## SNOW FORECAST FOR PANHANDLE TONIGHT

# Tornadoes, Thunderstorms Rake State

## .10 HERE North Half Gets Heavy Moisture

Rains which moved into the area Sunday night dealt generously with the communities along the northern edge of the county and less freely with the southern half of the area.

Knott and Ackerly reported from an inch to as much as two inches. The same rains fell in the vicinity of Vealmoor and at Luther. East, in the vicinity of Lake J. B. Thomas and Vincent, from .6 inch to as much as 1.35 inches was reported.

Big Spring had only .10 inch and Coahoma reported a "shower."

Elbow and Lomax had light showers, as did Moss Creek.

At Lake Thomas, Snyder intake gauged 1.31; Big Spring intake, 1.35; Morgan Creek, .60; and at the point on the line north of Big Spring, .2 inch was reported.

Places on the Martin-Howard County line reported .60 and western Martin County had an inch. Odessa reported .62 inch.

The lake level at Thomas climbed to 2240.42 feet from 2240.31. This represented a gain of about 500 acre-feet of water.

The rains in the northern parts of the county brought a cessation for the time being to the cotton and grain planting. Not too many had begun seeding their fields. Those who had planted were wondering what effect the new rains would have on how soon the seed would sprout.

Light scattered hail was noted in some of the areas where heavier rains fell. The showers were preceded by a brilliant lightning storm.

## Law Struck Down

WASHINGTON (AP) — The Supreme Court struck down today a Dallas classification system to keep sexy and violent movies from children.

Justice Thurgood Marshall, in the 8-1 ruling, said the standards were unconstitutionally vague.

Justice John Harlan dissented, saying the states should have wide authority to control the dissemination of obscene material.

## Fire Ant Battle

WASHINGTON (AP) — Field tests are under way to determine whether the Agriculture Department has found a successful method of eradicating the imported fire ant.

The fire ant has infested 120 million acres in Texas and eight other Southern states and causes damages estimated by the department at about \$15 million a year.

Information about the eradication tests, devised after 10 years of research work, was given recently to a House Appropriations subcommittee by officials of the Agricultural Research Service.

Dr. G. W. Irving Jr., administrator for the service, told the subcommittee, headed by Rep. Jamie Whitten, D-Miss., that the tests involve three separate applications of a bait known as Mirex, which is spread by airplanes.

## Back To Work

AUSTIN (AP) — President Johnson planned to return to the White House today after a 10-day absence that included two relaxing weekends at his Texas ranch and Pacific policy talks in Honolulu.

Johnson and daughter, Lynda Robb, attended morning services at St. Barnabas Episcopal Church Sunday in Fredericksburg, 15 miles west of the LBJ Ranch.

Daughter Luci Nugent, a Roman Catholic, went to mass at Stonewall, close to the ranch, with Mr. and Mrs. Charles Englehard, house guests for the weekend. Englehard is a New Jersey industrialist.

## 'Sloppy Job'

WASHINGTON (AP) — Rep. Richard S. Schweiker, says the Defense Department spent more than \$19.6 million last fiscal year to draft or enlist some 20,000 men later found physically unfit and discharged.

The Pennsylvania Republican, accusing armed forces medical examining stations of an "appalling sloppy job" of screening prospective draftees, said the cost was revealed by a Comptroller General's study he requested.

The study showed 2.6 per cent of the draftees had to be discharged because of medical conditions existing before they were drafted, Schweiker said.

## WINDY

Partly cloudy and cooler. Westerly winds gusting 25-30 m.p.h. High today 75. Low tonight 48. High tomorrow 65.

Tornadoes, threats of tornadoes, heavy rains and forecasts of severe thunderstorms turned today into one of the wildest of the spring season in Texas.

Tornadoes struck from West Texas into North Central Texas but damage was limited.

Strangest forecast in view of the April 22 date was one for possible snow in the Panhandle tonight with temperatures as low as 30 degrees.

In late morning, the Weather

Bureau issued a tornado watch bulletin for the heavily populated northeast part of the state.

The watch was in effect until 5 p.m.

The watch said the threat of tornadoes and a few severe thunderstorms existed 70 miles on each side of a line from Mineral Wells, Tex., to Little Rock, Ark.

A tornado struck just west of McKinney, near Dallas, the Department of Public Safety reported at 7:55 a.m. The agency

said it damaged a house and barn.

The sheriff's office in McKinney reported the twister tore half the roof off a farmhouse and the roof off an adjoining barn.

Thunderstorms raked parts of North Central Texas, but South Texas apparently suffered the strongest turbulence during the night and early morning.

Just west of Eagle Lake, which is 65 miles west of Houston, a severe thunderstorm

erupted—bringing rainfall indicated by radar at more than four inches an hour. Gusty winds occurred as the South Texas storm moved eastward. A threat of hail existed.

The Department of Public Safety said a highway patrolman spotted "what looked to be" a tornado five miles southwest of Aspermont in Stonewall County. It was in an isolated area and apparently did no harm. The twister was sighted about 1 a.m.

Another was sighted around Ponder in Denton county at 6:45 a.m. and moved on northeast.

The Ponder tornado smashed several outbuildings on the Joy Lee Yarbrough farm. Yarbrough's house was lifted three inches off its foundations.

Other damage included a smashed trailer and Yarbrough's granary which was moved 18 inches off its foundation and heavily damaged.

Also near Ponder, several

hundred yards of Texas Power and Light Co. lines were blown down. Workmen were immediately busy putting them back in places.

The Weather Bureau issued and later canceled a tornado watch for 20 West Texas counties. Also severe thunderstorm alerts were given for Henderson, Smith and Upshur counties in East Texas and Midland, Ector, Borden, Martin and Winkler counties in Far West Texas.

## SECOND MAJOR CLASH ON NORTH KOREAN FRONT

# N. Viet Blasts U.S. 'Change'

## Each Side Blames Other For Battle

SEOUL (AP) — Three North Koreans and one American were killed Sunday in the second major clash in eight days in the U.S. sector of the Korean front. Each side accused the other of starting the battle in which three Americans were wounded.

### IGNORED

The U.N. Command demanded an investigation by a joint team of observers, as provided by the 1953 Korean armistice. The Communist side ignored a request for an observers' meeting today, a U.N. spokesman said.

The spokesman said a group of at least eight North Korean soldiers opened fire on a U.N. patrol in the 2nd U.S. Infantry Division area of the demilitarized zone.

The patrol returned the fire and intermittent shooting went on for two hours, the spokesman said. Three of the Communist soldiers who had crossed the military demarcation line were killed, but their bodies were apparently dragged back because they could not be found Monday, he added.

A North Korean broadcast said the American force was made up of "over 50 fully armed bandits" who slipped across the demilitarized zone and attacked a Communist guard post near Daiduksan.

The broadcast said "several armed bandits" were killed in the "fierce fire." It made no mention of North Korean casualties.

## Claims Clark's Attitude Encourages More Violence

MONTGOMERY, Ala. (AP) — Rep. Armistead Selden, D-Ala., called today for the resignation of Atty. Gen. Ramsey Clark because, he said, Clark's attitude toward recent rioting invites further violence.

Selden told the Alabama League of Municipalities:

"By his every action, I am convinced that our present attorney general plans to continue to sweep under the rug protests against growing crime, lawlessness and disorder throughout America."

Selden urged President Johnson to appoint a new attorney general "who will lead us down a path of law and order and

not continue to condone and apologize for lawlessness and anarchy."

Despite the prevalence of crime, Selden said, "We hear the attorney general of the United States say there is really nothing to be worried about because, in his opinion, the crime problem in our nation has been greatly exaggerated."

The congressmen agreed with the orders of Mayor Richard Daley of Chicago for police to shoot looters and arsonists. He said the policies advocated by Clark "will only invite further wanton destruction and lawlessness."

## Forced To Evacuate

Anhydrous ammonia fumes spread over the small Central Iowa town of Kelley early Sunday when 17 cars of a Chicago and Northwestern Railway freight derailed. About 250 persons were forced to evacuate their homes, but the town was back to near normal Monday.

## Garden City Man Killed In Wreck

BIG LAKE — A Garden City man was burned beyond recognition, and a Big Lake man nearly decapitated in a fiery two-car crash north of here late Saturday night.

Dead are Robert Franklin Pepper, 35, of Big Lake, and Roy Fox, 56, of Garden City.

The accident occurred 15.2 miles north of Big Lake on Ranch Road 33. Mr. Fox was traveling north in a late model sedan. Mr. Pepper was traveling south to Big Lake in a pickup truck. The two vehicles apparently hit head-on at the top of a hill.

Officers said Mr. Fox's car overturned and came to a rest against the pickup truck. The sedan erupted into flames.

A passing motorist, C. I. Ashcraft, saw the flames before he came upon the accident scene, and drove to Big Lake and notified authorities.

Services for Mr. Pepper are

being handled in Big Lake. Mr. Fox's arrangements are being handled by the Hubbard-Kelly Funeral Home, Odessa, where services will be held Tuesday at 2 p.m. in the funeral chapel there. Earl Danley will officiate. Burial is to be in Sunset Memorial Gardens, Odessa.

Mr. Fox was born March 17, 1912, in Atascosa and had lived in Garden City for the past two years. He had previously resided in Odessa 20 years. He and the former Miss Bessie Young were married Nov. 15, 1939, in Flora, Ill. Mr. Fox was an employee of Tank Reynolds Co. He was a member of the Church of Christ.

Survivors include his wife, Mrs. Bessie Fox, Garden City; one daughter, Mrs. Leo Marble, Odessa; two sisters, Mrs. Ora Hamilton, Natalia, and Mrs. Bessie Stanley, Corpus Christi; two grandchildren and one great-grandchild.

## Hanoi Holding Out For Its Two Sites

TOKYO (AP) — North Vietnam charged Sunday that the United States, "instead of going 'any place,' has set two and then four conditions" for the preliminary talks to arrange a Vietnam peace conference.

### HOLDING OUT

Hanoi's Communist party newspaper Nhan Dan indicated the North Vietnamese still are holding out for the two sites which the United States rejects — Phnom Penh, Cambodia, or Warsaw, Poland. The Hanoi government has rejected 10 sites proposed by the United States.

Nhan Dan again accused President Johnson of going back on his assertion that U.S. envoys would go anywhere at any time in efforts to end the war.

Johnson said Thursday for assurances that the conference site would be accessible to other governments involved in the war, that it have adequate and presumably secure communications, that it be open for news coverage and that it be a place where neither side would have a psychological or propaganda advantage.

The United States had opposed Phnom Penh for negotiations because it has no diplomatic relations with Cambodia and objected that Warsaw, a Communist capital, could not be considered neutral.

In New Delhi, which has been mentioned as a possible conference site, Soviet Premier Alexei N. Kosygin and Indian Prime Minister Indira Gandhi discussed Vietnam Sunday. Informants said they brought up the question of a place for talks, but no details were disclosed.

Sen. Eugene J. McCarthy said in Washington Sunday that unless the United States is willing to approve some kind of South Vietnamese coalition government including the Viet Cong, "there is not much to negotiate."

The South Vietnamese government, he said, should be told bluntly that if it does not go along, the United States will start a military withdrawal.

## Agree To Aid Astronauts

MOSCOW (AP) — The Soviet Union, the United States and Great Britain today signed the agreement to rescue astronauts and return space equipment or parts that fall outside the country of origin.

The agreement was signed by Soviet Foreign Minister Andrei A. Gromyko, U.S. Minister Emory C. Swank and British Charge d'Affaires Peter Dalton.

Later, in London, Foreign Secretary Michael Stewart, U.S. Ambassador David K. E. Bruce and Soviet Ambassador Mikhail Smirnovsky signed the British copy of the agreement.

Other countries that signed in Moscow today in a second ceremony were Austria, Australia, Czechoslovakia, Bulgaria, Iceland, Italy, Hungary, Laos, East Germany, Norway, Romania, Ghana, Sierra Leone, Poland, Finland, Somali, Nepal and Mongolia.

## Gradual Troop Reduction Foreseen By Clifford

NEW YORK (AP) — Secretary of Defense Clark M. Clifford said today South Vietnam's increased fighting effectiveness will permit a leveling off of U.S. efforts in the war and "in due time" permit gradual troop reduction.

Clifford made that assessment in a speech prepared for the annual membership meeting of the Associated Press.

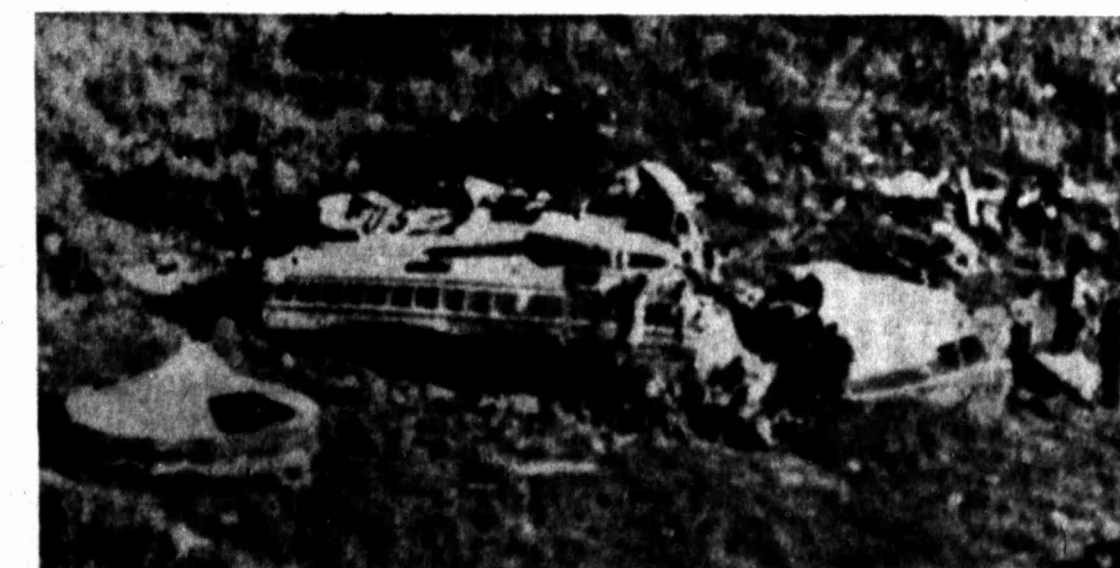

It was his first public address since he became defense chief seven weeks ago.

Clifford said his assessment was based on results of a comprehensive review of American policies and programs in Viet-

nam, ordered by the President after the setbacks of the Communist Tet offensive.

"The results were clear and the results were encouraging," Clifford declared. They disclosed that Hanoi could not bend South Vietnam to its will by military force.

"We concluded that Americans will not need always to do more and more, but rather that the increased effectiveness of the South Vietnamese government and its fighting forces will now permit us to level off our effort—and in due time to begin the gradual process of reduction."

## Crash Scene

inspect the crash scene. The airliner, which went into operation April 3, crashed Saturday, with a loss of 122 lives.

## Rich Diamond Shipment Missing In Wreckage

WINDHOEK, South West Africa (AP) — A \$700,000 shipment of diamonds was missing today in the wreckage of a South African jetliner that crashed Saturday night, killing 122 persons.

Six persons survived the crash, including American diplomatic courier Thomas Taylor. The U.S. diplomatic pouches he took aboard in Johannesburg, South Africa, were recovered from the wreckage Sunday.

South African Airways' newest Boeing 707 had just taken off from Windhoek, first of four stops on a flight from Johannes-

burg to London, when it began to wobble and plummeted out of sight. Watchers at the airport heard a crash and saw flames spurt into the sky.

Rescuers said they found Taylor beside the wreckage and he told them: "Don't worry about me. See to the others." Taylor, 36, of Tahlequah, Okla., was reported in good condition.

The airline identified three other American passengers: Dr. E. Fussenecker, connected with the Austrian textile industry, who was killed; M.B.P. Roche and Benjamin Thomas Jr., 76,

director of European operations for Southeastern Engineers Inc. of West Point, Ga.

The airline did not say whether either Roche or Thomas was the one survivor whose name had not been made public. It also gave no home towns but said Thomas had been living in Yorkshire, England.

The crash of the Boeing 707, delivered from the United States less than a month ago, was among the most costly in lives in aviation history.

# Church Chiefs Map Texas' Betting War

By The Associated Press

A statewide campaign aimed at blocking proposed legislation for pari-mutuel betting in Texas started Sunday with church leaders warning that organized crime will ride into the state on the horses.

The Anti-Crime Council of Texas, an organization of business, civic and church leaders, helped organize the rallies in Dallas, Fort Worth, San Antonio and Houston.

**PHONE PLANS**

Several hundred representatives of churches met to plan a massive telephone campaign to seek defeat of the issue at a statewide preference vote on pari-mutuel betting May 4.

Dr. Jimmy Allen, pastor of the First Baptist Church in San Antonio, told 150 representatives there that proponents are "selling the people cotton candy"

with their claims that both the state and county will profit from pari-mutuel betting.

"For every dollar bet at the track, three to five dollars will be wagered with illegal bookmakers, and the profits used to finance corruption and racketeering," he said.

The father of the horse racing bill, Sen. V. E. Berry of San Antonio, was not available for comment Sunday night on the meetings.

He has contended that organized crime will not follow pari-mutuel betting because strong control measures would be included in such a bill. He has said a powerful state racing commission would be set up to keep out undesirable elements.

**'MORAL DECLINE'**

In Fort Worth, where about 100 persons attended the rally, the Rev. Ira Galloway, superintendent of the Methodist Church's Fort Worth East District, said, "There is no doubt in my mind that pari-mutuel betting will help create a further moral decline in the state."

The Rev. Mr. Galloway contended that increased crime has followed in every state where horse race betting was approved.

The Rev. Richard M. Freeman, pastor of the Ridgewood Park Methodist Church in Dallas, told more than 100 representatives at the Dallas meeting, "I want you to know how terrified I am."

"We're not in a position to compete for clean government with organized crime," he said. If betting is approved, he added, "we will have legalized an unending flow of cash directly given to the underworld."

The Rev. Mr. Freeman said organized crime thrives on narcotics, prostitution, loan-sharking and illegal gambling. He added that despite arguments to the contrary, the state does not need horse race betting to attract tourists.

**TWO QUESTIONS**

The Rev. Mr. Allen said in San Antonio that "to place social approval" on legalized gambling invites such elements as the Mafia and Cosa Nostra crime syndicates. He added that studies by government crime commissions in other states have indicated this is a direct result of legalized gambling.

He said that Bexar County voters have approved pari-mutuel betting referendums twice before although they failed statewide.

In the telephone campaign, church rolls will be divided into lists of 20 names. Callers will be asked two questions: Are you registered to vote? How do you plan to vote on legalizing horse race gambling?

# 'Little Miss' Pageant Held At Lamesa

LAMESA (SC) — Kim Cox, five-year-old daughter of Mr. and Mrs. Stanley Cox, was crowned winner in the "Little Miss" group and Dawnelle Phillips, eight-year-old daughter of Mr. and Mrs. Norman Phillips was winner in the "Little Miss" division of the "Little Miss" pageant here Saturday night.

Crowning the winner in the three to six age group was Cindy Brown, winner of the event last year. Kelli Warren, last year's winner in the seven through twelve age group made the presentations for the "Little Miss" and talent winners. They are the daughters of Mr. and Mrs. Norman Brown and Mr. and Mrs. Charles Warren. Each winner was also presented a bouquet of red roses.

Winning first runner-up in the older group was Melanie Gray, 11-year-old daughter of Mr. and Mrs. Bill Gray of Welch. Michael Evans was named second runner-up. She is the 12-year-old daughter of Mr. and Mrs. Walter Evans.

The pageant, which is an annual event is sponsored by the Lambda Sigma Phi Chapter of Beta Sigma Phi.

The Lamesa High School Stage Band furnished music throughout the program and Kelli Warren and Cindy Brown presented special numbers.

# Three Proposals Dominate Agenda

Recommendations from three subordinate commissions dominate the agenda, which has been drawn for the study of the Big Spring City Commission for Tuesday. The session will be held in the City Hall, starting at 7 p.m.

A recommendation from the planning and zoning commission be amended to allow home beauty shops under the "special use permit" section. If approved, beauty shops could be allowed in residential sections of the city.

The traffic commission has recommended a far-reaching program of eliminating weeds, brush, and obstructions within four-five feet of the curb lines throughout the city, as well as leveling to curb grade where necessary.

This cleanup recommendation carries with it the ultimate goal of providing sidewalks throughout the city, in a continuing program. The commission suggested that a maintenance crew be established to press the cleanup program.

Such a program, the recommendation points out, would eliminate the dangers to pedestrians who must now walk in the streets; eliminate hazards at intersections where drivers cannot see oncoming traffic; encourage property owners to make similar cleanup improvements; help in an over-all beautification program.

The commission will look at a plan to build a clubhouse at the golf course, to cost \$17,000, financed through an increase in

# Five Fires Snuffed Out

Firemen were kept busy fighting five fires Saturday and Sunday.

At 1:40 a.m. Saturday the house of R. R. Carter at 811 E. 13th caught fire and there was heavy damage to both the building and its contents, firemen said.

At 9:56 a.m. Saturday firemen quickly snuffed out a trash fire on a vacant lot at 308 Settles.

A car owned by J. C. Williams, 601 Steakley, caught fire at 4:40 a.m. Saturday at Douglas and Sixth and was extensively damaged.

A trash fire at 3:40 a.m. Sunday at 209 W. 1st, and a grass fire at 7:05 p.m. at First and Lockhart were both quickly extinguished.

# Andrews Tackles Housing Problem

ANDREWS, Tex. (AP) — Towns and cities throughout the United States who have a growing number of vacant houses might well follow the lead of the local housing authority of Andrews. This group has initiated a program whereby it will purchase houses which have been repossessed by the Federal Housing Administration. The vacant houses then will be reconditioned and rented at low rates to retired persons.

# Heavy Snow Warnings Posted In New Mexico

By The Associated Press

Stormy spring weather, with snow, driving cold rain and tornadoes—threatened and real—continued today from the Rocky Mountains to the Great Plains.

Heavy snow warnings were in effect for northern New Mexico and northeast Arizona after Denver received two inches of wet snow within six hours.

**TWO TWISTERS**

The storm, advancing on the heels of a cold front, lashed the Great Plains Sunday night with tornadoes, severe wind and hailstorms and heavy rains.

Southwest of Wichita, Kan., two tornadoes touched ground—one at Medicine Lodge; the other at Nashville. The Nashville funnel cloud reportedly damaged the post office, a mobile home and a farmhouse. No injuries were reported.

Wind gusts of 40 to 55 miles an hour whipped much of Kansas, northwest Oklahoma and south Nebraska. Kearney, in south central Nebraska, reported a peak gust of 63 miles an hour.

**COLD 'BASEBALLS'**

The Weather Bureau said that the size of baseballs shattered car windows seven miles north of Medicine Lodge.

Two-inch hail struck sections of Oklahoma City and Hobart, Okla., to the southwest.

Violent thunderstorms struck parts of south central Kansas. Andale, northwest of Wichita,

was swamped with up to 4.50 inches of rain.

Elsewhere today, skies were generally clear west of the Rockies. Clear skies also prevailed over the south Atlantic states. Scattered showers were developing along the middle and north Atlantic coasts.

Temperatures ranged down to 21 at dawn in several parts of Montana.

**NCOA Starts Safety Drive**

A new type of safety program is under way in Howard County, sponsored by members of the Non-Commissioned Officers Association Chapter of Webb AFB.

According to M. Sgt. Charles R. Aggen, acting chairman, the program has been tagged "Partners in Safety" and will stress safety on the highway, at home and in all phases of living.

As a part of the program, for the next few weeks, a motorist will be selected as the courteous driver of the day. His license number will be taken and publicized throughout the county by the NCOA, Aggen explained.

If the driver recognizes his license number and puts in a claim by noon the next day, he will receive \$10, Aggen said. If the driver does not claim his prize, the award will go to \$15 and another license number will be selected. If this award is then claimed, Aggen said, the amount will begin again at \$10. At intervals, merchandise prizes will be added to the cash awards.

A safety slogan contest is open to all age groups and must be limited to 20 words or less. Entries may be mailed to NCOA, P.O. Box 3479, Webb AFB. There will be five cash awards weekly, Aggen said.

"A 'mystery jaywalker' will appear on city streets on certain days, and if he is identified, Aggen pointed out, the winner will receive a prize of \$2.85.

Bumper stickers and window cards will be distributed by members of the NCOA and various service organizations.

Thirty-nine young people from the hospital and 50 Rainbow Girls joined in a game party at the park at 10 a.m., and at 11 a.m. they went swimming at the YMCA. A picnic lunch was served in the park at 12 o'clock. Five staff members from the hospital were in attendance, and seven adults in the Rainbow group acted as sponsors.

Corsages of miniature yellow roses were presented to the honoree, her mother, Mrs. Kelly Burns, and her fiancé's mother, Mrs. John Bennett Sr.

The table was covered with a white linen cloth, bordered with a wide band of lace, and centered with a crystal basket holding miniature yellow roses. Candles in silver holders flanked the flowers and a silver punch service was used. Fresh flowers were used in arrangements placed throughout the entertaining area.

Mrs. Vague presided at the table, and guests were registered by Mrs. Walker. Out-of-town guests were Miss Patty Harralson, Houston; Miss Janet Jones, Austin; and Miss Sarah Bennett, Waco, sister of the prospective bridegroom. Approximately 40 attended.

## Metallic Yarns Become Flexible

The metallic yarns used today usually consist of a layer of metal—mainly aluminum—bonded between two layers of acetate or polyester plastic film. The newest metallics are more flexible than those formerly made of silver and copper which tended to tarnish.

While these modern metallic yarns are colorfast to both sunlight and washing, garments containing them should be turned inside out during sudsing and rinsing in order to protect the outer surface of the fabric from abrasion.

## Camp Booth Oaks Opens Doors For Brownie Weekend

Camp Booth Oaks opened its gates Saturday to over 900 Brownie Scouts of the West Texas Girl Scout Council. This was an annual affair and is known as Brownie Day at Camp. Camp Booth Oaks is the established camp of the West Texas Girl Scout Council and provides camping opportunities for all Junior, Cadette, and Senior Girl Scouts in the 16 counties which make up the council.

Cadette troops throughout the council served as guides and gained new experiences as teachers. Each Brownie was able to see the different campsites which make up the camp. Also, they were able to view the camp swimming pool, crafts cabin, dining hall and infirmary. The Brownies were able to follow the many trails that lace the camp sites together. This trip to Camp Booth Oaks was of particular interest to Brownie fly-ups since they now become eligible to attend two of the four sessions this summer. Girl Scouts in grades four through 12 are eligible.

Twelve of the 15 Brownie Girl Scout troops from Big Spring made the trip to Camp Booth Oaks which is located eight miles south of Sweetwater.

## Make Up Eyes By Expert's Advice

Bring your eyes into play the natural way. Use a cake or pencil eye liner in black or brown according to your hair color. Redheads and blondes should use brown.

Draw the line across the roots of the upper lashes to give the illusion of thickness. Do not extend the line for daytime naturalness. Don't line beneath the eye unless the eyes protrude greatly.

## A LOVELIER YOU Neat Legline Needs Firm Foundation

By MARY SUE MILLER

Firm muscle tone is the foundation of a neat legline. When it is properly conditioned, the musculature of the leg influences its shape for the better. It helps to shore up heavy spots and thin spots alike.

But let the muscles grow weak, and then sag sets in with a resulting loss of contour. To remedy and prevent that unhappy condition, this routine is entirely efficient:

1. Stretch out straight on the floor. Raise the right leg high up, keeping the knee straight and the big toe pointed. As if your leg were a pencil, describe a mammoth figure 8; reach as far as you are able in all directions. Repeat 10 times and then draw the figure 8 backward.
2. In same starting position as above, relax the knee but still hold the ankle taut. Then describe medium-sized 8's in both directions. Be sure to let all possible motion come from the knee-joint; hips and thighs must not get into the act. Continue for 10 counts.
3. Straighten the leg and make tiny 8's with the ankle, confining all motion to it.
4. Give the left leg the same workout. Throughout try to make all motions continuous,

smooth and rhythmical. Faithful performance not only keeps the legs in shape but youthfully limber, too.

**LEGLINE TRIMMERS**

If your individual problem is heavy legs, send for my new leaflet, "Legline Trimmers," which contains spot reducing exercises that will meet your individual needs, whether for thighs, knees, calves or ankles, or for contouring your entire legline. Write Mary Sue Miller in care of the Big Spring Herald, enclosing a long, stamped, self-addressed envelope and 10 cents in coin.

### Survey Hints Demo Runoff

HOUSTON (AP) — Texas voters are expected to force a runoff election between Don Yarborough and Lt. Gov. Preston Smith for the Democratic nomination for governor, the Houston Chronicle said Sunday.

The newspaper, in a copy-righted article, said a state survey indicates Yarborough will receive 28 per cent of the vote in the May 4 primary.

Smith, whose position dropped one percentage point from a survey four weeks ago, will receive 23 per cent to force the runoff, the newspaper said.

Eugene Locke will get 17 per cent of the vote, and Waggoner Carr and John Hill will each receive 12 per cent. The newspaper said Dolph Briscoe will get eight per cent.

Four other candidates apparently will not get enough votes to change the outcome significantly, the newspaper said. They are Ed Whittenburg, Pat O'Daniel, Mrs. Johnnie Mae Hackworth and Alfonso Veloz.

## Official Descriptions Of Assassin Conflict

MEMPHIS, Tenn. (AP) — A ranking Memphis police officer acknowledges there are "a whole lot of discrepancies" in official descriptions of the man sought as the sniper slayer of Dr. Martin Luther King Jr.

Asst. Chief Bill Price referred to statements that James Earl Ray, 40, an escaped Missouri convict, and Eric Starvo Galt, first sought for King's April 4 assassination in Memphis, are the same person.

#### PRINT CHECK

"You don't know what to look for," Price said Sunday as officers here and elsewhere continued their investigation of the slaying. The nationwide manhunt continues.

The FBI issued a conspiracy warrant Wednesday for Galt, then updated their case Friday by saying a fingerprint comparison showed Galt was really Ray.

The naming of Ray in the case caused confusion, primarily because earlier official statements indicate that Galt and

Ray were in different places at the same time.

When Galt was charged as a conspirator in King's death by rifle bullet, the FBI said the man had taken dancing lessons in New Orleans in 1964-65. The FBI said later the earlier description should have said Galt reportedly took dancing lessons rather than stating it flatly.

During that time, Ray was in the Missouri State Prison at Jefferson City, serving a 20-year sentence for a 1959 supermarket robbery.

#### AGE MYSTERY

The age of the man also was in conflict.

Witnesses who saw a man in a Memphis rooming house from where the fatal bullet was fired estimated his age as in the late 20s. The FBI, in issuing its warrant for Galt, said he had given his birthdate July 20, 1931. That would make him 36. The FBI said Friday Ray is 40.

The personalities of the two men are sometimes at odds. A prison pal described Ray as virtually a nondrinker. The FBI

describes Galt as a fancier of beer and vodka.

There were other differences: Galt: neat appearance. Ray: careless appearance.

Galt: Southern accent. Ray: born in Alton, Ill. No Southern accent.

Atty. Gen. Ramsey Clark, who came to Memphis after King was slain, at first ruled out a conspiracy, but then the FBI issued its warrant for Galt on a conspiracy charge.

### Junior College Plan Rejected

AUSTIN (AP) — For the third time, Travis County voters have turned down a proposal for a junior college.

Only 20 per cent of the eligible voters went to the polls Saturday but they decisively voted against both a proposed property tax hike and an \$8.5 million bond issue to build the school with. Both votes were roughly 12,000 against to 7,000 in favor

### Excitement Beds 2 Coeds

DENTON, Tex. (AP) — It has been said that nothing ever happens at a girls school.

The 540 girls living in Nelda Stark Dormitory at Texas Woman's University had so much excitement early Sunday that two of them were hospitalized.

Fire broke out on the top two floors of the 21-story dormitory. Seven rooms were heavily damaged, Fire Chief Jack Gentry said.

Two students apparently suffered from over-excitement and were taken to a hospital, Gentry said. Two firemen were overcome by smoke and a third was cut by flying glass.

The coeds returned to their rooms several hours after the first alarm was sounded at 12:33 a.m.

A state fire marshal joined Denton fire investigators today in probing the cause of the blaze. Gentry said that within the last three months there had been four trash fires on the top floor of the high-rise dormitory.

### Dear Abby

#### A Matter Of Choice

DEAR ABBY: My family enjoys dining at a friendly little Italian restaurant which is owned and operated by a man and his wife. He does the cooking and she is out in front hostessing and waiting on tables.

Do we tip her? My husband says we should. I say we shouldn't as she might be insulted. No etiquette book covers this. In beauty shops and barber shops, if you try to tip the owner-operators, they're insulted. Does this hold true in restaurants?

DEAR RUTH: "Tipping is always optional. But in the case of an 'owner-operator,' when in doubt, offer a tip. (P.S.: If an Italian is 'insulted,' he'll let you know it.)"

DEAR ABBY: The daughter of a friend of mine was planning a large June wedding. However, those plans were quickly

changed when the bride-to-be discovered she was pregnant.

So now the family is sending out "announcements" that the girl was married in March, so the big wedding is off.

Under these circumstances, is a wedding gift in order?

A FRIEND: "If your wedding gift means, 'This is a repayment for your wedding invitation,' then, of course, no gift is in order. But if it means, 'Accept this gift along with our best wishes for your future happiness,' then a gift is in order."

DEAR ABBY: I am a 14-year girl and I hope you won't laugh when I tell you what my problem is. I have a mustache. The kids are always teasing me about it. Boys keep telling me I need a "shave." Some girls have even told me in a nice way that I would be pretty if

"I'm afraid if I shave it off it will grow back, heavier and thicker, like a man's beard. I have heard there are other ways to remove unwanted hair, but I'm afraid to try any of them because I've heard it could leave scars. Can you help me?"

MUSTACHE GIRL  
DEAR GIRL: You are very wise to consider so carefully the results before attempting to remove unwanted hair from your face. Ask your mother to take you to a skin doctor and let HIM recommend the method that is best for you.

DEAR ABBY: The man who told "THE OFFICE GANG" that he has been married for 31 years, and in all that time he had never had a fight with his wife, that she has never nagged him, questioned him or contradicted him, or ever raised her voice to him, well — he could have been my husband, only we've never had a fight or raised our voices to each other, and let me tell you, we have about the dullest marriage possible.

BORED STIFF  
Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Calif. 90069 and enclose a stamped, self-addressed envelope.

# Connally Almost Endorses Humphrey For President

WASHINGTON (AP) — Gov. John Connally almost — but not quite — endorsed Vice President Hubert Humphrey for president Sunday.

The "almost" came about as the Texas governor said Humphrey had "compassion . . . maturity . . . energy . . . intelligence."

But Connally maintained throughout an interview that he

has yet to make up his mind about whom to support as President Johnson's successor as the Democratic nominee.

**NOT PROMOTING**  
"Possibly the vice president would run stronger than the other two, but that is a matter of conjecture at this moment," Connally said when asked how Humphrey would fare against the two announced Democratic

aspirants—Sens. Eugene J. McCarthy of Minnesota and Robert F. Kennedy of New York.

Connally, a political foe of Robert Kennedy although he served as secretary of the Navy under the late President John F. Kennedy, said he is "not at this point promoting any candidate" nor is he behind any move to stop a candidate.

to a question that he would "feel more comfortable" with Humphrey as the Democratic standard bearer than with either Kennedy or McCarthy, both of whom oppose Johnson's Vietnam policy.

**WON'T ESTIMATE**  
Connally commented on the NBC radio and television interview program "Meet the Press."

The governor said he has "some remote doubt" that President Johnson will hold to his declaration not to seek or accept the nomination.

festation on the part of the people in behalf of one of the other candidates."

## NEGROES WALK OUT; UNITED METHODIST CHURCH

### Final Steps Today For Church Merger

DALLAS, Tex. (AP) — Final steps were being taken today for America's biggest church merger amid tensions underscored by a walkout of some Negro Methodists from a vast, solemn service of Holy Communion.

They staged the action to dramatize their charge that racism remains in plans for the new denomination—the United Methodist Church.

To be formally inaugurated Tuesday, it will join the 10.3-million-member Methodist Church and the 746,099-member Evangelical United Brethren Church into a single body.

United Methodist Church still divided by the infamy of segregation and discrimination," said a statement by the protesting group, Black Methodists for Church Renewal.

Their walkout occurred in a hushed interlude of a mass celebration of the Lord's Supper Sunday night in the Dallas Memorial Auditorium.

About 40 Negroes, joined by more than a score of sympathetic whites, quietly filed out as the bread and cup were being distributed to a throng of about 10,000 church delegates and visitors.

The Rev. Cecil Williams of San Francisco spokesman for the demonstrators, said they refrained from taking communion to symbolize "the brokenness in the fellowship."

The church has more than 350,000 Negro members. The protesting group voiced concern that the newly merged church will fail to act strongly enough to ease the "urban crisis."

### Minister's Allegorical Tale Draws Considerable Reaction

DALLAS, Tex. (AP) — Some people believed it. Some thought it was just an allegory. In any case, they were shocked.

"It's savage," said a church delegate here for a merger conference to form the United Methodist Church.

Yet he was a bright boy with real capacities." Finally, the account continued, a younger brother became sympathetic and smuggled the imprisoned boy a television set, through which he learned of the wider world.

The bishop went on: "They were ashamed of the way the child looked, so they put him in the basement behind the furnace and kept him confined there, letting him grow up without knowing other children or the world outside."

"They fed him leftovers from the table and forced him to do menial tasks around the basement, such as chopping wood for the fireplace."

"When the family would go on vacations, they would leave a supply of food for the boy to eat. He grew up without the barest minimum of education."

Inquiries from radio listeners about the case led newsmen to check into it with the bishop, who said he had indicated at the close of his sermon that the account was actually a parable—the imprisoned child referring to American Negroes.

"But let people think it's real," he said. "It is real. It can be documented. I can take you into the dark basements of any American city, where people have been confined there, restricted to the most menial tasks, with no chance to get out in the world."

### Parochial School Texts Case Before High Court

WASHINGTON (AP) — A New York case involving the separation of church and state issue tops the Supreme Court calendar as it opens two weeks of hearings, the last of its current term.

The high court is scheduled today to hear two hours of arguments in a bid by two New York school districts to overturn a state law requiring public school systems to lend textbooks to students in parochial schools.

Countered Atty. Gen. Louis J. Lefkowitz of New York: "The provision of textbooks to all children, enrolled in grades 7 through 12, without regard to the nature of the school attended, does not constitute an establishment or aid to religion, but rather an aid and benefit to the child receiving the textbooks."

Justice T. Paul Kane of the New York Supreme Court, in declaring the law unconstitutional in August, 1966, said the First Amendment ban applied on grounds that since pupils are part of a school, aid given to pupils is aid given to schools.

Kane was overruled in January, 1967, by the appellate division. And the state law was further upheld in June by a 4-3 vote of the Court of Appeals, the highest court in New York.

He added that while many listeners may have missed the point, he paused at the end of his sermon and turned to them, saying: "By the way, when you go home, there's someone in your basement whom you know, someone your family has been keeping there."

Sooner Charged In Death Of Tot

WICHITA FALLS (AP) — A 28-year-old former Oklahoma man was charged with murder over the weekend after the shooting death of his infant daughter.

### Phone Workers Defy Back-To-Work Orders

WASHINGTON (AP) — The A.F.L.-C.I.O. Communications Workers defied back-to-work court orders today in two states in the fifth day of the nationwide telephone strike, and said the injunctions blocked chances for an early settlement.

"All hopes for a quick solution have faded," said CWA President Joseph A. Beirne, who denounced the court orders obtained by Southern Bell Telephone Co. in Alabama and Kentucky as "preposterous" and "anti-union."

Beirne said the injunctions indicated the Bell Telephone System, and its parent American Telephone and Telegraph Co., want "to go on fighting" the strike of nearly 200,000 union members in some 40 states, instead of settling the wage dispute at the bargaining table.

Beirne called his 13-man union executive board into session Sunday to consider Gilmer's offer to explore a union proposal. But the meeting ended after eight hours "without any prospect for an immediate settlement," Beirne said.

No formal company-union talks are scheduled, he said.

The injunctions order Bell System employees whose contracts have not expired to go back to work despite picket lines of their fellow union members—telephone installers employed around the nation by the Bell subsidiary, Western Electric Co.

Some 23,000 Western Electric telephone installers in about 40 states are on strike, in addition to Bell System operators, linemen, repairmen, clerks and other workers in 15 states. Western Electric manufacturing employees in Buffalo, N.Y., also have walked out.

Beirne said he doubted that anyone in the Central Ward was involved in setting the weekend blaze.

### Newark Fire Leaves 500 Persons Homeless

NEWARK (AP) — Fire Director John Caulfield has ordered an around-the-clock investigation of a fire that roared through a five-block area in the city's Negro Central Ward this weekend, destroying 34 houses and leaving 500 persons homeless.

Caulfield said the blaze was "the worst in the history of Newark" and was "definitely suspicious."

Fire Chief Joseph Redden said the fire "was definitely set."

"We have nothing but a lot of three-story chimneys with nothing in them," Redden said. The five blocks are in the area where 26 persons died during five days of racial outbreaks last summer and where numerous firebombing incidents occurred in the days following the slaying of Martin Luther King.

Redden said he doubted that anyone in the Central Ward was involved in setting the weekend blaze.

He said many neighborhood residents helped firemen carry hoses, and some even brought their own ladders into the street to help firemen trapped on blazing roofs escape the flames.

About 800 other persons had been left homeless by fires during the past two weeks in which a number of small businesses as well as the homes were destroyed or damaged.

Some 23,000 Western Electric telephone installers in about 40 states are on strike, in addition to Bell System operators, linemen, repairmen, clerks and other workers in 15 states. Western Electric manufacturing employees in Buffalo, N.Y., also have walked out.

# Racial Tensions Split Britain's Conservatives

LONDON (AP) — Britain's Conservative party was badly split today following a clash between two of its leaders over the racial question.

Edward Heath, the leader of the opposition party, fired outspoken rightwinger Enoch Powell from the party's shadow Cabinet, calling a speech by Powell Saturday "racialist in tone and liable to exacerbate racial tensions."

Political writers considered Powell's speech a challenge to the more moderate Heath's leadership, forcing the party chief to take strong action or abdicate to the Tory right wing.

Powell was the member of the shadow Cabinet for defense and would have taken command of that ministry if the Conservatives ousted the Labor government. Reginald Maudling, the deputy party leader, took over Powell's defense duties while Sir Alec Douglas-Home assumed Powell's brief for commonwealth affairs.

Other right-wing Tories denounced Powell's firing. One, John Jennings, called it "a tragedy." Powell's speech and the party split also gave the Laborites valuable ammunition for the House of Commons debate Tuesday on the Labor government's controversial race relations bill.

The bill seeks to outlaw racial discrimination in housing, jobs and other fields. The Tories oppose it, claiming it will be unworkable. But they also say they oppose racial discrimination.

Powell in his speech said Britain should bar further colored immigrants and pay those now here to return to their native lands. The speech was peppered with such volatile remarks as "colored immigration is a match on gunpowder" and "rivers of blood will eventually flow."

Powell stuck by his speech, claiming it was in line with Conservative policy. He had no immediate comment on his dismissal.

There are now about one million colored immigrants in Britain, about two per cent of the population, and racial tension has increased in recent years.

## Span Slam Kills

LEESVILLE, La. (AP) — A woman from Pinehurst, Tex., was killed Sunday when a car slammed into a bridge on Louisiana 8 in a rainstorm. Killed was Mrs. Eva C. Martin, 46. Officers said the victim's daughter-in-law, Mrs. Linda Martin of Tomball, Tex., was injured.

## Nixon Proposes Big Budget Cut

CHEYENNE, Wyo. (AP) — Richard M. Nixon is now beginning to develop his second major campaign theme—what he calls "the crisis of the federal budget"—in his drive for the Republican presidential nomination.

He has called on President Johnson to cut the budget by \$8 billion.

**CITES CRISIS**  
Nixon said in a statement in Cheyenne, "The United States is today hurtling down a path toward the worst economic crisis of the postwar era."

The former vice president conferred for 3½ hours Sunday night with Wyoming Gov. Stan Hathaway and said afterward, "We talked about the crisis of the budget, the war in Vietnam, and all the other major national and international problems confronting the country."

Nixon charged the Johnson administration with five years of "fiscal mismanagement."

In answer to a reporter's question, he said, "Yes this will

be a major campaign theme. It will be a lasting theme, although I wish that wouldn't be necessary."

## FIRST STEP

Nixon's other big campaign contention, to date, is that the Democratic presidential candidates are so deeply divided among themselves that they cannot provide the leadership to heal the divisions in American public opinion.

Nixon said that he would make deep cuts in spending for public works, the nonmilitary space program, the supersonic transport and in government personnel at home and abroad as a first step toward reducing the federal budget.

Nixon is touring Wyoming, Montana, Nevada and Idaho, holding conferences with the Republican governors of these states.

He is scheduled to fly to Helena Monday afternoon for a meeting with Montana Gov. Tim Babcock.

ANSWERS TO BRIDGE QUIZ

Q. 1—Neither vulnerable, as South you hold:

♠J53 ♥K10932 ♦A4 ♣92

The bidding has proceeded:

East South West North

Pass Pass 1♣ Pass 1♣

Pass 1♥ Pass 2♥

Pass ?

What do you bid now?

A.—Three hearts. This hand qualifies for another bid. If partner has a good raise there should be a reasonable play for game.

Q. 2—East-West vulnerable, as South you hold:

♠7 ♥AK873 ♦KJ4 ♣KQ52

The bidding has proceeded:

South West North East

1♥ Pass 1NT Pass

1♣ Pass ?

What do you bid now?

A.—Two clubs. You have a very strong hand, but unless you can find a satisfactory fit it would be unwise to force any further action from partner. If he drops you in two clubs, it is very unlikely that a game will have been missed.

Q. 3—As South, vulnerable, you hold:

♠KQ ♥AKJ43 ♦A93 ♣K86

The bidding has proceeded:

East South West North

Pass 1♥ Pass Pass

1♣ Dbble. 2♠ 3♥

Pass ?

What do you bid now?

A.—Pass—and fast. If there were a game in this hand, partner would have been able to keep the bidding open on the first round. He is merely making a competitive effort to stop the opponents from stealing a part score and he should not be punished for his enterprise.

Q. 4—Neither vulnerable, as South you hold:

♠6 ♥Q6 ♦KQJ109876 ♣Q63

The bidding has proceeded:

North East South

1♠ 2♣ ?

What do you bid?

A.—Four diamonds. This hand presents two logical choices; either a pass to find out more about the hand or a preempt. Our preference is for the four diamond bid. We do not consider an immediate free bid of two diamonds to be a good strategy.

Q. 5—Both vulnerable, as South you hold:

♠K943 ♥KQJ53 ♦52 ♣106

The bidding has proceeded:

West North East South

2♠ 3♣ Pass ?

[weak]

What do you bid?

A.—Three no trump. A bid of three hearts would be pointless inasmuch as partner would surely have made a take-out double had he possessed any values in that suit. Furthermore, having unexpected made strength in his hand, he will surely be forced to return to four clubs and the shorter road to game will have been bypassed. Experience dictates an assumption of diamond protection in partner's hand which is a reasonable supposition.

Q. 6—As South, vulnerable, you hold:

♠Q10874 ♥82 ♦J963 ♣AK

The bidding has proceeded:

South West North East

Pass 1♣ 1♥ Pass

1♠ Pass 2♠ Pass

Pass ?

What do you bid now?

A.—Four spades. Partner's raise to two spades is an invitation to go on to game and is made in the light of your previous pass. Partner could hardly expect any more from a passed hand.

Q. 7—Both vulnerable, as South you hold:

♠K54 ♥AQ10 ♦AK9 ♣KJ87

The bidding has proceeded:

South West North East

1♠ Pass 1♥ Pass

1♣ Pass 2♠ Pass

Pass ?

What do you bid now?

A.—False pride in the possession of 20 points should not induce you to assume any risk at the level of three on a hand which does not present the remotest hope for game. Nothing can be dearer than the hand of a partner who could not keep open a bid of one club.

Q. 8—As South, vulnerable, you hold:

♠AQ3 ♥5 ♦AQ32 ♣KQ962

The bidding has proceeded:

North East South West

Pass Pass 1♣ Pass

1♠ Pass ?

What do you bid now?

A.—A temporary bid is indicated. You have sufficient strength to warrant a jump rebid but the trump holding is not quite adequate for a jump rebid. The best solution is a bid of two diamonds intending to support spades next round. This bid is known as a reverse (a rebid in a higher ranking suit at the two level) and describes a hand worth approximately 18 points.

### Cream Of Crop Get Tony Awards

Patricia Routledge (left), named best female star, beams as she and other Tony award winners hold one of the silver medallions after presentation ceremonies in New York last night. She shared the honor with Leslie Uggams (center).

Robert Goulet (second from left) won a Tony for best male musical star and Martin Balsam took best male dramatic star honors. Zoe Caldwell (right) was named top female dramatic star.

## Americans Claim Musical Honors, Share In Drama

NEW YORK (AP) — An Australian actress and a British author took two of Broadway's top three Tony awards for drama Sunday night, but the musical honors were almost all American.

Zoe Caldwell, who won a Tony in 1966 as the best supporting actress, was named best dramatic actress of the 1967-68 season for her role in "The Prime of Miss Jean Brodie" and Tom Stoppard won the drama trophy for "Rosencrantz and Guildenstern Are Dead."

The best actor award went to Martin Balsam for his role in "You Know I Can't Hear You When the Water's Running," which was named best actor in a musical for his role in "The Happy Time."

Director's honors went to Mike Nichols for the dramatic play, "Plaza Suite," and Gower Champion for the musical "Happy Time." Champion also was named best choreographer, picking up his sixth and seventh Tony Awards.

As each award was presented in the Shubert Theater, the winners crossed a spotlighted, closed-off street to Sardi's restaurant to pose for pictures and congratulate each other.

The awards, which were nationally televised by NBC, are named for the late Antoinette Perry, one of the founders of the American Theater Wing which originated the honors 22 years ago.

### Glamor Of Broadway Shows In Presentations

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP) — There's no doubt about it—the Broadway theater has about it an electricity and glamor that somehow motion pictures can't touch. It was evident Sunday in the Tony award presentations on NBC.

This year, the second time the award show has been on network television, the program was expanded into a star- and entertainment-packed hour and three-quarters. There were awards for writing, acting, music, choreography and a number of special awards. But the big items of the evening were the production of scenes from a series of hit musicals.

It started with an elaborate production number from "Golden Rainbow," and moved on to a number from "The Happy Time." There were short numbers from past Tony-winning shows which are still running, "Fiddler on the Roof," "Cabaret" and "Man of La Mancha."

It was a night when the producers really had to take refuge in the alphabet in handling the names of the participants. They ranged from Ann Bancroft to Joanne Woodward, but in between there came the names of just about every important star of the current Broadway stage.

Jack Benny wandered in and out making stinging jokes. Angela Lansbury and Peter Ustinov were the hosts. There was Groucho Marx, Gregory Peck, Eli Wallach, and so many more that it was impossible to list them.

Selection of Zoe Caldwell for the "Prime of Miss Jean Brodie" and of "Hallelujah, Baby" chronicles half a century of Negro history and which closed three months ago, was named the best musical play and its star, Leslie Uggams, shared the award for best actress in a musical with Patricia Routledge of Britain. Miss Routledge was honored for her role in "Darling of the Day," which also is no longer playing. Robert Goulet was named best actor in a musical for his role in "The Happy Time."

as the best musical play seemed to be particularly happy choices as far as the theater audience was concerned.

The envelope-opening and thank-you business, which has become such a drag in the movie and TV award shows, was kept down to a brisk minimum.

Most of the program was live, and involved all sorts of complex scene shifting on the theater's normal-sized stage, and it came off smoothly and with excitement.

### Rare Wolves Born

TULSA, Okla. (AP) — Three rare tartaric wolf puppies have been born at Tulsa's Mohawk Park Zoo. Mohawk officials said they believe the coal black pups are the first of the breed to be born at a U.S. zoo. The breed usually is found in Eurasia and Pakistan.
