

## LIGHTS OUT Strip Strike Stops Showgirls

LAS VEGAS, Nev. (AP) — Cooks and bartenders struck luxury hotels and casinos that line the Las Vegas Strip today and the first pickets hit Howard Hughes' Desert Inn, where the billionaire industrialist lives in seclusion.

Two big hotels, Caesars Palace and millionaire Kirk Kerkorian's International Hotel, said they had asked their guests to leave because the hotels couldn't provide normal services.

The glittering neon lights at Caesars Palace flickered off and managers there and at the International said their floor shows had been cancelled. Showgirls and musicians declared they would not cross picket lines thrown up by the 14,000-member striking culinary workers union and bartenders union, which struck at midnight Tuesday.

The strike for higher wages was billed as the first full-scale work stoppage to hit the famed three-mile-long luxurious array of side by side casinos and hotels known as "The Strip."

Downtown hotels and casinos, several miles away were unaffected. Their union contracts expire later in the year.

Shows closed by the strike included Gene Kelly and his "Wonderful World of Girls" at the International and comedian Jerry Lewis at Caesars.

### Yep, You're Right!

This item, in its entirety, was listed as the 4:35 p.m. entry on the Tuesday police activity report. "Fred Davis, KBYG, advised a horse in city park. Officers (Fred) Parsons advised that it was a horse. Owner notified, no other action taken."

## GUNMEN SKYJACK AIRCRAFTER, 78

CARTAGENA, Columbia (AP) — A Colombian airliner with 78 persons aboard was hijacked today by four gunmen trying to reach Cuba, the Avianca airline announced.

The Boeing 727 was seized while on a flight from Bogota to Barranquilla. It was diverted to Cartagena on the Caribbean coast west of Barranquilla for refueling.

After taking on fuel, the plane departed for Cuba. The plane carried 71 passengers and a crew of seven.

### Funds Asked For Webb

A federal construction authorization bill for the federal fiscal year 1971 which has been requested of Congress by the Defense Department includes an item of \$349,000 for improvements at Webb AFB.

Webb AFB officials said this morning the request includes \$251,000 for a non-destructive inspection shop x-ray, for checking aircraft parts, to be housed in a 5,934 square foot building. The remaining \$98,000 would provide a navigational aid facility — VORTAC, to replace the present TACAN.

Congress must act on the authorization, and then both houses must approve final appropriations for such projects.

## Shotgun Blast Kills Cute Girl

DALLAS (AP) — Police questioned an 18-year-old youth today in connection with what he called the accidental shooting of a pretty 16-year-old girl. Police said Linda Lawson died from a single shotgun blast in the forehead.

Officers said the girl was shot while she and several teenage friends sat talking in an apartment around midnight Tuesday.

The youth questioned said he was moving the shotgun from one room to another and it fired as he turned to enter a bedroom.

## 'Kill' Sought

WASHINGTON (AP) — The nation's largest railway passenger carrier has asked the Interstate Commerce Commission to approve discontinuance of 34 east-west, long distance passenger trains by April 15.

The request by Penn Central Co. would be the largest such discontinuance in history and would leave New York City without long distance train service on a westerly route.

Chicago would be left without long distance service to the East with the exception of the Baltimore & Ohio's Capital Limited which travels to Washington, D.C.

Penn Central said Tuesday in a petition to the ICC that the action is essential if the railroad is to eliminate huge deficits. It said a \$104.8 million loss in 1969 passenger operations left it with an over-all \$56.3 million deficit last year.

## Jetliner Hijacked To Cuba

ATLANTA, Ga. (AP) — A hijacked United Air Lines jetliner landed here today, swiftly took on fuel and then left for a two-hour flight to Cuba.

The plane, a Boeing 727 with 99 passengers and a crew of seven, landed shortly after 10 a.m., and took off half an hour later.

The Federal Aviation Administration said the plane, Flight 361 from Cleveland, Ohio, had been given clearance to Havana. It had been commandeered near Pittsburgh.

The pilot, Capt. P. E. Gallant, radioed before landing that the hijacker was holding a pistol on him and other crewmen, and that he had told them that only persons refueling the plane would be permitted near the aircraft.

The plane taxied to the end of a runway, approximately half a mile from the Atlanta Airport terminal building, and a fuel truck was driven out to it.

Airport police and FBI agents held spectators, newsmen and others at the terminal building.

Other planes took off and landed, using another runway.

The plane landed at 10:05 a.m., and took off for Havana at 10:35 a.m. K. F. Price, a line maintenance manager for United, was in charge of the two-man refueling operation.

He said things went normally at first but then the hijacker became excited and Gallant asked that they speed up the refueling. Price said the tone of the crew soon became urgent, that they wanted to get through with the refueling and get off the ground.

Price said that Gallant told him they had trouble starting one of the engines in Cleveland, and were afraid they may have similar trouble here. But all the engines started with no problem.

Flight 361 was bound for Palm Beach, Fla., with stops in Atlanta and Tampa, Fla.

Of the 99 passengers aboard, United said 89 of them were due to get off the aircraft at Atlanta. They were forced to fly to Havana.

## He's Been Good Guy For 23 Years

HARLINGEN, Tex. (AP) — Guadalupe Riveria Rodriguez, 49, who allegedly escaped from prison 23 years ago was recaptured Tuesday and placed in the Hidalgo County jail.

Enforcement officers said he led a crime free life since his escape in 1947. According to reports neither his wife nor his five children knew anything about his past crime.

In January, Rodriguez was picked up on a charge of driving while intoxicated. He paid a fine in court and was placed on a year's probation. A copy of his fingerprints, sent to Austin came back with a report that he had escaped from the state prison in Huntsville in 1947.

Rodriguez made no comment about the charges which caused him to be jailed originally. He is currently awaiting transport to the Texas Department of Corrections.

## Mobile Homes Are Going On Tax Rolls This Year

"We're going to tax mobile homes, and we're going to tax them this year," Tax Appraiser E. O. Dean said this morning, but said he did not know how much money this will add to county, city and school tax rolls.

"The mechanics have not yet been figured out," Dean said. "Mobile homes are taxable property, unless owned by military personnel."

Dean said difficulty in appraising the homes can be expected because of the furnishings. "We don't tax furniture in homes so we can't tax them in mobile homes," he said. Mobile homes will also be split between the real property rolls and the personal property rolls, he said. Mobile home owners, who also own their lots, will have to pay tax on real property, while mobile home owners who rent lots will have to pay the tax as personal property. Dean said, however, there is no difference in the

# Big Spring Snow Falls, Storms Roam In Texas

## Travel Warnings In South Plains

By The Associated Press

Hazardous driving warnings spread over wide areas of the Texas Panhandle, South Plains and far West today as a massive winter front dumped snow and ice at Amarillo, Midland and Lubbock.

The Texas Highway Department said dangerous conditions would exist on all highways throughout the night as the cold air and precipitation moved east.

Temperatures were below freezing and visibility was restricted due to the snowfall.

The Weather Bureau said as much as three inches of snow is expected in northern and western areas of the Panhandle and South Plains, spreading to the Midland-Odessa section, with thunderstorms and rain likely to move into North Central and Northeast Texas.

More than 30 minor accidents were reported in Amarillo because of snow and ice-glazed streets and highways.

One accident involved approximately 15 vehicles in a pile-up just off Interstate 40 within the city. Several persons suffered minor injuries.

Between one and two inches of snow cover the ground at Amarillo. The temperature before dawn dipped to 26 degrees.

All highways were reported slick and hazardous in Lubbock also.

In adjoining New Mexico, heavy snow warnings remained in effect for elevations above 7,000 feet and travelers' warnings were in effect for lower elevations in northern and eastern New Mexico.

Slick roadways were blamed for the death of Donald Edward Wright, 21, of the Kingsville Naval Air Station in a crash at Corpus Christi, and for the death of James Denson, 31, of Dallas in a Dallas crash. Turbulence died down, meanwhile in the Lower Rio Grande

Valley, where special warnings against severe thunderstorms were issued and hail peppered down during the night around Brownsville, Harlingen, McAllen and San Benito.

The weather turned unruly through the coastal plains and extreme South Texas as the latest cold front surged offshore into the Gulf of Mexico.

As much as 2.18 inches of rain drenched Victoria, most of it falling within an hour, and 2.05 fell at Palacios.

There also were scattered thunderstorms mixed with showers across North Central and East Texas, and another area of showers developed around El Paso in far West Texas after midnight.

Official observers said the snow developed more slowly than expected in the South Plains, but accumulations up to two inches were likely in an area north and west of Lubbock, and possibly as much along the west edge of the Panhandle.

"Traveling will become more hazardous as the day goes on," the Weather Bureau said in a special advisory.

Forecasts called for scattered light snow to continue into tonight across parts of the Panhandle. Occasional thunderstorms were expected to last into Thursday in Northeast Texas, and light rain was promised other sections.

Top temperatures Tuesday reached only 28 degrees at Amarillo, 30 at Dalhart and 32 at Childress and Lubbock. At the same time McAllen, in the Lower Rio Grande Valley and still ahead of the cold front, recorded an 82.

Readings early today slipped down to 25 at Dalhart, 26 at Dumas, 27 at Amarillo, 29 at Lubbock and 31 at Big Spring, Childress and Midland. At the same hour it was 59 at Galveston and 62 at Brownsville.

THROUGH RAIN, SLEET, SNOW—Postman Myles Enelov had to live up to the post office's motto this morning, wading through the slush and snow. The Big Spring Experiment Station had measured .05 of melted snow at noon.

## Courthouse Bombed, Rap Brown Missing

CAMBRIDGE, Md. (AP) — A powerful explosion attributed by authorities to a time bomb tore a huge hole in the Dorchester County Courthouse early today.

A state official who declined to be named said he thought the blast was "directly connected" with a car explosion Monday night which killed two Negroes near Bel Air, Md.

The car blew up a few hours after the opening of the trial in Bel Air of black militant H. Rap Brown on charges arising from racial disturbances here in 1967.

The courthouse explosion ripped a hole 30 feet across in the front of the two-story 118-year-old building. There were no injuries.

Sheriff Ira Johnson, who said the device had been placed in a women's rest room on the second floor, asked for an Army demolition team from Ft. Meade, Md., to investigate.

He said the building was locked Tuesday afternoon when county offices closed and that the explosive apparently was planted in the rest room before then.

Johnson added that a policeman had made a routine check of the building's locked doors

minutes before the explosive charge went off.

The state official who requested anonymity expressed the view, without elaboration, that the courthouse explosion was "retaliation" for the two deaths in the Bel Air car blast.

One of the dead was Ralph Featherstone, 31, a friend of Brown and his associate in civil rights campaigns. The second man was unidentified.

John Lewis, former chairman of the Student Nonviolent Coordinating Committee, said in Atlanta that he understood Featherstone was accompanied by William Payne.

He said Payne had worked for SNCC in Alabama and Mississippi in 1964-66. A card from the Citizens Trust Co. of Atlanta containing the name of William H. Payne and a certificate of Navy service for William Herman Payne were found in the wreckage of the car at Bel Air.

Payne's mother in Cincinnati said she last heard from him Jan. 25 and believed he was teaching in Atlanta. She said he had worked in a Cincinnati bank and entered the Navy in 1963.

Col. Thomas Smith of the state police said it was believed the explosive which killed them was "being transported in the car" by the victims, but authorities did not rule out the possibility that a bomb had been planted in the automobile.

A source close to the investigation who declined to be identified released a type-written note he said was found on Featherstone's body. The note, containing some misspellings, said:

"To America

"I'm playing head-up mudder. And I'm playing for keeps cause when the deal goes down I'm gon be standing in your chest screaming like Tarzan, and the looser pays the cut. Dynamite is my response to your justice. Guns and bullets are my answers to your killers and oppressors and victory is my sermon in your death. For my people I'll chase you into the pit of hell with both barrels smoking and may the best man win and God bless the loser.

"Power than peace."

The author of the note and its origin were not known, the source said.

The whereabouts of the 25-year-old Brown remained a mystery. His presence had not been required at the Monday opening of his trial on charges of arson and inciting to riot.

William M. Kunstler, Brown's attorney, obtained a postponement of further proceedings to next Monday after telling the court Tuesday the car blast "can't help but affect the trial."

The trial was sent to Bel Air, 70 miles from Cambridge, on a change of venue after authorities expressed fear of new disturbances if it took place in Cambridge, where two blocks of buildings were burned in the 1967 disorder.

In Cambridge State's Atty. William B. Yates, the trial prosecutor, said when told of the courthouse explosion it was "odd and peculiar that there's two of them," but that it was "too early to speculate on their connection."

## Please Give Us A Call

Do you manufacture something? The Herald would like to know about it.

The Herald is preparing a survey of industry, large and small, in Howard County, and we need the help of everyone operating in their field. The larger ones we know about, but there are many small industries which could be overlooked. In some instances, these may well be a one-man operation, a husband and wife team, or a small enterprise employing only a few. But we want to know about it in order to have a complete list.

If you engage in a business which manufactures (changes the form of something), please give us a call.

## Nixon's Anti-Inflation Plan Called 'Blunderbuss'

WASHINGTON (AP) — The AFL-CIO's top economist said today President Nixon's stringent anti-inflation policy is a "blunderbuss" that could shoot down the big gains in employment and earnings won by millions of workers in the booming 1960s.

Nathaniel Goldfinger told the Joint Economic Committee of Congress the highest interest rates in a century under Nixon's policies are raising costs and prices and defeating the President's effort to curb the nation's worst inflation in 20 years.

Citing the nation's big growth in jobs and income in the 1960s, Goldfinger said: "By early 1970 these gains were being reversed, with increasing layoffs and cutbacks in working hours in many industries and occupations."

Goldfinger said in prepared remarks that Nixon's policies of tight money, high interest, and sharp federal spending cuts threaten most of the recent job and wage gains of many Negroes and other minority group workers.

He urged the White House to ease up on its policies to provide

billions in federal money to solve a growing housing crisis, and to toughen economic restraints on big business expansion which he said was the prime cause of the nation's inflation.

"The present inflation is largely a profit inflation," he said in urging repeal of the 7 per cent federal business investment tax credit.

"The administration's policy of severe economic restraint has unfairly selected economic sectors and groups that are being compelled to shoulder most of the burden—home-building, smaller businesses, states and local governments and blue-collar workers, particularly those who are most vulnerable to unemployment, with the least skill, education and work experience," he said.

"The administration's blunderbuss policy can finally affect the activities of the big corporations by depressing the income of workers, farmers and smaller businesses that the sales and profits of the big corporations are finally affected," Goldfinger said.

**DEAR ABBY:** Although I am not quite 16, I am very mature for my age. (I have been mistaken for 21 many times.) I am in love with a 25-year-old guy, but I have to see him behind my parents' back because they hate him without even knowing him.

You see, he was married to a no good tramp and had two children with her, and his divorce is not yet final, and my folks don't want me going with a guy who has that kind of background. Abby, you've got to believe me. He is really a wonderful guy. That messed up marriage was HER fault, not his.

Please tell me how I can get my parents to just MEET him and judge him for what he is.

**DEAR IN LOVE:** Assuming the man is blameless, I am wondering what kind of "wonderful" 25-year-old guy, not yet divorced, would knowingly see a "not quite 16-year-old girl" behind her parents' back. I would have to say that he must be something less than wonderful. Listen to your parents.

**DEAR ABBY:** My husband and I became friendly with some new neighbors about our age and we like them a lot. We have children the ages of their children.

The only problem is that they will call us and say, "Why don't you feed your kids early and we'll do the same with ours, and then come over and have supper with us."

We have four kids, and they have three. They always manage to get rid of theirs, but we don't like to get rid of ours. We prefer being invited out as a family. Our children are not monsters. Abby, and we enjoy family type parties — kids and all.

Do you think it is right of this couple to want only US and not our kids? When we invite them, we always include their children, but they say "We've had enough of kids all day. Let's make this an ADULT party." What is your opinion?

**DEAR LIKES:** My opinion is that you had better find friends of \$7.50.

**In Abilene Jail**

ABILENE, Tex. (AP)—Joe Alcala Florez, 22, long wanted by law enforcement officials here was arrested last week by two city policemen.

Among charges against Flores are two of assault to murder and one of assault with a prohibited weapon. He was held on bond that he had better find friends of \$7.50.

 4 ♥ Pass 6 ♠ Pass  
 Pass Pass

Opening lead: Ten of ♠  
 West opened the ten of hearts against South's six heart contract, and tho it was not a very enterprising lead, it must be conceded that he had a rather unattractive holding with which to launch an attack.

There were finesse galore in this hand. Declarer would be subjected to a guess or two as to which finesses to fall back on, but he selected a line of play which he considered gave him the best chance.

He drew the remaining trumps and, inasmuch as a club trick had to be lost, at all events, it was clear that he had to finesse the jack in dummy. This play depended

upon the club honors being split. (If West held them both, so much the better.) However, it was a little more complicated than that for, after losing the first of the club finesses, declarer would surely have to contend with a spade return by East. What then should he do? Take the spade finesse? Go up with the ace of spades and take the diamond finesse for the purpose of disposing of the queen of spades? Or trust the club suit to break three-three so that declarer's 13th club would provide a parking place for a losing spade out of dummy?

Declarer decided at the outset to make a play which, if it did not succeed, would not surrender the lead and would give him some indication as to which way the wind was blowing. He first played the ace, king, and another diamond which he ruffed. When the queen fortunately dropped, he had no more concern about disposal of the possible spade loser.

South was now ready to attack clubs. He led a small club, the jack went to East's king and, when the spade came back, declarer put up the ace. He entered the dummy with a trump and discarded the queen of spades on the high diamond. Declarer then ruffed himself in with a spade to take the second club finesse. When North's nine held, the day's work was over.

# Average Resident Makes 701 Phone Calls Yearly

Big Spring residents are helping make the United States the gabbiest nation in the world. According to Harry Sawyer, manager for Southwestern Bell, the average number of calls made by Big Spring telephone users outnumbers the combined average calls of their counterparts in Ireland, France, Argentina and Switzerland. Sawyer

said the average Big Spring resident makes 701 calls a year. Sawyer said one reason for all the talking in Big Spring is the number of telephones. He pointed out that Big Spring has more telephones than the entire country of Mongolia. Big Spring has more than 18,900 telephones as compared with the 16,200 total telephones of Mongolia. He said that Texas with 4,480,000 telephones has more phones than the country of Sweden with 4,110,000 telephones.

per person than any other country. For every 100 persons in the United States there are 54 telephones. This compared to 51 for every 100 people in Sweden, the second place country. Volta, Africa, is the least developed telephone country. There are four telephones for each 10,000 persons.

## Rotary Officer Nominees Named

Nominees for officers for the Rotary year 1970-71 were presented to the club at the noon luncheon Tuesday. They are president, F. H. Talbot, vice president, Milton Talbot, secretary, Bill McRee, treasurer, Tommy Ross, directors, Norman Picquet, Jack Powell, Dan Wilkins and Curt Witte. Election will be March 17.

## Doctors Report Johnson Now Free Of Chest Pains

SAN ANTONIO (AP) — Doctors say former President Lyndon B. Johnson is rid of his chest pains and continues to make progress, but they still won't predict when he will leave the hospital. A medical bulletin reported Tuesday that Johnson's physicians "continue to be satisfied with the President's progress" after the chest pains hospitalized him March 2. The pains, caused by hardening of the coronary arteries,

have subsided and his cold has "disappeared," the doctors said. He developed the cold shortly after entering the Army's Brooke General Hospital here. Mrs. Johnson has since his first night in the hospital. She went on a brief errand Tuesday and a newsman asked, "How's the patient doing?" "Just fine," Mrs. Johnson replied, smiling as a light mist fell. An aide said some more walk-

## SINUS Sufferers

## C-City Budget Hearing Set

COLORADO CITY (SC) — The Colorado City Council Monday night set April 14 for a public hearing on the new budget for Colorado City, for the 1970-71 fiscal year. City Manager J. A. Sadler said that the council would hold work sessions in March to discuss and work on the budget in order to ready it for the public hearing.

The council heard a preliminary report from Nathan Kiser, city planner, who is working on a plan for Colorado City. Kiser set out sketches showing land uses at the present time and said that his study thus far had indicated that Colorado City had a considerable excess of unused floor space (vacant buildings) in the downtown area, but the residential area was in "good shape."

Kiser also discussed plans for a possible "River Drive" along the banks of the Colorado River and Lone Wolf Creek, which would leave IS 20 on the west, loop south of Colorado City and rejoin IS 20, east of Colorado City.

## District Governor To Visit Lions

District 2 A-1 Governor A. E. Prugel, from Sonora, will visit the Big Spring Evening Lions' Club Monday, at 6:30 p.m. at the Downtown Tea Room. It will be a ladies night occasion.

At the meeting this week Warrant Officer Hank Brewer from Webb AFB showed color slides of Thailand. Maj. Pai Boon, of the Royal Thai Air Force, and retired Maj. Wayne Thurn, were guests of the club.

## MONTGOMERY WARD

These figures are based on 1968 statistics presented in the American Telephone and Telegraph booklet, "The World's Telephones." They are the most recent statistics available, since it takes about a year to collect all the information from all countries of the world.

Sawyer pointed out that nearly half of the world's 237 million telephones are in North America. The world's communications network was increased by some 15 million telephones in 1968 with more than six million of these added in the United States. Texas contributed 325,983 additional telephones to the total.

In the five states Southwestern Bell serves—Missouri, Oklahoma, Arkansas, Kansas and Texas—there were more telephones in 1968 than in Mexico and the U.S.S.R. combined. Mexico had some 1.2 million telephones and Russia some 9.9 million, while there were over 11.4 million telephones in Southwestern Bell territory.

The United States can also boast having more telephones

MRS. MOSHE DAYAN — The wife of Israeli Defense Minister Moshe Dayan says that Israel has fewer youth problems than the United States because young people there have a cause — the defense of their country — to rally around.

## Mrs. Al Valdes Talks On Her Life In Cuba

Life in Cuba, before her departure in 1954, was described by Mrs. Al Valdes, guest speaker for the Opti-Mrs. Club elementary school one needed when it met Tuesday in the home of Mrs. W. D. Broughton, 1601 E. 6th.

Mrs. Valdes described the educational system, require-

Only the richest people had cars," she said. "Others walked or rode the buses."

### Teacher Honored By Dorcas Class

Mrs. L. T. Shoult's, associate teacher of Dorcas class, Forsan Baptist Church, was honored with a gift of appreciation from the class and friends Tuesday at her home.

The "Living Prophecies," an account of the works of minor prophets, was introduced as a new study series by Mrs. Carl Tippie.

Mrs. Mack Alexander, Elbow gave the lesson on the book of Daniel and Mrs. Joe Evans presided at the business meeting.

Mrs. Shoult's, associate teacher, was given a gift of appreciation from class members and friends. Class officers served as hostesses at the refreshment table which was decorated in a St. Patrick's theme. The next meeting will be in the home of Mrs. J. W. Skeen April 14.

### Investment Club Reviews Portfolio

A portfolio review of the 10 company stocks held by the Lucky 20 Investment Club was given at the Monday meeting in the home of Mrs. D. A. Brazel, 2617 Crestline. Reviewing the stocks were Mrs. Harold Hall and Mrs. Mel Porter. The club purchased stock in Texaco, Mrs. E. H. Boullion, Jr., president, appointed a committee to revise the club constitution.

The next meeting will be April 14 at the home of Mrs. Boullion, 807 W. 14th.

Opti-Mrs. will assist with the Easter Seal Lily Day Saturday and will have a balloon sale, March 21.

Guests were Mrs. Roy Cederberg and Mrs. Wayne Kuykendall. The next meeting will be a luncheon March 31 at Coker's Restaurant.

### Rebekah State Meeting Slated

John A. Kee Rebekah Lodge 513 met Tuesday at the IOOF Hall with Mrs. Johnny Acuff, noble grand, presiding. Mrs. Jones Lamar announced that the state assembly will be held at the convention center in San Antonio, Saturday through Tuesday at Antonio.

It was announced that Miss Myrtle Russell, assembly secretary, has resigned after 15 years of service.

The political rally held at the hall Friday brought more than \$120 in sales of refreshments to be donated to the IOOF Home for the Aged in Ennis.

A St. Patrick's program will be held Tuesday following the regular business session.

### Mrs. C. Coldiron Is Prize Winner

Mrs. Clarence Coldiron won a bowl of fruit at the Monday TOPS Salad Mixers meeting in the Knott Community Center. Members played games and each brought a gift for prizes.

A representative from the Cancer Society will speak at the next meeting, with Mrs. Odie Petty in charge of the program.

(AP WIREPHOTO)

STYLED BY MOLYNEUX — Molyneux presented this brown print outfit in his spring-summer collection in Paris. The creation has eight buttons and short sleeves. A white flower, black belt, straw hat, golden ear rings and black, open-toed shoes complete the ensemble.

### Speaker Explains Prayer Procedure

Prayers were discussed by Mrs. Tommy Franklin at the Esther Circle of Kentwood Methodist Church meeting Tuesday at the home of Mrs.

Bill Bodin, 2607 Larry.

"God answers our prayers, but there are certain rules that must be followed for different kinds of prayers," Mrs. Franklin explained. "Seek ye first His kingdom and His righteousness and all these things shall be yours as well." There are prayers of petition, faith and praise, to name a few, she said. She related personal experiences in which prayers had been answered.

"God cares for us in every area of our lives," she said. "He is concerned for our every need, not just our spiritual needs. If we turn our problems over to God, He will take care of us if we let Him."

The next meeting will be March 24 at the home of Mrs. Kenneth Born, 2609 Larry.

### Hyperion Club Studies Far East

Customs, dress, food and education of the Far East were discussed at the 1930 Hyperion Club meeting Saturday at the home of Mrs. M. R. Koger, 804 Dallas. Mrs. Malcolm Patterson served as cohostess.

Mrs. Adolph Swartz, attired in a green and gold sari, described the fashions of India. Mrs. Elmo Wasson discussed the foods of Burma, China and Japan, and Mrs. J. W. Currie told of marriage and educational customs in India and China.

The next meeting will be April 4 in the home of Mrs. Horace Garrett, 715 Edwards Blvd., with Mrs. Lester Morton as cohostess. Webb AFB personnel will give a program, "The Eastern Situation Today."

### Miss Gay Talks On 'Hymnology'

"Hymnology" and a medley of hymns were included in the Monday Bible study of Wesleyan Service Guild, First United Methodist Church.

Miss Roberta Gay discussed hymnology, giving excerpts from some of the hymns of Martin Luther, Charles Wesley and Isaac Watts. She played a medley of hymns on the piano.

Mrs. B. M. Keese is conducting the study based on "The Inner Life" by Dr. Harvey Pothoff. She led a discussion on the resources and disciplines of inner faith. It was emphasized that those who possess inner faith also possess inner strength to help them through daily tribulations.

The next meeting will be Monday in the church parlor with Mrs. Bert Affleck leading the study.

### Tri-Hi-Y Plans Sale March 21

A garage sale was planned at the Tri-Hi-Y meeting Tuesday at the YMCA. The sale will be held from 10:30 a.m. to 5:30 p.m. March 21-22 at 1610 E. 17th. New officers elected were Mavis Ray, president; Beth Piquet, vice president; Laura Brooks, secretary; Melodie Ray, treasurer; Kathy Perry, historian; Cindy McAlister, sergeant-at-arms; and Dorie Crooker, chaplain.

## Communism In China Explored By Guild

China, its culture and progression into communism, was discussed by Mrs. Marshall Day Monday for the Wesleyan Service Guild, Coahoma Methodist Church, meeting in the home of Mrs. Glyn Mitchell. Mrs. Ray Elmore gave the devotion.

Mrs. Day gave a brief history of Chinese culture from 90 A.D. to the present, reviewing the period of nationalization in the 1920's and the exile of Chiang Kai-shek. The rise of communism came after 100 years of civil wars. The people felt that the nationalist government was not looking after the peasants' interest, which led to the popularity of the Communist party, Mrs. Day explained.

After her talk there was a discussion of recent events related to China including aid given to North Vietnam. The next meeting will be April 13 in the home of Mrs. Don McKinney, Coahoma.

### Church Guild Notes Saints' Birthdays

The lives of saints who are honored in March were discussed by Mrs. Steve Baker at the Monday meeting of St. Anne's Guild, St. Mary's Episcopal Church. Guild members are assisting with the tutoring of junior high school students being sponsored by the Episcopal Youth of the Church. The next meeting will be April 14.

# Big Spring Clubs Receive Awards During Convention

Mrs. Hayes Stripling of Big Spring was named third vice president of Western District, Texas Federation of Women's Clubs during the 34th annual convention which ended Saturday in Odessa.

Mrs. Phillip Robbins, Fort Stockton, was elected president and others on the new slate are Mrs. V. C. Phillips, Grandfalls, first vice president; and Mrs. Gerald Fugit, Odessa, second vice president.

Those attending the convention from Big Spring were Mrs. Stripling and Mrs. H. B. Reagan, both of the 1965 Hyperion Club, and Mrs. S. R. Nobles, Mrs. W. E. Moren, Mrs. T. G. Adams and Mrs. H. M. Rowe, all of the Modern Woman's Forum.

The 1965 Hyperion Club won first place in its class for the club president's written report and second place went to The Woman's Forum, also of Big Spring. The latter also took a second place in its class for yearbooks. The 1965 Hyperion won a first place on public education in the Education Department, and a first place in the "Easy Money" competition. Under the International Affairs Department, Citizenship Division, the 1965 Hyperion Club took a second place award.

The convention was officially opened at 3 p.m., March 6, at the First Methodist Church, with the president, Mrs. Richmond Dublin of Odessa, presiding.

She stated that five new clubs had been added to the district membership during her two-year tenure of office.

Mrs. V. C. Phillips, second vice president, from Grandfalls, presided for the report of officers and department chairmen.

Making reports were Mrs. Phillip Robbins, first vice president; Mrs. Hayes Stripling, convention chairman; Mrs. Lee Richie, education chairman; Mrs. Joe Massey, fine arts

chairman; Mrs. Sky Hickey, home life chairman; Mrs. Tom Melton, international affairs chairman; Mrs. John Curley, public affairs chairman; Mrs. Nathan Waldrop, international clubs chairman; Mrs. David Gaugh, Texas heritage chairman; Mrs. Vernon Feidner, junior clubs director; Mrs. Ralph Muns, Americanism chairman; Mrs. Paul Kenworthy, public relations chairman; Mrs. Paul Jacobs, special project; "The Big Thicket," chairman; and Mrs. Gerald Fugit, secretary, who read the minutes from previous meetings; and Mrs. George Churchill, treasurer, who gave a report.

Mayor Jim Reese was on hand to welcome the women. In developing the key-note address to the convention, Gerald Fugit stated that "we are going

through a crisis in our country in regard to this matter of communication. We are told what to buy on radio, television, magazines, newspapers. We are almost told when to buy. Those who sell are always exploring the subconscious of the buyers, as most buying is decided on an emotional basis rather than a consciously planned one. The Supreme Court is now trying to define where the law is and is not in this matter."

To emphasize his point, Fugit passed out sheets to the women asking them to check titles of books which had undergone a name change for the sake of increasing sales. Titles appealing to the emotions far out-sold the ordinary titles.

Commending the women for their stand against pornography, he reminded them that it is "always necessary for

people to stand up for what is right."

Dale Johnson, Lubbock, public relations supervisor for Southwestern Bell Telephone Co., showed slides of some of the telephones now on the drawing boards for tomorrow. Some have already been put in operation in the cities. He stated that 97 per cent of the people of the world are now served by telephone. Some of the models shown included the picture phone, which will be introduced in 12 cities in the United States this year. Maps, charts and other data might be shown on the screen, as well as the people conversing.

The extension phone which is wireless, will enable the user to move about within a half-mile while he talks. Electric switching systems will make it possible for people to dial a code into their phones and cause their numbers to ring at home and at another location also, in case they wish to go out for the evening.

"Telephones may some day be used to control devices around the home," stated Mr. Johnson, "for such things as calling in to turn on your sprinkler system, turn off your oven, etc. Women may be able to call the dress shops, have the clerk show them several dresses on the connected screen, make their selections and have the dresses sent out to them."

Also, in the scientific developmental stage is machine talk, one computer calling another for information in working a problem. Data in this way will be transmitted from one machine to another. Research with laser beams will also revolutionize the industry if this proves feasible.

The women were treated to an evening of entertainment at the Permian Playhouse, where "The Imaginary Invalid" opened.

## Do Remodeling Jobs In Different Steps

If budgetary problems or lack of time have stopped you from going ahead with building a family room in the basement such remodeling doesn't have to be done all at once. Divide the project into several parts and carry through one step at a time.

For example, here is a six-step program: First, the walls. Most popular are pre-cut panels, frequently of redwood or pine. There are many other types of siding, including the new vinyl wallpapers. Second, install a suspended acoustic ceiling to cover ducts, pipes, wiring, joists, etc.

Third, new lighting fixtures. Fourth, the windows. Fifth, doors. These three steps can be done as one project, of course. A wide variety of these com-

ponents covering every price range is available.

Last and not least, the floor. Vinyl asbestos tile is one of the best buys for home improvement projects. It can be installed by the home owner and is now available in many new colors and designs — including embossed patterns and indexed tile with "disappearing seams" that create an all-over pattern. Vinyl asbestos tile always has been popular in hard-use rooms because of its durability and easy maintenance.

For a really sumptuous family room, you also could build wall units for stereo and TV, storage units for game tables and other equipment and an intercom to the rest of house.

## Book Tells Of Mentally Ill Teen

A review of the book "I Never Promised You A Rose Garden," was given for the American Association of University Women Monday at Howard County Junior College. The review, given by Mrs. Star Warford, was part of the program entitled "A Third Pollution."

The book, by Hannah Green, concerned a 16-year-old girl who became mentally ill and her parents' difficulty in believing that she was becoming ill. She is finally taken to a hospital, treated for three years and cured. Her experiences before and after entering the hospital were described.

AAUW members who work at the Big Spring State Hospital, Mrs. Charles Condray, Mrs. Bill Early and Mrs. Bill Payne, and guests, Mrs. Claude Van Vleet and Miss Margaret Cortese, discussed their experiences with patients at the hospital and described modern ways of dealing with mental illness.

Another guest was Mrs. Wayne Spiegel. Hostesses were Mrs. M. A. Webb and Miss Helen Ewing. The next meeting will be March 16 in First Federal Community Room.

## Elbow Elementary PTA Announces New Officers

New officers were elected Monday at the meeting of Elbow Elementary School Parent-Teacher Association. To be installed in May are Jerry Cannon, president; Mrs. Iva Nell Marr, vice president; Mrs. Bill Mims, secretary; and Del Hartin, treasurer.

Jack White from the Texas Department of Public Safety showed the film "Marijuana" and distributed pamphlets on drug abuse and symptoms of drug use.

A PTA seminar will be held

## A LOVELIER YOU Women Past Mid-20's Need Fewer Calories

By MARY SUE MILLER

How often have you heard a woman say, "I eat hardly anything, but I keep gaining weight. I don't understand it." Methinks the lady underestimates how much she eats. Most heavy people harbor a delusion about their daily consumption of food — about what it is and what it should be. Were the fancies weeded out from the facts, there would be fewer reducing failures. Let's work on that.

Entirely false is the notion that, as you grow older, it is natural to put on weight. The idea persists, although it was disproven years ago. The truth of the matter is that, with each passing decade after the mid-twenties, you actually require less and less food to keep your body going and energized. Unneeded food of course, converts to fat.

For example, an active woman of 5-foot-5 requires up to 2,200 calories daily at the age of 25 to maintain normal weight and vigor. At 65, the ration drops to 1,780 calories.

Plainly, if she were to eat the same amount of food in later years as in youth, she would become a roly-poly. Her health as well as her looks might suffer, too.

Then there are the myths about weight being inherited or due to a glandular disturbance. What you are most apt to inherit is a family habit of over-eating. The glandular bit applies to an infinitesimal group, so far as present day research can determine.

Ideal adult weight varies but little. The variant is the number of calories needed to maintain the ideal.

## NEW WAY TO BE SUDDENLY SLIM

Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim and yet completely comfortable. If you're more than 15 pounds overweight, or your waistline is larger than 32 inches, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. One startling innovation is the sheer nylon front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A feather-stitched panel down each side of this girdle will contour your hips if they are a problem.

The girdle itself is of a "wonder" Lycra spandex blend. It's a new power net consisting of nylon, acetate and spandex. It is so comfortable, but has such slimming strength, it gives your figure everything that's possible with a foundation.

"Suddenly Slim," in both girdle and panty versions, is the peak achievement of the California designer-genius, Olga. They are available at Hemphill - Wells Co. Foundation Department, 214 Main Ph. 267-8284.

## Hints From Heloise

Dear Heloise:  
Know what "spring" is? I do! I have it on the back of all my knit skirts.

I shrink this "spring" by bringing my tea-kettle to a boil and holding the "spring" over the steaming spout for a few minutes.

The material in the "spring" will shrink as it gets the dampness of the steam from the kettle.

Then I lay the knit skirt of that "sprung" suit or dress on a flat surface and let it dry.

Just in case the dress has shrunk too much, and until you learn just how much steam it takes to shrink that "spring" out of the "sprung," it may easily be re-stretched by putting it back over the kettle again . . . Jean

Ladies, I tried it and it works! I found that when you are using this method you can put the skirt over your ironing board and let it just dry there or dry-press (use no steam) the seat with your iron while it is on the board.

Here's something else I tried, too, and it also worked:

I turned my knit skirt wrong-side out after it came back from the cleaners and sprayed it with starch from a fizz can and let it dry before wearing it. Sure did give it body. Don't use plastic starch for this.

Thanks to Jean for telling us how to shrink a "spring" and evaporate the bulge . . . Heloise

Dear Heloise:  
I am a secretary and use pens and pencils many times during the day.  
My hint . . . I slide my pencil

under my watchband and it is always there when I need it . . . Ann O'Meara

Dear Heloise:  
This may not be a new idea, but it certainly is a good one. After each diaper change, I soak the baby's diaper in hot water, detergent and a few drops of bleach for about five minutes. Then rinse and put in the diaper pail.

The results: diapers stay as white as the day I bought them and no diaper pail odor. The same thing goes for undershirts, training pants, etc.

It's really worth the few extra minutes of time when friends (especially "Grannies") compliment you on baby's snowy white wash. (People who are close to your baby do notice those things too!) . . . Lois Tillman

Dear Folks:  
I have received many letters asking how I pronounce my name.

My family pronounce it with the "H." They say "Hello-ease." If you leave the "H" silent, it doesn't bother me one bit! Just as long as you know where you can turn when you are in trouble . . . and that's by writing to me in care of the Big Spring Daily Herald . . . Hello-ease

Dear Heloise:  
In addition to making cookies with cake mix like one of your readers suggested I have just made the most delicious coconut macaroons with a package of angel food cake mix, one egg, two tablespoons butter, a fourth cup water, two cups of coconut.

Drop by teaspoonsful and bake at 375 degrees for eight-to-10 minutes. Gives you about 48 macaroons . . . Mrs. Paulakovich

### LETTER OF LAUGHTER

Dear Heloise:  
Though a man, I usually read your column just to remind myself how smart a lot of you women are!

Dear Sir:  
You are the first of your sex to admit it! Man, do we women love you! . . . Heloise

Dear Heloise:  
Don't throw away old ear muffs.

Break off the metal that holds the two together, and you will have a pair of nice shoe shiners . . . Reader

(Write Heloise in care of the Big Spring Herald.)

### Make A Doily Set To Adorn Table

This lacy set includes an oval doily and two rounds ones. Easy to crochet. Ask for No. 1239. Send 30 cents plus 10 cents for postage and handling to Martha Madison (care of the Big Spring Herald), Morris Plains, N.J. 07950.

For Needlework book send 50 cents. Contains free coat pattern and embroidery and a coupon for free pattern of your choice.

## Insure Lasting Beauty Of Suede With Care

Beautiful leather and suede garments require careful attention to insure lasting beauty. These hints and suggestions are offered for cleaning and preserving the garments.

Use a sponge to remove surface soil or sudsifiers (croaking) which is natural to new suede and which will disappear after a few wearings. Wear a scarf to keep the neckline clean. Do not store in plastic bags. Do not attempt to launder by hand or machine. Avoid using cleaning fluids, liquids or abrasives as they may discolor the suede.

For smooth leather, little care

Tracing Outlines  
Give the youngsters' cookie cutters, colored pencils and paper on a bad weather day and they can amuse themselves by tracing the outlines of the cutters on paper.

# BIG SPRING DAILY HERALD

SECTION B

BIG SPRING, TEXAS, WEDNESDAY, MARCH 11, 1970

SECTION B

**GETTING LONGER LOCKS** — A close-cropped head may be all right in the ranks but not in getting elsewhere so this midshipman from the U.S. Naval Academy resorts to a wig. He is being fitted at the Colonial Wig Shop in Annapolis, Md. Hundreds of the shortly shorn middies have been buying \$25 hairpieces to cover their military haircuts when they leave the academy on weekend passes.

## Midshipmen Buying Wigs In 'Spurts'

ANNAPOLIS, Md. (AP) — Long hair is in, and if you can't grow your own for some reason, all you have to do is fake it.

That's precisely what a large number of midshipmen at the U.S. Naval Academy are doing.

Mrs. Pauline House, operator of the Colonial Wig Shop, said she has sold hundreds of wigs to midshipmen.

"They usually come in spurts," she said.

"The first-year they come to school in September, and by October or November they're so sick of those short hair cuts that they don't know what to do," she said.

It's then they stop by the wig shop, where for \$25 they can purchase a man's wig made of synthetic hair.

"They're no trouble to take care of," said Mrs. House.

"You wash them in the sink with cold water shampoo just like you'd wash a pair of socks."

"You hang them up to dry overnight and that's all there is to it."

A spokesman at the Naval Academy said there was no regulation against wearing such adornments so long as the midshipmen are outside a seven-mile radius from the academy. A similar regulation governs the wearing of civilian clothes.

## Lower Voting Age To 18 Test Today

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield called up his proposal to lower the voting age to 18 for a vote today although acknowledging strong opposition both on the floor and from the White House.

Mansfield said he realized many senators had already set their minds against his proposal, which was an amendment to a bill extending the 1965 Voting Rights Act. He said opponents feel it would jeopardize the voting rights bill, should be handled as a separate bill, or believe a constitutional amendment is required.

Despite these handicaps, the Montana Democrat said he thought the Senate needed to face the issue now.

The Nixon administration gave its blessing to the 18-year-old vote proposal by constitutional amendment, but opposed any change by an act of Congress. It came out against Mansfield's approach in a statement Tuesday.

Only four states permit persons under 21 to vote. Georgia and Kentucky have lowered the voting age to 18, Alaska to 19 and Hawaii to 20.

Republican Leader Hugh Scott of Pennsylvania, pushing for a five-year extension of the 1965 Voting Rights Act that applies primarily to Southern states, said he opposed injecting the 18-year-old vote issue.

"We should not risk embroiling the extension of the Voting Rights Act of 1965 with the subject of an 18 or 19-year voting age," he said.

Scott, differing with the administration, is supporting a separate bill to lower the voting age. He said he thinks it is possible, constitutionally, for Congress to do this by statute.

Scott also has split with the administration on extension of the 1965 Voting Rights Act. President Nixon asked Congress for legislation applying to all states alike. Last December the House approved the administration bill by a five-vote margin.

In the Senate, Scott has teamed up with Sen. Philip A. Hart, D-Mich., in offering as a substitute for the House-passed bill a measure to extend the present law without change but adding two provisions recommended by Nixon.

Sen. John Sherman Cooper, R-Ky., won 50-37 adoption of an amendment Monday to bring parts of New York City and other scattered areas outside the South under the act's automatic coverage formula.

Under his amendment, the act will automatically apply to any state or county using a voter literacy test on Nov. 1, 1968, if less than 50 per cent of its voting age population was registered or voted in the presidential election that year.

The formula in the 1965 act is keyed to the 1964 presidential election and had the effect of coverage of six Southern states and parts of a seventh.

Cooper's amendment would not remove any of these Southern areas from coverage, unlike an earlier amendment of Sen. Sam J. Ervin Jr., D-N.C., that was rejected by a 60-26 vote.

## 'Family' Album Selling Briskly

and six others, is selling briskly, say members of Manson's hippie-style "family."

Entitled "The Love and Terror Cult," the album sells for \$4.50 a copy through a mail-order house. Proceeds will go to a defense fund for Manson, 35, accused of masterminding the murders of actress Sharon Tate and five others facing trial on murder and conspiracy charges.

**Carrier**

**HIGH SCHOOL THIRD DIVISION** — Brass Sextet, Steve Foster, Randy McKinney, Robin Headrick, Levi Teeler, Courtney Ballard, Jimmy Wright; Clarinet Solo, Cheryl Meyer.

**HIGH SCHOOL FIRST DIVISION TWIRLING SOLOS** — Pam Patterson, Mischa Read, Terri Wolf; **HIGH SCHOOL SECOND DIVISION TWIRLING SOLO** — Sherry Boyes.

**JUNIOR HIGH FIRST DIVISION** — Flute Trio, Nelda Ashley, Denis Mays, Jennie Kohanek; Brass Sextet, Jimmy Whidren, Richard Renfro, Dietra Fowler, Jayne Meacham, Jamey Easterling, Bobby Fishback; Flute Solo, Dennis Mays; Clarinet Solo, Valrae Best; Bass Solo, Bobby Fishback.

**JUNIOR HIGH SECOND DIVISION** — Clarinet Quartet, Valrae Best, Debbie Wall, Cheryl West, Holly McCutchan;

**Flute Trio**, Terry Beistle, Vicky Cook, Nelda Ashley

**JUNIOR HIGH THIRD DIVISION** — Miscellaneous Quartet, Jennie Kohanek, Pat Fryar, Sherry Griffin, Jeanne Brady

**JUNIOR HIGH FIRST DIVISION TWIRLING SOLO** — Jeanne Brady.

Friday has been declared "Pioneer Recognition Day" to honor veteran telephone industry employees who have contributed to the betterment of their community. Telephone Pioneers is a group of individuals who have worked for the telephone industry 21 or more years and are dedicated to community service.

In Big Spring, the Pioneers have 40 members (265 members in the Midland-Odessa District), and have participated in Repairs Talking Book Program, United Fund, State Hospital, Workshop for the Blind, Transcribe Braille Book, Civil Defense, Blood Bank, Amateur Radio and the Chamber of Commerce.

The Far West Club will sponsor a Recognition Day hospitality-social Friday to honor the Pioneers in this area, to be held at 8-9 a.m. in the Work Center, 309 Brown St., and at 2-7 p.m. in the Traffic Lounge, Toll Building, Fourth and Runnels Streets. All telephone employees are invited to attend these functions.

At the hospitality-social, there will be displays of the projects the Pioneers here have undertaken, and to recognize the Pioneers for devoting many hours to public service and for encouraging the allegiance of the Pioneers to their country and fellow Americans.

The Far West Club covers the

**JUNIOR HIGH SECOND DIVISION TWIRLING SOLOS** — Vicky Cook, Cheryl Bohannon, Theresa Beal, Betty Hardin, Paula Dodson, Teresa Duke.

**JUNIOR HIGH THIRD DIVISION TWIRLING SOLO** — Holly McCutchan.

## Denton Publisher Riley Cross Dies

DENTON, Tex. (AP) — Riley Cross, president and publisher of the Denton Record-Chronicle, died today after an illness of some time. He was 64.

Cross had suffered from heart trouble. Death came in Flow Memorial Hospital.

Funeral arrangements were pending.

Cross was reared at Brownwood and began his newspaper career on the Brownwood Bulletin.

For a number of years he was employed by the Harte-Hanks group of newspapers and was publisher of the Marshall News-Messenger.

Cross purchased the Record-Chronicle shortly after World War II.

Survivors are his widow and three daughters.

How many years has it been, Old Timer, since you have been able to buy a 7% yield bond whose interest income is free of Federal Taxes?

## Incumbent Files

MERKEL, Tex. (AP) — Incumbent Ted Smith has filed for reelection to the city council and will seek positions with two others. Others already filed for the two positions include Allen R. "Pete" Morgan and Mack Seymore.

## Horoscope Forecast

FOR TOMORROW

—CARROLL RIGHTER

**GENERAL TENDENCIES:** You have all kinds of new ideas about how best to handle whatever financial problems face you. But be sure you give everyone credit for whatever he or she has done to make it possible for you to have a greater abundance. Find the errors in statements and reports today. Be painstaking.

**ARIES** (March 21 to April 19) Be certain to handle business affairs in such a manner that partners are assured their interests are also protected. Be very particular with some property interests, also. Have fun tonight!

**TAURUS** (April 20 to May 20) Listen to what an associate has to say instead of accepting that new contract that may prove disastrous. Do whatever will make you more charming. Then you make the right process.

**GEMINI** (May 21 to June 21) Clear up the confusion that surrounds that important matter then everything goes well for you. Be sympathetic with persons who come to you for assistance. Be generous.

**MOON CHILDREN** (June 22 to July 21) Invite friends to your home with whom you and your mate are comfortable. You have some business deal that needs more study and thought before it can be reached successfully. Be thorough.

**LEO** (July 22 to Aug. 21) Keep your family out of business affairs. Do what you will classify you as an A.I. citizen. Good day for convincing some business expert and gaining the help you need in own affairs. Be clever.

**VIRGO** (Aug. 22 to Sept. 23) Those new ideas you have are fine provided

you are willing to make changes in your routines. Talk over with a new contact how to get new information. Later, discuss it with associates, also.

**LIBRA** (Sept. 23 to Oct. 23) Get right down to monetary matters in the morning and get into trouble with higher-ups. Get your bills paid first and you get rid of that worry. Then explore possible revenues for the future.

**SCORPIO** (Oct. 23 to Nov. 21) See how you can come to a better understanding with mate as well as associates in business. You have to do some study to get that situation nicely handled. Try not to worry. Be objective.

**SAGITTARIUS** (Nov. 22 to Dec. 21) Tackle that work ahead of you successfully so that your future days are more pleasant. Select a wardrobe that flatters you. Be kind to others.

**CAPRICORN** (Dec. 22 to Jan. 20) Ideal day to have a good time of those things that make you feel good. Invite congenials to go along with you. Get that new plan working, too, that helps you to get ahead.

**AQUARIUS** (Jan. 21 to Feb. 19) Be sure you do what is right by kin or you can get into trouble with higher-ups as well. Put your house in better order so that you can relax and rest more comfortably. Do some reading you have neglected lately.

**PISCES** (Feb. 20 to March 20) Get that practical plan working now that can give you more abundance as well as happiness. Start talks with others that are vital. Get the right results by showing you are diplomatic and intelligent.

CRITICS CONTEND ACTION HURTS ARMS LIMITATION TALKS

# Multiwarheaded Missiles Slated For June Debut

WASHINGTON (AP) — Sen. Edward W. Brooke has urged President Nixon to postpone plans to start deployment in June of multiwarhead MIRVs pending upcoming arms limitation talks with the Soviet Union. The Massachusetts Republican also called for prompt Senate action on his resolution—cosponsored by 43 senators—urging the President to take the lead on a U.S.-Soviet moratorium of MIRV tests.

Secretary of the Air Force Robert C. Seamans Jr., disclosed Tuesday MIRV deployment will start in June with the Minuteman III land-based missiles. "The continued momentum toward deployment of this potentially destabilizing technology is highly disturbing," Brooke said in a statement. "It could have the most unfortunate consequences for the impending SALT negotiations."

Earlier, in an interview, he said that the announcement of the MIRV deployment date means "the genie may well be out of the bottle." Seamans gave the date to a closed session of the Senate Armed Services Committee. His statement was released to the public.

After a number of delays and stretchouts we will start fielding the Minuteman III in June," Seamans said, adding that "based on tests to date we have high confidence in this system." Previous statements said deployment would occur in late 1970. The Minuteman III, a replacement for the single warhead Minuteman II intercontinental ballistic missile, will carry three of the MIRV—Multiple Independently-Targeted Re-entry Vehicle—warheads. Its sea-based partner, the 10-warhead Poseidon, will begin to take over next January from the single warhead Polaris nuclear submarines.

Big Spring (Texas) Herald, Wed., March 11, 1970 3-B

## Full Report Requested On City Computer Bids

As representatives from at least three of the firms bidding to solve the city's accounting problems watched from the gallery, city commissioners decided at the regular meeting Tuesday night to meet informally Thursday with spokesmen of all five bidders to get full cost estimates on the systems or machines proposed. City Manager Larry Crow told the commission that the bid summary prepared by Finance Director Charles Smith is now incomplete and suggested that the informal meeting be arranged. He said that Smith had not had enough time since the formal bid opening last Thursday to compile a thorough summary of the proposals, some of which run to a length of 50 pages or more. City Auditor Max Green said the bids included three types of systems: the service center,

magnetic stripe computer, and punch card computer. "Each has its own unique characteristics and problems," he said. "In reviewing the complexities of the bids and discussing the matter, we feel the best thing would be to have an informal meeting between the commissioners and representatives from each company to get full costs and information." Commissioner George Zachariah asked for a recommendation. Green answered, "At this point our tentative recommendation would be the IBM Systems 3, but we need more discussion before making a final choice." Other than International Business Machines, the bidding companies are National Cash Register, Burroughs Corporation, National Share Data, Odessa, and First Data Processing, Big Spring. The first three bid to furnish new machines to replace or supplement the present Burroughs equipment and the latter two firms bid to do city accounting through their service centers. "The city manager and auditors should get together and give us a proposal," Zachariah said. "Until you do, there's no need to consider this thing."

ON TARGET — Using both hands a San Francisco police officer swings on an anti-war demonstrator who did not heed warnings to disperse after demonstrating against military recruiters on the San Francisco State College campus Tuesday. The officer's target received the blow on his shoulders and was arrested. This action took place on a street off campus when some demonstrators moved into nearby shopping areas.

## MIRV: What And Why At-A-Glance

By The Associated Press  
What is MIRV: It stands for Multiple Independently-Targeted Re-entry Vehicle and means an advanced nuclear warhead, under development by both the United States and the Soviet Union for long-range land- and sea-based missiles, with several components each of which can be aimed in advance at a different target.

Why MIRV: Developers say it is needed as a retaliatory weapon that can breach missile defenses such as the antiballistic missile systems being developed by both the United States and Russia.

Why opposition: Critics fear it will escalate the arms race and make any arms limitation agreement difficult to police because of the inability to tell without on-site inspection how many MIRVs are in one warhead package. It may also make defensive systems now envisioned obsolete.

What is SALT: SALT, which stands for Strategic Arms Limitation Talks, is the long awaited conference between the United States and Soviet Union on limiting offensive and defensive strategic weapons. Delayed in 1968 because of the Soviet invasion of Czechoslovakia, they finally began last year in Helsinki and are scheduled to resume in Vienna April 16.

MIRVs effect on SALT: MIRVs and ABMs are likely major topics at the SALT talks. The United States is considered ahead in MIRV development and the Soviet Union might be reluctant to limit it if the United States ends up with an advantage.

Congressional Moves: Sen. Edward W. Brooke, R-Mass., with 43 cosponsors, is pushing a resolution urging President Nixon to take the lead in proposing a mutual suspension by both sides of MIRV tests.

EASTER SEAL PRINCESS — Susan Cape, daughter of Mr. and Mrs. James Cape, was crowned Easter Seal Princess Tuesday night at a benefit basketball game between the Jayhawks and the Tompkins Oil Co. team. The 'Hawks won 91-72. Lucretia Drake, daughter of Mr. and Mrs. Cecil Drake, was presented a trophy as runner-up. Approximately 300 attended the game, with the Easter Society clearing about \$400.

## Trustees Approve Contract Extension, Over 65 Waivers

Big Spring school trustees Tuesday night approved the extension of School Tax Collector J. O. Hagood's contract for one year, but not before a discussion on consolidation of city, county and school tax collectors. "As long as it's just for a year, I don't object," Trustee Jack Alexander said, "but I don't think I'd want to extend it for any longer." "We could run into problems, though," Trustee Roy Watkins said. "If we extend our collector now, and three months later some other agency extends their collector, and three months later another agency extends... we're never going to get this consolidation going."

"Even if we do consolidate, we're still going to need a collector for the school, someone who knows what's going on, to get things started," Alexander said. City Attorney Herb Prouty and County Attorney W. H. Eysen Jr. had planned to release a statement Monday on the attorney general's opinion on the legality of such a consolidation, but postponed the statement until later this week. School trustees also accepted the recommendations of Supt. S. M. Anderson and approved approximately 400 teachers for rehiring. "Of course, some of these teachers will quit or retire, but there is not a teacher I didn't recommend for rehiring," Anderson said. He also recommended the employment of Merritt H. Barnes Jr. as a high school coach and health and physical education teacher, and Samuel L. Robertson as a high school English teacher. The school board approved their employment.

## State Foundation Funds Application Is Approved

Trustees Tuesday night approved the final application for minimum funds totaling \$1,152,154 from the state education agency. Last year's application was for \$963,015. The money is reimbursement for 330 employes allocated. Big Spring has 324 qualified employes for total salaries of \$2,246,900, as compared with total salaries of \$2,044,692 last year for 330 teachers of the 331 allocated.

## Medal Of Honor Presented Lodge

BOSTON (AP) — Former Ambassador Henry Cabot Lodge has become a member of the Congressional Medal of Honor Society at a special State House ceremony. The award was presented Tuesday in the Hall of Flags by Charles A. MacGillivray of Braintree, a Medal of Honor winner. Lodge said, "This award comes from men who are the bravest of the brave."

## Crusher To Get Junk Cars, Go-Kart Race Set

After considering the Beals Creek project and city accounting problems, the city commission instructed City Manager Larry Crow to start hauling junk cars in the city to a commercial crusher now in town and took action on four other items at the regular meeting Tuesday night in City Hall. Crow had requested that city crews be allowed to begin taking the derelicts to Harry McCracken's car crusher when he locates on West Third sometime this week. Crow said, "very few of the junkers fit in accepted patterns. Where do you put them?" He said McCracken's machine is the most practical solution to the problem at this point. The commissioners agreed unanimously and instructed Crow to get the cars to the crusher "anyway you can."

## Riders Parade

The Big Spring Rhythm Riders made plans Saturday to send 19 horsemen to the San Angelo Rodeo and Livestock Show parade Friday morning. The riders also welcomed Mr. and Mrs. Gerald Harrison into the club, during the meeting at Midway School.

## O. T. Brewster Formally Announces For City Race

O. T. Brewster, manager of the Holiday Inn since 1963 and the first of 13 to file in the city election, announced formally Tuesday his candidacy for one of three city commission seats to be contested April 7. If approved by the voters Brewster said he would "serve as a citizen to serve Big Spring to the best of my ability. If elected, I would attend all meetings and be willing to look at both sides of any question pertaining to city government." He added, "I am not being backed by any political organization or group of people in this election."

O. T. BREWSTER

## Court Refuses To Join Scrap

AUSTIN (AP) — The Texas Supreme Court has refused to enter a Northeast Texas scrap involving the right of a legislator to run for associate justice of the Texas Court of Civil Appeals. The court denied a motion by supporters of W. C. Hancock for a court order preventing Rep. C. L. Ray of Marshall from seeking the post. Hancock and Ray are opponents.

## Teachers To Help Trim School Costs

Mrs. Lynn Calvert, president of the local Classroom Teachers Association, appeared before Big Spring school trustees Tuesday night to encourage them to maintain the local salary increment, and ended up suggesting classroom teachers might aid the trustees in trimming the budget. "Many of our teachers have never even seen a budget, but I think if they could look at it while you are working on it, they might be able to help you," she said, in answer to a question from Trustee Jimmy Taylor, about recommendations from the teachers on trimming school costs. "We feel that the success of education depends entirely upon the quality of the teachers. Any increase at the state level becomes ineffective if not supported at the local level," she said. "We realize that to get more money, we're going to have to do more work," she said.

## COSTS \$70 MILLION A YEAR TO OPERATE NIXON'S OFFICE?

WASHINGTON (AP) — The White House has refused to confirm a published report that it costs \$70 million a year to operate the President's office. Press secretary Ronald L. Ziegler said Tuesday the budget for staff support and ordinary operations costs \$8.5 million. He added the figure does not include various supporting programs financed by other federal agencies. The Wall Street Journal said in its Tuesday editions that the \$70 million is a rough estimate because "of the difficulty in assigning exact costs of services supplied by various departments and agencies outside the executive office itself." These include expenses for armed services aides paid by the Defense Department, secret service operations financed by the Treasury Department, and White House police expenses absorbed by the Interior Department.

## More Info Asked On Drainage Plan

The city commissioners Tuesday night postponed action on the Beals Creek flood control project pending further cost study, after Commissioner George Zachariah suggested a discussion of the city's responsibility to provide land fill areas with the U.S. Army Corps of Engineers before continuing plans for the proposed \$2½ million renovation of the ditch. The engineers were requesting that the commissioners authorize a letter of intent expressing the city's willingness to continue planning the project, which would include widening and deepening a 5.6 mile stretch of the branch to reduce the flood area between One Mile Lake and a point south of Eleventh Place in the sewage treatment plant area. The project would cost the city an estimated \$948,000. The corps of engineers had submitted a suggested letter of intent for the commission's consideration and the discussions Tuesday night centered on an additional responsibility outlined in the letter not previously included. The engineers explained that a proposed fill area, near the east end of the project, would not be sufficient to dispose of materials excavated from the creek and asked the city to provide an additional fill area near the digging large enough to take care of the dirt removed from the trench. No additional cost figure was included to provide for such a fill area. Zachariah said, "We can't vote on this until we get a cost estimate on the fill area." He said city officials should discuss the plan with representatives of the corps before submitting a letter of intent. Mayor Arnold Marshall said the letter would not bind the city to continue the project if costs were excessive, but would allow continuance of planning. Commissioner Jimmy Morehead replied, "If we submit a letter of intent, we should be committed and not back out a year later," and asked, "Is it worth a million dollars to the people of Big Spring to proceed with this project?" Zachariah said, "The answer will come in the next bond election, but we need to have the fill costs before doing anything." The city voted in 1960 to issue \$470,000 in bonds to finance the project, less than half the estimated city cost 10 years later. The commission instructed City Manager Larry Crow to talk with Corps of Engineers representatives in Fort Worth about the fill areas.

## Promotions Affect 72

The promotion of Maj. Loren H. Hinkler, of the 356th Pilot Training Squadron at Webb AFB, to lieutenant colonel led a list of promotions for March. Some 72 officers, noncommissioned officers, and airmen were upgraded. Officers pinned on the single silver bar of First Lieutenant were Terry L. Jennings, William S. McClure, Daniel G. Riamondi, John D. Parr, Samuel P. Shaver, James F. Little, Gary L. Beard and Smith Higgins Jr. Promoted to the rank of captain were Thomas A. Palmer, Merle W. Overholser, Arthur P. Snyder, Richard D. Cook and James L. Brobe. Seven three strippers were promoted to staff sergeant in March: Randall A. Eggleston, Darley B. Friezel, Roy D. Hoadley, John Hohnbaum, Harry L. Horak, Jeffrey Livingston and Gale E. Reining. Nineteen airman first class joined the noncommissioned officer ranks: Ronald A. Zuar, Kenneth M. Timmons, Robert J. Stockwell, Dennis B. Selsbury, Steven Y. Sojka, William F. O'Connor, Donato Natiella Jr., Francis Moran, James O. Miller, Ralph R. McNabb, Kenneth P. Cassola, Clyde E. Fail, Richard C. Davis, John P. Ahern, Frank Richardson, Joell A. Dixon and Richard H. Wilder. The remaining 31 men, sewing on their second stripes were: Theodore N. Brown, Ronald B. Cecil, Norman J. Dominesey, Gaylon R. Ferguson, Allen D. Hill, Arthur W. Smith, Richard N. Sweeney, Larry A. Verbeck, Domingo Villarreal, Michael T. Watson, Thomas R. Cruse, Roger A. Ferguson, Robert B. Mattern, Kempton H. Tompkins, Gregory Vanhooser, Steven W. Bass, Marriion D. Butler, Michael S. Hamilton, Jan P. Hinkle, Rowland J. Howard, Kenneth J. Ksepka, Marvin McQuarters, Nathan Roach, Larry A. Saddoris, Billy L. Walker, Gregory Yankovsky, Jerry Stone, Raymond Wolfe, Jose L. Garcia, Louis R. Hahne and Gregory J. McDonald.

WELL, WHO CAUGHT THE BALL? — Togetherness and team effort help the world champion New York Mets. Here catcher Jerry Grote and first baseman Mike Jorgensen get together to gather in Dalton Jones' pop-up in Tuesday's game with the Detroit Tigers. Who caught it? Catcher Grote is the one.

# Sens Kayo Yankees With Rally In 9th

By The Associated Press  
The surprising Washington Senators, who flopped in the spring last year, continued their winning ways Tuesday and received a bigger lift when slugger Frank Howard signed for a reported \$125,000.

Unbeaten Senators, who finished the regular season in fifth place last year under Williams, named the AL's Manager of the Year for the performance, after finishing last the previous year.

With Washington trailing 4-3 and the bases loaded with two outs, Bernie Allen slapped a two-run single off loser Lindy McDaniel. Mike Epstein later Ted Williams after the 6-foot-7, 275-pound Howard, who signed for 48 home runs last year, signed his 1970 contract.

## LOOKING 'EM OVER

With Tommy Hart

Milton (Speedy) Moffett, the veteran baseball mentor at Snyder, was a quarterback under the late Pete Cawthon at Texas Tech a few years ago.

Cawthon was a close friend of Notre Dame's Marchmont Schwartz and Marchy thought he would do Pete a good turn by sending him a quarterback, one Ed McKeever.

No one dislodged the agile Moffett from the job, however. The following fall, Speedy visited on campus and was asked by McKeever if he wanted to repair to a neighborhood coffee shop, an invitation which Moffett acknowledged with thanks and accepted.

In the course of the small talk that followed, McKeever (never one to hide his light under a bushel), remarked: "It's a good thing you're not back up here this year. I'd sit your tail on that bench."

"Ed," Moffett replied, grinning, "don't you remember? I'm the one who made a halfback out of you."

McKeever later coached in the big time, at the University of San Francisco and Notre Dame as well as in pro ball, but the wine proved too heady. His exit from football was hurried by a critical press, which didn't cotton to his personality.

Norm Cash the Texan who patrols the gateway station for the Detroit Tigers, may be taking a dim view of all the talk that the team will miss pitcher Denny McLain, whose after hours habits and associations got him in trouble with baseball commissioner Bowie Kuhn.

# Sands' Tourney Foe Boasts 44-1 Record

ACKERLY — When Sands of Eddie Newcomer, Kelly Gaskins, Bruce Nichols, Robert Herren, Paul Hopper, Marcy Robles and Stan Smith. The team managers are Larry Shaw, Rodney Feaster and Freddy Green.

Henrietta boasts two 6-3 bombers in Phillips and DeWeber. It's playmaker is a boy named Matlock, who stands 5-10. Outside players include James Cowley and Jimmy Byrd, each of whom stand 5-11.

Sands and Henrietta Midway have met no common opponents this year. Coach Blake said, judging from scouting reports, he would compare the Midway team to Meadow.

The Sands team, accompanied by practically everyone who can walk in the community, will leave about noon Thursday and work out in Brady. The Mustangs will be quartered at the Chariot Inn, which is in the north part of Austin.

The Sands-Midway survivor will oppose the LaPointe-Chester winner in the championship game at 8 o'clock Saturday.

## Texan Named All-America

GAMBIER, Ohio (AP)—John Rinka, The Associated Press 1970 No. 1 Little All-America basketball player, admits he's just relaxing on the Kenyon College campus here after five years of remarkable dedication to his sport.

The 5-foot-9 senior, who piled up 3,231 points and averaged 32.8 in 99 career games, led the Little All-American voting Tuesday, the second straight year.

A panel of 106 sports writers and broadcasters gave him 57 first team votes. No one else was close.

"I very seldom missed two days in a row playing basketball for the last five years," Rinka, who led the nation with a 41-point average this winter, said. "I just want to see what it's like to relax."

Rinka's mates on the first team were Earnest Killum of Stetson, Marvin Winkler of Southwestern Louisiana, Surry Oliver of Stephen F. Austin and Greg Hill of American International. All are seniors.

Named to the second team were Travis Grant of Kentucky State, Ted McClain of Tennessee State, Greg Hyder of Eastern New Mexico University, Jake Ford of Maryland State and John Napier of Tampa.

Jerry Mercer, 6-7 junior from runner-up Cypress-Fairbanks, was the leading vote getter on the AAA all-star team, followed by 6-7 Jack Vest of two-time champion Kerrville, who also was an all-tournament selection last year.

James Branon of Kountze and Johnny Mayo and Randy Huestis, both of runner-up Taft, lacked only one vote of being unanimous choices in AA. James Smith of Kennard and Charles Louis of runner-up Clarendon, another all-tournament choice last year, also lacked only one vote of being picked on all the ballots in A.

## Don Abbott Quits

SAN ANGELO — Don Abbott, JV basketball coach at San Angelo Central the past two years, will resign to become active in the real estate business here. Abbott formerly coached at San Angelo Lake View.

## OFFERING HELP

### Player Rejoins Tour This Week

PENSACOLA, Fla. (AP)—South African Gary Player, one of the world's most outstanding professional golfers, returned to the American tour with an offer of exhibitions to benefit the United Negro College Fund.

Player, one of the favorites for the \$30,000 first prize in the Monsanto Open, a 72-hole test beginning Thursday, volunteered for a series of exhibitions with leading American Negro professionals.

Player, whose native country has a national policy of apartheid, mentioned such players as Charlie Sifford, Pete Brown and Lee Elder as possible opponents.

"I want to do this to offer concrete physical evidence to support my statements," said the tough little South African, who earlier had called for sports to be divorced from politics.

Player, whose last previous appearance in the United States was last fall, said his business manager, Mark McCormack of Cleveland, is working on details of such exhibitions.

Player is one of four men to win the Big Four of Professional Golf—the U.S. and British Opens, the Masters and the PGA National Championship. It was during the course of last year's PGA tournament that he became the target of demonstrators who threatened to disrupt the event.

Player shot a 68 in an exhibition Monday, his first appearance in this country this year and played a casual practice round with U.S. Open champion Orville Moody Tuesday on the 6,628-yard par 71 Pensacola Country Club course.

Player said that Moody also had volunteered to play in the benefit exhibition with Negro pros.

Player, who won over \$100,000 in only 16 tournaments last year, said he plans to play in about 15 or 16 this year in two or three trips to this country.

One of the strongest fields of the year opposed him. Among them were Arnold Palmer who lost a heartbreaker in the Citrus Open to Bob Lunn last week; defending champion Jim Colbert, all four of the major title holders from last year; and all but three of the winners this year, including Lunn, Brown, Lee Trevino, Ron Cerrudo, Bert Yancey, Dale Douglass and Bruce Devlin.

L. W. McConachie, executive vice president of the Texas High School Coaches Association, made the announcement Tuesday.

He said the all-star basketball game will be held Aug. 5 at the University of Houston gym with J. D. Menasco of Carrollton Turner coaching the North squad and Bill Tatum, coach at Carthage the past 23 years, the South.

The coaches clinic is scheduled for Aug. 2-6.

# Seattle Mayor Says He May Take Court Action

TAMPA, Fla. (AP) — Amid threats of multimillion-dollar law suits, court injunctions and antitrust challenges, the American League abruptly called off its scheduled Tuesday meeting on the Seattle baseball franchise.

AL President Joe Cronin said he'll consult with league lawyers before setting a new date and site for the special meeting, which was cancelled in a cloud of conflicting statements.

William R. Daley of Cleveland, 78-year-old majority stockholder of the Pilots franchise, told The Seattle Times late Tuesday he will insist the postponed league meeting be rescheduled next week.

Daley said he "was pretty well assured there are enough favorable votes—it takes nine—to move the franchise to Milwaukee, which has been without major league baseball since the Braves were shifted to Atlanta.

Seattle Mayor Wes Uhlman said in Washington he would again go into court for an injunction to keep the financially troubled Pilots in Seattle.

The injunction would be requested, Uhlman said, because of "recent indications, not withstanding the American League's decision to keep the pilots in Seattle, that an attempt will be made to move the franchise prior to the commencement of the forthcoming baseball season."

The league meeting in Tampa was postponed, Cronin said, because of the illness in Cleveland of Daley. A Cronin spokesman said the AL president felt Daley should be present for all sessions concerning the Pilots' future.

In Cleveland, however, Daley said he had only entered a hospital for a checkup. He said he was under the impression the meeting would go on without him.

"I think they kind of used me as an excuse to cancel the meeting," said Daley, who had designated Dewey Soriano, Pilots' president, as his representative.

In Washington, Sen. Warren G. Magnuson, D-Wash., said he'd seek legislation to end baseball's immunity from antitrust laws if the Seattle franchise is moved elsewhere.

Magnuson said: "If they move this team after just one year, it would be evidence that they are not a sport, but a commercial enterprise."

Washington's state attorney general, Slade Gorton, also threatened court action.

When it appeared that Seattle would lose the franchise early last month, Mayor Uhlman filed suit in King County (Seattle) Supreme Court. He withdrew it when the league decided to leave the franchise in Seattle.

The suit will be put back into effect Wednesday, the city corporation counsel said.

"We will pick up where we left off and move on," A.L. Newbould, the official said.

**INJUNCTION A THREAT**  
The suit asks a court order to prevent shifting the franchise to another city, and Newbould said a motion would be made Wednesday asking for a show cause hearing on why a temporary injunction against a franchise switch should not be issued.

AL owners decided Feb. 11 in Chicago to leave the Pilots in Seattle. They approved a \$650,000 loan to shore up the club for spring training.

The Pilots drew only 677,944 fans in an inadequate ball park last season. A bond issue has been approved for a \$40 million domed stadium but Uhlman says any shift of the franchise would spell the doom of the facility.

Some \$10 million has already been spent in planning for the stadium, and Uhlman said previously that suits would be filed to recover the money if the Pilots were packed off to another city.

Seattle's ticket sales have lagged and this may be one reason why some AL owners have had second thoughts about keeping the Pilots in Seattle, where losses for the entire season could reach \$1.7 million.

Even though the Tampa meeting was called off, an unofficial session—hastily summoned in a series of 5 a.m. telephone calls Tuesday—was held at nearby Sarasota. An AL spokesman said Seattle's problems were discussed but he insisted that no official decisions were made.

batter, Andy Gamboa. Gamboa lashed a triple past Tony Boxell in deep right that enabled Roddy Caffey and Roger Dixon to scoot home.

Big Spring hurlers didn't give up an earned run but Permian struck for tallies in the second, third and seventh rounds that swung the issue.

David Hanson started Big Spring's rally in the seventh with a single but was forced by Roger Dixon. Riley Falkner then followed with a one-baser to set the stage for Gamboa's three-baser.

Big Spring outhit the visitors, 4-3, Gamboa collecting two of the safeties.

Each team used three pitchers. Boxell, who worked the first four innings on the rubber for Permian, got credit for the win while Jimmy Farris was saddled with the loss. Farris had his curve ball working well but he had trouble finding the

plate with his fast one. David Englert and Dave Duncan followed on the mound for Big Spring and were quite effective.

The defeat was the second in two starts for Big Spring. Permian is currently 1-1.

The teams clash again in Odessa Friday. The Longhorns will play a doubleheader here Saturday against the 4-AAA favorite, Lubbock Monterey. The first contest gets under way at 1 o.m.

Big Spring had numerous chances to score before it finally broke through Tuesday but couldn't deliver the big hit. The Steers left seven runners stranded.

## Jets' Sale Is Assured

NEW YORK (AP) — Only formal approval of the National Football League is needed for completion of the sale of the New York Jets, a team official says.

"Details have been worked out and now it's up to the league directors at the meeting in Honolulu next week," Townsend Martin, Jets board chairman, said Tuesday.

The annual meeting of professional football's owners starts Monday in Hawaii.

A syndicate headed by Steven J. Ross, Kinney National Services president, and including Alie Sherman, ex-head coach of the New York Giants, is the reported purchaser of the Jets. The price tag is about \$21 million, said a pro football source, who confirmed that the sale was on the agenda for the Honolulu sessions.

# Plains One Of Top Teams In Tourney

Trophies for the March 13-14 seventh annual Cap Rock High School Girls' Volleyball tournament are being furnished by nine business concerns and the sponsoring organization, the Women's Recreation Association of Howard County Junior College.

The 12-team meet gets underway at 1 p.m. Friday and will be in three and four game sessions through Saturday night.

Firms donating awards included Cap Rock Electric Cooperative, Phillips Tire Company, Jimmy Jones Continental Service Station, Jack & Jill Kindergarten, Hemphill Wells, Swartz, Dibrell's Sporting Goods, Jones Construction Company and Ward's Boot, Saddle and Western Wear.

Twelve all-tournament selections will be announced at the conclusion of the tournament, along with the outstanding set and spiker and the most valuable player. In addition, a tournament queen—chosen on looks and demeanor—will be crowned and a team sportsmanship award will be made.

Admission prices will be \$1 per session to adults and 50 cents per student. Tournament tickets will be available, however, at \$4 for adults and \$2 for students. Those interested can contact either Wanda Ferguson or Anna Smith at the college.

Both Monahans and Plains are coached by former HCJC players—Monahans by Janice Hudson and Plains by Wanda Armstrong. Plains opposes Sweetwater in opening round play at 4 p.m. Friday.

# Celts Eliminated In Cage Scramble

The New York Knicks clinched at least a tie for their first division title in 16 years, and watching sadly in the background for the first time in 20 years were the Boston Celtics.

Twenty years. It has been that long since Boston has missed the National Basketball Association playoffs.

Last season, the Celtics finished fourth, but went on to win their 11th NBA title in 13 seasons. But when Bill Russell retired after the season, the handwriting was on the wall.

The last place Detroit Pistons, moving within only 1 1/2 games of Boston, dropped the final blow on the once-proud Celtics by edging them 115-112 Tuesday night in Detroit. The loss meant Boston can finish no better than fifth in the eastern division with only the first four teams making the playoffs.

At the same time, the Knicks closed in on the Eastern title by walloping the Seattle SuperSonics 117-99 while second place Milwaukee dropped six places behind by losing to the Atlanta Hawks 140-127.

## Coach Of Year

COMMERCE, Tex. (AP) — Marshall Brown, coach of Lone Star Conference basketball champion Stephen F. Austin, has been named Coach of the Year. Brown's Lumberjacks were 27-0 going into the NAIA national championship tournament in Kansas City.

ahead of Los Angeles in the Western Division race as the Lakers kept pace with a 106-104 squeaker over San Francisco.

In the other NBA game, Chicago, battling Phoenix and Seattle for the remaining two playoff spots in the West, downed San Diego 111-106.

In the American Basketball Association, Kentucky stopped Miami 128-120 and Dallas beat Denver 124-118.

Detroit blew an 82-62 lead as the Celtics rallied to within 100-98, but an 11-2 spurt clinched the victory for the Pistons as Dave Bing finished with 26 points.

The Knicks overcame a 54-53 halftime deficit by outscoring Seattle 35-20 in the third period as Cazzie Russell hit 14 of his 30 points.

Lou Hudson scored 36 points and Joe Caldwell 30, offsetting a 40-point effort by the Bucks' Lew Alcindor. Atlanta broke a 71-all tie and never trailed again.

Jerry West's 25-foot jumper with two seconds to play gave the Lakers their victory over the Warriors and capped a tremendous second half shooting display by the league's leading scorer. West collected 33 of his 42 points after the intermission.

Joe Ellis kept San Francisco in contention with 24 points and Jerry Lucas contributed 28 rebounds.

Chicago's 34th victory, the most since it obtained a franchise in 1966, pulled the Bulls into a virtual third place tie with idle Phoenix. Bob Love's three baskets highlighted a run of eight straight points for a 79-69 lead that put the game away.

AL owners decided Feb. 11 in Chicago to leave the Pilots in Seattle. They approved a \$650,000 loan to shore up the club for spring training.

The Pilots drew only 677,944 fans in an inadequate ball park last season. A bond issue has been approved for a \$40 million domed stadium but Uhlman says any shift of the franchise would spell the doom of the facility.

Some \$10 million has already been spent in planning for the stadium, and Uhlman said previously that suits would be filed to recover the money if the Pilots were packed off to another city.

Seattle's ticket sales have lagged and this may be one reason why some AL owners have had second thoughts about keeping the Pilots in Seattle, where losses for the entire season could reach \$1.7 million.

Even though the Tampa meeting was called off, an unofficial session—hastily summoned in a series of 5 a.m. telephone calls Tuesday—was held at nearby Sarasota. An AL spokesman said Seattle's problems were discussed but he insisted that no official decisions were made.

### Contests In Both Races At Colo. City

COLORADO CITY (SC) — Contests developed in both Colorado City's council race and the school board race, as filing closed for both governing bodies last week.

Five entered the council contest with three places at stake. They include incumbent Ed Piland, 31-year-old Colorado City druggist who has served on the council for two and a half years; Abel Alvarez, 28, Colorado Compress employe; J. O. Dockrey, 41, local auto dealer; Trevlyn Kelley, 36, banker; and Buck May, 42, service station owner. Of the five in the race, the three receiving the most votes will be elected.

Incumbents Dr. John Chinn, mayor, and R. J. Hoback, mayor pro tem, did not enter the race and following the election, the council will select a mayor and mayor pro tem.

The school board for the Colorado Independent School District will seat two of three candidates. Both incumbents, Ed Thrift, 37, and A. K. McCauley Jr., 46, are candidates. Thrift owns a downtown department store and McCauley is a farmer. The other candidate is insurance man Willis Taylor, 35.

The school board election will be held April 4th, the Council election April 7th.

### Easter Break Extended, Band Trip Is Opposed

Trustees Tuesday night voted to lengthen the spring vacation by two days, and heard opposition to the school band trip set for May 7-10.

The school calendar set March 27-30 for the spring vacation and provided two days to be used as insurance against any days lost due to bad weather, with the understanding that if the two days weren't used, they would be added to the spring "break."

Supt. S. M. Anderson said it was preferable to have classes dismiss March 24 and resume March 31 because of nine weeks exams which are scheduled the first several days of April. The nine weeks is scheduled to end April 3.

The Rev. Pat Bullock, Crestview Baptist Church, and the Rev. Charles Coy, Phillips Memorial Baptist Church, asked trustees to check into changing the time of the annual band trip.

The band is scheduled to leave Thursday morning, May 7, for Fort Worth where they will present a concert at Texas Christian University. The band members will also go to Dallas before returning to Big Spring, Sunday, May 10.

The Rev. Bullock said that about 30 local churches are sponsoring a crusade the week of the band trip.

"This is a crusade for all denominations, planned to combat the drug problem in Big Spring," Bullock said the school calendar had been checked and found clear in setting the crusade for the first week in

May, "but apparently we checked the wrong calendar." "We don't want any of the young people to miss it, but we have invited a speaker who is due to leave for Hong Kong after the crusade here, and we can't postpone it," Bullock said. "We have several youngsters who are in the band, but they don't want to miss the crusade. We don't want them to feel they might be penalized for missing the trip in order to stay here," he said.

"We think this crusade is important or we wouldn't be here. We hear that the drug problem is increasing again, and we think our crusade might be helpful," he said. The crusade has meetings scheduled nightly in the amphitheater in Comanche Trail Park from May 2 to May 8.

Bullock said that he had not had an opportunity to talk with Bill Bradley, band director about changing the trip.

Trustees Roy Watkins, Jack Alexander and Mrs. R.B.G. Cowper all said they didn't think they could deny permission for the band trip, but asked Anderson to check with Bradley about changing the dates if possible.

"It's a pretty worthy thing they are doing," Watkins said, referring to the crusade.

"The number involved in both the band trip and the crusade may not be so large that Bradley would object to them staying here and missing the trip and concert," Lynn Hise, assistant superintendent for instruction said.

### Youths Work, Stay In School

February was a noteworthy month for Webb AFB and five youths from Howard County Junior College who accepted employment here under the federally sponsored stay-in-school campaign.

The program is designed to encourage youths to continue or to resume their education. Based on the realization that many young people must withdraw from school for financial reasons, the stay-in-school campaign provides part-time employment to youths as a means of letting them continue their education.

Air Training Command approved Webb's participation in this program in January with authorization for the part-time employment of five students. Warren A. Farrow, civilian personnel officer, coordinated with Howard County Junior College and Big Spring High School to obtain the students.

The following young men are employed at Webb AFB while continuing to pursue their education: Thomas F. Porter, field maintenance welding shop, freshman, biology education major; Charles C. Barnes, field maintenance electric shop, freshman, architecture major; Randall I. Fate, field maintenance aerospace ground power shop, freshman, liberal arts major; Doyle E. Mann, field maintenance propulsion shop, freshman, mechanics major; and Robert G. Thompson, civil engineering drafting shop, freshman, architecture major.

### Ted Ferrell Announces For Trustee

Ted Ferrell today is making formal announcement of his candidacy for the Board of Trustees of the Big Spring Independent School District.

Ferrell has lived in Big Spring 15 years, moving here from Stamford in 1955. He and his wife Rosemary live at 519 Hillside with their two sons; Rodney, a seventh grader at Goliad Junior High, and Brian, a fourth grader at Park Hill.

He has been self-employed as an independent insurance agent for the past five years. He is a past president and currently serving as director of the Big Spring Junior Chamber of Commerce.

He is past secretary and treasurer of the Big Spring Life Underwriters Association, a member of the Big Spring Chamber of Commerce, and served as an officer of the National Little League for the past three years. He and his wife are members of the Park Hill PTA.

"I have one motive in seeking this position as trustee," Ferrell said. "This is to serve the people of my community, as the people of my community are responsible for the success I enjoy."

### Classes In Lamar Reopen For Some

LAMAR, S.C. (AP) — School Supt. Cliff Severance says he expects attendance at the reopened Lamar school complex to climb steadily "as parents become convinced that their children will not be in any danger."

Classes at the combined high and elementary school, closed after white adults protesting racial integration touched off a melee March 2, were resumed

Tuesday with more than 200 state troopers and National Guardsmen encircling the campus.

But of 1,056 pupils, only 76—52 blacks and 24 whites—reported to their teachers.

Two small groups of white adults continuing the integration protest marched toward the campus, but they were turned back without incident by troops in riot gear.

### At Least 135 Reds Killed

SAIGON (AP) — American forces moving through the jungles along the Cambodian border northwest of Saigon battled North Vietnamese troops Tuesday in some of the sharpest fighting U.S. troops have experienced in months.

The U.S. Command reported that men of the 11th Armored Cavalry Regiment, the 1st Air Cavalry Division and supporting aircraft killed at least 135 enemy soldiers in two major clashes and several smaller actions.

Eight Americans were killed and 26 were wounded in these actions, the command said, while 11 more Americans were killed in a ground attack at the northern end of the country and in a helicopter crash.

The biggest battle occurred four miles southwest of Loc Ninh and four miles from the Cambodian border, after a reconnaissance team from the 11th Armored Cavalry left its vehicles and set up an ambush in a grove of rubber trees early in the morning.

The Americans sprang the ambush and killed an enemy soldier, then followed blood trails out of the rubber grove to a small hill in the jungle. There an estimated battalion of North Vietnamese was holed up in a bunker complex on top of the hill.

The reconnaissance team called in reinforcements.

A search turned up 47 enemy bodies, and five North Vietnamese were captured, field reports said. Six more enemy troops were reported killed by helicopter gunships.

One source said 35 more North Vietnamese were killed by helicopters during the battle, but that report could not be confirmed.

South of that action, in eastern War Zone C two miles from the border, another unit from the 11th Armored Cavalry engaged an enemy battalion while

moving out to investigate a suspected bunker complex. The enemy fired on the unit's tanks and armored vehicles with anti-tank recoilless rifles, rocket grenades and 82mm mortars, the U.S. Command reported. It said 32 of the enemy were killed.

The 1st Air Cavalry Division reported that its helicopter gunships killed 26 enemy soldiers later in the day about a mile from border in an area between the first two battles.

### Identical Twins In Medicine

VERNON, Tex. (AP) — Dr. James A. Griswold and Dr. Edward H. Griswold, identical twins, practice medicine here.

James has an office in the Herring National Bank Building and has been admitted to the staff of Wilbarger General Hospital.

Edward is a member of the staff of the Vernon Center of the Texas Department of Mental Health and Mental Retardation.

### Oarsman Crosses Atlantic For Drink Of Water

ANTIGUA (AP) — Sidney Genders, who crossed the Atlantic alone in a rowboat, quipped, "I only came to Antigua by accident, really. I came only for a drink of water."

The 51-year-old Briton said that after a rest he would continue his journey to the United States—"Miami or one of those places."

Genders set out from England last September and stopped at Christmastime at Las Palmas in the Canary Islands.

He left there 74 days ago, using a school atlas as a chart and dried fruit as his main diet, and landed in Antigua Tuesday. He has traveled about 3,200 miles and still has about 1,000 miles to go.

John Fairfax, a 32-year-old Briton, became the first single-handed oarsman to make the east-west crossing of the Atlantic when he landed in Florida last July after a 182-day crossing from Las Palmas.

### Big New Tower

ARCHER CITY, Tex. (AP)—Archer City's new 250,000-gallon water storage tower went into operation March 1.

### LEGAL NOTICE
