

Bingo Buffs

NY To Hire Gal Spies

NEW YORK (AP) — Bingo cheaters beware! The city is set to hire housewives as spies and, if they spot skullduggery, your number will be up.

License Commissioner Joel J. Tyler, announcing the plan Sunday, said the women will be undercover agents.

"I'm going to send teams to particular games in each of the boroughs," he said. "It isn't that we suspect any widespread cheating, but some bingo fans become real experts in playing this game. So expert that they win all the time, and they win because they've learned how to cheat."

Bufs Big Spenders

As for the female spy squad, Tyler commented, "I'm not going to say publicly how many we're going to hire."

The commissioner said the city realized \$800,000 in fees from bingo games last year and quoted a report saying New York State bingo buffs spent \$30.8 million in 1964.

The state gets a \$12.50 fee and the city \$10 for each "occasion" at which the game is played. Bingo games are conducted by many religious organizations and clubs, with volunteers running the games.

Extra Cash To City

Tyler told of his bingo spy plans on the WTRB radio program "New York Speaks Out."

Plans call for the women agents to work two nights a week. They'll be paid \$20 a night to play bingo and observe. If they lose, they'll be reimbursed. If they win, the extra cash goes to the city.

The women will make no arrests. They will report irregularities to the License Department. Department inspectors will take it from there. The women selected will receive one week's training from the state Bingo Control Commission.

Filmsies Foil

Bingo is a form of lottery. Numbers are drawn and announced. Players may hold one or more cards and mark the numbers when they appear on their cards. A set of five numbers running horizontally, vertically or diagonally wins.

One Bronx woman, Tyler said, was arrested last week.

"She pasted little paper squares with the winning numbers on her playing card," the commissioner said. "And just to make sure, she had confederates sitting on either side of her to verify her wins."

"We might never have caught up with her if she hadn't forgotten to take the card home with her one night. One of the game operators felt the filmsies pasted on it."

Tyler said there were many other ways of cheating at bingo, but "I don't want to go into detail about it — I don't want to give anybody ideas."

Cool Calculator

PORTLAND, Ore. (AP) — Julie Rodgers is learning computer programming for the day when she retires as an exotic dancer.

Miss Rodgers, 32, has been an entertainer for 10 years. Now appearing at the Broadway Inn, she is taking the second half of a year-long class in computers at a school across the way.

Miss Rodgers, whose measurements are 38-25-35, says she majored in astronomy at the University of Minnesota for a year when she was younger.

A letter from her mother a few months ago convinced her she should try a computer school, she said.

"I was afraid my brain had sort of been embled after 10 years in show business. But I discovered I was thinking just as fast as ever," she added.

Crown Prince Looking

DUBLIN, Ireland (AP) — Crown Prince Carl Gustav of Sweden, on his 21st birthday Sunday, told newsmen he has no special girl yet.

The prince celebrated with a party aboard the Swedish navy's 4,200-ton training ship Alvsnaven, here on a courtesy visit after a six-month world cruise.

Asked if he might marry Britain's Princess Ann, daughter of Queen Elizabeth II, the prince shrugged, grinned, and said: "There is no special girl back home. I'd be glad if there was."

The prince has signed on for 2½ years as a naval cadet.

Tornado Destruction

Homes in residential area of Waseca, Minn., southeastern part of Minnesota leaving 16 dead and at least 100 injured. The death toll at Sunday night. At least six tornadoes hit in the area. (AP Wirephoto).

Teenager Named In Shooting Of Another Early Sunday

A 17-year-old youth was charged with murder with malice early Sunday morning, after Abel Tovar, 19, was shot and killed while attending a birthday party and dance given by Mrs. Claudia Lopez in the Settles Hotel ballroom.

ARRESTED
Juan Solis was arrested by officers Paul Alexander and Paul Scott after a high speed chase of the car in which he was an occupant. Justice of the Peace Jess Slaughter set bond for the youth at \$10,000, and he remained in city jail until this morning, when he was moved to the county jail.

Tovar, son of Mrs. Marie Tovar, 702 NW 5th, was pronounced dead on arrival at Hall-Bennett Memorial Hospital at 1:10 a.m. Sunday.

Big Spring police were called to the hotel at 12:48 a.m. in reference to a shooting. Officers arriving at the scene saw five youths carrying another, later identified as Tovar, who was wounded in the chest. They put the boy in the patrol car and carried him to the hospital.

Minutes later, Alexander and Scott, alerted by Bill Tune, driving an Ace wrecker, gave chase to a car that had just left the hotel area. Tune kept them posted of the car's direction, and officers spotted the car as it ran a stop sign at Third and Lancaster.

They pursued the vehicle, stopping it at Second and San Jacinto. Alexander said he saw one of the four occupants of the car throw a pistol to the pavement as they drove up.

ALL FOUR
The officers arrested all four of the youths, including Juan Solis. They said Solis admitted being at the hotel, after which, he was taken to the police station and charged with murder.

The driver of the car was charged with traffic violations and the other two were charged with drunkenness.

Officers had been called earlier to the ballroom at 10:06 p.m. regarding a disturbance, but it was settled without arrest. Again at 11:15 police were summoned and a woman was arrested for causing a disturbance and for being drunk.

Abel Tovar was born April 30, 1949 in Denver, Colo., and was a member of the Baptist church. Funeral services are pending at Nalley - Pickle Funeral Home.

Survivors include his mother, Mrs. Marie Tovar; one brother, Pedro Tovar Jr., of Minit AFB, N. D.; one sister, Mrs. Augustina T. Ortiz, San Angelo; and a maternal grandmother, Mrs. Susannah Garcia, San Angelo.

Will Not Go Before Jurors

Wayne Burns, district attorney, said that he has no plans to lay the murder case filed Sunday against Juan Solis, 17, of Vealmoor, before Tuesday's session of the Howard County grand jury.

"We have not had time to investigate the case completely," he said. "I have found in the past that it is not always helpful to be too hasty in presenting matters of this kind to the grand jury. It is better to have all of your case completed before taking it before the panel."

Solis is charged with having shot Abel Tovar, 19, to death early Sunday morning.

Meantime, the grand jury will face a heavy two-day docket, which will bring at least 20 felony investigations before it.

Judge Ralph Caton will assign the grand jurors to duty at 10 a.m. Tuesday. At that time, he will announce what he intends to do about the vacancy on the panel caused by the removal of one grand juror from Howard County to Midland.

Twisters Kill At Least 16; 100 Injured

C-City Man Dies Of Wreck Injuries

COLORADO CITY (SC) — J. P. Nunn, 70, died two hours after his car was smashed at the north edge of town Sunday by another car being chased by a state highway patrolman.

SERIOUSLY HURT
Mrs. Nunn, 69, was seriously hurt. Jim Raymond Burditt, 19, Snyder, driver of the 1959 model car being chased by Highway Patrolman Buddy Hertenberger, was transferred to a Snyder hospital for treatment of a leg injury and possible arm fracture.

The tragedy occurred at the intersection of State 295 and the Interstate 20 service road. Hertenberger said he was following the car south on SH 295 (the Snyder road) when the crash occurred. He declined to say how fast he was traveling nor the nature of the offense which prompted him to follow the car.

He contended this might jeopardize a case under the Texas Criminal Code. Other witnesses, however, said the "Burditt" car was traveling at a high rate of speed when it struck Nunn's 1967 model car.

Mr. and Mrs. Nunn, who live at Route 3, Colorado City, had been in Midland visiting a son, it was reported, and had stopped in Big Spring to visit his brother and sister, Bob Nunn and Mrs. Inez Lewis, and were on their way home when the collision occurred at 5:49 p.m.

Mrs. Nunn underwent surgery at Root Memorial Hospital and Monday morning her condition was listed as fair.

Mr. Nunn was born Feb. 15, 1897 in Colorado City, and was married to Miss Embury Dulin. Surviving him are his wife; two sons, John William Nunn, Fort Worth, and Thomas B. Nunn, Midland; two daughters, Mrs. Malcolm Mayes, Fort Worth,

Mrs. Ralph Nelson, Wisconsin; a brother, Bob Nunn, Big Spring; two sisters, Mrs. Inez Lewis, Big Spring, and Mrs. Sude Boatright, Garland; 12 grandchildren.

FUNERAL
Funeral will be held at 4 p.m. Tuesday in the First Methodist Church of Colorado City, with the Rev. Jesse Dea, pastor of Buford Methodist Church, officiating, and burial in the Colorado City Cemetery. Kiker and Son Funeral Home has charge of arrangements.

The armored vehicle was hijacked in the Islington district of North London.

Police said the truck's crew of three men was overpowered by the gang, who then drove it away.

The vehicle was found abandoned in Kentish Town, about four miles away, with the crew tied up in the back.

The daring robbery was one of the biggest in Britain since the \$7-million, great train robbery in 1963.

One member of the truck's crew was taken to London's Middlesex Hospital with head and chest injuries.

HIGH WAVES
Police said high waves driven by powerful winds knocked Erick Halverson, 18, and his 17-year-old twin brothers, Nathan and Art, off a pier (also Lake Superior) Boatswain Mate 1st Class Edgar A. Culbertson also was washed off the breakwater and drowned.

A band of possibly a half-dozen tornadoes smashed across a 50-mile-wide area of southern Minnesota around the dinner hour Sunday night.

"HORRIBLE"
"It was horrible!" exclaimed Mrs. Archie Draheim of Waseca. "We were sitting at the dinner table eating when the picture window hit me and my husband right in the face. There was no warning. There was this terrible rain falling and all of a sudden I was diving along the floor with glass all around me."

She and her husband were treated for cuts at a hospital and released.

Countless others were similarly taken by surprise, even though a tornado watch had been issued by the Weather Bureau for the area.

HEAVY RAIN
The tornadoes roared upon them in the midst of heavy rains and nearing dusk, which apparently prevented them from watching the skies closely.

Witnesses said the Waseca warning siren began blaring a couple of minutes after the tornado had passed.

One of the first on the scene at Waseca was Arthur Kost, whose ambulance service in Mankato took two ambulances to the stricken town of 6,100 some 25 miles to the east.

DECAPITATED
"I picked up two dead people, one of whom was almost decapitated," said Kost. "I saw several cars that had been knocked around like balls. At first, the hospital was a mass of confusion. People were sitting on chairs and lying on stretchers."

Five were killed in Waseca and two were critically hurt and taken to a Rochester hospital.

Police searched the wrecked area today but reported no additional dead or injured.

More than 60 persons were treated for injuries and 14 remained hospitalized in Waseca.

Police said eight Waseca homes were destroyed and about 30 others were damaged, some severely, on the south side of Clear Lake, where the twister hit. Many cars were damaged.

GUARD-DUTY
National Guard units were on duty guarding the twister-damaged area, a stretch about two blocks wide and eight blocks long in the southeast part of town. The twister struck over Clear Lake and struck homes on the other side.

Albert Lea had a wider area of destruction, but the known dead there was two — Elmer Manuel, 41, and his wife Lucy, 46, both of Albert Lea. Ten persons were hospitalized at that city, and about 40 were treated and released.

Ten persons were hospitalized at Albert Lea. Twenty others were treated and released.

The tornado hit Albert Lea's west side, then slid around the north edge of the city of 19,000. It cut a path about 20 feet wide for 2½ miles, damaging or destroying nearly 100 homes.

Texas Twister Topples Trees

By The Associated Press
April storms carried over into May today, bringing rains up to nearly six inches, an isolated tornado, and winds strong enough to topple trees and pull down power lines.

Severe thunderstorm alerts came and went for much of Northeast, North Central and Central Texas during the morning with no injuries reported.

Torrential rain hit Waco before dawn, filling some streets curb deep with water.

HAIL STORM
A tornado which a teenage athlete thought appeared similar to a basketball — "it swooped down and went up again" — destroyed a barn and twisted trees at the Jack Eford farm southeast of Pittsburg in Northeast Texas. More than three inches of rain had fallen by mid-morning and it still was falling.

Georgetown in Central Texas had 5.3 inches of rain by 8 a.m., including more than two inches which fell during a vicious wind and hail storm Sunday night. Power was disrupted.

Leander, 24 miles northwest of Austin, had 3.5 inches in two separate wind and hail storms Sunday night and this morning but damage was restricted to barns and trees.

POWER FAILURE
Marble-sized hail and heavy rain hit Marble Falls.

Dallas and Ellis counties suffered some power failure during an electrical storm that packed 60-mile-an-hour winds and hail during the night, although the official rain total was less than an inch.

The Weather Bureau reported winds up to 60 miles per hour hit Redbird Airport south of Dallas and deluges descended in several suburban areas along with some hail.

At the same time radar spotted severe thunderstorms boiling along a line 40 miles wide from Waco to Mount Vernon and surging toward the northeast.

ROLLS TRAILER
During most of the night other menacing storms, some packing considerable hail, marched in bands from north of Junction past Rocksprings and Mason and on to the east.

These developments followed hard on the heels of damaging storms Sunday in an area northeast of Dallas, where three persons suffered minor injuries as twisting winds rolled their house trailer at Lake Rockwall, and at several points in the Austin vicinity.

SLOWS TRAFFIC
The mobile home occupied by Mrs. Al Hagan, wife of an Associated Press employee, and the couple's two children caught fire after being tumbled over at least twice at Lake Rockwall.

Water covered Interstate 20 in Rockwall County between Dallas and Greenville for a time, once restricting traffic to a single lane in places.

Wind and hail inflicted severe damage at New Sweden, 12 miles east of Austin, snapping power lines, demolishing two barns and battering two homes hard.

FLASH FLOODING
A 20-minute downpour caused brief flash flooding in the north part of Austin while hail as big as golf balls pounded Georgetown and Leander, in the same area.

Daring Gold Theft Staged

LONDON (AP) — Bandits overpowered the crew of an armored car in London today and got away with gold bullion estimated to be worth \$2.1 million, a Scotland Yard spokesman said.

He said the gold was in 140 ingots.

The armored vehicle was hijacked in the Islington district of North London.

Police said the truck's crew of three men was overpowered by the gang, who then drove it away.

The vehicle was found abandoned in Kentish Town, about four miles away, with the crew tied up in the back.

The daring robbery was one of the biggest in Britain since the \$7-million, great train robbery in 1963.

One member of the truck's crew was taken to London's Middlesex Hospital with head and chest injuries.

'Zero Hour' Recommended

By CYNTHIA LOWRY
Associated Press TV-Radio Writer

NEW YORK (AP) — NBC skipped a rerun of "Hey Landlord" Sunday night in favor of a half-hour show called "We'll Take Manhattan." It was close to a disaster as a comedy, but it held a certain fascination for a student of television.

It was a comedy of a type the industry calls a pilot. This is a single show made primarily for network executives and sponsors to decide its possibilities as a series.

Because pilots cost so much to make — \$50,000 is not out of the ordinary — they are a big loss when they fail to sell.

Each summer CBS gathers a few to run when "The Lucy Show" takes a vacation and some — but by no means all — of the loss is recovered. Usually, they are pretty sad efforts. Sunday night's seemed to be spectacularly bad.

WARPATH
The premise was to have some Wyoming Indians claim Manhattan and pitch their teepee on Park Avenue. They acted like aborigines. If that pilot had sold, it just might have started the modern Indians on the warpath, and this time with good reason.

Television networks when dealing with delicate, adult subjects usually schedule them in the late evening, presumably after young children are in bed.

NBC's "Today Show" in a rare special program in early evening time Sunday presented a full and extraordinarily frank report on "the pill," taking up in detail the whole subject of oral contraceptives.

The approach was clinical. It brought in experts to discuss the moral, religious, medical, physical and psychological aspects of the subject and it was extremely well organized and enlightening.

The same network's Sunday afternoon "Experiment in Television" series came to a close with an hour devoted to showing films made by young students of motion picture techniques.

'THE BOXER'
Two of the most interesting were "The Boxer," by two British students and a cartoon by a New York University man.

The English film used familiar television documentary technique. It showed a professional fighter preparing for the ring and in it we heard his views, recorded previously, describing his motives and emotions. The cartoon, by Paul Glickman, was drawn and animated in primitive fashion and synchronized to a calypso song. It was gay and funny.

The series has moved from original drama to a documentary type approach, and has generally been interesting. NBC will bring it back next season.

Recommended tonight: "Zero Hour," ABC, 10-11 EDT, one-man show starring Zero Mostell; "The Las Vegas Show," premiere, 11-30-1 a.m., variety with Bill Dana, on 120 local stations.

Dear Abby Tell Him To Get Off The Floor

DEAR ABBY: I have a son-in-law who is nearly 30 years old. He is wonderful to me, but he gets on my nerves when he is at my house, which is quite often.

The problem is, he wrestles with my daughter (his wife) on the living room floor. She gets angry and tells him to quit, but it does no good. Easter Sunday they tipped over an end table and smashed a lamp, and then he broke the leg off a dining room chair. He said he was sorry and tried to fix it. He doesn't act like that over at his mother's place, so why does he do it here?

I don't say anything. I just ignore it as I wouldn't want to hurt his feelings, but I wish I knew why he acts this way in my house. MOTHER-IN-LAW

DEAR MOTHER-IN-LAW: Your son-in-law is emotionally still a "big baby," who wants attention, and this is his way of literally "getting the floor." He doesn't act that way at his mother's house because, she wouldn't put up with it. Don't ignore it. Tell him to "work out" his aggressions in a gym and leave your daughter alone, or the next "leg" he breaks could be hers.

DEAR ABBY: If that "charm-

Local Pilots Help Search

Turbulent air Sunday hampered the three-day search by local and area Civil Air Patrol pilots for a missing plane, but they did find a BT-13 World War II trainer, that is believed to have crashed 10 years ago.

CAP search pilots from Odesa, Midland, Big Spring, Kermit, and San Angelo participated and were to continue today. The missing airplane is a Piper Comanche flown by Paul Ivey of Pecos and was en route to Los Mochis, Mexico, when reported missing Thursday.

Lt. Col. Joe I. Johnson, Odesa, called out CAP searchers immediately. Members of the Big Spring Composite Squadron assisting in the search, according to WO Kenneth D. Lawhon, were 1st Lt. George E. Andrews, CW2 Valdes E. Best, and M. Sgt. Midge Hoover.

Linda Cathey Wins 'First's'

Linda Cathey captured two first places and barely missed a third in the Southwest AAU Age Group Invitational swimming meet at SMU in Dallas during the weekend.

Linda shaved three seconds off her best time to capture the individual (200 yards) medley in 2:25, then took first in the 100-yard breast stroke in 1:14.3. This was two seconds better than she had done before.

Competing for the first time in the 100-yard fly stroke, she finished 1 of a second off the pace of Jennifer Webb, of Houston's Dad's Club, who posted at 1:06.3. Linda had counted on still two seconds better time in the individual medley but two rough turns slowed her a bit.

She plans to concentrate on dry-land training for the next two months, getting back into the water around June 1 for a try at national qualifying by July 1. Then in July and August she plans to compete in several meets. Linda is the daughter of Mr. and Mrs. Jack Cathey.

Lester Morton New Director of WTCC

Lester W. Morton has been named director of the West Texas Chamber of Commerce for the next three years, according to an announcement by Don Wooten, Abilene, president of the WTCC. The new director was elected at the 49th annual convention in Del Rio last week.

"We hope that the new directors in each town will add important impetus to the WTCC program of work in the local community," Wooten said when the names of the new directors were announced.

It is the function of the director to act as liaison between the regional Chamber of Commerce and the members of the board of directors. He speaks for the entire membership in his town on matters of a regional nature and acts as a communicator to the members on all matters concerning projects of the WTCC.

Quarterly directors' meetings are held in various parts of the 132-county service area of the WTCC.

Herald publisher R. W. Whipple also represents Big Spring on the regional organization board of directors.

Burglary Filed

Charges of car burglary have been filed against Steve W. Birghan, 17, it was announced at the sheriff's office today. The defendant has been removed from the city to the county jail, following his apprehension during the weekend.

More Hangars

DENTON, Tex. (AP)—Construction is nearing completion on a new 40-plane hangar at Denton Municipal Airport, airport manager Jack Noble said. Already completed are 10 T-hangars for storage of individual aircraft. With completion of the main hangar, the Denton facility will be able to store 75 planes compared to only a dozen previously.

Lester Morton Sheriff Says Teen Admits Killing 3

GILMER (AP) — Authorities quoted Jerry Hadaway, a 6-foot-2 teenager, Sunday as admitting he killed his parents and grandfather with a shotgun after a family row.

The slayings occurred Thursday night at their East Texas farm home seven miles southwest of Gilmer near the Pritchett community.

It was Saturday, however, before relatives went there, learned the three were unaccountably missing and began a search. Tractor marks led to a newly dug spot in a pasture not far from the white frame house.

SHALLOW GRAVES
Under six inches of earth they found the bodies of Dale Hadaway, 44; his wife Dorothy, 39, and the slain man's father, Earnest J. Hadaway, 71.

Dist. Atty. Lowell Holt charged young Hadaway with murder. He was ordered held without bond.

Since he won't be 17 until August, it will be up to Dist. Judge L. E. Lindsey to decide whether the youth shall be tried before his next birthday as a juvenile or afterward as an adult.

STOMP THREAT
Sheriff Doyle Johnson said the teenager related these details: Jerry got into an argument with his mother and his father shouted: "I'm gonna stomp you!" The son seized a shotgun and mowed them down.

Awakened by the gunfire, his grandfather walked from a bedroom and also was shot. Young Hadaway buried the victims and went to school as usual next day. He spent that night in a neighboring community at the home of a sister, Mrs. Virginia Gunn.

Officers questioned him after the discovery of the bodies. His statements to the sheriff followed.

Texas City Pilot 'Clobbers' Rails

SAIGON (AP) — U.S. pilots struck at the Ha Gia railroad yard 19 miles north of Hanoi Sunday, leaving the area in flames, the Air Force said.

A spokesman said bombs plowed furrows up and down hundreds of feet of track and smoke rose 1,000 feet after numerous secondary explosions.

One pilot, Maj. Samuel H. Martin, 35, of Texas City, Tex., said the place was "clobbered."

"In fact, we smashed the area," he said. "Everything was going up. When I looked back it was burning intensely."

Are you holding up the U.S. Mail?

It happens every day! People hold up mail service for themselves and for everyone else by not using Zip Code on their mail.

Their mail has to be sorted and re-sorted several times along its route. A single unsorted letter can slow up the mail at 6 post offices!

But when your letter has Zip Code, postal workers can sort it faster and send it more directly to its destination. They will use modern electronic machines that "read" Zip numbers and sort mail fifteen times faster than was possible before.

So remember:

1. Always add Zip Code to every address you write to. If you don't know the number, call your post office or look it up in their Zip Code Directory. Local Zips can be found on the Zip Map in the business pages of your phone book.
2. Add Zip Code to your return address, too. That makes it easy for others to Zip their mail to you.

The post office must handle over 200 million new pieces of mail a day. Don't hold it up. Use Zip Code!

Mail moves the country—ZIP CODE moves the mail!

Uvalde Service Center Slated North Texas State Gets Live Mascots

UVALDE, Tex. (AP)—Uvalde is to have a neighborhood service center believed the first of its type under a new federal development program. Mayor Melvin Rowland said it will cost \$425,000 to \$500,000.

It will include a multipurpose building, library, youth center, health and educational facilities and a swimming pool. The city pays two-thirds and the government a third.

DENTON, Tex. (AP) — The North Texas State Eagles will have live mascots for the first time in more than 10 years. Two European Crescent Serpent Eagles have been purchased by students of North Texas through the men's service organization, The Talons. The two feathery supporters will be transported to football games and other athletic events.

Elvis Gets Marriage License

Elvis Presley and his long-time sweetheart, Priscilla Beaulieu, received a marriage license today in Las Vegas, according to a local official. Presley, 32, met Miss Beaulieu, 21, when he was stationed with the Army in Germany in 1959. She is daughter of lieutenant colonel. There was no report on wedding date or plans. (AP Wirephoto).

Texas Violence Takes 28 Lives

By The Associated Press
Violence claimed 28 lives in Texas during the weekend. The fatalities occurred between 6 p.m. Friday and midnight Sunday. Included in the toll were eight shootings, seven traffic deaths and six drownings. Among the victims were:

Two Fort Worth boys drowned Sunday when a small tin boat capsized in 12 feet of water in a pond near the city's I.M. Terrell High School. The youths were James Leroy Johns, 11, and Tommy Washington, 13.

GIRL DROWNS
Pedro Ybarra, 44, of Seguin died Sunday in a Luling hospital of injuries suffered in a two-car collision on US 90. The accident occurred a few hours earlier about four miles west of Luling. Two persons in the second car were injured, Anita Smith, 61, of Houston critically.

Annette Crocker, 9, of Houston drowned Sunday while playing in the San Jacinto River in Houston's northern section.

Mrs. Maria de Hoyas, 18, was killed Sunday when a pickup truck driven by her husband overturned on FM 562 about 16 miles south of Anahuac.

Mrs. Gertrude Evelyn Allen, 71, of Dublin was killed Sunday when two pickup trucks collided on US 281 at the eastern edge of Stephenville. Five persons were injured.

A shotgun blast killed Francis Dunnam, 56, Sunday night in the Dallas suburb of Mesquite.

A collision of two cars near the west edge of Fort Worth killed Thomas J. Love, 39, early Sunday.

A car struck and killed Airman S. J. Fischer, 20, of Baldwin, N.Y., early Sunday in San Antonio. Police said Fischer had just stepped from a car which had stalled.

Ricardo Berrera, 25, of Levelland was fatally shot Sunday with a .22 caliber rifle.

Ruday Cardenas, 17, drowned Sunday in a boating mishap on Canyon Lake, near New Braunfels.

FIGHT CANCER WITH A CHECKUP AND A CHECK

Bridge Test

—CHARLES H. GOREN

BY CHARLES H. GOREN
(© 1967 By The Chicago Tribune)
ANSWERS TO BRIDGE QUIZ

Q. 1—As South, vulnerable, you hold:

♠KQJ10963 ♥7 ○862 ♣54
The bidding has proceeded:
North East South
1 ○ Pass 2

What do you bid?
A—Four spades. First of all because there is a good chance you will make it and second because the enemy may have available a game contract in hearts which your action will serve to forestall.

Q. 2—Both vulnerable, you have 60 point score, and as South you hold:

♠KQ9 ♥AQ9 ○AQ64 ♣J93
The bidding has proceeded:
East South West North
1 ♣ Dble. 1 NT Pass
Pass Dble. Pass 2 ♣
Pass ?

What do you bid now?
A—You hold, to be sure, a hand of considerable merit. Do not on that account, however, subject yourself to a deliberate loss. Pause for a moment to ask what are the chances of your making nine tricks with your poorly stricken partner and you will see that discretion calls for a pass. You have given your all.

Q. 3—East-West vulnerable, as South you hold:

♠AKJ762 ♥4 ○8432 ♣A3
The bidding has proceeded:
South West North East
1 ♣ Pass 2 ♣ Pass ?

What do you bid now?
A—Your holding falls slightly short of the requirements for a jump rebid to three spades, and you must content yourself with a simple rebid of two spades. This hand had an original valuation of only 15 points. You should, therefore, await partner's further action, before making any highly aggressive move.

Q. 4—As South, vulnerable, you hold:

♠J64 ♥10842 ○943 ♣862
The bidding has proceeded:
West North East South
1 ♣ Dble. Pass ?

What do you bid?
A—Follow the example of the chap who said, "I seen my duty and I done it." Obediently bid two hearts, the best suit you have. Some players engage in the unsound practice of responding with two clubs on worthless hands of this type. Such practice would be acceptable if you had no four card suit of your own, but the natural four card suit

should always be shown in preference to responding with a three card suit.

Q. 5—Your partner has opened with one spade and you hold:

♠82 ♥93 ○KJ9742 ♣KJ5
What is your response?
A—One no trump. This hand is not quite strong enough to justify a response at the level of two in a new suit. It contains only eight points in high cards. It is true that valued at diamonds the hand is worth 10 points, but it is better policy not to make a forcing bid at the level of two with less than nine or 10 points in high cards.

Q. 6—Both vulnerable, as South you hold:

♠A85 ♥AK74 ○AQ93 ♣72
The bidding has proceeded:
South West North East
1 ♥ Pass 2 ♥ Pass ?

What do you bid now?
A—Three diamonds. Your hand is worth 14 points valued at hearts and 17 at no trump. Therefore, one further try should be made. If partner merely returns to three hearts, you may pass but, if partner bids three no trump or four hearts, you should accept his choice of game.

Q. 7—East-West vulnerable, as South you hold:

♠A962 ♥J10943 ○1054 ♣J
The bidding has proceeded:
North East South West
Pass Pass Pass 1 ♣
1 ♣ Pass 2 ♣ 3 ♣
Dble. Pass ?

What do you bid now?
A—Your hand has very little in the way of defensive values. As a matter of fact, it is totally in partner's bid suit, which detracts from its value. It is therefore improbable that the three club contract can be defeated. In self-defense you should return to three spades.

Q. 8—Neither vulnerable, as South you hold:

♠6 ♥AS ○KQ985 ♣AK963
The bidding has proceeded:
South West North East
1 ○ 1 ♣ 2 ♥ Pass
3 ♣ Pass 3 ○ Pass ?

What do you bid now?
A—Three hearts. Since partner has made a free bid at a high level, he undoubtedly has a good heart suit. From the fact that you failed to raise his major suit at once, he will realize that you probably have no more than the ace and another trump, and you will be in a better position to judge the possibility of the hand after his next bid.

Steel Firm Denies Foreign Purchase

WASHINGTON (AP) — A news conference for this afternoon. American steel companies probably imported much of the foreign steel from which they want trade protection is denied by one major producer.

Rep. Thomas B. Curtis, R-Mo., raised the charge Sunday in a report to the House on the 70-nation trade talks at Geneva.

Joseph L. Block, board chairman of Inland Steel Corp., said in Chicago his firm "has purchased no imported steel and has no intention of doing so."

Ex-Con Faces Rape Charge

MINEOLA, N.Y. (AP) — An ex-convict and ex-mental patient has been charged with raping a 16-year-old Long Island girl in a church.

Arthur Beyer, 30, a Freeport, N.Y., handyman, spoke to his weeping estranged wife, Joan, for five minutes before he was led from court to a detention pen.

His arraignment was put off to allow the 1st District Court time to appoint a lawyer for him. He said he had no money for counsel.

Mrs. Beyer, separated from her husband eight months, watched from the back of the courtroom as he was ordered held without bail because of what an assistant district attorney termed a "quite extensive" criminal record.

Beyer had been arrested 18 times previously, extending back to 1956. He has served time in Elmira Reformatory and was committed twice to Harlem Valley State Hospital, a mental institution, records show.

He was arrested Saturday. Police said his police photograph had been identified by the victim as the likeness of the man who raped her last Wednesday night in a Merrick church.

She had been on one of her regular trips to the Cure d'Arce church to light a candle and pray for her brother in Vietnam when a pock-marked intruder shoved her to the floor and assaulted her, police said.

School Trustees Request Probe

VIDOR, Tex. (AP) — The Vidor Independent School District board has invited the Orange County Grand Jury to conduct an investigation of allegations that \$23,573 in school funds have been misappropriated.

Trustees made the request in defense against allegations which they said were made during the recent school board election campaigns.

The money had been transferred from the building fund to the local maintenance fund during March, 1964, the school board said, but later was transferred back to the building fund.

British Cabinet Okays Mart Bid

LONDON (AP) — Prime Minister Harold Wilson's Cabinet agreed Sunday that Britain should try again to join the European Common Market, but it set conditions apparently to assure protection of its trading interests.

The conditions were kept secret. They were part of a compromise agreement reached at an eight-hour meeting at Chequers, the prime minister's official country home.

FREE HAND

Wilson sought a free hand to negotiate Britain's entry into the six-nation customs union. But seven or eight of the 21 Cabinet ministers are known to oppose British entry. They stressed the economic risks and tried to attach conditions that might cripple British negotiations at Common Market headquarters in Brussels.

Officials said the compromise forestalled, at least for now, any resignations by these ministers.

DE GAULLE VETO

Britain tried to join the Common Market in 1963, but its application was vetoed by French President Charles de Gaulle. Continental supporters of the British candidacy have urged Wilson to join as quickly as possible then negotiate the best possible deal from the inside.

The critics in Britain want to arrange safeguards before they agree to membership.

Among major problems worrying the Cabinet critics are the Common Market's agricultural system and its higher food prices; the future of New Zealand dairy produce and West Indian sugar, which long have been dependent on sales to Britain; the future of the British pound; the length of the transition period to cushion the change in industry and the British welfare state apparatus; and the free movement of workers.

COMPROMISE

Under the compromise agreement, it presumably will be up to Wilson to decide what measures are necessary to safeguard the interests of Britain and the British Commonwealth, including New Zealand and the West Indies.

The agreement is to be ratified at a formal Cabinet meeting Tuesday and announced to Parliament and the nation shortly after.

The leading Cabinet opponent of economic integration with Europe is Douglas Jay, president of the Board of Trade. Others are believed to include Transport Minister Barbara Castle, Commonwealth Secretary Herbert Bowden, Agriculture Minister Fred Peart, Scottish Secretary William Rose and Housing Minister Anthony Greenwood.

Plane Crash Dead Listed

FORT WORTH (AP) — Two Carswell Air Force Base airmen were killed Saturday when their light airplane crashed in a wooded field in suburban North Richland Hills.

The victims were George R. Whitney Jr., 36, and Sgt. Robert V. Spencer, 37, both of suburban White Settlement.

Investigators said Whitney, who had purchased the single-engine Aerovion Chief only last week, was believed to be at the controls.

Witnesses said the blue and white plane went into a spin after making a 90-degree left turn and dove sharply to earth from about 350 feet.

A Federal Aviation Administration official said the men were flying takeoff and landing patterns from Mangham Airport in nearby Smithfield.

Airman Ciro R. Balzano, 30, apparently escaped the fatal flight at the last minute. "I told them I'd sit out on this one," Balzano said. "I'd flown in the plane last weekend with its former owner."

Two airmen who died in the plane crash had offered to stay behind so Balzano might get up on the day's first flight.

Horoscope Forecast

—CARROLL RICHTER

GENERAL TENDENCIES: You have all kinds of choices to get out from under some deceptive conditions early and to let those about you realize that you are an up-to-date individual who knows how to take current ideas and apply them to some streamlined project that can aid you and your friends. The evening becomes quite practical in tone.

ARIES (March 21 to April 19): You are the best now realize your true worth and give you the backing you need in some plan that is vital to you. Step out to the social life and renew old acquaintances. Put away some of those jobs that you really need not do.

TAURUS (April 20 to May 20): Don't believe to go to that higher-up date ask for advice for your best plans, or support for that of monetary nature. Do whatever will improve your credit. Get all tasks operating in a more modern manner.

GEMINI (May 21 to June 21): You can start in a superior way with your affairs by being very dynamic, interested, enthusiastic. Search for ideas and individuals who can supply the date and backing you need, which will propel you forward. Have patience, date.

MOON CHILDREN (June 22 to July 21): Doing whatever will gain you the cooperation of experts is fine. It is in private or business life. Show the ones you love that your business devices. Actions speak much louder than words.

LEO (July 22 to Aug. 21): Take the time to talk over with associates new policies under which you operate in the days ahead. Competition is more open-mindedly supportive now. Contact them.

VIRGO (Aug. 22 to Sept. 22): You can handle your particular work in a most efficient and practical way now. Get ahead by using a new system that really works. In the face of some control your home more comfortable, charming.

LIBRA (Sept. 23 to Oct. 22): Being with some good friends who understands you is fine. The time of the type of recreation you both enjoy. Forget any worries you may have. Then drive into your work with vigor.

SCORPIO (Oct. 23 to Nov. 21): Reveal the situation of home and soon all blows over very nicely of its own volition. Keep appointments; attend meetings. Light entertainment of home would be ideal in p.m.

SAGITTARIUS (Nov. 22 to Dec. 21): If you talk matters over with associates, you find that you get all of your affairs running smoothly in big time. Keep appointments; attend meetings. Reassurance, be sure to complete reports.

CAPRICORN (Dec. 22 to Jan. 20): Spending in an intelligent manner is your habit now, since you are pretty much in a rut, either in one direction or the other. Add to or improve real estate you own. Be sensible, practical.

AQUARIUS (Jan. 21 to Feb. 19): An early visit to beauty or barber shop will see you making a fine impression on others in social life in p.m. Wear your nicest attire. Others will appreciate you more and extend favors you desire.

PISCES (Feb. 20 to March 20): You get information confidentially of this time that should be studied and then used to your most ethical advantage. This can be a fascinating day. Someone is pretty much in the offering tonight.

IF YOUR CHILD BORN tomorrow, he or she, will be one of those fascinating youngsters who will every day be teased between acting in a most dignified way, to just the exact opposite, loving the aid and then turning to the ultramodern, etc., and wondering why the world is as it is, unless you teach early to cling to the orthodox and then fit the modern into the overall picture. Then life becomes successful.

FIGHT CANCER WITH A CHECKUP AND A CHECK

AMERICAN CANCER SOCIETY

Few Floridians Pray For Rain

MIAMI, Fla. (AP) — Florida's peninsula—already drier than a strong martini—is getting just what the Florida Chamber of Commerce always predicts: warm, dry weather.

But Floridians are screaming for cool rain. For all of April, the state had no measurable rain. Some sections, now on forest fire alerts, haven't had rain since February.

Most of the Sunshine State hasn't been this parched in a quarter century. Weathermen had to go back to 1898 to find the mark broken by the drought in the Tampa area.

PRAYER SERVICE
Only a trace of rain has fallen on Tampa this year. The 1958 record for the first four months was .16 inches. Miami had .15 inches of rain in April compared with the previous record low of .33 inches in 1943 and an average of nearly four inches for the month.

The Weather Bureau says rainfall in the state for the year is 35 to 40 per cent below normal.

In a little Baptist church at Lake Alfred Sunday the congregation held a special prayer service for rain to "heal their land."

WATER RATIONING
Key West already is rationing water, threatening to shut off anyone who wastes it.

Miami is weighing the idea of a ban on car washing and lawn sprinkling.

Everglades waterholes have dried and officials at the national park are pumping drinking water to animals at a slough on Anhinga Trail.

In Collier County, just north of the park, thousands of acres have burned off in recent weeks while firemen fought only blazes that threatened populated areas.

Irrigation pumps worked overtime in the Redlands farming areas near Miami but tomato packing houses were closed down.

NO RAIN
In Lake Alfred, where no rain has fallen in the last six weeks, the Rev. James P. Dawson, pastor of the Echo Terrace Baptist church, read from the Old Testament:

"If My people which are called by My name shall humble themselves and pray and seek My face and turn from their wicked ways then will I hear from heaven and will forgive their sins and will heal their land."

Dawson said, "We just want the Lord to be merciful and give us some rain. We will ask the people who believe in the power of prayer and faith and God to pray for rain."

But the weathermen peeked at their radars and predicted no rain.

Texan Captures OU Fellowship

VALLEY VIEW, Tex. (AP)—Danny Clifton, son of Mr. and Mrs. Sherman Clifton of Valley View, has received a 3½-year fellowship to the University of Oklahoma. He will enter OU after graduation from Texas A&M University in May. Clifton expects to work on his doctor's degree in chemical engineering at Oklahoma. He has won the Society Mobil Corp. scholarship, University Oil Products Award, Opportunity Awards Scholarship and is a distinguished student at Texas A&M.

THE BIG SPRING HEARING AID SERVICE CENTER

SETTLES HOTEL TUESDAY, MAY 2

SAN DIEGO, Calif. (AP)—From over California, they came by car, truck and bus—even in ambulances and helicopters—with jumping frogs for the 14th annual Del Mar Frog Jump.

TASK FORCE FINDS

Race Prejudice Not Uncommon

WASHINGTON (AP)—A National Crime Commission task force finds race prejudice is not uncommon among policemen—but comments that a high proportion of the population generally shares such bias.

The report on police problems is the first of a number of studies being prepared by task forces set to work by the commission. Organized crime, the courts, juvenile delinquency and drugs will be among topics reported on in the future.

Police problems task force said most policemen are devoted to their jobs and do the best they can under trying conditions. But weaknesses that might be relatively unimportant in a private citizen can be extremely serious in a policeman, the task force said.

Recruits must be screened carefully to identify and exclude those "whose emotional instability makes them clearly unfit for police work," the report said. But "complete exclusion of all persons who are biased" would be an unobtainable objective because of widespread prejudices in society as a whole, it said.

Romney Calls Third Party Move Futile

ATLANTA, Ga. (AP)—Gov. George Romney of Michigan said today a third party move in the 1968 presidential election would be both tragic and futile. He predicted voters of the South will reject the move.

"I don't think the states of the South should hook themselves to a fallen star," Romney, a Republican, said at a news conference, opening a whirlwind campaign-like speaking tour in Atlanta.

Romney said a third party campaign, which former Gov. George C. Wallace of Alabama has indicated he will head, would have less effect if the people of the South understand what is involved.

"Once they see that this effort is futile and self-defeating, they will not support it," said Romney, who did not mention Wallace by name.

"I think it will hurt the Democrats more than it will hurt the Republicans," he said. Romney said federal legislation was not the primary need in civil rights. In response to repeated questions, Romney refused to say if he supports the open housing bill now in Congress or whether he supports the principle. But he said legislation had created false hopes.

Romney said efforts in this area should be concentrated on state, local and private levels rather than trying to solve the problem by one approach such as federal law.

Gov. George Romney of Michigan speaks out against a third party campaign, which former Gov. George Wallace of Alabama has indicated he will lead, as he answers questions at a news conference in Atlanta Monday morning. Gov. Romney said such a move in the 1968 presidential election would be tragic and futile and would hurt the Democrats more than the Republicans. (AP Wirephoto)

Bathing Suit Embarrasses

LONG BEACH, Calif. (AP)—The newly crowned Miss International Beauty, the shy daughter of a chauffeur, says parading in a bathing suit embarrasses her.

Before Saturday night's nationally televised pageant, Mirita Tersisti, Massa said, "I wish I were back in my little house in Buenos Aires."

But the dark-haired, brown-eyed Miss Massa, 19, who had entered as Miss Argentina, was chosen by the judges as the most beautiful girl in the world. What will she do with the \$10,000 first prize?

"I want to travel all over the world and buy antiques," she said. "I want to buy a house for my parents and give them every comfort."

First runner-up in the 15th annual pageant was Miss Israel, Yaffa Sharir, a 21-year-old student from Haifa and veteran of the Israeli army. She is one of three contestants in the pageant under consideration for a part in a Gregory Peck movie.

Pamela Elfast of East Orange, N.J., Miss American Beauty, was selected as second runner-up.

Child Bitten, Dog Tied Up

Richard Armor, 4, son of Mrs. Susan H. Armor, was taken to the Webb AFB Hospital Sunday at 2:05 p.m. by his mother and grandfather, Joseph W. Barioni, after the child was bitten by a dog at the Ramada Inn. The animal was tied up for the animal warden, and the child was treated and released, according to Webb authorities.

Jury Sought For First Trial

A jury was being sought at noon today in 118th District Court to serve in the trial of a damage suit brought by W. C. Winters Inc. against Paul Goodman and others.

Judge Ralph Caton had 44 of a panel of 120 jurors still in the courtroom when all excuses and exemptions had been cleared.

The case being tried is one which was filed three years ago. It grew out of a collision of a truck with a piece of heavy road building equipment on IS 20.

Winters, owner of the heavy equipment, is suing the truck owner. The case is the first of six which have been announced ready for trial this week in 118th District Court.

Shots Claim Dallas Teen

DALLAS (AP)—Rachel Lee, 14, who was in critical condition for more than a month since her mother fired shots at her and her two brothers heads, died Sunday.

Rachel was in bed asleep March 29 when her mother, Mrs. Maurice E. Lee, 35, apparently went berserk, killing David Allen Lee, 12, and wounding Patrick Russell Lee, 13, and Rachel. Mrs. Lee then locked herself in the bathroom and fatally slashed her wrists and throat as she sat in the bathtub.

Patrick was released from the hospital about three weeks ago. He had suffered a grazing head wound as he tried to wrestle the .32 caliber automatic pistol from his mother.

House Panel Votes Rail Strike Delay

WASHINGTON (AP)—The House Commerce Committee overwhelmingly approved today a 47-day delay in a threatened nationwide rail strike.

Final congressional action was expected later in the day. The committee voted 22 to 2 for the extension sought by President Johnson to allow more time for six shop unions and the railroads to reach agreement in their dispute, primarily over wages.

The delay would put off the strike from 12:01 a.m. Wednesday until 12:01 a.m. June 20. Committee Chairman Harley O. Staggers, D-W.Va., said the dissenting votes were cast by members whose legislation to settle the dispute should be enacted by Congress.

SEIZURE URGED

Staggers said he expects Johnson to send Congress this week legislation to settle the dispute and said he would hold prompt hearings on it. Staggers said there is always hope of a settlement through bargaining, but added he thinks the threat of congressional action might force an agreement.

Staggers, who 10 days ago proposed federal seizure of the railroads to head off a strike, said that possibility and others were discussed at the White House last Friday by Johnson and congressional leaders.

The Senate Labor Committee approved the no-strike resolution last Friday, and overwhelming support was expected in both houses when it is brought up today.

COMPLETIONS

HOWARD — T. C. Anderson and others have completed the No. 1-E Dora Roberts well at Howard Glasscock field well. On initial potential, operator pumped 48 barrels of 21.4 gravity oil and 20 barrels of water. Total depth is 2,703 feet and seven inch casing is set at 2,703 feet with perforations between 1,820-2,427 feet. The gas oil ratio is too small to measure and operator traced with 15,000 gallons and 5,000 pounds of sand. Location is 330 feet from the south and 2,210 feet from the west lines of section 12-29-W&N survey.

Anderson and others have also completed the No. 2-E Dora Roberts well at Howard Glasscock field well. On initial potential, operator pumped 20 barrels of 22.9 gravity oil and 30 barrels of water. Total depth is 1,878 feet with seven inch casing set at 1,977 feet and perforations between 1,425-2,528 feet. The gas oil ratio is too small to measure and operator traced with 5,000 gallons and 5,000 pounds of sand. Location is 330 feet from the west and 990 feet from the south lines of section 12-29-W&N survey.

Anderson and others are making hole in line below 2,875 feet. Location is 600 feet from south and east lines of section 12-29-W&N survey. Unit No. 1-Shroyer is drilling below 2,425 feet. Operator is setting a 5 1/2 inch casing at 2,425 feet and has lost 2 1/2 hours, recovering 15 feet of casing and 600 feet from west lines, section 12-29-W&N survey.

MARTIN — Tomarock No. 1 Bredlove is moving in pumping unit, after flowing and testing. Location is 600 feet from south and east lines of section 34-14A-Lenier survey.

DAWSON — Union Oil Co. Inc. has completed the No. 2-W5 R. Reeves as a water supply well in the Ackery (Dean) field. Total depth is 1,240 feet, plugged back to 1,197 feet and seven inch casing was set at 775-1,197 feet. Location is 1,980 feet from the north and 2,280 feet from the east lines of section 37-35-T4 survey.

Lone Survivor Ready To Fly

OTIS AIR FORCE BASE, children, said the plane was at Mass. (AP)—The lone survivor of the Air Force radar picket plane which crashed off Nantucket Island says he is ready to fly in the same type of plane again as soon as he is able.

"I like to fly," said Lt. Joseph L. H. Guenet, 29, of Island Pond, Vt., at a hospital news conference Sunday. "I believe the aircraft is basically a sound aircraft."

The deaths of 15 other crewmen in the crash Tuesday night brought to 50 the toll in three crashes of the huge, \$7.2-million Otis-based planes within 22 months.

CRAFT GROUNDED — Otis has temporarily grounded the craft for inspection. Congressional and Air Force investigators also are studying its safety.

Guenet, father of two young boys, said he was at his post in the center of the plane as it prepared to ditch and could not tell if the pilot, Col. James P. Lyle, 47, maneuvered the burning craft away from Nantucket toward the open sea.

NAVIGATOR — Guenet was one of the navigators on the plane. "Col. Lyle did not talk to us except to tell us to prepare for ditching," Guenet said. "But that is normal procedure whenever you are over water."

Witnesses of the crash reported seeing the plane swerve away from the island and head out to sea, crashing about a mile off Nantucket's southern shore.

"I don't know if the aircraft exploded on impact," Guenet said. "I'm told it did. If it did I don't know how I survived."

SHOCK — "I knew I was in shock when I was in the water," he said, "because I remember being very angry at all boat owners because no boat would come out and pick me up."

"I could see antennae and lights on Nantucket but no boats. And I saw planes overhead, but they weren't doing me any good. I know it was ridiculous to think that way. But the most important thing was when that sling came down from that helicopter."

He said he was in the water, protected by a rubber exposure suit, for about 45 minutes before a Navy helicopter dropped a line and sling to him.

Guenet's face was marked by burns and he walked with a slight limp, but he said he was fine.

Burglar Raids Three Churches

CRAWFORDSVILLE, Ind. (AP)—A burglar raided three Crawfordsville churches Sunday, stealing \$207 from the bulwarks of 10 women choir members.

Police said the thief broke in the rear doors of the First Church of the Nazarene, First Methodist church and First Baptist church.

DEATHS

Mrs. Madison, Mitchell Resident — Mrs. Rosa E. Madison, 88, died at 4 a.m. Monday at the home of a daughter, Mrs. W. W. Hester, in the Cuthbert community. Arrangements are pending at Kiker & Son Funeral Home.

Mrs. Madison had been a resident of Mitchell County 60 years. She was a member of the First Methodist Church.

Surviving are two sons, Guy Madison, Lamesa, and E. P. Madison, Lenora; three daughters, Mrs. Cora Lloyd of California, Mrs. Nora Berry, Wichita Falls, and Mrs. Hester. She also leaves a sister, Mrs. E. E. Erwin, Colorado City, and a brother, Clyde Bynum, Big Spring.

Man Revived After Hanging

Police Sgt. John Scott revived a prisoner by mouth-to-mouth resuscitation Sunday afternoon, after he found him hanging from the bars by the neck.

Scott was making a routine check of the downstairs cell at the police building when he noticed a man, booked as Larry Alford Dodson, hanging by his neck. He quickly cut the shirt and gave artificial respiration. Scott said that the man soon was revived and was taken to Cowper Hospital. He was found to be in good physical condition but it was recommended that he be removed to the Big Spring State Hospital. Justice of Peace Jess Slaughter signed commitment papers.

One of three other prisoners in the cell block said he didn't call for help because "I was told to stay here and be quiet, and that's what I was doing."

Stock Mart List Sags

NEW YORK (AP)—The stock market declined moderately in fairly active trading early this afternoon.

The averages showed losses but advances and declines of individual stocks were about even.

Minor Wrecks Are Checked

Six minor accidents were reported to police late Saturday and Sunday.

Charles Wayne Casbeer, Coahoma, and Randall Lee Steele, 2618 Central, collided at FM 700 and Birdwell. Gregory Harris Perron, No. 5 Albrook Drive, and Walter Goodwin, 802 George, ran together on Gibson's parking lot. Fred Allen Riggan, 510 Benton, was in collision with a Texas Electric pole at 629 State.

Kenneth Charles Leroy, 2500 E. 24th, collided with a car which left the scene at Fourth and Scurry. Alta Williamson, IS 20 Trailer Park, was in collision with a parked car at 900 E. 3rd. Calvin Jerry Harvel, Garden City Route, and Alfred Thomas Absher, 1209 E. 5th, collided at Fourth and Runnels.

More Students Visit Zoo Here

Youngsters are taking advantage of the relatively mild weather to visit the Pet-A-Zoo, according to A. D. Blount, owner-operator.

A delegation of 42 from the First Baptist Church at Harton visited Friday, Del Harton, Midway school, brought 18 students in his third grade this morning.

Glue Sniffing Spurs Double Tot Slayings?

DETROIT (AP) — A 14-year-old boy was held without bond in the Wayne County Youth Home today, charged with the rape-murder of two young sisters as they walked home from school.

The girls — Deborah Louise Crowther, 8, and her sister Kimberly, 6 — were assaulted and strangled Friday as they walked across a field from school toward their home in the Detroit suburb of Westland.

Authorities said the 14-year-old, whose name was withheld, had sniffed glue only a couple of hours before the double slaying. Prosecutor William Calahan said that because of his age, the boy could not be tried as an adult for any crime. Under Michigan law, a juvenile must be 15 or older before authorities can petition courts to allow an adult trial.

Love-In-Gone-Astray

Leaping to the defense of a young woman whose carton of beer was smashed in a scuffle with police, a youth (left, wearing glasses) is one of the casualties following a "hippy love-in" Sunday on Detroit's Belle Isle. Police began nudging

the crowds toward a bridge to the mainland after seven hours of the "love-in" when an estimated 1,000 to 2,000 persons milled around, throwing bottles and rocks at the officers. Nine persons were injured. (AP Wirephoto).

Giant Wave Kills Sailor, His Wife

SAN PEDRO, Calif. (AP) — A sailor and his wife were washed into the Pacific Ocean by a giant wave and drowned.

The couple, James Smith, 22, and his wife Diane, 19, were strolling hand-in-hand Sunday

near Point Fermin when the water hit. With them were another sailor and his wife, Larry Allen, 20, and Patsy, 19.

Mrs. Allen clung to a rock. Her husband and Smith swam to safety, but Smith dived back into the ocean for his wife.

Life guards recovered Smith's body, then found his wife, who was pronounced dead at a hospital.

Work Day Set At Knott Center

KNOTT (SC) — A work day will be observed here Tuesday as the Knott community prepares for judging in the Community Improvement Contest.

Adults are urged to be at the

center by 9 a.m. with pickups, hand tools, paint brushes, etc. While the men make repairs and clean the grounds, women will have a general cleanup and do some painting.

Families are asked to bring a covered dish, and there will be a luncheon at the community center.

Fire Protection Hassle Settled

GAINESVILLE, Tex. (AP) — A 2-month-old hassle over a rural fire protection contract was settled here recently.

The Cooke County Commissioners Court voted unanimously to accept a Gainesville City Council offer of \$4,200 per year for the service. The former contract calling for a payment of \$2,750 per year for rural fire protection expired Dec. 31, 1966.

Councilmen based the need for a fee hike on the large number of rural fire alarms, the number of man hours and mileage involved.

Snow Cuts Visibility

LONDON (AP) — Snow, whipped by a strong wind, ushered in the month of May in northern Britain today. Visibility was reduced to 15 yards on several main highways through the central Pennine Mountains.

"It is snowing heavily on high ground," said a spokesman of the Royal Automobile Club. "It is as bad as anything we had in the winter."

Snow also was reported from Aberdeen, in the Scottish highlands, and Liverpool.

U.S. Pilots Shoot Down Three More Red MIGs

SAIGON (AP) — U.S. pilots shot down three more Communist MIG's over North Vietnam today while just south of the demilitarized zone...

A Marine spokesman said 49 Marines were killed and 156 wounded as they fought foot by foot Sunday up the slopes of twin-peaked Hill 881...

MOVE FORWARD

Elements of two Marine battalions clung to their positions overnight and moved forward today in a new effort to take the summit for use as an outpost for checking North Vietnamese movements...

As the Marines halted their advance late Sunday, tactical bombers and B52s dumped tons of explosives on the North Vietnamese positions.

The 577 air strikes in South Vietnam—214 in support of ground operations—topped the previous high of 575 over the south March 12.

In the ground action, some 1,500 U.S. Marines battled North Vietnamese regulars Sunday and today six miles northwest of Khe Sanh along the Laotian border just south of the demilitarized zone.

HILL 881 The action was only two miles west of Hill 881, where the Marines had 37 men killed and 84 wounded in three days of fighting last week before air and artillery strikes drove the Communists off.

The Marines clung to their positions overnight and moved forward today in a new effort to seize the summit of Hill 881 South.

The second peak, Hill 881 North, is about 1,000 yards away across a saddle. After the Marines stopped their advance late Sunday, night radar bombers dropped tons of explosives on the North Vietnamese strongholds. Elements of two battalions of Marines were battling for the high ground in the area about five miles west of Khe Sanh...

At the Marine and Army artillery outpost at Gio Linh to the east and near the coast, an undetermined number of 82mm mortar and 105mm artillery rounds were received. One Marine was reported killed.

A Vietnamese spokesman said, however, that some of the rounds fell into a nearby village, killing or wounding 30 civilians.

Long Following A Lonely Road?

WASHINGTON (AP) — The consensus around the Senate is that in opposing the censure of Sen. Thomas J. Dodd, Sen. Russell B. Long is following a lonely road with dangerous political crossings ahead.

No other senator, Democrat or Republican, has stepped up yet to say that Dodd, D-Conn., should not be censured for misconduct as recommended unanimously by a special Ethics Committee of six.

BROAD SWORD In his Spartan stand for his beleaguered colleague, Long, D-La., has slashed out with a broad sword at members whose support he is likely to need in the future in his varied and often complicated enterprises as the Senate's assistant Democratic leader and chairman of its Finance Committee.

Long's offhand observation that half the senators couldn't stand the kind of inquiry that was made of Dodd was generally regarded as an example of how to make political enemies without even trying.

DAD'S DOUGH He left unidentified the half he was indicating and the half he was absolving, thus clouding every individual member except possibly himself. He explained that his daddy, the late Huey Long, had left him enough money so he didn't have to worry about outside financial monkeyshines.

DOG FIGHT In the third kill, a U.S. Air Force Phantom drove a MIG17 into the ground during a dogfight between eight F4C Phantoms out of Da Nang airbase and eight MIGs about 20 miles southwest of Hanoi.

The three kills made a total of nine MIGs downed in the past week.

Despite four attacks on MIG bases in the past week—the first time they were attacked in the war—more and more of the Communist interceptors are being sent up to oppose the American raiders.

RAILS RIPPED Air Force pilots pounded Communist rail lines and yards in the Hanoi area during 65 missions over the North Sunday. The Air Force missions were the largest since last Oct. 12, when 66 were flown. Navy pilots, hitting at storage areas northeast of the port city of Haiphong and communication lines in the southern panhandle, logged 58 missions. Marine pilots added another 10.

In a major raid Sunday on the Ha Gia railroad yards and sidings north of Hanoi, Air Force pilots reported hundreds of feet of track ripped up by 750-pound bombs as they flew through heavy anti-aircraft fire and MIG interceptors.

BORDER BATTLE Navy pilots reported destroying or damaging 32 Communist barges moving along the coast of North Vietnam with supplies for Communist troops fighting in the South.

Burglars Enter Carpenter's Hall!

Burglars broke into Carpenter's Hall, east of town, sometime during the weekend, Sheriff A. N. Standard said today. He was advised of the burglary Monday morning.

The prowlers gained entrance through an east window. They ransacked the office. A small amount of change apparently was all that was taken. Some clues were found at the scene and are being checked out.

Placards Gig Archbishop

SAN ANTONIO (AP) — Archbishop Robert E. Lucey was criticized Sunday by demonstrators protesting the suspension last week of four priests.

Protest placards read "Draft Lucey" and "Lucey Loves the Rich."

The 50 or so demonstrators paraded from San Fernando Cathedral to St. Joseph's Church. The four suspended priests are the Revs. Lawrence Murtagh, Norman Van Sile, Joseph Deane and Donald Hefferman.

The suspensions came after the four priests held interviews expressing their ideas on the archbishop's power.

The archbishop recently banished two priests, the Revs. Sherill Smith and William Kilian to a New Mexico retreat for their part in the Lower Rio Grande farm workers strike. Their sojourn in New Mexico lasted about a week.

Archbishop Lucey made no comment at once about Sunday's demonstrations or the suspension of the four priests. They said in the interview with newspapermen that they wanted to establish a priest's association.

Young Brother Of Liberace Dies

CULVER-CITY, Calif. (AP) — Rudolph Liberace, 36, younger brother of pianist Liberace and a film editor at Metro-Goldwyn-Mayer Studios, died Sunday, apparently of natural causes. His body was found in a motel.

Alice Pilot Joins Raid

SAIGON (AP) — Carrier Air Wing 3 pilots led by Cmdr. Roger Netherland of Lemoore, Calif., destroyed or damaged 16 boxcars and sparked numerous secondary explosions in two attacks on the Phu-Dien-Chai rail siding northwest of Vinh Sunday, the U.S. Navy reports.

Pilots from Attack Squadrons 93 and 94, joined Netherland's wing in the attacks, dropping 500-pound bombs and 2.75-inch rockets.

Other pilots on the raid included Lt. Cmdr. Robert Brace of Lemoore, Lt. Cmdr. Kenneth Dickerson of Alice, Tex., and Lt. Roger Flower of Cleveland.

Quake Claims At Least Five

IOANNINA, Greece (AP) — A sharp earthquake struck this northwestern agricultural region of Greece today, killing at least five persons and injuring more than 30.

Police reported rescue teams were searching through the debris of nine villages leveled near the heavily guarded Greek-Albanian border.

Most of the crumbled houses were two-story farm dwellings. The quake's center was about 20 miles north of Ioannina. Health Minister Efstratios Poulantzas ordered aid sent to the area immediately.

Return From CD Meeting

Three local men returned Sunday from the West Texas - New Mexico Civil Defense conference at Los Alamos, N. M. They were W. D. Berry, local Civil Defense director; George Zachariah, mayor pro-tem; and Leo Hull, assistant police chief.

The Saturday parley attracted 47 CD directors from the two states and included a tour of the laboratory there. Dr. Morris Bradbury, director, was host for the meeting, which included a film on the search for the lost atomic bombs in Spain, which created an international incident.

Also at Los Alamos during the weekend was California Gov. Ronald Reagan and regents of the University of California on hand to sign new contracts with the laboratory for its operation.

'Monkey Trial' Witness Dies

KNOXVILLE, Tenn. (AP) — Rabbi Jerome Mark, who was called as an expert witness in the famed Scopes "Monkey trial" at Dayton, Tenn. in 1925, died Sunday after a lengthy illness. He would have been 76 today. During the trial he was called to give an interpretation of the Hebrew scriptures.

'Lost' Ship 'Miracle'

NEW BEDFORD, Mass. (AP) — A fishing boat presumed sunk with the loss of its six crewmen was under tow today as its skipper awaited a reunion with his father, skipper of another boat that had been feared lost in an Atlantic storm.

"It's wonderful news. It's a miracle, I think," said John A. Edwards, 60, of New Bedford on learning that his son, George, 34, of Mattapoisett, was safe. "I was sure they were done for," he said.

The younger Edwards' 94-foot lobster boat Deep Water was listed as "presumed lost" by the Coast Guard Saturday when the Coast Guard lost contact with it Friday when it was about 100 miles south of Martha's Vineyard.

A Coast Guard amphibious plane from Elizabeth City, N.C., located the Deep Water Sunday as she drifted without power 190 miles due east of Delaware Bay. The cutter Tamaroa reached

the vessel later and began helping her to New Bedford. Arrival is expected Tuesday.

A Devotional For The Day

What shall we eat? or, What shall we drink? or, Where shall we be clothed? . . . Seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you. (Matthew 6:31, 33)

PRAYER: Gracious and loving God, we thank Thee for all the mercies Thou hast given us. We would pray for all those who do not have the necessities of life. Use us to minister to others in their need this day. In Jesus' name. Amen. (From the 'Upper Room')

A More Pressing Matter

It would be interesting to know what South Vietnamese Premier Nguyen Cao Ky had in mind when he announced that work had started on a fortified barrier just below the demilitarized zone, from the South China Sea about 15 miles inland. He may just have succumbed to the Magnot Line syndrome, no respecter of youth or middle-age.

He can scarcely have any illusions about his own capacity to do the job. Even if he could spare the troops from other sectors, especially from the Mekong Delta area, he could not be sure that they would prove reliable. Certainly the best officers are in no mood to be exiled to that lonely land near the 17th Parallel.

Furthermore, a fortified barrier would have to be a lot longer than 15 miles to serve as a deterrent to infiltration of North Vietnamese troops. It would be easy to bypass the coast. That is precisely what is being done

now, by way of Laos and Cambodia. An effective line, with almost continuous barbed-wire entanglements, mine fields and strong points would be astronomically expensive. Some of our military experts suggest that a truly dependable fortified barrier would require a half-million troops to man it.

Then, if Ky has read his history he will know that the French tried a number of similar variations in the war against the Vietminh. None of them worked for long.

Whatever his motives, Ky should know that a leak proof string of fortifications, stretching more than 600 miles long to include the border areas of Laos and Cambodia, is simply not in the cards. At least a half-million more U.S. troops would be needed for that job.

Ky will do better to concentrate on the difficult, demanding and costly job of bringing the Mekong Delta under control of the Saigon government.

Reform Or Revolt

For many years South American leaders have repeated a litany learned by heart, so that meaning and comprehension have long since been lost. They insist that redistribution of wealth, land reform, education and better housing are essential to a stable Latin America. Having said it, they immediately return to business as usual.

President Eduardo Frei of Chile went to the recent hemisphere presidents conference in Punta del Este, Uruguay, grimly determined to remind his colleagues that words without action invite catastrophe. If there is not basic reform by consent, he believes, violent revolution is not far off.

"I don't know what form it will take," Frei told James Reston of the

New York Times, "whether Soviet Communist, or Peking or Castro, but it will come within a decade unless we integrate our minds and purposes."

Far too many leaders of Latin America have failed to learn any lesson from Cuba. Perhaps they think that everything will come out all right if they just sit tight.

The question therefore is not if there should be reform, but when. If Frei's estimate of a decade is accurate, not much time remains. In the final analysis the direction of a peaceful or a violent revolution hinges on whether the Communist world or ours offers the greater promise. Neither laissez faire capitalism nor totalitarian communism, but some half-way house is the best we can hope for.

David Lawrence

Dissenters Should Be Answered

WASHINGTON — Much has been said lately about the right of dissent and alleged efforts to stifle it. But now the critics of the Vietnam war are themselves refusing to recognize the right of rebuttal by the administration. Bitter comments have been made by several senators, who claim that the dissenters are being accused of "treason."

Sen. Mark Hatfield, Republican of Oregon, speaking to the Yale Political Union at New Haven, Conn., said:

"WHAT KIND of men have we at the helm of government who would deliberately coerce the public into accepting their policies on the threat of being branded traitors? These are the tactics of tyrants with little understanding or respect for constitutional rights of men . . .

"Have Americans become so mesmerized by the McCarthyite tactics of the administration — the tactics of indiscriminate insinuation of unpatriotic motives to those that dissent — that they fail to recognize the threat of these tactics to liberty?"

UNFORTUNATELY, many of the critics not only are misinformed, but they do not examine carefully what has actually been said by the spokesmen for the United States government.

Thus, the real complaint of the administration is that the speeches and statements of the critics are being regarded in Hanoi as a sign of American dissension and disunity and are

Billy Graham

I'm retired and have moved South where few people know me. I would like to carry on my Christian witness but find it difficult, being a stranger. What do you suggest?

Serving Christ has nothing to do with our geographical location. As the song says: "In Christ there is no East or West," and we could also add, "North or South." If you were a Christian in the North, you will be no less a Christian in the South.

However, I can understand your natural shyness in imposing yourself into a new situation. The best way I know is to find a fellowship of believers, and the best place to find such a fellowship is a church. It is strange, but Christians out of a church tend to wither and die. The church is the natural environment for the Christian, and when left alone, he is apt to become discouraged, depressed, and useless. In the New Testament you will find that the disciples did great things, but it was in the church (the Christian fellowship) that they obtained their inspiration, guidance, and power, and where they worshipped God. Go to church, and remember that fellowship is a two-way street, and if you are friendly with others, they tend to be friendly with you. But if you are shy, others will be shy too.

being accepted as meaning that America will shortly pull out of the war because of a divided public opinion at home.

HENRY CABOT Lodge, who has just completed a long period of service as ambassador to South Vietnam — and was himself formerly a member of the United States Senate — told a news conference that "the appearance of disunity in America prolongs the war."

This is, of course, but another way of saying that the critics are giving "aid and comfort" to the enemy. To many persons the phrase is synonymous with the concept of treason.

EVEN IN THE face of the serious damage to the American cause in Vietnam resulting from the speeches and statements by the dissenters at home, there has not been the slightest indication from any administration source that it wishes to squelch dissent or otherwise interfere with freedom of speech. What the critics overlook is that the right of rebuttal is equal in importance to the right of dissent. The Washington Post said editorially last Thursday:

"The government of a free society has no right to suppress, restrain or punish dissent; but it is under no obligation to refrain from reply or rebuttal."

On the same day, the Washington Star commented:

"DISSENT IS not an exclusive prerogative of senators, nor are they entitled to any special immunity when they choose to dissent . . . The dissenting senators have no right to stifle dissent from those who disagree with them."

One of the most significant statements by any of the critics was made by the Rev. Dr. Eugene Carson Blake, in a speech at a meeting in Norwalk, Conn., sponsored by church groups. Dr. Blake, general secretary of the World Council of Churches and for many years a leader in the Presbyterian Church in America, came closer than anybody else to demanding that the United States stop the fighting and surrender to the enemy. He outlined these four points as peace terms:

"STOP BOMBING North Vietnam . . . Make it clear that we will not impose our peace upon Vietnam. . . . Agree with our allies in Asia and Europe that we will accept any peace that they will develop and agree to. Put our full effort to getting to the negotiation table."

The strangest thing about the whole controversy is that the critics pay no attention to the indefatigable efforts of the United States government over many months to get the enemy to negotiate. They seem to think that the only way to attain peace is by a complete surrender, with no guarantee that South Vietnam will not be overrun by Communist forces as self-government is denied the people.

'IMAGINE EVERY TARGET'S A LOUSY FLAG-BURNER'

James Marlow

Fighting Gets Tougher

WASHINGTON (AP) — In this peculiar war, dragging along as if time didn't count and the two sides couldn't hear each other, the fighting gets tougher, a little bit now, a little bit then, until it is a terrible war.

Getting tougher bit by bit is called escalation, a high-sounding phrase for stepping it up, and both sides, the United States and North Vietnam, have stepped it up.

IT'S LIKE the heavyweight title bout between John L. Sullivan and Jake Kilrain 78 years ago in Mississippi, the last bare-knuckle match of its kind under the old London Prize Ring rules which put no time limit on a fight.

It didn't make any difference how many times a fighter was knocked down. He lost when he was too beaten to punch any more or get up any more. It took Sullivan 75 rounds to get Kilrain into that condition.

ONCE MORE the United States looks ready to escalate again, although nobody is saying so exactly. But the groundwork for it has been laid over weeks and months.

Last week Gen. William C. Westmoreland, commander of the U.S. forces in Vietnam, talked twice in this country, and Henry Cabot Lodge, the just-retired U.S. Ambassador to Vietnam, gave an interview.

WHAT THEY did was let the American people know, by saying the end was not in sight, that victory won't come soon or easy. Or, to put it in the words of the Senate's Democratic leader, Sen. Mike Mansfield of Montana, the war is "going to get worse before it gets better."

If all this is considered a way of preparing the Congress and the people for a step-up in the war, the real condition is spread over a longer time, starting earlier this year with President Johnson's frustrations

in trying to get the enemy to talk peace.

WHILE THERE is some intense dissatisfaction with America being in the war at all, there is also increasing impatience to get the war over with. And Johnson and the State Department have presented this coun-

try as having been very patient, perhaps too patient.

It was last February that Johnson called a bombing pause to see if North Vietnam would talk peace, and even sent a letter to Ho Chin Minh, leader of North Vietnam, only to get a swift rebuff.

Hal Boyle

Tips To Tubbies

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

What you can't see can hurt you. One out of every 50 of our people is blind or has only partial vision. A million Americans can't read a newspaper simply because their sight is too poor, even with glasses.

SPACE VERSUS cities: It's estimated it will cost \$22 billion or more to put a man on the moon—but so far Congress has appropriated only \$625 million to solve the transportation problems of crowded cities.

What do secretaries think an "ideal boss" should be like? In a recent poll 2,000 of them said the most desirable attribute of a good employer was "a sense of humor." But they also wanted him to be considerate, ambitious, decisive, consistent, unselfish and willing to delegate responsibility.

SPEND IT here: A waterfront hot dog peddler who operates at the piers where the great ocean liners dock has this sign on his cart: "Foreigners welcome. Your money is even better than ours!"

Quotable notables: "All happiness depends on a leisurely breakfast." —Author John Gunther.

Geographical tidbits: Proba-

bly the hardest place in the world in which to save up money for a rainy day is Bogor on the island of Java. It has thunderstorms on an average of 320 days a year.

DO YOU know what Martin Luther, King Henry VIII, J.P. Morgan, Chief Sitting Bull and the late John Easter Dulles had in common? They all suffered from gout.

Tips to tubbies: Doctors say that lurching on a 10-cent bag of peanuts and a cup of black coffee or a soft drink will allay hunger pangs and serve as a reducing aid.

HOW OTHER governments live: The annual defense budget of one of the world's oldest republics, Andorra, which is situated in the Pyrenees between France and Spain, amounts to 300 pesetas. That's about \$500 in American money.

The accent is supposed to be on youth in business today, but a survey showed the average age of executives is 53.7 years. Only 15 per cent of the executives are under 45 years old, compared to 28 per cent in 1928.

IT WAS George Bernard Shaw who observed, "a pessimist thinks everybody is as nasty as himself, and hates them for it."

To Your Good Health

Why Oily Hair Doesn't Prevent Dandruff

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Please explain how a person can have oily hair and still have dandruff. Please describe methods of keeping the scalp free from white scale and itching. — MRS. B. G.

Oiliness has nothing to do with preventing dermatitis — that is, skin disease.

And that is the nub of the dandruff problem. People assume that dandruff is something that ought to "wash off," instead of regarding it as what it is: skin disease.

An occasional white speck doesn't mean dandruff. We are constantly shedding our skins, very slowly of course, but as the outer surface becomes dry, tiny bits will flake off. Friction and washing remove it from most of the body but the scalp, protected by the hair, often accumulates a few bits big enough to notice.

Real dandruff is another matter. Seborrheic dermatitis is at work. If it were on a part of the body that we could see, we would realize that something was wrong and required medical attention.

A mild case of dandruff, like

a mild skin irritation elsewhere, may clear up of its own accord, or with the help of a germicidal shampoo. Rubbing the scalp with a cotton pad soaked in rubbing alcohol may control the mild case of dandruff.

But when it is severe and continues, trying to treat it yourself is as futile as trying to treat a severe skin disease elsewhere. The smart thing then is to go to a dermatologist (skin specialist). The usual result is clearing up the trouble promptly instead of wasting a lot of time with hit-or-miss remedies, meantime brushing the white stuff off your shoulders.

Or, if it is psoriasis, for which no dependable cure is known, you can at least get some effective relief for itching and then hope that the psoriasis will clear up spontaneously, as it sometimes does.

Dear Dr. Molner: What is the cause of yeast cells found in a urinalysis? Is it serious? Is some disease the cause? — MRS. J. A.

This is usually a matter of contamination from a yeast infection of the vaginal tract; that is, a form of vaginitis. This is extremely common,

and while not dangerous, can be annoying as well as difficult to subdue.

We usually think of "infection" in the sense of bacteria which cause disease, but there are other microscopic organisms which can infect the body. Fungi causing athlete's foot are an example.

There are other organisms which, if they invade the vagina, can flourish and be irritating. Some of these are yeasts. Diabetes should always be considered as a factor in infections of this sort.

Shingles can be a painful disease! To receive a copy of my booklet, "The Facts About Shingles," write to Dr. Molner in care of The Herald, enclosing a long, self-addressed, stamped envelope and 10 cents in coin to cover cost of printing and handling.

Dr. Molner welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Around The Rim

Views On This And That

The way I see it: The return of barbershop quartets would be most welcome, in the wake of all those music assassinations which pass for rock-and-roll one hears on the wireless in these disturbing times.

Some of those benches distributed at street corners around town are so placed that they blot out the sight of oncoming traffic.

WHY SHOULDN'T actors get into politics? Some of the politicians I know and know about deserve consideration for acting awards. And more than a few regarded that mandate from the people as a license to steal.

Those cloverleaf walkways down town are attractive but they command too much of the street. In days when there is heavy traffic and a motorist wants to turn on a one-way artery, drivers behind him sometimes have to wait for two or three traffic light changes.

Some of the most ridiculous rules for customer attire are enforced at some metropolitan night spots. A fellow finds he can be refused admission to a topless joint if he didn't wear a tie.

WHERE WOULD sock hops be held in schools if Dr. James Naismith had never invented the game of basketball?

How long has it been since you saw

a woman ride a horse side-saddle? Come to think of it, I haven't seen a saddle made for that purpose in years.

The meanest thieves I know are the two in Philadelphia who robbed a merchant of \$400. When the shocked businessman's false teeth popped out of his mouth, the thugs took the dentures, too.

I CAN HEAR Adam Clayton Powell, the esteemed Congressman, saying now: "New York is a nice place to represent, but I wouldn't want to live there."

If men found it fashionable to wear beards as they did down through time until the 20th Century arrived, would the hippies go clean-shaven in protest?

IF EVERY man has a biological clock within him, as some observers claim, why does mine insist on setting the alarm three hours ahead of time on occasions?

Advertising aimed strictly at the transient who travels a particular way but one time: The sign on a service station at a border town 'Last chance to buy gasoline for 31.9 cents a gallon.' You drive across the state line and discover that petrol on the other side retails for 29.9 cents.

—TOMMY HART

Holmes Alexander

Real Personal Battle In The Senate

WASHINGTON — Too often it is an exaggeration to write of a Senate "battle." But not so in the bruising, bitter conflict that has developed between Senate Majority Leader Mike Mansfield (Mont.) and Assistant Leader Russell Long (La.)

This one's a battle in the classic sense. Strong and contrasting forces are involved. A large issue is at stake. The outcome is of importance to the nation, and the outcome hangs in doubt.

WHAT ARE THE contesting forces? One, I think, is good, and one is not so good. Mike Mansfield, a professor-into-statesman, stands for something that is rare, is noble, is essential to our republican form of democratic government. The pipe — smoking, low-keyed, ever-considerate Mike is the beau ideal in many ways.

Democracy won't work at all unless its best citizens come forward into public life. But democracy won't work well, and can conceivably destroy itself, if public office becomes ambition's ladder. The salient fact about Mike Mansfield is that he wants to serve, he enjoys serving, but never in his career has personal ambition been Mike's driving motive.

THE BEAU ideal of democracy is the leader who looks upon his post as a trust not as a trophy.

In contrast to Mike, Sen. Long is a politician forever on the make. "He wants to go the Lyndon way," it's said of him in the Senate. He wants Mike's job, and wants to use it as a rung on the ladder to national office. Mike is quiet, and Russell is boisterous. Mike is straight, and Russell is devious.

THESE ARE the embattled forces, and the issue is a political subsidy.

John Cuniff

No Way To Tell, For Sure

NEW YORK (AP) — The stock market in recent days has given classic examples of its peculiar personality, which concentrates on the future for tips and scours the past for lessons, but often ignores the present entirely.

TRADING IN THE stock of General Motors, the nation's largest manufacturer, provides an example.

GM reported on April 26 a 34.5 per cent drop in quarterly earnings. The next day, however, its stock rose \$1.50 to \$84.75, its highest 1967 price to that date. It closed the week with another gain to \$86.50.

The obvious lesson, one that most people understand but sometimes forget, is that the market does not deal with the present alone. More often, it tries to forecast what the future will bring.

OBVIOUSLY ALSO, it frequently is wrong. Otherwise all stock market pundits would be winners, which we know them not to be. However, the market does seem to have foretold the troubles of the automakers.

Early in 1966 GM stock sold at \$108.25. Evidence then accumulated that future car sales might slacken. The price nosedived to \$65.62. Now, in the relatively poor GM earnings report, we seem to have verification that the stock market anticipated correctly.

NOBODY CAN say what the future holds, but buyers of GM stock began a few months ago to ignore the presence of bad news. They began bidding up the price in anticipation of a return to good times, and GM now sells at about \$20 above its 1966 low.

This entire business of anticipating news, "discounting" it, sometimes causes consternation among small investors.

There is considerable belief, in fact, that the market as a whole forecasts the economy as a whole. A rising market supposedly presages an expanding economy. A shrinking market is said to precede a recession.

THIS THEORY LEAKS. It was all wet, for instance in 1962, when a plummeting market seemed to fore-

tell bad times. Instead, the existing boom became a superboom.

The New York Stock Exchange Index is now at an all-time high. Last Thursday it reached \$31.45, topping the previous high of \$31.06 on Feb. 9, 1966. It closed the week with still another record at \$31.54. In fact, since the low of Oct. 7, 1966, it has risen 30 per cent.

These high averages certainly do not reflect the present economy, which has been more sluggish than in almost any period in the past six years. But presumably they represent an expectation of the future.

WHAT OTHERS SAY

Our "national interest" lies in achieving peaceful, cooperative, mutually helpful relations with the peoples of the world. This is our ultimate end. All else is means, to be judged by its effectiveness in promoting our end.

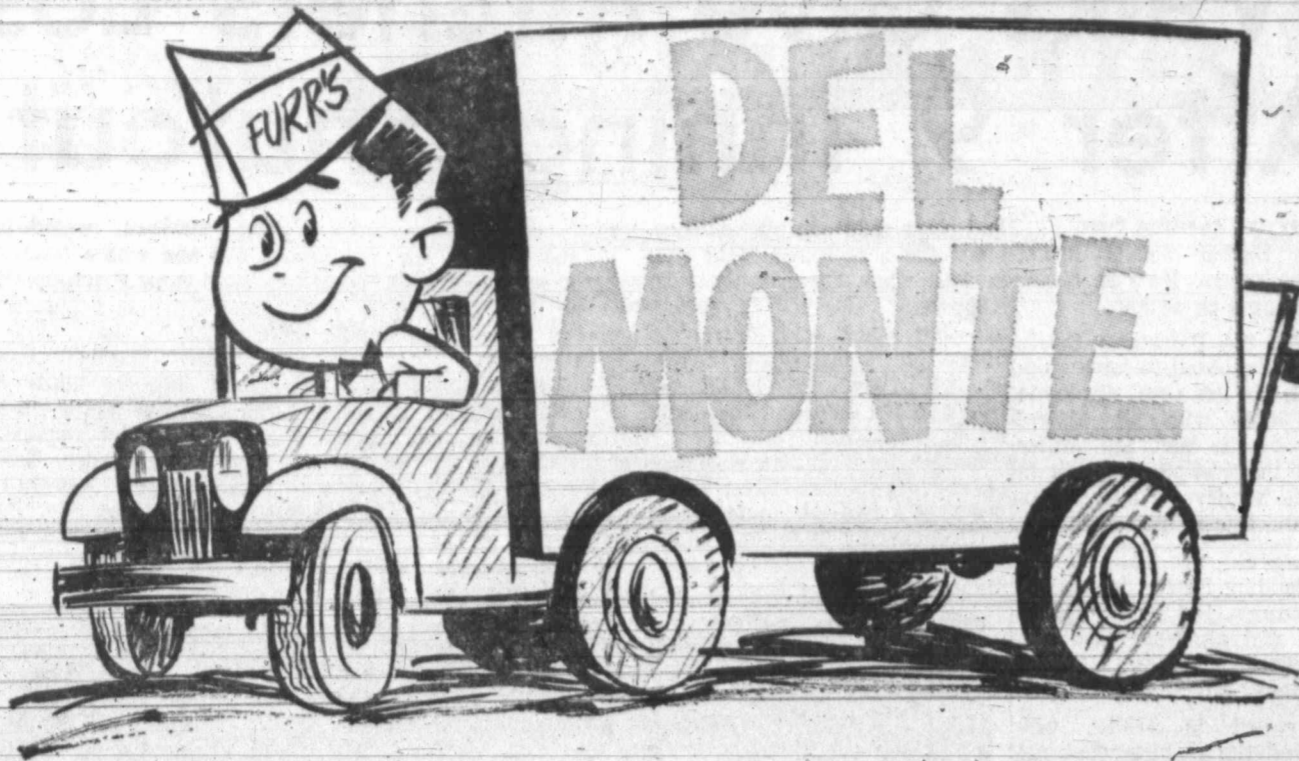

We can in fact "love our enemies" as required by the Sermon on the Mount even while waging a defensive war, provided we likewise wage peace with the same determination and intelligence. Will we be content to put our Christianity in deep freeze while we fight a necessary war? That way lies World War III and disaster.

Christian love extends to the men, women and children of North Vietnam, South Vietnam and the families of the Viet Cong. Let us earnestly seek solutions based on human well-being.

I would propose that a conference of the belligerents in the Vietnam war be called to consider the interests of the people of both North and South Vietnam; that an offer be made that war be replaced by massive reconstruction and economic development in both countries; and that, to further that purpose, our bombing of the North shall cease when its authorized representatives take their places at the conference table. — Former Sen. Ralph E. Flanders in a sermon at Springfield, Vt.

Chi Chi Lines Up \$20,000 Shot

Chi Chi Rodriguez, Dorado Beach, Puerto Rico golfer, lines up his final put in the Texas Open Sunday. Rodriguez carded a five-under-

Chi Chi Recovers Luck To Claim Texas Open Purse

SAN ANTONIO, Tex. (AP) — Juan (Chi Chi) Rodriguez, down on his luck for three years, won the \$20,000 first-place purse in the Texas Open Golf Tournament Sunday and promptly donated \$5,000 to some others down on their luck. The small Puerto Rican, who's a favorite with the gallery because of his clowning antics, was dead serious as he fired five-under-par 66 to surge from second place to the championship in the 72-hole tournament. He had a 277. New Zealander Bob Charles, who shared second place with Rodriguez following the second round, fired a hot four-under-par front nine in the final 18, added a birdie on the back side, then canceled it with a bogey to finish one-stroke behind the red-hot Rodriguez. Bob Goalby, who shared the lead two days, fired a fine

Sensational Ryun Was Confident Of New Record

DES MOINES, Iowa (AP) — Sensational Jim Ryun said he was pretty confident all along that Kansas would set a world record in the distance medley in the Drake Relays here over the weekend. Ryun, who became 20 years old Saturday, celebrated by coming up with a 3:55.6 mile anchor leg—his second sub-four-minute showing during the two-day meet—in leading the Jayhawks to a 9:33.8 clocking. That was two-tenths of a second faster than the world and American market set by UCLA two years ago. The Kansas dandy, a near unanimous choice as the meet's outstanding athlete, said after the first quarter of his anchor

Double No-Hit Stint In LL

Elias Villa pitched no-hit ball for the Optimist Cats (1-1) in a Texas Little League game Saturday night, but he was beaten by Thomas Gonzales, who also pitched a no-hitter for the Hull & Phillips Indians (2-0). Elias struck out 14 Indians, but Thomas whiffed 18 cats. In the third, Robert Sullivan of the Indians was hit by a pitched ball and Gonzales was safe on an error. Both scored when Sammy Rodriguez' grounder was missed for a two-base error.

E-Tex Baptists Take Big State

SAN ANTONIO, Tex. (AP) — The Big State Conference baseball race is over with East Texas Baptist sitting on the throne and waiting for an opponent in a post-season playoff to decide if it can win the NAIA district title. East Texas Baptist beat St. Edward's 1-0 in the second game of a double-header last week to wrap up championship honors. Sam Houston State and Sul Ross will enter a playoff for the Lone Star Conference championship, with the winner meeting East Texas Baptist for the NAIA district 4 title.

HCJC Faces Tough Test

Howard County Junior College's hopes of retaining its monopoly on Western Junior College Conference track championships rides with nine young men Saturday in Roswell, N. M. They will have to come up with some super human performances to turn back the threat of the potent Odessa Wranglers. Difficulty with the Hawks is a lack of depth. They can win a number of first places, but with only half the size squad as Odessa, getting other places is almost out of the picture.

Astros Lose To Cubs, 4-1

HOUSTON (AP) — Rookie Rich Nye, a lefthander the Houston Astros once found too expensive for their tastes, won his first major league victory Sunday—a 4-1 four-hitter for the team that came to terms, the Chicago Cubs. Back in 1965, the Astros had drafted Nye from the University of California, but he wanted a \$5,000 bonus for autographing a contract. Houston said no and Nye signed with Chicago for about \$8,000 last June.

Jim Taylor Is Now Free Agent

BATON ROUGE, La. (AP) — Hard-running fullback Jimmy Taylor, a veteran ground gainer for the professional football champion Green Bay Packers, became a free agent today. Taylor, contacted late Sunday night at his home here, said he had not sent in his 1967 Packer contract and didn't plan to do anything before his free-agent status was achieved. Taylor's option ran out at midnight.

Texas-Pro Grid Loop Sets Dates

DALLAS (AP) — The Texas Professional Football League mapped its 1967 schedule Sunday with the start set for Aug. 19. Wichita Falls will be at Tulsa, Odessa-Midland at Fort Worth, San Antonio at Pasadena and Sherman-Denison at Dallas.

New Clubs Pack Their Rosters

NEW YORK (AP) — The new Seattle and San Diego franchises in the National Basketball Association began stocking their clubs today in a two-day special draft.

DAMASCUS FAVORED

LOUISVILLE, Ky. (AP) — The big week in American thoroughbred racing opened today with just one prep—and that of questionable status—remaining before Saturday's 93rd running of the Kentucky Derby. The prep is Tuesday's one-mile \$15,000-added Derby Trial with six Derby eligibles probable starters, and barring an upset, only three of these—Cool Reception, Barb's Delight and Lightning Orphan—are likely to be in the 1 1/4 miles of the Derby. Cool Reception, owned by Mrs. W. J. Seitz and Mrs. Vincent Reid of Toronto, is expected to draw the most support from bettors Tuesday. The son of Nearctic, who also sired 1964 Derby winner, Northern Dancer, has won twice in five starts as a 3-year-old, including the Fort Lauderdale

Walks Give Pitchers Loss After 9 Inning Shutout

Steve Barber should forget about no-hitters. He'd be better off pitching a no-walker. Barber, the Baltimore Oriole who was supposed to have trouble with his left arm, displayed trouble only with his control Sunday as he and Stu Miller became the first pitching pair in baseball history to hurl a no-hitter and lose in nine innings. Barber did the bulk of the work, holding Detroit hitless for 2-3 innings. But he walked 10 Tigers, and after the last one, there was no holding Manger Hank Bauer any longer.

He called in Miller, who preserved the no-hitter but not the victory as the Tigers scored on Mark Belanger's error and won the first game of the doubleheader 2-1. The Tigers' first run, also scored in the ninth inning, came on a wild pitch—minutes after Barber issued his eighth and ninth walks and just before he recorded No. 10. As Mickey Stanley trotted to first with that walk, Bauer walked out of the dugout. "I tried to get it for you," Bauer told Barber when he reached the mound. "If you can't get the ball over, you don't deserve to win," replied the 28-year-old southpaw, who also hit two batters—and made an error. After history had been made, Barber was quick to absolve Bauer of any bad-guy charge for not letting him get the no-hitter by himself. "No-hitters are not worth anything in the books unless you win."

Barber came almost as close to a no-hitter in his first start of the season, exactly two weeks before. In that game, the Oriole veteran held California hitless until Jim Fregosi doubled with one out in the ninth. He walked just three Angels, but his control trouble picked up considerably in his second start on the second Sunday of the season. Pitching against Kansas City, he walked nine batters in 5 1/2 innings. He topped that by one in his latest Sunday start.

OTHER RESULTS In other American League games Detroit won the second game 6-4, Washington swept Minnesota 7-3 and 3-0, Kansas City edged Boston 1-0, Cleveland nipped Chicago 2-1 before losing 4-1 and New York defeated California 4-1 in 10 innings, then lost 4-2. In only one previous instance

ONLY ONE UPSET

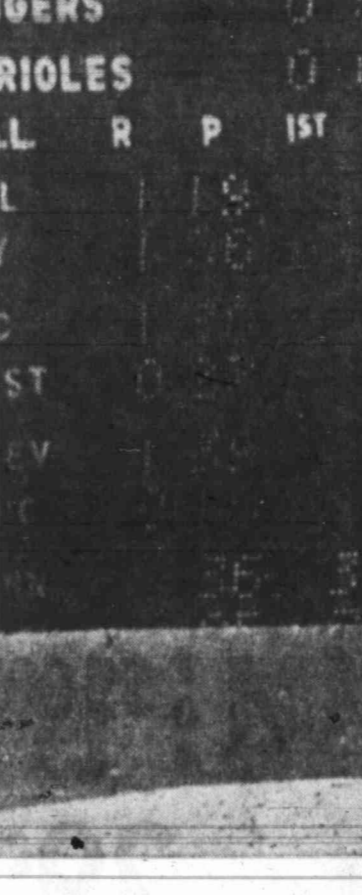

Roche, Newcombe Win Dallas Tourny Titles

DALLAS (AP) — The Dallas Invitation Tennis Tournament came out as expected with Australians Tony Roche and John Newcombe winning all the titles and there was only one upset along the way. Roche beat Ron Holmberg, the 29-year-old veteran from Highland Falls, N.Y., and Dallas, 4-6, 10-8, 6-2, 14-12 in a singles final moved indoors because of rain. It lasted three hours and 40 minutes. But it was Holmberg who pulled the big upset of the tournament when he struggled five hours to knock out Newcombe in the semifinals. This rugged competition likewise contributed to Holmberg's downfall in the finals, where he also had to go extra innings. Roche was seeded No. 1, Newcombe No. 2, Holmberg No. 3 and Ham Richardson of Dallas No. 4. Roche eliminated Richardson in the doubles Roche and Newcombe, seeded No. 1, won

Blair Campbell Over-All Winner

Blair Campbell, a student at Webb AFB, won the over-all title in the Lubbock Sports Car contests Sunday. He captured first places in the concourse and gymkhana and came in eighth in the rally for highest point total. Several other teams from the Big Spring Mesquite Club took part.

had more than one pitcher combined for a no-hitter. That was in 1956 when Cincinnati's John Klippstein, Hershel Freeman and Joe Black held Milwaukee hitless for nine innings. However, the Braves got a hit off Black in the 10th and then won 2-1 in the 11th. Washington's Barry Moore came close to a no-hitter, allowing only a two-out single in the sixth inning by Minnesota's Cesar Tovar in the second game. Moore retired the first 17 bat-

No Hit Loser

The scoreboard tells the story as Baltimore Oriole pitcher Steve Barber delivers in the ninth inning of Sunday's first game against Detroit. Barber, who pitched 8 1/2 innings, and reliever Stu Miller didn't allow a hit. However, the Tigers took advantage of Barber's wildness and beat Baltimore 2-1. (AP Wirephoto)

Giants Win, 5-1, Liking The New Look Of Dodgers

The new look in Los Angeles is working out nicely — for the San Francisco Giants. "They're not Dodgers any more. At least, not the Dodgers I've known," Jim Davenport said Sunday after helping the Giants beat Don Drysdale 5-1 to complete their first three-game sweep at Los Angeles in 10 years. "It's strange to look around and not see Sandy Koufax, Murrey Wilis, Tommy Davis, Lou Johnson and Willie Davis," added Davenport, whose two-run pinch single capped San Francisco's decisive seventh inning rally. "They aren't the same team without them." The Dodgers have dropped 10 of their 16 starts and are mired in eighth place, seven games behind league-leading Cincinnati. The Giants didn't miss the absent Dodgers in taking the first two games of the series 5-4

Smith Edged By Whittaker

Robb Smith, Big Spring, was edged by Jimmy Whittaker, 19, on the third hole of a sudden-death playoff for the Lake Sweetwater Invitational Golf tourney here Sunday. Whittaker, fortified with an unbelievably hot putter, fired a 73 over the regulation course to the Smith, who had fired a 75. They each finished with 150. On the first hole Whittaker was away but rimmed the cup from 22 feet out in the froghair. Smith dropped his in for a par, and they moved to the second hole where Smith's second shot was five feet from the pin. Whittaker, again in the froghair, pitched in a 25-footer for a birdie and Smith's birdie was good only for a tie. Then came Whittaker's birdie on the third hole to wrap up the match. In the championship flight, Tommy Wilkerson, Big Spring, had 154, and Barnard Rains 156.

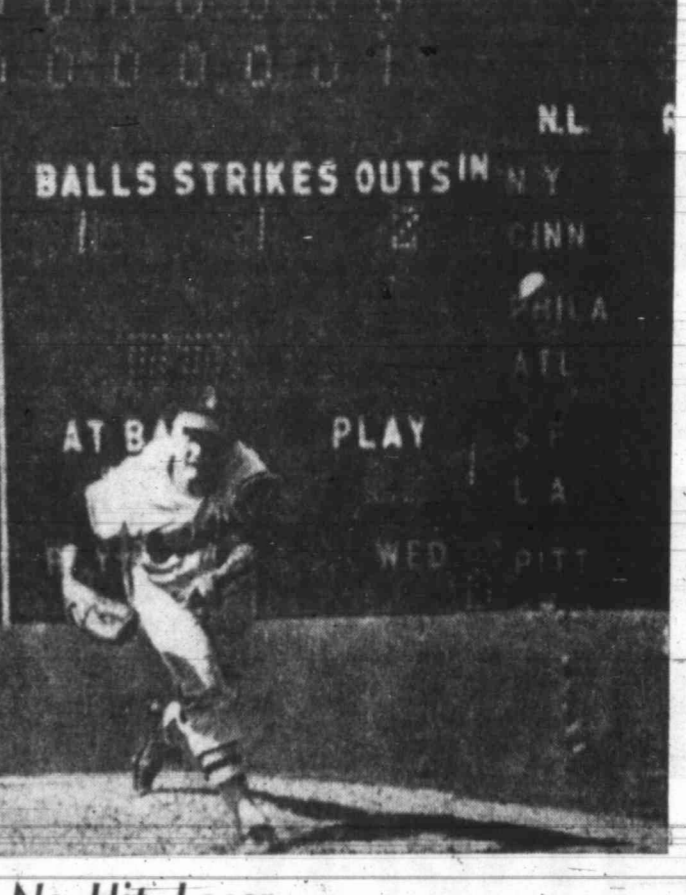

Canadiens Lose, 4-1

MONTREAL (AP) — A Tardious Toe Blake tried to rally his Montreal Canadiens after the defending Stanley Cup champions dropped the pivotal fifth game of their final series to Toronto 4-1 Saturday.

2-4A CHART

Table showing district standings and season standings for various teams.

In the opener the Senators erupted for five runs in the fifth, two on Bob Saverine's single and two more on a double by Frank Howard. Sox, however, roared back on walks and stolen bases for the second-game triumph. Tommie Agee drove in two runs with a sacrifice fly and a bloop single. Mickey Mantle's three-run homer into the upper deck of the right field stands in the 10th inning gave the Yankees a victory in the opener. But rookie Ripken Clark and Bill Kelo stopped them on five hits in the nightcap as Don Mineher drove in two runs with a single and a scattered seven hits. The White

No Hit Loser

reliever Stu Miller didn't allow a hit. However, the Tigers took advantage of Barber's wildness and beat Baltimore 2-1. (AP Wirephoto)

REDS COME BACK

Deron Johnson's run-scoring single off Mets rookie Tom Seaver broke a 2-2 tie in the second game at Cincinnati, enabling 18-year-old Nolan to boost his pitching record to 2-1. Ron Swoboda's second inning homer, one of two New York hits in the opener, was all Cardwell needed in outpitching the Reds' Billy McCoy. May stroked a run-scoring single off loser Larry Jaster in the second inning at St. Louis and slammed his second major league homer off reliever Nelson Briles in the fifth as the Pirates ran their winning string to four. Consecutive doubles by pinch hitters Don Lock and Gary Sutherland produced three runs in the ninth, pushing Philadelphia past the Braves. Felipe Alou, Joe Torre and Rico Carty all homered for Atlanta in the sixth. The Braves bounced back in the second game, scoring three runs in the fifth and adding a pair in the sixth on back-to-back homers by Alou and Hank Aaron.

STATE NATIONAL BANK
Just a little ahead of the times with conveniences for its customers

State National Uses New Computer System

Until they receive statements, customers of State National Bank likely will not be aware that their transactions have been put through a computer. Even then the only apparent difference will be in the new design and texture of the monthly statement.

But this makes a big difference to the bank in its ability to service accounts. It's not far out banking either—just staying abreast of the times and getting on the right track to stay abreast, said John Currie, president of State National.

What is involved on the surface is the bank sending all transactions of the day to the computer center in Lubbock, and then having the materials, together with a battery of reports back in the bank by opening time the next morning.

This is possible through the marvels of electronic data processing. The materials sent from State National—as well as a number of other area banks

and businesses—are fed into the National Cash Register 315 Electronic Data Processing system, which represents an outlay of approximately a million dollars. At the rate of about 2,500 per hour, the transactions of the day are fed into the system, balanced, computed, analyzed, and printed.

One product of the processing center is a daily journal showing all accounts active on a given day—the credits and debits and balances. Should there have been an inadvertent over-draft this will show, together with the balance were it honored. A second report is a statement of all accounts at the end of any day. Thus, tellers or others at the bank will be able, by thumbing to an account number, to tell a customer quickly what the balance is or if there has been any activity in the account recently.

INSTRUCTORS AND PIPER COMANCHE
Howard and Don Loyd, a father-son team are both licensed instructors

Introductory Flying Lesson Offered At County Airport

A special introductory flight lesson tailored to show the non-flyer the rudiments of flight is now being offered by Big Spring Aircraft, Inc. located at Howard County Airport.

In making the announcement, John H. Loyd, manager of Big Spring Aircraft, Inc. said the special introductory flight was designed to let people who have never flown an airplane before see what it's like to handle the controls of a modern airplane.

Loyd said the special flight included a pre-flight indoctrination on the controls and their functions. During the flight itself, the "first - flyer" is put in the left-hand seat of the Piper Cherokee, the pilot's seat, with a government-rated flight instructor sitting alongside with dual controls.

After take-off, the instructor shows the effect of the controls on the flight of the airplane... wheel back to climb, wheel forward to descend, wheel to the left to bank to the left, to the right to go to the right.

"Within several minutes we find the average person can be handling the airplane straight and level with ease and confidence," Loyd reports. "Making gentle turns also comes quickly."

Special emphasis on the introductory flight lesson by Big Spring Aircraft, Inc. is part of

a concerted nationwide "Discover the Sport of Flying" program which has been launched by Piper Aircraft Corporation to give non-flyers an opportunity to try flying. Big Spring Aircraft is a Piper dealer.

"The aircraft used in the program is a far cry from the familiar Piper Cub, known to so many. The new Piper Cherokee is a sleek all-metal, two or four passenger airplane with many advanced features to add safety and ease to flying. It has modern low wing design which permits a wide, super-stable landing gear and lower center of gravity. Its tricycle landing gear... two main wheels and a large steerable nose wheel... eliminate the old-fashioned "ground loop" and do much to simplify take-offs and landings.

The special introductory flight lesson offered by Big Spring Aircraft carries a price of just five dollars, considerably less than the actual value of dual flight instruction involved if it were charged at normal rates. Lessons are offered at the local airport seven days a week right up to sunset.

Loyd reports a noticeable surge in interest in local flying and that it is matching the national trend which has seen the yearly rate of new student pilots starts double in just five years. Aircraft manufacturers, including Piper, are also witnessing a tremendous increase in the use of private aircraft for business and pleasure. Piper sales last year were in excess of \$81,000,000.

Residents Benefit From Annual Check

BEAUMONT (AP)—The Beaumont Fire Department holds an annual inspection of homes to detect and point out fire hazards.

The inspections are held for residents' benefit and no penalty results from failing to meet safety standards. Assistant Fire Marshal Don O'Dell said.

Letter-Writing Campaign Scores

WHITESBORO, Tex. (AP)—A letter-writing campaign to put Whitesboro on the road signs has paid off. D. C. Greer, state highway engineer, has announced signs pointing the way to Whitesboro will be erected on Highways 99 and 82 soon. The sign drive was backed by the Junior Chamber of Commerce here.

\$1 BILLION YEARLY? Kidney Machines Cost Taxpayers

WASHINGTON (AP) — The government is examining critically its own costly and expanding role as life-giver to hundreds of Americans who would die without access to federally owned artificial kidneys, it was learned today.

A special advisory committee of 10 medical and social scientists is due to report shortly. The panel was named last July — but never announced — by the Budget Bureau in consultation with the presidential Office of Science and Technology.

Its findings will help several agencies make policy decisions on whether to expand, diminish, or alter the government's status as chief owner-operator of the bulky, expensive hardware that lets chronic kidney disease patients go on living after their kidneys stop functioning.

HUSH-HUSH
Figures are not available on the current over-all costs of the kidney machine program, but estimates run well over \$1 million monthly. One estimate on the cost of a progressively expanded program 10 years from now places the total at \$1 billion yearly.

Heading the advisory committee is Dr. Carl W. Gottschalk of the University of North Carolina. He reports his group will submit its findings by July 1. Officials give no assurance that the report ever will be made public in full.

THOUSANDS DIE
Involved are some difficult judgments in ethics and equity, and the underlying hard fact that thousands of kidney disease patients are dying every year who could be kept alive with

artificial kidneys. The problems include:

—Whether survival should be subsidized for some kidney patients while others die. Veterans hospitals and Public Health Service — PHS — centers own most of the existing machines, but not enough to meet more than a fraction of the national need.

OTHER DISEASES
—Whether the government should commit itself — and kidney disease patients for years to come — to this particular device, should pour funds into the promising technique of transplanting human or animal kidneys, or other devices.

—Whether the concentration on kidney disease is justifiable. Might the victims of other diseases also be kept alive by costly and complex devices or treatment, if some of the funds were diverted into other technologies?

—Whether local demonstration centers should be launched with only three-year PHS grants, as at present. If communities cannot support the centers when the money runs out, are the patients to be allowed to die?

Though the committee has tried to operate confidentially, word of its existence and activity has begun to circulate among medical men because it has held interviews and meetings across the country.

Therefore officials of the Budget Bureau, Veterans Administration, Department of Health, Education and Welfare and other agencies agreed to discuss the problems — but not the proposed solution — with The Associated Press.

BLOOD WASHING
About 700 American men and women are being kept alive by the technique of dialysis — the "washing" of the blood in the bulky and complicated machine called the artificial kidney.

The government pays most of the bill, officials said, simply because at this stage dialysis costs too much for private institutions — in terms not only of money but of space, equipment, staff, and nursing, medical and supervisory manpower.

ALL-NIGHT STAYS
The patients can live almost normal lives, except for all-day or all-night stays in the hospital or clinic two or three times every week.

There the patient is hooked up to the dialysis equipment by tubes attached to blood-vessel connections embedded permanently in his arm. His blood is fed continuously into the apparatus and back through his body. The machine filters out the wastes which normally are removed by the kidneys — and which, when the kidneys fail, cause death.

PRESSURES
The Veterans Administration has 23 dialysis centers in operation or in process of being set up. The PHS has demonstration centers operating in 13 cities; each can care for 20 to 30 patients.

There are acknowledged pressures, inside and outside the government, for great expansion of this unique medical service. But even if unlimited funds were available, a plan devised by any one of the agencies involved would not necessarily suit the others.

Reports have been heard in medical circles that the Gottschalk committee will urge a deliberately paced program to set up a chain of treatment centers, developed in many cases from the existing PHS demonstration centers.

PREMATURE
Gottschalk said it "most certainly would be premature" to predict the committee's recommendations on that score, or to verify reports that the committee will emphasize reliance on private rather than federal financing of artificial kidney treatments.

"We hope for participation by all groups—federal, local, public and private, he said. But officials agree that any major expansion of dialysis will involve huge additional outlays. The price has averaged \$14,000 per machine, and the cost of hospital dialysis is estimated officially at \$10,000 to \$25,000 per patient per year.

HOME DIALYSIS
There have been promising recent experiments with home dialysis and with much simpler, cheaper apparatus—some adapted from home washing machines. Home dialysis is not always possible, and the efficiency and reliability of the low-cost units remains to be proved.

The number of medically eligible cases developing each year has been estimated at from 5,000 to 90,000.

One official built an estimate of potential costs this way: Assume that 6,000 new hospital cases are added to the roster of patients annually, after allowing

for a 10 per cent annual death rate among the patients. Assume that hospital costs continue to average about \$17,500 a patient. Then, in about 10 years there would be some 60,000 patients under treatment, and the cost would touch \$1 billion a year. Cheaper machines could reduce the outlays—but the cost trend would be steeply up if the number of medically eligible patients were doubled or tripled.

IT NEVER CURES
The Budget Bureau is concerned about what happens to patients in the PHS demonstration centers when the time comes for the government to drop its demonstration grants. Only one center, the one in Seattle, Wash., has reached that stage. A \$500,000 fund-raising campaign was required. "How many cities can raise that much money?" one official asks.

One concerned official summarized the problem this way: "Maybe we should be looking harder at alternative solutions to the problem of chronic kidney disease — human kidney transplants, or animal kidney transplants. Maybe we should devote more time and medical talent to teaching how to give treatment at home.

"The government cannot look at this in the same way that it might look for instance at a program to teach people how to treat tuberculosis. "This is different. It never cures. It just goes on forever."

Receive Guests At Open House

Miss Karen McGibbon and her fiancé, Earl Clifton Smith Jr., are joined by her parents, Mr. and Mrs. K. H. McGibbon, right, and his parents, Mr. and Mrs. Earl C. Smith of Fort Worth, in receiving guests Saturday evening during an open house in the McGibbon home

at 108 Cedar Road. The honored couple will be married July 29 in the First Methodist Church. Shown below are Mr. and Mrs. Joe Pond, Mr. and Mrs. Ted O. Groebel and Mrs. Don Brinegar who were included in the large house party.

Forsan Residents Have Guest From California

FORSAN (SC) — Mrs. George Nichols of San Bernardino, Calif., is a guest in the home of her parents, Mr. and Mrs. A. J. McNallen. Mr. and Mrs. E. M. Bailey and Kathy were recent visitors in the home of Mr. and Mrs. J. T. Creighton in Rankin. Mr. and Mrs. Bob Wash visited recently in Lamesa with her sister, Mrs. L. D. Parker, who is a patient in Medical Arts Hospital there. Mrs. Mary Archer, mother of Mrs. Parker, is spending the week with her daughter in O'Donnell. Mr. and Mrs. J. L. Overton attended funeral services in Lampasas for Mrs. W. B. Romans, mother of W. M. Romans, former Forsan resident. Guests in the home of Mr. and Mrs. O. W. Scuday are her mother, Mrs. Don Limbocker of Monahan, and their daughter, Mrs. Jerry Matthews and children of Gilmer.

Mr. and Mrs. Kyle Scott and son of Big Spring have recently moved to Forsan. Mrs. Vera Harris returned Sunday from a visit in Robert Lee with Mr. and Mrs. James Craig, Janice and Jimmy. Mrs. Freddie Stuart, Brad and Britt of Roby were recent guests in the home of her mother, Mrs. Clara Fletcher. Susan Elrod, a student at Angelo State College, was a weekend guest in the home of her parents, Mr. and Mrs. Hamlin Elrod, who have moved to Forsan recently from their ranch where they resided for 25 years. Mr. and Mrs. A. P. Oglesby were accompanied by Mr. and Mrs. Don McAdams and sons to Fort Worth Saturday, where Oglesby went for a physical examination following surgery. Guests of Mrs. Vera Harris recently were Mr. and Mrs. Ike Simpson of San Angelo and Mr. and Mrs. O. H. Harris of Cortez, Colo.

Couple To Marry In Denton Rites

Mr. and Mrs. James R. McCay of Waco announce the approaching marriage of their daughter, Jean, to Charles Jerry Sweeney, the prospective bridegroom is the son of Mr. and Mrs. Charles Sweeney, 1209 Douglas.

The couple will be married May 5 in the First Baptist Church Chapel in Denton, with the Rev. L. L. Armstrong serving as officiant.

Craig Yarbroughs Return From Trip

Airman 2.C. and Mrs. Craig A. Yarbrough have returned from Cave Junction, Ore., where they visited in the home of his parents, Mr. and Mrs. George Yarbrough. Upon arrival here, they were joined at their home, 1218 E. 16th, by her mother, Mrs. Errolene Bailey; her sister, Esther Nete Bailey, and her grandparents, Mr. and Mrs. C. E. Haley, for a family reunion.

Panhellenic Plans Tea For Girls

The Big Spring Panhellenic information tea for senior girls and their mothers will be held from 2 to 4 p.m. May 7, in the Community Room of the First Federal Savings and Loan Association building.

Girls who plan to attend colleges which have sororities are urged to attend, even if they are undecided about rush. The purpose of the tea is to inform girls of the advantages and disadvantages, costs, grades needed and other pertinent facts concerning sororities.

For further information, call Mrs. Jerry Grimes, AM 7-2735, or Mrs. M. W. Talbot Jr., AM 7-8988.

Radiation Gives Life To Cottons

You may someday be wearing cotton clothing with desirable new properties put in them by atomic radiation, plus chemicals.

Scientists of United States department of agriculture's research service are experimenting with these treatments, and have found that cotton treated with certain chemicals and then irradiated can be made extremely soft and able to stretch almost 25 per cent before breaking.

The scientists are looking for ways to add other desirable properties to the fabrics — such as wash and wear, permanent press, flame resistance, and oil and water repellency.

Menu Announced At Forsan School

The following menu has been announced for the Forsan schools:

TUESDAY — Barbecued wieners and cheese, chef salad, buttered potatoes, hot rolls, chocolate cake, peaches and milk.

WEDNESDAY — Hamburgers, French fries, lettuce and tomatoes, grapefruit, buttered cookies and milk.

THURSDAY — Roast and gravy, mashed potatoes, black-eyed peas, banana pudding, hot rolls and milk.

FRIDAY — Salad plate, tuna, cheese, potato, fruit and milk.

Pupils Play For Piano Audition

Ten pupils of Mrs. Chester F. Barnes participated this morning in the national piano playing auditions being held at Howard County Junior College. They were Mary Beth Faulk, Jeff Vaughn, Susan Ward, Donna Swindell, Angela Hodnett, Steve Smith, Joel Dyer, Denise Johnson, Ann Bell and L. adon Grantham.

Shift Into Spring With Yoked Dress

Fun time, chore time, coffee break, any time is the right time for the yoked shift. In fact, you'll be inclined to live up to it. No. 3278 comes in misses' sizes 9-11, 13. Size 14 takes 2 1/2 yards of 42-inch fabric.

Send 40 cents plus five cents postage for this pattern to IRIS LANE (care of the Big Spring Herald), Morris Plains, N.J. 07950. Add 15 cents for first class mail and special handling. Free pattern is waiting for you. Send 50 cents for our new Spring - Summer Pattern Book which contains coupon for pattern of your choice.

Beta Sigma Phi Has Anniversary Banquet

The 36th Anniversary of the founding of Beta Sigma Phi sorority was observed locally Thursday evening with a banquet in the Gold Room at Big Spring Country Club.

Hostesses for the Founder's Day affair were members of the BSP City Council executive board. They were Mrs. Robert Sandner, president; Mrs. James Cape, vice president; Mrs. James Murphy, recording secretary; Mrs. Harry McMillan, corresponding secretary; and Mrs. Wade Choate, treasurer. Mrs. Sandner served as toastmistress, and Mrs. McMillan led the opening ritual. Mrs. Sandner extended the welcome and recognized members of a new chapter, Alpha Beta Omicron of Coahoma. Mrs. Don Cunningham is president.

Mrs. John Turner and Mrs. Don Hush welcomed new pledges. Mrs. Turner introduced Mrs. Estella Rich as Beta Omicron's Pledge of the Year and presented a pin and BSP book to Mrs. T. Willard Neel, the chapter's honorary member. Mrs. Hush of Mu Zeta Chapter, introduced Mrs. Robert F. Knight as the chapter's Girl of the Year and gave a resume of the chapter's activities for the past year. The resume for Beta Omicron was given by Mrs. Jack Tayrien who introduced Mrs. McMillan as the Girl of the Year for that group. Mrs. Marie Vines revealed Mrs. Choate as Xi Mu's Girl of the Year and gave the chapter's activity resume. Also, she presented a pin guard to Mrs. Sandner from the chapter. Mrs. John Gary of Preceptor Delta read that chapter's resume and introduced Mrs. Odell Womack as its choice for Girl of the Year.

The founder's day pledge was led by Mrs. Adrian Randle, Perceptor Delta, and Mrs. Edward Seay of Xi Mu brought the founder's message.

A high point of the evening was the introduction of Miss Bowen of the Veterans Administration Hospital staff as the BSP Woman of the Year. The selection of Miss Bowen for the honor attested to the many hours of volunteer work she has contributed to the community in various fields of service. In the past, she was city-county health nurse, and later, chief nurse at Bennett House. She is presently secretary of the board for the Dora Roberts Rehabilitation Center.

Mrs. Clyde Angel, who was Big Spring's Woman of the Year in 1955, was guest speaker and presented a review of the book, "I Only Have Two Hands," by Jane Goodwill. The

humorous theme concerned the perplexing problems of the modern woman who must be many different people in the roles society demands of her. In appreciation, the chapters presented her with a silver chip and dip service.

The U-shaped tables were covered with white linen, and the head table held an arrangement of yellow pompon chrysanthemums and irises and green fern. Ivy runners were dotted with large yellow paper flowers. The centerpiece was won by Mrs. Linda Pruitt.

Bruce Frazier Talks On Mexico

Bruce Frazier, guest speaker, spoke on his many trips to Mexico and told of the people and their customs at the Friday afternoon meeting of the Modern Woman's Forum. The group met in the home of Mrs. M. A. Cook, 1611 Main.

Mrs. W. E. Moren presided and gave reports on the volunteer service at the state hospital, and the game party held Wednesday at the Bennett House.

Refreshments were served to 14. The next meeting will be May 12 in the home of Mrs. A. C. Bass for a luncheon and installation of officers.

A LOVELIER YOU

Millions Of Women Color Hair At Home

By MARY SUE MILLER It is estimated that 40 million women color their hair at present. In just 10 short years hair-coloring products have become big business. And the variety of products has increased to a degree where a choice can be perplexing.

Shampoo tints are an instance. These have grown in number, until it is now predicted that shampooing soon will be the only process used for permanent tinting at home. As such products cleanse, condition and color in one step, they do seem ideal for the non-professional.

For a prospective user of a shampoo tint, there are several points to keep in mind. Application will lighten or darken and brighten your hair. But it will not change the color from dark brown to pale blonde. Dark hair and even some blonde hair has to be stripped of color before a pale tint will take.

Application is not quite as simple as that of a plain shampoo. Directions on the package must be carefully followed. When called for, a patch test must be made. A preliminary shampoo may be necessary to free the hair from an impervious coat of hair spray or lotion. In any case, the color takes best on damp, not wet hair.

Alling hair should be reconditioned before using any tint. Built-in conditioners are intended to prevent possible post-coloring dryness. That they do and do it well, when you do right by a shampoo tint.

What's your hair problem? You'll find a way to overcome it in my 16-page booklet, "Rule Your Waves." Advice includes beauty treatments for oily, dry, and normal hair; ways to manage unruly locks; how to add color and highlights; tips on cutting, permanents and styling; grooming tricks. Write Mary Sue Miller in care of the Big Spring Herald for your copy, enclosing a large, self-addressed, stamped envelope and 20 cents in coin.

Luncheon Meeting Set By Hyperions

Members of the 1955 Hyperion Club will meet at the Big Spring Country Club at 12:30 p.m. Tuesday for luncheon and installation of officers. Hostesses will be Mrs. James Cape, Mrs. D. H. McDaniel, Mrs. Robert Penner and Mrs. R. F. Dorsey.
