## Howard County Taxpayers To Receive Bills Today

The majority of Howard County taxpayers will receive their tax bills today, the first day to take advantage of the October three per cent discount for early payment. Zirah LeFevre, county tax assessor-collector, said the bills were mailed Tuesday and that voter registration applications were also included in the envelopes.

"We're prepared to receive tax payments as well as start the voter registration today," Mrs. LeFevre said. "Our rush will probably start about eleven o'clock, after the morning mail."

The total valuation in Howard County is up about one million dollars this year, to \$79,902,880. Last year's total valuation was \$78,557,440.

Resident rolls for 1969 total \$71,370,290 and railroads come to \$730,740. State and National Banks have been valued at \$963,913, and public utilities total \$6,832,935.

Mrs. LeFevre said she expects collections to be similar to past percentages, about 96 or 97 per cent.

## Noncom Graft Testimony

WASHINGTON (AP) — Bribe offers and threats of death were received by Army personnel probing charges of rackets and kickbacks in operation of servicemen's recreation clubs, an officer testified today.

Lt. Col. William L. George said he received many anonymous threatening phone calls during the three months between the arrest of one sergeant and his conviction for stealing slot machine proceeds.

"One in particular which I remember most vividly happened about 2:30 in the morning and the caller said: 'You're dead, you bastard you,' and hung up," George told the Senate's permanent investigations subcommittee.

He said his family also was threatened, but added that neither he nor any member of the family was hurt.

The subcommittee, of which Sen. Abraham Ribicoff, D-Conn., is acting chairman, is investigating charges that some of the Army's top sergeants who managed clubs throughout the world had received hundreds of thousands of dollars in a wide spectrum of schemes.

One witness Tuesday estimated the takeoff from slot machines alone at \$350,000 a year. He also said a live lion and expensive items of furniture were given by favor seekers.

George, who was a major when assigned as club officer for the 24th Infantry Division at Augsburg, estimated the sergeants' take at from \$300,000 to \$400,000 a year from six non-commissioned officers' clubs in Augsburg and five in Munich.

## News 'Blackout' In Washington

WASHINGTON (AP) — The three daily newspapers serving the nation's capital were shut down by a pressmen's strike early today after union members rejected a new contract offer.

Negotiations, which continued through expiration of the old contracts at midnight Tuesday, broke off early in the morning until 2:30 p.m. today.

First to be affected by the walkout of members of the International Web Pressmen's Union Local 6 was The Washington Post, a morning newspaper. The Post was 20 per cent through its press run when the contract expired.

Pickets also surrounded The Daily News and The Evening Star, both afternoon newspapers. The Spokesman for The American Newspaper Guild, which covers editorial employees, and newspaper craft unions said their members would honor the pressmen's picket lines.

## Inga Slows To Crawl

MIAMI (AP) — Hurricane Inga slowed to a crawl some 235 miles south of Bermuda today. Forecasters warned the island to keep in close touch with the storm's movements.

The National Hurricane Center said the storm was moving toward the north-northeast at 5 to 10 miles an hour. Top winds were estimated at 80 miles an hour.

## In Today's HERALD Stokes Wins

Negro incumbent Carl B. Stokes defeated a self-styled law-and-order candidate by more than 31,000 votes Tuesday in Cleveland's Democratic mayoral primary. See Page 2-A.

## FOUND GUILTY IN THE MURDER OF A. D. BLOUNT

# Chrisco Given Life Term

By JEAN FANNIN  
Bobby Eugene Chrisco, 22, was convicted of murder with malice late Tuesday and sentenced to life imprisonment for the murder last Dec. 9 of A. D. Blount, local petshop owner.

The young Kansas City man, who took the stand Tuesday to protest his innocence in the shooting of Mr. Blount, sat with his head bowed and did not look up as the verdict was announced.

Defense Attorney Wayne Basden said this morning plans for an appeal are pending a consultation with his client.

The eight-man, four-woman jury began deliberations at 4:15 p.m. after an hour of arguments by Wayne Burns, district attorney, and Basden.

They deliberated an hour and 35 minutes before determining Chrisco's guilt and then met for about an hour and 25 minutes to decide his punishment.

Arguments to the jury were scheduled to start at 9 a.m. Tuesday but were delayed about five hours while 118th District Judge Ralph W. Caton prepared the charge to the jury.

The jury returned a verdict of guilty of murder with malice

at 5:50 p.m. and took a supper break before beginning deliberations on the punishment. They went back into the jury room at 8:25 p.m. and at 9:50 p.m. announced they had reached a decision.

Burns asked the jury to find Chrisco guilty of murder with malice aforethought as indicted and sentence him to death in the electric chair; but the charge to the jury also contained provisions for the jurors to consider aggravated assault.

Basden told jurors Chrisco had admitted guilt to aggravated assault, but he was not guilty

of murder with malice.

Chrisco took the stand Monday afternoon as the only witness for the defense and told the court he did not shoot Mr. Blount.

"Mr. Bourbon told me the man (Blount) lived alone and didn't have any family. We (Chrisco and Crain) were going to walk in and Crain was going to get his attention and I was going to beat him up," Chrisco testified.

Rae Bourbon, a 76-year-old night club entertainer from Kansas City, is under indictment in Howard County as an

accomplice in Mr. Blount's death and Bobbie Randal Crain, 23, has been indicted for murder with malice.

No date has been set for their trials.

Chrisco said he was going to use the .45-caliber automatic pistol, identified as the death weapon, to coax Mr. Blount outside where he could beat him up, but got scared when he realized Mr. Blount did not live alone. Seventeen-year-old Gary Blount testified Monday he saw Chrisco holding a gun on his father (Blount).

"That's the man right over

there in the gray suit," he said, indicating Chrisco, when Burns asked if the man who held the gun on Mr. Blount was in the courtroom.

"I saw a kid standing in the door watching us and I got scared," Chrisco said. "The boy left the doorway and I started backing up. I told Mr. Blount not to move."

"I heard a door open behind me, and I saw Crain over my shoulder. I said, 'I'm getting out of here' and he said 'Give me the gun.' I asked what he wanted with the gun and he said (See LIFE, Page 6-A, Col. 4)

(AP WIREPHOTO)

**SPOKESMAN FOR THE BERETS**—Col. Robert B. Rheault of Vineyard Haven, Mass., acts as spokesman as he and a group of Green Berets hold a brief news conference today at Travis Air Force Base, Calif. The group flew to the U.S. from Vietnam after the Army dropped murder charges in the slaying of a Vietnamese.

# Commander Didn't Know Double Agent

TRAVIS AIR FORCE BASE, Calif. (AP) — The former Green Beret commander in Vietnam said today he didn't know the alleged Vietnamese double agent he and seven of his men were accused of killing and denied there had been such a slaying.

"That is correct," Col. Robert B. Rheault declared when asked at a news conference if he denied there had been a killing.

"No," he said when asked if he had known the person a newsman described as the "alleged dead man."

Rheault, 43, also was asked if he thought "the Vietnamese killed was a close political ally of President Thieu" and "do you think this might have resulted in the case being brought against you?"

"There was no conclusive evidence that the individual was

ever killed and there is certainly no indication anywhere that the alleged victim was connected with President Thieu in any way," the colonel said.

Rheault and six of the seven other Green Berets involved in the case returned to the United States from Vietnam to this California base near San Francisco the day after the Army dropped murder charges against them.

They headed for their homes shortly after the plane set down and an Army spokesman said all would get 30-day leaves.

The colonel said he believed the incident "would better be forgotten . . . so long as people remember that we were exonerated." He acted as spokesman for the others during a seven-minute session with newsmen here after a flight from Vietnam aboard a chartered jetliner that brought 219 persons here.

Rheault said he, the five other officers and two enlisted men did not know Thai Khac Chuyeh, their alleged victim. He insisted

there was no evidence that the man had been killed.

Rheault said he could not understand why the murder and conspiracy charges were filed against them.

Army Secretary Stanley R. Resor announced Monday the charges against all eight had been dropped after the Central Intelligence Agency, for security reasons, declined to let its agents testify. He said the CIA action precluded a fair trial.

With Rheault, of Vineyard Haven, Mass., were Capt. Robert F. Marasco, 27, Bloomfield, N.J.; Maj. Thomas C. Middleton Jr., 29, Jefferson, S.C.; Maj. David Crew, 33, Cedar Rapids, Iowa; Capt. Leland J. Brumley, 27, Duncan, Okla.; Capt. Budge E. Williams, 27, Athens, Ga.; and CW02 Edward M. Boyle, 26, of New York.

All had been charged with murder and conspiracy. Charges were held in abeyance for Boyle and Sgt. I.C. Alvin L. Smith Jr., 41, of Naples, Fla.

## Tower Hints Bombs Action

WASHINGTON (AP) — Republican Sen. John G. Tower of Texas said today the United States should consider renewing the bombing of North Vietnam unless the Communists make some gesture toward peace within the next few days.

"It becomes increasingly apparent that the intensification of military pressure on our enemies is the only thing that will bring them to terms," Tower told a news conference in a rebuttal to proposal that the United States withdraw its forces from South Vietnam by a congressionally prescribed deadline.

Tower said he had not discussed his proposal with President Nixon. The Texan said the suggestion was entirely his own.

"The point is we are involved in a war," Tower said. "The question is are you going to fight it or not fight it."

Former President Lyndon B. Johnson ordered a halt in most U.S. bombings of North Vietnam on March 31, 1968. Limited bombing in the area just north of the demilitarized zone continued until last Dec. 31 when it, too, was halted.

# Big Spring NYC Office Being Moved To Lamesa

The NYC program for this area will be moving its headquarters from Big Spring to Lamesa-Dawson County Community Action Agency, according to Larry Smith, director. Oct. 18 will be the effective date for this change.

The change is part of a national trend, Smith said, in which work-training programs are being worked under community action agencies to consolidate staff members and eliminate duplicating services.

Economics also enters in; originally this area had an allotment of 52 enrollees, but now it has only one of 24 enrollees. The Department of Labor has reduced funds; and as enrollees resigned, no one replaced them.

Smith said his job as director will be eliminated, and all bookkeeping and records will be

taken to Lamesa. The coordinator will live in Big Spring, but will work under the Lamesa office.

Big Spring has a small community action agency, Smith added, but it is not recognized by the Office of Economic Opportunity. Lamesa has the only agency so financed, which is why it was chosen as headquarters.

The program's contract with Big Spring, due to expire Oct. 18, will probably be renewed, Smith said, but activities will be delegated to the Lamesa office. Big Spring will have a say in the planning, implementation and evaluation of the program; Lamesa, however, will do the sponsoring.

"By renewing the contract," Smith said, "we could keep

service to Big Spring from being disrupted; this way none of the enrollees should be hurt."

Big Spring agencies which have been using NYC enrollees are the City of Big Spring, VA Hospital, Howard County Agent, and Texas Employment Commission.

The city commission will have to give final approval to a renewed contract.

Smith said that, though his position with NYC will be discontinued, he hopes to continue in city management.

"We feel the program has been good, well-operated, and a credit to the City of Big Spring," said City Manager Larry Crow. "Larry Smith, director, has been valuable, not only with NYC, but also in working with various city programs, such as clean-up budgeting and research."

WASHINGTON (AP) — The Nixon administration has slashed \$215 million from the Model Cities program—a 42 per cent cut in funds for rehabilitating some of the nation's worst urban slums.

The White House will allow only \$300 million instead of the \$515 million that had been ticketed in April to move at least 60 Model Cities projects from the planning stage to program grants during the current fiscal year ending next June 30.

Although Congress set up the program in 1966, this is the first year for implementing the plans to attack all the causes of poverty within a slum area through one integrated program.

The Model Cities cutback, springing from the President's order of \$3.5 billion in government-wide budget reductions to fight inflation, was disclosed by Nathaniel J. Eiseaman, director of the Budget Office at the Department of Housing and Urban Development.

There are a total of 150 communities in 45 states, the District of Columbia and Puerto Rico participating in the program.

Two HUD programs that provide interest subsidies to low-income homeowners and to builders of low-rent apartments are the next biggest losers after Model Cities. Their combined outlays will cut from \$39 million to \$20 million.

An additional \$20 million will be pared from grants for water, sewer and other neighborhood facilities, budgeted originally at \$166 million.

However, increases in other HUD urban renewal assistance will partially offset the reductions for Model Cities and the other programs leaving the department's net share of the \$3.5 billion in cutbacks at \$162 million.

Top HUD officials say the Model Cities cuts were made necessary by a late and slow start for the program. They don't signal a Republican-engineered death for Model Cities, the officials contend.

Model Cities was the keystone of former President Lyndon B. Johnson's urban policies. The idea was to funnel all the renewal that federal-local money could buy into target slum neighborhoods.

President Nixon also pared \$75 million from Johnson's request for \$750 million in new appropriations for Model Cities.

# Model Cities Money Sliced By Nixonites

## Johnson's Program Might Face Death

MAN-HOLE COVER. Don't laugh. Electrician's helper John Harris is protecting himself from a Florida rain as he works in a man-hole on Miami Beach. After the rain John put up his bumbershoot and returned to work below.

# TWU Strikes Cape Kennedy

CAPE KENNEDY, Fla. (AP) — Members of the Transport Workers Union planned to throw up pickets at entrances to the nation's spaceport today to protest a National Aeronautics and Space Administration decision that shifts 52 TWU jobs to NASA contractors.

Officials of TWU Local 525 said a mass membership meeting this morning would be followed by picketing in the afternoon. Dr. Kurt H. Debus, director of NASA's Kennedy Space Center, was invited to the meeting but telegraphed the union that he felt no purpose would be served by his presence.

Up to 2,000 TWU members and several hundred more sympathetic Teamster Union employees could stay off the job, Ron D. Baker, president of the local, predicted. No significant impact is expected on Cape operations unless the strike continues for a prolonged period, however.

The next unannounced space shot is not scheduled until Nov. 5 and the Apollo 12 astronauts are not scheduled to rocket moonward until Nov. 14. Apollo 12's testing schedule has been stretched out to absorb problems that might occur within the next few weeks without putting undue pressure on the launch crew.

The conflict is centered around 52 maintenance jobs at the Atlas-Centaur launch complex leased by NASA from the Air Force. NASA has been using TWU support teams supplied by Pan American World Airways to the Air Force, but has now served notice it intends to use one of its own contractors—General Dynamics Corp.—to perform the tasks.

General Dynamics employees make up the actual launch team and the space agency wants to keep them busy until the next Atlas-Centaur blasts off next spring. Otherwise, the team

might fall apart, officials said.

Baker said TWU believes NASA's plan could jeopardize future Atlas-Centaur launches, however, "since the maintenance is extremely complex."

"We've been doing it since 1960," he said, "and they aren't going to learn it overnight. Who is going to train them. Not us."

Of the 52 TWU jobs affected in the shift, openings have been found for 31 people, leaving 21 TWU members without jobs.

**Tremors Rock 'Ghost Town'**

TULBAGH, South Africa (AP) — Minor tremors rocked the Tulbagh region north of Cape Town today but caused no damage or casualties in the tent settlements of refugees left homeless by South Africa's worst quake in 37 years Monday night.

Tulbagh, its houses evacuated and its shops and offices boarded up, was a ghost town. Officials estimated 70 per cent of its buildings are unsafe and will have to be razed and rebuilt.

An Army convoy arrived late Tuesday with supplies and 600 tents for the 1,000 homeless.

**ONE GIFT WORKS MANY WONDERS**

**UF Climbs**

The United Fund climbed higher Tuesday, reaching a total of \$31,733.34. Coca-Cola Bottling Co. reported in with 100 per cent employee participation.

**'HALF WHITE' AFTER SKIN TRANSPLANT** — Mrs. Pauline Price, 46, a Negro domestic worker in Los Angeles, tends her rose garden as she tells a newsmen that having 40 per cent white skin is no problem. Half her skin was burned away in a fire five years ago. The skin of a dead white man was grafted to her body. Most of the graft is covered by her high-neck, long-sleeve clothes.

# White Skin For Black

LOS ANGELES (AP) — Pauline Price awoke screaming, her nightgown ablaze.

She ran into the yard, a human torch. Neighbors stifled the flames with a blanket, but half her skin was burned away that night of April 24, 1964. A graft offered her only hope for life.

Mrs. Price is a Negro. When she came out of surgery, almost half her skin was white.

Doctors had covered 40 per cent of her body with the only skin available at the time, from a white male corpse.

Mrs. Price was the first human to receive grafts of skin treated with ribonucleic acid (RNA) as a way of combating the process that makes the body reject foreign tissue.

Dr. Weldon Jolley, Loma Linda University microbiologist who originated the technique, says he since has used it in seven burn cases and it prolonged life in all but two.

Surgeons under the direction of Dr. Louis L. Smith of Loma Linda used as much as possible of what remained of Mrs. Price's skin to repair burns that showed, on her neck and arms and legs. But there wasn't enough for the rest of her body.

So 40 per cent of the grafted skin came from a white man who died shortly after she entered the hospital. She now has large patches of white skin on her torso, front and back.

Mrs. Price, 46, a tall, slender domestic worker, says she has lived happily, grateful to be alive. She says she has overcome resentment she felt upon learning white skin had replaced black.

"I was self-conscious about it for a long time," she said in an interview. "I was afraid of what my friends would think. But it turned out they didn't pay any attention at all. Like me, they're just happy I'm alive."

Mrs. Price spent five months in the University of Southern California County Medical Center, four of them under sedation to ward off pain.

"When the bandages finally came off and I found that about half of me was white, I'll admit I was worried some," she recalled. "But after they told me I had been dying and that the white skin was all that was available, I learned to live with it. I usually wear long sleeved turtle-neck blouses and sweaters

# Stokes First Round Winner In Cleveland

CLEVELAND, Ohio (AP) — Negro incumbent Carl B. Stokes defeated a self-styled law-and-order candidate by more than 31,000 votes Tuesday in Cleveland's Democratic mayoral primary election.

But Stokes won his bid for nomination to a second two-year term only after overcoming a lead of more than 20,000 votes which Robert J. Kelly, an electoral newcomer, built up in white sections crucial to the mayor's Nov. 4 general election prospects.

The final unofficial count gave Stokes 92,219 votes to 60,899 for Kelly, a 48-year-old former city service director.

Stokes became the first Negro elected mayor of a major American city in 1967. He also is the first Negro mayor of a major city to face a re-election battle.

"We're going to really have to work against Ralph J. Perk," Stokes said of the Republican county auditor he will face in the general election.

Negroes compose about one-third of Cleveland's population of 880,000.

Kelly said he congratulated Stokes "in conformity with the American tradition of politics" but held to his earlier announcement that he would not support the mayor in the general election.

The turnout of 153,118 voters compared with 200,000 when Stokes, the 42-year-old grandson of a slave, unseated incumbent Ralph Locher in the 1967 primary.

Perk said the smaller turnout indicated disenchantment with Stokes and promised a vigorous campaign in his bid to become Cleveland's first Republican mayor in 28 years.

Relative Dies  
Mrs. Herbert R. Heath, 609 Colgate, has received word of the death of her brother-in-law Dr. Richard A. Hancock, 47, in Quincy, Ill. He had been ill for about two weeks. The funeral will be Friday morning in Quincy.

# Report Soviets Developing Bomber Draws Counterfire

WASHINGTON (AP) — A report the Soviets are developing a brand new bomber drew angry counterfire as the House headed into debate over a \$21.35 billion military spending bill.

Rep. L. Mendel Rivers, D-S.C., made the statement of a new Soviet bomber Tuesday in defending the bill's provision for development of an Advanced Manned Strategic Aircraft as the U.S. bomber of the 1970s.

The chairman of the powerful House Armed Services Committee said a report by other members that there is no evidence the Soviets are interested in such a bomber is inaccurate.

Saying he has access to classified information the other members don't, Rivers stated "we

have every reason to believe Russia is well on the way toward developing a brand new bomber—I'm telling you this on my own responsibility."

The spending critics said Pentagon witnesses told the committee in closed session there was no such evidence.

"If he has been cleared for that kind of information, he has a duty to review it with the committee before he reviews it with the press," said Rep. Robert L. Leggett, D-Calif. "For that reason I tend to discredit what he said."

Rivers made the bomber comment at a hearing at which the House Rules Committee cleared the military spending bill for four hours debate—over objections it should get at least 10.

"We're arming ourselves to the teeth and the gills and one day we're going to choke on it," said Rep. Thomas P. O'Neill Jr., D-Mass., in contending spending critics should get five hours speaking time of their own. "I don't know how we can expect to get peace in the world."

But Rivers, the bill's floor manager, said critics will be given every opportunity to try to cut \$2.2 billion from the measure and promised debate will be extended into Friday if it can't be finished Thursday.

The bill, which the Senate debated most of the summer, is the spending authorization for the Safeguard antimissile system, planes, ships, tanks and other military hardware.

# Rains Pop Panhandle

By The Associated Press  
Scattered thundershowers dotted Texas' Panhandle today but skies elsewhere over the state remained generally cloudless.

As a high pressure ridge weakened, showers became more numerous in the vicinity of Amarillo, Dalhart and Pampa.

A depression on the eastern Gulf of Mexico was expected to trigger cloudiness and widely scattered showers in southeast Louisiana.

Temperatures before sunrise ranged from 56 at Dalhart up to 75 degrees at Galveston.

Readings Tuesday generally were in the 80s, and the mercury climbed into the 80s during the day. A few communities had temperatures above 90.

# HEY, BOSS READ THIS

KNOXVILLE, Tenn. (AP) — A quotation from a report of the Knoxville-Knox County Community Action Committee, recommending a way to ease sluggards off the public antipoverity payroll:

"In a few cases the morale is not good. Some workers have the idea they don't have to do their work conscientiously because they will not be fired. If work is not adequate after three years, do with less workers and increase the salaries of those doing good work."

**FIRST DEMOCRAT FROM 6TH DISTRICT** — State Rep. Michael J. Harrington accepts victory cheers from supporters at his headquarters in Beverly, Mass., after becoming the first Democrat to ever represent the Massachusetts 6th Congressional District by defeating Republican William J. Saltonstall. The contest was for the seat left vacant by the death of William H. Bates, a Republican.

## MAYO Delivers List Of 12 Demands To Catholic Unit

HOUSTON (AP) — The National Conference of Catholic Charities has been asked to meet 12 demands Tuesday by the Mexican-American Youth Organization (MAYO).

Benito Maldonado, a Houston MAYO leader, said Tuesday the Catholic church for years has thought the Mexican community is passive, happy and not taken to protest conditions under which it lives.

Maldonado demanded that the diocese of Galveston-Houston promote the hiring of Mexican-Americans on higher administrative levels.

He also wanted the conference to pass a resolution supporting the national boycott of California table grapes.

Another MAYO spokesman, Jose Angel Gutierrez of San Antonio, said Anglo Americans control the draft boards in predominantly Mexican-American counties in South Texas and they draft mostly Mexican-American youths.

"Mexican-Americans who question the system or push for change and fight against injustices are eliminated from the community by the draft," Gutierrez said.

Earlier, the Rev. Benedict Ashley of the Institute of Religion at the Texas Medical Center in Houston said the United States is the most racist country in the world.

Despite its technological superiority, it will not reach true greatness until it finds a way to end racism, he said. But the apathy of the minorities force the leaders of those groups they're trying to help to turn to hatred as a weapon of unification.

"They should realize that hatred is a weakness," he said.

Mrs. Dorothy Dimaxico, a board member of the National Welfare Rights Organization, said her group wants the elimination of the Texas residence requirement for welfare payments.

She said the present laws make it almost impossible for

welfare recipients to become self-sufficient.

The Most Rev. Robert Lucey, retired Archbishop of San Antonio, told the conference that the moral fiber of many young men has been damaged, if not destroyed, by some theatrical productions, films and standards of family morality.

## Over 50 Awards Handed Out At Pack 100 Meeting

More than 50 awards were presented at the September meeting of Pack 100, St. Paul Presbyterian Church, Tuesday night. The opening ceremony was conducted by Den 1 and the Rev. Daniel R. Sebesta said the invocation.

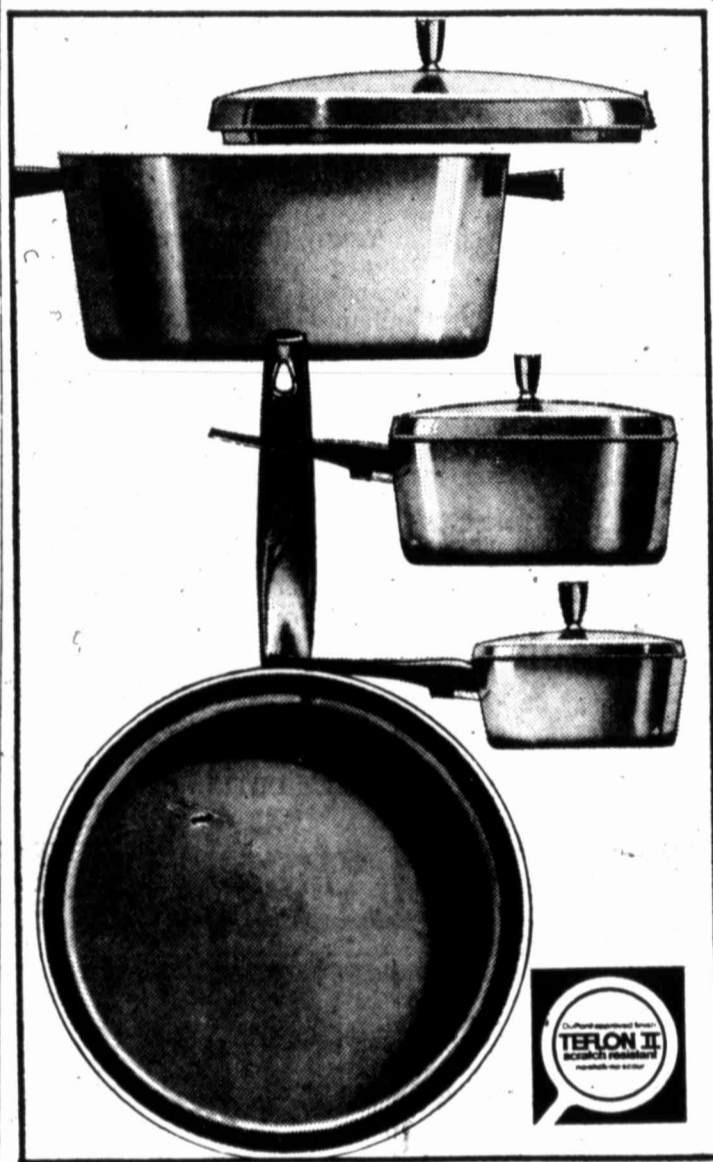

Dr. Clyde Thomas, Scoutmaster of Troop 300, presented Den Chief cords to Tony Lester and Waleo Horton. Cubmaster Joe Horton and his assistant, Dealon Stanley, presented the rest of the awards which included bobcat pins and activity badges.

Bobcat pins went to Charles Purcell, Ray Burchell, Ricky McDaniel, Scott McDaniel, Randy McNallen, Dale Brown, Steve Fetters, and John Stanley. Bill Little also received the Bobcat pin, as did Carl Caton, Clint Hyer, Bill Hart, Steven Logan, William King, Mike Brooks, Jimmy Newsom, Kirk Mancill, Mike Pitts, Steve Cul-

## Gun Barrel City Voters Okay Beer

GUN BARREL CITY, Tex. (AP) — This east Texas town voted 29-11 Monday to legalize the sale of beer for off-premises consumption.

The recently incorporated township near Cedar Creek Lake is named for Gun Barrel Lane, a long, straight road that serves as the town's main street.

# Miss Walker Weds In Baptist Church

Miss Charlotte Walker and FN Jerry Dalton were married at 7:30 p.m. Tuesday in the Airport Baptist Church where the officiant was the Rev. Lee R. Jones, former pastor.

Parents of the couple are Mr. and Mrs. Delton Walker, 709 Andrew, and Mr. and Mrs. Nathan Dalton, 2405 Main.

The bridegroom, a graduate of Big Spring High School, is serving in the Navy aboard the USS De Soto County out of Norfolk, Va. The bride is a member of Future Homemakers of America at BSBS where she will graduate in January. After that time, the couple will reside in Norfolk.

The organist, Mrs. R. P. Morton, accompanied Miss Linda Hargrove as she sang "Dearly Beloved" and "One Hand, One Heart." The altar background featured a tall basket of white chrysanthemums and gladioli flanked by branched candelabra and emerald ferns.

The bride was attired in a long-sleeved A-line white satin gown styled with Empire waist marked with a flat satin bow. White lace trimming on the gown was enhanced with seed pearls. Her shoulder-length veil of illusion was attached to a cluster of satin roses, and she carried a bouquet of white carnations centered with a white orchid.

Attending the bride as maid of honor was Miss Stinnitta Ware who was attired in a street-length dress of orchid brocade with purple satin bow accenting the Empire waistline. She carried a nosegay of orchid chrysanthemums showered with purple satin.

Eddie Rogers was best man, and ushers were Tony Ware, Carrol Hagel and Randy Robertson.

### RECEPTION

The wedding party received guests at a reception in the home of the bride's parents, where members of the house party were Mr. and Mrs. Howard Reed and Mr. and Mrs. E. L. Belcher. Guests were reg-

MRS. JERRY DALTON

istered by the bride's sister, Miss Phyllis Walker.

Out-of-town guests were the bride's grandparents, Mr. and Mrs. C. G. Walker, Lamesa; Mr. and Mrs. Hilton Wilson, Seagraves; Mr. and Mrs. Ocie Burke and Mr. and Mrs. Chester Brown, all of Wichita Falls; and Mr. and Mrs. Ronnie

Ringener of Andrews.

The refreshment table was laid with an orchid cloth overlaid with white lace and centered with a candelabrum holding orchid tapers. The centerpiece was a miniature bridal couple circled with roses and sweetpeas, and the tiered wedding cake, topped with bridal figurines, was decorated with orchid roses and hearts.

The rehearsal dinner was held in the home of the bridegroom's parents, where the dining table was centered with a mixed floral arrangement. Eighteen guests attended.

When the couple left on a wedding trip to an undisclosed destination, the bride was wearing a three-piece cranberry suit with white accessories and the corsage from her bouquet.

# New Slate Installed By PTA

E. S. Morgan, Lakeview Elementary School principal installed officers at Tuesday's meeting of Lakeview Parent-Teacher Association. They are Arthur Adams, president; Mrs. John Hernandez, vice president; Mrs. Willie Foreman, secretary and Mrs. Edward Ramirez, treasurer.

Adams spoke briefly and introduced the committee chairman, Mrs. Edward Jacobs, program. Mrs. Arthur Adams, membership; Mrs. Ismael Juarez, fund-raising; Mrs. John Hernandez, city council representative; and Mrs. Jacobs, scrapbook.

Mrs. Foreman brought the devotion. Room count was won by Mrs. Jack Adam's fourth grade. The principal announced that a fund-raising carnival will be held at the school on Oct. 25.

Certificates for outstanding work last year were presented to Mrs. Foreman and Mrs. Adams. Morgan announced the Lakeview unit won second place in district membership competition for 1968-69. The announcement was made at the spring conference in Forsan.

Refreshments were served by Mrs. Essie Randle.

# Retiring Officer Is Party Hostess

Mrs. M. R. Ray, retiring noble grand of the John A. Kee Rebekah Lodge No. 153, hosted a farewell party Tuesday evening in the IOOF Lodge.

She presented gifts of appreciation to the lodge father and mother, Mr. and Mrs. Franklin Jarrett, and the lodge sweetheart, M. R. Ray, after which she thanked her officers.

The refreshment table was laid with a white lace cloth and centered with a mixed bouquet of flowers in a gold container.

Mrs. Alton Allen, lodge deputy, presented lodge certificates to Mrs. Grady Beck, Mrs. Morgan Martin and Mrs. Odell Buchanan.

Approximately 60 visits to the sick were reported by the 35 attending.

MRS. HERMAN WADLE

# Mrs. H. Wadle Named 'Woman Of The Year'

Gamma Sigma Chapter, Phi Sigma Alpha, was host for the first Founders Day assembly of Permian Basin chapters from Big Spring, Midland and Odessa Monday evening in Midland.

Mrs. Jane Hughes, president of the host chapter, was mistress of ceremonies and announced the awards. Mrs. Herman Wadle of Texas Delta Chapter was named "Woman of the Year" for the Big Spring chapter.

Mrs. Wadle is a charter member of the chapter and served as extension officer last year. She is a member of the Cactus Chapter, American Business Women's Association, and a charter member of El Paso Chapter, Texas Insurance Association.

Permian Basin officers elected were Mrs. Addy Franklin, Odessa, president; Mrs. Herman Shifflett, Big Spring, vice president; Mrs. Sally Sue Young, Odessa, secretary;

treasurer; and Mrs. Emmy Waddell, Midland, program moderator.

Texas Delta Chapter hosted a friendship tea for members and guests Sunday afternoon in the First Federal Community Room.

Guests were Mrs. A. M. Vick, Mrs. Landon Burchill, Mrs. J. R. Rinard, Mrs. Jimmy Morehead and Mrs. Elra Phillips.

The refreshment table was laid with a white cloth and centered with an arrangement of blue and white carnations. The punch bowl was circled with quince and flowers. Mrs. Ernest Bauch registered guests.

# Civinettes Ask Public To Help Buy Shoes

The annual Halloween candy sale was detailed to members of the Civinettes who met Tuesday evening in the home of Mrs. Mike Hull, 2310 Lynn.

Mrs. Hull, club president announced that the candy has been ordered and should arrive here by the middle of October. Upon arrival, it will be distributed to all Civitans and Civinettes for public sale in providing funds to buy shoes for Big Spring's needy children. This will be the third year of the shoe project.

"We urge the public to support this candy sale," said Mrs. Hull, "for there are many children within our city who desperately need shoes. Cold weather will soon be here, and we hope these children will not have to go barefoot much longer."

Tentative plans were made to host a Christmas event for residents of the Work Village at Big Spring State Hospital. The date and time will be decided at a future meeting.

Guests welcomed were Mrs. Rick Moses and Mrs. Henry Brewer. Mrs. Hull reported that the club now has 13 members and is aiming for a goal of at least 20.

The next meeting will be held in the Hull home October 28.

# A LOVELIER YOU Natural Beauty Is 'Now' Look For Fall

By MARY SUE MILLER

The last vestiges of unrealistic makeup—waxen white lips and hedge-rows of eyelashes, for instance—have departed. The new look has the quality of a born-beauty, like the natural radiance of a sunlit autumn day. Exactly as should be.

Faces that appear naturally lovely are far more beguiling than obviously trumped-up facades. Ask any male!

We girls know, of course, that perfection seldom comes built in. You have to give nature a helping hand. And here an advanced viewpoint is in order: The idea is to choose and apply cosmetics to heighten your individual good looks. Most likely you will not use fewer items, but your application will be so deft as to defy detection.

To help you capture the vibrant glints of the season—out-of-doors and in-fashion—there are new shades and textures of makeup.

Earthen shades in foundations of liquid-creme texture warm your skin with the glow of late-day sun. The flush of youth comes to the cheeks via "rag coloring" sticks, transparent Burgundy-laced shadow shimmerers the eyes. Spicy red lip-stick leaves a clear, crimson stain.

Try it. You'll look as lovely

as a lovely autumn day.

**BEAUTY KNOWS NO AGE.** Some women age before their time—some retain their youthful beauty and charm. Why? The secrets of non-stop attractiveness are revealed in "Beauty Knows No Age." Advice covers ways to a youthful figure, skin and hair to flattering makeup, hairstyles and fashions. For your copy write to Mary Sue Miller in care of the Big Spring Herald, enclosing a long, self-addressed, stamped envelope and 35 cents in coin.

# Officers Installed By Bykotas

Mrs. R. Lee Warren, former teacher of the Bykota Sunday school class, First Baptist Church, served as installing officer at Tuesday's meeting in the home of Mrs. Roscoe Newell, 501 Circle.

Officers installed were Mrs. John Hardy, president; Miss Gladys Hardy, vice president; Mrs. Robert Whipkey, secretary-treasurer; Mrs. L. T. Hargrove, assistant secretary-treasurer; Mrs. William McRee, project chairman; and Mrs. Clayton Swinney, reporter.

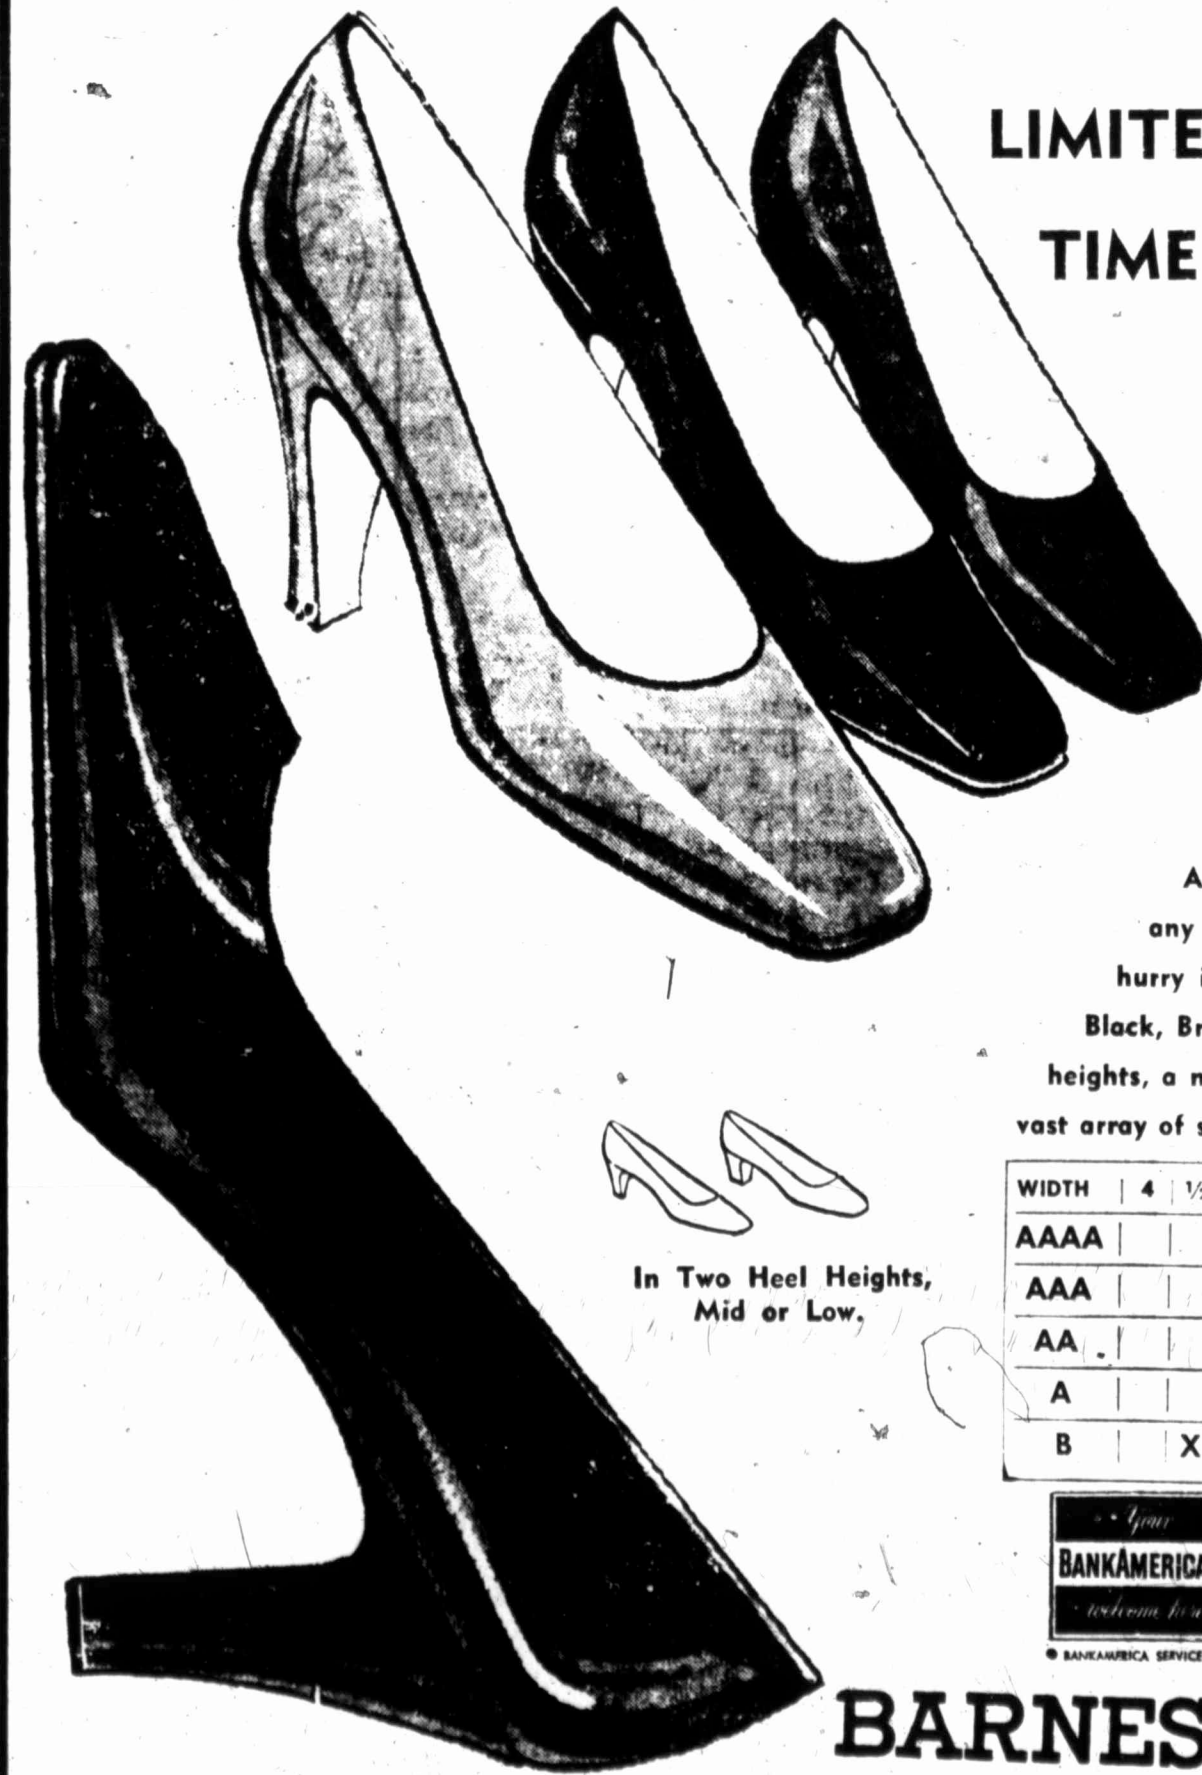

Mrs. Newell, class teacher worded prayer, and plans were outlined for the year.

# Quality Flooring

Vinyl asbestos tile is made to strict specifications established by the federal government. Tile manufacturers asked the government to establish such standards so consumers would always be assured of getting high quality flooring.

**'Hard Rock Kid' Hurt In Mishap**

MARSHALLTOWN, Iowa (AP) — A former "king of the hoboes" suffered severe leg injuries along the Chicago and Northwestern tracks Monday and was hospitalized. Police identified the man as the "Hard Rock Kid," or John Mislen, 60. He was crowned hobo king in Britt, Iowa, in 1967 and 1968 at the annual National Hobo Convention. It was not known how Mislen's accident occurred.

**Slaying Of Infant Stepson Charged**

SHERMAN, Tex. (AP) — Larry Admire, 22, of Sherman was charged with murder Tuesday in the two-month old slaying of his infant stepson. Raymond Culvahouse, 2, was found dead in his crib July 28. An autopsy report not released until this week showed the child was beaten to death. Photographs made just after the slaying showed numerous bruises on his body.

**Dallas Woman Denies She Knew Car Contained Dope**

LAREDO, Tex. (AP) — Mrs. Irene Williams Smith took the stand in her own defense Tuesday and denied any knowledge of the \$7 million worth of cocaine found hidden in a car she drove across the United States-Mexico border July 30. Mrs. Smith, 46, told the court in the first full day of testimony that she was unaware of the seven pounds of the drug found in plastic bags beneath the rear seat. The car was registered to

Edgar Babe, whose real name, defense attorney said, was Jorge Juan Lemos Garcia. Mrs. Smith has remained in the Webb County jail since her arrest two months ago in lieu of \$50,000 bond. A resident of Dallas, her friends raised enough money to secure her release, but she chose to use the funds instead for other expenses. Two federal inspectors testified Tuesday to the circumstances of Mrs. Smith's arrest. J. L. Morgan and Eugene J. Moose said the Dallas real estate operator appeared anxious to get through customs at the time of her arrest. They said Mrs. Smith said she had nothing to declare but that a preliminary search turned up two cases of clothing in the trunk. A closer inspection uncovered the cocaine beneath the seat and two small prescription bottles of cocaine, plus some amphetamine, in her purse.

Jacob Hornberger, Mrs. Smith's attorney, said she was driving the car for Babe, a man she had fallen "madly in love with." The man is also charged in the case, but is a fugitive. One Dallas businessman who helped raise funds for Mrs. Smith's defense said, "She is confident she will be released by a jury. She believes a jury will believe her story."

**Fair Queries**

WHARTON, Tex. (AP) — The Commissioners Court has had numerous queries about the future of the Wharton County Fair, which closed last week with no plans for next year. The court sold the fairgrounds to the Wharton County Junior College three years ago. Vocational agriculture teachers and county agents wrote commissioners about the fair's future, saying its termination would hurt area youth.

**'Handicapped? That's Your Word--Not Mine'**

CHARLESTON, W.Va. (AP) — Juanita Cotton is single and confined to a wheelchair. Yet she has adopted one child and is in the process of adopting another.

Being an adoptive mother isn't difficult, she says, but becoming one is. "I've been the object of every kind of prejudice—racial, religious, professional," says the 41-year-old Negro art teacher. "But the prejudice against physically handicapped people is the most vicious. I get pretty tired of being told what I can't do because I'm handicapped. Most of the things I'm not supposed to do are things I've been doing all my life," she says. The Children's Home Society agrees. It permitted Miss Cotton to adopt Yvonne Marie now 2, in March 1968, and currently is in

the process of giving her a second Negro child.

"Through our experience with her and her care of the first

**Staley Honored For AFL Play**

NEW YORK (AP) — Bill Staley, Cincinnati's second year defensive tackle from Utah State, ruined Sunday for Kansas City's Jan Stenerud by blocking one field goal and partially blocking another during the Bengals' upset of the Chiefs.

For his fine work against the Chiefs, The Associated Press today named Staley the Defensive Player of the Week in the American Football League.

child, we feel comfortable in saying she is ready for a second," said Mrs. Malmarie Sulek, director of the agency.

Miss Cotton, an instructor at West Virginia State College in nearby Institute, has been confined to a wheelchair since the age of three when she was stricken with polio. But she used to babysit for as many as eight children at once, she says, so caring for Yvonne Marie is no problem.

"I bathe her, I feed her, I love her," she said. "I do things a little differently from the way other mothers would, but I do them."

Like many working mothers, Miss Cotton retains a babysitter to take care of Yvonne Marie during the day.

Miss Cotton instructs classes in art appreciation, history of

art, sculpture and related subjects. She holds two degrees from Oklahoma University.

Her application for a second child has been approved. "I want a little boy so much, but I'm going to take another girl because I think a boy really needs a father when he gets older," she added.

DEATHS

Major Canning, Veteran In Salvation Army Work

Major L. W. Canning, a 40-year veteran of the Salvation Army and one of the guiding spirits in the Army's formative years in Big Spring, died early Tuesday afternoon in a hospital in Hollywood, Fla.

MAJ. L. W. CANNING

The funeral will be held at 2 p.m. Thursday in Wadlington Funeral Home in Hollywood, Fla., and burial will be in the Patterson-Springs Cemetery in Atlanta, Ga.

Major Canning, who would have been 90 next Nov. 1, had been in declining health for the past few years.

He and Mrs. Canning had made their home with a daughter, Mrs. H. W. Holmes, 5519 Park Road, Hollywood, Fla., in recent years.

Major Canning, a beloved figure in the Big Spring area for eight years, when, during the period 1937-45 he helped organize the Salvation Army's work here, directed services in the Dora Roberts Citadel and established facilities for the aid of needy transients. The Army established its solid foundation here during Major Canning's tenure.

He retired from the Salvation Army here in November, 1945, and the Cannings moved to Clearwater, Fla., going later to Hollywood.

A native of Birch Bay, Newfoundland, Major Canning entered Salvation Army work there in 1905, and spent his entire career in it. He was married May 16, 1910, to Mary Ann Loveless in Bell Island, Newfoundland, and in 1927 the family came to the United States.

Major Canning served in

Ira McQuerry, Funeral Today

Last rites for Ira F. McQuerry, 77, Coahoma, were to be held at 2 p.m. today in the Nalley-Pickle Rosewood Chapel.

Mr. McQuerry, a retired farmer, died Monday in the VA Hospital at Kerville after an illness of more than two years. He was a veteran of World War I, having served 22 months overseas, a member of the First Presbyterian Church at Coahoma, and of the Coahoma Masonic lodge.

Services were to be conducted by the Rev. David Norcutt, minister of the Coahoma Presbyterian Church, assisted by Dr. S. C. Gutherie, retired, and Dr. R. Gage Lloyd, minister of First Presbyterian Church in Big Spring. Burial was to be in the Coahoma Cemetery.

Mr. McQuerry leaves one brother, Bradley McQuerry, Big Spring; several nieces and nephews. Pallbearers were Charles Reed, Hiram Reid, Charles Parrish, Ted Fowler, Frank Loveless, and Bill Tinner.

Economy Force Meets Tuesday

The Governmental Economy task force had its first meeting Tuesday afternoon in the Chamber conference room, according to Chamber of Commerce manager Tom Eastland.

The task force was appointed by the President's Special Task Force on Priorities to see what could be done to eliminate duplicating work among governmental agencies. On the force are Lanny Hamby, chairman, R. H. Weaver, Ralph Caton, M. R. Koger, Bill Eysen, Paul Meek, John Currie and George Thorburn.

At the meeting the force discussed ways of saving taxpayers money by combining efforts of government agencies, such as fire-fighting outside the city limits.

Four-H Council Plans Banquet

Plans for the Howard County 4-H achievement banquet, to be held Nov. 3 at the Big Spring High School cafeteria, were made at Tuesday night's meeting of the county 4-H council at the courthouse. The Big Spring 4-H Club is in charge of the program, "4-H Highlights of 1969."

Brenda Jackson, Howard County Farm Bureau Queen from Gail, will introduce guests and the Gail 4-H Club is in charge of a theme and table decorations. The Knott chapter will provide entertainment and dinner music. Lomax is in charge of programs, and Coahoma will provide the reception committee.

Angelo Has Bid On Bonds

SAN ANGELO — The City of San Angelo has announced that it has a firm bid for \$1,980,000 of the city's bonds to apparently open the way to construction of a water line to Lake E. V. Spence at Robert Lee. Previously, the city had been unsuccessful in trying to market a \$3.2 million issue, first because of coverage and later because of a limit on interest which made them unmarketable.

Efforts to swap them for Texas Water Development Board bonds, which would have been discounted and sold, ran into a legal snag. The TWDB indicated it might have funds available in February, but San Angelo elected to sell the bonds now in order to let contracts.

The first \$460,000 of the issue will go for 6.70 per cent, the remainder at 6.75 with retirement set in 1987 and the bonds callable in 1985. San Angelo had another million dollars in reserve funds which will go with the amount now to be sold deemed adequate to finance the pipeline and pump stations to the new lake.

The city has a contract to take up to 3,000 acre-feet per annum from Lake Spence, a reservoir of the Colorado River Municipal Water District.

Jones Investigates Juvenile Incidents

Juvenile Officer Keith Jones investigated four juvenile incidents Tuesday, and returned a 15-year-old El Paso boy to his parents.

Jones is investigating an incident of vandalism referred from the police department and involving two girls, ages 10 and 14. He is also working on two run-away cases referred by parents, one girl 15 years old and another 16.

Reports Available

More than 50 soil conservation reports, complete with aerial maps of the entire county, were handed out at Tuesday night's joint meeting of Howard County Extension Service and Soil Conservation Services. Three speakers on the eight o'clock program explained the findings of the book and also explained how to read them. The books are now available to any Howard County farmer at the County agent's office in the basement of the court house.

MINOR MISHAPS

Thirteenth and Nolan: Charles R. Dunagan, 502 Edwards, and Robert M. Dollar, Midland; 3:48 p.m. Tuesday.

Eleventh Place, west of Birdwell Lane: Lewis W. Carr, Winters, and Ellen L. Dameron, 1608 Donley; 8:47 p.m. Tuesday.

Gunner Escapes

LONGVIEW, Tex. (AP) — Mrs. Gerald M. Nelson was shot Sunday at her home on Farm Road 2011.

Struck in the stomach by the intruder's bullet, she underwent surgery and was reported doing well late Monday. There was no immediate arrest.

OEA Plans To Build Float

COAHOMA — Mrs. Gail Lundy, instructor for typing and business psychology at Howard County Junior College, listed "Secrets of Success" for members of the Coahoma chapter of Office Education Association at its regular monthly meeting Monday evening in the VOE lab in high school.

She stressed procedural, personal, conceptual skills involving intellectual awareness. To these must be added integrity and initiative, she said.

Another highlight of the meeting, presided over by Guy White, president, was building the OEA emblem. Jeanette Rowden, vice president displayed the gold shield for honor, dignity and importance of office occupations; Linda Foster, reporter, added six stripes for education, citizenship, loyalty, patriotism, dependability and competency; Molly McKinney, historian, added the green bar for service; Barbara Ballard, secretary and Ann Crawford, parliamentarian, attached the quill and ink well commemorating the founding fathers, establishment of the free enterprise and democratic system as well as leadership scholarship and character.

The club made plans for the float and other homecoming activities and was reminded that Friday is the deadline for candy sales (the candy is \$1 and can be purchased from an OEA member).

Twenty members and one guest, Mrs. Marie Ethridge, chapter adviser, attended. Refreshments were provided by the social committee composed of Jeanie Lindsey, Cecilia Cooper, Dianne Sanders, Mary Nixon and Peggy Myrick. Named to a program committee were Jeanette Rowden, Ragena Rutledge, Sylvia Dorn, Karen Pinkerton and Jan Stout.

Enrollment Up By One

Enrollment figures for Big Spring schools for the week ending Sept. 26 show 19 students transferring in and 18 students transferring out for a total gain of one student.

The Big Spring Independent School District had 7,331 students during the week ending Sept. 26; 7,330 during the week ending Sept. 19; and 7,542 during the week of Sept. 26, 1968.

Airport Elementary showed a loss of two; Boydston, Kentwood and Lakeview each gained one; Cedar Crest and College Heights each lost three; Marcy lost four and Park Hill gained four; and Washington lost one. Elementary schools have 3,794 students enrolled, a net loss of six students since the last report.

In secondary schools Goliad gained two students and the senior high lost four, for a net loss of two students. The special education classes gained nine students. Secondary schools have a total of 3,383 students and the special education classes have 154.

Handicapped Given Jobs

Last year 42,171 handicapped workers, 13 per cent of the national total handicapped placements, found jobs in the competitive market through Texas Employment Commission offices.

In Texas, chronic disability reduces the work activity of as much as 13.6 per cent of the population, says the Public Health Service. TEC undertakes specialized job development for handicapped applicants, often persuading employers to modify rigid hiring practices or to adapt the work environment to the capabilities of particular persons.

Nationally, 324,634 handicapped persons found jobs in the labor market through public employment offices, an increase of five per cent over the past year. But physical and mental impairments limit the work activity of 16 million Americans of working age. There are always many more handicapped persons registered for jobs than are placed in a year.

Not Guilty Verdict Returned By Jury

George Solomon Ingram, 59, Ackerly, was found not guilty Tuesday by a six member jury in Howard County Court of a charge of driving while intoxicated. He was arrested by the Texas Highway Patrol Jan. 31 and released from county jail the following day on \$1,000 bond set by Justice of the Peace Jess Slaughter.

Life In Prison

(Continued From Page 1)

I said give me the gun' and he grabbed it out of my hand and shot Mr. Blount."

Mrs. A. D. Blount testified Monday morning that her husband was in bed when someone knocked on the door of their apartment at the Pet-A-Zoo about 10:30 p.m. Dec. 9, 1968.

She said she was watching television and Gary had just finished his homework and was on his way to bed; however it was Mr. Blount who got up and went to the door.

"Gary came in and said 'Mama there's a man holding a gun on Daddy.' I jumped up and ran toward the door. A shot was fired just before I got to the door." She said when she got to the hallway "A. D. was standing there holding his chest and a man was going out the door, closing it."

"I asked him who did it, and he said 'a kid.' That's all he ever said."

Burns called 21 witnesses in the case against Chrisco, including Kansas City police detectives who testified to seeing Chrisco and Crain together on "several occasions." Chrisco said the first time he ever met Crain was the afternoon of Dec. 8, 1968, when they left Kansas City for Big Spring.

R. H. Hanson, a Kansas City night club entertainer, testified Bourbon asked him where he could get a .38-caliber snub-nosed gun, and Hanson subsequently sold him the .45-caliber gun.

Hanson said he had traded for the .45-caliber Colt Commander with a Kansas City police detective, Jim Theisen. Theisen was the officer who arrested Bourbon and Crain Dec. 19, 1968, in connection with Mr. Blount's death.

Theisen said he traded the gun to Hanson, and produced a sales slip and records of guns owned by him. Both Theisen and Hanson are gun collectors.

Theisen testified to seeing Crain and Bourbon together in Kansas City night clubs on several occasions.

John T. Arms, a pipefitter from Snyder, testified he found the gun about 9:30 a.m. Dec. 10 in a barrow ditch alongside SH 158, which intersects with US 87 a few miles south of the

Pet-A-Zoo where Mr. Blount was shot.

Arms said he showed the gun to fellow workers and they fired it twice during the day. He gave the gun and ammunition to Scurry County Deputy Sheriff M. L. Chandler that evening, when he learned Howard County sheriff's officers were seeking a similar weapon.

Chandler testified he turned the gun over to Howard County Sheriff A. N. Standard. A ballistics expert from the Texas Department of Public Safety testified tests performed on the gun identified it as the murder weapon.

A chemist from Austin told the court the gun was fired approximately two feet from the jacket Blount was wearing.

Other witnesses testified to long distance telephone calls made by Bourbon to Big Spring and Dallas and threats made by Bourbon against Mr. Blount.

"He (Bourbon) said he couldn't find out what had happened to his dogs, and he was going to kill him (Blount)," Mrs. Ruth Apple, manager of the Big Spring Retail Merchants Association, said Monday.

Jack Jones, Big Spring policeman, said Bourbon told him he was going to hire a New York City gangster for \$2,000 to come to Big Spring and kill Blount.

Fred Garland, the president of the Dallas chapter of the Society for the Prevention of Cruelty to Animals, said Bourbon phoned him and said he might get some straight answers if he confronted Blount with a gun.

Mr. Blount's death apparently was the result of a dispute over approximately 70 dogs, five cats and two skunks which Bourbon had boarded at the Pet-A-Zoo. Mr. Blount took legal possession of the animals when Bourbon did not pay the board bill. He eventually handed the animals over to a research center, Mrs. Blount testified.

Jurors were John Wayne Speegle, foreman, Clancy Don Worthan, Gerald E. Earnest, Mrs. Barbara Fryar, Marvin Lamb, C. E. Jones, Mrs. William H. Bethell, Charles Wesley Deats Jr., Mrs. W. D. Coates, Jack Barber, Mrs. B. W. Jack and Travis Starr.

Capt. Wormser Wins Pilot Honors

The captain who received the highest score of any Webb instructor pilot recently evaluated during the Air Training Command's standardization-evaluation team visit is the instructor pilot of the month for the 3560th Pilot Training Squadron.

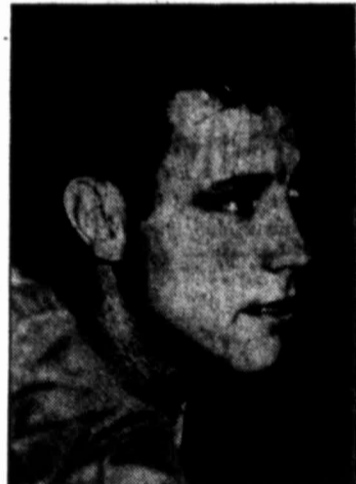

It was not only the excellent evaluation by stan-eval members that merited Capt. Owen Wormser September's honors. His manner while carrying out his normal duties, his secondary responsibilities, and his past achievements also contributed to his selection.

Capt. Wormser, Northrop T-38 Talon instructor pilot assigned to E flight, section II, was lauded by his commander, Lt. Col. James Malone, for his work in graduating two below-average students assigned to him in the last class.

"He worked diligently and patiently with them, providing depth and detail in briefings and instruction," Col. Malone said. "They were graduated with no extra sorties required to attain their proficiency levels which exceeded the course standards."

As an additional duty, Capt. Wormser serves as flight standardization officer. Recently he became runway supervisory unit senior controller. He was qualified for the latter duty in minimum time and has performed effectively in that position, Col. Malone pointed out.

Capt. Wormser's responsibilities have, at times, moved well beyond instructor pilot and supplementary duties. Since his arrival here in June, 1966, he

CAPT. OWEN WORMSER

has served as director of the Webb Military Affiliate Radio System (MARS) station and as interim wing information officer while retaining instructor pilot duties.

The captain has been in the Air Force since 1961. Prior to his arrival here, he served as an instructor in electronics warfare at Mather Air Force Base, Calif.

Capt. Wormser attended the University of California at Los Angeles, and holds a law degree from LaSalle University, Chicago. He is from Beverly Hills, Calif. His wife, the former Barbara Batcha, is a native of Sacramento, Calif.

Hamilton Will Not Run Again

Robert W. Hamilton, associate justice of the Texas Supreme Court, has announced that he will not be a candidate next year to succeed himself.

Hamilton, who served as Martin County attorney in the early 1930's, was named district attorney when the 70th judicial district was created. After one term, he was in private practice and then was elected judge of the 70th district, which by that time was serving only Midland and Ector counties. In 1950, he was elected to the Court of Civil Appeals in El Paso, and in 1958 to the Texas Supreme Court.

Bobo Hardy To Be Honored

James M. (Bobo) Hardy, former general secretary of the YMCA in Big Spring, is among seven alumni of Southwestern University at Georgetown who will be honored Friday in the annual awards dinner featuring the university homecoming.

Now in charge of research for the national council of YMCAs, Hardy is being honored as recipient of the service award.

Others singled out for the awards include Mrs. Frank P. Carey Jr., Dr. Worth, civic affairs; Dr. Charles H. Gillespie, (Temple), medicine; Rutherford (Buster) Hays, Dallas Morning News, journalism; B. R. Henson, TCU, fine arts; Dr. David H. Medley, West Connecticut, N.Y., national business; Dr. William Seale, Columbia, S.C., education.

Hardy, who resides with his family in Maplewood, N.J., is a 1951 graduate of Southwestern. He entered training as a Marine Corps officer, and following separation from service, he came here as assistant to Grover Good, Y secretary, and then became Mr. Good's successor. After an outstanding tenure here, during which the present YMCA home was built, Hardy was named to the staff at Milwaukee, from whence the national council drew him.

His parents, Dr. and Mrs. W. B. Hardy, will leave here Thursday to go to Georgetown to attend the awards dinner at 7:30 p.m. Friday on the university campus.

Traffic Survey Is Conducted

A traffic survey is being conducted in corporation court to help determine how safe it is to drive in Big Spring, according to City Attorney Herb Prouty.

He said the survey will be used to determine the city's traffic index, which is determined by dividing the number of traffic accidents into the number of people pleading guilty to moving traffic violations. An index from 10-15 is average, while anything below that is poor safety, and above it is good safety.

Prouty also said any action to be taken will be determined after the results are in. He added some things have already been done in an effort to make Big Spring safer, such as improving the appearance of corporation courtroom. It has been given a dignified image for the court.

"Traffic laws are supposed to prevent slaughter on the road," he said; "fines don't begin to pay the costs of corporation court. If the court is successful, it's because it has helped reduce the traffic accident rate."

Vet's Panel

The Mayor's Veteran's Recognition Committee will meet Tuesday at 7:30 p.m. in the chamber conference room, according to Chairman DeWitt Bunn. Names of more service men will be assigned at the meeting.

# Dear Abby

—ABIGAIL VAN BUREN

DEAR ABBY: Your answers to other people's problems are so wise, maybe you can help me with mine, though I believe it's hopeless.

My husband and I have been married for 27 years, raised three children, and now we have grandchildren. He traveled for a living and made little effort to hide his cheating. He calmly told me (when I caught him) that it meant "nothing."

I have offered him his freedom a dozen times, but he always refused it, saying he loved only me.

He has never wanted friends. Never knew a neighbor. I have raised the children alone, covering up for him, helping him in his job. We are financially well off, but what good is the money?

I am 5 feet tall and weigh 105 pounds and am told repeatedly that I look like a sister to my daughters. My husband has gained 50 pounds since our wedding and doesn't even think of dieting.

He keeps talking about how crazy he is about blonde hair. (My hair is as dark as yours, Abby. In fact people say we look alike.)

Please don't tell me I've been a doormat. I know that. What else have I been doing wrong?

HAVE BEEN MISERABLE  
DEAR MISERABLE: You may not have tried hard enough to improve your miserable lot. No man will give up his cake if he can have it, too. And for 27 years yours has been having a ball in a bakery.

DEAR ABBY: Never in my whole life have I been so confused about a problem as I am now.

A few weeks ago, my roommate came home from the hospital after minor surgery, and was sleeping peacefully after having taken pain pills and a sedative. Her boyfriend of long standing was just about to leave when I got the shock of my life!

He tried to get involved with me in a very private way. Need I say anything more.

Should I tell my sick, but recovering friend? It would hurt her beyond words, yet I think she ought to know what kind of "man" he is.

Maybe ignorance is bliss, but for me to have such knowledge is a very painful burden. Help!

CONFUSED  
DEAR CONFUSED: The word from here is "Mum." The heel will probably confess it to his girl friend fearing that you might tell on him. But even if he doesn't this is not the kind of information one passes on to a friend.

DEAR ABBY: I recently learned that my husband's grandmother was very much offended by the letter I wrote thanking her for our wedding gift. It seems that everyone in the family calls her "Nanna" but not being aware of this, I addressed her as "Mrs. Smith" in the salutation, and twice again in the body of the letter!

Abby, she never asked ME to call her "Nanna." In fact, I don't recall that she ever asked me to call her anything.

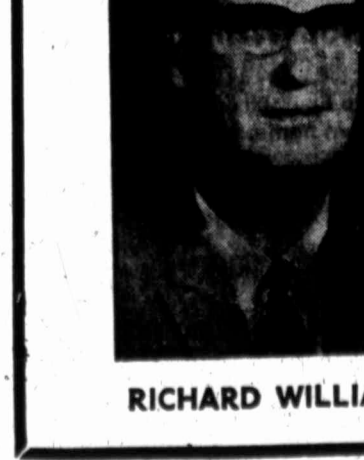

Quite frankly, since I have seen her only a few times I thought the formal "Mrs. Smith" would be more appropriate — and anything more familiar would be a bit presumptuous.

Why can't people read a "thank you" letter and appreciate its sincerity and promptness without trying to find something wrong with it?

CAN'T WIN  
DEAR CAN'T: Some can. But not Nanna.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Calif. 90069, and enclose a stamped, self-addressed envelope.

# TEXAS TAXES—4 'A Tax Rebellion Is Going On'

Editor's Note: "Tax payers' revolt" brings to mind images of 1776. But legislators found the word is more than just a meteorological slogan. Here is a report in the last of a four-part series.

AUSTIN (AP) — "Taxpayers' revolt" is a fashionable slogan. But is there really such an uprising? If so, what form does it take?

"A tax rebellion is going on," state AFL-CIO President Hank Brown warned legislators recently, as they hammered out the new tax bill that took effect today.

EXAMPLE  
The legislature saw an example of public resentment against taxes when they tried to put the sales tax on food during this summer's first special session.

Pickets—mustered, some said, by the AFL-CIO—crammed the galleries of both houses. Telegrams piled up on lawmakers' desks. Telephone lines buzzed. The result: The house killed the Senate-passed food tax.

The voters' rejection Aug. 5 of a legislative pay raise and a \$3.5 billion water bond authorization also is seen as a manifestation of the "tax payers' revolt."

Signs of the so-called rebellion may be clearer when voters elect a new House of Representatives and half the Senate.

"I predict a considerable turnover in the next legislature," Brown said.

NOT WORRIED  
But one House leader who prides himself on "voting for every tax bill that passed since 1961," says he's not worried about getting re-elected—"The voters understand the need for taxes."

There was little public outcry against the tax bill that finally passed in the second called session, although fully half of its burden will fall directly on consumers.

It includes a sales tax boost from 3 to 3.25 per cent, although only a year ago the tax was increased from 2 to 3 per cent and cities were allowed to add another 1 per cent. Also in the bill is a 4.5-cent increase in the tax on a pack of cigarettes, inclusion of alcoholic beverages under the sales tax and a nickel a drink private club tax.

Two developments indicate Texans are willing to vote increases in their taxes, despite the crunch of inflation, when they are convinced higher levies are needed.

SOME CHOICE  
—Within two weeks after the legislature adjourned Sept. 9 voters in 11 cities passed new local sales taxes, including Amarillo, where the tax got a 4 to 1 endorsement. Since 1967, when the state first allowed local sales taxes, 417 cities have approved them while 49 rejected them.

"If people are given the choice between the property tax and the sales tax, they go for the

sales tax," said Steve Matthews, executive director of the Texas Municipal League, which lobbied the city sales tax law through the legislature.

OBLIGATION BONDS  
—Local voters also have been willing to approve bond issues, including general obligation bonds that boost their property taxes, although there have been numerous exceptions. Of 218 bond elections reported this year by the Texas Municipal Advisory Council, 160 carried.

The 58 that failed included a \$20 million school bond issue in Houston.

MORE  
The comptroller's department reports no resistance to payments of taxes.

There may be uneasiness among taxpayers again in 1971, when some legislators predict new taxes of at least \$50 million to \$100 million a year will be needed.

As Texas goes into the 1970s, what are the most likely new tax sources?

If it follows past performance, the legislature probably will try the traditional piecemeal approach—boosting a tax here, removing an exemption there. But this has its limits, and Texas probably is approaching the day when new tax sources must be tapped.

MORTAL TERROR  
The Southern Regional Educa-

tion Board recently reported that Texas is far below the national average in its taxing effort.

Two commonly used levies that Texas has not yet tried are the corporate and personal income taxes.

Income tax. The two words strike mortal terror in the hearts of most legislators.

When a corporation income tax bill was introduced this summer, businessmen fought it like tigers, even though it would have repealed the franchise tax, which has virtually no defenders.

The regional board said 44 states have corporate income taxes and 43 have personal income taxes. All of Texas' neighboring states have both. The board estimated that if Texas had a typical corporate income tax, it would provide \$368 million a year in new revenue. A typical personal income tax would yield \$149.4 million a year. The board said.

MORE TAXES  
Texas' four cents per gallon gasoline tax is the nation's lowest, matched only by Missouri. The highest is nine cents, in North Carolina and Washington. If Texas charged nine cents, \$50.2 million per year more would accrue in motor fuel taxes, the board said.

Sales taxes are another poten-

tial source. Twenty states have sales tax rates higher than Texas' 3.25 per cent. Some lawmakers already have raised the possibility the levy will be raised again in 1971, to 3.5 or 4 per cent.

Gov. Preston Smith chilled the business lobby March 19 when he told the legislature: "For the first time, serious talk is being made about a corporate profits tax . . . I frankly do not know

how much longer such a tax can be postponed in Texas."

The day of a corporate income tax may, indeed, be coming. But the legislature was in no mood this year to speed it along. A corporate profits tax amendment mustered only 48 out of 150 votes and 8 out of 31 senate votes.

One thing's for sure. Tax revolt or no tax revolt, more taxes are on their way.

## Oklahoma Drunk Outwits Talcum-Powdered Bunny

PARIS, Tex. (AP) — The story of the Marion Gordons and their rabbit started when a wild bunny they found in the woods near their Arthur City home got loose in the house.

They searched. No rabbit. They left lettuce and grated carrots on the kitchen floor at night. The rabbit feasted, then disappeared.

Mrs. Gordon rounded up the neighborhood kids and offered a \$2 reward. The house got a thorough going over but the reward went unclaimed.

The story of the Gordons and their mystery rabbit spread.

Finally, a helpful drunk in one of the Oklahoma beer taverns just across Red River sent word. Just put out the rabbit food at night, he said, and sprinkle talcum powder around it. Then follow the tracks.

In desperation, the Gordons tried it.

They followed the trail of talcum-powdered bunny tracks to the refrigerator and found the happy little freeloader holed up behind the compressor.

The hero, of course, was the drunk. But then, when you deal with pink elephants, a mere rabbit is no problem, Paris observers decided.

## BRIEF GLANCE AT NEW TAXES TEXANS TO PAY

AUSTIN (AP) — Here's a brief glance at the \$360 million in new Texas taxes effective Oct. 1 and the money they are expected to produce in the next two years:

Increase state sales tax from 3 to 3.25 per cent, \$79.6 million in areas with city sales taxes. The increase would be 4 to 4.25 with no additional money to cities.

Remove the sales tax exemption of liquor, wine and beer, \$39.6 million city sales tax areas would benefit by another \$12 million.

Increase the corporation franchise tax rate from \$2.75 to \$3.25 per \$1,000 taxable capital, \$42 million.

Change allocation formula for franchise tax to cover out-of-state sales to customers in Texas, \$84.6 million.

Increase natural gas production tax from 7 to 7.5 per cent of value at the well, \$10 million.

Create a new 5 cents per drink tax for private clubs and airlines, \$13.2 million.

BE SURE YOU'RE READY FOR COLD WEATHER

When the first cool snap hits be sure your heating system is in tip-top shape. You can avoid cooling your heels . . . and your ears . . . and your nose . . . if you will call your plumber or heating contractor early. Ask him to check:

## Troops Find Three Enemy Arms Caches

SAIGON (AP) — Seventy-nine Vietnamese civilians escaped from a Viet Cong village to an American patrol base north of Saigon and South Vietnamese infantrymen rescued another 91, the U.S. Army announced today.

The Army said the villagers had been forced to produce food for enemy troops while the villagers went hungry. Some of the refugees attended a Roman Catholic Mass at the American base and received communion for the first time in five years.

The Army said they had been held captive in the village of Duc Bon, 70 miles northeast of Saigon. It had a population of 400 before the exodus of the 170 civilians.

"Last night," an Army spokesman said, "Enemy soldiers, in a concerted effort to cut off the increasing flight of Duc Bon's population, rounded up and tried to move one quarter of the villagers to a new location."

He said South Vietnamese infantrymen intercepted a Viet Cong squad herding 91 civilians through the countryside, scared the enemy troops off with a volley of gunfire and rescued the civilians.

Spokesmen said the 79 other civilians had fled during the past 10 days to Landing Zone Mary, a patrol base of the U.S. 1st Air Cavalry Division three miles south of the village of Duc Bon.

The civilians have been turned over to South Vietnamese authorities in the provincial capital of Song Be, 80 miles northeast of Saigon.

The Army said one group of 27 villagers who turned up at Landing Zone Mary Tuesday included 17 children.

"The spokesman for the group told the American infantrymen that they had for a long time been forced to produce food for local Viet Cong and North Vietnamese army regular forces, while they themselves went hungry," an Army spokesman said.

Capt. Herbert E. Barnes of Orlando, Fla., an intelligence officer, said, "When our interpreter told them, 'You are safe now,' their faces turned to smiles."

Elsewhere, three enemy arms caches were found by South Vietnamese troops 11 miles west of Saigon. The finds strengthened speculation that the Communist command is stepping up infiltration efforts in the capital.

Last week an American commander said the enemy was "doing his damndest" to infiltrate commandos and demolition experts into Saigon. Such tactics are expected to be part of the enemy's winter-spring campaign.

The arms caches, found Tuesday by government rangers, included rocket and hand grenades, explosives, small arms ammunition, rifles and other weapons. A fourth cache was found 34 miles north of Saigon.

Allied troops continued sweeps aimed to find more enemy supplies while the war remained in a relative lull.

South Vietnamese headquarters said 34 enemy were killed in the Mekong Delta south of Saigon. It said government casualties were light.

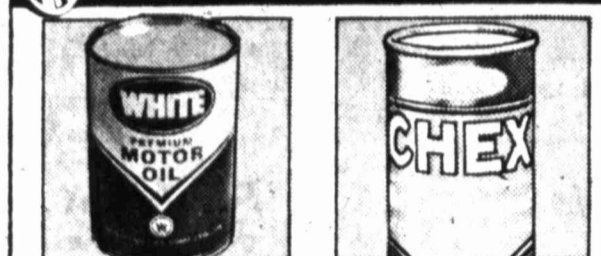

Reports from American headquarters listed 13 overnight rocket or mortar attacks, four causing casualties or damage.

U.S. B-52 bombers flew five missions overnight, concentrating on areas from 82 to 93 miles north of Saigon, prime infiltration regions near the Cambodian border.

### Family Affair

PHILADELPHIA (AP) — Joseph Peterman, 18, and his sister Elizabeth, 20, took the enlistment oath for the Army together.

**AUTUMN TRANQUILITY**—A boy, a dog and a boat in a Stonington, Conn., harbour sunset, dramatize the end of another boating season in New England.

**Agnew Takes Loss 'Kind Of Crabbily'**

MINNEAPOLIS - ST. PAUL (AP) — The vice president paid

off his bet in Maryland crabs— game Sunday. The Vikings won 12 of them. Vice President Spiro T. Agnew, a Baltimore Colt fan, had a bet with Rep. Clark MacGregor, R-Minn. on the outcome of the Minnesota Vikings-Colts

**Teachers In Workshop**

More than 150 members of the Texas State Teachers Association convened at Big Spring High School Saturday for a District 18 workshop. "The Educators' Responsibility — Prepare the Youth." TSTA local unit President Jim Holmes, principal at Kentwood Elementary School, said nearly 20 Big Spring representatives attended the workshop.

"The idea was to inform representatives from throughout the district of current legislation and updated approaches to specific problems," Holmes explained. "For instance, a buildings representative from Lamesa would attend the problem-solving session dealing with buildings."

Alvin R. Cannady, District 18 president, Lamesa, presided in the general assembly at 9 a.m. and Mrs. Jewell Harris, president-elect of TSTA from Abilene, spoke on "Why Are We Here?" Representatives then dispersed to eight problem-solving sessions, each headed by a paid staff member of TSTA from Austin.

"These staff members are paid to keep abreast of changes affecting teachers and administrators," Holmes said. "It's their job to keep us informed."

The workshop met in a final general assembly and heard Mrs. Harris speak on "What We Accomplished."

BOSTON (AP) — City Hall's Association, which resented problems that trailed after hippies.

Citizen indignation ran high over runaways, drug users, blatant narcotics peddling and traffic-snarling impromptu protests.

**Post To Get New Building**

Mayor Arnold Marshall is scheduled to cut the opening ribbon in dedication ceremonies for a new clothing distribution building at the Salvation Army Thursday at 9 a.m.

Dr. W. A. Hunt, president of Howard County Junior College, will give the invocation, and Lt. Joseph Saint, commanding officer at the post, will thank people who made the building possible through the Dora Roberts Foundation.

"The community has needed this for a long time," Saint said. "It's a vital link in our welfare program." The one-story building, to the rear of the main building, 308 Aylford, has one room for sorting and storing clothes and shoes, and another for the actual distribution of clothes which is done every Thursday. Saint said the center distributes up to 1,200 items of clothing in one day.

**'WE TRIED TO FIND SOME LEADERS'**

**Hippies' Man At City Hall**

three categories: — "Mature" hippies, who were part of straight society office but dropped out. One such group lives in communal houses atop Ft. Hill in the Roxbury section, and are "an asset to the community—they live the ethic," in the words of Barney Frank, White's chief aide.

—Tourist types, who come in their bell-bottom trousers to gawk and mix, maybe buy some "pot," but who go home after they've had their fill.

—Youngsters with drug and emotional problems "who never really dropped in on society in the first place." This group along Charles Street also could be found in San Francisco's Haight-Ashbury or the East Village of New York City. Klein calls them "emotionally unstable kids—into drugs in a serious way, and they have all kinds of defenses against what they call the 'sick society.' They get encouragement from some people who should know better."

The perpetual round of meetings begun by Klein and others concerned with hippies improved communication, especially with police. Some policemen actually looked forward to going to a church basement to explain their roles, Klein said.

He called Police Supt. Warren Blair, a familiar figure in mediating street disputes between protesters and police, "a great man... a man of great sensitivity."

"We tried last summer to find some leaders" in various hippie communities, Klein said, but admitted that there is no continuing leadership there.

"The key thing the hippies found out is that the cops are also human," he said of the weekly meetings. MILWAUKEE, Wis. (AP) — Marshal Dillon is hanging up his badge and guns, and plans to ride into the sunset. This Marshal Dillon is 70-year-old John, not Matt. He is retiring as marshal for the Eastern Federal District of Wisconsin and plans to take his wife on a cruise to Hawaii.

**City Appeal Cases Being Transferred**

About 15 appeal cases from corporation court will probably be put on the county court's docket at the end of October, according to City Attorney Herb Prouty; a few of them will likely go to trial.

Prouty said the city has made some progress with its appeal cases this past year, but not as much as he would have liked. It is essential that appeal cases be put on the county docket and disposed of, he said; otherwise it creates a disrespect for the law and is unfair to those who pay fines.

**Marshal Dillon Hanging Up Guns**

MILWAUKEE, Wis. (AP) — Marshal Dillon is hanging up his badge and guns, and plans to ride into the sunset. This Marshal Dillon is 70-year-old John, not Matt. He is retiring as marshal for the Eastern Federal District of Wisconsin and plans to take his wife on a cruise to Hawaii.

## A Devotion For Today . . .

Be not conformed to this world. (Roman 12:2)  
PRAYER: O God, give us wisdom and the courage of our faith that we may withstand temptation to conform to the world. Amen.

## The Drainage Problem

The U.S. Corps of Engineers has made a presentation on a preliminary plan for alleviating the threat of flood damage along Beal's Creek. This is the waterway which traverses the downtown section (the railroad follows the creek through Big Spring) and drains southeastward with an ultimate confluence with the Colorado River in Mitchell County.

There have been some historic floods, occurring at about 20-year intervals. The most famous are the 1902 and the 1923 episodes which backed water up to Second and First streets, respectively.

There are many factors which contribute to the problem. One is that Sulphur Draw, which is the extension of Beal's Creek to the west of the city, goes through a chain of natural lakes and has a confluence with Elbow and Mustang creeks about eight miles west of the city. When extremely heavy rains occur on the Elbow or lower Mustang shed, the lakes are filled and overflow through the city. Another problem is the rapid drainage from the rugged country below Scenic Mountain and through the city itself. Paved streets and buildings naturally increase the runoff.

Still another is the extreme flat topography of Beal's Creek through and for a few miles east of Big Spring. Water is in no hurry to run off a near-level surface, especially when it encounters a dam of water and silt that washes down from the northeastern slopes into Beal's Creek.

Yet, in recent years, the threat of floods has not been as great, probably due to the substantial bulwarking by the city of its detention dams which trap sizable amounts of flood water and lets them out slowly. Somewhat better water conservation practices on the northeastern slopes has helped, too.

This is not to say that another major flood will not occur; in time, it probably will. The Corps has proposed a 5 1/2-mile channel improvement at a cost of around two million, half of which would be federally funded, and half locally, plus rights of way, easements, etc. More definite information will be available when the engineers refine the proposal and present it to the city commission for a commitment. The ultimate decision will turn on a cost-benefit ratio, which, at the moment, appears to be marginal.

## Sleepy? Quit Driving

Anyone who permits himself to be a sleepyhead on the road is a dunderhead. The person who falls asleep at the wheel has an excellent chance of winding up in the eternal sleep.

These generalizations are newly supported in an analysis of accidents on the interstate highway system, reported in a magazine published by the U.S. Bureau of Public Roads. The conclusion is that sleeping or dozing was a causative factor in a large

majority of fatal accidents. A startling number of deaths, it appears, involved only one car. More than 56 per cent of the passenger vehicles involved in fatalities ran off the road — in many cases because the driver was dozing.

All this reinforces the basic idea that alertness is of vital importance in keeping alive on the highway. So if you get sleepy, quit driving.

## Holmes Alexander

### Mansfield Vs. The Bureaucrats

WASHINGTON — It is tempting to say of Sen. Mike Mansfield (D, Mont.) what was said of Brutus — that he alone among the "conspirators" who killed Caesar has acted "in general honest thought, and common good to all."

By the conspirators I mean the Senate banditti who for better than four years have been trying to scuttle their country's foreign policy which rightly has been called "the shield of the Republic." They are men of mixed motives, often petty motives, such as jealousy and disappointment and obsession.

WITH MANSFIELD, the noblest Roman, it is never like that. But this is not to say that his feelings are less strong nor his methods less forceful than those of such collaborators as Fulbright, Gore, Church, Symington, Nelson, McCarthy, Kennedy and the rest. It is necessary to accord Mansfield the most passionate anti-war convictions,

## Billy Graham

My problem is feelings of anxiety about the future. I can't understand why God gives so much to some people and so little to others. This disturbs me, and I would appreciate an answer.

I think in every generation there have been those who have had this same problem, and it is mainly because they have had only a limited viewpoint of the justice of God. For example, the Psalmist long ago raised the question and he said, "Behold, these are the wicked, and being always at ease, they increase in riches." Then the Psalmist thought of himself in contrast and his righteousness and he complained saying, "Surely in vain I have cleansed my heart, and washed my hands in innocence."

I suppose many people have felt this way — that it doesn't pay to be good, it doesn't pay to be righteous, it doesn't pay to serve God. Then suddenly the Psalmist went into the temple and there in the time of heart searching and of devotion he received the answer. His problem became actually painful. In fact he said, "When I thought how I might know this, it was too painful for me: until I went into the sanctuary of God and considered the latter end" (Psalm 73).

Your view is too limited and too close up. You must get a view of eternity and think in terms of what man has been created for. You have been fashioned for eternity, and unless you live that way you are always going to be perplexed and disturbed. Never forget that whatever it appears like at the present moment that God is forever a God of justice and of mercy.

The Scriptures actually thunder the message, "It pays to live for God no matter what the cost."

and to assign to him the utmost determination to drag President Nixon out of Vietnam.

WITH THAT preface we can assay Mansfield's latest effort to coerce the President. Mansfield, if I'm correct, feels that the President and the U.S. Senate comprise together 101 elected officials who are in a tug-of-war with thousands and thousands of political-military-diplomatic bureaucrats.

MANSFIELD'S PRESENT effort to get us out of Asia, if I understand it, is to remind the President, a political animal, that he will not win another election unless this Asian withdrawal is made, beginning right now. The same warning applies, as Mansfield sees it, to every member of the Senate. Thus the adversary lines are drawn, not so much between Democrat and Republican, or between internationalist and isolationist, but between those who've been elected and those who've acquired office by appointment, by examination or by service. In simplistic terms, it's politicians vs. bureaucrats.

This, as I see it, the background for Mansfield's manifesto, officially called "Prospective on Asia," his report on his August trip to the Philippines, Indonesia, Burma, Cambodia and Laos. These are his points:

1. WRONG-HEADED bureaucrats have "enmeshed" us in Asia by a network of treaties, agreements and decisions which cover the Asian Development Bank, AID, Public Law 480 (giveaway food), and military guarantees. In addition to 800,000 troops, we have thousands of civilian administrators and their dependents in Southeast Asia.

2. THE SAME wrong-headed bureaucrats, or their satellites, are scheming to maintain this huge population of boondogglers. Why should the United States be the second largest employer in the Philippines? Why has economic aid to Indonesia, a wealthy nation, doubled in a decade? Why do we keep a military mission of 91 employees in Rangoon, Burma, a neutralist state? What goes on in Laos that "is already costing some American lives and hundreds of millions of dollars?" Will Cambodia, where we've just resumed diplomatic relations, soon be jammed with our "overweening official presence?"

Each of Mansfield's questions accuses the bureaucracy. He is calling on 101 persons, the President plus the Senate, to squelch the foreign-policy bureaucrats before they drag us into future wars.

## Focus On Arts

### 'So He's A Flower Child, Is He?'

NEW YORK (AP) — Remarks that a hippie gets tired of hearing:

"So he's a flower child, is he? He looks more like walking crabgrass to me."

"How many times have you changed the world this week, Ronnie?"

"Why is it that every time we start a protest march, it begins to rain?"

"Ronnie thinks he's punishing his parents, but actually they are glad to pay him money to stay away from home. He was beginning to give the neighborhood a bad name."

"Young man, if I give you bus fare, will you go to the barber college and ask them for a free haircut?"

"There's nothing in the refrigerator, Ronnie, except a can of beans."

"Suppose the millennium does come, and we don't like it either. What do we do then?"

"Well, if you insist on going barefoot, Ronnie, you have to expect to pick up a little glass in your feet until they toughen up."

"This is your last notice, fellow. Pay up your rent or out you go. This is a rooming house I'm running, not a charitable institution."

"I don't mind wearing these glass love beads right now, Ronnie, but of course if we get really engaged I'll expect you to buy me a diamond ring."

"Why is it you kids want to tear down society, but have no plans to build something in its stead?"

"Is that what a real live hippie looks like, Sam? Back where I come from we'd just call him a bum."

"Sorry, son, I couldn't lend you even two-bits on that peacock feather. You'll have to try and pawn it some place else."

"Ronnie would like to go to India and become a mystic, but he doesn't know how to hitchhike to India."

"There's only one way to tell if he's a genuine hippie. Offer

him a job and see if he turns pale."

"We got thrown out of our pad. Is it all right if the four of us bunk in with you for a week or two?"

"There's nothing in the refrigerator, Ronnie. Absolutely nothing. Oh, I get so tired of all this freedom. I want to go home."

## John Cunniff

### Car Sales Test Time

NEW YORK (AP)—A test is coming later this year between the never-to-be-underestimated sales skills of the automotive manufacturers and a public that has become a bit suspicious and financially tightfisted.

For 50 years or so the remarkable sales efforts of the carmakers—involving high pressure, low pressure, psychology, sex and, it has been claimed, outright deceit—generated a mania for wheels among Americans.

A car became not only a transport vehicle that opened up brand-new pastimes and created new needs, but it became a symbol of success even when simply an inert pile of metal parked outside a house.

Each year the new models evolved as regularly as the seasons, and as far into the future as any auto man could peer, all that could be seen was a succession of more "seasons."

Almost every year the sales figures increased, and now the Big Three automakers are sprawling enterprises employing hundreds of thousands of workers. Financially they are more powerful than some industrial nations.

Each year, this year included, the industry's leaders projected what appeared to be astronomical sales figures, but in more instances than not they reached them. This year the forecast is for 9.5 million car sales—and a sales test.

The obstacles come from different points in time. Of

immediate danger to forecasts is that prices have been increased at the very time that consumer resistance may be stiffening. Every important measure of consumer confidence is falling now. People are watching their money.

Even though sales of the 1970 models shot off the mark—in September alone sales totaled 645,000 units, or 80,000 more than in September 1968—doubts are growing that the pace can be maintained.

Already some authorities in the industry are forecasting a decline in sales right through the end of 1969. And 1970 remains in doubt, an economic riddle.

Some forecasters foresee the economic boom continuing in 1970, and that carries with it the suggestion that car sales could boom too. But the official government view is different. It calls for a slowdown, and if that happens car sales will become sluggish also.

Just as important as the financial and economic considerations, almost any auto man will concede, is the increasingly critical view that Americans take of their new cars, no matter how throaty the engine or resonant the door. Once they ran their hand over the paint, now they lift the hood.

Moreover, despite their affluence, many Americans are realizing that cars can be expensive to operate. Garage charges continue to rise. So do insurance rates, taxes, parking tickets.

they change their minds later. Sometimes they divorce and marry someone else, and the picture changes.

There are other and very effective methods of contraception, and I do not think the surgical sterilization makes sense for young people.

I don't think you have thought things through very well. Indeed, if you gather the impression that I think you are an opinionated and selfish young woman, you aren't far wrong. Give some more serious thought to the situation.

Are you having a gall bladder problem? To find out how the gall bladder works and what types of trouble to look for send for Dr. Thosteson's booklet, "You And Your Gall Bladder."

Write to Dr. Thosteson in care of The Herald for a copy of the booklet, enclosing a long, self-addressed, stamped envelope and 25 cents in coin to cover the cost of printing and handling.

## Around The Rim

### Gremlins And The Printed Word

Periodically, I like to share with you a few examples of the work of gremlins who plague those who deal with the printed word.

The most common of the ills are typos—the substitution of one letter for another with amusing or devastating results. Another accrues from headlines which don't say what they mean. Another results from pulling the wrong line of type in attempting to correct a mistake.

HERE ARE A FEW: HEADLINE: Bull agrees to Milking Contest. (Pittsburgh Post-Gazette).

FREE PETS: Six-month-old part female poodle. Not house trained. (Binghamton N.Y. Press)

The Birth Society has opposed sex education in schools (Oakland Calif. Tribune)

### School Problems Not Yet Resolved

WASHINGTON — Probably the most vexatious problem which is bothering the American people today in many parts of the country is how to make sure that their children get a good education. In some areas, the quality of the public schools has deteriorated, and in other instances the race question has led parents to seek out private schools. The number of such institutions has grown rapidly in recent years. There are some observers who think that the public schools will lose a lot of teachers and children in the next decade as private schools are opened.

AT PRESENT a controversy is going on as to the power of the states to pass laws making tuition grants to the parents of children who would be sent to private schools. Court decisions thus far have blocked such grants to parents, but these decisions may be superseded later on if the states rewrite their laws so as not to be in the position of endorsing any institutions where segregation may be practiced but which may be chosen by the parents themselves.

UNDER THE "GI Bill of Rights," the United States government furnishes funds to veterans for education in colleges of their choice. There has never been any attempt to interfere with the process by barring the use of such tuition money for attendance in schools or colleges that may be wholly or partially segregated by race or religion.

A dispute has been in progress for many months now over the power of the federal government to cut off funds from public schools, and recently even money for lunch programs has been withheld. The result of this step was to affect all students — both white and black.

SENATOR HERMAN Talmadge of Georgia made a speech last week in the Senate urging the Secretary of Health, Education, and Welfare to

restore to the Georgia school systems the funds which were cut off because of findings of racial discrimination in some programs.

A recent decision by the Fifth U.S. Circuit Court of Appeals declared, in effect, that the federal government had abused its authority and had gone beyond the law and Congressional intent when it made blanket cutoffs of school funds to certain school districts in Florida. The court said that there has to be a finding of discrimination, program by program, within each school district and that the sweeping action — affecting many districts because one or two might be failing to deal properly with desegregation — was not justified.

THE USE of federal funds to coerce school authorities into conformity with the federal government's idea of what constitutes "desegregation" is a form of punishment that has not been sanctioned by the Civil Rights Act itself, which specifically forbids governmental action to correct "racial imbalance."

MEANWHILE, another matter — busing children for the purpose of "integrating" schools — has developed highly controversial aspects. There is a question whether the federal government has the right to furnish money to bus students from one school district to another or whether a state may grant school authorities the privilege of admitting only actual residents of a school district. It is when the government steps in and transfers students from one part of the city to another or from one area to another that the real friction starts.

The problem has been dragging on for a long time now, with no solution in sight largely because there is no clear definition of what are the rights of the citizen, what are the obligations of the states, and what are the duties of the federal government.

## Texans In Politics

### Special Remap Session?

By GARTH JONES  
By The Associated Press

When Texas legislators finally departed Austin in early September after a regular and two special sessions many of them parted with:

"See you in November."

But recent developments, or lack of them, make a third special session over redistricting not quite so imminent. Some state officials are beginning to predict, hesitantly, that the federal courts will let the matter rest until after the 1970 census.

ALL OF WHICH makes most of the senators and representatives unhappy about the 1970 elections. Those unhappy are Republicans who think they would have a better chance in a redistricting shuffle and the big city legislators.

Even if legislative redistricting takes place now, on the basis of 1960 census figures, the 1971 legislature likely would be rurally dominated also.

The 1970 census figures that will give a big boost to the metropolitan areas that have grown so rapidly the past decade will not be available until the late spring of 1970, long after the filing deadline for election of those 1970 legislators.

THE DIRECT KEY to the Texas legislative redistricting problem lies with a three-member federal court in Houston which has before it a suit claiming the 1967 legislative redistricting law was discriminatory particularly to the big cities, this court also has the say over Texas congressional districts.

However, a recent appeal by Indiana direct to the Supreme Court could result in a decision affecting

Texas also. A federal court in Indianapolis ruled last July that multimember legislative districts discriminated against two Negro areas and ordered the legislature to redistrict the entire state by Oct. 1. The governor refused to call a special session of the Indiana legislature and appealed to the Supreme Court.

There are 17 multimember districts in Texas, where each candidate does not have a specific district.

The Supreme Court has already ruled, in a Missouri congressional redistricting case, against overall deviation of more than 6 per cent population between districts.

THE PENDING Houston suit claims a variance of 24.2 per cent between the largest and smallest legislative districts.

There is a variance of considerably more than 6 per cent between congressional districts also.

However, despite frequent predictions of a Houston court ruling in favor of immediate redistricting, there has been no word from the three federal judges. The suit is not even docketed for hearing on any certain day.

Sen. Oscar Mauzy of Dallas, one of the originators of the suit, "still expects a hearing in about 10 days. This court, like every other court, has a tremendous backlog. It's a little more complicated than the average case."

"You better get your vacation before the middle of November," Mauzy advised a reporter.

SOME OTHER state officials do not agree but they are hesitant to be quoted by name.

**BUZZ SAWYER**

WAKE UP, MIKE! GENTLEMAN WANTS TO SEE YOU.

MY NAME'S BUZZ SAWYER, MR. BERNIT.

I USED TO PLAY FOOTBALL MYSELF. YOU WERE A SORT OF HERO OF MINE.

WELL... WELL... THASSHO! PLEASH SKUSH MY CONDISHUM, I...UH...

I WAS HOPING YOU'D ACCEPT ME AS A PAYING GUEST AT YOUR LODGE. I'D LIKE TO DO SOME BONE FISHING WITH YOU.

SURE, SURE, GOOD IDEA. GOOD COMPANY ALWAYS WELCOME.

**GASOLINE ALLEY**

We were just kidding around, Mr. Chase!

Yeah! We're really very sorry about your door and sign!

Mr. Wallet, either you did this dastardly thing or you know who did!

I'll get to the bottom of it!

And tell that kid of yours if he comes near my daughter again I'll wring his neck!

**NANCY**

WHY DO YOU EAT THE SOUP WITH YOUR PINKY STICKING OUT?

IT MAKES YOU LOOK DIGNIFIED

I CAN BE TWICE AS DIGNIFIED

TWO PINKIES

SLURP

**L'I'L ABNER**

I KNOW YOU'LL TAKE THIS LIKE THE FINE AMERICAN YOU ARE, FATBACK—

PORK AND BEANS IS NO LONGER OUR NATIONAL DISH!!

IT ISN'T?

PIZZA IS!!

NO!! NO!!

THERE ARE SO MANY MORE PIZZA JOINTS THAN PORK AND BEANERIES—IT WOULD BREAK YOUR HEART!!

WHAT A HOLLOW HOCKERY—TO BE THE PORK AND BEAN KING!!

**BLONDIE**

SIR, I'M SELLING A BOOK YOU CAN'T AFFORD TO BE WITHOUT

IT'S CALLED "A SIMPLE WAY TO MAKE A MILLION DOLLARS"

IF IT'S SO SIMPLE, HOW COME YOU HAVEN'T MADE A MILLION DOLLARS?

I'M TOO BUSY SELLING THE BOOK!

**RICK O'SHAY**

THIS TELEGRAM JUST CAME IN FOR YOU, HISSHOT. FIGGERED IT'D BEST BRING IT RIGHT OVER.

SOOP THING YOU DID, RICK—

—SEEMIN' AS YOU'RE GONNA HAVE T' TELL ME WHAT'S IN IT. AM READ TRACKS A HEAF BETTERN WORKS.

NEED HUNTER AT TOP WAGES. IF INTERESTED, MEET ME AT CATTLEMAN'S HOTEL, HAYS CITY, KANSAS. WILL POWERS.

HUNTIN' JOB, HUH? WELL, THAT IS THE BEST JOB OFFER AH'VE HAD ALL DAY!

**SNUFFY SMITH**

SOMEBODY BUSTED IN MY HOUSE WHILE I WUZ OFF IN TH' FLATLANDS, SNUFFY

WHAT DID TH' LOW-DOWN VARMINT STEAL, LUKEY?

NOTHIN'—HE LEFT TWO DOLLERS AN' A SYMPATHY CARD

**PEANUTS**

I HATE SCHOOL!

IT'S DRIVING ME CRAZY!!!

AS SOON AS I LEARN ONE THING, THEY GO ON TO SOMETHING ELSE!

I FINALLY LEARNED WHERE I'M SUPPOSED TO EAT LUNCH, AND NOW THEY EXPECT ME TO KNOW WHERE MY DESK IS!

**DICK TRACY**

YES, I WATCHED THE PLANE TILL IT TOOK OFF. SHE'S IN IT.

"IS SHE A HOOD'S MOLL?"

"SHE HAS ALL THE QUALIFICATIONS, SAM," REPLIES TRACY.

"HEY! WE CAN BE AT MY NEW YORK PENTHOUSE IN SIX MINUTES," SAYS DIET. LET'S GO TO ERNIE'S FOR DINNER, THEN RESUME TALKING THE AIRLINER LATER."

"HOW 'BOUT GIANT ESCAROTS FROM MOON VALLEY A LA CARTE? THEY'RE IN ERNIE'S FREEZER."

WOW.

**MARY WORTH**

WHY DID YOU HAVE TO TAG ALONG AFTER ME, BARBIE?

I THOUGHT I SHOULD—WELL—TELL YOU HOW I FEEL—ABOUT JEAN!

WHEN I WROTE YOU, THAT FIRST TIME, I COULDN'T SEE THE PAPER FOR CRYING! BUT—SINCE I'VE GOT TO KNOW HER—

I MEAN, SHE'S REALLY A SWEET GIRL, DICK!

OH, SURE!—SHE'S TURNED ON THE OLD OIL—TO GET YOU ON HER SIDE—JUST LIKE IT WORKED WITH DAD!

WELL! SHE'S NOT GOING TO HANG ME ON HER CHARM BRACELET!

**REX MORGAN**

WOULDN'T IT BE UNFORTUNATE IF YOU SUDDENLY LOST FIFTY-FIVE PERCENT OF YOUR BUSINESS, HARRISON?

I ALWAYS THOUGHT YOU WERE AN UNSCRIPULOUS MAN, RODELL—

BUT NOW YOU'RE CONVINCED THAT I'M A MOST GENEROUS MAN, ARE YOU NOT?

I'LL PAY YOU FOUR MILLION FOR YOUR STOCK / REFUSE TO SELL IT AND YOU WON'T BE ABLE TO GET HALF THAT MUCH BY NEXT MONDAY!

**TERRY**

HANDICAPPED BY HIS WOUND AND DISABLED ARM, JIMMIE IS UNABLE TO MATCH CARL'S FRENZIED ATTACK.

AND HOW DO YOU LIKE THAT, PUNK?!

NOW THE OTHER ONE—AH, HAH!

**SMITTY**

AW, MONK, PLEASE GET OFF MY NECK!

BESIDES, YOU'RE CHOKING ME—PUT YOUR HANDS UP HIGHER.

UP HIGHER

TOO HIGH!

**MOON MULLINS**

I HOPE EVERYTHING IS ALL RIGHT AT HOME...

Now arrange the circled letters to form the surprise answer, as suggested by the above cartoon.

Yesterday's Jumbles: FAINT LOUSE PEOPLE SPONGE

Answers: What they called the winner in the fatherhood competition—"TOPS OF THE POPP"

**KERRY DRAKE**

WHO'S OUT TO COOK AN EGG-HEAD EMPLOYEE IN A GOVERNMENT RESEARCH AGENCY ANY—HOW?

WELL... WHIFFLE WAS SOME VERY ODD FRIENDS!

MODELING IS ONLY A PASTIME WITH ME, MR. DRAKE! I'M GENTE WEALTHY!

IF YOU'LL BE MY HUSBAND'S SECRET BODYGUARD FOR A FEW WEEKS, YOU CAN NAME YOUR OWN FEE!

LET ME THINK IT OVER FOR A DAY, VANESSA!

BUT IF I DO DECIDE TO TAKE THE JOB, IT'LL BE TO PROTECT YOU, PONY! NOT YOUR WEIRDO HUSBAND!

**BEEBLE BAILEY**

EVER NOTICE HOW MANY FILLINGS HE HAS?

YEAH, THAT'S WHAT AMAZES ME

HOW CAN A MOUTH WITH THAT MUCH GOLD SAY SUCH WORTHLESS THINGS?!

...AND FURTHERMORE, IF YOU DON'T GET BUSY I'LL BREAK YOU APART!!

**DENNIS THE MENACE**

\*IF YOU SAW HER IN THE LAUNDROMAT THIS MORNING, AN' YOU'RE GONNA SEE HER AT THE BRIDGE CLUB THIS AFTERNOON, JIM COME YA GONNA TALK TO HER IN AFTERNOON?

1 OCT 1 1969

# Porkers, Longhorns, Penn State Favored

By HERSCHEL NISSENSON  
Associated Press Sports Writer

NEW YORK (AP) — They usually play the Rose Bowl game in Pasadena, Calif., on New Year's Day. A preview could be forthcoming this Saturday when the Stanford Indians invade Lafayette, Ind., to take on the Boiler-makers of Purdue in a battle of 2-0 unbeaten.

Both teams are ranked in The Associated Press Top Twenty—Purdue eighth and Stanford 17th—and both have top-flight quarterbacks. Purdue's Mike Phipps ranks seventh nationally in total offense while Stanford's Jim Plunkett is 15th.

Care for some more statistics? Purdue is seventh in total offense while Stanford is third in total offense, seventh in passing offense, sixth in total defense and seventh in rushing defense.

Both teams could be looking ahead—Purdue to Michigan and Stanford to Southern Cal. After digesting the figures—and flipping a coin—the pick is Purdue.

Top-ranked Ohio State named against Texas Christian and can probably do the same against Washington. The Buckeyes it is.

Penn State over Kansas State—This could be the second-ranked Nittany Lions' toughest game of the year. Both teams are 2-0 and K-State is eighth in total defense, third in rushing defense. The Wildcats also have a fine passer in Lynn Dickey.

Oregon State over Southern California—Upset special of the week. Trojans only won 17-13 ahead—Purdue to Michigan and Stanford to Southern Cal. After digesting the figures—and flipping a coin—the pick is Purdue.

Arkansas over Texas Christian—We don't pay attention to the scores of our opponents outside the Southwest Conference," says Frank Broyles of Arkansas, referring to TCU's drubbing by Ohio State. This is a conference game, and Arkansas will do most of the playing.

Texas over Navy—Full speed ahead.

Oregon State over Southern California—Upset special of the week. Trojans only won 17-13 ahead—Purdue to Michigan and Stanford to Southern Cal. After digesting the figures—and flipping a coin—the pick is Purdue.

R. C. THOMAS (L) ADMIRES GUN  
Owner is John L. Dibrell (R)

## Lawman's Gun Is Now Deer Rifle

One of John L. Dibrell's prize possessions is a Winchester rifle, given to the local sporting goods dealer by his father, the late John L. Dibrell Sr., one-time Texas Ranger and later a U.S. Marshal.

The powerful weapon, with a 30-40 bore, is not retired behind glass. Dibrell keeps it in good repair and friends borrow it occasionally to go deer hunting. John himself doesn't go in for hunting very much.

First models of the rifle were made in 1896 and the Army ordered over 400,000 of them for its troops. Teddy Roosevelt used one on a big game hunt in Africa.

The one-time football coach, who developed some of the greatest teams in the history of Colorado City High School and who later was saddled with virtually all the coaching duties at the local high school in the latter stages and immediately following World War II, also has a .22 caliber rifle of more modern design which was passed on to him by his father.

The elder Mr. Dibrell was a Ranger for five years, beginning in 1904. He was assigned for the most part to Colorado City but worked occasionally around Alpine.

One of the men with whom he worked was the late Frank Hamer, who later was to gain fame as the man who led the party that shot Bonnie Parker and Clyde Barrow to death.

Captain of C Company to which Mr. Dibrell was assigned at Alpine was J. H. Rogers. Others in the company, in addition to Dibrell and Hamer were Goff White, M. A. Bailey, R. M. Hudson, W. N. Howell and Monroe Upton.

The company is mentioned in an article entitled "Foot Loose and Fancy Free," which appears in the Winter edition of the Old West magazine, now on the newsstands. Mr. Dibrell's picture was loaned to the magazine publishers by the University of Oklahoma Library.

The elder Mr. Dibrell was a distinguished looking man who appears clean shaven in the photograph but who wore a mustache much of the time.

The article was dictated to Jane Pattie by Kenneth Oliver, a retired cattleman who now resides in Midland. Oliver rubbed elbows with such Western notables as Pat Garrett (killer of Billy the Kid), Hamer and the hero of the Mexican revolution, Pancho Villa.

Mr. Dibrell's career in law enforcement work encompassed about 40 years. He served as a deputy U.S. Marshal for 14 years.

He was a lifelong Democrat, his son recalls, who ultimately was appointed a U.S. Marshal by a Republican president.

Born in Seguin, the elder Mr. Dibrell lived to the age of 84. He is buried alongside his parents in the old Geronimo Cemetery in Seguin.

## O's Misery Continues

By The Associated Press  
Ed Kirkpatrick and Sal Bando are going out with a bang, but the Baltimore Orioles are beginning to backfire.

Kirkpatrick slammed four hits—including a pair of homers for the second straight game—and knocked in six runs as Kansas City whipped California 8-5 Tuesday night.

Bando ripped five consecutive singles, driving in three runs, in Oakland's 8-5 victory over Seattle.

But the Detroit Tigers peppered Dave McNally for three runs in the seventh inning and edged Baltimore 4-3, stretching the East Division champions' losing string to five games—their longest skid of the season.

Minnesota's West Division kings, who take on the Orioles at Baltimore Saturday in the opener of the best-of-5 pennant playoff, nipped the Chicago White Sox 4-3 in an afternoon game. The New York Yankees decked Cleveland 8-2 and Washington drubbed Boston 7-2 under the lights.

Kirkpatrick, on a last-leg slugging spree, cracked a single and triple in addition to his 13th and 14th homers, leading the expansion Royals past the Angels and into a fourth-place tie with

the White Sox in the West. The 25-year-old outfielder tripled across the last of three runs in the opening inning, wasted a third-inning single, then drilled a two-run homer in the fifth and a three-run wallop in the seventh.

He had homered twice, doubled and singled in five trips at Chicago last Sunday, driving in three runs. He has hit at a .343 clip in September, bringing his season average to .256.

Bando, going 5-for-5 at Seattle for the second time this season, boosted his batting mark seven points to .278 and raised his RBI total to 110. The stocky Oakland third baseman drove in one run in the Athletics' decisive four-run fourth and one each in the seventh and ninth.

McNally, a 20-game winner for the Orioles who will pitch in Sunday's second playoff game against the Twins, led Detroit 2-1 with two out in the seventh, then walked Jim Northrup and Willie Horton. Bill Freehan then knotted the game with a double and Don Wert knocked in two more runs with a single.

The Tigers clinched the second spot in the East before a slim Baltimore turnout of 4,877. The Orioles must draw 3,411 for tonight's finale against Detroit to reach the one million mark for the season. They are assured of the lowest attendance of any first place club since World War II.

Jim Holt's first major league homer pulled the Twins into a 3-3 tie against the White Sox and they broke the deadlock on Ted Uhlaender's run-scoring single with two out in the ninth.

Al Downing pitched a six-hitter and contributed a two-run single and a double to the Yankees' 14-hit assault against Cleveland.

Mike Epstein poled a three-run homer and Del Unser produced three more runs with a bases-loaded triple, leading the Senators past Boston.

## Four Games Set Here Thursday

Football galore will be offered to local buffs Thursday.

Six Big Spring teams will be in action, four at home. The feature attraction will pit the Junior Varsity, 3-0 thus far, against an improved Lubbock Estacoda team at 4 p.m. in Memorial Stadium.

The local JV's have knocked off Snyder, 32-6; Midland Lee, 49-6; and Odessa Ector, 54-0. Dave Duncan and Scott McLaughlin have done a good job of quarterbacking that unit. Both boys are juniors and figure heavily in varsity plays for next year.

ship Field. Big Spring's four seventh grade teams will be in action Saturday morning.

### Two Landlords Fined \$42,000

BOSTON (AP) — Municipal Court Judge Charles F. Mahoney fined two landlords \$42,000 Tuesday for neglecting to repair a tenement porch which the city buildings department said constituted a danger to tenants.

Judge Mahoney was told that the owners, Lois T. and George V. Wattendorf of Boston had ignored an order to make repairs.

He then ordered them to pay \$500 for each of the 84 days the porch was left unrepaired after notification. "That's \$42,000," he said.

The Wattendorfs appealed.

## Plane Breaks Sound Barrier

TOULOUSE, France (AP) — The French-British supersonic transport plane Concorde slipped through the sound barrier today for the first time and the plane's commander said it "was much calmer than could be imagined."

Andre Turcat, chief test pilot for the Sud Aviation Co., told newsmen after the flight. "We stayed at supersonic speed for nine minutes at a speed of Mach 1.05. We carried out various operations which permitted us to appreciate the extraordinary stability of the plane."

A Mach 1.05 speed is 714 miles an hour.

Turcat was the commander of the plane but pilot Jean Pinet was at the controls.

The delta-wing plane took off from its home airport at 10:50 a.m. and company officials announced that it had pierced the supersonic level 39 minutes later.

The speed had to be measured by a ground radar network. The position of the plane at the time of passage of the sound barrier was given as over the town of Cahors. No sonic boom was heard on the ground.

Before the flight Turcat said the plan was to reach supersonic speed at an altitude of about 35,000 feet.

Our fast-back Paula wig comes in everybody's hair color! 29.95

Here is a real break-through in wigery. One wig that is unbelievably natural looking (and feeling). Notice the way it curls around (but not over) the ears... Notice the fast back swoop of the neckline. Literally looks like it is all you. The whole thing starts with a feather-weight stretchable base covered with curls of modacrylic fiber. You can shampoo it, brush it, even restyle it. It's the next best thing to your own hair. Maybe better. Comes in 27 different shades.

Millinery and Wig Department.

### 'I Don't Think I Could Do It Again'

ST. LOUIS (AP) — Mrs. James W. Murphy dashed barefoot out of her house, overtook a driverless car rolling out of control and stopped it just short of five children at play, three of them her own.

"I don't think I could do it again," the 30-year-old mother said. "All I had in mind was keeping that car from running over those children."

Mrs. Murphy looked out of her kitchen window Tuesday afternoon and saw the car roll across her lawn. She caught it about six doors down.

The children went on playing, unaware of their narrow escape. Mrs. Murphy said she returned home and collapsed, exhausted. "I'm sure God was with me," she said.

### Siffert In Field

MEXICO CITY (AP) — Switzer's Josef Siffert will be among the formula one drivers taking part in the Mexican Grand Prix Oct. 19, the race committee announced Monday.

## Railroad Industry Plans Shutdown?

WASHINGTON (AP) — The railroad industry, threatened with selective strikes by shopcraft unions, has countered with a threat of its own—a nationwide shutdown of rail service.

A spokesman for the four involved unions immediately protested that the industry's announcement was aimed at forcing government intervention in the wage and work rules dispute.

But Chairman John P. Hiltz Jr. of the National Railway Labor Conference—which represents management of the nation's 76 major railroads—said the move would be taken "both in the long-range public interest and as a matter of self-survival."

He said the shutdown would be called off if unions did not strike the seven railroads they have designated as the first to feel what the industry refers to as "whipsaw" work stoppages. The strike deadline is 12:01 a.m. EDT Saturday.

A dispute between signalmen and the railroads last April was the most recent threat of a nationwide rail shutdown, and this week's is the third in a little over two years.

During the April dispute—which was solved without government intervention—Secretary of Labor George Shultz forecast grim consequences to the economy.

He estimated a week-long

strike would put a million persons out of work in addition to the 137,000 railroad employees. A two-week work stoppage would raise it to 3 million.

Among industries hardest hit by a strike would be automobile manufacturers, which depend on rail shipments of raw materials and distribution of their products; Shultz said.

If any section of the country would be deprived of adequate transportation by a rail strike the Railway act provides the President can create an Emergency Board to arbitrate the union-management differences.

The board could spend up to 30 days investigating both sides of the dispute and another 30 days attempting to bring about an agreement. Meanwhile, union members would be required by law to continue working.

Hiltz said "the unprecedented

divide-and-conquer tactics of the four shopcraft unions leave the railroads no alternative but to take unprecedented action themselves."

The unions have designated for strikes the Santa Fe, the Great Northern, the C&O, the B&O, Southern, Illinois Central and Erie-Lackawanna. They contend areas served by the railroads have other means of transportation available.

Wimpisinger said the industry's move probably would nudge Nixon into creating an emergency board—a situation the unions hoped to avoid by striking only a few of the nation's railroads at one time.

Shopcraft workers now receive \$3.39 an hour. They want a 10-cent-per-hour increase, extra pay for skilled workers, shift differential pay and a cost of living escalator.

### Bridge Test

The bidding:  
 South West North East  
 1 ♠ Pass 1 ♥ Pass  
 1 NT Pass 1 NT Dble.  
 Pass Pass Pass

Opening lead: Queen of ♠  
 When all the natural resources fail, the declarer may be forced to fall back on deception in order to achieve his end. When the bidding in today's hand revealed to South that his assets were not well placed, he resorted to his own native cunning to capitalize on an opponent's lapse.

Also the double of a three no trump contract by the player not on lead is conventionally employed to request the opening of dummy's first bid suit. West chose to reject hearts in favor of the queen of clubs. When the dummy was spread, South's outlook was quite dim, for it appeared from East's double that every missing honor—except for the club suit—was located on his right. Even if he could pick up the queen of diamonds, his trick total would

only come to seven—four diamonds, two clubs, and one heart.

Declarer's only hope to develop additional tricks was to beguile his opposition, and he began his campaign immediately by innocently dropping the eight of clubs under West's queen at trick one. Since he had concealed the three of clubs, he hoped West would interpret his partner's play of the seven as a come-on. His hopes were rewarded when West continued with the five of clubs at trick two.

North's ten of clubs was put up to hold the trick as East discarded the nine of spades. The king of diamonds came next followed by the ten. When East showed up with the queen of diamonds, four tricks were quickly rattled off in that suit. With the eighth trick firmly in his grasp and the minor suit cards removed from East's hand, South could visualize an endplay in the offing. He led a small heart and put in the eight from dummy. East was in with the ten of hearts and was confronted with the dubious choice of either leading from his king-queen of hearts or else playing a spade which would establish dummy's king. In either case, he cannot prevent declarer from winning a ninth trick.

Had West led either a heart or a spade originally, it would have removed most of the pressure from his partner. Even if declarer guesses the diamond situation subsequently, he can come to no more than eight tricks.

## Horoscope Forecast

TOMORROW  
—CARROLL RIGTER

**GENERAL TENDENCIES:** You can feel very emotional. You believe that you are being imposed upon. However, if you show that you have the strength to do what you have agreed to do, you can advance.

**ARIES** (March 21 to April 19) Be patient with those at home. Their worries cause them to be inefficient. Get busy with business matters and avoid whatever causes discord at home.

**TAURUS** (April 20 to May 20) Arguments could get you into trouble today. Count your money carefully when shopping. It's important to drive carefully. Watch out for the other fellow.

**GEMINI** (May 21 to June 21) Don't let financial worries depress you. Do something constructive and all will be fine. Improve your possessions. Pursue that offer now that would have given you ready cash.

**SCORPIO** (Oct. 23 to Nov. 21) Do the studying that can help you put in motion a new plan very soon. Don't pay them with little effort. Be practical. Be willing to accept suggestions from good friends.

**SAGITTARIUS** (Nov. 22 to Dec. 21) Instead of hiding bills, think how to pay them with little effort. Be practical. Be willing to accept suggestions from good friends.

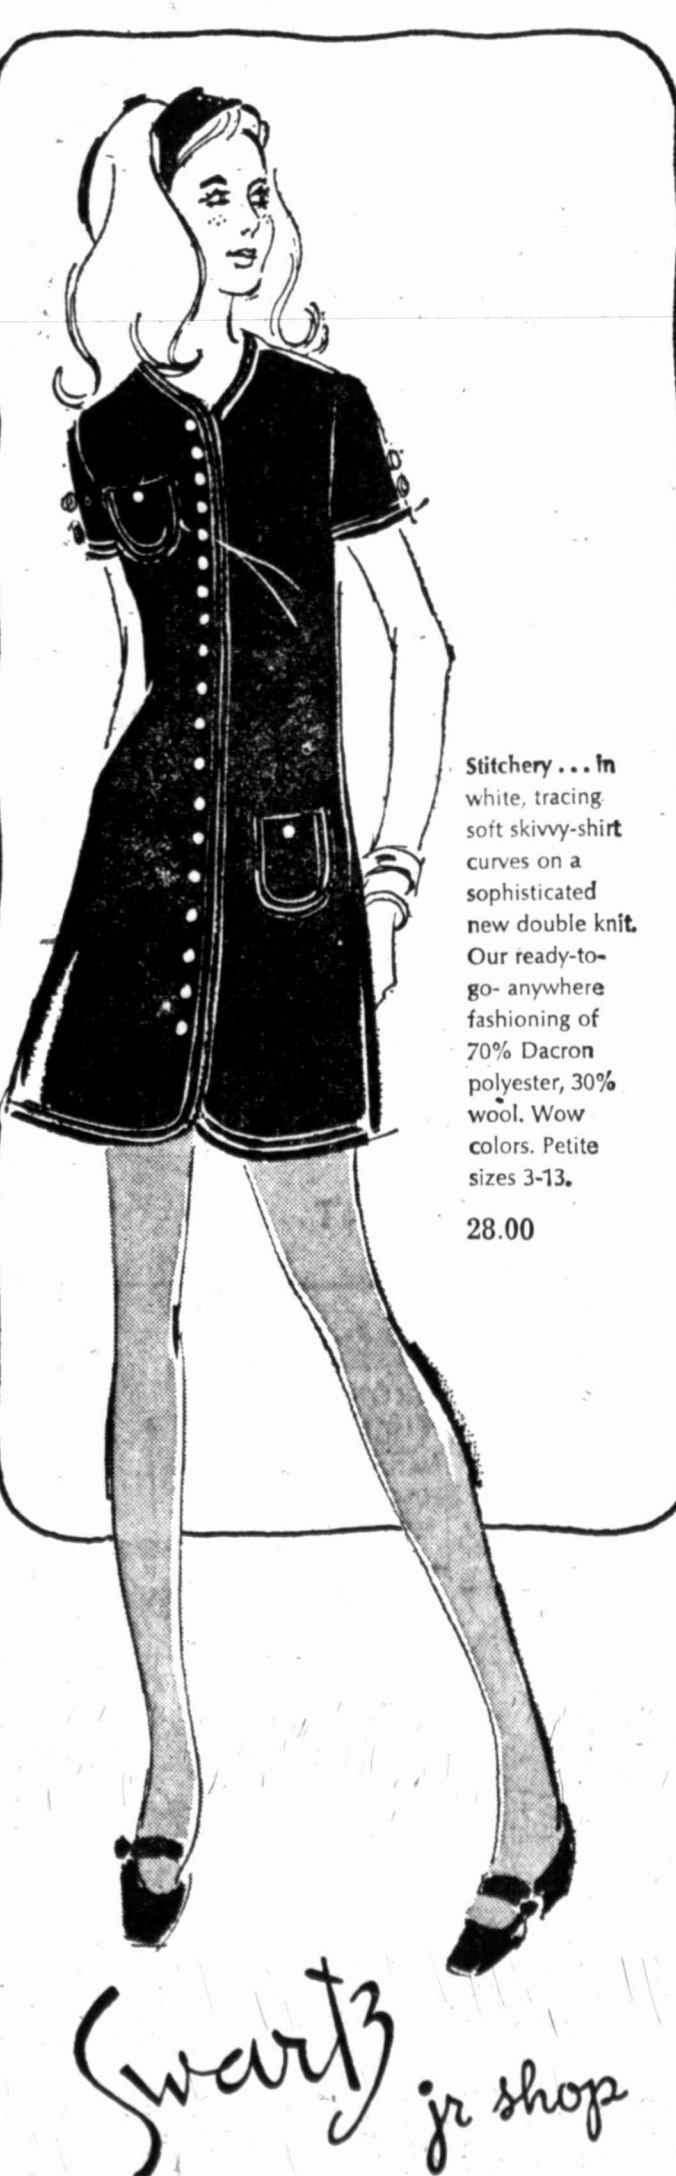

**CAPRICORN** (Dec. 22 to Jan. 20) An associate solve some serious problems. Certain situations require some thought before you do anything about them. Wait until tomorrow.

**AQUARIUS** (Jan. 21 to Feb. 19) Determine which duties are most important and do them quickly yet thoroughly. If you annoy another worker there could be quite an argument. Go dancing tonight.

**PISCES** (Feb. 20 to March 20) Wait until you can afford extravagant pleasures. Get busy making steps toward more prosperity. Be content with reading and conversation.

**They're Loving Desert To Death**  
 SACRAMENTO, Calif. (AP) — "Californians are loving their desert to death," says a new booklet distributed by the U.S. Bureau of Land Management.

The vast area — larger than West Virginia — is attracting new residents by the thousands because of its dry, smog-free air, balmy nights and ever-increasing recreational developments.
