FIRST SINCE 1936 Triplets Born At Webb Today, Tiny Girls

The first triplets to be born in Howard County in more than 30 years were born here today in the Webb AFB hospital to T. Sgt. and Mrs. David Headen.

GIRLS NOT NAMED

The little girls had not been named at noon, but attending physicians reported the mother and infants were "doing well" at that time.

The first child arrived at 8:19 a.m., weighing four pounds, eight ounces; the second came at 8:31 a.m., weighing in at four pounds, seven ounces; and the third arrived at 8:53 a.m., weighing three pounds, 11 ounces.

Sgt. Headen has been assigned to the Field Maintenance Squadron at Webb since November, 1967, and the family lives at 145-A Dow in Webb Village. There are four other children: Marie, 11; David, 10; Cheryl, 9; and Christy, 5. The parents are natives of Portland, Ore.

Capt. Michael F. Corcoran was the doctor in attendance, assisted by Dr. M. A. Porter.

38 SETS OF TWINS

The odds of triplets being born are one in 8,000. Since the hospital began operating in 1952 at Webb, there have been 5,957 children born there, including 38 sets of twins. This was the first birth of triplets.

So far as could be immediately ascertained, the last arrival of triplets in Howard County occurred Sept. 30, 1935.

Shaw Trio Came As A Surprise

Howard County's first triplets caught the family by surprise and had to be bedded down in the tray of a trunk.

They were Franklin, Delano and Roosevelt Shaw, all of whom live in or near Big Spring, and who were born to Mr. and Mrs. S. S. (Summers) Shaw, Sept. 30, 1936.

DR. TRUE

Dr. G. S. True, who had been practicing medicine for 49 years at that time, was called to the Shaw home, a three-room frame dwelling on a 140-acre farm north of Knott, to attend the birth of a baby.

The first boy arrived at 9:30 p.m., but it was apparent this was a multiple birth. Fifteen minutes later a second arrived, and then the third at 10 p.m.

They were named in order of their arrival, for President Franklin Delano Roosevelt, and they looked so much alike that they were identified by the order in which they were placed in the trunk tray which had to be pressed into service because no one suspected triplets.

CREATED A STIR

Their arrival created such a stir that an estimated 200 visitors flocked to the Shaw home the next day, generally observing Dr. True's limitation of two visitors at a time. However, when traffic grew too heavy, Dr. Frank Boyle, associate of Dr. True, hung up a "no visitors" sign.

No matter though for Franklin who weighed five pounds, and Delano and Roosevelt, who weighed 5 1/2 pounds; slept placidly through it. They were, as Mrs. Shaw observed, "good babies."

Stakeout Kills Robber

DALLAS (AP) — Shotgun blasts fired by city patrolman E. D. Sonier, 29, on stakeout duty killed a man and thwarted a food store holdup Wednesday night.

Police identified the dead man as Tommy Ray Jackson, 20, of Dallas.

Sonier escaped harm in what he described as a running gun battle.

Police arrested a second man accused in the attempted robbery, nabbing him several blocks from the drive-in store. They sought a third, said to have driven a car for the bandits.

Sonier said he was in the back of the store and watching through a two-way mirror when two men entered, one thrust a pistol against clerk Sam Remple, 62, and the other snatched money from the cash register.

"I opened the door and ordered them to halt," Sonier related, "but the one with a gun shot at me, so I shot back."

Watches It Sink

MOTTSMVILLE, Mich. (AP) — Jack Wagner's car didn't seem to be in the mood to take him to work Wednesday — in fact it seemed to have plans of its own.

While Wagner was getting a shovel to give the ice in his car some encouragement, it moved out driverless.

Wagner emerged from his home just in time to see the car roll across the road and sink into the White Pigeon River.

Four Killed In Crash Of Giant Tanker Plane

MILWAUKEE, Wis. (AP) — Four persons, including Wisconsin's adjutant general and his wife, were killed Wednesday night when a giant tanker plane crashed and burst into flames one-half mile south of Gen. Mitchell Field.

Seven persons were injured in the crash of the Wisconsin Air National Guard KC97L of the 128th Refueling Group.

Maj. Gen. Ralph J. Olson, 64, had been Wisconsin's adjutant general for 18 years. The other victims were T. Sgt. Gerald, L. Becker, 31, Milwaukee, and Army Capt. Jerry Jerreman of Sun Prairie.

FOG, RAIN

The plane, on a flight from Key West, Fla., was attempting to land in fog and rain, piloted by Col. Thomas L. Bailey, commander of the 128th and a veteran flyer who holds the Distinguished Flying Cross.

Bailey, 47, was hospitalized in fair condition with neck burns and possible smoke inhalation. Five of the other six survivors also were burned.

Olson was returning from an Army school on civil disorders at Ft. Gordon, Ga.

Lt. Col. Ronald Daniels of the Air Guard told newsmen that the plane was on instrument landing approach to Mitchell Field and that the copilot was watching the ground from his window when he called out that the plane was coming down short of the runway.

Major House Panels Left In Vets' Hands

Mutscher Submits 739 Appointments

AUSTIN (AP) — Speaker Gus Mutscher shook up House committee chairmanships today but left all major committees in the hands of legislative veterans.

Reps. W. S. Healy of Paducah and Ben Atwell of Dallas once again head the powerful Appropriations and Tax committees, respectively.

POWERFUL

Rayford Price of Palestine, first elected to the legislature in 1960, the same year as Mutscher, will head the powerful State Affairs Committee. Last session he was chairman of the Constitutional Amendments Committee, another influential panel.

The Rules Committee, which decides ranking of bills on House calendars, will be headed by Rep. R. H. Cory, Victoria, who had State Affairs last session.

Rep. George Hinson, Mineola, was named chairman of the

Public Education Committee which may have the job of deciding what action the House will take on the proposals of former Gov. John Connally's Public School Study Committee. Hinson, who began his House career in 1951, was Education chairman last session.

Mutscher said Hinson will soon be known as "Mr. Education" in the House.

Mutscher announced his list of 739 individual appointments to the 45 House committees after stating they make "wide-spread and complete utilization of the entire membership of this assembly."

MAJOR CHANGE

A major change was on the Criminal Jurisprudence Committee, which will consider anti-crime bills. Mutscher replaced veteran Chairman Jim Nugent with Rep. Felix McDonald, Edinburg, a lawyer who is in his fourth legislative term.

Rep. John Traeger, Seguin, moves over from chairmanship of the Urban Affairs Committee to head the Constitutional Amendments Committee. Urban Affairs this year will be headed by Rep. Charles Jungmichel, LaGrange, last session's State Affairs vice chairman.

Mutscher assigned Rep. John Allen, Longview, a 10-year veteran, as chairman of the Conservation and Reclamation Committee, which considers water legislation. He replaces Rep. Menton Murray, Harlingen, one of the two House deans, who moves on to head the new House Higher Education Committee. The Judiciary Committee, with jurisdiction over civil law and procedures as well as legislation dealing with corporations, will be headed by Rep. Dewitt Hale, Corpus Christi, a 16-year veteran.

LABOR

Rep. W. C. "Bud" Sherman, Fort Worth, was named chairman of the Labor Committee, the group which probably will consider minimum wage bills. The new Committee on Governmental Affairs and Efficiency, which was designed to ease the burden on State Affairs, will be directed by Rep. Don Cavness, Austin, who has served in three sessions.

Only five members who served on the Appropriations Committee in 1967 were returned to that committee—Healy, Rep. Richard Slack of Pecos, the new vice chairman; Bill Braecklein of Dallas; Bill Fink of San Antonio and Raul Longoria of Edinburg. Reappointment of Healy as chairman gives him an unprecedented

(See LEGISLATURE, Page 2-A, Col. 2)

Four-Vehicle Collision

Mrs. Nelda Grace Woods escaped serious injury this morning when a W. D. Caldwell dump truck, driven by Raymon Ortiz, 307 E. 7th, overturned, collided with the car she was driving and dumped caliche on her car's hood. Also involved in the accident were cars driven by Nolan Carl Bell, 511 Edwards, and Mrs. Lois Rodgers Davis, 3200 Drexel. Mrs. Davis and Mrs. Woods were taken to local hospitals where they were treated for minor injuries and released. The accident occurred on US 87, about 300 feet south of the FM 700 intersection.

CLAIMS ONE OF SEVEN JETS SHOT DOWN

Israel Denies Attack On Iraq

By The Associated Press

Iraq said seven Israeli jet fighters attacked Iraqi troops in Jordan today but Israel denied it.

An Israeli army spokesman in Tel Aviv said: "I completely deny this report. I don't know

what gave rise to it. There has been absolutely nothing like this along the cease-fire line."

Newsmen on the Israeli side of the cease-fire line saw no sign of any unusual air activity. A communique broadcast by Baghdad radio said the planes

attacked Iraqi units east of the cease-fire line with Jordan. One Israeli jet was seen to plunge to the ground in flames, the Iraqis said.

The Iraqi communique said: "At 11:30 Baghdad time this morning, seven Israeli planes launched an air raid against our units operating on the eastern front."

SHOT DOWN

"Our anti-aircraft guns shot down one attacking plane. It was seen with the naked eye crashing in flames over the occupied Syrian Golan Heights. There were no Iraqi casualties."

At the same time, a Jordanian broadcast said two Israeli fighters had violated Arab air space over the Jordan River but were driven off by anti-aircraft fire.

Iraq had charged Wednesday that Israel was preparing an attack in retaliation for the hanging of 14 Iraqis, nine of them Jews, convicted of spying in Baghdad and Basra on Monday.

There has been an outcry in Israel, the United States and several European countries, condemning the executions. Iraq has an estimated 20,000 troops in Jordan. They had been there since the Arab-Israeli war of June, 1967.

STRAFED

Israeli planes strafed and bombed the Iraqi forces Dec. 4, killing six soldiers, according to the Iraqis.

Israel on Wednesday denied massing troops for an attack on the Iraqi force in Jordan. At the same time, Israeli Defense Minister Moshe Dayan cautioned his country they must give the government of Iraq no excuse to do more harm to the estimated 8,000 Iraqi Jews.

Along with the official denial from the Israeli army, foreign newsmen in Israel observed no unusual troop movements. In addition, rain and snow were blanketing Israel and Jordan, imposing quietness on the cease-fire line.

Voter Sign-Up Still Lagging

Voter registration in Howard County has increased as the Friday deadline draws near, but still lags far behind the record set in 1968, according to Mrs. Zarah LeFevre, county tax collector-assessor.

By noon today 10,045 persons had registered to vote, she said, which was an increase of 805 over Wednesday. However, on the same date in 1968, 12,895

voters were registered.

Deadline for registering in person, or for members of the immediate family, is 5 p.m. Friday when the county tax office closes.

Mrs. LeFevre noted that persons who are registering with applications through the mail must have them in the mail and postmarked before midnight Friday for the certificates to be valid.

Severe Storms Send River Out Of Banks In East Texas

By The Associated Press

Severe thunderstorms dumped more than five inches of rain on some drought-plagued Texas sections today, sending at least one river well out of its banks.

The deluges occurred largely in far East Texas, but some heavy rains fell elsewhere in the eastern half of the state.

Kanawha in Northeast Texas recorded 5.74 inches of rain. The

Northeast Texas towns of Avery, Box Elder, Clarksville, Cooper, Negley and Paris all had more than four inches.

STREAM RISES

The pelting rains struck the Sulphur River basin, causing the stream to rise as much as seven feet out of its banks at Hagasport. Another foot of rise was expected with a slow fall to follow.

The Weather Bureau said the Sulphur River at Naples may swell above its 22-foot flood stage six to eight feet by Monday.

Many other Texas cities and towns soaked up badly needed moisture as the unusually dry January neared an end.

Showers were expected to continue into the evening over East and South Central Texas while letting up elsewhere. The temperatures were predicted to cool a little in all areas of the state. Although a broad belt across the middle of the state stayed under a tornado watch for hours, the alert expired Wednesday night without word of any twist-ers being sighted.

Quake Shakes The Philippines

MANILA (AP) — An earthquake of intensity equal to the one which killed over 300 persons in Manila last year, struck the southern Philippine city of Davao, the Weather Bureau announced today.

There were no immediate reports of casualties or damage. A spokesman at the National Earthquake Information Center in Washington said the tremor measured 7.2 on the Richter Scale.

The Weather Bureau said the quake, was felt to a lesser extent in the big southern island of Mindanao, and some parts of the central Visayan Islands.

PARIS (AP) — The United States and South Vietnam challenged their antagonists today to get down to business quickly to find a road to peace, warning that propaganda speeches would prevent progress in the Vietnam talks.

North Vietnam's ambassador, Xuan Thuy replied that military agreement is impossible without a settlement of political problems of South Vietnam.

The atmosphere suggested a long deadlock.

South Vietnam led off the day after the delegates seated themselves around the huge round table in the International Conference Center, for the second round of full-dress talks.

Saigon's Ambassador Pham Dang Lam lashed out at the opening of the second session of the four-party talks. In a 5,000-word statement, he told the delegates from North Vietnam and the Viet Cong's National Liberation Front they had delivered "negative" statements at

the opening of the conference last Saturday.

"Your statements," Lam said, "contained nothing but empty and unfounded calumnies against the constitutional, legal, authentic government of the Republic of Vietnam. They contained nothing but outdated propaganda."

"I consider it necessary to remind you that we have come here not for disputes or propaganda, but in response to the legitimate aspirations for peace

of the South Vietnamese people. If you persist in this negative attitude, no progress can be achieved on the road to peace."

He attacked the other side's claim to represent the Vietnamese of both North and South, charging that "they have placed themselves at the service of and under the domination of international Communism . . . imposed a severe dictatorship of the party . . . and continuing to reduce the population to growing poverty."

Comnies Are Challenged To Get Down To Business

FM 700 Rebuilding Job Is Completed

FM 700, four lane roadway from Goliad Street, west to US 80, has now been completed and accepted officially by the Texas State Highway Department.

The job was declared finished and the contractor discharged as of Tuesday. The resident engineer's office of the State Highway Department has inspected the project and found it satisfactory.

Jarbet Company, San Antonio, was the contractor. The work began officially on March 15, 1967, and resident engineer's office here showed that the contractor had put in 329 working days on the project. The contract had stipulated the road must be completed within 330 days.

The project cost \$1,113,326.32. On top of that Howard County spent approximately \$300,000 for right of way and for relocation of utilities.

The \$1,500,000 road involves an overpass at the intersection of FM 700 and US 87. It offers four lanes of main highway, plus two service roads.

On top for this year or next is the extension of the four lane construction eastward from Goliad to IS 20. For this project, no additional right of way will be needed.

No ceremonies were conducted.

HCJC Starts With 817

Howard County Junior College started classes today on its spring semester with 817 students officially enrolled.

Another 150 had pre-registered, but had not yet cleared the business office.

Dr. W. A. Hunt, president, estimated that a substantial number would enroll Monday and that there would also be a substantial number of additional registrations from Webb AFB.

There was no breakdown on the first day's registration as to full-time and part-time registration, but most were thought to be in the full-time category. Of the total so far cleared, there were 95 from the base, whereas in the autumn semester there were 140.

Dr. Hunt felt that the final spring semester enrollment would reach 1,000. The fall total, which set a record, was 1,159.

Cultural Affairs Action Scheduled By 22 Members

Activities sponsored by the cultural affairs committee of the Big Spring Chamber of Commerce were outlined Wednesday by 22 members of the committee.

Mrs. Larson Loyd is chairman of the 1969 committee, and Harry Sawyer is board coordinator.

During the meeting members signed up for four areas of work performed by the committee during the year, including heritages, public culture, cultural activities and city beautification.

Projects slated for sponsorship or support by the committee during the year are the Let Freedom Ring program on July 4, Starlight Specials at City Park the week of July 13, and a teachers recital March 4, which will be a program directed by Kenny Sheppard for all music teachers in Big Spring.

The committee also voted to continue support of the Opera Corner at the public library and to continue donating \$25 in prize money for the Big Spring Art Association art show.

Promotion of attractions in Big Spring which will bring more visitors to the city also was noted.

Ex-Miss America To Join Pageant

A former Miss America will be mistress of ceremonies at the Miss Big Spring Pageant here in April, according to Mike Faulkner, producer of the Jaycee sponsored event.

Lubbock television personality and Texas Tech staff member, Miss Dena Axum has accepted the mistress of ceremonies role. She won the Miss America Pageant when she represented Arkansas, Faulkner said.

In addition to Miss Axum, the reigning Miss Texas, Tyler's Miss Glenda Propp, will make an appearance at the April 18-19 pageant here, he said.

Money Missing

Herman Mize, operator of the IS 20 Shell Service Station, reported to police Wednesday that someone had taken \$21 from the cash register at the station.

ducted in the acceptance of the new road.

The engineer's office said the entire road system is now open to full use from its start at Goliad to the point where it intersects US 80 near the Desert Sands Motel.

Lions Given Closeup Look At Dam Project

Downtown Lions members got a closeup through movie film Wednesday of the \$30 million plus expansion project of the Colorado River Municipal Water District.

O. H. Ivie, general manager, and Paschal Odum, assistant manager, projected pictures of the construction, showing giant earth-moving machines which

shuttle up to 60 yards of earth a load in raising the earthen dam.

This structure alone has something like 14,000,000 cubic yards of material as it stretches four miles across the Colorado River valley above Robert Lee. A core or cut-off trench, sliced to a maximum depth of 65 feet, underlies the dam.

Closure of the dam and completion of the project is still scheduled by April 1, said Ivie. The dam will impound a lake with a capacity of 488,700-acre feet of water, which will yield an average daily production of 50 million gallons, even through worst periods of drought and still have a year's supply in reserve.

Ivie also mentioned the many auxiliary costs of the project, not including over two million dollars in land, such as relocation of a million-dollar highway, raising oilwells on mounds, and moving pipelines at a cost of well over a million dollars, etc.

He also traced a new system of pipelines to deliver water from the big reservoir, and touched on a channel dam and side storage projects to intercept mineralized water.

Will Compete At DE Meet

More than 400 students are expected at the conference and will compete in seven areas of study, and in an even boy and girl will be named.

Representing Big Spring High School will be Mike Brady, president of the local DE chapter, who will enter the advertising layout contest; Bertha Kirk, entering the job interview contest; Charles Kimble, competing in business speaking; and Kenneth Brown, salesman-ship.

Winners in each division will be awarded plaques and will compete in the state finals later this year.

To Make Rehab Center Studies

Directors of the Dora Roberts Rehabilitation Center will meet at 5:15 p.m. today and appoint committees which will study long range planning of the center.

One committee is to be appointed to make a long-range study of financing of the center, according to Jim Thompson, center director. It will investigate ways to plan the future income for the center. At present the center operates on a year-to-year income, Thompson said.

The other committee will be charged with conducting a study which will compare the local center with other rehabilitation centers in the state. The result of this study will establish a salary range for the local staff, Thompson said.

You Can Shove Partly Cloudy

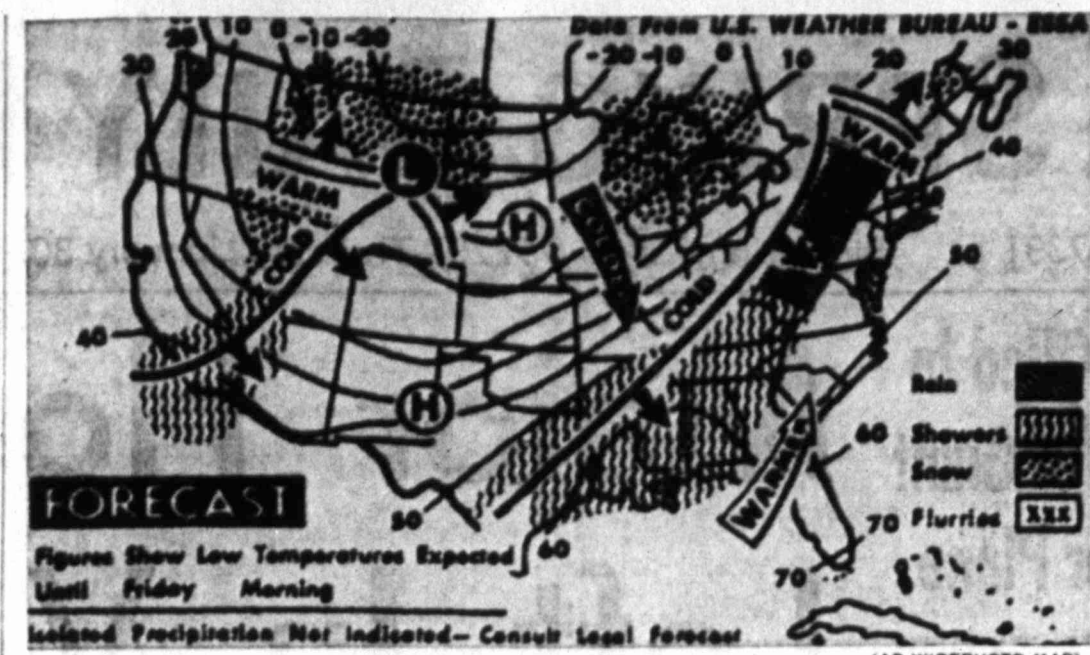

HELENA, Mont. (AP) — Montana's weather forecasters got an anonymous postcard which reads: "Sirs: I thought you would be interested in knowing that I have just shoveled three feet of 'partly cloudy' from my front steps."

SENECA FALLS, N.Y. (AP) — Brad Jones, 17, a senior at Myrdere Academy here had to go to basketball practice Wednesday afternoon, but an ice storm persuaded him that walking or driving would be hazardous.

Brad put on his ice skates and zipped along the sidewalks — covered with a half inch of ice — for almost a mile to the school's gym.

EUGENE, Ore. (AP) — If you have any thoughts of flying to Eugene, forget it.

The airport will be closed until three feet of snow melt. City officials gave up on trying to clear the runways after someone figured it would take 25,000 dump truck loads to clear the mile-long runway.

Weather Forecast

Snow is due Thursday night over the Rocky Mountains, Lakes area, and Maine, while rain is expected from the New England states to West Virginia. Showers are expected along the Gulf Coast from Texas to Florida and inland, as far as Kentucky. It will be colder in the Pacific Northwest and central part of the nation and warmer in Florida.

C-City Industrial Prospects Bright Following Meeting

COLORADO CITY — Colorado City Industrial Team, Inc., announced today that prospects are bright for a new industrial enterprise to be in operation by early summer.

The team, an organization set up to find new industries for the community, met Wednesday afternoon with a Midland industrialist who is in search of a plant location.

The meeting was described as "harmonious and satisfactory."

Legal Action Begins To Return Crain Here

Legal action began today to bring Bobbie Randal Crain from a mental hospital in Kansas City, Mo., to Big Spring, where he is under indictment for murder.

Crain was reported Wednesday morning to be in Research Hospital in Kansas City, a mental hospital where he had previously been a patient, according to Guilford Jones, his court-appointed attorney.

The 22-year-old Kansas City man was indicted Tuesday by the Howard County grand jury for murder only hours after he was released Monday by court order from Howard County jail.

Crain was indicted in the fatal shooting of A. D. Blount here Dec. 9, and had been in jail since Dec. 20.

Two other men also charged in the murder, Ray Bourbon, 67, and Bobbie Eugene Chrisko, 22, are being held in Jackson County jail in Kansas City and are fighting extradition to Texas.

'Plum' Tossed To Hardeman

AUSTIN (AP) — Gov. Preston Smith announced today the appointment of former Sen. Dorsey Hardeman of San Angelo to a six-year term on the state Board of Insurance.

"I won't object, I wish him well," said Sen. Pete Snelson of Midland, who defeated Hardeman for the Senate seat last November.

Some speculation had it that Snelson might try to block Hardeman's nomination in the Senate.

Hardeman, a senator for 21 years, has a term which expires Jan. 29, 1975. He will replace George Cowden of Waco, who resigned as chairman last December. Smith was expected to name Hardeman chairman.

The job pays \$21,000 a year. Hardeman, 66, was born in Henderson, Tenn., and graduated from Vanderbilt Law School.

Present Awards At Pack Meeting

Sixty-nine Cub Scouts and guests attended the Pack 202 meeting Tuesday night at First United Methodist Church.

Oren Lee Craig received his Bobcat Pin. Wolf Badges went to Brian Ferrell, Mark Taylor and Jeffrey Worthy. Worthy also received a gold arrow point. Denner Badges were awarded to Frank Cox and Jeffrey Worthy and Assistant Denner Badges to Mike Thompson and Keith Blizzard.

Den 2 won the attendance trophy for the third straight time. The skit was presented by Den 7. Den 2 conducted opening ceremonies and Den 4 led the closing.

Jurors Expected To Close Review

The Howard County grand jury was expected to end its review of 37 cases by late this afternoon.

BREAKFAST AT WEBB Nation Must Choose God, Prayer Group Is Told

Those who are chosen of God are those who choose God.

This was the theme of a devotional brought to a group gathered early Thursday morning for a prayer breakfast at Webb Air Force Base.

The event was held simultaneously with a presidential prayer breakfast in Washington, and as leaders of the nation gathered for an hour of worship, this program was followed locally.

In attendance were a group of public officials and civic leaders, along with ranking officers and top NCO's at Webb. The program was arranged by the wing chaplain, Lt. Col. Robert T. Deming.

Joe Pickle, Baptist layman, brought the brief message, citing the fact that, while Americans hold themselves to be a favored nation and a richly blessed people, the arrangement, under God's plan, is not

irrevocable. A chosen people, as cited from the book of Amos, must be constantly renewing their relationships to God, because, said the speaker, "God does not ignore indifference." There comes a time, Pickle continued, for a day of reckoning for any people who are only nominally righteous.

"We cannot expect God to hear us," he said, "if ours is a once-upon-a-time commitment... God is not an emergency device... like a fire extinguisher on the wall; and yet we often treat Him in just this manner." "We realize sometimes, how self-centered, self-indulgent and indifferent that we are. But our situation is never hopeless, for Amos had the formula in speaking for God: 'Seek ye me, and ye shall live, and the Lord God of hosts shall be with you.'"

Prayers at the breakfast were given by Chaplain Deming, Capt. John B. Darcy, Catholic chaplain, and Capt. Thomas W. Black, Protestant chaplain. Scripture reading was given by Mayor J. Arnold Marshall; the pledge of allegiance to the flag was led by C.M. Sgt. Robert Carter, and Peter Deming, an Explorer Scout, played the Star Spangled Banner as a cornet solo.

Industrial Training Set

Members of the economic development committee of the Big Spring Chamber of Commerce met Wednesday and voted to put the committee's industrial team through a training course given by Texas Electric Service Co.

The eight-week course given by the industrial department of the utility company is slated to begin Feb. 27, and will be followed by an evaluation visit by the Texas Industrial Commission.

The industrial team is comprised of men representing 10 specialized fields dealing with industry, including community development, taxation, utilities, sites, labor, education and training, construction and insurance, financing, transportation, resources and services.

John Currie reviewed the industrial fund and industrial foundation for the committee, telling the purpose of each and giving a financial report.

Don Womack is chairman of the economic development committee.

Regional TML Meet Set Here

An estimated 85 city officials are expected to attend the Region 4 quarterly meeting of the Texas Municipal League here Friday, according to Mayor Arnold Marshall.

The meeting, which will start at 6:15 p.m. at the Costan Country Club, will feature L. O'Brien Thompson, president of the Texas Municipal League and member of the Amarillo city commission.

There are 25 member cities in the region, which covers most of the West Texas area. E. W. Whitt, councilman at Monahans, is president of Region 4.

Specialist Takes VA Hospital Tour

R. H. Wallace, hospital administration specialist from the Veterans Administration Office in Washington, made a routine visit to the Big Spring VA Hospital Wednesday to review with the staff the need for equipment and funds for repair and maintenance of the facility.

Wallace visited all departments and reported to Jack Powell, hospital director, that he was very pleased with the plant and staffing. He was also a guest at the Downtown Lions Club meeting.

DEATHS

Mrs. J. C. Hall Sr., Services Today

COLORADO CITY (SC) — Mrs. J. C. Hall Sr., 83, of Loraine, was found dead at her home about 6 p.m. Tuesday, apparently of natural causes.

Funeral services will be held at 2 p.m. Thursday from the First Baptist Church in Loraine, with the Rev. Clarence Minton, pastor, officiating. Burial will be in the Loraine Cemetery under the direction of the Kiker and Son Funeral Home.

She was born in Eastland County, July 22, 1885, and married Hall in Gorman, Tex., June 18, 1903. He died in 1957. Hall was a banker and rancher and former county judge of Mitchell County.

She is survived by three daughters, Mrs. A. L. Geer of Colorado City, Mrs. M. A. Baumgarten and Mrs. Joe Millsap, both of Dallas, one son, J. C. Hall Jr., of Loraine, eight grandchildren and seven great-grandchildren.

Ex-Miss America To Join Pageant

A former Miss America will be mistress of ceremonies at the Miss Big Spring Pageant here in April, according to Mike Faulkner, producer of the Jaycee sponsored event.

Money Missing

Herman Mize, operator of the IS 20 Shell Service Station, reported to police Wednesday that someone had taken \$21 from the cash register at the station.

Legal Action Begins To Return Crain Here

Legal action began today to bring Bobbie Randal Crain from a mental hospital in Kansas City, Mo., to Big Spring, where he is under indictment for murder.

Plum' Tossed To Hardeman

AUSTIN (AP) — Gov. Preston Smith announced today the appointment of former Sen. Dorsey Hardeman of San Angelo to a six-year term on the state Board of Insurance.

Weather Forecast

Snow is due Thursday night over the Rocky Mountains, Lakes area, and Maine, while rain is expected from the New England states to West Virginia. Showers are expected along the Gulf Coast from Texas to Florida and inland, as far as Kentucky. It will be colder in the Pacific Northwest and central part of the nation and warmer in Florida.

Yank Bombers Attacking Red Routes Through Laos

SAIGON (AP) — From 15 to 30 American B52 bombers have been attacking Communist supply routes through Laos each day, and some of them have been hitting north of the 17th parallel, U.S. military sources said today.

The disclosure came shortly after the U.S. Command denied a charge by North Vietnam's foreign ministry that the huge eight-jet bombers had attacked "heavily populated" areas Sunday in North Vietnam's Quang Binh province, which is just north of the 17th parallel and just east of Laos.

U.S. BOMBING

The command said there had been no B52 raids on North Vietnam or the demilitarized zone astride the 17th parallel since last Oct. 28.

Although the U.S. government refuses to admit any military operations in Laos, it is common knowledge that the end of the bombing of North Vietnam on Nov. 1 was followed by a sharp increase in U.S. bombing of North Vietnamese supply traffic down the Ho Chi Minh Trail through Laos.

Reliable sources said the B52 strikes on eastern Laos have ranged as far as 30 miles north of the 17th parallel in efforts to smash the enemy supply columns as far away as possible. Some of these strikes are near the North Vietnamese border.

Otherwise, only minor action was reported today as South Vietnam marked the first anniversary of the Viet Cong's biggest offensive of the war.

TERRORIST ATTACK

The U.S. and South Vietnamese commands reported attacks from inside the demilitarized zone on a group of U.S. Marines and on a small observation plane, a terrorist attack inside Saigon and the usual scattered shelling during the night. Two Marines below the DMZ

and two Vietnamese in Saigon large-scale ground fighting, the steady pace of the war was re- Despite the continuing lull inflicted in the casualty report for

Cliff Proffitt Sells His Distributorship To Slate

After more than 35 years' distribution business in 1933, work in beer distribution, Cliff Proffitt is going to ease off a little. He has sold his interest in the Pearl Beer Distributing Company to Wally Slate, who will be general manager. While Proffitt will remain on a consultant basis, he will not put full time in the company, and hopes to get in a little more fishing. Proffitt started in the beer

last week, issued today. It said 190 Americans, 264 South Vietnamese and 2,350 enemy troops were killed in combat last week. The totals were about the same as those the week before, when 196 Americans, 292 South Vietnamese and 2,451 enemy were reported killed.

The report raised the total number of U.S. military personnel reported killed in action in Vietnam to 31,181 and the total number of enemy to at least 438,937.

Navy Blames Hot Exhaust

WASHINGTON (AP) — The Navy has tentatively decided the hot exhaust from an aircraft starter cart touched off an explosion that led to fiery disaster aboard the aircraft carrier Enterprise.

It indicated Wednesday that more stringent restrictions have been issued on how close jet starter carts can be placed to ammunition and aircraft.

"Indications are that the exhaust from the cart may have caused the overheating and explosion of a Zuni rocket attached to the wing of an airplane," the Navy said. "The initial explosion apparently caused a fire and subsequent bomb and rocket explosions on airplanes parked nearby."

Explosions and flames swept areas of the giant carrier Jan. 14, killing 27 men and injuring 85 others while it was at sea southwest of Hawaii. The Navy disclosed repairs will cost \$6.4 million, but estimated the flat-top will return to duty in less than three months.

The Navy said the Enterprise was capable of "sustained combat capabilities as soon as the fires were out and debris removed. She could have continued flight operations and also launched combat missions if necessary."

GM Pay Jumps

ARLINGTON, Tex. (AP) — General Motors assembly plant employes here earned \$38 million in wages in 1968, up 37.7 per cent over the previous year. Production of Chevrolet and Pontiac automobiles in Arlington totaled 176,965.

Mechanics Class Gets Chassis Assembly

Bob Brock, right, presents a complete automotive chassis, given to Big Spring High School by the Lincoln-Mercury Division of Ford Motor Company and the Bob Brock Ford-Lincoln-Mercury, Inc., and S. M. Anderson, superintendent, accepts for the

school. Also on hand for the presentation were Perry Mathis, second from left, auto mechanics instructor, and H. L. Stanley, customer services manager of the Lincoln-Mercury district sales office.

Ford Donates Car Chassis

A complete automotive chassis was donated to the Big Spring High School today by the Lincoln-Mercury Division of Ford Motor Company and Bob Brock Ford-Lincoln-Mercury, Inc., 500 W. 4th. The equipment, consisting of an engine, transmission and front and rear axle with wheels and tires, is valued at approximately \$2,000. It was presented by dealership president Bob Brock to Sam Anderson, superintendent of the Big Spring school district. Also attending the presentation at the dealership were Perry Mathis, auto mechanics instructor, at Big Spring High School, and H. L. Stanley, customer services manager at the Lincoln-Mercury District Sales Office in Dallas.

Allen W. Dulles, Former U.S. Master Spy, Dies

WASHINGTON (AP) — Allen W. Dulles, former chief of the Central Intelligence Agency, died late Wednesday in Georgetown University Hospital. He was 75. The former U.S. master spy headed the intelligence agency from 1953 until his retirement in 1961. He first was appointed chief by former President Dwight D. Eisenhower and then asked to continue in his \$22,000-a-year job by the late President John F. Kennedy. Dulles was a member of the Warren Commission that investigated Kennedy's assassination and concluded the President was killed by one man, Lee Harvey Oswald.

Dulles' resignation as CIA head came a few months after the Bay of Pigs fiasco. The White House said, however, Dulles had planned before the Cuban incident to retire. Dulles, who looked more like a grandfatherly schoolmaster than the director of a global espionage network, was a brother of the late Secretary of State John Foster Dulles. A CIA spokesman said his death about 11 p.m. EST Wednesday resulted from complications following an attack of the flu and pneumonia. His first formal connection

Coahoma Broom Sale Scheduled

COAHOMA — Coahoma Lions Club will stage its annual Broom and Mop Sale here and in Sand Springs Saturday. About 50 Lions are members of the club and most of these will take

part in the house-to-house campaign. The club holds these sales each year and profits go to the club funds for community betterment. Joe Sweeney, president, asked the residents of the two communities to cooperate. The brooms and mops are made by blind persons, who work for the Lighthouse movement.

Research Funds

DALLAS (AP) — The Robert A. Welch Foundation of Houston has granted \$22,000 to seven investigators on the faculty of the University of Texas-Southwestern Medical School here to support basic chemical re-

Raider Play Affected By Rumors, Says Gene

LUBBOCK, Tex. (AP)—Tex as Tech basketball coach Gene Gibson says rumors that his contract will not be renewed in June are affecting the Raiders' performance.

Gibson met with his players Wednesday to brief them on the rumors, which have been circulating since Tuesday when Gibson met with Tech President Grover E. Murray.

After Tech's 82-64 Southwest Conference loss to Texas Tuesday night, Gibson said "outside interests" contributed to the defeat. He declined to amplify the statement.

At Wednesday's team meeting, Gibson said he urged the Raiders to continue their drive for the conference title.

"I just told the kids what had been told," he said. "I felt

the squad should be told every thing."

Murray told the Avalanche Journal that Gibson was informed last spring when his contract was renewed for one year that this season had to be a good one.

"I restated that position to day (Tuesday)," Murray said. Gibson denied that he was given a win-or-else ultimatum last year.

Murray said Wednesday night that he could not elaborate on the meeting with Gibson, other than to say the meeting was requested by Gibson to discuss the basketball program at Tech.

Murray said the entire athletic program is under review. Tech has announced a major

construction plan for upgrading athletic facilities at Tech.

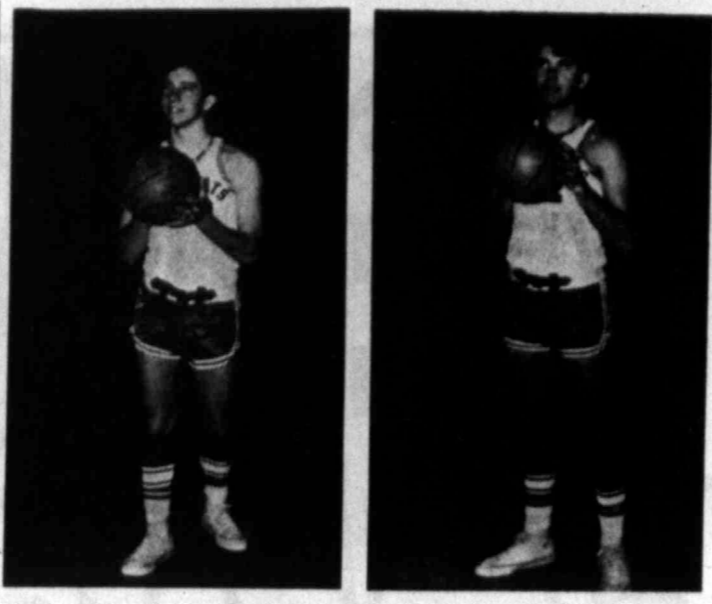

Tech's basketball fortunes have been good under coach Gibson, whose club won a Southwest Conference championship in 1961-62—his first year at the helm here. His over-all record is 96-86 at Tech.

Gibson led the Raiders to an apparent conference title again in 1964-65, but the Raiders were declared ineligible for the crown because a player, Norman Reuther, was ruled scholastically ineligible.

Tech finished with a 13-11 record for 1965-1966 and had two straight 9-15 seasons in 1966-67 and 1967-68. The Raiders currently are 7-7 for the season and 2-2 in the conference.

One of Tech's victories was a 73-70 upset of title-contending Baylor.

Tech's problems this season will become more acute Saturday when sophomore Clay Vandoozen, the team's leading scorer in conference games, becomes scholastically ineligible.

Westbrook Standouts

Pictured here are Robert Chambers (left) and Robert (Bo) Jackson who are factors in Westbrook's outstanding basketball play. The Class B Wildcats, coached by Sam Serogins, are off to their finest season in years. Chambers is a 5-7 1/2 senior guard who has been a starter the past three seasons. He's averaging 25 points a game. He was second team all-state as a junior. Jackson, 6-1 junior post man, is the team's leading rebounder, having pulled down 314 caroms in the Cats' first 29 games.

Sens' New Boss Fires Skipper

WASHINGTON (AP)—Robert E. Short, who says he's impatient with failure, has moved quickly to bring new leadership to the Washington Senators, a baseball team without a winning season in 17 years.

In his first full work day after officially purchasing the American League team, the Minneapolis millionaire fired General Manager George Selkirk and Field Manager Jim Lemon.

Other personnel changes were also expected, and Short hinted that farm director Hal Keller may be next on the ousted list.

"Quite obviously, we may have to build up the farm system," said Short, who scheduled a meeting with Keller today.

Silkirk and Lemon were offered other jobs in the Senators' organization, and both said they had not decided whether to accept.

Lemon, whose rookie year as manager ended last season with the Senators entrenched in 10th place, said he had "an amicable talk" with Short and was not surprised by his dismissal.

Lemon said he was offered "a job which is a mixture between scouting and hitting instructor."

Neither Selkirk nor Short disclosed what position the former general manager was offered, but Selkirk said he planned to sleep on it before deciding whether to stay.

In firing Selkirk, general manager during six losing seasons, Short said he was eliminating the position entirely and added: "I do not operate with a general manager in any of my businesses. I will draw the table of organization with one

Pro Elevens Draft 66 SWC Athletes

NEW YORK (AP)—Sixty-six Texas and Southwest Conference football players were drafted in the two-day, 17-round pro football draft which ended Wednesday.

Heading the list was North Texas State's All-American defensive tackle Joe Greene, who was the only Texas collegian selected in the first round. Greene, a 6-foot-4 274-pounder, was picked by the Pittsburgh Steelers.

Eight athletes from Texas colleges were picked in the second round, including Houston running back Paul Gipson and Southern Methodist's Jerry LeVias.

A total of 442 players were selected in the two-day combined draft of the National and the American Football Leagues. Seven rounds were completed Tuesday and the rest Wednesday.

Here are the Texas and Southwest Conference players taken in Wednesday's draft:

Eight round: Philadelphia, Bill Hobbs, Texas A&M linebacker; Houston, Glenn Woods, Prairie View defensive end; Chicago, Webb Hubbell, Arkansas guard.

Ninth round: Atlanta, George Wright, Sam Houston defensive tackle; Miami, Jesse Powell, West Texas State linebacker; New York Giants, Ray Hickl, Texas A&I linebacker.

Tenth round: None.

Eleventh round: Philadelphia, Jim Marcum, UT-Arlington defensive back; Green Bay, Leon Harden, UT-El Paso defensive back.

Twelfth round: Philadelphia, Gary Adams, Arkansas defensive back; Atlanta, Denver Samples, UT-El Paso defensive tackle; Green Bay, Tom Buckman, Texas A&M tight end; Houston, George Resley, Texas A&M defensive tackle; Baltimore, Butch Riley, Texas A&I linebacker.

Thirteenth round: Buffalo, Leon Lovelace, tackle, Texas Tech; Philadelphia, Wade Key, tight end, Southwest Texas State; Washington, Michael Shook, defensive back, North Texas State; Minnesota, Jim Moylan, defensive tackle, Texas State; San Diego, M. J. Simpson, defensive back, Houston; New York Jets, Steve O'Neal, punter, Texas A&M.

Fourteenth round: Buffalo, Bubba Thornton, flanker, Texas Christian; Philadelphia, James Ross, tackle, Bishop, Tex.; Chicago, Ron Ehrig, defensive back, Texas; San Francisco, Tom Block, flanker, East Texas State; Minnesota, Tom Head, center, Southwest Texas State.

Fifteenth round—San Francisco, Gary Golden, defensive back, Texas Tech.

Sixteenth round—Atlanta, Ed Hughes, running back, Texas Southern; New Orleans, Edd Harjett, quarterback, Texas A&M; Detroit, Ken Spain, defensive end, Houston; Denver, Billy Woods, defensive back, North Texas State; Miami, Lloyd Mumford, defensive back, Texas Southern; New York Giants, Bryan Jones, linebacker, West Texas State.

Seventeenth round: New York Giants, Ken Riley, linebacker, Texas-Arlington; Chicago, Bob Long, split end, Texas A&M; Minnesota, Wendell Houseley, running back, Texas A&M; Cleveland, Bob Oliver, defensive end, Abilene Christian.

crack the single season record average of 43.8 he set last year when he scored 1,138 points. He already has 553 points in 12 games this season.

The Louisiana State sharpshooter is closing in on the season, sophomore-junior scoring mark of 1,962 points set by Oscar Robertson in 1959-60 and the record two-year total of 2,995 by Elvin Hayes in 1967-68.

Maravich needs to average only in the mid-20s the rest of this season to shatter both marks.

Only a junior, Maravich also has his sights set on Robertson's career total of 2,973.

The 6-foot-5 forward presently is averaging 46.1 points a game in statistics released today by the National Collegiate Sports Services. However, it dropped to 44.2 after he was held to 21 points by Tennessee Monday night.

That puts him in position to

Pete Maravich Is Bidding For Still More Records

Cal Murphy, Niagara's 5-10 jumping jack who came along at the wrong time, still is a distant second with a 34.3 average after finishing last season as runner-up to Maravich with a 38.2 average, the fourth highest in history.

But both Maravich and Murphy must play second fiddle to Lew Alcindor, UCLA's overpowering 7-1 1/2 giant who is closing in on a milestone himself. Alcindor, averaging 26.6 points a game for ninth place, needs only 23 points to join the select 2,000-point career club.

Big Lew also closed in on the field goal percentage leader, Al Krobobch of The Citadel, hitting 65.2 per cent to Krobobch's 65.4.

Happy Warrior

Southern California star O. J. Simpson, awaiting contract with the Buffalo Bills, received the nation's outstanding college football award, the Heisman Trophy, Wednesday night in Palo Alto. The former college great hopes one day to go into juvenile work.

Ruling Favors Stanton Team

The executive committee of District 5-AA has ruled against Crane in its protest over a decision made by officials in last Friday's basketball game played in Stanton.

Stanton won the game, 72-71.

Coach Arlen White of Crane had protested an official's decision over a field goal awarded the Buffaloes late in the game.

The executive committee said it had no jurisdiction in the case because it was a judgment call on the part of the arbiters.

Two Big Spring officials worked the game.

San Diego Field Eyeing Top Purse Of \$30,000

SAN DIEGO (AP)—Eighteen of the top 20 money winners in professional golf in 1968, and the winners of the three major tournaments in this infant year, were on hand today for the initial round of the \$150,000 Andy Williams-San Diego Open.

Leading the charge for the fat \$30,000 winner's purse was San Diego's own Billy Casper, who bagged most of the swag—\$265,188 last year—and a man who has read the tournament course like a book.

The setting is the Torrey Pines Municipal course, which has par 36-36-72. It will play about 6,800 yards when the PGA tournament officials get through recasting the third hole, which ordinarily is a par-3 158-yard test.

The only ones missing from the elite top 20 money guys are Tom Weiskopf and Arnold Palmer. Weiskopf is in the Army, and Arnie just decided to skip it.

Casper isn't one of the 1969 tour winners as yet. But ready to tee off were Charlie Sifford, who won \$20,000 in a playoff with South Africa's Harold Henning in the Los Angeles Open, and Miller Barber, who collected \$13,500 in the rain-abbreviated Kaiser International at Napa, Calif.

And the third winner is George Archer, the hero of the rain-beset Bing Crosby clam bake at Pebble Beach. The victory was worth \$25,000—a substantial sum compared to the \$29 he carried away in finishing far down the line in the Andy Williams-San Diego Tournament a year ago.

LOOKING 'EM OVER

With Tommy Hart

I'm not inclined to agree with those who reason the Houston Astros pulled a rock in dealing off Rusty Staub to the Montreal Expos.

In Donn Clendenon and Jesus Alou, the Astros got better than journeyman ball players in return. The Astros finished dead last with Staub in the lineup. They can't do any worse with Clendenon and Alou playing.

At 33, Clendenon doesn't have too many years left in baseball but Alou is the same age as Staub.

Alou's game may be more adaptable to the Astrodome but Clendenon may be the more valuable chattel simply because he is smarter than Jesus. At times when Alou was with San Francisco, the management would have to stop play and go out to tell Jesus which base to throw to in case the ball was hit to him.

True, Staub hit .333 two seasons ago but, year in and year out, Alou will stroke the ball about as well as does Rusty. Actually, Jesus has a bigger lifetime batting average in the big leagues than does Staub—.288 to .273.

Following the trade, Judge Roy Hofheinz, owner of the Astros, said the team is closer to having a winner now than at any time since the show went on the road. He may be right.

Clendenon and Alou could combine with other acquisitions like catcher John Edwards and outfielder Curt Bleary to give the Astros a class they've never had.

Houston still needs a "money" pitcher but there's not many of those around.

Alvin Dark, manager of the Cleveland Indians, says that his team has the finest pitching staff in the American League and the best catching corps in all of baseball.

Needless to say, he's expecting an improvement in the fortunes of the Indians.

Fortunes of the Big Spring basketball team have been at such a low ebb there have been no cases of unruly crowds at local games.

Several schools around District 3-AAAAA, however, have had to deal with such problems.

Such behavior, which is completely uncalled for, is a grave threat to competitive athletes than poor attendance.

In some parts of the country, many high schools have abandoned night football and basketball because of the incidence of mob violence.

Officials of parochial schools will, no doubt, object but telecasts of NCAA college football games will likely be sponsored, in part, by beer companies starting with the 1970 season.

The vote among member schools to allow such broadcast was close this year. In fact, 64.7 per cent favored beer commercials, but a two-thirds vote for approval is needed.

Raleigh Blakely, who bombed out when he filled a speaking engagement here several years ago, has been nominated to occupy a spot in the Texas Handball Hall of Fame.

Joey Maxim, the former boxing champion, is now gainfully employed in a Las Vegas show act.

He takes part in a boxing skit at the Aladdin Hotel with comedian Looney Lewis.

The cost of living being what it is, officials of big league baseball clubs now insist it cost \$3 million to operate a team one season. That's triple what a team paid out in expenses 25 years ago.

408 RUNNELS HUBERT CLARK, Mgr. Phone 267-6337

John Nabs

DALLAS (AP) — Pounder, pro football player, was arrested Wednesday. He was seen downtown street dashed by witness store clerks in his car. "Everybody that man!" being anything, called later, "so him."

Niland, a 6-foot Dallas Cowboy, six blocks, across and through a car. At the end of a quarry with retrieved \$945 money rings from by Jeweler Jack Niland, an official advertising missed the period of routine "right book."

Here are two basketball players, Buddy Travi and operation. Bunon (left) and...

John Niland Nabs Crook

DALLAS (AP) — For a 245-pounder, pro football star John Niland is a lot faster than you might suspect, and he proved it Wednesday.

Backstage Performers Here are two boys who do enormous good to the HCJC basketball team. Both are student managers and help coach Buddy Travis perform the many chores necessary to the operation. Both are former athletes. They are Ray McKinnon (left) and James Skief.

Advertisement for Sledge's Long Sleeve Coveralls. The ad features the brand name 'Sledge's' in a stylized font and describes the coveralls as 'SHAPE/SET', 'NEVER NEEDS IRONING', and 'SOIL RELEASE 65% COTTON / 35% POLYESTER'. The price is listed as '\$6.88' and the store is 'GIBSON'S DISCOUNT CENTER' at '2383 GREGG ST. BIG SPRING'.

Souped-Up Seattle Mops Up On Foes

Suddenly, the Seattle Super-Sonics are playing like super-Sonics. Saddled with the third worst record in the National Basketball Association, the Sonics have been breaking all kinds of barriers in their last three games.

Seattle's victory over San Diego in the third quarter, jumped from a 58-53 halftime lead to a 89-79 score and breezed in. Billy Cunningham had 29 points for the 76ers.

Philadelphia, outbounding the Hawks 18-5 in the third quarter, jumped from a 58-53 halftime lead to a 89-79 score and breezed in. Billy Cunningham had 29 points for the 76ers.

Aggies Kayo'd By Lobo Quint

Big Greg Howard is back in good standing at New Mexico but he's public enemy No. 1 at New Mexico State.

Starting for the first time since a six-game disciplinary suspension earlier in the season, the 6-foot-9 Howard poured in 33 points as the unranked Lobos shot the unbeaten ranks Wednesday night 86-66.

Fairmont Is Poll Leader

Fairmont of West Virginia, which extended its unbeaten streak to 15 last week by defeating Salem and Steubenville, maintained its lead in The Associated Press' small-college basketball poll today.

Fairmont collected five first-place votes and 272 points in the balloting by a national panel of 16 sports writers and broadcasters. Fairmont walloped Salem 104-44 and Steubenville 103-65.

Fairmont collected five first-place votes and 272 points in the balloting by a national panel of 16 sports writers and broadcasters. Fairmont walloped Salem 104-44 and Steubenville 103-65.

Piper Coach In Jackpot

The Minnesota Pipers still have Jim Harding as their coach and 1 1/2 games as their lead, but the way things are going, neither one will be around much longer.

Panel Slates Sweeping Review Of U. S. Tax Laws

WASHINGTON (AP) — The House Ways and Means Committee, responding to a mounting clamor for reform, has scheduled a sweeping review of the nation's tax laws.

Hearings expected to last several months are scheduled to start Feb. 18 with the operations of tax-exempt foundations, already under congressional scrutiny, to be examined first. De-

ductions for charitable gifts will follow.

For later hearings, the committee announced a wide-ranging agenda, embracing such traditionally explosive subjects as stock options for executives, the use of subsidiaries and trusts to reduce income and estate taxes, part-time farming losses charged off against other income and accelerated real estate depreciation.

The federal tax code has not been thoroughly restudied in 15 years.

Demands for tax reform have taken a bipartisan look. Two days ago the Democratic National Committee announced it is preparing legislation to provide a minimum income tax for all high income persons, even though legal deductions and exclusions would normally eliminate tax liability.

And in prepared remarks today in New York, Rep. John W. Byrnes of Wisconsin, top Republican on the Ways and Means Committee, added his support to reform, particularly to making all high-income recipients pay some sort of tax.

Alluding to a Treasury Department report that 155 tax returns showing incomes in excess of \$200,000 resulted in no tax payments, Byrnes said:

"No matter by what device, no matter how laudable the nature of the deduction or exclusion that produces this result, the fact remains that there is no justification for these individuals being nontaxpayers."

Ways and Means chairman Wilbur D. Mills, D-Ark., cautioned newsmen not to expect a radical tax code revision this year.

Another subject to be studied are a number of particular interest to average taxpayers. One is the possibility of broadening the standard deduction, now limited to 10 per cent of income with a ceiling of \$1,000 deducted, so that more taxpayers would be spared the chore of itemizing and justifying deductions.

Another is the complaint of single persons that they are dis-

criminated against, because married couples and other heads of households enjoy income-splitting advantages.

INFLATION — Another tax reform recommendation came Wednesday from a private, nonprofit research organization of business and professional leaders.

The influential Committee for Economic Development said legislation is needed to give the President power to raise or lower taxes by up to 10 per cent, subject to congressional veto.

The CED said this would allow the President a flexible, faster-acting tax mechanism than now available to combat inflation and recessions.

Citizenship Denied Two

SACRAMENTO, Calif. (AP) — Two women were denied citizenship by U.S. District Court Judge Thomas MacBride who said that as Jehovah's Witnesses, their religious beliefs show "they are not attached to the principles of the constitution."

MacBride said he turned down the petitions of Renate Marie Louise Nikola, 25, and Haesoon Koon Matz, 35, since they say they would refuse to vote, serve on juries, support a U.S. war effort or otherwise participate in governmental activities.

The judge said he could find no precedent to his Tuesday decision but "the granting of citizenship is a privilege and the burden is on the applicant to show his eligibility in every respect."

Mrs. Matz, a native of Korea, has lived in the United States since 1956. Mrs. Nikola, a German native, came here in 1950.

Mrs. William Folan displays table settings

Table Setting Lecture Slated In Midland

"That Dream Table," a table setting program by Mrs. William Folan of Alamogordo, N.M., is scheduled at 10:30 a.m. Feb. 17, in the Midland Women's Club. The event is being

sponsored by the Southern Unit of the Council of Nationally Accredited Flower Show Judges. Price of admission is \$2, and all area women are invited to attend. All judges

Recent Bride Honored With Brunch Saturday

Mrs. Terry Lewis, the former Miss Marinel Higgs of Sanger, was honored Saturday at a brunch in the home of Mrs. Auriel LaFond, 703 Texas. Calling hours for the introductory affair were from 10:30 a.m. to 1 p.m., and approximately 75 guests attended.

Mr. and Mrs. Lewis were married Dec. 22 in Sanger, the home of her parents, Mr. and Mrs. Huston Higgs. The bridegroom is the son of Mr. and Mrs. James G. Lewis, 702 Marcy Drive, and Mrs. Lewis

received guests with the honoree, who was attired in a belted gray and pink wool knit dress.

Cohostesses were Mrs. George A. McAlister Jr. and Mrs. Garner McAdams. Those in the house party were Mrs. Lana Strauss of Dallas, the bridegroom's sister; Mrs. Harold Davis, Mrs. Walter Wheat, Mrs. Morris Rhodes, Mrs. Odell Womack, Mrs. Ike Robb, Mrs. Robert Johnston, Mrs. R. H. Weaver, Miss Nancy Lewis, Mrs. Robert J. Cook and Mrs. John Taylor.

The table was laid with an ivory linen cloth, and the coffee service and other appointments were of brass. The centerpiece was a brass vase holding yellow chrysanthemums and white spider mums and greenery.

The newlyweds are residing in Denton where both are university students.

Jimmy D. Taylor Speaks To NSA

Jimmy D. Taylor, a vice president of First National Bank, spoke on "Agriculture banking" at Tuesday's meeting of the National Secretaries Association in the NGO Open Mess at Webb Air Force Base.

Taylor discussed phases of human relations, economics, good business practices and banking.

Mrs. Frank Long was named chairman of the local chapter to serve April 20-26 during National Secretaries' Week. New NSA members will assist Mrs. Long.

Mrs. Richard C. Thomas was initiated as a new member.

Rebekahs Undrape Charter Tuesday

Mrs. A. G. Hall, noble grand of Big Spring Rebekah Lodge No. 284, presided Tuesday during the undraping of the charter for the late Jack Wilson.

Those assisting with the service were Mrs. A. F. Gilliland, Mrs. Tom McAdams, Mrs. T. A. Melton, Mrs. I. O. Collins, Mrs. Nannie Adkins, Mrs. Winifred Ward, Mrs. E. G. Hall, Mrs. Marian Mangum, Mrs. Mary Brown, Mrs. Evelyn Rogers, Mrs. Beulah Morrison and Mrs. Logan Grider.

A chili supper was slated Feb. 22, and 26 visits to the sick were reported.

Clubbers Dramatize Rights For Women

A skit entitled "Vote Equal Legal Rights" was given by Mrs. Bill Ward, Mrs. George Dawson, Mrs. Alma Gollnick and Miss Wilrena Richbourg at Tuesday's meeting of the Business and Professional Women's Club at Coker's Restaurant.

The women portrayed a bridge foursome as they discussed areas of equal rights which are denied to women. Emphasis was on legal rights, antiquated Texas laws in this regard and methods that might be employed to persuade congressmen to act in the interest of women.

Mrs. W. B. Sullivan, president, introduced members of the legislative committee who were in charge of the program. They were Mrs. Ward, Mrs. Gollnick, Mrs. Dawson, Mrs.

Oma Buchanan and Miss Ruth Dyer.

It was announced that the state convention will be held June 6-8 at Galveston, and the national convention will be July 20-24 at St. Louis, Mo.

According to Mrs. Sullivan, each local club may submit the name of a young career woman to the district director, who will choose one name to be sent to the state federation. In this way, each state will select a young career woman to be its guest at the national convention. This project is designed to interest the young women "in bettering the position of women in today's world."

The next meeting will be Feb. 11 when a covered dish dinner will be held in the Pioneer Gas Flame Room. The public relations committee will be the host group.

A LOVELIER YOU

Be Resourceful In Case Of Emergency

By MARY SUE MILLER
Have you ever run out of hair spray just before an important date? In any such beauty crisis, look in your kitchen cupboard or your medicine chest. Both offer adequate substitutes for many a beauty aid. As ideas:

- Sugar water stands in for hair spray. That's the concoction that kept our great-grandmother's curls in place. The recipe calls for dissolving a tablespoon of granulated sugar in a cup of tepid water. You spray it on with a perfume atomizer.

- Rose water, the kind used in cookies, makes a delightful, soothing skin freshener.

- Mixed to a paste with witch hazel, old-fashioned almond meal forms an excellent facial mask. Simply spread it on your face, lie down for 20 minutes, then remove with warm water. Finish with splashes of witch hazel.

- Either vegetable or mineral oil will double as a makeup remover.

- Roughened hands, elbows and knees respond to tube or liquid lanolin. Good effects for the hands are hastened when you massage them with lanolin

at bedtime and wear sleep gloves through the night.

We moderns are apt to smile at the thought of homemade beauty treatments. But it's great to have a few in your beauty basket for emergencies. What's more, some of the ingredients are now getting the nod from cosmetic science.

BEAUTY OF HOUSEWORK

ATTENTION HOMEMAKERS! If housework saps your energies, looks and nerves, send for my booklet, BEAUTY OF HOUSEWORK. It explains how to keep home and self sparkling with time to spare. Also included are an effort-saving work plan, short-cuts in housekeeping, and advice on how to give yourself a beauty treatment while engaged in your duties. For your copy, write Mary Sue Miller in care of The Big Spring Herald, enclosing 25 cents in coin and a large, stamped, self-addressed envelope.

Huntsville Family Visits Westbrook

WESTBROOK (SC) — Mr. and Mrs. Larry Bell of Huntsville spent the weekend with their parents, the W. A. Bells and Ralph Bryants. Other guests in the Bell home were Patricia McCurdy, Carole Bell McCurdy, Scooter McCurdy and Susie Parrott of Howard Payne College.

Home League Has Enrollment Service

Mrs. Jimmie Moore conducted an enrollment service for Miss Diane Richter at Wednesday's meeting of the Ladies Home League at the Salvation Army Citadel. Assisting were Mrs. Jerry Stephens, Mrs. Ella Morrell, Mrs. Boyd Roper and Mrs. Henry Moore. Prayer was led by Mrs. Joseph Saint, wife of new local commander. Refreshments were served to 10.

Decorating Tips Given To Xi Mu's

Mrs. Wade Choate spoke on textiles at Monday's meeting of the Xi Mu Chapter, Beta Sigma Phi, in the home of Mrs. James Fuller, 2794 Lynn. Mrs. Truett Vings was cohostess.

Mrs. Choate discussed various fabrics suitable for draperies, carpet, upholstery, bedspreads and blankets. She gave tips on interior decorating and suggested types of fabric to be used in various home accessories.

A membership to the YMCA was purchased for a youth, and plans were finalized for the BSP Sweetheart Ball to be held Feb. 8 at Big Spring Country Club.

The next meeting will be in the home of Mrs. Roy Granberry, 608 Edwards Blvd.

Devotion Read At JOY Class Meeting

WESTBROOK (SC) — Mrs. A. E. Bradberry read the devotion at Monday's meeting of the JOY Sunday school class in the fellowship hall at First Baptist Church. Mrs. Rex McKenney led prayer, and Mrs. J. K. Williamson presided during the business session. Mrs. Altis Clemmer reported on the annual projects, and Mrs. Bradberry was elected vice president. The next meeting will be a party in the home of Mrs. Bradberry.

Mrs. Jerry Putman Feted With Shower

WESTBROOK (SC) — Mrs. Jerry C. Putman, the former Miss Winnie Dodson, was complimented with a gift party Monday evening in the fellowship hall at First Baptist Church.

The refreshment table was laid with a blue cloth overlaid with white net and centered with a blue floral arrangement. Crystal and silver appointments completed the setting.

Mrs. Curtis Clemmer attended the punch service, and Mrs. W. A. Bell served cake. Mrs. C. E. Ranne presided at the guest register, and piano selections were played by Mrs. Ranne and Mrs. George Sweet.

Others in the house party were Mrs. Anson Henderson, Mrs. Don Henderson, Mrs. C. C. Buchanan, Mrs. A. C. Moody, Mrs. Altis Clemmer, Mrs. D.

New Schedule For Duplicate Sessions

It has been announced that the Tuesday afternoon duplicate bridge sessions at Big Spring Country Club have been discontinued, however, the games will be held Tuesday at 7:30 p.m. under the direction of Mrs. Elmo Wasson. The new schedule is being put into effect on a trial basis.

Winners in Tuesday's play were Mrs. J. Y. Robb and Mrs. E. L. Powell, first; Mrs. J. H. Parks and Mrs. E. O. Ellington, second; and Mrs. Ward Hall

and Mrs. Elvis McCrary, third. On Wednesday, Mrs. Truman Jones and Mrs. R. H. Weaver placed first, and second place went to Mrs. J. H. Fish and Mrs. McCrary. Mrs. Glen Riley and Mrs. Joe Herbert tied for third place with Mrs. D. A. Brazel and Mrs. Ray McMahen.

Crow Shoot Set At C-City

COLORADO CITY — Feb. 8. Any numbered crow will be "Crow Shoot" day in Mitchell County, sponsored by the Colorado City Kiwanis Club.

The Kiwanians have captured a considerable number of crows. These crows will be provided with numbered leg bands and released in the territory over which competitors in the crow shoot will hunt.

Merchants, other business establishments and individuals are to provide prizes. The number on the leg of a slain crow will determine the prize the hunter has won.

Registration fee for the shoot will be \$1. To qualify for a prize, a hunter must have registered. Registration will be with Attorney Dell Barber; Adams Chevrolet Co. and Rogers Delinted Cotton Seed Co. The Crow Shoot deadline actually extends two months from Feb. 8. Any numbered crow shot within that period by a registered hunter will be eligible for a prize.

The hunting territories on which the shoot will be held will be announced Feb. 8. The crow has to be killed on the territory specified within the time period.

One rule adopted reads: "Hunters will drive on the turnrows and not out in the fields; will not be litterbugs; will shoot nothing but crows; will stay away from vacant houses and barns without permission; and will hunt only with shotguns and not carry rifles or pistols."

Violation of any of the rules, copies of which are available to registrants, will disqualify a hunter from any prize he otherwise might have been awarded.

Burleson Explains Election Reforms

WASHINGTON — On two occasions during the past two years, the need of reform in methods of electing the President and Vice President of the United States has been discussed, according to Omar Burleson, 17th district congressman.

As the new administration begins, Congress is once more faced with the issue of improving the method of electing our two highest officials. Our present system was designed to preserve the importance of all states, large and small, in electing a president and vice president.

The idea behind the electoral college was to combine the two principles of representation worked out as a great compromise of that constitutional convention. Each state was admitted to the Union on an equal basis. Each state was granted two senators and two votes in the electoral college to reflect this equality.

Present day problems arise because the framers of the constitution could not at that time foresee the "winner take all" situation created by modern political parties. The winning presidential candidate in each state gets all the electoral votes of that state. A bloc of a few thousand votes can turn an election one way or the other.

The disproportionate strength of a small bloc of votes has come about because all states have adopted the practice of voting for a slate of electors at large. Under the system, the political party obtaining a plurality of votes, even if less than 50 per cent, obtains all electoral votes as a matter of custom and practice.

To correct this situation which has evolved over the years, reform is urgent. Early hearings are scheduled for several proposals.

One approach is to abolish the electoral college entirely and hold a nation-wide, direct election of the president and vice president. On the surface the plan has appeal but under such a system a popularity contest could easily develop. One vote could decide an election. Some popular figure, such as a football hero or other notable of passing fancy, could emerge as President. The problem of "winner take all" could easily be multiplied instead of cured.

Two other proposals appear to offer the best solution, at the same time preserving the intent of the constitution. One is called "the proportionate plan." Under this proposal, the electoral vote would be distributed in each state in proportion to the popular vote received by each candidate. Nation-wide the electoral vote total would reflect the popular vote. Under the "district plan," each state would be divided into districts of near equal population, probably using present congressional district lines, giving each voter exactly the same weight in selecting their electors; one for the district and two state-wide. This plan would insure rural, suburban and urban areas alike, of having their distinctive interest expressed.

Ray Appointed

ARLINGTON, Tex. (AP) — James F. Ray, Gov. John Connally's director of planning coordination, has been appointed assistant director of the Institute of Urban Studies at the University of Texas-Arlington.

The bidding:
 East South West North
 1 ♠ 2 ♣ Pass 5 ♣
 Pass Pass Pass

Opening lead: Four of ♣

The question frequently arises regarding the proper card to lead when holding three of a suit that partner has bid. It is generally agreed that, if the suit is headed by an honor, a low card should be selected and, with a worthless holding, the "top of nothing" is proper.

With intermediate cards, there is some difference of opinion. We have found that, if the holding is headed by as good as the nine, best results are usually obtained by leading the lowest card. An interesting case in point is presented today where South was playing a five club contract.

West opened the four of spades and the ten was played from dummy. East false-carded with the king of spades and South ruffed. The nine of clubs was overtaken by the ten and the ace of spades was cashed, on which declarer discarded a heart.

From the play to trick one, it appeared to South that West had started with three spades headed by the queen. He, therefore, led the three of spades from dummy and trumped with the jack of clubs — fully expecting West to drop the queen which would establish the dummy's jack, for a second heart discard.

When West followed suit with the nine of spades, however, declarer was in distress. While he could reenter the North hand with a club to lead the jack of spades thru East for a ruffing finesse to establish the ten, it would be necessary to use an extra round of trumps to put North in again for a heart sluff, and declarer would be unable to ruff out all of his losing diamonds.

South's only remaining hope was to find the ace of hearts located in front of the king. He led over to the eight of clubs and returned a heart. When the ace turned up in the West hand, the defense took two hearts and a diamond trick to defeat the contract.

While South could have succeeded on the deal by correctly guessing the situation in spades, a full measure of credit is due the defense for their cooperation. Observe that, if West leads the nine of spades at trick one, South has an easy time of it. He covers with North's ten and ruffs out East's queen. When the jack of spades is led thru subsequently, East's king is trumped away and the ace and eight of spades provide two heart discards for South.

HOMER CLAPP

Grand Warder To Speak To Knights

Homer Clapp, grand warder of the Grand Commandery Knights Templar of Texas and a Troup resident, will be in Big Spring Friday to conduct the annual inspection of Big Spring Commandery No. 31. He will also speak at the conclusion of the inspection.

The inspection is set for 6:30 p.m. in the Masonic Temple. A dinner will precede the exercises and the actual inspection ceremonies are set for an hour later. All Knights are urged to attend.

Claimant Escapes

BOSTON (AP) — The claimant for a metal trunk escaped pursuers at Logan International Airport but U.S. Customs officials seized about 100 pounds of hashish which arrived from Paris.

Dear Abby

—ABIGAIL VAN BUREN

Wants A Real Marriage

DEAR ABBY: I am an attractive, intelligent, affectionate woman of 23. My problem is that I am ready to marry and settle down, but my 26-year-old boy friend, whom I've been seriously dating for a year, is not. His reason: He says that all the males in his family (his father included) take common law wives. They don't marry! No one outside the family knows this, so there is no scandal. He claims that marriage kills "love" — that if two people really love each other, a few words mumbled by a minister won't make the union any more sacred.

I can't see myself going in for this kind of relationship. He claims he loves me and wants to live with me, but it must be on his terms. I don't want to lose him. What should I do? WANTS MARRIAGE DEAR WANTS: Tell him that if two people really "love" each other, a few words mumbled by a minister aren't going to make the union any LESS sacred, and if it's all the same to him, that's the only way YOU'LL have it. If he doesn't see it your way, lose him and find a fellow whose father was married.

DEAR ABBY: My son is nearly 12 years old and he doesn't know a thing about the facts of life. I think it is time he learned, but his father says, "Give him time. He will learn."

His father says HE learned late in life and it didn't hurt him any. (That's what he thinks. It didn't help any either.)

What is your opinion? WORRIED DEAR WORRIED: What a 12-year-old boy doesn't learn at his mother's knee he is sure to pick up at some other low joint.

DEAR ABBY: My husband and I have been married for 27 years and have had a Chihuahua for eight years.

Three years ago I began having asthma attacks. Six months ago my attacks got worse, so after a series of tests with a specialist, he said I was allergic to dog hair and had to get rid of our dog.

My problem is my husband. He refuses to believe that this allergy is due to the dog because we've had the dog for so long.

My husband has always been a very thoughtful and considerate person, but lately he seems more concerned about the dog than me.

Don't tell me to have the doctor talk to him. He already has. What do I do now? ALLERGIC DEAR ALLERGIC: Surely a formerly "thoughtful and considerate" man who suddenly refuses to accept your doctor's diagnosis, can't be considered reasonable! I think your husband needs a few "tests," too, and a good place to start would be his head.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Calif. 90069 and enclose a stamped, self-addressed envelope.

Tax Exemption Rules For Children Explained

A \$600 exemption may be taken for a baby born anytime during the year as long as certain tests are met. Ellis Campbell Jr., district director of Internal Revenue for Northern Texas, said today.

One of the basic requirements for claiming a child as a dependent is that the taxpayer provide more than half the child's support for the entire year. If a child is born, or dies, during the year this support test has to be met for the months the child was alive.

Another test for dependency is that the child must either be related to the taxpayer or be a member of the taxpayer's household.

The child must also be a citizen or resident of the United States to be claimed as a dependent. The exceptions to this rule are for a child who is a resident of Canada, Mexico, Panama or the Canal Zone.

Campbell said the requirement that a person cannot have income of \$600 or more a year and be claimed as a dependent by another taxpayer does not apply to a child who is either under 19 at the end of the year or a full-time student for some part of five months of the year.

When the child is under 19 or is a full-time student his exemption could be claimed on different tax returns. The child would claim his own exemption on the return he was required to file and his parents would still be entitled to claim his exemption on their return.

Publication 501, "Your Exemptions and Exemptions for Dependents," which furnishes more detailed information on this subject, may be obtained by dropping a post card to Supply, Internal Revenue Service, P.O. Box 1738, Dallas, Texas 75221.

Snags Motorists

ROME (AP) — A surprise strike by oil company employees closed service stations in Italy's major cities today and stranded thousands of motorists.

YOUNG MAN'S NIGHTMARE

SAN ANTONIO (AP) — A young man being held in a jewelry store theft in his chair as police questioned him Wednesday.

Finally he blurted: "I wish you'd hurry up and let me call my mother. I got to be at school at 8 o'clock."

Why Not Contact HHH Or Johnson?

ITHACA, N.Y. (AP) — A postman who refused to deliver "junk mail" because he felt rates on it were unfair to taxpayers "who didn't want the stuff anyway" is convinced that "President Nixon couldn't save my job."

John Stark, whose protest was reported last month, had supported from across the country. Some congressmen had asked the Post Office Department for clemency.

But the mailman, a 10-year veteran, said he has been notified that his appeal from Acting Postmaster James R. Graves' discharge order of Dec. 18 had been denied. He has 15 days to appeal directly to Washington—"time to look for a job"—but, "I'm convinced that President Nixon couldn't save my job, so it's just a matter of accepting the facts."

Stark has remained on the job pending the outcome of the appeals.

A Devotional For The Day

Blessed art thou, O Lord: teach me thy statutes. (Psalm 119:12)

PRAYER: "Blessed Lord, who hast caused all holy Scriptures to be written for our learning; grant that we may in such wise hear them, read, mark, learn, and inwardly digest them, that by patience, and comfort of the holy Word, we may embrace and ever hold fast the blessed hope of everlasting life, which Thou hast given us in our Saviour Jesus Christ. Amen."

(From the 'Upper Room')

It's For People

When the United Forest Service approved plans for permitting Walt Disney Productions to undertake a \$35 million development of a facility in the High Sierras of the Sequoia National Park, one of the vigorous protesters was the Sierra Club.

This national organization, based in San Francisco, is a habitual protester at almost every water and major recreational development program. No doubt, its vigilance in behalf of conservation has influenced action to prevent despoiling of natural beauty and resources.

But its president, Dr. Edgar

Wayburn made a curious statement after saying that the Sierra Club might take legal action to try and block the Disney proposal. "We want to study what the Disney firm plans, and what is involved," he said. The chief objection seemed to be that this proposed development would bring too many people into the area.

Well, that's what we preserve our areas of natural beauty for — people. To oppose for destruction of nature's wonderland is one thing, but to oppose because a crowd of people might come to enjoy these areas seems a little far afield.

Park Project Welcome News

The prospects of getting the Airport school-park project off the ground appear infinitely better. The school board acting after a presentation by a group representing the Airport School appeared in support of the proposal, has called for a joint meeting with city officials.

Cost of the project is estimated at \$16,000 to provide an irrigation system, all-weather play ground surface, picnic units, etc., as well as parking space. The park would be located south of the Airport school. Trustees conjectured on participation in the finances; Airport patrons said they could help. Now, the city will

be asked to see what it can do.

This is welcome news, for an adequate facility is sorely needed to serve the recreational needs of this area of the city. It is to be hoped, therefore, that efforts to put this project into being will not be allowed to drag or bog down in the talking stage.

And when this is accomplished, why not revive the proposal to develop a park center on city and school lands south of Boydston school? Once this was a lively prospect, and then it withered for a variety of reasons, none more devastating than lack of communications. And in a city no larger than ours, this seems illogical.

Marquis Childs

The Administration And The Negro

WASHINGTON — The bleached white look of the Nixon Administration — lily white is the scornful term — is the source of a subterranean controversy. Why aren't there more men and women of color in the new "forward together" Administration?

The more or less official answer supplied by Secretary of Health, Education and Welfare Robert Finch is that Negroes offered high-level posts turned them down because they didn't want to become in the eyes of black militants Uncle Toms.

LEADERS in the black community do not see it this way. They feel that the Nixon recruiters in their approach to prominent Negroes were inept and so overcautious as to seem indifferent. In support of this they cite an interesting case that ended with rejection, hurt feelings and a growing alienation.

Mrs. Ersa H. Poston, president of New York State's Civil Service Commission, holds one of the highest positions of any Negro in the nation. With cabinet rank in Gov. Nelson Rockefeller's administration in Albany she has jurisdiction over 150,000 state employees and under the law she is responsible for seeing that civil service standards are enforced over another 150,000 to 200,000 workers in New York City.

NOT LONG after the November election Mrs. Poston picked up word that she was under investigation. Her associates were being interviewed on her background and qualifications. While she had been given no clue by Nixon headquarters, Mrs. Poston learned that she was under consideration to be head of the Civil Service Commission in Washington. One call to Rockefeller, as she saw it, would have clarified the whole matter and obviated the investigation.

SHORTLY BEFORE the President-elect put on his television spectacular announcing his incoming Cabinet, Mrs. Poston was offered the job. After

Billy Graham

Does the Bible have anything to say about people "sponging" on other people? W.C. Yes, it does. In II Thessalonians 3:10, 11, 12, Paul writes: "For even when we were with you, this we commanded you, that if any would not work, neither should he eat. For we hear that there are some which walk among you disorderly, working not at all, but are busybodies. Now them that are such we command and exhort by our Lord Jesus Christ, that with quietness they work, and eat their own bread."

I do not know the character or extent of the "sponging" to which you refer is taking place but the Bible makes it plain that each is to work to the best of his ability to provide for the necessities of life. At the same time, it is the duty of the Christian to help others in need, "especially to the household of faith." There is no more effective witness for Christ than for us to show a concern for the needs of others. On the other hand, for a Christian to look to others for things he should himself provide is a poor testimony to his faith. If the question is not clear I would advise to always err on the side of generosity and help to others.

THE CRITIC

Hal Boyle

'You're All Wet' Explanation

NEW YORK (AP) — About the only exercise some people get is the exercise of their memory.

But isn't a bad kind of exercise, when it isn't overdone. It may not build bulgy muscles, but it does restore that keystone of health — the mind.

Memory also restores our self-confidence. For it tells us that if we have weathered the ordeals of yesterday, we probably also can survive the turmoils of today and even the terrors of tomorrow.

FEEL LIKE A LITTLE exercise right now? Well, put on your thinking cap and see if you can remember away back when —

The only way a man could retire fairly early in life was to have 10 strapping sons unafraid of work.

Ladies were supposed to swoon or grow faint when confronted by emergencies, so they carried a small bottle of smelling salts in their purses — just to revive them in case.

During the heyday of the bobbed-haired, short-skirted flapper during the 1920s, girls wore strands of beads long enough to use as a clothesline or to jump rope with.

THE POSTMAN not only knocked twice, but also delivered the mail to your home twice a day, morning and evenings, and a first-class letter could be mailed for a mere two cents.

When a boy got a job in a drugstore as a soda squirt, one of his big moral problems was the fact that all the other kids promptly expected him to put in a dime's worth of ice cream when they bought a five-cent cone.

If a child dropped to the floor in a screaming tantrum, the father didn't make a hurried call to a psychiatrist for advice. He merely got a pan of water from the kitchen sink, and calmly dashed it into the yowling child's face, and the screams promptly subsided. Maybe that's where the expression "you're all wet" came from.

YOU COULD journey about a modern city for weeks on end

and never see a picket's sign. When a man was sick, he said, "I feel poorly." If he remained home merely because he had a bad cold, he could lose his job. Nobody had heard of the "one-day virus," and if you told your boss you had such an ailment he would automatically put you down as liar and a gold-bricker.

Money was so scarce in most communities that if you were seen coming home in a cab, everyone in the block wondered if you had inherited some.

Butchers practically gave liver away as it was thought fit food only for cats, health nuts, and people too desperately poor to afford anything else.

FAMILIES WITH ANY pride wouldn't dare put an elderly member into an old folks' home for fear of what the neighbors would think.

The key word in the American dream was "opportunity," not "security." The land was full of "go-getters," each of whom honestly felt that if he were given "a fair chance," he could become as rich as Rockefeller.

Those were the days! Remember?

John Cunniff

Space Program Benefits

NEW YORK (AP) — At the very height of its success, having sent three men around the moon, the aerospace industry today feels less than triumphant. Walking on air for the moment, perhaps, but concerned about the next step.

The worries arise from some down to earth appraisals of the industry's immediate future, which some aerospace officials feel is dreary, not just from the corporate point of view, but for the men and towns dependent on the program.

The major problem is money, which because of budget cuts and the priority of social ills over space exploration is far less than is believed needed to continue at a moderately strong pace.

AS A RESULT, these officials say, today's spectacular space triumphs are really yesterday's accomplishments, for in terms of men, money and activity, this enormous industry reached its apogee two or three years ago.

From a peak employment of more than 400,000 in every state, the industry is now shrinking to one-half that figure. Less than three years ago 200 universities and 20,000 companies were involved. The figure is much lower now.

President Lyndon B. Johnson asked for \$3.9 billion in the 1970

fiscal year budget for the National Aeronautics and Space Administration, about the same as last year but \$2 billion less than a few years ago. Space officials say it isn't enough.

Dr. George Mueller, associate administrator of NASA, feels it is the "kind of budget that will take NASA out of manned space flight in three years from now."

MUELLER SPOKE this week to the New York Society of Security Analysts, whose main interest is in learning about investment opportunities. This being so, he centered his remarks on the economic consequences of the space program.

"In terms of domestic impact," he said, "the returns range from national pride to better paints." He went on to detail a remarkable number of fallout benefits from the space program.

Here are some, selected at random: —Faster and more efficient electronic computers. "The computer complex that handled the Mercury flights performed one million calculations a minute. Today's Apollo system handles 50 times that many—50 million a minute."

—Aid to the balance of payments program by developing products that are sold to foreign companies and governments.

Around The Rim

Must This Landmark Pass?

After the buffalo and the Indian, the railroad was the next major user of the water flowing from the outcropping we call the "big spring." Although a settlement probably would have grown up around the spring in any case, the railroad and subsequent selection as division point surely gave the prairie town the springboard to growth.

THE CITY'S heritage is closely allied with the railroad, but it is a heritage that is rapidly drawing to a close. Plans to wreck the depot will erase the last vestige of a once major rail station and yard. The passenger trains have long since gone, and nothing will be left but a few loading docks and a yard full of tank cars. Perhaps even these will soon fade away.

Just as there is no relic nor sign left of the buffalo or Indian, perhaps the railroad will join them, existing only in the minds of a few oldtimers.

MANY MEETINGS are held here every year, consisting of much hand-wringing over the need to attract tourists. Our natural attractions are not many, but the more important ones have been given considerable attention in the past year, particularly by the city administration.

I suggest the railroad, as an important part of our heritage, be kept

offer another avenue. Before the hammer begins to fall, the old depot might act as a hub for a museum, the historic elements of the community might be grouped. Some years ago, one local group attempted to obtain the planning, maintenance, and historical footnotes. Some sort of arrangement to maintain the building, once acquired, would get a friendly reception from our governmental agencies, I am told. What is needed is an organization or committee to make the proper contacts before the wrecking ball starts its destructive swing.

THE DEPOT is large enough to accommodate future expansion, it is historic in its own right, and other towns have managed to obtain obsolete locomotives for display. Many old time railroaders still live here, and could help with the planning, maintenance, and historical footnotes.

Some sort of arrangement to maintain the building, once acquired, would get a friendly reception from our governmental agencies, I am told. What is needed is an organization or committee to make the proper contacts before the wrecking ball starts its destructive swing.

The depot, as one of the last historic buildings in our community, will not be around, unless something is done.

Savagery Of The North Koreans

WASHINGTON — The North Korean government stands before the world today as guilty of brutality and savagery in the treatment of the crew taken from the American naval ship Pueblo, and held as prisoners for 11 months. Behind this regime are the Communist governments in Moscow and Peking.

Will nations which believe in humanitarianism — even when they take into custody individuals from enemy forces — allow the incident to go unnoticed? Will the protests come from far and wide so that the principles of civilized practice in dealing fairly with prisoners will be widely publicized?

WHY DO THE Communist governments tolerate vicious tactics by their own puppet states? Do they think that the principles of civilized practice in dealing fairly with prisoners will be widely publicized?

The story told by Commander Lloyd M. Bucher last week to a naval court of inquiry might have been regarded as commonplace in the jungles of Africa. But most of the people throughout the world have hitherto assumed that the Soviet government would not have permitted the men who manage its enslaved countries to risk the worldwide publication of the way Communists sometimes handle prisoners.

THE COMMUNIST extremists believe in torture, and they exact "confessions" for the purpose of publicity and propaganda. One thing that would frustrate such tactics would be for the United States governments to announce that any Americans hereafter seized by the Communists anywhere have been authorized to "confess" or admit anything they are asked to say by their captors. This would render these documents immediately valueless as propaganda, and perhaps would save prisoners from such cruelties as the Pueblo's crewmen experienced.

BUT IT WASN'T only the American sailors who were subjected to the savage and inhumane ordeals. A South Korean who had previously been taken prisoner was strapped to a wall, after having been tor-

tured. He was shown to Commander Bucher, who testified last week as follows:

"He was alive. But he had been through a terrible ordeal. He had a compound fracture of the arm and the bone was sticking out. He had completely bitten through his lower lip. . . . It was hanging down. His right eye had been put out. His head was hanging down and a black substance from the put-out eye was dripping down."

ALL THIS WAS done to warn Commander Bucher what might be his own fate and that of his crewmen. He had already been close to death with a revolver at his head. Finally, when he refused to submit, he was beaten into unconsciousness. After several days of such harassment, Bucher was informed that all his men would be shot unless he agreed to sign a "confession." He did so because, he says, he felt the North Korean officers were "animals" who would not hesitate to carry out the threat.

Training in how to torture prisoners is part of a Communist technique and has long been used to frighten citizens who show the slightest signs of disobeying the edicts of the dictatorship regime.

THE REST of the world can do much to teach the Communists that this doesn't help them gain either the respect or the cooperation of other nations. International law requires that prisoners be given humane treatment.

Some day North Korea will need the friendship of free peoples as it emerges from an era of tyranny and despotism, but between now and such a time the American people will be wondering whether any of the sensible human beings north of the 38th parallel will care enough about their own future to persuade the North Korean government to correct the wrong which has been done. Will the proper punishment be administered even belatedly to the officials who have portrayed their country before the world as a nation of savagery and inhumanity?

A Matter Of TV Recognition

WASHINGTON — I went to President Nixon's first press conference Monday morning. A President's first press conference is as important to the press as it is to the President. The entire country is watching to see if the White House correspondents are up to questioning their leader.

ABOUT 500 of us were crouched at the West Wing starting line 30 minutes before the conference began. At the signal from the Secret Service, we made the outdoor dash for the White House portico. Running and jogging are not permitted, but the pace is fast. The reason for speed is that there are only 300 seats in the East Room, and if you're not quick enough, a woman reporter will beat you to a seat.

The idea of covering a televised presidential press conference is to get on TV, so your family as well as your bosses back home will see you. The best way to do this is to ask a question, preferably a long one, so the camera will stay on you, instead of the President.

THE NEXT best thing to asking a question is to sit behind someone whom you are sure will ask one.

During President Kennedy's Administration I always tried to get a seat behind May Craig. It was a sure way of getting on TV. Unfortunately other reporters knew this, too, and there was always a fight for seats behind where May Craig placed herself.

IN THE Johnson Administration we all used to gravitate behind Sarah McClendon, who writes for a string of Texas newspapers. Unfortunately, it was too early in the Nixon Administration to know whom to sit behind, though after this first press conference the smart money is now on Clark Mollenhoff of the Cowles newspapers.

The ground rule for asking ques-

tions at a White House press conference is to jump up from your chair and hope the President will recognize you. That is why it's so important to have a seat. If you're already standing, the President doesn't know whether you want to ask a question or whether you were just unlucky not to get a chair.

THIS WAS President Nixon's first press conference and I didn't know what to do. I was tempted to sit behind Sarah McClendon on the off chance that the change in Administrations would have no effect on her being recognized. But at the last minute I decided to take a calculated risk and sit behind Edward P. Morgan, the TV and radio commentator. As luck would have it, I made the right decision, because Miss McClendon was never recognized and Mr. Morgan not only got the nod from President Nixon, but asked the longest question of the press conference. By sticking my head around Mr. Morgan's elbow I must have been on TV for at least a minute.

I THOUGHT my father would be very happy with the exposure, but when I called him that night his only comment was, "I liked you better when you sat behind Sarah McClendon."

Everyone who watches TV is a critic.

MRS. GARLAND BRAUN

Recipes Using Fruits Listed By Mother

By RHODA LEMONS

Some women are gifted with the ability to organize their homes, lives and activities so well that the work behind such endeavors is minimized. Such a woman is Mrs. Garland Braun, 2512 Lynn.

Mrs. Braun and her husband have three sons, Rusty, 8, a third-grader at Kentwood Elementary School; Garret, 5, and Hayden, 2. Hayden, who was born blind, will go to Houston in approximately three months for the fourth time, to have surgery on his eyes. Surgery has already been tried, and doctors offer little hope that further operations will aid the little boy.

A great deal of Mrs. Braun's time is spent with Hayden. "We are so fortunate to have him," she said, "because he only weighed two pounds and a few ounces at birth."

Mrs. Braun is an antique buff. "I spend quite a lot of time snooping around antique places," said Mrs. Braun, "and my husband co-operates in helping me re-do my finds."

She has antiques a very

handsome credenza for her living room which is decorated in olive green and gold. She has done decoupage and sewn a felt table cloth and trimmed it with gold fringe. She antiques gold flowers, which she places in a gold vase and finished the setting by adding a low-hanging olive green glass lamp above the table. Her husband has assisted her in re-upholstering several pieces of furniture.

Mrs. Braun painted matching wicker chairs in orange for the den and made cushions and pillows for the chair seats and couch. She has an antique school desk which she uses for an occasional seat, and she sewed the curtains in the bedrooms and made the boys' bedspreads. She schedules her activities around the demands of the day, rather than adhering to a rigid schedule of duties.

Braun is a teacher and coach at Big Spring Senior High School. He leaves home before his family arises and usually comes home fairly late in the evening. He has basketball games to officiate now, and beginning in February, will

manage the track team. Mrs. Braun schedules the dinner hour for her husband's convenience. She prepares menus in advance for one week, but changes them if necessary.

"My children are finicky eaters," said Mrs. Braun, "but, nevertheless, I expose them to as much variety as possible." She does not cook just what they like, but also, what she believes is good for them.

"I have fun with my children and enjoy their activities," said Mrs. Braun. Her oldest son participated in track during the last year, and keeping up with his schedule gave her a little understanding of what the future will hold. She is eagerly looking forward to their added interests, however, and she and her husband will share them as much as possible.

Mrs. Braun is president of Kentwood Parent Teacher's Association and vice-president of Mu Zeta Chapter, Beta Sigma Phi. She is a Boy Scout den mother.

RECOMMENDED RECIPES

Mrs. Garland Braun

- PINEAPPLE LIME SALAD**
- 1 pkg. lime gelatin
 - 1 cup hot water
 - 1 cup milk
 - 2 3-oz. pkgs. cream cheese
 - 1 cup pecans (broken)
 - 1 small can crushed pineapple
- Dissolve gelatin in hot water and let thicken slightly. Beat well, and add milk. Beat again, and add cheese which has been sitting at room temperature. Beat well, and add pineapple and nuts. Pour into mold and chill until firm.
- GELATIN SALAD**
- 1 box gelatin (red)
 - 1/2 box mince-meat
 - 1/2 cup pecans
 - 1/2 cup diced apples
 - 1/2 cups fruit juice
- Dissolve gelatin in one-half cup hot water and add fruit juice. Crumble mince-meat in gelatin and place pecans and apples on top. Chill until firm.
- MY FRUIT SALAD**
- 3 diced apples
 - 4 sliced oranges
 - 4 sliced bananas
 - 1 small can crushed pineapple
 - 1/2 can flaked coconut
 - 1/2 pt. whipped cream
- Combine fruits and chill. Just before serving, fold in whipped cream.
- JEFFY COBBLER**
- 1 cup flour
 - 3/4 cup sugar
 - 1/2 tsp. salt
 - 2 tps. baking powder
 - 1 cup milk
 - Cinnamon
 - 1/4 stick margarine
 - 1 large can peaches
- Melt margarine in deep pan or casserole in hot oven until bubbling hot. Mix flour, sugar, salt, baking powder, milk and cinnamon. Pour mixture over butter; do not stir. Add large can of peaches (or other fruit). Do not stir. Bake at 450 degrees for 10 minutes, then reduce heat to 350 degrees for 20 minutes

- or until brown.
- FRUIT CAKE**
- 1 lb. pitted halved dates
 - 1 lb. pecan halves
 - 1/2 lb. candied halved cherries
 - 1/2 lb. candied cut pineapple
 - 1 cup flour
 - 1 cup sugar
 - 4 eggs beaten
 - 2 tps. baking powder
 - 1/2 tsp. vanilla
- Sift dry ingredients three times, then sift over dates. Add beaten eggs and mix. Add other fruits and pecans, and bake in greased, lined pan at 270 degrees for one hour.
- APRICOT STRIPS**
- 1 pie crust
 - 1 lb. dried apricots, stewed and cooled
 - 1/2 cup sugar
 - 2 tps. butter
 - 2 cups shredded coconut
 - 1/2 cup sugar
 - Dash of salt
 - 1/4 cup milk
 - 1 beaten egg
- Line a large shallow pan or baking sheet, 13 inches by nine inches, with thin pastry. Arrange apricots in long rows on dough, sprinkle with sugar and dot with butter. Bake in oven at 425 degrees for 25 minutes. Cover with coconut topping made by combining coconut, sugar, salt, egg and milk. Reduce heat to 375 degrees, and bake for 20 minutes longer or until delicately browned. Cool and cut into strips.
- PORK CHOPS DRESSED UP**
- 6 pork chops
 - 6 peach halves
 - Cinnamon
- Season pork chops with salt, pepper, Worcestershire sauce and butter. Broil. About five minutes before done, place a peach half on top of each chop; spread with butter and sprinkle with cinnamon. Return to broiler for about five minutes.

PURPLE PLUMS
Make delightful desserts

Make Good Purple Plum Cobbler On Cold Days

Idaho calls fresh Italian prunes, one of her top autumn fruit crops, "purple plums," a name which fits these regal-colored beauties so well. And here, thanks to Nature's gifts to the state, they really do grow larger, sweeter, even more delicious. The season is so short and these plums are so short to freeze, that it's wise to prolong their enjoyment by storing away some of this luscious fruit in your freezer.

This Purple Plum Crunch may be made with either fresh or home-frozen fruit. It's a sort of combination Cobbler and Deep Dish Pie, but with a most unusual crust. Serve it with a take-your-choice-of-toppings tray—a pitcher of pour-over cream, a bowl of slightly-sweetened whipped cream with a flick of cinnamon atop or grated orange rind. Or some cream cheese whipped to a fluff with a bit of milk, topped with bits of candied orange peel or with toasted slivered almonds.

PURPLE PLUM CRUNCH

Place in baking dish—oblong

- 7x10x2 inches or square 8x8x2 inches—about four cups pitted and quartered purple plums or enough to fill dish to within 1/2 inch of top. Sprinkle with mixture of four tablespoons brown sugar, three tablespoons flour, one-half teaspoon cinnamon, stirring in a bit with a fork.
- TOPPING**
- 1 cup sifted all-purpose flour
 - 1 cup granulated sugar
 - 1/4 tsp. baking powder
 - 1/2 cup (1 stick) butter, melted
 - 1/4 tsp. salt
 - 1 egg well-beaten
- Combine all dry ingredients in flour sifter and sift into beaten egg. Using a table fork, mix together until very crumbly.
- Sprinkle crumbly mixture over top of plums. Do NOT mix in. Drizzle the melted butter all over top of crumbly mixture. Bake in 375-degree oven for 45 minutes. Serve warm. Makes six to eight servings, depending on appetites.

Tart Lemon Adds Tang To Recipe

Fruits make news this month as a good buy. Purchase some and try this delicious recipe that will become a part of your recipe collection.

- LEMON TAFFY CHIFFON PIE**
- 1/4 cup butter, melted
 - 2 cups flaked coconut
 - 1 envelope unflavored gelatine
 - 1/2 cup sugar, divided
 - 1/2 tsp. salt
 - 1/2 cup water
 - 1/2 cup lemon juice
 - 1/2 cup unsulphured molasses
 - 4 eggs, separated
 - 1 tsp. grated lemon rind
 - 1 cup heavy cream, whipped, divided
 - Nutmeg
- Combine melted butter and coconut. Press on bottom and sides of a nine-inch pie plate. Chill until firm. Mix together: gelatine, one-fourth cup of the sugar, and the salt, in saucepan. Beat together: water, lemon juice, molasses, and egg yolks; add to the gelatine mixture. Cook over medium heat, stirring constantly, until gelatine is dissolved, about four minutes. Remove from heat; stir in lemon rind. Chill until mixture mounds slightly when dropped from a spoon. Beat egg whites until stiff, but not dry. Gradually add remaining one-fourth cup sugar and beat until very stiff. Fold in gelatine mixture. Fold in half the whipped cream. Turn into prepared coconut shell; chill until firm. Garnish with remaining whipped cream, and sprinkle with nutmeg.
- Yield: One nine-inch pie.

Dice Apples In Good Fruit Salad

Make a fruit salad to serve with dinner.

- APPLE SALAD**
- 2 tps. mayonnaise
 - 2 tps. lemon juice
 - 2 tps. honey
 - Dash of salt
 - 3 cups diced (1/2-inch) pared apple
 - 1 cup diced (medium-fine) celery
 - Romaine or other salad greens
- In a medium mixing bowl, with a fork, thoroughly beat together mayonnaise, lemon juice, honey and salt. With a spoon, thoroughly mix in the apple and celery. Chill briefly if you like. Serve the apple mixture on salad greens. Makes four to six servings.

Housewife Buys More Frozen Food

Homemakers are buying more and more prepared foods. Frozen dinners are being purchased today at almost twice the rate of just four years ago. Between 1960 and 1965 sales soared from \$173 million to \$336 million.

Death Of Pioneer West Texas Petroleum Enterprise

When A. C. Benson (left) opened the switch on the Col-Tex refinery's master pump Tuesday morning, the 45-year-old enterprise was made permanently inoperative. Other workers close valves from the pump.

Benson Helped Build, Close Col-Tex Refinery At C-City

By SAM BLACKBURN

COLORADO CITY — At mid-morning Tuesday, A. C. (Bud) Benson, plant superintendent, and a half dozen members of the crew employed at the Col-Tex refinery walked into the center of the complex where the master pump which brings West Texas crude oil to the plant stands.

At a signal from Benson, the switch was opened and the motor ground to a stop. Valves were closed and the flow of oil into the area ceased.

When these things had been done, the refinery, an institution in Colorado City and West Texas for 45 years, died. It continued through the day to operate, but the plant was through.

STANDS IDLE

Now it stands, idle and quiet, waiting for the salvage crew to move in and begin demolition. For Benson and others it was the passing of an old, old friend.

When the refinery, now called Col-Tex, first appeared in the West Texas scene, oil was a new and somewhat chancy enterprise. The first oil well in Mitchell County and one of the pioneer producers in the West Texas area, had been drilled two years earlier.

"This well, a few miles from Westbrook, was the No. 1 T&W. H. Abrams. It is still producing oil, after 47 years. It was brought in June 18, 1922, and last Sept. 29 a marker commemorating it was dedicated a mile or two south of its location on the right of way of IS 20."

HELPED BUILD
The new refinery, called West Texas Refining Co., was built on the site of the present plant in 1924. Benson, who is present superintendent of the Col-Tex operation, helped build the plant.

"I went to work in the fall of 1924," he recalls. "On July 10, 1925, I began work with the refinery which was owned and operated by Anderson-Prichard Refining Co."

West Texas refinery boasted one small steam still and had a dozen employes.

That fall — 1925 — Standard Oil of California bought the controlling interest in the Anderson-Prichard installation and changed the name to Col-Tex Refining Co. Some enlargement was made, and the throughput

was a big 2,000 barrels per day.

ADDITION
Two years later, Standard added a small pipe still to the plant and brought the throughput to 5,000 to 8,000 barrels per day.

In late 1929, the company installed a thermal cracker, a vacuum asphalt still and other equipment. The pay roll listed 75 workers, and the plant then had a throughput capacity of 10,000 to 12,000 barrels a day.

Little additional equipment has been installed since but in November, 1956, Cosden Petroleum Corporation bought Col-Tex from Standard Oil and Anderson-Prichard.

The plant at that time had its peak employment of a 45 year history. In December of that year, there were 149 persons on the payroll. By mid-summer, 1968, the total had dropped to 80.

When the plant closed down Tuesday, there were 73 employed. All have been transferred or will be transferred to new jobs with the Cosden Oil and Chemical Co. refinery and pipe line operations.

For the past year, according to Benson, Col-Tex has been handling about 13,500 barrels per day — its peak throughput. Col-Tex, for a long time, produced gasoline but in more recent years has been wholly absorbed in the production of diesel fuel and asphalt.

SHUT DOWN
When Cosden took over the refinery in 1956, the community was frankly told that the new owners planned to shut down the operation.

"We made it clear," said a Cosden spokesman, "that we had no intention to continue operating Col-Tex indefinitely. We told the employees and the people of the county that we would run the plant for a minimum of five years."

"We have now carried on the operation for seven additional years. Because of its geographical location in relation to our Big Spring refinery, the plant has been able to show a profit. Had it been located in a more isolated and remote area, it would have been necessary long since to have closed it down."

Little new machinery or equipment has been added to the installation and machinery now in use is in need of replacement.

Over the years, the Col-Tex plant has had nine superintendents. Benson, who now

serves as superintendent, has worked under all eight of the previous headmen.

FIRST CHIEF

John H. Erter was the first to hold the post. He was followed by George H. Burrus, who eventually became a general manager for Anderson-Prichard.

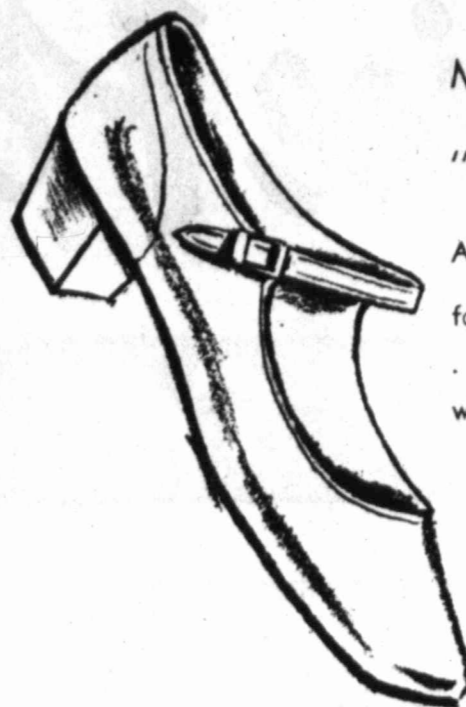

L. C. McCloud succeeded Burrus and was the first Standard Oil Company man to be brought to the plant. Milton Lipps succeeded McCloud and in his own turn, was replaced by Earl Gunn, who died in 1938.

Neal B. Prichard, a nephew of L. H. Prichard, of the Anderson-Prichard organization, then became superintendent. J. C. Bradley, who came to Col-Tex from Oklahoma, replaced Prichard.

On Bradley's departure, Charles F. Wakefield became superintendent July 5, 1953. He served for 10 years, retiring Nov. 1, 1963. Benson took over duties as superintendent, after having served as assistant superintendent from 1939 to 1963.

"I began work as a construction worker when they were building the old West Texas refinery," said Benson. "With the exception of a few scattered days when I have been ill, I have been on the job every day since early fall in 1924. I first classified as a full-time employe July 10, 1925."

One of the right hand men of the present Col-Tex setup was unable to be on hand for the final ceremonies closing

Finch Spells Out Integration Plans

WASHINGTON (AP) — Welfare Secretary Robert H. Finch says the Nixon administration is against trying to force racial integration in schools by threatening to cut off federal funds.

Instead, Finch said Wednesday, the policy will be to stress negotiations with local school districts, plus "flexibility and fairness."

The head of the Health, Education and Welfare Department laid down these guidelines in announcing that five Southern school districts were being given an additional 60 days to comply with federal school desegregation law.

As a result of action taken by the Johnson administration welfare secretary, Wilbur Cohen, federal funds were withheld Wednesday from the schools in Mississippi and North and South Carolina because they failed to meet a deadline for desegregation plans.

Finch said formulation of his own policy came too late to halt the action but he hopes the funds can be restored.

He said he is also dispatching federal teams to help the school districts work out the plans. He said the withheld funds

would be restored if the districts meet the new deadline.

Although against using federal funds as a bludgeon, Finch did not rule out entirely such an action which is permitted under the Civil Rights Act of 1964.

"When all the alternatives have been exhausted, as they have in these instances, the law in the end must be enforced," Finch said, referring to the five cases in question.

Finch said his enforcement of the law will be "consistent with the interpretation the President repeatedly expressed in the campaign."

Asked what this interpretation was, Finch referred newsmen to a statement the then Republican presidential candidate made at a news conference Sept. 19:

"When the Office of Education goes beyond the mandate of Congress and attempts to use the federal funds not just for the purpose of avoiding segregation but for the purpose of integration in positive ways—busing and the like—with that I disagree. And I do not believe federal funds should be used for that purpose."

Shame, Ignorance Cut 'Pill' Progress

ROME (AP) — More and more women in Roman Catholic Italy are taking birth control pills, but pharmacists say shame, ignorance and obedience to the Church are still deterrents.

Contraceptive pills were first put on sale in Italy in the fall of 1964. After a slow start, sales hit six million pills in 1966 and doubled the next year, according to the health ministry. Estimates for 1968 put the total at 24 million, taken regularly by 100,000 women, a 100 per cent increase

for the second year in a row.

The figures indicate that Pope Paul VI's encyclical renewing the Church's ban on mechanical and chemical forms of birth control may be slowing the progress of the pill in Italy but it hasn't stopped it.

Pharmaceutical industries reported a decline in sales in August, the month after the Pope issued his encyclical, but sales surged upward again in September and kept rising in the months after. Pharmacists say most drug sales declined in August.

Legally, Italians must have a doctor's prescription to purchase the pill because the law requires that it be sold only for medical treatment. Some pharmacists ignore the prescription requirement, while others display more zeal in enforcement than the law requires of them.

In Rome, for instance, some pharmacists are not satisfied with a prescription and insist on seeing the buyer's identity papers to make sure the name on the papers matches that on the prescription.

The pill is most popular in the industrial North, where wages are higher and people are better educated. Eighteen per cent of the nation's sales are made in the Milan area and another 13 per cent in Venice. The Rome area is third with 12 per cent of sales, and the island of Sardinia trails with only 1.3 per cent.

Those who buy the pill almost always ask a woman pharmacist for it. Those who live in small towns or villages often go to a city for it, "especially those who are unmarried," a doctor in Milan said.

Family planning experts say that because of the law and traditional Catholic attitudes, the vast majority of Italians do not know exactly how the pill is used and blush at the thought of entering a pharmacy to ask for it.

Spring comes in the prettiest shades...

Whipped cream topping garnishing a skimmer of rich and deep color. Bib-type yoke climbs high to form a stove-pipe neckline. Turbo rayon with the look of linen, by Crown (bonded). Green, navy, black.
