Let Freedom Ring

Continental soldiers Don Shields, Don Brooks, Robert Knight and Richard Atkins (from left) will escort Sheriff A. N. Standard (right) Friday at 6:45 p.m. when he delivers the Declaration of Independence to the Town Crier for presentation to the citizens of Big Spring. Mrs. Robert Knight (left), Mrs. Mamie Dodds and drummer C. M. Wenzcraft II will also take part in the ceremony. Mrs. Dodds has asked that bells be rung throughout the town at 7 p.m. in celebration of the anniversary of United States Independence.

Bell Ringing, Fireworks Display On Tap Friday

Bells will ring Friday throughout Big Spring for four minutes beginning at 7 p.m. at the close of the annual "Let Freedom Ring" celebration.

"For the first 100 years of our nation's life, ringing of bells was the standard method of celebrating Independence Day," Mrs. Mamie Lee Dodds said. The "Let Freedom Ring" program was begun in Big Spring in 1966 by Mrs. Dodds, after President Lyndon Johnson initiated the national observance in 1965.

At approximately 6:45 p.m. Friday, a band led by Sheriff A. N. Standard will carry a copy of the Declaration of Independence from the T&P Depot to the courthouse lawn, where Town Crier Jim Baum will read the document to Big Springers. Minutemen from the ARClub and appropriately dressed Colonial ladies will escort Standard to the courthouse. Members of the Gold Star Mothers Club and Daughters of the American Revolution will be in costume for the program.

The program will take place in front of a painting of Independence Hall by Mrs. Dodds, and Main Street in front of the courthouse will be blocked off with folding chairs placed in the street for the audience. City and county officials have been invited to attend.

The invocation will be offered by Dr. R. Gage Lloyd, and the Webb Color Guard will present the flag. High school musicians will comprise the "Spirit of '76" band and play "Hail Columbia" and "Yankee Doodle."

Following Baum's reading of the declaration, members of the High School Key Club will kick off the bell-ringing with the school victory bell. Following the bell ringing, Connell Taylor, minister of music at First Baptist Church, will lead the crowd

in singing the national anthem. Beginning at 9:30 p.m. Friday night, Big Springers have been invited to Webb AFB for a fireworks display which will last until 11 p.m. The Personnel Services division sponsors the

display on the obstacle course on Avenue D, between Fifth and Sixth Streets on base. The east gate will be opened at 10:30 p.m. to facilitate traffic exit from the base. The State Park drive will be open for those who wish to see the show from there.

Most Big Spring business houses and offices will be shut down Friday, but police and fire department will be staffed with full crews and extra men will be on call for the July 4 holiday. City hall and the county courthouse will be closed, as will the post office and the banks.

Police Chief Jay Banks has asked parents to remind children that exploding fireworks inside the city limits is in violation of a city ordinance. Children arrested will be referred to the juvenile officer, Banks said.

Killer Hearing Moved Up

MIDLAND, Tex. (AP) — The hearing date for an appeal by convicted killer James Lee Marion has been moved up from July 28 to July 18 in federal district court in Lubbock.

Marion has been convicted in the bludgeoning death of Midland socialite Mrs. Fred Turner Jr. The hearing, on a writ of habeas corpus, was changed at the request of Dist. Atty. Jim Mashburn. Mashburn said he would be in Big Spring on July 28 for another murder trial.

Defense attorney Warren Burnett said in his petition for habeas corpus that Marion was convicted in 1964 by a jury whose method of selection was recently condemned by the U.S. Supreme Court in its Witherspoon decision.

The writ has already been turned down by all levels of state courts, and Burnett is presently engaged in what may become a long series of federal court hearings.

New Phone Directories

Delivery of new telephone directories to Big Spring customers is scheduled to begin July 9. The directory also includes Ackerly, Lomax, Luther, Coahoma and Sand Springs.

Harry Sawyer, manager for Southwestern Bell Telephone Co., said that approximately 20,000 directories will be distributed.

The new book includes 50 pages of alphabetical listings and 160 pages of Yellow Page advertising.

Cross Plains Shooting

BAIRD, Tex. (AP) — Curtis Sherman Goad Jr., 26, was formally charged Wednesday in the shooting of the city marshal of Cross Plains.

Goad, a Cross Plains resident, was arrested about four hours after the shooting. He was in a pickup truck matching the description of the one Marshal Byron Richardson had stopped.

Richardson was wounded before dawn Wednesday after he had stopped a truck.

He had reportedly given a ticket for driving without a license to the driver of a pickup truck minutes before the shooting.

In Today's HERALD Holiday At Soash

Sixty years ago all of Big Spring and Howard County celebrated the Glorious Fourth at Soash—a town which the drought destroyed two years later. See Page 6-C.

BRIAN JONES

Pop Music Idol Dies

LONDON (AP) — Brian Jones, 26-year-old pop music idol who rose to stardom as one of Britain's Rolling Stones, died today while taking a midnight swim in his Hartfield home. The tour manager of the singing group said asthma may have contributed to his death.

Tom Keylock said: "It is possible that Brian had an attack of asthma while he was bathing. Jones has suffered from asthma for some years and it was particularly bad when there was a lot of pollen about. There was an asthma inhaler, which Brian used to help him with his breathing, at the side of the swimming pool."

A spokesman at Jones' home said Frank Thorogood, a contractor who is modernizing the house, and a blonde girl friend were at the pool when Jones went for his midnight swim. After about 20 minutes the girl went into the house and Thorogood went for a cigarette.

"When Mr. Thorogood went back to the swimming pool, he saw Brian at the bottom," the spokesman said. Thorogood and the girl, Anna Vohlin, 20, dived in and pulled Jones out. The girl attempted mouth-to-mouth resuscitation while Thorogood tried artificial respiration.

Deposits Jump By 16 Per Cent

Deposits in the four Howard County banks jumped 16 per cent over a year ago and maintained an even par with those in April, statements issued today in response to a call from the comptroller of currency showed. Date of the call was at close of business June 30.

The deposit total was \$51,367,047.30, up \$7,061,140 from a year ago. This compared with \$51,372,996 on the April 30 call this year and with the peak of \$53,091,012 as of Dec. 31, 1968.

Loans and discounts stood at \$26,598,086.78, down \$170,685, off about .7 of one per cent from a year ago. The total compared with \$25,764,172 in April and with the peak of \$26,788,772 reached June 29, 1968.

The banks had \$9,538,137 in cash, or up \$1,613,804 or 20.4 per cent from a year ago. This figure was well under the record of \$13,535,951 reached at the end of 1968.

Total resources reached \$52,600,568, up \$7,090,026 or 14.4 per cent from the previous year. The April figure had been \$56,896,844, and the peak was \$58,060,454 as of Dec. 31, 1968.

Besides cash, the banks had \$5,106,576 in United States bonds, \$7,874,750 in state, county and municipal bonds, and \$3,379,771 in other bonds (including U.S. agency bonds). This was a total of \$16,361,099, or \$3,052,562 more than the \$13,308,536 of the comparable date last year.

By banks, the figures showed: FIRST NATIONAL BANK — Loans and discounts \$14,113,799.56; deposits \$24,363,294.88; cash \$4,590,344.20; total resources \$36,727,450.76. In

	June 30, 1969	June 29, 1968	Increase (Decrease)
Loans and Discounts	\$26,598,086.78	\$26,768,772.67	(\$ 170,685.89)
Deposits	51,367,047.30	44,305,906.82	7,061,140.48
Cash	9,538,137.87	7,924,333.40	1,613,804.47
Total Resources	56,260,568.14	49,170,541.25	7,090,026.90

addition, the bank held \$817,328.18 in U.S. bonds; \$3,125,005.68 in state, county and municipal bonds; and \$1,829,922.11 in other bonds (including U.S. agencies). STATE NATIONAL — Loans and discounts \$7,418,296.11; deposits \$14,995,413.49; cash

deposits \$10,030,483.78; cash \$2,215,037.97; total resources \$10,790,939.67. In addition the bank held \$2,267,659.75 in U.S. bonds; \$1,762,906.92 in state, county and municipal bonds; and \$646,451.42 in other bonds (including U.S. agencies).

COAHOMA STATE — Loans and discounts \$1,413,477.36; deposits \$1,977,945.15; cash \$278,178.38; total resources \$2,291,681.37. In addition the bank held \$562,000 in U.S. bonds; \$23,753.63 in state, county and municipal bonds.

U.S. Oil Loss Blamed On Total Breakdown

WASHINGTON (AP) — Tens of millions of gallons of petroleum shipped to U.S. fighting forces in Vietnam could not be accounted for in 1967 because of what Pentagon auditors branded a "total breakdown" of a complex, unmanageable accounting system.

In case after case, a nine-man Joint Petroleum Technical Assistance Team concluded it was impossible to learn with certainty whether any of thousands of petroleum shipments inside Vietnam ever reached their destinations.

This was true, it said, due to confusion, negligence and the stresses of war and because re-

ceipts, reports and other vital documents were either ignored or not filled out correctly.

In one instance, the team reported, the Air Force could not account for \$21 million in petroleum products the team blamed the loss on incomplete terminal reporting, saying no records exist as to whom the fuels were delivered.

Sen. William Proxmire, D-Wis., who last year triggered a General Accounting Office investigation which disclosed the theft of millions of gallons of fuel in Thailand, asked the Pentagon to release its private Vietnam fuel report.

In a letter to Secretary of De-

fense Melvin Laird, Proxmire said he also wanted to know if any more recent petroleum auditing investigations have been made in Vietnam.

He asked details on steps taken to shore up the system as it existed in fiscal 1967 and in early 1968 when the auditors' report was compiled and written.

"In view of the gross inadequacies in the preparation, distribution and control of documentation for receipt, storage and distribution of bulk POL (fuels and lubricants), the team concluded that there had been a complete breakdown in the accounting system," the report said.

North Korean Hanged As Spy

SEOUL (AP) — Lee Soo-keun, a North Korean journalist who staged a much-publicized escape from the Communists two years ago, was hanged in a South Korean prison today as a Communist spy, officials announced.

Lee, 45, former vice president of the official North Korean Central News Agency, was sentenced to death May 10 after pleading guilty to charges of spying for Pyongyang. He had said he would appeal the sentence but did not.

Lee was taken off a Cambodia-bound plane in Saigon Jan. 31 by South Korean secret servicemen who said he was trying to return to North Korea. A nephew of his South Korean wife was sentenced to death for helping him flee, and five other persons received prison terms in the case.

Lee was given a hero's welcome to South Korea in 1967 after he jumped into a U.S. Army sedan at the Panmunjom truce village and sped away under a hail of Communist bullets. Three American military men were decorated for helping him escape.

Lee admitted after his arrest that the dramatic escape was a ploy to win his acceptance in South Korea where he planned to work as an agent of the North until all Korea was unified.

North Viet To Release Three U. S. Prisoners

WASHINGTON (AP) — North Vietnam's decision to release three more U.S. prisoners spurred fresh administration interest today in finding out whether Hanoi is beginning to deescalate the war.

The dominant initial reaction here among well-informed officials is one of skepticism and doubt. Hanoi has freed small groups of captured fliers on previous occasions—acts Washington authorities have said were aimed at creating goodwill at no cost.

The United States has been pressing for large-scale prisoner exchanges.

But today's announcement comes on top of the report by Secretary of State William P. Rogers Wednesday that enemy attacks in South Vietnam have declined radically and that the level of infiltration of North Vietnamese into the South has also dropped.

Rogers said Wednesday the sharp drop in combat and the reported cutback in North Vietnamese infiltration may be a "change of plans" in connection with war strategy by the enemy command. And he said they held open the possibility they could lead to increased U.S. troop withdrawal when Nixon reviews his plans next month.

But Rogers also told a news conference Wednesday the decline in enemy activities could be due to manpower supply problems or to a regrouping of forces for new attacks.

Other officials say privately a new enemy offensive is a definite possibility based on the present, admittedly inadequate information.

Some authorities believe if the developments have political sig-

nificance they would eventually get some signals to that effect, perhaps through Soviet or other diplomatic channels, from Hanoi.

One way for the United States to probe what is happening — apart from watching developments, is to ask North Vietnamese peace negotiators in Paris. Rogers said this would be done "when the right time comes . . . we do not attach too much significance to it at this time."

On the North Vietnamese infiltration level, Rogers said "We are not quite sure what it means except that we know pretty conclusively that there has been a reduction in the infiltration in the last two months."

At the Defense Department, however, military authorities tended to discount the significance of the reported drop. They said the total of North Vietnamese forces moving

through the jungle trails normally varies from month to month.

Noting that figures of the enemy troop flow are gathered slowly from various sources, including prisoners, one officer commented that when more complete information on infiltration is available "we are not sure that it will drop off."

The military informants said they estimated movement of enemy troops into South Vietnam during the first half of the year averaged 8,000 to 10,000 men a month. They said North Vietnam's aim apparently has been to maintain about 100,000 fighting men in the South by constantly replacing casualties.

Rogers expressed hope this constituted a deliberate response by North Vietnam to President Nixon's June 8 announcement of the withdrawal of 25,000 American troops by the end of August.

YOU COULD WIN GE-PLUNKING OPEN With An Eye On Horizon And A Large Flat Stone

MACKINAC ISLAND, Mich. (AP) — Keep your eye on the horizon, aim for minimum attitude and practice, practice, practice.

Those tips, coupled with large, ultra-flat stones for maximum skim, could win you the Little David Flat Stone Trophy Saturday in Mackinac Island's 1969 Stone Skipping and Ge-plunking Open Meet.

A retired Navy commander who once skipped a stone 17 times, will serve as a field judge.

He says of his great skip: "That was under ideal circumstances. The lake was as flat as a flounder."

Number of skips alone will not win the trophy.

"An entrant may be penalized on defects in form and style," said W.T. Rabe, provost of the island's Stone Skipping and Plunking Club and marshal of the 1969 open.

"An accomplished stone skipper is poetry in motion. He skips a stone with one contin-

uous movement of his entire body, holding his breath throughout, and ending with a great and audible exhale.

The island is in the Straits of Mackinac between Lakes Huron and Michigan.

EARLY PAPER FRIDAY

The Herald will be issued at noon Friday and the office will be closed in the afternoon for the July 4th holiday.

The early press time means moving up the "deadline" for your Want Ads. Please call by 9 a.m. for your Want Ad needs. Sunday ads should be submitted early, also.

June Was Hot, Dry Month; Mercury Soared To 108

June was hot and dry — which is about all that can be said of the month. Statistics compiled by the U.S. Experiment Station for the month show that only 1.42 inches of moisture was reported. The heaviest of six small rains was .75 inch June 8. Other showers were .08 inch June 2; .14 June 3; .30 June 12; .03 June 13; and .12 June 16. The hottest day of the month was a sizzling 108 degrees June 20. The coolest night was 38 degrees June 15.

Maximum average temperature was 92 which was just one degree under the 54 year average. The minimum average was 68 degrees which was a degree over the 54 year average. Total rainfall stood at 13.14 inches at the end of June which was 4.38 ahead of the 70 year average for the first six months of a year. June's 1.42 was well under the 70 year average of 2.14 held by the month. The wind did blow harder this June than the average. The velocity was 5.4 mph as compared with the average for the past 51 years of 4.9. Evaporation was up nearly an inch. The figure for June was 11.25 inches and the 54 year average was 10.32.

Farmers need rain. Feed stuff, which is beginning to head up, needs moisture even more than cotton. The good rains of earlier in the season have left a healthy underground moisture reserve, but showers now would be helpful.

Clammy Beach Blanket
One hundred tons of clams cover Newport Beach in Newport, R.I., where they were washed ashore by incoming tide in an, as yet, unexplained phenomenon. Many hundreds of tons of the shellfish have been deposited on the beach by tides over the past two weeks. People from all over New England have converged on the beach to share in the bonanza.

Fulbright Trying To Turn Tables On President Nixon

WASHINGTON (AP) — Sen. J. W. Fulbright is trying to turn the tables on President Nixon by bucking administration nominees who support deployment of Safeguard antiballistic missiles—ABMs.

At Fulbright's direction the Senate Foreign Relations Committee he heads has passed over Nixon's nomination of William J. Casey as a member of the General Advisory Committee of the Arms Control and Disarmament Agency. Casey, chairman of the Citizens Committee for Peace with Security, is leading a publicity campaign for the administration ABM program which Fulbright strongly opposes.

All 15 appointees to the agency got caught in the same hold order.

In addition, Fulbright said he expects to recall Spurgeon M. Keeny Jr., chosen for assistant director of the disarmament agency.

President Nixon told an April news conference he had decided not to appoint Dr. Franklin Long of Cornell University as head of the National Science Foundation because of the latter's opposition to ABM.

While Fulbright didn't say so, it seemed obvious to his colleagues the Arkansas Democrat is of a mind to make the road difficult for appointees who get out in front in support of ABM, an issue that will come before the Senate after the July 4 recess.

Fulbright said he wants to explore "the published views" of Casey. The chairman made it clear he was concerned about a newspaper advertisement in which Casey's committee said a public opinion poll showed 84 per cent of Americans support ABM. Fulbright questions that assessment.

Casey, in putting out an appeal Wednesday for citizens to write their senators and congressmen, said a 10 per cent minority was stimulating mail against ABM.

Fulbright's quarrel with Keeny is over the latter's testimony at a committee hearing that he favors continuation of work on both offensive and defensive weapons.

The Committee chairman said it was "pitiful... awful" that Keeny should testify that the Soviet Union might regard U.S. intercontinental missiles as "part of a first strike counterforce capability."

Fulbright announced he was going to oppose the Keeny nomination. He temporarily withheld judgment on Casey until the latter testifies.

Water Ban In Houston

HOUSTON (AP) — Mayor Louie Welch issued an emergency order Wednesday banning the use of water for any outdoor activity through Sunday.

The order was issued in the wake of a 28-day dry spell which has left the largest city in the South with a pressure problem on its water supply.

City officials contended that there is no water shortage at present, but an increasing usage of water in large quantities has placed record requirements on the water system.

Welch announced that police will enforce the measures against lawn sprinkling and car washing.

"Only normal household uses for such things as cooking, bathing, laundering and air conditioning will be allowed," the mayor said.

The City Council gave the mayor broad powers to ration water as needed as long as the present emergency exists.

R. A. Thompson Jr., water division chief, said that "voluntary rationing just has not worked." He said that the mandatory curbs on water being ordered at this time would permit pressure to rise in water mains.

Twelve city fountains were cut off Wednesday to save water. Operators of the 27 city swimming pools were told to curb water usage.

The council authorized lawn sprinkling during the hours of 5 to 6 a.m. and 8 p.m. to midnight—starting Monday on alternative days only.

City health centers and hospitals have been using emergency booster pumps.

Residents in apartments above the third floor have experienced low water pressure all week.

D. E. van Buskirk, water production manager said that about the only thing that could be done about the pressure problem is to "pray for rain."

OF CONFERRING 'WITH ENEMY IN TIME OF WAR'

Byrd Challenges Propriety

WASHINGTON (AP) — Sen. George S. McGovern's secret meeting with top Communist negotiators has come under attack from a fellow Democrat who questioned whether it is in the nation's interest "to meet with the enemy in time of war."

Sen. Harry F. Byrd Jr. of Virginia raised the issue after McGovern, long a critic of U.S. policy in Vietnam, disclosed he had met for 10 hours May 23 in Paris with North Vietnamese and Viet Cong representatives.

Answering questions about the propriety of the meeting, McGovern said: "These same considerations went through my mind for many, many months."

But he said he decided to go ahead with the meeting after conferring with the State Department and chief U.S. peace negotiator Henry Cabot Lodge.

"I wouldn't be able to rest if I thought anything I'd done had cost the life of a single American boy or prolonged the war," the South Dakota Democrat said in defending his action.

McGovern told of the secret meeting Wednesday in a Senate speech, and he elaborated in a press briefing and a series of exchanges with fellow senators during and after his formal talk.

He said he arranged the session to get a better understanding of why the war and the killing goes on. The senator emphasized he only asked questions and made clear to the representatives of North Vietnam and the Viet Cong he was not speaking in behalf of the U.S. government.

Byrd, said if Lodge approved the session, he assumed other senators might also arrange such meetings.

"Are we going to attempt to have individual negotiations with representatives of the enemy in Paris?" Byrd asked.

The Virginia Democrat, in questioning whether such sessions would serve the nation's best interests said "we are still in a very difficult and precarious position."

McGovern said the meeting reinforced his views that the United States must start a "systematic withdrawal of all of our troops" and stop supporting the regime of South Vietnam President Nguyen Van Thieu.

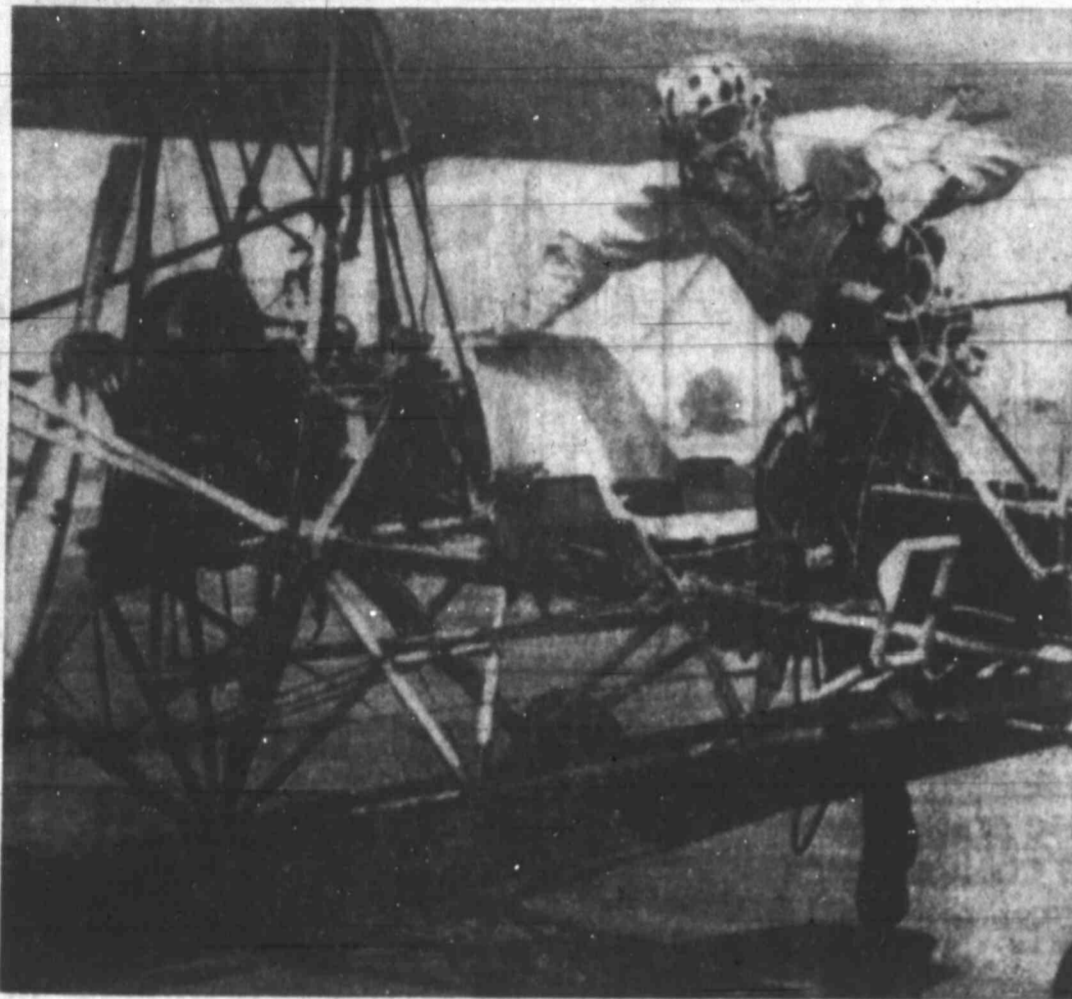

McGovern's Paris meeting drew praise from several other Democratic war critics who said they see no change between the policies of the Johnson and the Nixon administrations.

"We have waited for some indication of a substantial change in the policy that led us into the morass," said Sen. Frank Church, D-Idaho. "I, too, have failed to detect that change."

Sen. J. W. Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee, also agreed.

But Sen. Gale McGee, D-Wyo., criticized McGovern, saying that "if we were to precipitously pull back... the consequences for a couple of million people in South Vietnam would be so great."

The main conclusion in McGovern's speech was the "So long as we cling to our military policy of maximum pressure and our political embrace of Gen. Thieu, the negotiations in Paris are a sham and a delusion."

Ageless Pilot

Pioneer aviator Waldow Waterman, 75, jumps into his monoplane at Gillespie Field in El Cajon, Calif., for a short hop to celebrate his 60th anniversary as a pilot. It was July 1, 1909 when Waterman piloted a glider down a San Diego canyon. He built this craft himself, using a small automobile engine for power.

Youth Center Work Told Lions

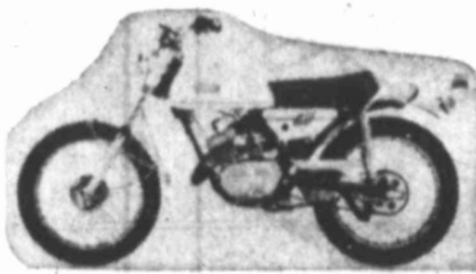

STANTON (SC) — The Lions Club, Tuesday, heard Mrs. Glenn Gates, who brought a program on the accomplishments being made at the Neighborhood Center. Children from pre-school age to adults are enrolled in educational programs. Mrs. Gates said that in the recreation program alone more than 300 youngsters are enrolled in athletic activities and are responding to the disciplinary requirements that go with training athletes. Twenty-one members and a guest, Stanton White, Stanton, attended.

Heads Program

WICHITA FALLS, Tex. (AP) — Mrs. Marian T. Giles, formerly of Amarillo, has been named to head a new program at Midwestern University here, preparing teachers to work with mentally retarded children.

Registration For Drama Workshop Is Continuing

Enrollment for the Children's Theatre Workshop, being sponsored by the Little Theatre of Big Spring during July, is picking up, according to Mrs. Joy Shaver, instructor.

Deadline for registration is Monday, and classes will begin Tuesday at the YMCA. All classes will be held in the afternoons, on Tuesdays, Thursdays and Fridays for eight sessions, she explained. On July 17, the class members will be taken to Midland for a tour of the facility, and to see a children's play, being staged by the Midland Community Theatre.

The course is open to all interested residents, and registrants are not required to be Y members. The fee is \$10, but no child will be turned away due to inability to pay the fee.

Mrs. Shaver will give instruction in the fundamentals of play production for youngsters in the second grade through junior high school age ranges. Parents interested in registering their children should call Mrs. Shaver, 7-7500, or Glenn Coates, 3-7231.

Morrison Loses Freedom Bid, Expected To Appeal

By BOB BRUCE
ABILENE — Marvin McKinley Morrison, 36, is on his way back to Leavenworth, Kan., federal prison today, after failing to gain his freedom in a federal court hearing here. He is expected to appeal the decision to the Fifth Circuit Court of Appeals in New Orleans, La.

Morrison asked to be set free from a 25-year term in connection with a \$12,000 Big Spring robbery of the State National Bank, claiming he was the victim of perjured testimony here in May, 1968.

U.S. District Judge Leo Brewster denied Morrison's petition to vacate the sentence and rejected a request for bail while he appealed.

Morrison sought, too, to be

placed in the custody of officers other than Deputy U.S. Marshal Bill Black and Taylor County Sheriff George Maxwell, both of Abilene. Morrison said he feared both officers.

"It's up to the marshal when and how to transport you," replied Judge Brewster, thus denying this request, too.

Black then told Morrison: "You are going to be hauled back to Fort Worth immediately by myself and Sheriff Maxwell."

Fort Worth will be the transfer point for Morrison's trip back to the federal penitentiary. Morrison made plain he did not relish his stay in Taylor County jail, where he had been in custody since June 22.

On the witness stand, Sheriff Maxwell was equally candid when asked by Morrison if he disliked him.

"It should be very obvious to yourself and this court, Mr. Morrison, that I do not like you one bit," said the sheriff.

Maxwell revealed Monday, on the first day of the three-day hearing, that Morrison "had" been here 30 minutes on June 22 until he tore a heavy metal screen off his jail cell window.

These were the developments: —Testimony Monday by co-defendant Joe Frederick McDonald Jr., 21, that he lied against Morrison in Morrison's 1968 trial here. McDonald got 15 years.

—Morrison's surprise action Tuesday, firing his court-appointed attorneys, Davis and Charles Scarborough, and presenting the rest of the case himself.

—Testimony Wednesday by Marshal Black that McDonald

feared Morrison would give orders through the prison "grapevine" to have McDonald killed as a squealer, if McDonald didn't "set the record straight."

McDonald is a prisoner in the West Virginia state prison at Moundsville, W.Va., serving 25 years on state robbery charges.

Morrison never testified in his own behalf at the hearing, although his attorneys said earlier he would

Three Damage Actions Filed

Three damage actions were filed this week in 11th District Court.

Alfred Parr is plaintiff in a case naming Edgar L. Meeks and Francis Griesse as defendants. It is the outgrowth of a two-car collision which occurred April 23 at Scurry and Fourth. Parr asks \$16,000 damages.

The second suit is styled Merlin Clemons vs Leroy Hollingshead and asks \$10,000 to compensate the plaintiff for injuries he claims were sustained in a two-car collision at Fourth and Rannels. The accident allegedly occurred May 31.

In the third suit, Vincent L. Morelli, Patrice Morelli, Wanda L. Musick and Harlan H. Bristol, plaintiffs, ask for damages totalling \$55,000 to compensate for injuries allegedly received in a car collision June 13 on US 80 West. Thomas Wayne Savell is named defendant.

Select Pastor

VERNON, Tex. (AP) — The Rev. Richard W. Winter has been named pastor of Peace Lutheran Church here, succeeding the Rev. Walter Burns, who resigned to accept the pastorate of a church in Garland, Tex.

Jones To Take Post July 15

STANTON (SC) — Ted Jones of Pecos, hired as chief of police Tuesday, will be paid \$325 per month. He has been in police work with the sheriff's department in Terry County and the police departments in Post, Slaton and Pecos. He will assume his duties about July 15. Elmo Pinkerton is serving as patrolman during the day until Jones assumes his duties.

In other business attended to at the meeting, bills were approved for payment and reports of the various city departments heard and accepted.

New Facilities

AUSTIN (AP) — New facilities have been completed and are under the entrance fee system on the island portion of Goose Island State Park. The facilities include a fishing pier, lights, shelters and restrooms.

4-A Big Spring (Texas) Herald, Thurs., July 3, 1969

Four Firebombs Tossed, Shots Fired At Police

PEORIA, Ill. (AP) — Four housing area adjacent to the section where the tavern was bombed. The area was reported quiet at daybreak.

Three policemen said they were fired at a number of times just after 1 a.m. when they left their car to investigate the firebombing at the Green Lantern tavern. The officers recovered 14 firebombs from under bushes in the tavern area.

No injuries were reported and there were no arrests in connection with the shooting. Seven youths were picked up for curfew violations.

Targets of the firebombings were a tavern and two grocery and produce markets. Furniture stored just off the street near the tavern also was hit by a firebomb. All the business places involved are white-operated.

One shift of off-duty policemen was called back to work, and foot patrols were put on duty in a predominantly Negro

Kremlin Seeking Base Astride Bay Of Bengal?

WASHINGTON (AP) — An authoritative Asian diplomatic source says the Soviet Union has asked India for permission to establish a naval base which could dominate shipping lanes to all of East Asia and the western Pacific.

So far, the source reported, Prime Minister Indira Gandhi of India has resisted the request for a Soviet fleet base in the Andaman Islands, astride the Bay of Bengal.

The source did not say how extensive a military base the Soviets are proposing for the islands, which were seized by the Japanese early in World War II because of their location.

In New Delhi, an Indian Foreign Ministry spokesman denied that such a request had been made. "There is no truth in such rumors," he said.

The spokesman said the Andamans are largely undeveloped and could not receive many warships. He also pointed out that Mrs. Gandhi and others have said often that India opposes the establishment of foreign bases by any nation.

An Andaman base could play a key role in Moscow's newly proposed collective security system for the containment of mainland China, Soviet diplomats were said to have emphasized in their proposal to India.

The Asian security arrangement was first mentioned publicly June 8 by Leonid I. Brezhnev, the Soviet party first secretary, in his opening address to a world Communist conference in Moscow.

The Soviet proposal has aroused great curiosity here and in other world capitals ever since. Secretary of State William P. Rogers told newsmen Wednesday, the United States has inquired about Soviet plans.

from Russian diplomats but "so far they have given us no assistance."

"They have all said they were not too sure of what he meant... And we said we were also interested in any kind of arrangements that added to the security and peace in the world," Rogers added.

A spokesman for the State Department said later there was no way to check out the Andaman report here. He cautioned against citing it as a factor in President Nixon's forthcoming visits to Indonesia, India and Pakistan.

During his trip, Nixon is expected to assure these nations of U.S. interest in providing an underpinning through any non-Communist South Asian security system that might evolve.

The British withdrawal from positions east of Suez and the U.S. determination to shrink its military presence in Southeast Asia turned some Asian eyes toward Moscow as security against Chinese expansion.

The Soviet Union also has moved toward establishing a naval presence in the Persian Gulf. The United States has responded by encouraging local authorities in Iran, Kuwait and the crucial sheikdoms to fill the vacuum left by the British with drawal themselves, with U.S. support in the background.

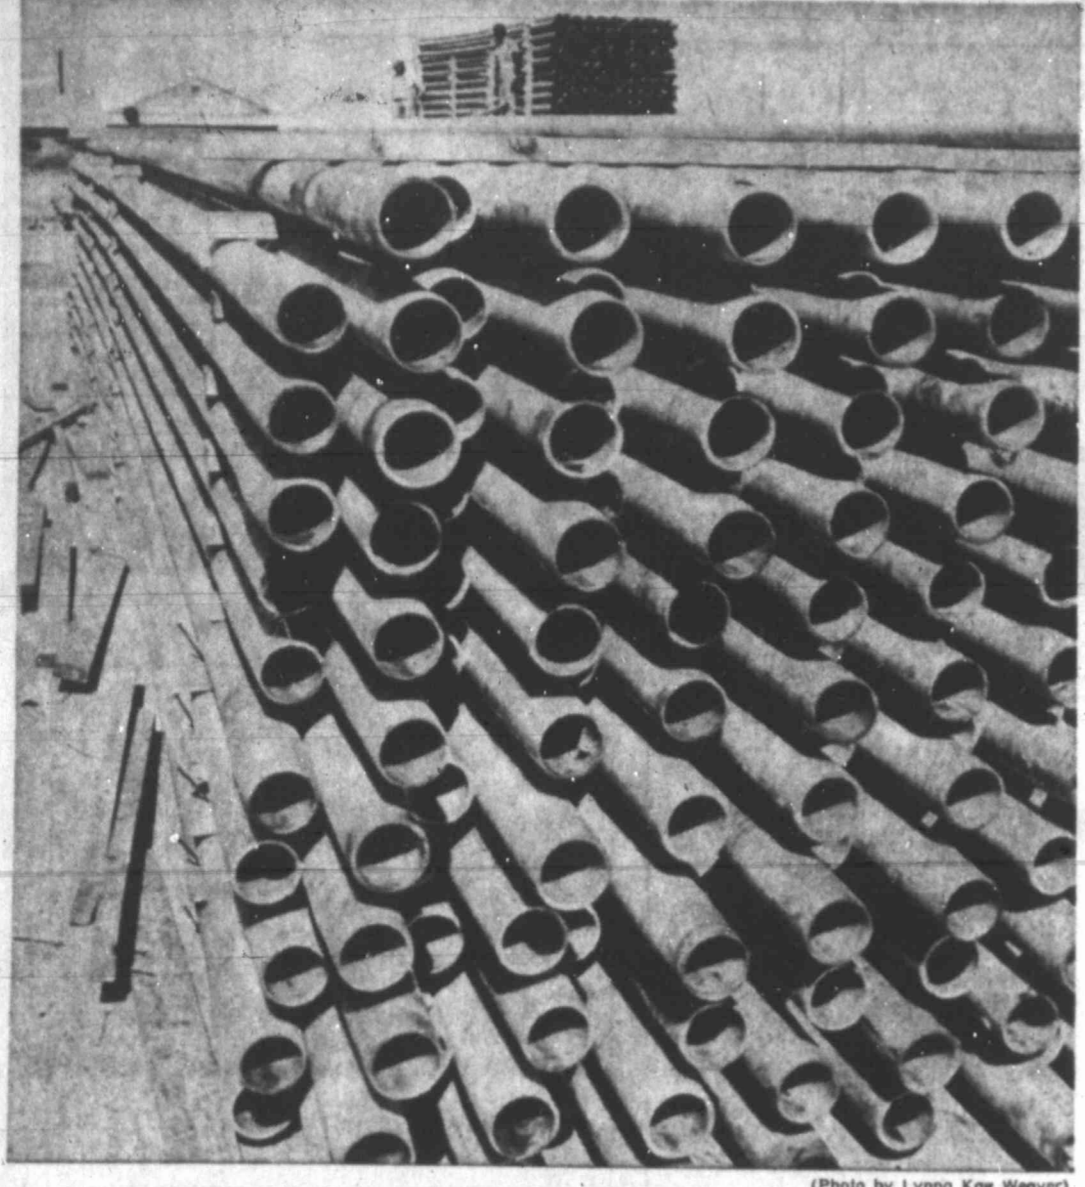

WASHINGTON (AP) — An Andaman base could play a key role in Moscow's newly proposed collective security system for the containment of mainland China, Soviet diplomats were said to have emphasized in their proposal to India.

The Asian security arrangement was first mentioned publicly June 8 by Leonid I. Brezhnev, the Soviet party first secretary, in his opening address to a world Communist conference in Moscow.

The Soviet proposal has aroused great curiosity here and in other world capitals ever since. Secretary of State William P. Rogers told newsmen Wednesday, the United States has inquired about Soviet plans.

Official Visitor
Dr. Anton J. Mubich (right), director of the Environmental Control Administration (ECA) of the U.S. Department of Health, Education and Welfare, stopped off in Big Spring Wednesday for a tour of the Land Reclamation and Sanitary Landfill Project with Public Works Director Ernest Lillard. Mubich became director of ECA at the beginning of the year and is combining a vacation trip through the Southwest with tours of landfill sites in order to familiarize himself with the projects.

Major Shipment
A major shipment of pipe from Fiber Glass Systems, its largest single delivery to date, left the plant here today for delivery to a major oil company in Montana. V. M. Michael, president of the manufacturing company, said that there were 15,000 feet of three-inch line pipe aboard. The company now has four of its six initial units in production and has been turning out two-inch pipe and 2 1/2-inch down hole tubing as well as the three-inch line. Capacity production for months is assured on the basis of orders already on hand, said Michael.

Enemy Troops Pulling Back In Border Area

SAIGON (AP) — North Vietnam announced today it will release three American prisoners of war and allow other American POWs to receive gifts from their families in observance of Independence Day.

Brief broadcasts by Radio Hanoi monitored in Tokyo and Hong Kong did not specifically say the prisoners would be released July 4. They also did not say where the men would be freed, nor were they identified.

But Tokyo monitors said Radio Hanoi spoke of "Americans captured in North Vietnam," indicating they were U.S. pilots who had been shot down.

North Vietnam last freed three U.S. pilots Aug. 2 in Vietnam, Laos. In the past North Vietnam has allowed American POWs to receive gifts on special holidays like Christmas.

The announcement came as U.S. military men were puzzling over one of the lowest levels of fighting in the war and trying to determine just how many North Vietnamese had infiltrated into South Vietnam or withdrawn.

American officers said three North Vietnamese regiments, the 36th, 138th and 27th, have pulled back across the 17th Parallel demilitarized zone into North Vietnam. But they said the Communist Command still has three regiments in the northern portion of South Vietnam, and speculated the pullback may simply mean new regiments will replace them.

Four enemy regiments also have pulled back from the Central Highlands around Ben Het, perhaps to get replacements after the recent battle there, the officers said.

Along the southern half of the Cambodian border, northwest of Saigon, a regiment of the North Vietnamese 7th Division reportedly has pulled back west of Loc Ninh. But spokesmen noted units of the 7th, 1st and 9th North Vietnamese divisions have been continually maneuvering in the critical 3rd Corps area.

In one 10-day period, said the spokesmen, that same enemy regiment operating west of Loc Ninh went back and forth across the border three times. Some said it appeared to be feeling for a soft spot in allied positions.

A similar situation was reported west of Tay Ninh City, where the enemy's 9th Division has been crossing and recrossing the border for several months.

In the Mekong Delta far to the south, U.S. intelligence indicated North Vietnam's old 27th

News Briefs

Thermometers Still Soaring
By The Associated Press
Skies were cloudless throughout Texas this morning and the only way for bubbling thermometers to go was still higher. Official observers said a high pressure ridge from East into South Texas would continue to keep any such things as a cool front from entering the state.

Except for .02 inch of moisture at Corpus Christi, there was no measurable rain Wednesday.

Forecasts offered hope for no more than a few showers near the Middle and Upper Texas Coast tonight and Friday.

Top temperatures Wednesday afternoon ranged from 104 degrees at Wichita Falls down to 91 at Alpine and Galveston. The mercury hit 102 at Childress, El Paso, Tyler and Waco, 101 at Dallas and Texarkana, and 100 at Fort Worth.

Recover Body

DALLAS (AP) — Divers recovered the body of Osie Dancer, 40, from Bethuram Lake in South Dallas Wednesday. Witnesses said Dancer appeared to collapse after he swam about 200 yards from shore.

Junk Men Find Picasso's Best

LONDON (AP) — Junk man Eddie Mitchell was cleaning out an empty shop basement when he discovered 25 paintings in a suitcase wrapped in an old blue bedspread. First he wanted to burn them; then he unsuccessfully tried to sell them for \$1 a piece.

Finally he took one to an art shop "to see if it was worth anything."

It was one of Picasso's best known works, "Weeping Woman," worth an estimated \$200,000. Besides five other Picasso's there were others by Marc Chagall, Georges Braque, Max Ernst and Miro. The 25 paintings were worth \$720,000.

Mitchell, 30, told how he and a fellow worker, Aubrey Worman, found the paintings while clearing rubbish from an old building in a West London suburb Tuesday.

"We thought they were rubbish and my mate Aubrey said, 'Throw them out, they're no good.' I handed the suitcase to Aubrey and said: 'Throw them on the pile with the rest of the rubbish.'"

"Aub said: 'Let's try to find (sell) them.' We took four paintings across the road to a shop and said to one of the blokes: 'Give us a dollar for each of them and they're yours.' He said 'Get lost.'"

Eventually Mitchell took the Picasso to an art shop Marcus Taylor, 41, a photographer whose wife runs the shop, had it verified. Mitchell and Taylor went to look at them. Both decided to call Scotland Yard.

Detectives identified the paintings as those stolen last April from the home of Sir Roland Penrose, one of Britain's leading art collectors.

Mitchell and "Aub" are eligible for a \$72,000 reward Penrose offered for return of the paintings.

Shelter Survey Is Completed

The U.S. Army Corps of Engineers has completed the fallout shelter updating survey, started June 17, for Big Spring and Howard County.

W. D. Berry, director of Big Spring-Howard County Department of Civil Defense, said the survey, which is being analyzed by the Albuquerque District Office of the U.S. Army Corps of Engineers, is expected to add 7,000 to 8,000 shelter spaces to existing facilities in Howard County for protection against nuclear radiation.

He also thanked building owners of Howard County for the cooperation in the survey. He said valuable information was gained for the 1970 census.

Berry will attend a Community Shelter Planning Emergency Information Readiness workshop in Beaumont July 7-10 as a backup to the survey. Instructors from the Office of Civil Defense Staff College, Battle Creek, Mich., in cooperation with the U.S. Civil Defense Council, will conduct the workshop.

Thieves Check Over 2 Cars

Taylor Rudd, 1700 Settles, told police Wednesday someone had ransacked his car while it was parked at his home. Nothing was missing and no damage was done to the car.

S. L. Simmons reported someone had marked his car's seat and tampered with the air conditioner while it was parked in the Highland Center parking lot. The cigarette lighter was taken from the car.

DEATHS

Mrs. Ruby Wilcox, Formerly Here
Mrs. Ruby Wilcox, 66, member of a pioneer Howard County family, died Wednesday morning in a Memphis, Tenn., hospital after a lengthy illness. She was the daughter of Mrs. I. B. Cauble, 606 E. 12th Street. Although born here, she moved from Big Spring 25 or 30 years ago.

Service will be at 10 a.m. Saturday at the Methodist Funeral Home. Burial will be in Memphis.

She is survived by her husband, Pruet L. Wilcox, six children and several grandchildren.

Other relatives include her mother, five sisters, Mrs. W. E. Ford, 606 E. 12th, Mrs. Bruton Petty, Elbow, Mrs. T. Willard Neel, 1007 E. 12th, Mrs. Jack Campbell, Kingsland, and Mrs. Burly Hull, Jacksboro.

Vandals Damage Phone Equipment

Vandals who fired four shots through the door of the West-Tex Cooperative Telephone Company control building at the west end of the Rock House Road, south of town, caused between \$3,000 and \$4,000 damages according to company officials.

The shots lodged in expensive electronic equipment housed in the structure. The company also reported that 50 to 60 pounds of copper wire is missing from the premises.

Contract Reports

"flagrantly in error" although conceding that Carson received a "good increase."

Neither Carson nor the spokesman would say what the contract actually does call for. The old one is believed to have brought Carson around \$1 million a year, or almost \$20,000 a week.

Carson Protests Contract Reports

NEW YORK (AP) — Johnny Carson, star of the NBC "Tonight" show, describes as "ludicrous" and "far out of line" reports that his new contract calls for \$75,000 to \$85,000 a week.

His protests to this effect on the Wednesday night show were supported by an NBC spokesman who said the reports were "very well."

Senate Armed Services Committee Votes Slash

WASHINGTON (AP) — The Senate Armed Services Committee announced today it has voted a \$1.9 billion cut in the Nixon administration's request for Defense Department research and hardware.

The committee issued a statement detailing its action in approving a military procurement authorization bill of just over \$20 billion, compared with \$21.9 billion recommended by the Nixon administration and \$23.1 billion asked by the outgoing Johnson administration.

Included in a \$1-billion cut in Pentagon research, representing 12.7 per cent of a \$8.2 billion request, were such projects as the SAM-D surface-to-air missile, the Undersea Long-Range Missile System submarine program; and a 75 per cent cutback in the Airborne Warning and Control Systems (AWACS).

The committee again recommended against approval of three fast deployment logistic ships, which some members have criticized as building up the role of the United States as a world policeman.

Some of the cutbacks represent programs already canceled by the Pentagon, including the Manned Orbiting Laboratory and the Army's Cheyenne helicopter.

But the committee went beyond Navy requests for nuclear attack submarines, recommending complete funds for three and lead time funds for an additional five compared with requests for two and four respectively.

Singer Patti Page Enters Hospital

DALLAS, Tex. (AP) — Singer Patti Page, suffering from exhaustion, entered a hospital Wednesday night to rest. She was unable to appear for a closing performance at the Fairmont hotel.

A hospital spokesman said Miss Page had been overworking and "hadn't been eating very well."

Wreck Kills Two

RHODE, Tex. (AP) — A car-truck collision on US 287 near here Wednesday killed Roderick Red Elk and Lindy Red Elk, 18, of Walters, Okla. The truck driver, Billie Brown, 34, of Bridgeport, was not injured.

Wildcat Strike Ties Up Traffic

LONDON (AP) — A wildcat strike of subway signalmen tied up central London with huge traffic jams today and forced thousands of commuters to walk to work.

Block-long lines formed at bus stops outside railroad stations; taxi stands were crowded as the two million commuters who swarm to the city everyday tried to get to work.

The 253 subway signalmen voted Wednesday night to strike for 24 hours every Thursday until their pay demands are met. They want a \$3.60 weekly bonus, but the London Transport management has offered \$3.24 and wants to drop two men from the payroll in exchange.

Only the subway system's new Victoria Line, which has almost all automatic signals, was running near normal. Some main lines were closed completely.

Compete In Lubbock Meet Friday

Pictured here are tennis players representing Big Spring who take part in a meet in Lubbock starting Friday. The netters wind up their summer activity at Abilene next weekend. From the left, they are Ray Ken-

nedy, Anne Talbot, Boris Sursky, Martha Boadle, Gene Martin, Phyllis Faulkner, Steve Burnett, Lynda Meador, Stewart Bunn, Karen King, Steve Lawlis and Nancy Thompson.

Spear Carriers Come Through For Phils

By The Associated Press
Ever since Richie Allen bolted the Philadelphia Phillies, almost everybody on the team has been taking up the slack. Now, even the relief pitchers are getting into the act.

Reliever Al Raffo helped himself to his first major league victory by knocking in three runs with a single and a squeeze bunt as the Phils knocked off Pittsburgh 14-4 Wednesday night for their ninth straight victory. The Phils lost their first two

Walker Rides Sugar Sabre In Saturday's Classic

RUIDOSO, N.M. — Ordinarily the term "The Greatest Show on Earth" is applied to the circus, but this Saturday it could very well be applied to Ruidoso Downs where the 10 fastest quarter horses in existence meet in the finals of the World's Championship Quarter Horse Classic for a purse of \$50,000.

Designed for three-year olds and up over a distance of 440 yards, the 10 entrants who go to post in the eleventh race earned their way into the finals by their performances in time trials run last Saturday. Jet Smooth, the Walter Merrick entry, with Boyd Morris up again, doubtless will have the favorite's role on the strength of the fastest time in the trials. However, he will be carrying a topweight of 124 pounds when he comes out of the eighth slot. The only other entry in the 10-horse field to carry 124 pounds will be Cee Bar Deck, with jockey Bobby Harmon in the saddle.

Angels Win 7th Soph Decision

The Angels won their seventh Sophomore league game in a row by kayoing the Cubs, 5-4, here Wednesday. Gilbert Pesina, the winning hurler, scattered eight hits effectively. He got help from Tommy Gonzales. The two fanned 11 between them.

Upwards To 65 May Play In Tourney

Indications are upwards to 65 will take part in the annual Club Championship Golf tournament at the Big Spring Country Club, which gets under way Friday and continues through Sunday. Last year's field included 80 players. A new champion is sure to be crowned. Last year's titlist, Dan Wilkins, first tossed his hat into the ring and then had to withdraw due to illness in the family. This may be the year that Mike Weaver slips into the throne room. Mike, finalist the past two years, has been playing well recently. Last month, he teamed with Mike Hall, a former club champion, to win the Big Spring Partnership tournament.

Entry fee is \$5 and merchandise awards go to winners in each flight. A Seniors division will be set up for players 50 years of age and older. They will play 18 holes of medal competition each day to determine a winner. Others will resort to match play and will set their own starting times the first two days of the meet. Club pro G. Griffin will set up tee-off times for survivors Sunday. Where possible, each flight will include 16 players. Single matches Friday and Saturday will be needed to determine semifinals Sunday. Two matches are on tap for Sunday. Only those shooting for the medalist's award are being required to qualify.

Smoking Helpful, Insists Dave Hill

FLINT, Mich. (AP) — Dangerous Dave Hill, a walking advertisement for the benefits of smoking, set out in the first round of the \$125,000 Buick Open Golf Tournament today, bubbling with confidence, his game in shape and armed with two

packs of cigarettes. "I'm playing just great," the thin, dark-haired golfer of the U.S. Open—since winning the Memphis Open five weeks ago. "I'd lost 25 pounds, from 185 to 140, since the first of the year," Dave said, "and I wanted to get a check up and find out what was causing it. "It was nerves." So he took a rest and increased his smoking. "It settles me down a lot," said Hill, a native of Jackson, Mich., now playing out of Evergreen, Colo. "It's made a lot of difference." "I wasn't smoking that much for a while, but I got to thinking, 'I'm not trying to live to be 85. I'm trying to live to be 65.' So now I bring two packs to the course with me every day and I smoke one cigarette every two holes. It helps."

LOOKING 'EM OVER

With Tommy Hart

There'll be three times as many night games in the AFL this fall as in the NFL, practice tilts excluded. The Dallas-New York contest Oct. 27 will be one of the two NFL night contests offered.

The NFL championship game takes place in the Western Conference champion's city Jan. 4, the Super Bowl contest a week later in New Orleans.

A total of 39 college football games will be televised this fall by ABC, including from two to four night contests. Of that number, 23 will be regional telecasts.

ABC claims college football enjoyed its biggest year on TV in 1968, going into an average of 7.2 million homes. That represented an increase of 18 per cent in home viewership over 1967.

I found college ball quite difficult to watch, however, especially when two also-rans far from the scene were meeting before the cameras just for the sake of a dividend.

Automobiles in Green Bay, Wis., are carrying bumper stickers which read "THE PACK WILL BE BACK," referring to the community's pride and joy, the NFL Packers.

There's also a sign in the Packer dressing room which says: "The greatness of the Green Bay Packers is not that they never fail but that they rise every time after the fall."

That may be, but this doesn't appear to be the year. With Vince Lombardi and with several of the thoroughbreds permanently stabled, the skid may continue indefinitely at Green Bay.

The Cotton Bowl people should stop delaying a decision and proceed with plans to install artificial turf in their arena. They could save \$15,000 annually in maintenance costs by replacing the turf that is now there.

Every major stadium in the country probably will have the ersatz turf inside of five years.

Big Spring supplied three times as many visiting golfers in the recent Colorado City 25er golf tournament as any other community.

Our Town was represented by 21 players in the event, only five less than the host city fielded. Seven Snyder linksters entered while Sweetwater was represented by six men, Midland five and Laraine four.

Larry Hays, basketball coach at Lubbock Christian College, is an ace pitcher for the Abilene A's softball team this summer.

The A's defeated Webb AFB in the finals of the recent 18-team Lamesa Invitational tournament. In marching to the title, Abilene had to play five games within a span of 17 hours.

Webb's ace center fielder, Gene Davol, was named the outstanding player in the tournament. Another Webb outfielder, Tex Thomasson, was included on the all-tournament team, as was DeWayne Gray of Morton's Foods, a Big Spring-based team.

Buster Mills, the New York Yankee scout who signed Odessa's Pat Brown to a bonus contract recently, predicts that the hard-hitting outfielder will be in the major leagues by 1971.

Big Spring's Gary Travis, son of the HCJC basketball mentor, Buddy Travis, and Don Winslow of Midland have been the big winners on the West Texas golf tour scheduled by the area chapter of the PGA this summer.

Young Travis, competing in the 14-15 age bracket, has prevailed in four of the meets. He looms as a big winner in high school for the next several years.

Another Big Springer, Howard Stewart, competing in the same bracket, has captured two of the events to qualify for the Tournament of Champions scheduled later in the summer at Andrews.

Relief pitcher Moses Flores got credit for the win. J. T. Smith had two hits for the Indians.

The Big Spring Tigers face a busy three days starting Friday, with doubleheaders booked both tomorrow and Sunday. All contests will be unrecruited in Steer Park.

Tom Arista's club will be at home to the Big Spring Cardinals Friday, with the first game due to begin at 1:30 p.m.

When the two teams clash in a twin bill earlier this year, they broke even.

The Bengals return to play Sunday against the Eagles of Loving, N.M., at which time the opener will again get under way at 1:30 p.m.

Jody Flores likely will pitch the opener for the Tigers against the Red Birds.

Others in the starting lineup could be Albert Mendoza, shortstop; Albert Flemon, second base; Jessie Zapata, center field; Tom Arista Jr., right

Yankees Maul Devils, 32-6

The champion Yankees finished their National Little League season with a 17-3 record by mauling the Devils, 32-6, here Wednesday night.

The Yankees, although the management made use of its younger players, in every inning erupted for 11 tallies in the second.

Del Poss banged out four hits for the winners while Wes Boulton, Tim Martin and Bruce Carille each connected for three.

For the Devils, Jacky Romine had two of the club's six hits.

Poss and David Guinn divided time on the mound for the winners, with Poss gaining credit for the win.

The Devils now have a 1-18 record on the year.

Canning Hurls Jets To Win

Barry Canning limited the opposition to two hits, fanned 12 and collected his team's only safety in leading the Jets to a 4-2 American Little League victory over the Colts here Wednesday night. Two runs in the fourth and two more in the fifth turned the trick for the Jets. The game wound up regular season play within the circuit. The Pirates and the Hawks tangled tonight in a playoff to determine the first place winner. The league's all-star team will be announced at the time. Billy Whittington and Kenny Walton divided time on the mound for the Colts.

Contest Winners

Barry Canning (left) and Tony Mann, divisional winners in the contest conducted here by radio station KBYG last week under the auspices of the Houston Astros, will be in Houston with their parents July 25-27 to take part in an area-wide contest. A victory there would qualify the boys and their parents for an all-expenses trip to Acapulco, Mexico. Barry is the 12-year-old son of Mr. and Mrs. Harold Canning, 2704 Apache. Tony, age 8, is the son of Mr. and Mrs. Woody Mann, 2819 Calvin.

Tigers Meet Cards Friday In Baseball Twin Bill

The Big Spring Tigers face a busy three days starting Friday, with doubleheaders booked both tomorrow and Sunday. All contests will be unrecruited in Steer Park.

Tom Arista's club will be at home to the Big Spring Cardinals Friday, with the first game due to begin at 1:30 p.m.

Winners Named In Ringer Meet

Winners have been declared in the Women's Ringer Golf tournament conducted at the Big Spring Country Club during the month of June. An 82 posted by Billie Dillon represented the low gross for 18 holes. Low net was posted by Norma Griffin, who had a 79. The most improved player was Mickey Marcum, who improved her game by 15 strokes. All the winners will receive awards offered by the club.

Indians Outlast Kiwanis, 4-3

In a Hi-Junior contest that went two extra innings, the Kiwanians were edged by the Indians Monday night, 4-3. The losers outlasted the Tribe, 5-4, but had to rally in the fifth to send the contest into extra innings. Relief pitcher Moses Flores got credit for the win. J. T. Smith had two hits for the Indians.

Indians Defeat Pirates, 4-2

In Hi-Junior league competition Wednesday night, the Pirates flogged the Indians, 4-2. M. Pipes combined with Johnny Sevey to limit the Tribe to seven hits and they were well scalped. Sevey came on in the sixth. The Bucs had only three hits off J. Trantham but took advantage of walks and errors to claim the win. A three-run third inning put the Bucs ahead to stay.

Jimmy Roger Top Hitter

Jimmy Roger of Morton's Foods emerged as the leading hitter in City Softball league play, according to figures released by statistician David Morton. Jimmy collected 26 hits in 56 at bats for an average of .464. Top 10 batters:

Player	AB	R	H	AVG

Hundreds Comfort A Mother

Kasie Strong reads some of the hundreds of letters she has received from across the nation after her 14-year-old daughter Vivian was shot by a white policeman last week. The girl's death touched off three straight nights of firebombing, looting and vandalism in the largely Negro North Side of Omaha. With Mrs. Strong is Vivian's 8-year-old brother, Leonard.

Black Playwright Jones Acquitted In Retrial

NEWARK, N.J. (AP) — Black poet-playwright LeRoi Jones and two codefendants, whose lawyers argued the police framed them, have been acquitted in a retrial on charges they illegally possessed guns during the 1967 Newark racial riot. Jones and his father embraced defense attorney Raymond Brown Wednesday when an Essex County Court jury of six men and six women reached the verdicts after 90 minutes of deliberations. Jones, Barry Wynn, a 24-year-old actor, and Charles McCray, a 34-year-old accountant, all of Newark, had initially been convicted on the same charges in November, 1967, in Morristown, after a change of venue had been granted. The State Supreme Court overturned the verdict, because Judge Leon W. Kapp had read some of Jones' writings in his charge to the jury. Brown had told the retrial jury in summation that the three men were beaten by police who stopped the camper vehicle they were riding in July 14, 1967. Only after that, Brown said, did the police develop the gun charges. Asst. Essex County Prosecutor Andrew F. Zazzali called policemen who testified they found one revolver under the camper's dashboard and another pistol fell from Jones' clothing as he got out of the camper. Booker said the police witnesses were lying at the retrial and had created a false gun charge only after they manhandled his client.

Cleaver Claims Wife With Him 'In Third World'

SAN FRANCISCO (AP) — Fugitive Black Panther Eldridge Cleaver says his wife Kathleen has joined him "somewhere in the third world" and is expecting a baby in August. Cleaver's message, played as a tape recording by radio stations Wednesday, did not say where he is, but the State Department has said he is in Cuba. Cleaver devoted most of his long message to an attack on what he called the "pig establishment" in the United States, which he pictured as a society doomed by its own corruption. Some Negroes refer to police as "pigs." Cleaver said the "pig establishment" had not been able to prevent his leaving the country and would not be able to prevent his return. "I will be coming back soon," he said. Cleaver has been sought since last November as a parole violator. After serving eight years of a 13 year term for assault, he was out on parole which was revoked after he was wounded and another Panther was killed in a shootout April 6, 1968, with Oakland police. His failure to surrender resulted in the payment on forfeit Tuesday of his \$50,000 bail, which had been put up by his wife and five other persons.

Prisoners Fed For 21 Cents

Prisoners in the Howard County jail were fed for an average cost of 21 cents per meal during June, according to A. N. Standard, sheriff. He reported that there were 72 prisoners processed at the jail during the month and that 1,499 meals were prepared and served in the jail kitchen. Total grocery bill was \$314. Eighteen of the prisoners in the jail in June were carried over into July, when the month ended. Standard said his office served 110 civil papers during the month.

241 Americans Killed In Action

SAIGON (AP) — U.S. headquarters reported the lowest American death toll in seven weeks today—241 Americans killed in action in Vietnam last week ending at midnight Saturday.

A few hours before the casualty report was issued U.S. Secretary of State William P. Rogers said in Washington he was told by Defense Secretary Melvin Laird: "Last week we had the lowest level in combat activity in Vietnam in a long time—possibly during the whole war."

The 241 toll was six fewer than the preceding week. The wounded total was 1,674, compared to 1,686 Americans wounded in the week before. South Vietnamese headquarters reported government losses last week were 446 men killed and 804 wounded, as compared with 474 killed and 1,496 wounded in the previous week.

The two commands said 3,333 enemy were reported killed last week, a marked drop from 3,988 slain in the previous seven-day reporting period.

The latest casualty counts raised to 35,882 the number of Americans killed in action in Vietnam since Jan. 1, 1961. Another 236,563 Americans have been wounded in that period, headquarters said, and 1,331 are listed as missing, captured or interned.

The U.S. Command said 523,552 enemy have been reported killed by allied forces since Jan. 1, 1961.

By unofficial count, 13,015 Americans have been killed in

action since preliminary Vietnam peace talks began in Paris May 13, 1968. Of that total, 6,809 died in the period since South Vietnam agreed to join the talks last Dec. 7.

South Vietnamese casualties during those periods are running ahead of American losses—16,958 government troops killed in action since May 13, 1968, with 8,759 of those deaths occurring since Dec. 7.

A Vietnamese government communique issued with its weekly casualty summary said enemy activity last week decreased 41 per cent from the previous week, with 224 actions reported. Most of these were shelling, it said.

The communique said action was now at a "normal level," while U.S. spokesmen are calling it a "lull."

The number of American dead last week was the lowest since the week ending May 10, when 184 U.S. personnel were killed in action. In the next week ending May 17, the death toll jumped to 430 as the Vietnam war hit another of its periodic activity peaks.

The lowest number of Americans killed in a week so far this year was 101 in the reporting period that ended Jan. 4.

U.S. headquarters also reported another increase in the number of American military personnel in South Vietnam—539,500 troops as compared to 537,500 listed at the end of the previous week. The American command terms such changes "administrative."

Miners March Against 'Black Lung' Disease

WASHINGTON (AP) — In a quiet counterpart to the hoopla of Independence Day, 1,000 coal miners from the pitted hills of Appalachia are planning a march to the steps of the Jefferson Memorial to dramatize their fight against the dreaded "black lung" disease.

No picketing, no talks by union men or politicians are on the schedule. The only speakers would be three men of the Physicians Committee for Miners Health and Safety.

"Jefferson once said there should be a social revolution once every 20 years if the vested interests gain too much control," said Dr. I. E. Buff, a committee member from Charleston, W. Va.

"He also said that all men are created equal, but somehow somewhere, someone has forgotten that coal miners are human," Buff said.

What the miners want is a tough mine health safety law and compensation for "black lung" disease said to afflict about 50,000 miners. They may get legislative action before summer's end.

Pending before the House and Senate are several bills that would, for the first time, establish rules on permissible dust levels in all coal mines. Dust is blamed for the lung disease and some explosions.

The proposed legislation has been spurred by constant attention focused on the plight of the coal miners since 75 were killed in an explosion and fire last November in Farmington, W. Va.

Critics have accused both the industry and the United Mine Workers union of doing too little and being too late for the safety

and welfare of the miners. It was Buff who pulled West Virginia's 40,000 miners out of the pits for three weeks in February to force the state legislature into passing a bill granting compensation for pneumoconiosis, or black lung.

Buff and the physicians committee, working independently of the union, are now organizing similar movements throughout the coal fields.

A congressional source said the Senate Labor Committee is ready with a tough mine safety bill supported by the administration.

Besides setting standards for dust, the bill establishes civil and criminal penalties and bans most equipment which give off electric sparks that could cause explosions.

TEAM TOURNEY SET SUNDAY

A low-ball tournament will be staged for foursomes composed of players from each handicap bracket (A-B-C-D) at the Many course under the auspices of the Big Spring Golf Association Sunday. Entry fee will be \$2 per player.

The entry fee will be due no later than 1 p.m. Sunday, pro Charles Brantley has emphasized.

A shot gun start will be employed, with the linksters teeing off at 1:30 p.m. A division player will use one-half their handicaps.

Fighting Third-Term Maneuver

Students of Woosuk College clash with club-swinging riot police in Seoul, Korea, Thursday during a street demonstration. Korean students have been demonstrating for six straight days against constitutional amendment proposals that would allow President Chung Hee Park to seek a third term.

AFL-CIO Accuses Pentagon Of Being 'Massive Scab'

WASHINGTON (AP) — The AFL-CIO accused the Defense Department today of being "a massive scab and strikebreaker" for continuing to buy millions of pounds of labor-boycotted California table grapes for shipment to Vietnam.

'Until The Heat Wave Is Over'

DALLAS (AP)—Water flowed from the City of Dallas today to ease hot weather drouth in the suburban communities of Rylie and Balch Springs.

County commissioner Jim Tyson said failure of a private water system left about 5,000 persons without a supply and exposed to danger of fire.

City employees hooked Rylie homes onto the Dallas system along with homes in four or five blocks of Balch Springs and some near the edge of Kleberg on an emergency basis. Some went 24 hours without water.

The connection will be maintained at standard rates "until the heat wave is over," Dallas water utilities director Henry Graesser said.

He spoke on a radio program sponsored by the AFL-CIO. The Defense Department said it is not buying more grapes just because there are more available and cheaper because of the labor boycott. Purchases are based on planned menus, cost, nutritional value and perishability, it said in a memorandum.

Kircher said he believed the Defense Department was bowing to pressure from business groups to more than double its purchases of table grapes this year and boost shipments to Vietnam nearly seven-fold.

"If it behooves the United States government to, on the one hand pay lip service to the concept of collective bargaining which embraces striking and consumer boycotting—and then to play the role of a massive scab and strikebreaker by upping its consumption of grapes," Kircher said in a recorded radio interview.

The AFL-CIO said the Defense Department's own figures show it more than doubled grape purchases to eight million pounds in the first half of fiscal 1969 and boosted Vietnam shipments from 555,000 pounds in 1968 to 4.1 million pounds this year.

"The United States government—the Defense Department—is buying more grapes today than it has ever bought in its history," Kircher said.

Streets Mistake In Kansas City

KANSAS CITY (AP) — Officials of suburban North Kansas City ordered a city street survey and discovered that for 50 years the city has been maintaining streets it doesn't own.

N.R. Valentine, assistant city engineer, said he found about one-fourth of the city streets are privately owned.

"The procedure is for a developer to dedicate right of way for public improvements such as streets," explained Valentine. "The city then can accept the dedication of the improvements."

"But there apparently has been no dedication or acceptance on a lot of streets we thought were dedicated."

Thant Calls For Pact Banning Germ Warfare

UNITED NATIONS, N.Y. (AP) — Secretary-General U Thant has called for a worldwide pact banning the development, production and stockpiling of all chemical and germ warfare agents for their effective elimination from the arsenal of weapons.

Thant's three-point proposal was sent to the U.N. Disarmament Committee that opened a new round of discussions in Geneva today, to all 126 members of the United Nations and to the U.N. Security Council.

The program also urges all nations to accede to the Geneva Protocol of 1925, which prohibits the use of poisonous gas and germ warfare, and calls for a clear affirmation that the 1925 ban applies to the use in war of all germ and chemical agents, including tear gas.

The United States signed but never ratified the protocol, which has the formal endorsement of more than 60 governments. Japan is the only other

major power that has not acceded to the agreement.

Thant's recommendations were accompanied by a 118-page study prepared for him by an international group of 14 experts.

The experts warned that "any country could develop or acquire" the capacity to wage war with chemical or bacteriological weapons and that there is no sure defense against such weapons. Some of them, the experts said, could endanger the future of mankind.

Although gas warfare was used in World War I and a number of nations are known to have stockpiled chemical and germ weapons during and since World War II, the experts cited only the United States as an example of a nation which has used the weapons in a recent war. They cited American use of herbicides to defoliate jungles and forests in South Vietnam.

"There is as yet no scientific evaluation of the long-term ecological changes resulting from

these attacks," the report said.

"One estimate is that some mangrove forests may need 20 years to regenerate, and fears have been expressed about the future of the animal population."

The committee noted that certain bird species have migrated from attacked areas, but "there has been no decline in fish catches."

Apollo Astros In Major Test

CAPE KENNEDY, Fla. (AP) — Following a launch day timetable, the Apollo 11 astronauts today climbed into their spacecraft for the last major test before their blastoff toward a landing on the moon.

Neil A. Armstrong, Edwin E. Aldrin Jr. and Michael Collins awoke early in their crew quarters to don their bulky space suits and were transported to the launch pad five miles away.

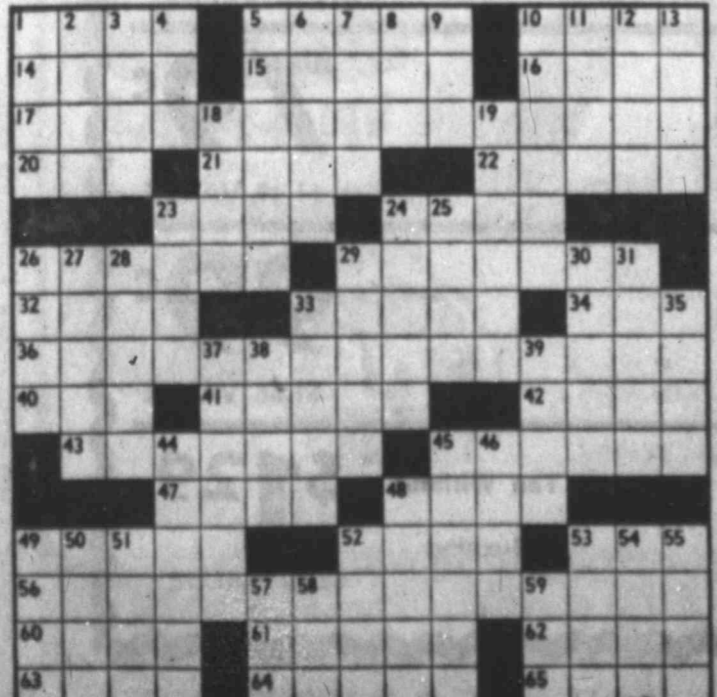

They rode a high speed elevator to their spacecraft atop a towering Saturn 5 rocket and slipped into the cockpit between 6:50 and 7:03 a.m. EDT. That's the time they are to enter the cabin on launch day, July 16.

They then participated in the final hours of the practice countdown, aiming for a simulated liftoff of the rocket at 9:32 a.m.—the exact time they are to start for the moon 13 days from now.

Following this test, the pad will be readied for the start of the lengthy real countdown next Thursday.

Exchange Student Tells Of Swedish Lions' Work

Lions have brought a new meaning to the word "activity" in the Swedish language. Monica Barrdunge, told the Downtown Lions Club at the Settles Hotel Wednesday noon.

Monica is one of 150 sons and daughters of Lions in Scandinavian countries who are temporary members of Texas Lions families. She has been in the home of the Ernie Boyds and will be a part of the home of Mr. and Mrs. Joe Pond until July 13, when she will fly to Washington for a week before departing for Sweden.

Her father, Lennart Barrdunge, is a traveling sales representative for a men's wear company, and he is a member of the Harrodsand Lions Club. In the speech which Monica delivered, she told how Sweden was the first country in Europe to have a Lions Club, establishing the first unit in 1948. Now there are 435 clubs

with over 14,000 members. Sweden also furnished the first European president for Lions International.

The clubs have raised over \$9,500,000 for various activities from schools to cancer research, from international humanitarian aid to special

8-B Big Spring (Texas) Herald, Thurs., July 3, 1969

"We play a useful role in our society through meaningful activity both locally and nationally," Mr. Barrdunge said in his message. The red feather worn by Lions in Sweden has become an honored emblem of service.

Monica was introduced by Ernie Boyd, who told of meeting

In Dallas the plane bearing 150 Lions exchange students. He picked her out of the crowd from her picture. She has been having an exposure to typical West Texas activities, including a try at horseback riding on a ranch.

Clark Takes Club's Helm

Waymon Clark, official in the Neel's Transfer and Storage Company, took over Wednesday as the 43rd president of the Big Spring Downtown Lions Club.

He was one of 11 officers installed by Frosty Robison, a former president of the club. Robison also had high words of praise for Clyde McMahon Jr., retiring president, as well as a plaque and past-president's pen. McMahon had led the club in an outstanding year, Robison said.

Other officers installed included Winston Wrinkle, first vice president; Roy Hughes, second vice president; Don Shoemaker, third vice president; Jeff Brown, Liontamer; R. H. Snyder, and Paul Petterson, taitwisters; Aubrey Bryans and John Dibrell, directors; Joe Horton, elected to fill out an unexpired term and Ernie Boyd as hold-over directors.

DEAR ABBY: My daughter-in-law is paying \$35 an hour to a doctor who must be as crazy as she is. This psychiatrist told her that in order to build her "self respect" she should cut out the "hypocrisy" and always shy exactly what she thinks. She must be his star pupil because she is following his order to the letter.

Not only that, but he told her to encourage her children to say exactly what THEY think, too. That is bad enough, but he also told her that words are only words and they don't "mean" anything, so not to react with horror or disgust if her kids talk dirty. Just ignore it.

Can you imagine what it's like at their house? Thank God my husband is dead, or this would kill him.

My son tells me not to pay attention to all this, but how can you ignore such uncivilized behavior? Since you are always plugging psychiatry I would like to hear your views on the subject.

CONFUSED IN PHILA.
DEAR CONFUSED: Anyone who is seeing a psychiatrist has my profound respect because it's proof that he is trying to help himself.

Be patient, and don't judge so early in the game. The whole family could be better off eventually for what appears at the moment to be an overdose of honesty.

DEAR ABBY: My cousin, who recently was married, accepted a baby-sitting job for a family with 10 children while the parents went off on a week's vacation. My cousin and her husband stayed at the house and took complete charge of these children whose ages ranged from 3 months old to 15 years old. Feeding, dressing, supervising play, cleaning the house and doing at least two loads of washing every single day.

Well, when the parents came home, they figured out that the "sitters" should be paid the grand total of \$54!

My cousin was furious. What is your opinion? **INTERESTED DAER INTERESTED:** This should be a good lesson to your cousin (and others who read this) to have a meeting of minds concerning a pay for any kind of job before it's accepted.

DEAR ABBY: I am facing a problem which is keeping me up nights and I don't know what to do about it.

First, let me explain that my husband and I have been married for five years and have two lovely little children. My husband recently made out his will, which states that if the two of us should be killed at one time, HIS parents would become legal guardians of our children Abby. His folks are much better off financially than mine are, and if this ever happens I know his folks would never let our children even get to SEE my parents.

I am not saying that MY parents should be the guardians, but I would like to be assured that my parents would not become strangers to our children, and they surely would be with HIS parents in control. I don't want to make trouble, but I want to know if I should make my feelings known.

HURT AND SILENT
DEAR HURT: Yes. Tell your husband how you feel. It is highly unlikely that both you and your husband will "be killed" at the same time, but if it eases your mind, have a revision in your husband's will stating that if his parents are to be the legal guardians of your children, the children shall spend summer vacations (or some set time) with YOUR parents.

The bidding:
East South West North
Pass 2♣ Pass 2NT
Pass 3♥ Pass 5♥
Pass 6♥ Pass Pass

Opening lead: King of ♠
South's shrewd manipulation of the dummy served to justify the aggressive tone which he displayed during the auction.

While South's opening two club bid is a shade shy of the technical requirements, we are not inclined to quibble with his choice. When North made the negative response of two trump, South showed his second suit—hearts. At this point, North felt warranted in making one try for bigger things since a good fit had now been uncovered, and his hand was worth seven points in support of hearts. He accordingly raised beyond game by bidding five hearts.

Perhaps South should have passed at this point, however, holding first round control of both unbid suits, he was unwilling to settle for less than a slam, and he proceeded to six hearts.

The king of diamonds was opened and ruffed in the closed hand. South observed that his club suit could probably be established with one ruff, but even counting six club tricks together with four hearts and one spade, he would still be one short of his goal. It might be possible to establish a second spade trick, but he was reluctant to open up that suit for fear of misguessing the location of the king.

Declarer resolved to try an alternative line of play which required only a mite of assistance from the opposition. He proceeded to cash the ace, king of clubs and then led a third round of the suit. West played the queen and was permitted to hold the trick as the dummy and East discarded diamonds.

Since his partner failed to make any encouraging signal in spades, West chose the apparently safe exit of a diamond, forcing the declarer to ruff once more. South played the ace and queen of hearts, carefully overtaking the queen with the king so that North's jack could draw the last trump. The closed hand was entered with the ace of spades and dummy's remaining losers were discarded on the established club suit.

West's seemingly innocuous diamond return enabled South to take six trump tricks instead of five—two ruffs in his hand and four heart tricks in dummy. If West had exited with a trump, declarer must go down to defeat, for he lacks the transportation required to negotiate the second diamond ruff on his own.

Rain During June In Texas

By The Associated Press

If Texas weather seemed unusually dry last month, Weather Bureau records show you were right almost regardless of where you live in the Lone Star State.

Drouth was particularly acute around El Paso on the western tip of the state. It received no measurable rainfall during June and has recorded only .58 inch all year, or 22 per cent of normal since Jan. 1.

Corpus Christi on the Lower Texas Coast fared little better, gauging .13 inch last month against a normal figure of 2.39 inches. The half-year total for Corpus Christi, however, is 9.75 inches, or 79 per cent of normal.

Rainfall amounts for the year are still running ahead of normal at a dozen of 19 reporting stations.

These are the June rainfall amounts, normal figures for June, totals since Jan. 1, and percentage of normal so far this year, respectively, for other points:

Abilene 2.42, 2.67, 16.84 and 137 per cent.
Amarillo 4.09, 2.89, 8.99 and 93
Austin 2.66, 3.22, 18.79, 107.
Brownsville .08, 2.96, 10.15 and 95
Dallas 4.32, 20.26 and 102.
Del Rio .20, 2.29, 10.83 and 121.
Fort Worth 63, 2.98, 18.02 and 100.
Galveston 3.44, 2.65, 23.87 and 139.
Houston 1.51, 3.69, 20.81 and 98
Lubbock 1.41, 2.53, 9.33 and 106.
Midland-Odessa 2.68, 1.63, 10.38 and 165.
Beaumont-Port Arthur 2.08, 4.29, 22.13 and 88.
San Angelo 2.6, 1.82, 10.69 and 109.
San Antonio 2.32, 2.95, 16.41 and 115.
Victoria 2.33, 3.04, 22.60 and 135.
