District's October Revenues Steady

October revenues to the Colorado River Municipal Water District were almost identical with those of a year ago, the monthly revenue report shows.

The \$132,824 compared with \$132,776 for October, 1968. This brought this year's total to \$2,418,005, which is \$94,000 ahead of the same period a year ago.

The municipal customers increased by nearly \$93,000, while rural users took \$14,000 more. Revenues from oil companies reached \$999,577, or down about \$10,000, while recreational facilities produced \$26,758, or \$6,000 less due to low lake levels.

Operating expenses through

October stood at \$1,050,548, making a net of \$1,365,456 subject to transfer to the debt service and other indebted funds.

Revenues were based on sales of 1,019,160,000 gallons of water (on September billing). This makes 10,865,291,000 for the first 10 months, or \$21,000,000 gallons more than for the same period a year ago. Of the total, 9,661,278,000 gallons came from Lake J. B. Thomas, 487,374,000 from the Martin County well field (the bulk of this was recovery of Lake Thomas water injected during the winter), and 573,940,000 gallons from city well fields. The Colorado City diversion works yielded 122,899,000 gallons which went to oil field repressuring.

Women End Bar's All Male Tradition

CHICAGO (AP) — Seven women have ended a 71-year-old tradition at one of Chicago's last domains of male supremacy—an all-male bar.

The females held their beachhead Thursday night in Berghoff's bar—a small rectangular section of a German restaurant in the Loop—gladly sparring with males who would venture a verbal sally and return sullenly to their drinks.

"I was the first to walk in," Winifred Gandy said between sips of a house specialty, a prized 14-year-old bourbon. The bartender said I couldn't be served and then we all stood at the bar and took up space."

The manager ordered them served.

Miss Gandy and the six other women are members of the Chicago chapter of the National Organization of Women.

Mary Jean Collins-Robson, chapter president, said the women would have stayed if not served and then "we would have brought suit."

"It's terrible. Last of man's personal domains," said Ronald J. Rosenblatt of Chicago.

One dissenting male was Don Fowler, a Chicago attorney. "The men against this are unsure of themselves and afraid of competition from women," he said.

LOUD VOICE AGAINST DISSIDENTS

Veterans Groups To Be Heard

SAN DIEGO, Calif. (AP) — Eleven veterans groups, once part of what they call the "silent majority," say they have united to be heard as one loud voice against "dissidents in American society."

"We are going to become vocal and active and not just passive resolutions," Harry L. Foster, coalition chairman, said Thursday.

"We are going to step right into a situation instead of sitting back."

Foster, past president of the California American Legion, said a veterans' summit meeting in San Diego produced permanent coalition pledged to "combat those ideologies which would tear our country apart."

The coalition is an outgrowth of the "Tell It To Hanoi" committee, which was formed to support President Nixon's Vietnam war policy.

He said an example of what the veterans can do are the nearly 70,000 signatures on "Tell It To Hanoi" petitions which are being sent to President Nixon.

"We are not going out on the streets and demonstrating," he said. "That's a method we deplore. We will use the strength of the membership to oppose

anti-American activities. We will oppose with all we have, short of physical confrontation."

Veterans groups in the past have adopted resolutions condemning some campus activities, but Foster said the coalition will "become involved" in seeking meetings with campus officials.

Foster said the coalition represents 31,000 members in the county through these organizations:

American Legion, Veterans of Foreign Wars, Military Order of the World Wars, Veterans of World War I, Disabled American Veterans, Amvets, retired officers association, reserve officers association, fleet reserve association, military order of

the purple heart and the San Diego Chapter of the West Point Society.

Foster said establishment of veterans summits will be sought in all California counties. In hopes of producing a state-wide effort.

The coalition policy includes support of the President's efforts for a just and honorable

Officer Tells About Rioting

CHICAGO (AP) — A policeman testified Thursday he was "bombed" with cans, sticks, pieces of concrete and plastic bags filled with color solutions during a demonstration at the time of the Democratic National Convention last year.

The patrolman, Joseph Hale, said he saw Jerry Rubin run through the crowds shouting, "Kill the pigs, get the pigs."

Rubin is one of seven men on trial in U.S. District Court charged with conspiracy to incite rioting during the convention.

Hale said he was working as a plainclothes police photographer during the demonstration Aug. 28 in Grant Park.

While he was in the park,

they made the arrest.

"No," the patrolman replied, "I didn't notice. I was focusing my camera on the individual and his face."

Earlier, the prosecution announced it is nearing the end of its presentation of evidence in the trial, which started Sept. 24.

Richard G. Schultz, an assistant U.S. district attorney, told Judge Julius J. Hoffman that the government "has only a few more witnesses."

He declined to elaborate on his statement for newsmen.

The defense also concluded its cross-examination of Irwin Bock, a Chicago undercover policeman, whose seven days on the stand were the longest for any witness in the trial to date.

When a partnership uncovers a fit in two suits, a problem frequently arises in deciding which one should be trump. To many players it becomes a question of merely selecting the longest and strongest suit. The obvious choice is not always the best one, however, as there are apt to be other considerations involved which may take precedence. Today's hand, taken from a recent tournament, presents an interesting case in point.

The first round of bidding was more or less normal. When South made a free bid of one spade, North's thoughts naturally turned to slam, and he flashed the signal by cue bidding the opponent's suit. His two-heart call is unconditionally forcing to game, and permits him to indulge in a relaxed investigation without fear that part-

Family Code Chairman Says New Law Gives New Weapon

AUSTIN — The chairman of the Family Law Section of the State Bar of Texas said today that alarm of parents and others over new provisions of the Family Code passed in the last legislative session is a result of considerable misunderstanding.

"Some parents and others have the idea that the legislature threw the door wide open to common law marriage for minors. This just isn't true," the chairman Orba Lee Malone, El Paso, said.

"The only change in the new law, which becomes effective Jan. 1, is a provision for recording such marriages when they meet three requirements that have long been established for common marriages of minors or anyone else," Malone said.

GREATER PARENTAL CONTROL

"The recording process will provide a method of preserving the evidence of the existence of the common law marriage for proof of the legitimacy of children and for proof of the marriage in order to obtain such benefits as Social Security.

"Many lawyers believe that other provisions of the new law will give parents greater — not less — control over their children's marriages by providing a legal means for parents to bring suit to annul

underage common law marriages as well as underage ceremonial marriages.

"The present law gives parents no power to bring a suit to annul their children's marriage," Malone said.

Malone explained how the changes came about. In 1965 the Family Law Section undertook, at the request of the State Bar of Texas, to recommend to the Texas Legislature a new family code. Teams of practicing attorneys, judges, and law professors spent years drafting the code, and work is still under way. In 1967 the portion of the code dealing with matrimonial property was passed, and in the 1969 Legislature the title dealing with marriage, divorce and annulment was passed. As drafted by the Family Law Section and approved by the State Bar Board of Directors the new law would have abolished common law marriages contracted after a specified date. At the same time it provided for the registration of existing valid common law marriages. Since these marriages already exist, it was believed desirable to provide some method of proving their existence.

DELETED RECOMMENDATION

The Legislature deleted the provision abolishing common law marriage and left in the provision providing for the registration of existing common law marriages.

"Thus, it is true," said Malone, "as some newspaper articles have declared, that girls over 14 and boys over 16 could enter into a valid common law marriage without parental consent and get the marriage registered at the county clerk's office.

"But youngsters of this age have always been able to form common law marriages without parental consent if they met the

three requirements of a common law marriage," said Malone. The requirements are (1) agreement to be husband and wife, (2) living together as husband and wife, and (3) holding themselves out to the public as husband and wife. Such a marriage has always been valid, said Malone, whether registered or not.

NEW WEAPON

"But the registration itself does not really create the common law marriage," Malone emphasized. "It is the agreement, the living together, and the holding out to the public as husband and wife which creates the common law marriage. A casual or a secret illicit relationship cannot be a valid common law marriage. This has been the law in Texas since 1840."

Taxpayers May Force Ohio Schools To Close

WASHINGTON (AP) — Voter resistance to school-tax levies will force new shutdowns of school systems in Ohio within the next month, the National Education Association (NEA) said Thursday.

Similar temporary school shutdowns in Ohio because of lack of operating funds gained national attention last year. One large system previously forced to close because of a financial crisis was in Youngstown.

Among additional Ohio systems which will be forced to close temporarily as this year draws to a close are several which have experienced three defeats by voters of new school-levy proposals over the last 11 months.

Ohio law prohibits a return to the polls for special levy elections in December, the NEA noted. Other systems have scheduled elections early in December, but no money is collectible in Ohio on levies passed anytime during 1969 until after Jan. 1, 1970.

A LOVELIER YOU Lovely Hair Needs Brushing And Care

By MARY SUE MILLER

A Lovely writes: My hair is falling out and I cannot figure out why. It scares me. I neither tint nor curl it. I wear it straight back in a chignon. It's quite long. Would it help to cut it short? I don't want to, but I would to stop the loss.

The Answer: There is no evidence that cutting hair short stops falling or encourages growth. However, trimming off split dry ends is a salutary step.

Many factors must be considered in dealing with falling hair. First off, a fallout is sometimes confused with breakage. Long hair, in particular, breaks off when it becomes dry or when it is subjected to the

constant use of rubber bands and circlets to keep it in place. To tell whether your hair is breaking or falling, inspect the scalp end of the detached strands. A tiny bulbous formation on the ends indicates fallout.

Under normal circumstances the scalp sheds up to 100 strands daily, simply to make room for new growth. Losses undergo a speed-up from a scalp disorder, an illness, shock, tension or pregnancy. Too, almost every head has a molting season — usually during the spring or autumn.

Except in the case of a scalp disorder, the head just may return to normal if given good care — massage, brushing and conditioning. But never stretch your luck. If you continue to molt for a month, fly to a doctor.

Millions To Animals, Big Headache For Court

REDWOOD CITY, Calif. (AP) — George Whittell left \$40 million to animals and a million-dollar headache to San Mateo County Superior Court.

Some 20 animal protection groups are clamoring for pieces of Whittell's fortune, left in a vaguely written will that he penned before his death April 17.

Whittell, an 87-year-old real estate investor, willed approximately \$40 million of an estate estimated at \$50 million to \$100 million—to be divided among "Defenders of Wildlife, the Society for Prevention of Cruelty to Animals, local or national, and the National Audubon Society, or any affiliated chapter or branch, etc."

Whittell apparently was unaware that no national SPCA exists.

Thirty-four lawyers appeared this week to make claims on behalf of various animal groups across the nation. Judge James O'Keefe scheduled a hearing Jan. 5.

Whittell's widow Elia said she doesn't understand the claims by so many groups, although she is not opposed to their receiving part of the money.

"I think he made it clear in his will he hadn't discussed it with me, exactly," she said. "I'm not against the money being left to them. I may leave some myself. I haven't decided yet."

In the early 1920s, Whittell acquired thousands of acres along 18 miles of Lake Tahoe shoreline and preserved it in its natural state—filled with wildlife.

His widow said they kept cheetahs, lions and other African game at their foothills estate in nearby Woodside.

Martin Producers Fight Weevils To A Standstill

STANTON (SC) — In August, 1969, under the direction of the Texas Department of Agriculture, an area to the south of Stanton, and mostly in the edge of Midland and Glasscock counties, was designated as the most highly weevil infested area, especially in the rank green irrigated fields.

A first spraying of 2,274 acres was applied Sept. 3-5, 1969, and was paid for by the Martin County Insect Control Association and State matching funds, and under the direction of Charles Holt, state entomologist.

A second application was applied Sept. 12-14, 1969. The same 2,274 acres were sprayed with the association funds. An additional 561 acres were sprayed and paid for by individual farmers and with state matching funds, as the boll weevil had begun migrating further into the county. The association felt that it did not have enough funds to take on an extra acreage since it had committed itself to the original "hot spot" of 2,274 acres.

A third application was applied Sept. 23-25, 1969. The original 2,274 acres were sprayed by the association, and an additional 794 acres were sprayed this time and paid for by individual farmers. Also at this time 2,527 acres were sprayed and paid for by Midland County farmers, who were alarmed by the movement of the boll weevil into the dryland cotton after heavy rains in September. This 2,527 acres was

mostly dryland and in the same area that the association was working in, except the association was committed to irrigated cotton in this area, and did not have the money to spray all the whole area by itself.

A fourth application was applied Oct. 2-3, 1969. This time the association paid for all the cost of spraying a total of 3,600 acres, taking in a larger portion of Martin County and the original 2,274 acres. Midland County farmers sprayed and paid for their 2,527 acres once again.

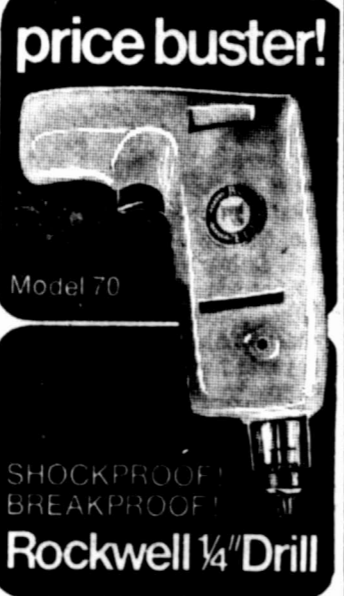

The fifth application was applied Oct. 14-15, 1969. By this time, the association had completely exhausted its funds, but there was some money left from the state funds and this was matched by individual farmers and 1,805 acres, mostly in the 2,274 acre "hot spot" was sprayed once more. In addition to this approximately 2,000 acres was defoliated with methol parathion added to the defoliant by farmers concerned about the boll weevil.

The Martin County Insect Control Association has reported a total of 20,636 acres sprayed in the effort to keep the boll weevil out of Martin County. The weevil was not eradicated, but the association officials feel that they helped to contain the threat and halt migration.

Association officials expressed thanks to the nine cotton gins in Martin County, without whose financial and other help the cotton after heavy rains in September. This 2,527 acres was

TRADITIONAL THANKSGIVING SERVICE AT FIRST CHRISTIAN

The traditional Community Thanksgiving Service will be held Thursday at 10 a. m. at the First Christian Church. Rev. James A. Puckett, pastor of the Baptist Temple, will preach, while the Big Spring High School girls choir, directed by Kenny Sheppard, will provide the music.

Others on the program include the Rev. Robert F. Polk, pastor of the First Baptist Church, who will give the call to worship; the Rev. James E. Uselson, pastor at Kentwood Methodist Church, the responsive Scripture reading; the Rev. R. L. Parramore, Mount Bethel Baptist Church, prayer of Thanksgiving; Dr. R. Gage Lloyd, First Presbyterian Church, offertory prayer; and the Rev. John R. Beard, First Christian Church, welcome and benediction.

Mrs. Bob Simpson will play the organ, and Connell Taylor, from the First Baptist Church, will lead the congregation in singing.

Man Held In Mass Murder

SONORA, Tex. (AP) — A man described as a "material witness" was in a Sonora jail and is being questioned for leads to the man who brutally murdered five members of a family on a lonely highway between Sonora and Del Rio in West Texas 18 months ago.

David Lordon, whom authorities say may be the last man to see the family and the murderer was taken from San Francisco to Sonora by sheriff's officers.

Five members of the Arellano family were murdered and their bodies scattered along the highway by a man who gave them a ride after their car had a flat tire in April, 1968, the lone survivor of the tragedy told police.

Manuel Arellano Jr., was four at the time, suffered multiple stab and gunshot wounds but survived. He told police that his father, Manuel Arellano Jr., 25, struggled with the man who gave the family a lift.

The man shot the boy's father, then his mother, Mrs. Arellano, 24; his brother and sister, Eduardo Arellano, 18 months, and Leticia Arellano, 2½ years; and his father's sister, Rosa Elia Santos Arellano, 21.

Police said the younger woman was nude and had been raped.

Lordon, who police say has been cleared as a suspect, was employed by a service station in the area at the time of the slaying.

The family was from Villa de Fuente, Mexico, a town near Piedras Negras, just across the border from Eagle Pass, Tex. They were on their way to San Angelo apparently when the car had the flat.

Americans Express Cautious Optimism Over Soviet Talks

HELSINKI (AP) — After two U.S.-Soviet meetings in Helsinki, there is cautious optimism among the Americans that the talks will lead to fullscale negotiations to curb the nuclear arms race.

At the Soviet Union's request, the secret strategic arms limitation talks, dubbed SALT, adjourned until Monday after Thursday's 100-minute session.

Authoritative conference sources said the shortness of the meetings and the time between them are evidence of the seriousness of the two sides rather than of delaying action.

With national security at issue, the envoys were said to be proceeding carefully and reporting home fully for further instructions—a time-consuming process.

While the U.S. envoys had expected the next meeting to be held Saturday, they did not object to the weekend recess. The Americans have favored some interval between meetings to allow time for preparation, while the Soviets had indicated a preference for daily sessions.

The Helsinki round is expected to last several weeks as the two superpowers probe each others' positions for what might be negotiated later in fullscale bargaining on slowing their costly nuclear missile competition.

By agreement, spokesmen for both sides have refused to make any report on progress of the talks so far except to give the time of the meetings.

Newsman have not been allowed into the meeting rooms, which alternate between the U.S. and Soviet embassies. Sources on both sides denied a published report Thursday that the Soviets had removed from their conference room a picture of the Soviet Union's founding father, V. I. Lenin, at U.S. request. The sources said the room was bare of pictures to start with.

The Soviets did issue Thursday, five days after they had arrived, a list of 18 advisers to their SALT delegation roughly comparable to the Americans' list of 19.

Tech President To Antarctica

LUBBOCK — Texas Tech President Grover E. Murray left Wednesday for an inspection tour of National Science Foundation sponsored research activities in Antarctica.

The trip will permit him to participate in the Nov. 29 ceremony at the South Pole commemorating the 40th anniversary of the first flight over the area by Admiral Richard E. Byrd.

Dr. Murray will join Dr. Laurence M. Gould of the Earth Sciences Department of the University of Arizona for the

official inspection tour. On the return trip, Dr. Murray will visit Canberra, Australia, to consult with Australian governmental officials regarding the exchange program of scientists, which is part of the cooperative agreement signed by former President Johnson and Prime Minister Gorton of Australia.

City Receives 5 More Cars

Brock Ford delivered another five police cars to the city Thursday, to bring the total number to seven. Another four police cars and one public works car are still due.

The city commission awarded a contract to Brock to replace the cars, plus seven pickups and one GVW truck for a net price of \$25,016.06. All the trucks have been delivered.

Raymond Neill, general maintenance supervisor, said all the decals, sirens, and lights and other equipment have been put on the trucks and the two cars previously delivered. The others will be equipped as they come in, he added.

Ernest Lillard, public works director, said one of the cars would be equipped with a new electronic siren, similar to two or three already in use. The rest will have the old-style sirens.

Eight Buildings, 12 Cars On Report

A total of eight buildings were demolished as hazardous structures during October, bringing the total to 75 for the year according to the monthly report issued by City Building Inspector Tom L. Newton.

There were 11 buildings still being demolished, and no action has been taken on 16 other structures.

The junk car report, prepared by the building inspector, shows 12 cars were removed from city streets and the owners of 12 other cars were contacted by the department about removal of their vehicles. Action is pending on 83 other vehicles.

Priests Join Conference

Two Roman Catholic priests have joined the newly organized Texas Conference of Churches, with their appointments to become effective Dec. 15.

The Rev. George H. Salloway, from the diocese of Amarillo, will serve as assistant to the executive director in various administrative capacities, with special responsibilities in the field of education and special ministries.

The Rev. Robert Solano Flores, formerly Southwest regional director of the Division for the Spanish Speaking, will be an associate director. He will head the Valley Service Project, whose aims include improvement in education, health and housing, development and training of leadership, establishment of new industry and jobs, and fuller utilization of all available resources.

Organized Feb. 25 this year, the Texas Conference of Churches is a unique ecumenical organization with membership comprised of 40 judicatories of 15 Christian denominations in Texas, including the Roman Catholic and Greek Orthodox dioceses.

Russian Baptists Thrive Since War

NEW YORK (AP) — "The vigorous growth of Baptist congregations in the Soviet Union, especially since World War II, indicates the spiritual vitality of the movement," the Rev. Dr. Eugene L. Smith said on return from a visit here.

San Angelo's New Bishop Stands For Reform Ideas

SAN ANGELO — The installation of the Rev. Stephen A. Leven as the third Bishop of the Diocese of San Angelo will be held Tuesday at 5 p.m. in the Cathedral of the Sacred Heart. As the Metropolitan of the Archdiocese of San Antonio, the Rev. Francis J. Furey, Archbishop of San Antonio, will be the prelate who officially installs Bishop Leven.

BISHOP STEPHEN A. LEVEN

In assuming the leadership of the San Angelo Diocese, the 64-year-old Bishop Leven, who has been Auxiliary to the Archbishop of San Antonio for 13 years, will succeed the Rev. Thomas Tschoepe, recently transferred to Dallas.

Following the Mass of installation there will be a special dinner served for Bishop Leven and all those invited to the installation in the Sacred Heart School auditorium. Music will be provided by a Mariachi band and by C. Stephen Therault at the organ. Toastmaster for the dinner will be R. B. Lange, San Angelo.

Tentative plans have been made for a reception open to the public to follow the dinner at 8:30 p.m. in the auditorium. Officials invite the public to come and meet Bishop Leven at that time.

Bishop Leven was born in Blackwell, Okla., April 30, 1905. He studied at St. Gregory's College, Shawnee, Okla., St. Benedict's College, Atchinson, Kan., and St. Mary's Seminary, LaPorte. Later he also studied six years at the University of Louvain, Belgium.

Bishop Leven was ordained as a priest on June 10, 1928, and consecrated a bishop Feb. 8, 1956. During his ministry he has served in Ponca City, Oklahoma City, Bristow, Tonkawa and Enid, all in Oklahoma, besides acting as vice-rector at the University of Louvain for three years. He speaks six modern languages fluently.

As Auxiliary Bishop in San Antonio, Bishop Leven stood as a prominent figure in the ecumenical movement, held several key archdiocesan positions, worked closely with the laity in several projects and served as pastor of Our Lady of Grace, and more recently, Sacred Heart parishes. During the Second Vatican Council, Bishop Leven was among the leading

Sunday Radio Series Bills New York Minister

The Rev. Dr. Ernest T. Campbell, preaching minister of the Riverside Church in New York City, will be speaker for the 1969 United Presbyterian U.S.A. Series of "The Protestant Hour" in October, November, and December.

Dr. Campbell's topics for the five Sundays are: Nov. 30, "Never Lose Heart;" Dec. 7, "Too Good for God;" Dec. 14, "Christmas, Live and in Color;" Dec. 21, "Of Stars and Stables;" and Dec. 28, "The Ponce de Leon Anxiety."

Before going to the Riverside Church in 1968, Dr. Campbell was pastor of the First Presbyterian Church in Ann Arbor, Mich., a church noted for its urban ministry. While in earlier pastorates in York and Stroudsburg, Pa., Dr. Campbell devoted 12 years to weekly radio programs. A frequent speaker at conferences and preaching missions, Dr. Campbell was speaker on "The

Baptists Show Low Receipts In October

DALLAS — Although Texas Baptist receipts for the month of October were lower than at this time last year, the total picture is encouraging, according to the latest report from the Baptist General Convention of Texas.

The BGCT has reported gifts of \$11,414,472 for 1969 thus far. While the amount is \$28,103 less than the total amount received in October of 1968, the figure represents an accumulative increase of \$475,254 since January of this year.

Texas Baptists are now more than \$164,472 ahead in their attempt to fulfill the \$13.5 million budget approved last year in Fort Worth.

In addition to Cooperative Program receipts, the BGCT reports special gifts for October of \$431,461, bringing the total mission giving amount for the months of January through October to \$16,690,085.

Nixon Plan Is Working, No Jeopardy By Stepup

SAIGON (AP) — Deputy Defense Secretary David Packard said today that President Nixon's plan for peace in Vietnam is working and is not being jeopardized at this point by increasing enemy activity.

But the secretary said as the Saigon government's forces grow "inexorably stronger, it will be possible for President Nixon to maintain the momentum of U.S. troop replacements based on his three determining criteria of progress in Paris, the level of enemy activity and growing South Vietnamese armed forces strength.

Checking Cases

Two pleas of guilty were heard Thursday in Howard County Court on charges of issuing worthless checks. Judge Lee Porter fined Mrs. M. K. Moelling, 48, of 1405 Mesa, and Mrs. Preston Myrick, of 3718 Hatch, \$1 each. Costs ran the total figure to \$43. Both were ordered to make restitution on the checks.

in Washington that the Viet Cong and North Vietnamese would counter by keeping their top-ranking negotiators away and would charge that Lodge's departure signified that the U.S. government is no longer interested in negotiating a peace agreement.

Presidential Press Secretary Ronald Ziegler, in announcing Lodge's resignation, said the President still believes that "negotiation is the quick route to peace" in Vietnam and still hopes for a political settlement to the war.

Lodge, Nixon's vice presidential running mate in their unsuccessful 1960 campaign, was ambassador to West Germany when Nixon named him to succeed Harriman in Paris last January. Although a lifelong Republican, he was President John F. Kennedy's ambassador to South Vietnam in 1963-64 and President Lyndon B. Johnson's envoy there from August, 1965, until early 1967.

Lodge, who is 67, said in his letter of resignation to the President that he wanted to leave for personal reasons. But friends had been saying for weeks that he was fed up with the lack of progress in the talks and would step out by the end of the year.

DAV Meeting

Members of the Disabled American Veterans will meet tonight at 7 in the First Federal Savings Building. Guest speaker will be Mac Nugent from the Big Spring Social Security office who will discuss benefits under Social Security. Nugent will answer any questions about Social Security. Refreshments will be served.

TWO MORE EVENINGS FOR PLAY

Saturday will be the final night of a six evening engagement of "A Thousand Clowns." Little Theatre production at the Cosden Club. Tickets are still available for performances this evening and Saturday and may be obtained at Kathy's Card Shop, Modesta's, Fiveash Plumbing Co., or by calling Mrs. Danny Fiveash, 7-3033.

Certain time each evening is 8 p.m., and patrons may make dinner reservations at the club. Club membership is not required to see the play or have dinner.

AFTER 46 YEARS OF FREEDOM Returns To Nevada Prison

CARSON CITY, Nev. (AP) — The old man looked at the high granite walls of Nevada State Prison and shook his head. Then he glanced briefly westward as the sun disappeared over the Sierra Nevada mountain range.

Willis, a heavy-equipment operator for a railroad, said his father had made a fortune in Maine during World War II.

Fristoe escaped from the prison 46 years ago after serving 2½ years of a life sentence for slaying two members of a sheriff's posse. He was being pursued for the theft of a Model T Ford, two rifles, 15 boxes of cartridges and some salt pork.

He said the family since has reduced that debt to \$2,097.50 and continues to pay on it.

In that 46 years, using the name Claude Willis, he had married, had a son, and found both financial success and failure in travels that took him from coast to coast and into Mexico and Canada.

Warden Carl Hocker said Fristoe would sleep in the prison hospital. "I'm not going to put him in a cell," he said. "It's not necessary."

Lodge, Nixon's vice presidential running mate in their unsuccessful 1960 campaign, was ambassador to West Germany when Nixon named him to succeed Harriman in Paris last January.

He said Fristoe normally would have to spend seven years in prison before being eligible for parole. He added that it will be up to the district attorney whether Fristoe is prosecuted for escape. Conviction would carry a sentence of 1 to 10 years.

Lodge, who is 67, said in his letter of resignation to the President that he wanted to leave for personal reasons.

Fristoe, a widow who was receiving Social Security and had suffered a stroke 18 months ago was living with his son, daughter-in-law Christine and 2-year-old granddaughter Teresa in a house trailer.

LONG WALK BACK — A guard escorts Leonard W. Fristoe, 77, along the outside of Nevada State Prison from which Fristoe escaped 47 years ago. Partially paralyzed, the convicted double murderer received a helping hand from a guard as he returns. Warden Carl Hocker had returned Fristoe to prison from Los Angeles where he confessed his past after his arrest during a family squabble. Fristoe talked freely of his escapades during his years of freedom.

Soldier Gets Inheritance

FT BRAGG, N.C. (AP) — Sgt. Albert Wharton III of Texas had been living on a soldier's pay since joining the Army last year. Now he has a \$45 million inheritance.

By refusing to review lower court decisions this week, the Texas Supreme Court upheld Wharton's claim to his late grandmother's oil and cattle empire in North Texas.

Wharton, 22, is the only living descendant of Electra Waggoner, daughter of W.T. Waggoner who died in 1934. Waggoner built a massive ranch covering more than one million acres.

Wharton said he probably will attend a university after he leaves the Army in March. He said he is considering the University of Texas, the University

A 15-year-old girl was taken into custody Thursday afternoon and charged with theft under \$5. The girl was released to her parents and told to report to juvenile authorities later in the week. Officials of a local discount store reported to the police department that the girl had been caught taking some records and stockings.

City Cases Appealed

Twenty-two cases were filed in Howard County Court on appeal from the Corporation Court of Big Spring last week, and 10 are on charges of traffic violations.

Flight Highlights

SPACE CENTER, Houston (AP) — Here are highlights of the eighth and ninth days on Apollo 12's moon-landing mission, all times Eastern Standard:

Friday, Nov. 21
9:22 a.m.—Start of 45-minute meal period for astronauts Charles Conrad Jr., Richard F. Gordon Jr. and Alan L. Bean, followed by several hours taking close-up pictures of three proposed landing sites for future missions—the rugged highland areas of Fra Mauro, Descartes and Lelande.

3:40 p.m.—Yankee Clipper's main engine triggered 3 minutes, 9 seconds for critical burn to kick astronauts out of lunar orbit and back toward earth.
4:17 p.m.—Twenty-minute TV broadcast showing receding lunar surface.

5:37 p.m.—Meal period lasting 1½ hours, followed by 10-hour rest.

Saturday, Nov. 22
3:30 a.m.—Astronauts wake and start 1½-hour meal period.
6:32 a.m.—If needed, Yankee Clipper's main engine triggered to make homeward course more exact. Light schedule planned remainder of day to allow astronauts to relax.

10:22 a.m.—Astronauts start one-hour meal period.
2:22 p.m.—Using sextant aboard Yankee Clipper, Gordon conducts navigation experiment to see how well astronauts can steer by the stars and planets.
4 p.m.—Conrad, Gordon and Bean start 1½-hour meal period, followed by 10-hour rest.

Takes Time Along

SPACE CENTER, HOUSTON (AP) — Wherever man goes in the universe, he'll have to take his own time with him.

Time, as earthlings measure it, is an arbitrary thing based on the rotation of the earth on its axis and the orbit of the Earth about the sun.

Man evolved under the Earth-length cycles of daylight and darkness. His rest periods are adjusted to sleeping once during this cycle. His year developed around the annual return of the seasons.

If astronauts on the moon tried to adjust their rest cycles to the day-night cycle of the moon, they would have to go sleepless for 14 earth-days and then sleep for two weeks.

The moon rotates once every 28 days and daylight at any one point last half that time.

Games People Play

SPACE CENTER, Houston (AP) — "Out of my way, Camille, your daddy's not walking on the moon!"

So spoke Amy Bean, 6, the spunky daughter of Apollo 12 astronaut Alan L. Bean, as she and a neighborhood playmate jockeyed for schoolbus position.

The command reflected more pride than conceit, and anyway Thursday was pretty much kids' day for the offspring of moonwalkers Bean and Charles Conrad Jr.

The children of command ship pilot Richard F. Gordon Jr. attended classes as scheduled.

Four Conrad, 14, eldest of the four Conrad boys, rushed off to school after listening to the lift-off of the moonship Intrepid from the lunar surface.

Brothers Thomas, 12, Andy, 10, and Chris, 8, stayed home, catching up on sleep, romping with the family cat and performing bicycle acrobatics. But after lunch, their mother hustled them all off to school.

Clay Bean, 13, also took a holiday and devoted it partially to whizzing around the neighborhood on a unicycle.

The three Apollo wives gathered at the home of Jane Conrad for lunch and a television viewing of Intrepid's rendezvous with the command ship Yankee Clipper.

They surprised newsmen and photographers as they paraded out of the Conrad home, one at a time, carrying signs which read "Thrilled," "Proud" and "Happy."

Sue Bean suggested the words pretty well summed up their feelings so "now we don't have to say much."

Rams Picked By 27-20 Tab Over Pokes

NEW YORK (AP) — Roman Gabriel's bruised knee and the news that Earl Morrill will start for Baltimore instead of John Unitas add a new dimension to the tough job of trying to pick this week's pro football winners.

The big names of the day are Dallas at Los Angeles in the National Football League, possibly a preview of the Jan. 4 title game, and Oakland at Kansas City for the lead in the Western Division of the American Football League.

Los Angeles 27, Dallas 20 — Gabriel is due to start despite the bruised knee as Rams aim for 10th straight. Eddie Meador saved the day last week in Philadelphia where Eagles gave Rams fits before losing 23-17.

Minnesota 31, Pittsburgh 10 — Only problem for Vikings is a temptation to look ahead to Thursday's date with Detroit. Steelers must be seething after losing eight in a row but they don't have the guns to shoot down the flying Vikings.

Chicago 17, Baltimore 14 — Sticking our chin out here. Counting on Bears' rugged defense to turn off Colts and Gale Sayers to score enough for tight win in low point game.

Seagraves Ace Is Scoring Leader ... Ricky Fields, who'll play for Seagraves here tonight, emerged as the leading scorer in District 5-A the past season with 116 points.

Wolverines Sniff Roses Saturday

Michigan can clinch a Rose Bowl bid with a victory over strong showing against top-ranked Ohio State in the college football bone-buster of the year Saturday.

Purdue, a less likely choice to represent the Big Ten in the New Year's Day classic at Pasadena, Calif., still has an outside shot at the Grand-daddy bowl if: —The 12th-ranked Wolverines get blown out of Michigan Stadium by the big, bad Buckeyes.

Cleveland 41, New York 29 — First of two between these old rivals with Browns winning eight of the last nine. Leroy Kelly should ramble through Giant line despite new get tough line by Coach Alex Webster.

Grady Wins Two From Greenwood ... Grady Junior High Basketball team broke the win barrier in their first district game here Thursday night against Greenwood.

Elsewhere on the college football front, second-ranked Texas and third-ranked Arkansas were in the day off, but play Thanksgiving Day, Nov. 27, against opponents which should give them little trouble.

Ohio State, winner of 22 straight games, is a two-touchdown favorite over Michigan, but it doesn't bother Wolverine Coach Bo Schembechler.

Jesse Olague had a hot hand for Big Spring in that one, counting 14 points. Harry Crosby came in for 12 and Benito Rubio 11.

Jayhawks Win Opener In Levelland Meet

LEVELLAND — Defending champion Howard County JC of Big Spring and Odessa College won opening round games in the annual South Plains College Basketball tournament here Thursday.

Sul Ross Pick In Meet Here

First round play in the Women's College District Volleyball tournament gets underway at Howard County JC at 6 o'clock today.

Four games are on tap today, seven more on Saturday. A team must finish first or second in the eight-team event in order to qualify for the State tournament scheduled Dec. 5-6 in Corpus Christi.

Lamar Tech of Beaumont is the defending state titlist. Host Howard County meets West Texas State University in first round play at 9 o'clock this evening.

In other first round games, Tarleton State of Stephenville battles with Odessa College at 6 p.m. Hardin-Simmons of Abilene squares off with Texas Tech at 7 p.m. and Sul Ross Tech of Alpine tries Wayland Baptist of Plainview at 8 p.m.

A victory by HCJC would send it back into action at 11 a.m. Saturday against the H-U-Texas Tech survivor. A loss would call for the Jayhawk Queens to play again at 1:30 p.m. tomorrow.

The consolation finals are booked for 2:30 p.m. Saturday, the third place contest at 3:30 p.m. and the title bout at 4:30 p.m.

Hawk Linksters Bidding To Remain Lead In WC

Howard County JC's crack golf team tries to firm up its hold on first place in Western Conference golf standings in a match at Roswell, N.M., today.

Odessa is coming fast, finishing first in a match held recently at Meadowbrook in Lubbock.

The Jayhawks were able to retain the top spot by finishing second to Odessa. The Big Springers now have 23 points, compared to 20½ for Odessa, 17½ for South Plains and 13½ for fourth place NMMI.

This will be the final WC match until March 6, when competition will be resumed at Hobbs, N.M. Big Spring hosts the linksters April 11.

HCJC is the defending champion in the league, the only other school to win besides Odessa.

The local team will be made up from a squad which includes Willie Breland, Seymour, Teddy Griffin, Big Spring; Jeff Nieto, Dallas; Bill Schwarzbach, Big Spring; Randy Truelove, Dallas; Mike Weaver, Big Spring; Tommy Rutledge is coach of the Hawks.

Ex-Sands Coach Resigns Post

HAMLIN — Joe Youngblood former head coach at Sanda High School, has resigned as head football coach and athletic director at Hamlin, effective immediately.

Youngblood will enter the brokerage business in Dallas. He plans to locate in Corpus Christi after undergoing a training course.

Units Nixes Retirement

BALTIMORE (AP) — Quarterback John Units, admitting he doesn't like to sit on the Baltimore Colts' bench, has denied reports he said he might retire or seek the undisputed No. 1 job with another club.

"I don't know where you guys get these things," the 36-year-old National Football League veteran said when asked to comment on a story Thursday by Dean Eagle, sports editor of the Louisville Courier-Journal.

"I have no idea of retiring or for going to another team," Units said in Baltimore late Thursday.

Units was benched in the second half of last Sunday's 20-17 loss to the San Francisco 49ers, and Baltimore coach Don Shula has tabbed Earl Morrall as his starting quarterback this Sunday against the Bears in Chicago.

The Louisville article quoted Units as being unhappy with the benching and with Shula's announced plans to operate his quarterbacks in tandem the rest of this NFL season.

"I won't play under the circumstances," Units was quoted in the story. "This is the last year of my playing contract. I might consider playing for another club."

In Baltimore, Units denied making the statements about retiring or going to another club and said he was not "bitter" about not starting this Sunday.

Sport Cars Backfire On Auto Industry

DETROIT (AP) — In an effort to snap out of a 1969 profit squeeze, the U.S. auto industry made a large investment in high-powered sporty cars for 1970.

Now there are signs that the American consumer isn't buying and the squeeze could turn into an economic bear hug. Inventories are higher this year than last and specialty cars top the list. An indication of the high inventories came Thursday when Chrysler Corp. said it would lay off 17,800 workers on several car lines for the next week.

It was the first cutback for inventory adjustment by an automobile manufacturer since the start of 1970 model production. American Motors had stocks of 1970 Javelin and AMX models which will last more than 100 days, the trade publication Automotive News said this week. Firebird unchanged from 1969 each stood at more than 100 days along with Plymouth's Barracuda.

The industry as a whole was reported to have a specialty car inventory which would last 75 days. The inventory of all cars was estimated at 45 1/2 days, 6 1/2 days higher than a year earlier.

A highly regarded University of Michigan economist, George Katona, said today he sees trouble ahead for the auto industry with indications of a 5 to 10 percent drop in sales for 1970 cars. Katona, speaking at the 17th annual conference on the Economic Outlook, said his survey on consumer sentiment showed a softening spirit to buy among the American consumers. A month earlier Katona said new car sales might escape the pessimism that was beginning to grip buyers.

The current issue of Ward's Automotive Reports said the automakers had scheduled production of about 2.2 million cars for the fourth quarter compared to about 2.5 million a year earlier.

Streets, Alleys Are Graded

The street department graded 361 blocks of streets and 241 blocks of alleys, rebuilt 81 blocks of streets in October, according to the monthly report of the public works department.

Other activities of the street department included cleaning streets and alleys with heavy machinery, hand cleaning 160 blocks of paved streets, and mowing rights-of-way and around signs and trees.

Work was begun replacing the fence at the sanitary landfill and the fence at the golf course on U.S. 87. The bridge at First Street and Benton was repaired. The fence at the overnight campground was replaced.

The sanitation department continued its effort to clean the weeds and trash from alleys by cleaning over 100 blocks of alleys. Activity at the sanitary landfill slowed with the coming of cold weather as 1,865 tons of material were dumped there during October.

General maintenance crews hand-painted 53 intersection signs and installed nine new posts at city street intersections. Sixteen other signs were installed for the traffic control and school safety program.

Only one new commercial permit was issued by the inspection department and 45 other building permits were issued for additions, remodelings and other purposes.

Hospital Has New Personnel Officer

Donald L. Morgan is the new personnel officer at Big Spring State Hospital. He and his wife, Judy, and five-year-old daughter, Arla Melee, arrived in Big Spring Nov. 1. Morgan was formerly office manager for Shell Chemical Company in Richardson.

Morgan is a native of Austin. He attended the University of Texas for two years then transferred to Southwest State University in San Marcos where he graduated with a BBA degree in 1966. He took postgraduate work in accounting at Southern Methodist University.

Scouts Schedule A Turkey Shoot

Boy Scout Troop 8 is sponsoring a turkey shoot Saturday from 9 a.m. to sundown at the firing range, a half mile east of Midway Road on IS 20. Jim McCain, assistant scoutmaster, said the shoot was to help buy new scouting equipment.

Rifles and ammunition will be furnished. McCain said, and the public is invited. A quarter will buy three shots; anyone can shoot as much as he wants.

Missioner Speaks At First Baptist

Dr. and Mrs. John Adams, who are Southern Baptist missionaries to Tanzania, Africa, will speak at the 11 a.m. worship hour of the First Baptist Church Sunday.

Dr. Adams, home on a year's leave, is taking additional training while engaging in medical practice at Seminoles. Their appearance has been booked at the church as a prelude to the annual Christmas missions emphasis, the Lottie Moon offering.

Dear Abby

DEAR ABBY: I do have a problem, and right now it's getting the best of me.

I am about six inches taller than my husband. Bernie and I have been married for nearly 10 years and have two beautiful children. A woman couldn't ask for a better husband, father, or provider, and I'm really ashamed of myself for feeling this way, but Abby, I can't help it. I seem to have developed an attraction to men who are taller than I am. When I dance with a taller man I feel so feminine and secure, and then when I dance with Bernie again, I feel "cheated."

My husband doesn't know how I feel, and I wouldn't hurt him for the world, but this bothers me. I know it's wrong, and I've talked to myself until I'm blue in the face, but it doesn't help me.

I can't send a stamped, self-addressed envelope, as Bernie sometimes gets the mail before I do, but if you could squeeze this into your column, with some advice, I'd certainly appreciate it.

TROUBLED
DEAR ABBY: No man has everything. Some short men are long on brains, charm and integrity, and some tall men are short at the bank. So count your blessings, lady, and quit counting inches.

DEAR ABBY: Please, please print this desperate plea to the shoe manufacturers:
Help! I am almost barefoot, but I am determined not to wear those ugly, clumpy, cloddy shoes! They don't flatter women's feet or legs, and a woman is a fool to wear something that is unbecoming to her—even if it IS in style.

Those of us who can sew, have an alternative when it comes to dress styles, but we can't make our own shoes. At least give us a choice!

A HOLDOUT IN RENTON, WASH.
DEAR ABBY: The shoe industry has heard plenty from me over the years. I wore out my typewriter protesting the pointed-toed, spiked-heeled cripplers. NOW we have "clumpy, cloddy" shoes, which look like marine combat boots or orthopedic footwear. The old cripplers were better looking, but they ruined our feet. The new ones offer comfort, but they are ugly! We can't win.

"NEEDS TO KNOW" — the woman with three children who fights constantly with her husband.
Since the husband does nothing to remedy the situation, and it takes two to correct such a situation, I say, leave him. For if you don't, things will go from bad to worse. Our neighbor and her husband fought all the time. They had a lovely home and two wonderful daughters — apparently everything to make their lives worthwhile. But their fights grew more vicious, and neighbors even heard their threats to kill each other. To make a long and very sad story short, the wife shot and killed her husband with his revolver. (He was a police officer.) He's in the graveyard, and she is

Horoscope Forecast
FOR TOMORROW
—CARROLL RIGHTER

GENERAL TENDENCIES: Until noon you are apt to get in an argument. Cool. Find rest in the afternoon. Have some amusing time this evening.

ARIES (March 21 to April 19) The Full Moon will bring much activity so plan now to add to present holdings. Make preparations for what you want most: Be philosophical about things you cannot help.

TAURUS (April 20 to May 20) Those quire quiet thinking so that you can solve them ideally. Listen to what they have to say. Your perspective has changed, but don't show it to others.

GEMINI (May 21 to June 21) Keeping busily engaged in tasks that are a nuisance but need to be done some time. Then relax and bring your energy back into focus. That social affair in the evening could be very successful.

MOON CHILDREN (June 22 to July 21) Although you want to be with friends today, be prepared for disagreements, so keep calm and all is fine. Use that fine smile instead of criticizing. Use that fine mind wisely.

LEO (July 22 to Aug. 21) Every rule and reputation that applies to you should be followed without fail today. Show family that you are most devoted. Try not to be imperious with higher-ups or you get into real trouble.

VIRGO (Aug. 22 to Sept. 23) You have good ideas that need to be talked over with experts before putting into operation. Write to out-of-towners and state what is on your mind. This can bring fine benefits and results.

LIBRA (Sept. 23 to Oct. 23) Be sure to handle that duty wisely now that it is the time of the Full Moon or you will find it very difficult to do later. Follow your hunch about handling that bad situation. Be cautious.

SCORPIO (Oct. 23 to Nov. 21) Sit down with new allies and talk over future operations very carefully, know what is expected of you also. A new approach will be necessary for best results. Attend an interesting lecture tonight.

SAGITTARIUS (Nov. 22 to Dec. 21) You have been postponing certain work that should now be attended to efficiently. You are full of energy during the Moon's fullness and can accomplish a great deal. Be clever.

CAPRICORN (Dec. 22 to Jan. 20) The social is your best outfit today since you can make fine new contacts as well as enjoy others that have been very helpful to you. Get that hobby working nicely. Do not stay up too late tonight.

AQUARIUS (Jan. 21 to Feb. 19) Do not be critical of higher-ups or you can lose a great deal by using the wrong words. Other high-strung individuals could be dangerous, so remain calm, diplomatic as well. Drive carefully tonight.

PISCES (Feb. 20 to March 20) You had better wait until another day before you handle that important matter and study further just how to do so now. Postpone that fun visit tonight. Handle only the most important personal matters.

in the woman's prison. And their children are being raised by relatives a thousand miles away. Don't think it can't happen in your neighborhood. It can.
