## OF TANKER

### 36 Men Feared Lost In Break-Up

BOSTON (AP) — Battling mountainous seas and spray-laden winds, a flotilla of rescue ships continued a mammoth search off the coast of southern New England today for 36 men feared lost in the break-up of a tanker during a roaring North-easter.

The tanker, the 629-foot S. S. Keo, split in half Wednesday and the Coast Guard said that at last report, most of the crewmen were thought to have taken refuge on the ship's stern.

The bow of the ruptured vessel was found Wednesday.

The Keo, of Liberian registry, carried 210,000 barrels of No. 6 fuel oil, and the Coast Guard said her breakup posed a serious pollution threat.

The Keo's last distress signal was monitored at 10:30 a.m. (EST) Wednesday. At the time, the captain indicated that he thought the stern would remain afloat for only another hour.

The same storm also disabled a 41-foot luxury yacht Wednesday, but the seven men aboard it were rescued today by the tanker Thomas M. and were being taken to Boston.

The yacht, the Morgan sloop Whisper, was en route from Marion, Mass., to Bermuda when it began breaking up in the storm.

The Thomas M. said all seven were safe, though two were "slightly injured."

They were not identified.

**AMERICANS FREED BY VIET CONG** — Three American war prisoners freed by the Viet Cong Wednesday near Tam Ky, 35 miles south of Da Nang, relax in hospital ward at Long Binh, 12 miles northeast of Saigon. Undergoing medical examination there, they are from left, Pfc. Coy R. Tinsley of Cleveland, Tenn.; Spec. 4 James R. Strickland of Dunn, N.C.; and Spec. 4 Willie A. Watkins of Sumter, S.C. All three are 22 years old.

## Expect Reds To Increase Infiltrations

WASHINGTON (AP) — Key U.S. officials expect North Vietnam to increase its troop infiltration into South Vietnam in the near future after almost six months of decline.

Such action could pose a threat to President Nixon's timetable for withdrawing American ground combat forces from Vietnam, and authorities here are watching developments closely now—that the weather is improving along infiltration routes.

According to some reports reaching Washington, the build-up already has started. But the situation is not yet clear as information on North Vietnamese troop flow along such jungle routes as the Ho Chi Minh trail linking North and South Vietnam through Laos is slow to come in.

Based on present prospects, however, some authorities believe Hanoi will not only substantially strengthen its forces in the South by early next year but will launch an offensive to put new pressures for concessions on President Nixon.

If the enemy does not significantly raise infiltration and the level of combat in this period, these experts say, it could mean either Hanoi's ability to escalate the war is limited or that it was sticking to a policy of gradual de-escalation—or both.

Such a development would fit in with Nixon's program of U.S. de-escalation and withdrawal.

In any event, the next three to five months evidently will be a critical period for judging enemy action in the light of Nixon's policy speech Monday. He made clear then a key factor in keeping to his secret timetable for troop withdrawals is what the enemy does.

North Vietnamese infiltration into the South has been influenced by seasonal factors. Monsoon rains normally have slowed troop movement along the trails through Laos from late spring until November.

Then for about six months better weather has allowed massive reinforcements to go South.

Officials say some seasonal increase would be normal now and in coming months, but the question is how much of an effort Hanoi will make and for what purpose.

Nixon reported in his speech that "enemy infiltration over the last three months is less than 20 per cent of what it was over the similar period last year."

Secretary of State William P. Rogers said a month ago that as a result of the infiltration decline—which began last spring—total North Vietnamese strength in South Vietnam had dropped by about 30,000 men.

If the North Vietnamese take advantage of their seasonal opportunity for mass reinforcements it would indicate to U.S. officials Hanoi is preparing for offensives on a scale beyond the "high points" of fighting typical of enemy operations this year.

## Appears To Pave Way For Draft-By-Lottery

WASHINGTON (AP) — A Senate log jam holding up President Nixon's draft-by-lottery bill appears to have been broken in a compromise that may bring both immediate and future reform of the Selective Service System.

The lottery measure after passing the House last week had faced long Senate delay because of demands for more comprehensive draft reform than the single, one-line change in present law proposed by the President.

Assistant Democratic Leader Edward M. Kennedy, an advocate of widespread Selective Service overhaul, told the

Senate late Wednesday he will introduce an amendment allowing the lottery provision to be voted on quickly.

The key feature would move the expiration date of the present Selective Service Act back six months to Jan. 1, 1971, thus clearing the way for full scale reform action next spring.

Senate Democratic Leader Mike Mansfield said last week a draft reform bill open to a multitude of amendments on the floor probably would not be acted on this year because of other pending Senate business.

He and Kennedy were criti-

cized by Republicans for holding up vitally needed reform.

Kennedy gave credit for the compromise proposal to Dr. Kingman Brewster Jr. The president of Yale University said in testimony before a Kennedy subcommittee Wednesday, "I think those in favor of more fundamental reforms should not obstruct this immediate reform."

In a Senate speech announcing his compromise plan, Kennedy said not all students approve the random-selection plan, which would reduce from seven to one year a young man's vulnerability to the draft.

Kennedy said "The millions

of young people in this country, those whose lives are disrupted by the draft, want not another patchwork amendment. They

want true reform, and true reform will take both extensive administrative and legislative action."

## Lodge Says U.S. Will Not Crumble

PARIS (AP) — The United States told Hanoi and the Viet Cong today the U.S. position in Paris will not crumble "because of the words or actions of a vocal minority of the American public."

Ambassador Henry Cabot Lodge also declared: "You must not rely on our making concessions after concession until you get everything you want."

Speaking at the 41st plenary session of the Vietnam peace talks, Lodge said: "We have recognized that your side was capable of blocking all attempts to bring an end to the war through negotiations. President Nixon, therefore, put into effect another plan. This is a plan which will bring the war to an end regardless of what happens on the negotiating front."

The North Vietnamese and Viet Cong delegates denounced the Nixon speech as "continuation and intensification of the U.S. war of aggression."

Lodge said Nixon made it clear that the United States will search for a just peace "through a negotiated settlement if possible, or through continued implementation of our plan for Vietnamization if necessary."

Mrs. Nguyen Thi Binh, chief delegate of the Viet Cong's provisional revolutionary government, said Nixon's speech "has confessed that he is pursuing a military settlement in South Vietnam and not a negotiated settlement."

She said Nixon attempted "to justify U.S. aggression . . . as well as his present erroneous policy."

Mrs. Binh repeated the Viet Cong demand for settlement of the war on its 10-point program, calling for total, rapid, unconditional withdrawal of U.S. and other non-Vietnamese forces and the replacement of the Saigon regime.

She scorned the idea that free elections could be organized by the Saigon administration "under the control of American and puppet troops." Instead, she said a provisional coalition government could organize "genuinely free and democratic general elections to determine the political regime of South Vietnam."

Hanoi's Ambassador Xuan Thuy said the Nixon speech "clearly reveals that the United States has not only clung to its role of gendarme in Asia but also wanted to keep its role of international gendarme."

Thuy charged Nixon had distorted the history of the origin of the Vietnam war and claimed that it was a series of U.S. actions in South Vietnam after the 1954 Geneva agreements which finally brought on the war.

South Vietnamese Ambassador Pham Dang Lam told the meeting that the pace of the withdrawal of allied forces "depends on whether or not your side is genuinely searching for peace in Vietnam."

He repeated Saigon's call for secret talks with Hanoi and the provisional revolutionary government and said there can be no discussion about the future of South Vietnam "without the participation and the agreement of the government of the Republic of Vietnam."

## 'March Against Death' Demonstrations Feared

WASHINGTON (AP) — The Pentagon says it has started "precautionary planning" to deal with possible disorders when antiwar groups stage a "march against death" through the capital next week.

It reported a total of 28,000 soldiers and Marines are available in the general Washington area, if needed. About 10,000 of these troops are in organized units and many have riot control training.

Unlike the Oct. 15 Vietnam Moratorium, government leaders believe more militants will be involved this time and may attempt confrontations with authorities.

## Panther Draws Prison Term

CHICAGO (AP) — Judge Julius J. Hoffman has sentenced Black Panther leader Bobby G. Seale to four years in prison for contempt of court during the trial of eight men on conspiracy charges.

A mistrial was declared in the case of Seale, but the trial of the other seven men accused of conspiring to cross state lines and disrupt the 1968 Democratic National Convention by inciting riots moved into its seventh week.

Judge Hoffman acted Wednesday after a long series of outbursts by Seale which at one point prompted the judge to have the defendant brought in bound and gagged.

The conflict between Seale and Judge Hoffman revolved about Seale's contention that William M. Kunstler, representing other defendants, was not his lawyer and that he had the right to defend himself.

Judge Hoffman cited 16 specific instances where Seale interrupted proceedings and sentenced him to three months in prison for each incident. He also set April 23 for Seale's trial on the riot conspiracy charge.

However, demonstration leaders have said repeatedly the protests will be peaceful. Earlier this week protest organizers disavowed any connection with a proposed demonstration by the Youth International party — Yippies — one of the more radical groups.

The government fears of violence center on a proposed Nov. 15 mass march along Pennsylvania Avenue from the Capitol past the White House to a rally near the Washington Monument.

Negotiations for a parade permit have broken down, mainly over the march route, with Justice Department officials concerned the demonstrators would virtually surround the executive mansion.

This would present a serious security problem, Justice officials say, compounded if their "reliable reports" of potential violence came true.

Regular troops will be brought in only if civilian police and the 2,700-man District of Columbia National Guard are unable to cope with the situation.

The emphasis so far has been on trying to gauge how big the demonstrating crowds may be, who will be involved and where any trouble might break out.

A major concern would be protection of federal buildings, including the White House.

The Pentagon, which is working with the Justice Department, said "no final decisions have been made" on any firm steps to take in advance of the demonstrations.

Basic Army contingency plans for dealing with civil disturbances were developed from experience in recent racial outbreaks, especially disorders after the slaying of Dr. Martin Luther King Jr. in April 1968.

The doctrine underlying these plans calls for a maximum show of force, with restraint in the use of power.

Meanwhile, the Defense Department has notified congressmen military personnel will not be allowed to take part in or associate themselves with the war protests if their participation will violate the law or established Pentagon policies.

## Head Start For GOP

WASHINGTON (AP) — Republican strategists say GOP statehouse victories in New Jersey and Virginia have given the party a running start toward grabbing control of the Senate next year.

Further buoying Republican hopes would be President Nixon's active campaigning in the 1970 congressional elections, a likely prospect in view of the credit going his way from Tuesday's results.

Linwood Holton's victory in Virginia, the first Republican to win the statehouse there in more than 80 years, and William T. Cahill's success in New Jersey were seen as personal triumphs for Nixon since he campaigned in both states.

Democrats now control the Senate, 57 votes to 43. A net gain of seven seats next year—when 25 Democratic terms expire—would give Republicans effective control, with the tie-breaking vote of Vice President Spiro T. Agnew.

Rep. Rogers C. B. Morton, the Republican national chairman, forecast a GOP pickup of eight or nine Senate seats, to put Republicans in charge.

## Goldwater Booms Agnew

HONOLULU (AP) — If Vice President Spiro T. Agnew keeps up his criticism of antiwar demonstrators "he may find himself being boomed for president before it's even his turn," Sen. Barry Goldwater said today.

In his prepared keynote address to the Western States Republican Conference, the unsuccessful 1964 GOP presidential candidate said Agnew's strong attacks on the peace movement leaders express "the sentiment of the vast, overwhelming majority of the American people."

Goldwater said the vice president was "accurate and penetrating" in calling the antiwar demonstration leaders "impudent snobs" and should be praised, not vilified.

"The vice president's crime, it seems, was to describe an effete corps of impudent snobs as 'an effete corps of impudent snobs,'" Goldwater said.

"When a liberal makes any kind of outlandish charge against his nation or his President, it is taken as a proper exercise in the right of free speech and a legitimate expression of political dissent," he said.

"However, if a conservative or a supporter of the Nixon administration vigorously attacks an activity which is undermining an American military effort, he automatically becomes 'irresponsible' and 'intemperate' in the view of the leftist media," he added.

## SOCIAL PRESSURE HOOKS FOUR OUT OF TEN

### Teens Think Cigarettes Dangerous

NEW YORK (AP) — Teenagers in general think cigarettes are dangerous, but social pressures push four out of 10 into smoking them, a new study finds.

The teen years are crucial in the decision whether to smoke, the survey says. The greatest influence toward smoking is their friends, but many youngsters might choose not to smoke if parents, teachers, doctors and other adults set better examples, it adds.

The national survey of 1,562 teenagers found that 65 per cent of smokers and 86 per cent of nonsmokers believe cigarettes cause lung cancer.

About half the smokers and 70 per cent of nonsmokers think it is "definitely or probably true" that

cigarette smoking triples the risk of premature heart attack.

Young smokers said they did so because it "makes you feel like a big shot . . . makes you look older . . . makes you feel like one of the crowd," or that smoking relaxed them when they felt nervous, or helped when they were bored or depressed. Far more boys than girls thought smoking made them more attractive sexually.

The study conducted by Lieberman Research, Inc., last March and April was sponsored by the American Cancer Society with the findings released today at the society's annual meeting.

Each teenager was interviewed for about an hour. One third were 13

or 14 years old, another third 15 or 16, the rest 17 or 18.

Teenagers are 50 per cent more likely to smoke if the adults, parents, teachers and others with whom they come in contact are smokers, but are almost 100 per cent more likely to smoke if their friends, brothers and sisters smoke, the study finds.

The youngsters are very much aware of cigarette commercials, and the antimoking messages being broadcast or printed, but see far more of the commercials for cigarettes, the survey says.

Another finding is that "a teenager is less apt to smoke if he has good rapport with his parents and they smoke, than if his parents don't smoke but he had bad rapport with

them."

Teenage smokers "are more adventurous, more experimental, more anxiety-ridden and more prone to reject the values of the Establishment. Smokers more than nonsmokers describe themselves as nervous, frustrated, depressed, rebellious, reckless, sexy, swingers, liking to live dangerously, living for the moment, and wanting to try new things."

Nonsmokers, the study says, "are happier, more sensible, more success oriented, more self-confident and more inclined to accept the values of the Establishment." Nonsmokers more than smokers describe themselves as happy, relaxed, clean-cut, cautious, ambitious, hard-working, intelligent and successful.

## Concert Series Tickets On Sale

One of the nation's top work in radio, television and motion pictures, Luboff has gathered together a group of talented vocalists to present an unusual program of his collections. While traveling around the world, Luboff has discovered folk melodies from various countries and, has scored them for presentation to American audiences.

Memberships are now on sale for the season and may be had by telephoning Mrs. Roy Cederberg at 263-1815 (or mailing checks to her at 2306 Merrilly). Adult memberships are only \$10 for the season, and students \$4. (Seats may be reserved for an additional \$4).

The first program in the series is the New Orleans Philharmonic Symphony Orchestra, under the baton of Werner Torkanowsky. The orchestra has played in nearly every major city in the United States and in 21 countries in South America, Central America, and was the first named by the State Department to tour Latin America.

Torkanowsky, now in his seventh year as the New Orleans conductor, made a great hit during the last five seasons as guest conductor of the Philadelphia Orchestra, the Boston Symphony, Detroit Symphony, San Francisco Symphony and the New York and Los Angeles Philharmonic. There are 85 musicians in the orchestra.

The second program will be the Norman Luboff Choir led by Norman Luboff, a master of nearly every field of modern music. After many years of

work in radio, television and motion pictures, Luboff has gathered together a group of talented vocalists to present an unusual program of his collections. While traveling around the world, Luboff has discovered folk melodies from various countries and, has scored them for presentation to American audiences.

On Monday, March 20, Big Spring will be invaded by the "Puppet People," the Norwood Puppet Theater. Since medieval times, mankind has delighted in puppetry, and "Puppets in Potpourri" captures the imagination of "old folks" as well as the younger set. This is "Punch and Judy" show, but features life-size puppets designed with a personality and voice and brought to life by Elton Norwood and his puppeteers.

Along with baseball and apple pie, a uniquely American tradition is jazz. Thursday, April 30, Kid Thomas Valentine and his Preservation Hall Jazz Band stages a jam session. This is authentic jazz, and Kid Thomas (born in 1896) has refused to let his music be commercialized. He and his band have retained the moving beat or "stomp" that made him famous during the early history of American Jazz. Coming from the cradle of jazz — New Orleans — these musicians — most of them septagenarians — have thrilled audiences with their improvisational jazz heart music.

## LEMON TREE VERY BIG

FORT SCOTT, Kan. (AP) — Once again, Kansans have responded to a Texas challenge.

Last time it concerned the size of sunflowers grown in each state.

Now it's lemons. A man in Paris, Tex., reported he has a lemon tree that produces Texas-size fruit. The man, W. R. Hughes, said the lemons are so big that his wife can make three pies from one lemon.

A woman in Fort Scott, Kan., today heard a broadcast report about the Texas lemon and quickly informed radio station KMDQ that she has a lemon tree which produced a one and three-quarter pound lemon — big enough, she says, to make at least six pies.

Mrs. Tom Hall says the tree is growing in her kitchen.

## Bowlins' Son-In-Law Aboard Airliner Hijacked To Rome

Wenzel Williams, first officer on the TWA jet airliner hijacked Friday to Rome, Italy, is the son-in-law of Mr. and Mrs. Jack Bowling, Ackerly.

Williams and the former Janice Bowlins were married in 1964 in Ackerly. The Williams' called Mr. and Mrs. Bowling Tuesday to tell of the hijacking and say they planned to visit home in a few days. According to Mrs. Bowling, Williams is in New York City helping draw up an indictment against the hijacker, Raphael Minichiello.

When Williams returns, Mrs. Bowling said, they plan to visit Ackerly and Shallowater to see their parents. "Wenzel will get some vacation time when he gets back from New York," she said.

Mrs. Janice Williams said her husband and crew were pretty

WENZEL WILLIAMS

for all the trouble he caused. The boy wanted to fight so someone would kill him," Mrs. Bowlins related.

At the time of the hijacking, Williams was on an extra flight. During the end of the month a pilot is allowed to take extra flights, Mrs. Bowlins explained. His regular route for the month of October was between Boston and Philadelphia. He took on the extra flight from California to New York.

Wenzel Williams, 26, has worked for TWA since his graduation from McMurry College in Abilene. "Flying has always been a part of him," said his mother-in-law.

"Wenzel started flying in high school. Every summer he took flying lessons in Ardmore, Okla., and when he was 16, he got his own plane," Mrs. Bowlins said. "Wenzel and Janice met in high school in the ninth grade when we were living in Shallowater," Mrs. Bowlins explained.

Mr. and Mrs. Williams graduated from McMurry in 1964. While in college, Williams taught flying and flew charters for the Abilene Flight Service. The Williams have two children, Zackery, 3, and Cassandra, 16 months. They are living in Smithville, near the new airport at Kansas City, Mo.

## Clouds Stay Scarce Today

By The Associated Press  
Dry air enfolded Texas and clouds stayed scarce today.

Temperatures were mild for November, and it was expected to warm a bit further through Friday.

It was clear throughout the state in early morning except for a few patches of clouds in South Central and extreme South Texas.

Temperatures climbed into the 70s at most points Wednesday, reaching 79 degrees at Alice, Brownsville and Kingsville. Longview was the coolest point with a high of 68.

Readings near dawn today ranged from 35 at Dalhart up to 69 at Brownsville.

## Odessa American Executive Dies

ODESSA (AP) — Robert "Bob" Strand, 44, died in Medical Center Hospital Tuesday following surgery last week.

Funeral services are pending. Strand was a member of the Odessa American as superintendent of the press room. He came to Odessa in 1952 from Colorado Springs, Colo., where he worked for the Gazette-Telegram newspaper.

## Kopechne Inquest Date Due Today

EDGARTOWN, Mass. (AP) — District Court Judge James A. Boyle meets today with lawyers of prospective witnesses for the inquest into the death of Mary Jo Kopechne. Court sources expect Boyle to set a date for the inquest.

Boyle called the conference presumably to explain new rules for the inquest, established by a recent ruling of the state Supreme Court.

Miss Kopechne, a Washington secretary, died July 19 when a

car driven by Sen. Edward M. Kennedy, D-Mass., plunged into a tidal pond on Chappaquiddick Island, off the Massachusetts coast.

The state's high court has ordered that the inquest be closed to the public and press and that witnesses be permitted to have attorneys accompany them. The court refused them the privilege of cross-examination, however.

The inquest is to determine the cause of Miss Kopechne's

death. A medical examiner ruled she died of drowning, but no autopsy was performed.

The bidding:

South	West	North	East
2♥	Pass	2NT	Pass
3♠	Pass	4♥	Pass
6♥	Pass	Pass	Pass

Opening lead: Five of ♥  
Altho South literally gave his all in an attempt to land his slam bid, a truly inspired defense by West left him short of the mark in today's hand.

Holding but five points, North did not have enough for a positive response to partner's demand opening bid in hearts, so he made the negative bid of two no trump. His jump preference to four hearts on the next round is not a drastic move, for he has already limited his hand, and a mere return to three hearts might give partner the impression that North has a virtual bust.

When South learned that his trump suit was solidified, he thought briefly of probing for a grand slam but inasmuch as North would need specific values, he decided to

settle for a small slam in hearts.

In selecting his opening lead, West paid careful attention to the bidding. North's delayed jump in hearts convinced him that the dummy was probably short in clubs and, in an effort to cut down ruffs, West led a trump. South won the trick in his hand and cashed the ace of clubs, noting the fall of the jack from West's hand.

If the outstanding clubs were divided no worse than four-two, declarer had no problems, for he could conveniently ruff away his losers with North's remaining two hearts. If the clubs were five-one however, precautions must be taken to protect the king of clubs from an adverse ruff.

As a safety play, South led a small club from his hand at trick three, and but for West's brilliance declarer would have been simply rewarded for his caution. If East is permitted to win the trick with the queen of clubs, he is unable to return another trump, and when South regains the lead, he can ruff out his remaining two club losers. Trumps are drawn subsequently and declarer's hand is high.

West was not leaving anything to chance, however, and he ruffed the second of clubs in order to lead another heart, which applied the finishing touch. There was only one trump left in dummy while South had two losing clubs, and in the end he was obliged to concede the setting trick to East.

scared in New York when the hijacker panicked and fired a shot through the cockpit. "They all thought they were going to die," Mrs. Williams told her mother over the phone Tuesday. ## Many Displays At Gem Show

Channel jewelry by Stanley E. Tims, Playa del Rey, Calif., will be just one of the featured displays at this week's Midland Gem and Mineral Society Rock Show to be held in Midland at the National Guard Armory. The jewelry is made from stone mosaics with silver bars, or "channels" separating the units, and Tims will be on hand to demonstrate the technique of making the jewelry.

The show, which includes exhibits of Indian artifacts, faceted stones, gem and mineral displays, will be open from 9 a.m. to 8 p.m. Saturday and from 10 a.m. to 7 p.m. Sunday. Tickets, 50 cents for adults, 25 cents for students, are available from any Midland Gem and Mineral Society member or may be purchased at the door.

## Friendly Rhino

PORT ELIZABETH, South Africa (AP) — Tertia, a white rhino in a game reserve near here, polished up her horn on the front bumper of a visitor's car. Every time she rubbed, the car bounced up and down, delighting the occupants. "Tertia was so friendly we experienced no fear at all and were fascinated by her antics," said car owner Desmond White.

# Baptists Hew To Stand Against Federal Loans

SAN ANTONIO (AP) — Texas Baptists again stood their ground on separation of church and state, defeating a proposal that would allow church institutions to borrow government money.

They also elected a proponent of church-state separation as their president Wednesday.

Today they awaited an address by another staunch advocate of this traditional Baptist stand.

Delegates to the 84th annual sessions of the Texas Baptist General Convention rejected the proposal on government loans by a vote of 1,203 to 728 after a stormy debate in which one delegate declared:

"To marry the institutional church to the institutional government—before Jesus Christ comes again—is adultery."

The delegate, Howard E. Butts Jr. of Corpus Christi, further asserted, "It is prostitution. It is to play the whore. The church is married to Christ."

Delegates in 1966 defeated the same motion, which recommended that church institutions such as schools be permitted to obtain long-term, low-interest government loans, primarily for construction projects.

The state Baptist convention formally adopted major policy

against government loans in 1961. The church-state issue has stirred controversy among Baptists for years.

The Rev. W. A. Criswell of Dallas, president of the Southern Baptist Convention, told a news conference that clergymen are the prime backers of action against government loans.

Clergymen are in the majority among the 2,000 or so messengers (delegates) and as long as the preachers are in control, such proposals will be repeatedly defeated, he said.

Delegates elected the Rev. Jimmy Allen, 42, of San Antonio to head the 1.8 million-member state convention. He succeeds the Rev. Gordon Clinard, pastor of the First Baptist Church in

San Angelo.

The pastor of the First Baptist Church here, the Rev. Mr. Allen was elected for a one-year term. Traditionally the incumbent president is elected to serve for a second year also.

The Rev. Mr. Allen is president of Protestants and Other Americans United for Separation of Church and State.

The executive director of that Washington-based organization, Glenn Archer, was scheduled to address the final day of the three-day convention today.

In prepared remarks, Archer said there is a pressing need to study "all your church institutions and programs. The answer is not to take the easy way and ask the government to pay the bill."

He added: "From the days of Constantine down to the present, states united with a church have been tyrants to the dissenters, and arch enemies of religious freedom."

He promised that his organization "will defend in all the courts of our land the principle of religious freedom and church-state separation."

TO FORM GOVERNMENT — Rashid Karami, above, who resigned as premier of Lebanon two weeks ago, was appointed Thursday by President Charles Helou to form a new government. Karami resigned at the outset of the recent crisis between the Lebanese army and Palestinian guerrillas.

Four persons were released from Howard County jail on bond Wednesday, including Larry Carroll Hamilton, 51, Andrews, who was transferred from the city on a charge of driving while intoxicated. He was arrested Tuesday and bond set at \$500.

Sam Williams Jr., 33, Northcrest Apt. No. 5, was released Wednesday following his arrest the same day by sheriff's deputies on a warrant for non-support. His bond was set at \$400.

Also released Wednesday were Joe Olivio, 18, Key Motel Apt. No. 6, \$2,000 bond set by Justice of the Peace Jess Slaughter. Olivio was indicted Oct. 31 after his arrest Sept. 11 for burglary.

James Walter Farris, 33, Keith Motel, was arrested Wednesday on a warrant for aggravated assault by the sheriff's deputies. He was released Thursday on \$200 bond set by Justice of the Peace Walter Grice.

Librarian Invited To Society Meet

Among the librarians in Big Spring invited to participate in the annual Texas State Genealogical Society Conference On Personal and Historical Papers, Nov. 27-29, in San Antonio's St. Anthony Hotel, is Mrs. Opal McDaniel of the Howard County Library.

Members of patriotic and historical organizations in the area also are invited.

Dr. Dorman H. Winfrey, Texas State Librarian, will speak on "The Father of Texas Education." Mirabeau B. Lamar's papers. Dr. Winfrey worked with the Lamar Papers prior to becoming State Librarian when he served Texas as State Archivist.

Anyone interested may attend the conference and receive a conference folder by writing TSGS, 2528 University Drive, Fort Worth 76109.

Enrollment Does Dipsy Doodle

Enrollment did another dipsy doodle during the past week, according to reports from Big Spring schools. Led by a loss of 10 at Airport, elementary schools declined 15, leaving a total of 3,787. Gollad and Runnels junior highs each lost one, but senior high dropped 18 (a figure which also represented some corrections for the six-weeks report). This left 3,332 in the secondary level, which with 159 in special education, made 7,278 total, or 224 less than a year ago.

# OIL REPORT

## Cisco Pool Gets Offset Location

Sheldon Petroleum Co. of Lubbock staked site for No. 2 G. G. Wright as a west offset to the discovery and lone producer in the Wright Ranch (Cisco reef) pool of Howard County, 17 1/2 miles northwest of Big Spring.

It is 467 feet from south and 330 feet from east lines of section 41, block 33, T-3-N, T&P survey. Projected destination is 9,000 feet.

The reservoir opener — Sheldon's No. 1 Wright — was finished in July to flow 193.91 barrels of 44-gravity oil and four barrels of water per day from shot holes at 8,996.900 feet with a gas-oil ratio of 650-1 on a 14-64-inch choke with surface pressure 460 pounds.

Jake L. Hamon of Midland plans to re-enter No. 2 J. S. Scott, a marginal Devonian producer in the Breedlove multipy area of Martin County, and clean out to 10,900 feet to attempt to reopen Strawn production in the region.

It is 17 miles northwest of Tarzan and 990 feet from south and 2,117.78 feet from west lines of labor 5, league 262, Borden County School Land and 3/4 mile northwest of the exhausted Strawn oil opener in the field.

## Five Wrecks In Stanton

STANTON (SC) — Five car accidents occurred in Stanton between 7:30 Wednesday evening and 6:30 this morning.

Mrs. Richard Lecroy, 20, 1300 Wood, received facial injuries in an accident at 6:30 a.m. on IS 20, east of Stanton. She is in good condition at the Stanton hospital. Mrs. Lecroy was en route to classes at Commercial College in Midland. She was the last in a series of four accidents that began near midnight.

According to Stanton Sheriff Don Saunders, the accidents began when cattle strayed across the highway. An overturned truck was still on the roadway this morning, he said. Details of the accidents are not available.

The first accident occurred north of Stanton on the IS 20 overpass.

## Arraignments For 28 Set

# Bourbon Sent To Brownwood

Rae Bourbon, 68, charged as an accomplice to the murder of A. D. Blount and whose motion for a change of venue was granted in 118th District Court by Judge R. W. Caton Wednesday morning, was transferred this morning by Howard County Sheriff's deputies to Brownwood, where his case was moved to 35th District Court.

Bourbon was indicted Jan. 28 by the Howard County Grand Jury and has been held since his arrest March 11 in Howard County jail without bond.

Bobby Randall Crain, charged in the same incident with murder with malice, was also granted a change of venue Wednesday, to 161st District Court, Odessa, but he has not been transferred.

Bobby Eugene Chrisco, 21, was tried and found guilty in Big Spring Sept. 30 of murder with malice in the incident. Blount was killed in the rear of the Pet-A-Zoo, one mile south of Big Spring, Dec. 9, 1968.

# Committee To Pick Candidates

A nominating committee was to have met at noon today in the Settles Hotel to select 10 candidates for five three-year vacancies on the Chamber of Commerce board of directors. The 10 names selected will be put on ballots and mailed to chamber members, who will choose those to serve on the board.

Members of the nominating committee, who must have been past presidents of the chamber, are Ike Robb (1965), John Currie (1966), Dr. M. W. Talbot (1968), Dr. R. B. G. Cowper (1963), and Elmo Wasson (1948).

## Castoff Kilmer Wins Player Award in NFL

NEW ORLEANS (AP) — Billy Kilmer has had plenty of provocation to quit football. Broken bones, boos, bad blocking, bum performances.

But the gutsy New Orleans Saints quarterback didn't and today, after years of frustration, he has come up with a superb performance and captured The Associated Press National Football League Offensive Player of the Week Award.

Six touchdown passes, one shy of the NFL record, were thrown by Kilmer, the much-maligned Saints quarterback last Sunday as New Orleans stopped its losing streak at six and exploded for a 51-42 victory over the St. Louis Cardinals.

Kilmer is a castoff, but he doesn't like that description.

The Saints acquired him from San Francisco in the expansion draft three years ago. The 49ers once used him to trigger their celebrated shotgun offense.

"I don't want to even talk about the shotgun or even hear of it again. I'm a quarterback," says Kilmer.

As for the award: "It was satisfying for me, but really, I'm happier for the whole team," said the rusty-haired Kilmer, in his eighth year of pro football after All-American acclaim in 1960 at UCLA, where he led the nation's major college players in total offense.

The Saints didn't think too highly of Kilmer when they first acquired him because they promptly traded a No. 1 draft

## Field Leads 5-A In Scoring Race

Seagraves' Ricky Field, scoring leader in District 5-A, needs two points to go over the 100 mark.

In order to accomplish that feat, Field must solve Coahoma's respected defenses in a crucial game at home this week.

Field has scored 13 touchdowns and added 20 extra points.

Runnerup in the derby is Coahoma's Dean Richters, with a total of 78 points.

The leaders:

Player, Team	Td	Exp	Pts
Ricky Field, Seagraves	13	20	98
Dean Richters, Coahoma	12	2	78
Johnny Fowler, Coahoma	12	2	74
Rick Smith, Cooper	11	2	68
Eddie Knight, Seagraves	9	4	60
John Lowe, Plains	7	13	55
Donnie Hoov, Seagraves	6	4	42
Kenyon Clinton, Coahoma	6	2	38
James Green, Coahoma	5	1	35
Toby Duren, Coahoma	4	1	28

choice to Baltimore for Gary Cuozzo. Kilmer, however, whipped Cuozzo — since traded to Minnesota — for the No. 1 quarterback's job in the Saints' first season and has held it ever since.

The candid Kilmer will be the first to admit he doesn't always play a good game. He calls his goofs "mental lapses," but he has a certain charisma and drive which has won him the respect of his players and the confidence of Coach Tom Fears.

He's been booed repeatedly by the fans and jokingly says, "I may be the first quarterback ever assassinated by the fans."

You know that boos and caustic criticism have to cause aches deep inside, but Kilmer shrugs it off. "I'm in a position where I get a lot of criticism."

An auto accident almost cost Billy a leg in 1962 and the first word from the medicine men was that he'd never again walk. Not only does he walk, he runs. He'll never win the Fran Tarkenton award for scrambling, but he's more than a straight drop-back thrower.

He gives all the credit to the offensive blocking he got in the St. Louis game, which saw the Cardinals score 21 points in the fourth quarter after the Saints had a 30-point cushion.

Kilmer completed 22 of 32 passes for 345 yards. It raised his season statistics to 111 of 205 for 1,458 yards and 11 touchdowns.

## Longhorns 47th In Harris Poll

Big Spring dropped 12 places to the 47th spot in the Harris Rating System as the result of last week's defeat at the hands of Midland High.

Amarillo Palo Duro remains first in the ratings while Abilene Cooper is second.

In Class AA, Reagan County is eighth, Stanton 11th. The Buffs' opponent this week, Ozona, is listed no better than 138th.

In Class A, Coahoma holds down the No. 6 spot. Seagraves, which hosts Coahoma Friday night for all the marbles in District 5-A, is listed No. 1.

## Deer, Quail Prospects Good, Says Lunceford

Tips on game laws were given by Kenneth W. Lunceford, game management specialist (or game warden if you please), to the Downtown Lions Club Wednesday at the Settles.

Prospects for deer and quail are the best in many seasons, he reported. In fact, a quail census shows a 47 per cent population increase. Deer, with excellent browse, are in excellent flesh. Most other game is similarly affected, thanks to late summer rains that continued into the fall.

Most hunters try to cooperate with officials and obey laws, he said, but now and then he and his colleagues come upon those who get itchy fingers and jump the season or who get greedy and exceed the bag or possession limits.

"We find birds everywhere — in air cleaners, behind hubcaps, under the dash board, under the seats, in the glove compartments, under the car, in the spare-tire well, etc.," recalled Lunceford. "Once a hunter simply tossed the illegal birds in the trunk and it was so obvious we almost overlooked them."

Here are some highlights of species bag and possession limits:

Sandhill cranes (west of US 87) until Dec. 23 (east to Abilene Dec. 13-Jan. 11); bag limit three, possession limit six.

Shottguns only.

Ducks Nov. 18, Jan. 11, bag limit four (including two woodchucks, or one each of canvas back, redhead, mallard); possession generally twice bag limits except for species mentioned.

Quail Nov. 8-Feb. 15, 12 bag limit, 36 possession.

Deer Nov. 8, 1969 to Jan. 1, 1970 (Howard County has a limit of two bucks, which Mitchell, Nolan and most of these have limit of two bucks and one antlerless deer (if land owner furnishes a permit for turkey deer).

Turkey Nov. 8-Jan. 1, bag limit, one of either sex. (Old gobblers tend to be in separate flocks, have beards, red necks, jet black breast feathers. Hens and young gobblers in separate flocks; hens lighter colored breast feathers, blue neck; young gobblers tower over the hens.)

Any type legal firearm may be used to hunt quail, deer or turkey. If in doubt about the laws or needing help, call the warden, said Lunceford.

John Smith was in charge of the program. Waymon Clark,

## Sunland Launches Racing At Night

SUNLAND PARK, N.M. — Sunland Park will present its inaugural night program of the '69 season Friday with the entire 10-race card honoring Rushfair Shopping Center. Highlight of the evening's action are two divisions of the Fall Quarter Horse Derby trials at 440 yards. Post time is 7:30 p.m.

Weekend racing continues on Saturday and Sunday with 12-race programs beginning at 1:30 p.m.

Sixteen of the finest three-year olds in the Southwest will vie for starting spots for the \$13,000 estimated Fall Quarter Horse Derby. The 10 fastest qualifiers will earn starting berths in the finals, scheduled for Sunday, Nov. 16.

Included in the star-studded first division, which will be run as the seventh race, are Marvin and Lela Barne's brilliant Lady Bug's Moon, John R. Adam's Dixie Man, Webster Steel's Miss Chickadee, Charles and James Murphy's Jet Deck Junior, C.K. Box's Miss Top Judy, James and Patricia Thomson's Nerino, Mark Caraway's Acey Duce and Dale McCuan's Devil's Elbow.

Dixie Man, a favorite of local

fans, is the only horse to capture both the Sunland Park spring and fall futurities. He accomplished the feat last year on the way to earning almost \$70,000. His most recent achievement this season was the conquest of the State Fair Quarter Horse Stakes in Albuquerque. Regular pilot Jerry Nicodemus has the call with the standard weight assignment of 119 pounds.

Lady Bug's Moon, a top flight performer at both two and three, scored impressively at Ruidoso Downs in the Rainbow Derby. He won a narrow decision over Jet Deck Junior and Dixie Man, adding almost \$45,000 to his growing bankroll. Boyd Morris, the colt's regular pilot, will arrive to handle him in the trials.

The daily wagering handle at Sunland Park is running 19.2 per cent ahead of the comparable figure for 1968, according to an announcement by General Manager Art Johnson.

Through Sunday, the daily average stood at \$156,431. Last year at this time, the figure was \$131,479.

Linda Halfmann, Christi Price, Paula McMillan, Darla Cooksey and Ramona Gochicoa.

Earlier this week, the HCJC girls bowled over Hardin-Simmons University.

## Jayhawk Queens To Seek 13th Win Here Tonight

Howard County JC's Jayhawk Queens, runners-up in the Odessa tournament last weekend, will host Odessa in a 7 o'clock volleyball engagement in the HC gym this evening.

The Queens, who are coached by Wanda Ferguson, will be seeking to improve upon a 12-5 record.

One of HCJC's wins was over Odessa but the Ector County team carried the Queens to three games before losing.

Coach Ferguson will likely go with her regular lineup, which includes tri-captain Linda Halfmann of Big Spring.

A sophomore, Linda served as a captain last year.

Others likely to see action for the Big Spring collegians are Barbara Futrell, Connie Trevino, Kathy McKnight,

LINDA HALFMANN

# The 1970 VW will stay ugly longer.

Just what hath Volkswagen wrought this year? A longer-lasting engine, that's what. It's more powerful than the old engine. (Top speed: 81 mph vs. 78 mph.) It has better acceleration. But most important, it doesn't have to work as hard to get you where you're going. Thus, according to every calculation known to man, it will last even longer. And just to make sure the engine and every other VW part leads a long, happy life, we have another surprise for 1970: The Volkswagen Diagnostic Checkup. Now before the name scares you away, listen to what it is: VW Diagnosis is an exclusive service checkup by specially trained technicians using specially made diagnostic equipment. The equipment is faster and more thorough than any mechanic alive. It's so advanced, it can actually tell you you have a problem early, before it becomes a real problem. For instance, let's say the resistance in one of your spark plug wires is too high. Nothing serious, but it could reduce your gas mileage and eventually foul up your spark plugs. During a Diagnostic Checkup, our equipment can find and we can fix this problem in a matter of minutes. When you buy a new VW, you're entitled to four of these advanced checkups free. What could be a better deal than that? You buy a bug. We take care of the bugs.

## Trouble Holding Your Head Up?

LOS ANGELES (AP) — Having trouble holding your head up recently? You should, says a medical man who states the average human head weighs 14 pounds and it's not easy to hold it up all day long.

The weight, in fact, contributes to that nagging pain in the neck or shoulders that often is blamed on tension, declared Dr. H.H. Campbell, director of the Institute of Traumatic Plastic and Restorative Surgery in Toronto, Canada.

# County Needs Help In Moving Library

By JOHN HILBIG

If Howard County is to fulfill its commitment to move the old library into the post office building in 1970, it will need help, reported county commissioners at a meeting Wednesday with the chamber of commerce president's Task Force on Priorities.

The purpose of the meeting was "to incorporate into the 1970 Program of Work any priorities the county has and to get its ideas of the feasibility of certain projects and the timing of others," according to John Currie, vice-chairman of the task force. Representing the county at the meeting were commissioners Bill Tune, Bill Crooker, and Ray Nichols.

Tune said the law would allow the commissioner's court to appropriate only so much for the library, and this amount would only cover about two-thirds of the \$75,000 needed. Nichols expressed concern the county might have to give up the building if it didn't install the library in 1970.

Paul Meek suggested a membership drive might raise some of the needed money, and Tune commented the library could also use book donations.

Regarding a county-wide fire-fighting system, Crooker reported county representatives had

met with city representatives earlier this year, but nothing had come of the meeting.

All the commissioners agreed the fire-fighting system in Howard County needed improvement, but Nichols said he thought the service was better now than it had been in the past. Tune said one of the problems at present is that people don't know where to call to get the fastest service.

Recommendations from various people present included having the telephone operator shift the call to the proper station, and having all calls come to the city, who could then dispatch the proper truck.

Earlier Tune had suggested the chamber aid small businesses in financial difficulties.

Larson Lloyd pointed out that SCORE, special committee of retired executives, sponsored by the small business administration, is operating in this area, and is available to anyone who asked.

Meek suggested the chamber could make businessmen more aware that these services are available.

Also discussed at the session was the advisability of merging some city and county agencies, such as the taxing offices, the clerk's office, and the law enforcement agencies.

## LOVE EVERY INCH OF IT Her 44's No Big Drawback

ATLANTA, Ga. (AP) — Morganna Roberts has a 44-inch bust but she's not up-tight about it.

In fact, she cherishes it all the way to the bank.

"That's what makes the difference in the salaries," said Morganna, 22-year-old stripper at an Atlanta night club. "Those smaller girls are only making \$200 or \$300 a week."

The club manager says he pays Morganna \$1,000 a week. Morganna's remarks were prompted by a story from Honolulu about a stripper named Alexandra the Great! Alexandra is 48 inches around the chest

and unhappy because people stare at her when she is off work.

"I'm a girl and I like it when people look at me," said Morganna, who wore a low-cut, high on the thigh minidress at an interview.

"I started stripping at 13, in Baltimore. I may have been underdeveloped then, but nobody ever told me."

Morganna said she is quite happy with her body, bust and all, and doesn't mind showing it. "I don't think there's anything wrong with a nude body. Bodies are like art."

Morganna made the sports pages last summer when she ran on the field and kissed third baseman Cleve Boyer of the Atlanta Braves during a National League game. Boyer, who was at the plate at the time, promptly singled.

The long-haired brunette also jumped into a fountain in front of a new office building being dedicated by Mayor Ivan Allen Jr.

Although basically uninhibited, Morganna confessed to one little hangup:

"I don't mind taking my clothes off on stage but I don't like undressing in the doctor's office."

## Mississippi School Fuss

NEW ORLEANS (AP) — A federal appeals court wrestles today with the mechanics of imposing the Supreme Court's order for immediate desegregation on 33 Mississippi school districts.

Summoned to a conference with the 5th U.S. Circuit Court of Appeals were the superintendents of each of the districts and their lawyers.

The school boards involved were included under the recent decision by the Supreme Court which ordered immediate desegregation—brushing aside a Nixon administration plea for delay.

Though it specified fast action, the high court left it up to the appeals court's discretion to say how and when desegregation would be carried out.

The appeals court asked all sides to submit proposals on what sort of order it should issue.

In its proposal, the Justice Department said school boards should be allowed to draw up their own desegregation plans within the frame of reference set by the Supreme Court.

The department's proposed order made no mention of the desegregation proposals which the appeals court last week ordered the boards to file by Wednesday.

Twenty-four were filed before the clerks' office closed Wednesday.

The NAACP Legal Defense Fund Inc., which appealed the Mississippi case to the Supreme court, denounced the government's proposed order.

"In some ways," said Mel Leventhal, a defense fund lawyer, "the Justice Department is being more lenient than the defendant school boards."

Leventhal declared that, in some cases, Mississippi school officials had filed new plans that were more in accordance with the Supreme Court's mandate than those of the government.

## Sgt. R. E. Thomas Retires At Webb

S.M. Sgt. Robert E. Thomas, 2050th Communications Squadron at Webb AFB, retired Wednesday after more than 20 years of military service. A native of Faribault, Minn., he entered active duty in the U.S. Army in 1948. He served nine years in the Army and 12 with the Air Force.

Prior to retirement, Sgt. Thomas was superintendent of Webb's tele-communications operations and was responsible for the management of base communications facilities. During his career, he served in Okinawa, Germany, France and Hawaii in addition to his assignments in the United States.

Sgt. Thomas plans to reside in Denver where he will work in personnel management or public relations.

In the aviation field, he has accumulated 4,000 hours flying time in single and multi-engine aircraft. As a lecturer in safety courses, he has nine years experience.

Mason is a published author, having had several articles printed in Combat Crew, Approach, U.S. Army Digest and the Aerospace Alumni Review, among other magazines and periodicals.

## SHAGGY DOG TALE

REDLANDS, Calif. (AP) — During an All-Saints Day procession at Trinity Episcopal church, the Rev. Robert Larkin was pointing out to his congregation children who had dressed as the various saints.

The minister, who represented St. Nicholas, recognized St. George, St. Anne and numerous others. Then he pointed to a very small figure wearing a dog's mask.

"And who might this be?" inquired the rector. "I am St. Bernard," the young boy replied. The church resounded with laughter.

## Glaciers Grow In California

BISHOP, Calif. (AP) — California, land of sunshine, sand and surf, also has one cooler

commodity — glaciers.

Not only that but last winter the glaciers grew, according to a U.S. Geological Survey report. An unusually heavy snowfall

in the High Sierra mountains caused several glaciers to increase by six to eight feet, said Edwin Rickwell of the U.S. Forest Service at Inyo National Forest.

SEC. B BIG SPRING, TEXAS, THURSDAY, NOVEMBER 6, 1969 SEC. B

## They're Some Who Still Fear Sawyer

Editor's Note: Veteran Dist. Atty. Wallace W. Gates, 81, of Durant, Okla., filed a warrant recently seeking the return to Oklahoma of Frank Sawyer, 76, who was pardoned from a Kansas prison.

ATOKA, Okla. (AP) — Frank Sawyer, the 70-year-old ex-convict who was recently pardoned by the governor of Kansas with a 99-year prison term from Oklahoma still hanging over his head, can't be returned to prison any too soon for at least one Oklahoma couple.

Mrs. Ross Faudree of Atoka, whose husband was kidnaped by Sawyer and Fred Winchester in 1956, said she and her husband have lived in wariness of Sawyer since.

### DEATH THREAT

"All I'm living for is to get out and come back and get you," Sawyer told Faudree after the former basketball star had captured him and Winchester at Wilburton.

Sawyer went to Odessa, Tex., after his parole from Kansas to live with relatives. He has been working as a house painter.

"My husband has asked Atoka County officers for a permit to carry a gun now that Sawyer is out of prison," said Mrs. Faudree. "Sawyer had escaped from prison three times and we felt that it would be just so long before he escaped again."

Dist. Atty. Wallace W. Gates at Durant said, "I've been getting a lot of mail, phone calls and telegrams since I announced I would seek Sawyer's return," said Gates. "A man phoned me from Kansas and said he seeks to help people in trouble and he wanted to keep Sawyer from going back to prison."

### NO KNOWLEDGE

"I received a wire from a Joe Lee in Montreal, Canada, that said: 'Are you trying to be a two-bit phony with regards to the Sawyer case?'"

Then a Mr. and Mrs. John Bailey of Manhattan, Kan., wrote "we have no knowledge that you know Frank Sawyer as he is now any more than we. We assume either that you believe in punishment for punishment's sake or that things are getting pretty dull in Bryan County, Okla."

"What these 'do-gooders' don't know is Sawyer's record," said Gates. "All they know is that he was in prison reportedly for a bank robbery he didn't commit. I helped send him to prison in 1923 for the slaying of a Bryan County man over a gambling debt. He escaped from prison Feb. 21, 1930, and was returned two days later. He escaped again April 7, 1932, and wasn't caught until June 6, 1933."

"On June 14, 1948, he poured fluid from a cigarette lighter over a fellow convict and then stabbed him to death in a prison fight. He received a life sentence for this. Then on June 15, 1956, he escaped and this is when he kidnaped Faudree. He has had more than 200 years in sentences and has killed two men, escaped three times, and by his own admission robbed many banks, and a lot of the public want me to pin a medal on him," said Gates.

"One thing for certain, the Faudrees don't want any part of Sawyer. My husband is 68 now and he has been a nervous wreck since the kidnaping," said Mrs. Faudree. "He was fortunate to have gotten out alive."

He has been dead most of his life. In fact, that is why he didn't become a professional baseball player. He played in the old Oklahoma State League with Carl Hubbell and Pepper Martin. Why, he was a better infelder than Martin. But he couldn't hear."

**BACK ROADS**  
"When Sawyer and Winchester escaped, they hid out in our hay barn and when my husband got up to go to work at dawn, they captured him. I was visiting relatives in Sand Springs with our son at the time," Mrs. Faudree recalled. "They made Faudree cook them a breakfast of ham and eggs, and then they ransacked the house, taking all of the money and jewelry they could find and one check."

"Then they made Faudree drive the car and warned him not to break any speed limits or make any violations. Faudree got them to let him put on his hearing aid but even with it on, he pretended he couldn't hear them too well."

"After skirting Atoka, they went through the old back mining roads until they hit the highway going into Wilburton. They decided they'd get past Wilburton then take one of the back roads and kill Faudree and dump his body in an old mine shaft. Faudree heard all of this. All the time they were driving, both men had guns in their hands and had them pointed toward Faudree," Mrs. Faudree recalled.

**'HAVING A FIT'**  
"As the car reached the edge of Wilburton, Faudree noticed a service station on one corner. He was told to turn left, which was away from the station. There was a stop sign at the corner and Faudree stopped and both men sort of stretched, putting their guns on their laps."

"That's when Faudree made his move. He started up toward the left as they asked, then suddenly whipped the wheel to the right spilling the guns on the floor. He reached over and cracked the heads of the two men together all the time yelling for help from the men at the station," Mrs. Faudree said. "But the men ran away. The car door swung up and Winchester tumbled out and with just one to battle, Faudree subdued Sawyer."

"Winchester walked past several men who had gathered and told them Faudree was having a fit and they came in close to watch him have that fit," said Mrs. Faudree.

"Finally, a constable arrived and then the sheriff, who recognized Sawyer. The convict told the sheriff that Faudree was an escapee and it wasn't until Faudree called the Atoka County sheriff and got him to Wilburton that he was really released."

"When the Atoka sheriff arrived and they locked Sawyer up, he really cursed Faudree and said he was 'living just to get out and come back. And he cursed him again at the trial,'" Mrs. Faudree said. "So far as we are concerned, they can't get Sawyer back in prison too soon."

## Weed 'Sale' Conviction

AUSTIN (AP) — The Texas Court of Criminal Appeals upheld Wednesday the marijuana conviction of Houston black militant Lee Otis Johnson.

Johnson, 29, a former field secretary of the Student Non-violent Coordinating Committee (SNCC), was sentenced by an all-white jury to 30 years in prison for sale of marijuana. He was charged in Houston with giving a police undercover agent a single marijuana cigarette on March 8, 1968. Such a gift is defined as a "sale" by Texas law.

At an Oct. 15 hearing before the appeals court, Johnson's attorney, Bobby Caldwell, claimed Johnson was denied a fair trial because "prejudice did seep into the courtroom."

Johnson is in the Harris County Jail.

Caldwell said Johnson's militant activities were so well known in Harris County that the trial judge should have moved his trial to another city.

He also said the judge impaired Johnson's chances of getting a fair trial when he refused to grant the defense additional peremptory challenges so all prospective jurors who knew of Johnson's background could be knocked off the panel.

One such person became the jury foreman, and three others served on the jury, said another defense lawyer, Will Gray of Houston.

After the Oct. 15 hearing, a white spokesman for the "Lee Otis Johnson Defense Committee" told more than 100 young blacks outside the courts building that if Johnson's conviction were affirmed "we will have to raise a ruckus that will make the American people shake."

**OUR GOAL IS TO SELL 50 SETS by NOV. 10**

A revolutionary new color television system featuring...

#### New Patented Chromacolor Picture Tube

with Zenith's patented black-surround principle, brings you a color TV picture more than 100% brighter than any previous giant-screen color TV. Here's how it works! Every giant-screen color picture tube is covered with tiny red, green, and blue dots that make up the color TV picture. Previously, they have been placed close together on a gray background. But now Zenith, in the patented Chromacolor picture tube, has made the dots smaller and surrounded them with jet-black. This Zenith patented black-surround screen—together with precision electron beam tracking and increased light-transmission tube face—bring you a brighter color picture, with greater definition and sharper detail than ever achieved in giant-screen color TV before Chromacolor.

#### New Zenith Titan 90 Handcrafted Chassis

with exclusive revolutionary new Solid-State Dura-Module combines famous Zenith hand-crafted dependability with dramatic new engineering advances and exciting solid-state devices such as the new Zenith RGB Circuitry.

### Dear Abby

—ABIGAIL VAN BUREN

DEAR ABBY: Nancy, our 20-year-old daughter, lives at home and we trust her. She works as a salesgirl. Nancy recently brought home a 28-year-old man and introduced him as a commercial artist and photographer.

Last weekend Nancy told us that he was to pick her up at 4 a.m. as he wanted an early start to take pictures of her in the sunrise at a mountain site 70 miles away. They returned at 6 p.m. The young photographer spoke about three words to us and left hastily.

Nancy told us that during the day she learned that the man was married with two children. I told her we all should have been told this at the start.

When I phoned his residence his wife answered, and to my surprise she knew all about the photography trip her husband had taken with our daughter, and was surprised that we were worried just because he was married. Later the young man phoned, obviously upset, and said he'd gone on many such professional trips with young ladies and this is the first time his motives were questioned.

I told him that our unmarried daughter had her reputation to think of, and also that I knew many commercial artists and photographers and never heard of any who operated in that manner. He indignantly said that he would never ask our daughter to pose for him again, and that we were way off base. Nancy agreed with him. We leave it to you, Abby. Were WE "off base"?

DEAR OLD HATS: Probably. You could have at least waited to see the photographic results of this "trip" before assuming that there was hanky-panky involved. Also, for you to have called his wife shows an appalling lack of confidence in a daughter you "trust."

DEAR ABBY: I am married to a very conservative (money-wise) woman, for which I am grateful, but I think she overdoes it. She keeps records, and now she tells me that in the last 10 years we have sent wedding gifts to 37 couples, and we spent an average of \$22.10 on each gift. She says that of these 37 couples to whom we sent wedding gifts, only 18 are still married to each other.

She says that from now on she is through buying wedding gifts. Instead, she'll send a lovely card of "congratulations," and if their marriage lasts a year she will send an ANNIVERSARY present! What do you think of this?

EMBARRASSED: Suggest that she wait five years, and send them a silver from her head! (It's the "wooden" anniversary.)

DEAR ABBY: In nearly nine years of marriage, my husband has rarely told me he loves me. Yet I know he does. How do I know? Let me count the ways:

He appreciates my efforts as a wife, mother and homemaker. Although he doesn't tell me in so many words himself, he brags me up to others. He never corrects me in public. He doesn't drink or gamble or make me jealous by being too attentive to other women in my presence. When he's wrong, he says, "I'm sorry." When I'm wrong, he doesn't remind me of it over and over again. He never says MY house or MY children — always "OURS."

I could go on and on. So what if he finds it difficult to put into words what he feels? There are many men to whom words come easily, but they are only "words."

My man has trouble articulating what he feels, but he expresses his feelings more eloquently by what he does.

If women would stop nagging their husbands by asking, "Do you love me?" and pay attention to how their men TREAT them, they wouldn't have to ask. They would KNOW.

Sincerely,  
"LOVED" IN LOUISVILLE

CONFIDENTIAL TO "FROM RAGS TO RICHES" IN L.A.: Do your givin' while you're livin'. Then you'll be knowin' where it's goin'.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Calif. 90069, and enclose a stamped, self-addressed envelope.

**Family Size**  
DENVER, Colo (AP) — Dr. James Langley and his wife bought a family-size automobile for vacation trips — an extra-long limousine like those used by airports. The car seats them, their 10 children and the family collie, Cyclone.

### Nixon's Talk Captures Poll

PRINCETON, N.J. (AP) — Seventy-seven per cent of the people who listened to President Nixon's Vietnam policy speech Monday approved of it, the Gallup Poll says.

Only 6 per cent were outright-

ly opposed to Nixon's program and 17 per cent were undecided, the poll reported.

The study was conducted Monday night immediately after the speech. To test first reactions to the President's plan to end the Vietnam war, the Gallup organization put a series of questions to 501 adults living in 286 localities in a nationwide telephone survey.

A sizable minority said they were disappointed that the President had not come up with new ideas to end the war.

Almost half of those interviewed thought Nixon's policies

would probably bring an end to the war. Twenty-five per cent said the policies would probably fail and 26 per cent said they were undecided.

At a ratio of 6-to-1 those interviewed said they felt public demonstrations against the war hurt this country's peace efforts.

### Unusual Check

BOULTON, England (AP) — The bank teller did a double take when students from Bolton Technical College presented a check for 100 pounds (\$240). The check was made out between the upper and lower portions of shapely, 18-year-old Christine Bailey's bikini.

It was a stunt for the student's "Rag Week" (a charity fund-raising drive).

David Liptrott, 25-year-old teller, decided the check was good. "It was one check which

### Dry Ice Tragedy

BALTIMORE, Md. (AP) — Twelve-year-old Raymond Drehm and his 14-year-old brother Joe placed some dry ice in a glass container Monday afternoon. Police said the container exploded and glass splinters severed an artery in Raymond's neck. The boy died to death before arriving at a hospital, police reported. The brother was unhurt.

### Texan Among 5 Killed In Action

WASHINGTON (AP) — One Texan was among five persons listed as killed in action on the Vietnam casualty list released Tuesday by the Defense Department.

The Texan was Army Spec. 4 Sam H. Mangum, son of Leona Mangum, Route 1, Box 578, Hitchcock.

The Defense Department said two Texas Army men died not

as a result of hostile action. They were listed as Platoon Sgt. Thomas J. Smallwood Jr., husband of Eva Smallwood, 1017 Saigon St., El Paso, and Pfc. Michael L. Hosea, husband Carolyn Y. Hosea, Route 1, Box 38-A, Beeville.

### Framed \$1 Bill

LOUISVILLE, Ky. (AP) — A framed \$1 bill decorates the wall in the lobby of a business firm. This notation inside the frame explains why: "This is the buck we've been passing around here for years."

### Female Cop?

PRETORIA, South Africa (AP) — South Africa needs a supplementary female police force, says University of South Africa criminology Prof. P. J. van der Walt. But tasks given to women police officers should accord with their character and emotional make-up and it should not be expected of them to sacrifice their femininity.

"With more research, tact and the cooperation of the public, women could play a much bigger part in the police force to prevent juvenile crime."

## Keith Jones Talks On Alcohol Abuse

Keith Jones, Howard County juvenile officer, spoke on "Abuses of Drugs and Alcohol" at Tuesday's meeting of Park Hill Parent-Teacher Association in the school auditorium.

Jones said that many parents contribute to their child's use of drugs and alcohol by leaving it in places available to him.

"The curious child will experiment with them," said Jones.

Mrs. Jerry Barker presided, and O. O. Craig worded opening prayer. The benediction was by Wendell Payne. Earnest Boyd, principal, announced the state convention will be Nov. 12-14, and Mrs. Barker was named convention delegate.

Room count was won by Mrs. Gilbert Gibbs' second grade.

## Day Of Prayer Is Observed Tuesday

"Let Us Rise Up and Build," was the theme of the World Day of Prayer presented Tuesday at the meeting of the Women's Missionary Society at Westside Baptist Church.

Mrs. J. W. Trantham, president, was in charge of the program. "Prayer Combined With Witnessing Together." Others on the program were Mrs. E. O. Sanderson, Mrs. J. O. Murphy, Mrs. Mary Riddle and Mrs. J. O. Andrews. Mrs. C. L. Kirkland gave the message from Mrs. Edgar Bates, a member of the Women's department of the World Alliance.

Mrs. B. N. Burroughs worded the closing prayer.

## Marcy PTA Probes Purposes, Aims

"The Parent-Teacher Association — Its Purposes, Functions and Accomplishments," was presented by Mrs. Dwight McCann, 16th District PTA president, and Mrs. David Hodnett, city council president, during Tuesday's meeting of Marcy PTA.

Mrs. John Hamilton presided. Cub Scout Pack No. 46 gave the presentation of the flag and led the Pledge of Allegiance. Room count was won by Mrs. Ann Maddin's third grade and Mrs. Selman Hicks' fourth grade. Mrs. Duane Feichtinger won a year's subscription to the Texas PTA magazine.

## Tournament Slated

Due to inclement weather last weekend, the Mr. and Mrs. Golf Tournament will continue this weekend at Big Spring Country Club.

Swim urged the group to help make the public more aware of the benefits available through the program, and he invited anyone to visit the classes which are held each Tuesday and Thursday evenings from 7 to 10 p.m. at Runnels Junior High School. Also, he extended an invitation to attend Head Start classes held each school day at 600 NW 6th.

He noted that classes are held to help understand mathematics, besides learning to read and write English. The latter program is being utilized by foreign-born wives of Webb Air Force Base servicemen. Special training is offered to those who wish to pass citizenship tests, both written and oral, and he said that when a pupil receives citizenship papers, a celebration is held.

A student may prepare for the General Education Development tests, which if passed, gives a high school equivalency diploma, with several of the graduates entering Howard County Junior College. Some local businesses have offered pay raises for students to learn to read and write.

Swim said that the drop-out percentage is high, but attendance once established, is good. He said the future looks bright for adult education to expand the vocational program using existing facilities and buildings.

"There is no cost to the student," said Swim, "and the program is completely supported by federal funds with the local school district furnishing the building."

Swim announced that the Head Start program is in need of volunteer workers on one day per month or yearly basis. The teachers aides at Head Start are being offered six hours college training in evening classes.

Herman Smith, Bystun principal and council legislative chairman, reviewed the proposed legislative program to be voted on at the state PTA convention in San Antonio. He urged members to study and support these programs.

Jim Holmes, Kentwood principal and Texas State Teacher Association District President, announced Nov. 9-15 will be National Education Week.

Refreshments were served from a table laid with a lace cloth and centered with a pilgrim scene.

## ESP Of Noted Prophets Compared By Speakers

Mrs. Walter Wheat and Mrs. Bill Johnson gave the program on "Extra-Sensory Perception" at Tuesday's meeting of the 1965 Hyperion Club in the home of Mrs. L. B. Edwards, 2703 Crestline. Cohostesses were Mrs. G. P. Morrison and Mrs. Robert Penner.

Mrs. Wheat read the backgrounds of the late Edgar Cayce and Jean Dixon and introduced Mrs. Johnson, who compared many of the predictions of the two seers to the year 2000. She stressed the similarities of many predictions, and read a number of their forecasts.

Mrs. James Cape presided and announced the group will donate \$50 for play furniture and \$25 for supplies for handicrafts to the Westside Recreation Center.

The refreshment table was laid with a white cloth and centered with an arrangement in the Thanksgiving motif.

The next meeting will be a Christmas party, Dec. 2, in the home of Mrs. H. C. Ernsting at the Veterans Administration Hospital.

## TOPS Club Names Monthly Queen

Mrs. D. J. Bussell was named monthly queen at Tuesday's meeting of the TOPS Pound Rebels in the YMCA. Mrs. Tim Lee presided, and Mrs. Donald Carlile led the pledge.

Mrs. Russell DeVore received the money tree, and Mrs. S. R. Myers won the door prize. Miss Durene Kirk was presented the basket of fruit for losing the most weight during the week.

Two weight loss contests were begun, and Mrs. Bobby Richardson was introduced as a guest.

The next meeting will be Tuesday, and each member is reminded to bring a baby picture of herself to the meeting.

## Baby Oil Best Aid For Dry Skin

Really dry skin responds best to the super protection and softening action of pure baby oil. For the young woman with dry skin or the woman whose skin became dry at an early age, nothing keeps the precious moisture in and supplements the scarce natural skin oils that this particular kind of skin so desperately needs as well as baby oil. A thin film of baby oil on your skin while you sleep and under your make-up will return your thirsty skin to baby softness.

## Make Cloth Apron From Old Towels

From the better part of old towels, make yourself a terry cloth apron. They are just the thing to wear when bathing the baby. They are soft and absorbent and will keep you dry.

## Ceramic Tile Adds To Home Decoration

Ceramic mosaic tiles are the small tiles, less than six square inches in facial area, that are most often seen on floors. They can also be used on walls and other surfaces, however. Ceramic mosaics are manufactured in a wide variety of colors and are sold mounted on sheets one foot by two feet in size. Ceramic mosaic murals can enhance an interior decor or add interest to an outside wall.

## Mrs. F. V. Clark Presents Program

Mrs. F. V. Clark presented a program on day lilies at Wednesday's meeting of the Big Spring Garden Club in the home of Mrs. Clyde Angel, 706 Hillside. Mrs. John Coffee was cohostess.

Mrs. Clark stressed that lilies are easy to grow and are very adaptable to West Texas soil and climate. The name means "day beauty," and they will bloom from May to September if planted at the right time of the year.

Mrs. D. O. Gray presided and

## Reflections Are Listed

Mrs. F. C. Gambill, worthy matron, presented reflections on Grand Chapter held Oct. 25-30 in Fort Worth at Tuesday's meeting of Big Spring Chapter No. 67, Order of Eastern Star, in the Masonic Temple.

Committee appointments made at Grand Chapter were Steve Baker, member of the board of trustees; Mrs. Steve Baker, chairman of Veteran Administration Volunteer Service; Mrs. Virgie Dyer, member of fraternal visitation committee; and C. R. McCleny, Masonic member of the VAVS Committee, all of the Grand Chapter of Texas.

The next meeting will be an initiation Nov. 18. Refreshments were served from a table decorated with red, blue and white. Those serving were Mrs. C. A. Murdock, chairman; Mrs. T. Willard Neel, Mrs. Oma Buchanan, Mrs. Verda Mae McCombs, Mrs. Marie Michael, Mrs. Blanche Hall, and Mrs. Martha Moody.

Mrs. C. E. Grossett was installed as Electa. The group will honor Chauncey Pennick, master mason, at a meeting Nov. 26.

## Use Baby Powder Before Sports

If you're playing the love game — tennis, that is — here's the secret of how the tournament gals keep their cool throughout the hottest matches.

Before the game, they dust superabsorbent baby powder under their clothes to keep them comfortably dry. The silky soft texture of the baby powder keeps their tennis togs from chafing their tender skin too. Most important of all, they dust the baby powder inside their tennis shoes — and sometimes a little on the hands even helps the grip on the racket and improves their game.

## Plan Bake Sale

The Tri-Hi-Y made plans for a bake sale, Nov. 22, at Tuesday's meeting in the YMCA. Marie Ray presided. Other officers are Kendra Dewees, vice president and Cheryl Cannon, secretary.

# Mrs. J. Worsham Enjoys 'Kitchen Duty'

By RHODA LEMONS

Go down the street as far as you can, the two-story Dutch Colonial house on the left belongs to Mr. and Mrs. Jack R. Worsham at 805 Highland.

Worsham is president of Big Spring Savings and Loan Association, and he and his wife (Jo) have two sons, Tommy, 9, a fourth-grader at College Heights Elementary School, and Phil, 7, a second-grader at the same school.

Mrs. Worsham has decorated her home in a mixture of Spanish, antique and contemporary. Her living room is lovely in bright blue companion chairs and a matching blue floral quilted sofa. She has white draperies with blue fringe and blue and green Mexican flowers blending with the Spanish wood tables. She has redone an old secretary that belonged to her grandmother, Mrs. Maude Zorns of Athlene. She did the secretary in walnut and is using a "vinegar and salt" solution to make the brass shine. The carpet is pale gold.

The dining room features an oval oak table with matching chairs and plaid seats. The focal point of the room is an antique red hutch with brass inlay, filigreed doors.

Mrs. Worsham makes beautiful afghans for her friends and has made a number of them, having just completed a gold one. She has already started another.

The vivacious mother has what she calls "her own playroom," which is a large utility room. She can leave her ironing board out and has her washer and dryer in the room, with a table for her hobby of antiquing fruit and flowers. She had two large baskets of oranges, apples, grapes, bananas and peaches, which she is making for her parents, Mr. and Mrs. Tommy Zorns of Clovis, N.M.

Upstairs there are three large bedrooms and a spacious playroom for the boys just off their room. Their room is done in red. The master bedroom features walnut furnishings, a burnt orange carpet and pale orange bedspread and accessories with twin white chairs.

The guest bedroom was antiqued green by Mrs. Worsham from some old furniture they owned and is attractive and inviting.

Mrs. Worsham cooks two meals a day. Her sons and hus-

MRS. JACK R. WORSHAM

band do not come home for lunch, so she plans an evening meal that will be both nourishing and filling.

"We live our lives around the children and our home," said Mrs. Worsham, "and that is the way we want it. We entertain on a small scale, just close friends and family members."

"I love coffee company," added Mrs. Worsham, "and I don't want people to call before they come over, because I like drop-in company."

Last year, Tommy played in Little League, and Phil is in Indian Guides. Worsham is a director of the YMCA, and he joins his sons in all their activities.

"Jack is the outdoor cook, and he specializes in charcoal steaks and hamburgers during the summer months," said Mrs. Worsham. "Otherwise I get kitchen duty."

Mrs. Worsham manages the large home of eight rooms without domestic help. "The house is easy to clean with red tile floors in the den and living area," said Mrs. Worsham, "and the living room and bedrooms are carpeted." The boys' room sometimes takes a beating

according to Mrs. Worsham, but with their playroom, they can easily shut it off from view.

Some of Mrs. Worsham's favorite recipes are listed below.

## Christmas Bazaar Set At Church

The annual Woman's Missionary Society Christmas bazaar and fall festival will be held from 5 to 9 p.m. in the fellowship hall at the First Church of God, 2009 Main. The event will be sponsored by the Women's Missionary Society.

The group needs to raise \$450 for "Christ's Birthday Offering." The bazaar affords an opportunity to buy Christmas gifts early, and the prices are reasonable.

Supper will be served including chili, stew, tea or coffee and a dessert. Prices are \$1 for adults and 75 cents for children under 12. Orders to be delivered will be accepted by calling 267-8411.

## PTA Views Film On Birth Defects

Mrs. H. H. Stephens, executive secretary of the National Foundation (March of Dimes), showed a film on birth defects at Tuesday's meeting of the Washington Elementary Parent-Teacher Association.

Mrs. Ben Boadle presided, and Van Brown gave the council report. Mrs. Billy White, membership chairman, announced the unit has 225 members, and Mrs. Boadle reminded members of the state PTA convention Nov. 13-15 in San Antonio.

Plans were made to provide a school supply system for children unable to buy their own.

J. B. Cushing, principal, told the group that a bill is pending to provide for public school kindergartens in the state of Texas.

Mrs. W. E. Andrews won the room count.

## Rebekahs Honor Members Tuesday

Members having birthdays in November were honored at Tuesday's meeting of Big Spring Rebekah Lodge No. 284 at the IOOF Hall. Those celebrating were Mrs. Lennie Griffith, Mrs. A. D. Adkins, Mrs. R. H. Unger, Mrs. Gordon Gross and Mrs. Thelma Neal. Mrs. I. O. Collins, noble grand, presided. Gifts were mailed to a lodge in Kountz. Hostesses were Mrs. Rubye Simpson, Mrs. C. D. Herring and Mrs. Unger. Mrs. Logan Grider was presented a gift for serving as musician.

## Junior Auxiliary To Sell Poppies

Plans were made at the American Legion Junior Auxiliary to sell poppies Saturday at Cook's Department Store. The announcement was made by Sharon Andrews, president, at Tuesday's meeting in the Legion Hut. The next meeting will be at 7:30 p.m., Dec. 18, when Roscoe Cone will speak on "Americanism To the Individual."

## Sponsors Supper

The Marcy Parent-Teacher Association will sponsor a chili supper and carnival Friday evening from 5 to 9 p.m. The public is invited to attend.

## Transparencies Shown By Gamco Executive

Jim Gillespie, vice president of Creative Visuals at Gamco, showed transparencies on a projector at Tuesday's meeting of the Scenic Chapter, American Business Women's Association, at the Spanish Inn.

Gillespie told how the transparencies aid the children in class rooms to learn faster and more effectively by association of pictures with ideas.

"This way teaching can be fun for both the student and the teacher," said Gillespie.

Mrs. Edward Cruz gave the vocational talk on her work at Big Spring State Hospital. Also, she distributed the yearbooks.

## LVNA Hears Report On State Convention

Mrs. Paul Camp reported on the state convention of Licensed Vocational Nurses Association held recently in San Antonio at Tuesday's meeting in the Malone and Hogan Clinic. Mrs. Jack Bransom presided, and plans were slated for a Christmas dinner, Dec. 2. The group will assist with a Christmas party at Big Spring State Hospital.

Miss Shirley Lee presided. Mrs. Leonard Burks, ways and means chairman, announced a handmade table cloth will be shown Nov. 15 from 10 a.m. to 6 p.m. at Highland Center mall, and will be given away Nov. 20 at a supper at Furr's Cafeteria.

Miss Lee reported on the national ABWA convention held Oct. 17-19 in Detroit, Mich. Guests introduced were Mrs. Gene Fletcher, Miss Vicki Hammack and Mrs. Gillespie. Mrs. Clara Butler was welcomed as a new member.

## WSCS Hears Talk On Thanksgiving

Miss Helen Ewing gave the program on "Thanksgiving" at Tuesday's meeting of the Woman's Society of Christian Service at Wesley United Methodist Church. Mrs. Ben Boadle, president, was presented a life membership pin. A luncheon was slated Dec. 5 in the fellowship hall at the church. Prayers were offered by Mrs. Barry McClean and Mrs. W. D. Lovelace. Guests were Mrs. Luther Johnson, Salt Lake City, Utah, and Mrs. Paul Campbell.

## Newcomers Club Elects New Slate

New officers were elected at Tuesday's meeting of the Newcomers Club in the Pioneer Gas Flame Room. Mrs. Bill Archibald was named president.

Other officers elected were Mrs. Ted Hupp, vice president; Mrs. Henry Bell, bridge chairman; Mrs. Jay Gresham, secretary; Mrs. William May, treasurer; Mrs. Herbert Kothman, parliamentarian; and Mrs. Henry Foster, sunshine chairman.

Bridge winners were Mrs. Joe A. Austin, high; Mrs. May, second; and Mrs. Archibald, bridge-o. Mrs. T. A. Clifton was introduced as a guest, and Mrs. Kothman was welcomed as a new member. A luncheon and initiation will be held Dec. 2 at La Posada.

## RECOMMENDED RECIPES

### Mrs. J. Worsham

#### GREEN BEAN SALAD

2/3 cup sugar (less if desired)  
1/2 cup vinegar  
1/4 cup salad oil  
1 tsp. salt  
1 tsp. pepper  
1 small onion  
1/2 cup celery  
1/2 cup green pepper  
1 can wax beans  
1 can green beans  
1 can kidney beans  
Mix vinegar, oil, salt, pepper, onion, celery and green pepper. Drain beans and pour mixture over them. Let set overnight or at least six hours.

#### MUSTARD SAUCE

1/2 cup sugar  
1/2 cup mustard  
1/2 cup condensed tomato soup  
1/2 cup butter  
3 tbsps. vinegar  
1 egg yolk, slightly beaten  
Blend above ingredients in a sauce pan. Boil one minute stirring constantly. Serve over baked ham, meat loaf, hamburger or frankfurters. Makes one and one-fourth cup.

#### PEANUT BRITTLE

2 cups sugar  
1 cup white corn syrup  
1/4 cup water  
2 cups raw peanuts  
1 tsp. vanilla  
2 tbsps. soda  
Boil sugar, corn syrup and water until it spins a fine thread. Add peanuts and cook until it forms a hard ball or crack stage. Remove from heat and add vanilla and soda. Stir into large greased pan.

#### CHOCOLATE COOKIE SHEET CAKE

2 cups flour  
2 cups sugar  
1/2 tsp. salt  
1 stick margarine and 1/2 cup shortening or 2 sticks margarine  
1 cup water (or sub. 1 cup Coke)  
4 tbsps. cocoa  
2 eggs, well beaten  
1 tsp. soda  
1/2 cup buttermilk  
1 tsp. cinnamon (if desired)  
Sift flour, measure, resift with sugar and salt. In a saucepan, put margarine, shortening, water and cocoa. Bring to boil and pour over flour and sugar mixture. In another bowl put eggs, soda, buttermilk and vanilla. Add to above mixture and mix well. Bake in a greased

and floured shallow cake pan (15 1/2 x 10 1/2 x 1) or (18 x 12 x 1). Bake for 20 minutes at 350 degrees. Start icing the last five minutes cake is baking.

#### CHOCOLATE FROSTING

1 stick margarine  
4 tbsps. cocoa  
6 tbsps. milk  
1 box confectioners sugar  
1/2 cup pecans  
1 tsp. vanilla  
Mix margarine, cocoa and milk in saucepan. Heat over low flame, but do not boil. Remove from heat and add sugar, pecans and vanilla. Serve 24.

#### PECAN SANDIES

1 cup butter  
1 cup pecans  
4 tbsps. powdered sugar  
2 cups flour  
vanilla  
1 box powdered sugar  
Mix well, roll in small balls or fingers and bake in a slow oven (325 degrees) about 30 minutes. Roll in a box of powdered sugar while hot.

#### CHERRY ICEBOX PIE

1 can cherries  
2 lemons (juice)  
1 can condensed milk  
1/2 pt. whipping cream  
1/2 cup pecans, chopped  
vanilla wafer pie crust  
Drain cherries and mix with condensed milk, stir in pecans, add lemon juice, fold in whipping cream and pour into a vanilla wafer pie crust. Refrigerate at least two hours.

#### HAM LOAF

2 lbs. ground ham  
1 lb. ground pork  
4 slices bread  
1 cup milk  
3 eggs well beaten  
1 tsp. dry mustard  
Mix ham, pork and eggs. Add bread, mustard and milk. Cook 1 1/2 hours at 350 degrees.

#### SAUCE

1/2 cup sugar  
1/4 cup brown sugar  
2 tbsps. cornstarch  
1 can cherries  
Mix as listed. Cook until thickens, serve warm over loaf.

#### BING CHERRY SALAD

2 pkgs. black cherry gelatin  
Large pkg. cream cheese  
1 lg. can crushed pineapple  
1 can bing cherries  
1 1/2 bottles of Coke  
1/2 cup pecans  
Boil cherry juice and pour over gelatin, add cheese and beat. Fold in fruit, add Coke and pecans. Chill.

### Stockholders Will Decide New LTV Plan

DALLAS (AP) — Directors of Jones & Laughlin Industries, Inc., and Ling-Temco-Vought, Inc. Tuesday approved the reorganization plan by which JLI will become a wholly-owned subsidiary of LTV.

A special stockholders meeting for Dec. 22 was called by the JLI board. Stockholders of record Nov. 21 will be asked to approve the plan.

LTV now owns 95 1/2 per cent of JLI which, in turn, owns 51.4 per cent of Jones & Laughlin Steel Corp.

Under the terms of the reorganization plan, public shareholders of JLI Industries would receive one share of LTV common stock for each four shares of JLI common stock, the companies said. Public investors now hold 728,331 shares of JLI common, which will become 182,083 LTV common shares.

Warrants to purchase 2.5 shares of JLI common stock for \$37.50, or \$15 per share, would become warrants to purchase 1/4 share of LTV common stock at that price, or the equivalent of \$60 per share at the same 4-to-1 ratio. Public investors now hold 1,459,301 warrants which will become warrants to purchase 364,825 LTV common shares. The six million JLI warrants held by LTV will be canceled, the companies said.

Public investors now hold \$124 million of JLI 6 1/2 per cent debentures, due in 1994. LTV also owns \$170 million of the debentures. It will be possible to use these debentures at face value until 1974 to purchase LTV common stock with the \$37.50 warrants.

The reorganization plan would not affect Jones & Laughlin Steel Corp. in any way, LTV said.

LTV said that in the current environment — resulting from the antitrust suit seeking divestiture of LTV's investment in J&L Steel — it was impossible for JLI to serve the purpose for which it was organized earlier this year. As stated at that time, JLI was formed to seek additional diversification. It is not possible to use JLI securities for making diversified acquisitions in the current environment, LTV said, so there is no purpose for JLI to be publicly owned. The new plan also will reduce costs associated with maintaining a publicly owned company and will simplify LTV's overall structure.

Consummation is also subject to appropriate modification of the consent preliminary injunction in the pending antitrust suit. The Department of Justice has indicated in principle, subject to the court's approval, that it will not object to the modifications provided they do not impair the government's rights and remedies under the injunction and in the pending lawsuit.

### Suspension Sparks Suit

HOUSTON (AP) — A father has sued the Galena Park School District for \$350,000 after a marijuana case which resulted in the suspension of his 16-year-old son.

James Warren Minix contends the suspension was unconstitutional because his son, James Ronald, has not been charged. The youth was suspended Sept. 22 from Northshore High School. A deputy sheriff reported Sept. 19 he had stopped a car and found three marijuana cigarettes in the vehicle. The 18-year-old driver was charged, but young Minix and another youth, 16, were referred to the county juvenile department.

In addition to \$350,000, Minix seeks another \$50,000 if his son is not reinstated or is reinstated too late to catch up his studies. Civil Dist. Judge Warren Cunningham set a Nov. 13 hearing. U.S. Dist. Judge James Noel dismissed a similar case Oct. 20 ruling Minix had not exhausted state remedies.

### Good For Kids

CHICAGO (AP) — "Children watch it," says Constance Wagner, a music education consultant.

"And, just as participating in sports builds young bodies, so can participating in entertainment — learning to play the piano, for instance — help develop youthful minds and personalities," she said.

With their parents' help, preschoolers can soon learn to recognize a waltz, tango, a march and so on.

"Such early experiences are invaluable to any child's full development," she added, "and particularly helpful to the boy or girl who takes up a musical instrument later."

### Exact Fare 'Resounding Success'

NEW YORK (AP) — In the opinions of transit and union officials, and in the crime statistics, the new exact-fare system on New York City's buses is what one official calls a "resounding success."

Bus passengers must have a subway token or the exact change for the 20-cent fare. They drop it into a tamper-proof coin box bolted to the floor of the bus. The system started Aug. 31.

Before the new system was instituted there had been 356 holdups of bus drivers this year. In one 12-hour period just before the changeover four drivers were held up. Some drivers were assaulted by the thieves.

Since Aug. 31, there has been only one holdup of a bus driver, and that occurred on the first day of the new system.

Officials of the AFL-CIO Transport Workers Union, which represents the drivers, say the plan is meeting the overwhelming approval of bus drivers.

The Transit Authority spokesman said that aside from eliminating driver holdups, the exact-fare system has speeded up bus operations.

"From everything we hear from drivers and dispatchers," he said, "it enables the drivers to stay closer to their schedules."

The same official called public cooperation with the new system "astounding."

After a few incidents in the first days under the new system, with an occasional passenger insisting that the driver make change, New Yorkers have adjusted to the plan.

The Transit Authority said that as of last August, 25 other cities required exact transit fares, among them Philadelphia, Hartford, Conn., Washington, Baltimore, San Francisco, Pittsburgh, Cleveland, Detroit, Seattle, Oakland, Syracuse, Houston and Buffalo.

The Chicago Transit Authority said it will begin using locked fare boxes in buses on 27 of its lines beginning Nov. 9. Riders will be required to have exact fare in coins or tokens.

### Shot To Death By Kidnapers

SAO PAULO, Brazil (AP) — The son of an American executive in Brazil was kidnaped and shot to death despite the payment of a \$12,500 ransom, police and consular officials said today.

The youth's body was found on a farm in a small community near this industrial city early Wednesday. The youth, Patrick Dolan, 18, had been missing since last Thursday. He was the son of Richard J. Dolan, vice president of Swift and Co. of Brazil.

Police and the family had kept the abduction a secret for fear the youth might be killed. The family paid the ransom demanded. Police sources said later the kidnapers indicated they wanted more money but never made further contact with the family.

The break in the case came Tuesday night with the arrest of a young suspect who was an acquaintance of young Dolan, police reported. They said the boy told police where the body could be found.

A search was on for the other suspects.

Police sources said there was no connection between the kidnaping and a wave of terrorism and violence, some of it directed at Americans, that has gripped Brazil for more than a year.

U.S. Ambassador C. Burke Elbrick was kidnaped in September, and the leading American diplomat in the inland capital of Brasilia, Stephen Low, has received death threats.

### Girls On The Run

LONDON (AP) — The teenage girl athletes at Camberley, South West of London, found training in the evenings something of an embarrassment. Running through the street of the town in the evenings, they had to run the gauntlet of wolf-whistles from the boys.

Susan Sandrod, 18, captain of the Camberley Girls' Athletic Club, thought of an answer. She challenged the boys to put on vests, pants and running shoes and race against the girls.

"If they think running is so funny, why don't they come along and try it out for themselves?" Susan said. "I'd love to see how they get on. We'd welcome them to race any Tuesday night."

The last we heard there were no takers, but the wolf-whistles were tailing off.

## A Devotion For Today . . .

It is no longer I who live, but Christ who lives in me. (Galatians, 2:20, RSV)  
**PRAYER:** O God our Father, hear us as this day we open our hearts to You. Fill us with the love of Christ and with His spirit so that others may see His glory—and find inspiration to be His disciples. Amen.

## Protect The Pictographs

Among the most valuable and interesting of Texas' archaeological treasures are the prehistoric Indian pictographs scattered in remote sections in the far western part of the state. Too many have been defaced by vandals or souvenir hunters, and more are in immediate danger.

The new Antiquities Code of Texas makes it unlawful to deface the Amerinds' rock art and empowers the State Antiquities Committee to preserve such archaeological landmarks, both on public and private property. This authority should be used to its fullest extent to protect the pictographs, with their graphic insight into life in the Southwest thousands of years ago, and the authority and its administration should be strengthened if found inadequate to the task.

Currently the Texas Historical Survey Committee's executive

director, Truett Lattimer, and state archaeologist Curtis Tunnel are particularly concerned about the Indian rock art in the Pecos, Devil's River and Seminole canyons above Amistad dam on the Rio Grande. The filling reservoir is putting what have been called "probably the finest Indian pictographs on the North American continent" within easy reach of boaters, and defacing is increasing alarmingly.

Gov. Preston Smith is scheduled to inspect the pictograph sites in early November, with the object of enlisting stronger public interest in their preservation. This much sad experience makes certain: Neither official admonitions nor public education can do much to save these archaeological treasures. That can only be done by law, implemented with strict regulations and sustained enforcement.

## Core Of Issue

In itself, the treaty proposed by the United States and the Soviet Union to ban nuclear weapons from the ocean floor is of limited importance.

If approved by the 26-nation Geneva disarmament conference and endorsed by the U.N. General Assembly, as expected, it would apply to the seabed 12 miles from all coastlines. It would not affect operation of nuclear-armed submarines or non-military nuclear activities or installations, and it would not require on-site confirmation of compliance.

Consequently it is certainly not as important as the treaty banning nuclear weapons testing that causes dangerous atmospheric pollution or the non-proliferation treaty designed to slow, if not stop, the spread of nuclear-war capabilities. Nor, for reason of less practicality of practical applicability, is it as important as the treaty banning nuclear weaponry from outer space.

Of course, any international agree-

ment even slightly restricting the potential horror of nuclear warfare should be welcomed. And so is this treaty for continuing the trend toward a body of international law regulating nuclear weapons development and deployment.

The nuclear powers have not yet, however, come to grips with the core problem: How to stop the race toward ever more numerous, costly sophisticated, and deadly nuclear weapons systems.

That stalemate has remained unbroken for two decades, and the now contemplated first step toward breaching it — the long-delayed Strategic Arms Limitation Talks (SALT) — is still to be taken by the United States and the Soviet Union. Until progress can be made in this central area, all the other international agreements restricting nuclear weaponry can only be considered fringe benefits that keep hope alive.

## David Lawrence The U.S. And Latin-America

WASHINGTON — A relatively small number of people in the United States know much about Latin America, yet some of the problems of the nations to the south of us are more important to this country than those of either Asia or Europe. For a population in Central and South America amounting to 258 million today is expected to go up to 600 million before this century is ended.

Disagreements and misunderstandings with the Latin-American countries have multiplied. President Nixon's Press Association was constructive and should be of great help in building what he terms a "partnership" with our neighbors.

has spent more than \$11 billion in "foreign aid" in Latin America during the last nine years, but this has led to some unexpected reverses. Nine out of 19 countries are governed by military dictatorships. At least one — Cuba — is under Soviet domination.

**LATIN AMERICANS** are sensitive. They have a deep sense of pride. President Nixon's comments, therefore, are directly to the point. He said "the United States has been charged 'with an overweening confidence in the righteousness of our prescriptions.'" He declared: "Conscious of our wealth and technology, seized by the force of our good intentions, driven by our habitual impatience, remembering the dramatic success of the Marshall plan in postwar Europe, we have sometimes imagined that we knew what was best for everyone else and that we could and should make it happen. But experience has taught us better."

"**IT HAS TAUGHT** us that economic and social development is not an achievement of one nation's foreign policy but something deeply rooted in each nation's own traditions. It has taught us that aid that infringes pride is no favor. It has taught us that each nation, and each region, must be true to its own character. What I hope we can achieve, therefore, is a more mature partnership in which all voices are heard and none is predominant — a partnership guided by a healthy awareness that give-and-take is better than take-it-or-leave-it."

Mr. Nixon stressed a significant point at the conclusion of his address:

"**AS WE SEE** to forge a new partnership, we must recognize that we are a community of widely diverse peoples. Our cultures are different. Our perceptions are often different. Our emotional reactions are often different. Partnership — maturity — these do not flow naturally. We have to work at them."

The publicized fact that the President of the United States respects the principle of mutual cooperation without attempts to dictate a course of action will go a long way toward achieving success for his program. It will, indeed, be welcomed throughout Latin America.

#### Ability To Say No At Right Time

NEW YORK (AP) — Experience is said to be the best teacher. But it can also be a costly and even fatal teacher. The lessons from some experiences are too expensive for us to afford.

The better part of wisdom sometimes is to avoid the experience and therefore the need of having to learn the bitter lesson. This requires the development of a sturdy ability to say no at the right time.

For example, here are a few invitations which, if accepted, generally lead only to disaster or regret:

"If the liquor is all gone, why don't we just all drive over to my place for an early breakfast?"

"This looks like it may be a short cut down the mountain. Why don't we follow it and save time?"

"When we get to the supermarket, dear, you hold a place for me in the checkout line while I pick up the items we need. I'm sure the others won't mind."

"I've never been up in a small airplane like this before. May I steer it for a while just to see what it's like?"

"Don't you think it would give it a little more flavor if you chopped up another clove or two of garlic and tossed them in?"

"If you liked those slides we took in Venice last year, how about dropping by tomorrow night and we'll show you the ones we took the year before on our visit through Arizona's deserts? We've got some closeups of a scorpion that are real corkers."

"Since you say you'd rather sit in the front of the canoe, why don't we change places right now before these rapids get any worse?"

"If you think a housewife has it so easy, why don't you stay home for a day and do my work, and I'll go to the office and do yours?"

"Just what is all this fuss about a generation gap, son? You're not one of those smart aleck kids who blame their parents for everything that's wrong

with the world, are you?"

"Yes, believe it or not, at my age I've started taking dancing lessons. Shall I show you a few new steps?"

"Would you like to hear the details of my new diet?"

"Well, if you don't like the income tax return I filed, why don't you try to make a federal case out of it?"

"Is there anything else I can do to make your life happier, boss?"

#### Equity Kicker Action

NEW YORK (AP) — If builders had their way the so-called equity kicker would be kicked from here to eternity. But, since inflation is a reality of this life, the kicker isn't about to be dismissed in commercial real estate deals.

"The first thing a tumbler says when he comes into my office," says James Houlihan, a real estate investment specialist, "is, 'Get me a loan without a kicker.'" Increasingly, however, it can't be done.

A kicker means that the lender no longer is satisfied with lending money for a fixed rate of interest. He wants a piece of the action, such as partial ownership or a percentage of the gross rents.

Many builders are furious about it, feeling that it amounts almost to extortion. But lenders are equally insistent that, with inflation eroding the return on fixed investments, they cannot afford to make conventional loans.

Among the first lenders to adopt the idea were life insurance companies, a bit of irony when you consider that they above all other institutions spread the gospel of the fixed investment being the certain way to security.

Beginning several years ago they demanded part ownership of projects on which they lent money. Commercial banks, barred by law from equity holdings, have instead stressed a percentage of rents during the past year or so.

The net effect is to permit lenders to charge borrowers far in excess of the going interest rate. And the methods used are

limited, said a spokesman for the National Association of Real Estate Boards, only by the imagination.

Not all bankers agree that the kicker is a good way to beat the uncertainties created by inflation. In fact, some fear that a once inviolate principle—that the lending and equity functions not be mixed—is being abused, and that stifler regulation might ensue.

Nevertheless, the Mortgage Finance Committee of the American Banker's Association went so far as to suggest that the ABA come out in favor of banks being permitted to own real estate. The resolution was turned down.

Some banking institutions the limitation is meaningless anyway. By forming a holding company, a bank can operate a mortgage lending firm that is completely free to engage in equity financing.

The equity trend has significance for a much larger part of the population than builders, for it means that some of the nation's largest institutions are convinced that inflation will be here for a long while.

No longer do the insurers and banks have faith that the economy will be stable, and that fixed returns, such as on ordinary mortgage loans, will give them a fair return.

"None of us likes to admit it," said a well known banking official who asked that his name not be used, "but the fact is we feel inflation will be around a long time. Even if we get down from 6 per cent to 3 per cent, it won't be easy to reduce the rate from there."

## Around The Rim

### Improvement

Youngsters, for the most part, are better behaved on Halloween than in the days bygone.

**THE POLICE** blotter following last Friday's annual visit of ghosts and goblins was almost devoid of reports of pranks and vandalism, perhaps more so than on a typical weekend. Those children outfitted for the evening and knocking on doors for "tricks or treats," at least at our house, were tiny tots, and not so many of the older ones merely seeking a handout.

**THE PAGES** of The Herald carried not a single story of a wagon pulled on a roof, or an outhouse pushed over. Few things to compare with such old-time guffaws were reported. I don't think there was a case of street lights being fired upon, and only a few residents were so disturbed as to seek police aid for relief or comfort.

**IF "BY THEIR** fruits, ye shall know them," then in this way the young people of today come out way ahead of their elders, who viewed the holiday with not quite the same reserve. No fanfare is needed to point it out, the youngsters have, on their own shown their mettle by their

abstinence of such activities that today would be called vandalism, but once were called "fun."

It might be the same old story of "good things" not reported as elaborately as they might be. Well, they should be.

**FOR THOSE** of us past the time of finding some pranks humorous, we appreciate a quiet evening of knowing that one's property is safe from destruction, and that the ringing doorbell merely heralds a slight tot seeking a penny candy. I particularly like to know that the old hoopy will not be covered the next morn with obscene words in paint or soap scribbles.

**I HAVE NOTED** another big difference in just the past few years. Several years ago, most of the youngsters accepted their candy and immediately turned heel, without so much as a goodbye. But this has gradually changed, until this year, I'd wager fully 90 per cent of the youngsters coming to our door did a very nice thing.

They said "thank you."

### Menace Of The Maxi-Skirt

WASHINGTON — I have refrained from making any comment about the maxi-length skirt up until now in hopes that it would go away. But I'm starting to see more of them on the streets and I can no longer remain silent.

Heaven knows I'm not a prude when it comes to women's clothes, but when ladies from good families start showing their ankles in public, then I think someone has to make a stand.

**OUR SOCIETY** is not ready for the maxi. The shock of seeing women of excellent breeding walking down Fifth Ave. in New York with the bottom of their legs protruding from their skirts can only destroy the fabric and morals of this nation. How can men go about their business and keep their minds on their work when they are dazzled by the shameful sights of women flaunting the lower portions of their legs in front of every Tom, Dick and Harry?

A well-turned ankle can produce the most evil thoughts in any normal man, and the women who are wearing maxis, without knowing it, are exciting and provoking men into a state of frenzy.

**I CONFESS** that even someone like myself, who has lived a pure and monastic existence, finds it hard to contain my ardor when I see a maxi. There is too much flesh showing for one person to bear. Only the greatest of will power has prevented me from going up and putting a hand on a shapely calf just to make sure it's

real.

The worst part for most males, when a woman wears a maxi-length skirt, is when she is sitting down. Then the maxi has a tendency to slide up, and you can see part of her shin.

Even when she is wearing stockings, the effect of seeing a lady's shin can cause any red-blooded man to go berserk.

**I AM NOT** just speaking for myself when I discuss the havoc that the maxi is causing in our everyday life. I have a friend who is unable to give dictation to his secretary since she started wearing a maxi. When she sits, legs crossed and boots showing, he loses all train of thought. He has warned her if she continues wearing a maxi to work, he will have to let her go.

**I KNOW** another man, of impeccable reputation, without a breath of scandal associated with his name, who was given a lift in a car by his friend's wife. In order to drive she had to lift her maxi to her knees. Someone on the bus saw her driving that way, and the man was so disgraced he had to leave the neighborhood.

The danger of the maxi skirt, as I see it, is that if it becomes acceptable, the dress and coat designers could be encouraged to make the length even shorter. This year the ankles are showing, next year the upper part of the lower leg could be featured. Where will it all end?

### The Matter Of Priorities

WASHINGTON — On the magic night last July, just before Apollo Eleven was to be launched, NASA Administrator Thomas Paine stepped outside the Cape Kennedy gate and met with Negroes Ralph Abernathy and Hosea Williams, promoters of the mule-wagon roadshow, alias the poverty march.

Abernathy-Williams: "Why should we be spending billions to send a man to the moon when people in the U.S. are hungry, naked and shelterless?"

**PAINE:** "If we could solve all America's social ills by not pushing that button, we certainly would not push it."

Later on, in Washington, Dr. Paine went a lot further. He said that the two socially-directed departments of HEW and HUD had spent more than a half a trillion dollars, whereas NASA had put two men on the moon for \$25 billion. The social-uplift bureaus haven't dentured their problems of health, education, welfare, housing and urban development.

**I AM** editorializing a little on Dr. Paine's remarks. He didn't need HEW and HUD except by implication. But he did give a good answer to the socializers in Congress and elsewhere who are always hollering for "priorities," which is their shorthand for saving Utopia First, far ahead of Vietnam and Space.

"What a miserably defeatist view of America . . ." Paine expostulated. "The word 'priority' implies that you can only do one thing at a time . . ."

**WELL,** IN another unforgettable year, 1492, the nation now called Spain was in a situation much like ours today. The joint monarchs, Ferdinand and Isabella, were in a holy war to drive the infidel Moors off the peninsula. Columbus was hanging around and asking for three ships to explore the Ocean Sea. Heresy, like our domestic radicalism, threatened to corrupt the realm, and Isabella was considering a tough option—the Spanish Inquisition.

**A PRIORITY-POLICY** of one-thing-at-a-time was discarded by the monarchs. All in that one year, the long war was wrapped up by assaulting the enemy capital of Granada, Columbus was commissioned and sent to sea, and the Spanish Inquisition

was imposed.

Judging by results, that's the way to go. A hated enemy was overthrown and never rose again. An empire was begun and lasted down to the Spanish-American War of the 20th Century. The Protestant Reformation which swept the rest of Europe hardly touched Spain.

**YES, THAT'S THE** way to go all right, and we could do it in our own fashion. "How did NASA succeed?" Dr. Paine asked himself. "The need for leadership with the courage and vision to set very bold goals is certainly one lesson," he answered.

"We must do many things at once," says the NASA administrator. He spoke a mouthful.

### What Others Say

When the firemen in Gary, Ind., went on strike recently, seven men put duty first and stayed on the job. Six of them have now told the Board of Public Works and Safety that they have been harassed and told they may be kicked out of the union with a consequent loss of benefits.

Given the bitterness of the Gary strike, including the blockade of equipment trying to save a burning lumber yard, it is hardly surprising that the men who opposed this flagrant dereliction of duty should now be the target of threats.

But what interests us most is the response of the president of the firemen's union, James Anast. The union, he said, was not responsible. "If there is any harassment it was brought on by themselves and their actions."

How familiar. Here we have an echo of the oldest dodge known to man. The tyrant, aiming his guns at a neighbor, says he "won't be responsible" for what happens if the neighbor doesn't surrender.

Gary's government and its people ought to be thankful that seven firemen remained loyal while the rest turned against their city. Not only should the city protect them from harassment, it should make certain that what they have "brought on themselves" is the gratitude of their community.

'WAY OUT WEST' — Winter is just around the corner in this study of a horse farm in Central Pennsylvania as horses graze under a threatening Autumn sky. ## His Job Eliminated After Plane Talk

WASHINGTON (AP) — A. Ernest Fitzgerald says the Air Force eliminated his \$28,900 a-year job in retaliation for his Congressional testimony disclosing multimillion-dollar cost overruns for the giant C5A supersonic transport plane.

"I couldn't prove that, but I think it's a safe assumption," the 43-year-old Fitzgerald said after the Air Force said Tuesday his job had been abolished as a part of a "reorganizational" move. He said he wouldn't "waste time" trying to appeal.

The service said the action was "absolutely not" related to what it referred to as Fitzgerald's "previous notoriety in relation with congressional testimony."

Sen. William Proxmire, D-Wis., disagrees. He said elimination of Fitzgerald's job—deputy for management systems in the office of assistant secretary of the Air Force for financial management—was clearly reprisal for the C5A testimony.

"It is a clear message from the Pentagon to its employees," Proxmire said. "That message is: 'Do not try to reduce costs; do not aim at efficiency; don't attempt to achieve economy. If you do you will be isolated and fired.'"

Proxmire, who headed the subcommittee that heard Fitzgerald's testimony, said: "To fire a man who has exposed the most gross form of waste and inefficiency in government on the grounds of economy is to make a mockery of that term."

Secretary of the Air Force Robert C. Seamans said the job was abolished as one of some 850 military and civilian reductions ordered in the service to save money.

It was Fitzgerald who, beginning about a year ago, informed Proxmire and other members of Congress that the C5A program, which involves the world's largest aircraft, would cost \$2 billion more than the original estimate of \$3.1 billion.

The Birmingham, Ala., native blamed the cost overruns on faulty cost estimating by the Air Force, inadequate cost control and planning and other things.

Fitzgerald said in a telephone interview "there is no question" but that the Air Force tried to conceal spiraling cost estimates on the C5A 120-plane contract

with Lockheed-Georgia Corp. Most recent Air Force estimate on the programs cost is \$5.2 billion, a figure Fitzgerald was testifying to a year ago. He said now he expects the cost to go as high as \$5.8 billion, or \$2.6 billion above the 1965 estimates when the plane was authorized.

Fitzgerald said he was "completely removed from any contact" with the C5A program after his November, 1968, testimony. One of his subsequent assignments was checking the operation of a bowling alley in Thailand.

Fitzgerald said he will be on the payroll through Jan. 5, 1970. "My boss said they were eliminating my job in order to save money," he said. "If they really wanted to save money, we could save it elsewhere, by the bushes."

There is still a romantic attachment for a steam locomotive. Affection for this all but extinct form of transportation

was seen at grade crossings, at railroad stations, and on school grounds as the nine-car Flying Scotsman train from England traveled through East Texas Tuesday afternoon to Terrell and on its run from Terrell to the Dallas Union Station Wednesday morning.

"Isn't that a grand whistle?" one spectator asked a couple who had driven from Bedford to Terrell early Wednesday morning to see the train. "It's the finest whistle I ever heard," was the reply.

That remark expressed the mood for the trip through East Texas as the Flying Scotsman made its way on the Texas & Pacific tracks which Flying Scotsman owner Alan Pegler described as "excellent."

Pegler and other members of his group said they had been surprised at the warmth and friendliness of their reception and at the crowds which had been greeting the train. The train stopped in Marshall and Longview where there were quite large crowds and even at Willis Point in the dusk it was estimated there were at least a hundred people waving at the train as it sped by.

The Flying Scotsman rides with smoothness and grace and one American told Pegler as he climbed down from the locomotive cab. "She's sure a sweet running buggy."

Pegler as he busied himself with the operation of his train was dressed in dark blue denim overalls with a dark blue denim jumper in what must have been an English style. The engine drivers, as the English call their engineers, and the firemen were dressed the same way.

The Flying Scotsman burns coal and it was necessary to spot coal along the route so the two tenders on the train could be filled. Fire departments are keeping the engine boiler filled with water.

For Henry Foster, one of the engine drivers, the arrival in Dallas will long be remembered for it was his 60th birthday.

Pegler worked for three years arranging the tour which started in Boston and will end in Houston.

## Texans Welcome Flying Scotsman

## Thruway Bans

ALBANY, N.Y. (AP) — Nearly 5,000 vehicles have been denied entry to the N.Y. State Thruway since the super-highway began spot checks for mechanical defects three years ago.

The Thruway Authority reports it has inspected slightly over 100,000 vehicles during this period and turned back 4.1 per cent of them as unsafe for travel.
