Star Lites By Bill Ellis

TAXES HAVE BEEN much in the news lately, what with the recent passage in California of Proposition 13, and the proposal passed just this week by our state legislators.

Tax reform is definitely a mood of the times. Every major news magazine has featured that subject for its lead article for the past couple

Along the line of tax reform, a meeting will be held next Thursday in Friona that should prove of interest to residents who are concerned about the amount of money they pay in taxes, and how this money is spent. The meeting will be at 7 p.m. at the Parmer House Restaurant.

Dr. A.B. Tibbetts of Amarillo will be the principal speaker. Dr. Tibbetts has been an outstanding critic of the Internal Revenue Service, and a number of local people have heard him speak in

Amarillo. We are interested in hearing the presentation by Dr. Tibbetts. Anyone who is working to get our taxes reformed defintely deserves an audience. We hope a good crowd attends the meeting.

ACCORDING TO THE experts, we have a good crop in the making, if the insect pests don't take their toll. The corn is looking good, and many farmers have been aided in recent weeks by showers that enabled them to at least slow down on their irrigation program.

But insects continue to worry the farmer. The first year or two that corn was grown on a large scale, there were hardly any insect problems.

Presumably, as the crop took on an "annual" connotation, the insect problem became more intense.

Farmers still need a break from the market standpoint, and hopefully some adjustments will be made prior to harvest time.

ON THE SUBJECT of markets, as we advertised last week, the Star is beginning a weekly feature with this week's issue, listing the cattle and grain markets, as sponsored by Refco (Ray Friedman E. Company) of Hereford

This is the first time, at least in a number of years, for the Star to publish market prices, and definitely the first time they have been carried on such a large scale.

We urge those who follow the markets to use this service, and also to commend the folks at Refco for bringing them to you each week.

LAST FRIDAY WAS the 30th birthday for radio station KPAN in Hereford. Many of the folks in this area sort of "grew up" with the station, and we know that you join us in wishing owner Clint Formby and his crew many happy returns.

A lot of advancements have been made in the field of communications since KPAN was launched on August 4, 1948, but the station has kept abreast of the times. It added an FM facility for night-time broadcasting

Formby has likewise expanded, and has interests in other radio properties. He also serves on Texas Tech University's board of regents.

CONGRATULATIONS TO Duane Baize on his start at the Tee Box Restaurant. Baize opened the new facility this week in the old Country Clubhouse. It gives him more than twice the space he had at his former

And it gives Frionans another nice facility in the business community.

Jay Naman **Speaks Here**

Jay Naman, President of the Texas Farmers Union, will be visiting in Parmer County and speaking to area farmers and ranchers at 8:30 a.m. Tuesday, August 15, at Carl's Cafe in Friona. Jerry Fancher who arranged the

meeting encourages all area members and interested persons to come visit Jay and hear him talk on current agricultural issues.

BANNERS RECEIVED Friona Little League received a pair of District Championship banners during the past week, proclaiming

the titles won by the major and senior league teams, both of which advanced to the sectional tournament. Displaying the banners are

Little League official Gale Warren, and senior league all-star Tony Rios.

New Students To Register Early

New students entering the Friona Schools who were not in Friona at the end of the past school year are encouraged to contact their respective principals to pre-register. This request is being made so that schedules and teacher assignments can be made before registration dates and will save considerable delay for these students to be assigned to classes.

New students in grades kindergarten through four should contact Freeman Melton, Jr., Elementary Principal at the primary school office sometime next week. It is not necessary for kindergarten children who pre-registered last spring to report early, but those who did not register in the spring should report.

New students in grades five through eight should report to Cecil Maddox, Junior High Principal at the Junior High Building and students entering grades nine through twelve should check in with John R. Cook, Principal, at Friona High School.

Official registration for students in grades 9 through 12 will be held on Friday, August 25 at 9 a.m. at the High School Auditorium. All High School students should report for this registration to receive their schedules, locker assignments, and all information to be ready to run a regular schedule Monday, August

Students in grades kindergarten through eight will not need to report until 8:45 a.m. Monday, August 28. Students in grades six through eight will not need to report on Friday as in past years, but will report to the Junior High Building on Monday, August 28 and there will be lists posted instructing them where to

The first day of school will be Monday, August 28, and the buses will run their routes on Monday. School hours will be 8:45 a.m. until 3:45 p.m.

Patrons are reminded that Texas law requires all Texas school students to be immunized for polio, rubeola, rubella and D.T. These immunizations must be current and updated with prescribed boosters.

George Mahon Bush and Price will attend a coffee in their honor at the Parmer House

Chamber To Promote

The Friona Chamber of Commerce will coordinate a community calendar of activities, it was announced this week.

Calendar

A calendar of events also will be published in the Friona Star.

Clubs and organizations are being urged to call the Friona Chamber of Commerce, 247-3491, and give their activities so they may be included on the calendar of events.

The Chamber also has discussed erecting a marquee at the City Park, for a weekly or daily listing of Restaurant, Saturday morning at

Price, in making the campaign swing for Bush said, "George Bush has shown me he is the right person to fill the shoes of retiring Congressman, George Mahon.

'Having served in the Congress, I know what it takes to be effective. George Bush has the ability and knowledge to represent West Texans. He understands problems facing West Texas and would be free to represent the views of his constituents without having to bow to pressure from the White House and the Democratic leadership in Congress," said Price.

Bush praised Price for his long leadership to West Texas.

"Bob Price has shown, first in Washington, and now in Austin, that his leadership to West Texas is unparalleled. I greatly appreciate his support to my campaign," said

Bush and Price will be available to meet and talk with as many interested citizens as possible during their visit in Friona.

The two will also be visiting Hereford, Dimmitt, Muleshoe and Littlefield during the day-long campaign tour

WIRING CHANGE Southwestern Public Service Company employees are shown moving a pole and transformer on its system just off Fifth Street in Friena this past

Monday. The project relocated a transformer bank in order to serve the new tennis courts to be built at Friona Country Club.

News And Views From American Agriculture

Ouestion?

What is the difference in having a law that requires all goods to be labeled if they are imported and considered unconstitutional for food stuffs to be labeled if they are imported.

This is the situation that exists today. There is a law that requires all clothing, cars, TVs, and all solid goods to be labeled if they are produced outside of the United States. But in trying to get a labeling bill passed to show the point of origin mainly for beef, pork and foul or poultry, it is considered unconstitu-

A Concerned American Citizen

there that few of us have used?

into the hands of the people.

There IS a way, and it's by getting

tional or as discriminating. Now just what is the difference?

In recent work before the special session of legislators in Austin, by the American Agriculture Movement, it was discovered that there was a labeling bill that had been on the books in the state of Texas since 1965 but has never been enforced or any money appropriated for the enforcement of the bill. This bill concerned the labeling of beef, pork and poultry that had origin somewhere except within the United

This bill also set forth the law that all beef, pork and poultry had to carry the label of origin, regardless of the refinement that the product received here in the United States. This means that halves of beef arriving in the United States and going to breaking plants and put into small packages ready for the housewife as hamburger or other cuts had to maintain the label of the point of origin.

In further checking on this bill in Austin, it was thought that this bill was in contradiction of the federal governments stand on imported meats and the law in Texas was never enacted.

Why is it right to label one commodity and unconstitutional to label another? If it is wrong to label meats as imported then why is it right to label clothing, TVs, cars and all other such goods as imported.

It is this writer's opinion that I had rather have my foodstuffs labeled as imported, than I had the shirt that I wear. I know that I would feel safer eating American produced meats and vegetables where plants have to meet federal inspection than to eat foodstuffs that come from some foreign country where there is very little inspection if any.

There are also laws in the United States that prohibit the use of certain chemicals on our foodstuff production, but this may not be the case in foreign countries.

At the same time our governmental inspections and restrictions cost the U.S. producer untold millions of dollars each year. At the same time these services cause huge increases in the cost of production, yet we are expected to produce at the same price as our foreign competitors who have no such restrictions. THIS IS NOTHING BUT DISCRIMINATION OF THE VERY WORST FORM. Discrimination of our own producers, by our own government, in favor of a foreign people with an inferior product.

Fri

for

AAM NEWS

At the district meeting held in Panhandle last Friday night, the 4th of August, every one was urged to write their congressman in support of the DEAR COLLEAGUE LET-TER being submitted by Mr. Dole. This Dear colleague letter is the very same letter that was submitted by the then congressman, Bob Bergland, in 1976 to the then Sec. of Agriculture, Earl Butts. This letter will be submitted as a resolution mandating that the Sec. of Agri., through power that he already possesses, to set all farm prices at 90 per cent of parity. The American Agriculture Movement, the National Farmers Union, and the N.F.O. all are in support of this measure only as a stop gap measure, but one that would give some relief to hard pressed farmers and ranchers. This measure would not be through any subsity payments, but rather a price at the market place, with the exception of part of the wheat crop that might have been already sold.

Isn't it strange how when Bob Bergland was a congressman, that he fought for the very same things that the AAM is fighting for today, but when he becomes secretary, with the power to really do something all of a sudden he is on the other side of the fence, and pretends not even to know how to spell the word parity.

Be sure to write your congressman to get him to co-sponsor this very important legislation.

This will be the last week that you will have the opportunity to get a chance on the Chevy pickup to be given away by the AAM. Don't miss your chance.

Letter To The Editor one-fourth of this is completely

situation

tions to come.

Dear Editor

I have been concerned and very disturbed for a long time about the way my rights as a citizen have been slowly but surely fading away.

I am fed up with the tax situation as it now stands, and I am positive it will not get better as long as we sit idle, complacent and with a do-nothing attitude as myself and many of you have had in the past.

I am tired of working until June 10 of each year before I realize any money for myself and my family. Please consider this very seriously. It has all happened in a mere 60

The income tax came into being in 1913--with one per cent of \$20,000 to \$50,000. Some change, isn't it. We have little say as to the way our taxes are being spent--on no-win wars in Korea and Vietnam which also were continuous the standpoint ives lost.

I am tired of the loopholes for the very rich, costing each of us \$77 billion per year, \$367 for every man, woman and child. Did you know that ITT paid \$139 million in taxes to foreign governments, yet only \$5. million to our government?

Take a pencil and paper and figure the minutes in a year, and take the federal budget, and it comes to about \$51,000 per minute. Also, you

opportunity to present tes- sity. Canyon, Texas; tele-

In keeping with provisions of the "Solid Waste Disposal Act," Article 4477-7, Vernon's Texas Civil Statutes, a public hearing will be held by the Texas Department of Health on August 25, 1978, at 10:15 a.m. on the application for a permit by the City of Friona for a municipal solid waste landfill. The hearing will be held at the Commission Room, City Hall, in Hereford.

The facility involved is an existing 4-acre Type IV landfill site (for brush and construction - demolition waste) located north of Friona, 900 feet west of State Highway 214 and one mile north of U.S. 60.

Municipal solid waste facilities throughout Texas are conducted in accorare under the jurisdiction of dance with the "Administhe Texas Department of trative Procedure and Tex-Health and are required to as Register Act," Article be operated in accordance with the Department's Civil Statutes, according to "Municipal Solid Waste Jack C. Carmichael, Direc-Management Regulations." The Department's jurisdiction includes the collection, handling, and storage of solid waste and disposal by ducted by an attorney from energy and material recovery, sanitary landfill, composting or other approved methods.

To assure that all munici- Anyone may appear to pal solid waste sites are located and operated in such a manner as to minimize potential hazards to the health, welfare and physical property of the people and the environment, each disposal facility in Texas is required to be evaluated by the Department of Health prior to receiving a permit. The law is applicable to municipally-owned as well as privately-owned solid

waste sites. Each applicant for a permit for a solid waste facility in Texas-and there are approximately 1,200 such facilities--is required to submit supporting data and-or a design of the facility as a basic part of the application for a permit. All information concerning the facility, as well as copies of the Department's regulations, will be presented during the public hearing

Heart Attack Is Fatal

A young resident of Oklahoma Lane was dead on arrival at the Farwell Clinic Monday.

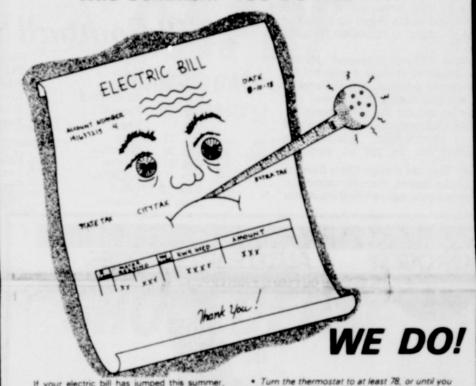

Tim Jones, 21, was found slumped over in a tractor at the Jones farm. An ambulance from the Farwell Fire Department was dispatched to the scene at about 12:30 p.m.

The young man was transported to the Farwell Clinic, but reportedly attack according to Parmer County Sheriff Charles Lovelace.

Jones was the son of Mr. and Mrs. Orie A. Jones of Oklahoma Lane. He was a 1974 graduate of Farwell High School.

Survivors include his parents; two sisters, Brenda of the home and Connie of Forrest; and one brother. Steve, also of the home.

Workouts Begin For FHS Gridders

Football workouts begin on Monday, and the Friona Chieftains, defending tri-champions in District 3-AA, should be bursting with enthusiasm, as they begin preparations for the 1979 season.

The grid candidates will begin with a 12-minute run on Monday morning, as two-a-day workouts begin for the prospective footballers. Workouts are slated for 8:30 a.m. and 4 p.m.

'We're very eager to get started. We're hoping we can pick right up where we left off last year," says Coach Lonnie Phillips, referring to the whirlwind finish that found Friona 4-1 in district play and tied with Muleshoe and Littlefield for the district championship.

For one thing, the Chiefs have some good size in its returning lettermen, giving the team solid clout up front to hopefully serve as a springboard for Phillips' I-formation, which has served him well.

Phillips, beginning his third year as mentor for the Chieftains, has an enviable record for his past six years as head coach. In that time span, his teams have won or shared four district championships, and finished second the other two years.

Giving the Chieftains heft in the forward wall are Jeff Peak, 6-4, 225-pound senior, Park Weatherly, 5-11, 190-pound senior, Joel Hight, 6-1, 196-pound junior and David Merrell, 5-11, 230-pound senior.

Tight end Kevin Kothmann, three sport standout for the Chieftains, is back to hold down one of the end spots, and Kevin Pope, up from the junior varsity, is candidate for split

Milon Dixon, 190-pound junior, was expected to make a good bid for the center position, but suffered a knee injury during the summer and may be lost for the 1978 season.

The Chieftains have the luxury of two experienced quarterbacks fighting for the job as workouts open. They are seniors Chris Barnett and Mike Hutson. Barnett started on

one of the defensive standouts on the

Running back is the only area where the Chieftains don't have a bevy of returning talent. Junior David Fleming, if fully recovered from knee surgery last winter, could be the game-breaker for the Chieftains. He started for the Chiefs for five games, before suffering his

Other candidates for a backfield spot will include Chuck Nichols, who also had a knee injury during the off-season but is expected to be able to play, and Rod Owen. All three of these junior backfield men lack exceptional size, but all are speedy.

Phillips says he plans to look at the 220-pound Peak at the fullback slot, and has hopes that the big senior can give the team needed power at that

"He has lost 25 pounds from the same time a year ago, and appears to be a lot quicker. Jeff could be hard to stop once he has up a full head of steam," Phillips says.

Two pre-season scrimmages have been scheduled, the first on August 24 at Boys Ranch, and the second September 1 against Bovina at Chieftain Field.

At the end of the first week's workouts, the Chieftains have a Saturday session, their only Saturday workout. They begin work in pads on August 21.

Four new assistant coaches will be learning the Chieftains during the two-a-day workout period.

Robert Mears, who came to Friona from Hart, will be defensive coordinator and in charge of the offensive line. Pete Hubbart, here from Canadian, will work with the offensive backs and defensive ends.

Johnny Gunter, formerly of Amarillo, will head up the junior high football program, and will help with the offensive backs and defensive secondary.

Jim Hand, a recent graduate of West Texas State University, will also work with the junior high program, and will assist the varsity coaches with the offensive and defensive lines.

Returning with Phillips to the varsity staff are Craig Hunter, who works with the defensive line, tackles and ends on offense, and Jimmie Pope, whose assignment will be the defensive ends, as well as tackles and ends on offense.

"All of the coaches are likewise eager to get started. They have met most of the boys, and are looking forward to working with them,' Phillips says.

Concerning the team's 12-minute run, a part of its workout, the boys are timed, to see how far they run in that given time span. Two miles is considered excellent. One and one-half miles is considered acceptable football condition.

Those failing to run at least 1.5 miles in the 12-minute span will be required to keep working until they make this minimum standard

SWIMMERS...The Star photographer caught this group of youngsters taking advantage of Friona's municipal pool, during its last week of operation for the 1978 season.

Pool Closes August 14

Outland said that the pool had been fairly popular this season, a tribute to the hot weather experienced by the area.

Sunday, August 13 will be the final day for the Friona Municipal Swimming Pool to operate, according to City Manager Jake Outland.

4-H Books To Compete

Record books of Parmer County 4H members were entered in the District 2 record book competition, Monday, July 31.

The top-ranked 4-H record books in 33 awards programs have been selected to represent District 2 in state competition this month. They were judged the best representations from some 1,000 junior and senior 4-H Club members in the district's 20 counties.

Johanna Mesman, daughter of Mr. and Mrs. Ben Mesman of Farwell placed first in the Senior Dairy division. Her book will now be forwarded to Texas A&M University for state judging.
Other record books entered from

Parmer County included Joan Carson, daughter of Mr. and Mrs. Marion Carson of Bovina, who received a green ribbon for her beef record book in the senior division.

In the junior division, Frank Jesko, son of Mr. and Mrs. Pete Jesko of Lazbuddie received a red ribbon for achievement; Wendy Jarmon, daughter of Mr. and Mrs. Gene Paul Jarmon of Lazbuddie, a white ribbon for clothing; Vandi Tarter, daughter of Mr. and Mrs. Joe Tarter of Lazbuddie, a blue ribbon for swine; Shain and Devera Rhodes, son and daughter of Mr. and Mrs. Wayne Rhodes of Friona, a red ribbon each for sheep and food and nutrition.

In District 2 competition, South Plains 4-H'ers placed their records of achievement on the line. Records include project summaries, information detailing their activities, experiences and leadership development, a narrative about their 4H experience, photographs and other pertinent information.

Maize Queen ...

(Continued from Page 1)

Wiggly is to cook the barbecue for the Saturday meal, and members of the volunteer fire department once again will do the serving. The American Legion Auxiliary is discussing the possibility of holding a breakfast during the 1978 event.

Entry blanks are also available at the Chamber office for the "Little Miss Friona" contest. Businesses, or parents may enter girls from five and seven in the contest. Entry fee is \$10.00 for this event, with deadline of September 6.

The girls will compete in play and dress wear, with no talent required.

The Oldest Police

Edinburgh, the capital of Scotland, claims to have the oldest police force in continuous existence in the world. It is made up of the High Constables of the Palace of Holyroodhouse, the Queen's official residence when she is in Scotland.

The High Constables, drawn from the leading citizens of Edinburgh, wear plumed hats and an elaborate military uniform and carry batons. They trace their history back to the ancient days of Holyrood-

They are sometimes mixed up with the Royal Company of Archers, the Queen's Bodyguard in Scotland, but the difference is that the Archers appear only when the Queen is there in person.

On The Farm In Parmer County

By By Seth Ralston

Has your water bill reached astronomical proportions? Maybe an evaluation of your watering methods will result in more efficient water and at the same time reduce the amount you are using.

First, check your methods of application. There is no use applying water any faster than the soil will soak it up. If applied faster than this, the surplus will either run down the curb into the street or else flood out your neighbor. Sandy type soils will usually take water almost as fast as it can be applied, but tight clay soils will take it up slowly. Select the method of application that best fits your soil.

Secondly, use a mulch wherever possible. A good mulch conserves moisture, prevents compaction, keeps soil temperature lower, reduces weed population and, in case weeds do get a start, allows for easier pulling. Check the depth of the mulch material. Organic mulches tend to decompose or sometimes wash away, so frequent checks and replacement where necessary will help conserve moisture.

While night-time watering is conducive to development of plant diseases, water use efficiency does increase in the early morning and late evening when evaporation rates are lowest.

Last but by no means least is the practice of doing a thorough job of watering whenever the need arises. A thorough watering at 7-to 10-day intervals encourages deep root penetration and full use of the available soil moisture. Just because plants wilt during the heat of the day doesn't mean the soil is dry. Check the moisture content with a soil probe or stake to determine if the soil is dry rather than depending on the appearance of the plant.

Regardless of the size of the water bill, don't stop watering completely as plants can die due to moisture shortage during periods of high temperature and high wind movement. Just try to use the precious resource as efficiently as possible.

The 1978 cotton crop in 25 Texas
High Plains counties will be an
estimated 2.1 million bales, 34 per
cent below last year's record yield,
the area cotton agronomist of the
Texas Agricultural Extension Service says.

But that figure may be reduced even more unless early August rains break the area's drouth and night-time temperatures remain high enough to favor fiber development, Dr. James Supak, the agronomist, cautioned.

Last year, the 25-county area represented by Plains Cotton Growers, Inc., produced more than 3.2 million bales on some 3.6 million acres, Supak said Saturday (July 29) at a seminar sponsored by ContiCommodity Services, Inc. Yields per harvested acre were 424 pounds, or 41 pounds above the 10-year average of 383 pounds for 1967-76.

Yield projections for the 1978 crop are 480 pounds of lint per acre under adequate irrigation, 335 pounds under light irrigation, and 120 pounds per acre in dryland areas. If the drouth continues, Supak said, further deterioration of the dryland and light water portions of the crop would force a reduction of this estimate.

The 25 counties to which Supak referred are Bailey, Borden, Briscoe, Castro, Cochran, Crosby, Dawson, Dickens, Deaf Smith, Floyd, Gaines, Garza, Hale, Hockley, Howard, Lamb, Lubbock, Lynn, Martin, Midland, Motley, Parmer, Swisher, Terry and Yoakum.

Following the 1977 record, cotton producers in these counties found the outlook for the 1978 crop to be somewhat dismal, Supak said. "In addition to the deteriorating prices, this area faced a drouth situation. Fall rains, which are essential for the replenishment of subsoil moisture reserves, failed to materialize and in many instances, winter precipitation was not even adequate to allow timely land preparation for the coming crop."

In order to get the crop planted during the optimum period (May 1-20) farmers with irrigation water had to apply a heavy pre-plant irrigation. Dryland producers had to wait on the spring rains, which in most instances, didn't come until late May and early June.

"When the rains did arrive, they were frequently accompanied by high winds, blowing sand and hail which destroyed a portion of the early planted crop. In addition, a cool spell which accompanied the rain in early June resulted in an outbreak of Ascochyta or Wet-Weather Blight which damaged or destroyed even more of the early-planted acreage," the Extension agronomist said.

sion agronomist said.

The 25-county area-which according to projections by both public and private sources was supposed to plant around 3.9 million acres of cotton--is estimated to have about 3.5 to 3.6 million standing acres of cotton, Supak reported. Of this total, only about 2 million acres were planted in May and perhaps a third of this acreage suffered some stand loss and delay in growth and development due to weather and disease factors, he said.

"It is often assumed that 50 to 55 per cent of the High Plains cotton acreage is irrigated and therefore, not overly vulnerable to drouth effects," Supak said. "This approximation is somewhat misleading in that the quantity of water available for irrigation varies greatly across the area."

Attempts to classify the irrigated acreage into "light water" (adequate water for preplant only or up to preplant plus I summer watering) and "adequate water" (sufficient water for a preplant plus 2 summer waterings) suggest that less than a third of this acreage falls into the latter category, he explained.

In addition to its availability, the amounts of water a farmer will actually allot to his cotton crop will be tempered by such factors as rainfall distribution, price outlook

for cotton and competing crops, irrigation costs, water needs of other crops being grown, and the date on which the cotton crop was planted, the agronomist said. "When combined, these factors make it difficult to evaluate the impact irrigation will have on High Plains cotton production in 1978."

cotton production in 1978."

Supak said the dryland crop is plainly showing the effects of the drouth. The rains in May and June provided planting and varying degrees of reserve soil moisture. For the most part, these reserves have been depleted, he noted.

"Growth and development of both May- and June-planted cotton have been slowed and older cotton is shedding, or about to shed, most of its fruit load. In some respects, an early August rain could be more beneficial to the later-planted cotton that has not as yet reached the cut-out stage," he said.

In a short-season production area such as this, the entire cotton crop is still subject to yet another critical climatic variable: the minimum night-time temperatures in September and October, he warned. "It is during this period that much of our fiber yield and quality is determined. If temperatures are such that fiber development is impaired, the impact on the crop will be significant.

"Up to this point, however, night-time temperatures have been one of the positive factors favoring the irrigated portion of this cotton crop. The generally warm nights have helped accelerate growth and fruiting. Another plus factor is a fairly low incidence of damage from nematodes, Fusarium Wilt and Verticillium Wilt."

About 3,800 youth in 4-H rabbit projects are learning money management, animal husbandry practices and "how pride of ownership feels."

Boys and girls between the ages of 9 and 19, with 32 square feet of space in their back yard and two hours of free time per week, also can experience these same opportunities with a minimum financial requirement of \$255-\$300 for a small rabbit, operation. The investment includes two does, one buck, annual supply of feed, housing and equipment.

Youngsters starting with two does and one buck can expect to produce 30-40 fryer rabbits a year. Using a marketing weight of two-and-a-half pounds and market price of \$1.50 per pound, rabbit producers can expect to gross \$225-\$300 the first year.

Boys and girls interested in enrolling in a 4-H Rabbit Project may call 481-3619 or contact Seth Ralston, their County Extension

Sarah Gammon, Ricky Black Wed In Lazbuddie Church

Miss Sarah Lyce Gammon of Route 1, Friona, and Ricky Black of Muleshoe exchanged wedding vows Friday, July 28 at 7 p.m.

The ceremony was performed in the Lazbuddie Church of Christ by H.D. Simmons, Jr. of Friona.

The bride is the daughter of Mr. and Mrs. J.W. Gammon of Friona. The bridegroom is the son of Mr. and Mrs. L.R. Black of Muleshoe.

The church was decorated with

two spiral candelabras with one arch. Glamelias, gladiolas and baby's breath completed the church decorations

Musical selections were presented by a group of Lubbock singers. The vocalists were Marsha Williams, Mary Lou Phillips, Kent Rhodes and Eddie Cox. They presented "Whither Thou Goest," "What A Difference You've Made In My

Sixteen Frionans Attend Reunion

Sixteen Friona residents were in Elk City, Oklahoma recently to attend a reunion of the children of the late John and Edna Baxter, pioneer residents of Western Oklahoma.

Children of the couple present with

Candlelight Ceremony Unites Debbie Hall, Robert Daughtry

Miss Debbie Jave Hall of Lubbock became the bride of Robert Olan Daughtry of Spur in a candlelight ceremony on Saturday, August 5 at 7

The wedding was performed in the Highland Baptist Church of Lubbock by Brother Norris Taylor.

To form the setting for the candlelight ceremony, an over-aisle arch in the center was decorated with boxwood greenery and fresh palm leaves. On either side was a chandelier candle tree consisting of nine candles each with fresh greenery. Lining the aisle for the wedding party were three pairs of pastel blue pewbows.

The bride's parents are Mr. and Mrs. Dean Hall of 4618 31st, Lubbock. The groom's parents are Mr. and Mrs. Olan Daughtry of Route 2, Spur, Texas.

Kathy Holmes, organist, accompanied Audra Oliver, vocalist, as she sang "You Light Up My Life" and 'We've Only Just Begun.

The bride was presented in marriage by her father. She chose a formal length gown of white Satapeau designed along empire lines and featuring re-embroidered lace adorning the bodice, high neckline and long sleeves with bell shaped over-lay bordered with lace. The a-line skirt was lavishly trimmed with the lace, with the lace

Bentleys Have Boy

Mr. and Mrs. Jerry Lynn Bentley of Friona are the parents of a baby boy born July 24 at West Plains Medical Center at Muleshoe.

Named Jeremy Cole, he weighed eight pounds, fourteen ounces. Jeremy has an older brother, Cory Lynn, who is 11/2 years old.

Grandparents are Mr. and Mrs. Sam Richards of Friona and Mr. and Mrs. A.L. Bentley, also of Friona.

scalloped hemline extending into a chapel length train.

Her three tiered headpiece was accented with scalloped lace trim and pearls on top of lace in clusters. She carried a cluster of white

roses over a white Bible.

Carrying out bridal tradition, the bride wore pearl earrings for something old. Her Bible was something new. She borrowed the penny she wore in her shoe and wore the traditional blue garter.

Mrs. Jeannie Davis of Plano, Texas was the matron of honor. Her bridesmaid was Cody Johnson of McCamey, Texas.

Her attendants wore princess style dresses in baby blue crepe with floral sheer cape. They carried bouquets of blue and white carnations. They wore white hair ribbons and white gloves.

Tim Gage of Spur served as best man. The groomsman was Tommy Reynolds of Ft. Worth, Texas.

A reception was held in the

Mrs. Linda Reynolds presided at the guest register.

The bride's table was an eight foot oval table draped with a white table cloth. The bride's cake was trimmed in pastel blue and white topped with a miniature bride and groom figurine. The centerpiece was a silver epergne with a bouquet of blue and white carnations with a touch of baby's breath.

Mrs. Lena Sluder and Mrs. M.E. Rhoads served cake and punch. They were assisted by Mrs. J.B. Steele, Mrs. Sandi Housand and Mrs. Sue Gilliam

For a wedding trip to New Mexico, the bride wore a white highwaisted dress with baby blue trim.

After August 5, the couple made their home on Route 2, Spur. Out-of-town guests attending the

wedding and reception were Mr. and Mrs. M.E. Rhoads, Mrs. Minnie Waldo and Mr. and Mrs. Louis Dean Camp and family, all of Canyon; Mr. and Mrs. Weldon Dickson of Hereford; Mrs. Edna Fletcher of Spur; Mr. and Mrs. Ed Hall of Clovis, N.M.; Mr. and Mrs. Tommy Reynolds and Jennifer of Ft. Worth and Mr. and Mrs. Terry Davies and Cory of Plano, Texas.

She will teach in the Elementary School at Spur.

The bridegroom is a graduate of Spur High School. He attended Lubbock Christian College where he was a member of the Aggie Club. He is employed at White River Water

was a member of the Aggie Cliss employed at White River Pump Co. HAPPY BIRTHDAY TO FRIO

000000000000

WEEK OF AUGUST 12-18 Friona residents having birthdays next week are Jimmy Putman, August 12 George Jones, August 12 Bill Wood, August 12 Ann Schueler, August 12 Floyd Rector, August 12 Mindy Beth Johnson, August 12

Study Club To Sponsor Competition

The Progressive Study Club will again sponsor the Little Miss Friona contest during Maize Days celebration. The contest will be held on Tuesday, September 12 at 8 p.m. at the Friona High School Auditorium.

Entries for the contest may be obtained at the Friona Chamber of Commerce office, and entry fee remains \$10. All interested parties are urged to obtain an entry blank and get their entries in.

Contestants must be 5 years old prior to the contest on September 12, and no older than 7 years old. Parents, grandparents, friends, businesses, or any interested party may sponsor a Little Miss.

Mary Johnson, August 12 Lisa Weatherly, August 12 Charles Caudill, August 12 Lola Miller, August 13 Janet Lloyd, August 13 Nancy Norwood, August 13 Charlie Wise, August 14 Diedre Miller, August 14 Dianna Woodruff, August 14 Donn Timms, August 14 Jay Lee Widner, August 15 Juannah Jennings, August 15 Christie Marie Bauer, August 16 Nelda Woodruff, August 16 T.E. Lovett, August 16 Rita Stephenson, August 17 Kathy Schueler, August 17 Stacy Gee, August 17 Tommie Boeckman, August 17 Becky Weatherly, August 18 Rodney Britting, August 18 Vickie Florez, August 18

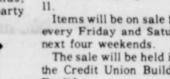

If you or someone in your family has a birthday coming up soon, call the Friona Star at 247-2211 by Thursday noon and report it.

Auxiliary Sets Rummage Sale

The rummage sale, sponsored annually by the American Legion Auxiliary will begin Friday, August

Items will be on sale from 2-6 p.m. every Friday and Saturday for the next four weekends.

The sale will be held in the back of the Credit Union Building, 6th and

Town Talk

The state of the s

By June Floyd Phone 247-3681 With Your News Item

Our fellow Texans downstate have our sympathy in the loss of their loved ones, homes and other possessions during the past week due to too much rain. Residents of Albany, Bandera and other South Texas cities were all probably glad to see some rain fall, but no one

One former Friona resident, who now lives in Albany, was so glad it was raining Thursday evening that he made at least one long distance

21

wanted as much as fell in several

phone call to report to local kin. Joe Dillingham, who is Carrie Tatum's brother, called about 6:30 p.m. to say, "We've had the nicest rain. It has already rained about two inches and is still raining."

Soon thereafter, though, Albany's "nice rain" turned into a torrential down pour that almost washed the capital of Throckmorton County off the map.

Before the Tatums went to bed that night they heard some shocking reports and spent several anxious hours before they learned that Joe and all the other Tatum kin were

Several residents of Friona, Borger, Littlefield, Merkel, Abilene and Rising Star lost a real good friend and former neighbor when L.B. McClain of Merkel died in an Amarillo hospital late last week.

L.B. and Pearl lived here several years at two different times. She was a teacher in the local school system and he farmed. He was also employed as a custodian of one of the school buildings for a few years.

He was the father of Gwen Graves, also a former Friona resident and the grandfather of Travis Graves, who lives here now. Many lives were greatly enriched by the influence on this fine man.

Danny Shackelford of Perryton visited in the home of his paternal grandmother, Mrs. Bert Shackelford, last week.

+ + + + Ky Graham, Joe Malouf and Jeff Peak represented Friona's Fellowship of Christian Athletes as conferees at a meeting on the campus of the University of Arkansas in Fayetteville, Arkansas,

last week. These three young men were accompanied to the conference by Mr. and Mrs. Alton Peak.

Enroute home the group stopped off in Inola, Oklahoma, for a visit in the home of Mrs. Peak's grandmother, Mrs. Elizabeth Davis.

Mrs. Pearl Howard has been visiting in the home of a son-in-law, daughter and granddaughter in Pensacola, Florida. On August first another granddaughter was born to Mr. and Mrs. James L. Smith of that

city.
The new baby, Jessica Faye, weighed nine pounds and was

twenty-one inches long. She has an older sister, Sandra Kay, who is five. Mrs. Smith is the former Sallie Sue Howard.

Mr. and Mrs. Ardith Rolen and daughter, Dorothy Jean, Stacy and Vicky, of Stratford visited in the home of Mrs. Rolen's father and brother, Elwood and Haywood Vaughn, last week.

Ardith's mother, Mrs. Bessie Rolen, and sister, Mrs. Treva Harp, have recently moved from Stratford to Lubbock. On Wednesday Ardith drove down to visit his mother, who is a patient in a Lubbock hospital.

Mrs. James Procter spent several days recently in Lamesa with her parents, Mr and Mrs. J.O. Peterson. Mrs. Peterson was dismissed from the hospital while Sue was down

Then Monday the Petersons came to Friona for a visit in the Procter

Lorri Euler, daughter of Mr. and Mrs. Raymond Euler, has recently moved to Amarillo. She is now employed in the Crime Analysis Unit of the Amarillo police department.

For about a year Lorri had been working as a dispatcher for the Police Department here in Friona and it was during that time that she became interested in the line of work she is now in.

Amarillo's Crime Analysis Unit was organized in 1975 to provide line supervisors with information which would enable them to make assignments using a technique called "Selective Deployment."

Since then the unit has been expanded to provide investigative leads from correlation of similar offenses and provide information on known active offenders, parole violators, probation violators, wanted persons and unrecovered stolen vehicles.

This unit is also involved in planning new programs and applications, such as Computer Assisted Dispatching, Automated Criminal Records Search Capability and Residential Flex Teams.

Lorri's direct supervisor is Bill Tandy, a crime analyst, who has been with the unit since its beginning. She is very happy in her important departments of the Amarillo Police Department.

Johnny and Beulah Miller are two of the local farming couples who took advantage of last week's rainfall. They took their children and headed for the mountains of Northeastern New Mexico for a few

Louis Welch didn't get any rain, but he and Mamie Lou had a wedding anniversary, so they used that as an excuse to "head for the

hills" for a few days. They did some sightseeing in the Las Vegas to Cowles to Taos area as well as some browsing in Taos and Santa Fe.

The late Mrs. Hattie Snead was named Cox before she married. She was one of twelve or thirteen children, so had a large number of nieces and nephews. The Cox family had a get together in Weatherford, Texas last weekend.

Mr. and Mrs. Rene Snead, Mr. and Mrs. Gary Snead, Holly, Charlie and Josh and Mrs. Clyde Woodard and children were local people who attended the reunion.

Johnny and Elthie Hand were also in the Weatherford area last weekend. They visited in the home of Kirby, Jonnie, Kelli Jon, Heidi Williams, who live on a lake not too far from the Parker County Capital.

Opal Strickland had a new great-granddaughter. The Steve Taylors have a new baby girl. She was born in a Hereford hospital July 27 and was named Jessica Dawn. Her paternal grandparents are Mr. and Mrs. Ruben Taylor.

Mr. and Mrs. D.E. Redinger of Laverne, Oklahoma, have been guests in the homes of Mrs. Redinger's sisters, Opal Strickland and Lucy Mae Stokes.

If Calvin and Ann Martin don't

them were in Colorado Springs for a reunion of the family of Jim and Emma Baxter. John and Jim Baxter were brothers and Edna and Emma Weatherly Baxter were sisters, so the eight children in one family were

It's A Girl For Hamiltons

Mr. and Mrs. Raymond Hamilton of Friona became the parents of a baby girl born at 7:11 p.m., August 8 in Deaf Smith County Hospital.

Named Jenny Gay, she weighed eight pounds and was twenty-one inches long at birth.

Jenny has an older brother, Davy, fifteen months old.

The child's grandparents are Mr. and Mrs. Delton Lewellen and Mr. and Mrs. Glyn Hamilton, all of Friona. Great-grandparents are Mr. and Mrs. Harvey Shapley of Guymon, Oklahoma and Mrs. Leslie Hamilton of Colorado City, Texas. Mr. and Mrs. E.D. Matlock of Friona are the great-great-granddouble cousins of the seven children in the other family.

Calvin and Ann and Oscar and Opal attended both reunions. The big difference was that the Martins came home between times, but the Baxters didn't. Then they stayed longer following the last one.

The Baxters and Orval Burnams of San Bernardino, California, visited in the homes of Mr. and Ms. The Baxters and Orval Burnams

of San Bernardino, California, visited in the homes of Mr. and Mrs. Roy Baxter at Pueblo and Mr. and Mrs. Jean Baxter at Rye, Colorado, before coming back.

Other descendants of Jim and Emma, who were in Colorado Springs last weekend included Lonnie and Charley Baxter of Clovis; Bill Baxter, Faith, South Dakota; Louis Baxter, Chivington, Colorado; Clarence Baxter, Rye, Colorado and Nora Robbins of Blunt, South Dakota; along with their spouses.

Other Frionans attending were Mr. and Mrs. Billy Dean Baxter; Mr. and Ms. Lawrence Martin and Linda; Mr. and Mrs. Clarence Martin and Kathy; Mr. and Mrs. Mike Martin and Renee; Mr. and Mrs. Larry Martin and Mr. and Mrs. Greg Martin.

Mr. and Mrs. Roy Melugin

Roy Melugins Slate 50th Anniversary

A reception honoring Mr. and Mrs. Roy Melugin of Clovis, on their 50th Wedding Anniversary will be held Sunday afternoon, August 13 from 2 p.m. till 4 p.m.

The reception will be held in the

parlor of the First United Methodist Church, 1501 Sycamore St. in Clovis. Hosting the event will be their son and wife, Mr. and Mrs. Roy Melugin, Jr. and their daughters, Annella and Cynthia. Also their friends, Mr. and Mrs. Harlon Beasley of Clovis.

If Calvin and Ann Martin don't hold the record for attending the most family reunions in the shortest time, then Oscar and Opal Baxter surely do. One weekend all four of them attended a Baxter family reunion in Elk City, Oklahoma. This one was for the descendants of John and Edna Baxter. Then the following weekend all of

High Priority Set For Irrigation Gas

used for irrigation pumping and crop drying is one of the subjects of the energy bill being considered before the Conference Committee this week in Congress.

The Board of Directors of Plains Irrigation Gas Users Assn. Thursday night, July 20, in Plainview, expressed alarm at the threat not only to priority, but to continued availability of natural gas at a price the farmers can afford to pay. Reports were made at the Board meeting of considerable work done and several trips to Washington by Board members to secure a priority and to secure a separate category and a special price for agricultural gas, but the Board members were gravely concerned about the drastic need for representation in Washington over the next few months in order to redouble the efforts already begun if natural gas for agriculture is to be protected.

It was stressed that financial support in the form of at least \$5.00 per well from every irrigation farmer in the area was going to be absolutely essential if the work which needs to be done is accomplished during this most critical period. President Mills stressed that it will be too late and much harder to accomplish if the legislation becomes law because it would then have to be done by

amendments to that law. Vice President Jay Boston indicated that this was just as important and vital to every to irrigation farmers, and that he hoped that every phase of the cattle industry and all agriculture-related industries would financially support the farmers in this effort if they knew how critical the threat to natural gas for irrigation has become.

Mr. Bruce Rigler, Executive Committee member from Plainview, stressed the fact that any businessman, whether in the cattle business or in the implement business, would be convinced by a trip to Pecos and a look at the empty business houses and a look at the sand dunes on formerly irrigated land where 75 per cent of the natural gas for irrigation was cut off only two years ago, and the devastating effect upon the businesses in that area would convince any intelligent businessman that this could not be allowed to happen in the Panhandle and South Plains of Texas.

The Board directed that a letter be sent to the Secretary of Agriculture to try to protect the priority to be given natural gas used for irrigation pumping, and requested that county meetings be held in each county over the Panhandle and South Plains so that every irrigation farmer could be informed as to the current activities not only in Washington, but at the special session in Austin where Senator Kent Hance has proposed the introduction of a bill which would give the farmer a right of appeal to the Railroad Commis-

sion with regard to price of natural

gas in the same fashion that cities and towns presently have to appeal from any rate.

As a result of the work already done, considerable support has been garnered for a special category for natural gas used for irrigation pumping and crop drying, as well as a special price, but much more work is needed and many, many more Congressmen must be convinced that this is absolutely essential if we are to continue to use natural gas for irrigation. Mr. Boston expressed the view that it would do no good at all to have all the natural gas in the world if the price skyrocketed to a point where farmers could not afford to pump their wells, and that that critical point in price had already been reached, and that unless a lot of groundwork was done and a lot of Congressmen educated on the amount of food and fiber production contributed to the nation's economy by this area, we would never be able to buy natural gas at a price we could afford to pay.

Mr. Carl King, Executive Com-mittee member from Dimmitt, has made many trips to Washington, and expressed the view that we could get a special category and we could get a special price for natural gas for agriculture, and told the Board he felt that this effort could be successful and would be successful if it received the right kind of support from everyone dependent apon agriculture production in the Panhandle and South Plains of
