

Campus Crime Fighters Plea

WASHINGTON (AP) — The head of California's state college system said today assistance from federal crime fighters would be more help in curbing campus disorders than cutting off funds to student ring-leaders.

Security State To Be Offering BankAmericard

Security State Bank of Big Spring has announced it will offer the credit services of BankAmericard to people of the Big Spring area.

3 Guilty Pleas In District Court

Three guilty pleas were heard in 118th District Court on Tuesday afternoon.

Lone Star Officers Disarm Bomb In Plant

LONE STAR, Tex. (AP) — Security officers disarmed a bomb hidden in a coat in minutes before it was set to explode Tuesday in the strike-bound Lone Star Steel Co. cafeteria where more than 200 employees were eating, officials said.

The Candidate With Backers

Dorothy Purie, 48, announced this week she's seeking a seat on the Detroit Common Council. She says she has some ideas about how a city should be run and she is confident many will agree with her and vote accordingly. One vote

for sure will come from husband Tom, holding Dot, 2 1/2. With Mrs. Purie is Walter, 10 days. From top to bottom on the stairs are: Almee 5, Agnes 7, Tommy 9, Cathy 10, Margaret 12, Maura 14, Anne 13, Virginia 16 and Paul 4.

Governor Will Make New Tax Recommendations

AUSTIN (AP) — Gov. Preston Smith will make a third attempt today to tell Texas legislators where they can find the money to pay for all the planned 1970-71 spending.

The governor scheduled an address at 2 p.m. before a joint session.

This morning both houses had a full agenda of bills for debate. There was a long list of afternoon committee meetings scheduled also which will be delayed if not cancelled.

Smith's new revenue recommendations likely will not be known outside of his own staff until a few minutes before he steps before a joint session.

Smith first revealed his money making plans in a joint address Feb. 20 when he proposed ways to raise \$261 million, which with the expected \$58.5 million balance on Sept. 1, 1969, would balance his plans for 1970-71 spending.

Smith soon got a public and legislative reaction against his plans to raise \$38.5 million by imposing a \$10 penalty on each moving traffic violation.

Several Democrats have complained that Republicans vote heavily against debt limit increases when Democrats control the White House, but reverse themselves during Republican administrations.

Republican Leader Gerald R. Ford of Michigan responded Tuesday that the reaction is different "because of the fact that we now have faith in the administration concerning fiscal responsibility." He predicted a "good Republican vote" for the increase.

No matter which party is in power, the Treasury has little choice but to ask for an increase in borrowing authority and Congress can hardly refuse to grant it when the government's income is insufficient to pay its bills.

Others pointed out that tax bills are pending to put new taxes on amusements and entertainment, plus proposals to remove present sales tax exemptions for food, drugs, and farm machinery.

In a whirlwind session of the House Tuesday, representatives sent to the Senate bills that would:

Boost teacher retirement benefits by 10 per cent, with a \$25,000 annual ceiling on the amount of salary from which contributions could be deducted.

Change the base for allocating state school payments from the annual scholastics census to the average daily attendance.

Change the name of James Connally Technical Institute in Waco to the Texas State Technical Institute.

TIPRO Seeks New Opinion

AUSTIN (AP) — The Texas Independent Producers and Royalty Owners Association (TIPRO) has challenged Atty. Gen. Crawford Martin's opinion that oil and gas income from submerged school lands can't be used to meet current school expenses.

Martin also received a request Tuesday from Land Commissioner Jerry Sadler for an opinion on whether revenue from sale of sand, gravel marl and shell from the submerged lands and river beds should be placed in the Permanent School Fund.

The fund now stands at about \$800 million. None of it can be spent, except income from its investments.

The legislature put the submerged lands and river beds in the Permanent School Fund endowment in bills passed in 1939 and 1941.

Increase In Debt Ceiling Expected

WASHINGTON (AP) — Despite grumbling in both parties, Democratic and Republican leaders in the House predict that a \$12 billion increase in the national debt limit will be approved there.

The increase—necessary if the Treasury is to pay the nation's immediate bills—came up today in caucuses scheduled by both parties.

Several Democrats have complained that Republicans vote heavily against debt limit increases when Democrats control the White House, but reverse themselves during Republican administrations.

Republican Leader Gerald R. Ford of Michigan responded Tuesday that the reaction is different "because of the fact that we now have faith in the administration concerning fiscal responsibility." He predicted a "good Republican vote" for the increase.

No matter which party is in power, the Treasury has little choice but to ask for an increase in borrowing authority and Congress can hardly refuse to grant it when the government's income is insufficient to pay its bills.

Martin also received a request Tuesday from Land Commissioner Jerry Sadler for an opinion on whether revenue from sale of sand, gravel marl and shell from the submerged lands and river beds should be placed in the Permanent School Fund.

The fund now stands at about \$800 million. None of it can be spent, except income from its investments.

The legislature put the submerged lands and river beds in the Permanent School Fund endowment in bills passed in 1939 and 1941.

New Consumer Protection Bid

WASHINGTON (AP) — A California law school professor who urges a thorough overhaul of the Federal Trade Commission says a Cabinet-level department would represent consumers more effectively than a White House aide.

John E. Schulz, an assistant professor of law at the University of Southern California, told a Senate subcommittee Tuesday a White House staff member might tend to listen more to the president than to the nation's consumers.

Base Hospital Bids Opening

Rep. Omar Burleson today confirmed that the U.S. Corps of Engineers will open bids on the Webb AFB Hospital on March 25.

The opening will be in the district office in Albuquerque, N. M., and assuming acceptable proposals are received, an award will be announced as soon as bids can be checked, he said.

The program has an appropriation of \$2,121,000 for facilities to replace the current ones which were erected in 1942 under an emergency building program which brought the old Big Spring Bombardier School into being.

Originally, bids were to have been opened in December, but at the last minute plans were pulled back for redesign.

Teachers To Hear Candidates

All seven candidates in the Big Spring Independent School District trustee election have been invited to speak to the Big Spring Classroom Teachers Association at 7 p.m. Thursday in the high school auditorium.

"The meeting is open to the public for an opportunity to meet the candidates and hear what they have to say," said Bailey Clements, president of the local teachers association.

Clements encouraged all persons in the school district to attend the meeting.

Murder Suspect In 118th Court

Ray Bourbon, 76-year-old Kansas City man, under indictment for conspiracy to murder, was in conference in the 118th District Court jury room Wednesday morning with his two court appointed attorneys.

Bourbon was returned here recently from Kansas City. He is accused of a part in the murder last Dec. 10 of A. D. Blount, local pet shop operator.

Made A Profit

BUFFALO, N.Y. (AP) — Fenton Ohmann found a bedroom window of his apartment had been broken by a burglar but nothing was missing.

Betty Furness, who was President Johnson's assistant for consumer affairs, was the featured witness for today's hearings on the proposal to create a Department of Consumers.

Schulz and fellow witnesses, all law students, held out little hope that the FTC could do much for consumers without a massive infusion of enforcement authority and money, and a change in command.

Singling out chairman Paul Rand Dixon for sharp criticism, Schulz said there might be some hope if he were replaced "by someone hard-hitting."

The group made a critical report on the FTC last summer, and Schulz said Dixon's main reaction was to issue a "hysterical" eight-page reply and to circulate a memorandum to his staff, ordering them:

(1) to be at work on time; (2) not to drink on the job; (3) to refrain from any discussion whatsoever of our report; (4) to cover up any inbitching with breath mints.

Dixon made a speech in Pittsburgh Tuesday night in which he commended the energy of critics of the nation's business system, but urged them "to consider the old adage that the best way to get rid of rats is not to burn a good house down."

In an interview he said his speech was not pointed at the student investigators but was "just something I thought needed to be said."

Job openings are available statewide for people with typing and stenographic skills. Placement for successful applicants will be with the Texas Department of Public Health, Public Welfare, Mental Health and the Texas Employment Commission.

Nuclear Energy To Desalt Water

LUBBOCK, Tex. (AP) — Ingredients utilizing nuclear energy to desalt water and produce industrial power economically and feasibly are now ready, said Dr. R. Philip Hammond, director of the nuclear desalination program of the Oak Ridge National Laboratory.

Hammond, addressing delegates Tuesday from 11 states at the Western States Water Council said this desalination process could be used to transform desert wastelands into productive farmlands and industrial sites.

He proposed an agri-industrial complex that would sustain

thousands of people by using technology and the proper relationship of crops, industrial products, by-products, fertilizer and acres of desert land in a temperate zone.

Hammond said the nuclear plant to desalt water and produce electrical power would cost about \$1 billion.

The council adopted a resolution asking the President, Congress and various departments to establish an increased level of funding for planning and construction of water resource development in the west.

Applications for membership

from Hawaii and Alaska will be considered in July when a Texas bid for membership is expected to be heard.

Members of the Water Council are New Mexico, Arizona, California, Colorado, Idaho, Montana, Nevada, Oregon, Utah, Washington and Wyoming.

Sweet Snow Job

WELLESLEY, Mass. (AP) — Everybody won at the Phillips School snowball fight.

Principal Willard Woodruff made a deal to halt snowball throwing around the school—none were thrown for a week, he'd be the target for some free shots.

Woodruff made good, and everybody was happy.

"They got it out of their systems all at once," he said.

Big Spring (Texas) Herald, Wed., March 19, 1969 3-A

Judge Refuses To Move Durbin Slaying Trial

BURNET, Tex. (AP) — A pre-trial hearing in the case of Clyde Durbin Jr., charged with murder in two slayings, continued today after Dist. Judge Jack Miller refused to transfer the trial to another county.

Judge Miller said Tuesday he denied the change of venue motion on the grounds that "at least 95 per cent of the publicity in this case originated in Travis county."

Durbin's attorney, Frank Maloney, sought to transfer the case to Travis County, contending that a flood of publicity makes it impossible to get an impartial jury from Burnet County's small population.

The defense attorney put 14 Burnet County residents on the stand who testified that they believed Durbin could not get a fair trial in the Hill country county. The state retaliated with 10 witnesses who said a fair trial was a certainty.

Durbin's trial was set for April 14 here in the slaying of Miss Keitha Morris, 19, of White Deer whose nude body was found Jan. 9 in Inks Lake, near Burnet.

The Dallas youth also is charged in Travis County with

the slaying of John Albert White, 21, of Corpus Christi. Young White's body was found Jan. 8 in Bull Creek.

White and Miss Morris, both students at the University of Texas, went on a picnic date in the Bull Creek area on Jan. 8.

More Professors

COLLEGE STATION, Tex. (AP) — Texas A&M University increased the size of its faculty almost 50 per cent since 1963-64 and nearly doubled the number of professors holding doctoral degrees, a survey shows.

A&M President Earl Rudder said the university has a faculty of nearly 900, compared to 623 five years ago. He noted 523 of today's faculty members, or 58 per cent, hold doctoral degrees, opposed to 271, or 43.5 per cent, in 1963-64.

Job Picture In Big Spring

The Big Spring Texas Employment office made 162 non-farm job placements in February and 28 farm placements, Leon Kinney, office manager, said today. There were 253 new applications for work and 259 job openings recorded in January.

The January figures for these activities were new applications 159; new job openings, 181; non-farm placements, 126 and farm placements 26.

Initial claims for unemployment insurance in the TEC office here in February were 58 — an increase over the 37 filed in January. Continued claims were 270 for last month

and 221 for the previous month. Over the state, the nonfarm job openings on orders placed with the TEC increased 3,900 over the January total. Local TEC offices made 85,576 placements in February. Job applications in February were 53,789 up 3,000 over the January figure.

Farm placements dropped substantially to 11,600, most of the decrease being attributed to loss in vegetable harvesting and cultivation activities. The state offices made 3,000 fewer placements on farm jobs in February than in January.

Initial claims for unemployment insurance decreased considerably over the state as a whole in February. The state office reported 16,519 initial claims were filed in February which was 6,500 under the January total.

Claims Politics May Sub For Rioting

AUSTIN (AP) — Political activity might replace rioting for some of today's disaffected young people if they were allowed to vote, a House committee was told Tuesday night. Eighteen witnesses, ranging from bright-eyed collegians to gray-haired professors and businessmen, advocated a lower voting age before the House Constitutional Amendments Committee.

"Given a channel, the right to exercise the ballot, some of them can divert their energies from attempting to riot to arousing others to go to the polls and vote," said Harriet Murphy, government professor at predominantly Negro Huston-Tillotson College here. David Maddox, Texas A&M student body vice president, and Rostam Kavoussi, University of Texas student president, both endorsed reducing the voter age. "There is some reason behind the unrest on campus. Many would like to say from my own experience they are not," testified Kavoussi, an Iranian.

He said the franchise might help curb student dissatisfaction. Charles Munoz, 17, of the Bexar County (San Antonio) Young Democrats, said it is unjust for young men to be "fighting and dying for a country that doesn't allow us to vote." Other witnesses said 18 and 19-year-olds are better educated than their parents were at that age, often are married, hold jobs and are subject to trial as adults in criminal cases. Bob Gibbs, a sideburned, mustachioed spokesman for University of Houston Young Democrats, said Texas "is leading the space race ... This is the chance for Texas to lead the suffrage race." "Do you know how the vice president of your organization stands on this issue?" asked Rep. Rex Braun of Houston. "Yes, your son is for it all the way," Gibbs replied. Liz Johnson, a mini-skirted Trinity University student with long red hair, said young people "are prepared by the society to exercise the right to vote" by the time they are 19.

Leniency For Mutineers Being Studied By Army

WASHINGTON (AP) — The Army plans to act with considerable leniency reviewing stiff court martial sentences given soldiers convicted of mutiny in a California stockade last October, it was learned Tuesday. The decision reflects a high-level Army conclusion that mutiny charges against 27 inmates of the Presidio of San Francisco stockade were ill-advised and that initial convictions brought "outrageous" sentences. Trials of the first four men prosecuted under the mutiny charge brought prison terms of as much as 16 years. Records of the first case involving Pvt. Nesery Sood, who originally got 15 years, were flown to Washington Tuesday so that the Army advocate general could cut the sentence to two years.

Resor's chief concern was that the public might lose faith in the military system of justice and the whole legal setup would be undermined by dissent. Rather than pass down improper and quite possibly illegal edicts to first-level legal officers handling the cases, the Army decided to let the trials run the course. Besides Sood, Pvt. Lawrence Reidel, Louis Oszpinski and John Colip all were convicted of mutiny. Oszpinski was assessed 16 years, Reidel 14 and Colip four, each being dishonorably discharged and forfeiting all pay. The Presidio demonstration occurred Oct. 12, 1968, three days after a stockade guard fatally shot a prisoner who began running after making taunting remarks. The Army subsequently ruled the slaying as justifiable homicide. On Oct. 14, 1968, when stockade prisoners were assembled for roll call at 7:30 a.m., the 27 sat in one corner of the stockade enclosure singing protest songs. Later they complained of stockade conditions. When the group refused to obey an officer's order to get up and begin their day's work routine, Army MP's carried them into the building. The prisoners offered no resistance.

The prisoners offered no resistance. The Army subsequently ruled the slaying as justifiable homicide. On Oct. 14, 1968, when stockade prisoners were assembled for roll call at 7:30 a.m., the 27 sat in one corner of the stockade enclosure singing protest songs. Later they complained of stockade conditions. When the group refused to obey an officer's order to get up and begin their day's work routine, Army MP's carried them into the building. The prisoners offered no resistance.

Only 24 hours earlier, Lt. Gen. Stanley Larsen, Sixth Army commander, had reduced Sood's sentence, from 15 to seven years. Top Army officers felt even that was too harsh. Maj. Gen. Kenneth J. Hodson, advocate general, made the further reduction in sentence by acting under a rarely applied clemency authority. In the normal course of events, he would have left it to the Army Board of Review to pass judgement on the appropriateness of the sentence. It is understood, however, that Secretary of the Army Stanley R. Resor has been gravely concerned about controversy surrounding the Army's handling of the Presidio matter and wanted no delay in making amendments.

Under the advocate general's decision Tuesday, Sood's dishonorable discharge and pay forfeiture sentences still stand.

Junior College Gains New Life
FREEPORT, Tex. (AP) — The first step toward full accreditation of Brazosport Junior College with the Southern Association of College and Universities is being taken with a visitation of a committee of five members from the association here recently. The Brazosport Junior College District was created Nov. 27, 1948, but was dormant until July 15, 1967, when the project gained new life. A bond issue of \$5,000,000 was passed Sept. 17, 1968. The bonds were recently sold. Most of the site for the buildings has been secured.

Enemy Rockets (AP WIREPHOTO via radio from Saigon)

Enemy Rockets
Soldiers of the U.S. First Infantry Division look at 122mm rockets they captured this morning from the Viet Cong about seven miles east of Saigon. The rockets were mounted on bamboo bipods and were aimed at the heart of the South Vietnamese capital. The enemy soldiers manning the rockets were discovered by radar and night glasses.

Cong Gunners Scramble Off, Aimed Rockets Abandoned

PHU HUU, Vietnam (AP) — Viet Cong gunners planned to slam six 122mm rockets into the heart of Saigon again Tuesday night. But the city of three million people slept peacefully because of a pair of watchful American GIs in the nipa palms and mud stretching from South Vietnam's capital city to the sea. It was in these wastelands that a team of Viet Cong artillerymen propped up six 100-pound rockets late Tuesday night aimed at the heart of Saigon. The detonating wires were run together into one line. A touch of a wire against an ordinary flashlight battery would have dispatched the six missiles, but the order to fire never came. Instead, a rain of American mortar and artillery shells landed amid the Viet Cong gunners. At daylight the rockets were discovered by an American reconnaissance patrol. They had been damaged by snail fragments, but five of them still stood shining against the sky, propped up on crude but efficient bamboo stakes.

The nemesis of the Viet Cong gunners Tuesday night were two American GIs on a watchtower about a mile from the launching pad. Spec. 4 James Wales of North Olmsted, Ohio, and Pfc. Eugene Griesing of Weatherley Penn. They were manning radar and other night vision equipment and saw movement in the distance. They called in the mortars, manned by Sgt. Richard Donner

Alexander, Iowa, and watched on their radar and through night-piercing scopes as the Viet Cong scrambled away. The Americans didn't know until dawn that they had stopped a rocket attack. They found the rockets glistening in the morning sun, propped up in one line and set at a 45-degree angle on bamboo poles, providing the maximum range.

'Joy Ride' Ends

A car reported stolen here Sunday was recovered Tuesday afternoon by police. It was found abandoned near Airport Elementary School and returned to its owner, Harold Danford, 4008 Parkway.

County Officers Oppose School Consolidations

FORT WORTH (AP) — Formal opposition was expressed Tuesday by the West Texas County Judges and Commissioners Association to proposals for consolidating some school districts. The county officials also elected new officers and installed them at a dinner dance. Recommendations of a state committee for the school district mergers are before the legislature. The plan has met with general favor in metropolitan areas and is opposed in rural sections. The group said it believed the study on education was good in many respects but the proposal for consolidation and financing "does not help education in the Panhandle of Texas since we are sparsely settled."

County Officers Oppose School Consolidations

New officers are Kellus Turner, Ector County commissioner, president; Charles Dankworth, Concho County commissioner, vice president; and Rodrick Shaw, Lubbock County judge, secretary treasurer. Jack Driskill, Swisher County judge and the immediate past president, is among new directors. The association approved a committee's resolution to ask that the legislature enact a law allowing all county bond elections to be decided by a simple majority vote. Some counties in the state now require a two-thirds affirmative vote for passage of bond issues. The association agreed to hold its next meeting in March of 1970 at Amarillo.

Wage Bill Ready For Senate Debate

AUSTIN (AP) — A bill that would set a \$1.25 state minimum wage in February of 1970 and lift it in two stages to \$1.60 in 1972 is out of committee and ready for Senate debate. The Senate Labor and Management Relations Committee approved San Antonio Sen. Joe Bernal's wage bill 3-2 Tuesday night. Minimum pay legislation has a history of failure in Texas, but some lawmakers think this may be the year for action on the issue. Bernal still faces his highest hurdle, getting a two-thirds Senate vote to bring the bill up for debate.

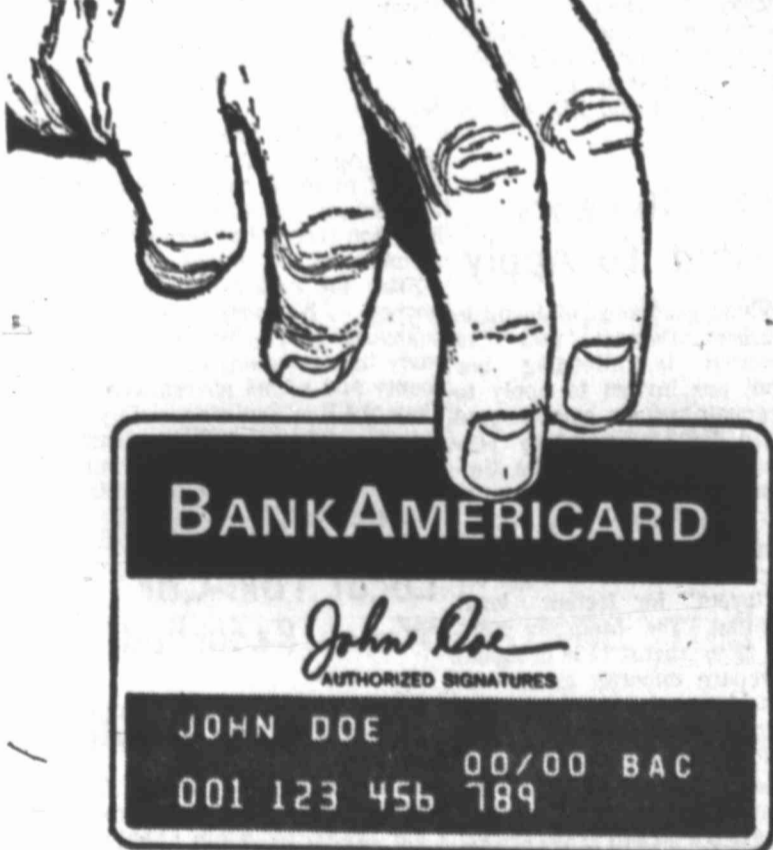

time employees—would be covered. Among others exempt from the bill would be domestics and persons under 18 who are not high school or vocational training graduates. Voting to approve the bill after a 90-minute hearing were the chairman, Sen. Barbara Jordan of Houston, and Sens. Roy Harrington of Port Arthur and Ralph Hall of Rockwall. Sen. David Raliff of Stamford, last session's committee chairman, and Sen. J. P. Word of Meridian voted against the bill. Hank Brown, Texas AFL-CIO president, said 2.5 million of the state's four million workers in private industry are not covered by the federal minimum wage, including 167,000 farm workers. "It is bad enough to be without a job, or to have a job of sorts which offers only part-time work," Brown said. "It is even worse to work hard, every day and every week, and still earn too little to be self-supporting. Yet this is the plight of 2.5 million workers in Texas."

His measure makes a wage floor of \$1.25 per hour effective Feb. 1, 1970, rising to \$1.40 Feb. 1, 1971, and reaching the current federal minimum of \$1.60 Feb. 1, 1972. Farm workers—who dramatized the wage issue in 1966 with a Rio Grande Valley field hands' march on the Texas Capitol—would get 20 cents below the federal wage floor for such employees, or \$1.10 per hour. Only workers on farms with 250 or more man-days per quarter of hired labor—about three full-time workers in Texas.

Hitting The Road

Miller Barber, left, the second leading money winner on the PGA tour, passed up the Montsanto tourney at Pensacola, Fla., because of "tour fatigue."

Ham's Relief Work Boosts Longhorns

Stellar relief hurling by Thomas Ham, who had been in sick bay for several days prior to the game, enabled the Big Spring Steers to topple Abilene Cooper, 9-5, in a District 3-AAAA encounter here Tuesday afternoon.

Ham showed up in the fourth inning and pitched hitless ball the rest of the way. Jimmy James Newman started on the hill for Big Spring.

The Longhorns, in a successful bid to remain atop the conference standings, struck for seven runs in the 'hello' round and then watched the Cougars fight back to within two runs of a tie.

Struck his second home run of the season in the sixth for Big Spring to put the decision out of reach. The blow arrived with Newman aboard.

3-4A BASEBALL

Lee Turns Back Midland, 10-0

MIDLAND — Midland Lee strengthened its bid for the District 3-AAAA baseball championship by blanking Midland High, 10-0, behind the three-hit hurling of Randy Prince here Tuesday.

Tommy Stewart delivered the big punch for Permian when he unloaded for a two-run double off Mark Green.

Walker Wins Permian Play

Marilyn Walker of Midland Rancho Hills emerged as winner of the championship flight in the Permian Play Day round of golf at the Big Spring Country Club Tuesday.

In all, 17 players took part in the activity, which was climaxed by a buffet luncheon. Jewell Sadler of the Odessa Country Club won the First Flight.

Street On Beam For Longhorns

AUSTIN, Tex. (AP) — Texas Jim Street keeps getting the same results with his baseball pitching that he did with his football passing—victories.

The Longhorn righthander cut down Minnesota for four innings Tuesday as the Longhorns defeated Minnesota 4-2. It was Street's fourth victory against no losses.

CAGE RESULTS

Abilene High opened its 3-AAAA baseball season with a 5-1 victory over Odessa Ector here Tuesday. The loss was the third in a row for Ector.

Two Odessa Sunset players, Chick Cruse and Dorothy Cruse (standing, left to right), register at the Big Spring Country Club before teeing off in Tuesday's Permian Play Day.

Cadet Defense Again Boosts Team To Win

NEW YORK (AP) — After every surprising basketball victory, Coach Bobby Knight of Army has to defend his rugged Cadets against critics who label them "butchers, hackers and slayers."

But the Cadets looked like a bunch of tip-toeing Lord Fauntleroyes Tuesday night compared to the scrap between Boston College and Louisville in Madison Square Garden.

After the Cadets once again used their hard-working defense for a methodically unexciting 59-45 upset over South Carolina in the quarter-finals of the National Invitation Tournament, BC and Louisville did the slapping, slashing and even fighting before BC staggered away with a 88-83 triumph.

The victories matched Army and the Eagles in Thursday night's semifinals, with Monday night's winners, Temple and Tennessee, clashing in the other games. The final is Saturday afternoon.

The Longhorns return to play Saturday against Odessa High in Odessa. They pay their next home game against San Angelo Central Tuesday.

Newman, Gamboa, Parchman and Wilson each pounded out two hits in the Steers' tenth offensive.

Both benches emptied and the showing that followed sent several players tumbling into the stands. Linnis and Costello were ejected.

Hawks Lose Opener, 71-68, To Murray

HUTCHINSON, Kan. — Today will be a day of rest for Howard County Junior College in the National JC Basketball tournament.

College of Powell, Wyo., at 12 noon Thursday. A loss there would send the Hawks back to Big Spring.

The Jayhawks dropped into consolation round play by losing a 71-68 decision to Murray State, Oklahoma, here Tuesday afternoon.

HC tied the score a couple of times against Murray State but could never pull ahead. At half time, the Hawks were behind by nine points.

LOOKING 'EM OVER With Tommy Hart

"Don Wilson, the Houston Astro pitcher who visited here recently, is given a "seven" in the club's one-to-eight rating system, which means the management isn't about to trade him for Don Drysdale or any other headliner in the National League.

Wilson has been given a rating of "eight" on a couple of occasions, once in his 1967 no-hitter against Atlanta and again last season when he fanned 18 Cincinnati batters.

In three years in the major leagues, Don has a lackluster 24-25 record and his 3.95 earned run average is considered only mediocre. However, the tall righthander is only 24 and, considering Houston's low station in the league, his record is quite good.

Wilson says he was a thrower the first part of last year and a pitcher in the latter days of the campaign. Over the last half of the season, Don won nine and lost seven and brought his ERA down from a ballooning 4.61 to 3.27.

Harry Walker, manager of the Astros, reasons that Wilson and Denly Lemaster could team up to produce 35 wins for the club this year. Don had three shutouts in 1968.

Red Auerbach, the famed builder of the Boston Celtics, shocked LSU's Pete Maravich recently when he walked up to the boy and said: "Son, you're not going to be good as a pro."

Golfing great Jack Nicklaus broke 80 on the golf course before he reached his ninth birthday.

Earl Blaik, the one-time head football coach at West Point, recently purchased a home in Palm Springs, Calif.

It was said of baseball great Ted Williams that, in his prime, he could identify a duck on the wing long before most people could even spot the duck.

Eddie Long, Mark Hill and Robby Townsend have been named tri-captains of next season's San Angelo Central basketball team. The Bobcats may walk softly in basketball next year but they'll carry a big stick.

Land around the Astrodome in Houston has grown so much in value that it is now priced by the running foot rather than by the acre.

Ten years ago, real estate in the south section of Houston sold for \$20,000 an acre or less. Today, those same plots range in price from \$67,000 to \$220,000 an acre.

A milk company purchased ten acres of land east of the Astrodome 20 months ago for \$1 million. Now it has abandoned its plan to build a milk plant there.

The property has become too valuable for a milk processing facility," a company spokesman explained. "Instead, we will sell the land (at a cozy profit) and purchase another, less expensive site for the plant."

Developers are now buying up land as far as ten miles south of the Astrodome, believing that acreage priced at \$100,000 an acre today will double in price in a decade.

Judge Roy Hofheinz, developer of the Astrodome, not only is planning to expand Astroworld from 57 to 116 acres and build a permanent trade exposition but has visions of a gigantic Seaworld, an automobile speedway, an Iron Horse City, two theatres (movie and legit) and a hockey rink, among other things.

Four Klondike Girls Honored

Four Klondike (Dawson County) players have been named to the 1969 Class B All-State Girls' Basketball team chosen at the conclusion of the State meet last weekend in Austin.

Klondike won the meet for the first time in history by topping High Island in the finals, 62-48. Cougarettes honored included forward Marguerite Minter, who rated the team for the second year in a row; forward Joyce Wilcher; and guards Gail Wilcher and Roxann Minter.

Others on the first team included Susan Smith of High Island, selected for the third straight year; Rene Wilson, Midway, and Marilyn Glover, Deport, forwards; and Linda McAninch, Trent; and Mary Shaw, High Island, guards.

The Minter girls are sisters, as are the Wilcher girls.

James M. Thigpen provides more than a policy. Because he places more enthusiasm on serving than selling, his professional training and attitude make him the right man to treat with the goals of your life insurance program.

T. A. Thigpen, 611 Main St., Big Spring, Texas. Phone 267-4888. American Amicable Life Insurance Company, Executive Office, Waco, Texas.

Queens Vie With A&I

Howard County JC's Jayhawk Queens have drawn Texas A&I as a first round foe in the Texas Intercollegiate Women's Basketball tournament, which starts Friday and continues through Saturday evening on the Stephen F. Austin campus in Nacogdoches.

The two teams take the court at 4 p.m. Friday. Wanda Ferguson's Big Springers carry a 7-9 record into battle.

Stephen F. Austin is the favorite in the top bracket while Texas Women's University is the choice in the lower bracket.

Should the Queens win their opening game, they would return to play against the survivor in the Southwest Texas-Arlington game.

Finals will be at 7 p.m. Friday.

HCJC is counting on 5-10 Carol Lane to supply part of its scoring punch. Carol played the game six years, at Calpa-Centennial before enrolling at HC. She was all-district her junior and senior years. In

CAROL LANE

In addition, she was all-regional last year.

She averaged 25 points a game last season for Talpa.

Pairings:

Mary Hardin Baylor vs. Del Mar, 2 p.m.; Stephen F. Austin vs. San Jacinto, 2 p.m.; Texas University vs. W. T. State, 2 p.m.; SW Texas vs. Texas A&I, 4 p.m.; Texas Tech vs. Tarleton, 4 p.m.; HCJC vs. Texas A&I, 4 p.m.; all games on Friday. (More than one ovm being held for first round games).

Runnels Sweeps Double Header

Runnels Junior High ran its girls' volleyball record to 7-3 by defeating Lamesa, 15-10, 15-6, here Tuesday.

Leticia Trevino counted ten points and Sandra Magers six for the Yearlings. Leslie Jones was impressive at the net for Runnels.

The Runnels B team won its sixth straight decision, defeating Lamesa, 15-7, 15-8. Mary Dekle had nine points and Betty Looney eight for Runnels in that one.

Jim Colbert Is Crowned Monsanto Golf Champ

PENSACOLA, Fla. (AP) — Jim Colbert played his old shots as he became golf's newest champion but, for the former Kansas State football player, the waiting game was the hardest.

Colbert's first victory in four years on the pro circuit came on Tuesday's rain-delayed final round of the \$100,000 Monsanto Open where he finished two strokes ahead of Deane Beman for a 72-hole total of 267.

The balding, boyish-looking 25-year-old from Overland Park, Kan., who held a one-stroke lead after 54 holes Saturday, sat in his motel for two days playing bridge, and putting on the rug before finally teeing off into the teeth of a 35-mile an hour wind in the finale.

"Each morning I'd look out the window and see the rain," he said. "I was really wanting to get out there and play."

Colbert, who quarterbacked the Kansas State freshman team, didn't remember his one bad shot in the round—when he knocked his first tee shot into the woods.

"I don't even remember hitting off No. 1," he said. Colbert psyched the winds by playing his old game. He kept his iron shots knee high, playing them "the way I used to play at home in Kansas. I haven't played that way in a couple of years."

Monsanto's \$20,000 first place prize boosted Colbert's 1969 earnings to more than \$23,000.

His best previous career finish had been a third in Jacksonville in 1967, when he won more than \$25,000. He won only half that amount last year.

The former life insurance agent built up a three-stroke lead over Beman after the 11th hole.

BSGA Schedules Meeting At 7:00

Members of the Big Spring Golf Association will meet at 7 o'clock again this evening at the Munny pro shop to discuss changes in the organization's constitution and by-laws.

Old, new and prospective members of the BSGA have an open invitation to attend.

Plans for the spring and summer activities will also be discussed.

New Orleans Bids For Super Bowl

PALM SPRINGS, Calif. (AP) — The owners of the 26 National and American league professional football teams momentarily put aside their debate over realignment today to hear bids by two cities seeking to stage the 1970 Super Bowl game.

Representatives from Miami, site of the last two championship games between the AFL and NFL, and New Orleans were set to present their arguments at a joint session of league owners.

Commissioner Pete Rozelle, hoping a decision will be forthcoming at this meeting, said he was not in the least surprised that the matter is taking so long to settle.

He recalled the period when the NFL was restructuring its 16 teams into divisions of four.

"It took us three days of about 16 hours each day to break the two eights into four fours," he noted.

In separate meetings, the two leagues have dealt at length with "any number of variations of the realignment," Rozelle said.

He added that he felt it was better that each league reach an

agreement within its own family before convening in a joint meeting.

Underneath the controversy is the interpretation of the word realignment as used in the original merger agreement of June 8, 1966.

He interjected the statement that the present squabble is not related to the outcome of the 1969 Super Bowl game in which the AFL New York Jets surprised the NFL Baltimore Colts 16-7.

There are at least three AFL owners who contend the merger agreement specifically called for total realignment, thus eliminating the AFL as an identity of itself.

They are Paul Brown of the Cincinnati Bengals, Gerald Phipps of the Beaver Broncos and Joseph Robbie of Miami.

Brown, former coach and general manager of the NFL Cleveland Browns, told The Associated Press:

"When we paid our money to get into the league, we were told we would be in the Western Division but we don't let that bother us because we'll have realignment in 1970."

Annual Armed Forces Day in Big Spring Scheduled

Preliminary planning is well along for local observance of annual Armed Forces Day, which will be on Saturday, May 17.

A full schedule of events is planned, most of them revolving around Webb Air Force Base, which will observe its traditional open house, and present a number of special demonstrations and static displays. All these are scheduled to be more spectacular than in years past.

In addition, plans call for a giant downtown parade in the morning, in which military units will be joined by civilian entries, drill units from neighboring cities, plus a number of bands.

Demonstrations at Webb will follow the parade.

The day will also be marked by a number of special invitational events, such as golf matches, skeet shoot, softball games and Enduro (go-kart) racing. The last-named will continue on through Sunday, May 18 for a spectacular windup to the celebration.

The Air Force Association is joining the Webb staff in hosting a part of the day's events, and there will be a picnic in the afternoon for out-of-town visitors brought here by AFA members.

Maj. Ron Bouldin, Webb project officer for Armed Forces Day, presented preliminary plans Tuesday at a staff briefing conducted by the wing commander, Col. Wm. C. McClothlin.

Chamber of Commerce committees will be working with Maj. Bouldin on civilian participation in the various events.

Maj. Bouldin said prospects are favorable for the appearance here of at least two military bands, a parachute jump team, some special civilian marching and drill units. Announcement of these attractions will be made as plans are firm, he said.

GM Calling Back 1.1 Million Vehicles For Brake Checks

DETROIT (AP) — Three weeks after announcing the biggest car recall in the automobile industry's history, General Motors is calling back another 1.1 million vehicles, this time for correction of possible brake defects. The two recalls cover six million cars, buses and trucks.

Linked to the latest callback was the crash of a GM-built bus last autumn at Huntsville, Ala., which killed a 4-year-old boy and injured 24 other junior high school pupils.

On Feb. 26 GM asked owners of 4.9 million vehicles to take them back to dealers for correction of possible carburetor and exhaust system defects. GM said then four deaths had been attributed to faulty exhaust systems.

Involved in the new call were Pontiac cars and Chevrolet and GMC trucks and buses.

GM declined comment Tuesday on the crash of the General Motors bus in Alabama, but noted that an investigator for the National Highway Safety Bureau said that a seal in the bus's master brake cylinder was worn enough to cause a hydraulic pressure failure.

The report, GM said, also stated the vehicle's brake linings were worn and could have been a contributing factor to the crash.

GM also said seven accidents had been reported involving trucks, another involving a school bus and something under 20 involving the Pontiac automobiles—1965 and 1966 Pontiac Catalinas, Star Chiefs, Bonneville and Grand Prix models.

The autos were recalled for replacement of two front brake hoses which according to field experience could fail after extended mileage, GM said. A total of 967,000 Pontiacs were involved.

Other vehicles involved in the recall were:

- 164,050 Chevrolet and GMC truck and coach bus chassis and medium duty trucks for replacement of the primary seal which controls hydraulic pressure in the brake system.
- 2,040 Chevrolet and GMC four wheel drive light duty trucks which may have a brake drum distortion caused by wheel interference. This could eventually result in cracking of the wheel disc.
- 630 GMC heavy duty highway tractors for rerouting of air brake application valve hoses to prevent possible chafing on left front tires during full right turns. Rupture and loss of brake action could result.

GM listed these model years and vehicles: 147,000 Chevrolet and GMC medium duty truck chassis for model years 1967 and 1968; 8,300 Chevrolet bus chassis, 1967 and 1968; 6,000 GMC medium duty truck chassis built in the early model run of 1969; and 2,150 GMC bus chassis for model years 1967 and 1968.

Owners of the suspected vehicles will be notified by registered mail. They will be asked to take their cars, trucks and buses to dealers for inspection and possible repair at no cost, GM said.

Guilty Plea Closes Strange Murder Case

DALLAS, Tex. (AP) — A plea of guilty to aggravated assault has closed a strange case in which two men each told police they killed the same Roman Catholic priest.

Larry K. Staley, 24, entered the plea Tuesday and drew an 18-month jail sentence. He will become eligible for release in April or May.

Staley and Perry W. Reynolds, 28, each had been charged with murder in the slaying of the Rev. Joseph C. Morrell, 41, of Conroe, Tex., at a downtown Dallas hotel Feb. 3, 1968.

Reynolds was adjudged insane earlier. The court was told he had spent 20 years in a mental institution prior to taking a house boy's job at the hotel.

Police jaded Reynolds the day after the body of Father Morrell was found lying across his hotel bed. Detectives said Reynolds told them he knocked down the priest with a judo chop.

Several days later Staley, a drapery factory employee, walked into police headquarters and told officers he choked Father Morrell. His statement led police to several articles owned by the priest.

County grand jurors indicted both men on murder charges, but the case against Reynolds was dropped when it was learned he was a ward of a state institution for the mentally retarded. He was returned to its custody.

Investigators advanced a theory that Staley choked Father Morrell and left him for dead, and that Reynolds subsequently walked into the room and fought with the priest.

Prosecutors said a coroner's report indicated Father Morrell died from a blow on his neck rather than strangulation.

WATCHDOG AGENCY ISSUES BULKY REPORT

Blasts Antipoverty Efforts

WASHINGTON (AP) — A watchdog agency has urged President Nixon to do what it says President Johnson failed to do—weld together the fragmented federal antipoverty efforts.

Community Action—"It has been an effective advocate for the poor in many communities... It has introduced new or expanded existing services to the poor. However CAP has achieved these ends in lesser measure than was reasonable to expect in relation to the magnitude of the funds expended."

Crime-Fighting Funds Wasted On Rural Areas?

Antipoverty legislation lodged the coordinating responsibilities with OEO. And that, said the report which took 14 months and more than \$1 million for Congress' auditing arm to complete, was "unrealistic."

WASHINGTON (AP) — The National League of Cities says millions of dollars in federal crime-fighting funds are being wasted on rural areas and the creation of a new level of bureaucracy.

Dawson County Mental Health Clinic Lauded

By SAM BLACKBURN LAMESA — It has taken Dawson County citizens less than half a year to discover with clarity the pressing and probably growing need that the county and this city has for an active County Mental Health Clinic.

Last fall, when the Big Spring State Hospital announced it would establish a Dawson County Mental Health Clinic the common reaction of the citizens was "Who needs it?"

Now the attitude is that the clinic is not only needed by a great many but its permanence is of tremendous importance to this community.

Mrs. Myrie Doyle was one of those Dawson County residents who admits that she wondered if there was enough demand for such a clinic to make its establishment worth while.

This change in attitude by Mrs. Doyle is general in Dawson County and has been brought about in four months time.

The clinic here is the second such operation set up by the Big Spring State Hospital. The first established was community hospital partnership in Scurry County.

Through January, there had been 435 visits to the Snyder clinic and there were 91 patients on the rolls at that time.

percentage of the clients are adolescents. Several high school students from Dawson County have come to the clinic on their own initiative — having realized that something was wrong and that they needed help.

Planned for later on this year is the establishment of clinics at Seminole and Pecos, such as the one here and in Snyder.

In Lamesa, in a related but separate program, another Texas Tech psychology major makes weekly visits to the clinic to work with mentally retarded children in cooperation with the special education teachers in the Lamesa public schools.

The Big Spring State Hospital conducted studies three years ago to determine if clinics of the type now functioning here and at Snyder were needed.

Application for state and federal funds to open such clinics was made but was turned down. The hospital, not deterred, set about establishing the clinics on its own initiative as its finances permitted.

Mrs. Doyle pointed out that the clinics are able to provide most of the services available at the hospital with the exception of round-the-clock care.

"Because of this," she said, "many of the clients who otherwise might require hospitalization are able to remain in their own community and, along the same line, because of the clinics, many patients who are confined in the hospital can now return to their homes sooner since we are here to provide them with many of the services they may need."

However, Mrs. Doyle feels that the really impressive feature of these community clinics is in the fact that many persons are consulting the agency for service when they would not go any other place for help.

There is a charge for the services at the Lamesa clinic — but it is on a sliding basis. Clients pay from 50 cents to \$1.15 per visit — the charge being based on the individual's ability to pay.

"No one is turned away from the clinic because of their lack of money," she stressed. "We think, however, most people are more than happy to pay what they can afford."

Pioneer Gas Files To List Its Stock On 'Big Board'

NEW YORK — Pioneer subsidiary companies when on some claims in an uranium active area in northern Saskatchewan.

Morris, reporting on the activities of Pioneer's subsidiary, Amarillo Oil Company, discussed the present and future activity in the companies' exploration for oil and gas.

A. F. Cox outlined the companies' uranium activities and reported that as of February 1, Amarillo Minerals, a Pioneer subsidiary, and its partners, in the Texas Coastal Gulf Area had discovered at least 4,000,000 pounds of uranium oxide with the first 1,000,000 feet of drilling.

In his remarks to the group, Smith, who is chief financial officer for Pioneer, said "We believe the five-year period ending 1973 will call for capital expenditures by the company of at least \$50 million."

Four executives of Pioneer made an appearance before the New York Security Analysts. In addition to Wall, the company was represented by B. P. Smith, executive vice president, E. S. Morris, senior vice president of Amarillo Oil Company, a wholly-owned subsidiary, and A. F. Cox, senior vice president for Pioneer and president of Amarillo Oil Company.

In reporting further on the companies' uranium exploration efforts, Cox pointed out that the company holds leases in Wyoming, Colorado, New Mexico, and Utah, as well as other areas of Texas. Additionally, the company has recently filed

Dear Abby

Don't Move In With Him!

DEAR ABBY: I am 52 and I have been keeping fairly steady company with a man who is 60. He's very considerate, generous, and I certainly appreciate his company, after having been a lonely widow for four years.

He asked me if I would like to move in and keep house for him so we can find out if we are "compatible" before trying marriage. He says there is nothing wrong with it at our ages.

I refused. Was I foolish? Lately I have been reconsidering his proposition. I don't enjoy being alone. He has money and could get plenty of other women on his terms.

Can you help me to come to a decision? LEXINGTON LADY
DEAR LADY: I say, let some other woman have the pleasure of "moving in" with him to find out if she is "compatible." Respectable couples of all ages still marry before they live together. If you want to be a "housekeeper" with sleep-in privileges, it's up to you.

DEAR ABBY: My father-in-law likes to tell about the only time in his life he made a mistake, and that was when he "thought" he was wrong, and then found out he wasn't.

My former roommate was a public health nurse in San Francisco, and her job was to call on welfare cases to see if the children were properly fed and clothed. She told me (and there was no reason for her to lie) that about half the children were adequately cared for, but she usually found plenty of cigarettes, beer and liquor in the home, and oftentimes a man in the bedroom. She said one mother had 12 illegitimate children. She got \$800 a month, which was maximum, so she put her 13-year-old daughter to work starting a new family. Abby, \$146 (tax free) for one child, plus \$1 per day, times 30 days per month, times five or six children, plus free housing, medical care, and food stamps, equals what some working men have to raise their families on. I am not saying that anyone is getting rich on welfare, but I wonder what would happen if these women were required to rise and shine at 6 a.m. and go to work in order to raise their illegitimate children.

You were right the first time

Brisk Business In Wild Animals

ARMIDALE, New South Wales, Australia (AP) — Wild animals in arid lands "may be more profitable to land owners than sheep or cattle," according to Dr. Thaddeus W. Box, director of Texas Tech's International Center for Arid and Semi-Arid Lands of Lubbock, Tex. He cited leasing land for deer hunting in Texas.

Dr. Box recently told the biology department of Australia's University of New England that "wild animals which have evolved in arid lands are usually much better adapted to survival and production than domestic animals."

"In many cases they can be more profitable to land owners than sheep or cattle," he said.

♦ 7 5
♣ Q 10 4

The bidding:

East	South	West	North
Pass	1♥	Pass	2♦
Pass	2♥	Pass	4♦
Pass	4♥	Pass	Pass

Opening lead: Seven of ♠
In his haste to score an overtrick, South failed to take necessary precautions to provide for the safety of his four heart contract.

South has too much high card strength for a preemptive bid, and his one heart opening meets with our approval. North was content to make a simple forcing take-out of two diamonds; however, when his partner made the minimum rebid of two hearts, North was obliged to jump on the next round in order to insist that South speak once more. When the

opening bidder repeated hearts for the third time, North discreetly retired from the auction.

West opened the seven of clubs. East put up the ace and returned the six. South played the ten which West overtook with the jack in order to continue with the king. Declarer ruffed in dummy with the seven of hearts and East overruffed with the ten.

East shifted to the jack of spades, South put up the queen and West played the king to force out North's ace. The dummy had nothing left but spades and diamonds, so declarer began to run the diamond suit. He cashed the ace and king on which all hands followed; however, on the next round when East discarded a spade and South did the same, West ruffed with the five of hearts to score the setting trick.

A simple precaution by South would have averted defeat. When the third round of clubs is led by West, declarer can assure his contract by discarding a spade from dummy, instead of ruffing. If the defense shifts to a spade, the ace is played and South returns to his hand with the trump that has been preserved by dummy. After the hearts are drawn a diamond puts North in for the necessary spade discard.

Horoscope Forecast

TOMORROW

—CARROLL RIGHTER

GENERAL TENDENCIES: Spring brings forth the desire to find a new and practical direction to your energies and interests. Now you are able to shape the ambitions that inspired you during the past few days into some workable arrangement that can bring you much satisfaction.

ARIES (March 21 to April 19) Plan early how to add to present holdings and have real abundance in the days ahead. Learn from a very clever person in business. Follow his example and you find you make big strides forward.

TAURUS (April 20 to May 20) Think hard where personal matters are concerned and you become important in that important sphere of your life. You are very charming now and can save others to your way of thinking very easily. Be happy.

GEMINI (May 21 to June 21) Talk that drives aim over with an earnest aim and you become successful in it. Others could profit if all for you. Have more order around you. Evening is best ideal for anything of a romantic nature.

SCORPIO (Oct. 23 to Nov. 21) If you first listen to what partners have to say, you can then come to the right agreement with partners. Their ideas are highly intellectual. Get out to some new form of fun with costs.

SAGITTARIUS (Nov. 22 to Dec. 21) A day to work diligently and get all done you've ordered. Improve your health so you become more dynamic in the future and can accomplish more. Associate more with co-workers for better results.

PISCES (Dec. 22 to Jan. 20) Many interesting outlets for fun are yours today, so be sure to get together with companions. Be sure you make time for the creative outlet also that you desire to express. Make honey in the

AQUARIUS (Jan. 21 to Feb. 19) It is up to you to add more harmony and comfort into your home now. Get business affairs handled swiftly. Evening is fine for entertaining charming friends or relatives there. Be the perfect host.

PICES (Feb. 20 to March 20) Be sure you understand what it is that closest friends desire of you and do your utmost to please them. They can then be more helpful in the future. You are hooked on someone so you had better admit it in the afternoon. Be happy.

MARY WORTH

SAY THAT AGAIN, LAWRENCE-- I MUST HAVE MISUNDERSTOOD YOU!

I'M TAKING ANGEL WARDEN TO THE JUNIOR PROM, MOTHER!

BUT-- YOUR DATE WITH PATTY--?

SHE'S IN FLORIDA WITH HER PARENTS-- TO BE WITH HER SICK GRANDFATHER!

SHE COULDN'T BE DEAR! SHE PHONED A FEW MINUTES AGO AND ASKED YOU TO COME PAST HER HOUSE-- SHE SAID IT WAS TERRIBLY IMPORTANT!

REX MORGAN

DID YOU GO TO THE POLICE?

YES-- I WENT TO AN OFFICE WHO WAS AT THE BUS TERMINAL AND TOLD HIM I NEEDED HELP-- THAT I DIDN'T KNOW WHO I WAS.

WERE YOU FRIGHTENED?

YES, AT FIRST-- BUT HE TOOK ME TO THE POLICE STATION AND THEY WERE VERY KIND! THEN THE POLICE BROUGHT ME HERE TO THE HOSPITAL--

WHEN I MET GLENN-- DR. BRAD-- I COMPLETELY LOST ANY ANXIETY I HAD! I KNOW I WAS IN GOOD HANDS-- AND HE WOULD HELP ME!

TERRY

FASTER! TUNNEL ROOF IS ABOUT TO GO!

WHAM!

STOMP STOMP STOMP

SMITTY

OUR CAR POOL IS GREAT STUFF, BUT IT'S TAKING A LOT OF WORK TO KEEP OUR CAR JALOPY IN SHAPE!

HAVE YOU FINISHED THE PAINT JOB?

WE CAN'T FINISH--

WE NEED MORE PAINT, SMITTY!

YOU BETTER COME ALONG, ALEC!

WHAT COLOR?

WINE WHAT HE PUT ON HIM WHEN HE PUT HIS FOOT IN IT! PAINT CAN!

MOON MULLINS

AH! REPLENISHING THE LARDER, WILLIAM?

NAW-- GROCERY SHOPPING, PROFESSOR-- OH-OH--

COULD YOU GUIDE ME PAST THOSE MELONS, PLEASE?

ALLERGIC?

NO-- THEY REMIND ME OF NANNIE AND HER CONSTANT "HONEY, DO THIS... HONEY, DO THAT."

JUMBLE -- that scrambled word game

Unscramble these four Jumbles, one letter to each square, to form four ordinary words.

PALPY

ROBIL

TOPICE

CLIFEA

Now arrange the circled letters to form the surprise answer, as suggested by the above cartoon.

Print the SURPRISE ANSWER here

(Answers tomorrow)

Yesterday's Jumble: MOUND LILAC UNHOOK PALATE

Answer: What they called the British shipping tycoon-- SIR LAUNCHBLOT

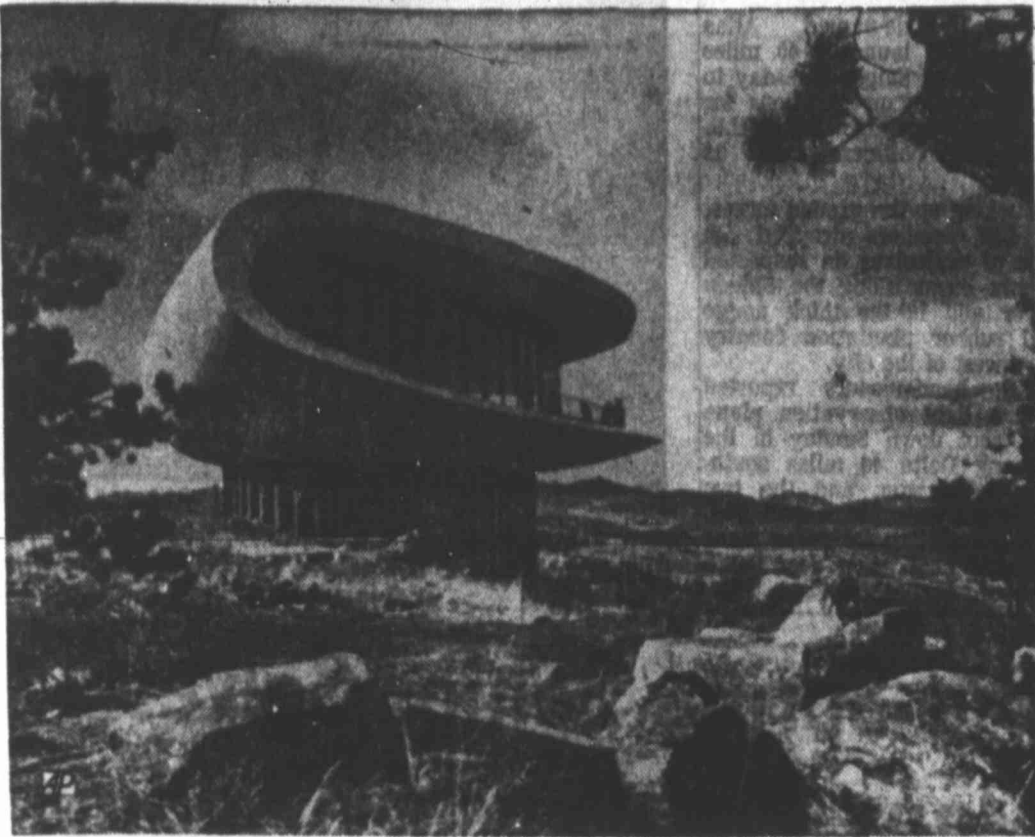

GRANDMA

JOEY IS WASHING DISHS

AND HE HAS AN ASSISTANT-- LITTLE LEROY

WHO MOPS UP THE DISHWATER DRIBBLES WITH HIS APRON AS HE DRIVES HIS TOY CAR AROUND THE ROOM!

ASSOCIATED PRESS NEWS IN PICTURES

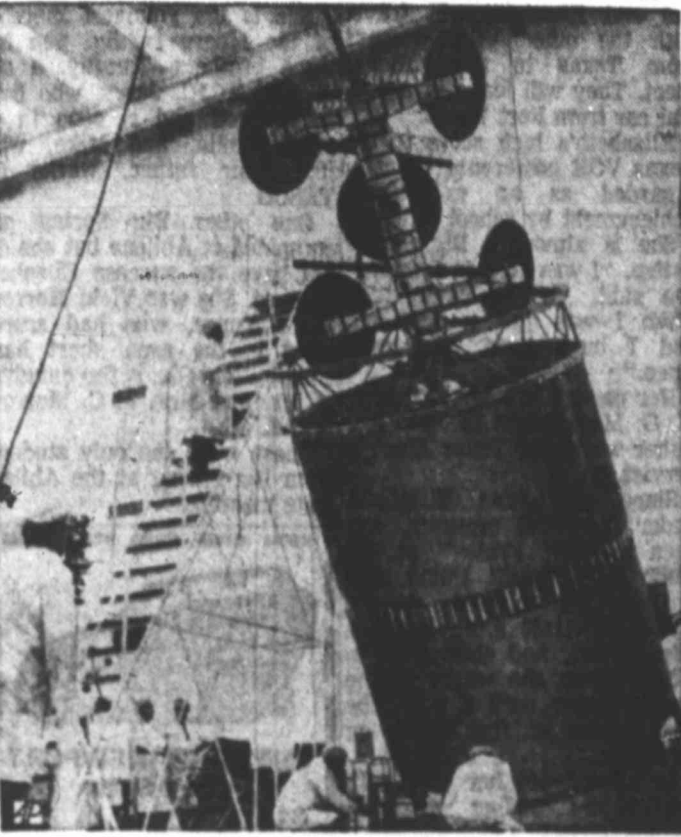

HORIZON UNLIMITED — Architect Charles Deaton built his "dream" home atop 8,000-foot Genesee Mountain 20 miles west of Denver. The three bedroom, three-level home, serviced by an elevator, commands a view of 80 miles over the mountain scenery.

TOUGH COVER — Postal carrier Paul Nolte got tired of getting facial frostbite in Fairmont, Minn. He now wears an acrylic grinder's protective shield on his rounds.

TOT 'N TANKARDS — Little Jane Shaw is hard put to indicate her preference as she's "framed" for cameramen between two Prince of Wales investiture souvenir tankards in London. Both have Welsh motto "The Red Dragon Gives Impetus" around the top.

GROUND TEST — Technicians check out a giant communications satellite at Hughes plant in El Segundo, Calif., before trip to Cape Kennedy and space orbit.

THROWBACK IN TIME — Lachaux may have been inspired by the early 19th century in the creation of this evening dress of pale green satin with embroidered sleeves.

LOFTY WORK — A boat's chair, bucket of grease, and lots of muscle are required to maintain "running rigging" of U.S. oiler Mattaponi off the Vietnam coast.

BEACH FUN — Diane Smith, who's far from the cold North, frolics with group of seagulls on Miami Beach. The temperatures there were conducive to lighthearted romping.

FRESH LOOK — A gay red, white and blue Federal print size tilt beret, with the matching scarf, is a Spring style for teenagers. The creation's by milliner Frank Olive.

MOVING SHOW — It's a glittering display as a worker places lockset parts on a conveyor for the next production step at the Emhart plant in Anaheim, Calif.

FUN ON THE RUN — It's a combination of dog and housewife power that draws this "bus" in Susaki, Japan. Tots are taken in this contraption over rough terrain to nursery school in the fishing and farming community in the southern part of Shikoku.

IT'S DIFFERENT — Fashion eye-catcher shown in London is this silver and pink pants-dress with knitted-pleated pantaloons covered with a black cotton tabard.

ANNIVERSARY BOOM — Guns of the Honorable Artillery Company fire salute over the Thames in the vicinity of the Tower of London. Ceremony marked the 17th anniversary of the accession of Queen Elizabeth II to the throne succeeding King George VI.

CAMERA ART — Use of a filter and high shutter speed provides cameraman with a picturesque silhouette of a couple in the Atlantic Ocean surf off Miami Beach, Fla.

SIGHT SELDOM SEEN — Priests walk in snow-covered St. Peter's Square in Vatican City. A rare heavy snowfall blanketed the Eternal City to provide the white setting.

U.S. No Longer Enjoys Seapower Superiority

WASHINGTON (AP) — An aging U.S. naval fleet and a lackluster shipbuilding program here allowed the Soviet Union to cut into United States superiority on the high seas, a House subcommittee said today.

The House Armed Services subcommittee on seapower says in a report prepared for release today that the United States no longer enjoys a clear-cut military and technological advantage over the Soviets in naval matters.

The subcommittee said the Navy should by the 1980s have a fleet of 850 modern ships, which should include 41 Polaris submarines and only nuclear attack submarines.

RIZ
Hello Down There

Now, it said, the average age of U.S. Navy ships is 17½ years, and 58 per cent of its combat ships are 20 years or more old.

RIZ
Why 'Best Burger' Circle J Drive-In??

It is developing a massive, well-balanced program in virtually all phases of seapower," the report says. "Such a program presents a formidable challenge to traditional freedom of the world's oceans, assured for years by a substantial superiority in seapower."

Welding Art Demonstrated

Al Long, instructor of commercial welding at Howard County Junior College, explained to members and guests of the Big Spring Art Association Tuesday night in Cosden Country Club's Blue Room, how he became interested in creating free formed sculpture from welded steel and bronze. He displayed a number of pieces, from delicate bird forms to massive candle holders, shaped from a combination of methods and metals by means of the acetylene torch and cutting torch.

Red Rocket Attack Kills 13 Civilians

SAIGON (AP) — The Viet Cong's ring offensive ripped into South Vietnam's northern sector today as big enemy rockets slammed into a Da Nang shantytown and ground troops made heavy attacks on U.S. and South Vietnamese forces guarding the nation's second largest city.
