**NEW MEMBER OF STATE BOARD OF EDUCATION** — Barbara Marshment, 16-year-old high school junior of Alamo and new student member of the California State Board of Education, listens as state school chief Max Rafferty talks at a meeting. Rafferty introduced Miss Marshment as "the first student to be appointed by any state board of education anywhere in the entire history of the United States." She will serve this year as a non-voting board member.

## Barbara Frowns On Disorder

ALMO, Calif. (AP) — Barbara Marshment, the 16-year-old appointed this month to the California State Board of Education, is a straight-A student who frowns on campus disorder.

Barbara was selected by a screening committee of students on the California Association of Students Councils to be the first student advisory member on the California board. She will have no vote.

Barbara helps her younger brothers and sisters wash the dishes, spends an hour every day practicing the piano, likes novels such as "Gone With the Wind" and makes about half of her own clothing. She attends a Catholic girls' school and hasn't had any first-hand contact with student activists but she generally doesn't approve of their methods.

"Personally I believe more in positive action rather than violence or destruction," Barbara said in an interview.

"There are a lot of aspects to education. Involvement in activities is important. But it's not the only thing. Learning in the classroom is important too."

Barbara, a guitarist and a former pom-pom girl, is president of the junior class at Carondelet School in Concord, near Alamo. Both towns are Oakland suburbs.

Although she wears a uniform to school—blue and white pleated skirt, white blouse, blue blazer and saddle shoes—Barbara doesn't think public schools should have strict dress codes.

## Cycle Gang Surrenders Injured One

HOUSTON (AP) — A motorcycle gang known as the Bandidos surrendered one of its members to police Sunday night but the man was so badly beaten, he was admitted to Ben Taub General Hospital in "poor condition."

Police had sought Jimmy Lee Lindsey, 27, on a murder and assault charge.

The Bandidos told police they would also deliver another man tonight. Police are also seeking David H. McGraw, 27, on charges of murder and assault to murder.

Lindsey was badly battered, with a probable skull fracture, a black eye and complained of pains in his ribs, abdomen and back. The Bandidos said he had been beaten by members of the New Orleans Bandidos during an argument.

Two members of the Bandidos surrendered Lindsey. They said they had located him in New Orleans and returned him to Houston.

The charges against the two Bandidos stemmed from the beating death of James Tagliarino, 29, and his companion Willie Turner, 29, both of Jacinto City, who suffered a severe assault.

## White House Will Reveal Total Tuesday

WASHINGTON (AP) — President Nixon has decided definitely on another withdrawal of U.S. troops from Vietnam and the White House will announce specific figures Tuesday morning.

Press secretary Ronald L. Ziegler, talking to reporters today, did not dispute the announcement by South Vietnamese Vice President Nguyen Cao Ky earlier that 40,000 more American troops will be pulled out before November.

But he would not specifically verify that number, saying repeatedly that consultations now are on with other troop-contributing nations and the formal White House announcement will be withheld until Tuesday.

Asked whether Nixon still hopes to get more than 100,000 American servicemen out of Vietnam by the end of the year, Ziegler stood on what Nixon had said about that in a news conference.

Former Secretary of Defense Clark M. Clifford had called in a magazine article for pulling out 100,000 troops by year's end and Nixon said he would hope to better that.

The presidential decision on an additional withdrawal—the set in motion on June 8—the withdrawal of the first 25,000—was reached last week, Ziegler said.

It was laid before a top policy conference last Friday, a conference that pulled together key administration experts in the military, diplomatic and intelligence fields.

One of them was Gen. Creighton W. Abrams, U.S. military commander in Vietnam, who hurried back to Saigon and into conference with South Vietnamese President Nguyen Van Thieu.

The latter called an emergency session of his National Security Council, followed by a second. And then Vice President Ky reported Monday that 40,000 more men would be withdrawn by the United States before November—a period of six more weeks.

## Largest Commuter Airline

DALLAS (AP) — Air Texas became the state's largest commuter airline Monday when it merged with Fleetway Airlines of Tyler.

The former Fleetway air routes became the East Texas region of Air Texas, giving the airline a total of six air routes, serving nine cities with 226 flights per week.

The sale of Fleetway into Air Texas, a division of Textstar Corp. of Grand Prairie, took place at Republic National Bank in Dallas.

Textstar had acquired Air Tex as July 15, and with the addition of Fleetway, elected to merge the two for efficiency in management and operation.

The new expanded airline now has three routes in East Texas and three out of Fort Worth, serving Austin, Dallas, Gladeview, Houston, Kilgore, Longview, San Antonio, and Tyler.

# 40,000 Americans To Be Withdrawn

AFTER 114 DAYS AT SEA

## Lone Sailor Ends Trip

SAN SALVADOR, Bahamas (AP) — A lone sailor missing for a month has turned up after a 114-day Atlantic crossing from Ireland undertaken to prove that a legendary monk known as Brendan the Bold could have done it 1,400 years ago.

Bill Verity, a brawny, 43-year-old Irishman who braved Hurricane Debbie en route, said he was "damn glad to be back."

The former Fort Lauderdale, Fla., boat builder put wobbly seals a shore Sunday after accepting a brief tow from an oil tanker.

Once on the island, the first Columbus claimed for his sovereigns in 1492, Verity encountered officialdom. His papers weren't adequate to satisfy Bahamian authorities he should be allowed into the British colony of Nassau.

But the barrel-chested Irishman said he hoped to get the red tape untangled and sail for Nassau on Tuesday.

Verity's 20-foot-boat, named

Brendan the Bold after the legendary Irish monk, put into Cockburn Harbor, about 200 miles southeast of Nassau.

He had not been seen since Aug. 14, when a Coast Guard cutter helped the sunburned sailor repair a rudder battered by heavy seas 400 miles northeast of Puerto Rico.

At that time, Verity was near Debbie's predicted path but he declined to abandon his journey.

Debbie apparently passed about 150 to 175 miles to the north of him, he said.

Verity said he borrowed five days' food supplies from the crew of a passing Russian freighter on Aug. 30 and borrowed more food from a Dutch ship six days later.

He said he asked both crews to notify authorities of his position, but apparently no word from them reached shore.

He also crossed the Atlantic three years ago in a 12-foot boat.

## Ky Announces Big Pullout After Meeting

SAIGON (AP) — Vice President Nguyen Cao Ky said tonight that another 40,000 American troops will be withdrawn from Vietnam between now and November.

Ky made the announcement through an aide shortly after an emergency meeting of the South Vietnamese National Security Council.

Ky said communique from the South Vietnamese government would be issued Tuesday.

President Nguyen Van Thieu apparently gave his approval for the withdrawal in a meeting late in the afternoon with acting U.S. Ambassador Samuel D. Berger and Gen. Creighton W. Abrams, commander of American forces in Vietnam.

Abrams and Berger had conferred with Thieu at the presidential palace in an extraordinary meeting at 8 a.m. Sunday. It was at this meeting, less than two hours after Abrams returned from Washington and a conference with President Nixon, that Abrams presumably relayed Nixon's plans to withdraw additional U.S. military personnel.

Authoritative sources in Saigon said Saturday that about 30,000 officers and men of the U.S. Navy will be pulled out over the next nine months as part of Nixon's cutback in military strength.

This would reduce U.S. Navy strength in South Vietnam to about 5,000 officers and men who would stay on as a naval advisory group.

The U.S. Naval Command would be deactivated with the withdrawal, the informants said.

The U.S. Command announced today that as of last Thursday, American troop strength in Vietnam stood at 568,000 men, a drop of 1,600 from the previous week. A spokesman said, however, that this was one of the usual fluctuations caused by rotation of personnel, not a permanent reduction in strength.

Nixon's initial 25,000-man cutback was completed last week. One phase of the withdrawal moved U.S. Army units out of the Mekong Delta. U.S. military spokesmen said as the Americans moved out, North Vietnamese troops in the delta doubled in number, to between 2,000 and 3,000 men.

One Viet Cong regiment of 1,000 to 1,500 men—most of them North Vietnamese—moved into the delta in April, the spokesmen said. Another regiment from the North Vietnamese army reportedly slipped into the area during the summer months as two brigades of the U.S. 9th Infantry Division were pulling out to go home. These were the only American Army forces in the delta other than advisers to South Vietnamese units.

However, the two enemy regiments are operating in areas where no U.S. troops were ever stationed.

U.S. headquarters said South Vietnamese forces killed at least 83 men from the North Vietnamese regiment last Thursday and captured four others after the North Vietnamese attacked an Army training center. Four trainees were reported killed and 19 wounded.

"This is the first confirmation in the history of the war of a regular North Vietnamese army unit operating in the 4th Corps Tactical Zone," a U.S. communique said.

"The infiltration into the delta of these units may not have been just to provide a threat once we withdrew," said one military spokesman. "It's a shaky business. It's hard for the North Vietnamese to operate in the delta. It's a move you wouldn't think they'd want to make if there were not pressure on them."

## Bible Class Gets Success Assurance

A great outpouring of generosity today assured the high school Bible Class of success.

Lacking more than a thousand dollars of its goal, the fund got this and more, thanks to a record number of donors and some friends of over the years coming through with generous gifts. The men's Bible Class of First United Methodist duplicated a previous gift. Numerous individuals shared, and so did classes and groups. The total Monday was \$1,198, the largest single day on record.

Undoubtedly, there will be more to come to The Herald for acknowledgment because

individuals and classes, clubs etc. have made gifts over the weekend but which have not reached The Herald, but be assured these will be tremendously appreciated because they will undergird the program of offering Bible as a subject in high school.

The Howard County Ministerial Fellowship, through the Bible chairman, the Rev. Leo K. Gee, First United Methodist minister, expressed its deep appreciation to every individual and every group or business which has had a part. It was a wonderful spirit on the part of those who care that gave the campaign victory.

Latest donors include:

## Says TV Favors Big Business

WASHINGTON (AP) — Federal Communications Commissioner Nicholas Johnson says television networks censor programs, including news broadcasts, to favor big business.

Johnson said Sunday he was "concerned by censorship being done by networks in behalf of big business interests to keep from the people information they need."

Johnson spoke on CBS' "Face the Nation."

A CBS spokesman denied censorship of news programs; responses from ABC and NBC were unavailable.

## THREE-CORNERED FIGHT FOR LEADERSHIP JOB

# Sen. Allott Skips GOP Race

WASHINGTON (AP) — Sen. Gordon Allott of Colorado stepped aside from the race for Republican leadership today, leaving the field to the three declared candidates to succeed the late Everett M. Dirksen.

"I am not a candidate for the position of minority leader," Allott said. "I have no commitments from any of my colleagues, nor have I asked for such commitments."

Sen. Hugh Scott of Pennsylvania, the acting leader; Sen. Roman L. Hruska of Nebraska; and Sen. Howard H. Baker Jr. of Tennessee are candidates.

Allott said he would not make any personal commitment in the leadership race, but his decision not to run benefits Hruska, whose support is based among the Senate's more conservative Republicans.

Baker is campaigning as a Republican who can attract support from both the left and the

right. But the American Conservative Union, urging the election of a conservative leader, put both Baker and Hruska in that category.

Allott told some Senate colleagues last Thursday that he would run for the leader's post. But Hruska announced his candidacy Saturday, and it was clear they would have had to seek support from the same, generally conservative, Senate constituency.

"My sole personal efforts shall be directed toward assuring that whatever the outcome of the race, we shall have a unified party in the Senate," Allott said in his statement disclaiming candidacy.

However, a decision to seek the leadership by Baker, a Senate first-term, was seen as possibly splitting away some conservative support otherwise figured to go to Hruska.

Whatever the final field it will undoubtedly take more than one ballot to settle the issue.

Sen. Margaret Chase Smith of Maine, chairman of the GOP conference, has not yet announced a date for the caucus at which Republican senators will elect a new leader. It will take a majority of the 42 Republicans now in the Senate.

Scott said Sunday he had indications 20 senators favor him for the job with seven or eight other possibilities.

The Pennsylvanian also said a possibility exists of avoiding a fight altogether for the post if GOP senators decide such a battle might split the party.

Scott was interviewed Sunday on NBC's "Meet the Press" radio-television program.

Scott, 68, and Hruska, 65, are the veterans; Baker, 43, and midway through his first Senate term, is the newcomer.

## Changing Times

HAZARD, Ky. (AP) — An elderly woman told Mrs. J. O. Harper, a department store clerk, that she wanted a new dress.

She tried a dozen or more, then remarked: "They used to make dresses long enough to cover a body's instep. Now they make 'em so they barely cover the steps."

## 78 DIED Recovery Of Miners Under Way

FARMINGTON, W. Va. (AP) — Two mine recovery teams, with self-contained breathing apparatus on their backs and hard hat lamps lighting their way, descended the 543-foot Atha's Run elevator shaft at fire-scarred Consolidation Coal Co. No. 9 mine today.

Each team included five highly trained mine rescue workers and six inspectors, two each representing the State Department of Mines, the U.S. Bureau of Mines, and the company.

The teams were expected to explore the mine for four to five hours. Seventy-eight miners died in 10 days of fire and explosion last November.

One rescue team, led by a 28-year-old miner, Danny Kuhn, and accompanied by State Mines Director John Ashcraft, was to travel as fast and as safely as possible into the west, and most destroyed, part of the mine.

The second team will remain at the base of the elevator shaft, exploring the immediate area.

"I doubt at this time we would encounter any of the bodies," said Peter Ferretti, a company vice president.

## Big Balloon Check Starts

An experimental balloon, weighing more than 3,000 pounds, landed in a pasture belonging to E. W. Flanagan, Moss Creek Road, Saturday morning. The balloon is part of an experiment to photograph the stars and is being conducted by the University Corporation for Atmospheric Research, Houston.

Ikey Rupard, manager of Moss Creek Lake who talked with members of the balloon's experiment team, said they had followed the balloon since its launch from Palestine Friday at 8 p.m. He said they arrived at Flanagan's field shortly after the balloon landed and picked up photography equipment attached to it. Trucks to pick up the balloon were at Howard County Airport this morning.

Rupard said the balloon, which had gone 15 miles up into the sky, was just a dummy to see how much damage would be caused to the equipment. The real thing, an endeavor to photograph the stars from a point above the earth's atmosphere, is set for January.

## 'Nude' Eludes

Whether as slippery as an eel or as elusive as a mirage, the "nude of Bell Street canyon" continued to elude all efforts at identification. This past week again several children reported seeing a nude man in the canyon, but an intensive search by police Sunday evening failed to find anything.

## In Today's HERALD Planes Attack

Israeli planes attack Egypt's Gulf of Suez coast for the fifth time in six days. See Page 5-A.

## CLOUDY

Partly cloudy today, tonight and Tuesday; 20 per cent chance of showers today and tonight—little temperature change. Southerly winds 8-15 miles per hour. High today low 90's. Low tonight mid 80's. High tomorrow upper 80's.

**LONG, SHORT AND TALL** — Two of the creations in the autumn collection of Christian Dior-London, on show in London today, in which the accent is on the long, short and tall. Clare, left, wears a grey check culotte pinafore over a knitted gray jumpsuit, a large matching hat and a long knitted scarf. Diane's grey tweed trousers and jerkin are worn under a matching coat. She also wears a large grey hat. John Langberg designed the collection.

## LSD Birth Defects Detailed By Speaker

Birth defects, including the effects of LSD on unborn or future children, were discussed by Mrs. H. H. Stephens, guest speaker for the Jaycee-Ettes meeting held Thursday in the First Federal Community Room.

Mrs. Stephens, executive secretary of the National Foundation (March of Dimes) said LSD leaves permanent damage to all body cells, whether taken once or a dozen times. She distributed literature entitled "Forty-six Reasons Why You Shouldn't Take LSD." This will be the theme of this year's March of Dimes which is the national project of the Jaycee-Ettes.

Mrs. Stephens concluded her program by showing a film on birth defects which deal with pre-natal care. Mrs. Max Moore presided for the business session, during which Mrs. Ted Ferrell was elected secretary and Mrs. Joe Crump was named treasurer.

Mrs. Louis Tallant and Mrs. Tommy Tompkins, chairmen for the Harvest Ball, announced that the event will be held Nov. 8 at Cosden Country Club with music provided by "The Centuries Turn." The dance will be open to the public at a charge of \$5 per couple. Tickets will go on sale in October.

Under the leadership of Mrs. Don Horton, the Jaycee-Ettes will man concession stands during the last week in October. On Sept. 17, a bake sale will be held at the Piggly Wiggly Store in Highland Center. Members were asked to contact Mrs. Don Wortham or Mrs. Melvin Fryar about baked goods that will be needed.

A donation was made to the

Bible Fund, and Jaycee-Ettes were asked to save cigarette packages which will be used to obtain a wheelchair for a local woman. Those having packages to donate were asked to call Mrs. Tallant at 263-8198 after 5 p.m. or take them to 607 Holbert. The local group will donate trading stamps to the Odessa Jaycee-Ettes to help send the Texas Jaycee president to the national convention in Trinidad.

A letter of appreciation was read from the Jaycees expressing appreciation to the group for assisting with the recent regional forum.

The club will serve cake at the Veterans Administration Hospital every fourth Monday, as well as every fifth Friday, and will do volunteer work at the hospital in the coming year.

Mrs. Ferrell and Mrs. Ben Faulkner were hostesses for a salad supper which concluded the meeting. Guests were Mrs. Don Carlisle and Mrs. Stephens. Mrs. Bob Taylor was welcomed as a new member.

## Bride-Elect Honored In Stanton

STANTON (SC) — Miss Cindy Britton of Midland was honored with a bridal shower Thursday evening in the home of Mrs. James Jones of Stanton. Miss Britton will become the bride of Roger Wells on Sept. 20, in the First Methodist Church in Stanton.

Guests were served from a table accenting the bride-elect's chosen colors of blue and avocado green. Hostesses were Mrs. Lawrence Adkins, Mrs. Ophelia Brandt, Mrs. O. B. Bryan, Mrs. Bob Cox, Mrs. James Eiland, Mrs. Delbert Franklin, Mrs. J. Alex Haggard, Mrs. Floyd Huckaby, Mrs. James Jones, Mrs. Elma Nichols, Mrs. R. P. Odom, Mrs. D. E. Ory, Mrs. Roy Pickett, Mrs. Homer Schwabe, Mrs. Marvin Standefer, and Mrs. Robert White.

Among the out-of-town guests was Mrs. Ronnie Riley of Odessa.

## Events Held For Wedding

The rehearsal dinner for the wedding of Miss Nancy Jane Thomas and Dan Lowell Allen was held Friday evening in the Blue Room at Cosden Country Club with the bridegroom's parents, Mr. and Mrs. Roy Allen, as hosts.

Tables, laid with pink cloths, were accented with chrysanthemums in various shades of pink. The bridegroom presented gifts to his attendants, and 31 attended. Out-of-town guests were Capt. Ronnie Rogers, Wayne Harrison and Paul Vickrey, all of Houston.

A bridesmaid's luncheon was held at 12:30 p.m. Saturday in the home of Mrs. Leon Kinney, 801 W. 16th, with Mrs. Jerry Grimes, the bride's sister, and Mrs. Elvis McCrary, as cohostesses.

The sixteen attending were seated at a table covered with a white Madeira cloth and accented with an arrangement of pink carnations.

Out-of-town guests were Miss Gail Sullivan, San Saba; and Mrs. Charles Kaufmann and Mrs. Tommy Lucas, both of Houston. The bride was presented a corsage of white carnations, and pink carnation corsages were received by both mothers. Gifts were presented by the bride to her attendants.

## Auxiliary Holds Luncheon Meeting

Mrs. A. J. Cain was hostess at Friday's luncheon meeting of the Ladies Auxiliary to the Brotherhood of Railroad Trainmen in the IOOF Hall. The head table was laid with a lace cloth and centered with an arrangement of yellow flowers. Mrs. T. A. Underhill presided during the business session, and cards were mailed to the sick and shut-in.

## Hints From Heloise

Dear Folks: There are many of us who can't sleep at night for one reason or another. Well, if you have a little transistor radio and your husband (or wife) can't stand the thought of music or noise at night, did you know that you can put it UNDER your pillow and hear it perfectly? Not only this, but it takes out some of the static and noises that you get from certain programs! And even dims some of that snoring!

Sometimes this soft music is exactly what we need to put us to sleep, and one thing about it... it won't disturb anyone at all, will it? Heloise

Dear Heloise: I knew those old-fashioned clips with chains dangling from them could be used for something...

One chain is now a safety chain on my pendant watch, one holds extra keys, and with still another I repaired a link in my necklace.

The remaining clips make excellent bookmarks. Shirlene De Balten

Dear Heloise: I have found an easy way to core fresh pineapple. Use the center of a doughnut cutter. Press the center ring on the sliced piece of pineapple and it will core it beautifully. Kristine Smith

Dear Heloise: As a volunteer working with blind people, I have picked up quite a few helpful hints that can also be used by sighted people. I do a lot of sewing and this

is one of my favorite little tricks: To eliminate the use of tracing wheel or tailor tacks when marking straight darts, make small clips with scissors at the beginning of the dart. Then place a straight pin at the end of the dart. Now when sewing, fold material so clipped edges meet and lay an envelope on line of dart.

Makes an easy guide to follow and such straight stitching. Mrs. J.

Dear Heloise: I always help clean the silverware at home but had trouble with tarnished forks. I found that I could wrap a cloth with silver polish on it around a knife and get in between the tines easily. Much faster this way.

Kyle Gustin

Dear Heloise: Here is a clever way to make dominoes when you lose any of the pieces. Save the empty plastic container that razor blades come in. Then take a felt-tip pen and mark the required number of dots, or make it all black. They're really nifty. Elvera

Dear Heloise: I am fourteen years old and love to chew gum. Recently I put a piece of apple chewing gum in my dresser drawer, and it left the nicest smell! This is less expensive than a sachet, and I think does the job just as well or better. Debbie Mitchell

Write Heloise in care of the Big Spring Herald.

## Berta Becketts Hold Luncheon

The Berta Beckett Sunday school class of First Baptist Church held a luncheon and monthly business meeting Saturday in the Downtown Tea Room where Mrs. L. S. Patterson led prayer.

The devotion, "Hope" was presented by Mrs. O. N. Green from a collection of scriptures, and Mrs. Bernice Slater spoke on scripture, concluding her talk with a poem, "The Blue of Heaven is Bluer Than the Clouds."

Twelve members and a guest, Mrs. Malcolm Patterson, attended.

## NEW WAY TO BE SUDDENLY SLIM

Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you're more than 15 pounds overweight, or your waistline is larger than 32 inches, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A feather-stitched panel down each side of the girdle will contour your hips if they are a problem.

The girdle itself is of a "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible with a foundation.

"Suddenly Slim" in both girdle and panty versions, is the peak achievement of the California designer-genius, Olga. They are available at:

Hemphill-Wells Co., in the Foundation Department  
214 Main, Phone 267-8284

## Leadership Seminar Held By District Eight, ESA

A leadership seminar for District Eight, Epsilon Sigma Alpha, was held Sunday in the Community Center at Crane. Mu Delta Chapter of Crane served as hostesses.

Mrs. Emmalou Brink, international council second vice-president spoke on "Keep An Open Mind."

"Women should be eager about new ideas, trends, job opportunities and responsibilities because they might open into avenues that have long been desired," said Mrs. Brink.

Mrs. Ann McFadden, district president, discussed each officer's duties and what opportunities can come from each position, emphasizing service to the community.

Luncheon was served, and guests from District Seven

were introduced. Local delegates attending were Mrs. Lonnie Zant, Mrs. J. W. Dickens and Mrs. Hanson Lawhon.

**Mrs. Ora Burson Returns From Trip**

Mrs. Ora Burson has returned here following a six-week trip to California and Kansas. In Santa Maria, Calif., she visited her daughter, Mrs. Bobby Ann Smith and children, Dow and George, and in Kansas, she was a guest of her son-in-law and daughter, Mr. and Mrs. Kenneth Robuck and baby, Kenda. Mrs. Burson will resume the dance classes she teaches at the YMCA, and Webb Air Force Base Youth Center.

## Will Attend THDA Meet In Dallas

STANTON (SC) — The Grady Home Demonstration Club met Thursday afternoon in the home of Mrs. Jack Coleman, with Mrs. Eddie Odom serving as hostess. Mrs. James Lueb, president, presided as reports were given by Mrs. Wiley Williams, treasurer, and Mrs. A. H. Tate, council delegate.

It was announced that Mrs. O. D. Green from the Grady club will attend the Texas Home Demonstration Association meeting in Dallas this week. Nine members and a guest were present to hear Mrs. James Eiland's program of "Trends, Trends and Finishes for Home Decorating." The guest was Mrs. A. C. Fleming. The club will meet in the home of Mrs. C. G. Standefer Sept. 25.

# Naming Of New High School Marred By Minor Violence

ALICE, Tex. (AP) — A Mexican-American rally over the naming of a new high school here ended in a noisy protest march Sunday and at least three minor incidents of violence.

The rally originally was called to protest the failure of the Alice School Board to name a new high school after Alonso Perales.

Perales, who graduated from public schools here, was a lawyer, diplomat and an early leader in the movement to advance Mexican-American civil rights.

Instead of naming the school after Perales, or after other people whose names had been suggested, the school board chose to name the structure Alice High School after the town.

The rally protesting the action attracted between 500 and 600 people, including leaders of several militant Mexican-American movements.

In many cases speakers termed the action of the school board symbolic of what they feel are "injustices being perpetrated on the Mexican-American by the power structure."

After more than an hour of speeches by both local and out-of-county leaders of the Mexican-American movement, about one-

half the crowd began a march along several city blocks.

At first the march remained on the south side of town where most of the city's Mexican-American population resides.

However, after traveling several blocks, the youths leading the march moved into the downtown area.

The marchers chanted "chicano power" and, in Spanish, "Kill the gringo." "Chicano" is a term adopted for Mexican-Americans.

On at least three occasions during the march, young Mexican-American militants, some of them wearing brown berets, kicked the sides of cars or jumped up and down on them.

It was during one of those incidents that those in the crowd took the camera away from John DePue, reporter-photographer for the Corpus Christi Caller and Times.

The protesters completely blocked traffic.

Leaders of the Mexican-American Youth Organization (MAYO) from San Antonio and other cities and Brown Beret members reportedly from San Antonio and Houston were among those in the rally and march.

Police made no effort to interfere with the marchers. However, all members of the local police department were standing by out of sight in case any major violence erupted. No arrests were made.

Big Spring (Texas) Herald, Mon., Sept. 15, 1969 3-A

# East-West Trade Barriers Relaxed

LONDON (AP) — The United States and 14 allied countries are lowering their barriers on exports of strategic products to the Soviet bloc. But the bans are staying up for trade with the Asian Communist governments and Albania.

Diplomats reported Sunday that concessions to be announced next month will not be extended to Communist China, to Albania, its only European ally, or to North Vietnam and North Korea.

The embargo on munitions and other war weapons remains.

Informants said the prospect of improved economic and political relations with the East European Communists, the diminishing technological gap between them and the Western powers, and the deep-seated allied suspicion of China's military intentions influenced the decision to ease the controls.

Informants said the previously banned items which the Soviet bloc now will be able to buy include certain types of computers, rare metals and their alloys, chemical and petroleum equipment, a wide range of industrial, electrical and transport goods, and certain categories of electronic and precision instruments.

ical relations with the East European Communists, the diminishing technological gap between them and the Western powers, and the deep-seated allied suspicion of China's military intentions influenced the decision to ease the controls.

Informants said the previously banned items which the Soviet bloc now will be able to buy include certain types of computers, rare metals and their alloys, chemical and petroleum equipment, a wide range of industrial, electrical and transport goods, and certain categories of electronic and precision instruments.

**Dear Abby**

—ABIGAIL VAN BUREN

DEAR ABBY: That letter from "LIKES COPS" in Wayne, N.J., made police officers sound like playboys who have nothing better to do while on duty than make time with flirting females. As the wife of a devoted patrolman, I doubt very much if many policemen are willing to strike up "friendships" with cheap pick-ups who boldly announce that cops "turn them on."

Suburban police duties may vary, but in the big city of CLEVELAND there isn't much time for those officers to fool around. They are too busy doing their jobs. Thank you!

MRS. PATRONMAL,  
CLEVELAND, OHIO

DEAR ABBY: For all the girls who like cops: Most cops have wives who are fed up to the ears with girls who "like cops."

Also, don't get the idea that all you have to do is ride around and "smile" at a policeman in a squad car, and he is going to follow you home. Most policemen in squad cars are looking for trouble, but not the kind you're offering them.

COP'S WIFE: BOSTON

DEAR ABBY: Please tell "LIKES COPS" that if she wants to get anywhere with a policeman, she shouldn't call him a "cop." He likes to be called "police officer," or "Sir."

I ought to know. I married one, and my children don't know what the word "fuzz" or "cop" means. They are proud that their daddy is a policeman.

WIFE OF AN "L.A.P.O."

DEAR ABBY: TO "LIKE COPS": Get a job at City Hall. I did and I married a policeman.

He has since changed jobs and now he works in a funeral home. I don't mind though as long as he doesn't bring his work home with him.

"HAPPY" IN KEYSER, W.VA.

DEAR ABBY: This is in reference to the letter from the girl who "LIKES COPS." Here in Washington, D.C., such girls are called "ROAD RUNNERS."

Their tactics are fine if they don't mind dating married men because at least 95 per cent of the cops I know are married. And I know plenty.

COP'S WIFE:  
SILVER SPRING, MD.

DEAR ABBY: This is for the gal who says cops "turn her on."

When a cop is out of uniform he is just like any other man. No better. No worse. And any man who has ever worn a uniform can tell in a minute when he's met a uniform-happy dame. I am married to a police officer (please, not "cop") and it couldn't have been his brass buttons that turned me on because I met him in a bowling alley when he was out of uniform.

SANDY IN CHICAGO

DEAR ABBY: My husband has an 83-year-old great aunt who is a darling woman. Most of her friends are gone now, and we are her only relatives within the immediate area, so on Sundays she cooks Sunday supper and invites us. Her cooking isn't what it used to be, but we can stand that. It's the roaches! She isn't careful about her housekeeping, and the bugs are everywhere. Crawling up on the table in the sugarbowl, etc.

I just cannot accept another invitation to eat at her house. My children have positively refused to go there. She is a very sensitive woman and I hate to come right out and tell her the honest truth, so I've been making excuses until I am blue in the face.

Can you offer a suggestion for handling this very touchy situation in a diplomatic way? I told my husband that she is HIS great aunt, and HE should tell her, but he refuses as he's afraid she wouldn't take it very well.

STUMPED IN INDIANA

DEAR STUMPED: It is highly unlikely that an 83-year-old woman is going to change the quality of her housekeeping at this late date, so if you refuse to eat with roaches (and I don't blame you) continue to decline her dinner invitations, saying YOU like to cook on Sundays, and invite HER to your house.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Calif. 90069, and enclose a stamped, self-addressed envelope.

Cross Now

JOHANNESBURG, South Africa (AP) — A local newspaper commentator says "the prophets of gloom forecast that by 1973 there will be so many cars on Johannesburg's streets that pedestrians who want to cross over are advised to do so now."

### Israelis Rip Egypt Posts Along Suez

By The Associated Press  
Israeli planes attacked Egypt's Gulf of Suez coast for the fifth time in six days Sunday, keeping up a campaign to force the Egyptians to shift forces from the Suez Canal front.  
An Israeli military spokesman said the air force bombed and strafed positions at Ras Za'arana, 55 miles south of the southern end of the canal, and Ras Gharib, an oil center 120 miles farther south. He said all the planes returned safely.  
Egypt's official Middle East News Agency said Egyptian anti-aircraft gunners forced the Israeli planes "to flee eastwards after they attempted to raid coast guard posts in these areas."  
The Cairo statement also said there was an eight-hour artillery duel Sunday near Port Taufiq, at the southern end of the canal. It gave no further details.  
Ras Za'arana, the target of heavy Israeli raids for the past week, is 100 miles southeast of Cairo. When Israeli troops landed on the Gulf of Suez coast for their unopposed armored sweep last Tuesday, they began by hammering radar installations and army camps at Ras Za'arana.  
Informants in Tel Aviv said the air attacks are continuing to keep Egypt from rebuilding these installations.  
Israeli Defense Minister Moshe Dayan said Saturday the purpose of the strikes was "to immobilize (Egyptian) troops to guard those places... If they don't do it, that front will remain vulnerable and it will be possible to hit it again."  
In other military action over the weekend, two Israeli soldiers were wounded when Arab guerrillas ambushed an army patrol on the occupied Golan Heights of Syria Sunday morning. An Israeli spokesman said one of the attackers was killed.  
The spokesman also reported that Arab gunners fired mortars at an Israeli settlement south of the Sea of Galilee but added there were no casualties.  
At the United Nations, new talks seeking an Arab-Israeli settlement are expected to begin by the end of the week. Officials who have taken part in previous talks are arriving for the 24th U.N. General Assembly which opens Tuesday.  
Secretary General U Thant will meet with the foreign ministers of the Big Four powers Saturday night to discuss the Middle East. The Big Four, ambassadors to the United Nations held talks through the spring on a settlement, but suspended them July 1 to await the outcome of separate U.S.-Soviet talks which later also were suspended.

### Horoscope Forecast TOMORROW - CARROLL RIGHTER

**GENERAL TENDENCIES:** This day and evening would be a wonderful opportunity for you to plan the future. Contact those with the knowledge you need. Enlist their aid with the plan of action you have decided upon. You can have a happy time with the one you love the most.  
**ARIES (March 21 to April 19):** It is important to live up to your promises, or you could get into trouble. Being courteous with your mate rewards you, too. Be wise.  
**Taurus (April 20 to May 20):** Reach the right policy. Meet with your associates. Get approval for future plans. Cement fine relations. Then go out to enjoy recreation together.  
**GEMINI (May 21 to June 21):** Be sure to handle your duties efficiently until you have completed them. Discuss ideas with associates for fine results. Be happy with the one you love this evening.  
**MOON CHILDREN (June 22 to July 21):** Your creative talents need to be expressed. You can make this day and evening most delightful. Show more devotion to the one you love. Remember that this is a give-and-take relationship.  
**LEO (July 22 to Aug. 21):** Get busy doing pleasant things for your family, but in a delightful way. Be practical and add to your present security. Follow through with your hunches; they are good.  
**VIRGO (Aug. 22 to Sept. 22):** Keep those appointments you have been careless about. Make the purchases that will please your partner. Get reports up to date. Make sure your statements are correct.  
**LIBRA (Sept. 23 to Oct. 23):** Go over your financial records. See if you can afford the luxuries you are contemplating. Be sure you really want them. Consider spending your money on the beautification of your home.  
**SCORPIO (Oct. 23 to Nov. 21):** You are able to make a fine impression on others. While you are feeling dynamic you can gain almost any goal you set your mind to. Be sociable. Attend those social meetings you like.  
**SAGITTARIUS (Nov. 22 to Dec. 21):** Try to get the information you need from others without revealing your worthwhile plan. Stop talking so much to yourself.  
**CAPRICORN (Dec. 22 to Jan. 20):** Your personal aims can be attained readily if you confide in your good friends and get their support. Plan the right kind of social life for the days ahead. Be dynamic.  
**AQUARIUS (Jan. 21 to Feb. 19):** Contact that powerful person. Tell him your aims and you can easily get his support. Search for the right allies who can assist you to work more profitably. Be generous with them.  
**PISCES (Feb. 20 to March 20):** There are many paths to success. You have to figure out which will be the most profitable for you. You can get good pointers from one who thinks differently from you. So talk over your ideas. Keep busy.

## A Devotion For Today . . .

"Surely the Lord is in this place; and I did not know it." (Genesis 28:16, RSV)

PRAYER: Help us, O Lord, to hear Thy voice in unexpected places with the help of instruments of Thy loving power. Let the voice that was first heard in Galilee be heard in the minds and hearts of mankind the world over. In the name of the Master, who taught us to pray, "Our Father who art in heaven . . . Amen."

(From the "Upper Room")

## Pretty Head With Something In It

Those who fancy themselves a part of the turned-on younger generation may tend to regard Pamela Anne Eldred of Detroit, the new Miss America, as something of a "square." So be it. This beautiful and talented young lady seems unlikely to be much disturbed by such a judgment.

those of her generation who feel they must forever seek new stimuli and even new ways of insulating themselves against the harsh impact of life.

Question: Pamela, what do you find most relaxing? Answer: "Sleeping." Question: What is your opinion of drug users? Answer: "I think it's a pity they can't live life as it is."

## Need For Machinery Reform

There must be a better way to do it. There could hardly be a worse way than the slapdash, slipshod juggling of the 61st Texas Legislature in putting together — in one regular and two special sessions — a \$350 million tax bill to finance a biennial \$5.8 billion budget.

The problem is no new one. The Legislature hired Griffenhagen and Associates in 1933 turned out a 13-volume report on state governmental reform that recommended a state department of taxation and revenue, with a research division. This would have pulled together all administrative tax-related agencies and help the governor present carefully drafted tax programs. The report was shelved.

The Legislature also has in recent years created interim commissions to study remodeling of the state's jerry-built tax structure. They issued good reports, also largely ignored. The Legislature has access to the expertise of the Texas Research League, Texas Legislative Council and several other (especially university) sources of sound tax advice, but they are inadequately used.

The modus operandi now is for the governor to toss the Legislature a basket of tax proposals, too often the handiwork of special-interest political backers or well-meaning amateurs. The House and Senate tax committees, including neophytes in public

finance, draft tax bills with the eager help of warring lobbies. Then a conference committee of 10 members, again with the lobbyists at their elbow, hastily redrafts a final bill which many members of the Senate and House only vaguely understand, even if they have read it.

It is rather obvious that the Texas governor needs a professional staff agency for preparing tax-program proposals. The House and Senate tax committees also need permanent expert staffs, with a comprehensive group of the entire state tax structure, to assist in bill drafting. The conference committee should be reduced to its intended compromise function. And the Legislature should authorize continuing studies of tax revision and reform — and then pay serious attention to the reports.

The recent fiasco in Austin is no one-time thing. In a growing state with an increasingly complex economy, a major new tax bill, or package, is to be expected at just about every regular session. And if state government is to meet the new challenges now being thrown at it by the troubled big cities and a top-heavy federal government, this is surely the time to get its tax-leaving machinery in smooth working order. Circuses are fun — but hardly where a multi-billion-dollar state budget is involved.

## David Lawrence

### More Care In Legislation

WASHINGTON — The business of lawmaking is getting to be so clumsy that bills are often drafted which are not in the public interest because persons knowledgeable on both sides of a subject have not always been consulted in advance.

It may well be asked, since two branches of government — the Congress and the President — have the responsibility for legislation, where the proposed measures should really originate. Should drafts of new laws on important subjects be submitted by the chief executive instead of just general messages outlining objectives without giving in specific terms how the purposes are to be attained through the new statutes?

TODAY MEMBERS of the cabinet sometimes send up a draft bill prepared either by their own staff or by outside specialists. Congressional committees, too, depend on their staffs to draft legislation, but often find themselves necessarily seeking aid from various organizations. Finally, in many instances, there are

public hearings at which many controversial items are debated and oftentimes modified.

But this is a long-drawn-out process, and the public is not readily informed about the minute changes which are being proposed and which are of great significance and could have an impact on the lives of the citizens if actually enacted into law.

MUCH LEGISLATION today is hastily drawn. Although public hearings are held, the question is raised as to whether, when all viewpoints have been obtained, an expert staff should undertake to rewrite the legislation.

A practical way to do it probably would be to arrange with the heads of government departments or agencies to draft in legal form the bills they would recommend, and make a summary report on the meaning and significance of the different points involved. This has been done occasionally, but not in all cases.

CONGRESSIONAL committees then could, on their own, study the draft and, after public hearings, submit a measure which the people would have sufficient opportunity to examine carefully before the proposal is voted upon.

With all the funds that are being made available for various activities in government, there certainly could be money set aside — and, relatively speaking, it wouldn't be a great amount — to allow each committee of the House and Senate to engage more consultants, including economists, some on a full-time and some on a part-time basis. This would permit more comprehensive opinions to be obtained from persons throughout the country qualified in the particular subjects being considered by the committees.

THE TAX BILL which is pending in Congress now is a good example of the wrong way to get an important piece of legislation enacted. The House Ways and Means Committee wrote a bill after consultation with its staff and after studying previous reports. The bill soon passed the House. In the background were many political factors. Naturally, it is popular to try to keep the taxes as low as possible for people in the middle-income class and in the economic effects of changes in corporation tax rates or of the impact of new methods of imposing capital-gains taxes, all of which are part of a system that has been for a long time imbedded in the operations of business.

ROUND AND ROUND WE GO

## Business Mirror

### Men Going In Big Way For Cosmetics

NEW YORK (AP) — American males are being scented, bronzed, toned, moisturized, creamed and pomaded by well over \$600 million worth of toiletries and cosmetics this year.

And retailers say the trend is on the increase—the American male is going to smell and look better than ever.

"The peacock revolution used to be just talk, but now the cash register is telling the story," said one New York drug store owner.

He said the biggest sellers aren't the exotics—facial masks, makeups, hair dyes. "All these new preparations seem to fall by the wayside," he said. "Men are out after interesting variations on the old themes—cologne, aftershave, toilet soaps and shaving needs."

"Sales of men's cosmetics as of right now are only a small fraction of women's but they're gaining all the time and the future is bright," said a cosmetics buyer for a San Francisco store.

To "educate" men to the needs of beauty, stores have developed special selling techniques.

One New York store reported a 35 per cent increase in sales after it installed a men's bar for toiletries.

"Don't push it, just suggest it," said a saleswoman at Saks Fifth Avenue in Chicago.

"Although there is some reluctance to make up, men are much more conscious of good grooming and will become even more so because of advertising," she said. "They're not as reluctant to come in and ask for cosmetics as they were five years ago, but one has to use the right approach to them."

Retailers are optimistic because young men seem more willing to accept glamor aids than their elders.

"Older men definitely feel there's a feminine mystique to cosmetics, but not younger men," said Sally Linstead of Carson, Pirie, Scott & Co. in Chicago. She got her husband to try the new toiletries—"it was like pulling teeth but now he loves them."

One New York store claims that the cologne it concocts even sells to hippies. It's labeled the

"underground cologne," and the druggist explained that hippies like it because they can barely smell it.

Best sellers among colognes seem to be the dry scents.

"Those with less alcohol seem to sell strongly," said an Atlanta retailer. Another big seller in his store is hair preparations including hair spray for men.

As men themselves come to stores to buy cosmetics and toiletries, retailers report an interest in the more expensive lines. At Abercrombie & Fitch in New York, where a hair conditioner with mint oil sells for \$5 for four ounces, sales clerks say men are willing to buy a more expensive product than their wives.

### Alger Died Poor

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Horatio Alger Jr., the prolific author whose name has become a symbol for rags-to-riches success, died poor himself.

Before the advent of modern dentistry, people often went to blacksmiths to have their teeth fixed.

Here's some new hope for junkies. Under a U.S. Labor Department ruling, a drug addict is considered a "handicapped person" and is therefore eligible for special job training.

Jaywalk at your own peril. Insurance company statistics show that 40 per cent of pedestrian fatalities in 1968 occurred in midblock.

When you have a severe headache, do you blame it on tension? Kenneth P. DuBois, a University of Chicago researcher, has another theory. He believes such headaches are more likely to be caused by pesticides in the body which accumulate there from the residues left in fruits and vegetables.

The world's biggest lightning rod is probably the Empire State Building. Manhattan's tallest skyscraper has been struck by lightning 50 times in a year and 12 times during a single storm. Unnoticed by occupants, the electrical bolts are safely drained down the building's 102 stories and dissipated harmlessly into the ground.

The price of poverty: It is estimated that the 45 million

Americans living at or below the poverty line have four times as much heart disease, six times as much mental and nervous illness, and six times as many cases of high blood pressure as those in the highest income brackets. Does poverty make them sick—or does sickness keep them poor?

Suggested sign for a pharmacy: "Thar's gold in them thar pills."

Confusing: You can't always tell a person's gender by his name. Andy Logan and Laurie Lee are on the staff of the New Yorker magazine. Andy is a woman, Laurie a man.

The disposal of waste materials is becoming a worldwide problem. One solution: a Tokyo firm has developed a machine which will compress waste materials ranging from potato peels to discarded refrigerators into solid blocks that can be used in road construction, land reclamation, and building foundations. Tests are said to have shown that the blocks don't decompose.

Worth remembering: "A scandalmonger is a person who puts you and who together and gets WHEW!"

Man egotistically feels himself the center of the universe. But the sun could hold a million planets the size of earth, and in the far reaches of space are stars so vast they contain a mass equal to 500 million suns the size of ours.

## To Your Good Health

### Two Ways Of Detecting Breast Cancer

Dear Dr. Thosteson: I would like information on new ways of detecting breast cancer. Are mammography and xerography used successfully? If so, where is xerography to be obtained? — M.H.

Watching for any lump in the breast remains the basic and most useful method. Any discharge from the breast may indicate trouble and so should be investigated. Formation of a puckered appearance also should be investigated, or turning in, of a nipple that previously has not done so.

Mammography, or X-ray of the breast, is in general use, ordinarily to make a closer examination of some potentially suspicious sign.

Xerography is relatively new. It also involves X-ray, but instead of the conventional photographic plate, the image is made on an aluminum plate sensitized with selenium dust.

I understand that greater detail is produced with this technique when soft tissue is being X-rayed — the breast being soft

tissue in contrast to bony structures — or organs which can be X-rayed to show hollow portions.

Xerography, as of this writing, is still in the investigative stages, and is not generally available like routine X-ray procedures.

Dear Dr. Thosteson: What causes buzzing behind the ear? It used to be in one ear, now in both. Sometimes my ears run, but when I tell my doctor, he can't seem to find anything wrong. Sometimes it seems like there is such a tightness that I can't help but cry. — Mrs. M.C.

Your remark about the ears running disturbs me because that sounds like infection — and could have everything to do with the buzzing. I would suggest seeing an ear specialist.

There are, however, other reasons for buzzing or other noises in the ears. For anyone interested, I have a booklet, "Ear Noises: Their Causes and Cures," available by mail. For

a copy, send 15 cents in coin and a self-addressed, stamped envelope to Dr. Thosteson, care of The Herald.

Dear Dr. Thosteson: You have written about breathing exercises for emphysema. How would one go about organizing a breathing class and learning the best type of exercises? — R.H.C.

The TB and Health Society (which uses somewhat different names in different states) has taken the lead in organizing such classes which are very successful. My best advice would be to work through or with that organization.

Emphysema can be controlled. To learn how to live with this serious lung disease, write to Dr. Thosteson in care of The Herald, requesting a copy of the booklet, "How To Control Emphysema," enclosing a long, self-addressed, stamped envelope and 20 cents in coin to cover cost of printing and handling.

## Around The Rim

### When In Doubt, Raise The Pay

This and that: Our state legislature, proceeding with predictable aplomb, outdid itself recently in authorizing whopping increases in allowances. In effect, it was telling the citizenry:

"One way or another, we're going to get it."

There are members of the august bodies in Austin who reason that all they have to do to justify their existence is to come out against sin and stump for pay raises in the teaching profession — and they may be right, judging from the regularity with which they are re-elected.

THEIR ACTIONS, of course, leave the voting public on the horns of a dilemma. Any replacements they might dispatch to Austin could go with a clear conscience, pointing that their standard of living had been dictated by their wicked, greedy predecessors.

The astonishing thing to me is that forces which are in a position to decry the moral climate of our times are often prone to accept this development as if it met with popular support — yet delight in fencing with imagined and remote ills.

A PENNSYLVANIA writer who, no doubt, is amused by the stories emanating from the Texas legislature,

took note that the solons debated the wisdom of inflicting a tax on so-called dirty movies.

He said he was preparing to suggest that our senior citizens be admitted to movies with X ratings at reduced prices, simply by showing their Medicare cards.

THOSE PEOPLE, he pointed out, are more over-18 than most of us.

The writer allowed as how it should be comparatively simple to levy taxes against nude films. Why not, he proposed, exact levies on the basis of one cent per square foot of epidermal surface exposed at each performance.

MOST PAWN brokers will tell you that 75 to 80 per cent of pawned articles are redeemed by owners.

THOSE PEOPLE who complain about going to the dentist (and who doesn't?) should have been alive during the last century.

Most dentists were trained as apprentices rather than in school. They learned their trades like a blacksmith — and often worked with about as much finesse.

The rates were cheaper in those days, mainly because the patients often times were human guinea pigs, but a body sometimes needed two bottles of whiskey to endure the pain. —TOMMY HART

## Burleson Reports

### New Plan Of Welfare Financing

WASHINGTON — The President can find general agreement on the first point he makes in his proposal to revamp the government's welfare programs. In effect he says present programs are too costly and have been disappointing in results.

What was expected to be achieved with all the billions of dollars spent on welfare in recent years is somewhat vague but whatever was expected has not happened.

Now President Nixon is for junking a large part of it and proposes in its stead a new system which has the central feature of an annual income for everyone. It is estimated that initially recipients would be doubled — from about 10 million plus to approximately 21 million people. The additional cost — about \$4 billion.

COUPLED WITH an income assurance for every family is the President's proposal for a change in the Manpower Training Act carrying the slogan of "Get people off the welfare rolls onto the payroll." — cost, — about \$4½ billion.

At a meeting of governors just concluded in Colorado Springs, a "revenue sharing plan" was endorsed — meaning a refund of a certain percentage of federal taxes to states and cities on a formula not yet defined.

Led by Governor Rockefeller of New York, the Conference also advocated the federal government taking over all welfare financing from the states.

LIKELY Hawaii would welcome such a take over more than any other state. Four years ago Hawaii became the first state to assure its citizens that if they did not have an adequate income of their own, the state would see that they were taken care of. The plan involves the "negative in-

come tax," cheered at the time by its advocates as a "noble experiment."

From all reports, few people understand that state's complicated formula and some have received refunds of a dollar or two a year which cost the state many times the amount in administrative expense. Seemingly, the plan is now considered to be a case of misguided good intentions and a lesson in how not to help people who need help the most.

AS UNDERSTOOD, the plan was to relieve the burden on local residents of a four per cent sales tax. The tax applies to every retail item and catches ready cash income from happy tourists.

In 1965, Hawaii's legislature passed bills which, in effect, gave actual cash or tax credits to their citizens in amounts based on their income. The less their income, the more money received. The records show that many people do not file a return or apply for the benefits since their welfare payments are greater.

SEVERAL OTHER states are trying some sort of a guaranteed annual income or a tax credit for their citizens. Iowa has one with a \$12 per head per year maximum state income tax credit. Indiana gives \$8 per person and Nebraska and Colorado gives \$7. These latter plans apply regardless of amount of income.

Massachusetts limits credits to those with incomes below \$5,000 and gives a maximum of \$8 per dependent.

So, any study of a plan for a guaranteed annual income or one for tax-sharing with the states should take into consideration the experiences of the states which are making the experiment.

## Art Buchwald

### Nixon's Attitude On Tax Reform

WASHINGTON — You don't build a capitalist society by giving tax incentives to the flops and taking tax incentives from the successful. And yet this is the double-thrust of the tax "reform" legislation of 1969.

Socialism is not the intent of our civilian government, any more than military withdrawal is the intent of the Defense establishment. But the nation is caught up in a hurricane of surly and unruly public opinion, and this explains a lot.

IT EXPLAINS why tax loopholes must be provided for the poor and abolished for the wealthy. It explains why troops are being taken off the Vietnam battlefield. No, there is no intent to wreck the American economy. And no intent to lose a war to communism. Retreat is bad, but revolution is worse. Those are the watchwords in Washington.

Prosperity and peace are the aims, of course. The forthright way to increase U.S. capital is to encourage able and industrious men to build new fortunes. The forthright way to end a war is to win it. But forthrightness was given a bad name, "extremism," a few years ago, and now we have chosen different methods.

MR. NIXON was elected to abandon confrontation and to try negotiation. His play is not to cut-and-run, but to mouse-trap. This includes his dealings with the socialists at home, as well as the Communists abroad. It's the same game. The House-passed Tax Reform Bill is anti-incentive, and Mr. Nixon is pro-incentive.

"I think my audiences understand why I favor incentives," said Mr. Nixon during the campaign. "They use and strengthen private institutions, rather than replacing them with public bureaucracies. They disperse administrative responsibilities to lower and more local levels rather than overcentralize them. They allow for more variety, flexibility and experimentation rather than perpetuating overrigid federal directives. They bring out private investment funds to get the job done."

THERE WON'T BE "more incentives" if the House reform bill

passes; there will be many less. The marathon hearings now before the Senate Finance Committee will unveil many self-serving witnesses whose pleas to save their own treasures must be respected but somewhat discounted. One recent witness, Philip Wilkie of Rushville (Ind.), however, spoke on the whole matter of incentive-splashing as a small-town lawyer and banker. Wilkie was not a special-pleader when he said that capital for investment is the tool of capitalism.

"This bill . . .," he warned, "will end the American dream — the ability of men in a free society to make their dreams come true."

THE AMERICAN DREAM (that honest men can become wealthy) is imbedded in the tax structure which exists today. All the write-offs, depletion allowances and tax-exemptions were intended to increase both national and individual wealth. One of the many patches of wisdom in Theodore White's "The Making of the President, 1968," is where he points out that the "operator" and not the thrifty saver is the man who accumulates wealth today. Indeed, every President since Harry Truman has been the well-heeled beneficiary of the "operator" economy, which is the latter-day capitalism, like it or not.

Many who can't succeed at it, don't like it. That is why tax reform threatens to get out of hand. (Distributed by McNaught Syndicate, Inc.)

## May Remove Landmark

LONDON (AP) — London's famous Dick Whittington landmark on Highgate Hill may have to be moved after 148 years on its present site to make way for a housing development project.

The stone commemorates the spot where Dick Whittington is said to have heard the bells of London calling him back to make his fortune and become the first Lord Mayor of London.

## Will Visit Texas Farms

WASHINGTON (AP) — House Agriculture committee members will make a three-day tour of Texas this week largely to find out at the grass roots level what farmers are thinking.

Rep. W. R. Poage, D-Tex., will lead them. He is committee chairman. They will travel by bus.

A "listening conference" is scheduled at College Station Thursday to coincide with Secretary of Agriculture Clifford M. Hardin's visit to Texas A&M University.

Farmers from Texas and surrounding states will tell the committee and Hardin how they would solve agriculture's problems.

Visits to a rural water supply system at Colinda and a sewage plant at Chilton are on the agenda for Thursday also.

Friday, the group will inspect a livestock performance station and watershed flood control dams. At Gatesville a luncheon is planned with sheep and goat raisers, and in Dallas an evening meeting is scheduled with various farm industry groups.

Saturday the committee will visit farms and ranches between Dallas and Wichita Falls before departing the state.

## Leaders Of Events Listed By RCA

All-around — Larry Mahan, Brooks, Ore., \$42,954; and Doug Brown, Silverton, Ore., \$37,223; saddle bronc — Bill Smith, Cody, Wyo., \$21,405; and Larry Mahan, \$15,771; bareback bronc — Gary Tucker, Carlsbad, N.M., \$17,375; and Royce Smith, Pocatello, Idaho, \$16,512; bull riding — Doug Brown, \$24,400; and Mahan \$13,470; calf roping, Dean Oliver, Boise, Idaho, \$34,919; and Ronny Sewalt, Chico, Tex., \$17,823; steer wrestling — Roy Duvall, Boynton, Okla., \$22,671; and Jerry Paveto, Orange, \$18,069.

## Trumpeter Swan Makes Comeback

WASHINGTON (AP) — The trumpeter swan, once on the edge of extinction, is making a comeback, the Department of Interior says.

The department's bureau of sport fisheries and wildlife reports successful nestings of the big birds in Nebraska and Minnesota this summer. The hatching of a young swan at Carver County Park in Minnesota is the first reported in that state in 100 years, the department says.

In 1932, the number of trumpeter swans in the continental United States was down to 69 and they were found only in Montana, Idaho and Wyoming. The department says the trumpeter population now is about 4,000, including those in Alaska.

## MINOR ACCIDENTS

## NEED OLD PO BOX?

Anybody need a post office box?

Howard County Commissioners have become the "proud" possessors of 1,183 post office boxes without keys or locks in the old post office building. Postmaster Frank Hardesty "donated" the boxes to the commissioners along with the building which has been given to the county for use as a library. Now the commissioners have to find something to do with the boxes before remodeling can be started.

Renovation is expected to begin in November.

# County Given Good Report By Auditors

County commissioners this morning heard a report on the auditing of county books for 1968 from Jack E. Lee, certified public accountant with Hollingsworth and Co.

"We found the general records of the county in good order," Lee said, and made suggestions for improving accounting of cash receipts and disbursements.

The auditing shows the county had a \$172,695 excess of receipts over disbursements in 1968.

Property in Howard County was assessed at \$78,557,440, which is a \$15,350,812 increase over the 1967 audit. The county tax rate decreased by two cents from \$1.07 in 1967 to \$1.05 in 1968.

Assessed taxes increased by \$148,542 from \$676,311 in 1967 to \$824,853 in 1968 and delinquent tax collections were up \$4,685 from \$13,553 in 1967 to \$18,238 in 1968.

County Judge Lee Porter also reported this morning to commissioners he had purchased \$15,000 of 1965 road bonds for \$830 per \$1,000 bond from Rauscher-Pierce, brokers. The bonds are due for maturity in 1977 and approximately \$170 is saved on each bond by paying them early.

Commissioners Simon Terrazas, Bill Tune and Bill Crocker agreed to the purchase in a telephone call Friday. Ray Nichols was out of town Friday, but said this morning he favored the purchase.

Total resources show a \$172,696 increase over the \$888,802 available in 1967.

The audit shows \$1,263,000 in outstanding bonds; \$1,206,406, total receipts, and \$1,033,711 in total disbursements. The county had a \$172,695 excess of receipts over disbursements in 1968.

Property in Howard County was assessed at \$78,557,440, which is a \$15,350,812 increase over the 1967 audit. The county tax rate decreased by two cents from \$1.07 in 1967 to \$1.05 in 1968.

County Judge Lee Porter also

## CARD OF THANKS

To our kind friends, neighbors and relatives we wish to express our sincere appreciation for sympathetic attention, beautiful floral tributes and other courtesies extended to us all at the passing of our beloved husband and father.

Mrs. C. L. Kirkland and Family

DISPLAY COALITION FLAG — Demonstrators marching through downtown Pittsburgh today demonstrate a new flag representing the Black Coalition — the group protesting the lack of blacks in the construction industry. Police estimated the number of marchers at over 3,000.

## Bus Drivers Await Ruling

SAN ANTONIO (AP) — Still on strike despite a restraining order issued by a district judge, bus drivers today awaited a ruling by the same judge on an injunction sought by management.

Union members also faced the possibility of voting on a new contract offer at a scheduled meeting tonight. More than 450 drivers and other employees struck 14 days ago, Sept. 2.

Judge James Onion of 73rd Dist. Court was to announce his ruling today after studying the case over the weekend. He issued a restraining order three days after the strike began but it was ignored.

## Appointments To City Boards To Be Decided

Several new appointments for city boards are due to come before the city commission soon.

Two persons will be named to the city planning and zoning board for four-year terms, as the appointments of J. D. Jones and John Ferguson are expiring at the end of September. Two three-year appointments will be made for the parks and recreation board; terms of Mrs. Odell Womack and F. D. Rogers expire. Mrs. Womack is eligible for re-appointment.

A new four-year member will be needed on the board of adjustment and appeals, since Dick Collier has moved from Big Spring. Six members will be named to the traffic commission, as the two-year appoint-

## Finish Trip To Freedom

MOBILE, Ala. (AP) — Two young Cubans who hoped to make the 90-mile crossing to Florida in a tiny rubber raft have reached the U.S. mainland in a rescuing cargo vessel.

Juan Manuel, 21, and Raul Quintana, 22, completed their trip to freedom Sunday in the U.S. steamship Giddes Lykes, which plucked them from the Gulf of Mexico 75 miles southwest of Key West.

The raft was only 6 feet 3 inches long and their only supplies were several tins of condensed milk and three cans of water. They were at sea four days.

GETTING THE LINES DOWN — Al Scott, director, works with June Prather and Pat Furlong (right) in polishing lines for the Tennessee Williams play, "A Perfect Analysis Given By a Parrot." It is one of two plays being offered Friday and Saturday evenings at the Cosden Country Club in "super theatre."

## Four Counselled

Keith Jones, juvenile officer, counseled with four youths during the weekend. A 15-year-old boy was referred by the police department for theft. A 16-year-old boy and a 14-year-old boy were referred in separate incidents for minors in possession of alcoholic beverages. A 14-year-old runaway boy from Dallas was released to his parents.

## Supper Theatre Ducats On Sale

Only a limited number of tickets will be offered for the Friday and Saturday night supper theatre at Cosden Country Club, and interested patrons are urged to call 7-8033 between 1-4 p.m. daily for reservations.

Two one-act plays will be offered, both by well-known playwrights. "A Perfect Analysis Given By a Parrot" is from the pen of Tennessee Williams, and "The Tiger" is by Murray Schisgal, best known for his play, "Luv."

Al Scott is directing the Williams play, which stars Pat Furlong and June Prather, and Clark Frayser, as the waiter.

Kathy McLain is directing "The Tiger," which stars John C. Hussey and Pat May. Dinner will be served at 7 p.m. and the play productions will follow. Persons interested in making reservations are urged to call early to insure getting a table. Membership in the Cosden Club is not required.

The Williams play concerns

## Cut Announced At White Sands

WHITE SANDS MISSILE RANGE, N.M. (AP) — Some civilian employees will be cut from the Army Test and Evaluation Command at White Sands Missile Range in an economy move. White Sands officials said during the week-end that permanent staff civilian positions in the command will be reduced from 3,762 to 3,722, and temporary positions will be sliced from 156 to 139. Officials said they don't anticipate any lay off. The decreases will come from normal resignations and staff reassignments.

# Thousands March For Negro Jobs

PITTSBURGH (AP) — Hundreds of demonstrators strung over 10 city blocks marched from the Negro Hill District into the downtown today—a day they called "Black Monday" — to press demands for more Negro jobs in the construction industry.

The marchers, estimated by police at over 3,000, filed four abreast through the city's streets, clapping their hands and chanting: "Freedom, Freedom, Freedom."

Leading the procession to their destination—the construction site of U.S. Steel Corp.'s new office building—were several demonstrators carrying large black flags with a clenched fist—symbol of black power—painted on them.

The marchers walked around the U.S. Steel building, clapping their hands and chanting, then marched back to the Hill District where the crowd disbanded.

March leaders said they would stage similar demonstrations.

"We will have a black Monday next Monday and the Monday after that, and a black Monday and a black Tuesday if necessary, and we will shut down the entire city until these injustices are ended," said Michael Dismond, one of the march leaders and member of the Black Construction Coalition, which organized the march.

In an impromptu conference, Dismond said, "We feel this morning's demonstration will illustrate to the people of Pittsburgh the total feeling of the black community to the injustices that have been caused by the trade unions," Dismond said.

He added that the orderly and peaceful march would "have a major part in the negotiations" to get more Negroes jobs in the construction industry.

While the marchers filed through the downtown, negotiators trying to settle the dispute made preparations for a meeting later in the day.

## Commission Okays Tax Roll, Beer Permit

The city commission, in a special meeting this morning, approved the 1969 tax roll and the first reading of an off-premises beer permit for the Hilltop Grocery, 1706 W. 3rd.

Before the commission approved the tax roll, Mayor Pro Tem George Zachariah asked if it would be possible to change the city's discount schedule to two per cent in October and one per cent in November. He said the incentive to pay would still be there.

After checking, City Attorney Herb Prouty said the wording of the law would not allow such a move; the city, if it wants a discount schedule, either has to use the state's schedule or none at all. The only thing the city can do is designate in which months the discount is allowed.

The commission had taken no action on the off-premises beer permit for the Hilltop Grocery at its regular meeting last Tuesday because the applicant, Curtis P. Hallway, had not been present. Hallway appeared this morning and asked the commission to consider his application, explaining he had not known about the attendance requirement.

At the meeting also the commissioners approved the second reading of the zoning ordinance.

## Auto Price Tags Hassle

DETROIT (AP) — Auto makers readied a sharp rebuttal today to a government charge that the price stickers on new cars may deceive buyers.

General Motors, Chrysler, Ford and American Motors—which sell more than eight million cars a year—are expected to tell the Federal Trade Commission, in hearings opening Tuesday in Washington, that the window stickers carrying manufacturers' suggested retail prices actually improve the bargaining position of new car buyers.

The FTC says that under present practice "manufacturers may be engaged in direct misrepresentation of prices as well as placing in the hands of dealers the means and instrumentality for deceiving consumers as to savings at the retail level."

The sticker price notices required by a 1958 law, the Monroney Act, purport to show a base price for the car plus itemized prices on equipment.

Automakers formulate their suggested retail prices on a base factory cost of a car, adding a percentage to give an annual return on capital and another sum for a dealer discount. The dealer discount usually ranges between 17 and 25 per cent, depending on the car model.

RAVAGED BY A DOZEN YEARS OF NUCLEAR TESTING

Bikini Atoll Is Ready To Welcome Back Its People

BIKINI ATOLL (AP) — The first no-man's land of the atomic age is ready to welcome back its people.

The Atomic Energy Commission reports this isolated Pacific atoll, ravaged by a dozen years of nuclear testing, has less radioactivity today than the U.S. mainland.

McCraw said the reason for the low reading is that Bikini atoll rose from living coral reefs and has little naturally occurring radioactivity.

McCraw said the reason for the low reading is that Bikini atoll rose from living coral reefs and has little naturally occurring radioactivity.

The first phase of the \$3.3 million restoration project was the removal of scrap metal and other industrial junk.

Three hundred truckloads of scrap, all of it rusted or radioactive, were dumped into the sea or buried.

COPPER CABLE Salvageable scrap, including more than 100 miles of copper cable which link all of the atoll's 25 islands, will be left for the Bikinians to use or sell.

Under the Japanese administration prior to 1946, says Nakanishi, "the Bikinians were producing 30 tons of copra annually. This total should rise to 30 tons a month within the next 10 years."

TRAFFIC LARGEST KILLER

Widespread Violence Jacks Toll In Texas

Widespread violence of every conceivable sort pushed the death toll to 44 in Texas over the weekend.

Traffic was the largest killer, claiming 27 lives. Shootings, stabbings, beatings, fires, drownings and one sky-diving accident added to the toll.

Charles M. Pitchford, 31, of Dallas died Sunday night after his parachute failed to open during a skydiving jump over Seagoville.

Robert Darrell Smith, 26, of Georgetown was killed Sunday when he apparently went to sleep at the wheel and his car struck a culvert and a utility pole. The accident occurred on Texas 95.

Richard Forrest White, 21, of San Antonio and Bito R. Rubio, 37, also of San Antonio were killed Sunday in an afternoon shootout on the Alamo City's south side.

Aureliano Parra Rio, 33, of Junction was killed and two persons injured when two trucks collided on Texas 27, about seven miles west of Ingram.

# BIG SPRING Business Review

3-B

BIG SPRING, TEXAS, MONDAY, SEPTEMBER 15, 1969

3-B

**CUSTOM FRAMES** — The Hobby Center and Frame Gallery, 1005 Eleventh Place, has the largest supply of frames in West Texas — over 1,000 ready made frames and 135 types

of molding to choose from. Mrs. F. D. Williams, owner and manager with her husband, displays two of the paintings the Hobby Center also stocks.

## CUSTOM MADE TO ANY SIZE Frames At Hobby Shop

When it's time to replenish hobby supplies, the first place to go is the Hobby Center and Frame Gallery, 1005 Eleventh Place. F. D. (Red) and Betty Williams, owners and managers, have stocked a variety of materials to supplement hobby interests.

Of particular excellence is their Frame Gallery, a part of the art department. Though the Williamses stock over 1,000 ready-made frames, they have the equipment and material to frame anything a customer wants.

Williams does all of the custom framing himself, to insure the customer gets an expert job. He uses the most modern machinery in his work, including a Keeton mat cutter that

either a bevel or a straight edge, and an electric Double Miter that cuts two perfect corners every time. This latter machine enables a perfect wood frame to be cut in 10 minutes.

**IT STAYS**

Other machinery includes an oval mat cutter for any type of mat or glass and a master-piece mounting and laminating machine, the largest one made. It can apply 15,000 pounds of pressure on the material mounted so it won't come loose.

"We have the equipment necessary to make a good frame," Williams said. "A miter box and clamps just won't get the job done. Pre-cut sticks won't do either, since they don't have good corners."

To go with the equipment, the Williamses stock the largest supply of molding in West Texas. They have 350 different types on hand, about 30,000 feet, with stock from Taiwan, Belgium, Sweden, Mexico, Spain, Holland, Austria, Czech-

slovakia (though the supply from there has stopped), and Canada. Sizes range all the way from one-half inch through five inch. Williams can make mini frames to use as decorative pins or for wall groupings.

"We try to keep our frames as economical as possible," Williams said. "I saw a frame in Midland that was priced twice as high as for what we carry it; our prices are also lower than those in Lubbock."

Any type of mat can be had, too, at the Hobby Center, including paper, linen, silk, grass burlap and velvet, and in any color.

Besides the framing gallery, the art department has all types of art supplies, including oils, pastels, water colors, acrylics, papers and boards, rolled canvas, stretcher strips, and supplies for school. The Williamses also stock a few imported originals, some prints for frames, and occasionally local art work.

At the Hobby Center a large

and complete knit shop can also be found. A good yarn is always the most economical; with cheap yarn too much quality is sacrificed and problems develop with fading, pilling, weight loss in yardage, and poor coloring.

The Hobby Center carries instructor and how-to manuals for all types of crafts and hobbies; tile painting, papier-mache, mosaics and basket-weaving are among them. Supplies include plastic model airplanes, three types of antiquing paint for furniture, model trains, and crafts (purses, baskets, and decoupage).

The Hobby Center also plans to start classes this fall in hobbies such as transfer art, knitting, purse making and decoupage for beginners as well as for those with some experience.

The Williamses invite all residents to drop in and browse around; they have hobbies to interest all members of the family.

## Ward's Makes Remodeling Simple, Easy

Remodeling jobs around the house can be made easy if professionals do the work. The next time the need arises, call Montgomery Ward, and let them handle the job.

Montgomery Ward is prepared to do any work on the home — putting in new kitchen equipment, installing central heating and air conditioning, fixing up the roof, adding a den — anything short of building a whole house.

The advantage in dealing with Montgomery Ward, said Bill Hewlett, head of the home improvement department, is that the customer deals with just one person, not with a group of individual contractors. Montgomery Ward takes responsibility for seeing the customer is satisfied.

## Carver Has Much More Besides Medical Items

For the best pharmaceutical service in Big Spring, stop by Carver's Drive-In Pharmacy, 310 E. 9th. Milton Carver, owner, not only can fill any doctor's prescription but also carries a vast array of items outside the medical field.

For example, when seasonal holidays or special days question the customer's mind with gift ideas, nothing can be more appreciated than a box of Pangburn's chocolates. The quality candy is boxed in various sizes, appropriate for the gift of each customer.

The pharmacy is air conditioned, so the appearance and taste of the chocolates are not altered by the effects of the

heat. Carver also stocks cosmetics of all well-known brands, shaving lotion and needs for men, magazines, books, and other popular items.

Carver keeps abreast of the latest developments in prescription drugs and the trusted patent medicines.

As a licensed pharmacist, Carver believes that every person should use pharmaceuticals prescribed by qualified physicians and that the medicine should be properly compounded.

"A physician's advice is paramount where questions of health are concerned," Carver said. "The drive-in window, on the west side of the building, was

built for the convenience of its customers and was the first Big Spring drive-in pharmacy.

This enables patrons, wanting to pick up prescriptions in a hurry and without having to worry about dress or keeping an eye on the children, or getting out in the scorching summer heat, to drive around the building from Ninth Street, pick up their items and drive off on Nolan without having to be concerned about a parking place.

The next time a pharmacist is needed, stop by Carver's Drive-In Pharmacy, Ninth and Nolan. Enjoy the services of professional personnel.

(Photo by Lynna Kay Weaver)

**PHARMACY PLUS** — Milton Carver, owner of Carver's Drive-In Pharmacy, 310 E. 9th, not only can take care of all prescription needs, but also carries a large selection of items outside the medical field.

## Curiosity Shop Stocks Imports

Sherman and Wilma Whitaker, owners of the Curiosity Shop, 3103 US 80 West, handle souvenirs, novelties, primitives, antiques and collector items. They also import several items from overseas, including quality Italian glassware and Roseville Pottery from Yugoslavia; either will add color and character to any case or room.

ALMOST TURNED CORNER — Mike Barnes of Big Spring almost turned the corner successfully on Dittie Hicks of Lubbock Monterey here Friday evening. The action was in the second quarter when the Steers pushed into the shadow of the Lubbock goal as the half ended. The Lubbock team nosed out the Steers 6-0.

# Maxwell Duo Cops Odessa Pro-Am With 26 Under Par

ODESSA, Tex. (AP) — "How the final round, Maxwell and sweet it is," beamed Texan Billy Maxwell, smiling broadly as he clutched the championship trophy of the Odessa Pro-Am with a 34.

with a 67 while the Moodys had a 69. The payoff was \$1,100. Maxwell, a tour veteran but not a winner since the 1962 Dallas Open, said he told Ellis earlier in the week. "We'll be there, I guarantee you. If we don't bogie a hole. And," he added, "we didn't bogie a hole all week."

He ripped off five birdies and with a tap in birdie on the final hole that gave the combo a 72. Actually, Maxwell, 40, no stranger to the Odessa Country Club course, could have won the tournament single-handedly Sunday, had it been necessary.

Maxwell won here as an amateur with the late Bo Winger in 1952 and has missed only two of the 21 pro-ams.

# Thurmond Land Windfall Aired

NEW YORK (AP) — When Sen. Strom Thurmond, R-S.C., and his partner sold land condemned for a South Carolina highway last year, they received more than twice the price of other landowners along the route, Life magazine says.

In its current issue, Life said Thurmond and his former law associate, now a federal judge, received \$492 an acre for 66

acres, while others got an average of \$200 an acre.

Thurmond issued a statement in Washington Sunday night, terming the article "just another in a series of attempted liberal smears."

He said, "The entire transaction is a matter of public record, as I knew it would be from the beginning."

Life said it interviewed Thurmond, who said he thought the land was worth more than \$750 an acre, but that he and his partner, U.S. District Judge Charles E. Simons Jr., accepted less to avoid going to court "because of the positions we held with the public."

The magazine said the 66 acres was part of a 3,000-acre tract of scrub timber land that Thurmond and Simons bought in 1953 for about \$14.53 an acre.

Simons said Sunday, in Aiken, S.C., "We received no more than a fair price for the land—there is no question about that. I don't know what the other landowners got."

Thurmond, in his statement added, "I did not and will not surrender my right as a citizen to own property and to ask for a jury decision on its true value if the government condemns it."

Officials in the South Carolina Highway Department declined comment. Chief Highway Commissioner S. N. Pearman was out of town.

**NEW FACES FOR 'LAUGH-IN'** — Television's "Laugh-In" will drop some old gags for the new season, and add these new faces. Left to right: Byron Giliham, dancer who'll do comedy lines this season; Pamela Rodgers, sexy Texas showgirl who once was Miss Lions Club; Teresa Graves, singer-dancer-comedienne recently of the Doodletown Pipers, and Jeremy Lloyd, British actor-writer.

## Haynsworth Looks Like Sure Winner

WASHINGTON (AP) — Despite opposition from civil rights and labor leaders, all signs now indicate President Nixon's nomination of Judge Clement F. Haynsworth Jr. for the Supreme Court will be confirmed by the Senate.

Senate Judiciary Committee hearings starting Tuesday could change the picture, but so far no organized effort has developed within the Senate to block approval of the 56-year-old South Carolinian.

Sen. Jacob K. Javits, R-N.Y., who indicated he probably will vote against the nomination, has nonetheless predicted Haynsworth will be confirmed—and others not enthusiastic about the appointment agree.

The Haynsworth nomination also has picked up the far-from-enthusiastic support of Sen. Robert Griffin, R-Mich., who spearheaded last year's successful fight to keep Abe Fortas from becoming chief justice.

"If you think my silence until now has been interpreted as meaning that I am not overjoyed by the appointment," Griffin said Sunday at Mackinac Island, Mich., "you're absolutely right."

"But on the basis of all the knowledge I have today, I predict that Judge Haynsworth's appointment will be confirmed with my support."

## Sexy Pamela, Negro Beauty Join Series

TELEVISION'S zaniest, most-watched series, "Laugh-In," charges into its third season tonight with old gags shelved and new faces in the cast.

"Nothing should ever become predictable," said executive producer George Schlatter. "We've dropped these items to make room for new things."

One new thing will be Dick Martin's costar Dan Rowan as "Gen. Bull Right." Coproducer Ed Friendly calls this character "an eight-star general, a war buff, a burlesque of the extreme."

Also new will be "our 'man' in Washington"—a Capitol gossip reporter played by willowy, red-haired Pamela Rodgers, 25, a former showgirl and a newcomer to the cast.

Another newcomer is a Negro beauty, Teresa Graves, 21, who sang, danced and did comedy bits for three years with the touring Doodletown Pipers.

Teresa is 5-10½, 130 pounds, 36½-25-38½, and single. In the premiere show she does a wedding skit, telling her white bridegroom, "Before you meet Mother, do get some sun."

## West Germany Rocked By Wildcat Walkouts

FRANKFURT, Germany (AP) — West Germany, in the midst of a national election campaign, has been rocked by two weeks of unusual wildcat strikes involving more than 500,000 miners and steelworkers.

Under new contracts, 256,000 Ruhr and Saar coal miners will get 14 per cent hikes and 230,000 iron and steel workers will get 11 per cent raises.

The labor unions point to record steel profits and sales to argue that no price increase is justified. Vetter said any price increases "could only come out of malice."

The strikes have become a campaign issue. Foreign Minister Willy Brandt's Social Democrats, a party with strong labor ties, claims that Chancellor Kurt Georg Kiesinger has refused to take the proper steps to halt price increases.

## GETTING UP NIGHTS MAKES MANY FEEL OLD

Common Kidney or Bladder Irritations make many men and women feel tense and nervous from frequent, burning or itching urination night and day. Secondly, you may lose sleep and have headache, backache and feel older, tired, depressed. In such cases, CYS-TEX usually brings relaxing comfort by curbing irritating germs in acid urine and quickly easing pain. Get CYS-TEX at drugstore.

Wage increases are ending the strikes, but they have unsettled politicians and raised the specter of wage-price spirals and inflation in a country that has become the most stable economic power in Western Europe.

Strikes of any kind are rare in West Germany, where a docile, fully employed work force has been content to follow the lead of its unions. In 1968, only 23,249 work days were lost to strikes in a work force of more than 24 million.

Wildcat strikes, called "wild strikes" by the Germans, are rarer still. Until this summer the last major one was in May 1967, at a cookie factory in a dispute about laying off workers.

Such union officials as Heinz-Oskar Vetter of the German Federation of Trade Unions are issuing assurances that the "English situation" of repeated wildcat strikes won't become common in West Germany. But the success of the miners and steel workers in getting higher pay has triggered demands by two million civil servants, leather, textile and transport workers for prompt negotiation of new contracts.

Politicians and others are debating the root causes of the spreading discontent. Some think union members are growing dissatisfied with their leaders. Others consider the unrest part of the radical movement manifested previously in student protests and left-wing demonstrations.

The strikers denied any Communist influence. They said they had agreed to a wage freeze in 1967 to help the country out of an economic slump, and now it was time they got some benefits.

The workers' demands are well timed. The companies are prospering. There are labor shortages in several key industries. And with election day only two weeks away, there is an inclination to settle quickly.

Spokesmen for the coal and steel industries are saying prices must be increased to cover the cost of wage increases.

"IT'S A BUYERS' MARKET" . . . 100% of the way gain in this 100% wide wale cotton corduroy dress. Preferred short sleeves with hidden assets of kicky calico lining. Exercise your option in a color choice of natural, pink or surf blue. Sizes 5 to 15.

## Veto By Smith Draws Attack

GALVESTON, Tex. (AP) — State legislators from Galveston County teed off on Gov. Preston Smith over the weekend after he cut from the appropriation bill a \$160,000 stipend for the Texas Maritime Academy.

Sen. A. R. "Babe" Schwartz called attention to the budget cut in Lubbock.

"I just don't understand his priorities," said Schwartz. The Texas Maritime Academy is a part of Texas A&M University.

Rep. Ed J. Harris called the governor "a hidebound landlubber who doesn't appreciate the merits of our area."

Rep. Dean Nugent said Smith's veto of the Maritime Academy funds was "another example of the governor's thwarting the action and will of the legislature."

holders in exchange for the Texas company's assets. The agreement requires approval of both companies' stockholders and the Federal Communications Commission.

Dr. Franklin D. Murphy, chairman of the Times Mirror Co., said Sunday each share will carry a 70-cent annual dividend and will be convertible into 1.11 shares of Times Mirror common stock.

The Times Herald Printing Co. operates KRLD-TV, and KRLD-AM-FM in addition to publishing an evening and Sunday paper.

Times Mirror is involved in publishing, printing and forest products. It owns no TV or radio stations.

Murphy said in a statement the Times Herald Printing Co. would operate under its present management as an autonomous subsidiary of Times Mirror.

The Dallas Times Herald circulation was listed by Editor and Publisher, the trade magazine, at 216,209 about six months ago. The Los Angeles newspaper is similarly listed with 948,782 circulation.

The Dallas Evening Times was founded by W. G. Sterrett in 1876, followed 10 years later by the Dallas Evening Herald directed by C. E. Gilbert. The papers merged in 1888.

The Times Herald was acquired by the late Edwin J. Kiest in 1896. The late Tom C. Gooch became an associate and directed the paper. Kiest died in 1941 and Gooch 11 years later. Mrs. Gooch was a major influence on the paper and its properties after her husband's death. She died in 1965.

## Dallas Newspaper Merger Disclosed

LOS ANGELES (AP) — The parent companies of the Los Angeles Times and the Dallas Times Herald have agreed to a merger involving the exchange of nearly \$91 million worth of stock.

Under the agreement, the Times Mirror Co. of Los Angeles will issue 1.8 million shares of convertible preferred stock to Times Herald share-

holders in exchange for the Texas company's assets. The agreement requires approval of both companies' stockholders and the Federal Communications Commission.

Dr. Franklin D. Murphy, chairman of the Times Mirror Co., said Sunday each share will carry a 70-cent annual dividend and will be convertible into 1.11 shares of Times Mirror common stock.

The Times Herald Printing Co. operates KRLD-TV, and KRLD-AM-FM in addition to publishing an evening and Sunday paper.

## Prison Diplomas

FRANKFORT, Ky. (AP) — Kentucky's three prisons gave 118 inmates the equivalency of high school diplomas in 1968.

## Bridge Test

—CHARLES H. GOREN

BY CHARLES H. GOREN

(In 1959, by The Chicago Tribune)

ANSWERS TO BRIDGE QUIZ

Q. 1—Neither vulnerable, as South you hold:

♠10 5 ♣AK83 ♦A75 ♣J32

The bidding has proceeded:

North East South West

1NT Pass 3♥ Pass

3NT Pass ?

What do you bid now?

A.—Pass. With this evenly balanced hand prospects for slam are not bright even if partner has a maximum. Your hand is worth 13 points valued at hearts and partner has a maximum of 19 points in high cards.

Q. 2—East-West vulnerable, as South you hold:

♠K853 ♣AK87 ♦6 ♣KQ54

The bidding has proceeded:

East South West North

1♦ Dbl. Pass 1♥

Pass ?

What do you bid now?

A.—Two hearts. This hand is not quite strong enough for a double raise in view of the fact that partner was forced to bid. A double raise in this situation should be based on 19 points.

Q. 3—As South, vulnerable, you hold:

♠75 ♣KQJ98 ♦A6 ♣AK98

The bidding has proceeded:

South West North East

1♥ Pass 1♠ Pass

Pass ?

What do you bid now?

A.—With this strong hand, a jump bid of some kind is indicated, and our choice is three hearts. It is not quite strong enough to make an absolute force to game and, therefore, we veto a bid of three clubs.

Q. 4—You are South, vulnerable, and you hold:

♠K6 ♣1094 ♦AK82 ♣KJ5

The bidding has proceeded:

South West North East

1♦ Pass 3♦ 3♥

Pass ?

What do you bid now?

A.—Pass. This is to enable partner to contract for three no trump if he has a heart stopper. Do not fall into the error of bidding four diamonds, for a contract of 11 tricks might be out of reach.

Q. 5—Both vulnerable, as South you hold:

♠AJ1084 ♣106542 ♣63 ♠9

The bidding has proceeded:

North East South West

1♠ Pass 1♥ Pass

3♦ Pass ?

What do you bid now?

A.—Three spades. In this case nothing is to be gained by showing the anemic five-card heart suit, and it might easily delude partner into taking more aggressive action than is warranted.

Q. 6—Neither vulnerable, partner opens with one club and you hold:

♠742 ♣853 ♣97432 ♣K6

What is your response?

A.—While it is our practice to stretch a point to keep alive an opening bid of one club, we do not feel justified in such action in this particular hand with only one king and no distributional advantages. A pass is therefore clearly indicated.

Q. 7—As South, vulnerable, you hold:

♠AJ104 ♣AJ ♣QJ105 ♣KJ6

The bidding has proceeded:

South West North East

1♦ Pass 1♥ Pass

Pass ?

What do you bid now?

A.—A rebid of one spade is our clear choice. The hand contains only 17 points in high cards and is therefore two points short of the requirements for a jump to two no trump. On hands of this type we find that it is superior strategy to open with one no trump in the first place.

Q. 8—As South, you hold:

♠K62 ♣AQ9753 ♦K742

The bidding has proceeded:

South West North East

1♥ 1♠ 4♥ 5♠

5♥ Dbl. Pass 6♠

Pass Pass Dbl. Pass

Pass Pass

What is your opening lead?

A.—The slam double convention should not apply to this case for it is very clear that East is sacrificing against your bid of five hearts because he cannot stand his partner's double. As the bidding has developed it is reasonable to suppose that West, the dummy, has a good spade suit so that the king of spades is trapped. There is a great likelihood that East is void of hearts and the recommended lead, therefore, is the two of diamonds. It would be very surprising if partner did not have the ace of that suit.
