WE HAD BEEN HEARING for some time about the critical water shortage in California, and during our recent visit to the West Coast, we had the opportunity to find out that the shortage is a fact and not just a rumor, and also to see firsthand some of the measures which have been put into practice in order to attempt to save water.

The first thing that we noticed was that the restaurants are not serving water to their customers, a custom that is taken for granted in most sections of the country. They will bring you water if you request it, and most of the places have signs to this effect, and ask the indulgence of the customers.

One particular restaurant we visited even had an insert printed and placed next to the menus on each table. The sheet pointed out that by not serving drinking water the restaurant could in effect save as much as 24 ounces of water per customer. It went on to explain that the saving amounted to eight ounces for the water, another eight ounces required to make the ice, and another eight which would be necessary to wash the glass.

Every motel we visited had a reminder of the shortage, and some of them gave suggestions along with their request that their guests help them in their efforts to save the scarce water.

One particular poster pointed out that a man could save up to 19 gallons of water while shaving, by filling the basin rather than allowing the tap to run. A similar saving, this estimated at nine gallons, could be effected by not allowing the tap to run while brushing teeth.

A saving of around 21 gallons of water could be realized by changing your shower routine, it was pointed out. Instead of letting the water run during your entire shower, the leaflet suggested "wetting down, soaping up and rinsing off," which would use only about four gallons of water. Similar savings were recommended for tub baths, by not filling the tub completely.

Other places we observed were giving evidence of their attempts to conserve water. One in particular was a car wash, which had a big sign proclaiming "We recycle our water."

Virtually everywhere you went, there were reminders of the critical nature of the water shortage, as state and local officials have done a great job of getting the message across. Attractions which used a large amount of water, such as a special effect at a tour of Universal Studios in Hollywood, had the tour guide make a point of mentioning that the water was recycled.

We were a little bit surprised that the motels which have swimming pools all had the pools filled—at least all that we saw. With the extreme measures being employed in other areas, we sort of expected the pools to be empty. But apparently, since tourism is one of the state's leading (if not the leading) industries, officials must have decided to leave the pools filled for the sake of the tourists.

Some cities have been obliged to go to strict rules on the watering of lawns and gardens. Friends we visited in Northern California explained that early in the spring the city had set aside dates to give their trees a good deep watering.

Even with the shortage and its inconveniences, some of the residents of that state have managed to keep a sense of humor evident. For instance, we saw a sign in a parched but otherwise neat-looking yard in Sonoma that read "This lawn gave its life for water conservation."

Board Sets Annual Meet

The annual Board of Equalization meeting for the Friona Independent School District will be held on Saturday, July 9, it was announced this week by David Cooper, tax assessor-collector for the district.

The board will convene from 9 a.m. until 12 noon on that day. All persons having business with the board are asked to attend the meeting.

Over \$1400 Raised; --Fireworks Saved

Thanks to a successful fund drive, Friona's Fourth of July fireworks have been reinstated for the 1977 Independence Day Celebration.

With the city's annual display hanging in the balance due to a lack of funds, a drive early this week spearheaded by the Friona Star

resulted in ample funds for the fireworks, and another gigantic show has been promised.

As of press time this week, a total of \$1420 had been donated by 36 Friona businesses, clubs or individuals. The Friona Fire Department has agreed to act as sponsoring

organization for the display. Members of the department have been staging the show ever since it went "big time" with the 1969 community display.

Chamber of Commerce board member Tom Jarboe hand carried the application for the special bond to Lubbock this week, and Fire Chief Ralph Shirley placed a fireworks order that should give the city a display approaching last year's Bicentennial display.

A spokesman for the Chamber's July 4th committee said it was apparent that the board made a hasty decision in voting not to have the display for 1977. The chamber not being financially able to carry any of the load had influenced their decision considerably.

This year's display will be the 9th consecutive community-wide fireworks display, and once again will be held in the Reeve Lake area adjacent to the Community Center.

The Friona Fire Department, active in every one of the displays, staged the original show at Friona's first annual Independence Day celebration, sponsored in 1969 by the New Horizons Junior Study Club. The display that year was held at the Friona Roping Arena.

Due to the tremendous response to the 1969 display, the show the following year was moved to Chieftain Field, in order to provide seating for those attending. It was held at the football field for four years.

Then in 1974, with July 4th activities centering around the Community Center, the display was moved to Reeve Lake, where it has continued to grow until last year's display was witnessed by an estimated 5,000 persons.

As has been the case for the past eight years, the fireworks will climax the Independence Day activities in Friona.

Helping solidify the drive was an original gift of \$200 by the Friona Noon Lions Club. The Progressive Study Club also made a contribution. The Friona Riding Club and Kiwanis Club representatives also pledged donations.

Businesses donating to the fund included Rushing Insurance, Tri-County Savings, Parmer County Implement, Carrol Gatlin Land, Friona State Bank, Welch Auto, Reeve Chevrolet-Olds, Cortese Engine Service, Brockman Sales and Friona Star.

Also, Parmer County Pump, Friona Consumers, Rockwell Brothers, Ethridge-Spring, Poarch Furniture, Bi-Wize Drug, Big-T Pump Co., Houser's, Herring Implement Co. and White's Auto.

Also, Piggly Wiggly, The Pro Shop, Ag-Chem Farm Services, City Body Shop, Friona Credit Union, Friona Industries, The Country Store, Tasty Cream, Lee's Barber Shop, Malouf's and Adams Drilling Co.

Individuals contributing included Cotton Houser, Bob Riethmayer and Mr. and Mrs. Sam Williams.

Club Sets Barbecue For 4th

Friona Noon Lions Club members are making plans for their fourth annual July 4th dinner at the Friona Community Center, with beef on the menu this year instead of catfish.

Planning committee chairman Gale Warren said the Noon Lions are offering both smoked and barbecued beef with cole slaw, potato salad and beans because no catfish was available this year.

Warren said the dinner will be an "all you can eat" meal beginning at 11:30 a.m. and lasting until 2 p.m. on July 4th.

Admission will be \$3 for adults and \$1.50 for children under 12. Proceeds will go Girlstown, U.S.A. Tickets may be purchased from any Noon Lions Club member.

UNITED FUND LEADERS....Named this week to head the annual United Fund Drive are co-chairman Dave Hutson and chairman Gale

Warren. A city-wide drive will be conducted during the fall to raise money for the United Fund. (Star Photo)

Warren Tabled Chairman For UF

The board of directors of the Friona Area United Way met Tuesday, and elected its chairman and co-chairman for 1977, and also considered the budget for the 1977 drive.

Gale Warren was named to head the 1977 United Way campaign, and David Hutson will serve as co-chairman.

The preliminary budget tally puts the 1977 goal at \$9,527, which is \$798 less than the 1977 goal of \$10,325.

Two major alterations from the 1976 budget saw the sheltered workshop program being omitted, in as much as last year's money has not been used, and the Friona Little

League being included in the 1977 program.

Officers elected for 1977 included Hollis Horton, president; Charles Allen, vice president; B.K. Buske, treasurer; and Charles Caudill, secretary.

Gary Cook and Patrick Pace were elected as new members to the organization's board of directors. Outgoing directors were Charles Allen and Gary Brown.

Next meeting for the United Way board of directors will be September 27, 1977. A tentative kickoff date for the 1977 drive has been selected as Monday, November 7.

Area Gets Good Rains

The Friona area has been visited by thundershowers during the past week, bringing much-needed moisture to farm crops, and giving welcome relief from scorching temperatures, which had reached 100 degrees or more on three or four consecutive days.

Some portion of the area received nice rains during four consecutive evenings beginning on Monday. On that evening, a shower measuring .20 fell locally. Tuesday night, although only .02 inch fell in Friona nearby points to the south had .3 inch, and a much heavier rain fell further south. Parts of Bailey County were reported to have received up to three inches of rain that night.

A Wednesday night cloud, that "made up" at about the Friona city limits and went east, left only a trace in the official city gauge, but farmers in the Black area and south of Hereford received a good rain.

Travis Stone reported 1.4 inch of rain on Wednesday night, and another .3 inch during the night Thursday.

The Thursday evening rain was more general than those earlier in the week. The city's gauge caught .77 inch, while a gauge at 1201 Maple had .95 inch. Other reports from Thursday had 1.8 inches falling a mile north of Friona, and an inch a mile south.

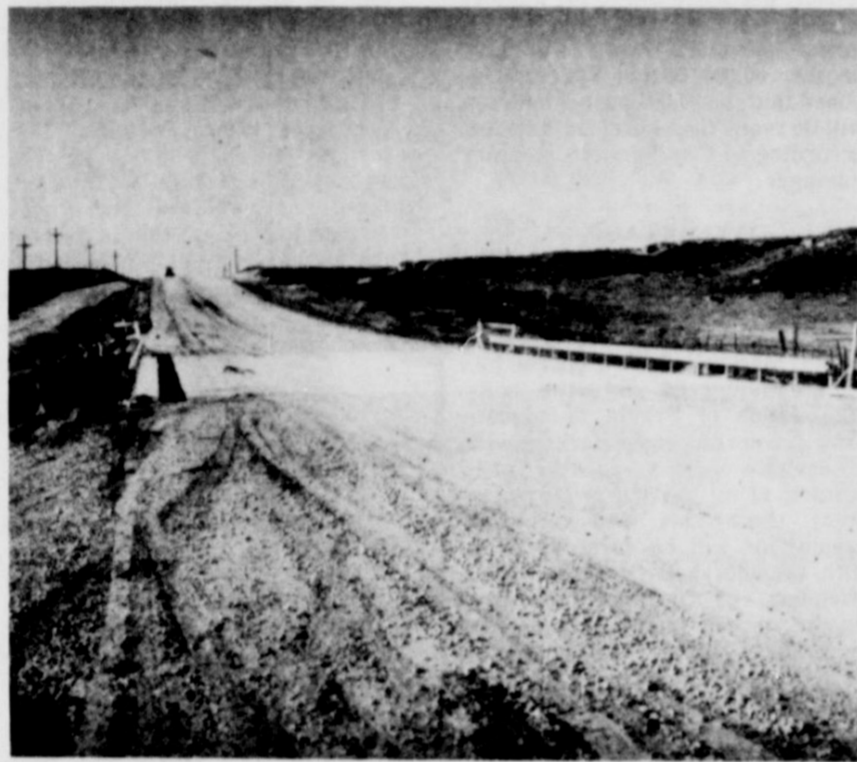

To the southeast, Jerry London had .6 inch, and an inch a mile south.

Jim Dixon, who farms in the Rhea community, reported an inch during the week, with .5 inch coming on Tuesday, and .5 on Thursday.

The rainfall has caused a

TEMPERATURES

Date	Hi-Low
Saturday, June 18	105-63
Sunday, June 19	96-63
Monday, June 20	101-62
Tuesday, June 21	90-62
Wednesday, June 22	89-58
Thursday, June 23	81-60
Friday, June 24	85-60
Moisture: .20 inch June 21; .62 inch June 22; Trace June 2, .77 inch June 3. Total for week and month: .80 inch.	

BRIDGE COMPLETE....The Running Water Draw bridge on Highway 214 south of Friona was completed

last week and is now in operation. The new 120 foot long bridge is five foot higher than the old bridge.

170 Cattlemen Eligible For Vote

A total of 170 cattle owners in Parmer County will be eligible to cast ballots in the national cattle referendum July 5-15 to determine whether beef producers will pay a checkoff fee when their cattle are sold, to finance research and promotion.

"I would guess this would amount to 50 to 60 per cent of the cattle producers in Parmer County," said Prentice Mills, executive secretary of the Parmer County ASCS, which registered the producers for the special referendum. Mills said that considering that it took a special effort on behalf of many of the producers, this was probably a good turnout.

Only the cattle producers who registered during the period ending Friday, June 17 will be eligible to vote on the checkoff question, which will also be conducted at the county's ASCS office during July.

At least 50 per cent of those who registered for the referendum must vote, and two-thirds of the number voting must vote favorably, in order for it to pass.

The number of producers who registered in Parmer County compared favorably to neighboring counties' reports. The number of producers who had registered in Castro County numbered 153, in Bailey County it was 63, in Deaf (Continued on Page 2)

INSPECTING CORN....Much of the corn crop in Parmer County has begun to tassel out. Wade Cargile, 1977 graduate of Lazbuddie who

farms near Clay's Corner, inspects the corn. In the background are corn dryers standing ready for this year's harvest. (Star Photo)

temporary halt to the wheat harvest, which was grinding toward a routine climax. The moisture should be of great benefit to the area's row crops, as farmers were beginning to find it difficult to keep pace with the irrigation requirements brought about by the extremely hot weather of the previous week.

Yields from the 1977 wheat crop are reported as better than average, although the price continues to be less than desirable.

Shooting Termed Accidental

An accidental shooting sent a Hub community resident to Parmer County Community Hospital late Thursday night, after the wounded man had driven to a neighbor's house for help.

Joe Valero, an employee of Fleming Gin at Hub, was reported to have a single .22 caliber bullet wound in his lower right side and was rushed to Deaf Smith General Hospital at Hereford where he was to undergo surgery Friday.

Parmer County Deputy Sheriff M.C. Bill Morgan said he received the call at 10:20 p.m. Thursday and began an investigation of the incident. Valero had been visiting a neighbor Thursday afternoon and had driven home later in the evening. The neighbor told Morgan that 30 minutes later Valero came back wounded, and told him he was cleaning a rifle when it accidentally went off. He was reported to have been alone at the time of the accident.

Valero was transferred to Hereford by Friona City ambulance at 11 p.m. "during a bad rainstorm with our radios out," Rex Williams, driver of the ambulance said.

Valero was reported in good condition Friday, and Morgan said he was satisfied that the shooting was accidental.

REMEMBERING...

By BILL BROOKS

Clearing Land

This past week I decided to remove a tree from my yard. It had been standing there most of this year with no leaves, a victim of some incurable tree disease that seems to be going around the country. At first I thought the task would be simple. Sure, it's just a matter of digging around the trunk a little, chop a couple of roots in two, topple it over and pull it away.

Not so! It took me the better part of a day just to dig a trench around it. The ground was harder than I remembered it being when I was a kid digging fox holes in the sand of the creek bottom. To save you some reading I won't tell everything I went through to get that dead tree out of my yard but let it suffice to say it was a lot of hard work.

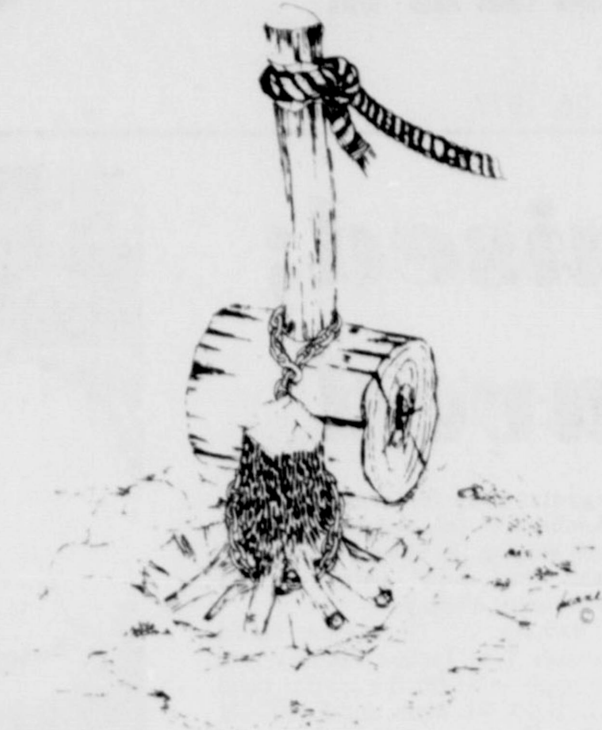

Anyway, as I worked, I remembered back when my dad had some land cleared for a new field. A good level spot on the back side of the pasture was staked off and Dad hired some men to clear it of all the mesquite, brush and cacti (I learned the word cacti in college, up 'til then I always thought they were cactus).

The men he hired were known as "cedar choppers"

because they made their livelihood working the cedar breaks in another part of the state. There were two or three families of them and they lived in the back of an old truck. They were kinda ragged and dirty and Dad cautioned us not to go near them because they were sort of gypsies and you couldn't tell what they might up and do.

Of course this got our curiosity up so we watched everything they did, from a safe distance of course, like from behind trees and by crawling along the creek bottom. They probably told their kids, "Watch out for those boys, you can't tell what they might do, sneaking around the way they are."

They truly seemed to like their work. At first they cut and stacked all the straight mesquites to use as post to fence in the field. The remaining trees were chopped into fire wood and the brush was piled up and burned. The stumps were grubbed and pulled. They worked on the stubborn stumps with grubbing hoes, picks, pry bars and poles but they also had a pair of the biggest horses I ever saw that could pull a stump better than anything. Behind

the team was a big round piece of wood that looked like it had come from a huge tree. It was a stump puller deluxe but since I can't describe it I've drawn you a picture.

The especially big stumps were blasted out with dynamite which the men seemed to be experts at using. It was the first time I had ever seen anything

bigger'n a fire cracker go off and you might say I was properly impressed. The land was cleared much sooner than Dad expected and he was very pleased with the job they had done.

He told us after they had gone that a hard job is often turned into an easy one if you know what you are doing and if you have the right equipment for it.

Friona Flashbacks

..... from the files of The Friona Star

45 YEARS AGO--JUNE 24, 1932

F.W. Reeve and others of this place who were taking an active part in promoting the plan for a north and south highway across Parmer County, met with quite a disappointment in their efforts when they presented their petition to Judge John H. Aldridge for his signature as an endorsement of the project by the Commissioners Court. At a recent meeting of the court it was unanimously agreed that the court should endorse the move, but no motion, it appears, was made to that effect, and Judge Aldridge contended that he could not conscientiously sign the petition unless the matter had been made of record by the court.

35 YEARS AGO--JUNE 12, 1942

The Friona Wheat Growers, Inc., is increasing its already large grain storage space by the addition of four bins now under construction, which will augment the space by an estimated 20,000 bushels. In addition to this, plans are made for another addition on the west side of the larger elevator, which will give another 60,000 bushel space. It is hoped that the 80,000 bushel addition will be ready for service by harvest, according to Guy Bennett, elevator manager.

30 YEARS AGO--

(1947 issue missing from Star files.)

25 YEARS AGO--JUNE 12, 1952

City Marshall J.W. Roberts has been instructed by the city commission of Friona to educate local drivers on proper parking with observance of the no-parking zones painted along the curbs in yellow paint. Both this and speeding regulations will be enforced here, with the marshal first reminding offenders by leaving 'courtesy' tickets on car improperly parked along these zones or across alleys.

20 YEARS AGO--JUNE 13, 1957

Friona School Board Monday night approved plans for new buildings for ten additional classrooms, offices, a grade school gymnasium, storage space and work rooms for teachers. July 2 was set as date for contract letting. Bonds in the amount of \$350,000 were voted

for the building recently.

Indications are that Friona will get a swimming pool. Even though a bond issue for building a pool failed to carry Tuesday of last week, interested groups and individuals are still enthusiastic over getting a swimming pool. A meeting of all who would like to have a swimming pool in Friona and would like to help get one will be held Friday in the Friona School study hall.

15 YEARS AGO--JUNE 14, 1962

The Parmer County Commissioners' Court, sitting as a board of equalization in their meeting Monday set the tax rate for the county at \$1.25 per \$100 valuation. Friona cleared its final hurdle in having its public water supply declared officially approved by the state health department last week, when V.T. Hancock, state health engineer, put his stamp of approval on the local facilities.

A total of 34 persons were present for a meeting of the Farmers' Co-op Gin stockholders last Thursday, at which a permanent board of directors was elected. The men who had served on the temporary or "organizing" board were elected as permanent board members. They include A.W. Anthony, Jr., Keith Brock, Ellis Tatum, D.L. Carmichael, Charles Howell, R.J. Renner, Jr. and Raymond Schueler. Each of the 34 men present purchased one

share of common stock, becoming charter stockholders.

10 YEARS AGO--JUNE 15, 1967

Friona's Piggly Wiggly Super Market, formerly Moore's Super-Market, is holding a grand opening as a Piggly Wiggly store this week.

Eddy Willmon, who has served as Work Unit Conservationist for the Parmer County Soil and Water Conservation District for the past two years, has resigned his position effective this week.

5 YEARS AGO--JUNE 15, 1972

A devastating hail storm cut a swath about two miles wide across the Black Community last Saturday afternoon, destroying some crops and heaving damaging others. Up to three inches of rain was received during the downpour, which assaulted crops and buildings with golf ball-sized hailstones for the better part of an hour. Farms of Wesley Barnett, Charles Bass, Ed Clark, Travis Stone, Bruce Parr, Tom Lewellen, Bill Carthel, Clyde Hays, Johnny Mars and others sustained heavy crop damage. At the Tom Lewellen place, a building being used to house an airplane and a trailer house was blown down by the gale-like wind which accompanied the storm, and extensively damaged the spray plane owned by Joe Lewellen, and the Lewellen's recently acquired trailer house.

Cattlemen.....

(Continued from Page 1)

Smith County it was 290, and in Ochiltree (Perryton) County, it was 157.

If the referendum approves the checkoff, cattlemen will pay 30 cents on each \$100 received from the sale of beef cattle. Development of foreign markets, widespread promotion of beef in the diet, and research on the use of beef would be financed by the fund.

If the percentage quoted by Mills is close, then Parmer County was 'way above average in its registration totals. According to J.D. Sartwell of Sealy, state chairman of the Beef Development Taskforce, early returns indicated that only about 18 per cent of all Texas cattlemen, and about 11 per cent of those nationwide registered for voting in the referendum.

Since registration was open to all cattle owners, from feedlot cattle owners to a 4-H or FFA member with one animal, it was hard for officials to estimate the exact percentage of the producers registering, since it was difficult to know exactly how many producers there were in a given county.

A.L. Black is serving as chairman of the Beef Development Taskforce in Parmer County.

Report Warns About Future Water Crisis

(Editor's note: The following editorial is reprinted from the Dallas Morning News, from its issue of June 6, 1977.)

For at least the umpteenth time, a state official warns that Texas does not have ample water to meet demands of unexpected population growth.

This point was re-emphasized by James M. Rose, executive director of the Water Development Board, upon release of a 2-volume study, which, again, backed the contention.

Texas has neither the aquifers nor undeveloped flowing streams to support an anticipated population of 18 million by 2000 or 25 million by 2020. Water requirements to meet economic and environmental needs, the report emphasizes, are estimated at 33 million acre-feet in 2000 and 41 million acre-feet by 2020.

Most Texans around today will still be here when the state runs out of water. We are, in fact, looking down the barrel of a water crisis.

Why bring all this up again? Well, we recall the petroleum industry sounding the same warnings about

an energy crisis 30 years or so ago. And no one acted.

But the apparent question on people's mind today is: "Why didn't someone warn us about the energy crisis?"

Fact is, they were warned and ignored the warning.

If the same apathy sets in over water, the results will be worse. Any biology book tells us it's easier to live without gasoline than without water.

To The Editor

Dear Editor:

Our Home Demonstration Club has been using the community center at Friona for different activities since it was built. We've had a table at the Christmas Bazaar each year that it is held there in November. Our most recent use of the building was April 5, 1977 for the Parmer County Health Fair. The Parmer County H.D. Council sponsored the concession stand that day.

We were really made aware of the mouse problem when we had to use a disinfectant on the counter tops, stove, sink, etc. Also the mice jumping out of the brooms in the cleaning closet were most alarming! Can there be something done about the mice problem? We'd like to be as proud of this beautiful building now as we were when it was built.

The lake in front of the building has also been brought to our attention due to the recent rains. Is something being done to insure a "safe" 4th of July celebration with few mosquitoes? What happened to the idea of the lake being stocked with minnows to take care of mosquito larva? Has the park idea also been forgotten?

Keeping the building mouse proof and improving the lake area would certainly be something Friona could be proud of and would be admired and appreciated by all the people who use the building and the grounds.

Sincerely yours,
Rhea Home Demonstration Club

Dear Bill,

Following is some information that you might like to use concerning Skip.

Mr. Norman (Skip) Sircic will be ordained into the Christian Ministry on Sunday, June 19 at 3 p.m. The Rite of Ordination will take place in Bethel United Church of Christ, Houston, Texas, where Skip's father, Rev. Paul A. Mohr is pastor.

Skip graduated magna cum laude from Trinity University in San Antonio in 1974, and in June of 1977 graduated second in his class from Vanderbilt School of Divinity in Nashville, Texas. He and his wife Angela have moved back to Texas, where he will be serving as pastor of a local church.

Hope things are going well up there—right now Houston is in a time of drought, being 8 inches behind in annual rainfall. We usually receive 3 or four inches a month, and for the last 30 days have received none—shades of the panhandle!

Sincerely,
Paul A. Mohr

Dear Editor:

Thanks for your wonderful help in informing cattlemen about the Beef Referendum and in getting them out to register.

Scattered returns indicate that about 18 per cent of all Texas cattlemen and about 11 per cent of all U.S. cattlemen registered. Final figures will be available by mid-week.

We're excited! And friends like you made it possible. We appreciate your great support of the cattle industry.

J.D. Sartwell
State Chairman

Legal Notice

THE STATE OF TEXAS TO: ANY SHERIFF OR CONSTABLE WITHIN THE STATE OF TEXAS:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return date thereof, in a newspaper published in Parmer County, Texas, the accompanying citation, of which the following is a true copy:

CITATION BY PUBLICATION THE STATE OF TEXAS

To George G. Wright, the unknown heirs of George G. Wright, Mrs. George G. Wright (whose christian name is unknown), the unknown heirs of Mrs. George G. Wright, Phillip Moore, the unknown heirs of Phillip Moore, the unknown wife and-or wives, if any, of Phillip Moore, the unknown heirs of the unknown wife and-or wives, if any, of Phillip Moore, John Moore, the unknown heirs of John Moore, the unknown wife and-or wives if any, of John Moore, and the unknown heirs of the unknown wives and-or wives, if any, of John Moore, defendants in the cause numbered and styled hereunder.

You are hereby commanded to appear before the honorable district court, 154th Judicial District of Parmer County, Texas, at the courthouse in Farwell, Texas, at or before 10:00 o'clock a.m. on the first Monday next after the expiration of forty-two days from June 2nd, 1977, the date of issuance of this citation, being the 18th day of July, 1977, by filing a written answer to Plaintiff's petition that was filed in said Court on June 2nd, 1977, numbered 4200, on the docket of said Court, and styled Eugene Boggess, Independent Executor of the Estate of Edgar Boggess, deceased v. George G. Wright, et al; Phillip Moore, et al; and John Moore, et al, defendants.

The nature of this suit,

briefly stated, is one of trespass to try title, in which Plaintiff, for cause of action, would respectfully show the Court:

1. That on or about February 22, 1976, Edgar Boggess was lawfully, in fee simple, seized and possessed of realty in the town of Friona, Parmer County, Texas, and legally described as Lots Five (5) and Six (6) in Block Forty-Five (45) in the Original Town of Friona, Parmer County, Texas, as shown by plat of said town of Friona, recorded in the Deed Records of the County of Parmer, Texas, in Vol. Five (5), page 241 et seq., together with all and singular the rights, hereditaments and appurtenances to said premises belonging or any wise incident and appurtenant thereto; and following the death of Edgar Boggess on the 22nd day of February, 1976, your Plaintiff qualified as Independent Executor of the Estate of Edgar Boggess, deceased, in the County Court of Parmer County, Texas, in Cause No. 1321 and as such personal representative of said estate is entitled to possession of said realty, and that the devisees under the Last Will and Testament of Edgar Boggess, deceased, are the owners in fee simple, pending full and complete administration of said estate, of the above described realty which said realty contains less than 160 acres of land, and being the same land described in deed from George G. Wright to Phillip Moore and John Moore, dated January 15, 1907, along with other lands therein described, and recorded in Vol. 6, page 64 of the Parmer County Deed Records, and also the same property described in Deed from Pearl Kinsley, individually and surviving wife of R.H. Kinsley, deceased, to Edgar Boggess, dated January 3, 1948, and recorded in Vol. 66, on page 600 et seq. of said Deed Records; and

2. That Defendants unlawfully entered on said premises and ejected Plaintiff therefrom, and unlaw-

fully withhold from him the possession thereof. Plaintiff prays for judgment for title and possession of said land and for other and further relief to which he is entitled, as is more fully shown by Plaintiff's petition on file in this suit.

If this citation is not served within ninety (90) days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve it and make due return thereof according to requirements of law, and the mandates hereof.

Issued under my hand and seal of said Court at Farwell, Parmer County, Texas on the 2nd day of June, 1977.

Dorothy Quickel
Clerk of the District Court,
154th Judicial District of
Parmer County, Texas

Drivers see gas station competition

A majority of American motorists feel competition among gasoline service stations is extremely high or high, according to an Amoco Oil Company market research report released today.

"Among seven types of retail businesses, only supermarkets, fast food restaurant chains, and discount store chains are believed by motorists to be more competitive," said John Stitzell, Amoco's marketing research director.

The balanced panel of motorists rated service stations more competitive than hardware stores, drug stores and appliance stores.

"The research indicates that motorists on the whole see adequate competition among service stations," said Stitzell. "They feel they have a choice in selecting a brand and a location for buying gasoline and related automotive products and services."

According to the American Petroleum Institute, U.S. motorists can choose from more than 1,400 brands of gasoline at 189,000 service stations.

Bovina Dam Site Has Been Reseeded

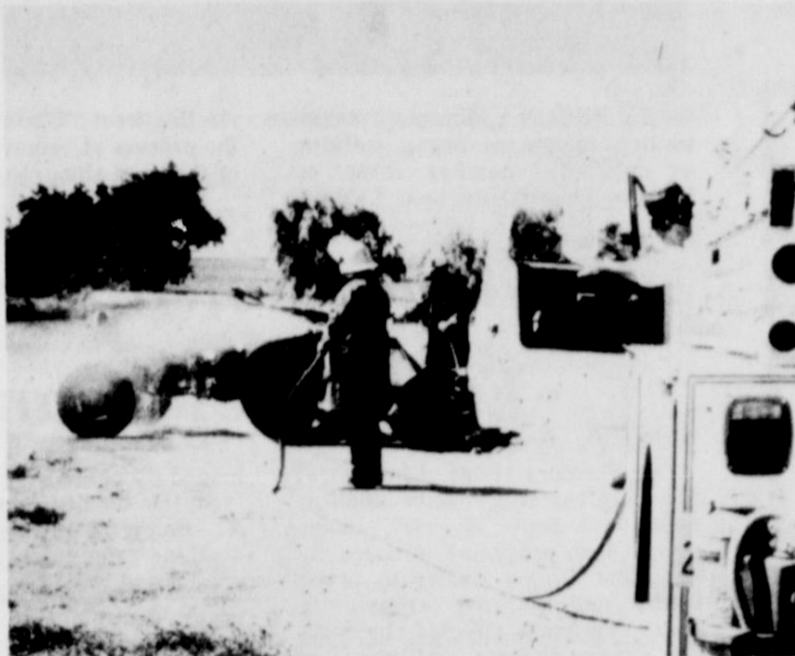

The reseeding of grass on the Bovina Dam was completed last week with eleven different grasses being planted. The dam is part of the Running Water Draw Watershed project.

The revegetation consisted of plowing, fertilizing, mulching with prairie hay, seeding of grass, and cultipacking.

Of the eleven different grasses,

five are native to Parmer County, five are special strains of grasses developed at the SCS Plant Material Center at Knox City, and one of the grasses came from Arizona where it is known to grow in ten inch rainfall areas.

The SCS is hoping with the variety of grasses and seeding method used, they can get a good stand of grass on the dam to protect it from erosion.

TRACTOR FIRE...A Massey-Ferguson 40 tractor belonging to Friona Country Club caught fire just before 11 a.m. Thursday when a gas tank settlement bulb broke. Friona firemen extinguished the fire in only nine minutes and used twenty gallons of water. (Star Photo)

RESEEDING DAM...Employees of the Bachmayer Company, which has been contracted to reseed grass on the Bovina Dam, in the top photo, are shown blowing prairie hay mulch on the dam as part of the reseeding operation. Eleven different kinds of grass have been planted on the Bovina Dam as part of the reseeding operation to protect it from erosion. (SCS Photos)

55 Young People Are Employed Under CETA

Baker Duggins, who is chairman of Parmer County's summer youth employment program, which is under the direction of the Comprehensive Employment Training Act (CETA), said this week that he has 55 young people employed in various summer jobs.

Duggins stressed that there were two basic goals in the CETA program. One is to teach young people how to do a day's work for a day's pay, introducing the free enterprise system and how it works, and showing the employee how he can become an asset to his

employer.

The second goal is to help people get out of the welfare cycle, showing them that they must develop certain skills to "sell," which will be beneficial to society.

Duggins said he felt the CETA program had produced a number of capable workers in past years, and emphasized that it is not a pro-welfare program.

He indicated that one of the goals of the local CETA chapter is to do a labor market survey for the entire county.

WORK BEGUN....Mammoth earth-moving equipment began working on dam site number three on Running Water Draw near Lazbuddie this week. The carryall was in the process of removing the topsoil at the dam site.

die this week. The carryall was in the process of removing the topsoil at the dam site.

Deadlines Noted For Emergency Loans

The Farmers Home Administration (FmHA) will receive applications until Sept. 30, 1977, under special loan programs initiated by President Jimmy Carter to assist farms and improve community water systems affected by pro-

longed drought.

FmHA County Supervisor, Billy R. Boling said the application deadline was designated by a federal interagency Drought Emergency Coordinating Committee in naming areas eligible for benefits of the special programs. Parmer County is among the areas designated.

FmHA farm emergency loans covering losses from drought and providing additional credit needed to restore production are available to farmers who lack other sources of credit. Loans, which may be supplemented by grants, are available for emergency measures such as deepening or drilling new wells to improve community water systems adversely affected by drought.

Another deadline applies to emergency water system projects; they must be completed by Nov. 30, 1977.

Boling said the FmHA office for Parmer County, at Farwell, can supply further information on terms of the special drought emergency programs.

Second Round Swim Lessons Are Slated

Those wishing to take swimming lessons during the second series of lessons may enroll on Saturday (June 25) from 9 a.m. until 12 noon at the swimming pool, according to Phillip Duggins, instructor.

Classes will begin Monday, June 27. The classes are conducted daily, one hour a day for three weeks. All classes are held in the mornings. Classes are available for beginners, advanced beginners, intermediates and ladies.

Assisting Duggins are Cindy Smiley and Tammy Williams. Duggins reports that he was extremely pleased with the turnout of students for the first swimming session, which ended this week.

Reward Fund Begun; Leads Fizzle Out

Continuing its investigation into the assault and burglary at a rural farmhouse north of Farwell early Monday morning, June 13, Parmer County Sheriff Charles Lovelace said the department is following meager clues in the case, explaining there were no new developments at last mid-week.

Reportedly, two masked men apparently forced their way into the home at approximately 1 a.m. June 13, terrorizing the family and vandalizing the home and the contents, apparently looking for money.

Security State Bank, Farwell, for information leading to the arrest and conviction of the persons responsible for these brutal and senseless acts.

Sewing Course Is Offered

At Lazbuddie

A series of sewing classes will be held at Lazbuddie beginning Tuesday night, June 28, at 7:30 p.m. Anyone interested in taking the course is asked to call Marca Morris at 965-2712 by Tuesday.

The course will specialize in making lingerie. The instructor will be a professional, and a fee will be charged. A minimum of 15 students will be needed in order for the course to be presented.

The classes will meet once a week (on Tuesdays) for five weeks, from 7:30 to 10 p.m. each night.

The woman, in her mid-sixties, was raped, and the man, in his late sixties, and the couple's grandson, 13, were beaten. All three victims were stabbed. The man and grandson were treated at the Clovis hospital and released. The woman remained hospitalized in satisfactory condition.

Adding to the terrorism and assault, the assailants made off with several firearms and an estimated \$360 in cash.

Citizens of Texico and Farwell have started a reward fund at

Water Board Sets Monitoring Program

Last weekend, the Texas Water Development Board reinstated monitoring procedures established two years ago of cloud seeding operations headquartered at Littlefield.

Two qualified meteorologists from the Board's Weather Modification Division, on a rotating basis, are observing operational flights over the target area and eight miles beyond, outlined in a permit issued by the Board June 2, announced James M. Rose, executive director. Operations are being carried out

by Atmospherics Inc. to decrease damaging hail and augment rainfall in all or parts of Castro, Swisher, Hale, Hockley, Lamb, Bailey, Parmer, Deaf Smith, Randall and Lubbock Counties.

"While we know of no violations of the provisions of the permit," said Rose, "there have been complaints by some who oppose cloud seeding operations that flights have seeded clouds beyond the permitted area, and we feel it is proper to have our staff monitor the operations."

Now! What you pay to lease a Zimmatic depends on the price of corn.

Here's another first from Lindsay... the Zimmatic Corn Crop Lease. Instead of a fixed lease payment, you pay for your Zimmatic based on the price of corn. If corn prices plunge, so does your lease payment.

By offering this new lease, Lindsay is sharing some of the same risks that you face every year. Corn prices fluctuate, which affects your profit picture. That's why Lindsay developed the exclusive Zimmatic Corn Crop Lease... a revolutionary program that tailors your lease payments to the changing price of corn, from one year to the next.

The Zimmatic Corn Crop Lease is designed so you can lease a Zimmatic without using your normal operating credit sources... your Zimmatic pays its own way by turning on your production.

The number of Zimmatics available under this program and the time period of this offer are

limited so come in soon and get all the details on the Corn Crop Lease and other exclusive leasing programs available only through Lindsay Credit Corp.

Take advantage of a program that has never been offered in the industry before... it's the lease we can do for you.

"WE KNOW WHAT YOU MEAN WHEN YOU'RE TALKING PARTS"

Work Program Given

Texas Farmers Union Green Thumb, a job opportunity program for rural residents, 55 years of age or older, will begin operating soon in Parmer County.

The purpose of the program, sponsored by Texas Farmers Union and funded through the Department of Labor, is to employ rural elderly to work in community betterment and conservation projects for non-profit organizations.

Currently Green Thumb projects operate in 36 counties throughout Texas. Green Thumbers are placed as individual workers who serve as homeaides, van drivers for Senior Citizen transportation programs, telephone reassurance callers, assistants in Title 7 nutrition programs, Senior Citizen Center hostesses, librarians, museum attendants, and in numerous other social service activities. Most counties also have a Green Thumb crew which works throughout the county in improvement projects such as repairs for public schools, weatherization of homes belonging to rural elderly, public park improvements, and other useful community projects working for both county and city governments.

Green Thumb workers are paid minimum wage for a 20 to 24 hour work week. Eligible applicants receive a medical examination which is paid for by the Texas Green Thumb program and also receive annual examinations while in the program. Training sessions are held periodically covering subjects of interest to the older worker such as information on nutrition and food preparation, home and work safety, consumer affairs, social activities and other areas of importance.

Green Thumb has served Texas for seven years and has workers in 36 counties. The program serves the rural elderly of Texas whose incomes are too low to meet the normal needs and whose job opportunities are limited.

Residents of Parmer County are eligible and must be 55 years of age or older, farm or rural background, pass a general physical examination and meet limited income guidelines designated by the Department of Labor. Green Thumb is an Equal Opportunity Employer.

Green Thumb provides the labor without charge while the local non-profit organizations who sponsor a project must provide materials and necessary supervision. Green Thumb strives to coordinate and cooperate with local organizations and governments to strengthen existing community services and provide additional supportive services for the aged and handicapped.

For more information, please contact David M. Hartwig, State Director, Texas Farmers Union Green Thumb, 415 Lake Air Dr., Suite 101, Waco, Tx. 76710, (817) 772-7302.

Workman Escapes Cave-In

A near tragedy was avoided just before noon Friday after several tons of corn caved in on an employee of Tri-County Elevator at Black, covering him completely for a few minutes.

Sabador Perez, Jr. was pulled from the storage bin by fellow employees and members of the Friona Fire Department rescue squad when enough of the corn could be raked from around him. He was not injured.

"He was covered up to his chin when we arrived," Rex Williams, Friona fireman said. "There was danger of more corn caving in so we worked fast. We had an air-pack ready in case it did. There were about 15 tons of the corn around him."

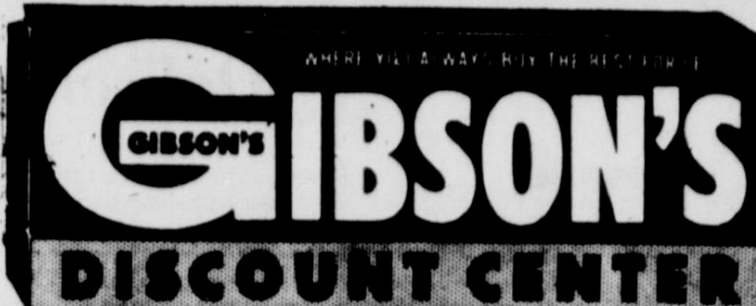

"I couldn't breathe for a little while," Perez said. "I'm very happy."

There were no reports on how the accident happened, but a Tri-County Elevator spokesman said they were thankful no one was killed.

DPS Urges Driver Safety

Wilson E. Speir, Director of the Texas Department of Public Safety, reported today that the DPS Statistical Services estimates a large number of persons will die in traffic accidents during the upcoming Fourth of July holiday. Speir said, "Deaths so far during 1977 are running higher than expected due to excessive use of alcohol and speed."

"Operation Motorcade" is designed to focus attention on the added dangers of death in holiday travel. Traffic fatalities will be counted by the DPS throughout the Fourth of July period. These totals will be announced three times daily in order to keep safety uppermost in the minds of the drivers.

Major C.W. Bell, DPS Region 5 Commander of Lubbock, said,

"Most traffic accidents are made more tragic by the fact that they could have been avoided. Too often the best driver lets his attention wander, and the result is a fatal accident."

The Texas Department of Public Safety's Region 5 will have all available uniformed officers on patrol during the Fourth of July holiday. There will be an increase in surveillance over the heavy holiday traffic, with special emphasis on apprehension of the drinking drivers and speeders.

"The most important effort in reducing traffic accidents must come from the individual driver, and the joys of a long and happy life are the rewards for safe holiday motoring," concluded Major Bell.

"DRIVE FRIENDLY"...Patrolman Royce Keck reminds a local motorist that the speed limit signs are put up for a purpose. The Highway Patrol expects a large number of persons to die in traffic accidents during the upcoming July 4th holiday. All available uniformed officers will be on duty during the holiday with an increase in surveillance on all highways. (Star Photo)

Dam To Be Built

It's finally here. Construction has been started on Site No. 3 (Lazbuddie) on the Running Water Draw Watershed project. The people in Parmer County have been waiting a long time for this dam to be constructed.

There are two other dams in the portion of the Running Water Draw Watershed Site No. 1 (Cloviss) and Site No. 2 (Bovina) both of these dams have been completed. The contract on construction allows approximately one and one-half years for construction time. The

contractor thinks it will take him less time than the contract allows. The land owners adjoining the dam have received permission to store extra water. With the extra water being held and allowed to seep into the ground, there should be a lot of recharge to the underground water in the general area of the dam. The soils and geology people of the Soil Conservation Service do not think this dam will hold water for any length of time.

If you have any questions about the dam contact the SCS in Friona.

DPS Reports Nine Wrecks For Parmer

The Texas Highway Patrol investigated nine accidents on rural highways in Parmer County during the month of May, 1977, according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and four persons injured.

The rural traffic accident summary for this county during the first five months of 1977 shows a total of 49 accidents resulting in one person killed and 27 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for May, 1977 shows a

total of 541 accidents resulting in 18 persons killed and 338 persons injured as compared to May, 1976, with 517 accidents resulting in 14 persons killed and 268 persons injured. This was 24 more accidents, four more killed, and 70 more injured in 1977 at the same period of time.

The 18 traffic deaths for the month of May, 1977 occurred in the following counties: Two each in Hartley; one each in Briscoe, Castro, Collingsworth, Cottle, Dallam, Foard, Gray, Potter, Swisher, Wheeler, Wilbarger, Dickens, Hockley, Lamb, Lubbock and Parker.

Trash Containers To Be Delivered By December

Although the Friona City Council voted in a called session Friday to purchase an all-new containerized trash system for the city, it will take at least 120 days before the equipment is ready to be operated in the city.

City Manager Jake Outland said because of manufacturing of the truck, parts, and materials it would be Christmas before the city could hope to make the changeover.

The city accepted the bid by the Pak-Mor Company of San Antonio in the amount of \$80,834 with the option of a one per cent discount if paid within 20 days after delivery, making the bid \$80,025.66.

Two other companies offered bids, but Outland said the council felt that Pak-Mor will deliver better, heavier, more durable equipment at the lesser bid.

Equipment included in the bid was a new side-loading, trash compacting truck and 400 trash boxes which will replace the present trash barrels.

"The city will pick up the barrels if the residents want them to," Outland said. "If the barrels are left in the alleys for two or three days after we change to the containers the city will pick the barrels up anyway. I suggest the barrels be given to area farmers to be used for oil can trash barrels."

City Receives Sales Tax Check

The City of Friona has recently received its check for sales taxes, June mailing, from the state comptroller. The city received a check in the amount of \$7,704.74.

The report indicated that the payment mailed in June this year was considerably lower than that for the same period of 1976, when the city received a check for \$10,795.72.

Sales tax payments to date for the City of Friona in 1977 amount to \$29,063.04, compared to \$32,586.01 as of the same date a year ago.

\$173,486.34.

Bullock also reminded Texas taxpayers of the following bills approved by the 1977 Legislature which will affect sales tax collections:

- SB 110 exempts from the sales tax syringes and hypodermic needles used for medical purposes. The bill is effective August 29.
- HB 694 exempts newspapers and subscription sales of magazines from state and local sales taxes effective August 29.
- HB 1831, now in effect, exempts from the sales tax the sale and rental of motion picture film to or by movie theaters and television stations.
- Bullock said that the exemptions will have only a minor effect on overall sales and use tax collections.

Amounts received by neighboring cities (June figure followed by total for year include): Bovina: \$2,158.59; \$7,745.55; Farwell: \$2,341.54; \$8,809.69; Muleshoe: \$11,217.96; \$54,303.62; Dimmitt: \$13,170.70; \$68,407.69; and Hereford, \$40,508.79;

Credit Union Votes Bonus 1% Dividend

The Friona Texas Federal Credit Union's board of directors voted to pay an extra bonus dividend on share deposits (savings) of one per cent for the past quarter. The credit union's regular dividend is five and one-half per cent.

"The Credit Union continues to show progress and service to our community," says Geneva Williams, treasurer. "Our assets now stand at \$1,322,425.81, compared to \$1,315,288.02 a year ago. Our membership is 2,903," Mrs. Williams said.

Membership is limited to residents of Parmer County.

In other business, Charles Scales resigned from the board of directors and from his position as president, since he and his wife Lenna Mae are moving to Florida. Both are retiring from their jobs in Friona.

Scales was honored following the board meeting with a reception hosted by the directors and their spouses. Cake, punch and coffee

were served, and Scales was presented an engraved plaque showing his years of service to the organization. He has served on the board of directors since 1970, and has been president of the board the past two years, succeeding Ray Landrum.

Other members of the board include Arlen May, vice president; Geneva Williams, secretary-treasurer; John Baca, delinquent loan chairman; Gene Zachary, Don Gatlin, supervisory committeemen, and Carolyn Dement.

Loan committee members are

Alvin Gaines, chairman; Leonard Coffey, J.R. Cocannouer, Glenn Evan Reeve and Ralph Roden.

The office staff is made up of Mrs. Williams; Barbara Maynard and Billie Tongate, assistant treasurers and loan officers, and Peggy Allen, teller.

How to MAKE WORKING for peanuts PAY OFF by George Washington CARVER.

George Washington Carver made more than 300 products from peanuts. By doing so he revolutionized the agriculture of the South. And he made working for peanuts pay off.

Today, folks who buy U.S. Savings Bonds know how to turn peanuts into cold, hard cash. When you buy Bonds through the Payroll Savings Plan, you're letting those hard-earned dollars you make work for you automatically.

So join over 9 million Americans who took a hint from a man who worked for peanuts. Buy United States Savings Bonds.

A few peanuts now can shell out a lot of savings tomorrow.

U.S. Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

A public service of the publisher of The Advertising Council.

On The Farm In Parmer County

MACK HEALD, County Agent

Damaging hail and wind hit the Farwell area late Monday afternoon, causing some permanent damage to wheat, vegetables and cotton. Minor to moderately heavy damage was also inflicted on some corn fields. Dr. James Supak, Extension Cotton Agronomist, has a few points to make on hail damaged cotton.

A first point to consider, the agronomist says, is how much of the field was damaged. A hail storm can reduce the plant population to only two seedlings per row foot in 40 inch rows, (about 25,000 to 30,000 plants per acre), and the crop can still produce a normal yield, unless, of course, the crop is poorly distributed or has long skips.

Another point to consider is how much damage there was to plants. The agronomist explains that plants having only traces of leaves will recover better than those with no leaves. But he emphasizes that a seedling with no leaves can still make a crop.

If the stem is intact, free of large breaks and the seedling has sound buds, recovery is still possible although it will be slower than plants having at least some leaves.

However, if the stem is shattered and the bark loosened or broken at points below the leaf buds, then recovery is impossible.

After a hail storm, a sandfighter should be run as soon as possible to

prevent sand injury to vital buds on stubs left in the field. Quite often, sand damage after a hail can do as much or more harm to young seedlings than the hail.

Any regrowth hinges either on the sound terminal bud (the growing point) or auxiliary bud located at the point of leaf attachment.

The specialist says that because of the young seedling's ability to recover, hail injury in May or June will cause less yield loss than in July when the plants are more mature and replanting becomes impossible.

If the damage is suffered early, a crop can recover to the point that the injured plants are difficult to distinguish from undamaged plants. Also young cotton that survives early hail damage is often more mature at first frost than a crop that has been replanted.

+++

Joe Jones of Farwell told me of an article in the June 20 issue of U.S. News & World Report, entitled, "Where People's Incomes Run Highest." The article rates the top 100 counties in the nation. These U.S. Department of Commerce figures are their latest reported per person incomes for 1975. Back in 1975, it shows that Parmer County was 11th in the nation. Loving County, Texas, was first and Sherman County was seventh. Parmer's per capita personal income was \$11,715.00 compared to \$18,982.00 for Loving.

CONSTRUCTION BEGUN...Builders have started work at the Lazbuddie School on what will be a new gymnasium, concession stand,

bus garage, industrial art building and band hall. The buildings are scheduled to be completed by December or the first part of 1978.

County Crop Acreages Are Given By Official

With an estimated 200,000 acres of corn planted, Parmer County is expected to lead the state again this year in corn production, but dry weather will have an effect on the crop.

"We will be hurt if we don't continue to get rain relief," Mack Heald, County Extension Agent said last week. "The wells can't keep all the corn acres wet enough to give the farmers the kind of crop they need."

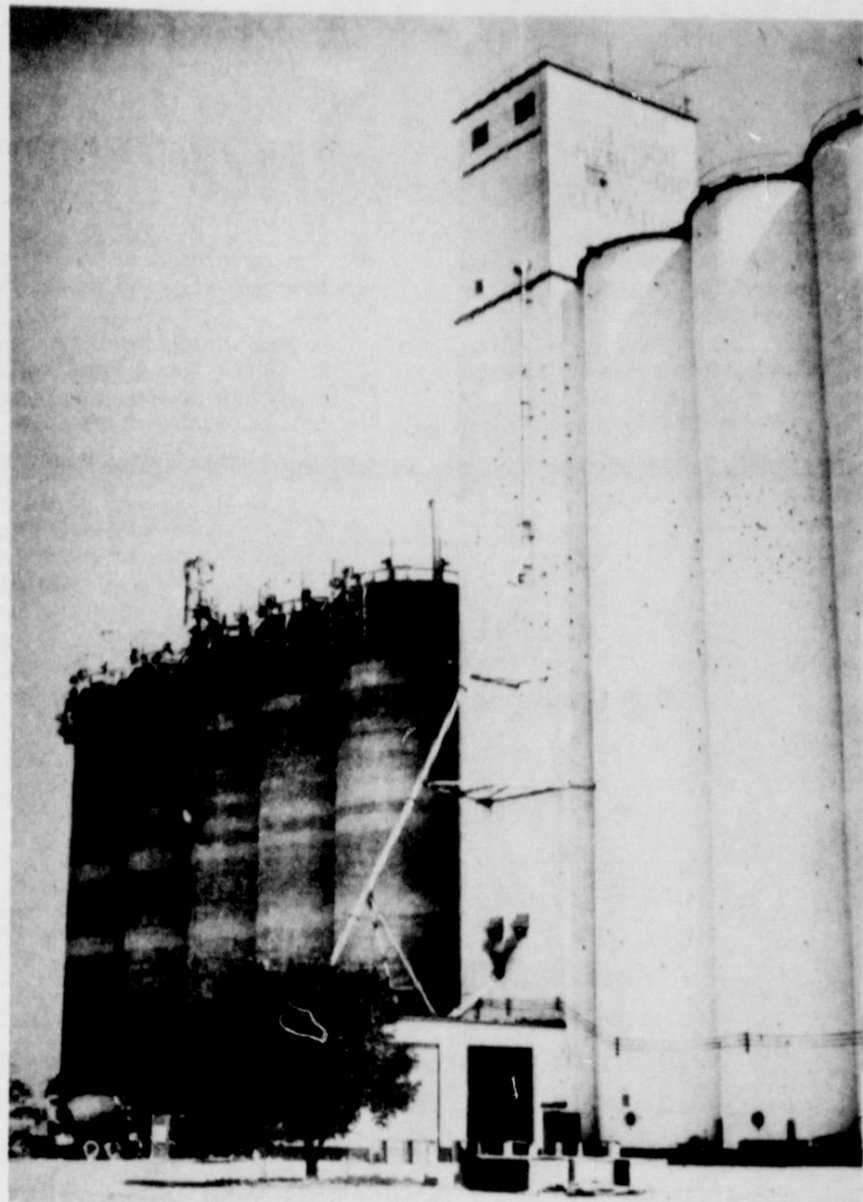

In 1976 Parmer County had a total of 40,165,700 bushels of corn which was 22.3 per cent of the state total. Second behind Parmer County was Castro County with 24 million bushels.

Looking at the grain sorghum

statistics for last year, Parmer County was not even in the top ten. In 1970, Parmer County held a comfortable lead in Texas sorghum production, but most of this acreage has been replaced by corn. Only three High Plains counties, Hale, Floyd and Swisher, were listed in the top ten in sorghum production.

Parmer County, with approximately 1000 acres of sugarbeets, produced 24,200 tons and a ranking of fourth in the state. Not included in these figures were cotton, small grains and vegetables.

Heald said Wednesday that Parmer County had approximately 39,000 acres of cotton planted this year.

MORE SPACE....Ten new bins were scheduled for completion this week at the Sherley-Anderson Elevator at Lazbuddie. This gives the elevator a

total of 24 bins ready for this year's grain storage. The new addition was built by Manuel Garcia of Borton, Inc. from Hutchinson, Kansas.

ON WINNING TEAM...The team that won top honors in the Red Ralder Day tournament at Hereford recently contained Robert Neelley of Friona. In the above photo, Curtis

Stoerner is shown lofting a short chip shot while Dave Hopper, Texas Tech head basketball coach Gerald Myers and Neelley look on. (Photo courtesy Hereford Brand)

Agents Hold Meeting

A general meeting of the Tri-County Independent Agents Association (consisting of independent agents in Parmer, Deaf Smith, and Castro Counties) was held recently at K-Bob's Restaurant in Hereford.

Plans were finalized for the Insurance Youth Classic Golf Tournament which will be held at the Hereford Municipal Golf Course on June 25. The tournament is for youths from ages 14-17, and winners of the local tournament will advance to the State IYC Tournament in Austin. A good number of youth from Hereford, Dimmitt, Friona, Bovina and Farwell have entered.

Charles Wagner of Hereford, president, reported on the Independent Insurance Agents of Texas convention which was held at the Sheraton Hotel in Fort Worth June 16-18. Lois Norwood of Friona, secretary-treasurer, also attended the convention; and she and Wagner represented the local association at the convention. Mr. and Mrs. Dan Ethridge of Friona also attended the state convention.

Ethridge-Spring Agency, Inc is a member of the local association.

Attending the meeting from Friona were Mr. and Mrs. Dan Ethridge, Mr. and Mrs. Wendell Gresham, Lois Norwood, and Charles H. Caudill.

Conservation can reduce fuel oil drain

Home heating oil customers should take steps to control consumption during this period of prolonged cold weather in order to ease the drain on all energy suppliers and to save themselves some money, according to Ken Curtis, Amoco Oil Company's marketing vice president.

Curtis pointed out that nationally this winter has been one of the most severe experienced during this century, approximately 21 per cent colder than normal and 34 per cent colder than last year.

Even though Amoco is maximizing distillate production, the combination of the record cold, natural gas curtailments to industry that have caused changeovers to heating oil, and weather-related transportation problems has resulted in temporary shortages in some areas, he said.

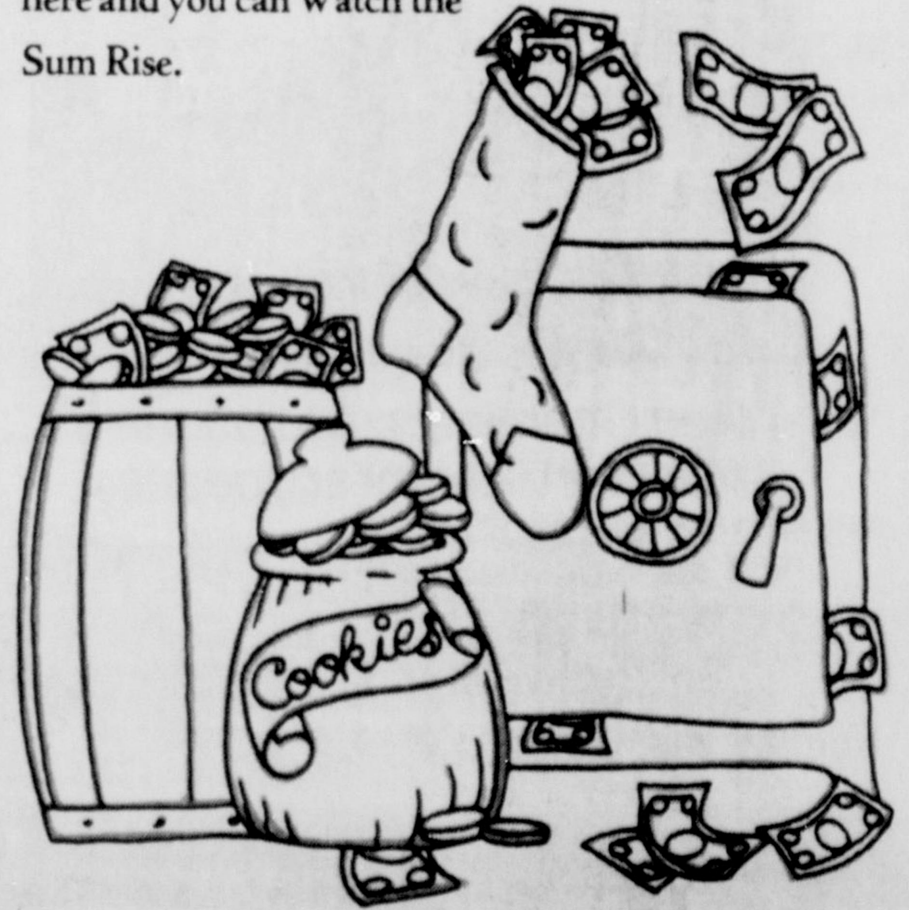

The supply situation is particularly acute in sections of the Midwest supplied by waterways, he continued. Frozen rivers have interrupted barge traffic, and pipeline capacity cannot make up the difference. In addition, some lake ports are becoming icebound, delaying or restricting deliveries to terminals.

The company is monitoring these situations and taking all possible steps to assure its customers are fairly treated, Curtis said.

"Although the situation is not critical, it is serious," he continued.

Your sum never sets

Lung Assn. To Sponsor Program

Under the sponsorship of The American Lung Association of Texas-Top of Texas Area, Dr. Ted M. Nicklaus, Amarillo chest specialist and member of Texas Thoracic Society, will conduct an inservice training program at King's Manor Methodist Home in Hereford on June 28 at 7 p.m.

Dr. Nicklaus will discuss the particular needs and problems of aged patients who suffer from lung disease, perhaps emphysema or chronic bronchitis; touching on oxygen therapy, exercise, use of breathing assistance machines, medications, postural drainage, and special environmental requirements of these patients.

King's Manor hostesses will serve refreshments at 8 o'clock, after which Dr. Nicklaus will continue instruction and answer questions.

No registration fee is required for participation and all personnel involved with the daily care of chronic obstructive pulmonary disease patients are invited to attend.

Mrs. Pearl Cervantes and Mrs. Cordie Vargas represent Farmer County on the Top of Texas Area Advisory Council of The American Lung Association of Texas.

Men Golfers Set Meeting

The Friona Men's Golf Association will have a general meeting on Tuesday, June 28 at Carl's Farmer House Restaurant.

The meeting will begin at 7 a.m., according to Cecil Maddox, spokesman.

SCALES HONORED.... Charles Scales, right, was presented a plaque by the Friona Texas Federal Credit Union's board of directors during a reception last week in his honor. Scales, a board member for

the past seven years, was serving as president of the organization. Vice president Arlen May, left, made the presentation. Scales resigned his position since he will be moving from the city.

Watson Gets Assigned To Frankfurt, Germany

Army Major Don R. Watson, a 1962 graduate of Lazbuddie High School, was recently assigned as Chief of Operation with the 4th Transportation Brigade in Frankfurt, Germany.

Major Watson entered the Army in 1966 after receiving his B.A. degree from West Texas State University, Canyon.

He received his master's degree

from Babson College in Babson Park, Massachusetts in 1973.

Major Watson also completed Ranger training in Army service. His wife Jan and twin daughters, Crissy and Donna, plan to join him soon in Frankfurt.

The twins, eight years old, have just completed the third grade in Bayonne, New Jersey where Watson was stationed the past three years. Watson served in Viet Nam for over a year.

Area relatives of Major Watson are his parents, Mr. and Mrs. C.A. Watson of Muleshoe, a sister, Mrs. Preston Cargile of Lazbuddie; and brothers, Howard of Muleshoe and Leon of Friona.

Girl Born To Morris

Mr. and Mrs. James Roy Morris of Seymour are the parents of a baby daughter, Megan, born Thursday at Wichita Falls. She weighed nine pounds, twelve ounces.

Mrs. Morris is the former Jenisu Fallwell of Friona. Grandparents

This two-hour musical, certified by South Plains College of Levelland and featuring musicians and singers of country-western renown, will be an unusual attraction at the Bovina Schools football field on Tuesday, July 5, beginning at 8:45 p.m.

All proceeds derived from this event will be used to help defray expenses of the Bull Town Days celebration.

The local presentation is sponsored by the Bovina Chamber of Commerce and Agriculture. Ticket prices are: adults, \$1.50; students, \$1.00, and all children under six years of age, no charge.

Following two recent shows at Levelland, attended by packed audiences, the touring group was scheduled at Lake Meredith near Borger, where upward of 50,000 persons was expected. During the summer months the show will "hit the road" with about 32 performances in the South Plains and other Texas areas. Among the locations are Plainview, Post, Seminole, Bovina, and numerous other cities.

Emphasis of the entire program is placed on past and present stars and celebrities of country-western music and depicts many Texans, both living and dead, who first spawned the idea of such entertainment. Among those stars recognized by the touring performers is Mac Davis and the late Buddy Holly, both of Lubbock, along with Jimmy Dean of Plainview, Waylon Jennings of Littlefield, and the late Bob Wills of Turkey.

Also featured will be songs and biographies of stars such as George Jones, Roger Miller, Tex Ritter, Ray Price, Gene Autry, Jeannie C. Riley and many others who made country-western music famous.

More than 90 songs from 45 Texas performers will be presented, along with a Mexican fiesta dance and other attractions. "Texas-Cradle of Giants" not only depicts and

commemorates the songs and performers, but portrays the era, or decade, of the music and performer.

Eddie Trice, dean of college relations and who is coordinating the summer show, announced that any group who would like to sponsor the

show in their town or community should telephone him at 806-894-4921, Et. 279.

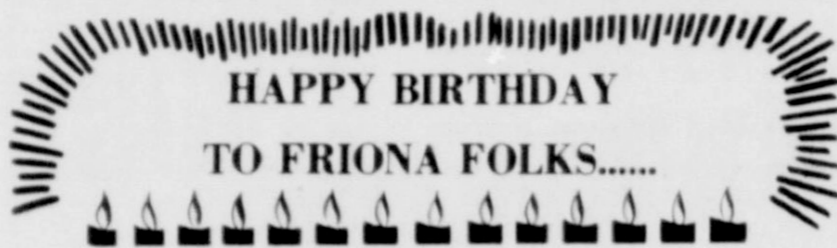

"We are certainly looking forward to our Bovina appearance," Trice said, "and hope to see many friends and fans of country music there."

See us now for Allied Chemical's revolutionary foliar fertilizer for soybeans.

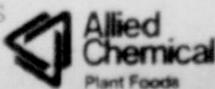

We have been selected as a FOLIAN™ dealer. It gives us a brand new way to make your soybean acres more productive.

With a good stand, proper management and FOLIAN, you can get 10-20% better yields. Latest field tests just completed in Brazil showed a 22% yield increase. Five seasons of testing have proven FOLIAN can return \$2 for every \$1 invested.

FOLIAN works by getting enough extra nutrients into soybeans during pod filling to enable more beans to fill to harvestable size.

Nothing else has proven so effective or practical. A single aerial or ground application from early to mid pod is all it takes.

Talk to us now to see if your soybeans are candidates for FOLIAN. It's too good of an opportunity to let it pass by.

Ralph and Waneta Taylor are home. They have been to Kansas City for their first visit in the home of Mr. and Mrs. Mike Taylor. Mike is a hair stylist and his wife, Lynette, is employed by J.C. Penney's as a bookkeeper.

While in Kansas City, the Taylors attended the Southern Baptist Convention, which was being held there. At the convention they visited with Rev. and Mrs. L.A. Sartain.

Rev. Sartain was pastor of First Baptist Church here several years ago.

They also visited with Rick Styles of Bristol, Virginia. He is married to the former Deann Buske. She's Myri's oldest daughter.

Then one day Ralph and Mike were going down on an escalator when they heard a familiar voice call out, "Ralph." So they had a nice visit with Joe Hub Collier, a former Frionan, who now lives in Tulsa.

On the way to Kansas City, the Taylors visited with Mr. and Mrs. Don Taylor at Winfield, Kansas. Don and Ralph are cousins.

Mr. and Mrs. H.A. Hyde have had visitors. Mrs. Hyde said, "We took advantage of our children who were visiting us and had them help us do some badly needed inside re-decorating."

Rev. and Mrs. Don Kimbrough came from Vernal, Utah. They were in the process of moving to Othello, Washington. Then Max Kimbrough and his fiancée, Andrea Wheeler, who attend college in Bulova, Missouri, came.

Weekend guests in the home of Mr. and Mrs. Jack Clark were Mr. and Mrs. Joe Connolly of Lubbock. Mrs. Connolly is the former Janice Clark.

Then Father's Day dinner guests, besides Janice and Joe, were Mr. and Mrs. Elwyn Hartman and Charlie Kemp, Hereford.

Will Rushing took advantage of his mother's absence from home to visit his maternal grandparents, Lawrence and Mildred Cooper, in Farwell.

His mother, Leslie, accompanied a group of Friona United Methodist young people to San Antonio.

The Clyde Woodards of the Hub Community have had out-of-town visitors recently.

First, Mr. and Mrs. Jud Hilje, Lisalette and Michelle and Mr. and Mrs. Gary Hilje and Stacy, all of Cotulla, came to Friona.

The Woodards and Hiljes then went to Red River and spent several days at the Woodard cabin.

Then, Harold Branson of Fort Belvor, Virginia, came. He was Clyde's superior officer when they were serving in the United States Armed Forces and stationed in Germany.

Branson has served in three wars. He was in World War II, The Korean conflict and the Viet Nam War. It has been 24 years since he and Clyde had seen each other when he came to Friona.

Mrs. Jimmy Mabry is home after a visit with her mother, Mrs. C.R. Rowe, and other relatives in Waldo, Arkansas. Two of the boys, Mark and Neil, stayed for a longer visit.

The Alton Peaks have visitors in their home. Alton and Janice went down to Lubbock Monday and Mr. and Mrs. A.E. Herring accompanied

them home. The Herrings, who are known as "Ma" and "Pa," are Alton's grandparents.

Kay Johnson of Denver, Colorado, is visiting her parents, Mr. and Mrs. Herschel Johnson, and other local relatives and friends.

Herschel and Edith met Kay in Santa Fe for a brief vacation. Then, the trio returned to Friona.

Mr. and Mrs. Don Reeve and children of Dimmitt visited local relatives Sunday. Don's parents are Mr. and Mrs. Glenn Reeve, Sr., and Lavon's are Mr. and Mrs. Raymond Fleming.

Bob and Margo Davis of Amarillo were Father's Day guests in the home of his parents, Mr. and Mrs. L.P. Davis.

A report on KVII-TV Ginny Winchell's Hot Line one evening last week indicated the "To Tell The Truth" program featuring Bryan Hall should run in late summer or early fall.

Terri and Ben Welch, who have been visiting in the home of Mr. and Mrs. Ray Bailey in Collinswood, New Jersey, were scheduled to arrive home yesterday. The Baileys are Terri's parents.

Mrs. Lee Ann Gibbs and children of Amarillo have been visiting in the home of her maternal grandparents, Mr. and Mrs. Raymond Hughes.

Mrs. Gibbs is the former Lee Ann Johnson, daughter of Jerry and Shirley Johnson, formerly of Friona and now of Friona.

Mrs. Bessie Boatman is visiting in Oklahoma City with Mr. and Mrs. Buford Todd and Mr. and Mrs. Clifford Boatman. Mrs. Todd is the former Esther Boatman.

Mr. and Mrs. Roy Baker and daughter, Jennifer, of Lubbock were Friona visitors Sunday. Mrs. Ralph Roden was admitted to the local hospital Saturday night. Mrs. Baker was Pam Roden before her marriage.

Mrs. Martha Bates is home after spending a month in Great Falls, Montana with Major and Mrs. Phillip Bates and family.

While she was there, little Melissa Lois was added to Phillip's and Gretchwyn's family, so Grandmother Bates got acquainted with her and enjoyed a visit with Amy, Dan, Robert, Jay and Duane.

It has been said, "weathering one West Texas Sand Storm makes any foreigner a true Texan." If the saying is true, we can claim one Iowan as one of us since Monday afternoon's "duster."

Ann Martin and a couple of neighbors were walking west between Nelson Welch's wheat field, which was being plowed, and the corn field just north of it when the wind began to pick up dirt.

Two of us were Texans, but Eula Henderson has been living in California for several years, so she got re-initiated into the ways of West Texas.

After walking into the blowing dirt for half a mile, our faces could not have had more dirt on them if we had been driving a tractor without a cab all day.

Ann's Tuesday morning comment was, "Now, I can tell the folks in Iowa that I've weathered a West Texas duster."

SHERRIL JO THORN and ROY DON RECTOR...Mr. and Mrs. Billy John Thorn and Mr. and Mrs. Lloyd Rector, all of Friona, announce the engagement and approaching marriage of their children, Sherril Jo and Roy Don. The couple will be married at the Lazbuddle Church of Christ at 7 p.m. on Saturday, August 6. Sherril attended Texas Tech University, Lubbock, and Roy Don attended Aero Tech in Wichita Falls, Texas. The couple will make their home south of Friona where he is engaged in farming.

Blayne Baxter Named Honor Student At OST

Blayne Dee Baxter, Friona, has been named an honor student for the just-completed spring trimester at Oklahoma State Tech, Okmulgee, Oklahoma.

Baxter earned a 3.2 grade point average on a 4.0 system throughout the 15-week spring trimester. Most students attended 30 hours of classes per week.

Grade point averages are computed on the student's grade in his major area of study and his related general education subjects.

Tech, the residential, technical branch of Oklahoma State University, is the largest college of its type in the nation. More than 2,800 full-time students were enrolled for the spring session.

Baxter is enrolled in diesel and heavy equipment mechanics.

Second Girl Born To Bates

Major and Mrs. Phillip Bates of Great Falls, Montana, became the parents of their sixth child at 6:31 a.m. Monday, June 13.

Melissa Lois weighed seven pounds, fifteen ounces and is the second daughter for the couple. Their older daughter is Amy Evelyn. Their sons are Dan, Robert, Jay and Duane.

Mrs. Martha Bates, Friona, is the maternal grandmother and Mrs. J.M. Watson, also of Friona, is the great-grandmother.

Two Frionans Make Wayland Dean's List

Two students from Friona have been named to the Dean's Honor Roll at Wayland Baptist College, Plainview. They have received a grade point average of 3.5 and above for their school work in the 1977 spring semester.

Debbie Carlton, a senior elementary education major with minors in history and English, has an average of 3.75 for the semester. She is the daughter of Mr. and Mrs. A.L. Carlton, Sr. of Friona.

Carolyn Wiseman, a graduate with a 4.00, is the daughter of Mr. and Mrs. Curtis Murphree of Friona.

Bailey Earns High Ranking At Texas A&M

Beverly A. Bailey of Friona has earned "Distinguished Student" ranking at Texas A&M University, announced Registrar Robert A. Lacey.

The undergraduate honor is awarded students who have excelled academically. Recipients must earn at least a 3.25 grade point ratio (out of a possible 4.0) during the most recent grading period.

"Distinguished Student" ranking is limited to ten per cent of Texas A&M's undergraduate enrollment.

Beverly, daughter of Mr. and Mrs. B.H. Bailey, majors in geology.

BRENDA KAY BEACH and TOM B. SHELTON...Mr. and Mrs. Sidney R. Beach of Amarillo and Mr. and Mrs. Luther Shelton of Friona announce the engagement and approaching marriage of their children, Brenda Kay and Tom B. on August 6. The couple will exchange wedding vows in the First Baptist Wedding Chapel, Amarillo. Miss Beach is a graduate of Amarillo

College where she was on the Dean's Honor Roll. She is now employed by Dandi Play School in Amarillo. The prospective bridegroom attended Oklahoma State Tech and Amarillo College where he was a 1975-76 Who's Who of Technical Colleges of the United States. He is now employed at Amarillo College as a diesel mechanics instructor.

Local Square Dancers Have Busy Schedule

Friona Buttons and Bows Square Dance Club danced on the last Saturday in May to the calling of Ed Gunnels of Clovis and guest caller, Troy Ray, Jr. of Red River, New Mexico.

Visiting from the Clovis Swinging Wings Club were Nance and Bill Shelley. The Swinging Wings dance every Friday night at the Ranchvale School building which is six miles north of Cannon Air Force Base on the Ranchvale Road. Their caller is Leroy Coffey.

Out-of-town guests from Hereford Merry Mixers Club were: John and Rose Marie Robinson, Larry and Corada Glover, Robert and Nan Gauthrean, Carlyle and Dorothy Sargent and Dale and Rose Wright. The Merry Mixers Club dance on the first Friday of each month at the Community Center on Park Avenue in Hereford to the calling of Sid Perkins of Amarillo. The club also dances on the fifth Friday of the month to guest callers.

Also visiting were Maria and Virgil Hughlett of Nocona, Texas. Visiting from Wichita, Kansas

were Geri and Rufus Davis.

Guest caller Troy Ray, Jr. is the social director at the Community House in Red River, N.M. Troy will be calling for square dances every Saturday night during the summer in Red River.

June 4, the Friona Buttons and Bows Square Dance group squared their sets to the guest calling of Karl Cox, Jr. of Dora, N.M.

Out-of-town visitors were Andrea Epperly of Portales, N.M. and C.M. Halle of Plainview.

Visiting from Shirts and Skirts of Tulla were: Mary and Louie Edwards, Nettie and Hoot Johnson. The Shirts and Skirts Club dance on the second and fourth Saturdays at the Tulla V.F.W. Hall. Ed Gunnels is their caller.

Visiting from Hereford Merry Mixers were Juanita and Gid Brown.

Visiting from Olton's Swinging O's Club were Winnie and Butch Long. The Swinging O's dance on the second and fourth Fridays of the month to guest callers at the Ag Building on 200 Second Street in Olton.

Members of Friona Buttons and Bows served refreshments of coffee and Cokes to members of visiting clubs. The Friona Club dances on the first and third Saturdays to the calling of Ed Gunnels and on the fifth Saturday to guest callers.

MR. and MRS. ROYCE GENE WELCH were honored with a Twenty-Fifth Wedding Anniversary reception at their home on Sunday, June 5. Hosting the occasion were their children, Mr. and Mrs. Troy (Vece) White, Kevin and Varla Welch along with the Earl Harkins, George Fries and Bill Carthels. Royce Gene Welch and Mildred Lynn Harkins were married June 29,

1952 in Plainview, Texas. Mr. and Mrs. F.B. Harkins of Plainview and Mr. W.H. Welch of Amarillo, parents of the couple were present for the reception. Over 150 other guests called during the afternoon from Amarillo, Allison, Briscoe, Fritch, Gruver, Hereford, Plainview, Tulla, Vega, Black, Summerfield and Friona.

Prairie Acres Party Line

By June Floyd

Hello Central:

Does some farmer in our area have a plow he would like to give to Prairie Acres? We have a tractor and Merv will keep the ground plowed if we can get a disc or chisel to fit the tractor.

If you're interested in doing this, please call Clyde Fields for details.

We're blooming inside and out right now. Odie Claborn brought us about a dozen pot plants for Father's Day; Janet Woodard and Louise Wilson brought eight rose bushes, which the Girl Scouts have given us and we have the rose garden, which will be under the flag pole, about ready.

Then Monday ladies from Bovina Baptist Church came up and had a party for us. They decorated the tables in the dining room with flowers, candies and red, white and blue ribbon bows.

Tuesday we had a luncheon honoring our eight nurse's aides, who have recently completed their basic training course. This brings our aide staff to a total of 24.

Honorees at the luncheon were Charlene White, Anita Allejandre, Louis Bynum, Karen Young, Olivia Huffstickler, Cathy Yell, Corrine Norman and Carole Stokes.

Merv Noah was surprised with a sock shower for Father's Day. He said, "I've never had a more pleasant surprise and will be 'socked' for a long time."

We have three new residents. Scotty Barry of Friona, whose birthday was June 16, is here. So are Jim Meredith of Bonham and Frank Daniel of Hereford.

Lucy Welch is a patient in the local hospital. Aunt Della Osborn is home from an Amarillo hospital.

ATTENTION RNs or LVNs. We need some help badly. We're just about to reach our capacity and need some of you to come to work for us.

We have two new flags. Ethel Adams gave us one and the Ed Boggess family gave us another.

Mrs. Charles Ross has given us a wheel chair and a bedside commode and Truett Johnson gave us a rocker, a walker and a much needed footstool for our beauty shop.

Our only July birthday person is Bill Ross, who will observe his birthday July 26.

Local Agents Attend Annual Convention

Dan Ethridge and Lois Norwood of the Ethridge-Spring Agency, Inc. located at Friona, represented the agency at the annual convention of the Independent Insurance Agents of Texas (IIAT). The meeting was held at the Fort Worth Sheraton, Fort Worth, Texas.

Ethridge and Norwood met with other Texas agents to hear reknown speakers from across the United

States. Speaker topics ranged from Products Liability Markets to Marketing a Risk to an Underwriter.

The IIAT is the world's largest state association of independent insurance agents, and Ethridge and Norwood are members of both the IIAT and the Independent Insurance Agents of America.

Mrs. Ethridge also attended the convention.

DELIA SNYDER and DARRELL ROTH...Mr. and Mrs. Charles Snyder of Friona announce the engagement and approaching marriage of their daughter, Della, to

Darrell Roth, son of Mr. and Mrs. Lester Roth, also of Friona. The wedding will be conducted Friday, July 22 at 6 p.m. at the Calvary Baptist Church.

Antique Club Met In Baxter Home

The Friona Antique Club met Monday, June 20, in the home of Mr. and Mrs. Jim Baxter. Elvie Jennings, president, presided over the business meeting. Roll call was answered and minutes of the last meeting were read. A short business discussion followed. Mrs. Baxter showed some of her old linen pictures and tapestry. Refreshments of angel and devils food cake, mixed nuts, fruit salad,

coffee and punch were served to Mr. and Mrs. Rudolph Renner, Mr. and Mrs. O.C. Jones, Jr. and Mrs. Jerry Zachary and children, Mr. and Mrs. Elvie Jennings, Mr. and Mrs. Raymond Adams and Mrs. Selma Habbinga by the host couple, Mr. and Mrs. Jim Baxter. The next meeting will be held in the home of Mrs. Orma Flippin. Mrs. Selma Habbinga and Mrs. Flippin will serve as hostesses.

Julie Johnson Named To WTSU Society

Julie Johnson, a music education major at West Texas State University has been initiated into Phi Eta Sigma, national scholastic honor society for freshmen. Students must make at least half A's and half B's during their freshman year to be eligible for membership, according to Dr. Roy E. Thoman, professor of political science and faculty sponsor. The WTSU chapter, one of 180 throughout the country, initiated 73 members this spring. Miss Johnson is the daughter of Mr. and Mrs. Leroy Johnson of Route 1, Friona.

Lazbuddie Crusade Begins

The Lazbuddie Meet Jesus Crusade will be held at the Lazbuddie School football stadium beginning Sunday evening, July 17, and continuing each evening through Sunday, July 24. This is an area wide crusade supported by members of several Lazbuddie and area churches. Ronald Elliott, Lazbuddie area farmer, is general chairman of the Crusade. We extend an invitation to the people of all the communities surrounding Lazbuddie to attend the Crusade.

RECEIVE CERTIFICATES...Eight nurse's aides graduated Wednesday at Prairie Acres after they received 36 hours of training under the resident program offered there. This

brings the total to 24 nurses who have received diplomas from the local program. Pictured in the front row, left to right, are nurse's aides Louis Bynum, Libby Huffstickler,

Karen Young and Carol Stokes. Second row are Madie Schmidt, R.N.; Jack Hamil, board member; and Merv Noah, administrator. (Star Photo)

Whitaker Earns \$200 Scholarship

David Brian Whitaker, a 1977 graduate of Friona High School, has been awarded a Business Administration Scholarship for the 1977-78 school year from West Texas State University in Canyon. Whitaker is one of six incoming freshmen to receive the \$200 scholarship. In high school, Whitaker was active in stage band, Student Faculty Congress, National Honor Society, foreign language club, Future Teachers of America and the school yearbook. He received the foreign language award, mathematics award and area all-state and state solo award. He was listed on the honor roll, and he participated in University Interscholastic League spelling, science and ready writing contests. Whitaker plans to major in general business. He is the son of Mr. and Mrs. Woodrow Whitaker of Friona.

Students Attend LCC Music Camp

Some 251 junior and senior high school students from eleven states participated in the annual Music Camp at Lubbock Christian College June 12-18.

The week's activities included instruction in choral and instrumental music, marching, training in music fundamentals, song directing and sight-singing. The young musicians also participated in a picnic, basketball, roller skating, miniature golf, softball, a variety show and a campfire devotional.

Under the direction of Dr. Wayne Hinds, head of the college Music Department, the campers were

supervised by 15 instructors and 18 Lubbock Christian College students who served as dormitory counselors. States represented included Texas, Oklahoma, New Mexico, Nebraska, Colorado, Arizona, North Carolina, Alabama, Louisiana, Kansas and Washington.

Friona students attending the camp were Carol Ann Bennett, daughter of Mr. and Mrs. Carroll Bennett; Cari Hand, daughter of Mr. and Mrs. John Hand; Jim Mabry, son of Mr. and Mrs. Jimmy Mabry; and Tommie Nelson, daughter of Mr. and Mrs. Grady Nelson.
