**CAMPUS HIJINKS** — Four Ohio State University coeds lie on the ground in front of members of the National Guard during a mass demonstration Wednesday on the school campus in Columbus. Guardsmen are still on duty to quell any possible violence.

## City, County Show Drop In Population

Big Spring and Howard County have joined other Permian Basin population centers in showing a decrease in the preliminary 1970 census totals released this morning by Richard Newton, district census director at Wichita Falls.

The Big Spring count is 28,165, a loss of slightly less than 10 per cent from the 31,230 counted here in 1960. The Howard County total is 37,136, down 3,003 from the 40,139 counted a decade ago.

Newton cautioned that the figures announced today are only

the preliminary count, and could change when the final totals are released later this year.

Local officials took an optimistic view of the loss reports. "These figures represent a real challenge and an opportunity for city and county residents," Tom Eastland, Chamber of Commerce manager, said this morning. Although he admitted it was a lower figure than he had hoped for, he said it was the first time since the war years that the community had received a setback and he

urged a united effort to return to the growth of the 1950s.

Paul Meek, Chamber of Commerce president, said, "I was a little surprised at the figures." He referred to a talk he made to kick off the search for industry this year in which he said, "I didn't think the 60s had been very good to us and that we need to move out in the 70s."

The coming of Intech to Big Spring indicates, "we're moving out in the right direction in the 70s," Meek said, "and that we have to get busy in the com-

munity and make it go."

"I think the census figures represent a challenge and that with the start we've made we have every chance to make it go in the 70s," he said.

Mayor Arnold Marshall agreed with the chamber officials. He pointed out that the figures released today are preliminary to the final count, which could be higher.

Most all area cities and counties reported losses: Mitchell County lost 2,377 to 8,873, and there was no report on Colorado City.

Glasscock was down 19 to 1,137; Sterling County was down 154 to 1,023; Sweetwater lost 2,563 to 11,317; Nolan County lost 3,688 to 15,275; Abilene was down 1,935 to 88,433; Taylor County dipped below 100,000 to 96,463, a loss of 4,615; Odessa is down 3,721 to 76,617.

San Angelo had one of the bright reports, showing a gain of 5,113 to 63,928.

The accompanying statistical table includes census reports released today of area cities and counties, as well as some previously announced totals.

## Big Twisters Rake Sections Of Texas

By The Associated Press

### 'Snow' Socks Howard County

Some Howard County motorists were rubbing their eyes in disbelief Wednesday afternoon as they slipped and slid for about a mile on US 87 South in what appeared to be 4 to 5 inches of snow.

Highway Patrolman Bill Robinson said he went to investigate after a motorist reported the "snow." Robinson said that the snow turned out to be marble-sized hail dumped about a mile south of Trinity Memorial Park. The highway department crews were summoned to clear the icy stretch of road.

Light hail was reported at Forsan and Elbow; and residents in southwestern Big Spring also reported a smattering of hail, but the pelting was so light that most vegetable gardens were unharmed.

Big Spring received .04 inches of rain at the Experiment Station, but Elbow reported 3/4 inches and Knott, in the opposite direction, measured one inch.

Forsan reported 4 inches and Lake Thomas caught 15 inches, but little runoff is expected. Coahoma, Fairview and Vealmoor all reported only a trace of rain.

Vicious, swirling tornadoes dissipated after threatening large sections of Texas early today as widespread thunderstorms spawned damaging winds and heavy rain.

Tornadoes dipped out of menacing black clouds late Wednesday night and early today but no damage was reported from the twisters.

A funnel cloud was reported in a southwest section of Fort Worth late Wednesday night and another in the northeast part of town. Neither apparently touched ground. Shortly before midnight, Dallas police confirmed a twister in the southwest section of Dallas.

Officers said the funnel lifted back into the clouds without touching the ground.

Another tornado also was reported Wednesday night at Brackettville.

High winds and heavy rain accompanied much of the violent activity and caused damage in some areas.

Sheriffs deputies at Del Rio reported heavy lightning and high winds. They said three mobile homes at Del Rio near U.S. 90 were knocked off their foundations. Wind gusts up to 63 miles per hour were reported.

A severe early morning thunderstorm raked through San Antonio with wind blasts 40-50 mph. Some high water was reported at low crossings.

## Most District Cities Show Census Loss

WICHITA FALLS (AP) — Preliminary 1970 census figures show that Denton and Mineral Wells made the sharpest gains among cities in the 32 county area of the Wichita Falls District.

Denton's population, which was 26,844 in 1960, spurred to 38,865.

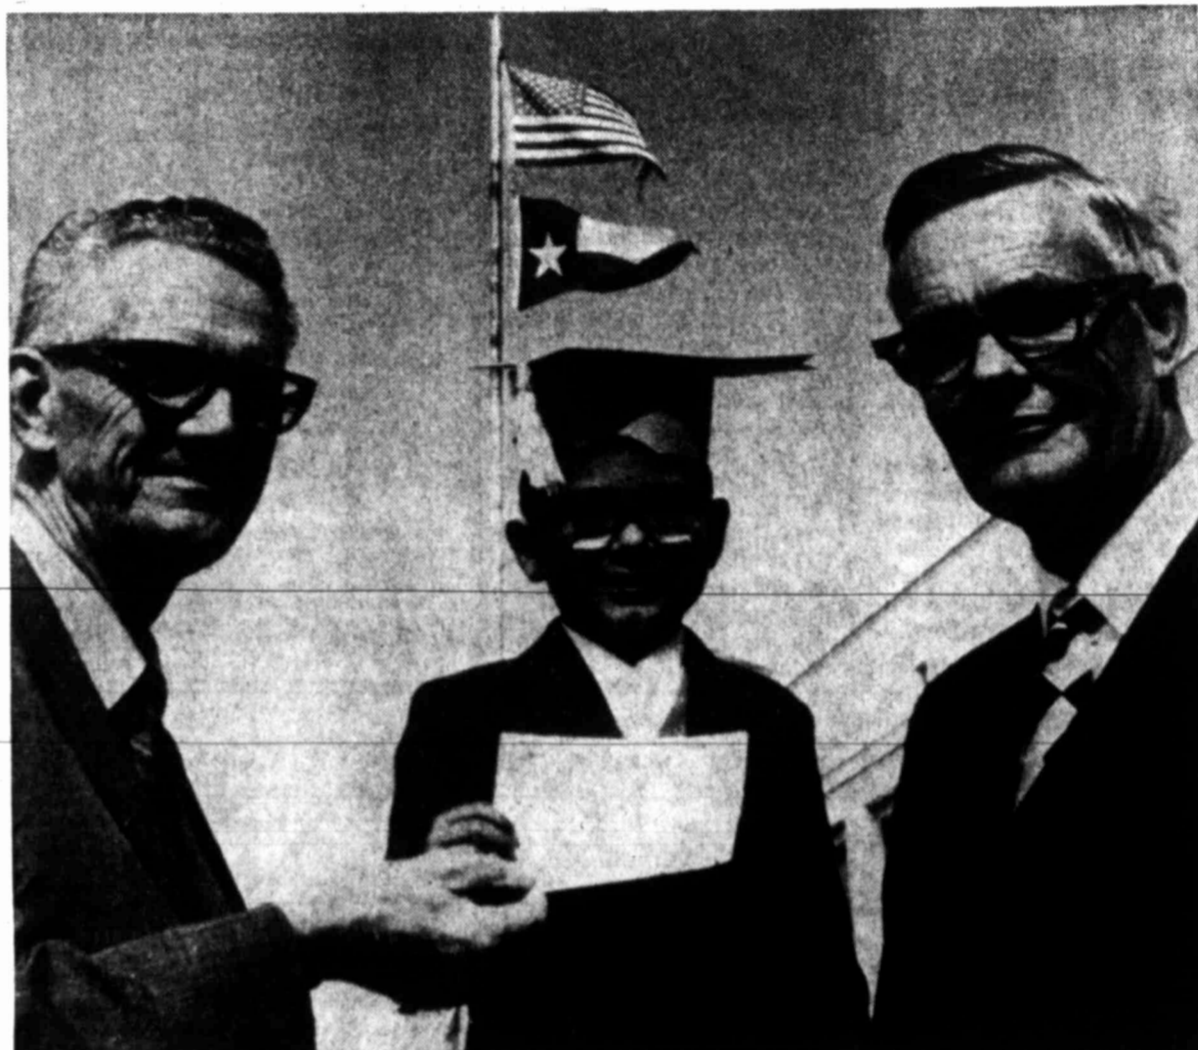

Mineral Wells' population grew from 11,053 in 1960 to 17,109. Gainesville showed a slight gain, from 13,083 to 13,565.

The preliminary count shows that other major cities in the district lost population.

Abilene is down to 88,433 from its 1960 figure of 90,368. Wichita Falls slipped from 101,724 in 1960 to 94,976, and Big Spring showed a decline from 31,230 in 1960 to 28,165.

Sweetwater is down to 11,317 from its 1960 figure of 13,914 and Vernon, which had 12,141 in 1960, now has 11,204, the preliminary report shows.

The populations of San Angelo, (See Census, Page 6-A, Col. 5)

**GRADUATION DAY**—Supt. S. M. Anderson (left) and Keith Swim, Head Start coordinator, congratulate six-year-old Benjamin Deanda this morning after his graduation from Head Start. The youngsters made construction-paper mortar-boards and participated in abbreviated commencement exercises. Benjamin is the son of Mr. and Mrs. Benjamin F. Deanda, 400 NW 11th.

## New Industry Will Step Up Production

Intech, the new plastics products manufacturer to locate in Big Spring, has decided to double its manufacturing line over what had been contemplated for start-up.

Officials of the Industrial Foundation have been advised that Intech will proceed in the beginning to install two production lines. It had at first been indicated that one line will be installed, the second coming later.

First estimates were that the one production line would employ some 30 people. While two lines might not double this figure, the immediate acceleration will mean employment of more people.

Intech will manufacture egg cartons and meat trays.

Its building, to be erected by the Big Spring Foundation and leased to Intech, is to be located on a new industrial site west of the city, three blocks north of US 80 west at the extension of Lorilla Street.

Site work for the plant has been completed, and contracts are now being made with local sub-contractors as plans and specifications on the general facility are completed by Stran-Steel Buildings. It is expected that contracts for various phases of the work will be closed out shortly.

## MOREHEAD ON CHARTER PANEL

In Wednesday's story concerning the appointment of a City Charter Committee by the City Commission, the name of Jimmy Morehead, transfer company executive and former city commissioner, was inadvertently left off the list of 20 residents selected to serve on the committee.

## Absentee Balloting Slows After 69

Absentee balloting slowed down somewhat this morning with only nine persons voting before noon. The county clerk's office recorded 60 ballots yesterday, more than half of those before noon.

This gives the absentee ballot box a total of 69 ballots inside the box. Clerks have also mailed out 13 ballots. Persons who plan to be out of the county June 6 for the second Democratic primary can vote absentee between 8 a.m. and 5 p.m. weekdays through Tuesday.

## TOP SCHOLARS AT BS HIGH

LaShara Shanks, daughter of Mr. and Mrs. Charlie Shanks, 1412 Johnson, will be honored tonight as the valedictorian of the 1970 graduating class of Big Spring High School. She completed school with a 97 grade average.

Rose Cordes, daughter of Mr. and Mrs. Ed H. Cordes, 1522 E. 17th, will be recognized as salutatorian with an average of 96.90. Tim Whittington, son of Mr. and Mrs. Wallace L. Whittington, Sand Springs, is the highest-ranking senior boy with a grade average of 94.28.

## Nixon Asks Businessmen To Keep Prices In Check

WASHINGTON (AP) — President Nixon, in an unusual direct appeal has asked the nation's businessmen to help the government's war on inflation by keeping their prices in check.

In 2 1/2 hours of private give-and-take with 45 business and financial leaders Wednesday night, the President also tried—with apparent success—to calm

their doubts about his decision to move troops into Cambodia.

The executives, according to several who were there, told Nixon the Cambodia decision was a major factor in the stock market's plunge. He responded that, whether the nation realizes it or not, the military move will hasten the day of withdrawal from Vietnam.

"We were very encouraged," one businessman said afterward. "It was a good meeting," another said. A third said the group's reaction was "very positive regarding his general programs."

Those who consented to review the meeting insisted that their names not be used. Most of Nixon's guests refused to comment, and the White House furnished no information.

The guest list was heavily weighted with heads of financial institutions, indicating Nixon's

primary concern was to reassure the jittery market. But he also discussed domestic economics and his problems with young people, and Chairman Arthur F. Burns discussed the Federal Reserve Board's policies.

Nixon told the group he had wartime experience with wage and price controls and found them unfair to some at the expense of others. He remains opposed to mandatory controls, but indicated a willingness for business and labor to curb their price and wage demands voluntarily.

In the words of one businessman, he "expressed a commendable aversion to a controlled economy—wage and price controls, that is. He sort of called upon business and labor to cooperate with government in voluntary wage and price controls. At least that's the way I interpreted it."

The President appeared to be encouraged by the day's record-breaking 32.04-point increase in the key Dow Jones Industrial stock index when New York Stock Exchange Chairman Bernard Lasker pointed out it was the largest rally in exchange history, the source said.

The dinner meeting grew out of Lasker's earlier visit with Nixon.

As far as the economy in general was concerned, guests reported Nixon repeated the administration's prediction that business will turn upward in the July-September quarter.

Burns said the Fed would not be "rigidly bound by theoretical numerical formulas" for the money supply. Even though the credit-regulating agency has begun to loosen up on its restraints it is not going to start a new policy that could encourage new inflation, he reportedly said.

Nixon spoke in conciliatory terms about the unflattering view many young people hold about his administration and—he pointed out—about American business.

## Seventh Victim

FORT WORTH (AP) — Mrs. Lelle Northcutt, 71, died here Wednesday night, the seventh victim of an auto accident April 26 near Comanche, her home town.

## AREA POPULATION TOTALS

Place	1970	1960	Loss (Gain)

## CEREMONY SATURDAY

### Some Offices To Close Friday For Memorial Day

A brief Memorial Day service is planned at the Veterans Administration Hospital Saturday, but for most of the city it will be "business as usual."

City and county offices for the most part will be closed Friday in observance of the Saturday holiday. The post office will make Friday deliveries, but not Saturday, according to Frank Hardesty, postmaster.

Webb AFB will operate with a minimum crew Friday, but no ceremonies are planned. All of the city's banks will be open Friday and Saturday.

Only the county clerk's office will be open Friday in the Courthouse, as Mrs. Pauline Petty will have deputies on hand to accept absentee votes for the June 2 primary.

firemen will be on duty as usual during the holiday.

American veterans will be honored, as the community pauses Saturday in remembrance of the nation's war dead.

Maj. Glenn Jones and Chaplain Fred Kevetter of Webb AFB will deliver addresses in memory of all American veterans of war on the hospital grounds beginning at 11 a.m. Saturday. The public is invited to participate in the service, sponsored jointly by the hospital and American Legion Post 355.

The brief ceremony will include singing of the national anthem, playing of taps, and representatives of the Veterans of Foreign Wars, the World War I Barracks, Gold Star Mothers, Disabled American Veterans, the Non-commissioned Officers Association, and the National Guard are expected to participate.

## Dr. Harrison Named State Consultant

Dr. Preston R. Harrison, superintendent of Big Spring State Hospital, has been named consultant on mental health to the acting state commissioner for mental health and mental retardation.

Acting Commissioner E. M. Scott announced Wednesday that Dr. Harrison would assume duties as consultant, in addition to administering the state hospital here until the Texas Board on Mental Health and Mental Retardation makes a permanent appointment to the state commissioner's post. Dr. John Kinross-Wright resigned as commissioner some weeks ago.

As a consultant in mental health, Dr. Harrison will spend about two days each week in Austin and will visit other mental health facilities across the state. During the interim before a new commissioner is named, his duties will be similar to those of the deputy commissioner for mental health, a post which is also vacant.

DR. PRESTON HARRISON

and grouping patients according to their regional background.

Dr. Harrison received his bachelor's degree from East Texas State College, a master's from the University of Texas, his medical degree from Baylor Medical College, and a doctor of philosophy degree from the University of Chicago. He also attended the Menninger Foundation School for Mental Hospital Administrators in 1957 after being named acting superintendent at the hospital.

## CARS ABANDONED: BLOW THEM UP Environmental Scoreboard

By BRIAN SULLIVAN  
AP Science Writer

In Yakima, Wash., a U.S. Army officer has come up with an answer to the problem of automobiles abandoned on Yakima streets: blow them up.

Lt. Col. James P. Johnson, deputy post commander at the Yakima Firing Range told a community cleanup campaign that the Army would remove auto bodies and haul them to the firing range for target practice by Army tanks.

### ONE MORE STEP

So goes one more small step in the fight to save the environment, a struggle marked by advances and retreats, but a continuing fight that shows no evidence of having spent itself in Earth Day last April 22.

In early May, for example, the Louis Harris polling organization found that in the relatively unspoiled state of Washington the environment had become one of the primary concerns of the residents.

And a few days after Earth Day, the Ecological Society of America released a professional study urging establishment of a National Institute of Ecology.

The report, supported by the National Science Foundation, said such an institute could be the focus of international ecological activity.

"It would provide scientific data to guide the formulation of national and global strategies for effective environmental management and control."

As interest appeared to be gathering in the environmental movement, ecologists counted some of their gains and losses.

### CONTAIN GERMS

Environmental advocates won what they consider a victory with the announcement by the Federal Water Quality Administration of a thermal pollution policy that would forbid dumping virtually any heated

water into Lake Michigan. The policy would affect seven planned power plants, industries and municipalities.

—But President Nixon's assistant for consumer affairs, Mrs. Virginia Knauer, reported that a federal survey of public water supply samples showed that 30 per cent contained excessive amounts of germs and chemicals.

—The average amount of DDT in fish caught in Connecticut rivers and lakes has decreased since airplane spraying was abandoned in 1965. But the Canadian government has banned the sale and export of perch and pickerel from Lake Erie because of possible mercury contamination.

### FIGHT LOST

—The National Science Foundation announced an urgent project to investigate potential ecological effects of the proposed trans-Alaskan oil pipeline and development of Alaska's North Slope because of its oil deposits. But the Sierra Club, a leading

conservation group, lost its fight to get a seat on the board of directors of the Atlantic Richfield Co. in its efforts to stop construction of the trans-Alaska pipeline.

Looking ahead, the environmental activists have as their most immediate target the development of a civil supersonic transport aircraft. They strongly oppose continued SST development, arguing that it would benefit only a few privileged travelers while potentially harming countless persons by extreme noise at airports, sonic booms and pollution of the atmosphere.

The SST issue is coming up now in Congress and the House Appropriations Committee has approved an additional \$290 million for continued development.

Looking ahead 30 years, an expert panel of the National Research Council-National Academy of Engineering warned that sulphur dioxide pollution of the atmosphere may more than triple in the next three decades unless

government and industry take vigorous action.

Pollution from sulphur dioxide and other closely related compounds comes mainly from oil and coal-fired electricity generating plants. These are second only to the internal combustion engine as pollutants, the panel said.

### UPS, DOWNS

Here are some of the other ups and downs in the environment:

—New York City's commissioner of water resources, Maurice M. Feldman said the majestic but badly polluted Hudson River should regain its ability to support fish life some time in the mid-1970s because of pollution control efforts. "Although people have prematurely announced the death of the Hudson River," Feldman said, "the Hudson is not dead."

—A New York Times survey found that public zeal against littering is on the upswing across the country, but not yet enough so to offset the cost of collecting it. In Lincoln, Neb., the annual cost of cleanup work is \$1.30 a person; in New York City \$1.12.

## Drive To Raise Bundle For Carswell's Campaign

WASHINGTON (AP) — Sen. Edward J. Gurney, R-Fla., says a nationwide drive to raise \$1 million for the Senate campaign of G. Harold Carswell will be aimed at conservatives who feel Carswell lost a Supreme Court nomination because of "ultra-liberal" opposition in the Senate.

Gurney announced the fund-raising campaign Wednesday and said the Washington firm of Richard A. Vaguerie Co., Inc., will handle direct mail soliciting. The company specializes in fund drives for conservatives.

the U.S. Fifth Circuit Court of Appeals to oppose Rep. William C. Cramer who is the Republican standard bearer in the battle for the Senate seat being vacated by Sen. Spessard L. Holland, a Democrat.

Gurney, Florida Gov. Claude R. Kirk and Lt. Gov. Ray Osborne stood at Carswell's side when he announced his plans to run in Miami last month. Osborne had planned to oppose Cramer, but pulled out in favor of Carswell.

Cramer turned down a Gurney suggestion that he not run, saying he had the support of President Nixon.

## TB Reducti

SALISBURY, Rho — Health Secret Webster claimed he is the only country to boast a 30 per cent in its tuberculosis over the past six ye answering criticism department was enough for miner from TB.

**NEARING THE CENTURY MARK**—William Red Fox, cigar-smoking son of Black Eagle, puffs on one of the 18 cigars he smokes daily as he reflects on times past and present. Red Fox will be 100 years old June 11.

## Indian Chief Pines For Another Time

**EDITOR'S NOTE** — William Red Fox, cigar-smoking son of Black Eagle, turns 100 years old June 11. In this story he views his eye and the eye we live in.

**CORPUS CHRISTI (AP)** — William Red Fox is a 100-year-old Indian who has cheated death so far and done it while smoking 18 cigars a day since 1904.

He probably has no friends at the American Cancer Society. Son of Black Eagle and nephew of Crazy Horse, Red Fox says cigars, like cabbage, are good because they come from the earth.

**'LIVE FOR TODAY'**  
But Red Fox pines for an earth of another time. And at the same time he says "live for today—yesterday is a myth."

"I remember pure streams of water and clear air and game and forests everywhere," he says, knowing he will never see the land as it was in the Dakota territory of his youth.

But he is heartened by present efforts to restore it.

Red Fox will be 100 years old June 11, but his body and mind are remarkably active and keen. His full head of hair is only slightly streaked with gray.

**DON'T WORRY**  
And he holds down a full-time job as a public relations man.

## Two Escapees Held In Slaying

**DENISON, Tex. (AP)** — Two escapees from the Kentucky State Prison are being held in Oklahoma for Texas authorities in connection with the robbery-slaying of a Denison grocer.

Michael Wayne Jewell and James Rogers Ferris, both 23, have been charged with murder and armed robbery in the shooting death of Fred Wright, 42.

Wright was killed by two shots from a .25 caliber pistol outside his drive-in grocery Monday night after he was robbed of \$89.

Jewell and Ferris were arrested Tuesday after police found a small arsenal of weapons in an allegedly stolen car and are being held in Bryan County Jail at Durant.

## New Record

**GRAHAMSTOWN, South Africa (AP)** — Two Rhodes University students claim they eclipsed the world record for eating cheese dry. Miss Anne Wiles, 17, ate one pound, 2.1 ounces of cheese in 30 minutes. Bernie Cohen, 19, consumed one pound 4.5 ounces in the same time. The former record was said to be one pound, two ounces in half an hour. Contestants were not allowed to drink anything during the competition.

## TB Reduction

**SALISBURY, Rhodesia (AP)** — Health Secretary Mark Webster claimed here Rhodesia is the only country in Africa to boast a 30 per cent reduction in its tuberculosis incidence over the past six years. He was answering criticism that his department was not doing enough for miners suffering from TB.

When asked how he reached the century mark he said, "I walk a lot and don't worry."

"Walking keeps you active and your body parts functioning, and worries never ripen, so why worry?" he said.

Red Fox, who has visited a physician only twice in his lifetime, said the only sign of age is that his eyesight recently has started to fail. He has a little trouble seeing up close.

Talking about his cigar smoking, he said "tobacco has more vitamins in it than the pills most doctors give you."

He used to drink beer back in the 1890's, but gave it up when "good beer went out about 1919." He stays away from liquor altogether now.

Red Fox travels 11 months of the year for Wilson Certified Foods as a goodwill ambassador, speaking around the country at schools, shopping centers and on radio and television for the meat firm.

He was employed by the Rath Meat Co. for more than 20 years and claims he created the idea of the Indian head symbol the product bears.

**WILD WEST SHOW**  
He earns \$150 a week plus travel expenses, and although eligible for medicare has never used it. Because he is still a high wage-earner, he continues to pay into the Social Security retirement plan.

Red Fox made his home in Corpus Christi in 1934, but is rarely there because of his job. When he does go home, he stays with his son, W. W. Red Fox.

Red Fox was six years old when his father and uncle fought Custer at the Little Bighorn, he recounts. His family fled into Canada after the battle but returned to the Black Hills several years later.

He was elected a chief of Sioux nation in 1904, and in 1910 went to California where he performed in one of the first silent films, "Bison 101," he relates.

He appeared in more than 100 movies with such stars as Richard Dix, Wallace Beery, William Boyd, Jack Oakie, Fred MacMurray, Jean Parker and Lloyd Nolan.

He served in the Spanish-American War and toured America and Europe with the famous Buffalo Circus and Wild West Show for 15 years.

Red Fox considered himself a close friend of the late Will Rogers. He has appeared on the Johnny Carson national TV show.

**WRITES BOOK**  
He considers himself an authority on Custer and Indian past in general. He has written a book on Indian life, customs and habits entitled, "How Empty Is Our Wilderness," which will be released soon.

Red Fox has had numerous articles published about Indian topics. In 1934 he appeared before the U.S. Senate and House to speak on citizenship rights.

He appears at many events in his Sioux Chieftan's bonnet of flowing eagle feathers.

His grandmother lived to be 111 and he knows many Indians alive today older than himself.

Red Fox has set no goal on how long he hopes to live. "God is the judge of that," he said.

## Hatfield Use Of Franking Held Illegal

WASHINGTON (AP) — Sen. Mark Hatfield has written a \$2,175 personal check to the Post Office to cover the cost of mailing some antiwar material the Senate Rules Committee says was originally sent illegally under his free postage privilege.

The Oregon Republican had the check hand delivered to an assistant postmaster general after the committee ruled in a rare action Wednesday he had violated franking regulations.

The matter may not be ended, however. The Senate Ethics Committee is reported looking into Hatfield's use of the free mail privilege as well as antiwar material mailed under the frank of Sen. Birch Bayh, D-Ind.

Hatfield said his check represented the cost of mailing 35,000 letters signed by antiwar leaders Sam Brown and Dave Hawk urging support of an amendment to end the war in Indochina.

An aide said Hatfield is hoping to recover the funds from \$300,000 in contributions received in response to a May 12 television appeal he and other sponsors of the amendment made to build public support.

The Rules Committee in deciding Hatfield's franking privilege had been asked not go into the question of reimbursement or who was at fault, an aide said.

Hatfield, who previously told the Senate the letter by Brown and Hawk was franked without his knowledge or consent, had asked the committee for a ruling.

Concerning the Senate's bipartisan ethics committee inquiry, the panel's counsel, Benjamin R. Fern, told a reporter "there is nothing that can be said at this point."

Bayh said earlier this month he had sent each of his fellow senators an article dealing with constitutional aspects of U.S. military involvement in Cambodia.

He said he wrote a two-line covering letter in which he told his colleagues he thought they might find the article helpful. In one case at least, he said, aides apparently failed to insert his letter with the article.

The franking privilege is allotted to all members of Congress, the vice president and certain agents of the Congress. It allows them to place their signature on pieces of mail instead of stamps. This mailing privilege, granted also to the widows of former presidents, is paid for in regular appropriations by the Congress to the Post Office Department.

## Justice Making Good Recovery From Pneumonia

WASHINGTON (AP) — Justice Thurgood Marshall, making a slow but good recovery from pneumonia, will probably have to remain at Bethesda Naval Hospital for another two weeks. The extended illness he suffered sent him to Bethesda May 15 and could delay the Supreme Court's summer recess if it keeps him away from cases he has been assigned.

Normally, the court hands down large numbers of decisions each Monday, but the latest batch was a small one, apparently because of Marshall's unavailability to rule.

Court sources said other justices may be assigned to the cases Marshall was due to prepare opinions on. If, however, only a small amount of work remains to be done, he will probably be allowed to finish them.

With the 61-year-old Marshall out of action, the court is operating two men below strength. The swearing in of Judge Harry Blackmun June 9 is expected to aid the court.

If Marshall doesn't take part in at least some of the cases already heard, they may be held over until the fall term.

## Bond Issues Hit Six-Year Low

WASHINGTON (AP) — Bond issues—the main financial support of new school construction in the United States—reached a six-year low last year, the Department of Health, Education and Welfare has reported.

The sliding trend of voter approval of bonds began in the mid-1960's and reached a new low in 1969.

HEW said 56.4 per cent of all bond issues put before voters in the past year failed. Ten years ago, the corresponding rate was 20.4 per cent. Out of a total value of \$3.9 billion, only \$1.7 billion in 1969 bond issues was approved.

## Concern Over Relations With Officials Blamed

FORT WORTH, Tex. (AP) — E. C. Pannell, vice-chairman of North Texas State University regents says Dr. John J. Kamerick resigned as president of the school because of concern over relations with state officials.

"I am convinced Dr. Kamerick felt that another president would be in a better position to help NTSU in its relations with the state government," Pannell said Wednesday.

Pannell declined to amplify his statement.

However, the Dallas Morning News quoted sources as saying Kamerick was concerned over the atmosphere which might exist after Gov. Preston Smith fills upcoming vacancies.

Pannell confirmed reports that Dr. Kamerick had a one-year contract, but said regents were

advised state laws prevented them from giving the Kamerick a longer contract.

Pannell said he expected regents to appoint a committee to work with faculty advisors in a nationwide attempt to find "the best qualified replacement available."

Pannell said they will appoint an acting president to serve until the new president is chosen.

## Methodists OK Merger In Meeting At Abilene

ABILENE, Tex. (AP) — Five Negro churches of the West Texas Conference of the United Methodist Church will merge with the Anglo Northwest Texas Conference in ceremonies Bishop Alsie H. Carleton

opens the four-day first session of the Northwest Texas Conference at St. Paul United Methodist Church Thursday morning.

The Rev. M. T. Reed of Lubbock will represent the five churches in merger ceremonies Thursday afternoon. The five are Plum Street in Abilene, Hollowell Memorial in Midland, Mount Vernon in Lubbock, Wyatt Memorial in Amarillo and a church in Levelland.

## Pupils To Use Ads To Back President

DALLAS, Tex. (AP)—"We've paid those professors to be in those classrooms and I want them there," said the pretty coed with a toss of her long, straight brown hair.

She is Betty Wilhelm, 18, a Southern Methodist University sophomore who founded, with the son of a Dallas attorney, the "Student Majority for Responsible Expression" one week ago. Today the group launched, with paid advertisements in both Dallas dailies, a drive to set right what they feel is a distorted image of America's collegian held by "scared university administrators" and the news media. The ads support Nixon's Cambodian policy.

**POLITICAL SCIENCE**  
Betty is co-chairman and the chairman is Harold Green, 19, who studies political science at Stephen F. Austin University at Nacogdoches in East Texas. He is the son of attorney Lawrence R. Green.

The two were at work in the organization's office, which was a playroom in the Green home a week ago, with five other collegians. There are nine full-time volunteers, including one high school senior.

The girls wore mini-skirts and the men ties and business suits. There was not a beard or shaggy haircut to be seen in the room, which had an American flag dominating one wall and curtains in a flag-and-eagle pattern.

One of the men was Steve Stasio, 19, a junior at SMU with the rank of "finance director" in the fledgling organization. He reported that after laying out \$320 for space in the Dallas Times Herald and Dallas Morning News, he was custodian of a \$10 treasury. The funds were donated by well-wishers.

**DON'T JERK BUG**  
"Support the President," exhort the advertisements. "Don't let Congress jerk the rug out from under our fighting men."  
The ads carry a list of weaponry and supplies captured in Cambodia since May 1 and a coupon for newspaper readers—students or not—to sign as part of a petition.

Support of the president is only one thrust of the new group. Another is against militants who, in the anti-war movement or any other, cause interruptions in class continuity by violence or demonstrations. "College administrators are mostly scared to do anything about these minorities," says Green.

"They let them go ahead with their demonstrations and then say 'you're okay if you don't do it any more' and they let them back in school."  
**LOOK AT RECORD**  
"You can look back in the record and see the people who are burning buildings and participating in campus violence are all the same people, again and again," Green said.

"The majority of American students are on campus to get an education. When the papers and the networks say students are rebelling, actually only a minority are rebelling. The vast majority are just trying to get an education and they support our government," he said.

"The commentators, newspapers and everyone are saying the students are rebelling," the brown-eyed Betty said. "Actually it's a small minority rebelling. The rest belong to the same majority we're in."  
**LAST STRAW**  
"On the day of the Moratorium some of my classes were let out and I resented that. We've paid for those professors to be in the classrooms and I want them there, when I've paid \$700 and \$800 a semester tuition to have them there."

She puts the national media's interpretation of the average collegian in the same bag with their interpretation of public sentiment on the Nixon policy on Indochina.

"The straw that broke the camel's back was reading that the U.S. Senate is trying to pass the Church-Cooper Amendment (to limit Nixon's war policy alternatives) because that means that while the Gallup polls indicate the people are supporting Nixon the Senate is not supporting him."

"I think it's time the 'silent majority' stops being silent," she said. "We like to call ourselves the vocal branch of the silent majority. We want to change the silent majority to the vocal majority."  
**MONEY PLEA**

The group has hopes of gathering a number of petition signatures significant enough to warrant a personal audience with President Nixon in Washington, assuming they could swing the financing of the trip. Sen. John Tower (R-Tex.) has held out hope of such an appointment if the campaign succeeds.

Right now, says Green, the immediate goal is getting financing enough for an honest-to-goodness office so the group can let Green's younger brother have his play room back.

## Dog Saves

KLERKSDORP, South Africa (AP)—An African housebreak suspect lived to bless the police dog that chased him. He jumped into a brook to escape the dog's sharp fangs, but got into trouble when he waded in deeper. He went under twice and came up again to find the dog at his side. "He took my arm in his teeth and kept me above the surface until the policeman arrived to help me out," the man said.

## Accident Of Birth May Be Tied To Cancer Types

HOUSTON, Tex. (AP)—The accident of birth may have something to do with the kind of cancer people are subject to. This is suggested in a series of papers and news conferences by scientists from various parts of the world at the 10th International Cancer Congress.

Kong pointed out Wednesday that the cancer which predominates among people from Southern China is nasopharyngeal—that is, at the back of the nose. Many persons living in Hawaii, California, Singapore and other places whose ancestors came from Kwantung are particularly prone to this cancer,

he said. Dr. K. Shamugaratnam, a University of Singapore pathologist, said most cancers result from environmental factors. He said the pattern of types of cancer in the Far East is rapidly changing because of rapidly changing environments. In India, he said, cancers of the mouth and oral cavity now predominate, apparently because many natives chew the betel nut from palm trees.

Dr. Adonis R. L. De Carvalho, a pathologist at the University of Pernambuco, Recife, Brazil, said cancer of the cervix and uterus and of the penis are more common in underdeveloped nations than in the United States and Europe. These cancers and those of the mouth, he said, occur most frequently in nations where living conditions and hygiene are poor. But leukemia, or cancer of the blood, is more common in more highly developed nations and might result from chemical pollution, he suggested.

Dr. Calum S. Muir of Lyon, France, presented a preliminary study of cancer of the esophagus, which he said is a particular problem in Iran. This cancer was found to be common in Iranian Azerbaijan and especially in the province of Mazandaran. Dr. Muir suggested that the most likely factor seems to be geographic. Esophageal cancer occurs most frequently in a desert and semi-desert area where the people are semi-nomadic. A study of this factor is planned.

Dr. N. W. Choic, a Korean who is associate professor of social and preventive medicine at the University of Manitoba, Canada, presented a study of gastric cancer among Icelander people living in Gimli, Manitoba. It compared the diets of immigrant Icelanders and their offspring. The second generation Icelanders had a lower rate of gastric cancer, even though they smoked more cigarettes than the immigrant generation.

MORE THAN A PASSING INTEREST — Commuters in New York's Grand Central Station stop to follow the course of the stock market at the booth of a stock brokerage house

Wednesday. The Dow Jones average posted its largest single-day gain in history when it jumped 32.04 points to close at 663.20.

# Yankees Withdrawing After Street Fighting

SAIGON (AP) — North Vietnamese and Viet Cong troops fought their way into the Cambodian provincial capital of Prey Veng early today, but they were reported withdrawing later in the day after street fighting.

On other Cambodian fronts, North Vietnamese troops captured a district headquarters on the highway between Phnom Penh and Angkor Wat, the country's chief tourist attraction, and ambushed an American artillery convoy near Mimot.

The North Vietnamese also stepped up their attacks in South Vietnam's northern provinces, but military spokesmen said at least 93 of the enemy were killed in that sector.

The U.S. Command reported that the total of American combat deaths in the war dropped last week to their lowest weekly toll since American forces crossed into Cambodia on May 1. The weekly casualty summary said 142 Americans were killed and 808 wounded, including 61 dead and 249 wounded in Cambodia.

A Cambodian military spokesman said North Vietnamese and Viet Cong forces which had virtually surrounded Prey Veng for more than two weeks opened an attack at 1 a.m. today, and forward elements of the enemy force punched into the city 30 miles east of Phnom Penh.

Street fighting was reported still going on after dawn, but the spokesman said later word indicated the attack force was withdrawing.

Prey Veng is one of the Cambodian army's last major positions east of the Mekong River except for areas where South Vietnamese and American troops are operating.

In another assault today, the Cambodian spokesman said Communist troops captured Tang Krasang, a district capital 65 miles north of Phnom Penh on the highway to Angkor.

The total number of Americans killed in battle last week was 35 per cent less than the previous week's 217. A spokesman attributed the drop to consolidation of American areas of operation in Cambodia. A communiqué said U.S. casualties in all Cambodian operations now total 225 killed and 838 wounded.

South Vietnamese headquarters said 734 of its troops were killed in action last week, 25 per cent more than the week before, and 2,080 were wounded.

The U.S. Command said allied forces killed 3,321 North Vietnamese and Viet Cong last week, 403 less than the week before.

Four North Vietnamese ground attacks were reported in South Vietnam's northern provinces, with five Americans and three South Vietnamese killed, and 14 Americans and 14 South Vietnamese wounded.

During the night, rockets and mortars hit the U.S. Marine Force Logistics Command's base just outside Da Nang, troops of the U.S. 11th Brigade 45 miles southeast of Da Nang and soldiers of the 196th Brigade 34 miles southwest of Da Nang. U.S. headquarters said several Americans were wounded, but none was killed.

In Cambodia, North Vietnamese troops ambushed an

## More Pledges Are Turned In

A total of \$39,757.89 had arrived at the Chamber of Commerce today, \$1,000 more since Tuesday, in a continuing drive to bring in payment of first installment pledges to the Big Spring Industrial Foundation.

Paul Meek, chamber president, stressed the need to make payments now and meet the \$70,000 figure which has previously been pledged.

Today marks the two week point in the collection drive. Pledges were called in May 14, after the Foundation signed a contract with Intech.

Foundation funds will be applied to improvement of the industrial site and erecting Intech's building.

## On Y Cabinet

Bert Nix, son of Mrs. Maud Nix, has been named a member of the Young Men's Christian Association cabinet at Texas A&M University. Bert is a sophomore chemical engineering major and will serve as treasurer of the cabinet.

## Prouty To Instruct Class

Big Spring residents interested in Police-Community Relations may wish to enroll in a special night class being offered the first summer term at Howard County Junior College.

Scheduled to instruct the class will be Herb Prouty, city attorney.

Tentatively enrolled in the course are five area police officers, Pete Stone, Richard Talley, Bill Lee, Ernest Lee, and John Scott, all of Big Spring, and Arthur Summerall, Snyder.

Big Spring residents wishing to enroll in the course should inquire at the registrar's office at HCJC and follow registration procedures set for Monday.

Prouty said the course is not a technical one and should be of interest to residents as well as police personnel. He said it pertains to many areas involving sociology.

Students will receive three hours of college credit for the course which is scheduled to meet Monday, Wednesday and Thursday nights from 5-7:30 p.m.

Also included in plans for the course are a field trip to observe activities at the state prison at Huntsville.

## Defense Begins Its Testimony

Defense witnesses began testimony this morning in 118th District Court in the \$300,000 damage suit against Texas & Pacific Railway Co.

However, two additional witnesses for the plaintiffs were expected this afternoon. The trial began Monday and is expected to continue into next week. It was not known whether Judge R. W. Caton would recess tonight, until Monday, or whether the testimony will continue Friday. Most county offices will be closed Friday.

The three trainmen asking \$100,000 each in damages for a Dec. 27, 1967, train-truck crash are P. P. Van Pelt, James H. Eastham and W. W. Marlin.

The collision between the gasoline-filled truck owned by Crown Tex Inc. and the 85-car freight train killed the truck driver, Crown Tex was originally named as defendant along with T & P but was severed from the suit.

Two criminal trials with one defendant, Ponciano Lopez charged with burglary and driving while intoxicated, second offense, were also scheduled this week.

## THEFT REPORTS

Mrs. C. J. Sullivan, 100 NE 9th: stolen bicycle, later located by owner, reported 6:52 p.m. Wednesday.

Mrs. Mary Brostek, 311 NW 8th: watch valued at \$35 stolen, reported 8:19 p.m. Wednesday.

Cecil Stephens, 804 Birdwell: bicycle stolen sometime Wednesday night, reported 6:52 a.m. Thursday.

## Motorists Urged To Drive Safely

Maj. E. K. Browning Jr., commander of Region IV for the Texas Department of Public Safety, has asked all motorists in West Texas to help make this Memorial Day one free of fatalities.

"Patrolmen will be watching for all violations of the law which could lead to an accident, especially the drinking driver and the reckless driver."

He urged all motorists to heed Gov. Preston Smith's slogan: Drive Friendly. Last year the region had two fatalities on Memorial Day, and this was too many, said Maj. Browning.

## Kennedy-Kopechne Phone Calls Listed

BOSTON (AP) — A list of the telephone calls charged to the credit card of Sen. Edward M. Kennedy, D-Mass., the morning after Mary Jo Kopechne died was made public today in Suffolk Superior Court.

The list was compiled at the direction of the court for last July 18 and 19. However, none were recorded for July 18.

One of the first telephone calls charged to the Massachusetts senator's credit card the day after Miss Kopechne drowned last summer was to a phone listed to Jacqueline Kennedy Onassis. It lasted almost 24 minutes, according to telephone company records.

The list of calls charged to the senator's credit card was made public in Suffolk Superior Court today when Judge Wildred Paquet lifted an order that kept them secret.

Sixteen credit card calls were made.

Miss Kopechne, a former secretary to Sen. Robert F. Kennedy, D-N.Y., drowned in Sen. Kennedy's car after it overturned into a tidal pool at Chappaquiddick Island on Cape Cod late in the evening of the 18th.

The senator escaped from the car, but didn't report the incident to police until about 10 the next morning. The call to Jacqueline's phone in Hyannis Port was made minutes after the report to police.

# Census

(Continued from Page 1)

Del Rio, El Paso and Kerrville during the past decade showed substantial gains, according to preliminary 1970 census figures released Wednesday.

San Angelo gained 5,113 residents, Del Rio 2,318, El Paso 40,773 and Kerrville 3,640.

Kerrville showed a 41 per cent gain, going from 8,901 in 1960 to 12,541 in 1970. Kerr County increased from 16,800 in 1960 to 19,108.

District Census Director Jim Farr said San Angelo's 1970 population is 63,928, compared with 58,815 in 1960. Del Rio climbed from 18,612 in 1960 to 20,921 this year.

The city of El Paso rose from 276,689 to 317,462.

Preliminary census figures showed that San Antonio's population now is 648,189, an increase of 10.2 per cent over the 1960 total of 587,718.

Mrs. Aileen O'Callaghan, Census Bureau district manager, said Bexar County's total population is up almost 21 per cent from 1960, with a preliminary total of 830,661 compared to 687,151 in 1960.

The San Antonio Census District includes only Bexar County.

VOLUNTEERS at Big Spring State Hospital listen intently to the program presented by the hospital staff this morning as the summer volunteer workshop began a full day of activities.

# Volunteer Workshop Has 75 For Opening Session

By TERRY STARK

The volunteer workshop at Big Spring State Hospital was off to an enthusiastic start this morning as more than 75 people, young and old, gathered in Allred Auditorium to discuss the problems of the young and middle aged.

Attending the meet were representatives of the Seminole Circuit Riderettes, a group of teenage girls who devote their time to aiding patients at the hospital, and the more senior members of the Circuit Rider organization devoted to the same purpose as well as a mixture of local and area residents who work with the hospital.

The first session this morning was a question and answer period and discussion led by Chief Psychologist Harry Davis and his staff at the hospital. The volunteers in the audience wanted to know how best to approach the patient and were told to act as naturally as possible and to treat each patient as an individual.

Dr. Davis' staff, Dr. John Carley, Richard David, Phil Christensen, John Kegerreis and Ed Hackerson, tried to allay the volunteers' fears that the patient might be hurt by some inadvertent act and re-emphasized the need to approach the patient as a human equal.

An exhibition of patient art work was set up in the occupational therapy classroom and for many of the visitors, it seemed as revealing as the discussions. Among the paintings were some striking, frightening and beautiful works no different in content to the untrained observer than the works of professional artists.

Mrs. Lillian Hall of the BSSH staff, however, pointed out that interpretation of patient art by a psychologist with a thorough knowledge of the artist's background could find clues to the problems of a disturbed personality.

The last session before noon was to be a discussion of the problems of middle aged by chief of social service, Walter Widger, and social workers Mrs. Ted Hufford and Niranjan Sharma.

The afternoon meetings began with a discussion of the workings of the volunteer department with Mrs. Yancy Cochran and Mrs. Gerre Reaves, volunteer coordinators, and Mrs. Betty Duncan, head of the Circuit Riders. The Riderettes were to receive an award for their work at the session.

Staff Psychologist Tad Corbett was to lead a general discussion and question and answer period and the final session will feature a discussion of the "Inroads of Age" by Mrs. Catherine Crawford, director of the Howard County Committee on Aging and two films, "Bubby" and "The Rights of Age."

Registration At HCJC Monday

Howard County Junior College will register students for the summer session Monday.

Classes will start Tuesday, and although registrations will continue to be received during the week, prospective students are asked to sign as soon as possible so as not to miss any more class sessions than possible. A full schedule of basic courses will be offered.

## On Camp Faculty

George Walker, Stanton band director, is among the faculty for the first annual summer band camp at Abilene Christian College, according to Charles Trayler, ACC assistant professor of music and band director. The camp is scheduled July 5-17 and is open to all interested bandsmen between the seventh and 12th grades.

## DEATHS

**Mrs. Griffith, Funeral Today**

Last rites for Mrs. La Donna Rae Griffith, 26, who died at 5 p.m. Tuesday in a local hospital, were held at 3 p.m. today in Nalley-Pickle Rosewood Chapel.

Mrs. Griffith is survived by her husband and a daughter and son of the home, her mother, a sister, a brother and her grandmother.

Rev. Pat Bullock, pastor of Crestview Baptist Church, officiated in services followed by burial in Trinity Memorial Park.

Born March 6, 1944, in California, she married Jimmy Griffith, Sept. 12, 1962, in Big Spring. She had moved here in 1959 from Odessa and was a member of Crestview Baptist Church.

Palbearers were Dean Holland, Bernard McMahon, Bill Roger, Jerry Phillips, Jerry Chandler and Alvin Spargo.

## Mrs. Maude Fox, Loraine Rites

COLORADO CITY (SC) — Mrs. Maude Fox, 87, died at 5:35 a.m. Wednesday in the Roland Nursing Home in Loraine.

Graveside funeral services were held today at 11 a.m., with the Rev. Clarence Minton, pastor of the First Baptist Church of Loraine, officiating. Burial was in the Colorado City Cemetery under direction of the Kiker and Son Funeral Home.

She was born May 21, 1883 in Alabama, came to Colorado City around 1900, and had lived here until entering the nursing home in November, 1967. She was a member of the Baptist Church.

Survivors are one son, Roy Scott, Claremont, Calif.; two brothers, M. B. Thompson, Rangely, Colo., and Clem Thompson, Hayden, Ariz.; two grandchildren.

## N. L. Leonard, Here Since 1927

N. L. (Buck) Leonard, 61, died Thursday morning in a local hospital after being in failing health for several years.

Services will be Friday at 4 p.m. in River-Welch Funeral Chapel with the Rev. Dale Cain pastor of the East Fourth Baptist Church, officiating, with

## WEATHER

NORTHWEST TEXAS: Fair tonight except widely scattered thunderstorms in extreme northeast. Increasing cloudiness Friday and scattered thunderstorms in north and extreme west Friday afternoon. Warm. High Friday 82 to 88. Low tonight 54 to 66.

SOUTHWEST TEXAS: Partly cloudy and warm tonight and Friday with thundershowers. High Friday 85 to 95. Low tonight 54 to 66.

WEST OF THE PECOS: Partly cloudy and warm tonight and Friday with chance of a few afternoon or evening thundershowers. High Friday 82 to 98. Low tonight 58 to 64, except 38 to 48 in higher terrain.

**HAIL TO THEIR CHIEF** — Former President Lyndon B. Johnson gets the applause of Democrats last night, including House Leader Carl Albert of Oklahoma, left, after an address to a congressional dinner in Washington.

## Republican Response To 'Shame' Assailed

WASHINGTON (AP) — Democrats have taken a lingering look backwards at a party fund-raising dinner that produced more than \$800,000 for their campaign to stay in command of Congress.

They hailed a gallery of past heroes and paid tribute to the retiring speaker of the House John W. McCormack.

Former President Lyndon B. Johnson set the tone in a keynote speech of praise for McCormack—"in my judgment, in our judgment... the very best."

Johnson himself was acclaimed by Rep. Carl Albert of Oklahoma, the House majority leader, as among "the greatest living Americans, my President, your President..."

"When Lyndon Johnson returned to the White House today, the stock market went up 32 points," said Albert.

Senate Majority Leader Mike Mansfield sounded the lone political rallying cry, scolding the Republican response to the "national shame" of war abroad and turmoil at home, and declaring Democratic majorities in Congress a vital balance wheel to counter the GOP White House.

More than 2,000 members of the House and Senate, aides, party workers, and lobbyists were on hand at the \$500 a plate dinner Wednesday night. Party officials said receipts plus pledges could push the total proceeds to about \$1 million.

Nostalgia was the prevailing mood. Johnson said he was certain that in praising McCormack, he had the proxy of "a man who was my political mentor as well as John McCormack's, the late, beloved Sam Rayburn."

He said McCormack was a

driving force in "what I believe was the greatest Congress that ever assembled in American history, the 89th Congress."

That Congress, produced by the Democratic landslides of 1964, passed Johnson's Great Society programs.

McCormack called the roll of Democratic Presidents—Johnson, John F. Kennedy, Harry S. Truman. "And if Hubert Humphrey was President of the United States, he'd make one of the greatest Presidents of our country," McCormack said.

By contrast, Mansfield's words were somber. "We meet at a time when America's economy is caught in the dead hand of war," he said.

"There are those whose response to this national shame is still the rhetoric of denunciation and national division," he said.

"... Democrats will not join in dividing America."

He urged Republicans and independents "who want to stop the spread of war" to join Democrats in the coming campaign.

## It Was Time To 'Speak Up'

CARROLLTON, Ga. (AP) — About 400 residents of this northwest Georgia city have come up with an answer to recent antiwar protest marches at West Georgia College—a march of their own supporting the Nixon administration.

Organized by the local Veterans of Foreign Wars post, the group assembled Wednesday in the town square and set off for the college, about three miles away. Before they started, an attorney, Aubrey Gilbert, said they represented the "silent majority" and told them it was time to "speak up."

By the time the crowd reached the college, its numbers had dwindled to about 100 persons who were met by approximately 400 students.

The crowd broke up as the students began antiwar chants. The townspeople had been urged to remain and discuss the issues with the students. However, most left quickly—still waving the American flags displayed on the march.

The West Georgia students recently had staged two antiwar marches from the college campus to the town's business district.

## City To Open Pools Friday

Friday will be "splash day" for Big Spring youngsters as the city's two municipal pools open for the first time this summer.

Roy Anderson, assistant city manager, indicated today that pools have been cleaned, filled and are ready to open.

Pools will be open from 1 to 6 p.m. all summer. Comanche Trail Park pool will open each day except Mondays and the Lakeview pool will open on Saturdays and Sundays only.

Comanche Trail Park pool tentatively will remain open through the Enduro Kart Races Sunday unless lack of patronage justifies closing, according to Anderson.

Admission at the Comanche Trail pool is 50 cents for adults and 25 cents for children. Lakeview rates are 25 cents for adults and 10 cents for children.

Season tickets for pools may be purchased at \$12.50 for adults and \$7.50 for children.

Anderson indicated that books of 10 tickets have been popular in the past and are available at a cost of \$3.50 for adults and \$1.75 for children.

## Wind Caused Ships Crash

HOUSTON (AP) — A wind shift in Baffin Bay Wednesday

caused a slight collision of the SS Manhattan and the Canadian icebreaker Louis S. St. Laurent, a spokesman said.

"The two ships had been stuck in heavy ice about 50 feet apart," a spokesman for Humble Oil & Refining Co. said. "A wind shift forced the ships together. Both ships are fully

operational and will continue their southward voyage when the high winds ease or shift."

The icebreaker has been escorting the SS Manhattan, a huge icebreaking oil tanker, on a second trip to the Northwest Passage to determine the possibility of a year around tanker route from Alaska to the U.S.

East Coast.

Twenty-knot winds "caused only a minor indentation in the hull of the Louis S. St. Laurent," the spokesman said.

The Manhattan completed its ice tests early this week and Big Spring (Texas) Herald, Thurs., May 28, 1970 7-A

the two vessels had begun their return toward Halifax, Nova Scotia.

Ice ripped a 30-foot hole in the Manhattan last year while the tanker was moving toward Alaska's Prudhoe to pick up a symbolic barrel of oil.

# LOOKING 'EM OVER

With Tommy Hart

The Golds ran up 412 yards in total offense while yielding 280 — in defeating the Blacks in the annual Big Spring High School Football Game the other night.

Both teams had been expected to move the ball with less ease, primarily because the Longhorns had worked mainly on defense throughout their three weeks of toll.

Perhaps the eyebrow-raising feature, however, is the fact that each team knew what the other team was going to do. The Steers' 1970 opponents won't be that lucky, since the locals will be using the complicated veer attack made famous by the University of Houston.

The Cougars have stamped many an opponent with it. The Steers hope to pose problems for a few foes themselves.

Roddy Caffey wasn't used much by the Golds, mainly because he is still recovering from a groin injury. He'll be the Longhorns' main running threat next fall, because he zigs when he is expected to zag. Roddy gained 56 yards in his lunges into the Black line.

Gatlin Jones, Bobby Hayes and Matt Holten were mild surprises in the game. Holten was playing in his first game since he reached junior high and he picked up 18 yards the hard way. Jones netted 49 yards, Hayes 34.

Old standby Joe Chavez is as difficult to fell as a charging water buffalo once he gets up his head of steam. He accounted for 85 yards rushing against the Black line.

One of the most satisfying aspects of the contest was John Weeks' ability to get open and hang onto the ball. He appears to be more adept at that than any receiver Big Spring has had in years.

Alan Davis was probably the first freshman in history to start at quarterback for a varsity team in a Spring Game. He's going to be a great one before he's through.

Davis was handicapped by a bad hand that will prevent him from playing summer baseball for a while but he executed well. The coaches had great confidence in his ability — they called only about ten plays from the bench all night.

Alan twice went to his second receiver on passer when he found his primary target covered and you don't see a freshman do that very often.

What little time he was in action, Lefty Scott Carlile did very well spelling Dave Duncan at quarterback for the Golds. The Steers seem to have a lot of depth at that position, with junior Mike Adams fitting somewhere into the picture.

Of course, the Steers are going to live or die by their defense. No one knows that more than coach Clovis Hale. That's the reason the boys spent so much time working on defense this spring. When the best boys are taken from the two units, the fans may be in for a pleasant surprise. There are boys present who like to look up a ball carrier.

Junior David Stanley showed excellent running form and emerged as the game's leading ball carrier by netting 117 yards. He'll make someone hustle this fall and, no doubt, will clock a lot of playing time.

The Steers fielded a fine quarterback last fall in Houston-bound Gary Hinds. They won't suffer there this year, with Duncan at the controls. He's a fine running threat and a good passer. Best of all, he's a leader, a boy his teammates have confidence in.

Only a little more than three months remain before the Steers open their 1970 season against Lubbock Monterey. The Steers have been working for that one for a long time. Intent on ending a jinx that has endured since Monterey first opened its doors.

It could be a pivotal game. A good start could mean the sky's the limit for the locals.

In the preliminary contest involving sophomores-to-be last Friday, the Whites beat the Golds, 12-6.

Vin McQuien scored on a two-yard trap play and Barry Truette went over from five yards away for the Whites while Walter Jordan raced 35 yards around right end for the Golds' only score.

Linebacker Mike Tredaway, defensive end Chris Bogard, offensive guard Mike Cramer and Nate Poss, who played both ways, glistened for the Whites, as did quarterbacks Bruce Felts and McQuien.

# Texas Awaits Playoff Foe

AUSTIN (AP) — The Texas Longhorns, No. 2 team in college baseball, resumed their bid today for the national title that has eluded them since 1950.

The Longhorns, with 33 wins and six losses, joined Arkansas State University and Pan American College of Edinburg in a playoff to select the District 6 representative to the College World Series at Omaha next month.

The first game, at 1 p.m., matched Arkansas State, winner of the Southland Conference, against Pan American, an independent. Texas plays the loser at 4 p.m. A team is eliminated when it loses twice.

Other games are set for Friday afternoon with a final game Saturday, if necessary.

Texas, champions of the South West Conference, has the home field advantage. The Pan American publicity man said, "Playing the Longhorns in Austin is like fighting lions in Rome."

Actually, five of Texas' six defeats were there, including the only losses by All-American pitchers Burt Hooton and James Street.

The Broncos, an independent team from the Lower Rio Grande Valley, have a 31-10 record and won 11 of 16 from Southwest Conference teams and 6 of 7 against Big Ten teams.

Their chances were bolstered with the return of all-star third baseman Teggie Tredway, who will start after missing the entire season with a broken ankle.

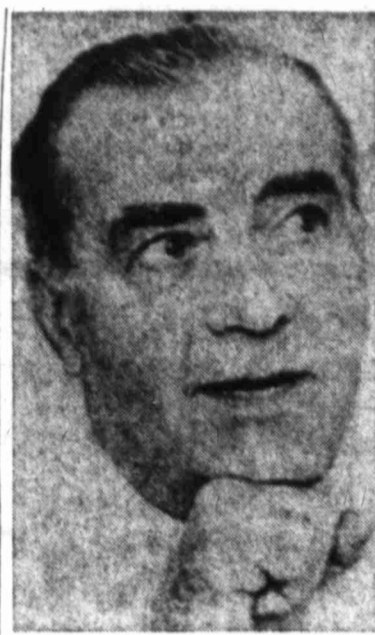

Arkansas State had a 16-15 season record. The only hitter over .300 was second baseman Jim Wagner at .306. Rusty Boug led the pitching with an 8-2 record and earned run average of 2.22.

Borg and Barbosa, Pan American's ace with four shutouts, were teammates at Liberal, Kan., in a league last summer.

Merchandise awards will go to the top four teams. Registration fees will be \$11 for pros and \$6 for amateurs.

LAMESA — Lamesa Country Club pro Val Howard has announced that a pro-am will be staged here Monday.

Merchandise awards will go to the top four teams. Registration fees will be \$11 for pros and \$6 for amateurs.

NEW COACH — Don McCafferty (above) is the new head coach of the Baltimore Colts of the NFL. He succeeds Don Shula, who went to Miami as coach of the Dolphins.

# Dave Hill Says He's All Set

MEMPHIS, Tenn. (AP) — Dave Hill may not be the favorite—in fact it's difficult to name one—but the slim, outspoken guy certainly ranks as the man to beat in the \$150,000 Danny Thomas-Memphis Open Golf Tournament.

"I don't say I'm going to win I may not," Hill said today before his first round on the 6,466-yard, par 70 Colonial Country Club course.

"But I'll be up there. I'm striking the ball good. And if I'm playing like I did last week, they're in trouble."

Hill skipped tournament competition last week, suffering from some mild health problems, but still practiced almost every day at his home in Evergreen, Colo.

"They've got a little, short municipal course there," he said. "And one day I played it in 32-29. If I can keep on hitting it like that, well . . ."

The 33-year-old Hill, a veteran of 12 years on the pro tour, came into his own last year when he won three tournaments, finished second on the money list and copped the Vardon Trophy for the lowest stroke average.

"This course has been pretty good to me," he said. He has won two of the last three Memphis titles, including the last one.

"I don't know what it is," he said. "But I put these greens just super. If they'd let me carry these greens around with me on the tour, why everybody else would be playing for second place every week."

Hill, who hasn't won this year, however, has earned over \$37,000.

He ranks as one of the pre-tourney favorites in a wide open scramble. Other top contenders include Frank Beard, Gene Litter, Tommy Aaron, Bob Lunn, Homero Blancas, Lee Trevino, Miller Barber, Don January and Lee Elder.

Arnold Palmer, Jack Nicklaus, Gary Player, and Billy Casper are not competing.

# Hawks Claim 10th In Row

The Hawks won their tenth straight American Little League decision Wednesday night, taming the Stars, 7-5.

The defeat dropped the Stars back to a 7-2 over-all mark.

The Hawks banked two runs in the final round, then had to fight off a rally on the part of the Stars that netted two tallies.

Pat Carroll and J. Shanks teamed up to pitch the win and Shanks helped at bat with a fourth inning home run. Carroll was handed the mound win.

Carroll, Shanks and Hammond had two hits each for the Stars while Martin and Rice hit safely for the Stars.

# Drivers Get Fired Up For Indianapolis 500

By LLOYD RUBY  
Written for The Associated Press  
INDIANAPOLIS, Ind. (AP) — Saturday will be the 11th time I've started the Indy 500. It's the greatest event in racing. . . the biggest challenge.

This is my twenty-second year as a driver, and I enjoy running the 500 more than all the other races put together.

The crowd, and everything else surrounding the race, really gets you going. I guess football coaches call it getting fired up. I'll guarantee you when Tony Hulman says "Gentlemen, start your engines," the old heart will be running flat-out already.

It's hard to describe the tremendous feeling I get during the race. It's better'n hooking a 10-pound bass on a lazy day. Next to racing, I think fishing is the greatest thrill in the world. . . when they're biting.

**MORE ROOM**  
You feel like there's more to run for at Indy. Aside from the money, the crowd affects everybody. . . makes you run harder. I don't think anybody would feel like running 500 miles at the speed you have to run here if there were only three or four thousand people watching.

Lotsa people have asked me what I think about during the race itself. Well, the race itself takes all of your attention and you don't have time to think about anything else. I try to keep my mind on the track and what kind of shape it's in. I think about how hard I've got to run to catch up to the leaders. If I'm running with them, I think about how to stay there. I don't like to abuse my equipment.

If you have to abuse yourself and your equipment, you're cutting down your odds of finishing the race, much less winning it. For about three hours, you're trying to out-think the other drivers, trying to out-run them. I hope about four of the guys who are starting up there ahead of me will race each other hard right from the start. I believe in odds, and the odds are that at least three of those four won't finish.

They'll be abusing their equipment and taking more chances than they have to. When you're racing somebody hard, you're naturally wearing your equipment more. You're putting more stress and strain on everything, the engine, the chassis, the tires, every part and piece.

**BEST HE'S SEEN**  
I think the Mongoose I drive, built by my chief mechanic, Dave Laycock, is the strongest car I've seen or driven. How did we get the name Mongoose? Well, several years ago, everybody started naming their chassis after animals. Dave figured a Mongoose had to be the fastest thing in the world. It even whips up on rattlesnakes.

With Dave's ability, I have tremendous confidence in my car. The first two races we ran this year, I was involved in two pretty good accidents but I managed to finish both — with pretty good results. I was third at Phoenix and first at Trenton. I slammed into Art Pollard at Phoenix and ran up over a car at Trenton. Both times, I really banged it around. Most cars would have broken something, hitting as hard as I did, but these two bumps didn't even bend the car.

I don't have any worries in a race wondering if something is going to break. . . I know some drivers do. . . and that can be a big factor in a driver's mind. Let me tell you, a driver has enough to think about when he's racing without having to worry about whether something is going to fall off the car.

**LITTLE LEAGUE FIELD WILL BE RENAMED FOR HUDGENS**

The International Little League field, located at Webb AFB, will be dedicated at 5:15 o'clock today to Maj. Edward M. Hudgens, a former Webb pilot who was killed March 21 of this year while flying an A-1 aircraft in Southeast Asia.

The diamond will henceforth be called Hudgens Memorial Field. Maj. Hudgens' family will be in attendance.

Major Paul P. Adams, race director for the Second Annual Big Spring Enduro Kart Race reported Wednesday that more than 20 karters have already pre-registered for the event, with another 80 to 90 expected before race time Sunday.

The event, sponsored by the Big Spring Chamber of Commerce and the Big Springs Jaycees, is set for Sunday in Comanche Trail Park, with practice sessions scheduled for Saturday from noon until 5 p.m.

The first race will begin at 9:30 a.m. Sunday and will last an hour, as do all five of the races.

The second race starts at noon, with starting times set for every hour-and-a-half the rest of the day.

Adams, who will be assisted by Jim Corbell, last year's race director, is a go-kart driving jet pilot instructor for the Air Force. Adams is in command of the officer training program at Webb Air Force Base and got interested in karting after his graduation from Memphis State University in his Tennessee hometown.

"Of course," Adams said, "jet planes go a lot faster and there is a great deal of excitement involved in flying one, but there's also a lot of excitement in driving one of these karts — a different sort of excitement. You get one of these things going 90 or 100 miles an hour and, since you're virtually on the ground, it's a pretty great sensation. You won't get bored."

One feature this year expected to make the race more enjoyable for spectators is the public address system which will make it possible to inform spectators about the race and the number of laps each leader has made.

Admission will be 25 cents for everyone during Saturday's practice rounds and 75 cents for adults and 25 cents for children on Sunday.

**Lions Stampede Braves 11-6**

The Lions evened their National Little League record at 4-4 by rapping the Braves, 11-6, here Wednesday. The loss was the sixth in seven starts for the Braves.

David Spence and Bobby Doe divided time on the hill for the Lions, with the former getting credit for the win. Together, they were tagged for eight hits.

Jerry Currie lashed a home run for the winners while Doe, Spence and Terry Kelley each came up with two hits.

Steve Carri was the only Brave to hit safely twice.

Braves: Brown 2b, 4-0; Huff 1b, 2-2; Hedges lf, 1-0; Doe 3b-p, 4-2; Carri c, 4-2; Currie lf, 3-2; Lozano cf, 1-0; D. Science p-1b, 1-0; Osburn p, 3-1; Kelly c, 3-0; Shull ss, 2-1; Kelley c, 3-0; Fazio 3b, 2-1; Froman 1b, 3-0; Fowler 3b, 2-1; Grop cf, 1-1; Th'son lf, 2-0; Brown rf, 0-0; H.C. Currie cf, 2-1; Crawford rf, 1-0; T. Currie cf, 0-0; Smith, 2-1; Winkle cf, 2-0; Smith, 2-1; Honke lf, 1-0; Totals, 25 4-8; Braves, 0-1; Lions, 0-1.

**ERNIE REFUSES TO GIVE UP CLUB**

**New Storm May Be Brewing Over Wheelwright's Club**

NEW YORK (AP) — A southern sequel to last year's Joe Namath-Bachelor III storm was brewing today over the acquisition of a Metairie, La., nightspot by running back Ernie Wheelwright of the National Football League's New Orleans Saints.

NFL Commissioner Pete Rozelle has confirmed a report in the current issue of Sports Illustrated Magazine that Wheelwright turned down a league request to give up the bar, "Central Park South," because the reputed owner of the property is an underworld figure.

Rozelle said Wednesday that Bernie Jackson of the NFL security staff met with Wheelwright several weeks ago and "expressed great concern" to the 30-year-old pro veteran over the venture.

"Our security people told him they thought it would be wise to sell on the basis of the information we had received," Rozelle said. Instead, Wheelwright opened the club 10 days ago under a temporary license.

Rozelle said the league is continuing to investigate the matter.

Last summer Rozelle forced Namath, the New York Jets' gifted quarterback to give up his interest in Manhattan's Bachelors III . . . under threat of suspension . . . because the bar allegedly was frequented by undesirables.

Wheelwright, however, has not been directed to sell Central Park South. "We want to get the rest of the information before we decide what position to take, and then convey that position to him," the commissioner said.

"Before giving anybody ultimatums, we like to have strong reasons for doing so. We don't like to intrude in private lives unless there are strong reasons."

"I don't know what they've got up," Wheelwright said in New Orleans. He insisted he is the sole owner of the club.

equipment and taking more chances than they have to. When you're racing somebody hard, you're naturally wearing your equipment more. You're putting more stress and strain on everything, the engine, the chassis, the tires, every part and piece.

# Ex-Resident Sets Record

John Douglass, former Big Spring resident, shattered one of 13 records in the Colorado High School track and field meet staged the past weekend in Boulder.

Douglass, son of Mr. and Mrs. Jake Douglass of Denver, topped the old state record by nearly a foot in the triple jump when he cleared 47-4 1/2.

John was representing Denver Wheat Ridge High School at the time.

Young Douglass waited until final jump of the day to establish the record.

Don Bailey of Manual High School was the favorite and the defending champion in the event but Bailey could only hop, step and jump 45-9.

The old triple jump record in Colorado was established by Cullen Bryant of Mitchell High School in 1969.

The Lions evened their National Little League record at 4-4 by rapping the Braves, 11-6, here Wednesday. The loss was the sixth in seven starts for the Braves.

David Spence and Bobby Doe divided time on the hill for the Lions, with the former getting credit for the win. Together, they were tagged for eight hits.

Jerry Currie lashed a home run for the winners while Doe, Spence and Terry Kelley each came up with two hits.

Steve Carri was the only Brave to hit safely twice.

Braves: Brown 2b, 4-0; Huff 1b, 2-2; Hedges lf, 1-0; Doe 3b-p, 4-2; Carri c, 4-2; Currie lf, 3-2; Lozano cf, 1-0; D. Science p-1b, 1-0; Osburn p, 3-1; Kelly c, 3-0; Shull ss, 2-1; Kelley c, 3-0; Fazio 3b, 2-1; Froman 1b, 3-0; Fowler 3b, 2-1; Grop cf, 1-1; Th'son lf, 2-0; Brown rf, 0-0; H.C. Currie cf, 2-1; Crawford rf, 1-0; T. Currie cf, 0-0; Smith, 2-1; Winkle cf, 2-0; Smith, 2-1; Honke lf, 1-0; Totals, 25 4-8; Braves, 0-1; Lions, 0-1.

**Cincinnati Likely Host For 1970 All-Star Game**

CINCINNATI (AP) — Only a possibility of a construction workers strike now threatens to keep the 1970 All-Star game from being held in Cincinnati.

Baseball Commissioner Bowie Kuhn has given the city until May 30 to provide him with a definite answer on whether the stadium would be ready for the All-Star game. But Reds president Francis Dale said, "We must assure the commissioner positively by Monday (June 1) that the stadium will be available for the All-Star game."

If assurance cannot be given then, Atlanta will be awarded the classic.

at midnight. The proposals have to be ratified however, and negotiations were continuing with other unions.

# Ex-Cooper Aide To Duncannville

ABILENE — Larry Lowe, unexpectedly passed over when a new head basketball coach was named at Abilene Cooper High School, has resigned here to become head coach mentor at Duncannville High School.

Before being named the assistant basketball coach at Cooper last year, Lowe served Abilene Jefferson Junior High as coach for three years.

His Cooper JV team won 24 of 34 starts last season. He is a graduate of Texas Tech and a native of Monahan, where he played under the departing Cooper coach, Bill Villines.

Duncannville is slated to become a Class AAAA school in two years.

The Lions evened their National Little League record at 4-4 by rapping the Braves, 11-6, here Wednesday. The loss was the sixth in seven starts for the Braves.

David Spence and Bobby Doe divided time on the hill for the Lions, with the former getting credit for the win. Together, they were tagged for eight hits.

TRYING FOR COMEBACK IN AMERICAN LITTLE LEAGUE — Pictured are members of the Jet team, trying for a comeback in the American Little League after indifferent success last season. First row, from the left, they are Scott Robertson, Randy Armstrong, Richard Jenkins,

Mike Gressett and Randy Lewis. Middle row, Mark Montgomery, Randy Christian, Robert Parsons, Danny Coffey and James Holub. Third row, Jimmy Combs, Ted Seay, Gregg Brooks, Hyler Farris and Kenneth Sherrill. The manager in back is Phillip Gressett.

# Gil Garrido Exults Over First Homer

The home run is the ultimate achievement for a hitter—something Deron Johnson knows all about. Johnson has hit 133 of them in his career. Homers are old stuff for him. Gil Garrido has hit one. For him, it was a wonderful new experience. Johnson cracked his 10th homer of the season Wednesday night—a three-run shot in the ninth inning that gave Woody Fryman all the runs in Philadelphia's 3-0 victory over Montreal. "I knew it was out of the park the moment it left my bat," said Johnson, who's learned to recognize the feeling of a homer. Garrido connected along with Orlando Cepeda in a six-run second inning that moved Atlanta to an 8-1 victory over Houston. It was the very first in the majors for the 160-pound slugger. "HE DIDN'T KNOW" "I didn't know it was going out," said Garrido. "I don't hit them that often. When I got to the dugout, everybody was laughing. They told me they were going to faint." Elsewhere in the National League Wednesday, New York

shut out St. Louis 3-0, San Francisco battered Los Angeles 11-3, Pittsburgh blanked Chicago 4-0 and Cincinnati clipped San Diego 6-4. Johnson's homer was the second time in as many nights that the Expos were cut down on a three-run shot in the ninth by a Phillie. On Tuesday, Tony Taylor hit one to win a game. Garrido has been on a hot streak at the plate ever since grabbing one of pitcher Mike Pappas' bats. He went 4-for-4 with it in one game and has moved his average up from a dismal .096 to a respectable .273. But if it's an average on the move you're looking for, try Rico Carty, who had three more hits against the Astros and increased his average from .424 to .432. Cepeda had four RBIs for the Braves with a double and homer. Manager Gil Hodges moved slumping Cleon Jones into the leadoff spot and the move paid off when Jones delivered a bases-loaded, two-run single that helped the Mets to their victory over St. Louis. Gary Gentry fired a three-hitter and struck out nine to earn his fifth victory. "It was just like moving furniture," said Hodges of the Jones switch. "Cleon wasn't doing well batting third so I thought I'd try something different." MARICHAL WINS Juan Marichal turned in his best pitching job of the season, scattering eight hits as the Giants battered Los Angeles to

get even a little for the 19-3 shellacking the Dodgers handed them the night before. Willie Mays walloped his 12th homer of the year—No. 612 of his career. That left him 102 away from Babe Ruth and 611 ahead of Gil Garrido. Reserves Bob Taylor and Frank Johnson also hammered homers in a 13-hit Giant attack. Bob Moose spun a four-hitter and Pittsburgh shut out Chicago. Roberto Clemente's two-run single in the fifth inning gave Moose some working room and the Pirate right-hander outduelled Cubs' ace Ferguson Jenkins. Moose is 4-4 while Jenkins lost his seventh game in 10 decisions. Tony Perez took over the major league home run lead with his 17th of the season, snapping an eighth inning tie and giving Cincinnati its victory over San Diego. The Reds collected 17 hits including a single, double and triple by Johnny Bench. Houston Atlanta

**EVERYBODY SHOPS THE WANT ADS**

**Locals Kayoed In Two Games**  
The Big Spring Merchants will host San Angelo's Maurice Shoppe in two softball games here Saturday, with the first contest due to get under way at 8 p.m. Scene of action will be the Comanche Trail Park diamond. The Merchants dropped two exhibitions to the Angolans in San Angelo Wednesday evening, 2-1 and 9-0. Bubba Balentine and Scotty Chastain scored the runs for the Maurice Shoppe team in the opener to offset a tally made by Big Spring's Danny Kirkpatrick in the second. Darrell O'Neill limited the Merchants to two hits in the second game. Charles Lendermon and Charles Williams had the only safeties for the Merchants.

## Firemen Save 5 American Loop Teams

Relief in the American League is as close as the nearest bullpen. Mudcat Grant, Pete Richert, Jack Aker, Darold Knowles and Moe Drabowsky all came galloping to the rescue Wednesday night and provided the clutch pitching their teams needed. Grant worked the final 2-3 innings in Oakland's 4-3 triumph over California; Richert put down a Cleveland threat in the ninth, preserving Baltimore's 5-4 victory; Aker checked Detroit on one hit over the last four innings as the New York Yankees beat the Tigers 4-2; Knowles picked up his first win of the year with four scoreless frames in Washington's 7-5 verdict over Boston and Drabowsky got the last four outs as Kansas City shaded the Chicago White Sox 4-3.

ONE RAIN OUT Milwaukee's scheduled game at Minnesota was rained out. Sixth-inning homers by Joe Rudi and Sal Bando gave Oakland the lead over California and Grant nailed down the victory. Coming on in the seventh, he fed an inning-ending double play ball to Bob Johnson, struck out Joe Azcue and Roger Repoz with two runners aboard in the eighth and set the Angels down in order in the ninth. Frank Fernandez hit a solo homer for the A's in the second. Although he's become the bellwether of the A's bullpen, Grant yearns to be a starter again. "Everyone prefers starting," he says. "There's just something about starting and relieving. Starters are still considered to be better pitchers, even when that isn't true in all cases. It's something that's left over from the past. We're still living in the past in some respects."

Richert, who has been scored on in only one of 13 relief appearances, showed up in the ninth after Ted Uhlaender and Eddie Leon opened for Cleveland with singles. He got Duke Sims to bounce into a double play, yielded a run-scoring single to Tony Horton, but retired Chuck Hinton on a fly ball for the final out. It was the first time Richert failed to strike out anyone, but he has fanned 22 in 15 2-3 innings.

**BOUNCE BACK**  
The Indians had combined four singles, a wild pitch and an infield out for three runs in the top of the seventh and led 3-2. But the Orioles bounced right back, with Don Buford stroking a two-run bases-loaded single and the eventual winning run crossing on Mark Belanger's infield roller. Starter Jim Palmer homered earlier for Baltimore. Aker appeared on the Yankee scene earlier than usual — in the sixth inning. The Tigers, trailing 4-1, had runners on first and third and none out. Willie Horton's sacrifice fly got one run home but Aker slammed the door after that. The Yanks jumped on Joe Niekro for three runs in the first inning on a walk, Roy White's single, an RBI single by Danny Cater and a two-run single by Curt Blefary. Niekro picked up his win when the Senators rallied for three runs in the seventh to hand the Red Sox their 15th setback in 20 games.

## Downs To Honor Ruidoso Newsman

**RUIDOSO DOWNS, N.M.** — Friday will be a day honoring Hugh Stiles, advertising manager and public relations director for the "Ruidoso News." Stiles has been a very ardent racing enthusiast at the Ruidoso oval over the past few years and has been very active in all phases of turfwriting, track promotion, and community projects. Along with his wife, Mae, Stiles will be in the winner's circle to present the "High Stiles Purse" blanket to the winning owner of one of the evenly-matched group who will be vying for honors.

## Lions Move Up In Standings

The Lions roared in Texas Little League play again Wednesday night, subduing the Indians, 4-1. The Jungle Kings are now 5-4-1 on the season while the Indians dropped back to 3-7. The win moved the Lions into second place in the standings.

**CARD OF THANKS**  
We wish to express our gratitude to all the friends, neighbors, Mr. and Mrs. Paul Keele, the Citizens Band Radio Club, the motorcyclists, the radio stations, sheriff's office and police for the help in the search for our son, Lee Boyd. Through the efforts of all these fine people, he was found within three hours.  
Thank You All.  
Mr. & Mrs. Walter E. Alexander

**NOTICE OF SALE**  
Sealed bids will be accepted from the date of this notice until midnight, June 20, 1970, on the two bedroom, TESCO cabins located on Chalk Substation, about 5 miles east of Fortson. Separate bids should be made for the lot, the garage, one water level gauge and miscellaneous valves and pipe fittings. The highest bids will be accepted if the bidder otherwise qualifies. The purchaser will be required to move the property purchased and clean the premises within 60 days of notification of bid acceptance.  
Purchaser will be required to place in escrow \$200.00 for the house, \$50.00 for the garage. This money will apply to the purchase price. If the agreement is fulfilled satisfactorily, however, the escrow money will be forfeited to TESCO and the sale agreement will be cancelled if the purchased property is not moved and the premises cleaned by the date agreed upon. Bids should be submitted to Mr. R. B. King, P.O. Box 471, Big Spring, Texas. Bids will be opened at 9:00 a.m., June 10, 1970, and the highest bidder will be notified.

# Multiple Listing Service

## MULTIPLE LISTING SERVICE DOES SELL EQUITIES:

Some of the important advantages of a MULTIPLE LISTING SERVICE are:  
 (1) MANY WORKERS—COMMISSION—Over 200 Listings Available to choose from.  
 (2) NOT EXTRA COST—Property owners may obtain all the advantages of cooperative selling operation at no extra cost by listing their property with any 1 member of the MLS under its standard listing agreement.  
 (3) NEGOTIATIONS: All confusion, misunderstandings, and controversies are eliminated because all appointments and negotiations are made through the Realtor selected by the owner.

**AFFECTIONATE MOTHER** — Missus, a 12 year old lowland gorilla, holds her new offspring, the first gorilla ever to be born at the San Francisco Zoo. The father is Bwana, believed to be two years younger than his mate, who came from the French Camerons of Africa. Thus far, mother and baby seem to be doing well. First born babies of "Gorilla gorilla" have often had to be hand-reared, because of the mother's inexperience, and her stress over the first baby.

### Proposed Road Hearing Sought

BAY CITY, Tex. (AP) — A June 4 hearing with the Texas Highway Department has been requested by Matagorda County commissioners to discuss a beach road from Sargeant to the planned state park on Matagorda Peninsula.

The proposed road would stretch from south of Sargeant along the beach west across Brown Cedar Cut to the planned park site.

No action on the hearing request has yet been taken by the highway department.

12-A Big Spring (Texas) Herald, Thurs., May 28, 1970

### Flames Destroy Aragon Ballroom

LOS ANGELES (AP) — The old Aragon Ballroom, for years the home of "Lawrence Welk's" "champagne music," collapsed in flames early Wednesday as a massive fire swept Lick Pier in coastal Venice.

More than 125 firemen battled the fire on the 2,000-foot pier.

No injuries were reported. Cause of the fire was not immediately known.

Welk, who started appearing at the ballroom during World War II, moved his television show to the Hollywood Paladium about 10 years ago.

### Dixie Lead Gets Six More Months

AUSTIN (AP) — The Texas Air Control Board told Dixie Lead Co. Inc. of Dallas Wednesday that it could have six more months to bring its operation within air control standards.

The six-month variance to state standards was recommended by a board hearing examiner.

The variance says Dixie leads emissions cannot exceed 200 micrograms per cubic liter of air. The standard for the area where the company is located—in a residential, land use area—has shown the state is 100 micrograms per cubic liter, but the board agreed to the larger figure for six months.

## Space Accident Cause Traced

SPACE CENTER, HOUSTON (AP) — Wiring insulation inside an oxygen tank which exploded on Apollo 13 may have been seriously damaged several days before the ill-fated moon mission was launched, the chairman of the committee studying the space accident said here Wednesday.

Edgar M. Cortright, chairman of the Apollo 13 review board, said that a de-tanking, or draining, procedure on the oxygen vessel "probably resulted in major damage to the wiring insulation" inside the tank.

The oxygen tank exploded on April 13, as Apollo 13 was more than halfway to the moon. The explosion blew off a panel of the service module, destroyed the spacecraft's major supply of oxygen and electricity, forced cancellation of the moon landing and seriously endangered the astronauts.

Cortright also said that "it now appears" that two switches designed to keep heaters in the oxygen tank from overheating may also have failed. Tests have shown, he said, that such a failure would cause temperatures in the tank to reach 1,000 degrees.

"Such temperatures would have caused serious damage to the insulation around the heater wires," said Cortright. "The insulation damage could have resulted in short circuits to institute the combustion of insulation inside the tank."

This burning would, in turn, cause pressure to rise in the tank, eventually forcing the tank to explode.

The de-tanking procedure was applied to the tank while the spacecraft was being readied for launch.

The tank had been filled with liquid oxygen during a dress rehearsal for the launch. After the rehearsal was completed, workers were unable to drain the tank in the normal way. Special procedures were used to remove the oxygen and Cortright said these probably caused major damage to the wiring insulation.

He said the damage possibility was discovered during recent tests at the Beech Aircraft plant in Boulder, Colo. The special detanking procedures were duplicated during the tests at Beech, which is the manufacturer of the tank.

"Additional tests are underway to try to determine the manner in which the tank finally failed and what mechanism was needed to cause the outer panel to blow off," said Cortright.

Members of the review board will receive results of all the tests at a meeting here on Monday.

A final report from the board will be submitted June 8 to Dr. Thomas O. Paine, administrator of the National Aeronautics and Space Administration.

## 'Globs Of Tar' Not Poisonous

AUSTIN (AP) — Those "globs of tar" in the Gulf of Mexico and on Texas beaches are not poisonous and will not affect fishing, the coastal fisheries coordinator for the Parks and Wildlife Department said today.

In fact, Terry Leary said, marine life has been found growing on some of the tar.

He said high tides last week kept most of the beaches clean. Beachcombers who touched the tar can remove it with cold cream, he said.

The source of the tar still has not been determined.

## Education Pays

OLYMPIA, Wash. (AP) — The State Patrol issued minimum requirements for new troopers Wednesday. They include two years of college and a height of at least 6 feet. Men with degrees, however, may be 5-11.

## THREE BANDITS MAKE WRONG TURN, WIND UP IN JAIL

SHREVEPORT (AP) — Officers said three men fleeing from a bank robbery in a stolen auto made a wrong turn Wednesday and wound up in jail after pursuing police hemmed them up on a dead-end street.

Commissioner George D'Artois said \$14,000 was recovered from the men shortly after the money was taken from the Lakeshore branch of Louisiana Bank and Trust.

The men jumped from

their car and ran into a wooded area when the street ended, authorities said. Ordered to come out, one ran and was wounded slightly.

Booked on bank robbery charges were Armon James Beck, 23 of Dallas; and Jasper Leon Ware, 22, and Robert Lee Jones, 27, both of Shreveport.

They were arrested about a half mile from the bank 10 minutes after the holdup. Ware was the man wounded, D'Artois said.

## Census Flights Above Midland

WASHINGTON (AP) — High-altitude airplane photographic flights over 26 U.S. cities are providing data for census studies, the National Aeronautics and Space Administration said Wednesday.

The flights 10 miles above the earth gather standardized information on urban areas and help related land usage to statistical data gathered during the census, NASA said.

A four-engine Air Force RB7E jet assigned to NASA's Manned Spacecraft Center, Houston, has already made surveys over Asheville, N.C.; Dal-

las, Houston and Wichita Falls, Tex., Atlanta and New Orleans, for the Geological Survey, NASA said.

Other census survey flights, with the cooperation of the departments of Agriculture, Interior and Navy, are to be flown over Aurora, and Peoria, Ill.; Cedar Rapids, Iowa; El Paso and Midland, Tex.; Lawrence, Kan.; New Haven, Conn.; Phoenix and Tucson, Ariz.; Pontiac, Mich.; San Francisco and Riverside, Calif.; Tampa and West Palm Beach, Fla.; Washington, D.C.; San Juan, Puerto Rico; Boston, Denver, Salt Lake City and Seattle.

## She Can't Leave Native Greece

ATHENS (AP) — Mrs. Alexander Fleming, widow of the discoverer of penicillin, has been refused a passport to leave her native Greece.

The Ministry of Interior announcement Wednesday gave no reason. Mrs. Fleming testified for the defense last month at a court-martial in which Greece's military-oriented regime accused two persons of belonging to an antigovernment group.

Mrs. Fleming renounced her Greek citizenship when she married Fleming in England, but returned to Greece in 1968 and had her citizenship reinstated.

## Unit Receives 'Bolt' Trophy

The Webb AFB 3560th Organizational Maintenance Squadron Bronze Bolt Trophy was presented to the T-38 Talon heavy maintenance section recently.

The tongue-in-cheek award was presented for "outstanding procurement of nuts, bolts and washers, and the accomplishment of other sundry duties."

T. Sgt. John C. Leach Jr., is the noncommissioned officer in charge and has 10 men who work in shifts around the clock in support of the T-38 maintenance mission.

## Idiots Can't Vote

WYNBERG, South Africa (AP) — The female candidate for parliament was irritated by hecklers at a political rally when she snapped: "I don't mind interjections. Idiots can't vote." A masculine voice retorted: "But they can stand for parliament!"

## Horoscope Forecast

TOMORROW

—CARROLL RIGHTER

**GENERAL TENDENCIES:** Mental you quietly and unobtrusively, or they resent it otherwise. A family tie alives the right advice where some problem is concerned. Listen carefully and follow. Listen to what a trusted friend and companion has to suggest. Get problems solved cleverly. Use diplomacy where the social is concerned.

**ARIES** (March 21 to April 19) Instead of trying to get advice from everyone, listen to what a trusted friend and companion has to suggest. Get problems solved cleverly. Use diplomacy where the social is concerned.

**TAURUS** (April 20 to May 20) See what it is that biases expect of you and then follow through carefully. You keep out of trouble and get ahead this way. Don't panic at the criticism of a good friend. It is of a constructive nature.

**GEMINI** (May 21 to June 21) Listen only to proven experts and you get along better than if you ask advice from just anyone. There are many restrictions—you need to get rid of—above them as quickly as you can.

**MOON CHILDREN** (June 22 to July 21) This is a good day to deal with creditors and debtors, but you have to remain calm and know exactly what you are doing. Be gentle with a loved one who is somewhat upset. Same uncertain situation has its bright side now.

**LEO** (July 22 to Aug. 21) You have to find out what associates expect of you.

**SCORPIO** (Oct. 23 to Nov. 21) Your finest benefits come from home activities today, so eliminate whatever is not as useful that fine smile more. Don't make that unkind remark to mate. Keep the harmony intact which you are now enjoying.

**SAGITTARIUS** (Nov. 22 to Dec. 21) Others will pose questions now that will be annoying to you just when you have other things to do. Be brief and carry on. Be sure that you do not lose your temper. The evening is fine romantically.

**CAPRICORN** (Dec. 22 to Jan. 20) Take care of those important practical and financial matters, but don't get involved that you lose the trend of your prime activity. Load to a clever business expert who can give right answers to your questions.

**AQUARIUS** (Jan. 21 to Feb. 19) You have some personal interests that can be improved via the auspices of a biweekly, so contact this person. Forget that social affair where you might meet with some disappointment. Be wise.

**PISCES** (Feb. 20 to March 20) You have to apply yourself more conscientiously if you are to gain the benefits you want from present activities. Study any written work for errors. Assist that friend in trouble be generous.

## Mayor Seeks Trial Delay

WASHINGTON (AP) — Mayor Hugh J. Addonizio of Newark, N.J., has asked the Supreme Court to delay his trial on extortion and income tax charges until after the June 16 election in which he seeks another term of office.

The trial is scheduled to begin next Tuesday. Addonizio claimed holding it at that time would unfairly prejudice his campaign.

Addonizio's election opponent is Kenneth Gibson, a Negro engineer.

## Enrolled Now

PARIS, Ky. (AP) — All of Kentucky's 120 counties now are enrolled in the federal food stamp program to help provide food for the poor.

Bourbon County, in Kentucky's bluegrass section, was the last to join, after twice rejecting the food stamp idea.

## British Praise Raymond Massey

LONDON (AP) — Raymond Massey, who was Dr. Gillespie in the Dr. Kildare television series in the United States, has won high praise for his first British stage appearance in 32 years.

Massey, 73, opened Wednesday in "I Never Sang for My Father" at the Duke of York's theatre.

Reviewer John Barber of the Daily Telegraph said the actor was "in towering form."

Herbert Kretzmer of the Daily Express wrote that Massey gave "a rich and riveting performance."

## George Bacon Honored On 75th Birthday With Picnic In Park

WESTBROOK (SC) — A surprise party honoring George Bacon on his 75th birthday was given by friends and relatives Sunday at Big Spring State Park. Fifty-two friends and relatives attended from 11 area towns.

Glenn Bacon, three-year-old son of the Carl Bacons, accidentally burned his hands during the birthday celebration in the park and is under treatment.

Reeves Plummer, Sundown, visited his parents, the John Plummers, in Roland Nursing Home at Loraine, Sunday.

Mrs. T. A. Rees, Mrs. Nellie Adams and Faye Dupree, Irving, attended the commencement of Mrs. Rees' granddaughter, Sylvia Dorn, at Coahoma High School.

Mr. and Mrs. J. A. Moody were weekend guests of his son-in-law and daughter, the Jayson Joneses, Lubbock.

The N. L. Fusons, Big Lake, were weekend guests of the A. C. Moodys and the Carl Bacons.

The C. E. Ranness entertained their daughter and family, the Royce Feasters of Littlefield last weekend. Mrs. Feaster and sons are remaining for the week.

The Gerald Rollinses visited his parents, the D. O. Rollinses

## Bible School To Begin Monday

Schedules for this summer's Vacation Bible School have been announced by the following churches:

### METHODIST

Vacatio church school will be held Monday through Friday at North Birdwell Lane United Methodist Church. Children from nursery school through sixth grade are invited to attend from 9-11:30 a.m.

### PRESBYTERIAN

Vacation Bible School at the First Presbyterian Church Seventh and Rannels, will be held from 9-11:30 a.m. Monday through Friday for kindergarten through ninth grade children.

### ST. PAUL

Vacation Bible School at St. Paul Lutheran Church, Ninth and Scurry, will be held from 9-11:30 a.m. Monday through June 12. Children from kindergarten through the ninth grade are welcome.

## Women Learn To Make Lace

Sew and Chatter Club members celebrated the birthday of Mrs. Bill McIlvain during their meeting Wednesday in the home of Mrs. S. R. Nobles, 405 Washington.

Members knitted and learned how to make Maltese lace. Mrs. Nobles served salad plate refreshments from a table covered with white linen and decorated with a bouquet of lilies, gladioli, larkspur and Queen Anne's lace.

The next meeting will be June 10 in the home of Mrs. Tom Rosson, 108 Lincoln.

## Park Picnic Set By Ladies League

Plans for a family night picnic were made Wednesday by the Ladies Home League at the Salvation Army Citadel. The family night will be next Wednesday in Comanche Trail Park. Members discussed the Camp they attended during the weekend in Midlothian. They exchanged ideas for fund-raising projects and crafts with other Home Leagues.

## Nobel Grand Club Plays Canasta

The Past Noble Grand Club of Big Spring Rebekah Lodge 284 met at the home of Mrs. Jewel Fields, 1411 Scurry, Monday. Mrs. A. G. Hall was co-hostess. Members decided to purchase chain regalia for the Rebekah Lodge. The hostesses served refreshments and canasta was played. Mrs. T. A. Melton won the door prize. The next meeting will be June 22.

## Mrs. J. M. Looney Is Opti-Mrs President

Mrs. Jesse Looney was elected president of the Opti-Mrs. Club Tuesday in the home of Mrs. Van Perry, 1603 E. 6th. The proposed slate was presented by a nominating committee headed by Mrs. Bill Tune. Others elected for installation in October were Mrs. Gene Haston, vice president, and Mrs. J. W. Dickens, secretary-treasurer. Mrs. Verlin Knous, outgoing vice president, presided. The club adjourned for the summer.

## Westside Group Studies Missions

The Systematic Church Spirit and Structure for the '70's' was the mission study Tuesday for the Women's Missionary Society, Westside Baptist Church. Mrs. J. W. Trantham, president, was in charge of the study. "Take the Gospel to All the World as Jesus

Commanded." The study included how contemporary missions were accomplishing their work with tithing and church budgets. Members were urged to "help those in need of food, and clothes, and visit those in sorrow and illness and pray with them." Mrs. Leroy Minchew read scriptures, and Mrs. Sallie Sanders gave the closing prayer.

## TOPS' Club Names Monthly Queen

STANTON (SC) — Miss Rosa Lynn Louder was crowned monthly queen by the Stanton Scale Steppers Tuesday evening at the Martin County Library. Mrs. Henry Louder, president, introduced her mother, Mrs. W. M. Thompson of Big Spring, as a guest. It was announced that

a basket of fruit will be provided next week for the member losing the most weight.

## Officers Installed During Breakfast

The Four O'Clock Garden Club met Wednesday morning for breakfast at the Holiday Inn

with Mrs. John Edgar installing officers for the fall season. They are Mrs. Guy Cook, president; Mrs. George McGann, vice president; Mrs. Paul Koshi, secretary-treasurer; and Mrs. Don Campbell, council delegate. After breakfast, the group toured Scenic Mountain. They will not meet again until September.

Dear Abby

DEAR ABBY: Your approval of a "Mamma doll" who could have a "baby doll" horrified me, too.

I have young children and I know how they play, and it's not necessary for them to have such toys. A baby being born is beautiful and sacred, and not something for dirty-minded little boys to snicker at. And don't tell me young boys are not dirty-minded, because they are.

You may say, "If you don't want these toys, don't buy them," but how can you keep your children from seeing them if their playmates have them?

If sex is thrown at children too young they will be tempted to try it out the first chance they get. They will be doing what their toys will do and I think the toy makers owe it to our young folks to keep their toys clean. Even dolls with busts were a little too much for me. ALSO HORRIFIED

DEAR ABBY: I have six grandchildren, and I am much more "horrified" to see them playing with toy tanks, machine guns, and pistols than I would be to see them playing with a doll who can wet her pants and give birth. Wetting the pants and giving birth are natural and normal, and we can't "protect" our young from the essential facts of life and the wonders of mother nature.

After all, many small children know where eggs and kittens and puppies come from, so what's wrong with a Mamma doll? NOT SO HORRIFIED IN HORTON, MASS.

DEAR ABBY: If the toy manufacturers are allowed to make Mamma dolls who have baby dolls, there is no end to what they will be dreaming up next. "Dolls" are getting too realistic for my tastes.

Originally, the "doll" was a baby doll, which the child could "mother" and cuddle and pretend was her own "baby." This was fine and served a healthy purpose. Then along came some smart toy manufacturer who made a pretty, fully developed young lady doll complete with fancy wardrobe right down to girdles and brassieres. They even made a handsome man doll for the

lady doll to play with. DISGUSTED IN BRIDGEPORT

DEAR ABBY: Until now I have agreed with you 100 per cent, but your answer to HORRIFIED who wrote about the Mamma doll who actually gives birth, left me horrified. You gave the impression that this kind of doll was all right because it was "educational." Well, how about making a Mamma doll and a Papa doll who can "mate" — that would be "educational," too?

FULLERTON MOTHER  
What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Calif., 90069. For a personal reply enclose stamped, addressed envelope.

## Texas Hurricane Data Frightening

GALVESTON, Tex. (AP) — While preparing for the 1970 hurricane season, Davis Benton compiled some frightening statistics.

As meteorologist in charge of the Galveston Weather Bureau, Benton will call the warning shots should a hurricane threaten the upper Texas coast from Sabine Pass to Port O'Connor.

Since 1900, the Gulf has been without a hurricane in only two years, in 1927 and 1962. The Texas coast has been affected by at least one hurricane in 40 of the last 70 years.

Since the disastrous 1900 Galveston hurricane, Texas has had 19 other severe storms, including six of a major category with tides ranging from 10 to 20 feet above mean sea level in the Sabine Pass to Port O'Connor segment.

A study of the tide levels led Benton to his alarming figures. Benton charted the inland points reached by 15 foot tides of record. He estimates 400,000 persons now reside below a 15-foot elevation and that summer beach homes and vacation spots bring in another 100,000 during a major portion of the June-to-October hurricane season.

"I believe the one-half million estimate is reasonable," he said.

Benton said a county-by-county breakdown on the estimate of permanent residents presents frightening figures in that high tides and apathy on the part of the public can turn a well tracked hurricane into a needless catastrophe in terms of lives lost.

Benton and other Weather Bureau officials frankly blame apathy for a major portion of the 144 deaths during Hurricane Camille's inland sweep at Gulfport and Biloxi, Miss., last year.

"Many of the lives could have been saved had they followed instructions released ahead of the advancing storm," says Charles Carpenter, Fort Worth southern region warning meteorologist whose area extends from New Mexico to Tennessee.

"Camille brought this point to us forcefully," Carpenter said, adding that results of an "apathy" study conducted by Mississippi State University in the area affected by Camille will be released in July.

Benton said it takes only an eight foot tide to isolate Galveston Island from the main land.

"This illustrates why we have to get our warnings out early," he said.

Benton said 27 pair of telephone lines have been installed in a room adjacent to the Galveston Weather Bureau so that news media can arrange to have quick access to the latest advisories and developments.

"Quick relay of our warnings and instructions is important in that most people think they are two or three feet higher than they really are as to ground level," he said.

Benton gave these county estimates of persons residing below 15 feet of elevation along the upper coast:

## Cure For Cancer, Cashless Society Around Corner?

NEW YORK (AP) — A cure for cancer and drug, to prevent it. Clean air and clean water. Noise-free trains and planes. A cashless and checkless society. All of this could be a reality before the end of the century, according to a McGraw-Hill Publications, Co. survey.

The survey, compiled from data on all phases of modern life from more than 150 industrial firms and research agencies, shows scientific researchers are confident modern technology can make inroads into most of today's complex problems in 15 years and solve them in our lifetime.

Among the other good news researchers foresee in the future are effective methods of solid waste disposal, chemical control of the aging process, biochemical methods for growing new limbs and organs, undersea farming and mining, and a compact total energy plant for the home.

## Pupil In School Hit By Bullet

HOUSTON, Tex. (AP) — A junior high school pupil was slightly wounded when he was struck by a bullet fired through a second-story school window.

Charles Bates, 16, received what was called "a very superficial wound" when he was struck in the back of the head by a .22 caliber bullet.

Police said the bullet had apparently ricocheted off a hard surface before smashing through the window.

The classroom had about 25 pupils in it at the time of the shooting, assistant principal A. C. Haston said.

He said no one heard the shot fired and believed it apparently had traveled a considerable distance before hitting the boy.

## Killed In Action

WASHINGTON (AP) — The Defense Department Tuesday released the names of two Texans killed in Action in Southeast Asia.

They are: Sgt. Larry A. May, son of Mr. and Mrs. Roland P. May, 829 S. Texas St., White Deer and Spec. 4 Arthur P. Adame, son of Mr. and Mrs. Espirio T. Adame, 111 S. San Gabriel St., San Antonio.

## Bridge Test

—CHARLES H. GOREN

BY CHARLES H. GOREN (c 1970; by The Chicago Tribune)

Neither vulnerable. South deals.

**NORTH**  
 ♠ A 6  
 ♥ 10  
 ♦ K Q 9 8 7 5 2  
 ♣ K Q J

**WEST**  
 ♠ K 9 3

 ♦ 6  
 ♣ A 10 5

The bidding:  
 South West North East  
 1♥ Pass 2♦ Pass  
 2♥ Pass 4♦ Pass  
 4♥ Pass Pass Pass

Opening lead: Three of ♠

The defense created two trump tricks in defending against South's four heart contract by locking the latter in dummy at a time when North had only diamonds left to lead. Declarer could have taken effective countermeasures if he had thought ahead and anticipated the dilemma before it was thrust on him.

West opened the three of spades, North played the six and East put up the jack to win the trick. East shifted to a heart in order to remove dummy's trump. South was reluctant to take a finesse for if it lost to the king, West might be expected to drive out the ace of spades — thereby leaving declarer with another loser in that suit.

Declarer put up the ace of hearts and returned a diamond to North's trumps. East was in with the ace and he led back a spade to North's ace. The king of diamonds was cashed on which South discarded his remaining spade. The jack of clubs was overtaken by the ace and declarer began drawing trump by leading the queen of hearts.

West played the king and put his opponent back in dummy with a club. A diamond was led, East followed with the ten and declarer ruffed with the nine of hearts to prevent West from overruffing him. The jack of hearts was cashed, however when trumps failed to divide, South was obliged to concede the setting trick to the eight of hearts.

Declarer could have avoided being pinned in dummy by playing a second round of clubs before he starts the trumps. Suppose he cashes North's king of clubs first and then overtakes the jack with the ace. Now when the queen of hearts is led, he can discard the queen of clubs from dummy. Observe that South's ten becomes the master card in that suit.

West wins the king of spades but must put South back in on the return, whatever he chooses to lead back. Declarer draws the remaining trump and limits his losses to one trick each in spades, hearts and diamonds.

# Rogers Plans To Talk Bases With Spain

MADRID (AP) — Secretary of State William P. Rogers was flying to Madrid today to discuss keeping U.S. bases in Spain open and to report on the NATO meeting that ended Wednesday in Rome.

Rogers was expected to help along the negotiations for a new bases agreement, but he was not expected to reach a formal understanding with Gen. Francisco Franco's government during his overnight stay.

The agreement under which the United States operates a naval base and three air bases in Spain expires Sept. 26, and talks on a new agreement have been going on for some time.

Informed sources said the United States and Spain are thinking in terms of a new five-year agreement under which Spain would receive military, educational and scientific assistance in return for allowing the bases to remain open.

Spain was said to be seeking tanks, F4 Phantom jets, and money for scientific projects and educational expansion. Informants declined to guess at the cost of the package, but unconfirmed estimates have ranged from \$200 million to \$300 million for the five years.

U.S. secretaries of state customarily visit Spain following each semiannual meeting of the North Atlantic Treaty Organization to brief Franco and his government on NATO developments.

Spain is not a member of NATO, and Spanish sources say the government has no interest in joining. But they say Spain would like some kind of mutual security agreement stronger than the one it now has with the United States.

Diplomatic sources in Madrid said the United States considered suggesting Spain for NATO membership during the Rome meeting, but there was such strong Scandinavian opposition it dropped the idea.

The NATO allies announced at the close of their two-day meeting that they may meet with nations of the Soviet bloc in the general conference on European security the Kremlin has proposed if exploratory talks are promising.

The 15 foreign ministers said in a communique that if there is sufficient progress in current preliminary negotiations, especially those going on now about Berlin and Germany, they will be ready to make multilateral contacts.

British Foreign Secretary Michael Stewart pointed out that deputy foreign ministers of the seven Warsaw Pact nations are now in conference in Poland, and the NATO council indicated it would like its communique delivered to them before their meeting ends.

Italian Foreign Minister Aldo Moro was asked to relay the communique, along with an accompanying declaration calling for an East-West program of mutual, balanced reduction of forces in central Europe.

Pravda, the Soviet Communist party newspaper, said the NATO meeting confirmed there are "serious obstacles to a real easing of international tension." It blamed the United States principally.

Pravda said the main obstacles "are contained in the aggressive course of American imperialism, which carries out the war in Indochina, supports the hotbed of tension in the Middle East, and prevents the creation of a system of collective security in the European continent."

## Corn Industry Developer Dies

EL PASO, III. (AP) — Lester Pfister, 72, founder of the Pfister Hybrid Corn Co., El Paso, and a developer of many inventions related to the seed corn industry, died Wednesday in a Bloomington hospital.

A pioneer in the development of hybrid seed corn, Pfister in 1936 created the first automatic corn deassembling machine.

Pfister is survived by his wife and three sons who have managed the corn company since Pfister retired three years ago because of ill health.

8-B Big Spring (Texas) Herald, Thurs., May 28, 1970

## Beal's Branch Drainage Project Now Completed

Word on the completion of the U.S. Army Corps of Engineers preliminary report on the Beal's Branch Drainage Project was received this morning by City Manager Larry Crow. "Walter Thomas with the U.S. Army Corps of Engineers in Fort Worth telephoned to say the Corps of Engineers had completed its report on the project and that copies are being forwarded to the city," Crow said. The massive project is estimated to cost \$2,526,000 with financing by both city and federal funds, and would provide drainage of One Mile Lake in West Big Spring. Plans include measures to increase the flood plain area

along the Texas & Pacific Railway Co. right of way from One Mile Lake to a point just south and east of Eleventh Place. Purpose of the project is to minimize damage to future development within the project area.

City of Big Spring would bear an estimated \$948,000 of the expense with the remaining \$1,578,000 to be supplied through federal funds.

City voters in 1960 empowered officials to raise \$470,000 of total cost by authorizing sale of bonds. That would leave more than half the needed amount, or \$478,000, yet to be raised. "The project was scheduled

to go ahead about 1963, but depended completely on the Corps of Engineers and this report is another step toward carrying out the project," Crow said.

Crow noted that the city commission in March sent the Corps of Engineers a letter of intent indicating the city's willingness to proceed with the project.

Details of the report were not known this morning Crow said. "Mr. Thomas did not give any details of the report. He did say that it looked good, but was sure we in Big Spring would want to study it and would have suggestions of our own," Crow added.

## Confederate Flag Patches Ruled Out

ABERDEEN, Miss. (AP) — Mayor H. A. Miller has ordered an end to the requirement that city police officers wear Confederate flag shoulder patches on their uniforms.

Miller's action Wednesday was a victory for two black policemen who objected, maintaining the patches represented a "badge of slavery."

Patrolmen William Walker and James Lockett earlier filed a suit in federal court seeking a court-ordered end to the practice. That suit is pending.

## Open House Set At Perrin Base

PARIS, Tex. (AP) — The Air Force Thunderbirds, the Army's Golden Knights, and an appearance by the C5 Galaxy, world's largest airplane, will highlight an open house at nearby Perrin Air Force Base Friday.

A number of military displays will be open to view plus other military demonstrations and programs. The day-long program is open to the public.

## Census Executive Pleased With RGV Procedures

WESLACO, Tex. (AP) — The assistant regional director of the Census Bureau in Dallas said Wednesday he is pleased with census procedures used in the South Texas area.

John Reeder met with a group of chamber of commerce managers from four Lower Rio Grande Valley counties after civic leaders criticized early census figures depicting a drop in population in the Valley since 1960.

"I didn't come here to tell you the figures were perfect or that we counted everybody but I am satisfied with the standards used in this area," Reeder said.

He said he would have to produce another 30,000 to 40,000 people in order to satisfy all of the criticism.

Reeder said he had no explanation why an area could show an economic climb while a population decrease but noted that agricultural areas across the nation are generally declining in population.

Reeder was scheduled to meet Thursday with the Lower Rio Grande Valley Council of Governments in McAllen.

## Times Herald Suit Action

DALLAS, Tex. (AP) — A hearing has been scheduled June 23 to hear any objection to the proposed dismissal of a \$1 million suit against 10 Dallas Times Herald executives by a former employee of the newspaper.

Federal Dist. Judge Leo Brewster set the hearing Wednesday in the suit brought by former editor of the editorial and book pages, A.C. Greene.

Greene earlier had agreed with the executives that he would dismiss the class action suit if the merger is consummated between the Times Herald and the Times Mirror Co. of Los Angeles.

The Times Mirror Co. publishes the Los Angeles Times. Judge Brewster apparently does not expect major objections to the suit dismissal, court observers said, because he said he expects the merger will be consummated about June 30.

Greene filed suit March 29, 1968, alleging the value of his stock in The Times Herald had been diminished by about \$1 million as a result of a recapitalization.

He also charged that the recapitalization also deprived him and other stockholders of voting rights in the company to the benefit of the 10 executives.

Greene bought 10,064 shares at \$47.50 each on May 28, 1967, for a total purchase price of \$478,040.

Value of the stock, as projected under terms of the proposed merger last September, increased to \$192 per share, or four times what it was when Greene bought his shares 2½ years earlier.

## Skin Color Implications

AUSTIN, Tex. (AP) — Present techniques that can alter skin color—making dark skin light or light skin dark—hold profound implications for American society, a University of Texas sociologist suggests.

Dr. Richard L. Henshel has made the assertion in recent appearances before dermatologists and sociologists and has prepared a paper on the implications.

Henshel said techniques are well advanced and are being improved.

"The possibility definitely exists," he says, when the substances are mass produced they will "find widespread usage by segments of the black and-or white populations."

He adds, "Such wide acceptance would undoubtedly produce massive alterations in racial attitudes on the part both of the white and the Negro—alterations of such magnitude as to be of fundamental importance to American society."

In view of the current "black is beautiful" slogan, would skin lighteners hold much appeal for Negroes?

Henshel says, "In spite of the sometimes deafening volume of the militants' message," there are many indications that older color viewpoints still hold among a sizable portion of the black population.

His tentative conclusion is that given an improved technology, skin color change would be employed on a large if far from total scale among blacks in the United States.

Just as mass adoption of skin lighteners raises what he calls "aesthetic and ideological issues," Henshel says, so does "reverse passing"—the use of skin darkeners by white persons.

"We have the long standing paradox," he says, "that it is considered aesthetically attractive for a person to be dark (tanned), yet if the color is too dark the person encounters racial prejudice."

Henshel also suggests that some persons might seek to become black for idealistic reasons.

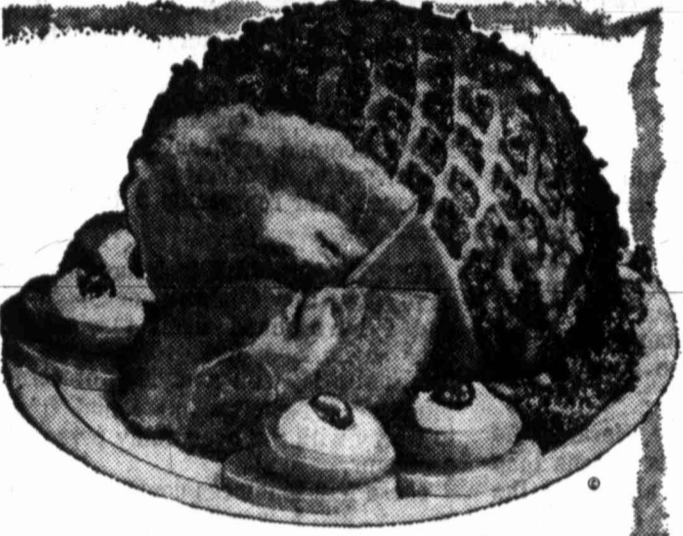

"The desire to throw off parental bonds, the moral admonition to 'do one's own thing,' the enthusiasm to expose hypocrisy, and even the desire for voluntary servitude in the black cause—all could easily be served by reverse passing, says Henshel.

In his paper, the sociologist describes current substances and techniques and points out that darkening agents so far are more effective than lighteners.

Psoralen stimulates the tanning process after exposure to the sun or ultraviolet light. A hormone known as MSH (melanocyte-stimulating hormone) can be injected and begins darkening the skin within 24 hours. Skin returns to its normal color three to five weeks after injections ends.

A skin lightener is monobenzyl ether of hydroquinone, an ointment. Henshel says the chemical "must be applied daily for several months before effect is total, and must be applied continually thereafter to prevent relapse."

## Governor Will Address Parley

Gov. Preston Smith will address public officials and community leaders of 17 counties of the Permian Basin June 4, at the Crane County Exhibition Building. The luncheon will be the feature of a conference on Texas Communities Tomorrow, the governor's program for development of towns with population of 12,000 or less.

The meeting will be conducted by Karl Mawhorter, small towns specialist of the governor's staff. The region to be represented is composed of the counties of Andrews, Borden, Crane, Dawson, Ector, Gaines, Glasscock, Howard, Loving, Martin, Midland, Pecos, Reeves, Terrell, Upton, Ward and Winkler.

## Student Pilot Killed In Crash

BEEVILLE, Tex. (AP) — A 25-year-old student pilot from Chase Field Naval Air Station was killed Wednesday in the crash of his F9 Cougar jet near Catarina, Tex., about 100 miles west of Beeville.

Navy authorities identified the victim as Lt. (J.G.) Fred A. Wieland, a native of New Orleans.

Wieland was on a routine navigational training flight when the accident occurred. The ship went down in a field just south of Catarina about 3 p.m.

Wieland is survived by his parents, Mr. and Mrs. H. L. Wieland of New Orleans.

## A Devotion For Today . . .

Christ sent me . . . to preach the gospel: not with wisdom of words, lest the cross of Christ should be made of none effect. (I Corinthians 1:17)

**PRAYER:** Lord, we thank Thee that if we seek Thee Thou art always there for us, understanding and able to fill every need. May our lives express Thy praise! Amen. (From the 'Upper Room')

## Into The Cold, Cruel World

Some three hundred and three score Big Spring High School seniors will this evening receive diplomas, denoting the satisfactory completion of the courses of study required for graduation. This is the end product in which citizens of this district annually invest five million dollars in public funds.

And like any other investment, it takes a time to determine if it is a profitable one. We can say, however, that it was a wise one, for it would be more than folly not to make every effort to equip our human feedstock with a mounting store of knowledge.

Since time immemorial, speakers have reminded students that they are going out into a harsh, demanding world. Each generation manages to remind its successors that things are worse than they have ever been, which, if taken at face rather than rhetorical value, indicts the whole history of human knowledge and renders hopeless the ultimate future.

We cannot share this dismal view. Certainly we are beset by our problems, and they are monumental in scope and seething with danger. Yet this is a product of communications and of knowledge which has made people—young and old—more

aware of what is happening, what could happen and what should happen. The deadened silence of ignorance is being replaced by the questioning ferment of participation.

This creates its own crises, but it also generates a great ocean of opportunity.

Thus, as our graduates, and those of countless thousands of other schools, colleges and universities, step into the world, we pray that they go with confidence and faith. They have been equipped with the basic tools of learning and how to get at problems, whether they be in pursuing vocations or in training for professions and other humanitarian service.

What they have learned will help, but what they have or have not absorbed in moral and ethical values will determine the outcome. Despite the conformity to deviation in fashions and behavior, we have an abiding faith in the capacity of these young people to search and prove, holding to the good and reaching out for the better.

There is a popular lyric which says it best: "Hold your head up high, and don't be afraid of the storm."

## The Safe Title

Rep. Jonathan Bingham, New York Democrat, is an unusual congressman. In the midst of Vietnam plus Cambodia, student demonstrations and deaths, and the parlous state of the economy, he has time to think about women who do not wish to be identified as Miss or Mrs.

Bingham gave vent to this curious preoccupation in a recent issue of the Congressional Record. He said that his wife and his daughter-in-law had told him that men are called Mr. whether they are married or not, while sales clerks and others want to know if they are Miss or Mrs., and they resent it.

"I believe that a profound question involving the status of women is involved here," Bingham said. He thereupon suggested that the abbreviation "Ms. (pronounced 'miz') be used to identify women, married or not.

But before the tempest gets out of hand, it would be best to lower our voices, following the advice, if not the example, of a prominent American. Long ago we learned that if there is any doubt about the marital status of a woman, the best defense is to call her Miss. Those who are Mrs. may correct you, or they may be flattered and remain silent. But no woman takes offense at Miss.

## David Lawrence Real Problem Is In Paris Talks

WASHINGTON — Between now and June 30, the administration will make every effort to withdraw American troops from Cambodia. Meanwhile, senators on Capitol Hill who favor present policy will strive to postpone a vote on the amendment which seeks to deny funds for the use of our military forces in any operations in Cambodia.

The probability is that the proposed amendment to an appropriation bill will reach a vote only after our troops have been withdrawn. By that time, the language of the resolution will not have much meaning with respect to operations presently taking place. Rather it will be considered as an effort to prevent repetition of such expeditions by this country.

SO FAR AS the administration is concerned, it will continue the project which was begun on April 30 to wipe out Communist sanctuaries in Cambodia. Representative Gerald Ford, Republican leader in the House,

made public a few days ago a list of enemy war material captured in the sanctuaries in the first two weeks of the operation. He declared that, had the weapons not been seized by U.S. and South Vietnamese forces, they would have been used against American troops in Vietnam. He pointed out that the rice captured would have fed a Communist army of more than 100,000 for a month.

**THE SANCTUARIES** were a supply center on the very flank of the American and South Vietnamese forces, and the Communists needed these bases in order to keep up their attacks and to mount large offensives. Mr. Nixon was impressed with the argument that, as the American forces were being reduced in South Vietnam, it would be necessary to make sure that the remaining servicemen would be protected from such assaults. He concluded that the best way to insure this would be to destroy the sanctuaries and let the South Vietnamese supply the troops to deal with the enemy in the future.

**AS FOR THOSE** members of the Senate who are concentrating on the amendment to bar further operations in Cambodia, they are mostly concerned with those segments of an uninformed public who are thinking only in terms of "peace at any price." Meanwhile, the real problem is being overlooked—how to persuade the North Vietnamese and Viet Cong to negotiate meaningfully at the peace table.

**JUDGING BY** the militant attitude being shown by the Communists and the encouragement they have been given by recent events in the United States—particularly the anti-war protests and rallies—it is reasonable to assume that there will be no progress in the peace talks in Paris. At a time when there should be emphasis placed on ending the entire war, the debate inside the United States has focused so much attention on the Cambodian incident that it has shifted thought away from the basic issue—how to get a peace agreement with the North Vietnamese.

**MR. NIXON** is anxious to find ways of negotiating an end to the Vietnam war. He knows that a mere withdrawal of a substantial number of American troops will not alone bring peace. South Vietnam will have military and financial and economic support from the United States, and the hope is that it will be able to defend itself against the North Vietnamese. But unless the Soviet Union and Red China are made to understand that they have a responsibility to help bring about a peaceful settlement in Vietnam, the conflict will go on long after American troops have been reduced to a relatively small number.

### Tell Me More In Double Talk

NEW YORK (AP) — Heard any good new double talk lately?

Double talk, you remember, is saying one thing while thinking another. It is a device for saving your public face while remaining privately honest with yourself.

For the benefit of the uninitiated, here are some typical examples of modern day double talk:

"Frankly, I like the dress, but somehow it doesn't bring out the real me." — I saw the price tag.

"I really enjoy living alone, Melvin, but now and then I get swept by a feeling of unutterable loneliness. Don't you sometimes feel that way, too?" — What did I do wrong as a little girl so that now, at 28, I have to try to get a jerk like Melvin to propose to me?

"Naturally, every man has a right to express his own opinion." — So why don't you write yours on a piece of paper, put it in a bottle, and float it out to sea?

"The reason I asked you to babysit for us, Melinda, is that everybody in the neighborhood brags about what a trustworthy and responsible girl you are for your age." — Please don't teach our child to smoke pot while we're gone—she's only three.

"Well, I guess I will just one more if you promise to make it a real teeny-weensy one." — But you don't have to pour it from an eyedropper, like you did the other two.

"I can't wait for the beach season to start, Gloria, so I can see how you'll look in that new bikini." — But maybe we could tie it on a broomstick right now and get a good idea.

"Yeah, since I started taking exercises regularly, I can now touch my toes 50 times without —" — Not getting out of bed.

"Now, Jim, why did you have to go and do that? You know I insisted we were going to go Dutch!" — Boy, that was close. The big bum almost let me pay for my own meal.

"I'm happy to tell you, Mr. Brownbaum, that your first series of X-rays were completely

negative." My technician goofed. Now we'll take some more and find out what's actually wrong with you.

"Normally, of course, I wouldn't be caught dead going to a dirty movie, but according to the critics this one has some redeeming features." — It's real dirty.

"That sounds like pure malicious gossip about Sylvia. How can you believe a word of it?" — I always knew she was a tramp. Tell me more.

"Your word alone is always good enough for me, Frank." — But let's put it in writing and have it notarized, shall we, old pal?

## John Cunniff

### Tobacco Advertising

By JOHN HENRY (Substituting for John Cunniff)

NEW YORK (AP) — Advertising agency executives appear unperturbed over the prospect of losing millions of dollars in billings because of a new law banning cigarette commercials.

"It's not the black cloud it would appear to be," said one agency executive of the ban on cigarette advertising on television which takes effect Jan. 2.

Tobacco companies in 1969 spent some \$70 million advertising cigarettes in television, radio, magazines and newspapers. Of that sum, \$214 million, or 79 per cent, went for television and radio.

What makes a big cutback almost inevitable is that the cigarette industry is reluctant to pump a lot more funds into newspapers and magazines.

William Kloefer, a vice president of the Tobacco Institute, says the tobacco companies are fearful that if they flood periodicals with ads, the Federal Trade Commission might compel it on a broomstick right now and get a good idea.

And tobacco companies don't want to be in the position of spending money to disparage their own products, he said.

Agencies say they're not sure exactly how much in billings they'll lose. Clients generally don't reveal their advertising budgets for the next year until the preceding September.

But agency estimates in the drop in billings per brand will

## Around The Rim

### Exit-With Thanks

It was a nervous experience. I had driven to Big Spring from Sweetwater for an interview with high hopes of landing a job on The Herald, despite having no experience, no training, and I couldn't type. I talked with Mr. Pickle and Mr. Whipkey, and although they asked a lot of questions, they never did ask about the typing. They finally decided to give me a 60 day trial, and I entered a fascinating business.

**WITH SO MEAGRE** a background for it, I needed a lot of help through the years, down to this day. I could not begin to list all who have helped me over a tight spot, or forgiven some error. There are three, however, whom I would be remiss in not remembering.

That first desk assignment was next to Tommy Hart. For a young guy starting out, there could be no better place to sit. In the first place, the great and near-great of the sports world were constantly parading past; in the second, he always had time to explain some difficult name spelling or a trick of the craft; and finally, he offered corrections with a sense of humor.

**IN THOSE YEARS** and for many years since, it was my fortune to accompany him to many sports events. They have never ceased to be an invigorating experience, due to his insight into the games, the many people who cluster around his chair, and his constant sense of fair play to all concerned.

There is none at The Herald who has more to do and gets it done than Mr. Pickle. Yet, he is always in the best of humor, always has time to explain the subtlest detail of most any field to a beginner, and always finds time to fill in on any task. I guess there has not been a day on

The Herald since the first one, that I have not carried some problem to him for an answer, and got it.

**IN HIS SHADOW**, I have picked up a 1001 tips on the craft, many lectures on being fair and accurate, and hours and hours of background information on community topics. For a fellow who needed all the help he could get, I did.

Whenever I erred, even on some small, insignificant point, I could always be sure at least one person would find it — Mr. W. Sometimes it seemed these were in bunches like grapes, but I also still have a collection of memos and notes that tell his other side of watching my learning years.

**IN ANY GATHERING** of newsmen, there is usually a discussion of "sacred cows," but so far as I know, there are none at The Herald — an indication of the character of the newspaper, and its publisher. I have never been told to favor this or that person in a news story, never been told to leave something out. Indeed, reporting all of the news, fairly to all concerned, has been the most often heard demand from his office. For a newsmen, it is a refreshing experience, and represents a truly free press.

**HE PERSONALLY** took me to some of my first City Commission meetings and I have found them fascinating ever since. And even when busy, as he usually is, with a myriad of community projects, he has found time to worry with me over my personal problems.

These few sentences could not begin to say all I would like about the three. They can be only a postscript by a newsmen who needed, and got, a lot of help.

—V. GLENN COOTES

## Andrew Tully Politics And The Douglas Case

WASHINGTON — Since the rules of politics are somewhat less polite than those governing a tennis match, it is not surprising to discover evidence of slyness in the House's inquiry into possible impeachment of Supreme Court Justice William O. Douglas.

Rep. Emanuel Celler, D-N.Y., chairman of a special Judiciary subcommittee conducting the inquiry, said of President Nixon's offer of complete access to government records, "We asked him for it, and he's complied."

**WHAT HAPPENED** was that Republican members of the subcommittee insisted that Manny Celler request access to White House records pertaining to Douglas and to companies and individuals with whom the justice did business. They probably would have done so anyway, and quite properly, but the White House did not wait upon their seizing of the initiative.

In point of fact, a White House aide let it be known to a Republican member that "We've got some stuff over here you might want to look at." Word also was dropped to Douglas' chief accuser, House GOP leader Gerald Ford of Michigan, just in case the Republican minority on the subcommittee was a touch slow on the uptake.

**THIS WAS** perfectly proper, too. In any such case, the White House shares the responsibility for seeing to it that every document pertinent to the inquiry be made available to the investigators. But it is also politics.

Among the documents the subcommittee will peruse are the tax returns of the Parvin Foundation and the Parvin-Dohmann Co., with which institutions Douglas has had more than a passing acquaintance. Among Ford's formal charges against

Douglas is that the justice lacked judicial sensitivity by serving for nine years as president of the foundation at an annual salary of \$12,000.

**THIS IS NOT** to accuse the foundation of any naughtiness. But Ford has a point when he questions whether a Supreme Court justice should take a job with an outfit much of whose revenue is derived from a company which held interests in assorted Las Vegas gambling halls. Douglas also refused to disqualify himself from cases involving magazines and publishers from whom he had received pay for articles, a circumstance that poses the question of unethical conflict of interest.

**DEMOCRATS WHO** find the White House' eagerness in the matter unattractive deserve little sympathy. It was members of their party, after all, who set up new standards for Court members in judging the qualifications of the Clement Haynsworth and G. Harrold Carswell nominations submitted by Nixon. In prosecuting Douglas, the Republicans are merely — and gleefully — demanding that Douglas be judged by the new standards.

**IT IS, INDEED**, politics. There is nothing "normal," as White House Press Secretary Ronald Ziegler maintained, in Nixon's cooperation with the subcommittee. "Normally," Presidents guard their papers with their lives.

But judged by the standards applied in the past to Supreme Court nominees, there was nothing "normal" in the Democrats' campaign against Haynsworth and Carswell. Their instant virtue is coming back to haunt them in the Douglas case — and in an election year when they will be forced to stand up and be counted.

## Art Buchwald Raw Meat On The Table

WASHINGTON — Probably the most misunderstood person in the Nixon Administration is Vice President Spiro T. Agnew. Everyone believes that just because he attacks the press and TV media twice a week, Agnew is hostile to the communications people. But this is not the case. I have it from a reliable source that Agnew finds no pleasure in his work, and is constantly hoping that the President will give him something important to do.

**MY SOURCE**, who claimed to be so close to the Vice President that he had once been hit in the head by a volley ball Agnew was trying to serve, told me "The Vice President is as upset as anybody about having to take after the Eastern Establishment press in every speech."

"Then why does he do it?" I asked. "They make him do it."

"Who does?"

"**THE REPUBLICAN** fund raisers. It's money in the bank."

"I don't understand."

"Well, take his speech in Houston last week. It was a \$500-a-plate dinner. When a guy shells out that kind of money he doesn't want to hear the same old stuff about how well the President is doing with the war and the economy. The contributor knows that already. He wants some raw meat on that \$500-plate."

"You mean Mr. Agnew is supposed to supply the raw meat?"

"**EXACTLY**. He has to get the juices flowing or those people will just keep their hands in their pockets. Let us suppose you were a Texan and you had just paid \$1,000 for your

wife and yourself. What could possibly make a dinner of that kind worthwhile?"

"An attack on the New York Times, the Washington Post and the three television networks!"

"Of course, and if you throw in the students and the professors for dessert, you've given those Texans a helluva meal."

"You can say that again," I said.

"**IT'S NO ACCIDENT** the Vice President always uses a Republican fund-raising dinner to take off on the communications media," he said.

"Why doesn't he attack the Democrats? Surely the Republicans would enjoy that?"

"Not half as much as they enjoy him knocking the media. The people in the White House who write his speeches know what raw meat works and what raw meat doesn't work at a fund raiser. One chunk out of CBS' hide is worth 10 bites out of Sen. Fulbright's."

"**THEN YOU MEAN** all the Vice President is doing when he attacks the press is raising money for the Republicans?"

"Of course. Mr. Agnew loves the press. Some of his best friends are newspaper men. He reads the Washington Post and New York Times religiously every morning. You don't think he'd read those papers if he didn't like them, do you? Surely he wouldn't watch the news on television if he thought it was slanted."

GEE, CAN I IS MADE

BUZZ SAWYER

PETER MARSH REPORTS THAT YOU ACCEPTED HELP FROM HIM ON YOUR FINAL PHYSICS EXAMINATION, MR. BLOCK. WHAT HAVE YOU TO SAY?

THAT PETE'S A SKUNK!

I REGRET DOING THIS TO THE GRANDSON OF CHIPLY BLOCK, BUT YOU AUTOMATICALLY RECEIVE AN "F" ON THE COURSE, CHIP, AND WILL BE ON ACADEMIC PROBATION FOR THE FALL TERM.

YES, SIR.

WHAT'S THE IDEA OF TURNING ME IN, PETE?

SORRY, CHIP, BUT IF YOU HAD TO WORK YOUR WAY THROUGH COLLEGE, YOU'D PICK UP MONEY ANY WAY YOU COULD.

OFFICE OF THE DEAN, ATOMIC TECH.

GASOLINE ALLEY

Uncle Squint! How did you know it was me? It's been 20 years!

Never forget a face! Besides, you left your wallet in the jeep!

This is Stubbs! He and I were with the seabees in Vietnam!

Real pleased!

Who is this bird, Chip?

Old friend of Grandpop's! Nice guy, but the world's greatest liar!

DICK MOORE

NANCY

NANCY, YOUR LUNCH IS ON THE TABLE --- NICE FRESH OYSTERS

I HOPE YOU LIKE OYSTERS

OH, I LOVE THE TASTE OF THEM

BUT I CAN'T STAND LOOKING AT THEM

CHOMP CHOMP

MAY 28

LI'L ABNER

I COMMEND YOU FOR TRYING TO HELP, GENTLEMEN---

---BUT YOU WOULDN'T WANT TO SMUDGE ANY FINGER-PRINTS THAT COULD LEAD TO HIS KILLERS, WOULD YOU?

HEVVIN' FORBID!!

WE GOT RUFFLES, BENNY---BUT WE DIDN'T GET THE EVIDENCE!! IT'S SEWED INTO THE LININ' OF HIS COAT!!

OUR LIVES DEPEND ON GETTIN' THAT COAT!!

5-28

BLONDIE

HERE'S YOUR LIVERBURGER

HEY, WAIT! AREN'T YOU GOING TO WIPE OFF THE COUNTER?

WHAT FOR?

YOU'LL ONLY GET IT DIRTY AGAIN!

5-28

RICK O'SHAY

WHAT DO YOU RECKON WE OUGHTER DO ABOUT THIS GOLD, RICK? IT DON'T REALLY BELONG 'T ANYBODY...

I KNOW WHAT YOU'RE GETTIN' AT, HIF... AN' FORGET IT!

...THAT GOLD BELONGS 'T THE GOVERNMENT AN' THAT'S WHERE IT'S GOIN'.

YEAH... THAT'S WHAT AH FIGGERED YOU'D SAY, ALL RIGHT...

I DO HATE 'T DISAGREE, BUT I'M AFRAID I HAVE TO...

...YOU SEE, WE'RE TAKIN' THAT GOLD!

STAN LYDDE

SNUFFY SMITH

WATCH TATER, JUGHAID!! DON'T TAKE VORE EYES OFF HIM!

5-28

DENNIS THE MENACE

"GEE, CAN I HELP IT IF THE WHOLE WORLD IS MADE OF THIS STUFF?"

5-28

KERRY DRAKE

FIND YOUR GLOVES, TORY?

GLOVES? OH! SURE!

BUT THERE'S SOMETHING ELSE, MR. DRAKE!

I'M SORRY I WAS SO GRABBY WITH YOU! MAYBE MY NOSE WAS OUT OF JOINT BECAUSE OF THE WAY YOU PICKED ME UP!

ACTUALLY I DO THINK DOOLEY IS A NICE BOY... AND YOU CAN TELL HIM... IF HE WANTS A DATE HE CAN HAVE IT!

WOMEN! ANY GUY WHO THINKS HE CAN FIGURE THEM IS A YO-YO!

BEEBLE BAILEY

BLAST THAT BEETLE!

HOW CAN YOU BLAME BEETLE FOR THE DOORKNOB COMING OFF?!

BECAUSE I WAS JUST THINKING ABOUT HIM, AND HE MADE ME SO MAD THAT I PULLED TOO HARD, THAT'S HOW I CAN BLAME HIM!!

BOY, YOU'RE ONE IN A MILLION!

MARY WORTH

WIDE-EYED AND INCREDULOUS, MARY APPROACHES THE FROWNING PORTAL OF A MEDIEVAL CASTLE, SET AMONG NEW ENGLAND HILLS!

SO THIS IS "CONNIE'S KEEP"? ---I RECALL NOW THAT ON HER CHRISTMAS CARD, SHE MENTIONED HER "DARLING HOME"!

MRS. WORTH? DO COME IN! MRS. HANSEN AND THE ADMIRAL ARE EXPECTING YOU!

GIVE ME THY TORCH, BOY! SILENCE, AND STAND ALOOF!

5-28

REX MORGAN

THANKS FOR STOPPING BY, JUNIE! HOW IS REX?

STILL UNCONSCIOUS! THE DOCTORS CAN'T TELL US ANYTHING DEFINITIVE AT THIS TIME!

AT BEST, IT WILL PROBABLY BE SEVERAL WEEKS BEFORE REX WILL BE ABLE TO RETURN TO WORK? I'M TRYING TO PLAN A WAY TO KEEP HIS OFFICE OPEN AND HIS PATIENTS SEEN!

MELISSA, WOULD YOU HAVE ANY IDEA HOW WE CAN GET IN TOUCH WITH KEITH CAVELL?

I HAD A CARD FROM HIM --- A COUPLE OF MONTHS AGO --- FROM SOME FOREIGN COUNTRY! I DON'T RECALL WHETHER HE WAS WITH MEDCO OR THE SHIP HOPE!

BRADLEY SPANGEN 5-28

TERRY

...ADDING ME TO THE PACKAGE WAS U TU'S OWN BRIGHT IDEA.

TERRY TELLS LHASA OF THE HIJACKERS' ORIGINAL SCHEME TO DELIVER COLONEL KANSKY TO THE RED CHINESE.

SO, OUTSIZE FEMALE! YOU SEEM TO BE A SOLDIER OF SORTS. YOU REALIZE THAT THIS INSULT TO MY UNIFORM CANNOT BE TOLERATED?

SILENCE, RUSSIAN! MY CONCERN WAS FOR MY FRIEND, TERRY LEE. YOUR PROBLEMS DO NOT TROUBLE ME GREATLY.

HEY! BIG BIRD! GROOVY! I DO NOT UNDERSTAND YOUR OPP TALK, UNTIL YOU YOUTH, BUT YOUR ENTHUSIASM IS UNWARRANTED!

SMITTY

THAT NEW SERVO IS THE DUMBEST EVER!

YEAH, SHE WINS THE BRASS RING!

OH---I SMASHED MY CHAIR INTO THE WASTE-BASKET---IT'S RUINED!

MY---MY---IT'S ONLY MADE OF PAPER ITSELF! I CAN'T USE IT AGAIN, SO I'LL GET RID OF IT!

OH, DEAR---HOW I WISH I HAD A WASTE BASKET TO THROW 'N LITTER IN!

5-28

MOON MULLINS

MY!

IT IS COMFY...

LADY PLUSHBOTTOM!

YOU'RE GETTING ENTIRELY TOO AMBITIOUS!!

WHY, MR. HARTBURN---ONLY THIS MORNING YOU TOLD ME TO SHOW SOME.

## Organization To Fight Little Known Disease

Huntington's Disease remained little understood until national interest was aroused in 1967 when well-known folk singer Woody Guthrie was hospitalized with it.

Since that time a national committee was organized to raise funds for research, assistance to those afflicted with the disease, and provide education for the public and members of the medical profession.

Huntington's Disease has been generally described as a nervous system disorder usually around the age of 30 or 35 and has been classed as hereditary. It is known that about 500 families are affected nationally and the committee is seeking to locate others.

Local interest in the disease was spurred recently when two Big Spring families were directly affected by the disease.

The Southwest Texas Chapter of the Committee to Combat Huntington's Disease was organized last week.

The Big Spring group is seeking manpower to conduct a fund drive for national research and making plans to provide educational programs for the public and family counseling for

families of those afflicted with the disease.

Immediate plans include a benefit tentatively set for September. The group will seek to get in touch with other families in the area, who are affected by Huntington's and provide information and counseling.

The local group has also sent for special packets that are prepared by the national committee to be distributed to physicians in the immediate area.

Officers are Mrs. Doris Perkins, president; Star Warford, first vice president; Dr. T. A. Hufford, second vice president; Mrs. Willeen Hays, Odessa, secretary; and Mrs. Edna Perkins, treasurer.

Committee chairmen are Dr. Alan Hays, medical liaison; Mrs. Jack Hufford, Odessa, membership; Jack Hufford, Odessa, membership; and Walter Widger, chief social worker. Big Spring State Hospital, family counseling.

"We are in the organizational stages, but are now accepting contributions to be forwarded to the national committee for research," Mrs. Perkins said.

Mrs. Hufford said the officers and may be contacted for information concerning the disease and that speakers are available to speak to civic clubs.

Memberships from the general public are being accepted in the following categories, contributing member, \$5 per year; sustaining member, \$50 or more per year; and life member, \$500 or more.

Checks are payable to the Southwest Texas Chapter of the Committee to Combat Huntington's Disease and are tax deductible.

## Fire Destroys Henrietta Firm

**HENRIETTA, Tex. (AP)**—A major fire destroyed most of the John Newby Ford Co. facilities here early Wednesday.

The blaze broke out around 1:30 a.m., engulfing the entire showroom, the service department and the general offices.

Fire officials said preliminary estimates of damage would be between \$200,000 and \$300,000.

## Letters In Hindi

**NEW DELHI (AP)**—Prime Minister Indira Gandhi's office received 50,881 letters written in Hindi during 1969, according to an official report. Of these 34,000 replies were sent out in Hindi. Her office also sent out 80,000 letters in English.
