all three victims.

Gulf Inks Pay Pact

DENVER (AP)—A. F. Grospron, president of Oil, Chemical and Atomic Workers Union, said he hopes a new two-year contract signed Wednesday with Gulf Oil Corp. at Port Arthur, Tex., will set a pattern for nearly 400 OCAW contracts in negotiation with other oil companies.

"If the other companies will match these terms," Grospron said, "we can settle everywhere and avoid strikes."

He said the Gulf contract for 3,100 refinery workers provides general wage and fringe benefit improvements worth 44 cents an hour over two years. About 29 cents of this is retroactive to last Sunday.

OCAW's contracts covering about 60,000 oil refinery, pipeline and production workers expired at year's end, but the union extended its strike deadline to 12:01 a.m. next Monday to permit continued negotiations.

JOB SECURITY

Grospron said the Gulf contract also provided job security, a prime goal of the union. The union said the average refinery worker prior to the Gulf settlement received \$3.57 hourly.

Grospron said Gulf stipulated that it does not intend to lay off employees but in the unexpected event that it should wish to do so, it will serve 60 days notice on the union and cancel the contract. This will place the union in the position of being able to strike in an effort to prevent layoffs, Grospron said.

He said Gulf, in an oral interpretation of this clause, said that in the Port Arthur plant it meant that any permanent employee under the contract would have a job for life or until retired, excluding discharge for just cause or a major catastrophe at the plant.

NIGHT PREMIUMS

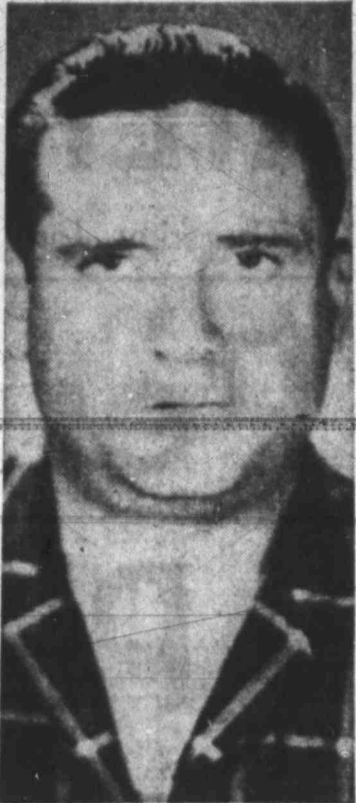

Gulf also guaranteed that if any employee should be demoted through no fault of his own, his old rate of pay would be maintained for at least 18 weeks, plus one week for each year of company service if the employee had more than 15 years' service.

Other provisions: —Wages increased 15 cents an hour effective Jan. 1, 1967 and an additional four per cent effective Jan. 1, 1968. The four per cent will average about 15 cents an hour.

—Night shift premiums increased from eight to 10 cents hourly on evening shift and from 10 to 20 cents an hour on midnight shift.

—Company increased by \$4 monthly its contribution to hospitalization-medical insurance for family men.

—Pensions were improved at a cost to the company estimated at 12 cents an hour.

Freed

Robert W. Monahan, 41, of Bellport, Long Island, N.Y., above, was one of three persons who were released by Viet Cong and found Wednesday by Vietnamese militiamen. He was one of two U.S. civilian construction workers to be found, the other being Thomas R. Scates, 44, of Matamoras, Pa. Both disappeared on May 27 last year. Their jeep was found later. A Filipino also was found. All were reported in poor condition. (AP WIREPHOTO)

Plane Strikes Almost Killed U.S. Civilians

LONG BINH, South Vietnam (AP) — Two American civilians said today that during seven months as prisoners of the Viet Cong they got bad food but were not mistreated, sang songs for the Communists, were given a Christmas party and were almost killed by an American air raid.

"The Viet Cong were impressed by our cheerful attitude," said Thomas R. Scates, 44, of Matamoras, Pa. "We sang and whistled all the time. They asked us to sing and we sang 'Jingle Bells' and 'My Wild Irish Rose.' We're both lousy singers, but the Viet Cong seemed to like it."

MILITARY JOB Scates and Robert W. Monahan, 41, of Bellport, Long Island, were captured May 27 on a road near Vung Tau, 40 miles southeast of Saigon, where they were employed as supervisors for Pacific Architects and Engineers, an American firm working in South Vietnam under military contract.

They appeared before a large group of newsmen at a U. S. hospital to which they were brought following their release Wednesday near Xuan Loc, 40 miles northeast of Saigon.

LOST 75 POUNDS Since their capture May 28, Scates had lost 55 pounds and now weighs 122. Monahan lost 75 pounds and now weighs 141. But except for malnutrition, they were pronounced in fair condition by Army doctors.

Wearing blue Army hospital pajamas, the pair said the Viet Cong told them they were released because they finally had shown repentance.

"We don't know what we repented for," said Scates. "They told us if we didn't repent we would spend five years in prison."

Scates, who is married and has one child, told of their capture. He said their vehicle broke down about 4 p.m. and they were suddenly "surrounded by about 10 Viet Cong armed with pistols, rifles and grease guns (a light automatic weapon)."

BLINDFOLDED Scates said one of the Communists held a pistol to his forehead and another held a gun at the back of Monahan's head. He said they were blindfolded and bound and taken to the first of several different prisoner camps.

"For the first 14 days," Scates said, "we were tied with cables around our feet. But after that we were not bound or handcuffed. We were constantly guarded by at least two armed guards."

Scates related that at one camp they were caught in a U.S. air strike. They threw themselves on the ground, he said, but their guards made them get up and run in bare feet to an air raid shelter.

1 ♣ 1 ♠ 2 ♣ 4 ♥
Pass Pass Pass

Opening lead: King of ♠
A lack of coordination by East and West in launching an effective defense, permitted South to salvage a vulnerable four heart contract.

West opened the king of clubs. With the appearance of a singleton club in the dummy, East chose to overtake the king with the ace so that he might make a diamond play for his partner. The shift was to the deuce of diamonds. South followed with the eight and West won the trick with the jack.

West cashed the ace of diamonds to complete book for his side, however, the defense was thru. Declarer won the spade shift in dummy, drew trump, and discarded his remaining club on a high spade.

In our opinion, neither defender distinguished himself during the campaign. East unnecessarily complicated matters for his side by overtaking his partner's king of clubs, inasmuch as the diamond play can originate more effectively from West's side of the table.

Observe that, if East follows to the opening lead with the three of clubs, his lowest card in that suit, it will suggest the desirability of a shift. The appearance of the dummy will make it obvious that diamonds offers the only prospect for developing additional tricks.

If West shifts to the ace and another diamond, East is in on the second round with the king and on the return—South is unable to prevent West from scoring the setting trick in trumps. If declarer ruffs the third diamond with the queen of hearts, West's jack becomes established. On the other hand, if South ruffs with a small heart, West can over-ruff with the ten.

West could have salvaged the operation for his side by winning the first diamond trick with the ace and returning the jack. If East does not have the king of diamonds, it is unlikely that the defense can take any more tricks, for after trumps are drawn South will be in position to discard any remaining losers on dummy's high spades.

TEXANS AT WAR

Bemedaled GI Rips Pacifists

By The Associated Press
A bemedaled Texan at war from El Paso speaks rarely about his people's actions against the Communists, but comments more freely about stateside pacifist demonstrators.

"Those kids are all mixed up," says Sgt. Francisco Kawasaki Jr., speaking of college boys and others who protest America's policy in Vietnam. "They should be in my po-

sition over there to see what things have to be done rather than just talk about it.

COUNTRY IS POOR

"The country is poor, and the people work all day in the rice paddies. Most of the time we find only women and children. The men are either fighting with the Viet Cong or have been drafted by the army of South Vietnam."

But simple peasantry was not what he found when his company was outnumbered by the enemy last April in the Kuchel area of South Vietnam. His patrol was cut off from the main body.

V FOR VALOR

He left his more protected position twice to enter the flank of his company's defensive perimeter and direct artillery. That action won him the Bronze Star with a V for valor.

He got a Silver Star for his action a month earlier in combat in Bol Loi Woods. In his last combat action, Operation Adelberg, his unit lost a battalion commander and a commanding officer and Kawasaki was hit.

Though painfully wounded, he ran openly through the thick firefight to direct artillery on the Viet Cong. He was exposed to enemy fire until the artillery pattern was locked.

Navy Pilots Blast Barges

SAIGON, South Vietnam (AP)—U.S. Navy pilots claimed a two-day score today of 188 North Vietnamese supply barges and junks destroyed or damaged and reported losing two carrier planes in their latest raids.

The Navy pilots reported hitting 77 more water craft during forays along the North Vietnamese coast Wednesday to add to 111 reported destroyed or damaged on the previous day.

Other American planes showed Hanoi with 2.2-million psychological warfare leaflets Wednesday and scattered 2.6 million more on other areas of North Vietnam.

WORTHLESS MONEY

The leaflets dropped on the North Vietnamese capital warned that if the Communists continue the war in the South, destruction will follow in the North, a U.S. spokesman said. The other leaflets cautioned the North Vietnamese people that their money would become worthless and less as the war went on.

The ground war in South Vietnam continued in a lull as it has all this week. Both the U.S. and South Vietnamese military commands reported only minor skirmishes.

U. S. military headquarters reported an increase in American casualties last week — although it included 48 hours of Christmas and New Year truce — while South Vietnamese spokesmen listed a decrease in their casualties.

U.S. officials reported 128 Americans were killed and 634 were wounded, compared with 109 killed and 547 wounded in the previous week. The increase apparently was due to several sharp engagements, including one big action in the central highlands.

133 CAPTURED

Vietnamese headquarters said 146 of their troops were killed last week and 14 were missing. The figures the week before were 203 killed and 37 missing.

Enemy casualties also were less. U.S. headquarters said 882 Communists were killed and 133 captured last week, compared with 1,004 killed and 175 captured the week before.

The two Navy planes lost Wednesday were an A4 Skyhawk and an F4 Phantom, a U.S. spokesman said. He reported enemy ground fire brought them down just off the North Vietnamese coast 50 and 40 miles south of the port of Haiphong.

He said the pilot of the Skyhawk and the two crewmen of the Phantom all were rescued by the same helicopter from the carrier Bennington.

NOT TRUE

This raised to 453 the total of American planes reported lost in the air war against North Vietnam. Hanoi claimed three U. S. planes were shot down Wednesday, but U.S. officials said this was not true.

U.S. Navy, Air Force and Marine planes flew 116 strike missions over North Vietnam Wednesday — one of the highest totals in the last few weeks of bad weather. Of these, Navy pilots from the carriers Coral Sea, Ticonderoga and Enterprise flew 68 missions.

In air action over South Vietnam U.S. pilots flew 301 sorties Wednesday while South Vietnamese pilots added an additional 65 strike sorties.

Also over South Vietnam, B52 bombers struck early today at a suspected Communist troop concentration 60 miles south of Da Nang.

On the ground, U.S. headquarters reported 15 Communist soldiers were killed in three scattered actions Wednesday and 13 more were captured. The South Vietnamese command reported 33 of the enemy killed in five small encounters.

FAT OVERWEIGHT

Available to you without a doctor's prescription, our product called Odrinex. You must lose 10% of your body weight. Odrinex is a tiny tablet and easily swallowed. Get rid of excess fat and live longer. Odrinex costs \$3.00 and is sold on a 14-day trial basis. If not satisfied for any reason, just return the package to your druggist and get your full money back. No questions asked. Odrinex is sold with this guarantee by:

Marriage Plans

Attorneys for the Earl of Harewood, first cousin to Queen Elizabeth II, said that he and Patricia Tuckwell, his former secretary and mother of his 2½-year-old son, would marry "if and when they are legally free to do so." Miss Tuckwell is named as respondent in Lady Harewood's divorce action, which Lord Harewood would not contest, according to the attorneys. (AP WIREPHOTO by cable from London)

Snow Champion Is Herman Goal

HERMAN, Mich. (AP) — If things keep going like they have lately the town of Herman probably will become an east-of-the-Rockies snow champion.

Herman, with a population of 75, is eight miles by country road southeast of L'Anse, in Michigan's Upper Peninsula at the foot of Lake Superior's Keweenaw Bay.

Mrs. Leonard Lahti, who keeps an official snow depth chart for the State Department of Conservation, reported Wednesday that 142 inches — just two inches shy of 12 feet — had fallen on Herman since Oct. 18.

That's tops for all stations east of the Rockies, and winter barely is under way. Snowfall tabulation doesn't end until May 3.

Aggie To Cruise

COLLEGE STATION, Tex. (AP)—George H. Weissberg of Texas A&M University will participate in cruises of the National Science Foundation oceanographic research ship Eilat in the Antarctic and South Pacific during the next four months. The biochemical technician will make the cruises in connection with A&M study of the properties of Antarctic water.

OFF BEATEN TRAIL

'Juke Box' Of 50 Years Ago

Our season just past is always, more than any, sound of music—Messiah to Auld Lang Syne. I heard a minister observe that "music is what you are allowed to hear" — true, however you interpret. For auld lang syne, then, what were our forebears allowed? Here's a beginning to which you may want to add:

San Antonio's Roy Rowland, remembering this city's showplace old Buckhorn Saloon, wonders if he's recalled one of our "very earliest jukeboxes."

"This musical setup enclosed a violin in a glass case. There were some small wheels that played on the violin — wheels about one inch in diameter. The case was about four by five by six feet and stood in the center of the Buckhorn, 1916 or before.

"My description's from memory; you may learn something of this machine's history, or of earlier ones." (Note: One question occurs: What was the hit song?)

SPEAKING OF FIDDLES

On oldtime music, Johnson City's Charlie Rose describes what must be one of the most ingeniously-conceived fiddles of this frontier. His Confederate Granddad, James H. Rose, made it "while stationed at old Eagle Pass to guard against the Yankees . . .

"He made a stock and fastened it to the neck of his caudon (round, cavalry-flat). He made caught strings and a bridge of steer horn. He made a bow, strung with hair from a horse's tail. At night, he played for his troopers to sing or dance by . . . and kept that fiddle to

his death at 85 in Johnson City." Can you visualize that makeshift-canteen, played to "La Pafoma," say, or "horsehair bow"? You see, most of Trooper Rose's fellow Confederates were hard-riding, songful Mexican vaqueros.

MAILBOX

Richardson's Bertha Stanley (379 Greenhaven Drive): "I had a great uncle, John Chester, to die in an army camp, Feb. 2, 1863. It was Eagle Grove. His regiment was Elmore's, Company B. I have a letter to his father from a P. H. Duncan (apparently the same outfit). I want to learn more of John Chester . . . at least where he was buried."

Write your observations or questions to OBT, Ingram, Texas 78025. For personal reply, enclose stamped, addressed envelope.

Chamber Exec Dies

KINGSVILLE, Tex. (AP) — Milford Riggs Jr., 61, former St. Louis industrial executive, and later manager of Kingsville-Kleberg (county) Chamber of Commerce, died Tuesday, apparently of a heart attack.

Texas Shaking Cold Weather

By The Associated Press
Still shaking off the latest cold spell, most of Texas logged somewhat higher temperatures this morning than for the past couple of days.

Thermometers nevertheless dipped to freezing or below in most areas except for the immediate coast and much of the Lower Rio Grande Valley—and the Weather Bureau warned that another wintry blast is on the way.

As a snow storm spread in the Rocky Mountains, Texas forecasts promised snow flurries and much colder weather in the northwest part of the state by Friday. The cooling was expected to spread also into the north central and northeast sections, bringing scattered showers.

South Texas was due to continue a gradual warmup. Among the cooler spots early today were El Paso, down to 17 degrees, and Junction, down to 18.

Low marks elsewhere included Presidio and San Angelo 21, Dalhart 22, Lubbock, Lufkin and

Doctors quit smoking

CHICAGO — According to a recent survey, 52% of American doctors do not smoke. Many quit recently due, according to the Anti-Tobacco Center of America, to the conclusive evidence linking cigarettes and lung cancer.

Many doctors gave up smoking without straining their will power thanks to a new tablet which helps to progressively eliminate the need for nicotine and, as a result, the desire to smoke. Less than 2% of the 150,000 people who tried this tablet reported they still smoke!

Smokers interested in receiving information (free) about this new tablet are invited to contact directly the Anti-Tobacco Center of America, Dept. 1011-B, 366 Fifth Avenue, New York 1, New York.

It is sufficient to send your name and address. Just a postcard will do. —Adv.

Herald Is Honored

Larson Lloyd, chairman of District 5, Area 1 for the United States Savings Bonds program, Wednesday presented R. W. Whiskey, publisher of The Big Spring Herald, with a 25-year certificate of appreciation.

Walkouts Hamper Teaching, Burials

A series of unrelated strikes in four cities hampered the teaching of the young, the treatment of the ailing, and the burial of the dead.

RESCUE

fits and sat there to wait out rescue. "We had two bottles of scotch with us and that helped to withstand the cold last night. It got down to at least 30 below zero."

CONTACT LOST

The United pilot said he would fly a radio pattern and asked the pilot of the Cessna to key his radio microphone when the United plane was directly overhead.

CONTACT LOST

The Cessna pilot followed instructions, but the power of the downed plane weakened each time until it lost all contact. It was last heard from shortly after noon Wednesday.

HOWLING WINDS

But howling winds, sometimes reaching 40 miles an hour, made it impossible to see anything, even only 100 feet ahead. Williamson is an employee of the Clinton Aviation Service, the firm from which Rosenbergen rented the plane for a skiing trip.

Market Prices Jump Sharply

NEW YORK (AP) — The stock market rallied sharply today, following up a more moderate rally that came at the end of trading Wednesday.

C-C Banquet Tickets Move

The house is about half sold out for the annual Big Spring Chamber of Commerce banquet Jan. 14. Carroll Davidson, manager, said today. Reservations are being made steadily for the affair at the Big Spring Country Club.

In keeping with a new emphasis on tourism, Geoffrey Bray, director of the Great Britain Grade and Cultural Association, will be the speaker.

This year's menu will feature steaks and individual table service. Starting time is promptly 7:30 p.m., but directors, both old and new, will meet at 6:30 p.m. for a get-together with Bray.

Program highlights will include the reports of John Currie, outgoing president; Dr. Lee Rogers, incoming president; the Jaycees DSA to someone picked as the community's outstanding young man during the past year; and a special civic service award.

Bray is a graduate of Oxford with a Ph.D. in political science. He was for 10 years a member of the British parliament, served two years as a British representative at the Geneva disarmament conference.

While doing graduate work in the University of Moscow, he organized the British-Russian exchange program. He also has worked with the U.S. Chamber in reducing trade barriers.

March Draft Calls Sliced

WASHINGTON (AP) — The Pentagon called today for the induction of 11,900 men in March, keeping its induction rate at a reduced level for 1967.

All will go to the Army. The March call is 1,000 higher than February's but short of the 15,000 being summoned for duty this month.

The March call of 11,900 compares to 22,400 in March 1966. Last February 29,400 were summoned and last January 38,286. Secretary of Defense Robert S. McNamara said late last year that draft calls in early 1967 would be lower than in 1966 as the Vietnam buildup reached a leveling off point.

First Patient Transfer Under ECF Of Medicare

The first transfer under a provision of medicare designed to free hospital beds was effected here today.

Mary A. Sharpe, Midland, was transferred from Medical Arts Hospital to the Bennett House under the ECF (Extended Care Facility) section of the medicare act. This change of treatment locale may be effected to approved institutions upon certification of the physician that adequate care can be provided outside the hospital.

The theory is that this will free hospital beds for use of patients needing more intensive treatment. Mrs. Sharpe, a Negress, resides at 116 S. Adams in Midland, but she has been under care of a physician here since 1947.

Bennett house previously had qualified for ECF coverage of 32 present residents of the home, but Mrs. Sharpe was the first actual transfer from a hospital to the home.

Provision of the ECF section will pay the home cost for treatment during the first 20 days. Thereafter, for the next 80 days, the payment is cost less \$5 a day, which either must be made up by the patient or from some other source. Uncollectable accounts may be figured into the operational cost of the home.

The maximum tenure under this provision is 100 days. After that, the patient would become a long-term resident of the home under the vendor program of Kerr-Mills Act.

As of Jan. 1, there were 117 nursing homes in Texas qualified under the ECF section, and Bennett House is the furthest west of any. Nearest ones in this area are at San Angelo, Lubbock and Abilene.

Mrs. Sharpe was the first actual transfer from a hospital to the home.

Heavy fire damage was reported at the Stop and Shop Supermarket and Circus Club, 3320 US 80 west, about midnight Wednesday. Firemen were investigating the cause of the blaze today. Damage has been estimated at several thousand dollars by Fire Marshal A. D. Meador.

This morning firemen answered a call to the Curtis Hood residence, 1708 Scurry, where a pan of grease caught fire on a cook stove.

Jose Landin Rites Set For Today

COLORADO CITY — Jose B. Landin, 74, died Tuesday in the VA Hospital in Big Spring after a long illness.

A resident of Loraine the past 14 years, he was born March 14, 1892, in Laredo. He was a member of the Catholic church and a veteran of World War I.

Funeral services will be held Thursday at 4 p.m. in the Loraine Catholic Church. Burial will be in the Sweetwater Cemetery beside the grave of his wife who died in 1959.

Survivors are one son, Maciondo Landin, Loraine; one daughter, Mrs. Orella Perez, Loraine; one brother, Roman Landin, Corpus Christi; and five grandchildren.

'Divine' Mary Dead

Mary Garden, above, prima donna of the American Opera in the early years of the century and one of the great stars and personalities of the international opera circuit, died yesterday in her native Aberdeen, Scotland, at the age of 92.

For the first 30 years of the 20th Century she was the toast of two continents and news wherever she went. She was known as "Mary Garden of the Divine Form." (AP WIRE- PHOTO)

ABERDEEN, Scotland (AP) — Mary Garden, one of the last survivors of the golden age of opera, will be cremated Saturday in Aberdeen.

A public funeral will be held at the crematorium and her ashes will be scattered in its Garden of Remembrance.

The world-famed soprano, one of the first opera stars to act as well as sing, died Tuesday at the age of 92 after five years in a hospital here in her native city.

Although there were some dissenting opinions about the quality of her singing, Miss Garden's strong soprano voice, her beauty and dramatic ability and her outspoken charm made her an idol of opera-goers in the United States and Europe from 1900 until her retirement in 1931.

She became a friend of kings, presidents and the wealthy, and wrote a book about her operatic successes and lovers. But she put her career ahead of romance and never married.

When she died Tuesday, feeble and alone, there was a Christmas card from an unidentified American admirer above her bed.

Born Feb. 20, 1874, Miss Garden was brought to the United States by her parents when she was 6. She studied the violin and piano then went to Paris at 22 as a voice student.

She was in the audience at the Opera Comique four years later — on Friday, April 13, 1900 — when the star became ill in the third act of Charpentier's "Louise." She took over the role and sang it for 100 performances.

Claude Debussy created the role of Melisande for her in "Pelleas et Melisande," which opened in Paris two years later. "You are the only Melisande," the composer wrote in her score.

In 1907, Miss Garden made her American debut in "Thais" in New York, where she sang at the Manhattan Opera House under the sponsorship of Oscar Hammerstein I. She moved to Chicago three years later and sang with the Civic Opera Company there for 21 years.

She became general manager of the Chicago company in 1921 but resigned after a year of tempestuous clashes with other artists and a huge deficit.

Miss Garden returned to Aberdeen after her retirement from opera but continued to give concerts, lectures and broadcasts. She returned to the United States a number of times, the last in 1954.

Laundry Burglarized

Yeggs forced a lock on the door of the Ideal Laundry, 401 Rumsels, during the night, then forced open a cash drawer to take \$154.45 in cash. Detectives were checking on the case this morning.

Fifth Viet Visit

SAIGON (AP) — Gen. Wallace M. Greene Jr., commander of the U.S. Marine Corps, arrived today on his fifth visit to Vietnam. He will leave early next week.

Rites For Beating Victim Scheduled

SAN ANGELO — Funeral services will be held at 10 a.m. Friday here for Gary Owens, 22, a Texas Tech student who was beaten fatally at a motel in Lubbock early Dec. 30. He was found unconscious in a pool of blood near a cash register that had been forced and relieved of about \$50. Gary died in a hospital at Lubbock Tuesday morning, and citizens of Lubbock have boosted a reward fund to \$3,000 in an effort to discover his assailants.

Quizzed About Theft

Two youths were being quizzed at the police station this morning in reference to the theft of shop tools from the high school building last month. Detective Sherrill Farmer said the tools had been recovered and returned to the school.

OIL NEWS Pan Am Finals Martin Outpost

Pan American Oil Corp. has finished the No. 1-D Emma Slaughter as a one mile south outpost to the Sulphur Draw (Dean and Wolfcamp) pool in Martin County.

The initial flowing potential of the prospector is 218 barrels of 38.7 gravity oil per day with five barrels of water through a 24-64 inch choke. The hole is bottomed at 9,300 feet plugged back to 9,238 feet with the 4 1/2 inch casing set on the bottom. Dean perforations are between 8,806-92 and 8,822-979 feet, and Wolfcamp perforations are between 9,067-214 feet. The gas oil ratio was 111-1 and operator acidized each zone with 5,000 gallons of a d

Drill site is 11 miles north of Lenora and 1,320 feet from south and east lines, section 72-B-B&C survey.

Howard County gained a Snyder (San Andres and Clear Fork) field location some eight miles southeast of Coahoma. It is Wood, McShane, and Thames No. 9-A D. H. Snyder to test the pay at 2,850 feet. Location is 1,000 feet from north and 1,990 feet from west lines, section 28-30-1s, T&P survey.

COMPLETIONS

GLASSCOCK Continental Oil Co. No. 63-A W. R. set has been completed in the Howard-Glasscock field for an initial pumping potential of 13 barrels of 30 gravity oil per day with six barrels of water. The gas oil ratio was nil and operator acidized with 2,000 gallons and fraced with 22,000 gallons. Total depth is 2,000 feet, plugged back to 1,981 feet, the 4 1/2 inch casing is set at 2,000 feet, and perforations are between 1,751-854 feet. Drilling is 2,210 from south and 990 from east lines, section 15B-25-W&NW survey.

HOWARD Pan American No. 2-L D. M. B. Clay has been finished in the Howard-Glasscock field for an initial pumping potential of 13 barrels of 30 gravity oil per day with six barrels of water. The gas oil ratio was nil, operator acidized with 2,000 gallons, and fraced with 22,000 gallons. Total depth is 2,000 feet, plugged back to 1,981 feet, the 4 1/2 inch casing is set at 2,000 feet, and perforations are between 2,341-452 feet. Well site is 1,320 from south and east lines, section 15A-29-W&NW survey.

GLASSCOCK Pan American No. 1-8 Cox has been plugged and abandoned at 8,230 feet. Location is 1,273 feet from south and 1,250 feet from west lines, section 33-34-5s, T&P survey.

GLASSCOCK Union Texas No. 1-24 Saunders flowed 30 barrels of fluid in 24 hours and still has 1,094 barrels of fluid to recover. Drill site is 1,320 feet from north and 1,250 feet from west lines, section 18-35-3n, T&P survey.

MARTIN Pan American No. 1 Richards pumped 47 barrels of fluid in 24 hours and still has 477 barrels to recover. It is 660 feet from south and west lines, section 41-34-4n, T&P survey.

MARTIN Texas Crude No. 1-18 Deatherage swabbed 210 barrels of fluid in 24 hours with 30 per cent water. Location is 1,320 feet from north and east lines, section 18-35-3n, T&P survey.

Salvation Army Work Is Explained To Lions Club

The Salvation Army is not exclusively a welfare organization, Maj. Virgil Potter, Midland, told the Downtown Lions Club Wednesday at the Settles. Rather, it is basically a religious group dedicated to the proposition that the best way to help is

by dealing with the whole man. The Salvation Army, said Maj. Potter, who was introduced by Capt. Bill Thomas, the SA commander in Big Spring, was founded by William Booth, a Methodist minister stirred to a physical ministry also by serving in the slums of London's east end. He adopted the name "Salvation Army" in 1878, and the missions became corps, the members soldiers, the ministers officers, and Booth himself the general. Today, the general is the only elective spot in the international organization, for all others are called to the ministry. They become officers subject to assignment anywhere. Wives hold the same rank as their husbands.

In 1880 the work came to the United States, led by one man and eight ladies. Since then it has spread across the land in corps and service centers everywhere. Internationally, the SA serves 69 countries, preaches in 182 languages and maintains 19,976 religious and charitable centers. Included in the ministry are clinics, general and maternity hospitals, children's homes, day nurseries, emergency lodges and skid row centers, homes for senior citizens, social service centers, services in correctional institutions, missing persons bureau, employment services, boys clubs, summer camps, servicemen's clubs, immigrant services, residential facilities for working women. Most of all, the SA preaches the gospel to win people to Christ. It helps

people in the process.

Steele Leaves Police Force

Lee Steele, a patrolman since Aug. 1, 1965, has resigned from the local force to enter private business, according to Police Chief Jay Banks.

He inferred low pay as his reason for leaving with reluctance. Banks said Steele is a capable officer and had eight years experience before joining the local force.

"We certainly regret to lose him," he said. Banks said he had a number of applications on hand, however no date had been set for interviews in finding a replacement. There is one vacancy in the department.

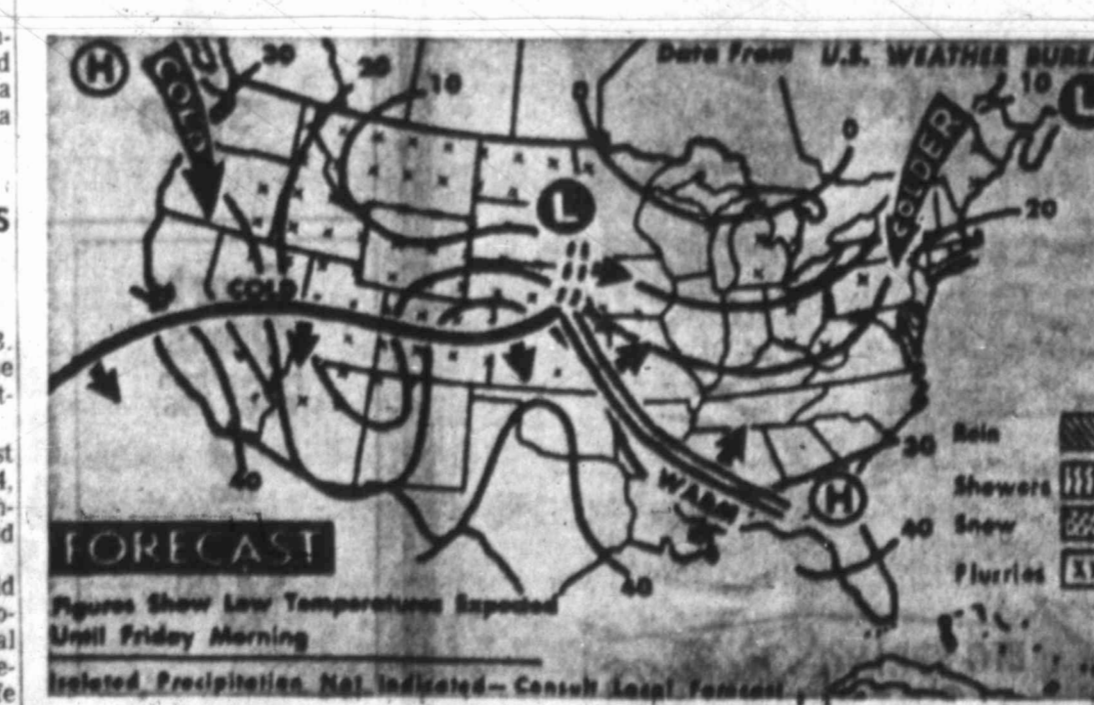

Charles Turner Dies In C-City

COLORADO CITY — Charles R. Turner, 64, was found dead at his home at 1078 College Avenue Tuesday afternoon when he failed to report for work at a downtown cafe, where he was a cook. Justice of the Peace Leonard Henderson returned a verdict of death from natural causes.

Turner was born Sept. 26, 1902, in Kaufman and had lived in Colorado City for 18 years.

The funeral will be held Friday at 10 a.m. at the Kiker and Son Chapel, with burial in the Colorado City Cemetery.

He is survived by one daughter, Mrs. James M. Vanderford, Houston; two brothers, Henry Turner, Wills Point, and Leonard, Terrell; two sisters, Mrs. Nell Rushing, Terrell, and another sister, also a Terrell resident; and two grandchildren, Kelley and Nicole Vanderford.

Weather Forecast Snow and snow flurries are forecast for the Northern and Southern Rockies, the Northern New England area, the Appalachians, and the Great Lakes region Thursday night.

Court Revokes Probation

Garland Burnett, returned here from Arkansas on an extradition warrant, was sentenced Wednesday to two years in the county jail.

Burnett was found guilty in 1965 of DWI second offense. He was given a two-year probation sentence at that time with the stipulation that he pay a fine of \$250 within one year. He failed, according to District Attorney Wayne Burns to pay the fine, and his probation was ordered revoked. Judge Ralph Caton issued the order Wednesday afternoon.

H. B. Beck, charged with forgery, entered a plea of guilty in 118th District Court Wednesday and was sentenced to four years in the state penitentiary. First, however, he will be turned over to the Dawson County officials to face charges pending against him in Lamesa.

In Howard County Court Wednesday, Norman Newton, charged with writing a worthless check, was fined \$50 and costs in the case, when he entered a plea of guilty.

South Texas Unit At Tourist Meet

Harlan Bridwell, chairman of the West Texas Chamber of Commerce tourist development committee, announced today that representatives from the South Texas Chamber of Commerce will join with the WTCC in Colorado City Friday for the WTCC's first annual tourist development conference.

James T. Shahan, chairman of the South Texas Chamber of Commerce and the lower Rio Grande Valley Chamber of Commerce will be invited to attend the San Antonio meeting.

The Tourist Committees of the East Texas Chamber of Commerce and the lower Rio Grande Valley Chamber of Commerce will be invited to attend the San Antonio meeting.

Farm Jobs Dip

AUSTIN (AP) — Farm jobs filed by the Texas Employment Commission decreased during fiscal 1966 by \$3,998 largely because of mechanization of the commission says. In its annual report, the commission said it filled 811,194 farm jobs and 559,853 nonfarm job openings.

Super Bowl Sellout Is Seen By Rozelle

LOS ANGELES (AP)—Super Bowl report: the Kansas City Chiefs have "arrived" and are practicing, Green Bay is on the way, ticket sales are questionable and a suit is proceeding over the scheduled television blackout of Los Angeles.

The Chiefs, champions of the American Football League, arrived in nearby Long Beach and held their first practice Wednesday afternoon.

Flanker Otis Taylor was fined for missing the team flight, but showed up at practice. Coach Frank Stram wouldn't say how much Taylor was fined, but set up strict training rules.

The Chiefs, who beat Buffalo, 31-7, for the AFL title, have definite ideas about beating National Football League champion Green Bay in the first game of its kind Jan. 15 in Memorial Coliseum.

Stram said there will be a squad meeting each day at 10 a.m., the team will practice each afternoon for one hour and 15 minutes; and Disneyland isn't on the schedule.

The only injured Chief is tight end Fred Arbanas, who has a slight shoulder separation but is expected to be ready for the game.

The Green Bay Packers, who edged Dallas, 34-27, for NFL honors, will train at UC Santa Barbara, about 90 miles north of Los Angeles.

The Packers will leave Green Bay next Sunday and will practice at Santa Barbara through Friday, Jan. 13. The next day Coach Vince Lombardi's club will work out in the Coliseum.

Meanwhile, just how many fans will turn out is causing some controversy. NFL Commissioner Pete Rozelle and Bill Nicholas, general manager of the Coliseum, said the game will fill the 83,000-seat stadium.

But 49,000 seats go on sale today in the Southern California area. Reportedly, 27,000 seats have been sold and 18,000 have been allocated to teams in the respective leagues.

Rozelle gave a deposition Wednesday in a federal court suit to prevent the National Broadcasting Company and Columbia Broadcasting System from blacking out the area.

The suit has been filed for local businessman Alan Minter by attorney Arthur Toll, who said: "We now have these statements and we will properly present them to the court hearing Friday."

The case is scheduled to come before U.S. District Judge William Grey.

Due Back

Marshall Williams, formerly of Coahoma, who came off the bench to direct the Howard Payne College Yellow Jackets to two straight Lone Star Conference wins over McMurry College and Sul Ross State College is expected to be one of 28 lettermen returning for spring football drills. Williams, who may make himself known around these parts for his ball handling from the quarterback slot, saw the Jackets break even on the season with a 5-5-1 standard and a 3-3-1 mean in LSC play. He's the son of Mr. and Mrs. Jack Williams, Big Spring.

LOOKING 'EM OVER

With Tommy Hart

The summer recreation program in Hobbs, N.M., would be a fine example for any municipality to follow.

City officials there agreed it would be a good idea to offer fun and games to the youth of the community, financing same with a penny tax on such items as cigarettes, gasoline and spirits. The money is earmarked for that and nothing else.

The income not only makes it possible for the kids to stay busy during the vacation months but benefits school-boys athletics in the city, as well.

Last summer, something like a dozen basketball leagues were organized within the city of Hobbs. The outstanding success the Hobbs High School basketball teams have achieved in the immediate past can, no doubt, be traced in part to the emphasis that is put on the game in the summer months.

The New Mexico Interscholastic League (or whatever name it goes by) took a close look at the program, no doubt at the urging of school officials in other cities of the state, and decided that the modus operandi was unorthodox, illegal and, mainly, too successful.

The league's tail millinery dictated an order to the community which, in substance, said: Stop what ever it is you're doing or face indefinite suspension by the league. The Hobbs people decided the league was sticking its nose into something that didn't concern it in the least and went out and hired a battery of lawyers to fight the case in court. In short, they took this stand:

"We're running a summer recreation program here for the kids. This has nothing to do with the schools. So — get lost."

The city's arguments made sense to the league. The state body knew it was poorly armed to go into a court of law and plead such a case, so the edict was withdrawn.

Perhaps the Texas Interscholastic League needs a similar "come-uppance" occasionally, just to prove to it that it is not the final authority on all matters pertaining to school-age boys and girls.

Purchases of golf equipment have doubled in dollar value since 1958, which will give you an idea of how the sport has boomed.

Last year, more than \$150 million was invested in golf equipment alone by Americans.

Today, there are 8,672 courses in play. The number includes 943 par-three layouts, 251 new courses and 122 additions to existing courses.

There are 8,525,000 golfers amongst us — men, women and children who play 15 rounds or more annually and another 1.5 million who play more rarely.

It was estimated that by the end of 1966 there had been 176,000,000 rounds of golf played over the 837,700 acres devoted to the sport.

Harry Eckoff, executive director of the National Golf Foundation, estimates that there is \$2,500,000,000 invested in golf facilities in this country and annual maintenance costs amount to \$235 million.

Belton High, coached by Spike Dykes, the former Coahoma mentor, placed two boys on the 13-AAA All-District football team the past season.

One was end Robert Evans, the other Tommy Parker, a guard on defense. Both boys are seniors. Tommy Lee, Spike's fine junior fullback, rated the second team.

Annual Women's Maple Tourny Starts Jan. 13

Bowlers are being asked to bring their handicaps for the Big Spring Women's Annual City Bowling tournament, Jan. 13-15.

Deadline for filing entries (\$2 fee) is midnight Jan. 10. They may be left at the Bowl-A-Rama or sent to Mrs. Lola Lamb, 2200 Cecilia.

Entries are by teams, doubles or singles. Multiple entries are acceptable, which means that a player may enter from several teams if she desires.

The highest league average of 21 games or more as of the close of the 1965-66 season will be used in establishing a handicap. If this is not available, then the highest average of 21 games may be used. Otherwise, bowlers will roll from scratch.

The schedule calls for team events at 7:30 p.m. on Jan. 13, at 5 p.m. and 8 p.m. on Jan. 14, and 3:30 p.m. and 8:30 p.m. on Jan. 15. Doubles and singles will be at 1:30 p.m. Jan. 14, and 1 p.m. and 3:30 p.m. Jan. 15.

Officers of the Big Spring Women's Bowling Association, sponsors of the event, are Joyce Leuchner, president; Connie Holcombe, vice president; Lola Lamb, secretary; Marie Johnson, treasurer; Nelda Thomas, sergeant at arms; Jo Ann O'Daniel, publicity chairman; Jean Nicholson, Louise Booth, Frances Glenn, Marie Johnson and Nancy Christensen, directors.

Bearkats Launch Conference Play

GARDEN CITY — Coach Jack Woodley takes his Garden City High School basketball team to Sterling City this evening to open conference action against that school's Eagles.

The Bearkats will be at home to Water Valley in district action next Tuesday.

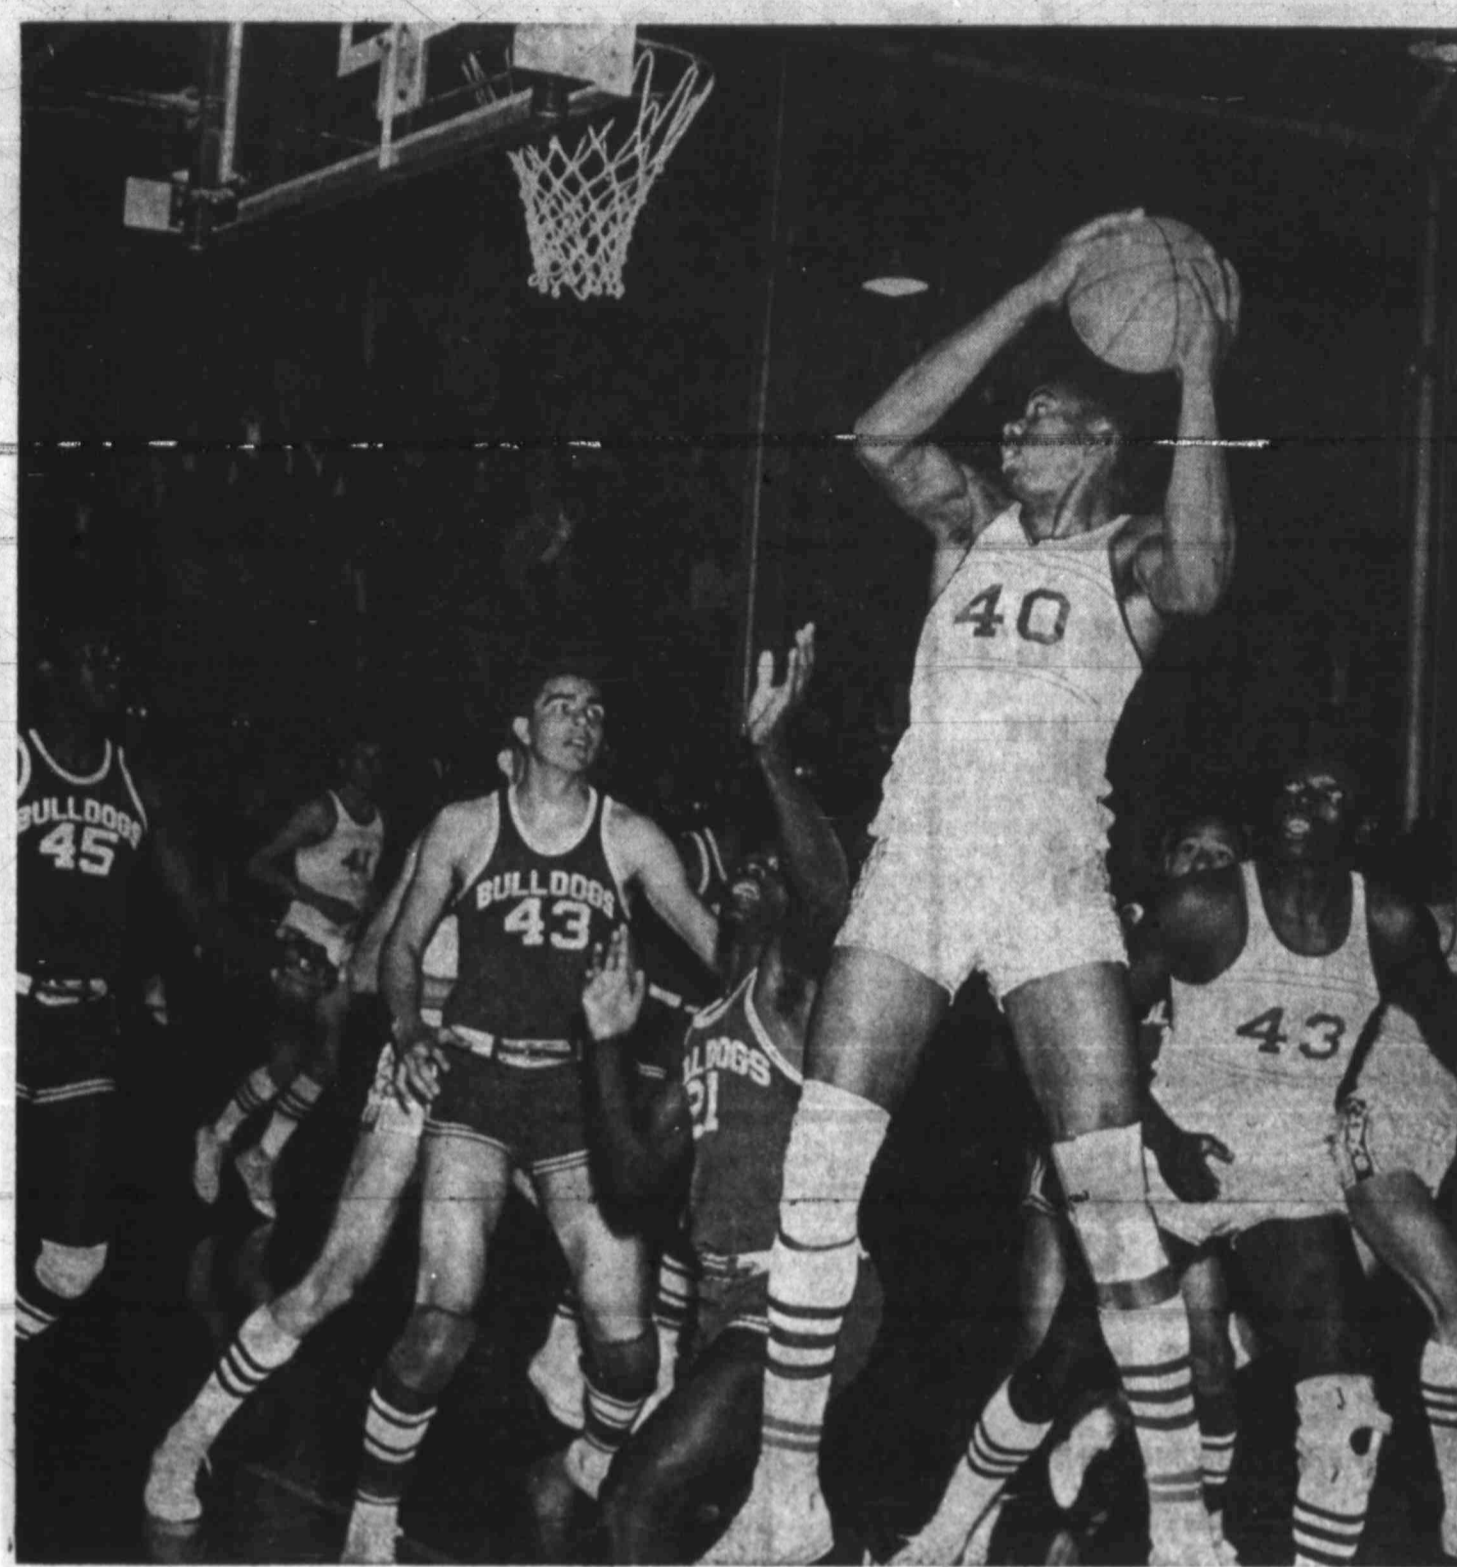

McCamey Upsets Bisons, 44-40

McCAMEY — McCamey used slowdown tactics to upset Stanton, 44-40, in a practice basketball game here Tuesday night.

The win was the 13th of the season for the Badgers, compared to six defeats. The loss was only the second for the Buffs this season.

Bubba Grigsby, Tony Fuentes and Warren Jeter each had ten points for McCamey. Allen Springer led Stanton with 12.

Stanton won the B game, 65-52, in a game that saw Jim Louder led the visitors with 20 points. In the freshman contest, Stanton also won, 41-25.

Don't Anybody Move!

The Herald photographer freezes the fluid action in the HCJC-Clarendon Western Conference basketball game here Wednesday night, won by the resident Jayhawks, 87-76. Leon Smith (40) of HCJC seems wary of the opposition even as he comes down after capturing a rebound. Others include

Tom Byrd (45), Rick Viduarri (43) and Roy Holloway (21), all of Clarendon, and Bill Sinches (43), HC. Immediately behind Sinches is Jack Hosley of the Hawks. The locals return to play at 7:30 p.m. here Friday against Lubbock Christian. (Photo by Danny Valdes)

HC Chugs To WC Win Over Bulldogs

By TOMMY HART

HCJC led from wire to wire in topping Clarendon's Bulldogs, 87-76, here Wednesday night.

The Hawks showed the effects of their long layoff in the Western Conference outing. Even so, Clarendon was tried and found wanting in most phases of the game.

The win was the second in as

Amarillo Edges By Chapparals

LUBBOCK—Amarillo College topped Lubbock Christian College, 73-66, in a Western Conference basketball encounter here Tuesday night.

The visiting Badgers led by 20 points at one time but the Chapparals staged a spirited comeback. With just 37 seconds of play left, LCC succeeded in reducing the Amarillo margin to a mere three points.

Amarillo had four players in double figures, Jesse Boswell leading the way with 19 points. Mickey Vaclav settled for 17.

Marvin Levels counted 20 and Jerry Johnson 10 for LCC. The game opened league play for both teams.

HC To Host Fems' Meet This Week

HCJC will be the host school in a five-team women's basketball tournament starting a two-day run Friday.

Other schools entered are Wayland B. Hardin - Simmons, Weatherford and West Texas State.

The Jayhawk Queens, 9-1 on the season, will warm up for the tournament in a game with Coahoma High School here tonight.

The first of two contests gets under way at 6 p.m.

The only game the Queens have lost has been to H-SU and the locals avenged that defeat in a later game.

West Texas State drew the first round bye. HCJC and Weatherford clash in the first game at 5 p.m. Friday. Wayland and H-SU clash at 9 a.m. Saturday.

If West Texas State loses its first game, it will play in consolation finals at 7 p.m. Saturday. Otherwise, the two first round losers will play for that honor at the same hour.

The championship goes on the line at 8 p.m. Admission prices for the tournament will be 50 cents for students and \$1 for adults.

Four trophies will be awarded at the conclusion of the meet, along with eight all-tournament prizes.

Probable starters for HCJC to

many league starts for HCJC. Clarendon is 0-2 and apparently going nowhere in the family skirmishing.

At one stage early in the second half, the Hawks built up a 26-point edge. After that, coach Buddy Travis was content to let his wrecking crew take over and the Bulldogs were able to sharply reduce the deficit.

The Big Springers return to competition here Friday night in another WC game against Lubbock Christian, at which time they will seek their 12th win of the season. They have lost five times, all told.

Jack Hosley and Lee Leonard were particularly warm in the first half for HCJC and Hosley wound up as the game's leading scorer with 24 points. Leonard

settled for 21, of which 17 came in the first 20 minutes of play. Lee was again poisonous from the corner, a shot the Bulldogs found hard to defend.

Leon Smith did a good job of controlling the boards for HCJC while out front Bill Sinches was the usual steady influence, directing the flow of traffic as he saw fit.

Clarendon had a few heroes, too. Tom Byrd and Roy Holloway each bucketed 18 points for the visitors while fleet Harry Cannon settled for 15.

Over-all, Clarendon is now 4-11.

HCJC took a 9-0 lead before Cannon finally broke the ice for Clarendon with a field goal after three minutes of play had elapsed. Cannon counted the first six points for the Bulldogs.

The Bulldogs rallied strongly a short time later and pulled to within two points of a tie, with five minutes gone, but the Hawks responded with a cohesive effort to open more daylight between the two teams.

At half time, the locals were in charge, 56-35. By then it had become a question of not who would win but by what margin.

HCJC (87) FGM FT Pct. Rick Viduarri 9 20 45.0. Tom Byrd 7 14 50.0. Roy Holloway 7 14 50.0. Bill Sinches 6 10 60.0. Harry Cannon 4 8 50.0. Jack Hosley 3 6 50.0. Leon Smith 2 4 50.0. Wranglers Win Over Bulldogs

ODESSA — Odessa College mauled Clarendon College, 96-86, in a Western Conference basketball game here Tuesday night.

The game opened conference play for the Wranglers.

N. S. Hurd bucketed 28 points for Odessa while Roy Holloman led Clarendon with 24. Over-all, Odessa is now 6-7.

MAYS NEEDS REST

Perry Foresees Win By Giants

RALEIGH, N.C. (AP) — Gaylord Perry, a 21-game winner with San Francisco last season, said today this should be the year the Giants capture the National League pennant.

Perry, a native of Williamston, in eastern North Carolina, explained: "We have been out of the pennant's race by less than two games for the past two seasons and I definitely think we can take it all this year. We have the equipment and the young players who can share some of the load."

The Giant pitcher, in Raleigh to accept an award from the local chapter of the Hot Stove League, said the Giants have one big worry: "Willie Mays must get the proper rest."

Perry said, "Age is catching up with Willie. He doesn't show it out on the field, but he doesn't work out too much before a game anymore.

"We have to rest him to keep him going and this may be what hurts us more than anything else — to look around and not see Willie in center field."

Perry disagreed with some baseball people who predict Pittsburgh's Pirates will win the National League pennant in 1967.

The Pirates, Perry said, lack pitching. "They only have one real stopper — Bob Veale. You need more than one sure winner to go to the top and stay there."

Bing Plays A Hot Hand

By The Associated Press

When he is hard-pressed to point out a Dave Bing weakness, Detroit Player-Coach Dave DeBusschere will say the brilliant Pistons' rookie needs a little work on his defense.

But then Bing will come up with a performance like the one he turned in during the Pistons' 132-126 National Basketball Association double-overtime victory over Baltimore Wednesday night and defense seems almost beside the point.

Bing scored six points in the second overtime and led the Pistons with 33 points, the same number Don Oll had for Baltimore. The Pistons had led by as much as 13 points in the second half, but the Bullets took an 86-77 lead after three periods as the Pistons got just 14 points in the third period.

A tap-in by DeBusschere with 30 seconds left sent the game into overtime.

Jack Martin's 20-foot jumper in the final second of the first overtime gave the Bullets another chance, but only delayed their 10th straight defeat, a club record.

In other NBA games Wednesday, Philadelphia beat Chicago 136-115 in Philadelphia and the Lakers whipped St. Louis 122-101 at Los Angeles.

Philadelphia won its 11th game in a row with Bill Cunningham scoring 27 points and Wilt Chamberlain hauling in 25 rebounds, scoring 21 points and passing off for nine assists. Bob Boozer and Erwin Mueller led the Bulls with 20 points each.

The Lakers reeled off 17 straight points during a four-minute span in the final period that carried them to their victory over St. Louis. Jerry West topped Los Angeles with 35 points while Joe Caldwell was high for the Hawks with 30.

Tourist Potential To Be Stressed At C-City Parley

Museums, theatres, dolls, brochures and magazines are all subjects for discussion at the annual Tourist Development Conference in Colorado City Friday. West Texas Chamber of Commerce is sponsor of the conference and sessions will be attended by members and non-members of the organization.

Texas Tech museum, slated to become one of the outstanding museums in the Southwest, a small doll museum in Weatherford, the magnificent Palo Duro Canyon amphitheatre, the replica of the Shakespearean Globe Theatre in Odessa, a brand new magazine for all of West Texas, and many other outstanding attractions in West Texas will be subjects of workshop discussions during the conference.

Another unusual presentation will be the one at the luncheon presented by officials of HemisFair '68. This demonstration will show how the International Exposition in 1968 will be tied into the tourist development plans of the entire state. Officials predict that 1968 will be the largest tourist year ever because of HemisFair, the Olympics in Mexico the same year and international conventions of service clubs within the state.

Moderators for the various workshops are Charles Woodburn, Amarillo, new president of the Texas State Historical Survey Committee; Dick Mahan, advertising executive of Odessa; Jack Smart, Crane, WTCC chairman of "Operation Sparkle"; L. Guy Carter Jr., Wichita Falls motel operator; and J. B. Phillips, Del Rio, member of WTCC tourist and travel committee.

Good Wine Helps

ROME (AP) — Letteria Zucaro Pezzinga celebrated her 100th birthday Wednesday and gave part of the credit to an apple a day. She said plenty of spicy foods washed down with a glass or two of good wine also helped.

Cotton Producers May Apply To Nominate Board

Cotton producer organizations that wish to participate in nominating members of the Cotton Board to administer a research and promotion program for upland cotton have until Jan. 20 to submit applications for certification, the U.S. Department of Agriculture announced today.

Members of the Cotton Board for the program recently approved by cotton producers will be selected from nominations made by certified cotton producer organizations in cotton-producing states. The program will be financed by an assessment of \$1 a bale, and the board will designate handlers to collect assessments and direct the program.

Application for certification as a cotton producer organization should be made in duplicate to the Director, Cotton Division, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D. C. 20250. Applications must be postmarked not later than 11:59 p.m., Jan. 20.

Nuclear Fallout Up

BERKELEY, Calif. (AP) — Radioactive fallout in California this week has been the highest since 1962, reports State Health Director Lester Breslow.

Dr. Breslow said the fallout resulted "apparently from the Dec. 28 Chinese detonation of a nuclear device."

Political Conspiracy Says Powell

WASHINGTON (AP) — Rep. Adam Clayton Powell charges the attempt to remove him as chairman of the House Education and Labor Committee is a political conspiracy aimed at U.S. Negroes.

From his island retreat in the Bahamas, the Harlem Democrat issued a statement Wednesday night blistering his attackers and promising an all-out fight to retain his chairmanship.

"A political conspiracy of enormous dimensions has not only been mounted against Adam Clayton Powell, but against black political leadership, black people and black progress," he said.

Powell is due to return to the capital this weekend. His fate could be largely sealed Monday when the Democrats' caucus meets a day in advance of the opening of the 90th Congress.

FACES CHALLENGE
Although Powell also faces a challenge to his being seated on Jan. 10, the question of his chairmanship should be settled in the Democratic caucus. Several members already have declared their intention to vote to back Powell's re-election as chairman, including one of Powell's New York colleagues, Democratic Rep. Jonathan B. Bingham.

Bingham said, however, he is not prepared to vote to bar Powell from his House seat. He attacked the House seniority system under which he said two Mississippi Democrats, Reps. William M. Colmer and John Bell Williams, would attain important committee chairmanships this session.

STRUGGLE ISSUE
In his four-page statement, Powell ignored the seating challenge and called the fight over the chairmanship "the only issue in this struggle."

As he has in dealing with previous attacks on him, Powell used the fact of his being a Negro as a chief weapon against his critics.

"To what extent," he asked, "are they motivated by the desire to politically castrate one of America's most powerful Negro politicians of his power?"

Furnishing his own reply, he cited "15 facts" in his case and said they lead unequivocally to the conclusion "that a political conspiracy of enormous dimensions involving certain influential members of the press, and I deeply regret, a number of my colleagues in Congress, has not only been mounted against Adam Clayton Powell but against black political leadership, black people and black progress."

NO CRIME
In his statement Powell said he was within both his legal rights and congressional precedent in refusing to appear in court in 1964 for examination in a civil action while Congress was in session. That, and subsequent failures to appear have ballooned a \$48,000 libel judgment and led to his being convicted of criminal contempt of court and sentenced to one year and 60 days in jail.

"I have committed no crime," he said. "My case is still in litigation in the appellate courts of New York State and I have not exhausted all remedies available to me."

Red Guards Kangaroo Tao

TOKYO (AP) — Red Guards paraded Tao Chu, Red China's new propaganda chief, through the streets of Peking today and subjected him to a curbside kangaroo court, Japanese press reports said today.

The Japanese correspondents in Peking gave no details of the incident involving the man who rose to No. 4 in the party during the current purge. They used the word "hikimawashi," which means led, pulled, marched, dragged or taken.

The Peking correspondents of Asahi and Yomiuri said Red Guard wall bulletins reported party Chairman Mao Tse-tung's wife, Chiang Ching, and the purge committee called Tao Chu a "bourgeois reactionary."

It was the second denunciation of Tao by wall posters in Peking in a week.

Tao, 60, a former Communist guerrilla, became propaganda chief only four months ago as a result of the purge launched by Mao and Defense Minister Lin Biao. He was considered one of the planners of the purge of Mao's opponents and in recent weeks denounced two leaders under heavy attack — President Liu Shao-chi and the party's general secretary, Teng Hsiao-ping.

The reports said Tao was denounced at a meeting with representatives of the Kwangchow Red Guards in Peking Wednesday.

They said Mao's wife told the group that "Tao Chu attended the central committee party meetings but never sided with the proletarian revolutionary line represented by Mao Tse-tung. In fact, he remained loyal to the line represented by Liu Shao-chi and Teng Hsiao-ping, and is connected with enlarging the Liu-Teng faction."

Wanda Driver To Ride In Rodeo

FORT WORTH — Wanda Driver of Big Spring will ride in the Southwestern Exposition and Fat Stock Show Invitational Girls Barrel Race, Jan. 27 through Feb. 3. Her sponsor in the competition will be Big Spring Cowboy Reunion, Big Spring.

Ken Curtis, better known to TV viewers as Festus Hagen of "Gunsmoke," will be the guest star of the 1967 Fort Worth Rodeo. For his Fort Worth appearance, Festus will be backed by "The Frontiersmen and Janie," a Country and Western music group.

Dignitaries At Temple Installation

Formal ceremonies were held Wednesday evening in the Masonic Temple as new officers were installed for the Knights Templar and Social Order of the Beauceants. A. F. Pitts Jr., left on back row, is the new eminent commander of Big Spring Commandery No. 31, Knights Templar. With him are Sam Wilborn of Midland, grand

captain of the guard of Texas; A. G. Coots of Dalhart, grand generalissimo; and Hal Burnett of Alpine, past eminent grand commander. At front, are Mrs. Willard Sullivan, new Beauceant president, and Mrs. Harry Middleton, who installed the Beauceant officers.

Joint Installation Held In Masonic Temple

New officers for the Social Order of the Beauceant and Knights Templar were installed Wednesday evening during joint ceremonies held in the Masonic Temple, 22 1/2 Main.

Mrs. Willard Sullivan was installed as president of Big Spring Assembly No. 211, Social Order of the Beauceant, and A. F. Pitts Jr. became eminent commander of Big Spring Commandery No. 31, Knights Templar.

Mrs. Sullivan's slate includes Mrs. Eugene Gross, oracle; Mrs. Harvey Hooser Sr., first vice president; Mrs. Harvey Hooser Jr., second vice president; Mrs. Bob Lee, preceptress; Mrs. E. E. Brindley, recorder; Mrs. C. R. McClenny, treasurer; Mrs. Orbin Dailey, marshal; Mrs. Albert Smith, assistant marshal; Mrs. W. C. Fryar, chaplain; Mrs. L. R. Mundt, director of music; Mrs. Carlson Hamilton, Standard bearer; Mrs. Jack Alexander, color bearer; Mrs. J. A. Magee, mistress of the wardrobe; Mrs. Wright Vickers, daughter of the household; Mrs. J. B. Hoard, inner guard; and Mrs. Glenn Weaver, outer guard.

To serve with Pitts will be O. L. Nabors, generalissimo; N. D. Spencer, captain general; R. L. Lee, senior warden; T. R. Morris, junior warden; Joe Lemon, prelate; C. R. McClenny, treasurer; Willard Sullivan, recorder; O. H. Daily, standard bearer; Alfred Tidwell, sword bearer; Ervin Daniel, warden; J. B. Williams, sentinel; J. B. Hoard, first guard; L. R. Mundt, second guard; and Ray Thomas, third guard.

Installing officers were Hal Burnett of Alpine, past eminent grand commander and grand junior warden of the Grand Commandery of the State of

Texas; and Arthur G. Coots of Dalhart, grand generalissimo, both for the Knights Templar; and Mrs. Harry Middleton, past president of the Big Spring Assembly No. 211, for the Beauceants.

For the Beauceant ceremony, those who assisted with the rites were Mrs. A. G. Coots of Dalhart, marshal; Mrs. O. L. Nabors, assistant marshal; Mrs. Lory Absber of Midland, chaplain; Mrs. Jack Alexander, standard bearer; Mrs. J. B. McCoy of Midland, color bearer; Mrs. R. V. Middleton, music director; and Mrs. Hal Burnett of Alpine, recorder. Color guards, all Sir Knights, were Willard Sullivan, A. F. Pitts Jr., and Alfred Tidwell. A local solo was presented by Miss Sheryl Gambill who was accompanied at the piano by her mother, Mrs. F. C. Gambill. The call to order was by Mrs. Eugene Gross.

Following an address by Mrs. Sullivan, Mrs. Gross presented her with the president's pin, and Gross presented his wife with a past president's pin. Mrs. Gross spoke briefly in presenting her gift to the assembly.

J. B. Langston, eminent commander, called the commandery meeting to order and the installing officers were introduced. Assisting Burnett and Coots was Wright Vickers, excellent prelate.

The highlight of the ceremony was the address by A. F. Pitts Jr., the new eminent commander. Lee Porter worded the benediction, and a reception followed in the banquet hall.

Serving on the committee for the dinner which preceded the ceremonies were Mrs. Alexander, chairman; Mrs. Gross, Mrs. Harvey Hooser Sr., Mrs. G. T. Hall, Mrs. Steve Baker, Mrs. Harry Middleton, Mrs. J. D. Thompson and Mrs. George Pittman. Assisting with the reception arrangements were Mrs. Middleton, Mrs. Harvey Hooser Jr., Mrs. E. E. Brindley, Mrs. Joe Lemon, Mrs. William A. Bryans, Mrs. Bob Lee, Mrs. Ray Thomas and Mrs. C. A. Nichols.

A Madeira banquet cloth was used over a pink underlay, and the centerpiece was an arrangement of pink roses flanked by pink candles in silver holders. Other appointments were of crystal and silver.

Guests, other than those participating in the ceremonies,

'Prepare For Work' Says ABWA Speaker

Working women and how their work relates to the community was the subject of a talk given by the Rev. Byron Orand, guest speaker, at Tuesday's meeting of the Scenic Chapter,

American Business Women's Association. The group met for dinner at Big Spring Country Club with Mrs. E. L. Barron presiding.

fashions in the home can help boost family morale and told the correct way to measure windows for draperies.

Film Seen, Talk Heard By PTA

The film, "This Land Is Your Land," was shown by Mrs. H. H. Stephens, a representative of the National Foundation, during the Tuesday evening meeting of the Marcy Parent-Teacher Association. The showing was in conjunction with the Mothers March which will be held here Jan. 17. Forty-five members of the Marcy P-TA will assist with the fund drive.

Chaplain William H. Warren presided and introduced Capt. Donald Neal who spoke on the school counselor's responsibilities and effectiveness.

Room count awards went to classes taught by Mrs. Ray C. Nichols and Mrs. John Nobles, and refreshments were served by Mrs. Douglas Wingate.

The next meeting will be Feb. 7.

Rev. Orand, introduced by Mrs. L. E. Rose, observed that women are helping the business world more than ever before and that this need should encourage women to prepare themselves emotionally and scholastically for a job. This preparation, he said, includes developing a good attitude toward the job and public as well as toward self.

Stressing that we make our opportunities, he urged women to avoid mediocrity and use imagination in getting more out of their job than just putting in their time for a salary. He concluded by reminding the group that women who come in contact with the general public are the ones who create the image of a company.

The second speaker was Mrs. Paul Eslinger who spoke on her work at Hemphill-Wells Company. She said that coordinated

Mrs. N. E. Dietz read a letter from the state hospital expressing appreciation for contributions to the Buck-A-Month Club. She worded the benediction, and the invocation was by Mrs. Edward Cruz.

Miss Hazel McCool, banquet chairman, announced that the next meeting will be Feb. 7 at Cosden Country Club. This will be the annual Bosses Night banquet when the new Boss of the Year will be named.

Eighteen attended, including two guests, Rev. Orand and Mrs. Lucille Hope.

Student Tells Of Life In Finland

Life in Finland was described by Oiva Knuutila, a foreign exchange student at the local high school, Wednesday afternoon when Mrs. Delaine Crawford, 2615 Carol, was hostess to the 1946 Hyperion Club. Mrs. Mairi McFaul was cohostess.

Mrs. Grant Boardman presided and announced that the club has two new members, Mrs. Auriel LaFond and Mrs. Jack Lewis. Mrs. Harold Talbot, who accompanied the speaker, was welcomed as a guest, and refreshments were served by the hostesses.

Mrs. Milton Talbot, 1508 Dayton, will be hostess for the Feb. 1 meeting, with Mrs. Jerry Jenkins as cohostess.

Birth Announced By E. R. Newtons

Sgt. and Mrs. Everett R. Newton of Colorado Springs, Colo., are announcing the birth of a son, Michael Ralph, born at 2:30 a.m., Jan. 4, in the Ent AFB Hospital. The infant weighed 7 pounds, 8 ounces. The mother is the former Gwen Proctor, daughter of Mr. and Mrs. Ralph Proctor of Knott. The paternal grandparents are Mr. and Mrs. Everett of Lebanon, N. H.

Welcome Another Year

Many of the city's young people saw the New Year in Saturday evening as they danced to the music of "Just Us Four" at the YMCA. The holiday dance was sponsored by the Hi-Y council and the Ladies

Golf Association of Big Spring Country Club. Among those attending were David Holmes, Vicki Cofer, Barbara Daugherty and Mitchell McNeese. (Photo by Danny Valdes)

Keith Swim Shows Film On Head Start Program

Keith Swim, local school administrative assistant, used a film on the Head Start program to illustrate his talk, "New Resources for Better Learning," at the Parent-Teacher Association

city council meeting Tuesday morning. For the devotion, Mrs. R. E. Ray read a poem, "New Year's Resolutions," and unit presidents gave reports on membership and projects.

TOPS Plan Area Day

The Area Recognition Day, scheduled Jan. 28 at Cosden Country Club, was the subject of plans made during the TOPS Pound Rebels meeting Tuesday evening at the Dora Roberts Rehabilitation Center. Approximately 150 persons are expected to attend the all-day meeting where a luncheon will break the program sessions.

Mrs. Walter Trim led the pledge, and Mrs. Harold Bell, president, introduced two new members, Mrs. Troy McClendon and Mrs. W. E. Miller.

Mrs. Gib Madison received a crown and gift for being selected the six-months queen, and Mrs. C. D. Piazza was named December queen.

The next meeting will be Tuesday evening in the Conference Room of the Permian Building.

Ladies League To Have Celebration

A membership drive and plans for the coming quarter in celebrating the Diamond Jubilee were the topics for discussion at the meeting of the Ladies Home League at the Salvation Army Citadel Wednesday. The goal of \$200 for the missionary effort to be held in the spring was set, and a cake sale and supper was planned for the first quarter of the year.

MRS. GRADY DORSEY

Pie-Melon Preserves Cooked In Recession

By JO ANN PHINIZY

Pie-melon preserves, fresh pork, a parcel of good friends and no money at all are among the Depression time memories of Mrs. Grady Dorsey, Old San Angelo Highway.

When "Black Friday" in 1929 marked the beginning of the financial recession, the Dorsey family lived in the Knott community.

"Money isn't everything, you know," Mrs. Dorsey said. "There's family, friends and a good food. My word, there are tricks with food and housekeeping this generation never even heard about, and, for sure, they'll never know what good times we had."

"When we didn't have money to buy things, we improvised. Our food coolers were made of wooden frames, screen wire and burlap. The cooler fit in the kitchen south window and the burlap cover had its ends hanging in pans of water. We didn't have any defrosting worries, but it kept food cool.

"Our stoves were coal oil burners, and they worked fine, too, unless you weren't paying attention, then they would likely turn your kitchen into a sooty black den.

"When that happened, the neighbors would come over and we would re-paper the kitchen in flowered building paper. We hung the paper with rows of tacks in shiny tin discs."

Depression time cooking called for a little ingenuity too. Most people used what they had on hand; when in doubt, they checked with their home demonstration agent.

"Actually, we had plenty of food," said Mrs. Dorsey. "All of it we prepared ourselves, but that just made it taste all the better. And, best of all, everyone shared whatever they had, and we all worked together."

PINTO BEANS

"If one family had a good pea patch, we all picked and canned peas for several days. Then the jars were divided up and we each had a winter's supply of peas. Another trick we learned was that, pinto beans, shelled and canned while they are fresh, are delicious."

In 1933, Mrs. Dorsey recalled, the share and share alike policy ran into trouble.

"That was the driest year ever," she said. "The only thing growing was pie-melons and that's what we used for preserves. Those of us who could buy or borrow a can of pineapple used it for a flavor base. Believe me, I sure don't miss pie-melon preserves."

Mrs. Dorsey believes that the best single example of life in the Depression is the path of the family hog.

"Everyone had pigs," she explained. "They were fed on skim milk left over from churning and whatever else they could find. After the first cold spell, the neighbors would come over for the day. The men would do the butchering and we would do the cooking. There's nothing in all this world as good as fresh tenderloin strips or pork ribs, pan fried, with cream gravy and biscuits. That's what we would cook for dinner."

"After dinner, the men usually ground and seasoned sausage. For the hams and bacon, they would make a paste of salt, sugar and pepper and coat the meat in thick layers. In the meantime, we would have a big wash pot on an open fire and be boiling bits and chunks of cleaned pork. We would dip off pure cooking lard and crisp, crunchy cracklings. . . . Have you ever, ever tasted real crackling corn bread?"

"What was left of the lard and cracklings, we would add water and lye and keep boiling until we had a good batch of soap. Those were the best days I can remember. We worked hard, but it was such fun."

"I couldn't describe just how marvelous those cured hams and bacon tasted, but I will tell you something that's good eating that few people know about."

"You can take plain old salt pork and cut it into thick slices. Put them in a pan, cover with water and bring to a boil. Then drain them and roll each one in flour. Put about a tablespoon of fat in a heavy iron skillet and fry them until they're real crisp. Try that sometime and you'll have it for a main dish often."

In later years, Mr. and Mrs. Dorsey moved into Big Spring where he operated the Packing House Market until 1950.

Of the Depression days, Mrs. Dorsey says, "Can't say I want to go through another one, but I think we are all better people for having done so."

In selecting her recipes, Mrs. Dorsey chose several that she enjoys cooking.

PANTRY PICK-UPS

Whipped dry milk to which instant coffee and non-caloric sweetener is added makes a dessert "fluff" for calorie-counters.

It's a good idea to add only sugar to homemade apple sauce; then when the sauce is served, pass the cinnamon shaker and nutmeg grinder and let family and guests add their own spice — or pass it up!

Make up lemon gelatin (from scratch) and when it begins to thicken fold in a combination of cantaloupe balls and seedless green grapes for a delicious salad or dessert.

Frozen mixed vegetables make an excellent salad to serve with fish. Cook and drain the vegetables, then mix with French dressing, thin strips of onion and celery seeds. Chill and serve on lettuce.

If you prefer, you can poach salmon steaks in the oven instead of over surface heat. Arrange the steaks in a single layer in a shallow baking dish and about a cup of water and seasonings; cover (with foil, if necessary) and bake in a hot (400 degrees) oven for about 25 minutes, basting once.

Shrimp Wiggle—cream sauce, cooked shrimp and green peas—is good enough for a company lunch if you make the sauce with light cream and enrich it with an egg yolk or two.

Thin pancakes—the French call them crepes—make a delicious dessert when they are sprinkled with confectioners' sugar and orange-flavored liqueur.

Mash a small wedge of blue cheese or Roquefort and add it to mayonnaise thinned with buttermilk for a quick-and-easy salad dressing for wedges of lettuce and sliced tomatoes.

Ever add minced anchovy fillets (drained) to French dressing for a tossed salad? Just make sure the dressing you use does not contain sugar.

CELEBRITY RECIPES

Skill Required When Making World Famous Caesar Salad

Jack M. Campbell, governor of New Mexico, has perfected an exhilarating version of that should-be classic — the Caesar Salad.

JACK CAMPBELL

It is strange that one of the most famous and popular "dine out" salads should be so little known that even the big standard and classic cookbooks seldom mention it.

But such is the fate of the wonderful Caesar Salad, and sad it is, for it is possibly the best combination of greens, oddments and dressing ever devised by man. Caesar Salad is good for showing off, for mixing at the table and many a tuxedoed maitre d' has built his reputation around the flourishes with which he concocts this masterpiece.

At the same time the Caesar is a simple thing, no trouble at all to make. Preparation takes a little time, but the last-minute mixing is nothing, almost child's play.

Gov. Campbell's version does not contain anchovies, capers or crisp crumbled bacon, though these may be added to further enrich the dish. It is, in fact, a good basic recipe for Caesar.

overnight, then remove the garlic.

Croutons to make ahead. Cut decrustrated French bread into quarter-inch cubes and toast gently in a 300 degree oven for 20 to 30 minutes, turning often until golden. Let them cool. They'll store wrapped in wax paper.

Now the salad. Sprinkle a half-cup of grated parmesan cheese and a quarter cup of crumbled blue-cheese over the greens. Grind on plenty of black pepper and half a teaspoon of salt, then drizzle six table-spoons of salad or garlic oil over everything.

Now, with a flourish drop a room-temperature raw egg on top, then three or four table-spoons of lemon juice and a table-spoon of Worcestershire sauce.

Mix it all thoroughly, but gently. The lemon juice and the mixing "cook" the egg and everything will be coated nicely.

For the finishing touch, pour the garlic-flavored olive oil over the croutons, add to the salad and toss a little more.

This makes about four big servings or six medium ones, everyone of them delicious.

Types Of Milk Have Many Uses

Besides the wide choice of containers, you also have a choice in milk itself. There's regular whole milk, skim milk with most of the butterfat removed, two per cent milk containing two per cent butterfat; chocolate milk; and flavored drinks like the eggnog available at holiday time. Milk is one of man's most nourishing foods, and its refreshing wholesome flavor makes it a fine drink anytime of day.

Try Veal Chops To Change Meal

A juicy chop with plenty of gravy for mashed potatoes is a treat hard to beat. Choose veal chops for a change. Dip them in beaten egg mixed with milk, then fine cracker crumbs, and cook until golden brown in a little hot fat. Add a little milk to the pan, cover, and cook until tender. Serve with milk gravy made by adding milk to drippings and thickening with a flour and water paste.

CORNMEAL COMBINES Invite friends for supper

Spoon Bread Provides Casual Touch To Meal

By CECILY BROWNSTONE
Associated Press Food Editor

An easy and pleasant way for young marrieds to entertain is to invite a few friends—if you're sure that they eat a big dinner in the middle of the day—to Sunday night supper!

GOOD SPOON BREAD

3 cups milk
1 cup enriched yellow corn meal
1 tsp. salt
1 tsp. sugar
1 tbsp. butter or margarine
3 eggs (separated)

Scald two cups of the milk in a two-quart saucepan. Mix corn meal with remaining 1 cup or six good servings.

TRITE APPROACH

Status Seeking Yarn Bit Silly

By CYNTHIA LOWRY
AP Movie - TV Writer

NEW YORK (AP) — That widely condemned and popular occupation, status-seeking, was the subject of Wednesday night's "Stage 67" series on ABC. It was interesting, in spite of obvious flaws in the story and its trite approach.

"The Trap of Solid Gold" undertook to explain the sad plight of Ben Weldon, an ambitious young executive of a Madison Avenue firm, who was going broke on \$23,500 a year.

It seemed that just because Ben wanted to become president some day, he had to go along with something called "executive conformity," and as a consequence was in danger of destroying a good marriage, neglecting his children, cracking up and facing bankruptcy.

BAD LUCK

He had, in pursuit of his ambition, bought a too-expensive and heavily mortgaged home in one of those "fashionable suburbs," so despised by writers who live in Manhattan or Beverly Hills. Ben also had to belong to a country club — for company reasons never really explained. But basically Ben's financial problems seemed more the result of extremely bad luck than anything else. He had to support his widowed mother, his child needed expensive medical and surgical treatment, his car developed a fatal, internal malady. And it seemed that drunks were always spilling drinks on his wife's best, expensive dress.

All this led to the Weldons behaving like the Bickersons. Trouble was compounded when a banker refused to extend his loan and gave him a snippy lecture on thrift. Worst of all was his relationship with a silly pretentious man who was his boss and wanted him to live at a good address.

SIGHTS LOWERED

Finally, of course, Ben saw the error in his ways. He lowered his professional sights and when last seen was en route to a \$30,000 a year job in Denver, where presumably there lurks neither deadly conformity, status seeking or fashionable suburbs.

The vital performances of Cliff Robertson and Dina Merrill as the couple were almost enough to make one over look the silliness of the basic story and the big holes in the logic of the premise.

ABC, still happy over the extraordinarily large audience it received for its "Bridge on the River Kwai" broadcast last fall, now has acquired rights for two broadcasts of what it hopes is another blockbuster. It is the 1952 film, "The Robe," and it will be shown on Easter Sunday this year and next.

The deal is reputed to have cost ABC \$2 million, and the two and one-half hour feature will be shown uncut and interrupted

Trinity Gains Physics Money

SAN ANTONIO (AP)—Trinity University's physics department and the National Science Foundation have announced that two grants have been awarded the University in support of physics programs.

The first grant is for \$30,000 in support of a summer institute for high school teachers. The second grant is in support of a research program for three high school physics teachers.

\$55 Million Paid Into Jobless Fund

AUSTIN (AP) — The Texas Employment Commission says \$2,440 Texas employers paid \$55 million into the state's unemployment insurance trust fund in fiscal 1966.

During the year that ended Aug. 31, \$33.4 million in jobless benefits averaging \$29.70 a week were paid to an estimated 147,500 workers. In the previous year, \$51.3 million in benefits were paid.

Air Force Awards Electronics Grant

AUSTIN (AP)—The Air Force has awarded a \$300,000 grant to the University of Texas for basic research in electronics.

It is the third year the Air Force has supported the research, and the new grant brings the total to \$800,000.

The research covers information sciences, biomedical electronics, physical quantum and plasma electronics and space, atmosphere and earth radio sciences.

North Texas State Receives Grants

DENTON, Tex. (AP)—North Texas State University has received grants totalling \$80,296 to conduct summer institutes for elementary school librarians and English teachers under the National Defense Education Act.

\$97,000 Theft Nets Pen Term

OAKLAND, Calif. (AP) — A Superior Court judge has sentenced former Oakland Mayor John C. Houlihan to one to 10 years in prison for embezzling \$97,000 from a widow's estate.

Judge Redmond Staats Wednesday rejected a plea for probation, and told Houlihan, 56: "This has been a violation of trust and confidence extending over many years. If I gave you county jail and restitution, it would probably be more burdensome on you. Probation would be too burdensome, not only for the defendant but for the courts and probation officers."

WASHINGTON (AP) — The 1968 elections will involve 34 Senate seats, and the jockeying over them will unloose political pulling and hauling likely to have considerable effect on the presidential race.

Among 11 Republican senators whose terms expire two years from now are two who have been leaders in what is commonly called the liberal wing of the party — Thomas I. Kuchel of California and Jacob K. Javits of New York.

Kuchel did not support GOP presidential nominee Barry Goldwater in 1964 nor lift a hand

to help Gov. elect Ronald Reagan in California.

'ROCKY' AVAILABLE Yet any attempt by conservative Republicans to cut him down could bring troubles to the party in California. Kuchel has a substantial personal following. There has been speculation that he might, if he thought the circumstances made it advisable, run as an independent.

Javits, with backing from Gov. Nelson A. Rockefeller, has made himself available as a vice-presidential nominee. This has to be linked with the possibility that Gov. George Romney

of Michigan will get the presidential nomination.

Former Vice President Richard M. Nixon, a leading possibility with Romney, is a resident of New York and a Nixon-Javits ticket would violate the geographical precedents of presidential politics.

Goldwater, himself, is expected to be a 1968 Senate candidate. The Arizona seat he wants is now held by Democrat Carl Hayden. Hayden is ill and turned 89 last fall.

As a former presidential candidate, Goldwater's 1968 Senate campaign speeches probably

will get national attention. What he says could have repercussions in the presidential contest.

Among the Republicans up for re-election is Everett M. Dirksen of Illinois. The others include George D. Aiken of Vermont, Wallace F. Bennett of Utah, Frank Carlson of Kansas, Norris Cotton of New Hampshire, Peter H. Dominick of Colorado, Bourke B. Hickenlooper of Iowa, Thurston B. Morton of Kentucky and Milton R. Young of North Dakota.

Of the 23 Democrats whose Senate terms expire, one is retiring. He is George A. Smathers

of Florida. A party-wrenching struggle for the Democratic nomination to succeed him could develop.

Alabama has the potential for a situation of particular interest. Lister Hill's term expires. Gov. George C. Wallace is threatening to run for president as a "third party" contender. It would be an unhappy situation for Hill if he found himself running for re-election as a regular Democrat while Wallace campaigned against the national administration.

Jockeying For 34 Senate Seats Begins

Publishers Will Not Support Agreement To Restrict Reporting

NEW YORK (AP) — The American Newspaper Publishers Association, in a report two years in the making, says it could not support any agreement of control or restrictions on the accurate reporting of criminal matters or anything which would impair such reporting.

The report was drawn up by a 12-man committee headed by D. Tennant Bryan, publisher of the Richmond (Va.) Times-Dispatch & News Leader.

"The people's right to know is one of our most fundamental rights, and neither the press nor the bar has the right to sit down and bargain it away," the report said.

MOCKERY

"The committee does recommend that the press stand at any time ready to discuss these problems with any appropriate individuals or groups. Indeed, such positive action can be a far greater force for the cause of justice and the general welfare of the people than the negative force of restrictions on basic freedoms."

"But there can be no agreement on the part of the American press to dilute its responsibility or to circumvent the basic rights and provisions of the Constitution. To agree to any of these things would be a mockery of the guarantee made to the people of this republic by its Founding Fathers."

FUNDAMENTAL RIGHT

"The freedom of the press is a fundamental right and it cannot be abridged. The press shares with the bench, bar, and law enforcement officials the responsibility for preservation of the American liberties embodied in the First and Sixth Amendments."

The First Amendment to the Constitution guarantees a free press. The Sixth Amendment assures a free trial.

The study, spurred by the Warren Commission report on the assassination of President John F. Kennedy, was applauded by the Associated Press Managing Editors Association and Sigma Delta Chi, national journalistic society.

FAIR TRIAL

The Warren Commission report charged the American press with "irresponsibility and lack of self-discipline."

Since the study began, the question of fair trial reached a pinnacle last spring with the freeing of Samuel H. Sheppard because the U.S. Supreme Court found that "virulent publicity" surrounded his first murder trial.

In throwing out the Cleveland osteopath's second-degree murder conviction, the Supreme Court said it is up to judges "to take such steps by rule and regulation that will protect processes from prejudicial outside interferences."

Immunitization of juries from prejudicial news accounts speeded up last October when an American Bar Association study group recommended that in pending criminal cases police, prosecutors and defense attorneys be barred from making public "potentially prejudicial information."

UNWARRANTED

Since then, judges and police officers have been issuing new rules telling the press what crime information news media will be permitted to have and what procedures must be followed in news reports of arrests and trials.

The ANPA study called the Warren Commission charge "unwarranted."

"In that crisis on Nov. 22, 1963," the study said, "the American press was called upon to carry out its responsibility to the people — to tell them not only what had happened, but

how the country met the crisis. It was these facts provided by the American press that steadied a reeling nation and shocked and startled world. The American press should have been commended rather than censured for its performance."

Taking up the Sheppard case, the report said:

NOT TYPICAL

"It should be pointed out,

however, that here the court was dealing with the unusual and not typical case, and the majority opinion, eight to one, makes it clear that the court's words are meant to apply to what the trial judge in the Sheppard case should have done, not what ever judge should do in every case. It is obvious that there is no mandate in the Shep-

pard case for judges across the land." The report drew 10 conclusions. They were:

1. There is no real conflict between the First Amendment guaranteeing a free press and the Sixth Amendment which guarantees a speedy and public trial by an impartial jury.

2. The presumption of some members of the bar that pretri-

al news is intrinsically prejudicial is based on conjecture and not on fact.

3. To fulfill its function, a free press requires not only freedom to print without prior restraint but also free and uninhibited access to information that should be public.

4. There are grave inherent dangers to the public in the re-

striction or censorship at the source of news, among them, secret arrest and ultimately secret trial.

5. The press is a positive influence in assuring fair trial.

6. The press has a responsibility to allay public fears and dispel rumors by the disclosure of fact.

7. No rare and isolated case should serve as cause for cen-

sorship and violation of constitutional guarantees.

8. Rules of court and other orders which restrict the release of information by law enforcement officers are an unwarranted judicial invasion of the executive branch of government.

9. There can be no codes of

covenants which compromise the principles of the Constitution.

10. The people's right to a free press, which inherently embodies the right of the people to know, is one of our most fundamental rights and neither the press nor the bar has the right to sit down and bargain it away.

Mickey Files Cross Complaint

LOS ANGELES (AP)—Actor Mickey Rooney has filed a cross complaint in Los Angeles Superior Court seeking annulment of his three-month marriage to the former Margaret Lane, his sixth wife, on grounds she used "premeditated fraud" to get him to marry her.

Mrs. Rooney, 45, of Beverly Hills, filed for divorce Dec. 23 charging "great mental and physical suffering."

In his action Wednesday, Rooney, 46, requested a divorce on grounds of mental cruelty if he is unable to get an annulment.

His suit claims that Mrs. Rooney did not want the actor's four small children near her, although before the marriage she had agreed to help raise them.

Five Appointed To Select Flag

DALLAS (AP)—Five Dallasites have been appointed to select a new design for the official flag of Dallas. Ten designs have been picked as finalists by the Dallas Advertising League from 42 submitted.

The judges are historian Herbert Gambrell, a city librarian, Lillian Bradshaw, Republic National Bank president, James Aston, civil leader Mrs. Connie Condos and public schools Supt. W. T. White.

American Telephone Collects More Revenue Than Texas

Three Tots Asphyxiated

EL PASO (AP)—Three children were asphyxiated Wednesday night in a fire at a southside El Paso tenement, fire department officials said.

The victims were Leticia Rosales, 5, and her two brothers, Orlando, 6, and Juan, 7.

The fire department said 15 members of the Miguel Rosales family lived in the five-room tenement.

Nine, including the three children, were in a front room watching television when the fire was discovered in a back room. The other six members were gone for the evening.

The three children had fallen asleep in the front room and in the excitement of trying to put out the fire, spokesmen said, the children apparently were forgotten until firemen arrived.

The fire did not spread into the front room. Its cause had not been determined.

Radio And Phone Bring Greetings From The Helbigs

A complicated network involving ham radio operators in this country and in the Dominican Republic, plus a tie in through the telephone system, brought greetings from Herb Helbig, former Howard County agent, to his friends in Big Spring on Wednesday.

Mrs. Harold Coleman, 3217 Drexel, received a long distance call from Amateo, Tex. The call had been placed by a ham operator there. He had intercepted a call from Dominica via Texas A&M University. He "patched" the phone into the radio circuit and Mrs. Coleman talked with Helbig.

The Helbigs have now been in their new home for three months and spent Christmas in the islands. They are enjoying their work, they told Mrs. Coleman, and are pleased with their life in Dominica.

Helbig accepted appointment to the job overseas last summer. He was sent to A&M for three months of intensive special training, and then was dispatched to his new post.

He is working with the residents of the republic to improve agricultural conditions in the island. The project is a governmental enterprise.

Dean Martin Says He Lost Two Bets

LOS ANGELES (AP)—Singer Dean Martin says in a written stipulation in Los Angeles federal court that he lost two or three bets of \$100 and \$200 during the 1966 baseball season with a San Fernando Valley bookmaker. Martin said he had to pay off.

Martin's statement, taken in lieu of testimony Wednesday, came in the case of Dominic N. Mastroianni, 45, of Woodland Hills, Calif., and Quinton B. Howard, 47, of Sherman Oaks, Calif. The two men are charged with attempting to evade a \$50 federal tax stamp required of bookmakers.

Martin's written stipulation indicated he knew Mastroianni for six or seven years and "often placed wagers with him."

Ike Rolls Toward Recreation Spot

HARRISBURG, Pa. (AP)—Former President Dwight D. Eisenhower is in his private railroad car heading for Palm Desert, Calif., his favorite winter recreation spot.

The five-star general and his wife, Mamie, boarded a private railroad car in Harrisburg Wednesday night after driving from their farm home in Gettysburg.

The Eisenhowers are expected to arrive at Palm Desert Saturday morning.

Eisenhower arrived at the Pennsylvania Railroad station looking recovered from his recent gall bladder operation.

GM Director Dies

DETROIT (AP)—Ormond E. Hunt, 83, a director and former executive vice president of General Motors, died Tuesday of cancer.

By JOHN CUNIFF
AP Business News Analyst

NEW YORK (AP)—American Telephone has just reported total revenue for the three months ending with November of nearly \$3.1 billion, which is a lot more revenue than a state the size of Texas collects in a year.

old, old discussion of how big is too big, a question to which there is perhaps no sure answer.

American business is big. About 60 American corporations have annual income of a billion dollars or more, and when the measuring stick is dropped to \$500 million we can count about 150 companies. Is this too big? There are some obvious examples in American history of laws broken through monopoly power, of companies who used their size to corner a market, or manipulate rates, or dictate wage or marketing conditions.

BIG IS BIG

These, however, were relatively easy to discern because specific antitrust regulations were violated.

How do you make a determination when laws are not

clearly broken? For critical purposes, bigness is relative. What is small now would have been large 50 years ago. What is big in one industry is not in another.

General Motors, for example, is the largest manufacturing corporation in the world, with assets of more than \$12 billion and income in the area of \$2 billion a year.

Without a doubt a company of

this size would dominate the textile or shoe industries. But the automotive industry is a business of big companies, perhaps a requirement of volume production. Ford, Chrysler and General Motors are among the top five companies in sales. Standard Oil of New Jersey and General Electric are the others.

GOVERNORS MARKET

Chase National Bank reviewed recent literature and distilled these are the prevalent

—not necessarily proven—charges against big business: —It decides which products to make and then forces them on the public. —It dominates education by forcing schools to teach subjects that meet job requirements. —It governs the labor market, forcing individuals to adapt skills and educations to its needs. —It magnifies unemployment problems by refusing to hike the

unskilled and by failing to move into depressed areas. Even if these accusations are accepted, could the truth of them be established in regard to a specific company? Would it take a long, long investigation, with inconclusive answers? A long, long investigation is now under way of AT&T, which dominates its industry as perhaps no other company in America dominates an area of enterprise.

LOOK, MR. DITHERS-- MY NEW "DUCK-BILL" PAPER STAPLER

YOU JUST PUT THE PAPERS IN BETWEEN AND SQUEEZE

IT NOT ONLY STAPLES THE PAPERS, BUT IT SAYS QUACK-QUACK-QUACK

I WISH I DIDN'T HAVE TO BE SO DIGNIFIED, SO I COULD HAVE THINGS LIKE THAT

RICK O'SHAY

HOWDY, PURTY FELLER! HOW COME YOU'RE A STARIN' AT ME LIKE THAT?

OH-- GORRY-- BUT IF I'M WHER I THINK I AM--

--I JEG NEVER EXPECTED T' SEE A ANGEL WEARIN A FEED-SACK DRESS!

STAN LYDDE

SNUFFY SMITH

TH' PARSON ET SUPPER WIF US LAST NIGHT AN' HE SAID MY FRIED CHICKEN WUZ PLUMB SINFUL

SINFUL FRIED CHICKEN? WHAT ON AIRTH MADE HIM SAY THAT?

HE DRAWED UP TO TH' TABLE AN' TOOK TWO SIZABLE BITES OUT OF HIS DRUMSTICK--

--AFOR HE REMEMBERED TO AST TH' BLESSIN'

KERRY DRAKE

TELL ME, SAM-- ARE RELATIONS BETWEEN BILLY AND HIS STEP-SON FRIENDLY?

THAT BOY WAS THE FIRST THING YOU'D DO?

--UNTIL THE APPLE TURNED ROTTEN, YOU MIGHT SAY!

GO ON AND HIT! WE'LL TELL YOU ABOUT ROSS AS WE WALK DOWN THE FAIRWAY!

AND ONLY A FEW MILES AWAY...

THEY'VE TRACED THE DRAKE COUPLE TO THIS AREA! WE'VE GOT TO FIND THEM! THE WIFE' BEEN EXPOSED TO RABIES!

WITH ROSS TAMA ESCAPED FROM JAIL, WE'VE GOT MORE ON OUR HANDS THAN WE CAN HANDLE!

BETLE BAILEY

BETLE, IF YOU WERE IN CHARGE OF THIS PLATOON SURROUNDED BY THE ENEMY--

--WHAT IS THE FIRST THING YOU'D DO?

GET ON THE TELEPHONE

AND?

ASK FOR A TRANSFER

PEANUTS

TELL YOUR ARM NOT TO WORRY-- HERE, READ THIS...

MEASLES IS THE MOST COMMON AND SERIOUS CHILDHOOD DISEASE! ...HAM...

COMPLICATIONS ARE MIDDLE-EAR INFECTIONS, PNEUMONIA AND EVEN BRAIN DAMAGE ...WOW!

DID YOU HEAR THAT, ARM? IT'S GOING TO BE WORTH IT!

DICK TRACY

OH, NO! NOT WITH THAT NEW LIGHTING SYSTEM THEY INSTALLED?

MURDER AT PARK POINT?

GET OUT OF YOUR COZY BED AND INHALE THIS INVIGORATING AIR! IT'S 8° ABOVE ZERO.

AT THIS INVIGORATING HOUR, I CAN THINK OF BUT ONE QUESTION: WHO IS SHE?

THAT'S AN INVIGORATING QUESTION.

MARY WORTH

WHAT AN UNUSUAL RING, MISS DAZZLE-- ARE THOSE EMERALDS THAT GIVE IT THE COLOR?

YES--IT WAS A GIFT TO ME FROM EDUARDO, MRS. WORTH!

THE EDUARDO? THE ONE YOU READ ABOUT IN ALL THE COLUMNS?

THAT'S EDUARDO!-- WE ONCE WERE-- ENGAGED!

HERE!-- TAKE IT, DARLING! IT NEVER BROUGHT ME ANY LUCK!

REX MORGAN

VERONICA... WHERE ARE YOU?

WHAT'S WRONG, MR. ARRODINE?

IT'S VERONICA... HAVE YOU SEEN HER, RUSSELL?

NO! SHE DIDN'T COME BACK INTO THE HOUSE!

SHE CAN'T BE VERY FAR! I'LL WALK DOWN TO THE ROAD, YOU SEARCH THE WOODED AREA, ON THE WEST SIDE OF THE PROPERTY, WE'VE GOT TO FIND HER!

TERRY

...DID IT THE HARD WAY, COLONEL, BUT I DID GET THAT COCKATOO WITCH OUT OF MY SYSTEM...

THE HELICOPTER, WITH TERRY AND MUSTER BLUE ARBOR, LANDS AT THE U.S.A.F. AIRBASE.

COLONEL LEE, SIR?... I'M CHAPLAIN TUTTLE'S ASSISTANT... HE ASKED IF YOU'D COME OVER TO HIS HUT RIGHT AWAY.

...THERE'S A LADY WITH HIM, WAITING FOR YOU, SHE GAVE THE NAME OF 'COCKATOO' AT THE GATE...

SMITTY

HERE COMES OUR BUS, BINNY

GOOD! WE'LL BE TO WORK ON TIME

GO!!! HOW COME THEY ALWAYS GO FIFTY FEET PAST YOU, AND WE HAPTA RUN AFTER 'EM-- I'M GONNA TELL THIS GUY OFF!!

OBOY! WILL I TELL HIM--!

LOOK, SMITTY! A FIVE-DOLLAR BILL!!

TOP O' TH' MORNIN', CHUM!!

MOON MULLINS

THE TITLE OF THAT ONE IS "GREEN AND PURPLE."

RATHER.

AND THAT'S "YELLOW ON YELLOW"

"BLACK AND WHITE" AND RED ALL OVER."

Friendly Giant Role Is Major Goal In Japan

TOKYO (AP) — A quarter of a century after Pearl Harbor, Japan is again established as a giant among Asian nations. It wants to be a friendly giant.

Relations with its neighbors range from uncomfortable to cordial. They are steadily improving, with World War II fading into the past.

Yet memories of the war and earlier occupations linger in some places. And there is some fear of economic domination by resurgent Japanese industry.

Japan itself is still emerging from the psychological shock of defeat.

It is promoting trade, but underplaying politics. Some critics have speculated Tokyo is peacefully trying to establish the "greater East Asia coprosperity sphere" that Japan failed to impose by force.

Japan is now offering economic and technical aid to other Asian countries. A Japanese Peace Corps is at work. Government ministers are making regular visits abroad. But Japan has far to go.

Here is a country-by-country rundown of Japan's image in the eyes of other Asians:

PHILIPPINES
The Filipino is gradually losing his hatred of his former conquerors. A few pockets of resentment remain.

SINGAPORE
Many here still hate the Japanese. Unwritten immigration laws ban any Japanese involved in the occupation from returning.

The government has urged people to forgive and forget.

INDONESIA
Japan is moving fast to gain a foothold in Indonesia. Particularly interested in developing oil fields, mining and industry. Japan gave Indonesia a \$30-million credit this year.

High pressure methods of Japanese, such as bringing 10 or more men into a conference with two Indonesian officials, disturb Indonesians.

MALAYSIA
Japanese advertisements flash in Malaysian cities. Japanese traffic includes businessmen, tourists, Peace Corps volunteers, aid mission and night club performers.

The economic invasion is likened by one merchant to the military invasion of 25 years ago. But this time, he said, "The Japanese are welcome — they offer all the good things in life, carpets to pearls, at a cheaper price."

The shadow of Red China darkens relations between Taipei and Tokyo. President Chiang Kai-shek's regime discounts a Japanese belief that Japanese trade with the mainland can be separated from politics.

Nationalist trade with Japan and Japanese loans are important factors in Formosa's economy. Contacts are correct, but lack the warmth Formosa shows to other nations such as the United States and South Korea.

SOUTH KOREA
To many Koreans, Japan is still a former enemy and colonial ruler with whom their government restored normal relations just a year ago.

President Chung Hee Park says Koreans do not have to forget the past, but must work with Japan to maintain peace and security in north Asia.

HONG KONG
Japan is Hong Kong's biggest supplier after Red China. Imports from Japan in the first six months of 1966 totaled about \$14 million compared to \$20 million from China.

Japanese businessmen say they have experienced no anti-Japanese discrimination in the British colony.

But it is generally acknowledged that there is an undercurrent of feeling — possibly minor — among middle-aged residents.

THAILAND
Thailand and Japan have excellent relations. But hints are dropped here from time to time about the dangers of an imbalance in trade.

In 1965, Japan exported to Thailand \$219 million worth of goods, one-third of Thailand's total foreign trade. Thailand's exports totaled \$151 million.

DEAR ABBY

She Needs 'Night Out'

DEAR ABBY: We are just ordinary people. My husband has a 9 to 5 job and I am only a housewife. We have been married for 10 years and in all that time we have never gone anywhere without taking our children. (We have three). I have never had one night away from home except those few when I went to the hospital to have another baby.

We have never hired a sitter. Never needed one. My husband said the children grow up so fast we should enjoy every moment we can with them. I love my children, Abby, but don't you think I deserve a night out without the children just once a year?

STALE MATE
DEAR MATE: Your husband forgets that you "enjoy" your children all day, everyday when he is at work. Remind him. I think you not only "deserve" an occasional night out, but you NEED one.

DEAR ABBY: My mother passed away early in November after a lingering illness. She knew she was dying and her last wish was that my sister's son go ahead and get married on the scheduled date, which will take place in about three weeks. My question: Do you think my three sisters and I should attend the wedding in our mourning clothes? And should we dance?

IN MOURNING
DEAR IN: Don't sadden an otherwise happy occasion by appearing in mourning clothes. (Your mother wouldn't have wanted you to). Dress as you normally would for a wedding, but don't dance.

DEAR ABBY: Last Sunday my husband and I were at my mother's when my in-laws dropped in unexpectedly on their way home from church. My husband was watching something on TV. Everyone gathered in the living room and started talking. My husband's mother asked him to turn down the TV.

He turned it down a little and drew his chair up closer to it and continued to watch while

Flash Blast Rocks Barge

SEADRIFT, Tex. (AP) — A flash explosion rocked a chemical barge floating in a canal at the Union Carbide plant early Wednesday, killing an employee of the Brown and Root Construction Co. of Houston.

The victim was identified by Union Carbide as Raul Morales, 33, of Long Mott, Tex.

A Union Carbide plant spokesman said the barge was being cleaned when the explosion occurred. There was only one person on the barge.

5,353 False Acts
WASHINGTON (AP) — Firemen in the nation's capital responded to 5,353 alarms in 1966. More than half — 5,353 — were false, officials said today.

Ex-Showgirl Will Go Free

ALBANY, N.Y. (AP) — One-time showgirl Madeline Webb will go free next Monday after 24 years in prison.

An Oklahoma girl who sought a Broadway career, she landed behind bars for conspiring in the killing of a wealthy New York woman.

Miss Webb, now 53, was convicted in 1942 and sentenced to life imprisonment.

In a traditional gesture of clemency, Gov. Nelson A. Rockefeller commuted the sentence before Christmas.

On Tuesday, the State Parole Board decided she would be freed Monday.

Final Clearance

ON LADIES' FUR TRIMMED COATS
