## POLICE IN VIRGINIA USE DOGS TO HELP EVICT 100 STUDENTS

# Violence Continues On Some Campuses To Protest War, Deaths

By The Associated Press

Ohio University students broke windows and set small fires on campus and in downtown Athens for two hours early today after shouting down an attempt by university President Claude W. Sowle to address a protest rally.

Police battled the rock-throwing demonstrators with tear gas in the latest outbreak of violence during a nationwide wave of student strikes and demonstrations protesting the Indochina war and the killing of four Kent State University students.

**SUSPENDED SEVEN**

Up to 3,000 students at the 19,500-student Ohio University had demonstrated peacefully until Wednesday when Sowle suspended seven students whom he accused, without elaboration, of being threats to the security of the university.

"I am dedicated to the idea that this simply can't be another Kent State or Ohio State" where students closed their uni-

versities," Sowle said.

During the disorders, eight students were arrested and an auxiliary police officer was injured by a rock thrown through a window of his cruiser.

The student strike information center at Brandeis University in Waltham, Mass., reported 267 colleges and universities were on strikes of indefinite length. The center reported 286 schools on strike Tuesday.

**COPS USE DOGS**

A nationwide sampling

showed 14 schools officially closed.

The White House announced that President Nixon's daughter Julie and her husband, David Eisenhower, have decided not to attend their graduation exercises at Smith and Amherst colleges. Antiwar protests have been going on at both schools.

President and Mrs. Nixon had indicated they wanted to attend Julie's graduation from Smith, scheduled May 29.

The two young people decided

not to return to their campuses at all. A spokesman said both have good enough grades to receive diplomas without further exams.

Police in Blacksburg, Va., used dogs to help in evicting about 100 war protesters from a building they had occupied overnight on the campus of 9,500-student Virginia Polytechnic Institute.

**DANCED IN STREETS**

Later, 200 state troopers formed a ring around the home

of the institute's president, Dr. T. Marshall Hahn Jr., to hold off a crowd of 1,250 students who demanded amnesty for those arrested.

In Ypsilanti, Mich., students from 14,500-student Eastern Michigan University broke glass and furniture on campus despite a state of emergency declared by Gov. William Milliken Tuesday after two rights of violent demonstrations.

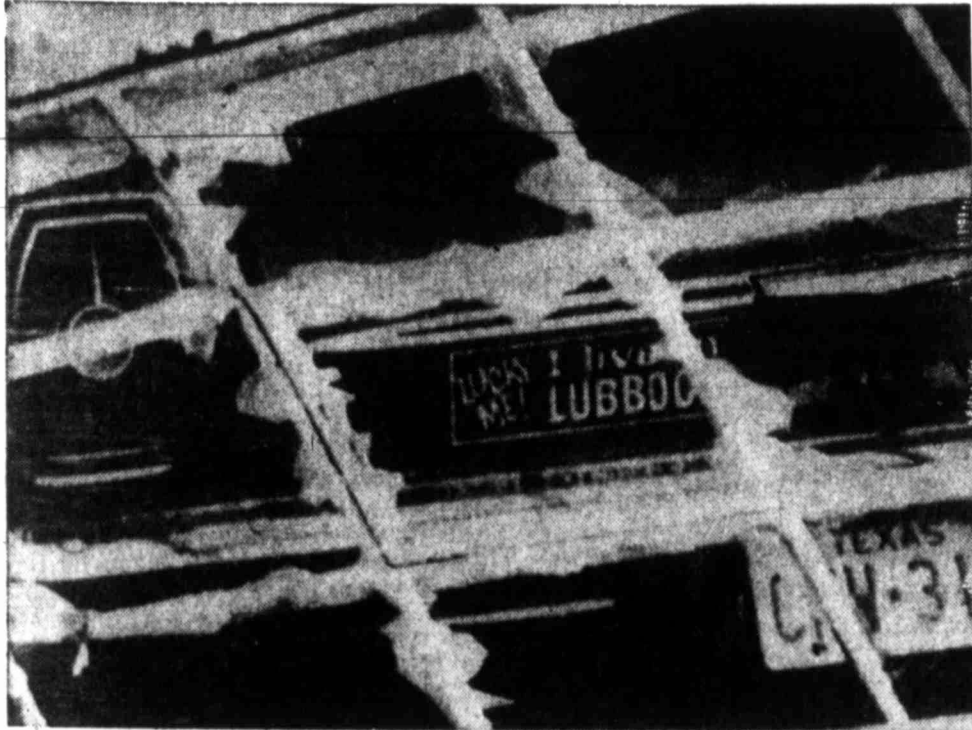

There were 15 to 20 arrests. Gov. Richard B. Ogilvie re-

dered 1,100 Illinois National Guardsmen into Carbondale because of continued turmoil at the 26,000-student Southern Illinois University.

Although some students had urged the school to remain open, thousands of students sang and danced in the streets when it was announced the university would close for an "indefinite time."

**ADULTS MARCH**

In Hartford, Conn., about 100 (See Violence, Page 2-A, Col. 1)

OH YEAH! — The owner of this auto, crushed under the walls and roof of a garage smashed by the tornado that roared through the city Monday night, may have some second thoughts about the sticker on his car proclaiming his admiration for Lubbock.

## Ravaged City Death Toll Climbs To 21

LUBBOCK, Tex. (AP) — The vital signs of this South Plains city pointed toward recovery today, despite lingering anxieties over the fate of a downtown skyscraper crippled by a killer tornado.

Although death and damage figures mounted in tragic tandem, crews working around the clock restored much of the city's stricken power, water and communications capacity.

Hundreds of National Guardsmen and state police virtually eliminated the looting threat and the national disaster declaration by President Nixon freed unspecified federal funds to aid victims of the devastated area.

Besides this ravaged city of 170,000, the Plainview-Carendon area battered by twisters in mid-April will benefit from the Presidential decision.

**MANY HOMELESS**

The death toll from Monday night's tornadoic fury stood today at 21, while official damage estimates slipped past the \$100 million mark.

Unofficial sources said losses could approach \$200 million dollars.

The storm, punctuated with fierce winds, left more than 350 injured, thousands homeless and staggered the city's tallest structure, the Great Plains Life building.

Despite some disagreement, a city official said the modernistic, 20-story building appeared structurally sound.

Fewer than 100 persons were still hospitalized, officials said, but the storm claimed its 21st fatality Wednesday. Reese Air Force Base Hospital identified the victim as Mrs. Ola Belle Hatch, 77.

## RELIEF WORK CHALLENGE

The local Salvation Army unit, whose officers, Lt. and Mrs. Joseph E. Saint, are working to help storm victims in Lubbock, faces a financial challenge to help carry on relief work.

Lt. Saint called Wednesday from Lubbock and said he and his wife have been in the scene since shortly after the tornado struck, working continuously with a mobile food unit.

This effort must be financed, he said, and he invited contributions. Checks may be made to Salvation Army, Lubbock Relief, and mailed to the Army at P.O. Box 1248, or left at the Citadel, 308 Aylford.

## Warrant Issued Three VA Officials Gunned Down

DANVILLE, Ill. (AP) — Police are seeking a former mental patient who they say returned to the vast hospital complex where he had been confined, fatally shot three officials and wounded a fourth.

The rampage Wednesday lasted 20 minutes, with the killer stopping at five buildings and leaving victims in four of them as he drove through the sprawling 265-acre Veterans Administration Hospital in a stolen car.

A murder warrant was issued for Coleman G. Gish, 45, formerly of Buda, Ill., who was released from the hospital two years ago.

All four victims were shot while standing behind desks, talking on the telephone. All but one was shot in the head.

One of the victims, the Rev. Gerhard Leverenz, 55, hospital chaplain, was found alive 15 to 20 minutes after he was shot but died near Crawfordsville, Ind., en route to an Indianapolis hospital.

Dr. Roger Arnold 55, director of psychiatric services, was shot in both shoulders while he was talking on the telephone in his office, but survived.

W. Dale Cooper, 45, director of volunteer services, was believed to be the first victim. He was on the telephone with his wife when the gunman entered. Mrs. Cooper said her husband paused in his conversation and then she heard a shot. She immediately alerted the hospital switchboard.

# Blast From Cop's Riot Gun Killed Peacemaker

## Accepts Blame, Ruled Accidental

SANTA BARBARA, Calif. (AP)—A 31-year-old policeman says it was an unintentional shot from his riot gun which killed a student peacemaker during antiwar violence last April at nearby Isla Vista.

"I was the one responsible for Kevin Moran's death," David Gosselin, a five-year veteran of the force, told a coroner's jury Wednesday.

After hearing Gosselin's account and testimony by a state ballistics expert that the riot gun's safety was defective, the jury ruled that the death of Kevin Patrick Moran, 22, was accidental.

Moran, the eldest of 10 children of Mr. and Mrs. Malachy Moran of Saratoga, Calif., was defending a Bank of America branch in the student-populated community from firebombers when he was shot April 18.

Moran was on the steps of the bank, urging nonviolence to a rock-throwing mob, as fellow students were extinguishing a firebomb inside.

Gosselin said he arrived in a dump truck used as an assault vehicle.

"I ran toward a second dump truck, leaned across the front fender and was sighting the scope of my rifle. I was there to provide cover for other officers arriving in five other trucks," said the 6-foot-3 Navy veteran

and onetime demolition expert.

"My first impression was that those on the porch of the bank had been caught and were giving up.

"I had my gloved right hand between the trigger and the trigger guard . . .

"At the time it did discharge I couldn't believe it. I was consciously sure the weapon had fired. But subconsciously I didn't want to believe it . . .

"I had never consciously taken the safety off, and I don't believe I would subconsciously do it."

Gosselin said he then heard a boy on the porch of the bank say that someone had been shot.

"I lay against the fender trying to compose myself," said Gosselin.

"I remember going back to the truck. Then I went into a clump of trees and lay on the ground . . . Just lay there. Many things went through my mind. I can't describe them.

"To prove . . . to make me realize it was my weapon, I opened the bolt and removed the spent cartridge from the chamber. And that was when I convinced myself."

Moran, struck in the right pelvic area, died of wounds from a .30-06 bullet that severed an artery and caused massive hemorrhaging.

INDUSTRIAL CONTRACT — R. J. Phillips, president of Intech, and Don Womack, president of the Big Spring Industrial Foundation (left), sign the contract for the new industrial plant here. Looking on are Paul Thayer, president of LTV Aerospace (right); Paul Meek, (center) president of the Chamber of Commerce; and standing behind them, from left, Norman Shahan, Tom Rudd, and Frank Glenn.

## Foundation Inks Pact With Intech During Gala

It's now official.

During the "Blast Off Big Spring Gala" party Wednesday evening, officials of the Big Spring Industrial Foundation and International Technovation (Intech) signed the contract that firms up a new industrial plant for the city.

Don Womack, president of the Foundation, and R. J. Phillips, president of Intech, signed the contract with three pens, before a crowd of more than 400 at the Cosden Country Club.

"We checked eight communities and liked this one best," Phillips told the assembly. He was introduced by Robert W. Whipkey, emcee for the program, who described Phillips as "a hard bargainer, a go-getter."

Paul Thayer, president of LTV Aerospace division, told the crowd that "We've opened a lot of plants, but I can't remember any place where we

have had this kind of welcome." He saluted Paul Meek, Chamber president, as being "pretty persuasive."

Members of the LTV and Intech official party were clad in the traditional space suits with specially lettered space caps. For fun, they were put in the isolation unit outside the club prior to the celebration.

In welcoming the residents, Whipkey traced the city's industrial effort back to the Indians who urged a "white-eye" to go into the buffalo business. He commended the Industrial Foundation for its efforts, introducing Womack, who pointed out that it takes a lot of people doing a lot of work to attract industry.

In the local effort, he particularly pointed out the efforts of the Big Spring City Commission, the pledge committee headed by Marvin Miller, the office works done by Tom

Eastland and the Chamber of Commerce staff and the local lending institutions.

Whipkey introduced Paul Meek, saying he had the qualifications for a Chamber of Commerce president: vision, arm-twisting ability, and gall. Meek then introduced other members of the Intech team and their wives: Mr. and Mrs. Bob Reiser, Mr. and Mrs. Lel Medford, Mr. and Mrs. W. O. Turney, Mr. and Mrs. Frank Glenn, Mr. and Mrs. Norman Shahan, Mr. and Mrs. Tom Rudd, Mr. and Mrs. C. B. Franklin, and Mrs. Phillips.

A space age theme was developed for the party and the buffet items had space age names. Entertainment included several musical groups and two comedians. Clever decorations were arranged by Mrs. Harold Davis, Chamber vice president, Mrs. Lois Davis, Mrs. Don Wiley, Mrs. Morris Robertson.

## HCJC Graduates Largest Class And 1,000th Student

The largest class in the history of Howard County Junior College — including the 1,000th graduate — was awarded associate degrees at the 24th annual commencement program today at 10 a.m. in the college auditorium. There were 101 graduates, 78 accepting degrees personally, 23 graduating in absentia.

Col. Anderson W. Atkinson, Wing Commander of Webb Air Force Base, told the graduates to "pick a goal and vocation, and start in that direction."

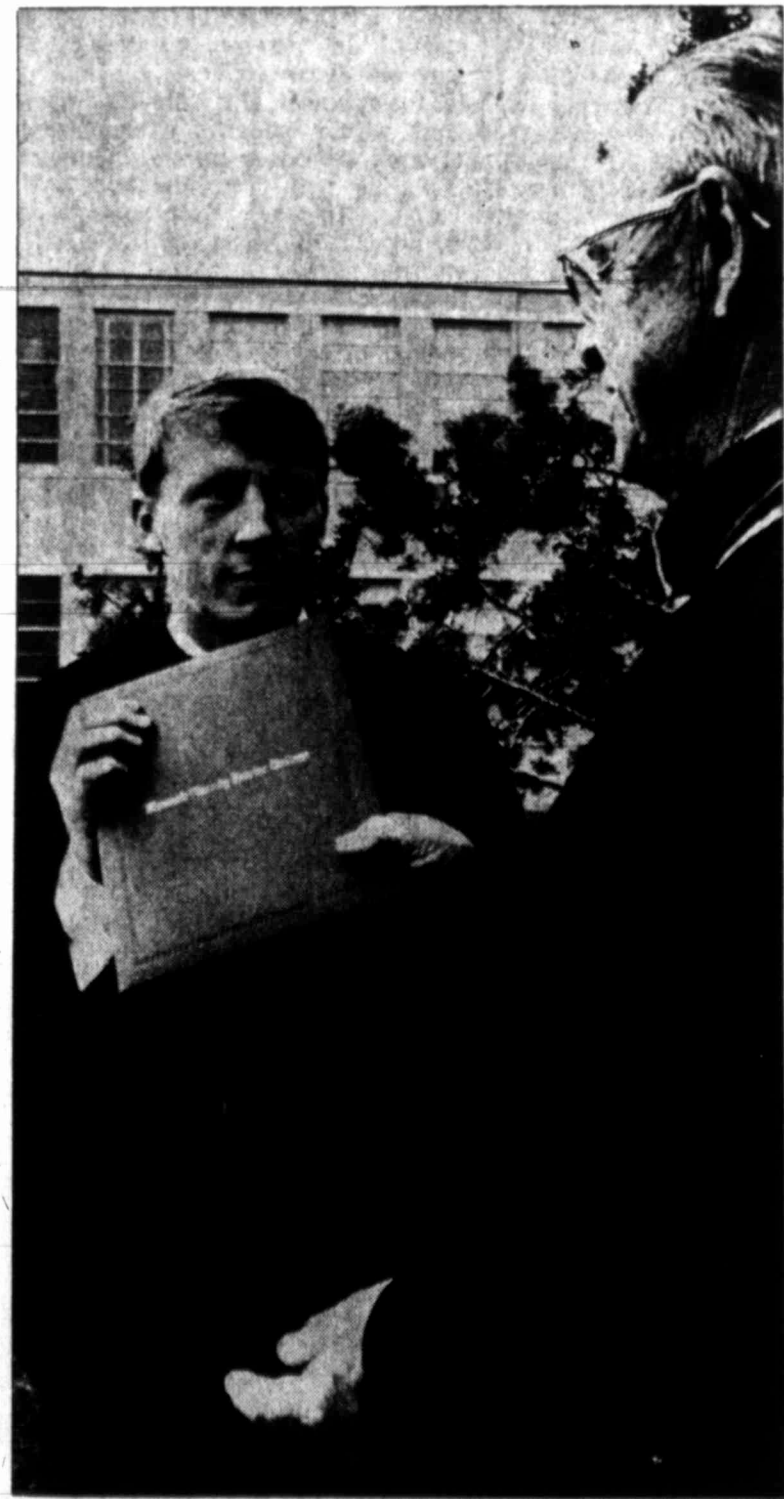

"If you are not sure what you want to do, pick what you dislike the least, and motivate toward it. If you change your mind later, you likely will be traveling in the right direction."

Col. Atkinson gave a brief history of the military, from the founding fathers to Nixon's administration, stating that the military is proud to be administered by elected officials. On the current Asian conflict, he said that the Vietnamization should be successful — it will take time, but he is hopeful the

American people will allow it to be completed to prevent the first American military defeat.

"I am relieved that the situation is out in the open," he said on the subject of Cambodia, "for North Vietnam has been in Cambodia for years, and we certainly were not the one to violate the neutrality zone."

Ben F. Johnson, academic dean, was master of ceremonies and presented the candidates. (See HCJC, Page 2-A, Col. 7)

1,000th GRADUATE—George E. Rawson made history when he accepted his degree this morning from Dr. W. A. Hunt, president of Howard County Junior College. He was the 1,000th student to graduate from the college in the 24 years of its existence here.

adults marched from the Old State House to the State Capitol to call for an end to the Indochina war this year. They carried a sign saying, "Peace is too important to leave to the kids."

The group, made up of business and professional people, was joined by another 200 adults during the march.

R. Channing Barlow, assistant vice president of the Hartford Insurance Group, told the gathering, "We are hopeful that today can be recorded as a solemn commitment against United States involvement in Vietnam. This marks the first time a group such as this has seen fit to leave its offices, laboratories and chambers."

Across from the White House, in Lafayette Park, some 50 students from Westminster Choir College in Princeton, N.J., holding aloft a banner reading, "Singers for Peace," sang their especially composed "peace anthem."

At Washburn University in Topeka, Kan., plans were announced for a rally in the football stadium Friday to be called "College Appreciation Day" to express thanks for education.

Atty. Gen. John N. Mitchell met with some 100 Philadelphia area students at his Washington office and told them youth unrest is "a good thing."

### SHORT CUTS

Four professional barbers went to San Jose, Calif., State College and shaved off student beards and gave short haircuts for free.

### CHURCHES SEND VAN LOAD TO HELP LUBBOCK

A loaded van, containing 16,000 pounds of groceries, clothing and furniture left here today for Lubbock, where the assistance will be distributed from the Monterey Church of Christ to needy victims of the Monday tornado.

Members of local and area churches of Christ contributed to the van load, and Morehead Transfer and Storage donated the use of a truck to make the trip.

It left about 1 p.m. today, and was driven by Jimmy Morehead.

Churches in Big Spring, Sterling City, Stanton and Colorado City pitched in to help fill the large van.

### Jerry Allen Wins Wheat's Contest

Winner of a special La-Z-Boy contest recently conducted by Wheat Furniture & Appliance Company is Jerry B. Allen, Route 1, Big Spring, the company has announced.

# School Cost Study Meeting

The "Committee of 18" special interim Legislative group now working on a new formula for dividing financial responsibility between the state and local school districts, will hold its first public hearing in Austin, May 2 at 9 a.m. at the Texas Education Agency building.

Among those in this area on the panel are Gerald B. Swadlow, San Angelo superintendent. State Sen. W. E. Snedden, Midland, Rep. Renal Rossen, Snyder.

Any Big Spring resident is eligible to enter the contest by calling the chamber offices or stopping by to fill out an entry blank, she said. Entries will be accepted through Friday, Mrs. Bouillon said.

The contest has five categories divided according to the size of the yard and one special feature category in which almost any single feature in a yard is judged alone.

## Garage Sale

Cub Scout Pack 137, at Washington Place School, will hold a garage sale Saturday at the College Park Shopping Center, near the fountain, from 10 a.m. until 5 p.m.

## Welcome Veterans Civitans Honor Three

Three returning veterans will be honored Friday by the Civitan Club in a luncheon in the Downtown Tea Room.

The recognition is part of Mayor Arnold Marshall's project to welcome returning veterans to Big Spring. The men will be presented with framed letters from the mayor.

The veterans are Eddie Covington, 1313 Harding, Johnny W. Thomas, 708 E. 17th, and Eddie D. Thomas, 1209 Sycamore.

Covington, son of Mr. and Mrs. E. B. Covington, was discharged April 10 after three years and nine months in the Navy. He was based in Japan and sailed to Vietnam and other ports in the Far East. He is a graduate of Big Spring High School and attended Howard County Junior College. He is employed by Safeway.

Johnny Thomas is the son of Mrs. E. Dorothy Thomas and is a graduate of Big Spring High School where he played baseball. He attended HCJC. During his three years and eight months in the Navy he was based in San Diego and the Philippines in administrative-type work. He is employed by the city as a meter reader in the water department.

Eddie Thomas was a graduate in Jayton, but he is a born in Big Spring High School and attended HCJC. He was discharged after three years and eight months in the Navy. He was stationed in Jacksonville, Fla., and worked in radio central. He and his wife, Margaret,

## Trailer Burned

A trailer house owned by A. K. Turner Jr., Coahoma, received heavy fire damage Wednesday night before Coahoma firemen could extinguish the blaze.

Howard County Deputy Sheriff S. K. Roberts noticed the fire as he was patrolling FM 821 and notified the firemen. Cause is unknown.

## Mrs. Roberson On City Hall Staff

Mrs. Lucie Roberson has been employed as secretary to the inspection department at city hall to replace Mrs. Donna Rogers, who resigned two weeks ago.

Mrs. Roberson moved to Big Spring with her husband Robert and twin boys, Ron and Don, age 10, in August of last year from Lamesa.

Roberson is an accountant here and the two boys are in school at Forsan.

Mrs. Roberson said she has lived in Big Spring "longer than anywhere else" and calls it her hometown. She was secretary to the manager of the Texas Electric Service Co. office in Lamesa.

The Robersons now live at 4300 Connally.

## George Rawson Receives College's 1,000th Degree

George E. Rawson, member of the 1970 HCJC graduating class, had the distinction of being the 1,000th graduate of the institution. He received his degree at the 24th annual commencement this morning from Dr. W. A. Hunt, president of the college.

The first degrees were awarded by Howard County Junior College in 1947 when the first class of eight received their diplomas. Today the class had 101 students, and Rawson was number 1,000 in line of presentation.

A native of Somerville, Mass., he was graduated from Burlington High School, Burlington, Mass., in 1964 and his parents, Mr. and Mrs. M. J. Rawson, reside there now. Upon high school graduation, he went into the Air Force and was stationed at Webb AFB where he met and later married Bessie Merle Coates, a native of Big Spring, and daughter of Mr. and Mrs. Ralph L. Coates, Coahoma. While in the service, Rawson served in Thailand.

He enrolled at HCJC in September, 1968, and during his two years, has obtained an overall average of 3.33, and was named to the honor roll each semester.

His plans are to enter the University of Texas in the fall as a political science major, and then obtain a law degree. He is employed with Morehead Transfer and Storage while attending college at HCJC. He and his wife reside at 607 Saunders, Coahoma.

## HCJC

(Continued from Page One)

The degrees were awarded by President, Dr. W. A. Hunt and K. H. McGibbon, president of the board of trustees.

During the presentation of the graduates, George E. Rawson was announced to be the 1,000th graduate of HCJC. Prior to this commencement, 940 degrees had been conferred.

Linda Jean Massey, daughter of Mr. and Mrs. D. L. Massey Jr., 3203 Auburn, was valedictorian, making a 4.00 average which is an A grade in every subject for four semesters at HCJC. A graduate of Big Spring High School, Miss Massey is a member of Phi Theta Kappa, national honorary fraternity, and was named to Who's Who in American Junior Colleges. She also received the outstanding citizenship award for 1970 from the American Legion Post 355. Her future plans are to attend West Texas State University and later teach business education at the high school level.

Salutatorian for the class of 1970 is Billy J. Cook, son of Mr. and Mrs. Jack Cook, Garden City. He achieved a 3.99 average for his four semesters at HCJC. A graduate of Garden City High School, he is a member of Phi Theta Kappa, named to Who's Who in American Junior Colleges, was outstanding student on the Jayhawk staff, received the 1970 outstanding citizenship award by the American Legion, and has a 3rd Class Radio Operators license. He plans to attend the University of Houston, and later the College of Optometry.

Lucia Taylor, member of the graduating class, sang "Eternal Life" accompanied by Mrs. Mary Grenier, who also played the professional and recreational. Invocation was by E. L. Kelly and benediction by Martin Landers, both faculty members.

Ushers were Patricia Billings, Wanda Mesmer, Debra Welch, Laura Wylie, Gary Johnson and Donald Nash.

The following degrees were awarded:

# Prayer Call Slated Friday

A call to prayer at 7:30 p.m. Friday in the First Baptist Church has been sounded by a number of ministers and laymen.

The call grows out of a series of prayer meetings following the youth crusade conducted last week at the City Park amphitheatre by young people of the Big Spring Baptist Association.

David Bailey, the evangelist, and Jerry Bernard, singer, for the crusade, have remained in the city and will be on hand for the meeting Friday evening.

Railey, in joining in the call for the meeting, said the purpose was to pray for revival in Big Spring and in the nation.

The meeting is a call to all Christians and not any one denomination.

## Candidates List Costs

Campaign expenditures filed by Democratic candidates in the June 8 second primary range from \$559.18 to \$960.23.

Raymond Hamby, candidate for Precinct 2 county commissioner, has spent the largest amount, and Jack Buchanan, candidate for Precinct 4 county commissioner, spent the least.

Bob Wheeler, Buchanan's opponent in the Precinct 4 election, has spent \$768.44, and Bill Bennett, opposing Hamby in the Precinct 2 contest, has spent \$590.37.

The two candidates in the runoff race for county judge were less than \$30 apart in their campaign expenses, with A. G. Mitchell spending \$669.49 and Hooser spending \$640.76.

Absentee voting in the second primary begins May 27 in the office of Mrs. Pauline Petty, Howard County Clerk.

## Confusion On Herbicides

Grain sorghum producers may be somewhat confused because of the number of preemergence herbicides and mixtures of herbicides available for application at planting time.

Each producer needs to evaluate his particular weed problem, planting method and soil type and plan accordingly, said Dr. Dudley Smith and Dr. Allen Wiese, weed control scientists at the Texas A&M University agricultural research and extension center at Lubbock and the USDA Southwestern Great Plains research center in Bushland.

In most instances the main weed problem is carelessweed. They point out that this is the species that robs the most profits in grain production. Wiese found that on grain yielding 4,000 pounds per acre and selling at \$1.50 per hundredweight, 200 weeds per acre will cost \$4.20 in reduced yields. With grain selling at \$1.75, this cost will be \$4.90 per acre. So, if weed control costs are less than this, a control program will be profitable.

More information on herbicides and weed control in grain sorghum may be obtained at the A&M Research and Extension Center at Lubbock or the USDA Research Center at Bushland or by contacting county agent Gross.

## Trailer Burned

A trailer house owned by A. K. Turner Jr., Coahoma, received heavy fire damage Wednesday night before Coahoma firemen could extinguish the blaze.

Howard County Deputy Sheriff S. K. Roberts noticed the fire as he was patrolling FM 821 and notified the firemen. Cause is unknown.

## Mrs. Roberson On City Hall Staff

Mrs. Lucie Roberson has been employed as secretary to the inspection department at city hall to replace Mrs. Donna Rogers, who resigned two weeks ago.

Mrs. Roberson moved to Big Spring with her husband Robert and twin boys, Ron and Don, age 10, in August of last year from Lamesa.

Roberson is an accountant here and the two boys are in school at Forsan.

Mrs. Roberson said she has lived in Big Spring "longer than anywhere else" and calls it her hometown. She was secretary to the manager of the Texas Electric Service Co. office in Lamesa.

The Robersons now live at 4300 Connally.

## Yard Judging Set Saturday

Entries in the May "Yard of the Month" contest, sponsored by the Chamber of Commerce Pride People, will be judged Saturday, Pride People Chairman Mrs. Ann Bouillon said this morning.

Any Big Spring resident is eligible to enter the contest by calling the chamber offices or stopping by to fill out an entry blank, she said. Entries will be accepted through Friday, Mrs. Bouillon said.

# George Rawson Receives College's 1,000th Degree

George E. Rawson, member of the 1970 HCJC graduating class, had the distinction of being the 1,000th graduate of the institution. He received his degree at the 24th annual commencement this morning from Dr. W. A. Hunt, president of the college.

The first degrees were awarded by Howard County Junior College in 1947 when the first class of eight received their diplomas. Today the class had 101 students, and Rawson was number 1,000 in line of presentation.

A native of Somerville, Mass., he was graduated from Burlington High School, Burlington, Mass., in 1964 and his parents, Mr. and Mrs. M. J. Rawson, reside there now. Upon high school graduation, he went into the Air Force and was stationed at Webb AFB where he met and later married Bessie Merle Coates, a native of Big Spring, and daughter of Mr. and Mrs. Ralph L. Coates, Coahoma. While in the service, Rawson served in Thailand.

He enrolled at HCJC in September, 1968, and during his two years, has obtained an overall average of 3.33, and was named to the honor roll each semester.

His plans are to enter the University of Texas in the fall as a political science major, and then obtain a law degree. He is employed with Morehead Transfer and Storage while attending college at HCJC. He and his wife reside at 607 Saunders, Coahoma.

## HCJC

(Continued from Page One)

The degrees were awarded by President, Dr. W. A. Hunt and K. H. McGibbon, president of the board of trustees.

During the presentation of the graduates, George E. Rawson was announced to be the 1,000th graduate of HCJC. Prior to this commencement, 940 degrees had been conferred.

Linda Jean Massey, daughter of Mr. and Mrs. D. L. Massey Jr., 3203 Auburn, was valedictorian, making a 4.00 average which is an A grade in every subject for four semesters at HCJC. A graduate of Big Spring High School, Miss Massey is a member of Phi Theta Kappa, national honorary fraternity, and was named to Who's Who in American Junior Colleges. She also received the outstanding citizenship award for 1970 from the American Legion Post 355. Her future plans are to attend West Texas State University and later teach business education at the high school level.

Salutatorian for the class of 1970 is Billy J. Cook, son of Mr. and Mrs. Jack Cook, Garden City. He achieved a 3.99 average for his four semesters at HCJC. A graduate of Garden City High School, he is a member of Phi Theta Kappa, named to Who's Who in American Junior Colleges, was outstanding student on the Jayhawk staff, received the 1970 outstanding citizenship award by the American Legion, and has a 3rd Class Radio Operators license. He plans to attend the University of Houston, and later the College of Optometry.

Lucia Taylor, member of the graduating class, sang "Eternal Life" accompanied by Mrs. Mary Grenier, who also played the professional and recreational. Invocation was by E. L. Kelly and benediction by Martin Landers, both faculty members.

Ushers were Patricia Billings, Wanda Mesmer, Debra Welch, Laura Wylie, Gary Johnson and Donald Nash.

The following degrees were awarded:

## Light Rain Dampens Area

Black thunderheads which moved in from the West late Wednesday afternoon caused a few jetday moments for Howard County residents with the memory of the Monday night tornado in Lubbock fresh in their minds.

Howard County was included in a severe weather alert, but the alert ended around midnight with no further cause for alarm. Light rain fell about the county, and in the northern half of the county some hail was reported.

Thunderstorms bounced across southern and central Borden County but did not produce much runoff Wednesday evening.

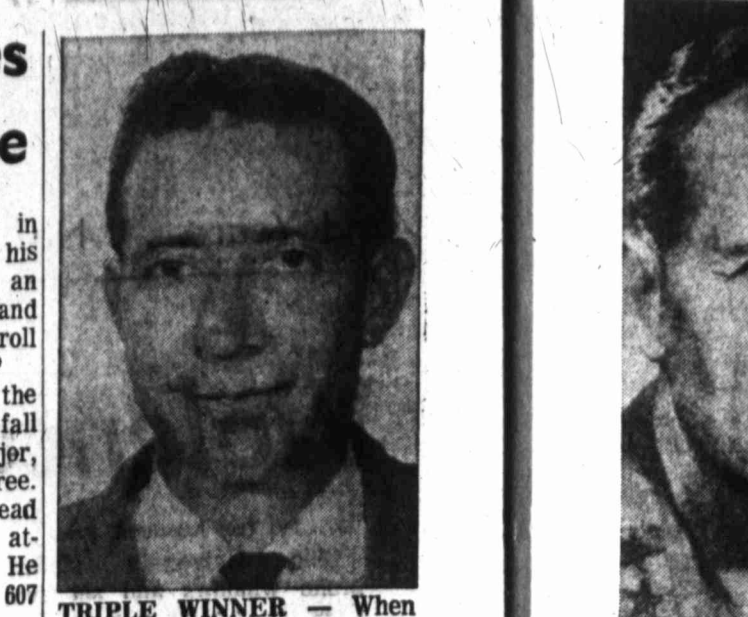

Lake J. B. Thomas gained only imperceptibly. At the Big Spring-Odessa intake, rain measured 1.6 inches, but at the dam it was one inch. The river was running slowly at the upper end of the lake, and Bull Creek channel above the diversion dam was trickling. There had been some reports of heavy showers the night before on upper reaches of Bull Creek, but appreciable flow has been reported just above the lake.

The catch at Lake Thomas amounted to .10 of a foot, said O. H. Ivie, general manager, and represented about 150 acre-feet (50,000 million gallons).

**KILLED IN ACTION** — Maj. Gen. John A. B. Dillard, commander of the U.S. Army Engineer Command in Vietnam, was killed Tuesday when enemy gunners shot down his helicopter. He was the sixth American general killed in action in the war.

## American Battlefield Deaths Spiral

SAIGON (AP) — Fighting in Cambodia and South Vietnam boosted American battlefield deaths last week to their highest level in more than eight months and South Vietnamese losses to their second highest in the war, official casualty summaries disclosed today.

The U.S. Command said 168 Americans were killed in action in Southeast Asia last week. It gave no breakdown for Cambodian and South Vietnamese operations.

The command also reported that through Wednesday 110 U.S. troops have been killed in Cambodian operations since they were launched April 29 to destroy North Vietnamese and Viet Cong base camps and supply depots used for staging attacks into South Vietnam.

South Vietnamese military headquarters reported that 863 government troops were killed in action last week.

Headquarters said nearly 400 South Vietnamese troops have been killed in Cambodia in the past two weeks, but like the U.S. Command gave no breakdown for the past week.

The U.S. and South Vietnamese commands claimed that allied forces killed 5,898 North Vietnamese and Viet Cong troops last week, the highest enemy toll in more than 14 months.

The commands said 6,212 North Vietnamese and Viet Cong troops have been killed during the 16-day offensive into Cambodian territory.

The South Vietnamese Defense Ministry announced that a new drive had been launched into Cambodia, 10 miles across the border from Pleiku Province in the central highlands.

A brief announcement said the new drive involved troops of the South Vietnamese 22nd Infantry Division, tanks and armored personnel carriers.

It is in the same general area where troops of the U.S. 4th Infantry Division are operating, about 50 miles west of Pleiku City. A task force of about 3,000 American troops had been originally committed to the operation, but about 1,000 were pulled out Wednesday.

In fighting Wednesday, South Vietnamese forces supported by U.S. helicopter gunships engaged the enemy at two points inside Cambodia south of the provincial capital of Svay Rieng, government headquarters announced.

The South Vietnamese military command claimed that its forces killed 199 of the enemy and seized 168 weapons and hundreds of mortar and rocket rounds. The battles raged all day Wednesday five miles south and 15 miles southeast of Svay Rieng, which is 30 miles west of the border on Highway 1.

The command said 18 South Vietnamese soldiers were killed and 63 wounded, but gave no other details of the action.

The U.S. Command said American helicopter gunships and advisers supported the South Vietnamese troops in the operation. One American was reported wounded.

The action centered from 50 to 65 miles west of Saigon in the southern half of the Parrot's Peak, a long-time sanctuary for North Vietnamese and Viet Cong forces.

U.S. forces operating farther northeast, in the Fishhook region of Cambodia, 80 to 100 miles north of Saigon, reported killing 81 enemy soldiers in a series of small clashes Wednesday.

The Americans also uncovered two enemy rice caches of more than 50 tons, headquarters said. Nine U.S. soldiers were wounded.

About 14,000 U.S. troops and 20,000 South Vietnamese are operating over a wide area of Cambodia in an offensive launched April 29 to destroy North Vietnamese and Viet Cong base camps and supply depots used for staging attacks in South Vietnam.

## Key Club Annual Banquet Tonight

Members of the Key Club, a service group at Big Spring High School, will have their annual awards and installation banquet Thursday at 7 p.m. at Cosden Country Club.

One of the highlights of the

program will be presentation of the outstanding service award. Another will be the installation of new officers by Jeff Talmadge, retiring president, and who will be the district lieutenant-governor next year.

Speaker for the occasion will be L. K. Gladden. Leon Taylor is advisor of the club which is sponsored by the Big Spring Kiwanis Club.

## Rites For Civil Rights Crusader Escobar Today

SAN ANTONIO (AP)—Funeral services for Eleuterio Escobar, seeking equal education for Mexican-Americans here.

Escobar, 75, who died Sunday,

was considered a pioneer in providing equal education for Mexican-Americans here.

"As long as you are just in your quest," he said once, "the laws of this great land will

provide your victory."

He said he began his crusade after finding "injustice that was the fate of thousands of innocent children who were being deprived of a decent education."

He became a successful business man but never forgot the poverty that other Mexican-Americans faced. Years ago, he said, "the wages were so low that many people were actually

earning as little as 15 to 20 cents for a full day's work."

He boldly brought the Mexican-American situation to light, organizing a citizens group in 1935. He aired his views before the Texas Senate and leveled charges against the schools in giant rallies.

In 1959, a crowd of 600 per-

sons attended dedication ceremonies for a new junior high school named for him.

"I wish Mexican-American parents would counsel their children," he once said, "that they are Americans and as they continue to fight for their rights, they do so as American citizens."

TOP CONSERVATION RANCHER  
Jack Buchanan (right) gets award from Joe Pickle

## Easy Answers Are Causing Trouble

The easy answers often are what get people into trouble mentally. Tad Corbett, psychologist, told the Downtown Lions Club at its Wednesday meeting at the Settles.

Corbett, who is city manager for the work village project at the Big Spring State Hospital, said that some people aren't able to come to terms with the fact that real problems don't have simple answers. Unable to cope with this, they develop mental health situations.

Another program highlight was the presentation of the club's conservation award to Jack Buchanan as the outstanding conservation rancher for the past year. Joe Pickle presented a plaque to Buchanan and touched on the brush clearing, pasture seeding and management practices as well as farming practices by Buchanan in the preserving productivity of the soil. For approximately a decade, Buchanan has been a director in the Martin-Howard-Midland Soil Conservation District.

Jimmy Parks, general chairman, reported that the annual light bulb sale resulted in a sell-out. The high salaried Ted Hicks who sold nearly six cases and President Waymon Clark, who sold over 5 1/2.

The club endorsed a proposal asking for extension of veteran's honor roll marker at the courthouse to include those who have given their lives in the Southeast Asian war.

Chuck Elmore, president of the Stanton Lions, invited Downtown members and wives

to attend a zone and officer installation meeting at Caprock Electric Cooperative auditorium Friday at 7:30 p.m. A. E. Prugel, Sonora, district governor, and his successor, Harry Wisenar, Ozona, will be present.

Our society, Corbett said in his talk, is inclined to class individuals as bad guys if they contend the simple answers of believing in the church, mother, country, good over evil are not always adequate. When many people find they can't meet life head on with simple answers, it drives them insane. "Most people find out life isn't that way, but some don't. When they get sick, we give them a second dose of what made them sick in the first place — this time a more vehement dose," he continued.

Without minimizing the seriousness of the current problem of dope and pot among the young, Corbett said that "the adult generation blasts this without admitting that it has a far greater problem — namely that of alcoholism."

The older generation has produced 5,000,000 alcoholics, another three million who are problem drinkers and upwards of 10 million who are alcohol dependent to the point they consume about as much as alcoholics.

"How can a generation which can't even give up smoking or admit its major problem with alcoholism help a younger generation with its problem?" he asked. To simply blast the problem in simple terms is to avoid the issue, he added.

Opening lead: Queen of ♠  
When South opened the bidding with one diamond, North immediately thought of slam inasmuch as his hand was worth 19 points in support of diamonds counting high cards and distribution. He accordingly distributed the signal by jump shifting to two hearts.

After South rebid two spades, North resolved to dally no further and proceeded to launch a Blackwood Inquiry. All the aces were accounted for but when South turned up with only one king, North decided to settle for a small slam and he proceeded to six spades.

West opened the queen of clubs and South played the ace. A small club was ruffed in dummy, the ace and king of hearts were cashed—declarer discarding a club and a heart was trumped in the closed hand.

South ruffed his remaining club with the six of spades and now he turned his attention to the trump suit.

The ace of spades was cashed, followed by the seven. When only small cards appeared from his opponents, declarer finessed the jack in his hand. West produced the queen and the return of a heart forced out the ace of trumps.

Altho the diamond finesse succeeded and South cashed three tricks in the suit, West retained the ten of spades and he ruffed the last round of diamonds to send his opponent down to defeat.

North observed that his partner could have salvaged the contract by refusing the spade finesse and concentrating on the diamond suit instead. If South puts up the king of spades from his hand on the second lead of that suit and puts the queen of diamonds thru West to pick up the king, he can run diamonds until West ruffs in with the queen of spades. The latter is restricted to one trick however, for declarer retains the jack of trumps at the end.

South did not — in fact — choose the best line of play. He should lead the queen of diamonds at trick two in order to first determine whether he has a loser in that suit. If the diamond finesse succeeds, he can afford to follow his partner's suggestion and cash the ace and king of spades—relying on a three-of-spades-in-that-suit. If the trumps behave according to expectation, he will be able to ruff two clubs in dummy and discard the other one on a high heart.

If the diamond finesse fails, however, declarer still has time to ruff out his losing clubs and then fall back on the trump finesse in an attempt to bring in the spade suit without any further casualty.

## 150 From Negro Section Turned Back By Police

NACOGDOCHES, Tex. (AP) — About 150 persons walked from a Negro section of this Southeast Texas town to the downtown district Wednesday night, causing minor damage along the route.

The angry, predominantly Negro group was turned back at 9:30 p.m. by several police. Complete calm returned about 2 a.m. after Nacogdoches County Sheriff's deputies and Department of Public Safety officers

were called in. Nine were arrested. The walk was called a civil rights action. The group set fire to a boat, smashed two windshields, broke plate glass windows and overturned garbage cans.

After the first confrontation, the group dispersed into groups of from 5 to 15 but tried to regroup occasionally. Each time they would be turned by police. About midnight sounds similar

to gunfire were heard but no one was injured. Police Chief M. C. Roebuck said one of those arrested would be charged under the federal statute of crossing a state line to incite a riot. The others face lesser charges.

Nacogdoches (pop: 30,000) has about 6,000 Negroes.

## Three Die In Plane Crash Near Tyler

TYLER, Tex. (AP) — A private Beechcraft, four-place plane crashed and burned at 1:26 a.m. today as it approached the Tyler airport for a landing. All three persons aboard died. The plane hit about 400 feet south of the runway and flipped into a dry creek bed.

The men victims were identified as George Hand, 35, of Richardson and Richard Rancier

of Irving. A woman victim was not at once identified. George R. Clark, chief of field office of the National Transportation Safety Board, said preliminary information showed the plane was en route from Shreveport to Tyler without a flight plan.

Clark said tentative information showed Hand as the owner

of the plane and Rancier as the pilot. Safety Board Investigator Frank Roth Jr. was assigned to investigate.

# \$25 Million Heroin Trial Scheduled In San Antonio

SAN ANTONIO (AP) — An examining trial was scheduled today for three men and a woman indicted on charges stemming from the seizure of nearly 90 pounds of heroin valued at \$25 million.

City narcotics officers and the U. S. Justice Department in Washington have identified one of the men, Manuel Suarez-Dominguez, as a former Mexico City police chief.

guez, 49, tried to slash his throat after he was taken into custody. He and the three others were arrested here a week ago by federal and city narcotics officers.

Officers said Suarez-Domin-

A federal grand jury returned

a five-count indictment Wednesday against Suarez-Dominguez and Yolanda Yanez-Schmidt, 32, also of Mexico City; nightclub operator Alfredo Montemayor, 33, and Salvador Mazatini, 36, both of San Antonio.

The heroin was confiscated at two hotels here. Federal officials estimated its value at \$25 million when diluted and sold to addicts.

The grand jury also indicted seven men and a young woman Wednesday on charges of illegally importing 350 pounds of mari-

juana, which officers confiscated at a motel here last Saturday. Another young woman was named as a co-conspirator but was not indicted.

The indictment in the heroin case charged Suarez-Dominguez and the three others with conspiracy to illegally import and sell heroin. They also were accused of receiving and concealing the heroin after it was imported.

The indictment listed alleged offenses between April 15 and last Thursday.

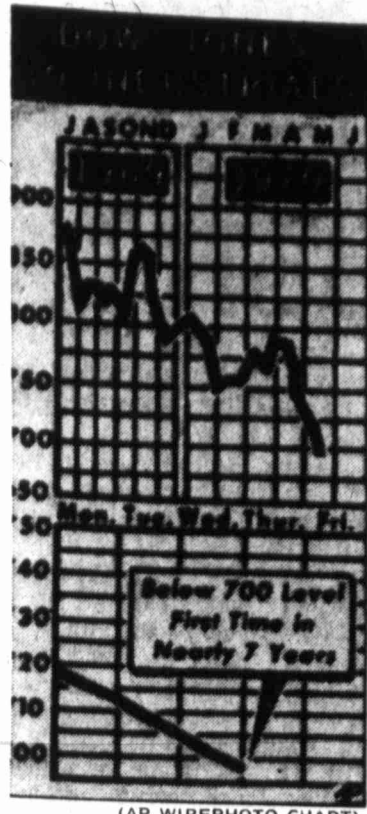

One count charged Mazatini and Montemayor with selling about two pounds of heroin to an undercover agent here on April 15.

Suarez-Dominguez also was charged with illegal possession of a firearm.

Indicted by the grand jury on charges of conspiracy and illegal importation of 350 pounds of semi-refined marijuana were six Illinois men and two Pittsburgh residents.

Named in one count of conspiracy and importation were Thomas M. Chaney IV, 19, and Christine Barr, 18, both of Pittsburgh; John J. Woodbury, 19, of Woodstock, Ill.; Thomas D. Kasavich, 26, of Des Plaines, Ill.; and Dominick J. D'Agostino, 24, Richard J. Walberer, 31, David Howard Prussat, 19, and Allen Wesley White, 34, all of Chicago. Chaney and Woodbury also were named in separate counts for alleged possession of one gram of heroin.

## It's Show, Tell Time For Solons

By The Associated Press

It's show and tell time again for Texas legislators. The state auditor has released his latest report on expenses of state lawmakers and now it is time for the senators and representatives to explain to their home folks why they spent so much.

Some of the home town voters also might ask why the annual audit report is always released after an election, never before. The present financial audit of the legislature is for the year ending Aug. 31, 1969, but it was not distributed to newsmen until May 12, the same day most legislators were certified as winning re-election for another two years.

The audit report does not include legislators' expenses for the eight months immediately preceding the May 2 primary.

Sen. Mike McKool, defeated congressional candidate in Dallas, and Rep. Jake Johnson, who won re-election from San Antonio, were champion spenders for the period that covered the 1969 regular legislative session, the first special session and five days of the second special session, plus the two interim periods.

The Senate's low spender, as usual, was Sen. A. M. Aikin of Paris, dean of the upper chamber, and Rep. Malouf (Oofie) Abraham of Canadian, one of the few House Republicans who is running for the Senate.

McKool spent a total of \$14,792 including \$7,074 for postage, more than twice as much as any other senator spent on postage.

Aikin spent \$151 on postage out of a total of \$684. Other Senate big spenders included Sen. Ron Kennard, who has a June 6 runoff battle in Fort Worth, with a total of \$13,079, including \$4,292 in telephone calls.

However, the Senate's champion telephone talker is Sen. A. R. Schwartz, Galveston, who spent \$5,233 for telephone calls out of his \$14,373 total expenses.

Sen. Oscar Mauzy, who won a hot primary battle for re-election in Dallas, has \$13,564 in total expenses including \$5,460 for staff salaries, the most reported by any senator.

Johnson as champion House spender had a total of \$6,500 in expenses, including \$2,424 for postage.

Abraham's total expenses were \$917.

Other big House spenders included Reps. Joe Allen, Baytown, with \$5,928, Curtis M. Graves of Houston \$6,107 including \$2,606 for telephone calls; W. C. Sherman of Fort Worth \$5,372 with \$3,690 for postage; Ed J. Harris of Galveston \$4,180 including \$3,063 for postage.

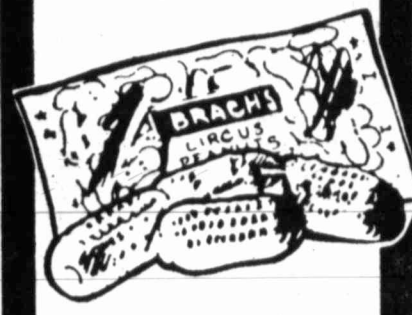

During most of the time legislators spent this money they also were receiving, in addition to their \$4,500 annual salary, a daily per diem or living allowance of \$12 a day for each day in legislative session. They received 10 cents a mile for use of their personal autos when engaged in official business—or 16 cents per highway mile if flying their personally owned airplane. Those serving on boards, councils, committees, commissions and such received expense payments for any traveling and living costs while on official business.

During the audit period senators set themselves a limit of \$1,000 a month for office expenses, staff salaries and such but if a senator ran over his limit he could borrow credit from another senator. That limit was raised to \$1,700 a month at the end of the second called session.

SHOT-PUT GREAT RANDY MATSON WITH TRAINING GEAR

QBC HONORS WINTER, SPRING ATHLETES

# Matson Here For Banquet

The Big Spring Quarterback Club sets a table tonight in the high school cafeteria for boys and girls who have represented the local school in winter and spring sports. The banquet starts at 8 o'clock.

The party is the brainchild of Paul Shaffer and Harroll Jones, co-captains of the booster club, who are hoping friends of the school will support it well enough so that the club can plan it as an annual event.

Adult tickets sell for \$2.50 each and will be available at the door. Students can gain admission for \$1.60, which is the breakeven point for the QBC.

Chief speaker of the evening will be the world champion shot putter, James Randel (Randy) Matson, a 25-year old one-time athletic great at Texas A&M University.

## MATSON DAY DECLARED

Randy Matson arrives in Big Spring via Texas International Airlines at 5:55 p.m. today and will be greeted by Mayor Arnold Marshall, the Chamber of Commerce Ambassadors Club and members of the A&M Club. He will then conduct a brief interview.

Mayor Marshall has declared today Randy Matson Day in Big Spring, in honor of the world champion and Olympic hero.

## Driver's Wife Prays For His Well Being

WICHITA FALLS, Tex. (AP) — It takes a special kind of man to drive in 11 consecutive Indianapolis 500s, but what about the wife who watches from the stands, knowing very well that disaster lurks around every corner and on each straightaway?

Peggy Ruby, wife of Texas auto racing champion Lloyd Ruby, says she never prays for her husband to win... only that "God will take care of him."

Through 16 years of their marriage Peggy has watched Lloyd work his way up to the top as one of the nation's great contenders. And it hasn't been easy... for either of them.

"Racing has been good to us," Peggy said during an interview at her Wichita Falls home last week. "And I have a lot of mixed emotions about it. We have met many wonderful people and that's the thing we enjoy the most... our friends."

"I knew what Lloyd's profession was when we got married, so I went in with my eyes wide open. Still, I would not recommend it for young people. We have seen a lot of capable drivers who never make it."

Aside from being one of the most dangerous sports in existence, it also can be one of the most heartbreaking. And no man has suffered more heartbreak at Indy than Lloyd Ruby.

Three times Ole Rube, as he is respectfully called by his fellow drivers, appeared to be on the way to Indy 500 victories only to be stopped by the crushing hand of fate.

Here's the haunting picture: 1966: Broken cam after leading at the 417 mile mark.

1968: Faulty coil after leading at 425 mile mark.

1969: Coming from seventh row to lead at 200 mile mark only to go out with ruptured fuel tank.

Ruby has taken every bad break as only a champion can... but at 43, he knows his time is running out. He will be a great day because most fans realize he could easily be a three-time winner.

"I know nobody is infallible," Peggy said. "You just have to accept it. Naturally, I feel sorry for Lloyd when something like last year happens, but I figure maybe it all worked out for the best. Maybe something really bad would have happened further down the line."

# Spotlight's Glare Changes Gilbert

FORT WORTH, Tex. (AP)—It's been a hectic life for Gibby Gilbert since he came from nowhere and won the Houston Champions International Golf tournament in a playoff with Bruce Crampton.

"I haven't been able to sleep," the haggard, 29-year-old Gilbert said today before his first round in the \$125,000 Colonial National Invitation, "my wife almost had a baby and my sister almost went into shock."

Gilbert, a club pro at Hollywood, Fla., had been on the tour—this time—only for a couple of months when he scored his first victory and picked up the \$23,000 first place check at Houston Sunday.

"I still can't really believe it," he said. "I haven't quite come back to earth yet, haven't settled down."

"I can't sleep," said the dark, drawing every shot in my mind. I could understand why I'd do that if I'd lost, but I won. So why do I keep going over it in my mind? I just don't know."

Gilbert, who made a couple of brief, unsuccessful appearances on the tour in earlier years, said he "won about \$10,000 in some little tournaments in Florida last winter, was playing pretty well and decided I'd give the tour another try." He started at Doral the last week in February, finished in the top 10 and has picked up \$34,143 since then.

Most of it, of course, was at Houston, when he made up two strokes on the 72nd hole to gain a tie.

The attention had been focused on the stretch duel between Crampton and Bert Greene, with Gilbert a shadowy figure somewhere off the pace in third place. Greene double bogeyed the 17th and fell out of first, with Crampton taking over.

Gilbert went on to beat Crampton with a par on the third extra hole, then hurried home to Florida where his wife is expecting a baby early next month.

"She said she almost had the baby when I won," he said. Gilbert again was an obscure figure in the prestigious Colonial, with the attention centering on all-time great Ben Hogan, playing his second tournament after a three-year absence from the tour, and favorites Jack Nicklaus, Lee Trevino and Gary Player.

Arnold Palmer and Billy Casper are not competing.

## Preakness Seen As Truer Test

The Associated Press asked Ron Turcotte, the Canadian-born jockey who has earned more than a million dollars in the last six years, to preview Saturday's \$200,000 Preakness Stakes at Pimlico in Baltimore. Turcotte, recently honored as Canada's turf athlete for 1969, will be riding the 10-1 Naskra in the Preakness.

By RON TURCOTTE  
NEW YORK (AP)—The 95th running of the Preakness at Pimlico in Baltimore Saturday will be a more truly run race than the Kentucky Derby.

It's hard to eliminate any of the colts.

The Derby had 17 horses, including some who didn't belong, while the Preakness will have about 12. There will be no need to battle for positions such as at Churchill Downs in Louisville two weeks ago.

I think I'll be riding the winner in Naskra, who is 10-1 in the pre-race odds.

He ran fourth in the Derby, the only time this year he was out of the money in nine starts. In the Derby stretch, he passed Silent Screen as though the 2-year-old champion of 1969 was standing still.

John Rotz, who will ride Silent Screen, thinks Naskra is the horse to beat and I think Silent Screen is the one to beat now that he will wear blinkers for the first time.

Silent Screen has a habit of bearing out and the blinkers might prevent this. Dribbling out is costly and no rider can do justice for such a horse.

I go by a horse's action and I think I know where I'm going with Naskra.

Because of his speed, he can be rated anywhere in the race. Braulio Baeza likes Naskra, not so much of his Derby race, but off the Blue Grass at Keeneland.

Braulio thought Naskra would win this race by 10 lengths until they were 150 yards from the wire.

It seems that's when Naskra threw a shoe and lost all his action. Naskra missed the Flamingo

# Rigney Shades Weaver In A Battle Of Wits

Baltimore Manager Earl Weaver lost his latest battle of wits with Minnesota's Bill Rigney, and now he's kicking himself.

"What I should have done was challenge (Harmon) Killebrew," moaned Weaver after the Twins edged his Orioles 5-4 in 10 innings Wednesday night. "If he hits a home run, it's the same as a double." Killebrew had hit a two-run homer, No. 10

this year, in the first inning. What Weaver did was to have right-handed relief ace Eddie Watt intentionally walk Killebrew after Tony Oliva had doubled with two out in the 10th. This put up the Twins' Rich Reese, a lefty swinger, against Watt. Reese promptly doubled bringing home Oliva with the winning run that snapped Baltimore's eight-game winning streak.

In other American League

games, California topped Boston 5-3. Oakland ripped Washington, 8-1. Kansas City nipped Cleveland 1-0 in 12 innings and Milwaukee downed New York 3-1. Chicago at Detroit was rained out.

Reese, who batted .322 for the Twins last year, entered the Baltimore game with a 219 batting average. He said: "I made up my mind I was going to take three good rips and I did. Sure, I was down, but I didn't give up. That hit means a lot to me. I'm too good a hitter to be hitting what I am."

Weaver's wheeling and dealing had paid off with a victory Tuesday night while Rigney's strategy backfired. Minnesota now holds a season lead of 3-2 in the meetings between last year's division leaders.

Baltimore maintained its six-game lead in the AL East while Minnesota remained one game behind California in the West.

California won its seventh in its last eight starts against Boston when reliever Sparky Lyle walked home Jim Spencer in the eighth for what proved to be the winning run. Tony Conigliaro hit two homers, his second tying the game 3-3 in the top of the eighth.

Bill Butler held Cleveland to three hits in 10 innings before giving way to winner Alan Fitzmorris.

The owners have proposed giving a released player pay for 45 days instead of 30, if cut during the season, but no pay for players dropped during training camp. The players group feels veteran, established players, who sign during the winter and then are dropped in spring training, are not getting a fair deal.

## Owners' Lawyer Slates Meeting With Players

NEW YORK (AP) — John Gaherin, attorney for the major league club owners, says his group is expected to meet with the Major League Baseball Players Association before the end of this week in an effort to resolve contract disagreements.

Gaherin spoke up after Marvin Miller, director of the Players Association, announced Wednesday that the players had overwhelmingly voted to reject a proposed three-year contract.

At the same time, Miller said his group has asked for a meeting with the club owners to resolve differences of the general contract which had expired May 5 after being extended from Dec. 31.

Miller said all of the 24 major league teams, except the Philadelphia Phillies, voted against the owners' proposal by a 505-89 margin.

He said 99 per cent of the players voted in the secret ballot and 85 per cent of them voted

not to accept. Six clubs reported no players voting to accept and 15 of the 24 reported three or less votes in favor.

Miller pointed out that the big differences were the 162-game schedule, which the players want shortened, disagreement about the players share of the playoff gate and dissatisfaction with termination pay.

Miller's statement made no mention of a one-day baseball moratorium on a Saturday when the Game of the Week is nationally televised, as some player representatives have hinted.

The owners have proposed giving a released player pay for 45 days instead of 30, if cut during the season, but no pay for players dropped during training camp. ## A. J. Foyt Shouldn't Be Counted Out Of Classic

INDIANAPOLIS, Ind. (AP)—Don't count A. J. Foyt Jr. out of Saturday's opening time trials for the 54th 500-mile auto race May 30 at the Indianapolis Motor Speedway.

The Houston veteran, winner of three Indianapolis Memorial Day classics, Wednesday turned in the second-fastest lap of this year's practice session in a Coyote-Ford built in his own factory.

His speed of 169.173 was well under his piston-engine record of 171.625 for one lap on the 2 1/2 mile track, set last year when he won the pole position.

Al Unser of Albuquerque, N.M., turned in the season's top run of 171.233 Monday in a Vel Jones Colt-Ford.

Art Pollard of Medford, Ore., driving a Grant King Offenhauser, has been timed at just a tick under Foyt's speed. Nobody else in the field has reached 169 but Mark Donohue, rookie of the year in last year's 500, has done 168.9 in his Lola-Ford and veteran Dan Gurney has hit 168.5 in his Eagle-Offenhauser.

Denis Hulme of New Zealand, whose hands were severely burned Tuesday when his McLaren caught fire, had been burned 168 in practice. He said from his hospital room Wednesday that he was not in severe pain but didn't know whether he had any chance to drive before the final qualifications May 24. Doctors said chances were against him.

## Catholic Nine Is Unbeaten

In Church Softball League games Tuesday, Westside Baptist made the most of three hits to defeat Salem Baptist, 9-6, and Immaculate Heart of Mary Catholic blistersed Baptist Temple, 14-1, to remain undefeated.

Ryan Walker smashed a triple in a losing cause for Salem. Carter and Duke drove out doubles for Westside, which banked seven of its runs in the 'hello' round.

The Catholics got off to a great start, scoring eight runs in the opening stanza.

Charles Boadle had two hits for the Catholic team and both were triples. Al Oldfather, Schmidt and Clendenin also had triples for the winners.

## Fishing Briefs

### Haddock, Moneys Report Success

High winds last weekend hurt fishing in general at Mitchell County's two major recreational spots but some anglers prospered once they did go either to Lake Colorado City or Lake Champion.

Olan Haddock, Ackerly, claimed an eight-pound yellow cat while trying his luck off Louie's Lakeside Lodge on Lake Colorado City.

Mr. and Mrs. L. C. Money, Big Spring, tried their luck at Lake Champion and reeled in what they described as "a nice string of fish."

The reports included: LOUIE'S LAKESIDE LODGE Elton Holloway, Midland, caught a 16 lb. yellow cat and a 4 lb. yellow cat; Mr. Robinson, Ohio, caught a 10 lb. yellow cat; George Gotes, Tulsa, caught a 19 lb. crappie; had a lot of fish; and Mr. Whitman, Snyder, caught a 5 lb. yellow cat, a 3 lb. channel cat, a 2 lb. blue gill, and a 1 lb. crappie.

COOPER'S COVE Chuck Standley of the Lake caught a 3 lb. channel cat; Jackie Johnson of the Lake caught a 2 1/2 lb. channel cat; Clyde Nolan, Midland, caught a 15 lb. yellow cat; Dan Barber, Midland, caught a 5 1/2 lb. yellow cat; Mr. and Mrs. Rogers, Odessa, caught 18 channel cat weighing up to 2 lbs.; K. Nix,

## LOOKING 'EM OVER

With Tommy Hart

Seems hard to believe but ex-Snyder mentor John Conley will be starting his tenth season as a member of the Texas Tech coaching staff this year. He gave Snyder probably its finest football teams in history.

When track was dropped as a competitive sport at Howard County Junior College recently, trustees elected to channel another \$240 annually into the basketball program for travel.

The way living expenses are going up, the extra money was needed so that the Jayhawks could stay even in the eternal battle against rising costs.

That "old gang of mine" on the St. Louis Cardinal football team, which included Big Springer Charley Johnson, is gradually fading into the sunset.

Johnson, of course, departed some time ago when he was traded to the Houston Oilers.

One of the latest to leave was Willis Crenshaw, a hard running back, who is going to the Denver Broncos.

Apparently Coach Charley Winner is going to keep only those who have signed a loyalty pledge to him. But Winner had better win. A lot of the Indians are watching.

Shortly after spring football training at the local high school opened, coach Clovis Hale said he thought his four veterans (Dale Crenshaw, Tony Dean, Howard Stewart and Joe Chavez) looked as good as anyone the Steers fielded last season at the same stage.

Hale is also of the opinion the Steers won't be hurting at quarterback, with Dave Duncan in command. Hale says the boys have great confidence in Dave's talents.

Shortly before the Boston Marathon race this year, co-director Jock Semple was emphatic in saying: "I don't discriminate against women . . . They're just not allowed to run in my race."

Lubbock Monterey, which plays Big Spring in football again next year, will be heavier than the Steers in the interior line. (Most opponents of the Steers will, as a matter of fact).

The Plainsmen have people up front who go 195, 195, 210, 215, 200, 230, 195 and 195. The Steers' biggest man may weigh no more than 200.

Tim Hamilton, the nifty little Loraine golfer who competed in the recent Big Spring Muni Invitational tournament, played all sports in high school and mastered every thing he tried but he likes golf best of all.

He spurned offers in both football and basketball, hoping to land one in golf. Coach Tommy Rutledge of HCJC talked to him about coming here but Tim has hopes of going to SMU.

Marvin Williams, the former Muni champion, says Tim has a fine game and the temperament to be a winner.

Japan has some \$110,000 boys playing in its professional baseball league but it also has some who earn no more than \$97 a month.

The low-paid players are the target of gamblers and the major leagues there has a burgeoning scandal on its hands. Money may cleanse but it also pollutes.

Rick Barry, the well-traveled pro basketball player, was fined \$200 by ABA president Jack Dolph recently for fighting with another player but Rick, who doesn't like playing with the Washington Caps, vowed he wouldn't pay it. He said he was agreeable to the idea of being kicked out of the league (in which case he could rejoin San Francisco).

Dolph is in a quandary. Either he makes the fine stick or he will henceforth have a hard time keeping order in his league.

## Prince Faces Eagles Today

ABILENE — Midland Lee Coach Ernie Johnson seeks to deliver the knockout blow to Abilene High when he sends senior Randy Prince to the mound in the second game of the District 3-AAAA baseball playoffs here at 4 p.m. today.

Prince is 6-2 on the year and fashioned a no-hitter in hurling the Rebels to a victory over Odessa Permian Sunday that earned the Lee team a spot in the playoffs.

Lee then defeated Abilene, 7-3, behind Lefty Mike Griffin Tuesday to go one-up in the best-of-three series.

Sophomore Clint Thomas will likely hurl for Abilene. Boasting a 6-5 over-all record, Thomas was an impressive 6-2 against conference opponents.

Should Abilene win, a third game will be necessary to determine the champion. It will be played in Midland Saturday.

Midland Lee is 18-7 on the year while Abilene High is 12-9-1.

## Devils Register First Victory

The Devils made their first National Little League win of the season a big one here Wednesday night. They romped past the Braves, 9-2.

Phil Barber fashioned the mound win, setting the losers down with three hits.

Don Addy led the Devils' attack with three hits.

A five-run outburst in the third round paved the way for the Devil victory.

Barber lost his shutout in the fourth when Dell Osburn and F. Lazona scored for the Braves.

## Pope Appointed Coach At Gruver

Jimmy Pope, former Big Spring Junior Head coach, has been named head basketball mentor at Gruver High School.

Pope resigned recently as cage coach at Mason High School. Jimmy will also assist in football.

Like James, Gruver is located in the Texas Panhandle — in a Class A school.

During his three seasons at Mason, Pope guided his teams to two district championships. His teams wound up with a 60-29 win-loss record.

Pope's replacement at Mason is Melvin Burns, formerly of Menard.

# Games Were Bonanza

MEXICO CITY (AP) — If Montreal—and Canada—have as much success with the 1976 Olympic games as Mexico had with the games of the 19th Olympiad in 1968 the event will be well worth the expected high cost.

The 1968 games cost Mexico, according to President Gustavo Diaz Ordaz, \$175,840,000 in out-of-pocket expenses. The invest-

ment shocked some Mexicans, and went \$22.8 million above estimates, in a country which is just reaching the takeoff point in economic development.

But Mexicans still look back on the games with pride and still like to point out to foreigners that Mexico did, after all, deliver on its promise to organize a splendid event.

The country at this moment is organizing another international event—more important in some aspects than the Olympics—but the World Cup Soccer Championships May 31 will be privately financed without serious aid from the government.

Mexico got more international publicity from the Olympic games that it could have purchased with the entire national treasury.

## Chippers Nudge Drillers 15-6

The Chippers ran their worst record in National Minor League play to 4-1 by turning back the Drillers, 15-6, Wednesday.

Jim Robinson, with Allen Cramer serving in the fireman's role, recorded the victory. Robinson also had two hits.

An eight-run first inning got the Chippers rolling.

Perhaps the highlight of the game was a luncheon catch by Crater Clark who turned a somersault after he made the catch of a fly ball in the Chipper outfield.

## A Devotion For Today . . .

Behold, I stand at the door, and knock. (Revelation 3:20)  
**PRAYER:** O Lord, we pray that we may never be guilty of keeping These outside our hearts, outside our homes. May Thy presence keep our tempers sweet, Thy spirit help us do our humblest tasks well. In the name of the Master, who taught us to pray, "Our Father who art in heaven . . . Amen."

### New Support

In the county conventions of both the Democrats and Republicans last weekend, resolutions were adopted in support of the consolidation of duplicate functions of the various taxing agencies. This ought to indicate a wide basis of support for the proposal which has been advanced and is under consideration here.

This should be taken as a new reminder not to let the idea die from inaction.

We believe that few can argue as a matter of principle against consolidation of these functions wherever practical and feasible. If the principle is sound, then the matter should become one of mechanics.

How can it be done? Perhaps by agreements between the various agencies. There is some legal question regarding assessors named by the separate agencies, and if this cannot be resolved by these agencies naming a common assessor, then perhaps legislative permission can be acquired.

Should this be determined as necessary, then now is the time to begin shaping a proposed bill which will permit the linking of tax collection and tax assessing functions under a single framework. This ought to be put into the legislative hopper at the very first moment next January so that it will have a chance to be reported out on the uncontested calendar and passed before getting caught in the session-ending glut.

Businesses and other institutions are constantly revising organizational structures to operate more effectively and more economically in modern times, and governmental mechanics need to come abreast, too. Sweeping reforms may be a long way off, but one of the best ways to bring them about is to reform in those areas possible now. These may become eloquent demonstrations.

### Uneasy Market

Economic woes inevitably reflected in the stock market have been accompanied by a corresponding erosion of values for membership in the two major markets.

Recently a seat on the New York Stock Exchange dropped to \$210,000, approximately \$55,000 less than the last sale and the lowest since Dec. 8, 1966, when the price was \$205,000. On the American Stock Exchange, a seat recently changed hands for \$115,000, just \$5,000 less than the last previous sale.

Fears of a spreading war in Indochina, a business slowdown accompanied by an unemployment rate of 4.8 per cent, and domestic uncertainty all contribute to uneasiness in the stock market. Before the Cambodian venture many businessmen felt that the economy had just about dropped to its lowest point and a rebound was imminent. Now all bets are off. As the market indicates, for whatever it is, the market is a barometer of expectations.

## David Lawrence Identifying Our Real Enemies

WASHINGTON — Who are the real enemies of the United States in the war in Southeast Asia? The tens of thousands of youths who have been engaged in "demonstrations" here and throughout the country think that it's only the North Vietnamese government and that the United States could pull out of the conflict at once with no ill effects to the American people. But the true enemies are the leaders of Communist imperialism — Red China and the Soviet Union.

IT IS 25 YEARS since World War II ended and the military power of communism began to be asserted in Europe as well as Asia. Almost all of the young people of today had not been born then. Nor have they learned the facts which are essential to an understanding of the story — why the United States has troops in South Vietnam and is planning to help other nations develop military strength not only to protect themselves but to assist neighboring countries against aggression. Meanwhile, nuclear power built by the Soviet Union and Red China is in the background as a threat to peace.

UNFORTUNATELY, as the television networks confined themselves largely to broadcasting on Saturday the almost hysterical comments of the student leaders from the platform on the Ellipse near the White House, the country didn't hear "the other side" of the argument. In the Washington "Evening Star," however, a remarkably comprehensive statement by a student group appeared that day which was different. It was in a full page ad entitled "an appeal to reason — ad-

WHY, IT MAY BE ADDED, aren't the "activists" who are conducting the "demonstrations" familiar with the acts of the Communist government in North Vietnam? The data as to the progress made by the United States in helping develop the South Vietnamese army has been available at Government departments here. The story of the Communist "sanctuaries" in neighboring areas has been fully disclosed, and the President has stated clearly that American troops will be withdrawn from Cambodia by the end of June. Yet the emphasis of the critics is on an "invasion of Cambodia" and a "widening of the war."

### Billy Graham

I refuse to listen to preachers who talk about hell. In my opinion this makes God a tyrant. What do you think?  
 F.H.  
 I think you are naively foolish about the truths of the Bible. If the Bible is true, if the great creeds of our churches are accurate, if the inner voice of conscience is reliable, there is a time and place when we shall be judged for our conduct in life, and where we shall be judged for the deeds done in the flesh.

God loves us enough to be brutally frank about the dangers of persistent sin, and the consequences of leading a life in defiance of heaven's laws. What kind of a mother could be silent about the danger of a hot stove, the tragedies that lie in lustful sex, and the consequences of stealing, lying and cheating? Love has its positive and negative poles. A good, loving parent says "yes," but he also must say "no."

We spoiled, pampered children of the Twentieth Century think that we can do whatever we like, live the way we like, and end up wherever we like, but the Bible says that life has rules like farming, and, "whatsoever a man soweth, that will he reap."

I preach that sin still brings hell to the soul, and if unrepented of, brings the soul to hell. And I do it because the Bible teaches it.

## Hal Boyle Obscure Heroes Of Our Time

NEW YORK (AP) — Some of the people who get the most applause in this world do the least good.

They just happened to be standing in the right place when the spotlight came on. Or they saw to it that they were.

From your own experience don't you know any number of people who are nowhere to be seen when hard work is to be done, but when the gravy train comes by they emerge out of nowhere and are first to hop aboard, holding a ready ladle in each hand?

Sometimes, somehow, this injustice should be righted and credit given where credit is due, proper honor accorded to those deserving of recognition but now nameless to renown.

Here, for example, are a few unsung heroes worthy of a medal or at least a mention in dispatches:

Anybody who starts to write a memo and then decides not to. Whoever buys the first round. Secretaries who are homely but can spell.

Resort owners who serve meals free any day that it rains. Any bus driver willing to change a \$5 bill without adopting the air of a martyr.

A husband tolerant enough to let his wife wear the same length miniskirt he admires on younger girls.

A millionaire who admits he had an easy life as a kid.

Any movie producer who makes a dirty movie but is too honest to claim it has an important social message bearing on the quandary of our times.

Boy Scouts who pass up old ladies in order to help old men cross the street.

Hat check girls who'll only accept a dime for taking charge of your bonnet because that's all it's really worth.

An after-dinner speaker able to go through his entire speech without once saying, "And that reminds me of a story . . ."

Any wife who can remain totally silent until her husband has finished drinking his first cup of morning coffee.

A professional football or baseball player who uses that greasy kid stuff on his hair and stubbornly continues to because he likes it.

Any hospital where you can stay overnight without being

given a bill that looks like you'd been on a weekend binge in Las Vegas.

A defeated political candidate who acknowledges he'd probably have lost anyway even if he had had all the money he wanted to spend on his campaign.

Yes, these are a few of the obscure heroes of our time. But before we can honor them we first have to find them. There lies the problem.

## John Cunniff Financial Traps

NEW YORK (AP) — So pervasive is the present state of the nation's financial balance that some of the rare good news for ordinary Americans in recent weeks could mean more trouble for the economy.

Summed up, a lot of Americans are receiving more spending money than at the beginning of the year. This could lead to more demand. And increases in demand could—well, almost certainly would—lead to higher prices.

The question is this: Will consumers bank it or spend it? That is, will they add to inflationary demand by buying cars and furniture and appliances? Or will they mark time until price increases begin to slow?

Millions of Americans recently received pay increases, among them, Social Security recipients and government employees. And millions more are about to increase their take-home pay, if you can judge by the number of union contract negotiations set for this year.

Moreover, payrolls are going to be increased somewhat by the termination on July 1 of the five per cent income tax surcharge. The surcharge, if you remember, was meant to be an anti-inflation device, but it's hard to measure its contribution.

In addition, millions of Americans are already finding sizable increases in their paychecks because they have completed their annual contributions to Social Security.

Deductions are made on the basis of four per cent of the first \$7,800 earned, a figure that much of America's middle class is now approaching. It can mean \$50 or more in monthly take-home pay for many workers.

Now here's the problem: These increases in disposable personal income could be turned into tremendous sales pressure. If Americans decide to spend

ed to spend on his campaign.

## Around The Rim

### Man Vs. Machine

I'm not sure I'd be any better off with a horse and buggy, but I'm all but convinced that the misunderstanding between me and the automobile is continuing — and getting worse.

THROUGH THE years of automobile ownership, I have been through many trials. The old hoople runs just fine in the city, but the minute I take it out on the highway — and get sufficiently far from any help — some maladjustment pops up and the repair bill starts spiraling skyward. These things occur without regard to the vehicle.

My most recent experience concerned a vehicle I purchased only in March, reasonably a new one. First off, I take it down to the one of the leadings shops to have an air conditioner installed. The air conditioner works beautifully, and driving around the city, everything was smooth.

THEN, I took a relatively short trip in the vehicle, with every belief that it was sound as a dollar. En route home, the pulley installed on the engine to run that new air conditioner came loose, bounced to the pavement, and I was quickly isolated at the edge of a lonesome highway.

All of this took place on a Saturday when I was trying to get back to work on election day. There was no help to be had close by, and a wrecker had to be dispatched from

25 miles away. I waited almost four hours for it to arrive.

THE CAR and I were dragged into the city, where the chief mechanic advised nothing could be done that day. The mechanics were all gone home, and besides that special air conditioner pulley would be hard to find.

That analysis left me afoot, 100 miles from home, and I had to get back in time to vote and turn up for election night news duty. There was nothing to do but rent a vehicle, and that turned out to be harder than you might imagine. First, a car had to be located, all of the checking out had to be done, and all the time the clock was ticking away.

FINALLY, I was put in a car and pointed towards home. I got back in time to vote and help with the election returns, but still had not had lunch. The mechanic fixed up my car, and I returned for it on the following Monday, and it appears to be running reasonably well since. Of course, I am out of pocket some \$100, plus all the inconvenience.

"YOU HAVE to be careful in installing an air conditioner," the mechanic told me at the mishap scene. I believe that, but if you can't trust a car mechanic, who can you trust?

## Art Buchwald Working Within The System

WASHINGTON — For years now, our congressmen in Capitol Hill have been urging students to "work within the system." You can imagine their surprise and consternation last week when the students took them up on it.

Congressman Halyard Hoakum was just putting some balls in his golf bag when his secretary came in and said, "Sir, there's a delegation of students outside from your district and they want to see you."

Congressman Hoakum said, "For heaven's sakes, it's Friday. Don't they know we don't work on Friday?"

"I TOLD THEM that, but they still insisted on seeing you. They said they're from Fairweather State, your alma mater."

"All right, show them in," Congressman Hoakum said, "but be sure and interrupt me in 20 minutes. You can say the White House is calling."

The secretary showed 10 students in.

Congressman Hoakum stuck his hand out, "Well, this is a great honor . . . a great honor. How's everything at Fairweather State?"

A YOUNG GIRL said, "Congressman Hoakum, we've come to discuss with you what is going on in Vietnam."

Congressman Hoakum said, "Of course you have. Say, let's pose for a photo together." He buzzed his press man. "Jack, you want to bring in the camera and take some shots of me talking to a group of fine, dedicated Americans from Fairweather State? We could air mail it out there for Monday morning's papers. Good."

Jack came in with his camera.

CONGRESSMAN HOAKUM said,

## Andrew Tully Right Now, GOP Outlook Not Bright

WASHINGTON — A measure of the political trouble President Nixon and the Republicans find themselves facing in this time of Cambodia, inflation and a sick stock market, can be found in the suggestion that even House Minority Leader Gerald Ford, R-Mich., may not be a shoo-in for re-election next November.

Ford, a Grand Rapids boy, has been a public hero in the state since his days as an athletic star at the University of Michigan. He entered the House in 1949, and has always won going away. Politicians in Capitol Hill like to claim he has the safest Congressional seat outside the South.

YET THE unthinkable is being thought these days by a Ford ally on the Hill. As he puts it, "I think Gerry can make it again, but if the Democrats find a really outstanding candidate Gerry will have to fight for it."

The reason advanced by this member of the Ford entourage can be applied to a number of Republicans in "safe" seats. It is that "Everybody's mad, and that means trouble for the incumbents." In Ford's district, it is noted, both businessmen and white — and blue-collar workers have turned hostile over the slumping stock market, the high cost of living and the dubious state of the economy.

A MEMBER of the staff of Michigan's Democratic Sen. Philip Hart was not going overboard on the chances of beating Ford. "He's still pretty solid," he says. "The Republicans own the district. But the way things are going, we're not going

"Now gather around the desk here and pretend like you have something really serious to say."

"We do have something serious to say," a boy said. "Congressman Hoakum, the students at Fairweather State are concerned over the way the President has been . . ."

"Say, how's the football team going to be?" the congressman asked. "Coach Fogel told me he might get a bowl invitation this year."

A girl pursued the subject, "We are fed up with rhetoric and pabulum. We want our representatives in Congress to do something."

"I KNOW EXACTLY how you feel," Congressman Hoakum said. "When I was a student I felt the same way. I said, 'Why can't we change things?' But since I've been in public life, I've taken a more realistic view. But you're too young to know that, and I envy your idealism. If I were your age, I'd be doing the same thing you're doing."

"How can we change things, Congressman Hoakum?"

"By working through the system . . . that's the American way. Our government with its checks and balances provides for everyone to have a voice in this country. And no one believes in the right of peaceful dissent more than I do. You getting all this on tape, Jack?"

"CONGRESSMAN HOAKUM," the girl spokesman said, "you have been a great help to us and have shown us what we have to do."

"It's wonderful that we can still communicate. What are you going to do?"

"We're going to get all the students at Fairweather State to work for your defeat in November."

## To Your Good Health Eyes Swell Nearly Shut

By G. C. THOSTESON, M.D. seven to 10 days before your period. This means not using salt at the table or in cooking, avoiding prepared meats or other salty foods, even avoiding (if you use them) "fizzy" tablets which are used for headaches and such. Read the labels and avoid sodium.

Finally, take your "fluid pills" (diuretics) as soon as you note any puffiness. Use these, of course, in accordance with your doctor's directions.

The three approaches, together, should help you reduce your eye swelling markedly.

Dear Dr. Thosteson: We have just discovered that my 12-year-old daughter has epilepsy. There is no known history of this trouble in our families.

Can seizures be eliminated by medication? What are the chances that she will "grow out of it"? Is it possibly a glandular imbalance that could correct

itself?—Mrs. K.C.F.  
 Some types of epilepsy have a hereditary aspect; many others do not. You will be best guided by a determination of what type of epilepsy your daughter has — injury or infection may have had a bearing on it. Generally speaking, medication can either largely prevent or considerably ease attacks. It is not a glandular condition that will right itself, and (as a generality) it is unlikely that she will "grow out of it."

**TEACHERS VOTE TO RETURN TO CLASSES** — A group of Los Angeles teachers cast ballots on whether or not to end their 4½ week walk-out in Los Angeles Wednesday. The teachers voted overwhelmingly to end the walkout and return to classes today. They also voted to urge the Board of Education to cancel the five per cent salary increase and instead use the money to restore remedial reading programs and reduce class size.

## That Was The Key Reason For Going Into Cambodia'

SAN ANTONIO (AP) — Asst. Secretary of Defense Robert Froehke urged business and military leaders Wednesday to consider President Nixon's stated objectives when evaluating the U.S. move into Cambodia. "The Cambodian decision was not an easy decision... It wasn't a decision that's all right or all wrong, and only one man in this country could make that decision," Froehke noted. "And when you evaluate whether it was a proper move, I hope you will consider first and foremost what that moves does for Vietnamization" of the

Vietnam war, he said, adding: "That was the key reason for going into Cambodia." He urged the crowd of nearly 300 to "bear in mind the President has stated our objectives to be to go into the sanctuary areas and attempt to destroy the supplies—which we have found—and to destroy the facilities." He reminded his listeners that the President also said the Cambodia move was temporary. Froehke later told newsmen that it is too early to evaluate the Cambodian effort. "However, I would have to say militarily it has been very successful, based on the amount of ammunition and supplies that have been uncovered."

## Four Power Talks Secret

BERLIN (AP) — The third session of secret Four Power talks on easing tension in and around Berlin began today in West Berlin's former Allied Control Council building. The British, French, Soviet and U.S. ambassadors to divided Germany arrived at the old Prussian Supreme Court building for the session chaired by Britain's Sir Roger Jackling.

"Protesting in that sense is an institution older than the nation itself," he said, "and I believe in protesting." He called the massive demonstration in Washington last weekend "a good example of good protesting." Citizens and government officials, he said in his speech, "must neither ignore nor worship at the shrine of the protesters."

He told newsmen later that he feels protesters are "vital" as long as the protesters are "selling a point of view, and not attempting to keep someone from expressing his own point of view." In his speech, he warned against protesters who oversimplify and use broad generalities and high pressure tactics. "Beware," he said, "of those who say the ABM, Cambodia, the draft or ROTC are either all good or all bad."

The "most revealing" factor in evaluating the credibility of protesters, Froehke said, is whether they have "spent any time working in their local area to improve the local community."

## Bank Bandits Ring Smashed

WASHINGTON (AP) — FBI agents arrested eight persons today and were seeking one other in a series of bank burglaries during the past five years in Texas and 13 other states. Atty. Gen. John Mitchell announced.

"I have little time to give the individual who deplores and offers suggestions for the state of the world and doesn't have time to put his arm around his neighbor next door," he said.

A former teacher at the University of Wisconsin law school, Froehke told newsmen he feels college faculty members "should be more active in their local community." If they do so, he said, "they are going to understand people in the community more and to go off half-cocked."

## Fish Hatchery Funds Approved

WASHINGTON (AP) — The House Appropriations Committee approved \$250,000 for the construction of a national fish hatchery at San Marcos and allotted \$700,000 for support facilities at the Western Gulf Marine Laboratory at Port Aransas.

He said 51 individuals had been indicted on charges of conspiring to burglarize banks in those states. All also were charged with conspiring to violate laws against interstate transportation of stolen property.

The FBI said the indictments contained information indicating those involved in the ring had obtained manuals and information concerning types of safes, vaults and security equipment used by the banks and savings and loan associations.

## Open House Set For Teacherages

Forsan Independent School District will sponsor an open house for viewing the eight new teacherages built to house teachers in Forsan and Elbow. The open house will be held 1:30-5:30 p.m. Sunday at the teacherages northwest of Forsan High School cafeteria. The district voted for a bond issue in March of 1969 to build 10 teacherages. The two houses in Elbow are now occupied and not open for viewing. Houses No. 1 and No. 2 at Forsan are open and the others are in various stages of completion.

The committee said it had increased construction funds for the Bureau of Sport Fisheries and Wildlife to provide for these and other projects.

The conference will be presented by the University of Texas as Nursing School.

**The big difference between Duster & Maverick**

**\$2229** Delivered In Big Spring Plus Sales Tax And License

**Compare price for comparably equipped cars**

	Duster	Maverick
Base Car	\$2,172.00	\$1,995.00
Engine 200 CID 6 Ford		39.00
198 CID 6 Duster	N.C.	
Automatic Transmission	175.45	201.00
Tires 6.45 x 14 WSW Ford		44.00
6.95 x 14 WSW Duster	26.45	
Radio-AM	61.55	61.00
Wheel Covers	21.30	26.00
	\$2,456.75*	\$2,366.00*

\*Manufacturer's suggested retail price for standard Duster 2-Door Coupe and standard Maverick 2-Door Sedan equipped with items listed. Price excludes dealer preparation charge, state and local taxes, destination charges and other optional equipment.

**Duster has a bigger engine**

Duster's standard 125 hp Six dies off Maverick's standard engine by 20 big horses. Even beats Maverick's only optional engine by 5. And if you want performance, you can go all the way up to 340 cubic inches with Duster. No Maverick can match that.

**Duster has a longer wheelbase**

Duster's 108 inch wheelbase is a full 5 inches longer than Maverick's. In overall length, Duster has 9 more inches. Add Duster's extra 352 lbs., and the result is a smoother ride, and more stable handling.

**Duster has a bigger trunk**

A hot bigger trunk. 15 cubic feet for Duster, only 10.4 cubic feet for Maverick. Just because a car is small on the outside doesn't mean it has to be small on the inside.

**Duster has a 5-year/50,000-mile power train warranty...**

**Maverick doesn't.**

Chrysler Corporation warrants against defects in materials or workmanship to the first registered owner only, and will repair or replace without charge for parts or labor at an authorized Imperial, Chrysler, Plymouth or Dodge dealership, the engine block, head and all internal engine parts, water pump, intake manifold, transmission case and all internal transmission parts, torque converter, drive shaft, universal joints, rear axle and differential of the 1970 Duster for 5 years or 50,000 miles and all other parts for 12 months or 12,000 miles, whichever occurs first, excluding only tires, normal deterioration due to wear and exposure, normal maintenance services and parts used in connection with such services, repairs required as a result of accident, abuse, negligence, racing or failure to perform recommended maintenance services. Warranty repairs should be obtained from selling dealer unless he has ceased to do business as an authorized Chrysler Motors Corporation dealer, or the owner is traveling or has moved to a different locality and cannot return to his selling dealer.

# Hospital Authority To File For A Construction Grant

Trustees of the newly-formed Howard County Hospital Authority voted Wednesday to file an application with the State Health Department for a hospital construction grant under the Hill-Burton Act.

The authority is asking for a million dollars. At the same time it contracted with Municipal Bond Associates of Texas to underwrite another \$1,600,000 in revenue bonds.

Monday the Howard County Commissioners Court had approved the creation of the authority as an instrument through which expansion of Medical Center Memorial Hospital may be expanded to meet pressing medical needs of the community and area.

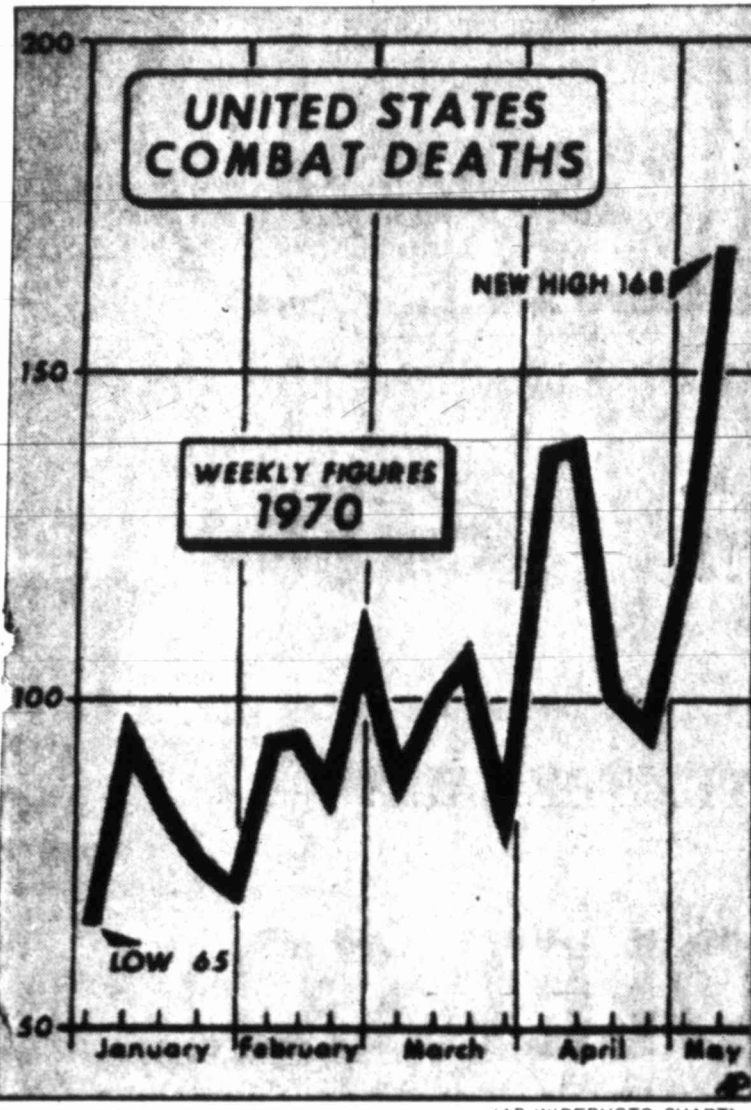

The bond attorney firm of Dumas, Huguennin, and Boothman of Dallas, was named to handle legal matters in bond proceedings.

Named president of the authority was K. H. McGibbon.

Other officers were Clyde Angel, vice president, and Truman Jones, secretary-treasurer. These had been officers of the board for the hospital foundation.

Trustees of Medical Center Memorial Hospital previously had furnished a letter declaring that if and when the Hill-Burton grant is obtained in sufficient amount, all assets of the predecessor hospital foundation will be transferred to the authority.

Named president of the authority was K. H. McGibbon.

## Jaycees Boost Rubella Day

In preparation for "Rubella Day" May 24, the Big Spring Jaycees are presenting programs before various civic clubs and organizations with information on the disease.

Rubella, commonly known as German measles, has been proved to cause birth defects in unborn children when contracted by pregnant women.

Two films, "Stop Rubella" and "What Will Poor Robin Do," are available from the Jaycees through Larry Knight or Mike Hall. Both are in color and have soundtracks. "What Will Poor Robin Do?" is the story of a woman who contracts the disease while pregnant.

"Stop Rubella" stars Lloyd Nolan and Diahann Carroll who give information about rubella.

The Jaycees are sponsoring "Rubella Day" in Municipal Auditorium, where volunteer doctors and nurses will distribute the vaccine to children under 10. All parents are urged to have their children participate in the vaccination.

## Silent Screen Star Sues Serling

LOS ANGELES (AP) — Mary Miles Minter, a silent screen star who retired in 1925, is asking \$350,000 in an invasion of privacy suit against the Columbia Broadcasting System and writer-producer Rod Serling.

Miss Minter, 68, filed the action in Superior Court Wednesday, alleging that Serling's CBS television show "The Wonderful World Of" implied that the actress, her mother and former star Mabel Normand were somehow linked with the unsolved 1922 murder of movie director William Desmond Taylor.

Also named as defendants were sponsors of the show, telecast Feb. 15 and repeated Feb. 21.

# Senate Starts Indochina Fuss

WASHINGTON (AP) — Senators supporting President Nixon's decision to send U.S. troops into Cambodia are counterattacking to block a move to prevent deeper American involvement in that country.

A countermove by GOP Senate Leader Hugh Scott and others is aimed at stopping an amendment by Sens. John Sherman Cooper, R-Ky., and Frank Church, D-Idaho barring funds for retaining U.S. troops in Cambodia and limiting future aid for air strikes.

Scott has proposed amending the Cooper-Church amendment to authorize U.S.-Cambodian operations if the President decides they are necessary to protect Americans in Vietnam.

The Cooper-Church amendment, the first in a series of proposals dealing with U.S. action in Vietnam and Cambodia, is attached to a military sales bill. The Senate formally opened debate on the measure Wednesday in a discussion that likely will occupy it until July.

Sen. James O. Eastland, D-Miss., joined the counterattack by announcing today he will seek to bar enforcement of any limit on funds until the North Vietnamese release all American prisoners of war.

"We are solemnly obligated—legally, morally and in the name of honor and decency—to stand by these men even as they are disclosed by America," Stennis said in disclosing his plans.

Church told the Senate Wednesday his amendment is directed against the very activities which led to our entrapment in Vietnam. Its adoption would erect a legal barrier against the further penetration of American forces into the jungles of Southeast Asia and help expedite the withdrawal of our troops from Vietnam."

Sen. John C. Stennis, D-Miss., chairman of the Armed Services Committee, told reporters Wednesday the Cooper-Church proposal was "unthinkable," especially "while that battle is still going on."

Although President Nixon said all U.S. troops will be out of Cambodia by June 30, Stennis said "I just don't think anyone can foretell just when they can carry out a mission."

He also said President Nixon might have to send American troops into Cambodia again. Nixon has insisted South Vietnamese troops could handle a second attack, if needed.

"I don't want to shut him off from hitting these sanctuaries again," Stennis said.

Leaders of two major veterans groups appeared in the Senate Press Gallery to denounce the Cooper-Church amendment and other restrictive proposals. The two national commanders, J. Milton Patrick of the American Legion and Ray Gallagher of the Veterans of Foreign Wars, said the limitations proposed "amount to a declaration of surrender to Communist forces and constitute a stab in the back for our boys in combat."

# Armstrong Spent \$104,375 To Win

AUSTIN (AP) — Rep. Bob Armstrong of Austin, who defeated incumbent Jerry Sadler and another candidate for the Democratic nomination for state land commissioner, spent about seven times as much as both his opponents, show records in the secretary of state's office.

Armstrong reported Wednesday he spent \$104,375 in the May 2 primary election, compared to \$12,460 Sadler says he spent and expenses of \$3,907 submitted by Fred Williams of Houston.

Sadler said he got donations of \$4,047 from supporters and Williams claimed \$3,155 in gifts.

Armstrong did not list a final total amount of donations, but his itemized report appeared to have about \$75,000 in gifts.

## First Lady Of Youth Gains \$10,000, Crown

MOBILE, Ala. (AP) — Karen Stenwall of Phoenix, Ariz., began her reign today as America's Junior Miss — the nation's first lady of youth. The blonde, gray-eyed beauty was chosen from among high school senior girls representing all 50 states in the nationally televised Junior Miss Pageant here Wednesday night. Upon being crowned, the 18-year-old Sunnyslope High School senior broke into tears as did her sisters, Mrs. Cathy Dixon, 21, Lisa, 15, Lynn, 13, Martha, 11, and Jodi, 9, who were in the audience. "I was excited, but I wasn't really nervous because I didn't think it would be me," she said. She was awarded a \$10,000 college scholarship along with the crown. With the addition of scholarships presented for her two victories in preliminary judging her total reached \$12,000. She is the daughter of Mr. and Mrs. John E. Stenwall of Phoenix, who also were here for the pageant. Mrs. Stenwall is a purchasing agent for a high school district in suburban Phoenix.

## 'They're Trying To Steal It Again,' Seminoles Aver

MIAMI, Fla. (AP)—The federal government, which finagled the Seminole Indians out of a big chunk of Florida 150 years ago, has finally offered to pay them \$12.3 million for it. "They're trying to steal it again," was the indignant reaction of Joe Dan Osceola, chairman of the United Southeastern Tribes, when informed of the offer by the Indian Claims Commission Wednesday. Osceola, namesake and descendant of a famous Seminole war chief, said the proposed settlement probably would be appealed to the U.S. Court of Claims. "We were willing to settle with the government if they'd pay enough," Osceola said. "But after 20 years in court, af-

ter 100 years of depriving us of the land, now they offer us peanuts." The Seminoles lost the land in the early 1800's when Gen. Andrew Jackson marched into Florida to punish the Indians for providing escaped slaves with sanctuary in the swamps. The treaties of 1823 and 1832 after the Seminole wars left the Indians without any of their real estate which once embraced about 30 million acres. The Seminoles filed suit 20 years ago, demanding the federal government pay them \$47 million for the land, figured at \$1.25 per acre, the average price when the land was taken. The U.S. Court of Claims in Washington ruled in June, 1967, that the government owed the Seminoles for the acreage. The government originally wanted to pay only 20 cents an acre. The proposed settlement by the Indian Claims Commission was based on 45 cents an acre. The Seminoles wouldn't receive the full \$12.3 million. The government would deduct from it: money spent on the Indians or given them as a result of treaties, a figure estimated at \$5 million. Said Osceola: "If the people in Washington could only visit the reservations they're dealing with, they would not be so stingy. "People think we receive a monthly check from either the state or the federal government. It's not so. We just make it by the skin of our teeth."

## Five Big Spring Students To Attend Boys State Meet

"Five high school boys will represent Big Spring at the 1970 session of Texas American Legion Boy's State," Howard County Post 355, Americanism Chairman George Zachariah announced today. "The 1970 Texas American Legion Boy's State will be in session from June 6-13 at the University of Texas, in Austin," Zachariah said. "Marshall Lynn Cauley, son of Dr. and Mrs. Marshall Cauley, 524 Scott, has been invited to attend the 1970 session as junior counselor. Cauley a senior at Big Spring High School was one of the four Big Spring students to be selected for the Texas Boy's State last year, and was there appointed as one of two boys to represent the State of Texas at Boy's State in Washington, D.C., from July 18-25, 1969," said Zachariah. The four Big Spring youths selected to attend the 1970 session, all juniors at Big Spring High School, are Louis Dunnam, son of Mr. and Mrs. R. G. Dunnam, 1108 Ridgeroad Drive; Jeffery Talmadge, son of Mr. and Mrs. John Talmadge, 2709 Carol Drive; Scott McLaughlin, son of Mr. and Mrs. Ralph McLaughlin, 112 Cedar Road; and Ben Johnson III, son of Mr. and Mrs. Ben Johnson Jr., 707 W. 16th. An impartial panel selects the students to attend Boy's State, with emphasis placed on scholarship, character, ambition and leadership ability. American Legion Boy's State is a plan for training in the functional aspects of citizenship. Sponsored by the American Legion, its purpose is to teach the youth of today constructive attitudes toward the American form of government. Boy's State attempts to show that all a democracy needs is an intelligent citizenry and a clean, honest, and impartial administration responsive to the will of the people. Tuition and expenses for three of the 1970 delegates will be paid for by Howard County Post 355, the American Legion, and the fourth student is sponsored this year by the Big Spring American Businessmen's Club.

**BOY'S STATE** — George Zachariah, Americanism committee chairman, for American Legion Post 355, helps (from left) Louis Dunnam, Jeffery Talmadge, and Scott McLaughlin complete their applications for attendance at 1970 session of Boy's State in Austin. The three junior boys at Big Spring High School and Ben Johnson (not available for the picture) were selected for their scholarship, character, and leadership ability.

# Sirhan-One Year After

SAN QUENTIN, Calif. (AP) — Sirhan Bishara Sirhan, surrounded in steelbound isolation by his books and magazines, and the other clutter of life in a tiny cubicle, nears his first anniversary on San Quentin's death row.

"He's adjusted pretty well," said Associate Warden James L. Park, administrative overseer of the day-to-day existence of the convicted slayer of Sen. Robert F. Kennedy.

"You have to face something," he observed. "Nobody likes to be locked up, and this is not the best way to spend the past year."

Sentenced to die in the California gas chamber for the June 1968 assassination in a Los Angeles hotel, the 26-year-old Sirhan was sent to San Quentin May 23, 1969, to await his fate.

Standing between Sirhan and death is an automatic State Supreme Court review of some 100 volumes of his trial. Also, there is a virtual moratorium on California executions because of capital punishment challenges now under consideration by the U.S. Supreme Court. The last execution in California was on April 2, 1967.

Through it all, Sirhan has remained at "home" in Cell 33, South Side Condemned Unit 1, an area where the only light of the world outside is an opening high above his cell, admitting a foot-square view of the sky.

The biggest problem facing his jailers remains keeping the 105-pound prisoner alive. Last fall a death row threat against his life was intercepted.

It consisted of a newspaper clipping of Sirhan's face, overlaid with the drawing of a skeleton hand. Below was a stick figure of a man, holding a knife, next to the word, "Doomed."

"We're pretty sure we know the source," said Park. "The man is capable of doing it if he wanted to."

"We maintain the same position we did a year ago. We are concerned about an isolated individual who might want to harm Sirhan for the glory, to get into the newspapers, or out of retribution for Kennedy," Park added.

To keep Sirhan safe, he is separated by a steel mesh screen from the 25 other condemned men on South Side during the daily 10:30 a.m.-2 p.m. exercise periods when cells are opened onto a common pen.

Last February, a 15-foot-wide "no man's land" that separated Sirhan's exercise area from the others was opened to allow Sirhan to converse at close quarters with the rest—through a screen.

Earlier in winter, protesting "Nazi concentration-like treatment," Sirhan had gone on a 13-day hunger strike to force reduction of his isolation. His mother convinced him to resume eating solid food again.

Said Park, "He does have a chance now to talk with other

inmates. Several men have spent a good deal of time talking to him. Whether he has made friends, in that sense, I don't know."

In exercising hours, when Sirhan isn't chatting through the screen, he takes a few belts at a heavy punching bag rigged outside his cell, or does calisthenics.

In the long hours when he is locked into his 4½-foot-wide, 7-foot-high, 11-foot-deep cell, he reads the many magazines to which he subscribes, some of them in Arabic (he was born in Jordan) books from the prison library, and newspapers.

For entertainment, Sirhan listens to Arabic and other records on his phonograph. And he can watch television through the bars of his cell, or listen to the radio. He usually ignores the television.

HE PROVIDES GET-AWAY CAR

AMARILLO (AP) — Grocery store manager B. E. Hitchcock unwittingly provided the get-away car Wednesday for a bandit who had just robbed his store of an estimated \$5,000.

When Hitchcock arrived at the store he found two of his employees locked in a cooling locker.

While the manager was busy freeing the two employees, the robber, who unknown to Hitchcock was still in the store, slipped out the door and drove away in Hitchcock's car.

The car was found abandoned later.

Nixon Nominates Demo Okie Owens

WASHINGTON (AP) — President Nixon nominated an Oklahoman Tuesday to his second full five-year term on the Securities and Exchange Commission.

Hugh F. Owens, a Muskogean native and first administrator of Oklahoma's Securities Act of 1959, was named to another term, subject to Senate confirmation.

Owens, a Democrat, first joined the commission March 7, 1964, when he was named to fill the vacancy created by the resignation of former Delaware Sen. J. Allen Frear because of poor health. Owens was reappointed to serve a full five-year term June 5, 1965. That term will expire June 5, 1975.

WINNING SMILE—Mayor Hugh J. Addonizio smiles after he survived a challenge by white "law and order" candidate Anthony Imperials to gain a runoff election spot Tuesday. He now faces Kenneth Gibson, a Negro engineer, in Newark, N.J., first black-white mayoral runoff June 16.

## Horoscope Forecast

TOMORROW  
—CARROLL RIGHTER

**GENERAL TENDENCIES:** Only involved in any projects with others today or tonight. You would be wise to avoid forcing any issues. Avoid making any commitments. Show the agreeable side of your nature and character and help those having less benefits in life than you.

**ARIES (March 21 to April 19)** You want to break away from your present status but you find you advance more quickly through the good auspices of an associate. Forget the financial. Be sure that your wardrobe is in good taste.

**TAURUS (April 20 to May 20)** Put that plan to work that will make improvements to present methods of operating, but don't take any careless chances. Don't give in to temper tantrums. Do whatever will improve health.

**GEMINI (May 21 to June 21)** You may have delays that could upset you if you do not control your temper. Take the time to chat with a charming person, but don't be extravagant. Work on that hobby and make it pay off.

**MOON CHILDREN (June 22 to July 21)** You find you have a staunch friend at home when you meet with difficulties in the business world, so be appreciative. Stop fussing. Get interested in artistic and cultural matters.

**LEO (July 22 to Aug. 21)** Forget all that Leo pride and listen carefully to what associates suggest since the planets are with them. Put more time in preparing reports, statements. Make sure they are absolutely correct. Be smart.

**VIRGO (Aug. 22 to Sept. 22)** See how to eliminate some expense that is draining you unnecessarily. Don't get your mate expects of you. Be happy.

**LIBRA (Sept. 23 to Oct. 23)** Forget the practical this morning and do whatever will bring you the good will of a friendly benefactor or other friendly persons. Expand instead of just sticking in one spot. Make new plans for the future.

**SCORPIO (Oct. 23 to Nov. 21)** Avoid a higher-up who could easily use you as a scapegoat and slow down your progress where your career is concerned. Get the information that you need but be guarded in the way you go about it. Be happy with mate in the evening.

**SAGITTARIUS (Nov. 22 to Dec. 21)** A new associate gives you the right push to make you more successful in your career. Forget routines and follow your hunches, which are particularly good just now. Get a new lease on life.

**CAPRICORN (Dec. 22 to Jan. 20)** A bigwig is practically the only one you can depend upon for that impetus you need in your career, so stay close to this person. Get into some civic matter that will help you vocationally, also. Be wise.

**AQUARIUS (Jan. 21 to Feb. 19)** Listen to the advice of one whose thinking is different to yours and forget all those way-out ideas. If you push that financial affair now, you get into much trouble. Be charming with mate in the evening.

**PISCES (Feb. 20 to March 20)** Follow your intuition about improving the position in which you now find yourself. Show that fine touch and neat finish you possess. Be more aware of what you possess. Be more aware of what you possess. Be more aware of what you possess. Be more aware of what you possess.

## Water District Equalization Meet Set For May 20

COAHOMA — Howard County Water Control and Improvement District No. 1 will have its annual board of equalization meeting May 20 at the City Hall in Coahoma. Hours are from 8 a.m. to 12 noon. Board members are J. F. Gibson, L. F. Kinder, and W. W. Lepard.

There have been no changes from previous values, and no change in the 80-cent rate is anticipated.

The water improvement district maintains and operates pipelines and other facilities to deliver water from Big Spring to Sand Springs and Coahoma.

### Ralph To Eye Ravished City

WASHINGTON (AP) — Sen. Ralph Yarborough, D-Tex., said Wednesday medical supplies and medical treatment may not have been adequately available to the victims of the Lubbock tornado.

After reports from an aide that there is a "serious shortage of medical supplies and treatment" for the disaster victims, Yarborough said he would investigate for himself today.

Yarborough, chairman of the Senate Health subcommittee, said he would question whether adequate facilities exist to respond fast enough after such a great natural disaster.

He also said he was worried that the Office of Emergency Preparedness does not have the funds to cope with the Lubbock disaster.

"The country must be able to respond with all the medical treatment and all the funds needed—and respond quickly—in time of disaster," said Yarborough, chairman of the Labor and Public Welfare Committee and a member of the Appropriations Committee.

**DIRTY HEARING** — Thomas H. Forcade, left, of the Underground Press Syndicate ended his testimony before the Federal Obscenity Commission in Washington yesterday by hurling a cottage cheese pie into the face of panel member Otto Larsen, a University of Washington professor. Larsen continues to talk to Forcade as an unidentified commission member removes the empty pie tin.

## Experiment In Treating Mentally Ill Pays Off

SAN FRANCISCO (AP) — A family members as well as the patients. Among the 126, half were considered to have personality disorders.

Thirty per cent of the patients had problems apparently related to marital or family disharmony. Others suffered from neuroses, schizophrenia or other ailments.

Often the person who is put in the hospital is simply "carrying the symptoms of a disturbed family," and treatment needs to be aimed at the family, they explained.

Drs. Gene M. Abrams and Carl H. Feilner of the University of Wisconsin told of treating 100 patients, with whom 126 members of the families also were admitted to the hospital. The 126 included husbands, wives, parents, brothers and sisters of patients.

Diagnoses were made of the

about 10 days.

Helpful treatment really begins, the doctors said, when the patient and his family accept the idea that "the problem lies between all of them, not just within the patient." Therapy proceeds when the family can sit down together and work out their faulty methods of relating.

It does no good to tell a family that the trouble "is really with all of them, but then let all but one of them go home," the doctors reported.

### Police Dodge Rocks, Bricks

ATHENS, Ohio (AP) — Riot-equipped police dodged rocks and bricks while using tear gas to push 300 demonstrators back to the Ohio University campus early today after the students had shouted down university President Claude W. Sowle during a rally.

Police arrested eight students on a variety of charges ranging from disorderly conduct to rioting. One officer was injured when the crowd marched to the downtown area, set small fires and began throwing missiles.

Order was restored a little more than two hours after the rally, police said.

The students were angry over suspension of seven pupils Wednesday. Sowle said the seven were threats to the security of the university of 19,000 students.

Sowle pledged last week to keep Ohio University open despite riots and so-called protests.

### Uneasy Calm In Syracuse

SYRACUSE, N.Y. (AP) — Police maintained a cordon around the predominantly black inner city today to enforce an uneasy calm that followed a night of vandalism and firebombing during which one youth was shot in the leg.

Police said at least 10 black youths were arrested, including one charged with first-degree rioting, when they were cornered in a hallway of Crouse-Ing Memorial Hospital by patrolmen. At least three minors were picked up for juvenile delinquency.

David Beers, vice president of Crouse-Ing, said apparently the youths in the hospital used the building in an attempt to evade police who were chasing them from a nearby business district. Windows were smashed and fire bombs had been thrown into stores in that area, police said.

Other officers are Mrs. J. A. Andrews, first vice president; Mrs. E. O. Sanderson, second vice president; Mrs. J. W. Tranham, third vice president; Mrs. Paul Guy, council delegate and secretary; Mrs. J. O. Murphy, treasurer; Mrs. L. R. Fortenberry, reporter; and Mrs. Frank Wilson, parliamentarian. Mrs. Clinkscales presented Mrs. Guy, outgoing president, with a gift of appreciation. The next meeting will be June 10. The theme for the new club season is "something Old and Something New."

## 'Nurse Of Month' Is Announced

Miss Madeline Trees was chosen "nurse of the month" by Texas Nurses Association, Constituent 24, Tuesday at the home of Mrs. Claude Van Vleet, 2406 Alabama. Mrs. John Payne was cohostess. Miss Trees works at Cowper Clinic and Hospital.

Jim Baum, guest speaker, discussed beautification of Big Spring. He showed slides of improvements made in the city.

Two new officers were announced. Mrs. Payne is the vice president and Mrs. E. S. Wells is secretary-treasurer. Also elected were two new directors, Mrs. James A. Lancaster and Maj. Theresa Carfagno.

## Jaycee-Ettes Aid Vaccine Project

Plans to assist with rubella inoculations May 24 were made during the dinner and business meeting of the Jaycee-Ettes Tuesday at the Spanish Inn. Mrs. Bob Taylor presided. The vaccinations will be given free of charge to all children between the ages of one and 10 from 12-6 p.m. in Municipal Auditorium.

Members discussed the convention in Fort Worth this weekend. Mrs. Ben Faulkner, local Jaycee-Ette, is running for the vice presidency of District 2-B, Jaycee-Ettes.

The Jaycee-Ettes will operate concession stands at the Go Kart races May 30-31 in Comanche Trail Park. The next regular meeting will be June 11 at the Veterans Administration Hospital for a tour.

## Auxiliary Women Elect Delegates

Delegates were elected by the National Association of Letter Carriers Auxiliary Tuesday to attend the state convention in Fort Worth June 11-13. Elected were Mrs. Roy Zeigler and Mrs. Jesse Crane Jr. The auxiliary met at First Federal Community Room with Mrs. Wayne Beene as hostess.

A \$125 contribution was made to Sen. Ralph Yarborough's campaign fund. Two sets of dominoes were donated to sixth floor patients at the Veteran's Administration Hospital. Cakes for the VA birthday parties will be provided this month by Mrs. Ronnie Schaffer and Mrs. Dorothy Piper. The next meeting will be June 9 at the state park for a hike around Scenic Mountain.

Guests of the T. A. Reeses Sunday were the D. H. Hoppers, Stanton; the M. P. Dorn Jr. family, Coahoma; Mrs. J. E. Williamson, Snyder; the V. Phillips, Big Spring; Mrs. H. L. Jamison and Mrs. H. Sewell and Tommy, all of Colorado City.

The Dalton Conaways were visited by their daughter and family, the Andy Hancock.

Vee Iglehart, North Texas State University, Denton, spent the weekend with her parents, the J. D. Igleharts.

Mr. and Mrs. Larry Bell are visiting his parents, the W. A. Bells. Larry will receive his BA degree from Sam Houston College in Huntsville Sunday. Carol Ann Bell will receive her BS degree in English and physical education from Howard Payne College in Brownwood, May 22. The W. A. Bells plan to attend the ceremonies. Their daughter, Patricia, is a junior at Howard Payne and Sue is a freshman at NTSU.

Mr. and Mrs. C. E. Ranne and Linda attended the North Texas University Grand Chorus performance with the Dallas Symphony Orchestra Saturday in McFarlin Memorial Auditorium. The Ranne's son, Eddie, is a member of the chorus. The Rannes spent Sunday in Denton and stopped in Fort Worth to visit Linda's brother, Raymond Robb.

## BSP Holds Style Show

STANTON (SC) — The Rho Xi Chapter was host for a mother-daughter style show and tea recently in the Cap Rock Auditorium. This traditional affair is held annually by Beta Sigma Phi to honor mothers. Fashions were from Dalashanta Shop, and sorority members and their children modeled.

Commentary was given by Mrs. Glenn Linder.

Mrs. Uen North received a corsage for being the youngest mother present. Mrs. J. W. Johnson, Austin, mother of Mrs. Billy Reager, received a corsage for traveling the farthest distance. A door prize was won by Mrs. Troy Pierce of Tarzan, mother of Phillip Stovall. Gifts were presented to Dalashanta owners, Mrs. R. P. Odum and Mrs. Benny Welch. Mrs. Linder also was presented with a gift. Punch and cookies were served. Approximately 70 attended.

## Rainbows Name New Term Slate

New officers were elected by the Order of Rainbow for Girls, Assembly 60, Tuesday in the Masonic Temple. Esther Dennis, outgoing worthy advisor, presided. Mary Alice Terrazas was elected faith; Cindy Williams, hope; Gayle Webb, charity; Vicki Annen, worthy advisor; and Sharon Andrews, associate worthy advisor.

Mary Ellen Hedges, faith, urged members to bring old hosiery collected for use at Big Spring State Hospital. Plans were made to attend the Grand Assembly June 15-17 in Dallas.

## Genealogy Society Will Meet Tonight

The Genealogical Society of the Big Spring will meet at 7 o'clock tonight in Pioneer Gas Flame Room. The executive board will meet at 6:30 p.m. Anyone interested in joining the newly organized club is invited to attend.

BILL BLASS FASHIONS — Modeling two of the latest designs by Bill Blass during fashion show Monday in New York City are girls wearing, left, a beige and white plaid cape over belted tunic and pants, and right, a print evening dress cut in two lengths.

## A LOVELIER YOU Mothers Recognized By President Wilson

By MARY SUE MILLER

In 1914 the second Sunday in May was proclaimed Mother's Day by President Wilson. Incredible as it may seem, the measure had been voted down by the Senate some six years before.

Now, over half a century later, the day continues to be set aside to remember Mama. But her image is somewhat changed. In addition to attending to her family's well-being, she plays dozens of other roles. Modern mothers are found earning wages and respect in industry, the professions and the arts.

Yet, with all her involvements, there is one thing about the lady that remains unchanged; she continues to be a female, feminine girl. And she wants to be treated like one. Do keep that in mind as you consider a remembrance.

Make it special . . . perhaps by serving her breakfast in bed with a pink rose on the tray or by having a sumptuous picnic at her favorite spot . . . gifting her with sachet-scented gloves or a pearl dog collar or a snapshot of the family in a tiny, heart-shaped frame.

Too, the perennial tributes, flowers and fragrance, are always loved. To get a floral message across, choose a sprightly arrangement, such as a tight corsage of freesia or trailing geraniums in a basket.

As for fragrance, Madame Coco Chanel has said, "No

woman is complete without perfume." There could hardly be a better way to tell Mother that she's your girl.

**BEAUTY KNOWS NO AGE**  
Some women age before their time; some retain their youthful beauty and charm. Why? The secrets of non-stop attractiveness are revealed in "Beauty Knows No Age." Advice covers ways to a youthful figure, skin and hair; to flattering make-up, hairstyles and fashions. For your copy write to Mary Sue Miller in care of the Big Spring Herald, enclosing a long, self-addressed, stamped envelope and 25 cents in coin.

## Men Gardeners To Raise Funds

Fund-raising plans were discussed by the Men's Garden Club Tuesday in the home of Walter Schattel, 1410 E. 14th. Members considered sponsoring "big pumpkin" or "giant sunflower" contests for youths, and having a plant sale later in the year.

The national convention of Men's Garden Clubs of America will be held in Des Moines, Iowa, July 22-24. Members toured Schattel's gardens and had refreshments. The next meeting will be June 9 at the U.S. Experiment Station, when Dr. Paul Koshi will conduct soil test demonstrations.

## Gay Hill 4-H Club Announces Slate

New officers were elected by Gay Hill 4-H Club are Annette Couch, president; Darla Buchanan, first vice president; Sherry Jackson, second vice president; Tricia Jackson, secretary; Debra Buchanan, treasurer; Brenda Jackson reporter; and Ronnie Wegner, council delegate. Adult leaders of the group are Mr. and Mrs. Bob Wegner and Mr. and Mrs. D. M. Ray. Refreshments were served at the last meeting by Brenda and Sherry Jackson.

## Fora Holds Installation At Dinner

New officers were installed at the Spoudazio Fora Study Club dinner Tuesday at the KC Steakhouse. Mrs. Mary Cochran served as installing officer.

The new president is Mrs. A. D. Jenkins with Mrs. Hulan Harris, vice president; Mrs. Don Farley, treasurer; Mrs. Robert O. Clark, recording secretary; and Mrs. W. W. Lansing, corresponding secretary.

Secret pals were revealed, gifts exchanged and new secret pals drawn for next year. Mrs. Jenkins appointed her committees and the club adjourned for the summer.

## Couple Will Be Wed Saturday

Mr. and Mrs. Donald Kendrick of Vernon, Fla., announce the approaching marriage of their daughter, Wynonia, to CWO Walter Frank Horn, son of Mr. and Mrs. Jack Horn, 505 Dallas.

Miss Kendrick is a graduate of Vernon High School and Chipola Junior College. Officer Horn is a graduate of Big Spring High School and the Army Aviation School at Fort Rucker, Ala. He has recently returned from a tour of duty in Vietnam.

The wedding will take place Saturday at the First Baptist Church in Vernon.

## Leaders Elected By Chaparrals

Chaparral Club members elected new officers Tuesday, during their final meeting until the fall, in the home of Mrs. Bill Pollard, 1606 Osage. Mrs. Pollard was elected president with Mrs. Rayford Gillihan, vice president; Mrs. Travis Carlton, recording secretary; and Mrs. Tommy Gage, treasurer. Mrs. Otto Wolfe, guest speaker, showed slides taken on a trip to Germany. A salad supper was served.

## B&PW Hears Charles Tuttle

Charles Tuttle, local attorney, was guest speaker Tuesday at the Business and Professional Women's Club meeting. The club had a covered dish dinner in Pioneer Gas Flame Room.

Mrs. Mammie Roberts, chairman of the civic participation committee, introduced Tuttle, who discussed "Law Week," observed the first week of May.

Tuttle compared American democracy with communism. He traced the history of law enforcement from its beginning in the United States to the present. He warned against forgetting, or losing sight of the values of law.

"The values of law as we've known them seem to be crumbling," Tuttle said. "The break-down in law and order is partly due to drugs, crime and anti-war demonstrations."

Another contributing factor he mentioned was the tremendous expansion of constitutional rights and reinterpretations of constitutional meaning. After discussing the "Chicago Seven" trial, Tuttle urged more respect for courtroom procedures.

Delegates were elected to attend the state convention June 12-14 in Amarillo. They are Mrs. W. B. Sullivan, Miss Movelda Rhine, Mrs. Weldon Nuckolls and Miss Gladys Hardy. Alternates are Mrs. Cass Hill, Mrs. Ruby Exline and Miss Edith Gay.

The next meeting will be May 26 at Coker's Restaurant. Dr. Preston Harrison, Big Spring State Hospital director, will be the guest speaker with Frank Wharton, BSSH music therapist, entertaining with piano music.

Attends Opening Of Nursing Home

Mrs. Gladys Demicho was in Levelland Sunday to attend the formal opening of Colonial Nursing Home which her daughter, Mrs. Ann Phillips, serves as director of nurses.

Speaker for the event was Mayor Bob Vaughn who was introduced by Land Wall, president and owner of the home. Mrs. Phillips is a former local resident.

# There's another Texas in Texas.

It's a Texas that doesn't make the headlines. These Trail maps will guide you there. To quiet adventures that lie far off the expressways. In old-world towns where the fragrance of baking kolaches invites you to linger. Or deep forests, serene and silent. Or lakes where giant bass challenge your skill. Or abandoned forts where

ghostly bugles blow retreat at sundown. This is Texas for the explorer in you. And our Trail folders include detailed maps, interesting highlights and the location of parks and recreation areas in these away-from-it-all places. Pick your Trail and discover a Texas that the casual tourist seldom sees.

**LETTERS TO THE EDITOR**

**Salesmanship Urged As Tactic; Cleanup Lauded**

To the Editor:

As an officer in the US Air Force, I understand the necessary and overdue destruction of enemy sanctuaries in Cambodia. Students, however, think of this as an invasion of another country and an expansion of the war. Consequently, the worst crisis in our history now exists and seriously threatens the very life of our Republic.

Why does this lack of understanding prevail among our young people? I believe it's because the truth is so often obscured by radical minority groups who have become expert in crowd manipulation. If this is correct, we in the "silent majority" can overcome these groups and restore public sanity if we put to use our most proven tactic — Salesmanship.

We can no longer afford to state a position and then rely on logic and common sense of the mature majority to understand and agree. We must repetitiously restate our position and give sound reasons for its support. We must out-shout those who say we are invading Cambodia illegally, by shouting back that we are only fighting those enemy troops on the Cambodian border today whom we would have to fight tomorrow 30 miles away in the outskirts of Saigon.

I was surprised and gratified to learn that most of the young people in Big Spring, agree that others have no right to riot,

dissent violently, or burn buildings, and that if they do these things, they should expect to meet with harsh consequences, maybe even death.

If we do not succeed in our selling radicals, we as a free nation will go out of business.

Sincerely,  
GAIL M. KEY  
Major, USAF  
84 Ent Drive

To the Editor:

A proud and public "thank you" to Ann Boullioun and M. Sgt. Bob Butler for their tremendous leadership in last week's Pride People Cleanup. With well over 150 people involved, they succeeded in a block-by-block effort which not only improved the appearance of our thoroughways, but also inspired a number of private property owners to spruce up their own areas.

Groups that helped include the Civitans, American Business Club, HCJC students, Kiwanians, Junior Officers, Boys Club, Morning Optimists, Non-commissioned Officers Association, United Youth, Inc., Men's Garden Club, Key Club and the Texas National Guard unit which will complete the project this weekend.

Our sincere appreciation to these and others who gave time and muscle last week to make Big Spring a cleaner place to live.

**PRESSURE CHANGES SPARK EAR PAINS IN LUBBOCK**

LUBBOCK, Tex. (AP) — "I thought my head was going to blow up."

That's the way Roy Thompson described the atmospheric pressure changes caused by Monday's tornado that left 20 known dead. His experience with pressure was echoed by others.

Thompson lives in what had been a swank neighborhood near the Lubbock Country Club.

Thompson said he and his family made it to the basement of their \$100,000 home in the Lubbock Country Club area just before the storm hit.

"It was like being in an airplane with the pressure changes. My ears popped and there was the dangdest pressure I ever felt. I thought my head was going to blow up," Thompson said.

He said his house was

valued at \$100,000 but only carried about \$65,000 insurance.

He said wryly, "I could have bought another \$25,000 worth of insurance last week for about \$300, but I didn't do it," he said.

Next door to the Thompson residence, Mrs. O. C. Davis said the pressure change from the storm literally held her in bed. A 2x4 wooden beam was driven into her mattress inches from where she lay.

Mr. and Mrs. A. L. Balsley, faculty members of Texas Tech University here, also lived in the ill-fated area where an entire family — the Kenneth Medlin family of four — died.

"We're just going to fix it up. That's all," Mrs. Balsley said of her home. Next door, only a clutter of debris lay where the residence of Bud Robinson stood before the storm.

**GETS A KICK OUT OF NEW JOB**—Joyce Adachi, 17, who donned hip-boots and fireman's coat and hat when she took over as Chicago fire commissioner for Youth Week activities, seems to be getting as much of a kick as Fire Commissioner Robert J. Quinn, background, under City Hall sign. Joyce was one of 35 high school pupils chosen to act as junior city officers for a day.

## Consumer Credit Official Fired

AUSTIN (AP) — The State Finance Commission Tuesday abruptly fired State Consumer Credit Commissioner Frank Miskell, "effective immediately."

Miskell, a career government employee, had held the job since 1963 when he was first appointed by former Gov. John Connally.

Sam Kelley, assistant attorney general, was named to the \$30,000 a year job that regulates the consumer loan industry.

At the same session the finance commission also accepted the long-tendered resignation of State Banking Commissioner J. M. Falkner.

Deputy Banking Commissioner Robert E. Stewart was promoted to commissioner.

Tuesday's meeting of the State Finance Commission had been posed in a public notice, required by the State Open Meetings Law, as an "executive session to discuss personnel matters."

The surprise 6-2 vote to fire Miskell came three months to the day after the commission voted unanimously to reject a resignation submitted by Miskell amid rumors that a three-member subcommittee of the entire commission wanted him fired.

There have been statewide reports recently, and before the February meeting that Gov. Preston Smith wanted Miskell fired because Miskell reportedly was a speech writer for Eugene Locke, the Dallas attorney who unsuccessfully ran against Smith in 1968.

There also were reports that certain elements of the small loan industry, much of whose business comes under the Consumer Credit Commissioner, were unhappy because of Miskell's strict administration of the loan shark law.

Smith denied he had any hand in any action of the finance commission.

Miskell denied he wrote any speeches for Locke.

Miskell had complained in January that he was under "political pressure" by what he

called certain loansharks to have him fired.

The finance commission gave him a vote of confidence in February after rejecting his resignation.

Commission Chairman C.E. Bentley of Abilene said the decision to dismiss Miskell at a meeting Friday came with little discussion. The commission voted six to two to terminate his services immediately following a brief statement to the commission by Miskell.

Kelly said he was called before the commission after the firing and was offered the \$30,000-a-year job. Kelly has been on the attorney general's staff since 1964.

According to Bentley, board members C.D. Snow of Laredo and Paul Lindsey of Dallas opposed Miskell's dismissal.

Voting for the dismissal were James Lindsey of College Station, Robert Mann of Woodville, Rex Baker Jr. and Gerald Smith of Houston, V.F. Neuhaus of Mission and Jim Bain of Stockdale. Bentley abstained.

Miskell had held the post since 1963 when he was appointed by Gov. John Connally.

## King Ranch Pays Tops In Sale

WINROCK FARMS — King Ranch of Texas paid the top price of \$46,500 for WR Cargado 6119 at the 13th annual Santa Gertrudis Production Sale held at Governor Winthrop Rockefeller's Winrock Farms near Morrilton, Ark., last weekend.

King Ranch, which originated the breed, was the biggest buyer with sales of \$50,300.

Robert Kleberg Jr., of King Ranch told the huge assemblage of people crowded under the auction tent that he was "sure the day will come when there won't be anything but Santa Gertrudis cattle in the world."

Saturday's total sale price of 41 cattle auctioned amounted to \$140,975, an average of \$3,438. Last year 41 animals sold for \$190,950, an average of \$4,613.

## Kerrville Nixes Gas Rate Boost

AUSTIN (AP) — A hearing on Lone Star Gas Co.'s request for a rate increase at Kerrville has been continued until June 1, a spokesman for the Railroad Commission says.

Lone Star sought a 25-cent increase per 1,000 cubic feet, but the Kerrville City Council turned down the application. The company then took its request before the commission, which can overrule the council.

Walter Wendlandt of the commission's staff said Tuesday Kerrville was one of "about four" towns that rejected an increase in gas rates.

At Tuesday's hearing, he said, Lone Star's spokesmen were cross-examined.

Kerrville will put on its case June 1, he said.

**Armed Men 'Pilled Up,' Ex-Wife Says**

BEAUMONT, Tex. (AP) — A state witness in the murder trial of Jimmy Howard Cross testified Wednesday she saw the defendant arm himself and another man with pistols on the day Mrs. Mary Montgomery was slain.

Mrs. Karla Block of Bridge City, the former wife of one of five white men charged in the death of the 22-year old Negro woman, said two of the other men charged already had pistols.

She also testified the men were "pilled up" when they left a Beaumont residence where Cross then was living.

Mrs. Block, the ex-wife of James Purkey Jr., 26, of Port Neches, also testified she later drove to the Vidor area and threw two pistols in a lake there.

The witness was one of seven persons called by the state to testify Wednesday in the third day of testimony in Cross' trial.

Cross is the first of five defendants to be brought to trial in the slaying which occurred in May of 1969. Trial dates for the others have not yet been set.

**Failed To Prove He Was Married To Inger Stevens**

LOS ANGELES (AP) — A court has ruled that a Negro businessman failed to prove he was secretly married to the late blonde actress Inger Stevens.

Superior Court denied the request Wednesday of Isaac L. Jones, 40, to manage the \$165,500 estate of Miss Stevens and instead appointed the county public administrator.

The Swedish-born actress died April 30 of barbiturate poisoning.

Jones, former University of California at Los Angeles football player, said he and Miss Stevens, 36, kept a nearly nine-year-old marriage secret to protect her career.

He exhibited to the court a written agreement he had with Miss Stevens but Judge Joseph A. Sprankle said this was not documentary evidence of the alleged marriage in Tijuana, Mexico.
