## Junior Rodeo Opens Three Day Run Today

Some of the top stars of the junior rodeo world will be here tonight to compete in the opening performance of the 22nd Annual Howard County Junior Rodeo at Rodeo Bowl.

The rodeo has the largest number of competitors in its history and also has collected more of the top-rated leaders of the American Junior Rodeo Association than ever before.

### Records Are Expected

Weather permitting, there is every reason to believe tonight's performance, starting at 8 p.m., should hang up a number of records for the local show.

Opening event was to be at 4 p.m. today when a parade featuring riding clubs from several communities, as well as many of the performers in tonight's show, will march through the downtown business district.

The rodeo runs through three days, with performances nightly at 8 p.m.

### Nationally Sanctioned

Sponsored by the Howard County 4-H Clubs, the rodeo is sanctioned by the AJRA and all points won here are accepted toward determination of national championships.

Paul Gross, county agent, is general show superintendent. Announcer is to be Dub Bryant. The clown is Thomas Sheffield of Rankin.

Concession stands will be manned by members of 4-H Clubs.

### Twice As Many Awards

This year, the local show is offering twice as many awards as ever before. There are 20 silver belt buckles for the top place winners in each of the official events in all age brackets.

In addition, the rodeo will give two hand-made saddles to the top cowboy and the top cowgirl of the show. In the past, only half as many buckles and only one saddle have been offered.

## Cosden Hikes Oil Price

Cosden Oil and Chemical Company today announced that effective 7 a.m. Aug. 1 it has increased the price paid for West Texas intermediate sweet crude oil by five cents per barrel. Cosden normally purchases about 8,000 barrels per day this type of crude (40-44.9 gravity).

### Increase To \$3.11

The increase brings to \$3.11 per barrel which Cosden is paying for this type of crude. On Aug. 4, Cosden had announced an increase of five cents per barrel, making a new price of \$3. for West Texas sour crude oil, of which it normally purchases about 35,000 barrels per day.

The price on intermediate crudes now is the same for all companies, and that for sour crude is the same except for Phillips and Pan American, who pay \$3.05 for this grade.

## LBJ Seeks Tax Votes

WASHINGTON (AP) — President Johnson is seeking Democratic votes for his proposed tax increase with the face-to-face political selling techniques he mastered long before he became chief executive.

All Democrat members of the House have been or will be invited to the White House, in batches of about 50, for a session with Johnson and his principal fiscal advisers.

A sampling of members who have attended the sessions produced a majority and a minority opinion on the President's salesmanship.

### Doesn't Really Want Tax?

Most thought he is being effective. A few said they had the impression Johnson does not really want the tax, but doesn't want to be in the position of not having fully backed his recommendation before leaving the issue to Congress.

No one would hazard a guess whether enough Democrats have been convinced to guarantee passage for the proposals. No one would be quoted by name on what went on at the closed sessions.

All agreed the sessions allow plenty of time for backtalk and questions from the congressional audience and that questions and suggestions are not brushed off. In some cases follow-up sessions are arranged for individual congressmen with presidential aides.

Tragedy In Denmark

This twisted wreckage resulted when an express train plunged into the rear of another which had stopped to investigate a fire in the cab near Odense, Denmark, today. Nine bodies were recovered from the wreckage. (AP WIRE PHOTO by cable from Copenhagen)

## Navy Pilots Blast Two Jets Over Red Vietnam

SAIGON (AP) — U.S. Navy fighter-bombers shot down two MIG21 jets over North Vietnam today in the first dogfight in two weeks, the U.S. Command announced.

The command also announced that 40 Vietnamese civilians were killed and 36 were wounded when U.S. Army helicopters returned enemy ground fire in the Mekong delta nine days ago. It said the civilians were in a "large group" which was firing on the helicopters.

The Soviet-designed MIG21s, the most advanced plane in North Vietnam's air force, were brought down by air-to-air missiles fired by F4C Phantoms from the carrier Constellation.

The latest confirmed kills were the first since July 21 when Navy pilots from the carrier Bon Homme Richard downed three of the earlier model MIG17s. On July 27, U.S. pilots said they probably shot down a MIG21, but this was never confirmed.

The score now stands at 82 confirmed MIG kills for U.S. pilots and 20 American planes downed by the Communist interceptors in aerial combat over the North.

Field reports said the civilians killed and wounded by the American helicopter gun crew Aug. 2 were in a crowd of peasants returning from the rice fields and that a Viet Cong force mingled with them as it withdrew after overrunning a government outpost.

**FIRE PERMISSION**  
The U.S. Command said a "U.S. Army light helicopter fire team"—believed in number two or three helicopters—was supporting the militia outpost 50 miles south of Saigon and "received permission to return enemy fire being received from a large group."

In the ground war today, significant fighting subsided again after the fierce battle Wednesday between troops of the 1st Air Cavalry Division and North Vietnamese forces in the Song Re Valley of the central lowlands, 300 miles north of Saigon.

The general lull in major fighting in recent weeks was reflected in casualty figures released today by the U.S. Command. American casualties last week—146 killed in action, 1,064 wounded and 14 missing or captured—were the third lowest in six months although a slight increase over those of the week before.

### DEATHS JUMP

U.S. spokesmen reported 1,343 enemy killed last week, 160 less than the week before, while South Vietnamese spokesmen said their forces had 220 killed, 545 wounded and 40 missing, a sharp increase from the 76 killed, 368 wounded and 14 missing reported the previous week.

The latest MIG kills were credited to Lt. Cmdr. Robert C. Davis, 37, of El Dorado, Ark., and Lt. Guy H. Freeborn, 31, of Hart, Mich.

The Phantoms also carry a radar intercept officer who locks the missile onto the enemy plane. The two radar officers were Lt. Cmdr. Gayle O. Elie, 32, of San Diego, Calif., and Ens. Robert A. Elliot, 23, of Up-land, Calif.

**DOGFIIGHT**  
Defense Department sources said on July 17 that North Vietnam's air force had virtually

disappeared from the skies. The latest intelligence information at that time indicated North Vietnam had only about 70 MIG jets left and that about half of these were kept in Communist China. Since then, five MIGs have been confirmed down, the three on July 21 and the two today.

The location of the dogfight today was not immediately announced.

U.S. headquarters reported three raids by the eight-engine B52 bombers—against suspected enemy base camps and troop concentrations in Phuoc Tuy Province, 40 miles east of Saigon; 34 miles southwest of Kon-tum City in the central highlands; and in the A Shau Valley near the Laotian border.

### TERRORISTS

Viet Cong terrorists killed 68 civilians in South Vietnam last week, officials reported, wounded 82 and abducted 75. So far this year, 1,796 civilians have

been killed, 3,283 wounded and 2,272 kidnaped by terrorists.

Food prices in Saigon climbed another 2.6 per cent last week, economic sources reported. But they added that the steady price rises of the last month are not expected to continue.

One factor making food scarce in Saigon was Viet Cong mining of two important roads to the South Vietnamese capital. In the biggest allied operation so far in the Mekong delta, an estimated 10,000 U.S. and Vietnamese troops tried last week to ferret out the guerrillas who had been mining Route 4. They reported killing 285 in the early part of the operation, but made little contact for most of the week.

Gen. Harold K. Johnson, the U.S. Army chief of staff, said in Honolulu Wednesday that a "swirl of forward motion" by the allies will be under way in Vietnam by the end of the year.

### 'NO STALEMATE'

He told a news conference: "There is no stalemate. We are definitely winning the war."

In South Vietnam's presidential campaign, seven of the 10 civilian candidates announced they would not campaign until the government assured them transportation and security for trips outside Saigon.

The civilian candidates were to have started a 22-town tour Sunday. But arriving in Quang Tri Province, 425 miles north of Saigon, they found no official party to meet them and returned to Saigon, charging Chief of State Nguyen Van Thieu and Premier Nguyen Cao Ky were trying to sabotage their campaign.

Thieu and Ky are the military candidates for president and vice president and are expected to win the election Sept. 3.

### More Negro Guards Urged

WASHINGTON (AP) — The National Advisory Commission on Civil Disorders recommended today recruitment of more Negroes in the National Guard, improved riot control training for the Guard and a review of standards to insure that no substandard officers are appointed in the guard.

The commission, which was appointed by President Johnson, sent him a report saying that Negroes constitute only 1.15 per cent of the Army National Guard and only 4 per cent of the Air National Guard.

Johnson immediately sent the recommendations on to Defense Secretary Robert S. McNamara with the advice that "this is a matter of highest urgency and I know you will give it your immediate attention."

Commission Chairman Otto Kerner, governor of Illinois, and Vice Chairman John V. Lindsay, mayor of New York City, sent the recommendations to the President.

The commission had acted unanimously urging:

1.—That recruitments of Negroes into the Army and Air National Guard be increased substantially and that the deficiency in the number of Negroes in the National Guard "must be corrected as soon as possible."

2.—That riot control training of the National Guard be improved and expanded. The commission said it was informed that steps are under way to do this, but it said "we wish to underscore the importance of moving forward as rapidly as possible," recommending that special emphasis be given to such training during the next several weeks.

3.—A review should be undertaken by federal and state officials of the qualifications and performance of all National Guard officers "to insure that they are adequate to preclude the appointment and promotion of substandard officers."

## Danish Train Smash Claims At Least Nine

### Passengers Are Trapped In Wreckage

ODENSE, Denmark (AP) — An express train slammed at high speed into the rear of another near this central Danish city today and rescue officials said nine persons were killed and about 40 injured.

Six hours after the crash there still were passengers trapped inside two coaches pressed together like a giant accordion.

### 15 INJURED

Rescue officials, reporting the casualties, said at least 15 persons were seriously injured.

It was not known whether there were any foreign casualties.

"All is chaos," one eyewitness said.

The two trains, both headed west from Copenhagen on the same track 10 minutes apart, carried about 350 Danes and a number of foreign tourists, officials said.

One had stopped while the crew reported a fire in the cab. The other train was speeding at 78 miles an hour when it hit the first.

### OIL SPILLS

Fire squads, civil defense units and nearly 100 ambulances rushed to the scene.

The crash occurred at a railway overpass. Passengers had to be lifted down from the wreckage by crane.

Rescue operations were hampered by 500 gallons of diesel oil that spilled over the tracks, making it impossible for rescue workers to use blow torches.

The first coach of the second train was virtually thrust over the last coach of the first train. Both sides and roofs were completely ripped and two cars crumpled up like a giant accordion.

### SCREAMS

Six other coaches were derailed.

Workers at a nearby asphalt plant said they heard "a boom which rolled like thunder."

"Then screams of anguish filled the air, while we rushed to the scene," one worker said.

During the first hour after the crash 20 seriously injured passengers were rushed to hospitals.

"Everything is chaos out there," said a police spokesman. "Many passengers are still trapped in the wreckage."

## Korean Ambush Kills Three GIs

SEOUL (AP) — Three American soldiers were killed and about 15 others were wounded today in a North Korean ambush on Korea's western front, the U.S. 8th Army reported. At least one South Korean soldier also was wounded.

The victims of the Communist attack were riding in a truck in the U.S. 2nd Infantry Division area about 35 miles north of Seoul. The Communists hit the truck with grenades and opened fire from concealed positions with automatic weapons, the Army said.

### FIRE EXCHANGE

Soldiers on the truck immediately returned fire and reinforcements were rushed to the scene to engage the attackers. However, Communist casualties were not known, the Army said.

The casualties were members of the U.S. 7th Infantry Division who were working in the 2nd Division area, the Army reported.

The attack took place north of the Imjin River along the western portion of the Korean demilitarized zone, an Army spokesman said.

No other details were available.

### SCOUT DOG DIES

Another American was seriously wounded and his scout dog killed in another North Korean attack earlier today in the 2nd Division sector, the spokesman said. He said an American patrol about 500 yards south of the demilitarized zone was fired on by four or five North Koreans who were about 200 yards north of them.

The distance between the two attacks was not announced. The 2nd Division guards 18½ miles of the 151-mile armistice line in the vicinity of the Panmunjon armistice village.

The attacks were the first major border incidents in the American sector since three Americans were killed July 16 when their position just below the demilitarized zone was overrun by a group of about 10 North Koreans. Fifteen Americans have been killed in five major border clashes reported in the American sector since last November.

## Pilot Says Negroes Oppose Extremists

DA NANG, Vietnam (AP)—To a Black Power leader who says Negroes are ready to fight at home but not in Vietnam, a Negro colonel replies that thousands of Negroes are fighting here "and when we go home we'll have to live down the trouble he and other idiots like him have built."

The majority of American Negroes oppose the extremists of their race, said Col. David James Jr., 47, of Pensacola, Fla., a pilot with 56 combat missions over North Vietnam. "But we must speak out firmly against them and violence."

### 'JUST STUPID'

"Before, when the Negroes were on the receiving end of the mob, many whites were opposed but they didn't raise their voices to stop it. Now, we're doing the same thing."

"This thing got to me, the lawlessness—rioting," James declared in an interview. "Men like Stokely Carmichael acting

as if they speak for the Negro people. They don't, and they've set civil rights back 100 years."

"Carmichael says he will fight with guns. Well, who has the guns? You can't physically outpower the majority and if you could it would be wrong—it is just stupid."

Carmichael, former head of the Student Nonviolent Coordinating Committee, was quoted by a Cuban magazine Wednesday as saying that "if the people in the United States had been armed, they would have taken good care of (President) Johnson."

### FREE COUNTRY

"I like the idea of having the people armed, but this is possible only in a free country where total freedom has been attained," Carmichael said in Havana. "I'm attending a meeting of Latin American revolutionaries and I helped write a resolution calling for unity of Latin American guerrilla movements with the Black Power campaign in the United States."

"Black Power—I don't know what that is," said James, the tall, soft-spoken deputy commander of the 8th Tactical Fighter Wing.

## Weekly Newsmen To Gather Here For Annual Parley

Men who represent a major voice in the towns over the western half of the state—the weekly newspaper publishers and editors—will be converging on Big Spring tomorrow for a two-day conclave that mixes business and pleasure.

### OVER 100

Occasion is the 37th annual convention of the West Texas Press Association. Delegates, with wives and children, are expected to number well over 100.

The Ramada Inn will be headquarters for business sessions; and entertainment features include a Saturday luncheon at the Webb Air Force Base Officers Club, and a dinner dance Saturday night at the Cosden Country Club.

The working newspaper group will be headed by Bob Craig, Stamford, president; Fred V. Barbee Jr., Seminole, first vice president; Jack Scott, Cross Plains, second vice president; Mrs. R. F. Mahood, Perryton, secretary; and Neil Vanzant, Seagraves, chairman of the board. Barbee and Mrs. Ma-

hood were expected here this evening to handle preliminaries for the meeting.

Registration is set for Friday morning, with an officers and directors luncheon at 11:30. Arrivals will be welcomed by the C-C Ambassadors.

The convention proper opens Friday afternoon with Craig presiding, the group will hear welcome remarks from Mayor Arnold Marshall and Joe Pickle of The Herald.

Maxie Davie, area development department, Community Public Service Company, Fort Worth, will report on the West Texas Chamber of Commerce "Small Town Task Force," and there will be a discussion of news photography led by Woodfin Camp, chief photographer of the Amarillo Globe-News and Bob Hamilton of Littlefield.

There will be an informal Dutch lunch event at the Ramada Friday evening.

### AWARDS

The convention's annual awards breakfast comes Satur-

day morning, when the WTPA makes various awards for better newspapers. A special community service award, presented by the West Texas Chamber of Commerce, also will be announced.

The program Saturday morning will include reports from the Texas Press Association, by its president, Harold Hudson, and its manager, Vern Sanford. A business session will include reports from various committees: scholarship, membership, auditing, resolutions and nominations; and will be climaxed with election of officers and selection of the 1967 convention site.

### BASE TOUR

Following the luncheon at Webb Saturday, visitors will be given a tour of the base, courtesy of Col. Chester J. Butcher and his staff, and will have free time for golf at local courses or other leisure pursuits.

The convention closes with the Saturday evening dinner-dance.

Big Spring last entertained the WTPA in 1959.

## Bodies Of Two Sisters Found

LOS ANGELES (AP) — The bodies of two young suburban Altadena sisters missing since Wednesday afternoon were found today in a vacant lot in the Watts district of Los Angeles, the sheriff's office reported.

The bodies of Roberta Ann Barili, 6, and Cecelia Renee Barili, 7, were partly nude, said Sgt. Ronald Betkey.

Scars were twisted around the necks, indicating they had been strangled.

The bodies of the Caucasian girls were found in a lot on 109th Street between Hickory and Grape streets not far from the famous Watts Towers.

The area is the scene this week of the second annual Watts Summer Festival, designed to show the cultural and civic improvement since the deadly, damaging riots in the predominantly Negro area two years ago.

It is about 20 miles south of the Altadena home of the girls.

# Crime Kites In America

WASHINGTON (AP) — The nation's crime rate rocketed 48 per cent in the last six years—with violent crimes soaring 11 per cent last year alone—FBI Director J. Edgar Hoover reported today.

In its annual report on U.S. crime, the FBI reported:

—Since 1960, while the nation grew 9 per cent, the volume of crime rose 62 per cent.

—In the past year the per capita crime rate was up 10.2 per cent while the number of crimes rose 11.4 per cent.

## 10,920 HOMICIDES

—The number of serious crimes solved averaged 24 per cent, a drop of 8 per cent below the number solved the previous year. The percentage of crimes solved also dropped 8 per cent over the previous five-year period.

The report estimated that nearly 3.25 million serious crimes were committed in 1966, including an estimated 10,920 homicides. More than \$1.2 billion in property was lost but more than half of this later was recovered.

The report noted that statistical reporting of crimes from lo-

# Houston Nabs Crime Crown

WASHINGTON (AP) — Houston led the state of Texas in murders and other categories of violent crime in 1966, the FBI reported today.

The state's largest city had the most murders, 247, the highest murder rate per 100,000 population, 14.4, and the highest crime rate per 100,000 population, 2,446.1.

Dallas was next with the number of murders, 153, but its rate in both categories was far below Houston's.

The FBI's Uniform Crime Reports, supplying data on the 17 standard metropolitan areas in Texas with population in excess of 100,000, reflected that Texarkana has the lowest crime rate with 964.5.

Other areas with more than 50 homicides were Fort Worth with 82 and San Antonio with 67.

Also posting high crime rates were Galveston - Texas City 2,417.5, Corpus Christi, 2,406.2, Austin 2,286.9, San Antonio 2,188.2, Lubbock 2,121.2, Waco 2,106.3 and Fort Worth 2,070.4.

All other areas in Texas had rates below 2,000 per 100,000 population.

Other high murder rates per 100,000 were Corpus Christi 13.0, Texarkana 12.9, Fort Worth 12.8, Dallas 11.4, Austin 11.3 and Lubbock 10.1. The lowest murder rate was McAllen-Pharr-Edinburg's 3.2.

cal jurisdictions has improved in recent years but it observed that arrest statistics, for example, were submitted by agencies representing only 70 per cent of the U.S. population.

**RAPE ROCKETS**

The report listed as factors affecting crime such conditions as economic status and mores of the population, weather, attitude toward law enforcement problems and "composition of the population with reference particularly to age, sex and race."

Hoover said that during the past year the 11 per cent jump in violent crimes was led by robbery, up 14 per cent; forcible rape, up 10; homicide 11, and aggravated assault 9.

Property crimes also were up 11 per cent, with larceny over \$50 up 10 per cent and automobile theft up 13 per cent.

The report noted that while 54 per cent of those arrested for larceny were under 18, this group accounted for 63 per cent of those booked for auto theft.

**TEENS NAB CARS**

Of all offenses on the FBI's crime index, the report said, "auto theft had, by far, the largest percentage of arrests of persons under 18."

The report also included the latest material on the FBI's "Careers in Crime" study in which the bureau follows the activities of offenders who pass through the federal criminal justice system.

The report said a followup on nearly 18,000 such persons released by the federal system in 1963 showed 55 per cent were rearrested for new crimes within two and a half years.

**REARRESTS**

Specifically, 47 per cent of those released on probation in 1963 were rearrested within 2 1/2 years. Of those paroled, 57 per cent were rearrested and of those released early for good behavior, 67 per cent were rearrested for new offenses within 2 1/2 years.

"A significant statistic was the fact that 83 per cent of those persons acquitted or who had their cases dismissed in 1963 were rearrested for new crimes within 30 months," the report said.

Hoover is a longtime critic of what he views as a lenient attitude taken by the courts toward suspected or convicted offenders.

**Cassius To Lead Parade In Watts**

LOS ANGELES (AP) — Cassius Clay will lead Sunday's second annual Watts summer festival parade as grand marshal.

The dethroned heavyweight champion is appealing a court conviction for refusing military induction.

The festival commemorates the August 1965 rioting in Watts when 54 persons were killed.

**Signs Up Brother**

Sgt. Sandra Jones looks on as her brother, Edward Sidney Jones, 18, is sworn into the Army by Maj. Thomas Nash Jr., in Dallas.

# WAC Watches Brother Sign

The top Women Army Corps counselor in a five-state area is so sold on the Army that she has convinced her brother that the Army is the place for him. Both are originally from Lamesa.

S. Sgt. Sandra Jones, now a WAC counselor at Fort Worth, recently stood by as her 18-year-old brother, Edward Sidney Jones, was sworn into the Army at the Armed Forces Examining and Entrance Station in Dallas.

Jones, who was enlisted by Sgt. I. C. Joe Welch, Big Spring Army Recruiter, will not report for his eight-weeks basic training until Nov. 2, as he signed up under the Army's deferred enlistment program, which allows a delay before reporting for active duty.

For his advanced training, he selected the clerical and administrative option and will begin schooling in this field after completion of basic training.

Sgt. Jones was the leading

# Battle To Oust DA Slows Trial

NEW ORLEANS (AP) — A legal fight to oust Dist. Atty. Jim Garrison as prosecutor has the Dean A. Andrews Jr. perjury trial stymied.

Andrews, 44, a rotund, slanting lawyer charged with lying to a grand jury in Garrison's Kennedy assassination probe, had three witnesses on lap for the Criminal District Court session today.

Judge Frank J. Shea, after making some sharp complaints, agreed Wednesday to give Andrews until Friday at 9 a.m. to locate and subpoena three other witnesses.

**FISHING?**

"I don't want to cut you off on any witnesses," the judge told Andrews, "but you wait until the last minute to file this motion—then expect me to wait while you fish around for witnesses."

Andrews sprang his surprise motion on Garrison at the start of the trial Wednesday, just as Shea was preparing to begin the jury selection process.

**SKIN ITCH**

**DON'T SCRATCH IT! IN 15 MINUTES**

If not pleased, your 46¢ back of any drive counter. ITCH-NE-MOT quits itching in minutes! Kills germs to speed healing. Fine for eczema, insect bites, foot itch. Other surface rashes. NOW at Self's 11th Place Pharmacy.

The former assistant district attorney of Jefferson Parish (county) asked that Garrison be ousted from the case because his interest in it "is in conflict with fair and impartial administration of justice."

**FIRST TRIAL**

The trial—first in Garrison's probe of the assassination of President John F. Kennedy—deals with Garrison's charge that Andrews lied when he said he could not identify Clay Shaw as Clay Bertrand.

Garrison contends that Shaw, 54, a wealthy retired New Orleans businessman, used Clay Bertrand as an alias while engaged in a conspiracy here to kill Kennedy.

Kennedy was assassinated in Dallas Nov. 22, 1963. Shaw is charged with conspiracy to murder him. No trial date has been set.

# Oil Refinery Plans Delayed

NEW YORK (AP) — Cities Service Co. says it will be several days before a full appraisal can be made on the damage from explosions and fires Tuesday at its Lake Charles Oil refinery.

No decision has been reached on resumption of refining operations although it may begin as early as next week, the company said today.

Preliminary surveys indicate damage in the disaster was restricted to a relatively small part of the facility.

Cities Service said it "does not foresee any major difficulty in meeting its customer requirements for petroleum products and petrochemicals as a result of fire damage."

# Full Effects Of City Riots Not Yet Felt

By JOHN CUNIFF  
AP Business News Analyst

NEW YORK (AP) — The full effects of the 1967 urban riots have not yet been felt by the American economy, nor will they be felt for many months—or even years from now.

In fact, the riots have barely been reflected in any of the statistics maintained by economists and government officials. And the full impact will not be revealed by statistics anyway.

**BIG IMPACT**

When the nation attempts to remedy the causes of these riots it will mean a more powerful public sector of the economy and therefore a relatively smaller private sector. This may be the major impact.

The public sector, which includes federal, state and local governments, already is growing at a swifter pace than the private or business sector. One reason, of course, is the cost of the Vietnam war.

**HISTORY SAYS NO**

When the war ends, will this gap be filled by the private sector? History says no; seldom is all the power acquired in war relinquished in peace.

But there are more important factors to consider than history; while history is an examination of the past, the real story of the nature of the American economy lies in plans now being made by the public sector.

Among the problems that increasingly will occupy public officials are pollution control, transportation, slum clearance, health and education. The huge measure of these problems seems to demand government aid.

**MORE MONEY**

Add to this the emotional, social and political consequences of the recent riots and it seems inevitable that more federal, state and local government money will be spent in search of solutions and improvements.

An indication of this was provided this week when Vice President Hubert H. Humphrey called for "a Marshall Plan for the impoverished areas of America." To carry out such a plan would mean government money and involvement.

The fact that Humphrey's statement was not supported by funds does not dispel the possibility that these thoughts might some day become true. All plans have a conception and gestation before birth.

Even now government purchases of goods and services have been rising each quarter without exception for at least three years.

**RISING FIGURES**

In the second quarter of 1964, for example, the total of government purchases was at an annual rate of \$129.2 billion. This had risen to \$133.9 billion by the second quarter of 1965, to \$151.2 billion a year later and to \$175.2 billion in 1967.

Not all of this was federal spending, of course. In fact, some recent statistics tend to show that the state and local governments are growing even faster in some ways.

Stripped naked, however, the one thing these figures indicate is a greater involvement of government in our lives—for better or worse.

The ingredients were fermenting for a long time. The riots, and the focus they have given to urban problems, have now been added to the recipe.

## Sergeant Major To Leave Webb

M. Sgt. Luigi J. Massotti, who has served as base sergeant major since Jan. 23, leaves Webb AFB Monday for a new assignment with the 49th Tactical Fighter Wing at Spangdahlem AB, Germany.

He came to Webb in July, 1964, and until his assignment as sergeant major, served as administrative superintendent to the chief of maintenance. Drafted into the U.S. Army in 1945, Sgt. Massotti was assigned to the Signal Corps. In 1948 he took his discharge from the Army and enlisted in the Air Force.

## Auto Accidents Kill Two Women

FORT WORTH (AP) — Two young Fort Worth women died in separate auto accidents shortly after midnight Wednesday.

One crash killed Mrs. Melinda Justice, 21. Her car struck a signpost as she was turning off Dallas-Fort Worth turnpike to Interstate 35.

Dorothy Young, 19, suffered fatal injuries in an automobile which hit a parked vehicle in East Fort Worth. Two of her four companions were reported in fair condition. The others were treated and dismissed.

# Science And You

## Plowshares And Harps

—By DR. LEONARD REIFFEL

Arms control is causing a good deal of trouble for some research projects.

There is little question in the minds of most people about the great desirability of international arms control agreements. We have succeeded in getting signed agreements in certain areas—prohibiting atmospheric nuclear explosions, for example. It is worth observing that even these limited agreements are causing some unintentional, but nevertheless serious, problems in several research programs that have essentially nothing whatever to do with military research and development.

The projects go by very interesting names, such as Plowshare and Harp. Plowshare is specifically designed to figure out ways in which nuclear explosions can be used for peaceful purposes, such as excavating canals or opening up oil fields. The basic problem is that sometimes it's very difficult, if not impossible, to tell a peaceful nuclear explosion from one of war-like intent. How is a potential enemy to know that you're only trying to dig a harbor and not, at the same time, developing a new and higher efficiency small nuclear weapon? As a result, the Plowshare program, into which the United States has put quite a few millions of dollars, runs right into the international arms control agreements.

A second and less obvious impact of arms control negotiations has apparently involved Project Harp. Project Harp is a fascinating idea—it uses surplus naval guns to fire satellites into orbit. That is, instead of using large rockets to boost unmanned payloads into orbit for scientific measurement purposes, you use a 5-inch to a 16-inch gun to shoot the payload high into the sky. At the top of the payload's arc a small onboard rocket is fired. This prevents the payload from coming back down and puts it into orbit around the Earth. This technique could provide a method of putting small satellites, weighing say up to 100 pounds into orbit without paying the very large bills associated with booster rockets.

Just at the time when the Harp system was beginning to look really promising, various campaigns for further international agreements on arms control began to heat up. It has been suggested that this is the reason the people deciding on the financial support to be given Harp elected not to go ahead. Things are seldom quite that simple in the complex world of government-supported research and development programs, but it is possible that Harp was killed by arms control pressure.

The key point, of course, is that a Harp system designed to hurt satellites into orbit at low cost might also be used, at least in principle, for very long range bombardments with small nuclear weapons.

I guess, in the big picture, one has to say that while these are interesting and desirable projects they have to take a back seat to arms control, which is infinitely more important. The question is whether arms control is really brought closer by avoiding such programs.

# Negroes Plan 10-Day Walk

BOGALUSA, La. (AP) — A group of Negroes plan to set out today on a 10-day walk to Baton Rouge but Gov. John McKeithen says he doubts that "the march will materialize."

"I found out that most of that stuff that comes out of Bogalusa is hot air," McKeithen told a Shreveport news conference Wednesday night.

Earlier, the Bogalusa Civic and Voters League had announced in New Orleans plans for the 105-mile march to the state Capitol at Baton Rouge.

A. Z. Young, president of the league, said 25 to 50 "black citizens" would take part in the march and a massive rally would be held at the 34-story Capitol on Aug. 20.

Murphy Bell, Baton Rouge Negro attorney, said H. Rap Brown, head of the Student Non-Violent Coordinating Committee, will be the principal speaker at the rally.

McKeithen said Brown, who calls Baton Rouge home, would be jailed if he came to Louisiana.

## Fat Overweight

This amazing slenderizing formula, available with no prescription, can help you become the slim, trim person you want to be! Simply take a small Super Slender-X tablet before each meal and between meals. If you get hungry. As you take Super Slender-X, and cut calories, you are on the way to a more attractive you! And you get none of that "keyed up" nervous feeling you can get with other tablets. 20-day supply, \$2.98; 40-day supply, \$4.98. Now also available, Slender-X Swallow Tablets. Guaranteed by: Mort Denton Pharmacy. Mail orders filled. —Adv.

## Son Of Goldwater To Wed Stewardess

SAUSALITO, Calif. (AP) — Michael Prescott Goldwater, 26, son of 1964 presidential candidate Barry Goldwater, plans to marry Constance Jean Stockert of Sausalito next December.

Goldwater, a resident of nearby Mill Valley, is studying the real estate business. His fiancée, a stewardess for Trans World Airlines, is the daughter of Mr. and Mrs. R. H. Stockert of Shawnee Mission, Kan., a Kansas City suburb.

Big Spring (Texas) Herald, Thurs., Aug. 10, 1967 3-A

## Pink Katydid's Pose Problem

NEW YORK (AP) — Four pink katydids were brought recently to the Museum of Natural History from Peekskill, N.Y. Alice Gray, the museum's entomologist, was asked how rare they are. She replied: "How rare are pink katydids? I really couldn't answer that statistically unless you gave me the number of katydids in the general population. But I've only seen two others in the past 30 years."

# When They Fixed The Old Corners

By ED SYERS

Fort Worth's Texas Surveyors' President H. E. Rennels advises that his organization is contacting Texas counties with an eye to an unusual undertaking. For posterity, these land-liners want to mark permanently the original corners their pioneer predecessors staked to define, map and divide Texas. A kind of salute.

A lot of to-do? Not when you consider that those earliest corners went down usually with a surveyor's one hand on his compass, rod or chain, the other on his Colt. He ranged ahead of Rangers with "the thing," the Indian knew "that stole the land." He'd be out for months

without seeing a man beyond his own party. He was frozen, sunstruck, thirst-parched, starved, shot up from ambush. So he understandably measured in a hurry.

**LEGENDARY BOTTLE**  
That somewhere south of Plainview, there's yet a legendary bottle buried nearly a century now, is just one wry example of difficulties the old timer faced. Three decades ago, veteran O. W. Williams of Fort Stockton recollected how he hunted that bottle in 1878 — object: to fix its corner to help finish Panhandle's survey.

Williams' party went up the old McKenzie trail into empty land, ran into fearful blizzard, hunting the buried bottle in an unchanging treeless expanse now thigh-deep in snow. Alternately the men were pinned in their tents or stumbled out, trying for a buffalo for food. (Their mules had eaten the wagonbox, sideboards, even some tentpoles.)

**NEVER FOUND IT**  
"Many days later," Williams recalled laconically, "the snow had melted so much that we took up our way through slush and mud to search for the buried bottle again. And again without success. We had to connect with another corner of equal significance," ultimately did get back to civilization, leaving Hale County a mapped reality. Fifty-four years later, the pioneer surveyor confessed, "To this good day, I've never seen that buried bottle."

Why, the urgency of that bottle, placed by an earlier surveying party? Just four words on a piece of paper inside: "Center of Hale County." Look at your map, you have to figure somebody in today's Hale County must be living somewhere directly about it.

**OLD ANCHORS**  
Surveyors still describe a "vacancy" as a "strip of land entirely surrounded by old wells"; but most of our bounds are quietly settled now. Yet what classic anchors they so often tied to! And, sure, those early ones who literally ran the first lines should be saluted. So memorialize the old corners. The marker I want to see will go up somewhere, Nacogdoches-way. On it should stand the precise description of one line that surveyors still joke about:

"North, three cigarettes on a burro."  
Write OBT, care of The Herald, or Ingram, Texas 78925. For personal reply, please enclose stamped, addressed envelope.

## Smokey The Bear Originator Dies

SIASCONSET, Mass. (AP) — Frank C. Norris, an original editor of Time magazine, prize-winning novelist and originator of Smokey the Bear, died Tuesday at his summer home on Nantucket Island. He was 60.

He was born in 1907 in Knoxville, Tenn. His winter home was Willowbrook Farm in Millbrook, N.Y.

Cause of death was not given. Norris was graduated from Princeton University in 1929. He joined the staff of Time as a writer and later served as managing editor and as director of the radio program, "March of Time."

He became an editor of Newsweek and left journalism in 1954 for fiction writing. His novel, "Tower in the West," won the Harper Prize in 1958.

Norris originated Smokey the Bear for a campaign against forest fires while working for Time.

## Teenage Brothers Face Flames Quiz

SAN ANTONIO, Tex. (AP) — Two teenage brothers have been taken into custody in connection with a number of fires believed to have been set intentionally in the west part of San Antonio during the past few weeks.

Aron Investigator L. L. Findley said the boys, 13 and 14 years, were questioned about five fires in and around a high school Sunday, a lumber yard fire and a motel blaze.

Findley said the losses in all of the fires amounted to about \$100,000.

## Instructor Wins Medal

Capt. William D. R. Lund, academics instructor, received the Combat Readiness Medal recently in ceremonies at Webb AFB, from Lt. Col. Keith R. McGinnis, commander of the 3561st Student Squadron.

The citation accompanying the award pointed out that Capt. Lund distinguished himself by sustained professional performance as a combat ready aircrew member of the 380th Bomb Squadron, Schilling AFB, Kan., from Feb. 27, 1961, to Feb. 13, 1965, and as a member of the 715th Bomb Squadron, Pease AFB, N. H., from Feb. 13, 1965 to Nov. 30, 1966.

Capt. Lund arrived at Webb for his second tour Feb. 26, 1966. He was assigned to the 3561st Pilot Training Squadron, where he served as an instructor pilot for students in the T-38. He teaches courses in T-38 flight planning, and serves as an IP with T-38 students.

The captain was stationed with the Strategic Air Command, flying B-47s, which service earned him the medal.

## 96-Year-Old Man Faces Murder Rap

NACOGDOCHES, Tex. (AP) — Murder charges were filed Wednesday against a 96-year-old man in-law was shot to death at a residence in the east edge of Nacogdoches.

Named in the charge was George Washington Hyde, who was released on \$1,500 bond after he was arraigned before Justice of the Peace Carl Burrows.

The shooting victim was Joe Basham, who died after he was shot in the chest with a .410 gauge shotgun.

Investigating officers said the shooting came during an argument and struggle.

Police took into custody a 16-year-old boy for questioning.

## North Sea Gas Find Reported

LONDON (AP) — Placid Oil Co., a subsidiary of H. L. Hunt's Dallas oil group, reported Wednesday a major gas find in a new sector of the North Sea.

Placid said the field is located 25 miles northwest of Cromer, off Britain's east coast, at a depth of 7,500 feet in a formation where natural gas in large quantities had not been found before.

A test well flowed at 21 million cubic feet a day with a potential of five times that amount, the company said.

## Shot And Killed

SAN ANTONIO (AP) — Sixto Galindo, 48, was shot and killed at his home in San Antonio. Officers said he had been shot three times in the chest at close range.

Police took into custody a 16-year-old boy for questioning.

## Dallas Budget Maps Pay Hike

DALLAS (AP) — Drafters of a new city budget disclosed Wednesday that it will include provisions for raising the pay of most municipal employees 5.7 per cent.

City manager Scott McDonald told Dallas councilmen the proposed \$113,037,129 operating budget, without requiring additional property taxes, will call for a 6.2 per cent increase in current spending.

It will be filed Tuesday for consideration by the councilmen.

## NEWCOMER GREETING SERVICE Mrs. Joy Fortenberry

An established Newcomer Greeting Service in a field where experience counts for results and satisfaction. Your Hostess. 1207 Lloyd AM 3-2005

If they approve the budget next month, it will go into effect for the fiscal year starting Oct. 1. Pay raises would cost the city an estimated \$2.6 million and a proposal to add 100 men to the police force would require \$1,662,000.

## Re-Enlists On A Flight

Lt. Col. Jack E. Bailey, commander of the 4700th CCTS, re-enlisted Airman I.C. James E. Summerville, missile technician, Friday while flying an F-104B Starfighter on a low level intercept mission 100 miles north of Webb.

Airman Summerville re-enlisted for another four year term. His re-enlistment bonus amounted to \$4,458, which will be received over the next three years. Also, he starts drawing P-2 pro-pay in the amount of \$60 per month.

Prior to coming to Webb, Airman Summerville was stationed with the 38th Tactical Missile Wing, Sembach, Germany. He enlisted in the Air Force Jan. 2, 1964, in Petersburg, Va., and has been stationed at Webb since Dec. 6, 1966. He and his wife have a 19-month-old daughter, Susan Paige, and the family lives at 804 S. Main.

A unique feature of the flying re-enlistment is that Col. Bailey celebrated his 28th anniversary of active service with the Air Force. He entered the Air Force Aug. 4, 1941.

# Talks Between Jordan, Israel Reported Near

By The Associated Press  
Talks between Jordan and Israel were reported in prospect today as Yugoslav President Tito sought to work out a Middle East peace formula with Egyptian President Gamal Abdel Nasser.

Jordan's former development minister, Ismail Hejazi, told a reporter for the Jerusalem Post that Jordan would announce to the coming Arab summit conference its intention of negotiating with Israel.

## CAIRO BOUND

Asked when plans for such talks would be made public, Hejazi replied: "within 10 days, perhaps, Allah willing." Hejazi is known to be close to King Hussein.

Tito, flying to Cairo today, recently received a message from President Johnson. The Yugoslav president was reported to have worked out a plan calling for Israeli withdrawal from Arab territory it conquered in June and the guarantee of Israel's borders as they were before the war by the big powers or the U.N. Security Council.

## PEACE MEDIATOR

Tito generally regarded in Cairo as a "most acceptable peace mediator," and there are abundant indications that his mediation is also favored by Moscow and Washington.

Nasser told an Egyptian rally recently, that Egypt will "not slam the door to a political settlement," indicating that warlike action would be his last resort. But he stressed that the "struggle would continue," and that "we are no less determined than the people of Vietnam."

In Tel Aviv, Defense Minister Moshe Dayan told cheering Is-

raelis at a political rally that Israel should not return to its 1949 armistice borders.

## 235,000 REFUGEES

Dayan stressed that he was giving his personal views, then declared: "We must not allow other countries, acting in their own interest, to force us to return to the old situation. We will not return to the armistice agreements nor to their borders."

Jordanian officials in Amman reported the Israelis had delayed delivery of repatriation forms for Arab refugees who want to return to homes in Israeli-held western Jordan. But Israeli officials in Jerusalem said Israel has delivered 10,000

forms to the Red Cross for distribution.

The number of refugees in Jordan was estimated at 235,000, and authorities in Amman said at least 130,000 were expected to apply to return.

# Top-Secret Space Base City Picked

ADELAIDE, Australia (AP)—Adelaide, the South Australian state capital, has been selected as the base city for a top-secret U.S.-Australian space defense project.

The project, Australia's first move into military space research, is called Mol. It is believed to involve an orbiting laboratory project organized by the U.S. Air Force.

# Rain Soaks Las Vegas

By The Associated Press

Unseasonably cool air covered a large section in the middle of the nation Thursday, while showers and locally heavy thunderstorms soaked areas along the Atlantic and Gulf Coasts.

Temperatures were 5 to 10 degrees below normal from Northern Texas to the Dakotas and

the Great Lakes, with the mercury dropping into the 40s at some Northern points.

Three inches or more of rain drenched Wilmington, Del., Wednesday night, flooding streets, stranding automobiles and forcing evacuation of some residents. Heavy rains also struck Philadelphia and Camden, N.J.

More than an inch of rain was reported at Windsor Locks, Conn.

In Southeastern Arizona, a thunderstorm dropped 1.20 inches of rain on Douglas as

Big Spring (Texas) Herald, Thurs., Aug. 10, 1967 5-A

winds gusted up to 63 miles per hour. The previous night 81 m.p.h. raked the town in another storm.

Scattered thundershowers dotted an area from Arizona and Central Nevada to Colorado and New Mexico.

More than an inch of rain dampened Santa Fe, N.M. Las Vegas, Nev., received almost 2 inches.

Early morning temperatures ranged from 43 at Grand Forks, N.D., to 97 at Needles, Calif.

# Cattle Truck Flip Injuries Fatal

TYLER (AP)—Mary Stovall, 39, of Gilmer died Wednesday at Tyler Medical Center of injuries suffered July 30 when a cattle truck overturned.

The truck burned after the accident near the south edge of Pittsburg on US 271. It was driven by her husband, Bill Stovall, who escaped injury.

# Suave Film Actor Dies

TUTZING, Germany (AP)—Anton Walbrook, tall, suave film and stage actor in Germany and England, died Wednesday from a heart attack. He was 66.

Born Adolf Wohlbrueck in Vienna, he made his original German reputation under that name. After acting in Vienna, Munich and Dresden theaters, he went to Berlin in 1930 and soon became a well-known film actor.

In 1937 he left Nazi Germany for England where he adopted the name Anton Walbrook. He became a British subject in 1947.

His longest stage engagement in London was three years in "Call Me Madam." His movies in London included "The Red Shoes," "Colonel Blimp," "Gaslight" and "Queen Victoria," in which he played the role of Prince Albert.

Following the war he returned to Austria and Germany. His later German-language films had little success, but he remained a popular stage actor.

# Eisenhower Stays In 'Good Spirits'

WASHINGTON (AP)—Walter Reed Army Hospital reported today that former President Dwight D. Eisenhower continues to improve.

The five-star general was flown by helicopter to the hospital from his Gettysburg, Pa., home last Saturday for treatment of a gastrointestinal upset. "Gen. Eisenhower spent another restful night and he is in good spirits and continues to improve," today's brief bulletin said.

There was no word on when the patient may be discharged but doctors have said his stay in the hospital is not expected to be long.

The bidding:  
South West North East  
1♥ 4♠ 5♥ Pass  
Pass Pass

Opening lead: King of ♠  
West's preemptive jump overall of four spades placed considerable pressure upon North. With only 11 high card points and balanced distribution, his raise of partner to five hearts was speculative. He feared, however, that a penalty double of West might net a relatively small profit. Four spades can, in fact, be set only one trick.

West opened the king of spades and continued with the ace which South ruffed. Declarer cashed the ace of hearts to test the trump suit, however, when West showed out—discarding a spade, complications set in.

If all of his high cards lived, South can count only 10 tricks—the spade ruff in his hand, four hearts, two diamonds, and three clubs. In order to uncover an 11th he must elicit a helping hand from the opposition.  
First it was necessary to cash his side winners. A

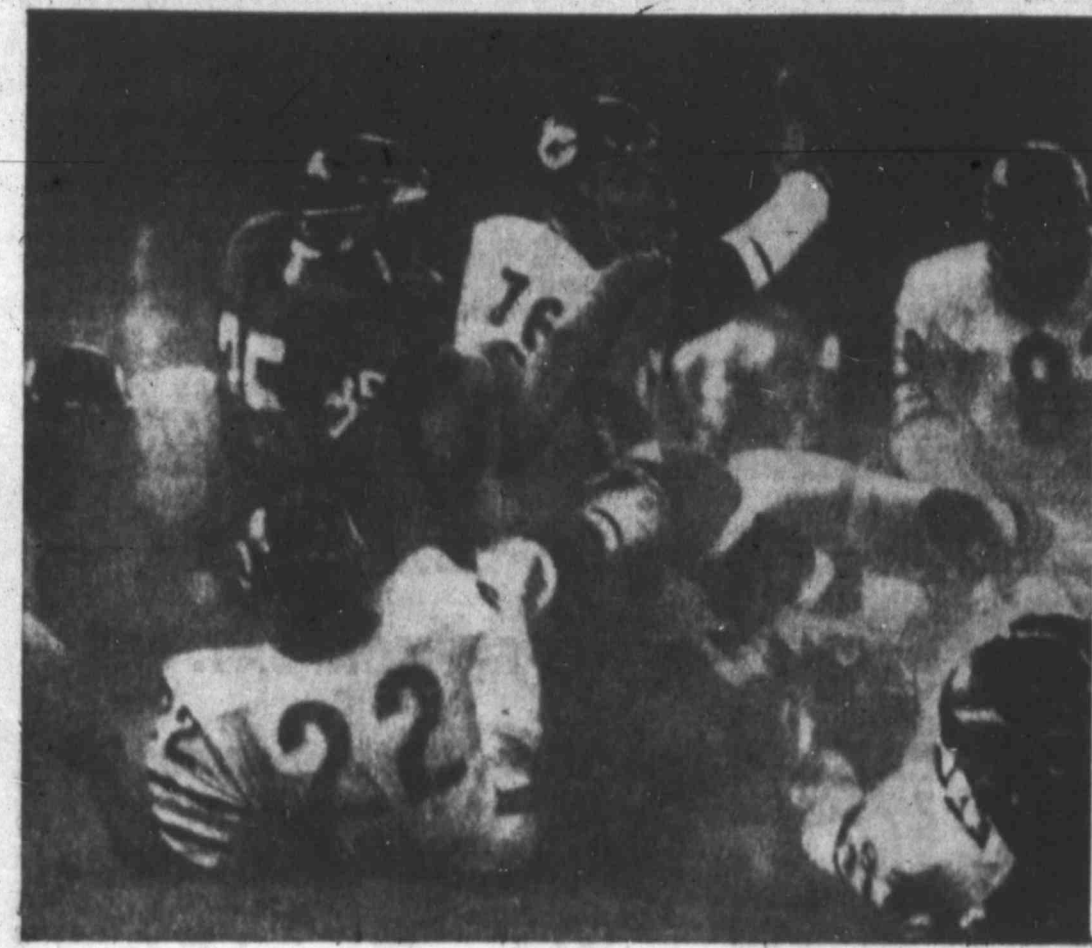

diamond was led to North's king and a small one returned to the ace as East followed suit both times. Next came the three high clubs. On the third round, West discarded a spade which revealed that East held the long card in clubs.

At this point there might be a temptation to ruff out the fourth club, however, this accomplishes nothing inasmuch as South is using up dummy's long trump, which is always a winner in its own right. Declarer wanted East to retain the jack of clubs for with all hands down to five cards, the latter was now left with four hearts and the club.

Declarer exited with a diamond on which West played the queen. East permitted his partner to win the trick, discarding his remaining club. West had only spades left and on the forced return, dummy discarded a diamond and East was obliged to ruff in. Since declarer retained the jack-nine of hearts behind his opponent, he overruffed, cashed his remaining high trump and claimed the last two tricks with North's king-queen of hearts.

When West was put in with the queen of diamonds, East should have ruffed his partner's trick in order to retain the jack of clubs as a safe exit. The return of that card forces dummy to ruff and reduces both the North and South hands to two hearts and one diamond while East retains three trumps. Now, the declarer cannot prevent East from eventually winning another heart trick to defeat the contract.

Pileup

Washington Redskins' Joe Don Looney (35) is upended as he carried for a short gain in fourth quarter of National Football League exhibition match with Chicago Bears in Washington Wednesday night. Identifiable players are Washington's Don Bandy, lower right, and Chicago's Mike Reilly, left, Charlie Brown (22), John Johnson (76) and Terry Oakes (83). Washington won, 37-14. (AP Wirephoto)

# Skins Have Jelled, Says Otto Graham

WASHINGTON (AP) — Coach Otto Graham is usually conservatively optimistic but even he could hardly contain his elation in describing his Washington Redskins' victory over the Chicago Bears.

"We've become a team," said Graham after the Redskins romped 37-14. "Unity. That word covers a lot of territory but the team has the right attitude."

Graham, refusing to single out any particular player, heaped praise on the entire squad Wednesday night after the nationally televised National Football League exhibition game. A sellout crowd of 47,965 was on hand at D.C. Stadium for the opening exhibition by both clubs.

In the visitors' dressing room, Bears' Coach George Halas just shook his head and said: "I can't see how 60 men can make so many mistakes. But we made them."

Both teams used just about every player available. It was the Redskins, however, that seemed closer to midseason form.

Washington scored four touchdowns — two within 18 seconds in the fourth quarter — and three field goals by Charlie Gogolak from distances of 23, 47 and 18 yards.

In the final period, Washington fullback A. D. Whitfield rambled up the middle for an eight-yard touchdown at the three-minute mark. On the first play after the kickoff, Chicago's Andy Livingston fumbled and Washington's defensive back Paul Krause picked up the ball and scooted 26 yards for a touchdown.

Washington got off to an early lead but it was not until the final period that the Redskins broke the game open. In the third quarter, however, quarterback Sonny Jurgensen put the game out of reach when he split end John Burrell on a 15-yard touchdown pass.

The Bears, using a different quarterback each quarter, were unable to muster any offensive drive until Jack Concanon, acquired in the offseason from the Philadelphia Eagles, took the reins. He engineered a drive after the second half kickoff which led to the Bears' first touchdown — a 10-yard run by Gale Sayers.

Elsewhere on the professional football front Wednesday, the Cleveland Browns traded reserve quarterback Archie Roberts to Atlanta for a future draft choice.

Green Bay cut three rookies from its roster, but all were quickly picked up by other NFL clubs. Dwight Hood, linebacker from Baylor, went to Minnesota; Harland Reed, Mississippi State end, was claimed by New Orleans, and Clarence Miles, defensive end from Trinity, Tex., went to Detroit.

Alton Wooley's team was scheduled to meet the Dallas Comptos in a loser's bracket game at 10 a.m. in the American Legion park today.

Bill Ash pitched the victory for Houston over Big Spring, surrendering only three hits to the Indians. Thomas Ham, the loser, yielded only six blows.

In other games Wednesday, American Desk of Temple beat Dallas Compton, 4-3; the Irving Pirates defeated Texas City, 5-0; and Tyler outlasted Andrews, 6-1.

The Dallas-Big Spring game opened today's schedule. In other contests, Texas City faces Andrews at 3 p.m., Temple tries Houston at 5:30 p.m. and Irving has it out with Tyler at 8 p.m.

The tournament will be conducted Saturday night.

# Nicklaus Scorches Tourney Planners

AKRON, Ohio (AP) — National champion Jack Nicklaus, fresh from his victory in the Western Open last weekend, took a swipe at tour scheduling as he prepared for the \$100,000 American Golf Classic opening today.

Although next year's tournament schedule has not been announced, it was learned that Milwaukee has a \$200,000 event on tap the second weekend of July in direct conflict with the honored British Open.

"That's horrible," said Nicklaus, that some pros would pass up the British to play in Milwaukee. "If I play any place, it'll be the British. It's time we grew up and recognized there's golf someplace else than just the United States."

Nicklaus, who is aiming at his first Classic title, isn't the only one complaining about tournament scheduling. Following the PGA in Denver, Arnold Palmer said he would never play in all four major championships if any were scheduled successively.

If Palmer sticks to his word, he'll have to miss either the British Open next year or the PGA, the only major title which has eluded him. The PGA is slated for San Francisco the third week in July, one week following the British.

Nicklaus and Palmer, meanwhile, are among the favorites in this week's Classic, 72 holes of rugged combat over the huge Firestone course which measures 7,180 yards and carries a par of 85-85-70.

High on the list of favorites along with Nicklaus and Palmer is Al Geiberger, who won the 1965 Classic and last year captured the PGA played on the same course.

Top prize for the classic is \$20,000.

# Indians Defeated In State Tourney

ODESSA — The McMahon Indians of Big Spring faced an uphill fight in the State Hi-Junior Teenage Baseball tournament here after losing their opening game to the Houston Northside Astros, 2-1, Wednesday.

Alton Wooley's team was scheduled to meet the Dallas Comptos in a loser's bracket game at 10 a.m. in the American Legion park today.

Bill Ash pitched the victory for Houston over Big Spring, surrendering only three hits to the Indians. Thomas Ham, the loser, yielded only six blows.

In other games Wednesday, American Desk of Temple beat Dallas Compton, 4-3; the Irving Pirates defeated Texas City, 5-0; and Tyler outlasted Andrews, 6-1.

The Dallas-Big Spring game opened today's schedule. In other contests, Texas City faces Andrews at 3 p.m., Temple tries Houston at 5:30 p.m. and Irving has it out with Tyler at 8 p.m.

The tournament will be conducted Saturday night.

# Laver Given Tennis Bye

FORT WORTH (AP) — Professional tennis' former kingpin Pancho Gonzalez faced Butch Buchholz in the feature match today of the \$15,000 Colonial National Invitation Tournament.

Other first round matches sent Pierre Barthes against Fort Worth's Warren McMillan and Barry MacKay against Antonio Palafox.

Top-seeded Rod Laver, the tour's leading money winner, drew a first round bye, as did second seeded Dennis Ralston, the circuit sensation of the tennis croquet.

Fred Stolle, Pancho Segura and Alex Olmedo won opening round matches Wednesday night. Stolle overpowered Tut Barzen 6-2, 6-3. Olmedo trimmed Mal Anderson of Australia 6-3, 3-6, 6-1. Anderson was playing with a broken bone in his foot.

Segura, oldest man on the tour at 46, wore down Mike Davies 6-3, 3-6, 6-1.

# Widener Elected

SARATOGA SPRINGS, N.Y. (AP) — George D. Widener, honorary chairman of the Jockey Club and the New York Racing Association was elected to another term as president of the National Museum of Racing.

# Card Skipper Won't Scream At Players

ST. LOUIS (AP) — With a name like Albert Fred Schoendienst how in the world did the red-haired St. Louis Cardinals' pilot manage to name his four children Colleen, Cathleen, Eileen and Kevin?

"Well," Red laughed, "I let my wife name them."

His wife is the former Mary Eileen O'Reilly.

That's the way Red Schoendienst is. He doesn't push and he doesn't yell, but the job gets done. And he's un-pushing, un-yelling his first-place Cardinals to their second National League pennant in four years.

HE'S GENTLE

"I'm not rough on ballplayers at all; that's not the way I manage," Schoendienst told a clubhouse visitor. "I don't get on anybody in front of everybody."

"If I have anything to say to a player I'll call him into the office. If he threw to the wrong base or missed the cut-off man, I'll talk to him. But they know how to play ball."

"I don't criticize that much," the quiet man added. "It's easy to criticize, but I played this game and I know it isn't all that simple. All I ask of them is just that they hustle and play hard."

"That's why the most important part of managing is knowing your players," he said. "Each man doesn't have the same amount of talent and you have to know the players and what they can do."

Schoendienst was born Feb. 2, 1923, in Germantown, Ill., about 30 miles from St. Louis. In 1942 he and a friend traveled the 30 miles to attend a tryout camp at the old Busch Stadium.

His first season with the Cardinals Red played left field. The next year he began his spectacular career at second base. "My biggest thrill in baseball was when I played (1946) because that's when I played in my first World Series."

HE HAD TB

Red was traded to the New York Giants in 1956 and went to the Milwaukee Braves the next year. He helped the Braves win the National League pennant in 1957 and '58. Then he found out he had tuberculosis.

"I have regular checkups after each season," Red recalled. "It was during those checkups that I found out about it. I hadn't been feeling too good, so I wanted to find out what was wrong."

"I was lucky because they found it early."

"The doctors carved out part of one lung. I was laid up four months in the hospital after that."

Schoendienst was back with the Braves in 1960 and Johnny Keane was hired as manager in July of that year and Red became a coach. He was a part-time player in 1962 and '63, but was a full time coach the next year.

"I was happy as a coach under Johnny Keane and I was perfectly satisfied to remain as a coach," Red said. "But when he left they asked me if I wanted to manage and I said yes."

# Hardy, Cagle Are Named

MIDLAND — Jim Hardy, 36, has been added to the Midland Lee High School football staff.

He comes here after three years at Hobbs N. M. Hardy is a graduate of Oklahoma Central State, where he played center and end.

He coached in his home town at Lindsey, Okla., before moving to Hobbs in 1964.

Hardy will coach the Lee sophomore team, along with John Bradshaw.

MIDLAND — James Cagle has been hired to coach the junior varsity backfield at Midland High School. A graduate of East Central State College at Ada, Okla., Cagle comes here from Coatsota, Okla.

He coached at Allen, Okla., and Dumas and Oilton in Texas before going to Coatsota.

# Lovelace Added To Grid Staff

McCamey — Johnny Lovelace, former quarterback at Texas Tech, will serve as assistant coach under football mentor Bobby Lovelace here. Lovelace came here from Spur, where he has coached two seasons.

Dewain Heath and Royce Thorne are other McCamey assistants. Bobby Pollard recently replaced Jesse Hatfield as head coach of the Badgers.

# Colgary Beaten

WINNIPEG (AP) — The Winnipeg Blue Bombers capitalized on Calgary fumbles and whipped the Stampeders 27-16 Wednesday night in a Canadian Football League game.

# Astros Feel Sting Of Perez Mace

By The Associated Press

A little extra work paid off for Tony Perez but it didn't do much for Philadelphia's corps of groundskeepers.

Perez, who had been having his troubles at the plate recently, tore out of his slump with two home runs and two singles, driving in four runs as Cincinnati ripped Houston 7-3 Wednesday.

The Philadelphia groundskeepers, caught with their tar-

# LANCASTER, MAXWELL START FOR WEST IN ALL-STAR GO

MIDLAND — Oren Lancaster and Lynn Maxwell of Sands and Don Nunnally of Borden County (Gail) will be starters for the West All-Stars in their basketball game against the East in tonight's game at Midland Lee High School, one of the features of the Texas Six and Eight Man Coaching school.

Tipoff time is 8 o'clock. Admission price will be \$1.50 for adults and \$1 for students.

Jack Aldredge of Gail coaches the West. Other starters for the West include Scott Beaver of Talpa-Centennial, a 6-2 boy who will play the post position, and Larry Flow of Old Glory.

Starters for Don Sloan's East club will probably be 6-7 Leon Jenkins, Class B all-state player from Trinidad; Johnny Isenhower, 6-4, Putnam; Tommy Robertson, Llagleville; Ronnie Wilson, Vernon Northside; and Archer Murphy, Morgan.

The school's all-star six-man football game takes place Friday night while the all-star eight-man game is scheduled Saturday night.

The annual clinic has attracted about 100 coaches from all over Texas.

# Sens Refuse To Give Up

By The Associated Press

You can try the patience of the Washington Senators for just so long—say 19 innings—and then they react.

The Senators lost to Baltimore 7-5 in 19 innings June 4. Eight days later, they hooked up with Chicago in the longest night in major league history in both innings (22) and time (six hours, 38 minutes) and won 6-5.

Then Wednesday, they got caught up in the second longest night game and won again, 9-7 over Minnesota in 20 innings.

"I'm getting used to it," was the joking reaction of Washington catcher Paul Casanova, who played every inning of all three marathon games, and won the 22-inning affair with a bases-loaded single.

"You never get used to them," said a happy, but somewhat more serious Gil Hodges, the Senators' manager.

"When you blow a seven-run lead with two out, something is wrong," said unhappy Minnesota Manager Cal Erner.

What was wrong were four straight singles and a homer. They came with two on and two out in the seventh inning and produced seven runs to tie the game.

Elsewhere in the American League, Detroit topped first-place Chicago 4-2, Boston whipped Kansas City 5-1, California blanked New York 7-0 and Cleveland edged Baltimore 4-3.

Washington's Ken McMullen hit his 14th homer to give the Senators an 8-7 lead in the top of the 20th.

Detroit moved into third place ahead of Minnesota and just two games out by beating Chicago on Earl Wilson's five-hitter and the bat of Al Kaline.

Kaline supported Wilson, 15-9, with his 19th homer and a sacrifice fly. Detroit clinched it with two runs in the sixth on a sacrifice fly and an error.

Jim Lonborg flew in from Atlanta, where he is serving two weeks with the Army Reserve, to beat Kansas City and become the major league's first 16-game winner. He has lost five.

Jerry Adair drove in three runs for Boston, which replaced Minnesota in second place, 1 1/2 games behind Chicago, and relief pitcher Sparky Lyle helped out Lonborg in the eighth when Kansas City scored its run.

Veteran left-hander Curt Simmons, purchased by California from the Chicago Cubs last Sunday, made his AL debut by scattering 10 Yankee hits and being tough in the clutch.

Jose Cardenal drove in three California runs.

Cleveland got its four runs in the fifth, two on a homer by Vic Davallito and Sam McDowell, 10-9, and Sonny Siebert made them stand up against Baltimore.

# Texas May Be Overrated, Says Steer Publicist

(Editor's Note: This is the second in a series of articles on Texas Tech's football prospects. The Red Raiders meet the University of Texas Longhorns at Austin on Sept. 26.)

By JONES RAMSEY  
Sports Information Director,  
University of Texas

AUSTIN — The national football magazines, and others not really familiar with the picture, probably will have a tendency to overrate the 1967 Longhorns. Those observers will remember only the UT "plusses"—the fine 1966 finish and a goodly number of returning lettermen—while forgetting Texas' problem areas.

And the Longhorns have major problems—three of them. Failure to solve any one of the three could prove fatal.

The major problem is a lack of proven interior linemen, especially on offense. Graduation riddled a good-blocking forward wall.

Almost as critical is the discovery of a kicking specialist to replace the departed David Conway, who established school and conference records for most points by kicking and most field goals. Conway also was a thoroughly consistent kickoff man.

And the third problem is line-backer, where inexperienced players will have to replace the departed Fred Edwards, a U-berish key to Longhorn defensive successes the past three seasons.

Texas does have strong points, including the return of Chris Gilbert, who set a rushing rec-

CURT SIMMONS

ord as a sophomore, and—hopefully—a sound Bill Bradley at quarterback. Good defensive ends also are a "credit" on the Texas balance sheet.

Although 22 (of 42) lettermen return, several logged little playing time in 1966, and then only through necessity—as last year's Longhorns were riddled with injuries. Twenty-four sophomores were listed among UT's top 44 at the middle of the spring training period.

Reeves Is Given Eye Examination

THOUSAND OAKS, Calif. (AP) — Dallas Cowboys' half-back Dan Reeves is undergoing eye examinations to determine whether or not he'll play in the club's opening exhibition game Saturday against the Los Angeles Rams.

Reeves, the sixth leading runner in the National Football League last season, was sprained in the right eye during a scrimmage last week.

Although he rested with blinkers on and doctors said the injury was not serious, coach Tom Landry said he wanted to take all precautions.

If Reeves can't start, Les Shy, a second-year man from San Diego State, probably will take his place. Also seeing action at left halfback will be rookie Craig Baynam, a 9.6-second sprinter from Georgia Tech.

# Tom Hyde Is New Coach Of Tribe

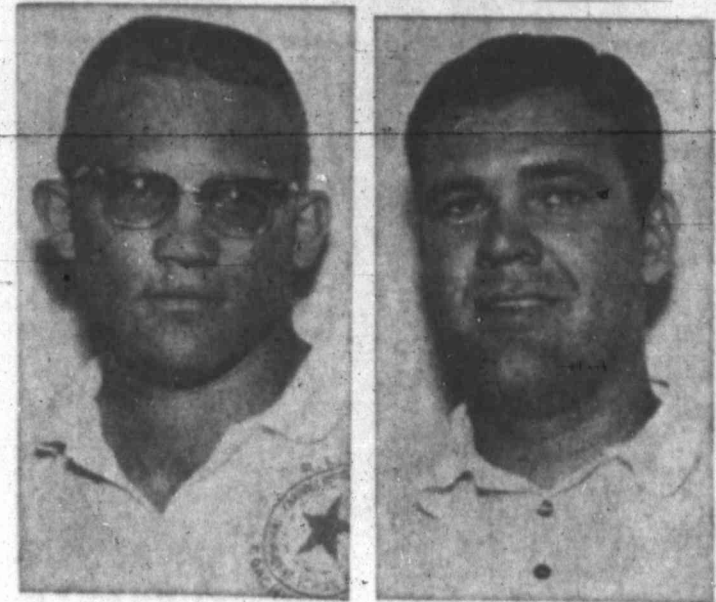

PAINT ROCK — Tom Hyde has been named to succeed Mike Harris as coach of the Paint Rock Indians, who field a six-man team.

Harris quit several months ago to become associated with the Big Spring YMCA.

**New Coaches Here**

Joe Crousen (left) and Kirby Pugh are new to the Big Spring High School coaching staff. Crousen, former Breckenridge grid great, comes here from Carrollton Turner and will head up the defense. Pugh is the new head basketball coach of the Steers and will work with football until Oct. 15. The former Abilene cage great quit as cage mentor at Brownfield to take the post here. (Photos by Frank Brandon)

## Redskins Look For Scalps

CARLISLE, Pa. (AP) — Otto Graham thinks his Washington Redskins came off age last season in a losing game with Laflin and now have developed the winning attitude. "We lost the game to Dallas in the last 15 seconds," said the coach-general manager of the Redskins. "But the boys proved to themselves that they could beat any team if they played good football. We did beat Dallas the next time around and now they think they have a chance to go all the way."

The Redskins will play in the Capitol Division of the National Football League with Philadelphia, Dallas and New Orleans. Graham is sky high on Sonny Jurgensen, his quarterback. "I wouldn't trade Sonny for Bart Starr or Johnny Unitas," said the man who still ranks as one of the great quarterbacks of all time. "Sonny works at the job. He has a fine attitude and studies the defenses."

Jurgensen had a sensational year in 1966 with 28 touchdown passes and league leading total of 254 completions and 3,209 yards. The moving of Charley Taylor from running back to split end gave Sonny a fine target. Charley led the league with 72 receptions. Bobby Mitchell at

### On Six Winners

ATLANTIC CITY, N.J. (AP) — Jockey Jacinto Vasquez rode six straight winners at the Atlantic City race track Wednesday.

## LOOKING 'EM OVER

With Tommy Hart

John Dromo, new basketball coach at the University of Louisville, has cause to remember the time he formally accepted the cloak of office from his predecessor, Peck Hickman — who stepped out to concentrate on his duties as the school's athletic director. Hickman rummaged around in his desk after Dromo paid him a courtesy call and speared two items which he passed along to Dromo — a copy of the Cardinals' 1967-68 schedule and a bottle of aspirin tablets.

Pennsylvania football buffs were stung to the quick last year when Texas walloped their all-stars in the Big 33 game at Hershey, Pa. For that reason, officials in the Quaker State have exercised great caution in picking their team for this year's contest, which takes place Saturday night in Hershey. The Pennsylvania people invited a group of 48 boys to camp and from that gathering are taking the 33 boys who made the best impression on the coaches. The squad was culled following a scrimmage held last Sunday, which the public was invited to see at a cost of \$1 per head. Dick Lynch and Benny Friedman, the former New York Giant stars, are handling the Pennsylvania club. Make of it what you will but the Big 33 game has eclipsed the Texas Coaches Association all-star game in interest with the fans. Texas grid aficionados insist the best high school football in the nation is played within the borders of the Lone Star State and they like for people in other sections of the land to be refreshed on the point from time to time.

Tommy Gentry, the former SMU football player and son of the one-time Big Spring High School principal, George Gentry, is now associated with the South Coast Life Insurance Co., in Austin.

The New York Jets of the AFL have more Texans on their playing roster (12) than do the Dallas Cowboys of the NFL (7). The Texans with New York include Don Maynard, Mike Taliaferro, Bake Turner, Curly Johnson, Carl McAdams, Gene Bledsoe, Winston Hill, John Elliott, George Sauer, Pete Lammons and Dee Mackey.

Notre Dame can field a defensive line this fall which averages 254 pounds per man. Green Bay's primary averages 'only' 249.

I look for Odessa Permian's Gene Mayfield to move into college coaching ranks after this year.

Phillip Parker, a new football coaching assistant at Coahoma High School, is the brother-in-law of Joe Means, head mentor at Odessa High School.

Bernie Hagins, Coahoma's head coach, says Michigan's Tony Mason was one of the finest lecturers he's ever heard at the Texas Coaches Association's annual clinic.

Joe Frazier is probably the best of the pretenders to the heavyweight boxing, now that Cassius Clay has been banished. Frazier, however, suffered some loss of prestige recently when Scrapiron Johnson went the distance with him in a 16-rounder. Some observers insist Scrapiron would have won, had he been able to punch.

Johnson is the fellow who fought in Martin County's Melton McMorris' stable before he pulled stakes for California. McMorris says he may be able to hook Levelland's Roy Rogers into a Los Angeles ring in the near future.

## Game Is Advanced To October 27

BROWNWOOD — Howard Payne College and East Texas State University will play their Lone Star Conference football tilt here Oct. 27 instead of Oct. 28 as originally slated, according to athletic director Glen Whittis.

ETSU is the defending LSC champion, and Howard Payne, with 28 of 30 lettermen returning, is expected to make its strongest bid for the championship in several years.

# Schmidt Preaches 'Pride'

BLOOMFIELD HILLS, Mich. (AP) — Joe Schmidt, one of the boys for years, is the ringmaster of Detroit's campaign to "Bring Back the Roar" to the Lions. By installing the veteran linebacker as head coach the management hopes to restore some of the oldtime pride and spirit to the once-mighty Lions. Schmidt is faced with the formidable task of being the boss of the men he formerly played with. The morale in camp seems to be higher than it has been in years. One of Schmidt's problems is to pick a quarterback. Some time between now and that Sept. 17 opening game at Green Bay, he must choose between Milt Plum, the veteran who was knocked out of action in mid-season last year with a knee injury that required surgery, and Karl Sweetan, the kid from the semipro who had an impressive rookie year.

It is too early to pick No. 1 but in the same backfield. The holdovers are Tom Nowatzke at fullback and Ames Marsh at halfback with Tom Watkins, coming back after knee surgery, behind Marsh. Any visitor to the Lions' camp at Cranbrook School has to be impressed by the flock of fine receivers. Gail Cogdill appears to be making all the moves again at split end, Pat Studstill at flanker and Ron Kramer at tight end.

are proven performers. Bill Malinchak is ready to move up if anybody falters and Jim Gibbons is back after undergoing knee surgery. As in many pro camps, there is concern about the offensive line, a commodity in which there is a great shortage. The retirement of J.D. Smith and Daryl Sanders (who may change his mind) left big gaps at tackle. Charlie Bradshaw, acquired from New Orleans after he changed his mind about retiring, will play one side and probably Roger Shoals on the other.

Held In Policeman's Slaying

Detective Victor Wright and Sergeant Adolph Hynek accompany Arthur C. Murray, Indiana State Penitentiary escapee, into Lincoln, Neb., Police Station for questioning in connection with early Thursday morning slaying of police detective Paul Whitehead.

Whitehead and his partner on the night shift, Detective Paul Merritt, had stopped the car Murray and two other escapees from Indiana were in for a routine check. (AP WIRE- PHOTO)

### Hepatitis Cases Here

Five cases of infectious hepatitis reported in Big Spring during the last week are reported under control by Mrs. Elizabeth Puckett, county health nurse. "All five cases were in the same family, one which lives in a very remote section of the county, thereby lessening to a great extent any other contacts," said Mrs. Puckett. Of the five cases, two patients are still hospitalized and the other three have been released after responding satisfactorily to treatment. Two others in the same family—which numbers 11 children plus the parents—had hepatitis recently, one two months ago and the other two weeks ago, according to Mrs. Puckett. She said 28 immunizations had been given to immediate members of the family and friends. Dr. T. E. Dodd, representing the state health department, spent Tuesday in Big Spring investigating the cases. A report is expected within the next few days.

### Andrews Crash Blame Disclosed

WASHINGTON (AP)—Failure of the pilot, Bill Flanary, to maintain flying speed was blamed Wednesday for the July 10, 1966, airplane crash at Andrews, Tex., which killed five persons. Witnesses to the 1966 crash said the plane pulled up, then slipped off to the left and crashed about 50 feet off the edge of the runway at Andrews Airport. Killed were Flanary, 36; John C. Miller, 22; Robert Vaughn Dillard, 22; Dillard's stepson, Glenn Rhodes, 3, and Charles L. Wilson, 21.

### DEATHS

#### Lucas Lujan, Friday Rites

Services for Lucas Lujan, 75, will be at 10 a.m. Friday at the Sacred Heart Catholic Church, with the Rev. James Delaney officiating. Interment will be in Trinity Memorial Park. Mr. Lujan died Sunday in San Jose, Calif., while visiting relatives. His body arrived in Big Spring early today.

### Alert Tests Announced

Alert and warning signals used in cases of emergency or possible enemy attack will be tested the last Saturday of every third month beginning Sept. 30, according to W. D. Berry, director of the Big Spring-Howard County Department of Civil Defense. "The tests will begin at 12 noon and consist of a siren wailing tone and short blasts of horn whistles for three to five minutes," said Berry. Webb Air Force Base will be included in the tests. Berry said the use of the attack warning signal is standard throughout the country and is used in case of attack only. The attention or alert signal—steady blasts of sirens and horns for three to five minutes—may be used during peacetime for emergencies other than attack warning, such as tornado disasters.

## Mayor Makes 'Instant Parks'

NORTH LITTLE ROCK, Ark. (AP)—Mayor William F. Laman has applied today's trend of instant goods and materials to parks and playgrounds. Laman ordered city crews into an all-Negro section of this city of 65,000 recently after residents complained about weedy, filled lots harboring mosquitoes. Within 48 hours three new parks were added to the city's park system and two more are in the making. Laman said the instant parks were not designed to head off racial unrest. He said, however, they prove that city officials are aware of problems and will act to correct them.

"I got curious as to why so many calls were coming in from people in the area complaining about the lots and mosquitoes," Laman said. "I drove through the area and saw families sitting outside trying to keep cool. They were burning fires in smudge pots and fanning and slapping at mosquitoes. Laman said that when city crews began cutting weeds "we found the lots had been used as a personal dumping ground. Our work crews found all sorts of junk—automobile parts, old refrigerators and broken beer, whisky and wine bottles."

He said that after getting the debris and weeds moved, it occurred to him to install playground equipment and create parks. The mayor said he did not confer with lot owners—some of them have not been located—but has received no criticism. He has promised to return the property to the owners when they ask for it. When the first parks were completed, Laman told residents of the area by loudspeaker that city trucks would be by to pick up trash. "I gave the people a chance to clean up and do something for themselves," Laman said. "We hauled off trash in that area for three days and some of them even began to paint their houses."

### Stock Mart Nears Peak

NEW YORK (AP)—The stock market moved toward another high for the year in active trading early this afternoon. It was the third of four abbreviated sessions scheduled by the exchanges to allow brokerage houses to catch up with a jam of back office paper work which has clogged their business. The Dow Jones industrial average at noon was up 1.45 at 928.17, topping the 1967 closing high reached Wednesday.

Volume was at a slightly slower pace than Wednesday when it soared to 16.1 million shares—above the average even for the full, 5½-hour session—while this was only a four-hour trading day. Reports were that the major exchanges were considering extending the shortened trading sessions into next week. Steels did well and selected blue chips led the advance. The Associated Press average of 60 stocks at noon was up 3 at 342.3 with industrials up 5, rails off 5 and utilities off 4. The big sensation was news that Ling-Temco-Vought made a tender offer of \$45 a share for the stock of Allis-Chalmers which closed Wednesday at 33 as the most-active stock. Allis-Chalmers, which has been very active lately and, in most sessions, advancing in price, was delayed in opening due to a crush of orders. LTV, halted briefly in trading, reopened at 157, up 3½ on 6,000 shares and then stretched its gain to nearly 8 points. Fractional gains were made by U.S. Steel, Bethlehem, Republic and other top steel producers. General Motors was up a full point in active dealings. Xerox rebounded 4 points. Curtiss Wright gained more than a point. Prices were generally higher on the American Stock Exchange.

#### B. E. Haston, Retired Mechanic

Barton Eugene Haston, 72, died Wednesday afternoon in a local rest home, following several years' illness. Services will be at 3 p.m. Friday in the River-Welch Funeral Chapel, with the Rev. Lee Jones, pastor of Airport Baptist Church, officiating. Interment will be in Trinity Memorial Park. Mr. Haston was born Sept. 18, 1894, in Belton, and he married the former Roxie Wilson, July 5, 1914, in Hillsboro. He had been a resident of Howard County since 1937. He moved away for a time but returned in 1959 to make Howard County his permanent residence. He was a retired auto mechanic and a member of the Airport Baptist Church. Mr. Haston is survived by his wife, Mrs. Roxie Haston, Big Spring; one son, Gene Haston, Big Spring; two daughters, Mrs. O. H. Bailey, Big Spring, Mrs. W. M. Richardson, Tucson, Ariz.; one sister, Mrs. Lillie Graham, Stanton; one brother, Bert Haston, this; six grandchildren and two great-grandchildren; several nieces and nephews. Mr. and Mrs. Marvin Cooper left early today, to attend the funeral of his mother, Mrs. Gertie Cooper of Waxahachie. She died at 5:30 a.m. today. Services are pending in Waxahachie.

### WEATHER

NORTHWEST TEXAS — Partly cloudy through Friday, widely scattered thunderstorms, mainly in west and north. A little warmer Friday. Low to mid 40s, high Friday 81 to 95. SOUTHWEST TEXAS — Partly cloudy tonight and Friday with late, steady scattered showers. No warm in north in afternoons. Low tonight 64 to 78, high Friday 92 to 102. WEST OF PECOS — Partly cloudy tonight and Friday with late, scattered thunderstorms. Warm in north in afternoons. Low tonight 58 to 74, High Friday 82 to 102. CITY BIG SPRING — MAX MIN Abilene 78 71 Amarillo 76 59 Chicago 76 57 Denver 76 58 Fort Worth 76 58 New York 82 71 San Antonio 76 59 St. Louis 76 59 Sun sets today at 8:58 p.m. Sun rises Friday at 6:48 a.m. Highest temperature this date was 105 in 1952, 1911 and 1962. Lowest temperature this date was 62 in 1922. Maximum rainfall this date was .58 in 1928.

Scattered showers are forecast for central and southern Plains and south Atlantic coast Thursday night. It will be cooler from eastern Texas through Tennessee and Ohio Valleys, Carolinas, and central and northern Atlantic coast states, warmer in parts of the northern and central Plains. ### OIL REPORT

## Sterling Has Deep Wildcat

A Sterling County wildcat is planned to test the Ellenberger section at a depth of 8,200 feet. F. W. Holbrook of Midland No. 1 F. E. David is 2,179

### DAILY DRILLING

BORDEN — H. L. Brown No. 1-A Clayton and Johnson is preparing to acidize with 500 gallons of green hole section between 8,200-8,220 feet. Operator swabbed 48 barrels of fluid in four hours from the well was shut in for 13 hours. Operator swabbed one time and the well kicked off and flowed through an 18-44 choke. Tubing pressure is 145 pounds. Drilling is 60 feet from the north and 1,800 feet from the west lines of section 8-32, T4N, R4P survey, 11 miles southwest of Borden. MIDLAND — J. O'Brien is conditioning the hole of 8,225 feet. Drilling is 40 feet from the south and 1,800 feet from the east lines of section 47-17, H4TC survey, 16 miles northeast of Borden. DAWSON — Collier Diamond C. No. 1 Barron is rigging up to complete. Location is 660 feet from the north and west lines of section 12-20, T4N, R4P survey, 3½ miles southeast of Lamesa. MONROE — No. 1 Baldwin-Sherman, a wildcat, is drilling to 10,848 feet. Location is 1,200 feet from the north and 2,440 feet from the west lines of section 55, D. L. Cunningham survey, 11 miles north of Lamesa. STERLING — Penzoil No. 1 Foster is drilling to 1,170 feet to complete. Location is 933 feet from the north and west lines of section 19W, W. C. Gofferson survey, 10 miles south of Sterling City. Tucker No. 1 E. L. Bailey is drilling to 1,170 feet to complete. Location is 660 feet from the south and 660 feet from the west lines of Moses Herrin survey, 17½ miles southwest of Sterling City.

### Flames Kill Eight Texans

WASHINGTON (AP)—What the Navy called its final list of 134 dead in the Carrier Forrester fire off North Vietnam named eight Texans among the casualties. Texas men listed killed in the July 29 accident included: Aviation Ordnanceman 2. C. Frank C. McNeil Jr., husband of Mrs. Suzanne K. McNeil, 413 Apartment 8, South Walters, Pasadena. Aviation Machinist Mate 3. C. Richard H. Gibson, son of Mr. and Mrs. William H. Gibson, 423 Frost, San Antonio. Aviation Fire Control Technician 3. C. Judson A. Wells Jr., son of Mr. and Mrs. Judson A. Wells, 1020 North Wells, Pampa. Seaman Ray A. Chatelain, son of Mrs. Wilma Chatelain, P.O. Box 128, Tenaha. Parachute Rigger Airman Daniel G. Cavazos, husband of Mrs. Maria H. Cavazos, P.O. Box 548, Gregory. Aviation Electronic Technician Airman George E. Wall, son of Mr. and Mrs. Fred Wall, 700 West Grant St., Dimmitt. Airman Robert B. Cotten, son of Mrs. Winnie L. Murray, 5811 Banting Way, Dallas. Airman Apprentice Ramon Garza, son of Mrs. Louise Garza, 4319 Tone, Bellaire.

### Mayor Raps Newscaster

Huntley, who bought a 300-acre farm here in 1961, described his sojourn as a gentleman farmer as a nightmare of "theft, vandalism and incompetent farm help." The NBC television newscaster told reporters he sold the farm last week to a Princeton, N.J., land development company because of incidents which included a \$100,000 cost. "I didn't know that being a so-called celebrity would make it impossible," he said, referring to his career as a farmer. "They really gave me a working over."

Mayor Franklyn Ford of Delaware Township, which includes Rosemont where the Huntley acreage was located, said that he had no knowledge of any ill feeling toward Huntley. "Everybody in Delaware Township seems to get along in a neighborly way," said the mayor. The small town friendliness was shattered by shotgun pellets and "vicious, vulgar rumors about the private life of my wife and myself."

"It was standard procedure to put 22-caliber bullets through our windows," Huntley said. "We were often away and the house was dark, which only invited this sort of vandalism." The newscaster also claimed that somebody who knew the physical setup of the lot and what gates to open, herded his cattle off the farm on two occasions. They were recovered, he said.

When Brown got the microphone, Kirk offered to shake his hand but Brown brushed it away. "Welcome to Florida," the governor said as he put his hand on Brown's shoulder, but Brown shrugged it away and turned to his talk. "If this hunky wants to campaign, let him pay for it," Brown said. Kirk went into the stands, dividing his time between listening to Brown and talking with Negroes and newsmen.

### Middleton Ranks Fourth

Young Johnnie Middleton, Howard County rodeo rider, is the fourth best junior calf roping in the U.S. in the ranks of high school competitors. He won that position at the recent national High School Rodeo Championship at Elko, Nev. Johnny had won the Texas State High School Calf Roping championship earlier this summer and earned a right to compete in the Elko event. He won a trophy, buckle and several other prizes as a reward for his placing fourth at the national. There were 104 ropers in the calf roping event from 20 western states. He returned home from Elko Wednesday night, just in time to check in today and find out his position in the roping competition Thursday, Friday and Saturday nights at the Howard County Junior Rodeo. Johnny was accompanied by his father and mother, Mr. and Mrs. Harry Middleton, and by his young sister, Candy, on the trip to Elko.

### Weather Forecast

Scattered showers are forecast for central and southern Plains and south Atlantic coast Thursday night. It will be cooler from eastern Texas through Tennessee and Ohio Valleys, Carolinas, and central and northern Atlantic coast states, warmer in parts of the northern and central Plains. ### Stock Mart Nears Peak

NEW YORK (AP)—The stock market moved toward another high for the year in active trading early this afternoon. It was the third of four abbreviated sessions scheduled by the exchanges to allow brokerage houses to catch up with a jam of back office paper work which has clogged their business. The Dow Jones industrial average at noon was up 1.45 at 928.17, topping the 1967 closing high reached Wednesday.

## Governor, 'Rap' Share Microphone

JACKSONVILLE, Fla. (AP)—Black Power advocate H. Rap Brown turned his back Wednesday on Gov. Claude Kirk, who had tried to welcome him to Florida, and walked away from a sheriff, who tried to read him a riot act. Brown told a rally "The streets are yours. Take them whenever you're ready."

### Housekeeper Gains Estate

SAN ANTONIO (AP)—A housekeeper received the bulk of a \$100,000 estate left by a San Antonio man whose will specifically omitted a daughter. J. Paul Ammons, 75, who was in the real estate business, willed most of his estate to Miss Esther Saucedo, 46, his housekeeper for 12 years. Ammons died Wednesday. His will was filed for probate two hours later. Miss Saucedo said she was "shocked" when she learned of the will. "I didn't know anything about it until the will was filed," she said. "I couldn't say anything when they told me. I'm still in a state of shock."

## County Mulls Rural Fire Fighting Plans

Howard County Commissioners Court has discussed several plans to cope with the problem of rural fire control, Lee Porter, county judge, said today, but no decision has been reached. Meantime, he said, the letter to the Big Spring City Commission asking termination of the contract for city fire fighting in rural areas stands. "Since the county cannot get insurance on the fire truck, as long as the title is with the city, and since compensation cannot be provided for firemen operating the truck on rural runs, because the county pays none of their salary," Porter said, "we have no alternative other than to seek some other system of dealing with the rural fire problem."

## Solon Seeks To Silence House Clerks

WASHINGTON (AP)—Rep. Elford Cederberg seeks a halt to political speeches by officials of the House, such as clerks.

Cederberg, a Michigan Republican, raised the point in a speech Wednesday criticizing House Clerk Pat Jennings, a Democrat and former congressman, for making a speech criticizing Gov. George Romney of Michigan and praising President Johnson.

Jennings told the Virginia state AFL-CIO meeting Monday that Romney "panicked" during the recent Detroit riot while Johnson acted under the law. He said Romney should apologize to the President for accusing him of playing politics regarding when federal troops were to be dispatched to the riot scene.

**'WAR ON POVERTY'**  
Cederberg said he hopes "action will be taken to prevent this political oratory by an officer of the House."

In the Senate Wednesday, the antipoverty subcommittee completed tentative approval of major parts of the President's \$2 billion "war on poverty" bill, but there may be Republican amendments.

Chairman Joseph Clark, D-Pa., said the group okayed recommended funds for such key programs as the Job Corps, Neighborhood Youth Corps, Community Action and Small Business Administration.

Johnson asked Congress to give quick approval to \$12.5 million in additional money to finance college loans next year for three million students from middle-income families.

The administration contends the year-old loan program faces difficulty because of the tight money situation.

Education also received attention from a Senate subcommittee which heard several big-city school superintendents declare the need for a big increase in federal aid to education.

In the current fiscal year, \$2.4 billion is authorized for school grants in low income areas, but the President is asking for half that authorization, or \$1.2 billion, in the new budget.

**JUVENILE FUNDS**  
Spokesmen for the National Education Association backed the superintendents.

Other developments:  
—The House Education and Labor Committee approved a \$25 million program to help halt the increasing rate of juvenile crime by building more training, diagnostic and detention centers.

First Gift To United Fund

First gift to come to the United Fund for 1967 was a check for \$100, contributed by the 7-Eleven Stores in Big Spring. Tom Passmore (left), manager of the local 7-Eleven group, tenders the gift to Harold Davis, UF campaign chairman for this year. The gift came about when 7-Eleven set aside a percentage of a day's sales during its recent 40th anniversary observance.

## Four Damage Suits Filed

Four damage suits, in which a combined total of \$80,370 is asked, were filed in the 118th District Court Wednesday. The suits arise from two separate motor-car collisions of last spring.

Linda Fredenburg is the plaintiff in one suit against M. L. Beard and his son, David Beard, in which \$35,300 is asked. A second suit against the two Beards

## Memorial Gifts

Bill Read, of the Coahoma State Bank, has been appointed memorial gifts chairman for the Coahoma Heart Association. Gifts will be acknowledged. The donor will receive an official receipt for tax exemption purposes.

is brought by Jake Roberts and Sharon Roberts. They ask \$25,170.

Their petitions allege that on May 20, a car owned by the elder Beard and driven by David Beard, collided with a car in which Linda Fredenburg was the driver and Sharon Roberts a passenger. The mishap occurred at Kentucky Way and Birdwell, the petitions allege, and the plaintiffs charge that young Beard was being pursued by a police car at the time.

The two other suits result from a rear-end collision at a stop light at Fifteenth and South Gregg on April 29. Pete Paradez, suing for his daughter, Nel Paradez, asks \$7,500 of Roy Allen Phillips. He alleges that his daughter was passenger in a car driven by Manuel Olague Jr., and that while that car was stopped it was hit from the rear by one driven by Phillips.

The second suit is for \$9,700 and is brought by Manuel Olague Sr. for his son, Manuel Jr. The petition recites the same details as in the Paradez case.

## Nigerian Rebs Grab Oilfields

LAGOS, Nigeria (AP)—The spread of the Nigerian rebellion to the Midwest region is threatening the federal government with the loss of the rest of the nation's oilfields, but the government claims that loyal troops are holding out.

A radio broadcast from Benin, the Midwest provincial capital 65 miles west of the Niger River, said mutinous federal troops aided by rebels from Biafra have captured both Benin and Warri, the oil center 60 miles to the south.

**COMMUNICATIONS CUT**  
The broadcast proclaimed in the name of the "national liberation army" that the region had been "liberated by units of Midwest troops and friendly Biafran troops who came to help them."

Shooting was heard Wednesday in the streets of Benin, a city of 120,000 about 150 miles southeast of Lagos and an equal distance southwest of Enugu, capital of Eastern Nigeria where the government has proclaimed the independent state of Biafra. The rest of Nigeria's oil is in Biafra.

Normal communications between Lagos and Benin were cut.

**GULF EMPLOYEES**  
The federal government admitted Wednesday night that the rebels had "infiltrated into the Midwest."

The government reported fighting between loyal and rebel forces in Benin, Warri and other Midwest towns, but claimed

that "loyal troops are holding out until reinforcements arrive in the area to crush the rebels."

Warri, a center of offshore oil operations, is the base for about half of the 200 Americans living in the Midwest region. Many are employees of the Gulf Oil Corp.

**YANKS FLEE**  
Reports received in Lagos said a number of Americans were stopped when they tried to leave Warri by water. But a Gulf spokesman in New York claimed that all the Americans had been evacuated from the river town.

In recent weeks hundreds of Europeans and Americans have withdrawn from Biafra, which proclaimed its independence May 30 after months of feuding with Lagos. The secession removed about 14 million people from Nigeria's population of 56 million and set off a civil war that has lasted five weeks.

## Mrs. Mundt Gets Auxiliary Post

Mrs. L. R. Mundt has been named director of music for the Department of Texas, Ladies Auxiliary of the Veterans of World War I. She was elected to this post at the recent state convention in Brownwood.

Mrs. Mundt, the former Choo Stripling, also holds the same office in the local barracks and in the district. After graduating from North Texas State University, she taught school for 27 years in Vernon, Burk Burnett, Wichita Falls, Roscoe and Big Spring. Music has been her hobby all along, and she has served as director of religious music at the VA Hospital, where she has put in over 2,400 hours of volunteer service over the past decade. She also has been a volunteer worker at the Big Spring State Hospital.

**Lots Of Leg-All Covered**

With mini-skirts so popular, designers have turned their attention to the legs revealed by the short skirts—hiding them again. Models at the American Designer Series showings in New York wore, left, black leather boots to match a medieval black leather tunic and belt, and right, jewel-encrusted stocking boots and matching dickey worn under a black tunic. Both outfits were creations of designer Oscar de la Renta. (AP WIREPHOTO)

**Casualty Yours**

By JO BRIGHT

Biggest news in Dallas last weekend was the surprise merger of Ling-Temco-Vought and Greatamerica engineered by financial wizards, Jim Ling and Troy Post, which the papers call the biggest in Dallas history. If you were around here about 15 years ago, you may remember that Jim's brother, Mike Ling, was manager of what was then KTXC when it was owned by the V. T. Andersons of Anderson Music Company. Mike is now president of Ling Investment Company, a brokerage firm which occupies the ground floor of the LTV Tower in Dallas, and lists a number of Big Spring investors among its clients.

Welcome guests in the Herald office yesterday were the Keith McMullins and their son, Mark, of Columbia, Mo. Their daughter, Laura, was with her maternal grandparents, the J. N. Smileys in Lubbock, which was to be the next stop for the McMullins on their vacationing tour. Keith was photographer for the Herald for many years, and is now heading that department for the Columbia Tribune. They were to visit his mother, Mrs. Lucille McMullin, in Amarillo before returning home.

The gals in white over at Malone and Hogan Foundation Hospital took turns taking time off from their duties the other day to slip down the hall and have a cup of tea in honor of Miss Elizabeth Hines, who is retiring after a long career in nursing.

Two teenagers, Charlotte Helman and Janie Dunnam, had their first plane ride last week when they flew to Big D to visit friends. They think it's here to stay and they'll try it again.

Pat Patterson, son of Mrs. Camille Patterson, is sporting about 500 stitches as the result of an accident near Palacios when Pat and his wife's grandfather were in a car which was struck by another as the men were starting on a fishing trip. Needless to say, the vacation was ruined, but Pat and the family are thankful he's alive.

When Mrs. Mary Brown went to the wedding of her son, Wendall, in London, she took a side trip to Paris and, on the way home, stopped in Chicago to see the M. H. Brown family. Wendall has been living in England for the past year but he and his bride will return to the U.S. in October.

Stopping here on the way to Europe were Mrs. Ivahlou Ashley's sister, Mrs. Elizabeth Savarey, and her son, Michael Charles III, of Pecos who were going to tour the continent for two months before Mike enrolls at the University of Wyoming. This is the first day back on the job for Adolph Swartz. He and his family arrived back here last night. I think, from their European travels, Marie McDonald said her card from Dorothy said that Switzerland was the prettiest—but a postscript by Adolph advised that she said that about them all. Jeanie McDonald, 17-year-old daughter of Mr. and Mrs. Chesley McDonald of Sterling City was in Rome last I heard, and there's no telling where some

of the other travelers like Marie Hall, Nancy Marshall and John Otis Cole are now.

The Walton S. Morrisons received the traditional aloha welcome when they arrived last Friday in Honolulu as passengers on the SS Lurline. Their base of operations is the Royal Hawaiian Hotel.

Understand Connie and Bud Edwards have composed some hilarious wares which will be delivered to a Big Springer who is currently enjoying a two-week European tour with his wife and another local couple. Connie is spreading the fame of the Confederate Air Force, what with his participation with it in a big movie being filmed in England and their planned appearance at the Webb 25th Anniversary coming up soon.

John Watts of Odessa (Texas) answer to Lee J. Bailey has been made dean of the Academy of International Trial Lawyers and has become quite an international traveler the past few months.

Mrs. Jesse Crane and her parents, Mr. and Mrs. M. C. Prevoy, were in Florida to see her brother, J. C. Prevoy, who is an engineer at Cape Kennedy and currently involved with the upcoming "Sturn Shot." He led them on a tour of the Cape and launching pads.

The Roy Rogans have had as guests, his nephew and wife, the Rev. and Mrs. W. E. Rogan of Rockwall. Roy and Reba say their back yard is looking pretty good (it's always beautiful) and I'm looking forward to a cup of coffee there soon.

Deadline—call me?

**To Marry**

Mr. and Mrs. Jack Kuhlman of Lenora announce the approaching marriage of their daughter, Charlotte, to Richard Kenneth White of Stanton. The prospective bridegroom is the son of Mr. and Mrs. D. M. White of Lenora. The couple will marry Sept. 1 in the sanctuary of the Lenora Baptist Church with the Rev. Charles Mitchell as officiant.

**Kay Bettle Is Feted At Party**

Miss Kay Bettle, bride-elect of Curtis Beard Jr., was honored recently with a kitchen gadget shower at the home of Miss Brenda Baker, 2504 Cindy. Calling hours were from 7 to 9 p.m., and approximately 30 guests attended.

Hostesses with Miss Baker were Miss Karen Elrod, Miss Linda Fenley, Miss Sheryl Gambill, Miss Sandy Ivie and Miss Jo Faris.

Miss Bettle was attired in a bell-sleeved floral print dress trimmed with lace as she received guests with her mother, Mrs. Clayton Bettle, and her fiancée's mother, Mrs. Curtis Beard Sr. The honoree's corsage was a lavender feathered mum, and the mothers were presented corsages of white feathered mums.

An antique white lace cloth covered the refreshment table where the centerpiece was colonial bouquet of lavender flowers with greenery. Pewter and

milk glass appointments were used to complete the setting. Gifts were displayed on a table covered with a white cloth embroidered with blue. The hostess' gift to Miss Bettle was an oven-broiler.

The couple will be married Aug. 26 in the First Baptist Church.

**Circle Discusses Television Viewing**

"True and False Television Viewing" was the topic of discussion when the Martha Foster Circle of Wesley Methodist Church met Tuesday morning in the home of Mrs. M. O. Ham-bury, 1508 Eleventh Place with Mrs. Janie Cofer presiding. The moderator was Mrs. J. B. Hollis who also led prayer. Mrs. Abbie Anderson gave the devotion, and refreshments were served to six. The next meeting will be Tuesday at church.

**Mrs. Al Valdes Shows Films On Life In Cuba**

Mrs. Al Valdes showed movies of life in Cuba at the fifth anniversary meeting Tuesday evening of the National Association of Letter Carriers Auxiliary No. 1975. The group met in the First Federal Savings and Loan Association building.

Mrs. Wayne Beene served as hostess and read the article, "What the Auxiliary Means to Me," by the state president, Mrs. C. C. Cave. Mrs. Melvin Daniels presided, and prayers were worded by Mrs. Alfred Moody, chaplain.

State convention reports were given by Mrs. Wendell Payte, Mrs. John Billings and Mrs. Bill Gage.

The cake was decorated with "Happy Anniversary," and refreshments were served by Mrs. Melvin Newton, Mrs. Beene and Mrs. Cecil Stephens.

Eleven attended. The next

**Cited By Rainbows**

Judy Daniel, grand charity, was paid tribute during Friendship Night at the Tuesday evening meeting of the Order of Rainbow for Girls at the Masonic Temple.

Kay Coppedge was honored on her birthday, and her mother, Mrs. L. D. Coppedge, served refreshments to the group.

Sherri Alexander, worthy advisor, presided, and plans were completed to attend the International Order of Rainbow Assembly Aug. 21 in McAlester, Okla. Seven local girls will be initiated at the assembly.

The group will leave by bus at 7:30 a.m., Aug. 21. The local girls have received a special invitation to attend the Mother Assembly of the World that evening, where they will practice the initiatory work of the order.

On Aug. 22, the girls will tour the International Rainbow Building, and at 7:30 p.m. the initiation ceremony of the Big Spring Assembly will be exemplified.

Fifty-seven girls and 12 adults attended.

**Rebekah Rally Set At Lubbock**

The area meeting and rally for Rebekahs will be held Aug. 19 at the Koko Inn in Lubbock with registration to begin at 10 a.m. on that day. The announcement was made Tuesday evening by Mrs. Alton Allen, noble grand, when the John A. Kee Rebekah Lodge met at the IOOF Hall. She urged that reservations for the meeting be made this week.

Twenty-four visits to the sick were reported, and appreciation was expressed to the Odd Fellows who recently painted the lodge hall. Two resolutions of sympathy were read.

A school of instruction was conducted by Mrs. LaVerne Rogers, and the showing of a Heart Fund film scheduled for Aug. 29.

Twenty attended.

**Diocesan Council To Meet Aug. 16**

The Diocesan Council of Catholic Women will meet from 1 to 4 p.m., Aug. 16, at the Youth Club. The announcement was made by Mrs. Dan Maestas, at the Tuesday evening meeting of the Altar Society of the immaculate Heart of Mary Catholic Church. The group met in the home of Mrs. H. A. Bool 2700 Apache.

Delegates named were Mrs. Bool, Mrs. R. Ward, Mrs. Maestas, Mrs. Jack Engle, Mrs. D. W. Roberson and Mrs. L. D. Jenkins.

Mrs. Jenkins worded prayer, and Mrs. Eagle reported on a recent garage sale. Altar workers for the month were named. They are Mrs. E. E. Reibmeyer, Mrs. Jim Reidy, Mrs. Francis Johns, Mrs. D. W. Roberson and Mrs. David Roberson.

The group sent a birthday cake to a senior member, Mrs. William Reidy, and Mrs. Ward won the attendance prize. Refreshments were served by Mrs. Bool.

**Furs From Ranch**

## Pearl Birch Due In Court

COMPTON, Calif. (AP)—Mrs. Pearl Choate Birch was to be arraigned today on two counts of assault with intent to commit murder.

The 60-year-old Texas woman, widow of wealthy Albert Otis Birch, has been free under \$25,000 bond.

She was arrested July 13 after a dispute with a tenant in a duplex which she owns.

The charge alleges she fired a rifle shot at the tenant, narrowly missing a police officer.

## Minor Wrecks

Two minor traffic accidents were reported to police Wednesday. The parked car of A. E. Reed, 1407 Park, was in collision with another that left the scene at North Phillip 66 Truck Stop. Anna P. Crocco, 405 NW 4th, and Elfa S. Cantrell, 1412 Sycamore, were involved in an accident in the 300 block of Main.

2-B Big Spring (Texas) Herald, Thurs., Aug. 10, 1967

## Farmers' Union Units To Be Given Charters

Chartering ceremonies for Farmers Union units in Howard and Glasscock counties have been announced.

J. P. Nichols Jr., temporary chairman of the Howard County Farmers Union, has announced that the chartering ceremonies for the newly organized Howard County Farmers Union will be held at the First Federal Savings and Loan Community Room Aug. 15 at 8:30 p.m.

Similar ceremonies for the newly organized Glasscock County Farmers Union will be held at the St. Lawrence Hall at St. Lawrence, Aug. 16, 1967, at 8:30 p.m.

State president Jay Naman, Waco, will present official charters at both meetings. He has been state president since 1961.

Texas Farmers Union is an affiliate of the nationwide National Farmers Union which is headquartered at Denver, Colo.

JAY NAMAN

The Texas organization is chartered in 87 counties in Texas. All residents in the two counties interested in learning about Farmers Union and its program are invited to attend. Officers for 1967 will be elected by each unit.

## PASO Takes Aim At Texas Rangers

EDCOUCH, Tex. (AP)—A resolution calling for abolishing the Texas Rangers will be presented to the state convention of the Political Association for Spanish-speaking Organizations (PASO) this weekend, PASO's Hidalgo County chapter said Wednesday.

The state meeting will be held in Austin.

The Hidalgo County chapter of PASO adopted the resolution, which charges the Rangers with causing "undue social conflict which would possibly result in rioting" and with suppressing labor organizing efforts.

The resolution said the more than \$1 million needed to maintain 62 Rangers could be better used for education or other public services.

## Land Bank Association Slates Annual Meeting

The annual stockholders meeting of the Federal Land Bank Association of Lamesa will be held Monday, in the association's building at 214 N. Houston Ave., Lamesa, at 2 p.m. It will be a special event to celebrate the 50th anniversary of the Federal Land Bank System.

The establishment of the Federal Land Bank of Houston April 3, 1917, marked the beginning of this farmer-owned credit system. The association has approximately 725 member-stockholders, who own all of the stock in the local organization.

Briefly the program will consist of a business session, talks and showing the film, "American Farmers, Providers of Plenty." Refreshments will be served. All members are urged to attend.

Financial statement of the association as of June 30 showed assets of \$1,212,093. Included were investments of \$612,770, plus capital stock of the Federal Land Bank of \$567,

035. During the past year, the association closed 54 loans in the amount of \$1,187,300 and serviced 905 others in the amount of \$9,349,073.

The association serves Andrews, Borden, Crane, Dawson, Ector, Gaines, Glasscock, Howard, Martin, Midland, Upton and Winkler counties. H. M. Fitzhugh assistant manager, maintains offices at 117 1/2 Runnels in Big Spring. Stanton offices are at 101 E. Broadway.

## Shot Nine Times

REYNOSA, Mexico (AP)—Miguel Cabello, 38, was charged Wednesday in the shooting death of Jesus Monjaras in Reynosa Tuesday. Police said Monjaras, 28, was shot nine times with a .22-caliber pistol.

In a separate incident, Jose Alonzo Gomez, 23, was charged with the pistol slaying Tuesday of Rosemarie Perez, 20.

### Soviet Plant Funds Spark Senate Fuss

WASHINGTON (AP) — A sharp Senate dispute has shaped up over whether to allow Export-Import Bank financing for sale of U.S. machine tools for a Soviet auto plant.

Republican Leader Everett M. Dirksen, sponsoring an amendment to block the proposed transaction, declared on the eve of today's opening of debate on the East-West trade measure:

"I will not support any such deal while our young men are being slaughtered in the jungles of Vietnam with Soviet weapons."

#### KEY VICTORY

President Johnson announced last year approval of the sale and Democratic leaders are attempting to turn back a Dirksen amendment.

The amendment is being offered by a bill extending the lending authority of the bank for five years and boosting it from \$9 billion to \$13.5 billion.

The administration won an important victory Wednesday with defeat of a proposed amendment by Sen. Allen Ellender, D-La., that would have banned further bank financing of arms sales to poorer countries. It was rejected 48 to 40.

Ellender insisted such sales only encouraged the underdeveloped nations to devote to military equipment funds which they should be using to build a better life for their citizens.

#### COMMIE AID

Administration backers argue that a complete ban on such financing would force some friendly nations, possibly including Israel, to turn elsewhere for needed arms.

Some of these countries would be thrown into the hands of the Communist bloc, they contend.

The bill as it stands would not permit the financing of sales to the poorer countries, however, without the specific approval of the President.

A similar provision in the measure, inspired by potential transactions such as the one involving the Soviet auto plant, would allow financing of sales of U.S. equipment for transshipment to a Communist nation only if the President approved.

The Soviet plant is to be built by Italy's Fiat Motor Co., which has said it would like to use \$50 million of American tools if it can obtain Export-Import Bank financing.

### Horoscope Forecast

—CARROL RIGHTER

**GENERAL TENDENCIES:** The morning is fine for completing arrangements made with others in a very cooperative spirit, so be up early and finish routine work. A better understanding with usual contacts while the day finds you suddenly very eager to produce results of a constructive nature and by your own effort. Be sure to act responsibly, especially in the evening. Make your devotion in p.m. Give it.

**ARIES (March 21 to April 19)** Some adult handling of those with whom you have had differences is necessary in a.m., so that you can later get your bills paid more easily. Reach accord with everyone. Make your devotion in p.m. Give it.

**TAURUS (April 20 to May 20)** See what you can do to make your home come alive with color and beauty, comfort and that others will delight in it, also. Evening is best time to get important affairs handled with associates. Be dynamic.

**GEMINI (May 21 to June 21)** You intuitively know what should be done to enjoy yourself more as you like in the days ahead. Waste no time. Morning is best for any creative work you wish to do, talking over such ideas with others.

**MOON CHILDREN (June 22 to July 21)** Morning is ideal for carrying through with whatever kin you need to do, and then your free time for recreations you like. You have imagination and can get your ideas working very easily, provided you contact the right people.

**LEO (July 22 to Aug. 23)** Ideal morning for having meetings, conferences and shaping the what you need most. Later fundamental affairs with kin can be worked out properly. Add to present security by concerted, definite action.

**VIRGO (Aug. 24 to Sept. 23)** Show cooperation to those who would give you excellent advice regarding property you now own or wish to buy, and then you start untiring. Good friends can be very helpful in this. Show that you are a resourceful person.

**LIBRA (Sept. 24 to Oct. 23)** You have to think along more practical lines if you want to put your finest ideas across. Be sure that plan of action is precise. Once you reach the right decision, money flows to you very easily.

**SCORPIO (Oct. 24 to Nov. 21)** First thinking over best systems and individuals to employ, plus some investigation, makes that social plan you have in mind really successful. Use your intuition. Let others fit exactly into your scheme of things.

**SAGITTARIUS (Nov. 22 to Dec. 21)** Resolute allies should be given notice of your finest ideas, ambitions and they quickly join you in making them a true success. Know what it is you want to accomplish. Experts then help you to do it.

**CAPRICORN (Dec. 22 to Jan. 20)** Try to come to an understanding with one who may have tried to bully your good sense, then out to social life in a.m. Use some brilliant system for gaining prestige. Then out to be with that dynamic person.

**AQUARIUS (Jan. 21 to Feb. 19)** Now is the time to gain for yourself those privileges that before now were not possible in your life. Endeavor to get high-grades give you more solid backing. Get D.K. from employer regarding one of your background in yours.

**PISCES (Feb. 20 to March 20)** Follow your conscience in showing your appreciation for favors from backers in the past and present. Make new contacts of value, also. Get bills paid before you try to put through any radical changes you may have in mind.

**IF YOUR CHILD IS BORN tomorrow** ... he or she will be one of those fascinating youngsters who early in life desire to cooperate with others in some joint undertaking, and the best here is along cultural and artistic lines. Upon maturity the energy and drive to get along on his or her own is very great and since the mind is made up, there are few limitations.

TEMPTING HOT BREADS  
Delicious with jelly or sugar

## Oven Fresh Bread Starts Morning Right

Tempting hot breads from the oven, freshly perked coffee — and suddenly a morning turns sunny.

This pair of pretty offerings is delectable but so simple. Only two ingredients go into each. Fruit Flipovers call for refrigerated flaky biscuits and glistening preserves. A few minutes "fixing" time, ten minutes in the oven and the Flipovers are ready for a quick dusting of powdered sugar.

Choose your favorite rainbow of preserves for Easy Do Upside Down Ring and spoon them into a buttered cake pan. Next, overlap packaged refrigerated rolls to form a ring. After baking, let the ring cool for a very few minutes — pour the coffee while you wait — then invert it into your prettiest serving platter.

**EASY DO UPSIDE DOWN RING**  
1 tbs. melted butter  
1-3 cup pineapple, raspberry or apricot preserves  
1 pkg. refrigerated cinnamon or orange rolls

Brush melted butter in bottom of an eight-inch cake pan. Add preserves. Arrange rolls, overlapping, in a ring. Bake at 375 degrees for 15 minutes. Turn out onto a plate. Drizzle with frosting from refrigerated roll package, if desired. Serve immediately. Yield: six to eight servings.

**FRUIT FLIPOVERS**  
2 pkgs. refrigerated flaky biscuits  
Strawberry, apricot or peach preserves or apple butter

## Ice Cream Pie Without Baking

Here's a pie you can make without turning on the oven.

**LEMON PINEAPPLE ICE CREAM PIE**  
1 pkg. (9½ oz.) no-bake lemon confetti pie  
5 tbsps. sugar  
¼ cup (½ stick) butter or margarine, melted  
1 cup cold milk  
1 cup cold light cream  
1 can (8½ oz.) crushed pineapple, drained

Stir together the lemon cookie crumbs from the package, 2 tablespoons of the sugar and melted butter. Using a fork, press mixture firmly against sides and bottom of an 8-inch pie plate. Refrigerate crust 15 minutes before filling.

Into a small deep mixing bowl, pour cold milk and cream. Add lemon pie filling from package, one-half of the confetti mixture from package and remaining three tablespoons sugar. Beat at low speed with electric beater until blended. Beat at medium speed three minutes longer, occasionally scraping sides of bowl. Fold in crushed pineapple. Pour into prepared crumb crust. Garnish with remaining confetti from package. Freeze until firm. Remove from freezer about 10 minutes before serving.

## Make Casserole For Lunch Treat

This unusual combination of vegetables makes for an interesting dish.

**LIMA BEAN CASSEROLE**  
1 pkg. (10 oz.) frozen lima beans  
¼ lb. mushrooms  
3 to 4 tbsps. butter  
¼ cup chopped onion  
1 cup finely shredded cabbage  
1 tsp. salt  
1 tsp. soy sauce  
2 tbsps. grated Parmesan cheese

Cook frozen lima beans according to package directions; drain and turn into a shallow 1 quart casserole. Slice mushrooms and cook in butter with chopped onion until soft. Add cabbage, salt and soy sauce; add to lima beans and mix thoroughly.

Sprinkle grated Parmesan cheese over the top and bake in a moderate (350 degrees) oven for 15 to 20 minutes or until heated through. Makes six servings.

## Party Sandwich Made With Eggs

For a nutritious sandwich filling, combine 4 finely chopped hard-cooked eggs, ½ cup finely chopped carrot, ¼ teaspoon curry powder, ¼ teaspoon salt, dash of pepper and ¼ cup mayonnaise. Yield: 1½ cups filling.

## New Way To Make Cobbler

Brunch, a meal for all seasons, often needs a lift.

**PEACH BRUNCH COBBLER**  
5 cups sliced fresh peaches (about 2½ pounds)

1 tablespoon lemon juice  
½ cup sugar  
¼ teaspoon grated lemon rind  
¼ teaspoon ginger  
1 cup sifted regular flour  
¼ cup enriched white corn meal  
¼ cup sugar  
2 teaspoons baking powder  
¼ teaspoon salt  
¼ cup butter or margarine  
1 egg, beaten  
¼ cup milk

Into a 7 by 11 by 2 inch baking dish turn the peaches; sprinkle with lemon juice. Mix ¼ cup sugar, lemon rind and ginger; sprinkle evenly over peaches. Bake in a hot (425 degrees) oven about 5 minutes. Shortly before you do this, in a medium mixing bowl, sift together flour, corn meal, ¼ cup sugar, baking powder and salt. Cut in butter until particles are fine. Add egg and milk; stir until blended.

Separate and roll each biscuit on a floured surface into a thin circle. Place a tablespoon of preserves in center of circle. Fold dough in half, pinching the edges together and sealing with a fork. Place on a greased cookie sheet and bake at 450 degrees for 10 minutes. Dust with powdered sugar; serve immediately. 20 Flipovers.

## Make Summer Lunches Elegant With Garnish

Lovely summer luncheons can be planned around elegant, yet simple fare. Tasty sandwiches, dainty accompaniments, petite fruits and a bit of sweet will complete your luncheon fare.

The sandwiches, filled with chicken and ham spread, will be extra glamorous when frosted with a blend of cream cheese and zesty American blue cheese. Garnishes are easy — to make flowers from sliced olives and green peppers.

The dainty accompaniments are delicate marinated mushrooms and delectable cherry tomatoes just brimming with the tangy flavor of American blue cheese. Petits Fours and coffee will round out your sweet and feminine luncheon.

To make four sandwiches; trim the crust from six slices of frozen fresh bread. Cut the slices in half. Spread four slices with ham spread. Top with bread. Spread that piece of bread with the chicken mixture. Top with remaining bread. "Frost" the sandwiches with

the blue cheese mixture. Garnish with green pepper and sliced stuffed olives. Note — frozen bread will be fresh and moist by serving time.

**MERRY MUSHROOMS**  
Remove stems from caps. Boil caps in salted water for two minutes. Drain. Marinate caps in salad dressing for 1-2 hours. Drain. Stuff with blue cheese "frosting."

**LUSCIOUS LOVES**  
Cut off stem tops of washed love tomatoes. Save tops. Scoop out centers. Fill with blue cheese "frosting" mixture. Cap with stem top.

**SLICK CHICK SPREAD** (Makes 1½ cups)  
1 cup chicken livers  
½ medium onion, chopped  
1 tsp. butter  
2 hard-cooked eggs, finely chopped

Rule For Baking  
As a general rule, cake pans should be filled from only one-half to two-thirds full.

1 tbs. mayonnaise  
Few drops of lemon juice  
Salt, pepper  
Saute chicken livers and onion in butter until livers are done and onion is transparent. Finely chop the mixture. Stir in eggs, mayonnaise, and lemon juice. Salt and pepper to taste. Chill.

**HAM-DINGER** (Makes 1½ cups)  
1 cup ground ham  
¼ tsp. ground cloves  
¼ tsp. dry mustard  
¼ cup sweet pickle relish  
Mayonnaise  
Mix ham, cloves, mustard and pickle relish together. Add enough mayonnaise to bind mixture. Chill.

**BLUE CHEESE "FROSTING"** (Makes about 2 cups)  
1 8-ounce package cream cheese  
1 cup crumbled American blue cheese (about 5¼ ounces)  
Milk or cream  
Blend cheeses together. Thin with milk to spreading consistency.

PLAN ELEGANT BUFFET  
Summer luncheons can be tasty

## PANTRY PICK-UPS

When a recipe calls for one-quarter cup of chopped onion, you're safe in using one small onion. No need to measure!

Sponge cake is delicious with nothing more than a sprinkle of confectioners sugar.

Count on simmering turkey giblets for two to three hours if you want them to be really tender. Use the giblets, cut up in gravy, or chop them and mix with hard-cooked egg and mayonnaise for a sandwich filling.

Heat corn syrup with grated orange rind and pour over cooked sliced sweet potatoes. Bake in a moderate oven for 20 to 30 minutes or until the potatoes are glazed. Baste several times during the baking.

Chopped cooked broccoli is an excellent vegetable dish to serve with broiled or baked fish. Give the broccoli a dressing of melted butter and lemon juice.

It's easiest to carve a stuffed

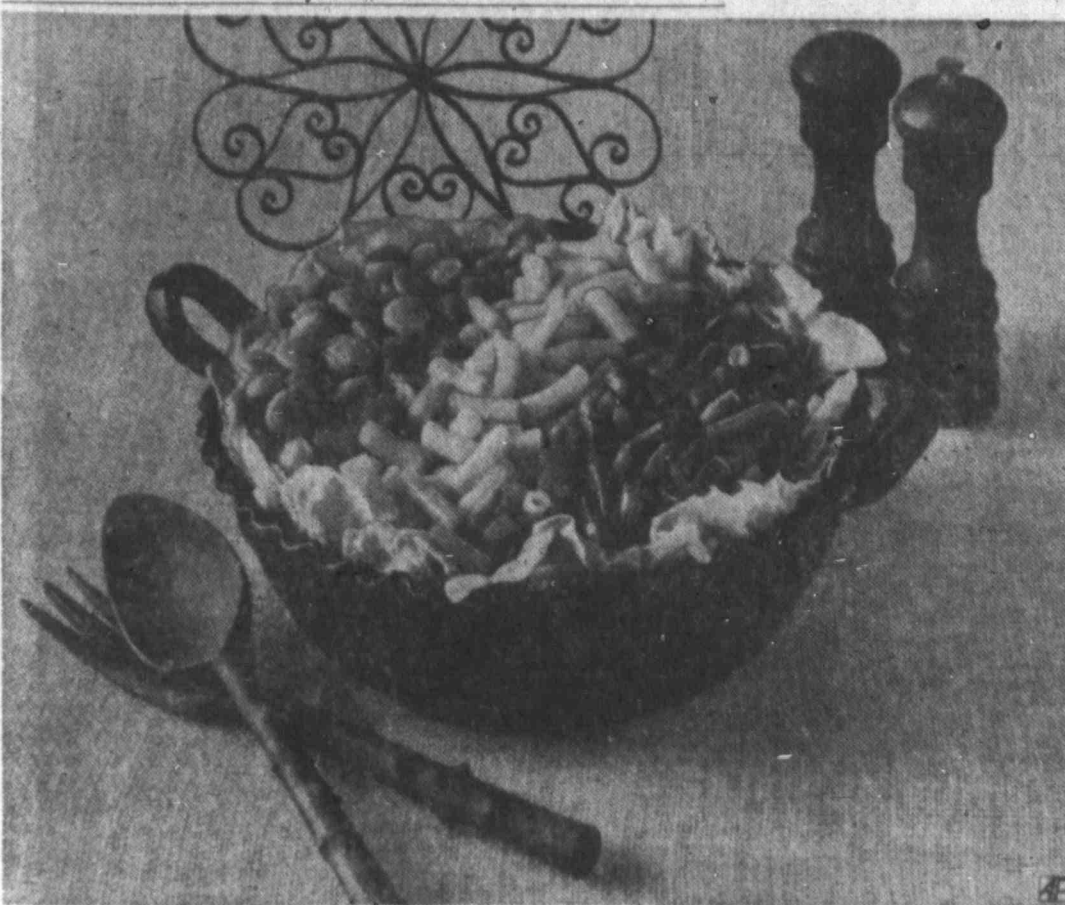

rolled lamb shoulder if the binding string is left on and removed as each portion is cut.

If you want to braise endive, split the stalks in half lengthwise. Then cook the endive, cut edges up, in a big skillet in a small amount of salted water. Dress the drained endive with melted butter and lemon juice.

Baste baked apples several times with their own syrup after you take them out of the oven. As apples and syrup cool, the fruit should achieve an attractive glaze.

For an absolutely delicious cole slaw, season the shredded cabbage with sugar, lemon juice, salt pepper and a suspicion of mustard; then whip cream and fold into the slaw.

Duck giblets may be used in making stock. The duck giblets alone do not give much flavor, so it is best to add them to chicken giblets (along with necks and wing tips) in preparing the broth.

**Main Dish For Supper**

Good hostesses know that a good buffet supper centers around one main dish served with a hearty salad and French bread. It is easy to prepare and leaves the hostess free for more important duties, such as entertaining her guests.

## Give Buffet Supper, Serve Freezer Salad

A good many hostesses have discovered that one of the easiest ways to give a buffet supper is to have a main dish, a hearty salad and French bread. Americans love this combination. It's easy to prepare, and—providing there's plenty—it's satisfying.

Here's the latest candidate for the hearty buffet salad. It's a variation of the three-bean salad so popular nowadays. Maybe this salad was inspired by foreign cuisine. In Spain and the Mediterranean area, half a dozen varieties of marinated beans may be offered on a buffet table. Maybe it originated right here in the United States. Whatever its source, it's delicious.

Just to make life easy, this salad is made with foods from the freezer—frozen cut green beans, cut golden wax beans and green lima beans. The two shades of green plus the pale yellow make a most pleasing offering. In addition to the beans, use frozen chopped on-

ion and green pepper in the salad. The frozen onion, all ready to be used, is a joy!

You may want to try this salad for a buffet party now, then keep the recipe on hand for holiday time. It's great to serve with turkey and ham.

### MARINATED BEAN SALAD

2 pkgs. (each 9 ounces) frozen cut green beans,  
2 pkgs. (each 9 ounces) frozen cut wax beans

### Give Recipes

Give an imaginative bridal shower present of several cans or bags of almonds in different forms and a few of your favorite almond cooky, bread and cake recipes. Remind the bride-to-be that almonds are a professional looking garnish for vegetables, salads and even soups.

Boiling water  
Salt  
2 pkgs. (each 10 ounces) frozen Fordhook lima beans  
1-3 cup frozen chopped onion  
1-3 cup frozen chopped green pepper

1 clove garlic, crushed  
1/4 cup olive oil  
1/2 cup cider vinegar  
1/4 tsp. white pepper  
1/2 tsp. sugar  
Lettuce

1/2 cup chopped pimiento  
Into a large skillet or saucepan turn the green beans and wax beans; add one cup boiling water and one teaspoon salt; cover and boil gently just until tender—five to eight minutes. Cook the lima beans according to package directions, using the amount of water called for and 1/4 teaspoon salt. Turn all the vegetables into a colander to drain.

Into a large refrigerator container or bowl (about one-quart size) turn the onion, green pepper, garlic, oil, vinegar, one teaspoon salt, pepper and sugar; with a fork or whisk mix thoroughly. Add drained vegetables and mix again. Cover and chill for three to six hours or overnight. Allow to stand at room temperature before serving.

At serving time line a salad bowl with lettuce leaves; add vegetables with their marinade; sprinkle with pimiento. Makes 12 servings.

Note: If you wish you may cook each vegetable separately according to package directions, then drain, turn into separate containers and mix each vegetable with the marinade. At serving time line a salad bowl with lettuce leaves; add vegetables, arranging them to form three rows or triangles. Outline each row or triangle with chopped pimiento.

## Tips For Appliance Care Told

Homemakers on the go often face a refrigerator problem—what to do with it? Miss Joy management specialist with Texas A&M University, says that for away-from-home time periods of three weeks or less the refrigerator should be emptied, but left turned on.

For extended periods of a month or more, or if the refrigerator is to be moved or stored, it's important that specified care procedures be followed.

The refrigerator should be emptied of all food, defrosted completely, cleaned thoroughly. The door should be left open for 24 hours or longer because the hidden insulation holds moisture even after the inside appears completely dry. Thorough cleaning and drying is most important in preventing the development of odor, mildew and mold.

It is also highly important that the refrigerator door be left ajar during storage. In fact, it's a smart idea to insert a wedge or prop to insure an opening. If the refrigerator insulation is damp and the door closed, the interior will become moldy, mildewed, and odorous. Often this odor can be removed only by replacing the insulation. When the refrigerator is again connected, it should be thoroughly cooled before placing food in it.

## Unusual Recipe For Company Dish

From Florida comes this special recipe for pork.

**KEY LARGO ROAST PORK**  
2 tps. salt  
1/4 tsp. pepper  
2 tps. oregano  
3 medium cloves garlic, crushed  
1/2 cup lime juice  
3 to 3 1/2 pound boneless pork loin roast

In a small platter or similar non-metallic container, mix the salt, pepper, oregano, crushed garlic and lime juice. Place meat in platter; baste with marinade. Cover tightly with two layers of plastic wrap; refrigerate overnight.

Turn roast once and spoon marinade over the top. Reserving marinade, roast on a rack in a foil-lined shallow roasting pan in a slow (325 degrees) oven until meat thermometer registers 185 degrees, 35 to 40 minutes per pound. Midway through roasting time, pour reserved marinade over meat. Makes 6 servings.

## Top With Cheese

Try topping a mincemeat pie with strips of cheese after it comes from the oven for variation. Arrange them criss-cross fashion.

# Career Sisters Share Harmonious Home Life

By RHODA LEMONS  
Two Big Spring sisters, Miss Marguerite Cooper and Mrs. Francys Plowman, have successfully combined long-standing careers with a harmonious homelife. They reside at 2000 Merrily.

Miss Cooper is secretary to R. W. Thompson at Cosden Oil and Chemical Company, and Mrs. Plowman is employed as commercial instructor at Southwestern Bell Telephone Company. Each has worked for her company for more than 20 years.

They have made their home together for the past six years. Mrs. Plowman and her husband, the late L. A. Plowman, designed and built their home in Kentwood when there were no other houses in that area.

Miss Cooper and Mrs. Plowman have domestic help one day every other week, and in the meantime they alternate the household duties and chores. One week, one of the sisters prepares breakfast, and the following week the other sister takes over this task and allows a little extra sleeping time for her sister.

They do their laundry together at the washateria, and they each manage their own ironing. They prepare dinner together and have lunch at different places near their work.

Miss Cooper confesses to be-

ing a "binge" cook. When the mood strikes, she enjoys making a variety of different recipes, but both sisters agree that they don't care for frozen foods.

They have just completed a joint canning effort, and made 16 pints of grape jelly on a recent weekend. Last summer they canned approximately 100 pints of peaches, apricots and plums which they are still using. They have shared some with friends and presented a portion as gifts.

Saturday is workday, and they usually snack on sandwiches and leftovers so that they can complete more tasks. Following church services on Sunday, they usually have a large family-type dinner, which Miss Cooper has prepared and planned in advance. They usually enjoy the same type of food, and some of their favorite recipes were given them by their mother, the late Mrs. E. L. Cooper.

Household expenses are shared by the sisters. Miss Cooper does all the grocery shopping as her sister does not care for the experience. Miss Cooper explained that she did not especially budget, but tried to buy within reasonable bounds. They share the grocery money as they do other necessary expenses.

Mrs. Plowman said that one of their major expenses is in maintenance and repair work. Nei-

ther expressed any ability for "do it yourself" jobs and this at times is costly. They have neither the time nor the inclination for yard work and must pay someone for this service.

Miss Cooper is a friendly brunette and more gregarious than her ash blonde sister. Both are interested in the work of their church and contribute both time and money to its cause. Many of their activities are related to the youth or adult programs at the East Fourth Baptist Church.

Mrs. Plowman admits that her favorite pastime is reading anything from light fiction to psychology.

Miss Cooper enjoys television and has recently taken bridge lessons. She is active in the Desk and Derrick Club and in the National Secretaries Association. She has completed a number of courses at Howard County Junior College and is a Certified Professional Secretary.

Listed below are some of the recipes they most enjoy.

MISS MARGUERITE COOPER, MRS. FRANCYS PLOWMAN

B-B, Big Spring (Texas) Herald, Thurs., Aug. 10, 1967

## Mold-Baked Corn Bread Is Elegant

Corn bread has proven to be a popular mealtime bread and has become a tradition for many planning.

Baking molds, so popular for oven delicacies, offer a choice of fanciful corn bread shapes. Large baking molds can be used for multiple servings or smaller molds can be used for individual servings.

During preparation, simply grease and flour thoroughly as you would for cake or quick bread.

### CHIVES-PIMENTO CORN BREAD

2 cups self-rising corn meal mix  
1 1/2 cups milk  
4 tbsps. shortening  
2 eggs  
2 tbsps. chives  
2 tbsps. diced pimientos

Add milk, eggs, chives and pimientos to corn meal mix. Mix thoroughly. Add shortening and

blend well. Pour in greased baking pan or greased and floured baking mold. Bake in hot oven (450 degrees) for 20 to 25 minutes. Serves six to eight.

### ONION-SESAME CORN BREAD

2 cups self-rising corn meal mix  
1 1/2 cups milk  
4 tbsps. shortening  
2 eggs  
1/2 cup chopped onions or 1/4 cup minced onions  
4 tbsps. toasted sesame seed

Add milk, eggs, onion and toasted sesame seed to corn meal mix. Mix thoroughly. Add shortening and blend well. Pour in greased baking pan or greased and floured mold. Bake in hot oven (450 degrees) for 20 to 25 minutes. Serves six to eight.

To toast sesame seeds, pour seeds in a pie pan. Pop in oven until lightly browned. Toasting is recommended to bring out full flavor of seeds.

### RECOMMENDED RECIPES

#### Miss M. Cooper; Mrs. F. Plowman

##### MEXICAN CORNBREAD

1 cup cornmeal  
1 cup cream corn  
2 eggs  
1 cup buttermilk  
1 tsp. salt  
1 tsp. baking powder  
1/2 cup corn oil  
1 small diced onion  
1 small can green chilies (hot if preferred) diced  
1 cup grated sharp cheese  
Mix ingredients as listed and pour into hot greased skillet. Bake about one hour at 350 degrees. Makes large skillet full.

##### ITALIAN ROAST

4-6 lb. roast  
4 tbsps. olive oil  
1 cup dry white wine  
1/2 cup canned Italian tomatoes  
5 small cloves crushed garlic  
1 medium onion, halved  
Parsley  
2 bay leaves  
2 tbsps. salt  
1 tsp. pepper  
1 tsp. dried basil  
1/2 tsp. dried thyme  
Brown roast in olive oil on top of stove. Pour in wine. Add other ingredients. Cover and simmer for four hours, or bake at 225 degrees for four hours.

##### RUBY PIE

1 1/2 cups sugar  
7 tbsps. flour  
1 tsp. cinnamon  
1 tsp. nutmeg  
1/2 tsp. allspice  
1/4 tsp. cloves  
2 1/2 cups milk  
1/2 stick butter or margarine  
6 eggs, separated  
2 pie crusts, pre-baked  
Mix dry ingredients together, add 1 cup milk and butter and cook until thickened. Add remaining 1 1/2 cups milk and egg yolks. Continue cooking until thick. Cool before pouring into crusts. Use egg whites for meringue; spread over pie and brown in medium oven. Makes two pies.

##### SKILLET CABBAGE

1 medium onion, chopped  
1 bell pepper, cut or sliced  
4 cups cabbage, chopped  
2 tbsps. butter or margarine  
2 tbsps. water  
Salt and pepper to taste  
8 oz. bar cream cheese  
Mix in skillet all ingredients except cream cheese, cover and simmer for 10 minutes. Do not brown. Crumble cream cheese over top of cabbage and stir well

until coated and creamy.

##### MEAT BALLS

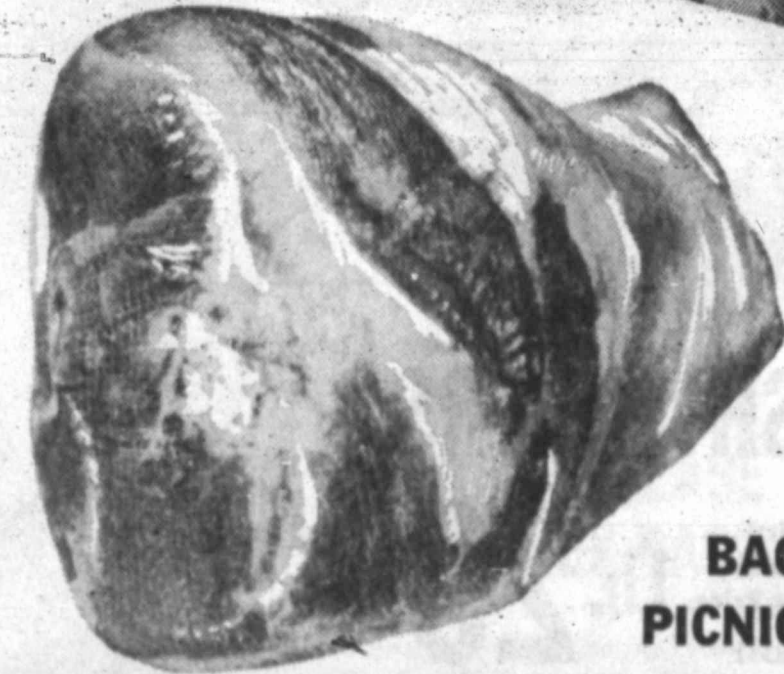

1 1/2 lb. ground meat  
1/4 cup rice, uncooked  
1 medium onion, diced (optional)  
1/2 green pepper, chopped  
2 medium carrots, grated  
1 medium potato, grated  
1/2 cup cheese, grated  
1 tsp. salt  
1/4 tsp. garlic salt  
1 cup tomato or V-8 juice  
1/4 cup catsup  
1/2 cup water  
Place tomato or V-8 juice, catsup and water in roaster or pressure cooker and heat. Combine other ingredients and mix well. Shape into balls and drop into hot juice mixture. If using the pressure cooker, cook at 10 pounds pressure for 15-20 minutes. If using roaster or baking dish, bake covered at 350 degrees for one hour.

##### POUND CAKE

2 sticks butter  
2 cups sugar  
4 eggs  
2 cups flour  
1 tsp. vanilla, 1 tsp. mace, or juice from 1 lemon and 1/2 orange  
Cream butter and sugar until well mixed; add eggs one at a time and continue beating until light and fluffy. Add flour and beat on low speed for about two minutes. Add choice of flavoring. Pour into greased and floured tube pan and bake at 300 degrees for about one hour, or until cake springs back.

##### STRAWBERRY ICE CREAM

6 eggs  
1 1/2 cups sugar (increase to 3 cups if fresh strawberries are used)  
2 cups milk  
1 pt. whipping cream  
1 large can condensed milk to fill freezer  
Beat eggs and sugar in mixer at high speed. Add two cups milk and continue to mix until well blended. Pour in pan over low heat or in top of double boiler and cook until thick. Remove from heat and return to mixer and stir at high speed until well mixed. Add whipping cream and condensed milk.  
Blend strawberries with sugar in blender until thoroughly liquefied. Add to milk mixture and mix at high speed for about two minutes. Pour in gallon freezer. Add sufficient milk to nearly fill freezer.

### Foreign Menus Accent American Dishes Well

Foreign cookery certainly has its charm. When its exotic accents are adapted to American foods and seasonings adjusted, the ideas can give menus an inspiring lift.

Take, for example, ham cut in cubes from the leftover baked ham which has already made a splashy showing at its first appearance. The cubes are combined with fruits as well as their liquids thickened with cornstarch, perked with ginger, soy sauce and cinnamon.

Since all the foods are either cooked in advance or canned, it takes only a few minutes to put this dish together. Use it soon as a luncheon entree when entertaining your club members.

The menu needs only a tossed green salad, coconut cake and tea with lemon for completion.

**POLYNESIAN HAM CUBES**  
1 lb. cooked smoked ham, cut in 3/4-inch cubes (about 3 cups)

1 can (11 ozs.) mandarin orange segments  
1 can (13 1/2 ozs.) pineapple tidbits  
Water  
2 tbsps. cornstarch  
1/4 tsp. cinnamon  
2 tbsps. soy sauce  
1/4 tsp. chopped crystallized ginger or 1/4 tsp. ground ginger  
2 tbsps. chopped onion  
2 tbsps. chopped green pepper  
1 cup sliced cooked celery  
3 cups cooked rice  
Drain orange segments and pineapple tidbits, reserving liquid. Add enough water to fruit liquid to make two cups liquid. Combine cornstarch and cinnamon in a saucepan. Add fruit liquid, soy sauce, ginger, onion and green pepper. Cook, stirring constantly, until thickened. Add ham, fruit and celery. Cook until heated through. Serve over rice. Six to eight servings.
