McLendon May Give Up Candidacy

AUSTIN (AP) — Close associates of Gordon McLendon said today they have not heard from the Dallas based radio-TV executive since the weekend but they consider him out of the governor's race.

"The last time I talked with him he was considering quitting and I do know orders were given to close the state campaign office in Austin," said an associate who asked not to be quoted by name because McLendon has made no definite announcement himself.

There were several published reports during the weekend, apparently originating from a regional meeting of Democratic party leaders in Dallas, that McLendon was withdrawing as a Democratic candidate.

Veloz In Race

AUSTIN (AP) — State Democratic Headquarters said today that Alfonso Veloz of Houston has paid his \$1,000 filing fee to run for governor.

Veloz mailed his check under a Feb. 8 postmark, officials said. Feb. 8 was the filing deadline.

The Democratic office was closed Friday, Saturday and Sunday while officials attended a regional party meeting in Dallas.

Veloz is the 11th Democratic candidate for governor.

Over Fall Total

Howard County Junior College eased past its autumn semester total for full-time students today when two more registered. The total for the spring semester now is 557, two more than for the fall. Deadline for signing is 8:30 p.m. today. The over-all figure, including allied vocational courses, is 1,015, of which 970 are in the academics field.

OUT AT SEA

Strong Quake

NEW YORK (AP)—A very strong earthquake, probably in the China Sea, was recorded at 1:04 a.m. today on Fordham University's seismograph, the university reported.

A spokesman placed the distance from New York at about 8,800 miles.

Slow Pay Problem

NEW YORK (AP) — Hundreds of New York City pharmacists voted Sunday to stop filling medical prescriptions in protest to what they termed long delays in payments to them.

Children Killed

BY THE ASSOCIATED PRESS

Eighteen children in two families died Sunday in fires at Franklin, Pa., and Howick, Que., near Montreal. Four other persons, including at least one American, died in an Acapulco, Mexico, hotel fire that injured more than 20.

Counting two adults killed at Howick and Franklin, the three fires took 23 lives.

Eighteen Chinese were killed early today in a fire at Hong Kong that destroyed a tenement building. Scores of impoverished families were left homeless.

Ten children were killed in Pennsylvania as their mother, widowed just over two weeks ago, screamed for them to jump from the second floor of their flame-filled home.

The Red Cross identified one of the Acapulco dead as Robert Mayo Davis, 68, of Raleigh, N.C., four of six persons admitted to a hospital were U.S. citizens. The beachfront Hotel Majestic fire started in a night club packed with winter vacationers and swept the lower floors. Many persons jumped from the hotel into the surf of Acapulco Bay. U.S. sailors put out boats to rescue them.

Doesn't Want Money

Clint Wescott, who says he's been on the bum for 15 years, lights up after refusing \$19,219.68 waiting for him in two New York banks.

'Rather Stay At Bottom'

LOS ANGELES (AP) — "I'd rather stay at the bottom of the barrel. I'm not ready yet to go over to the other side."

With these words bearded, tattered Clint Wescott, 51, who says he's been on the bum for 15 years, refused \$19,219.

"Hand me a dollar," he said. "I'll take it—buy a little drink, a little smoke. But I don't want the nineteen thousand."

DON'T WANT
"I just don't want the money."

The money belongs to Wescott, who sleeps in weeds in a vacant downtown lot and lives with his friends "One-eyed Jack," "Big Swede," and "The Missing Man."

His current assets are 44 cents, he says.

The money is from the foreclosure sale in 1961 on a gas station in Burnt Hills, N.Y., near Schenectady, that Wescott abandoned in 1953 when he headed west. The \$15,124 sale price plus interest are in two bank accounts.

A law firm, appointed by the New York Supreme Court to handle the case, has searched for Wescott since 1961.

Two weeks ago, Wescott told newsmen of his friends and their home in an undeveloped area a few blocks from the county courthouse.

In Burnt Hills, attorney John P. Brown read the story. Brown phoned the Los Angeles Times and told of the money-owed Wescott.

Said Brown "Finding Clinton is a great relief. The sooner I hand over the money to him, the better I will like it." He said Wescott had been a popular resident of the town and had built the station with his own hands.

"Then suddenly one day 15 years ago he said the hell with it and took off," said Brown.

Brown sent a letter to the newspaper carrying a separate note informing Wescott of his wealth.

Reporters found Wescott over the weekend asleep in a pile of newspapers beneath a bridge. He ignored the tale of his fortune.

"It's not a bad life, Wescott said. "No cares." A man lives in the weeds with \$30, \$40 in his

pocket—it's a different story. A few dimes, pennies. There's no danger of anything.

'I'M RICH'

"I'm rich. This is all the richer I want to be. Enough to buy a short jug. That's all I want out of life now. No taxes, no rush to work. Rush home from work. Nothing."

"One of these days I'll go straight. I'll climb out of the bottom of the barrel. But I'm not ready. Not now anyway."

Soviets Encourage Vietnamese Reds

But Talk Peace With U.N. Chief

MOSCOW (AP) — The Soviet Union publicly urged on the Vietnamese Communists to new victories today while Kremlin leaders secretly discussed peace prospects with U.N. Secretary-General U Thant.

After his talks, Thant departed for London to confer with Prime Minister Harold Wilson. He had come to Moscow from India where he met with U.S. Ambassador Chester Bowles and a North Vietnamese diplomat.

CO-CHAIRMEN

Britain is co-chairman with the Soviet Union of the Geneva conference which ended the French-Indochina war in 1954. India is a member of the International Control Commission for Vietnam.

Complete Soviet support for the peace programs of Hanoi and the Viet Cong, and promises of continued aid in fighting the United States, were given here while Thant was meeting with Premier Alexei N. Kosygin, Communist party General Secretary Leonid I. Brezhnev and President Nikolai V. Podgorny.

Thant refused to talk to reporters before he left.

Thant's London schedule

called for a meeting Tuesday morning with Foreign Secretary George Brown and luncheon with Wilson before departing for New York.

Wilson said Sunday after a visit to Johnson that he supported President Johnson's San Antonio formula as the road to peace in Vietnam. He said he had carried the proposal to Kosygin when he visited Moscow Jan. 22-24.

ASSURANCE

Johnson in a speech in San Antonio, Tex., last September promised an end to the bombing of North Vietnam when there is assurance from the Communist side that this will lead to prompt, productive peace talks.

North Vietnamese Foreign Minister Nguyen Duy Trinh said last week the talks could begin as soon as the bombing stopped.

Wilson was interviewed on the CBS television-radio program "Face the Nation."

British Conservative party leader Edward Heath accused Wilson on his return to London Sunday of "lecturing" Johnson instead of supporting the President when, in a speech at the White House Friday night, he advised the President to ignore "impatient and exasperated demands" for intensification of the fighting. But the New York Times said it was thought Wilson "spoke with the President's advance knowledge and approval." In other words, Mr. Johnson used his visitor to strengthen his own hand against advocates of escalation.

In Paris, neutral sources with close contacts in Vietnam suggested that the aim of the Viet Cong offensive in the cities was to unsettle or discredit the Saigon government to keep it out of future peace negotiations.

These sources also said a chance to start negotiations apparently was close recently, but that prospects have dimmed considerably as a result of the military situation.

They said the Viet Cong goal appears to be to kill, kidnap or threaten so many government officials that President Nguyen Van Thieu's government can no longer be considered operating, and any peace negotiations would be between the United States on one side and North Vietnam and the Viet Cong on the other.

In the United States, Senate Majority Leader Mike Mansfield said Sunday that the Communist offensive against South Vietnam's cities had made clear that no part of the country is secure.

Planes Bomb Red Holdouts

SAIGON (AP) — Vietnamese warplanes bombed and strafed Communist forces holding out in Hue's Citadel today after U.S. Marine reinforcements were sent into the walled fortress for the first time in the two-week battle.

The allied assaults were part of an all-out effort to drive the Communist North Vietnamese regulars and Viet Cong guerrillas from areas they have held since Jan. 31.

AIR ATTACK

The Communists, holding the Citadel's southeast corner, put up a hail of .50-caliber anti-aircraft fire at the attacking planes. Cloudy cover lifted to permit the first air attack on the fortress in 10 days.

Two companies of Marines—about 300 to 400 men—entered the Citadel from landing craft sent up the Perfume River Sunday and another two companies of Leathernecks were taken to the Citadel's northern wall by assault boats today.

The Marines have already recaptured the southern part of Hue in a series of street battles in the old imperial capital since the Communists attacked Hue in the early stages of their big offensive against 35 cities and

towns. South Vietnamese troops pushed the Communist troops into one corner of the Citadel but had been unable to drive them out.

The U.S. Marine force in Hue was about 1,000 men. AP correspondent George McArthur reported from Hue that the Marines were meeting only occasional sniper fire in the southern part of the city 400 miles north of Saigon.

He said there were indications all North Vietnamese troops had withdrawn from the fighting for the south side, leaving only local guerrillas, including some who infiltrated among the 30,000 civilian refugees.

Lt. Col. Phan Van Khoa, province chief, mayor of Hue and district military commander, said Communist troops in Hue executed 300 civilians Friday and buried them in a mass grave south of the city. He said the grave was in an area not yet reached by allied forces but that his reports of the executions were precise and unquestionable.

The victims were province officials, technicians, policemen and others who long had been marked for death by the Communists, he said.

CAPTIVES

A Vietnamese civilian reported 125 to 150 Catholics being led from the city as captives Saturday.

Fighting also continued in Saigon and its suburbs for the 13th day, and communiques and field reports said U.S. and South Vietnamese infantrymen, helicopter gunships and fighter-bombers killed 223 Viet Cong in running battles around a government ammunition dump a mile northeast of Tan Son Nhut Air Base and near the Saigon racetrack on the city's western outskirts.

OLD JOHN CAME THROUGH!
Mark Barr and his champion Hereford

Mark Barr Has Champ

By SAM BLACKBURN

Mark Barr did it!
His 1,148 pound Hereford steer, John, won the grand championship of the San Antonio Fat Stock show at 11 a.m. today.

DUPLICATED
His victory duplicated that of his younger brother, Maxwell, who won the same honor at the same show in 1967.

Maxwell came back from the San Antonio show \$8,700 richer than when he entered it. Mark will be lugging home about the same, or possibly a little more, cash when he gets back in Howard County this weekend.

Mark's steer, from the J. C. Sales herd in Martin County, had won the junior show championship at San Antonio Saturday. This morning he was matched against the open show champion and the judge gave the Vincent youth's animal the nod.

Mark and Maxwell are the sons of Mr. and Mrs. Buddy Barr of Vincent. They have a

long record of winnings in the biggest stock shows of the country. It is not common, however, for one youngster to take the top spot in one year and have his brother accomplish the same feat a year later.

Mark is a Coahoma High School student and a long-time member of the Howard County 4-H Clubs.

James Shelton, assistant county agent who is in San Antonio, said that Mark's victory Monday was closer than the one he scored Saturday in the junior division.

"It doesn't matter," said Shelton jubilantly, "he made it. That's what counts."

OTHERS WIN

Two years ago, Dolores Lankford, another Howard County youngster, won the grand championship at the Fort Worth show. Last year, Maxwell took the top honors at San Antonio.

Now Mark has joined these experts and has his own rosette to prove it.

Along with a lot of lovely cash.

Monday morning in the open competition, Dolores Lankford came out with a third place in medium weight and ninth place in heavyweight.

Holguin Missing In Vietnam Action

Spec. 5 Ismael Holguin, 20, son of Mr. and Mrs. N. R. Holguin, 1002 N. Gregg, is missing in action in Vietnam and has not been heard from since Feb. 7.

Young Holguin, a native of Big Spring and a graduate of Big Spring High School, class of 1966, has been in Vietnam for eight months.

TELEGRAM

A telegram from the war department was delivered to Mr. and Mrs. Holguin and to Spec. 5 Holguin's young wife, Concha, Sunday. The message said that Holguin was last heard from aboard a military vehicle. The "disturbed conditions" in the area is handicapping efforts to locate him. The family was told additional information would be dispatched as soon as available.

The missing soldier entered the service Jan. 11, 1967. He and his wife were married here May 27, 1967, and he was sent to Vietnam in July.

He was born here Feb. 28, 1947. His two sisters and six brothers all were born in Big Spring. One brother has just returned from a hitch in the military service in Germany.

His father came to Big Spring in 1930 and worked for the Texas & Pacific Railway for 18 years. He then became custodi-

an at Kate Morrison school — a post from which he retired in 1967.

RELATIONS

Relations of young Holguin, in addition to his parents and his wife, are six sisters, Mrs. Mary Arispe, Waco, Mrs. Alice Fierro, Milwaukee, Wis., Mrs. Isabel Anguiano, Mrs. Anita Valles, Mrs. Cruz Martinez and Mrs. Hope Mendoza, all of Big Spring; two brothers, David Holguin and Raymond Holguin, also of Big Spring.

Navy Jet Hits Bay Bridge

SAN FRANCISCO (AP) — Two men in a Navy jet trainer, hurtling through thick fog, crashed in flames into the San Francisco-Oakland Bay Bridge, scorching girders and tearing crosspieces Sunday.

REMAINS

Shattered remains of the T33, which had taken off from near-by Alameda Naval Air Station, continued past the five-lane westbound upper bridge roadway and about 180 feet down to the water. Engineers said a damaged bridge girder would have to be replaced.

Coast Guard boats and Navy divers operating from a barge searched for the two fliers in 50 feet of water. The search, suspended because of darkness, resumed today.

The Navy identified the two men as Lt. Anthony V. Miller, 33, of Palm Desert, Calif., and Lt. Bruce C. Turnbull, 34, of Los Angeles. Both were members of Reserve Attack Squadron 773 stationed at Los Alamitos Naval Air Station in Southern California. The Navy said they were on a routine weekend training mission.

Here Are Few Major Tips About Filing Your Return

(EDITOR'S NOTE—It is that time of year again—time to file your return. What to do? How to fill out the forms? What to look for? The following list of five articles on what to know about filing your income tax forms answers many of your perplexing questions.)

By JAMES MARLOW
Associated Press Writer

WASHINGTON (AP) — Here are some main points about filing your income tax return on 1967 income.

Deadline: Midnight, Monday, April 15. List your Social Security number on your return, if you have one. There's a penalty for failing to do so.

Enclose with your return all W-2 withholding receipts given you by employers to show how much tax was withheld from your pay last year.

If too much was withheld, you can get a refund but only by filing a return.

\$600 OR MORE
Here are other points:
Income—Some kinds are taxable, some not. Report only the taxable kind on your return.

Some taxable income: wages, salaries, bonuses, commissions, fees, tips, dividends, interest on savings accounts and U.S. savings bonds, profits from business, rents, royalties, prizes and awards when you did something to win them.

Some nontaxable income: Social Security, gifts, inheritances, bequests, life insurance payments on death, dividends on veterans insurance, disability retirement payments and other benefits paid by the Veterans Administration, workmen's compensation insurance, damages for injury or death, and Railroad Retirement Act benefits.

Who must file a return? You must, whether or not you owe any tax, if you had \$600 or more taxable income last year and were under 65 (\$1,200 if you were 65 or older). The same goes for your wife.

You were considered 65 for all of 1967 if your 65th birthday was as late as Jan. 1, 1968. Children with \$600 or more of the taxable kind of income must file a return. Parents are responsible for doing it if the child can't.

Self-employed—You must file a return, no matter your age, if your 1967 self-employment income was \$400 or more. Use Form 1040 and Schedule C for this.

Joint or separate returns? Husbands and wives usually save by filing jointly, even if the wife had no income.

An under-65 wife with \$600 or more taxable income (\$1,200 if 65 or older) must file a return, either jointly with her husband or separately. If in doubt on which to do, try both ways before deciding.

EXEMPTIONS
If a wife files separately, she claims her own exemption on her return and her husband claims his exemptions on his return. When filing jointly, they must claim all their exemptions on that one return.

Exemptions—Each exemption you can claim means that much (\$600) knocked off your income before what's left is taxable.

Anyone filing a return gets a \$600 exemption for himself if he was under 65 (\$1,200 if 65 or older).

You get a \$600 exemption for your wife if she was under 65 (\$1,200 if 65 or older) but only if she files jointly with you or, if she had no taxable income, fails to file jointly and is not claimed as a dependent by someone else.

While an under-65 wife with less than \$600 income (or less than \$1,200 if 65 or older) is not required to file a return, if she had any taxable income at all, no matter how small, the husband can not claim an exemption for her unless she files jointly with him.

The person filing a return gets an extra \$600 exemption for himself if he was blind in 1967 and an extra \$600 exemption for his wife if she was blind. Remember: a wife is not considered a dependent.

Exemptions for dependents—Anyone filing a return also gets a \$600 exemption for each dependent he can rightfully claim. But he gets no extra \$600 for a blind dependent and no extra \$600 because a dependent was 65 or older.

SOCIAL SECURITY
Social Security tax and income—under or over 65—and even though you are receiving Social Security payments—you must pay a Social Security tax on any taxable earned income.

Deductions—Anyone filing a return can deduct a certain amount of his income, before what's left is taxable, for some kinds of personal expenses. There are two basic rules:

1. There's the government-let-anyone-take-it rule. The government lets anyone take, even though it may be larger than actual expenses. You can take this without having to show what your expenses were by listing them.

2. There's the government-let-nearest-IRS-office-or-from-the-Superintendent-of-Documents, Washington, D.C., 20402.

Or, if your deductible expenses were more than the standard deduction permits, you can claim them in full but only if you itemize them to prove you had them. In this case you must use Form 1040 and figure your own tax.

How to find your tax—You find it in the tax table or figure it yourself. The tax table is in the instruction sheet sent all taxpayers by the Internal Revenue Service. Not all people can use it.

Only those with under \$5,000 income can use the table, and not all of them. If they can't use it, they must figure their own tax by using one of the tax rate schedules which are also in the IRS instruction sheet.

G.I. RULES
People with \$5,000 or more income must figure their own tax from the tax rate schedules. What tax form to use—There are two main forms: 1040 and 1040A. The latter, a punchcard, is simpler. Briefly, here are the rules:

1. Only under-\$10,000 income people can use 1040A. And not all of them can. You must fit certain conditions to use it. More on this later in this series.
2. People with \$10,000 or more income must use 1040. So must the under-\$10,000 people who can't use 1040A. And so must people itemizing their deductions.

Service men—There are special rules for military people who served in Vietnam.

1. An enlisted man's pay doesn't have to be reported and is tax-free for any part of a month in which he served in Vietnam and its adjacent waters or was hospitalized anywhere as a result of wounds, disease, or injury incurred in Vietnam or those adjacent waters.

2. A commissioned officer is also exempt from 1967 tax on the first \$500 of pay for any month under the same conditions explained above for enlisted men.

Information—The information given in this series is limited by length. If you need more, consult the IRS instruction sheet or for 50 cents, buy the government's 160-page booklet, "Your Federal Income Tax," from the nearest IRS office or from the Superintendent of Documents, Washington, D.C., 20402.

TRUSTEES TO PICK NEW IJ OFFICERS
The annual membership meeting of the United Fund was to be held today at 5 p.m. in the Chamber of Commerce conference room.

R. J. Ream, president, said that the board of trustees of the fund would meet immediately following the membership meeting to elect new officers and discuss projects for 1968.

Lions, Ladies Turn Out For Country Club Event

More than 100 Lions and their ladies turned out Saturday evening for the dinner affair staged by the Downtown Lions Club at the Cosden Country Club.

J. Marvin Allen, San Angelo, governor of District 2A-1, urged Lions to have a right attitude toward their club in its community service.

"Plug yourself into your community," he said. "If you make it part of your time, talent, and energy. It makes no difference what Lions International does, the only thing that Big Spring knows about Lionism is what Allen reported that this dis-

trict now has 64 clubs and 3,104 members, the largest in its history. He was introduced by Dr. Marshall Cauley, district deputy governor, and Jimmy Ray Smith, president, was in charge of the meeting.

Smoke Damage

Firemen answered two calls during the weekend. At 7:35 p.m. Saturday a trash can behind the 7-11 Store, 1801 Gregg, was on fire. No property damage was reported. On Sunday at 8:30 p.m. firemen were called to the home of W. R. Gamble, 1310 Mobile, where a mattress was on fire. The residence received smoke damage.

Mr. and Mrs. Cecil Thixton have returned from Houston where they attended the National Indoor Championship Motorcycle Association races in the Astrodome. Also at the meet from here were Bill Guinn and son.

The Thixtons were in Houston for the Texas Motorcycle Dealers Association annual meeting. Gary Nixon, Baltimore, Md., won the expert division competition and Steve Ellsworth, Lawndale, Calif., the amateur division before a crowd of 31,372 Saturday night. This was the largest contingent ever to witness a national indoor meet.

Nixon, the 1967 national champion point winner of the AMARA, won the 25-lap event in 6:31 minutes; Ellsworth traveled the shorter 10 laps in 2:39. Eighty-seven experts and 70 amateurs rode in the races.

Sen. McCarthy Hedges On Rockefeller Support

By The Associated Press
Sen. Eugene J. McCarthy of Minnesota, a candidate for the Democratic presidential nomination in opposition to President Johnson's Vietnam war policy, says he'd prefer Johnson's reelection to "any of the Republicans who are in the running."

NIXON NIXED
McCarthy specified former Vice President Richard M. Nixon in his remarks to interviewers Sunday. But when a newsman asked him whether he would support Republican Gov. Nelson A. Rockefeller of New York, McCarthy replied: "I re-

serve the right to look at the whole picture come next fall." Nixon is an announced candidate for the GOP nomination; Rockefeller says he isn't a candidate and supports Michigan Gov. George Romney.
McCarthy was interviewed on NBC's "Meet the Press."
He said his endorsement by the Americans for Democratic Action Saturday was more valuable to him because Johnson supporters tried to block it.
ADA BACKING
The Minnesota Democrat said support of his campaign by Sen. Robert F. Kennedy of New York

would be helpful. But, McCarthy added, "I don't know why I should ask for it. He knows where I am... and he knows what the issue is all about."
Kennedy, who also opposes Johnson's war policy, has said he will remain neutral on the choice of a Democratic nominee.
The ADA, a liberal group, voted 65 to 47 to endorse McCarthy at a meeting of the governing board in Washington. But the resolution of endorsement also expressed recognition that many ADA members do not

Sparkling Echo 1 Might Drop Back To Earth Soon

WASHINGTON (AP) — Echo I, the U.S. satellite that long has ranked as the brightest and most easily observed spacecraft orbiting the earth, appears to be about to die.
The Goddard Space Flight Center, Greenbelt, Md., confirms reports by amateur sky-watchers that the balloon-like Echo—observed by millions of people in virtually every country since its launching Aug. 12,

1960—may drop back to earth any time.
UNPREDICTABLE
A Goddard spokesman said the North American Defense Command has forecast, on the basis of computer studies of the satellite's recent orbits, that it may fall into the earth's atmosphere about March 31.
But Echo I is a large, very light spherical object and therefore somewhat unpredictable. The world's first passive com-

munications satellite could disappear a week or two earlier than the computed date. Or, if the solar pressure that has been driving it earthward eases slightly, the sphere could remain aloft well into April.
Scientists attribute recurrent changes in its orbit to air drag—the friction resistance of the thin atmosphere to the satellite's surface—and to the solar wind, a product of the sun's energy.
On most spacecraft these effects are negligible, but Echo's light weight and great mass make it susceptible to the slight pressures.

Mystery Death Hikes Hindu-Moslem Tension

NEW DELHI (AP) — Police in New Delhi and other cities went on the alert today to meet possible Hindu-Moslem violence following the mysterious death of the president of a right-wing Hindu party.

Parliament and a Jan Sangh member until two months ago, told newsmen "It was a clear case of murder. It was planned murder." Other Hindu leaders made similar charges.

Hindu-Moslem tension rose last week in Kashmir State after the head of a cow was found and Moslems were blamed for the sacred animal's slaughter.

The body of D. D. Upadhyaya, president of the Jan Sangh party since its founding in 1952, was found Sunday on a railway platform at Moghalsarai, in Uttar Pradesh State, about 200 miles southeast of New Delhi.

Communal bickering also came up in the opening budget session of Parliament in New Delhi today. The Communists and Socialists walked out on a speech by President Zakir Husain and members of the DMK party from Madras State boycotted the session. The DMK party is among those resisting imposition of the Hindi tongue in Madras.

Upadhyaya, who had been traveling to the state capital of Lucknow, was reported to have died of skull and lung injuries, but no further details were made public.

Trustees Face Bulky Agenda

Big Spring school trustees will tackle a lengthy agenda which includes a P-TA request, a review of bids and miscellaneous reports at their regular meeting Tuesday. The meeting will begin at 7:30 p.m. in the board room.

Members will give consideration to a hard-pressed play area for Kentwood School as a proposed cooperative project from the Kentwood P.T.A. Bids will be reviewed for the purchase of a dump truck for the maintenance department and a stevan for the school cafeteria.

S. M. Anderson, superintendent will present a study of the contracts of school administrative and supervisory personnel and will report on additional Title 1, Public Law 80-10 funds for the 1967-68 school year.

Also included, as time permits, will be the presentation of studies of pupil enrollment in certain elementary school attendance areas, Anderson said.

The bidding has proceeded:
South West North East
1♥ Pass 1♠ Pass
3♥ Pass 3NT Pass

Horoscope Forecast
—CARROLL RIGTER

Q. 1—As South, vulnerable, you hold:
♠KJ8 ♣AJ10 ♦Q1093 ♣J88

What do you bid now?
A.—Two no trump. Despite the lack of a club stopper this is easily the most descriptive call on your balanced holding. Following an original pass this bid shows 11-13 high card points and asks partner to go on with any value approximating a sound opening.

GENERAL TUESDAY: Today's Full Moon gives all sorts of opportunities to see things in their most comprehensive light. In whatever you wish to do that is broad in its scope and generous in its applications can be placed in motion with less difficulties and a greater chance for success than for some time. Think big.

Q. 2—Neither vulnerable, as South you hold:
♠J43 ♣K6 ♦K85 ♣A8543

What do you bid now?
A.—Four spades. While you have a very sound hand, no stronger call is indicated. Inasmuch as you have already described a highly respectable holding by your take-out at the level of two.

TAURUS (April 20 to May 20) You want to experiment with some new and if you take it into your confidence, all goes fine. Plan some entertainment at home in P.M. You could combine business with pleasure at that time.

Q. 3—Neither vulnerable, as South you hold:
♠AQ8753 ♣AK64 ♦Q7 ♣2

What do you bid now?
A.—Four spades. Prospects looked very bright when partner opened the bidding but his subsequent actions have dimmed all hopes for slam and a simple game should now be your goal. Holding a singleton club, four spades looks a little safer.

GEMINI (May 21 to June 21) Good day to get in touch with those persons who can give you data that has been elusive in the past. Dash about here and there, but be very careful while driving. Do not take any unnecessary chances in anything.

Q. 4—Neither vulnerable, with a 70 part score, as South you hold:
♠AQ4 ♣7532 ♦A98 ♣J96

What do you bid now?
A.—Double. West was not anxious to let you get vulnerable and he may live to regret his lack of generosity. Whatever strength he hoped to find in his partner's hand is in your possession and the size of his loss will depend on the strength of your partner's club holding.

SCORPIO (Oct. 23 to Nov. 21) Being with prominent persons of places of note is good, since you can rise to the heights. Now, if you play your cards right, be more streamlined in your career. Show that you are up-to-the-minute.

Q. 5—As South, vulnerable, you hold:
♠AK9 ♣AK8532 ♦A74 ♣10

What do you bid now?
A.—Five clubs. Partner obviously holds a highly distributable hand, probably 6-4-2-1, and a good one since he preferred to raise our diamonds first rather than make a rebid in his own suit. Our ace is tremendous and make slam prospects very strong. It is not possible to show both of them at this point, but a cue bid in clubs may prove sufficient to induce partner to contract for a slam.

SAGITTARIUS (Nov. 22 to Dec. 21) If you get out of that dull routine, you find many new and interesting outlets are open to you. But you have to be modern-minded. Some new contact with different people to yours can be of infinite help. Listen to this person.

If we weren't sure of winning, we wouldn't be making comparisons.

Fashion Flattery To Make You Beautiful

By MARY SUE MILLER

In determining the flattery of your clothes, the first consideration is line: how the line of a silhouette and of the detailing affect your figure.

Making judgments, even for women with a sixth sense about fashion, is not always easy. This is particularly true at the moment when fashions take off in several directions from the long established skimpy shapes. As witness skirt silhouettes, now ranging from the look of straight - hanging, narrow pleats to a swirl of short box pleats; from gathers at the waist to full circle hemlines.

All those treatments are delightful but not for all figures. To make the best choice, let this art principle be your guide: Vertical lines (see illustration 1) slim and lengthen the figure. The longer the vertical, the stronger the effect. Short verticals spot-treat the figure. For example, north - to - south pocket slits in a skirt front would slim the hips.

Diagonal lines (Ill. 2) increase the figure's swing. They cut girth but must be extreme to influence height. Diagonal details, such as lapels and stitching are always flattering.

Horizontal lines (Ill. 3) add width and subtract height. For all but slender figures, they are best employed as spot-treatment - in a high-rise belt or banding, for example, to fill out the bosomline.

Which is for you? Stick with it for flattery's sake!

Alf Raps Arms Use

TOPEKA, Kan. (AP) — The use of strategic nuclear weapons in Vietnam would be lunacy, Alf M. Landon said Sunday night.

The former Kansas governor and 1936 Republican presidential candidate said at a Youth Week dinner that "Even if we could win over communism in Vietnam, we could still lose the war on our dollar, and then communism would still emerge victorious."

"We are attempting to police the whole world at enormous financial cost and are not adequately meeting the demands of the times for a viable economic and social structure with decent respect for the law and order in America," he said.

Race Relations Day Draws Crowd

A large crowd, estimated at upwards of 1,000, took part in a five-congregation observance of Race Relations Day at the evening service of the First Baptist Church.

Choirs of the Le Fe Baptist Church and Primera Iglesia Baptist Church, and Mount Bethel Baptist Church had special numbers, and the Rev. Melvin Montgomery, Mount Bethel pastor, brought the message. In carrying out Christ's great commission, he said, Christians sometimes find that their world is right around them. The charge is just as binding on them to spread the gospel and spirit of Christ as it is upon the foreign missionaries. Rev. Clyde Campbell, Hillside Baptist pastor, presided over the special service.

South Korean Considering Trip To U.S.

SEOUL (AP) — South Korean President Chung Hee Park is reported considering a trip to talk with President Johnson if U.S. presidential envoy Cyrus Vance doesn't resolve the U.S.-South Korean rift over Korean security.

Vance and Park met for the first time today. Vance's mission is to quiet South Korean fears that the United States is tending toward appeasement in the Pueblo incident and neglecting the increase in the infiltration of armed North Koreans into the South.

Johnson sent Park a personal letter last Thursday, and Vance was expected to deliver another such letter today. Informed Korean sources said Johnson may have invited Park to Washington and, depending on the results of his talks with Vance, Park may decide to go.

In a move welcome to the South Koreans, the American officers who head the U.N. Command in Korea asked for a meeting with North Korea to air claims of Communist truce violations "in and through the demilitarized zone."

North Korea rejected the command's proposal to meet today, but it was indicated that the Communists proposed meeting Wednesday and that this would be acceptable to the U.N. side.

A U.S. military spokesman said four North Koreans crossed into South Korea around midnight Sunday, but American sentries repelled them in a brief clash. No casualties were reported.

There was speculation that Vance would also meet with North Korean representatives before his scheduled departure Tuesday afternoon. The United States and North Korea have held five secret meetings since the Communists seized the U.S. intelligence-gathering ship Pueblo Jan. 23.

No official reports have come out of the talks, but reliable Korean sources said they believed three injured Pueblo crewmen and the body of one sailor who died would be returned soon.

The secret meetings miffed the South Koreans, traditionally strong allies of the United States, who are more concerned about the security threat raised by the Communist commando raid into Seoul Jan. 21 in an attempt to assassinate President Park.

The commandos failed, but a police chief was killed in a gun battle with them only 300 yards from the presidential mansion. Allied forces later killed 27 of the infiltrators and captured one.

Boom Predicted

FORT WORTH (AP) — Dr. Harold Goldberg, vice president and general manager of the Garland Division of LTV Electronics, Inc., said recently he believes the Fort Worth-Dallas area sales in electronic products in 1968 will equal the \$1.3 billion level of 1967 but that growth prospects are brighter for the years ahead.

By 1970, he told the 1967 Electronic Outlook Conference, the area electronics industry should reach \$1.7 billion in sales "and during the 1970 decade we may increase our electronic sales growth rate to better than 20 per cent a year."

Hands Up, Up

SALT LAKE CITY (AP) — The two masked thugs who held up Chuck McKenzie, 20, early Sunday did too thorough a job of surprising him.

McKenzie arrived at a bank to make a night deposit of \$1,700 from the restaurant he manages when two men ordered him to hand over the money.

The startled McKenzie threw up his hands. The money sack which he had been holding kept going up. It landed on the bank roof.

Couple Faces Murder Raps Following Chase

PRATTVILLE, Ala. (AP) — Benny Brown and Faye Dawson, a young Georgia couple who vowed they would never be taken alive, were in an Alabama jail today, arrested in connection with two slayings.

Brown, 23, and Miss Dawson, 16, were arrested Saturday night at a roadblock near Macon, Miss., following a chase through three states which left two persons dead and four others wounded.

NO RESISTANCE
Georgia officials reported telephone calls from Brown Saturday warning them not to come after him because he would never be taken alive and saying he intended to make a run for it.

But Mississippi authorities said Brown offered no resistance when captured Saturday night.

"I think at the roadblock Brown saw he didn't have much

of a chance, looking down those shotgun barrels," said J.D. Slay, head of the Meridian, Miss., patrol district.

Brown and the girl waived extradition proceedings and were turned over to Sheriff Phillip Wood of Autauga County Sunday.

TEEN KILLED
Sheriff Gary McConnell of Chattooga County, Ga., went to Prattville Sunday night to confer with Alabama authorities on the Georgia charges. No date for arraignment or preliminary hearing was set and the couple was held without bond.

Brown was charged with murder in the Friday night shooting of Connie Willingham, 16, of Menlo, Ga., in Summerville. Three other youths were wounded in that shooting.

Both Brown and Miss Dawson are charged with murder in the shooting of Hugh Boyd, 47, of Montgomery, Saturday near

here. Boyd's son, 21-year-old Marine Sgt. Harry Neal Boyd was shot and seriously wounded.

Brown and his girl friend just happened to meet the Boyds in Prattville, said Wood. "They didn't give them a chance to talk, explain or anything," he said. "They just shot them."

CRIME SPREE
Authorities pieced together this chronology of events which they believe occurred in the three-state crime spree.

Brown had been in an argument earlier with Willingham and the other three youths in Summerville. On Friday night the four youths in a pickup truck pulled alongside Brown's red sports car. McConnell said the youths told him Brown rolled down the window and opened fire on them with a .38 caliber pistol.

The pair fled and authorities issued a lookout for them in both Georgia and Alabama.

On Saturday, authorities said Boyd and his son were shot after they stopped their car to lend aid to a young couple who flagged them down claiming they had had a hunting accident.

FIVE TIMES
Officers said both men were shot five times. Boyd was killed immediately and his son was in serious condition at Maxwell Air Force Base hospital in nearby Montgomery.

Mississippi authorities said a highway patrolman spotted the Boyd car and followed it. A roadblock was set up and highway patrolmen sat quietly with their car lights out until the car appeared.

Then, all the cars flashed on their lights at once. Troopers said Brown climbed from the car with hands behind his head, leaving the girl and the pistol inside the car.

Authorities said the girl was charged with Brown because she apparently went with him freely.

Stereo Machine, Tapes Recovered
With the arrest of two persons for stealing gasoline, the police have been able to recover 61 tapes and one stereo player, according to Capt. Stanley Bogard, detective division.

Attempts are being made at the present time to identify the stereo and tapes. Capt. Bogard stated the investigation is not completed and there is a possibility that others will be recovered.

'Tooter' Talks With Lawyer

Dick Milstead, attorney, conferred with Tom Norman ('Tooter') King Monday but at noon no announcement had been made of the next step in King's efforts to avoid being returned to New Mexico to face kidnapping charges.

King is being held here on a fugitive warrant. He was arrested near here, Jan. 11, on request of Carlsbad, N.M., authorities. At the time he was with a young housewife he allegedly forced, at gunpoint, to drive him from Carlsbad to Big Spring.

He refused to waive extradition and New Mexico asked a Gov. Connally to order his surrender to New Mexico authorities. The extradition request was granted Friday of last week.

Judge Ralph Caton, 118th District Court Friday appointed Milstead to confer with King and determine if the man has any legitimate grounds to resist removal to New Mexico.

Freight And Passenger Service About Normal

By The Associated Press

Freight and passenger service has returned to near normal on three major railroads following a four-day strike by the brotherhood of railroad trainmen.

The walkout began last Monday on the Missouri Pacific and its subsidiary, Texas & Pacific, and spread Tuesday to the Seaboard Coast Line. The strike affected service in the Midwest, Southern and Southeastern sections of the country.

CREW INCREASE

A memorandum of agreement, which ended the strike Friday, was negotiated in Jacksonville, Fla., where MoPac president Downing B. Jenks and Seaboard president W. Thomas Rice met with union officers. It calls for the railroads to increase the size of 50 per cent of the train crews. Management retained the right to negotiate the issue of the remaining crews.

The walkout was precipitated by a dispute that erupted in 1959 over the number of men assigned to operate trains. The issue had temporarily been shelved by an arbitration ruling in 1965 restricting the crews to

two men. The arbitration was binding only for two years and the union sought to have three-man crews reinstated.

A walkout was threatened against a fourth major line, Union Pacific, but a temporary restraining order prohibited the line's adopting a two-man crew rule and directed the parties to enter into good faith negotiation.

At one time during the strike, a MoPac spokesman said nearly 20,000 of its 23,500 employees were off the job. A similar number was affected at Seaboard.

SABOTAGE RAPS

During the strike, MoPac charged the union with sabotage and vandalism. The union denied the charges.

The railroads also accused the union of an attempt at featherbedding in its proposal to increase crew size. The union said the third man was needed for safety.

All three roads serve a number of arsenals producing ammunition for use in Vietnam and the walkout posed a threat to citrus and vegetable industries in Florida.

Jury Panel Eyes Docket

A jury panel reported to Lee Porter, county judge, at 1:30 p.m. Monday to serve in the trial of criminal cases set for disposition this week.

Dee Jon Davis, county attorney, said Monday morning that he was not certain which case would be called up first and that there was a possibility none of the cases which had been set for today would be ready for hearing.

The docket is to continue through the week.

Davis said that a number of additional pleas of guilty are anticipated this week. There has been a steady trickle of pleas all of last week and these have reduced the docket materially.

Most Americans Are Mentally Ill?

HOUSTON (AP) — In Houston for a meeting on medical aspects of violence, anthropologist Ashley Montagu said Sunday that most Americans are mentally ill, and that the nation's schools and family life are at fault.

"Most Americans are mentally ill, and the American family is an institute for systematic production of mental illness in most of its members," said Montagu, former chairman of the anthropology department of Rutgers University in New Brunswick N.J.

GOOSE COOKED

The scientist said he sees bleak times ahead for all of mankind, saying, "I think the goose is cooked for the human species," but he had particular words for Texas, which he pointed out has the highest gun homicide rate in the world.

"You can rescue a good many

human beings," Montagu said. "I don't know about Texans."

Montagu said Texans mistrust minority groups and lack "all compassion and understanding of what it is like to be completely involved in the welfare of others."

DANGEROUS CREATURES

A good education, he said, is "the art of learning to be a healthy human being," a matter of love once again, whereas the prevailing style in American education, he feels, is a matter of memorizing things.

"We instruct children in an incapacity to think for the rest of their lives by causing them to gorge large quantities of rote-remembered facts," the anthropologist said. This system creates "the most dangerous creatures on the face of the earth," those who hold knowledge, but lack the values with which to apply it constructively.

Weekend Violent Death Toll In Texas Hits 28

By The Associated Press

The weekend violent death toll in Texas claimed at least 28 lives with 18 of the fatalities blamed on accidents involving motor vehicles.

The Associated Press tabulation started at 6 p.m. Friday and continued through midnight Sunday.

At least two of the motor vehicle accidents did not involve traffic. Billy J. Davidson, 23, of Fort Worth was killed Sunday when a car he was repairing fell on him. In another accident in Tarrant County, Robert S. McComms, 58, of Euless was killed Sunday when his dump truck fell on him as he worked on the vehicle.

HIT-AND-RUN

Danny Breeden, 19, son of band director Leon Breeden of North Texas State University, was killed in Dallas Sunday when he was struck by a hit-and-run driver. Police sought the operator of the death vehicle.

Anthony U. Williams, 50, was killed and two other persons were injured in the head-on collision of two automobiles on a Dallas street Sunday night.

Mrs. Ferminia O. Herrera, 50, was found shot to death in her apartment at San Antonio Sunday. No weapon was found at the scene and Dr. Richard Ballard, deputy county medical examiner, ruled the death homicide.

SHOT TO DEATH

A prominent Waco financier, William Sloan, 65, and his wife, Suzanne, 64, were found shot to death at their home Sunday night. Police said they had received a call from a man who identified himself as Sloan and quoted him as saying he had just killed his wife and would kill himself. Justice of the Peace John Cabanis said he would return a verdict Monday.

Mrs. Margaret Helbing, 51, of Fort Worth drowned Sunday when she fell from a pier into Eagle Mountain Lake northwest of the city.

A car hit a tree along IH 35 at the Dallas suburb of Carrollton early Sunday, killing 35-year-old Hubert Bachle of San Antonio. Four of his children were hospitalized.

Four persons were killed, three injured when a light van and a car collided on Interstate Highway 45 south of Conroe Sat-

urday. Killed were Lee Riley, 28, of Houston; his 6-weeks-old son, Shelton Riley; John Henry Stanton, 51, of Houston and Larkin Morris of New Orleans.

Alton Bragg, 47, of Hemphill, was killed in a two-car collision east of Milam late Friday.

Noland Harrison Jr., 13, was shot to death Friday night at the Houston home of an 11-year-old playmate. Officers said he had been hit in the face and neck by a blast from a shotgun.

Tox Kennedy, 26, an announcer for Radio Station KWEL in Midland, was killed Friday night in a two-car collision at Midland. Four other persons were slightly injured in the crash.

Alex Gilbert Alexander, 39, and Robert Williams, 40, both of Houston, were killed in the collision of two cars at Houston early Saturday.

EXPLOSION

Air Force Sgt. Herman Roy Williams, 23, was shot to death early Saturday outside a Wichita Falls tavern. Police said a 27-year-old man surrendered to officers following the shooting.

Mrs. Jesse McDonald died Saturday when an explosion and fire swept her home in Killeen.

Bryant Preston Hunt, 53, of Jacksonville, was killed Saturday when his car and a Missouri Pacific train collided at a grade crossing northwest of Palestine.

A bystander was shot and killed during an argument in a Texarkana cafe Saturday. The victim was Idris Lee Womax. Murder charges were filed against Udell Bland, 42.

John Preston Simpson, 39, a filling station operator, was shot to death when he refused to open for officers the door to a stockroom in which he and his wife had taken refuge during a holdup in which Simpson had been wounded. Two others, including a police officer, were wounded in an exchange of gunfire.

BURNS TO DEATH

Jimmy Jacco, 44, was killed Saturday night when he was struck by a car on Interstate Highway 35 in Waco and then run over by two other cars.

Raymond Shoulters, 43, was killed Saturday when a scaffold rigging broke on a Dallas construction project. Three other men on the scaffold, which fell 20 feet, were injured.

Larry Madlock, 16, was fatally injured when he was struck by a car as he ran across a San Antonio street Friday night.

James H. Miller, 29, of Portland, was killed Saturday night when his station wagon crashed

Dear Abby

Talking With Teens

DEAR ABBY: Our eldest daughter had to get married at 17, after having gone steady with a "very nice" boy for three years, so we made a rule for the younger children — NO GOING STEADY.

Now we are having trouble with our 16-year-old daughter. She wants to go steady. We said no, she has to have a date with another boy between dates with her special boy friend. She says no one else asks her.

Tell me, Abby, how can parents keep their children from going steady? We know from past experience that it is dangerous, and we don't want any more "hurry-up" marriages in our family. But if the kids don't want to go with anyone else, or if no one else asks them, what can parents do?

WORRIED MOTHER
DEAR ABBY: Instead of making rules, if parents would work toward building the kind of relationship with their children that lends itself to straight talk on a sensible, unemotional basis, they would fare better.

Let your children know why too much togetherness puts a strain on two normal young people who have a strong physical attraction for each other. Let them know that this "attraction" is usually equated with "love" — but don't laugh and say it's only "puppy love." Tell them that the only way to reduce temptation is to reduce the time spent together alone.

Tell them that you are aware that when young people think they are "in love," the more they make out, the more difficult it is to control their desires, and they seldom do less when they're together than they did last time. Let them know that you understand and trust

them, and recommend not going steady because you want to help them, not punish them. And then, Mother, you will have less to worry about.

DEAR ABBY: This may not seem very important to you, but our dog snores. Even though he sleeps in the kitchen, we can still hear him. It is too cold to put him outside, but he is interfering with my sleep. Any suggestions?

UP NIGHTS IN BOONE, IOWA
DEAR UP: Dogs, like people, can have a nasal obstruction which causes them to snore, so do yourself (and your pooch) a favor and ask your vet to look into it.

If this doesn't help, try ear plugs (for you), but I wouldn't put a dog out in an Iowa winter.

DEAR ABBY: My heart goes out to that young woman who said she was the world's worst housekeeper. I was once in her shoes, but now I am one of the best. I think I know what the problem is for most women: They never finish what they start.

Before they're done cleaning, they start ironing. Before they're through ironing, they start to bake. Then, instead of washing up, those dishes, they start sewing, and before they finish with that, they go marketing and come home with a lot of stuff to be put away, which only adds to the confusion.

If woman would tackle only one job at a time, and finish that job and everything connected with it, they would soon find that housekeeping is not a chore — but a joy.

It is so nice to live in a home that is always in good order.

MRS. E. V. B.

into a palm tree on US 81 between Portland and Grevery. Calvin B. Watkins, 26, of Tulsa, Okla., was burned to death when his car plunged into a creek bed and burst into flames after a collision with another car on US 84 east of Waco Saturday night.

You will scarcely need any other gift than Je Reviens . . . it is the most exquisite French perfume made. The fragrance is deceptively subtle in bringing out the very best in her. Made, packaged and sealed in France. Elegantly bottled in their original Lalique presentations.
