Nixon To Reveal New U.S. Troop Pullouts

Special Session Warning Voiced

WASHINGTON (AP) — President Nixon says he intends to announce new U.S. troop withdrawals about Christmas time as part of a plan he declares will result in the Vietnam war ending regardless of efforts for a negotiated peace.

Nixon told a news conference Monday night North Vietnamese infiltration into South Vietnam has gone up in recent weeks, but not as much as first believed, and "we do not consider the infiltration significant enough to change our withdrawal plan."

PROMISE
He cautioned, however, enemy action still could cause him to alter his view. He said the number of American soldiers to be pulled out in the next round is still undecided. It appeared Nixon wants further reports on infiltration before making a final decision. He promised the announcement in two or three weeks.

In his 30-minute session with reporters, his first formal news conference since late September, Nixon dealt largely with Vietnam, including the alleged My Lai massacre. But he also touched on domestic and foreign policy matters.

There was an undisguised threat to veto the tax reform bill as written by the Senate to include large increases in Social Security benefits and a jump in personal income tax exemptions.

WARNED AGAIN
Nixon also warned again he will call Congress back into a rare post-Christmas special session if lawmakers' efforts fail in acting on appropriations.

And he spoke optimistically about the Soviet-U.S. arms control talks.

Speculations on another U.S. troop pullback has centered on a figure of 40,000 for the next announcement, which would bring the total withdrawals announced this year to at least 100,000.

"The enemy still has the capability of launching some offensive actions," Nixon said.

But the present prognosis that I think I can make is this: that we can go forward with our troop withdrawal program and that any action that the enemy takes either against us or the South Vietnamese can be contained within that program."

He said the war is cooling off with casualties and infiltration both down now as compared with a year ago.

'NOT GOOD'
"Looking to the future," Nixon said, "if that situation continues I believe that we can see that the Vietnam war will come to a conclusion regardless of what happens at the bargaining table."

At present, he said, the chances for a negotiated settlement—at the Paris peace talks—are "not good," but they might improve as his Vietnamization plan develops because the enemy would find it harder to make a settlement with the Saigon government alone than with Saigon

and Washington.

Nixon was asked early in the session about the alleged massacre of Vietnamese civilians by U.S. troops at My Lai in early 1968.

"What appears to have happened was certainly a massacre," Nixon said. "Under no circumstances was it justified."

ATROCITIES
He said the United States was fighting to prevent the people of South Vietnam from having imposed upon them "a government which has atrociously against civilians as one of its policies."

"We cannot ever condone or use atrocities against civilians in order to accomplish that goal," he declared.

Nixon said the My Lai incident was an isolated one. He also declared American soldiers have a record "of generosity, of decency" toward the South Vietnamese and this record "must not be allowed to be smeared."

"That is why I am going to do everything I possibly can to see that all of the facts in this incident are brought to light," he said, "and that those who are charged, if they are found guilty, are punished."

He ruled out, however, a separate civilian investigation of the incident as urged by some congressmen and leading public figures.

\$800 'BREAK'
On domestic issues, Nixon said he would not sign a tax reform bill raising personal income tax exemptions from \$600 to \$800 and providing a 15 percent increase in Social Security payments.

Suez Canal Dogfight

Soviet-made MIG21s of the Egyptian air force shot down a U.S. supplied F4 Phantom jet of Israel today in a dogfight over the southern end of the Suez Canal, an Egyptian military communique said.

The Israeli military command reported an air strike by Israeli planes against Egyptian military positions along the central sector of the Suez Canal but mentioned nothing about an aerial clash. It said all Israeli planes returned safely.

The Egyptian military communique distributed in Cairo by the Middle East News Agency said the dogfight involved eight MIGs and eight Israeli Phantoms.

The Israeli plane fell in flames near Suez, the communique claimed.

BIG DAY FOR CHEER FUND

The Christmas Cheer Fund has had its best day to date, with professional organizations and clubs joining individuals in sending in gifts to help bring needy children a bit of Christmas happiness.

The fund is now at \$354, but still needs much more if it is to accomplish its task of financing toy repair for distribution by city firemen and the Salvation Army. No matter how small, a holiday contribution will be appreciated. You may be assured that every penny goes to help poor families, at Christmas and throughout the year.

Make your check to CHRISTMAS CHEER FUND and send to The Herald for acknowledgment.

Fair Trial For Client Impossible?

FT. BENNING, Ga. (AP) — The civilian attorney for Lt. William L. Calley Jr. says he feels it will be impossible for his client to receive a fair military trial because "everybody has gotten into the act on this case."

"They want to get on television and they want to talk," said George W. Latimer of Salt Lake City, Utah.

Earlier Monday, Latimer and Calley's military lawyer, Maj. Kennedy A. Raby, filed a motion here to dismiss all charges against Calley, 26, on grounds that he cannot get a fair trial because of prejudicial news coverage which has created "a vast amount of public passion" against him.

Latimer referred to widespread comments and published accounts on the Army's case against Calley, charged with slaying 109 Vietnamese civilians at My Lai on March 16, 1968.

"I'm only saying that he (Calley) couldn't have a fair trial in military court," Latimer said. "I wouldn't rule out any other possibility because too many other things are still under discussion."

The attorney, who for 10 years was one of three civilians comprising the U.S. Court of Military Appeals, was interviewed by telephone after President Nixon's televised news conference Monday night.

In response to questions about the President's remarks about the subject of My Lai, Latimer replied: "I wouldn't care to comment on what the President said unless I do it in court. I don't know what he had in mind."

During the news conference, Nixon was asked specifically: "In your opinion, was what happened at My Lai a massacre, an alleged massacre, or what was it?"

The President said: "What appears was certainly a massacre, under no circumstances was it justified."

The dismissal motion by Latimer and Raby cited earlier statements about the case by Nixon and Secretary of the Army Stanley Resor and said those comments tended toward exercising "command influence" on a court-martial jury.

The President, as commander-in-chief of the armed forces, stands directly in the military court-martial chain, the motion said, and if the death penalty were handed down in Calley's case, "it would require the personal approval of the President before the death sentence could be executed."

Lone Star Blast Kills
LONE STAR, Tex. (AP) — One man was killed and three injured in an explosion at the Lone Star Steel Co. mill shortly after 9 a.m. today.

All involved were maintenance men repairing parts of the by-products area. Killed at the scene was Joe D. Scudder, 43, of Route 1, Pittsburg.

Injured and sent to Good Shepherd Hospital, Longview, were James W. Larson, 37, Route 1, Daingerfield, and Charlie Lane Jr., 46, Route 2, Hughes Springs. Treated and released at the plant hospital was Sam Fowler Jr., 47, of Daingerfield.

Scudder and Larson, both millwrights, were working with Lane, a welder, and Fowler, a relief foreman, when they were involved in an explosion, plant authorities said.

No damage estimate was made immediately, but the plant said damage was confined to a limited area.

An inquest was conducted by Ira Russell, Morris County justice of the peace.

Police Plot Charges Fly After Raid

LOS ANGELES (AP) — Police say a series of attempts by armed Black Panthers to intimidate officers lay behind a decision to raid the militant Negro organization's Los Angeles headquarters.

The result was a four-hour siege and shootout Monday in which six persons, including three policemen, were wounded.

It was the latest in a series of police-Panther confrontations which have resulted in the death of 28 members of the Negro group since January, 1968, said Charles Garry, white attorney for the Panthers' national headquarters in Oakland. Two Panthers were fatally shot during a police raid in Chicago Thursday.

Negro spokesmen charged that the Los Angeles raid was part of a widespread police plot to break up the Panthers, if necessary by killing them.

Acting Police Chief Harold Gates said the purpose of his men was to serve warrants for illegal possession of weapons.

Gates said an officer went to the Panther headquarters last week to check a complaint of an overly noisy juke box, and was ordered to leave by persons armed with a pistol and a shotgun.

The same week two patrolmen passing by the building reported they saw a man at a window, a machine gun poised at the ready, Gates said.

Nader Takes Poke At GM

NEW YORK (AP) — Kicking off a "nationwide student protest against pollutants," consumer crusader Ralph Nader has called for dissolving the General Motors Corp. through antitrust action.

Nader singled out automakers in a hearing Monday by 21 congressmen into air pollution for their "indifference, venality and conspiracy" against efforts to fight air pollution.

A lawyer working in Washington, Nader wrote "Unsafe at Any Speed," a critique of auto-safety standards.

Nader was the first witness at the hearing at the U.S. Custom House here. He told the congressmen auto manufacturers "have spewed forth tons of carbon monoxide, hydrocarbons, oxides of nitrogen whose silent violence attacks the health of man."

Meanwhile, in Washington, Nader asked the government to ban all smoking on commercial flights as a threat to air safety and a personal discomfort to nonsmokers.

After the pollution hearing, Nader went to General Motors' Fifth Avenue offices, where he led 15 law students in picketing. He called it the opening shot of a nationwide campaign.

LAOS BOMBING AREA—Map shows the Ho Chi Minh Trail which runs from North Vietnam through Laos into South Vietnam. President Nixon told his Monday night news conference that the U.S. is "interdicting the Ho Chi Minh Trail as it runs through Laos." By interdicting, the President meant bombing.

Capt. White Missing On Laos Flight

Capt. James B. White, who was stationed at Webb AFB as an instructor pilot for two years, is reported missing in action during a flight over Laos, in Southeast Asia.

He was transferred to combat duty last fall, leaving Webb AFB Sept. 13, 1968. While here, he and his wife were active in many community activities.

His father, retired Maj. General Edward H. White, said in St. Petersburg, Fla., Monday, that Capt. White had hoped to become an astronaut as his brother did. Lt. Col. Edward H. White II, who was the first man to walk in space. This was on the Gemini 4 flight in June, 1968. Col. White later died with two fellow astronauts when fire swept their Apollo spacecraft during a practice countdown on Jan. 27, 1967.

The report of Capt. White being missing in action is in the current issue of Air Force Times, dated Dec. 10.

"Big Spring," Capt. White said before leaving here, "is by far the friendliest town I've ever lived in. I've enjoyed my stay at Webb. It is an outstanding base for a young officer, as opportunities are available that usually go to a higher grade officer at larger bases."

He was an instructor pilot at Webb, later transferring to academics. He was course supervisor for the aerodynamics classes and conducted T-38 test flights for the base maintenance division.

In April, 1968, he received the Air Training Command's TOPS (To Promote Safety) award, when he flew a damaged T-38 off the runway just above stall speed, thus saving the aircraft

from a possible crash with personnel.

Capt. White was a popular speaker on the space program, and appeared before many community and service organizations. He was chairman of the Junior Officers Council, president of the local chapter of Toastmasters International, officer in charge of the base Book Issue Section and Film Library; and an usher and lay speaker in the Protestant Chapel.

He was a nominee for the Jaycees-sponsored America's 10 Outstanding Young Men of 1968, and also nominated for ATC's representative on the Air Force Association's Junior Officer Advisory Council.

Capt. White hoped his tour of duty in Southeast Asia would give him the necessary impetus to land him in the NASA space program. After leaving here, he went to McConnell AFB, Wichita, Kan., where he was qualified to fly the F105 Thunderchief, then went to Thailand in April of this year.

His wife, Sharon, returned to their home town of St. Petersburg, Fla., to await his return, and planned to study for a master's degree in political science at the University of South Florida at Tampa.

Mrs. White was also active in community activities, appearing in the lead role of the Little Theatre of Big Spring's "The Drunkard"; had a role in the "Midnight Cowboy," which was filmed here; appeared on television and modeled for style shows. She served as president of the Officers Wives Club and was a member of the chapel choir.

County Opens Door For Joint Tax Collections

Big Spring City Commissioners and the school board of trustees may well have an additional item to place on their agenda for discussion in their respective meetings tonight — tax collecting consolidation with Howard County.

The county commissioners, late Monday afternoon, approved a resolution inviting the city of Big Spring, Big Spring Independent School District, Coahoma Independent School District, City of Coahoma and Forsan Independent School District taxing agencies to join Howard County for the purpose of consolidating tax collecting and assessing functions and designate the Howard County

Tax Collector to be the responsible agency.

The resolution stated that such an agreement could be effective Jan. 1, 1970, with details and plans to be worked out. Commissioner Bill Tune made the motion to adopt the resolution, and it was accepted unanimously. County Auditor Virginia Black was mailing copies of the resolution to the various taxing agencies this morning.

County Judge Lee Porter said today that such a move would certainly save money, but he added that the mechanics still must be worked out.

"We've shown our willingness to go into the agreement," the

judge said, "now it's back in the other agencies' laps. They've all been talking about it for a long time, we'll see now if they're sincere."

At present, taxes are appraised for the five agencies by the county's tax appraiser, Novis W. Womack, but each agency does its own collecting. Womack appraises property for Forsan and Coahoma on an independent basis.

Womack also does the appraising for the county and the junior college, but Zarah LeFevre, Howard County tax assessor-collector, collects these taxes, as well as the state taxes.

BOMB SCARE Big Blast For Teen Runaway

It was just a big blast for Frederick Sommers, 15, runaway from Lexington, Mass., but the bomb scare had Texas International officials worried enough Monday to search the airplane the youth and his father were riding.

The lad and his father, William Sommers, had boarded the airplane at Howard County Airport, on a return trip back east, after the boy was arrested last Friday by Big Spring police as a runaway. About 20 miles from Abilene, the boy told the hostess, Marlene Vunk, that there was a bomb aboard the airplane. She reported the statement to the commander, Capt. Carl Maas, who made an unscheduled landing in Abilene about 1:45 p.m. for a search.

Officers representing the FBI, Abilene police, Texas Highway Patrol, Texas Liquor Board, and Abilene Fire Department made a search of the airplane and luggage, and in 30 minutes found no bombs. The boy was quizzed at the Abilene police station, then released again to his father, a U.S. State Department official.

At 5:30 p.m., father and son boarded another Texas International flight out of Abilene, and headed once again back home in Massachusetts.

The boy was arrested by Big Spring police at 12:30 a.m. Friday as he was hitchhiking along IS 20, going west. He told Abilene officials he was going to California, "for no particular reason". He was turned over to Keith Jones, Howard County Juvenile officer, the same day, and held until Monday, when his father arrived to return him home.

There were 10 passengers and a crew of three aboard the airplane during the bomb scare.

UF Getting More Gifts

Volunteer gifts (some from individuals who increased their original subscription to help meet the goal) have been coming into United Fund headquarters.

These came after public announcement that the UF is only about \$6,000 short of its requirements and that if the total goal is not met, participating agencies will suffer. And all of these are working on thin budgets.

Total cash and pledges had inched up to \$103,755.19, against a goal of \$110,000.

A special committee will be working next week to contact as many persons as possible who have not had a share in the community undertaking, or who might be able to increase their giving.

Meanwhile, those who will participate are urged to send checks to the United Fund, Permian Building, Big Spring.

Big Springer Shows Goldwater

SAIGON (AP) — A helicopter pilot from Texas showed Sen. Barry M. Goldwater, R-Ariz., the armaments of a Cobra gunship Monday during a visit by the senator to the 361st Aviation Company at Ban Me Thuot, 160 miles northeast of Saigon.

Capt. Tom Grant of Big Spring pointed out the helicopter's rockets, cannon and rapid-firing miniguns. The Army calls the slim two-seater "one of the most effective fighting machines in Vietnam."

Capt. Grant is the son of Mr. and Mrs. David E. Grant, Coahoma, and his wife, Janace, lives in Big Spring.

Goldwater, a retired major general of the Air Force Reserve, told Grant he'd like to take the helicopter up for a test run but had a pretty tight schedule and had to move on to other bases.

The senator arrived in Vietnam Friday for a six-day visit.

New Kopechne Ruling Slated

WILKES BARRE, Pa. (AP) — Judge Bernard Brominski of Luzerne County Common Plea Court will announce Wednesday whether or not he will permit the body of Mary Jo Kopechne to be exhumed for an autopsy.

Miss Kopechne died last summer when a car driven by Sen. Edward M. Kennedy plunged off a bridge on Chappaquiddick Island off the Massachusetts coast. She is buried in nearby Larksville.

Lawyers for Miss Kopechne's family, who oppose the exhumation and autopsy, said they were told the announcement would be made about 9:30 a.m. in the Luzerne County courthouse.

13 SHOPPING DAYS TIL CHRISTMAS

RAIL WRECK — Rescuers work around the first coach of a six-car commuter train which was demolished when it collided with a truck-mounted crane at a crossing near Tatebayashi, Japan, Tuesday. Seven persons died and more than 80 were injured. The truck's overturned wheels can be seen under the train wreckage.

News Briefs Guilty Pleas In Area Court

Two guilty pleas were heard in Howard County Court Monday, one for a charge of driving while intoxicated, and the other for carrying a prohibited weapon.

Brissido Ponce, 35, Ackerly, was arrested Saturday by the Texas Highway Patrol and charged with driving while intoxicated. His bond was set at \$500 by Justice of the Peace Jess Slaughter but Ponce was still being held today in Howard County jail for the border patrol. After pleading guilty Monday he was fined \$50 plus court cost and given a six month probation sentence by County Judge Lee Porter.

Andrew Alcantar Aquire, 18, who listed his address as 506 NW 6th, was fined \$100 plus

MISSOURI WOMAN SOUGHT — Sharon Kinne, a 29-year-old woman from Independence, Mo., is being sought by Mexican authorities after escaping from the women's prison in Mexico City Sunday night. Mrs. Kinne, shown in 1965 walking through the gates of Mexico City's Lecumberri prison for appearance in court, had served five years of a 13-year sentence for the murder of a tourist guide in a Mexico City hotel. She is also wanted in Kansas City on a charge of murdering her husband.

Transferred, Then Released On Bail

Edward Bob Smith, 50, Wyoming Hotel, was transferred from city custody to Howard County jail Monday on a charge of driving while intoxicated, which was filed in county court. Smith was arrested by police Friday and released Monday when Justice of the Peace Walter Grice set bond at \$500.

Douglas Smith, 35, Big Spring Motel, was arrested by city officials Monday afternoon on a warrant from the Howard County Sheriff's office charging defrauding an inn keeper. Smith was transferred to Howard County jail Monday and remains there on \$300 bond set by Justice Grice.

Man Found On Railroad ROW

The body of Joseph Ivan Spinks, 61, was found this morning by a Texas & Pacific Railway Co. employe near the Benton Street overpass. Police made identification through fingerprint comparison and said the man had previously given them a Goldthwaite address.

Justice of the Peace Jess Slaughter ruled death by natural causes due to exposure. Police officers said they had notified the man's son in Midland of the death of his father. Funeral arrangements are pending at River-Welch Funeral Home.

Debaters Win 1st At Angelo

Big Spring High School's debaters, during the weekend, won first place in the Cross-Examination Debate Tournament at San Angelo High School. Big Spring entered three teams, Kathy Thompson and Susan Sulak, Sam Chappell and Tom Angle, Scott McLaughlin and Jeff Talmadge.

Talmadge and McLaughlin beat Abilene's team in the final debate to win first. Talmadge, with 146 points, and McLaughlin, with 141 points, won high speaker plaques. Quarter-final trophies were won by Big Spring's other two teams. A total of 32 debate teams competed in the tournament Friday and Saturday.

Next weekend the debate teams will attend a tournament in Hobbs, N.M. According to John Talmadge, assistant principal, it will be one of the largest tournaments in New Mexico. Sharon Ryan is director of forensics.

Train Hits Truck

SAN ANTONIO (AP) — A Southern Pacific freight train hit a truck and killed the driver, Jesse Alcortra, 66, at a San Antonio crossing Monday night. Officers said the victim was burned beyond recognition.

CRYSTAL CITY Latin Pupils Call For Boycott

CRYSTAL CITY, Tex. (AP) — An estimated 200 Mexican-American pupils began a boycott today at Crystal City High School in support of demands presented to school board members.

Asst. Principal Paul Mata said the pupils, some carrying signs in Spanish, appeared about 8 a.m. The protesters marched on sidewalks surrounding the high school, he said.

School Supt. Don Billings said the protesters would be assessed unexcused absences.

Billings said there was no comment from school authorities concerning the boycott.

Severita Lara, 17, a high school junior, said the board members refused to consider complaints laid before them at a meeting Monday night.

It then was decided to stage a walkout after today's classes began, she said.

Miss Lara said as many as 250 pupils may take part in the boycott within the next two or three days. About 700 pupils, most of them Mexican-Americans, attend the high school in this predominantly Mexican-American town.

Jose Angel Gutierrez, an active Chicano leader here, said the school board voted not to take any action on the pupils' grievances, deciding it was an administrative matter.

The pupils demanded that changes be made in selection of class representatives, that teachers refrain from calling pupils names such as "animals, vegetables and carpenterbaggers," that bilingual education and Mexican-American counselors be added, and that Sept. 16, Mexico's Independence Day, be made an official school holiday.

On Nov. 10 the pupils said they won a moral victory when the school board voted against coronation of an alumni group's queen at the high school homecoming football game.

Rev. Dow Heard, Formerly Here

The Rev. Dow W. Heard, 73, will be buried in Houston Wednesday following 1 p.m. services, it was learned here today.

The former pastor of the First Baptist Church here died at 6:15 a.m. Monday after a relatively brief illness. He leaves his wife and four sons, Dow Jr., John, Wyatt and Robert L. Heard. The family home is at 2431 Sundar Blvd., Houston.

A native of Uvalde, the Rev. Heard came here in 1924, and served as pastor of the First Baptist Church until 1930. When the church at Sixth and Main burned in 1928, he led the congregation in a building campaign to replace the plant. He went from here to Jonesboro, Ark. During World War II he was an Army chaplain, serving as Gen. Omar Bradley's chaplain. Later he was named chief of the Protestant chaplains for the Veterans Administration, a responsibility that brought him here occasionally.

Mrs. Slater Back From Rites

Mrs. Bernice Slater, 808 Settles, will return this week after attending the funeral for her aunt, Mrs. B. W. Carnelius, 95, Brownwood, who died Nov. 30. Funeral service for Mrs. Carnelius was held Dec. 2 with burial at Eastlawn Memorial Park. She had lived in Brownwood since 1947 and had taught speech and drama for 73 years. She is survived by a number of nieces and nephews. Mrs. Slater had been visiting with her ailing aunt for two months.

Death Of Cities Seen In Brave New World

PARIS (AP) — Science fiction writer Arthur Clarke predicts worldwide education by television one day, the death of cities and the end of the agricultural age. But he says traffic jams may continue "until the end of our lifetime."

Clarke, who wrote the screenplay for the film "2001," was speaking to government experts from 100 countries Monday at a meeting on communications satellites sponsored by the United Nations Educational, Scientific and Cultural Organization (UNESCO).

The tall, balding 52-year-old Briton was the first person to predict the use of communications satellites. He said they will make worldwide education by TV possible and will play the same role in world development as the railroad and the telegraph played in the continental development of the United States.

For only one dollar per pupil per year, Clarke said, communications satellites could provide the developing countries with the necessary educational hardware to "drag this whole planet out of ignorance."

With efficient communication, Clarke sees the time when many parents will no longer have to leave home for work. "Don't commute, communicate" will be the slogan. And then will come the death of cities, he said, and after that the end of the agricultural age.

Funeral was held today at 10 a.m. for Guy Randall Simmons, who lived here from 1913 until last year when he moved to Clyde. He died Saturday following a lengthy illness. Service was held at Hillcrest Baptist Church where he was a former member. Burial was in City Cemetery under the direction of River-Welch Funeral Home.

Mr. Simmons, 66, spent most of his life on the railroad. He was the youngest of Charles Simmons' five boys, all of

Rev. Dow Heard, Formerly Here

The Rev. Dow W. Heard, 73, will be buried in Houston Wednesday following 1 p.m. services, it was learned here today.

The former pastor of the First Baptist Church here died at 6:15 a.m. Monday after a relatively brief illness. He leaves his wife and four sons, Dow Jr., John, Wyatt and Robert L. Heard. The family home is at 2431 Sundar Blvd., Houston.

A native of Uvalde, the Rev. Heard came here in 1924, and served as pastor of the First Baptist Church until 1930. When the church at Sixth and Main burned in 1928, he led the congregation in a building campaign to replace the plant. He went from here to Jonesboro, Ark. During World War II he was an Army chaplain, serving as Gen. Omar Bradley's chaplain. Later he was named chief of the Protestant chaplains for the Veterans Administration, a responsibility that brought him here occasionally.

Mrs. Slater Back From Rites

Mrs. Bernice Slater, 808 Settles, will return this week after attending the funeral for her aunt, Mrs. B. W. Carnelius, 95, Brownwood, who died Nov. 30. Funeral service for Mrs. Carnelius was held Dec. 2 with burial at Eastlawn Memorial Park. She had lived in Brownwood since 1947 and had taught speech and drama for 73 years. She is survived by a number of nieces and nephews. Mrs. Slater had been visiting with her ailing aunt for two months.

Early Mailing Being Urged

Postmaster Frank Hardesty today urged Big Spring residents to start their Christmas shopping and mailing now.

"After this week, the post office will be hard pressed to handle the tremendous volume of Christmas mail expected," he said.

Hardesty noted that selections are better early in the season, shopping is more enjoyable, and one can be assured that his mail will be delivered before Christmas.

"Literally billions of pieces of mail will be delivered between now and Christmas. If everyone were to wait until the last week to mail their gifts, and greetings, postal facilities would be severely overloaded," he said.

"More important, special greetings would not be delivered on time. Public cooperation is the key to fast and on-time delivery at this time of the year."

He asked residents to purchase and mail gifts as soon as possible and to mail them with ZIP Codes.

Hardesty also encouraged all persons receiving mail to make a special effort this year to update mailing lists by recording the ZIP Codes in return addresses of incoming mail.

"That's the easiest way to get the ZIP Codes you need," he noted. "You can also look them up in our lobby ZIP Code Directory, or call the post office."

Compensation Trial Begins

A workman's compensation case, Joe Ray Blackwell vs. the Fidelity and Casualty Co. of New York, resumed trial today at 10 a.m. in 118th District Court after an afternoon of testimony Monday. Prospective jurors reported to court at 10 a.m. Monday but a jury was not chosen until afternoon.

Serving on the jury for the civil case are: B. W. Gilliland, Walton Ray Burchell, Cecil E. Bell, Gray Walker, Paul J. Leuchner, Tex Williams, Otis Smith, Sidney L. Ingram, Louis Heflin, Mrs. J. W. Greene, Parnell Garrett, and Mrs. John L. Stone.

Other cases set for trial this week in district court are, in order of their appearance, against Delbert L. Hardin, indicted for burglary by the Howard County Grand Jury Oct. 31; a civil case for damages, Coy Forc' et ux vs. Derwin Hansford; and another criminal case, against George Davenport, 36, Bryan, indicted July 23 for theft over \$50.

Game Warden Named Sheriff

FALFURRIAS, Tex. (AP) — The Brooks County Commissioners Court Monday named a 39-year-old game warden to fill the vacancy left by the death of County Sheriff Ed Wilkinson a week ago.

Rep Moore was appointed County Sheriff for the three years remaining of Wilkinson's four year term. Wilkinson's widow, was appointed chief deputy. She will receive the same salary her husband received.

Wilkinson, 44, died at his ranch northeast of Falfurrias Dec. 1, of an apparent heart attack.

Moore's appointment becomes effective upon posting bond.

C-City Council Told New Sewer Plant Needed

COLORADO CITY (SC) — compared to the company's request for 22.34 per cent, J. C. Wilkerson, local manager for the company, said he didn't have the authority to accept or reject the proposal, but he would pass it on to his superiors.

A proposal was made by City Manager J. A. Sadler Jr. to return Colorado City's Second Street to parallel parking instead of angle parking. His suggestion was tabled for further study.

The council voted to give its employees a five day Christmas holiday with City Hall closing at 5 p.m. Dec. 23.

Tax Reform Bill Facing Veto By President Nixon

WASHINGTON (AP) — The Senate has opened the way for the final vote on the massive tax reform bill by killing an effort to eliminate the tax exempt status of political contributions by labor unions.

The labor contributions issue was the last time-consuming debate on the House approved measure, up for expected passage today after other minor amendments were dealt with.

In the 10th day of debate Monday, the Senate turned back two moves to remove labor unions' tax-exempt privilege in political activity.

SOCIAL SECURITY
The bill faces a veto by President Nixon, who said at a news conference Monday night he could not sign the measure as presently written by the Senate because of the cost.

The Senate has turned the legislation into a combined tax-Social Security bill by tacking on a rider boosting pension and other benefits by 15 per cent.

In the House, legislation for a 15 per cent increase in Social Security benefits was cleared for floor action, with a possible vote scheduled Friday.

It foreshadowed a possible clash with the Senate over the broader Social Security expansion in the tax reform bill.

The Senate also had added several new tax relief provisions on top of the \$9 billion in tax cuts which were in the measure when it reached the floor and has softened many of the reform sections aimed at closing tax loopholes.

TAX EXEMPT
The principal amendment on political contributions by unions and other tax-exempt groups, offered by Sen. Paul Fannin, R-Ariz., was rejected Monday night 59-27.

It won the votes of nine Democrats and 18 Republicans. Op-

posed were 42 Democrats and 17 Republicans. The roll call came after several hours of heated debate charged with political overtones.

Millions of dollars in campaign contributions have gone to members of Congress from labor-affiliated committees, with Democrats the chief beneficiaries.

Democrats charged the amendment would do nothing to tamper with campaign gifts

from business executives, who largely favor Republicans.

Fannin's amendment, broadly drawn to cover indirect as well as direct activities, would have forced unions to pay taxes on their income at corporation rates, now more than 50 per cent, if they had violated its provisions.

ANTI LABOR
The present corrupt practices act forbids unions from making any contributions to candidates

for federal office from their treasuries.

Fannin said the act has so many loopholes it permits labor organizations to give millions to favored candidates. He said labor leaders could not "seriously defend in detail" statements that all their contributions are voluntary.

However, Sen. Walter F. Mondale, D-Minn., declared the amendment was "unfair, one-sided and anti-labor."

Plane Crash Takes Ninety

ATHENS (AP) — All 90 persons aboard an Olympic Airways DC-8 were killed Monday night when it crashed into a mountain while approaching Athens airport in strong winds and driving rain.

Airline officials said all aboard were Greeks except one man believed to be German.

The plane was ending a 65-minute flight from Crete, Greece's southernmost island, when it flew into a 2,000-foot peak near the village of Kerata, 25 miles southeast of the airport.

Drill Sergeant Hits Recruit?

SAN ANTONIO, Tex. (AP) — An airman testified today that he saw Sgt. Raymond T. Lucy Jr. strike a recruit in the chest, making him fall into a window and break it.

Airman Arthur James Watts Jr., 19, of Bellmore, N.Y., said that he saw Sgt. Lucy hit Airman Basic Mario De Cerda two times. The second time, Watts said, De Cerda's head broke the window.

and I bumped my head."

'LIGHT TAP'
Oliver said it was a "light tap" on the back of his head. He was asked if the incident hurt him.

"No, it didn't (hurt)—just my pride, that's all," he said. Airman James Wesley Odom, 20, of Chicago, testified Oliver did not appear to be pushed hard. When Green was grabbed by the neck, Odom said, it appeared that he "couldn't talk."

DESERTER

On cross examination, the airman said he was not sure whether De Cerda was cut by the glass. He said he did not see the back of De Cerda's head.

Lucy, 28, of Lawrenceville, Va., is charged with making De Cerda fall into the window, breaking the window and causing him to suffer a head laceration.

Testimony also brought out today that De Cerda is now carried by the Air Force as a deserter.

Lucy is the father of two children and has nine years' military service.

Another Lackland drill sergeant has been tried and convicted on two charges of mistreating recruits. A third goes to trial here next week.

EIGHT COURT-MARTIAL OFFICERS, all men, heard testimony Monday from four young Negro airmen, including three who were assigned to correctional custody at Lackland for allegedly cheating on tests. They were prosecution witnesses.

BUMPED MY HEAD
Lucy faces possible maximum punishment of a dishonorable discharge, forfeiture of all pay and allowances, and a year at hard labor each of the five alleged offenses with which he is charged.

Airman Ernest J. Green, 21, of Tampa, Fla., a Negro, testified Monday that Lucy grabbed him by the throat, then shoved him against a wall.

"My wind was cut off for approximately 30 seconds," Green said.

Airman Calvin L. Mapp, 19, of Atlanta, Ga., a Negro, said Lucy choked Green and another recruit, Airman Basic Herman Oliver.

Oliver, a Negro, testified that Lucy grabbed him in the vicinity of his neck and chin and pushed me back into the wall

INDICTED — A Los Angeles County grand jury Monday indicted three women and two men in the slaying of actress Sharon Tate and four others. Charged with the murders are, left to right, Charles M. Manson, 35; Patricia Krenwinkel, 21;

Charles D. Watson, 24; Susan Denise Atkins, 21, and Linda Kasabian, 20. The jury also indicted the same five and another woman in the slaying of a wealthy grocer and his wife the day after the Aug. 9 Tate killing.

Grand Jury Indicts Five For Murder, Conspiracy

LOS ANGELES (AP) — A grand jury which deliberated only 20 minutes has indicted three young women and two men from a desert commune on murder and conspiracy charges in the bizarre slaying of actress Sharon Tate and four other persons.

The Los Angeles County grand jury on Monday also indicted the same five and another young woman member of the band in the murder of a wealthy grocer and his wife the day after the Aug. 9 Tate killings.

22 WITNESSES
The jurors took secret testimony from 22 witnesses in two days.

Afterwards the jury foreman indicated the key testimony, as expected, came from a defendant who freely admitted her role in the seven slayings—and is herself accused of an eighth.

Charged with the murder of the blonde actress, three friends and a youth were the commune leader, Charles M. Manson, 35; the star witness, Susan Denise Atkins, 21; Charles D. Watson, 24; Patricia Krenwinkel, 21; and Linda Kasabian, 20.

The same five plus another girl, Leslie Sankston, 19, were indicted in the murders of Leno LaBianca and his wife Rosemary.

The indictment charged that Watson, Miss Atkins, Miss Krenwinkel and Mrs. Kasabian went to the Bel Air estate of Miss Tate and her husband, film director Roman Polanski, who was out of town. Miss Tate, hair stylist Jay Sebring, Polish playboy, Wojciech "Voitycek" Frykowski, (spelled Frykowski in the indictment), coffee house Abigail Folger and young Steven Parent were slain.

REMAINED OUTSIDE
How and by which of the accused the indictment did not specify, but it said Mrs. Kasabian remained outside the house while the killings went on.

The bearded, long-haired Manson was charged with the Tate slayings even though by Miss Atkins' account, accepted in the indictment, he was not present. The district attorney contended the cult leader, said to have hated the wealthy, conspired in the crimes and could be charged with them.

Miss Atkins told her attorneys, and presumably the grand jury, that Manson had hypnotic-like powers over his largely female clan.

Superior Court Judge William B. Keene set arraignment for Wednesday morning for the three defendants in custody here, Miss Atkins, Mrs. Kasabian and Miss Sankston.

IN MCKINNEY
Watson was in McKinney, Tex., and Miss Krenwinkel in Mobile, Ala., where they were arrested on murder warrants issued previously. Manson was being held in Independence, Calif., charged with possessing stolen cars.

Manson was one of 23 persons arrested in two raids at a commune near Death Valley last October. Ten were charged with a variety of offenses, including auto theft.

Three of the 10, teen-age girls, were the last witnesses heard by the grand jury Monday. Deputy Dist. Atty. Aaron H. Stovitz

said they shed no light on the seven slayings.

Another witness was a former member of Manson's "family," Daniel DeCarlo, who recently testified in a murder trial that Manson once sliced off a man's ear with a sword.

The slaying victim, musician Gary Hinman of Malibu, was subsequently slain. Robert A. Bausoliel, one of Manson's followers, and Miss Atkins were charged with the murder.

DEADLOCKED
Bausoliel's trial ended in a deadlock and he is awaiting retrial. Miss Atkins has yet to be tried.

While in jail, authorities say, she prattled about the Tate slay-

ings to her cellmate, who told police.

Her attorney, Richard Caballero, said he advised her to cooperate fully with police in the hope authorities would deal leniently with her. He said she did not commit any of the murders.

Caballero has said Miss Atkins told him the four went to the estate dressed in black clothing, shot Parent—who was in his car, preparing to leave after visiting the estate caretaker—and cut power and telephone lines before stealing up to the house.

One climbed through a window and opened a door. Soon Miss Tate and the three others

were stabbed and shot—Miss Tate after pleading, "Let me have my baby," the attorney said. She was 8½ months pregnant.

KILL PROOF

The next night, to prove they hadn't lost their nerve, clan members fatally stabbed the LaBiancas, then showered and snacked in their home, her attorney quoted Miss Atkins as saying.

After the slayings, the young nomads moved suddenly by bus from a ranch outside Los Angeles to Death Valley, where they lived in abandoned buildings, sunbathed in the nude and reportedly operated a stolen car ring.

Manson, known as "God," "Jesus," and "Satan" to his followers, was said to practice an occult kind of religion and to boast he possessed a gift of prophecy.

Audubon Society Sues To Halt Oyster Dredging

CORPUS CHRISTI, Tex. (AP) — A suit filed in federal court Monday by the National Audubon Society against the Texas Parks and Wildlife Department seeks to stop shell dredging in San Antonio Bay.

The suit claimed that dredging of oyster shell by five Texas companies was endangering the last flock of wild whooping cranes which winter at the nearby Aransas National Wildlife Refuge.

Defendants are the three commissioners and two top executive officers of the Parks and Wildlife Board, and the dredging companies.

The society asked the court to issue a permanent injunction against the department granting permits for oyster shell dredging. No date for a hearing was set.

The society said dredging in the shallow waters of San An-

tonio Bay will eliminate the whooping crane by destroying the aquatic foods of the big birds.

In Austin, board chairman Pearce Johnson said Monday he had not been notified of the suit.

He told a reporter, "I thought they (the society) were satisfied. Some time ago I understood they had complained about dredging too close to the whooping crane grounds and at that time I was assured by the staff there was plenty of space."

The society operates two wildlife refuges on the Bay near the wildlife refuge.

The whooping cranes winter at the Aransas refuge and spend their summers in Canada. In 1938, only 14 birds were left in the flock but conservation measures have saved them.

This year, 55 birds landed in the refuge, including eight birds newly hatched this summer in Canada.

Tobacco Road Change Nixed

AUGUSTA, Ga. (AP) — Erskine Caldwell, who wrote the book of the same name, has been assured by a local planning commission that it won't change the name of Tobacco Road.

The 66-year-old author came here Monday from his home in Florida to check rumors that the road was to be given a name less reminiscent of the poor whites in his 1932 depression novel.

Members of the planning commission said they gave up the idea after receiving many calls from citizens who were proud to have the famous name in their area.

Well, anyway, Caldwell said, his Tobacco Road wasn't the one in question—"Back in my time there were many Tobacco Roads."

Sooner Insists Nixon Subs Press Agency For Action

WASHINGTON (AP) — House Democratic Leader Carl Albert says President Nixon has substituted press agency for action while trying to blame Congress for the lack of progress on administration proposals.

However, the Oklahoma representative said Monday the Democratic-controlled Congress has "performed its duties, in the face of repeated administration delays, obfuscation, confusion and lack of leadership."

Nixon has challenged Congress to speed action on administration bills and has threatened to call a special session the day after Christmas if progress isn't made soon, it leaves many appropriations measures still hanging.

Nixon responded to the charge at his news conference Monday night by calling it "a pretty good political statement," and jokingly said: "I am a defender of Carl Albert."

"However, I think he knows, upon questioning her in re-

cord in terms of appropriation bills of any Congress in history."

But Albert contended the real problem is a "disconcerting lack of understanding of the real domestic problems of this nation" by the administration.

East Texans Fight To Keep Eagle Trains

PALESTINE, Tex. (AP) — East Texans appealed Monday for the Texas Railroad Commission to keep the last passenger train service operating in their part of the state.

Missouri Pacific Railroad officials have proposed to discontinue the Eagle Trains, which run between Texarkana, Tex., and Laredo.

Residents of the Palestine area testified at a hearing that they rode the trains recently and found them crowded. Two state legislators suggested the move to halt service should be considered by the Interstate Commerce Commission.

E. Earl Spencer, Missouri Pacific passenger traffic manager from St. Louis, said, however, that the line charged off a \$12 million deficit in 1968 and \$5 million of this loss occurred in Texas.

So far in 1969, Spencer said the operation of the Eagle trains has gone \$565,000 in the hole.

Spencer said the Missouri Pacific has incurred deficits on the Eagle trains for 15 to 20 years.

The railroad showed a profit on the night trains until a contract to carry mail ran out in 1966. Spencer went on. The night trains stopped running in 1967.

Rep. Rayford Price of Palestine pointed out that no other public transportation is available from this part of the state to Austin or San Antonio aside from the Eagle trains.

State Sen. Charles Wilson of Lufkin joined Price in expressing a belief that the Missouri Pacific's proposal should go before the ICC.

File Tax Returns With Austin Office

Federal income tax returns should no longer be filed with the Internal Revenue Service district office at Dallas, but with the IRS Service Center, Austin, according to Ellis Campbell Jr., district director of Internal Revenue.

Sending tax returns direct to Austin instead of mailing them to the district office in Dallas, saves a minimum of four days' delay in processing the taxpayer's income tax refund, as well as eliminating unnecessary mail handling by Internal Revenue Service employees at the district office, he said. Only 45,000 tax returns, out of 1,600,000 tax returns received, were mailed to the district office last year.

Sweetwater Vies With Herd Tonight

Big Spring plays a return game against one of the three teams it has beaten here this evening. The Steers go against Sweetwater in an 8 o'clock contest. The locals will be trying to improve upon a 3-7 contest. Coach Kirby Pugh says the Longhorns did not play well in the Plainview tournament last week but he is still convinced the team will jell. "We're young and we're small but the kids are giving it everything they've got and that's all anyone can ask."

off Sweetwater, 75-39, last month in Sweetwater, displaying perhaps their best form of the year. It was the only time they haven't really had to sweat for a win. Probable starters for the locals are Randy Womack, David Carter, Robert Evans, Bruce Hutto and either Mike Hinds, Richard Ethun, Gary Randle, Richard Ethun and Herman Evans will also see plenty of action. Sweetwater lost to Midland High at home last night, 87-45. Terry Gill led the Mustangs in that one with eight points. Inability to fight for the rebounds has invariably cost the Steers in recent games. They simply don't have the height to get up on the boards with the opposition.

LOOKING 'EM OVER

With Tommy Hart

Sports dialogue: PHILADELPHIA BULLETIN: "Luke Jackson and Otto Moore almost had it out for the heavyweight championship of the Pan-American College Alumni Association in a recent Philadelphia-Detroit NBA game — over one of Jackson's elbow. But referee Manny Sokol stepped in front of Jackson and Pistol team mate McCoy McLemore stepped in front of Moore, preventing The Spectrum's first Otto accident."

SPORTS DIALOGUE: PHILADELPHIA BULLETIN: "The decision of Notre Dame to accept a bowl game, and the \$300,000 it will be worth, should have shocked every financial analyst right up to inflation fighter Richard Nixon. It is a graphic example of how rising costs get to even the largest of industries, which in turn are swallowing the smaller companies. Notre Dame has drawn more money and received more sponsor fees from syndicated TV and radio broadcasts than any school in college history. Maybe any two schools. When the books turn red under the Golden Dome, all college football must shake. Young people are bored, hearing how it was in the old days, but listen anyway. Buck Shaw, who played tackle for Notre Dame in the long ago, remembers there was no trainer — the players taped and bandaged each other — and the doctor showed up only for home games. Knute Rockne was the head coach and he had the luxury of a couple of assistants. There were student assistants at times but they cost nothing. It was a game of one-against with a final goal of 30 or 40. Hundreds wanted to play, but there wasn't much sense in carrying more than two full squads."

Kentucky New Cage Leader In Balloting

Kentucky, scoring at will, and defending national champion UCLA scoring just enough, are first and second major college basketball teams after the first week of the season. Kentucky, second in The Associated Press' preseason poll, took over the top spot today with 16 first-place votes and 472 points after trouncing West Virginia 106-87 and Kansas 115-85. UCLA drubbed Arizona 90-65 and then edged Minnesota 72-71 in overtime and moved from fourth to second place with three first-place ballots and 383 points, 66 points more than New Mexico State, a three-time winner last week.

South Carolina, first in the preseason poll, beat Auburn 86-64 but lost to Tennessee 55-54 and dropped to eighth place, one spot ahead of Tennessee, who played only once. Purdue edged Tulsa 77-74 and then was upset by Ohio University 80-79 to drop from third place to 14th. Others in the Top Ten are No. 4 Davidson, No. 5 North Carolina, sixth-ranked Southern California, No. 7 Duquesne, and 10th-ranked Notre Dame. Duquesne and Notre Dame each won three games, while Davidson, North Carolina and Southern California won two apiece.

Others in the Second Ten are No. 11 Louisville, Villanova and Marquette, tied for 12th; 15th-ranked Santa Clara; 16th-rated Ohio State; No. 17 Colorado; No. 18 Jacksonville; No. 19 Ohio University and 20th-ranked St. Bonaventure. Marquette won both of its games but dropped from eighth; Villanova also won twice but dropped from ninth; Colorado lost one of three and fell from 10th; St. John's, N.Y., lost one of three and fell from 14th out of the rankings, and Drake and Houston also dropped from the rankings although they each won twice.

The Top Twenty, with first place votes in parentheses, and total points: 1. Kentucky (16) 472; 2. UCLA (13) 383; 3. New Mexico State (12) 317; 4. Davidson 305; 5. North Carolina 295; 6. South Carolina 291; 7. Duquesne 284; 8. Southern California 272; 9. Tennessee (2) 152; 10. Notre Dame (1) 139; 11. Louisville (1) 129; 12. Villanova 116; 13. Ohio State 114; 14. St. John's 107; 15. Santa Clara 82; 16. Colorado 81; 17. Jacksonville 74; 18. Jacksonville 74; 19. Ohio University 73; 20. St. Bonaventure 25.

TEXAS, TECH WIN CLOSE BASKETBALL DECISIONS

By The Associated Press Texas and Texas Tech survived close scrapes to remain unbeaten and Southern Methodist came within a free throw of registering its first victory in a night of pressure-cooker basketball among Southwest Conference teams Monday. Richard Langdon hit a free throw with six seconds left to give Texas a 72-71 victory over Tulane. Tech cut it even closer, defeating Oklahoma 66-64 on a jumper by Gene Knolle with two seconds left. SMU's ace scorer Gene Phillips led the game with 38 points but missed the second shot of a one-and-one situation that would have given SMU a 96-95 advantage with two seconds left against Vanderbilt. But regulation play ended 95-81 and Vandy took it in the overtime 104-99.

MICKEY MANTLE INSISTS Aaron Era's Finest

HANK AARON

NEW YORK (AP) — Mickey Mantle, a legend in his own right, confessed today he has his own baseball hero. It's Hank Aaron of the Atlanta Braves. "As far as I'm concerned, Aaron is the best ball player of my era," the retired Yankee home run star said. "He is to baseball of the last 15 years what Joe DiMaggio was before him. "And you know what? Nobody would recognize him if he walked through that door this minute. It's tragic. He's never received the credit he's due."

Amarillo Badgers Meet HC Hawks Here At 7:30

Amarillo College, still trying to regain the glories in basketball it knew under Bob Carter a dozen years ago, sends its Badgers into action here at 7:30 o'clock this evening against the Howard County JC Jayhawks. The Hawks are fresh from a buffet in the Odessa Tournament. Listed as the co-favorites prior to the tournament, the Hawks could finish no better than fourth in the eight-team meet.

Clendenin, Phillips Are Named To All-Tourney

ODESSA — Undefeated Christian College of the Southwest won the 1969 Odessa Chamber of Commerce Basketball tournament here Saturday night, defeating Cisco in the championship game, 96-84.

Danny Clendenin and Jerry Phillips of HCJC were included on the elite squad, as were Kenneth Davis and Wayne Allen, both of Odessa; Harry Ward, Cisco; Willie Banks, New Mexico; and Jim Hollis, Lubbock Christian.

Tarheels Perfect Hosts To Cats

North Carolina entertained Kentucky and turned out to be the perfect host. The Tar Heels bent over backwards to lose a basketball game. Top-ranked Kentucky upended fifth-ranked North Carolina 94-87 in a meeting of college basketball toughs at Charlotte Monday night. And while Dan Issel pocketed 41 points for the winners, North Carolina helped out matters by losing two starters with plenty of time left in the contest.

North Carolina trailed by as much as 17 points before beginning a comeback try with ten minutes left in the contest. With three minutes left, North Carolina forward Dennis Wuyck drove for an apparent easy basket with the score 82-78 in favor of Kentucky. The ball rolled out of the basket and was thrown to Issel, who was fouled. Issel then made one of two crucial three-point plays which broke the back of the Tar Heel rally.

King Is No Longer Coach

LUBBOCK (AP) — Texas Tech officials announced today that head football coach J. T. King would become athletic director and a search would begin immediately for a new head coach.

Polk Robinson, the present athletic director, will move into an administrative post connected with athletics.

Football Letters To 18 Buffaloes

FORSAN — The Forsan Buffaloes lettered 18 in football, Coach Don Stevens announced Tuesday. There were five seniors, eight juniors and five sophomores. Only two of the seniors were firmly entrenched, which ought to say something about the Forsan prospects next fall.

These boys lettered: SENIORS—Alton Callihan, guard; Tom Hollingsworth, tackle; Dee Higley, end; Doyle Whetsel, fullback; Leon Hobbs, back. JUNIORS—Bobby Davis, halfback; Jackie Willis, fullback; Billy McDonald, center; Vard Griffith, guard; Tom Kuykendall, guard; Ricky Klahr, tackle; Darrow Cobb, end; Richard Harrell, end.

SOPHOMORES — Jeff Williams, quarterback; Daryl Hagen, back; Van Barton, guard; Steven Chrane, tackle; Philip Medlin, tackle. CHARLIE SCOTT, North Carolina's blue chip forward, finished with 29 points, many of them in the closing, frantic moments.

Nittany Lions Now Second In AP Poll

By The Associated Press Coach Joe Paterno of Penn State has his opinion, but Darrell Royal of Texas has top billing and a plaque from the President of the United States to prove it. Texas and Penn State ran 1-2 Monday in the next-to-last Associated Press poll, with Arkansas dropping from second to third in the wake of Saturday's 15-14 loss to Texas in college football's regular season windup. The final poll will be taken after the bowl games.

"I don't think Texas will be No. 1 at the end of the season," said Paterno. "The only important poll is the final poll." "Polls are an opinion," countered Royal, "and he's entitled to his. I know Penn State is an outstanding football team, one of the nation's best. I've always felt the good teams are kind of in a lump anyway." Royal was asked if he'd feel silly having received the No. 1 plaque from President Richard M. Nixon should Texas lose to Notre Dame in the Cotton Bowl and Penn State beat Missouri in the Orange.

Texas, 10-0, received 22 of 30 first-place votes from a national panel of sports writers and broadcasters. Penn State received 17 first-place votes, with total places awarded for first 15 places based on 20-18-14-12-10-9-8-7-6-5-4-3-2-1. The Top Twenty, with first place votes in parentheses, and total points awarded for first 15 places based on 20-18-14-12-10-9-8-7-6-5-4-3-2-1: 1. Penn State (5) 492; 2. Texas (4) 472; 3. Kansas (3) 374; 4. South Carolina (1) 340; 5. Missouri (1) 338; 6. Michigan (1) 231; 7. Louisiana State 224; 8. UCLA 167; 9. Notre Dame 157; 10. Auburn 137; 11. Mississippi 66; 12. Florida 36; 13. Stanford 35; 14. Purdue 26; 15. Houston 26; 16. West Virginia 18; 17. Toledo 14.

Goliad Teams Post 2 Wins

Goliad teams won both ends of a Seventh Grade Basketball league doubleheader from Rannels representatives here Monday evening. The Longhorns smashed the Packers, 31-19, and the Eagles turned back the Cowboys, 31-17. Billy Don Whittington led the Longhorns with 12 points while Ricky Crittenden counted five and Rodney Ferrell four. For the Packers, Billy Majors tallied six.

Terry Tredaway led the Eagles to success, along with Ron Peterson. Each scored nine points. The Goliad teams are now 2-0 in the standings while the Rannels club is 0-2.

'Chicago 7' Trial Drags

CHICAGO (AP) — A defense witness in the trial of seven men charged with inciting riot during the 1968 Democratic National Convention has presented an illustrated narration of police clubbing demonstrators.

John M. Hunt, an amateur photographer, told a U.S. District Court jury Monday he took the pictures during a confrontation in Grant Park.

Hunt said he saw two platoons of police "marching and clapping their sticks against their hands. They marched to the edge of the crowd. They they broke ranks and chopped their way 100 yards into the crowd, beating people on the head."

The jury saw 41 slides which Hunt took of the confrontation scene. The prosecution objected several times to Hunt's narration of the pictures, often spiced with remarks such as "I took this just after the police attacked."

Earlier in the trial session, Judge Julius J. Hoffman heard extensive arguments from defense lawyers who asked for a directed verdict of acquittal. He denied the motion.

Board Backs Junior College For Vernon

AUSTIN (AP) — The College Coordinating Board has dealt a blow to Hardeman County's chances of getting the junior college that Rep. W. S. Heatly of Paducah got the legislature to authorize.

The board voted unanimously Monday to approve an election for a junior college in Wilbarger County, adjacent to Hardeman County.

The board also sold \$15 million in state student loan bonds to Harris Trust and Savings Bank of Chicago and associates at an effective interest rate of 6.2510 per cent.

REPAIR PROJECTS

Also approved were 35 repair or renovation projects at 18 schools costing a total of \$6,278,640.

The board's junior college committee recommended approval of an election in Wilbarger County, but a delegation from Hardeman County headed by Bill Carpenter of Quanah urged postponement until they could see what kind of support there would be for a college in Quanah.

Carpenter said Vernon was on the eastern edge of the area to be served, the board's Region 28. If population was the only consideration, Carpenter said, the college should be built in Wichita Falls.

"The intention of the legislature was that the junior college be located not in Vernon but in Quanah," Carpenter said.

REJECTED IDEA

Orland Brewer, managing editor of the Vernon Record, said his people tried to work out a two-county district with Hardeman County, with the school to be built on the county line, but that the Hardeman County people rejected the idea.

Brewer said Wilbarger County had a property valuation of \$38 million, and the proposed district would tax at the rate of \$1 per \$100 of assessed valuation.

He contrasted this with Hardeman's \$17 million valuation and a proposed tax rate of 40 cents.

"What kind of a college are you going to be able to build with a \$17 million valuation and a 40-cent tax rate?" he asked.

Board Chairman Tom Sealy of Midland said the interest rate

Fog Replaces Light Snow

By The Associated Press

Dense fog moved into parts of the Texas Panhandle early today in place of light snow and scattered rain fell across the mostly cloudy southeast half of the state.

Temperatures near dawn dipped to freezing or a little below in the Panhandle-Plains sector while ranging up to the 50s in deep South Texas.

Snow dusted the Amarillo area lightly during the night atop a one-inch fall in that part of the Panhandle around midday Monday.

By early morning thick fog cloaked the Amarillo vicinity. Fog also hung low in the south and southwest parts of the state around Alice, Cotulla and Del Rio.

Hit-or-miss rain edged eastward into Louisiana after dampening the coastal plains and eastern portions of Texas during the night.

Forecasters saw promise for occasional sprinkles during the day near the coast and a little rain or snow around El Paso in far West Texas.

The mercury reached a high Monday afternoon of only 31 degrees at Dalhart in the upper Panhandle while it was a warm 71 at Brownsville on the south tip of the state.

Readings early today sagged to 28 at Amarillo, Childress and Dalhart, 31 at Lubbock and 32 at Wichita Falls. At the same hour Galveston recorded 53 and Brownsville 57.

Texan Sought For Triple Deaths Jailed

BLACKFOOT, Idaho (AP)—A 36-year-old Tyler man, sought for a triple murder in Texas more than two years ago, was arrested at a boarding house in Blackfoot late Sunday, the FBI said.

Charles Lester Tew was arraigned before a U.S. commissioner on a federal charge of unlawful flight to avoid prosecution.

The FBI said Tew had been working on farms in the Blackfoot, Idaho, area for some time using the name Donald Ray Oxford.

He is accused in the murder of the Wylie Smith family of Cleveland, Tex., in 1967.

The FBI said authorities arrested Tew Sept. 3, 1967, at Liberty, Tex. He was charged with the shotgun deaths of Wylie Smith, 65, and his wife, Viola, 58; and the strangulation of Smith's daughter, Lula Pearl Tew, 20. The girl was the wife of the accused.

The FBI said Tew escaped from the Liberty County jail Sept. 4, 1968.

Tew is being held without bond, awaiting arrival of a federal warrant from Texas, Kyle G. Clark, FBI special-agent-in-charge, said.

Nationalist China Fighter Planes Money Blocks Bill

WASHINGTON (AP)—A \$54.5 million allocation to furnish Nationalist China with fighter planes—authorized by the House but rejected by a Senate committee—looms as a potential snag to pre-Christmas approval of President Nixon's already reduced foreign aid program.

The House appropriations bill, scheduled for floor debate today, contained the \$54.5 million in a \$1.6 billion package that won approval of its Appropriations Committee only Monday.

At the same time, the House unit defeated a move to add \$50 million to the money measure for military aid to South Korea.

Amendments to restore that money and ones to take out the money for Nationalist China

were expected to come up today. Final House approval, for either would almost certainly touch off a feud with the Senate where military aid to foreign nations has come under increasing fire.

The Senate Foreign Relations Committee, which Monday set a \$1.9 billion ceiling on foreign aid spending, specifically knocked the proposals for Nationalist China and South Korea out of the \$2.6 billion package originally asked by Nixon.

The controversial \$54.5 million providing planes for Chiang Kai-shek's air force first was approved by only seven votes in a surprise move on the House floor when it was considering the authorization bill—a measure separate from the appropri-

ations bill. The Senate panel quickly snipped it from the authorization bill, which now is pending before the full Senate.

The House Appropriations Committee defeated, 21-11, an attempt Monday to knock out the money for the planes.

The Senate Foreign Relations Committee, which Monday set a \$1.9 billion ceiling on foreign aid spending, specifically knocked the proposals for Nationalist China and South Korea out of the \$2.6 billion package originally asked by Nixon.

At the same time, the House unit defeated a move to add \$50 million to the money measure for military aid to South Korea.

Amendments to restore that money and ones to take out the money for Nationalist China

Attends Meeting

Duke M. Baker attended the joint board meetings of the Texas Credit Union League and Members Mutual Insurance Company in Dallas during the weekend. Baker, of Big Spring Education Employees Federal Credit Union, is the Midwest district director of Members Mutual.

Y Members Going To Annual Legislative Meet

Sixteen Big Spring youngsters will represent the YMCA at the 1969 Texas YMCA Hi-Y Youth and Government Program. The legislative and judicial programs will convene in Austin at the State Capitol on Dec. 11 for four days.

Attending from the Big Spring "Y" will be:

Representatives: John Taylor, Freshman Hi-Y; Bob Carlie and Sam Chappell, Sophomore Hi-Y; Milton Jones, Senior Hi-Y; and Pamela Marcum, Junior Hi-Y.

Senators: Kent Fish, Senior Hi-Y.

Reporters: Ann Nicholson, Freshman Tri-Hi-Y; Ike Robb, Sophomore Hi-Y; and Denise Bryant, Sophomore Tri-Hi-Y.

Chief Justice Nominee: Bobby Heith, Senior Hi-Y.

Attorneys: Kae McLaughlin, Sophomore Tri-Hi-Y and Carol Currie, Junior Tri-Hi-Y.

Judicial Witnesses: Paula Meek, Freshman Tri-Hi-Y, and Mark Peters, Sophomore Hi-Y.

Judicial Jurors: Teresa Stewart and Diane Tipton, Freshman Tri-Hi-Y.

Each participant will receive an official commission to the Hi-Y Youth and Government Program from County Judge Lee Porter.

Two bills from Big Spring will be considered in the legislature. John Taylor and Burt Bouillon are authors of a bill making it unlawful to sell any model glue which contains mercaptan, horse radish, or similar substances which cause irritation to the nose when sniffed. The bill from the Freshman Hi-Y club will be presented in the State Affairs Committee Friday.

Bob Carlie will present the Sophomore Hi-Y bill authored by Jan Whately, Fred Green, and Gary Walker. The bill limits the liability of a licensed physician to that of an individual citizen when rendering aid as an act of mercy. It will appear in the committee on Public Health and Welfare Friday morning.

Advisors accompanying the delegation will be Mrs. John Thomasson, Mrs. Henry Rimmer, Bill Schwarzenbach, and Curtis Mullins, executive director of the YMCA.

The YMCA youth and government program provides opportunities for high school youth to study public issues, debate them, write legislation and participate in the legislative process. They learn the steps necessary for the passage of legislation and the mechanics attendant to such passage. The program also affords the opportunity to comprehend the meaning and importance of the judicial branch of Texas government by personal experience as jurors, witnesses, judges, and attorneys in simulated trials.

Hi-Y and Tri-Hi-Y clubs have a schedule of weekly meetings for three months which lend themselves to the study and discussion of public affairs and parliamentary procedures, and serves as a leadership training laboratory. Hi-Y and Tri-Hi-Y clubs meet on Monday evenings at the Y.

The annual Hi-Y Legislative meeting began in 1946 and is operated entirely by the Hi-Y and Tri-Hi-Y members with adults serving only as advisors.

C-C Directors Support Flag Selling Program

A resolution endorsing and encouraging a program that could make Big Spring a so-called "Flag City, U.S.A." was voted unanimously by the Chamber of Commerce directors Monday.

The action was in response to a request for support from the Non-Commissioned Officers Association (NCOA) at Webb AFB, which wants to accelerate a distribution of American flags to homes in Big Spring.

Sgt. Robert F. Butler of the NCOA outlined the project, saying the 300 members at Webb "want to be an asset to our community." He said the organization offers 3x5 foot flags, with a six-foot pole, at \$3.25 each, and that NCOA

members will deliver these, and attach the mounting at any home so requesting the service.

Only a slight profit is realized from the flags, said Sgt. Butler, and all funds coming from the flag sale will be used by the NCOA in strictly local welfare help.

The organization has been selling flags, but now is anxious to make an impact throughout the city, said Butler. "We would like to sell 5,000 flags, and have homeowners display them as a symbol of patriotism."

He said his organization in no way is involved in political principles or in governmental issues. "We want to place flags in our city as a mark of respect for our country," he said.

TRAVELING NURSE — Lt. Marilyn Huepers, of Alvin, Tex., opens a bottle of alcohol to treat a young villager during a MEDCAP — Medical Civic Action Program — visit to Ky Hoa Island off the coast of Chu Lai. Lt. Huepers is stationed at a field hospital in Chu Lai, headquarters of the Americal Division, 50 miles south of Danang.

Commission To Meet Tonight

Although the city commission agenda for tonight's meeting was drawn before the action of the county commissioners Monday, the invitation to join in a discussion on a combined tax assessing-collecting program will undoubtedly be discussed. The city commissioners will meet at 7 p.m. in city hall.

The agenda includes consideration of modification bids, traffic commission recommendations, removal of a house in city park, a review of city payments, and a resolution of NCOs naming Big Spring Flag City.

Mystery Blast In Girls' Hall

HUNTSVILLE, Tex. (AP)—A mystery explosion broke 19 windows and caused other damage about 1:30 a.m. today at a girls' hall on the Sam Houston State University campus, school security officers said.

They reported there were no injuries. Investigators said the blast occurred in the vicinity of Rachel Jackson Hall and its nature had not been determined. They estimated damage at \$700.

IS IT TALLER THAN IT IS WIDE?

It looks that way doesn't it? But the fact is, this top hat is just as wide as it is tall. Check it with a ruler. It's just a famous visual illusion. Which proves you can't always believe what you think you see. Nor are you always aware of what you hear.

Take Muzak, for example. It is a musical environment, only people don't really listen to it. They react to it—psychologically and physiologically. We design it that way. Muzak is scientifically programmed to motivate people and increase their efficiency. That's like money in the bank when you consider the high cost of recruiting, training and keeping employees happy on the job these days. Let us show you what Muzak can do for your business by proving what it is doing so productively for businesses just like your own.

Sorority Holds Christmas Tea

An annual Christmas tea was hosted by Beta Kappa Chapter, Delta Kappa Gamma, Saturday afternoon in the Student Union Building at Howard County Junior College.

Christmas music was provided by the Goliad Junior High School choir under the direction of Mrs. Earl Small.

Mrs. Clyde Angel gave the Biblical Christmas story and reviewed two short stories pertaining to the holiday season.

The Christmas theme was used in decorations, which were created by Runnels Junior High School art students.

Hostesses were Mrs. Dawson DeViney, Mrs. John Talmadge, Mrs. Bill Griese, Mrs. Leland Calvert, Mrs. A. C. Hicks, Mrs. Roscoe Newell and Miss Helen Willard.

A March of Dimes guest tea will be held Jan. 17 in the home of Mrs. Dale Vaughn, 2307 Rebecca.

Refreshments will be served Tuesday at Big Spring State Hospital by Mrs. Lee, Mrs. Vickers, Mrs. J. B. Langston and Mrs. Hoard.

Members will bring food for a Christmas basket to be given to a needy family following the Dec. 22 meeting.

Hostesses were Mrs. George Pittman, Mrs. Ed Crabtree and Mrs. Albert Smith.

"Powers of the Holy Spirit" was presented by Mrs. Carl McGlothlin at Monday's meeting of the Current Mission Group, First Baptist Church.

Mrs. C. G. Miller, 2208 Merrily, was hostess. Plans were made to send Christmas cards to patients at Big Spring State Hospital.

Mrs. Jake T. Hamilton was welcomed as a new member. The next meeting will be with Mrs. Inez Lewis, 1715 Harvard.

Recent winners are Mrs. Betty Richeson, Midland, first; Chris Kauffman, second; and a four-way tie for third place was between Bobbie Thurman, Nancy Saulnier, Cpl. Thurman and Mrs. Wood.

Among the players introduced were Mr. and Mrs. Rennis Kauffman and Larry J. Knischield, the latter stationed at Goddough Air Force Base in San Angelo.

Mrs. Wasson stressed that players do not have to bring a partner to participate in the games. Wednesday night's games will be held in the service club.

Christmas Party Held Saturday

The Ponderosa Apartments was the scene of a sherry party Saturday evening hosted by Dr. and Mrs. James H. Kreimeyer, Mr. and Mrs. John Balch, Mr. and Mrs. Jack Magee and Mrs. Adele Carter. Calling hours were from 7 to 10 p.m.

The main serving table, covered with a red felt cloth, was appointed with silver, and a gold and white candelabrum with red tapers was placed on a wall by the table.

In other entertaining rooms, other tables were bordered with holly and centered with arrangements of candles, and in the living room, a gold and silver tree was adorned with red ornaments.

Members of the house party were Mr. and Mrs. Richard Neff, Midland; Mr. and Mrs. Walter Eubanks, Abilene; Miss Nancy Boydston, Decatur; Mr. and Mrs. Jerry Kelley, Mrs. Mack Whiteford, Mrs. Eugene Selby, Mr. and Mrs. David Yater, Dr. and Mrs. Peyton Walton III, Miss Mary Jean Byrd, Miss Susie Lynch, Mrs. Mary Stretch, Maj. Jerry Jackson, Maj. Walter Kowalik, Capt. Harry Hopper and Mr. and Mrs. Don Carpenter.

Refreshments will be served Tuesday at Big Spring State Hospital by Mrs. Lee, Mrs. Vickers, Mrs. J. B. Langston and Mrs. Hoard.

Members will bring food for a Christmas basket to be given to a needy family following the Dec. 22 meeting.

Hostesses were Mrs. George Pittman, Mrs. Ed Crabtree and Mrs. Albert Smith.

"Powers of the Holy Spirit" was presented by Mrs. Carl McGlothlin at Monday's meeting of the Current Mission Group, First Baptist Church.

Mrs. C. G. Miller, 2208 Merrily, was hostess. Plans were made to send Christmas cards to patients at Big Spring State Hospital.

Mrs. Jake T. Hamilton was welcomed as a new member. The next meeting will be with Mrs. Inez Lewis, 1715 Harvard.

Recent winners are Mrs. Betty Richeson, Midland, first; Chris Kauffman, second; and a four-way tie for third place was between Bobbie Thurman, Nancy Saulnier, Cpl. Thurman and Mrs. Wood.

Among the players introduced were Mr. and Mrs. Rennis Kauffman and Larry J. Knischield, the latter stationed at Goddough Air Force Base in San Angelo.

Mrs. Wasson stressed that players do not have to bring a partner to participate in the games. Wednesday night's games will be held in the service club.

Recommends Sermon For Mental Hygiene

Chaplain Lee Butler spoke on "Man's New Look at Mental Health" during the couples banquet held Monday evening by the American Association of University Women at Big Spring High School.

The speaker said the "wholeistic" approach to today's mental health problems includes religion. Noting that mental hospitals are no longer so departmentalized, he said hospital staffs are working together more for better health for the patient.

Chaplain Butler quoted from the book, "A Few Buttons Missing," by Dr. James C. Fisher, when he said "The Sermon on the Mount is the best lesson in good mental hygiene that can be found."

The women's ensemble from the First Baptist Church, which sang Christmas carols, was composed of Mrs. Lester Morlon, Mrs. J. W. White, Mrs. Walter Wheat, Mrs. Jim Thompson, Mrs. John Ladd, Mrs. Morris Rhodes and Mrs. Ronald Plumlee, accompanied by Mrs. William T. McRee.

Hostesses were Mrs. John Annen, Mrs. Carl Bradley, Mrs. Ray Ebling, Mrs. Lynn Hise, Mrs. Bill Richey and Mrs. White.

Mrs. Ben Bancroft gave the invocation, and Mrs. Wilbur Cunningham presided.

The tables were laid with white cloths with red runners, and the head table was centered with a large ceramic Christmas tree, which was lighted. Small arrangements of holiday decorations were placed along the tables, accented with miniature white angels.

Select Lamp Shades With Careful Plan

Thoughtful choice of a lamp shade lets you use all of the light being produced.

Shades should be open at the top to provide an upward spread of light and wide enough at the bottom to allow light to spread over the work area. Choose a shade which is deep enough to conceal the bulb from view when sitting or standing. White or near-white colors reflect more light for use and a translucent shade diffuses, rather than blocks, light.

Dear Abby

DEAR ABBY: My husband quit smoking seven months ago (doctor's orders) and he insisted that what he missed the most was something to do with his hands.

As a gag I bought him a beginner's embroidery set. It was a cheap little tea towel with a blue bird on it — to be done in a simple cross-stitch. Well, he finished it in no time at all and it was beautiful!

Next thing I knew, he went downtown and picked out a bridge cloth with four napkins, and he embroidered that, too. Now wherever he goes, he takes his embroidery work. He calls it his "therapy" and he doesn't care who sees him working on it. I hope you'll print this, Abby. I am so proud of him (P.S. in case you're wondering, he is ALL MAN. We have had six kids in six years, and this will be the first Christmas I haven't been pregnant.) **PROUD WIFE DEAR WIFE: Congratulations. Just keep your man embroidering, lady.**

DEAR ABBY: I am one of those who never thought that I would write. Mine is a different type problem, but maybe you can help because my daughter is a reader, too. I am the father of a beautiful, well-educated girl in her early twenties. She has had many social advantages and has recently married a fine, young, professional man who is on his way up the ladder.

The problem is her table manners. We are a refined family, and both her mother and I have tried since she was a small child to train her properly in table etiquette, but for some reason we have not succeeded. She eats as though someone were about to take her food away from her, gobbling, slurping, and taking enormous amounts of food into her mouth at one time. It is revolting to see! Even today if I correct her, there is terrible resentment, even a fight.

I don't know whether she eats this way when she is with others, but I can only assume that she does. She and her husband socialize with some of the

best young people in town and she could hurt her husband's future if she doesn't shape up. What do you suggest?

DEFEATED DAD DEAR DAD: I suggest that you never mention her table manners to her again. It's possible that she eats that way only in your presence just to irritate you. In any case, she has a husband now, so let this "fine, professional" man correct her if her table manners embarrass him or present a threat to his "future."

DEAR ABBY: I am 21 and my problem is my brother who is 30. He is married and has a wife and child. About a year ago he made some indecent advances to me, but I straightened him out fast and told him if he ever pulled anything like that again, I'd tell our mother and HIS wife.

Well, since we don't live in the same part of the country I didn't have much to worry about.

Recently I heard that my brother and his wife took a 15-year-old foster girl into their home. Shortly after, the girl told my sister-in-law that her brother got fresh with her. My sister-in-law called her a liar, phoned the social worker and told her to come and get the girl and place her in another home.

Abby, I feel terrible because I am sure the girl was telling the truth. If I tell, it might break up my brother's marriage. If I don't, my brother might hurt some innocent girl and get into trouble. Please tell me what to do.

MIXED UP IN MISSOURI DEAR MIXED UP: For goodness' sake, TELL what you know! Your brother is sick and needs treatment. It would be a kindness to reveal his tendencies before he "hurts" someone and gets himself into serious trouble. If you remain silent, knowing what you do, you will have to share his guilt should something happen.

Price Of Gold Drops Again

ZURICH, Switzerland (AP) — The price of gold dipped below \$35 an ounce on the Zurich free market Monday.

A continued drop could set up a situation whereby the central banks of some gold-holding nations may step into the free market as buyers. Central banks have agreed in the past to buy or sell gold at \$35 an ounce.

Bullion experts said dealers were waiting to see the price reach a floor of \$34.80 an ounce, the so-called "shipping point" at which the central banks would find it profitable to enter the market.

Prices in Zurich varied between \$34.95 and \$35.15. In London, the free market price was \$35.05, lowest since April 1, 1968. The free market price once reached a high of \$43.

Horoscope

TOMORROW
—CARROLL RIGHTER

GENERAL TENDENCIES: Although you have some minor upsets now, there is a strong constructive influence operating. If you will dust off those long-range plans, use your experience and understanding to make a success of those long-term desires.

ARIES (March 21 to April 19) Your associate is in a little mood, so keep out of his way. Make progress in the business world by keeping right appointments, etc. You can add to good will and fame by right action.

TAURUS (April 20 to May 20) That earlier plan you thought was not practical can now be put to right use with the aid of allies so that it becomes very successful. Some out-of-towner can give fine support. Contact this person.

GEMINI (May 21 to June 21) Forget all that amusement and get down to brass tacks with persons in business, etc., so that all your life is on a firmer structure. Be more willing to give than take where mate is concerned. Be fair.

MOON CHILDREN (June 22 to July 21) An associate wants suggestions from you which can improve some project you have in common, so be clever. More objectively necessary. You need to labor more willingly, also.

LEO (July 22 to Aug. 21) Get busy and work instead of dawdling and you get much accomplished. You have some talented friends who give fine ideas for your advancement. Listen carefully to them and put them in operation. Be inspired.

VIRGO (Aug. 22 to Sept. 22) Do those things that really make you enjoy life more instead of feeling sorry for yourself. Special aptitudes can also be put to good use now. Stop hinting at something and just come out with what you have to say.

LIBRA (Sept. 23 to Oct. 22) An ideal day to get some of that Christmas shopping done, as well as buying whatever else is important. Then come to a better understanding with co-workers, associates. Take the medical or dental treatments you need. Be wise — don't procrastinate.

SCORPIO (Oct. 23 to Nov. 21) Handle that correspondence and communication early and intelligently and make inroads for greater success in the future. You can take care of that transportation matter that has been annoying you for some time.

SAGITTARIUS (Nov. 22 to Dec. 21) You can add to present abundance by returning to that plan you had in mind some time ago and get it rolling successfully. Get an expert's advice as well. Be more devoted to kin in evening.

CAPRICORN (Dec. 22 to Jan. 20) Discuss with associates your plans for long-range projects and then get their full cooperation. Out to the social world, since you have been enjoying you for some time.

AQUARIUS (Jan. 21 to Feb. 19) Get into the practical work connected with present duties and put aside appointments with others for pleasure or whatever. Be efficient. Follow your intuition as to how to use your energy wisely.

PISCES (Feb. 20 to March 20) It is important that you get out and be active in the social or business world even though you like to stay at home or at office a good deal. Repaying some social debt is important to you now. Get right results.

Mine Workers Vote Today

PITTSBURGH (AP) — The United Mine Workers union votes for a president Tuesday after a long, bitter campaign between incumbent W.A. "Tony" Boyle and Joseph A. "Jock" Yablonski.

Boyle has held the \$50,000-a-year office since he succeeded John L. Lewis in 1963. Yablonski, a member of the union executive board for 27 years, has accused him of mishandling union finances. They have sharply criticized each other in campaign appearances.

Both candidates promised the union's 200,000 members, active and retired, to work for higher pay and pensions for the rank and file.

To meet the added expense of bigger retirement benefits they proposed an increase in the royalty of 40 cents per ton of coal which mine operators now pay into the union treasury.

Weather Whys

LAINDON, England (AP) — The Godden family always checks the weather forecast before it goes to bed to see which room it should use. One bedroom in their two-year-old home leaks when it rains and workmen can't find out where the water gets through the flat roof.

Zapper Theory

VANCOUVER (AP) — Zapper will be all the sound a logger of the future using a laser will make, if Nand Kishore Jehman of Vancouver can prove his laser logging theory. His idea is simple: A logger would sit on a hill using a telescope to focus his laser at the base of a tree up to three miles away. He presses the button and the tree tumbles. Mr. Jehman says the first laser logger would cost about \$100,000 and weigh about half a ton because of the power supply but mass production could bring the cost down to \$10,000 and the weight to 50 pounds, about what a power saw weighs.

HAMMERED HOME 'Young Girl, You Don't Have To Get Pregnant'

KINGSTON, Jamaica (AP) — "Young girl, you don't have to get pregnant."

The message is being hammered home daily on the radio, by television and in newspapers. A similar theme is promoted among young mothers in hospital maternity wards.

It's part of a birth control project taken over by the government three years ago after 20 years of effort by a voluntary National Family Planning Association, which continue to operate.

This country of two million has about 20 per cent unemployment. More young people enter the labor force each year than there are jobs available. Family planning, therefore is given all the priority of a struggle for national survival.

FIGURES

The government allotted \$720,000 to the program this year, in addition to considerable help from the Agency for International Development. In the 11 months ended in September, 28,000 women entered the program and 39,000 women made return visits to 135 government-operated clinics.

These figures would mean a maximum of 67,000 women are participating but the total is somewhat less because many of the women entering the program also made return visits during the period.

The figures do not include women who participate through private physicians.

W. Lenworth Jacobs, director of the government's National Family Planning Board, says the program is ahead of schedule, but the goal is to reach 120,000 to 150,000 women.

BIRTH RATE

"If we reach that, we'll feel we are well protected on the birth rate," he adds.

The birth rate declined from 38.9 per 1,000 in 1966 to 35.9 in 1967 and 34.2 last year. Jacobs said the goal is 15 to 20 births per 1,000.

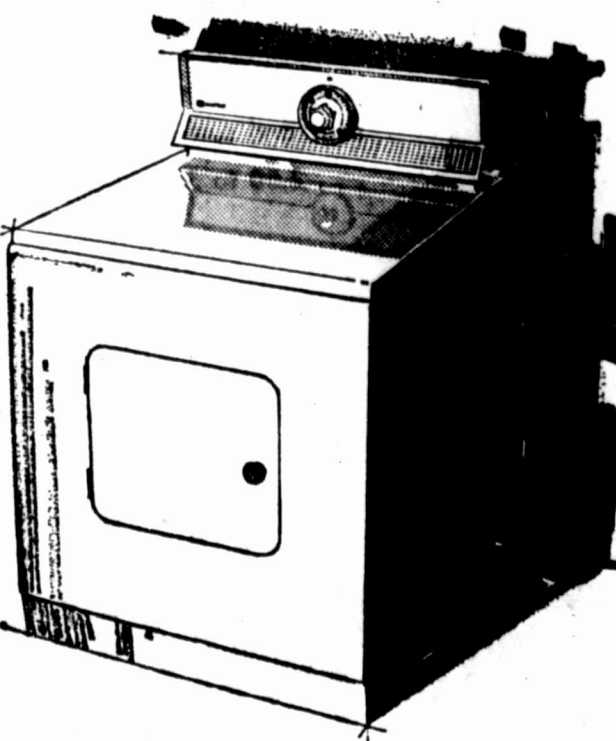

Total births dropped from 71,400 in 1966 to 65,400 in 1968. As to whether the family program was directly responsible, Jacobs said, "I don't know to what else we can attribute it. It was the first time the birth rate

Better Mileage

TAUNTON, England (AP) — Car and motorcycle police patrolmen in Somerset have been told to stretch their legs more. The gasoline bill for the 300 vehicles in the county rocketed to \$30,000 last year. "Policemen do not catch crooks running around in cars all day," said a high-ranking officer.
