

Star Lites By Bill Ellis

THE GREATEST INVENTION since television, at least to our way of thinking, is the video tape recorder, or VTR machine. You may have read about the development of this electronic marvel in this week's TV guide.

Wife Carol usually teases us about our electronic "toys," but so far, she's enjoying the magic of the VTR machine just as much as yours truly.

We pulled a "last minute sneaky trick" on our friend Joe Wilhelm back in September and agreed to purchase one of the machines from him if he would come to the Maize Queen's contest and make a video tape for us.

Joe was agreeable, and it worked out to be a good deal for both of us. He sold the VTR machine, and we have an excellent tape of the finals of the Queen's contest, which gave us even more frosting on the cake when our daughter won.

(The only thing Joe missed filming was when Dad and Mom both fainted and had to be revived following the contest).

But the VTR machine is really a great thing. We wish we'd had it when the kids were smaller—we could have had some great "home movies," instead of the few crummy ones we do have.

In addition to being able to make your own films of whatever you wish to, the selling point of the VTR machines is the ability to record your favorite TV show, and watch it at a later date, or just save it if you're a mind to. In our case, we have one or two kid shows that our youngest watches almost every day if he can talk us into it.

Now, wives—you'll be surprised to hear that although we have had our VTR machine for almost two months, we haven't bothered to record the Dallas Cowboy game a single time.

And now, the machines are advanced to the point that you can record up to four hours on one tape. And although the original cost is considerably more than most TV sets, the price has come down since the VTRs were first produced.

Since we're in the news business, we got the camera and all, and we have made one or two filmed interviews—and this adds a great new dimension to note-taking. Most people wouldn't be interested from this aspect, but the ability to make your own films is a great feature.

The Wilhelms sell RCA, Quasar and Sony models, and Leland Hutson at White's Auto now has the Sylvania models, so you don't have to run off to Amarillo to buy a unit. The local sets compare in price to those advertised elsewhere, if you're thinking of one for Christmas.

THE GENERAL ELECTION is on Tuesday, and Parmer County residents need to turn out in full force, in order to make their voice heard.

It's a vital election, with a U.S. Senator, U.S. Representative and a governor to be elected, just to name a few.

Kent Hance and George Bush have waged quite a campaign for the seat to be vacated by George Mahon, and this race deserves everyone's attention.

The same is true of the Tower-Krueger race, where liberals are trying to gain control of both of the state's senate seats, and may make a serious bid to do just that.

Then, there is the governor's race, which will elect a new governor, come what may.

Whatever you do, don't fail to vote next Tuesday. We have to only look back at history to realize just how important one vote really is.

Did you know that Texas was brought into the Union by only **ONE VOTE**? Or that by **ONE VOTE** the U.S. Senate ratified the purchase of Alaska from Russia? **ONE VOTE** in 1776 gave America the English language instead of German.

By **ONE VOTE** saved Andrew Jackson from impeachment, and **ONE VOTE** per precinct elected John Kennedy over Richard Nixon in 1962. **ONE VOTE** gave Adolph Hitler the leadership of the Nazi Party, and **ONE VOTE** caused Charles I of England to be executed.

United Fund Drive Sets Kickoff Date

Kickoff date for the 1978 Friona United Fund Drive is November 13, says co-chairmen Bill Wilshire and Ron Smiley.

JeDon Gallman has been named rural chairman for the 1978 drive.

The goal for 1978 is \$11,227, which is some \$500 more than the local United Fund budget for the year just past.

Wilshire will head the drive for the

business district, and Smiley will head the residential drive.

The drive will be kicked off with a breakfast the morning of November 13 at the Girl Scout House. An inspiring speaker for the kickoff breakfast has been secured. Further details will be announced next week.

The UF drive officials urge Friona residents to plan to support the 1978 drive, and help it go over the top by contributing when called upon.

Giant Ag Rally Set At Bovina Monday

The county American Agriculture Movement will have a reorganizational rally next Monday evening, November 6 at the Bovina High School Auditorium. The meeting will begin at 7:30 p.m. at the high school auditorium.

Ralph Roming, area spokesman for the AAM, says "American Agriculture is a year old, and basically about ten years smarter. We have learned a lot in the past year."

Main speaker for the rally will be Gene Schroder of Springfield, Colorado, who will give what is described as a top-notch presentation dealing with economics and inflation.

Also on the program will be remarks by Gerald McCathern and Jerome Friemel, Hereford leaders in the AAM.

"This will be our kickoff effort to get our troops back together and

make plans for 1979. Our harvest is basically complete, so we need to assess the situation and plan our next course of action," Roming says.

The local agricultural leader said that there were no plans at the present time for local demonstrations. Efforts are expected to be concentrated at the "main source of the problem—Washington, D.C."

"Our main goal is to further educate people as to the problems of the farmers, and to prove to them the fact that they are involved, whether they are farmers or not," Roming continued.

Schroder was a national delegate from the American Agriculture Movement from Colorado, and was one of the organizers of the national movement. It will be the first opportunity for residents of the Bovina area to hear the dynamic speaker.

FIRST BALE....Bob Welch, left, marketed the first bale of cotton to be ginned in Friona this week, by the

Friona Farmers Co-op Gin. Welch and his young son Ben are shown with gin manager Bill Scott.

PROCLAIMS DAY....Frona Mayor B.K. Buske proclaimed "Chieftain Week" in Friona for this coming week, as the Friona cheerleaders

looked on. The girls are, left to right, MLYnda London, Myra Veazey, Kimber Britting, Julie Owen and Kayle Britting.

ROYALTY ON-STAGE....There will be several scenes such as the above in the FHS production of Cinderella Monday and Tuesday nights. The queen, played by Tammy Schmidt,

expresses anger at the king, played by Ricky Taylor, as he enjoys the company of the two ugly step-sisters played by Sharla Duggins and Laura Ellis. The Rogers and Hammerstein

musical version of Cinderella will be on-stage at the FHS auditorium at 8 p.m. both nights. Tickets will be \$2 for adults and \$1 for students.

General Election Is Tuesday, Nov. 7

Parmer County residents will go to the polls next Tuesday to help elect a number of state and national leaders, in the General Election for 1978.

A change in voting place has been announced for the Friona precinct, where voters will cast their ballots at the Community Center rather than the Friona Fire Station, the usual polling place. Other precinct polling places will remain the same as in the past.

Election hours on Tuesday will be 7 a.m. to 7 p.m.

Although there are no local races in the Friona precinct, such races as Hance-Bush, Tower-Krueger and Clements-Hill are expected to swell the turnout.

Voters in two county precincts will elect commissioners, and good races are expected.

Jack Patterson faces Vernon Estes in the Bovina-Rhea precinct, while incumbent Jimmy Briggs faces challenger Raymond McGehee in the Lazubdie precinct.

The Bovina and Rhea precinct will elect a new commissioner for the

first time in over 20 years. Longtime commissioner Charlie Jefferson died while in office, and William Gromowsky was appointed to fill out his term.

Incumbent John Tower is facing probably his stiffest opposition in a number of years from Democrat Bob Krueger in probably the most heated race on the ballot.

Kent Hance and George Bush meet in the showdown to determine the replacement for longtime congressman George Mahon who retired at the end of the session.

Hance, a native of neighboring Dimmitt, has drawn the support of the area's farm leaders and has pointed out that he was raised on a farm and understands the farmers' problems.

John Hill and Bill Clements are waging a battle to the wire for the governor's chair. Hill ousted incumbent Dolph Briscoe last spring in the Democratic primary. He also is favored, especially by leaders of the American Agriculture Movement, due to help he gave the

organization last spring in the bridge incident at McAllen.

Bill Hobby and Gaylord Marshall meet in the lieutenant governor's race, one that has drawn little interest, and the same can be said of the attorney general's race between Mark White and Jim Baker. For state railroad commissioner, appointee John Poerner tries to win a full term against Republican James W. Lacy.

The Lazubdie precinct also has a contested race, where incumbent commissioner Jimmy Briggs is opposed by Raymond McGehee.

Other county and state offices have no contested races.

County officials running unopposed include County Judge Paul Fortenberry, District Clerk Dorothy Quikkel, County Clerk Bonnie Warren, County Treasurer Benna Felts and Justice of the Peace Wayne Spears.

District Judge Pat Boone, Jr., also is unopposed, as is state representative and Speaker of the House of Representatives, Bill Clayton.

Star Gives Choices In Election

In the General Election on Tuesday, the Star supports and recommends these candidates:

KENT HANCE for congress. If we want to continue to have a congressman who understands agriculture, then this area would do well to elect Hance, who was born and raised on a farm near Dimmitt. Hance's legislative experience in the Texas Senate also would serve him well in the position, over Bush, who is a political novice.

JOHN TOWER in the senate. With our senate having already passed such controversial matters as the Panama Canal give-away and the ERA extension, it's hard to imagine voting another liberal into this body.

Tower has an outstanding voting record in the senate. His seniority is definitely worth preserving. Krueger has also failed to realize the importance of the farmer, and has apparently lost the vote of the American Ag organization.

BILL CLEMENTS for governor. This race has buffaloed us, and Clements is our 11th hour choice. We favored Hill in May, because we thought it was best not to have a dynasty in the governor's chair.

But Hill's ties to labor scares us, and this might be a place to choose between liberal and conservative, in which case you'd have to vote for Clements.

PRIZE WINNER....Reese Fleming shows his mother, Jan, how he managed to pick 18 games correctly during a week in which the majority

of the contestants saw their scores suffer. The Friona seventh grader was the week's winner in the football follies.

Friona Flashbacks

.....from the files of The Friona Star

50 YEARS AGO—OCTOBER 26, 1928

Sam Taylor, who recently moved to Friona from Canyon, is now building a residence in that section of town west of the school building. Frame work of the structure is up and Mr. Taylor will push the work to completion as soon as possible.

Monday morning while helping with some heavy steel bars used in his new building, R.L. Hicks was severely wounded when one of them struck his head.

Mr. and Mrs. Fred White and Misses Orma White and Margaret Goodwine attended the circus at Clovis Tuesday night.

Mrs. John White and daughter, Miss Orma went to the C.H. Hart home Monday to assist in cooking for thresher hands.

Miss Irene Newman, who is attending WTSU, Canyon, visited home folks here Sunday.

30 YEARS AGO—OCTOBER 29, 1948

Joe Mann narrowly missed death Friday when the brakes on the pickup loaded with grain he was driving failed and rolled on the railroad track in the path of a fast eastbound freight train. Mann jumped just in time before the train

crashed into the pickup, completely demolishing it.

Mr. and Mrs. J.L. Taylor and Peggy Sue spent the weekend visiting Mr. and Mrs. Ralph Stork of Amarillo. Mrs. Stork is Mr. and Mrs. Taylor's daughter.

Mrs. Hugh Womack, former telephone operator here, died of a stroke early Friday morning, at the age of fifty years. The funeral was held in Littlefield Sunday. Mr. and Mrs. C.E. Hall and Mrs. Elmer Euler attended the funeral.

20 YEARS AGO—OCTOBER 30, 1958

Four exchange students from West Texas State College at Canyon were visitors in Friona over the weekend. Peter Ma, formerly of China and more recently of Korea, is majoring in marketing, and Humberto Pomaes of Puerto Rico, also a business major, were Saturday night guests in the home of Mr. and Mrs. Bill Sheehan.

Mrs. Mary Officer returned home late last week after spending two weeks visiting her sister, Mrs. Mattie Moore, in the home of Mr. and Mrs. Otto Thompson of Oklahoma City.

10 YEARS AGO—OCTOBER 31, 1968

Weekend guests in the homes of Mrs. Fern Larabee and Taylor, Mr. and Mrs. Ancel Renner and Mr. and Mrs. Delmer Renner, were Mr. and Mrs. Tommy Tutor and daughter, Johanna, of Lubbock. Mrs. Tutor is the former Diana Taylor.

Final rites for Charles Sumner Bainum Jr., 68, a resident of Friona for the past 43 years, were conducted from Friona United Methodist Church at 2 p.m. Tuesday

David L. Smith, son of Mr. and Mrs. Lewis Smith, Route 2, has once again led his class scholastically. He was valedictorian of the eighth grade graduating class in 1963 and also valedictorian of the graduating class of Friona High School in 1967.

5 YEARS AGO—OCTOBER 28, 1973

The Troy Young family took a two day vacation trip to New Mexico last weekend touring Carlsbad Caverns and the "beach" at Carlsbad during their stay.

Visiting in the Ed White home last weekend were a sister of Mrs. White, Mr. and Mrs. Ernest McIntosh of Topeka, Kansas, and the McIntosh's daughter and family, Mr. and Mrs. Oliver Catterson of Chanute, Kansas.

Riata CowBelles held a salad supper and business meeting at Pioneer Cattle Order Buyers, Inc. in Friona on October 11, and named new officers.

School Lunch Menu

WEEK OF NOVEMBER 6-10
MONDAY—Steak, potatoes, hot rolls, carrots, brownies and Borden's milk.

TUESDAY—Soup, chili and sandwiches, mixed vegetables, fruit, crackers and Borden's milk.

WEDNESDAY—Burritos and cheese, pinto beans, cornbread, lettuce, tomatoes, applesauce cake and Borden's milk.

THURSDAY—Chicken pot pie, lettuce and tomato salad, light bread, sugar cookies and Borden's milk.

FRIDAY—Hamburgers, potato chips, pickles, beans, Jello and Borden's milk.

Sponsored by Borden's Milk

Annual Ordering Is Slated

Orders for the 1979 Chieftain yearbook will be taken next week, November 6-10, it has been announced.

Prices for the yearbook are the same as last year—\$8.40 each. A \$5.00 deposit will hold a book until delivery.

No additional annuals will be ordered, so those wanting a book should order one in advance. Representatives of the yearbook staff will visit all of the school buildings during the week to take orders.

Townpeople may order an annual by coming by the high school.

We've seen this man in action. Kent Hance — state senator. We know he listens . . . and acts . . . and leads. We need him now in Congress — a man with experience. There's a job to do — and we can count on Kent Hance for strong representation for West Texas. We need to keep good men in government. Kent Hance has proved himself a leader.

Now, let's get his brand of leadership pulling for us in Congress.

Authorized by the Kent Hance for Congress Committee, Mike Higgins, Treasurer, 1203 Metro Tower, 1220 Broadway, Lubbock, Texas 79401. A copy of our report is filed with the Federal Election Commission.

**On The Farm
In Parmer
County**
by Seth Ralston

Limited tillage in continuous crops of irrigated grain sorghum cut tillage costs in half and increased yield over 400 pounds per acre. This increased net return about \$25 per acre according to USDA researchers, Ron Allen, Jack Musick and Don Dusek from Bushland, Texas.

Previously the researchers had attempted to grow continuous sorghum with no-tillage and failed because volunteer was hard to kill with herbicides. Logically, the next step was finding out the minimum amount of tillage required to control volunteer sorghum and produce maximum yield. In 1975 and 1976, the researchers compare two clean tillage treatments with two limited tillage methods.

In both clean tillage treatments, sorghum stalks and beds were destroyed by disking in the fall. Following disking, one treatment called "disk-chisel," was chiseled 8 inches deep on 20-inch centers. The other clean tillage treatment was not chiseled to break up the soil and was referred to as "disking." In the spring the two clean tillage areas were disked, anhydrous ammonia knifed in 6 inches deep, hedged, sweep-rod weeded and planted.

The scientists called limited tillage treatments "bed-split" and "Mulch-subsoil." Bed-splitting consisted of shredding sorghum stalks and splitting the beds with a lister in the fall. In the spring, anhydrous ammonia was knifed 6 inches into the furrows. Weeds and volunteer were killed with a rolling cultivator prior to planting. With mulch-subsoil, ammonia was placed into the middles 8 inches deep in the fall with a subsoiler. In the spring, sweep-rod weeding killed weeds and volunteer prior to planting.

All areas were planted with a single disk grain drill with 10-inch spacing. Two rows of medium maturing hybrids were planted at 8 pounds per acre on top of 40-inch beds. According to Allen, loose stalks on the mulched beds occasionally plugged the drill. Stands had a few skips, but not enough to hurt yield. He said single rows on the mulched beds would have been easier to plant than double rows. Atrazine at 2 pounds per acre in an oil-water emulsion spray carrier was applied to control weeds when sorghum was 6 inches tall.

One-half of each of the four tillage treatments received either three or five seasonal irrigations. The three-irrigation treatment was a test of limited irrigation. Water applied and tailwater were measured for each treatment. In 1975, plots were prewatered in May and planted on June 4. Rainfall caused crusting and sorghum was replanted June 17. In 1976, sorghum was planted on May 12 and furrow irrigated for emergence. Yields varied with the amount of water that soaked into the soil during irrigation.

Mulch-subsoil took up most water and produced the highest yield according to the researchers. Yields with three and five irrigations were 4300 and 6100 pounds per acre. Disking took up the least water and yielded lowest, producing 3800 and 5300 pounds per acre with three and five irrigations. Bed-splitting and disk-chiseling yielded about the same at 4500 and 5700 pounds per acre for three and five irrigations. Chiseling or subsoiling made a big difference. With five irrigations disk-chisel increased yield over disking by 500 pounds per acre. Mulch-subsoil beat bed-splitting by the same amount.

The researchers again stressed that the yield increases with limited tillage and subsoiling were not magic, but were the result of more irrigation water going into the soil. This would reduce tailwater having to be recirculated through a return system.

Yield was not the only difference among tillage methods. It took 2.1 hours and 8 gallons of diesel fuel per acre to till and plant sorghum with disk-chiseling. This compared to 0.9 hour and 2.9 gallons of fuel per acre for mulch-subsoil. Labor and fuel to till and plant the two treatments cost \$15 and \$6 per acre. At \$3.50 per hundredweight for sorghum, the 400 pounds of sorghum per acre yield increase with mulch-subsoil and adequate irrigation over disk-chisel was worth \$14. Considering both savings in production cost and yield increase, limited tillage increased returns about \$25 per acre.

"With high fuel and labor costs along with a limited water supply, farmers may want to try limited tillage on their irrigated sorghum operation," Allen said.

LEGAL NOTICE
Friona Independent School District is offering two (2) houses located in Friona, Texas for sale on a sealed bid basis. The property being offered for sale is:
1. Lot 8, Block 69, OT, Friona, Parmer County, Texas. This property is 50' x 140'. A frame house containing approximately 840 square feet, a garage with approximately 288 sq. ft. and a small storage containing approx. 80 sq. ft. is situated on said property. This property is located at 604 Grand, Friona, Texas.
2. Lots 1 and 2, Block 51, OT, Friona, Parmer County, Texas. This property is 50' x 140'. A frame house containing approximately 1080 sq. ft. and a garage with approx. 312 sq. feet is situated on said property. This property is located at 723 Pierce, Friona, Texas.

Sealed bids will be opened at 8:30 p.m. on Monday, November 13, 1978 in the Board Room at Friona High School, 7th & Etta, Friona, Texas. Bids must clearly be marked "SEALED BID"—PROPERTY LOCATED at (describe which property bid is for). Persons desiring to bid on both pieces of property should submit two bids, as bids will be considered independently one of the other. Successful high bidder will be required to deposit 10 percent into escrow and shall be allowed 30 days to complete financing arrangements for balance of cash bid price.
Property may be inspected by calling Tom Jarboe, Supt. of Schools, at (806) 247-2281. All bids should be addressed to Board of Trustees, Friona Independent School District, Box 607, Friona, Texas 79035. All bids must be in the hand of the Superintendent of Schools no later than 8 p.m. on November 13, 1978.

FOR SALE...Brick home. 3 Bedroom, 1 1/2 bath, fireplace, well insulated, cathedral ceiling den, 1,966 sq. ft. living area, large drive, double garage, fenced. 1 year old. Western Addition. Call 247-3378 after 6 p.m. 1-tfnc

PRIZE WINNER....Young Andrea Escobedo, year-old daughter of Mr. and Mrs. Albert Escobedo, was the winner of the Halloween costume contest sponsored as part of the Halloween promotion at the Elk Drive-In Theatre this week.

Services Conducted For J.C. Phillips

Services were held Monday in Dumas for J.C. "Jake" Phillips, 65, at First Baptist Church with Rev. Edward Rogers, pastor, officiating. Burial was in Northlawn Memory Gardens by Morrison Funeral Directors.

Mr. Phillips died Thursday, October 26.

A Dumas resident for 40 years before moving to Mesa a year ago, Mr. Phillips was a retired employee of Diamond Shamrock.

Survivors include his wife, Maxine; a daughter, Mrs. Jaylene Griggs of San Antonio; two sons, Lonnie of Friona, and Larry of Hong Kong; two sisters, Mrs. Mary Nelson of Oklahoma City, and Mrs. Frank Guyton of Tulsa, eight grandchildren and one great-grandchild.

Chieftains Romp Past Morton Indians, 33-12

The Friona Chieftains displayed virtually every method of scoring in downing the Morton Indians, 33-12 in a game here last Friday.

The Chiefs scored twice on passes, twice on runs, and once on the opening kickoff. It was the first time in 15 years that Friona had managed to score on the game's opening kickoff.

Before the night was completed, six players had shared in the scoring, with five different players getting touchdowns.

Not all of the fans had settled into their seats when senior flanker Leslie White gathered in the game's opening kickoff, found a wall of blockers forming to his right, and sped up the west sideline untouched for a 90-yard touchdown gallop. Jerry Harrelson's kick gave Friona a 7-0 lead and only 14 seconds had elapsed off the clock.

Morton, however, refused to be intimidated. The Indians mounted an impressive 12-play, 76-yard drive that consumed almost six minutes of clock time.

James Dent got the touchdown, from 25 yards out. A Friona defender blocked the kick try, and Friona held onto its lead at 7-6. The clock was stopped at 6:12 following the Morton touchdown.

Quarterback Chris Barnett hooked up with White for a 29-yard gain late in the first quarter. Chuck Nichols gave the team a first down at the Morton 37, and Joe Malouf ran 11 yards to the 26. But the drive bogged down, and a field goal try fell way short.

A little later, Friona forced Morton to punt and took over on their own 39 yard line. Barnett hit Kevin Kothmann on a 26-yard pass completion. Then he fired the ball to White on an 18-yard gainer to the Morton 20. Four plays later, Chuck Nichols went in from the eight, taking a pitchout from Barnett. The PAT kick was no good, but Friona had hiked its lead to 13-6, and that was the halftime score.

Friona drove 75 yards for its third touchdown in the third quarter. The ball changed hands twice in consecutive plays to get the drive going.

Chris Barnett had a pass

intercepted by Morton at the Friona 25, but the Indians fumbled it back on the next play, and the Chiefs set sail.

Nichols and Joe Malouf gave the team first downs, and Barnett hit Kothmann on a 21-yard play to the Morton nine. Two plays later Malouf burst up the middle for the TD. Harrelson's kick made it 20-6 with 4:39 gone in the third quarter.

Late in the quarter, Friona fumbled, and Morton used the break to score their second touchdown. David Moore raced 23 yards almost untouched for the six points. A pass try for points failed, and it was 20-12 with 3:03 left in the quarter.

The Morton TD ignited Friona, which got going early in the fourth quarter. White, who starred both on offense and defense, picked off a Morton pass and ran it from his own 45 to the Morton 40.

The Chiefs then put together a

40-yard scoring drive, aided by a 15-yard penalty against the Indians for a personal foul. Barnett's pass to Chitto Caballero set the TD up at the one, and Caballero barreled into the end zone two plays later.

A penalty against Friona caused Harrelson's kick to be from the 15-yard line, but it was good, for a 27-12 lead with 9:20 to play in the game.

Morton would have done better to have kept its passing attack under wraps. The Indians threw 12 passes, of which two were complete to their own players, and four were intercepted by Friona.

Ben Landrum got the next one for the Chiefs, and made a good runback, from his own 40 to the Morton 29.

Hutson spelled Barnett at quarterback, and just to get into the scoring act, he tossed a 28-yard scoring bomb to Bret Moore, which

ran the score to a margin of 33-12 with 3:05 left in the game. Harrelson's kick looked good, but the referee said no.

Morton again took to the air, and again it was a mistake. Rod Owen got the last intercept, and he ran the ball from the Friona 25 to the Morton 48. Friona had the ball at the Morton 24 when the game ended.

The Chieftains, who held Morton to just 21 net yards in the second half (11 rushing and 10 passing), had a great night both offensively and defensively.

The Chiefs ran 76 plays from scrimmage, making 189 yards rushing and 160 passing. Nichols was the leading rusher with 90 yards. Barnett passed for 132 yards, and Kothmann snagged four passes for 71 yards.

Friona had a landslide lead in first downs, 24-7.

FRIONA TD....Joe Malouf (33) is shown crossing the goal-line for Friona's third touchdown early in the third quarter against Morton. Making a clearing block for Malouf is Chieftain center Kirk Frye, (50). Malouf was one of five Chieftains scoring touchdowns against the Indians. (Photo by Stanley Ellis)

7th Grade Drop Pair Of Games

Friona seventh grade Braves met the Morton Junior High Indians at the Brave's field last Thursday night. The Braves fought a good fight but fell short 22-0.

Morton has not been beaten yet this year and had allowed only six points through five games this year. The Braves showed alot of character during the game by not quitting and showing that winning spirit throughout the game.

Mark Murphy led the offensive line at center, with help at the guards from Rudy Bermea, Troy Crutchfield and Rene Bermea, the tackles were Dave Davenport, Tim Kirk, and Bruce Ramos. Paul Melton, Kevin Brogden and Johnny McLellan were all at ends. Charlie Morgan started at quarterback.

Reese Fleming and Rene Bermea worked fullback, Matt Loftis, Jesse Aragon and Robert Escalante, were the tailback, while Edward Garcia, Shayne Woodard and Charlie Veazy were the flankers.

The Braves' defense although giving 22 points held Morton to half the offensive totals they have had in past games.

Over all, as a team, we looked better this week and improvement can be seen in every single player from week to week. Although it was a disappointing loss, we showed we

were a good team and not quitters.

Friona's seventh grade Braves traveled to Littlefield Tuesday night to play the Wildcats.

The Braves were defeated by a score of 36-0 to a team who has not been beaten yet this year.

The Braves, were unable to score but did put together a couple of drives that looked good, but could not get across the goalline.

In the "B" team game Nathan Rodriguez caught a 70 yard touchdown pass from Harvey Lafuente. Even though the Braves were beaten, there were bright spots that showed the Braves are a team that cannot be taken lightly.

The Braves host the Olton Mustangs Thursday, November 9 at the Junior High Field. We would like to see a good crowd at the game for the last home game this season.

Dismissal Time Given

School will dismiss early on Wednesday, November 8 for teacher in-service.

Classes will be dismissing early on the second Wednesday of each month for November and December. Classes will dismiss at 2:40 p.m.

Eighth Grade Braves Top Morton '11'

The eighth grade football team defeated Morton 32-0 last Thursday in Friona.

The Braves' scoring was opened up by Mark Montoya going 70 yards on the opening kickoff for the touchdown.

The extra point try was off to the left and the score was 6-0.

Montoya scored again from five yards out and the extra point was blocked. Joey Howard passed to Jaime Pena from 20 yards out for the third touchdown of the first quarter. The conversion try was a pass from Mark Montoya to Leo Escalante, making the score 20-0.

Brian Edelman scored in the third quarter with a one yard plunge to make it 26-0.

Jeff Lundy ran 8 yards for the fifth touchdown to make the final score 32-0.

Services Held For Mrs. Fambro

Funeral services for Edna Mae Fambro, 61, longtime Parmer County resident, were held Friday morning.

Mrs. Fambro passed away Wednesday, November 1 in Shattuck, Oklahoma. She was born July 5, 1917 in the Lazbuddie community.

Services were conducted at the Friona United Methodist Church, with minister Hoyt Cranfill of Abilene officiating. Burial was in Friona Cemetery, under the direction of Parsons-Ellis Funeral Home.

Survivors include a son, Jack Redfearn of Fort Supply, Oklahoma, five sisters, Mabel Phingston, Nogal, N.M.; Minnie Knight and Lena Stokes, Friona; Nellie Pierce of Vega, Grace Vassios of Desert Springs, California; three brothers, Bud Reed of Friona; George Reed of Keys, Oklahoma and Frank Reed of Borger. Two grandchildren also survive.

Pallbearers were Gene Zachary, Ralph Reed, Jim Reed, Danny Pierce, Ronnie Reed and Gordon Stokes, all nephews. Honorary pallbearers were Jerry Zachary, J.R. Knight, Johnny Stokes, Richard Phingston, Franklin Vassios, Michael Vassios and Richard Vassios.

PROPOSED CONSTITUTIONAL AMENDMENTS

(ENMIENDAS PROPUESTAS A LA CONSTITUCION)

INSTRUCTION NOTE: (NOTA DE INSTRUCCION)

Place an "X" in the square beside the statement indicating the way you wish to vote. (Marque con una "X" el cuadro al lado de la frase que indica la manera en que quiere usted votar.)

THE TAX RELIEF AMENDMENT (LA ENMIENDA PARA ALIVIO DE IMPUESTOS)

FOR (A FAVOR DE)

AGAINST (EN CONTRA DE)

The constitutional amendment providing for tax relief for residential homesteads, elderly persons, disabled persons, and agricultural land; for personal property exemptions; for truth in taxation procedures, including citizen involvement; for a redefinition of the tax base; for limitations on state spending; and for property tax administration. (La enmienda constitucional disponiendo alivio de impuestos para hogares seguros residenciales, personas mayores de edad, personas incapacitadas, y tierras agrícolas; exenciones de bienes muebles, la verdad en procedimientos fiscales a la imposición de impuestos, incluyendo participación de ciudadanos; de nuevo definiendo la base de impuestos; limitando los gastos del estado; y la administración de impuestos sobre propiedad.)

No. 4

FOR (A FAVOR DE)

AGAINST (EN CONTRA DE)

The constitutional amendment authorizing the legislature to exempt from taxation solar and wind-powered energy devices. (La enmienda constitucional autorizando a la legislatura para exentar de impuestos aparatos de energía solar o de viento.)

No. 1

FOR (A FAVOR DE)

AGAINST (EN CONTRA DE)

The constitutional amendment deleting the archaic reference to the "Deaf and Dumb Asylum," allowing certain products and services of handicapped individuals to be used by agencies and departments of state government, requiring the procurement of other products and services required in the operation of state government to be made under bids awarded to the lowest responsible bidder, making all such procurement processes subject to laws enacted by the legislature and eliminating the requirement that the Governor of Texas, the Secretary of State, and the Comptroller of Public Accounts of Texas be personally involved with such transactions. (La enmienda constitucional eliminando la referencia arcaica al "Instituto de Sordos y Mudos," permitiendo que ciertos productos y servicios de personas incapacitadas sean usados por agencias y departamentos del gobierno del estado, requiriendo que otros productos y servicios requeridos en la operación del gobierno del estado sean obtenidos por ofertas concedidas al postor responsable que ofrezca el precio mas bajo, haciendo que todos los procesos de procuración sean sujetos a las leyes establecidas por la legislatura y eliminando el requisito que el Gobernador de Texas, el Secretario de Estado, y el Contralor de Cuentas Públicas de Texas participen personalmente en tales negociaciones.)

No. 5

FOR (A FAVOR DE)

AGAINST (EN CONTRA DE)

The constitutional amendment to extend the jurisdiction of justices of the peace in civil cases. (La enmienda constitucional para extender la competencia de los jueces de paz en causas civiles.)

No. 2

FOR (A FAVOR DE)

AGAINST (EN CONTRA DE)

The constitutional amendment to provide that the legislature may permit political subdivisions to issue revenue bonds to develop employment opportunities for its citizens. (La enmienda constitucional para disponer que la legislatura puede permitir que las subdivisiones políticas que emitan bonos de ingresos, para desarrollar oportunidades de empleo para sus ciudadanos.)

No. 6

FOR (A FAVOR DE)

AGAINST (EN CONTRA DE)

The constitutional amendment permitting the legislature to increase the number of justices on a court of civil appeals, permitting a court of civil appeals to sit in sections, and requiring a concurrence of a majority of justices to decide a case. (La enmienda constitucional permitiendo que la legislatura aumente el número de jueces en cualquier Corte de Apelaciones Civiles, permitiendo que Cortes de Apelaciones Civiles sesionen por secciones, y requiriendo la concurrencia de una mayoría de jueces para decidir una causa.)

No. 3

FOR (A FAVOR DE)

AGAINST (EN CONTRA DE)

The constitutional amendment to give the legislature the power to authorize cities and towns to issue bonds to finance the redevelopment of blighted areas and prohibiting any city or town from granting its money or lending its credit for such purposes. (La enmienda constitucional que da a la legislatura el poder de autorizar las ciudades y pueblos para emitir bonos para financiar el desarrollo de áreas deterioradas y prohibir cualquier ciudad o pueblo de conceder su dinero o prestar su crédito para tales fines.)

No. 7

FOR (A FAVOR DE)

AGAINST (EN CONTRA DE)

The constitutional amendment to repeal the constitutional authority for the State Building Commission and the State Building Fund. (La enmienda constitucional para abrogar la autoridad constitucional de la Comisión de Edificios del Estado y el Fondo de Edificios del Estado.)

No. 8

FOR (A FAVOR DE)

AGAINST (EN CONTRA DE)

The constitutional amendment authorizing certain districts to engage in fire-fighting activities and to issue bonds or other indebtedness or to issue bonds or otherwise lend their credit for fire-fighting purposes. (La enmienda constitucional autorizando que ciertos distritos participen en actividades contra incendios y emitan bonos o de otra manera presten crédito para tales propósitos.)

Reese Fleming Wins Football Contest

Young Reese Fleming was the big winner in the Friona Star's weekly football contest. The 13-year-old contestant waded through the maze of upsets to post a score of 18, and was the only contestant of the 183 entering to get that many games right.

The big loser of the week was the contest editor, who was obliged to give everyone two free scores due to two games being listed incorrectly on the form, the Oklahoma-Nebraska and New York-Atlanta games being listed in error.

But Fleming, a seventh grade student in Friona schools, was the man of the hour. His only misses were in picking Lockney, which was upset by Abernathy, 15-14; Philadelphia, who became Coach Bud Wilkinson's first pro victim; Houston, which could barely find the football field in losing to Cincinnati, and Oakland, who likewise blew one to San Diego.

Fleming received the weekly first prize of \$10.00 cash.

Five contestants correctly picked 17 games, and from this group the second and third place contestants were named. Matilde Castillo, who missed the Friona-Morton score by only three points, took second place honors and the check for \$6.00. He picked the Chiefs to win by 30-12, and Friona won, 33-12.

Paul J. Smith placed third. His tie breaker guess of 28-7 was ten points off the actual score (five points on each side), and earned him the third place money of \$4.00.

Just missing on the basis of the

tie-breaker score were Jessie Morales, Sr., Charlie Bishop and Frank Truitt, all of whom picked 17 games correctly.

A total of 14 contestants correctly picked 16 games: Bob Finley, Myrna Baize, Myrtle Melton, Patti Field, Russell Field, Ronnie Melton, C.H. Murphy, Jr., Ron Cain, Kay Nuttall, Opal Blakely, Joyce Melton, Mike Field, Joe Santellana and Jackie Morgan.

Another 28 contestants correctly picked 15 games, 43 picked 14, 45 more picked 13 games correctly, 29 picked 12 games, nine picked 11, three picked ten, and one contestant picked nine of the 22 games.

The contest leader, Marlene Drake, had the excellent score of 15, and added a point to her lead in the event. Jim Pope, who holds second place, scored a 14 for the week, still above the average score, but dropped one point off the pace. Mrs. Drake has a total score of 124, to 121 for Pope.

Myrna Cain is in third place with a score of 119. Next, at 118, are Linda Drake, B.R. Mears, Jackie Morgan, Bruce Patterson, Benny Pryor and Paul J. Smith.

Contestants are vying for a grand prize of \$100 in the annual contest, or a second grand prize of \$25 and a third prize of \$15, in addition to the \$20.00 in cash paid to weekly winners. In addition, most of the contestants just like to compete, to see how well they do compared to their friends.

This is the 22nd year for the Star to sponsor a football predicting contest.

NEW AMBULANCE....The city of Bovina began a volunteer ambulance service this week, with a number of trained ambulance care attendants set to operate the service. The service was inaugurated on November 1.

Chiefs To Host Olton On Friday

The Chiefs will host the Olton Mustangs in season game number nine next Friday at Chieftain Field. It will be the last home game of the season for Friona.

Olton was expected to be one of the teams fighting for the title when the season began, and the Mustangs of Coach Ed Miller were standing 1-1 going into Friday's game against Muleshoe.

Quarterback Brad Allcorn, a three-year starter, is again directing the Mustang attack. Olton has a strong front line, but like Friona, speed has been the missing ingredient.

The Ponies had experience in backs Charles Brown and Danny Garcia, as well as end Jeff Nienast, tackles Steven Rose and Marty Walters, guard Gregg Davis and center Steven Coffman.

It's usually a great game when the Chiefs and Mustangs meet on the gridiron, so Friona fans would do

well to turn out for this home finale, and see the Chiefs in action.

Game time will be 7:30 p.m.

Adult Ed Class Set

Registration for Adult Education Classes will be Monday, November 6, at 7 p.m. in the High School Cafeteria.

Classes are free and instruction will be given in reading, writing, English, arithmetic, science, English speaking, government of high school equivalence.

This program is designed to improve a person's ability to secure employment, qualify for job promotion, achieve a high school equivalence certificate, and become a more efficient, active citizen.

Adult basic education is sponsored by Friona Schools, and Region XVI Education Service Center through the Texas Education Agency.

Junior High SFC Activities Begin

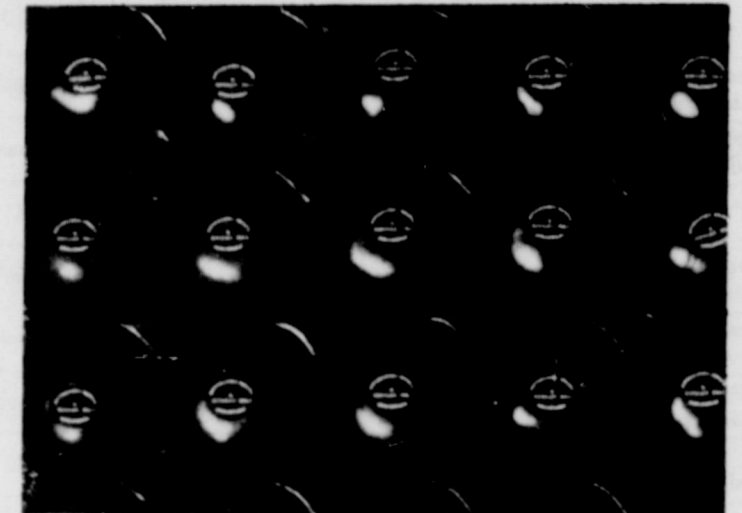

Friona Junior High SFC began this year's activities by decorating Prairie Acres for the Halloween season. They also participated, along with Mrs. Linda Sprangler's art class, in going to a party at the nursing home on Friday, October 27.

The Junior High SFC is organized to promote good relationships between faculty and students and to provide services to improve the Junior High.

The persons elected to offices in the SFC are Jay Hight, president; Judy McLellan, vice president; Sheri Dodson, secretary-treasurer and Laura Brockman, reporter.

Other delegates are Sarita Ellis, Laura Brockman, Stacey Loftis, Milli Dixon, Shannel Woodard, Mitchel Reeve, Harvey Lafuente, Charlie Morgan, Rene Bermea, Johnny McLellan, Mark Montoya, Judy McLellan, Jay Hight, Doug Moyer and Sheri Dodson.

FERTILIZE FOR SPRING CROPS NOW!

Plow down fertilizer on corn or sorghum land.

Fall Plowing is a yield increasing practice on many soils. Getting fertilizer on ahead of discing or chiseling makes real sense, too.

Here's why:

- Improvement nutrient placement. Deeper placement to encourage deeper rooting.
- More complete residue breakdown. This combination of earlier soil working, plus nitrogen fertilizer, hastens decomposition.
- Saves time and labor during the spring rush.
- Less risk of rutting and soil compaction. Fields are usually drier in the fall and early winter.
- A good general guide for fall and early winter fertilization on corn or milo land is to apply half the nitrogen and almost all or most of the phosphorous and potash.

Two Stolen Vehicles Have Been Recovered

The Friona Police Department reported that a 1973 Lincoln Mark 4, belonging to Sondra Nichols was stolen from the Friona High School parking lot last Thursday afternoon.

The vehicle was located in Amarillo late Friday by the Amarillo Police Department, parked on a street.

It is believed that the vehicle was

taken by two boys and a girl in their late teens.

A Plymouth automobile, stolen from Roswell, N.M. was found abandoned east of Friona approximately 1.5 miles. It was not known if there was any connection between the two automobile thefts.

Both vehicles have been reclaimed by their owners.

Rites Pending For Harold Branham

Funeral services were pending at press time for James Harold Branham, 53.

Branham died early Friday morning in Parmer County Community Hospital.

Born September 29, 1925 in Kansas City, Missouri, services will be in Fort Worth, Texas.

Branham was personnel director at Friona State Bank.

Town Talk

By June Floyd

Phone 247-3681 With Your News Item

This week's Town Talk is being written at Garland, Texas. There's just not anything prettier than this part of Texas at this time of year. Oak, pecan, persimmon and other trees are showing their beautiful fall colors as are sumac, crepe, myrtle and other shrubs. What it adds up to is a range of colors from the black of the soil through all the shades of green, red, yellow and orange that beautifies the entire surroundings.

Of course, there are a lot of mums, bachelor buttons, marigolds and other flowers which the frost hasn't touched, yet, along with a few roses here and there, so a person can walk or drive in any direction and be able to enjoy seeing nature at its most colorful.

There are even a few butterflies of different colors to add to the spectacle. It seems that there are not many birds right now, but we do see a lot of squirrels scurrying back and forth as they're busily engaged in getting ready for winter.

+++

On the way down Tuesday, we stopped in Throckmorton for a few minutes. We had seen several signs of last summer's flood before we got that far, but they became more obvious as we drove farther east.

By the time we got to Graham, it was hard for us to believe that floodwaters of the Brazos could have reached the heights that were clearly marked.

At South Bend the devastation was really unbelievable. The town is small, but residents there said there were very few houses in the town that were not water damaged and many of them were damaged to the extent that they had to be replaced.

The post office was flooded and many of the fixtures were badly damaged. The lady who sold us some stamps said, "We've been working several months trying to clean-up and fix-up, but it will be a long time before we finish."

She had lost her home, but was able to save most of her possessions. Residents of Graham and South Bend had more notice of the approaching floodwaters than did some of the residents of Haskell, Throckmorton and Albany, so were able to make some preparations.

However, the lady reported, "Even though we had advance warning that the water was coming, none of us ever guessed it would be so deep."

She concluded her remarks by saying, "Graham and South Bend residents regretted losing property, but were so grateful that no lives were lost. Other towns were not that fortunate."

In Throckmorton we visited briefly with Fran Clark. She said that Marion was well and was enjoying being back home. How-

ever, Fran was just out of the hospital following a long illness.

She said, "Tell our Friona friends that we're doing fine and have a new grandson. His name is Jacob and he's a little bit over two months."

The Clarks were planning to spend the weekend in Denton taking care of Jacob and his sister, who is five, while the parents, Karen and Don Brewer went to the Chicago area to find housing prior to moving up there.

+++

On Monday we drove over to Greenville and up to Celeste. This was my first trip to Celeste, which is a very small town. We found merchants there to be very friendly.

A saleslady in one store was related to the Bill LaFavers family, who formerly resided in Friona. She said that Lou is now living in Houston. Think Jake and his family and Maxine and her children also live there. Sally and Loyd Messenger and their girls all live in California.

We also visited in the home of Mr. and Mrs. T.B. Weatherley at Celeste. They're Randy's parents. Due to the dry weather in that area it has been necessary for the Weatherleys and a lot of their neighbors to reduce their cattle herds.

Late in the afternoon as we were on our way back to Garland, I dialed the number of James and Frances Hamilton and wasn't too surprised when a small boy's voice came over the wire. When I inquired about his mother and grandmother, he said, "I'm the only one here right now and I don't live here. I live next door and someone is coming in so you can talk to whoever it is."

I visited with James who was just coming in from work. He works at a plant in Rockwall and Frances teaches in Caddo Mills. Their daughter, Carolyn, teaches first grade at an elementary school in Greenville. Jason, Carolyn's eight year old son and a third grade student, had answered the phone.

Before James and I finished our visiting, Carolyn came in, so I got to visit with her, too. They're all doing fine and the whole family lives in Greenville.

Jimmy Paul and his wife have a new baby boy. He was born October 15 and weighed eight pounds, thirteen ounces. He's the first child for the Hamiltons and is named Clay Christopher.

Jimmy Paul is an assistant cashier at Citizen's National Bank in Greenville.

+++

If you live in the Friona area and haven't taken advantage of programs being offered at Friendship House, you're missing a treat. The tile painting class, which is being taught by Dianne Tatum, is

attracting a lot of favorable attention and some beginning painters are turning out some very attractive plaques and other objects of art.

In the near future, Vuthil Loafman will be teaching a series of lessons on purse making—macrame, I think. If you are interested in being in the class, contact Mrs. Loafman or someone at Friendship House for more information.

+++

Spotted a most unusual license tag this morning at a dental clinic. A pale blue Volkswagen bore a plate reading "VERY EZ." Surely the car belonged to one of the dentists.

+++

One of the cleverest name plates I've ever noticed was in front of a home in Throckmorton. Apparently the people who lived there were named Byrd and the man's name started with a T.

A tall white T with two red birds placed back to back near the bottom of the letter made it read T. Bird from either side.

+++

Mrs. Eunice Cox of California visited relatives in Friona recently. Mrs. Cox, along with her daughter and son-in-law, Mr. and Mrs. Frank Allen of Sacramento, California, were met in Amarillo by Mr. and Mrs. V.H. Roberts of Amarillo.

The Roberts were hosts to the California visitors during their stay. They toured Amarillo, and also were shown Palo Duro Canyon. Mrs. Roberts brought the trio to Friona, where they visited at the Friona Star with publisher Bill Ellis.

Mrs. Cox was especially interested in this visit, as her uncle, the late J.W. (Uncle John) White, was the first editor of the paper.

They also visited in the home of Fern White (Mrs. Cox is a sister of the late Ed White, Sr.), and with Orma Flippin and the Edward White family.

The visitors showed pictures and slides of their home in California. They also visited in Fort Worth with Mr. and Mrs. Robert Holder before flying on to Florida to visit other relatives.

+++

Amarillo surgical patients this week included Nora O'Brian and Marion Fite.

We also understand that Celia Dee Loflin was hospitalized in Amarillo this week.

Hope all of our hospital patients are better at this writing.

+++

There are Jack-O-Lanterns, spooks, goblins, black cats and witches all over the place. Someone combined the jack-o-lantern idea

with the witch and came up with a large pumpkin, complete with eyes, nose and mouth and a discarded wig. Hope all our readers had a Happy Halloween.

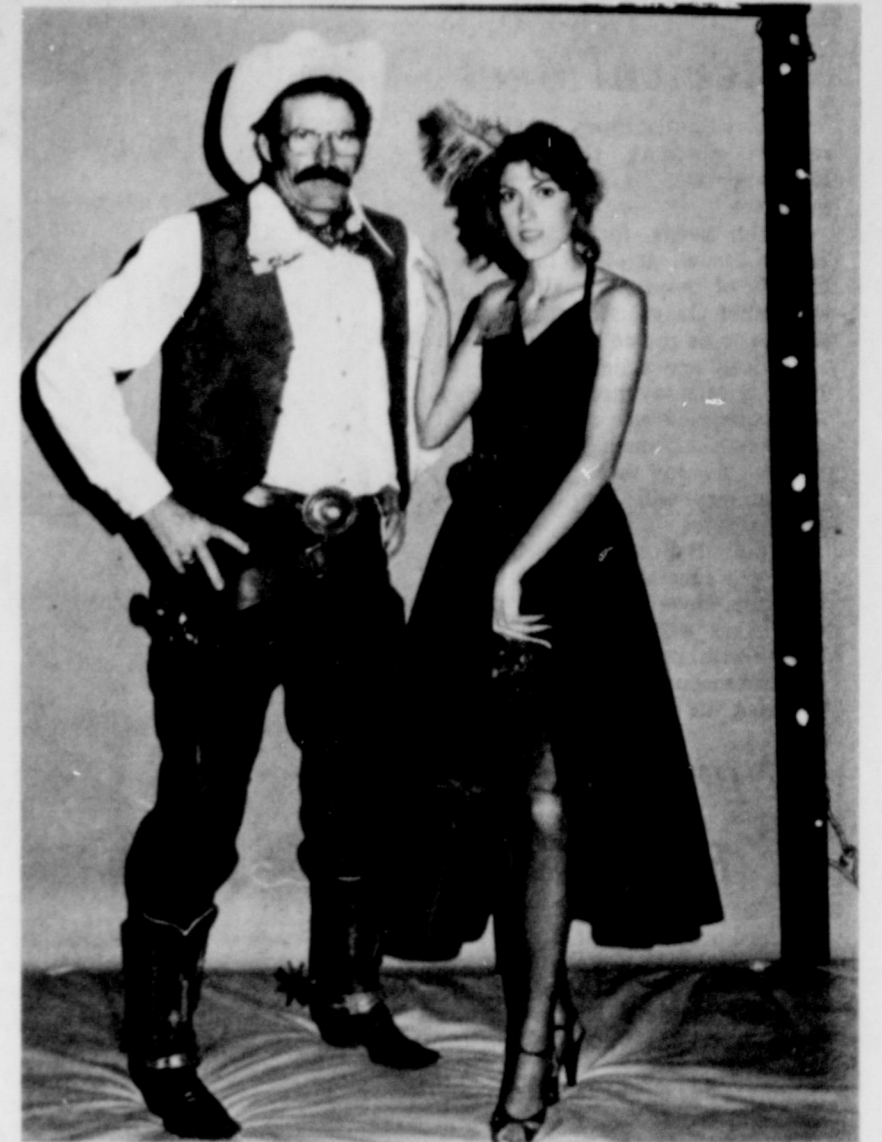

Osborn Attends Events

Paige Osborn, a Converse College freshman, and her father, M.C. Osborn, of Route 2, Friona, attended the annual Freshman Fathers' weekend events at Converse recently.

Activities began Friday with registration, a social hour, and a skit performed by the freshmen.

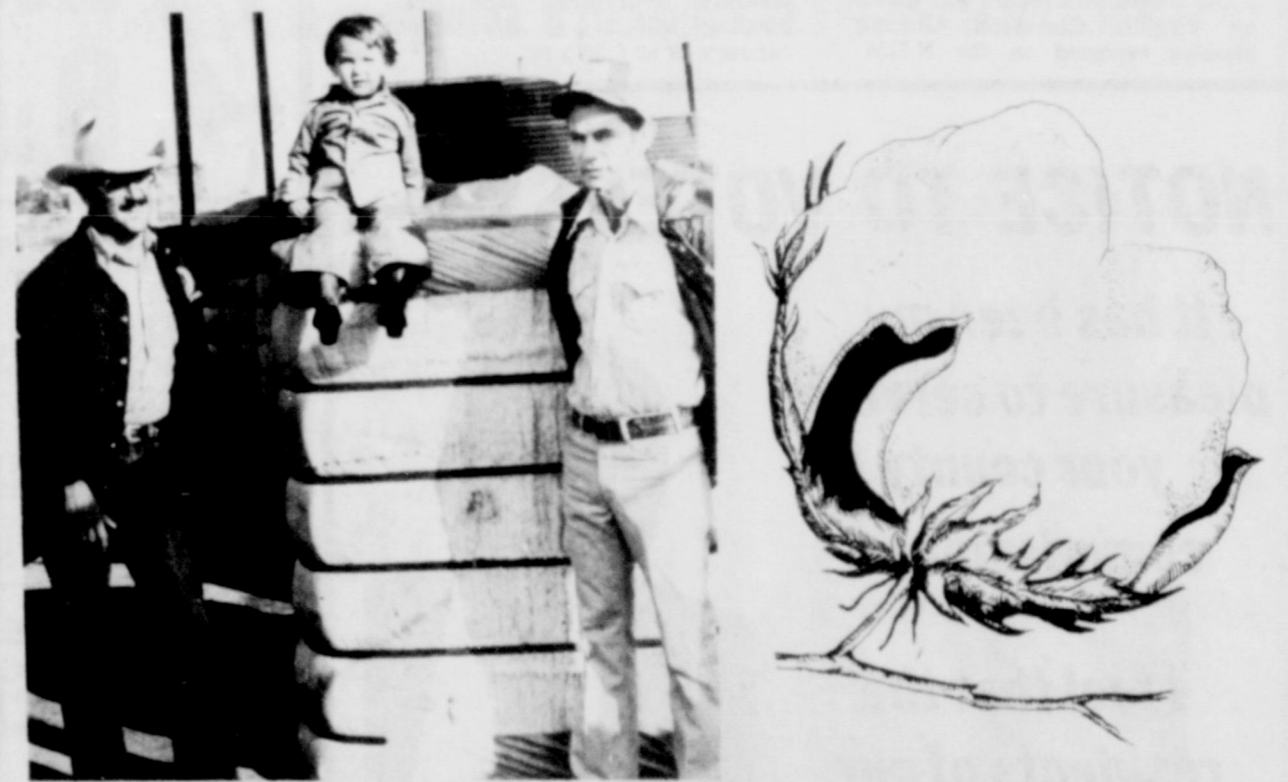

Saturday, fathers met with faculty and advisors until time for the picnic lunch, followed by recreation. That night, costumes from a "Time Machine" were worn for the father-daughter dance.

Converse College is an independent, liberal arts college for women, with a professional school of music.

LOCAL DUO...Paige Osborn, a freshman student at Converse College and her father, M.C. Osborn of Friona are pictured here in the costumes they wore to the father-daughter dance held at the college. The dance was in observance of Freshman Fathers' weekend events at the college.

Most newspapers pick Hill over Clements

"John Hill may be the best candidate for governor in decades. Judging from his record, he should win easily over his Republican opponent, whose chief qualification is money. Unlike his opponent, Hill is not given to outrageous promises, intemperate personal attack or underhanded tactics. He will work hard for the best interests of the state and its people."

— Austin American Statesman

"The more Mr. Clements has explained his blunt viewpoints — even those views we could agree with — the more he has raised doubt as to how effective a bulldozer could be in Texas government. Conversely, John Hill has grown in our evaluation as a man who not only is the best state attorney general in recent history, but also is a man with the intelligence, savvy and ability to serve Texas well as governor."

— Abilene Reporter-News

"We believe Hill will bring vitality and leadership to state government. Hill is not an advocate of big government. Nor is he a free spender. He has pledged that no new taxes will be levied if he is elected. His anti-inflation program is the kind of fiscal conservatism Texans can accept gleefully."

— Corpus Christi Caller

JOHN HILL
GOVERNOR

Church Sets Revival Meet

Calvary Baptist Church will hold a revival meeting the week of November 6-12, it was announced this week.

Darrell Lewis, former pastor at Bovina, now at Bykota Baptist Church of Amarillo, will be the evangelist. Gary Bivins of Littlefield will serve as music director.

Services are scheduled daily at 7:30 p.m. Monday through Saturday. Sunday services are at 11 a.m. and 8 p.m. A potluck lunch is scheduled at 12 noon Monday through Friday.

A nursery will be provided for every service.

Calvary Baptist Church is also holding a special mission program Saturday, November 4, at 7 p.m.

Speakers will be Mr. and Mrs. Jerry Smith, missionaries to Brazil. Refreshments will be served following the program.

HANCE SUPPORTERS....A large group of supporters were evident last Friday when congressional candidate Kent Hance visited Friona. Hance told the group he believed his experience in the state senate would stand him well in Washington. From the left are Gale Warren, Clyde Woodard, Hance and Hollis Horton.

Thesopian Play Set Monday & Tuesday

LADIES-IN-WAITING....Some of the little ladies who will appear in the FHS production of Cinderella are (back row) Sydonia Tongate, Amber Smith, Sandy Spring, Karla Fleming, Rhnea White, Rene Noland and Angela Sims. Kneeling on the front row are Stacy Laymance, Shannon Parr, Kenna Noland, Cindy Auburn and Bonnie Lunday. The popular musical version of Cinderella sports a local cast of 50 young people. The play will be staged Monday and Tuesday nights, November 6 and 7.

Springers Have Girl

Mr. and Mrs. Rick Springer of Hereford are the parents of a baby girl born Tuesday, October 31 at 1:18 a.m. in Deaf Smith County Hospital. Named Pamela Kay, the new arrival weighed six pounds, fourteen and one-half ounces.

Pamela has one sister, Stephanie, eight years old.

Grandparents are Eloise Udee of Union City, California and Mr. and Mrs. Guy E. Springer of Wyoming, Minn.

Mrs. Laura Bugnon of Cambridge, Minn. is the child's great-grandmother.

The Springers operate the Moon-Lite Printing Co. in Friona.

Teachers Association Met At Lazbuddie

Members of Parmer County Teachers Association met recently in the Lazbuddie School Cafeteria. The invocation was led by Sam Barnes. After the Pledge of Allegiance a welcome was given by Anne Corn. Mrs. Corn gave the president's report followed by the secretary's report given by Francis Boling.

The treasurer's report was given by Virginia Cleveland. Jeanne Moseley reported on the N.E.A.

Convention held in Dallas during the summer. Delegates for the State and National Conventions were elected. N.E.A. Delegate is Jeanne Moseley and State Delegates are Anne Corn, Mary Pryor and Richard Montgomery. Pat Owen was the election judge.

The program was given by Bill Potts on Social Security and teachers' retirement. The next meeting will be at Bovina on January 29 at 6:30 p.m.

NOTICE TO VOTERS -----

It has been my pleasure to serve as your county commissioner.

JIMMY BRIGGS

I feel that the residents of our county and precinct have benefitted in having a republican commissioner, due to the work I have accomplished on the state and regional level.

If Re-elected, I pledge my continued efforts on behalf of the residents of Precinct 4 and Parmer County.

JIMMY BRIGGS

Kent Hance FOR Congress

19th District

NO. 1

Authorized by the Kent Hance for Congress Committee, Mike Higgins, Treasurer, 1208 Metro Tower, 1220 Broadway, Lubbock, Tx. 79401
A copy of our report is filed with the Federal Election Commission.

OCTOBER, 1978

Experience -- Where It Counts

Law has dominated most of the adult life of Kent Hance, candidate for U. S. Congress from the 19th District.

Since his graduation from the University of Texas Law School in 1968, Hance has been practicing attorney with his own law firm in Lubbock, taught Business Law in Texas Tech Law School for five years before being elected to the Texas Senate in 1974, serving as one of its youngest members.

Yet, as one of the Senate's youngest members, Hance quickly

Kent Hance, State Senator

became one of its most effective and respected leaders. During his first term, he sponsored or co-sponsored 177 legislative actions, passing a total of 93 measures. His successes included legislation on anti-crime measures, tax relief, health care improvement, streamlining government and more effective laws concerning water, insurance, banking, education and agriculture.

Hance's vitality and knowledge brought him important committee appointments in the Senate. He was named to committee assignments in finances, state affairs, legislative council and natural resources, which included serving as chairman of the water subcommittee. He also served on the Senate education committee and subcommittee on nominations.

The 35-year-old senator's interest in government did not begin with his election, however. In his native Dimmitt, he was president of the Dimmitt High School student body. At Texas Tech University, where he received his BBA degree in 1965, he served as vice president of the student body and president of his fraternity. Later, in the U. T. School of Law, he was elected president of his class, president of the Student Bar Association and received the Counsel Award for outstanding students.

As a professor in the College of Business Administration at Texas Tech, a post which he resigned in 1973, Hance was selected as one of five outstanding professors.

Hance also held many state and local positions during that period. He served as a member of the board of regents of West Texas State University from 1972 to 1974. In addition, he was on the Texas Citizens Advisory Council, a study group for the purpose of solving state water problems.

Currently he is a member of the Lubbock, Texas and American Bar associations, Southwest Rotary Club, Lubbock Lions, Water Inc., the Chamber of Commerce, and the Texas Tech Century Club.

In community service, Hance was one of the original incorporators of the Texas Boys' Ranch in Lubbock, served as associate state chairman of the March of Dimes in 1972-73 and has taught in the college department of the First Baptist Church in Lubbock, where he is a member.

Hance and the former Carol Hays, also of Dimmitt, were married in 1964. They have two children, Ron, 13 and Susan, 9.

Republican Foe Draws Verbal Barrage

Democrat Kent Hance levelled a barrage of charges at his Republican opponent in the Nov. 7 race for U. S. Congress, 19th District, during a face-to-face confrontation in Lubbock recently.

Seated only inches away from George Bush during a joint appearance before the Greater Lubbock Press Club, Hance claimed that:

- Bush was "trying to buy the election";
- He was deceiving voters in television advertising; and,
- He was not making it clear which George Bush is running for office.

Hance's blast on the campaign expenses followed a report published in The Lubbock Avalanche-Journal indicating that Bush is running a well-financed campaign backed by a list of supporters resembling a national "Who's Who" register.

Noting that much of the contributions came from out of the district, Hance said, "There's no doubt...it would seem he's trying to buy the election."

Campaign contribution and expense statements filed by both candidates were used to make comparisons between the two candidates.

During the period from July 1 to Sept. 30, the reports indicated that Bush raised approximately \$207,650 while spending \$180,000. Hance, on the other hand, raised \$74,822 and spent \$36,100.

Bush's thick report listed 2,060 contributors, including such notables as Mrs. Douglas McArthur, former ambassador, Anne

Armstrong, former Secretary of Defense Donald Rumsfeld, baseball commissioner Bowie Kuhn, and Peter O'Malley, owner of the Los Angeles Dodgers. Many oil interests also were listed.

Hance particularly blasted Bush for compiling such a bloc of support from out of the district. He said it now "is an issue and I think the people of the district need to be made aware of it."

Hance also claimed that Bush's "Television ads have been somewhat misleading in that they portray George as having lived in West Texas forever.

"He has lived here part of his life but also he has lived in other parts of the country and I think that's definitely an issue," the native West Texan added.

The Texas senator also charged that "There's somewhat of a tendency in George's campaign to ride the coattails. I think of his father (George), because you do not see a distinction in the ads between George Bush and George Bush, although I realize it's not a junior and senior situation."

Bush held fund-raisers in Washington, D. C., Houston, Dallas and Midland and his father—a former CIA director and Republican National Committee chairman—attended all of them. The senior Bush also is being mentioned as a possible presidential candidate in 1980.

Bush, a New Haven, Conn., native who attended elementary and junior high schools in Midland before moving to Houston with his family, returned to Midland four years ago to start an oil producing business.

Agriculture Important To 'Farmer' Candidate

Kent Hance not only is a proven legislator, attorney, educator and businessman; he also counts himself a "West Texas farmer."

"Sure, I'm a farmer and you don't need to explain their problems to me," he acknowledges.

"The quandary is, how to solve the problems. I'm no expert on Congress—I haven't served there yet—but I do know how to pass laws and work with other legislators and there are ways to become effective."

"Even though there are only 80 to 90 'pro farmer' votes in the 435-member Congress, I believe there are enough votes to make waves. These 80 to 90 votes have got to get organized, however; they're not worth anything if they are not organized."

"Big city congressmen will have to come to the farm bloc for help in solving HEALH legislation and we'll be in a negotiating position to solve farm problems. But not until the farm bloc is organized," Hance noted.

"It is my opinion that this can be done—not overnight—but as soon,

Hance, for right, with Capitol visitors

Hance, with Lubbock School Superintendent Ed Irons

A light moment in Senate business for Hance

or sooner, than any other method. I've heard some farmers say 'the agriculture secretary can't do anything and the Farm Bureau or the Farmer's Union can't do anything and I agree. But that's not where the action is...the only place this matter is going to be resolved is in Congress, with the organization of the farm votes there and with the negotiating power that will become possible with such a group.'"

"As for 100 percent of parity, yes, I support it and I think the farmer deserves it. But we must be practical. One hundred percent of parity in our political system is not an overnight possibility. It's going to take time, organization and hard work—all where it counts—in Congress."

"We can make progress, as soon as it is possible, by beginning the effort to solidify and unify all elements of the farm lobby in Washington as well as educate the appropriate agency heads in Washington."

"With hard work, we'll begin to make progress when we start playing in the right ball park—Capitol Hill."

Immediate Decontrol Needed to Curb Oil, Gas Problems

Oil and gas legislation, the energy crunch and the world fight to control sources of fuel jump out of the headlines daily.

Who knows better than West Texans the importance of adequate amounts of oil and gas to keep our nation running?

But Capitol Hill isn't listening to Texas in its drive to produce more oil and gas through a free enterprise system. Congress seems to think the only solution involves more regulations and price fixing, more big government interference.

Already Texas pays more for its own oil and gas than many other states.

Kent Hance, candidate for the 19th Congressional District, has been listening to the oil producers and consumers in Texas.

"It would be best to have immediate decontrol of oil and gas. I've said this from the very beginning. And I think it is imperative that the congressman from this district be effective and have a voice in helping write the rules and regulations governing oil and gas," Hance said.

For example, he noted, the crude oil pricing policy act that was to last 40 months will expire in April, 1979, and the president can reimpose it for two years—unless Congress overrides it.

"I would like to see Congress override the president, if he reimposes the act, on this matter and let the price of crude float to the world market. The price of oil should be allowed to float and be determined by supply and demand. This would probably get the price of oil up to \$7 or \$8 a barrel, but it would encourage more secondary recovery."

"Also, I believe this procedure—along with the amount of oil that we are receiving from the Alaska pipeline—would force the OPEC countries to reduce their prices. It would keep the American dollar in the United States and therefore help our balance of trade problem, while strengthening the dollar."

"When elected, I plan to introduce legislation that would allow oil recovered by tertiary means to be sold at world market levels. This would encourage full development of all existing wells. This maximum potential and create more jobs for this area."

Hance said tax incentives for oil producers are important in expanding U.S. production.

"I think the oil and gas industry, especially those persons involved in exploration, should be given every type of tax incentive possible to encourage them to drill for more oil and gas wells."

"In Congress, I will fight for the permanent removal of intangible drilling costs from the list of the tax preference items. It is my belief that all tangible and intangible costs of drilling should be totally deductible because this encourages more production."

Hance said he also believes production could be stepped up in other ways.

For example, he said, "I believe that stripper oil production, when a person is getting 10 barrels or less a day, should be expanded so they could produce more barrels a day in accordance with the depth of the well."

"Too, I would work for a policy that would permit oil exploration on federal lands."

"We have impressive resources of oil and gas here that are important to our nation. Our people do not want Congress to continue further into the role of 'big brother'—they want fewer government agencies hampering the progress of their farms, businesses, factories and natural resources."

Hance of the state Capitol

Senator Kent Hance confers with Midland Senator Pete Snelson.

OSHA Meddling Hit As 'Costly' To Area

"One of the prime examples of government meddling can be seen in the Occupational Safety and Health Administration's anticipated control standards on cotton dust in gins and textile plants," Kent Hance has declared in lashing out at the controversial restrictions.

"The greatly increased cost of ginning, cotton oil mills and textile mills is going to price cotton out of the textile markets, and it's going to cost the farmer in the West Texas area more of all," Hance added.

"Mills will be turning to synthetic fibers, cotton imports will increase, and many older gins and plants will have to go out of business because the standards being set by OSHA 'are unreasonable and cannot be complied with by older plants,'" Hance said.

"It's not only our farmers, ginners and cotton industry that will suffer, either. Increased imports will greatly damage the nation's interest, the trade balance will worsen, businesses will close, jobs will be exported."

"We certainly understand the importance of health and safety in every industry. But in the cotton business, we should strive to the best of our ability to have both without sacrificing the entire cotton industry and the prosperity it has brought to our area," Hance said.

End Deficit Spending, Hance Bill Proposes

Kent Hance, candidate for the 19th Congressional District seat, has called for an end to deficit spending and fiscal irresponsibility in the federal government.

"In a bill he sponsored in the Texas Legislature, the senator said, 'The annual federal budget continually demonstrates an unwillingness or inability of both the legislative and executive branches of the federal government to curtail spending to conform to available revenues.'"

"Knowledgeable planning, fiscal prudence, and plain good sense require that the budget reflect all federal spending and be in balance. Fiscal irresponsibility at the federal level, with the inflation which results from this policy, is the greatest threat which faces our nation. We firmly believe that constitutional restraint is necessary to bring the fiscal discipline needed to restore financial responsibility." the measure noted.

As a result of the Hance bill, The 65th Legislature of Texas proposed to the Congress of the United States "...that procedures be instituted in the Congress to add a new article to the Constitution of the United States."

In addition, the proposal asked that "...The State of Texas request the Congress to prepare and submit to the several states an amendment to the Constitution of the United States requiring, in the absence of a national emergency, that the total of all federal appropriations made by the Congress for any fiscal year may not exceed the total of all estimated federal revenues for that fiscal year." The proposal also asked that all states make requests for such an amendment to the Constitution or require Congress to call a constitutional convention to propose the amendment.

Action, Not Rhetoric, Key To Water Crisis

"The future of West Texas, and especially its economic future in agriculture, depends on the future of the area's water supply. The level of the Ogallala aquifer, which supplies West Texas, is dropping. Although there is adequate drinking water, water needed for crops which make the region an agricultural leader, is fast disappearing from the underground reservoir."

As chairman of the Texas State Senate's water subcommittee on natural resources and a member of the Texas Citizens Advisory Council—a group dedicated to solving water problems in the state—Kent Hance understands the problem and is determined to find solutions.

Also, as a farmer and candidate for the 19th Congressional District, Hance has vowed to fight the worsening water crisis.

"No one questions the seriousness of the water crisis in West Texas. But, we Americans have demonstrated many times that if a disaster is several years away, we don't seem to do much about it until it gets here. Such is the case with water in West Texas," the senator said.

"We have had much political rhetoric about water, but somehow, very little is being done. The way we must begin to solve this problem is to relate the results of our 'water crisis' to the prices and availabilities of food and fiber for the rest of the U.S."

"We are not numerically strong in this area, and we must get help

and cooperation in an effective manner from many other congressmen, senators and administration people and agencies if we are to get some programs rolling to solve our water problem. It is very important that we DO something, not just talk about it. I intend to try when I'm elected."

Hance said the water problem can be solved by a coalition of federal and interstate agencies working together.

"The Department of Commerce will be making recommendations on the most feasible plan to help solve the water problems of the Ogallala aquifer, which stretches six states, in 1979. These recommendations will go to Congress. Having served as chairman of the water subcommittee in the Texas Senate, I think that I would be in the best position to make sure these plans are implemented, along with the plans that we have been working on in state government concerning the possibility of importing water from Oklahoma and Arkansas. The importation is going to take the federal government, state government and probably a water importation district, all working together, to help this become a reality."

"We need to protect our oil and gas resources, solve our problems in agriculture and further progress toward a program of new water for this area. All these things are equally important priorities for this district. For all these things are equally important priorities for the farmers, and water is going to be a necessity," Hance noted.

Hance Got Things Done In Texas Senate

When Kent Hance was elected to the Texas Senate four years ago, he was not content to sit on the sidelines and merely watch the legislative parade.

Instead, he immediately went to work.

"I have never subscribed to the theory that a freshman in Congress, or the Senate, or the Legislature, should just sit and watch and learn in his first term," he said.

"I believe in doing the learning and homework before you go to Austin or Washington. Then, when you get there, do the job, pass the bills, organize constituents and let the folks back home know what's going on.

"That's what I tried to do my first term in the Senate and it worked beautifully. I found myself a leader many times because I was a freshman," Hance added.

His aggressiveness paid off.

During his four years in the Senate, Hance served as chairman of the all-important subcommittee on water and on the nominations subcommittee. In addition, he held posts on finance, legislative council, natural resources and state affairs committees.

And, through his perseverance, he sponsored or co-sponsored 177 legislative measures, causing some observers to note that Hance already has earned his legislative spurs and proving that he has the makings of leadership and growth.

The Hance Family, Kent, Carol, Ron and Susan, holding her cat, Shadow.

"Government is a very serious business to me," Hance said. "As a state Senator, I learned that it takes more than just a persuasive voice to make government work. It takes cooperation, study, alliances and a plan of action-based on reality-to get the job done.

"I'm convinced," he noted, "that it's possible to be effective in Congress right away, without a long, drawn-out training program. I've already started my homework on Congress in order to save time. It was for me when I was elected to the Senate and I think Congress will offer the same opportunity.

"And, by working with the others in Congress, in friendship, determination and stability, with intelligence and logic as the guides, we can do much for West Texas. And I want to help-as your United States Congressman."

'Serious' Trouble Looms For State

Kent Hance is well aware of how most voters in the 19th Congressional District feel about big government and the federal bureaucracy.

He heard a lot of the complaints as a state Senator for four years. Now, he's hearing them even louder in seeking a promotion to the 19th District seat in the United States Congress.

This is what the people are saying:

-Washington is trying to make Texas a colony...to produce oil, gas and other fuel for the United States without any right to our own management of our resources. They are going to use us like a bucket of oil...

-Washington is telling us how to run our businesses, our towns, cities and schools. Currently, Lubbock is in court defending its school system. Many other cities are doing the same thing. Who is the complainant? The federal government and its agencies...

-Our farming economy is taking a beating. Gins are facing complete and expensive rebuilding to meet environmental protection standards and farmers are caught between the rock of inflation and the hard place of the worst prices in history. They are being squeezed out of business...

Hance knows there are no easy, overnight solutions to any of those burning issues. But, he feels he can tackle them and meet them head-on in Washington.

"When we speak of Congress and the federal government, it's a pity that we can't call it OUR government for West Texas. However, each member has his own area to serve. There is competition, division, argument and compromise.

"Texas, one of the largest and wealthiest states, is heading for serious trouble in Congress. We have oil, gas, agriculture, industry-business of all kinds. Other states, 49 to be exact, are not so lucky.

"The Texas delegation to Congress must stand together or our state is going to be harvested by the rest of the Congress. Oil and gas needs in the north and east are becoming so severe that we can expect efforts to legislate our natural resources in Texas to an extent we have never dreamed...we must be ready to resist.

"I feel our hopes rest in electing the man who will study and understand these problems, develop some intelligent counteraction and solutions. Most importantly, that man must be a leader, a man who will not cop out by saying, 'I'm only one man in Congress...What can I do?'

"Instead, he must be a man who is unafraid, who will gather others around him, with reason and an understanding of the motives and politics of others. He must be able to develop the strength to represent West Texas, develop courage to persevere and develop the tactics to succeed.

"I've already worked with the people in Washington to secure information. I've visited the Capitol. I know what the job is going to be and I'm ready for it," Hance said.

CONGRESS IS NO PLACE FOR ON THE JOB TRAINING

Elect Kent Hance To Congress. He has proven his ability in the Texas Senate. He has experience where experience counts: In Legislation.
