**Girls Die In Crash**

Two North Texas State University students were killed when their small foreign car plunged into a creek south of Denton. Dead were Terry Lee Lytle, 18, and Linda Hamill, 18, both of Fort Worth. Their bodies were discovered pinned in the wreckage early Sunday morning by a unit of the Texas Highway Patrol.

**Rusk Argues Foreign Aid Vital To U.S. Security**

WASHINGTON (AP) — Secretary of State Dean Rusk urged Congress today not to delay or abandon foreign aid because of the cost of the war in Vietnam. He argued that the aid program is vital to U.S. prosperity and security.

"We cannot find security apart from the rest of the world," he told the Senate Foreign Relations Committee.

"And in the long run, we can be neither prosperous nor safe if most other people live in squalor or if violence consumes the world around us."

**MORE TROOPS?**  
Rusk prepared for today's appearance before the committee, expecting that he would spend hours responding to questions about the critical state of the war in Vietnam.

Sen. J. W. Fulbright, D-Ark., the committee chairman, is one of the most outspoken Senate critics of the Vietnam war policy, and many members of the committee also have opposed current policies.

The committee has been trying for weeks to get Rusk before it for public questioning about the war. And his appearance comes amid reports that President Johnson is considering an increase of up to 200,000 men above the 525,000 already authorized for Vietnam.

But Rusk was appearing officially to urge support of the foreign aid program, and he made only a brief indirect reference to the Vietnam war.

**CITES DANGER**  
"Some say we should postpone or eliminate foreign aid because of the cost of our efforts to help defend freedom in Southeast Asia," he said. "But the freedom and progress of hundreds of millions of other Asians, the 250 million people in Latin America, and the 250 million people in Africa also engage our concern and are directly related to our own security and well-being."

"I find it hard to accept assertions that we cannot afford to devote a fraction of one percent of our GNP (gross national product) to building a safer and more prosperous world by helping other nations to make peaceful progress."

Rusk said that in many countries needing help, economic development has been speeding up. "If that momentum is reversed, the consequences for our prosperity and the peace of the world could be disastrous," he said.

**PEACEFUL PROGRESS**  
He said the foreign aid program last year had been cut below the "minimum level necessary to sustain that momentum," and he urged the committee to recommend to the Senate all the funds asked by President Johnson.

Johnson has asked for \$2.5 billion in economic aid and \$420 million for giving military assistance to other countries—apart from the U.S. participation in the war in Vietnam. "The purpose of our assistance is not to buy friends, it is to help build free nations," Rusk said. "Today, most of the developing countries have moderate leaders committed to peaceful progress," he added. "Governments committed to orderly economic and social progress have been successful in suppressing or fending off the promoters of violent revolution. But moderate leaders who believe in peaceful progress cannot be expected to endure unless they produce results."

**PHONY ALARMS**  
"It was unanimously felt that there was no need for violence, hitting teachers, phony fire alarms and damage," the chapter president, George King, said. The chapter adopted a statement saying the pupil riots "have disrupted the educational process" and have "endangered the safety of pupils and teachers alike."

A state board met today at North Division High School to discuss the city school board's request for state funds to hire guards.

The Milwaukee Teachers Education Association said last week there may be a walkout unless student violence is brought under control. North Division is one of several schools in the city's predominantly Negro Inner Core where pupils have demonstrated in recent weeks, demanding more

**KNOXVILLE COLLEGE OFFERS AID**

**To Family Of Slain Cabbie**

KNOXVILLE, Tenn. (AP) — Representatives of Knoxville College have offered aid to the family of a white taxicab driver slain on the campus of the Negro college.

B. A. Ward, president of the school's National Alumni Association, said Sunday that alumni and school officials were proposed that proceeds from the Knoxville College appreciation week, starting next weekend, be turned over to Buroff's family.

**NO LEADS**  
"The proceeds were originally designated to purchase sorely needed books for a new alumni library," Ward said. "We can never atone for the death of Mr. Buroff. We can only show in a small way how deeply we feel his death."

Ward said Mrs. Charlene Michael, president of the Knoxville Alumni chapter, also would propose that scholarship aid be provided Buroff's two sons.

Police had no new leads in the case. "We all should feel some guilt," Ward said. "Knoxville College will be a long time living this down. Let's help the officers in any way we can to bring those responsible for this crime to their just punishment."

A spokesman for Checker Cab Co., said Buroff radioed for help shortly before he was shot.

**Rhodesian Government Hangs More Africans**

SALISBURY, Rhodesia (AP) — Rhodesia's white minority government today hanged two more black Africans convicted of murder but reprieved nine blacks who had been sentenced to die before Prime Minister Ian Smith declared independence in late 1965.

Four other blacks had been scheduled to be hanged today, but the government said clemency for them was still under consideration.

**NAACP Chapter Raps Riots By Negro Pupils**

MILWAUKEE (AP) — Demonstrations by Negro pupils at North Side schools, where vandalism has led to threats of a teacher walkout, were criticized Sunday by the Milwaukee Chapter of the National Association for the Advancement of Colored People.

Those hanged today were Francis Chiresa and Taka Jeremiah, who were sentenced to death three years ago for slaying a tribal chief. They were accused of serving as executioners for an African nationalist party and shooting their victim as he slept with his wife.

**100 CONDEMNED**  
There are more than 100 other Africans in Rhodesian prisons condemned to death, and the government is reported reviewing all cases in chronological order from the time they were sentenced. Some go back before the declaration of independence in November 1965. Thirty African nationalists who crossed into Rhodesia from Zambia are among those awaiting execution.

Smith's cabinet at a special session Sunday considered the cases of 15 condemned Africans, an official statement said, and nine sentences were commuted to various terms of imprisonment. It said four cases were still under consideration but "after due consideration it was decided that the law must take its course" against Chiresa and Jeremiah.

**YANKS ATTACKED**  
Meanwhile, U.S. officials in Salisbury studied police reports

that proceeds from the Knoxville College appreciation week, starting next weekend, be turned over to Buroff's family.

**NO LEADS**  
"The proceeds were originally designated to purchase sorely needed books for a new alumni library," Ward said. "We can never atone for the death of Mr. Buroff. We can only show in a small way how deeply we feel his death."

Ward said Mrs. Charlene Michael, president of the Knoxville Alumni chapter, also would propose that scholarship aid be provided Buroff's two sons.

A spokesman for Checker Cab Co., said Buroff radioed for help shortly before he was shot.

Wagoner said the pistol with which Buroff was shot in the chest had not been found.

**The Volkswagen for people who refuse to drive Volkswagens.**

If you refuse to drive a Volkswagen because it's ugly, we can't help you. If you refuse to drive a Volkswagen because you have eight kids and it isn't big enough, you have our sympathy. If you refuse to drive a Volkswagen because it isn't fancy enough, that's for you to decide. But if you refuse to drive a Volkswagen because you're used to an automatic transmission, listen carefully. Now you can drive a Volkswagen all over town without shifting.

We call this new option the automatic stick shift. And in true Volkswagen fashion, a bug with an automatic stick shift will deliver up to 25 miles on a gallon of gas, use very little oil, and nary a drop of water or antifreeze.

But just because we've made it easy to drive, doesn't mean we're about to make it any prettier, or any bigger, or any fancier. So we imagine some people will still refuse to drive Volkswagens. You can't win them all.

**Auto Mishaps Kill Eleven**

By The Associated Press  
Nineteen persons died violently in Texas during the weekend including 11 killed in traffic accidents.

The toll tabulated between 6 p.m. Friday and midnight Sunday, was somewhat lighter than for many weekends.

One of the worst accidents occurred Saturday when three cars piled up in North Texas about a mile northwest of Bogata on US 271. It took the lives of Mrs. Gary Kizer, 26 of Glade-water, her daughter Ann, 3, and her son Gary Jr., 18 months. Six other persons were injured.

Bodies of two Fort Worth teenagers—Terry Lee Lytle and Linda Hamill, both 18—were found early Sunday in their submerged car, which ran off FM 1830 and dove into Hickory Creek two miles south of Denton.

Rogers Hill, 38, was stabbed to death on an Austin street Sunday. Murder charges were filed against Howard Lee Jarmon in connection with his death.

Joseph Anthony Martinka, 6, who lived with his parents on a farm northeast of Georgetown, was decapitated with an ax Saturday. Police charged his father, Vince Martinka, who was held without bond.

## Driver In Critical Condition Following One-Car Wreck

Joe Porras Jr., of Brownfield, is in critical condition at Hall-Bennett Memorial Hospital after surgery today from injuries received in an automobile accident at 1:09 a.m. today.

Gilbert Diaz Lopez, 208 Lockhart, passenger in the car driven by Porras, is reported in good condition in the same hospital. Porras collided with a

fence and gas meter at the residence of V. T. Gonzales, 303 NE 9th.

Salvador Trevino, 903 NW 3rd, is said to be in good condition at Hall-Bennett Memorial Hospital after being involved in a car accident at IS 20 and US 87, with Byron Dale Huffman, Midland, at 7:33 p.m. Sunday.

Four minor accidents were reported to police Sunday and

three Saturday night. An automobile, which left the scene of the accident, collided with a car driven by Claudia Ann Richardson, Austin, at 702 Birdwell Lane Sunday. Marsha Lynn Beard, 1900 Main, and Doroteo Barron Galbegas, Villa Acuna, Mexico, were in an accident at

Nineteenth and Gregg.

Sunday at FM 700 and Birdwell Lane. Mildred A. Stewart, 600 E. 12th, and Margarito Doran, Gail Route, were in collision. Helen Dianne Harkins, 2001 Alabama, and Lisa Anne Ratliff, 405 Westover Road, were involved in an accident at Seventeenth and Lancaster.

Saturday a three car collision occurred at Fourteenth and Austin involving Ralph Edwards Passmore, 1801 Gregg, Anita Kay Lunsford, 811 E. 13th, and the parked car of Ruth Olsen, 1700 State. William Alfred Carter, 1425 E. 6th, and Nicholas Nillo, 1108 Lloyd Ave., were in

## Pittsburgh Teachers Return To Classrooms

PITTSBURGH (AP) — Some 1,000 teachers returned to work today, ending a strike that crippled Pittsburgh high schools for 11 days.

A school spokesman said classes were operating normally.

### DISAGREEMENT

There was disagreement among teachers on the merits of a compromise which ended the strike. The walkout was triggered by teachers' demands for an election to select a bargaining agent.

"I think the teachers have won a victory," said Albert Fondy, president of the Pittsburgh Federation of Teachers, after some 400 members of his group

approved Sunday a resolution hammered out in nearly nine hours of marathon bargaining. "They have won a right to an election," he said.

But Al Lurnis, vice president of the Pittsburgh Teachers Education Association, said the settlement meant nothing.

"There is no indication that legislation is forthcoming to allow teachers and other public employes to bargain collectively," he said.

### PICKETS FINED

The settlement hinged on a commitment by state legislators to press for approval of law that would allow the Board of Education to recognize a union if the teachers desired one.

The federation walked out Feb. 29 despite a court ban. Allegheny County Court Judge John Hester, who tried to avert the strike, fined some 59 pickets arrested during the strike \$50. There were no jailings.

## White House Fence Climbs Jails Man

WASHINGTON (AP) — Police said a man scaled the White House fence unnoticed late Saturday night and was discovered on the driveway in front of the executive mansion.

They said he was taken into custody by the Secret Service and sent to a local hospital for mental examination. Police declined to divulge the reason the trespasser gave for being on the White House grounds or what he appeared to be doing there.

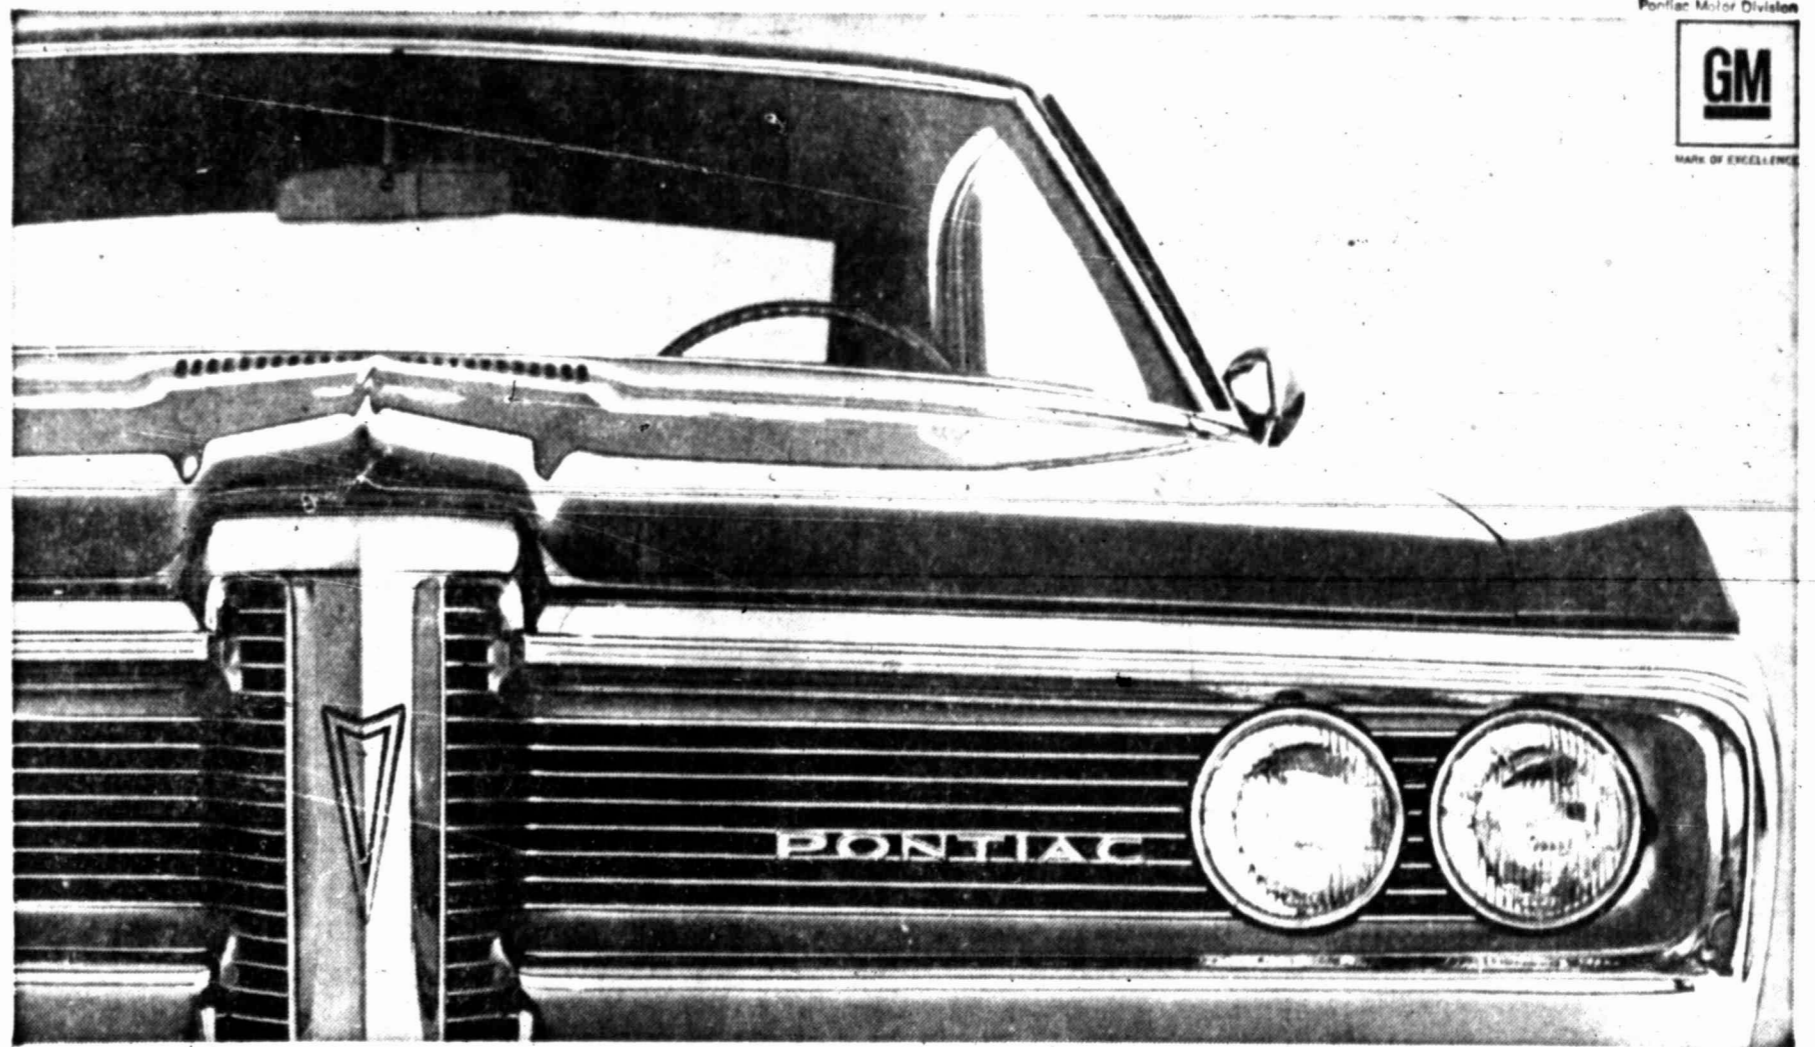

Police said the man was from Cincinnati but declined to identify him.

Kind Tactics Can Be Much More Effective

**EDITOR'S NOTE:** The Big Spring Herald is sponsoring a Dale Carnegie Course as a means of retaining and developing leaders in the community. This article is one of a series written by Warren Quinlan, director of the Dale Carnegie Training Programs in West Texas.

A total of 45 unruly 8th graders resisted authority and presented a severe discipline problem to their instructors. Five teachers failed to remedy the situation and two of them were driven off by the mischievous students.

Carl Hanson, the sixth teacher, knew harsh discipline would not be effective, so he decided to apply kinder tactics. As he befriended the students, extended understanding, and listened to their problems, they stopped regarding him as their natural enemy.

When the young students realized that school was for their own good, they responded positively to Carl until only one pupil remained unruly. All of Carl's attempts to reach Phil through kindness and agreement were misunderstood.

In spite of their clashes and arguments, Carl continued to do his best for Phil and not become discouraged. Four months later when Carl was grading an English composition on "What I Want to Be," his eyes fixed on Phil's last sentence — "When I become a man, I want to be like my teacher, Carl Hanson."

Yes, Carl succeeded with his 45 students because he knew it wasn't important who was right, but rather what was right. The question here is what are we doing to learn how we can tell the difference?

No Contests In C-City Elections  
Bomber Hunt Is Delayed

**COLORADO CITY, (SC)**—The city and school board elections are expected to spark little interest here since all candidates are uncontested.

Incumbents in the race for city council include Dr. J. H. Chinn, R. J. Hoback and Eddie Piland. There are three positions open.

Two school board members, Bill Carter and Warren Anderson, bowed out this year and Dub Waldrip and Jeff Taylor are running for their seats. Two incumbents, Tom Rees and O. B. Trulock, filed for re-election. Rees is an appointee to the board and is running for one year, an unexpired portion of a term. The other three will be elected for three years. There are four places open.

Bomber Hunt Is Delayed

**PORT ISABEL, Tex. (AP)**—Weather hampered the Civil Air Patrol and ground parties Sunday in their search for clues in the Feb. 28 disappearance of a B52 bomber from Carswell Air Force Base.

Bits and pieces of a B52 were found Saturday on a beach on South Padre Island but fog closed in on the area Sunday, limiting search operations to the northern end of the island.

The plane disappeared from a radar screen while on a practice bombing run off Matagorda Island. Eight men were aboard the supersonic, intercontinental bomber. The Air Force said the aircraft had no nuclear weapons aboard.

A spokesman at Carswell said that while the pieces found on the beach Saturday came from a B52 there was no way to determine if they were from the missing plane. He said the piece found could not have come off during flight.

DEALERS PLEDGE TO DEFEND PRICE

Gold Rush Lags In London

**LONDON (AP)**—The rush to buy gold dropped sharply in London today but continued in full strength in Continental bullion markets despite the central bank commitment to defend the present \$35 an ounce price.

Sales in Paris set a high for this year of eight tons, twice as much as Friday. In Zurich, demand duplicated Friday's high level.

But in London sales were estimated at less than 10 tons, compared with more than 75 tons Friday.

One Zurich banker said the gold pool's announcement "does not seem to have had the desired effect, as far as we can judge at this time."

**POUND JUMPS**  
The pound jumped to \$2.3980 on the London foreign exchange market, after closing Friday at \$2.39225, its lowest level.

At the daily gold fixing in London, at which representatives of the major dealers bal-

ance the demand for gold against the supply and set the price, turnover of less than 10 tons was anticipated.

Dealers said that despite the drop in demand for gold, there was no active selling by speculators who have built up hoards of the metal since the devaluation of the pound in November.

The consensus among London dealers was that the gold pool's action was sufficient to halt speculators but was not far-reaching enough to shake out sellers yet.

**DEMAND DIPS**  
Frankfurt banks reported the demand for gold there had subsided but pointed out that Monday is normally a quiet day for gold trading.

"We expect to get a better idea of the trend at midweek," a spokesman for one leading German bank said.

The Frankfurt dealers reported both the U.S. dollar and the

pound showed slight improvement.

Heavy demand for gold hit the Paris market, setting a record for the year.

Eight tons of one kilogram ingots exchanged hands—twice as many as on Friday. Twenty thousand Napoleon coins and 90 12.5 kilogram bars also were sold.

**PRICES UP**  
The overall record was set last Dec. 15 when 14 tons of ingots and bars were sold.

Volume today was \$12,805,000, compared with \$5,030,240 on Friday.

Prices edged upward, with the kilo going for 5,600 francs, \$1,120 compared with \$1,119, Friday.

The gold barometer of confidence in the dollar has been showing storm signals since March 1. Last Friday the demand on the London market reached panic proportions, 60 to 80 tons. Normally only four to six tons are traded a day.

Leading bullion dealers said Sunday night the statement by the United States and the other six members of the international gold pool should restore calm, although it might take a day or so.

Issued after a private meeting at the Bank for International Settlements in Basel, Switzerland, a communique reaffirmed the determination of the seven governments to continue selling gold at \$35 an ounce. The members of the pool are the United States, Britain, Italy, Belgium, West Germany, the Netherlands and Switzerland. They meet from their reserves when no newly mined gold is available from South Africa.

William McChesney Martin, chairman of the U.S. Federal Reserve Board, had flown to Basel to get the statement of continued support.

### WTCC Sponsors Series Of Leadership Sessions

Local chamber of commerce presidents, committee chairmen, officers, directors, committee members and chamber executives have been invited to the annual Leaders' Workshops conducted by the West Texas Chamber of Commerce.

Dates and locations for 1968 meetings are March 19 in Amarillo; March 20 in Midland; March 21, Brownwood and March 22, Mineral Wells.

Subject matter for each of the workshops is identical, but

and one for chamber executives. Following the luncheon there will be a session lasting one hour and it will cover such subjects as program of work, budget and finance.

These annual workshops are arranged by Ralph Duncan, community services department manager of the WTCC, and the host chamber of commerce in each of the cities holding the meeting.

Special handbooks and guides have been prepared for those who attend the meetings. These are considered vital tools for the proper operation of a local chamber of commerce and when used with other information made available at the meeting, will provide the new officers and directors of the local organizations assistance which will be invaluable, according to Jack G. Springer, executive vice-president of the WTCC.

### Documentary To Be Shown Friday

A documentary film on the life of evangelist Billy Sunday will be shown at Grace Baptist Church, 2000 FM 700 west, Friday at 7:30 p.m.

The film is under the sponsorship of the West Texas Youth Fellowship. Special singing will begin at 7 p.m. Approximately 300 persons from Midland, Odessa, Colorado City, Crane and Monahan are expected to attend.

### Fisher County Is Added To Circuit Riders Plan

Fisher County has been added to the six-county area of the Volunteer Grant Project, known as the Circuit Riders, at the Big Spring State Hospital, according to an announcement made by Dr. Preston E. Harrison, superintendent.

Leaders of Fisher County under the leadership of the county judge filed a request with Dr. Harrison and the Governor's Committee on Aging, which issued the grant for the project, for the county to be included in the program. After a study of the area involved, permission was granted recently.

citizen both as volunteer and patient. The grant project originally covered a six county area of Howard, Scurry, Borden, Dawson, Martin and Mitchell.

Offices are open in Lamesa, Snyder and Colorado City on a half-day basis and are manned by clerks who are senior citizens. These offices coordinate the program between the community and the state hospital and serve as a source of information between the patient and his home community.

### Did You Chase Peter Rabbit?

SEATTLE (AP) — Four-year-old Dana Arnold was becoming profane at answering the telephone under the guidance of his parents, Mr. and Mrs. David Arnold of suburban Renton.

But he lost his composure when one caller said: "Hello, this is Mr. McGregor."

"Mr. McGregor!" the boy cried. "Are you the Mr. McGregor who chased Peter Cottontail out of the garden?"

Mr. McGregor hung up without replying.

### Meet Cancelled

The meeting scheduled tonight of the Youth Horsemen's Club has been cancelled, according to Kenneth Williams, and will be reset for next Monday evening.

## A LOVELIER YOU

### For Flatter Abdomen Pull In, 'Hold It In'

By MARY SUE MILLER

The best advice there is for both the prevention and cure of a paunchy abdomen is told in these few words: Pull in your stomach and hold it in.

But that action, my lovely, is not the cinch it sounds. You have to concentrate on it until you form the habit. Once the habit is established, the muscles become strong enough to restrict flesh and sag.

Even so there are limits to the strength of the abdominal musculature. It is unlikely to withstand the pressure of large amounts of excess flesh. The overage must be reduced or the muscles may give way.

The following spot exercises trim excesses and also help to firm up the muscles:

1. Lie, back down, on floor with legs together and raised straight up toward ceiling. Pull in abdomen. Very slowly lower both legs until back e-

gins to arch. Then immediately return legs to upright position. Repeat three times without stopping. Work up to 10 repeats at your own speed. Always be sure to raise legs as back arches. Otherwise strains are dangerous.

2. On back, stretch tall; firm spine to floor and contract abdomen. Press palms of hands across center abdomen, so that middle fingers touch, and rest elbows on floor. Now breathe deeply for 10 slow counts, holding abdominal muscles taut and still.

**KNOWS NO AGE**  
Some women age before their time, some retain their youthful beauty and charm. Why? The secrets of non-stop attractiveness are revealed in "Beauty Knows No Age." Advice covers ways to a youthful figure, skin and hair; to flattering make-up, hairstyles and fashions. For your copy write to Mary Sue Miller in care of the Big Spring Herald, enclosing a long, self-addressed, stamped envelope and 35 cents in coin.

# TV's Winter Season Seems Little Shorter

By CYNTHIA LOWRY  
AP Television - Radio Writer

NEW YORK (AP) — Television's winter season seems to be getting shorter. Rerun time used to start in May, then April. Now it has moved into March.

The Smothers Brothers had their final show of the season Sunday night, brought on all the crew to thank them and bid the audience farewell. Reruns of their variety hour will start next Sunday, and later there will be a replacement variety hour with Pat Paulsen and singer Glen Campbell.

"The Andy Griffith Show" also on CBS, tonight will be looking ahead to September. Andy and associates will introduce Ken Berry as a new character. And, it is hoped, three guest spots on the departing Griffith show will set Berry up so he gets a head start on next season's sequel, "Mayberry, R. F. D."

### RERUNS MOVIES

All three networks, it should be noted, already have begun to slip in reruns of their feature movies.

ABC, over the weekend, firming up its fall schedule, announcing eight new programs for September. Birth of new shows means the death of some old ones, and those that will disappear at the end of ABC's season are "Garrison's Gorillas," "Voyage to the Bottom of the Sea," "Rat Patrol," "N.Y.P.D.," "The Invaders," "Second Hundred Years," "Off to See the Wizard" and "Cowboy in Africa."

"Batman" departs toward the end of this month to be replaced by a game show, "Dream House," which is also included in next season's schedule.

New programs are "Land of Giants," another science fiction series replacing "Voyage to the Bottom of the Sea," "The Outcasts," a Western, "Mod Squad," police action; "That's Life," a weekly musical with continuing characters; "Here Come the Brides," post-Civil War drama about mail-order brides; "Tales of the Un-

known," suspense; a game show starring Don Rickles and "Ugliest Girl in Town," comedy.

### NEW CHARACTER

"Peyton Place" will continue with two episodes weekly, but Dorothy Malone and Tim O'Connor, who have been in the center of the drama for so long, will disappear. They will not, however, be killed off, just sent somewhere in case it becomes necessary to recall them.

Two of the major networks will each devote two nights a week to feature movies, and a

### PATMAN PUSHES PROBE

## Inside Leaks Hike Stocks

WASHINGTON (AP) — The price of stock in a certain company suddenly jumps one day amidst heavy trading on the New York Stock Exchange.

The next day the government awards a fat contract to that same firm.

Suspicion arises: Did a government employee or a congressional insider leak advance word of the contract? Or buy a stock themselves based on information obtained in their official capacities?

The realm of government insiders and security dealings is murky. Proving a connection is difficult; analyzing market behavior for clues is filled with pitfalls; legal distinctions can be tricky.

### BONDS TIP

The Treasury Department reported last Tuesday on one information leak that could have meant windfall profits for bond speculators.

The information dealt with a \$25 billion sale of U.S. bonds. The treasury report traced its leak to a middle-level employee who died of a heart attack a week after he was suspended.

"I am not convinced this leak is the only one that has occurred," said Chairman Wright Patman, D-Tex., of the House Banking Committee. He wants to investigate.

Rumors of another government information leak arose last Jan. 25, the day President Johnson activated some air reservists and air guardsmen in response to North Korea's seizure of the intelligence ship Pueblo.

### TOUGH TASK

On Jan. 24, stock market prices had declined for the 12th consecutive day. Analysts cited uncertainty over the possibility of war as one cause. The next morning—before Johnson's announcement that reservists would be called up—stock in aerospace and defense industry firms—helped spark a market upsurge. At the time, the advance was described by analysts as technical.

For a time after Johnson's announcement, most stocks dropped. But the aerospace and defense-related issues kept climbing.

### Texas Farmers Paid Billions

WASHINGTON (AP) — The Agriculture Department reports Texas led all states in government payments received by farmers in 1967 with a total of \$462,167,000.

The department said payment to all U.S. farmers totaled \$3.1 billion. The bulk of the money paid Texas farmers was for participating in a federal cotton program.

Rhode Island trailed the rest of the states with total payments of only \$76,000, mostly for soil conservation practices.

About 40 per cent of all the payments went to farmers in the 12 Midwestern grain livestock and dairy states. Their total was \$1,240,174,000.

### What's Ahead For Farmers?

WASHINGTON (AP) — The first major indication of what's ahead for agriculture this year in potential production, prices and incomes—and possibly farm legislation—will be provided by a government farm survey this week.

The Agriculture Department will make public Friday results of a survey made during the first half of March on farmers' crop planting plans for the 1968 season.

Plans affecting corn, spring wheat, cotton, sorghum grain, soybeans, potatoes and many other crops will be weighed by government farm officials, political leaders, farm leaders and farmers themselves for a clue to what's ahead this year for producers.

The government has recommended smaller plantings of wheat, feed grains, potatoes and some vegetable crops. Only in the case of cotton is a modest increase in acreage sought.

The planting report will be made against a background of widespread farmer dissatisfaction with economic conditions in agriculture.

Prices for major crops tumbled last year, largely as a reaction to the year's increased production. Aggravating this situation was a further increase in farm production costs—an increase that is continuing this year.

### Skiers Happy, Drivers Sad

ALBUQUERQUE, N.M. (AP) — A snow storm that swirled through New Mexico Sunday provided a joyful interlude for 432 skiers but a night of discomfort and inconvenience for several hundred stranded motorists.

The skiers were a noisy, happy group as they waited at the base of the Sandia Peak ski slopes for a dozen buses from Albuquerque to follow a snow plow up New Mexico 10 to reach them.

Skiers reached the 10,679-foot Sandia crest earlier in the day via aerial tramway which had to be closed because of winds up to 60 miles per hour. They made their way through blowing snow to the ski lodge.

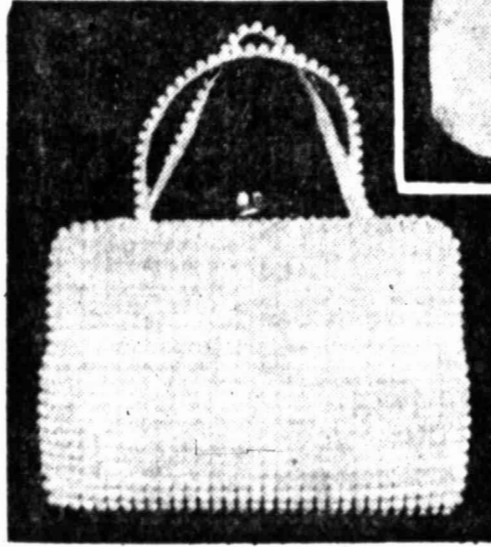

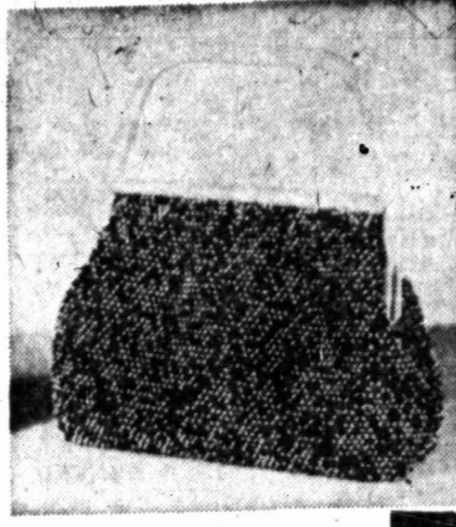

Buses carried them from the east to the west slopes of the Sandia Mountains overlooking Albuquerque to their vehicles parked at the base of the tramway.

It was not as happy an occasion at Moriarty, about 40 miles east of Albuquerque, where several hundred travelers were caught in the storm.

About 300 persons spent the night in the Moriarty High School after the town's 100 motel rooms were rented.

"They're sitting around playing cards and other games and talking," said one of the travelers, "Some of them had bedding with them, but not all."

The chamber of commerce provided snacks through the night.

### Trophy No. 19 Goes In Case

Bernice Nail, Rachel Shaffer and Billie Barron of Sheriff A. N. Standard's office admire the third place trophy the Howard County Sheriff's Posse won at the opening of the recent San Angelo Rodeo. This is the 19th major trophy the Posse has won in the past three years.

## Horoscope Forecast

—CARROLL RIGHTER

GENERAL TENDENCIES: The early part of the day has much confusion and the need to make sure you understand exactly what others have in mind but the late afternoon and the evening are unusually good for you to put in effect a whole new course of action that can extend your work and your horizons for beyond their present bounds.

SCORPIO (Oct. 23 to Nov. 21) You find that those allies you want to go along with you on some enterprise will not be ready until evening. Be sure to show co-workers that you support their aims. Then get right results in P.M.

GEMINI (May 21 to June 21) Something disappointing may happen during A.M. but if behooves you to take it in your stride. Then you gain aims without too much trouble. Be more complimentary with others instead of critical, analytical.

MOON CHILDREN (June 22 to July 21) Mornings may be a little difficult for you, but then a dynamic ally gives you right pointers for doing things properly. Get work out quickly. Free time for entertainment later in the day, evening.

LEO (July 22 to Aug. 21) Morning is fine for clearing up errors and difficulties, you have been having lately, and then you find that good will increases. Labor cautiously or you have further trouble later on. Be calm, poised.

VIRGO (Aug. 22 to Sept. 21) Morning find you confused because of the oil the work ahead of you, but if you handle your time, all comes out just fine. Clear up problematical affairs for the future in P.M.

LIBRA (Sept. 22 to Oct. 21) You had better postpone whatever it is you want to do that requires much precision, sureness of action, and in P.M. get support of important higher-ups. State all around.

clearly what you desire, believe, GROW. SCORPIO (Oct. 23 to Nov. 21) You find that those allies you want to go along with you on some enterprise will not be ready until evening. Be sure to show co-workers that you support their aims. Then get right results in P.M.

SAGITTARIUS (Nov. 22 to Dec. 21) Some expert who does not quite validate what you say can now be won over and fine arrangements made for the future. Contact an official who demands precision and show that you are meticulous. Be wise.

CAPRICORN (Dec. 22 to Jan. 20) Instead of letting go of some opportunity because it requires further study, get busy at it now. Some new contact can be a real expert in your field. Spend time with him, or her, and get data you need.

AQUARIUS (Jan. 21 to Feb. 19) Don't bother to talk, but listen to what a partner has to say, even though you do not care and you avoid much trouble. You know intuitively what should be done to improve all of your affairs. Be practical.

PISCES (Feb. 20 to March 20) A dynamic associate's answer does not come today that you expect regarding support for your ideas, but be patient and await the morrow. Show you are a tactful person. This brings good will and sweet success. State all around.
