## 'FUNNY MORALS' Stewardess Loses Job; Legal Bedmate

MIAMI, Fla. (AP) — An unmarried stewardess with a lover or even a baby is fine, Celeste Lansdale says, but an airline clipped her wings over a legal bedmate.

Today, Mrs. Lansdale and her lawyer husband, Richard, will make a claim for unemployment pay. United Air Lines fired her after seven years of work and four years of wedded bliss.

### PRETENDED

"I have pretended, well, sort of pretended, that I was living with a man," the 29-year-old blonde related Sunday night, "and that seemed to be all right."

She said United decided several years ago "that it would be all right for a stewardess to live with a man, but they couldn't make it legal."

"I've known of stewardesses being granted maternity leave, but they couldn't marry," she said. Even after the wedding bells tolled, Mrs. Lansdale, flying under her maiden name, was asked if she was married.

"I told them no, because I expected that was the information that they wanted," she said. "I had known other stewardesses that had told them this."

### LIE ABOUT IT

"The union told me to go ahead and lie about it. It's a shame to be dishonest, but they have kind of funny morals at United Air Lines."

Mrs. Lansdale is appealing an earlier decision from the Florida Industrial Commission that she "voluntarily quit work" by marrying.

She said the commission refused to consider federal prohibitions on discrimination. "We just feel they're very wrong in doing that."

Frank Preissle, a United official in Atlanta, said Mrs. Lansdale "violated the rule by getting married, so we had no recourse but to release her."

## LUCINDA DESHA

### Robbs Decide On Name For Baby

WASHINGTON (AP) — President Johnson's new granddaughter has been named Lucinda Desha Robb.

The first name is a combination of the names of the President's two married daughters — Luci and the baby's mother, Lynda, and Desha pronounced Duh-shay is the name of a Johnson ancestor of pioneer days.

The baby's father, Marine Capt. Charles S. Robb, finally got through by telephone from Vietnam Sunday to his wife, in Bethesda Naval Medical Center.

The phone call — first communication between the President's 24-year-old daughter and her husband since the birth of their first child at 12:03 a.m. Friday was brief.

### Gets Permanent Job

AUSTIN (AP) — O. N. Humphreys Jr., who took over administration of Texas liquor laws in the midst of a state investigation into alleged wrongdoing, was named permanent administrator of the Liquor Control Board today.

Humphreys, 44, had been acting administrator since March 1, when Coke Stevenson Jr. retired as administrator.

The appointment was voted unanimously. Board Chairman Tom Gordon praised Humphreys for his direction of the department while it was "under fire."

"Humphreys has demonstrated a keen insight in the administration of very difficult and technical liquor control laws and an adept knowledge of the agency and its operations and excellent leadership in the work with the employes of the board and representatives of the industry the board regulates," Gordon said.

## Clear And Cold

By The Associated Press

Clear and cool weather prevailed over Texas today in the wake of a cold front that had more bluster than refrigerating power.

Gusty winds that accompanied the front kicked up dust in West Texas and kept small boats in port along the coast but it failed to make a major dent in the comparatively mild temperatures.

Readings before dawn today ranged from 38 degrees at Dalhart, Lubbock and Wink to 63 at Alice, Corpus Christi and Brownsville.

The forecasts called for the fair and mild weather to continue in the state with a slight warming trend expected in most sections Tuesday.

### Flatfooting A Bobby

A demonstrator kicks a policeman after violence broke out Sunday during an anti-Vietnam war demonstration near the American Embassy in Grosvenor Square, London, England.

## Demonstrators Blast Kennedy Memorial

LONDON (AP) — Police on Sunday contained and controlled the largest demonstrations against the Vietnam war ever held in London and repelled a small attack on the U.S. Embassy without using nightsticks.

The only serious damage reported was not in London but at the John F. Kennedy Memorial at Runnymede, west of the capital. An explosion Saturday night split the seven-ton stone slab down the middle.

### 30,000 MARCHERS

Police estimated about 30,000 persons marched through London, all but a few hundred peacefully. Some 7,000 demonstrated in Grosvenor Square, site of the American Embassy, and 200 to 300 extremists broke away for a flying wedge attack on the big white building.

As thick cordons of police barred their way, the red-helmeted Maoists and anarchists threw firecrackers at mounted police waiting in reserve. Some hurled banner poles as spears. Then they charged the police lines with iron pipes.

The police slowly pushed and shoved the militants back, penning them into the southwest corner of the square and stop-

ping any attempt to break out. Gradually the young demonstrators ran out of steam and drifted away. London was quiet again by 9 p.m.

Casualty figures were low. Five policemen and about 40 demonstrators received medical treatment, although hundreds more had minor cuts and bruises.

Thirty-nine demonstrators were arrested, for carrying chains, sticks and bottles as "offensive weapons" and for a brief burst of window-smashing and bottle-throwing in the exclusive Mayfair district around the embassy as the crowd broke up.

The demonstration had been billed by the organizers as a "day of revolution." Militant circles had buzzed with rumors that government buildings, banks, the stock exchange and conservative newspapers would be stormed and occupied. None was.

### CASUALTY STATION

The London School of Economics was occupied by its students for the weekend as a hotel and casualty station for demonstrators. After threatening to extend their occupation indef-

nitely, like the students in Paris last spring, they left quietly Sunday night.

The main march drew about 20,000 less than expected, but it was the largest in London since the ban-the-bomb marches of the late 1950s and early 1960s.

## Nixon Defends Agnew From Conflict-Of-Interest Charges

NEW YORK (AP) — Richard M. Nixon, appearing suddenly embattled in the final week of his presidential campaign, is defending running mate Spiro T. Agnew against conflict-of-interest charges.

Nixon, making his first network television interview appearance in two years, also suggested directly Sunday night that "people within the White House staff"—but not President Johnson—are trying to achieve a Vietnam bombing halt in an 11th hour effort to boost the candidacy of Democrat Hubert H. Humphrey. He did this in trying to explain an earlier public statement that stirred controversy.

### FRONT RUNNER

The defensive stance of the GOP candidate, generally regarded as the frontrunner in the campaign, was further underscored by public statements from two top aides attacking a national public opinion poll that, it was suggested, will soon indicate a Humphrey spurt.

Nixon, heading for rallies today in Albany, N.Y., and Pittsburgh, was questioned about Agnew's past business dealings on "Face the Nation" on CBS.

Asked to comment on an editorial Saturday in The New York Times accusing Agnew of "clear and repeated conflicts of interest" and controversial real estate deals, Nixon said: "This is the lowest kind of gutter politics that a great newspaper could possibly engage in. It is not news that's fit to print."

Agnew, campaigning in San Francisco, had no comment Sunday night.

Contending that the charges against the Republican vice-presidential candidate were stale and had been answered two years ago, Nixon said, "A retraction will be demanded of the Times legally" today.

He said he was sure any retraction would be printed "back with the corset ads or the classifieds toward the end of the week when nobody will pay any attention."

The Times, in its news pages, subsequently printed a comment by John B. Oakes, editorial page chief.

"The editorial . . . was a moderately worded expression of some of the reasons for the Times' belief that Mr. Agnew is indeed unfit to be vice president of the United States."

"It is a situation which makes great demands on all of us, but we must face reality without romanticism, matter-of-factly and resolutely, in harmony with the interests of the further development of our country and the interests and needs of the world Socialist community."

Police hastily formed and blocked the students while the gates to the palace courtyard were padlocked.

### RUSHED LINES

Several times the crowd, which included many girls, rushed against the police lines but they held.

There had been concern among the leaders of Czechoslovakia's Communist party that students and others might use the anniversary to demonstrate against Soviet occupation of their country and that this would provoke reaction from the Russians. The leaders went to great lengths to make clear that demonstrations might bring Soviet tanks back into the capital.

Soviet radio cars drove through the streets of Prague on the lookout for trouble. Russian plainclothes detectives were also about. A Czechoslovak policeman with a hand radio was stationed at the East German Embassy, which was not closed for the anniversary celebration.

Inside the castle, President Ludvik Svoboda told the country's leaders: "We are commemorating the 50th anniversary of the foundation of the independent Czechoslovak state in a situation that is not easy."

To begin his stretch-drive for the presidency the increasingly optimistic Democratic candidate led his forces into Ohio—

### INTO OHIO

AKRON, Ohio (AP) — Hubert H. Humphrey opened the final week of his campaign today with a charge that Republican Richard M. Nixon advocates "an increasing militarization of American life and American foreign policy."

state rich with electoral votes but one which many surveys indicate as Nixon country.

But the vice president, appearing on television Sunday, said private surveys show he has better than a 50-50 chance to win in Ohio and he added: "You know we do not get these voter surveys, and we get these voter surveys, and polls to give us some sense of direction . . . I believe the trends indicate we are on the move and one of the sure things in politics that's vital and important is what is the trend as you move to Election Day. And I believe the trend is absolutely in our favor."

Humphrey, in remarks prepared for a rally in this tire-making center, turned his fire once again on Nixon's assertion that the Johnson and Kennedy administrations had permitted a security gap which Nixon would correct as president.

Humphrey charged that his Republican opponent is playing fast and loose with our national security.

Humphrey accused Nixon of "urging a mad escalation of the nuclear arms race. And he is advocating an increasing militarization of American life and American foreign policy."

### EMERGING

Humphrey said that the figures his opponent has used on American arms strength are "phony and his facts are wrong."

Humphrey said that the "real Nixon" is emerging in these final days of the campaign and he declared:

"So batten down the hatches—for the most desperate and cynical display of political irresponsibility ever sent in America. That's the real Nixon—and that's the Nixon we're going to beat next Tuesday."

1,000. Several of the demonstrators climbed the iron fence and planted national flags atop the statues.

The crowd made a number of rushes against the locked iron gates which gave slightly, but held.

Police reinforcements arrived and tried to clear the crowd from the rear and extra palace guards rushed across the courtyard to bolster the sagging gate with their bodies.

### GO HOME

A police loud-speaker told the crowd to go home in the interest of public order.

The demonstrators replied by chanting: "Russians go home, Russians go home, Russians go home."

### North Vietnamese Deny 'Conditions'

HONG KONG (AP) — North Vietnam's official radio denied today that North Vietnam "is ready to accept" any U.S. conditions in return for a U.S. bombing halt of North Vietnam.

Radio Hanoi thus went one step further than it had in three previous days, during which it denied that North Vietnam had accepted any such conditions.

"In the last few days," Radio Hanoi declared in a Vietnamese-language commentary monitored in Hong Kong, "the U.S. propaganda machine has spread new base falsehoods that Hanoi is ready to accept a number of conditions of reciprocity."

## COSMONAUT CONTINUES TO ORBIT

# Unmanned Soviet Ship Returns

MOSCOW (AP) — The unmanned Soviet space ship Soyuz 2 landed in the Soviet Union today after three days in space, Tass announced, but Cosmonaut Georgy Beregovy continued in orbit in the sister ship Soyuz 3.

Beregovy had followed the unmanned ship in tandem around the earth for two days and during this period had maneuvered his Soyuz 3 so as to approach the pilotless sister ship.

### NOT ANNOUNCED

If any attempt was made to link up the manned and unmanned ships, something the Russians have not done, it was not announced. Tass, the Soviet news agency, said Soyuz 2's "program for checking its system and for joint maneuvering and approach of the spaceships Soyuz 2 and Soyuz 3 was fully carried out."

Meanwhile, Beregovy was reported to have completed his 33rd orbit of the earth, and "all the systems of the ship continue to function normally," Tass said.

Tass said a retro engine was switched on aboard Soyuz 2 on command from earth and 26 minutes later the spaceship entered the dense layers of the atmosphere, made a controlled descent with aerodynamic quality and landed. It was parachuted down with the use of a soft-landing system at the last stage.

The announcement did not give the location of the landing. Earlier today a Soviet scientist said the purpose of Beregovy's flight is to develop docking systems, essential for Russia's announced program of eventually constructing huge orbiting platforms in space to serve as launch pads for rockets to the moon and planets.

The statement by Boris Petrov of the Soviet Academy of Sciences was made in Pravda, the Communist party newspaper, after Beregovy maneuvered his Soyuz 3 spacecraft Sunday in a second approach to the unmanned Soyuz 2 launched a day before him.

An official announcement did not indicate how close he came either time.

There was no indication how long the Soviet cosmonaut would stay up.

Official reports said Beregovy, at 47 the oldest of the 33 humans who have flown in space, was in good shape "retaining a high capacity for work" and "successfully fulfilling his program of space research."

During one of three live television transmissions from Soyuz 3, Beregovy was shown leaning from his seat to look at the earth. He gave a thumbs up gesture to express pleasure at the view.

Soviet television is giving close coverage to Soyuz 3, a departure from previous secretive handling of space flight.

Beregovy's spaceship is similar to Soyuz 1, which crashed in April, 1967, killing Cosmonaut Vladimir M. Komarov. Soyuz 1 had been expected to attempt a linkup with another manned craft, which increases speculation that Beregovy may try the

same thing. Tass said Soyuz 3 was circling the earth each 88.6 minutes with its maximum distance from the earth 157 miles and its minimum 112.

# South Vietnamese Smash Vet Troops

SAIGON (AP) — South Vietnamese infantrymen smashed into troops from a veteran North Vietnamese regiment that spearheaded two offensives on Saigon this year, government military headquarters announced today.

A government spokesman said 32 soldiers from North Viet killed and 13 others captured in heavy fighting Sunday 24 miles north of Saigon. The prisoners included a battalion deputy commander and a company commander, the spokesman said.

### NAB WEAPONS

The South Vietnamese troops also seized 21 weapons in the battle and turned up two munitions stockpiles in the surrounding area that included 400 mortar shells, bazooka-type rockets and grenades.

Six South Vietnamese were reported killed and 20 wounded. It was the first time a sizable force of the Dong Nai Regiment had been in action since last May 5, when the regiment was badly mauled in an attack on Saigon. Its reappearance indicated it may be back to full strength now and orders for a third offensive against Saigon.

It was one of three actions reported around Saigon. U.S. and South Vietnamese forces killed another 38 enemy soldiers and seized 27 weapons in two clashes 10 and 12 miles south of the capital. Two Americans were wounded, and no South Vietnamese losses were reported.

### BIG HAUL

The U.S. Command announced that American infantrymen sweeping in the demilitarized zone captured more than 250 North Vietnamese weapons in one of the largest battlefield hauls of the war.

The troops of the 5th Mechanized Division found 242 rifles and 17 larger weapons on the battleground in the southern half of the DMZ where American infantrymen, tanks, artillery, planes and offshore warships killed 232 North Vietnamese in an all-day fight Friday.

The larger weapons left behind included eight light machine guns, four mortar tubes, two heavy anti-aircraft machines and three bazooka-type rockets.

### REAL SURE

"The enemy is hurt," said one senior U.S. officer. "There's no

question about it. Every time he sticks his nose out he gets whopped."

In recent weeks, other allied forces have captured more than 300 tons of stockpiled Communist munitions and food.

Meanwhile, American bombers kept up their strikes on North Vietnamese supply lines north of the demilitarized zone, and speculation about a halt in the bombing developed when U.S. Ambassador Ellsworth Bunker met again with President Nguyen Van Thieu.

The month-long lull in sustained combat continued. U.S. infantrymen, artillery and helicopter gunships killed 61 Viet Cong and North Vietnamese in four small skirmishes that ranged from the Mekong Delta to the central highlands. Four Americans were killed, 10 were wounded, and a helicopter was shot down.

More than 2,000 U.S. Marines on two new offensive sweeps south of Da Nang continued to meet little resistance.

### SWEEPS

The purpose of the two sweeps is to ward off an offensive against Da Nang, South Vietnam's second largest city, and allied bases around it. The lack of fighting indicates that the 16,000-20,000 believed to have been in the area have pulled back into jungled mountain hideaways.

After Hanoi Radio claimed Sunday that North Vietnamese shore guns had scored hits on the battleship New Jersey, the U.S. Navy said today the ship came under fire for the first time since she entered the Vietnam war Sept. 30 but was not hit.

"None of the shells fell any closer than 200 yards from the ship, and the New Jersey, which had increased speed when the guns began firing, answered with a barrage of her own 16-inchers," the Navy communique said.

The action occurred Saturday just north of the DMZ.

### HHH Is Ahead In New York

NEW YORK (AP) — Hubert H. Humphrey has moved 4.2 percentage points ahead of Richard M. Nixon in New York State in the latest presidential straw poll reported Sunday by the New York Daily News.

In its third year result of a five-part poll, Democrat Humphrey had 46.1 per cent, Republican Nixon 41.9 and American Independent George C. Wallace 8.4 with 4 per cent undecided.

God And Country Award

Bruce Broughton, member of the First Presbyterian Church and of Troop 300, received his God and Country Award at the hands of Dr. R. Gage Lloyd, his minister, as a highlight of the Sunday worship at First Presbyterian. Bruce's parents, Mr. and Mrs. W. D. Broughton, were recognized, and the troop, sponsored by St. Paul Presbyterian, led by Dr. Clyde Thomas, scoutmaster, attended as a group in uniform. Bruce is the fourth boy in his church to receive this high award, on which he worked for about 2 1/2 years.

## NBC News Staff Must Tell 'Deals'

NEW YORK (AP) — The news staff of the National Broadcasting Co. will be required to tell the network about private financial interests that might conflict with their news judgment, an NBC spokesman said.

He said the network had notified the Federal Communications Commission of the policy in a letter released Sunday.

### BEEF BEEFS

The FCC criticized the network on Sept. 11 because commentator Chet Huntley made broadcasts about beef imports and legislation without revealing that he had an investment in the cattle feed industry.

NBC said a questionnaire has been circulated to all commentators, reporters, writers and producers of its radio and television news programs. It calls for reporting any significant outside financial interests of the employee, his immediate family or other relatives in his household.

The network said a committee will review the answers to see whether any of the holdings might bring an employee's news judgment into question. If so, the employee might be removed from any story apparently affected or his investment might be publicized.

The network defined a significant outside interest as an investment exceeding one per

## New Mexico Law Unconstitutional

SANTA FE, N.M. (AP) — A New Mexico law requiring a candidate for Congress to live in his congressional district has been ruled unconstitutional.

The State Supreme Court said congressional candidates can live anywhere in the state and seek office from either of the two districts. This is the first

year the state has been divided into two districts. New Mexicans previously voted on their two candidates at large.

## Storm System Hammering Midwest With High Winds

A large, intense storm system churned across the northern Great Lakes today hammering the Midwest with high winds, rain and snow.

Cold air pushing south behind the storm brought snow flurries and showers into the Central States. Marquette, Mich., was blanketed by an inch of snow and the ground was whitened as far south as Rochester, Minn.

Showers also were stirred up as the front of the storm pushed eastward across the Appalachians.

Storm warning flags were flying on Lake Michigan and Lake Superior and gale warnings were posted on the remaining Great Lakes. Winds up to 58 miles an hour were reported stirring up 12 to 16 foot waves on Lake Michigan this morning.

The West and Deep South enjoyed generally clear skies but the rush of cold air will spread the threat of frost into Arkansas, Tennessee and northern Mississippi tonight.

Temperatures ranged from 26 at Chadron, Neb., to 73 at Miami.

Other temperatures and conditions around the nation include: Boston 51 partly cloudy, New York City 52 partly cloudy, Philadelphia 56 partly cloudy, Washington 55 clear, Miami 75 cloudy, Detroit 45 clear, Chicago 40 cloudy, Minneapolis-St. Paul 40 cloudy, St. Louis 39 cloudy, Kansas City 39 clear, Dallas 50 clear, Denver 36 clear, Phoenix 64 clear, Los Angeles 61 cloudy, San Francisco 51 partly cloudy, Seattle 55 partly cloudy, Anchorage 30 clear, Honolulu 77 clear.

## Ninth Service Officers Meeting At VA Friday

The ninth annual County Service Officers Conference, sponsored by the VA Hospital, will be held Friday here for county service officers from 55 counties in West Texas and two in New Mexico served by the local installation.

Originally established to provide an opportunity for the hospital staff and the service officers to discuss problems and matters regarding hospital activities, the program has grown over the years to encompass other topics of mutual interest such as Social Security benefits, the state hospital's alcoholic program and VA outpatient clinic programs.

C. E. McDonnell and R. W. Waters, chief and assistant chief, medical administration service, will serve as chairman and co-chairman. Registration will begin at 9 a. m. in the main lobby, with the conference to convene at 9:30 a. m. in the second floor recreation hall.

Following the invocation by C. O. Hitt, chaplain, Jack D. Powell, hospital director, Arnold Marshall, mayor of Big Spring, and Ralph Dickson, Texas State Veterans Affairs representative from Waco, will extend a welcome and comments to those attending.

Programs on the agenda and participants will include hospital changes and future plans, H. C. Ernsting, chief of staff, psychiatric admissions and VA nursing home care unit, V. Lentini, chief of staff, Frank Dietrick, chief social work service, and G. W. Hentges, chief of medical administration division, VA Hospital, Fort Lyon, Colo.

Also, alcoholic program, Shelby Parnell, State Hospital, recent change in Social Security benefits, William Patton, Social Security Administration office, VA outpatient activities and prosthetics and sensory aides, R. K. Horsman, clinic director, and Harold Pergem, chief of medical administration, Archie Jones, prosthetics representative of VA outpatient clinic, Lubbock; annual income questionnaire and compensation and pension benefits, Ray Boren, VA contact representative.

A hospital panel consisting of McDonnell, Waters, Dr. I. Erdal, admitting physician, Dr. A. W. Parra, chief of outpatient

Receive Flower Show Awards

Bill Sneed, president of the Men's Garden Club, received an Award of Appreciation, the first given by the Big Spring Council of Garden Clubs, during its standard flower show held Saturday at Highland Center. Shown with Sneed is Mrs. Jesse R. Crane Jr., show

chairman, who won both the Sweepstakes Award and Artistic Award. "HemisFair '68" was the theme of the show, which was open to the public following the judging. Division winners will be announced Tuesday.

A LOVELIER YOU

Exercise Is Answer To Hip-Heavy Look

By MARY SUE MILLER  
A lovely writes: "When I wear my new belted dresses, my hips look much too heavy. Actually, they measure 14" more than my waistline. Please tell me what the correct proportions are. And how to achieve them."

The answer: As many lovelies are discovering, snug belts accent any sort of imbalance either above or below. As for hip measurements:

Ideally, hips should measure 10" more than a normal waistline. A successful method for reducing the hipline is via spot exercise unless, of course, you are generally overweight. Then you must add a slimming diet to exercise. Two quick hip trimmers:

1. Stretch out, back down, on floor; extend arms at shoulder level and raise legs perpendicular to floor. As legs swing up, center weight on topmost section of hips. Now rotate legs, as though pedaling a bike, but with this difference... Try to touch ceiling with toes, and chest with knees. The idea is to massage off high-hips, not to wear down legs. Work for one minute.  
2. Sit on hard chair or stool, pull up tall, and center weight

squarely on "sittin'" bones. Alternately touch right and left knees to chest. One minute, working for increased speed and precision.

REDUCING

You can diet until you become feather-light and still be hip-heavy. Reduction in the hipline is assured only by exercise. For a set of quick and effective ones, send for my leaflet, HIP REDUCING ROUTINES. Write Mary Sue Miller in care of The Big Spring Herald, enclosing a long, stamped, self-addressed envelope and ten cents in coin.

Game Party Held By Sorority

A game and buffet dinner was hosted by Alpha Beta Omicron Chapter of Coahoma, Beta Sigma Phi, Saturday evening in the First Federal Community Room. Mrs. Roe Fulgiam was in charge of arrangements.

David Stoker won high in Crazy Bridge, and Mrs. Joe Smith won low. Mrs. Ronnie Cunningham was presented the door prize.

The Halloween motif was used in the decorations. Orange and black streamers accented the entertaining rooms, and the serving tables were decorated with miniature witches and spooks and one large witch with a broom.

Guests were Mr. and Mrs. Chester Burns, Mr. and Mrs. Ronnie Cunningham and Mr. and Mrs. Jack Owens.

Dinner music was furnished by Clarence Hays.

Name King, Queen At School Carnival

Mrs. James A. Shillingburg's first grade class won the king and queen contest when the Airport Parent Teacher Association sponsored a Halloween carnival Saturday from 6 to 9 p.m. at the school. Chris Smith was crowned king, and Donna Tolleson was the queen.

The attendance prize was won by Kevin Cain, and a clock was awarded to Otis McBride. Gross proceeds from the carnival were \$1,350, which will be used to improve the school grounds. The PTA will sponsor a garage sale Nov. 9 at the home of Mrs. Charles Cain, 702 Lorilla. Mrs. Cain is membership chairman.

Party Fetes Bride-Elect

Miss Dona Yater, bride-elect of James Carl Sinclair, was honored with a kitchen gadget shower Thursday evening in the home of Mrs. O. B. Grubbs, 2513 Rebecca.

Cohostesses were Mrs. Jack Ellis Jr. and Mrs. Roy Cedberg. The honoree and her mother, Mrs. Arlis Yater, greeted guests with the hostess. They were presented corsages of kitchen gadgets interspersed with gold flowers.

The refreshment table was laid with a white linen cloth and centered with an antique, gold replica of the bride's bouquet flanked by green tapers. Crystal and gold appointments completed the setting.

The hostess' gift was an electric skillet. The couple plans to marry Nov. 1 at Baptist Temple with the Rev. James Puckett serving as officiant.

School Clothes Wash And Wear

Shopping for Johnny's or Mary's school wardrobe is more of a pleasurable experience this fall.

Manufacturers have, as never before, teamed that lovable twosome — fashion and washability — to come up with the brightest, most fashion right, and easiest-to-keep-clean garments ever.

Halloween Carnival Set At Moss School

STANTON (SC) — The Buffalo Booster Club of Stanton will sponsor a Halloween carnival Tuesday from 6 to 10 p.m. at the American Legion Hall. Carnival booths will be featured with food and games. A costume contest will be held for grades one through five and junior high school. Proceeds of the carnival will be used to finance the weight room at the high school which is the club project. The public is invited to attend.

To Attend Football Game In Dallas

Gordan Marchant Jr. and Richard Knous were to leave by commercial plane this afternoon for Dallas where they are to be guests of Marchant's brother-in-law and sister, Mr. and Mrs. Kenny Chrene for the Dallas Cowboys-Green Bay Packers football game this evening in the Cotton Bowl. The trip is in celebration of Marchant's 19th birthday, and the two will return to Big Spring and classes at Howard County Junior College early Tuesday morning.

Halloween Carnival Stated In Stanton

Moss Elementary School Halloween carnival will be held Tuesday evening from 6 to 8 p.m., under the auspices of the Parent Teacher Association. A chili and hot dog supper will be served at 6 o'clock. Admission is 75 cents for adults and 50 cents for children. The public is invited to attend.

Dinner Cancelled

Mu Kappa Chapter of Epsilon Sigma Alpha has cancelled the dinner which was scheduled this evening at the KC Steak House. The event has been postponed until Nov. 11.

HINTS FROM HELOISE

Football Fans Find Paper Sacks Helpful

Dear Folks: This includes men, women de-ared." I thought how ex- and teenagers who love to sit pensive nuts are and wondered in the stands and watch that why I couldn't use the crumby Kenneth Alderson... Mrs. football game. peanut butter instead of adding nuts.

Who knows if it's going to rain, or turn cold just while you're waiting and hoping your team makes the next touchdown? You don't dare leave, yet who wants to take pneumonia or catch a cold?

Sometimes you can't use an umbrella because you might hit the person sitting behind you, or worse, block his view. Well, I finally figured out something. I carry two large (and thick) paper grocery bags folded up in my coat pocket. As they fold flat they're easy to carry.

Before I leave home I cut a hole in the side of one about the size of my face. Then all I have to do is pull out the bags and slip the one with the hole in it over my head. It keeps the wind, rain or cold out of my ears and off of my head and shoulders. Now isn't that a corker?

The other sack I don't do nuthin' to. All I do is open it up and stick my feet in. It comes right up to about the knees. You'd be surprised how warm this keeps your feet and legs.

Don't knock it until you've tried it. After all, it's free. And let's keep hoping our team wins... Heloise

Dear Heloise: Here is a money saving hint. One day I was going to make some peanut butter fudge. As I was reading the directions

which said, "Add nuts if used it as a shaker. The holes in the bottle are just the right size." Mrs. Kenneth Alderson... Mrs. I did and the result was wonderful... A Steady Reader

Mine was, too! Try using it in white fudge... Heloise

Dear Heloise: I find that the sewing bottles with the perforated plastic tops are very useful.

My son had diaper rash and I used cornstarch. I put the cornstarch in the bottle and block his view.

Psychedelic Ball Is Hosted By DeMolays

A psychedelic costume ball was held Saturday evening at Big Spring Country Club by the Leon P. Moffett Chapter, Order of DeMolay, in honor of new initiates and guests, including members of the Order of Rainbow for Girls.

Music was by "The Clear," and hours for dancing were from 6 p.m. to 12 o'clock midnight. Serving of a hot dog buffet began at 10 p.m. Andy Swartz served as dance chairman.

Chaperones for the ball were Mr. and Mrs. Adolph Swartz, Mr. and Mrs. Don Wornack, Mr. and Mrs. John Payne, Mrs. Clyde Hollingsworth, Carl Strom, Mr. and Mrs. A. J. Prager, Mrs. Max Jacobs of Dallas, Mr. and Mrs. Floyd Moss and Theodore Abbott, prayer.

Chapter Dad, Prager and Moss are chapter advisors. "Pizza Bucks" were given as prizes for costumes and dancing, with the awards going to Laura McHargue of Midland, who distributed flowers to everyone attending. Patty Shapland, Greg Hufstickler, Terry McAdams and Pam Stephens.

The ballroom was decorated with psychedelic posters, festive balloons and special lighting effects. The posters were created by Mrs. Swartz and her daughter, Mrs. Rowland Tessler of Roswell, N.M.

Approximately 90 attended, and Easy Ezzell, master counselor, introduced Frank Qualls, chapter chaplain, who led the DeMolays in the 9 p.m. prayer.

Mr. and Mrs. Lavelle Hanson of Fort Carson are visiting their parents, Mr. and Mrs. Marvin Hanson, 2313 Mishler, and Mr. and Mrs. Herman Tubbs of Big Spring following his discharge from the Army. The couple will move to Dallas where he is associated with Texas Investments. Mrs. Hanson is the former Miss Gloria Tubbs.

# National Building Center Has Remodeling Needs

EVERYTHING FOR THE HOME Materials for remodeling or new construction

Lumber yards are supposed to specialize in lumber, naturally, but National Building Center, 301 E. 2nd, also has a keen interest in remodeling and new construction of homes and businesses.

If you have an idea for remodeling or new construction, take it to National Building Center for a plan drawing service. With experience in the building business, the staff can turn your ideas into workable plans. They can also complete the work from drawing board to the final dab of paint.

Tom Vernon, manager, invites you to the National Building Center for demonstrations of several lines of materials for that new home you've always wanted, or a remodeling project.

The center has the Spartan Combo Storm Door which features a glass section made of tempered, shatterproof, rotproof metal. The heavy gauge frame parts are held

rigidly in place, giving the door great strength. The door is adjustable and the bottom expander is weather-stripped.

The storm door also converts to a full aluminum screen door in seconds. This combo is really two doors in one — a glass door for complete bad weather protection and full screen door for warm weather comfort and full screen door for warm weather ventilation. All storm or screen panels are the same size and are instantly removable and easily replaced.

Besides the safety factor of this door, there is another feature that makes it excellent for a home with children. There is a heavy duty embossed kick plate, 22 inches high that adds strength to the door.

Another item in stock at National Building Center is the Vac-Cyclonic, built-in power cleaning system which is the answer to the homemaker's dream. When planning to remodel or rebuild a home, this modern cleaning system is a must. It can be quickly and neatly installed in your present home with no interruption of the household routine.

The special tubing with safe low-voltage wiring is concealed in the walls, attic or under floors. The Vac-Cyclone has no heavy awkward unit to push or pull. There is no electrical cord to tangle and no bag to empty. The unit turns on automatically when it is plugged in and only three or four outlets are needed for the average six-room house.

National Building Center also has something for do-it-yourself enthusiasts who like to finish their own furniture. If you need furniture and like to put your own touch to the finish, there is a complete line of unfinished furniture of superior construction and in wood which is easy to work with.

Stop by 301 E. 2nd and see the desks, chairs, rockers, bookcases, tables and chests.

After you have selected the furniture you need, one of the sales staff will help you choose the finishing materials to secure the desired effect to match or complement your decor. The stock includes kits for antique finish or decoupage.

ROSEWOOD CHAPEL Nalley-Pickle Funeral Home Chapel assures the family privacy

## Nalley-Pickle Offers Dignity, Assurance

The staff at Nalley-Pickle Funeral Home, 906 Gregg, has a combined experience of more than 114 years experience in the funeral directing business. These people can give you the answer to your problems during the loss of a loved one.

## Cactus Paints Protect Home

If your home or other building needs painting to protect it from winter wind, sand and weather, now is the time to get the job done.

The home with the paint beginning to crack or peel, or the elements do a great deal of damage. The only way to get the bare spots covered is with a good coat of paint made to withstand the tough West Texas weather.

Cactus Paint Co., a local industry located on US 80 east, manufactures paints for homes, both interior and exterior, business building, and all uses to stand up under all weather conditions, including pounding dust storms.

Much testing and analyzing go into the work before a paint is put on the market, and it must meet the highest standards before Cactus Paint Co. approves it for use.

In addition to the work in the laboratory, tests are made on lumber and materials under the punishment of outdoor weather conditions to see whether or not it stands up.

# Violent Deaths Over Texas Claim At Least 35 Lives

By The Associated Press  
Violent deaths over Texas this past weekend claimed 35 lives with traffic accidents taking the largest toll.

The Associated Press count, which ran from 6 p.m. Friday until midnight Sunday, showed 18 persons dying in traffic accidents, five in shootings, and seven from other causes including one in a plane crash.

The nude and badly beaten body of Mrs. Estel Norris, 57, who lived and worked at a Dallas motel, was found in the office of the motel early Sunday. Police said she had been beaten and they believed she had been raped.

### SLAMS RAIL

Margaret Lois DeBardleben, 16, of Dallas, was killed Sunday in a one-car traffic accident. Police said she apparently missed a turn on a private road and hit a guard rail.

Three men were killed early Sunday about one mile west of Chilton in Falls County on U. S. 77 in a two-car crash.

The dead were identified as Willy Thomas Curl, 34, of DeSoto, near Dallas; and Juardo Velasquez, 18, and John Sinsenz, 20, both of Rosenberg.

Mrs. Gladys Smith, 60, of Abilene, was shot and killed Sunday when a pistol fell from a grocery sack and discharged, her husband told police. He said they had taken the pistol to a friend's house and were bringing it home in a sack of groceries when the shooting occurred.

Robert Alfaro, 19, of San Antonio, was killed Sunday night

when the car in which he was riding was in a collision in San Antonio with a truck.

A Fort Worth man, Marvin W. Messick Jr., was killed Sunday as he and a companion tried out a new deer rifle on a Stephens

County ranch. The companion told police the weapon accidentally discharged.

Lucio Fernandez, 30, of Pearland, was fatally stabbed early Sunday in a Pearland tavern, Antonio Gonzales, 45, an Alvin

laborer, was charged with murder without malice in the killing.

Two persons were killed about three miles south of Wellington in West Texas early Sunday in a car-truck collision. The dead

were listed as Mrs. Delma J. Neeley, 37, and Jesse Sylvester Branch, both of Wellington.

A 17-year-old Galveston girl was killed just before midnight Saturday in a two-car collision from a pickup truck near Galveston's seawall. She was

Sheryle Besnears, a Brown County child. Willie D. Canada, 2, was fatally injured Saturday when he fell from a pickup truck near Brownwood.

Three Uvalde residents were killed Saturday when their auto-truck-tractor rig on U. S. 90 near Uvalde. The victims were identified as Sustenes Flores Jr., 37; Jose A. Flores, 40; and of Brownfield.

Goblin In Diapers

Five-year-old Nadine Burr, in Vancouver, B.C., gave her family a start when they found her trying on her Halloween mask. The Coquitlam youngster is getting ready for trick-or-treat rounds Oct. 31.

## FIREMEN FOLLOW

### Gotham's Labor Picture Brighter

NEW YORK (AP) — Teachers' union president Albert Shanker has proposed a plan which he says could end the teachers strike and get 1.1 million pupils back into public schools this week.

Meanwhile, the city's labor picture brightened as firemen announced they were following policemen in ending their work slowdowns.

Shanker's conditions Sunday night for ending the walkout by the 55,000-member United Federation of Teachers included proposals by Mayor John V. Lindsay and the Board of Education.

**WAY OUT**  
Saying some of the proposals "are negotiable" and that it appeared "to be the only way out of the situation," Shanker listed the following conditions:

Continue the temporary suspension of Brooklyn's Ocean Hill-Brownsville governing board and its unit administrator, Rhody McCoy; temporarily closing Junior High School 271, scene of violence and threats against about 80 unwanted union teachers, letting those teachers teach in the district's seven other schools; and temporary suspension of the district's eight principals.

Before striking for the third time Oct. 14, Shanker and the union's executive board rejected proposals by the board and Lindsay which contained all points except dismissal of the principals.

Shanker disclosed his plan on a special WNBC-TV program, appearing with Board of Education President John Doar.

There was no immediate comment from Lindsay on Shanker's proposals.

Pupils have been out of classes on 21 of the first 33 days of the school term.

**RACIAL BIAS**  
The governing board of the experimental Ocean Hill district, predominantly Negro and Puerto Rican, maintains the unwanted union teachers were sabotaging school decentralization—the reason the local board

was set up in the first place. The union contends job security and "due process" is at stake, and charges the local board with racial bias.

On Sunday, the executive board of the 10,500-member United Firefighters Association voted unanimously to return to full duty, subject to a membership vote Thursday.

On Saturday, the 22,000-member Patrolmen's Benevolent Association voted to head a court order and end a week-long "sick call" slowdown which cut patrol forces by about 20 per cent.

PBA head John J. Cassee said, "We cannot in good conscience arrest someone tomorrow if it is said we are violating the law."

The police and firemen want to renegotiate contracts that would have raised the top pay base from \$9,383 to \$10,750 a year.

**WAGONER** (AP) — A series of explosions Sunday shattered six pieces of heavy earth-moving equipment being used on a portion of the Arkansas River navigation project near this northeastern Oklahoma city.

The FBI stepped into the investigation, but declined any comment.

The machinery was parked in an open equipment storage area near lock and dam 17, about two miles south of Oklahoma highway 51 on the Verdigris River between Broken Arrow and Wagoner.

Damage estimates ranged from \$45,000 to hundreds of thousands of dollars.

### WOULD YOUR CONGRESSMAN VOTE FOR GEORGE WALLACE?

Some fine Texans are tempted to vote for the 3rd party candidate because they admire his stand and his statements on some of the major campaign issues . . .

### STOP AND THINK WHAT WILL ACTUALLY HAPPEN . . .

The best that Wallace supporters can hope for is enough strength to throw the election into the turmoil of a Congressional election by the House of Representatives . . .

### THEN WHAT HAPPENS?

The answer is certain and simple. Wallace supporters are at the mercy of Washington Politicians! Every vote for George Wallace automatically becomes a vote for Hubert Humphrey!

### THERE IS A BETTER CHOICE . . .

A vote for the NIXON-AGNEW ticket is a positive vote for "change" with the definite promise that our National Affairs will take a new direction . . . the direction you want it to take!

### YOU CAN TAKE OUR WORD FOR IT!

## Agnew, Wallace Head Vote Parade In Texas

By The Associated Press  
The presidential and vice presidential hopefuls pass in review before Texas voters this week in their final bids for the state's 25 electoral votes.

Heading the parade will be Republican vice presidential nominee Spiro T. Agnew, who speaks in Houston today, and the American Party standard-bearer, George Wallace, who has scheduled a rally and fund-raising dinner tonight at Beaumont.

Tuesday Democratic vice presidential nominee Edmund Muskie opens a two-day tour of five Texas cities while Wallace's running mate, retired Air Force Gen. Curtis LeMay, addresses a noon luncheon at Houston.

### HHH IN HOUSTON

Then on Friday Republican

presidential nominee Richard Nixon arrives for appearances in five Texas cities during his two-day invasion of the state. His running mate returns to Texas Saturday for a rally at Harlingen in the Lower Rio Grande Valley.

And winding up the active political week in Texas will be the appearance of Democratic presidential candidate Hubert Humphrey Sunday in Houston's Astrodome.

Meanwhile, candidates for state, district and county posts continue their drives for votes in the Nov. 5 general elections. The Republican gubernatorial candidate, Paul Eggers, told Rio Grande City listeners Sunday "Government in Texas cannot be responsive to the needs of the people if it is a government run for the benefit of

machine politicians."

**VOTE ESTIMATE**  
The GOP candidate charged that politics in Starr and Webb counties have strangled the economic and social growth in those areas.

His Democratic opponent, Lt. Gov. Preston Smith, said at Lubbock that if he is elected he will continue the Governor's Committee on the Status of Women.

Smith said "I pledge my support to concentrate specific action in assuring the women of Texas an opportunity to develop their capacities and to fulfill their aspirations."

The Texas Election Bureau estimates that 2,750,000 Texans will vote in this year's election. The figure is about 150,000 more than cast ballots in the last presidential election.

Puzzle of Saturday, October 26, Solved

## Dear Abby

### A Time To Keep Quiet

DEAR ABBY: My neighbor (I'll call her "Mrs. X") is divorcing her husband, and she is looking for proof of adultery. Knowing Mr. X, I'm sure she will have no trouble, as I have seen many strange cars parked in front of their house all night when Mrs. X has been out of town.

Mrs. X has asked me some leading questions which indicate that she knows that her husband has been playing around — and with whom! My problem is this: 2 years ago, my husband and I were having some difficulties, and I foolishly had a brief affair with Mr. X. I had never been unfaithful before, and I'd never do it again. I have a jewel for a husband, and I think he could forgive me if he ever found out, but it would hurt him deeply and I don't want to do that. But if the truth is going to come out in my neighbor's divorce, I'd rather have my husband hear it from me than in a courtroom.

Should I help the wife in her search for evidence?

DEAR ABBY: How come when you gave all that advice on what to do about obscene telephone calls you didn't mention the one trick that works like magic? Get a real loud whistle like those used by policemen and gym teachers. Keep it near the telephone, and at the first hint of an obscene or annoying phone call blow the whistle as loud as you can. It will give the nut on the other end such an earache he will never bother you again.

DEAR ABBY: I am engaged to a guy who enjoys playing cards, and he plays for money — just to make it "interesting." Personally, I don't care much for cards, but I can play a fairly decent game if I have to.

All of Joe's relatives play cards night and day, and they think it's terrible that I don't go crazy over cards the way they do.

Abby, I love this guy, and I have really tried to like cards, but there is no use fooling myself. It's boring. Besides, some of Joe's "interesting" evenings have cost him more than he can afford to lose.

Now I am being told (by Joe's relatives) "If you intend to marry Joe, you had better learn to like cards."

DEAR WORRIED: You mention Joe's relatives, but how does Joe feel about it? Gambling can become just as serious as "addiction" to booze, tobacco, and other undesirable habits. Take a second look at Joe just to be sure the joker isn't too wild.

DEAR WORRIED: Keep your mouth shut and don't contribute any "evidence" in this case. And if you've never prayed before, pray now. With luck you can spare your husband (and yourself) a heap of unhappiness.

DEAR ABBY: I am engaged to a guy who enjoys playing cards, and he plays for money — just to make it "interesting." Personally, I don't care much for cards, but I can play a fairly decent game if I have to.

## A Devotional For The Day

Messengers . . . went, and entered into a village of the Samaritans, to make ready for him. And they did not receive him, because his face was as though he would go to Jerusalem. (Luke 9:52-53)

**PRAYER:** Increase our faith and our love, O Lord, that we may never abandon the journey on which Thou hast set our feet. Strengthen us that we may prove faithful. Amen. (From the "Upper Room")

## Good Judgment, Not Prejudice

In just eight more days, American voters must face up to their big decision on the course of the country for the next few years.

The fervent hope is that each voter will take his position with responsibility, and not be controlled by momentary prejudices. Each of us should try to overcome the "against" attitude, and vote in good conscience for the positive; a positive hope, a positive program, and positive determination to help this country keep moving in progress, in peace and in justice.

There is no real basis for the defeatist attitude which has seemed prevalent. This is still the world's greatest nation, with its growth potential only beginning to be realized, with its statesmanship still capable of assuring free choice for men.

In this final week before election

day, it is well to beware of any upsurge of demagoguery. Nobody for instance, is against "law and order." It is not an issue to use as political flim-flam.

Everybody wants an honorable conclusion to the war in Southeast Asia, but this is not the week to give heed to the extremists of any view; neither a nuclear holocaust nor a complete breakdown is the answer.

Voters of judgment at this stage of the game will turn aside the cries of racism, the words of prejudice in any area. They should not be turned by attacks, of any sort, on our government institutions.

This country, despite its shortcomings, is not to be written off. We must stand up with the people — whether in the executive, legislative or judicial branches of our government — who talk and act in good faith, and can actually give us more stability, progress, more prestige.

### Accomplishing Minor Miracles

By ANGELA PENNA  
Associated Press Writer

DALLAS (AP) — A group of Dallas police officers has set out to prove that despite a declining public image not all cops are bad guys.

In the process, they're making new friends, accomplishing some minor miracles and altering the popular concept of the policeman as a tough, unfeeling character whose main job is beating innocent people and hauling them off to jail.

The officers are volunteers in a program responsible for operating storefront community service centers in low-income areas.

**THEIR MAIN JOB** is helping people and giving aid on everything from Social Security to stopping glue sniffing.

"The response has been overwhelming," said Lt. Paul Townsend, in charge of the police department's special efforts in community relations.

"We started the program to bridge a long-time communications gap between downtown and low income districts. The basic idea was to take City Hall to the people," he said in an interview.

In addition to four neighborhood storefront centers operating in North, South and West Dallas and Oak Cliff, the department operates a mobile police service center that goes into areas where centers are not located.

The bus is a spruced up, newly painted donation from the Dallas Transit Co. and it provides the same services as those offered at the neighborhood centers.

**ALTHOUGH DALLAS** is only one of many cities beginning the storefront community effort, Lt. Townsend believes it may be the first major city to try the tactic.

He said Dallas patterned its own program on one initiated in St. Louis.

"We visited their operation and took from it what would fit in the Dallas program," he said.

"Our centers are giving service to people who couldn't get it any other way," said Officer T. W. Withers, one of three working in the busy West Dallas center.

## Billy Graham

Don't you evangelicals try to "corner" religion, try to make it EX-clusive to everyone who doesn't accept your theory of salvation by faith? Isn't this a neat trick of many religions — to condemn to hell anyone who doesn't accept your particular concept of God?

The word "evangelical" means "one who believes in the evangel," and evangel means good news. The Gospel is not negative but positive. True, it accepts the fact that men need saving — but its essence is to tell men they may be saved. But remember, Bible-believing people do not invent this "trick," as you call it, that men are lost who do not believe in Christ. Jesus Himself said, "The Son of man is come to seek and save that which is lost." Either He is who He claimed to be, or His words deserve not the slightest consideration. If He was just an Eastern mystic with a messianic complex the New Testament and Christianity are the greatest hoax ever perpetrated upon mankind. But, if He is who He claimed to be: the expression of God's love and concern for a lost world, the greatest mistake in life would be to ignore the fact that He lived, died, and came forth from the grave.

I have no "theory" of my own. I have staked my life that the Bible is true, and that Christ is, indeed, all He claimed to be. I have seen too many lives changed through faith in Him to do otherwise.

## Around The Rim

### Pay For Legislators

In the state of Illinois, an acid writer for one of the Chicago papers suggested that the state purchase wax dummies at a cost of \$1,000 each and let them sit at legislative meetings in the place of most public officials. The waxen doubles, he pointed out, were less apt to commit as much mischief as elected officials do in matters of import and their dummies could come equipped with rubber stamps so their voting records would not be impaired.

**THAT WAY**, the scrivener said, the people would realize a substantial savings of upwards of \$18,000 annually for each tallow dummy produced — the difference coming, of course, in the salaries paid the solons and the cost of the molded images.

In the state of California, some enterprising legislator put a rider on a responsible bill going up for a vote in the state house at Sacramento a few years ago, a nifty little provision that would have created a substantial pension for life for all persons who had served in the legislature — even as little as two years. Furthermore, any qualified person could have started benefitting immediately upon leaving the statehouse.

**THE BILL** was vetoed by the then Gov. Pat Brown after it had been predicted that it would get his

blissings because of the other worthwhile provisions in the proposed legislature.

The point argued here is that legislative bodies don't always work toward the public's interest and the less some are allowed to work without public attention being focused on them the more apt they are to concentrate on ways to work in their own behalf.

**THE PEOPLE** of our own state are being asked to approve amendments to the state constitution. One controversial proposal would permit the lawmakers to raise their own salaries. Legislative pay is now fixed by the constitution at \$4,800 a year plus \$12 a day for the first 120 days of each regular session and for each day of special sessions, which may last 30 days. Those levels were set in 1960.

**THE SALARY** and per diem pay will be substantially improved in the Nov. 5 election if the people give their stamp of approval to a proposed constitutional amendment. The new scale would be \$8,400 a year for every manjack serving in the legislature plus a per diem allowance of \$12 to the full 140 days of a regular session.

Isn't that getting a little high, as compared to the take-home pay of most Texans who work full-time?

### Nationalism In Europe

WASHINGTON — There is now a stir in central Europe such as we have not had since Hitler's adventurism set off World War II.

Our politicians are being heard from, and our professors too — which is why I went round to cover a panel of the convention held by the American Political Science Association.

The panel on "Resurgence of Nationalism in Europe" offered seven savants from as many universities.

**AS SCHOLARS**, these men perceive one fact in particular which is hardly visible to American politicians and press. It is this — European nationalism and anti-Sovietism are not the same.

Nationalism is an indefinable equation of linguistics and literature, of religion and culture, of history and geography, of memories and the kinship of blood.

**THERE ARE** more "races" in Europe than in America. They abhor what one professor called the Bad Neighbor policy of Russia, but nationalism is too multifarious to be exterminated even by Soviet Communism. It is also too intangible, too spiritual, too infinite in its variety to respond to anything so crass as an American policy that overstates friendship, meaning chiefly aid and trade, are not sufficient connectives.

### Charges Of Election Fraud

WASHINGTON — Was the 1960 election stolen from Richard Nixon? Many Republicans in high places are convinced that it was and that no chances should be taken this year for a repetition of the frauds that were committed.

The Nixon headquarters has organized 100,000 watchers to keep their eyes on what is happening in connection with the registration of voters and the voting on election day. Out of this number, at least 20,000 are examiners who have been trained and instructed about the things to watch in specific areas in the big cities.

**FEW PEOPLE** today are aware of what happened in the election just eight years ago. Victor Lasky, in a book just published by the Trident Press in New York City, points out that Nixon was declared as defeated by only 119,000 votes out of 68,963,000. Lasky writes:

"Hardly had the votes been counted before complaints poured in — particularly from Illinois and Texas — that the election had been 'stolen.'"

**ALL THREE** major Chicago newspapers agreed that the charges had some substance. As the Chicago Tribune put it, "the election of Nov. 8 was characterized by such gross and palpable fraud as to justify the conclusion that (Richard Nixon) was deprived of victory."

"Kennedy had taken Illinois and its 27 electoral votes by less than 10,000 votes and, as usual, most of the alleged vote-stealing occurred in Democrat-controlled Cook County. Many city precincts reported more votes than were actually cast or the basis of ballot requests. Eventually the election board of one precinct was convicted of fraud.

**"RESPONSIBLE TEXANS** estimated that from 100,000 to 150,000 ballots were actually cast that were never accounted for. Since Kennedy carried the state by less than 50,000, these ballots might easily have changed the result. In his 'Look' article, 'How to Steal an Election,' Richard Wilson wrote that in one Texas precinct where only 86 persons received ballots, the results showed Kennedy 147; Nixon 24. All over Texas, similar irregularities occurred. And similar charges were made in Pennsylvania, Missouri and New Jersey."

**THE FEDERAL** Bureau of Investigation is fully aware of the immediate problem of preventing frauds in the 170,000 voting precincts

throughout the country. It is believed, however, that much of the irregularity occurs primarily in four or five of the big cities.

Apparently there are not always enough enforcement officers or agents to detect the frauds that go on in many districts. This is why the Nixon organization has sought out volunteers, several of them former agents of the FBI, to uncover fraud and submit the evidence to the FBI.

**THE VOTING** Rights Act of 1965 provides safeguards to the right to vote and defines new offenses growing out of violations of voting laws. Also, under other federal laws, conspiracies to injure, threaten or intimidate any citizen in the free exercise of his constitutional rights and conspiracies by election officials to stuff ballot boxes or miscount votes or omit certain returns are punishable by fines up to 5,000 dollars and 10 years in prison. The laws apply not merely to actual balloting but to registration.

## What Others Say

Vice President Hubert Humphrey is now well out on the difficult tightrope he feels he must walk if he is to win the presidency. This exercise seeks to establish the vice president's own position on Vietnam without seeming to too decisively repudiate President Johnson's past and present policies.

If the public opinion polls are true indicators, the vice president desperately needs some new turn to his campaign which can give him a fighting chance for victory. The question is: Has his latest statement (which differs from present White House policy more in tone than in stated substance) created this new image?

The bald fact is that the great bulk of the Humphrey program for Vietnam is almost identical with the White House. Humphrey's statement where he pledges, if elected president, "to be sure we put first things first in the future," is far more than his words on bombing, carry a criticism of Johnson policies.

We welcome Vice President Humphrey's willingness to bring the Vietnamese question more fully and openly into the campaign. We believe this question to be so monumental as to demand much more thought, discussion and candor than yet given it by any of the candidates.

### The Parties' Economic Philosophies

NEW YORK (AP) — What is the difference in economic philosophy between the Democrats and the Republicans? Surprisingly, as necessary as the answers are, many people couldn't state them.

Most people won't find an awful lot of help either in reading the two platforms, for there are perhaps as many similarities as differences, at least to the inexperienced eye.

In search of guidance, Dr. Paul McCracken, a Republican, and Dr. Walter W. Heller, a Democrat, were asked what, in their opinion, were the fundamental economic differences in the party philosophies.

**MCCRACKEN**, a University of Michigan economist, was a member of President Dwight D. Eisenhower's Council of Economic Advisers from 1956 to 1959, and is mentioned as a possible council chairman should Richard M. Nixon be elected president.

Heller, economist at the University of Minnesota, was council chairman from 1961 to 1964, serving both Presidents John F. Kennedy and Johnson and remaining an influential voice in policy after leaving the job.

**THEIR OPINIONS** were expressed as spontaneous reactions to questions, asked of them separately, rather than in prepared statements. In both instances the men spoke as individuals rather than as party spokesmen.

"First of all," said McCracken, "I think it is important as a preface to emphasize that one of the great strengths of the American political system is that the change from one party to another doesn't produce a 90 degree turn, as in some systems."

"I THINK this is an important aspect. It isn't to imply that there are no differences between the parties. There are, although the middle ground they share is substantial."

"It means to me that the key difference revolves around the allocation of money to the private and public sectors. This

is critical to our nation's economic welfare.

"What are the tangible manifestations?" he continued. "In a Democratic administration the federal budget four years hence would show higher expenses and taxes than the Republicans." But, he said, "they'll probably be higher in any case."

**HELLER SAID** he also believes there is an area of agreement in economic philosophy but great differences too.

"You start out with the fact

that both Vice President Hubert H. Humphrey and Nixon have available the tools of modern economics—tax changes, budget changes, monetary changes—to move the economy. "There is essentially a bipartisan consensus on this."

"But as you get beyond these," he continued, "there are really sharp differences." There is a difference, he said, in "distributive preference" in regard to revenues. "Nixon is upper income inclined. Humphrey is inclined toward the lower incomes."

### Sneaky Skirts Shortcut

By JOY STILLEY  
(For Hal Boyle)

NEW YORK (AP) — It's not how short you make it—it's how you make it short. And I've been learning all kinds of shortcuts to shortening skirts. I discovered this fall that every one of last year's dresses have spent the summer sneakily growing longer.

After depleting the family exchequer by having three coats hemmed I decided in reactivating the rest of my wardrobe not to let George, the local tailor, do it.

**SINCE MY SEWING** skills consist of being able to thread a needle, with luck and an automatic needlethreader, up until now I have depended on a strategic system for getting things altered.

Talented friends, called upon to show me how to take in a seam, put up a hem or repair a rip, always ended up getting the job finished before I was able to catch on to how it was done. Now they are all too busy shortening their own skirts to be able to pay any attention to mine.

**WELL, I DON'T** claim to be an Yves St. Laurent, but I certainly have created a number of fetching new hemlines. They dip, they soar, they ripple, they

pucker, they meander and they flare. Dressmaking experts tell me there is a scientific way to perform the hemlifting operation. It includes all sorts of difficult steps that I could never master even if I could remember them. Their method involves ripping, trimming, measuring, pinning, basting, pressing and stitching. It takes an hour and comes out looking professional.

My modus operandi comprises equal parts of guessing and hoping. I put the dress on, insert a few pins in strategic places, twirl thoughtfully in front of a mirror, take it off and immobilize the thus-formed hem with needle and thread. It takes two hours and comes out looking a mess.

**JUST AS I WAS** getting ready to settle for being dowdy and dated rather than face any more sewing sessions, industry came to my rescue. I discovered that there's a tape that permanently cements relations between the turned-up edge and the body of the garments. Hemming is accomplished with an iron instead of a needle.

I no longer read the fashion columns with trepidation. If hemlines rise again I will rise to the occasion. The tape and the iron are at the ready.

### Getting Rid Of Those Stitches

By JOSEPH G. MOLNER, M.D.  
Dear Dr. Molner: Eighteen months ago my wife underwent an appendix operation at age 73.

Post-operative office visits resulted in four stitches being removed after surfacing, including one that required deep probing.

Another stitch has been acting up for the past month with the same pricking and discomfort. The doctor says to wait until it surfaces, so it can be removed. If it does not show signs of surfacing, what?

Are not operation stitches supposed to disintegrate? Is there something radically wrong somewhere? — W.J.Z.

I doubt that anything is radically wrong or wrong at all, except that your wife is having an unhappy time of it.

Most sutures (stitches) are absorbable — made to disintegrate in the body and be carried away by the blood stream.

Occasionally this does not happen or happens very slowly. Then the remnant of the suture

acts as a foreign body. That is, it acts much the same way a small sliver of wood would.

If you get a sliver in your finger, it is a foreign body. The body's natural defenses reject it, try to get rid of it. If the sliver is extremely small, the white cells of the blood will gradually tear it apart, particle by particle, and cart it away and dispose of it in the same way they industriously attack germs or anything else that does not belong in the body.

In the case of a larger sliver, the same process begins, but it cannot be completed in any reasonable time. You've doubtless experienced it — a sliver you couldn't quite get out. Debris from the invisible struggle of the white cells against the foreign object accumulates. So does fluid. The forces of nature gradually push the sliver toward the surface. And one day you discover that, with a gentle squeeze, it finally can be popped out easily.

The same thing can occur with a stitch. The sutures are

# Petitions Support Bid By 51 Priests

SAN ANTONIO (AP) — One of the 51 priests petitioning angry Rome for the retirement of Archbishop Robert E. Lucey Sunday once held Saturday by Ralph challenged from his pulpit state Garza and more than 70 lay priests' action while lay people 51. Msgr. Nowak termed their all over the city were circulating statement "a direct insult and attack" on the priests.

**NOT ANGRY**

"After reading the morning record straight and added paper I feel compelled to make 'I don't want to influence you a statement on the controversy," Msgr. Joseph Nowak, pastor of St. Ann's Church, and one of the petitioners told his colleagues they had sent a letter to

Pope Paul VI and four top Roman Catholic officials calling for the removal of the 77-year-old San Antonio Archbishop.

They cited lack of communication between Archbishop Lucey and the priests as well as lay people as the prime reason for their letter. They also referred to a long list of transfers of priests who have been outspoken.

**900 SIGNATURES**

As Msgr. Nowak was attempting to answer Garza's charges against the priests, outside his parishioners were circulating petitions on behalf of the 51.

"He said he wanted to set the record straight and added 'We support the cause of our priests wholeheartedly. These courageous men have stood up for what they believe in and we can do no less than to stand with them.'"

Another read "For our Priests."

By late Sunday, Mrs. Richard De La Pena, in charge of collecting the petitions estimated more than 900 signatures had been obtained.

She said the petitions would be sent to Archbishop Luigi Raimondi, Apostolic delegate to the U. S. with offices in Washington, D. C.

## 'NO' Candidate Next To Hubert

ALBANY, N.Y. (AP) — A mythical candidate named "NO" ran a strong second to Hubert H. Humphrey in a presidential poll conducted among students at the State University at Albany.

The candidate was designated on the ballot as "I disagree with the positions of all three major candidates. I feel my political beliefs and convictions are not adequately represented in the 1968 elections."

Of the 700 students voting, Humphrey received 298 votes, "NO" 256, Republican Richard M. Nixon, 133, and George C. Wallace 14.

About 8,000 undergraduates are enrolled.

AH, YES!! THE ENLARGEMENT IS READY.

PSST--WHEN TINY HEARS THAT A GIRL STRICKEN WITH CHUCKLE--"SENESCENCE"...

WANTS TO CATCH HIM--HE'LL LET HER!!

HELL, FIGURE HE'LL BE A BACHELOR AGAIN--SO!

THE POOR SOUL WON'T REALIZE--NO! NO!! "SENESCENCE" SIMPLY MEANS GROWING OLDER!!

**BLONDIE**

DAGWOOD, THE FUNNIEST THING HAPPENED TODAY!

HONESTLY WHEN YOU HEAR THIS, YOU'LL BE LAUGHING.

NO--NOW THAT I THINK ABOUT IT, IT WASN'T FUNNY AT ALL.

AT LEAST SHE COULDN'T TELL ME WHAT I DIDN'T GET TO LAUGH AT.

**RICK O'SHAY**

THAT'S A FINE JOB O' SHOEN' YOU DONE ON OLY DEACON, FRIEND. BEST I'VE SEEN.

THANK YOU--HE'S A GOOD HORSE.

Mirrored Footwork

Houston Oilers' defensive backs W. K. Hicks (33) and Ken Houston (29) seem to mirror one another as Hicks gathers in Buffalo Bills' quarterback Ed Rutkowski's misguiding pass in the fourth period of their AFL game Sunday. Hicks returned the interception 20 yards to set up Houston's final field goal. The Oilers won it, 30-7, before 34,339 at War Memorial Stadium.

# Trull Leads Oilers To 30-7 Victory

BUFFALO, N.Y. (AP)—Don Trull can play a lot of football as he directed the Oilers to a 30-7 professional football victory over the Buffalo Bills. Trull began his American Football League career with the Oilers, was shipped to Boston for a spell and then went to the bench, he proved to the Houston Oilers Sunday he still has regular quarterback skills.

# Chiefs Strengthen Hold On Western Division Lead

In the air or on the ground, either way suits the Kansas City Chiefs to a T, and that is spelling nothing but trouble for their rivals San Diego and Oakland in the American Football League. The Chiefs and Coach Hank Stram reversed to the tight T against Oakland a week ago Sunday. They did not throw a pass, grinding out yardage on the ground, and the Raiders failed miserably as Kansas City strengthened its first place hold in the Western Division. This past Sunday, the Chiefs returned to a balanced attack against San Diego. Len Dawson threw for one touchdown, and Bob Holmes and Mike Garrett ran for two others en route to a 27-0 victory over the Chargers. Stram's club has won seven of eight games while Oakland and San Diego are tied for second, at 5-1, 1/2 games behind. Oakland moved up from third place with a 31-10 victory over Cincinnati, breaking a two-game losing streak after 14 straight triumphs. The New York Jets joined

# Colts Stop Rams, Tied In 1st Place

The Forgotten Five Plus One isn't a Dixieland band, but one offensive lineman whose play sounded a happy note for the Baltimore Colts in the National Football League. The only time our offensive line gets publicized is when we face the Rams or we break down on a play," tackle Sam Ball said Sunday after he and his mates sparked the Colts to a 27-10 victory over Los Angeles. Baltimore now is tied at 6-1 with the Rams in the Eastern Division. Elsewhere in the NFL Sunday, San Francisco, 4-3, upset Detroit, 3-1; Chicago, 3-4, surprised Minnesota, 3-4, 26-24; St. Louis, 4-3, beat New Orleans, 3-4, 31-17; Cleveland, 4-3, triumphed Atlanta, 1-6, 30-7; the New York Giants, 5-2, edged Washington, 3-4, 13-10; and Pittsburgh, 1-6, topped Philadelphia, 0-7, 3-0. The New York Jets walloped Boston 48-14, Oakland downed Cincinnati 31-10, Houston whipped Buffalo 30-7, Denver outlasted Miami 21-14 and Kansas City defeated San Diego 27-20 in the American Football League. Baltimore's defense was brilliant against Los Angeles, but the Colts' six interior offensive linemen, including two centers,

# GAME MEANS SURVIVAL FOR PACKERS, PRIDE FOR DALLAS

# Cowboys Tackle Green Bay Nemesis Tonight

DALLAS, Tex. (AP)—Dallas and Green Bay—rivals in the last two National Football League title games—collide tonight before a national television audience and a sellout crowd in a battle that means survival for the Packers and pride for the Cowboys. The Packers are struggling to stay alive in the Central Division with a 2-3-1 record and sorely need the victory in their quest for a fourth consecutive NFL crown. Dallas, sailing along with a 6-0 mark in the Capitol Division, needs the game psychologically. The Cowboys have never beaten the Packers in three regular season and two championship games.

Cowboy coach Tom Landry, who has seen his team defeated by the world champions the past two seasons in the closing moments of the NFL title games, said: "The game means a lot to us psychologically. A loss to the Packers takes something out of you that would be hard to replace." The game tonight, before 72,000 in the Cotton Bowl, will provide a stern test of whether Dallas has overcome its Green Bay phobia—folding in the last crucial minutes. So far this season Dallas has allowed but seven points in the final period. Quarterback Don Meredith ranks second in the league in passing. Green Bay is having injury problems although Bart Starr,

who pulled a muscle in his arm last week, is expected to be ready at his quarterback post. Guard Jerry Kramer is a doubtful performer. Dallas is currently on its longest winning streak in one season in its history. Landry believes his team has improved, but isn't certain. Green Bay should provide the answer.

# Steers Hold Edge In Battle Stats

Despite a 41-16 loss Friday to San Angelo, the Big Spring Steers continue to hold the edge in the statistic battle over opponents through seven games. The herd has marked 116 first downs to the enemy's 107, and has garnered 2,126 total yards on offense to 2,096. Big Spring ball carriers have netted 1,506 yards on the ground to 1,347 for opponents, and have collected 620 yards through the air by completing 40 of 120 passes. Opponents have earned 749 yards with 36 completions in 99 attempts. Defensively, the Horns have swiped eight passes while opponents have gathered nine. Big Spring has lost the ball on fumbles 21 times to 16 for the enemy.

# Dickson Wins Haig Tourney

COSTA MESA, Calif. (AP)—Former Amateur champion Bob Dickson, a pro for less than a year, was delighted on more than one account today that he elected to join the play-for-pay golfers. The 24-year-old from Tulsa, Okla., won the \$100,000 Haig National Open Tournament Sunday with a final round two-under-par 69 for a 13-under par total of 271. And he earned \$22,000 in this, his 15th tournament. Dickson had a scrappy little guy named "Chi" Rodriguez on his neck all day, not to mention such other veteran players as Billy Casper and a few others. Chi and big Bob started the final round at the Mesa Verde Country Club all even at 202 strokes for 54 holes. Dickson, playing a threesome ahead of Chi, birdied the first hole for a 4. Rodriguez had a par. Dickson was never collared from there on. Chi held for 69, deadlocked at 276. Bill Collins, 69 for 274, finished third; Bobby Mitchell, Danville, Va., 66 for 275, and Casper, Ken Still and Don Mergentale, each with 71; Bob Ross, 67, and Jack Montgomery, 69, deadlocked at 276.

# Boxing Champ Stands As American Symbol

MEXICO CITY (AP)—Big George Foreman stood there in the center of the ring, a tiny American flag clutched in his huge black fist, a battered, bleeding Russian hulking nearby—a near-perfect symbol of American domination of the 19th Olympic Games.

# MEDAL LIST

Table with columns for Country, Gold, Silver, Bronze, Total. Lists medal counts for various countries including USA, USSR, East Germany, West Germany, etc.

Foreman, a 6-foot-3, 218-pounder, held aloft the little flag—a broad grin on his face—as he accepted America's record 45th gold medal after demolishing lones Cephus for the heavy-weight boxing championship the last evening of the last full day of competition in the trouble-riddled Games.

This victory was icing on the cake for the Yankee team which collected a total of 107 medals and clearly outscored the Soviets in total medals for the first time since the Russians entered the Games at Helsinki in 1952. Russia finished with a total of 92 medals, 30 of them gold. In 1964 at Tokyo Russia led in total medals 96-90 while the United States led in golds, 36-30.

Naturally enough, there was an excuse for the Russian showing this year. It came from Gabriel Korobkov, the Soviet's track and field coach. "Most of the world lives downstairs," he said, referring to Games upstairs, "he said, referring to the 7,347-foot altitude of Mexico City. "It throws the Games out of balance."

Perhaps a more accurate explanation would be found in the almost incredible performance of the United States' swimming and diving team, along with the gymnastic exploits of Vera Caslavskaya of Czechoslovakia—the sweetheart of the Games—and Japan, which cut heavily into the Russian potential total. The United States' swimmers and divers bagged 23 of the 37 gold medals and a total of 47 of the 89 medals up for grabs. Twelve more golds came in men's track and field, and three more in women's track and field—where the Russians failed to score a single gold.

The Americans also picked up two golds in boxing, two in sailing, one each in shooting and equestrian. And Henry Iba's superbly coached, pick-up basketball team, spurred by many of the top collegiate stars, continued its unbeaten string. The U.S. basketball squad won the gold in convincing fashion, whipping Yugoslavia 65-50 in the final game behind the superlative play of Spencer Haywood.

World records, most of them by Americans, fell almost as quickly as arose controversies, incidents and demonstrations. In the latter category, the most flagrant was by American sprinter Tommie Smith and John Carlos, both Negroes, who finished 1-3 in the 200-meter dash. The incident threatened to split the American team, but other American Negroes continued to compete—and win.

Under pressure from the International Olympic Committee and the group's re-elected president, 81-year-old Avery Brundage of Chicago, the U.S. Olympic Committee ordered the two athletes out of the Olympic Village and apologized to the world.

# Rutledge Wins Flag Tourney

Tom Rutledge emerged winner over 29 contestants in the Flag Tournament played this weekend at the Municipal Golf Course. Playing second to Rutledge, who toured the course with a 16 handicap, was Dewey Byers, with a 12 handicap, and Gordon Wheeler, with a 14 handicap, was third. Bob Smith, playing with a three handicap, finished in fourth place and Farris Hammond, an eight handicapper, was fifth.

# Mustangs Have Another Test In Longhorn Country

The SMU Mustangs take their Southwest Conference football lead to Longhorn country this week searching for new believers in their prowess. A mere glance at their 5-1 record shows there already are plenty of converts. Texas Tech became the latest Mustang "believer" Saturday when the Ponies galloped to a 39-18 victory to take sole possession of the SWC lead. It was the fifth victory in six games for the Mustangs, generally thought of as a cellar dweller before the season started. SMU will get a chance to prove itself once again Saturday when they play the Texas Longhorns in another showdown. Texas, ranked No. 12 in the nation by The Associated Press, has won four straight since losing its conference opener to Tech. LeVias and Hixson are the nation's leading pass-catch duo. In Saturday's game, LeVias caught 11 passes and scored one touchdown. Hixson completed 29 of 50 passes for 296 yards and two touchdowns. While SMU was spelling Tech's homecoming, the Baylor Bears, winless in four previous games, were winning their homecoming match.

"I don't want to brag, I just feel humble and thankful that we finally won one," said Baylor Coach John Briders after the Bears decked defending champion Texas A&M and virtually eliminated them from the conference chase. In other games Saturday, Texas pulled away in the last quarter for a 38-14 victory over Rice in the only other league tussle. Arkansas had to hold off North Texas for a 17-15 victory and TCU lost to LSU 10-7 at the Tigers' homecoming. Baylor fullback Pinkie Palmer cranked up Baylor's ground game and drove it right down the Aggies' throats. He carried 30 times for 127 yards. Briders praised his sophomore quarterback Steve Stuart, who was starting for only the second time this season. "More than anything else," Briders said, "he demonstrated a quality of leadership and I think he's really going to improve now."

WASHINGTON (AP) — President Johnson, after a busy weekend of ripping into Republican Richard M. Nixon as a man of the past, says he is going all out this week to help elect Democrat Hubert H. Humphrey president.

Backing the Democratic slate before an audience of New York's polyglot population Sunday, Johnson said:

"I hope between tonight and next Sunday night all of you will do what I am going to do, everything that I can see that Hubert Humphrey and Edmund Muskie are elected on Nov. 5."

**BUSY WEEK**

If the weekend presidential performance was any gauge, the president will be on the campaign trail in several states

and on the airwaves.

But the White House wasn't confirming—or ruling out—anything in the way of specific plans, other than a speech on NBC television next Sunday.

Newsmen trailing Johnson to three states Saturday and Sunday got the idea, though, that it was going to be a busy week of politicking, perhaps with quick calls in some key states and another spot or two on the networks.

Since the President said he would be voting next week in Johnson City, he might take the opportunity for some home-state stumpings in Texas—a spot with 25 important electoral votes which Humphrey forces rate a tossup.

Johnson already has got in

some political licks for Humphrey there. And over the weekend he hit not only New York but also some of the cities and hootin' hollers of West Virginia and Kentucky.

Dedicating a dam at Pikeville, at the eastern tip of Kentucky, Johnson took credit for his administration for bringing progress and better times to the Appalachian region. He slapped at "wooden soldiers of the status quo," "old voices of reaction," and "forces of cold indifference" and declared:

"The surest way you can reverse the tide of progress in America is to go out and elect yourself a Republican president and a Republican Congress."

Leaving a cluster of newsmen

and a disabled helicopter, the President flew up to Morgantown, W. Va., and challenged Nixon to speak out on issues and answer some questions.

**CITY SLICKER**

"I have never, in all my days," he said, "seen a slicker, more over-organized, trumped-up, misleading, now-you-see-it-now-you-don't political campaign than the one the Republicans are waging this year."

"A man running for president," he said, "ought to come out and tell you how he feels."

Advising his listeners to vote the straight Democratic ticket a week from Tuesday, Johnson contended Humphrey of all men is the best qualified to follow him in the White House.

## U.S. Losing, Says LeMay

WASHINGTON (AP) — Retired Gen. Curtis E. LeMay says a National Security Council study indicates the United States is rapidly losing its strategic military strength lead over the Soviet Union.

"The indications are we are losing ground rapidly," the third party vice presidential candidate said Sunday. "As a matter of fact the curve was crossed in 1968."

LeMay made the comment on CBS' "Face the Nation" before taking his campaign into the Midwest for appearances in Des Moines, Iowa, and Omaha, Neb.

He said he participated in the study before retiring as Air Force chief of staff in 1965.

Secretary of Defense Clark M. Clifford said last week the United States has substantial military superiority over the Soviet Union.

LeMay said he had not seen Clifford's figures but from the security council study, which he said is unclassified, "I would say otherwise."

## Claims Work Cut Out For Oilmen

DALLAS, Tex. (AP) — The president of the Independent Petroleum Association of America said today the industry has a tough job ahead regardless who wins the Nov. 5 general elections.

Harold M. McClure Jr., Alma, Mich., said oilmen have their work cut out for them regardless who wins the presidency or which party wins control of the new 91st Congress.

**ATTACK**

In his annual report submitted at the opening general session of the Association's annual meeting, McClure said the industry must solve numerous economic and political problems.

"The Mandatory Oil Imports Program is under attack on several fronts at once," he said. "The Federal Power Commission is engaged in unrealistic price-fixing of natural gas. We must prospect for oil at 1968 costs while selling our crude oil below 1956 real prices. And we are under constant threats against tax provisions which have been part of the economic process of this country for 42 years."

McClure said the industry must fight for an economic and political climate that will assure the necessary incentive to bolster domestic petroleum reserves that have failed to keep pace with record production.

**WILDCATS**

"The need for the wildcat explorer continues to be great," he said. "A multiplicity of effort is essential if this nation is to maintain adequate petroleum supplies for the future. As

many as are equal to the task must join in the search for these new supplies."

McClure said the association fought for 15 years for mandatory oil import controls but now is faced with a frustrating battle to persuade the government to maintain the program's integrity and effectiveness.

"The stated purpose of the program is to promote the national security," he said. "But it has been amended and wretchedly used beginning in 1965 for a multitude of other purposes. There are those . . . who willfully and at almost any cost seek to dismantle the Mandatory Oil Imports Program."

## Riot Trial Under Way

VICTORIA, Tex. (AP) — The first trial arising from a 1967 riot at Texas Southern University in which one policeman died and two others were wounded begins today.

Charles E. Freeman Jr., 20, of Port Arthur, a former student at the predominantly Negro school in Houston, is being tried on an assault to murder charge.

Freeman is accused in the wounding of policeman Robert G. Blaylock, shot in the thigh in the first stages of the May 16-17 riot.

He also is charged, with four other former students, in the wounding of patrolman Allen B. Dugger and the slaying of rookie policeman Louis R. Kuba.

Kuba was shot in the forehead as a 100-man riot squad approached a campus dormitory from which police said shots had been fired.

Presiding Dist. Judge Joe E. Kelly denied a change of venue request by the defense last month after Dist. Judge Wendell A. Odum moved the trial from Houston.

Harris County Dist. Atty. Carol Vance and the Houston Bar Association asked Odum last spring to consider a venue change because they said news coverage of the rioting might prevent a fair trial in Houston.

Vance said the former students are not accused of the actual shooting but of setting into motion the violence that led to the death and injuries.

Police arrested 488 students while clearing the dormitory. All but the five charged were released within 24 hours.

**Fourth Major School Fire**

CLEVELAND, Ohio (AP) — The fourth major school fire in the city's Negro slum areas within the last 19 months destroyed part of Hough Elementary School Sunday night.

School Supt. Paul W. Briggs said it would cost more than \$500,000 to replace the 12 classrooms destroyed at the 81-year-old school. The cause was not determined.

The first firemen arriving at the fire said stones and bottles were thrown at them, but no trouble was reported after several police cars reached the scene.

**Three Complete 2,003-Mile Hike**

MILLINOCKET, Maine (AP) — Elmer L. Onstott and Mr. and Mrs. Everett Skinner arrived this weekend at Mt. Katahdin at the end of a 2,003-mile hike along the Appalachian Trail.

Onstott, 69, of Ferguson, Mo. was the first to arrive. He set out alone April 15 and crossed paths several times with the Skinners, of Englewood, N.J., who left April 1 Skinner is 65 and his wife is 57.

The hike began at Springer Mountain, Ga., and ended at snowy Baxter Peak on Mt. Katahdin.

ANSWERS TO BRIDGE QUIZ

Q. 1—As South, vulnerable, you hold:

♠Q 10 6 ♠10 8 4 ♠AQ 7 2 ♠A 5 3

The bidding has proceeded:

North East South West  
1 ♠ Pass 1 NT 2 ♠  
2 ♠ Pass ?

What action do you take?  
A.—A mere return to two spades would not do justice to the holding. Your hand, although not very impressive in high card count, contains values your partner surely can use. Therefore, an enthusiastic call is suggested, namely three spades. This does not advertise great strength inasmuch as your original one no trump response limited your hand.

Q. 2—East-West vulnerable, opponents have a part score of 70 and as South you hold:

♠Q 7 5 ♠A 6 4 ♠A 7 3 ♠A 8 5

The bidding has proceeded:

East South  
1 ♠

What do you bid?  
A.—In view of the part score a trap pass is not to be considered. Your fight against the opposition must start at once, and we recommend an overall of one no trump rather than a double. It is true that normally our requirements for a no trump overall correspond with those for no trump openings. In view of the part score, however, we would shade the requirement and, tho we hold only 15 points, we consider one no trump the best strategy.

Q. 3—Both vulnerable, as South you hold:

♠KQ 6 2 ♠10 8 5 3 ♠Q 2 ♠A 5

The bidding has proceeded:

North East South  
1 ♠ Dble. ?

What do you bid?  
A.—With mediocre hands of this character, it is our policy to act at once and a bid of one spade is our choice. If you pass it will be extremely difficult to enter the auction on a later round.

Q. 4—Neither vulnerable, partner opens with one club and you hold:

♠A 2 ♠K 8 4 ♠A 10 9 7 ♠Q 6

What is your response?  
A.—There are three plausible responses. The one favored by this department is a diamond. This allows partner the opportunity to bid hearts if he has a four card suit. Quite as accept-

**Methodist Women Push Equal Rights**

ATLANTA, Ga. (AP) — Christians are obligated to challenge presidential candidates to enforce, initiate and revise laws to guarantee equal rights to all citizens, say executives of the women's division of the Methodist missions board.

Candidates slogans of law and order have obscured "and in fact perverted the public concern for justice" the executive committee of the women's division of the United Methodist Board of Missions said in a statement issued Saturday.

The women's division leaders are meeting here in conjunction with the nine-day conference Oct. 23-31 of the executive committee of the Board of Missions and its five major units.

The women also endorsed grants totaling \$5,000 to the Southwest Georgia project, a nine county church-sponsored program to encourage voter registration and aid rural residents and welfare recipients.

Meeting in conjunction with the missions board executives are the women's division, the national division which directs home mission activities, the world division which administers overseas missions, the joint commission on education and cultivation and the joint committee on missionary personnel.

Earlier, the Committee on Deaconess Service, a unit of the national division, elected Atlanta bishop John Owen Smith chairman of the 35-member group.

The Board of Missions' 45-member executive committee includes representatives from throughout the 11-million-member United Methodist Church.

The board, which administers an annual budget of \$44 million, directs the work of some 1,500 missionaries overseas plus 2,000 deaconesses and other home mission workers in the United States and Puerto Rico.
