Bucksin-clad Sheriff A. N. Standard hands over the Declaration of Independence to Towncrier Jim Baum in preparation for the "Let Freedom Ring" celebration planned for July 4.

Program For Observance Of Independence Day Set

A procession of five ABC Club members, dressed as colonial Lee Dodds soldiers and led by Sheriff A. N. Standard carrying the Declaration of Independence, will kick off this year's observance of the "Let Freedom Ring" celebration at the train depot to Memorial Plaza on the east side of the courthouse about 1:45 p.m. Thursday, July 4.

Clad in buckskin, Sheriff Standard will deliver a copy of the declaration to Jim Baum, who is acting as Town Crier. The program will take place in front of a painting of Independence Hall by Mrs. Mamie Wade and led by Sheriff A. N. Standard carrying the Declaration of Independence, will kick off this year's observance of the "Let Freedom Ring" celebration at the train depot to Memorial Plaza on the east side of the courthouse about 1:45 p.m. Thursday, July 4.

The "Spirit of '76" group will play "Yankee Doodle" during the presentation of colors and "Hail Columbia" during the procession from the depot.

Larry Stanley has been asked to lead the crowd in the singing of the national anthem. The Gold Star Mothers will be on hand for the program and will be attired in colonial costume.

Mrs. A. W. Moody, president, said.

The Webb Color Guard will present the flag and Chaplain (Capt.) Thomas W. Black will give the invocation.

Your Income Tax Cost Going Up July 14

WASHINGTON (AP)—Unless you have a rockbottom income you will begin paying higher income taxes July 14 to help pay for the Vietnam war and to keep the Great Society moving.

On that date the withholding rate on your paycheck will increase 10 per cent, under the income tax bill President Johnson signed into law Friday.

If you get paid July 13 you won't feel the bite until the next payday.

Meanwhile, the Labor Department reported Friday another increase in the cost of living of three-tenths of one per cent during May. The surcharge is designed to stem this type of inflation.

And William H. Chartener, assistant secretary of commerce for economic affairs, said business statistics which usually move up or down before the economy in general indicate a slowdown in economic growth during the second half of this year.

He said this trend will be reinforced by the surcharge.

Signing of the bill, which includes a mandatory \$6-billion cut in federal spending, came without fanfare one week after Congress completed action and was in marked contrast to the raging controversy of nearly the entire past year.

Johnson again insisted his bill is now moving too fast and the tax package will apply the fiscal brakes.

He said the nation can now attack the threats to its prosperity—accelerating inflation, soaring interest rates and a deteriorating U.S. trade picture.

But Johnson said Congress cannot hope to cut \$6 billion from his budget through the regular appropriation process and this will shift responsibility for the cuts to the President.

This departure from tradition is "most unwise," he said. He also contended Congress acted unwisely in ordering federal

employment rolled back to the level of two years ago by not filling one in every four job vacancies.

Under the new law, higher taxes can be collected after 15 days from its enactment.

This means that paychecks received after July 14 must reflect the increased taxes even if the money is earned before that date.

Since the tax for individuals is retroactive to last April 1, the amount withheld from weekly paychecks through next December will fall short of the amount due. The difference must be paid when income tax returns are filed by next April 15.

Only exemptions for individuals are for single people earning \$1,000 or less and married couples earning \$2,000 or less.

The tax increase will expire June 30, next year unless the administration elected in November decides to extend it and Congress agrees.

The tax is retroactive for corporations to last Jan. 1 and also includes a speedup of all tax payments for them.

Another section continues the excise tax on automobiles at seven per cent and the telephone service tax at 10 per cent, instead of permitting them to drop to two per cent and one per cent respectively.

The tax package will increase federal revenues by more than \$15 billion in the new fiscal year which begins July 1. Coupled with the spending cut it will reduce a potentially large budget deficit by more than \$20 billion.

This could mean a deficit next year of as little as \$2.5 billion, if present budget estimates hold true. The government will end the current fiscal year at midnight Sunday with a deficit of about \$25 billion—the fourth largest in history.

FIVE CENTS BARREL

Cosden Raises Price On Intermediate Crude

The price for intermediate sweet crude oil grades is being raised five cents per barrel effective July 1. Cosden Oil and Chemical Company announced Saturday. Cosden buys about 8,000 barrels of sweet crude per day.

This is in line with price increases posted by other purchasers of this type of crude oil in West Texas.

The increase also carries with it the elimination of the penalty schedule for crude in excess of 45 degrees gravity.

Prices on sour crude are unchanged.

The price on 32-degree sweet crude will rise from \$2.95 to \$3 per barrel, and the payment of two cents per barrel more for each additional degree will continue. Instead of stopping at \$3.26 per barrel for 45-degree and higher crude oil, the per degree increment will apply so that 50 degree sweet crude will be worth \$3.36.

Sour crude will continue to bring \$2.84 per barrel for 32 degree oil, with a two-cents per degree increment.

The last increase in crude prices occurred last August when sour crude scales were raised five cents per barrel.

Public Unenthusiastic Over Giving Up Guns

NEW YORK (AP)—Appeals for American gun owners to voluntarily surrender their weapons have yielded meager returns, an Associated Press survey indicated Saturday.

The public response has been particularly unenthusiastic in cities with a recent history of racial violence.

Indications that a proposed federal gun registration law faces hard sledding in Congress have prompted some cities and counties to action on their own. But so far, such instances of gun control at the local level are few and far between.

The Board of City Directors of Pasadena, Calif., home town of Sirhan Bishara Sirhan, accused of assassinating Robert F. Kennedy, turned down a proposal to require registration of guns. A resolution calling for investigation of possible gun control ordinances lost on a tie vote, 3 to 3.

In San Antonio, Tex., a city councilman asked for an ordinance prohibiting the sale of hand guns to the insane, mentally incompetent, narcotics addicts or convicted felons. The proposal failed for lack of a second after the city attorney expressed doubt that such a law would stand up in court.

However, looking ahead to the Republican National Convention in August, the Miami Beach, Fla., City Council adopted an ordinance requiring police permit for gun purchases and registration of all guns and providing jail terms for possession of unlicensed arms.

In Chicago, a city gun registration law became effective May 15 and city residents turned 1,211 guns in to police, who planned to melt the weapons into scrap iron. But another 60 persons were soon arrested for ignoring the ordinance.

Los Angeles has a city ordinance against carrying a concealed weapon without a police permit. Few permits are issued, but Police Inspector Otho Woods estimated "there are probably in excess of 2 million weapons in the city."

Los Angeles county officials are discussing a proposed county ordinance which would prohibit ownership of guns not registered with police.

Mayor Joseph Alioto of San Francisco issued a plea for city residents to give their guns to the police. A total of 600 weapons have been surrendered, including one rocket launcher, and Alioto said "we're expecting lots more."

Notices Of Changes In Tax Base, Assessments Mailed

Between 10,000 and 12,000 owners of real and personal property in Howard County will get notices this week from the office of Pauline Petty, Howard County clerk, calling attention to the annual sessions of the equalization board. These will be at the Howard County Courthouse July 10 and 11.

The county commissioners' board will sit as an equalization board for the county and a special board, selected by the trustees and city commissioners, will represent the school district and the municipality.

CHANGE IN BASE

The notices sent out by the county clerk's office with a leg assist by the office of Zarah LeFevre, county tax assessor-collector, are particularly important this year.

The county commissioners' court, at a session some weeks ago, approved an increase in the ratio of assessment on all Howard County real and personal properties from 20 to 25 per cent of appraised value.

This increase means that taxes for 1968 will be higher on all persons concerned.

An example of how this will

work out is shown on one of the notice forms. "For property that has a market value of \$10,000 and the assessed value has been \$2,000, for 1968 it will be \$2,500," the explanation reads.

REASSESSMENTS

Other notices applicable to certain properties are also in the mail. These are to owners whose properties have had values changed. Such changes might be either upward or downward. On these notices, an adjustment if the property owner feels this is justified.

30-Day Outlook. Maps released by the U.S. Weather Bureau show the precipitation and temperature outlook for the next 30 days.

TAXPAYER'S COST: \$231,000

Shantytown Proved Expensive

WASHINGTON (AP) — The \$231,000 including \$14,000 for federal government's expenses extra police and clean-up con- party also included Ross Ander- of the campaign

City are expected to approach a quarter of a million dollars. Major items in an estimate released Friday by the Interior Department were about \$145,000 in police costs, much of it in overtime and holiday pay, and including 30 Quakers — Friday

Two women with children in the arms were among the chief lieutenants of the Rev

neatly dressed Quakers. The Ralph David Abernathy, leader of the campaign

son, 68, of Des Moines, Iowa, a retired teacher

Williams was arrested Monday when police evicted the last occupants of the Resurrection City but he was free on bond while awaiting trial.

The 77 arrested Friday were charged with disorderly conduct. Some were also charged with unlawful assembly, the same charge on which Abernathy was convicted Tuesday and sentenced to 20 days in jail.

Marker Dedicated To Gov. Allred

BOWIE, Tex. (AP)—A man who once sold chicken sandwiches to passengers at the railroad station here has had a Texas historical marker dedicated to him.

The marker is for the late Gov. James V. Allred and was placed at his boyhood home. Main speaker at the dedication was Sen. Ralph Yarborough, D-Tex. A host of state and local officials attended. One of Allred's sons, state Rep. Dave Allred of Wichita Falls, gave the family response.

Allred often pointed to his sandwich selling career as a boy as he campaigned for office. He was governor two terms, from 1935 to 1939.

Stocks Down

Both the Associated Press average of 60 stocks and the Dow Jones averages of 30 industrials were down last week. The Associated Press tally closed Saturday at 339.7, down from 340.8 a week earlier. The Dow Jones chart shows a closing of 87.80 Saturday, down from 90.83 a week ago.

Crow, Smith Back From Meet

Larry Crow, city manager, has returned from the annual meeting of the Texas City Managers Association in Corpus Christi. As vice president of the association, Crow met with 40 assistant city managers and presided at a session addressed by Mark Keane, executive director of International City Managers Association.

Approximately 200 managers and assistant managers from all over the state attended the meeting. They attended sessions on solid wastes and air pollution, bond issues, underground utilities, and use of private enterprise techniques in government.

Crow was accompanied by Larry Smith, administrative assistant.

Bids Due For Five Projects

Bids are being advertised for five projects connection with the Colorado River Municipal Water District's lake project at Robert Lee. Proposals for three sections of pipeline are due to be asked early in July.

Advertisements are going out for the construction of a drip trap and raw water pumping station which results from potential inundation of an oil producing area. gate valves, intake pump station substructure, electric control cable to be buried with the pipeline, and a motor control center. All these will be opened at the district's office in Big Spring at 10 a.m. on July 17.

Indications are that bids for 37 miles of pipeline will be advertised in the early part of July, and if this is the case, a letting will be scheduled for July 25. A meeting of the board of directors may be set on that date, and if so, the board will act in both the July 17 and July 25 bids. The pipeline will include a section of 42-inch line from Big Spring pump station east to Moss Creek Lake, a 24-inch section from Moss Creek Lake eastward to a juncture with the Sun Oil water line in central Mitchell County; and an 18-inch section from this point northeastward to the side storage on the Colorado River just above Colorado City.

One bid was received during the past week on a barge to be used in servicing oil well mounds at the Robert Lee Lake, but action on this has been deferred.

Progress on the new lake project and allied projects is going well. The dam is now over 75 per cent complete; three-fourths of the 36 miles of 33-inch line from Big Spring to the Martin County pump station is in place; right of way for the upcoming pipeline is largely acquired.

Addresses CAP

"The Space Program" was theme of a talk Saturday morning by Capt. James White of Webb AFB, to members of the Big Spring Composite Civil Air Patrol Squadron. Capt. White addressed 12 members of the CAP including two girl cadets. The meeting was in Withycombe Hall at Webb.

CAN BE RESERVED

For Large Groups

By JEAN FANNIN

The city's Parks and Recreation Board has, at last, a pavilion at the city park which can be reserved for large functions.

"Such a pavilion was first suggested in 1963, shortly after the Board was created," Roy Anderson, assistant city manager said. "But there were so many other things that needed to be done first, that the pavilion has only recently been completed."

The pavilion has been named "Shadow Retreat" and is located in the city park, east of the soft ball diamond.

The pavilion is open to the general public at any time that it has not been reserved, Anderson said. A large sign has been placed at the site and days it has been reserved are noted on this sign.

The pavilion is reserved on a day-to-day basis, Anderson said. "No two groups can reserve 'Shadow Retreat' for the same day because we just do not have the manpower or the money to police the area on an hourly basis."

It can be reserved by paying a \$12 reservation fee at City Hall, Anderson said. The fee is

used by the parks department for upkeep and maintenance.

"The primary purpose for the fee is to limit the use of the pavilion to the large groups for which it was designed," Anderson said.

The pavilion will seat 150 people with 12 people at each of 12 tables. So far it has been used for company picnics, family reunions, school groups and service organizations.

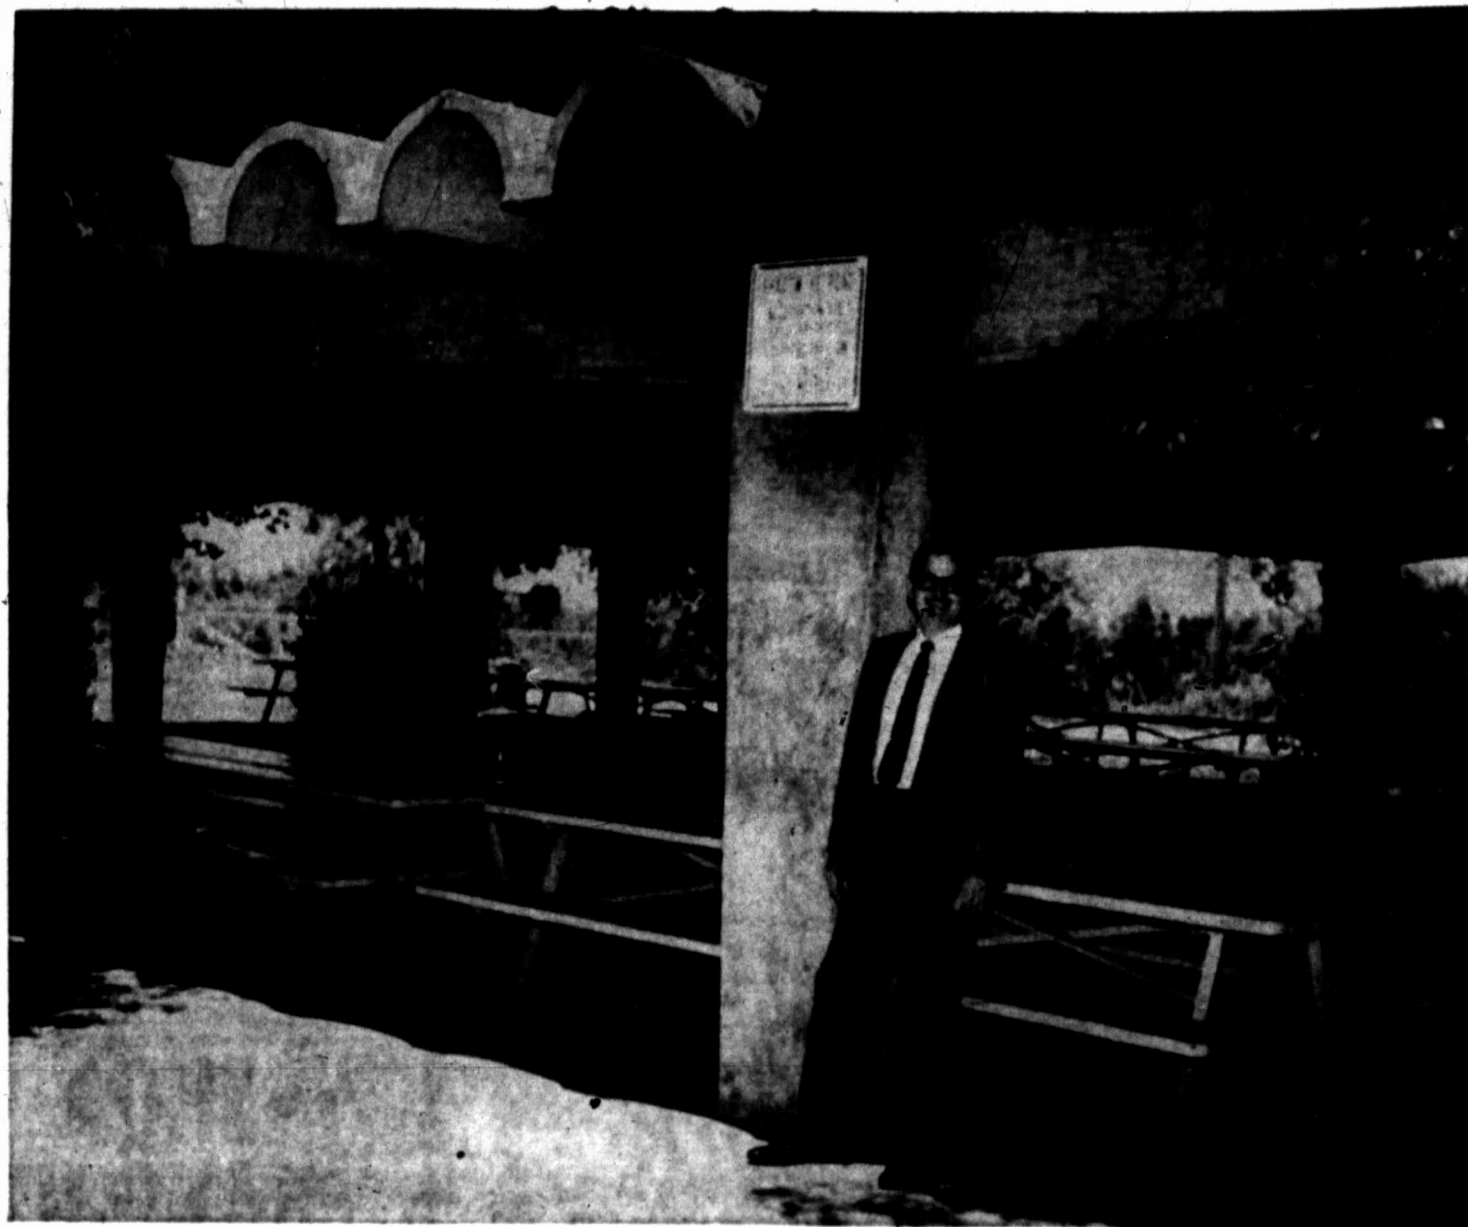

There is a cabled fence around the pavilion to prevent vehicles from being driven close. "We are trying to get the area sodded for grass," Anderson said. However, there is a gate where delivery trucks can get through.

The interior is wired for a lighting system and floodlights have been placed in the area. City crews plan to build a barbecue pit there during the winter to have it ready next spring.

The area is policed regularly and is sprayed for mosquitoes just before big functions and "as need demands," Anderson said.

The city has no further plans to build more shelters at the park," he said. "Our present shelter facilities are adequate."

He estimated the park pavilion capacity at "600 people if they are all there at the same time. The park could take care of as many as 1,500 at a come-and-go affair."

Shadow Retreat

Larry Crow, city manager, inspects the new pavilion recently constructed in City Park. This pavilion is the only one which can be reserved in advance for large functions.

School Project

"Lakeview Park is an example of cooperative effort between the city and the school, and I feel that Lakeview School has the prettiest campus in the school district as a result," Larry Crow, city manager, said.

The city has installed eight picnic areas and a large barbecue pit in the park. Playground equipment has been installed and a softball field and a hard-topped play area for tennis, basketball, volleyball, etc., has been laid out.

"Although there has been quite a bit of vandalism in that area in the past, the playground equipment and plant life have been unharmed," Crow said.

The students in Lakeview School raise money for trees to be planted in the park. The city has installed an irrigation system and also planted trees. The school has installed chain link fences around the perimeter and around the surfaced play area.

Future plans for the park in-

clude restrooms, which have been requested by area residents, and several more trees.

"In a few years, when the trees are developed, that park is going to be even prettier," Roy Anderson, assistant city manager said.

The park was begun in 1965. The Park and Recreation Board had been seriously considering a park on the Northside for some time, but had planned to improve the area around the swimming pool there.

City officials decided to work with the Lakeview School to develop a park near it and purchased 3.8 acres on the south side of the school, adjacent to the grounds for \$2,800.

Crews began leveling and clearing the ground in September, 1965 and finished seeding and planting at the first of the summer in 1966.

Crow said a similar venture is planned near Airport School in the future.

Facilities Expanded At Lake Park

Summer picnickers at Moss Creek Lake will find facilities considerably expanded this summer, according to Ernest Lillard, director of public works.

The lake area also has two large pavilions, one seating 50 persons and the other 75. Moss Creek Lake has been a city park since its creation in 1938-39, but it is only in the past six-seven years that the city has begun making improvements "for the enjoyment of the people visiting the lake," Lillard said.

City crews added three family-sized picnic tables in March, bringing the total to 11. The tables are all shaded.

The lake area also has two large pavilions, one seating 50 persons and the other 75. Moss Creek Lake has been a city park since its creation in 1938-39, but it is only in the past six-seven years that the city has begun making improvements "for the enjoyment of the people visiting the lake," Lillard said.

Fishermen and swimmers are the most frequent visitors to the lake, according to Ike Rupard, lake manager, who operates a concession and sells fishing and boating licenses.

The lake has a concrete boat ramp, but limits boats to 12 1/2 horsepower motors. Swimming is allowed in posted areas, but no skiing is permitted. "The lake is only large enough to handle one or two boats pulling skiers," Lillard said. "If we allowed skiing, we would have to be able to handle all who wanted to ski."

The lake has three floating docks anchored just off shore for fishermen. Future improvements might include a covered fishing dock, Lillard said.

Overnight camping is encouraged, but the lake area is closed 10 p.m. to 6 a.m. daily.

There are some paved roads, however, most of the roads on lake property are caliche surfaced, Lillard said.

The park is open seven days

a week, year-round, except for 30 days at the end of December and the beginning of January when Rupard takes a vacation.

The lake is under the controlled management program of the Texas Park and Wildlife Department, which keeps it

stocked with fish and studies the habits of fish and wildlife.

The city owns 439.6 acres of land around the lake and the 144 acres of lake surface, Lillard said.

No major improvements are planned, "just continued work on picnicking and camping

areas," he said.

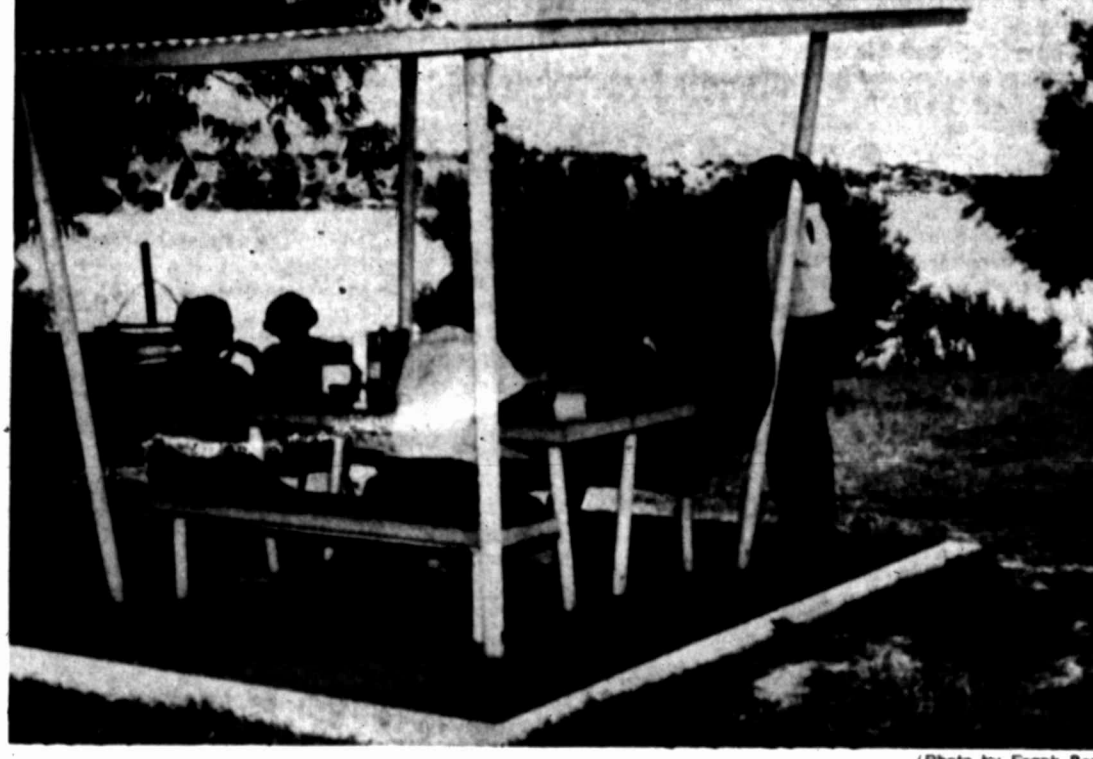

According to Rupard, the park had 102,326 visitors last year, and he expects at least that many, if not more, this year.

Figures for last summer indicate the park had as many as 5,600 visitors per day.

Lakeview Park

Roy Anderson, assistant city manager; Ernest S. Morgan, Lakeview principal, and Johnny Johnson, parks superintendent, enjoy facilities.

Lake Picnic Site

Ike Rupard takes time out from his duties as lake manager to visit with picnickers at one of Moss Creek Lake's new picnic sites. Picnickers are Mr. and Mrs. Joel Miller, Odessa, and Mr. and Mrs. Ray Irons, Lamesa.

ALMOST \$35,000 AVAILABLE FOR WORK ON SCENIC MOUNTAIN

Improvement, Beautification Started At State Park

By SAM BLACKBURN

There hasn't been much fanfare about it but a program of improvement and beautification of Big Spring State Park is quietly under way.

Not too much evidence of the project is as yet visible, but in another year, it should be well along.

In March the Federal Land and Water Conservation administration announced that it had earmarked \$11,450 in federal money for the park to match the \$22,900 which the state legislature appropriated at the last session. This makes nearly \$35,000 in cash which the State Parks Commission can spend building better roads, improv-

ing and creating parking facilities, adding sheltered picnic units and installing essential utilities.

A few weeks ago, announcement was made that the legislature had approved an additional \$10,000 appropriation for the ensuing year.

R. E. Britton, park manager, said that a number of improvements are planned and that representatives of the state parks board have been at the site on several occasions recently. "Already," he pointed out, some work has been started.

FIRST JOB

Britton, who became manager of the park in December, made his first job the renovation of

the manager's residence atop the mountain. This was imperative since over the years the building had been allowed to run down considerably. He is now nearly through with this work and he and Mrs. Britton, with their four young daughters, are established in the residence.

He has sandblasted the old stone pavilion and it now presents a gleaming white spectacle to park visitors. He and one other worker have started rehabilitation work on the main building on the tract — the big stone house which has been nearly destroyed over the years by vandals.

A crumbling annex, which formerly supported the water

tank, has been demolished. The tank originally was the park's entire water system center. Water was pumped into it from city lines, which run to the top of the hill and the tank was supposed to provide pressure for the drinking fountains, rest rooms and other facilities.

"We just didn't have any pressure," said Britton.

The overhead tank was abolished and a pressure tank installed at the point where the city supply ties on the park pipelines.

RESTORE

Britton and his helper propose to continue work on the rustic stone residence with the ultimate aim of completely restoring it to usefulness. When completed, some suitable park feature can be designed for it.

The restrooms are to be completely rebuilt and Britton said that equipment has already been bought for this purpose. A loop road is to be built from the circle route, which traverses the perimeter of the park to the warehouse, west of the pavilion, and on to the warehouse building.

Sheltered picnic areas are in the books, he said, along with other needed roads. Britton said that he has been accorded every cooperation by the state park service.

The release from Austin said that the \$11,450 federal allocation was from money which the U.S. government gets from sale of surplus government property, federal motorboat-fuels tax, the celebrated \$7 gold Eagle passport and from other recreation fees. The money is administered by the Bureau of Outdoor Recreation of the U.S. Department of Interior.

Big Spring State Park en-

compasses 322 acres of rugged hill top southwest of town. From its summit one has a magnificent view of the city. Webb AFB and hundreds of square miles of Howard County farm and ranch land.

A circular road around the park peak affords a widely varied vista.

Big Spring State Park came into existence in 1934 and 1935, when the city of Big Spring deeded the land to the State. A large number of the state's network of parks came into existence in the period from 1932 through 1936.

Roads into the rugged area were built and improved by the WPA and other agencies in operation in those years to boost the economy hit by the depression. The pavilion and the main building, as well as the resi-

dence of the manager, restroom and some parking and trail area, date back to the efforts of these agencies.

NAME CHANGE

A movement is now afoot to change the park's name.

A Chamber of Commerce committee has recommended to the board that the park be renamed "Scenic Mountain State Park." The board has approved the proposal and has sent it on to the city commission. If it wins approval before this body, the suggestion will be relayed to the state park administration for final action.

The Texas Almanac says that the park was originally named "Big Spring State Park" to commemorate the "big spring" pioneering place for early day travelers and Indian tribes.

Since the spring is not in the park, it is argued that it more properly should be called "Scenic Mountain State Park." The mountain it occupies has that title and the scenic aspects are its most attractive feature.

Thousands of motorists make the drive around the park rim yearly. Hundreds of picnic meals are served in the old pavilion. Some playground equipment is available near the pavilion, and it is rare in good weather when a group of children cannot be found playing in the area.

Under Britton's administration the pavilion has been put in good repair and additional picnic tables provided. As a result increased use of the area by clubs, family reunions and other groups is making itself evident.

VANDAL-RUINED STRUCTURE IN STATE PARK BEING RESTORED. Main building is to resume its original attractiveness.

Another Camp City Ends

State Patrolmen drag demonstrators from a flattened tent on the grounds of the state capitol in Olympia, Wash., Friday after Gov. Dan Evans ordered closure of a week-old encampment. The encampment was set up by Indians protesting what they called violations of the Medicine Creek Treaty of 1854. Indian leaders called their camp "Resurrection City II."

Indian's 'Camp-Out' Comes To Abrupt End

OLYMPIA, Wash. (AP) — An Indian "camp-out" on the grounds of the state capitol has come to an abrupt end. The tribesmen, who set up their camp last week, saying they were reclaiming their land because the whiteman failed to live up to his treaties, were given 90 minutes Friday night to pack up and leave. When they failed to lift a finger, state employees stepped in and took down the three teepees and four other tents while the Indians sat in a group and watched. State troopers and capitol guards supervised.

Janet McCloud, a spokesman for the Indians, said at the start of the camp-out eight days ago they were taking back a good part of western Washington ceded to the United States under the Medicine Creek Treaty of 1854. She said in a recent U.S. Supreme Court decision giving the state the right to regulate commercial fishing by Indians off their reservations voided the treaty. Friday Gov. Dan Evans looked at the tents, the 29 Indians and whites occupying them and carefully manicured lawn turning brown from lack of water and ones also left eventually. The breakup wasn't entirely peaceful. Nine persons were taken into custody after they took part in a brief scuffle with state troopers. Mike McCloud, 19, of Tacoma, was booked for obstructing an officer in performance of his duty. Seven teenage boys and a girl were taken into detention by juvenile authorities. Most of the campers dispersed. Some remained for a time, even though the sprinklers were turned on, but the wet ones also left eventually.

Civil Rights Group Charges Only Menial Jobs Offered

SAN ANTONIO, Tex. (AP) — A Texas Civil Rights group charged Saturday that Kelly Air Force Base, called the largest employer of Mexican-Americans, offers that group and Negroes little more than low paying and menial jobs. That is the main point of a 17-page report, "Employment Practices at Kelly Air Force Base," issued by the Texas Advisory Committee to the U. S. Commission on Civil Rights. It was released at a news conference. The report is the culmination of the committee's findings during the two-day closed session in November last year in San Antonio. The committee received information on employment practices at Kelly from 40 employees, union leaders and white and blue collar workers. "Mexican-Americans employed at Kelly Air Force Base passively accepted the position that Anglos would not take orders from Mexican-American and Negro supervisors," said Mrs. Harold H. Young, Odessa, chairman of the committee. She said Kelly was the largest employer of Mexican-Americans in the United States. The committee recommended that the chairman of the Civil Service Commission and the secretaries of defense and Air Force conduct a high-level impartial review of civilian employment policies and that the corrective action be suggested to base personnel. Mrs. Young added that Mexican-Americans have no confidence in the equal-employment opportunity program at the base. She said she believed that the president's call to action in that area "had been dealt with very timidly."

The 20-member committee, composed of men and women from all over Texas, confined its report to the two issues of discrimination in promotions and the equal-employment opportunity program. The committee, using 1966 figures, the latest available at the November meeting, said that Mexican-Americans comprised 43.8 per cent of the 22,293 Kelly employees. Negroes represented 6.4 per cent. This represents almost 10 per cent of the area's civilian labor force, the committee added. "Yet, of 9,929 white collar employees, Mexican-Americans were only 27.5 per cent and Negroes 3.5 per cent," the report said. "In the same category, 68.9 per cent of Mexican-American white collar workers were in (pay) grades one through five, earning \$3,609 to \$5,331 annually (as of 1966) and 71.3 of Negro workers were in the same grade levels." In higher civil service ratings, Negroes have less than one per cent of the white collar jobs. The report is one of three made by the committee on problems of Mexican-Americans in the Southwest. Mrs. Young said the committee was one of 50 groups that advises the Commission on Civil Rights on matters in their own communities.

Houston Toll Soars To 125

HOUSTON (AP) — Five more slayings Friday night and Saturday have raised Houston's homicide toll to 125 for the year compared with 116 on this date last year.

Two men died in a daybreak shootout at a tavern. One victim was identified as Earl Martin, 35. He was taken to a hospital. The other man, not identified, was taken to the city morgue.

Lorraine Tones, 33, a cab driver, was found fatally wounded near his vehicle early Saturday. Investigators said no money was found and Tones apparently was the victim of a robbery.

Percy Wilson Jr., 23, was shot fatally late Friday night following an argument over a \$3 bet in a pool game.

Nelson Byrd was shot fatally at a service station Friday night. Officers said the shooting followed an argument over a woman.

Kerney Cecil Jennings, of Jacksboro, was struck and killed by an auto on a Houston street early Saturday.

De Gaulle Appeals For Support In Sunday Vote

PARIS (AP) — President Charles de Gaulle, in an election eve appeal on radio and television, urged French voters Saturday to give him a solid National Assembly majority in Sunday's election so that France can "resume its march forward." His hand strengthened by stunning first-round gains in balloting last week, De Gaulle called for a great effort by his countrymen to repair the damage caused by the crisis that shook France in May and early June. "Last month everything was slipping away," said the 77-year-old president. He said the strikes and student unrest were "trials which would have swept away any other regime than ours." But he said now that the crisis is ebbing the French people must in Sunday's vote demonstrate a "massive resolution" to give the country and its government a strong, continuous and coherent majority in parliament for "a tough policy" that must be adopted. His last-minute speech was an effort to nail down the majority he needs and it was expected that the Gaullist surge in the June 23 voting would carry over to the second round. His opponents said the speech violated a legal ban on the use of state-owned radio and television for political propaganda on election eve. The Gaullists won 132 seats in the first round and need 92 more for a 244-seat majority in the National Assembly. One Gaullist concern was that vacations might mean a poor turnout. Gaullist party workers put leaflets under car windshield wipers saying "Postpone your vacation another day—or you might not have anything to come back to." The left, fighting for its life in the election, called on its followers to block the advance of Gaullist "personal power." De Gaulle warned his countrymen that there is a great deal of hard work ahead to meet foreign economic competition, ward off price rises, hold down inflation and to stabilize the value of the franc. The franc has been under heavy pressure in recent days and the newspaper Le Monde reported there were "new rumors of devaluation—even this weekend." But in his speech, De Gaulle gave no hint about whether he had plans to devalue.

Pace Slows As Fever Subsides

NEW YORK (AP) — Speculative fever that has surged through the stock market subsided last week and the trading pace slowed. The securities exchanges and individual brokerage firms have been cautioning against continued speculation which sent prices of many lower-priced stocks spiraling and rocketed volume to record levels.

The exchanges were closed last Wednesday, the third special one-day weekly closing ordered by the exchanges to give brokers additional time in which to catch up on paperwork that has overwhelmed their clerical staffs during the heavy trading. The markets are scheduled to close next Thursday, July 4, a regular holiday, and Friday, July 5. In addition, the governing bodies of the exchanges this week ordered closings on the four following Wednesdays in July.

Volume on the New York Stock Exchange fell last week to 52,948,390 shares from 55,972,900 the previous week. Volume for a full five-day trading week a year earlier was 44,940,110 shares. The Dow Jones average of 30 industrials dipped 3.13 to 897.80 last week. The Associated Press 60-stock average slipped 1.1 to 339.7.

Of 1,666 issues traded on the New York Stock Exchange last week, 942 declined and 618 advanced. There were 200 new 1968 highs and 35 new lows.

"Whether it has been due to the various warning from industry officials or the Wednesday closings—and it is probably a combination of both—there is no doubt that the speculative exuberance which caused so much concern in May has cooled off considerably," a broker said.

The most actively traded stocks on the New York Stock Exchange last week included Commercial Credit, up 2 1/2 to 37 1/2; Sperry Rand, off 3 1/2 to 49 1/2; and American Telephone, off 1 1/2 to 50 1/2. Near term pressures offset more favorable longer term expectations as the bond market declined last week following the previous week's passage by Congress of the 10 per cent surtax. Treasury bond prices drifted lower.

More Revolutions For This Century

AUSTIN (AP) — "The fever of revolution will not abate in the last third of the 20th Century," predict two University of Texas political scientists. That is one of the opinions in a new book by Drs. Carl Leiden and Karl M. Schmitt of the government department. "Continuing revolution is very likely to occur in the underdeveloped areas, certainly in Latin America and the Middle East," the authors write, adding that "in most instances such revolution is likely to be a coup or a limited political revolt."

HHH Warns Against 'Quest For Popularity'

OKLAHOMA CITY (AP) — Vice President Hubert H. Humphrey warned Saturday against "an insatiable quest for popularity" and said the American people would not want him to "repudiate a government and a policy of which he has been a part in order to gain votes." In an impassioned, impromptu answer to suggestions he repudiate President Johnson's Vietnam policies in order to accommodate supporters of Sen. Eugene J. McCarthy, Humphrey brought the Oklahoma Democratic Convention to its feet by saying: "I have tried to be a faithful and loyal vice president and that is what I thought you wanted when you elected me." Humphrey's supporters were in firm control of the convention, preparing to give him at least 34 of the state's 41 national convention votes, possibly all of them under a unit rule. The vice president headed on to Des Moines where he hopes to woo delegates who had supported the late Sen. Robert F. Kennedy into his presidential camp. At Oklahoma City, the vice president praised the President's decision to withdraw from politics to seek peace, then said people have told him, "If you'd only repudiate your President you'd be so strong and you'd be so popular." "Ladies and gentlemen," he went on, "the greatest danger to a man in public life is an insatiable quest for popularity. 'Popularity pollutes the life-line of integrity if what you seek is but popularity,' he said. "Anyone that will repudiate a government and a policy of which he has been a part in order to gain votes—I think that this is not the kind of person you can trust to keep the promises he makes in a campaign and deliver on them in a general election," he said.

Attack Farm Price Supports

WASHINGTON (AP) — One year instead of 600, or 200 acres of cotton instead of 100. If the larger production occurs, department experts say, prices for the crops will drop, more farmers will be forced off the land and serious economic cracks will appear throughout the economy.

A document popularly quoted by the Poor People's Campaign and its observers was a report prepared by the Department of Agriculture for Senate Appropriations Committee hearings earlier this year. The total direct payment made last year under the various federal farm programs was almost \$3.1 billion, the report shows. Excluded are price support loans.

But overlooked by many readers is a breakdown showing that of the total only 36 per cent was paid to farmers receiving \$5,000 or more. About 60 per cent was paid to smaller operators who got less than \$5,000. The remaining 4 per cent involved payments to nonfarmers such as vendors and contractors. Around \$2.5 billion was paid to growers of cotton, wheat and feed grains. Other payments included those for sugar, wool and conservation.

"The history of farm programs sooner or later has involved payments for not producing," a department spokesman said, "and this is the only way I can see to prevent surpluses from growing again."

On the other hand, some farm leaders argue that the farm programs of the 1960s have failed, that farmers have suffered financially despite the subsidies and soil bank programs.

Says Listen To The Kids

AUSTIN (AP) — The parent generation should listen to complaints of discontented youth and follow some of their suggestions for change, a University of Southern California professor said Saturday. "Acting as catalytic agents of change, today's young people keenly sense the jeopardy inherent in continuance of marked differences among peoples in the world," John G. Milner, a professor of social work, declared in an address at the University of Texas. Milner told members of the Texas School of Social Work's Alumni Association that youth the world over are becoming more alike, due to technological innovations in mass communications and a significant increase in young people traveling to other countries. "They are communicating among themselves more and more in a personal way rather than in a political way, and are transcending national differences."

"To me this is a sign of a growing one-world, and a decrease in nationalism. When boundaries can be crossed, points of difference can be resolved."

WE STOCK BOTH FAST AND SLOW SELLERS
Recent news stories told how supermarkets and discount firms are telling manufacturers: "Sell us only your fast sellers. We are weeding out all others." Their reason is that the small amounts sold of slow sellers are not profitable. This is true, but sometimes slow selling products can be very important to the persons who need them. There are hundreds of them in our pharmacy that sell only about a dozen of each a year. We buy only a quarter of a dozen at a time and re-order when they are sold. Our reputation is to have whatever you ask for. If we don't have your favorite, tell us. YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Dry Weather Needed Most

COLLEGE STATION (AP)—With coastal soils generally water-logged and much of the eastern half of Texas overly wet, the need for sunshine and dry weather is critical, said John Hutchison, director of the Texas Agricultural Extension Service.

While damage reports due to Tropical Storm Candy are still unknown, the heavy rains which resulted have caused extensive damage from mid-coastal areas northward, the director added. Crops and pastures have been flooded and wind damage has also been reported, he said, in the storm's path. High winds have also been reported as the cold front moved into southern areas Tuesday and Wednesday morning, he added.

Reports from district agents Wednesday showed: Except in Hartley, Hutchinson, Moore, Oldham, Parmer and Potter counties moisture in the Panhandle generally is adequate. The wheat harvest is making good progress and 90 per cent of the grain sorghum is planted except in Hemphill and Wheeler counties. Sugar beet growth was excellent and range and livestock conditions are good.

Hot, dry weather helped South Plains (Lubbock) cotton recover from hail and rain damages. Undamaged cotton is making rapid growth. Considerable of the haled out cotton is being planted to soybeans. Sorghum is making good growth and livestock and range conditions are excellent. Rains up to four inches fell over the Rolling Plains and left moisture adequate in 18 counties and short in four. Except for small acreages in a few counties, the wheat harvest is now complete with yields averaging about 25 bushels. Cotton planting was about complete with a few counties reporting some replanting. Insects are causing some damage in a few

counties, he noted. Sorghum and guar planting, plowing stubble, and harvesting peaches and hay were major activities. Livestock marketings are increasing.

Light to heavy showers fell in North Central Texas and have stopped all field work. The wheat situation is worsening due to the inability to get it harvested. Cotton looks pretty good. Some insects are reported. Sorghum looks good but farmers are closely watching for midge. Corn looks good and hay is being harvested when possible. The peach harvest is on and the demand is good. Ranges and livestock were in good condition.

Far West Texas needs a general rain for range grass. The grain harvest was about over and cotton was making good growth. Insect infestations ranged from light to heavy. Livestock conditions are good.

Scattered showers fell over West Central Texas with up to five inches in Coleman County but moisture is needed in most counties. The grain harvest is about over and yields have been above average. Cotton and sorghum growth was good. Livestock and ranges are good to excellent condition.

College Program Offers Cities Aid

SHERMAN, Tex. (AP)—A new program in community service at Austin College will offer training, research and other aid to city leaders in Grayson, Fannin, Cooke, and Collin counties. Dr. John D. Moseley, the college president, said the school will offer at no cost to the cities programs ranging from seminars on transportation to in-service city employ training. Funds will come from Austin Coordinating Board of the Texas College and University System.

Fledgling Pilots and dates get taste of square dancing

Webb Pilots Given A Taste Of Western Food, Dancing

The top of scenic Mountain, once a lookout point for Indians, got a new touch of Western flavor Friday evening. Members of Pilot Training Class 69-07 and their wives and dates were the guests of the Rotary Club at the pavilion for a barbecue and round of Western square dancing.

More than 125 pilot-trainees and guests, along with slower-footed Rotarians and wives, frolicked to hoe-down music while the Huffers and Puffers gave demonstrations to the calling of Roger Fleckenstein. Festivities had been opened with a typically West Texas barbecue. In charge of the affair was Jerry Worthy, assisted by Dick Ramm and Lowell Jones. Don Womack was in charge of the lighting. The party is one of a series

which local service club groups sponsor to welcome the fledgling pilots as they embark upon their year's residence in Big Spring and flying training at Webb AFB.

THE WEEK

Dallas. The unit, sponsored by the New York State Lions, rated second out of a field of 50 for marching bands. Then a couple of specialty units of the band stayed over a couple of days extra to perform.

Big Spring business and professional men got a first-hand glimpse of the problem of brush control and means to combat it when they went on a tour of Borden County on Wednesday. They also saw something which has become a bit of a rarity in this country of its native habitat—the longhorn steer. All in all, the tour was declared one of the most successful of the series sponsored by the Chamber of Commerce agriculture panel.

A Big Spring contractor, Jim Bill Little, is due to land the contract for rehabilitation and renovation of two of the original Big Spring State Hospital buildings. His bid of \$236,630 was about \$7,000 under the second lowest of four bids submitted. Work could be started soon. Plans are in the making for another renovation job and a new rehabilitation building.

As for construction, the \$2,796,000 program at Webb AFB moved up another step when the Senate gave approval to a military construction bill without changing its amount. This is the same figure that the House passed so it is due to be in the final authorization. Now the proposal for \$2,300,000 for parallel runways, \$147,000 for academic classrooms, and \$349,000 for a flight training building will have to run the same gamut for appropriations.

Trans-Texas Airways is announcing a new eastbound flight which will leave here at 1:22 p.m. with a Dallas arrival at 2:30 p.m. This will enable local people to get in an afternoon contact in the Dallas-Fort Worth area and still catch the evening flight back.

Representatives from several counties gathered here last week to talk about seeking a single state highway designation for existing roads from Borger to Del Rio. This has many obstacles, but then these were much larger three years ago when partisans succeeded in getting the road from Borger to Post put under a single designation.

The sort of thing that can kill a lot of innocent people occurred during the week with no more disastrous results than excitement and anxiety. A 14-year-old boy stole a car in Abilene and led officers on a high-speed chase. Four and a half miles this side of Westbrook he left his westbound lane in IS 20, crossed the median and charged down and over the T&P railroad tracks, and into a pasture where he sheared a telephone pole before he was caught.

Jack Powell, new manager of the Veterans Administration

Hospital, is due to arrive here today and will be at his desk Monday morning. He comes here from the VA Hospital in Bonham where community leaders hated to see him leave.

The Chamber of Commerce SOS Alert Service is functioning unobtrusively but well. During the past year there have been 127 times when this telephone "chain call" system has spread the word about hot checkers or other suspicious characters operating in the city.

It's professor now for the Rev. Max Maguire, former chaplain at the Big Spring State Hospital. He was installed Thursday in Dubuque, Iowa, as associate professor for pastoral clinical education for Dubuque University. He was here from 1960-63.

Weapons Carry Gun Law Plea

Awesome Hill Corps Picked By National

CINCINNATI (AP) — An eight-man pitching staff that boasts a combined record of 76 victories and only 29 defeats was named Saturday to represent the National League in the 1968 major league All-Star Game.

Manager Red Schoendienst of the world champion St. Louis Cardinals, who will direct the Nationals, picked five right-handers and three left-handers to oppose the American Leaguers in the game at Houston the night of July 9.

The pitchers are right-handers Don Drysdale (10-4) of the Los Angeles Dodgers, Juan Marichal (14-3) of the San Francisco Giants, Bob Gibson (9-5) of St. Louis, Tom Seaver (6-5) of the New York Mets and Ron Reed (8-3) of the Atlanta Braves and southpaws Steve Carlton (8-3) of St. Louis, Woodie Fryman (10-7) of the Philadelphia Phillies and Jerry Koosman (11-2) of the Mets.

Four of them—Gibson, Drysdale, Koosman and Fryman—have earned run averages of less than two runs per game. Reed's 2.85 earned run average is the highest.

Marichal, Gibson, Drysdale and Seaver have been named to All-Star teams previously. This is the seventh time for Drysdale and the sixth for Marichal. Gibson has been named four times and Seaver twice.

Marichal has pitched 14 innings of All-Star competition and was the winning pitcher in one of the 1962 games and the 1964 contest.

Drysdale has a 1-1 record in 16 1/3 innings of All-Star competition. He was the losing hurler in 1959 and the winner last year. Gibson and Seaver have no won-lost records for the All-Star games. Gibson has worked six innings and Seaver one.

Backing up that pitching staff will be the eight other starters already selected by a vote of the players and the remainder of the 25-man squad to be selected later by Schoendienst.

The eight starters will be Willie McCovey, San Francisco, first base; Tommy Helms, Cincinnati, second base; Ron Santo, Chicago, third base; Don Kessinger, Chicago, shortstop; outfielders Pete Rose, Cincinnati, Curt Flood, St. Louis, and...

Mound Stars In Collision

LOS ANGELES (AP) — Bob Gibson aims at one of Don Drysdale's pitching records Monday night. Don Drysdale will be aiming right back.

It was June 4 when the 6-foot 6-inch Drysdale stopped Pittsburgh 5-0 for his sixth straight shutout. The three-hit feat broke the major league record which had stood since 1904 when Doc White pitched five in a row for the Chicago White Sox.

Then on June 26, Gibson of the Cardinals spun his fifth shutout in a row with a 3-0 triumph over the same Pittsburgh club. Gibson owns 48 consecutive scoreless innings, which puts him within shooting distance of the record 58 2/3 notched by Drysdale before the Dodger right-hander finally was scored upon June 8 by Philadelphia.

Drysdale takes a 10-4 record into Monday night's game with Gibson, who is 9-5.

Ribero Wins Irish Event

DUBLIN, Ireland (AP) — Ribero, owned by Charles Engelhard of Newark, N.J., won the Irish Sweepstakes Derby today with Sir Ivor, owned by Raymond Guest of Old Westbury, N.Y., second.

The French horse Val d'Aoste was third in the race over a turf course of 1 1/2 miles that carried the hopes of millions of persons who had bought Irish Sweepstakes tickets.

Lester Jiggott, Britain's champion jockey who boosted Sir Ivor to a dramatic victory in the English Derby, was aboard Ribero this time.

In the last furlong Ribero pulled away from Sir Ivor for another of the big upsets in racing this year.

Sir Ivor started a 1-3 favorite. That meant you had to bet \$3 to get \$4 back.

The second favorite was 10-1—and that was a measure of how the bookies rated the race in favor of Sir Ivor.

Patients May See All-Stars

HOUSTON (AP) — Two heart transplant patients may attend the Houston Astros-New York Mets baseball game Sunday at 2 p.m. in the Astrodome.

A spokesman for St. Luke's Episcopal Hospital where the men are patients said Saturday the two are expected to attend as special guests of Roy Hofheinz, president of the Astros.

If they go, they will sit in Hofheinz' private box. Wheel chairs will be available, the hospital spokesman said, in the event they are needed to take the men up the ramps.

The patients are Everett C. Thomas, 47, Phoenix, Ariz., and Louis J. Fierro, 54, Elmont, N.Y. Fierro is a Mets fan.

Thomas and Fierro have been for walks in the hospital vicinity but the baseball game would be their first time to go any distance.

Fierro received his transplant May 21 and Thomas underwent the operation May 3.

Indian Uprising Routs Bengals

The Indians exploded for nine runs in the ceiling of the ninth inning and bombed the Tigers, 14-6, in a Texas Little League baseball game here Friday.

Home runs by Rudy Rubio and Larry Torres helped winning hurler, Clarence Franks, sew up the victory.

Each team scored three runs in the opening frame, and the game was all tied up, 5-5, at the end of six. The Bengals went out front in the last of the eighth inning by a run, but the big Red Skin rally in the final frame turned the nip and tuck contest into a rout.

The win moved the Indians into a tie for third place with the Giants who will meet the Red Skins tomorrow in a rubber match.

Lowry's Smash Nips Song Birds

Cal Lowry's run-scoring smash in the fourth inning enabled the Angels to nip the Orioles, 4-3, in Sophomore League baseball action here Friday.

Lowry managed another safety earlier — going two-for-three in the game.

Winning hurler, Mike (Sugar Bear) Gamba, allowed only four hits on his road to victory. G. Jones and M. Adams shared pitching duties for the losers, with Jones being credited with the mound defeat.

Ron Carter's fifth frame double was the game's only extra-base hit.

Champions In Pee Wee League

Pictured here are members of the Cubs, who Saturday morning clinched the National Pee Wee league championship by defeating their closest rivals, the Chippers, 13-4. The Cubs, sponsored by the State National Bank, finished with a 7-3-4 record. Back row, from the left, they are manager Bill Guina, Ricky Cluck, David Thompson, Tommy Worsham,

Henry Currie, Bob Currie and coach John Currie. Middle row, David Guina, Jimmy McAdoo, Steve Tipton, Howard Shivers, Mark Garrett and Robbie Winkle. Front row, Walter Burns, Joe Fowell, Oren Craig, Jay Hanna, Kenny Fowler and Tom Currie. Not shown are Steven Hedges and Jerry Clayton.

Last American Is Sidelined

WALTON HEATH, England will be played Sunday, a day later than planned because of two postponements caused by torrential rains. Warm sun appeared for the first time in a week today and dried the course out rapidly.

Miss Conley conceded she deserved to lose because she was hooking her irons.

Miss Hamlin blistered the 6,242-yard par-75 layout. She went out in 37, with birdies at the second and ninth, where she chipped in from 35 yards.

It took the Big Spring Tigers 14 innings to edge the Snyder Red Legs, 1-0, here a week ago. The win boosted the locals' longest mark to 8-2 for the year.

Today the Tigers return the Snyder nine's visit — taking to the field there at 2:30 p.m.

Manager Tom Arista Sr. will send hard-throwing Gary Mearns to the mound for Big Spring with Jim (Fiery) Fierro handling things behind the plate. Mearns is 3-0 for the year.

Others starting for the Felines include Billy Weatherall at first, Pogue Rodriguez at second, Boo Pineda at third base, and Rod Roberts at shortstop.

Plugging up the outfield will be Tom Arista Jr. in left, Al Mendoza in center and Joe Flores in right field.

Yelling encouragement and awaiting relief duty will be hurlers Hank Pope, Tony Fierro and Ron Steen; along with infielder Charlie Fierro and outfielder Johnny Renteria.

Piper Cage Team To Minneapolis

MINNEAPOLIS (AP) — Lured by the success of pro teams in three other sports and undaunted by failure of two previous professional basketball teams, the American Basketball Association is moving its championship team to Minnesota.

Gabe Rubin, owner of the Pittsburgh Pipers, told a news conference Friday that the Piper franchise would move to Minneapolis-St. Paul this fall. The shift had been rumored for several days.

Rubin disclosed that he had sold 50 per cent interest in the Pipers to William J. Erickson, a Minneapolis businessman and attorney.

IN LEADING WEST

Beban Silences His Dissenters

ATLANTA, Ga. (AP) — Gary Beban, king of last fall's college football heroes but snubbed in the first round of the pro draft, has quieted some of the critics who questioned his passing arm.

The Heisman Trophy winner from UCLA displayed a deadly passing touch Friday night and led the West to a 34-20 victory over the East in the eighth annual Coaches All-America football game.

Beban was only the 30th player picked in the draft by pro teams despite his impressive college credentials, with some pro coaches critical of his passing.

"I wasn't bothered about what people had said about my passing," Beban said, "but I wanted to do something about it."

"I'm satisfied now," added the dark-haired youngster who will play in the College All-Star game in Chicago later this summer before joining the Washington Redskins of the National Football League.

Beban hit on 15 of 20 passes for 222 yards and two touchdowns, and his second scoring strike cracked a 20-20 tie in the game watched by a crowd of 21,120 in 80-degree weather.

The go-ahead touchdown was a 44-yard toss to Arizona State's Ken Dyer.

Beban had thrown a 29-yard touchdown pass to Tulsa's Rick Eber earlier in the explosive game which started with a 77-yard punt return by Jimmy Smith of Oregon which gave the West a 7-0 lead.

Cubs Wrap Up Pee Wee Title

The Cubs, thanks to a fine relief job on the mound by Tom Currie, subdued the Morton Chippers, 13-4, and thereby clinched first place in National Pee Wee league standings with a 7-2-0 record. The Chippers wound up at 6-2-1.

In the second game Saturday morning, the Giants captured their first decision of the year, turning back the Plowboys, 8-2. Young Currie paraded to the hill for the first time this year after starting hurler Kennie Fowler had to leave the mound after three innings because of a league rule. Currie was almost flawless in his three-inning stint on the hill.

His mates got behind him with a seven-hit attack that broke the game wide open. Even in defeat, the Chippers were outstanding.

Final standings:

| TEAM | W | L | T |
|-----------------------|---|---|---|
| National Cubs | 7 | 2 | 0 |
| Morton Chippers | 6 | 2 | 1 |
| Taylor Plowboys | 6 | 2 | 1 |
| First National Giants | 1 | 7 | 1 |

Racing Cancelled

WESTBURY, N.Y. (AP) — Racing was canceled for the second straight day Saturday at Roosevelt Raceway when the members of the Standardbred Owners Association refused to enter their horses.

Frank Howard Clouts 25th

WASHINGTON (AP) — Frank Howard hit his 25th home run of the season and Mike Epstein hit his second in the last three games as the Washington Senators coasted to an 8-2 victory over the California Angels Saturday.

Jim Hanman pitched seven innings for the victory with three double plays helping him out of tight spots. Dennis Higgins finished up.

The Senators jumped on Sammy Ellis, who gave up three runs in his four innings. Howard scored Ed Stroud in the first with a sacrifice fly, Bernie Allen drove in a run with an infield hit in the second and Del

Unser a run with a single in the third.

Epstein hit a towering fly over the fence in right in the fifth inning following a single by Howard. The homer was off Jim Weaver, as was Howard's solo clout in the sixth.

BEHAN RECOVERS IN SHORT ORDER

ATLANTA, Ga. (AP) — Gary Beban's wife says there was a reason why the Heisman Trophy winner's passing seemed erratic in practice before the Coaches All-America football game Friday night.

"You know why he didn't look better here all this time, don't you?" Beban's bride of two weeks asked a reporter after the West defeated the East 34-20. "Well," she said, "he didn't want to talk about it, but his arm has been sore. Maybe I shouldn't have mentioned it, but I think it'll be all right now. At least, I hope so."

The game's statistics seem to indicate a full recovery. Beban also batted near the 400 mark hit on 15 of 20 passes for 22 in the district race, with two yards and two touchdowns—one home run and three doubles, a 44-yard toss.

Maikell May Go To Levelland

KERMIT — Joe Ben Maikell, Yellow Jacket pitcher during the past two years, has been offered a baseball scholarship at South Plains College at Levelland. The two-year overture was made by Robert Pearce, coach of the Levelland school.

Maikell, who was named to the 2-AAA All-District team in 1968, had a 6-2 season record and was 3-0 in district play. He also batted near the 400 mark hit on 15 of 20 passes for 22 in the district race, with two yards and two touchdowns—one home run and three doubles, a 44-yard toss.

LOOKING 'EM OVER Coaches Busy This Summer

By TOMMY HART

Local football coaches are scattered over a far-flung front this summer. Head mentor and athletic director Spike Dykes is fairly well anchored to his desk here but Gerald Loyd is driving busses in and out of Big Spring for a transcontinental company.

Kirby Pugh is attending summer school at West Texas State in Canyon, working toward his master's degree. Doyle Parker has been busy preparing the District 3-AAAA football magazine, which calls for a tremendous amount of work. Charley Bright is teaching Driver's Education and working with the YMCA.

Oakey Hagood and Dan Bustamante are both in Driver's Ed while Clovis Hale is employed by the YMCA.

Garland Braun and Bobby Zellars are two who are in roofing work here while Braun also runs the summer track program. Frank Pulatich is busy teaching tennis here. Bill Richie is on vacation.

R. S. Higgins is attending summer school at Texas A&M. Ben Neel is in college on a Fellowship Award.

John Dormier is staying in his home town where he is employed. Bob Pressley is in summer school at North Texas.

Incidentally, junior high mentor Bob Slade resigned here recently to become head basketball coach at Dayton High School, which is north of Baytown.

Melton McMorries, the Martin County boxing entrepreneur, is hopeful Lou Erskine, editor of Boxing Magazine, will referee the title fight between Rogelio Rojas and Richard Mendrona, which will be held in Beaumont July 16.

The North American Junior Welterweight championship will be at stake. Walter Sanders is a Louisiana tennis player who has been playing for the Big Spring entry in the US Highway 80 tournaments this summer.

He could put in his senior year in high school here starting in September, in which case he'd be eligible for the spring sport.

TRUMAN NIX

The voice team for the broadcast-telecast of the major league all-star game at Houston July 9 will include Gene Elston, Curt Gowdy, Sandy Koufax, Pee Wee Reese, Jim Simpson and Tony Kubek.

Elston, voice of the Houston Astros, will appear both on NBC TV and radio.

Tim Lane, the Plainview product who will play basketball for Dubby Malaise at South Plains College next season, was recruited by Texas Tech and 'farmed out' by Coach Gene Gibson—an accepted practice.

So was a 6-4 Dallas Hillcrest product named Scott Massie.

Gypsy Joe Harris, the pro boxer with the ball-bearing head, says he went steady with a girl for a year before he married her and "never hit her once."

The Minnesota Vikings apparently reasoned they were going to lose ex-Big Springer Charley West, so rushed to sign him after he had inked a baseball pact with the Cincinnati Reds.

In football, West can start in the big leagues right away. In baseball, he'd probably have to wait at least two years.

Mavis Nix, the charming wife of Truman Nix, the Colorado City football coach, has a floral shop in that city.

Her husband also farms a sizable cotton patch around Loraine.

Arthur Stallings of Lomax says it is possible for a baseball team to get 54 hits in a game and never cross the plate.

He comes to his conclusion this way: The first two runners in each inning single and are caught stealing. The next three single to load the bases after which the sixth batter of the inning hits a runner with a batted ball, thereby getting credit for a hit but retiring the side on the automatic out.

That's six hits an inning and there are nine innings in a game.

Chuck Harkins, the one-time Ballinger-Midland catcher in the old Longhorn League, is now sports editor of the newspaper in Casper, Wyo.

He played with Roy McMillin and Steve Kolasar and under manager Buddy Hankins (now with the Houston Astros) at Ballinger.

Vet Fritz Crisler Retiring

ANN ARBOR, Mich. (AP) — Herbert O. "Fritz" Crisler, who helped lift college football from a "rah, rah" campus pastime in the 1930s into the modern multimillion dollar enterprise of today, retires Sunday as athletic director of the University of Michigan.

The 69-year-old Crisler, who coached on the gridirons of Chicago by Amos Alonzo Stagg and successor at Michigan to the legendary Fielding H. Yost, will be succeeded by Don Canham, long-time Michigan track coach.

Crisler, twice chairman of the NCAA Football Rules Committee and one of the few men ever named a permanent member of that body, spent 17 years as head football coach and athletic director at Michigan. He was a leader in formulating the NCAA

television policy for college football.

After coaching at Minnesota and Princeton, Crisler was named head football coach at Michigan in 1938. He became athletic director three years later, succeeding Yost, and continued the dual roles until 1948 when he retired from coaching to devote his energies to rebuilding Michigan's aging athletic facilities.

GRID POWERHOUSE

As a coach, Crisler turned the Wolverines into a football juggernaut, winning two Big Ten titles and finishing second six times in 10 years while winning 71 games, losing 16 with three ties.

Heisman Trophy winner Tom Harmon in 1940, Forest Evashevski, now athletic director at Iowa, the Elliott brothers, Bump and Pete, Albert Wistert and Julius Franks were some of Crisler's better known players.

His unbeaten 1947 Big Ten champions are still considered one of the greatest college teams ever put together.

Using the single wing formation, Crisler conceived the buck lateral series and the spinning fullback. His fertile imagination also conceived the two platoon system, with specialized offensive and defensive teams.

At Minnesota, where Crisler also served as athletic director, the Gophers posted a 10-7-1 football record in the early 1930s. One of Crisler's Gopher linemen was Biggie Munn, now athletic director at arch-rival Michigan State.

At Princeton, Crisler developed a faster starting stance for offensive linemen and had his quarterback stand apart from the huddle until ready to call a play. Both innovations now in general use. In six years, the Tigers posted a 35-9-5 record against tough Ivy League competition.

where Stagg was conducting practice. Trying to get out of the way of an end sweep, Stagg bumped into Crisler and both fell to the ground.

"If you're going to play football," snapped Stagg, "why don't you put on a suit?"

The 98-pound Crisler drew a suit but after a few days, decided to give up and return to his studies.

A week later, Stagg again encountered Crisler.

"I would never have picked you for a quitter," the coach said.

Angered, Crisler drew another suit and returned to the practice field.

"I've been in athletics ever since," he recalled recently. "Stagg also was responsible for Crisler's nickname."

During one Chicago practice, Crisler managed to foul up four consecutive plays.

Stagg called him aside and said: "Crisler, from now on you are 'Fritz' after the master violinist, but because you are so different."

Crisler, who went on to win nine letters at Chicago in football, basketball and baseball, and was named to Walter Camp's All-American football team, has been "Fritz" ever since.

GAUDY RECORD

Crisler's over-all coaching record at all three schools was an outstanding 116 victories, 32 defeats and nine ties.

Crisler's first act as athletic director at Michigan was to enlarge Michigan Stadium into the largest college-owned stadium in the country. It holds 101,101 persons, with the extra seat said to be installed for Crisler's use.

With football receipts, Crisler built a \$1 million women's swimming pool, a men's varsity competition pool, an athletic office building, a supplementary nine-hole golf course and service building, a modern baseball grandstand and a mammoth press box in the football stadium.

With the resurgence of Michigan basketball under All-American Cazzie Russell, Crisler undertook his final project three years ago, a new basketball stadium to replace ancient Yost Fieldhouse.

The \$7.2 million domed University Events Building, seating 15,000, was opened in December.

Born Jan. 12, 1899, in Earlville, Ill., Crisler did not participate in sports in high school. But his 94 over-all scholastic average earned him a scholarship to the University of Chicago where he planned a career in medicine.

Hawks Score In Fourth To Defeat Stars, 2-1

The Hawks scored a run in the fourth and held on to defeat the Stars, 2-1, in American Little League competition here Friday night.

The win was the fourth of the season for the Hawks, compared to 15 defeats. The Stars are 7-11.

The Stars outlast the Hawks, 7-2, but a home run by Rick Huckabee helped swing the issue for the Hawks. Pat Carroll had the only other safety for

the Hawks.

Pat Carroll and Dennis Churchwell divided time on the mound for the Hawks, with the former getting credit for the win.

Kit Grice, Glen Carlton and Mitt Rogers each had two blows for the Stars.

The new Riverside® GLASBELT TIRE

2 fiber glass belts stabilize the tread with a tensile strength greater than steel. So stable, the tread won't squirm like it does on ordinary tires. So it wears longer. Up to 40% longer than the same tire without these belts. All that strength holds the tread open. Lays it down flatter. Socks it to the road.

2 plies of nylon cord for high speed dependability. Cross plies, not radial, for more stability. Nothing resists impact or heat build-up like nylon.

SOMETHING FISHY — It's a fearsome sight but perfectly safe as taxidermist L. M. Weise goes deep into the head of a jewfish to check colors in his Orlando, Fla. shop.

COME FLY WITH ME — Stewardess Helaine Michaels waves to her co-workers as she rides the wing of a Tiger Moth biplane at Booker, England. She and six other girls volunteered for the hazardous feat as part of a flying display to be held later.

CAT'S EYE — New American military aid in Vietnam is this image-intensifier tube for nighttime surveillance. It amplifies the light reflected from objects.

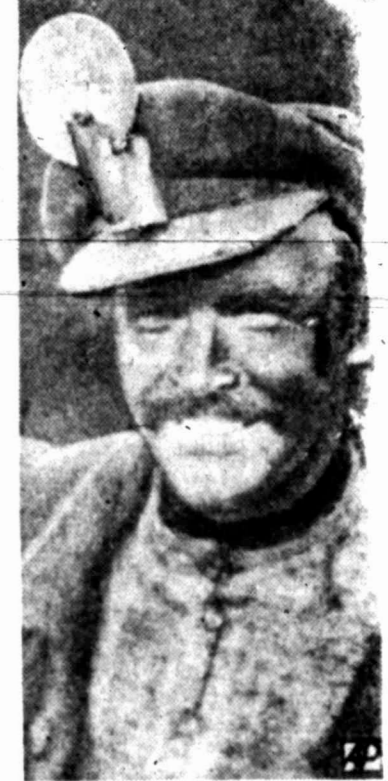

QUIET SABBATH — Unconcerned with activities of the giant city behind them, two men pass a Sunday playing chess on the edge of Lake Michigan in Chicago.

PATTERN IN STONE — Workman studies placement of granite blocks being laid by hand in intricate patterns for an unusual plaza at the State University of New York in Albany. The granite from South Carolina is cut and shaped by the hammer and chisel.

FANCY FELT — Oversize puff shaped beret of grey stitched felt with matching feminine chin tie is a creation by Yves Saint Laurent of Paris for summer wear.

UNDERGROUND — Beneath the grime is Sean Connery in the role of a coal miner for "The Molly Maguires" near Hazleton, Pa. It's a change from the James Bond series.

SLINKY STYLE — Italian house of Emilio Schuberth created this afternoon mantle of black chenille with fringed borders of same material for autumn-winter wear.

MODERN IDIOM — A young visitor appears puzzled by the wooden cutout figures titled "Chinese 1966" at Bochum, Germany, exhibit. Work is by Mario Geroll.

NEW GAL IN TOWN — Pop singer Bobbie Gentry, attired in a vivid red trouser suit, meets press in Manchester Square after arrival for six-week TV series in London.

VERSATILE — Peter Ustinov is acting in and directing "The Unknown Soldier and His Wife" at the Chichester Festival in England. Ustinov also wrote the play.

UNLEASHING POWER — Jay Silvester of Smithfield, Utah, prepares to whirl and hurl the discus in a world record effort at the California Relays in Modesto. He sent the platter spinning a distance of 218 feet, 4 inches, during test for the Olympic games.

NAMESAKE — Princess Margaret sniffs the scent of a French rose named in her honor as she visits the famed annual Chelsea Flower Show in the British capital.

AN ELECTRONIC SPY — American soldier mans a radar-type device set up on Saigon rooftop to detect night-time activity by infiltrators. Visible in background are the many homes damaged in the fighting in the southern sector of the capital city.

'Fun In The Sun'

After a cool and damp spring, Big Springers began to wonder if the sun would ever come out to stay. Well, it has, and it looks like it is here to stay. Naturally, the young folk have busied themselves with the business of having

fun in the sun. This takes almost any form you can imagine, from horseback riding to picnicking; from splashing to golfing. Here are some of the ways to make summertime a fun time.

MR. AND MRS. HENRY BREWER, foreground, are ready to take their boat to the lake for skiing and fishing. Left, Bobby Brewer, Judy Key, Linda Key and Patty Brewer are ready for the trip.

GOLFING ENTHUSIASTS always ready for a game are Mike Hall, left, Teddy Griffin, Pat Weaver and Mark Slate, who is practicing his putting.

THE BACKYARD POOL of Mr. and Mrs. Bob Fuller, 612 Colgate, is just the right size for 'miniature' playing in the water. Left, Melissa Fuller is adjusting to the temperature while Carl Caton, Mishell Fuller and Phil Condra are deciding what to do with the spray can.

A SPORT FOR the active young is horseback riding in the Texas sun. Here, Jill Forrest, left, and Jann Forrest, are ready for a canter at their ranch.

SUMMER IS THE RIGHT TIME for catching up on their reading or for learning new skills. Here, Diana Currie, left, Carol Currie and Barbara Henderson take a moment to select their books at the Howard County Library.

MRS. BILLY WAYNE LASTER

Vows Are Exchanged In Methodist Church

Miss Donna Cobb and Billy Wayne Laster exchanged wedding vows Saturday evening at 8 o'clock at the First Methodist Church.

The double ring ceremony was conducted by Rev. Leo K. Geer, pastor, and the couple stood before an altar graced with baskets of white gladioli and chrysanthemums and candelabra held cathedral tapers. White bridal bows and white rose buds marked the bridal aisle, and the couple knelt on a white prie-dieu.

Parents of the couple are Mr. and Mrs. W. A. Cobb, 1710 Purdue, and Mr. and Mrs. C. E. Laster of San Angelo.

Miss Merry Lee Dibrell, organist accompanied Jim Laster, brother of the bridegroom, as he sang "Because," and "The Lord's Prayer."

BRIDAL GOWN

Given in marriage by her father, the bride chose a formal gown of bridal satin, fashioned with an inverted pleat from the bodice. A lace jacket edged with tapering sleeves that formed petal points over the hands. The chapel train was accented in lace rose appliques edged in seed pearls. The veil of illusion fell in four layers from a headpiece of three roses, and she carried a colonial bouquet of white gladioli and daisies.

The maid of honor was Miss Linda Cochran, and Miss Beverly Peters was bridesmaid. They wore identically designed formal gowns of mint green crepe and carried baskets of daisies and satin streamers.

Jim Ray of San Angelo was best man. Groomsman was Charlie Bell of Snyder.

Ushers were Dennis Laster of San Angelo, brother of the bridegroom, Alf Cobb Jr. of Tulsa Okla., brother of the bride, and Steve Gutery of San Angelo.

Altar taper lighters were Mr. and Mrs. Alf Cobb Jr. and Mrs. Alf Cobb Jr.

For a wedding trip to an undisclosed destination, the bride wore a light blue ensemble with white accessories. The couple will reside at 723 Ave. H, San Angelo.

The bride is a graduate of Big Spring High School and attended Howard County Junior College. She will attend Angelo State College this fall.

The bridegroom graduated from Snyder High School and is an agriculture major at San Angelo State College.

Dr. J. Spano Talks On Cardiology Friday

Dr. Joseph Spano of Webb Air Force Base spoke on "Cardiology" at the Friday luncheon meeting of the Health and Welfare Agencies of Howard County. The group met in the Dora Roberts Rehabilitation Center.

Dr. Spano took his training in Louisiana and his internship in New York City. He did his residency in internal medicine at Tulane University and had a year of extensive schooling in cardiology, also at Tulane.

He showed slides and cited examples that contribute to heart disease including obesity, smoking, hypertension, diabetes and limited exercise. He discussed methods of preventing heart attacks and announced that the heart transplants have not been successful due to the rejection of the new heart by the patient's body.

Organizations associated with the group are the American Red Cross, Air Force Aid, Webb Family Affairs, Salvation Army, YMCA, Department of Public Safety, Howard County Health Unit, Public School Nurses and visiting nurses, Social Security, juvenile officers, Big Spring State Hospital, Texas Employment Commission, Dora Roberts Rehabilitation Center, Veterans Administration Hospital, Bennett House, Heart Association, TB Association, Aid to Disabled Children, County Welfare Officer and the Old Age Assistance officer.

New officers were elected. The slate includes Curt Mullins, president; Jim Thompson, first vice president; Mrs. (Capt.) Bart Beggs, secretary; and Miss Bo Bowen, program chairman and publicity chairman.

Meetings are held the last Friday of each month at noon.

Duplicate Bridge Winners Revealed

Duplicate bridge winners are announced for the six-week series ending Friday at the Big Spring Country Club. They are Mrs. E. L. Powell, first; Mrs. Hudson Landers, second; Mrs. E. O. Ellington, third; Mrs. J. H. Fish, fourth; Mrs. E. I. M. Wasson, fifth; Mrs. Ward Hall, sixth; Mrs. Hayes Stripling, seventh; Mrs. J. Gordon Bristow, eighth; Mrs. Joe Herbert, ninth; and Mrs. Jack Irons, 10th.

In Friday's play, winners in north-south position were Mrs. Powell and Riley Foster, first; Mrs. Rogers Hefley, Mrs. Ayra McGann, second; George Pike and Mrs. John Stone, third. In east-west position, winners were Mrs. Hall, Mrs. Elvis McCrary, first; Mrs. Ellington and Mrs. Stripling, second; and Mrs. Tom South and Mrs. R. H. Weaver, third.

Hi And Bye Coffee Held At Webb

A Mexican theme highlighted the decorations Thursday at the Hi and Bye Coffee honoring Class 69-G in the Officer's Open Mess at Webb Air Force Base.

Bright paper flowers highlighted the colored cloths on the tables, which were accented with streamers, sombreros, travel posters and pinatas.

Gary Don Carey of the Hair-Style Clinic demonstrated wigs and wiglets, assisted by Mary Ann Carey.

Newcomers to class 69-H were welcomed. Farewells were said to Mrs. Robert Winder and Mrs. Lowell Suckow. Guests attending were Mrs. E. C. Parker Sr., Missy Parker, Mrs. John Corba, Mrs. Ronald Allen and Miss Gail Garnett.

Permanent party members introduced were Mrs. Emmet Lung, Mrs. Robert Wall, Mrs. R. Felker and Mrs. Philip Brumfield.

Plans were announced for a brunch-luncheon July 18 at 10 a.m. at the Officer's Open Mess. A furniture refinishing course will be offered in July, and for further information call Mrs. H. G. Bell, 263-1654.

Date Set

The engagement of Miss Ann Dunagan to Marvin Hall is being announced by her parents, Mr. and Mrs. T. M. Dunagan, Garden City Route. The prospective bridegroom is the son of Mr. and Mrs. Ulysses Hall, 802 Settles. The couple will be married Sept. 7 in the First Christian Church.

MRS. WILFRED CHARLES DORN JR.

Wedding Solemnized In Church Sanctuary

Miss Paula Sue Leonard became the bride of Lt. Wilfred Charles Dorn Jr. in a candle-light ceremony Saturday evening in the sanctuary of the College Baptist Church.

Parents of the couple are Mr. and Mrs. Dwain Erwin Leonard, 1517 Eleventh Place, and Col. and Mrs. Wilfred Charles Dorn Sr., Maxwell Air Force Base, Montgomery, Ala.

The Rev. Byron Orand read the double ring ceremony as the couple exchanged vows before an altar adorned with a sunburst arrangement of white gladioli, stock and chrysanthemums backed in palm foliage. Graduated candelabra holding cathedral tapers and graced with palm foliage flanked the altar, and pews were marked with tall candelabra holding votive candles entwined with smilax.

Mrs. Don Richardson, organist, accompanied Mrs. Gorman Rainey as she sang "Because," "More," and "The Wedding Prayer," as the couple knelt on a white satin prie-dieu.

The bride was escorted to the altar and given in marriage by her father. She was attired in a white bridal gown of pure silk organza over de-lustered satin. The Venice medallion lace yoke and petite sleeves complemented the demi-cage A-line silhouette. Her veil, imported from England, was made of tiered silk illusion and fell from a cluster of pearl encrusted lace petals. She carried a cascade bouquet of stephanotis and white orchids accented with satin leaves and showered in picot satin ribbon.

ATTENDANTS

Mrs. Royce Walker, sister of the bride, was matron of honor. Bridesmaids were Mrs. Kinney Coleman of Midland; and Mrs. Tommy Gingerich of Waco. Bridesmaids were Miss Darlene Leifeste of Houston and Miss Jane Womack. The attendants chose lemon crepe ankle-length gowns designed as slender skimmers with white daisy lace and yoked bodice with scooped neckline and short sleeves. The flowing back crepe Watteau panel was accented with lace, and they wore profile bows of lemon crepe and puffs of matching silk illusion. They wore matching wrist-length gloves and carried topiary bouquets of mint green pompons showered in matching velvet.

Altar tapers were lighted by Mrs. Dusty Burnett and Mrs. Eddie Everett, both of Denton. They wore short A-line lemon yellow crepe dresses with lace trimmed back Watteau panels identical to those of the bridesmaids.

Larry Lawrence of Longview was best man. Groomsman were Lt. Gary Rubus, Lt. Gail Tatum and Lt. Mel Moskowitz, all of Webb Air Force Base. Ushers were Lt. Mike McMains, Webb AFB, and Royce Walker.

Doby Dwain Walker served as ring bearer, and Wendy Lynn Walker was flower girl.

WEDDING TRIP

The couple left on a wedding trip to Acapulco, Mexico. For traveling, the bride chose a yellow and white sleeveless silk A-line dress with matching coat and white alligator accessories. The couple will be at home at Coronado Hill Apartments, Big Spring.

The bride is a graduate of Big Spring Senior High School and is presently a senior at Angelo State College. The bridegroom graduated from Wasson High School in Colorado Springs, Colo., and holds an aeronautical engineering degree from Texas A&M University. He is a student pilot at Webb AFB.

A reception was held in the fellowship hall, and Miss Nancy Easley of Lovington, N. M., presided at the guest register. The refreshment table was laid with a white tulle cloth designed with a Chantilly lace border, and flounced lace overlay. The centerpiece was a swirled candelabrum holding votive candles and surrounded by white roses, carnations and pompons. The wedding cake was separat-

Altrusans Install New Officers

Mrs. Milton Knowles served as installing officer at the Thursday evening meeting of the Altrusa Club in the Blue Room of Cosden Country Club.

Mrs. Knowles stood before a table decorated with nine white tapers in crystal holders interspersed with greenery. She presented a lighted candle to each new officer, and the ninth candle was symbolic of the spirit of the organization.

The slate includes Mrs. Willard Hendricks, president; Mrs. C. R. Rhoads, vice president; Mrs. Homer Petty, recording secretary; Miss Eileen Barnett, treasurer; Mrs. Milton Knowles, corresponding secretary and Mrs. Roy Black, trustee.

Mrs. Homer Petty presided and introduced two guests, Mrs. Bert Shive and Mrs. Sol Bledsoe.

Twelve attended.

Mrs. J. L. Lloyd Hosts HD Meeting

Mrs. J. L. Lloyd was hostess to the Thursday meeting of the Luther Home Demonstration Club, Area 4-H members presented the program.

Jamie Billingsley and Jill Hunt told about the growth of REA. Sherry and Tricia Jackson spoke on "How to Care For Your Horse"; Debra and Darla Buchanan talked on "Milk and You"; and Brenda Jackson and Annette Couch discussed "Horseyplay Is For Horses." Martha Couch gave a talk on "I Love America."

Mrs. Frances Zant presided and introduced as guests, Mrs. Robert Hunt of Knott; Mrs. Cromwell Rhoads, Miss Juanita Hamlin and Miss Carletta Pearce, the latter of Big Spring. The next meeting will be Sept. 12 in the home of Mrs. J. M. Wilson.

Spring Fashions Offer Contrasts

Spring fashions offer a study in contrasts. There are the skirt lengths, mini and maxi, the hot colors up against the pastels and all going alongside black which is back, the long hair as well as the boyish chop, and the no-lipstick look as well as the brightly rouged lips of the 1930s.

Parents of the bridegroom hosted the rehearsal dinner Thursday evening at the Brandin' Iron. The table was accented with an arrangement of yellow chrysanthemums and yellow place cards entwined with miniature wedding rings. The honored couple presented gifts to their attendants. Twenty-two attended.

To Marry

Mr. and Mrs. Herbert Love of Llano, formerly of Coahoma, announce the engagement of their daughter, Martha, to James E. Hopper. The prospective bridegroom is the son of Mr. and Mrs. Everett Hopper of Pinellas Park, Fla. The couple plans to marry in the Llano Church of Christ, Aug. 17, and the bride's father will serve as officiant.

HERE'S WHY YOU NEED A SUPER SIZE BEAUTYREST

- You can sleep uncrowded, undisturbed**

It's no wonder you're crowded while trying to sleep on an ordinary double bed. Your share is only 27 inches wide... the width of a crib mattress.

Beautyrest Super sizes give today's taller sleepers the stretch-out room they've wanted for so long... up to 54" more sleeping space for unparalleled comfort.

- Famous Beautyrest construction gives more comfort and better support for every part of your body.**

Look at the hammock type of sleep you get from an ordinary mattress with its tied-together coils. Push down on one and they all go down.

Here's why even the heaviest husband can't disturb his wife's rest on a Beautyrest. Independently acting coils provide separate, non-sag support.

Young Citizen Views States For First Time

By RHODA LEMONS.
 Tamara Pizurki, a 19-year-old American citizen, is viewing America and Americans for the first time, and Texas in particular. She and her father are guests of Mr. and Mrs. Tommy Hart, 1750 Purdue.

Actually, Tamara lived in Washington, D.C. when she was about three years of age, but she remembers nothing about it. She was born in Nuremberg, Germany, and has been reared in a French culture in Geneva, Switzerland.

Her father, Lt. Col. (Ret.) John Pizurki is completely an American and is extremely proud of it. He has told his three children of the Texas heritage and of life in America. However, Tamara said that she really had a "quite different impression of America than is really true." She visualized all Texans as rich with somewhat the movie version of "cowboys and Indians" still fighting it out on the range.

ADMIRE INFORMALITY
 She has found American young people to be more unreserved and less formal than in Europe, and she thinks this is a good thing. She was particularly impressed with the Guy Mabee ranch she recently visited and of how a 15-year-old boy, Don Roper, was in complete charge of an intricate machine which cut, baled and stored the hay. Another thing that fascinated her was the fact that the woman of the ranch kept a gun loaded to kill coyotes raiding her hen house.

Miss Pizurki is an attractive brunette and was dressed in a mini-skirt and dress. She said she would like to meet as many young people as possible on this trip, but she said that in Europe a girl must wait to be asked by the male. She found it interesting that this is also true in emancipated America.

One of the local girls Tamara has met while here is Lynn Puckett, daughter of Mr. and Mrs. Olen Puckett. They have enjoyed horseback riding, sand skiing and swimming, and they plan to participate in other activities.

EARNED WAY
 Tamara earned her passage to come to America by working for four months as secretary at the World Meteorological Organization of the United Nations. "The one thing I learned there is that this is supposed to be the hottest summer in the past three centuries because of the position of the sun to the earth," said Tamara as she told of her job before arriving in America.

According to Tamara's father, Switzerland is almost a "classless" society, with little great wealth and little true poverty. Yet, Switzerland is a country without natural resources and it is most famous for its banks, making it the "flight" capital of the world.

Tamara said that Switzerland is a land of beautiful weather nine months of the year and of miserable weather the remain-

JOHN PIZURKI AND TAMARA

ing three. She is a ski enthusiast and has been able to skillfully manipulate the slopes since she was a small child.

BILINGUAL
 Switzerland is a land of three languages, yet one country united. There are three different cultures including French, German and Italian. Tamara and her father agree that it is one of the "greatest examples of unity and diversity" in the world, and they both speak several languages fluently.

Each man is considered a soldier on furlough, and the Swiss people love their country so much that they spend their weekends in target practice so that if the need should ever arise, the people would be prepared to defend their homeland.

She attended primary school in Geneva and studied at a commercial school. When she returns to Switzerland, she will enroll in the Beaux Arts, and there she can either become a fashion artist or a graphic artist. She has chosen the latter field.

Tamara has two sisters, Berinda, 22, and Lara, nine. Her mother is employed with the United Nations in Geneva.

IN WORLD WAR II
 Pizurki was in South America when the United States entered World War II. He came to Texas and joined the Army Air Corps and trained in San Antonio. It was at basic training that he met Tommy Hart and their friendship began.

"Texas has the tallest people and the most beautiful women in the world," said Pizurki unequivocally. He thinks that the hope of the world lies in America, and that "American know-how, ingenuity and inventiveness will keep America the greatest country in the world." Make no mistake, he is deeply fond of Switzerland and his home and family are there, but in his heart, America looms as the land he loves.

Bride-Elect Honored At Gift Coffee

An informal coffee and kitchen shower honored Miss Sue Knox, bride-elect of Capt. John Stull, Wednesday in the home of Mrs. J. R. Hyman, 1309 Lexington. Mrs. Paul Hathaway was cohostess.

The honoree greeted guests with her mother, Mrs. John B. Knox, and the hostesses. Her fiancé's mother, Mrs. Ralph Stull of Akron, Ohio, was unable to attend. Miss Knox was attired in a white pique dress and was presented a corsage of nylon net in colors of bitter-sweet and green centered with an ornamental pepper.

The refreshment table was laid with green cloth and was centered with a bittersweet coffee pot holding a mixed arrangement of daisies and greenery. Milk glass and silver appointments were used.

The gift table was centered with multi-colored summer flowers surrounded by miniature umbrellas and kitchen gadgets.

The hostess' gift was an electric percolator.

Thirty attended. The wedding will be an event of Aug. 17 in the First Methodist Church.

Plans Told

Mr. and Mrs. Linard D. Simpson, 2611 Lynn, announce the engagement of their daughter, Linda Marie, to Robert K. Sneed, son of Mr. and Mrs. Bill Sneed, 3914 Parkway. The couple will marry Sept. 7 in the Immaculate Heart of Mary Catholic Church and the Rev. Francis Beazley will officiate.

Remove Stains With Bleach

To remove coffee and tea stains from dishes, immerse dishes in one-eighth cup of bleach for each cup of cold water. Be sure to rinse thoroughly. These directions also apply to colored plastic dishes.

MRS. THOMAS ALLEN MAULDIN

Afternoon Vows Unite Couple In Marriage

A late afternoon wedding ceremony Saturday united in marriage Miss Judy Ann Purser and Thomas Allen Mauldin at the 14th and Main Church of Christ.

Officiant for the double-ring rites was Perry Cotham.

Parents of the couple are Mr. and Mrs. Travis Mauldin, 1200 Douglas, and Mr. and Mrs. J. W. Purser, 2307 Allendale.

At the altar, the wedding party stood before an arch of greenery flanked with candelabra holding cathedral tapers. Baskets of gladioli and fern pots completed the decor.

Dan Conley directed the choir as they sang "More" and "Because."

The bride's father escorted her to the altar and gave her in marriage. Her bridal dress was of imported pure silk organza. Re-embroidered alencon lace motifs edged with seed pearls decorated the lower skirt, the neckline and elbow length sleeves of the A-line silhouette. The lace motif was continued at the border of the chapel train. The bouffant shoulder-length English illusion veil fell from a demi-bonnet of re-embroidered Alencon lace.

White carnations surrounding a white orchid formed the bridal bouquet which was held atop a white Bible.

Miss Sharon Purser served as her sister's maid of honor and Miss Patti Spier was the bridesmaid. They wore dresses of blue peau de soie trimmed at the bodice and sleeves with olive green ribbon.

Bob Purser, brother of the bride, was best man and Olan Chapman was the groomsman. Ross Mauldin, the groom's brother, and a brother-in-law, Lee Williford, and Steve Riordan were ushers.

Angela Fields was the flower girl and Mark Purser, cousin of the bride, was the ring bearer.

When the bride dressed for the wedding trip, she chose a suit of gray and white cotton with matching accessories and the orchid from the bridal bouquet.

The bride is a junior in Big Spring High School and her husband is a graduate of BSHS. He is associated in business here with his father.

Bud Purser, Mrs. Lee Williford, Mrs. Russ Mauldin, Mrs. Amabel Lovelace, Mrs. Ida Kelley, Mr. and Mrs. Jim McCrary, Mrs. Bobby Harris, Miss Jill Franklin, Miss Rebecca Blair, Miss Kathy Urban, Miss Deanna Smith, Mr. and Mrs. Dan Conley, Mrs. Sue Conner, Mr. and Mrs. Joe Fields and Mrs. Lucille Merrick.

RECEPTION

A reception was held immediately following the ceremony in the church educational building where the parents and the feminine attendants joined the couple in greeting guests.

The bride's table was covered with white chiffon over satin with lace trim. A silver candelabrum with the bridesmaid's bouquet at the base was the centerpiece.

The three-tiered wedding cake was decorated with pastel blue roses.

Miss Nancy Keene and Miss Carolyn Mauldin registered the guests.

Members of the house party were Mr. and Mrs. Vernon Baird, Mr. and Mrs. Jack Cook, Miss Jacqueline Cook, Mrs. Zarah LeFevre, Mr. and Mrs. Avery Falkner, Mr. and Mrs.

Bill Birrell Tells About Boy's Club

Bill Birrell spoke to the Independent Wives Club, Thursday, concerning the Boy's Club program in Big Spring. The organization is considering the Boy's Club for a welfare project.

Mrs. R. L. Houser was elected secretary - treasurer. The group also welcomed a new member, Mrs. E. R. Fisher.

A bon voyage coffee will be held Wednesday for Mrs. Richard Winegar in the home of Mrs. B. K. Mainord, 1109 Stanford.

The club collected clothes for children in Vietnam for their June welfare project. The next meeting will be July 11.

Mr. and Mrs. T. A. McGuffey, 1513 Vines, announce the engagement of their daughter, Marilyn Ann, to Airman 1. C. Charles F. Clark. The prospective bridegroom is stationed at Webb Air Force Base and is the son of Mr. and Mrs. Charles F. Clark of Clarksburg, West Va. The couple will marry Sept. 14 at the Wesley United Methodist Church.

Gift Party Held For New Bride

Mrs. David H. Grifford, the former Miss Toimette Rains, was complimented with a gift shower Thursday evening in the home of Mrs. L. C. Gibbs, 1907 Runnels.

Cohostesses were Mrs. Mary Riddle, Mrs. Stanley Lewis and Mrs. Charles Porch.

The honoree was attired in a light camel knit dress and presented a kitchen gadget corgage. She greeted guests with her mother, Mrs. John Rains. The bridegroom's mother, Mrs. Hollis Grifford of Lubbock was unable to attend.

The refreshment table was laid with a white lace cloth and centered with an arrangement of yellow roses and greenery. The hostess' gift was an electric mixer.

Mrs. Porch presided at the guest register. Approximately 60 attended.

The bridegroom is serving in the United States Navy at Naha, Okinawa, and the bride will continue her studies at Howard County Junior College.

HD Club Appoints Nominating Group

The Center Point Home Demonstration Club appointed its nominating committee for officers at a meeting Tuesday in the home of Mrs. D. H. Grifford.

The committee members are Mrs. L. J. Davidson, Mrs. Leslie Bryson and Mrs. Nanny Garrett.

Each club member will bake three dozen cookies to be sent to the Big Spring State Hospital, July 24.

The Gayhill 4-H Club members provided the program on "Care and Safety." They were Sherry Couch, Tricia Couch, Annette Couch and Brenda Jackson. Martha Couch spoke to the members on "I Love America."

Gifts were exchanged by the members and Mrs. Davidson won the door prize.

The next meeting will be in the home of Mr. Olean Milton, July 9.

RN's Refresher Sessions Set

Baylor University Medical Center has scheduled a 72-hour refresher course for registered nurses, July 15-26 from 8 a.m. to 3:15 p.m.

All applicants must be registered nurses and between the ages of 25 and 55. Exceptional applicants over the maximum age will be considered on an individual basis.

Good health is also a prerequisite for approval to take the course.

Boone Powell, executive director of the Medical Center, said the course is being offered to assist the inactive nurse who desires to return to active nursing.

Faculty for the course will include members of the medical staff of Baylor and in-service training supervisors for nurses at Baylor. The program is divided into lecture periods and supervised practice sessions.

The course includes lectures as well as learning experiences in the clinical field. There will also be classroom practice sessions with actual experience, under supervision, on nursing units with patients.

Applications may be obtained from Mrs. May G. Wilkinson, RN, nurse consultant, Baylor University Medical Center, 3500 University Avenue.

All applicants are asked to have a personal interview, prior to acceptance for the course. Appointments may be made from 8 a.m. to 4 p.m. Monday through Friday by calling T4-5411, Ext. 604, Houston.

Deadline for receipt of applicants is July 9.

Bath-Time Hint

When bathing small children, drop a handful of different-sized corks into the bathtub. The children will be amused at the way they bob around on the top of the water.

Betrothed

Mr. and Mrs. Ken Palmer, of Sweetwater announce the engagement of their daughter, Sondra Kay, to Martin Tindall Stags Jr. The prospective bridegroom is the son of Mr. and Mrs. Martin Stags, Sterling City Route. The couple will marry Sept. 1 in the First Methodist Church in Sweetwater.

Return Home After Graduation Of Son

Mr. and Mrs. Howard Berry have returned home, 2900 Cherokee, from Fort Rucker, Alabama, where they attended the graduation of their son, David. He was presented his wings as a helicopter pilot, and following a two-week visit in Big Spring, he will leave for Vietnam, July 10. Also visiting in the Berry home is her aunt, Mrs. Lena La Croix of Alexandria, La.

HINTS FROM HELOISE

Freeze Baby Nipple For Teething Relief

Dear Heloise: May I suggest a hint that I've found absolutely terrific for a teething baby? First fill a sterilized nipple with water from the baby's bottle. Then put the nipple down in a small glass and put it in your freezer. You'll find that the nipple, when frozen, makes the greatest teether imaginable! Just put the hard nipple back on his baby bottle and let your youngster chew away. Renee M.

my menfolk prefer them. I save their good linen handkerchiefs for church and other special occasions. Emily L.

Dear Heloise: For those who have bamboo fishing rods with wrappings, try wiping some paste wax along the pole. It is a wonderful preservative for fishing tackle. Sure protects it from salt water attack. Another thing I learned was to use spray wax on all metal joints. Makes the rod easier to assemble and take down and also protects it. Lucile

You are so right, Renee. The nipple is as hard as a rock to begin with and as the bottle itself contains no frozen water, it isn't too cold for the baby's hands. Thanks for your great suggestion. Heloise

Dear Heloise: Before I buy a new appliance or any of the many wonderful conveniences that are on the market today, I give it this test: How often will I use it? Where will I store it? How difficult will it be to keep clean? AND how heavy is it to lift or carry about? I buy all the lightweight items I possibly can. Think of the energy women use lifting, carrying and moving things (furniture excluded) about the house. Mrs. W. B.

Dear Heloise: When we camp, we usually cook over a wood fire. This, of course, makes our pots and pans very black on the outside and can cause a lot of tiresome scrubbing. A simple way to prevent this is to rub a layer of liquid dishwashing detergent over the bottom and sides before placing it on the fire. When you have finished cooking the soot will wipe off with a wet cloth quick as a wink! Linda

HE NEVER SAW HIS DAUGHTER

Angela Dawn's Dad Killed

Editor's Note: The Vietnam War has taken the lives of 1,400 sons of Texas. And fathers. And husbands. This is about a mother and child and a widow who was with her husband only a few months, and a girl who will never know her father.

By CHRISTINE HANSON
CRANE, Tex. (AP) — The tears are gone from the big brown eyes of Patsy Alderson. She cradles her new daughter, Angela Dawn.

Weeks ago, when she had learned her husband was missing in Vietnam, she had convulsed into false labor.

The next day, wracked by the startling, strange pains of coming motherhood, she learned the worst: Her husband of less than a year was dead.

Now Patsy looks down into the deep blue eyes of her sandy-haired baby and thinks of him.

TEARS RETURN
He died, she says, in a war he believed in. "I thank God for that," she says, and the tears return.

She was Patsy Cowden before she became the June bride of Terry H. Alderson, a slim, smiling salesman from Fort Worth.

She had met him the previous fall after he had come to West Texas for a Dallas liquor distributor.

"A friend of my mother had been trying to get me to meet Terry for weeks," Patsy recalls.

They met. It was about then that in far away Vietnam, the 196th Brigade arrived to bring U. S. forces there to 300,000.

Terry and Patsy dated at a pizza parlor in Odessa. There were stories in the newspapers about the election in South Vietnam and the fighting there.

Terry and Patsy went hunting rabbits in the sandy prairie of

the Pecos River watershed. This was the time of Operation Attleboro, Operation Cedar Falls, and Operation Junction City.

Those distant events figured in the marriage plans of the two brown-haired lovers in West Texas.

They hoped a whiplash injury, and a bout with hepatitis, which had disqualified Terry from the draft up to the age of 24 would keep him out of Vietnam.

"He knew the draft was a possibility, but he was hoping for the best," says his older brother Larry, who lives in the Dallas suburb of White Rock.

The war which had haunted their courtship came crashing into their lives on the wedding day of Terry and Patsy.

"He got his draft notice the day he was married, but we kept it from him while they were on their honeymoon," says his mother, Mrs. Ross D. Alderson of Fort Worth.

The Terry Aldersons spent a one-week honeymoon in the sunshine of El Paso.

Alderson took his physical July 19 and took basic training at Ft. Polk, La., where he learned he would become a father.

WROTE
"He's going to weigh eight and a half pounds, have brown eyes, light brown hair, the energy of an Appaloosa pony and probably a voice like a 106-recoilless rifle," Terry wrote to Patsy's parents.

"And if it's a girl, she's going to be as pretty as her mamma and as quiet as a butterfly doing pushups on a chiffon cake. I just can't believe I'm going to be a father."

"It's so strange," he wrote, "when Pat and I are alone together to know that we aren't really alone."

On the first day of 1968, Alderson left for Vietnam.

Terry's mother and his wife passed four months baking goodies and shopping for presents to send him.

"Alderson," one of his superiors said in Vietnam, "I don't even want to look at you at chow time." It was a joke about the edibles from Texas he had stowed in his pack.

Patsy got a letter nearly every day. Many had been written by flashlight. Some were soiled and sweat-stained because he had carried them in his helmet.

Often, Terry's letters were written on the backs of letters Patsy had sent him.

PREFERRED
Patsy says she preferred not to write about the fighting, but she recalled one quote: "Pat, if you knew how terrified these people were, you'd know why we are here."

"In every one of his letters he said not to pray for him, to pray for peace."

"He was real excited about the baby, and he never mentioned death. He was always saying take care of yourself," says Patsy.

The letters toward the end were full of plans for a furlough in Honolulu to celebrate their first anniversary June 17 with his wife and parents.

"He wanted to see the baby so bad he said he was never going to let us out of his sight," recalls Patsy.

One of the last things he sent was a Mother's Day card to his mother. "Don't forget to wish me a happy Father's Day," he

wrote on the card.

Then came the last messages from Vietnam. Spec. 4 Terry H. Alderson, 196th Light Infantry Brigade, had died "while engaged with a hostile force in a firefight" about two and one-half miles south of the Demilitarized Zone near Dong Ha.

She worked one summer at Big Bend National Park.

He was 25 years old. He had survived in Vietnam for four months.

BURIED

"He was buried the day the baby was due," says the mother.

Patsy attended the funeral May 24. Four days later, Angela Dawn was born.

Patsy plans to stay in Crane, where she was born. Her parents, Mr. and Mrs. Jerry E. Cowden, reared her on a small sheep and oil ranch.

As a war widow, she is entitled to dependency and indemnity compensation on a scale starting at \$132 monthly, plus

Social Security benefits starting at \$82.50 for herself and her daughter. The variable amounts would change if she remarries.

Patsy has two years of college credit from Odessa Junior College and Tarleton State College in Stephenville, and has some bookkeeping schooling, Bend National Park.

"When the baby's old enough, I'd like to teach drama," says Patsy. She once played the lead in a play at Odessa Junior College. She plans to return to school.

"I have the utmost confidence that Patsy will take this," says the Rev. Joe Brown of Odessa's First Presbyterian Church where the couple was married.

HAPPIEST

"This was one of the very happiest couples I have joined in marriage. She has an avid hunger for life. He was quieter but obviously as much in love as she."

Angela Dawn

Angela Dawn Alderson is held by her mother, Patsy Alderson, at the family home in Crane, Tex. Angela Dawn was born four days after her dad, Sp 4 Terry H. Alderson, killed by enemy fire in Vietnam, was buried.

BIG SPRING DAILY HERALD

SEC. D BIG SPRING, TEXAS, SUNDAY, JUNE 30, 1968 SEC. D

Chamber Has Almost 50 Years Of Service

By JEAN FANNIN
Fifty years of service to the community will be marked next year by the Big Spring Chamber of Commerce.

Since 1919, when the Chamber had only one secretary who contributed free time to the organization, it has grown to three paid staff members and about 400 local citizens who serve on chamber committees.

Carroll Davidson is manager of the chamber. Edith Gay serves as secretary, and Ann Belew is receptionist.

There are 16 committees sponsored by the chamber for the purpose of promoting commercial, industrial, civic, agricultural, educational, oil and general facilities of interest to Howard County, Big Spring and the surrounding territory.

Each committee has a chairman and a board coordinator and 20-25 members. Committees are advertising and promotion, agriculture, aviation, base-community council, convention and tourist, community planning, cultural affairs, economic development, education, governmental affairs, ambassadors, petroleum, public health and safety, retail, roads and highways, and sports and recreation.

These committees sponsor various events during the year. The agriculture and retail committees sponsor the annual Goodwill Tours each year to other communities to encourage people to shop in Big Spring. The cultural affairs committee is sponsoring the "Starlite Specials" Week in the park, July 7-14.

The chamber is responsible for keeping track of the committees. Some meet regularly and some only meet as needed. The chamber sends out notices of the meetings and keep up with the minutes, maintaining a file on each one.

The staff works at promoting things for the economic good of the community. Many trips and contacts are made in matters of state and federal government, Davidson said.

The chamber is headed by a board of directors, officers and an executive board. Officers are Dr. Milton W. Talbot, president; Don Womack, vice president; Clyde Hollingsworth, treasurer; and Dr. Lee O. Rogers, past president.

The executive committee is made up of the officers and two members, John Currie and Marvin M. Miller.

The 18 directors are Jim Baum, O. T. Brewster, Roger Brown, Jack Cook, Larry Crow, R. E. (Bob) Hickson, Dr. Robert Johnson, Lowell N. Jones, Jack Little, Clyde McMahon Jr., Paul Meek, Joe Price, Harry Sawyer, Dr. Talbot, Jimmy Taylor, John L. Taylor, Womack and Jerry Worthy.

Ex officio directors are Col. McGlothlin, R. W. Whipkey, Lester Morton, Oliver Cofer and Joe Moss.

The chamber is financed by memberships, individual and business. Individuals pay \$36 minimum investment annually and businesses start at \$60 annually, Davidson said.

"We call them investments instead of dues, because we feel that the money is an investment in the betterment of Big Spring," Miss Gay said.

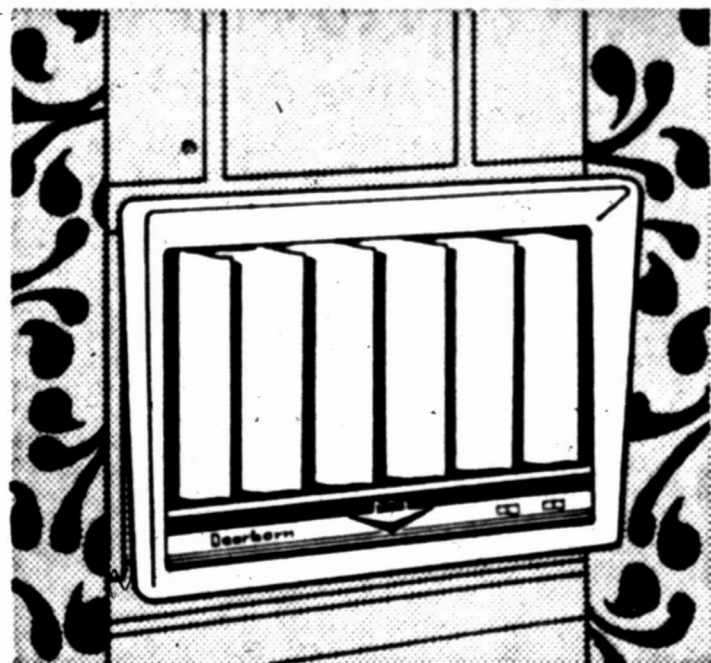

Each year the chamber answers hundreds of requests for

information not only about Big Spring but about other places.

The chamber carries tourist information about every state in the union and has vacation brochures available as well as highway maps.

The chamber has a free rental listing service for residences. The list carries houses and apartments, furnished and unfurnished, and pertinent information about them. People moving into Big Spring are given this list when they inquire at the chamber about a place to live.

BIG SPRING DERBY RACERS AND THEIR CARS
Mark Jones, 15, foreground, and his brother, Jerry, 12, will compete in Soap Box Derby at Midland on July 20

Mark; Jerry Jones Carry Big Spring Colors In Race

By SAM BLACKBURN
When the Jones brothers — Mark and Jerry — compete in the Midland Soap Box Derby on July 20, it will be not only a matter of concern to the young drivers. The occasion will be a family affair for the entire Jones family, and an incident of deep interest to most of the congregation at the Temple Baptist Church.

This is the year, if he is ever to achieve his goal, that Mark must win at Midland. And if he wins at Midland he has high hopes of winning at Akron, Ohio, in August at the National Soap Box Derby. A win there would mean a fat scholarship for him and a better chance to realize his plan of being a doctor later on.

Mark, who is to be the official representative of the Big Spring Daily Herald at the Midland Derby, is 15 and after this year, will no longer be eligible for future competition in the Derby. Last year, the son of Mr. and Mrs. J. F. Jones of 4119 Muir, finished fifth at Midland.

"I didn't place the first year," said Mark. "I made fifth last year. I've learned a lot about building my racing car since then and I think that the one I now have should make a good showing. It's the slickest car I have built."

Young Brother Jerry, 12, who will be riding in the Midland race as the standard bearer for Pollard Chevrolet, also competed in the Midland show last year. He didn't place importantly in the race but he did bring home two big trophies—one for being the best out-of-town racer and another for the car with the best upholstery job. His entry this year is gleaming white

Residents Claim Riots Damages

NEW YORK (AP) — Claims against New York City for damages caused by rioting that followed the slaying of Dr. Martin Luther King Jr. in April now total \$3.3 million, the comptroller's office said.

which contrasts sharply with the fire chief red of Brother Mark's entry.

The boys have spent a thousand hours each building their streamlined racers. The contestants start with two-axes and four wheels which are standard on all cars entered in the Soap Box Derby at all levels. With these parts, the designing of the car, how it is to be rigged for braking and steering and its design in general is up to the boy. It must not exceed a stipulated total weight.

The entrant has to build his own car. His dad may advise, but he is not supposed to lend a hand. The two previous years that Mark has been in the Derby have helped him. His car this year is a sleeper, better looking job than the 1967 entry he used, just as the 1967 car was a far cry ahead of the one he raced first at Midland in 1965.

Young Jerry's car is as trim and neat as that of Mark. He will not be running against his brother — at least unless it turns out that he and Mark happen to be top racers in the two age divisions. Mark is in the senior group and Jerry is riding in the event for the 11 and 12 year old drivers.

In the last year's derby, Mark rode down the ramp eight times before he was eliminated. Jerry stayed for six runs before he dropped out.

Mrs. Jones said that the entire Jones family — the mother, father and sister, Darlene, 13, will be on the sidelines at Midland July 20.

Most of the Temple Baptist church will also be there, she said. The effort of Mark and Jerry to win the Derby is a matter of general concern to the congregation, it seems.

Plaque Dedication Set At Airport

Col. William C. McGlothlin Jr., wing commander, will dedicate a bronze plaque in front of the F-86D Sabre Jet monument at Howard County Airport, Thursday at 9:30 a.m.

The two by three foot plaque, mounted in a concrete pedestal, reads, "In honor of those men of Webb who died serving the cause of free men, the United States Air Force and the United States of America"

Zoning Variances Are Requested

Requests for zoning variances will be discussed at a public hearing Thursday, July 11, in the city commission room of City Hall.

Goliad Assembly of God Church, owner of a tract of land at 2205 Goliad St., wants to build a church building to come within 12 feet of the front property line.

A variance request by G. W. Eason, 1200 E. 15th St., to build a carport between his home and garage with the roof overhanging to come to the property line on the side of his lot, will also be discussed.

Owners of property located within 200 feet of some portion of the property for which variances are being requested will be given an opportunity at this meeting to express approval or disapproval.

The restoration of the F-86 has been a project of the aero club for the past two months. Members first had to remove an eight-year accumulation of aluminum oxide and dirt. The entire surface of the airplane was polished with metal clean

A flight of T-38 Talons will fly over the airport during the dedication ceremonies to which the public has been invited. Coffee and doughnuts will be served after the ceremony in the Webb Aero Club office.

Last Week Has Highest Total

The last week in June has the greatest number of diseases reported to the county health unit of any week in the month. Reported to the health unit by area physicians and hospitals were upper respiratory 71, tonsillitis 55, diarrhea 28, virus 22, gastroenteritis 21, measles 6, strep throat 4, TB 4, scarletina 3, bronchitis 3, mumps 1, pink eye 1.

Dedication Set July 4

This F-86D aircraft will be formally dedicated in memorial ceremonies at Howard County Airport Thursday morning at 9:30.

Dear Abby

Needs A Bit Of Kindness

DEAR ABBY: We are a couple with four school-age children. Our problem is an old retired gentleman who lives next door. He just won't leave us alone.

When the boys want to work out in the yard with their father, this old man comes out and talks to them. If they're planting flowers, he is right there, telling them how to do it. If I happen to be outside sitting with friends, he comes out and joins us.

My daughters cannot even sun themselves without this old man coming out to sit with them.

Abby, I hate to seem mean, but who needs an old man following you around and inviting himself over every time you go outside?

My husband doesn't have the nerve to say anything to him, but if you tell me I should do it, I will.

PESTERED: The poor old gentleman is lonely, and he could also be getting a bit childish in his declining years, so be kind to him. Tell him, gently, that you and your family need a little more privacy. He may forget from time to time, but be patient, and remind him. One day, you, too, may be old and lonely.

DEAR ABBY: My husband is in the army and we are stationed 1,800 miles from home. My mother has offered to send the money for me to fly home several times as she wants to see me and her new grandson.

My husband wouldn't hear of it. He says he does not want me going home unless he can go with me.

Now my mother is going into the hospital for major surgery and she wants me home to be with her for a couple of weeks. My husband is up in arms and won't allow it. (We used our leave last Christmas and he can't go with me, so that's that.)

I think my husband is selfish and unreasonable. I am just about ready to go anyway, but I hate to do it. What is your advice?

UNDECIDED: I think your husband is not only selfish and unreasonable, but he's also immature, tyrannical and a bit short-sighted, and sadly insecure. If you can't make him realize that he is wrong in forbidding you to go to your mother in her hour of need, ask him to talk to an impartial party. The chaplain where he is stationed would be my Number One suggestion.

P.S. Don't go without your husband's blessings, unless you decide you don't want to come back.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Calif. 90069 and enclose a stamped, self-addressed envelope.

Story Hour Proves Popular At Howard County Library

By BRENDA GREENE
 "My, what big eyes you have."
 "The better to see you with, my dear."
 A familiar story? A group of Big Spring children are hearing this tale and others every Tuesday morning at story hour at the Howard County Public Library.

operation by having a refreshment time," Mrs. McDaniel said.
 The Story Hour is conducted in an air-conditioned garage west of the library building where the children have plenty of room to act out stories or march to records, she said. "They can be as boisterous as they want to," she said, "and it doesn't disturb anyone using the library."
 "When the library moves to the Post Office building, I hope to set up a children's room in the basement with better equipment and more room so that we can expand the program we are offering now," she said.
 Approximately 30 children attend the story hour during the school year, she said, but the summer attendance is usually less because of vacations and Bible schools.
 The program is open to all Big Spring pre-school children, ages 3-5, 10-11 a.m. Tuesday.

 At the end of each hour, the children have refreshments provided by their mothers. "We hope to teach the children some type of group etiquette and co-

Mrs. Opal McDaniel, Howard County Public Librarian, tells an adventure story to Bill Pollard, left, Elaine Brown and Kelli Joe Watkins during Story Hour, a weekly program designed to acquaint children with the library.

MEN IN SERVICE

Lt. Col. Ralph L. Brooks has graduated from the Industrial College of the Armed Forces at Ft. Lesley J. McNair in Washington, D.C. He was one of the senior military officers and key government officials completing the 10-month course of intensive education in the management of logistic resources for national security.

March 1966, completed basic training at Ft. Polk, La., and was stationed at Ft. Rucker, Ala. prior to his arrival in Vietnam last June. The warrant officer is a 1963 graduate of Big Spring High School and attended North Texas State University at Denton.

600.00 Free World Forces in Vietnam. It operates 314 retail outlets and 120 food facilities to accomplish its assigned mission of providing health and comfort items to the servicemen.

The colonel is being assigned to Ubon Royal Thai AFB, Thailand, for duty. He was commissioned in 1952 through the aviation cadet program.

Radioman Third Class John S. Kinstley, USN, 20, son of Mr. and Mrs. L. A. Kinstley of Route 1, Big Spring, is serving aboard the destroyer escort USS Claud Jones. His ship was recently awarded the Battle Efficiency "E" for being in top combat readiness at all times.

Peach's wife and three children are living in East Point, Ga., while her husband is overseas. A graduate of Wayne College in Nebraska, Peach taught high school one year and served in the U.S. Navy three years before he joined the world-wide Army & Air Force Exchange Service in 1961.

Col. Brooks, a graduate of Big Spring High School, received a BGE degree in 1962 from the University of Omaha (Neb.), and earned his MSBA degree in 1964 at George Washington University, Washington, D.C. His wife, Lynette, is the daughter of Mr. and Mrs. Joe Blum, 221 Main St., Big Spring.

Airman William R. Perkins, son of Mr. and Mrs. Noah Perkins of 1602 E. 6th, Big Spring, has completed basic training at Lackland AFB, Tex. He is remaining at the Air Force Technical Training Center for specialized schooling as a security policeman. Airman Perkins, a graduate of Big Spring Senior High School, studied at Howard County Junior College and Sam Houston State College, Huntsville, Tex.

Before he came to Vietnam in June he served as a main store manager at Dyess Air Force Base, merchandise manager at Webb Air Force Base, buyer in the European Exchange System, and store executive in Bremerhaven, Germany.

Army Pvt. Bobby D. Grisham, son of Mr. and Mrs. Eldon J. Grisham, 1083 Oak St., Colorado City, completed nine weeks of advanced infantry training June 8 at Ft. Polk, La. His last week of training was spent in guerrilla warfare exercises.

Ronnie C. Peach, Big Spring, has arrived in Saigon for a year's tour of duty with the Vietnam Regional Exchange (VRE). He is a retail operations manager in the Saigon Area Exchange, one of six major area operations of the VRE.

Seaman Apprentice Rex C. Talbott, USN, 20, son of Mr. and Mrs. William S. Talbott, 703 W. 16th, Big Spring, has been graduated from nine weeks of Navy basic training at the Naval Training Center at Great Lakes, Ill.

Army Sgt. Don D. Richter, 26, son of Mr. and Mrs. Daniel Richter, 1412 N. Eighth, Lamesa, was assigned as a tank commander in Company A, 2nd Squadron of the 11th Armored Cavalry Regiment in Vietnam, June 15.

Youngsters Pass Swimming Tests
 Seventeen youngsters have passed "minnow" beginning swimming tests at the YMCA during June, according to Curtis Mullins, general secretary. Ten have passed "fish" low intermediate swimming tests during the month.

Army Private 1 C. Edward W. Thomas, 21, son of Mr. and Mrs. E. J. Thomas, Route 1, Big Spring, was assigned May 27 as a wheeled vehicle mechanic to the Traffic Management Agency near Saigon, Vietnam.

Army Chief Warrant Officer Dal W. Renshaw, 23, whose parents, Mr. and Mrs. E. H. Bob Renshaw, and wife, Sue, live at 607 Colgate, Big Spring, received the Bronze Star Medal June 11 near Long Binh, Vietnam. WO Renshaw earned the award for outstanding meritorious service as an aircraft commander in the 113th Assault Helicopter Company in Vietnam. During the same ceremony he received the Army Commendation Medal for meritorious service.

Minnow awards have been presented to Dena Maxwell, David Crooks, Corby Tatom, David Fannin, Janet Shanks, Mark Smith, Ricky Watkins, Jamie Emerson, Judy Phillips, Jason Marr, Kay Crooks, Mark Deats, Mark Smith, Herbie Jackson, Scott Hughes, Bud Wilburn and Tina Carlton.

Army Specialist Five Gaylon C. Knowlton, 24, son of Mr. and Mrs. Millard L. Knowlton, Knott Route, Big Spring, was assigned May 31 as a wheeled vehicle mechanic to Headquarters Company of the 31st Engineer Battalion in Vietnam. His wife, Christa, lives at 1214 Lloyd Ave., Big Spring.

Those receiving fish awards were Tommy Sullivan, Cynthia Hare, Linda Lester, Chad Shannon, Larry Merrick, Leland Daniels, David Gieseking, Cindy Banks, Polly Banks and Jill Banks.

Swimming classes for various skill levels will continue at the YMCA indoor pool through July. The YMCA is an agency of the United Fund.

Boilerman Second Class Robert C. Johnson, USN, 30, son of Mr. and Mrs. A. I. Johnson of 710 E. 15th St., and husband of the former Miss Beverly A. Clanton, 610 E. 18th St., all of Big Spring, is serving aboard the attack aircraft carrier USS America. His ship is operating as a part of the U.S. Seventh Fleet in the Gulf of Tonkin. As a crewmember, he is helping to provide air support to U.S. and Allied ground forces in Vietnam. Pilots from the America also bomb enemy targets in North and South Vietnam.

Hippies Arrested In Yosemite Park

YOSEMITE, Calif. (AP) — Since the sweet smell of summer swept Yosemite National Park this year, 129 hippies have been arrested.
 Eighty-seven were jailed on suspicion of a variety of charges. Their meadow campsite was confiscated.
 The charges include burglary, narcotics possession and disorderly conduct.

YOUR MONEY

By CHARLES E. BEIL
 They say you can't have your cake and eat it, too. And like most adages, this one has a lot of truth in it. You generally can't have the luxuries you want and still have the cushion of savings you need.
 But there are exceptions. One of the rewards about having a large enough "nest egg" of savings deposited with us is that the high dividends earned annually can make it possible for you to enjoy extra luxuries without touching the savings themselves.
 In other words, your annual dividends add up to a lot more than you think as your savings build up. Many savers use those dividends to pay for the "extras" that vacation trip, special Christmas gift, new car down payment, and many other things... without having to deplete their savings.
 Start saving regularly with us now... and you'll be surprised how quickly the savings add up, and how the dividends accumulate, until you, too, can start to "have your cake and eat it!"
