California's Demo Primary Crucial Test

WASHINGTON (AP)—California's primary Tuesday, crucial in the contest for the Democratic presidential nomination, tops a busy week of politics.

Ranking just behind California are primaries the same day in New Jersey and South Dakota, both of which also bear heavily on the White House race.

There are three more primaries Tuesday, in Mississippi, Alabama and Montana, but they are not presidential affairs.

Make-Or-Break Deal

In addition state conventions later in the week will dispose of another big bundle of national convention delegate votes.

Altogether, by week's end, 176 more Republican delegates will have been selected and 341 more Democratic convention votes will have been assigned.

In California Gov. Ronald Reagan is a shoo-in with no opposition fielded against a slate of 86 delegates backing him as a favorite son for the Republican nomination.

But the Democratic contest is rated by the forces of Sen. Robert F. Kennedy as a make-or-break affair in his quest for the nomination.

Kennedy's defeat by Sen. Eugene J. McCarthy in Oregon last week multiplied the stakes and McCarthy's backers are claiming vast encouragement for their California effort.

174 Votes Prize

The prize is a huge block of 174 Democratic convention votes.

Again Vice President Hubert H. Humphrey, current leader in the Democratic delegate chase, is sitting out the primaries.

The New Jersey contest will be for 40 Republican and 82 Democratic convention votes.

Humphrey forces without backing from the vice president—at least on the record—are plugging in South Dakota the idea that a vote for a delegate slate pledged to President Johnson would be a vote for Humphrey. The slate was entered before Johnson pulled out of the race and Humphrey came in behind him.

At stake are 14 Republican and 26 Democratic convention votes.

As usual, former Vice President Richard M. Nixon is alone on the Republican ballots in South Dakota and New Jersey.

The Mississippi primary is for five U.S. representative seats. Alabama's is a run-off for Congress, and Montana's a primary on two U.S. representatives and a governor.

North Carolina's Democratic convention Thursday will assign 59 national convention votes.

Republicans in Colorado on Saturday will name a candidate for the Senate and pick 10 at-large convention delegates to join eight named previously in congressional districts.

The same day Maryland Republicans will select their 26 delegates.

Helen Keller Dies

WESTPORT, Conn. (AP)—Helen Keller, who overcame blindness and deafness to become one of the world's great women, died Saturday at her home. She would have been 88 years old June 27.

Miss Keller's life was immortalized in the play "The Miracle Worker" which told the story of the brave woman, blind and deaf since the age of 19 months, and her teacher, Anne Sullivan Macy.

Reviewing the . . .

Big Spring Week

. . . with Joe Pickle

Summer, long kept waiting in the wings, commanded an up-stage position on the strength of 102 degrees Thursday. That's not uncommon, for often times some of our hottest days show up in May. June, however, opened with chilly reading in the very lowest 60's. Saturday brought threatening skies, which farmers wished would go away for another week and ranchers wished would freshen up their lush pastures. An extra week is needed to get young cotton and feed up to where a rain would not wash in enough soil to cover them. The young plants faced an equally formidable threat from web and army beet worms.

Big Spring High School graduated a record class of 330 members Thursday evening, and the weather—blustery a day earlier and a day later—cooperated perfectly with the outdoor exercises in Memorial Stadium. Betty Johansen was the valedictorian with a grade average for her four years of 95.47. Steve Anderson was high ranking boy with 94.21. Those are smart enough to make your head hurt.

It's not true that some people will go to any lengths to get out of holding an election. George (See THE WEEK, Page 2-A, Col. 1)

WINS DEMO NOMINATION FOR GOVERNOR

Smith Swamps Yarborough

Don Captures Howard County By Big Margin Light Turnout In Texas Runoff

By The Associated Press

Lt. Gov. Preston Smith, 56-year-old conservative, crushed the bid of Don Yarborough Saturday for the Democratic nomination for governor. It virtually swept Smith into the Governor's Mansion.

Smith beat the 42-year-old liberal with a lengthy, carefully planned campaign that centered on the general conservative outlook of Texas voters.

Texas Election Bureau totals from 250 counties of the state's 254, 226 complete.

Smith 732,962 and Yarborough 595,555.

SWEEP

Thus Yarborough was turned back from his third attempt to gain the chief executive's chair in Austin. He lost twice to the incumbent, Gov. John Connally, close personal and political friend of Presidents Lyndon B. Johnson and John F. Kennedy.

Smith swept county after county and easily leaped over the margins Yarborough amassed in precincts predominantly labor union, Mexican-American and Negro.

In overwhelmingly Democratic Texas—at least for state offices—nomination virtually means election. The state has not elected a Republican governor in a century, although it has swung to Republican presidential candidates three times.

Smith jumped to a wide margin on the first returns, largely absentee ballots. He hung on doggedly to a good lead throughout the night although Yarborough was able to gain some what in percentage.

CONSERVATIVES

Yarborough held on to much of his large segment for May 4 first primary votes. But he was unable to cut sufficiently into the big vote which went to Smith and eight other conservatives May 4.

The pattern of returns showed Smith was successful in obtaining a heavy absentee vote just as he asked of his supporters. Smith also swept virtually all the smaller-vote counties just as he did in the May 4 primary.

ABSENTEE VOTES

The voting pattern also showed that Waggoner Carr and Dolph Briscoe, who ran strong in third and fourth places May 4, were able to swing their supporters heavily to Smith.

Harris, Dallas and Lubbock counties, all wealthy in votes, gave Smith huge margins in the absentee vote.

Scattered showers fell in parts of the state. The extended Memorial Day holiday possibly reduced the vote turnout. It was the only statewide race.

The Texas Election Bureau, unofficial agency for counting the votes, had forecast a 1.25 million turnout of a possible four million.

The Democratic campaign, lacking much life in the first primary, picked up fire and speed in the four weeks between the two elections.

It began along the old lines of Texas politics—liberal vs. conservative.

NEW IMAGE

Yarborough, backed by liberal elements in three previous campaigns, built himself a new image and Smith began easing off the name calling.

However, there was little

doubt that the voters still saw the differences between the candidates as the old conservative-liberal fight.

Smith, 56, bore down hard on his contention that his 18 years of public service gave him a superior knowledge of government operations.

Yarborough hit hard at the theme that Smith is, in Yarborough's words, "a drab and colorless man incapable of meeting the challenge of modern Texas."

Smith called Yarborough "a shouting and pounding ultra-liberal" and advised him to turn his back "on the hazy-minded liberal give-away programs being pushed by those who tell the government to pay them or they will burn down another neighborhood."

RIGHT-TO-WORK

Yarborough, 42, a lawyer, sought to wipe out his long-time liberal label by taking positions which conservatives favor.

For instance, he said he would not oppose the right-to-work law which his labor union backers have fought for decades. He said he will oppose any form of state income tax. And he said he wants to end what he called unnecessary welfare payments.

Smith said, "I can truly feel that I fairly represent the grass roots, clear-thinking Texans and the main stream, moderate-conservative feeling of our people."

Smith also said some things the liberals would like, including a statement that "our state must do some things that will cost money, and I will support needed programs and the taxes to pay for them."

Smith claimed that Eastern labor bosses put Yarborough into the race and financed him.

Happy Hearing

Bobby, McCarthy Exchange TV Jobs

SAN FRANCISCO (AP)—Sens. Eugene J. McCarthy and Robert F. Kennedy, disagreeing on how the Vietnam war settlement should be approached, joined Saturday in attacking what they called President Johnson's response to Negro rioting.

The two senators voiced sharp criticism of what they labeled as the Johnson administration's failure to cope with unrest in the city slums.

Kennedy said that there was "no excuse for the riots of last summer."

SPARKS

"All we did was say a prayer and appoint a commission," he said. He added that after the commission's report was made nobody on the administration said "this is what we are going to do" to correct conditions.

He said the slum residents must have some control over their own future as a part of any solution that is reached.

McCarthy denied that he had charged President Johnson with responsibility for the rioting. But he said "the administration didn't have a sense of real need" for action in this connection.

McCarthy said that Negroes now make up "a kind of colonial nation living in our midst."

He said they must be given genuine hope that their conditions will be alleviated and that they will not have to get along with the same old mental jobs, the same poverty, and "the rats that they talk about."

McCarthy and Kennedy faced each other in what was generally an amiable give and take mood, although they struck sparks at times when they accused each other of distorting statements and their records.

They agreed the Communists must have some role in a new Saigon government.

Kennedy accused the Minnesota senator of desiring to force a coalition government on South Vietnam.

McCarthy denied this. But he said the United States must be willing in the end to accept some sort of coalition.

Traffic Toll Below Guess

By The Associated Press

The nation's Memorial Day weekend traffic toll mounted Saturday at a pace well below advance estimates.

The toll during the third day of the four-day weekend, reached 363. A total of 488 traffic deaths were counted during a recent nonholiday weekend of the same length.

Howard Pyle, president of the National Safety Council, said he had reason to be encouraged "although it is always premature to count lives saved before the battle is over."

But Pyle said the death count was running well below the country's advance estimate. If motorists continue their comparatively good record throughout Sunday, he added, there is a chance the holiday toll would fall even below that expected from a nonholiday period of the same length.

MRS. MAE HAYDEN

SIMON TERRAZAS

Mrs. Hayden, Terrazas Win

Both county commissioners now serving emerged as victors in the unofficial count from Saturday's second Democratic primary.

Simon Terrazas, seeking his second four-year term from Precinct 1, won renomination by defeating A. E. (Shorty) Long by a tally of 656 to 413. With the exception of Box 8 and the absentee count, Terrazas won handsily in all boxes.

Mrs. Joe (Mae) Hayden won nomination to a full term from Precinct 3 in turning back H. W. Smith 821 to 650. Mrs. Hayden was appointed to the commissioners court late last year when her husband retired.

Smith was the leader in only one of four voting boxes, Pct. 16.

Both Terrazas and Mrs. Hayden have Republican opponents in the November general election. Lamar Green is the GOP candidate from Pct. 1 and Bill Crooker is an aspirant in Pct. 3.

Police Chief Named In Misdemeanor Complaints

Two misdemeanor complaints, one alleging gaming by E. J. (Jay) Banks, Big Spring chief of police, and the second, with three counts, alleging knowledge of a misdemeanor and failure to perform his official duties, were filed late Friday afternoon with Jess Slaughter, justice of the peace.

Mrs. Mary Thomas, wife of George T. Thomas, attorney, signed the two complaints. Warrants were drawn and turned over to Sheriff A. N. Standard.

Leo Hull, assistant police chief, said Banks, who is attending a police school in Dallas, had been notified of the complaints and that, according to John Burgess, attorney, would post whatever bond that was required immediately on his return here Monday.

The complaints were accom-

panied by an affidavit which Mrs. Thomas said was made by Marvin McKinley (Rip) Morrison, recently convicted in federal court in Abilene as a participant in the \$12,000 robbery of the State National Bank. This affidavit cites poker games in which Banks allegedly participated.

The complaints lodged by Mrs. Thomas allege Banks played cards in a place other than a residence, and that he was derelict in duty in not making arrests in connection with such incidents.

Mrs. Thomas has on file in 118th District Court a civil suit claiming libel against Banks and station KWAB-TV as a result of a statement allegedly made by Banks during Mrs. Thomas' unsuccessful race for a place on the City Commission in April, 1967.

Winds Slam South Texas

By The Associated Press

A severe thunderstorm packing hail and winds estimated as great as 80 miles an hour struck the border city of Laredo Saturday night as a new round of turbulent spring weather slammed South Texas.

The Weather Bureau had placed a large section of the southern part of the state under a severe thunderstorm watch at the time.

High winds ripped roofs off a Laredo warehouse and a lumber building, the Weather Bureau said. Some automobiles were blown out of their lanes.

Police said there were no injuries.

The Weather Bureau said the winds at Laredo were estimated at from 50 to 80 m.p.h. in the 6:45 p.m. storm.

Showers and thunderstorms also were reported after dark Saturday night at San Angelo, College Station, Cotulla and Del Rio.

Forecasters earlier had put 19 counties under a severe watch, stretching generally from south of Laredo to northeast of Corpus Christi.

Thousands Of French Students Demonstrate

PARIS (AP)—Tens of thousands of students and workers, brandishing the flags of anarchy and revolution, demonstrated against President Charles de Gaulle here Saturday and urged the millions of strikers still out in France to stand firm.

HOLIDAY

But Parisians by the scores of thousands motored away from the turmoil, as gasoline supplies returned to normal, for a long Pentecost weekend in the sunny countryside.

The newly revamped French Cabinet held its first meeting with De Gaulle and appealed for massive support for the 77-year-old chief of state and his followers in the election set for June 23 and June 30, of a new National Assembly.

A timid back-to-work movement that set in Friday continued.

Any major break in the strike wave still crippling the country was postponed at least until Tuesday.

Government and union negotiators, however, reached agreement on a strike settlement to get Paris buses and subways moving again after 16 days. This remained subject to approval by the striking rank and file. The package included a pay raise of 12 per cent.

The state-owned gas and electricity industries and union negotiators reached an accord reported to include wage increases of 20 per cent for the lowest paid workers and 12 per cent for those at the top.

TRAINS MOVE

Some suburban trains were running in Strasbourg. They were the first to move out since strikers sidetracked all French trains in mid-May.

The National Students Union sponsored the antigovernment demonstration, staged in the Montparnasse quarter on the Left Bank of the Seine. The focal point of the rally was a square named June 18, 1940—the date De Gaulle summoned Frenchmen to unite against the German occupation in World War II.

Four Attend Trauma Class

Four Alert Ambulance employees have returned from a three-day practical course in initial emergency care and transportation of the sick and injured at St. Paul Hospital, Dallas.

Leon Stockton, Joe Baucham, Beth Frazier and Maria Robles were among 150 delegates from Texas and Arkansas who were present at the meeting and the only participants from West Texas.

The meeting was sponsored by the American College of Surgeons cooperating with the University of Texas Southwestern Medical School at Dallas. Dr. Frank H. Kidd Jr., chairman of the committee, was in charge of arrangements.

"Trauma," the emotional distress caused in the patient after an accident, was outlined by a number of professors and other trained personnel who spoke during the lecture sessions at the conference. The Big Spring representatives toured one of the four trauma research institutes in the country at Parkland Hospital. Each patient in the four-bed "trauma" ward is monitored electronically to check his responses to blood pressure, pulse rate, heartbeat, temperature and weight, Stockton said.

Each worker, with the exception of Miss Robles, has been with Alert Ambulance since its beginning one and one-half years ago. Miss Robles has been a staff member with the company for over a year.

Learn To Swim Before Going Out In A Boat

"Most weekend water enthusiasts know more about revving up the outboard than they do about swimming," according to Curt Mullins, YMCA general secretary.

"Learning to swim is the first rule of safe boating," Mullins said, "and if you can't swim, stay out of boats, even if it's just a park pond you're visiting."

The Y is continuing its annual water safety campaign and one of the principal cautions issued for boaters is to be alert for threatening weather. If a storm or rough water is imminent, Y experts say it is safer to keep the boat out of the water.

One rule Mullins points out many boaters disregard is taking a fire extinguisher on board if the boat has a motor.

"A sense of common courtesy is a prerequisite to safe boating," Mullins said. "To enjoy properly boating's healthful benefits, one needs to know the rules."

THE WEEK

(Continued from Page 1)

Thorburn, county Democratic chairman just happened to be returning from a brief vacation in Mexico when his car hit a cement mixer near Montelava. He was lucky to come out of it alive, although he did receive a broken hip, fracture of an arm and several ribs. He was flown here at midweek to convalesce.

Bill Read, Coahoma's banker, was paid high honor Saturday when the Area II Future Farmers of America conferred an honorary farmer's degree on him. Only half a dozen adults in the entire area (which is roughly West Texas) qualified for this distinction.

There won't be too much vacation for the Big Spring High School band members until July. The Steer band has been chosen to be the official New York band in the Lions International convention in Dallas June 25-29, and it will lead off the grand parade. The band is having a repertoire of Gotham music specially arranged for it.

It's something of a homecoming for Bo Bowen as nurse for the city-county health unit. Miss Bowen, who has been serving with the VA Hospital for the past two years and who was head nurse for Bennett House for two years, held the city-county post for seven years here. Facilities are considerably different than when the unit struggled in quarters down on Second street.

High decorations were conferred on two Webb AFB men last week by Brig Gen Ernest T. Cragg, deputy commander of the Air Training Command. For exceptionally heroic action in Vietnam, Maj. David F. Sweeney received the Silver Star, the Bronze Star, Distinguished Flying Cross and oak leaf cluster, and Capt. Thaddeus W. Crooks got an oak leaf cluster to the Silver Star, a cluster to the DFC, and several clusters to the Air Medal.

Fresh Cong Unit Fails To Infiltrate Saigon

SAIGON (AP) — A fresh unit of Viet Cong guerrillas tried to penetrate Saigon Saturday but South Vietnamese militiamen intercepted them. Fighting raged through the day in rice paddies and hamlets three miles northwest of the capital.

The U.S. Command said some 9,000 guerrillas have been killed by allied forces within a 25-mile ring around Saigon since the enemy opened its offensive May 5.

HOLD THAT LINE

A government spokesman said about 200 enemy soldiers were blocked by a South Vietnamese battalion in the sharp fighting that broke out near Tan Son Nhut air base. Details of the action were sketchy, but a U.S. spokesman said the government forces had not asked American support and appeared to be holding the line.

In Saigon itself, veteran South Vietnamese street fighters backed by U.S. recoilless rifle teams pushed through war-torn streets of the Cholon district to root out guerrillas holed up in houses and apartment buildings.

Northeast of the city South Vietnamese marines formed a defensive line after driving an

estimated 300 guerrillas into the northern fringes of suburban Gia Dinh.

The series of battles in Saigon and around its edges broke out May 5 in an enemy offensive believed aimed at improving the North Vietnamese bargaining position in the Paris cease-fire talks.

MARINES RELEASED

At the same time, the enemy stepped up activity in the central highlands and along the demilitarized zone in the northern portion of South Vietnam.

In the northern war zone, two American Marines were freed by South Vietnamese troops after two days of enemy captivity. The Leathernecks, Sgt. Albert J. Potter of Hutchinson, Kan., and Cpl. Frank C. Jodice of Atlanta, were reported in good physical condition and talked by telephone with their families in the United States.

Details of their capture or their release were not immediately available.

Some of the most difficult fighting still going on in the Saigon area was in the Chinese section of Cholon. Government troops and police cordoned off an area five blocks square where a Viet Cong commando company showed up Friday in the deepest penetration of the

City Will Open Machine Bids

Bids for an addressing machine for the city's water and tax departments will be opened at 2 p.m. Thursday.

The addressograph can be of a type operated either automatically or requiring an operator, and the city would like to have a counting device on the machine to record the number of documents passing through the machine, Charles Smith, city secretary said.

The machine will be used to address water and tax bills. The city has two addressing machines offered for trade-in.

AND DOING WELL

Baby Whoopers Moved To New Home By Jet

WASHINGTON (AP) — Two whopper crane chicks and eight shell during that long flight in eggs were doing well at a Government Wildlife Center near of Laurel, Md., Saturday after a 2,600-mile jet flight from Canada's Northwest Territory.

Nine eggs and one chick were plucked from their nests in Wood Buffalo National Park, Friday, and flown by helicopter to Fort Smith, where one egg hatched before the valuable cargo was transferred to a pressurized Canadian Air Force jet for the flight to Andrews Air Force Base in Maryland.

Dr. Ray Erickson, director of the rare and endangered wildlife center, and Glen Smart cradled portable incubators on their laps during the flight. Smart said that periodically the chicks and the eggs were given whiffs of oxygen and that the chicks "are doing fine and the chicks are eating well."

Smart said that one egg which showed signs of hatching during the flight may produce another chick at any time. Last year six eggs were picked up and five subsequently hatched successfully at the cen-

H. D. (Hunka) Stewart, member of the state board of barbers and cosmetologists, will lead the Big Spring barbers as host for the meeting. This will be the first time that the state meeting has been held in Big Spring.

Gasoline Bids Asked By City

The City of Big Spring is advertising for gasoline bids to be opened June 25.

Tax Hike Bill Will Not Solve Dollar Crisis Threat

government will get tough in some particularly painful areas of inflation, including medical costs, construction, and government procurement.

—Business is strong, unemployment low, and inventories are in reasonably good balance with production and sales. Martin emphasized that he was speaking of a "financial crisis, not a business crisis."

By STERLING F. GREEN
By The Associated Press

WASHINGTON (AP) — Even if Congress votes a tax increase, the threat of a dollar crisis will hang over the United States for years.

The tax bill would be a big step back from the brink. But the proposed 10 per cent income tax surcharge alone could not restore wage-price stability for months, perhaps years, to come.

And it would not bridge the gap in the balance of payments which has weakened worldwide confidence in the dollar.

CONSENSUS

That's the consensus of most private and government economists in Washington. They disagreed with Federal Reserve Chairman William McChesney Martin that America is in a major financial crisis now. The crisis is potential, not present, they believe.

But the threat could become reality given more time, continued neglect of the obvious remedies, and a little bad luck.

Right now, luck may be with us. Progress toward peace in Vietnam could take some built-in slack out of the markets. Some industries will be slower to jack up prices if any de-escalation of defense spending seems likely.

And companies which have been hiking prices to improve their position in event of a price-wage freeze will no longer have that incentive. Ceilings are not in sight now; a cease-fire would kill any remote possibility of controls.

But instant peace is not in

prospect. And the longer U.S. prices continue to climb, the more years it will take to repair America's damaged price competitiveness—and the harder it will be to close the payments deficit.

CONCERN

"This is the gravest concern of all—the ground lost in our permanent competitive position in world markets," one high administration official told the Associated Press.

"The setback is probably serious—it may take us two, three or even five years to regain our competitive standing."

Reserve Chairman Martin raised the crisis cry in his speech to the American Society of Newspaper Editors on April 19. He was trying to shock Congress into heading President Johnson's plea for an anti-inflationary 10 per cent tax surcharge.

A foreigner would have expected Congress to look, listen and act when the nation's central banker declared the United States to be in the middle of the "worst financial crisis since 1931"—and said so just after the combined financial resources of the free world had been mobilized to rescue the dollar from speculative attack.

Martin's gloomy speech actually bolstered confidence in the dollar in the central banks of Europe—which are uneasily holding more dollars than they need and want—simply because his words indicated an official resolve to take strong action.

WARNING

But Martin's storm warning

was hoisted a month ago, and there's still no tax increase. Nor any positive assurance there will be one.

Congress didn't really believe Martin. After all, everybody who wants a bill passed claims a crisis. These days crises are as plentiful around the Capitol as Volkswagens around the Germany embassy.

Some are real, some are phony, some are slow-developing disasters that can take months or years to happen—and, if firm steps are taken, need never happen at all.

The dollar crisis seems to fit into the last category, although the dollar may remain vulnerable for years to such unforeseeable hazards as a military crisis, an economic slump or a massive civil disorder that could shatter foreign confidence.

Most officials are concerned but hopeful. They think Congress will act, simply because they believe that failure to act would be unthinkable—the consequences would be too enormous.

HORRORS

Nor do they believe that the horrors which Martin saw ahead—"an uncontrollable recession or an uncontrollable inflation" and a "worldwide devaluation of currencies" including the dollar—are imminent hazards.

In fact, one highly placed official privately describes Martin's nightmare forecasts as "conceivable but not probable—they are the possible consequence of a low-probability chain of events."

Martin said this is the worst crisis "since" 1931. A financial bellyflop still can be avoided, he said, if in the next few years the country corrects its chronic twin deficits—the federal budget deficit of \$20 billion-plus, and the balance of payments deficit which came to \$3.6 billion last year and hit a horrendous rate of \$7.4 billion in the fourth quarter, when Britain devalued the pound.

NARROWED

The payments gap has narrowed, but other events since Martin's speech have done nothing to lay his fears. The developments included:

—Figures on national output showed that the boom has reached runaway speed. A \$20 billion-a-year increase in the production rate in the January-March quarter set a record.

—Consumer spending took wings. The savings rate of more than 7 per cent, which kept a damper on inflation throughout 1967, suddenly dropped. Consumer outlays rose by an unprecedented \$16 billion annual rate in the first quarter.

—Inflation moved from a walk to a trot. Rising living costs ate into the dollar at the rate of 4 cents a year in the first quarter. There was nothing in sight—except the proposed tax bill—to prevent them from going to 5 cents on the dollar.

—A classic wage-price spiral, dreaded by economists, was in motion. Unions have been

"catching up" with price increases by winning wage settlements averaging close to 6 per cent. That will crank up business costs and undoubtedly lead to more price boosts.

—The Federal Reserve Board is tightening the credit screws. Interest rates are being pushed up, credit is scarcer. Home buyers, home builders, small businesses, and municipal governments will suffer.

OBSTACLES

—The struggle to close the payments deficit is meeting obstacles. Imports exceeded exports in March for the first time in years. Foreign cars, foreign steel, and other goods are making bigger inroads.

—Almost everyone agrees, in principle on what should be done. By moving to a more austere fiscal policy the government should curb its deficit financing—stop feeding billions of dollars more into the public's pockets than it takes out. The world is waiting for such action.

"The simple fact is that we are running out of time," Secretary of the Treasury Henry H. Fowler told the United States Chamber of Commerce recently.

"Neither the United States nor other nations can wait much longer for us to bring our financial affairs much closer to a balance."

ANTAGONIST

Even though Rep. Wilbur D. Mills, D-Ark., chairman of the House Ways and Means Committee, has been the President's chief antagonist in the tax bill battle, Mills says he agrees with Martin that the country is courting disaster with its present fiscal policy.

"Fiscal policy must be made to implement monetary policy, to do the job required," Mills told The Associated Press.

Then why did Mills and his committee shelve the tax bill three times after Johnson requested it last Aug. 1. Because Mills wanted deeper spending cuts to go with the 10 per cent surtax.

Johnson finally yielded to a \$6 billion budget cut after a Senate-raised it, Johnson fumed that this was "blackmail." It would kill needed programs, he said, and "sow more seeds of despair and frustration" in the nation's troubled slums.

So the skirmishing goes on, while financiers wonder how long the European allies will tolerate the accumulating reserves of excess dollars—reserves that will grow as long as the U.S. runs a payments deficit.

SCRAMBLE

They wonder, too, what will happen if another wild speculative scramble to convert dollars into gold begins, like the gold rush which ended in March after siphoning \$2.2 billion of U.S. gold from Fort Knox.

The alternative to a tax-and-economy package is more credit-tightening.

The Federal Reserve banks' discount rate—the interest on loans made to commercial banks—has been hoisted to 5 1/2 per cent, the highest rate since

pre-crash 1929.

To go higher is to invite trouble—choke off investment, discourage hiring, and perhaps bring on a recession. That's why Martin yelled for reinforcements in the form of fiscal action.

His speech—like the one he made in 1964 reporting "disquieting similarities" between that year and 1929—sent the stock market into a brief tailspin and caused millions of Americans to wonder: Just how far have we actually traveled down the road to disaster?

COLLAPSE

One well-informed economist, although completely sympathetic with Martin's aims, said privately that the financial collapse which Martin forecast was one which "almost no economist would predict."

"It implies a whole chain of crises, with every episode in the chain going against us," this source said. "The odds against all these things happening are very high."

It was suggested the "improbable chain of events" might take this form if a stalemate between Congress and the White House kills the tax bill.

First, a tight clampdown on credit, causing a housing recession but not convincing the rest

of the world that the U.S. means business about curbing inflation and the payments deficit.

Second, nervousness in some small countries over the soundness of the dollars they hold. They demand gold instead.

Third, some bigger powers might then decide it's too risky to stay with us. They too decide to cash in their chips.

DEVALUED

Fourth, the U.S., if unable to meet a worldwide demand, is forced to abandon the convertibility of gold at \$35 an ounce. In effect, the dollar is devalued.

Fifth, other currencies are forced to devalue, causing chaotic exchange conditions in which international trade flounders.

Sixth, domestic markets react with violent price declines. Lenders strive for more liquidity by calling in loans. Some borrowers are forced to the wall.

When vast values are at stake, you don't let a chain like that get started."

But some hitherto unthinkable things have become thinkable in recent months. Arthur F. Burns, chairman of the Council of Economic Advisers under President Eisenhower, said in a speech five days after Martin's that: "If we are unwilling to practice austerity on a sufficient

Three Students Get Special Music Diplomas

By WINNIE UNGER

Two Big Spring students, Lynn Puckett, daughter of Mr. and Mrs. Olen Puckett, and Ann Garrett, daughter of Mrs. Horace Garrett, and a third student from Westbrook, Doyce Edwards, son of the Rev. and Mrs. L. B. Edwards, received double honors at commencement exercises last week. Along with the diplomas from their schools, they received special diplomas awarded by the National Guild of Piano Teachers for achieving senior high school level in music. All three are students of Mrs. Ann Gibson Houser.

Summertime is slow-down time for some. Others use this lull in social activities and school work to concentrate on studies to enrich talents and interests. Many school teachers return to universities. Others enroll in summer classes in various fields.

Here in Big Spring several opportunities are open to people interested in art.

Also at the Lees Service Club are two classes for adults, Monday mornings and Wednesday evenings. These are open to air base personnel and civilians, and inquiries may be made at the service club office. Mrs. Bill Unger instructs these classes.

The proposed design and composition workshop for adults which is tentatively to begin June 10, will be instructed by a faculty member of Angelo State College, Mrs. Tincie Hedkins. This class also will use the Service Club facilities, and will run five weeks.

The Big Spring Composite Squadron, Civil Air Patrol (CAP) is now accepting applications for cadet and senior membership in the CAP. Cadet membership in the CAP is available to all young men and women between the ages of 13-18. Senior membership is open to those over 18.
According to Capt. James A. Clement, commander of the local squadron, said as a cadet member of the CAP, young people "have the privilege of participating in the finest program of its kind in the world."
"The goal of the cadet program is accomplished through instruction in aerospace education," Capt. Clement points out. "Including academic qualification for flight training, in addition to military and leadership training in leadership laboratories, moral leadership and physical training sessions."
The Big Spring squadron's Flight I will complete training in "power for aircraft" Monday and will graduate into another phase of training, June 10. Flight II is now in its formative stages and will begin training Monday. Anyone interested is encouraged to attend the squadron meetings, held Mondays in Withycombe Hall, 7-9:30 p.m.
A special weekend passenger plan allowing unlimited travel anywhere on Trans-Texas Airways system, except Mexico, is now available for a package price of \$25.
According to Dean Berry, local station manager, the plan went into effect Wednesday and actual travel under the weekend fare began Saturday.
The plan will permit T-TA passengers to fly to any or all T-TA served cities in Texas, New Mexico, Louisiana, Arkansas, Tennessee and Mississippi for a total price, round-trip, of \$25.
Only requirement is that flights must originate after midnight Friday and before 6 p.m. Sunday, and reservations may be confirmed as early as three days prior to departure.

Big Spring Aircraft planes made two air-evacuation ambulance runs to Dallas during the week, Noble said.
Sam Dennis was the only pilot up in the Howard County Flying Club plane.
Those pilots flying for Big Spring Flying Club included Tom Williams, Ronnie Howard

TEENAGER IS LEADER

Dancing, Religion

By KAY TATEISHI
By The Associated Press
TOKYO (AP) — A 17-year-old high school junior, who is the new spiritual leader of a popular postwar Japanese cult known as the "Dancing Religion," likes some dances other than the spiritual—"go-go" and "rock 'n' roll."
But Kiyokazu Kitamura prefers to keep the modern swinging and swaying within the family and the slower spiritual dance within the temple.
Miss Kiyokazu is the young successor to "Tensho Kotai Jingu-kyo"—Great Heaven Singing Goddess religion—often referred to as "Odoru Shukyo," or Dancing Religion.
She succeeds her grandmother, Sayo Kitamura, a farmer's wife who founded the cult in 1944 when she claimed God entered her abdomen and gave her directions on how to behave and speak to cleanse the world of its sin and evil.
Out of Mrs. Kitamura's teachings was born the "Dance of Ecstasy," a child-like praying, chanting, slow twisting, turning and twirling of the arms, hands, head and body.
Mrs. Kitamura died last Dec. 28 at the age of 67. It was her dying wish that Miss Kiyokazu replace her.
Known as the Great Goddess, Mrs. Kitamura built up a following estimated at 350,000 in Japan, with another 30,000 believers in 32 other countries. She traveled far, although thousands also journeyed to her farm at Tabuse in southern Japan.
This New Year's Day, Miss Kiyokazu, formerly known as the "Princess Goddess," became the "Dancing Goddess II." She told her audience: "I shall carry on the teachings of the Great Goddess and help build a world faithful to her teachings."
At her first news conference, dressed in a dark mindress, the youthful goddess said: "I don't feel as lonely as I thought. I would, I was prepared for her death. I've always been with her. Great Goddess. When she was traveling abroad, I took her picture to bed with me. Now I feel her presence closer than ever."
Miss Kiyokazu was separated from her parents and grew up with her grandmother. They bathed together, slept together. She often chanted prayers in the baby's ears.
Miss Kiyokazu was aware of her mission in life as she went to primary school with other youngsters in the neighborhood. She had been told often that grandmother would die some day and that she was to become the second Dancing Goddess.
She says she wanted to study vocal music: "I wanted to study in Vienna," she said. "But I guess I can still take voice lessons as a hobby."
She said she liked the Beatles but, she added, "they're not very good now."
Miss Kiyokazu often meditates alone in the huge auditorium of the spacious, completely unadorned ultramodern temple, which sits on a hill overlooking Tabuse.
The youthful leader may give the cult a new image. Dancing sessions are to be limited to one month inside the temple missionary pilgrimages to Hawaii. Her decision may be a wise choice.
On one occasion, Mrs. Kitamura's parish gathered at the pier in Yokohama to wish her bon voyage on one of her many into the sea.

Dear Abby Better Listen To Mother

DEAR ABBY: I am 16 and am going with a guy who is 18. We plan to get married as soon as I graduate from high school. I have a part-time job after school and on Saturdays, and here is our problem: We don't want to start our married life with nothing, so we started a joint savings account at the bank. My mother found out about it and said it wasn't "right" for us to have a joint account. Why not? My mother says that she believes in saving, but she should have his and I should have mine, and she has never heard of a 16-year-old having a joint savings account with a guy before they get married.
Abby, I don't see what's wrong with it. My mother listens to you, so please put your answer in the paper.
UPSET: I am pleased to learn that your mother listens to me, but since you wrote to me, I hope you will, too.

Scholarships

Teena Plum, granddaughter of Mrs. Euta Hall long-time resident who has just moved to Scott City, Kans., has received three scholarships from a sorority and the Lions Club at Scott City and Kansas State Teachers College at Emporia. She was active in vocal music and won first place in her district in English 12 tests. Teena is the daughter of Mr. and Mrs. Harold Plum. Her father was reared here.

I agree with your mother. Send me your name and address and I'll explain more fully in a personal letter.
DEAR ABBY: What is your opinion of a man, 42, dropping his bride of 10 months off at the hospital to have their first baby, and then driving over to play 18 holes of golf during the event?
On the following weekends he was also out playing golf when friends drove from distant cities to see the baby. He said having this baby made him the happiest man alive. Sign me... wondering in Houston HOUSTON
DEAR WONDERING: You have a right to be teed off, trapped by a hacker like that. I'd say that your husband's conduct was below par, especially while the baby was being born.
DEAR ABBY: Please help me. I am so depressed. I am 56 years old and have always thought I had average intelligence, but now I am beginning to have my doubts.
For years I have wanted to learn how to drive an automobile, but my husband strongly objected to paying for a driver's course. Well, three years ago I saved up my own money and secretly took a driver's course, but I failed the driving tests three times!
My instructor told me that I was a very good driver, but Abby, for some reason every time I sit down before an examining officer to take that written test I can't seem to come up with the right answers.
I can't confide in my children (the youngest is 19) as they would think their mother is a first class idiot. (They all got their drivers' licenses on the first try.)
Abby, do you think there are some people who just shouldn't drive an automobile?
DEPRESSED: Yes, but you may not be one of them. Try again. Ask your husband to drill you on the written material that most motor vehicle departments provide. Don't be ashamed that you failed three times. Lots of drivers (and good ones, too) freeze on the paper work.

Stormy May Brings More Than Usual Volume Of Rain

May, 1968, passed into history Friday leaving behind it both pleasant and unpleasant memories.

The rains of the month were welcomed by farmers and ranchers, and, although some damage was caused to fields and roads, were in general beneficial. A vicious hail storm early in the

month, however, caused more than a million dollars of damage to roofs and cars in Big Spring. It ruined fruit prospects in the east two-thirds of town.

Total rain for May, as recorded at the U.S. Experiment Station, was 5.16 inches. In the 69 years that records have been kept at the station, May's average rainfall has been 3.1 inches. There were seven days in the month when measurable moisture was recorded. The greatest amount was May 10 when 2.39 inches of rain fell.

Mahon Expects Limits Fight

LUBBOCK—Rep. George Mahon expects a determined, well-planned attempt to impose a limit on the benefits available to any one farmer under government programs when the House considers an extension of the farm bill about the middle of June.

He told Donald Johnson, executive vice president of Plains Cotton Growers, Inc., that he thought the present atmosphere of austerity, the poor people's march, and other factors would give the limitation forces a better chance than ever before.

Editor Given Honor Degree By Texas Tech

LUBBOCK, Tex. (AP)—Chas. A. Guy, editor and publisher of the Lubbock Avalanche-Journal who first saw the Texas Tech campus as a pasture in 1924, was awarded an honorary doctor of laws degree by the college at commencement exercises Saturday.

During the depression years of the 1930s, Guy is credited with helping the struggling college by assisting in obtaining funds from the legislature.

In 1967, a Chas. A. Guy journalism scholarship was established at Texas Tech. That same year he was honored for outstanding contributions to journalism by resolutions passed by the Texas House of Representatives and Senate.

"We consider it an honor for Texas Tech to be able to number Charles Guy among its honorary degree recipients," said Tech President Grover E. Murray.

"Few men have been so long interested in the institution and still fewer have accented that interest with as much enthusiasm, constructive criticism and plain hard work," he added.

"We hope this honorary degree, in some small part, will express the appreciation and respect our university holds for him."

Legislature Opens Hunt For Tax Money Tuesday

By GARTH JONES
 Associated Press Staff Writer

With political battle smoke still drifting about the old pink granite Capitol, the Texas Legislature meets in a special tax

hunt session Tuesday at noon. Most officials are optimistic that the 181 senators and representatives can scrape up about \$130 million in new taxes to finance state spending for another year within the 30-day

session limit. A few pessimists talk of second or third special sessions.

No matter who is Texas' next governor, legislators must act promptly on money matters be-

cause the state's new fiscal year starts Sept. 1 and the constitution still calls for pay-as-you-go financing.

Gov. John Connally plans to present his spending and taxing recommendations to a joint session Tuesday afternoon.

"It will be a low key, almost austere speech," an aide said.

Fiscal 1969 budgets already presented by the governor's budget office and the Legislative Budget Board propose continuance of state spending at the present level, except for certain mandatory increases such as for increased school and college enrollments.

Even with these hold-the-line budgets, the state's pocketbook lacks almost \$130 million of being able to foot the bill.

Connally reportedly will ask for a number of stop-gap tax and revenue raising measures, leaving a full one-cent increase in the general state sales tax for the 1969 regular session which also faces mammoth money problems.

LIQUOR ISSUE

Some form of taxation tied to legalization of liquor-by-the-drink will be included in the governor's proposal. Tax experts were still working Friday on the details.

Changing present liquor laws to authorize the serving of miniature or 1.6 ounce bottles of liquor in eating places and clubs was the basic plan most discussed by speech writers.

Although the state sales tax may not be increased, this does not mean its application will not be changed in the special session. Connally's tax experts have suggested that the separate city sales tax, which is really collected by the state, could be incorporated in the state sales levy. Cities could be refunded the amounts they get now and the state would still show a profit, the experts say.

PROPOSALS

Other proposals would put automobiles, bottled liquor and beer under the state sales tax. All are on separate tax scales now.

Present sales tax exemptions could be revised or removed. Several tax items in Connally's unsuccessful recommendations to the 1967 legislature may be revived, including increases in gasoline and natural gas production taxes and repeal of the law that earmarks \$13 million in general revenue annually for farm road construction.

After Connally's speech, the legislature will go to work under the leadership of Speaker Ben Barnes, who already has the nomination for Texas' next lieutenant governor, and Lt. Gov. Preston Smith, who hopes to be the next governor.

The outcome of Smith's race Saturday likely will determine whether he or Barnes will be the strong man of the session.

Did You Hear About The Aggies?

Two members of the Texas A&M club ham it up to advertise the 16th annual Aggie Scholarship Barbecue which comes up Thursday at the City Park amphitheatre. Sidney Clark, secretary prepares to wield a

16-pound sledge on the one-penny nail held by Alton Marwitz, immediate past president, at the bottom of the poster—naturally. With four currently in A&M on scholarships from here, the local club ranks fifth in the state.

Maria Mastered English, Now Has Her Diploma

When Maria Caridad Benitez appeared at Cedar Crest school here in January 1960, school officials didn't quite know what to do with her.

Maria could speak not one word of English for sure — her vocabulary consisted of a few uncertain words she had picked up on the plane from Havana, Cuba, to Big Spring where she had come to be with her sister and brother-in-law, Mr. and Mrs. Danny Valdes.

Thursday night Maria, now Mrs. Charles W. Neeff Jr., was one of the 330 seniors who received diplomas from Big Spring High School. Had she been called on to make a talk, she could have made it almost like a native.

Ruth Rutherford, principal, was puzzled where to place Maria at Cedar Crest and went more by her age (10) because Maria could not explain her grade. She put her in the fifth grade class taught by Mrs. Roy Anderson.

Maria, accustomed to austere discipline and uniforms, found the more relaxed American school an even stiffer test be-

Circuit Riders Approved Again

The Circuit Riders project of the Big Spring State Hospital Volunteer Advisory Council has been certified for another year by the Governor's Committee on Aging.

The project, under direction of Mrs. Mildred Bennett, makes available to senior citizens transportation and services for those patients in or destined for Big Spring State Hospital. It also acquaints older persons with health resources available near their homes.

Title II funds of the Older Americans Act are administered by the Governor's Commission on Aging. The Circuit Riders operate over a six-county area and the project is in its second year of operation. Total funds expected to be administered from the grant money are \$20,121.

cause of the language barrier. She couldn't have learned English so rapidly except, as she explained, "I had to."

"Maria didn't say much," recalled Mrs. Anderson, "but she absorbed a lot. She picked up words from the other children and kept her little Spanish dictionary at her side. She was unusually bright — had to be or she couldn't have made it."

But she did make it, and after a year in the sixth at Airport

Phone Workers Planning New Contract Proposal

SAN ANGELO (AP) — The Communications Workers of America planned to offer a counter proposal Saturday night to a proposed new labor contract advanced by General Telephone Co. of the Southwest.

The union's contracts with General Telephone and with the former Southwestern States Telephone Co. expired at midnight Friday. Southwestern States merged with General Telephone last year.

The CWA represents 2,996 employees at General Telephone and 1,375 at Southwestern States.

The union has been working under two contracts but negotiations have been under way since late April to combine them into one.

Thursday General Telephone offered a contract that it said includes wage increases of up to

73 cents an hour, full basic medical coverage, four weeks of vacation after 20 years and double counter proposal Saturday night time and one-half for overtime on holidays.

Owen Rabourn, director of personnel, said, "The wage offer is the largest in the history of the company."

Another provision is a no-strike clause.

Jack Limmroth, president of CWA Local 6180, said the proposal "is totally inadequate and contains many inequities."

He said the wage proposal of up to 73 cents per hour increase is spread over a three-year period and would not apply to all workers.

The union said it wants the same wage package that Bell System employees recently received. It said the average wage for General Telephone employees is 50 cents an hour under Bell.

STAGE DOOR JOHNNY SPRINGS UPSET IN BELMONT
Forward Pass (No. 4) beaten near the finish

(AP WIREPHOTO)

Calumet's Dream Is Shattered By Upstart

NEW YORK (AP) — Stage Door Johnny, who won his first race just 23 days ago, caught Forward Pass one-eighth of a mile from home and won the 100th running of the Belmont Stakes Saturday to smash the dreams of Calumet Farms for the first Triple Crown winner since 1948.

The lightly raced Prince John beat the Kentucky Derby and Preakness winner to the wire by a 1 1/4 lengths and was timed in 2:27 1/5 for the 1 1/2 miles.

Forward Pass finished 12 lengths ahead of third place Call Me Prince, who was another five lengths to the good of his estranged, Draft Card.

It was the fourth Belmont victory for Greenlee Stables, owned by John Hay Whitney and Mrs. Joan Payson, and it was the third Belmont triumph

for trainer John Gaver. The upset kept Forward Pass from becoming the ninth Triple Crown winner in racing history.

Forward Pass, owned by Calumet Farms who also owned Citation, the last Triple Crown winner, won the Kentucky Derby when Dancer's Image was disqualified when a post-race test showed an illegal medication in his system.

Forward Pass needed no help in gaining the Preakness winners' circle and it looked as if he might win again Saturday until Stage Door Johnny ran him down.

The winner paid \$10.80, \$4.40 and \$2.60. Forward Pass returned \$3 and \$2.10, and Max Hirsch-trained entry of Call Me Prince and Draft Card was \$2.20 for show.

Hellodore Gustines rated Stage Door Johnny off the pace

while Forward Pass and Mrs. Adele Rand's Call Me Prince ran one-two for a little more than 1 1/4 miles.

When Gustines asked Stage Door Johnny to make his run, the colt responded and left no doubt that the race was his once he passed Forward Pass.

The victory was worth \$117,700 to the winner, who had earned just \$16,885 in previous starts. The gross purse was \$161,450, matching the high for this race.

Following Robert J. Kleburg's Draft Card across the finish were Gustave Ring's Ardoise, C. V. Whitney's Champion, Tri Col or Stable's Sir Beau, Willard Waldheim's T.V. Commercial and Ann Forbes' Jade Amical.

Missing from the field was Dancer's Image, who was retired from racing last Tuesday by his owner, Peter Fuller. The

grey colt had caught the imagination of the sporting public through the misfortune of being disqualified from first in the Derby and from third in the Preakness.

Ismael Valenzuela sent Forward Pass to the front at the break and the On And On colt maintained a 1 1/4-length lead for the first 1 1/4 miles.

Bill Boland had Call Me Prince second for most of that distance but he yielded to Stage Door Johnny with one-quarter of a mile to go.

Stage Door Johnny was seventh after the first quarter, sixth after a half but moved to third with one-half mile to go. Gustines then started his moving turning for home and Stage Door Johnny sizzled past the tiring Forward Pass in the run to the wire.

Stage Door Johnny, raced only twice as a 2-year-old and did not win either start. He made his first start this year in April and then won his first race May 8.

He followed this with an impressive victory in a 1 1/4-mile allowance race at Belmont Park May 23 and capped off his sudden rise with his brilliant victory in the Belmont.

Not only was it Stage Door Johnny's first stakes victory but his first stakes start.

"Stage Door Johnny was very game—the race was run just as we planned," Gustines said. "The big thing at 1 1/4 miles with this horse is to get him settled down early."

Two Stadium Marks Fall At Abilene

ABILENE, Tex. (AP) — Baylor University's Stan Curry high jumped a record 6 feet 10 1/2 inches Saturday night to highlight the United States Track and Field federation state meet here.

Curry's leap erased the 6-10 effort of John Hartfield of Texas Southern in 1965 and also established a new stadium record at the Abilene Christian College track.

A second stadium mark fell when Tim Hall of Louisiana Tech, competing with the Houston Striders, tossed the discus 181 feet 5 inches. Strider teammate Roger Orrell, former ACC star, placed second with 170-0 and won the shotput with 60-11 1/2.

Clifford Branch, Wharton Junior College sprinter running with the Houston Track Club, was the meet's only double winner. He took the 100-yard dash in 9.8 on a damp, slow track and

the 220-yard dash in 21.4.

ACC's Robert Medlock trailed Branch in both events, posting times of 10.0 and 21.6.

The Houston Track Club captured the 440-yard relay. The foursome of David Wagner, Robert Mitchell, Tony Pickett, and

Branch turned in a 41.2.

Minus freshman sensation Dave Morton, the University of Texas ran a 3:11.3 for the mile relay crown. Running were L. J. Cohen, David Matina, Stan McDaniel, and Eddie Canada.

Colts Defeat Midland Lee Again, 6-2

ARLINGTON — Jim Kelley's three-run homer in the sixth inning killed Midland Lee's hopes of a comeback in the second game of the best-of-three series here Saturday, as the Colts crushed the Rebels, 6-2, and gained a berth in the state baseball tournament in Austin.

Arlington, behind the nine-hit pitching of Dave Poston, picked up single runs in the first and third frames, but saw Lee tie things up in the fourth.

Piecing together a run in the home half of the fourth stanza and recapturing the lead, the Colts' biggest blow came in the sixth after two men had walked and Kelley connected with his circuit shot.

Lee loaded the sacks in the visitor's share of the same inning with two outs, but couldn't get any runs across.

Lee hurler John Howell struck out 10 Colts, but he walked 11, while Poston, getting sixth inning relief from Bill Money, keyed one and walked three. Both clubs committed two miscues.

NEW YORK (AP) — Art Modell, president of the National Football League has sent a letter to all veteran players, the Associated Press learned Saturday, clarifying the owners' position on player salaries.

"It was the decision of the players' union to suspend the negotiations," Modell wrote to John Gordy, president of the NFL Players' Association. Copies apparently were sent to all veterans.

"We continue ready to meet with you at any time and any place to discuss the matters that you have put before us, both economic and noneconomic."

"We want to reach an agreement that is mutually satisfactory at the earliest possible date, but we will not accept terms that injure the clubs in our league, to say nothing of the AFL clubs with whom we must merge by 1970."

Modell outlined the league's position that a financial summary by a leading accounting firm showed an increase of almost 20 per cent in player salaries and bonuses in 1966 and 1967 and a decrease of almost 25 per cent in earnings.

He pointed out that five NFL clubs averaged less than \$80,000 in earnings before taxes.

Modell's letter said the major demands of the players—\$100,000 additional by each club into the pension fund and \$500 a game for exhibition contests would impair the financial condition of 11 of the 16 clubs and jeopardize the 1970 merger with the American Football League.

The letter denied that the clubs had refused to sign veterans.

The two groups broke off negotiations last week. Each side called a news conference to outline its position.

There are no announced plans for a resumption of the disrupted negotiations in order to avoid a possible player strike. Preseason practices usually start about July 1.

Net Registration Begins Monday

Registration of persons planning to take part in the summer tennis program here will begin at 9 a.m. Monday in the PE Gym near the high school tennis courts, Coach Frank Pulattie has announced.

All ages will be welcomed in the program, Pulattie said. Those engaged in the activity will go into one of three categories—beginners, novices and advanced players.

Bob Lunn Fashions 70 To Take Atlanta Lead

ATLANTA, Ga. (AP)—Stocky laus took a triple-bogey eight on the 18th hole and finished with a 75 for a 214 total. Nicklaus was three strokes under par Saturday, shooting a 70 for a 54-hole total of 211 strokes.

The 23-year-old Californian into the 17th which he bogeyed who won his first tournament and then he ran into lake trouble a week ago at the Memphis Open, moved out front when a luckless Tommy Aaron—the second round leader—ran into early trouble and big Jack Nicklaus bogeyed five holes on the front nine and finished with a 73 for a 214 total. Nicklaus was three strokes under par for the tournament going into the 17th which he bogeyed and then he ran into lake trouble on the 18th, finishing with a 217 total.

Lunn goes into Sunday's final round on Atlanta Country Club course with a one-shot edge over Arnold Palmer who shot a 73 for 219. Defending champion Bob Charles turned in a 69 for an even par 216, and Doug Sanders had a 76 for 221, which left him back in the pack in the race for the \$23,000 payoff to the champion.

Lunn had an erratic round, sinking birdie putts of 18, 30, 18, 10, 5 and 2 feet, but he missed three putts under three feet and collected his fourth bogey when he hit his tee shot into the lake on the 18th and took a six.

The former Public Links champion explained his two-week surge, which started at Memphis, by saying, "I am just in a groove that I hope I never get out of."

Turbo Talk Is Not Dying Out

INDIANAPOLIS, Ind. (AP)—The pot of controversy surrounding the turbine-powered race cars continued to boil Saturday at the Indianapolis Motor Speedway.

Andy Granatelli, STP Corp. president and backer of the three Lotus turbines which ran well but failed to finish in the 500-mile race Memorial Day, said, "I don't see how the U.S. Auto Club can ban turbine engines with the way the race turned out."

He was commenting on a recommendation to USAC Friday by the National Championship Car Owners' Association that the turbines be outlawed from the racing field next year.

Meanwhile, Granatelli said he definitely would run his No. 60 turbine, with Joe Leonard of San Jose, Calif., as the driver, in the next USAC championship race at Milwaukee June 9.

It was not known yet if the No. 20 turbine would be repaired in time for Milwaukee. Granatelli said Art Pollard of Medford, Ore., drove the car in the 500.

Granatelli blamed a sheared gear that helps turn the fuel pump as the reason for the failure of Nos. 20 and 60.

Leonard was wearing a head-to-head duel with 500 winner Bobby Unser of Albuquerque, N.M., when his car quit on the main straightaway. He finished 12th and Pollard 13th.

Graham Hill of London, England, crashed the third Lotus turbine on the second turn and was 19th on the final list.

Some prerace predictions were that the turbines might run away from the field and finish 1-2-3.

Bob Wilke of Milwaukee, owner of the winning car at Indianapolis and a leader against the turbines, said, "There is just no way to compute the horsepower of a turbine and a reciprocating engine."

Wilke said, "There is a new Pratt & Whitney turbine being developed that will put out 50 per cent more horsepower and is 60 pounds lighter."

Granatelli denied this. He said whatever the other car owners

PHILADELPHIA (AP) — Johnny Callison drove in four runs with a homer and double in an early scoring barrage that swept the Philadelphia Phillies past the Cincinnati Reds 12-0 Saturday night behind Woody Fryman's four-hitter.

The Phillies combed Cincinnati starter Milt Pappas, 2-5, and three relievers for 10 runs and 11 hits in the first three innings, with Callison drilling a three-run homer and run-scoring double before being hit by a Bob Lee pitch in the third and leaving the game.

Howard's 20th Homer Propels Senators

CLEVELAND (AP) — Frank Howard's 20th home run started a four-run rally for Washington in the sixth inning Saturday and the Senators beat the Cleveland Indians 6-2.

After Howard's mighty blast into the upper left field stands, Bernie Allen singled and came home on Paul Casanova's double, chasing Stan Williams from the mound and putting the Senators ahead 4-1.

Reliever Eddie Fisher walked Ed Brinkman, and pitcher Darold Knowles, who replaced Dick Bosman in the fifth, tripled two more runs home.

Ken McMullen hit his 10th homer for Washington at the start of the fourth inning.

The Senators' first run in the first inning was a force out following singles by Ed Stroud and Howard and a walk. Howard also singled in the eighth for his third hit of the rainy afternoon.

Bosman blanked the Indians on two hits through four innings but was chased in the fifth by four singles, two of them bunts. The Indians got their first run before Knowles put down the uprising by fanning pinch hitter Tommy Harper and throwing out Jose Cardenal with the bases loaded.

A double by Tony Horton and

Max Alvis' single added another Cleveland run in the eighth.

Gadsby Could Inherit Job

DETROIT (AP) — Speculation centers on Bill Gadsby as likely successor to Sid Abel as coach of the National Hockey League Detroit Red Wings, but some still hold the job may go to all-time Red Wings great Gordie Howe.

The answer will come from Abel Monday at a news conference. Meanwhile, the Red Wings are keeping their choice under a cloak of secrecy.

Abel, 50, is shucking the chores of coach to devote himself to the general managership next season. He has held both jobs since 1962.

Gadsby, 40, ended a 20-year NHL career as a player at the end of the 1965-66 season and was a coach at Edmonton, Alta., in the Western Canadian Junior Hockey League last season.

Edmonton is Gadsby's hometown, and he is only one of five men ever to play 20 years in the NHL. He was with Chicago and New York before moving to the Red Wings, where he played his last five seasons.

Howe, who holds more NHL records than anyone else, still has a year to go on a two-year contract as a Red Wing player.

Coach Travis said Saturday he had had his best recruiting haul in several years.

Previous signed have been Jerry Phillips, Lubbock Dunbar, ace, John Billizon of Houma, La.; Danny Clendenin, Big Spring; Monte Pillion, Blackwell; and two Ysleta Bel Air boys, James Tilly and Bob James. James, 6-5, attended West Texas State last season but did not play. Tilly stands 5-11 and plays outside.

Holdovers from the 1967-68 season include Robert Jackson, who was not eligible after midterm; Bruce Belcher, Mickey Wilson, Victor Lopez and Arthur Collins.

Jackson and Wilson clocked the most playing time among the returnees.

That made it 5-5 after the Cards had taken the lead in the top half on a single by Orlando Cepeda, a passed ball and Tim McCarver's single. It was the first run scored this season off Koonce, who had worked 20 2/3 scoreless innings until Saturday.

Hodge, a UCLA student, pulled out of the competition with a groin muscle injury in the high jump and Thoreson pulled a hamstring muscle in the 400-meter run.

GLEN FLETCHER
Glen Fletcher Signs Letter With Hawks

Coach D. E. (Buddy) Travis of Howard County Junior College scored a ten-strike in basketball recruiting the past week when he signed Glen Fletcher of Crane High School to a letter-of-intent.

Fletcher, all-district and all-regional the past season, had an 18.6 points scoring average and grabbed off an average of 13 rebounds a game.

Observers who saw the aggressive Fletcher in bi-district competition here against Colorado City stamped him as an outstanding college prospect.

Colorado City defeated Crane in that game but not until after Fletcher fouled out of the contest. Glen has been named an alternate on the all-star squad which will play in Fort Worth this summer.

Coach Travis said Saturday he had had his best recruiting haul in several years.

Blinn Wins, 9-2

GRAND JUNCTION, Colo. (AP) — Grand Rapids, Mich., and Host Mesa College of Grand Junction were eliminated Saturday when they suffered losses in losers' bracket games in the National Junior College Baseball Tournament.

Manatee of Bradenton, Fla., and Hudson College of Troy, N.Y., each undefeated in double-elimination tournament, were to meet in the day's final game.

Glendale, Ariz., Community College jumped ahead of Mesa in the third on a two-run homer by Otis McCowan and went on for an 8-2 victory. Pat Jamison struck out 14 and walked one in striking Blinn to a 9-2 victory over Grand Rapids in the losers' bracket.

Jamison, who was knocked out in the first inning of Friday's game against Manatee after giving up six runs, came back for nine innings Saturday and scattered seven hits.

O'Dowdy Had 5,700 Bouts

By TOMMY HART
Pat O'Dowdy, the veteran wrestling impresario who recently turned 60, says he'll bring another show in here Tuesday, July 2.

O'Dowdy, who now makes his home in Odessa, estimates he appeared in over 5,700 wrestling bouts in a career that encompassed 37 years.

His last bout was in Chicago. The biggest man he ever squared off with in a ring was The Blimp, who weighed 560 pounds.

O'Dowdy now has on lease six of those rings he designed, some located as far away as Denver and Chicago.

Each one, he says, costs him a bout \$900. Pat hints he may retire as a promoter in two years, although Odessa remains one of the better wrestling cities in the country.

He says he has a hard corps of about 1,400 fans who show up every time he has a match. Bill Melton, the Odessa Permian athlete, is bound for Vanderbilt University where he'll likely concentrate on football.

When the departing Big Spring coaching aide, Jimmy Marcus, played football at Austin College, his coach was the veteran Ray Morrison, who once coached SMU's famed Flying Circus.

Big Spring's Hank Pope will accompany the Sul Ross baseball team to St. Jo, Mo., this week for the college baseball playoffs.

Pope pitches for the Lobos. South Plains will field a track and field team in the Western JC Conference next year, after a year's sabbatical.

Attendance at home games of the Houston Astros was running about 15,000 ahead of last year, after 21 games—with 319,993 paid turnout reported.

Lonnie Crosby, the former softball pitcher, is the new pro golfer at the Snyder Country Club. Crosby has appeared here numerous times as a hurler.

Buck Drake, a member of the Country Club committee planning the June 8-9 Big Spring Partnership Golf tournament, expects the registration list to exceed 200, which would make it one of the largest meets of its kind in West Texas.

Shannon Blow Nudges Mets

NEW YORK (AP) — Mike Shannon's eighth home run of the season with one out in the 10th inning gave the St. Louis Cardinals a 6-5 victory over the New York Mets Saturday.

Shannon, who had doubled for three and tied the game in the seventh, unloaded against reliever Cal Koonce, and his shot landed deep in the left field bleachers.

The Mets had tied the score the bottom of the eighth on Ed Charles' pinch homer.

That made it 5-5 after the Cards had taken the lead in the top half on a single by Orlando Cepeda, a passed ball and Tim McCarver's single. It was the first run scored this season off Koonce, who had worked 20 2/3 scoreless innings until Saturday.

Los Angeles (AP) — Two of America's top decathlon men, Russ Hodge and Dave Thoreson, suffered injuries and withdrew from competition Friday in the first day of the Southern Pacific AAU decathlon at UCLA.

Hodge, a UCLA student, pulled out of the competition with a groin muscle injury in the high jump and Thoreson pulled a hamstring muscle in the 400-meter run.

MOSCOW (AP) — Valentin Gavrilov high-jumped 7 feet, 2 3/4 inches in a local track meet Friday and became a likely Soviet threat in the Olympic high jump at Mexico City in October.

DETROIT (AP) — Bill Freehan drove in three runs, including the tie-breaker in the seventh inning, as the high-flying Detroit Tigers battled from behind to nip the New York Yankees 5-4 Saturday.

The victory was the Tigers' fifth straight and boosted their American League lead to 3 1/2 games over second place Baltimore, which dropped a 5-1 decision to Boston.

Freehan's seventh inning single off reliever Dooley Womack scored Jim Northrup from third base. Northrup led off the seventh with a single, stole second and took third when catcher Jake Gibbs' throw went into center field.

Freehan took second on a wild pitch but was thrown out at the plate by Roy White on Willie Horton's single to left. Steve Hamilton came on to cut off the rally.

New York took a 4-0 lead in the first inning, jumping on starter Les Cain for six singles. But Pat Dobson and winner Fred Lasher, 3-1, held the Yankees to one hit the rest of the way.

Texas Business Boom Continues

AUSTIN (AP) — Texas business rose 14 per cent from March to a record high in April, the Bureau of Business Research said Saturday.

"The only significant weakness were in durable goods manufacturing and crude oil production," said the bureau's Dr. Robert Williamson.

Williamson said Texas business for four months of 1968 averaged 15 per cent higher than the same months last year. He said the major cities of Austin, Dallas, Fort Worth, Galveston, Houston and San Antonio matched or exceeded that percentage growth.

Rehab Center Plans Clinic

The Dora Roberts Rehabilitation Center, in cooperation with the Howard County Easter Seals Society, will conduct its next crippled children's clinic Saturday, June 9, beginning at 9 a.m.

Parents of crippled children may pre-register by calling the center or register the day of the clinic until noon.

The clinic is under the supervision of the center's medical advisory committee, which includes Dr. B. Broadrick, Dr. M. W. Talbot Jr., Dr. Nell W. Sanders, Dr. Louise Worthy and Dr. Lowell Suckow.

Medical director of the clinic will be Dr. Thurston Dean, orthopedic surgeon from Midland. Local pediatricians will alternate supplying pediatric services for the clinic.

All children up to 21 years old are eligible to attend, including children from surrounding areas. No charge will be made if it is hospitalized.

Purpose of the clinic is to offer a diagnostic and evaluation service to crippled children through a "team" approach. The only requirement is that children who are eligible for the state crippled children's program be seen by a physician who is a member of the board of physicians, approved by the state crippled children's division.

Further information may be obtained by calling the rehab center at 267-6387.

City Officials Planning Trip

Big Spring city commissioners will go to El Paso June 6-8 for the Fifth Biennial Institute for Mayors, Councilmen and Commissioners.

Attending from Big Spring will be Mayor and Mrs. Arnold Marshall, George Zachariah, Mr. and Mrs. Garner McAdams, Mr. and Mrs. Jimmy Morehead, and Mr. and Mrs. Ernest Lillard.

Gov. John Connally is scheduled to speak at the mayor-conference institute at a luncheon Friday. Speaker Ben Barnes, of the House of Representatives, will be the principal luncheon speaker Saturday.

Sponsored by the Texas Municipal League, the institutes focus on powers, duties and responsibilities of mayors and members of city governing bodies, municipal problems of broad current concern and specific methods of improving functional efficiency in the day-to-day tasks of serving the local public.

More than 400 delegates are expected to attend. Big Spring's delegation will leave the city Thursday and return Saturday night or early Sunday.

Big Spring Site For WTCC Meet

Big Spring will be the site for one of the local leaders' workshops sponsored during the year by the West Texas Chamber of Commerce.

Beverly King, Graham, president, said that the session here would be on March 19. Other workshops will be March 18 in Canyon and March 20 in Mineral Wells. Snyder will be the site for the annual WTCC tourist development conference Feb. 18. The industrial parity will be Oct. 15 in Fort Worth and the 51st annual convention April 20-21-22.

Governor Declares Texas Wool Month

Worth Durham, Sterling City, president of the Texas Sheep and Goat Raisers' Association, took part in the ceremonies Wednesday in Austin when Gov. John Connally designated June as Texas Lamb and Wool Month.

The governor pointed out that the 18,000 producers in Texas annually turn out 20 per cent of the nation's supply of lambs and wool. One of the highlights of the month will be the Miss Wool of America Pageant June 27 in San Angelo.

How to buy a bug a little bit at a time

First say to yourself, "I'd like to buy a bug, a little bit at a time." And if you've got \$250.00 for a down payment, you can have the whole car and pay for it little by little (\$51.17 a month for 36 months.)

You also get some financial help from the car. Such as an average 27 mpg, and about twice the usual mileage from a set of tires. The bug takes 5 pints of oil instead of 5 quarts. And it doesn't take anti-freeze at all. This whole money thing is easily arranged. Just start by paying us a little visit.

'ROUND TOWN

By LUCILLE PICKLE

It's been about 20 years since JAIME HILBO worked as society editor for The Herald but she hasn't left newspaper work altogether... she just added it to her profession of teaching.

Now MRS. BOB BOREN and the mother of Kathy, Bebo and John Robert, Mrs. Boren has been cited as one of the most proficient teachers in Texas in the use of newspapers in the classroom. She is a teacher of the fifth and sixth grades in West Elementary School in Snyder. She will be on a panel at the fourth annual Living Textbook Conference at the University of Texas at Arlington which begins Sunday, June 9.

Mrs. Boren's classes use the daily newspapers to teach a variety of subjects... Buzz Sawyer comic strips are being used currently to teach oceanography. They study European history by attaching stories to strings and connecting them to the areas which they have located on their map of Europe. To get ideas on how certain stories are handled according to proximity to the point of origin they secured papers from Boston and St. Louis during the last World Series.

The classes get an idea how foreign countries feel toward the United States by getting copies of foreign newspapers which also have stories of current historical events.

Not only does she get good use of the newspapers, the versatile teacher finds that she also gets in some good licks for geography, spelling, science, history and current events.

Mrs. Boren is a niece of MRS. LEE H. WILLIAMSON who lives here.

Lake Cisco will be the scene today for a family reunion at which a number of Big Spring people will be present. There for the affair are MR. and MRS. MELVIN FRYAR and children, MRS. RALPH NEWMAN and son, MR. and MRS. TOM NEWMAN and son, MR. and MRS. TOMMY NEWMAN and MR. and MRS. WELDON WOOD.

From Beverly Hills, Calif., are MR. and MRS. JACKIE CRAWFORD and their children, who will visit here two weeks in the home of her mother, MRS. RALPH NEWMAN, and his parents, MR. and MRS. HAROLD CRAWFORD.

MRS. G. A. BROWN and MISS NELL BROWN will leave Monday for Albuquerque, N.M., where they will attend graduation exercises for their granddaughter and niece, ROBERTA BROWN, who will graduate on June 7 and be married on June 8.

Miss Brown will receive her BA degree in psychology and political science and her fiancé, Phil Krehbiel, a BBA in accounting from the University of New Mexico. He plans to attend law school in the fall.

The wedding will be at 10:30 a.m. at the Central Methodist Church for the daughter of MR. and MRS. JOHN WAYNE BROWN of Ridgecrest, Calif., and the son of MR. and MRS. ADOLF KREHBIEL of Clayton, N.M.

MRS. R. RICHARDSON accompanied the Browns as far as Roswell, N.M., where she will visit a nephew and niece, MR. and MRS. PETE KLING.

P.O. IC and MRS. GLENN WILLIS and their baby son, Brian, are here from their home in Corpus Christi where he is stationed at the Naval Base. They are guests in the home of AIRMAN I. C. and MRS. DAVID WALLACE, 801 Creighton, Mrs. Wallace is the sister of Mr. Willis.

DIANA OWENS, daughter of Mr. and Mrs. James Owens, is enrolled in Baylor Recreation Camp on the Bosque River. Her parents will take her to the camp on June 9.

MRS. J. R. STANLEY and MISS MARY FOREMAN are in their hometown of Memphis, Tex., where Miss Foreman, who will marry early this month, has been feted with a tea by friends.

MR. and MRS. JIM ZIKE have as their guests his parents who make their home in Ruidoso, N.M., and are beginning to think they made a wrong move weatherwise to be visiting here during such hot weather.

Early last Sunday, MRS. ROBERTA WILEY answered the telephone. It sounded as though the party had the wrong number, so she hung up. Maybe, she thought it was one of her students playing a joke. In a few minutes the phone rang again, and then a man's voice said "This is India. Why did you hang up on me?" Mrs. Wiley let him know quickly how Americans could apologize, and in a few moments she was talking with her daughter, Pat, for the first time in 21 months. Pat is leaving India June 12 and will spend 16 days in Europe before returning to Big Spring.

MRS. KENNETH WESLEY HAMBY

Miss Jeanie Gillean Weds Kenneth Hamby

Miss Jeanie Gillean and Kenneth Wesley Hamby were united in marriage in a double ring ceremony Friday evening at the Wesley Methodist Church. The Rev. Marvin Roark, pastor of the Kentwood Methodist Church, performed the nuptial service.

The couple stood before an altar graced with a large sunburst arrangement of white gladioli and stock flanked by greenery and candelabra with smaller twin sunbursts of white gladioli and greenery.

The bride is the daughter of Mr. and Mrs. Roscoe L. Gillean, 1206 Lancaster, and the bridegroom is the son of Mr. and Mrs. Raymond Hamby, 2701 E. 25th.

FORMAL GOWN

The bride was given in marriage by her father. She was attired in a white satin formal gown designed in an A-line with lace yoke and bell sleeves. Lace appliques accented the gown, and a chapel-length train of lace was trimmed with a satin band and satin covered buttons. Mrs. Stephen Blair of Beaumont, sister of the bride, was matron of honor. Bridesmaids were Miss Jan Lane, Miss Rita

A reception was held in the fellowship hall. Those in the receiving line were the bride couple, parents, and feminine attendants.

The refreshment table was laid with a white net cloth over white satin and tied with satin bows. The centerpiece was an arrangement of white daisies and the white tiered cake was decorated with yellow confection roses and topped with a miniature bridal couple. Crystal and silver appointments completed the setting.

Miss Linda Gray presided at the guest register. Others in the house party were Miss Linda Lee, Mrs. George Williams Jr. of Commerce; Mrs. Dub Bryant, Mrs. Leon Kinney and Mrs. W. O. Moore.

Wedding Solemnized In Home Ceremony

The wedding of Miss Sue Nell Burns and John Horman Bennett Jr. was solemnized at seven o'clock Friday evening in the home of the bride's parents, Mr. and Mrs. Allen Kelly Burns, 611 Dallas. Parents of the bridegroom are Mr. and Mrs. John H. Bennett Sr., 2705 Clanton.

The double ring ceremony was performed by the Rev. Byron Orand, pastor of College Baptist Church, as the couple stood before an improvised altar graced with arrangements of white gladioli, daisies and greenery.

Given in marriage by her father, the bride was attired in a street-length Empire dress of white silk and linen. The bodice, which was styled with scooped neckline, was circled with lace and the lace motif was repeated on the bell sleeves. Her mantilla, edged with scalloped lace, was worn over a pill box hat, and she carried a Belgian lace handkerchief. Atop a white Bible, she carried a white orchid circled with Frenched white carnations.

Miss Janet Jones attended the bride as maid of honor, and Mrs. Jim Walker of Lubbock was matron of honor. Their identical Empire dresses were of yellow dotted Swiss with brief, puffed sleeves and an edging of daisies at the high-rise waist. Their floral headpieces held circular veils of illusion. Each carried a nosegay of white daisies tied with avocado green ribbon.

Jim Walker of Lubbock was best man, and the bridegroom's brother, William Claude Bennett, served as groomsman. Becky Medlin and Shawn Medlin, nieces of the bride, distributed rice bags to guests.

For traveling to an undisclosed destination, Mrs. Bennett wore a yellow knit dress, trimmed in white, with white accessories and the corsage from her bouquet. The couple will reside at the Riverside Apartments in San Marcos.

SCHOOLS

Mr. and Mrs. Bennett are both graduates of Big Spring Senior High School and Howard County Junior College. She is now a junior elementary education major at Southwest Texas State College. While at HCJC, she was a member of the Student Senate and Phi Theta Kappa. Bennett was president of Phi Theta Kappa at HCJC, and was elected to

Miss Diane Walker of Levelland. The refreshment table was covered with an heirloom Irish linen cloth, which has been a gift to family brides, and was centered with the attendants' bouquets. A silver punch service was used, and silver candle holders held white tapers. The three-tiered wedding cake was topped with bridal figurines. The bridesmaids luncheon was hosted by Mrs. Guilford Jones and Janet Jones Friday at Big Spring Country Club where the table held a centerpiece of white daisies. The bride presented gifts to her attendants.

Guide to Glamour
Valtai Reeves

There are many misconceptions about hair and its proper grooming, so in the space that permits I shall try and point out to you a few notions that will minimize your hair with facts, not fiction, and your crowning glory. One of the oldest mistaken beliefs is that singeing makes the hair and makes the ends brittle. Do you really believe that old age is the cause of gray hair? Not so, say the experts. Strain is the greatest cause. Singeing is the cause. Singeing actually dries the hair and makes the ends brittle. Do you use too much shampoo and rinse only until the water is suds-free and clear? Financing an arched approved credit.

Garnish Potatoes
Both cream style cottage cheese and sour cream are fine toppings for baked potatoes. Weight-watchers should use the former.

MRS. DONALD E. ANDERSON

Miss Sharon Jean Eagleton became the bride of Donald Edward Anderson Saturday evening in the North Fort Worth Baptist Church in Fort Worth. Dr. James N. Morgan, pastor of First Baptist Church in Hurst, officiated.

The double ring ceremony was read before an altar holding gold candelabra with votive candles. An arch was entwined with yellow gladioli and daisies and flanked by baskets of yellow gladioli, daisies and heather. Small candelabra and palm trees completed the setting.

Parents of the couple are Mr. and Mrs. E. E. Eagleton Jr., 5124 Circle Ridge Drive, Fort Worth; and Mr. and Mrs. W. E. Anderson, Gail Route, Big Spring.

Mrs. Robert Crumble was organist, and John R. Wyatt sang "How Do I Love Thee," "The Greatest of These Is Love" and "The Wedding Prayer."

Given in marriage by her father, the bride was attired in a peau de soie gown overlaid with English net. The gown was designed with an Empire bodice, scoop neckline and brief sleeves. The slender skirt was overlaid with Alencon lace embroidered with crystals and seed pearls, and the peau de soie chapel train was topped by a bow. Her capulet of Alencon lace anchored a fingertip-length veil of silk illusion. She carried a bouquet of orchids, feathered carnations, lily of the valley and daisies.

Mrs. Jerry Carwile, Dallas, was bridesmatron, and Miss Debra Anderson, sister of the bridegroom, was junior bridesmaid. The attendants wore similar dresses in rainbow colors. They were of lace over peau de soie and were fashioned with Empire bodices, scoop necklines and puffed elbow-length sleeves. They wore large brimmed white lace hats banded with ribbon to match the gowns. They carried baskets of daisies, purple sea foam and pompons.

Her accessories were bone, and she wore the corsage from her bouquet. The couple will be at home at 2101 Austin Ave., Waco.

Some people plant flowers in the spring

But then what does a flower have that a gas light doesn't? Flowers brighten up your yard. So does a gas light. After you install a gas light, it might be the first time you've seen your flowers at night.

Flowers come in different sizes and shapes. So do gas lights... designed to lend distinction to any landscape. Take your pick. If they're taken care of just right, flowers will bloom the whole season. A gas light blooms year 'round, and requires absolutely no care.

Flowers have a wonderful fragrance. You've got us there. A gas light doesn't have an odor at all. But we know you'll overlook that, since a gas light has so many other nice features.

New lower prices on the '68 models are in effect through July 31st. Prices start at \$52.70 cash (includes installation and tax) or only \$2.00 per month.

Pretty inexpensive when you consider how many springs it will last.

Plant a gas light this spring. Buy a PATIO PAIR (One gas light and one gas barbecue grill) and save \$26.00. (Includes installation and tax). Prices start at \$103.70 (in- or \$4.00 per month).

Club Hears Talk On Crises In Families

Three home demonstration clubs met during the past week for programs on family crises and consumer education.

CENTER POINT CLUB

Mrs. Alden Ryan brought the program, "Family Crises" at the Tuesday meeting of the Center Point Home Demonstration Club in the home of Mrs. Lester Bryson, Jonesboro Road.

Mrs. Ryan, family life leader, defined a family crisis as a death, incapacitating illness, money reverses and other unforeseen situations. She gave suggestions for meeting crises and said that a family should plan for the future as well as possible, adopt a sense of acceptance, offer encouragement rather than indulging in self pity and keep calm with spiritual help in the face of adversity.

The hostess brought the devotion, and the hint for the day was to use a heavy thread for cutting cakes. Each member will bake five dozen cookies for the Big Spring State Hospital, and the club contributed \$12 for the Buck - of - the - Month club at the hospital.

Mrs. Ryan was elected delegate nominee to the state convention in September at McAllen, Mrs. Travis Melton won the attendance prize.

Twelve members and one guest, Mrs. Benny Melton of Lamesa, attended. The next meeting will be in the home of Mrs. R. W. Seiler, July 1.

LEES CLUB

Miss Sandra Bridge, Lomax 4-H club member, brought the program on sweaters at the Tuesday meeting of the Lees Home Demonstration Club at the Lees club house.

She discussed the types of yarn used in sweaters, how to knit and finish them, and how

to judge quality in purchasing a sweater.

Mrs. Lois O'Barr Smith, speaking for the American Red Cross, announced the need for ditty bags for servicemen in Vietnam. The club will make 32 bags.

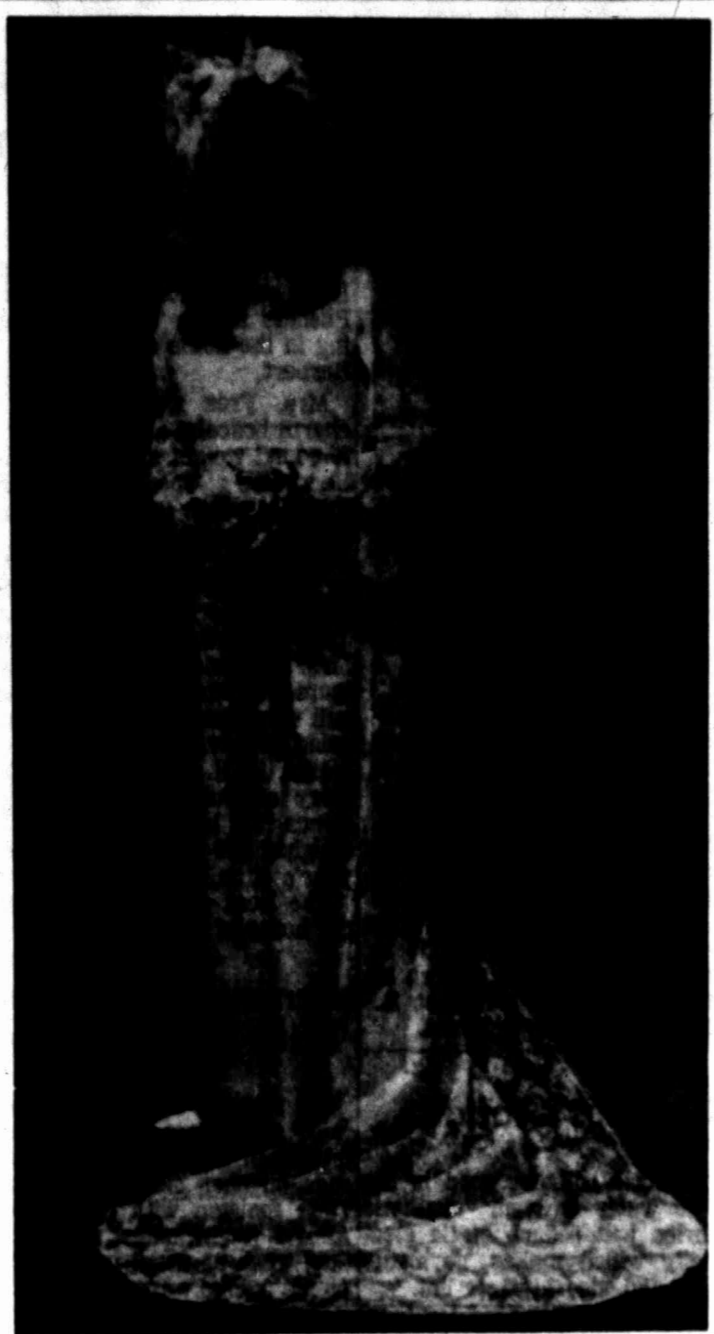

Refreshments were served to seven members and the guest speaker. The next meeting will be June 11 with Mrs. J. L. Overton as hostess.

KNOTT CLUB

Eight members of the Knott 4-H club gave a skit on consumer education at the Tuesday meeting of the Knott Home Demonstration Club. The group met in the home of Mrs. O. B. Gaskins, who gave the devotion. Refreshments were served, and four guests were introduced. They were Mrs. Bud Hughes, Mrs. John McGregor, Mrs. Bud Nichols and Miss Janice Ashley. The next meeting will be June 11 in the home of Mrs. Charles Rhoades, 2503 Carlton.

CAMP BEGINS ON MONDAY

Remove Fruit Stain With Baking Soda

To remove orange or lemon juice stain from a white cotton tablecloth, first rub baking soda on each side of the stain. Then moisten with cool water. After a few minutes, rinse well, then wash as usual in your machine, using warm water.

Reduces Static

A fabric softener used in the rinse water on your synthetic fabrics will reduce static electricity which makes garments cling and also attracts lint.

Tug-Of-War Test Goes To Whale

CAPE LOOKOUT, N. C. (AP) — The Coast Guard tried a tug-of-war with a whale Friday — and lost.

The whale, estimated at about 45 feet long, went aground near the Coast Guard docks at Cape Lookout. A Coast Guard boat threw a line around its tail and tried to haul the giant mammal out to sea.

But the whale pulled the boat toward shore. The Coast Guard then steered the bow of its 30-foot rescue craft against the whale's head and pushed the animal into deeper water where it headed for the open Atlantic.

Three floats and 14 sheriffs' posses and riding clubs have entered the parade so far. The floats are sponsored by the Cactus Chapter of the American Business Women's Association, the Coahoma 4-H Club and the Lomax 4-H Club.

Floats are judged on originality of idea, portrayal of subject and over-all appearance by a street dance on Main Street between Third and Fourth streets, sponsored by the Big Spring Squares and the Huff of Commerce.

First prize is \$50; second, \$30; and third, \$20. Anyone is eligible to enter a float. Miss Gay said. Deadline will be June 16.

Competing for the American Association of Sheriffs Posses and Riding Clubs trophies are those from San Angelo, O'Donnel, Knott, Petersburg, Dalhart and Stanton and Garza, Martin, Scurry, Dawson, Brown, Ector, Fisher and Glasscock counties.

Trophies will be presented for first, second and third place winners. The Kiwanis Club will begin serving barbecue to the public at the City Park picnic grounds at 5 p.m. after the parade. Tickets are \$1.25 for adults and 75 cents for children.

Those residents who have had box seats for the rodeo in past years must contact the Chamber of Commerce to reserve their seats again this year, according to Miss Gay.

After Monday the box seats will be open to the public on a first-come, first-serve basis, she said.

General admission tickets will be \$2 for adults and \$1 for children.

Construction In Texas Up

AUSTIN (AP) — Texas construction, lifted by a striking increase in residential building, climbed 19 per cent from March to April, the Bureau of Business Research said Saturday.

Dr. John Stockton, director of the University of Texas bureau, said building in four months of 1968 was 15 per cent higher than last year.

Residential construction increased 43 per cent above 1967. Nonresidential building in April was 6 per cent above that for April, 1967, the first month this year to reach a higher value than the same month last year. Last year was the best year on record for nonresidential construction, and 1968 is 6 per cent below those figures.

"If the federal deficit continues it seems inevitable that the result will be a financial crisis that could have a devastating effect on the building industry," Stockton said.

"A tremendous increase in building would result, it appears, if the war in Vietnam could be ended."

MRS. CURTIS RAND COMPTON

Midland Rites Unite Couple

The chapel of the First Presbyterian Church in Midland was the setting Saturday afternoon for the wedding of Miss Susan Anita Miley and Curtis Rand Compton.

The Rev. Paul L. Livingston, pastor of Christ Presbyterian Church in Midland, read the double ring ceremony before an altar graced with white gladioli. Branched candelabra holding cathedral tapers flanked the chancel rail and baskets of white roses and stock were placed on the communion table. The couple knelt on a white satin prie-dieu during the wedding prayer.

The bride is the daughter of Mr. and Mrs. John L. Miley, Midland; and the bridegroom is the son of Mr. and Mrs. Curtis W. Compton, 2701 Ann Drive.

The bride was given in marriage by her uncle, W. W. Buckley. She was attired in a formal gown of peau d'ange lace and peau de soie fashioned with scalloped Sabrina neckline and lone, lace petal point sleeves. The Empire bodice was made of lace, and the column sheath was accented with lace appliques and seed pearls. A detachable Watteau train was trimmed with lace and pearls, and her headpiece was a capulet of petals encrusted with seed pearls holding a veil of silk illusion. She carried a bouquet of white roses and an orchid atop a white Bible.

Mrs. Mike A. Merritt of Lubbock, sister of the bride, was matron of honor. Miss Karen Kaigler of Midland was bridesmaid, and Mrs. Bonnie Browning of Odessa was bridesmatron. The attendants chose similar yellow and blue sleeveless dresses designed with square necklines, Empire bodices and sheath skirts. They wore tulle bubble veils and carried carnation bouquets.

FLOWER GIRL
Terry Clark of Midland served as flower girl. She wore a blue crepe dress designed as the other attendants'. She wore a Dior bow headpiece and carried a nosegay of blue carnations and daisies.

Robert G. Clark of Midland was best man. Ushers were Robert Neal Miley, brother of the bride, Michael Allen Merritt of Lubbock, and Doug Compton, Big Spring, brother of the bridegroom. Groomsmen were Charles Allen Gray, Odessa; and Kyle McAllister, Big Spring. Ring bearers were Mark Burris and Mat Burris, both of Midland.

C. Allison Salley, organist, played traditional wedding selections and accompanied Jack Eric Williams, soloist.

WEDDING TRIP
The couple left on a wedding trip to Ruidoso, N.M., the HemisFair and Lake LBJ. Upon returning, they will reside at 1005 Custer Ave., Odessa.

The bride was an honor graduate of Robert E. Lee High School in 1967, and is now attending Odessa Junior College. The bridegroom attended Holy Cross High School in Dover, Del., and graduated from Big Spring Senior High School. He attended Howard County Junior College and will enter Odessa Junior College in September.

Mrs. Compton is employed with the Shell Oil Company in Midland, and he is associated with the General Acceptance Corporation in Odessa.

RECEPTION

A reception was held in the fellowship hall with the bridal couple, parents and feminine attendants welcoming guests.

The refreshment table was laid with a white cloth and centered with an arrangement of blue, yellow and white flowers. The three-tiered wedding cake was separated by latticed columns and was topped with a miniature bridal couple. Crystal and silver appointments completed the setting.

The guest register was decorated with the attendants' bouquets, and Mrs. Angel Upton presided at the registry. Others in the house party were Mrs. Dorothy Bentley, Mrs. Gwen Smith, Mrs. Jan Clark and Mrs. Vee Hiltbrunner.

To Marry

Mr. and Mrs. Omer W. Decker, 1402 Harding, announce the engagement and approaching marriage of their daughter, Cynthia Rose, to Johnny B. McCullough Jr. The prospective bridegroom is the son of Mr. and Mrs. J. B. McCullough Sr., 1400 Harding. The couple will marry Aug. 15 in the Airport Baptist Church at 8 p.m., with the Rev. Lee R. Jones serving as officiant.

Tug-Of-War Test Goes To Whale

CAPE LOOKOUT, N. C. (AP) — The Coast Guard tried a tug-of-war with a whale Friday — and lost.

The whale, estimated at about 45 feet long, went aground near the Coast Guard docks at Cape Lookout. A Coast Guard boat threw a line around its tail and tried to haul the giant mammal out to sea.

But the whale pulled the boat toward shore. The Coast Guard then steered the bow of its 30-foot rescue craft against the whale's head and pushed the animal into deeper water, where it headed for the open Atlantic.

Annual Rodeo, Reunion Scheduled For June 19-22

The Big Spring Cowboy Reunion and Rodeo, the second oldest continuously produced rodeo in West Texas, gets underway June 19 and runs to June 22 in the Rodeo Bowl, west of town.

The Grand Entry will begin at 8 p.m. daily in the arena. Announcer for the rodeo is Tom Hadley, veteran rodeo announcer from Oklahoma. Tommy Steiner of Austin will produce the show.

Steiner got started in the rodeo-producing business with his father and has since acquired a string of outstanding stock, as well as booking several exciting specialty acts to add variety to the show.

One of the specialty acts is billed as "Earl Horton and his Monkey Wetback," which was in Big Spring several years ago. "The act was so popular that we decided to bring him back," E. P. Driver, of the Rodeo Association said.

The five major events will be the Cactus Chapter of the American Business Women's Association, the Coahoma 4H Club and the Loniak 4H Club.

Rodeo festivities will begin Tuesday night, June 18, with a street dance on Main Street between Third and Fourth streets, sponsored by the Big Spring Squares and the Huff Puffers, local square dance clubs.

Local callers will be Curtis Thompson, Roger Fleckenstein and James Moore. Visiting clubs

and callers are being invited. The parade will be at 4 p.m. Wednesday, June 19, in downtown Big Spring. The parade will assemble on Eleventh Street between Scurry and Main streets and will proceed north on Main Street to Second Street, west on Second to Scurry and south on Scurry to Eleventh.

Three floats and 14 sheriff's posses and riding clubs have entered the parade so far. The floats are sponsored by the Cactus Chapter of the American Business Women's Association, the Coahoma 4H Club and the Loniak 4H Club.

Floats are judged on originality of idea, portrayal of subject and over-all appearance by local judges. Last year there were 10 entries, according to Edith Gay, secretary of the Chamber of Commerce.

First prize is \$50; second, \$30; and third, \$20. Anyone is eligible to enter a float, Miss Gay said. Deadline will be June 16.

Competition for the American Association of Sheriffs Poses and Riding Clubs trophies are those from San Angelo, O'Donnell, Knott, Petersburg, Dalhart and Stanton and Garza, Martine, Scurry Dawson Brown, Ector, Fisher and Glasscock counties.

Trophies will be presented for first, second and third place winners. The Kiwanis Club will begin serving barbecue to the public at the City Park picnic grounds at 5 p.m. after the parade. Tickets are \$1.25 for adults and 75 cents for children.

Those residents who have had box seats for the rodeo in past years must contact the Chamber of Commerce to reserve their seats again this year, according to Miss Gay.

Insurance Adjusters Still Have Lots Of Work Ahead

Insurance adjusters, who don't work ahead for the roofers and repairmen. The adjusters were brought to Big Spring on the heels of the battering hail storm which swept many parts of the town May 3.

Armyworms, Cutworms, Hoppers Raiding Cotton

Beet armyworms in increasing number and doing mounting damage to the lush young cotton in Howard County fields, are now being supplemented in their raids by cutworms. There is also clear-cut signs of an over-sized crop of jumbo grasshoppers just ahead.

Insurance adjusters, who don't work ahead for the roofers and repairmen. The adjusters were brought to Big Spring on the heels of the battering hail storm which swept many parts of the town May 3.

One adjusting company spokesman said that he estimated 50 to 60 per cent of the claims it had handled have now been settled and that some of the original crew of workers it moved in have gone back to their home offices.

None of the agents or investigators was willing to estimate either the number of damage cases nor the dollar damage that the storm caused.

That the bill will run higher than the one paid by the insurance companies in 1965 seemed quite evident. Some investigators said that not only was the damage heavier, but the cost of replacement was up materially.

"In 1965," said one local insurance man, "we had few, if any, wood-shingled roofs ruined. We have plenty this time in some parts of the town."

"We had more cars damaged this hail than in 1965. The time the storm struck accounted for this, in all probability." New roofs are in evidence all over the hail struck sections of town.

The adjusters were around for more than two months in 1965 and some local workers reported that many claims came in after the storm crews had moved out.

One firm claimed more than 2,100 roof claims that year. There is every indication the same firm will deal with at least that many this time.

South and east of here, residences and barns in the Moss Creek and adjacent areas were badly battered in a hail storm which did not invade the town in April.

The second storm came just as many of these damaged buildings had been repaired. Adjusters are now re-assessing losses and property owners are replacing roofs that had been in place only a few days before the second storm struck.

YOUR MONEY

By CHARLES E. BEIL

Generally when the average couple seeks home financing, their primary concern is the size of the loan, on the premise that the bigger it is, the better.

But there is much more to a home loan than that. The interest rate, for instance, coupled with the length (in years) of the loan, determine how much the loan will cost over the long run, and set the monthly payment figure.

In addition, the loan should not just be the largest — it should be tailored to your circumstances. Borrowing too much can be detrimental to your own interests. It can mean sacrificing other needs, neglecting maintenance and improvements, turning your mortgage into a burden instead of a blessing.

That's why mortgage counselors suggest that you shouldn't spend more than 2 1/2 times your annual income for a home. Then the costs, including your mortgage, will be comfortably within your means. Stop in if you have questions about how you can or should borrow on a home. Our job is to help you obtain not just the largest loan, but the BEST one.

Some of the fields already leveled by the worms and being reseeded are in the Vincent area.

James Shelton, assistant county farm agent, said that many farmers have already begun poisoning activities. Methyl parathion of trichlorfon (Dylox) is recommended for control of the beet armyworm by the Agricultural Extension Service. Methyl parathion should be applied with one pound of active ingredient per acre. Best method is to spray directly over the row. If aerial applications are used, the dosage should be increased by 50 per cent.

He said that the Extension Service is urging farmers to thoroughly check their fields as soon as possible for the armyworms.

"They can completely wipe out a stand of cotton in a short time," he said.

At least 95 per cent of all of the cotton in the county is now up and, if it was not harassed by the worms, would be in a most thriving condition.

Hope's 53rd Film Opens Wednesday

"The Private Navy of Sgt. O'Farrell" is Bob Hope's 53rd screen comedy. The peculiarly Bob Hopeish form of humor, whose devotees know no national boundaries, was first put on film away back in 1938 in the now-historic "The Big Broadcast of 1938." It is Bob's song "Thanks for the Memory" between that famous first and the present "The

But none were as lavishly mounted and star-studded as the present offering, which opens Wednesday at the Ritz Theatre in Technicolor. Two big names share the top billing slot with his — Phyllis Diller, whose third appearance with Hope this is, and Jeffrey Hunter. There are five co-stars, five strong supporting roles and guest appearances by the dazzling Gina Lollobrigida and France's newest sensation Mylene Demongeot.

Disneyland Spruced Up For Tourist Onslaught

By BOB THOMAS
AP Movie-TV Writer
ANAHEIM, Calif. (AP) — The presence of Walt Disney pervades Disneyland, a year and a half after his death.

Everywhere in the \$100-million pleasure park, painters are adding new coats to glossy surfaces and landscapers are planting flowers and shrubs to bloom in time for the summer onslaught of tourists. During his 10-year rule of Disneyland, Walt continually inspected the place for signs of wear. "If we keep the park looking good, people will respect it," he reasoned. He abhorred the tawdry appearance of most carnivals and fairs, and he employed an uncommon number of trash men to keep the grounds neat.

"Disneyland is in better condition than it ever has been in its history," says Card Walker, a vice president who has emerged as spokesman for the Disney enterprises since headman Roy declines the spotlight. "Several of us regularly tour the park. That's what Walt used to do every week or 10 days, and it's the only way to check on how things look and operate. If things need fixing, you can find out right on the spot."

The principal method of spreading the word is to find the nighttime visitors something to do.

"When Disneyland first opened, we found that the proponderance of visitors came in the daytime," said Walker. "So Walt instituted fireworks and entertainment to make it attractive for some of the customers to arrive at 5 in the afternoon and stay into the evening."

Disneyland recently clocked its 70 millionth visitor, and several million more will pass through the gates before schools reopen in the fall. The customers will find the park operating at peak capacity of 70,000 rides an hour, as the result of a three-year, \$50-million expansion program.

But even the increased number of rides isn't enough to handle the mobs that pour through the gates on the busiest summer days. Hence the Disneyland management has sought ways to spread the attendance load.

This summer the park will open at 8 a. m., an hour earlier than ever before.

Actors' Actor Stars In 'Man For All Seasons'

Paul Scofield won international acclaim as Thomas More, the man whom Henry the Eighth could destroy but could not conquer, in the prize-winning drama originally presented in London, and then on Broadway.

One of the most prestigious of all British actors, Scofield had appeared in only three motion pictures before agreeing to re-create his Thomas More role for the screen. Tall and handsomely distinguished, he is rated with Sir Laurence Olivier and Richard Burton as one of the three outstanding actors working in the English language.

Olivier and Burton are more immediately glamorous but Scofield is more of a legend with an almost mystical aura surrounding his name. Since his arrival on the theatrical scene some two decades ago, he has defended his privacy with passion.

His great performing range—from the melancholy Dane in "Hamlet," to the on-the-make hustler in the musical "Expresso Bongo," to the heroic Thomas More in "A Man for All Seasons"—established him as an actor's actor.

Scofield first stepped onto a stage at the age of 13 in a boy's school production of "Romeo and Juliet." On graduation, he enrolled at the Croydon Repertory and, a year later, made his professional debut in John Drinkwater's "Abraham Lincoln." He appeared in repertory and, in time, for three seasons at Stratford-on-Avon where his performance as "Hamlet" was highly lauded.

'Bonnie And Clyde' Back To Drive-In

Warren Beatty splits his professional image in two with "Bonnie and Clyde," opening tonight at the Jet Theatre. Not only does he star as Clyde in the off-beat action drama, but the film also marks his debut as a producer.

Portraying Clyde Barrow, the notorious bank robber who m

raided the Southwest during the Depression-struck 1930's, would have been demanding enough for Beatty to undertake. Why, then, add the administrative and technical chores of a producer?

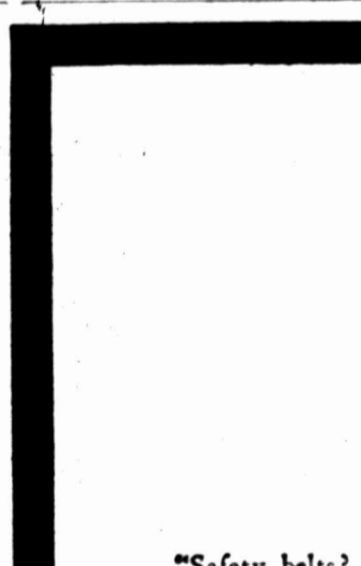

"I produced 'Bonnie and Clyde' so that it would be done in what I believed would be its best presentation as an exciting, dramatic entity," Beatty comments. "It was a challenge to portray such a complex character and it was another challenge to turn producer. I believed in the role for its dramatic possibilities and in the picture for its commercial possibilities."

Filmed on location in North Texas, the area in which the Barrow gang operated during its wide-ranging crime spree, "Bonnie and Clyde" also stars Faye Dunaway, Michael J. Pollard, Gene Hackman and Estelle Parsons. David Newman and Robert Benton wrote the screenplay for "Bonnie and Clyde." Burnett Guffey was director of cinematography.

Thin Idiot Screens

NEW YORK (AP) — The Radio Corp. of America says its research has learned that a thick liquid composed of tiny crystals sandwiched between two plates of glass can be used in a new type of electronic display, and could result in such things as home television screens "no thicker than a slice of bread."

Knott's Walking Blood Bank Ready To Serve

KNOTT—Knott Community's Walking Blood Bank now has more than 200 members and is organized for any emergency requiring its services, Mrs. Cecilia Allred, in charge, announced.

She said the recent campaign in the community to update the blood bank and include persons who were not on the original lists had resulted in 45 showing up for blood-type checks and 45 others calling in their names, blood-types and addresses.

Three master files have been made of the names and these are in the hands of three Knott women, Mrs. Allred said. One is at her home. Another is at the home of Mrs. Lloyd Rob-

inson, and a third with Mrs. Dur-lapse and additional blood had to be provided. She said the bank was able to hustle up adequate donors for this case in record time.

Nearly all types of blood are on the lists in the blood-bank files, she said. One donor who has AB negative, a very rare type, has been found and added to the files.

She said that a number of the members of the Ackerly Lions Club have listed their names with the Knott bank and that a group of teenage boys from Sands High School are also included in the files.

"We have nearly every person in our community on our lists now," she said. "We hope to add each newcomer to the file and to be ready for any situation which may arise."

The blood bank is an activity of the Knott Community Improvement Club. It was credited by the judges as contributing materially to the selection of Knott for first prize in the 1968 community improvement competition.

West Tex Cotton Looks Very Good

COLLEGE STATION, Tex. (AP)—Growing conditions improved across Texas after Monday's turbulence moved from the state. Farming picked up momentum as fields dried and harvesting of grains was possible, the Texas Agricultural Extension Service reports.

It adds the state still needs prolonged open, warm weather to really get things moving. Planting and replanting of major crops are still under way and weeds are a problem in many areas where wet fields have kept field work at a minimum.

REPLANTING

Ranges improved with grazing rated as excellent in most districts and the condition of livestock also improving, director John Hutchison of the extension service says.

Except for spots, South Plains (Lubbock) moisture is adequate. Cotton is planted, but some replanting is being done due to hail, rains and disease. Beet armyworms have caused some damage. Most sorghum is planted and making good progress.

Ranges and livestock were in excellent condition. Vegetables, castor beans and sugar beets made good progress. Cotton needs hot, dry weather.

LABOR IS SHORT

Ranges in far West Texas need rain but cotton and sorghums look very good. Beet armyworms are damaging cotton. Livestock look good. Ranch labor is short.

Moisture is adequate in all West Central counties except Iron, Schleicher and Sterling. Sunshine and heat are needed to dry fields so cotton and sorghum can be planted and grains harvested. Pecan prospects are good and spraying is on. Some peaches are being harvested.

South Texas moisture is adequate to surplus and mildew is showing up on cantaloupes and watermelons. Onions, potatoes, tomatoes and cucumbers are being harvested and citrus is in good shape. Ranges were well above average; livestock are in excellent condition; and the market is high. The labor supply is about average.

U.S. Bonds To Net More

AUSTIN, Tex. (AP)—President Johnson Friday raised the interest rate on U.S. Savings Bonds and Freedom Shares, starting June 1, to make them a more attractive investment.

The new rate on E and H savings bonds will be 4.25 per cent, the maximum permitted by law. They now pay 4.15 per cent.

Freedom Shares will be increased from the present 4.74 per cent to a full 5 per cent when held to maturity of 4½ years.

The higher interest rates will apply not only to newly purchased savings bonds, but also proportionately to all outstanding E and H bonds from June 1 to their maturity.

The President said by this action "bond-owners will be rewarded for investing in America and will not have to cash in their present bonds" to take advantage of higher rates.

In addition, Johnson approved over-the-counter buying of Freedom Shares, which now must be purchased on bond-a-month or payroll savings deduction buying.

R **POISON-IVY IS AN ITCHY PROBLEM**

The itch that follows exposure may be acquired at any time, but the peak of poison-ivy, poison-oak, or poison sumac is in the spring. The poisonous sap may reach directly to the skin, by contact with the plant, or later on by way of handled shoes, clothing, tools or domestic animals.

Poison-ivy symptoms begin to appear one or two days after contact. Some people are unusually sensitive and few are entirely immune. We have some poison-ivy lotions which usually offer quick relief and we can help you choose a good product. When the eruptions are unusually severe or cover most of the body, consult your physician.
