## MISS AMERICA OF 1964

### To Wed Texas Speaker

AUSTIN (AP) — Texas House Speaker Gus Mutscher and Miss Donna Axum of Eldorado, Ark., Miss America of 1964, will be married in "early summer," Mutscher's office said today.

It is his first marriage, her second. She has a daughter, Lisa Buckley, 3½, by her first husband.

The speaker's press secretary, Margaret Koy, read a brief statement saying Miss Axum's parents, Mr. and Mrs. Hurley Axum of Eldorado, would make a formal announcement later.

Miss Axum, 27, is a member of the speech faculty at Texas Tech in Lubbock and will continue teaching through the end of this semester, Miss Koy said.

Miss Axum is a University of Arkansas graduate, receiving her bachelor of arts degree in speech and drama in 1965 and a master's degree in the same field in 1968.

The Outstanding Americans Foundation selected her in 1967 as Outstanding Young Woman of Arkansas and Outstanding Young Woman of America. Her beauty honors include Arkansas Miss Hospitality, 1960; Arkansas Forest Queen, 1961; National Cotton Picking Queen, 1962; and Miss Arkansas, 1963.

Mutscher, 36, received his Bachelor of Business Administration degree from the University of Texas at Austin in 1956. He was chosen Harris County Young Businessman of the year and in 1967 was selected as one of five outstanding Young Texans by the Junior Chamber of Commerce. Mutscher was first elected to the legislature in 1960, and was chosen speaker of the House Jan. 14, 1969.

His parents are Mr. and Mrs. Gus Mutscher of Brenham.

## Soviet Planes Fly Near To U.S. Coast

WASHINGTON (AP) — Soviet bomber flights to the fringe of North America have become so routine in recent months that U.S. fighters aren't always sent to intercept them, according to Pentagon sources.

Over the last 15 months, these sources say, there have been about three dozen incidents of Soviet planes flying near continental North America, usually Alaska or Canada.

However, the Soviets have been careful to turn back before actually flying over U.S. or Canadian territory, the sources said.

### SCRAMBLE

While continental defense officials occasionally may decide not to scramble interceptors, the Soviet bombers are always monitored on radar from the time they get within a few hundred miles of the North American coastline until they leave.

Only two or three of the Soviet missions have been disclosed officially by the Pentagon, which indicates the low key attitude the U.S. government is taking.

The most recent Soviet flight, sources report, occurred April 1 when eight to 10 TU16 Badgers came within 65 miles of Northwest Alaska.

The Alaskan Air Command scrambled F102 interceptors, but no nose-to-nose confrontation was necessary.

The Badger is a twin turbo jet aircraft roughly comparable to the old American B47 and capable of speeds up to 580 mph.

Seven other Soviet flights near U.S. territory this year are recorded on a list now stamped secret in the Pentagon.

### MORE INCIDENTS

In addition, there were more than 25 other similar incidents in 1968 not only off Alaska but near Newfoundland, Labrador, Iceland, and around the Aleutian Island chain in the Pacific.

Pentagon sources say the Soviets have been careful to halt their approaches within 30 to 150 miles of North American territory during the 15-month period.

Pentagon sources are frank to admit the United States has no real basis for complaint so long as the Soviet planes remain outside NATO territory.

Furthermore, the United States could hardly protest that the flights are provocative. Strategic Air Command training missions send nuclear-capable B52s quite regularly into Arctic regions near Soviet territory.

Sources believe the Soviets have three reasons for conducting what appears to be a regular program of flights toward the United States:

—They want to keep a constant check on how long it takes U.S. radar to detect incoming planes and scramble fighters to intercept them.

—The flights provide Soviet air crews with training made highly realistic when U.S. fighters meet them.

—The Soviets collect various intelligence information from the missions. Even without flying over U.S. territory, they can take long range photographs, test radar detection systems, and maintain data on American radio frequencies.

The decision whether to send U.S. jets to meet Soviet planes entering the air defense zone usually depends on the speed and angle of approach of the incoming flight.

## Missiles Hurt Several In Residential Areas

SAIGON (AP) — At least five rounds of rocket or mortar fire hit residential areas on Saigon's northern outskirts tonight, injuring several persons.

South Vietnamese spokesmen said the five rounds fell in a section of Gia Dinh, a major suburb, and two hamlets called Dong Nhut and Dong Nhi, on opposite sides of the Saigon River.

One report said one of the missiles hit a house, injuring a Vietnamese army officer, his wife and son.

First reports had said the explosives struck the huge Newport river supply terminal area about two miles north of downtown Saigon, and near the residential areas.

**SEVENTH SHELLING**  
It was the seventh shelling of the Saigon area in the current enemy offensive that began Feb. 23, and the first since March 30 when three 122mm rockets fell into the Saigon River near the downtown area, causing no casualties.

Agground, fierce fighting raged in bamboo jungles 40 miles northwest of Saigon Monday. While it was going on, a member of the U.S. Senate's Armed Services Committee flew overhead in a helicopter.

Sen. John G. Tower, R-Tex., watched American fighter-bombers, helicopter gunships and M48 tanks pound about 200 North Vietnamese entrenched in "spider" holes and other fighting positions covered by thick bamboo.

The senator's helicopter was not fired on, a U.S. spokesman said.

The battle raged for seven hours until dark "when the remaining enemy evaded and withdrew" the U.S. Command said.

Infantrymen from the U.S. 25th Division searched the battlefield and found the bodies of

33 North Vietnamese troops, 16 rifles and nine rocket-grenade launchers and machine guns.

Three men of the 25th Division were killed and seven wounded.

"We'd been probing that area looking for spider holes and fighting positions," an officer said, "and we found them."

The American troops, riding M48 tanks and armored personnel carriers, encountered heavy rocket grenade and machine-gun fire throughout the day. But spokesmen said none of the armored vehicles was knocked out.

The enemy troops were "really dug in," the American officer said. "They stayed to fight. Then what was left of them moved out under the cover of darkness."

The 43-year-old senator spent most of Monday afternoon with the 25th Division on the third day of his tour of Vietnam. He is scheduled to leave Wednesday.

Tower also visited the division's patrol base Mahone II, about 45 miles northwest of Saigon, the scene of heavy fighting in the opening days of the Viet Cong's spring offensive, which began Feb. 23.

**COMBAT**  
Tower's helicopter also set down near the Boi Loi Woods where he inspected the controversial Sheridan tank, which first went into combat in mid-February.

Lt. Col. Robert S. McGowan of Washington, D.C., told Tower that some modifications are being made on the new weapon but he said it is an outstanding fighting tank and is generally well accepted by the troops and command.

Rep. Samuel S. Stratton, D-N.Y., has said the tank has so many defects it is unsuitable for the war in Vietnam.

### HERALD OFFERS BOOK OF IKE

An impressive, close-to-the-news biography of Dwight D. Eisenhower — the only complete one ever written — is now available to Herald readers at a special price.

It is called "Eisenhower — A Gauge of Greatness," and has just been completed by Reimlin Morin, winner of two Pulitzer prizes, a special correspondent for the Associated Press and a close friend of Mr. Eisenhower for a quarter of a century. He has been able to accumulate much information about the American hero, and the result is an 8½x11 book with a 140,000 word text and more than 85 pictures — 264 pages over all.

The Herald offers this book for \$3 through a special order arrangement. The coupon which appears today on Page 7 should be used.

### West Texas Remap Puzzle

There could be some alignment of West Texas congressional districts under the ruling of the United States Supreme Court Monday.

One is well above the population average, another (this, the 17th District) is within the two per cent variance guideline, and two are well below the average.

Rep. Clark Fisher, San Angelo, with 445,315 in his district, has seven per cent more than the 416,678 average for the state. Rep. Omar Burlison, who represents this district, has 1.5 per cent more, or 422,063 in his district.

But Rep. George Mahon, Lubbock, has about 391,000 and this is more than six per cent under the average. Rep. Graham Purcell, Wichita Falls, is six per cent under with 394,457.

### Two Execs Killed

DeSOTO, Tex. (AP) — Two executives of a Dallas company were killed today when a Cessna twin-engine plane crashed and burned shortly after takeoff.

The crash occurred south of this Dallas suburb, just across the line in Ellis County. Killed were Emery Johnson Jr., 30, secretary-treasurer of the Texas Rubber Supply Co. of DeSoto, and William F. Curry, 42, the company's executive vice president and general manager.

A spokesman at the company said the two were on a sales trip to the Lubbock area. The spokesman said Johnson was the pilot.

The plane crashed shortly after takeoff from Redbird Airport, Ellis and Dallas sheriff's deputies and members of the National Transportation and Safety Board were investigating the crash.

## Achievement Awards Record

The list of nominations for the 1969 Youth Achievement Award closed out today, with the number of young people suggested for honors reaching 61, a record for the four year program.

Judges will be assembling shortly to go over the nomination lists, and pick a top winner for each of the three high schools in Howard County — Big Spring, Coahoma and Forsan.

The awards will be presented at a banquet on April 18, with the three winners receiving trophies and watches, appropriately engraved. All nominees are to receive gifts and certificates.

The young people who have been cited for outstanding leadership in school, church and

community affairs will be recognized at the banquet. They are being invited to bring their dates and their parents to this event, to be held at the Cosden Country Club.

The program is sponsored by The Herald and Zale's, to give recognition to boys and girls of the senior and junior class level who are exhibiting the marks of community leadership.

Latest nominees are: Tommy Polk, Big Spring; Terry Wooten, Forsan; Sharon Roman, Coahoma; Peggy Rihard, Big Spring; Barbara Lou McAlister, Big Spring; Patricia Ann Macklin, Big Spring; Sharon Andrews, Big Spring; Anne Talbot, Big Spring; Clayton McKinnon, Forsan.

### SURVEY REVEALS Color TV Sets Hurl Dangerous Radiation

RIVERHEAD, N.Y. (AP) — A county survey of 5,000 Long Island color television sets has shown 20 per cent emitting potentially dangerous radiation — regardless of manufacturer or model.

Results of the two-year survey by the Suffolk County Public Health Service were disclosed Monday by County Executive Lee H. Dennison, who said the county was providing free inspection of color sets to all county residents who requested it.

Seymour Becker, county physicist who conducted the survey, said the age of the set, size of screen and type of cabinet did not figure in his findings but "dangerous levels of radiation" were found in all types.

Owners, informed that their sets were emitting the dangerous X-rays, returned them to manufacturers for repair, he said, and although some sets were repaired free, other owners had to pay \$15 or \$25 for the service.

Black and white television sets, not included in the Suffolk survey, have never been found to produce harmful rays.

## Moderate Job Gains In U.S.

WASHINGTON (AP) — Moderate job gains boosted the nation's total of employed workers only slightly last month, and there was no significant change in the unemployment rate, the government reported today.

The Labor Department's Bureau of Labor Statistics said the March increase in employment — to 77.7 million — was the smallest gain in six months.

The over-all unemployment rate, the bureau said, was 3.4 per cent in March compared with the 3.3 per cent rates of the previous three months. The small rise was attributed mainly to unemployment among teenagers.

Harold Goldstein, assistant commissioner of the bureau, said the most significant increase in employment was in the construction industry. He said that even though construction jobs increased less than seasonally for the February to March period they remained at the highest March level — 3.1 million — since 1968.

"We are watching to see if the high cost of money is going to curtail construction activity but we don't see it yet," Goldstein said.

Over-all, the bureau statistics showed, employment was up 145,000 from February after adjustments were made for seasonal factors.

Goldstein said this was slightly less than half the average gain registered in the previous five months but was about the same as during most of last year.

King Hussein Carrying Warning

WASHINGTON (AP) — Jordan's embattled King Hussein arrived for talks with President Nixon today, expressing fear that another major war threatens in the Middle East with the "possibility of outside involvement."

"If no solution is found I think the danger of another major conflict in the area in the not too distant future is very real," Hussein said Monday as he arrived in New York en route to talks with Nixon today.

The 34-year-old monarch who has steered his wracked nation through 16 years of war and peril said he welcomed Big Four efforts to settle Mideast tensions and said he hoped they are successful.

But within hours after making his comments, guns blazed across the Jordanian-Israeli border and 13 people were wounded in another of the almost continuous duels that keep the region's tempers at white heat.

Dallas Hotel Must Be Sold

DALLAS (AP)— U.S. Bankruptcy Referee Elmore Whitehurst ruled Monday that the luxurious Dallas Cabana Motor Hotel must be sold by May 6 or its mortgage holders can foreclose.

Whitehurst gave the owners an additional three weeks to sell the hotel, but he also permitted the Teamsters Union, holders of the first mortgage, to post foreclosure notices.

Owners of the motel are negotiating with one buyer who has offered \$5.5 million for the property, said Hubert Johnson, representative of one group of the Cabana's owners.

Another of the group's representative said the property has also drawn a \$4.5 million offer from the California-based Hyatt House Motel chain.

The General Electric Credit Corp. owns a \$600,000 second mortgage on the motel, and \$200,000 is owed to various other creditors.

Saw Dust Kills Waco Fireman

WACO, Tex. (AP) — A young Waco fireman watering down a smoldering saw dust heap died Monday when the saw dust collapsed around him.

The victim, Jimmy Fox, 21, had just completed his six-month probationary period with the city fire department.

Fox and another fireman, Herman Webber, crawled into a large metal silo at Love Wood Products to spray water on the burning saw dust.

Webber said he was covered up to his chin and Fox, who was behind him, had only his mouth showing above the saw dust.

"I worked an arm loose and tried to dig saw dust out of his mouth," Webber said, "but it kept falling back inside it. I pulled myself loose but Fox had already turned purple."

It took 20 minutes for firemen, using bare hands and shovels, to free Fox.

Webber was not seriously injured.

tacks against Aqaba.

In another important development Monday Secretary of State William P. Rogers declared at a news conference that "Israel has a right to exist."

Rogers made no mention of any Arab countries directly, but his remarks were considered a stiff rebuke to the Arab position.

Hussein is one of the most flexible and pro-Western of the Arab leaders. But he rules a land short of its richest produce and overcrowded with refugees which has become a main base for Palestinian guerrillas waging hit-and-run war against Israel.

In advance of his meeting with Nixon, Hussein said he did not have a plan for peace but said "I do believe I have some good thoughts to put forth."

NO CHOICE

He is known, however, to believe that all hopes for peace lie with the talks that opened in New York last week between the United States, the Soviet Union, Britain and France. He also believes that continuing tension in the Middle East can only help the Soviets.

Hussein has warned that should the U. N. fail to bring peace "there will be no alternative but to take up arms—every one of us will then become a commando."

In return for Israel's withdrawal from occupied territories, Hussein is believed ready to make some adjustments in the borders his country had before the 1967 June war.

It is said that he might agree to demilitarization of the west bank of the Jordan River which before the 1967 war exposed Israel's midsection.

The future of Jerusalem, however, remains the thorniest problem.

Hussein has been publicly uncompromising in his demand for the return of the Arab Old City site of Islam's third holiest shrine and no Arab leader could afford to surrender it willingly.

Says Ford Funds Funnel 'Hate Gringo' Literature

SAN ANTONIO (AP) — Rep. Henry B. Gonzalez, D-Tex., says \$10,000 in Ford Foundation money is being used to finance distribution of "hate Gringo" literature here.

Gonzalez, of San Antonio, said he will report on this hate literature and anti-Anglo sentiments to the House Banking and Currency Committee, which now is investigating the Ford Foundation.

U.S. Rep. Wright Patman, D-Tex., chairs the congressional committee.

More than \$135,000 in Ford Foundation money has been funneled into San Antonio Mexican-American projects, Gonzalez told the San Antonio News.

One group receiving funds is the militant Mexican-American Youth Organization (MAYO), Gonzalez said, charging:

"And this is money that has underwritten and paid for the circularization and printing and general dissemination of the hate literature and the clearly calculated activities intended to arouse public passion and civil disorder."

Speaking of Jose Angel Gutierrez, head of MAYO in Texas, Gonzalez stated, "it is ironic that he hates gringos and accuses them of being the sole reason for the downtrodden condition of Mexican-Americans, but doesn't mind accepting in excess of 10,000 gringo Ford Foundation dollars."

He accused Ford Foundation agents of "irresponsible, half-

baked, and inefficient local administration" of Ford Foundation funds.

The New York City teacher strike can be blamed on similar handling of such funds, Gonzalez said. Ford Foundation money "was at the bottom" of the strike, he said.

"We have heard much about government mispending, but the carrying out of these Ford Foundation projects with tax-exempt funds makes most of the bizarre misadventures of government spending look like child's play," Gonzalez said.

Rep. Patman's committee is "making an exhaustive and detailed examination of the Ford Foundation and wide use of its tax exemption," Gonzalez said.

Officials of the Ford Foundation have explained as their reason for financing Mexican-American projects an intention "to help set up a national organization of Mexican-American similar to the NAACP of the Negro minority," Gonzalez said.

U.S. Offers Olive Branch To Peking

WASHINGTON (AP) — The Nixon administration, rebuffed by Communist China less than a month after taking office, has again extended the olive branch to Peking.

"We would like to have more friendly relations with Communist China," Secretary of State William P. Rogers told his first formal news conference Monday.

He said it is possible the Ninth Communist party conference in Peking will end with some change of direction in the Asian giant's foreign policy.

"But in any event we are willing to do what we can do to

have more friendly relations with Red China," he added, "but we are not going to do it in the spirit of exploiting it because we think it will give us some advantage against the Soviet Union."

Another round of talks between U.S. and Chinese spokesmen was scheduled for Feb. 20 in Warsaw, but the Chinese abruptly canceled it shortly after one of their diplomats defected to the West.

The State Department takes the position that it is up to the Chinese to reschedule the talks. Sources say they have made no such move.

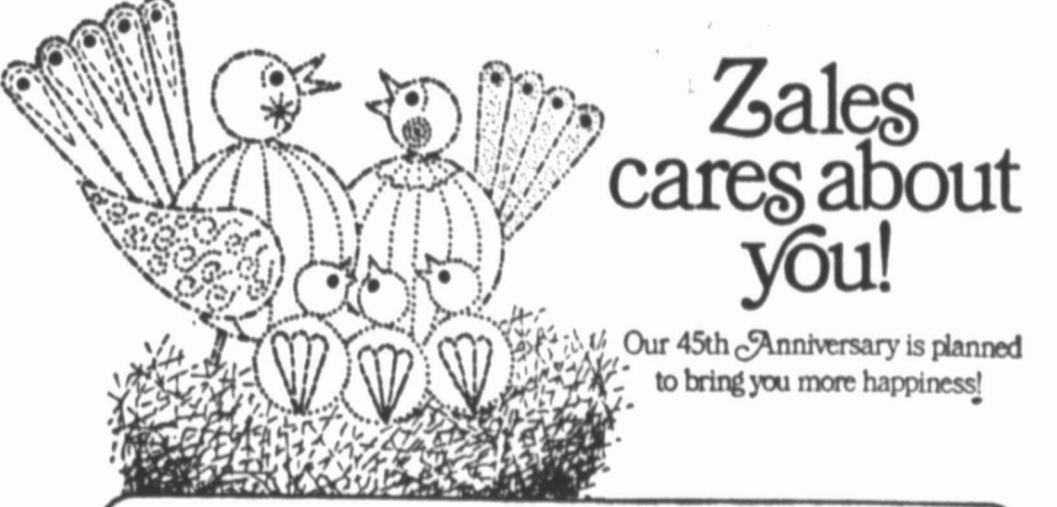

Rogers also dealt with the ticklish question of American military bases and control in Asia by putting the administration on the record as acknowledging that "changes have to be made with the passage of time."

Pressure is strong in Okinawa for return of the island to Japanese control. It was wrested away in the last bloody battle of World War II and is now supervised by an American high commissioner. It is also home for many of the B52 bombers that bomb South Vietnam.

Rogers pointed out that talks will be held with Japan's foreign minister Kiichi Aichi in June and with prime minister Eisaku Sato who will visit the United States in November.

"We hope that we can work something out on Okinawa that will be mutually satisfactory," he declared.

He said the Nixon administration is reviewing all of its commitments and each time when one of the base agreements involving troop deployments overseas comes up for renewal, "we will consider it."

# Short Course Set April 15 At Dawson County Fair Site

LAMESA — A five-county swine and beef short course for hog breeders of Borden, Dawson, Lynn, Howard and Gaines County, opens April 15 at the Dawson County Fair Grounds. The short course will run through three days. Two days will be devoted to swine and one to cattle.

Opening session is at 9 a.m. on April 15. Monte Griffin is master of ceremonies for the morning meeting. Registration is the opening feature followed by the judging of market barrows. This session is in the women's building at the fair grounds.

Dr. Frank Orts, extension meat specialist with Texas A&M

University, will speak on market barrows. Lyndon Almond, area entomologist, A&M, will talk on control of external parasites.

Dr. Donald B. Hudman, animal husbandman, A&M, will discuss the three house farrow to finish system. A Dutch lunch will be served at noon.

At 1:30 p.m. Shorty Farmer takes over as master of ceremonies for the afternoon meeting. Dr. Lowell Schake, area livestock specialist, will speak on making of homemade supplements. Ronnie Wood, manager of the Daw-Tex Swine Co., Lamesa, will discuss managing a commercial swine operation. A tour of the local swine operations will close the first day's program.

Paul Gross, Howard County agricultural agent, is master of ceremonies for the morning session on April 16. Dr. Orts will speak on cutting of carcass barrows. Dr. Hudman is to discuss diseases and internal parasites of swine. John McHaney, A&M, will review the outlook for swine in Texas.

At the afternoon session on April 16, Lee Roy Colgan, Dawson County agricultural agent, will be master of ceremonies. He will present Dr. Hudman who will talk on feeding sows from breeding through weaning. Dr. Orts will discuss carcass barrows and the results shown.

The final day of the three day session will be at the Pioneer Park Community Center on April 17. It is the one day devoted to beef problems. Registration opens the session.

## Two More Texans Killed In Action

Mrs. Ruth McKnight, with Furr's, will demonstrate Pro-Ten beef.

The registered ranchers will be guests of Furr's at a luncheon with the Dawson County Home Demonstration Council assisting.

Mildred Crump, Dawson County home demonstration agent, will discuss the nutritive values of beef at the afternoon session.

Dr. Orts will review the selection and cuts of beef.

Mrs. Frances Wheat, home economist, Texas Electric Service Co., Big Spring will review beef cookery.

## Josephine Gave Her All For 'Mama'

ENID, Okla. (AP)—Josephine is new in the acting world but she gave her all.

She was on a verge of having kittens, but she allowed cast members to cuddle her and she purred like she was supposed to.

She even played the part of a tom cat in the play, "I Remember Mama," produced by the Enid Community Theater.

Finally, all that attention and her delicate condition gave her a case of nerves and she disappeared. Or perhaps it was a tom cat, Smokey, who was her stand-in that gave her the blues.

The cast had Smokey in the wings just in case the cat stock arrived before the final performance.

Josephine, owned by Krista Agee, ignored her pains and pride and made it through three scenes in the play — except the final performance, a Sunday matinee.

She retreated under the stage and ever so often a loud, mournful yowl interrupted the performance overhead.

Josephine was not the only unhappy one. The owner of Smokey, 6-year-old Jim Mathison, complained to his mom that Smokey got no billing.

Josephine never did get to become a mother. She was found dead of an unknown cause two days after the play.

Picasso Stolen

Picasso's "Woman Weeping" was among 25 paintings valued at about \$720,000 stolen from the home of Sir Roland Penrose, a trustee of London, England's, Tate Gallery, last weekend. This Picasso has an estimated value of between \$144,000 and \$192,000.

## Scotland Yard Checks Airports And Seaports

LONDON (AP) — Scotland Yard detectives watched airports and seaports today for thieves who stole 25 modern masterpieces valued at more than \$720,000 from the London apartment of Sir Roland Penrose.

Penrose, a friend of Picasso, is the owner of one of Britain's most notable private collections of modern art. The stolen works included six Picassos, paintings by Braque and Chagall and a drawing by Henry Moore.

The burglars forced open the front door of Sir Roland's apartment in Kensington while he was away for the Easter weekend. The collector said they removed them from the frames

## Take A Look At Proposed Tax System

WASHINGTON (AP) — What might a new, simple income tax system look like if Congress simply got tired of repairing the old one, junked it and started over?

Although practically no one expects the lawmakers to do anything so drastic, a few hardy witnesses at the House Ways and Means Committee's tax reform hearings have testified about what revision from the ground up might mean.

Generally, they have sketched a tax system that could reduce the time required for making out one's return to five minutes.

Wiping out practically all exemptions and deductions would do that. And making all income subject to tax would allow the government to raise the same amount of revenue with lower tax rates. In fact, there is a small but vocal school of tax economists advocating the same rate for everyone—probably something between 15 and 30 per cent.

A flat-rate tax appears to run counter to the basic principle of the present system but some proponents say it could be even more "progressive" higher in effect on the bigger incomes than the present tax. It could be made so by providing a much higher personal exemption or a direct tax credit for each individual.

In one of the more elaborate presentations to the committee, J. A. Stockfish of Washington undertook to prove with a wealth of figures that a flat rate tax of 25 per cent, but providing an exemption of 1,500 for the taxpayer and each dependent and abolishing the present separate Social Security tax, would result

## More Security With FALSE TEETH At Any Time

Don't live in fear of false teeth loosening, wobbling or dropping just as the wrong time. For more security and more comfort, just sprinkle a little PARTITEEN on your plates. PARTITEEN holds false teeth firmer. Makes eating easier. No pasty, gooey taste. Helps check "denture breath". Dentures that fit are essential to health. See your dentist regularly. Get PARTITEEN at all drug counters.

in a better-graduated system than the present one. The present personal exemption is only \$600, but the code is studied with special deductions and provisions for treatment of different kinds of income in different ways. He cited estimates that the average actual tax now paid on total income is about 10.8 per cent in the \$10,000-\$11,000 bracket; that it increases only to 23.8 per cent in the \$100,000-\$150,000 bracket and above that actually declines slightly, so that the average for incomes of \$1 million and over is 26.7 per cent.

 An imaginative defensive play by West put the finishing touches to declarer's five club contract.

South opened the bidding with one club and West overcalled with one spade. North freely bid two hearts and East offered his partner a distributional raise to two spades. South was willing to take his chances on game once North had acted, and he jumped directly to five clubs. Observe that this call is not considered to be a shutout. If partner has appropriate values, he is at liberty to carry on.

West opened the king of spades on which East dropped the queen. This is a conventional signal that guarantees the ability to win the next trick in the suit and requests an underlead of the ace on the next round.

West despaired of being able to put his partner in, for he was convinced from the bidding that South had a singleton and would ruff a spade continuation.

It appeared to West that the only hope for defeating the contract rested in the establishment of a diamond trick. There was obviously little time to lose, for dummy's heart suit loomed as a potential source of discards once West's trump trick was dislodged.

At trick two, West shifted to the king of diamonds. Declarer played dummy's ace and led a trump to his hand. When East showed out on the second club, it revealed that South was off a trump trick. Since he also had to lose a diamond, there was no way that he could make the hand.

Observe that, if West continues spades at trick two, declarer ruffs, cashes the ace, king of clubs, followed by the ace of hearts and then gives up a trick to the queen of trumps. When South regains the lead, North is put in with the ace of diamonds and declarer obtains two diamond discards on the king and queen of hearts. All he loses is one spade and one club.

**Reflection Of Spring**

An unidentified man strolls along a downtown Dallas street Monday in an outfit that really reflects Spring. With the temperature in the 80's, he was dressed in hat, coat, tie and shorts. Could this be coming men's fashions?

**Delegates To Deanery Appointed**

Mrs. Crescencio Padilla and Mrs. Margarito Escobedo were named delegates to the Big Spring Deanery during Monday's meeting of St. Thomas Altar Society at St. Thomas Catholic Church.

The deanery will be held April 25 at the Sacred Heart Youth Center. A garage sale was slated in the church basement, 506 N. Main, April 19, and plans were made for the mid-summer festival to be held July 19-20.

Those appointed by the president to the refreshment committee for May were Mrs. Manuel Dominguez, Miss Tina Molina, Mrs. Padilla and Mrs. Nienes Galvan.

Mrs. Juan Munoz received the door prize. The next meeting will be May 5 at the church.

**Mrs. Guy Cook Talks On Judging**

Mrs. Guy Cook, national flower show judge and a member of the Four O'Clock Garden Club, was guest speaker at Monday's meeting of the Men's Garden Club in the Veterans Administration Hospital.

Mrs. Cook spoke on basic arranging and judging, and she discussed the various points considered in an arrangement when being judged. She explained how to prepare flowers for a show, the mechanics of arrangements, containers to use, harmony, symmetry and line.

Arthur Eitzen was elected a two-year director, and L. D. Bender was named delegate to the Big Spring Council of Garden Clubs.

Plans were discussed to attend the convention slated July 20-24 in Ft. Collins, Colo.

**Couple Marries In Ruidoso Ceremony**

Mr. and Mrs. Jerry Glen Cox are on a wedding trip following their marriage Friday afternoon in the First Baptist Church in Ruidoso, N.M. The Rev. Leon Bruce performed the double ring rites.

The bride was the former Miss Sherry Lynn Vest, daughter of Mr. and Mrs. R. C. Vest of Stanton, and the bridegroom is the son of Mr. and Mrs. Glen Cox of Lenora.

The bride was attired in an ensemble dress of champagne knit and matching coat. She wore a brief veil attached to a flat Dior bow and alligator bone accessories. She carried a bouquet of yellow orchids accented with mint green.

Mr. and Mrs. Cox are both students of Texas Technological College, where she is a sophomore majoring in government, and he is a junior student in the school of Business Administration. She is a member of Phi Nu Epsilon, Foreign Service sorority.

An informal reception was held immediately following the ceremony at the Villa Inn in Ruidoso. Out-of-town guests attending were the parents of the couple and Miss Susan Vest of Stanton.

The couple will be at home at 2104 20th Street, Apt. B, in Lubbock.

Mr. and Mrs. Cox were hosts for a dinner Thursday evening honoring the bridal couple and family members.

**Hints From Heloise**

**Dear Heloise:**  
 If I'm going to make a salad I get it ready ahead of time and store it all in a large plastic bag in the refrigerator. Makes it real crisp.

**When it is time to prepare it, all I do is pour the dressing in the bag and shake well.**

**After I have worked the dressing through the salad thoroughly, I just empty it into a bowl and presto, no messy hands or counter just before dinner.**

**I also use this same trick for graham cracker crust.**

**After crushing the crackers in the plastic bag with a rolling pin, I add the butter and sugar and work it together in the same bag.**

**After it is mixed, I pour it into the pan and have no mixing bowl mess to clean up. I just throw away the bag ... Theresa Hess**

**Dear Heloise:**  
 Those worn-out suction cup bath mats that you use in the shower and tub make excellent protectors for the top of your washer.

**Dear Heloise:**  
 I have a dandy for you. I buy inexpensive gauze, cut it into squares twice the size of my floor mop and lay it out flat on the floor. Then I place the mop in the middle, pick up all four corners of the gauze, give it a little twist around the pole and pin tight with a safety pin.

**The unbleached gauze is really best because toweling and blanket material is too heavy to pin, and sheeting is no good. I find sheeting only throws dust from one place to another without picking it up.**

**This gauze-covered mop attracts dust like a magnet and is excellent for highly polished floors.**

**There is never any dirt and dust in my mop to shake out of windows or back door ... Mrs. Margaretta Holmes**

**Dear Heloise:**  
 I use a discarded floor lamp (minus shade and cord) for a portable, convenient clothes valet while ironing ... Mother of Many

**LETTER OF THOUGHT**  
**Dear Heloise:**  
 Maybe baby doctors will think I'm crazy, but I have two young boys who, as any mother knows, are always fighting.

**A good healthy argument was all right, but when they hit each other, that was a different story. But that's the way it always seemed to end up.**

**So I purchased two inexpensive pillows and gave each boy a pillow with his brother's name on it, and told them that whenever they get angry at their brother, instead of hitting each other, to punch the pillow.**

**Now when they have an argument, they run for the pillow and punch it like mad and say whatever they want to to the pillow.**

**This way each one gets the anger out of his system and there's no punishment for hitting his brother ... Mrs. A.H.**

**Dear Heloise:**  
 We have a cat who sheds. Cat hair just couldn't be removed from my black dress and blouse, so I threw them into my drier and turned the dial to "air."

**When I removed them, all the lint was gone. Did I discover something, or is this an old story? ... B. King**

**Shug, you figured out the easy way. Thanks for the idea ... Heloise**

**Dear Heloise:**  
 I've found the perfect innersole to replace a worn one.

**I use a piece of self-adhesive quilted shelf paper. Just cut it to fit the shape of your shoes. It's pretty, and, oh, so soft! ... Ann Freeman**

**I bought some, Ann. You're right, it's great ... Heloise**

# Election Today In Fort Worth

FORT WORTH (AP) — An estimated 36,000 voters headed to the polls today for a city election dominated by a surprisingly low-key mayor's race.

Although stormy at times, the three-man battle for the mayor's seat never ignited the fireworks most observers had predicted.

At stake were nine council seats, including place 1 where Mayor DeWitt McKinley was opposed by Councilman R. M. "Sharkey" Stovall and attorney Harold Valderas.

In all, 24 candidates were seeking the nine seats.

City Secretary Roy Bateman touched off a political furor in the twilight stages when he ordered seven candidates stricken from the ballot.

He said they did not meet the deadline for filing campaign expense reports.

Amid a flurry of legal suits, a district judge restored the seven to the ballot the next day.

The only unopposed candidate was Dr. Edward Guinn, the first Negro in history to win a Fort Worth council seat. He sought a second term in Place 6.

McKinley's reign as mayor was riddled with controversy, beginning with his stunning upset two years ago over Mayor Willard Barr, candidate of the city's recognized power structure.

Since then, McKinley 61, and a lone political ally, Harris Hoover, have frequently been at odds with other council members, sometimes referred to as the "solid six" or "solid seven."

Hoover, in his own political advertising, has sought to link Stovall to the "solid seven" in an unappealing way. Stovall labeled Hoover "the mayor's mouthpiece."

With Hoover doing most of the jousting for him, McKinley remained largely above the fray. Valderas has hammered away at the council split, contending

he alone could bridge the gap.

"Both my opponents say the other is unfit to be mayor of this city, and I agree with both of them," he quipped.

Besides McKinley, Stovall, Hoover and Guinn, three other incumbents sought reelection. They were Ira Kersnick, Place 4; W. S. Kemble, Place 8; and Mayor Pro Tem Bill Sarsgard, Place 9.

## Horoscope Forecast

TOMORROW

—CARROLL RIGHTER

**GENERAL TENDENCIES:** This is a day when you need to use all your self-control to keep from making remarks that could lead to arguments or quarrels. See that you center your activities in areas that have to do with governmental responsibilities. Take care of obligations connected with utilities or big business.

**ARIES** (March 21 to April 19) If a vital that you impress on others that you are most aware of and conscientious toward your duties. Build up the good will you desire. Improve your credit now if possible.

**TAURUS** (April 20 to May 20) Your ideas could lead to some fine pioneering in your own line of endeavor. Stick to orthodox methods in carrying out your ideas or you could get into deep trouble.

**GEMINI** (May 21 to June 21) Show your superiors that you understand orders given and will execute them. Save working time. Demonstrate your true devotion to your loved one and you will make your own life happier.

**MOON CHILDREN** (June 22 to July 21) Study well whatever is most important in association affairs, but don't put any plans in operation as yet. Honor promises made without hesitation and save partners' reputations as well. Be happy with your mate tonight.

**LEO** (July 22 to Aug. 21) Tackle those duties that seem difficult and have been impossible to handle before this. Go ahead with those treatments to improve your health. Vitality means much for your success.

**VIRGO** (Aug. 22 to Sept. 22) Choose a form of recreation that you can enjoy alone as a healthy escape from worries. Save some money. It is important for you to cut down on all expenses. Plan just how you are going to do it.

**LIBRA** (Sept. 23 to Oct. 22) Agility is necessary in all that you do today. A good day to talk over problems of a home in a kind and sensible way. Get the right results. Rid yourself of what ever you wish out.

**SCORPIO** (Oct. 23 to Nov. 21) Do a favor for persons who are able to give you real assistance in your present projects. Go over those statements and see if you made any errors. Stop taking such unnecessary chances.

**SAGITTARIUS** (Nov. 22 to Dec. 21) Go over your budget more carefully and work on your property so that it suits your own tastes more. Be more economy-minded. Don't be foolish and spend so much for a new venture that can't help but fail.

**CAPRICORN** (Dec. 22 to Jan. 19) Test your wisdom by handling now some personal affair that requires immediate attention. Refuse all social invitations tonight no matter how interesting they may sound. Be wary and you won't regret.

**AQUARIUS** (Jan. 20 to Feb. 19) Why don't you do something constructive about all those little worries you have? Then you can proceed with work that is important to your welfare. Assist an otherwise good organizer who is not feeling well. Give valuable ideas.

**PISCES** (Feb. 20 to March 20) Stay away from acquaintances who are always undertaking shady ventures; you won't regret it later. They don't have your values. Keep busy at your own affairs and make really big headway.

## Cool Front Losing Its Punch In West Texas

By The Associated Press

The latest cool front stalled across West Texas during the night and its effects on the state's weather appeared to be dwindling today.

Light rain or drizzle dampened areas around Houston, San Antonio, Del Rio, Austin and Fort Worth in early morning. It was at least partly cloudy in most other sections.

Official observers looked for brisk south breezes to keep blowing ahead of the Pacific front as it started edging eastward again along a line from the Panhandle south between Midland and Wink into the Big Bend country.

Forecasts held out prospects for possible thunderstorms to-

night in North Central and Northeast Texas and some light rain or drizzle in the south central and southeast parts of the state.

Slightly lower temperatures were expected behind the front in the Panhandle and the rest of West Texas.

With the cool front losing its punch, there seemed no likelihood of another tornado watch like that posted several hours Monday for 15 Texas Panhandle counties. It was cancelled before nightfall with no word of damaging weather.

## Memorial Planned For Lt. Hale

Mrs. J. R. Hale has received word that Baylor friends are in the process of establishing a memorial to her son, the late Bill Tom Hale.

She received a telegram Monday from Lt. Mike Warner in Chula Vista, Calif., that such a step was being taken. Lt. Hale, U.S. Marine Corps, died in a helicopter crash in Vietnam Oct. 11, 1968. He was a 1962

graduate of Big Spring High School and earned his degree at Baylor University in 1967 before entering the Marine Corps and training at Pensacola, Fla.

## Dear Abby A 'Choosy' Bachelor

DEAR ABBY: I am 28, a bachelor, and a college graduate. I recently returned to this town to head my late father's business. I have been decorated in combat and have seen my share of the world, and now I am ready to settle down for the right girl.

Finding a desirable mate among wet-nosed college co-eds is virtually impossible.

Nonetheless, there is one who has become rather special. We dated in high school. She was the local beauty queen and is still very attractive. However, she is divorced and has two children.

I could care for this woman and the question of marriage has crossed my mind, but in my present business position I shudder at the thought of shackling myself with children who aren't mine, and a "second-hand Rose" with crumpled petals.

DEAR S.O.S.: Sounds to me as though the little lady has already had her share of headaches, so give her a break and look further for a mate. If you regard a divorcee as a "second-hand Rose with crumpled petals" and admit that you can't accept another man's children as your own, this woman is not for you.

DEAR ABBY: We have many children in our neighborhood who have B.B. guns. One 14-year-old started coming into my yard to shoot birds, and I saw him handling his gun in a very irresponsible manner. I called his mother and told her if her son was going to use a gun, he should go to the YMCA and take a course in the proper handling of firearms. She told me he KNEW how to handle a gun, yet I've seen him pumping his gun with the barrel pointed toward his head. I then told her that since I have children who are six and eight, those playmates come over a lot. I didn't want her boy in my yard with his gun. (One child had already suffered a chipped tooth from a shot in the mouth.)

Well, the next time I saw the boy in my yard with his gun, I called the police. Not out of

anger, but out of concern for his own safety as well as the safety of others. I didn't sign a complaint. I just told the officer to talk to him.

Now the boy's mother is furious with me. She said I should not have called the police, that I should have called her again, instead, Abby. I like this woman. If you say I'm wrong, I'll apologize.

MRS. H. DERBY, KAN.  
DEAR MRS. H.: No apologies are necessary. I think your neighbor should send you a dozen sunflowers.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Calif., 90069 and enclose a stamped, self-addressed envelope.

## Mom Explains Her Position

The mother of six children, five of whom were taken to the Methodist home in Waco in mid-February, said Tuesday that she wanted to correct the impression that she had abandoned them.

Mrs. Gladys Williams, Irving, said that she left here to seek employment in another city, but that she was at all times in touch with the children who were staying with their grandmother.

She said the children are happy in the Methodist home and doing well, and that she is grateful that the Rev. Lynward Harrison, of the First Methodist in Coahoma, was able to get them in.

"I was working here for \$25 a week and that won't go far with six children," she said. "So I went elsewhere looking for something to do and left the children with their grandmother. I phoned regularly, and I sent some support, and we got a little help from their father. But they knew where I was all the time."

Currently she is in nurses training in a hospital at Irving, she said.

# Human Heart Beats In Chest Of Karp

HOUSTON (AP) — Haskell Karp, who had survived 65 hours with a mechanical heart, was reported today to have developed pneumonia.

St. Luke's Episcopal Hospital reported this 28 hours after the 47-year-old Skokie, Ill., resident had received a human heart in the 19th transplant performed at the hospital.

**HE IS TIRED**  
"Mr. Karp has developed a patch of pneumonia in the right lung and his kidney function is depressed," the hospital bulletin said. "He remains responsive but he is tired. Doctors are hopeful he will respond to medical management."

There was no indication when another bulletin would be issued.

Prior to the mid-morning report, Karp's condition had been listed as satisfactory.

Cooley had said Monday that Karp has a "low incidence of rejection and will be unlikely to reject" his new heart.

**CAN BUY TIME**  
"We think he is a favorable type of recipient," Cooley said of Karp in Houston.

It was Cooley's 19th such operation.

Cooley said the eight-ounce plastic and fabric heart he implanted in Karp's chest on a temporary basis last Friday will allow persons to live until a human donor is available.

"With the mechanical heart we can buy time until a transplant donor can be obtained," he said. "This offers us the backup we have wanted for such a long time."

Cooley was reminded by newsmen that only recently he had predicted artificial hearts would not be practical for some time.

"This is the artificial heart," he said. "We've put up one spunkit, you might say. If we could develop a power pack that could also be inserted we could expect it to sustain life much longer."

**SURGERY FRIDAY**  
Surgery was scheduled Friday to repair a severely damaged heart chamber, and Cooley told

Karp there was a 30 per cent chance of failure and that the world's first completely mechanical heart might be required.

The operation was only 45 minutes under way when surgeons decided the experimental device had to be used on an emergency basis.

Karp responded well and joked with Cooley Sunday. Mrs. Shirley Karp, meanwhile, had issued an emotional plea for "someone, somewhere" to make a donor heart available.

Cooley said he followed the public appeal with personal calls to 25 or 30 surgeons in cities throughout the nation.

**Nude, Battered Body Identified**

CLODINE, Tex. (AP) — A former classmate and two uncles have identified the nude and battered body of Mrs. Maria Guzman Bryan, 22, of Houston.

Authorities said two passing motorists discovered the body near Farm Road 1092 Sunday afternoon.

An autopsy by Houston's Ben Taub Hospital Monday revealed the woman died of multiple skull fractures.

Port Bend County Sheriff R.L. Gaston said an automobile had run over the body several times and she had suffered a beating on the head with bottles. Two bottles were found near the body. One had blood on it.

A Baytown woman learned of the 1965 classing Mrs. Bryan was wearing with initials M.E.G. and identified the body as that of her former classmate at Los Fresnos High School. Mrs. Bryan was also wearing a wedding band.

Gaston said his office was trying to locate Mrs. Bryan's father and an aunt who reared her near Los Fresnos in the Lower Rio Grande Valley.

**Opens Moral, Legal Issues**

BOSTON (AP) — Massachusetts Atty. Gen. Robert H. Quinn says the transplant of a woman's heart into the body of a patient in Houston, Tex., opens "complex moral and legal issues."

The heart of Barbara Ewan, 40, was placed in the chest of Haskell Karp, who had been kept alive for 65 hours with a mechanical heart. Mrs. Ewan had suffered irreversible brain damage. She died shortly after arriving in Houston Monday morning.

Legal aspects of the "moment of death" are under study by lawyers and legislators all over the world because of the implications of organ transplants, Quinn said.

Both the legal and medical professions, Quinn said Monday, should study these questions now "before both professions are inundated with awesome problems."

"Criteria must be established in order to protect society against the real or imagined dangers of arbitrary medical behavior and also to protect the medical profession by insulating it from liability for malpractice where accepted and legal procedures have been followed," he said.

## Ray Seeks New Trial, Cites Money Pressure

MEMPHIS (AP) — James Earl Ray, contending that two of his lawyers were more interested in financial gains than his fate, has officially asked for a new trial in the slaying of Dr. Martin Luther King Jr.

In a petition filed Monday Ray said he was "pressured" into a March 10 guilty plea because a trial would have made the facts a "matter of public record for the free use of all" and would have endangered the success of a projected book and movie.

Ray was represented first by Arthur Hanes of Birmingham, an attorney he fired in November, and then by Percy Foreman of Houston, who arranged a 99-year sentence in exchange for the guilty plea.

The motion said Foreman "pressured him, and he, the defendant, under duress due to this pressure, entered a plea of 'guilty' for 'the sole financial gain of the said attorney.'"

Attached to the petition were letters and agreements involving Ray, author William Bradford Huie of Hartselle, Ala., who

## Asks Mutiny Trial Moved To 'Frisco

FT. ORD, Calif. (AP) — A lawyer for 14 young soldiers charged with mutiny says his clients cannot get a fair trial at this Army training base.

Terence Hallinan of San Francisco, civilian attorney for the defendants, urged a court-martial Monday to move the proceedings back to San Francisco, 100 miles north, to facilitate appearances by 17 psychiatrists he intends to call.

The 14 soldiers are among 27 prisoners who staged a sitdown protest in the Presidio stockade in San Francisco Oct. 14.

Hallinan's motion was taken under advisement by Lt. Col. James A. Hagan, the law officer or military judge presiding at the trial.

The court-martial was moved from San Francisco by Lt. Gen. Stanley Larsen, Sixth Army commandant, who was also the convening authority responsible for the mutiny charge against the men.

Larsen said he took the action to "protect the constitutional rights of the accused and the interests of the government."

Hallinan was denied an attempt to introduce evidence concerning the death of a stockade prisoner. The death reportedly triggered the sit-down.

"Irrelevant," said Hagan, as he denied a defense motion to subpoena three witnesses to the shooting of Pvt. Richard Bunch of Dayton, Ohio.

Bunch was shot by a guard when he attempted to escape from a work detail. The Army called his death justifiable homicide. The sitdown came three days later.

The motion was filed by three men listed as attorneys for Ray — Richard J. Ryan of Memphis, J. B. Stoner of Savannah, Ga., and Robert W. Hill Jr. of Chattanooga.

## A GAUGE OF GREATNESS

Dwight D. Eisenhower once devised his own scale for measuring the greatness of great men. Now this scale is made public for the first time in a new book, "Eisenhower: A Gauge of Greatness," by two-time Pulitzer prize winner Relman Morin.

Morin's big, well illustrated, handsome volume not only discloses much new information about the war time general and peace time president, but it measures Eisenhower on his own gauge.

## Expresses Gratitude For Help In A Time Of Need

Mrs. Clayton Weatherby, Snyder highway, has asked that her thanks and those of her family be extended to the kindly people who rallied to the family's aid in the death last November of the Weatherby's 5-year-old son, Albert Lee Weatherby.

Mrs. Weatherby said the leaders in a spontaneous campaign conducted during the child's brief illness has just paid off the last of the expenses which grew out of the case and have turned the records and the cancelled checks to her.

In all, friends of the family raised about \$1,500 in cash and were instrumental in other efforts to reduce the costs of the illness.

"We will never forget the kindness of the people of this part of West Texas," said Mrs. Weatherby, "and we will always be grateful to them. It was the most heartwarming experience of our lives and it did much to help us over the dark hours."

Little Albert died of a brain tumor. He had become ill in mid-November and efforts to help him proved futile. He died on Nov. 23 in a Lubbock hospital.

"Everyone was so helpful," said Mrs. Weatherby. "The gifts were truly generous — there was enough money provided that when it was all over all we had to pay was less than \$100."

## Carver Service Fast, Courteous

Carver Drive-In Pharmacy, 310 E. 9th, has built its reputation in Big Spring through service based on convenience, choice and courtesy. You have convenience with the drive-in window on the west side of the building. You have a wide selection of goods to choose from. And courteous service prevails throughout the store.

The drive-in window, first of its kind in Big Spring, enables patrons wanting to have their order filled to do so without having to dress up or find someone to stay with the children. The entrance to the drive-in ramp is on Ninth Street. Cars exit onto Nolan.

In addition to the most up-to-date medicines known to physicians, Carver Drive-In Pharmacy stocks a wide selection of goods outside of the medical profession. For example, Pangburn's candies are available at Carver's. A wide selection of sizes makes the quality candy the ideal gift. You can set your price and be assured that Carver's has a box of candy for you within that price range.

Carver's also stocks cosmetics in well-known brands and the latest fashions. Many brands of shaving lotions, cologne and other items for men are also stocked. Milton Carver and Jack Magee both fully licensed pharmacists, stand ready to fill your prescriptions. Ask your doctor to call Carver Drive-In Pharmacy with your prescription. It will be waiting for you when you drive up at the window.

## Carter Furniture Store Stocks Wide Selection

Carter's Furniture is celebrating 21 years of retail furniture business in Big Spring.

Terry and Dorothy Carter, owners of the complex of Carter Furniture Stores located at 110 Runnels, have arranged their wide selections of furniture in 23,000 square feet of browsing enjoyment that covers two stores. In one store the selections are made from early American styling, while in the second store styles are available in Spanish, modern and French Provincial.

Each group of furniture is isolated, so that the buyer gets a better idea of how it will look in the home. The selection is easier when the styles are kept separate, and the buyer can get an over-all picture of how the different pieces within a style will blend to complement each other when they are set in a home.

Carter's Furniture carries a complete selection of Tell City Hard Rock Maple Furniture in the early American display store. In addition to the actual furniture, Carter's has a wide selection of lamps, pictures, and other accessories that will help the homemaker set the mood of the period or style selected to grace her home.

Pitcher Nets Laughs

Pitcher Fritz Peterson of the New York Yankees, left, captured some high level laughs when he showed up with a fishing net to snare the opening day game pitch Monday from President Nixon. Enjoying the pitcher's prank are Washington Senators' manager Ted Williams, Baseball Commissioner

Bowie Kuhn and Nixon who are preparing for the ceremonial pitch. However Peterson didn't net the ball—Washington outfielder Hank Allen caught it in his glove. New York won the opener 8-4.

# Opening Games Rough On Rookie Skippers

Professional baseball's second century got under way Monday and for Ted Williams and Clyde King, two of the sport's new managers, the next 100 years can only get better.

Williams' Washington Senators were bombed 8-4 by the New York Yankees in the presidential opener in Washington. King's debut was two outs from becoming a success when the Atlanta Braves pushed across two runs in the bottom of the ninth and tipped the San Francisco Giants 3-4.

The Cincinnati Reds' descendants of the first pro baseball team back in 1869, dropped their traditional home opener 3-2 to Los Angeles.

The remaining 18 teams, including expansionists Montreal and San Diego in the National League and Kansas City and Seattle in the American, swing into action today.

The NL schedule finds Philadelphia at Chicago and Montreal at New York in the afternoon with Pittsburgh at St. Louis, Houston at San Diego and San Francisco at Atlanta under the lights.

In the AL, it's Cleveland at Detroit, Boston at Baltimore and Minnesota at Kansas City during the day, followed by Chicago at Oakland and Seattle at California at night.

The Senators got off fast when it didn't count before 45,113, largest opening day crowd ever in the nation's capital. Hank Allen snared the first ball thrown out by President Richard M. Nixon and two subsequent tosses went to Washington coach Joe Camacho and Allen again.

Then the game began and the Senators soon were back in the familiar surroundings of last place—but this time last was only sixth in the AL's Eastern Division as the two circuits be-

gan divisional play. The Yankees unveiled their new running game in the second inning as Roy White stole two bases and Bill Robinson one and Tom Tresh and Jake Gibbs delivered them with singles. A touch of the old Yankee power was evident in the third when Jerry Kenney and Bobby Murcer walloped consecutive home runs.

Four unearned runs in the fourth wrapped it up as Mel Stottlemyre staggered to a 14th complete game, including a two-run homer in the ninth by Frank Howard, the majors' 1968 leader.

"It's only one game," said Williams. "I was glad the President was here. We need all the help we can get." Then he summed up his feelings in one word—"Lousy!"

**RIGHT PREDICTION**  
The President, though, proved to be a prophet. "He kept telling us to watch out for Howard in the bottom of the ninth," said Commissioner Bowie Kuhn. "The President kept predicting Howard would hit a home run."

It was the first time in 19 seasons the Yankees were without Mickey Mantle on the roster and the Washington scoreboard flashed the following message: "Hello, Mickey Mantle, wherever you are."

"He's fishing, somewhere off Acapulco, I think," said Phil Rizzuto, a Yankee broadcaster. It was a bitter Georgia homecoming for San Francisco's King, who managed the Atlanta Crackers to the Southern Association pennant in 1956.

Trailing 3-1, the Giants routed Pat Jarvis in the seventh, scoring three times on a double by Bobby Etheridge, singles by Hal Lanier, pinch hitter Bob Burda and Willie Mays, a walk to Bobby Bonds and Willie McCovey's sacrifice fly.

That took 26-game winner Juan Marichal off the hook. But the Braves pulled it out against Frank Linzy when Cleve Boyer opened the ninth with a single and, one out later, scored on Sonny Jackson's triple. Mike Lum then singled Jackson home with the winner.

Dick Dietz homered for the Giants. Don Drysdale withstood home runs by the first two batters he faced and settled down to pitch the Dodgers past Cincinnati. The tall right-hander's arm stiffened after six innings and Bill Singer finished up with hitless ball.

"I tell you, they kind of opened my eyes a little bit," Drysdale said after Pete Rose and Bobby Tolan clipped him for opening homers. But Tom Haller's single and Jim LeFebvre's single got one run back in the second and the Dodgers won it against Gary Nolan in the third on singles by Willie Crawford and Len Gabrielson and Ron Fairly's two-run triple.

Rookie umpire Dick Stello also opened some eyes when he nailed Drysdale once for taking more than the specified 20 seconds between pitches and called an automatic ball.

**Wyatt Is Signed By Oakland A's**  
OAKLAND (AP)—The Oakland Athletics announced Monday the signing of right-handed pitcher John Wyatt, who earlier this spring was released by the Detroit Tigers.

Wyatt, who will join the club in time for Tuesday's opening game, appeared in 37 games for the Tigers last year, winning two, losing four and posting a 2.76 earned-run average.

## Alert Hawks Wind Up Set With Rockets

SAN DIEGO (AP)—The Atlanta Hawks, outshot and outrebounced by the young San Diego Rockets, were not outscrabbled.

Their 108-106 victory Monday night put the Hawks into the National Basketball Association's Western Division playoff finals with the Los Angeles Lakers.

Atlanta, beating San Diego 4-2 in their series, meets the Lakers in the first game of the best-of-7 series Wednesday night at Los Angeles.

## CELTICS LEAD

In the Eastern Division finals, Boston leads the New York 1-0. The Celtics entertain the Knicks Wednesday night.

No games are scheduled to-night.

Atlanta trailed by 19 points in the third quarter but the Hawks began picking up loose balls, and intercepting passes. They went ahead by eight points, 38-30, with 4:57 to play on the shooting of Lou Hudson, Bill Bridges and Walt Hazzard.

"We simply turned the ball over too many times and lost momentum," said Rocket coach Jack McMahon. "When Elvin Hayes missed that dunk shot in the third period, I almost fell off the bench. I think that's when the momentum changed."

Hayes, who scored 26 points, went up to stuff the ball with both hands but it hit the back of the rim and bounced off.

"We shot real well but didn't get enough shots up," said McMahon, whose team, led by Don Kojis, hit a sizzling 62 per cent from the floor in the first half of play.

Kojis hit 11 of 15 in the first half scoring 23 points but was held to three points after intermission and fouled out with 1:52 left to play.

## POOR AT LINE

The Rockets had more field goals, 44-41, and more rebounds, 50-47, but converted only 18 of 33 free throw attempts while the Hawks made 26 of 45.

Atlanta coach Richie Guerin said the Hawks could not afford to look beyond the Rockets to the Lakers.

"We looked ahead to the Lakers last year and got knocked off by San Francisco," he said. "This was a tough series. San Diego has nothing to be ashamed of; the Rockets played a fine game."

Hudson led all scorers with 27 points, while Bridges added 24 for the Hawks.

The Rockets played without forward John Block, who had averaged 12 points in the series before breaking the his wrist in Sunday's loss in Atlanta.

## Bovines Toil For District

Big Spring participates in the District 3-AAAA track and field meet at Odessa Saturday and coach Gerald Loyd hopes to qualify at least two boys for regional competition.

If Steve Russell can approach his early season form in the discus throw, he might make it. Russell's loss in the Comanche Relays at Fort Stockton was 159-10 1/2, but he hasn't done as well since that time.

Gary Kelley of the Steers could prosper in the open 440. Loyd thinks Kelley is capable of hitting close to 50 in the quarter. Such a time could earn him at least a second place at Odessa.

Big Spring has also done a 3:25.5 in the mile relay and 43.5 in the sprint relay. Improvement on those times could send the Steers to regional again.

## Sewalt Added To Lee Staff

MIDLAND — Ray Sewalt of Bowie has been named offensive line coach at Midland Lee High School.

Sewalt coached at Wilmer-Hutchins before moving to Bowie, where he accepted employment under Lee's new head mentor, Willie Brooks.

# Trevino's Target: Win At Augusta

AUGUSTA, Ga. (AP)—Flamboyant Lee Trevino, the merry Mexican who, in little more than a year, has captured the fancy of goldfom's common man, ranks as a solid threat to add a green Master's jacket to his United States Open title.

"I'm playing real well," the swarthy, grinning guy, from West Texas' desolate border

country said after a practice round Monday. "Except last week, I just couldn't get started. I didn't really like the course, I guess. But mostly I was thinking about this one."

Trevino, unknown this time from two years ago but now one of the leading money winners, will be among the elite field of 83 of the world's best shot-makers who tee off in Thursday's first round over the lushly green, rolling acres of the 6,895-yard, par 72 Augusta National Course.

"I've only had 27 holes of practice," Trevino said. "But I like this course."

**CAME ONTO OWN**  
The ex-Marine and one-time \$35-a-week assistant pro bolted in the front rank of golf's elite when he won the U. S. Open at Rochester, N.Y., last year with his peculiar tight, flat swing, a swing he recognizes breaks the teaching rules but one he calls "just right for a little fat guy."

Trevino, who missed the National Airlines Tournament in Miami two weeks ago because of jammed left thumb, said his injury is "okay now. No trouble," and he wiggled the thumb to demonstrate.

But some of the other top choices to succeed star-crossed Bob Goaly as the 33rd Masters' champ are less than well. Miller Barber, the pick of Trevino and South Africa's Gary Player as the man most likely to succeed, because he's jammed thumb but is playing.

**STILL TROUBLED**  
Arnold Palmer, a four-time champion but now struggling, still is bothered by an ailing back, even though he shot a fantastic 63 in a practice round late last week. Flashy Doug Sanders has a similar complaint. Billy Casper, a two-time Open champ, still is suffering from allergies.

Among the healthy leading contenders are Player, the reigning British Open champion, Gene Littler, winner of Sunday's playoff for the Greater Greensboro title and the leading money winner this year, and always dangerous Jack Nicklaus.

And, too, there's Goaly, who hasn't done much of anything since he won last year's Masters on a slip of the pen. And the gentle, gentlemanly Roberto de Vicenzo, who signed away a chance for a tie when he autographed an incorrect scorecard.

## 3-4A'S TOP PERFORMERS

Table with columns for Player, Team, W, L, R, O, listing top performers in the 3-4A district.

and walked only 11 in 33 1/3 innings.

William Robinson is Abilene's most effective flinger. He is 5-1 with a 2.46 ERA. He has 46 strikeouts.

Hill also leads the Eagles in hitting, with a .364 average. Jimmy Tindall is the only other Eagle hitting above .300. He's struggling along with a .313 average.

As a unit, the War Birds are striking the ball for a .242 average. The Longhorns go back to Odessa Friday to launch second half competition against Ector.

# AGAINST ABILENE Longhorns Seek Comeback Today

Big Spring, running on a flat wheel since illness struck the camp, completes first round play in District 3-AAAA today in a 4 p.m. game with Abilene High in Abilene.

The Steers are 5-2 in the race and need a victory over the red-hot Eagles to cling to their hopes for a championship.

Abilene has lost only to San Angelo in the first round and currently is tied for the top spot with Midland Lee.

With a little luck, Big Spring could have won both its starts against tough opponents last week. The Steers led Odessa Permian, 5-1, at one stage and were out in front of Lee, 2-0, later in the week.

All that is water under the bridge, however. The locals reason that, if they prosper from here on in, they'll do all right.

In the second half of activity, they catch most of the league's contenders in the friendly confines of their own park.

Lefty James Newman likely will get the mound call for Big Spring today. He was one of the players laid low by the flu bug. He saw action against Permian in one inning but was obviously off his feed in that one.

Other starters for Big Spring include Joe Martinez behind the plate, Bill Jones at first base, Danny Parchman at second, Jimmy Wilson at third, Felix Martinez at shortstop, Roter Dixon in left field, Andy Gamba in center and Rocky Wooley in right.

Robert Hill will likely be on the mound for Abilene. Hill is 3-1 and has an earned run average of 0.63. He's fanned 32

## Practice Begins

HATTIESBURG, Miss. (AP)—Practice rounds today over the Hattiesburg Country Club's par 36 - 36 and 72 layout occupied the field of 155 pros and seven amateurs in the field of the \$35,000 Magnolia Classic.

### ISRAELI JETS ATTACK JORDANIAN PORT

# New Mideast Hostilities

TEL AVIV (AP) — Israel and the Arabs battled at the head of the Gulf of Aqaba and across the Suez Canal today, with each side accusing the other of starting the hostilities.

The Israeli army said rockets from the Jordanian port of Aqaba landed on the nearby Israeli port of Elath, and Israeli air force jets quickly retaliated with an attack on the Jordanian port.

Al Fatah, the Arab guerrilla organization, charged that the Israeli planes struck first and said its troops shelled Elath with heavy rockets in retaliation. Al Fatah claimed its rockets heavily damaged "vital installations" in the Israeli town and port and killed or wounded a large number of Israelis.

#### CIVILIANS KILLED

Meanwhile, Israeli and Egyptian guns duelled across the Suez Canal throughout the morning. An attempt by U.N. observers to get a cease-fire at midmorning failed, with Israel and Egypt each blaming the other for the continuation of firing.

A Jordanian army spokesman said eight civilians were killed, including a woman and four children, and nine were wounded when two Israeli jets fired rockets into a residential section of Aqaba, Jordan's only port. He said the wounded included the Belgian vicar of a Roman Catholic church and his mother.

The spokesman said the jets damaged 13 houses, a church and girls' school and a police post. The spokesman made no mention of the attack on Elath and said Jordan was complaining to the U.N. Security Council about the raid on Aqaba.

An Israeli army spokesman said the planes were dispatched

to silence rocket launchers blasting Elath, Israel's gateway to East Africa and the Far East. The two port towns are only three miles apart at the head of the Gulf of Aqaba.

Thirteen persons were injured, nine seriously, when the Jordanian rockets exploded in an apartment complex in downtown Elath, the Israeli spokesman said. One of the injured was a baby girl, sleeping on a cot. Part of the roof fell on her, but a thick layer of blankets gave her some protection.

#### SERIOUS OUTBREAK

It was the most serious outbreak on record in the Elath region, the Israeli army spokesman said, and the first since November.

Israeli Defense Minister Moshe Dayan, who toured Elath with Chief of Staff Haim Barlev to inspect the damage, blamed the Arab guerrilla organization Al Fatah for the attack by adding: "It is clear the responsibility rests with the Jordanian government. It is in their hands and those of the Arab Legion Jordan's army to prevent attacks from the Aqaba area toward Elath."

Dayan said recently that Jordan's King Hussein had agreed to keep guerrilla bands from operating in the port region in order to prevent reprisals against Aqaba.

Israel and Jordan generally have avoided attacking each other's gulf port towns because the two are within eyesight and extremely vulnerable to retaliatory action. The Israelis blamed Al Fatah for a shelling Nov. 2 which wounded three civilians in the port area and the center of Elath. The Israelis retaliated with an attack on several guerrilla bases in Jordan.

## State To Suggest Execution Appropriate For 'Assassin'

LOS ANGELES (AP) — The state will not press for the death penalty for Sirhan Bishara Sirhan, the assassin of Sen. Robert F. Kennedy—but will suggest it would be appropriate.

"We won't, in so many words, say to the jury 'bring in the death penalty,'" said Lynn D. Compton, chief deputy district attorney. "It's rarely productive in our opinion to stand up and insist or demand that a jury return a certain verdict in this kind of case."

#### CHOICE OF FOUR

"We're going to suggest to

them that it would be an appropriate penalty if they think so and leave it wide open to their discretion."

The last witness in the three-month-old trial, psychologist Leonard Olinger, was on the stand when court adjourned Monday. His cross-examination was expected to end by noon today and attorneys said they would spend the rest of the day discussing jury instructions with Judge Herbert V. Walker.

Final arguments, expected to take three or more days, will precede the judge's instructions to the jury of seven men, five women.

The jurors will probably have a choice of four possible verdicts: —First-degree murder. On returning this verdict, the jury would deliberate again to set a penalty of life in prison or death in the gas chamber. The judge is empowered to reduce the verdict.

#### CRIMINAL RECORD

—Second-degree murder. Carries a penalty of five years to life.

—Manslaughter. Penalty of one to 15 years.

—Acquittal.

David Fitts, a 46-year-old deputy district attorney who has handled much of the prosecution, will begin the state's summation. Plans are that all three

defense lawyers—Russell E. Parsons, Emile Zola Berman and Grant Cooper—will make summations, with Compton finishing up for the state.

A person sentenced to life in prison in California is eligible for parole after seven years. Sirhan probably would be sent to the state's medical facility in Vacaville where a special suite of cells—isolated from other prisoners—already has been made ready for him.

The Adult Authority, which passes on paroles, takes into account a prisoner's criminal record, prison behavior and psychological tests and sometimes samples community reaction.

#### Troop Slates Mexican Supper

Boy Scout Troop 7 will have its annual Mexican dinner this Saturday from 4 p.m. to 8 p.m. in the Goliad Junior High Cafeteria. Tickets are \$1 and children 8 years old and under are free. Entertainment will be provided by the Big Spring High School Golden Horns band.

This is a fund raising project in which mothers of the boys help provide and serve the food. The troop operates much of its program from proceeds of the dinner.

## Bomb Blast Kills Woman Employee, Injures Eight

CHICAGO (AP) — Detectives are investigating the bomb explosion that killed a woman employee and injured eight other persons in the toy department of the Goldblatt Department Store.

Police said the black-powder bomb made out of a 6-inch pipe was in a brown paper bag on a shelf in the basement department and was discovered Monday by a customer.

Detective Arthur Nolan said six-year-old James Aldrich told police his father, Frank, picked up the bag and exclaimed, "My God, this looks like a bomb."

As Aldrich handed the bag to a clerk, the bomb went off killing the woman, Mrs. Catherine

Lebeter, 65, of Chicago. Aldrich and his wife, Josephine, 46, were in critical condition in South Chicago Community Hospital. Their son was listed in fair condition.

Five store employees also were injured. All were in good condition.

Charles Velgos, store manager, said he has never received a bomb threat.

"We've never had any trouble with individuals, organizations or unions in this community," Velgos said.

The five-story building was evacuated within 10 minutes. An estimated 200 to 300 customers were in the South Side store.

## New Disarm Bid Voiced By Uncle Sam

GENEVA (AP) — In a new bid to halt the production of nuclear weapons, the United States today dropped its demand to inspect Soviet installations.

U.S. delegate Adrian S. Fisher appealed to the 17-nation disarmament conference for an agreement that would halt the production of all fissionable material, such as enriched uranium and plutonium for nuclear weapons. He also repeated the American offer to transfer 60,000 kilos of enriched uranium (U-235) to peaceful purposes if the Soviet Union did the same with 40,000 kilos.

In what he termed "a change in the previous position of the United States," Fisher proposed that the agreement be safeguarded by the International Atomic Energy Agency (IAEA) in Vienna.

Previously the U.S. had insisted on an inspection system involving "substantial elements of adversary inspection, particularly in the search for undisclosed facilities." The Russians claimed this could lead to spying.

Fisher said such an argument clearly cannot be applied to the inspection system we are now discussing.

Fisher made clear that the United States still insists on on-site inspections to police and underground test ban. He said that even the scientific evidence presented by the Swedes shows that "a clear separation between earthquakes and nuclear explosions could not be made by teleseismic means for underground nuclear test explosions up to tens of kilotons of explosive yield. This means that each year many seismic events will occur in the Soviet Union which are not susceptible to a determination—by seismic means—as to whether they are earthquakes or nuclear tests up to tens of kilotons of explosive yield."

#### Oilfield Worker Gets Burn Injuries

Larry Wayne Eaton, an Odessa oil well worker, was reported in good condition this morning at Cowper Clinic and Hospital with second degree burns covering a large portion of his body. Eaton received his injury Saturday night when a butane hose on a heater for crew's quarters broke and an explosion resulted. The accident was reported 20 miles south of here near the Garden City Highway.

### Greeks To Read Reds On Page 3

ATHENS (AP) — Greeks who turn to the third page of their Saturday and Sunday papers will be able to read the works of Communists and authors opposed to the Athens dictatorship.

In a military decree Monday, the regime ordered these pages reserved for selections from the work of 88 Greek novelists for the next 2 1/2 years. The list includes nine admitted Communists, nine leftists, six other opponents of the regime, an author in exile and one anarchist. Missing from the list is the late Nikos Kazantzakis, one of Greece's most famous modern authors.

As usual the military censors gave no explanation for the unavailability of the selection. But the announcement said the selection was made without taking into account the political or social views of the authors.

## Fugitives Draw Death

ORAN, Algeria (AP) — Belkacem Krim, Algerian revolutionary hero and former government minister, was sentenced to death in absentia Monday for plotting to kill one of President Houari Boumediene's chief political aides.

Krim is believed to be in France. The court also sentenced to death Belkacem Tansaut, another fugitive in France, and Amrit Silmane, who is expected to go before a firing squad later this week.

A court statement said 56 persons were tried for an attempt on Jan. 24, 1968, to assassinate Kadd Ahmed, a leader of the ruling National Liberation Front. The announcement said 13 were acquitted, eight were sentenced to life in prison and the others received lesser sentences.

One of the accused blamed the U.S. Central Intelligence Agency and "Zionists" for the plot. He got a two-year suspended sentence.

Krim, one of the leaders of the Algerian revolt against the French, was a minister under President Ahmed Ben Bella. He fled to France in 1965 when Boumediene deposed and imprisoned Ben Bella. After his escape Krim pledged to overthrow Boumediene, accusing him of bringing "anarchy, chaos, hunger, ignorance, unemployment and dictatorship" to Algeria.

## Fund Seekers Not Helping Police

Residents were reminded today that two organizations in Houston soliciting funds here are not connected with the local police department and donations to them will not benefit local police.

Chief Jay Banks said one firm is seeking funds for a police auxiliary, but it is not connected with Reserve Police officers here. The second organization represents a police magazine. Banks said, but it is not associated with the local department.

"We appreciate local support of our men and department," Banks said, "but a donation to these organizations is not a contribution to local police."
