OVER \$1 MILLION; AT OWENS STREET

Overpass Project Wins Okay

A second overpass for eastern Big Spring is now in the mill. J. C. (Jake) Roberts, Abilene, district engineer, announced Saturday that the Texas Highway Commission has approved expenditure of \$1,001,000 for the structure which will span the Texas & Pacific Railway Co. tracks approximately along Owens Street.

The project is set up under the 1971-72 program, which means that it now will go into the planning stage and be funded later.

For a number of years the Chamber of Commerce, city and county officials, and others have inquired about the possibility of a new overpass to supplement the old Benton Street structure which is steep and narrow.

Tentative plans call for the new overpass and approaches to be on approximately a straight line south from the Snyder highway (State 350) overpass of IS 20. It would proceed a distance of about 1.0 mile to east leg of U.S. 80, or

East Fourth Street.

Several other projects in this area were approved by the commission. Included are:

SCURRY COUNTY — State 350 from the Mitchell County line northeast a distance of four miles, widen and recondition grading, structures and surfacing, \$636,000 (this will complete the widening of this highway from Big Spring to Snyder).

BORDEN COUNTY — US 180 from six miles east of Gail a distance of four miles, reconstruct grading, structures and

surfacing, \$894,000.

MITCHELL COUNTY — State 208 from US 80 at Colorado City south a distance of 4.5 miles, widen and recondition grading, structures and surfacing, \$465,000.

The work listed above is part of a \$406-million, two-year consolidated highway program approved by the commission. In all, a total of 1,968.6 miles of non-interstate highways will be built or reconstructed under the program. Estimated cost of the construction work is \$365 million, the commission said.

STRUGGLE AGAINST THE WIND — Two pretty teenage girls, Rosa Saenz, holding on to building and Susan Garcia, both students at Jefferson High School in El Paso hold on to the building and each other try to avoid being blown away by 45 mph that swept the El Paso downtown area Saturday.

Court Order Halts Rail Strike Threat

ABOUT 12,500

Voter Sign-Up Short Of Goal

About 300 persons took advantage of a last-minute opportunity Saturday to register to vote. Mrs. Zarah LeFevre opened her office Saturday and stayed there until around 6 p.m. "Most of the people came in the morning," she said, but there were a few in the afternoon.

She left several application blanks in the sheriff's office when she left. Sheriff's deputies generally close the courthouse doors at 7 p.m. Approximately 12,500 have registered, although persons who have registered twice might lower the number slightly, she said.

"We always have a few who forget they have already registered and decide to register again as the deadline nears," she said.

Mrs. LeFevre said she expects to have quite a few applications in the mail Monday. Applications must be postmarked by midnight Saturday.

"I understand some people were handing out application forms in the shopping centers," she said Saturday. "We'll probably get some applications as a result of that."

Only 11,864 voters registered last year, an off-year for political races, as compared to the 12,500 voters registering this year.

Children Die In Fire

BENTON HARBOR, Mich. (AP) — Two Elsa, Tex., children were killed Saturday when fire swept the interior of the five-room home where they had been staying in Benton Heights, Mich.

The victims were identified as four-year-old Susie and three-year-old Tammy Escamilla, daughters of Mr. and Mrs. Saol Escamilla.

Cause of the fire which gutted the house was undetermined. Benton Township firemen said the two children were discovered lying on the floor of a bedroom.

Reviewing the . . .

Big Spring Week

. . . with Joe Pickle

While the final count will not be known for several days, it appeared Saturday evening that Howard County has a good chance to have 13,500 qualified voters. This will be 500 to a thousand under what workers had hoped, but it will top last year's 12,000 and be only slightly under the peak of 14,122 in the 1968 (presidential) campaign. The more of those votes — the greater our voice.

Unexpectedly good news came Saturday from Jake Roberts, district highway engineer, that another overpass has been approved by the Texas Highway Commission for Big Spring. It is set up under the 1971-72 program and will connect IS 20 with East Fourth Street, crossing the T&P tracks at approximately a block east of the an-

WINDY

Partly cloudy and not much change in the temperature today through Monday. Windy today. High today near 60, low tonight 34, high Monday 54.

WASHINGTON (AP) — A federal judge Saturday halted for 10 days a threatened nationwide railroad shutdown and the strike that prompted it after a railroad attorney told him President Nixon would seek special legislation Monday.

But the White House, in a statement by Secretary of Labor George P. Shultz, denied the administration told railroad attorney Francis M. Shea that it would seek a law to halt the lockout and strike.

"We may or may not submit legislation but we did not tell him we would," Shultz said in calling Shea's comment in court

"something of a misrepresentation."

U.S. District Judge John J. Sirica, in granting restraining orders against both the railroad lockout and the strike against the Union Pacific, said the delay would give Congress time to take any action it deemed necessary.

"In this case there is no question that irreparable harm would be suffered both by the railroads and the unions and the approximately 500,000 employees," Sirica said.

Shultz said he would use the 10 days to try to get a voluntary agreement between the rail-

roads and four AFL-CIO unions representing some 45,000 rail shop maintenance and repair workers.

Shultz said the administration had been considering, before the court action, special legislation but that in light of the 10-day injunction had not decided precisely what steps it would take.

He said Undersecretary of Labor James Hodgson had told railroad representatives "We are not committing the administration to any particular form of action and they should not advise the judge that their position was based on the administration."

Sen. Hall May Enter Race Against Smith In Primary

AUSTIN (AP) — Chances for a sizzling Democratic primary race for governor increased Saturday as Sen. Ralph Hall of Rockwall said he is "touching bases" that will help him decide whether to challenge Gov. Preston Smith.

Hall, a moderate conservative closely aligned with Lt. Gov. Ben Barnes and Former Gov. John Connally, discussed the race shortly after Barnes and Sen. Ralph Yarborough officially filed for re-election.

County Tax offices, stayed open late in many towns as Texans had until midnight Saturday to register to vote or else forfeit a voice in the 1970 elections.

"If the bases I have to touch between now and Monday are as favorable as the ones I've touched in the last week, I'll run," Hall told newsmen.

Hall said he had talked with both Barnes and Connally, but "I'm not wearing anybody's collar . . . No one has urged me to run," Hall said.

Thus far, no one has filed against Smith in the Democratic primary, although Paul Eggers has announced as Republican candidate for the office. Eggers, who won about 40 per cent of the vote for governor in 1968, will have opposition in the GOP primary.

Hall previously announced

plans to run for lieutenant governor in 1972, but he denied a race for governor this year would be used merely to build up his name identification with voters.

"I think there is going to be a great need for leadership in the 1970s . . . I would hate to leave 10 million people with a choice between Preston Smith and Paul Eggers," Hall said.

Nader's Texas Tax Comments Called 'Unwarranted Attack'

ODESSA, Tex. (AP) — Self-styled consumer protector Ralph Nader's attack on tax procedures in Ector County and Odessa, areas he used as examples but not the only instances, met little positive response Saturday.

Officials, oilmen and tax experts generally said they would have no comment, at least now.

Texas House Speaker Gus Mutscher of Brenham, one of the two or three most powerful men in state government, said he plans to appoint an interim tax committee but no special committee to investigate Nader's charges.

Muscher called Nader's tax comments in San Antonio Friday "an unwarranted attack on

one of Texas' leading industries."

"We have heard the cry for 'law and order' in the streets," Nader said. "It is now overdue to have home law and order in a property tax assessment system, particularly as it affects the oil companies." (See Page 6-B.)

He named Pritchard and Abbott Valuation Engineers as contracting for valuation work with about 70 per cent of the state's taxing districts.

John L. Abbott of Pritchard and Abbott answered Nader, "We've been in the business for 40 years . . . I don't believe we could stay in business that long if we were doing as Mr. Nader suggests."

G. C. Bankston, vice president of Shell Oil Co., one of the firms

Predicts Rising Prices Will Slow This Year

WASHINGTON (AP) — Rising prices, the penalty every consumer pays for inflation, will slow their increase this year as the government's anti-inflation program takes hold, President Nixon's chief economics adviser predicted Saturday.

Paul W. McCracken, chairman of the Council of Economic Advisers, said 1970 probably would end with prices rising at a 3.5 per cent annual rate.

The year-to-year change between 1969 and 1970 will be about 4.3 per cent, he said, compared to 4.7 per cent from 1968 to 1969.

"Broadly speaking," McCracken said, the anti-inflation program "is on schedule" and the time is coming for the Federal Reserve Board to ease its tight restraints on money and credit.

He and his fellow council members, Herbert Stein and Hendrik S. Houthacker, held a news conference to discuss their economic report to the Presi-

dent, which was released Friday night.

Shortly after the news conference, Arthur F. Burns was sworn in as the 10th chairman of the Federal Reserve Board in a ceremony in the White House East Room.

Nixon reported the essence of what he told his news conference Friday night: the independent "Fed" must ease its restraints on money and credit. If it stays tight too long, he said Friday night, "there will be a recession."

When the audience of Cabinet members and invited officials gave Burns a standing ovation after he was sworn in, Nixon quipped, "That's a standing vote for lower interest rates and more money."

McCracken also discussed monetary restraints. The evidence is increasingly clear, he said, that "we can have some easing in monetary policy." He said he hoped the "stern budgetary position" Nixon will outline Monday in his budget

message to Congress will convince the Fed to loosen its restraints.

At the same time, however, he said he wished for an even stricter budget, but that would have required more income than will be available because of tax cuts in the Tax Reform Act passed in December.

"We're talking about as tough a stance on fiscal policy as it's possible to take, he said.

McCracken said the new economic report pays more attention to monetary policy than past reports. "This, I think, is really reflecting the basic evolution in economic thinking," he said. The chief exponent of monetary economics is Milton Friedman of the University of Chicago.

Mideast War Reports Differ

By The Associated Press

The Arab-Israeli conflict stayed on the ground Saturday, with the main actions reported in the Golan Heights and along the Suez Canal.

Both Cairo and Tel Aviv reported that Egyptian troops crossed the canal and attacked Israeli forces in the Ismailia sector.

A military spokesman in Cairo said the Egyptians destroyed several armored cars and "all the occupants of the Israeli position were killed." He said the Israelis also suffered "heavy casualties" in an exchange of artillery fire the length of the canal during which three Egyptian civilians were wounded.

The Israeli military command said a force of 10 to 20 Egyptians ambushed an Israeli motorized patrol in the Ismailia sector but was driven off. The command reported no damage or casualties, but said the Egyptians were seen pulling back to their own lines carrying wounded.

Tel Aviv said two Israeli soldiers were slightly wounded in the artillery battle.

FORMER 'MISS AMERICA' IS SPEAKER

C-C Banquet Set Wednesday

Marilyn Van Derbur, a former Miss America, will arrive here Wednesday to address the Chamber of Commerce "Make Something Happen in '70 Banquet" set for 7:30 p.m. in the Big Spring High School Cafeteria.

Preparations for the banquet are complete and Chamber Manager Tom Eastland said Saturday, "we are looking forward to the most interesting and exciting affair of this kind the community has ever seen."

Ticket sales are at the 400 mark, and Eastland said he believes the goal of 550 will be reached. Roger Brown is in charge of sales along with other members of the C-C Ambassadors Club, who will wear their red coats Monday and Tuesday to emphasize the ticket campaign. Eastland said those desiring to attend may contact

any of the Ambassadors or the Chamber of Commerce office.

Most girls would be more than happy just being Miss America, but Miss Van Derbur has extended her abilities in many fields beyond the beauty pageant. On television, she has hosted the Bell Telephone Hour, Candid Camera and the Miss America Pageant. As a performer, she has appeared on the Ed Sullivan Show, the Tonight Show and The Mike Douglas Show. Last fall, she was television hostess for the Thanksgiving and Cotton Bowl parades and she is heard every weekend on NBC radio's Monitor.

Eastland said other chamber managers urged him to contact Miss Van Derbur for the annual banquet. The chamber's choice

was also influenced by comments expressed by several Big Spring women who heard her speak at the National Convention of the American Business Women's Association in Detroit last fall.

Eastland said the people who worked on the banquet committee, headed by Mrs. O. S. Womack, had done an excellent job of preparation. He said the decorations were completed almost two weeks ago and "if the speaker were here, we could have the banquet tonight."

The banquet program will be emceed by Gene McElroy, manager of the local Montgomery Ward store, and will include the presentation of the Junior Chamber of Commerce Distinguished Service Award, by Jaycee President Bob Taylor, and the Outstanding Airman of the Year Award to

be presented by Col. Harrison Lobdell, Wing Commander at Webb AFB.

Also on the program are short talks by outgoing Chamber President M. R. Koger, insurance and oil property broker, and incoming President Paul Meek, president of Cosden Oil and Chemical Co.

The national anthem will be sung by Larry Stanley, voice instructor at Howard County Junior College, and dinner music is to be provided by the Big Spring High School Dixieland Band, under the direction of Don Turner.

Eastland said Miss Van Derbur (privately Mrs. Lawrence Adler, wife of a prominent Denver attorney) will arrive in Midland at 3:37 p.m. Wednesday and come to Big Spring for the engagement.

MARILYN VAN DERBUR, Miss America of 1958, will be featured speaker at the Chamber of Commerce "Make Something Happen in '70" Banquet Wednesday at 7:30 p.m.

NORMAN LUBOFF

Famous Musician Brings Choir Here For Concert

What many people believe to be the highlight of the current Big Spring Concert season comes to town Thursday with the appearance of Norman Luboff and his famous choir.

When it comes to choral music, Norman Luboff is a household name across the nation. He used a rich and talented background as an arranger, composer, director and recorder to become a favorite everywhere.

It was not, however, until the autumn of 1963 that he could take sufficient time from his recording activities and his work as an arranger and composer for films and television to embark on the tour circuit.

Unlike a number of his colleagues, Luboff finds the road a stimulating rather than a fatiguing experience although he averages more than 100 concert performances in a season.

The choir consists of 30 virtuoso professional singers (accompanied by four gifted and amazingly versatile instrumentalists), all of whom are equally at home in the cantatas of Bach or the hit tunes of Broadway — which, in both cases, they perform with inimitable vitality and superb musicianship.

Except for the classical selections, Luboff has arranged most of the material himself, and he is especially noted, in this day of echo chambers and other "hoked up" electronic devices, for the clarity and naturalness of his arrangements, and for an eminently singable style.

The tall, husky and full-bearded Mr. Luboff — who looks more like a Roman gladiator in modern dress than the elegantly creative musician he is — has a very strict and thorough musical training behind him. "I was always interested in music — studied piano and voice as a youngster, participated in choral activities. I entered a competition, won a scholarship, and went to the University of Chicago and later to Central College."

After college, Luboff started arranging and teaching professionally, interrupting these activities temporarily for studies in composition and orchestration with the noted composer, Leo Sowerby. It turned out to be relatively easier to get a foot in the music business door as a singer, however, and the future producer of nearly 30 best-selling record albums made his professional debut as a baritone on Noble Cain's radio choir program in Chicago for the dazzling fee of three dollars.

It was not long, however, before his talent — together with his lifelong penchant for hard work — won him a solid position singing in various theatres about town. At the same time he began to make arrangements for orchestras and choruses. From that, his rise was rapid and enthusiastic.

Bill Bennett Announces For Pct. 2 Contest

Bill Bennett is seeking the office of county commissioner from Precinct 2, he announced Saturday. He is entering as a candidate in the Democratic primaries.

"This is an important office and therefore my decision to ask to serve in it is not lightly taken. I feel that I am equipped to do a good job for our precinct and county, and I am ready to give it my very best."

Bennett is a native of Howard County and has spent many years of his life in Precinct 2. He is a graduate of Coahoma High School and a veteran of two years service in the United States Army. He is married to the former Johnnie Padgett and they have two sons, Jodie, 12, and Randy, 10, and live in the Sand Springs community near the Moss Creek Road. The family members are Baptists.

He has had experience working in the oil fields, also in road maintenance, and his occupation is that of farmer and rancher.

"I believe that we, the people, should get all out of our tax money that we can. I believe we should hire a licensed, professional engineer to head the road maintenance and construction. I will give my best efforts to do this."

BILL BENNETT

"I further believe that the commissioner's salary should be cut to \$100 a month across the board, and I will support this step. I think that we need a man who will consistently work to these ends and who will seek to hold the tax structure as low as possible. I ask you to let me be that man and will deeply appreciate your help and your vote."

Cotton Growers Warn Low Stocks Hurt Exports

LUBBOCK — In consideration of a new cotton program officials of Plains Cotton Growers, Inc. continue to point out that adequate supplies are an absolute must if U.S. export markets are not to be lost forever.

In the decade of the sixties, cotton exports for the first eight seasons averaged 4.4 million bales per year. The lowest carryover of cotton at the end of any season during this period was 7.4 million bales on Aug. 1, 1961. Average carryover was about 11 million bales and annual production averaged almost 13 million bales.

In 1968-69, when the beginning carryover was only a little over 6.2 million bales and only 10.8 million bales were produced in this country, exports dropped to 2.7 million bales. And it looks now as if the U.S. may do well to equal that sorry export performance in the 1969-70 season ending Aug. 1 this year, PCG officials said. Carryover on Aug. 1, 1969, was only 6.3 million bales and the year's production total is straining to reach 10 million.

At beginning of the current season the U.S. Department of Agriculture estimated that U.S. cotton exports would show an increase over last year. That was when a crop of 11.7 million

bales or so was expected. Later, when it became evident that the crop would fall to around 10 million bales, both government and trade sources began to say current-year exports might well drop below 2.7 million.

Fortunately for U.S. cotton exports, it now appears that adverse developments in other cotton exporting countries of the world may at least partially offset the abnormally low supply of U.S. cotton, and our exports may yet reach the 1968-69 total.

Commission Wants More Info On Road

AUSTIN (AP) — The State Highway Commission decided Friday it wants to hear more about moving a road on Mustang Island even though the developer has agreed to pay all costs — which could total \$1.2 million.

A Corpus Christi lawyer for Benguet Consolidated, Inc. which reportedly wants to spend more than \$8 million developing the island, had asked the commission for quick "general assurance" that it does not oppose such relocations.

M. Harvey Weill, the lawyer, said Benguet had only until Monday to exercise its option on 8,000 acres owned by the Sam E. Wilson estate. Weill said

tentative plans call for a residential subdivision.

His letter was read to the three-member commission by state highway engineer J. C. Dingwall, after a special announcement went out to newsmen, inviting them to a discussion of the Benguet proposal.

Originally, Bruce Wilson, a New York lawyer for Benguet, said he planned an "informal" meeting with the commission, but several reporters asked to be present.

Wilson was not here for the discussion, and the commissioners concentrated on Weill's letter, dated Jan. 27.

It said Benguet wanted to move 12 miles of Park Road 53 eastward — or toward the Gulf of Mexico — as part of a plan to maintain sand dunes to help with drainage from the area.

"What we do might affect what they will do about their option, but that's not our problem," said commission chairman D. C. Greer.

"We've relocated roads before," said commission member Herbert Petry Jr., "and we certainly try to cooperate with de-

velopers of an area. But I think we have to have all the facts before us."

Greer said planners apparently had been working on the island proposal since last September — "plans not made available to us. If they want public hearing, they should write us and ask for a place on the docket Feb. 23."

Dingwall estimated relocation of roads such as Park Road 53 would cost from \$75,000 to \$100,000 a mile.

"I certainly wouldn't say we wouldn't relocate under any circumstances," said Petry. "We don't want to close the door. But we have to consider the best interests of the highway department and the state. If they decide they want to go ahead, they should come up and tell us what they want to do."

"Whether they want a public hearing is their option," said commission member Garrett Morris.

ments, and for an eminently singable style.

The tall, husky and full-bearded Mr. Luboff — who looks more like a Roman gladiator in modern dress than the elegantly creative musician he is — has a very strict and thorough musical training behind him. "I was always interested in music — studied piano and voice as a youngster, participated in choral activities. I entered a competition, won a scholarship, and went to the University of Chicago and later to Central College."

It was not long, however, before his talent — together with his lifelong penchant for hard work — won him a solid position singing in various theatres about town. At the same time he began to make arrangements for orchestras and choruses. From that, his rise was rapid and enthusiastic.

Church Leaving National Council

OKLAHOMA CITY (AP) — First Presbyterian Church is withdrawing from both the World and National Council of Churches mainly because there is no way "the congregation can enter into decision-making," the church's pastor said Friday.

The Rev. Dr. Ernest J. Lewis said the decision to withdraw was made unanimously by the session and board of trustees at a special meeting this week. He said the action came on the recommendation of a 10-man committee of elders and trustees.

There has been "a tremendous amount of unrest in the church, and a great deal of concern about the individual's ability to dissent and to have any voice in the decision-making of the national bodies," Dr. Lewis said.

He said dissatisfaction has focused on the councils' stands on such matters as the Vietnam war policy, admission of Red China to the United Nations and activism in racial problems.

Many Southern Schools Must Integrate Monday

By The Associated Press
Many Southern school systems are under orders to end separate schools for blacks and whites Monday, although desegregation of student bodies in some instances will be limited.

Circuit Court of Appeals, on Jan. 14 ordered complete desegregation of both faculties and student bodies in 14 Southern school districts. It was to be accomplished by Feb. 1.

Afterward, the appeals court said the deadline would apply to 17 other districts in the same states—Georgia, Alabama, Mississippi, Florida and Louisiana.

Some U.S. District Court judges applied the deadline in school suits still under their jurisdiction. Others said only faculty desegregation was required. Since the Supreme Court's Oct. 29 ruling which held that the 1955 doctrine of "all deliberate speed" means "at once," massive acceleration of school desegregation efforts has been in evidence.

The U.S. Supreme Court, overruling a decision by the U.S. 5th

SENATOR AND MRS. DAVID RATLIFF To be greeted at functions here Monday

Y Member Total Up

Only a few reports were received Friday in the YMCA's participating member division, but the total rose to \$8,868 of a \$13,000 goal.

Mike Hull, director of the enrollment campaign, said that Monday would be devoted to contacting workers, and that a time would be set for a roundup of unreported workers during the week.

Hurd Painting Is Given To Museum

"Early Autumn," a watercolor by Peter Hurd, has been presented to the permanent collection of the Museum of the Southwest in Midland.

Hurd, a native of New Mexico, is one of the most talented and perceptive recorders of the Southwest. He was educated at the New Mexico Military Institute, and in 1921 received an appointment to West Point, realizing his early ambition for a military career.

Hurd served as a war correspondent for LIFE magazine during World War II and at its conclusion returned to the Southwest. He has always had a great ability to identify with the countryside around him; he loves the Southwest and its way of life.

Sen. Ratliff Here Monday

Monday is a "David Ratliff Day" in Big Spring as the state senator for the 24th district (which includes Howard County) and his wife will be here for dual affairs in their honor.

A reception at the First Federal Community Room Monday afternoon and a banquet Monday night are being sponsored by the local chapter of the American Association of University Women, who are stressing that both affairs are open to the public.

The afternoon reception is from 4 to 5:30 p.m. and every one is invited to drop by and greet Senator and Mrs. Ratliff. Refreshments will be served. At 7:30 p.m. the AAUW group is honoring the Ratliffs at a dinner in the High School Cafeteria. This, too, is open to the public and tickets at \$2.25 per plate will be available at the door.

VA Hospital Honors Two

Two employees of the Veterans Administration Hospital were honored Friday for "improving the esteem of our hospital in the eyes of various suppliers throughout the community and the nation."

The commendations went to Mrs. Shirlee Carlile and Lee Oxford, employees of the procurement section of the hospital.

Both have demonstrated service which typifies exceptional Federal employees," Powell said.

LETTER Thinks Fund Cut Proper

Dear Sir: I refer to the front page article published in the Big Spring Herald, Jan. 27, 1970, titled "Big Spring Could Lose \$200,000." I drew implications from the article that "B" student's parents do not pay equal local taxes. To quote from the article, "The whole program is set up to compensate us for educating a child whose parents do not pay the same taxes as non-federally connected persons." I feel this to be an injustice and it should be publicly clarified by Mr. Anderson, school superintendent; or if it was a misquote — then clarified by your newspaper — for I, along with other parents working on a tax-exempt installation, am taxed equally with other Big Spring residents.

I refer to your editorial, "The Impact Funds," which appeared in the same issue of the newspaper. I agree that a bit of discrimination could be indicated because what about parents of students who work on tax-exempt property such as state facilities, churches, non-profit organizations, foundations, etc. — is the school system re-imbursed for their children?

I cannot but feel the loss of these impact funds would be as great as perhaps purported because who pays for the funds that are channeled through the federal government back into the school system — the taxpayer, of course. This route is more expensive than direct taxation because when a new government program is implemented, it requires more money to run the program.

Perhaps a little "belt tightening" for the school system would be in order, just as President Nixon has ordered "belt tightening" of the federal government.

Sincerely,
MRS. EDNA AMES
2607 Clanton St.

Secy. Hickel To Speak At Midland

MIDLAND — Secretary of the Interior Walter J. Hickel will be the principal speaker for the 47th annual banquet of the Midland Chamber of Commerce.

The banquet will be held early in March, and the exact date will be announced within the next few days.

"We are extremely pleased that Secretary Hickel has accepted our invitation to speak for our banquet," Dawson said. "We know that he will be well received and that he will speak on a subject of interest to Midlanders and West Texans."

Sauce Buying Time Erratic

DES MOINES, Iowa (AP) — The hours when you can buy alcoholic beverages in Iowa state liquor stores are like stock market prices. You have to have the latest quotation to know where you stand.

As of now, the state stores will be open to 8 p.m. six days a week, the Iowa Liquor Control Commission says.

That's a change from Thursday, when the commission announced the hours would be 10 a.m. to 6 p.m. Up to Wednesday, the stores for many years operated from 10 a.m. to 8 p.m. The commission said it was cutting the business hours down to conform with a recommendation by an economy committee named by Gov. Robert Ray.

Snyder Parades Spirit Of Enthusiasm Friday

SNYDER — In the surroundings of its new, sparkling Scurry County coliseum, the Snyder Chamber of Commerce paraded its new spirit of enthusiasm here Friday at the annual chamber banquet that drew more than 600 people.

In addition to predictions of a rosy future for Snyder, the banquet heard a challenge from an English businessman-statesman to enlarge their understanding of the power of the United States in world affairs.

John Harvey, associated with the Burma Oil Trading Company and a former member of parliament, returned to Snyder after an absence of 13 years and remarked on progress in the interval. This, he noted, is manifested everywhere as transportation and other factors shrink the world.

"We are witnessing the compression of time and space and the intensifying of human experience," he declared.

"America has grown larger in a world that has grown smaller. In this situation, which is fraught with danger, tremendous responsibility has been placed upon America as by far the leading power.

And this situation is going to intensify instead of lessening, Harvey said, noting the accelerating productive power and the fast educational lead America possesses.

"The power is yours," he added, but warned that American businessmen, in grabbing effective control of much of Europe's business, runs the risk of affronting national pride to the point Europe might not recognize the vital importance of its partnership in the free world.

America, but it must not overlook the necessity of recognizing communism for what it is, a form of tyranny over man.

Buford Browning was honored as the outstanding citizen of the year for his leadership in many projects, notably the successful campaign to establish the Scurry County Junior College. Wayland Huddleston was named the outstanding young farmer by the Snyder Jaycees.

Max Von Roeder, farmer and seed breeder, was installed as a new president, succeeding Shelby Coker. On the program was Hondo Crouch, Kerrville, Texas writer.

Harvey came to Snyder at the invitation of C. T. McLaughlin, Scurry County oilman and philanthropist, who also honored a Western artist, Melvin Warren, at a reception and showing of the artist's paintings. School Supt. Bill J. Hood presided over the dinner. Mrs. Harvey was introduced by Birdie Barron.

Stable Year Is Forecast For Domestic Oil Industry

HOUSTON, Tex. (AP) — A rather stable year has been forecast for the domestic petroleum industry despite a host of problems.

An annual forecast published by World Oil Magazine says most operators believe the industry can cope with the problems and new ground rules.

"The U.S. petroleum industry found in 1969 that major adjustments would be needed to cope with continued high interest rates on tightening money supplies, rising equipment and labor costs, increasing government controls, prospective oil import policy changes, likelihood of lower crude oil prices in the face of marketplace economics clearly dictating a need for increases in those prices, and a host of other problems," the forecast said.

"Most of the operators accounting for a large share of drilling activity feel industry will find a way to operate within the framework of new rules, lower prices, if they come, and increased competition from crude oil imports, if it comes."

The magazine predicts that domestic crude oil production will increase three to four percent in 1970 and natural gas liquids output will increase four to five per cent. Record levels for 1969 included daily averages of 9,210,000 barrels for crude oil and 1,594,000 barrels in natural gas liquids.

World Oil said its annual survey indicates the industry will drill 31,000 wells this year, compared with 30,815 in 1969, and will drill more than 155 million feet of hole, compared with last year's 153 million.

Included in the well completions would be 7,110 wildcats, compared with 1969's 7,105.

Canada received a forecast of 3,200 wells, compared with 3,079 last year.

In other Free World areas, the magazine predicted the industry would drill 4,688 new wells, compared with 4,358 in 1969.

"The biggest gains will be in Africa and the Far East," the forecast said. "The end of the Nigerian civil war will allow drillers to get back to work in that country, while a string of offshore discoveries in Indonesia and Australia will encourage operations in the Far East."

The forecast included 300 new wells for 1970 in Nigeria, compared to an estimated 170 for 1969 and 160 in 1968. Libya's continued boom is expected to include 284 new wells, compared with 248 last year.

Raymond Hamby Enters Race In Precinct 2

Raymond Hamby, who has spent most of his life in Howard County, is seeking to serve the county as commissioner from Precinct 2.

RAYMOND HAMBY

He filed as a candidate in the Democratic primary.

For the past 46 years he has resided in the county and for nearly a score of years in the precinct. He has had extensive interests including business and farming, and has been active in youth and church work.

"I have some definite ideas about service as a commissioner," he said. "I believe my many years in business will help me apply these principles in the operation of the county's business. I also feel that the people of the county have voted to have a county engineer, and they are entitled to have one. I feel this is required."

"I also pledge myself to work in close harmony with the city government so that the welfare of all our people will be better served."

Hamby said he plans to present his appeal for votes and influence in person so far as possible and earnestly asked for help by all those who know him.

Mr. Hamby was reared on a farm in northern Howard County and owned a farm until a few years ago. He and Mrs. Hamby, the former Margaret Ann Price, were married in 1941 and have made their home in Big Spring where they now live at 2701 E. 25th. He has operated used car businesses and is presently president of the Big

Spring Independent Auto Dealers Association. He has been active in Boy Scout work for over 20 years and in the Kentwood Methodist Church where he is a charter member and has held virtually every lay office.

He and Mrs. Hamby have three children, the Rev. Ronnie Hamby, Lubbock, who is youth leader for the Northwest United Methodist Conference; Kenneth Hamby, who is studying at the University of Texas to be a chemical engineer; and Regina Hamby, a senior in high school.

Wants Law On Threats Nullified

SAN FRANCISCO (AP) — Black Panther national chief staff David Hilliard has asked federal court to declare unconstitutional a law making it a crime to threaten the life of the President.

Hilliard has been charged in U.S. District Court with threatening the President's life during a speech before an estimated 300,000 persons at an antiwar rally in Golden Gate Park Nov. 15.

He was accused of saying, "We will kill Richard Nixon."

Charles Garry, Hilliard's attorney, argued Friday that the words were "political rhetoric" uttered to shock the audience, and were taken out of context.

Far West Texas Ranges Holding Up

COLLEGE STATION, Tex. (AP) — Better weather over much of the state increased outdoor work by Texas farmers.

Prolonged open and warmer weather would permit land preparation, fertilizer distribution and help the growth of grains and other plants, said Director John Hutchison of the Texas Agricultural Extension Service.

He noted that a shortage of moisture for wheat still exists over the Panhandle and in a few other counties in the west and northwest. Moisture is generally abundant in most other areas, he said.

Sunny weather on the South Plains (Lubbock) increased field work such as stalk shredding

and plowing. Warmer weather has started some regrowth in wheat. Ranges furnished some grazing but feeding was heavy in some areas. Livestock were in good condition and marketing normal.

Only two Rolling Plains (Vernon) counties need moisture. Some cotton is yet to be harvested. Grain has been slow and this has limited grazing. Improved weather has decreased livestock shrinkage but feeding is necessary.

Moisture in North Central Texas is adequate and warmth has been welcome. Grain grazing has been limited but growth will improve if present weather holds. Livestock are holding up well. The cold caused some lamb losses. Ranges were below average for Fannin, Kaufman and Rockwall counties.

Far West Texas ranges are good and livestock are holding up well with feeding. Grains are providing some grazing and an excellent calf crop is on the ground.

West Central Texas has adequate to surplus moisture in all counties. Some freeze damage hit grains but rapid recovery was expected with warm temperatures. Grazing is adequate and livestock are in good condition. Feeding has been heavy in spots. Calving and lambing are on.

Warmer weather should help Southeast Texas grain growth and fields are drying enough in some counties to permit grazing. Ranges are average to below and too much moisture has curtailed grazing from this source. Feeding has been heavy and livestock generally are in fair condition.

Grains and flax in South Central Texas need warm, open weather. Moisture was adequate to surplus and ranges were below to above average condition. Livestock are losing some weight and feeding is necessary.

Moisture in South Texas ranges from adequate to surplus and wet fields hamper harvesting of vegetables and citrus. Grain grazing was good but the recent freezes stopped growth of range plants. Feeding is necessary. Livestock were below normal.

Negro Asks Seat On Stock Market

NEW YORK (AP) — Joseph Louis Searles 3rd, who says he prefers his own means to achieve the same general ends as the Black Panthers and other militant Negro groups, has applied to become the first Negro on the New York Stock Exchange.

Searles, 30, resigned Friday from his \$17,000-a-year city post as director of local business development in the Economic Development Administration. Mayor John V. Lindsay called him "an invaluable aide."

Searles' application is being sponsored by the brokerage firm of Newburger, Loeb & Co.

Class Still Open For Students

More registrants are needed for psychology of mental health, a course offered through the Hardin-Simmons University extension department. The first scheduled class meeting will be held Monday, with classes held every Monday from 8 p.m. at Withycombe Hall, Room 4, at Webb AFB. The course will terminate on or about May 11.

This course carries three semester hours credit and costs \$82.50. New students are charged a \$10 admission fee. Military members with assistance will pay \$20.62. The GI Bill will reimburse all tuition and fees. The course is open to the public.

Enrollment Is Steady

Enrollment figures for Big Spring schools held steady for the week ended Jan. 23. There

Big Spring (Texas) Herald, Sunday, Feb. 1, 1970 7-A

was a gain of 13 in elementary grades for a total of 3,768, while secondary schools lost a net of nine (11 dropped at senior high) leaving a total of 3,292. Special education also lost two, leaving

this figure at 152, making a grand total of 7,212, a gain of two for the week. It is 110 less than a year ago.

Stram To Speak At Grid Clinic

CANYON, Tex. (AP) — Hank Stram, coach of the world champion Kansas City Chiefs professional football club, will be the principal speaker March 13-14 at the seventh annual West Texas State Coaching Clinic.

Stram is the only coach in the now defunct American Football League who has been the head mentor since the team was formed. He was hired to coach the Dallas Texans and remained with them in their move to Kansas City.

Joint Dining-In Tuesday Is First

The first joint Junior Officer Council-Noncommissioned Officer Dining-In is scheduled Tuesday at 6 p.m. in the NCO Open Mess at Webb AFB.

C. M. Sgt. Donald Harlow will be the featured speaker. Capt. David Little, an instructor pilot in the 3561st Pilot Training Squadron, and M. Sgt. Paul Hooser, synthetic trainer branch, laid the groundwork for the meeting.

HIS LIFE HAS BEEN DOTTED WITH VIOLENCE

Led Them To Triple Murder

(AP WIREPHOTO)

THE LEADER — Mike Papskar, 28, an ex-convict, is the man identified by police as the leader of a shoddily-dressed group charged with the murder of a young boy, his father and uncle. He led by threats and force, police said, unlike the key figure in the Sharon Tate case.

DEATHS

Mrs. Pearce, 86, Monday Services

Mrs. Hallie R. Pearce, 86, daughter of a member of the first legislature in Oklahoma, died Friday in her home at 600 W. 18th. Death due to natural causes was ruled by Justice of the Peace Jess Slaughter.

Mrs. Pearce was born in 1883 in McAlester, Indiana Territory of Oklahoma, the daughter of the Rev. and Mrs. Frank Ross. Rev. Ross was a well-known Baptist preacher in the Indian Territory.

She married Oscar Pearce Oct. 25, 1910, in Durant, Okla. Mr. Pearce preceded her in death in 1954, and she came to Big Spring in 1964. She was a member of the First Baptist Church and the Berta Beckett Sunday School class.

Survivors include two daughters, Mrs. Charles Sweeney, Big Spring, and Miss Wynema Pearce, Redondo Beach, Calif.; two sons, Jerry Pearce, Durant, and Perry Pearce, Sathelle Beach, Fla.; one sister, Mrs. Mae Scott, Dallas; six grandchildren and two great-grandchildren.

Services will be at 10 a.m. Monday in Nalley-Pickle Rosewood Chapel with the Rev. Lee Butler, interim pastor of First Baptist Church, officiating. The body will be transferred to Durant, Okla., where another service is planned. Pallbearers will be Jimmy Holmes, Horace Reagan, Omer Williams, T. K. Price, T. H. McCann, and J. H. Eastham.

Mrs. G. Lara, Died Friday

Mrs. Guadalupe (Francisca) Lara Jr., 48, died Friday in a local hospital.

She was born Dec. 5, 1921, in Brownsville and moved to Big Spring in 1954. She married Guadalupe Lara in 1953. She was a member of St. Thomas Catholic Church.

Funeral will be at 2 p.m. Monday in St. Thomas Catholic Church with the Rev. Leo J. F. St. John officiating. Burial will be in Mount Olive Cemetery under direction of Nalley-Pickle Funeral Home.

Survivors include her husband, Big Spring; three daughters, Victoria Escovedo, Martha Alvarez, both of Big Spring, and Cecilia Rodriguez, Phoenix; five sons, Raymond Hernandez and Juan Lara, both of Phoenix; Guadalupe Lara, Jesse Lara and Ramero Lara, all of Big Spring; five brothers, Raul Valledo, Savas Valledo, Abelardo Valledo, and Santano Valledo, all of Brownsville, and Eugenio Valledo, Portales, N.M.; two sisters, Rita Martinez, San Antonio, and Albina Viera, Portales, N.M.; and 16 grandchildren.

Mrs. Riden, 74, Loraine Resident

Mrs. Martha V. Riden, 74, Loraine, died in Roland Nursing Home in Loraine at 2 a.m. Saturday after a long illness.

Funeral will be at 4 p.m. today in First Baptist Church, Loraine, with the Rev. Clarence Minton, pastor, officiating. Burial will be in Loraine Cemetery.

under direction of Kiker and Son.

Mrs. Riden was born Dec. 10, 1895, in Cook County and was a member of the First Baptist Church. She married Wallace Stephenson in 1916. After Mr. Stephenson's death she married William Henry Riden here in 1922. He preceded her in death in 1967.

Survivors include two daughters, Mrs. Welene Jennings, Costa Mesa, Calif., and Mrs. Rex McDaniels, Loraine; one brother, M. L. McCollum, Loraine, and six grandchildren.

Mrs. K. Vowell, Buried Saturday

COLORADO CITY (SC) — Mrs. Kearney Vowell, 66, former Colorado City resident, died in Shannon Hospital, San Angelo, about 6:15 p.m. Thursday after a short illness.

Services were at 2 p.m. Saturday in the Kiker and Son Funeral Chapel here. Burial was in Colorado City Cemetery.

Mrs. Vowell was born Aug. 12, 1903, in Colorado City and married her husband in San Angelo in May, 1963. She was retired employe of the Monarch Tile Company and a member of Hillcrest Baptist Church. She is survived by her husband; two sisters, Mrs. Frances Laumen, Lawndale, Calif., and Mrs. Bettye Newton, Albuquerque, N.M.; and two brothers, Lee Miller, San Angelo, and J. W. Miller, Albuquerque, N.M.

W. C. Davis, 73, C-City Resident

COLORADO CITY (SC) — W. C. Davis, 73, retired Convair Aircraft employe, died in Root Memorial Hospital at 9:15 a.m. Saturday after a short illness.

Services are pending at Kiker and Son.

Mr. Davis was born in Montgomery County July 4, 1896, and came to Colorado City in 1911. He was service manager for several years and worked for Convair Aircraft in Fort Worth during World War II and for several years afterward. He returned to Colorado City after his retirement.

He married Mamie Sparks May 15, 1920, in Colorado City. She preceded him in death in 1968. He was a member of the Masonic Lodge and a veteran of World War I.

Surviving him are one brother, Jack Davis, Colorado City, and one sister, Mrs. Alline Ryan, Fort Worth.

Frank M. Sweatt, Retired Farmer

COLORADO CITY (SC) — Frank M. Sweatt, 79, retired Mitchell County farmer, died Friday at 4 p.m. in Root Memorial Hospital after a week-long illness.

Funeral will be at 2 p.m. today in Kiker and Son Chapel with Rev. Glenn Roenfeldt, pastor of First Baptist Church, and Rev. Clarence Minton, pastor of Loraine Baptist Church, officiating. Burial will be in Colorado City Cemetery.

Mr. Sweatt was born Feb. 16, 1890, in Jones County and married Cory Boyce Jan. 19, 1910, in Carr Community in Mitchell County. She preceded him in death in 1962. He farmed north of Loraine until 1958 when he retired and moved here.

Survivors include two daughters, Mrs. Ben Rowlin, Loraine, and Mrs. Efan Campbell, Colorado City; two brothers, T. G. Sweatt, Colorado City, and Ed Sweatt, Hart; three sisters, Mrs. Curtis Smith and Mrs. Gerie Jones, both of Midland, and Mrs. Tennie Franklin, California; five grandchildren and nine great-grandchildren.

FORT WORTH (AP) — Mike Papskar once cut a sailor's throat over a bottle of whiskey.

He shot another man he accused of stealing a car tire. The sailor survived. The other man didn't.

For most of Mike Papskar's 28 years, it has been a world of narcotics and crime, a life dotted with charges of rape and burglary and assault to murder.

Depending on the point of view, Mike Papskar is now at the high point or low point of a grim career, accused of ruthlessly murdering a small boy, the boy's father and uncle.

"He has always been on the fringe of something wild like this," Asst. Dist. Atty. Ron Quillin said Saturday. "He's mean. He doesn't hesitate at all to hurt someone. He has always been that way."

Perhaps not always. As a child, he wanted to be a dentist. He and a younger brother formed a clever if untaught accordion team at Mount Carmel Academy.

And, at 9, he was a member of the Fort Worth Boys Club, a character-building agency of

the Community Chest. Television and shop crafts were his compelling interests.

His youthful ambitions were abandoned as a teen-ager, and at 17 he was in serious trouble, charged with assault to murder.

In a dispute over a pint of whiskey, he slashed a young sailor's throat while riding in a car with several other teenagers. Mike claimed self defense.

The jury deadlocked, and he went free. The district attorney's office contended at the time that Mike was the leader of a teen-age gang.

"He is their god, and his followers are 15 and 16-year-old boys, some who stayed through his trial until the jury came in with the deadlocked decision," one investigator said.

But Mike was not free for long. By 19, he had been convicted of breaking and entering, illegal possession of narcotics paraphernalia and receiving stolen government property.

And he went to prison on current three-year sentences. At one point he was accused

but not convicted of raping a 14-year-old girl.

He was out and operating Mike's Cycle Service, a disreputable North Side motorcycle shop, in 1967 when he had his next serious confrontation with authorities.

He killed John Junior Williams, 20, whom he accused of attempting to steal a car tire. "I had no intention of killing him," Mike said. "All I wanted was for him to put my tire back."

Williams was shot squarely between the eyes. The case never came to trial.

It would be three years before Mike was to capture his biggest headlines.

On the night of Jan. 20, police stumbled on a blood-soaked car in a downtown parking lot. They found the body of Danny Ramirez, 4, crouched on the rear floorboard covered with a blue coat.

Investigators said his body was riddled with nine bullet wounds.

In the blood-soaked car trunk were the bodies of his father, Daniel Ramirez, 23, and his un-

cle, Sammy Ramirez, 26. They too had been shot to death.

And then at dawn last Thursday, authorities closed in once again on Mike Papskar, flushing him and five companions—one his wife—from living quarters within the motorcycle shop.

Mike, wife Bonnie, 26, and three young men subsequently were charged with murder. They are in jail now, held without bond.

Papskar, investigators said, was the leader, the others the followers.

Authorities allege Papskar killed in retaliation for some impure or diluted heroin he purchased from Daniel Ramirez, which an informer said made Papskar ill.

The child was slain, the informant said, because he had seen the face of one of the killers.

But how does one set about killing an innocent 4-year-old boy?

"I guess," said Quillin, "a person gets caught up in the bloodlust. They already had killed two people, so they could just go ahead and shoot the kid.

Voters Register As Races Simmer

By ROBERT E. FORD By The Associated Press

Candidates in this year's elections face a potential vote as large as if this were the time to name a president. This was shown Saturday in

a spot check by The Associated Press of cities and towns across Texas on the last day of voter registration.

Registration was remarkably high considering that the elections this year are for state and local offices only. Presidential years bring out the peak vote qualification.

Texas will have two major races expected to become explosive by voting time. These are the races for the U. S. Senate and for the Governor's Mansion. U. S. House contests and some local elections make the elections still more interesting.

But observers in dozens of places attribute the higher registration to something else: That candidates themselves have made certain that registration forms have reached all possible potential voters.

The 1966 vote year is a comparable one for there was no presidential race. But it also marked the end of the poll tax, and techniques for enrolling voters free had not been perfected.

The significance of the large outpouring of registrations remains to be seen.

Arab Speaker Due Friday At College

Khalid I. Babaa, director of the League of Arab States for the Southwestern Region, will be the guest speaker at a special assembly Friday (Feb. 6) at 9:45 a.m. in the auditorium at H.C.U. Martin Landers, chairman of the college assembly committee, has invited the public to attend.

Topic of his address will be "Problems of the Arab World," and Babaa will give first-hand reflections on news about the Arab States.

Born in Samaria, Palestine, Babaa was educated there and in Jordan, and then came to the United States to continue his study of law and political science at Southwestern University in Georgetown. He received his BA and MA degrees from that university, then pursued his studies for a Ph.D. in international affairs and international law at the New York University.

In 1957, Babaa was employed as chief of research by the Arab States delegation in New York. He also was a member of the Yemen Delegation to the United Nations for four years, then in charge of the League of Arab States in Canada until his present appointment as director of the League of Arab States in Dallas in 1964.

A well-traveled lecturer and television personality, Babaa is married to the former Betty Jean McLendon of Jacksonville, and they have three children. ldybzysa By Sandra S27

Vandals Strike

Employees of Giant Discount Store, 809 Scurry, told police around 2:30 p.m. Friday that windows in four cars parked outside the store were shot with BB guns.

Collectors Still Short Of Goal With Coupons

PLAINVIEW, Tex. (AP) — Back in Circleville, Ohio, Larry Parks knows he has friends—and lots of them—at Wayland Baptist College here where more than 100 volunteers are working in his behalf.

They spend hours each day counting coupons for which a milling firm says it will give a kidney machine and pay for all services if Larry's friends can collect 600,000 of its coupons.

The offer was made known by a woman in Circleville, college officials said, who had a child die with the same ailment which Larry has, Bright's Disease.

Dr. Roy McClung, president of Wayland, heard about the offer and set off a massive drive for the coupons. About 100 students at a time have been working with the drive leader, Dean of Students Paul Butler.

McClung last week quoted physicians as saying that Parks, 24-year-old father of two and a freshman ministerial student at Wayland, could live only if he had a transplanted kidney and the therapeutic machine.

Late Saturday, Butler told newsmen that about 500,000 of the needed coupons have come in "and the students are still counting."

In addition, McClung said, a total of a little more than \$900 in cash and \$1,200 in trading stamps had been sent to the college for Parks.

McClung said he approved the drive after the National Kidney Foundation in Ohio reaffirmed the offer of the milling company.

Big Springers have collected approximately 2,000 of the coupons through the efforts of Mrs. John Hogan and the Barbara Reagan Sunday School class at First Baptist Church.

MISHAPS

Third and Young: Charles W. Miller, 1311 E. 16th, and Timothy G. Abbott, 1314 State Park; 8:30 p.m. Friday.

803 E. 15th: (parked) Jerry Ulmer, Stanton, and Linda Gay McWhirt, Coahoma; 11:29 p.m. Friday.

College Park Shopping Center: Lloyd M. Morse, 2716 Larry, and Johnny H. Perkins, 632 E. 26th; 1:08 p.m. Saturday.

Deadline Near For Candidates

Five persons are announcing in The Herald today for election in upcoming political races, swelling the list to 27 persons who have indicated they will be on primary ballots May 2.

Announcing today are Ralph W. Caton, for re-election as 118th district judge; M. Fern Cox, re-election as 118th district clerk in Howard County; Frances Glenn, re-election as county treasurer; and Raymond Hamby and Bill Bennett, both seeking election as county commissioners, precinct 2.

These five persons have also made application with Democratic Chairman C. V. Riordan to run for office subject to the Democratic Primary May 2.

Monday is the last date to file for a place on the ballot, Riordan said. He will mail a statement of assessments to all candidates Feb. 10, and Feb. 23 is the last day to pay assessments.

The county executive committee meets March 16 to determine the order of names on the ballot. Each name is placed in a capsule and drawn for position by the sheriff.

Absentee voting is April 13-28. Candidates must file sworn statements of campaign accounts not more than 10, nor less than seven days preceding the May primary or between April 22 and 24.

The primary election and precinct conventions will be May 2, and the county convention will be May 9. Sworn supplemental statements of account must be filed not more than 10 days after the May primary.

The second primary will be June 6 through June 2. Sworn supplemental statements of ac-

counts must be filed by June 16.

The state convention is Sept. 15, and absentee voting is from Oct. 14 to Oct. 30. Nov. 3 is the general election.

Commissioners To Meet With Architect Monday

Olen Puckett, architect who is planning the remodeling of the old post office on Scurry for a library across from the courthouse, will meet with Howard County commissioners Monday morning to discuss further plans.

Commissioners have allocated \$50,000 during the last two years for the purpose of remodeling the building. No definite target date has been set to move the library, however, commissioners have said they would like to open the new library this year.

Tentative plans have also been made for the commissioners to tour the county jail Monday. They are required to tour the jail once every three month-period.

Officers Installed

Robert L. (Friday) McDonald was sworn in Monday night as president of the local Real Estate Board. Other officers are Mrs. Barbara Eisler, vice president; Mrs. Thelma Montgomery, secretary; and Mrs. Lee Hans, secretary. Guest speaker was Warren Fuller, Midland, vice president of region 4 of the Texas Association of Realtors.

Webb Graduation Speakers Named

Two speakers are scheduled for the first 1970 student pilot graduating class at Webb AFB.

Lt. Col. Max Feibelman (USAF Ret.), former classmate of Colonel Harrison Lobdell Jr., wing commander, and Anderson Atkinson, deputy commander for Operations, will speak Feb. 6 at the dining-in of Undergraduate Pilot Training Class 70-05.

Brig. Gen. Robert Maloy, assistant deputy chief of staff for Military Personnel Center, Randolph AFB, will be the graduation speaker in Withycombe Hall at 10 a.m. Saturday. The class has 46 Air Force officers, two members of the National Guard and four Iranian officers here on the military assistance program.

Feibelman, currently employed with Litten Systems, Inc., a division of Litten Industries Corp. retired from the Air Force in 1967. A West Point graduate, he was engaged from 1950 through 1962 in every major missile program except Titan. His last tour of duty was in the Pentagon associated with future space and missile programs.

Gen. Maloy was commissioned as a second lieutenant in 1944 and then volunteered for, and immediately began, night fighter training in the P-61 Black Widow. He trained Chinese pilots as a member of the China-Liaison Mission and later became assistant air at-

tache with the United States Embassy in Nanking, China.

In October, 1967, while he was leading an air strike against targets in North Vietnam his plane was hit. He and his pilot ejected over water and were picked up by helicopter. After recovering from a broken neck he was assigned to Randolph AFB.

Brig. Gen. Robert Maloy, assistant deputy chief of staff for Military Personnel Center, Randolph AFB, will be the graduation speaker in Withycombe Hall at 10 a.m. Saturday. The class has 46 Air Force officers, two members of the National Guard and four Iranian officers here on the military assistance program.

Persons who have made application with Riordan and have announced through The Herald are the five announcing today; Omar Burleson, for Congress, 17th District; David Ratliff, state senator, 24th district; Roy Ford and Ralph L. Mahoney, state legislator, 63rd district; Evelyn Hale, district clerk; Harvey Hooser, Howard County judge; Fausler Petty, Howard County clerk; Bob Wheeler, Jeff Grant, Jack Buchanan and Bill Tume, county commissioner, precinct 4; Howard A. Sherrill, Ed Edwards and Joe T. Swinney, county commissioner, precinct 2; Jess Slaughter, justice of the peace, precinct 1, place 2; Mrs. Fred H. Adams, justice of the peace, precinct 2; and Ralph Baker, county surveyor.

Persons who have filed with Riordan, but who have not made formal announcement are A. G. Mitchell, Howard County judge, and C. J. Lamb, justice of the peace, precinct 3.

Two persons have filed with Republican Chairman Akin Simpson. Garner McAdams has announced through The Herald and filed application for the office of county commissioner, precinct 2. George McConnell has filed with Simpson for Howard County judge but has not formally announced.

CARD OF THANKS

Our sincere thanks to the kind friends, neighbors and relatives for expressions of sympathy, beautiful flowers and other courtesies extended to us during our recent bereavement. A special thanks to Dr. Burnett and Nalley-Pickle Funeral Home.

The Family of Larry Oaks

CARD OF THANKS

Our sincere thanks to the kind friends, neighbors and relatives for expressions of sympathy, beautiful flowers, and other courtesies extended to us during our recent bereavement. Special thanks to Dr. Clyde Thomas, nurses and staff at Hall-Bennett Memorial Hospital. We shall ever be grateful.

Showcase Exhibit Seen By Some 30,000 Here

An estimated 30,000 people will have seen the American Showcase exhibit in Highland Shopping Center this week by the time it closes its doors at 5 p.m. today and makes ready to move on to Midland. Director Jack F. May said Saturday.

The exhibit shows the evolution of everything from pharmacy to firearms in America with examples of both the old and the new in several aspects of our society.

May said attendance at the showcase has far exceeded expectations and that many people seem to be making repeated visits to the exhibit, which is sponsored by the American Heritage Magazine, "the magazine of history."

May said the showcase is beginning the fifth and final year of its nation-wide tour and that Big Spring residents can look forward to a new "Know How" show which should be here in the next year after completing its initial tour of the Northeast.

The American Showcase will have visited some 220 population centers throughout the country before finishing its tour May said, and, due to the favorable response, the estimated number of people who will visit the showcase has increased from 10,000,000 to 12,000,000.

year of its nation-wide tour and that Big Spring residents can look forward to a new "Know How" show which should be here in the next year after completing its initial tour of the Northeast.

WEATHER

Table with columns: CITY, TEMPERATURES, MAX, MIN. Rows include Big Spring, Abilene, Amarillo, Chicago, Denver, El Paso, Fort Worth, New York, San Antonio, St. Louis.

(AP WIREPHOTO MAP)

WEATHER FORECAST — Rain is expected Sunday west of the Cascades into the northern Rocky Mountains region and in the northern areas of the Great Lakes. It'll be warmer in the Mississippi Valley and colder in the northern Rockies.

First Phase Completed; 1,200 Troops Come Home

SAIGON (AP) — Two troops ships carried 1,200 U.S. Marines away from the war Saturday, completing the first phase of a withdrawal that will reduce American strength in Vietnam by 50,000 men by mid-April.

The men aboard the Tripoli and Defiance which sailed from Da Nang, were the last to be pulled out under a 3,000-man Marine strength reduction in the past five days. Included in this first withdrawal were 19 units and 53 fighter-bombers and helicopters.

The ships are sailing for San Diego, Calif., a Marine spokesman said. Two other troop ships, the Seminole and the Ogden, sailed earlier in the week. Eleven of the 19 units are to be inactivated after reaching the

United States.

The U.S. Command said the 303rd Transportation company, based 20 miles east of Saigon with an authorized strength of 240 men, will be inactivated Sunday, the first Army unit included in the latest cutback.

Only those men who have completed their year-long duty tours will be going home. The remainder will be reassigned in Vietnam.

There was still no word on when the major units ordered from the war under the latest withdrawal will begin leaving. These are the 18,000 man 1st Infantry Division north of Saigon, the 4th Infantry Division's 3rd Brigade in the central highlands and the 26th Marine Regiment at Da Nang.

Fresh New Look...

same fresh flavor!

The superb FRESHNESS of GANDY'S DAIRY PRODUCTS is now in the "FRESH, NEW LOOK" cartons. This clean, colorful design will enhance the decor of your refrigerator, kitchen, and

even the dining table setting. Gandy's milk products will now have the look-alike design . . . only each will have its own color, plus, of course, the familiar DIAMOND G.

Fern Cox, District Clerk, Asking For Re-Election

M. Fern Cox, 118th District Clerk, has announced his candidacy for re-election, subject to action of the Democratic primary May 2.

He is a graduate of San Angelo Business College and has attended Howard County Junior College majoring in bookkeeping.

A veteran of World War II, he served three and a half years in the Air Force.

"During my two terms in office as district clerk I have tried to maintain an efficient and serviceable office. I appreciate the support and friendship residents of Howard County have shown me," Cox said.

"I will continue to work and

M. FERN COX

\$7.8 Million Damages Asked

LOS ANGELES (AP) — Blake Edwards, husband of Julie Andrews, and Aris Productions have sued Metro-Goldwyn-Mayer Studios for \$7.8 million damages, accusing MGM of failure to fulfill an agreement to finance and distribute a movie.

Edwards said in the Superior Court complaint Thursday that he was to write, produce and direct the film, "She Loves Me," starring his wife.

to do my best to maintain an office that I feel the people of Howard County can have confidence in. I will continue to serve the people with prompt, friendly, accurate service," he said.

"I respectfully solicit the vote and support of my friends and fellow citizens in the primary. I will do my utmost to see as many of you as possible to ask your consideration. I hope any citizen I miss seeing will accept this as an appeal for his support."

Woman Moved To U.S. Prison Judge Ralph Caton Seeks Re-Election

LAREDO, Tex. (AP) — A Dallas woman who was convicted Dec. 18 on a charge of drug smuggling left the Laredo jail Friday en route to federal prison.

Irene Williams Smith, 47, sister of the late country and western music star Hank Williams, was sentenced to eight years for trying to smuggle \$7 million worth of cocaine into the United States from Mexico.

She was a Dallas real estate dealer before her arrest, which customs agents said stopped the largest known single shipment of drugs into this country in history.

Deputy U.S. Marshal George Bennett of Laredo and Marie Canales, wife of a deputy sheriff, took Mrs. Williams to Houston Thursday. She will be transferred from there to a federal prison.

Mrs. Canales said Mrs. Smith was tearful at the thought of the life ahead of her in prison.

Mrs. Smith testified at her trial that a friend, Edgar Babe, put the drugs in the automobile without her knowledge. She said she was driving the car to Dallas for him. Babe is still at large.

Officers said the car contained seven pounds and two ounces of 97 per cent pure cocaine.

R. W. Caton, judge of the 118th District Court, has announced that he will be a candidate for re-election, subject to the Democratic Primary of May 2.

Judge Caton, who presides over the court for Howard, Martin, and Glasscock counties, was appointed to this post by the Governor Jan. 1, 1960.

Concerning his candidacy, Judge Caton said: "I would like to announce my candidacy to the people of this district as though I were talking to each of you personally."

"As District Judge, I made these goals for myself: to administer the affairs of the court with courtesy, fairness and professional efficiency. This, I believe, I have done and will continue to do.

"In asking for re-election, I am adding 10 years of judicial experience to my qualifications. I know the importance of this valuable experience in making the every day decisions of a busy court docket.

"I have given my full time and energy to the affairs of the court. I appreciate your confidence and hope to have the opportunity during the next few months to see each of you."

Judge Caton, his wife, Mary, and their two children, Ann and Carl, make their home at 619 Colgate.

Prior to moving to Big Spring, he was county attorney for

R. W. CATON

several years in Martin County. He served during World War II in the Pacific with the Naval Amphibious Forces.

He is a graduate of Hardin-Simmons University where he majored in government and holds a law degree from Baylor University.

Judge Caton is a member of the State Bar of Texas and has served on the State Bar Committee for the Administration of Justice. He is also a member of the Howard County Bar Association.

Puzzle of Friday, Jan. 30, Solved

DEAR ABBY: I don't know what came over me, but I did a terrible thing. When it was my turn to have my bridge club for lunch, I served a casserole and it made a big hit.

One of the ladies asked me for the recipe and I was ashamed to tell her that all I did was to add an egg to a package of this and a can of that, so I said it was a recipe that had been in my family for years and I promised my grandmother I'd never give it out.

My conscience has been bothering me ever since, but I'm afraid if I tell this woman the truth now, it will spread all through the club that I lied, and I just couldn't face them. What shall I do?

GUILTY CONSCIENCE
DEAR GUILTY: 'Fess up. It beats having it on your conscience. Besides, it's a small cooking world, and one of your friends is sure to get the recipe sooner or later, and you'll wind up with "a can of this and a package of that, and egg on your face."

DEAR ABBY: What do you

think of a man who gets mad when his wife sends pictures of her children (from a former marriage) to her ex-husband's parents? I have three children under five who have been very close to their grandparents all their lives. (My parents aren't living, so they are the only grandparents my kids will ever know.)

Now that I have recently remarried, my husband doesn't want me to have anything to do with my ex-husband's family. These people were wonderful to me while I was married to their son and I don't think they should be punished because we were divorced.

Also, I allow my ex-husband to see the kids whenever he wants to. He adores them and sees them at least once a week. My husband is jealous of this, too, and it causes many arguments.

If I am wrong, please tell me. My husband has two children by a former marriage and his wife is so unfair. She has allowed him to see them only twice in the past year. Could this have something to do with

his attitude?

NEEDS AN ANSWER
DEAR NEEDS: You answered your own question. Your husband is angry because his ex-wife won't let him see his children as often as you let your ex-husband see his. Your attitude is right. Don't change.

DEAR ABBY: Our daughter was conceived 3 1/2 months before my husband and I were married. Since I had not yet begun to "show," Jack (made-up name) and I had a beautiful church wedding and kept quiet. Immediately following our honeymoon we moved from the East of Los Angeles. To avoid embarrassment, we told our new friends in L.A. that our wedding date was six months earlier than it actually was. Our friends in the East as well as our parents, believe the baby was born six months later than she actually was.

The problem is that our parents are coming to see the baby for the first time on what they believe will be her first birthday, and I am afraid if they start to talk to our friends, the discrepancy in dates will be brought out into the open.

Who, if anyone, should be told the truth?

DUG MY OWN GRAVE
DEAR DUG: "O, what a tangled web we weave, when first we practice to deceive." Tales such as the one you've told always have a way of being found out for what they are. Set the record straight all the way 'round. Dig?

YOUR HEADACHE! WHAT IS IT?

The most common everyday complaint of man is the headache and there are many home remedies advertised to help. Usually they consist of aspirin combined with other products and will relieve most headaches. But, many times the headache is not in itself an illness but a symptom of something else.

Recurring headaches should be reported to your physician for it could be a signal to him that something else is wrong. In such cases taking headache remedies would not be of more than temporary help. Once your doctor finds the cause, he can prescribe a more permanent cure.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Raiders Edge By Porkers

LUBBOCK, Tex., (AP) — Larry Wood came in with a hot hand and scored three long jump shots to bring Texas Tech from behind and into a 50-48 Southwest Conference basketball victory over Arkansas Saturday night before 8,200 fans.

Arkansas threatened to win its first SWC game and its first in 13 trips to Lubbock, but despite a cold shooting performance the Red Raiders managed to run their league record to 2-3.

Frogs Shock Bears, 90-71

FORT WORTH, Tex., (AP) — Texas Christian pulled into a tie for the Southwest Conference basketball lead Saturday night with a 90-71 upset over previously unbeaten Baylor.

The Horned Frogs, who led 45-39 at half, pulled away in the second period behind the shooting of Rick Wittenbraker and the rebounding of 6-foot-8 Doug Boyd.

Bisons Lose To Big Lake

BIG LAKE — Stanton was upset by the Reagan County Owls here Friday night in a District 5-AA basketball game, 81-67. This win was the first of the current district campaign for the Owls.

Reagan County was paced by James Watson, Rodney Miller and Joe Barnes with 23, 21 and 12 points respectively. For the Buffaloes, it was Jackie Swanson with 20, Glen Ray with 12, and Johnny McMeans who pitched in 11 points.

This leaves both teams with identical 1-4 league records. Big Lake also won the B team game by a close 40-35 margin.

STANTON (67) — Hicks 3-3; L. Jones 3-2; McMeans 4-11; Mims 0-2; Ray 3-12; D. Jones 2-4; Kelly 0-1; Swanson 7-20; Purdie 0-0. Totals 25-27.

REAGAN COUNTY (81) — Barnes 2-9; Miller 7-21; Watson 9-23; G. Watson 3-24; Smith 2-7; Holt 1-0-2; Clooies 1-4-2. Totals 26-24.

CALIFORNIAN IS BELATED ENTRY Bill Toomey Wins Award

NEW YORK (AP) — Decathlon king Bill Toomey, an lighthouse addition to the ballot, was named winner of the prestigious Sullivan Award Saturday as the nation's premier amateur athlete of 1969.

Toomey, who followed up his 1968 Olympic decathlon triumph by setting a world record two months ago in the demanding, all-around track and field test, captured the coveted award by a landslide vote of amateur sportsmen, former Sullivan winners, sports writers and sportscasters across the country.

It had taken a special telephone poll of the 33-man Amateur Athletic Union committee, conducted just before the ballots were mailed out Dec. 30, to include Toomey's name among the list of candidates.

On Dec. 11, four days after the AAU's annual convention ended in Miami Beach, Fla., the strapping, 30-year-old school teacher from Laguna Beach, Calif., erased the world decathlon mark held by Kurt Bendlin of West Germany by scoring 8,417 points in the 10-event grind.

Toomey's sixth 8,000-plus performance in 11 decathlons he entered last year served to punctuate his omission from the Sullivan eligibility list. The special telephone vote then was taken on the authority of AAU President Jesse Pardue of Houston and Cliff Buck of Denver, Colo., chairman of the award committee.

Given the opportunity via the last-day addition, 538 voters named Toomey either first, second or third on their ballots. He amassed a total of 2,160 points, on the basis of 5-3-1 for the first three places, for a commanding edge over Mike Burton, the record-shattering freestyle swimmer from Carmichael, Calif.

The award is named in memory of James E. Sullivan, one of the AAU founders.

It is presented annually to the "amateur athlete who by performance, example and good influence did the most to advance the cause of good sportsmanship, during the year."

Toomey, who married Mary Rand, Britain's former Olympic sprint champion, shortly after his world record performance, held the U.S. and Olympic de-

catlon marks before topping Bendlin's all-time high by 88 points.

The 6-foot-1, 195-pound Californian's versatility in the decathlon event—javelin throw, discus throw, shot put, high jump, long jump, pole vault, 110-yard high hurdles, 100-yard dash, 400-yard run and mile run—has carried him to five consecutive National AAU titles.

Burton, who for four straight years has broken the world 1,500-meter freestyle swimming record, beat out Steve Owens, college football's Heisman Trophy winner from the University of Oklahoma, for second place in the balloting.

Madeline Manning, women's National AAU middle distance track champion, was fourth, followed by Willie Davenport, Olympic champion hurdler; Joyce Tanac, women's National AAU gymnastics champ; AAU weightlifting champion Robert Bednarski; basketball star Mike Silliman of the U.S. Army; world water skiing queen Elizabeth Allan and women's AAU hurdles champion Marnie Ralins.

Jacklin, playing his last tournament in the country before going home to receive the Order of the British Empire from Queen Elizabeth, moved out to 54 holes on the 6,792-yard, par 72 Torrey Pines Golf Club course.

Nicklaus was scrambling and struggling at that time, but the champ, had a 71—including two double bogeys—and fell one stroke off the pace at 204.

Tall Terry Dill stayed in contention with a 70 for 205. Julius Boros had a 69 for 207 and as Tony Jacklin fell victim to double disaster.

Nicklaus, the defending champion who was tied by Jacklin at the end of two rounds, had of a 70 for 203, 18 under par for a quick lead — at one time as much as five shots.

Jacklin, hero of Britain's Ryder Cup tied with the United States, ran head-on into trouble again on the 17th. He hooked his tee shot into a brush-filled ravine, a gloomy gulch that is guarded by a sign: "Beware of Snakes."

SAN DIEGO (AP) — Third round scores Saturday in the \$150,000 Andy Williams-San Diego Open Golf Tournament on the 6,792 yard, par-72 Torrey Pines Golf Club course:

Jack Nicklaus 65-68-70-203
Tony Jacklin 66-67-71-204
Terry Dill 68-67-70-205
Julius Boros 67-71-69-207

Tommy Aaron 71-71-70-212

Monterey's Knight and Neel won a trophy with a score of 146. In four-man low-ball competition, Midland High was low with a 135 and also earned an award.

The Plainsmen wound up 11 strokes ahead of runner-up Amarillo Tascosa while San Angelo was third, at 65; and Big Spring fourth, two shots back of the Bobcats.

Mark Slate was Big Spring's low entry with a 75-85-160. Other Steers and their scores included:

Gary Travis, 81-83-164; Pat Weaver, 83-84-167; Jerrell Carroll, 89-83-172; Howard Stewart, 90-85-175; and Terry Rountree, 94-83-177.

The matches took place over the Riverside course. The weather was uncooperative and the entries found it difficult to read the greens for putting.

The Steers go to Odessa next Friday to launch play in District 3-AAAA. The Odessa event will be the first of five such meets planned this spring.

The meet medalist was Morris Neel of Lubbock Monterey, who placed together rounds of 76 and 80 for a 156.

Mike Knight, Monterey, and Jimmy Gleitman, San Angelo, tied for the runner-up spot with 157's.

In two-man low-ball play, Team results:

- 1. Lubbock Monterey, 642.
- 2. Amarillo Tascosa, 653.
- 3. San Angelo, 655.
- 4. Big Spring, 663.
- 5. Midland Lee, 1, 665.
- 6. Midland High, 1, 666.
- 7. Abilene Cooper, 668.
- 8. Andrews, 1, 674.
- 9. Lubbock High, 675.
- 10. Midland II, 682.
- 11. San Angelo Central II, 686.
- 12. Odessa High, 693.
- 13. San Antonio Heights, 694.
- 14. Amarillo High, 705.
- 15. Amarillo Coprock, 701.
- 16. Seminole, 703.
- 17. Fort Stockton, 705.
- 18. Midland Lee II, 705.
- 19. San Antonio Houston, 713.
- 20. Monahans, 716.
- 21. Kermit, 722.
- 22. Amarillo Palo Duro, 754.
- 23. Andrews II, no card.

Jack Nicklaus Leader; Terry Dill Moves Up

SAN DIEGO AP — Jack Nicklaus slipped into sole control of the third round lead in the Andy Williams-San Diego Open golf tournament Saturday.

Jacklin, playing his last tournament in the country before going home to receive the Order of the British Empire from Queen Elizabeth, moved out to 54 holes on the 6,792-yard, par 72 Torrey Pines Golf Club course.

Nicklaus was scrambling and struggling at that time, but the champ, had a 71—including two double bogeys—and fell one stroke off the pace at 204.

Tall Terry Dill stayed in contention with a 70 for 205. Julius Boros had a 69 for 207 and as Tony Jacklin fell victim to double disaster.

Nicklaus, the defending champion who was tied by Jacklin at the end of two rounds, had of a 70 for 203, 18 under par for a quick lead — at one time as much as five shots.

Jacklin, hero of Britain's Ryder Cup tied with the United States, ran head-on into trouble again on the 17th. He hooked his tee shot into a brush-filled ravine, a gloomy gulch that is guarded by a sign: "Beware of Snakes."

SAN DIEGO (AP) — Third round scores Saturday in the \$150,000 Andy Williams-San Diego Open Golf Tournament on the 6,792 yard, par-72 Torrey Pines Golf Club course:

Jack Nicklaus 65-68-70-203
Tony Jacklin 66-67-71-204
Terry Dill 68-67-70-205
Julius Boros 67-71-69-207
Lee Trevino 71-66-71-208
George Knudson 70-67-71-209
Tom Weiskopf 72-67-70-209
Dick Lutz 70-72-68-210
John Miller 69-72-68-210
Joel Goldstrand 71-64-69-210
Don January 72-68-70-211
Dove Marr 70-75-66-211
John Schroeder 74-67-70-211
Mason Rudolph 74-67-70-211
Bill Ogden 72-67-72-211
Dew Finsterwald 72-67-72-211
Bob Lunn 68-75-69-212
Fred Merrill 69-74-69-212
Tommy Aaron 71-71-70-212

Monterey's Knight and Neel won a trophy with a score of 146. In four-man low-ball competition, Midland High was low with a 135 and also earned an award.

The Plainsmen wound up 11 strokes ahead of runner-up Amarillo Tascosa while San Angelo was third, at 65; and Big Spring fourth, two shots back of the Bobcats.

Lamesa Raps Pack, 73-42

LAMESA — Lamesa stopped the Snyder Tigers for the second time in District 3-AA South Zone basketball action here Friday night by the score of 73-42, and left themselves undefeated in five district ball games.

The Golden Tornadoes were led by Loyd Jenkins and Cecil Davis who scored 18 points for the winners. Snyder had only one man in double figures, Jim Patrick, who had a total of 13 points.

Lamesa never trailed in the game and had built up a 23-12 lead after the first quarter. Snyder won the B game, 55-44, to give the Tigers some hope for next year.

LAMESA (73) — Minick 5-16; Davis 8-18; F. Jenkins 9-18; L. Jenkins 5-10; Jermain 1-3-2; Baldwin 1-1-3; Jordan 0-1-1; Sisson 1-0-2; Totals 30-12-7.

SNYDER (42) — Almond 0-2-2; Bishop 2-3-7; McNeil 3-0-6; Patrick 6-1-13; Ward 2-1-5; Cooper 0-3-3; Gladson 0-2-2; Stewart 2-0-4; Totals 15-12-22.

HANOVER, N.H. (AP) — Senior halfback Tom Quinn of Massapequa, N.Y., was presented Dartmouth's two top football awards Friday night at the team's annual dinner.

JUST A TAP — Joe Frazier, recognized as world champion in six states, takes it on the chin from former champ Joe Louis at New York's Madison Square Garden Saturday. Frazier arrived earlier in the day to prepare for his heavyweight title fight against Jimmy Ellis at the Garden Feb. 16. Ellis, the World Boxing Association champion who, like Frazier, has been in Miami, is scheduled to arrive in New York today.

(AP WIREPHOTO)

LAUNCH PAD IN SKY FOR SKI FLYERS — The first ski flying tournament ever held in the western hemisphere will be held on this Copper Peak Ski Flying Hill near Ironwood, Mich., Feb. 27-March 1. The giant slide will permit jumps of over 500 feet through space.

Four Top Coaches Met Dallas Dates

DALLAS — College football's four winningest coaches in the Sixties (60's) climaxed at least one of their successful seasons through participation in the Cotton Bowl Classic. Two others of the Top Ten in that decade also brought one of their great teams to Dallas on New Year's Day.

Alabama's Paul Bryant heads the list with an 85-12-3 record (.865) for the ten regular seasons and an all-game standing of 90-16-4 (.836). Runner-up is Texas' Darrell Royal, whose national champion Longhorns scored the school's third Cotton Bowl conquest of the decade in the dramatic battle with Notre Dame on Jan. 1.

Aggies Topple SMU Ponies

COLLEGE STATION, Tex. (AP) — Texas A&M used a torrid first half to post an 84-74 Southwest Conference basketball victory over Southern Methodist Saturday in the second game of a television doubleheader.

Led by Mike Heitmann's 22 points the Aggies built a 54-39 halftime margin. SMU start Gene Phillips, playing little more than a half, fouled out with 18 points for the day midway in the second half.

Heitmann was held without a field goal in the second half as SMU closed the gap to five points but could get no closer. Heitmann finished with 27. A&M is 3-2 in SWC play and 8-8 over-all. SMU is 1-4 and 2-13.

A crowd of 5,500 watched as the Aggies dominated the boards 50-40 with seven-foot Steve Niles hauling down 14.

Both teams had five players in double figures. For A&M besides Heitmann, it was Niles 18, Jeff Watkins 11, Chuck Smith

and Bill Cooksey 10 each. For the Mustangs besides Phillips, it was Donnie Berg 15, Bobby Rollings 11 and Davis Miller 10.

Miller gathered in 13 rebounds for the shorter and outmanned Ponies.

Cooper Nudges Wink, 42-38

WINK — Lubbock Cooper defeated Wink here Friday night 42-38, to drop its District 5-A mark to a lackluster 2-4.

Wink lost the game on the free-throw line by hitting only 10 of 29 attempts while Cooper dropped 14 of 20.

High point man for the Cooper club were Larry Grimsley and Steve Louder with 16 and 10 points. For Wink the only man in double figures was Larry Isbell, who had only 10 points.

Regents Veto An 11th Game For Bovines

AUSTIN, Tex. (AP) — The University of Texas Board of Regents voted in a telephone poll Saturday against addition of an 11th game to the schedule of the National champion Texas Longhorns.

A statement by deputy chancellor Charles A. LeMaistre of the UT system said: "During recent weeks, the major consideration at the university regarding an 11th game has been the concern about the additional demands it would bring on our student athletes and the possible diversion from their studies."

"In addition, under the new academic calendar which becomes operative in the fall of 1970, exams are scheduled between Thanksgiving and Christmas. During this period, the maximum efforts of all students should be focused on academic endeavors. It is obvious then that a regular season extended past Thanksgiving could be detrimental to the primary purpose for which the student-athlete attends a university."

"We do not believe at this time that any academic purpose can be served by beginning the season any earlier if football is to maintain its proper place in our academic program."

"We are all proud of our national champion Texas Longhorns. But football makes heavy demands on the study time of the players. At UT at Austin with its excellent record of post-season bowl appearances we are in reality talking about the possibility of a 12-game season—not just 11 games."

"There are other considerations but these factors alone would mean that the addition of an 11th regular season game would be too much of a drain on our student-athletes."

"It is therefore academically imperative that UT not extend its 10-game regular season schedule at this time."

"In a telephone poll conducted today by the chairman, the board of regents has concurred in this recommendation."

The National Collegiate Athletic Association recently approved an 11-game regular season schedule.

The Southwest Conference meets in Dallas Sunday to consider the matter. The UT regents did not indicate whether they would vote for the rule at the SWC meeting in order to accommodate those schools wishing an additional game.

Longhorns Upset Flock In Finale

Goliad's Longhorns fought back to topple Goliad's Eagles 25-21, in their final basketball game Thursday but the upset came after the War Birds had already clinched the Seventh Grade league pennant.

The Eagles finished with an 8-4 record. The Longhorns were 7-5 at the end of the campaign.

Humberto Padilla kept the Eagles in contention with a nine-point surge. Mark Callahan led the Longhorns with 11.

LONGHORNS (25) — Guthrie 0-0; Critchfield 5-11; Miller 2-0; Critchfield 0-0; Lovelace 0-1; Carl 1-0; Winkie 0-0; Wallace 0-0; Price 0-0; Jones 0-1; Huffman 0-0; Ferrell 0-2; Matthews 1-0; Arbuckle 0-0; Teuton 0-0; Brinkman 0-0. Totals 9-25.

EAGLES (21) — Peterson 0-0; May 0-0; Rasmussen 0-0; Boutillon 0-0; Coran 0-0; Hughes 0-0; Williams 0-0; H. Padilla 2-5; Richardson 0-0; Gray 2-4; Broadshaw 1-0; Strickland 0-0; Shetter 0-0; Clark 1-0; Roney 0-0; Knope 0-0. Totals 8-21.

Hawks Rout Bronchos For Fifth Loop Win

ROSWELL, N.M. — The taller and quicker Howard County Jayhawks defeated the Bronchos of New Mexico Military Institute, 90-60, in a Western Junior College Athletic conference game here Friday night.

Howard County won its third straight conference game and put it in second place in the standings. They trail Lubbock Christian (6-2), South Plains (4-2), and Odessa (5-2). In the season's standings, HC stands at 13-4.

NMMI dropped its sixth of

seven starts in conference and their season's mark is 7-9.

The Jayhawks outscored the Bronchos under the boards for the unusually large margin of victory. Time after time, the Bronchos would bring the ball down court only to get one shot at the basket. HC, on the other hand, had a field day with its big men tipping in basket after basket. Decell Lewis was again the leading rebounder for the Hawks with 15 and little Danny Clendenin was second in that department with 12.

In scoring it was Jerry (Big

Man) Phillips, who led the Hawks by stuffing in 16 points. Glen Fletcher was a close second with 15. Decell Lewis had a total of 13. For NMMI it was a bad night for the scoreboard as they had only one boy in double figures. James Dyer had 18 points to lead the Bronchos while Rickey Martinez, the hot shooting guard, was held to only eight points.

The Hawks next game will be at home Tuesday night against the Odessa College Wranglers, which has been designated as the main attraction of next week's "Spirit Week" at the college.

NMMI will host tough New Mexico Junior College in Roswell Tuesday night.

Buffaloes Slash Sterling Twice

FORSAN — Forsan swept a District 11-B basketball doubleheader here Friday night but coach Don Stevens lost his high-scoring forward, Gloria Dodd, prior to the first game.

Gloria slipped on school steps, twisted her ankle and had to sit out a game that the Buffaloes won, 57-34. Kay Walraven, playing perhaps her finest game, took up the slack with a 36-point effort. Kay was

averaging 16 points a game going into the fray.

The Forsan fems are now 7-1 in conference and 18-8 over-all. Stevens said he hoped Gloria would be ready for a crucial game with Garden City here Thursday night.

In the boys' game, won by Forsan, 82-45, all Buffaloes who got into the game for coach George White scored.

Leon Hobbs and Darrow Cobb each had 14 points for Forsan.

The Forsan boys are now 10-10 for the season and stand 6-2 in 11-B ratings.

The two Forsan teams go to Water Valley for more conference action Tuesday.

Boys' game: FORSAN (82) — Leon Hobbs 6-9-14; Darrow Cobb 5-4-10; Lee Whetzel 1-0-4; Jeff Williams 5-0-10; Tom Brunley 0-3-3; Tom Kuykendall 4-2-10; Steve Yates 2-2-9; Dee Highley 1-0-2; Ward Griffith 1-0-4; Jackie Willis 2-0-4; Bobby Davis 3-0-6; Tommy Hollandsworth 1-0-2. Totals 22-18-62.

STERLING CITY (45) — Escobar 2-6-10; B. Byrum 2-4-12; T. Foster 2-0-4; Price 2-0-10; Boutista 2-3-7; McIntire 2-0-4; Barton 0-0-0; T. Byrum 0-1-1. Totals 13-22-48.

FORSAN (87) — Jackie Condon 5-0-10; Key Walraven 12-13-26; Totals 20-17-57.

STERLING CITY (34) — Susan Terry 4-10-21; Caroline Cole 2-2-4; Becky Blair 1-0-2; Georgia Cunningham 0-1-1. Totals 14 34 42

Over-all, Flower Grove is 8-19. A field goal in the final three seconds by Kay Bingham enabled the Loop girls to edge Flower Grove in the first game, 47-45.

Vicki Todd led the Loop team in scoring with 21 points while Virginia Pribyla had 23 for Flower Grove. In conference play, Flower Grove is currently 4-4.

Boys' game: FLOWER GROVE (52) — Frank Cruz 4-10; Robert Lueb 6-2-14; Rex Hopper 3-2-8; Danny Howard 3-2-8; Eugene Hill 1-3-3; David Pribyla 3-2-8; Frank Fleming 1-0-2. Totals 21-18-52.

Moore Leads WC Scoring

South Plains' Albert Moore leads all Western Conference basketball scorers through games of Jan. 27 with a 21.0-per game average.

Jimmy Hollis of Lubbock Christian has more points than Moore (131 to 120) but has played one more game.

Howard County doesn't have a man among the top team. Glen Fletcher, sophomore from Crane, leads the Hawks with 90 points and ranks 12th among individual point-getters.

The scorers:

Thru Jan. 27 Games		SCHEDULE	
Player	Points	Date	Location
Hollis, Lubbock	131	Jan. 31	Lubbock at Sul Ross JV; NAJIC
Moore, S. Plains	120	Feb. 1	at Frank Phillips; Clarendon at South Plains

Dragons Upset Loop, 52-37

LOOP — Flower Grove sprang a prize upset in District 13-B play here Friday night, defeating Loop, 52-37.

The win was the first in eight league starts for the Dragons, who go to Gall Tuesday night for another league test.

Robert Lueb led the Flower Grove effort, pulling down most of the rebounds and scoring 14 points. Eddie Yocum had 13 and Barry McConnell 11 points for Loop.

Over-all, Flower Grove is 8-19. A field goal in the final three seconds by Kay Bingham enabled the Loop girls to edge Flower Grove in the first game, 47-45.

Vicki Todd led the Loop team in scoring with 21 points while Virginia Pribyla had 23 for Flower Grove. In conference play, Flower Grove is currently 4-4.

Boys' game: FLOWER GROVE (52) — Frank Cruz 4-10; Robert Lueb 6-2-14; Rex Hopper 3-2-8; Danny Howard 3-2-8; Eugene Hill 1-3-3; David Pribyla 3-2-8; Frank Fleming 1-0-2. Totals 21-18-52.

SEEK REVENGE TUESDAY NIGHT — The Howard County JC Jayhawk Queens (above) hit the road Tuesday night to tangle with Ranger College, a team which beat them decisively earlier this year. The Big Spring collegians are now 2-2. Top row, from the left, they are Linda Halfmann, Virgil Johnson, Paula Bichsel, Christie Price, Carol Lane, Robbie Cheatham, Carol Phillips and Charla Meacham. Front row, Sandra Gross, Linda Stephenson, Ladonna Russell, Connie Byrd, Jan Veteto, Mollie Condon, Sherry Cozart and Doris Medrano. Wanda Ferguson is coach of the local fems.

Sophomores Lead Steers Past Rice Owls, 75-67

AUSTIN, Tex. (AP) — Sophomores Lynn Howden and Eric Groscurth led Texas to a 75-67

Southwest Conference basketball triumph over Rice in the first half of a televised doubleheader Saturday.

Howden scored 25 points and had 13 rebounds while Groscurth added 20 points and 11 rebounds.

The Longhorn victory made both team's Southwest Conference records 3-2.

Texas jumped to an early lead and maintained a 41-31 halftime margin before Rice cut the Longhorn edge to 55-52 with 7:55 remaining.

But Texas pulled away to a 12-point 75-63 advantage, largest lead of the day, with 30 seconds left.

The Longhorns hit an even 50 per cent from the field and 19 of 24 free throws. Rice was led by Gary Reist who had 22 points, followed by Jim Naples with 12.

For Texas, senior Wayne Doyal added 17 points and Sam Bradley 10.

Co-Leaders Named

BUFFALO, N.Y. (AP) — Defensive end Prentis Henley of Buffalo and center Charles Donnor of suburban East Aurora were elected co-captains of the 1970 University of Buffalo football team Friday.

LOOKING 'EM OVER

HC Pair Put On Good Show

By TOMMY HART

At a time the local schools should be strengthening their over-all athletic program, the school trustees have broadened the possibility of eliminating seventh grade competitive sports. That would be a tragic error.

Such a proposal was made in the early '60's and wisely rejected. Unless and until the other schools booked by Big Spring in athletic competition eliminate the seventh grade level, it would make no sense to handicap our own youth by making them wait until the eighth grade to launch their training.

When will people stop using athletics as a whipping boy for the financial problems a school district experiences — they don't saddle an English class or a course in History with such charges. The last Super Bowl game outdid the moon walk and Tiny Tim's wedding in the TV ratings but still had to take a back seat to the Sunday World Series game between the NY Mets and the Orioles. By the time the Super Bowl game was scheduled, a lot of viewers were convinced they had broken the habit of watching football for at least six months. When the two are at the peak of their games, the passing and dribbling show put on by Howard County's Danny Clendenin and George Tilley is something to see. At times, Clendenin looks like he's bent on tearing himself apart going for the ball. Basketball arbiter Earl Chancellor, who resided in Guthrie, Okla., when he worked in the Region V Junior College Basketball tournament here last year, now calls Sweetwater home. Atlanta Brave Bob Aspromonte says he'd willingly play baseball on the polar ice cap if his employers would offer him \$90,000 a year, the fee dangled before Curt Flood — who is suing the game. Many of his friends and admirers here went to bat for Don Robbins when he applied for the head coaching job at Midland Lee but a few didn't and their lack of enthusiasm may have damaged his chances at the position. Don has one asset which some might think is a liability: He believes in fighting for what he thinks is right and he pulls no punches. The University of Houston plays Alabama in the Astrodome Oct. 24 and in Tuscaloosa, Ala., Oct. 23, 1971. Alabama also has TCU booked for a home date in 1974. The Feb. 16 Jimmy Ellis-Joe Frazier heavy-weight fight can be heard on Mutual radio. The network is paying \$100,000 for the rights.

Some doctors are tempering their enthusiasm for artificial turf. They say they've seen no reduction in injuries to joints and bones in teams which switch to the ersatz sod. More shoulder injuries may be caused by players using the substitute turf. Pat Weaver and Terry Rountree are the seniors on the Big Spring High School golf team. Up-and-coming Gary Travis is a soph. The son of Moe Iba, the former UT-El Paso basketball coaching aide and grandson of the famed Hank Iba, says he won't play the game for his father because he likes to shoot too much. Daryle Lamonica, the Oakland Raider quarterback, says he never realized the phoiness of all-star football teams until he arrived in San Francisco to play in the annual East-West game and saw Sonny Gibbs and Glynn Griffing in action. "They couldn't beat my grandmother," said Daryle, of the former TCU quarterback and the one-time Ole Miss great. Big Spring's Delnor Poss was one of the officials in that recent Baylor-Texas Tech basketball thriller, in which Tech used slow-down tactics in an effort to win. Jim Acree insisted on taking \$100 less than he was offered to become head coach at Midland Lee. He's superstitious and balked when the board tossed out a \$13,000 per annum tender. Acree's credentials are impressive — his record as a high school coach shows 88 wins, compared to 17 losses and two ties, but he's never faced the opposition he'll be meeting out this way. More and more of the pro football teams are forcing season ticket holders to purchase duets to their home exhibition contests before they can be guaranteed seat locations — and the customers are letting them get away with it. If all the seats at the new motor speedway in Ontario, Calif., were placed end to end, they'd stretch for 23 miles. Those who witnessed the recent NBA All-Star game insist Elvin Hayes and not Willis Reed should have been named the Most Valuable Player. It helps in more ways than one to wear a New York uniform. Hardboiled Haggerty, who has wrestled out this way, says he earned \$60,000 the first year after he decided to change from a nice guy to a ring villain. Haggerty says he was kicked off football teams at both TCU and the University of Denver. This may be hard to believe but fewer Americans participated in boxing than in curling last year. Now that the NCAA has authorized colleges to book 11 football games, will the take-home pay of their athletes be increased?

ELVIN HAYES

Cougs Tough On Athletes

HOUSTON (AP) — The University of Houston is very sensitive to any whispers that its scholastic requirements for athletes are easier than those of the Southwest Conference.

In fact, publicist Ted Nance made a point this week to "tell it like it is." Nance said Houston "coaches are off to a fantastic start in the recruiting race and rival coaches are already beginning to sing songs of sour grapes." "The minimum SAT entrance test score to receive an athletic scholarship at the University of Houston last year was 813 for a high school graduate who ranked midway of his high school class. The Southwest Conference requirement was 700 or 113 points lower."

Nance said the University of Houston had only 29 players on its freshman team last fall after signing 55 "because of its tougher entrance requirements."

He said Houston "athletes are also required to pass a minimum number of hours in each semester prior to the semester of their competition. Therefore, no athlete could be eligible for competition at UH in the spring semester after dropping all courses in the fall like quarterback James Street

Midland Race Dates OK'd

MIDLAND — Midland Downs Race Track has received their official dates from the American Quarter Horse Association for 1970.

This is a first for the Midland Race Track, meaning that quarter horses racing at Midland Downs during the approved dates, which are set in February and September, will be eligible to receive official recognition for their efforts.

The February dates will be held the second and third weekends, on February 14-15 and 21-22.

"We're proud of our track and I believe the track itself has the best surface in the state of Texas," states Bill Chaney, owner of the West Texas track. "We want our horses to grade with fast times, but we are just as interested in providing a track that won't cause horses to break down recording those fast times."

Midland Downs has been used during the past three years as a training track for local and area horsemen. Chaney points out that "Under present racing conditions in Texas, our tracks are mainly proving grounds for horses wanting to move on to the states that support quarter racing. However, we run under the same American Quarter Horse Association rules as Ruidoso including testing horses and photo finishes."

"What we want to do at Midland is to provide good racing for racing fans and furnish a place to help horsemen find the many champions our West Texas area produce each season." Highlighting the February meet will be the first running of two Stakes Races: The Tall City Futurity and The Challenge Cup.

The futurity will feature some of the nations top two-year-olds coming from five different states to compete at 300 yards for an estimated purse of some \$16,000. Trials will be held on the first Saturday of the meet, Feb. 14.

The Challenge Cup, a maturity for three-year-olds and up, is expected to reach a gross purse of \$6,000.00. Trials for the 400 yard race will be held on Sunday, Feb. 15.

Midland Downs is located on the east side of Midland at what used to be the old Midland Fair Grounds on the Big Spring Highway.

SUNLAND P'K RACE RESULTS

FIRST (870 yards) — Arroyo Night 9:00, 4:20, 3:40; Dancin' H. 7:00, 5:20; Flying Event 3:20, Time — 45 3-10.
SECOND (500 yards) — Flag of Peace 52:20, 16:00, 7:30; Princellett 7:40, 5:00; Now Monty 4:40, Time — 1:05 2-5.
DAILY DOUBLE
THIRD (350 yards) — Big Profit 5:20, 3:40, 3:40; Po Jones 4:40, 3:20; Mickey Sox 4:40, Time — 1:10 2-5.
FOURTH (4 fur) — Rare Polly 10:20, 5:00, 3:00; Somatt's Imp 9:00, 4:40; Kentucky Bash 2:40, Time — 1:10 3-5.
QUIN — \$50.40.
FIFTH (6 fur) — Oh R. 8:20, 4:20, 3:00; Suite De 5:00, 4:00; My Utopian 8:40, Time — 1:10 3-5.
SIXTH (350 yards) — Speedy Jones 70:40, 17:40, 8:20; Bobo S Red 5:00, 2:40; Tinky Rockett 5:40, Time — 1:10 2-10.
QUIN — \$120.20.
SEVENTH (5 fur) — Liberal Reward 7:40, 3:40, 3:00; Kancity Penny 4:20, 2:40; Pruvettia 2

Evans Scores 27 But Steers Lose

ODESSA — Big Spring made points and captured 12 cars. another run at a District 3-A Half way through the third AAAA victory here Friday night, Big Spring took a 39-35 but came up short and lost to Ector came back to Odessa Ector, 67-56.

UP AND OVER—Marker, foreground, records height that Olympic champion Bob Seagren sailed to during pole vault event Friday in the Millrose Games in New York City. Seagren jumped the same height, 17 feet, 1 1/4 inches, as Dick Rallsback, but Rallsback was declared winner because of fewer misses.

He wound up with 14 points. Ector hit only 39 per cent of its shots from the field but was presented with 66 opportunities. Big Spring connected 18 times in 44 attempts for 41 per cent. The Steers were exceptionally hot at the line, however, making good 20 times in 25 efforts.

The loss was the second in the 3-AAAA second half starts for Big Spring. Ector is 2-0, still very much in contention for the championship.

Big Spring scored the first six points of the game. Ector didn't connect until 3:10 remained of the opening round, at which time Wallace got a free pitch.

The Steers led at the end of the opening round, 13-12, but trailed at half time, 31-26, and again after three periods, 54-43.

Big Spring is 7-18 on the year while Ector is currently 17-6.

The Steers return to play at home Tuesday night, at which time they host San Angelo Lake View.

Ector won the JV game, 59-56, but it took two overtimes to turn the trick.

Darrell Mitchell counted 16 points and Bobby Clinton 14 for Ector.

Jesse Olague had one of his better games, cramming in 20 points for Big Spring. Richard Bullard, who has been very warm of late, accounted for 16.

Table with 4 columns: Player, Pts, Rebs, Assists. Lists players like Evans, Hinds, Carter, Womack, Harris, Fulkner, Taylor, Ector, Cooksey, Wallace, Bailey, Hernandez, Watkins, Lewis, Davis, Priddy, and totals for Big Spring and Ector.

Table with 4 columns: Player, Pts, Rebs, Assists. Lists players like Rubio, Fietz, Deen, Olague, Ector, Williams, Stevenson, and totals for Big Spring and Ector.

Forsan Juniors Sweep Twin Bill

FORSAN — Forsan swept a junior high school basketball doubleheader from Stanton here Thursday night.

The boys won, 39-33, after the girls had prevailed, 34-26. Forsan's boys are 13-4 on the year. The girls have won nine while losing seven.

Landon Soles led the boys with 21 points. Brenda Cowley counted 23 for the girls.

The Forsan teams play again in the Sterling City tournament Feb. 12-13-14.

Table with 4 columns: Player, Pts, Rebs, Assists. Lists players like Soles, Johnson, Davis, Fietz, Stanton, Lutes, Elford, Forsan, Stanton, and totals for Forsan and Stanton.

Table with 4 columns: Player, Pts, Rebs, Assists. Lists players like Fietz, Stanton, and totals for Forsan and Stanton.

Germans Loom As Opponents For Liquori

NEW YORK (AP) — Six defending champions, including four Villanova Olympians, return for the 51st chapter of the New York Knights of Columbus track meet at Madison Square Garden Friday night.

Leading the parade of Wildcat stars are Marty Liquori, America's top mile runner, defending 1,000-yard title while teammate Larry James will be gunning for his second straight 500-yard crown.

Ex-Wildcats Erv Hall, in the 60-yard high hurdles and Frank Murphy, in the mile run, who won here last year for Villanova, also will be looking to repeat.

Liquori will face the threat of West Germany's Jurgen May and Juris Luzins, ex-William & Mary star, who ran the fastest 880 ever on a 12-lap track in a winning race at Philadelphia last week.

James, the world record holder at 500 yards, meets last year's runner-up Walter Fitzpatrick of the New York AC and Maryland's fleet Ed Bowie.

Hall, now competing for the Philadelphia Pioneers, will be an underdog to Olympic champion Willie Davenport, holder of seven hurdles marks, ranging from 45 to 120 yards. Hall, second to the Baton Rouge, La., speedster in the Olympic Games, also has to contend with Leon Coleman, the No. 4 man at the Olympics.

Byron Dyce, former NYU ace and John Baker of Maryland will try to stymie Murphy's attempt at a second straight triumph in the mile. Others entered are Howie Michael of William & Mary and Phil Banning of Villanova.

Barry Brown of the NYAC and Dan Tague, former Texas-El Paso speedster, also will be defending their two-mile and 600-yard titles.

The 60-yard dash features John Carlos, America's premier sprinter, while Tague will have to cope with world record holder at 600 yards, Martin McGrady, and Olympic champion at 400 meters Lee Evans.

The Broncos beat the Panthers from the field by sinking Ron Jourdan of Florida in the high jump and Maryland's Jim Williamson in the pole vault.

Sands Clinches Tie For Title In 13-B

ACKERLY — The Sands Mustangs clinched a tie for the District 3-B boys' basketball championship by defeating Gail, 94-56, before a capacity crowd here Friday night.

The contest was close for a while but Sands' superior rebounding strength enabled it to pull away at the half.

Felix Robles, Ronnie Oaks and Stan Smith were especially tough on the boards for the Pioneers. Robles and Oaks pulled down 11 cars each, Smith ten. Johnny Peugh wound up with eight.

Sands hit 42 per cent of its shots from the floor the first half and 51 per cent after the intermission. Wayne Griffin paced the scrappy Coyotes with 14 points.

Sands also won the girls' game, 56-51, and are now 4-1 in the district standings.

Sandra Nichols paced the Sands ferns with 23 points while Shara Dee Hambrick wound up with 18.

Cheron Billick waxed warm for Gail, scorching the nets for 29 points.

Boys' game: SANDS (94) — Johnny Peugh 6-18; Felix Robles 6-7-33; Steve Herm 7-18; Bobby Beall 0-0-0; Ronnie Oaks 4-7-9; Eddie Newcomer 3-7-2; Stan Smith 2-4-10; Robert Herren 0-0-2; Bruce Nichols 1-0-2. Totals 94-56. GAIL (56) — Joe Harding 4-11; Wayne Griffin 4-14; Rick Hendley 1-3-4; Gary Williams 1-2-7; Gary Williams 1-2-7; Ken Jones 2-4-4; Steve Boyd 2-4-4. Totals 56-51.

Girls' game: SANDS (56) — Shara Hambrick 8-2-18; Sandra Nichols 4-15-23; Jon Nichols 4-3-5. Totals 56-51. GAIL (51) — Cheron Billick 10-9-29; Sandra Hancock 3-5-9; Vicki Newton 3-3-5; Mary Anderson 0-3-2; Billie Briggs 0-1-1. Totals 51-51.

DISTRICT 3-AAAA Abilene Keeps Its Momentum

SAN ANGELO — The Abilene Eagles ran their District 3-AAA win streak to 10 by defeating the San Angelo Bobcats here Friday night by the score of 98-90.

The victory left the Eagles in a first place tie in second half play, with Lee and Ector, all with 2-0 records; and Midland High who has a 1-0 mark.

Free throws were the biggest problem for the Bobcats, who hit only 22.34 of their gratis chances. Abilene hit on 34 of 45, which gave the Eagles the margin of victory.

Both San Angelo and Abilene had three men in double figures. For the Bobcats it was Chris Hendricks, who led the team, with 24 points. Abilene was led by Kenneth Neal who bucketed 28 points for the visitors.

ODESSA — Odessa High hit only 3 of 12 free throws to lose its tenth straight 3-4A basketball game to the Permian Panthers, 67-61, here Friday night.

The Broncos beat the Panthers from the field by sinking 29 shots to Permian's 24. It was the free throws, however, that lost it for the Red Hoses. They sank only 25 per cent of their attempts while the Black Cats hit 19 of 25 for a 76 per cent effort.

Permian travels to San Angelo for an encounter with the Bobcats. The Broncos host the red-hot Midland Lee Rebels.

MIDLAND — Midland Lee kept its District 3-4A hopes alive here Friday night, defeating the much improved Abilene Cooper Cougars, 64-53.

Cooper took the lead as the first quarter came to an end, 20-19, and it looked as though the Cougars would pull off a massive upset. This was not accomplished, however, when Cooper went into a slump during the second quarter and deposited four points in the basket.

Lee was led by All-Stater, Randy Prince, with 28 points outpour. He was the only Rebel in double figures while the Cougars had four men in that category. Richard Vannoy led Cooper with 15 points. Close behind was Keith Whitaker who had 14. Abe Burrus and Sammy Walker with 12 and 11, respectively, for the losers.

PERMIAN (67) — Bird 2-3-7; Jamison 7-4-18; Cox 5-3-15; Ellis 4-2-10; Crews 6-9-21. Totals 67-53. ABILENE COUGARS (53) — Vannoy 14-2-12; Burrus 4-4-12; Walker 5-1-11; Little 0-1-1; Whitaker 5-4-14. Totals 53-67.

Wilson Seeks Title Repeat

HARLINGEN, Tex. (AP) — Defending champion Maurice Wilson of Dallas and "super senior" Curtis Person of Memphis, Tenn., head the list of championship flight contenders in the 18th annual Life Begins at 40 Golf Tournament beginning Monday at Harlingen Country Club.

Person, generally regarded as the top senior amateur in the country, will be seeking an unprecedented fourth championship. He won here 1966 through 1968. Wilson staged a birdie-finish in the 1969 finals for a comeback 1-up triumph over Dr. John Kennedy of Mount Pleasant.

Kennedy also is entered, and will be joined by contenders which include 1969 medalist Jim Cason of Harlingen, semifinalist and former Texas State Amateur champion Billy Bob Coffey of Fort Worth, 1968 finalist John Townsend of Houston, John Smith of Bowie and former finalist Henry Richards of Jackboro.

Qualifying rounds are scheduled for Monday. Match play in each of the eight 32-man flights begins Tuesday and lasts through the finals on Saturday.

The tournament, which has attracted golfers from 17 states, Canada and Mexico, will be held for the first time at the Harlingen Country Club's new 6,558 yard par 72 course which was opened last summer.

Chaps Kayoed By Odessans

ODESSA — League-leading Lubbock Christian College lost its second Western Junior Conference Athletic conference game to the Odessa College Wranglers by the score of 87-68.

Lubbock was never in the contest from the start as Odessa used a ferocious defense to keep the tall and talented Chapparals, offense at a standstill.

The win puts the Wranglers in a three-way tie, in the last column, for first place with Lubbock and South Plains.

Odessa does have its work cut out for them this week when they take on the always tough Howard County Jayhawks in Big Spring on Tuesday night.

They venture to Hobbs on Friday night to play the Thunderbirds of New Mexico Junior College.

Carlos Thomas and Kenneth Davis each scored 20 points for Odessa while Jimmy Hollis had 26 and Ed Moultrie 11 for LCC.

Odessa led at half time, 44-34.

ODESSA (87) — Thomas 10-0-20; Davis 10-20; Campbell 5-4-14; Allen 5-0-10; Hunter 3-1-7; Lenford 2-0-4; Alvey 2-0-4; Romero 1-0-2; Johnson 1-1-3; England 0-1-1. Totals 87-68.

LCC (68) — Hollis 11-4-26; Maultrie 4-2-11; Lykins 3-2-8; Keezer 2-3-7; Ederson 1-2-4; Haneline 1-2-4; Hodges 1-0-2; Richards 1-0-2; Karaher 1-0-2; Copeland 1-0-2. Totals 68-87.

Elmendorf, Stewart Head SWC All-Academic Team

DALLAS, Tex. (AP) — The 1969 Southwest Conference All-Academic team is headed by two All-SWC defensive backs Dave Elmendorf of Texas A&M University and Terry Stewart of the University of Arkansas.

The two full offensive and defensive squads, plus eight honorable mention players, represent every school in the conference.

Elmendorf, the Aggie football and baseball standout, holds a 3.5 or better (the equivalent of an "A" average) were Rice quarterback Stihle Vincent, 3.5 in commerce; and A&M tackle Randy Maddox, 3.5 in economics.

Sophomore quarterbacks also proved as adept in the classroom as on the field. In addition to Vincent, his teammate Phillip Wood was honorable mention and TCU's Steve Judy made the first offensive team with a 3.07 average in business.

Texas' national championship Longhorns contributed two players to the defensive unit—architectural engineering major Bill Zapalac, an outstanding defensive end who maintained a 3.3 average, and linebacker Scott Henderson, 3.2 in government.

Business proved the most popular field among the scholars.

Others who were consensus all-conference as well as all-academic are Bill Burnett, Ar-

Bronte Teams Post Wins Over Garden City Kats

BRONTE — Randy Barbee and Willie Zuniga led the Bronte Longhorns to an 84-43 District 11-B basketball victory over Garden City here Friday night, protecting their hold on first place in the standings.

The defeat left the Garden City boys with a 3-5 record in conference. They go to Sterling City Tuesday and visit Forsan Thursday.

Bronte's girls also won, 55-42. In that one, soph guard Ducky Halfmann did an outstanding guarding job on the Bronco ace, Vaughn, limiting her to 18 points.

The Garden City fems, with a lineup composed almost exclusively of underclass students, are 6-2 in conference and still have a shot at first place.

Judy Ann Halfmann, all-district guard who has been

sidelined by illness most of the season, is due to return to play against Sterling City.

Richard Hayden led the Garden City boys with 16 points. Barbee had 21 and Zuniga 10 for Bronte.

Lisa Hirt counted 23 and Debby Pearce 14 for Garden City in the girls' engagement.

In boys' B team play, Bronte won, 66-27.

GARDEN CITY (43) — Hayden 3-0-6; Shater 3-10-16; Hirt 2-0-4; J. Livingston 2-0-2; S. Livingston 0-2-2; Parker 1-0-2. Totals 43-30.

Tribe Opens With Cats

ABILENE — The McMurry College Indians have completed their 1970 football schedule and their only non-conference game is an opener against the always tough Prairie View A&M Panthers of the Southwestern Athletic Conference.

The Indians meet the Panthers for the first time in history at P. E. Shotwell Stadium Sept. 12. It will be a 2:30 p.m. game.

After an open date on Sept. 19, McMurry jumps into the thick of Lone Star Conference play against the defending NAIA champion Texas A&M Javelinas at Kingsville Sept. 26.

With Tarleton State and Angelo State now eligible for the LSC football championship, the Indians play a nine game league schedule.

The Indians play five home and five road games. Other home games are Southwest Texas Oct. 3; East Texas State Oct. 17; Angelo State Oct. 31; and Tarleton State Nov. 7.

MINIMUM GOAL IS \$180,000

Industrial Fund At \$177,000

More people have pledged participation in Big Spring's industrial development fund effort, and the total is now up to \$177,000, said Marvin M. Miller, chairman, Saturday.

The goal is \$180,000. "There is no doubt but that we will meet our required figure," said Miller, "thanks to the response of so many of our firms, business and professional institutions and individuals. But actually this is our minimum, and we are hoping to go far beyond this. If we can create a larger fund it will help us to cut down on any borrowing to meet what the city has to do to bring in a prospective new industry."

Miller stressed again that every citizen in the county is invited to have a part, and pledges any size are invited. Pledges are on a three-installment basis, with a third of the amount requested if the industrial effort goes through, and other payments in two subsequent years.

"We could have \$250,000 easily if we could just reach all the people we know want to have a part in further development of our city and county."

The industrial money is marked to finance construction of a large building (which would be leased to the prospective manufacturer) and to finance a railroad spur and other site clearance for the facility. The proposed location is on the Industrial Foundation's site between IS 20 and the Texas and Pacific Railway Co. right of way, just east of Cosden refinery.

Industrial leaders have been talking with a manufacturer of mobile homes, which, eventually, plans employment of up to 200 people. Several other cities in the area are negotiating for the investment.

FIRST STEP ON LONG JOURNEY—O. H. Ivie, general manager of the Colorado River Municipal Water District, watches water from Lake E. V. Spence being pumped into a canal which will take it to the main intake for delivery to Moss Creek and Big Spring. The pump, situated on a barge in the river channel of the lake, is lifting more than 16 million gallons a day into a 9,000-foot canal which carries the water to the station. Some of this water may reach the Moss Creek storage by the end of this week.

District To Begin Pumping Water From Lake Spence

Sometime this week, the Colorado River Municipal Water District is due to begin pumping Lake Spence water to the Moss Creek Lake storage southeast of Big Spring.

One of the crucial steps toward activating the big leg of the district's \$34.6-million dollar expansion program was taken last week with boosting of water in the new lake to a point where it will submerge the big pumps.

Two pumps have been set at the station, and the motor on one was put in place at the end of the week. The other motor is due during the weekend and should be ready to function by mid-week. Electricians are about ready to energize the control board at the pump station.

Tests have been run on the last sections of the 42-inch diameter line which connects Lake Spence, which is located just above Robert Lee, with Moss Creek Lake. Water from Moss Creek will be boosted to the Big Spring terminal storage for delivery to Big Spring, Stanton, Midland and Odessa.

Although Lake Spence has some 20,000 acre-feet of water in storage, it is not backed up to the intake which is five miles upstream from the dam. To utilize this supply, the district has constructed a temporary dam below the pump station to halt the normal flow of the river, which exceeds two million gallons a day at that point.

Downstream, a pump has been installed in the channel of the lake and lifts water 35 feet into a 9,000-foot canal that flows the water behind the pump station temporary dam. This flow, which exceeds 16 million gallons per day, reached the pool last Thursday evening.

A sizable lake has accumulated at the pump station since the temporary dam was installed a month ago, and this, together with the inflow of the river and the canal, is due to provide more water than the 17,000,000 gallons a day which will be pumped to Moss Creek.

By utilizing the Lake Spence supply, the district can lessen its pumping on the Lake Thomas reserves, which are down to slightly less than 40,000 acre-feet, and thus preserve a margin of safety until past the normal rainy season.

Expansion Of Safeguard System Is Challenged

WASHINGTON (AP) — President Nixon's proposed expansion of the Safeguard antiballistic missile system was challenged Saturday by the Senate's Democratic leader, who forecast a price tag reaching \$50 billion and demanded "Where the hell is it going to end?"

"What is going to happen to people?" asked Sen. Mike Mansfield of Montana, if weapons spending is to be boosted.

"The issue is of such magnitude that I believe another debate . . . is in the offing," Mansfield said in an interview.

The last one locked the Senate in defense debate for two months, and ended on Aug. 6 with a 50-50 roll call vote which defeated an amendment to block the first phase of the Nixon ABM proposal.

That involved deployment of ABM missiles, radars and computers at two sites to defend U.S. offensive missile installations, and the purchase of land for 10 more.

Nixon said Friday night he has decided the system should be expanded to provide a defense around U.S. population areas against a possible future attack by Red China. The President said Secretary of Defense Melvin R. Laird would announce the details within 30 days.

While Nixon said such an area defense would be virtually infallible against attack by a minor nuclear power, Mansfield said major questions remain unanswered about the vulnerability and reliability of the Safeguard system.

"The President has resurrected the Chinese threat which he said, about a year ago, if I remember correctly, he 'couldn't buy,'" Mansfield said.

"If we go ahead with this huge . . . combination system, we had better realize that it will cost in the tens of billions of dollars—in my opinion well beyond \$50 billion," he said.

"The question is, where is the money coming from—what does it do to our domestic problems—what will be the reaction in the Soviet Union—will we become involved in another arms race?"

Heavy Rain Ends Japanese Drouth

TOKYO (AP) — Heavy rains late Friday and Saturday ended a record 53-day dry spell in the Tokyo area, but national police much as eight inches.

Tokyo reported two inches of rain overnight and some areas in western Japan reported as much as eight inches.

Floods destroyed 30 buildings and damaged 1,500 others. Rail, ferry and air service also was disrupted.

Young 'Commended' For Not Seeking Re-Election

ORLANDO, Fla. (AP) — The second ranking officer in the American Legion in Florida has written Sen. Stephen M. Young, D-Ohio, that Young's departure from the Senate "will enhance the dignity and raise the intelligence level of that august body."

Ralph A. Johnson, department adjutant of the Legion in Florida, also told Young in a letter released Friday he wants to be "among the many to congratulate you" on Young's resignation from the American Legion.

Young said Tuesday he is resigning from the Legion because six of the group's Jacksonville, Fla., posts are attempting to raise a \$200,000 defense fund for the soldiers charged in the alleged My Lai massacre.

"This is the first time in more than 25 years that I have heard about your doing anything constructive for this fine organization," Johnson's letter said.

"Your sophomoric and irresponsible statements to the news media and to our distinguished national commanders have been such that you should not be permitted the luxury of resigning. You should have been expelled long ago," Johnson said.

"The efforts of these six posts to see that a fellow Floridian gets a fair shake would appear to be more than you have done as a United States senator," he said.

Young has announced he will not seek re-election.

"Your announced departure from the United States Senate will enhance the dignity and raise the intelligence level of that august body," Johnson added.

Webb Census Chief Named

Maj. Ruric H. Wester, chief of Personnel at Webb AFB, will direct the 1970 census at Webb.

The census will include the enumeration of personnel in family-type housing within the limits of the base as well as the enumeration of personnel in bachelor-type quarters on base.

Wester said.

"We are expecting the enumeration forms from the census bureau early in February," he said. "Meanwhile, assistant project officers, personnel enumeration clerks, housing enumeration clerks and barracks census supervisors will be appointed to complete the job."

Boundary lines will be defined and all possible areas will be explored to give fullest cooperation to the census bureau, he said. Wester was appointed this week to the job by Col. Chandler B. Estes, base commander.

Mrs. Frances Glenn Seeks Re-Election

Frances Glenn announced Saturday that she had filed as a candidate for re-election to the office of county treasurer. She will seek the Democratic nomination for the post.

In announcing her candidacy, Mrs. Glenn expressed her deep appreciation for the honor of having been given the opportunity to serve, and for the cooperation given her by the public in their performance of the duties of the office.

"I believe that my service as treasurer has made me familiar with its requirements as well as effective in discharging those duties accurately and promptly," she said. "Certainly, I have always made courtesy to all residents one of my aims."

"Because I know that I can

Young has announced he will not seek re-election.

"Your announced departure from the United States Senate will enhance the dignity and raise the intelligence level of that august body," Johnson added.

Lamesa Students Plan Production Of 'My Fair Lady'

The Lamesa High School fine arts department will present "My Fair Lady," written by Alan Jay Lerner and Frederick Loewe, Friday and Saturday at 7:30 p.m., in the Lamesa High School auditorium.

Adapted from George Bernard Shaw's play and Gabriel Pascual's motion picture "Pygmalion," "My Fair Lady" has been acclaimed as one of the finest musical productions ever performed on Broadway.

Tickets for this production may be purchased at the School Administration Office between 8 a.m. and 5 p.m. All seats are reserved with tickets priced at \$1 and \$1.50.

Rick Campbell Gets Degree

Rick Campbell, son of Mr. and Mrs. Winfred R. Campbell, 1511 Stadium, is a December graduate of Texas Technological University. He received his Bachelor of Science in Physics with a Math minor, having an over-all grade point average of 3.82 on 149 hours of instruction.

He graduated from Big Spring High School as valedictorian in 1966 and attended Howard County Junior College before entering Tech. While at HCJC he was named the outstanding student of the Math Department and to Who's Who. At Tech, Campbell was a member of Sigma Pi Sigma, an honorary physics society, a member of Kappa Mu Epsilon, honorary math society, and received a Certificate of Merit for excellence in German.

Campbell reported to Houston Jan. 19 to work for Shell Oil Company as a member of the research staff. He will begin his graduate work at a later date.

Crippled Children's Clinic Set Saturday At Center

The Dora Roberts Rehabilitation Center, in cooperation with the Howard County Easter Seal Society, will conduct its next crippled children's clinic Saturday, beginning at 9 a.m. Parents of children may pre-register by calling the center, 267-6387, or register the day of the clinic until noon.

The clinic will be under the supervision of the center's medical advisory committee, Dr. B. Broadrick, Dr. M. W. Talbot Jr., Dr. Neil W. Sanders, Dr. Louise Worthy, Dr. Pete Rhymes, and Dr. Jim Roberts. The medical director of the clinic will be Dr. Rhymes, orthopedic surgeon from Malone and Hogan Clinic. Local pediatricians alternate supplying pediatric services for the clinic. Dr. J. M. Woodall will be the pediatrician for this clinic.

All children up to 21 years of age are eligible to attend, including children from the surrounding area as well as Big Spring and Howard County. Children from Lamesa, Colorado City, Snyder, Lorraine, Stanton, Sterling City, Garden City, and other cities are invited to benefit from this clinic. No charge will be made.

Parents of crippled children who wish to have their children seen in this clinic should contact their family physician in order to have them referred. If they do not have a physician, they should contact the center or register the day of the clinic.

The purpose of the clinic is to offer a diagnostic and evaluation service to crippled children through the team approach. The team will consist of an orthopedic surgeon, pediatrician, physical therapist, public health nurse, and brace man. It is felt that the team approach gives a better evaluation of the child's treatment program. The clinic will help to determine what kind of treatment is best for the child, who might need one or a combination of the following types of treatment: physical therapy, surgery, braces, corrective shoes, drugs, or a home exercise program.

It is hoped that through this clinic children who have not been treated might be located and treatment begun. It is essential that children who are eligible for the state crippled children's program be seen by a physician who is a member of the board of physicians approved by the State Crippled Children's Division before they can be placed under this program. Children who attend this clinic will be eligible to apply for the state crippled children's program.

During the year 1969 the Big Spring Y.M.C.A. received memorials in memory of those listed below. These become a part of the Y.M.C.A. Endowment Fund as a permanent expression of love and concern to the bereaved families and as a means of continuing the influence and the benevolence of the lives of these departed friends.

- Mr. J. Gordon Bristow
- Mr. M. W. Tolbert
- Mr. R. L. Tollett
- Randall Pope
- John Bizzell
- Mrs. Hattie Broadwell
- Mrs. Julia Wells
- Mrs. Cleo Hahn
- Mrs. J. E. Stokes
- Mrs. W. E. Carnrike
- Mrs. William Sheppard
- Mr. George Covington
- Mrs. L. M. Gary
- Mr. Clyde E. Thomas, Sr.
- Mr. Robert E. Moss
- Mr. Dan Greenwood
- Mrs. Preston Harrison
- Mr. Hardy Morgan
- Mr. Chester Poss
- Mr. A. C. Klover, Sr.
- Mr. Ira Allan
- Mr. Kyle B. Cauble
- Mr. Horace F. Taylor
- Mr. G. L. Jones
- Mr. Rogers Hefley
- Mr. David R. Brazel
- Mrs. Nell May Thornton
- Mr. Bill Tom Hale
- Mrs. M. C. Gee
- Mr. Al Carter

The Y.M.C.A. gratefully expresses its appreciation for these memorials. The investment from the Endowment Fund helps the Y.M.C.A. to serve more boys and girls for years to come.

BIG SPRING HERALD

NADER USES ODESSA, ECTOR COUNTY AS EXAMPLES

Charges Oil Lands Undertaxed

SAN ANTONIO (AP) — Ralph Nader, champion of consumer protection, charged Friday that oil properties are "grossly undervalued" for tax purposes.

Nader based his findings on an investigation in Texas' oil-rich Ector County but said the implications of his discovery are "great and national in scope."

Undervaluation of big business property and under-taxation of corporate industries is a "nationwide injustice that has deprived local communities and cities of desperately needed local revenues," Nader declared.

He announced that he will ask state Rep. Ben Atwell of Dallas, chairman of the Commission on State and Local Tax Policy, to investigate. Congressional hearings may be necessary, he said in a letter addressed to Atwell.

Nader charged that if all property in Ector County Odessa, including oil properties, had been assessed "at fair market value" in 1969, county taxes for homeowners and small businessmen there would have dropped about 33 per cent.

He told scores of reporters at a news conference Friday that the revenue loss to the county government and school board is "even more striking."

If all property had been assessed at fair market value in 1969, he said, and tax ratios and rates had remained the same, "the county government of Ector County revenue could have increased approximately \$1.5 million last year alone."

Nader continued: "Think what this could have meant over a period of just the last five years, for example, to a community which is now concerned with the financing of a \$5.8 million hospital expansion."

On State and Local Tax Policy, Nader said Ector County is a "representative Texas County." In the news conference, he said Ector County is in the heart of the Permian Basin — one of America's richest oil discoveries.

The oil companies operating there, Nader said, "owe the people not only the wages they earn, but also their fair share of the property taxes."

Then he gave these and other details which he said two University of Texas law students assisted him in obtaining: —Ector County taxing agencies, as in "most counties" in Texas, depend on a private evaluation firm to appraise tax-able property.

Pritchard and Abbott Valuation Engineers, a Fort Worth based organization and the largest such firm in Texas, not only appraise the property, "they compute the tax as well."

"All the county tax assessor does is mail out the statements — and collects the taxes." —Texas "is one of the few states that does not even conduct a periodic ratio study," which generally involves "comparison, on a sampling basis, of the prices of sold properties with their assessed valuation."

Nonproducing leases are carried on the tax rolls, "but only at a nominal value, varying from approximately 50 cents to \$1 an acre."

County Tax Assessor Curtis Wynn, Nader said, explained that the reason for this "nominal assessment" is "that the property is just 'not worth taxing.'"

Earl Bruce, Odessa district manager of Pritchard and Abbott, was quoted as saying that "until a nonproducing property is developed, it could be worthless."

"Production should not be a prerequisite for an appraisal at fair market value. Lack of production should not be an excuse for nominal valuation, or none at all," Nader charged.

The homeowner, Nader said, "does not stop paying taxes on his home just because it is not earning him any income."

The additional revenue from oil properties which Nader claims could be made available "does not depend upon raising the tax rates, or adding new taxes, or tacking another penny onto the overburdened sales tax. All of this additional revenue can be raised simply by assessing the oil property at its fair market value," he said.

He suggested that individual taxpayers who are paying more than their share might "assert their rights in court against offending local taxing authorities."

The Industrial Fund effort to raise \$180,000 to push for industrial development appeared within reaching distance at the end of the week. If enough people would pledge some help, perhaps it could be over the top by the annual Chamber of Commerce banquet Wednesday.

Our national championship sheriff's posse took the spotlight in Fort Worth last week when it was asked to lead the equestrian section of the parade which opened the annual Southwestern Fat Stock Show and Exposition.

Big Spring was host last week for approximately 200 law enforcement officers who came here for the Texas Police Association regional meet. Leo Gossett, the No. 2 man in the Texas Department of Public Safety, headed a list of speakers for this important parley.

Howard County Junior College's final enrollment figure for the spring term reached 1,027, up slightly from the 1,017 the same time a year ago. The total represents a new record for a spring semester, which is impressive because this was the first time that HCJC had started a new semester right after the holidays.

Texas International Airways reported boardings were down during the past month, but could not attribute it to the loss of the morning flight. What else could you attribute it to since nothing else has changed?

With the filing deadline coming up this week, the candidate picture was beginning to take more definite shape. Precinct 2 had four commissioner prospects, Garner McAdams on the GOP side and Joe Swinney, Raymond Hamby and Bill Bennett on the Democratic side. Also in the Democratic primary, Frances Glenn filed for re-election as county treasurer; Ralph Caton as 118th District Judge, Fern Cox as 118th District Clerk, David Rathiff as state senator. Ralph Mahoney and Roy Ford have announced for the state legislature.

When Eugene Goss was appointed highway commissioner and carried out a surprise inspection of one division, he noticed six men playing horseshoes outside a state building during working hours.

Aides assured him that didn't happen often. "Maybe," Goss said. "But I'm worried about the one who's really a good player — he must have had plenty of practice."

DEAR SAM: Groundhog Time Has Rolled Around

DEAR SAM BLACKBURN:

Among the other fine pieces you used to write, as the old pro on our staff, were those having to do with special days; like, when Spring started, or there was an eclipse or something.

It just occurred that you would have been turning in a story about now about Groundhog Day, which, as you would know comes on Feb. 2.

To tell you the truth, without your reminders, I would forget things like Groundhog Day. But all of a sudden, some January bills came in, as a reminder that here, all of a sudden it's February.

I do not have access to the research material you used, to find out why — in the first place — Groundhog Day would fall on Feb. 2. It just does.

Nor can I go to infallible documents to prove that business about the Groundhog seeing his shadow. To tell you the truth, Sam, I don't even recall the last time I ever saw a groundhog. I just hope the varmints are not digging in my lawn, because that area has already been appropriated by various other bugs, insects and noxious weeds.

But, as you would have noted, it seems accepted in our country's folklore that if Mr. Groundhog emerges on Feb. 2 (as he surely will, some where, some time) and sees his shadow, he is going to scurry back into

his den and not emerge again for six weeks. As you would have noted, this means, as a practical matter, that there are six more weeks of winter ahead for us. That gets us to mid-March before we start planting, no?

However, if Mr. Groundhog doesn't see his shadow, he's got nothing to be scared of, and will stay outside to enjoy, apparently, the Spring-like weather which already is here.

Nothing is said about winds. If Mr. Groundhog had come out Saturday, for instance, he would have been blown into Sterling County, shadow and all.

People can take this Groundhog business just as seriously as they like. Personally, I think there's a lot more to the cold-and-warm weather cycle than an animal which, as far as I know, is not known for superior intelligence. Did you ever see a Groundhog performing in a circus ring? I never did.

So I don't know whether Monday will be cloudy all day, or whether the antelope will even play. And if it is clear, I refuse to join in any long-range forecast.

But you would have made a point of writing about the occasion, and I felt that I should at least keep the tradition going.

Your un-weather minded Boss,
BOB WHIPKEY

Senator Challenges Nixon's Hope On Stopping Inflation

WASHINGTON (AP) — President Nixon's hope that his new budget will help stop inflation was challenged Saturday by Sen. William Proxmire, D-Wis.

Proxmire, vice chairman of the House-Senate Economic Committee, called the projected \$1.3-billion surplus "pitifully inadequate."

"This small budget surplus is an invitation to further inflation," said the senator. He said much deeper cuts could be made in healthier spending to provide a healthier surplus.

Rep. Wright Patman, D-Tex., the chairman of the joint Economic Committee, also expressed disappointment in the budget and in Nixon's economic message to Congress.

Patman said the message "offers many words of hope, but very little substance."

"The most disappointing omission," he said, "is the report's failure to spell out in any meaningful way the Nixon administration's economic priorities."

The report talks a great deal about the nation's resources and the competing claims on these resources but does not say which claims the administration will give priority to in the coming year.

Patman said the \$1.3-billion surplus in the budget "may be total fiction" if rising interest rates are not brought under control.

In his news conference Friday night Nixon said his budget will be "a major blow in stopping the inflationary psychology."

Proxmire, like Patman, said the proposed surplus is likely to wind up as a deficit if other actions are not taken to fight inflation.

He said the Defense Department expects the costs of the Vietnam war to drop by \$13 billion, but that the total defense cost is only \$6 billion.

"The Vietnam cuts should be reflected in a lower defense budget," Proxmire said.

T38 Crashes Killing Two

DEL RIO, Tex. (AP) — The Air Force identified Saturday two men killed Friday night in the crash of a T38 jet trainer near Laughlin Air Force Base here.

They were Capt. Robert W. Ladley, 28, the instructor from Uvalde, and Lt. Nelson J. Kamunen of Cloquet, Minn., a student pilot.

Ladley, son of Mr. and Mrs. William H. Ladley of Uvalde, recently completed training at Webb AFB at Big Spring. Kamunen's parents are Mr. and Mrs. Eino Kamunen of Cloquet.

COMPLETIONS

HOWARD — Resources and Horizon have abandoned the location of the No. 51 well. The hole was plugged after drilling to 7,800 feet and is located 990 feet from the south line and 2,080 feet from the west line of section 28, block 25, H&TC survey.

STERLING — Roden Oil Co. finished the No. 51 Reed flowing 376 barrels of 39.3 gravity crude per day and no water from the Wolfcamp zone of the No. 51 well. The hole was drilled to 7,800 feet and is located 990 feet from the south line and 2,080 feet from the west line of section 28, block 25, H&TC survey.

MARTIN — Adobe Oil Co. No. 5A Sole Ranch is finished in the Sorberry Trend Area pumping initially 310 barrels of 39.3 gravity oil per day from perforations between 8,129 and 9,018 feet. Gas to oil ratio was not reported. Five and one-half inch casing was set to 7,700 feet in the hole drilled to a total depth of 7,835 feet and the layers were treated with 1,096 and tubing pressure reported 270 pounds. The layers were treated with 100 gallons of acid.

LEGAL NOTICE — By authority of the City Commission of the City of Big Spring, Texas, sealed bids addressed to the Purchasing Office, P.O. Box 391, will be received until 2:00 P.M., Thursday, February 19, 1970, for the purchase of one utility tractor.

LEGAL NOTICE — Sands CIDSD will receive bids on the Knott School building, excluding cafeteria and gym, located in Knott, Texas, with the following options:

PRESIDENTIAL PAD IN THE MAKING — Crane and piler work on landing pad for helicopters just offshore in Biscayne Bay last spring at President Nixon's compound at Key Biscayne, Fla. It was reported Friday that U.S. Army Engineers spent \$342,358 to build the 150-foot square pad.

THE WEEK

(Continued from Page 1)

quated Benton Street overpass. This will be about a million-dollar job.

School boards were scratching their heads over veto of the HEW appropriation which contained the Part B impact aid payments. Estimates were that it could cost Big Spring upward of \$200,000 and Forsan and Coahoma about \$10,000 each.

The problem arises out of being forced to budget last August on the strength of this prospect and now facing the prospect that it may not be forthcoming. It could be that a new version will include some Part B money and soften the jolt.

The Industrial Fund effort to raise \$180,000 to push for industrial development appeared within reaching distance at the end of the week. If enough people would pledge some help, perhaps it could be over the top by the annual Chamber of Commerce banquet Wednesday.

Our national championship sheriff's posse took the spotlight in Fort Worth last week when it was asked to lead the equestrian section of the parade which opened the annual Southwestern Fat Stock Show and Exposition.

Big Spring was host last week for approximately 200 law enforcement officers who came here for the Texas Police Association regional meet. Leo Gossett, the No. 2 man in the Texas Department of Public Safety, headed a list of speakers for this important parley.

Howard County Junior College's final enrollment figure for the spring term reached 1,027, up slightly from the 1,017 the same time a year ago. The total represents a new record for a spring semester, which is impressive because this was the first time that HCJC had started a new semester right after the holidays.

Texas International Airways reported boardings were down during the past month, but could not attribute it to the loss of the morning flight. What else could you attribute it to since nothing else has changed?

With the filing deadline coming up this week, the candidate picture was beginning to take more definite shape. The cases arising out of the fatal shooting of Marcus Tarango last July 10, at a Stanton service station begin moving toward a head. Mrs. Wilma Smith, who had been convicted of burglary previously, entered a plea of guilty as a party to the Tarango slaying and drew a 10-year concurrent sentence. Her husband, Donald, drew a 35-year sentence for burglary and will face the murder count in June, along with Steve Blanchard and Lewis Hite.

The Colorado River Municipal Water District buttoned up most of its litigation arising out of the Lake Spence project when it split the difference with Mrs. Helen Willockson for land and damages in the new lake basin. The district, incidentally, is due to begin pumping water from Lake Spence this week.

Miscellaneous: School Supt. Sam Anderson's contract was extended for another year; Cosden's No. 1 and No. 2 men in tenure (and who have been plant superintendents and coordinators for years) — Ernie Richardson and George Grimes, announced plans for retirement; mid-term graduation exercises were held for 62 high school seniors; D. A. Brazel was re-elected president of the Community Action Council, which supervises the Head Start and other such programs; Campus Reunion 7.0 will launch its current session show this week; Highland Shopping Center merchants presented an outstanding exhibit on the American heritage; State Legion Commander Henry H. Hill visited and inspected the Veterans Administration Hospital.

Law Enforcement Academy Resumes In June At HCJC

The Southwest Academy of Law Enforcement will resume classes on the campus of Howard County Junior College this summer for a six weeks course beginning June 1, Chief of Police Jay Banks said Friday.

The 240 hour course will receive part of a \$17,000 grant from the federal government which was secured by the Permian Basin Law Enforcement Association's Training Committee.

City Attorney Herb Prouty and Assistant Chief of Police Leo Hull attended a meeting of the committee, which represents 17 area counties, and learned that the course will be financed on a matching fund basis with the federal grant paying 60 per cent of the cost of training and the governing agencies which send officers for training paying 40 per cent of costs.

Prouty said the course is designed to prepare officers of law enforcement agencies in all areas of police work and will be taught by instructors from the Extension Service of the Texas A&M's Police Training School. A recent state law requires all police officers to have a minimum of 140 hours training in their field and hold a basic certificate as a police officer.

Classes in the academy were suspended last fall for several reasons, among them lack of funds, but the school received state-wide recognition as a pioneer in the police training field. Chief Banks established the academy in 1962 as an adjunct to HCJC's regular curriculum long before state authorities required or officially recognized the need for standardized training of police recruits.

Prouty said Friday that the academy plans to accept 30 officers for its summer course at a cost of \$100 per man. He said it would have been better to hold the course earlier in the year but the crowded schedule of Texas A&M instructors prevented this.

The academy previously held three training sessions each year, but the extent of the grant will restrict the course this year to one session, Prouty said.

PUBLIC RECORDS

- BUILDING PERMITS: McMillan Printing Co. 1712 Gregg, erect a sign; \$1,000. Scenic Gardens Inc., 4300 W. 8th, build a new business building in Coronado Plaza; \$18,000. WEDDING DEEDS: Horace W. NOBODY WALKS AWAY FROM A

BOB BROCK

DEAL DURING

FEBRUARY

After you've paid for it, it starts paying for itself.

We didn't want our bug to be a hog to a gallon of gas. That's why we made it go about 26 miles to a gallon of gas.

And why we persuaded it to take pints of oil instead of quarts. And why we gave it an air-cooled engine. (Air is free. Antifreeze isn't.)

And why we put the engine in the back so you get more push from the rear wheels. (And less pull from tow trucks.)

And that's why at trade-in time if things are still the same as they have been, you can count on getting back more of your initial investment. In practically every other car owner gets theirs.

After all, why shouldn't the car that's been saving you money while you own it do the same when you sell it?

Six Webb Sergeants Are On Flight Status

Six sergeants at Webb AFB are on flying status. They are T. Sgt. Douglas Rogers, S. Sgts. Pete Rivera, Stephen Ziroka, Stanley Phillips, John Farmer and Sgt. Alfred Cook. They are flight mechanics in the T-38 periodic maintenance section of the 3500th Organizational Maintenance Squadron (OMS). In addition to repairing the aircraft and insuring that mechanical failures do not occur in the air, these sergeants fly in the back seat of the Northrop T-38 Talon.

All are qualified and experienced jet aircraft mechanics. They originally worked either on the T-38 flight line or the T-38 periodic docks (PE). Their names were submitted by their supervisors to the squadron commander who decides who will work on the post dock of T-38 PE and be on flight status.

Like other maintenance shops,

the primary mission of the sergeant is to inspect and repair aircraft. However, they must strip the aircraft, send the engine to the propulsion shop and check everything from the hydraulic system to the tires. Before the dock crew actually starts work on the plane, they receive a stack of computer cards which describe all the work to be done on that aircraft. As every job is completed, a roster is updated, to insure the replaced or over-

hauled parts of the aircraft are checked during the test flight. While the aircraft is docked in the hangar, specialists from the various 3500th Field Maintenance Shops and T-38 PE work up to 120 hours or five days to prepare it for flight and return it to mission operation.

Upon completion of all inspections and repair, the flying sergeants, post dock crew, take over. The plane is given a final pre-flight inspection and receives an engine test to insure it is flight ready. Then a test pilot from maintenance quality control flies the plane on a functional check flight with a flying sergeant in the back seat. The sergeant checks all the instrument and gauge readings against those recorded by the pilot. Should any defect be

noted, the sergeant's job is to diagnose the problem. After the flight, the crew performs a post-flight inspection to insure there are no leaks. This type of in-flight check and analysis saves time and reduces delays during operational mission flights.

Air Training Command is the only command that has enlisted men authorized to perform crew chiefs. There are probably only 50 sergeants who have this type of job in the Air Force.

M. Sgt. William Pope is the noncommissioned officer in charge of the T-38 post dock, but does not fly. S. Sgts. Rivera and Farmer are the veterans on the flight team. Sgt. Rivera has been flying for 2 1/2 years and has

accumulated 150 hours of flight time. Sgt. Farmer has been flying three years and has more than 200 hours in the back seat of the T-38.

Scuba Classes Are Scheduled

The YMCA scuba classes will begin Wednesday, March 4. Classes will be held on Monday and Wednesday's 7-10 p.m. There will be a charge of \$25 for Y members and \$40 for non-members. Minimum age for enrollment is 17 years. Instructors for the class will be Dr. Floyd Mays, Bill Towery, Roger Brown and Paschal Odum. For further information call the YMCA at 267-8234.

Coin Strikers

LONDON (AP) — The men who strike coins struck work Friday.

Nearly 1,000 walked out of the Royal Mint to protest government plans to switch the bulk of their operation to South Wales.

They want to stay on the site near the Tower of London where coins have been minted for nearly 1,000 years.

The government planned the move to Wales as part of its policy of shifting industry from the crowded capital to regions where jobs are less plentiful.

Father Of Eight Draws Sentence

JACKSONVILLE, Fla. (AP) — A man who is the father of four children and the stepfather of four more told a judge Friday he robbed one bank and tried to rob another to take care of his two families. He was sentenced to 20 years in prison.

"I felt I had to meet my responsibilities," Ray Lewis told the judge.

"And you surely had them," U.S. Dist. Court Judge Charles R. Scott replied in court. Scott sentenced Lewis to 10 years in prison for the \$1,195 robbery of one Jacksonville bank and 10 years for the attempted robbery of another bank in a Jacksonville suburb.

Sets Destroyed

BURBANK, Calif. (AP) — A lot of nostalgia went up in smoke when fire broke out in an old sound stage at Columbia Studios and swept through sets used for "Lost Horizon," "High Noon," "Cat Ballou" and the old "Blondie" movie series. Studio officials estimated damage at \$2 million.

Horoscope

TODAY AND
—CARROLL RIGHTER

GENERAL TENDENCIES: This is a wonderful day for you to think out your spiritual and religious needs. It is possible to reach a decision about how you wish to operate in the days ahead. State your point of view directly to others, but use a little bit of tact so they will not feel you are trying to rule the roost.

ARIES (March 21 to April 19): A perfect day to contact persons of high esteem and experience and discuss how you can expand in the days ahead. Be more affluent. Listen to what a new friend has to say. Follow good suggestions.

TAURUS (April 20 to May 20): You can solve whatever problems you have by following your hunches, which are particularly good now. You have a friend who means a great deal to you. Be with this person and be happier.

GEMINI (May 21 to June 21): Meeting with associates and making new agreements for the future can be very wise today. Later, out to those pieces of amusement you like. Make sure you get that important letter written.

MOON CHILDREN (June 22 to July 21): Be of greater service to those you love and gain their good will. Be sure that you do whatever improves your health. Avoid those who are always depressed and could dampen your high spirits.

LEO (July 22 to Aug. 21): Make your plans early for a delightful day of recreation. Take good friends with you who can make the evening especially delightful. Show a sense of good camaraderie.

VIRGO (Aug. 22 to Sept. 22): Expressing more harmony at home is relatively easy today. Provide your approach is intelligent. Bring your friends home for a change. Have a delightful time there and be your best.

LIBRA (Sept. 23 to Oct. 22): Try to find out what your true position is with associates and proceed accordingly. Evening is fine for some hobby you enjoy. If you attend services you like, you can be quite inspired as to what to do.

SCORPIO (Oct. 23 to Nov. 21): You have to think big now if you want to get big. Take time to make small repairs about the house that are important. Talk over with a financial expert how to solve your problems. Be more affluent.

SAGITTARIUS (Nov. 22 to Dec. 21): Avoid the boring today and be with friends at some pleasant form of recreation. Do what will improve your charm and appearance. Alter wardrobe so that it is just right today.

CAPRICORN (Dec. 22 to Jan. 20): Get into those outlets that are vital to your well being. Get the information you need from experts at this time. If you cooperate more, you find that mate is more agreeable. Be happy.

AQUARIUS (Jan. 21 to Feb. 19): This is a fine day to be the generous Aquarius that everyone loves and admires and reap the benefits thereby. Make new friends among those you feel are your type. Be a much happier person.

PISCES (Feb. 20 to March 20): A good day to do some civic work you have neglected in the past and be very efficient at it. Forget all that dull and unnecessary work. Get into the systems that make everything you do more fun.

MONDAY
GENERAL TENDENCIES: Some obligations could give you trouble if not attended to now. Today you are out to find that you need to extend your present interests. You can do so with fewer drawbacks than heretofore. Speak to those who are philosophical to get their ideas.

ARIES (March 21 to April 19): Avoid that depressing co-worker. Solve your own problems intelligently and all is okay. You get ahead much faster. Make the right impression on an intellectual. Be happy.

TAURUS (April 20 to May 20): Avoid those expensive recreations that others want you to get into. Take care of those obligations that are facing you. Stop worrying about petty things. Concentrate on the big issues in your present operation. Be happy.

GEMINI (May 21 to June 21): Steer clear of that timid soul in your home who wants you to give up some ethical and lucrative venture you have in operation. Entertain at home and get right results. Show respect for associates. Listen to their ideas intently.

MOON CHILDREN (June 22 to July 21): Instead of going off on mental tangents, get busy at all those duties facing you and be sure they are soon behind you. You hit on some fine health treatment that is ideal today. Become more energetic.

LEO (July 22 to Aug. 21): Put aside money problems for now and see how you can please good friends you like and who have done you many favors in the past. Express yourself creatively. You will have fun and this is just the right day for such.

VIRGO (Aug. 22 to Sept. 22): Listen to the opinions of a family tie instead of relying entirely on your own good judgment today, since you are not thinking very clearly right now. Steer clear of the social. Concentrate on business.

LIBRA (Sept. 23 to Oct. 22): Be sure to get your errands done and appointments kept on time. Then get at whatever personal affairs are important. Contact those persons who can assist you to get ahead faster. Be wise.

SCORPIO (Oct. 23 to Nov. 21): Stick to important business affairs instead of going off with friends socially just now. Improve monetary position by your activities today. Stop being so adamant.

SAGITTARIUS (Nov. 22 to Dec. 21): Stop knowing to irate higher-ups and get busy improving personal relationships. Have a good time. Obey regulations that apply to you. Forget the others. Make sure you get plenty of rest tonight.

CAPRICORN (Dec. 22 to Jan. 20): You have to make some private arrangements if you want to improve present position. So don't go off on any tangents, but carry through. A higher-up will give you backing privately. Don't confide in others.

AQUARIUS (Jan. 21 to Feb. 19): Contact friends you have not seen in a long time and don't worry so much about responsibilities. Be devoted to family and friends. Being social brings you in touch with worthwhile people you have not known before.

PISCES (Feb. 20 to March 20): Be sure you know exactly what higher-ups expect of you and be sure to follow regulations carefully. Steer clear of an associate who is acting in such a piscine manner. Improving your image with the public in general is easy now.

BUBBLES, BANGLES AND BEADS add sparkle to dancing girls who bring back visions of prohibition and speak-easies in a sequence called "This Was Burlesque." Displaying some fancy footwork to the tempo of a happy time are part of the chorus line, Dianna Williams, Susan Trim, Debra Jenkins and Debbie Wash.

A FLICK OF THE FAN, and Susan Beaird is ready to make her entrance in the lively burlesque sequence which is a part of Big Spring's entertainment event of the year. Susan is a member of the symphonic and is head twirler for the Big Spring High School Steer Band.

A MAD MENAGERIE of psychedelia in the form of "Rhythm of Life" explodes on stage during this exciting number as the soloist, James Person, left, is soul itself, accompanied by 30 dancers in this spiritualistic happening. The girls are Susan Beaird and Nan Whittington, and the boys are Brian Mayes, Roger Grisham and Fred Bunch.

PROTEST, ANYONE? There's something for everyone, including dissenters, as this group of Steer bandmen give a preview peek at some of the protest signs which are likely to show up at the opening of Campus Revue 7.0 Friday evening. Loyal to their causes are Betty Pitts, Dallas Crawford and Jeannie Averitt, while moral support is given by Bobby Davis.

KIDS OF ALL AGES will enjoy this delightful number, a circus sequence taken from the hit musical, "Carnival." Elaborately staged and lighted, act features clowns, dancers, and especially for the children, a puppet act staged to the tune of "Yum Yum Ticky Ticky Yum Yum." Helping the audience put on a happy face will be David Smith, Gene Tuckness and Buster Green.

CAMPUS REVUE 7.0

By JO BRIGHT

Big Spring's biggest entertainment event of the year comes alive Friday as the curtain goes up at 8 p.m. on Campus Revue 7.0 in the auditorium at Big Spring High School. The show will run for three nights, Feb. 5-7, giving everyone a chance to see and hear talented young people from the Steer Band who perform in the annual revue.

The tickets are priced at \$1.50, \$3.00 and \$5.00. All tickets are on reserve and may be purchased by calling 267-7463, Extension 7.0.

Band directors are Bill Bradley and Don Turner. Bradley has taught band for ten years, four of which were connected with the Steer marching and symphonic organizations. At Texas Tech, where he graduated in 1959 with bachelor and masters degrees, he was named "Outstanding Tech Band Student."

Turner presently conducts the BSHS concert and stage bands, however, his musical accomplishments go far beyond teaching. He has played with such top jazz ensembles as Stan Kenton, Buddy Morrow and Ted Weems, and is now principal clarinetist in the Midland-Odessa Symphony Orchestra.

Returning as producer of the show is Todd Lane, a graduate student at Midwestern University who, for over ten years has worked with the Wichita Falls Ballet Theatre. He is producer-director for that city's Summer Youth Musicals and stage manager and designed for the Dallas Metropolitan Ballet. In addition, he has worked on touring shows including "Hello, Dolly," "Camelot" and "Cactus Flower."

Todd, along with Mrs. Lynn Carr, choreographed and staged six major numbers of the coming revue. Robert Willbanks is production assistant.

The emcee trio, all veterans of other Campus Revues, are Izell "Twinkle" Johnson, Robert Margolis and Bob Bryant.

Photos By FRANK BRANDON

WOMEN'S NEWS

Section C

Big Spring Herald

BIG SPRING, TEXAS
SUNDAY, FEBRUARY 1, 1970

THE DIXIELAND BAND is ready to blow the blues or shout the news that Campus Revue 7.0 is back in town. Sassy and brassy, they'll strut on stage to accompany many of its musical numbers and steal a little of the limelight for themselves. At center is Janice Majors, and kneeling is Bob Bryant. Those standing are Keith Gum and Steve Hughes.

HEY, BIG SPENDER! Cast a roving eye in my direction say these members of the girls' chorus line, Sheila Lewis, Gay Harris and Mona Boodle. Others featured in the nicely naughty number are Nan Whittington, Julie Seay, Markay Brooks, Vicki Perry and Pat Stinson. Dance hall "dames" do their thing in this colorful number from the movie, "Sweet Charity."

Miss Brenda Burt Weds T. J. Patterson

Miss Brenda Kay Burt became the bride of Tommy Joe Patterson in a candlelight ceremony held Saturday evening in Hillcrest Baptist Church.

The bride is the daughter of the Rev. and Mrs. C. R. Burt, 2500 Ann, and the bridegroom is the son of Mr. and Mrs. J. A. Patterson of Sand Springs. The bride's father was the officiating minister for the ceremony.

Nuptial music was by Mr. and Mrs. Leonard Moody, soloist and organist, who presented the selections, "Twelfth of Never," and "Whither Thou Goest." The bridal aisle led to an altar flanked by candelabra and enhanced with an arch of greenery and white gladioli flanked by baskets of gladioli.

The bride was attired in a formal gown of white satin, styled with rounded neckline and long sleeves. Lace motifs circled the neckline and cuffs and extended the length of the A-line skirt from an Empire waistline marked with satin bows. The circular train was chapel-length. A pillbox hat held her waist-length veil of bouffant illusion, and she carried a bouquet of white gladioli.

Attending the bride as maid of honor was Miss Charlene Kennedy, and the bridesmaid was Miss Sue Patterson of Sand Springs, sister of the bridegroom. Both were attired in formal Empire gowns of blue brocade fashioned with rounded necklines and puffed sleeves. Their headpieces were Dior bows with circular veils, and each carried a long-stemmed blue carnation.

Tommy Cunningham of Monahans was best man, and groomsmen were Gary Cunningham, also of Monahans. Ushers were Terry Phillips and John Pannell. Tonya Faulkner of Fort Worth served as flower girl, and Brad Faulkner, also of Fort Worth, was ring bearer.

RECEPTION
Immediately after the ceremony, the couple was

MRS. TOMMY J. PATTERSON

honored at a reception in the fellowship hall of the church. Miss Lori Hampton presided at the guest register, and other members of the house party were Mrs. D. W. Butler, Miss Sherry Morgan, Miss Arlene Henderson and Miss Sheree Buntyn.

An arrangement of blue chrysanthemums centered the refreshment table, which was laid with a white lace cloth and appointed with crystal and

Duplicate Bridge Winners Listed At Two Sessions

Taking high tallies in duplicate bridge play Wednesday afternoon at Big Spring Country Club were Mrs. John Davis and Mrs. L. B. Edwards, first; Mrs. Elvis McCrary and Mrs. Ward Hall, second; and Mrs. Floyd Mays and Mrs. D. A. Brazel, third.

Results of the Wednesday evening games in the John H. Lees Service Club at Webb Air Force Base were George K. McConnell and Mrs. Elmo Wasson, first; Capt. and Mrs. David Kashiol, second; and Mrs. Jeanne Carney and Mrs. Bettie Richeson, third.

Steam Wrinkles

Steam takes wrinkles out of velvet. One way to steam a whole dress is to hang it in the bathroom while the shower is in use. Be sure to use a well-padded hanger.

Gardeners Invited To Program In Midland

An outstanding program on flower arranging of interest to local garden clubbers will be held at 10 a.m., Feb. 16, in the Women's Club at Midland.

The show is sponsored by the Southern Zone, District One, Council of Nationally Accredited Flower Show Judges. Mrs. Odell Womack of Big Spring is president of the council, and Mrs. J. A. Van Auker of Midland is vice president and program chairman.

The speaker will be Mrs. C. S. Duran of Houston who has served as first vice president

Paint Coffee Cans For Bright Kitchen

Those one- or two-pound coffee cans with the plastic tops make both decorative and practical canisters.

Save lots of them. Display them on shelves in kitchen, pantry or almost anywhere. These cans are airtight and you can store anything from almonds to zinnia seeds.

You can paint them (don't paint the plastic tops) or cover with vinyl self-adhesive paper. Decorate with simple floral designs, stripes, or maybe color each canister differently. Writing or typing on a small gummed label or piece of masking tape will identify the contents for you.

New Era Enters In Fashion Fabric

Enter now a new era in fashion fabric — the rich, multi-colored tweeds with an accent on brown and green as being most important. The light weight, supple meltons dress up for the day into evening, textured worsteds and crepes once again prove versatile as do heathery wool shetlands. For color we look to the rich

autumnal woody hues such as hemlock, chocolate and burnt sugar to be the features. Hunter Red and Persimmon are on the other end of the color cyclorama.

Sterling City Church Scene Of Wedding

Miss Violanda Torres and Sgt. den City, and parents of the bridegroom are Mr. and Mrs. Evilan (Eddie) Mercado were united in marriage Saturday evening in the First Baptist Church at Sterling City.

The Rev. Crescencio Rodriguez of Ackery performed the nuptial rites.

Parents of the couple are Mr. and Mrs. Valentine Torres, Garden City, and parents of the bridegroom are Mr. and Mrs. Enrique Mercado, Waukegan, Ill.

Mrs. Alton Cook, organist, accompanied Mrs. Jose Garcia, vocalist, as she sang traditional wedding selections.

Miss Elizabeth Torres of Garden City was maid of honor.

Bridesmaids were Miss Sharon Mercado and Miss Willie Mercado, both of Waukegan, Ill.; Miss Blanche Torres, Garden City; and Miss Elvira Balderas, Sterling City.

The bride was attired in a formal gown of peau de soie designed with an Empire waistline, A-line silhouette and long, tapered sleeves. Inserts of re-embroidered lace accented the neckline, bodice, sleeves and front of the gown. A detachable Watteau train enhanced the gown. Her veil of illusion, bordered with Alencon lace, fell from a peau de soie bow enhanced with lace, sequins and pearls. She carried a bouquet of white carnations surrounding an orchid.

Oscar Mercado of Waukegan was best man. Groomsmen were Ismael Patino and Luis Patino, both of Garden City; Bobby Lara, San Angelo; and Ruben Rodriguez, Sterling City.

The bride is a graduate of Garden City High School, where she was a member of the Beta Club, Future Homemakers of America, the Pep Squad and the basketball team. She is a senior student at West Texas State University at Canyon.

The bridegroom graduated from Waukegan Township High School, and he is now serving in the Air Force at Beale AFB, California.

A reception was held in the fellowship hall. Those in the house party were Mrs. P. G. Torres, Mrs. Ismael Patino, Mrs. L. A. Coronado and Mrs. Jesse Balderas.

Out-of-town guests were Mr. and Mrs. Trino Moreno, Cisco; Mrs. Enriqueta Arizola and family, Fort Worth; and Sgt. Valentine Torres Jr., East Point, Ga.

The couple will be at home at 6061 Gossettway, Marysville, Calif.

MRS. EVILAN MERCADO

TO MARRY — Mr. and Mrs. S. A. White, Stanton, announce the engagement and approaching marriage of their daughter, Doris Marie, to Spec. 5 Bobby Joe Holland, presently stationed with the Army at Kaiserslautern, Germany. The prospective bridegroom is the son of Mrs. Dick Madison, Stanton. The couple will be married at 8 p.m., April 8, in the country home of the bride-elect's aunt and uncle, Mr. and Mrs. Weiland W. Atchison, near Stanton.

(AP WIREPHOTO)

New Styles Reflected In Topcoats

When a man puts an old topcoat over a new suit, it's like serving pheasant under glass on paper plates — at least half of the effect is lost.

There are just as many styling changes in coats as in suits, according to Joseph Daroff, president of a major men's clothing firm. Lapels have been widened and re-styled, shape has been introduced and fabrics coordinated to current clothing patterns and colors.

The double-breasted model is far and away the fashion favorite, Daroff reports, whether it is done in a classic camel's hair or a bold and beautiful plaid window pane or smart checks.

And for those who want to be ahead of the game, belts are the next clue — matching, contrasting, full or half.

WARMER WET WEATHER — Drawing illustrates new rainwear fashion displayed by San Lorenzo during the spring-summer fashion shows in Rome. The midl storm coat is of flame-red canvas cloth with a tightly-sashed high waistline.

CAFETERIA MENUS

COAHOMA SCHOOLS
MONDAY — Enchiladas and cherry peppers, baked beans, tossed salad, red velvet cake, corn bread, crackers, butter and milk.

BARNES PELLETTIER

MRS. DONALD R. BRADFORD

Couple United In Marriage

Miss Mary Linda James, daughter of Mrs. Jack James of New London, Tex., and the late Mr. James, became the bride of Donald R. Bradford, son of Mr. and Mrs. S. A. Bradford, 1316 Wood, Saturday in Dallas.

The couple, who both reside in Dallas, exchanged vows at 8 p.m. in the Terrace Room of the Marriott Hotel with the Rev. E. B. Brooks Jr. officiating for the ceremony.

The bride was given in marriage by her brother, Jack Hamilton James. The maid of honor was Miss Jeannie James, and the best man was Robert L. Wade.

Mr. and Mrs. Bradford will reside in Dallas where he is an electrical engineer for Scientific Control Corporation. She is a graduate of Kilgore Junior College and North Texas State University, and he was graduated from the University of Texas.

A LOVELIER YOU Lingerie Promises New Natural Look

BY MARY SUE MILLER
Naturalness is the beauty goal of our day. We tint our hair in natural colors. We select makeup for natural effects. We espouse a natural figure under the natural cling of clothes. And right here is where we run into trouble.

Few figures are so perfect as to carry off outer fashions without the help of inner fashions. The fact comes plainer the softer clothes become.

Well, don't panic. Designers have come up with new concepts that meet the challenge. For one, lingerie has gained the status of an accessory — a body accessory. A line, a color can make a soft, sheer dress happen.

Sometimes it takes only the merest wisp — a bareling bra with convertible straps, for instance. Again a stretch bra with unseen and unfelt, but powerful control could smooth a clingy situation.

Crepey demislips and brasings can set limp skirts to swinging. You know, of course, that soft fashions should look as though they want to cling, not as though they are so weak they have to hang on.

The more woman you are the more you will enjoy such newsy innovations as panty foundations paneled to slice curves and banded to lock stockings in place without garters. As for color, it is out of the problem department. The whole range

from nude to honey, gardenia to jasmine pink, bright coral to deep green prints blends with fashion shades. Well, naturally!

SPOT REDUCING EXERCISES
Spot reduction — key to a proportioned figure. Exercise is the only way to trim those stubborn bulges . . . to lose inches exactly where you wish. My new booklet, "Spot Reducing Exercises," gives easy routines — 40 in all — for slimming the upper back, arms, midriff, hips, legs, ankles . . . Plus ideal measurements . . . other figure-trimming tips. For your copy, write to Mary Sue Miller in care of the Big Spring Herald, enclosing a self-addressed, stamped envelope and 35 cents in coin.

Fun For Rainy Days

To amuse children on a bad weather day give them a handful of alphabet macaroni and see which one can get the most words spelled with it in a given time.

FOCUS ON FAMILY LIVING

Dishwasher Is Becoming Desired Home Appliance

By CATHERINE CRAWFORD
COUNTY HD AGENT

Is there an automatic dishwasher in your future? One of every 12 households now has one and new housing often includes it as standard equipment.

When buying a dishwasher, take time to figure what to expect from the appliance. Have an idea which of the many types you want.

Most important, the dishwasher should clean dishes with a minimum of noise and as little expense as possible.

Dishwashers come in different models with different types of loading, washing and drying cycles.

NEW MODELS
Newer models offer improvements that assure superior washing and drying, longer life and less service. They include automatic pre-washing and pre-rinsing; dual detergent dispensers; rinse agent small items which are a nuisance to hand wash; flexible racks allowing the homemaker to adjust them to fit needs; better designed racks which provide more total capacity and larger item capacity; and special cycles.

Special cycles in new dishwashers include longer wash for heavier soil; shorter wash for lighter soil or fine china; rinse-only for partial loads to be thoroughly washed and dried later; plate-warming; and sanitizing where water actually is heated in the dishwasher for rinsing at higher temperatures.

There are models with two separate washes, each with fresh water and fresh detergent. These models wash dishes better. Number of rinses vary from one to four.

Dishwashers can be installed or portable with casters and hose connections to the hot water faucet and to the sink drain. Because of recent developments, portable sales are overtaking sales of installed models.

Washing action varies and each manufacturer designs a spray system he thinks will do the best job of distributing water to all the dishes.

THREE TYPES
Three types used today are the blade impeller, revolving horizontal tube and revolving wash arm.

1. The blade impeller is located in the center bottom of the tub to turn fast, sending the spray in all directions at great force.

For hard water, this type has an advantage because there is less chance of the mechanism getting plugged by water deposits since water is not

forced through tiny holes. However, blade impeller model dishwashers may not have as fine a screen to filter food particles and they may be recirculated.

2. The revolving horizontal tube, attached in the upper part of the dishwasher, jets water through tiny holes along the tube as it revolves at high speeds.

3. The revolving wash arm is attached to the center bottom or on the sides of the tub. Water jets out through holes in the arm which swings to distribute water.

ADVANTAGES
There are important advantages to owning a dishwasher. Research has shown that dishes washed in a dishwasher are much more sanitary than those washed, scalded, and dried by hand. Especially during the winter months when colds and flu are taking their toll, a dishwasher may help to control these passing from one member of the family to another.

Time and energy can be saved with a dishwasher. There are models that really do get the dishes clean without having to hand wash them first. If you are thinking of buying a given brand, try to find someone who owns the brand you are considering. Pay a visit at dishwashing time — with their permission, of course — and see what pre-treatment they give their dirty dishes. Then, stay around long enough to see how the dishes look once that cycle has finished. This should help you decide if the dishwasher will do what you want it to do.

ENGAGED — Mr. and Mrs. Frank Russell, 1105 Lloyd, are announcing the engagement and approaching marriage of their daughter, Karen Joyce, to Sgt. Neil Gallagher of Webb Air Force Base. The prospective bridegroom is the son of Mr. and Mrs. John Gallagher, 700 Hillcrest, Glendolen, Pa. The couple will marry April 25 in the First Assembly of God Church, with the Rev. J. W. Farmer serving as officiant.

Birthday Banquet At Church

New officers were elected at Thursday's birthday banquet held by the Adult Four Department, Baptist Temple, at Furr's Cafeteria.

Those named were Alvin Scott, superintendent; Sidney Hart, program chairman; Mrs. Sidney Hart, pianist; Alp Page, Mrs. E. L. Terry and Ross Hill, teachers; Sam Bennett, music director; and Mrs. Bob Wren, secretary.

Bruce Hudspeth sang "Do You Know My Lord?" The invocation was given by Otto Couch. The Rev. Fred Pierce gave the devotion on Bible teachings concerning love, law, poetry and history. Bennett gave the benediction.

The U-shaped tables were decorated to represent the four seasons of the year. Those on the decorating committee were Mrs. M. E. Anderson, Mrs. Sam Bennett and Mrs. J. C. Cravens. Guests were Mrs. James Puckett, the Rev. and Mrs. Fred Pierce, Mr. and Mrs. Bruce Hudspeth, J. C. Cravens and Mrs. Bertha Stovall of Eastland.

Take High Tallies In Duplicate Play

Three tables were in play for duplicate bridge games held Friday afternoon at Big Spring Country Club. Winners were Mrs. Don Newsom and Mrs. Hayes Stripling Sr., first; and Mrs. J. H. Fish and Mrs. A. Swartz, second.

'ROUND TOWN

BY LUCILLE PICKLE

The time for our annual Chamber of Commerce banquet is upon us again, and the committees have been working fervently to make it an even larger event than the years past . . . and oh, what meetings we have had in years past!

When the first dinner meeting of the chamber took place I don't know, but I do remember when most of the women who attended were dressed in their best finery for the occasion which was one of the social as well as civic affairs of the year. I well recall MRS. AGNES YOUNG saying she liked to dress as an honor to the new officers. The Herald society editor, MRS. ONA PARSONS, liked to list those who attended, and when possible, she described the pretty dresses and wraps the women wore . . . she had to let up on that because too many of the women were wearing the same dresses year after year. (Some of us still

Few who attended the dinner the year Elliott Roosevelt was the speaker have forgotten it. The Settles Hotel ballroom was filled to capacity and then some. I think that was the last time ice cream was served as dessert. Several of the guests caught a ball of the tasty treat down their back. The wonder was that more casualties didn't take place with the chairs back to back and no room for serving . . . but we got through it.

A time to remember was the first really big affair that was set up in the newly built gymnasium at Goliad Junior High. Many may have been as cold at some time or another in their life but no one could possibly have been any colder. If the plan was to let the great number of people in the room cause the place to become warm it missed its mark. After the first 30 minutes in that room, there was no human warmth and especially among those sitting next to the north wall. That was the first year the GEORGE FRANKS were stationed at Webb, and I always felt that evening was the severest test of goodwill they could have been called upon to make. And to their everlasting credit, they stayed right through to the end . . . just like all us homeowners.

As trying as the cold of that year was, it ran on an even keel with the year a vocalist, called upon to entertain with a number, got carried away with himself and sang us all into a state of shock. The speaker had a hard time getting his few words in when his time finally came.

PAUL HARVEY was our speaker one year and brought

Use Worn Shirts For Girl's Slips

Collars and cuffs of men's white dress shirts wear out first. Make good slips from the rest of the shirt for a small daughter. The backs of two such shirts will make a slip that will wear a long time.

Sliver Of Dress Is Figure Flattering

This little sliver of a dress with the upstanding collar is a whiz to make. Skip the sash if you prefer. No. 3402 comes in sizes 10 to 18. Size 12 (bust 34) without the sleeve takes a mere 2 1/4 yards of 44-inch fabric.

Send 40 cents plus 10 cents for first-class mail and special handling. Free pattern is waiting for you. Send 50 cents for our New Fall-Winter Pattern Book, which contains coupon for pattern of your choice.

a good crowd . . . JIMMY GEEN also delighted the diners another time (that was the year the candles fell over into the flowers on the speaker's table.)

A long time ago the menu was more elaborate, sometimes starting with a fluted edged grapefruit half with 'cherry in middle' or a very classy oyster or shrimp cocktail. For a while, a half barbecued or broiled chicken was the meat course. Someone finally got the message that there is no easy way to eat a half chicken and be presentable for the remainder of the evening. This I believe must have been the forerunner of creamed chicken or a la king because we had that for a while. But the dish to destroy me is ham with raisin or pineapple sauce, gourmet delight that it still seems to be or no. For a while, I was sure there was a special vendetta aimed at my profound dislike of the combination. However, I can't complain too much since the menu committees have seemed to level off and now serve beef, in various disguises, or turkey.

We're looking forward to our banquet Wednesday night. It's good for our city to have so many people gathered together for the common good of our community. We always have a number of friends from the surrounding cities, and we like to swap news of our mutual friends with them.

See you Wednesday at the C of C banquet.

By coincidence, MRS. O. R. CROW of Luther received on the 41st anniversary of the death of her mother, Mrs. George Wells, a clipping which told of the burning of the old family home. It was an historic structure, a log building built originally in 1858 by Bill Rieves and which served as the first Hill County jail. Later it passed to John H. Roper and was bought by George Wells, the step-father of Mrs. Crow and VAN OWENS, in 1918. The family lived in it from 1923 to 1929, when Mrs. Wells died. The building was moved from its original location to four miles southeast of Itasca, where it burned. A double murder (Wells first wife and child were killed by a youth they had befriended) occurred outside its walls, and while it served as a jail, there were two lynchings of prisoners it held.

Bride-Elect Honored

Miss Tricia Stater, bride-elect of 2nd Lt. Earl J. Guidry, was complimented with a gift luncheon Wednesday in the home of Mrs. Clyde E. Thomas Jr., 400 Washington Blvd. Cohostesses were Mrs. John Norton Jr., Mrs. Dan Allen and Mrs. John Stull.

The honoree was attired in a black skirt, white long-sleeved blouse and vest with complementary tie. She was presented a pink carnation corsage. Joining her in receiving guests was her mother, Mrs. A. J. Stater. The refreshment table was laid with a lace cloth and centered with a brandy snifter holding an arrangement of pink and rose carnations with greenery. Crystal and silver appointments completed the setting. The couple will marry Feb. 7 at Webb Air Force Base chapel, with the Rev. Leo K. Gee officiating.

Girl Scout Leaders Advised On Annual Cookie Sale Procedure

Girl Scout service unit chairmen and troop cookie coordinators for Association Four,

West Texas Girl Scout Council, met at the Officer's Open Mess, Webb Air Force Base, Thursday for a brunch which preceded cookie sale training.

Antique Washstand Makes Good Table

Try using an old washstand for a bedside table — it combines compact storage space with an attractive antique table, and its marble top, if it has one, will be impervious to spilled coffee, bedtime snacks and water glass rings. There are also beautiful "what-nots" just made to fit into corners, to say nothing of little shelves to hang on the wall, perhaps above the bed. And don't forget the occasional tables and boudoir chairs.

Miss Beth Nowatny of Abilene, executive director for the council, made the introductions, and Miss Arlene Estes, new field director, conducted the training session.

Miss Estes laid out time schedules which each chairman will follow in conducting the annual cookie sale, explaining that the sale is primarily for the purpose of building and maintaining council properties, including Camp Booth Oaks near Sweetwater, which serves Girl Scouts in Big Spring. In addition, the girls earn funds

for their troop treasury, and a small portion is set aside to assist girls and adults who attend national and international events. Miss Estes reminded the group that the girls are "selling Girl Scouts as well as cookies."

The sale will be held locally from Feb. 20-23.

Clean Chrome Gently

Always use soft materials such as a sponge or soft brush when scrubbing chrome. Scouring or scraping with sharp objects exposes the metal underneath to corrosion.

MARRIES — The announcement is being made here of the marriage of Miss Janine Honea to Gaylon Russell Williams on Jan. 15 in the First Baptist Church at Coahoma. The bride is the daughter of Mr. and Mrs. James Honea of Ashville, Ohio, and the late Mrs. Bill Layman. The bridegroom is the son of Mr. and Mrs. R. F. Williams, Route One.

Make Rouge From Lipstick, Cream

NEW YORK — If you want a rouge with staying power and the natural translucent look try mixing your lipstick with pure baby cream. In the palm of your hand mix approximately equal amounts of the lipstick and baby cream.

You'll only need a small amount to blend high on your cheeks, but you may find that you'll want to increase the amount of lipstick in the mixture because some of the color is lost when the cream is rubbed in.

Baby cream was especially developed to have long-staying ability and in this mixture it will serve to soften your skin as it gives you natural cheek color that looks as if you were born with it.

Side Effects Of Pill Scare Women

Side effects appear to be scaring away new "pill" users, according to the Food and Drug Administration. The FDA says fewer women began using oral contraceptives in 1968 than in any other year since their introduction, Health Bulletin reports.

Maxi or Mini-er—Require You Skinnier

You needn't be a shrinking violet to make the Easter scene 10 pounds lighter.

Beauty columnist Mary Sue Miller gives you "Easy Ways to Lose and Look It" in her special five-part series starting Monday on the Women's Page.

Within weeks her magic tips on diet, exercise and posture will shape a sleek new you for the slim cling of spring fashions.

A Lovelier You STARTS MONDAY

Chess Club Will Be Organized

An organizational meeting of the Big Spring Chess Club will be held at 4 p.m., today in the home of Mike Craddock, 1904 Dixie. Everyone interested in chess is invited to attend, or telephone Craddock at 263-4924.

The first order of business will be the establishment of a chess ladder. A chess ladder is an arrangement of players in sequence in order of their skill and strength in playing chess. The purpose of the chess ladder is to permit players of approximately equal strength to compete. Players wishing to improve their game may challenge the player holding the next higher position on the ladder.

Affiliation with the American Chess Federation will also be discussed. The federation is a national organization of chess clubs which gives official recognition to tournaments of local clubs. It also sponsors state and national tournaments.

"Chess originated in Asia about six thousand years ago," said Craddock. "A much-used chess set was uncovered in 1938 on the site of ancient Tepe Gawra in Northern Iraq. The Arabs conquered Persia in the seventh century, learned the game, then introduced it into the European countries they conquered. Benjamin Franklin popularized it in America."

Auto Luau Makes Children Happy

Here's a new kind of fiesta — an auto luau. It's one way to keep children happy on lengthy automobile trips. Carry along a good supply of punch in easy-opening 12-ounce cans, chilled and then packed in an insulated container. Bring along an assortment of flavors — fruit red, orange, pineapple, and grape — and a paper Hawaiian lei to match each color. When children get restless, bring out the punch and matching leis, and let each child wear the lei matching his drink. Plain vanilla cookies go well with punch.

Rainbow Girls Install Officers

Esther Dennis was installed Saturday evening as worthy advisor of the Order of Rainbow for Girls, Big Spring Assembly No. 60. The ritual was held at 8 p.m. in the Masonic Temple, 221 1/2 Main, where guests were registered by Sharon White.

ESTHER DENNIS

Miss Dennis is the daughter of Mr. and Mrs. Burl Dennis, 601 Caylor, and her term is dedicated to Peggy Grant. She chose pink as her color; the carnation as her flower; the dove as her emblem; and her theme is "Doing the Impossible." Given as her scripture was Matthew 17:20.

Following the invocation by Mr. Dennis, the installing officers were introduced by the mother advisor, Mrs. W. B. Grant. The installation was under the direction of Peggy Grant, installing officer; assisted by Ayn McGlothlin, chaplain; Lucretia Drake, marshal; Mrs. Don Williams, recorder; and Mrs. F. C. Gambill, musician.

New officers are Vicki Annen, worthy associate advisor; Sharon Andrews, charity; Gayle Webb, hope; Mary Ellen Hedges, faith; Lucretia Drake, recorder; Phyllis Jones, chaplain; Pam Wheeler, drill treasurer; Ruth Payne, chaplain; Kay Williams, love; Jennie Kohanek, religion; Susan Blasingame, nature; Christi Miller, immortality; Amy Holloway, fidelity; Colleen Permenter, patriotism; Carrie Wheeler, service; Loretta Smith, confidential observer; Paula Jones, outer observer; Brenda Thomas, musician; Mica Robertson, choir director; and Mrs. W. C. Fryar, mother advisor.

Mr. and Mrs. Douglas Hedges presented the Rainbow Bible to their daughter, Mary Ellen, and Mr. and Mrs. Darwin Webb presented the Rainbow gavel to their daughter, Gayle.

The address, "Doing the Impossible," was given by Mrs. Dwayne Haynes. Special music was provided by Mrs. Charles Odom singing "The Impossible Dream," accompanied by Mrs. Jim Ryals. Dianne Sawyer was named "outstanding member" by Mrs. Grant, and Susan Blasingame was presented the "Big Sister" award by Carrie Wheeler. The benediction was pronounced by the Rev. J. W. Farmer.

Serving this term on the paragon committee will be Mary Ellen Hedges, chairman; Dianne Sawyer, Linda Padgett, Debra Hughs, Brenda Thomas, Janell Wright and Debbie Tibbs.

The telephone committee consists of Gayle Webb, chairman; Cindy Stanley, Susan Smith, Paula Jones, Sandra Dickenson, Judy Echternacht, Tonia Carroll, Beverly Pearce and Kay Williams.

A reception was held in the dining area where hostesses were Mrs. Dennis, chairman; Mrs. C. E. Gressett, Mrs. John Affleck and Mrs. J. C. Tibbs. The table was decorated with an arrangement of pink carnations centered with a white dove. A white cake with pink flowers and white doves was inscribed in pink with the worthy advisor's theme. Appointments were crystal and silver.

According to custom, the Rainbow Girls will attend church today at the worthy advisor's choice. Miss Dennis attends the First Assembly of God.

Britishers Hold Party

The British Wives Club held a cheese and wine tasting party Thursday evening in the home of Mrs. T. J. Moran, 8-B Albrook.

The buffet held an assortment of cheeses from all over the world.

Mrs. Donald Thelen presided as plans were made for a Valentine party Feb. 14 in the NCO Open Mess with members' husbands as guests.

Mrs. Lee Harris was introduced as a new member, making a total club membership of 13. Any eligible person interested in joining the club is invited to call Mrs. Robert Bauer at 267-2140.

The next coffee will be held at 1 p.m., Feb. 5 in the Bauer home at 132-A Dow.

Bubble Baths Refresh Milady

The relaxing luxury of a bath has become a necessary part of the beauty routines of most women, young and old alike.

And the perfect way to take a bath is to fill the tub with lots of hot water and lots of bubbles!

An inexpensive and beneficial way to a bubble bath is to take a bar of pure baby soap with hexachlorophene in it and use either one side of a scissor or a knife to scrape the soap and create tiny gentle white flakes. Within minutes you'll have enough flakes to make a tubful of bubbles — and you can use the remaining soap bar for a thorough scrub-down. The hexachlorophene in the soap will discourage any blemishes that could ruin the beauty of your shoulders and back (face too!). It also provides a natural deodorizing effect.

The warmth of the water will relax and soothe tired and tense muscles — and the tranquility that comes from taking a bath will make you feel feminine and refreshed!

Officer Traces History Of Salvation Army

"The Salvation Army had its beginning in London, England, over 100 years ago," said Lt. Joseph Saint, commanding officer of the local corps, when he was guest speaker at Thursday's meeting of TOPS Plate Pushers.

"Commissioner George Scott Realtor began the movement when he landed on the docks at New York over 85 years ago," said Lt. Saint. "The work has spread until it is almost nationwide, and the corps has a membership of approximately 150,000 in this country."

Lt. Saint stressed the Army's work with youth and with family and transient welfare. In conclusion, Lt. Saint said the Salvation Army maintains homes for unwed mothers and alcoholics.

During the meeting in the First Federal Community Room, merit certificates from TOPS Headquarters, Inc., were presented to Mrs. Leon Rankin, Mrs. John Sevey, Mrs. Earl Glazer, Mrs. Ray Olney, Mrs. K. C. Webb and Mrs. Walter Tidwell.

Mrs. Webb presided, and Mrs. Andy McCutchan led the pledge.

The next meeting will be Feb. 5 in the First Federal Community Room.

Hints From Heloise

Dear Heloise: A silver wedding anniversary was coming up for some friends of ours and we were short on money.

As the couple are fond of flowers, we decided to give them a "Sterling silver" rose bush bought from a local garden center at a nominal cost.

It was a sensation! They loved it. Every year now it will present them with beautiful Sterling roses at their anniversary time.

How is that for a pinch of originality and a bushel of love? . . . Mrs. J.R.B.

I think it's absolutely one of the loveliest ideas I ever heard of and one, I'm sure, that many readers will be borrowing! We think you deserve a bushel of love, too, for your thoughtfulness. . . Heloise

Dear Heloise: The handiest little containers

can be made from push-up deodorant holders.

I keep bobby pins in one, cotton tips in another, matches for the bathroom heater in still another. The bottoms can just be pushed up or down, making it easy to pick out whatever I want.

I have used nail polish remover to take off the printing on them and have taped appropriate labels of contents around each. . . Nelda

Dear Heloise: For those students at college

Cover a foam rubber pad for that foot locker and have an extra seat in your dorm room, as well as a storage place for boots, shoes, skates, extra purses, etc.

Girls can add a matching flounce all around. . . V.M.C.

Dear Heloise: You know those stretch bands that are so popular for girls?

Well, don't think they can't be used for boys too — baby boys, that is!

You can either use them as is or split them open (especially for a tiny baby) and put the bands over those cute little caps to keep their ears warm.

This is real good when it's raining or cool, or you take them out at night. . . Mother of Three

LETTER O FLAUGHTER

Dear Heloise: You told us how to plant dried garlic buds and make them grow like endive and use the growth for seasoning. I now have 10 pots growing. . . what do I do with the garlic? . . . Melissa

Dear Heloise: There are many times when those of us who sew wish to bind something in self-material because we do not like, or can't find, the color we need in the regular bias bindings.

I cut bias strips from the material itself about one inch wide, then unthread my sewing

Add Bright Note

Woven chairs in all styles make inexpensive furniture sense. Add a bright cushion or pillow and you've got a good-looking addition to a casual room — like a den or playroom or a teen's room.

machine and put my binder attachment on the machine and run the strips of material through it as if I were sewing. This gives it a perfect fold.

All I have to do then is press it slightly with a cool iron and take it from there. . . Mrs. E. Lyons Sr.

Dear Heloise: We use a rubber-tipped floor squeegee for removing snow from our wooden porch and stairs.

It doesn't damage the wood like a shovel does, and it's faster than a broom. . . Jeanne Koranda, Age 12

(Write Heloise in care of the Big Spring Herald.)

Player And Records Are Given To VA

A record player with a library of the complete New Testament on 15 records and Bible stories on 50 records was recently donated to the VA Hospital library.

Several churches and individuals contributed funds for the purchase of the records and phonograph. Bonnie Hartley, VA Hospital librarian, said that the "talking book machine" will be of great therapeutic value to patients who are unable to read due to their condition.

Now that a phonograph has been provided, additional talking book records can be ordered on loan from American Society for the Blind, thus providing additional "reading" entertainment for patients.

TALKING BOOKS — VA Hospital librarian, Bonnie Hartley, places a talking book record on the phonograph for D. A. McVicker who lives on a ranch west of Lamesa.

New Car License Plates Go On Sale Here Monday

The new 1970 automobile license plates stand, 27,000 strong, in the county tax assessor-collector's office ready to go on sale Monday under a new computerized motor vehicle registration system.

Under the new system, motorists have been mailed vehicle registration renewal applications, which is all they need to re-register their automobile this year.

"The highway department has already mailed renewal slips to everyone who had a car registered last year," Mrs. LeFevre explained, "and every one should have received one by now."

The tax assessor-collector said if for some reason a person has not received a renewal slip, then the same procedure used in past years applies.

"Just bring last year's registration receipt and the title to the car," she said, "there's no problem." She added the same applies to cars which have transferred ownership

since Dec. 1. Registration by mail is another provision of the new computerized system, and Mrs. LeFevre said her office will start mailing out license plates Monday.

"There is a one dollar fee for mailing the plates," she said, "and the deadline for

Recruit Training Change Ordered

SAN DIEGO, Calif. (AP) — The Marine Corps is extending recruit training from eight weeks to nine because fewer men are being rushed to Vietnam, a spokesman said Thursday.

The change ordered in Washington applies to the Marine Recruit Depot at Parris Island, S.C., as well as San Diego, he said. The eight-week training was started in August, 1965. Before that, it was 12 weeks.

registration is a month sooner than the deadline for getting plates here at the courthouse. She said the cutoff date for mailing renewal slips with a request to mail the plates back is Feb. 28, to allow ample time for return mail.

Deadline for picking up new plates at the courthouse is March 31, and the deadline for having them attached to the vehicles is midnight, April 1.

Fees for license plates are \$12.30 for vehicles up to 3,500 pounds; \$22.30 for vehicles from there up to 4,500 pounds; and \$30.30 for those from 4,500 to 6,000 pounds.

"In addition to these fees," Mrs. LeFevre reiterated, "there's a one dollar fee if the plates are mailed, and there's the \$10 fee that goes straight to Austin for personalized plates."

Applications for personalized license plates are still being accepted in Austin, Mrs. LeFevre said, and she explained that persons interested in the special plates should obtain an

application from her and then send it, along with the \$10 fee, directly to Austin.

"The plates are made there," she said, "and when they're finished, they come to me and the person who requested them comes to my office to pick them up and he pays the regular fee for registration to me."

Aluminum Siding Easy To Maintain

COLLEGE STATION — Aluminum siding coated with a flouropolymer finish has been used as an industrial and commercial building material for several years. Now it is available to homeowners. The advantages of this finish on siding are beauty, ease of maintenance, long life and uniform color retention, say Bonny La, Extension housing specialist. It also is resistant to weather impact, staining, smoggy and salty atmospheres and chemicals.

Bolt Damage Ends Webb's FOD Record

Webb's record of 254 days without a foreign object damage (FOD) incident was broken Jan. 19. A bolt which damaged the engine of a T-38 Talon, ended the long string of incident-free days.

According to Capt. Walter Kowalik and M. Sgt. Fritz Strotzman, who are in charge of the program at Webb, this is the longest time the base has ever gone without FOD. The previous record of 150 days was established between September, 1968, and February, 1969. The just-broken string of FOD-less days started in April, 1969, totalling some 10 months.

"It is always hard to see a desirable record effort broken," Capt. Kowalik noted, "Every one engaged in the program — on the line, ramps, and hangars — has worked hard to prevent FOD. It isn't just for the sake of a record, but for the sake of safety."

"And, even though we have broken the string, that record will remain as a target for the days to come. Hopefully we will be able to add another hundred days or more onto the next effort," he said.

Capt. Kowalik serves as monitor for the FOD program from his position in the flight test section of the quality control branch of Maintenance.

Sgt. Strotzman is non-commissioned officer in charge of the flight line support unit and helps to direct the FOD program. Both men make periodic checks of the ramp in the interest of preventing FOD.

"A successful program is conducted only when everyone who works in the area makes it his personal responsibility to stop FOD," the captain concluded. Capt. Kowalik keeps all records for the 13-man FOD committee, which meets the first Monday of each month. Headed by the chief of maintenance, the committee has representatives from safety and from most maintenance and operations units.

Club Meeting

The North Ridge 4-H Club will meet Monday evening at 7:30 p.m. at the home of Glen R. Earhart.

FAST WORKER — Airman Raymond D. Wolff, (right), demonstrates for his trainer, Sgt. Robert C. Vander Zean, the effectiveness of his five-level training Thursday, for a total Wolff, an air operations specialist, completes on-the-job training, at Webb AFB. Airman of 16 days in training. Sgt. Vander Zean and Airman Wolff work at base operations and are assigned to the deputy commander for operations.

A Devotion For Today . . .

Thy will be done in earth, as it is in heaven. (Matthew 6:10)
PRAYER: God, give me the discernment to let Christ be that influence in my life to guide me on to perfection. Save me from the sin of self-sufficiency and selfish living. In Thy name I pray. Amen.
(From the 'Upper Room')

Now's The Time

This has nothing to do with the state of the union, but it does have something to do with how our town will appear this summer.
Now is the prime time of the year to prepare for summer beautification. This is especially true for the planting of permanent items such as trees and shrubs, border plants, etc.
Also, it is time to prune your trees, make them shapelier and healthier, to fortify them against bores and other

pests. It is time to get the thick underbrush cut away from your home or yard, and to clear out beds so they will be ready for flowers or for the early blooming bulbs.
A week or two of weather up in the 80's, as we witnessed the forepart of last week, will bring spring breaking out like popping pop corn. Then it will be too late for best results.

Your Vote Of Faith Needed

Marvin Miller, chairman of the committee seeking to raise a \$180,000 industrial fund, has made a point which needs to be stressed, namely that this is not only open to everyone — it ought to have the participation of everyone.
It is true that it takes some large bites to eat up that much of a goal, but these big bites have been taken generously by various businesses and individuals. Now what remains is for the rank and file of people and of small businesses to express a measure of their faith, too.
One of our neighboring cities went out after industrial fund support at the \$10 level after it had conducted the main campaign. The results were not only amazing, but the response

was so spontaneous and so near universal that the amount of money raised by this means was also imposing.
The main thing, however, is that as many of our people as possible have some share — whatever it is — in this adventure into development and progress. The \$180,000 goal will be met — have no fear — but the more people we have helping on it, the more it will be "our" industrial growth, our town — and not theirs.
How can you help. Simple! Call the Chamber of Commerce and say you want to have a part. Or just mail in a check for whatever amount you can, and say that this is your investment of faith in Big Spring.

Art Buchwald
Black Tigers Available

WASHINGTON — "Hello, this is the Black Tigers' headquarters. Oh, hi there, Mrs. Vanderschmidt. . . What's that? You're giving a cocktail party at your Sutton Place apartment and you'd like to hire two Black Tigers. . . Yes, ma'am. That can be arranged. . . What kind did you have in mind? . . . You want them militant. . . Of course, Mrs. Vanderschmidt, all our Black Tigers are militant. . . Armed or not armed? . . . The difference? . . . Well, if they're armed, there's an extra \$2-an-hour charge. . . Yes, ma'am, they'll be armed. . . Would you like the same two we sent you last week at your after-theater party for Eldridge Cleaver? . . . You didn't like them, huh? . . . Why not, Mrs. Vanderschmidt? . . . They didn't curse at your guests enough. . . I'm surprised to hear that. They are the two most militant Black Tigers we have on our list.

"I'LL SELECT the new Black Tigers personally. The air will be purple with language. . . Thank you, Mrs. Vanderschmidt. . . On the contrary, it's our pleasure to do business with you.
Rinnngggg. . . "Black Tiger headquarters. . . Hello there, Mr. Grace, haven't heard from you in a few months. . . Oh, you've been to Acapulco and now you'd like to get back in the swing of things? . . . Well, we have a new member who could really get your party off the ground. . . Shot three cops. . . and a truant officer in San Francisco. . . That's right. He's out on bail now, and if you want him, you better speak up for him. No telling when his trial will come up.

"BESIDES, I'm not supposed to tell you this, but Mrs. Regina Flanduffer

Billy Graham

I do so want to be a Christian and have tried to reason my way to Christianity. However, I find it very difficult to accept something I can't understand.
V.B.
You are making the mistake of Nicodemus: trying to get into the kingdom of God head first. The Bible says: "With the heart man believeth unto righteousness, and with the mouth confession is made unto salvation."

The will is as important to your entering the kingdom of God as your intellect. As we have heard said, "No man is born into the kingdom of God head first." "Men are not drawn from in front by the mind, they are pushed from behind by the will," to borrow a phrase from Schopenhauer.
You say: "I do so want to be a Christian." This signifies that God has created within you the desire, and that means that the work of Salvation has already begun. The Bible says: "If any man will do his will he shall know of the doctrine, whether it be of God or not." God wants your will. Surrender it to Him. He has said, "Son, give me thine heart," not, "Son, give me thine intellect." You are just a step from the kingdom; a step exactly the length of your will.
The Scripture says: "That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved." Romans 10:9.

'HERE'S HOW TO DO IT, FELLOWS'

Business Mirror
The Week That Was—Not So Good

By JAMES F. HILL
AP Business Writer

NEW YORK (AP) — It was a week when business trends appeared on colliding courses. Prices going up. Profits coming down.

It was a week when a President felt he had to go on television to explain to the people why he didn't want to spend their money.

It was a week when the stock market continued down, zig-zagging toward a bottom yet out of sight.

It was a week in which a neighbor may have been laid off from his job.

It wasn't a good week. Wholesale prices went to a record high on the Labor Department chart, with the index showing that \$10 worth of wholesale items in 1957-59 now cost \$11.59.

During January prices climbed at an annual rate of 8.4 per cent, the fastest since last May.

As these upswings registered on Labor Department barometers, profits of industry showed a weakening.

U.S. Steel revealed a 14 per cent drop in its 1969 earnings. Bethlehem, No. 2 in the industry, dropped 2.5 per cent.

General Motors, the nation's largest industrial firm, said its earnings in 1969 dropped \$21 million from the year before. This was despite record sales around the world.

In general, business sales were increasing. But profits were declining or slowing.

Commerce Department "leading" indicators, based on a broad spectrum of measurable, showed a decline in December for the third consecutive month.

Behind this economic back-

THE SQUEEZE

- Prices and sales go up, but profits going down
• Stock market skids to lowest on industrials in six years
• Yet, wholesale prices at record high, COL at 8.4 rate
• Car makers lay off workers as new models stack up
• President says proposed budget will slow the pressures

drop, trying to pull the strings on inflation, is President Nixon.

Monday night he went on television to explain to the American people his reasons against a \$19.7-billion health, education and welfare appropriations bill that was awaiting his signature.

Spending too much, even on a good cause, can be inflationary, he said.

The President, who was reported planning to propose Monday a 1971 budget with a surplus of more than \$1 billion, vetoed the bill. He sent it back to Congress, where the House Wednesday failed to override his veto.

Then Friday, the President held a news conference in which he said his forthcoming \$200.8 billion budget would be "a major blow in stopping the inflationary psychology." He talked confidently of curbing rising prices.

Nixon said because his budget includes a surplus of \$1.3 billion "the time is coming" when the Federal Reserve could relax its tight money policies somewhat. Nixon said continued severe monetary restraint could cause a recession.

The text of Nixon's Economic Report to Congress was released late in the week. In

the report Nixon projected a growth in the nation's economy of about \$50 billion with less inflation and less "real" growth than in 1969. He also referred to what he called Federal Reserve's "overly long and overly severe" restraint in monetary policies.

Meanwhile, it was a bad week for the stock market with investor pessimism sending the market downward.

Amid news of declining company profits, the Dow Jones average of 30 industrials fell to its lowest level since just after President John F. Kennedy was assassinated in November, 1963.

The Dow blue-chip index lost more than 31 points during the close at 744.06.

General Motors announced upcoming cutbacks at 22 plants in the country, affecting 126,000 workers.

Chrysler announced indefinite layoffs for 2,000 employees at four U.S. plants.

In all, about 10,000 workers at GM and Chrysler plants have been laid off due to growing stockpiles of new cars.

Boeing is in the process of trimming its staff this year by some 18,000 and North American Rockwell is cutting 5,000 from the payroll by April.

Around The Rim
No Home Would Be Without These—

You have to be on the shady side of life if you ever wonder if there can be found in today's homes any of the following, which, in their day, were vital to living or contributory to the niceties of the time:

A bag full of sewing thimbles, and a darning egg used to repair socks. A gold thimble, memory seems to say, made a mighty fine present for the lady of the household—

FOR THAT MATTER, a treadle sewing machine. Or, again, one of those dress forms the ladies made on which to drape the frocks they were fashioning. These stood in the closet or in the attic until time for use—

A hat tree, complete with umbrella holder, which stood in the "front hall"; and also, on a little table, a tray to hold calling cards—

AN "ICE CARD", diamond shaped, with 100, 50, 25 pounds, etc. printed in the corners, and which hung in the kitchen window so that the iceman on his rounds could tell at a glance what size chunk to rip off and carry in with tongs slung over his shoulder—

Even an ice chest, which had a hinged lid for the top compartment which held the ice, and the lower compartment for big crocks of milk—

A COAL SCUTTLE, resting on the fireplace hearth or beside the "base burner"—

A big can of "coal oil", to supply the kitchen stove and whatever lamps there might be in the house. The can's spout could only be closed by jabbing

on it a big potato.

AN EDISON phonograph, with a cabinet of thick cylinder records. Mostly these were of the operatic stars of the time—

Or, fancier yet, an Atwater Kent radio set, with about seven dials to be adjusted to get all the squeals out, and a special plug for headphones—

Perhaps about the same time, a wall telephone, complete with hand crank, through which you were privileged to talk to "central," who not only knew everybody's number, but whether or not the folks were at home—

IN THE YARD, an iron wash kettle; hanging on the side of the wash-house, several No. 2 galvanized tubs (brought into the kitchen on Saturday nights); and a mounted hand clothes-wringer, through which was twisted all the week's wash—

In the bathroom, a razor strap hanging on the wall, on a nearby shelf the elaborately decorated shaving mug, very much like Father's own property—

IN A MAGAZINE rack, copies of the "Youth's Companion" and some very colorful and attractive order catalogs, such as one from Bellas Hess—

And under-the-stairs closet space where was stored all the home-prepared preserves and jellies. Stored there during the summer canning, then available when you crawled in, with candle in hand, to find the right label—

All right, you can think of a lot of others, but just do your own dreaming of a world long gone. —BOB WHIPKEY

Marquis Childs
Wage And Price Controls In View?

WASHINGTON — The political magic that President Nixon can work on television was brilliantly illustrated in his veto of the \$19.7 billion appropriation bill for Health, Education and Welfare. Even his staunchest opponents conceded that it was a masterful performance.

Aside from the skill of the performance — that stroke of the pen with perhaps 30 million Americans looking on — the President had a lot going for him. The heart of the dispute, the \$600 million for aid to districts with schools overcrowded with government and defense workers, is the kind of crutch that should long since have been discarded for a rational over-all plan. The President promises such a plan.

BUT, SO FAR as the spiral of inflation is concerned, the dispute is an empty charade. The President might have signed the bill, since there is nothing in the law that could compel him to spend appropriated money above what he deemed right and reasonable.

Prices are rising steadily and dramatically in the private sector as the President looks the other way. Five days before his dramatic veto United States Steel announced a 4.6 per cent price increase on 16 per cent of all steel products. As invariably happens, Big Steel joined the parade of other producers who are careful to keep in step.

LAST AUGUST steel producers announced a price increase of 4.8 per cent on other products. These are the components going into motorcars, refrigerators, all the goods that are part of the affluent society. The price rise is passed on at once to the consumer.

The auto manufacturers have warned of price increases in 1970, even

though production has dropped six per cent and there is a big inventory of unsold cars. Walter Reuther, head of the United Auto Workers Union, is laying the groundwork for new wage demands when the UAW contract expires in September. This will send the price of autos up again.

HERE IS THE raw fuel of inflation. The price rise for December was .6 per cent nationwide. That chilled the optimism of those who had been saying the rate of increase was slowing. The over-all rise for 1969 was 6.1 per cent, a record since the big bulge of 1951 and the start of the Korean War.

Medical costs are skyrocketing. They increased .7 per cent in December. Food costs are likely to climb in the weeks ahead because of the effect of the severe winter on Florida fruit and vegetable crops.

THE PRESIDENT is aiming for a thin surplus in the budget for the fiscal year 1971. That is the Republican formula for curing inflation and restoring fiscal responsibility.

But, in light of the raw fuel let loose in the economy, budget balancing is a doubtful remedy. It is difficult to believe that it can have the slightest effect in the current calendar year. Even a recession, and increasingly knowledgeable observers are convinced this is the present direction, will not necessarily bring prices down.

THE ONLY visible answer, therefore, is wage and price control or some equivalent form of restraint. In private even some of the Nixon advisers are beginning to say that this may be the only choice left. And the hour is very late. (Copyright, 1970, United Feature Syndicate, Inc.)

David Lawrence
The Major Problem Is Inflation

WASHINGTON — President Nixon made an interesting speech on television, but it is doubtful whether the vast majority of listeners fully understood why he vetoed a 19.7-billion-dollar measure appropriating funds for labor, health, education, welfare, and anti-poverty programs. The President said the bill contained \$1.3 billion more than he had requested.

The public isn't especially familiar with the details of controversies over appropriations for education. It is much more knowledgeable about the increase of \$2,400 a year for the average family since 1960 in the cost of living — including grocery bills, housing, transportation and medical costs.

IT WAS NOT so clear to the listeners how a cut in proposed educational expenditures would affect the cost of living. The President, of course, said that if the rise in the cost of living was to be stopped, the federal budget had to be reduced. But the relationship between the two isn't apparent to the average observer. Certainly there wasn't a single mention in the entire speech of just how inflation would be curtailed.

PRESIDENT NIXON in his speech on the "state of the union" pointed out that in the decade of the '60's the federal government spent \$57 billion more than it took in through taxes. He added that the American people paid the bill for that deficit in price increases "which raised the cost of living for the average family of four by \$200 a month." But government expenditures played an indirect part and were not the only cause. The unrestrained power of labor and management to increase wages and prices without the slightest control by any government commis-

sion is one of the reasons why America today is in the midst of what has often been called "runaway" inflation.

THE PEOPLE want to know something more about how the administration is going to fight inflation than just by cuts in an additional education appropriation. Neither the "state of the union" message nor the President's television address this week has shed any light on the subject. Sooner or later, the President will find himself compelled to make an address to the American people on a single subject — how he intends to curtail the growth of inflation.

ALL THE economic indicators show that business is slowing down. But this apparently isn't stemming the tide of price and wage increases. The Teamsters Union is asking for a 75 per cent rise in wages over three years. Demands for pay hikes are also contemplated in the rubber, meat-packing, construction and railroad industries. The impact of wage changes in one industry is felt in another, and the result is that pressures for new wage scales saturate all industries. Management is left with no choice but to increase prices.

LAST WEEK government reports showed that consumer prices rose in December at the fastest rate since June, and that the increase of 6.1 per cent from December, 1968, to December, 1969, was the largest for any twelve-month period since 1951. Under these circumstances, it seems strange that the government is ostentatiously ignoring what is going on in industry and is unwilling to ask Congress for power to impose wage-and-price controls during one of the most delicate periods in the economic history of the country. To Your Good Health
Poured From The Wrong Bottle

By G. C. THOSTESON, M.D.
Dear Dr. Thosteson: A year and a half ago I was served a drink which in error contained whisky and some form of cleaning fluid which was in a ginger ale bottle. I believe it was caustic soda.

I was in the hospital five days being treated for a stomach burn and taking treatment to prevent scarring of throat and esophagus. After reading your column about liver damage from inhaling cleaning fluid, I have wondered if my experience might lead to cirrhosis of the liver.—D.H.

Your experience was bad enough without adding the worry about your liver. The cleaning fluids I was discussing are those containing hydrocarbons — that is, petroleum products for the most part, such as spot removers, furniture polishes, paint thinners, and that type of thing. Caustic soda, while it causes horrible burns, is not like the hydrocarbons in any sense. The emergency treatment you received at the hospital would minimize further damage.

Dear Dr. Thosteson: After months of pain in my foot under the third and fourth toes I went to an orthopedist who diagnosed it as Morton's neuroma. He said surgery is the only way out. Can you explain this condition, and is there any alternative to

an operation?—N.O.
"Morton's toe" is due to a neuroma — that is, a tumor — of one of the nerves of the foot, and it projects pain into the exact area you describe.

The tumor is usually the result of injury, a fracture of the foot bone, or tight shoes. Surgical removal of the tumor is the usual treatment. A recent release by the American Podiatry Association tells of an appliance to relieve pressure and the use of steroid injections in the area as being beneficial.

Dear Dr. Thosteson: My husband, 29, has mouth ulcers most all the time. Our dentist said it might be of benefit for him to have a smallpox vaccination. Does this mean a regular one or a small booster?—Mrs. J.M.H.

A smallpox "booster" is just the same as the original one. Such chronic mouth ulcers sometimes are stopped by giving a series of smallpox shots. The reason is not known. Sometimes it works if the ulcers are of viral origin, sometimes it doesn't. Allergy must also be considered.

Dear Dr. Thosteson: I have been advised to cut down on salt — not entirely, but not to use the salt shaker and to avoid canned foods with a high salt content. Do you have a list of

items that are high in salt?—J.M.H.
If you had such a list, you would find it too long to get much use out of it. Your best bet is to avoid certain categories of foods, and to read the labels on the rest.

Virtually all processed meats have salt added; sausage, lunch meats, corned beef. Read the labels on such condiments as ketchup, chili sauce, and so on, and you'll find salt in the list of ingredients. The same is true of pickles, relishes, etc.

One way to solve your problem, of course, is to stick pretty much to fresh foods, fresh meat, fruits, vegetables, dairy products. (Sweet or fresh butter is sometimes available — "fresh" meaning that it has not had salt added.)

In canned foods you will find some that make a point of showing on the label that no salt has been added. Frozen foods usually will be without salt, but it doubtless will pay you to check the labels on individual items.

Hemorrhoids can be cured! If troubled with fissures, fistulas, itching, and other rectal problems, write to Dr. Thosteson in care of The Herald requesting a copy of the booklet, "The Real Cure For Hemorrhoids," enclosing a long self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

STUDENTS SEE DOUBLE DUTY — These three HCJC students faced a peculiar problem when they enrolled in college this semester. As mid-term graduates of BSBS, they found they had final tests for high school scheduled same time they had classes scheduled in college. Finishing tests on Jan. 22, they just got under the wire of the late registration offered by the college, Jan. 28. From left to right are Mike Covington, Paula Bauer, and Karrie Bizzell.

BORDEN CO. Borden High Classes Elect Favorites For '70 Annual

GAIL (SC)—The classes of Borden High School held meetings to elect "favorites for the annual." Class favorites were: seniors—Lisa Dennis and Gary Wikerson; juniors—Carol Gray and Jimmy Hodges; sophomores—Mary Anderson and Jimmy Brown; and freshmen—Janice Browne and Steve McMeans.

The student body also elected: Mr. & Miss B.H.S. — Debby Dennis and Jimmy Hodge; All School Favorites — Lisa Dennis and Jimmy Hodge; Most Talented — Bobbie Ludecke and Steve Summers; Most Courteous — Carla Shoemaker and Paul Villanueva; Curtes Smile — Donna Parks and Hubert Sorrells; Most Handsome — Robert Sorrells, runner-up — Tommy Lockhart.

The honors for Mr. & Miss Athlete — Cheron Billeck and Jimmy Hodge; Mr. & Miss School Spirit — Terry Canon and Paul Villanueva; and Most Studious — Charlotte Brown and Mike Toombs. The Band members elected as Band Sweetheart Lisa Dennis.

The annual beauty contest was held Thursday at 7:30. Triva Boyd, last years winner, crowned Debby Dennis as Most Beautiful. First runner-up was Terry Canon, second runner-up Mary Anderson, third runner-up Brenda Jackson, and fourth runner-up was Donna Parks.

The judges were out of town guests, Mr. Glover and Mr. Dryden of Snyder. For entertainment Diane Woodul of Lamesa sang "Gentle on My Mind" and "Harper Valley P.T.A." The theme of the contest was "The Beauty of Winter" in which the stages decor was evergreen trees laden with snow and a background of tall birch trees in snow.

COAHOMA Officers Picked By Rodeo Club

By JAN STOUT

The Rodeo Club met Monday night and elected the following officers: Mike Cathey, president; Jody Nix, vice president; Kay Read, secretary; Linda Foster, treasurer; and Daryle Coates, reporter. Next meeting is in February.

A newsletter from Teen Age Library Association was read to the library club at their last meeting. Mr. Ryann will be presenting the March program. Becky Brady, Linda Read, and Connie Parrish were appointed to the refreshment committee, while Lisa Taylor, Susan Dorn, Sally Echols, and Laura Ward were appointed to a picnic planning committee.

Guy White spoke to the FHA Club members on "How To Use Your Time Sparingly," at their Monday meeting.

At a general assembly Jan. 30, in the auditorium, David Northcut spoke to the students about the youth center. The band "Stick When Wet" played during activity period.

The Bulldogs were host to the Plains Roundballers in a district game, Friday. Both boy and girl teams travel to O'Donnell Tuesday night.

Turned On Social Class Turns Students On And In

CULVER CITY, Calif. (AP) — Room 32 at Culver City High School is different. Candles burn. Incense fills the air. Some students recline in beach chairs. "In" pictures cover the walls.

"I was shocked," said Richard Marracino when he was called as Friday substitute for the regular 12th grade social sciences instructor, Larry Borden.

"But then I was warned Borden had rather an unconventional class.

"I find now," said Marracino, "that I favor the informal atmosphere. The greater part of our learning is done informally, from our friends, acquaintances. I really enjoy seeing the kids 'turned on.' It's not often you see this in school."

What some teachers call "the pad" was created Jan. 9 at student suggestion. Borden had been receptive and administrators were willing to go along.

All In One Shot

SYDNEY (AP) — All on the one day, a Sydney dentist reports, he treated a 90-year-old woman, her doctor son, the doctor's daughter, and her nine-year-old son.

GOLIAD Pep Squadders Selling Eggs

Members of the pep squad have started an Easter sale at Goliad. Bags of candy Easter eggs are being sold for \$1. The proceeds from the sale will go to the rehabilitation center. The goal set for the sale is 200 bags.

The week before Valentines Day the student council will sell valentines which will be delivered during the home room on Friday. Price of the valentines are five cents or ten cents when accompanied by a sucker.

Friday at Highland Shopping Center, students from the history classes of Bernard Rains and Ben Neel viewed the American Showcase, now in its fifth year of touring the nation. The American Heritage exhibit portrays the history of the nation.

The library club met Friday after school to discuss new library rules which will go into effect during advisory periods.

Tuesday evening the Goliad band will play at March Elementary School for the benefit of the Marcy PTA.

New students this week are Keith Cates and Robert Grow, seventh graders; and Joe Watson and Roy Woolverson, eighth graders.

Ping-pong and badminton tournaments are being played during eighth grade advisory periods. Winners of the tournaments will be announced next week.

School will be dismissed Monday afternoon at 2:45, so the faculty may attend a teachers meeting.

MEGAPHONE NEWS FROM THE SCHOOLS Big Spring (Texas) Herald, Sun., Feb. 1, 1970 3-D

HCJC Bonfire Warms Jayhawk Spirit

By PHILIP STEPHENS

Spirit Week, traditional rallying period for students and players each basketball season, makes its 1970 debut on Tuesday, and ends on Saturday night, with a spirit dance in the SUB cafeteria.

A bonfire starts the gala festivities at 6:30, Tuesday on the south side of the little league ball park, HCJC campus. The year's big grudge match ensues following the bonfire, at 7:30 in the Jayhawk gym when the Jayhawks tangle with the Wranglers from Odessa Junior College.

Spirit is always high for this match but added incentive comes from the fact that Odessa has defeated HCJC twice this season, once in conference wars, at Odessa.

Wednesday, at activity period, the annual games between sophomores and freshmen unravel, with a tug of war between the respective classes. Three-legged races and gunny sack races follow.

Friday night, a spirit dance ends the activities. The Sentries Turn, local combo, will perform in the SUB cafeteria from 8 to 12 midnight.

Wednesday marks the return of HCJC Presents to local TV. El Nido, campus paper, will be featured. The show is aired from 12 noon to 12:15 on KWAB-TV, in Big Spring.

A book sale, sponsored by the Creative Writing Club, will be set up in the SUB on March 4. Persons wishing to donate books should contact Mrs. Susan King at HCJC.

Entries can be immediately accepted in the annual writer's contest, also sponsored by the Creative Writing Club. Deadline for accepting entries is March 16.

The contest is to award first prizes in the following categories: Fiction, poetry, essay. Drama is included in the contest.

All material submitted must be original and not previously published, except in local, campus publications.

The writer must be a student enrolled at HCJC.

Each contestant may submit no more than two entries each in the fiction and essay contests and no more than five poems.

Entries must be typed. Entries must be turned to Mrs. King on or before March 16.

Name of the writer should not be on the manuscript submitted. Name of the author and title of the entry should be placed in a sealed envelope and turned in with the entry. Title and category of the entry should appear on the outside of the envelope.

Contest winners will be announced by the officers of the Writers Club.

FORSAN Citizens Of Month Named By Council

By PATSY REED

The Student Council met Tuesday afternoon and elected Darrow Cobb as the outstanding citizen of the month for receiving the all-state football award. They named the Journalism Class composed of: Karen O'dell, Darrow Cobb, Patsy Reed, Marcy Fought, Debbie Hunt, Josie Moreno, Carla Denton, Leo Doyle Whetsel, Wanda Benson, Sherry Key, Rodney Hammack, and Larry Bruns, as citizens of the month also. They met their deadline of Wednesday, when all articles for the next edition of the paper were handed in.

The Queens lost their first district game to Bronite after having 59 straight district wins. They are tied with Garden City for the first place in district. The boys lost their second game to Bronite. Leon Hobbs was high point with 16.

The Junior-Senior classes met Wednesday morning. They are selling raffle tickets at a dime apiece for candleholders. The hand-made holders were made from horseshoes and chains and a set was donated to each class by Mr. Elbert Strickland of Forsan Welding Service.

The Senior Class made plans to wash the school buses on Saturday. The drawing for the candleholders will be held Feb. 5, during the halftime of the game with Garden City. Squads were picked for the bus washing detail. Leaders were Dee Highley, Leon Hobb, Wanda Lopez, and Paty Reed. Each student that does not participate will be fined \$2.

The date of the senior trip had to be changed because of the regional interscholastic meet. The seniors will attend the Junior and Senior Banquet on May 8 and will leave on their trip following the banquet returning the following Wednesday.

The FHA had a meeting during lunch on Wednesday, to have a run-off between two of the candidates for Sweetheart Beau.

SANDS Eighth Graders Lead Friday Morn Assembly

By SHARA DEE HAMBRICK

The eighth grade class presented the assembly program that was held Friday morning during first period. Brad Ingram led the school in the Pledge Allegiance to the Flag. He is the class president. Shelton Castle and Brad Ingram played a duet on their electric guitars entitled "The House of the Rising Sun." Then all the members of the class sang two of Glen Campbell's songs — "Seattle" and "Try a Little Kindness." Mr. Delmer Turner is their sponsor.

Kelly Gaskins, a senior, and Larry Don Shaw, a junior, spoke at a Lion's Club luncheon held at the Settles Hotel Wednesday, on their trips to Washington D.C. They won the right to go to Washington D.C. by winning the Caprock Electric Cooperative Speaking Contest. Kelly won the contest year before last and Larry Don earned it last year.

The Sands Mustangs defeated the Dawson Dragons, 93-54, in a contest that was staged here on Tuesday night. Felix Robles tossed in 21 points for the winners.

In the girl's game the Mustangs were again victorious by 44-28. Shara Dee Hambrick counted 24 points in that one.

The boys faced a crucial test Friday night when they took on the Borden County Coyotes. The Mustangs are 7-0 in district play and the Coyotes are 6-1.

The senior class is selling boosters for the annual. The price is \$1 for each name. Anyone wishing to purchase one should contact a member of the senior class.

RUNNELS BSHS Debaters Visit Runnels

(For Carrie Wheeler)

The Big Spring High School debaters, coached by Miss Sharon Ryan, visited Runnels Wednesday and presented an exhibition debate for the seventh and eighth grade speech classes. The affirmative team, composed of Cathy Thompson and Susan Sulak, debated against Scott McLaughlin and Jeff Talmadge, the negative team. The proposition for debate was "Resolved: That the dress code in Big Spring High School should be revised."

Report cards were handed out to the various classes Wednesday. Student Council members and honor society members are to get their grade sheets turned in to their sponsors this week. Also, any students who are prospective members of the NJHS should have turned in a grade sheet this week.

The Student Council met in the visual aids room Monday. David Long, president, presided. Plans were discussed for the basketball game between the faculty and the eighth grade Yearlings to be played Feb. 13. Admission price will be 15 cents.

The National Junior Honor Society met Tuesday with Mark Allen, president, presiding. Mr. Walter L. Widger, Chief of Social Services at the State Hospital talked with the group on the subject: "Dropouts Today." Mr. Widger has a Masters Degree in Social Work and teaches Sociology at Howard County Junior College.

This week the eighth grade boys and girls have been playing co-educational volleyball in the girls gym.

Girls in Mrs. Conley's morning home economics classes have been learning first aid. Thursday, they prepared trays for invalids.

Mr. Newell, principal, announced Friday that school would dismiss Monday at 2:45 because of departmental faculty meetings at the high school.

Area Students Reap Honors

Tommy Polk, freshman from Big Spring, is among those listed on the honor roll at Hardin-Simmons University for the fall semester.

Wayland Gene Kidd, junior from Lamesa, and Gaye Greene, freshman from Loraine, also made the honor roll. Carlend Hammack, Colorado City, was among those on the dean's list with an all A record.

ALPINE — Jewel Smith Stovall has completed requirements for a Bachelor of Business Administration degree at Sul Ross State University according to Delbert Dyke, vice president of the university. She will receive the degree at the Spring Commencement Exercises.

Mrs. Stovall is majoring in Business. She is from Big Spring.

BSHS CR 70 Opens Tuesday Eve

By KAREN MCGONAGILL

Final preparations for the Entertainment Event of the Year are being made. There are still a few CR 70 tickets available.

Tuesday night will be the opening night of Campus Revue 1970. Special guests from the press media and the State Hospital will be in attendance.

The BSBS Band students are expecting at least 4,000 people for their Campus Revue 1970. The performances open to the public will be Thursday, Friday, and Saturday. Curtain time each evening will be 8 p.m. in the high school auditorium.

All of the band's 225 members have a part in putting on the show. About 175 will appear on stage, while the rest will be helping with sets, make-up, and lighting.

Everyone should make their plans to attend this extra special production of Campus Revue.

Sheila Lewis and Steve Hughes made All-State Band when they tried out in Lubbock, Saturday. The students will travel to Dallas to attend the TMEA Convention on Feb. 11-15.

Also going to the convention are: Becky James, John Bradson, and John Tidwell. These Steer bandmen are members of the All-State Orchestra.

Any person interested in entering a statewide history writing contest should contact Mr. Rodney Allison or Mr. David Rogers. The story should pertain to a person, place, or industry that deals with local history.

Mr. Rogers has been added as a new sponsor for the History Club. This is his first time to teach here and all club members welcome him to the club.

The Choral Department urges all clubs and organizations to enter the All School Sing before the deadline of Feb. 9. An entry fee of \$5 must be submitted with the entry blank by Monday, Feb. 9.

The purpose of the Sing is to encourage singing in BSBS. Since singing is a great unifying experience, the Choral Department feels that the All School Sing is one of their major contributions toward cultivating "spirit" in BSBS.

This year prizes will be given to the winners. A \$50 prize will be given to the club placing tests.

first, \$25 for second place, and \$15 for third place.

A district meet was recently held in Stanton for the FFA. Awards were given to the Senior Conducting Team who won fourth place and the Junior Conducting Team who won first place. A barbecue was held after the meet and the District Sweetheart was chosen. Nelda Harris from Midland won the grand title, and Becky Jenkins, Big Spring, received first runner-up.

The FFA sponsored a trip to Abilene to the stock show Jan. 18-21. Ricky Denson took two lambs that placed in good standing. His cross-bred lamb won 18th place and his finewool lamb won 30th place. Ricky was the only one from Big Spring to show stock.

With Key Day approaching, Feb. 7, members of the Key Club are selling ads to local business men.

Captain Horner was the guest speaker for the Tuesday, Jan. 20 meeting. He spoke to the Key Clubbers about the countries of Australia and Vietnam. He also discussed how to rectify the United States' problems with the latter.

Since the new semester has begun, the computer-math classes taught by Mr. Joseph Dawes have resumed. This semester there are 32 students exploring the intricacies of ECP-18, the BSBS computer. In these first weeks, these students are becoming familiar with the procedures related to computer-math.

There will not be a regular meeting of Future Medics Monday night. Instead the Future Medics are to meet at the nurses office Tuesday after school for a tour of the State Hospital.

There will be an early dismissal from school Monday afternoon at 2:45 p.m. because of In-Service Training for the teachers.

University Interscholastic League Competition was held on Jan. 31, at Andrews, Texas. Four boys from Big Spring High School attended the competition. These boys were Mike Woodridge, Randy Hahn, Randy Hoover, and Steven Aldridge.

Many different types of competition took place including slide rule, number sense, mathematics, science, and other tests.

SCHEDULING PROBLEMS FACE COEDS — These four coeds faced the same problem suffered by the three students pictured above. Cooperative teachers at HCJC helped ease the load caused by their late start this semester. From left to right are Wanda Grissom, Navanda Franklyn, Nancy Richardson, and Leslie Tymniak.

GARDEN CITY Seniors Decide To Tour Texas

By BEVERLY HARTLEY

A grand tour of Texas is in the offing for the Garden City senior class for their senior trip as a result of a revote taken. After much detailed discussion the class decided to change their destination from New Orleans, to a tour of Texas.

The class is still raising money toward the trip and plan to have a turkey shoot in St. Lawrence in February and plan to prepare and serve a Bar-B-Q in St. Lawrence later this year.

Late afternoon marked the arrival time of the junior and senior classes from the Career Day activities at Angelo State University.

Wednesday, the junior class discussed the Junior-Senior banquet or prom to be given later this year in honor of the senior class. The class has not made up their minds whether to have a banquet, prom, or both, either of which to be held in Big Spring.

'Bonnie And Clyde' Billed With 'Bullitt'

Two of the screen's most exciting offerings now appear for the first time on a double-bill. They are "Bullitt" and "Bonnie and Clyde" which open Wednesday at the Jet Theatre.

"Bullitt," the taut suspense drama, stars Steve McQueen as the unusual Detective Bullitt and co-stars Jacqueline Bisset, Robert Vaughn, Don Gordon, Robert Duvall, Simon Oakland and Norman Fell.

"Bonnie and Clyde," a dynamic story of a daring group of robbers in the Depression-ridden Southwest in the 1930's, stars Warren Beatty and Faye Dunaway as the title characters. Other cast members include Michael J. Pollard, Estelle Evans (who won an Academy Award for her portrayal), Gene Hackman and Denver Pyle.

"Bonnie and Clyde" is the explosive folk saga of the Clyde Barrow gang which roamed the Southwest. The film unit spent 10 weeks in northeast Texas,

in and around a series of small towns near Dallas which had been visited by the Barrow gang for their raids on banks, grocery stores and gasoline stations. The small communities had remained almost unchanged since the early 1930's.

In Texas, the area is still called "Clyde Barrow Country." Three of the actual banks held up — in Pilot Point, Red Oak and Venus — are standing today. All closed during the Depression, then re-opened for "business" as the movie cast went about looting them anew.

"Bullitt," on the other hand, takes place in present-day San Francisco. The well-known thrilling car chase through the hilly streets of that Western city is one of the highlights of the film. Star Steve McQueen actually drove the car himself in the harrowing sequence.

Both films are equally well regarded for their hard-hitting realism and intricate screen characterizations.

PATRIOTISM PLUS — Ricky Mitchell (left to right, standing), Dianna Williams and Wesley Cook, and Keith Gum (standing) are part of the cast from the patriotic sequence of CR 7*0 Feb. 5-7 in the high school auditorium. Tickets can be purchased by calling 267-7463, extension 7*0. Admission is \$1.50, \$3 and \$5, and all seats are reserved.

'FUNNY GIRL' STARTS WEDNESDAY
 ... Omar Sharif, Barbra Streisand

BEST ACTRESS OF 1969 'Funny Girl' Starts At Cinema

Just a few short years ago, Barbra Streisand was an ambitious young woman in a fever to become an actress, who daily "made the rounds" on Broadway.

Meeting only callous rebuffs from casting agents oblivious to her talent, Barbra "gave up" the theatre. She determined "they" would come to her; she would make it on her own.

Now America's leading female singer and a major star of Broadway and television, Miss Streisand marked her motion picture debut by winning the Academy Award as Best Actress of the Year.

She stars with Omar Sharif in the film version of her Broadway hit, "Funny Girl," the William Wyler-Ray Stark production, a Columbia Pictures presentation in Technicolor and Panavision.

"Funny Girl" starts Wednesday at the Cinema Theatre.

Barbra's undeniable talent as a performer originally surfaced in a Greenwich Village nightclub when she won an amateur talent contest which led to a nearby night club booking, the Bon Soir.

Barbra sang her heart out there and, within days, hitherto indifferent agents and producers were dropping in to hear this remarkable young Brooklyn girl.

Barbra's first stage appearance was in an off-Broadway revue. It lasted exactly one evening, but it was followed by night spot bookings and the role of Miss Marmelstein, in the musical comedy, "I Can Get It For You Wholesale." Her performance won Barbra the Best Supporting Actress award from the New York Drama Critics, and a Tony nomination.

Barbra's albums for Columbia Records invariably became Gold Albums and her specials on the CBA-TV Network became show business legends.

She repeated her spectacular "Funny Girl" success on Broadway in London and, now, she is proving to the world, in the screen version of "Funny Girl," that she is truly a star. By Barbra's definition, "being a star is being a movie star."

Miss Streisand will be soon in "The Owl and the Pussycat," a romantic comedy produced by Ray Stark, producer of "Funny Girl."

Brigitte Bardot Film At R70

Brigitte Bardot, who swept to overnight international stardom as France's famed sex symbol and has continued to carry that banner across the cinema marquees of the world, appears in one of her most provocative roles as the voluptuous lady gambler in Edgar Allan Poe's "Spirits of the Dead," which begins Wednesday at the R70 Theatre.

'M' Rating Confusion Causes Category Change

HOLLYWOOD (AP) — After 15 months of what the film industry calls "gratifying success," its voluntary program of rating movies is being modified.

Jack Valenti, president of the Motion Picture Association of America, said Tuesday one change was made because a survey had shown considerable confusion over the "M" rating — which meant a film was recommended for mature audiences only.

So that category is being dropped in favor of "GP." This means all ages may view the movie but that parental guidance or discretion is advised.

The other change raises the age limit for viewing films rated "R"—restricted category—without an accompanying parent or legal guardian from 16 to 17.

Both changes are effective March 1.

Observers said the boost in the age limit may represent an attempt to broaden the "R" rating to include racy but serious films heretofore relegated to the "X" category for adults only.

Valenti has said he originally intended the X to be a "Leper colony" for films of no artistic quality. But it hasn't worked out that way.

Two of the most successful and critically acclaimed films of 1969—"Midnight Cowboy" and "Medium Cool"—ended up in the X class.

Here is the new set of standards:

G—All ages admitted.
 GP—All ages admitted, but parental discretion recommended.
 R—Anyone under 17 must be accompanied by a parent or legal guardian.
 X—No one under 18 admitted.

A survey conducted by the National Association of Theater Owners showed that 9 out of 10 theaters queried used the ratings in their advertising.

Valenti was joined in his announcement by Eugene Picker, president of the theater owners group, and Munio Podhorzer, a member of the governing board of the International Film Importers and Distributors of America.

THE ARTS

London Play Stars Betty Lynn Buckley

BETTY LYNN BUCKLEY, the daughter of Mr. and Mrs. Ernest Buckley, Fort Worth, is starring in the London production of David Merrick's "Promises, Promises."

Mrs. Buckley is the former Miss Betty Bob Diltz, who worked for The Herald some years ago. Buckley was stationed here during World War II at the Big Spring Bombardier School. He is now an engineer and teaches at Texas Christian University. Mrs. Buckley works for the Fort Worth Press.

Miss Buckley started her career in the "Campus Revue" at Six Flags Over Texas in Arlington.

Producer-Director David Blackburn calls the park a "show business springboard," and has announced auditions for Six Flags Over Texas and Six Flags Over Georgia beginning at 10 a.m. Feb. 14 in the Explorer's Hall of the Cibola Inn, Arlington.

"We're looking for the best young talent the nation has to offer," he said. Of the 3,000 to 4,000 youngsters auditioned during the tour, more than 300 are expected to receive offers to appear in shows at the Texas park.

the barrel spin each hour. Passengers enter the inside of the barrel, which is 12½ feet high and eight feet in diameter, and stand with their backs to the side of the barrel. As the barrel spins and reaches its top speed, passengers are held against the side by centrifical force. Then the bottom drops out, leaving the passengers' feet several feet above the floor.

TWO LITTLE THEATRE of Big Spring veterans have been chosen for the male leads in "Barefoot in the Park," to be presented Feb. 26-28 and March 4-6.

Gary McCrummen, last seen in the lead role of "A Thousand Clowns," will play the part of a young, ambitious attorney who is thoroughly bamboozled by his kooky young wife. Al Scott, well known locally for his Mark Twain impersonations, will assume the role of the Bohemian Mr. Velasco, the nutty neighbor who uses the newly-wed's apartment to gain access to his own.

MEN IN SERVICE

STANLEY R. HESS

U.S. Air Force Maj. Stanley R. Hess, son of Mrs. Ralph Hess of Verden, Okla., has been decorated with his third through 13th awards of the Air Medal for air action in Southeast Asia. He was presented the medal at Sheppard AFB, Tex., where he is an instructor. He is a 1953 graduate of Verden High School and received a BS degree from Oklahoma State University. His wife, Belva, is the daughter of Mr. and Mrs. Bob Wren, 700 E. 14th St., Big Spring.

J. N. DEL BOSQUE

Marine Pfc. J. N. Del Bosque, son of Mr. and Mrs. Norberto Del Bosque and husband of the former Miss Mary J. Ovalle, 1308 Mesquite St., all of Big Spring, has completed two weeks training at the Combined Action Program School, Third Marine Amphibious Force, in Vietnam.

Juvenile Officer Counsels Youths

Juvenile Officer Keith Jones counseled with seven teenage boys and two teen girls during the week, three were runaways from other states.

Five boys were referred to Jones from the police department, three for minor in possession, one for shoplifting, and one for bicycle theft. Jones also had a girl referred for shoplifting.

One runaway boy was from Philadelphia and a boy and girl had run away from Columbus, Ohio. The runaways were returned home and the other youngsters were counseled and released.

Firemen Will Elect Officers

Officers for a volunteer fire department for the south part of the county will be elected Monday night, and a site for the station will be selected.

Bill Kuykendall, president of the Forsan Service Club, said his club is sponsoring the organizational efforts. That area includes the Silver Heels section, old San Angelo highway area and Lockhart addition and the Elbow vicinity.

A seven-man committee was named Jan. 15 to investigate possible sites for the station, and these recommendations will be heard at the organizational meeting Monday.

The county fire truck, damaged when operated by the City of Big Spring while making a fire call, will be repaired and used at the new station. Commissioner Bill Crooker has told the residents.

Commissioners Monday began investigating the possibility of getting a new tank for the truck, but no action has been taken toward purchase of the tank.

All interested residents in the area are encouraged to take part in the volunteer department, Kuykendall said.

Frazier Directs Training Center

Jim Frazier, son of Mr. and Mrs. James Bruce Frazier, has been appointed the new director of the Grand Prairie Training Center for Retarded Children. The center is operating at capacity with 20 children enrolled and a staff of four.

Frazier is a graduate of Big Spring High School, Howard County Junior College, and holds a BS degree in psychology from North Texas University.

Texas Farm Bureau Grows To 116,000 Since 1920

The first Texas Farm Bureau was organized in the summer of 1920, growing rapidly. Within the first year, it established a cotton marketing cooperative, and soon a number of other marketing cooperatives were set up.

In 1924, the organization's by-laws were amended to permit the marketing cooperative to pay members' dues, and all members of the Farm Bureau cooperatives automatically became members of the Farm Bureau. As the cooperatives either failed or became separated from the parent organization, Farm Bureau's membership dwindled. By 1932, the first Farm Bureau in Texas had ceased operation.

With the increasing interest in agricultural legislation during the first years of the New Deal came renewed efforts to organize Texas farmers and ranchers. The Texas Agricultural Association was chartered in 1934. Two years later it became affiliated with the American Farm Bureau Federation, and still later changed its name to Texas Farm Bureau.

H. G. Lucas, Brownwood, served as president of the newly-organized TAA. He was succeeded by C. H. Day, Plainview; J. Walter Hammond, Tye, was elected president in 1939, followed in 1957 by J. H. West, Bishop; in 1962 by C. H. Devaney, Coahoma, who served until November, 1967. Sidney Dean, Victoria, is current president.

The fledgling organization never had more than a few thousand members during the 1930s although dues were only \$2 a year.

By 1945, there were some 7,000 members in the Farm Bureau in Texas, and during the next five years, it grew to more than 50,000 members as scores of new counties were organized. Dues averaged about \$5 per year, and were increased to an average of \$10 per member in 1950. The organization has grown each year since 1952.

The Texas Farm Bureau has accomplished much in state legislation in the past three decades. Among its accomplishments are animal health laws, farm-to-market road system, egg grading law, tractor gas refund, exemption from sales tax on farm machinery, funds for agricultural research and education, improved feed, seed and insecticide laws.

The Texas Farm Bureau initiated its first service-to-member program in 1944 when it entered into an agreement with Blue Cross-Blue Shield of Texas for a pre-paid hospital and surgical program. In 1946, the TFB joined with other states to found the Southern Farm Bureau Life Insurance Co. The Southern Farm Bureau Casualty Insurance Co. was established in 1947 in association with other southern state Farm Bureaus. In 1950, the TFB set up its own TFB Insurance Co., offering fire and extended coverage. The company, which was converted into a mutual company in 1958, later began writing crop-hail insurance for members.

In the early 1960s, the TFB expanded its services to include promotion and development of export markets in Europe for Texas commodities. The organization also operates a marketing program for spent hens.

The latest economic service program, instituted in 1965, involves sale of Farm Bureau's own tires and batteries to members through independent dealers. More than 180 Texas counties are now participating in this service program.

The Texas Farm Bureau today has 116,622 members in 203 organized counties. About 170 counties have their own offices.

The Texas Farm Bureau board of directors is composed of 13 directors, one from each of the 13 districts in the state. Present officers are: Dean, Victoria, president; M. F. Frost, McAllen, vice president; and H. L. King, Brownfield, secretary-treasurer.

Members of the board include Bill Reid, Lamesa, of District 6.

There are more than 370 employees of the Texas Farm Bureau and its affiliated insurance services. Of these, some 270 are in the state headquarters located at 401 Franklin Ave., Waco.
