## EXPLOSION

### Jet, Airliner Crash Kills 77 Persons

DA NANG, Vietnam (AP)—A South Vietnamese passenger plane and a U.S. Air Force jet collided over Da Nang airfield Saturday and the U.S. Command said initial reports indicated 77 persons were killed.

The Command, in a communique issued early Sunday, said 75 persons aboard the Air Vietnam DC4 were killed when the airliner plunged into a plowed field two miles northwest of the base. They included 52 adults, 13 children and 10 babies.

Another two Vietnamese working in the field were killed.

The Air Force F4 Phantom limped away after the collision, the navigator parachuted to safety and the pilot managed to land the damaged jet at the base.

One witness, U.S. Marine Pfc. Rick Martin, 18, Amarillo, Tex., said the jet was coming in above the propeller-driven DC4 and the fighter's left wing touched the right wing of the airliner.

DRAFT DIRECTOR AND STUDENTS—Gen. Lewis Hershey, director of the Selective Service System, holds his finger to his lip as he mixes with students attending the Association of Student Governments' first annual "Presidents to Presidents conference" in Washington Saturday. The man who heads the nation's draft system spoke to the group at a panel discussion.

### Not Going To Resign, Draft Chief Declares

WASHINGTON (AP)—Gen. Lewis B. Hershey said Saturday he has no intention of resigning as director of the U.S. Selective Service System.

Hershey made the statement in a friendly question-and-answer session with some 450 students attending the convention in Washington of the Association of Student Governments.

Asked if news reports earlier in the week to the effect that he would be prepared to resign if changes were made in current draft procedures, Hershey replied:

**NO HECKLING**  
"I can answer that this way. I'm not going to resign."

The students at no point during the 1½-hour session attempted to heckle the draft chief and occasionally applauded his statements.

The students earlier had attended a reception at the White

House and heard President Nixon say his administration is deeply concerned about the frustrations on U.S. campuses which boil over into violence.

In response to other student queries, Hershey made these points:

— The idea of a professional all-volunteer army could be a danger to the American system.

— He would support a lottery system for fulfilling the draft demands.

— He feels that progress is being made in creating more racial balance on the nation's draft boards.

In another question and answer session with the students, Robert H. Finch, secretary of Health, Education and Welfare, said he totally rejects any concept of a federal intrusion on troubled university campuses.

"We cannot create that kind

of federal presence and still maintain the integrity of higher education as we know it today," Finch said. "I totally and utterly reject this idea along with all the totalitarianism which it implies."

**MORE IN TUNE**  
In his talk, Nixon quipped that he didn't think he could quite handle the problem of being a college president and added:

"I was president of the student body in a small college in California in 1937. We were concerned then about the great problems of the world. Perhaps, as you compare them, those problems don't seem as great as the ones we have today . . . but we were sensitive enough to know what the future held."

The president said the present college generation seems more in tune with the times than his own was.

"While there is a generation gap let me assure you that this administration is as concerned about the problems of today as you are," Nixon declared.

**VALUABLE**  
He told the delegates they could not hope to find answers to pressing issues in the course of their current three-day meeting, designed to permit a free-flowing dialogue between students and university authorities.

But he said that the meeting will be valuable in approaching issues back on campus.

The convention delegates toured the White House in advance of their meeting with the President.

Earlier, they heard U.S. Commissioner of Education James E. Allen Jr. pledge that the Office of Education will exert every effort to make certain that no one is denied a college education in the United States because of financial need.

Allen underwent some heckling from a black student, Leonard Tate, from Central State University, in Wilberforce, Ohio. Tate demanded a personal commitment from the commissioner to provide immediate financial assistance to predominantly Negro institutions of higher education.

Most of them won't go for Tate.

Negroes have nearly become the majority race in Atlanta, a recent survey by the Atlanta Region Metropolitan Planning Commission showed. The survey set the percentage of Negroes in the city's 1969 estimated population at 47.1 per cent. The figure was 38.3 per cent in 1960.

Population within the city limits was estimated at 503,500 as of April 1.

With a chance to cast what Southern politicians have historically labeled as their "black vote" for a candidate of their own race, why are Negroes looking elsewhere?

A black political leader who asked not to be identified summed up the expressed opinion

## Hanoi Plans New Attack, Abrams Says

SAIGON (AP)—Gen. Creighton W. Abrams, the U.S. commander in Vietnam, said Saturday that Hanoi appears to be planning a new offensive starting in November and military sources predicted a change in enemy fighting tactics.

Speaking with newsmen at a Saigon reception, Abrams was asked about the announced withdrawal of 35,000 U.S. troops by Dec. 15. He described the reduction as "manageable."

He said there were indications Hanoi may be putting together plans for a winter-spring offensive in South Vietnam.

**WILL DO HIS BEST**  
"There are a lot of prisoner of war statements and other documents which indicate there will be a winter-spring campaign," he said.

"Whatever it is," he added, "He (the enemy) will do his best."

Military informants said the new campaign would be aimed at holding down enemy casualties while inflicting maximum American losses and disrupting government control of the countryside.

To implement this strategy, the sources added, the enemy can be expected to rely primarily on shelling with rockets and mortars and ground assaults by small units and commandos.

"This way, the enemy minimizes his casualties but it still permits attribution of American forces," an official said.

**ENEMY OBJECTIVE**  
Captured enemy documents place greater emphasis on destroying the Saigon government's pacification program and less emphasis on attacks against large cities and assaults by large units, sources said.

Coordinated and widespread enemy attacks are expected next month, as part of the current offensive.

Sources said the enemy objective seems to be to put pressure on the United States for accelerated American troop withdrawals.

Over Da Nang Saturday an

American F4 fighter-bomber and an Air Vietnam DC4 collided and 62 passengers and crew of the Vietnamese plane, were killed. Two Vietnamese farmers were killed and one was injured when debris from the airliner fell on them in a field two miles northwest of the base.

Neither crewman aboard the U.S. jet was hurt. The navigator bailed out after the collision and the pilot landed the damaged plane safely.

All the passengers and crew aboard the airliner were Vietnamese, military spokesmen said.

An allied force on a reconnaissance sweep near the Cambodian border northwest of Saigon uncovered what was described as a regimental-size hospital complex and weapons cache built into underground bunkers connected by tunnels.

The soldiers found in one bunker an 18-foot-square operating room. Three-gallon cans stacked two deep along one of the walls were filled with penicillin tablets, bandages, syringes, ether, hard liquor evidently used for anesthetic and assorted medical implements, spokesmen said.

The soldiers found in one bunker an 18-foot-square operating room. Three-gallon cans stacked two deep along one of the walls were filled with penicillin tablets, bandages, syringes, ether, hard liquor evidently used for anesthetic and assorted medical implements, spokesmen said.

### 'It Sure Looks Bad To Public'

WASHINGTON (AP)—Supreme Court nominee Clement F. Haynsworth Jr. purchased \$16,000 of Brunswick Corp. stock in 1967, six weeks after joining in a pro-Brunswick decision but before the opinion was announced, the Justice Department said Saturday.

It said after checking with Judge Haynsworth and with his stock broker, Arthur McCall of Greenville, S.C., that the broker suggested the purchase and that "none of the facts indicate that information obtained in hearing the case entered into the purchase."

**AMAZING COINCIDENCE**  
The department, in a letter from Asst. Atty. Gen. William Rehnquist to Chairman James O. Eastland, D-Miss., of the Senate Judiciary Committee,

said also it is doubtful the case involving liens on fixtures for 10 bowling alleys "could conceivably have affected the market value of Brunswick's stock."

In testimony last week to the committee, Haynsworth, currently chief judge of the 4th U.S. Circuit Court of Appeals, said in listing his large stock portfolio "I have disqualified myself in all cases in which I had a stock interest."

Sen. Birch E. Bayh, D-Ind., who raised the question of the judge's Brunswick stock, called the matter "an amazing coincidence" and said "my chief concern is with the way this matter looks to the public."

"It sure looks bad to the public," he added, although he went on to say he certainly doesn't think Haynsworth "is on the take" or would be influenced by \$16,000 worth of stock.

**WHITESTASH**  
Bayh said he hasn't decided how to vote on Haynsworth and doesn't know how this latest disclosure will affect his confirmation, but "I don't think it helps him any."

### Wouldn't Make Good Mother

MERIDIAN, Tex. (AP)—An 18-year-old Meridian woman was arrested Saturday after her 26-day-old child was found decapitated in a bathtub.

Sheriff John Baxter said the woman called him on the telephone Saturday morning and told him she had killed her baby. He said she gave no reason for the slaying.

He said murder charges would be filed against the woman whose husband was at work when the slaying occurred.

"The girl called me from a service station and told me she had killed her baby," Baxter said. He said he went to the woman's house and found the child lying in a baby tub with her head cut off and a large kitchen knife also in the tub.

Baxter's wife, who was present during questioning of the woman, said the mother said, "It is such a terrible world to raise a child in. I don't think I would make a good mother."

### Four-Power Talks

UNITED NATIONS, N.Y. (AP)—The Big Four foreign ministers agreed Saturday night to resume four-power talks to try to achieve peace in the Middle East. The talks were suspended July 1. (See earlier story Page 6-A).

Reviewing the . . .  
**Big Spring Week**  
... with Joe Pickle

The Chamber of Commerce Task Force has begun receiving reports from chairmen of the organization's various committees. After this is done, the committee will have to do a lot of sifting to assign priorities on major efforts and to avoid conflicts of pressures on the one hand for tax relief and those on the other for new services. But after it is all said and done, the nitty gritty is in a community that gets with it. There's nothing that will take the place of getting fire in your heart and your hat in hand and get going.

The week brought a mixed pattern on the oil front. There were some abandonments, but there also was a completion and potential discovery, plus an interesting location. Parker & Parsley No. 1 Raley (filled for 190 barrels of 48-gravity oil as a half a mile south extender of the Big Spring (Fusselman) field northeast of Big Spring. Ray Albright appeared to have his seventh (you might justifiably add a couple more to this figure) discovery in his No. 1 McDaniel in southwestern Mitchell County. The pay was unidentified, but some speculated it might be Abo, coming from 4,926-66 Texaco No. 1-F Read, northeast of Coahoma, which missed as a deep venture. Will plug back to 7,960 and run tests in the Clear Fork.

The United Fund, having made an initial surge, had a relatively mild week as several divisions squatted to spring into action this week. The total (See THE WEEK, Page 7-A, Col. 2)

### CLOUDY

Cloudy to partly cloudy with no important temperature change today, tonight and Monday; windy afternoons and 20 per cent of afternoon and evening thundershowers. Southerly winds 10-20 miles per hour. High today 85. Low tonight 62. High tomorrow 85.

### Scattered Showers Splash Gulf Coast

Widely scattered showers— heavier and more frequent on the Gulf Coast, fell over Texas Saturday night.

Light showers and thunder showers about a fifth of the area 45 miles northwest of a line running from 15 miles east of Fort Worth to near Killean in Central Texas.

Earlier, these same showers stretched from north of Denton to south of Waxahachie and south of Killean and Brownwood, but they increased as the night grew older.

Rain fell in small amounts from 60 to 120 miles south of Galveston over the Gulf of Mexico and inland from Palacios to just southeast of Austin to 10

miles southwest of Lake Charles, La.

Panhandle showers apparently were confined to a small area north of Dalhart.

Temperatures for the day were near normal, ranging from 93 at Cotulla, 91 at Laredo and 90 at San Antonio and Waco down to 75 at Marfa and 72 at Alpine. Dallas had a high of 88, Houston 86, Amarillo 80, El Paso 86 and Texarkana 85.

Rainfall measurements for the 24-hour period ending at 7 p.m. included: Alice 17 of an inch, Alpine .06, Brownsville .70, College Station .06, Corpus Christi .07, Houston .25, Laredo .04, McAllen .35, Palacios .29, Victoria 1.05 and Wink 1.9.

Earlier Saturday, most of the state's rains were along the lower Gulf Coast.

### DA Grading Trial Jurors

HOUSTON (AP)—The district attorney's office is now grading criminal trial jurors, with each one having a report card on file.

The ratings are excellent, good, fair, average, weak or poor.

Dist. Atty. Carol Vance said the system is for picking jurors who have served in the past. Generally, a jury which convicts and gives a stiff penalty gets high marks.

In theory, a jury is supposed to be unbiased, but that's not the way things work. The prosecution and the defense know what type of person they want on a jury.

As an example, ministers, and teachers tend to be compassionate toward the defendant and engineers expect the state's case to be perfectly logical, one prosecutor said.

And if a woman is on trial, pack the jury with women. Men are suckers for a weeping female defendant, he said.

### NEGRO SEEKS OFFICE OF MAYOR Atlanta Election First

ATLANTA, Ga. (AP)—For the first time in history, a Negro is seeking the office of mayor of Atlanta. But his candidacy apparently will result in a major split in the city's Negro vote.

With the nonpartisan election less than three weeks away, sources in the Negro community are predicting that the Negro candidate, Dr. H. E. Tate, will get no more than 50 per cent of the black votes.

Some predictions put the figure at much less. A recent poll of black voters by a Negro public relations firm shows Tate with only 16 per cent.

"The surprising thing to us was that 38 per cent of those polled were undecided," said state Rep. Ben Brown, a member of the firm which conducted the poll. "If they are still undecided, it's pretty obvious that

most of them won't go for Tate."

Negroes have nearly become the majority race in Atlanta, a recent survey by the Atlanta Region Metropolitan Planning Commission showed. The survey set the percentage of Negroes in the city's 1969 estimated population at 47.1 per cent. The figure was 38.3 per cent in 1960.

Population within the city limits was estimated at 503,500 as of April 1.

With a chance to cast what Southern politicians have historically labeled as their "black vote" for a candidate of their own race, why are Negroes looking elsewhere?

A black political leader who asked not to be identified summed up the expressed opinion

of several sources interviewed.

"For two reasons," he said. "Tate began with a very narrow base of support in the Negro community; and the militants around him are using strong-arm tactics, and Negroes are reacting adversely."

"Unfortunately, Dr. Tate has let himself become the captive of the more destructive element of the community," said a black official.

The accusations are that militants are threatening Negroes with physical violence in attempts to get votes for Tate, and threatening whites doing business in black communities with property destruction in attempts to "shake down" campaign contributions.

Tate denies the charges vigorously.

## Troop-Contributing Allies May Pullout

UNITED NATIONS, N.Y. (AP)—The troop-contributing allies in South Vietnam indicated Saturday they might join the United States in later force reductions after the 60,000-man American pullout is completed by mid-December. But all said they have none scheduled at this time.

During a 2½-hour session the foreign ministers of Thailand, Australia, New Zealand, South Korea and the Philippines expressed approval of President Nixon's intention to withdraw an additional 35,000 men by the end of this year, following the 25,000-man reduction announced last summer.

Besides the approximately one million South Vietnamese and half million U.S. troops now on the battlefield, South Korea has about 50,000, Thailand 12,000, Australia 7,500, the Philippines 1,500 and New Zealand 500.

New Zealand's prime minister, Keith Holyoake, who also serves as foreign minister, said he hopes for a reduction in New Zealand's contingent in Vietnam but could not set a specific date for this.

Philippine foreign minister Carlos Romulo said it was his president and congress who set policy on troop withdrawal, not him.

Thai foreign minister Thanat Khoman said "there is no impending change of policy on withdrawal."

As for the prospective reduction of some of the 50,000-man U. S. force in Thailand, Thanat said the timetable and number have been agreed on but he declined to give specific pending formal announcement.

South Vietnam's foreign minister Tran Van Lam, said after

the meeting: "So far there is no meeting at this point about the next withdrawal of more troops."

"We are waiting for a sign of good will by the other side."

U.S. officials also said further the seven allied foreign ministers—in their first war review since meeting in Bangkok last May—found no evidence peace was nearer and were unanimously disappointed at the lack of progress in the Paris negotiations.

U.S. officials made these further points to newsmen: — The foreign ministers made no decisions on substantial matters during the meeting.

— There was no talk about further troop withdrawals beyond the Nixon announcement but the Allies made clear they wanted to be consulted when the United States decides on another pull-out.

— The ministers did not propose new initiatives for the Paris negotiations and Nixon's 36-hour B52 bombing pause after the ceasefire period following the death of North Vietnamese President Ho Chi Minh was not discussed.

PORTABLE CLASSROOM—Increased enrollment at Kentwood Elementary put these four men to work this week moving in a portable classroom for a second sixth grade class. Amos Swindell, left, Nile Baily, Kelly Mize and Bill Gray are shown connecting gas lines between the classroom and the school building. The corner of the classroom is shown at Gray's right.

# Enrollment Goes Up At Kentwood

## Growing Enrollment

Year	Enrollment	Grades taught	Space
1963-64	113	four grades	four classrooms
1964-65	131	four grades	four classrooms
1965-66	105	three grades	four classrooms (51 second graders)
1966-67	251	six grades	11 classrooms (45 third graders, 48 sixth graders)
1967-68	254	six grades	11 classrooms (39 fourth graders, 50 sixth graders)
1968-69	288	six grades	11 classrooms (40 fifth graders, 32 sixth graders)
1969-70	286	six grades	11 classrooms (42 sixth graders)

Crowded classrooms have been a problem around the nation for the last couple of decades, and Big Spring schools are still feeling the pinch of expanding enrollment. The latest school to fall prey of too many students is Kentwood Elementary School. School trustees earlier this month approved a portable classroom for Kentwood, to accommodate 42 sixth graders.

The youngsters have been added to the building and there one class under one teacher with a substitute helping out with individual instruction, since school opened Sept. 2.

The portable building is now ready for occupancy, according to Jim Holmes, principal, and the class will be split in half as soon as a qualified teacher is hired.

Kentwood opened with four classes in each grade except in the sixth, and there will be two sixth grade classes as soon as the teacher is hired.

# One-Third Of Jury Panel Is Excused

Late Friday 115 prospective jurors had been excused from possible jury duty in the Bobby Eugene Chrisco trial scheduled for Monday.

Chrisco, 23, is under indictment for murder with malice aforethought in the shooting death in December of A. D. Blount, local petshop owner. Bobbie Randall Crain, 23, is also under indictment for murder with malice aforethought and Rae Bourbon, 76, is charged as an accomplice to the murder. All have been in the Howard County jail since April.

The three men are scheduled for trial at 10 a.m. Monday; however, Chrisco is expected to be the first case called. Judge Ralph Caton, 118th District Court, has taken a motion for change of venue for Chrisco under advisement while carrying on with the case.

A special venire of 350 Howard County residents were called for trial service, which means the possible jurors cannot be excused from jury duty through the district clerk's office, but must go through the four attorneys involved in the case.

Some of the persons called for jury duty are dead, but as long as a name is on the tax roll it cannot be taken out of the jury wheel, and when a name is drawn out of a jury wheel a notice has to be mailed.

## Speaks At Angelo

Mrs. Ara Cunningham, director of voluntary service at the local Veterans Administration Hospital, will present a two-hour orientation on the "Patient Returns to the Community" program at the American Legion Auxiliary meeting in San Angelo Monday.

Five couples were summoned on this special venire, and many others qualified for legal excuses not to serve.

Beginning Monday at 10 a.m. Wayne Basden, Chrisco's attorney and Wayne Burns, district attorney, will begin questioning jurors who have not been excused in an attempt to find 12 persons in Howard County to serve on the jury.

## Why Read Faster?

- If a \$20,000 a year executive can save only six minutes every hour through better reading he saves \$2,000 a year.
- A college student is expected to buy at least 84 books in his 4 years. He is expected to read at least twice that number.
- Colleges are now rejecting 3 out of 10 High School graduates because today's youth can't read well enough.

**STRIFE AT SQUATTERSVILLE**—Clasping his stomach, an unidentified man is helped from Piccadilly area mansion in London Saturday. The mansion which has been occupied by Hippie squatters for the past five days was the scene of a fracas in which two persons were arrested.

## Bogside's Big Problem Still Unemployment

LONDONDERRY, Northern Ireland (AP) — The barricades are coming down in Londonderry to be replaced by "the Bogside line"—a line of white paint around an area with 27,000 people.

The Royal Ulster Constabulary will step across this line at its peril. A police car, which came close to the area Friday, was instantly attacked with a gasoline bomb.

"We'll never let the police in here again," said a member of the Citizens' Defense Association, which runs the Bogside. "They're out and they can stay out."

Twice this year, for a week in January and this time for more than five weeks, Londonderry's Bogside has declared its independence behind a score of barricades. The barred area now includes not only the maze of red-brick streets of Bogside but also the neighboring Creggan district, a Roman Catholic housing development.

Now, under agreement with the British army, the barricades are to fall again, probably on Monday. In return the army has given an assurance of protection from attack and has agreed that the police and so-called "B Specials" will not enter the area.

The big barricade across Rossville Street, where Bernadette Devlin led her troops into action under the plough and stars flag of Irish socialism, is gone to allow progress with a road-widening scheme.

Miss Devlin has gone, too, taking a rest in the neighboring Irish Republic. A spokesman for the Citizens' Defense Association said that so far as he knew none of the money she collected in the United States has yet been distributed.

Chronic unemployment remains the Bogside's basic problem. About 2,000 men in the Catholic area are out of work. Some have never worked.

Tommy Carlin, 45, a member of the defense association, has had only two years' work in his native city. He gets \$29.40 a week in unemployment pay for himself, his wife and six children.

In the city as a whole the unemployed total 3,471 in a population of 57,000. More than 17 per cent of the adult male population have no jobs. The situation produces its own merciless equation—unemployment equals instability and instability frightens away potential employers. Yet the city's shirt manufacturers and other employers say the trouble on the streets has seldom spilled over on the factory floor.

Compared with Belfast, Londonderry is in fact a haven of peace and harmony. Three days of riot and street fighting last month were a straightforward confrontation between the police and the Bogside Catholics.

## Yarborough Lauds Nixon's Proposal To Change Draft

WASHINGTON (AP) — Democratic Sen. Ralph W. Yarborough praised President Nixon's proposal to alter the draft, although he said the Selective System needs far more than a token reform.

The Texas Democrat, frequently critical of Nixon, said "I am personally very much encouraged by President Nixon's announcement that he is finally willing to take some steps to make the Selective System more equitable."

He said he hoped Nixon would support legislative reform bills now pending, sponsored by himself and Sen. Edward Kennedy, D-Mass.

Yarborough said reductions of draft calls and changes in the age of maximum draft eligibility don't in themselves constitute real reform.

This goal cannot be achieved until we guarantee draftees the right to counsel before draft boards and when appealing decisions of draft boards," he said.

He said the Selective Service appeal board must be a reality for all citizens, instead of being a tool of the director of the draft.

## 60 PASO Pickets Protest Jailing Of Kingsville Teen

KINGSVILLE, Tex. (AP) — Some 60 pickets from the Political Association of Spanish Speaking Organizations paraded in front of the Kingsville jail Saturday, protesting the jailing of a Mexican-American youth.

The marchers were carrying signs that read, "Chicano power," "Alcorn the Hanging Judge," and "No justice in Kingsville."

They were protesting the jailing of Juan Pablo Morales Anzaldua, 17, after he was accused of loitering on the Kingsville High School campus.

Humberto Pena, a junior at Texas A&I University and chairman of the student chapter of PASO, said Anzaldua had been arrested, charged, tried, convicted and sentenced in less than three hours, Thursday.

Pena said when Anzaldua asked if he were guilty, he had replied, "Guilty. I guess guilty; guilty. All chicanos are guilty."

Kingsville Police Chief Paul D. Hulsey said the remarks were made in a "loud and disrespectful voice."

Judge Robert Alcorn fined the youth \$25 for loitering, \$100 for contempt of court and gave him three days in jail on the contempt charge.

"This is a classic example of chicanos being taken advantage of by the gringo, who has subverted the legal system to use the courts to enforce racism," Pena said.

## Sheriff Hopes To Avoid Jail

WORCESTER, Mass. (AP) — Worcester County Sheriff Joseph A. Smith is appealing a two-month sentence to his own jail.

He was sentenced and fined \$35 Thursday by District Court Judge Walter D. Allen on charges that he left the scene of an Aug. 5 highway accident in suburban Rutland.

Smith testified that he left to drive a short distance to his home where he unsuccessfully tried to reach Rutland Police Chief John Collins. Two persons injured in the accident were released after hospital treatment.

Judge Allen released Smith in personal recognition after the sheriff's lawyer appealed the case to Superior Court.

## Manned Balloon Flight Fizzles

PALESTINE, Tex. (AP) — Their balloon lost its 55,000 cubic feet of helium and came crashing to the ground Saturday in an attempt to set a world endurance record for manned balloon flight.

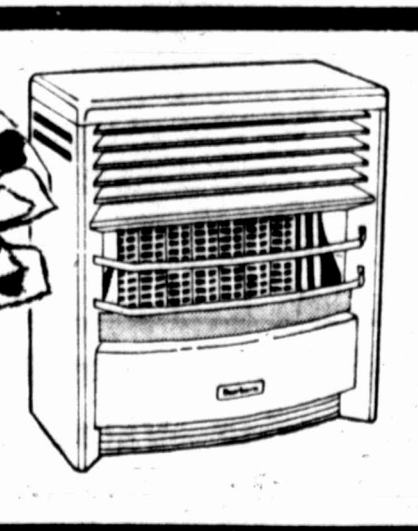

Stehling and Overs, of Washington, D.C., tried to set the record and Overs, of Pittsburgh, Pa., last year, too, but never got off the ground because of bad weather.

Neither has announced any plan to try again.

## U.S. To Use Mobile Strike Forces To Meet Red Threat

SAIGON (AP) — The U.S. Command will use mobile strike forces based on land and at sea to meet a threat by 30,000 North Vietnamese troops along the demilitarized zone once the 3rd Marine Division is withdrawn, official sources said Saturday.

This appears to be the future pattern of American strategy across South Vietnam as more and more U.S. troops are pulled out, leaving broader areas for the South Vietnamese armed forces to cover.

Sources indicated some allied forces would be shifted to cover the 45-mile length of the demilitarized zone being vacated by the Marines. But this still would not be enough to meet the threat of the equivalent of three North Vietnamese divisions should they decide to attack across the zone.

The major burden of covering the northern frontier once the 3rd Division leaves by Dec. 15 will fall to the South Vietnamese 1st Infantry Division with about 18,000 troops. This is probably the best division in the South Vietnamese army.

Mobile strike forces for the northern frontier could come from the U.S. Army's 5,000-man 1st Brigade of the 5th Mechanized Division and Marines afloat off the coast of Vietnam.

Once the remaining two regiments of the 3rd Marine division pull out, the only American forces in the northernmost province of Quang Tri will be the mechanized brigade unless other U.S. units are moved in.

Official sources said President Nixon is taking a calculated military risk in withdrawing the 3rd Marines as part of his recent 35,000-man troop pullout order.

The sources said Nixon presumably decided on the Marines because "action lately along the northern frontier hasn't been spectacular."

One of three infantry regiments in the 3rd Division—the 9th Marines—was withdrawn in July under Nixon's initial 25,000-man cutback.

The remaining two regiments being pulled out are the 3rd and 4th Marines.

The 9th Marines had covered the extreme northwestern quadrant of South Vietnam, a slice of

territory 15 miles wide and 30 miles deep. It extends from the DMZ southward and from the Laotian border eastward and includes the abandoned Khe Sanh combat base.

## MOTHER OF EIGHT PAYS WITH SHIRT OFF HER BACK

LANGLEY, B.C. (AP) — A mother of eight paid her city taxes this week with the shirt off her back.

Mrs. Henry Gisler, 36, stripped off her blouse at the Municipal Hall counter in this Fraser Valley village and handed it to a surprised

clerk. On the back was a check for \$267.60.

Mrs. Gisler said she was protesting a tax. She said she donned a jacket—"I didn't want to be arrested for indecent exposure"—and walked out.

## Rains In Far West Texas Aid Crops

COLLEGE STATION, Tex. (AP) — Rain and cool weather last week delayed maturing crops and harvesting. But said Director John Hutchison of the Texas Agricultural Extension Service, ranges are responding, stock water supplies are greatly improved, and moisture for grain planting and other fall crops is now generally adequate in many sections of the state.

Hutchison noted that warmer, sunny weather would be welcomed in areas where crops are still not fully matured, while in many other areas open weather is needed for completing the harvest of crops cut short by the prolonged dry, hot weather.

All but eastern and northern sections of Texas have failed to share in the generous moisture received in other sectors, Hutchison said.

District agents summed up their situations this way. Wet cool weather on the South Plains is slowing the maturity of cotton and causing some regrowth in counties south of Lubbock. The corn and grain sor-

ghum harvests have been slowed but will rapidly increase with dry, sunny weather. Rains have improved soybean prospects. Ranges are better. Early wheat is up to a good stand. First bales of cotton have now been ginned in at least four counties.

Rains have been general over the Rolling Plains (Vernon) and moisture is adequate. Most farming activities have stopped. First bales of cotton have been ginned in several counties. Boll weevils and bollworms caused some damage. Hay and sorghum harvesting was active where field conditions permit. Guaf and ranges are improving.

In North Central Texas, only Jack, Parker, Wise, Tarrant and Grayson counties have adequate moisture. All others report short to very short moisture. The cotton harvest is on but yields are way below average. Farmers are planting grains and others are preparing seedbeds. In the more favored counties, ranges were in fair condition but dry in all other counties. Livestock are in fair condition.

Spotted rains in Far West Texas have helped crops and ranges. Cotton harvesting picked up, vegetables made excellent growth. Livestock shipments increased.

Moisture is now fully adequate in all West Central Texas except spots in Irion, Schleicher and Sterling. Grain planting has started and will pick up as fields dry. Some army worm damage was noted in McCulloch and Tom Green counties. Peanuts look good. Despite light insect and disease damage, Scab and weevils are causing considerable shedding of pecan trees and the crop outlook is only fair. Ranges are green and growing and grazing prospects improved. Livestock are in good condition and the market is strong.

Moisture ranged from short to adequate in South Central Texas. Gardens, peanuts and ranges had received much benefit from the recent rains. The condition of livestock was good.

Cotton stalk destruction in South Texas has been delayed by wet fields. Moisture ranges from short to adequate. Cabbage, cauliflower, lettuce and spinach are being planted and some fields are up to good stands. Pastures are green and growing and livestock are generally in good condition. Some grain planting has started.

**QUACKS STEAL TIME FROM YOUR LIFE**

Medical quackery is still a multi-million dollar business and it is growing all the time. Every day they steal, not only money but more importantly, precious treatment time from the misguided sufferer. Most frequently these quacks prey upon people with Arthritis, Rheumatism, skin disorders, obesity and cancer.

Always consult with licensed physicians, dentists and pharmacists. When in doubt check with your local medical society or public health authorities. Beware of the promised quick-cure or medical gadget unless your physician approves.

**YOU OR YOUR DOCTOR CAN PHONE US** when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

# Texas Colleges Gear To Head Off Student Trouble

By ROBERT E. FORD  
Associated Press Writer

Texas colleges and universities, watching the students pour in this fall, are taking note of college unrest over the nation and some inside Texas, but say they expect none of the so-called campus confrontations. At the same time, most are gearing up to listen to the students in advance of trouble and thus possibly forestall any that could arise.

This appeared the picture from a survey of several institutions, large and small, by The Associated Press. Some have had student troubles of varying severity. Of the universities and colleges surveyed, only the mammoth University of Texas with its 35,000 or so students said it is beefing up its campus security force and this largely is because of the school's growth. And on the issue of more black courses, a major point of dispute in some colleges in the nation last year, several Texas schools surveyed say they have added such studies. Others are resisting separate black studies, saying Negro history and the like should be a part of the total picture of America—that is, they should be included in standard, general courses.

The University of Texas at Austin, which has its share of unconventional students, has had minor demonstrations, mostly parades and picketing. Austin police say that militants on the university campus there could not mount more than a couple of hundred serious demonstrators.

Frank Erwin, chairman of the regents, said, "These radical units are too small to cause any real trouble themselves without getting help from the big majority of real, legitimate students, and so far we have been successful in preventing this."

Student groups regularly appear before Erwin and the other regents. And President Norman Hackerman says he normally has conferences with student groups several times a day.

Texas A&M University was the first institution in Texas to have major troubles shortly after World War II and learned from that how to cope with them.

This was at a time when A&M was filled with veterans who knew how to organize men. But the demonstrations were non-militant although massive and A&M found all that was needed was to talk with the students, Jim Lindsey, public information director at A&M, said. "Students here have always had a strong voice in the affairs of the institution. Each year we include them more and more in university business. There is actually the chief bone of contention."

Last spring, 15 Negro students presented a set of demands to the school in an orderly manner and these were referred to the board. There was no trouble. A&M feels that black studies should be a part of the total education, not separate.

Southern Methodist University at Dallas seemingly came close to trouble last year when 34 blacks, their leader a non-student, pressed a set of demands on the school. They remained in the president's office for five hours emphasizing their stand. One of these demands was that SMU recruit 500 black students for this semester.

There was some talk of reducing this to 200. Then the school announced recently that 50 had been recruited to add to the 60 or 70 expected to return. School officials said more could not be obtained without raiding all-Negro colleges.

A spokesman for SMU said "We are a little ahead of the game now. Our student involvement policy dates back to 1962 when we anticipated some legitimate student complaints nationally so we were able to meet them." The school has set up a grievance committee.

The most serious trouble last year came at small Wiley College in Marshall. The Methodist institution is all-Negro. Students boycotted classes for several days but there were no riots or damages.

## Five Breakins Investigated

Five breakins, in two of which items were taken, were being investigated by Big Spring police Saturday.

Approximately \$104 was taken from Martin's Laundry and Cleaning Village in Highland Park Shopping Center, L. C. Pierce, 1602 Marcy, victim of the burglary, said the money was taken from a cabinet drawer in an office at the rear of the building. The front door of the laundry had been left open Friday night.

Janice Brown, 900 Johnson, told officers two boxes of old assorted coins, the amount of which was unknown, were taken in a breakin at the Roadrunner Club, 3800 W. US 80. Police said entrance was gained by prying a lock off an east door of the building.

Police also were investigating breakins in which nothing was found missing at Montgomery Ward, Gandy's Creamery, and Big Spring High School.

Officers said nothing was found missing in a breakin at the industrial wing of the high school. Entrance was gained by knocking a hole in the window of a door and unlocking it from the inside.

The tools used in a burglary of a small safe in the office of Wards were found by officers near the scene of the crime. Officers said that even though the safe had been opened, nothing was reported missing from the store. Entrance to the building was gained by prying open a south door.

At Gandy's Creamery, 3210 E. Marcy St., police said a filing cabinet and three desks had been pried open Friday night, but nothing was found missing. Entrance was gained by breaking open a rear door.

## Fire Bombs In Stores

SAN JUAN, Puerto Rico (AP) — Fire destroyed a Woolworth's store in the Santurce section of San Juan early today and police reported the discovery of nine unexploded incendiary bombs in three other American-owned stores and a Puerto Rican supermarket.

Police said the fire at Woolworth's caused about \$750,000 damage but a store official estimated the damage at \$1.5 million.

The cause of the blaze was not immediately determined. Seven of the bombs were found Friday night in two American-owned stores in the San Juan metropolitan area. Four were in Woolworth's at a shopping center in Hato Rey and three more at Lerner's shop in Santurce.

A Woolworth's official said the fire at the Santurce establishment occurred even though employees were inside the store in case such an event came about.

This precaution was taken by some stores on advice from police that a new terrorist wave might be in store for the island. Terrorist activity was directed against U.S.-owned commercial establishments many times last year. A group of persons were arrested early this year in connection with the terrorist campaign. Their trials are still in the preliminary phase.

## Hurled From Car

TEXARKANA, Tex. (AP) — Welton Mitchell, 41, of Atlanta, Tex., died Saturday when his car ran off Farm Road 2791 near Queen City, Tex., 35 miles southwest of Texarkana. Officers said Mitchell was thrown from the car.

GOVERNOR FOR DAY—Sen. J. P. Word, Meridian, takes the oath of office from Dist. Judge Truman Roberts, Hamilton, in Saturday's Governor-For-A-Day festivities at the capitol. Word's 6-year-old daughter, Amy Alice, watches. Word, as Senate president pro tempore, was acting governor while the governor and lieutenant governor were out of the state.

## 'This Is Your Building, Enjoy It,' Word Urges

AUSTIN (AP) — Sen. J. P. Word of Meridian was Texas' governor for a day Saturday. "This is your building, enjoy it," the 40-year-old, 6-foot-4 former county judge of Bosque County, urged the throng of home district supporters who came to the Capitol to help him.

## Tube Under Bay Is Dedicated

SAN FRANCISCO (AP) — The mayors of San Francisco and Oakland met 89 feet below the surface of San Francisco Bay Friday to dedicate the \$90 million transbay tube of the Bay Area Rapid Transit District.

Joseph Alioto of San Francisco and John Reading of Oakland rode workmen's cars with some 100 guests to a ribbon-cutting ceremony in the center of the 3.6-mile underwater segment of the new transit system.

Another \$50 million will be spent in the tube on electrification, ventilation and train control equipment before the first commuters will ride the system in mid-1972, a transit district spokesman said.

## Blue Angel Pilot Unhurt In Crash

SAN FRANCISCO (AP) — Two pilots in the Navy's "Blue Angel" jet flight demonstration team escaped injury in a brushing collision that sent one of the planes plunging into San Francisco Bay Friday. Marine Capt. Vince Donile, 29, of Park Ridge, Ill., ejected from his plane and parachuted 4,000 feet into the bay, where a Coast Guard helicopter rescued him unhurt minutes later.

enjoy the festivities. As president pro tempore, or assistant presiding officer, of the Senate, Word became acting governor when Gov. Preston Smith flew to Alaska Saturday and Lt. Gov. Ben Barnes went to Berkeley, Calif., for the University of Texas-California football game. Smith was attending the Interstate Oil Compact Commission meeting in Anchorage.

Word was sworn in by Dist. Judge Truman Roberts of Hamilton. After the swearing-in ceremony in the Senate chamber, there was a coffee and cookies reception in the governor's reception room.

Sen. and Mrs. Word, with their children, Charles B., 14; J. P. Jr., 11; and Amy Alice, 6, then had a private luncheon at the governor's mansion with other close members of the family.

During the day various musical groups gave concerts in the rotunda of the capitol including the Hamilton, Clifton, Egnis, Stephenville, Gatesville and Fredericksburg high school bands and the Hillsboro Junior College choir.

Saturday night there was an official dinner for the governor for a day with numerous speakers including Chief Justice Robert W. Calvert of the state Supreme Court; Atty. Gen. Crawford Martin and Dr. Abner McCall, president of Baylor University.

Word was elected president pro tempore at the end of the first special session for the interim but was re-elected because the interim lasted only 11 hours before the second special session started.

At the end of the second special session, Sen. Criss Cole of Houston was elected to succeed Word but Cole delayed taking his oath of office until after Word's governor for a day celebration. Cole will be sworn in Monday in Houston.

Dr. Andre Angyan, a new neologist at the Big Spring State Hospital, is attending the International Conference on Electroencephalography in Los Angeles, Calif. Dr. Angyan has just recently joined the staff of the hospital, coming here from Galveston. He is a native of Hungary.

## At Conference

Services for Mrs. Edna Graves Blake, 68, who died Thursday, were held Saturday in the Nalley-Pickle Funeral Home Rosewood Chapel at 3:30 p.m. The Rev. Leo K. Gee, pastor of the First United Methodist Church, officiated, and burial was in Trinity Memorial Park.

Pallbearers were Kirby Horton, J. D. Leonard, Ronnie Suggs, James Craig, Morris Burns and Charles Ray Phillips. Surviving Mrs. Blake are one uncle, two nieces, and several cousins.

## 'Chuckie' Norton, Services Pending

Services for Charles (Chuckie) Byron Norton Jr., 7, son of Mr. and Mrs. Charles Byron Norton Sr. of Kingsville, are pending in Piquayune, Miss. Born in Bremerton, Wash., Norton died at 6:15 p.m. Friday in Big Spring Nursing Inn.

Local arrangements were handled by Nalley-Pickle Funeral Home. Survivors include his parents, a brother and two sisters.

## Demolitions

Eight more hazardous structures were demolished during August, according to the monthly report of the city building inspector. Twelve others are in the process of being demolished, while seven property owners were notified of hazardous structures. There have been 61 structures demolished since February.

## DEATHS

## AT SNYDER GATHERING Preservation Of Ranching Heritage Given Emphasis

SNYDER — They stirred the embers of old cattle camps here Saturday, and a dream three years in the making and "40 years too late" rose in the form of a Ranch Headquarters Association.

It is open to all ranching people, said Dr. Grover Murray, president of Texas Tech. "The association will strive to keep alive and perpetuate the traditions, the intrinsic values and the authentic history of the ranching industry," he told a luncheon gathering of 150 members of old ranching families gathered at the Snyder Women's Club.

Everyone joining in 1969 will be counted a charter member. The association is a back-up agency for the Ranch Headquarters which will preserve many of the early day ranch houses and buildings on a 12-acre tract carved out of the ICSALS complex on the Texas Tech University campus.

John Lott, Lubbock, manager of the Slaughter ranch enterprises, and Jerry Rogers, new director of the Ranch Headquarters, told how the project will detail the cavalcade of Texas ranching history from the early days of the 19th century through the Civil War, the great cattle drives and the legendary spreads in West Texas. Lott illustrated with colored slides while Rogers explained how the buildings would be screened from outside modern vistas and separated one from another by earth beams.

BUILDINGS PLACED Already, many original early-day buildings, all the way from Gonzales to the XIT in the Panhandle have been pledged to the new center. Assisting in the preservation and procuring of these architectural gems, ranch furnishings, operational equipment and other items associated with ranching, as well as ranch records, and raising finances will be objectives of the new association.

Under the leadership of Mrs. Wilson (Elizabeth) Connell, Snyder, threw an old fashioned "dugout party" in the Scurry County Coliseum. An amazing array of relics from pioneer days, treasured photographs, costumes, guns, saddles, artifacts and a host of other items were on display. So were some pioneer delicacies.

PERIOD COSTUMES Many of the ladies of ranching families were in period costumes of half a century or more ago. Fiddle bands livened the mixture with music, as did a Western-clad chorus.

The Diamond M. Museum of C. T. McLaughlin, with its treasures of art and sculpture, was kept open during the afternoon. The Palmetto Club had displays both at the luncheon site and the coliseum.

Scores upon scores of members of ranching families came to the gay party, many like Mrs. Florence Leftwich, retired school teacher and daughter of pioneer ranchers, who had seen 80 summers come and go in Scurry County.

PART OF HISTORY "As a result of the gathering here today," said Mrs. Connell.

VON BRAUN WOULD ORBIT PRESIDENT WASHINGTON (AP) — Rocket expert Werner von Braun has suggested the United States might celebrate its 200th anniversary in 1976 by sending the President on a space flight.

"Somebody may want to do something spectacular in this time period," von Braun was reported today as telling the Senate Space Committee in a closed hearing last month. "One possibility would be for the president of the United States to visit an orbital space station in 1976 and fly as a passenger on the reusable vehicle."

NEW YORK (AP) — American Brands, whose cigarette commercial prompted Debbie Reynolds to threaten to quit after the first night of her new television show, has withdrawn as a sponsor, leaving the field to producers of food, drugs and shampoo.

TEMPLE, Tex. (AP) — A collection of Mexican paintings, exhibited under the name of "Mexican Fiesta," is being shown at the Cultural Activities Center this week. The works are being shown by Tom Ruby of San Marcos.

HOLLYWOOD (AP) — Actor Macdonald Carey's wife of 28 years was awarded custody of five of their six children in a final divorce decree after she testified he refused to discuss family problems and stayed out overnight.

Carey, 56, was ordered Thursday by Santa Monica Superior Court to pay \$2,200-a-month alimony and all of the children's expenses. The children range in age from 13 to 22. The Careys separated Jan. 1, 1968.

CAIRO (AP) — Libyan Premier Mahmoud Suleman el Moughrebi said the U.S. Air Force will have to vacate its giant Wheelus airbase when the treaty runs out in December, 1970, the Middle East News Agency said Friday in a dispatch from Tripoli.

The move will also affect Britain, which has a base at Al Adem. Britain's lease runs out in 1971. The Wheelus base is the Air Force's largest overseas training facility.

NEARLY 100 persons attended the Old Settlers Reunion here last week. Cmdr. Ralph Prentice and Maj. Max Prentice, both retired, spoke.

"we hope that this area at least will be represented in any record of ranching history in Texas."

Among the many buildings to be moved to Tech for the Ranch Headquarters is the box and slat headquarters for the west camp of the Long S (Slaughter Ranch) unit that covered half a million out of a spread of more than three million acres stretching from Big Spring north and west; also a blacksmith shop on the Renderbrook (Spade) ranch in southern Mitchell County.

Introduced at the luncheon was Dr. W. C. Holden, whose genius and dedication to the region's heritage, inspired the undertaking, and his wife, Lucy Holden. They are president and secretary of the association, and Dee Burns, Lubbock, early day cowboy and a moving force in the project, chairman of the board.

"Now," said Lott, "is our last opportunity to collect and preserve that which will soon be lost and gone forever. We are 40 years too late in starting."

Among guests present were Gus Shaver, Kansas City sculptor of Western art, State Rep. Renal Rosson, and Dub Rogers, mayor of Lubbock, as well as Dee Burns, Lubbock, one-time early-day cowboy and a moving force in the organization; and Mrs. Helen Jones, (Mallet Ranch) Lubbock, whose generous gift got the Headquarters project moving.

Continental Oil Co. is planning a 2,600 foot venture in the Howard County Howard-Glasscock (San Andres) region. No. 1-B G. O. Chalk is six miles east of Forsan, 2,310 feet from the south line and 1,710 feet from the east line of section 114-29, W&NW survey.

In Garza County Garlyn Drilling Corp. has scheduled No. 1 Crump for exploration of the Clear Fork at 3,500 feet. The wildcat is 853 feet from the north line and 467 feet from the east line of section 26-6, H&GN survey—one mile south of Justiceburg.

The Big Spring Planetarium will present a program entitled "The Seasons" Tuesday at 7:30 p.m. at the planetarium. Afterwards the audience will be given the opportunity of looking through planetarium telescopes. The public is invited, and is asked to use the west entrance off Tenth Street.

Wednesday has been tentatively scheduled as the day for the informal session of city officials with the U.S. Army Corps of Engineers, according to City Manager Larry Crow. He said the city is waiting information of the date.

At the session the city will get an unofficial report on the progress of the Beal's Branch drainage project, which is part of the city's Master Plan. Crow said he does not expect definite commitments or concrete proposals to be made at this time.

Big Spring firemen Saturday extinguished two fires. Heavy damage was done to a used car when it caught on fire at 4:55 a.m. Saturday at the James Weaver Used Car Lot, 411 W. Third. Firemen said cause of the blaze was unknown.

A small grass fire in the Texas and Pacific Railroad yard was extinguished by firemen at 2:05 p.m. Saturday. Cause of this blaze also was unknown.

SAN FRANCISCO (AP) — Police and the district attorney's office received a dressing down from a Municipal Court judge Friday for not cracking down on gambling by whites.

"In the 13 years that I've been a judge here," Judge Albert A. Axelrod said, "there hasn't been a white man brought before me for gambling."

The judge had just fined 25 Filipino-Americans who pleaded no contest. They were arrested for playing a card game.

Cigarettes Out For Debbie Show NEW YORK (AP) — American Brands, whose cigarette commercial prompted Debbie Reynolds to threaten to quit after the first night of her new television show, has withdrawn as a sponsor, leaving the field to producers of food, drugs and shampoo.

## CRMWD Will Study Budget

A budget, bound to show a sharp increase by reason of a completed expansion program, will be shaped here Thursday when directors of the Colorado River Municipal Water District convene.

With completion of Lake E. V. Spence and the projected completion of supply lines and pump stations prior to the new budget year starting Jan. 1, the district will add considerable operating expense as well as debt service on \$34,500,000 in new obligations.

The personnel committee composed of Lyle Deffebach, Snyder, Dr. Lee O. Rogers, Big Spring, and P. C. Harbour, Odessa, will meet at 9 a.m., an hour before the board meeting. The budget committee made up of H. S. (Duke) Sampson, Odessa, Robert W. Currie, Big Spring, and Dr. John Blum, Snyder, will take a final look at the proposed budget at 9:30 a.m.

Pickle and his partners, Robert Mueller and Sherman Birdwell, brought suit over the \$350 per acre awarded by a special condemnation commission in 1966 for 550 acres of land taken in the Decker Lake project. A part of the land was purchased in 1959 from John Connally, then a Fort Worth attorney who later became governor.

Mueller testified during the trial that several pieces of property had been sold in the area for "substantially more" than the landowners received from the city.

AUSTIN (AP) — The 11-day trial of a suit in which U.S. Rep. J. J. Pickle and two partners were involved ended Friday night in a hung jury.

County Judge David McAngus ruled a mistrial after the jury reported it was hopelessly deadlocked after five hours of deliberation.

Pickle and his partners, Robert Mueller and Sherman Birdwell, brought suit over the \$350 per acre awarded by a special condemnation commission in 1966 for 550 acres of land taken in the Decker Lake project. A part of the land was purchased in 1959 from John Connally, then a Fort Worth attorney who later became governor.

Mueller testified during the trial that several pieces of property had been sold in the area for "substantially more" than the landowners received from the city.

TELEVISION AIMED MISSILE TESTED EDWARDS AIR FORCE BASE, Calif. (AP) — An air-troop ground missile that authorities say will be able to zero in on enemy tanks and field fortifications by using its own guidance system has been launched for the first time.

The eight-foot long, 500-pound missile, developed for the Air Force by Hughes Aircraft Corp., was given its debut test Friday at the Air Force Flight Test Center here.

Authorities said the missile uses an automatic television guidance system to track its target, and needs no assistance from the parent aircraft.

Fort Myers, Fla. (AP) — An 18-year-old boy who police said kept a detailed journal of his nocturnal activities was held here on six counts of breaking and entering.

Sgt. Harry Morse of the Lee County sheriff's office said that when officers arrested Alan Aulen they found a 60-page handbook detailing burglary activities. The book was entitled "Almafi Enterprises," Morse said, and was by "Alan Aulen Prop., alias Boop Drooper."

## PUSH FOR NEGOTIATIONS Middle East Crisis On Big Four Menu

UNITED NATIONS, N. Y. (AP) — The Middle East crisis and other world problems were on the menu at a dinner meeting Saturday night attended by U. N. Secretary-General U. Thant and the Big Four foreign ministers.

Secretary of State William P. Rogers, Soviet foreign Minister Andrei A. Gromyko, French Foreign Minister Maurice Schumann and British Foreign Secretary Michael Stewart were Thant's guests at a working dinner in his office suite on the 38th floor.

Thant told a reporter Saturday he invited them to the dinner "about a month ago" and all accepted "immediately."

Asked what he expected they would talk about he replied: "It's open for them to bring up any matter before the UN." But noting he considered peace in the Middle East of prime importance, Thant added: "It's natural that I might come out with this."

Before the dinner, observers speculated the ministers might also discuss how to get peace in Vietnam; when the Soviet Union and the United States might start talks on limiting missiles and antimissiles and when they might ratify the 1968 treaty against the spread of nuclear weapons.

The four ambassadors — Charles W. Yost of the United States, Jacob A. Malik of the Soviet Union, Armand Gerard of France and Lord Caradon of Britain — suspended talks in New York July 1 on how to settle the Arab-Israeli war of June 5-10, 1967, in line with the Security Council's resolution of the following Nov. 22.

## Three Blacks Seek Houston Political Jobs

HOUSTON (AP) — Judson Robinson Jr., became the third black candidate for a top leadership post in the South's largest city Saturday, when he announced for a seat on the city council in the Nov. 15 election.

About 200 black and white persons attended the news conference and heard a minister open the session with a prayer to "keep him from hurt and danger."

State Rep. Curtis Graves is seeking the mayor's seat and the Rev. D. Leon Everett Jr. is trying for a seat on the Houston Independent School District Board.

Neither of the three men have announced support of the other two. Each said he had a wide-spread multi-racial group supporting his campaign.

Robinson is a native of Houston and a real estate agent. "I'm running because I'm open-minded and willing to learn," said Robinson, 37.

Big Spring (Texas) Herald, Sunday, Sept. 21, 1969 7-A

A LITTLE BACKFIRE—Two Japanese leftist students are after during clash with riot police in Kyoto, Japan, Saturday. Their clothes were ignited when they tried to hurl Molotov cocktails at the police. They put out the flames by rolling on the ground and then disappeared into the milling crowd. Their condition is unknown.

## Senate Facing Speedup During Travel Season

WASHINGTON (AP) — The Senate is facing a speed-up—and right at the beginning of a new travel season.

Sen. Mike Mansfield, D-Mont., the majority leader, said Saturday he won't hesitate to summon senators abroad if they are needed to vote on major legislation.

"The conferences are important, but the most important area is the work here," Mansfield said. "We're not going to avoid any votes."

The conference-going season begins this week, and reaches its height in October. All told, 30 senators will be gone abroad during the next six weeks.

During that same period, the Senate will be carving away at a backlog of legislation which began piling up during the two full months devoted to a single bill. The \$20-billion measure authorizing weapons purchases, research and construction.

Mansfield already has outlined an ambitious schedule for the current week. It begins with the \$1.5-billion Interior Department appropriations bill. All the major money bills still have to clear Congress—even though the new bookkeeping year began July 1.

Ahead, in succession, are a measure extending nearly \$4.7

billion in federal housing programs; a bill increasing the federal program of food stamps for the needy to \$750 million, and doubling that figure next year; a complex water pollution control bill which would give the government new powers to deal swiftly with oil spills which threaten to foul beaches or waterways; and a proposal that the civil service retirement fund get pensions-balancing payments from the Treasury.

The Senate then turns to a far-reaching coal mine safety bill designed to control the dust blamed for black lung disease among miners, and to curb the risk of underground explosions. "Hopefully, all or most of these will be disposed of next week," Mansfield said.

The overseas assignments are about to begin, too. There are conferences on atomic energy in Vienna, lead and zinc in Geneva, economic cooperation in Paris, food and agriculture in Rome.

A dozen senators plan to attend the North Atlantic Assembly in Brussels, beginning Oct. 16, and 15 are to attend the Interparliamentary Union meeting in New Delhi, India. That one begins Oct. 30.

While President Nixon has relayed word he is disappointed at the congressional pace on his legislative proposals, Mansfield said the time for judgment has not arrived, and won't until the end of next year's session.

## THE WEEK

(Continued from Page 1)

now is past \$23,000, less than a fourth of the way to the all-important goal.

Success has greeted the Bible Class fund. Thanks to one of the most remarkable responses on record, the final day of formal appeal yielded \$1,188. Since then other supporters have come through so that the annual appeal with The Herald as receiving agent has neared \$3,900. With loyalty like this, the class can expect to continue for years.

On the religious front, we added two ministers — one is Ron Sellers, minister of the Carl Street Church of Christ; the other is Lt. Col. Frederick J. Kevetter, the wing chaplain at Webb AFB. Interestingly, Chaplain Kevetter is a former bombardier cadet at the old Big Spring Bombardier School (predecessor to Webb AFB) and has wings as a bombardier, gunner, navigator, and observer.

This week (Friday) Bishop Max Wiggins will visit the St. Mary's Episcopal Church.

Add to the list of local men who made good the names of Robert H. (Bob) Moore III, a BSHS graduate who earned his law degree at the University of Texas and who was sworn in as a member of the bar last week (he is associated with Jones and Milstead); and Rob-

ert N. Miller, son of Mr. and Mrs. Abe N. Bailey, 1100 E. 12th, who became executive assistant to Earl Gray, group vice president of Getty Oil in Los Angeles. Calif. Miller was among the founding students at HCJC in 1946.

Our weather last week was mostly overcast with small moisture. Vegetation was growing, particularly the weeds, as farmers will attest. The outlook for a good harvest continued firm. The area could still stand a tank and lake-filler rain.

The passing game still wasn't clicking as it undoubtedly will some of these weekends, but the Big Spring Steers made up for that with an explosive running attack to pen district play with a smashing victory over Midland Lee. In general, the defense looked good again, and thus the Steers may get tougher week by week.

This is Texas Highway Week, and you are urged to attend the luncheon Tuesday at the Settles honoring Garrett Morris, member of the Texas Highway Commission. Incidentally, Morris told the US 87 Highway Improvement Association last week in Brady he thought the best way to keep in contention for interstate designation of US 87, would be to have a road improved almost up to interstate standards.

Fifty-six bulls were tapped out for the annual Howard County South Plains Hereford Breeders sale during the annual selection tour last week. These, with several cows, will run the offerings past the three score mark, the largest in many years if not ever. The cattle should be in excellent shape for the show.

Some may have thought the invasion from Mars had started a week ago when a 3,000-pound balloon landed in the E. W. Flanagan pasture in the Moss Creek area. The "little green men" turned out to be a crew from Palestine, where the big trial balloon had been launched the day before.

Mamas and Papas who would be pleased to have Junior in a Cub pack are reminded of Cub night at the elementary schools Tuesday, 7:30 p.m. Teams will be at each school to make the sign-up easy. Every boy 8-9-10 is invited to be on hand.

## Solons Seeing First Hand Woes Of Texas Farmers

WAGGONER RANCH, Vernon, Tex. (AP)—Touring members of the House Agriculture Committee sped across farm and ranch lands of North Central and West Texas Saturday, viewing first hand the products and problems of farmers and ranchers.

The congressmen, traveling by bus, moved toward the conclusion of the Texas portion of their fact-finding mission at this historic old ranch just south of the Red River.

Headed by Bob Poage, D-Tex., chairman of the committee, the group resumes its tour Sunday in Denver, Colo.

FINAL LAP  
The final lap of the Texas journey took the congressman from Dallas through Denton and on to stops in the Wichita Falls, Seymour and Vernon areas.

The trip was narrated for the most part by Rep. Graham Furrell, Wichita Falls Democrat who represents most of this far-flung 13th Congressional District.

Among the highlights was a visit to the showplace Cauble Ranch, just north of Denton, for a special cutting horse demonstration.

"I think we need some kind of poverty program to build better horse farms in Texas," quipped one tourist after viewing the gleaming, ultra-modern arena which features among other things a picturesque spa called the Long Branch Saloon.

'BIGGEST BLIGHT'  
The day-long mission provided a glimpse of Longhorn cattle, vast cotton fields, Quarterhorses, mesquite, numerous livestock herds and a variety of crops.

As the bus rolled westward through Henrietta, a county agent told the group that "One of our biggest problems in this area is mesquite," which he said is choking off grass.

Purell called mesquite the "biggest blight" in his district and said an effective eradication program would mean "millions and millions of dollars" to farmers and ranchers.

'YES, THEY ARE'  
"Are any of the big chemical firms working on this?" asked Rep. Catherine May, R-Wash.

"Yes, they are," she was told. The tour is designed to help

guide the congressmen in recommending new farm legislation.

Agriculture Secretary Clifford M. Hardin will unveil before the full committee Wednesday the administration's farm program or at least that part ready for

consideration now.

"We expect this to include a land retirement program and continuation of the price support program, with some modifications," said Bill Black, committee general counsel.

Black added, however, that

ities on space programs also will be honored.

The astronauts are retired Marine Col. John H. Glenn Jr., the first American to make an orbital space flight, and Navy Capt. Alan B. Shepard Jr., the first American to make a sub-orbital flight.

The scientists are Dr. Werner von Braun, director of the Marshall Space Flight Center at Huntsville, Ala., and the leading authority on the Saturn 5 moon rocket; Dr. Kurt H. Debus, who directed the design of the John F. Kennedy Launch Center in Florida; Dr. Robert R. Gilruth, the director of the Manned Spacecraft Center; and Dr. Maxime A. Faget, director of engineering and development at the Manned Spacecraft Center.

The Apollo 11 crew was not eligible for the first group since recipients cannot be honored until at least one year after their achievements.

Four of the men to be honored Friday are deceased. They are Air Force Lt. Col. Edward H. White II, the first American astronaut to walk in space; Dr. Hugh L. Dryden, former National Aeronautics and Space Administration deputy director who figured prominently in charging the nation's goal to place men on the moon; Dr. Robert H. Goddard, a pioneer in the use of rockets to power booster systems for launching payloads; and Thomas, the former Houston congressman who was chairman of the House Appropriations subcommittee on space.

## 10 Space Pioneers Will Be Installed

HOUSTON, Tex. (AP) — Ten pioneers of the nation's space venture will be installed Friday night in the National Space Hall of Fame.

Sculptured bronze plaques of the first honorees will be permanently installed on a 40 by 60-foot panel facing the entrance to the \$11 million Albert Thomas Convention and Exhibit Center.

Other space figures will be added each year.

Retired Air Force Gen. Bernard A. Schriever, a Texan who directed the development of a ballistic missile program and the Air Force's initial space program, will be the principal speaker Friday.

"This will be the first time such a large number of astronauts, scientists, and administrators of the space program will be together at one location," said Leon Jaworski, Houston lawyer and banquet chairman.

## About your prescription eyewear...

Yes... you can be particular and economical, too!

The Doctors of Optometry associated with Texas State Optical help you guard against eye disease, eyestrain and poor vision with professional eye examinations. And if needed, they prescribe and fit finest quality eyewear for a nominal fee.

Credit terms are available at no additional charge. TSO offices are open all day on weekdays — until 1:00 p.m. on Saturdays.

Consult your telephone directory for the Texas State Optical office nearest you.

8 TSO 1988

Walk in, America.

You'll have a hard time finding a wagon as easy to get into as a 1970 Chevrolet.

Try it sometime. Climb into any other wagon, then climb into one of ours. Chevrolet wins in a walk: With a dual-action door that swings open without any jutting hinges. With a rubbered stair built right into the bumper. With a roof that slants thoughtfully forward so you won't hit your head. We've got eight models this year, all with an Anti-theft steering column lock, steel side guard beams, Full Coil suspension, Body by Fisher, Engines by Chevy. And an awful lot of room. Look into a walk-in at your Chevrolet dealer's soop.

Putting you first, keeps us first.

On The Move.

# Federal Bureaucracy Gets More 'Republican Flavor'

WASHINGTON (AP) — An aide to President Nixon says a reshuffling of personnel—such as occurred this week at the Office of Economic Opportunity—is part of a program to give the federal bureaucracy a more Republican flavor.

Harry Flemming, White House assistant in charge of screening new appointees, said Friday the President is vitally interested in seeing that the federal agencies reflect the GOP administration.

One way has been to create additional noncareer or Schedule C positions, Flemming said. Flemming said 56 such new jobs have been created in the Health, Education and Welfare Department alone, added to the 100 presidential appointee slots already existing in HEW.

He gave no total for the na-

## Optimists Plan Ladies Program

STANTON (SC) — The Stanton Optimist Club met Friday morning for its weekly breakfast at the Belvue Restaurant with Corky Blocker presiding. Optimists planned for Ladies Night Oct. 6 in Furr's Cafeteria in Big Spring. At this time, installation of officers will be held. Mr. Blocker will be president for the next club year.

## Optimists Honor Scotty Fisher

STANTON (SC) — Scotty Fisher, son of Dr. and Mrs. Allen Fisher of Stanton, was recently selected as the boy of the month of the Stanton Optimist Club.

Fisher, a senior at Stanton High School, is a member of the school football team and has been a member of the National Honor Society for four years. He is listed among Who's Who at Stanton High School, has served as a student council member, photographer for the school annual, is a member of the mathematics and science clubs, and has been in the state spelling bee for two years. He was one of two students selected by the Texas Farm Bureau to attend a Citizenship Seminar in Waco.

NEW DAIRY QUEEN — Dairy Queen No. 4, which opens today in the Coronado Plaza Shopping Center, is the fourth in operation owned by Walter Anderson of Kermit. Larry Anderson (above), his son, is district supervisor. Working in the background is Jerline Averitt.

# Second Dairy Queen To Open Here Today

Dairy Queen No. 4 in the Coronado Plaza Shopping Center, will be open for business today, according to Larry Anderson, district supervisor.

On the menu is a variety of burgers, sandwiches, and dogs, plus french fries, onion rings, tacos and steak fingers. The barbecue is from a special recipe that the firm has been using for the last 20 years, and the old-fashioned taco recipe, a production of eight-years experience, provides a tasty treat. Malts, shakes, sundaes, banana splits, and many types of ice cream treats will all be available.

Dairy Queens are nationally known, but locally owned. The Coronado Plaza Dairy Queen is the fourth begun (second in Big Spring) by Walter Anderson, Larry Anderson's father.

The elder Anderson started his first Dairy Queen 20 years ago in Kermit. At that time he introduced a short order food menu into the franchise besides the regular ice cream service, the first time it was ever done in Texas. His second Dairy Queen has been operating for five years in Monahans, and his third, 1506 E. 4th, has been in business six months.

The younger Anderson has been working in Dairy Queens since he was 10, but he started in earnest in the business after graduating from McMurry College five years ago.

"In another year or year and a half," the younger Anderson said, "we hope there will be a third Dairy Queen in Big Spring. In four or five weeks, construction will start on a Dairy Queen in Pecos we bought."

Dairy Queen No. 4 offers a colorful 56-seat dining area and for customers in a hurry, there is a drive-in window.

"The drive-in window," Anderson said, "will replace carhops; we will be able to serve our customers faster and have more personal contact with them. The drive-in window is twice as fast as carhops."

The Dairy Queen's kitchen is totally electric and stainless steel and is equipped with modern machinery, including a steam range that can heat frozen food in less than two minutes, a dressing table that's

heated to keep food warm while being fixed, and a 48-inch grill. Their bun toaster toasts evenly and crisply; it turns out one a year every 20 seconds, eliminates greasy hamburger buns.

"We will have weekly specials continually," Anderson said, "and they will be posted on our

marquee outside. So be looking for them."

Walter Anderson was born in New Mexico and now resides with his wife in Kermit. Larry Anderson lives by himself at No. 13 November; he has a brother in the Air Force, currently stationed at Cheyenne, Wyo.

# INSURANCE ISSUE Traffic Wreck Figures Differ

DALLAS (AP)—Gov. Preston Smith's special committee on automobile insurance rates apparently was influenced by figures that fail to reflect the true picture of traffic wrecks in Texas, the Dallas Morning News said Saturday.

The initial committee report, issued last week said there were 940,272 auto wrecks in the state last year and referred to the figure as representing a "public catastrophe."

The newspaper said, however, the number of accidents actually reported to local and highway patrolmen in 1968 was 328,526, according to the Department of Public Safety statistical service.

Data supplied by the actuarial staff of the State Board of Insurance reveals there were 218,000 private passenger collision claims filed with insurance companies last year, the newspaper said.

A unidentified member of the committee was quoted as saying a figure in the 300,000 range would have "weakened the industry's case for a raise in rates" in the eyes of most committee members.

"This figure (940,272) was kept in front of the committee,"

the newspaper quoted the committee member. "It was in everybody's mind all through the hearings. It made it look like the higher rates were all the fault of the drivers."

The member said the estimate seemed "fantastic" to him, but committee members "skimmed over it" because they wanted to expedite their report to the governor, the newspaper said.

Smith appointed the committee after an 114 per cent increase in car insurance rates was recommended. The State Board of Insurance is expected to set new rates by Oct. 1.

Sam Wood of Austin, a member of the special committee, said Saturday "We didn't skim over anything. We took them over they were given us by the DPS director from the annual report, that is available to everyone."

Sammy S. Sapp, the state insurance board rate actuary, delivered, at the committee's request, a special report on how much the Texas auto accident rate would have to be reduced to avoid any increase in auto insurance rates for 1969-70. Sapp's special report said the 940,272 accidents reported by the Department of Public Safety in 1968 would have to be reduced by more than 128,817 accidents or at least 13.7 per cent to avoid the 114 per cent average increase projected for family cars.

The special committee, headed by former Gov. Price Daniel of the Liberty, unanimously recommended that the state insurance board's recommended 114 increase be reduced to 9.9 per cent.

The board is scheduled to act before Oct. 1 on the committee recommendation in order to put the rates into effect Nov. 1.

## Eysen To Go

County Attorney Bill Eysen will represent Howard County at the 19th annual Attorney General's Law Enforcement Conference to be held at the Commodore Perry Hotel in Austin Sept. 25 through 27. Approximately 350 persons engaged in various phases of law enforcement are expected to attend the meeting.

# Dubcek's Fate Soon To Be Made Public

PRAGUE (AP) — The political fate of Alexander Dubcek and others prominent in Czechoslovakia's short-lived liberal movement last year has been settled.

Now the Communist party's 181-member Central Committee will vote on it at a meeting Thursday and then the public will find out.

This was the meaning of an announcement Friday night that the party's 11-member Presidium has called for the meeting Thursday to discuss "the present situation and tasks facing the party."

The Presidium's decision is enough to assure approval by the Central Committee. Minority opinion or dissent will not be made public.

The announcement by the Presidium, to which Dubcek still belongs, indicated that after weeks of postponement and disagreement among party chief Gustav Husak, Dubcek and an anti-Dubcek extremist faction, a decision has been reached on fixing blame for events that led to the Soviet invasion.

Speculation was that Dubcek will lose at least his Presidium seat, and Josef Smrkovsky and a host of other Dubcek supporters probably will be purged from the Central Committee.

Dubcek is reported prepared to resign his remaining party posts and his government office, president of the federal Parliament. However he is said to have resisted demands to perform the Communist ritual of self-criticism.

Dubcek, 47, led the party until April when Husak took over. He is still one of Czechoslovakia's most popular figures.

# Vital Cotton Talks Slated

STAMFORD — Four matters of vital concern to every cotton producer in West Texas are scheduled to be considered at the annual membership meeting of the Rolling Plains Cotton Growers Inc. Tuesday, in Abilene.

The meeting, with registration to begin at 9:30 a. m., will be held in the new County Coliseum at the Taylor County Exposition Center, east of Abilene on State Highway 36.

Problems to be discussed by specialists in the particular fields include the following:  
1. Provisions for cotton in the new farm program to be enacted by the U.S. Congress upon expiration of the Food and Farm Act of 1965 which ends with this crop year.

2. A unified insect control program, geared to exterminate the boll weevil that will be both effective as well as economically sound.

3. Prospects for expanding consumption of cotton at home and abroad.

4. Possibilities of expanding both domestic and export cotton markets.

# New Manager Of Leeds Store

Mundo Luna has been named the new manager of the Big Spring Leeds Shoe Store after 10 years as a manager in training with the El Paso store.

Luna moved his family to Big Spring Monday, and they will be living at 1019 Johnson. He and his wife, Martha, have three children: Armando Jr., nine-years old; Manuel, eight years; and Martha Yvette, born a month and a half ago.

# Texans Among Viet Casualties

WASHINGTON (AP) — The names of 13 men killed in action are on the latest Defense Department casualty list from the war in Vietnam.

Included were these Texans: Sgt. Larry E. Sweet, husband of Mrs. Glenda K. Sweet, 1314 Beard St., Dumas.

Lance Cpl. Troy O. Coker, son of Mr. and Mrs. Orion E. Coker, 4630 Chrystell Lane, Houston.

Pfc. Florencio R. Ramirez Jr., son of Mrs. Clara Ramirez, 127 King Rodger, San Antonio.

Missing as a result of hostile action was Spec. 5 Marvin R. Robinson, son of Mr. and Mrs. Sampson Robinson, Route 3, Box 148-J, Livingston.

DALLAS IS AT HOME TO ST. LOUIS CARDINALS

# NFL Launches 50th Season On 8 Fronts

By The Associated Press  
The National Football League opens its 50th season, the last under the present structure, with an eight-game program Sunday that is expected to draw over 400,000 fans.  
In the final year before realignment moves Cleveland, Pittsburgh and Baltimore into the American Football League division, the NFL again will operate with four divisions—Capitol, Century, Coastal and Central—with the ultimate survivor meeting the AFL champ in the Super Bowl, Jan. 11 at New Orleans.  
**DIVISION SHIFT**  
New York moves into the Century Division and New Orleans shifts to the Capitol for 1969 only. The entire league will be realigned next year.  
Under the 1969 pattern the clubs are listed as follows:  
Capitol—Dallas, New Orleans, Philadelphia, Washington.  
Century—Cleveland, New York, Pittsburgh and St. Louis.  
Coastal—Atlanta, Baltimore, Los Angeles and San Francisco.  
Central—Chicago, Detroit, Green Bay and Minnesota.  
Baltimore, the defending champion, meets Los Angeles in an opener before 56,000 at Baltimore, a game that should set the pattern for the Coastal race. They'll meet again on the last day of the season. The Colts won both games last year 27-10 and 28-24 and go in with a perfect 6-0 exhibition record while the Rams were 4-2.

Chicago and Green Bay continue their ancient series with a 101st game at Green Bay in another game with an important bearing on the dog-eat-dog race in the Central Division. Before a capacity crowd of 50,800, the Bears beat the Packers 19-9 in an exhibition.  
Alex Webster will make his debut as head coach of the New York Giants at home against the Minnesota Vikings before the usual 64,000 customers at Yankee Stadium, the Giants' 51st straight sellout.  
Vince Lombardi's Washington Redskins make their bow in New Orleans where 75,000 are expected. Philadelphia counts on 60,600 at Franklin Field to see the shock-up Eagles make their first start under coach Jerry Killip against the Cleveland Browns, defending Eastern Conference champions.  
**MORTON DOUBTFUL**  
Dallas will have 63,000 in the Cotton Bowl when the Cowboys, with Craig Morton a doubtful starter at quarterback, facing the St. Louis Cards. If Morton, who has a dislocated finger, can't make it, the Cowboys will be directed by Roger Staubach, the former Heisman Trophy winner from Navy.  
Detroit, which closed its exhibition season with a 5-1 record, opens at Pittsburgh where

40,000 are due to turn out for the first appearance of the Steelers under new coach Chuck Noll. Atlanta will be at home to 55,000 fans and the San Francisco 49ers who were unable to win in the preseason schedule.  
John Unitas returns as No. 1 quarterback for the Colts after a year on the bench watching Earl Morrill win Most Valuable Player honors. Unitas completed 67 of 109 for 886 yards and four touchdowns in the exhibition. The Rams have strengthened themselves by adding Bob Brown at offensive tackle and Richie Petitbon at free safety in addition to rookie running back Larry Smith. Les Josephson, recovered from a snapped Achilles tendon, is back to team with Smith. New starting Colts are Roy Hilton at defensive end and Charlie Stukes at corner back for the retired Orrell Braase and Bobby Boyd.  
Gale Sayers' return from knee surgery and the arrival of rookie running back Ross Montgomery should help the Bears' Jack Concannon against the Packers. Travis Williams, coming off a hot exhibition season, will team with Jim Grabowski as packer runners behind Bart Starr.  
**PARKER ADDED**  
The Giants, shaken by five straight exhibition defeats, fired Allie Sherman after the exhibition loss to Pittsburgh and gave Webster the job. Frank Parker,

ex-Steeler has been added to the defensive line along with rookie Fred Dryer and Fran Tarkenton's passing still is the Giants' hope. The Vikings whipped the Giants in preseason, 24-21, with that awesome front four, led by Carl Eller.  
Sonny Jurgensen's tosses to Jerry Smith, Charley Taylor and Bob Long are the basis of Lombardi's attack at Washington. The Saints have rookie Ed Hargett challenging Billy Kilmer for the top quarterback job. Leroy Kelly and rookie Ron Johnson, replacing the retired Ernie Green, are the big bombers for the Browns. The Eagles still are putting the pieces together and may start rookie Leroy Keyes at running back.

## BIG SPRING DAILY HERALD

SECTION B BIG SPRING, TEXAS, SUNDAY, SEPTEMBER 21, 1969 SECTION B

TAKING TO THE AIR—Iowa's Tom Smith leaves the ground after being tripped up by Oregon State's Rex Behnke (80) on Iowa's 10-yard line during the first-half action in Saturday's game in Iowa City. Oregon State won 42-14.

## Bertelsen Standout In Texas Triumph

BERKELEY, Calif. (AP)—Texas' heralded running attack led by tailback Jim Bertelsen, carried the Longhorns to a 17-0 victory over California in both teams' football season opener Saturday.  
It was the 10th straight victory for Texas, which won nine in a row last year, including a Cotton Bowl victory over Tennessee.  
While taking a 14-0 halftime lead, the Longhorns rolled for 192 yards on the ground against a team that held opponents to an average of only 109 yards rushing per game last year. The Longhorns finished with 311 yards on the ground.  
The second time the Longhorns got the ball, they drove 70 yards in 11 plays with Bertelsen, a sophomore, going 11 yards around right end for the score.  
Bertelsen, the fan expected to fill Chris Gilbert's shoes, racked up 71 yards in the first half.  
The Bears were unable to generate an offense but held Texas until quarterback James Street scored on a 39-yard keeper halfway through the second quarter.

## Mets Stunned By No-Hitter

NEW YORK (AP)—Stocky Moose hurled Pittsburgh's first no-hitter in 10 years Saturday, shacking the front-running New York Mets 4-0 with the help of a sparkling defensive play by right fielder Roberto Clemente.  
Moose, three weeks short of his 22nd birthday, limited the Mets to a pair of walks and retired 11 batters in succession over one stretch on the way to the fifth no-hitter in the majors this season.  
Clemente made a leaping one-handed catch of Wayne Garrett's liner to the right field fence in the sixth inning, keeping the no-hit string alive. It was the first hitless pitching performance by a Pirate since Harry Haddix hurled 12 perfect innings against Milwaukee in 1959 before losing 1-0 on one hit in the 13th.  
Moose, a 5-foot-11 right-hander who spent a good part of the season in the bullpen before earning a regular starting assignment, struck out six—three in the eighth inning—in bringing his record to 12-3. He walked three.  
Pittsburgh 000 000 001-4 6  
New York 000 000-0 0  
Moose and Sangre: Gentry, McGraw (7) and Martin. W—Moose, 123. L—Gentry, 11-12.

**BOBCATS WIN**  
MIDLAND—The San Angelo Bobcats spotted Midland an early safety and went on to haul past the Bulldogs, 27-7, in a District 3-AAA game here Saturday night.  
The loss left the second-place Cubs four games behind front-running New York in the National League's Eastern Division pennant race as the Mets were no hit by Pittsburgh's Bob Moose 4-0.

## BS Toros Crush Travis, 42-0

Six different boys scored touchdowns in the Big Spring Toros' crushing 42-0 defeat of Snyder Travis here Saturday night.  
Mike Tredaway, Rickey Steen, Johnny Tonn, Donald McKee, Barry Truett and Alan Davis got into the end zones for the locals. Tredaway, Davis and Randy Faulkner added the extra points.  
Big Spring led at half time, 26-0. Travis threatened once but Davis intercepted a pass on his own five to break up the drive.  
The Toros, now 2-0, play Glenn in San Angelo Thursday evening.

## Red Raiders Fight Back To Decision Jayhawks

LUBBOCK, Tex. (AP)—Defensive halfback Denton Fox took a wayward Kansas pass and raced 55 yards for a touchdown in a wild and woolly fourth quarter to give Texas Tech a 38-22 season opening football victory over Kansas Saturday night.  
The surprising Raiders surged from a 16-0 second quarter deficit and moved into the lead 17-16 with two lightning thrusts in the third quarter.  
Tech got on the scoreboard with a 42-yard field goal by Jerry Don Sanders in the second quarter then shot into the lead on a 55-yard interception return by Tech defender Dennis Lane and a one-yard plunge by workhorse Danny Hardaway in the third quarter.  
Kansas' poetry-souting quarterback Jimmy Ettinger pulled Kansas back into a brief lead on a seven-yard pass to wingback Steve Conley before Tech found scoring daylight and rammed across three more scores for the convincing intersectional victory.  
Tech's closing flurry included a 57-yard pass from Joe Matulich to flanker David May; Fox's interception return and a three-yard run by Reagan Young.  
Ettinger, who already has had two books of poetry published, rammed over Kansas' first touchdown on a keeper from the one yard line and passed to wingback Willie Amison on a 15-yard touchdown shot in the second quarter to put the Jayhawkers in early command.

## AMERICAN Perry Grabs Win No. 20

MINNEAPOLIS—ST. PAUL (AP)—Jim Perry won his 20th game of the season Saturday and Minnesota moved closer to the American League's West Division title by trimming Seattle 3-2.  
The victory reduced the Twins' magic number for clinching the division crown to two pending the outcome of Oakland's night game at California.  
Seattle 000 000-2 4  
Minnesota 000 000-3 13  
Perry and Rosboro. W—Perry, 62-4. L—Segui, 11-6. HR—Seattle, Kennedy (3).  
BALTIMORE (AP)—Bobby Cox's bases-loaded error in the sixth inning gave the Baltimore Orioles the tie-breaking run and they went on to a 8-7 victory over the New York Yankees Saturday.

## Ryder Cup Matches Wind Up In Draw

SOUTHPORT, England (AP)—Tony Jacklin's 35-foot putt for an eagle on the 17th hole of his duel with Jack Nicklaus of Columbus, Ohio, dropped into the cup as though pulled by a magnet Saturday and the biennial Ryder Cup matches ended in a draw for the first time since their 1927 start.  
The matches were all square at 13 each when Nicklaus and Jacklin, the young British Open champion, stood on the next to last tee before a shivering gallery that braved the misty winds off the Irish Sea on the Royal Birkdale course.  
The American was 1-up and his first two shots put him on the green about 20 feet from the pin. Jacklin's drive also was good but his second hit a mound in the fairway and slanted onto the putting surface, some 35 feet from the flag.  
As the crowd of 20,000 stood in icy silence Jacklin, who spent much of the past year on the U.S. tour, rammed it home for an eagle. Nicklaus failed on his try, took a birdie 4 and the match and the entire competition was deadlocked.  
They halved the final hole and the brash British youngsters gained themselves a moral victory.  
Sam Snead, the non-playing captain of the Americans, declared that "we played our best but I think the British played a little bit better. Anyway, it was one of the most exciting and magnificent golf finishes I ever have seen."  
To which Eric Brown, the British leader, answered "our younger fellows are coming up and we are going over to America in two years and bring the cup home with us."  
The afternoon round started with the Americans expected to dominate the singles play which is prevalent in their country, trailing by two points, 13-11.

## MUSTANGS BEATEN Hixson Record All For Naught

ATLANTA, Ga. (AP)—Sophomore quarterback Charlie Dudish drove Georgia Tech 49 yards in the final quarter Saturday and scored from one yard to give Tech a 24-21 comeback victory over Southern Methodist University in an intersectional football game.  
Dudish completed three passes for 38 yards in the drive that offset a record-setting performance by SMU quarterback Chuck Hixson.  
On fourth down at the one yard line, Dudish fumbled the snap but picked it up and leaped over for the winning score with 2:43 remaining.  
Hixson earlier had hurled three touchdown passes, setting a Southern Methodist career record.  
Hixson, who hit on 25 of 47 passes for 243 yards, increased his touchdown production to 26, one better than the record held by Don Meredith, former Dallas Cowboy star.  
The record setter, a three-year toss to Bicky Lesser with 12:55 remaining, erased a Tech lead that came on sophomore Jack O'Neil's 46-yard pass to Percy Helmer. It was O'Neil's first pass attempt as a college player.  
Hixson's other scoring shots were a 52-yarder to Gary Hammond on SMU's second offensive play and 12-yarder to Ken Fleming in the third period.  
Tech's Jack Moore set a school record with a 48-yard field goal with 13 seconds left in the first half. It bettered by one yard the record set by Tommy Wells against Alabama in 1960.  
Tech 7 0 7 7-21  
Southern Methodist 0 10 7 7-24  
Georgia Tech 7 0 7 7-24

# Americans Topple Romania Netters

CLEVELAND (AP) — A pair of young Californians playing as if they were one, Stan Smith and Bobby Lutz, crushed Romania's Ilie Nastase and Ion Tiriac in a little more than an hour of doubles Saturday and clinched the Davis Cup for the United States. The score was 8-6, 6-1, 11-9.

In the opening singles Friday, Smith turned back a nervous Nastase 6-2, 15-13, 7-5, and Smith won a protest-marred five-setter from Tiriac 8-6, 3-6, 5-7, 6-4, 6-4.

The victory gave the American team a 3-0 edge in the best-of-5 series and made formalities of the final singles Sunday sending Smith against Nastase and Arthur Ashe, the top-ranking U.S. ace from Richmond, Va., against the wily, controversial Tiriac.

time since 1948-49 that the United States had won the trophy two years in succession. Donald Dell, the nonplaying captain from Washington, D. C., became the first leader since Walter Pate in 1937 and 1938 to win the Cup and successfully defend it the next year.

With Ashe rated the best non-contract pro in the game and with stout backup support from such young stars as Smith, Lutz, Charlie Pasarell and Cliff Richey, Uncle Sam appears in a position to hold the trophy until the competition, like the rest of tennis, goes open. Some observers believe this could happen as early as 1971.

The doubles match was marred by a 20-minute delay midway of the second set because of a light shower and a demonstration by a group labeling themselves Students for a Democratic Society.

About 50 of the demonstrators, carrying North Vietnamese, Viet Cong and Communist China banners and chanting "Ho, Ho, Ho Chi Minh," marched toward the stadium. They were intercepted by a cord of policemen.

There was a brief scuffle, some club waving and most of the demonstrators were hauled off to the police station in a garbage truck.

Kemp Will Start  
BUFFALO, N.Y. (AP)—Jack Kemp, the old pro who hasn't started a Buffalo Bills game at quarterback since 1967, was expected to get the call Sunday as Buffalo opposes a jinx—the Houston Oilers—in an American Football League contest.

NEW MANAGER—John McNamara of the Oakland Athletics talks with newsmen at Anaheim Saturday night just after he was named manager of the American League club, replacing Hank Bauer. McNamara has been an A's coach. Bauer was dismissed by owner Charles Finley, who made the announcement just before the start of the A's-California Angels game.

## Colts Oppose Rams At Home

BALTIMORE (AP) — The Los Angeles Rams and Baltimore Colts, title contenders in the Coastal Division for the third consecutive season, help launch the National Football League's 50th season Sunday in a rare key opening game.

The loser will be far from eliminated, but the winner could gain momentum by downing its expected chief opposition. And, they don't meet again until the final week of the campaign.

# Second Half Comeback Beats Bisons, 46-14

SEAGRAVES — The Stanton Buffaloes fought Seagraves over terms for a half, only to lose, 46-14, here Friday night.

Gerald Loyd's Buffaloes left for the intermission trailing only by a score of 22-14; but the Eagles scored two touchdowns in the third and added another in the fourth.

SOPHS SHINE  
Underdog Gators Crush Cougars

GAINESVILLE, Fla. (AP) — John Reeves turned in a sensational performance in his college football debut Saturday, equalling a Southeastern Conference record with five touchdown passes in leading underdog Florida to a crushing 59-34 upset of seventh-ranked Houston.

Goliad Routs Travis, 24-0  
The Goliad Junior High School eighth grade football team, employing a devastating ground attack which meshed 356 yards rushing, crushed Snyder Travis, 24-0, Saturday afternoon on Blankenship Field.

Seagraves' first score in the opening round, Ricky Fields made it 8-0 when he took a pass from QB Eddie Knight. Seagraves marched 47 yards for its second tally. The drive was culminated by a four-yard pass from Knight to end Robin Taylor near the end of the opening period.

Stanton got on the scoreboard before the period ran out when QB Rusty Hicks threw 11 yards to Jackie Swanson at the end of a 44-yard march. A pass from Hicks to Roy Kelly added the two extra points.

es in leading underdog Florida to a crushing 59-34 upset of seventh-ranked Houston. Reeves, who played only three quarters, hooked up with another super soph, Carlos Alvarez, for six completions and 182 yards, including two touchdowns.

Reaves hit 18 of 30 for 342 yards, a school record. It erased the 289 yards by All-America Steve Spurrier in 1965 against Auburn. Alvarez' 182 yards also beat the old mark of 172 by Charley Casey.

had lost the ball on a fumble on its own 36. Guard Gary Williams made the recovery. A fullback Kent Critcher traveled the last 26 yards for the Eagle score. Knight pitched to Fields for two more points, moving the score to 22-8.

Stanton went back to work, covering 53 yards to pay dirt. Fullback Johnny McMeans bruised the final three for the tally. Seagraves had a shaky 22-14 edge when the teams retreated to the dressing rooms.

Seagraves proceeded to take the second half kickoff and surged 54 yards to the pay window. A 20-yard pass from Knight to Fields paid off with six points, after which Knight threw to end Dennis Payne for two more.

On the third play of the game, Reaves tossed a 70-yard scoring pass, with Alvarez taking the perfectly thrown ball over his shoulder on the 32. He was already two steps behind Houston's deepest defender and scampered into the end zone untouched.

## Lamar Drubs Runnels 11

SNYDER — The Runnels Junior High School Yearlings absorbed their second consecutive defeat here Saturday afternoon, receiving a 40-14 whipping from Snyder Lamar.

The Texans jumped to a 16-0 lead before Runnels tallied its first touchdown in the second quarter. The Yearling offense went 72 yards in nine plays for the score. Evaristo Pineda passed seven yards to Billy Nugent to climax the drive. Pineda narrowed the gap to 16-8 with a successful two-point conversion.

Lamar widened its advantage with two second quarter touchdowns to lead at halftime, 28-8.

## LOOKING 'EM OVER

# Howell Gets Incentive Pay

By TOMMY HART

Allie Sherman endured a little longer as coach of the New York Giants than most men in a slump because he is Jewish . . . New York has a big Jewish population . . . They support their own well — and in style . . . In other times, there have been big league athletes in the East who have misrepresented their lineage, insisting they were Jews, just to rally that kind

RANDY MORGAN

of support . . . Attendance at the recent Odessa Pro-Am disappointed tournament officials, yet there were those who proposed that the prize money be increased . . . Don't be surprised if Jerry Quarry comes out of retirement and agrees to fight with aging Sonny Liston . . . He's looking for one more big payday . . . Randy Morgan and Fillmore Guinn teamed up for a tremendous defensive play in the season's football opener between Big Spring and Lubbock Monterey when they trailed a heavily-convoysed Marc O'Hair across the field, stripped the Monterey quarterback of all his blockers, then knifed in to toss O'Hair for a one-yard loss . . . Cruz Rodriguez recently drew lavish praise from Steer Coach Spike Dykes for the fine grass in Memorial Stadium . . . The turf here is better than it has ever been, thanks to Cruz' untiring efforts . . . One of the vice presidents of the conglomerate which bought the Boston Celtics recently is Whitey Ford, the former New York Yankee hurler . . . BSHS freshman Alan Davis could be one of the best punters the Steers have had in years . . . He boomed one close to 70 yards against the Brahmas the other night . . . There's an estimated 21,000 disabling accidents on American golf courses annually . . . Of that number, 50 per cent are hit by stray drives while another ten per cent are struck by someone else's stray clubs . . . Reckless handling of golf carts claims seven per cent of the victims . . . You're still safer on a fairway than a freeway.

Little wonder promoters of the recent Michigan Golf Classic experienced financial problems . . . Paid attendance the first two days was 500, the next day 3,000 while the final round attracted 6,700 . . . Oldest place kicker in college football is Francis Ayndele of the University of Louisville, a native of Nigeria . . . Max Patkin, who staged his baseball comedy act here several times, is still at it and invariably hypotes the gate in his minor league appearances . . . He recently helped draw an all-time Pioneer League record of 7,200 to a Salt Lake City park . . . John Howell, the former Midland Lee baseball hurler, was signed by Cleveland for a bonus of \$21,000, part of which goes into a college fund . . . Some was held back as "incentive pay," meaning he'll get it if he continues up the baseball ladder . . . He was 9-2 last year with two different clubs and appears likely to enjoy a stay in the big leagues, because the Indians are virtually without lefthanded pitchers . . . Incidentally, Lee played to 9,100 paying customers in five home playoff games the past season . . . The Rebels come closer to breaking even in baseball than any other team in District 3-AAAA . . . Shortly before it knocked off Utah State, 17-7, Wichita kicked its two best players out of school after they had twice crashed a party — the second time carrying a shotgun and a pistol . . . (On some campuses, that still isn't a campus privilege) . . . I wonder how many 171 hitters there are in baseball like St. Louis' Dal Maxwell who are being paid \$37,500 to do their chores . . . I don't know about you but I don't care for styles of the AFL broadcasting team of Charley Jones and Al DeRogatis . . . One sounds like a snake oil salesman, the other has a piping voice which can become very irritating . . . The NBA played to 4,400,000 last season, an increase of 21 per cent over the preceding year . . . The AFL is stumping hard to realize something on its investment in O. J. Simpson but the former USC star hasn't exactly set the woods afire . . . Although he ranks third on the National League's all-time runs-batted-in list, Willie Mays has never led the circuit in that department.

## JayVees Vanquish Brigade, 49-6

By ED MOSER  
The Big Spring Junior Varsity football team staged a track meet in Memorial Stadium Saturday afternoon, running away from Midland Lee's JV edition, 49-6.

Coach Oakley Hagood's charges scored in every period for the second romp in as many outings. Last week the junior Steers spanked Snyder 32-6 in the season opener. At that time Coach Hagood said his team was "tough," but promised that it would get tougher in the following weeks. The Steers could have been their mightiest ever against the Rebels.

Big Spring took the opening kickoff and marched for a touchdown with right halfback Roddy Caffey scoring on a 10-yard run. The touchdown was the only score of the first quarter.

In the second quarter, Lee scored its single touchdown. Guard Len Castle intercepted a Big Spring pass at the Lee 40-yard-line. The Rebels then marched goalward. Quarterback Gary Robinson scored the touchdown on a one-yard plunge.

The Steers, meanwhile, registered two more touchdowns and added two successful two-point conversions to hold a 22-6 lead at halftime. Dave Duncan threw 25 yards to John Weeks for the first Steer score of the period. Duncan passed to Roddy Caffey for the first two-point conversion.

Later on in the second stanza fullback Phillip Ferguson scored on a nine-yard run. Duncan again took to the air for the conversion hitting David Englett on a successful attempt.

The Rebels semi-contained Big Spring in the first half. The second half was entirely dominated by Steer play. Big Spring had possession of the ball six times in the final half. On four of those occasions it scored touchdowns.

Big Spring recovered a fumble on the Midland Lee 3-yard-line and in two plays had moved for the score. Duncan did the most damage on a 37-yard run to paydirt.

Big Spring marched 92 yards in three plays to score again in the third period. Right halfback Arthur Trevino dashed 89 yards for the touchdown to give Big Spring a 34-6 lead.

The junior Steers threatened to score a third time in the third period but time ran out. They pushed the ball across the goal line on the first play of the fourth quarter however.

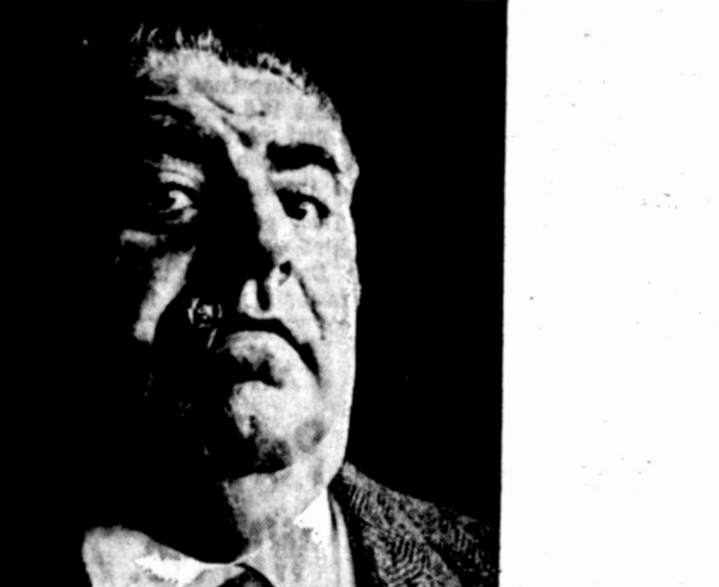

Pink Dickens initiated the score by recovering a high Midland snap from center at the Rebel three-yard-line. Caffey charged over from the one-yard-line three seconds into the fourth period. Trevino kicked the extra point and Big Spring swelled its lead to 41-6.

Big Spring scored its final

## Ask your rich uncle for a \$1,000 loan.

He'll tell you how he hit it big.  
You'll get a real education. Like why didn't you save your money when you had your paper route? And if you'd invested wisely you'd have it made now. You can do without this kind of help. You want action. So come and see us. With more than 500 offices coast to coast we help a lot of people. And if the financial genius wants to know where you got all the dough, tell him you own a piece of an oil well. Need money? That's what we're here for.

KEITH SHAW STOPPED IN TRACKS—Randy Morgan (in white) fires in to tackle Midland Lee's Keith Shaw before he had time to get started in the above picture. No. 41 in white is Rick Peurfoy, No. 60 Fillmore Gunn. Big Spring won the 3-AAA-A opener, 29-15.

# Dean Richters Leads Coahoma To Success

Coahoma High School's Bulldogs, coached by Dean Richters, won their second straight victory of the young grid campaign. The win also marked the second consecutive week that the Bulldogs offense has generated more than 30 points per game. Last week Coahoma registered a 32-13 victory over Rankin.

Left halfback Dean Richters, scoring three first half touchdowns, led the Bernie Hagins-coached Bulldogs over the AA Blizzards.

**SCORING RAMPAGE**

The 170-pound senior backfield ace tallied once in the first quarter and twice more in the second stanza to register his first touchdowns of the season. He totaled 52 yards in nine carries and hauled in one pass for 35 yards to take individual rushing honors as well as becoming the game's scoring leader.

Richters' running mate, fullback Johnny Ted Fowler, followed in the rushing category, earning 64 yards in 17 carries.

Coahoma began its first scoring drive with less than four minutes left in the first quarter. The Bulldogs moved 40 yards in three plays with Richters' scoring the final 34 yards for the touchdown. Right halfback James Dunn ran across the two-point conversion and the Bulldogs held a commanding 8-0 lead.

With 8:27 left in the second quarter Richters again broke loose for a touchdown. This time he raced 20 yards to pay dirt. Left tackle Don Richters set up the score by falling on a Winters' fumble at the Blizzard 23-yard-line. Dunn, on his second two-point conversion attempt, was stopped short of the goal line.

Richters, on his only pass reception of the evening, climaxed a 61-yard Coahoma touchdown march by hauling in a Kenny Clanton aerial and scampering for the tally. The pass, coming with three seconds left in the first half, covered 35 yards and gave the Bulldogs a comfortable 20-0 halftime lead.

Coahoma's defense added two more touchdowns in 22 seconds during a wild and hectic fourth quarter which audaciously routed Winters.

With less than two minutes gone in the final stanza Dunn intercepted a Blizzard quarterback Hudon White's pass and returned it 55 yards down the right sideline for a touchdown.

Winters received the ball again on the ensuing kickoff. On its first play from scrimmage White again fired a pass near midfield. Bulldog Toby Green intercepted the loss and delighted the 2,000 Coahoma supporters by zig-zagging 43 yards for the final Coahoma touchdown.

Green also caught Clanton's two-point conversion pass to give the Bulldogs their 33rd and 34th point.

Winters' only sustained drive came in the final march of the fourth period when the Bulldog defense was punctuated by second stringers. Blizzard guard Ray Cooper began the drive by recovering quarterback Gary Belew's fumble on the Winters 24-yard-line. The Blizzards moved upfield to the Coahoma 20-yard-line. White rolled out to his left to pass on a desperate effort to score and the Bulldog defense dumped him on the 34, from where the game ended.

Winters' only other serious scoring opportunity came in the second half kickoff. Blizzard Mike Mathis recovered a fumble on the Coahoma 10-yard-line. The Bulldog defense rose to the occasion, however, and staved off the touchdown bid. Four plays later the Blizzards gave up the ball on downs—nine yards further away from the goal line than when they started.

The Bulldogs stayed mainly on the ground throughout the game, grinding out 134 yards behind the running of Richters, Fowler, Dunn and Clanton.

The Coahoma defense, meanwhile, held Winters to a scant 51-net yards over-all. Defensive guard Dickie Lepard, linebacker Bill Bailey and company sent Winters to the locker room at intermission with an insulting minus three yards rushing.

Coahoma, who defeated Winters 38-6 last year, will again try to please its home audience Friday evening when it entertains Ozona in Bulldog Stadium. The game will be Coahoma's third of five non-conference tilts before plunging into district play against Cooper Oct. 17.

## Plowboys Outdo Forsan, 38-6

Roscoe High School's Plowboys discovered their offensive punch and buried Forsan Buffaloes, 38-6, with scoring strikes in the second and third quarters here Friday evening.

The defeat evened the Buffaloes' slate at 1-1 while Roscoe advanced its record to 2-0. Adding to the ugly taste of a humiliating padding was the loss of Jack Willis. The Forsan back reinforced his knee while changing directions on a kick-off.

Roscoe began its romp when quarterback Tommy Townsend passed 15 yards to David Lloyd to cap a 65-yard march in the second quarter. Gary Rayburn's kick made it 7-0.

The Plowboys added seven more points before halftime when Ronald Watzl swept end for 65 yards and a touchdown. Rayburn again booted a successful point-after-touchdown. In the third quarter Roscoe erupted for three more scores. Watzl was the first to cross the goal line. He climaxed a 50-yard drive with a 12-yard end run. The Townsend-Lloyd passing combination added a two-point conversion.

Rayburn, on a trap play up the middle, went 44 yards for Roscoe's fourth tally. Townsend connected with Lloyd after the touchdown to boost the score to 30-0.

Still not satisfied, the Plowboy offensive struck again. Townsend threw to Lloyd for 62 yards and the final touchdown. Rayburn dove over for a two-point conversion and Roscoe went into fourth quarter play with a 38-0 advantage.

The Buffaloes resorted to their passing game and avoided a shutout in the final stanza. Forsan drove 60 yards to score with Leon Hobbs running the last six yards for the tally.

Forsan's only other serious scoring opportunity came in the third quarter. The Buffaloes advanced to the Roscoe 20-yard-line only to fumble the ball and lose possession.

Forsan travels to Ackerly Friday night to play Sands in an effort to move beyond the 500 marker and restore its winning ways.

## Punishing Boilermakers Wear Down TCU, 42-35

FORT WORTH, Tex. (AP)—Statistics of the Purdue-TCU football game.

Purdue	TCU
First downs	111
Rushing yardage	294
Passing yardage	286
Return yardage	23
Penalties	11-26-19-35
Fumbles	1-1-1
Yards penalized	14-116

FORT WORTH, Tex. (AP)—Purdue's punishing Boilermakers fought off 87-degree heat, 12 penalties and a second-half charge to outgun Texas Christian, 42-35, Saturday.

A crowd of some 25,000 watched the Boilermakers hold off the Horned Frogs behind the classy quarterbacking of Mike Phipps. TCU sophomore signal caller Steve Judy fired four touchdowns passes.

Phipps had four TD passes and ran for one score.

Purdue drove 86 yards to a touchdown after TCU kicked off to open the game. The Boilermakers used nearly 6 minutes of the first quarter in the drive, capped by a Phipps' bootleg run of 5 yards.

Fullback John Block of Purdue took a Phipps screen pass in the first quarter and stomped 80 yards to the TCU 3. It was the longest pass play in the sta-

# Sands, Loraine Tie

STATISTICS

Sands	Loraine
First downs	8
Yards rushing	218
Yards passing	10
Passes completed	1 of 4
Punts, average	23.4
Penalties, yards	4-35
Fumbles lost	2
Sands	8 8 8 6-28
Loraine	8 6 0 14-28

a bad pass from center had forced junior Punter Gavino Rodriguez to throw a pass that fell incomplete instead of kicking. Four plays later the Bulldogs' Ronald Jones, 165-pound tailback, swept around right end for 15 yards and a touchdown. Quarterback Tim Hamilton carried the ball around the same end himself for the two-point conversion play, making the score 8-0.

Coahoma's James Blake's Mustang came back to tie the score at the end of the first quarter when junior back Eddie Newcomer broke across right tackle and rambled 78 yards for a touchdown. Quarterback Steve Herm then passed to Sophomore Back Reggie Hambrick for the two-point conversion.

Loraine struck right back, though, when Jones capped a 67-yard, five-play march with a 45-yard touchdown run over tight tackle. This time the two-point conversion play failed.

Mustang Sophomore Paul Hopper, taking over the helm for a temporarily injured Herm, then engineered the second Sands touchdown, aided by two Bulldog penalties. A series of Hopper passes brought the ball to the Loraine four yard line, where Johnny Peugh, 138-pound junior, plunged through the left side of the line for the score. Hopper passed in completely for the conversion attempt, and the teams went to their dressing rooms for half-time, tied 14-14.

In the third quarter the Bulldogs nearly gave the game away when they lost the ball three times on fumbles and Hamilton had a pass intercepted. Sands Sophomore Marcy Robles led the Mustang defense, recovering two of the fumbles, and making the interception.

Then Herm, back at the reins for Sands, led his team to 10-yard and 44-yard scoring drives. Peugh scored both touchdowns on two-yard runs, and carried the ball around right end for a two-point conversion six passes for another 38 yards.

But the Bulldogs weren't about to give up. On the first play after the kick-off Freshman Robert Darnell, replacing Jones in the backfield, swept around right end for 54 yards and a touchdown. He had practiced with the team only twice before playing Friday night.

The Loraine defense then stopped the Mustangs cold, and Senior End Mike Walker blocked the punt by Peugh. The Bulldogs took over on the Mustangs' 20-yard line, and five plays later Hamilton ran seven yards around right end for the touchdown. Darnell carried the ball around left end for the two-point conversion, bringing the score to its final 28-28 mark.

Jones was the Bulldog's legman, carrying the ball 16 times for 124 yards. Sands Newcomer carried nine times for 120 yards, and Peugh gained 38 yards in 20 tries and caught six passes for another 38 yards.

TOUCHDOWN NO. 2 COMING UP FOR RICK PEURIFOY (41)  
Fillmore Guinn (60) provides blocking on 20-yard run in third period

# Garden City Wins Over Southland

intermission, scoring once in the third to take a 16-8 lead and then came on for two TD's in the fourth.

Southland got on the board first after Garden City had driven to the Eagle four, only to lose the ball. Pat Halfmann actually had counted for Garden City from the six only to have the play nullified by a penalty.

A short time later, Stanley Abshire passed to Larry Lockridge for 76 yards and the Southland scored after Lockridge had worked in behind Garden City's deep man, Larry Bever, who ran the ball across to make it 8-0.

In the second period, QB Steve Hirt kept the ball for one-half yard and Garden City's first score at the end of a 74-yard drive. Floyd Schwartz made it 8-8 by running the ball across.

Garden City kept the drive alive on a 13-yard pass from Hirt to Kenneth Chandler that set up the score, the play coming on fourth down. At the time, the Kats needed five yards for a down renewal.

Garden City went ahead in the third on a halfback option pass from Schwartz to Chandler, the play covering 37 yards. The drive had originated on Southland's 42. Schwartz ran the ball in for Garden City's two extra points, making it 16-8.

The Kats counted early in the fourth on a two-yard run by Hirt at the end of a 60-yard march. Pat Halfmann turned in the key play of the drive with a 36-yard run down to the two. Hirt went in the third play thereafter. The Kats failed to convert.

Later in the fourth, Garden City culminated a 60-yard drive with a 44-yard run by Hirt for a score. Hirt then passed to Earl Jansa for the two extra points.

Outside of its scoring thrust, Southland managed to get inside Garden City's 20 only one other time.

Coach Jack Woodley said his younger boys did a splendid job on defense. Schwartz intercepted one Southland pass after Halfmann had deflected it. Chandler pulled down another and returned it 18 yards. Woodley started five sophomores and played all 17 boys he suited out.

The Bearkats host Three-Way next Friday. Three-Way warmed up by smashing Gail Friday night, 44-22.

## Hardluck Chiefs Are Defeated

SAN ANGELO — Lakeview's Chiefs held a statistical victory against Sweetwater but lost the scoring category here Friday night, 31-14.

The Chiefs outruined Sweetwater 224 yards to 185 yards and recorded 18 first downs to the Mustangs' 9. Sweetwater quarterback Mike Tucker's passes proved the margin of victory. Tucker drilled three touchdown aerials — a 70-yarder to Charles Marshall on the first play of the game, a 22-yarder to Larry Smith and a 24-yarder to Marshall.

Other Mustang scores were on a Jack Brown 41-yard run and a Wes Bonemus field goal.

Lakeview's scores came in the second and third periods. Jimmy Don Williams passed 21 yards to Mike Avants for the first tally. Larry Fowler, on a 14-yard run, accounted for the other Chief touchdown.

## Roby Lions Win Over Gorillas

TRENT — The Roby Lions "did their thing" Friday night, crushing Trent 47-0 in Class A action here.

Backs Robert Doyle and Ray Douglas each scored two touchdowns to lead the Lions' surge. Also crossing the goal line were Gary Stuart and Mark Kiser, both on runs. Johnny Perales ran across a two-point conversion and then kicked two goals.

Whiel the Lions did not pick up any yardage passing, they more than made up for a passing attack by gaining 220 yards rushing.

By TOMMY HART

MIDLAND — The Big Spring Steers came to Midland Friday night and found Shangri-La.

Frustrated in their opening game against Lubbock Monterey, the Black Knights rebounded on the strength of halfback Rick Peurifoy's three scoring jaunts to defeat Midland Lee, 29-15, in the opening 3-AAAA game for both teams before a turnout estimated at 8,000.

Peurifoy scored in the opening period on a 16-yard slant off tackle to give the Steers an early lead and scooted 20 yards in the third for six points.

Rick saved his best for the last, however, when he broke at least four tackles on a 55-yard run up the middle in the final round after Lee had pulled

dangerously close on a 41-yard march to pay dirt.

Halfback Kyle Rosene accounted for the Longhorns' other tally on a three-yard sprint in Round Three.

**PERFECT ON TRIES**

QB Gary Hinds, who played a whale of a game for the Bovines, converted by kicks after each of Big Spring's first three touchdowns, then passed to Charley Rodriguez for a two-pointer following Peurifoy's last TD run.

But for a couple of mistakes, the Longhorns' hard-nosed defense would probably have shut out the Rebels. The fans seemed to like it better the way it happened, however.

After Peurifoy's first tally, nimble Alan Wilson grabbed the kickoff and ran 89 yards untouched to the goal to put Lee back in business, with 9:59 remaining in the first half. Just as they did on Lubbock Monterey's lone touchdown on a punt last week, the Steers overran the ball and left no one back to protect.

Kenneth Honnicutt booted the PAT to make it 7-7.

Rosene collected his score at the end of a 58-yard drive with 2:41 to go in the third. The push required nine plays.

Immediately thereafter, Mike Barnes recovered a Wilson fumble and put Big Spring in business again on Lee's 20. Peurifoy ran for daylight on the first play and Big Spring led, 20-7, with only 2:19 remaining in the round. Hinds' boot was good.

A pass interference call and a major penalty called against Big Spring (puling on after the whistle) enabled Lee to keep a drive going in the fourth. Keith Shaw managed the score on a stanza with L. V. Tennyson adding a successful point after kick following the two scores.

## Crane Dominates Jal 11, 22-0

JAL, N.M. — The Crane Golden Cranes made an out-of-state journey a successful endeavor as it white-washed Jal here Friday night, 22-0.

The Golden Cranes got all the points it needed in the first quarter when Ricky Andregg passed 20 yards to Jimmy Wilson for a touchdown. Benny Wilson scored a touchdown in the third period. Glen Everett followed suit in the fourth stanza with L. V. Tennyson adding a successful point after kick following the two scores.

## Abilene Jolts Odessa, 10-0

ABILENE — Visiting Odessa High was rudely entertained by Abilene High here Friday night as the Eagles blanked the Broncos, 10-0.

Abilene, who gained 263 yards rushing and 28 first downs, scored its only touchdown in the second quarter. Quarterback Greg Sturman tossed a 27-yard pass to Don Brown for the score. Danny Edwards kicked the extra point.

The Eagles moved for additional points in the fourth period. Edwards again figured in the scoring by booting a field goal.

Odessa earned 191 yards overall, 165 of that total coming on the ground. Leading Bronco rusher was Sam Fife with 67 yards in 22 carries.

Dan Cobb was Abilene's leading ground gainer. He banged out 138 yards in 24 runs.

## Permian Upended By Cooper, 21-7

ODESSA — Ball control and forcing play in the second half were the tactics employed by coach Merrill Green as his Abilene Cooper charges upset Permian here Friday night, 21-7.

It was the Cougars' second victory over a state ranked team in as many weeks. Last week Abilene belted No. 6 ranked Class AAA powerhouse Brownwood, 42-22.

The Cougars took the opening kickoff 63 yards to pay dirt with Mike Mayes barreling the final three yards for the score. John Villareal's kick made it 7-0.

Permian retaliated in the second quarter when Tony Boxell scored on an eight-yard run and Kent Hulseby booted a successful point after to knot the score at 7-all.

Quarterback Richard Mildren put Abilene ahead for good later on in the second quarter by going five yards for a touchdown. Villareal again made good on a point after kick.

Cooper's final tally came in the third period. Scooter Finley recovered an Odessa fumble on the Panthers 29-yard line. Mildren climaxed the drive three yards for the score. John Villareal's kick made it 14-0.

Permian's third successful point after kick to culminate scoring.

## Big Spring Sophs Claim First Victory Of Year

COAHOMA — The Big Spring sophomore football team registered its first victory of the 1969 grid campaign with a 20-8 win over Coahoma here Saturday afternoon.

The Bulldog sophs drew first blood in the contest when Snickle Beal scored on a short run through the right side. A Coahoma two-point conversion gave the Bulldogs an 8-0 first quarter advantage.

Big Spring knotted the score in the second quarter. The Steer sophomores moved 58 yards in four plays with quarterback Mike Adams gaining the bulk of the yardage with a 53-yard run. Mike Cramer scored the six-pointer from two yards out. Gatlin Jones, on a quarterback keeper play, added the two point conversion.

Big Spring went ahead to stay

## Iraan Defeats Wink, 14 To 0

IRAAN — Iraan scored its first victory ever over the Wink Wildcats, 14-0, here Friday night.

Iraan scored in the first and second period in the 14th meeting between the two schools. Mike Scallorn recorded both touchdowns on three yard runs. Kenneth Smith kicked two point-after conversions for the Braves.

TUESDAY, SEPTEMBER 23 AT Dewey Ray CHRYSLER

## 4 out of 5 Americans will flunk this piggy test.

1. Do you demand wages that you know are more than you're earning by the job you do?	YES	NO
2. Do you buy more items on credit than you can really afford?	<input type="checkbox"/>	<input type="checkbox"/>
3. Are you an impulsive shopper... do you buy things without looking around for the best price?	<input type="checkbox"/>	<input type="checkbox"/>
4. As a businessman, do you keep profits up just by raising prices?	<input type="checkbox"/>	<input type="checkbox"/>
5. Do you demand more government services without being willing to pay the taxes for them?	<input type="checkbox"/>	<input type="checkbox"/>

If you answered "yes" to any of the above, you're helping to cause a serious national problem—inflation. Inflation can be stopped. Of course, we must expect Government to do its part. But each of us can help, too... by being a little less piggy.

Find out more about this problem and what you can do about it. For a free booklet prepared by the Joint Council on Economic Education, write to: "Inflation Can Be Stopped," P.O. Box 1900, Radio City Station, N.Y., N.Y. 10019.

Published as a public service in cooperation with The Advertising Council and The International Newspaper Advertising Executives.

Inflation can be stopped. Let's all be a little less piggy.

(AP WIREPHOTO)  
NAVY UPENDED—Navy halfback Ron Marchetti, is shown being upended by Penn State players Gary Gray (30) and Greg Edmonds (88) in the second quarter of Saturday's game at Annapolis. Marchetti picked up four yards on the play giving Navy a first down.

## Met Success Helpful To That Other Team

NEW YORK AP) — The big city has a case of pennant fever again, but the New York Yankees are on the outside looking in. "It's generating more interest in baseball and that helps us," insists Mike Burke, president of the Yankees and the man who runs the ballclub for the Columbia Broadcasting System. "It's generating more interest in baseball and that helps us."

The amazing surge of the New York Mets has taken the city by storm and left the once-mighty Yankees in a strange position as the other team in town.

You have to go back to 1954 to find the last time another New York team won a pennant—and didn't face the Yankees in the World Series.

Of course, the Yankees wouldn't mind being in a pennant fight themselves, but they don't begrudge the 8-year-old Mets their incredible popularity. "I feel the Mets' success is helping us," insists Mike Burke, president of the Yankees and the man who runs the ballclub for the Columbia Broadcasting System. "It's generating more interest in baseball and that helps us."

"I suppose you could say we're in a battle with the Mets for the baseball dollar, but we're not really competing on the same basis. They have their own identity and personality and they're enjoying a lot more success at the box office right now than we are, if that's the measuring stick of popularity. I don't think we have to usurp any of their popularity. It's unique and well-deserved."

## Top Fem Net Pros Head For Midland Tournament

MIDLAND — Something different has been added to the 6th annual Racquet Club Invitational Tennis tournament to be held Oct. 3-5.

It was learned this week that tennis fans in the Midland area will have an opportunity to view four of the world's top women professionals led by Billie Jean King, number one ranked, three time Wimbledon winner, competing in this year's matches. Mrs. King will be joined by Ann Haydon Jones of Great Britain, Francoise Durr of France and Rosemary Casals of the United States.

Pancho Gonzales, outstanding performer in last year's tournament, Roy Emerson, Fred Stolle and Ken Rosewall of Australia and Andres Gimeno of Spain will be in the tournament as previously announced.

Previous plans for the tournament had the competition limited to men's tennis. However, personal reasons have necessitated the withdrawal of Rod Laver from the Midland event. As a replacement for Laver, tournament chairman Bill Marshall was very pleased to obtain the four women players who will be bringing top flight women's tennis to this area for the first time in many years.

Ann Haydon Jones is by far Great Britain's foremost player, having attained rankings in the top ten for the past eight years. She was last year's leading money winner among women players. Francoise Durr is one of the most unorthodox players in tennis history. Born in Algeria, the daughter of a French Army officer, she taught herself the game of tennis. Although her style is hardly an example for textbooks, her achievements are there for all to see.

In 1967 she was the first French woman to win the French title since World War II. Rosemary Casals, a native of San Francisco, plays a big, flashing game. Teamed with Miss Durr or Mrs. King she has become unquestionably tops in the world in doubles.

Advance tickets are available from the Racquet Club and can be purchased for the entire tournament or for individual days.

## 35-Member U.S. Team Selected

NEW YORK (AP) — Pole vaulter Bob Seagren and sprinter Barbara Farrell were named Saturday to the U.S. national track and field team which will compete in the first Pacific Conference games at Tokyo, Sept. 27-28.

The U.S. team will compete with four other nations bordering on the Pacific—Japan, Australia, New Zealand and Canada. Each team is limited to 25 men and 10 women. Because many athletes are unable to leave at this time, three places on the men's team remain to be filled.

Douglas Raymond, track coach at Kent State in Ohio will coach the men's team and Joe Robichaux, who handles the Mayor Daley Youth team personnel and coaches was made by Jesse A. Pardue, president of the Amateur Athletic Union.

The men's team: Sprints, Ivory Crockett, Webster Groves, Mo.; Bob Frey, U.S. Army; Middle distance, Jay Elbel, Goletta, Calif.; Len Van Hofwegen, UCLA; Felix Johnson, Dallas; Distance, Bob Day, San Marino, Calif.; Tracy Smith, Arcadia, Calif.; Ken Moore, Eugene, Ore.; Frank Shorter, Rancho de Taos, N.M.; Hurdles, Gary Power, Santa Monica, Calif.; Dale Frederick, U.S. Army, Nick Lee, Baltimore; Steplechase, Barry Brown, Schenectady, N.Y.; High jump, Reynaldo Brown, Compton, Calif.; Long jump, Phil Shinnick, Inglewood, Calif.; Triple jump, Lincoln Jackson, Sacramento, Calif.; Pole vault, Bob Seagren, Los Angeles; Shot put, Brian Oldfield, So. Elgin, Ill.; Discus, Tim Vollmer, Portland, Ore.; Dick Drescher, U. of Maryland Sports International T.C.; Hammer, George Frenn, N. Hollywood, Calif.; Javelin, Milton Sonsky, Brooklyn. The women's team: Sprints, Barbara Farrell, Los Angeles, Kathy Hammond, Sacramento; Middle distance, Nancy Shafer, N. Canton, Ohio, Doris Brown, Seattle, Francis Larrieu, Sunnyvale, Calif.; Hurdles, Mamie Rallins, Chicago, Jan Glotzer, Phoenix, Ariz.; Long jump, Willye White, Chicago; Shot put, Lynn Graham, San Mateo, Calif.; Javelin, Sherry Calvery, Inglewood, Calif.

**Eagles Triumph**  
STERLING CITY — Sterling City went on an offensive scoring spree here Friday night and walloped Union, 30-18. The Eagles grabbed an early 16-point lead and were never headed in its runaway victory.

30 YEAR LOANS

## Goliad Teams Win 2 Games

Goliad Longhorn seventh graders defeated Rannels seventh grade team No. 1 Saturday by a score of 12-0. It had been 6-0 at the end of the half.

Andra Hurrington rambled 50 yards for Goliad's first score, while Barry Canning closed out the scoring with a six-yard run in the fourth quarter.

Longhorn Coach Ben Neidert Terry Tredaway, Billy Whittington, James Coffee and Mark Callahan as playing exceptional ball offensively; on defense Mike Carl and Ricky Darrow had key parts in stopping Rannels cold.

Next Saturday the two Goliad seventh graders will play at 9 a.m. and the two Rannels seventh graders at 10 a.m.

Rannels advanced as far as Goliad's 20 on one occasion but the Longhorns dug in to hold.

QB Faron Reese, Noe Luevano, Lawrence Byrd, Tony Jojola, Dick Earhart, Ken Newman, Terry Free and Rusty Stevens showed to advantage for Rannels.

## Wolves Upend Cats, 46-20

LITTLEFIELD — Colorado City, behind the running of halfback David Garcia, crushed Littlefield, 6-20, here Friday night.

Garcia scored four touchdowns in the Wolf victory. He opened scoring in the first period by rambing 20 yards for a touchdown. Later he scored on runs of four, four and six yards.

Other Colorado City tallies were registered by Larry Holder, Steve Best, Cary May and a safety. Holder scored on a 13-yard Best pass. Best on a six-yard run and May booted a field goal.

Littlefield scored 14 points in the first quarter and six in the fourth period for its 20-point total. Charles Holt accounted for one touchdown on a six-yard run. Eddie Hickman followed with a six-yard run and Holt whipped a 22-yard pass to Steve Owens to culminate Cat scoring.

## Penn State Wins Over Middies

ANNAPOLIS, Md. (AP) — Third-ranked Penn State, held to a 10-point halftime lead, overcame Navy with a four-touchdown blitz in the second half Saturday and scored a 45-22 victory over the midshipmen.

Leading 17-7, the Lions pushed across three touchdowns in 3 1/2 minutes during the third quarter to clinch the victory.

## Buffalo Tests Rugged Oilers

By The Associated Press  
Pain Pain Pain.  
That's the story in pro football.

Joe Namath has it all the time. Steve Tensi had it all last year.

And Sunday the recovered Tensi and the recuperating Namath match passes at Denver as the Super Bowl champion New York Jets tangle with the Broncos in one of the features of a four-game American Football League program.

In the others, on this second weekend of action, Houston is at Buffalo, Kansas City at Boston and San Diego at Cincinnati.

Miami met the Raiders at Oakland in a Saturday night game that got the five-game schedule started.

At Denver, the big questions are whether Namath, his right knee jammed in an opening 33-19 victory over Buffalo, will be in top shape, and whether Tensi's opening game heroics in a 35-7 pasting of Boston are a true indication of his complete recovery from a broken collarbone.

THESE VALUES GOOD THROUGH WEDNESDAY

FOUNDED IN 1946, the Hyperion Council is now headed by Mrs. H. M. Jarratt, right, with Mrs. Ralph Caton, left, as treasurer and Mrs. W. T. Barber, center, serving as secretary. Although the council is not federated, some of the individual clubs it represents are affiliated with the state federation and the General Federation of Women's Clubs.

Although the council is not federated, some of the individual clubs it represents are affiliated with the state federation and the General Federation of Women's Clubs.

AMONG HYPERION MEMBERS meeting last week to plan the council luncheon were Mrs. Don Womack, left, and Mrs. Jim Butler, standing, president and vice president of the 1953 Hyperion Club; Mrs. Zollie Boykin, program

chairman and corresponding secretary of the 1948 Hyperion Club; and, right, Mrs. Lester Morton, president of the 1930 Hyperion Club.

PHOTOS BY  
LYNNA KAY WEAVER

# HYPERION LUNCHEON

The Hyperion Council, representing over 150 Hyperion Club members in the city, will host a luncheon and program Thursday at Big Spring Country Club to officially open club activities for 1969-70. The luncheon will begin at 12:30 p.m.

The council presidency is held by Mrs. H. M. Jarrett, with Mrs. W. T. Barber as secretary and Mrs. Ralph Caton filling the post of treasurer. Presidents of the six member clubs act as council vice presidents. They are Mrs. Horace

Reagan, 1905; Mrs. Lester Morton, 1930; Mrs. J. W. Tipton, 1946; Mrs. Jack Irons, 1948; Mrs. Don Womack, 1953; and Mrs. James Owens, 1955.

The council serves as a liaison for the local clubs, being primarily a social organization which sponsors the annual fall luncheon for all Hyperion members.

Arrangements for the luncheon were made by Mrs. Irons and Mrs. H. W. Smith, with decorations obtained by Mrs. Walter Ross and Mrs. W. L. Wil-

son Jr. Mrs. Morton is in charge of the program which will be a condensed version of the Broadway musical, "I Do, I Do," presented by a trio of women from Midland. They are Mrs. Jim Conine, narrator; Mrs. John Hansen, pianist; and Mrs. Frank Thompson, vocalist.

Hyperion study themes this year include at look at contemporary America, the American woman, philosophy of the East, the stock market, ingredients of happiness and "the dawning of a new day."

Women's  
News

Big Spring Herald

SECTION C

BIG SPRING, TEXAS

SUNDAY, SEPTEMBER 21, 1969

LUNCHEON DECORATIONS will be provided by members of the 1955 Hyperion Club. Discussing details of this year's theme are Mrs. James Owens, seated, and Mrs. Walter Wheat, president and vice president of the club.

HYPERION OFFICERS were afforded the opportunity to compare details on proposed study programs while finalizing plans for the city-wide luncheon. From left they are Mrs. J. W. Tipton, president of the 1946 Hyperion Club; Mrs.

Horace Reagan, president of the 1905 Hyperion Club; Mrs. Charles Tompkins, program chairman for the 1948 Hyperion Club; and Mrs. DeWitt Bunn, secretary for the 1946 Hyperion Club.

IDEAS ARE EXCHANGED by Mrs. Rogers Hefley, vice president of the 1905 Hyperion Club, and Mrs. Marvin Miller, treasurer of the 1930 Hyperion

Club, as they help plan the agenda for the annual luncheon at Big Spring Country Club.

# Wedding Solemnized In Stanton Ceremony

STANTON (SC) — Miss Cynthia Britton and Roger F. Wells were married Saturday evening in the First United Methodist Church. The Rev. Bill Basse of Midland officiated before an altar adorned with branched candelabra flanked with baskets of gladioli and greenery.

MRS. ROGER F. WELLS

Parents of the bride are Mr. and Mrs. Souval F. Britton of Stanton and the late Mrs. Mozell Britton. The bridegroom is the son of Mrs. Loreta Wells, 3206 W. Louisiana, Midland, and Delbert Wells, 704 S. I., Midland.

Mrs. James Jones, organist, accompanied Mrs. Harold Smith of Odessa, as she sang "Because," "Whither Thou Goest" and "The Wedding Prayer."

The bride was attired in a gown of peau de sole and re-embroidered Alencon lace sprinkled with seed pearls. The dress was designed with a Sabrina neckline and bishop sleeves, and the skirt formed a slender silhouette. The chapel train was trimmed with a band of re-embroidered Alencon lace. She carried a bouquet of white carnations centered with a white orchid atop a satin covered Bible.

**MATRON OF HONOR**  
Mrs. Edward L. Avery of Midland, sister of the bride, was matron of honor. Mrs. Stewart Thompson, Navasoto, and Mrs. Richard Engeldoh, Midland, were bridesmaids. They wore blue crepe dresses of carpet-length, designed with Empire bodices and accented with avocado velvet bows and streamers. Their headpieces were clusters of avocado silk leaves with matching veils, and they carried nosegays of miniature blue carnations with avocado green streamers.

Darrell Wells of Lubbock, brother of the bridegroom, was best man. Ushers were Tom Randal and Freddie Scroggins, both of Odessa; and groomsmen were Don Mayfield, Odessa, and Milton Moody of Lubbock. Brad Avery of Midland was junior groomsmen, and Joe McEwen, Midland, was ring bearer. Altar tapers were lighted by Kevin Wells, Austin, brother of the bridegroom, and Valton Posey of Brownwood.

For a wedding trip to East Texas, the bride chose a two-piece blue suit with matching coat and black accessories.

The bride is a graduate of Stanton High School, and the bridegroom graduated from Midland High School. Both are employed by Mobile Oil Corporation in Midland.

**RECEPTION**  
A reception was held in the

Cap Rock Electric hospitality room. The refreshment table was laid with a white satin cloth overlaid with ruffled net and centered with white spider chrysanthemums and blue carnations. The bride's cake was topped with doves, and crystal and silver appointments completed the setting. The bridegroom's table was laid with an avocado colored cloth and accented with a candelabrum. A chocolate cake centered the table.

Mrs. Pete Henderson, of Midland, registered guests. Others in the house party were Mrs. Ronald Riley, Mrs. Don Mayfield, and Mrs. John G. McGee, all of Odessa; Mrs. Lyndon Huckaby and Mrs. Darrell Wells, both of Lubbock; Mrs. J. W. Britton, Portales,

## 'ROUND TOWN

By LUCILLE PICKLE

Even if we are still having temperatures that sometime reach into the 90's during the daytime, we know that fall is with us. If you don't believe it just look at the women's clubs that have launched their programs for the year.

Almost all of the organizations have set their sail for a booming year of inspiring programs, useful projects and a good measure of entertainment for the members. The yearbook chairmen have all heaved a sigh of relief because their work is behind them and they feel as though they can sit back and enjoy the year, remembering that several weeks in the summer were pretty harrowing with program planning and getting a printer before someone else beat them out.

Anyway most of the women are happily settled in anticipation of the club year although about half way through they think they never should have undertaken the job they set out to do... and will be glad for May and the final meeting... but they'll be ready again next fall to start again.

MR. and MRS. W. F. TAYLOR were to go to Lubbock today where Mr. Taylor will give a series of tests at Methodist Hospital.

The RAY EBLINGS were in Lubbock Saturday to attend the Tech-Kansas University football game.

Former resident, MRS. PAUL A. RIX, is progressing well following major surgery in Odessa Thursday. Her daughters, MRS. DEAN TODD and MRS. CONNIE GRAHAM, are with her from their home in Ocean Springs, Miss.

Visiting in Lubbock for the next two weeks will be MRS. SAM McCOMB who will be with her sister, MRS. L. H. MARTIN.

Guests of MRS. ROBERT DEMING and her family have been her parents MR. and MRS. W. O. WEBSTER of Riverside, Calif. CHAPLAIN DEMING left here Tuesday for Syracuse, N.Y., to visit his parents and sister before leaving on a tour

of duty in Thailand. Glad to have the TRUMAN JONESES back from Shirley, Ark., where they spent the spring and summer on work projects.

MR. and MRS. CHARLES LOVELACE and their children of Kilgore were to be here this week for a visit with her parents, MR. and MRS. ROLAND SWARZENBACH.

When MRS. CHESTER MATHENY and MRS. MAURISCE ALLEN were in Las Vegas, Nev., during the past week they visited briefly with DAN and BARBARA KRAUSSE of Dallas. The Krausses lived here a number of years before going to Dallas. He is president of Earth Resources.

Add to new grandparents the FRED KASCHES, the WALLY SLATES. The J. D. JONESES haven't had a grandson in 18 years so the new one is like starting all over again.

### Airport HD Club Holds Luncheon

Mrs. Henry Tubb, 601 State, was hostess for a luncheon Tuesday, with members of the Airport, Home Demonstration Club bringing holiday dishes traditionally prepared in their homes.

Mrs. S. A. Wilson presided. Officers for 1970 were elected. The slate includes Mrs. Wilson, president; Mrs. James Finley, vice president; Mrs. Vern Vigar, secretary; Mrs. Fred Jones, treasurer; and Mrs. R. P. Morton, council delegate.

Plans were made to wrap Christmas gifts at the Big Spring State Hospital. Guests introduced were Mrs. William Pope, Mrs. B. F. Tubb, Mrs. Helmut Porzontka and Mrs. Leon Stockton.

New members welcomed were Mrs. Frank Griffith and Mrs. C. L. Mason.

### Shower Held For Mrs. R. Fryar In Flame Room

A corsage of baby accessories tied with pink and blue ribbon was presented to Mrs. Roland Fryar who was honored Friday evening with a baby shower in the Pioneer Gas Flame Room. Hostesses were Mrs. Morris Holland, Mrs. Preston Myrick, Mrs. Tommy Smith, Mrs. Gene Tyra and Mrs. Charles Williams.

Assisting the honoree in opening gifts were her mother, Mrs. Rabon Wood, and her husband's mother, Mrs. J. W. Fryar. The gift table was covered with a blue cloth and overlaid with lace.

Refreshments were served from a table covered with an ecru lace cloth with underlay of pink and appointments of crystal. The centerpiece was formed of baby bottles holding candles and circled with yellow roses. Games comprised the entertainment.

ENGAGED — Mr. and Mrs. Roy Watkins, 606 Drake Road, are announcing the engagement and approaching marriage of their daughter, Lorrie, to Gene W. Jones, son of Mrs. C. W. Jones, 1010 E. 13th, and the late Mr. Jones. The couple will be married in a formal ceremony Dec. 20 in Trinity Baptist Church with the Rev. Claude Craven officiating.

### Artificial Flowers Made By Speaker

STANTON (SC) — The Stanton Home Demonstration Club met Wednesday afternoon in the home of Mrs. P. G. Yates with Mrs. W. T. Allen presiding. Roll call was answered with a new fall fashion.

A program which demonstrated the making of artificial flowers from paper egg cartons was presented by a guest, Mrs. Burley Polk. One new member, Mrs. Jack Mims, and another guest, Mrs. Billy Joe Laddy, were introduced.

The next meeting will be held Oct. 1 in the home of Mrs. Morgan Hall.

## Speakers Eye Width Of 'Generation Gap'

A joint program was presented by Dr. Dean Box and Mrs. John F. Smith at Thursday's meeting of the 1905 Hyperion Club in the home of Mrs. Hayes Stripling, No. Two Indian Ridge.

The topic of the program was "A Time of Change." Dr. Box spoke on "The Contemporary School," and Mrs. Smith discussed "The Mod Generation." The women summarized their talk by noting that until the older and younger generations learn to compromise there will always be a generation gap. Mrs. Rogers Hefley, program chairman, introduced the speakers.

Mrs. Horace Reagan presided, announcing projects for the coming year. They include community improvement, assistance to the library, participation in women's activities, reading for the Big Spring High School humanities class, purchasing shoes for needy students, welcoming newcomers to Webb Air Force Base and visiting local elderly people.

Other projects include presenting social and intellectual programs, remaining informed through monthly federated reports, contributing to federated projects and purchasing 100 per cent subscriptions to the "Texas Clubwoman." The group will contribute to the Western District scholarship fund, high school Bible fund and sponsor a Christmas party at Big Spring State Hospital as well as contribute to its Christmas Fund.

Reservations were made for the Hyperion Council luncheon to

be held Sept. 25 at Big Spring Country Club.

Hostesses were Mrs. W. C. Hunt and Dr. Box.

SYMBOLICALLY clasping hands are Mrs. Charles Hans, left, president of Cactus Chapter, and Miss Shirley Lee, president of Scenic Chapter, as they prepare for the semi-annual "Hand of Friendship" membership teas scheduled today. Tea chairmen are Mrs. Boone Horne, Cactus Chapter; and Mrs. Ruby Exline, Scenic Chapter.

## 'Hand Of Friendship' Teas Planned Today

This afternoon, members of American Business Women's Association chapters will be hostesses to business women throughout the nation as each chapter holds its semi-annual membership tea.

The enrollment events feature members presenting programs which emphasize (1) improving employer - employee relations; (2) advancement for business women through effective service to business; and (3) enrichment through education for business women.

**TWO TEAS**  
Two local chapters are extending the membership invitations this afternoon. Cactus Chapter, headed by Mrs. Charles Hans, has Mrs. Boone Horne as tea chairman in her home at 1604 Indian Hills, with calling hours from 3 to 5 p.m.

Officers receiving guests, with Mrs. Hans will be Mrs. R. T. Wynn, vice president; Mrs. J. C. Rogers, recording secretary; Mrs. Arthur Wadle, treasurer; and Mrs. Robert McDonald, publicity.

The Scenic Chapter, whose president is Miss Shirley Lee will hold its tea from 2 to 4 p.m. in the First Federal Community Room. Assisting Mrs. Ruby Exline on the tea committee are Mrs. Jerry Dietz, Mrs. Tony Barron and Mrs. Harvey

Wooten, while other club officers receiving guests will be Miss Shirley White, publicity; Mrs. Drew Hunter, treasurer; Mrs. Troy L. White, recording secretary; and Mrs. Joe Campbell, corresponding secretary.

Members of both chapters will serve as hostesses.

**EDUCATION**  
The ABWA national headquarters is located in Kansas City, Mo., where the first chapter was chartered in 1949. The organization believing education is essential to society as well as advancement in business, emphasizes the sponsorship of scholarships for deserving qualified women.

The Stephen Bufton Memorial Education Fund, the national educational fund of the association, was established in 1953. Loans and grants-in-aid are also awarded from this national fund to carefully selected candidates, sponsored by ABWA chapters. Members of the national board of directors serve as trustees for this fund.

**PROGRAMS**  
Individual chapters further the business education of their own members by featuring leading business and professional speakers at their monthly meetings. District meetings are held in the spring, and recognition of outstanding achievement by specific chapters and individual members is given each year in October at the national convention. The American Business Woman of the Year is announced at the convention, which will be held this year, Oct. 17-19, in Detroit, Mich.

Mrs. Jack Price is the Cactus Chapter choice and Miss Lee has been elected from Scenic Chapter, as nominees for Women of the Year.

Further emphasis is put on education, locally, by both the Scenic and Cactus chapters who provide scholarships to Howard County Junior College.

## Credit Women Hear Previews Of Concerts

Dan Shockey, president of the Big Spring Concert Association, described programs to be offered by the association this season at Thursday's meeting of Big Spring Credit Women International. The group met at Hotel Settles.

## Oasis Club Works With Children

Oasis Garden Club members continued their garden therapy project at the Special Education School Thursday morning when they worked with 28 children.

The study on succulents concerned ones common to this area including the "Arizona Rose," "Ice Plant," and "Burn Plant," the latter plant having petals which are used to treat psoriasis. The children potted specimens for a take-home project.

Club members working with the group were Mrs. W.D.R. Lund, Mrs. Lois O'Harr Smith and Mrs. J. D. Leonard. The therapy project was started about 10 years ago, and the club has concentrated on working with children at the school for the past seven years. The next session will be held Oct. 16 when bulbs will be planted outdoors.

Shockey, an instructor in the speech and drama department at Howard County Junior College, announced the drama club is staging a play, "All My Sons," by Arthur Miller which will be presented Oct. 25 in the Student Union Building at HCJC.

Mrs. George Weeks and Mrs. J. B. Apple were named delegates to the regional credit conference slated this weekend in Odessa. A workshop will be held Saturday which Mrs. W. E.

## Fringe Abounds In Fall Fashion

Fringe shows everywhere for the new season. At the firm of Branell, New York, for example, fringe went into evening on a white crepe dress with long sleeves, with fringed belt and fringe from above the knee to the floor. In pants, Branell did an all fringed tunic over slim crepe trousers and a crepe tunic over all fringed pants. What a way to go!

## Gold Star Mothers To Visit Vets

The American Gold Star Mothers Club, Inc., will visit veterans living at the Big Spring Nursing Inn, it was announced at Thursday's meeting in the home of Mrs. A. W. Moody, 1514 Tucson.

Coffee was served from a table laid with a white cloth and centered with an arrangement of garden flowers.

Mrs. Rilla Webb, chaplain, worded prayer, and Mrs. Luz Abreo led the Pledge of Allegiance.

Mrs. S. R. Nobles accepted donations for the Christmas party fund for patients at the Veterans Administration Hospital.

The next meeting will be Oct. 16 in the home of Mrs. F. H. Talbot, 105 Canyon.

wearing it! But a tan turning from sun-kissed to sallow is a real drag. When it leaves you with scaly skin, cracked lips and white circles under your eyes, you know you've had it. Too, too much sun!

To soften and then overcome appearances, here's what you can do:

Perk up facial skin by pling on a rich moisturized night cream or fluid at bedtime, by applying a filmy textured moisturizer under makeup. Until your skin tone normalizes, also wear a translucent stick foundation to brighten and even your coloring. Be sure it's laced with a pinky gleam.

The answer to flaky legs, back and arms is a series of oil soaks. Simply coat affected areas with skin oil and let it "set" for 15 minutes or so; then bathe and massage with body lotion. Once the skin smooths out, begin to make regular use of bath products that fight dryness.

Cracked lips respond to "facials." Just compress a cotton makeup pad, dampened in warmed skin oil or olive oil, for 10 minutes and then blot off with tissue. Also, give the lips the benefit of medicated lip gloss around the clock.

To improve the undereye areas, eye oil stick and a tinted contour cream work wonders. Eye oil is a good year-around treatment.

**YOUR GROOMING**  
Put aside your grooming doubts and worries! Send today for "Your Grooming - A to Z," a booklet that covers every step in achieving smooth looks.

It tells how to manicure and pedicure, use deodorants and depilatories, bathe for beauty, tend feet, hands, teeth and eyes, polish skin and hair, care for clothes, apply perfume, overcome personal posers. To obtain your copy, write Mary Sue Miller in care of the Big Spring Herald, enclosing a long, self-addressed stamped envelope and 25 cents in coin.

# Wedding Solemnized In Stanton Ceremony

STANTON (SC) — Miss Cynthia Britton and Roger F. Wells were married Saturday evening in the First United Methodist Church. The Rev. Bill Basse of Midland officiated before an altar adorned with branched candelabra flanked with baskets of gladioli and greenery.

MRS. ROGER F. WELLS

Parents of the bride are Mr. and Mrs. Souval F. Britton of Stanton and the late Mrs. Mozell Britton. The bridegroom is the son of Mrs. Loreta Wells, 3206 W. Louisiana, Midland, and Delbert Wells, 704 S. I. Midland.

Mrs. James Jones, organist, accompanied Mrs. Harold Smith of Odessa, as she sang "Because," "Whither Thou Goest" and "The Wedding Prayer."

The bride was attired in a gown of peau de soie and re-embroidered Alencon lace sprinkled with seed pearls. The dress was designed with a Sabrina neckline and bishop sleeves, and the skirt formed a slender silhouette. The chapel train was trimmed with a band of re-embroidered Alencon lace. She carried a bouquet of white carnations centered with a white orchid atop a satin covered Bible.

**MATRON OF HONOR**  
Mrs. Edward L. Avery of Midland, sister of the bride, was matron of honor. Mrs. Stewart Thompson, Navasoto, and Mrs. Richard Engeldoh, Midland, were bridesmaids. They wore blue crepe dresses of carpet-length, designed with Empire bodices and accented with avocado velvet bows and streamers. Their headpieces were clusters of avocado silk leaves with matching veils, and they carried nosegays of miniature blue carnations with avocado green streamers.

Darrell Wells of Lubbock, brother of the bridegroom, was best man. Ushers were Tom Randall and Freddie Scroggins, both of Odessa; and groomsmen were Don Mayfield, Odessa, and Milton Moody of Lubbock. Brad Avery of Midland was junior groomsmen, and Joe McEwen, Midland, was ring bearer. Altar tapers were lighted by Kevin Wells, Austin, brother of the bridegroom, and Valton Posey of Brownwood.

For a wedding trip to East Texas, the bride chose a two-piece blue suit with matching coat and black accessories. The bride is a graduate of Stanton High School, and the bridegroom graduated from Midland High School. Both are employed by Mobile Oil Corporation in Midland.

**RECEPTION**  
A reception was held in the

Cap Rock Electric hospitality room. The refreshment table was laid with a white satin cloth overlaid with ruffled net and centered with white spider chrysanthemums and blue carnations. The bride's cake was topped with doves, and crystal and silver appointments completed the setting. The bridegroom's table was laid with an avocado colored cloth and accented with a candelabrum. A chocolate cake centered the table.

Mrs. Pete Henderson, of Midland, registered guests. Others in the house party were Mrs. Ronald Riley, Mrs. Don Mayfield, and Mrs. John G. McGee, all of Odessa; Mrs. Lyndon Huckaby and Mrs. Darrell Wells, both of Lubbock; Mrs. J. W. Britton, Portales,

N.M.; Mrs. H. P. Morrison and Mrs. Henry Louder.

Mr. and Mrs. Wells will be at home at 126 Missouri, Midland.

**REHEARSAL PARTY**  
A rehearsal party was held in the Texas Electric Reddy Room.

Hostesses were Mrs. W. C. Hunt and Dr. Box.

The topic of the program was "A Time of Change." Dr. Box spoke on "The Contemporary School," and Mrs. Smith discussed "The Mod Generation."

The women summarized their talk by noting that until the older and younger generations learn to compromise there will always be a generation gap. Mrs. Rogers Heffey, program chairman, introduced the speakers.

Mrs. Horace Reagan presided, announcing projects for the coming year. They include community improvement, assistance to the library, participation in women's activities, reading for the Big Spring High School humanities class, purchasing shoes for needy students, welcoming newcomers to Webb Air Force Base and visiting local elderly people.

Other projects include presenting social and intellectual programs, remaining informed through monthly federated reports, contributing to federated projects and purchasing 100 per cent subscriptions to the "Texas Clubwoman." The group will contribute to the Western District scholarship fund, high school Bible fund and sponsor a Christmas party at Big Spring State Hospital as well as contribute to its Christmas Fund.

Reservations were made for the Hyperion Council luncheon to

## 'ROUND TOWN

By LUCILLE PICKLE

Even if we are still having temperatures that sometime reach into the 90's during the daytime, we know that fall is with us. If you don't believe it just look at the women's clubs that have launched their programs for the year.

Almost all of the organizations have set their sail for a booming year of inspiring programs, useful projects and a good measure of entertainment for the members. The yearbook chairmen have all heaved a sigh of relief because their work is behind them and they feel as though they can sit back and enjoy the year, remembering that several weeks in the summer were pretty harrowing with program planning and getting a printer before someone else beat them out.

Anyway most of the women are happily settled in anticipation of the club year although about half way through they think they never should have undertaken the job they set out to do... and will be glad for May and the final meeting... but they'll be ready again next fall to start again.

MR. and MRS. W. F. TAYLOR were to go to Lubbock today where Mr. Taylor will be given a series of tests at Methodist Hospital.

The RAY EBLINGS were in Lubbock Saturday to attend the Tech-Kansas University football game.

Former resident, MRS. PAUL A. RIX, is progressing well following major surgery in Odessa Thursday. Her daughters, MRS. DEAN TODD and MRS. CONNIE GRAHAM, are with her from their home in Ocean Springs, Miss.

Visiting in Lubbock for the next two weeks will be MRS. SAM McCOMB who will be with her sister, MRS. L. H. MARTIN.

Guests of MRS. ROBERT DEMING and her family have been her parents MR. and MRS. W. O. WEBSTER of Riverside, Calif. CHAPLAIN DEMING left here Tuesday for Syracuse, N.Y., to visit his parents and sister before leaving on a tour

of duty in Thailand. Glad to have the TRUMAN JONESES back from Shirley, Ark., where they spent the spring and summer on work projects.

MR. and MRS. CHARLES LOVELACE and their children of Kilgore were to be here this week for a visit with her parents, MR. and MRS. ROLAND SWARZENBACH.

When MRS. CHESTER MATHENY and MRS. MAURISCE ALLEN were in Las Vegas, Nev., during the past week they visited briefly with DAN and BARBARA KRAUSSE of Dallas. The Krausses lived here a number of years before going to Dallas. He is president of Earth Resources.

Add to new grandparents group: The FRED KASCHES, the WALLY SLATES, The J. D. JONESES haven't had a grandson in 18 years so the new one is like starting all over again.

### Airport HD Club Holds Luncheon

Mrs. Henry Tubb, 601 State, was hostess for a luncheon Tuesday, with members of the Airport, Home Demonstration Club bringing holiday dishes traditionally prepared in their homes.

Mrs. S. A. Wilson presided. Officers for 1970 were elected. The slate includes Mrs. Wilson, president; Mrs. James Finley, vice president; Mrs. Vern Vigar, secretary; Mrs. Fred Jones, treasurer; and Mrs. R. P. Morton, council delegate.

Plans were made to wrap Christmas gifts at the Big Spring State Hospital. Guests introduced were Mrs. William Pope, Mrs. B. F. Tubb, Mrs. Helmut Porzontka and Mrs. Leon Stockton.

New members welcomed were Mrs. Frank Griffith and Mrs. C. L. Mason.

### Shower Held For Mrs. R. Fryar In Flame Room

A corsage of baby accessories tied with pink and blue ribbon was presented to Mrs. Roland Fryar who was honored Friday evening with a baby shower in the Pioneer Gas Flame Room. Hostesses were Mrs. Morris Holland, Mrs. Preston Myrick, Mrs. Tommy Smith, Mrs. Gene Tyra and Mrs. Charles Williams.

Assisting the honoree in opening gifts were her mother, Mrs. Rabon Wood, and her husband's mother, Mrs. J. W. Fryar. The gift table was covered with a blue cloth and overlaid with lace.

Refreshments were served from a table covered with an ecru lace cloth with underlay of pink and appointments of crystal. The centerpiece was formed of baby bottles holding candies and circled with yellow roses. Games comprised the entertainment.

ENGAGED — Mr. and Mrs. Roy Watkins, 606 Drake Road, are announcing the engagement and approaching marriage of their daughter, Lorie, to Gene W. Jones, son of Mrs. C. W. Jones, 1010 E. 13th, and the late Mr. Jones. The couple will be married in a formal ceremony Dec. 20 in Trinity Baptist Church with the Rev. Claude Craven officiating.

Treat Silverware To Potato Water

Save the water in which potatoes were boiled and soak tarnished silverware in it for an hour. Wash and dry in the usual way, and you will be amazed at how nice your silverware looks.

### Artificial Flowers Made By Speaker

STANTON (SC) — The Stanton Home Demonstration Club met Wednesday afternoon in the home of Mrs. P. G. Yates with Mrs. W. T. Allen presiding. Roll call was answered with a new fall fashion.

A program which demonstrated the making of artificial flowers from paper egg cartons was presented by a guest, Mrs. Burley Polk. One new member, Mrs. Jack Mims, and another guest, Mrs. Billy Joe Laddy, were introduced.

The next meeting will be held Oct. 1 in the home of Mrs. Morgan Hall.

"Big Spring's Home of Fine Furniture"

## Speakers Eye Width Of 'Generation Gap'

A joint program was presented by Dr. Dean Box and Mrs. John F. Smith at Thursday's meeting of the 1965 Hyperion Club in the home of Mrs. Hayes Stripling, No. Two Indian Ridge.

The topic of the program was "A Time of Change." Dr. Box spoke on "The Contemporary School," and Mrs. Smith discussed "The Mod Generation."

The women summarized their talk by noting that until the older and younger generations learn to compromise there will always be a generation gap. Mrs. Rogers Heffey, program chairman, introduced the speakers.

Mrs. Horace Reagan presided, announcing projects for the coming year. They include community improvement, assistance to the library, participation in women's activities, reading for the Big Spring High School humanities class, purchasing shoes for needy students, welcoming newcomers to Webb Air Force Base and visiting local elderly people.

Other projects include presenting social and intellectual programs, remaining informed through monthly federated reports, contributing to federated projects and purchasing 100 per cent subscriptions to the "Texas Clubwoman." The group will contribute to the Western District scholarship fund, high school Bible fund and sponsor a Christmas party at Big Spring State Hospital as well as contribute to its Christmas Fund.

Reservations were made for the Hyperion Council luncheon to

SYMBOLICALLY clasping hands are Mrs. Charles Hans, left, president of Cactus Chapter, and Miss Shirley Lee, president of Scenic Chapter, as they prepare for the semi-annual "Hand of Friendship" membership teas scheduled today. Tea chairmen are Mrs. Boone Horne, Cactus Chapter; and Mrs. Ruby Exline, Scenic Chapter.

## 'Hand Of Friendship' Teas Planned Today

This afternoon, members of American Business Women's Association chapters will be hostesses to business women throughout the nation as each chapter holds its semi-annual membership tea. The enrollment events feature members presenting programs which emphasize (1) improving employer - employe relations; (2) advancement for business women through effective service to business; and (3) enrichment through education for business women.

**TWO TEAS**  
Two local chapters are extending the membership invitations this afternoon. Cactus Chapter, headed by Mrs. Charles Hans, has Mrs. Boone Horne as tea chairman in her home at 1604 Indian Hills, with calling hours from 3 to 5 p.m. Officers receiving guests with Mrs. Hans will be Mrs. R. T. Wynn, vice president; Mrs. J. C. Rogers, recording secretary; Mrs. Arthur Wadle, treasurer; and Mrs. Robert McDonald, publicity.

The Scenic Chapter, whose president is Miss Shirley Lee, will hold its tea from 2 to 4 p.m. in the First Federal Community Room. Assisting Mrs. Ruby Exline on the tea committee are Mrs. Jerry Dietz, Mrs. Tony Barron and Mrs. Harvey

Wooten, while other club officers receiving guests will be Miss Shirley White, publicity; Mrs. Drew Hunter, treasurer; Mrs. Troy L. White, recording secretary; and Mrs. Joe Campbell, corresponding secretary. Members of both chapters will serve as hostesses.

**EDUCATION**  
The ABWA national headquarters is located in Kansas City, Mo., where the first chapter was chartered in 1949. The organization believes education is essential to society as well as advancement in business, emphasizes the sponsorship of scholarships for deserving qualified women. The Stephen Bufton Memorial Education Fund, the national educational fund of the association, was established in 1953. Loans and grants-in-aid are also awarded from this national fund to carefully selected candidates, sponsored by ABWA chapters. Members of the national board of directors serve as trustees for this fund.

**PROGRAMS**  
Individual chapters further the business education of their own members by featuring leading business and professional speakers at their monthly meetings. District meetings are held in the spring, and recognition of outstanding achievement by specific chapters and individual members is given each year in October at the national convention. The American Business Woman of the Year is announced at the convention, which will be held this year, Oct. 17-19, in Detroit, Mich.

Mrs. Jack Price is the Cactus Chapter choice and Miss Lee has been elected from Scenic Chapter, as nominees for Women of the Year.

Further emphasis is put on education, locally, by both the Scenic and Cactus chapters who provide scholarships to Howard County Junior College.

## Credit Women Hear Previews Of Concerts

Dan Shockey, president of the Big Spring Concert Association, described programs to be offered by the association this season at Thursday's meeting of Big Spring Credit Women International. The group met at Hotel Settles.

## Oasis Club Works With Children

Oasis Garden Club members continued their garden therapy project at the Special Education School Thursday morning when they worked with 28 children.

The study on succulents concerned ones common to this area including the "Arizona Rose," "Ice Plant," and "Burn Plant," the latter plant having petals which are used to treat psoriasis. The children potted specimens for a take-home project.

Club members working with the group were Mrs. W.D.R. Lund, Mrs. Lois O'Barr Smith and Mrs. J. D. Leonard. The therapy project was started about 10 years ago, and the club has concentrated on working with children at the school for the past seven years. The next session will be held Oct. 16 when bulbs will be planted outdoors.

Moren will attend with the delegates. A breakfast and concluding sessions will be held Sunday, and other local women planning to attend the final meetings will be Mrs. Loyd Wooten, Mrs. R. L. Nall, Mrs. Pyrtle Bradshaw, Mrs. C. R. Rhodes, Mrs. C. W. Mahoney and Mrs. A. G. Eitzen. The next local meeting will be Oct. 2, when the final program for the year will be held, and new officers will be elected. Installation will be held Thursday evening, Oct. 16.

## A LOVELIER YOU Waning Tans Need Special Oil Care

By MARY SUE MILLER  
What a beauty blessing it would be if we could discard a waning tan with the ease of a waning fashion. Just stop wearing it!

But a tan turning from sun-kissed to sallow is a real drag. When it leaves you with scaly skin, cracked lips and white circles under your eyes, you know you've had it. Too much sun!

To soften and then overcome appearances, here's what you can do:

Perk up facial skin by piling on a rich moisturized night cream or fluid at bedtime, by applying a filmy textured moisturizer under makeup. Until your skin tone normalizes, also wear a translucent stick foundation to brighten and even your coloring. Be sure it's laced with a pinky gleam.

The answer to flaky legs, back and arms is a series of oil soaks. Simply coat affected areas with skin oil and let it "set" for 15 minutes or so; then bathe and massage with body lotion. Once the skin smooths out, begin to make regular use of bath products that fight dryness.

Cracked lips respond to "facials." Just compress a cotton makeup pad, dampened in warmed skin oil or olive oil, for 10 minutes and then blot off with tissue. Also, give the lips the benefit of medicated lip gloss around the clock.

To improve the under-eye areas, eye oil stick and a tinted contour cream work wonders. Eye oil is a good year-around treatment.

**YOUR GROOMING**  
Put aside your grooming doubts and worries! Send today for "Your Grooming - A to Z," a booklet that covers every step in achieving smooth looks. It tells how to manicure and pedicure, use deodorants and depilatories, bathe for beauty, tend feet, hands, teeth and eyes, polish skin and hair, care for clothes, apply perfume, overcome personal posers. To obtain your copy, write Mary Sue Miller in care of the Big Spring Herald, enclosing a long, self-addressed stamped envelope and 25 cents in coin.

The American Gold Star Mothers Club, Inc., will visit veterans living at the Big Spring Nussing Inn. It was announced at Thursday's meeting in the home of Mrs. A. W. Moody, 1514 Tucson.

Coffee was served from a table laid with a white cloth and centered with an arrangement of garden flowers. Mrs. Rilla Webb, chaplain, worded prayer, and Mrs. Luiz Abreo led the Pledge of Allegiance.

Mrs. S. R. Nobles accepted donations for the Christmas party fund for patients at the Veterans Administration Hospital. The next meeting will be Oct. 16 in the home of Mrs. F. H. Talbott, 105 Canyon.

**BARNES PELLETTIER**

# Brenda Jo Boggs Weds M. D. Kiker

MRS. MONTY DEWAYNE KIKER

Miss Brenda Jo Boggs became the bride of Airman I.C. Monty DeWayne Kiker Saturday evening in the home of the bride's brother-in-law and sister, Mr. and Mrs. V. E. Lewis, 1319 Sycamore.

Perry Cotham, minister of the Fourteenth and Main Church of Christ, performed the ceremony before an improvised altar adorned with a large basket of white gladioli, stock and fernery.

Parents of the couple are Mr. and Mrs. Van Boggs, 509 E. 14th, and Mr. and Mrs. Paul Kiker, Bossier City, La.

The bride is a graduate of Big Spring High School, where she was a member of the National Honor Society and Vocational Industrial Club. She is a laboratory and X-ray technician at Cowper Clinic and Hospital. The bridegroom graduated from Longview High School, where he was a member of the Future Farmers of America. He is presently stationed at Webb Air Force Base.

The bride was attired in a gown of white Chantilly lace over bridal satin. The bodice, accented with pearls and sequins, was designed with a bow at the waistline. Long lace sleeves formed petal points over the hands, and her shoulder-length veil of illusion fell from a diamond pendant, a gift from the bridegroom. She carried a bouquet of white carnations surrounding an orchid.

Mrs. Billy Anderson, matron of honor, wore a pale blue street-length knit dress designed with stand-up collar and long sleeves. She carried a single

white carnation tied with blue satin streamers.

Airman I.C. Dale Portell of Webb AFB was best man.

### RECEPTION

A reception was held in the home where the refreshment

## 'Quotable Quotes'

Some quotable quotes from women during the week:

"Since women got the right to vote, they just haven't done too much with it. Those who fought for the vote would turn over in their graves if they knew." — Mrs. Nancy Burkheimer, Democratic member of the Maryland House of Representatives.

"There are a lot of aspects of education. Involvement in activities is important. But it's not the only thing. Learning in the classroom is important, too." — Barbara Marshment, 16, after her appointment to the California State Board of Education—the first student advisory member on the board.

"I almost feel personally about the riots. It's as though you've had a family quarrel. You're ashamed when you go to visit another town." — Antonia Phyllis Uccello, mayor of Hartford, Conn., commenting on recent racial riots there.

"The suppression of opposition is what made dictatorship and all its evils inevitable." — Svetlana Allihueva, daughter of Joseph Stalin, who defected to the West, in an interview.

"I'm not a barnstormer. I'm not a women's rights advocate. It just sorta happened." — Frances Jean Howard, Alaska's first female state trooper.

point ink markers work very well. . . . Jo-Jo

Dear Heloise:

I have a good idea for the fishermen or fisherwomen, as the case may be, who read your hints.

A magnet is a must for your tackle box. It's a good place to put your fishhooks so you always know where they are. . . . Harry Fain

Dear Heloise:

Just read the hint in your column about polishing brass by removing it and attaching it to an old T-shirt. Then using one piece of the garment to apply the polish and another piece of the same garment to polish with.

I had three brothers in the service and they all had brass to clean. This method worked real well for them.

They took a piece of heavy tin and cut it into the shape of a "U." In fact, it looked a lot like a big two-pronged fork.

They would take the buttons first and slip them through the prongs, hold onto the material underneath and polish away like mad. Then slip the button off — no finger marks and they would really shine.

They did the same with the insignia on the shoulders and sleeves. . . . Mrs. Flannagan

If you don't have a piece of tin and the tools to cut it with, but you could improvise with

a real heavy cardboard cut the same way, and still pass inspection with flying colors. . . . Heloise

When giving a bridal or baby shower, have the list of those invited with their addresses on it, and assign it to someone at the shower.

As the guest of honor opens each gift, have the person write the gift and description on the list alongside the correct name.

Then when the bride writes her thank-you notes, all she needs is the list with names, addresses and the gift description.

This way, there is less trouble for her and no chance of mixing up the cards and gifts. . . . Gerry

(Write Heloise in care of the Big Spring Herald.)

## Jean Dixon Subject Of Program

Mrs. L. B. McElrath and Mrs. T. M. Dunagan presented a program on Jean Dixon, a seeress, at Monday's meeting of the Forsan Study Club.

Hostesses were Mrs. H. D. Smith and Mrs. Tony D. Brons. Mrs. Dunagan, president, announced the group will support legislation to preserve the 'Big Thicket' in East Texas. The project is being sponsored by the Texas Federation of Women's Clubs.

Four new members, Mrs. George White, Mrs. Van Gaston, Mrs. Corene Shortes and Mrs. Judy Goodlett, were welcomed.

The refreshment table was laid with a white cloth and centered with an autumn arrangement.

## La Gallina Lists Bridge Winners

Four tables participated in the La Gallina bridge games held Friday at Big Spring Country Club when two new players, Mrs. Paul Meek and Mrs. Ken Perry, were introduced.

Winners were Mrs. J. M. Ringener and Mrs. B. G. Dearling, first; Mrs. Delnor Poss and Mrs. Harold Davis, second; and Mrs. George McAlister and Mrs. John Taylor, third.

The group meets the first and third Fridays at 10 a.m. at Big Spring Country Club. Anyone is welcome to play, and club membership is not required.

## Forum Entertains Coffee Guests

The Woman's Forum held a coffee Thursday morning in the home of Mrs. Jack Y. Smith, 206 Washington Blvd. Cohostesses were Mrs. Paul Klonka and Mrs. Cecil McDonald.

Guests introduced were Mrs.

Pete Warren, Mrs. Bob Bradbury, Mrs. Edwin Ballard and Mrs. John B. Knox. Mrs. Knox Chadd, secretary, distributed yearbooks.

The refreshment table was laid with a green cloth and centered with an arrangement of white asters. Antique china appointments were used, and Mrs. Chadd presided at the coffee service.

## Hints From Heloise

Dear Heloise:

If you are interested in slide photography, here's a simple, inexpensive way to make slide titles.

When you sort your slides, there are probably a couple of ones that didn't come out too well. (They're out of focus, too dark, etc.)

Don't throw these out.

Instead, place a few drops of bleach on the picture itself. Rub around with a cotton swab to get well into the corners. Then wipe away the bleach and repeat the application a few times and follow with a thorough wiping with a damp cloth to remove all traces of bleach.

Result? A crystal clear plastic on which you can print your title.

I sometimes type my title and then trace it onto the clear plastic slide.

This is a shiny surface and a little difficult to write on, but I have found that the new nylon-

### Princess Dress Is Youthful In Design

You get a very smart and youthful line that is featured for fall in this high-waisted princess. No. 3462 comes in sizes 10 to 18. Size 14 (bust 34) takes 2 1/4 yards of 54-inch fabric.

Send 40 cents plus 10 cents for third class postage for this pattern to IRIS LANE (care of the Big Spring Herald), Morris Plains, N.J. 07950. Add 15 cents for first-class mail and special handling.

Free pattern is waiting for you. Send 50 cents for our Pattern Book, which contains coupon for pattern of your choice.

# Couple Recites Vows In Catholic Ceremony

(Curley's Studio)  
MRS. CELESTINO CAMARILLO JR.

St. Thomas Catholic Church was the setting Saturday morning for the double ring ceremony which united in marriage Miss Manuela Montanez and S. Sgt. Celestino Camarillo Jr. The Rev. Leo St. John officiated before an altar decorated with an arch of greenery and arrangements of white gladioli. The organist, Mrs. J. E. Settles, played "Ave Maria" and "Blessed Be This Day."

The bride, daughter of Mr. and Mrs. Teroffio Montanez, 101 NE 9th, is a graduate of Big Spring High School where she participated in the Spanish Club and Future Homemakers of America. She recently completed LVN training at Medical Arts Hospital.

The bridegroom is the son of Mr. and Mrs. Celestino Camarillo Sr. of Laredo and graduated from that city's Martin High School.

and Margie Rubio served as cushion maids.

The bridesmaids were identical avocado green dresses designed with an Empire waistline and long full sleeves. Each carried a bouquet of yellow daisies with avocado streamers.

Juan Gaitan was best man, and groomsmen were Gus Hernandez, Richard Camarillo of Laredo, brother of the bridegroom; Inez Velasquez, Ben Montanez, Lupe Lara, Gilbert Martinez, David Gamboa, Johnny Parras, Joe Martinez, Henry Lopez, Albert Puga, Moy Fierro, Pete Otega, Audon Saldivar and Robert Sanchez. The bride's sister, Julia Montanez, was flower girl, and the train bearers were Joe Mata and Debbie Rodriguez. The ring bearer was Danny Larez.

**RECEPTION**  
Miss Elodia Robles registered guests at a reception held in

the fellowship hall. House party members were Mrs. Hinoj Moreno, Miss Gavina Chavez, Mrs. Molly Larez, Mrs. Horace Yanez, Mrs. Paul Abundis, Mrs. Crescencio, Mrs. Jose Lopez, Mrs. Julia Puga and Mrs. Manuel Cervantes.

The refreshment table was covered with a lace cloth overlaid with a net skirt trimmed with wedding bells and doves. The tiered cake was topped with bridal figurines and flanked by arrangements of white gladioli.

Out-of-town guests were Mr. and Mrs. Meliton Montelongo, Dallas; Mr. and Mrs. Domingo Ramos, Mrs. Emma Flores and Mrs. Maria Flores, all of Laredo; Ruben Vela, Fort Worth; and Mrs. Maria Martinez of Odessa.

When the couple left on a wedding trip to Houston, the bride wore a brown suit with bone accessories and the corsage from her bouquet.

## Alcoholism Treatment Explained

Mrs. John Sevey, alcoholism rehabilitation technician at Big Spring State Hospital, gave a program on hospital treatment for alcoholics during Thursday's meeting of the TOPS Plate Pushers in the First Federal Community Room.

Mrs. Sevey stressed the therapeutic approach from the time the patient enters the hospital until he goes home, saying the hospital has a high rate of recovery. She explained the follow-up program in Odessa, Midland, Abilene and San Angelo, recently inaugurated by volunteers which assists the family and alcoholic during his rehabilitation and return to community life.

Mrs. K. C. Webb presided as a total weight loss of over 40 pounds was reported. Mrs. I. D. Shortes was honored as a KOPS (Keep Off Pounds Sensibly) member.

## Westside WMS Studies Missions

The Westside Baptist Church Women's Missionary Society observed its Week of Prayer for state missions by studying the theme, "Behold My Neighbor." Emphasis was placed on the Rio Grande Valley residents.

Mrs. J. W. Trantham presented the program "Christ the Hope of Glory," in five lessons. Assisting her on the programs were Mrs. Sally Sanders, Mrs. E. O. Sanderson, Mrs. E. C. Wisenbaker, Mrs.

Larry Unger, Mrs. Vera Audrain, Mrs. J. A. Andrews, Mrs. Frank Radcliff, Mrs. Leroy Minchew and Mrs. Mary Riddle.

## Shop Wisely For Unique Jewelry

NEW YORK (NEA) — You don't have to shop in antique stores to wear interesting, unique jewelry. You just have to be a careful shopper, willing to go through lots of not-so-special trinkets, to come up with something that looks like an heirloom and costs a lot less.

The couple will reside in Fort Worth where Sgt. Camarillo is stationed at Carswell Air Force Base.

The bride's satin wedding gown was fashioned in a slender silhouette with highrise waistline and chapel train. The Empire bodice, ruffled at the neckline, was overlaid with lace to form a yoke effect, and the long full sleeves were cuffed with satin. Her stylized bouquet, tied with satin streamers, featured flowers formed of pearls and crystals. The jeweled accents were repeated on the crown which held her bouffant veil of illusion.

Miss Teresa Montanez was maid of honor, and Mrs. Juan Gaitan was matron of honor.

Bridesmaids were Miss Irma Trevino, Miss Imelda Camarillo of Laredo, sister of the bridegroom; Mrs. Inez Velasquez, Miss Josie Moreno, Miss Mary Velasquez, Miss Janie Esquivel, Miss Martha Fierro, Miss Susie Moreno, Miss Alma Vargas, Miss Zulema Yanez, Miss Christina Mata, Miss Yolanda Guevara, Miss Dora Velasquez, Miss Janie Gutierrez and Miss Christian Correa. Belen Rubio

## Shiny Hair Needs To Reflect Light

Simply stated, the problem is to wash your hair frequently to remove hairspray and dirt, but not to dry it out too much or leave a residue. The solution is no further away than the nursery.

Gentle baby shampoo doesn't over dry your hair, and it rinses out easily without leaving that soapy residue to dim its natural shine. Baby shampoo just leaves manageable shiny hair — the young kind that makes any hairdo a thing of beauty.

# Carr, Mutscher Will Address TFWC Meet

Mrs. Henry F. Shaper, president of Texas Federation of Women's Clubs, has announced that TFWC will hold its board meeting Oct. 7-9, at the Commodore Perry Hotel in Austin. Preliminary meetings will open from 2 to 4 p.m. Oct. 7, with a tour of the club house. District presidents' meeting will be held in the president's suite, Commodore Perry, at 3 p.m., and a trustees' meeting in the president's suite from 4 until 4:30 p.m.

### CARR TO SPEAK

The official opening of the board meeting will be in the Colonnade Room at 7 p.m. with Mrs. Shaper presiding. On Oct. 8 at 9:30 a.m., Mrs. Earl J. Hazelton of Orland, Calif., will conduct the leadership workshop. Mrs. Hazelton is

chairman of leadership, General Federation of Women's Clubs, sponsored by Sears Roebuck Foundation. Speaker for the noon luncheon will be the Honorable Waggoner Carr, who was elected "Outstanding Attorney General of the Year" and presented the Wyman award by the Attorneys General of the 50 states in 1966. He received an honorary doctorate of law degree from McMurray College the same year.

Waggoner Carr began, organized and developed the Attorney General's Youth Conference, attended by 6,000 young Texans, who in turn involved 100,000 others upon their return to their homes.

For the afternoon session, department chairmen who will work with "Ideas to Implement Club Programs" are: Mrs. Bill Davis, conservation; Mrs. Frank Galusha, education; Mrs. Louis Cummings, fine arts; Mrs. Lynn Williams, home life; Mrs. Joel McMahon, international affairs; Mrs. Bruce Hennington, public affairs; Mrs. Orville Cox, international clubs; and Mrs. Guy Crawford, Texas heritage.

### BIG THICKET

The program for the banquet will be, "Texas' Vanishing Wilderness, The Big Thicket." Mrs. Jud Collier, chairman, and Mrs. William C. Hancock will give "Status of Project, Where We Stand." Dr. Francis E. Abernathy of Stephen F. Austin State University will give "Tales and Songs of The Big Thicket."

Dr. Abernathy has served as past counselor, vice president and president of the Texas Folklore Society. His memberships include the Association of Mexican Cave Studies, Texas

Herpetological Society, East Texas Historical Association and South-Central Modern Language Association.

At the morning session, Oct. 9, the speaker will be Col. Wilson Speir, director of Texas Department of Public Safety. Col. Speir is a past president of the Texas Police Association and is a member of the Association's Executive Committee. In 1962 the Buffalo Trails Council of Boy Scouts of America in Midland honored him with the Silver Beaver Award for outstanding leadership with boys.

### REPRESENTATIVE

At the noon luncheon on Oct. 9 the speaker will be the Honorable Gus Mutscher, Speaker of the House of Representatives. He was chosen recently for membership on the Southern Conference Advisory Committee of the Council of State Governments and was honored by the College of Business Administration of the University of Texas as a 1969 Distinguished Alumnus.

### Elbow HD Club Donates Cookies

The Elbow Home Demonstration Club served 2,000 cookies to patients at Big Spring State Hospital last week. It was announced at Thursday's meeting in the home of Mrs. W. A. Allen. Mrs. Dale Dittrich was introduced as a guest. The hostess gave the devotion, and roll call was answered with "My Birthplace." The next meeting will be Oct. 2 in the home of Mrs. Denver Yates.

## Cafeteria Menus

## Estée Lauder Introduces Her 1970 Collection Of READY TO WEAR EYE MAKEUP With A Great New Fashion Look— THE GLISTENING SATIN EYE

To introduce her new Ready to Wear Collection of eye makeup, Estée Lauder has created a fashion-significant eye-look that defines the here, now and tomorrow of eye makeup.

THE GLISTENING SATIN EYE is an innocent, wide-open eye with a shimmering, gleaming finish. And Estée Lauder's Ready To Wear Collection makes this meltingly tender look so easily, expertly attainable.

The over-all shimmering of THE GLISTENING SATIN EYE is achieved with:

- layered shadings of PRESSED EYELID SHADOW 5.00
- a muted shade of EYELID LINER CAKE 5.00
- a tinted black shade of cake-form LASH-LENGTHENING CAKE-MASCARA 5.00
- two shades of EYEBROW CAKE makeup 5.00
- and, applied over eye makeup, the glistening finish of liquid EYE GLAZE 5.00

*Hemphill-Wells*

### Picnic Held By B&PW For Guests

Thirty residents of the Work Village at Big Spring State Hospital were guests of the Business and Professional Women's Club for a barbecue picnic Tuesday evening at City Park.

The club's state hospital volunteer committee was in charge, headed by Mrs. Thelma Lewis, assisted by Mrs. Mamie Roberts and Mrs. Garland Morrison.

Besides the barbecue and trimmings, guests were treated to ice cream, cake and watermelon.

The next dinner meeting of the club will be held at 7:30 p.m., Tuesday, at Coker's Restaurant under the direction of the finance committee. It includes Mrs. Ruby Exline, Mrs. Leslie Lloyd, Mrs. W. B. Sullivan and Mrs. Rip Smith. The program theme will be "Have a Plan and Work It," and there will be a guest speaker.

**BETROTHED** — Mr. and Mrs. Jimmie F. Elliott of Iraan have announced the engagement of their daughter, Peggy Sulynn, to Bill Earl Bledsoe, son of Mr. and Mrs. W. N. Bledsoe of Dallas. The bride-elect is the granddaughter of Mr. and Mrs. R. D. Hale and the great-granddaughter of Mrs. J. H. Powell, all of Big Spring. The couple plans to marry in late January in the Iraan First Baptist Church.

**FURRIER'S FALL COLLECTION** — A fall collection shown this week by furrier Ben Kahn included these designs. From left are a jaguar coat with golden sable trim and muffler, an apricot colored swakara pants suit with badger collar, white flowered mink bordered with sable, and a man's mustang coat.

### FOCUS ON FAMILY LIVING

## Fall Fabrics Labeled 'Special Treatment'

By CATHERINE CRAWFORD

Each season, new and interesting fabrics appear and old fabrics are treated in new ways. The resulting variety adds greatly to the fun of sewing, but it can also make home sewing more confusing!

Velvet, velveteen, corduroy and fake fur are popular fabrics this fall. They are all in a group known as pile fabrics, and require special handling.

Choose a pattern in a simple design with few seams. These fabrics are fabrics "with nap," for which extra yardage is usually given. Napped fabric always takes a little more yardage because the tops of all pattern pieces are placed facing the same way. If the pattern envelope does not indicate the yardage for napped fabric, it can be determined by laying pattern pieces on a table with tops pointing in the same direction.

**DIRECTION OF PILE** affects color. To determine the way the pile runs, brush your hand lightly over the surface; the smoother feel indicates the pile direction, which may go upward in a garment for a richer color.

**PATTERN LAYOUT.** Follow layout "with nap" where the tops of all pattern pieces are pointing the same way. When cutting on a fold so that two pieces are cut at one time, only a lengthwise fold can be used. Do not follow a diagram with a crosswise fold, as correspond-

ing pieces will end up with the nap running up on one and down on the other causing the color of the pieces being different.

**MARKING.** Any method of transferring pattern markings to the fabric may be used, however, heavily napped fabrics such as velvet or fake fur will be marked more accurately if tailor's tacks or a similar marking is used. Corduroy and suede cloth have fabric backing that is firm so that dressmaker's carbon paper may be used.

**SEWING.** Hand basting is necessary for the heavily piled fabrics since these fabrics shift easily. Set the machine for a longer than average stitch and lessen the pressure on the pressure foot; test your stitch on a scrap of doubled fabric before you begin. Wherever possible, stitch in the direction of the nap. On facings, trim seam allowance to one-fourth of an inch, grade seams and clip at one-fourth intervals. Facings should be understitched. Avoid bulk by trimming away excess fabric at seams and inside the hem allowance. Slash darts and press open.

**ZIPPERS.** As with any fabric, use the method you like best. However, with pile fabrics, the final step in applying a zipper will look best when done by hand.

**BUTTONHOLES.** Before making buttonholes in the garment, try one on a scrap of fabric to see how it looks. In corduroy, make the lips for bound buttonholes with the fabric for the lips cut on the bias. On velvet and velveteen avoid machine-worked buttonholes since attachment marks pile. Good closures on velvet and velveteen are loop, frogs, or fake button closings.

**PRESSING.** This is a problem with all pile fabrics, velvet being the most difficult, corduroy the least. Never touch the iron to the right side of the fabric. A special piece of equipment, a needle board, may be used when pressing velvet. Even with this extreme care must be used to prevent crushing the

pile. For other pile fabrics use a piece of your pile fabric, placing a piece on the ironing board, pile side up. Press (DO NOT IRON!) the garment on the wrong side with pile touching pile. In all cases use a steam iron and press lightly.

For further explanation and information call Catherine Crawford, County Home Demonstration Agent, 267-4869.

**TO MARRY** — Mr. and Mrs. E. D. Gaines, 402 S. Ave., Coahoma, announce the engagement of their daughter, Geraldine, to Garland Joe Rudd, son of the Rev. and Mrs. Billy Rudd of Tarzan. No wedding date has been set.

### Sewing Club Has Gift Exchange

Secret pals were revealed and gifts exchanged by members of the Pioneer Sewing Club who met Tuesday afternoon in the home of Mrs. J. D. Gilmore. Refreshments were served to 14, including three guests, Mrs. Ima Hawkins, Mrs. H. H. Story and Mrs. T. Henry.

Mrs. Lois O'Barr Smith presided as plans were made for the annual Christmas party, and the group did handwork. The next meeting will be held Oct. 7 in the home of Mrs. C. L. Gooch.

## 'Make It With Wool' Competition Begins

LUBBOCK — Young women in the Panhandle-South Plains area who plan to participate in the District I "Make-It-Yourself-With-Wool" contest may obtain entry blanks and official information from Mrs. Myra Timmons of Texas Tech College of Home Economics.

In Big Spring, entry blanks may be obtained from the office of Mrs. Delaine Crawford, Howard County home demonstration agent, or from the Home Economics Department at Big Spring High School.

November 1 will be the deadline for receiving applications from county participants, according to Mrs. Timmons, director of the district finals which will be held at Tech Nov. 22.

Locally, Mrs. Crawford has announced that participants must have their contest garment in the HD agent's office by 10 a.m., Nov. 13, for judging on construction. If there is a need for a second judging, it will be held Nov. 15 with the place to be announced.

Last year, more than 170 young women from the 64-county area entered the district competitions.

"If there are not enough entries from a county to warrant a county contest," Mrs. Tim-

mons said, "the local director may see that entries are scored and eliminated to determine the 10 contestants to be sent to District I."

The 1969 contest will have four groups of entries: Sub-debts division, 10 through 13 years, eligible for the district level only; Junior division, 14 through 17 years, and the Senior division, 18 through 21 years, both of which are eligible for the national contest, and the Adult division, over 21, eligible for district and state contests.

The contest, designed to acquaint the young seamstresses with the place of wool in the fabric and fashions market, is sponsored annually by the American Wool Council and the Women's Auxiliary to

the National Wool Growers Association.

The contestant must model her own garment before the judges. Rules stipulate further that all work on the garment must have been done by the contestant since Jan. 1, 1969, and that the fabric must be loomed or knitted in the United States and contain no more than five per cent of a non-wool fiber. A bonded tricot lining is acceptable. Pants and pant dresses will be allowed in competition this year.

Judging in all divisions is based on workmanship, beauty of design, coordination with the individual and appearance in fashion. Judging will be done by experts in wool fabrics, fashion and construction.

District winners will receive a trip to the state contest Dec. 6 in San Antonio. Each of the 41 winners from 20 area sheep councils will receive a four-day trip to the national competitions in Denver, Colo., on Jan. 22. The grand prize is a two-week trip to Europe.

### Repeat of a Complete Sellout of the PACKABLE-STRETCH Wig

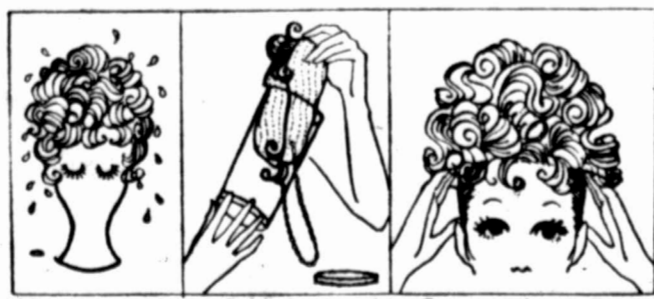

### S-T-R-E-T-C-H-E-S to fit

- Packable-Stretch wig is a totally new concept. It has a stretch cap that comfortably custom-fits your head. Won't slip... always stays "with you."
- Curls up neatly into its own handy canister case for easy carrying in your tote bag.
- Comes pre-styled in romantic curls for instant glamour.
- Needs no setting. Just wash in cold water, drip-dry and voila — curls again.
- Of lightweight, carefree Dynel in all natural shades.
- And — it's all yours at this unbelievably low price!

### Events Planned For Fund-Raising

Fund-raising plans were tentatively outlined at Thursday's meeting of the Immaculate Heart of Mary Mother's Club in the school cafeteria.

Mrs. Keith Thompson presided and announced a bridge marathon will be held. Tamales will be sold and a Mexican dinner will be served. Dates will be announced soon.

The Rev. William Meagher gave the invocation. New club members were introduced.

### 40 Texas Women Join Wild Flower Committee

More than 40 leading Texas women have accepted an invitation from Mrs. Lyndon B. Johnson, honorary chairman, and Mrs. David Rockefeller, chairman, to join the Committee for the Wild Flowers of Texas. States, which has raised more than a million dollars to subsidize the series.

Mrs. Rockefeller added that Volume 3 was originally planned to embrace the native flora of the Southwestern states but that there are so many kinds of wild flowers in Texas that "it soon became obvious that a complete two-part volume had to be devoted to Texas alone! This is the only instance of its kind... each of the other five volumes covering a geographic area of several states."

Volume 1, "Wild Flowers of the Northeast," was presented to Mrs. Lyndon B. Johnson in 1967 at its publication in New York City and in 1968 Volume 2, "Wild Flowers of the Southeast," was presented to her in the White House.

**HOUSECLEANING** — A film of water (lower half, left) still covers part of the sludge that has accumulated in a settling basin at the city's water treatment plant during the summer months; at its deepest, the sludge can be anywhere from 4-8 feet deep. On the right is a basin that has been cleaned, with a film of water on part of its floor. The darkened part of the side wall was caused by activated carbon, which the city used to treat the "lake taste" in the water in August.

## City Cleans Water Basins

The city's four settling basins at the water filter plant will all be cleaned within a week, according to Bill Brown, superintendent of the water and sewage plants.

The basins are usually cleaned in October, but because of the large amount of sediment arriving at the plant last week, the need was greater than usual. The basins were last cleaned in May, Brown said. The settling basins look like extra-deep swimming pools and measure 120 feet long by 39 feet wide and are 16 1/2 feet deep. When full, there is 14 1/2 feet of water in a basin about 507,592 gallons.

When raw water comes into the filter plant, Brown said, it is put into a rapid mixer with aluminum sulphate, hydrated lime and chlorine. From the mixer, the water goes into a series of four flocculators, where the chemicals are allowed to coagulate suspended particles into "flocks" or groups. As the water passes from one flocculator to the next, the flocks grow larger and, consequently, heavier. The water is then passed to a settling basin.

Once in the basin, the water flows slowly to the other end and spills into pipes leading to filters. If all works well, the flock has settled to the bottom

of the basin by that time. "When the problem with discolored water arose last week," Brown said, "there were just too many particles to settle out. The water coming in Thursday was of 145 parts turbidity, which is a measure of resistance light meets while being transmitted through water. Zero turbidity means the light encounters no resistance. Last week the turbidity measured more than 30,000 parts."

"When such turbid water is received at the plant, there are just too many particles for the chemicals to flock. Consequently, the particles don't become weighted and so do not settle out in the settling basins."

"There's nothing we can do about the water we receive," Brown said. "If we receive mud, the city still needs three million gallons of water — and we have to treat it. We do the best we can."

When the water leaves the settling basins, it has about 12 parts turbidity. It is then put through a rock and sand filter, which removes the rest of the turbidity. From there, it goes to the clear wells and more chlorine is added before being pumped out to residents.

"The water we usually get is pretty clean," Brown said, "and

sometimes this makes it hard to treat. Some cities actually put clay parts into their raw water so they have something to treat, but we haven't done this."

## IS IT THE PILL?

# First Grade Enrollment Down

By TERRY HOPKINS

It was about five years ago that the oral contraceptive, universally referred to as "the pill," gained wide acceptance among the female gender. What could be one result of it is showing up locally in decreased first-grade school enrollments.

None of the 16 area superintendents contacted in and around Howard County would come right out and say that smaller enrollments are due to the pill, but there were phrases like, "I don't have to tell you what's causing the lower enrollments," and, "you know as well as I do what's causing it."

One superintendent noted that although his enrollment in first-grade had increased this year it was due to an increase in the Latin population. He said there was a marked decrease in Anglo students which would suggest, with religious overtones, a direct result of the pill.

### COULD BE

Then there was the classic statement in a nearby town suggesting that the decrease in first-grade enrollment was a result of the cancellation of the early-morning train.

But there were other, more qualified approaches to the question, and in Big Spring Supt. S. M. Anderson noted a decrease across the board in elementary school. He attributed it to the lack of construction in town which has caused a slow labor economy.

"I'm talking about skilled labor," he said, "and I think this is a trend all over West Texas." He added that this is the first year for an appreciable decrease in first-grade enrollment — about 11 per cent, down 82 students from last year.

"We've had a slight decrease of about 22 students

in the first grade," said James McMath, Colorado City superintendent. He mentioned that the Governor's Committee on Public School Education, which conducted a two-year population study and made a report to the legislature last year, cited a decline in the Texas birth rate for "various reasons."

### COAHOMA EASES OFF

Coahoma also reported a decrease in first-grade enrollment and Supt. W. A. Wilson said this has been the case for the last couple of years.

"I think we reached a peak, declined a bit, and now we're leveling off," he said.

Supt. Floyd Manry in Odessa noted a decrease of about 100 first-graders this year, but attributed it to the opening of a new private school in town. He did say the decrease has been a trend for the last two years but would not speculate on the effect of the pill.

First-graders in Westbrook number about five less than last year but Supt. L. M. Dawson expects enrollment to come up this winter.

Supt. James Mailey noted a downward trend in Midland and attributed it to two factors. First, he said that family size has been decreasing.

### JOB PATTERNS CHANGE

"And the second is uniquely Midland," he added. "We've had a change in employment patterns and the families moving in seem to have older children." He added that for the first time in a number of years Midland has about 200 more in secondary school than elementary.

Snyder reported a decrease of about 30 first-grade students from last year but Asst. Supt. W. T. Falls cited an over-all enrollment increase of about 100 students.

Several area schools challenge the prediction of enrollment decline and show an increase trend

over three and four years.

Supt. Roy Thurston, Garden City, cited four more in the first grade this year and said it is part of an expected increase every year. In Stanton Supt. Russel McMeans also reports four more students.

H. D. Smith, superintendent in Forsan, said he knows it's against the national statistics, but his first grade class is up two from last year and 12 from 1967.

### TREND BACK?

Borden County Schools showed the most increase in first-grade enrollment with a boost of 20 students over last year's figure of 10 enrolled.

"I think this is probably part of a trend of people moving back to the rural areas," Supt. James McElroy said, "and of course if this lake (J. B. Thomas) ever fills up again, we expect an even greater increase."

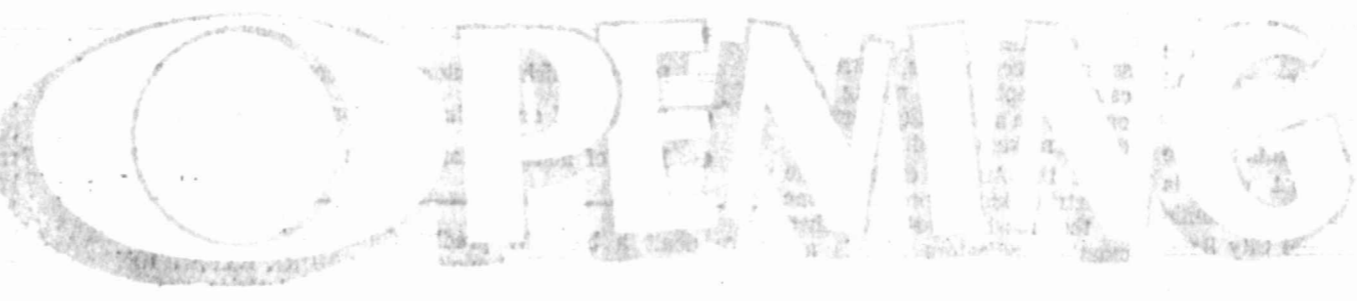

Five area schools remain about the same in first-grade enrollment. Supt. Alvin R. Cannady, Lamesa, noted a slight increase last year but said first-grade enrollment is holding its own this year.

Enrollment for the six-year-olds has been about the same for three years in Loraine. Supt. Leroy Scot said with no new industry there's no reason for it to increase. J. W. Massengale, superintendent for Flower Grove Independent School District, said his first-grade enrollment is about the same also.

There's been a decrease in Sweetwater for the last four or five years, but this year it remains about the same, according to Supt. Olaf South.

San Angelo reports about the same number of first-grade students, and G. B. Wadzeck, superintendent said he didn't see the decrease in first-graders that he expected based on national predictions.

## Cowboy-Convicts Ready For Rodeo

HUNTSVILLE, Tex. — The Texas Prison Rodeo, held each Sunday afternoon during October, has been billed as the world's fastest and wildest rodeo.

Its performers are amateurs. But they have a reputation of being rough and tough.

They're convicts: only once a year they become cowboys and trade a prison cell for a date with a Brahma Bull.

The Texas Prison Rodeo began 37 years ago as a recreational feature for inmates at the State Department of Corrections.

There was no stadium, just a few wild horses and reckless prisoners. Some townspeople dropped by to check on the sudden flurry of dust in the vacant East Texas sandlot, and they liked what they saw.

The stadium today is an oval-shaped arena which seats approximately 27,000. Last year more than 100,000 came to watch the rodeo in an arena carpeted with wall to wall action.

All the profits derived from the rodeo are placed in the Department of Corrections' Educational and Recreational Fund, which provides educational, vocational, religious, recreational and welfare programs for the inmates. The welfare program furnishes dentures, glasses, artificial limbs, hearing aids, plastic surgery and specialized medical attention.

As in any sport, the Texas Prison Rodeo has its pre-season favorite. He was top money winner last year, pocketing \$300, and was named champion cowboy for the sixth time. And he's in prison serving a life sentence. He may hold the championship for a long time.

The Texas Prison Rodeo has worked hard to attain its billing

as fast and wild, and its events are unique.

In the Mad Scramble, 10 inmates come charging out of the chutes and at the same time, all riding twisting Brahma bulls, and in the Wild Horse Race, 10 prisoners gallop simultaneously into the arena astride bucking broncs. They hold on for eight seconds. But most hear the buzzer from ground level.

The Hard Money event is most appropriately named. A tobacco sack is crammed with \$50, then tied between the horns of a Brahma bull, which is turned loose and kicking. If an inmate can wrestle the sack away from the horns, the money is his, but it's a hard way to make money.

Top-notch professional entertainment has always been a trademark with the prison rodeo. Tradition began on a sunny October Sunday in 1934 when a screen idol drove unannounced and unexpected into Huntsville. He had heard of the rodeo and wanted to see it. He rode a horse named Tony into the arena that day and called himself Tom Mix.

The 38th edition of the rodeo will feature Wanda Jackson, Oct. 5; Merle Haggard, Oct. 12; Buck Owens, Oct. 19; and Hank Snow, Oct. 26.

Inmates find the rodeo a chance to escape the confining life in prison. Only two have ever found it a chance to escape to the outside. They smuggled in civilian clothes and crawled beneath the grandstand to change. As they were sneaking out from under the bleachers, a guard stopped them. He thought the pair was trying to slip in to watch the performance without paying. The guard lectured them sternly on the benefits derived from rodeo monies... Then he threw them out.

## A Devotion For Today . .

"Will man rob God? Yet you are robbing me. But you say, 'How are we robbing thee?' In your tithes and offerings." (Malachi 3:8, RSV)

PRAYER: O God, forgive us for evading any duty or responsibility which is ours as Christians. May our giving, whatever kind it is, be liberal and offered in joyous spirit. In Christ's name. Amen.

(From the 'Upper Room')

## Our Highway System

The occasion of Texas Highway Week affords a reason for a backward glance of our federal and state highway systems, particularly in this area.

In Howard and the seven counties contiguous to it, the Texas Highway Department has completed \$23,519,834 in highway construction within the past five years. Moreover, it has \$3,073,639 in jobs now under contract, and another \$7,428,200 programmed to be put under contract. Add these together and you come up with a figure of \$39,021,673 of work either accomplished or firmly within sight since 1964.

Highways, then, might easily be regarded as a major construction industry in our area. Take the case of Howard County, for example. In the preceding five years completed construction amounted to \$11,235,634; within the past decade the figure is \$14,060,292. Add to this \$2,969,246 which was under contract at the start of this year and another \$1,417,000 programmed for work, and the total comes out to \$18,446,538 accomplished and in sight since 1959. That is pushing an average of three million dollars a year.

But as important as this is to the current economy, it is minor beside what the highways generate in transportation and trade. There is no telling how many times their cost these roads and arteries have contributed (and will continue to contribute to our economy).

This story could be multiplied many

times over — almost by the number of counties in the state, for Howard is very near an average county.

There is a saying that you can shut your eyes and tell when you leave Texas by car. This is not in disparagement of highways in sister states, but a tribute to the quality of the vast highway system of Texas. Our state takes a second seat to none in the extent, coverage and quality of its roads, thanks to remarkably judicious and capable administration by the Texas Highway Commission and its engineers.

Yet, there is no guarantee that the pace can be maintained despite the efforts and excellence of the commission and its staff. They must, first of all, have resources to carry on an adequate road program for Texas. The vast program under the federal interstate system may be drawing near an end or at least a phasing out, and the direction of applying federal funds may be more urban oriented.

Thus, it is imperative that Texas protect the highway users tax from diversion to other purposes. There have been increasing pressures to slice it a little here and a little there for other deserving purposes. (Perhaps a test of how deserving they are is whether they can be financed out of general revenue.) The point is that you pay your highway taxes (fuel and licenses) as a payment on a first class highway system, and the money should be used for that.

## David Lawrence

### Is Inflation Being Curbed?

WASHINGTON — The big unanswered questions before the country today are whether inflation is really being curbed, and what measures, if any, can be taken to achieve a stabilized economy.

Many of the expert economists differ in their views. The truth of the matter is that anything as huge as the national economy, with its complexity of factors, is hard to appraise at any particular time. The only thing available is the record of past experience when restraints have been imposed, and sometimes these have been slow to take effect.

INDUSTRIAL PRODUCTION declined in August by two tenths of one per cent. It was the first dip in the index during the last 12 months, according to a Federal Reserve Board report.

The chairman of the Reserve Board, William McChesney Martin, told the Senate Committee on Banking and Currency a few days ago that he thinks we are "at the tail end" of inflationary price rises. He believes that the nation is on the right course now and that what is needed is patience.

THE BOARD itself thinks the momentum of the inflation has been slowed down. The fact is that, while there has been a diminution in the pressure for bank loans and a slight decline in automobile sales, there are no strong indications of a general business decline. The financial expert for the Chicago Tribune, Louis Dombrowski, says:

"Most economists believe that inflation is being brought under control.

## Billy Graham

Is the population explosion one of the world's major problems? Why now than in past history?

It took from the Garden of Eden until 1830 for the world's population to reach the billion mark. But the next billion came in just 100 years. The third billion took just 30 years, and by the end of this century the world population will be twice what it is now. When we project these figures into the next hundred years they become astronomical. Half of the world's population is already undernourished and about a half billion exist at starvation level. But poverty and hunger are only two of the problems. How to educate, provide employment, and to give these unborn billions a working way of life, staggers the imagination of our greatest minds.

More critical still is the problem the church faces in evangelizing these billions of people who will inhabit the world of the future. Even now, the church is not keeping pace with the birth rate in the world. To even make a dent in the coming world population will require the recruitment of every Christian in evangelism. If we continue to follow the line of "comfortable Christianity," the world of tomorrow, (if indeed the world continues to be,) will be pagan.

## Editorials And Opinions The Big Spring Herald

2-D Big Spring (Texas) Herald, Sunday, Sept. 21, 1969

## Business Mirror Economy Cooling? Maybe - Maybe Not

NEW YORK (AP) — A dip in production output for the first time this year appeared last week as a major sign that this country's economy may be cooling.

Government officials, plus several economists, stressed cautious optimism, noting that one month's statistics certainly do not make a trend.

But the August drop in the industrial index—probably one of the most closely watched monthly indicators of this nation's economy—does reinforce the government's hope that its policy of monetary restraints is putting a crimp in the spiraling inflation.

Traditionally, a drop in production eventually triggers a rise in unemployment and a subsequent slowing of price and wage increases, thus braking any inflationary trend.

EVER SO SLIGHTLY The Federal Reserve Board's industrial index was placed at 174.3 per cent of the 1957-1959 base of 100. July's revised figure was 174.6 per cent. September of 1968 was the last month to show a decline in production and that was a reflection of the steel production decline following labor settlements.

In a further examination of the U.S. economy, the Department of Commerce last week reported that August figures on housing starts indicated a slight easing of a decline. Seasonally adjusted, housing starts totaled 1,336,000 compared with 1,358,000 in July. The August figures represented the seventh monthly decline, but was much less severe than July's eight per cent drop over the previous month's totals.

Government hopes for an economic slowdown, however,

### MIXED SIGNS

- Production dips in August, but ever so slightly
- But forecasts indicate capital spending will increase
- Prices bullish — Automobile tags upped, coffee raised
- Backlog of orders increases pressure for expansion
- Rate of housing starts shows decline during August

were dealt a blow by predictions this past week that capital spending next year would increase at least seven per cent. The forecasts indicated the nation's economy will indeed remain strong in 1970 and that even with all the monetary restraints, inflation has not been halted.

Leon Kilbert, vice president and senior economist of Lionel D. Edie & Co. Inc., investment consultant and economic consultant, said industry would invest \$75.5 billion in new plant and equipment next year, or seven per cent more than estimated income for 1969.

CAPITAL SPENDING Rinfret-Boston Associates Inc. at the same time, forecast 1970 capital spending at \$77.2 billion, a nine per cent increase. The implications of all this higher capital spending, concluded Rinfret-Boston, were that present Federal Reserve Board restraints have not worked and that consumers can look forward to an even more intensified monetary policy in the battle against inflation.

Meanwhile, the Federal Reserve Bank of Chicago, in its monthly appraisal, said: "Recent widespread price hikes, plus large increases in wages and fringe benefits, show that inflationary pressures are still

### MORE EXPANSION

Most industries are still expanding, said the Federal Reserve Bank. The backlog of equipment orders continue to rise. Output of new car and truck models is off to a strong start with Ford Motor Co. following General Motors Corp. with its largest price increase in more than 10 years. Ford raised "stickier" prices on its 1970 models by an average of \$108 a car, or 3.6 per cent more than last year's models.

On Thursday Chrysler Corp. also announced price increases for 1970 models, but kept the boosts smaller than those of Ford and GM in an effort to regain sales. Chrysler said the suggested retail price of its average model would go up \$107, or 3.5 per cent.

In other economic developments, the S. S. Manhattan, giant ice-breaking tanker, became the first commercial ship to negotiate the Northwest Passage above Canada to Alaska, thus fulfilling a dream that merchant voyagers have had for 500 years. The purpose of its trip was to test the feasibility of using the passage as a new route from oil fields of Alaska's North Slope to markets on the East Coast and in oil-starved Europe.

## To Your Good Health Yes, Noise Can Damage Your Hearing

Dear Dr. Thosteson: Can working in a very noisy factory cause permanent damage to hearing?—Mrs. R.K.

The simple answer to your question is yes. Prolonged exposure, that is, but it doesn't have to be factory noise. Any loud noise.

Sound has two main components: frequency, or pitch; and loudness, or intensity, which is measured in decibels (a decibel is a logarithmic system of numbers, so 20 db. is many times more than twice the sound level of 10 db. —"db." being the abbreviation for decibels.)

There has been increasing study lately of the effects of noise, and some information is available — although doubtless not enough.

To give you some rough idea, a faint rustle of a leaf might be about 10 db., the sounds in a quiet home perhaps 45 db. Ordinary conversational speech at a distance of three feet (which is pretty close) has been measured at 60 db., but the same speech from the farther side of the room would be much less. The distance is significant.

A garbage disposal device can be in the range of from 80 to 95 db. and an airplane engine, of course, much higher. The range of sound the human ear will tolerate is enormous,

the loudest sounds being billions of times as great as the least sound which can be heard.

But there is a limit — and I am not referring to some such sound as an explosion which can rupture ear drums.

Rather, prolonged exposure to noise above 85 db. is now felt to produce permanent loss of hearing. Workers in very noisy environments may have trouble hearing at the end of the day, but recover somewhat by the next morning. But the small losses accumulate into impaired hearing.

Impaired hearing has been found in people exposed to very loud rock and roll music. This in some cases has been measured as high as 120 db., which is a terrific lot of noise — in a bracket with boiler factories or the like, where you can't even hear your own voice.

Reason for the loss of hearing is thought to be ultimate exhaustion and degeneration of the delicate structures of the middle ear which have to transmit the vibrations we call sound.

I presume that the pitch of sounds also is significant, but I don't know how much has been learned about that.

Anyway, a growing number of factories, offices, and other places of employment are becoming aware that the noise level is important, and should

be kept at a safe level.

Dear Dr. Thosteson: After a freak accident, two small veins on the left side of my nose were broken and show up as two red lines. Since I deal with the public, my appearance is important. Can anything be done about these lines?—D.E.J.

See a dermatologist first. If he can't correct the problem, I am sure a plastic surgeon can.

Dear Dr. Thosteson: My problem is a skin disorder called granuloma annulare. What are the cause and cure?—T.T.

This is an uncommon condition and seen less often in adults than in children. It's a circular lesion, with bumps inside. The cause is not known, and there is no uniform treatment. However, light doses of X-ray or other local treatment by a dermatologist may hasten its disappearance. It is known to subside spontaneously, too usually in a matter of months.

What about constipation? Many can be relieved of it, both mentally and physically, by reading the booklet, "The Way To Stop Constipation." For a copy write to Dr. Thosteson in care of The Big Spring Herald, enclosing a long, self-addressed, stamped envelope, and 25 cents in coin to cover printing and handling.

## Around The Rim That Was A Sturdy Car, But—

We are now completely engulfed with new automobiles. They are the 1970 models, sleeker than ever before and loaded with more gadgets (if you want them) than a moon missile.

If, to those of us who are not as discerning as we should be, there's a similarity in many models, you can't say the same for names. Every major line has branched each of its models with a fetching title, and some of us get lost as to really what manufacturer makes what.

THERE WAS a time, if you want to go back far enough, when there wasn't so much 'ol-de-rol. One knew that a Chandler didn't look like a Hupmobile, and neither one of them looked like a Pierce-Arrow. And there's the belief that "they don't build them like they used to." Now wait a minute.

The first car acquired by our family was an Essex Coach, a boxy affair that must have been designed for four people and we always had at least six to haul.

THE FEELING was that an Essex was a fairly reliable family type car. Not up to the Studebaker and the Peerless, of course, but at least a notch above the Tin Lizzie.

Well, in these olden days, Papa (who didn't think the auto was here to stay and wouldn't have touched the steering wheel) agreed to chaperone about three of us rambunctious lads on a motor trip to the Dallas Fair. No matter there were only a few stretches of paved roads over the 300 tortuous miles, the sturdy Essex could handle the assignment.

WE GOT THERE, all right, spent

all our money at the fair and started home in a couple of days. This, of course, was the Fall of the year, when the Texas rains set in.

On what passed at the time for a highway, we wallowed and silted up hill and down dale, across narrow bridges and slipping now and then into ditches, across Parker, Erath and Eastland counties. It was at Putnam that trouble first descended, in what I recall as a burned out clutch. If you have never sat out the repair of an Essex clutch in Putnam, Tex., you have never sat out, period.

WE MUST NOT have had a timetable, because if we did, it was shot. But the clutch was made workable, and the muddy journey resumed. It was around Merkel, I believe, that we "threw a rod." This involves a good deal more mechanical maneuverings than I know about, but there was another wait in Merkel.

There is no need to mention such trivialities as three flat tires, engine getting hot (one had to walk to the nearest windmill) a couple of times, and the lights going out. These were run-of-the-mill risks on such a long trip.

MY MEMORY is that it took us three days to get home, and if we were in a sad state, so was the Essex.

Papa never took any kids to the Dallas Fair any more, and he didn't fool around with the Essex, either. He got daring and traded "up" to a Hudson Super-Six. Which, after all, is the stuff the automobile industry is made of. Its products have been getting better every year.

—BOB WHIPKEY

## Marquis Childs Finch In Middle On Desegregation

WASHINGTON — When Richard Nixon, as President-elect, assigned his good friend and California ally, Robert H. Finch, to the snake pit of Health, Education and Welfare he must have had an idea of what it would mean. Finch was certain to be pined between the Nixon Southern strategy and the unrelenting demand for desegregation not only of schools but of all public facilities.

A BIG MAN with the broad shoulders of an athlete, Finch has the strained look of the long-distance runner on his face — a man who knows the finish line will always be 100 yards ahead. Even as he claims the superiority of the Administration approach to integration, his unease reflects the pressures he is under.

Finch's argument that federal court orders are the surest way to integrate the schools may prove right in the end, although in light of the built-in prejudices of Southern judges it is highly doubtful. But this overlooks something far more fundamental.

THE U.S. COMMISSION on Civil Rights, under the chairmanship of the Rev. Theodore M. Hesburgh of Notre Dame, called the backing and filling of Finch and Attorney General John N. Mitchell a "major retreat." That is how it is read in the South.

What grips Finch most of all is the attack of the liberals who feel that he, the most conspicuous liberal in the Nixon Cabinet, has let them down. Don't they know, he demands, how the other side is after me? They're talking about impeaching me.

THIS LAST is not, it happens, merely a figure of speech. Rep. Fletcher Thompson of Georgia, one of the new breed of Southern Republicans, is preparing the basis for articles of impeachment that he intends to present on the floor of the House. The impeachment would charge Finch with deliberately violating the provisions of an appropriation bill

forbidding the use of the money for busing pupils from one school to another or otherwise enforcing desegregation. Thompson has no illusions that the House will vote to impeach the Secretary of Health, Education and Welfare. But his attack is symptomatic of the drive to bring Finch to heel.

IT IS LED by Southern Republicans from the states that gave President Nixon his victory in November and from the states that George Wallace carried. Foremost in this company is Sen. Strom Thurmond of South Carolina, an engineer of the Nixon victory and now head of the watchful guard on the Mason-Dixon line saying this far and no farther.

In Finch's dilemma is something poignant. He is faced with desegregating the hard-core states that put every obstacle in the way of the preceding Administration. And this is in the face of deliberate efforts, such as cutting the number of compliance officers in the South by half, to make it impossible.

THE DAY AFTER Father Hesburgh's commission scored the Finch-Mitchell approach as a "major retreat," the Secretary issued his own progress report. This claimed that "more school desegregation is occurring this month than at any school opening in America's past." The statement gave impressive statistics — 336 voluntary desegregation plans at school opening compared with 171 last year — to document the progress.

The Civil Rights Commission had challenged HEW's claim of 2,994 school districts as "completely desegregated." A truer measure would be the 914 distributed in seven hard-core states, of which only 114 districts have been desegregated. Competing statistics are hard to sort out. The real question is where the Nixon Administration stands. (Copyright, 1969, United Feature Syndicate, Inc.)

## Art Buchwald Government Moves Against Hurricanes

WASHINGTON — With all the excitement going on in Washington these days, hardly anyone noticed that President Nixon has come out against hurricanes. In one of the strongest statements he made since he took office, the President said that his Administration would do everything in its power to eradicate the threat of hurricanes in the United States.

A friend of Bebe Rebozo told me, "The President has always been against hurricanes, and he vowed during his campaign that if he were elected, he would make it the first order of the nation's business."

"BUT IN SPITE of that," I said, "we still seem to have hurricanes, particularly in the South. Haven't the courts laid down certain guidelines for each state to follow in regard to the hurricane problem?"

"Yes. But the President and his attorney general and his secretary of health, education and welfare all feel that these guidelines are unrealistic, and that the South should be given more time to work out its anti-hurricane plans before the federal government steps in."

"SOME PEOPLE say the reason the President has gone easy on hurricanes since he's been in office is because he hopes to win the South to the Republican Party in 1972."

"That's nonsense. The President has always believed that local governments should solve their own weather problems."

"He prefers to implement federal storm legislation only after all other means of fighting hurricanes are exhausted."

"Then you feel he is not playing politics with the pro-hurricane lobby?"

"ABSOLUTELY NOT. He has told the Justice Department to make sure that all anti-hurricane laws are obeyed. And Atty. Gen. Mitchell has said that the American public should watch what he does and not what he says when it comes to prosecuting storm violators."

"I remember his saying it," I said. "Secretary of Health, Education and Welfare Robert Finch has predicted that this Administration will do more to wipe out storms than any administration in history. But both Cabinet officers realize that you can't shove anti-hurricane legislation down the throats of the South, who have managed to live with hurricanes for so many years."

"WHAT EXACTLY is the President doing about hurricanes?"

"One of the first steps he's taken is to give a dinner for all the weather forecasters in the country. The President feels he cannot have a strong anti-hurricane policy unless he has the confidence of the men who forecast our weather."

"That could be a big help," I said.

"HE ALSO has appointed a blue-ribbon panel under Vice President Agnew to study the problem and report back to him in six months on what can be done to eliminate the hurricane season."

"The President has even gone so far as to place Air Force I at the Vice President's disposal so it will be easier for him to fly into the eye of the storm." (Copyright, 1969, The Washington Post Co.)

## Workshop For Teachers Set Here Saturday

The Educators' Responsibility Prepare the Youth. This 1969-70 theme of the Texas State Teachers Association will be featured at a district workshop for TSTA members in District XVIII, from 8:30 a.m. to 1:30 p.m. Saturday, at Big Spring High School.

Teachers from public schools throughout the 14-county district are expected. After registration and general assembly, conferees will divide into work groups for discussions of such topics as new school laws, leadership development, public relations, community support of schools, teacher education and professional standards, and services to TSTA members.

Mrs. Jewell Harris, Abilene classroom teacher and state president elect of TSTA, will speak concerning objectives of the workshop.

Directing the program will be Alvin R. Cannady, Lamesa, president of TSTA District XVIII, and Mrs. Dorothy Hendrick, Andrews, district president-elect.

Chairmen for eight "problem-solving" sessions at the workshop will be Sam Anderson and William Dawes, Big Spring; John Damron, Midland; Edward Downing, Odessa; John C. Golman, Mrs. Janelle Sullivan, and Tom Rogers, Seminole; H.C. Wheat, McCamey; and Mrs. Hendrick.

Counties in TSTA District XVIII are Howard, Ector, Midland, Gaines, Dawson, Borden, Andrews, Martin, Loving, Winkler, Glasscock, Crane, Upton, and Reagan.

# Road Work Valued At \$23 Million Completed

The record of highway construction in this immediate area in recent years is little short of amazing. Within the past five years, the Texas Highway Department has completed jobs in Howard and its contiguous counties (Borden, Dawson, Glasscock, Martin, Mitchell, Scurry, and Sterling) in the aggregate of \$23,519,834. At the beginning of the year there was another \$8,073,639 of highway work under contract. Programmed and ready to begin as rapidly as funds will permit is still another \$7,428,200 in highway building. This all adds up to \$39,021,673. Figures for Howard County are available for a decade of construction and aggregate

COUNTY	1964	1965	1966	1967	1968	TOTAL
Borden	\$ 36,368	\$ 10,225	\$ 133,147	\$ 50,200	\$ 165,241	\$ 395,181
Dawson	—	—	444,155	600,000	351,200	1,395,355
Glasscock	76,938	15,353	—	48,806	438,176	577,272
Howard	1,849,224	434,119	1,899,906	1,223,731	5,838,664	11,235,624
Mitchell	2,825,429	672,674	476,729	—	110,000	3,884,832

TOTAL	\$5,621,234	\$2,612,418	\$4,058,265	\$3,053,396	\$8,174,521	\$23,519,834

## Highway Commission's Newest Member To Visit

The newest member of the Texas Highway Commission, Garrett Morris, Fort Worth, will be the speaker here Tuesday noon when Big Spring and Howard County observe Texas Highway Week.

The Rotary Club is hosting the luncheon in the Settles Hotel ballroom, and the Downtown Lions and the Civitan Club will meet jointly with the Rotarians. In addition, a sizable number of members from other clubs and other individuals interested in highways will be on hand. The only charge is the plate fee.

Morris is regarded as the West Texas member of the commission, and he qualifies admirably in that he is a native of Nocona. He attended Jacobson High School and received his bachelor of arts degree from Fresno (Calif.) State College. He was graduated from the University of Texas School of Law in 1942.

He has a record of continuing public service as well as one of professional achievement. Prior to his appointment to the highway commission in June 1968, as the successor to Hal Woodward, who had been named a United States district judge, Morris was a member and chairman of the Texas Public Safety Commission. He

was for six years state Democratic committeeman from the 10th Senatorial district, and was chairman of the zoning board of adjustment in Fort Worth. He also is a member of the Meadowbrook Methodist Church.

Morris is a member of the Fort Worth law firm of Kelly, Morris, Walker, and Maynard; president and chairman of the board for the Morris Plan Life Insurance Company in Fort Worth; a member of the Fort Worth Chamber of Commerce, Good Government League, and county and state bar associations.

Boys 8-9-10 years of age who would like the fun and adventure of being Cub Scouts will have a golden opportunity to get in the program Tuesday evening. They are urged to come with their parents Tuesday at 7:30 o'clock to the school they attended. The school principal, a Cub commissioner, and a cubmaster will be on hand to explain the program, to register boys, and assign them to a unit.

GARRETT MORRIS

## MARS Gives Base Service

The term "MARS station" refers to a communications service for all military personnel and their relatives and is available at Webb AFB, Mars, the Military Affiliate Radio System, provides telephone and radio services free for contacting military personnel in two ways.

The "phone patch" is a system of direct communication via telephone and radio relays and can be set up by calling the MARS extension, 2565, at Webb. All major bases have MARS stations, but for smaller installations which do not, the connection is made by radio to the closest station and then via telephone. The user pays the toll call only from the receiving base to the person being called.

A written message, called a Marsgram, can be sent anywhere in the world where there is a base or mail service nearby. Similar to a telegram, the message is limited to 25 words, excluding address. This can be sent through the same extension at Webb, 2565.

# Pep Squad Sets Half-Time Shows

By SHARA DEE HAMBRICK  
A pep rally was held Friday afternoon during seventh period to boost school spirit for the game that night with Loraine. The junior high cheerleaders did a yell in the pep rally to do their part in showing school spirit.

The junior high cheerleaders are Lear Roman, head cheerleader, Sherry Riddle, Sherree Shaw, Patty Peugh and Erlinda Calvio.

The pep squad has begun to practice on their routines which will be used for half-time activities at football games. The first performance will be during halftime of the Sands-Forsan game on Sept. 26.

The Student Council held their first meeting of the year Wednesday to elect officers. They are president, Robert Herrem; vice president, Kelly Gaskins; secretary, Shara Dee Hambrick; treasurer, Steve Herm; and reporter, LaDeana

riddle. Advisor is Mr. Ronnie Gandy. There are 15 members on the council.

The Student Council decided to sponsor the Halloween Carnival once again. Plans are now being made for this.

The FHA held a meeting during seventh period on Thursday. Officers are president, Sandy Fregg; vice president, Patsy Davis; secretary, Shara Dee Hambrick; treasurer, Dorinda Graham; historian, Jan Nichols; parliamentarian, Mary Helen Herrera; reporter, Rita Jones and song leader, Mary Ann Wallace. Mrs. Williams is sponsor.

The Powder Puff football game, which has been set for Sept. 23, will begin at 7 p.m. The teams have now been set up.

Players for the Roadrunners are "Dewhittie" Davis, "Ready" Riddle, "Jaguar" Jones, "Monster" Mahaney, "Killer" Coleman, "Gracious"

Graham, "Horrible" Herrera, "Knucklehead" Newcomer, "Nuttie" Nichols, "Witty" Wallace and "Hamy" Hambrick. The cheerleaders will be "Barbara" Brown, "Helena" and "Gracie" Gaskins. Perry Gillespie and Randy Clemens will be coaches.

Coyote players are "Dreaded" Dillo, "Hercules" Hunt, "Herenda" Hunt, "Bounce" Bowlin, "Kneebone" Nichols, "Grant" Gaskins, "Jumpy" Jones, "Smoothie" Smith, "Robot" Roobles, "Reckless" Richter, "Superboy" Sprawes, "Lanky" Loyoya, "Hopeful" Heredia, "Ogre" Ochoa, "Awful" Anderson and "Rusty" Rodriguez.

Cheerleaders for the Coyotes will be "Polly" Peugh, "Mary Low" Lewallen, "Nancy" Newcomer, "Sally Sue" Shaw, and "Henrietta" Hughes. Steve Herm and Gavino Rodriguez will be coaches. Admission will be 75 cents for adults and 25 cents for students.

Congratulations go this week to Eddie Newcomer for Back of the Week and to Kelly Gaskins for Lineman of the Week.

Eddie, a 134-lb. junior, gained 83 yards rushing against Grand Falls. Kelly, a 155-lb. senior, got 12 tackles while playing the nose-guard position.

The pep club sold beat 'em tags to the students this past week for the Loraine game.

**RUNNELS**

# Officers Draw School Calendar

By CARRIE WHEELER  
David Long, president of the Student Council, and Orville Rau, vice president are working on a school calendar of important events. Some of these are Oct. 6-10 — The United School Fund Drive; Oct. 24 — NJHS Induction; and Oct. 3 — Runnels newspaper will go on sale.

There will also be a Student Council meeting Sept. 22, during the first advisory.

The National Junior Honor Society will meet Sept. 23. The program will be about "Life in Other Lands." Mrs. Suprenant, from Thailand, will be the guest on the program. Everyone is urged to attend.

Friday afternoon there was a pep rally. This was the first pep rally for the seventh grade cheerleaders to perform. The head cheerleader for the seventh grade was Ann Caton, and head cheerleader for the eighth grade was Sally Jones.

The eighth grade cheerleaders are Christi Miller, Anne Thomas, Lisa Popes and Sally Jones. Also, Elvia Saldovar, twirler for the band, performed to the song "Georgy Girl."

The captains for the game were Larry Stanley, Billy Nugent and Albert Smith. The managers for this season are Scotty Langford, David Wright, Marion Thurman and Gary Willingham.

The band members are getting new uniforms. These will be worn at the next pep rally.

The band officers for this year are Billy Nugent, president; Bonnie Horsely, vice president; Donna Wood, secretary; David Lewis, treasurer; and Ivan Sursky and Frances Gaines, librarians; and Mark Prather, drum major.

The cheerleaders for this year are Randy Marshall, president; Orville Rau, vice president; Christi Miller, treasurer; and Laura Brooks and Cheryl Cannon, librarians.

This past week the homemaking classes have been taking field trips to the Fabric Center to look at the new fall materials.

The girls P.E. classes have been taking P.E. tests. These events were the broad jump, shuttle run, chin-ups, sit-ups, 50-yard dash, softball throw, and the 600 yard walk-run.

# FLOWER GROVE Annual Staff Offices Taken

By JACKIE CAVE  
The seniors began the year by working on the yearbook. Progress so far has been good. They appreciate the contributions and cooperation of the area merchants. They elected the following members to offices on the annual staff: editor, Beth Holcomb; assistant editor, Virginia Pribyla; business manager, Bonnie Hill; advertising manager, Jerry Welch; layout manager, Paladio Garza; sports editor, Frank Carreno; photography, Larry Martin. Mrs. Carolyn Dunn is advisor.

Installed as Junior class officers were Rita Pribyla, president; Robert Lueb, vice president; Debra Huse, secretary; reporter; and Frank Fleming, treasurer.

Janice Haggard will head the Sophomore class with Nancy Seely, vice president; Judy Simmons, secretary-reporter; and Charlotte Martin, treasurer. Freshman class officers are David Pribyla, president; John Furr, vice president; Robert Hildreth, treasurer; and Jan Simmons, secretary-reporter.

Two new teachers have joined the Flower Grove teaching staff. Mr. M. H. Ross, high school principal, teaches American history and boys' P.E. Mr. Karl Killo comes from Gray I.S.D. and teaches junior high and coaches the girls basketball team. Present enrollment at Flower Grove is 120.

The cheerleaders for the 1969-70 school year are Beth Holcomb, head cheerleader; Jackie Cave, Nancy Seely, Charlotte Martin and Judy Cave.

After an outstanding performance against Central Catholic, Jackie Willis was named "Mr. Guts" of the week. This honor is awarded each week by the coaches. Friday night's football game was with the Roscoe Plowboys at Roscoe.

Our pep squad held a meeting Monday afternoon to elect officers. This year's president is Karen O'Dell; vice president is Josie Moreno; secretary is Wanda Lopez; and treasurer is Debra Fryar. The pep squad girls decorated the halls with spirit posters and the cheerleaders placed locker signs on each of the football player's lockers. Booster buttons are now on sale to the freshmen by the cheerleaders. The cheerleaders also announced last Friday as Color Day.

This week's pep rally was held seventh period, Friday afternoon. Other than the usual yells and chants, the girls did a couple of skits and we had speeches from Jackie Willis, Darrow Cobb, Leon Hobbs and head coach Don Stevens.

Through an oversight we have, other than journalism, another new course offered at Forsan. The class, Home and Family Living, is being conducted by Mrs. June Smith. This class is conducted to prepare students for a better

**GOLIAD**  
**Cheerleaders Finally Elected**

By JILL RHYMES  
Cheerleaders elected Thursday by seventh graders are Shawn Cannon, Gail Williams, Cindy McAlister, and Donna Lehman. These girls were chosen from a field which had been narrowed to thirteen by outside judges. Miss Nancy White, cheerleader sponsor, presented the new cheerleaders in a pep rally Friday.

New twirler for the band is Teresa Tomlin elected Monday. Kelly Carlile is the feature twirler. Both are eighth graders.

Nine hundred books have been checked out of the library since it opened September 15.

Mrs. Sue Estes and Mrs. Kay Emmons, P.E. teachers, will begin Physical Fitness tests Monday. Students scoring in the 85th percentile and above will receive certificates from the President's Council on Physical Fitness.

The library club met for the first time Tuesday to discuss library functions and to elect officers. Serving as president will be David McDonnell; Paul Pascal, vice president; and Carla Perechlin, secretary-treasurer. The object of the club, which is made up of library aides, is to make the library one of the richest resources of the school. The club is sponsored by Mrs. Essie Person, librarian.

**Class Officers Set To Go**

By KAREN MCGONAGILL  
Class officers were elected Wednesday and Friday during the four lunch periods. The officers for the Senior class are Gary Hinds, president; Lorie Grogan, vice president; Patti Spier, secretary; and Betty McCann, treasurer. Junior class officers are Kent Fish, president; Sue Reinkemeyer, vice president; Ruth Ann Moss, secretary; and Kathryn Dawson, treasurer. The president of the Sophomore class is Sammy Chappell; vice president is Kay McLaughlin; the secretary is Jamie Langley; and the treasurer is Patricia Cherry. Freshman officers are Larry Crittenden, president; Cynthia Morris, vice president; Danna Mancill, secretary; and Susan Smith, treasurer.

The Howdy Dance will be staged Saturday, September 27 in the cafeteria. Admission will be \$1.00 per person and will last from 8:30 to 11:30 p.m. The entertainment will be presented by the "Bicycle," a local band. All students are urged to attend.

The Spanish Club held its first organizational meeting Tuesday, September 16. Officers elected for the 1969-70 school year are Pamela Marcum, president; Kim Guthrie, vice president; Betty McCann, secretary; Elma Rosas, treasurer; and Jeff Talmadge, reporter. Sponsors of the Spanish Club are Mrs. Cleotis Tatum, Mrs. Melinda Hunt, and Miss Colleen Slaughter.

The Metal Trades VICA club, sponsored by Mr. Leon Taylor, elected officers on Friday, September 15. The officers are Ed Payne, president; Tim Drinkard, vice president; Donald Wrightsil, secretary; Mike Rorick, treasurer; Robert Hale, reporter; Danny Brunson, parliamentary; and a Joe Padilla, sergeant at arms. Melinda Casillas is the sweetheart.

The Key Club meets at 7:30 on Tuesday evenings. The officers for this year are Jeff Talmadge, president; Robin Hoover, vice president; Joe Moss Jr., secretary; Arthur Torres, treasurer; and Darrell Horn, reporter. The bell custodian is Ed Payne. Mr. Leon Taylor is the sponsor of this group.

Starting the first week of October the Key Clubbers will be selling activity calendars. These calendars feature the sweethearts of the clubs. Sweethearts of the year is Denise Estes. Other sweethearts are Sheila Armistead, Jamie Langley, and Ann Talbot. The calendars will sell for 50 cents each.

Officers for Court Jesters and Thespians were elected Wednesday, September 17, according to Mrs. Joy Shaver, club sponsor. Elected were Steve Pyles, president; Elizabeth Lipscombe, vice president; Belinda Gonzales, secretary-treasurer; and Joy Stevens, historian. Anyone interested in drama is invited to attend the next meeting on Tuesday, September 30.

The first meeting of the National Honor Society was Thursday, September 18. The 1969-70 officers are Lynn Cauley, president; Linda Crawford, vice president; Glynda Jones, secretary; Susan Cape, treasurer; and LaShara Shanks, reporter. Miss Colleen Slaughter and Mrs. Reta Weeg are the NHS sponsors.

**COAHOMA**  
**Spanish Club Elects Officers**

By JAN STOUT  
The Spanish Club met Thursday, September 11, and elected officers. President for this year will be Augustine Hernandez; vice president, Wayne Morris; secretary, Patti Stening; treasurer, Beverly Ester. The dues were set at \$1.00 each and plans for monthly meetings were discussed. Mrs. Janie Parrish is the sponsor of this organization.

A social and program committee were appointed for the Office Education Association this week. The social committee consists of Cecilia Cooper, Mary Nixon, Dianne Saunders, Peggy Myrick, and Jeanie Lindsey. Making up the program committee will be Jeanette Rowden, Jan Stout, Ragena Rutledge, Sylvia Dorn, and Karen Pinkerton. These committees will plan the October meeting.

An assembly was held Tuesday, September 16, in the high school auditorium. Officer Justice and Officer Dickson talked to the student body on the purchasing and using of different kinds of drugs. They explained to the students the damage that these drugs can do to the human body. At the end of the program a question and answer period was held in which students could ask any questions that they might have.

The Senior class met Wednesday, September 17. They discussed plans for the concession stand during the Coahoma-Ozona game of which they will be in charge.

Plans are in progress for the Speech Club to put on the play "Our Town" which is a three act play. Casting has begun and the play is scheduled for November 22, but is subject to change depending on football season. Mrs. Jennings is the sponsor of this club.

Band Officers this year will be president, Alvis Ashley, vice president, Joe Best, secretary-treasurer, Susan Balzer; reporter, Pam Patterson; bus manager, Jimmy Wright, drum major, Ann Crawford; and assistant drum major, Cheryl Meyer. Majorettes this year will be Mischa Read, head twirler, Pam Patterson, Terri Wolf, and Sherry Boyles, all Sophomores.

**HCJC**  
**Faculty Looks At Media**

By PHILIP STEPHENS  
It was the most interesting thing that ever happened to me personally," commented Mrs. Susan King, one of three HCJC instructors who attended the Higher Education Media Institute of the University of Texas at Austin from June 2 to July 11, 1969. Mrs. King's husband, David King, and Miss Anna Smith were the other instructors that represented HCJC.

Thirteen schools from five states were represented at the Institute in its second year.

The Institute consisted of lectures and lab studies, which lasted from 8 a.m. to 6 p.m., five days per-week. All forms of teaching media were covered, such as closed circuit television, films, tape recording, etc. Many of these methods are now in use on the HCJC campus, with many more in sight.

"There is a revolution in higher education because of teaching methods of this type," was another comment of Mrs. King.

Miss Anna Smith said, "This Institute was a most rewarding and profitable course." She also said that she learned many new ideas that will enhance her classroom work.

"The media was to enhance the teachers in their classrooms, not replace them," commented Mr. King.

Several well known speakers as well as students were at the convention, such as Dr. Bob Davis; Dr. Paul Witt; Dr. Ray Fry and Dr. Horace Hartsell.

The new media devices were shown in use at Junior College campuses of El Centro in Dallas, Dallas Baptist College and the North and South Campuses of Tarrant Jr. College.

After several representatives

By BEVERLY HARTLEY  
The annual staff has certainly worked hard the first month of school to sell ads, make pictures and organize the pages of the yearbook. They have made great progress on the annual already. The first two weeks of school the staff went to Big Spring and Midland to sell ads. These trips proved to be successful. The annual staff includes Millie Christie, Cecilia Seidenburger, Becky Reynolds, Sidney Fowler, James Barnett, Richard Schafer, Floyd Schwartz, Kathy Pendley, Kenneth Riley, Judy Hayden, Belle McPhearson, Diane Harris and Cheryl Coffman. The teacher in charge of the annual staff this year is Mrs. Bonnie Boyer.

The juniors have ordered their senior rings, and now look forward to the day of arrival. Cookbooks will be sold by the Future Homemakers of America Club very soon. There is a separate cookbook for meats, vegetables, salads, casseroles, outdoor cooking and desserts. The books will be \$3.50 apiece and the money will go in the F.H.A. fund. Other money making projects are being discussed.

The Pep Squad got an early start in preparation for the homecoming routine. The club also met on Wednesday to discuss ordering pom-poms for the routine and games. It was decided to order the largest of the pom-poms. The Pep Squad is showing a great deal of effort to support the Garden City Bearkats this year. Each week the halls are plastered with signs which each girl in the squad contributed. An enthusiastic pep rally was held for the football boys Friday afternoon. Their first home game was Friday night with Southland. The Pep Squad sponsored a party immediately following the game. The F.H.A. presented a film

## Pioneer Negro Actor Is Dead

LOS ANGELES (AP) — Rex Ingram, 73, one of the first Negroes to appear regularly in movies, has died of a heart attack. In the 1930s, Ingram played the Lord in "Green Pastures" and later did character roles in such films as "Cabin in the Sky," "God's Little Acre" and "Elmer Gantry." A native of Cairo, Ill., Ingram was graduated Phi Beta Kappa from Northwestern Medical School and began his Hollywood career 50 years ago.

## Horoscope Forecast

FOR TODAY AND TOMORROW —CARROLL RICHTER

**GENERAL TENDENCIES:** Think in terms of the future today. Consider modern methods and determine to accept present ways of doing things. The past can prevent you from expanding your interests.

**ARIES (March 21 to April 19):** Meeting new people today lead to interesting and profitable occasions in the future. Others are eager to meet you. Permit them to do so.

**TAURUS (April 20 to May 20):** Listen to those in higher positions today. Since you are not thinking clearly, get in touch with the most influential persons you know. They can be most helpful to you at this time.

**GEMINI (May 21 to June 21):** Lift yourself out of a humdrum existence. Participate in the bustling world of happy, active people who are spiritually healthy and know how to advance in life. Stop worrying about things that can't be helped. Be carefree.

**MOON CHILDREN (June 22 to July 21):** Go ahead and do what you like. Handle your responsibilities without letting anyone dominate you. Don't insist on pursuing some personal desire. It may not be worth it.

**LEO (July 22 to Aug. 21):** Come to an agreement with your associates who understand you. Avoid those in higher positions who are unreasonable. Be loyal to those who have been devoted and who are more efficient than you. This is not a good day to make a new acquaintance. Stick with tried and true friends.

**LIBRA (Sept. 22 to Oct. 21):** Get busy doing something creative with people you truly admire. Do not neglect your mate, however. Avoid those who annoy you.

**SCORPIO (Oct. 22 to Nov. 21):** Give more attention to those of home instead of spending time with your associates. Your family is more important than outsiders. Take up a hobby that gives you pleasure.

**SAGITTARIUS (Nov. 22 to Dec. 21):** There are certain duties expected of you. You would be wise to go ahead and do them. Others around you will not be so demanding. Entertain at home this evening. Invite the right people.

**CAPRICORN (Dec. 22 to Jan. 20):** Pay more attention to books that provide an insight into modern business systems. Analyze your talents intelligently. See how to make money in the future. Be well-balanced in your judgments.

**AQUARIUS (Jan. 21 to Feb. 19):** Avoid that family tie who wants to be catered to. Visit the good friends you've been neglecting. Be happy.

**PISCES (Feb. 20 to March 20):** It's a fine day to plan the future quietly and privately. Do not jeopardize your present security. Stay indoors, except to attend the services you like.

**MONDAY**  
**GENERAL TENDENCIES:** Your courteous, calm and cooperative behavior will enable you to get support from another. If you do anything undignified or dramatic, you will lose stature. A fine day for polite amusement.

**ARIES (March 21 to April 19):** You can choose whether to go along with conservatives or with those who think independently; the former would suit you better. Be carefully. Do not get into trouble. Think carefully.

**TAURUS (April 20 to May 20):** You can quietly seek the assistance you want from bigwigs in order to clear up pressing obligations. Keep your self-possession if others are demanding. Reason helps.

**GEMINI (May 21 to June 21):** Today is ideal for listening to advice from experts who like cooperating with you. Be dignified if you attend a social meeting tonight. Look your best. Be happy.

**MOON CHILDREN (June 22 to July 21):** Others are willing to meet the promises they have made to you. You should be just as glad to uphold bargains you have made. Be less emotional with one you love. Practical thinking can be helpful now.

**LEO (July 22 to Aug. 21):** That associate can provide the answers to present problems if approached courteously. Don't be demanding of others or you will lose your good image. Be wise.

**VIRGO (Aug. 22 to Sept. 21):** Handle your duties conscientiously. Take good care of your health and your wardrobe. Be skeptical of what others say.

**LIBRA (Sept. 22 to Oct. 21):** Join those who really like you and enjoy the recreations that lift you out of your mood. Get away from all disorder. Retire with some good reading tonight.

**SCORPIO (Oct. 22 to Nov. 21):** Not to start any arguments at home or there could be unhappy consequences. Be willing to please. That new mechanism that will make household duties easier.

**SAGITTARIUS (Nov. 22 to Dec. 21):** You can now find the right answer to some problem. Then talk with friends with whom you've established greater rapport. Contact others quietly to seek

FAIR SHARE — Jim McCurtain (left), president of local Communications Workers of America, and Jim Benton, chief switchman, were among 13 Southwestern Bell Telephone employees who met at a luncheon Thursday to plan a campaign to raise \$2,500 for the United Fund. McCurtain and Benton are co-chairmen of the drive.

# Honor Society Officers Tabbed

By LYN HERZOG  
Student Council representatives were elected in individual class meetings held on Monday, Sept. 15. Representing each class will be three members and two alternates. Officers were elected during last year's school term. Roy Kelly will serve as president. Mark Hursh was elected vice president. Sandy Chandler is secretary and Gary Posey is treasurer.

National Honor Society officers for this year are David Workman, president; Scotty Fisher, vice president; and Cindy Avery, secretary-treasurer. Requirements for this club are a 90 over-all average with no one grade below 80. The faculty votes on the five per cent sophomores, 10 per cent juniors, and 15 per cent seniors. Math club members have

## Purge Liberty Bell From Pacifists

PHILADELPHIA (AP) — Two young secretaries wiped the Liberty Bell with white cloths Friday to symbolically "cleanse" it after what they called its "desecration" by pacifists.

our indignation over the use of the Liberty Bell to glorify totalitarianism," said Dr. Bruce Underwood, a Temple University professor and sponsor of the ceremony.

Last week, flowers and a bowl of rice were placed under the bell by pacifists who said they came to "honor the rights of all people to independence" on the day of Ho Chi Minh's burial.

# Task Force Is Presented First Recommendations

Another step toward the establishment of a 1970 Program of Work for the Chamber of Commerce was taken Friday when chamber committees began presenting recommendations to the President's Task Force on Priorities.

The Task Force will continue to hear committee recommendations Monday and Tuesday, and will probably hold a public meeting later on. Eventually they will determine priorities for the Program of Work and set the 1970 budget.

The committees and their recommendations to the Task Force thus far are:

- Government affairs:** lower local taxes by eliminating the duplication of governmental services; determining a plan of action which can be done without legislative action and recommending those that require legislative action.
- Roads and highways:** work toward upgrading US 87 in the interest of the future Interstate designation; improve the Andrews and Gail highways; extend FM 700 from its present terminus to US 87 North; create a south county loop from Baylor and Twenty-Fifth; southwest to US 87 and a second overpass in east Big Spring.
- Retail merchants:** beautify approaches and other areas to the city; have regular Chamber report meetings and a minimum of four sales promotions annually; eliminate special assessments and investigate the feasibility of buying, bunting, etc.; improve the sign program; promote industrial development and medical research development and the expansion of medical facilities.
- Sports and recreation:** urge the city to hire a full-time recreation director to develop a year-round city-wide recreation program; upgrade school playgrounds, perhaps with a city-school cooperation program; present a campaign to the city for a coliseum and/or a convention center; and budget funds to attract post-season football and basketball playoffs.
- Aviation:** promote long-range planning in aviation.
- Industrial team:** inaugurate a three-year, intensified industrial search, which would include \$20,000 a year financing, unifying the various industrial groups, obtaining a full-time industrial man on the Chamber staff, obtaining 100 new jobs by Jan. 1, 1971, providing industrial representatives with authority to commit Big Spring to industrial attractions within specified bounds; and selecting, cataloging and obtaining firm commitments on industrial sites and buildings; and formulate a plan for airport expansion.
- Education:** develop an industrial training program at the college when industry is obtained and outline its specific needs; and promote a dual approach to financing a coliseum, with the college and community assuming costs.

been selected for the 1969-70 school year. It is required that each member have a 92 average. Officers are determined by the highest averages. Ken Simonek will serve as president with a 99 average. Cindy Avery, with a 98 average, will be vice president, and Jackie Cook, with a 97 average, is the secretary-treasurer.

A donkey baseball game, sponsored by the Stanton Lions Club, was held on Monday, Sept. 8, at the high school football field. Several local men participated in the game. The proceeds of the game will help pay for a visual testing machine for the Stanton Independent School District.

Initiation for the new Future Homemakers of America members was on Monday, Sept. 15. The informal initiation was during the school day. Each incoming member was required to wear an apron, a potholder hat, an anklet of spoons, and a necklace of spoons. They bowed once to FHA members and twice to officers. A five cent fine was charged for failure to bow or if the new members were caught talking to boys. Formal initiation was held Monday night in the high school auditorium.

FFA officers for this year have been elected. Serving as president will be Stanley Louder. Roy Kelly is the vice president. Other officers are Mark Hursh, secretary; Ricky Mims, treasurer; Gary Posey, reporter; and Steve Fryar, sentinel.

The choir, under the direction of Mr. George Walker, has several new members this year. Officers are Jerry Smith, president; Becky Creech, vice president; and Mary Gonzales, secretary-treasurer. Betty Anderson will be this year's pianist.

## Texas Employers Hire Youths

Texas employers hired 67,120 youth during the 1969 Youth-Opportunity campaign in Texas, March 26-Aug. 25, the Texas Employment Commission has indicated.

The summer campaign was instituted several years ago for in-school youth in the 16-22 age bracket who either need work only during school vacations, or out-of-school youths who want to work the year around.

There were more youth than summer jobs. Some 152,374 youngsters made new applications for jobs at TEC offices over the state.

TEC offices placed 53,324 young persons in non-agricultural work categories during the report period.

## Junior Goldwater Escapes In Crash

LOS ANGELES (AP) — Rep. Barry Goldwater Jr., R-Calif., and his field representative escaped serious injury Friday night when his single-engine plane clipped high tension wires and crashed next to a home in suburban Van Nuys.

Goldwater, son of the 1964 Republican presidential candidate, and Bill McLain were treated for minor lacerations at Valley Receiving Hospital nearby and later released, police said. The crash site is within blocks of the Van Nuys Airport.

**PROTECTION** — Burly George Kennedy draws his gun to protect Sara Lezana, one of the Mexican peasants who wants their leader out of prison to resume a revolution in "Guns of the Magnificent Seven," opening Wednesday at the Ritz.

## Kennedy Changes Image In 'Guns'

He has a face that looks as though it were thrown together by his creator in a moment of absentmindedness. His name is George Kennedy. He is among the more powerful actors to emerge from America in the past decade. Women like him because they can identify him with their own menfolk — totally unlike the unattainable, handsome matinee idols who were legion in the Hollywood of yesteryear. Men like him because he is believable positive, personable. That's why he got the top starring role in "Guns of the Magnificent Seven," third in the sagas of the motley crew of paid gun-slingers who go down

## HC Library Buys Books

Howard County has received more books for its shelves, including some for all age groups. Among the latest acquisitions are "Vanished" by Knebel, "Three Daughters of Madame Laing" by Buck, "New Moon Rising" by Price, "Message from Hong Kong" by Eberhart, "Surgeon's Choice" by Slaughter, "Except for Me and Thee" by West, "King's Pleasure" by Lofts, "Donna Flor and her Two Husbands" by Amado, "Jennie" by Martin, "Cecil Rhodes and the Princess" by Roberts, "World of the Pronghorn" by Van Wormer, and Reader's Digest "Modern Classics of Suspense." The library has also received several new adult mysteries, a set of children's mysteries and a set of children's readers.

## Tickets Now On Sale For Brasil '66 Show

ABILENE — Tickets are now on sale at Abilene Christian College for the Oct. 9 performance of Sergio Mendes and Brasil '66. A native of Rio, Mendes traveled to Los Angeles in 1966 to start a new musical group and find a new sound. Herb Alpert took him on tour with the Tijuana Brass and Brasil '66 records began to hit the charts. Mendes guides the show with his well-trained piano; Lani stamped envelope sent to Moody Coliseum Attractions, ACC Station, Box 7868, Abilene, TX 79601. The six-member modern jazz group will open the 1969-70 Moody Coliseum Attractions series at ACC, followed on Nov. 11 by popular female vocalist Dionne Warwick.

**PLEASE NOTE:** Please check your daily schedule for 26 movies not listed above. Titles and cast were not available to us.

**WHERE'S MR. CAMPBELL?** — Gina Lollobrigida stars as the Mrs. Campbell who's in the soup in the comedy "Buona Sera, Mrs. Campbell," opening tonight at the Jet Drive-In. Shelley Winters, Phil Silvers, Peter Lawford and Telly Savalas costar.

## 'Roller-Coaster Comedy' Stars Gina Lollobrigida

"Buona Sera, Mrs. Campbell," the all-star comedy opening tonight at the Jet Theatre, is billed as "a roller-coaster of an adult comedy guaranteed to 'become the comedy event of the season.'" The all-star cast co-stars Gina Lollobrigida, Shelley Winters, Phil Silvers, Peter Lawford and Telly Savalas with Lee Grant, Janet Margolin, Marian Moses and Philippe Leroy. Production and direction, and screenplay with an assist from Dennis Norden and Sheldon Keller, are by Frank himself.

But it is the talent of Melvin Frank, generally conceded in Hollywood to be one of the few in the business who can honestly be called a triple threat man, that lends most force to the "comedy event" claim. He started out away back in 1938 writing jokes for Bob Hope's radio show. In collaboration with his long-time partner Norman Panama he produced, directed and co-scripted such standouts as "Mr. Blandings Builds His Dream House," "My Favorite Blonde," "My Favorite Brunette" and many of the Bob Hope-Bing Crosby "Road Shows." His more recent hits include "A Funny Thing Happened On The Way To The Forum."

The story concerns a certain Mrs. Campbell, an Italian beauty played by Miss Lollobrigida who, shall we say, has been lavish in her affection for three American soldiers fighting for the liberation of her village during World War II, and had a daughter by one of them. But she's not sure which.

**BEST ACTRESS AWARD** — Katharine Hepburn won the best actress award starring with Peter O'Toole in "A Lion In Winter," opening Wednesday at the Cinema. The story concerns the love and hate between a husband and wife and their sons.

## Growth Study Includes Big Spring, Neighbors

"The City Moves West" is a documented economic study of six major cities in central West Texas. Each of the cities — Lamesa, Snyder, Sweetwater, Big Spring, Midland, and Odessa — claimed more than 10,000 residents by 1960. But the book is more than this, for Dr. Martin deals with the counties in which these cities are located and with the region as a whole. The population of the area rose from 3,837 in 1900 to 156,276 by 1950 and to 257,368 by 1960.

The first settlers moved to central West Texas during the 1870s to engage in ranching. Farmers began to arrive in the following decade, but ranching dominated the economy until 1900. During the first 30 years of the 20th century, however, agricultural production and related industries replaced ranching as the most significant industry. The land in central West Texas failed to support a thriving agricultural production and the towns remained small. But the oil discoveries of the 1920s caused drastic changes in the area and the modern city emerged on the Texas prairie.

Dr. Martin argues convincingly that where railroads, water, and oil reserves were abundant the cities prospered; where these resources were scarce settlement was retarded or disappeared completely. Cities in central West Texas should not depend exclusively on oil which has a limited life. To neglect resources such as water and agriculture invites disaster. For as Dr. Martin warns in the conclusion, without a solution to the water problem and effective city planning "the urbanization of central West Texas will eventually leave in its wake a series of ghost towns on the prairies."

—C. K. MCFARLAND

## Italian Says Westerns Aren't Easy

The Italian film maker Giuseppe Colizzi says westerns are the most fatiguing films to shoot. "Following all that movement, controlling the horses, organizing herds of cattle — it's exhausting!" he exclaims. "And then there's the heat!" He shudders. While making Paramount Pictures' "Ace High" in Almeria, Spain, he collapsed and was hospitalized after days of back-breaking work at a constant temperature of 110 in the shade. "We were shooting a scene from the top of a gorge about 300 feet deep" he recalls. "I was behind the camera, looking straight down, and suddenly I felt dizzy and faint. If someone had not caught me, I would have ended up at the bottom." Now that "Ace High" is finished, he plans a long, restful interval before the next western. "Maybe I'll make a gangster picture," he says reflectively. "Cars are much easier to manage than horses!" "Ace High," which Colizzi di-

rected from his own script, stars Eli Wallach, Brock Peters, Terence Hill and Bud Spencer, opens Wednesday at the Jet Theatre.

## MEN IN SERVICE

Air Force Maj. Robert L. Hurst, son of Walter Hurst 2322 Brent Drive, recently completed his 188th combat mission in Southeast Asia. An F-4 Phantom pilot, he flew with the 14th Tactical Reconnaissance Squadron at Udorn Royal Thai AFB, Thailand. He was commissioned in 1953 through the aviation cadet program and served during the Korean War.

Spec. 5 Billy E. Sanderson has returned from 12 months duty at Long Binh, Vietnam, after injuring his knee in Saigon, South Vietnam. He is the son of J. O. Sanderson, 504 E. 4th Colorado City, and the grandson of Mr. and Mrs. E. O. Sanderson, 819 W. 7th, Big Spring. Sanderson will complete his tour of service at Redstone Arsenal, Ala.

Larry D. Ball 507 Runnels, Big Spring, was promoted recently in the Marine Corps Reserve at ceremonies held at the Marine Corps Reserve Training Center in Lubbock. The promotion was presented to S. Sgt. Ball by Major Calvin S. Mills, USMCR, the Commanding Officer of Company D, 19th Motor Transport Battalion, USMCR, which is based in Lubbock.

Spec. 4 Enrique Moreno, 21, son of Mr. and Mrs. J. Santos Moreno, 1015 S. 4th St., Lamesa, took part in an Army Air Defense Command "Short Notice Annual practice" (SNAP), recently at the Namf Range on the Island of Crete. He is a member of Battery B of the 57th Artillery's 4th Battalion, a Hawk missile unit, stationed near Illshelm, Germany.

Spec. 4 Moreno, a missile launcher repairman, entered the Army in May, 1968, and was stationed at Ft. Bliss before arriving overseas in February, 1969. His wife, Esmeralda, lives at 312 N. 3rd, Lamesa.

U.S. Air Force Capt. Carl L. Baker, son of Mrs. Lois A. Merlau of 514 Park Lane, East Lansing, Mich., has arrived for duty at MacDill AFB, Fla. Capt. Baker, an F-4 Phantom aircraft commander in a unit of the Tactical Air Command, previously served at Cam Ranh Bay AB, Vietnam.

A graduate of Dansville (Mich.) High School, he received his B.S. degree and was commissioned in 1966 at the U.S. Air Force Academy. His wife, Dana, is the daughter of Mr. and Mrs. Roy W. Rosene, 1309 Sycamore, Big Spring.

AGUADILLA, P.R. — U.S. Air Force Capt. James R. Spenrath, son of Mr. and Mrs. Erno Spenrath of Rt. 2, Boerne, flew aboard a specially instrumented WC-130B aircraft that penetrated Hurricane Debbie.

Capt. Spenrath, a navigator is a member of the 53rd Weather Reconnaissance Squadron — better known as the Hurricane Hunters — at Ramey AFB, P.R. The captain, a graduate of Comfort High School, received his B.S. degree in 1966 from Texas Technological College, where he got his Air Force reserve commission Officers Training Corps program. His wife, Jan, is the daughter of Mr. and Mrs. Stockton of Sterling City Route, Big Spring.

U.S. Air Force S. Sgt. Viviano G. Zuniga Jr., whose wife, Connie, is the daughter of Mrs. Gilberto C. Hinojos, 807 N.W. Sixth St., Big Spring, has received the Tactical Air Command crew chief safety award in his unit at Bergstrom AFB.

He is an aircraft mechanic, he was selected for his leadership, exemplary conduct and duty performance as supervisor of a maintenance crew.

The sergeant, who has completed a tour of duty in Southeast Asia, is a graduate of Prairie Lea High School. His mother, Mrs. Viviano G. Zuniga Sr., resides at 5207 Prock Lane, Austin.

Larry J. Hughes, son of Mrs. Edna Hughes, 2000 W. 3rd, Big Spring, recently participated in an Air Force Reserve Officers Training Corps (AFROTC) field training encampment at Myrtle Beach AFB, S.C. During encampment, cadets become familiar with the life and activities on Air Force bases and can

examine career opportunities in which they might wish to serve as officers. Cadet Hughes, a 1967 graduate of Eden High School, is a member of the AFROTC unit at the University of Texas. He attended Howard County Junior College.

Cadet Stetson R. Cowan, son of Dr. and Mrs. W. K. Cowan, 220 E. 8th, Colorado City, is among the 740 cadets who have entered their junior year at the U.S. Air Force Academy. He will serve during the fall term as a flight sergeant with the rank of cadet master sergeant. He was selected for the position because of his demonstrated leadership abilities and effectiveness ratings.

During the past summer, the cadet served as an instructor in the Academy's air base security indoctrination and training program for underclassmen and as an instructor in a combat course in infantry weapons at nearby Ft. Carson, Colo., for Academy sophomore cadets. Cadet Cowan also completed jump training at the U.S. Army Airborne Training Center at Ft. Benning, Ga. He volunteered for the rugged training and made the required five jumps to earn the military parachutist's badge.

A 1967 graduate of Colorado High School, the cadet will be commissioned a second lieutenant and receive a B.S. degree upon graduation from the Academy.

Aviation Boatswain's Mate Second Class Robert L. Johnson, USN, 707 Wyoming, Big Spring, is serving aboard the attack aircraft carrier USS Hancock in Vietnam.

S. Sgt. Ben Pollard, son of Mr. and Mrs. Ben Pollard Sr. of 415 East McKinley St., Baton Rouge, La., has been recognized for helping the 1151st Special Activities Squadron earn the U.S. Air Force Outstanding Unit Award. He is administrative specialist at Ent AFB, Colo. His wife, Shirley, is the daughter of Mr. and Mrs. Nathaniel Warren, 904 NW 2nd, Big Spring.

M. Sgt. R. L. Mickle, son of Mrs. Fannie B. Mickle, 728 Locust St., Colorado City, has received the U.S. Air Force Commendation Medal for meritorious service in Thailand.

He distinguished himself as an aircraft maintenance superintendent at Takhli Royal Thai Air Force Base.

Sgt. Mickle, a graduate of Colorado City High School, was honored during ceremonies at Little Rock AFB, Ark., where he is now assigned to a unit of the Strategic Air Command. His wife, Melba, is the daughter of Mrs. Mildred I. Morgan, 781 E. Sixth, Colorado City.

U.S. Air Force S. Sgt. Van D. Kimbrell, son of Mrs. Melvin Stephens, Lamesa, is on duty at Nakhon Phanom Royal Thai AFB, Thailand. Sgt. Kimbrell is a food service specialist in a unit of the Pacific Air Forces. Previously he was assigned to an Air Force unit in San Antonio. He attended Lamesa High School and his wife is the former Ila F. McDonald. His father, Johnny Kimbrell, resides at 1203 Clyde Drive, Tyler.

Army Pvt. Joe M. Hart, 24, son of Mr. and Mrs. Homer C. Hart, 765 E. 7th, Colorado City, was chosen his basic combat training company's outstanding trainee in August at Ft. Bliss. His wife, Jennifer, lives at 932 Pine, Colorado City.

Navy Lt. (Junior Grade) George C. Rice, son of Mr. and Mrs. G. Rice of 1212 Lindbergh, Big Spring, and husband of Mrs. Madelon H. Rice of Anson, is serving aboard the hydrographic survey ship, the USS Serrano in the Western Pacific.

The men of the Serrano were recently honored by being awarded the Pacific Fleet Battle Efficiency "E" for the third consecutive year. The efficiency "E" is awarded annually to the outstanding ship in each class.

## Improvements Being Made

Improvements at the Big Spring State Park are still going on from monies allocated in 1967, although the legislature has recently appropriated \$600,000 for the parks and wildlife commission. Edward Wisenbaker, director of the local park, said it will be a while yet before he knows how the new funds will affect the Big Spring park.

He talked about the present improvements and cited renovation of the rest rooms with new metal partitions and tile floors, more electrical work, and a general cleaning up of the park, which includes the use of a sand blaster for stone buildings as well as the stone walls that mark the entrance to the park.

"This is the first time I know of that we've ever sandblasted," said H. F. Hodges, part-time park employee who was operating the state-owned blasting equipment Tuesday. Hodges has been with the park for about five years and is also a boiler fireman at Webb AFB.

## Pleads Guilty

Mrs. Warren Willborn pleaded guilty and paid a \$1 fine plus court costs in Garden City Friday on a charge of defrauding an innkeeper filed July 7 in Howard County Court.
