

VETERANS DAY

Tribute Paid To Veterans Of All Wars

By The Associated Press

Americans are observing Veterans Day, which this year marks the 50th anniversary of the end of World War I.

It was 11 a.m., Nov. 11, 1918, that the conflict ended after a loss of 13 million lives.

Originally proclaimed as Armistice Day, the name of the annual observance was changed in the United States several years ago in order to pay tribute to servicemen who took part in all wars.

The observance annually is marked by marching bands, display of the flag, speeches, parades and special ceremonies.

At Arlington National Cemetery outside Washington Air Force Chief of Staff J. P. McConnell, representing President Johnson, lays a wreath on the Tomb of the Unknown Soldier today.

In prepared remarks, McConnell said, "We must maintain, for a long time to come, a military establishment which permits us to deter aggression."

In San Francisco, 96-year-old George Lasart, who served in Cuba during the Spanish-American War 70 years ago, is an honored parade guest.

At Spartanburg and Columbia, S.C., Gen. William C. Westmoreland, Army chief of staff receives honors at special ceremonies, and reviews parades.

Vets Honored

Maj. Glenn Jones spoke to an assembly of about 300 this morning at the VA Hospital, after the Webb AFB color guard hoisted the colors.

Speaker Says War Is With Communism

The war in Vietnam, according to a much decorated Air Force major who has just completed 700 combat hours over that country, is not a war to "safeguard South Vietnamese people. It is not a war to protect South Vietnamese real estate. It is a war against communism."

RECOGNIZE IT

"We must recognize it for what it is," warned Maj. Glenn Jones, 3560th Pilot Training Wing, Webb AFB. He spoke at the Veterans Day ceremonies conducted at 10 a.m. today in front of the VA Hospital. Approximately 300 men and women, including a number of World War I veterans and Gold Star mothers, heard his address.

"My father," Maj. Jones told the group, "was in World War I. He was decorated at the battle of the Marne and at the Argonne. He taught me to be proud of my country; I have tried to teach my children to be proud of their country. They should be proud of it — it is the greatest country in the history of the world."

He warned his listeners that there are grave problems before the nation. It is possible, he said, unless positive action is taken and the belief in the real essence of Americanism is restored, the end of all that Americans hold dear could be ahead.

MINORITY VOICES

"The voices of the minority are heard everywhere," said Maj. Jones. "They are trying

to take away all we hold dear. It is no longer possible for Americans who believe in their country and their heritage to remain quiet. To save our freedom we must speak out."

He reminded his hearers that in 1918, "they called it a war to end wars; a war to make democracy safe." There will never be a day, he said, when democracy is safe. It can only be preserved by eternal vigilance.

He called attention to the widespread practice of self-appointed investigators going to North Vietnam.

"I grow very impatient with these people who walk through a few villages in North Vietnam. They see bodies of women and children and then they rush back, crying out in horror, 'look what we have done.'"

"It is true that civilians have been killed in these villages. There has never been a war in which civilians have not perished. However, we are trying as hard as we can to avoid these things. The places we bomb are military objectives and we direct our attacks on the targets we are seeking."

SEE OTHER SIDE

"I wish these same people who cry so loudly about the things 'we are doing,' would walk through some of the villages in the sector of South Vietnam where I was stationed and see what I saw day after day."

"The Viet Cong terrorist gangs have killed 54,000 South Vietnamese civilians," Elective officials, men and women who teach school, any person with an education of high school level or even those with fifth and sixth grade educations are assassinated by the hundreds by the terrorists, he said.

"It is all a part and pattern of the Communist plan to overrun the free world," the major stated.

The ceremonies were preceded by selections played by the Big Spring High School band, directed by Bill Bradley. The color guard of Webb AFB raised the flag. Craig Lagerstrom, a life scout in the Boy Scouts of America, led the pledge of allegiance to the flag.

SPEAKERS

Fred Eaker, past chaplain for the World War I Veterans, pronounced the invocation. Walter W. Stroup, city council member, representing the mayor, welcomed the visitors. Maj. Jones was introduced by Chaplain C. O. Hitt, of the VA Hospital, who

was master of ceremonies.

Jack Powell, VA Hospital director, spoke briefly at the close of the ceremonies. He introduced special guests including the Gold Star mothers. Taps to close the exercises were sounded by Glenn Matlock and Dwight Fortson, students at Howard County Junior College.

Says Tax Hike May Be Forced

LONDON (AP)—An economic consultant with close ties to President-elect Nixon said today the new U.S. administration may be forced to raise taxes "to re-establish confidence in the dollar."

Dr. Pierre Rinfret said, "There is a very good possibility that taxes might have to be raised." He added: "I don't think even the surcharge can be eliminated easily . . . the overriding objective will be to re-establish confidence in the dollar. Given that, the new president's freedom of maneuver will clearly be limited."

ADVISOR

Rinfret told a reporter he has been one of Nixon's financial advisers since 1966.

The London Times reported Secretary of the Treasury Henry Fowler said Nixon should continue President Johnson's fiscal policies and curbs on foreign investment, at least until the end of the Vietnam war and until foreign trade improvement becomes "a reality, not just a hope."

Fowler told Peter Jay, financial editor of the Times, it would be disastrous to go back on the two great changes he said he had made during his stay at the Treasury: The flexible use of fiscal and monetary weapons to regulate economic demand and the constant use of international financial cooperation.

REDUCTIONS OUT

Rinfret said that although tax reductions are out as far as the new administration is concerned, at least during its early stages, Nixon's economic team will undoubtedly favor some sort of tax incentive plan which will permit industry to carry out socially valuable programs in exchange for advantages in capital depreciation.

Rinfret also said early priori-

Nixon's Viet Role Mulled

KEY BISCAYNE, Fla. (AP)

Richard M. Nixon and President Johnson meet today in a White House conference that may determine whether the President-elect takes an active role before his inauguration in the search for a Vietnam peace.

President and Mrs. Johnson are hosts to President-elect and Mrs. Nixon at a luncheon. Later the men are to discuss problems of government while the women talk about keeping house in the executive mansion.

IF HELPFUL

Nixon told newsmen Saturday he might send personal representatives abroad—presumably to the Paris peace talks or to Saigon—if Johnson and Secretary of State Dean Rusk think such a move would be helpful in the peace quest.

A source close to the President-elect said likely representatives would be Henry Cabot Lodge, U.S. ambassador to West Germany and former envoy to Saigon, or William Scranton, former GOP governor of Pennsylvania who recently toured Western Europe on a fact-finding mission for Nixon.

Lodge, the Republican vice presidential candidate eight years ago, conferred with Nixon in Florida. The President-elect said he will give Lodge special assignments in the administration which takes office Jan. 20.

South Vietnam President Nguyen Van Thieu first declined to send representatives to the talks. Later he said that if his country could be the senior allied spokesman his government would attend.

The United States has indicated it would seriously consider Thieu's suggestion.

From Washington, Nixon was headed for New York where he will be conferring with top aides this week on formation of a new administration.

In New York, Nixon will meet with such advisors as Thomas E. Dewey, two-time GOP presi-

dential candidate and once governor of New York, and Herbert Brownell and William Rogers, former attorneys general.

Although the President-elect has begun to think about possible Cabinet choices, he has let it be known "none will be announced before Dec. 5."

That's the week he goes to Palm Springs, Calif., to address the closing session of the Republican Governors Association, perhaps to reveal some of his Cabinet picks. He has indicated one or more GOP governors will be on the list.

AGAINST NIXON

Plotters' Link With Sirhan Being Checked

NEW YORK (AP) — A 43-year-old Arab immigrant and his two sons are being held on \$100,000 bail each in connection with an alleged plot to assassinate President-elect Richard M. Nixon.

The three, who were arrested in Brooklyn Saturday night, were arraigned Sunday on charges of conspiracy to commit murder, possession of deadly weapons and criminal solicitation.

NAMERS

They are Ahmed Rageh Namer, a naturalized American citizen who came to this country from Yemen 13 years ago, and his sons, Hussein, 20, and Abdo, 19.

Police gave no details of the alleged plot.

Investigators were checking whether the three might have had any association with Sirhan B. Sirhan, the Jordanian immigrant who goes on trial in Los Angeles Dec. 9 on charges of assassinating Sen. Robert F. Kennedy.

No motive for the alleged plot had been revealed but Nixon, like Kennedy, has said the United States is committed to maintain Israel's military superiority over its Arab foes.

Nixon was in Key Biscayne, Fla. He was scheduled to return to New York, where he has an apartment, Monday night.

A Nixon aide, informed of the arrests, said Nixon "has no concern over it." He added, "Any idea of a major plot is over-exaggerated."

The Namers reportedly took several trips to the West Coast and other parts of the country. Police sources said the men gave no satisfactory explanation on how they could afford to travel so much on their modest salaries. All three worked as shipping clerks.

In Washington, however, the Secret Service said any attempt to link the alleged plot with the Kennedy assassination was "pure speculation at the moment."

Police and Secret Service agents who burst into the Namer apartment Saturday found two rifles, two switchblade knives and a quantity of ammunition.

ANONYMOUS

The arrests came after police received an anonymous telephone call from a man who said the Namers had tried to recruit him because he is an expert marksman.

Police traced the call, seized the man and questioned him for several hours until finally they apparently became convinced he was telling the truth. The informant, said to be a 36-year-old man with an Arab name, is in protective custody.

LBJ—'Hope For Peace'

WASHINGTON (AP) — President Johnson said today that on this Veterans Day there is "renewed hope for a just and honorable peace" and heads are bowed in prayer that half a century from now the world may rejoice in 50 unbroken years of peace.

The holiday commemorates the 50th anniversary of the World War I armistice when, Johnson said, mankind thought there was the beginning of a lasting peace.

In a formal statement, the President said men of good will everywhere "long more than ever for the day when all the guns of battle will be silenced."

HELP WANTED

Bikini-Clad Girl To Be Frozen In Ice

BUFFALO, N.Y. (AP) — It is not winter yet, but may be soon for some attractive girl who answers a help wanted ad listed in Buffalo's newspapers.

The ad reads: "Attractive girl — must look good in a bikini! To be frozen in ice for 48 hours for advertising promotion. Apply in person only."

The auto dealer says there will be room for the lucky girl to sit and a telephone will be provided for contact with the outer world. "Sorry, no furs."

United Fund Clean-Up

Clean-up for the United Fund Drive began today and an additional \$2,000 was added to the till, to bring the \$109,225 goal to 86 per cent complete.

Contributions from the big gifts division, headed by Jimmy Taylor, and more gifts from Cosden Oil and Chemical Co. employees shined the total up to \$94,252.60.

The big gifts division is 93 per cent complete, and the employe division, headed by Don Womack, has 85 per cent of its goal.

Reds To Lose Again

UNITED NATIONS, N.Y. (AP) — Nationalist China's supporters at the United Nations predicted today that the annual resolution to seat Red China will suffer its worst defeat in four years.

They estimated that the vote against it would be 60-44 compared to last year's 58-45. The proposal has lost strength annually since 1965, when it eked out a 47-47 tie. Even its strongest supporters privately conceded it could not pass this year.

Cambodian Ambassador Huot Sambath introduced the resolution today for a five-day debate in the assembly.

Austin Coeds Attacked

AUSTIN (AP) — Police investigated today the Sunday night assaults on four University of Texas coeds.

A coed, 20, told police a Negro held a broken beer bottle to her throat, telling her to drive to a downtown bus station. After a few blocks, she said she jumped from the car and ran.

Soviets Send Up Another

MOSCOW (AP) — The Soviet Union has launched another unmanned space ship, Zond 6, toward the moon but has not disclosed the exact purpose of the flight.

An official announcement said the spaceship was launched Sunday "to conduct scientific explorations along the route of the flight and in near-lunar space" and to test "systems and units" aboard the craft.

The launching came seven weeks after an unmanned Soviet Zond 5 made history's first flight around the moon and back to earth, and followed by two weeks cosmonaut Georgy Beregovoy's earth orbit flight in a Soyuz spacecraft.

STEP UP

This activity seems to indicate an intensification of the Soviet effort to send a man to the moon.

The brief official announcement did not indicate whether Zond 6 would attempt to retrace the route of Zond 5, but the Bochum Observatory in West Germany said the present trajectory of Zond 6 indicated it would.

The observatory calculated the space ship would circle the moon on Tuesday and Wednesday and would land in the Indian Ocean east of Madagascar on Nov. 16. That was the arc in which Zond 5 landed.

The Jodrell Bank radio telescope station in Britain calculated that Zond 6 would make its approach to the moon Wednesday night.

The Soviet announcement said equipment aboard the space craft was functioning normally. It said Zond 6 first went into a parking orbit around the earth Sunday, then blasted off for the moon.

Winter Is Still A Long Way Off, Despite Chills

By The Associated Press

It was hard to convince most Texans this morning that winter's official arrival still is nearly six weeks distant, on Dec. 21.

A hard freeze numbed the Panhandle-Plains sector and the sharpest general chill of the season knifed all the way to the coast.

Frigid Canadian air sent thermometers nosediving in the wake of the latest cold front, which finished a southward sweep through the state and moved into the Gulf of Mexico by Sunday night.

Galveston's 21 inch of moisture and some thundershowers around Port Arthur were the

only rainfall of note connected with the frontal system.

Temperatures before dawn skidded to 21 degrees at Dahlen, 22 at Perryton, 24 at Amarillo, 25 at Plainview and 27 at Childress and Lubbock, all in the Panhandle-Plains area. Wichita Falls and Midland recorded 30, Wink 31, Big Spring and San Angelo 34, Abilene 35, Mineral Wells 36, Sherman-Denison 38 and Fort Worth and Killeen 39.

Skies cleared in most areas and were expected to stay that way.

Another night with temperatures in the upper 20s to low 30s was forecast throughout the state.

Davidson Resigns As C-C Manager, Going To Pasadena

CARROLL DAVIDSON

Announcement was made today of the resignation of Carroll Davidson as manager of the Big Spring Chamber of Commerce.

The word came at the regular meeting of the C-C board of directors from Dr. Milton Talbot, president. Davidson is leaving here to become manager of the Pasadena (Tex.) Chamber of Commerce, and is to take up work there the first of December.

FROM ODESSA

Davidson was here in April, 1961, from Odessa, where he was assistant manager of the Chamber. He previously had served as a C-C manager in Wewoka and Clinton, Okla.

He has served here under eight presidents, the late Horace Garrett having been at the helm when Davidson was employed.

Davidson said, "the decision to accept an offer from Pasadena did not come easily. My family and I have established deep roots in Big Spring, have many friends who have been kind and helpful to us. Our daughters graduated from high school here, our sons are busily engaged in various activities, and it's just hard to leave. But this is a chance for a more rewarding job that I could not turn down."

"Certainly we will be leaving here with deep gratitude in our hearts for the cooperation given us by all officers, directors and members of the Chamber through the years, and with nothing but goodwill for every citizen of Big Spring."

MANY ACTIVITIES

Scores of activities have been written into the Chamber records during Davidson's tenure here. He conceived and organized the Ambassadors Club, or "redcoats," as a

the creation of a Big Spring financed company to operate in this field.

OTHER PROJECTS

He was active in cooperation with highway groups at the time Interstate 20 came into being, and when the new FM 790 improvement project was developed.

He worked intensively for civic beautification, and was in measure responsible for Big Spring winning an "Operation Sparkie" award from the West Texas Chamber of Commerce.

The agriculture tours to neighboring farm and ranch areas were developed during his years here.

Davidson has been both vice president and president of the West Texas Chamber Executives Association; and he also has been on the board of directors and editor of the monthly publication for the state Chamber managers organization.

FAMILY TO STAY

The Davidson family plans to remain here until the school semester ends in January. Two daughters are in college, Linda at the University of Texas and Barbara at Texas Tech. Jimmy is in Big Spring High School and Tommy attends Moss Elementary. The family home is at 1002 Baylor and the Davidsons are Presbyterians.

Davidson, 48, is a native of Pender, Neb., but grew up and attended schools in Omaha. He was in the Air Force during World War II, then went to the University of Oklahoma where he obtained a bachelor's degree in journalism and took a year of graduate study. He was with newspapers in Lawton, Enid and Oklahoma City before he entered Chamber of Commerce activity in Wewoka in 1954.

Wedding Held At Fort Hood

S. Sgt. and Mrs. Raye Allen Conway are residing at 3100 Trimer, Apt. 11, Killeen, following their marriage Saturday in the chapel at Fort Hood. A Chaplain Jones performed the double ring ceremony, using a white Bible presented to the couple by the post commander. The organist played traditional wedding music during the nuptial service.

MRS. R. A. CONWAY

The bride is the former Miss Jacqueline Jane Jackson, daughter of Mr. and Mrs. W. S. Jackson who reside near Atlanta, Ga., and the bridegroom is the son of Mr. and Mrs. Otha Conway of Westbrook.

Given in marriage by her father, the bride was attired in a formal gown of satin brocade with Empire waist and long, tapered sleeves. Her full-length train was sparkled with iridescents, and her waist-length veil of illusion was held by a tvin pillow. She carried a bouquet of white carnations.

The bride's sister, Mrs. Donald Blair, was matron of honor, and another sister, Miss Pat Jackson, was maid of honor. Both are of Georgia. Their full-length dresses were of blue brocade, and each carried a long-stemmed white carnation.

The bridegroom's brother-in-law, Stewart Dickinson of Big Spring was best man, and the bride's brother, Bill Jackson, served as groomsman and usher.

The bride graduated from high school in Georgia and is a licensed hair stylist. Sgt. Conway is a 1963 graduate of Westbrook High School. He entered the Army in 1963 and is now stationed at Fort Hood.

The reception was held in the dining room of the Venus Restaurant in Killeen where refreshments were served from a table covered with a lace cloth and centered with a three-tiered wedding cake topped with a

miniature bride and groom. Crystal and silver appointments completed the setting.

Mrs. Dickinson registered guests at a table accented with the bride's book and a yellow and white floral arrangement. She assisted friends of the bride in serving.

Among those attending from out of town were the couple's parents and Mr. and Mrs. Dickinson.

Educator Notes Use Of Computers

S. M. Anderson, Superintendent of Schools, was guest speaker Friday at the meeting of the Modern Woman's Forum. Mrs. Hugh Duncan, 1600 Tucson, was hostess.

Anderson spoke on "Plans of Education," and discussed computers used in the larger schools and how they are utilized by students and faculty in the education program. Mrs. H. M. Rowe, program chairman, introduced the speaker.

The president read a letter announcing a purse-making class at the YMCA to begin Dec. 6.

The home was decorated with fall flowers, and an arrangement of yellow chrysanthemums and fruit centered the refreshment table.

The next meeting will be a luncheon at the Silver Star Restaurant, with Mrs. Harwood Keith as hostess.

Mrs. Bill Terry Tells BSP History

STANTON (SC) — Mrs. Bill Terry gave a history of Beta Sigma Phi at Thursday's meeting of the Rho Zeta Chapter in the home of Mrs. Eddie James.

Mrs. Tommy Blackwell presided, and Mrs. Corky Blocker presented the program on the history and art of dress. A film was shown and new fashions displayed. Mrs. Billy Reager was honored with a pink and blue shower and was presented a high chair. Refreshments were served.

Ladies Auxiliary Elects Chairmen

New officers were elected at Friday's meeting of the Ladies Auxiliary to the Brotherhood of Railroad Trainmen.

Mrs. T. A. Underhill was re-elected president; Mrs. Albert Smith, vice president; Mrs. Frank Powell, secretary-treasurer; Mrs. Jack Smith, chaplain; Mrs. J. H. Eastham, conductor; Mrs. G. C. Ragsdale, warden; Mrs. C. L. Lumpkin, inner guard; Mrs. A. J. Cain, outer guard; and Mrs. L. D. Jenkins, reporter and pianist.

Mrs. J. T. Meador is past president.

Mrs. Underhill presented, and Mrs. Ragsdale was hostess. A farewell gift was presented to Mrs. J. T. Allen.

The Thanksgiving motif was used on the table, which was laid with a white cloth and centered with a honeycomb turkey.

Mrs. Walter Pachall Gets Service Plaque

Mrs. Walter Pachall of the Gail Route was one of four women receiving service plaques Friday at the annual Ladies' Day held at Concordia Lutheran College in Austin. The women were all nominees for "Lutheran Woman of the Year," and this title went to Mrs. Robert Gloyna of Pasadena, Tex. The awards were presented by Lt. Gov. Preston Smith.

Others attending the meeting from here were Mrs. John Foster, Mrs. August Graumann and the Rev. W. H. Roth.

In being nominated for the plaque, Mrs. Pachall was described as "a faithful and dedicated worker who performs many Christian acts of service which shine brightly to point others to Christ, the Light of the World."

Since 1925, when Mr. and Mrs. Pachall were married, they have lived on a farm eight miles north of Big Spring. They have three sons and six grandchildren.

Mrs. Pachall has been a Sunday school teacher for 37 years and has served as Sunday school treasurer for a number of years. For two years, she has been secretary of the Permian Basin Sunday School Teachers Association and attends its annual meetings. Locally she has served as president of the Parish Workers (Lutheran Women's Missionary League) for the years 1947, 1951

and 1952. She was vice president for one year, secretary for five years, and treasurer for 16 years.

Mrs. Pachall drives from the farm into town to make hospitality calls for the church, visits the sick, mends clothes for Lutheran World Relief and attends the Women's Bible Study Group. In addition, she served for four years as LWML zone chairman and attends all its district conventions. She was a delegate to the international convention in Pittsburg, Pa.

In other areas of service, Mrs. Pachall was cited for assisting with Vacation Bible School since the late 1940's when it was started here, and has served four terms as Aid Association for Lutherans District Secretary.

The Ladies' Day event included a pastor's workshop which featured a number of distinguished speakers.

Decorator Speaks To Club Group

STANTON (SC) — Mrs. Mary Wilson of Andrews, an interior decorator, was guest speaker at Thursday's Achievement Day program hosted by the Martin County home demonstration clubs in the Cap Rock auditorium.

Mrs. Wilson demonstrated how to make window shades and showed different examples of window treatment.

The Lakeview Home Demonstration Club and the Stanton Home Demonstration Club were awarded blue ribbons for displays. A red ribbon was presented to the Grady Home Demonstration Club, and white ribbons were presented to the Koffee Cup Home Demonstration Club and the Courtney Home Demonstration Club.

Approximately 125 women attended from Glasscock, Dawson, Howard, Midland and Martin counties.

Speaker Discusses Human Emotions

STANTON (SC) — Mrs. Louis Roten spoke on "Love Against Hate" at a recent meeting of the Preceptor, Ma Chapter, Beta Sigma Phi, in her home. Mrs. Jill Reid presided during the business session, and Mrs. Leo Turner, program chairman, introduced the speaker. A contribution was made to Gristown, USA, the Texas state project.

Ted Corbett Speaks To Hyperions

The functioning of the human brain was the subject of a talk given by Ted Corbett, staff psychologist at Big Spring State Hospital, when he was guest speaker at Thursday's meeting of the 1948 Hyperion Club. The women met in the Gold Room of Big Spring Country Club with Mrs. George Baer and Mrs. Ross Boykin as hostesses. Mrs. Larry Cheatham, assistant volunteer coordinator at the hospital, was a guest.

A donation was given to the hospital's "Buck-A-Month" Club, and \$25 was pledged to the foreign exchange student program sponsored by the American Field Service.

A guest tea is being planned by the club for December in celebration of its 20th anniversary.

Chairmen Named For Violet Club

Committee chairmen were appointed by Mrs. A. C. Moore, president of the Texas Star African Violet Club, at Thursday's meeting in her home at 1907 Main.

Chairmen are Mrs. W. R. Baker, project; Mrs. Ruby Billings, scrapbook; Mrs. J. M. Stratton, flower; Mrs. M. C. Lawrence, telephone; Mrs. C. Y. Clinkscapes, social; and Mrs. M. K. Earhardt, membership.

The hostess presented the program on dividing and transplanting violets. Refreshments were served from a table laid with a white linen cloth and centered with the Texas Star violet.

Mrs. Clyde E. Thomas, 400 Washington, will be hostess at the next meeting, Dec. 5.

The club's project is to provide a different hospital with an African violet plant each month. A plant was presented to the Bennett House.

Preferred Tea Honors Rushees

The Alpha Beta Omicron Chapter of Coahoma, Beta Sigma Phi, held a preferential tea honoring rushees Sunday in the home of Mrs. Roe Fulgham in Sand Springs.

Rushees were Mrs. Morris Fraley, Mrs. Jack Owens, Mrs. Clinton Hall Jr. and Mrs. Frank Pierson. The table was laid with a white lace cloth and centered with an arrangement of yellow flowers flanked by yellow tapers in crystal holders. Silver appointments completed the setting.

A LOVELIER YOU Keep Skin Glowing With New Makeup

By MARY SUE MILLER

A teen lovely writes: I managed to keep my summer suntan by staying outdoors as much as possible. But it's gone now and I look white as a ghost. Is there any kind of tan make-up that looks natural? I haven't been able to find one.

The answer: If you can't have a suntan, try a snowtan. The look is warm and glowing — the tone of the skin after you spend a day on skis. Only it's achieved by creamy applications made in private.

And it's removed with soap and water, or a cleansing lotion. There's no staining or changing of the skin's pigment. The action moisturizes and protects the skin from wind. And tones to a delightful bronze.

Application is simple. You cleanse well and pat dry. Then you dot on and blend your cream upward and outward with gentle fingertips. For a sparkly finish add a frosty blush to your cheeks or to the entire face. A natural fresh air glow will be your instantly.

Of course, you and I know that however great a tan make-up, it cannot do what fresh air and exercise do for the inner girl. Winter and summer the active girl is the glowier. It is on her that bronzing cosmetics show to their best advantage.

LOVELIER COMPLEXION

Whatever your skin problems, to find a solution send for my booklet, "A Lovelier Complexion." Detailed advice includes the correct care for dry, oily, combination and normal skin types; proper application methods; treatments for blackheads, enlarged pores, circles, wrinkles, creases, etc. For your copy, write Mary Sue Miller in care of the Big Spring Herald, enclosing a long, self-addressed, stamped envelope and 25 cents in coin.

Miss Karen Lynn Bell, bride-elect of Donnie Lynn Reagan, was complimented with a gift party Sunday afternoon in the First Federal Community Room. Calling hours were from 2 to 4 p.m. and approximately 150 were included on the guest list.

Miss Bell received guests with her mother, Mrs. Henry Bell, and her fiancé's mother, Mrs. Earl Reagan. Grandmothers of the bride, Mrs. Ernest Steele and Mrs. Walter Bell, were in the receiving line.

The honoree was attired in a caramel knit suit and was presented a corsage of cranberry carnations. Both mothers wore white carnation corsages, and the grandmothers were given white lace wedding bells with sprigs of lily of the valley.

Hostesses were Mrs. Harvey Adams, Mrs. Bob Bell, Mrs. Curtis Choate, Mrs. Bill Condra, Mrs. Richard Egan, Mrs. Tommy Harvell, Mrs. Jerry Mancill, Mrs. W. P. Mims, Mrs. Robert Parker, Mrs. W. U. Pate, Mrs. Niles Rough, Mrs. Simon Terrazas, Mrs. John Turner, Mrs. Bill Ward and Mrs. Shelby Parnell.

The refreshment table was laid with a white lace cloth, made by Mrs. Steele, and centered with cranberry and pink carnations. Crystal and silver appointments completed the setting.

Mrs. Rough presided at the guest register, and the hostess' gift was avocado cookware.

'THE WAR TO END WAR' ENDED 50 YEARS AGO

Armistice Anniversary In U. S.

Blast Shatters Home

The Julius Peterson home in Mankato, Minn., was torn completely apart Sunday by an explosion. The Petersons were away at the time.

Mystery Explosion Sends Eight Persons To Hospitals

MANKATO, Minn. (AP) — Investigators sought today to determine the cause of an explosion which shattered a two-story home, set two adjacent dwellings afire and sent eight persons to hospitals.

No one was injured seriously. Two of those taken to hospitals had to remain.

The force of the explosion early Sunday broke windows as far away as downtown Mankato, about eight blocks from the scene.

Les Manecke, 57, owner of a drug store four blocks away, was struck fatally while examining window damage at his store following the explosion. Authorities said a heart attack caused the druggist's death.

The dwelling where the explosion occurred was that of the Julius Petersons, who were out of the city. The house was demolished, with only the chimney left standing.

Sharon Huse, a student at Mankato State College, was walking nearby when the Peterson house exploded.

Fire Delivered

TOLEDO, Ohio (AP) — A fire was delivered to the water Sunday. Hundreds of bales of packaging material caught fire in a railroad boxcar on the Ann Arbor Line. Railwaymen shunted the car down the track to a hydrant to make life easier for the firefighters.

NEW YORK (AP) — World War I, once called "The war to end war," ended in an armistice 50 years ago today. When the shooting stopped there lay dead, by U.S. War Department count, more than 8.5 million soldiers, including 125,000 Americans.

Not until 1918 did commanders finally realize that horse-cavalry charges against dug-in machine gunners were suicidal. By the spring of 1917 the fighting, which for years had surged back and forth in a series of inconclusive offensives and counter-offensives, had bogged down in bloody deadlock in the trenches of the Western Front.

America already had broken off relations with the German government because of its announcement at the start of 1917 that it would carry out unrestricted submarine warfare.

lack on the United States. President Woodrow Wilson issued a proclamation of war on April 7, declaring: "The world must be made safe for democracy."

Atlantic Alliance Opens Week Of High-Level Meets

By CARL HARTMAN Associated Press Writer BRUSSELS (AP) — The North Atlantic alliance, opening a week of high-level meetings today heard an appeal to let the

Soviet Union know that after its invasion of Czechoslovakia the West will "face any new development with appropriate firmness."

bring the existing forces to their full required levels of manning, training and equipment, ensure fast arrival and reception of necessary reinforcements, improve the quality, training and equipment of reserves, develop the means for rapid and extensive mobilization, adopt, within the limits of tolerable national efforts, all the financial measures necessary to support those military requirements."

Its money outlay was roughly \$30 billion, a tremendous sum by the standards of the day. Historians estimate the cost to all belligerents was close to \$400 billion.

Judge Winner Of JFK Award

CHICAGO (AP) — Judge Otto Kerner, former Illinois governor and chairman of President Johnson's Commission on Civil Disorders, has been named winner of the 1968 John F. Kennedy Award of the Catholic Interracial Council of Chicago.

The appeal came from Manlio Brosio, secretary-general of the North Atlantic Treaty Organization, who told the Atlantic Assembly the invasion has brought "instability mainly in the Soviet Union and in the Communist community, uncertainty in the Western world faced with the possibility of disquieting developments."

The Atlantic Assembly brings together some 200 members of the U.S. Congress and of the parliaments of the 14 other NATO members. The assembly can only make studies, debate them and issue reports.

Hitler never forgot the humbling of Germany in 1918. When the beaten French were forced to ask him for an armistice on June 16, 1940, he made them sign it in the very same railway carriage, which had been preserved as a historical memento of World War I.

Earthquakes Linked To Mississippi Silt

CHICAGO (AP) — An expert on earthquakes says the cause of Saturday's quake that jarred residents of 22 states may be linked to millions of tons of silt deposited annually by the Mississippi River in the Gulf of Mexico.

PILOTS, PISTOLS

At the outset, the flimsy military planes of the time were used mainly for front-line reconnaissance. Pilots first at enemy pilots with pistols and rifles.

Anti-Soviet Czechs Fight Communists

PRAGUE (AP) — Anti-Soviet Czechs jeered and jostled hard-line Communists who had to fight their way out of a Soviet friendship rally in Prague Sunday.

Shouting "traitors," "swine" and "collaborators," a crowd of more than 1,000 Czechoslovaks massed outside a hall where more than 2,000 pro-Soviet Communists attended a morning rally. Fist fights broke out. Many suffered minor injuries and police took several persons into custody.

'GO HOME'
About 100 Soviet soldiers who participated in the rally left the

hall by a side door. But about 100 Czechs gathered around their buses, shouting "go home" and shaking their fists at the Russians, who waved and smiled.

The meeting was organized by the Czechoslovak-Soviet Friendship Association, a group being used to organize opposition to the reform leadership of Alexander Dubcek, first secretary of the Czechoslovak Communist party.

Dubcek and the old guard are expected to clash Thursday when the party's central committee meets to decide whether reforms begin in January will continue under Soviet occupation.

'TRAITOR'
One pro-Soviet woman criticized some boys for jeering at the Russian soldiers. The boys pursued her down the streets shouting, "Shame, traitor," until police took her into a car.

Another man shouted, "You at the pro-Soviet Czechs."

Yugoslav President Tito, meanwhile, continued his defiance of Soviet domination, telling a crowd of 200,000 Yugoslavs at Osijek, near the Hungarian border: "Our sovereignty and our independence were paid for in blood, once and forever, and we will preserve them with blood if necessary."

"Attempts to isolate Yugoslavia will not succeed because we have many friends in the world," he declared, citing Italy, Austria, Great Britain, Belgium, Holland, the Scandinavian countries and nonaligned countries of Asia and Africa.

Retarded Girl Raped By Nine
DALLAS (AP) — Police said nine youths, 16 to 19, raped a mentally retarded girl, 12, who was home from the Terrell State Hospital to spend the weekend with her Dallas parents.

Defective Capt. Will Fritz said the youths took the girl from a hamburger stand near her home to a motel room where she was assaulted and left locked inside Saturday night.

She crawled out a window and police were summoned about 5 a.m. Sunday. Officers said they had arrested several youths accused in the case and others were being sought.

Boy Whips Coma After Accident
OLATHE, Kan. (AP) — A 10-year-old Olathe boy has regained consciousness after remaining in a coma nearly five months since he was hit by a car.

Grant Nash, son of Dr. and Mrs. Robert Nash, suffered head injuries and a leg fracture in the accident while riding his bicycle across Kansas Highway 7 June 20.

Attendants said he began to show signs of regaining consciousness several days ago and by the weekend was able to recognize people and to respond by nodding his head.

Heart, Lung Transplants

HOUSTON (AP) — The recipients of a heart, one lung and two kidneys in Houston's second mass organ transplant were reported in satisfactory condition Sunday.

Andrew Perhas, 55, of Hempstead, N.Y., the heart recipient, and Walter C. Carey, 43, of Carmel, N.Y., the lung recipient, were recuperating in St. Luke's Episcopal Hospital.

Edmond Johnson, 44, of Crockett, Tex., and Harry Caserta, 40, of Tyler, Tex., were recovering in Methodist Hospital.

The men received the organs of a 27-year-old housewife Saturday. The donor, whose name was withheld at the family's request, was flown from Wilmington, Del., to Houston Friday.

She died after a cerebral hemorrhage, a hospital spokesman said.

A Methodist Hospital surgical team performed the first multiple organ transplant Aug. 31. The heart, one lung and two kidneys of a woman who suffered a fatal gunshot wound were implanted into four men.

The lung recipient and a kidney recipient in that operation later died.

Foreman Called 'Cad And Louse'

HOUSTON (AP) — Percy Foreman of Houston, chosen as counsel by the man charged in the slaying of Dr. Martin Luther King Jr., once was compared to the famed Clarence Darrow.

"I've tried more murder cases in a year than Darrow did in a lifetime," Foreman replied.

Foreman, 66, defended Jack Ruby briefly in the slaying of accused presidential assassin Lee Harvey Oswald at Dallas.

VERY RICH
The 6-foot-4, 250-pound lawyer led the successful defense team in the 1966 Florida murder trial of Candace Mossler and her nephew, Melvin Wayne Powers.

Foreman's fees from the sensational Mossler case reputedly increased his already great wealth.

"You know I don't let people tell me what to do in a case," Foreman wrote Ruby.

Born in a log cabin near Livingston, Tex., Foreman was one of a county sheriff's eight children.

During his 41 years as a lawyer, Foreman has been called "flamboyant," "a study in contradictions" and a "cad and louse."

Once he was beaten by two peace officers after he won a murder case acquittal. A month earlier, 200 officers gave him a diamond-studded watch after his successful defense, without fee of four policemen accused of brutality.

"Forgive them, Lord — they know not what they do," Foreman said after the beating.

He has been acquitted on charges of adultery and using abusive language. He paid fines for letting weeds grow too high on his property, and he paid 122 parking tickets at once, getting -105 dismissed.

Foreman once was beaten also by the widow of a man whose accused slayer he successfully defended.

"In such cases, what was once love turns to hate and they can't hate themselves so they hate the lawyer," he said.

Bouncing Baby

NEW YORK (AP) — A one-year-old girl who fell four stories from a West Side apartment window and landed on a discarded bedspring was reported in good condition today.

Stilts House Draws Fire

SAN FRANCISCO (AP) — The house Fred Maffei wants to put up on his lot on Telegraph Hill sounds reasonable enough — concrete, steel, wood, glass, the usual.

But Maffei, a building contractor who bought the lot for \$600 at a tax sale in 1965, is running into trouble.

For one thing the lot, 68 feet long, is eight feet wide.

Maffei says he has spent \$4,500 on engineering plans, revisions, drawings and appeals, and that he has four prospective buyers willing to make it worth his while to put up the house at an estimated cost of around \$40,000.

He and designer Jun Hatoyama came up with a two-story layout 51 feet long and — yes — eight feet wide.

But the Telegraph Hill Dwellers Association cited an easement granted for the street — La Ferrara Terrace, which is 16 feet wide. The easement grants passage across Maffei's lot so that neighbors can get into their garages.

So he and Hatoyama drew plans for a one-story house on stilts with an elevator to lift the occupant's car into a second-story garage, so the neighbors could drive under it to get into their own garages.

Dr. Molner Offers New Medical Book To Readers

A new, 96-page hard-cover medical handbook for families is now available exclusively to readers of The Herald from Dr. Joseph G. Molner, nationally famous medical columnist.

Dr. Molner, author of YOUR GOOD HEALTH, a medical advice column which appears regularly in The Herald, has compiled in his new handbook over 1,000 answers to questions about good family health.

This 8 1/2 x 11, fully-illustrated volume deals with a broad range of medical subjects. Included in the book — are chapters on skin disorders; pregnancy; and the expectant mother; infant and child care; eye, ear, nose and throat problems; diet and weight control; heart circulation and the blood; asthma and other allergies.

In addition, Dr. Molner discusses in frank and informative manner many general health problems.

As regular readers of his column know, Dr. Molner throughout the years has dispensed the latest medical knowledge in an old-fashioned "common-sense" style. His writings have been commended by fellow physicians and medical associations, acclaimed by editors, and read daily by over

30,000,000 families in more than 300 cities.

He began his writing career after distinguished service as Commissioner of Health for Wayne County, Michigan. Dr. Molner was graduated from Wayne University and took post-graduate work at Johns Hopkins University.

Copies of THE EVERYDAY MEDICAL HANDBOOK may be obtained by writing to Fawcett Publications, Dept. HH, Fawcett Place, Greenwich, Conn. 06830 and enclosing check or money order payable to DR. MOLNER BOOK in the amount of \$2.50 plus 25 cents handling.

J. U. PARKER

Fire Safety Seminar Set

An areawide three-hour fire safety seminar on the handling of petroleum products and flammable liquids will be offered employees of the petroleum industry and others interested Thursday in Big Spring.

The seminar, taught by J. U. Parker, formerly chief safety engineer for Humble Oil and Refining Co., will begin at 1:30 p.m. Thursday at First Federal Savings and Loan Association. Enrollment is open to any person interested.

The course will be conducted by the extension division of the University of Texas at Austin, and is sponsored by the Texas Oil Jobbers Association. It is endorsed by the Texas Safety Association and fire marshals throughout the state.

Main topics to be discussed in the sessions are storage facilities; loading and unloading by gravity pumps; transportation, including driver training, operation of vehicles and characteristics of commercial vehicles; fire prevention, including classification of flammable liquids and classes of fires; fire control; and fire extinguishment.

PLAN TO NIP BUS BANDITS

HOUSTON, Tex. (AP) — City bus drivers no longer will carry change boxes, and riders must present the exact fare to board beginning today, the bus company management announced.

Officials said the drivers of 17 city buses were robbed last weekend and one driver was robbed twice.

Birth Controls Dispute Flares

WASHINGTON (AP) — The nation's Roman Catholic bishops and cardinals, face today an explosive dispute over the meaning of Pope Paul VI's ban on artificial birth control.

The issue of whether the ban is binding on all Catholic couples or whether birth control should be left up to personal conscience looms as the largest question before the five-day National Conference of Catholic Bishops, opening today.

Sen. Eugene J. McCarthy, D-Minn., was cheered by a crowd of 3,000 to 5,000 persons Sunday as he backed a band of Washington priests who were punished after they disagreed openly with the Pope's birth control edict.

The French Assembly of Bishops, in the boldest reaction so far, decided last week to leave the choice up to each married couple.

However, the Catholic hierarchy in this country generally voiced support for the Pope when he issued his encyclical last summer continuing the church's traditional ban on all

artificial means of birth control. The formal, written stand is to be hammered out this week.

McCarthy, who once spent a year in a monastery, spoke in support of 40 priests penalized by Patrick Cardinal O'Boyle of Washington after they called for the choice of conscience for married couples, the same stand that has since been taken by France and Canada.

The Rev. John E. Corrigan, leader of the Washington priests, said the bishops should realize that "The only way to control a revolution is to lead it."

The priests are asking the bishops to persuade Cardinal O'Boyle to place their dispute before an arbitration panel.

Published polls have indicated nearly half of the nation's priests and more than half of the Catholic populace disagree with the Pope's ban.

Cardinal O'Boyle will attend the bishops' conference along with almost all of the other five cardinals in the United States. All meetings of the bishops will be closed.

DANCE HALL SHOOTING NEAR LEVELLAND

23 Killed In Texas Wrecks

By The Associated Press

Texas recorded 31 violent deaths during the weekend, including 23 in traffic. The toll was taken between 6 p.m. Friday and midnight Saturday.

Two of the worst accidents each claimed three lives. A collision of a car and a Cotton Belt freight train late Saturday night near the downtown section of Pittsburg in East Texas killed James Armstrong, 22, and Cecil Lafayette, 30, both of Carson, and Johnnie White, 30, of Pittsburg.

Three cadets from Texas A&M University also died Saturday when their car and a two-trailer truck crashed 3 1/2 miles west of Rosharone. They were Don W. Coward, 18, of Corpus Christi; John W. Groves, 22, of Lovington, N.M., and George W. Reynolds, 18, of Orange Grove, Tex.

These were among the other victims:

Two-year-old Marian McKee, daughter of Dr. and Mrs. Richard McKee, was killed in her crib Sunday morning when a Docanegra Rudolfo, 18, of San Antonio was killed Sunday when his car rained into their East Fort Worth home. Police said a Dallas woman, 31, driving the car escaped serious injury.

A shotgun charge killed Robert Youngblood, 16, of Houston at a friend's home Sunday night. Police said a youth, 17, told officers they had been clowning with the weapon in a mistaken belief it was not loaded.

Docanegra Rudolfo, 18, of San Antonio was killed Sunday when his car was involved in a rear-end collision with another vehicle on the city's west side.

Shannon Green, 28, was dead on arrival at a San Antonio hospital Sunday night with a bullet wound in the chest. A 40-year-old woman was questioned.

Jesse Lopez, 39, of Levelland was shot to death and Pete Trevion, 30, of Lubbock was wounded when a shooting erupted early Sunday at a dance hall near Levelland.

Horoscope Forecast

TOMORROW
—CARROLL RIGHTER

GENERAL TENDENCIES: Your long-range plans have a very good chance of becoming a successful venture if you will let others know what you have in mind, especially if you do so with a smile and in such a manner that you impress whomever you contact with your ability to charm them into seeing and doing things the way you think best.

ARIES (March 21 to April 19) Your ambitions of long-standing can really run out to your benefit now since there is a protective aura around them and you now bring that charming person with you of some notable social event. Make a big hit.

TAURUS (April 20 to May 20) Some idea that you and kin have had for a long time can now be realized if you act quickly. Plan how to increase your fundamental security. Avoid persons who are nothing but time-wasters and have been holding you back. Avoid persons who are nothing but time-wasters and have been holding you back. Avoid persons who are nothing but time-wasters and have been holding you back.

GEMINI (May 21 to June 21) Almost everyone you know is in a mood to give you a boost or helping hand with your particular aims, so let them. Make that report out carefully. Make and keep important appointments, but for heaven's sake, be on time.

MOON CHILDREN (June 22 to July 21) You can impress higher-ups with your ambitious aims and real ability now. Some credit manager could be of real interest to you. Much support can come from him if you treat this person properly.

LEO (July 22 to Aug. 21) You are able to coordinate that old idea with new ones you have so that all work out fine from a more modern standpoint. Listen to what an elder has to say who has had infinite experience. Be clever.

VIRGO (Aug. 22 to Sept. 22) Sitting down with experts amicably can result in your making plans that are most worthwhile and profitable. Put in your hours and be successful. Then arrange things with more that are more ideal.

LIBRA (Sept. 23 to Oct. 22) If you dash out and talk over with associates in the outside world how best to gain your finest goals, they give wonderful ideas. You can solve any problems provided you are more broad-minded. Be clever.

SCORPIO (Oct. 23 to Nov. 21) By showing higher-ups that you are capable of putting across some big project, you gain the support you wish for your finest talents. Look to a sensitive individual for the answers you want right now to certain matters, problems. Get fine results.

SAGITTARIUS (Nov. 22 to Dec. 21) You are inclined to aim your finest aims with relative ease now, so be positive in going after what you want. Be friendly with persons you admire. Build up ego. Have a good time, too.

CAPRICORN (Dec. 22 to Jan. 19) Talk over with kin some fine plan for getting more of the things you mutually desire. There is some white elephant situation that should now be dropped. Stop wasting your time over it.

AQUARIUS (Jan. 20 to Feb. 18) Talking over how you are going to achieve your finest mutual aim makes it necessary that you use intelligence and are very willing. Listen carefully to what those who are concerned in sort have to discuss. Learn much.

PISCES (Feb. 19 to March 20) Be more willing to work instead of trying to get money for little or nothing and happy and successful day. Then arrange things with more that are more ideal.

LIBRA (Sept. 23 to Oct. 22) If you dash out and talk over with associates in the outside world how best to gain your finest goals, they give wonderful ideas. You can solve any problems provided you are more broad-minded. Be clever.

First Enemy Attack Kills Leathernecks

SAIGON (AP) — North Vietnamese gunners fired artillery and rockets from inside the demilitarized zone at U.S. Marine positions Sunday, a military spokesman said today. It was the first enemy attack from within the buffer zone since President Johnson halted the bombing of North Vietnam and indicated he expected a reciprocal suspension of attacks from the DMZ.

\$1.00 NO RISK OFFER—SPECIAL ENROLLMENT EXPIRES MIDNIGHT, NOVEMBER 24, 1968

LEAVE THE HOSPITAL WITH "EXTRA CASH" IN YOUR POCKET!

Now... a remarkable plan pays extra cash directly to you—even for life—in addition to any other insurance—even Medicare—tax-free extra cash to use as you wish!

Regardless of your age, occupation or size of your family, you get your first month for only \$1.00!

During this Special Enrollment Period, you can enroll yourself and all eligible members of your family simply by mailing the Enrollment Form below with \$1. There's nothing else to do—but you must mail your Enrollment before Midnight, November 24, 1968!

Think of it. Now, with a stroke of your pen, you can have tax-free, expense-free extra cash paid direct to you—not to the doctor or hospital—when a sudden accident or unexpected illness hospitalizes you or a covered member of your family! And you may enroll during this Special Enrollment Period without having to see a company representative and without any red tape whatsoever.

How you can get extra cash in addition to ordinary health insurance

All you need to do is mail the Enrollment Form below together with just \$1 before the expiration date. It's that easy!

Anyone who has been in the hospital recently knows ordinary hospital insurance—even Medicare—simply will not cover everything. You have to pay many "extras" out of your own pocket—and it can add up to hundreds of dollars in a frighteningly short time.

But even if your ordinary hospital insurance covers most of your medical and hospital bills, what about the bills that keep piling up at home?

If you, as husband, father and breadwinner are suddenly hospitalized, your income stops, your expenses go up. Even if you have some kind of "salary insurance" it probably won't come close to replacing your full-time pay.

If your wife is suddenly hospitalized, who will look after the family, do the laundry, the marketing, the cleaning? You may have to take time off from your job—or hire full-time domestic help.

If one of your children is suddenly hospitalized you will certainly spare no expense. You wouldn't even want to think about the cost.

If you're over 65 and are suddenly hospitalized, Medicare won't pay all your hospital expenses or any household expenses. You won't want to use up savings it may have taken a lifetime to accumulate... you'll want to stay independent and not become a "burden" to your children or community.

Without "extra cash" protection, a hospital emergency may leave you with savings gone, debts you can't pay, peace of mind shattered—even your recovery can be seriously delayed by money worries!

How the plan pays off for you

But now, with Direct Extra Cash, you can help avoid these worries—because you can count on extra cash for every day, every week—week after week even for life—when you or any covered family member goes to the hospital. No matter how large your family,

no matter what your age or occupation, you can choose whichever of the four low-cost plans shown at right suits your family best.

You may actually come out "Money Ahead" Because the Direct Extra Cash Plan pays you in addition to any other company's health insurance—individual, group or even Medicare—and because all your extra cash benefits are tax-free, you may actually leave the hospital many dollars ahead... money you don't have to account for to anyone—extra cash in addition to anything and everything!

Extra cash benefits at a surprisingly low cost —Your first month for only \$1

You get all of these extra benefits at a cost even less than you would expect! See the actual low rates in the panel at right. And, regardless of the plan you choose, your occupation, your age or size of your family, you get your entire first month for only \$1.00!

How can we offer so much for so little? The answer is simple: We have lower total sales costs. The Direct Extra Cash Plan is a mass enrollment plan. All business is conducted directly with you by mail. No salesmen or investigators are used. It all adds up to maximum protection at minimum cost for you.

Backed by Executive Fund, the most talked-about company in insurance circles today In addition to the wide range of benefits and the surprisingly low cost, your policy is backed by a legal reserve company, a company talked about today as "the breakthrough company" because it pioneered several of the most important insurance developments in years.

For example, Executive Fund Life Insurance Company introduced the first major price breakthrough in years, offering exactly the same kinds of life insurance people could buy from anyone else, but with one important difference: the price is lower!

Executive Fund saves millions of dollars for thousands of life insurance policyholders throughout the nation because it is probably the only company in the United States that sells its policies without salesmen and without salesmen's commissions. Serving policyholders all over America directly from its headquarters in Omaha, Nebraska, where it is incorporated, Executive Fund is licensed in your state and governed by all the laws of your state insurance department. It is managed by highly respected, responsible insurance executives with many years of experience, dedicated to giving you the best protection at the very lowest cost... and the independent, nationally recognized rating service, Dunne's Insurance Reports, has awarded Executive Fund Life Insurance Company its highest possible Policyholders' Rating, "A+" (Excellent).

Easy to enroll! No salesman will call! Take a moment right now to fill out your Enrollment Form and mail it with only \$1.00 for your first month. We will issue your Direct Extra Cash Policy (Form P308 Series) immediately—the same day we receive your form. This automatically puts your policy in force. Along with your policy you will receive a simple, easy-to-use Claim Form that makes it possible for us to pay extra cash direct to you, the fastest, easiest way.

\$350 every week you and your wife are both injured (See All-Family and Husband-Wife plans below)

PLUS Double cash benefits for cancer and heart attack
 Extra cash extended in event of accidental death

ALL PAID AS LONG AS YOU OR ANY COVERED FAMILY MEMBER IS HOSPITALIZED—EVEN FOR LIFE!

CHOOSE THE PLAN THAT SUITS YOU BEST

ALL-FAMILY PLAN

PAYS YOU: \$100 weekly extra cash when you are hospitalized, \$75 weekly when your wife is hospitalized, \$50 weekly for each eligible child hospitalized.

If you are a young, growing family, we recommend the All-Family Plan. You and your wife are covered, and all your children (including future additions) between 3 months of age and under 23 are included at no extra cost as long as they are unmarried and live at home.

You pay only \$7.95 a month and you get your first month for only \$1.00!

ONE-PARENT FAMILY PLAN

PAYS YOU: \$100 weekly extra cash when you are hospitalized, \$50 weekly for each eligible child hospitalized.

If you are the only parent living with your children, we suggest the One-Parent Family Plan. It covers you and all unmarried children living at home between 3 months of age and under 23. Under this plan, of course, future additions are not included since no maternity benefit is provided in the One-Parent Family Plan.

You pay only \$5.95 a month and you get your first month for only \$1.00!

HUSBAND-WIFE PLAN

PAYS YOU: \$100 weekly extra cash when you are hospitalized, \$75 weekly when your wife is hospitalized.

If you have no children, or if your children are grown and no longer dependent on you, you will want the Husband-Wife Plan.

You pay only \$5.95 a month and you get your first month for only \$1.00!

INDIVIDUAL PLAN

PAYS YOU: \$100 weekly extra cash when you are hospitalized.

If you are living by yourself, or if you wish to cover only yourself or one family member, choose the Individual Plan.

You pay only \$3.50 monthly and you get your first month for only \$1.00!

SPECIAL EXTRA BENEFITS!

Double extra cash benefits
 Whichever Plan you choose, you get:
 100% increase in your cash benefits... if you or any covered family member is hospitalized by cancer (including Leukemia and Hodgkin's Disease) or heart attack (acute myocardial infarction, coronary thrombosis or coronary occlusion).
 If you choose the All-Family or Husband-Wife Plan, you get:
 100% increase in your cash benefits... if both you and your wife are injured and hospitalized at the same time. You get twice the regular combined benefit—\$350 a week!

For the first time—Extended extra cash
 In event of accidental death!
 In addition to all the regular and double cash benefits, here is a real plus: in case of death in the hospital from any accident covered by your policy—special extended extra cash benefits provide an extra two weeks of benefits for each covered family member on all plans: \$200 for you, \$150 for your wife, \$100 for each child—all in addition to all other benefits.

IF YOU ARE OVER 65

Even though Medicare will pay most of your hospital expenses, it will not cover all of your needs. During this limited enrollment, you can get the extra cash protection needed during the high-risk senior years without any qualifications just by using the form below!
 It's a fact that people over 65 go to hospitals more often and have larger hospital bills. That's exactly why they need extra cash protection! And that's why some hospital plans won't accept them or charge rates beyond their means. But the Direct-Extra Cash Plan not only accepts you regardless of age, it gives you easy-to-carry protection that is within your means. If you are over 65 now, or when you become 65, the following modest monthly increase applies:
 Female on All-Family or Husband-Wife Plan \$2.25
 Female on One-Parent Family or Individual Plan 3.00
 Male on any Plan 3.00

ALL ACCIDENTS AND NEW SICKNESSES COVERED IMMEDIATELY—EVEN PRE-EXISTING CONDITIONS COVERED AFTER ONE YEAR

Important: No matter which plan you choose, extra cash is paid directly to you—even for one day—for as long and for as many times as you or any covered family member is hospitalized—even for life!

The Direct Extra Cash Plan covers you immediately for any new accident or sickness.

You're covered for any accident on or off the job—anytime, 24 hours a day, 365 days a year, anywhere in the world.

You're covered for sicknesses of all kinds—major or minor—even for pre-existing conditions (old conditions that come back again and again or are likely to recur) after your policy has been in force for just 12 months. And, if you select the All-Family Plan, even maternity is covered after your policy has been in force for 10 months.

Only a few minimum exceptions

There are only these few minimum exceptions: war, military service, mental disorder, alcoholism, drug addiction or attempted suicide. You may go to any hospital of your choice—even government hospitals—but not nursing homes, convalescent or rest homes or self-care units.

Enjoy life-long security

For as long as you live and pay your premiums, we will never refuse to renew your policy for health reasons—in fact, we guarantee that we will never cancel or terminate your policy unless we decline renewal on all policies of this type in your entire state. Moreover, no change can ever be made in your rate unless we make a general change for all persons of the same classification in your entire state.

\$1 NO RISK ENROLLMENT OFFER MONEY-BACK GUARANTEE

When you receive your policy, you'll see that it is honest and easy to understand. But if for any reason whatsoever you change your mind, you may return your policy within 10 days and we will promptly refund your dollar.

IMPORTANT: We can only accept your enrollment if it is postmarked on or before the date shown below. But please don't wait until the last moment. The sooner we receive your form, the sooner the Direct Extra Cash Plan will cover you. You risk nothing by acting promptly. You may actually risk losing hundreds of dollars in "extra cash" benefits if you delay. Mail your enrollment form today.

19 Important Questions Answered

ABOUT THE NEW DIRECT EXTRA CASH PLAN

- 1. What is the Direct Extra Cash Plan?**
The Direct Extra Cash Plan is an entirely new, low-cost plan that pays extra cash direct to you when sudden accident or unexpected illness hospitalizes you or any covered member of your family.
- 2. Why should I have the Direct Extra Cash Plan in addition to my regular insurance?**
Because your present insurance probably won't cover all your hospital expenses, but even if it does, you can still use the extra cash to help with your household expenses when you're hospitalized... extra cash week after week even for life... extra cash you can use any way you wish! **Can I collect even if I carry other health insurance?**
Yes. The Direct Extra Cash Plan pays you in addition to any insurance you carry, individual, group or even Medicare—and even in addition to Workmen's Compensation and auto insurance! And, all your benefits are tax-free!
- 3. Is there a lot of red tape to qualify?**
None at all. During this special enrollment period, there are no qualifications. Simply complete and mail your Enrollment Form by the deadline date shown.
- 4. Which plan should I choose?**
You may choose any of four low-cost plans—you can actually select the exact plan that suits you best!
If you are a young, growing family, we recommend the ALL-FAMILY PLAN. You and your wife are covered at once for new sicknesses and injuries, and for maternity benefits after 10 months. All your children (and future additions) between 3 months and under 23 are included, at no extra cost, as long as they are unmarried and live at home.
If you are the only parent living with your children, we suggest the ONE-PARENT FAMILY PLAN. This covers you and all unmarried children living at home between 3 months of age and under 23. Under this plan, of course, future additions are not included since no maternity benefit is provided.
If you have no children, or if your children are grown and no longer dependent on you, you will want the HUSBAND-WIFE PLAN.
Or, if you are living by yourself, choose the INDIVIDUAL PLAN.
- 5. If I become hospitalized, when do my extra cash benefits begin? How long can I be paid?**
On all plans, you collect from the very first day you

- enter the hospital, even for one day—for as long—and for as many times—as you are hospitalized—a week, a month, a year—even for life.
- 7. How much can I be paid?**
ALL-FAMILY PLAN—\$100.00 a week extra cash income for you; \$75.00 weekly for your wife; \$50.00 weekly for each of your eligible children.
ONE-PARENT FAMILY PLAN—\$100.00 weekly for you; \$50.00 weekly for each of your eligible children.
HUSBAND-WIFE PLAN—\$100.00 weekly for you; \$75.00 weekly for your wife.
INDIVIDUAL PLAN—\$100.00 a week for you.
- 8. What if my wife and I are both hospitalized at the same time?**
If you have the ALL-FAMILY or HUSBAND-WIFE PLAN and are hospitalized by sickness, you collect \$100 a week, your wife \$75 a week, a total of \$175 weekly. And if you are injured and hospitalized at the same time, your benefits will be doubled—\$200 for you, \$150 for your wife—a total of \$350 a week!
- 9. Are there any other "double" extra cash benefits?**
Yes. On all plans you receive double cash benefits if you or any covered family member is hospitalized for cancer (including Leukemia and Hodgkin's Disease), or heart attack (acute myocardial infarction, coronary thrombosis, or coronary occlusion): \$200.00 a week for you, \$150.00 a week for your wife, \$100.00 a week for each eligible child.
- 10. Tell me about "extended" extra cash death benefits.**
In the event of death in the hospital of any covered family member from any accident covered by your policy, a lump sum cash benefit will be paid: \$200 on you, \$150 on the wife, \$100 on each child.
- 11. Does this plan pay in any hospital?**
You will be covered in any hospital of your choice—even government hospitals—except nursing homes, convalescent or self-care units of hospitals.
- 12. When does my policy go into force?**
It becomes effective the very same day we receive your Enrollment Form. New sicknesses and injuries are covered on that date. Under the ALL-FAMILY PLAN, childbirth, pregnancy and any consequences thereof are covered after your policy is in force for 10 months.

- 13. What if someone in my family has had a health problem that may recur again?**
Even if one of your covered family members has had chronic ailments in the past, pre-existing conditions are covered after the policy has been in force for just one year.
- 14. What conditions aren't covered?**
Only those minimum necessary exceptions: pregnancy or any consequence thereof (unless you have the ALL-FAMILY PLAN), war, military service, mental disorder, alcoholism, drug addiction, or attempted suicide.
- 15. Can I drop out any time? Can you drop me?**
We will never refuse to renew your policy for health reasons—for as long as you live and continue to pay your premiums. In fact, we guarantee that we will never cancel or terminate your policy unless we decline renewal on all policies of this type in your entire state. You, of course, can drop your policy on any renewal date.
- 16. Will my claims be handled promptly?**
Yes. With your policy, you will receive a simple, easy-to-use Claim Form. Your claims will be processed quickly and your extra cash sent directly to you.
- 17. Why are the premiums so low?**
With the Direct Extra Cash Plan, you actually get all these benefits—at such a low cost—because this is a mass enrollment plan—and no salesmen are used. Our volume is higher and our total sales costs are lower.
- 18. How much does my first month cost?**
Only \$1.00 regardless of your age, the size of your family or the plan you select. After the first month, if you are under 65, you pay only these low monthly rates: only \$7.95 a month for the ALL-FAMILY PLAN; only \$5.95 a month for the ONE-PARENT FAMILY PLAN; only \$5.95 a month for the HUSBAND-WIFE PLAN; only \$3.50 a month for the INDIVIDUAL PLAN. (When you are over 65, premiums are adjusted. See modest increase in panel above.) No other change can ever be made in your rate, unless we make a general change for all persons of the same classification in your entire state.
- 19. Why should I enroll right now?**
Because an unexpected sickness or injury could strike without warning—and you will not be covered until your policy is in force. Remember, if for any reason you change your mind, you may return your policy within 10 days and your \$1.00 will be refunded immediately.

Houston Defense Lawyer Hired By Accused Slayer

MEMPHIS, Tenn. (AP) — A switch in lawyers just two days before James Earl Ray was to stand trial on charges of murdering Dr. Martin Luther King Jr., raised doubts as to whether the trial will be held this year.

Ray took action Sunday to drop Arthur J. Hanes, a former Birmingham, Ala., mayor, as his lawyer and retain famed defense attorney Percy Foreman of Texas.

Foreman, whose clients have included Jack Ruby and heiress Candace Mossler, said he would go before Criminal Court Judge W. Preston Battle at 9:30 a.m. Tuesday—the time Ray's trial is scheduled to begin—and request a continuance.

SWITCH

When told earlier Sunday of rumors of the impending switch, Battle said he would grant a delay "if Ray retains Foreman and if he asks" for a postponement.

It was believed that Foreman would ask for at least 30 days to give him time to become familiar with the case. Hanes, who said the change came as a surprise to him, said he would not

object to the motion.

Since the trial is expected to last at least four weeks, a postponement of 30 days would push the start of trial close to the Christmas holidays—with the likely result that Battle would reset it for early next year.

Ray, charged with first-degree murder, is accused of the sniper slaying of King on April 4 while King was in Memphis to support the city's striking garbage collectors.

SURPRISE

The surprise switch by Ray was announced in a late night news conference called by Sheriff William N. Morris Jr. The sheriff said Foreman and two of Ray's brothers, John and Jerry Ray, had come to the jail earlier Sunday to see Ray.

"During the course of this visit, certain decisions were made and a letter was written to Mr. Arthur Hanes Sr., attorney, and signed by James Earl Ray," Morris said.

"This letter was presented to me for reading by Mr. Foreman and it declared an intent by James Earl Ray to dispense with the legal services of Mr. Hanes and his son and of an intention to obtain new counsel and a Tennessee lawyer."

Morris also said Foreman had told him he intended to appear before Battle Tuesday morning and request a continuance.

The Tennessee lawyer to be retained by Ray was not named.

"The first I knew of this was at 8:20 this evening," Hanes said in a brief news conference of his own.

Foreman, 66, was defense attorney for Ruby but withdrew from the case after four days. He sent a letter to Ruby saying, "You know I don't let people tell me what to do in a case."

Ruby was convicted in Dallas of killing Lee Harvey Oswald, named by the Warren Commission as the assassin of President John F. Kennedy.

Foreman successfully defended Mrs. Mossler and her nephew, Melvin Powers, in Florida where they were charged with slaying her wealthy husband.

Hanes had represented Ray since shortly after Ray was apprehended in London June 8.

During a hearing in September on a contempt of court citation against Hanes, for breaking the judge's ban on pretrial statements to news-media, Hanes told the court serious difficulties had arisen between him and Ray over the handling of the case.

Hanes said at that time he might have to withdraw at a later date, but he subsequently told the court the problems had been solved.

Attends United Nations Seminar

Bill Schwarzenbach is in New York City this week as one of 25 delegates from the United States to a United Nations seminar.

Bill, the son of Dr. and Mrs. Howard Schwarzenbach, is the only Hi-Y (high school) representative in the nation to be named to the panel. He also is the only representative from the Southwest area.

The seminar began Sunday and will continue through Friday at the United Nations building. Theme of the meeting is "The UN and the International Year for Human Rights."

The panelists will be briefed by representatives from UNESCO and UNICEF, and by five missions including the United States, Canada, Poland, Sweden, and Jamaica.

Work during the week will consist primarily of group study and discussions of the UN and of world affairs in general.

Bill was selected here Oct. 26 as this district's nominee for governor at the annual YMCA (Hi-Y and Tri-Hi-Y) Youth-in-Government project in Austin in December.

BILL SCHWARZENBACH

During the past summer he attended the national Hi-Y Assembly at St. Olaf's College in Northfield, Minn. He served as the area delegate to this conclave, which is held there only every three years.

As a result of his participation in this parley, he was quoted extensively in the Hi-Y Ways, the national Hi-Y publication.

Mia, Four Pals Are Thrown Out

LONDON (AP) — Actress Mia Farrow, 23, and four companions were thrown out of a fashionable West End hotel Sunday.

Donyale Luna, 21, a 6-foot-tall American Negro fashion model said the Cavendish Hotel "refused to tell us why we were being thrown out."

The management said it was because the group created a disturbance at their pre-dawn breakfast in the hotel's restaurant.

Canadian-born actor Ian Quarrier was charged with obstructing police who had been called to escort them out.

Besides Miss Farrow, the former wife of Frank Sinatra, the group included Steve Brant, an American magazine writer, and film director Donald Cammell.

Students At Kentwood To Hear Talks By Dads

Pupils in the Kentwood second grade class taught by Mrs. J. W. Speeple are carrying out the Monday theme of American Education Week with a series of talks by people in the community.

Mrs. Speeple figured that a practical way to apply the theme "Strengthen the Nation" is to start with the community. If children gain an appreciation for what makes a community strong, they might later apply this to a stronger nation.

She and the pupils then agreed that they would ask fathers of class members to be the speakers.

Today, Larry Smith, an assistant to the city manager, and father of Gregg Smith, was to talk with the class about their nation's life, and Joe B. Vinson, city government and the field

of public service.

Since Webb AFB is a key part of the community, Capt. James Allredge, father of Jeffery Allredge, will tell the youngsters about the military, its role in the nation's security, about the Air Force, jet planes and his experiences in Vietnam.

Wednesday, Morris Holmes, chemical engineer at Cosden Oil and Chemical company, and the father of Mike Holmes, will tell about the seemingly magical things which are being done with things coming from oil. He will have samples of a plastic (polystyrene) which is extracted from petroleum and manufactured by Cosden.

Food is a vital part of the nation's life, and Joe B. Vinson, manager of Safeway store on

Gregg and the father of Bryan Vinson, will talk about this necessary function. He also will project a film showing how food stuff is raised, harvested, processed, distributed, and marketed.

Another local manufacturing facility comes into play Friday when Rodney Roberts, member of the staff of Cactus Paint Company and father of Randy Roberts, will tell how paint is made and will discuss the world of colors. Later in the term the class will make a field trip to Cactus.

The class, as do all the secondary and elementary classes in the system, is hopeful that parents will visit during the week to see how American Education works.

Q.
Where can I find the answer to everyday family health needs?

A.

Dr. Joseph G. Molner originally began his TO YOUR GOOD HEALTH medical column because he thought "somebody ought to write one in very plain language, but still keep it scientifically accurate." Today, his column appears in more than 300 daily newspapers and is read by over 30 million families. Dr. Molner has received thousands of letters of commendation from editors, physicians, associations, and leading citizens for his scientifically up-to-the minute medical advice written in everyday language. His "common sense" way of answering questions is reflected throughout his new handbook. Dr. Molner was graduated from Wayne University and took post-graduate work at Johns Hopkins University. He was Commissioner of Health for Wayne County, Michigan, for over 10 years.

Available now. Order today. You'll have answers to over 1,000 questions about good family health at your finger tips with Dr. Molner's EVERYDAY MEDICAL HANDBOOK.

A Devotional For The Day

(The lepers) said one to another, We do not well: this day is a day of good tidings, and we hold our peace. (II Kings 7:9)

PRAYER: Dear God, help me, a sinner redeemed by Thy forgiving love, to bring the food of life to those who are starving in heart and soul. In Jesus' name I pray. Amen.

(From the 'Upper Room')

Major Task

Probably the most difficult task facing President-elect Richard Nixon will be how to reorganize foreign policy decision-making and administration. The United States' foreign-policy machinery has become too big, too intricate, too loosely controlled and uncoordinated, and diluted of authority shifted from the Department of State to the Department of Defense, White House staff, and independent agencies.

A sensible, unofficial study of the problem has been made by the revitalized American Foreign Service Association that seems likely to get deserved attention from the president. Its 185-page report, "Toward a Modern Diplomacy," was impressively presented to the platform committees of both parties' national conventions and was seriously consulted by the foreign-policy advisers of all the presidential candidates.

The report's main point is that the line of command on foreign policy should be re-emphasized as running from the president through the State Department to the embassies, Foreign

Service personnel and other agency representatives abroad. For one example, the independent U.S. Information Agency should be brought back into the Department of State, as was the Agency for International Development (AID).

The secretary of state should have authoritative undersecretaries who could take over, under his general supervision, the tasks of international negotiations and conferences, liaison with Congress, and daily administration of the State Department. The department would be thoroughly reorganized — an overdue task that has defied all post-World War II presidents — and the secretary of state should be the main agent for the president in carrying out his prime constitutional responsibility for conducting foreign policy.

Certainly the president alone must assume responsibility for major foreign-policy decisions, considering other sources, too. But those decisions and those policies should be executed through the department with the diplomatic function. This undoubtedly will call for extensive overhaul of the machinery.

Cutting Down On Noise

When an environmental or societal problem gets so bad that a majority or even a large minority of the people begin saying, "Something should be done about it," something usually is.

Water shortages reached this stage two decades ago, and now multi-million-dollar projects spot the country and multi-million-dollar plans are on the drawing boards. Then the public became aroused about air and water pollution, and now there are both federal and state laws on the books, though the problem is far from solved. Though the slum problem is an old one, it was not until the Kennedy administration that the general public really became aware of the poverty amidst plenty, and hence President Johnson's Great Society programs.

The 90th Congress heeded rising demands that something be done to protect consumers in a vast and bewildering marketplace, and passed a

spate of laws regulating installment loans, packaging, advertising, food inspection, flammable goods, effectiveness of drugs and motor vehicle design safety, among others. Similar appeals from conservationists got new national parks and recreation and wilderness areas, despite a temporary setback on highway beautification.

More people in our congested, industrialized, urban society are saying that something should be done about noise. Noise in many places is going beyond the nuisance level to become a physical and mental health hazard. And so something is likely to be done.

Much can be done — in the design and equipment of buildings, in the engineering of transport vehicles and route locations, in factory location and machinery development, in household appliance manufacturing, and so on — to abate the rising clamor in today's cities.

Holmes Alexander President Johnson And The Peace

WASHINGTON — President Johnson's last stand, like Custer's is sadly the one he is most likely to be remembered by.

Like Custer's, which was greatly the result of character flaws including arrogance and stupidity, Lyndon Johnson's stop-the-bombing order just five days before election day, was a complicated summation of LBJ's faults as a national leader.

THE PRESIDENT had less than a week of unshared power left over when he delivered his message on the night of October 31. Although his term carries on until January 20, he was destined by the political realities to reach a moment of divided responsibility when the people designated preference for a successor by their popular vote. Never after Nov. 5, 1968, could Lyndon Johnson be, in fact as well as in law, the undisputed and solitary decision-maker. As of Election Day, he must enter into a de facto coalition with the presumptive President-elect.

THERE IS NO way to examine the climatic bomb-pause except as final exercise of power in the Vietnam War. And no way to assess this bomb-pause save as the end-product of Mr.

Johnson's failure in war-and-peace-making. He had violated a standing military precept against involving U.S. forces in an Asian mainland war; and he had committed this blunder by refusing to make optimum use of American airpower and seapower. Out of political practicality or personal insecurity LBJ had undertaken to be the copyst of former Presidents, notably of John Kennedy, neglecting to avoid or rectify their mistakes, at least in Asia. Mr. Johnson's excuse for his Vietnam policy was that he was only following Presidents Eisenhower and Kennedy.

IN HIS FINAL exercise of solitary power, President Johnson may or may not have been playing politics, but he was incontestably playing-the-clock. With time running out on him as the solitary signal-caller, he must gamble if he were to get into the history books and into private life as one who had ended a war and brought peace. Brutally stated, LBJ had come to a time when other things had to be sacrificed in order to gain his desires. It is appalling to note what he did throw overboard.

FIRST, from the American viewpoint, it is beyond argument that cessation of bombardment upon North Vietnam put U.S. soldiers and airmen in increased peril of their lives. Gen. Abrams, the Vietnam Commander, had said so many times, and did not unsay it until ordered into Washington for a midnight bout of arm-twisting. Second, by a bombing cessation over the whole of North Vietnam, the President put aside ("unconditionally," Hanoi had announced) the advantage of punitive air-power which might, if fully employed, have allowed us to make peace on a victor's terms.

THIRD, by accommodating the northern enemy instead of our southern ally, the President has gambled away a large bankroll of American good faith and credibility. Saigon and other anti-Communist strongholds in Vietnam are not different in one respect from West Berlin, North Korea and Nationalist China. The people in all these places would much rather die than be taken alive by the Communists. With the Viet Cong included, and the legitimate Saigon government self-excluded from the Paris negotiations, the President has been so careless or so ruthless or so hasty that he has abandoned an ally. He has scrapped the whole purpose of containing communism in Southeast Asia. He has deceived the American people. He has done all this in a bid to achieve his fast-fading personal desire.

But I've also put considerable stress on the fact that not all breast lumps are going to be cancer. Getting across the idea that more lumps will not be cancer than will be — maybe that will erase some of the dread associated with having a lump examined.

'I CAN'T HELP THINKING THEY WERE AIMING AT YOU'

Jack Lefler Job Training Is Paying Off

NEW YORK (AP) — Most Americans, regardless of political persuasion, no doubt welcomed the news from the National Alliance of Businessmen that 84,000 jobs have been found for hard-core unemployed.

Although nearly 23,000 of these jobs later were lost, the net gain of 61,000 indicates that the alliance is going to reach its goal of 100,000 by next June 30.

The feeling among many people is that here is a program for social good whose development has gone beyond the state of hope and experiment to that of practical results.

THE KEY to the alliance's success, small as it is, seems to be training. But even with training, worker and job still might have remained apart unless alliance members had stepped in and turned the key, for jobs and unemployment have a curious relationship.

It has been a continuing mystery to many people, for example, why nearly 2.9 million Americans are jobless while the classified advertising pages of newspapers are filled with appeals by business for help.

Month after month during the greatest economic boom in American history this condition has existed, one of the reasons being that the job requirements and the skills possessed by the job seekers simply do not match.

OTHER MAJOR factors are involved: Many of the best jobs, for instance, are in factories that have deserted the cities, where most of the unemployed Negroes live, and moved to the psychologically distant and nearly all-white suburbs.

Age is a factor, especially when an obsolete skill is also involved. Mobility is a factor also, for many idle workers are unwilling to uproot their families from depressed rural communities.

Racial and age discrimination have played obvious roles, too, but lack of training and a failure to understand the methan-

ics of job seeking have always been near the top of the list.

AMONG ADULTS, meager skills that once permitted a worker to hold tenaciously to a job have become useless in an age of increasing technological complexity and automation. Elevator operators, you have noticed, are a disappearing breed.

Without retraining in a new

skill, most of these workers have found themselves with little to sell a potential employer and no knowledge of how to go about changing the situation.

This is the gap into which the alliance stepped as a catalyst. Formed this year, with Henry Ford II as chairman, its immediate results now indicate that a goal of 500,000 jobs by mid-1971 will be achieved.

Hal Boyle Be Famous, Live Longer

The more prominent men in business and professional life outline those lesser known, an insurance study has found. So if you want to live longer, first become famous.

WOMEN DRIVERS have been a problem for a long time. In 205 B.C., Rome passed a law prohibiting women from driving chariots.

What Others Say

The Farmer's Almanac for the coming year is out and its fearless weather prognosticators say the coming winter will be on the mild side.

Maybe so. But driving over the highways of this region recently we have seen an abundance of woollybear caterpillars. All of them appear to be fat and carrying a heavy coat of fur, signs which the barnyard forecasters have taught us presage a cold, hard winter. — MEMPHIS COMMERCIAL APPEAL

To Your Good Health There Are Lumps — And Lumps

By JOSEPH G. MOLNER, M.D.
Dear Dr. Molner: What, other than cancer, could a lump or lumps in the breast signify? I have been to a surgeon who says "it is nothing to worry about" yet has me return for examination at intervals.

Recently I read a magazine article in which a young mother such as myself tells her story about a lump, and it ends unhappily.

My surgeon gave me a medical term which I cannot recall, but added that I have several smaller lumps which he said is "good." Why? Should I see another doctor? — Mrs. H.S.

We've all devoted so much effort to trying to persuade women to go to the doctor at once if they discover a breast lump. You did. Fine!

But I've also put considerable stress on the fact that not all breast lumps are going to be cancer. Getting across the idea that more lumps will not be cancer than will be — maybe that will erase some of the dread associated with having a lump examined.

Dr. Molner has written "The Everyday Medical Handbook," which gives the answers to many questions on family health. Copies may be obtained by writing to Fawcett Publications, Dept. HH, Fawcett Place, Greenwich, Conn. 06830 and enclosing check or money order payable to Dr. Molner Book in the amount of \$2.50 plus 25 cents handling.

As to returning at intervals for examination, that seems reasonable to me, even though cysts are not cancer, they can be annoying, so your surgeon wants to keep an eye on them in case some should warrant removal.

Dear Dr. Molner: Is there any cure or relief for perforated ear drums? Would this affect a person's balance while walking? — J.M.

The mere perforation of the ear drums should not affect balance in any way, although if the perforation allowed infection to penetrate the inner ear, then balance could be affected.

Ear surgeons these days have excellent techniques for permanent repair of perforated ear drums.

To learn of new treatment for this cruel and painful disease, write for Dr. Molner's booklet, "Gout — The Modern Way to Stop It." To receive a copy, write to Dr. Molner in care of The Herald enclosing a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

Around The Rim

\$6 Million Salvage Operation

One thing and another: An adventurous fellow named J. Phillip Murphy has set about to refloat the Andrea Doria, the luxury liner which sank off New England a few years ago.

Murphy reasons the job can't be done for less than \$6 million and he has no idea what treasure the ill-starred ship took down with her. That remains very much an underwriter's secret. It is known, however, that the craft's strong boxes were loaded and that many of the passengers left their jewelry on board when they took to the life boats.

MURPHY HOPES to recover some of that loot, naturally, but he's more interested in the money he'll likely make from the TV and movie industries.

"The raising of the great ship will be a matter of world-wide interest," Murphy was quoted as saying recently. "The networks and the movies have already approached me with offers for exclusive rights to my story."

The ship will be Murphy's if he salvages her. That's guaranteed by maritime law. He figures there'll be a market for her if she is refloated. "There'll be a demand for her,"

he said. "Not for reserve as a passenger ship — but as a tourist attraction, like the Queen Mary at Long Beach."

SOME ONE remarked recently that a woman may not believe all the compliments you paid her but she'll remember 99 per cent of them.

SEEING ARTUR RUBENSTEIN in a recent TV concert reminds me of a story they tell of the famous pianist and his son-in-law, William Sloane Coffin Jr., the Yale University chaplain.

When Coffin and Rubenstein's daughter, Amy, announced they were planning on marriage, Rubenstein said:

"I'm not sure I want a Billy Graham in my family."

To which Coffin replied: "Well, I'm not sure I want a Liberace in mine."

DON'T FIGURE up the cost because you'll head for the medicine chest but from birth to age 18, a child will eat 19,710 meals, not including the snacks most insist on immediately after coming home from school. — TOMMY HART

David Lawrence What's Ahead For Mr. Nixon

WASHINGTON — Everybody is speculating as to what kind of president Richard Nixon is going to be. But he probably could not even answer that question himself. For not only are the problems that confront the nation's chief executive challenging, but solutions often are dependent upon circumstances beyond a president's control.

MR. NIXON, of course, has some definite ideas about the way he will approach his job. He is not the "know-it-all" type, but rather the sort of man who earnestly seeks advice from individuals who are knowledgeable and experienced in particular fields of governmental operations. It would not be surprising, for instance, if Mr. Nixon sets up 20 or 30 task forces to make comprehensive studies and constructive recommendations on specific problems.

Unforeseen contingencies, of course, may affect settlement of the Vietnam war. Mr. Nixon is not going to ignore the sacrifices that Americans have made, nor back down from the position the United States has taken in Southeast Asia to help small nations exercise their right of self-determination.

BETWEEN NOW and inauguration day, the President-elect will be in close contact with President Johnson, particularly with respect to the Vietnam war negotiations. It has been suggested that Mr. Nixon might make a trip to Europe or Vietnam or both. Useful as some talks with the heads of foreign governments may be, the American people are not likely to look with favor on such journeys. There are dangers involved and risks that should not be taken. Besides, the work to be done here in Washington in the pre-inauguration period is of greater importance at the moment.

A spokesman for Mr. Nixon has said he has no intention of going abroad unless President Johnson requests it. UNDOUBTEDLY Mr. Nixon will persistently seek to reduce American military forces abroad. During the campaign, he advocated that the draft

system be abolished once the Vietnam war is ended. There has, of course, always been some objections to a professional army, but a volunteer system might prove successful if it were tried out.

The reliance nowadays on a nuclear balance of power in the world has raised many doubts as to whether large military forces are necessary to maintain peace. There is a growing belief that the United States should form stronger alliances with other free governments and persuade them to supply some of the manpower for military operations that may be required to prevent large wars.

THE NEW President's domestic policies will not be easy to formulate so as to get them through Congress. In most instances, a coalition in Congress is going to be necessary to implement the policies of the administration, as was the case in six out of the eight years of the Eisenhower administration. Mr. Nixon, who served as vice president during that period, is thoroughly familiar with the kind of compromises and conciliatory moves that have to be made in order to get a majority on the legislative proposals submitted by a chief executive.

Consultations have already begun for an orderly transition of government operations. Many of the new President's advisers will soon start their collaboration with cabinet officers and the heads of agencies dealing with domestic problems.

ONE OF THE most important tasks that lies ahead for Mr. Nixon is the selection of an attorney general. He must find someone who has the determination to rise above politics and prosecute those who are violating federal laws. He probably will also ask Congress to pass legislation that will enable the federal government and the state and local governments to work more closely together in law enforcement and in the imposition of penalties which will help to deter crime. Texas Garbage Causing Officials A Lot Of Headaches

By ANGELA PENNA
Associated Press Writer

Texas sanitation officials say the collection and disposal of garbage always has been a headache, but just lately things like education are causing it to become an even bigger one.

These men say all the emphasis placed on getting an education has resulted in a heavy manpower loss.

"WE JUST CAN'T find uneducated, unskilled workers any more," said C. A. Kirby, Dallas district sanitation superintendent. "They're all in school."

Kirby and his colleagues in other Texas cities agree the average person nowadays would rather be sitting in the classroom than in the cab of a garbage truck.

They also agree that from those remaining, there seems to be a breakdown in the number of responsible ones available to be hired.

"Since most of our equipment is automatic or hydraulic we have to have people who are at least in a minor way mechanically inclined," Kirby said. "They have to understand the mechanisms they're working with."

HE SAID ANOTHER reason cities are having such a hard time hiring new men is the physical labor involved.

"You just can't find that many men around who like that type of exertion," he said.

Freddie C. Verrell, assistant general foreman of the Austin Sanitation Division, said the need for manpower in his city has almost doubled within the past five years. But, he said, there is difficulty getting enough men because pay starts at \$1.73 an hour with top pay \$2.18. Drivers get \$1.85 to start and can go up to \$2.34.

Sanitation officials also say men aren't willing to accept a job as a garbage man because of social stigma attached in some quarters to the position.

problem sanitation officials face. The disposal problem has grown in proportion with the manpower problem.

Disposal sites are few and in many cases several miles from collection points.

Trash picked up in Texas cities is taken to sanitation fields where it is burned. Some trash, such as chemicals, is buried. Citizens can no longer burn trash because of air pollution laws in some cities and the city is no longer authorized to do so in places.

AUSTIN SANITATION man Verrell said, "Eventually, we'll run out of space. I don't know what we're going to do."

He said the output of trash and garbage has almost doubled in the last four or five years. There has been an increase of three to four cans per family pickup in that time, for instance, he said.

Disposal problems aren't limited to health and sanitation departments. The local police department, fire department, Texas Department of Public Safety and the Texas Highway Department often are involved in certain aspects, particularly in the areas of junk cars and littering.

IN THE CASE of junk cars, for instance, the Police Department receives a complaint, assigns it to the junk motor vehicle detail which must issue a formal warning to the owner. If the owner doesn't comply within a certain period, the vehicle is moved from the premises with a court order and fed to a "car-eater."

The car-eater is actually a machine which destroys the vehicle after iron parts are removed.

Public nuisance laws have helped get rid of these junk cars because police now have the right to go on private property and remove the vehicles.

LITTERING IS another nuisance but Texas law officials say there's not much that can be done about it.

BUT MANPOWER isn't the only

Graham's Offers Variety Of Office Machines Here

With Christmas time approaching, what could make a more perfect gift for the student than a typewriter from Graham's Office Machines, 417 E. 3rd?

Graham's has a typewriter to meet his needs, whether it's manual or electric, portable or standard, new or used. There is a large stock from which to make a selection as well as a wide price range.

And when Christmas business starts getting heavy, make sure you are well prepared with an adding machine or calculator from Graham's.

Should your needs call for an electric compact typewriter, the Olivetti Underwood 48 may be the answer. It is a machine so distinctive in design, features and versatility that it heralds an entirely new class of electric typewriters and sells for less than \$300. The Praxis 48 has a unique "character sensor" which prevents four common typing errors: crowding or piling, shading or ghosting, flying caps and improper spacing.

The Portable Underwood 21 is a popular model that sells for \$104.50. This typewriter of durable design and handsome style is ideal for busy homemakers' correspondence and club work, or for a student or businessman who needs a portable.

Graham's Office Machines also stocks Olivetti Underwood

GRAHAM'S OFFERS A WIDE SELECTION
Everything for the office

Lettera 32 portable typewriters which sell for \$68 and the Lettera 33, which is priced at \$78. The Lettera 33 sets a new standard of excellence in portable typewriters. Luxuriously finished in jet black leathered metal, this new addition to the

award-winning Lettera line has all the operating features of much larger machines, plus the convenience of portable size and weight.

Along with the sales department, Graham's also has an excellent service department

BENNETT'S PHARMACY Emergency Service Offered Day, Night

Sometimes people need prescriptions in a hurry, whether it's day or night. You can always rely on Bennett's Drive-In Pharmacy for fast, accurate service no matter what time of day.

Bennett's Drive-In Pharmacy, 306 W. 16th, is open from 9 a.m. to 6 p.m., Monday through Saturday, but for emergency service, Bennett Brooke and Paul B. Keele may be reached 24 hours a day.

During the hours the pharmacy is open, call 263-1751 for prompt service. When it is closed, Brooke may be reached at 267-7384 and Keele at 263-4416.

The drive-in window is located at the south of the building on Sixteenth Street, between Gregg and Lancaster. It is easily accessible and allows the customer to be waited on without having to leave his car. Patrons with small children find the drive-in service a great benefit. If a customer requests a physician to call the prescription to Bennett's the medication will be ready upon arrival.

Bennett's Pharmacy carries a complete stock of Allercreme Cosmetics for the finest skin care, and at reasonable prices. Allercreme Cosmetics have the added advantage of being hypoallergenic — which means they may be used by women with normal or sensitive skin to lessen the possibility of allergic reactions to cosmetics.

A woman should choose the items designed for her particular skin type, and use them persistently. Allercreme Cosmetics will help you acquire and maintain the prettiest skin, and the best skin health you have ever known.

The exquisite fragrance of the

Scented Allercreme Cosmetics is made exclusively for Allercreme. Although repeated tests have shown this perfume is rarely sensitizing, most items are available scented or unscented. Allercreme offers a complete line of cosmetics. Bennett's invites the ladies to stop by and see their selection.

Besides their complete line of medications, Bennett's has a fresh stock of hearing-aid batteries always available. They also have a one-day photo developing service.

A coffee bar is ready at all times with hot coffee for customers who are just visiting at Bennett's.

A family prescription record system is available at Bennett's Pharmacy for its customers. The individual record of each family's prescriptions are maintained as to qualify for income tax deductions, insurance claims or for any other purpose under which you might need or desire such a record.

Should you lose or misplace your prescription and have no record of its original number for a refill, it would be instantly available under the family records at Bennett's Pharmacy.

Eggs, Root Beer Shape 37-24-35

MIAMI, Fla. (AP) — Connie Clement, 21, the new Miss Miami and an Orange Bowl princess, says she developed her 37-24-35 figure on a diet of boiled eggs and root beer.

"I had an inferiority complex about my weight," said the University of Miami senior recalling her high school days when she was "very, very chunky."

"All I ate was a boiled egg and a diet root beer once a day," she said.

WONDERFUL WORLD OF CHRISTMAS

WHY

do stores start Christmas before Thanksgiving?

That's a question that's often asked, and it deserves a sincere answer!

* Your newspaper appreciates the spirit that prompts many of the objections to early Christmas shopping promotions.

* However, when the reasons for the urge to "Shop Early" are examined, the most critical agree it's MORE than a problem for stores alone.

* So we're happy to take this opportunity of presenting some of the problems that confront all stores at holiday time.

* Every successful store directs its best effort toward perfecting a helpful service to ALL its customers. And since many customers ask stores to make it easier for them to complete their gift shopping before the crowded post-Thanksgiving period, Christmas merchandise and displays are brought forward early to accommodate them.

* And scarcely a major store in the nation could cope with the store traffic that would be generated if any part of early Christmas shopping was postponed until after Thanksgiving. Even under present circumstances most stores are strained to capacity during the peak of the season, to maintain the kind of store service all shoppers have learned to expect.

* When you recall the extremely crowded conditions of stores the final two or three weeks before Christmas the problem becomes evident.

* If no early Christmas shopping were done this condition would be multiplied many fold. (Actually there would not be enough room behind store counters for enough sales people to serve shoppers during this period between Thanksgiving and Christmas.)

The same condition exists in regard to the children's visits to Santa Claus. Thousands of children and their parents, look forward to their annual visit with him, and unless he makes an early appearance, many hundreds would be doomed to disappointment simply because it's physically impossible to reach him in a shorter time.

* Those in the store business know that an extremely large percentage of the Christmas gifts that are selected are items that are in plentiful supply the entire year.

* If you were to ask the hundreds of retail employees—and as a group they represent one of the largest employe groups in Big Spring—they would tell you that much of the stress and strain of their Christmas would be relieved if the shopping public would anticipate Christmas shopping throughout the year. Then you'd seldom hear your friends in retailing remark, "I'm simply worn down to my knees by Christmas Eve."

* Granted that the problem is not a one-sided one, it should be recognized that stores are faced with the problems of convenient service to customers, of maintaining helpful employe relations, of providing a place where those of the public who cannot, or do not plan ahead may select the traditional gifts for their loved ones and friends.

* We are sure that if all of our storekeepers could chat with you, personally and informally, that you would be convinced of their sincerity, and that in the true spirit of Christmas, they would not be criticized for their efforts to perform a helpful service to their shopping public.

* Finally, for all these reasons, and for others which will occur to you, don't you agree that beginning Christmas shopping early makes it easier, faster and a whole lot more pleasurable for you?

* So do yourself and your favorite stores a favor . . . start shopping now . . . while selections are at their best . . . while you have plenty of time to compare before choosing . . . while sales personnel can give you the kind of service you prefer.

TARKENTON BEDAZZLES DALLAS; COACH ALLIE SHERMAN GETS GAME BALL

Scrambling Daredevil Wrecks Stumbling Cowpokes

Giants Close Gap For Capitol Lead

DALLAS, Tex. (AP) — It was enough to make grown men hug and kiss.

There was Coach Allie Sherman of the New York Giants kissing his quarterback Fran Tarkenton shamelessly Sunday after a stunning 27-21 upset over Dallas.

After the embrace, Sherman told the scrambling, daredevil who had wrecked Dallas with his running and passing "that was the greatest game any man could have played... you were just great."

WITHIN 1 GAME

The victory brought New York to within one game of the fumbling, stumbling Cowboys in the Capitol Division of the National Football League.

Tarkenton threw two touchdown passes and bedazzled Dallas with a 22-yard touchdown dash. Fumble recoveries set up field goals of 25 and 10 yards by Pete Gogolak that nailed down the game for New York.

Sherman, leaping about the dressing room and slapping backs with all the enthusiasm of a high school cheerleader, was given the game ball by his players.

"Look here," he shouted, "they gave me a game ball and I didn't even play."

"Personally, this is as high as I've been for a football game since 1963. Now we know that we've got a team that's growing."

"This could do a lot about building up this team. All these guys are getting poise now... when we stopped them on that last drive, it showed we had come a long way. That took poise and a lot of cool."

Sherman kept exclaiming himself for being so excited, but he reminded the reporters that he had won a three-game losing streak for the Giants.

"This means a lot from the morale standpoint, we're back

in the race," said Sherman. Tarkenton threw scoring passes of 5 yards to Joe Morrison and 60 yards to fleet Homer Jones. Tarkenton said, "The game plan was to hit quick passes into the seam of the Dallas defensive zones. It worked pretty well."

Spider Lockhart, who intercepted a pass that killed the final Dallas threat, said, "I'd rather beat Dallas than lead the NFL in pass interceptions."

Dallas' players quickly dressed and left the locker room, but Coach Tom Landry summed up the general feeling.

"We got out-hit, out-hustled and out-played. We have no excuses, they wanted it more than we did and they went out and got it," said Landry.

Dallas quarterback Don Meredith, who threw touchdown strikes of 9 yards to Bob Hayes and 20 yards to Lance Rentzel, suffered three interceptions. He was a dejected figure after the game. Slumped on his locker room bench he would only say "this casts new light on the race. I certainly hope the loss gives us some go."

Craig Baynam scored Dallas' only touchdown on a one-yard run to tie the game at 21-21 in the third quarter. But Don Perkins and Lance Rentzel fumbled to give the Giants two gift field goals in the final period.

6-3 RECORD

The Giant upset now gives New York a 6-3 record and the Cowboys stand 7-2. It makes the Dec. 15 showdown between the two teams in New York take on fresh importance.

New York tackle Rich Buzin shouted how the Giants feel about the game: "They'd better not start counting their money yet."

The 72,183 partisans in the Cotton Bowl who saw their heroes unravel won't give Buzin any argument on that statement.

Dallas Touchdown

Cowboy back Craig Baynam (46) scores the final Dallas touchdown, barely, as N.Y. goal line seen at bottom of photo. The Giants' Ken Avery (54), Henry Davis (66) and Scott Eaton (28) push him away from the goal line seen at bottom of photo. The Giants beat Dallas 27-21 in Sunday's game at Dallas.

Blanda's Heroics Help Keep Raiders In Title Contention

George Blanda's hand still hasn't lost its touch and Jim Turner's toe remains on target as well.

Blanda, Oakland's 40-year-old kicking specialist, took over at quarterback for injured Daryle Lamonica and romped through Denver like a juvenile, leading the Raiders to a 43-7 victory over the Broncos in the American Football League Sunday.

Meanwhile, Turner booted four more field goals and took over the AFL scoring lead, helping New York to a 26-7 victory over Houston that all but clinched the Jets' first Eastern Division title.

Blanda's heroics kept the Raiders tied for second with San Diego, which ripped Boston 27-17. Both clubs are one-half game behind Kansas City, which rallied for a 16-9 triumph over Cincinnati. In Sunday's other AFL game, Miami rallied for a 21-17 decision over Buffalo.

Blanda pitched four touchdown passes and kicked two field goals to demolish Denver. Blanda finished with a flair, setting an Oakland record with a 94-yard TD pass to Warren Wells, who caught the ball at midfield and simply outspurred defender Drake Garrett.

The Oakland Raider scoring in which Blanda did not have a hand was a 64-yard run by rookie Charley Smith and a two-point safety contributed by the defense when it trapped Floyd Little in the end zone.

Turner, who kicked six field goals last Sunday, made it 10 in half and hit 10 of their first 13 shots in the third period.

In the NBA Saturday night, Baltimore edged San Diego 109-107, Boston nipped Milwaukee 98-97, Philadelphia whipped Seattle 114-94, Cincinnati turned back Chicago 110-104 and Atlanta outlasted San Francisco 113-106.

In the ABA, it was Dallas 128, Houston 96; Indiana 112, Los Angeles 107 and New York 99, Kentucky 97.

Steers' Stats Are Still Impressive

Statistics for the Big Spring Steers continue to improve as the Bovines roll into the final week of football with the chance of a 6-4 season.

The Herd has collected 145 first downs to its opponents' 134, and has compiled 2,567 yards total offense to 2,540 yards for the enemy.

Steer rushing has netted 1,885 yards while the defense has held the enemy to 1,688 yards. Big Spring passing has earned 682 yards on 44 completions in 134 attempts. Opponents have gained 852 yards by completing 44 of 120 aerials.

Defensively, the Steers have had 12 passes swiped, compared to intercepting nine, and have lost 26 fumbles to 23 for opponents.

Leonard Basco leads Steer statistics in the rushing department with a 5.2 average with 324 yards on 62 carries. Roy Lee Warren has marked 808 yards on 158 carries for a 5.1-yard average.

Big Spring passing shows Gary Hinds in the lead with 487 yards on 30 completions out of 89 tries for five TDs. Warren has fired four passes and completed two for 71 yards and one touchdown.

Jimmy Farris has marked 194

yards for Kansas City's winning touchdown in the fourth quarter against fired-up Cincinnati. Holmes' dash helped the Chiefs' preserve their slim Western Division lead.

Dale Livingston's third field goal of the game had given the Bengals a 9-6 lead midway through the third period after Jess Phillips had intercepted a Jacky Lee pass on the Kansas City 35 and returned it to the 13.

That brought injured Len Dawson back into the game and the veteran quarterback marched the Chiefs 70 yards to the Cincinnati 10, from where Stenerud's third three-pointer tied the score. Then Holmes, who carried 21 times for 158 yards, won it for KC.

Russ Smith raced for a pair of touchdowns as San Diego built an early lead and held off a late Boston rally. Gino Cappelletti of the Patriots became the first player to score 1,000 points in AFL history.

Smith scored on runs of 16 and 67 yards and John Hadl hurled his 18th touchdown pass of the season—a 67-yarder to Gary Garrison. Added to a pair of field goals by Dennis Pardee, that gave the Chargers a 27-3 lead.

Two late Boston TDs—one of them a 19-yard pass to Cappelletti—made it close for the Chargers, who kept pace with Oakland and Kansas City. Cappelletti's 11 points gave him a career total of 1,004.

Miami spotted Buffalo 17 points and then roared back to beat the Bills. Quarterback Bob Griese keyed the comeback, racing 13 yards for one TD, passing five yards to Karl Noonan for another and then pass-

ing the Dolphins into position for Jim Kick's four-yard scoring run.

Randy Edmunds' interception of 24 yards to Doug Moreau and 16 to Howard Twilley, set the stage for Kick's winning TD.

NEW YORK (AP) — Houston ran into Houston, and the New York Jets came out of the collision with their first title in the American Football League's Eastern Division virtually clinched.

The Houston of the second part was the name of the spread formation the Jets sprang Sunday on the Houston of the first part.

The formation befuddled the Oilers long enough for the Jets to score the first time they had the ball, after which they went on to 26-7 victory.

The triumph, their fourth straight, vaulted the Jets into a 3 1/2-game lead in the East. Now, all they have to do is win two of their remaining five games—or win just one and have Houston and Miami each lose one—and the AFL championship game will be at Shea Stadium Dec. 29.

It took the Jets only five plays to score, and both teams credited the spread formation, in which tight end Pete Lammons and running back Emerson Boozer lined up outside the two wide receivers, George Sauer and Don Maynard.

Lammons and Boozer usually line up tight with the rest of the team while Sauer and Maynard are the only wide men. What the change did was make Houston's cornerbacks cover Lammons and Boozer while the safeties covered Sauer and Maynard.

Total Offense Concept For Bears Shifts, Sayers Lost

The burden of Jim Dooley's Total Offense concept has shifted... most painfully for the Chicago Bears... from the flashing feet of Gale Sayers to the hot hands of young Virgil Carter.

No one will replace Sayers, injured during Sunday's 27-19 victory over San Francisco and lost for the rest of the National Football League season, in the Bears' backfield.

But Dooley, the first-year Chicago coach who devised an attack... which he called Total Offense... to exploit Sayers' versatility at every turn, might take some solace in the presence of Carter.

Total offense always has been the rookie quarterback's bag. Sayers, the NFL's top ball carrier, suffered torn ligaments in his right knee in the second quarter and underwent surgery Sunday night. But the Bears still rolled to their fourth straight victory... and kept a share of the Central Division lead, as Carter scored twice and passed for a third touchdown.

The former Brigham Young ace holds the all-time NCAA career record of 6,354 rushing-passing yards.

Elsewhere Sunday, the New York Giants stunned Dallas' Capitol Division pace-setters 27-21; Baltimore whipped Detroit 27-10; Los Angeles struggled past Atlanta 17-10; Minnesota dominated Green Bay 14-10; Cleveland trounced New Orleans 35-17; Pittsburgh battled St. Louis to a 28-28 stalemate and Washington trimmed Philadelphia 16-10.

Sayers picked up 32 rushing yards, pushing his season total to 856, before being cut down on a shoe string tackle by the

49ers' Kermit Alexander. After operating on the damaged knee, Dr. Theodore Fox, the Bears' team physician, said he expected Sayers to make a complete recovery.

Dr. Fox described the injury as a complete rupture of all ligaments on the inner side of Sayers' right knee, as well as torn cartilage.

"Most of our offense was geared to Gale's talents," Dooley said in the hushed Chicago dressing room after the costly victory. "Now that we no longer have his talents, we have to prepare our game plans to the material we have."

Carter, elevated from the taxi squad last month when an injury shelved first string quarterback Jack Concannon, kept the Bears' offense in gear against San Francisco, flipping an 18-yard scoring pass to Rob Wallace after dashing seven yards for one touchdown and sneaking one yard for another.

Preston Pearson zipped 102 yards on a kickoff return, sending Baltimore ahead of Detroit to stay, and Colts quarterback Earl Morrall completed a string of four victories over the four clubs with whom he played before hooking up with the Coastal Division contenders.

The victory, eighth in nine games for the Colts, kept them tied for the Coastal lead with the Rams, who barely got by lowly Atlanta when Roman Gabriel's 10-yard TD strike to Jack Snow, snapped a fourth quarter tie.

Minnesota, sparked by the defensive play of tackle Carl Eller and a two-touchdown burst by fullback Bill Brown, held off the slumping Packers to retain a piece of the central lead.

Eller blocked a field goal attempt, threw Green Bay passer Bart Starr three times for losses and jarred the ball loose from Donny Anderson to kill a last-ditch Packer drive on the Vikings' 18 yard line.

Bill Nelsen tossed four touchdown passes—two of them to Leroy Kelly for five and 68 yards—and Kelly rambled for 127 yards and another touchdown as the Browns grabbed first place in the Century Division.

Jets' Surprise Spread Formation Beats Oilers

On the first play of the game, quarterback Joe Namath passed to Sauer, but he couldn't hold the ball. On the second play, Namath hit Maynard for 19 yards, and on the third he connected with Sauer for 43 to the Houston five. Two more plays and it was 7-0.

The Oilers long enough for the Jets to score the first time they had the ball, after which they went on to 26-7 victory.

Showdown Time In SWC Contest

By The Associated Press
It's the same song, second verse, in the Southwest Conference football chase today with the same four teams—Texas, Texas Tech, SMU and Arkansas—still tied for the league lead with 4-1 records.

But the tune will change after Saturday's round of games which includes a showdown at Little Rock between Arkansas and SMU. That will narrow the crowd to at least three.

Other members of the first place quartet will be favored to remain in contention. Texas battles TCU in Fort Worth and Texas Tech plays at Baylor.

Tech and Texas aren't a

clinch, however, especially after Saturday's performances.

The Longhorns, ranked 10th in the nation, came back to bury the hapless Bears 47-20 but Baylor led 13-12 at halftime. Tech rallied to smother TCU 31-14, but not before the Frogs jumped to a 14-0 first quarter lead.

In the other games Saturday, Arkansas thrashed Rice 46-21 and SMU bested Texas A&M, 36-23.

"Well, we did have a few things to discuss at halftime," Texas Coach Darrell Royal said after the Bears had matched UT's precision offense touchdown for touchdown in the first half.

But the Longhorns settled differences in the second half. They scored three times in the third quarter—two by Steve Worster—to sew it up with the help of Chris Gilbert, who rushed for 212 yards and scored two touchdowns.

Gilbert, who leaped into seventh place among the nation's all-time rushers, needs only 13 yards this week to reach the 1,000-yard mark for the third straight season.

Texas amassed 657 yards in total offense, 557 yards on the ground.

SMU pulled something of a surprise on the Aggies, who had their defenses attuned to the airways and Mustang quarterback Chuck Hixson.

Instead, the Mustangs went to ground-gobbler Mike Richardson, who scored touchdowns on runs of 10, 1, 2 yards and caught a scoring pass from Hixson for 12 yards. Richardson carried 39 times for 244 yards, to erase All-American Kyle Rote from SMU's record book.

Arkansas' convincing victory over winless Rice was simply another case of sophomore quarterback Bill Montgomery doing his thing to perfection.

Tech rallied from a 14-0 first quarter deficit to protect its share of the conference lead. Raider quarterbacks Tom Sawyer and Joe Matulich each contributed a touchdown pass in the second quarter, which allowed Tech to start on even terms again in the third period.

Lost For Season

Chicago's Gale Sayers, the National Football League's leading ground gainer, is helped to the sidelines by teammate Garry Lyle (44) and San Francisco defensive back Kermit Alexander (38). Alexander tackled Sayers as Gale was turning the corner during the second period of yesterday's game in Chicago. Sayers was operated on last night for torn ligaments and will be out for the year.

Jayhawk Queens Host H-SU Squad Today

The Howard County Junior College Jayhawk Queens will face the host team again in the finals, but again were defeated.

The first match was dropped by 15-10 and 14-12 scores, with Kay Harrell and Helen Blou scoring high in the first game and Linda Halfmann marking high in the second game.

The finals match saw the Queens lose 15-8 with Miss Harrell scoring three points, and 15-11 with Miss Halfmann scoring four points.

Howard County defeated Odessa in the second round of play, 15-4 with Miss Harrell marking six points, and 15-11 with Judy Gromatzky scoring 5.

Miss Gromatzky also led the Queens to wins over Rice University, 15-8 and 15-8, by tallying five and eight points, respectively.

Sam Houston State was the Queens' next victim, 15-12 and 15-11 with Sonya Whittington and Miss Halfmann marking six and five points, respectively.

In the semi-finals the Queens defeated the University of Houston, 15-8 and 15-10 with Miss Gromatzky marking six points and Christi Price scoring five.

Saturday Jousts Spill Some Leaders

By The Associated Press
John McKay was scared, Woody Hayes was apprehensive and when they got over their fears California and Wisconsin were soundly beaten.

"We're not nervous; we're scared," McKay said before his top-ranked Southern California football team demolished 11th-ranked California 35-17 Saturday.

"I wouldn't say I was scared; I'd say I was apprehensive," was the way Hayes put it after second-ranked Ohio State manhandled only a 10-0 halftime lead over winless Wisconsin. The second half was something else and the Buckeyes wound up with a 43-8 victory.

But while the Trojans, Buckeyes and Penn State's fourth-ranked Nittany Lions, 22-7 winners over Miami, Fla., were running their perfect records to 7-0, many of The Associated Press' Top Twenty teams were having their problems.

Kansas, Tennessee and Purdue, ranked third, fifth and sixth, respectively, lost, as did No. 17 Michigan State, No. 20 Louisiana State and, of course,

It will be replaced by "My Friend Tony," a police series starring James Whitmore and developed by Sheldon Leonard.

During the past couple of months, the Diller show has pulled consistently low ratings in its late Sunday night spot where a number of other series have had a hard time—"The Rogues," "Wackiest Ship in the Army" among them—and where even Andy Williams, a critical success, had slow going.

TYPICAL HOUR
Sunday night's hour was rather typical of the canceled series—a colorful, handsome show with imaginative settings and unusual musical numbers but falling short in the important areas of comedy and sketches.

Dad Says Tony 'Ready To Go'

ERIE, Pa. (AP) — Six-month-old Tony Borgia is "ready to go," says his father who has collected \$16,300, the cost of a liver transplant operation for the infant.

The father, Robert Borgia, lettered, "Thank you Eerie," across one wall of St. Paul's Auditorium Sunday after some 1,200 men paid \$2 admission to a stag party he sponsored.

"I can't believe it," said Borgia, working at two jobs to raise money for the operation. Several other fund-raising events have added to his account.

Nine groceries contributed the potato salad and cold cuts for the party and two distributors donated the beer.

Borgia said he received a "go ahead" from Dr. Israel Penn, a surgeon at the University of Colorado, in Denver. He said all Tony needs now is a donor.

A local airlines has offered one of its planes, available on call, to fly the infant to Denver within six hours after a donor is found.

Tony's mother will stay in Denver with the baby for about eight months after the operation, which means additional expenses, added Borgia.

The infant suffers from biliary atresia, a lack of bile ducts, which is fatal within 18 months after birth.

The Borgias plan to use any remaining money to set up a fund for other children who need liver transplant operations.

ogist, sketch actress and even participant in musical production numbers. Phyllis' monologue Sunday traveled over the usual territory—her drunken husband Fang, her strange in-laws, her disordered house—and many of the jokes were greeted without much laughter. Rip Taylor, a comedy regular, read a long script consisting entirely of spoonerisms called "Prinderella and the Cince." It reached its comedy peak with such transpositions as "Shirty dame" for dirty shame.

CARRIE A LUSH?
There was, however, a charming number with the five little Pierce sisters dancing with the chorus boys, and the show wound up with a big bouncy production number in mock tribute to Carrie Nation. Miss Diller may have entered the nation's experience advocates by playing Carrie as a lush.

Earlier, on CBS, the Smothers Brothers caught up with the election results by including a concession speech from its own presidential candidate, Pat Paulsen. The satiric comedian mumbled all the clichés of the defeated candidate and wound up paraphrasing a well-known farewell to politics: "Gentlemen, this is my last press conference and you won't have Paulsen to kick around any more." He got a lot of laughs.

Cities Need Tax Freedom?

DALLAS (AP) — "We ought to be able to have any type of tax at the local level which people are willing to pay for city services," president Judson Williams of the Texas Municipal League said Sunday.

Williams, who also is mayor of El Paso, made the statement prior to the opening today of the league's 58th annual conference. He proposed in an interview that the Legislature authorize municipal taxes now forbidden on income, gasoline, cigarettes and other items.

Williams said, "We've been limited to nothing but the property tax. You can't expect to pay for all (city) services with it."

The El Paso mayor added that in his opinion the municipal sales tax enacted on a local option basis earlier this year is inadequate to meet the cities' needs.

The board scheduled a public hearing on staff recommendations for the parts of the board's master plan for higher education which deal with those three often controversial subjects.

OWN DEGREES
Originally, the hearing was scheduled for Oct. 11. The board delayed it a month at the request of a group of Dallas, Fort Worth area leaders who wanted time to submit their own plan for meeting the region's needs.

Creation of a multicampus urban university for the Dallas, Fort Worth, Denton area was recommended by the staff.

North Texas State University, Texas Woman's University and the University of Texas at Arlington would be brought under a single board of regents. Each school would award its own bachelor's degrees, but graduate degrees would be awarded by the urban university.

The urban university later would include a recommended Dallas school offering the junior and senior years of college work starting in 1973.

TECH SCHOOL
Also recommended for North Texas were working agreements with private colleges in the area to make facilities and programs available to urban university students to avoid duplication of effort.

Main items of the medical proposal was creation of a new University of Texas Medical School in Houston, tax subsidization of the Baylor Medical College in Houston and creation of a West Texas Medical School administered by Texas Tech.

The dental report recommended a new state dental school, including a department to train dental hygienists, assistants and laboratory technicians. It would be affiliated with and adjoining a medical school.

Connubial Cast

The cast coming here in "Cactus Flower" is a connubial cast. These six members of the company, out of a total of ten players, are three married couples, delighted that their engagement in the comedy hit enables them to tour together for a whole season. The center Mr. and Mrs. are Biff McGuire and Jeannie Carson. The bottom duo are Pat Stevens and Steven Meyers. The top pair are Jerry Terheyden and Linda Bates.

Three Married Pairs Enjoy Touring In 'Cactus Flower'

Six out of the 10 members of the cast to appear in Abe Burrows' popular Broadway comedy hit "Cactus Flower," coming here Tuesday have been married for this season at least, one of the major problems of combining marriage with an acting career.

The six in "Cactus Flower" consist of three couples, all delighted at the opportunity to tour together along a trans-continental route of 80-odd cities through this season.

"Cactus Flower" will open the current Big Spring concert Association series, and season memberships are still available by calling Mrs. Ralph W. Caton. Other offerings include the San Antonio Symphony, the Pennsylvania ballet and orchestra, and the Paul Winter modern music consort. No single admissions will be sold.

The co-stars, Jeannie Carson and Biff McGuire, have the oldest marriage of the three pairs, their union dating back to 1960, a few months after they had first met when playing opposite each other in a New York revival of "Finian's Rainbow."

The other couples are Pat Stevens and Steven Meyers, who were married in the spring of 1966, and Linda Bates and Jerry Terheyden, who were married in 1964.

Jeannie and Biff have often acted together, in New York, London and on tour. They trouped together in recent years, as they are doing now in "Cactus Flower," in two major musicals — they were King Arthur and Guinevere in "Camelot."

Nixon's First Choice? Miss Woods, Naturally

KEY BISCAYNE, Fla. (AP) — For Rose Mary Woods, the first appointment of President-elect Richard M. Nixon's new administration means one thing: She is going to keep doing what she has been doing for 17 years.

Nixon announced Sunday that Miss Woods will be his personal secretary. That was no surprise. She has held the post since 1951.

Brown-haired Miss Woods has traveled with Nixon on seven national political campaigns. She was on duty throughout the 1968 race, her normal post was at an electric typewriter on Nixon's chartered jet.

Miss Woods also accompanied Nixon on all but two of his official trips during the eight years he served as vice president.

Her years with Nixon have made her an expert on politics. She knows most of the nation's political leaders by face or by name and is acquainted with most of the newsmen who write about politics.

She is intensely loyal to the man she calls "the Boss."

And Nixon relies heavily on her expertise in politics and government.

Dear Abby

The Wall Street Exhibit

DEAR ABBY: I'm sure you have been reading about the "floor show" on Wall Street which has been attracting such large crowds, mostly men.

Abby, what on earth has happened to the great old fashioned virtue called "modesty?" If one of those big-bosomed exhibitionists were to be attacked by some sex-crazed man, who would bear the blame?

I am not writing this out of jealousy, because I happen to be . . . "39-26-38"

DEAR "39": I, too, disapprove of such exhibitionism, but I would hope that under the circumstances, the milk of human kindness would prevail.

DEAR ABBY: I do a lot of entertaining in my home. I recently invited a very attractive couple over for dinner, and they became acquainted with another nice couple with whom my husband and I have been friendly for some years.

These two couples now go out together in the evenings, and my husband and I are not included. I understand that these two women have been meeting frequently for lunch, also.

Should I cool my relationship with these people? I don't feel nearly as warmly towards them now that I know they have been meeting behind my back.

NO NAME, PLEASE
DEAR NO NAME: If you assume a possessive attitude about your friends, you will find them "cooling" the relationship before you do. Face it, you brought two couples together who apparently have more in common with each other than with you.

DEAR ABBY: We have a daughter who is away at college. We send her an allowance to cover smaller items, but she sends us all her larger bills and her father pays them.

She is very prompt about sending us her bills. She puts them into an envelope and mails them without one personal word. It would mean so much if she would scribble "Love," and sign her name.

Our daughter was not reared in a home with cold, unfeeling parents. I suppose this seems like a little thing, but we are deeply hurt.

If we were to mention this to her, she would, I am sure, scribble a little "duty" note, but because it would have been suggested by us it would lose its meaning.

What do you suggest? HURT
DEAR HURT: I suggest that you develop a tougher "hide." It takes some children longer to become truly "thoughtful." Some never do. You may have reared such a daughter.

Everybody has a problem.

She's Back Again

ITHACA, N.Y. (AP) — Debbie Allen, a sophomore at Ithaca College, feels quite at home in Quarry Dormitory at Ithaca College. She was born there.

Debbie, whose parents live in Clearwater, Fla., came to Ithaca College last year and was assigned to Quarry Dorm, a sprawling structure that once was Tompkins County Hospital.
