

Delegates Hear Dig At Connally

FORT WORTH (AP)—Labor Secretary Willard Wirtz and an assortment of state officials were the main attractions as the Texas AFL-CIO convention resumed today.

Wirtz was the leadoff speaker, addressing the labor body's third general session.

Tonight, the state's top political lights—with one notable exception gather for a legislative awards banquet.

Lt. Gov. Preston Smith, Speaker Ben Barnes and Secretary of State John Hill accepted invitations along with many members of the 60th legislature. A dance follows the dinner.

PAY CLASH

The absence of Gov. John Connally, on an African safari, did not go unnoticed at the convention opening Wednesday.

"Things have been going so well with him gone, I don't want to encourage him to come home too soon," quipped Sen. Ralph Yarborough, D-Tex., a keynote speaker.

Connally and labor leaders have clashed on occasion, most recently on a minimum wage law and the farm worker dispute in the Rio Grande Valley.

CHALLENGE

Yarborough told newsmen that "Texas needs a governor" and he himself just might be a candidate. "Texas is so far behind, there is so much to do, that it is a real challenge. I won't say I won't run."

Yarborough, a champion of labor legislation, said people keep telling him "that if I ever want to be governor, this is the time."

Asked if he felt Connally could be defeated next year if he decides to seek a fourth term, Yarborough snapped: "Certainly!"

The governor's popularity, he suggested, is on the decline.

"BUILDING BRIDGES"

Another speaker, Rep. Jim Wright, D-Tex., urged the labor leaders to continue "building bridges," calling organized labor the "greatest builder of bridges in history—over which millions of Americans have escaped fear, poverty and frustrations."

John Wallace of Dallas was elected president of the state Building & Construction Trades Council.

Lee Scallorn of San Antonio and L. M. Board of Houston were reelected president and secretary respectively of the Texas Conference of Painters.

High point of the convention comes Friday when Vice President Hubert Humphrey addresses the final session of the state parley. He will fly here from an appearance in Galveston.

Agent To Have Office Here

Roy Kirkpatrick, Liquor Control Board agent, to be stationed here when the district offices move to Odessa, will be headquartered in the police station.

Big Spring will become a sub-station, according to Granville H. Lacy, supervisor for the 29 county area served by his office.

The district LCB offices have been located in Big Spring for nearly 17 years, but will be transferred to Odessa as soon as office space there has been renovated and approved by the state board.

A campaign by the Odessa Chamber of Commerce to have the district office shifted to that city was conducted, pointing out that 51 per cent of this district's permit and licensing business originates in the Ector county seat.

Lacy has moved his family to Odessa, and is commuting as long as the office functions here.

There are two other branch offices in the district. One is at Pecos, with one agent, and another in Midland with two men on duty.

Lacy said the office was established here in 1950. For a brief time, soon afterward, it was in Odessa and then again moved to Big Spring where it has been located since. The new move was announced in early June.

He said the new address in Odessa will be in the Columbia Building, Room 207, at 810 E. County Road.

Wires, Not Wares To Grab Spotlight

WACO, Tex. (AP) — Delegates to a national convention prepared to display their wares, today as they set up a weekend gathering in Waco.

They belong to the Antique Barbed Wire Association, a group which wants to preserve the many varieties of barbed wire used to bring order to the West when it was young.

The Texas association began a year and a half ago with 16 members in Fort Worth. It has now grown to national proportions, with representatives in Colorado, Nebraska, California and Texas, which has 300 members alone.

Gene Prickett of Waco says he has 450 kinds of barbed wire in his collection.

Svetlana's Book Goes On Sale

LONDON (AP) — Svetlana Alliluyeva's memoirs went on sale in a Russian-language edition throughout Britain today as a high court judge began hearing legal arguments about its copyright.

Hutchingson & Co., the British publisher which has contracted to publish the memoirs in Britain, said it had issued the Russian edition to confirm the copyright.

A spokesman said the firm did not expect a large sale, for the paperback edition, which sells for \$7.

Hutchingson and Mrs. Alliluyeva's lawyers are suing in the high court to block the publication of an unauthorized edition of the memoirs, "Twenty Letters to a Friend," by Alex Flegen, a London publisher who says he got the manuscript from sources in Russia. He claims there is no copyright law applicable since Mrs. Alliluyeva wrote the memoirs in the Soviet Union and that country is not a party to the international copyright agreement.

Gilmer Native Quits After 350 Missions

By The Associated Press

Marine Maj. Harry F. Fennell is a Texan at war who figured that 350 combat missions in Vietnam was enough for any man.

"My plane has been hit three times since I've been here," the Gilmer native said in July shortly before ending his Far East tour and returning to the United States. "I hope those were the last."

GUN TARGETS

Fennell, 34, became on June 11 the fourth pilot of Marine Aircraft Group 12 to complete 300 missions over Vietnam.

"When I reach 350 missions," he said, "I'll be ready to quit and go home."

Besides being a jet pilot, he also has flown 29 missions in helicopters.

Fennell's 300th mission in his

"Skyhawk" aircraft was against two machine gun positions.

"We were carrying 250- and 500-pound bombs. The visibility was good, so there was no trouble hitting the target," he said.

Fennell attended a rural East Texas high school at Harmony, then studied at Tyler Junior College, Centenary College at Shreveport and East Texas State University before becoming a naval aviation cadet.

He has been in the Marine Corps for 12 years.

Shreveport Man Fatally Injured

LOCKHART, Tex. (AP) — A car struck and fatally injured Raymond W. Miller, 48, of Shreveport, La., one mile south of Lockhart on US 183 Wednesday night. He died about four hours later at an Austin hospital.

Mayor Calls For A Full Inquiry

DETROIT (AP) — Mayor Jerome Cavanagh requested Wednesday a "penetrating and thoughtful" investigation of the conduct of the city, state and federal governments in last week's riot in Detroit.

The mayor said the study should be conducted by a "small but distinguished panel from outside government."

Cavanagh told the Common Council the riots cost the city government at least \$10 million.

Ovation On Way To Speak

American Black Power advocate Stokely Carmichael is applauded as he makes way to rostrum yesterday in Havana, Cuba, to speak to the Havana conference of the Latin American Organization of Solidarity (OLAS). Carmichael told the revolutionary conference that the American Black Power movement stands ready to help Latin American Communist revolutions. (AP WIREPHOTO)

Castroites Pushing Armed Revolt Idea

HAVANA (AP) — The Latin American revolutionary conference moved into closed session today to try to iron out differences on the best way to make revolution.

The differences came into the open Wednesday as delegates to the Communist-controlled Latin American Organization of Solidarity—OLAS—talked through 12 hours of speeches filled with attacks on the United States. The principle difference lay between the Castroites who see armed revolt as the only course and moderates urging such other forms of struggle as strikes and demonstrations.

KREMLIN GIGGED
There were also a few mild attacks on the Soviet Union because it favors peaceful coexistence with Latin American nations it wants to trade with.

Most observers predicted there would be at least an appearance of full accord by the time the parley ends Aug. 8 with a speech by Prime Minister Fidel Castro. He has not yet appeared at the conference.

HATE SPEECH
The conference gave a standing ovation Wednesday to Stokely Carmichael as he declared that the U.S. Black Power movement is ready to help the cause of revolution from Tierra del Fuego to Alaska.

"We seek with you to change the bases of the world," Carmichael said, following his usual anti-United States, anticapitalist line.

Carmichael said young Negroes are carrying the racial

Webb Takes First Place In OJT Training

Webb AFB has won first place in the fiscal year 1967 on-the-job training ratings in Air Training Command.

Announcement of Webb's top spot was made this week by M. Sgt. Richard Reidy, chief of the OJT unit. The final standings in the cumulative scores were released by Lt. Col. Collin R. Burlingame, directorate of airman personnel, Headquarters ATC.

Webb's final average standing for the year was 95 points. Sheppard AFB also had 95 points, but Webb was given a clear-cut first place in the standings in accordance with regulations for breaking ties.

Mather AFB, Calif. placed second to Webb in OJT standings for bases other than training centers. Sheppard AFB, Tex. and Keesler AFB, Miss., took first and second places for centers.

Breakdown of the cumulative totals showed that Webb received 30 points for all level training. In test results, the averages were: three - level, 10 points; five - level, 17 points; seven - level, eight points. Training participation and non - progression each brought another 15 points to bring the base total to 95. The command average was 81 points.

Following Webb and Sheppard in command standings were: Mather, 94; Laredo, Randolph, and Keesler, 93; and Reese, 92. Below the command average in their order of standing were: Chanute, Craig, Williams, Lackland, Moody, Amarillo, Lowry and Laughlin Air Force Bases.

Forrestal Toll Hits 131 Mark

MANILA (AP)—Two men injured in the fire aboard the aircraft carrier Forrestal have died, raising the toll of confirmed dead to 131, the U.S. Navy announced today. Three other men still are not accounted for.

The two injured men died in hospitals in Vietnam to which they were transferred before the Forrestal sailed Sunday to the Subic Bay naval base in the Philippines.

More than a dozen naval architects and engineers from stations in the United States and elsewhere have begun assessing the damage by the fires and bomb explosions that devastated the 76,000-ton carrier's after section.

A spokesman at Subic Bay said the first task for the investigators is to determine what work has to be done on the carrier and "get it wherever it can be fully repaired." It is generally assumed the ship will return to the United States.

Say Vows In Midland Rites

STANTON (SC) — Airman I.C. and Mrs. Thomas Fredrick Kast are on a trip to the Dallas-Fort Worth area following their wedding Saturday in St. Ann's Catholic Church in Midland.

The bride, the former Karen Annette Yates of Abilene is the daughter of Mr. and Mrs. Sidney A. Yates, of Midland, formerly of Stanton. The bridegroom is the son of Mr. and Mrs. Joseph B. Kast, Cottage Grove, Ore.

Soda For Tile

Use a solution of washing soda for a good job in cleaning glazed ceramic wall tiles. If the tiles are badly discolored, wipe the tiles with a damp cloth on which a little of the powdered washing soda has been sprinkled.

Vine Makes Nice Wall Cover-Up

An unusually dainty climbing plant for use in window boxes, hanging baskets or just to cover a bare bit of soil is the black-eyed susan vine.

Flower colors are yellow, orange, buff or white and most blooms have the black eyes of their namesake.

This vine grows in sun but also does very well in light shade.

Teachers Leave For Conference

Five members of the Big Spring Chapter of the Texas Classroom Teachers Association are attending the fifth annual state leadership conference of the association, which began today in Austin. They are Mrs. and Mrs. Martin Landers, Mrs. Ray Cantrell, Mrs. Bernard Keese and Mrs. E. Y. Buckner. Mrs. Landers is president of the local chapter.

More than 600 leaders of the classroom teacher groups throughout the state were expected in Austin for the three-day meeting. Issues pertinent to the organization in education will be discussed.

Highlight of the meeting will be a banquet Friday. The speaker will be Dr. John W. McFarland, Dean, College of Education, University of Texas in El Paso.

Saturday evening, the NCO Wives Club held its semi-annual installation of officers at the NCO Open Mess at Webb AFB.

The new officers are Mrs. Matthew Mooney, president; Mrs. Alfonso Ramirez Jr., first vice president; Mrs. Charles Bambarger, second vice president; Mrs. Marvin Holland, secretary; and Mrs. William E. Nelson, treasurer.

Outgoing officers were Mrs. Jack Gaskill, president; Mrs. Mack Robison, first vice president; Mrs. Charles Bambarger, second vice president; and Mrs. Marc Luttrell, secretary-treasurer.

The installation began with a reception followed by the dinner.

In the receiving line were S. Sgt. and Mrs. Jack Gaskill, S. Sgt. and Mrs. Matthew Mooney, Capt. and Mrs. Thomas W. Black Jr. and Col. and Mrs. George E. Franks.

Mrs. Franks conducted the ceremony, as each new officer, holding a candle, pledged her efforts in the office that she accepted.

Col. Franks commended the retiring officers and congratulated the new officers.

"You have covered the transition period — we have broken ground for the new club," Col. Franks said. "There is a tremendous task ahead of you, and as leaders, you are charged with this responsibility."

"At Webb, we fully support the wives' clubs, and we want to help you in making your organization a success," Col. Franks concluded.

Approximately 40 persons attended the dinner.

Plant For Pets

If you keep a cat indoors, plant grass, oats or rye seed in aluminum foil pans and your cat will eat these and leave your house plants alone. A scratching post, covered with an old piece of rug and made from scrap lumber, will save furniture, upholstery, and walls.

Webb Officer Cites Communist Dangers

Maj. Glenn E. Jones of Webb AFB was the dinner speaker for the Scenic Chapter, American Business Women's Association, Tuesday evening when it met at the Ramada Inn. He was introduced by Mrs. Gene Haston, program chairman.

Maj. Jones' topic was "Why We Are in Vietnam."

He explained that the war in Vietnam is being fought to hold what free countries there are in Southeast Asia and prevent communism from spreading to this continent. While in Vietnam he observed that the Vietnamese people do not seem to want money from the United States, but they need a basic philosophy of life to know peace and respect for individual rights. Though in poverty, they are a happy people.

Maj. Jones pointed out that the Communist strategy to conquer the world was laid during the regime of Lenin and Karl Marx. Their plans have been carried out just as programmed

but much ahead of schedule. Their tactics are to get into education, communications and the government where they can influence the young and work from the inside out. He said that Russia and Red China can "shut off" the war in a week's time if they so desire, or by the same reasoning, they can spread it to other realms if not stopped.

He emphasized that it is to our advantage to keep all free countries from being drawn behind the Iron Curtain—once behind it, they are dependent on the Communist rule and loose all identity so far as government is concerned to produce, act or think for themselves.

Maj. Jones said it is important that the American people "keep strong and be willing to sacrifice to support a free world and God-given rights to work and earn the liberties that we enjoy regardless of the price." He said that living under Communist rule and in a police state would be worse than death itself. "We don't want good people to turn Communist, we want good people to keep busy," he ended.

Maj. Jones was recently awarded the Distinguished Flying Cross with First Oak-leaf Cluster. He has been stationed at Webb AFB since May, 1966, following his tour in Southeast Asia where he flew 332 missions.

Mrs. Jack Owens gave the vocational talk about her work as a dental assistant in the office of Dr. Charles O. Warren.

Mrs. Geraldine Dietz, ways and means chairman, reported that the gift cards for the chapter project are ready for sale, and Miss Shirley White announced that the fall Hand of Friendship tea will be Sept. 17.

Mrs. Kyle Caubie was elected delegate to the national convention in Las Vegas Oct. 20-22. The alternate is Miss Hazel McCord. Others planning to attend are Mrs. Tony Barron, Mrs. L. V. Misk, Mrs. Herman Taylor and Mrs. Dietz.

Past presidents of the chapter were recognized. They were Mrs. A. G. Etzgen, Mrs. Misk, Mrs. Paul Guy, Mrs. Leonard Burks, Mrs. Zarah LeFevre, Mrs. Taylor and Mrs. Barron.

Guests were Maj. Jones, Mrs. Nannie Ruth Garrett, Mrs. Etzgen, Mrs. H. O. Harris, Mrs. Maxine Myers, Mrs. E. A. Edgars and Mrs. Ray Andrews.

Mrs. Pauline Waits, banquet chairman, announced that the Sept. 5 meeting will be at the Ramada Inn. The speaker will be Doug Coleman of Ackery who will show slides of his safari in Africa.

Twenty-one members attended.

MAJ. GLENN E. JONES

MRS. BISMARCK SCHAFER

Ranch Woman Tells Of Past

By RHODA LEMONS

It was about 30 years ago that Mr. and Mrs. Bismarck Schafer moved to their present home south of Big Spring in Glasscock County, although the land had been in his family's possession since 1878. Often those desiring special tracts of land were required to "hold down" the door at the courthouse, in order that they would be the first to file on the claim. Land sold for \$1.50 an acre at that time with 40 years to pay.

The Schafers have five sections, and the traveler must go through seven gates and nine miles of dirt road to reach the ranchhouse. Now semi-retired, their children lease and operate the ranch, and Mr. and Mrs. Schafer still make their home in the house in which they reared their children. The house has been remodeled and made larger, as it originally began with four rooms made from native Texas rock.

COWBOYS
"I have cooked for a number of cowboys and ranch hands in my day, and most of them seemed to like plain food and plenty of it," said Mrs. Schafer. She further explained that they liked food which had strength in it so that they could round up the cattle or work in the branding pens all day. She remembers that favorite meals for the cowboys included plenty of meat, beans, potatoes and onions, hot biscuits and butter, and something sweet to finish the meal.

In reminiscing about earlier days, Mrs. Schafer remembers that she always planted and raised a garden, canning a portion of the vegetables and pickling those that could not be canned or eaten. They raised and butchered their own meat and canned it in tin cans using a pressure cooker. Seasonal fruit was gathered and canned for the long winter months ahead, and butter was churned

at home when the cream was "just right," and then molded into the desired shapes.

Mrs. Schafer finished her schooling in Big Spring and was granted a teacher's certificate. She worked at this profession long enough to make enough money to attend Washburn College in Topeka, Kan., and to receive some training for her lifetime dream of becoming an artist. She attended the Chicago Art Institute and shared a small one-room apartment with a friend, and her favorite hobby is still painting landscapes and western scenes in oil.

WORKED HARD
During the depression years, Mrs. Schafer worked doubly hard to make ends meet for her children. She sewed all of their clothing, and her own and mended everything that was still in a large enough piece to wear. She canned all the food they had for the year, and helped butcher the meat to supplement the family larder. She made soap from hog lard, and she remembers that they went in debt at the bank, using their cattle for collateral. She also assisted with the branding when help was too expensive to get.

"My youngest child did not see the doctor from the time of his birth until he was eight years old and sick with pneumonia," said Mrs. Schafer. She stated that there was no money for doctors, and unless it was a dire need they did not seek out his services as they were afraid they could not pay him.

Still very active, Mrs. Schafer has become more of a relaxed housekeeper, but she still cooks for large numbers of people. The Schafers have four children, Gene Schafer, Mrs. Joyce Fuller, Mrs. Susan Walker and Marck Schafer. They have nine grandchildren, and when all the relatives arrive at once, as they frequently do, Mrs. Schafer again finds herself cooking meals for 19 or 20 persons.

RECOMMENDED RECIPES

Mrs. B. Schafer

FRIJOLES OR PINTO BEANS
Pinto beans
Bacon grease
Salt
Pepper
Chili powder
Clean and put beans to soak the night before, or put them in water to begin cooking early in the day. When tender, add bacon grease, salt, pepper and chili powder to taste and according to amount cooked. If beans are not allowed to sour, they will keep by re-cooking each morning. Set away from the burner.

HASH BROWN POTATOES
Small potatoes
Salt and pepper, to taste
Boil desired number of small potatoes in skins until tender. Remove from heat, rinse with cold water and remove peel. Cut in one-inch size chunks and fry in hot grease. Turn frequently to brown. Salt and pepper to taste.
Especially good in winter.

BOILED COFFEE
Fill large coffee pot with water and one heaping tablespoon coffee per person served. Boil to suit taste. Texans liked it strong in the early days and served it most every meal. No hot tea was used unless they were sick.

LIGHT ROLLS
1 pkg. dry yeast
7/8 cups lukewarm water
1/2 cup sugar
4 tbsps. shortening
4 cups flour
1 tsp. salt

SOUR DOUGH BREAD
1 large or 3 small potatoes
1/2 cup sugar
1 tsp. salt
1 cup warm milk
1 pkg. yeast
1 cup warm water
1 cup flour
Boil potatoes in water until soft. Peel and beat potatoes until fine. Add sugar, salt and warm milk. Dissolve yeast in warm water and add to other ingredients, then stir in flour. Leave to work and sour for 36-48 hours, at room temperature. Will keep two to three weeks. Use one cup starter mix, two tablespoons sugar, 1/2 tablespoon salt, two tablespoons shortening and add enough flour to make thick dough. Cover and let rise, make out rolls, let rise again and bake at 400 degrees about 10-15 minutes.

SOUR DOUGH PANCAKES
1 cup sour dough
1 cup warm milk
1 heaping tsp. baking powder
1 egg
2 tbsps. sugar
1 tsp. salt
2 tbsps. shortening
Flour for mixing

SUGAR COOKIES
1 1/2 cups sugar
1 cup butter
2 eggs
1/2 tsp. soda
3 tbsps. buttermilk
1 tsp. vanilla
Flour for thick dough
Mix sugar, butter, eggs, soda, buttermilk, and vanilla flavoring. Add enough flour to make a thick dough. Bake at 375 degrees for about 10 minutes.

Unusual Salad To Delight Family

A different salad combination and delicious.
FARM ORCHARD SALAD
1/2 bunch watercress sprigs or 2 cups crisp mixed salad greens
1 cup drained cooked green peas

Simple To Prepare Dish For Summer Quick Meal

When warm weather activities keep the family busy, even Mother doesn't want to spend all her time in the kitchen. This simple and quick supper or lunch dish is the perfect answer. A can of corned beef that's made extra good with barbecue sauce to give it an outdoor flavor is the basis for this one-dish meal. To complete the menu, serve broiled tomatoes, fresh from your garden perhaps, and seasonal fruit to eat out-of-hand. For more wonderful recipes using barbecue sauce, send your name and address with ZIP code to: Open Pit Recipes, Box 1128, Kankakee, Illinois, 60901.

SUPER HASH
2 medium onions, finely chopped
3 tbsps. bacon drippings or shortening
1 can (12 oz.) corned beef, shredded
2 cups (3 medium) diced peeled cooked potatoes
1 cup diced beets, drained (optional)
Water
1-3 cup all-purpose barbecue sauce
Saute onions in bacon drippings until tender and golden;

then combine onions with beef, potatoes, and beets. Add enough water to barbecue sauce to make 1/2 cup and add to beef mixture, blending well. Return hash to the skillet and spread evenly with a spatula. Cook over low heat 20 to 30 minutes or until a brown crust forms on the bottom. Serve with additional barbecue sauce, if desired. Makes about 5 2-3 cups or four to six servings.

Make Jelly Syrup

If some of your jelly has crystallized, don't despair, for it can be turned into very tasty syrup to pour over your breakfast pancakes. Add one-half glass of water to each glass of jelly, and heat and stir until dissolved.

Hot Biscuits For Festive Luncheon

BEST WHOLEWHEAT DROP BISCUITS
1/2 cup sifted cake flour
2 tbsps. baking powder
3/4 tsp. salt
1 1/2 tbsps. sugar
1/2 cup unsifted 100 per cent stone-ground wholewheat flour
2 tbsps. heavy cream
2 tbsps. milk
Into a small mixing bowl sift together the cake flour, baking powder, salt and sugar; stir in the wholewheat flour. With a fork, gradually stir in the cream and milk. Drop into small muffin-pan cups, filling almost to the top. Bake in a very hot (450 de-

grees) oven for 12 to 15 minutes. Remove from pans at once and serve hot. If muffin cups each hold two tablespoons and are two inches across top and one inch deep, recipe will make 12 biscuits.

Hash With Eggs For Tasty Treat

Canned corned beef hash will on the table. Cut the hash in casseroles to heat in the oven. While the hash heats, make a medium cream sauce and add sliced, hard-cooked eggs to it. Or, make a cream sauce and add deviled eggs to it. When the hash casseroles are ready to go to the table, spoon eggs over hash, dust with paprika and serve.

Two Spokesmen For Valley Growers Fuss With RFK

WASHINGTON (AP) — Sen. Robert Kennedy, D-N.Y., and two principals in the management side of the 14-month lower Rio Grande Valley farm workers strike, clashed during a Senate hearing Wednesday.

Morris Atlas, attorney for La Casita Farms and Ray Rochester, farm manager, were challenged by Kennedy to hold a union election to see if the mostly-Mexican-American workers on the Valley farm want a union.

The Senate labor subcommittee held a 2 1/2 hours session concerning legislation to extend the National Labor Relations Act to farm workers.

CLOSED MINDS

Kennedy was not with the subcommittee last month when it held hearings in the Valley. Rochester charged the senators had their minds made up in behalf of the union, the United Farm Workers Organizing Committee, AFL-CIO, when they came to Texas.

Sen. Harrison A. Williams Jr., D-N.J., subcommittee chairman, said Wednesday's hearing for La Casita representatives came at the request of Sen. John Tower, R-Tex.

WILD CHARGES

Atlas, who had no written statement, raised Williams' ire at the outset by saying that the subcommittee, when it went to Texas, had something more in mind than legislation, that there were political overtones to the hearings and that if legislation were enacted it should be done as he put it, by unprejudiced senators in light of all facts "unaltered by wild unfounded charges."

Williams said he was baffled by Atlas' approach, and there were some rather pointed remarks exchanged.

A little later, Kennedy asked Atlas why he wouldn't allow an election among the farm workers to determine once and for all whether they wanted a union.

"Why not get it over with, one way or the other?" he asked.

'YOU ARE SCARED'

Atlas said there had been no request by any of La Casita's workers for an election, that the only agitation had come from outside sources.

"There is no employer-grower dispute," Atlas said. Kennedy retorted: "You are scared. You are frightened that you would lose the election."

Atlas replied that if any substantial number of the farm's employees asked for an election it would be called immediately.

Kennedy said he thought Atlas' testimony made a strong case for the bill.

GRANDSTAND PLAY

Kennedy suggested that Atlas permit some disinterested party to canvass the La Casita workers and determine whether they wanted an election.

"You go down and ask them,"

Atlas said. "If 30 per cent want an election, we will hold it. Are you willing?"

Atlas repeated the suggestion several times. Finally Kennedy said Atlas was making a grandstand play.

"It's not a grandstand play," Atlas retorted, repeating the

challenge.

Kennedy then said he didn't consider it his duty to undertake such a mission. He said that there are plenty of people in Texas who could make the check.

IMPROPER REQUEST
Williams suggested that per-

haps the NLRB representative in Texas could do the job.

However, Sen. Paul J. Fannin, R-Ariz., said he thought Kennedy's suggestion for a La Casita election was an improper request.

At times during the session three or more people talked at once. The committee counsel, Fred Blackwell, participated in many of the exchanges.

The official stenographic reporter, asked at one point by Williams if she was getting all the remarks, shook her head and said sadly it wasn't one of her better days.

Reagan Scheduled To Leave Hospital

SANTA MONICA, Calif. (AP) — Gov. Ronald Reagan, recuperating from surgery, is expected to leave St. John's Hospital sometime Saturday.

Reagan underwent surgery Monday that removed small bladder stones and a small "spot" on his lower lip. An aide said a biopsy taken on the tissue removed from the lip was "totally negative," showing no evidence of malignancy.

'Hippies' Go For STP Pills

WASHINGTON (AP) — The Dow Chemical Co. developed STP, the new hallucinatory drug popular with "hippies," says the Food and Drug Administration, but there was no solid information on how outsiders got the formula.

STP is considered four times more potent than LSD. About

4-B Big Spring (Texas) Herald, Thurs., Aug. 3, 1967

4,000 tablets of STP showed up at a recent hippie gathering in San Francisco.

A Dow spokesman in Pittsburg, Calif., said the formula apparently was obtained from Dow's research center in Walnut Creek, Calif., part of the San Francisco Bay area. He said the company has determined there are no shortages of the drug.

Like LSD, STP is considered dangerous by health officials when taken without medical supervision.

Fatally Injured By Pickup Truck

ABILENE (AP)—Sim Teague, 59, of Brownwood was struck and fatally injured by a pickup truck Wednesday as he tried to walk across US 277 a mile north of here. The truck of Mr. and Mrs. Hildred Patterson of Haskell went out of control and overturned after hitting Teague, but the Pattersons were not hurt.

Murder, Suicide Ruled In Deaths

BALLINGER (AP)—Justice of Peace Harry Wringle ruled murder and suicide Wednesday in the deaths of Mr. and Mrs. Burleigh Burk, owners of a steak house. Wringle said witnesses told him Burk first shot his wife, Jolene, 47, and then put a bullet in his own head. He was 58. Mrs. Burk was found dead outside the cafe early Wednesday. Burk died later in Abilene.

The council's objective is to encourage cooperation of local governments in planning development.

Alabama Native New Naval Chief

WASHINGTON (AP)—The new chief of naval operations says he plans to spend a lot of time working on the problem of keeping good officers in the Navy. Adm. Thomas H. Moorer, 55, who took over his new job Tuesday, said improving educational opportunities and living conditions for Navy men would help. Although Moorer didn't men-

tion a pilot shortage in an interview Wednesday, he may have been alluding to the Navy's continuing pilot loss. Last year, 67 per cent of the naval aviators who left active duty were hired by the airlines at top salaries. Earlier this year there was congressional testimony that the Navy was short 2,430 pilots but this week, Congress released Defense Department testimony to the effect that the shortage had been filled. Moorer, an Alabama native, took over as chief of naval operations from Adm. David L. MacDonald.

Crawler-Crane Crawls Away?

HemisFair Exhibit Is 'Hot' Potato

By The Associated Press
Few Texans realize that one of the hottest political potatoes of the 1967 legislature soon will be competing with the Alamo as a tourist attraction. That's what supporters of the Institute of Texas Cultures claim about the \$10 million structure that will be Texas' official exhibit in San Antonio for the 1968 HemisFair and a permanent exhibit thereafter.

Some pessimistically predict the institute will wind up in the predicament the Alamo narrowly escaped—sold at public auction.

SQUARE SAUCER?

"It's the world's first square flying saucer," said one legislator in the midst of the hot legislative debate over financing. It's a permanent setting for the Texas story," said Henderson Shuffler, University of Texas expert in Texas history who was named to get the exhibit open by next April. "The institute will erase the myth that many Texans fell in a barrel of oil and came up smelling like a millionaire." Workmen labor in San Antonio to recreate the architect's plans on the HemisFair site but Shuffler's staff of about 55 has a harder job of telling the story of Texas' origin and growth in 133,000 square feet.

CHECKING

Their headquarters is a crowded two-story building in Austin but many of the staffers spend most of their time traveling, checking the several hundred museums, archives and libraries throughout the state. "The institute's function will be to bridge the gap between the academic historian and the people of Texas," Shuffler says. Shuffler promises that even Texans will be surprised when they look at the plain historic record of who they are and where they came from. Contrary to popular legend, the Irishman, the Englishman, the Italian and the Negro were playing their roles in Texas history centuries before the first Anglo-American crossed the Sabine.

FIRST JEW

The first Jew in Texas history led an expedition to West Texas in 1890. A Virginian drilled Texas' first producing oil well and a Czech immigrant brought in the first big East Texas gusher. The state Capitol building, designed in the shape of a Greek cross, was planned by a German architect working for a British syndicate. The stonemasons were imported from Scotland and much of the labor force was Irish and Czech. At least 90 per cent of the statuary on the capitol grounds was produced by a Texan of Italian birth. As a result, the institute staff has decided to allocate Texas' exhibit to 25 major groups, each with a distinct cultural heritage that helped lay the foundation of Texas today. An attempt is being made to find who was the first of each kind of Texan to come, who followed from his homeland, why and how.

THE TRUTH

"Every visitor to the state's exhibit will find an instant kinship with at least one portion of the exhibit," Shuffler says, including Gypsies, the Lebanese and Japanese. "This will bring to Texans the truth of their history, instead of the faded myths which have too often been the subject of movies, television and quite a few books. The truth is just as colorful, just as fascinating, as the tall tales and windy brags." Supporters of the institute also hope the exhibit will impress Texas politicians, particularly those who will be back in 1969 to consider the institute's first money requests as a permanent exhibit.

Candy Barr Will Peel On Strip

LOS ANGELES (AP)—Stripper Candy Barr, onetime girl friend of gambler Mickey Cohen, says she's resuming her career Aug. 8 after serving a three-year jail sentence on a narcotics charge for which she was later pardoned. The baby-faced blonde will begin a six-week engagement at the Club Largo on the Sunset Strip. She was working there in 1959 when she was arrested on a charge of possessing marijuana. Miss Barr spent three years of a 15-year sentence in a Texas jail. She was granted a full pardon last month, enabling her to resume her nightclub career. She looks a bit older. And at a news conference Tuesday she admitted to 32 years. But she still has a trim 38-23-36 figure. Keeping her figure, she said, was just luck. "I never take exercise," she said. "I detest anything strenuous."

Pipeline Okayed

Oven Fried Chicken Served With Sauce

Oven fried chicken breasts make a delightful main course, and so easy to fix. To accompany the chicken, we suggest Sweet and Sour Cherry Sauce and steamed rice. The rice may be served "as is" or embellished with toasted slivered almonds or even curry powder.

Use light or dark sweet cherries in the sauce — both varieties are delicious.

OVEN FRIED CHICKEN BREASTS

3 chicken breasts (about 2 1/4 pounds)
 3/4 cup sifted regular flour
 1 tablespoon salt
 1/4 tsp. white pepper
 1-3 cup butter, melted
 Steamed rice
 Sweet and Sour Cherry Sauce

Have chicken breasts split to make six pieces. Wash and dry. On waxed paper or in a brown paper bag, stir to shake together the flour, salt and pepper. Dip the chicken in the melted butter. Roll or shake the chicken,

two pieces at a time, in the seasoned flour. Place chicken pieces skin side up, in a very shallow baking pan into which they just fit—drizzle any remaining butter over the coated chicken. Bake in a moderate (375 degrees) oven until tender and lightly browned — about one hour. If chicken isn't brown enough to suit your taste, place under broiler briefly to tinge with brown—watch carefully so as not to scorch. Serve with

Improve Drinks With Cold Spray

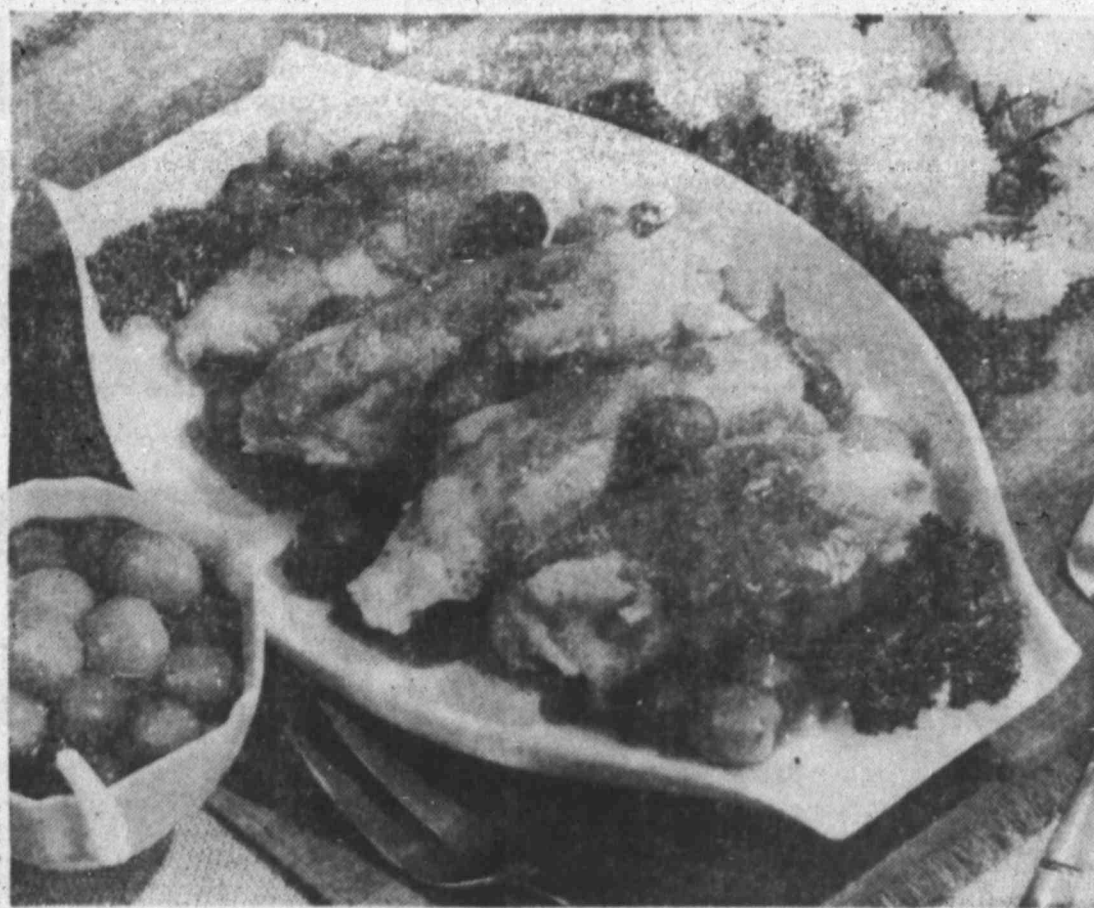

The latest aerosol looks like just another can of spray. But it's cool—really cool. As cool as 1,000 ice cubes. It's a glass chiller — instantly drops the temperature of a glass below freezing for a refreshing, professional daiquiri, old fashioned, martini, champagne or beer.

steamed rice and Sweet and Sour Cherry Sauce. Makes six servings.

SWEET AND SOUR CHERRY SAUCE

1 can (1 lb.) pitted light or dark sweet cherries
 1 tsp. cornstarch
 1/4 cup lightly packed light brown sugar
 1/4 tsp. salt
 1/4 tsp. dry mustard
 Dash of ground cloves
 2 tbsps. cider vinegar
 1 1/2 tps. soy sauce

Drain cherries, reserving syrup. In a one-quart saucepan thoroughly stir together the cornstarch, sugar, salt, mustard and cloves. Gradually stir in the reserved cherry syrup, vinegar and soy sauce, keeping smooth. Cook and stir constantly over moderate heat until boil-clear. Add cherries and reheat, slightly thickened and but do not boil. Makes about one pint. Serve with oven Fried Chicken Breasts and Steamed Rice.

Delightful Main Course

Chicken breasts are especially good with the sweet and sour cherry sauce served over rice. Easy to prepare, this main course just needs a salad and hot roll for a nutritious and tasty meal.

PANTRY PICK-UPS

Ever cut off the top of a waxed carton that held milk and place it on the counter beside the sink for small refuse?

Do you carry several keys on a chain? Mark them with several different colors of nail polish for easy recognition.

Wash those graters as soon as you use them so food particles do not have a chance to dry and adhere.

When a stick of butter or margarine to be used in a cake or cookies is refrigerator-hard, cut it into the mixing bowl in thin crosswise slices before trying to cream it.

When you take baked cream puffs and eclairs out of the oven, don't let a draft hit them while they're cooling. This way they have a good chance of staying topioly.

Never freeze sandwiches whose filling includes sliced to-

matoes or sliced hard-cooked eggs.

Coffee-flavored Bavarian cream may be served with chocolate sauce, whipped cream and salted nuts. Call the dessert luxurious!

For an extra-delicious confectioners sugar frosting, be lavish with the butter! Flavor with vanilla, grated lemon rind, grated orange rind or a mixture of melted chocolate and strong coffee. Instant coffee dissolved in boiling water (and then cooled) may be used with the melted chocolate.

Roasting turkey? Be sure to cut the string, holding the legs together, about an hour before the bird is ready. Or if the legs are held together by a band of skin at the tail, just snip the skin to release the legs. If you use this method, the entire surface of the turkey should be an attractive brown.
