## IN JUNE

### Jobless Rate Up, Due To Teenagers

WASHINGTON (AP) — The nation's jobless rate rose three-tenths of one per cent in June while the civilian labor force topped 80 million workers for the first time, the Labor Department reported today.

The June unemployment rate of 3.8 per cent compared to a rate of 3.5 per cent in May.

The Bureau of Labor Statistics said 3.6 million persons were unemployed in June compared with 2.983 million in May.

The bureau attributed the jump in joblessness to a greater than expected rise in the number of young people seeking but failing to get jobs after the closing of schools.

Teenagers accounted for one million of the unemployment rise over May while joblessness among young people 20 to 24 years old rose 300,000.

### HemisFair Coming

SAN ANTONIO (AP) — HemisFair, San Antonio's 1968 world's fair, is up and coming but the summer is here and going.

The fair is on the downhill side of its six-month run—it opened April 6 — and recorded its three millionth visitor Tuesday.

In the business of world's fairs, the first million was the toughest. That took 38 days. The second million took 30 days more and three million came after 27 days.

Before opening day, HemisFair's officialdom released a study based on the attendance at the 1962 Seattle World's Fair, projecting 7.2 million visitors as the break-even point for HemisFair's financial backers.

The projected attendance figure through July 9 was 3,613,550.

### Transplant Fails

PRAGUE, Czechoslovakia (AP) — Mrs. Elena Horvathova, the first heart transplant patient in Communist East Europe, died Tuesday night, five hours after she received the heart at the Bratislava University Hospital.

CTK, the official news agency, reported the death today, saying that no more details were immediately available.

The 54-year-old woman was operated on by a team of 22 doctors headed by Prof. Karol Siska. The heart for the world's 25th human transplant came from a 46-year-old man killed in a fall Tuesday morning from a window.

Prof. Vladimir Havar, a member of the transplant team, told a news conference in Bratislava the immediate cause of death will not be known until after an analysis of postmortem findings which will take four or five days.

From a technical point of view, he said, the operation was a complete success.

### Murder Charged

TYLER, Tex. (AP) — A murder with malice charge was filed today against a 51-year-old farmer who went on a rampage with a shotgun, killing an oil company sales manager.

The charge was filed against Corris "Jack" Nichols, according to District Attorney Hunter Brush. Tyler police said Nichols, accompanied by his wife, fired a shotgun blast into the Tyler Social Security office Tuesday afternoon — then drove his truck 10 blocks to an oil company office.

He burst into the office of Lawrence Cox, 50, district sales manager for Gulf Oil Corp. and fired another shotgun blast. Cox was slain while sitting at his desk.

Brush said "he had some people in the Social Security office and the oil company office, but Cox was not involved in any way."

Nichols and his wife were arrested in their pickup truck at the outskirts of Tyler shortly after Cox was killed.

Brush said Mrs. Nichols was released Tuesday night, after she was questioned.

### Rocky Wants Poll

By The Associated Press

New York Gov. Nelson A. Rockefeller — rebuffed on his call for a cross-country poll to indicate who the strongest Republican presidential candidate would be — is reported ready to conduct it on his own.

Richard M. Nixon, whose aides along with Republican National Chairman Ray Bliss rejected Rockefeller's proposal Tuesday, concentrated his efforts today on increasing his commanding delegate lead for the GOP nomination.

Nixon said he would ask Ohio's 58-vote delegation to consider which GOP presidential candidate would help them most at home in November. He planned to meet late today in Chicago with delegates from nine other Midwest states.

### In Today's HERALD Honolulu Huddle?

President Johnson arranges meetings with his top advisers, possibly concerning his Honolulu meeting with the South Vietnamese president. (See Page 6-A).

## Cong Force Intercepted Near Saigon

SAIGON (AP) — South Vietnamese troops intercepted another Viet Cong force approaching Saigon today, and U.S. pilots reported shooting down a MIG17 in a brief dogfight over North Vietnam.

A force of about 200 guerrillas, moving toward Saigon in the darkness early today, ran into two companies of government troops, part of the big allied defense ring against a threatened new enemy offensive on the capital.

### PULLED BACK

There were some government casualties in the confused fighting on the marshy plains five miles west of Saigon. But the Viet Cong force pulled back and vanished in the tangled waste land on the western approach to the city.

Allied blocking forces had reported killing 37 guerrillas in three skirmishes Monday and Tuesday within 28 miles of the South Vietnamese capital. And the U.S. Navy reported its river patrol boats and helicopters destroyed three sampans moving enemy rocket launchers toward the capital.

With a new major attack on Saigon expected before the end of the month, U.S. B52 bombers flew six new missions Tuesday night and today against enemy jungle infiltration routes, supply points and camps 25 to 65 miles from the city.

### RAIDS

In North Vietnam, enemy MIGs appeared about 11 miles southwest of Vinh Tuesday as U.S. warplanes made heavy raids against supply lines in the panhandle region.

Lt. Cmdr. John Nichols of San Diego, Calif., said he caught one MIG17 with a volley of cannon and missile fire from his Crusader jet. As Nichols broke off from his last firing pass, his wingman said the MIG smashed into the ground and exploded.

It was the 107th MIG claimed shot down in the war, while the United States has lost 47 warplanes in dogfights. The MIGs have challenged American fighter-bombers only a few times since President Johnson put the area of North Vietnam above the 19th parallel off limits to U.S. air attack three months ago.

### BOMB RUNS

In Tuesday's bombing runs, Air Force Phantom jet pilots reported destroying at least 18 trucks in a convoy caught about five miles south of Dong Hoi. Another flight of Phantoms shot up a string of 60-foot barges nearby, and the fliers reported billowing fires on two barges loaded with fuel.

## Soviet Charges Link Students With Chinese

MOSCOW (AP) — Pravda reported today that two American students were caught trying to smuggle out anti-Soviet literature provided by the Chinese Embassy in Moscow.

The Communist party newspaper said customs officials at Brest, on the Soviet-Polish border, also discovered Russian icons hidden in the Americans' car.

The newspaper identified the two young men as James Kratzer and Larry Watson and said they were students at an affiliate of Stanford University in Vienna.

The U.S. Embassy said it knew nothing about the report and was investigating.

Pravda's report from Brest indicated that the students were being held in custody, but it was not clear on this point.

### ANTI-SOVIETS

The party organ said the willingness of the Chinese Embassy to provide anti-Soviet propaganda to Americans "convincingly showed what sort of friends the Chinese splitters (of the Communist movement) rely on."

"This proves the worth of the Chinese curses against American imperialism," the paper added.

The Chinese Embassy declined to comment.

Meanwhile, a young natural-

### Launch Laugh

SAULT SAUNTE MARIE, Mich. (AP) — Jack O'Connor, while launching his boat along the St. Mary's River, forgot to set the handbrake on his car. He launched his boat, his trailer and his car.

# Pompidou Discarded In De Gaulle Shuffle

## Premier Of France Over Six Years

PARIS (AP)—George Pompidou, premier of France for the longest period in modern times, resigned today in a government shuffle ordered by President Charles de Gaulle.

Pompidou, 57, turned in his resignation and that of his government to De Gaulle in a brief ceremony at the Elysee Palace.

### MURVILLE

He was expected to be succeeded by Maurice Couve de Murville, the present finance minister.

Pompidou had been in power for 6 years, 2 months and 26 days.

Pompidou remained 13 minutes in the palace and left without making any statement to newsmen. He was smiling as he left.

A communique from the palace announced the resignation.

De Gaulle told Pompidou: "I wish that you hold yourself in readiness to accomplish any mission and take on any mandate which could be given you one day by the nation."

First official word of Pompidou's step-down came after the Cabinet met with De Gaulle earlier in the day. It lasted for only an hour and 40 minutes.

### NOT CLEAR

The reasons for the change were not totally clear, but the most reliable reports coming

out of a government, where secrecy is a watchword, suggested that Pompidou lost the 77-year-old president's favor because he disagreed with De Gaulle's plans for worker participation in industrial management and profits.

Only six weeks ago, De Gaulle lauded Pompidou and said there was no thought of replacing him. The premier was touted as De Gaulle's successor, and there was speculation that the president might retire early.

Many experienced observers now feel that De Gaulle, in changing his chief political aide, is giving notice he intends to serve out his seven-year term, which expires in 1972.

What caused the break between Pompidou and De Gaulle? Neither has explained, and it is most unlikely that either will.

Published reports—never confirmed, never denied and never officially noticed—also have said that Pompidou criticized De Gaulle's handling of the student-worker strikes upheaval in May and even suggested De Gaulle should resign.

Pompidou was widely praised for his handling of the May crisis. He was about the only political leader who came out of the upheaval with his reputation enhanced.

### Circus Tent Collapses

Firemen and rescuers from three counties assisted in clearing huge steel supports, and rain drenched canvas last night, just outside Auburn, N.Y., in an attempt to locate several hundred persons trapped beneath. The Clyde

Beauty, Cole Bros. Circus was in the middle of its performance when severe thunderstorms, accompanied by strong winds toppled the Big Top.

## 85 Injured In Circus Mishap

AUBURN, N.Y. (AP) — Elephants trumpeted, the wind howled, the tent crashed. State police said 85 of an estimated 300 spectators at the circus Tuesday night were injured, but none critically.

Scores had fled before the collapse, because of the violent thunderstorm. Police said approximately 800 persons had been in the tent, watching as the

various acts were speeded. The tent can hold 4,000.

Of the injured, two hospitals admitted two dozen, hospital attaches said. Others were discharged or treated on the circus grounds.

The 300-foot-long tent was the scene of a performance by the Clyde-Beatty-Cole Brothers Circus in this Finger Lakes city. Some in the audience said the collapse was preceded by a loosening of some of the aluminum poles holding up the tent and by a rush of water down the top above the center ring.

"There was a loud scream but there was no time for panic," said Bob Fasce, a reporter for the Auburn Citizen Advertiser who was in the tent.

"Everybody hit the dirt and the poles came down," he said. Fasce said some people crawled out from under the tent and others were freed when circus workers cut the canvas.

"People were crawling on their stomachs, caked with mud, coughing from swallowed rain water. Circus workers flashed knives as they ripped at the canvas to free as many persons as they could. Elephants, bellowed in the background," he said.

### CRAWLING

"Glancing along the collapsed side of the tent, one could see people constantly crawling from beneath the canvas. . . ."

"People reached out every where to lend a hand in getting out. Some helped others to their feet."

## Spock Gets Fine, Prison

BOSTON (AP)—Dr. Benjamin Spock was sentenced today to two years in prison and ordered to pay a \$5,000 fine for conspiracy to aid, abet and counsel young men to avoid the draft.

His three codefendants also received two-year prison sentences, but were ordered to pay varied fines.

### STATS

U.S. Dist. Judge Francis J. W. Ford granted stays of execution for all the sentences, pending appeals to the U.S. Circuit Court of Appeals, and continued the defendants' \$1,000 bonds.

Convicted with the 65-year-old pediatrician were Yale Chaplain William Sloane Coffin Jr., 43, fined \$5,000; Michael Ferber, 23, a Harvard graduate student, \$1,000 fine; Mitchell Goodman, 44, an author from Temple, Maine, fined \$5,000.

Lawyers for the four immediately announced intentions to appeal the sentences.

In a brief statement before passing sentence, the 85-year-old Ford told the crowded courtroom: "Where law and order stops, obviously anarchy begins."

### INCITING

"Almost every week in this court," Ford said, "young men are sentenced to three years in prison for evading the draft. It is reasonable to conclude that these defendants were instrumental in inciting some of these men to flout the law."

None of the four displayed any emotion as they stood to hear Court Clerk Austin Jones announce the sentences.

## IN PARIS PEACE TALKS

# Disagreement Over Progress

PARIS (AP) — Ambassador Xuan Thuy, pressing for a quick end to all U.S. attacks on North Vietnam, accused American authorities today of having "spread rumors" of progress in the Paris peace talks to serve their own political purposes.

Thuy, denying progress, told U.S. Ambassador W. Averell Harriman that the search going on here for a way toward peace in Vietnam would fail unless the United States halts all attacks on the North at once. In case of such a failure, he argued, the United States would "bear the

full and entire responsibility."

Thuy made his latest attack on the U.S. position in the 12th session of the talks which began May 13. The meeting lasted about three hours.

Harriman contradicted Thuy. He told newsmen: "I still maintain there are straws in the wind despite what he said."

The coffee break today lasted only about half an hour as compared with 45 to 50 minutes last Wednesday and about 30 minutes in two meetings before that.

There have been conflicting assessments of the deadlocked discussions for several weeks, but this was the first time the differences had come up so openly in a formal meeting.

When he left the conference hall Thuy told newsmen: "There was no advance in today's session because the United States spoke of the future of the Southeast Asian region to avoid talking about the unconditional cessation of bombardments."

Harriman, back at the U.S. Embassy, said he could not

claim any "immediate results" in the talks, but he stuck to his line of "straws in the wind."

In his statement to Thuy, Harriman renewed promises of U.S. support for a postwar Asian development program in which North Vietnam would participate. He appealed for an end to the war.

The American envoy recalled that President Johnson had pledged U.S. financing for a development program in a speech as Johns Hopkins University in April, 1965.

## Tydings Insisting On Firearms Vote

WASHINGTON (AP) — Sen. Joseph D. Tydings, D-Md., said that if the Senate Judiciary Committee fails to act today on firearms registration and licensing legislation he will carry the fight directly to the Senate.

Talking to newsmen in advance of a closed committee session, he anticipated that opponents would attempt to block a vote by filibustering.

Tydings said that if the committee defers action any longer, the only chance of passing a bill at this session would be to offer it as a rider to other legislation already on the Senate calendar.

### INSIST

"I'm going to insist on a vote on registration and licensing," he said. "I'm entitled to it and the American people are entitled to it."

He noted that his bill to require the registration of all firearms and the licensing of the owners has the support of party leaders in the Senate, Mike Mansfield, D-Mont., and Everett M. Dirksen, R-Ill.

Tydings, at the last meeting of the Judiciary Committee, two weeks ago, offered his bill as an amendment to an administration bill to ban interstate mail order sales of rifles and shotguns and their over-the-counter sale to nonresidents of the state.

"We have to face up to our responsibilities," Majority Leader Mike Mansfield said. "We shouldn't tell the House what to do, nor should the House tell us what to do."

### Both Mansfield and Repub-

can Leader Sen. Everett M. Dirksen said they favor Tydings' bill. Dirksen, in echoing his Democratic counterpart's sentiments on independent action said any difference with the House could be settled in a conference committee.

The House Rules Committee Tuesday cleared for floor action a bill to prohibit the interstate mail-order sale of shotguns and rifles.

Before doing so, the committee won a promise from Rep. Emanuel Celler, D-N.Y., chairman of the House Judiciary Committee, to oppose any effort to add on registration and licensing provisions.

### STATES

Tydings' bill is similar to President Johnson's proposal, the difference being Tydings' bill would require federal registration and licensing only in states that fail to enact substantially equivalent legislation.

The administration bill provides for federal registration of firearms but the licensing of gun owners would be left to the states if they pass legislation meeting federal standards.

## Rusk Urges Ratification

WASHINGTON (AP) — Secretary of State Dean Rusk testified today that the United States should quickly ratify the treaty to prevent the spread of nuclear weapons in order to bring it into force in time to deal with "the perils of proliferation."

Rusk, joined by U.S. disarmament chief William C. Foster, was the administration's leadoff witness as the Senate Foreign Relations Committee opened hearings on the treaty.

President Johnson asked the Senate Tuesday to move swiftly in ratifying the treaty, which he termed the most important of the nuclear age.

But the Senate majority leader, Democrat Mike Mansfield of Montana, took a wait-and-see attitude on whether the legislators will act before they adjourn for the year. They are hoping to wind up their session by early August.

# 'ROUND TOWN

By LUCILLE PICKLE

There is nothing that makes a summer day or evening sound more like summer than the whirring sound the locusts make as they carry on their cacophonous concert. It is interesting to listen to them, even though not a pleasure, as they seldom sound off alone but start together suddenly and stop just as suddenly, as one. One gets a mental picture of a prissy little locust conductor who rules the roost for the concert.

MRS. WALTER MOORE tells me she will leave at the end of the week for Houston to take followup treatment for surgery undergone last summer at M. D. Anderson Hospital. She was remembering how thoughtful friends here were while she was confined . . . she received more than 100 cards.

The family of MR. and MRS. W. R. DAWES took their family gathering to Albuquerque, N.M., over the July 4th holiday because that's where son Bobby is stationed with the military. In the group with the parents were MR. and MRS. JOE DAWES and JIMMY DAWES. MARTHA is in summer school at Tech and was not able to make the trip.

FRED and BYRON BARNFIELD, the two older children of MR. and MRS. CURTIS BARNFIELD of Houston, have returned to their home after visiting here in the homes of their grandparents, MRS. JULIA BONIFIELD and her mother, MRS. H. H. STEVENS, and MR. and MRS. CARL MATHEW BARNFIELD.

The ROSS BOYKINS will leave this weekend for Dallas where they will meet their daughter, MRS. A. E. JOHNSON, and her daughter, Valerie, who will come over from Shreveport, La. They will accompany the Boykins here after a week's visit in Dallas with relatives.

CARRIE and RAY ABEL JR., grandchildren of MR. and MRS. VERNON SMITH, will be visitors here next week. The Smiths plan to go after the children, who live in Fort Worth, this weekend.

When MRS. ROBERT STRIP-LING entertained with a coffee for MRS. FLOYD PARSONS last week all the beautiful flowers came from her yard or those of her neighbors. We just transported them to our house that evening when we had a small buffet for close friends of the couple. OMAR JONES rounded up all but two of the school board members who served during Mr. Parsons' school superintendency here, and they had lunch together while MRS. JONES hosted a small group of Mrs. Parsons' friends for lunch. . . MRS. JOHN DIBRELL and her daughter, MISS MER-RIE LEE DIBRELL, were hostesses at a coffee for MRS. RICHARD DEATS at the Di-brell home. In addition to a great deal of visiting, the guests were fascinated by the pretty refinishing work the two hostesses have done on a small trunk and the attractive and original decorations on various accessories for a bedroom.

MR. and MRS. C. C. JONES are visiting relatives in El Paso this week.

Headed for New Mexico are MR. and MRS. TOMMY CONE, with Red River, Raton and the Philmont Scout ranch on their agenda.

## Investors Review Portfolio Records

Mrs. Fred Beckham, president, showed slices on how to interpret National Association Investment Clubs selection guides at the Monday meeting of the Lucky Twenty Investment Club. The group met in the Texas Electric Reddy Room. Portfolio record reports were given by Mrs. Beckham and Mrs. Ralph Caton. Mrs. Dee Jon Davis was welcomed as a new member, and Mrs. Steve Baker was introduced as a guest. Twelve attended.

## Announce Birth

Capt. and Mrs. Tom Carmichael, 33-B Albrook, announce the birth of a son, Sean Thomas, at 3:30 p.m., July 5. The infant weighed seven pounds, 14 ounces. Maternal grandparents are Mrs. Clara Belle Alexander of San Antonio and John Alexander of Kerrville. Paternal grandparents are Mr. and Mrs. Blake Carmichael of San Antonio. Great-grandparents are Mrs. Eerie Cloud of Wink and Mr. and Mrs. Otto Naskyie of San Antonio.

## Beauty Packs Her Bags

Miss Sharon Hicks, 19, daughter of Mr. and Mrs. Henry B. Hicks of Crane, will leave Sunday for Fort Worth to compete as "Miss Big Spring" in the "Miss Texas Pageant." Mrs. James Tibbs, right, who will accompany the contestant, helps pack her luggage as Miss Hicks practices the folk song she will perform during the talent competition. The state pageant will begin Tuesday, with finals to be held the following Saturday night.

## Wesleyan Service Guild Holds Ice Cream Supper

Mrs. J. K. Cunningham was hostess at an ice cream party held Monday by the Wesleyan Service Guild of First Methodist Church at 707 W. 14th. Mrs. John Cherry was cohostess. Mrs. W. E. Moren presided and announced the group will serve dinner July 18 at the church to climax Youth Activity Week, July 15-19. Plans were made to invite 50 patients at the Big Spring State Hospital to attend the Aug. 12 meeting. Also, plans were announced to attend the Ceta Canyon Northwest Texas Conference next weekend. Those attending will be Mrs. Moren, Mrs. Morris Gay, Miss Edith Gay, Miss Jane Norris and Mrs. Bert Affleck. An invitation was read to attend the Woman's Society of Christian Service meeting, July 23, at 9:30 a.m., when Mrs. Richard Deats will be guest speaker. Mrs. Bert Affleck gave the devotion, "Belong With People Who Hurt," and Mrs. H. C. Ernsting presented the program, "Citizens in A Widening World." She discussed youth centers in large cities and spoke on the aid available to young people in these cities, stressing the programs that are bringing artists and churchmen together. Mrs. Affleck cited examples of administering to the "people who hurt," including the underprivileged and impoverished, and advised the group to "trust in God and other people."

## Convention Reviewed

Reports from the state convention held July 13-14 in the Commodore Perry Hotel in Austin were given at Tuesday's meeting of the Business and Professional Women's Club at Cosden Snack Bar. Mrs. Weldon Nucholls gave the general report, highlighting the grand assembly and the coordinated luncheon workshop; Mrs. Zula Reeves discussed the personal development luncheon workshop; and Mrs. Cass Hill talked on the membership and finance luncheon workshop. Plans were made to participate in the Big Spring State Hospital Christmas party. Twenty attended. The next meeting will be a picnic, July 23, at the W. B. Sullivan home, 1506 Johnson.

## Pat Wiley Talks On Peace Corps

Miss Pat Wiley of the Peace Corps showed slides and gave a commentary on her two years in India at the Tuesday meeting of the Jaycee-Ettes in the Texas Electric Reddy Room. Wiley will return next month for another year in India, where she is operating a dairy. Mrs. Melvin Fryar and Mrs. Ben Faulkner were cohostesses, and Mrs. Faulkner presided and introduced the speaker. Refreshments were served to 10.

## Easy Way to Kill Roaches and Ants

Brush Once - Lasts Months Control roaches and ants the safe way—brush on Johnston's No-Roach. This colorless coating is effective for months, easy to use. No need to move dishes or food. Harmless to pets.

## NEWSOM'S

## Rainbows Entertain Odessans

Miss Randy Randoll of Odessa, who holds the post of Grand Nature, was an honored guest Tuesday evening of the Order of the Rainbow for Girls. Miss Randoll, who was seated in the place of honor, was accompanied by her mother, Mrs. Leadore Randoll, and 14 members of the Odessa assembly and their mother advisor, Mrs. Louis Sraas. Sixty-one local girls attended, along with 11 adults. Jane Thompson, worthy advisor, presided, and was assisted by Mrs. Adele Roberts, mother advisor. Peggy Grant, hosiery drive chairman, and her co-chairman, Lucretia Drake, announced that workers will be divided into groups with a captain for each. The hose are used in therapy at the Big Spring State Hospital.

Mrs. O. L. Nabors announced that Mrs. Clyde Angel will give a book review at 5 p.m., Aug. 26, in the First Federal Community Room. Tickets will be \$1, and proceeds will go to the Rainbow treasury.

Sheryl Gambill received her age majority from Mrs. Nabors, and Mrs. Roberts announced that the next grand assembly will be held June 16-18, 1960, in Fort Worth.

## WSCS Discusses Race Problems

The Lalla Baird and Martha Foster Circles of the Wesleyan United Methodist Church met Tuesday morning in the home of Miss Helen Ewing, 707 E. 15th. Mrs. Ray Anderson discussed race problems and Mrs. David Pohl talked on poverty. Mrs. Elra Phillips worked prayer, and Mrs. E. B. Caythron brought the devotion, "Brotherhood." Mrs. W. B. Morris pronounced the benediction. Refreshments were served to 14.

## Friendship Circle Gives Scholarship

The Friendship Circle met Tuesday at the home of Mrs. T. S. Currie, 501 Hillside, with Miss Agnes Currie as hostess. Thirteen, including a guest, Miss Auda Standard, attended the supper meeting where Mrs. Glenn Guthrie led the study, "The Holy Spirit." The annual scholarship to Howard County Junior College was awarded to David Cooper, son of Mrs. Margaret Cooper, 608 Douglas. Mrs. Olen Puckett presided.

## Ceramic Tile Tops

Ceramic tile countertops add to the work-area portability of your portable heating and cooking appliances, because they will not be damaged by heat.

## Special Events Slated By Catholic Society

Mrs. A. N. Rutherford was elected second vice president at the Tuesday meeting of the Altar Society of Immaculate Heart of Mary Catholic Church in the home of Mrs. William V. Kennan Jr., 54 Chantute.

The group studied "Putting Vatican Two into Practice," and the lesson was "Clear Thinking About Christian Renewal." Those on the program were Mrs. Bill Sneed and Mrs. Leo Garcia. The Rev. Francis Beazley served as moderator.

Mrs. Riley Ward presided, announcing that the society serve refreshments at the Veterans Administration Hospital July 26 from 9 to 11 a.m. Mrs. A. W. Sheeler, one of the oldest members in the society, will be remembered on her birthday, July 26, with a special mass.

Rev. Beazley announced family night at the church at 7:30 p.m. Sunday in the parish hall. Mrs. C. C. Choate was given the attendance prize.

## TOPS Club Hears Talk On Dieting

Mrs. Dan Brasher discussed the dangers of diet medications that have not been prescribed by a physician at the Monday meeting of TOPS Salad Mixers in the Knott Community Center.

Mrs. Brasher said that non-prescription diet medications usually prove worthless for lasting weight loss and may prove dangerous if taken over a long period of time.

Mrs. Floyd Kennedy was named weekly queen. Seventeen members attended and reported a total eight pound weight loss.

## Club Welcomes New Members

Five new members were welcomed at the Tuesday meeting of the PanHellenic Club in the home of Mrs. Bill Spain, 2712 Ann. They were Mrs. Daniel Crum, Mrs. Kenneth Francis, Mrs. Jimmie Ray Smith, Mrs. George Uptegraph and Mrs. Patti Lager.

Names were announced of senior girls who attended the sorority information tea held in April. Refreshments were served to five.

Sally Rodriguez is now taking appointments of LIN-ETTE Beauty Salon 11th & Johnson

### Sgt. Owen Is Awarded Bronze Star

A staff sergeant stationed at Webb AFB recently was awarded the Bronze Star, one of the nation's highest military decorations. S. Sgt. Roy B. Owen, a medical service technician assigned to Webb's 3500th USAF Hospital, received the award for service in Vietnam during 1967.

He was assigned to the 588th Medical Service Flight at Vinh Long, South Vietnam, and served as a supervisor in the American Volunteer Eye Program in the Mekong Delta region. Sgt. Owen teamed up with several volunteer American doctors who went into the many small hamlets in the delta and treated Vietnamese natives with eye problems. The 24-year-old sergeant is a seven-year Air Force veteran.

### Webb Officers Get Awards

Two Webb AFB officers, Lt. Col. Robert M. Wall and Capt. Robert W. Carter Jr., received awards at Withycombe Hall last week.

Col. Wall was awarded the Distinguished Flying Cross (DFC), the first oak leaf cluster to the DFC and the Air Medal with the first through ninth oak leaf clusters. He was awarded the DFC for piloting an F-105F over North Vietnam Aug. 9, 1967. He destroyed a missile control radar and a prepared surface-to-air missile site in the main transportation system in North Vietnam.

Capt. Carter received the Silver Star with a first oak leaf cluster for gallantry in connection with military operations against an opposing force in North Vietnam Oct. 27, 1967. He also received the DFC, the first and second oak leaf clusters to that award and the Air Medal with the second through tenth oak leaf clusters.

### Texas Soldiers Killed In Action

WASHINGTON (AP) — The Pentagon listed 27 servicemen Tuesday killed in the war in Vietnam.

The list included two Texas soldiers killed in action: Sgt. Lawrence N. Coney, son of Mr. and Mrs. Edward Coney Jr., 116 Fairfax Ave., San Antonio; Pfc. Mac C. Buckley, son of Mrs. Myrtle L. Molsby, Box 103, Center.

(Photo by Danny Valdez)

### United Fund Leaders Make Plans

Various division chairmen for this fall's United Fund crusade gathered Tuesday to prepare for assembling volunteer teams and setting kickoff dates. While at the session, the campaign general chairman, Clyde McMahon Jr. (seated, center) signed his own pledge card for 1968-69. Flanking him are Charles Bell, chairman of special gifts, and

R. L. Tollett, out-of-town solicitation chairman. Standing, left to right: Capt. C. D. Pedlar, representing Webb AFB; Alton Marwitz, chairman for county gifts; Lowell Jones, employes division; Erven Fisher, state and federal employes; Jimmy Taylor, big gifts; and Lanny Hamby, metropolitan division.

## United Fund Campaign In Big Spring Shaped

First organizational groundwork for this fall's United Fund solicitation was laid at a meeting Tuesday of volunteers who will be heading up major divisions. They conferred with Clyde McMahon Jr., general campaign chairman, arranged for worker appointments and set a time-table for the county-wide canvass.

Final goal of the 1968-69 campaign has not yet been set, but is expected to be somewhat higher—due to increased costs and expanded programs in pledges last year. R. W. Thompson's budget and screening committee is due to report soon.

McMahon urged all division leaders to have their captains and complete teams of volunteer workers lined up by Aug. 15, at which time indoctrination sessions for the solicitors will be started.

The chairman said plans are in the making for a major parade on Sept. 23, to create public interest in the United Fund program, which serves 14 welfare and youth-direction agencies in the UF.

McMahon said he hoped that by Aug. 15 there will have been lined up hundreds of volunteers to help make the 1968-69 campaign a quick success.

### NEW DIVISION

At the meeting Tuesday with McMahon, Tollett and Taylor were Charles Bell, chairman of special gifts; Lanny Hamby, metropolitan division; Lowell Jones, employes division; Capt. G. D. Pedlar, representing Webb AFB; Alton Marwitz, Howard County areas; Erven Fisher, state and federal employes; and Clyde McMahon Sr., county employes.

A new division, that of women workers, is being added this year and will be headed by Mrs. Ralph Caton and Mrs. Bob Galbraith. They had an earlier conference with McMahon.

Mrs. Alyce Butler, office executive, meanwhile is preparing prospect cards and gathering information from all part-

nership agencies in the UF.

McMahon said he hoped that by Aug. 15 there will have been lined up hundreds of volunteers to help make the 1968-69 campaign a quick success.

### Minor Wrecks

Four minor accidents were reported to police Tuesday, including three one-car accidents.

At the rear of 605 W. 4th, Michael Lloyd Stephens, 700 W. 16th, was involved in an accident; at the Highland South Shopping Center parking lot, Louanne Lowry, Route 2, was involved in a mishap; Will Young Bengé Jr., Sterling City, was involved in an accident with the Ponderosa Liquor Store building; at Fifteenth and Owens, cars of Irene Whitefield, 1407 Park, and Charles L. Crawley, 1803 Wren, collided.

## Dam Closure Still Likely In October

Progress on Colorado River Municipal Water District projects continues at a brisk pace, according to a monthly report by O. H. Ivie, general manager.

On the dam across the Colorado River above Robert Lee, over 10,000,000 cubic yards of earth have been moved and the project is rated past 75 per cent of completion. The core trench, embankment and rip-rap work is 78 per cent toward completion in terms of dollars. The contractor, Clement Bros., has earned \$6,945,138 so far on a \$8,713,440 contract. Target date for beginning the dam closure still is in October.

## 'Man, Woman' Opening Here

"It's a story about a man and a woman, both widowed, who meet visiting their children at a boarding school. The man is a racing driver and..." tells director Calaudd Lelouch to his friend, Pierre Barouh, young lyricist.

Barouh mentions to Lelouch that champion driver Trintignant has a brother who is an actor, Jean-Louis, who certainly must know from his brother, how racing drivers conduct themselves.

Lelouch goes to see Jean-Louis and while telling him about the screenplay, Mme. Trintignant listens. It so happens that one of her dearest friends is Anouk Almee.

In addition to having Barouh write the music for the film, Lelouch persuades him to play the role of Mlle. Almee's movie-stunt-man-husband. Mlle. Almee and Barouh meet. An ambiance of happiness pervades the company; the shooting goes well and fast; the ceremony that celebrates the conclusion of the picture is a wedding; Mlle. Almee becomes Mme. Pierre Barouh in real life.

Academy Award winner, "A Man and a Woman," opens Thursday at the Cinema theatre and filmed in Eastmancolor.

Panhandle Construction Company has earned \$545,666 on its laying of a 33-inch line from Big Spring to the Martin County pump station, a distance of 36 miles. This is 70.9 per cent complete with less than five miles lacking on either end.

Lyles & Lyles Construction has moved 290,000 cubic yards of a contract of 750,000 cubic yards for the terminal side storage above Colorado City. This job is rated at 33.2 per cent complete.

The district is preparing for other jobs: Bids will be opened in Big Spring July 7 on half a dozen miscellaneous construction and materials, and those for 37 miles of 42-inch 24-inch and 21-inch pipeline will be opened July 23. The board meets on the latter date and likely will make awards.

Police are investigating two reports of vandalism which occurred during the night.

It was reported that windows at Lakeview Elementary School were broken out.

Wendell C. Stasey, 1306 Dixie, reported some boys threw eggs at his house.

### \$390 In Fines

Corporation court assessed \$390 in fines during the period ending Monday.

Of the total, 18 cases of traffic violations were for \$200; five cases of intoxication, \$115; one case of theft under \$5 for \$15.

## Surprise for Kathy

The Herald has received a letter from William H. D. Tighe, T/Sgt., USAF, presently on duty at Danang, Vietnam. It said in part: "If at all possible I would like for you to print this poem in your newspaper. I was sitting here in Danang thinking about my wife, and this poem, as silly as it may be, came to my mind. I would like to surprise my wife, who is living in Big Spring, by having her read it in the paper instead of sending it to her myself. If there is a charge, please send me the bill."

## TO KATHY WITH LOVE

Right after Christmas we got the sad news, We packed all our things, we all had the blues. The orders came the very next day—I was going overseas for a year to stay. It was in early spring I had to go, I wanted to stay but everyone said no. I would have to leave my darling wife, Although she is the best part of my life. That long plane ride—now I am in Vietnam, Already wanting that far off day to come. I don't know how I will ever survive, But I have to go back; I must stay alive. Now Charley is letting his rockets fly; Sometimes you even hear a grown man cry. At times he really makes things rattle, But he is getting the worst of this battle. One of these days my tour will be through, And then I will be coming home to you; Hoping never again to be parted— It will be like when we started. Let me get back to my loving wife, That is all I am asking out of life.

WILLIAM H. D. TIGHE, T/SGT., USAF  
366 TAC, FTR, WG, DR, 17 DCMMT  
APO SAN FRANCISCO 96337  
DANANG AB VIETNAM

Note to Sgt. Tighe: There's no charge for your message—The Herald.

## DEPARTMENT MANAGER'S SALE!

## A Devotional For The Day

I will bless the Lord at all times: his praise shall continually be in my mouth. (Psalm 34:1)  
**PRAYER:** O God, save me from ever attempting in my own strength alone. Teach me to rely upon Thee and to walk with Thee. At all times may I rest upon Thee and Thy sure promises and in Thy strength offered through Christ, who taught us to pray, "Our Father who art in heaven... Amen."  
 (From the "Upper Room")

## Manning The Ramparts

Everytime the University of Texas Interscholastic League tightens up, there are cries of arbitrariness, fuddiness, and hair-splitting.  
 The league has made its way back into the news recently with new regulations, including a \$30 limitation for a major award only once to a competitor during his high school career. The limit has been \$15 per annum, plus a token award (miniature basketballs, baseballs, track shoes) costing no more than \$2. These symbolic awards are permitted with a \$3 limitation. One result is that schools may cut their awards budget substantially perhaps as much as half, not that this is any terrific figure. There won't be quite as many letter jackets being paraded around the campus.  
 Another league ruling — a reminder about an interpretation of an existing rule — will bar high school athletes from competing in organized summer sports in which they participate with collegiate athletes or those who have signed letters of intent. The league contends (with considerable candor) that a lad who signs a letter of intent has signed a play-for-pay contract (though the emoluments may be in tuition, room, board, books, etc.). This has touched off a wave of discontent and protest.  
 But the ruling likely will stick whether it seems arbitrary or not because the league doesn't have a history of backing off. For all its letter-of-the-law attitude, the league has served well as guardian of amateur status in Texas high school athletics. Fans and some few coaches may grumble, but they respect the UIL. In a day when yielding a bit here and a bit there is common, it's almost refreshing to see an organization manning the ramparts, come what may.

## The Abstract And Specific

Almost wherever churchmen meet, the twin, invisible subjects of poverty and race occupy a principal part in the discussions. Seldom have pastors been so concerned over deprivations and injustices which seem to abound in a land of general affluence.  
 But there is considerable doubt that the zeal of some ministers is matched by concern on the part of their congregations. Rev. Titus R. School, a Lutheran from New Mexico, observed: "The church is not seriously interested in helping the poor, despite the fact that her Lord leaned over backward in serving the have-nots. None of our city churches, including my own, are doing anywhere near a decent job. We don't know anything about the poor; we avoid them like the plague."  
 What can be said of poverty can be said of other ills — alcoholism, tyranny in the home, infidelity in marriage, emotional immaturity, rank immorality, profanity and other things that seem to brand men and women unfit for a place beside the respectable in church. It's so easy to utter platitudes and pass by on the other side. It's too easy to take sanctuary in the sanctuary; to pray in the abstract and to avoid in the specific. The church has an obligation, in the spirit of Christ, to carry a message of forgiveness and hope, but like Christ, this message must be taken to where the people are as they are. To be insulated from the temperature of the times by four walls is to vitiate the redemptive leavening of the church.

## David Lawrence

### Population Shift Helps GOP

WASHINGTON — The November, 1968, election may disclose the effects of the most remarkable redistribution of the voting population that the United States has experienced in its history.  
 Up to now in many a state the electoral vote has been won by a majority largely contributed by one or two big cities where, since the 1930's, the Democrats have built up effective organizations and not only have gotten voters registered but made sure that they went to the polls on election day. The huge majorities piled up in the cities have been counted on to offset Republican strength in rural areas.  
 NOW THINGS have changed. Instead of merely a contest between the rural and city vote, the 1968 election will be decided by three categories—the inner city, the suburban areas, and the rural districts which include the smaller cities and towns.  
 The fact is that, because of the shift of population from cities to the suburban areas, there are today 156.5 million Americans outside the large central cities—or nearly four persons to each one in the big cities. Voters divide in about the same ratio. This can have a very far-reaching significance in American politics. For the suburban and rural areas have traditionally tended to be Republican while the inner cities have generally been Democratic.  
 THE CHANGES in the population of the cities are extensive. The latest study of the U.S. Census Bureau, covering the period of April, 1960, to April, 1966, shows that in metropolitan areas the rate of population increase was nearly ten times as much

## Billy Graham

What can I do to overcome fears that are constantly with me? I am afraid to make decisions, afraid of the future, and afraid of what people think of me. R. T.  
 The Bible has the answer for you. Long ago the Psalmist wrote out of deep experience: "This poor man cried, and the Lord heard him, and delivered him from all fears." It is perfectly possible to be delivered from all one's fears, not from only some of them. Again the Psalmist sang: "The Lord is my light and my salvation, whom shall I fear; the Lord is the strength of my life, of whom shall I be afraid?"  
 A little fellow is not afraid of other boys on the street when he is accompanied by his big brother, or his father. No one need be afraid of difficult problems when he has with him someone who knows the answers, "Who is Greater and Stronger than our enemies. Fear comes from looking at ourselves and to our own resources; it disintegrates when we walk with Christ.

outside the inner city—or in "suburbia"—than in the inner city itself.  
 EVEN THE 1960 census figures, moreover, showed the same trend. The population of New York City, for instance, was down 1.4 per cent from 1950 while that surrounding suburbs went up 75 per cent. The same thing happened in Chicago, where the city population dropped about two per cent, and the suburbs gained 71.5 per cent. One of the most interesting shifts was in the Minneapolis-St. Paul area, where the central-city population was down 4.4 per cent while the suburban population went up 115.7 per cent.  
 THE SAME PATTERN was found in Detroit, Baltimore, Philadelphia, Cleveland, St. Louis, Los Angeles, Long Beach and other big cities whose vote heretofore has been crucial in deciding the electoral votes of their respective states.  
 The population shift will be reflected largely among the dissidents inside the Democratic party. Lots of them may choose to stay at home on election day, but more significantly many of them will not contribute to the campaign or do much of the precinct work such as has been so helpful to the Democratic party in the past in carrying the large cities—and thus swinging the big electoral votes of the most populous states.  
 THE REDISTRIBUTION of population is unquestionably an encouraging trend for the Republican party. If it can manage to get through the convention without any deep-seated resentments, the chances are that the Republicans will cast a larger vote throughout the United States in the suburban as well as the rural districts than ever before. This, together with the split in the Democratic ranks and the possible failure of many regular Democrats to go to the polls, could give the Republicans the biggest landslide they have had in many years.  
 (Copyright, 1968, Publishers-Hall Syndicate)

## Slippery As Eel

JEFFERSON CITY, Mo. (AP) — Sand or a burlap bag is an important accessory when angling for Missouri's most unusual fish, the freshwater eel.  
 The eel, a migrant from its birthplace in the Saragasso Sea, is so slimy it is impossible to get it off the hook without something coarse like burlap or sand to remove the thick mucus covering.  
 The eel is delicious smoked, fried or pickled.  
 Thomas R. Russell, Missouri fishery biologist, also reports: "All eels caught in Missouri are females, because the males generally stay in brackish water along the coast."  
 It takes more than a description to know exactly what ails a child (or a grown person), but this situation sounds very much like that of a hyperkinetic child. I would most certainly have this youngster examined at a child guidance center, a children's hospital, or a medical center which would have experts in this field.  
 The hyperkinetic (or hyperactive) child is one who is driven by some inner compulsion to

### Ads To Tackle Crisis In America

By ROBERT D. HAWORTH  
 AP Business Writer  
 NEW YORK (AP) — "If you're short of help, try an ex-convict."  
 "If you're looking for a new plant site, try the nearest ghetto."  
 "All the time you spend yakking about the 'youth problem' you could be doing something about it."  
 THESE ARE headlines to some of the advertisements soon to appear in newspapers and publications throughout the country as part of a series of campaigns by the Advertising Council. The campaigns are aimed at encouraging citizen and corporate involvement in helping to solve the nation's racial and urban crisis.  
 One of the advertisements, sponsored by Urban America, Inc., tells how Lockheed Aircraft included persons with police records in its hiring and training program and helped solve its own labor problems.  
 Urban America, Inc., a nonprofit organization dedicated to improving the social and physical environment in the nation's cities, also tells how IBM is bringing employment to the slums by converting an old warehouse in Brooklyn's Bedford-Stuyvesant district into a computer cable factory.  
 "MANY OTHER companies are doing the same. So can you," the advertisements say. Advertisements sponsored by the President's Council on Youth Opportunity suggest how individuals can help by developing recreational activities and entertainment for youth and volunteering to teach new skills.  
 Robert P. Keim, president of the Advertising Council, said the four-pronged attack on the American domestic crisis is the most massive project ever mounted by his organization in its 38-year history.  
 The council is a nonprofit organization which conducts national advertising campaigns for the public good. Its operating budget of about \$700,000 a year comes from funds solicited from companies in the advertising-communications industry. Advertising agencies contribute all creative services in preparing campaigns, and all advertising space in publications and radio and television time is contributed by media owners.  
 IN ONE OF the television spots produced for the current drive, the camera scans the room of a slum dwelling while a child's voice is heard saying, "Here kitty, kitty. Here kitty, kitty."  
 Suddenly the camera zooms in on a large rat.  
 "What if your child mistook a rat for a kitten?" asks the commentator, Melvin Douglas.  
 Some of the posters put out for one of the campaigns read:  
 ing-communications industry. "Most kids live in cities. So do most rats." "What happens to our cities happens to our suburbs," and "Ancient Rome had better sanitary facilities than parts of our cities do now."  
 Each of the advertisements urges the reader or listener to write the sponsoring agency for further information on what can be done by individuals, citizens groups and employers. Keim estimated that more than \$25 million worth of space and time will be contributed by the advertising media to the crisis campaigns during the next 12 months.  
 (John Cunniff resumes his column Thursday.)

## Hal Boyle

### Santa Makes Joe Rich

NEW YORK (AP) — "Kids today sometimes feel they are born a generation too late, but that's not so," said Joseph Katz, founder of a unique business empire.  
 "Without question, opportunities are greater today than ever, despite taxes and everything else. If I knew what I know now and could start over again, I could lick the world."  
 WHO IS JOSEPH KATZ? Well, he is a businessman smart enough to figure out a way to let Santa Claus make him a multimillionaire.  
 At 55 Joe is the Napoleon of the nation's gift-wrapping industry. It is Santa, of course, who sends you your Christmas presents — but the chances are that Santa bought the fancy paper and bright ribbons to wrap and tie them with from Joe.  
 Katz is board chairman and president of the Papercraft Corp., which expects to do about a \$50 million business this year. His firm has 2,000 employees, plants in seven states, half a dozen subsidiaries.  
 "WE SELL MORE Christmas-oriented products than any other company in the world," he said. "It's more than half of our business."  
 An unusual success story lies behind Katz's discovery of the windfall plenty that goes with being a silent partner with Santa Claus.  
 He worked his way through three years of college by the earnings from a job printing press set up in his garage. After a brief fling at newspaper reporting, Joe entered the paper business with a capital of \$1,000.  
 His big idea came to him in 1937 when he and his wife, Agnes, were opening their wedding presents.  
 "The wrappings seemed to me to be poor and unattractive," he recalled. "The thought came to me that packages could be made to look better—and that I could do something about it."  
 BY THE END OF the second World War, after endless experimenting, Joe's packaging ideas reached the bonanza stage. Today his products are sold in nearly 250,000 outlets.

## Around The Rim

### Frustration, Thou Art A Jewel

Progress is not just in the good things of life. For every rose, there's a thorn, too.  
 Take, for instance, the matter of frustration. We've refined this to an art, increasing the ulcer potential with each generation.  
 THERE WAS a time when some local event would be promoted to the hilt on the strength of Sen. Phineas Phogbottom coming to make the principle address. Then the governor would get in on the act and announce that he was tearing himself away from the desk to be present for this auspicious occasion with his good friend, the senator. Everybody would turn out from the forks of the creek to get a personal glimpse of the great ones, only to learn that there had been an unavoidable conflict in schedules that obliged the senator and governor to cancel out. The same thing happened at many a political gathering, where, at the last minute, the master of ceremonies arose to announce that Cong. Zilch was unable to come, but Joe Blow (who flunked reading in the third grade) would read his speech.  
 NEWSPAPERS refined this by having a press breakdown on the very day of the big local story, or seeing to it that the news boy failed to deliver the paper just when there had been a bank robbery or Cousin Susie had her wedding story. If the paper got there, then Mama managed to put the garbage in the section of the paper that had the story you wanted.  
 RADIO CAME along and added a new twist. At first there was static in the most inopportune parts of the program; then there were technical difficulties that knocked the station  
 off the air. Finally, the process was polished until it reached a fine state with the remote control programs. For instance, you listened avidly to the fight right down to the beginning of the 15th round with hardly an eyelash separating the two fighters. While you breathlessly waited for the finish, the announcer broke in: "Ladies and gentlemen, we now return you to your studio."  
 TELEVISION has taken up where radio left off, thanks to the video portion. Now you get to the last hole of a national golf tournament that has you chewing on your nails when the set begins to flicker, streak and spiff! Then flashes the bit of intelligence that "the trouble is not in your set but between the station and point of origin." (Why must it always be in this stretch?)  
 The old ball game may be in the 11th inning with two down and two strikes and the home nine two behind with a pair of men on, the pitcher winds, rocks back on his leg and — "Ladies and gentlemen, we interrupt to bring you this special weather bulletin. There are unconfirmed reports of two tornados a block from your house. Be on the alert, be calm, be prepared to take cover if necessary. We repeat. Be calm."  
 OR, IF YOU have waited eagerly for the all-star game, cancel all engagements, kick off your shoes and settle down to an evening of delight starting at 8 p.m., but at 7:58 p.m. the mysterious voice breaks in: "Ladies and gentlemen, our scheduled program will not be seen this evening in order that we may bring you a special extravaganza called 'Seymour and the Three Blackeyed Peas.'"  
 —JOE PICKLE

### The Senate Can Reform The Court

WASHINGTON — If the U.S. Senate "consents" to make Abe Fortas the new Chief Justice, it will be mocking the spirit of the Constitution.  
 The intent of the Constitution was to give us a Supreme Court that would remain politically independent and would render judgments rather than personal wills.  
 Alexander Hamilton felt so strongly on this latter point that he capitalized the key-words when he wrote about the Federal courts in *Federalist Paper 78*. Nothing, declared Hamilton, could justify the justices in exercising WILL instead of JUDGMENT — or in substituting "their own pleasure to the Constitutional intentions."  
 HAMILTON BELIEVED the Constitution was drawn to make the judiciary a passive body, unable to "annoy or injure" any citizen. "The general liberty of the people can never be endangered from that quarter," he assured his readers. But Hamilton was assuming that the Senate would do its duty. He did not foresee the appointment of political cronies when he wrote that "the complete independence of the courts of justice is particularly essential in a limited Constitution."  
 What happens if the Senate confirms the Fortas nomination? Well, the Senate will be endorsing the 15-year record of the Warren Court which repeatedly substituted the "pleasure" of its WILL.  
 ALSO, BY ITS "consent," the Senate will be permitting President Johnson a flagrant misuse of his position. Nobody can dispute Majority Leader Mansfield's contention that Johnson is not a "lame duck" president. He isn't that. It wouldn't matter if he were Johnson would be within his legal rights to appoint "midnight judges," as President Adams did, right up to the last hour of his tenure of office. But the point is that Johnson is not treating the Constitution and the American people with proper respect.  
 THE REPUBLICANS who openly oppose confirmation of Fortas have not taken the highest ground for rejection. Never mind that Johnson, the political animal, is being beastly. Never mind that he is tainting the last months of his presidency with buddy-buddyism. The strongest reason for rejecting Abe Fortas as Chief Justice is Fortas himself.  
 The Senate should not be so delinquent as to give the highest appointive office in the land to a person of so many disreputable associations. Fortas has worked intimately with men who are literally outcasts of American society. He has been a collaborator with Alger Hiss and Harry Dexter White, names that connote disloyalty, if nothing worse. Fortas has been a fraternity brother of Nathan Witt and Lee Pressman in leftist organizations which have been designated as "subversive" by the Attorney General's office and a Congressional committee.  
 FORTAS HAS twice tried to suppress news stories, one concerning Bobby Baker and one concerning Walter Jenkins. This was part of his well-known service as a "fixer" around Washington, notably for Lyndon Johnson whose career has required much fixing. These past connections and past services do not recommend Fortas as a man to preside over the Supreme Court where internal security and freedom of the press are supposed to be protected.  
 The Senate has the chance to perform a great and solemn duty. It can make a beginning at overhauling the runaway Supreme Court. Earl Warren's retirement suggests that two other old and tired Justices, Black and Douglas, are ready to go. The Senate, this year or soon, can start to undo the mischief that so many bad appointments have made.

### A Confused Legislature

By GARTH JONES  
 Associated Press Writer  
 If you think you were confused by the special legislative session, you should have seen some of the legislators.  
 Most lawmakers were still mumbling when they departed Austin to face the voters back home.  
 "We didn't even know what time it was when we quit," said a senator. "The clock read 12:35 but we found out later it was 1 p.m. because they had stopped the clock to conform with a resolution we passed."  
 GOV. JOHN CONNALLY called the session June 4 to take emergency action on 1969 state spending and taxing and on liquor law reform.  
 After 30 days of what several veterans called the most hectic, confused session they ever attended, the legislators found they had passed an inflation appropriations bill and a shrinking tax bill and killed a miniature liquor bill that didn't have minibottles in it.  
 TAKE THE CASE of the shrinking tax bill. The House ignored Connally's recommendation of absorbing the city sales tax and passed instead a straight sales tax increase bill that sponsors said would raise \$124 million. After the representatives had voted they heard from other sources that it was worth only \$100.2 million.  
 The Senate started off by killing the House tax version, then, when they could not agree on anything else, amended it with a franchise tax. Senate sponsors claimed the package was worth \$176 million.  
 SO DID House sponsors when they finally got the House to accept the Senate version. Hours later the estimate dropped to more than \$150 million and two days later it was finally estimated at \$160 million.  
 The inflation appropriations bill went the other way. Connally recommended spending \$465 million from general revenue. The House and Senate wanted the total raised but they could not agree how much and sent the spending package to a 10-man conference committee.  
 THE 10 MEN came up with a total that, when finally approved by both houses, was \$25 million more than the governor asked, \$16 million more than the House originally voted, and \$10 million higher than the first Senate decision.  
 The five House conferees went into the negotiations with written rules from the entire House not to insert any new provisions or money into the bill.  
 As the result the five negotiators who helped boost the compromise bill \$16 million above the total approved by the House, had to come back in the closing minutes and get other representatives to approve the \$6 million provisions and figures they added to the bill.

## To Your Good Health

### The Child Who Is Overly Active

By JOSEPH G. MOLNER, M.D.  
 Dear Dr. Molner: My niece has a very difficult problem with her 3-year-old son. He is very mischievous and selfish. He gets up on a chair and swings his arm at everything he can reach, on the table, dresser, or cabinet. He also takes everything apart. He has an extremely good memory, however.  
 He was taken to a doctor who advised sitting him on a table and holding his hands by his wrists for one hour. This has brought no results in six months. Can you recommend anything?  
 —M.W.  
 It takes more than a description to know exactly what ails a child (or a grown person), but this situation sounds very much like that of a hyperkinetic child. I would most certainly have this youngster examined at a child guidance center, a children's hospital, or a medical center which would have experts in this field.  
 The hyperkinetic (or hyperactive) child is one who is driven by some inner compulsion to be doing something all the time, not necessarily constructive. He may chatter incessantly, pester those around him, have to be moving constantly, often jumping from one activity to another.  
 He may spill things, bat them around, bang things, take them apart, jitter, walk around constantly, bedevil those around him. He's a problem at home; when he reaches school age, he is sometimes impossible — a "bad" child who won't respect the rights of others or the peace and rules of the school room. Yet he can't help it.  
 If this youngster were talking about today is, indeed, hyperkinetic, holding his hands for an hour at a time will not help him. It will only frustrate him, and build up more of this scatter-gun nervous energy which he is compelled to discharge.  
 It takes careful analysis to distinguish these cases at times: is it real hyperkinesis, or faulty family discipline, or tension from bickering, or other domestic problems?  
 With real hyperkinesis, neither discipline nor punishment

# Deluges Send Streams Out Of Banks In Texas

Deluges measuring more than seven inches in two days left streams out of banks and rural roads blocked by high water in parts of Central Texas today as heavy rains spread farther south in the state.

The Weather Bureau at San Antonio issued a special warning at 6 a.m. that particularly heavy rainfall could be expected in parts of Medina, Frio and Atascosa counties. Motorists were cautioned to be alert for flooding at low-water river and creek crossings.

Scattered light showers increased steadily along the coast after 10 a.m. from Port Aransas to near Freepoint and inland to Victoria and Bay City. A broad band of showers extended eastward from this area to 200 miles southeast of Galveston.

The Weather Bureau said a trough of low pressure over southern sections of Texas and Louisiana filled slowly, that a cold front in Kansas remained stationary and that the moist Gulf air mass would continue to hover where it is.

Overnight rainfall reports included Austin Dam 1.16 inches, Cameron 1.31, Columbus 1.33, Georgetown 6.7, Hutto 2.60, LaGrange 1.58, Lake Travis 2.31, Stonewall 1.31, Warrenton 1.83, Wharton .93, Los Angeles 1.94, Uvalde 1.90, Papatote 1.50, Charlotte 3.20, Temple 1.10, Eagle

1.43, Conroe 7.0, Houston airport .83, Schulenburg 1.54, Dime Box 1.60, Pldcoke 3.20 and Youngsfort 1.30.

Earlier reports indicated downpours Tuesday were heaviest in a triangle embracing Austin, College Station, and Temple, with amounts often varying widely from one locality to another.

College Station measured 5.21 inches of rain Tuesday and an additional 3.21 inches at Rockdale, about 40 miles to the east, brought that waterlogged town's two-day total to 7.47 inches.

Near Cameron, in the same

## ATC Marks 25th Year

The Air Training Command (ATC), of which the 3500th Pilot Training Wing at Webb AFB is a part, celebrated its silver anniversary last week.

ATC, the free world's largest training system, is the second-largest command in the Air Force. It was organized July 7, 1943, as the Army Air Forces Training Command with original headquarters at Fort Worth. Later, in July 1946, the name was changed to the Air Training Command.

Lt. Gen. Sam Maddux Jr. commands the current ATC organization with headquarters at Randolph Air Force Base.

Sixteen training bases in the United States and some 150 field training detachments around the world form the bulk of the ATC sites. ATC also has flying squadrons as tenant units at three U.S. air bases. There are more than 130,000 personnel assigned to the command, including some 16,000 instructors.

Military, flying and technical are the three primary areas of ATC's training mission. The majority of personnel involved fall under the technical training area where 600,000 individuals are schooled annually. Webb is one of nine (UPT) air bases in the ATC command.

Helicopter pilot and navigator training as well as military and officer training are additional facets of ATC.

Foreign personnel under the Military Assistance Training Program are trained at ATC. Students from as many as 60 nations attend the command's technical and flying schools.

## Telephone Books In Mail Thursday

Mail delivery of the 1968 telephone directories will begin Thursday, Harry Sawyer, manager for Southwestern Bell Telephone Co., said.

An artist's drawing of the "big spring" appears on the covers of the new directories, printed in blue ink on white covers.

Approximately 18,700 directories will be distributed to customers in the Big Spring exchange.

## Webb Gains Tips On Engineering

R. G. Webb of Texas Electric Service Company is among the 22 utility engineers, programmers and educators participating in a two-week short course at the University of Texas at Arlington on computer methods for power system engineering. The course is conducted by Dr. Mo-Shin Chen, associate professor of electrical engineering at the school. The course will conclude Friday.

vicinity, the Little River neared a 35-foot level, five above flood stage. Numerous creeks surged out of banks and the Weather Bureau warned stockmen to move cattle from lowland grazing areas.

## FLOODING

Occupants fled at least two houses in Rockdale but police said water which edged up to the doorsteps had receded by this morning.

Demonstrating the variance in moisture amounts, Austin received 2.50 inches, and that was enough to cause some minor flooding.

By early today most of the state's shower activity had shifted farther south and was bringing much lighter rainfall from Cotulla to Laredo, in parts of the Lower Rio Grande Valley and from around Corpus Christi toward Beeville and Port O'Connor.

Forecasters promised a fresh round of scattered showers in most sections of Texas by evening and a few thunderstorms in the Panhandle.

Prospects for a little cooling in northern areas of the state faded, however, as a south-bound cold front stalled across Kansas and Missouri.

Top temperatures Tuesday afternoon ranged up to 95 degrees at Cotulla, Del Rio, Laredo and McAllen and 96 at Presidio.

## LOCATIONS

**BIRDREN**  
Ferguson Oil Corp. of Fort Worth will drill the No. 1 C. R. Miller of 5,400 feet to test the upper Spraberry. It was originally drilled by James D. Birdren and abandoned at 8,431 feet in 1939. Location is 1,500 feet from the well and 650 feet from the east line of section 9-36-72. 7 1/2" survey, 14 miles northeast of Goliad.

**GLASSCOCK**  
Jack N. Blair of Midland will drill the water injection well No. 1013 to test the Westwood. It was originally drilled by Blair and abandoned at 1,100 feet from the well and 300 feet from the west line of section 9-36-72. 7 1/2" survey, 10 miles east-southeast of Stanton.

**MITCHELL**  
Standard Oil Co. of Texas at Midland will drill the water injection well No. 1415-N North Westbrook Unit, to 2,500 feet. Location is 1,100 feet from the well and 300 feet from the west line of section 9-36-72. 7 1/2" survey, five miles northwest of Westbrook.

## COMPLETIONS

**DAWSON**  
Worthinger Jr. and Eldorado Oil and Gas Inc. of Dallas has completed the No. 1-17 Clark in drilling at 8,000 feet in time and shale.

**HOWARD**  
Monaco No. 1 Lawrence pumped three barrels of new oil and 51 barrels of old water in nine hours.

**MARTIN**  
Pan American No. 1-G Slaughter flowed 4 1/2 barrels of oil and two barrels of water in 24 hours on a 1 1/2 inch choke; tubing pressure 9-7.

**APACHE**  
Pan American No. 1-4 Slaughter is at a total depth of 9,330 feet; producing 9.23 bbls. per hour.

**APACHE**  
Pan American No. 1-5 Slaughter is at a total depth of 9,330 feet; producing 9.23 bbls. per hour.

**APACHE**  
Pan American No. 1-6 Slaughter is at a total depth of 9,330 feet; producing 9.23 bbls. per hour.

**APACHE**  
Pan American No. 1-7 Slaughter is at a total depth of 9,330 feet; producing 9.23 bbls. per hour.

**APACHE**  
Pan American No. 1-8 Slaughter is at a total depth of 9,330 feet; producing 9.23 bbls. per hour.

**APACHE**  
Pan American No. 1-9 Slaughter is at a total depth of 9,330 feet; producing 9.23 bbls. per hour.

**APACHE**  
Pan American No. 1-10 Slaughter is at a total depth of 9,330 feet; producing 9.23 bbls. per hour.

**APACHE**  
Pan American No. 1-11 Slaughter is at a total depth of 9,330 feet; producing 9.23 bbls. per hour.

**APACHE**  
Pan American No. 1-12 Slaughter is at a total depth of 9,330 feet; producing 9.23 bbls. per hour.

**APACHE**  
Pan American No. 1-13 Slaughter is at a total depth of 9,330 feet; producing 9.23 bbls. per hour.

**APACHE**  
Pan American No. 1-14 Slaughter is at a total depth of 9,330 feet; producing 9.23 bbls. per hour.

**Sand Fun**  
There's more than one way to avoid getting a tan at the beach. Richard Davies, 16, of Springfield, Mass., had his friends entomb him standing up in the cool sand of Misquamicutt State Beach. Miss Christine Niedzwiecki, 19, of Worcester, Mass., nearly stepped on Richard and stopped to offer him a cold drink. The two friends that buried him left several firecrackers and a book of matches next to Richard so he could "blow himself out of the sand."

Tom Daniels, 20, said to be from Lawton, Okla., will be returned to Big Spring from Stanton to answer charges of theft under \$50 filed against him in connection with a wild chase over IS 20 west on Tuesday. When he will be placed in jail here is uncertain.

The youth is alleged to have left a Big Spring gas station Tuesday without paying \$5.20 for gasoline. He sped away to the west.

Travelling at speeds up to 130 miles an hour, Daniels outdistanced deputy sheriffs who were in his pursuit. The first unit made an unsuccessful effort to halt the car in the west end of Big Spring. This falling, a second unit pursued the fugitive westward on IS 20.

Deputy Sheriff G. D. Thurwanger of Martin County took up the chase at the Martin County line. He fired 12 shots at the speeding car in an effort to puncture a tire. Some of the slugs struck the car body but none hit a tire nor was any glass broken. Thurwanger was able almost to catch up with the youth on several occasions but each time, he said, the fleeing auto was swerved over into

the path of Thurwanger's cruiser.

Meantime, a roadblock was set up in Midland and Midland officers finally halted the driver near the Rankin Highway intersection on IS 20.

He was returned to Martin County.

A charge of speeding was lodged against him there and Justice Martin L. Gibson fined the youth \$200 and costs. Unable to pay the fine, he was placed in the Martin County jail.

"We will probably let him lay out the fine and costs," said Dan Saunders, sheriff, "but Big Spring has a hold on him, I understand."

No one was injured in the escapade, officers said.

## Thieu Thinks American Units Can Leave In '69

ABOARD USS CONSTELLATION, off North Vietnam (AP) — President Nguyen Van Thieu said today that he thinks American troops can begin leaving South Vietnam in 1969. He said the next Viet Cong offensive—expected late this month—"may be the last all-out effort from the Communists."

Thieu was reminded at a news conference aboard the aircraft carrier Constellation that he had said in April that American forces could be reduced by the end of 1968. He was asked how he felt about this now.

"I think we have moved very fast on our plan to develop our armed forces according to our 1968 and 1969 plans," he replied. "The end of 1968 is too soon, but I think from 1969 we could have a timetable for phasing out the major American units."

"But I repeat, I never hope that all American forces have to withdraw altogether at one time. There should be a progressive phasing out because we know well that Vietnamese armed forces need time to grow, to train, to be equipped and to take over more and more responsibility from the American forces."

Thieu flew to the Constellation to hand out awards to 41 officers and men for their part in the bombing of North Vietnam.

**CONTACTS THIEU**  
He told newsmen he would ask President Johnson at their meeting in Honolulu later this month to supply the South Vietnamese armed forces with more modern equipment.

"Peace explorations and the common defense efforts" will be the most important topics discussed at the meeting, he said.

"From time to time," he said, "such direct contacts between leaders is very useful to discuss many problems and above all in this crucial time where we have exploratory talks in Paris and we have the forthcoming situation in Vietnam," a reference to the expected enemy offensive.

**TOO SOON**  
"I think we have moved very fast on our plan to develop our armed forces according to our 1968 and 1969 plans," he replied.

"The end of 1968 is too soon, but I think from 1969 we could have a timetable for phasing out the major American units."

"But I repeat, I never hope that all American forces have to withdraw altogether at one time. There should be a progressive phasing out because we know well that Vietnamese armed forces need time to grow, to train, to be equipped and to take over more and more responsibility from the American forces."

Thieu flew to the Constellation to hand out awards to 41 officers and men for their part in the bombing of North Vietnam.

**CONTACTS THIEU**  
He told newsmen he would ask President Johnson at their meeting in Honolulu later this month to supply the South Vietnamese armed forces with more modern equipment.

"From time to time," he said, "such direct contacts between leaders is very useful to discuss many problems and above all in this crucial time where we have exploratory talks in Paris and we have the forthcoming situation in Vietnam," a reference to the expected enemy offensive.

## SOS Calls Reminder

Some city merchants have said they are not receiving SOS Alert System calls which originate at the Chamber of Commerce, according to Carroll Davidson, chamber manager.

The purpose of the alert system is to notify local merchants to be on the lookout for people who have attempted to defraud other merchants in the area. The chamber begins the chain of calls by telephoning several key merchants. Each merchant called notifies others until all have been contacted.

Davidson said that the chamber has received some 35 reports this year and asked city merchants to take special care in seeing that the chain of calls is not broken.

## Speedy Burglar Makes Tracks

Police are investigating an attempted burglary at Jeanne's Tavern Tuesday night.

While on patrol, police found the bottom panel of the front door broken. Upon investigation, they heard someone running from the building and followed the footprints to the east viaduct. They were unable to apprehend the person.

Joy Withrow, 1115 Lloyd, reported nothing missing from the tavern.

## WEATHER

**NORTH CENTRAL TEXAS, NORTH EAST TEXAS:** Generally fair in north part cloudy in south and warm this afternoon through Thursday. A few afternoon and evening thundershowers in extreme south. Low tonight 48 to 54. High Thursday 88 to 92.

**NORTHWEST TEXAS:** Generally fair this afternoon through Thursday except partly cloudy and a few late afternoon and evening thundershowers in west and north portions. Continued warm. Low tonight 48 to 54. High Thursday 88 to 92.

**SOUTHWEST TEXAS, EAST OF THE PECOS:** Partly cloudy this afternoon, tonight and Thursday with widely scattered showers and thundershowers mainly in south portion. No important temperature changes. Lowest tonight 44 to 50. Highest Thursday 84 to 90.

**SOUTHWEST TEXAS, WEST OF THE PECOS:** Partly cloudy this afternoon, tonight and Thursday with widely scattered showers and thundershowers mainly in south portion. No important temperature changes. Lowest tonight 48 to 54. Highest Thursday 84 to 90.

CITY	MAX	MIN

Some of the slugs struck the car body but none hit a tire nor was any glass broken. Thurwanger was able almost to catch up with the youth on several occasions but each time, he said, the fleeing auto was swerved over into

the path of Thurwanger's cruiser.

Meantime, a roadblock was set up in Midland and Midland officers finally halted the driver near the Rankin Highway intersection on IS 20.

He was returned to Martin County.

A charge of speeding was lodged against him there and Justice Martin L. Gibson fined the youth \$200 and costs. Unable to pay the fine, he was placed in the Martin County jail.

"We will probably let him lay out the fine and costs," said Dan Saunders, sheriff, "but Big Spring has a hold on him, I understand."

No one was injured in the escapade, officers said.

## City Cowboy Big Winner

DENVER, Colo. — A big-city cowboy who has always had a yearning for the wide open spaces was the big money winner in professional rodeo over the Fourth of July holiday, the Rodeo Cowboys Association said today.

Jim Houston, 27, of Omaha, Neb., won \$2,182 in bareback bronc riding and steer wrestling at concurrent rodeos in Belle Fourche and Moberly, S. D.

Houston was pro rodeo's 1962 Rookie of the Year, bareback bronc riding champion in 1964 and '65, and runnerup in 1966.

Leaders in various events include: All-around — Larry Mahan, Brooks, Ore., \$19,498; and Jack Roddy, San Jose, Calif., \$16,230; saddle bronc — Marty Wood, Diamond, Mo., \$10,876; and Shawn Davis, Whitehall, Mont., \$18,190; bareback bronc — Clyde Vamvoras, Burk Burnett, Tex., \$17,277; and Paul Mayo, Grinnell, Iowa, \$10,428; bull riding — George Paul, Del Rio, Tex., \$11,073; and Bo Ashorn, Houston, Tex., \$10,234; calf roping — Glen Franklin, House, N.M., \$17,213; and Dean Oliver, Boise, Idaho, \$11,462; steer wrestling — Jack Roddy \$16,214, and R Roy Dubbek, Boynton, Okla., \$8,993.

## DEATHS

### W. A. Fishback's Father, 85, Dies

Lasalle E. Fishback, 85, father of W. A. Fishback, Coahoma, died early today in a local hospital.

Services will be Thursday in San Basa under the direction of Howell and Dorn Funeral Home.

Local arrangements are under the direction of Nalley-Pickle Funeral Home.

He was born Oct. 1, 1882, and came to Howard County two years ago to live with his son.

He is survived by his wife, Minnie Mae; one daughter, Mrs. Arnold Langham, Eden; one son, W. A. Fishback, Coahoma; four grandchildren.

There have been reports Johnson plans another Latin journey soon, to South America.

### J. B. Knox Sr., Rites Pending

John Bunyan Knox Sr., father of John B. Knox Jr., 1313 Lexington, died at 11:30 a.m. Monday in Knoxville, Tenn. He was 88 years old and had been in ill health for some time.

Knox was notified Monday afternoon of his father's death and left Monday night by plane for Tennessee. Funeral arrangements were not immediately known.

Mr. Knox is survived by his son; one daughter, Mrs. Roy Baker, Nashville, Tenn., and two granddaughters.

### Mrs. Dulcia Bee, Services Pending

Mrs. Dulcia Bee, 80, died late Tuesday in a local hospital. She had been ill since March. Services are pending under the direction of River-Welch Funeral Home.

She was born May 29, 1888, in Ritchie County, West Virginia. She married L. L. Bee in 1904. He preceded her in death in September, 1948. She came to Big Spring in

## Thieu Thinks American Units Can Leave In '69

ABOARD USS CONSTELLATION, off North Vietnam (AP) — President Nguyen Van Thieu said today that he thinks American troops can begin leaving South Vietnam in 1969. He said the next Viet Cong offensive—expected late this month—"may be the last all-out effort from the Communists."

Thieu was reminded at a news conference aboard the aircraft carrier Constellation that he had said in April that American forces could be reduced by the end of 1968. He was asked how he felt about this now.

"I think we have moved very fast on our plan to develop our armed forces according to our 1968 and 1969 plans," he replied.

"The end of 1968 is too soon, but I think from 1969 we could have a timetable for phasing out the major American units."

"But I repeat, I never hope that all American forces have to withdraw altogether at one time. There should be a progressive phasing out because we know well that Vietnamese armed forces need time to grow, to train, to be equipped and to take over more and more responsibility from the American forces."

Thieu flew to the Constellation to hand out awards to 41 officers and men for their part in the bombing of North Vietnam.

**CONTACTS THIEU**  
He told newsmen he would ask President Johnson at their meeting in Honolulu later this month to supply the South Vietnamese armed forces with more modern equipment.

"Peace explorations and the common defense efforts" will be the most important topics discussed at the meeting, he said.

"From time to time," he said, "such direct contacts between leaders is very useful to discuss many problems and above all in this crucial time where we have exploratory talks in Paris and we have the forthcoming situation in Vietnam," a reference to the expected enemy offensive.

## Bomb Damages Two Missions

NEW YORK (AP) — A bomb explosion shattered windows in the Yugoslav and Cuban missions to the United Nations today but apparently caused no injuries.

The blast was the sixth to damage a foreign office in the city since April 22 and occurred despite beefed-up guards at consular and diplomatic agencies throughout the city.

Fire officials described the device which went off shortly after 1 a.m. as "a bomb of fairly heavy size." It exploded on the fourth floor fire escape of a residence on East 87th Street.

The residence, two missions and four other buildings which share a common courtyard off Fifth Avenue suffered damage in the blast. Part of the bomb broke through the fire escape and dug a crater two feet wide and eight inches deep, firemen said.

Cuban officials denied access to their mission to both police and firemen but Yugoslav officials took newsmen inside to show the damage.

## Army Helicopter Crash Kills Two

PALO PINTO (AP) — An Army helicopter crash killed two Ft. Wolters soldiers two miles south of here in West Central Texas Tuesday.

They were WO Peter C. Hooper, 34, of Marion, Ind., and WO candidate Dwight Mullins, about 19, of River Rouge, Mich.

Authorities said the TH55 helicopter was on a flight to Ft. Wolters, outside Mineral Wells, from a helipost east of here used in the training of Army pilots.

## Push A Button For Folk Music

AUSTIN (AP) — Students at the University of Texas can listen to "Hamlet" or folk music by pushing a button in the university's Audio Library.

A student with time to spare can check out a stereo headset, go to one of the 144 listening stations and plug in. A large chalkboard on the wall near the checkout counter shows what is playing on the listening station's 19 channels. If the student is not satisfied with the selections available, he can request that a certain tape be played or he can check the tape out and play it on one of the 48 individual tape decks in the library.

"We average 2,000 people a week during the fall semester," says Mrs. Amy Blair, the audio center's librarian.

## Odessa Couple Asks \$35,500

An Odessa couple has filed a suit asking \$35,500 damages from a Forsan man. The case has been filed in 118th District Court.

It is styled Noble Elrod and Linda Mae Elrod vs. Lloyd Dean Long.

The suit stems from injuries the plaintiffs allege Mrs. Elrod suffered in a collision on the streets of Big Spring last Jan. 1.

## Safety Program

STANTON (SC)—Russell Means presided at the Tuesday meeting of the Lions Club at Stanton. John Wood was recognized as the new deputy district governor. Jack White of the Department of Safety in Big Spring presented a program on safety. Twenty-one members and two guests, Woodford Sale of Stanton and Olen Butler of Midland, attended.

## Walter Sikes, Amarillo Rites

Walter Sikes, brother-in-law of Lee H. Wigman, 1001 E. 15th St., died at 10:30 a.m. today in Amarillo.

Mr. Sikes had been in ill health for the past week. He had visited quite often in Big Spring and was the builder of the Lamesa Golf Course. His wife preceded him in death six years ago.

Mr. and Mrs. Williamson were leaving for Amarillo this afternoon to make funeral arrangements.

## Speedy Sooner Shuns Slugs During Wild Chase Thriller

Tom Daniels, 20, said to be from Lawton, Okla., will be returned to Big Spring from Stanton to answer charges of theft under \$50 filed against him in connection with a wild chase over IS 20 west on Tuesday. When he will be placed in jail here is uncertain.

The youth is alleged to have left a Big Spring gas station Tuesday without paying \$5.20 for gasoline. He sped away to the west.

Travelling at speeds up to 130 miles an hour, Daniels outdistanced deputy sheriffs who were in his pursuit. The first unit made an unsuccessful effort to halt the car in the west end of Big Spring. This falling, a second unit pursued the fugitive westward on IS 20.

Deputy Sheriff G. D. Thurwanger of Martin County took up the chase at the Martin County line. He fired 12 shots at the speeding car in an effort to puncture a tire. Some of the slugs struck the car body but none hit a tire nor was any glass broken. Thurwanger was able almost to catch up with the youth on several occasions but each time, he said, the fleeing auto was swerved over into

the path of Thurwanger's cruiser.

Meantime, a roadblock was set up in Midland and Midland officers finally halted the driver near the Rankin Highway intersection on IS 20.

He was returned to Martin County.

A charge of speeding was lodged against him there and Justice Martin L. Gibson fined the youth \$200 and costs. Unable to pay the fine, he was placed in the Martin County jail.

"

# BIG SPRING Business Review

7-A BIG SPRING (TEXAS) HERALD, WEDNESDAY, JULY 10, 1968 7-A

## Thomas Office Supply Has Every Item For Business

Progress is what everyone likes to see, to make progress is to give the required service in your particular type of business. A complete stock of merchandise is important to quickly serve a customer.

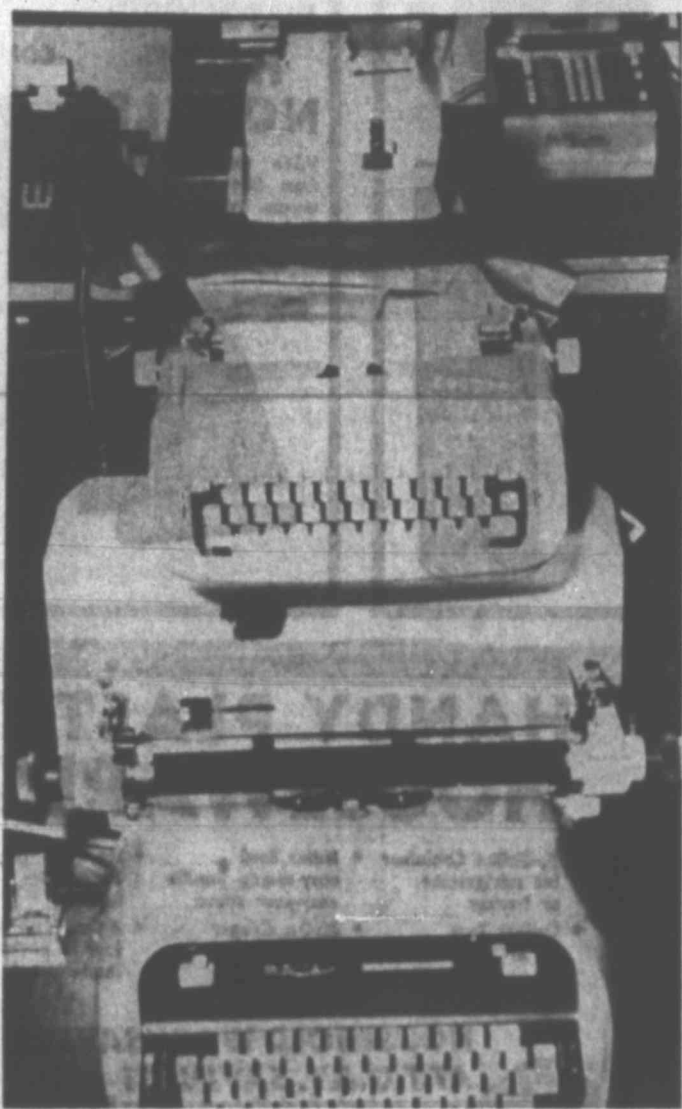

At Thomas Office Supply, 101 Main, in downtown Big Spring, you see thousands of items that are needed in an office — or at home. They pride themselves always to have the necessary office supplies for their customers.

The Wilson-Jones Manufacturing Company bookkeeping supplies are carried, also with B&P Supplies and National Bookkeeping supplies. Royal Typewriter Co. has been represented a good many years at Thomas Office Supply where they serve customers with fast and satisfactory typing with Royal Electric and regular office models. Royal Typewriter, a division of Litton Industries, are manufacturers of an adding machine (Royal) which is fast, durable and small with 11 columns and credit balance for a very reasonable price.

**STOCK**  
Ledge sheets, binders, filing cabinets, chairs, storage cabinets, desks, shelving, desk lights, brief cases and many more items are among those stocked. To really appreciate the complete stock of office supplies and equipment, you should visit Thomas Office Supply. To check their stock or for repairs on your Royal typewriters and adding machines, call 267-6621 for quick service.

They stock the Norelco Dictating and Transcribing Machine which offers supreme efficiency and superb design. The Norelco 84 dictating and transcribing machine incorporates the latest in technical advancements. One of the many revolutionary technical developments is the Norelco magnetic type cassette — the smallest cassette ever which is easy to handle and easier to mail. It holds 40 minutes of dictation, yet measures only 3 1/2 by 3 1/2 inches.

The tape on the Norelco 84 is threaded by an ingenious automatic tape threading system. Simply place the cassette in position and press a lever. It's automatically threaded — your fingers never touch the tape. Best of all, this magnetic tape is reusable over and over again.

COMPLETE OFFICE EQUIPMENT Thomas Office Supply carries everything

The Norelco features fully remote control from the microphone, full transistorized and built-in conference recording.

**COPIERS**  
The Speed-O-Print Electrostatic Copier is also stocked at Thomas Office Supply. The all new desk-top copier that tops the field in performance and value. Single copies are delivered in only 14 seconds; multiple copies at the rate of six per minute. Speed-O-Print's exclusive Dri-Pak toner is premixed and sealed in a disposable cartridge which is easy and quick to handle. The copies are very low in cost. There are no meters — no minimum. The Speed-O-Print produces dry black and white permanent copies of every image and every color — printing, typing, pen, pencil, crayon drawings or photographs — of

practically every original. Wherever there's a need for copies of correspondence, reports, surveys, etc., there's an urgent need for the Speed-O-Print. Stop in at Thomas Office Supply and let them show you the magic of this simple copier. They have a typewriter to meet your needs — regardless whether it is for office or home use. One of their top sellers, the new Royal 660 Electric, gives you the world's most advanced keyboard. There are eight repeat controls that repeat only when you want them to. It also features the "error control" which allows for half-forward spacers for fast corrections. In the Royal 660, you get push button ease with the new Royal Auto-Feed carbon ribbon threading completely automatic. Hands

need never touch the ribbon which saves time and tempers.

**PREFERRED**  
The big key-top target areas help reduce errors. Shift key, carriage return, backspace, tab key and cylinder knobs are all larger, easier to see, to reach and to touch. Laboratory tests with professional typists showed that the Royal 660 keyboard design is preferred over any other. The new Royal 660 Electric offers posture-planned comfort. Its low-level keyboard is designed to human engineering specifications. Exclusive Roy "Finger-Flow" keys permit maximum word speed with minimum fatigue. Contour shape of keys cradles fingers; uniform short dip insures steady rhythm with fewer mis-strikes. No other typewriter offers as wide a range of touch control.

Another popular typewriter is the Royal 550 which features a sensibly priced big electric for volume work. This typewriter has the touch control selector enabling the typist to adjust the machine to his individual needs. It increases typing comfort and reduces the fatigue that so often causes errors.

The Royal 550 fingerflow keyboard and keys are designed for human comfort. Key action is fast, yet secure with the new Association of American Standard's key arrangement. It also has the magic monitor which automatically adjusts type bar for number of carbons, resulting in clear last carbons and no perforating of originals.

**MANUAL**  
The Royal 40 is one of their popular manual typewriters. It features many of the fine points of Royal typewriters, such as Magic Margin and Magic Tab. The Twin-Pak makes ribbon changing fast and your fingers never touch the ribbon. The Royal 40's touch control adjusts the entire keyboard to individual touch which helps you type at your best speed.

The Royal Ultronic gives you office electric performance in a new personal size. It is rugged, full-powered and versatile for use in the home or office.

Thomas Office Supply carries a complete line of portable typewriters. Stop in and let Mr. and Mrs. Eugene Thomas and Mrs. Don Anderson show you a typewriter to meet your needs.

## STATE NATIONAL BANK

### Backed By Experience

At the State National Bank, you can bank on their banking experience. Nine tellers have a total of 158 years of bank experience which more than qualifies them to meet the needs of the customers.

The tellers, whose chief duties are taking and paying money, are actually in the public relations department of the banking business for there are many customers who have done business with the State National Bank for a period of years and whose only experience at the bank has been with the tellers. Mrs. Bonnie Arrick is head teller and those serving as tellers in the bank are Mrs. Jewel Camp, Mrs. Mildred Cherry, Mrs. Mary Ann Vaughn, and Ynez Yanez. Drive-in window tellers are Miss Janice Bollinger, Mrs. Anita Hickey, and Mrs. Jackie McKinney. Mrs. Fay Reed serves as collection teller.

STATE NATIONAL BANK Experience you can rely on

**DEPOSITS**  
Besides taking care of the customers that come into the bank, the tellers take care of the deposits that are mailed in and those that are placed in the night depository. It is their responsibility to see that the deposit slips are properly made out and that the checks being placed for deposit are correctly endorsed.

Each teller must keep the money at their assigned post counted and properly balanced. Since the amount of money constantly changes through the incoming and outgoing procedure at the cage, this takes accuracy. Part of their time each day is spent in securing information for their customers. People need to know the balance of their personal account or if a particular check has reached the bank. According to the tellers, something new is always coming up and their job is never monotonous. If you should take a check to a bank for cashing where you are not known personally, do not

feel bad if you are asked a number of questions. This is routine procedure for the tellers are trained to watch for certain points in cashing checks. The teller must judge whether to cash a check or to refuse to make payment on it.

**CHECKS**  
They cannot accept a check that shows any sign of being changed or a check written with a pencil. Also they are not permitted to cash checks having "Hold" or "To Hold" written on them. If a check is made payable to two people, both are required to be present to make the endorsement when cashing the check. Tellers are trained to ask for identification when cashing checks for individuals they do not know and when the check is on another bank. Being asked for identification just means the teller is doing his job. They are

told to be suspicious of anyone who tries to make an impression by telling you he knows. Checks to be cashed must not be dated ahead nor should the date be too old. Most establishments do not wish to cash checks whose date is over 30 days old. They are taught to avoid cashing a check for intoxicated persons. They must also know state laws governing signatures. If a check is signed with a mark for a signature, it must be properly witnessed. They are careful to watch all foreign checks and money orders to see that they are written in the equivalent of U.S. dollars. For example, Canadian dollars are currently worth less than U.S. dollars. Mrs. Reed, as collection teller, makes collections for individuals and firms that have turned accounts over to the

bank. She keeps records on the collection made and the payment that is in turn made to the individual or firm. She also sells traveler's checks and cashes bonds. It is also her duty to answer inquiries that come in by mail on savings accounts and personal checking accounts.

**TELLERS**  
The nine tellers at the State National Bank are busy people, but never too busy for a friendly smile and concern for banking problems of their customers. Personalized service in banking is featured at three drive-in windows at State National. The drive-in service has been in service for approximately three years and has constantly increased the number of customers served. It is not unusual for one booth to have nearly 300 customers in a banking day.

## Call Language Clinic Meet

A group of physicians and educators will meet Thursday to discuss the possibilities of a language disability clinic at the Dora Roberts Rehabilitation Center.

The meeting has been called to determine if there is sufficient personnel in Big Spring to set up a clinic for children with language disabilities.

The proposed clinic would provide diagnostic evaluations of language disabilities of children in the Big Spring area and treat them on a multi-discipline level.

It would seek to guide student referrals to the proper specialists in order that he might compile the necessary information for accurate diagnosis, evaluation and recommendations.

Attending the 5:30 p.m. meeting at the First Federal Savings and Loan building will be local pediatricians, educators, psychologists, optometrists, ophthalmologists, directors of the Abilene and Odessa Rehabilitation centers, and local medical advisory board of the Dora Roberts Rehabilitation Center.

**Judge Caton To Call Docket  
In District Court July 19**

Judge Ralph W. Caton, of 118th District Court, has set 15 criminal indictments for disposition at a jury docket to open in his court on July 22 at 10 a.m.

He will sound the docket at 2 p.m., July 19, and warned that all defendants should be in the courtroom at that hour.

A jury panel is to be on hand July 22 to serve in any of the cases which may be marked ready for trial that week.

The court also notified bondsmen of the defendants it is their duty to make certain that their clients are in court.

Two men charged with robbery by assault are probably facing the most serious of the complaints on the docket. They are Ronnie G. Fisk and Roy L. Goswick, accused of robbing a tourist couple of their camper.

Another defendant faces life imprisonment if he is convicted. He is Miguel E. Pineda, under indictment as an habitual criminal and accused of failing to stop and render aid after an accident.

The other cases and the defendants are:

Ellis Dyer, DWI second; Doyle Sanders, felony worthless check; Herb Werner, embezzlement; Max Yocum, embezzlement; Stanley Owens, theft; Samuel E. Dominguez, worthless check, and theft; Joe Edward Barron, DWI second; Laverne Norwood, forgery; Richard Roland Green, burglary; Russell Headrick, two forgery indictments; Alberto Ortiz Gonzales, DWI second and Russell Headrick, forgery and passing.

**'Fat Man' Mystery**

LOS ANGELES ((AP) — Police have been hunting a man who robbed four San Fernando Valley banks of \$6,791, leaving notes signed "the fat man." Police Monday arrested Richard A. Clifton in a motel and booked him on suspicion of robbery. Clifton, officers said, is a thin man.

**Moss Donation**

LUBBOCK (AP) — The extensive law library of the late Judge Paul Moss of Odessa has been donated to the Texas Tech School of Law. It consisted of 137 cartons.

Moss was the first city attorney of Odessa and became judge of the 70th District Court. The donation was from the widow and the judge's daughter and son.

The bidding: East South West North  
3♣ Pass Pass Dble.  
Pass 4♥ Pass Pass  
Pass

Opening lead: Five of ♠.  
The preemptive opening bid is a two-edged weapon. While it frequently serves to interrupt the easy flow of information between opponents and 'subjects them to high level guesses during the auction, it sometimes backfires against its user by providing valuable information concerning the distribution that enables a perceptive declarer to make an unnatural play.

Observe South's performance in this hand, where he found himself the declarer at four hearts after East had opened the bidding with three clubs.

West opened the five of clubs and East played the queen and then cashed the ace. The shift was to the deuce of spades. South put up the ace, for there was no question in his mind concerning the location of the king. East had already shown up with nine points in the club suit and the declarer reasoned that his opponent would not have made a preemptive bid if he held an honor on the side.

While the normal play in the heart suit is to lead over to the king and then finesse the jack on the return, South was convinced that the queen of trumps was held by West. If West has the ten as well, then there is no way to avoid the loss of a trump trick. If East has the ten, however, then South can pick up the entire suit by an unusual play.

Declarer led the jack of hearts from his hand. West played the five, North the six, and East followed with the deuce. The king and ace of hearts picked up the remaining trumps and South drove out the king of spades by playing the ten. When he regained the lead, he cashed the queen and jack and discarded the three of diamonds from his hand. His losses on the deal were two club tricks and one spade.

Observe that it would not have availed West to cover the jack of hearts when that card was led, for East's ten must succumb to a finesse on the return.

SWIMMING, NATURE STUDY, GAMES, CRAFTS AND ARTS

## City Recreation Program Combines Many Activities

By BRENDA GREENE

Swimming, nature study, games, arts and crafts — that's what summers are made of.

The Big Spring city-wide recreation program has combined these activities to attract some 195 elementary school age children to its summer program.

The program, which last summer concentrated its activities at the City Park, Northside Park, and Lakeview YMCA, added two more areas this summer — ABC Park and Airport Elementary School play area.

"Instead of trying to get the children to come to us," Mike Harris, recreation program director, said, "we are going to them." The program is co-sponsored by the Big Spring YMCA, Big Spring Independent School District and the City of Big Spring.

The children are divided into three groups and rotate participation in games, arts and crafts, swimming and nature study, during the three hour period. They are supervised in games of softball, dodgeball, basketball, football, track and field, and soccer.

In the arts and crafts programs, the children work with leather, wood, and paint and many different textures. The arts and crafts section is restricted to the City Park program.

In nature study, the groups study flowers, leaves, grass, birds and other aspects of the outdoors.

From 11 a.m. to noon, the

children swim in the City Park pool.

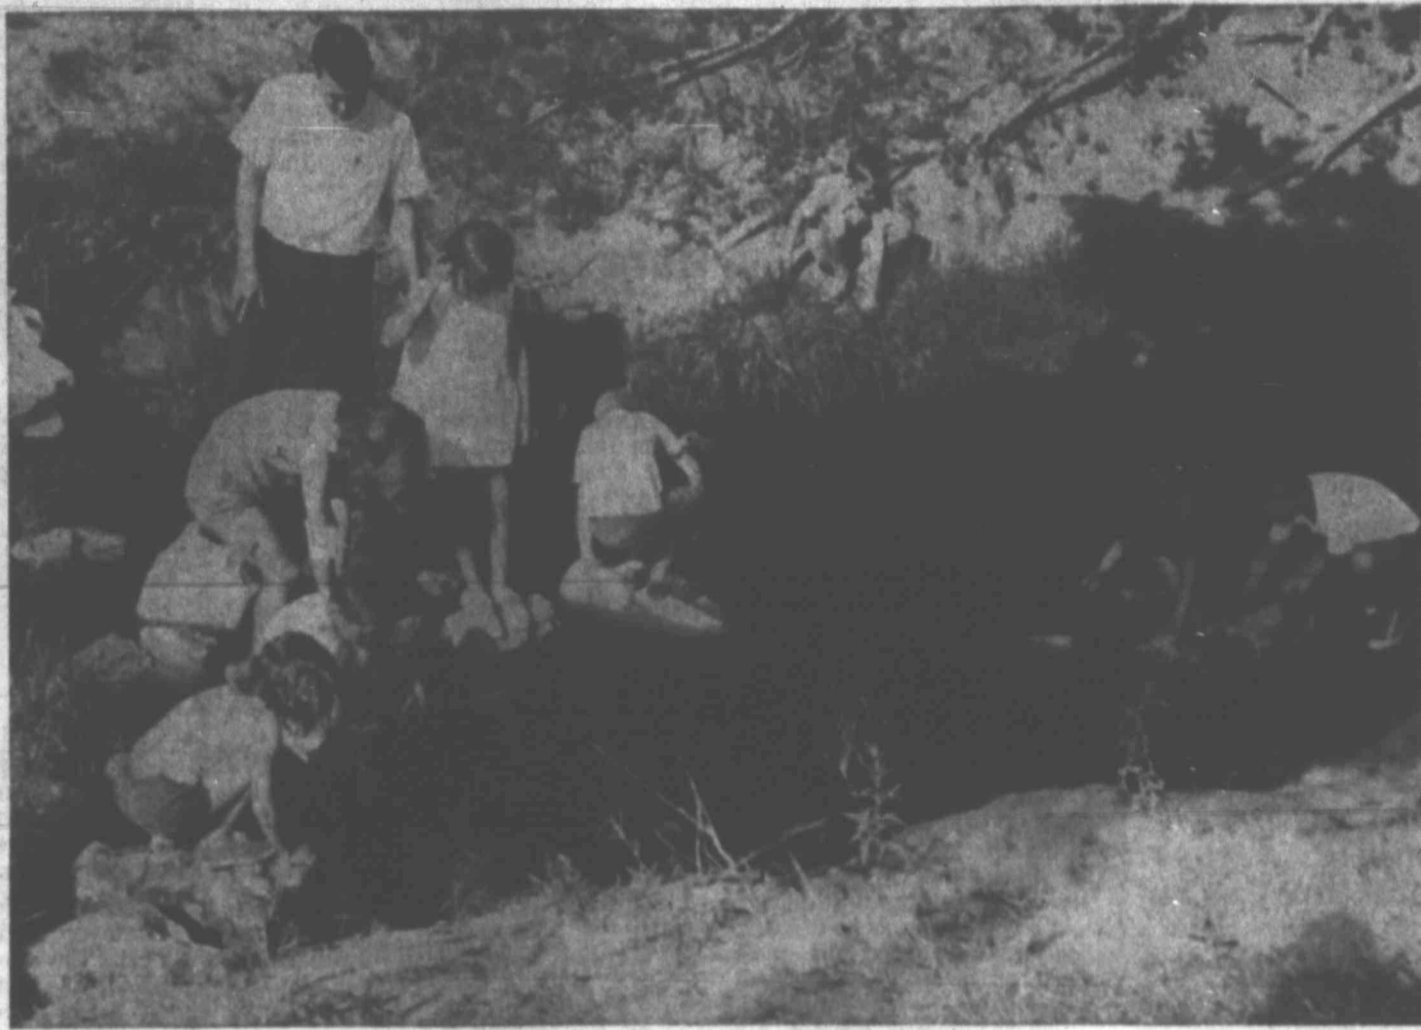

The program is staffed by nine public school teachers and coaches. Charlie Bright is head of the City Park program and is assisted by three others. Sam Dawson supervises the Lakeview YMCA program along with three assistants. Clovis Hall, head and supervises the three programs at ABC and Northside Park, and Airport.

Harris said the enrollment is about the same as last summer. Approximately 50 children are attending the program in the City Park each morning, Monday through Friday. The Lakeview YMCA program boasts 75 children in its daily program, and ABC Park has 20 enrolled, as does Airport Elementary School. Northside Park shows enrollment figures of 30 children.

The activities at Airport and ABC Park are held two nights per week, and concentrate mostly on games like softball and football, Harris said. Airport meets on Monday and Wednesday nights 6-8 p.m. and ABC on Tuesday and Thursday 6-8 p.m. Meeting times on Fridays are alternated between the two parks.

The park program continues until Aug. 2, after beginning its summer activities June 11. The program is open to any elementary school age child.

"The \$1 fee for the entire summer covers the supplies for the arts and crafts," Harris said. "However, if they are unable to pay the fee, they are not turned away."

Looking For Tadpoles

(Photo by Frank Brandon)

Among the activities of the park program is the study of nature. A supervisor joins the children in their adventures to learn about the out-of-doors.

(Photo by Frank Brandon)

Youthful Creativity

One hour each morning is devoted to arts and crafts activities. This part of the recreation program is offered only at the City Park.

## School Administrators To Map Tech Programs

Big Spring Independent School District will function as a pilot school in mapping a comprehensive program to receive various technical assistance, the board of education decided Tuesday evening.

It accepted an invitation for

the local district to serve in this capacity for Region 18 (West Texas) of the Texas Education Agency.

"PACKAGED PLAN" Basically, the local school administrators will develop a consolidated application plan

for programs involving federal assistance, and the so-called "packaged plan" will be available to other schools in the region.

At the same meeting, trustees voted to participate with the West Texas Education Center, Region 18 in the program for the 1968-69 school year. The center makes available various audio-visual services and assists in other ways in teaching aids and procedures. The local district will pay on the basis of last year's average daily attendance, or a total of \$7,052 for the services. The sum was included earlier in the school budget.

### APPROVE BILLS

Trustees, moving along through a routine agenda and concluding their meeting in less than an hour, also named Board Chairman Joe Moss as a delegate, and Mrs. R. B. G. Cowper as an alternate to the state convention of the Texas Association of School Boards, to be held in Austin Sept. 29-30. Moss urged all trustees to try to attend the sessions.

Chairman Moss also appointed Grant Boardman and Jack Alexander to confer with school tax officers and then with the city attorney to determine a future policy on handling delinquent tax collections. The present contract expires August 31.

The board approved monthly bills, accepted current status of the budget. Two members were absent, Mrs. Cowper and Jerrie Currie.

## Trustees Accept Six Resignations

Three new teachers for the Big Spring public school system were employed, and resignations from six were accepted, at a meeting Tuesday evening of the Board of Education.

In addition, the board approved appointment of Cleo Carlile as an elementary principal, the school to be assigned. Carlile, who has completed work on his master's degree, has taught in both Boydston and Runnels schools.

### Hostesses Listed

FORT WORTH (AP) — The American Airlines Stewardess College at Greater Southwest International Airport has graduated its 15,000th stewardess. The school was organized 35 years ago. About 3,000 young women currently are employed as hostesses.

Employed were William C. Curry, mathematics and coaching staff, from Floydada, 12 years experience; Mrs. Raye A. McGregor, first grade, local resident, 21 years experience; and Mrs. Anna Marie Walker, College Heights sixth grade, local resident, eight years experience.

The resignations: Miss Rex Browning, to accept another position; Mrs. Leah Gindoff, husband being transferred; Mrs. Benny L. McMullen, husband being transferred; George Robert Slade, another position; Mrs. Doris K. Vaughn, to further education; Royce R. Feaster, to another position and to study at Tech.

Supt. Sam Anderson said recent days had brought other resignations, and some additions which are to be acted upon by the board later.

WILLIE MAYS MISSES THIRD STRIKE  
Giant star scored only run of Houston

IN ALL-STAR GAME

# First Inning Run Propels National

HOUSTON (AP) — Things happen when Willie Mays is on a baseball field and that as much as anything tells why the National League won its sixth straight All-Star Game against the Americans Tuesday night.

Wonderous Willie made the difference again, scoring the only run in the NL's 1-0 victory over the Americans in the 39th All-Star renewal held in the Astrodome.

They call the Dome the eighth wonder of the world but you'd have trouble convincing the American League that Willie doesn't deserve that designation instead of the indoor ball yard.

Mays managed to build a first-inning run and in this year of the pitcher one run often is all a team needs. It was all the Nationals needed with six pitchers sharing a three-hit, 11-strikeout performance against the frustrated Americans.

The AL hitters hit only three fly balls all night and none to Mays' center field zone. But Willie fought the freezout on the bases.

Mays, who only became a starter because Cincinnati's Pete Rose broke his thumb Saturday night, opened the game with a single against Cleveland's Luis Tiant.

He led off first and Tiant threw over to Harmon Killebrew. Mays stepped back, then again led away. Again Tiant tossed and this time, disaster.

"He said the ball moved," said Tiant, quoting Killebrew. "I guess it curved."

Mays thought it glanced off his back. At any rate, the ball eluded Killebrew and Mays took off for second.

Now Tiant turned his attention to Curt Flood, St. Louis' fine center fielder who was playing left because a fellow named Mays was in the NL line-up.

Tiant fell behind and on the fourth ball, he uncorked a wild pitch that flew high over catcher Bill Freehan's head.

## Mays' Base Running Big Factor In Houston Bout

HOUSTON (AP) — Hustle won Tuesday night's All-Star baseball game and hustle has always been the trademark of 37-year-old Willie Mays.

Mays sat slumped in the National League dressing room and told how he scored the only run of the game in a pitcher-dominated 39th All-Star battle.

For Mays, the San Francisco great, he was almost solemn. He scarcely smiled.

As the leadoff batter for the National League, in the first inning, Mays drilled a grounder between the hole at third base and shortstop.

He started his fancy dig jiggling off first base and this seemed to make the American League starter, Luis Tiant of Cleveland, nervous.

"Tiant lobbed over a throw. Mays took another leadoff. Tiant whirled and threw hard to first."

"The ball glanced off my back and I saw the first baseman (Harmon Killebrew) wasn't going to be able to handle it, so I took off," Mays said.

Mays dashed to third moments later on a wild pitch that also walked Curt Flood of St. Louis.

Then Willie McCovey of San Francisco hit a hotshot off the hard synthetic turf to AL second baseman Rod Carew of Minnesota. Mays put his head down and bolted for the plate. Carew looked to home and decided to go for the double play.

## Junior Tournament Slated At Munny Course Tuesday

The scene of the junior golf tournaments being sponsored by the West Texas chapter of the PGA shifts to the Municipal course here next Tuesday.

Under the direction of Munny pro Charles Brantley, the local tournament embracing three age brackets will be staged over 18 holes. Winners will be determined in the 12-13, 14-15 and 16-17 age groups in a medal-style meet.

Winners here become eligible to take part in the Tournament of Champions, scheduled sometime during September over the Andrews Country Club.

Entry fee here is \$2 and the players will be shooting for trophies.

Upwards to 48 players have

## Rich New Meet Added To Tour

MIAMI, Fla. (AP) — A rich new golf tournament, the \$200,000 National Airlines Open, was officially added Tuesday to the Professional Golfer's Association schedule.

NAL and the PGA confirmed at a news conference that the tournament will be inaugurated next March 27-30 at the Country Club of Miami. Prize money will include \$40,000 for the winner.

Most lucrative of the tournaments is the \$250,000 Westchester classic at Rye, N.Y., sponsored by Eastern Airlines.

Best In Farm Circuit

The boys on display here teamed together to win the championship in the International league's farm affiliate, which recently completed its season. The Ravens, as they are called, finished with a 10-6 record. The boys, listed with their batting average, include, back row, from the left, coach Grady Cox, batboy Ricky Hobbs, Scott Watkins (.217),

## Batters Sing A Sad Tune In Classic

HOUSTON (AP) — "Pitchers dominated the game as they have all season," said Red Schoendienst.

"There was great pitching on both sides," said Dick Williams. "But that's the way it has been all year."

So the opposing managers, Schoendienst of the Nationals and Williams of the Americans, saw eye to eye on what made the low-scoring 1968 All-Star Game turn out as it did Tuesday night.

There were other factors, too — a big one being Willie Mays' opening single and skippy hop base running that brought in the Nationals' only run in their 1-0 victory.

But it was mainly a battle in which the All-Star pitchers had the All-Star hitters looking like they belonged on the awkward squad.

It was the Nationals' sixth straight All-Star victory.

Buckets of champagne were available in both dressing rooms but only the Nationals popped the corks.

However, the American Leaguers took the loss in stride. The only bitter player was Harmon Killebrew of the Minnesota Twins — and it wasn't the loss that bothered him.

Killebrew, the American League's first baseman, suffered a severe hamstring pull in his left leg while stretching for a low throw from shortstop Jim Fregosi in the third inning.

In obvious pain as he dressed, Killebrew shrugged off most questions with "I'd rather not talk about it."

Don Drysdale of the Los Angeles Dodgers, the starting and winning pitcher for the Nationals, said he relied mostly on the fast ball and slider.

"It seems like this is the year of the pitcher," he said. "This thing seems to run in cycles. I believe that is in the World Series and in the All-Star games the pitchers have the advantage."

Juan Marichal of the San Francisco Giants, another National League hurler, said, "We had great pitching and great defense. That's a combination hard to beat."

Tom Seaver of the New York Mets said low scoring games have been the trend all year.

"Good pitching will overcome good hitting at all times," he said. "I didn't think there would be more than five runs scored in the ball game."

Williams said he wanted to use all 25 of his players and succeeded with the exception of Gary Bell, one of his own Red Sox pitchers. Bell was scheduled to pitch in the eighth but an American League double play ended the inning before he could appear.

Schoendienst, who predicted a low score at his pre-game press conferences said, "In a game like this, the hitters don't see enough of the pitchers to get on to them."

## CITY TOURNEY IS IN AUGUST

The City Golf tournament is tentatively scheduled to begin the second weekend in August at the Munny course, says pro Charley Brantley.

The meet, according to present plans, will be completed the third weekend in August, with championship finals carded no later than Aug. 18.

Entry fee will be \$5 per person, with players shooting for merchandise awards.

Defending titlist in the meet is Donald Levelady.

# 'Veterans, Keep Out' Signs Up In Camps

CHICAGO (AP) — National Football League owners, refusing to buckle to additional player pension demands, Tuesday kept their camps closed to veterans but opened the doors for further negotiations.

The owners said their training camps would remain closed unless the Players Association permits all veterans to report but added the camps would be open to rookies for tryout purposes.

They also announced they would attempt to fulfill present game commitments "on the assumption that clubs have an adequate number of players, properly conditioned and prepared to play."

Art Modell, owner of the Cleveland Browns and president of the NFL, left the door ajar for further talks by saying, "We will be available to meet with the Players Association anytime to arrive at a mutual agreement."

Modell called the emergency meeting of owners Monday night after negotiations between the Players Association and NFL owners' representatives broke down earlier in the day.

The players want an immediate hike in their pension fund while the owners want to hold off until 1970 when the merger with the American Football League is complete.

At the completion of the meeting, Modell said the owners are prepared to continue negotiations and were in touch with the players' attorney, Dan Shulman of Chicago.

Modell said the owners were unanimous in affirming their negotiation committee's rejection of "the union's unrealistic demands on pensions."

"They took this action in view of the many uncertainties affecting pensions that cannot be determined until 1970," said Modell. "Thus, as the union has repeatedly been told, the owners will not be in position to conclude pension negotiations until the merger with the American Football League is completed in 1970."

## Estes, Talbot Register Victories In Tourney

SAN ANGELO — Denise Estes and Ann Talbot scored victories for Big Spring in the San Angelo Open Tennis tournament here Tuesday, both successes coming in the Girls 16 Singles bracket.

Denise turned back Chacki Hawkins of Odessa, 6-1, 6-2, before losing to Jan Stoup, Houston, in the second round, 6-3, 5-7, 6-3.

Ann drew a first round bye, then topped Jane Clinton of Odessa in the second round, 6-8, 7-5, 6-4.

Results involving Big Spring players:

**BOYS 14 SINGLES**  
First round — Ronald Fregoselli, Eastland, over Stewart Gunn, Big Spring, 6-2, 6-3; Joe E. Williams, San Antonio, over Gerry Martin, Big Spring, 6-0, 6-1; Robert Brodley, Houston, over Keith Grudman, Big Spring, 6-1, 6-4; Tommy Flanagan, Brady, over James Knight, Big Spring, default; John McElroy, Wichita Falls, over Steve Burnett, Big Spring, 6-1, 6-1.

**BOYS 12 SINGLES**  
First round — Mike Miller, San Antonio, over Walter Sanders, Big Spring, 6-2, 6-0.  
Second round — Scott Pool, San Antonio, over Tim Childers, Big Spring, 6-4, 6-1.

**GIRLS 16 SINGLES**  
First round — Denise Estes, Big Spring, over Chacki Hawkins, Odessa, 6-1, 6-2.

## Coers Is Added To Grid Staff

BALLINGER — Bob Coers, a 1966 graduate of ACC, has been named freshman football coach at Ballinger High School. Coers coached at Fabens last season.

Coers is the second coach named to the Ballinger staff within the past week. The other was Larry McKinn, who will handle the eighth grade program.

Doug Ruthven recently was named head basketball coach at Ballinger. A former Ballinger mentor, he had taken a leave of absence to serve time with the military.

## Ex-Cager Dead

BUFFALO, N.Y. (AP) — George Redlein, 83, a member of the Buffalo Germans basketball team which won 111 straight games between 1908 and 1910, died Tuesday in the Niagara Lutheran Home.

Youthful Contenders Tee Off At Dallas

DALLAS (AP) — A group of youthful contenders took off in pursuit of defending champion Verne Callison of Sacramento, Calif., today in the first round of the National Public Links Golf Tournament.

At least three young amateurs, including ailing Arnold Salinas of Dallas, were given chances to unseat Callison for the title over the treacherous 6,900-yard Tension East course.

Former professional golfer Gene Towery, who has been reinstated as an amateur, also is rated among the favorites, along with 17-year-old Rodney Allen and Louisiana State University sophomore Tom Evans.

The youngsters have been projected into the title picture partly because of their familiarity with the rugged Tension East course, where about three inches of grass was sheered off its rough Monday at the instruction of U.S. Golf Association officials.

Allen has posted a one-under-par 69 on the tree and water-chattered course and Salinas learned his trade on the same course alongside new U.S. Open champ Lee Trevino.

Houser Halts Colts, 1-0

Frank Houser pitched the International Little League's Talons to an impressive 1-0 victory over the American league's Colts in the second round of the City playoffs Tuesday night.

The Talons, who finished first in their league over the season, thus became eligible to oppose the American league Cabots in the International park at 8 o'clock Thursday.

Houser, in yielding only two hits to the Colts, fanned 11 and walked two. Loser Bill Whittington surrendered three hits and whiffed seven.

The Talons gained the nod in an extra inning when J. Allred scored on a bases-loaded walk.

D. Smith, B. Shook and Houser had the only hits for the Talons while Whittington and J. Watson connected safely for the Colts.

Imhoff, a starter with the Lakers, might also find it difficult beating out Chamberlain's understudy, 6-foot-9 Luke Jackson, for the pivot spot with the 76ers.

Imhoff, one-third of the manpower the Los Angeles Lakers had to ante up to get the National Basketball Association's all-time great scorer, says he's not ready to go to Philadelphia.

The eight-year NBA veteran, contacted in Los Angeles Tuesday, said he has "a lot of problems" to work out, adding: "I'm a little disappointed about leaving the Lakers since Los Angeles is my home."

He said: "I have been in contact with the general manager at Philadelphia and (General Manager) Fred Schaus of the Lakers. I'll take a lot of time and think it over."

His statement appeared to contradict 76ers' General Manager Jack Ramsay, who said in announcing the trade for Imhoff, forward Jerry Chambers and guard Archie Clark:

The Rebels surprised their way to an 11-1 sophomore league win over the Giants here Tuesday night.

David Newman, on the mound for the winners, limited the Giants to one hit. That was off the bat of Gregg Knight.

Snickle Beal accounted for four of the winners' 14 safeties.

College Wins Again, 13-5

College Baptist won its tenth Church Softball league decision in 11 starts by turning back Kentwood Methodist, 13-5, here Tuesday night.

In the first game of the evening, Forsan Baptist ran its record to 6-2 by turning back the Catholic church, 4-3.

Mac Robinson pitched the win for Forsan, although the Catholics outhit the Forsan team, 5-4.

Jackie Willis clubbed a two-run homer for Forsan in the fifth, Raymond Hattenbach led Catholic with two hits.

College erupted for nine runs in the fifth and added three in the sixth.

Roy New drove in five runs for College with a home run, double and single.

For Kentwood, Billy Johnson smashed two doubles.

ESCONDIDO, Calif. (AP) — Nat Whittington, 27-year-old defensive back for the American Football League San Diego Chargers, Tuesday said he is retiring.

Imhoff Says He May Not Report To Philadelphia

PHILADELPHIA (AP) — The Philadelphia 76ers unloaded their costly, 7-foot-1 bundle of contract worries called Will Chamberlain Tuesday but may have picked up a low-priced 6-foot-10 package of the same in the form of Darrall Imhoff.

Imhoff, one-third of the manpower the Los Angeles Lakers had to ante up to get the National Basketball Association's all-time great scorer, says he's not ready to go to Philadelphia.

The eight-year NBA veteran, contacted in Los Angeles Tuesday, said he has "a lot of problems" to work out, adding: "I'm a little disappointed about leaving the Lakers since Los Angeles is my home."

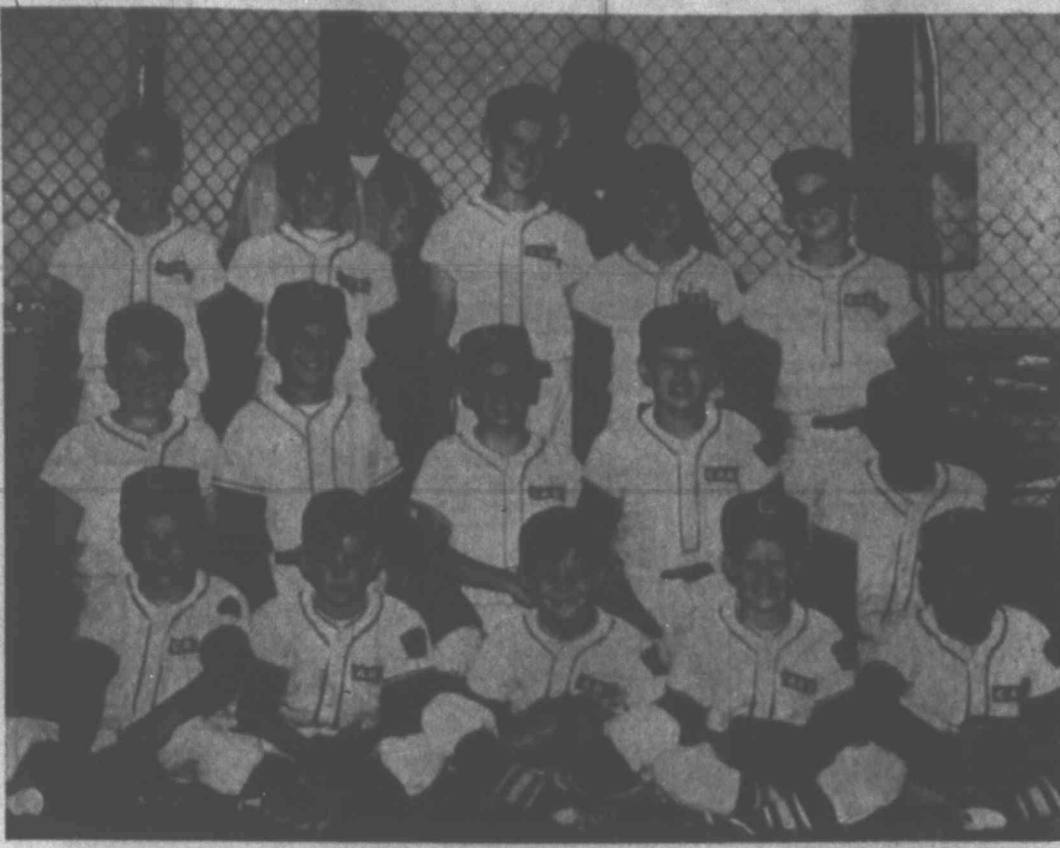

He said: "I have been in contact with the general manager at Philadelphia and (General Manager) Fred Schaus of the Lakers. I'll take a lot of time and think it over."

His statement appeared to contradict 76ers' General Manager Jack Ramsay, who said in announcing the trade for Imhoff, forward Jerry Chambers and guard Archie Clark:

The Rebels surprised their way to an 11-1 sophomore league win over the Giants here Tuesday night.

David Newman, on the mound for the winners, limited the Giants to one hit. That was off the bat of Gregg Knight.

Snickle Beal accounted for four of the winners' 14 safeties.

In City Tournament Semifinals

The Cabots of the American Little League (above) defeated the Lions of the National league Tuesday night to advance to the semifinals of the City playoffs.

Bonallack, Barnes Share Early Lead

CARNOUSTIE, Scotland (AP) — Michael Bonallack, the top British amateur, made the professionals take a back seat in the early stages of the British Open Golf Championship today.

Bonallack, a big hitter and great putter, shot a two-under-par 70 over Carnoustie's 7,252-yard links to seize the early lead under conditions which were not conducive to unusually low scoring.

His playing partner, Doug Sanders of Ojai, Calif., scored a disappointing 74-78 and said: "Michael, he is great with that little short stick and I putted like an old motorboat."

Clive Clark, the promising British professional, carded a 76 and said he was affected by the wind which struck up just as the field of 130 competitors took off in the first of four 18 hole rounds.

Hubby Habjan, club pro from Chicago, Ill., on his first trip to Britain, scored a 37-40-77. "This is sure different golf from back home," Habjan said.

"You get in some of these bunkers and you're looking straight up to the sky. It's a terrific course and it makes you think all the time."

Brian Barnes of England equalled Bonallack's 70 with a fine outgoing 33 plus a back nine of 37.

Playing with Barnes, New York's Jerry Pittman who was seventh in both the U.S. open and the Masters this year, needed 78 shots.

Bob Charles, the left-handed 1963 British Open king from New Zealand, scored a seven par 37-35-72.

CARNOUSTIE, Scotland (AP) — Defending champion Roberto De Vicenzo teed off in the first round of the 72-hole British Open Golf Tournament today with the modest conviction that at 45 he has as good a chance as any in the 130-man field to win.

"I'm 12 to 1, the bookies say," the Argentine star said. "But for my money everybody is 25 to 1. Any one of at least 25 can win it, Jack Nicklaus and all the others and me too, and so that makes all of us 25 to 1."

In fact, Nicklaus at 4 to 1 and Bill Casper at 5 to 1 appeared to be rather false favorites to master Carnoustie's 7,252-yard par-72 layout at such low odds.

A rapid shift in the weather put many of the golf stars in the running, including even some of the short hitters.

The North Sea winds which often turn Carnoustie into a tiger strangely were absent. Enough sun and overnight rain transformed the links into a sheer delight.

Rough, which some players regarded as unfair on about five holes, was cut back Tuesday to eliminate the possibility of a good shot being unfairly penalized.

The forecast was for favorable weather which could threaten Ben Hogan's 1953 record of 282 for 72 holes as well as his final round 88, as yet unbeaten in competition around Carnoustie.

After 18 holes today and another 18 Thursday, the field is cut to low 70s and ties. This again is cut back after 54 holes to the low 45s and ties with Saturday's final going for the biggest purse the British Open ever offered in its 108-year history.

Prize money adds up to \$48,000. The winner's check of \$7,500 is small compared to American standards but the man who collects it knows he will have a bonanza of more than \$100,000 in fringe benefits plus a special niche in golf's Hall of Fame.

The Pirates carried American Little League colors into the semifinals of the City playoffs by defeating the Texas league Braves, 4-0, here Tuesday night.

The Pirates, who won the American crown, were opposing the team that finished second in the Texas league. The Bucs now play the Cats, No. 1 team in the Texas league, in the American park at 8 o'clock Thursday night.

Earl Reynolds mounted the knob for the Pirates and set the Braves down by two hits. Both were by Femie Paradez.

Ronald McKee got the Corsairs off to a running start with a leadoff home run in the opening round.

Johnny Munoz, the losing flinger, yielded six hits and three boys — McKee, Ronnie Hise and Reynolds — accounted for all of those.

Proton McKee vs. Paradez 3-2; Reynolds vs. Munoz 3-0; Hise vs. McKee 3-0; Boyd vs. McKee 3-0; Vick vs. McKee 3-0; D. Travis vs. McKee 3-0; R. Travis vs. McKee 3-0; Sarsby vs. McKee 3-0.

For David Stanley, 2544 Cheyenne, Big Spring: The world record for the 100-yard dash was set by Bob Hayes (now with the Dallas Cowboys) in St. Louis, Mo., June 21, 1963, at which time Bob was clocked in 9.1.

LOOKING 'EM OVER

With Tommy Hart

Conoma has had three players in the annual all-star football game — guard Jerris Springfield in 1954, back Eddie McHugh in 1965 and back Tony Butler in 1966.

Spike Dykes, the current Big Spring High School mentor, coached two of the three — McHugh and Butler. Center Jerel Graves of this year's North team is Colorado City's third nominee for the game. The other two were back Hollis Gainey (1955) and tackle Jim Windham (1957).

Breckenridge has had no fewer than 26 players in the summer classic but none since the 1960 game, when back Jerry Gibson was chosen.

Don Robbins (1952), the former Big Spring coach, was one of the Buckies who appeared in the game.

Bill Merritt, a member of the champion tandem in last year's Big Spring Partnership Golf tournament, recently won the Andrews Invitational tournament.

The University of Washington has a new \$211,000 artificial turf in its football stadium. First visiting team to test it will be Rice University Sept. 21. Rice, of course, headquarters in Houston, where the first AstroTurf was tried and found to measure up to specifications.

Boxing champion Joe Frazier tells intimates he will get out of the game after only five more bouts. He has his title and he'll have his money by then, he points out. Joe aspires to be a recording star.

Season ticket sales of the New York Jets of the AFL have gone over the 50,000 mark, which might be a tipoff on how starved the people in Gotham are for entertainment.

Applicants will continue to be accepted by the club but will be filled only in the event of cancellations. The AFL team holds out 10,000 tickets for each game, which are sold to individuals or groups.

Present market value of Chavez Ravine, home of the Los Angeles Dodgers, is \$33 million, but owner Walter O'Malley squeals like an injured porker if its assessed valuation (on the tax roll) goes over \$8 million.

How fast is Don Perkins, veteran fullback for the Dallas Cowboys? Ernal Allen, coaching aide for the Cowboys, says Don can beat Bob Hayes for the first ten yards. Ernal also insists that Perkins can handle a 240-pound linebacker in a blocking charge with a seven-yard run at him.

Little wonder Dallas wouldn't let Perkins retire after the 1966 season.

Houston has had its wettest spring in 35 years but, because its baseball park is under a roof, the Astros haven't had a game postponed because of the weather.

Bill Giles, publicity man for the club, says that \$250,000 was saved in a recent four-game stand there because of the indoor facility. All of the series would have been washed out under ordinary circumstances.

The wet spring here has enabled the turf in all the football stadiums here to take hold.

There was a time when it seemed the sod in the new junior high stadium here wasn't going to make it.

For David Stanley, 2544 Cheyenne, Big Spring: The world record for the 100-yard dash was set by Bob Hayes (now with the Dallas Cowboys) in St. Louis, Mo., June 21, 1963, at which time Bob was clocked in 9.1.

The mark was tied by Harry Jerome in Alberta, Canada, July 15, 1966; by Jim Hines in Houston May 13, 1967; and again by Charlie Green in Provo, Utah, June 15, 1967.

# 50 Taxpayers Sign In For Interviews

Fifty property owners had signed in for interviews with the tax equalization boards of the county, city and school at the county courthouse this morning. The occasion is the annual sessions of the board on adjustment of taxes or for explanations of increases or other changes made in the tax values of real and personal properties.

Members for the property on the county rolls. Bill Smith, Bill Estes and Pat Murphy comprise the special commission to serve both the city and school as equalization board members.

The number on hand was smaller than had been generally anticipated. The county some weeks ago changed the formula by which taxes for real and personal property in the county would be determined — the change meaning an increase in the tax the property owner will have to pay in 1968. Some property has also been increased in value on the books which also means higher taxes for the owners.

## CITES ASSASSINATIONS Smith Fears Police State

WAXAHACHIE, Tex. (AP) — Lt. Gov. Preston Smith says America could become a police state unless the assassination of public officials ceases.

The Democratic nominee for governor said the American people have two choices: return to respect for the law or live in a police state.

He made his remarks Tuesday night in an address to the Shamrock Pharmaceutical Association in this North Central Texas city.

Smith said 200 American cities were torn by violent mob action this spring "supposedly in retribution for the actions of one warped mind." He apparently referred to the aftermath of the assassination of Dr. Martin Luther King.

"And yet, when the mayor of one of our largest cities commented that arsonists should be stopped with bullets, the bleed-

## Jurors Move At Top Speed

After a slow start on Tuesday morning the Howard County Grand Jury was moving at top speed today and it was predicted in the courthouse that the body would finish its work this afternoon.

Much of Tuesday morning was devoted to hearing the state's story of the slaying of Paula Sanchez Tomlinson, on Sunday night. George Uribe, 25, is in jail charged with having fired the shot, which took the woman's life. So far the charge against him is assault with intent to murder and bond is \$10,000 which he has not made.

Wayne Burns, district attorney, in deciding to take the case to the grand jury at once, said that there was no reason to go through the formality of filing a murder charge against the defendant even after the woman succumbed to her injuries Monday.

"The grand jury will decide," he explained, "the gravity of the offense. If it is murder with malice the indictment, if one is voted, will be for that crime."

Another case heard Tuesday morning was a charge of forgery habitual, against Carroll Wayne Follis. This case and that against Uribe were added to the grand jury list on Monday.

When these matters were out of the way the grand jurors immediately began work on the other complaints it was to consider. Most of these were for forgery, theft, DWI second offense and kindred felonies.

## Might Be Back

HOLLYWOOD, Calif. (AP) — Thieves tied Carla Griggs in her home and took a Medieval tapestry valued at \$500,000. The two men passed up thousands of dollars worth of furs and art objects.

## Sealcoating Work Wins Commission Approval

City Commissioners Tuesday evening approved the list of streets to receive a maintenance sealcoat, which is earmarked in the budget at \$10,000. Ernest Lillard, public works director, said the work could be done in about 20 days.

## Foes Of High Court Appointments Fading

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen says four GOP senators have abandoned their opposition to President Johnson's Supreme Court appointments and opponents "are beginning to vanish into thin air."

Dirksen said again at a news conference Tuesday that a threatened filibuster will not materialize over confirmation of Justice Abe Fortas as chief justice of the United States and Homer Thornberry as an associate justice.

Dirksen was asked if the opposition petition signed by 19 Republican senators—whose leaders have threatened the filibuster—was nothing more than a piece of paper.

"Well, I wouldn't say it's just a piece of paper," he replied. "But there are four on that list who will vote for confirmation. They told me they will."

He would not name the four and none of the 19 has announced a change in their original position.

Sen. Wayne Morse, D-Ore., meanwhile, said the Republicans "just ought to stop playing partisan politics" with appointments and accused GOP presidential contender Richard M. Nixon of favoring a "spoils system."

Nixon has concurred with the

gins to Birdwell; Grafs, from Marcy to Marshall; Miami, from Marcy to Marshall; Marshall, from Grafs to the west end; Sixteenth, to the south end at Marcy; Colby, from Marcy to Drew; Drew, from Colby to Monmouth; Monmouth, from Drew to Marcy; Baylor, from Marcy to the south city limits; Eleventh, from Marcy to Birdwell; Baylor, from Eleventh to US 50; Kentucky Way, from Baylor to Birdwell; Fordham, from Baylor to Marquette; Kent, from Fordham to Greenbrier; Greenbrier, from Baylor to Kent; Second, from Union to Birdwell; North Second, from Benton to Gregg; North Fourth, from Gregg to Ayford.

Stabilized streets on the North Side to get the seal coat include: Runnels, from Sixth to Second; Eleventh, from Nolan to east of Goliad; Goliad, from Ninth to Twelfth; Eighth, from Main to Gregg; Main, from Third to Ninth; Lancaster, from Fourth to Twelfth; Bell, from Seventh to Eleventh; Ohio, from Seventh to Ninth; Sixth, from San Antonio to Seventh.

If there is a balance of funds after these streets have been treated, the city crews will also seal coat the streets in the City Park.

# Improvements To City System Move Ahead

Two major improvements to the city's water system moved a step forward due to action by the Big Spring City Commission Tuesday evening. The commission awarded a bid for providing a supervisory control system to the system and called for bids on the construction of a bulk chemical storage unit for the water treatment plant.

The zone to be changed from 1F-2, single family residence, to R, retail. Gave third readings to two ordinances, one changing from C, commercial, to CA, central area, for the lots 600-610 on Runnels, and the other giving on premises consumption permission for the Park Inn. At Lillard's suggestion, the commission left the matter of a

The controls, which will monitor the water distribution system, were bid by three Dallas firms, the low and successful bid being \$21,900 offered by Secode. The Bristol Co. bid \$25,200.84 and B.I.F. bid \$32,915. Secode promised to do the work in 100 days.

Ernest Lillard, public works director, said he met with engineers of Cosden Oil and Chemical Co. on the advisability of the type of equipment, and the latter agreed that the planned system should be adequate. To a question by Jimmy Morehead, Lillard said local bidders were invited and several had indicated interest, but none submitted a bid.

Commissioners will accept bids Aug. 9 for a bulk chemical storage unit at the treatment plant. Estimates peg the cost for this addition at \$42,000.

From folk-singing to piano-playing to a barbershop quartet, the six students from such varied countries as Morocco and Jordan enjoyed the performances, according to Lt. Charles Hundley, foreign student officer at Webb.

Commissioners will accept bids Aug. 9 for a bulk chemical storage unit at the treatment plant. Estimates peg the cost for this addition at \$42,000.

Members of the Barbershop Quartet were Dan Conley, Lynn Hise, Bill Gipson and Paul Petterson. Mrs. Bradley was accompanied by Mrs. Baum and Miss Hayworth was accompanied by Robert Strain.

# Pollution Control Of Spring Voted

In an effort to prevent pollution of the original "big spring" site, Big Spring City Commissioners Tuesday night approved an ordinance prohibiting "undesirable activities" in the park — except in barrels provided by the city. Persons violating provisions of the new law will be subject to fines from \$10 to \$200. The ordinance was recommended by the parks and recreation commission.

ing, boating, wading, swimming, bathing, or making any other use of the waters in the spring. It also prohibits dumping trash, garbage, litter in the lake, or in the park — except in barrels provided by the city. Persons violating provisions of the new law will be subject to fines from \$10 to \$200. The ordinance was recommended by the parks and recreation commission.

# Teenage Girl Not Abducted?

CORRY, Pa. (AP) — State Police say they believe Karen Sue Cooney, the teenage girl who was found after a 24-hour search by hundreds of police and firemen, ran away from home and was not abducted.

"Five supervisors, driving city pickup trucks, will not get air conditioners in their vehicles. Public Works Director Earnest Lillard recommended that air conditioning units, costing from \$150 to \$165 each, be placed in the pickups of the street superintendent, sanitation superintendent, water and sewer superintendent, dog catcher, and park superintendent.

"We now believe this is a case of a runaway girl. This is due to some discrepancies," state police investigator Tyco Langs said Tuesday. Karen, 15, was hospitalized Tuesday after she was spotted by a helicopter pilot searching the heavily wooded, rocky country near her home outside of Corry.

Commissioners discussed the matter at great length, with Jimmy Morehead expressing the opinion that the units are "not practical" in pickups. George Zachariah suggested that one pickup be provided with a unit on a trial basis, then reconsider the others.

Police speculated that Karen spent the night in an abandoned house in the area. Police said the girl told them she hid behind a tree Monday to avoid being spotted by a light plane that had joined the search.

Morehead made the motion to deny the request, and Walter Stroup joined him in the vote. Zachariah and Garner McAdams voted against the motion, which carried when Mayor Arnold Marshall voted with Morehead and Stroup. The commission decided to go along with an expansion of the Moss Creek Lake caretaker's house, adding two bedrooms at a cost of \$2,150. Some \$1,600 is already available in the current budget, Lillard said, with only \$500 more needed to do the work.

Police speculated that Karen spent the night in an abandoned house in the area. Police said the girl told them she hid behind a tree Monday to avoid being spotted by a light plane that had joined the search.

Police are investigating three thefts reported Tuesday. Ralph Passmore, manager of the 7-11 Store, 1806 Birdwell, reported two packages of cigarettes were missing from the counter. He said two boys were in the store shortly before he found the cigarettes missing.

# Secret Service Man Fires Shot At Two Firebombers

SACRAMENTO, Calif. (AP) — A Secret Service man fired one warning shot at two Negro youths he caught approaching Gov. Ronald Reagan's home with two firebombs Tuesday night. The bombs did not ignite. Police said the incident apparently was related to disturbances which started earlier Tuesday about two miles southwest.

The Republican governor's communications director, Lyn Nofziger, told newsmen the young men approached the Reagan home on foot as the Reagans were watching television inside.

cars full of predominantly Negro youths drove into surrounding areas throwing firebombs, rocks and bottles. No major damage was reported.

In Oak Park, where police sealed off the small business district to traffic for a while, a white man was stabbed by a group of Negro youths who costed him when he got out of his car.

## Solar Flare Triggers New Wave Of Magnetic Storms

BOULDER, Colo. (AP) — Magnetic storms, triggered by the biggest, brightest solar flare in more than two years, produced an unscheduled view of the Northern Lights and again fouled up shortwave radio communications around the world Tuesday night, government scientists said.

Forecasters Karl Kildahl at the U.S. Space Disturbance Forecast Center said there is a good chance of similar phenomena Wednesday night or Thursday as a result of another major, though smaller, flare Tuesday.

And, he said, data analysis showed a 65 per cent chance of a third large-magnitude flare Wednesday, when the effect of the first was expected to subside.

Residents of the northern United States should have been able to see a reddish glow on the northern horizon Tuesday night—"like little red fingers that go up into the sky and fall down again," Kildahl said.

**BLACKOUT**

The shortwave blackout Tuesday was less troublesome than the initial magnetic storm immediately after the flare was recorded at 1:03 p.m. EDT Monday.

Those first "noise storms" knocked out transmissions between 184 and 19 megacycles, Kildahl said. Tuesday night, the storms blacked out the range between 30 and 3 megacycles, he said.

**'Cinderella' To Help Rocky**

ROME (AP)—After making a hit in Italy, Cinderella Rockefeller is going back to the United States to help the governor of New York.

"Cinderella Rockefeller" is a catchy pop tune about a young girl who meets a millionaire and you know what happens. The song's climb on the Italian hit parade, after a successful run in England and the United States, brought it to the attention of the Rockefeller for President Committee, to campaign among Italians, Puerto Ricans and Mexicans in the United States.

Gov. Nelson Rockefeller wrote his thanks to Shanda Lear, 22, who sings the tune in Italian. Miss Lear, daughter of the American engineer who makes Lear jets, agreed to have the song distributed during the campaign.

Soon after she cut "Cinderella Rockefeller," the Italian national television signed her up for six shows named after "Helloppop," the Broadway hit revue in which Miss Lear's grandfather, the late Ole Olsen, costarred.

Miss Lear, who lives in Geneva, will star in the television musical comedy series, "My Grandfather Helloppopin."

She recalls that Olsen suggested her name as a pun, so it would sound like chandelier.

Monday's flare was measured as Class 3 on a scale of brightness and size that uses Class 4 as a maximum. The last flare of comparable magnitude was in May 1966.

The flare reported Tuesday at 2:07 p.m. EDT, was rated at between Class 2 and Class 3, still considered a major. It also caused widespread shortwave transmission difficulties, mainly in the polar region.

**'NOISE STORMS'**

It is the "plasma cloud" from this flare that Kildahl said could produce another blackout and "visible aurora" on Wednesday night.

Solar flares cannot be seen by the naked eye, but through filtered viewing instruments they appear as intense white spots on the sun's red mass. Neither do the emissions pose a radiation threat to earth. The earth's magnetic shield blocks out these rays.

And because the "noise storms" affect only certain ranges in the high-frequency band, other forms of radio—and television—transmission usually are not affected.

**ESCAPE**

When the Secret Service man challenged them, they ran, dropping two bottles filled apparently with flammable liquid and with rag wicks attached. Neither caught fire.

The youths ran down the street chased by the Secret Service man who fired a warning shot into the air. Nofziger said, adding that no one was reported hit.

One youth jumped into a car which sped away and the other outran pursuers, which by that time included state police officers, the Reagan aide said. Neither youth was caught.

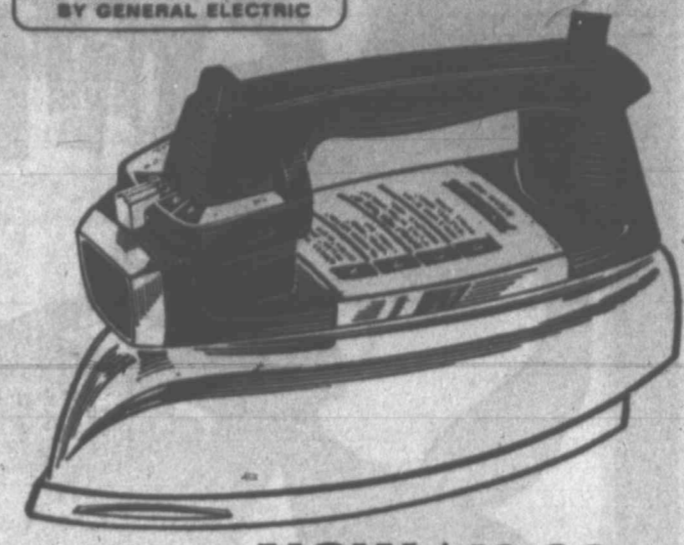

He said Reagan and his wife Nancy were unaware what was happening outside.

Nofziger said Reagan did not want to comment on the incident immediately.

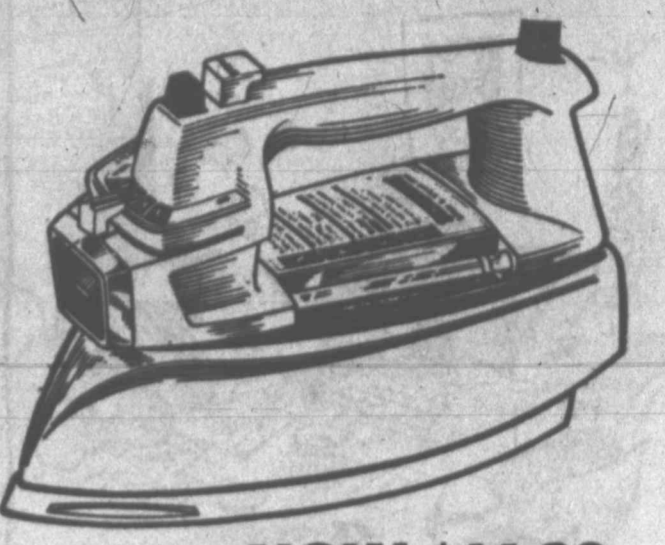

**DISTURBANCE**

**Three Off-Duty Police Stage Wild Gun Battle**

NEW YORK (AP) — Two patrolmen were shot and wounded when a gun battle erupted Tuesday night among three off-duty city policemen following an automobile mishap on the Cross-Bronx Expressway.

The injured were identified as probationary patrolman Nicolo J. Danisi, 34, in critical condition with a head wound, and patrolman John Dalton, 41, in serious condition with a chest wound. Both were in Jacobi Hospital.

**CAR FUSS**

Police, who promptly began an investigation of the incident, identified the third man as detective Frederick Gibson, 28, of the Bureau of Special Services.

All three were dressed in civilian clothes and driving their own cars when the incident began about 10:15 p.m.

The car driven by Dalton stalled on the expressway in the East Bronx where the roadway is partially blocked by construction.

Danisi was in a car backed up behind the stalled vehicle and he got out and walked up to Dalton's car. Police said the two men started arguing.

**SHOT IN CHEST**

Gibson, who was several cars away, told police he saw Danisi pull out his wallet and display his shield to Dalton.

A police spokesman said Gibson then saw Dalton shoot Danisi, the bullet striking the probationary patrolman above the right eye.

Police said Gibson then took cover behind a car and, drawing his revolver, ordered Dalton to drop the gun. But, Dalton fired at Gibson instead, police said.

Returning the fire, Gibson shot Dalton in the chest.

All members of the force are required by police department regulations to carry their service revolvers with them when they are not on duty.

**Dear Abby**

Shorts Are Too Short

DEAR ABBY: I read your column every day and must admit you sure do get some pips, but I think my problem takes the cake.

It's a neighbor of mine, (I'll call him "Frenchie") who is always out in his yard, puttering around, wearing only a little French beret and his UNDERPANTS. I don't mean regular swim trunks, or Bermuda shorts either. He wears those little brief, clingy jockey shorts — and that is all! Now is he some kind of nut?

When I have guests over, they see Frenchie out there in that get-up and wonder what kind of a neighborhood this is.

Frenchie is very anti-social, so it's not like I could be talking to him one day and subtly drop a hint that maybe he ought to dress up a little more to go outside. So what should I do?

DEAR SEEN: Tell Frenchie that you have "seen everything" and it's too much. Ask him, in a nice way to please wear outdoorsy shorts while he's outside. If that doesn't work, tell your guests that you have some kind of a nut for a neighbor.

DEAR ABBY: My husband has been suffering from a muscle-deteriorating disease for the past 11 years. He is 42 and hasn't been able to walk for four years, so he's in a wheelchair.

I hold down a job and am trying to raise three children, in addition to being a nurse to my husband, which is not easy.

I am 40, attractive, and I miss dancing, swimming, and bowling, which I once loved. Would it be wrong for me to accept the occasional companionship of a

is some advice. **FRUSTRATED DEAR FRUSTRATED:** If you honestly don't want to become emotionally involved with another man, don't go swimming, dancing, or bowling with one. It may start out innocently enough, but it rarely ends up that way. You say you have missed a lot.

Well, your husband has also missed a lot. And that "set-son" you didn't want to hear about having taken your husband "in sickness and in health" would not be a bad one to review. What if the "shoe" were on YOUR foot, which wasn't going anywhere?

**Horoscope Forecast TOMORROW —CARROLL RIGHTER**

**GENERAL TENDENCIES:** You now find that you can build and organize your whole life on such a sane, sensible structure that you are able to do more of the things that mean something to you. So, from early A.M. until late P.M., be busy engaged in action and accomplish this very purpose. Then you can enjoy the good life of all.

**ARIES (March 21 to April 19)** Although engaged in some secret deals, be sure you don't neglect those things that make you more successful in your particular career. That civic matter can be dealt with without disturbing so much.

**TAURUS (April 20 to May 20)** Have you started operating on a new selling plan that can bring in more profits for you? What are you waiting for? Get support you need from persons who have been adamant before this.

**GEMINI (May 21 to June 21)** The old route could be pretty annoying to your right now when you are more modern-minded, so get into the swing of things. Buy those new gadgets that are both fun and profitable.

**MOON CHILDREN (June 22 to July 21)** If you want to really get along fine with partners, you had better forget mistakes that have been made on both sides. Fine opportunity now to benefit and get out of present rut. Be optimistic.

**LEO (July 22 to Aug. 21)** Plan the months and years ahead so that others see you have a fine business head on your shoulders. This is not the first day to follow through on ideas of new and interesting personality. Wait for a better day.

**VIRGO (Aug. 22 to Sept. 22)** Get busy with that personal affair you have to settle and stop being conned by some big operator. Find some way to get made to show loyalty and affection now. Don't be cheated out of what is rightfully yours. Be firm.

**LIBRA (Sept. 23 to Oct. 22)** Why wait for an associate to get the fine, new plan started? If any problems arise, just be calm and you soon resolve them. And for heaven's sake, stop being so detected at home where you have become almost a fixture.

**SCORPIO (Oct. 23 to Nov. 21)** Do something that proves to good friends that you are very loyal and stop working so hard when they are around. In fact, you need a little vacation. You can meet one who can help you to expand. Be wise.

**SAGITTARIUS (Nov. 22 to Dec. 21)** Forget pleasure now and see what influential persons think of you, how much they will do for you in the future. You need more information on how to do your job better. Get it from the right sources.

**CAPRICORN (Dec. 22 to Jan. 20)** Some new associate can be very fascinating and you should get into his, or her good groove. Forget that worrisome problem that has been haunting you. Evening is best spent gathering information. It is interesting. Have a happy attitude.

**PISCES (Feb. 20 to March 20)** Find out just what your relative position is with an ally who comprehends the modern way of handling present duties. Really cement better relations. Forget about finances right now — the actual money isn't important.

**Speech Therapist Joins Rehab Staff**

Mrs. James A. Rogers joined the staff of the Dora Roberts Rehabilitation Center Monday as speech therapist. She is a spring graduate of the University of Alabama where she received her bachelor of arts degree in speech therapy.

For the past three years she has worked in speech therapy through the university.

A qualified speech and hearing therapist, Mrs. Rogers will work on a part time basis until October. Plans have been made to begin an intensive therapy program Oct. 1 and she will serve as full-time therapist in the program.
