

Replacement Arrives

Maj. Francis D. Noonan shows his replacement, Lt. Col. John B. Trumble, some of the book work involved in his new assignment as Webb's Civil Engineer. Maj. Noonan had been the base's chief of the civil engineering for the past two years.

Col. Trumble Assumes Post Of Maj. Noonan At Webb

The desk chair in the civil engineer's (CE) office at Webb AFB was not vacant long. Replacing Maj. Francis D. Noonan, who left for an assignment with the Air Force Institute of Technology (AFIT), is Lt. Col. John B. Trumble. Although Col. Trumble has been at the base for several weeks, he did not take command of the CE division until Maj. Noonan vacated the office this week. The colonel's most recent assignment was as executive officer for the Pacific Air Force's (PACAF) Deputy Chief of Staff for Civil Engineering, Headquarters, PACAF, Hickam AFB, Hawaii. He spent most of his three years there as director of resource planning. The colonel has also been stationed in Vietnam and the Pentagon, Washington, D.C. While stationed in Southeast Asia for two years, he served as director for civil engineering for the Air Force Advisory Group, a part of the Military Assistance Command. In his six years at the Pentagon, Col. Trumble spent the first three years as special projects officer in the management branch of CE. His last three years were spent as chief of the Missiles Facilities Branch, within the Directorate of Civil Engineering. In this capacity, he was concerned with the operations and maintenance of missile sites and their allies equipment. Other past duty assignments of the colonel include the University of Colorado's Air Force Reserve Officers Corps (AFROTC) detachment, the Air Command and Staff School, civil engineer at Johnson AFB, Japan, and the Civil Engineering Staff Officers School. Col. Trumble entered the U.S. Army in 1942. The following year he switched to the Air Corps and was graduated from flight school at Lubbock Field. His first assignment as a pilot was with the 12th Combat Cargo Squadron in Burma. There he recorded 98 missions in the C-47 and B-25. After the war, he took part in the Berlin Air Lift. He received a bachelor of science degree from the University of Nebraska's College of Agriculture. He and his wife, Evelyn, have six children. Maj. Noonan's assignment with AFIT takes him to the General Electric Corporation plant in Cincinnati, Ohio, where he will work in the industrial maintenance division. His job, part of the "Education With Industry Program," is designed to give Air Force officers a first-hand view of modern industrial management. While at Webb he instituted and supervised many major changes in the CE division and throughout the base. He was also the chief spokesman for management in local negotiations with the American Federation of Government Employees. Maj. Noonan was stationed at Webb two years.

Missing Leatherneck Killed In Viet Clash?

DA NANG, Vietnam (AP) — A U.S. Marine investigation is reported to have decided that a white man killed by a U.S. reconnaissance patrol in a clash with an enemy squad was a young Leatherneck missing since 1965. Marine sources said the shabbily dressed figure was shot at less than 20 yards as he led an enemy charge. They said as he fell he cried out, "Help me Help me!" Four survivors of the patrol, shown photographs of missing Marines, picked out the picture of the 18-year-old Leatherneck whom the investigation finally centered on. Marine sources gave this account: The Marine patrol was operating about nine miles south of Phu Bai on July 15 and stopped for lunch. Shortly after noon, one of the nine Marines saw a 15-man North Vietnamese unit approaching through heavy underbrush. The leader was young, with pointed Caucasian features, fair skin, and blond hair. The startled Americans held their fire until the enemy was only 20 yards off and more North Vietnamese had come into view.

ROCKEFELLER'S FORCES FIGHT NIXON SURGE Favorite Sons To Stand Fast?

MIAMI BEACH, Fla. (AP) — A strategy contended today that Nelson A. Rockefeller has sealed off a quick presidential nomination for Richard M. Nixon with an informal agreement of major favorite sons to stand fast on the first two ballots of the GOP convention next week. Leonard W. Hall, the New York governor's convention manager, said he had been assured that Govs. George Romney of Michigan and James A. Rhodes of Ohio would hold their powerful delegations in line for two roll calls. He thinks about 30 favor Rockefeller and 15 support Nixon. John S. Andrews, Ohio state chairman, said in a statement that the Ohio delegation will remain uncommitted when the convention opens. He added that Rhodes's name will be placed in nomination as the state's favorite son. But he gave no indication what would happen after that. The Rockefeller and Nixon camps both assess Rhodes as a man likely to leap for the bandwagon once it is clearly identified as rolling. Neither pretends to guess Rhodes's thinking at the moment.

Demo Convention Delegates Confronted By Cab Strike

CHICAGO (AP) — The Democratic National Convention, once confronted by a lack of communications, now faces the possibility of a dearth of taxicabs. The threat to transportation springs from a contract dispute between the Yellow and Checker Cab companies and Local 777 of the Democratic Union Organizing Committee, an affiliate of the Seafarers International Union. Yellow has 2,166 and Checker 1,500 of the 4,600 licensed cabs in the city. The 934 others are independents. A management spokesman said Thursday it had heard rumors of a strike Aug. 6 against the Yellow and Checker firms. The union contract with the union expired June 30. The drivers have worked without one since then. "A strike would offer minimal inconvenience to convention delegates," said Jerry Feldman, president of the Checker Cab Co. He said "hundreds of cars" could be loaned by automobile companies and buses could be rented. "We have a number of automobiles to pick up delegates and honored guests," said Martin Hauan, director of public affairs for the Democratic party. The convention is scheduled to open Aug. 26 in the International Amphitheatre, five miles from the downtown business district. A strike of the International Brotherhood of Electrical Workers against the Illinois Bell Telephone Co.—now in its 87th day—threatened to move the convention out of Chicago. But an agreement permitted members of the striking union to install telephone, television and teletype equipment in the amphitheatre on a voluntary basis beginning July 25.

All Bandsmen To Meet Monday

Junior high and high school bandsmen have been asked to meet Monday to make plans for the bands for the coming year by Bill Bradley, high school band director. High school bandsmen are to meet at 7 p.m. in the high school band hall and junior high musicians are to meet at their respective schools at 9 a.m. New students in the area should check with Bradley sometime Monday morning, he said.

90th Congress Might Stay In Session Till Christmas

WASHINGTON (AP) — The 90th Congress, scattering after today for a month's recess, will be back in September to grapple with an array of major bills and an historic controversy that could keep it here till Christmas.

Overshadowing all else when the unwelcome election-season session begins will be the possibility of a filibuster over President Johnson's Supreme Court nominations.

POLITICS

This prospect and the impact of the two national political conventions prompted Senate Democratic Leader Mike Mansfield to say Thursday that "after the recess there will be a lot of politics and little substance."

"I wouldn't be surprised if we stayed here the rest of the year," he added.

If Congress does, it will be the longest election-year session since World War II.

The nominations of Abe Fortas as chief justice and Homer Thornberry as an associate justice of the Supreme Court, plus gun controls and the nuclear nonproliferation treaty are the major items facing the Senate.

But that chamber must also wrap up action along with the House on such things as the farm bill, foreign aid, education and financing the war in Vietnam.

RECESS

House Speaker John McCormack, D-Mass., said the House is counting on a quick session. With the lengthy battle building over the Supreme Court, however, the House likely will have to await the Senate's pleasure before much is accomplished.

Complicating the situation will be the question of a recess for the November elections and the impact of the election itself.

Besides a new administration, voters will elect more than 30 senators and all 435 Representatives.

The Senate Judiciary Committee this week shelved any action on the Supreme Court nominees until Congress reconvenes after Labor Day. But it is doubtful the matter will reach the floor quickly even then, if at all.

The committee must decide whether to reject the nominations or report them to the floor and then majority and minority reports must be written. The whole process could take days, even weeks.

Sen. Robert P. Griffin, R-Mich., leader of the fight against the nominations, claims the support of 40 colleagues from both sides of the aisle which, if true, would mean more than enough votes to keep prolonged debate from being shut off.

Even in the unlikely event the Supreme Court matter is settled quickly, gun control legislation could erupt into a major and

President's Program To Put 500,000 On Jobs Dragging

WASHINGTON (AP) — President Johnson's program to put 500,000 hard-core unemployed work is off to a slow start, say project officials, partly because employers demand too many skills and the unemployed want too much money.

The program, operated by the National Alliance of Businessmen, has received thousands of pledges of jobs from industry, but it is having trouble filling the openings.

NAB administrators in 10 major cities covered in an Associated Press survey agreed that job pledges far exceed placements, although officials in only four of the 10 could provide exact figures.

MORE PAY

In those four—Newark, Cleveland, Chicago and Pittsburgh—pledges totaled 21,477 and jobs filled added up to 668.

Nonetheless, officials expressed confidence that the joint government-industry venture eventually will succeed. Jack McGowan, NAB director in San Francisco, put it this way: "It is a little too early to judge the long-range effect, but we are encouraged by what we consider a newly aroused section of public conscience. We are optimistic."

Program administrators in the 10 cities surveyed said problems encountered most frequently were:

—Jobs offered sometimes require skills the hard-core unemployed do not possess.

—Job pledges often do not pay well enough to encourage the unemployed to abandon their welfare checks.

RED TAPE

—Some jobs evaporate before NAB can produce applicants for interviews.

—Placement procedures, the process of matching an applicant with a job, have been slowed by administrative red tape and manpower shortages.

—Job pledges sometimes go unfulfilled because transportation problems are prohibitive.

When the National Alliance of Businessmen was launched last January under the leadership of Henry Ford II, chairman of the Ford Motor Co., its goal was to put 100,000 hard-core unemployed to work by next summer and 500,000 to work by the summer of 1971.

In June, Johnson called on the NAB to find another 200,000 jobs for needy youth this summer and congratulated Ford on NAB's "remarkable performance" in securing 133,000 pledges of permanent jobs from companies throughout the country.

Job pledges for both the permanent and summer job programs have come in fast, NAB officials say—in some cases much faster than they expected. But pledges are one thing; placements another.

New Deputy

Sheriff A. N. Standard announced Thursday appointment of Eddie Owen, resident of Big Spring for 11 years and a former Oklahoma peace officer, as a member of his staff of deputy sheriffs.

Horoscope Forecast FOR TOMORROW —CARROLL RIGHTER

GENERAL TENDENCIES: Arguments, contentions. It will with others certainly cause this to be a very adverse day and evening for you. So make it a point to get out from under that onerous burden that is set to servitude you as well as everyone else and show you can consider the other fellow and his feelings as your own.

ARIES (March 21 to April 19): If an associate is acting rather peculiarly, find out what the matter is instead of letting this silent gripe go any further. You had better vent your tongue before going out on that sun trip. Conditions are not quite right now.

TAURUS (April 20 to May 20): Look about you and see what needs to be fixed or gotten rid of. Expenses cut down as well, difficulties, etc. A fellow worker has a crisis. Listen patiently to him and then placate easily.

GEMINI (May 21 to June 21): When something don't get angry but listen calmly. Then find the right reasonable solution to the problem. Everything can turn very nicely then of home in the future.

MOON CHILDREN (June 22 to July 21): You think that same problem has no good solution, but by relaxing and thinking objectively, you know exactly what to do. That new idea coursing through your mind is just not ripe as yet. Shave it off.

LEO (July 22 to Aug. 21): Take real care in driving or you can get into a very bad situation that is best avoided. Be sure you cooperate more with others, too, or you get into some unnecessary arguments. Avoid points of contention.

VIRGO (Aug. 22 to Sept. 22): You have to use more practical methods if you want your monetary affairs to be more healthy. Put aside that worry you have and get right into the work ahead of you. Use your head instead of your emotions.

LIBRA (Sept. 23 to Oct. 22): You want

Local Performers For Movie Are Being Sought

Producers for "The Midnight Cowboy" are seeking local performers for parts in the movie being filmed in part in Big Spring and Stanton.

"We would like rodeo-type performers, gospel singers, a 40-50 year old Negro male musician, boys 19-24 years old, and a blond man, six foot one or two, 19-24 years old," Michael Childers said Thursday.

Interested performers should call Childers at the Ramada Inn at 263-1311 before 5 p.m. for an appointment.

Opening lead: King of ♦

In today's four spade contract, South—the declarer—drew a useful clue from West's failure to enter the auction.

West opened the king of diamonds and East followed with the five, the lowest card outstanding in the suit. West switched at trick two to the queen of clubs.

Declarer, after some deliberation, played low from both hands—permitting West to hold the trick. The club continuation was taken in the closed hand with the king. The ace and jack of spades drew two rounds of trump but, when East showed out—discarding a club, declarer switched to the ace of clubs on which he disposed of the four of hearts from his hand.

The ace of hearts was cashed next and then the queen was led from dummy. East covered with the king and South ruffed. The North hand was reentered with the ten of spades, drawing the last trump, and declarer discarded the ten of diamonds on the jack of hearts. Another diamond trick was conceded to the opposition and South scored up the game, having lost two diamonds and one club.

The North was gratified by his partner's success, he asked South at the conclusion of the deal why he had rejected the straightforward finesse in hearts, in favor of a more complicated play.

"My decision was based on West's failure to bid," was South's reply. "The play to the first two tricks revealed that West held the ace, king of diamonds, and the queen-jack of clubs. If he had the king of hearts in addition, that would give him 13 high card points, sufficient to open the bidding as the dealer. His silence convinced me that East probably held the king of hearts, in which case the normal heart finesse would fail."

Observe that, if South finesses West for the king of hearts, East is in, and, on the diamond return, the defense cashes three tricks in that suit.

lengthy floor battle.

The House has approved a bill to ban the mail-order sales of rifles, shotguns and most ammunition, and the Senate Judiciary Committee has reported a similar measure to the floor.

But there is a strong movement in the Senate for adding registration of firearms and licensing of owners. Although the House soundly rejected such provisions, Senate backers plan to fight for them on the floor.

Despite the formidable tasks that remain, the 90th Congress can count major legislation in its second session.

those horrid AGE SPOTS*

fade them out

*Weathered brown spots on the surface of your hands and face tell the world you're getting old—perhaps before you really are. Fade them away with new ESOTERICA, that medicated cream that breaks up masses of pigment on the skin, makes hands look white and young again. Equally effective on the face, neck and arms. Not a cover-up. Acts in the skin—not on it. Fragrant, greaseless base for softening, lubricating skin as it clears up those blemishes. Already proved so effective that over five hundred leading department stores, thousands of drug stores, endorses and feature it. If you have these age-revealing brown spots, blotches, or if you want clearer, lighter skin, begin using ESOTERICA today.

ESOTERICA SOAP softens skin, helps clear surface blemishes. Combats dryness.

Czechs Express Giant Doubts

PRAGUE (AP) — Czechoslovakia's liberal communist leaders assured their countrymen Thursday night that they held their own at the showdown meeting with the Russians, but thousands of demonstrators in Prague expressed skepticism.

News that the Prague leaders had agreed to meet the four other Soviet bloc opponents of their policies brought demands from demonstrators that the new talks include Romania and Yugoslavia, who support the liberalization course.

MEET SATURDAY

The meeting will be held Saturday in Bratislava, the capital of Slovakia, and the Russians also will attend.

President Ludvik Svoboda in a television address said the Soviet Politburo agreed at the four-day meeting with the Czechoslovak party Presidium to support Czechoslovakia's new reforms. He pledged that he and his associates would not be swayed from their course.

Many were reluctant to believe that the Russians had given such a pledge without wresting major concessions.

Thousands roamed Prague after Svoboda spoke. They demanded that party chief Alexander Dubcek or another top proponent of the new Czechoslovak concept of communism tell them what really happened.

FREEDOM

A crowd of about 10,000, most of them young people, shouted, "Freedom! freedom!" in Prague's ancient town hall square. National Assembly Chairman Josef Smrkovsky, who attended the conference with the Russians, insisted that the caucus had brought "full success" for the Czechoslovak leadership. But he drew boos from persons suspicious of surrender.

Says American Leaders Are 'Impudent Liars'

PARIS (AP) — The spokesman for the North Vietnamese delegation to the Paris talks charged today that each time the United States advances peace proposals it intensifies the war in Vietnam. This shows that the American leaders are "impudent liars," he declared.

Nguyen Thanh Le was commenting at a news conference on recent statements by Secretary of State Dean Rusk and President Johnson and the announcement Thursday that 4,000 new American troops had arrived in South Vietnam.

Linking the troop arrival with Johnson's appeal to world opinion to urge North Vietnam to match U.S. restraint in limiting the bombing of North Vietnam, he said, "This shows again that each time the United States advances proposals of peace, it makes a new intensification of the war. . . . All this shows that the American leaders are impudent liars."

Le said that the statements by Rusk and Johnson in the past few days and the sending of new troops "is new evidence showing that the government of the United States continues to press the war against the Vietnamese people, clings to its colonialist and warlike position in the official Paris conversations and continues obstinately to demand reciprocity."

Colorado River Project Approved

WASHINGTON (AP) — Congressional leaders have reached agreement on a \$1.3 billion project to funnel Colorado River water to the arid Southwest.

Estimated costs of the project once called "a sort of a Western TVA"—run equal to the amount of money the federal government spent on TVA in its first 20 years of existence.

But the compromise forged from different bills Thursday by a House-Senate conference committee winds up as primarily an irrigation project, including an obligation to provide Mexico 1.5 million acre-feet—457 trillion gallons—of water annually.

OPPOSITION

The conferees did not restore a stricken proposal to build two hydroelectric dams in Arizona. Conservationists complained the dams would have flooded part of the Grand Canyon.

The congressmen also imposed a 10-year moratorium for any studies on virtually drawing water from ocean to ocean by tapping the Colorado watershed into the Columbia River system in the Northwest. That proposal had encountered heavy opposition in the Northwest.

What the bill does authorize is a system to deliver Colorado River water to the Phoenix and Tucson areas; flood control and water storage projects in Colorado, New Mexico and Utah; a coal-powered electric plant to take the place of the Grand Canyon dams and studies to see how more water can be fed into the Colorado by tapping neighboring rivers and streams or controlling the weather.

TUG OF WAR

The bill also assures that California will get at least 4.4 million acre-feet of Colorado water a year.

The tug of war over the water between Southern California and the Southwest had snarled the proposal in court fights and Capitol Hill squabbles for 20 years.

The compromise bill, which is to be presented to the House Sept. 4 and expected to encounter little opposition, was viewed as a crowning achievement for Sen. Carl Hayden, D-Ariz.

Panel Receives Industry Tips

STANTON (SC) — The industrial committee of the Martin County Chamber of Commerce met Wednesday evening at the Belvue Restaurant. Bill Terry presided.

The committee was assisted in conducting a simulation program on how to interest prospective industry to the area by Oscar Castillon, head of the area development division of Texas Electric Service Co.; his assistant, Bob Browder, both from Fort Worth; James E. Heath, representative of the Texas Industrial Commission for West Texas from Austin and Bob Mills from the area development division of Pioneer Natural Gas Co. from Amarillo.

Twenty-five local businessmen took part in the meeting which was a part of the industrial training program being carried on in Stanton.

Nixon's Campaign Pros Establish Command Post

MIAMI BEACH, Fla. (AP) — Richard M. Nixon's campaign forces have established a command post and an elaborate communications center behind chicken-wire barricades on the top floors of a beach-front hotel.

From there, the former vice president and his key aides will call the shots in next week's showdown battle for the Republican presidential nomination.

Newsmen who toured the area Thursday first noticed that hallways in the 15th through 18th floors of the new Hilton Plaza Hotel had been blockaded with barricades constructed of chicken wire.

"SECURITY" Private guards stationed at the barricades turn away all persons except those wearing special badges issued by Nixon headquarters.

"Security," a Nixon aide explained. He said the barricades, which resemble 6-foot high fences, are necessary to keep the hallways clear of crowds. He added the bare chicken wire soon will be decorated with Nixon campaign posters.

Gov. Nelson A. Rockefeller also has a massive communications operation at his disposal. From his 15th floor suite in the Americana Hotel, Rockefeller will have direct telephone lines to the convention floor and to a command post his aides have established in an apartment building near Convention Hall.

a real
VACATION

Copyright 1968
Kaiser Advertising Service, Inc.
Staunton, Va.

They had waited for this *real* vacation — this long trip — for years. But this time it was different, this time he wouldn't be going back to his job. At first, retirement seemed frightening, like being shut off from the mainstream of life. He had seen too many men age beyond their years, after their career ended. He had no wish to be on the sidelines. He and his wife could have moved to a warmer climate and just have taken it easy. He didn't want that. So, before he left home, he had a long talk with his minister.

He found that there was plenty a man his age could do. Financially secure, he could afford to volunteer for a job. In fact, through the Church there was work he could do that would spread to the farthest corners of the world. Right now, he is enjoying this vacation. He is savoring every moment of it. Because, when he gets home, he's going to lead a full and useful life. And that's the way he wants it.

THE CHURCH FOR ALL . . .
. . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Bell's Rebels Run Into A No-Hitter

Perman Corporation's classy hurler, Jay Carey, celebrated his 15th birthday Thursday. Big Spring's Bell Mayflower wishes it had been the day before.

Those who are 15 before Aug. 1 are too old for the Sophomore league. Carey celebrated this good fortune by tossing a no-hitter at the Rebels, beating them 3-0 and booting them out of contention in the Sophomore Teenage District I baseball tournament.

Carey struck out 16 of the 25 batters to face him. He gave up three walks, but two came with two out and were followed by strikeouts. The other was followed by an error, putting a man on first and second, so Carey promptly whiffed the next two batters.

Perman won it in the second with two runs, and Steve Johnston poured salt in the Rebels' wounds with a solo homer in the bottom of the sixth. Perman played errorless ball and earned the right to face Katy

Castings at 8:15 p.m. today for the title. David Carter hurled good ball, allowing but five hits, most of them scattered. The box score:

Morton, Webb Cop Victories

Morton's staved off a Sterling City rally and won 5-3 in a City Softball League game here Thursday evening, while Webb AFB jumped all over Sterling in the nightcap, 12-0.

Morton's scored two runs on a pair of hits in the first round and was never behind. Cole's triple scored Posey and Bill Blair, who had walked and singled, after two were out in the last inning.

In the second game, Webb scored four runs in each of the first and second innings, and duplicated this in the final frame. They did it all on only seven hits. Sterling committed six errors. The box scores:

Los Angeles Dodger manager Walter Alston has electrodes fastened to his chest before last night's Dodger-Giants game in an experiment concerned with occupational stress. The calm Alston didn't get very excited — there were no arguments with the umpires — but the device did show his heart rate increased by about 30 per cent at times, to more than 120 beats a minute. Cubs Clout Astros, 4-1

CHICAGO (AP) — The Houston Astros managed one run Thursday but the Chicago Cubs put together four to win 4-1 as pitcher Joe Niekro posted his fifth straight victory.

Houston scored in the sixth inning on Norm Miller's double and single by Hector Torres. Catcher Randy Hundley of the Cubs slammed his fourth home run of the season in the second inning. It was the 10th Chicago homer in the last three games.

Rainbow Girls Go To Canada

Five local residents were among the hundreds of United States citizens who attended the supreme assembly of the International Order of Rainbow for Girls in Toronto, Ontario, Canada, July 18-25 at the Royal York Hotel. Approximately 4,000 girls attended.

Attending from here were Mrs. Carlton Hamilton, who accompanied a group of 33 Rainbow Girls by bus from Dallas, and Mr. and Mrs. Carl McGlothlin and their daughter, Ayn, who made the trip by private car.

At the convention, 71 Texans were present for the "Texas Breakfast" where Mrs. Victor Whitfield of Dallas, supreme inspector, was an honored guest.

Mrs. Agnes McCloud of Kansas City, Kan., presided as supreme mother advisor, and the other supreme officers were all members of the Toronto assembly. Among countries represented were Australia, Japan, Germany, the United States and the Canal Zone. Ranking of states in the number of members are Ohio, first; Texas, second; and California, third.

At the Tuesday morning session, the devotion was given by a deaf mute assembly from Little Rock, Ark., which "sang" "How Great Thou Art" in sign language. New supreme officers were elected and installed, and the next assembly was scheduled for 1970 in Cleveland, Ohio. A highlight of the Texas girls stay in Canada was a visit to the House of Parliament.

A number of historic and interesting spots were visited by the Rainbow Girls on their trip to and from Toronto. In McAllister, Okla., they visited the grave of Mark Sexson, founder of Rainbow, and in Joplin, Mo., they stopped at the Will Rogers Shrine. In the same area they visited the George Washington Carver monument and the St. Louis Zoo as well as the Gay 90's Melody Museum. In Springfield, Mo., near the Lincoln home and memorial, the girls held church services with the tour director, Mrs. Charles Harcum of Dallas as speaker and the grand chaplain, Jackie Carswell, and grand music director, Nancy Blount, assisting.

The Henry Ford Museum in Dearborn, Mich., was another stop, as was Niagara Falls, Lincoln's birthplace at Hoganville, Ky., and the "Grand Old Opry" at Nashville, Tenn., where the girls were requested to rise and sing "The Eyes of Texas."

Two other historical places on the tour were the Downtown Presbyterian Church in Nashville which was built in 1814, and "Hermitage," home of Andrew Jackson. The girls returned to Dallas July 28.

Cosmetics Shown To Wives' Club

Mrs. Leorene H. Axelrod gave a cosmetic demonstration at Thursday's meeting of the Airmen Wives Club in the John H. Lees Service Club at Webb Air Force Base.

Mrs. David Wallace served as a model for the correct application of makeup.

Mrs. Jim Williams presided and announced a carnival will be held at Webb AFB, Sept. 2, and the club will provide a booth. The swim party will be held Aug. 24 at the Airmen's pool and afterward, watermelon will be served at the service club.

Guests were Mrs. Jack Grouell and Mrs. Dwayne Hoodly. Anyone interested in joining the club is requested to call Mrs. David Wallace, 267-2784, after 5 p.m.

Odessa Honored By Rotary Anns

STANTON (SC) — The Rotary Anns of the Stanton Rotary Club honored Mrs. Jack Rogers, of Odessa, wife of the district governor, at a salad supper Tuesday evening at the home of Mrs. Jack Woodrow.

Fashion Recalls Doughboys

Like something left over from World War I, this white leather doughboy helmet with buckled chin strap by designer Jack McConnell was previewed recently at the fall millinery fashion show in New York.

Be Fastidious In Personal Grooming

It takes more than figure and attractive suit to make a bathing beauty. It also takes careful attention to one's arms and legs.

Before every trip to pool or beach, be sure the limbs and underarms are clean shaven. To avoid nicks and scrapes, use a light touch with a sharp blade. Always finish up by splashing good quality hazel on the skin.

A LOVELIER YOU

Style Long Hair In Many Unusual Ways

By MARY SUE MILLER

A lovely writes: My hair is quite long. It swings several inches below my shoulders. And intend to keep it that way. Short curly styles are not my dish. There's just one problem — when the weather is hot I like to get my hair off my neck. But I'm no good at piling it up. Suggestions, please.

The answer: Long hair can be styled many ways. That's one of its charms. Arrangements are easier to do and stay better if you use a circle clip as a base. The gadget is found in mock tortoise shell at drug stores and notion counters. It is equipped with rounded teeth which lock the body of the hair in place.

Two newsy arrangements call for brushing the hair straight up from the hairline all around the head. When satin-smooth, the hair is clipped smack on the crown. The free ends can then be treated in two ways:

- You can roll them into a soft, round cushion — roll backwards to form a pouf, join sides of pouf with pins in the back, secure all squarely atop the head. For fun, ring with twists of wool or gold cords.
- Divide loose hair crosswise into two sections. Roll upper section forward and under section backward so as to create two bouncy coils and then pin down all edges. Tucked between the coils a small flower or bow looks marvy.

MODEL TYPE
Is your hair a problem, Miss Teen? Then send for my leaflet, "Teen Tresses, Model Type." It tells how to correct such ailments as oily hair and flaky scalp; flyaway, unmanageable, lackluster locks. Included, too, are styling tips and model grooming quickies. For your copy write to Mary Sue Miller in care of the Big Spring Herald, enclosing a long, self-addressed, stamped envelope and 15 cents in coin.

Shouldn't Your Child Have The Advantages OF A GARDEN SCHOOL?

To a child of any religious faith, St. Mary's Episcopal Day School, nursery and grades, offers a solid educational foundation.

Teachers are trained by Miss Mae Carden to conduct a full curriculum of Language Arts, Math, French, . . . everything essential to the making of an outstanding student.

Advantages include a strong emphasis on reading, spelling, vocabulary skills . . . comprehension and concentration . . . the individual attention afforded by small classes.

Limited enrollment is now open for the '68-'69 school year. Bus service is available.

TUITION:
Kindergarten . . . \$21 mo.
Grades . . . \$31 mo.

Interested parents are invited to call the church office for information: 267-5962

Westbrook Girl At Baptist Camp

WESTBROOK (SC) — Carole Bell will spend the next four weeks at the Baptist encampment in Glorietta. She was accompanied to camp by her parents, the W. A. Bells, who returned Sunday. The group also visited with the Charles Popes and the Rev. Kenneth Address family in Monahans.

Mr. and Mrs. T. A. Rees have returned from Mt. Pleasant where they attended funeral services for a nephew.

Melody Ford of Lamesa is a guest of Kay Hirt.

Carla Rice of Big Spring is visiting Julia King. Her parents, the Doyle Rices, are visiting in California, and they were accompanied by Homer Rice of Westbrook.

Mrs. Larry Wellman and sons, Dan and Shawn, of Detroit, Mich., returned home Monday following a visit in the home of her parents, the George Bacons. The Bacons' son, Junior Bacon of California, was also here.

Miss Vickie Chambers of Midland was a weekend guest of her parents.

Bobby and Alan Moody accompanied their grandfather, Herman Moody, on a recent visit to Hico.

Mr. and Mrs. Jimmy Brock are vacationing in Nevada.

Paul Densmore Announce Birth

Mr. and Mrs. Paul Densmore, who live in Sao Paulo, Brazil, are the parents of a daughter, Polly Kathleen, born a week ago today. Mrs. Densmore is the former Rosemary Donica, daughter of Mr. and Mrs. L. H. Donica.

Family Is Re-United In Scranton

WESTBROOK (SC) — Descendants of the late Mr. and Mrs. John McKee of Plattsburg, Miss., held their fifth annual reunion Sunday at the home of the E. G. Johnsons in Scranton. Thirty-three attended from nine cities. Oldest present was Mrs. T. L. Ramsey, 79, of Putnam, and the youngest was Scott Hendrick, 8 months, of Roswell, N.M.

In attendance from Westbrook were Mr. and Mrs. Altis Clemmer, accompanied by the Curtis Clemmer family of Colorado City and Kelly and Teri Hinds of Big Spring. Others were the families of Clarence Collins, and J. H. Morgan, Abilene; S. W. Webster, Stanton; R. L. Clemmer, Brownwood; Ross McIlroy, Austin; Jerry Hendricks, Roswell, N.M.; Jack Ramsey, T. L. Ramsey, Putnam; and E. G. John, Scranton.

Home League To Sell Pillowcases

The Ladies Home League completed work on pillowcases at Wednesday's meeting in the Salvation Army Citadel. Proceeds from the sale of the handmade cases will be used for mission work in Mexico.

The group divided into units for work in activities including cleaning the League kitchen and installing new dishes, (a recent gift) visiting members in the hospital and serving refreshments at the Veterans Administration Hospital.

Mrs. (Capt.) Bart Deggs announced that Envoys and Mrs. H. C. Segro will assume the responsibility of the corps while the Deggs are on vacation. Approximately 10 attended.

TOPS Club Gives Free Hair Style

Mrs. W. J. McNew won a free hair style for a six-week weight loss at the Tuesday meeting of the TOPS Pounds Rebels at the YMCA. Mrs. Henry Adkinson and Mrs. McNew received their fourth 10-pound TOPS badge.

Mrs. Henry Stewart presided and 16 members reported a total 24 1/2-pound weight loss. Mrs. Howard McChristian was named assistant weight recorder and scrapbook chairman. She was presented a gift for losing the most weight during the past week. Mrs. Doyle Bussell won the attendance prize.

The next meeting will be Tuesday and Mrs. McNew will be in charge of the program.

Sermons To Be Preached at 10:55 Services During

"Our Month of Evangelism"

REV. LEO K. GEE, Pastor
Will Deliver These Sermons

Aug. 4, 1968 "Can We Really Believe In A Personal God?" MARK 11:22-23
Can we who are caught up in this age of science, technology and all really believe in a personal God?

Aug. 11, 1968 "What Does It Mean To Be Lost?" ST. LUKE 19:1-10
Who are the lost? What does the Bible say about the lost? What can be done about the lost?

Aug. 18, 1968 "Let Christ Change You" MARK 1:15-20
Can we admit that we would like to be changed? Are you really happy being the person you are?

Aug. 25, 1968 "Is The Church Still Needed?" MATTHEW 14:12-20
Many are saying "those things once performed by the church in our society are being taken over by other agencies or organizations and the church is no longer needed." Is this true?
