NATION'S STRENGTH USED TO PREVENT THIRD WORLD WAR, SAYS TOWER

Dual Demonstrations Mark Memorial Day Observance

By The Associated Press
Flags flying and banners held high, about 150 persons marched through Stamford, Conn., Saturday in a Memorial Day parade sponsored by the city's Patriotic and Special Events Commission.

The scene reflected the divided opinion on the Indochina war in many cities where traditional Memorial Day ceremonies and antiwar rallies were staged only a few blocks and a few hours apart.

Sen. John G. Tower, R-Tex., filling in for Nixon, placed a wreath at the Tomb of the Unknown Soldier in Arlington National Cemetery.

Led by a 93-year-old Spanish-American War veteran, Warren A. Schenck, marchers paraded during the morning along Riverside Drive, overlooking the Hudson River, in a parade sponsored by veterans' groups.

Absentee Voters Cast 181 Ballots

Even a semi-holiday such as Friday was not a deterrent to Howard County voters expecting to be out of town for the June 6 second Democratic primary.

At 5 p.m. Friday 181 had voted absentee and 13 absentee ballots had been mailed out. Deadline for absentee voting in the county clerk's office is 5 p.m. Tuesday, however, mailed ballots will be received up to the day of the election.

Persons who want ballots mailed to them must mail their voter registrations to the clerk's office with a request for a ballot. Both the request and the ballot must bear out-of-county postmarks.

Nixon Summons War Advisers

SAN CLEMENTE, Calif. (AP) — President Nixon has summoned his top military advisers, including Gen. Creighton Abrams, U.S. military commander in Vietnam, for a Sunday afternoon discussion of the Cambodian operation and the Vietnamization program.

The Western White House said, however, that no dramatic announcements are expected to come out of this meeting and that there will be no changes of time tables, or schedules or troop withdrawals resulting from it.

Reviewing the . . . Big Spring Week . . . with Joe Pickle

Preliminary population figures came in last week — and as feared by many, they weren't up to the 1960 level. The first report was for 28,165 inside the corporate limits, a decline of 9.5 per cent from 10 years ago. The county total was down to 37,136, or 7.5 off the previous census, indicating that the loss was from town — which in turn meant some migration to the suburban areas. Many weren't satisfied that the figures were complete, but then who could seriously challenge them? Paul Meek, Chamber of Commerce president, expressed disappointment but replaced it with confidence that the 1970's will see a different story.

If this may have been a trifle damaging to civic pride, the old community morale got a boost with the announcement that Intech, the new polystyrene moulding plant which broke ground last week, is going to double its production potential before it even starts. It will probably have two instead of one production line, probably meaning 30 or more employees instead of the 30 originally set. Incidentally, Fiber Glass Systems new addition is just about ready to go on production, vastly stepping up its output of pipe.

There is an encouraging sign in the number of absentee votes cast for the June 6 Democratic runoff primary. Through Friday there were 181, and there are two days to go this week. If you plan to participate in the primary, and think there (See THE WEEK, Page 5-A, Col. 1)

Partly cloudy and continued warm today through Monday. Slight chance of late afternoon showers. Winds out of the south, 5 to 15 miles per hour, gusting in the evening. High today near 90, low tonight in the 60s, high Monday in the upper 80s. Precipitation possibility, 20 per cent through Monday.

Six Die, 30 Hurt In Crash

ATLANTA, Ga. (AP) — A crippled chartered airliner, carrying prospective real estate buyers to Florida, crashed into a car on a busy highway Saturday while trying to make an emergency landing in rain and fog. Six were killed, including five persons in the car, and more than 30 were injured.

Most of the passengers aboard the twin-engine plane, were from the Atlanta area. They were bound for a weekend in Florida, sponsored by the Lehigh Acres Development Inc. There were 34 persons aboard the plane.

The propeller-driven plane, a Martin 404, had taken off moments before from the Peachtree-Dekalb Airport, several miles across town, headed for Fort Myers, Fla.

It lost power in an engine as it left the airport in rain and a low ceiling and its pilot was directed to come into the big Atlanta Airport.

But the pilot, James Cannin, flying low for miles, apparently attempted a pancake landing on the highway that sweeps around the city.

The plane, grazed one car and then flattened another on Interstate 285, killing four members of one family and another person on their way home from a grocery shopping trip.

It then careened down the highway, spun in a half circle and skidded backward, smashing into a concrete overpass above the highway, and shearing off the left wing and tail section.

Charles Pittman, his brother Eddie and their wives were sitting near the back of the plane but they were moved up front to balance the load.

They later decided the shift might have saved their lives. Just 15 minutes after take off, the rear seats where they had been sitting were scattered along an embankment of the interstate and people were screaming, "Oh God! Oh God!"

Mrs. Charles Pittman said the flight seemed normal, "except the weather the plane was moving up and down, giving you a sick feeling in the stomach."

"Then we were coming down," she said. There were no instructions, no warning that we were going in. The 'no smoking' sign was still off and we were still smoking."

She said she looked out and saw treetops and cars on the highway. "I hollered up to my husband, 'Charles, get your head down' and the next thing I knew we were all scrambled up like eggs."

The five dead in the car were identified by police as Mr. and Mrs. Jim Barron and their two sons, Steve and Burt, and Danny Rosher, 7, reportedly a neighbor. Ages for members of the Barron family were not immediately available.

The only passenger of the plane to die was Mrs. Delma Mathes of Wilson, N.C. Her husband, N. R. Mathes, was among the injured.

seminary and in buildings of Dalat University—against the militiamen who had borne the brunt of the initial attack and newly arrived government forces.

The surprise attack on the city of 80,000 persons 160 miles northeast of Saigon coincided with reports of stepped up fighting in scattered areas of Cambodia.

The South Vietnamese commander for much of that region, Lt. Gen. Do Cao Tri, told newsmen, "There has been a strong resurgence of enemy activity along the Vietnamese-Cambodian border."

Field reports said much of Saturday's action in Cambodia occurred just to the north and south of the provincial capital of Prey Veng, 30 miles southeast of the Cambodian capital of Phnom Penh. Information from Phnom Penh said, Cambodian troops backed by more than 1,000 South Vietnamese marines were in firm control of Prey Veng itself after two days of strong attacks by North Vietnamese and Viet Cong forces.

Allied military men have said the pressure on Prey Veng apparently was part of an enemy effort to secure a new supply route outside the sanctuary areas hit by South Vietnamese and U.S. forces. Prey Veng is one of the last major strongholds the Cambodian government still holds east of the Mekong River.

The U.S. and South Vietnamese commands reported late Saturday that 9,852 enemy operations since they began in late April. Sources have said the total includes a number attributed to air strikes and artillery bombardments, with the figures estimated by air spotters.

South Vietnamese government casualties for the Cambodian campaign were given Saturday as 538 killed and 2,279 wounded and American tolls were put at 228 killed and 871 wounded.

U.S. and South Vietnamese units reported they were turning up stockpiles of war goods and foodstuffs in their moves through the onetime enemy sanctuaries, and tactical aircraft and B52 bombers continued pounding suspected enemy positions there.

WREATH HONORS WAR DEAD—The presentation of wreaths in memory of men killed in the nation's wars was a feature of the local Memorial Day ceremonies held Saturday morning at the VA Hospital. (Other photos of ceremony on Page 5-A).

Memorial Day Program Stresses Citizenship

More than 200 Big Spring residents gathered at the Veterans Administration Hospital on a gray and threatening Saturday morning to pay tribute to the nation's war dead in Memorial Day ceremonies sponsored by the hospital and American Legion Post 355.

A group of civilian and military officials and other citizens stood at the hospital's main entrance while the ceremonies were begun with the presentation of the colors by an honor guard of Webb AFB Security Police.

Maj. Glenn E. Jones, instructor pilot at Webb AFB and a veteran of two combat tours in Vietnam, emphasized in a brief address the modern parents' responsibility to instill the values of good citizenship in their children.

AMERICAN VALUES
The Silver Star winner drew on his own experience in combat to stress the need for the nation's young people to be taught traditional American values and an appreciation for their country. He spoke of a deep sense of personal loss when, while serving with ground forces in Vietnam, he and his comrades were forced to lower the American flag and withdraw from a much fought-over base camp.

A witness to the most recent anti-American riots in Japan, Jones linked the street tactics of Japanese militants to a world-wide Communist conspiracy. He cited figures that show that immediately after World War II only one person in 17 was under a Communist regime. Now, he said, a full third of the world's population is residing in Communist-dominated countries.

REAL THREAT
He said the threat of communism is "very real" and urged parents to teach their children to deal with it in the American way.

Remarks from Mayor Arnold Marshall drew attention to the solemnity of the occasion and emphasized the purpose for the Memorial Day service.

Jack Powell, director of the VA Hospital, said that it was a great honor for his hospital to be the site of such a ceremony and expressed appreciation for that honor.

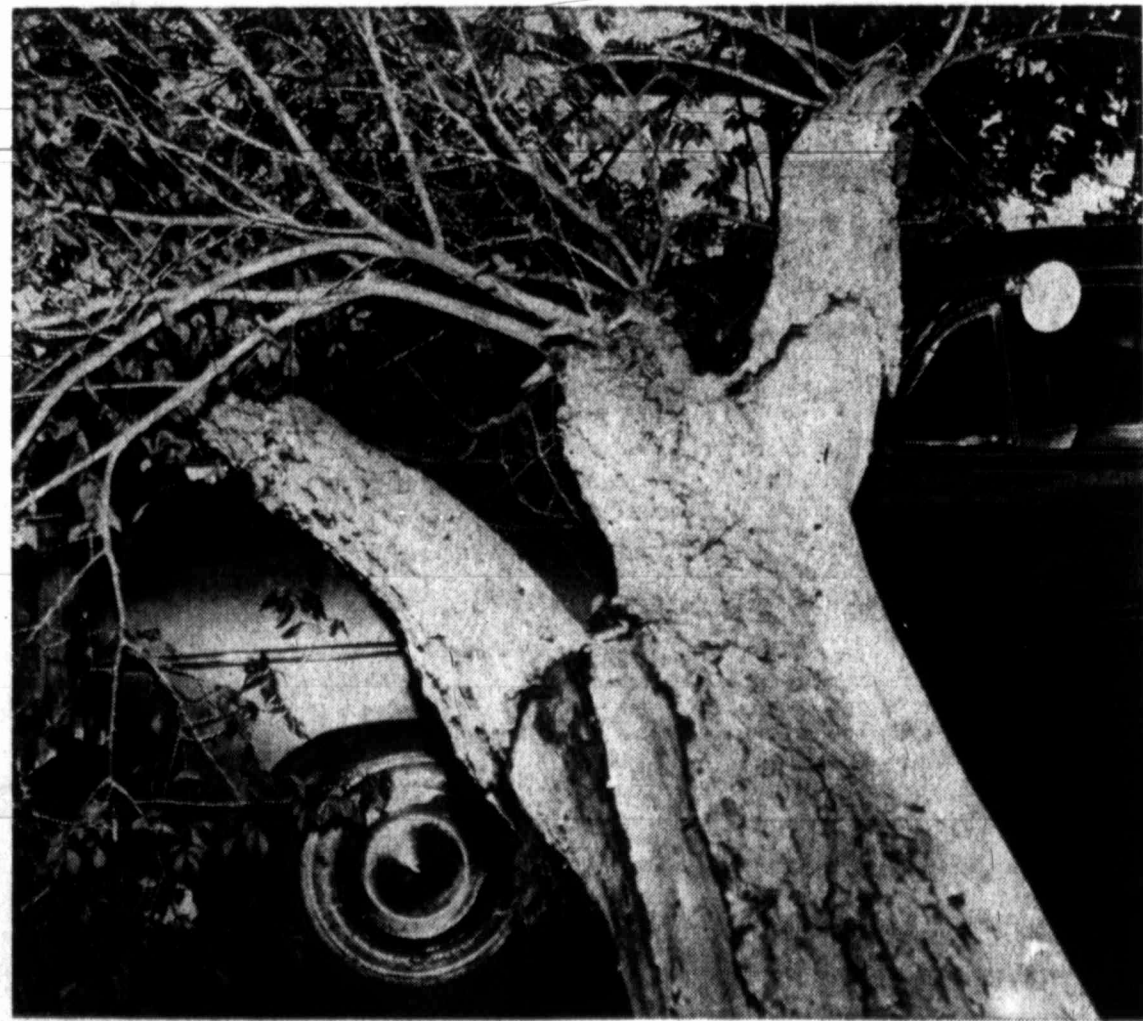

Two of the local Gold Star Mothers, women who have lost sons in the nation's wars, were presented wreaths in memory of the men killed in those conflicts. Presentation was by Dr. Halvard T. Hansen, past commander of Legion Post 355. Mrs. Lucille Jacobs and Mrs. Truett Thomas accepted the wreaths for all the women who have given up loved ones in American battles. The wreaths will be placed at the memorial marker on the city square.

PLEDGE OF LOYALTY
Legion commander Larry Phillips called for a rededication to the nation's pledge of loyalty and to the ideals represented by the American flag. He asked the onlookers "to resolve by word and deed to emphasize the privileges and duties of patriotism."

Chaplain Fred Kevetter of Webb paid tribute to American veterans in opening and closing prayers and the boys of Scout Troop 81 led the audience in the Pledge of Allegiance.

Mark Prather and John Miller, local schoolboys, played the traditional bugler's "Taps." Representatives of the Veterans of Foreign Wars, Disabled American Veterans and Veterans of World War I and the legion's Ladies Auxiliary were also on hand for the service.

Above all, the morning's activities were a tribute to the spirit captured in a verse written by the late Billy Rose which was printed on the back of the Memorial Day program: "I am the Unknown Soldier. And maybe I died in vain. But if I were alive and my country called, I'd do it all over again."

LOCAL WINDSTORM LOSS—Edward Ramirez, 611 NW San Antonio, took a double loss from the windstorm which hit Big Spring Friday night. The gusts uprooted a big tree, and it toppled onto his car, which suffered considerable damage. Winds resulted in some tree damage in other places over the city.

CLOBBERED BY CENSUS COUNT Cries Of Anguish Arise From Border To Border

By The Associated Press

From civic minded boosters of Amarillo in the north, El Paso in the west, Longview in the east and the Rio Grande Valley in the south came cries of anguish in May about the 1970 census. "There must be something seriously wrong with the preliminary count of 648,189 population, low-wrong with their computers or something," said Laredo Times General Managing Editor Allen Tish on hearing the preliminary figure of 65,491 for his city. Actually this represented considerable growth from the 1960 count of 60,578, but civic leaders

were looking for a figure more like 80,000. "Have we been clobbered by an incomplete census count?" asked a front page editorial in the Longview Daily News, dismayed that the growth indicated in its preliminary report, while leading East Texas, fell short of expectations. San Antonio Mayor W. W. McAllister seemed to accept philosopher than the city planning department's estimate and even the number on city limit signs, which say 726,660 population. The 1970 figure would represent a 10.2 per cent growth rate, below the national average of 12 per cent for such cities. "I personally feel if the city had 200,000 more people right now," said McAllister, "it would tax the city government to an extent that adequate services could not be provided. "PILL' BLAMED Said San Antonio area district census manager Mrs. Aileen O'Callaghan: "It was the last decade that they invented the birth control pill, and that made a little difference. "The birthrate is down," she said. "We are going in for quality instead of quantity now." She said new freeway mileage facilitating the flight to the suburbs also played a part. The mayor of Waco, Travis DuBois, also is dean of men at Baylor University. When he learned that Waco had dropped from 97,808 to 92,600 in 10 years, according to the 1970 count, he charged many of Baylor's 6,300 students were not counted. DuBois said census forms had been passed out to students, and that he had personal knowledge that many were not returned to the census officials. In Waco, as in Abilene, Amarillo, El Paso and many cities large and small in all but some coastal counties and the Austin and Dallas-Fort Worth district, where 1970 reports have not been released, a common response has been "were you counted" campaigns. "OMITTED?" This calls for citizens to inform their city manager or other official if they believe they were omitted. Usually, the chamber of commerce gets the campaign rolling and the news media join in promoting it. But such campaigns already have been sponsored by the very people who gathered the figures that are causing so much consternation. The Bureau of the Census, having weathered identical storms once a decade beyond living memory, even calls it a "were you counted campaign."

She Pumps Five Shots Into Masked Assailant

DALLAS (AP) — Bernice McKinney, a late-hour shift worker at Texas Instruments, may be alive today because she employs every crime prevention rule in the book. While making her nightly check of dark places around her car Thursday, before starting her

work, she was surprised by a stocking-masked prowler who leaped at her from behind a bush. But it was the prowler who got the real surprise. Mrs. McKinney pumped five shots from her pistol into the would-be assailant before he stopped lurching toward her. She always carries a pistol during her nightly patrols. Leon Williams was reported in fair condition Friday at Parkland Hospital. "I was always afraid someone might be hiding behind the hedges or car," Mrs. McKinney said. "Thank God I was ready this time. I should have noticed that my dog was upset but I wasn't paying attention. You just never think it will really happen." Mrs. McKinney has worked a late-hour shift at Texas Instruments since January. She lives alone. "Since I'm alone, I knew that

I would have to take care of myself if something happened," she said. "The way the world is now you have to expect anything."

Non(Census) Hee, Haws

SAN ANTONIO (AP) — Life as a census taker is not without its lighter moments. Take, for instance, the census form query on flush toilets. Mrs. Aileen O'Callaghan, census manager here, recalled this incident: "There was one man who said he had a flush toilet. And then in the margin he wrote, 'It's an outhouse and rain barrel, and that's my business.'" Mrs. O'Callaghan, who released preliminary figures Thursday showing San Antonio's population is now 648,189 compared with 587,718 in 1960, also recalled this anecdote: A man sent in a form saying he had a second house on his lot with five occupants. "We thought this was fine until we got the ages. The oldest was 7. So we thought this was a little odd — and we found that it was a dog house." There were five dogs, she said, and the oldest was 7. "Those things happen in all censuses, of course, and I'm glad people did have a sense of humor," she said.

Dope Probe In Odessa

ODESSA (AP) — The Ector County grand jury will begin an inquiry Monday into narcotics. Foreman R. F. Juedeman said Saturday the investigation was prompted in part by a grand jury report in adjacent Winkler County naming Odessa as a source of supply of the drugs in and near Kermit. Another factor was the return of 18 indictments here Thursday, dealing with narcotics. The Winkler grand jury report said Kermit and Winkler County youths testified they bought drugs in Odessa during the Sunday free rock festivals held here every other weekend.

BEWARE OF GUYS BEARING GIFTS

AUSTIN (AP) — Atty. Gen. Crawford Martin warned housewives Friday to beware of door-to-door salesmen who offer them "free encyclopedia sets." Martin said the catch to this is this: In order to get the "free" part of the offer the customer must agree to buy an annual year book for 10 years — payable in advance.

LAST RESORT
"It says the 1970 census is now almost finished. If you believe that you or anyone else in your household was not counted, please fill this out... "Very often," says Long, "people who believe they were not counted actually were counted because of information from someone else in the family. "We may have gotten what we call 'last resort information' from a neighbor or someone else.

Officials Forecast Light Voter Turnout Saturday

With only four local races and no state races on the ballot, officials are expecting voting to be light in the second Democratic primary Saturday.

Dee Jon Davis and Ralph Mahoney are seeking the legislative post representing Nolan, Howard and Mitchell counties. Both men are Big Springers; Davis is a local attorney, and Mahoney is a cotton buyer.

For the County Judge's post, candidates are A. G. Mitchell, a Howard County sheriff's deputy, and Harvey Hooser, a local attorney.

Both the Precinct 2 and the Precinct 4 county commissioners will also be chosen Saturday. Candidates are Raymond Hamby and Bill Bennett, Precinct 2, and Jack

Buchanan and Bob Wheeler, Precinct 4.

Wheeler is former purchasing agent for the county, Hamby is a used car dealer, and Bennett and Buchanan are both long-time farmers and ranchers in this area.

In the first primary Davis carried Howard (2,491 votes) and Nolan (1,732) Counties, with Mahoney taking Mitchell (886). Davis had a total of 5,119 votes and Mahoney had 3,323.

Mitchell and Hooser were separated only by five votes, with Hooser polling 1,768 and Mitchell receiving 1,763.

For county commissioner posts, Wheeler received 499 votes compared to Bennett's 477, and Hamby received 655 compared to Bennett's 483.

County Democratic Chairman C. V. Riordan has announced

that all 21 polls will be open for the election, but he is asking election judges to economize by holding the election with the minimum staff.

Riordan asked that all boxes with less than 400 voters in the first Democratic primary May 2 be operated with three persons present.

Boxes 2, 4 and 16 will operate with a judge, alternate judge and two clerks. The remainder of the boxes will have a judge, alternate judge and one clerk. Box 2 is Washington Place School, Box 4 is the Fourth and Nolan fire station, and Box 16 is Park Hill School.

Howard County Democrats who will be out of the county Saturday have until 5 p.m. Tuesday to vote absentee in the county clerk's office on the first floor of the courthouse.

LETTER TO EDITOR Lauds Success of City's Measles Vaccinations

To the Editor:

A week ago this Sunday, Big Spring had one of the most successful German Measles vaccination campaigns of the entire area. Over 1,800 children, ages one through ten, were vaccinated. Because of this, the future mothers of Big Spring will be protected from the terrible tragedy that befell over 50,000 families during the epidemic of 1964.

On behalf of United Cerebral Palsy of the Permian Basin and myself — I want to express our sincere thanks and appreciation to the Big Spring Jaycees for a job very well done. Because the program went so smoothly, few people realize the tremendous number of man hours and effort expended by these men in organizing and promoting the campaign to a successful conclusion. Realizing the value to the community and their responsibility to the people of Big Spring, the Jaycees worked weeks in organizing, publicizing, obtaining supplies, and doing the scores of detailed jobs necessary in such a challenging undertaking. Again . . . thanks

Jaycees for being there, and coming through when you're called upon.

An operation such as the Rubella vaccination clinic requires the help of the entire community. The Permian Basin Chapter of United Cerebral Palsy is equally grateful to the Jaycees-ettes, the doctors and nurses, the Howard County Health Unit, KBST, Radio, KBYG Radio, the Big Spring Herald, KWAB-TV, the Permian Basin Medical Society, the Amateur Radio Operators Club, the Big Spring Fire Station, and all others who contributed so generously of their time and efforts.

Manila Plans Visit By Pope

MANILA (AP)—The Roman Catholic hierarchy of the Philippines got to work today to prepare for the visit by Pope Paul VI in November — the biggest event in the 400-year history of the Church here.

A national executive committee of Philippine bishops, headed by Archbishop of Manila Rufino Cardinal Santos, was formed to plan a reception for the pontiff.

Bishop Mariano Gaviola, secretary-general of the committee and of the Catholic Bishops' Conference of the Philippines, said the Pope would be asked to stay in Manila five days — the duration of the Pan-Asian Bishops' Conference here.

"We will make the opening of the conference coincide with the Holy Father's arrival," Bishop Gaviola said.

No dates have been fixed for the five-day conference.

Bishop Gaviola said according to the present plans the Pope would stay in Cardinal Santos' residence, a colonial style, two-story house with five bedrooms in the suburbs of Manila. It is surrounded by high concrete walls.

But Philippine President Ferdinand E. Marcos is expected to invite the Pope to be his guest in the presidential palace.

Oil Completions Register Gain

AUSTIN (AP) —The Texas Railroad commission reported Saturday that 107 oil wells and 29 gas wells were drilled in Texas this past week.

That brings the oil well completions for the year to 2,174, compared with 2,039 at this time last year, and gas well completions to 813, compared with 1,094 at this time in 1969.

The commission said 176 wells were plugged, including 50 dry holes.

Students To Try Glass Salvage

ANN ARBOR, Mich. (AP) — The nonreturnable bottle, one of America's leading environmental problems, may not be so nonreturnable. A University of Michigan student group named ENACT — Environmental Action for Survival — has set aside June 16 and 17 for glass collection day. Owens-Illinois Glass Co. will pay one cent a pound for used glass which it will use for processing new glass at its plant in Charlotte, Mich. A spokesman for Owens-Illinois said ground glass, called cullet, currently constitutes about 15 per cent of the primary mixture used in glass making. But he said Owens-Illinois could use up to 50 per cent ground glass in its formula.

'Must Make Tolerable Life' Texas Graduates Are Told

AUSTIN (AP) — About 3,500 graduates of the University of Texas were told Saturday night they face the same job faced by the first American settlers. "I think we have before us

the task of making a tolerable life in a new and menacing world no less than did those who came centuries ago to the wild shores of America in search of freedom and oppor-

tunity," said Tom Wicker, associate editor of the New York Times, who was commencement speaker.

"And the root problem we have to face, I believe, is that of preserving and expanding individual liberty, which is no more and no less than an assertion of the value of one man, and the worth of each life."

Wicker said that aside from natural forces at work "individual liberty is under specific attack in America by those who believe that something called the rights of society justifies any intrusions on the rights of man . . ."

"The worst of all this is the climate of fear that is being created," Wicker said. "It doesn't take many preventative detentions, many dragnet arrests, many political trials to transform freedom into fear, to produce the dulllest of conformities through inertia of mind and spirit."

Wicker told the graduates he was encouraged, "even in these depressing times," because "Your generation is leading a rebirth of personal political responsibility in our country and, if so, few things more important have happened in my lifetime."

Wicker said he believed "that individual liberty is not going to survive in this country unless we can find means to put the American citizen in a position to have some direct impact on the governmental giant that the 20th Century has made necessary; because the iron law of political life is that all governments try to insulate themselves from popular control. And no man can be a truly free man, anyway, if he supinely lets other men make decisions for him—even good decisions."

More Papers Released In Kopechne Case

BOSTON (AP) — The remaining papers have been released in the inquest into the death of Mary Jo Kopechne, a Washington secretary who drowned July 18, 1969, when a car driven by Sen. Edward M. Kennedy, D-Mass., flipped into a pond.

Suffolk Superior Court Clerk Edward V. Keating released papers Friday including two petitions filed by attorneys for Kennedy.

One was to examine the transcript of Kennedy's testimony at the inquest held on Martha's Vineyard Island and the other to examine the transcript and report of the entire proceedings. Both petitions were accompanied, which was done by Superior Court Judge Wilfred Paquet.

All papers connected with the secret probe into Miss Kopechne's death had been impounded and none was released until the transcript and judge's report were made public last month.

Costs To Serve, Says Gov. Reagan

LOS ANGELES (AP) — Ronald Reagan, campaigning for re-election, says being governor of California costs him 345 days work and approximately \$156,000 a year.

The former movie actor and master of ceremonies of television's "Death Valley Days," series told a college radio interviewer Friday:

"I gave up a job in which I worked 20 days a year and made \$200,000 for a \$44,000 job and about a seven-day week."

Ransom Resigns As UT Chancellor

EL PASO, Tex. (AP) — Dr. Harry H. Ransom, chancellor of the statewide University of Texas system since 1961, has resigned.

UT regents announced the decision Friday at a meeting here and named Ransom chancellor emeritus of the UT system, effective Jan. 1, 1971.

There was no immediate action on selection of a new systemwide chancellor.

In other action the university named Dr. Bryce Jordan, vice president for students affairs at UT-Austin, as president ad interim of UT-Austin, effective July 1, when Dr. Norman Hackerman leaves as UT president-to-be.

Ransom joined the University of Texas Faculty in 1935 and is the author of several books and numerous articles. Since 1950 Ransom has served as assistant and associate dean of the graduate school, dean of the college of Arts and Sciences, vice president and provost and president of the University at Austin and chancellor of the system.

In other action the regents: —Approved withdrawal of the Texas Longhorns from Southwest Conference golf competition.

—Selected a 600-acre site at the southeast corner of the intersection of Babcock Road and Farm 1604 outer loop in Northwest Bexar County as the location for the University of Texas at San Antonio.

—Approved a rule prohibiting the use of campus facilities by registered student organizations when more than three persons "who are neither students nor employees of the institution" are to attend the meeting. Peace officers and working press are

is any possibility that you won't be on hand Saturday, please vote absentee by Tuesday.

A record class numbering upward of 350 graduated from Big Spring High School Thursday, and LaShara Shanks was valedictorian with an average of 97.0. You just can't do much better than that. One oddity was that out of all the names, there was only one Smith on the list this year.

While other schools had impromptu cleanups after exuberant students tossed notebook paper in the air as they celebrated end of school, Runnels Junior High had a clean campus. Cooperation of pupils had been sought, and then teachers took up notebooks or sent them home before the end of school. On the final day, there was a fire drill, the boys and girls filed out and then were told it was the end of school. Simple as that.

A high honor to Big Spring High School came during the week when John F. Smith, principal, was notified that the school has won the first annual Sportsmanship Award of District 3-A. The town can be proud of that, too, because it figured in the evaluation. So, we not only will have to be trying to repeat this year, but to live up to the honor of the past year.

School trustees have adopted a tentative budget, which totals \$5,179,432, a gain of \$339,702. There is an anticipated balance of about one half of one per cent, which isn't exactly "big" as our headline suggested. That's slicing it pretty thin.

Dr. Preston Harrison has been named consultant for mental health to the acting state commissioner for mental hospitals and mental retardation. This will be in addition to his duties as head of the Big Spring State Hospital, and it is a tribute to the respect with which he is held within the councils of the state department.

Add to the list of home town boys who made good the name of Eddie Hickson, son of Mrs. Ethel Hickson, and brother of R. E. (Bob) Hickson. Actually, Eddie already had made good

he's just taken jobs to accept the presidency of Seal Bond Company at Lubbock, which has international trade connections, a field in which Hickson is a veteran performer.

Not only has The Herald lost a valued, loyal and capable colleague with the departure of Glenn Coates, managing editor, for Austin, the state hospital also has lost an outstanding hand. She is Mary Cochran, who leaves her post as volunteer coordinator here to become director of rehabilitative services in the Kerrville hospital. Mary (once a staff member here) has been our good right hand.

The Rubella inoculation party a week ago today drew 1,900 youngsters. State Health Department officials said it was one of the smoothest operations they had seen organized, and that as to percentage of participation it was probably the best.

Bond Sales Near Target

United States savings bonds sales in District 4 of Area I are running close to the target pace for the first four months of the year.

Sales of \$83,690 in April pushed the total for the year to \$436,625, or 31 per cent of the year's goal. Dawson, with 43 per cent of its target, and Howard with 37 per cent, lead the field.

Area I sales amounted to \$867,092, making the year's total \$2,987,219, or 30 per cent of goal.

Sales reported by Larson Lloyd, district chairman, showed these April totals (with cumulative figures in parentheses) and percentage of goal:

- Andrews \$2,710 (\$12,354) 21;
- Dawson \$7,339 (\$43,079) 43;
- Fisher \$1,983 (\$13,432) 27;
- Gaines \$2,522 (\$13,421) 19;
- Howard \$39,965 (\$224,342) 37;
- Martin \$3,108 (\$9,701) 32;
- Mitchell \$7,287 (\$46,791) 31;
- Nolan \$10,345 (\$54,943) 20;
- Scurry \$8,431 (\$44,562) 30;
- Totals \$83,690 (\$462,625) 31.

Rodeo Week Is Proclaimed

The week of June 15 will be Rodeo Week in Big Spring. Mayor Arnold Marshall has so proclaimed it, urging citizens to enter into the spirit of the annual wild-west extravaganza.

Dates for the rodeo are June 17-20 at the Rodeo Bowl at the west edge of town.

"For nearly 40 years now the Big Spring Cowboy Reunion and Rodeo have been an integral part of our annual entertainment calendar, plus a means of keeping alive our Western heritage," said the mayor.

"Always it is an exciting show, and this year will be no exception. Besides bringing out

community together, the rodeo annually draws hundreds of out-of-town visitors and affords us an opportunity to show what Western hospitality is really like.

"Thus, I call upon all to support this fine event, and to further enter into the spirit of the occasion by wearing Western apparel and otherwise boost the rodeo."

The show will be produced as in recent years by Buck Steiner. The contests will include calf roping, bareback and saddle bronc riding, steer riding and bulldogging, and barrel racing for the young women. Besides there will be clown acts, a shepherd dog routine, and other novelties to furnish a change of pace.

Justice Moves Up At Safeway

Horace Justice, division manager of Safeway Stores, Dallas division, has been elected vice president of the company by Safeway's board of directors, meeting at the company's international headquarters in Oakland, Calif. Quentin Reynolds, president, had high praise for Justice.

Justice, a native of Abilene, where he attended public schools and McMurry College, began his career with Safeway in Abilene in 1935 as a food clerk and progressed through the ranks to store manager in area stores. In 1952 he was assigned district manager of the Abilene district and in 1957 became manager of the company's North Dallas district. In 1959 he became retail operations manager of the Dallas division and in 1962 was named division manager of Safeway's Little Rock, Ark., division.

In 1966 he was named division manager of the Dallas division which operates 165 retail stores and backstage service centers.

TEC Office Has 314 Applications

New job applications filed with the Texas Employment Commission office here in April numbered 314, Leon Kinney, manager, said Saturday. There were 138 non-farm job placements. The office handled 466 unemployment insurance claims, and it made eight farm placements.

On a statewide basis, the TEC offices took 65,000 job applications, made placements on 25,580, a gain of 1,814. Farm placements of 23,950 were up 7,001 due to sharp demands for labor in the lower Rio Grande Valley.

Horoscope Forecast

FOR TODAY AND TOMORROW
—CARROLL RIGHTER

SUNDAY
GENERAL TENDENCIES: Until shortly after noon, be sure you do take any chances in driving, conversations or whatever else could get you into serious trouble, since others are acting hostilely and thinking oddly. Later, all eases up and tensions are gone, and you are able to carry through with whatever plans you have made. Your interest in the philosophical can be satisfied this morning through reading.

ARIES (March 21 to April 19) Avoid those persons who would distract you today. Keep busy with tasks you promised to do at home. Make kin happy. Evening is fine for entertaining good friends.

TAURUS (April 20 to May 20) If you are on some jaunt, be sure that you drive with utmost care. Be sure that your car is in good running order. Care in conversation with others is also important. Don't get into any unnecessary arguments.

GEMINI (May 21 to June 21) You are thinking rather slowly today, so be more careful of your diet and speed. Be happy with relatives who like you. Forget those acquaintances who want you to spend more than you can afford.

MOON CHILDREN (June 22 to July 21) Some person of whom you are very fond can give you the assistance you need for some idea you have in mind. Take time for the reading you have wanted to do. Plan this week's activities intelligently.

LEO (July 22 to Aug. 21) Driving at very high speeds could cause some accident today, so take care. Make sure that others do not take advantage of your good nature now. Be devoted to male in the evening and be happy.

VIRGO (Aug. 22 to Oct. 22) If you see that person who is usually very busy during the week, have a very good discussion that is so important to you. Evening is best for handling personal correspondence.

LIBRA (Sept. 23 to Oct. 22) If you feel you are in a rut, read your paper for ideas, talk with friends, and then make the necessary changes. Remember that your life is your own. Make the most of it.

SCORPIO (Oct. 23 to Nov. 21) You feel adventurous today, so why not try something along such lines and get out of that comfortable rut? This could lead to something interesting and profitable.

SAGITTARIUS (Nov. 22 to Dec. 21) Some problem you may have is best solved by going to an expert who sees where you are making your mistake. Make necessary repairs to your car.

CAPRICORN (Dec. 22 to Jan. 20) You are not acting as speedily as you should on some matter that needs your immediate attention. Wake up to your responsibilities. Forget all that wondering that is getting you nowhere.

AQUARIUS (Jan. 21 to Feb. 19) Be sure to thank someone who has done you a big favor in the past. Plan something for the evening, or here could be really like. Get in touch with persons who are progressive and informative.

PISCES (Feb. 20 to March 20) Be more economical and try to build up a financial reserve. Make sure that you pay important bills. Avoid those persons who like to annoy you. Chances for happiness this evening with a loved one are good.

MONDAY
GENERAL TENDENCIES: You are charming and delightful this morning and are in the mood to please all about you. But the afternoon and evening bring you some annoying delays and obstacles that make you feel you cannot get anything done.

ARIES (March 21 to April 19) Morning is the best time to make those necessary property improvements. Later, analyze business and financial position carefully. Show that you are thoughtful to others.

TAURUS (April 20 to May 20) Daytime is fine for being with loyal friends, but use tact in the evening. Be more concerned about your health. Take those treatments that will improve it considerably. Be careful when driving.

GEMINI (May 21 to June 21) Get busy and do whatever a loved one wants and have greater rapport with this person. Then get of those routine chores with enthusiasm and they are soon behind you. Be more optimistic about what you are doing.

MOON CHILDREN (June 22 to July 21) Anything of a social nature is best done in the morning and avoided later in the day. Show others that you are a conscientious person. Be sure to take care of that financial problem.

LEO (July 22 to Aug. 21) You have some plan that needs more study. If you could reexamine your position with higher-ups considerably. Do whatever business you can do with the public better. Avoid those who like to talk too much.

VIRGO (Aug. 22 to Sept. 22) Morning is the best time to make new, worthwhile contacts, but the afternoon is best for getting information impossible to get before this. Plan that trip carefully in the afternoon. Count the cost and be thorough.

LIBRA (Sept. 23 to Oct. 22) Spend the morning paying bills and taking care of other important matters so that you have more peace of mind. Be sure you love one, too, by being willing to handle those duties for him or her.

SCORPIO (Oct. 23 to Nov. 21) A morning conference with a partner is best for getting the most satisfactory results. Later, there could be a good deal of arguments and little results. Forget about trivial points until a better day. Be active in social matters in the evening.

SAGITTARIUS (Nov. 22 to Dec. 21) If you schedule your work early, you get much better results, especially if you work alone. Fellow workers are in a bad frame of mind, so be gentle with them. Be sure to take care of personal correspondence in the evening.

CAPRICORN (Dec. 22 to Jan. 20) A good day to plan recreational activities for the future, notable social affairs. Use that smile more with others and get good results. Don't think you can buy your way into anything and everything.

AQUARIUS (Jan. 21 to Feb. 19) Be most careful in whatever you do today, especially at home, or there could be serious arguments. Be willing to clear up situations that cause disharmony. Show kin you are devoted.

PISCES (Feb. 20 to March 20) Answer questions which associates ask you. Advise them you will take them under advisement. Do not state something definitely of which you are not sure about. Avoid later embarrassments.

Girl Clinging To Fence Leads To Death Sentence

LOS ANGELES (AP) — Last Oct. 25 a highway patrolman spotted a small, blonde girl clinging to the fence dividing a freeway in the San Joaquin Valley north of Los Angeles. As cars whizzed by, officer Thomas Cravens had to uncurl her fingers from the fence. The girl was shivering, her feet wet. But she didn't cry. And when Cravens brought her into his warm car, she said she didn't want to get his seat dirty.

The tot told him, Cravens said, that her parents let her out and told her to wait — and she waited, and waited, through a long chilly night. She said she chased the tail lights of her daddy's car as it drove off, then fell and hurt herself.

CHILD ABANDONMENT
Her name, she said, was Smith. And so she remained until a woman baby sitter saw her on television and identified her as Jody Lansdown, 5, daughter of a couple living in suburban Bell Gardens.

With the identification began a chain of events that led Friday to a formal sentence of death for Ronald

F. Fouquet, 32, maintenance mechanic and common law husband of Jody's mother, Betty Lansdown, 26.

The investigation that began with the arrest of the two led first to child abandonment charges . . . then to a mystery over another missing youngster, Besides Jody there was Timothy, 7, and Dina, 4. But where was Jeffrey, last seen in 1966?

The Fouquets wouldn't say. **WHIPPED, KICKED**
Then the mother was offered immunity. She told authorities Fouquet had beaten, whipped, kicked and stomped the five-year-old boy to death, and she led them to a child's skeleton at the foot of a mountain slope where she said her husband dumped the body.

Her story: the boy had dropped a shoe outside a window. Fouquet had forbidden either mother or son to go outside. When he got home, it was gone. For three weeks he often beat the boy, not feeding him at times, forcing him to stand in a corner or crawl until his knees were raw. On the day the boy died, she said, "he had

so many bruises all over his hands, face, legs . . ."

"She added: "Ronnie said, 'Well, if he should kick the bucket when I'm gone, don't you panic and run out and tell anybody . . . if you do . . . I might as well be convicted of five murders as one.'"

'I WILL'
She repeated her story in court, testifying that before Jeff died he said: "Daddy, I don't want to live any more." She said Fouquet replied: "Why don't you just die?" The boy replied, "All right, I will," she said.

Fouquet testified that he didn't harm the boy and he might have died of influenza. He said he didn't report the death "because I got a police record a mile long."

The wife said she didn't report it out of fear. Fouquet was convicted of first degree murder. In court for sentencing, he made a final try at saving himself, saying he was convicted on perjured testimony. Jeffrey, he said, may have poisoned himself with chemicals.

VICTIM—murder in Seattle, Wash., are investigating the apparent murder of Eileen Condit, 23, Fresno, Calif., who for 2½ years was an airline stewardess. She was stabbed several times. She is shown here in a picture taken after graduation from stewardess school. The writing in the lower right corner said "Love Eileen."

Cosden Creates New Position

Sam Hunnicutt, formerly of Abilene, has been named to a new management position created by Cosden Oil & Chemical Company.

The position is that of pipeline manager, similar to the post held by Hunnicutt with Western Crude Oil, Inc. in Denver and with McWood and DOT Corporations in Abilene.

Hunnicutt will report to R. W. (Stormy) Thompson, vice president-pipelines & supplies and will be responsible for American Petrofina pipeline operations as well as Cosden's. Hunnicutt's move to Big Spring will be effective Monday.

Hunnicutt is a native of Fluvanna. He and his wife, Eleanora, have three sons, Jimmy, 16, Sammy, 12, and Tim, 10. They resided the past 10 years in Abilene.

Bradford Twins Receive Degrees

David G. Bradford and Don Michael Bradford, twin sons of Mr. and Mrs. Leo G. Bradford of Tokyo, Japan, were among the 1,150 receiving degrees at Southwest State University at San Marcos Thursday.

Their father, who is a retired USAF major stationed twice at Webb and who is now a Southern Baptist associate missionary in Tokyo, came back to the states for the graduation. David Bradford took his bachelor of arts degree with a major in English and Don Bradford, his with a major in government.

'Inside' Series Author John Gunther, 68, Dies

NEW YORK (AP) — John Gunther, who was said to have traveled more miles, crossed more borders, interviewed more statesmen, written more books and sold more copies than any other journalist of his time, is dead at 68.

Gunther, who had lived with his wife in Manhattan, died at Columbia Presbyterian Hospital Friday after a short illness.

He became widely known for his book "Inside U.S.A." and five similar works spanning the globe, captivating the stay-at-home public with his attention to the obit fact.

His critics sometimes called Gunther "The master of the once-over-lightly," and "the Book-of-the-Month Club's Marco Polo." They claimed his books were too slick and superficial.

"They're fun to write," Gunther said in a frank reply to the criticism, "and people like them, but they indeed are superficial."

He wrote the first "Inside" book about Europe in 1938 and followed it with similar studies of Asia, Latin America, the United States, Africa and Russia.

During his thousands of miles of travels, he interviewed most major heads of state, including De Gaulle, Ghandi, Nehru, Lloyd George, Emperor Hirochito of Japan and Generalissimo and Madame Chiang Kai-shek.

Gunther's admirers praised his grasp of vast scope, his enthusiasm for popularizing remote places by describing them bluntly and with feeling.

In addition to the "Inside" series, Gunther published works on D-Day, Hitler, Alexander the Great, Julius Caesar, Eisenhower, Franklin D. Roosevelt and Gen. Douglas MacArthur.

Those who can help support the efforts to combat the disease are urged to mail their gifts or checks to Southwest Texas Chapter, CCHD, 2601 Clanton, or to write the address for information.

Stanton Grand Jury To Meet

The Martin County grand jurors will have six charges against seven persons to investigate when they go into session Monday.

Defendants and their charges are: James Carroll Brown, forgery and passing forged instruments; Jeanne Lee Brown, forgery and passing forged instruments; David Earl Punnee and Jimmy Dale Davis, theft over \$50; Oliver B. Bradley, forgery and passing forged instruments; Mrs. Richard M. Patton, felony worthless checks, and Herb Burkholder, felony worthless checks.

District Attorney Wayne Burns will be in Stanton Monday to present the cases to the jurors.

Lo, The Red Man Is In The Saddle

AUBURN, Wash. (AP) — A \$350,000 bridge on a street going nowhere sits idle as the city of Auburn and the Muckleshoot Indian tribe remain at a deadlock.

The land the proposed street would go through is owned by the Indians. The city negotiated for a year without results, then told the individual owners it would resort to condemnation to get the lands.

But the Indian owners blocked that possibility by deeding the land to the tribe, making it immune to condemnation.

Liner Takes Dive To Avoid Crash

MILWAUKEE (AP) — Four stewardesses suffered bruises Friday when a Boeing 707 had to dive to avoid colliding with a small plane about 2,000 feet over Lake Michigan, Northwest Orient Airlines officials said.

"The pilot had to take violent evasive action. He put it into a steep dive to avoid collision," a spokesman said.

No passengers were injured.

A VOTE FOR Ralph L. Mahoney State Representative IS A VOTE

AGAINST THE HIGH AUTO INSURANCE RATES. Why should large automobile insurance corporations keep reaping higher and higher premiums and profits—yet keep raising your liability insurance rates? Legislation should be introduced to force automobile insurance corporations to declare investment income as part of their total income used to figure insurance rates. This would reduce rates as much as 20 per cent—saving Texas drivers 140 million dollars a year.

AGAINST A STATE INCOME TAX. Economy in government is the answer not another tax to correct poor management of tax revenues.

AGAINST AN INCREASE IN THE STATE SALES TAX. Or the removal of the present exemptions such as food and farm machinery.

FOR A WATER PLAN. West Texas must have a water plan to attract industry to our district and to help agriculture.

FOR A BUSINESS CLIMATE. With a competitive business climate established in our area we can attract and provide growth and greater opportunity for our citizens.

FOR COMBINING CITY AND COUNTY SERVICES. Services that duplicate each other should be combined to allow maximum economy in services rendered and to get the most services for our tax dollar.

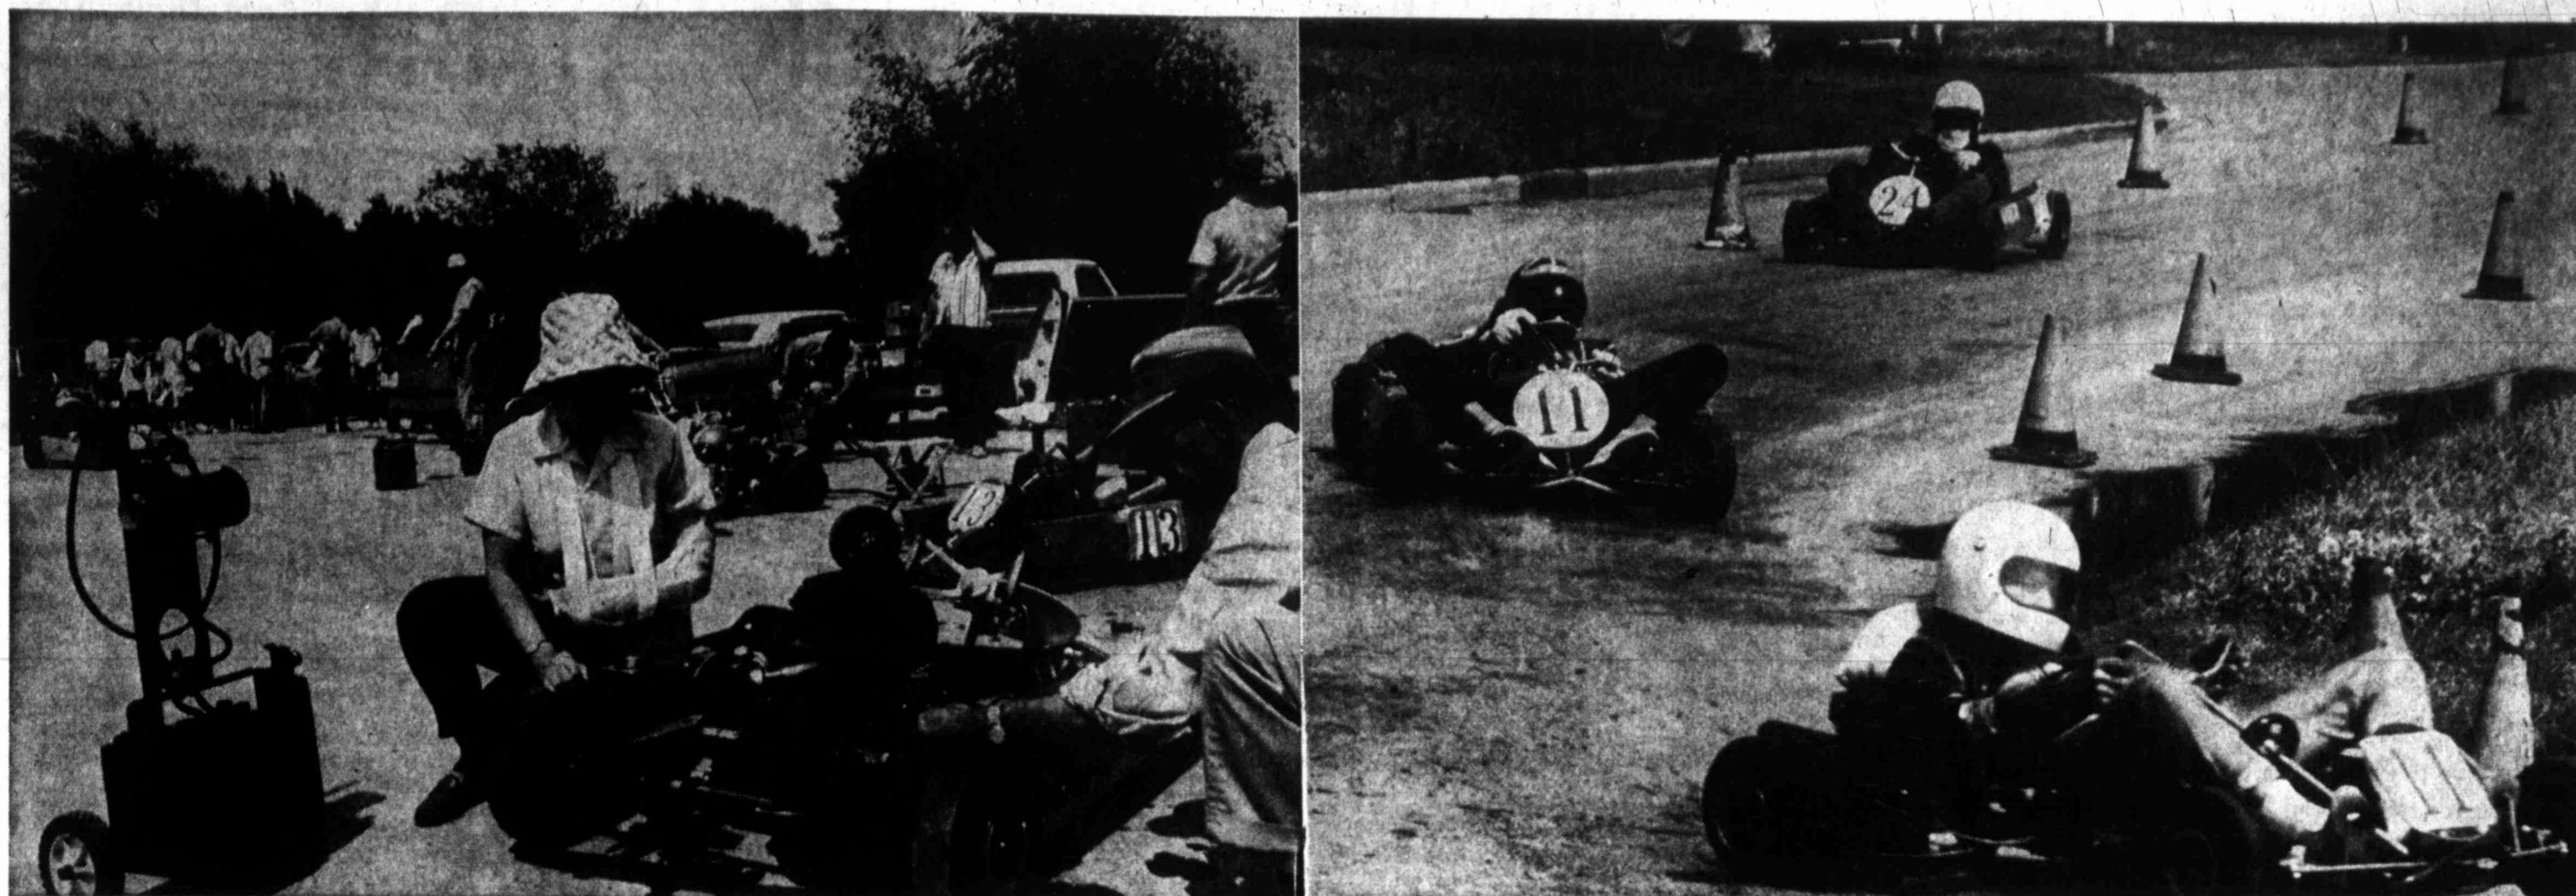

All of these issues affect our pocketbooks and the time for action is now. We can no longer afford the luxury of remaining silent, the future is our responsibility. NOW is the time to start—Vote June 6th and elect RALPH L. MAHONEY your State Representative for effective government.

Indy Winner Party Reset

INDIANAPOLIS, Ind. (AP) — When his 31st birthday fell on the eve of the famed Indianapolis 500-mile race, Al Unser just postponed the party a day.

"I think it's going to be a good one tonight," he said moments after winning the world's richest auto race Saturday.

Unser, following one brother to victory on the same Indy oval where another died, dominated the 500 from the beginning to end Saturday and said he won with speed to spare.

"I ran a very conservative race. I ran only as hard as I had to do to keep a cushion over the others," Unser said.

The youngest brother in the celebrated New Mexico clan said he ran into trouble only once when a five-car pileup with just 60 miles to go spilled oil and brought out the yellow caution light.

"There was oil all over the racetrack," he said. "I did slide a little sideways but I didn't have any trouble. The second time I came through, a car was on fire and I simply went by on the infield grass."

Until the crash, Unser was running at speeds far above the record pace for the 500-mile race, but he said he eased up on the gas in the final miles to avoid any trouble.

"The yellow light ruined the record," he said. "But I'm still just as happy regardless. I still get to take the money home."

Unser's car will collect more than \$200,000 in prize money from a race purse that is now nearing \$1 million each year.

His older brother, Bobby, 36, who won just two years ago, finished 11th Saturday. They became the first brothers team ever to triumph in the 60-year history of the famed race.

Al Unser became the first driver to start from the number one pole position and go all the way to victory since the 1963 race won by Parnelli Jones, the co-owner of Unser's car Saturday.

Jones had an insurmountable lead in the 1967 race when his turbine car failed with only nine miles left and his crew watched waiting in victory lane. The former driver watched each of the final laps Saturday with mounting tension.

"I wasn't going to budge off that pit wall until I saw the checkered flag," Jones said.

Jones met Unser as he wheeled his sleek blue Johnny Lightning Special onto the black-and-white checkered carpet in victory lane, hugged the winner and kissed him.

Unser said he felt very confident of winning the race before the start Saturday, but said he tried to take each of the 800 turns during the long marathon with care.

TEXAN FIRES 3-UNDER PAR 67

Blancas Leader

MEMPHIS, Tenn. (AP) — Homero Blancas fired a three-under-par 67 Saturday for a 198—the lowest 54-hole score on the pro tour this year—but failed to shake a pack of close pursuers in the third round of the \$150,000 Danny Thomas-Memphis Open Golf Tournament.

Dave Hill, the defending champion, and Tom Weiskopf headed a dozen challengers and were just one stroke back at 199. Hill, Blancas' playing partner, matched his 67 while Weiskopf romped home with a 64 on the 6,466-yard par 70 Colonial Country Club course.

Steve Spray, winner at San

Francisco last year, bolted into contention with a 65 for 200—matching the best previous 54 hole score this season.

Spray, a six-year-old veteran, spiced his round with an ace of the 182 yard, par three 12th hole and ran in a 25 foot putt for an eagle three on the 18th.

Jerry McGee, Frank Beard and Dick Crawford followed at 201. Beard had a 66, McGee a 65 and Crawford a 67.

Rounding out the list of the biggest threats was a group of six at 202—just four strokes back. They are Bobby Mitchell, Jack McGowan, Hale Irwin, George Archer, Joe Campbell and Jim Jamieson.

Arnold Palmer, Jack Nicklaus, Gary Player and Billy Casper are not competing.

Unser The Younger Is Indianapolis Winner

INDIANAPOLIS, Ind. (AP) — Handsome Al Unser, youngest member of a racing family from New Mexico, drove his Parnelli Jones Ford to a smashing victory Saturday in the Memorial Day 500-mile auto race.

Unser, who celebrated his 31st birthday Friday, charged from his pole position at the start and so completely dominated this 54th running of the world's richest race that only three other drivers managed to get in front of him for a combined total of nine of the 200 laps around the 2 1/2-mile asphalt oval.

"I had no trouble all day," the dark-haired winner grinned as he hugged his mother, Mrs. May Unser in victory lane. "I was disappointed that I didn't set a new 500-mile record, but I still get to take the money home."

EVADES TROUBLE
"Everything went great. I slowed down when the caution light came on for the four-car mixup over in the third turn, and drove by it real easy to stay out of trouble."

Unser stands to collect more than \$200,000 from a prize fund estimated at nearly \$850,000. He will be paid \$28,650 in lap money alone.

Mark Donohue, the 33-year-old road course veteran from Media, Pa., last year's Rookie of the Year at the Indianapolis Motor Speedway, came in second in a turbocharged Lola-Offy. He was two miles behind the winner.

Third place went to Dan Gurney, the veteran from Costa Mesa, Calif., who had finished second in 1968 and 1969. Gurney drove an Eagle-Offy of his own design.

It was the second Indianapolis 500 victory for the Unser family from Albuquerque. Brother Bobby won in 1968 and was credited with a ninth place finish in this one.

Al and Bobby are the first brothers ever to win the Indianapolis 500-mile race.

Donnie Allison, the stock car ace from Hueytown, Ala., and one of four rookies among the 33 starters, was fourth in a Coyote-Ford, prepared by the veteran A.J. Foyt. Allison, 31, had won a 600-mile stock car race at Charlotte, N.C., only last Sunday—worth \$40,000.

Foyt, seeking an unprecedented fourth Indy victory, saw his hopes go down the drain when his engine went sour 25 miles from the finish. He was running second at the time, but dropped to 10th place at end.

The average speed was 155.749 miles per hour, just under Mario Andretti's winning time of 156.867 of last year. But Saturday's action was slowed by yellow contain lights for more than 25 minutes. And while it was going full blast, the pace was at speeds higher than anything ever seen at historic old Indianapolis.

Andretti, driving a German-

built McNamara Ford that had never been raced before, had problems all day. A victim of numerous pit stops to correct faulty handling, the three-time national driving champ was credited with sixth place, but he was never in contention.

Although several cars were forced out by crashes, there were no serious injuries.

The crowd count, never officially announced, was estimated at 300,000—filling all of the some 250,000 grandstand seats and leaving over 50,000 standing-room-only spectators at the fences and in the infield. A morning shower delayed the start for half an hour.

Then, as the cars were completing the second of two warm-up circuits, 35-year-old Jim Malloy brushed the fourth-turn wall, putting him out of the race and grinding the 32 remaining cars to a halt for another brief delay. Malloy had started in the third row.

It was the first time since 1957 that a full lineup did not take the green flag. That year Eddie Russo and Elmer George collided on the pace lap and were unable to continue.

But when the powerful, brightly colored machines finally blazed off more than an hour behind schedule, Unser roared into the lead and began to show his fantail to the pack.

Most of the crowd's early attention centered, however, on 43-year-old Lloyd Ruby. The veteran from Wichita Falls, Tex., bolted from his 25th starting position and by the 25th mile had pulled his turbo-charged Mongoose-Offy into seventh place.

Enduro Kart Riders Await Park Events

All roads led to Big Spring this weekend — for enthusiasts of Enduro Karts, that is.

The long-awaited racing program planned jointly by the City of Big Spring, the local Chamber of Commerce and the Big Spring Jaycees, begins at 9:30 a.m. today with two races for junior entries.

After the winding track, located in Comanche Trail Park, is closed for church services, it will reopen for the terminal events. The races this afternoon are scheduled for 1:30 p.m., 3 p.m., and 4:30 p.m.

The karts, which are built as

low to the ground as possible and which come in all designs, are capable of hitting speeds up to 100 miles per hour. The track's launching pad and "gasoline alley" are located immediately north of the Municipal Golf Course clubhouse.

The course itself proceeds in a clockwise direction to the V approaching the park's main entrance, around the softball diamond, and tennis courts, up the newly paved portion of the park past the Boy Scout hut, then swings by the camping area near US Highway 87 down

past the amphitheatre, takes a sharp turn to the hill by the swimming pool and back to the pit.

The race is sanctioned by the International Kart Federation and will be conducted under Federation rules.

Today's admission fees will be 25 cents for children and 75 cents for adults and there will be plenty of good vantage points from throughout the park.

Among early arrivals here Saturday were Jim and Darlene Berry of Midland, racing enthusiasts the past two years; Kenny Hayhurst, a 16 year old from Amarillo, who has been racing the past six years; and Steve Houston and Bill Hartberger, both of Lubbock.

Mrs. Berry was on hand, despite the fact that she has a broken arm. She suffered the mishap recently while skating and still has the arm in a sling.

Following the competition today, trophies will be awarded to the top four finishers in each of a dozen classes.

The meet is the second scheduled by the local organization. The first was a signal success.

Giants Capture Slugfest From Pittsburgh, 13-11

PITTSBURGH (AP) — Tito Fuentes lashed the deciding two-run single in the eighth inning Saturday as the San Francisco Giants overpowered the Pittsburgh Pirates 13-11 in a 35-hit slugfest.

Fuentes' single capped a three-run burst in the top of the eighth, giving the Giants a 13-8 lead, and they withstood Pittsburgh's three-run rally in the bottom half of the marathon struggle.

POSTS FOUR VICTORIES — Champion Jandy's Cis De Triumph, a Brittany Spaniel, recently completed her bench championship by taking major wins at Austin, Dallas, Ft. Worth and Oklahoma City. Not only is Cis an outstanding show dog, but she also excels in the field where her favorite pastime is pointing and retrieving West Texas blue quail. Cis' busy schedule also includes competing in field trials throughout the Midwest. To date this young fast-moving bird dog has five field trial placements, four of which are first places. This fall Cis will be seen back on the field trial circuit competing as an All-Age dog for her Dual Championship. She will be under the whistle of professional handler Ed Wild of Lone Grove, Okla. Her owners are Capt. and Mrs. Andrew Hutter of Webb AFB.

New Titlists Assured In Partnership Here

Linksters who figure they fare better as members of tandems rather than as individual get a tournament to their liking when the annual Big Spring Partnership meet will be held next Saturday and Sunday. Two flights of competition are scheduled but those are broken down into two more after the first day. Winners will be determined in 36 holes of play in a low-ball style meet. Defending champions in the meet are two local 20-year-olds, Mike Hall and Mike Weaver. They achieved a 131 last year to beat two teams by two strokes. One of the runner-up groups consisted of Jerry Barron and Marvin Williams. The other included Dr. B. Broadrick and his son, Ronnie. In the Handicap division last year, David Kimp and Bo Clark, both of Brownfield, finished first. New champions are sure to be determined, since Weaver will be involved in the National JC tournament in Miami, Fla., which will be held at the same time as the local show. A formidable twosome in the meet could be Steve Thompson and John Shepperson. Thompson formerly played for Odessa College while Shepperson is from San Angelo. The two have been attending Texas Tech. Upwards to 40 teams had already entered early Saturday afternoon. Flight winners in the tournament earn \$100 each in merchandise. Last year, a total of 266 players paid fees to take part in the tournament. This year, no more than 220 will be permitted to play. Entry fee is \$10 per person. Entry deadline is 7 p.m., Thursday. A dance is scheduled for tournament entries and guests Saturday night. Prizes to be offered in the tournament are valued at more than \$1,500. Two amateurs can enter the scratch division, where they play through 36 holes 'on the flat.' Entries in the handicap division, of course, may use handicaps. Both flights will be cut after the first day of competition, with top halves playing for championships and the lower halves for what amounts to consolation laurels. This tournament originally was known as the Big Spring Open but its format was altered after the PGA barred pros from the meet. A shotgun start will be used both days in order to accelerate play, according to club pro C. G. Griffin. The tournament expects to attract entries from the Muni course here, as well as Webb AFB. In addition, such communities as Lamesa, Colorado City, Midland, Odessa, Lubbock and San Angelo are likely to be represented.

Minnesota Rally Trips New York Yanks, 10-6

ST. PAUL-MINNEAPOLIS (AP) — Cesar Tovar's game-tying home run and Rick Renick's two-run pinch single highlighted a five-run uprising as the Minnesota Twins rallied in the last of the seventh Saturday and beat the New York Yankees 10-6. Tovar started the big inning with his homer off Steve Hamilton, who had just come into the game after the Yankees scored three times in the top of the inning to go ahead 6-3. With one out, Tony Oliva doubled and Harmon Killebrew was purposely passed before shortstop Gene Michael bobbled Rich Reese's grounder, loading the bases. Jack Aker relieved and surrendered consecutive singles to Renick, Leo Cardenas and Paul Ratliff. Minnesota 10: 000 111 200-6 11. Bohnen, Wastowski (4), Klimkowski (4), Hamilton (7), Aker (7) and Munson; Zapp, Woodson (6), Perranoski (7) and Ratliff; W-Perranoski (4-2), L-Hamilton (3-3), HRs — Minnesota, Reese (3), Tovar (4).

SECOND ACE FOR CHARLIE BAILEY—Charley Bailey (far right) consults his golf card after canning the second hole-in-one of his career in a tuncup for the annual Big Spring Partnership tournament scheduled next weekend. Pro C. G. Griffin looks on as do members of Bailey's foursome, Lester Marton, Jasper Atkins and Bill McClelland (left to right). Bailey was two over par for the day. Bailey's second ace came on the 165-yard 16th hole at the Country Club, at which time he was using a six iron.

All-Breed Dog Match Is Set Here Today

An American Kennel Club-sanctioned all-breed match for dogs will be staged in Birdwell Park here today. Out-of-town judges are coming in for the event. They are Mrs. Margaret Brown, Levelland, and Sammy Marshall, Lubbock, who will rule on the conformation classes. Margaret Wilson, also of Lubbock, will judge the obedience entries. Dogs from throughout West Texas likely will be on hand for the meet. The public has been invited to attend. There will be no admission fee. People who have never before seen an all-breed meet are likely in for a pleasant surprise, since there are apt to be several kinds of dogs they've never seen in competition for the awards. Locally-owned dogs are likely to hold their own in several classes of competition. Bruce Wright, a club official, said that matches such as the one today are conducted primarily for experience, both for the dog and the person showing him. Most of the entries will be puppies, with very little experience in the show ring. There will be classes for puppies three to six months of age, six to nine months, and nine to 12 months, as well as an open class for older dogs. The rules dictate that all entries must be pure-bred and of a breed recognized by the AKC. Entry can be made at ringside, from 10 a.m. until 12:30 p.m. Judging will get under way shortly thereafter. In addition to the conformation classes, there will be obedience classes for both novice and open division dogs.

Mets Rally In 8th To Topple Astros

NEW YORK (AP) — Cleon Jones tied the game with a two-out triple in the eighth inning and a 4-3 victory over the Houston Astros Saturday.

Frank Howard Hits 14th Homer In Senator Win

WASHINGTON (AP) — Frank Howard's 14th homer keyed a three-run burst in the first inning Saturday and the Washington Senators held off Kansas City 3-2, extending their winning string to four games. Howard's two-run blast was one of four straight hits off Bill Butler, and the Senators made the early lead stand up behind the six-hit pitching of Dick Bosman and Darold Knowles. Ed Brinkman opened the first with an opposite-field double and took third on Wayne Comer's bunt single. Brinkman scored and Comer advanced to second on a wild pitch before Howard unloaded into the visitors' bullpen, giving the Senators a 3-1 lead. Bob Oliver, who doubled home Kansas City's first run, brought the Royals within reach in the sixth with his ninth homer of the year. Bosman then stopped the visitors until the eighth, when he was clipped for singles by Ed Kirkpatrick and Amos Otis.

Cards Oppose Raiders Twice

Sobered by a double defeat handed them last weekend by the Odessa Stars, the Big Spring Cardinals return to action today in a baseball doubleheader at Lubbock's Lowry Field against the Lubbock Raiders. The opener gets under way at 1:30 p.m. The Raiders have added players from the Lubbock Hubbers and could be hard to handle. The twin loss suffered by the Cards last week dropped their won-lost record to 9-3. Odessa's margin of victory in the two games was 4-1 and 4-3. Hank Pope, Jerry James or Jimmy Farris could pitch the opener for Big Spring today. Jody Florez and Leon Hobbs will be on hand for bull pen work. Other starters for the Red Birds could be Felix Martinez at shortstop; Pat Martinez Jr., first base; Billy Pineda, second base; Tony Martinez, third base; Jesse Zapata, left field; Andy Gamboa, center; and either Junior Mendoza, Charley Rodriguez, Abel Ramirez or Benny Marquez Jr., in right. Jesse Olague will be available for work either in the infield or outfield. Joe Martinez will don the catching harness. The Cards will book two games at home next Sunday.

Excitement Building For Game At Lubbock

LUBBOCK — Excitement continues to build as West Texans await the arrival of the Coaches All-America game slated for June 27 in Texas Tech's Jones Stadium. More than 40,000 fans are expected for the All-Star contest featuring All-Americans from throughout the nation. The game will be the 10th annual staging of the contest, which moves to Lubbock from Atlanta. The contest will be televised nationally by ABC.

The game is sponsored by the American Football Coaches Association in conjunction with the Lubbock Chamber of Commerce and the 63 Lions Clubs who make up District Two-T-2 in Lions International.

Bill Murray, executive director of the AFCA, said during a recent visit to Lubbock that he felt that Lubbock is offering the ideal location for the game. Murray commented that he was extremely pleased by the fine spirit of cooperation and enthusiasm shown by the officials of the City of Lubbock, Texas Tech University, Chamber of Commerce, and the Lions Club.

NEW TURF
The game will be the first regulation tilt played on the new artificial turf in Jones Stadium and stadium lights have been brought up to color standards for the national telecast.

Top names in the coaching ranks will direct the teams. Dan Devine of Missouri will coach

the West team, and Charley McClendon of LSU will lead the East squad.

The AFCA will conduct its annual convention and coaching clinic in the Lubbock Municipal Auditorium in conjunction with the game.

Game activities will get underway Monday, June 22, with a kickoff luncheon featuring the players and coaches. Other highlights during the week will include a Fellowship of Christian Athletes Banquet, a stage show in the Lubbock Municipal Auditorium, a Hall of Fame Luncheon, and a chuck wagon barbecue hosted by Gov. and Mrs. Preston Smith.

BEST IN COUNTRY

A galaxy of top footballers will cap off the week with the game Saturday night. Players already announced for the tilt include: Carl Crennel, West Virginia; Mike McCoy, Notre Dame; Dennis Shaw, San Diego State; Larry Brewer, Louisiana Tech; David Campbell, Auburn; Jerry Sherk, Oklahoma State; Bill Brundige, Colorado; Bob McKay, Texas; Denton Fox, Texas Tech; Rodney Brand and Cliff Powell, Arkansas.

Also, Jim Reilly, Notre Dame; Buddy McClinton, Auburn; Jim McFarland and Ken Geddes, Nebraska; Terry McMillan and Butch Davis, Missouri; Mel Easley, Oregon State; Billy Bridges, Houston; John Ward, Oklahoma State; John Small, The Citadel; Ron Gardin, University of Arizona; Godfrey Zaunbrecher, Eddie Ray, and George Bevan, all of LSU.

Also, Warren Muir, University of South Carolina; Walker Gillette, University of Richmond; John Isenbarger, Indiana; Robert Asher, Stanford; Ron McBride, Missouri; Bill Pierson, San Diego State; Jim Otis, Ohio State; Bob Parker, Memphis State; Bruce Taylor, Boston University; Dennis Leuthauer, Air Force; Billy Parks, California State at Long Beach; Jim O'Brien, Cincinnati; Tom Banks, Auburn; and Eric Harris, Colorado.

Glenn Petty Supervises Summer Track Program

A summer track program will be staged here under the direction of Glenn Petty, the Big Spring High School track and field mentor.

Petty emphasized that this would be a "fun" program, with no grueling workouts involved. Workouts start Thursday and continue until the final meet July 24-25. The drills start at 6:30 p.m. daily in Memorial Stadium and continue for two hours.

Competition will be held on four grade levels, starting with the midget group (11 years and under). The junior division will be for boys 12 and 13 years of age. Boys 14 and 15 will compete in the intermediate class while those 16 and over with high school eligibility left will compete in the senior division. The age limitations apply as of June 1.

Petty, who guided the 1970 Steers to an unexpected high finish in the 3-AAA meet, ran a similar program in Odessa for five years. He recalls he had a 'good' group of younger kids out over there but had

GLENN PETTY

some difficulty arousing the interest of the older boys. He hopes the older boys will respond to the challenge here. The athletes must furnish their own training gear but will have dressing room facilities furnished.

In each of the six meets in which Petty will likely enter a team, ribbons will go to the first six finishers. No team trophies will be awarded in any of the cinder shows.

A 50 cent entry fee will be charged each boy by each of the meet directors, payable when final eligibility blanks are sent in.

Big Spring's schedule:
June 20—Fort Stockton, Brownfield.
June 26-27—Odessa.
July 11—Denver City.
July 18—Seminole.
July 24-25—TAAF in Abilene.

Scotties Batter Hawks, 16 To 9

The Scotties surged to a 16-9 National Minor Little League victory over the Hawks Thursday.

The win left the Scotties with a 4-5-1 record. Danny Barber, Bryan Nikolai and Ricky Clark divided time on the hill for the winners, with Barber getting credit for the victory.

Ron Barber got the Scots off to a good start with a bases-loaded home run in the opening round.

Local Riders To Hold Own In Show Here

The competition looms tougher but local riders likely will hold their own when Big Spring Raceways, Inc., stages its afternoon of motorcycle races at 2 p.m. today in the infield of the old Sahara Drive In theatre west of town.

Among local entries who must be given a shot at first place money include Scott Carlile, Jack Hopper, Mike Bell, Max Bair and Danny Weir.

Out-of-town cyclists who may be here for the program, biggest of the year planned by local officials, include Joe (Wildman) Pierce, Larry Wilson and Johnny Garcia, all of El Paso; and John Paivada, Austin.

Riders invariably come in from such places as Midland, Odessa, Lubbock and other West Texas cities, too.

Cash purses are being made up for the winners. The local track is gaining a reputation around the state for its excellent condition and fast track.

Patrons of the track have all the conveniences of home. Ample bleacher space has been provided. Rest rooms will be in operation and the concessions booth will be open for those who develop an appetite for food or drink.

Snyder Wins Over Hirschi

SNYDER — Snyder swamped Wichita Falls Hirschi, 15-6, here Friday to win the Class AAA bi-district baseball championship in two straight games.

The Tigers had earlier edged Hirschi, 3-0, in 11 innings at Wichita Falls.

The Snyder team rallied for nine runs in the third inning and added five in the fourth. Coach Speedy Moffett used three pitchers in the rout. Together they yielded nine hits to the visitors but kept them well scattered. Bobby Ross accepted the loss for Hirschi.

Second baseman Wesley Bishop clubbed a triple, double and single for Snyder, driving in five runs.

The Tigers now face the winner of the Andrews-Dumas series in Regional finals. The winner there goes to the State tournament.

Bundy Is Taking Post At Andrews

SNYDER — Bill Bundy, backfield coach at Snyder High School, has resigned to become a coaching aide at Andrews High School.

A 1965 graduate of West Texas State University, where he played quarterback, Bundy coached at Duncanville for three years before coming here.

LOOKING 'EM OVER

High Coaches Dislike Evvy

By TOMMY HART

If his game isn't going well, and it usually isn't, pro golfer Howie Johnson uses more course language than any player on the circuit... The manner which University of Iowa football coach Ray Nagel is lowering the boom on his former boss, Forest Evashevski, causes one to recall what ex-Big Springer Bobby Savage, now of Des Moines, Iowa, said about Evvy years ago—that no high school coach in Iowa would give him the time of day... Nagel revealed recently that Evashevski refused to give him parking privileges outside the stadium, forcing him to pay to use the public lot... The fellow Evashevski blocked for in college, Tom Harmon, was very unpopular with some people in the Air Force 25 years ago because of a couple of stories involving his capabilities with an airplane... Ray Knoblauch, the former Odessa Longhorn league hurler, continues to field the best high school baseball teams in the city of Houston... He's at Bellaire High... Charley Fox is perhaps only a temporary appointment as manager of the San Francisco Giants—the job may go to Willie Mays in '71... In that event, the Giant coaches had better be prepared to work overtime—Willie isn't credited with being the craftiest strategist in the big leagues... In a way, Willie has been the boss for some time—he alone decides when he'll play... Jerry Johnson, the pitcher traded recently by St. Louis to San Francisco, once played baseball under Julian Presey at Odessa... Johnson was very upset over the news he was to depart the Red Birds... Johnson and his wife had recently shipped their furniture from New Jersey to St. Louis when informed of the trade... The foster father of HCJC-bound Lawrence Young once taught in the Big Spring school system... He is Montgomery Ashford... HC's new cage mentor, Harold Wilder, has been screening his prospective players very carefully, wanting only those boys who will be a credit both to the school and the game itself... Attendance in the Western division of the National baseball league will suffer if the Cincinnati Reds don't cool off... St. Louis ran away with the 1967 pennant and the gate in the west was way off... When Jackie Jensen quit his baseball coaching job at the University of Nevada to become a farm club manager for the Boston Red Sox, his salary quadrupled.

GENE AUTRY (circa 1938)

Dr. Bob Coffey, son of John Askev Coffey of Big Spring, is a marathon racing buff... He was clocked in under four hours in the 26-mile Boston Marathon several weeks ago and planned to run in a similar event in San Francisco this weekend... The Coaches' All-America football game will, no doubt, play to a capacity house this summer but will lose some talent because pro teams do not want some of their better boys risking injury in the game... One who won't show is Terry Bradshaw... In the past, such athletes as Joe Namath, O. J. Simpson and Leroy Keyes have passed up the game... Dave Meggysy, the former St. Louis Cardinal linebacker who swung a haymaker at pro ball recently after announcing his decision to call it a day, only last year was saying "You can't be a mercenary... you have to enjoy the game"... Dave is the father of three children... Texan Lloyd Ruby blew no fewer than six engines in practice and trial runs prior to the Indianapolis 500... The best football schedule the Houston Oilers have ever had will test the mettle of Big Springer Charley Johnson, the Oilers' new navigator... If Johnson can stay whole, Houston is capable of beating anyone it plays... Southwest Conference football teams will not only open the 1970 collegiate football season but will close it, as well... Baylor and Missouri get together in St. Louis Sept. 11 for the game's opener... Texas and Arkansas have the stage all to themselves in the windup Dec. 5... W. L. Young, the late father of Stanton's new head coach, Bill Young, was one of the game's best loved mentors... The father, who went by the nick name of Diddle, was part Indian and all man... Look for Y. A. Tittle to one day be named head coach of the New York Giants, now that he has rejoined the club to help tutor the quarterbacks... Members of that Big Lake golf course, which hosted an invitational tournament recently, probably have more carts in operation than the Big Spring Country Club and BS Myny courses combined... So relate spies who played in the tournament... There were at least four quarterbacks considered better college prospects in Mississippi than Archie Manning when Archie was in high school but the Ole Miss star emerged as the top man at his position last fall, Terry Bradshaw notwithstanding... They say the reason the California Angels' pitchers do so well is that if they lose they have to kiss Gene Autry's horse... (Autry is a major stockholder of the club and if you're too young to recall Autry as a movie cowboy you may not understand the joke).

Cubs, Padres Divide 2 Games, 11-4, 8-7

CHICAGO (AP) — Glenn Beckert hit a tie-breaking home run with two out in the eighth inning Saturday as the Chicago Cubs outlasted San Diego 8-7 for a split of their holiday doubleheader.

The Padres took the opener 11-4 as Steve Huntz singled, hit a two-run homer, doubled, walked twice and scored four runs.

The Cubs had overcome an early 4-0 deficit in the second game and forged ahead 7-4 before the Padres tied it with three runs in the seventh on doubles by Clarence Gaston and Al Ferrara. Ollie Brown's single and Ivan Murrell's double.

Huntz belted his eighth homer in the second inning of the opener after Ed Spiezio doubled

and Dave Campbell singled him home.

It put the Padres ahead 4-0 but Hickman hit a three-run homer in the third and Kessinger's triple tied the score an inning later.

But San Diego went ahead to stay in the fifth on Huntz' double, Gaston's single and a sacrifice fly by Ferrara and sealed it with four runs in the seventh,

including a two-run single by Brown.

Pirates Shade Stars, 8 to 7

Charles McKinney, called to mound duty midway in the game, was credited with the win when the Pirates turned back the Stars, 8-7, in an American Little League thriller here Saturday.

McKinney, who had relieved Shawn Anderson on the hill, scored Anderson with a two-out single in the first extra inning of play after the Stars had tied the count with a three-run outburst in the sixth.

The win was the Pirates' fourth in ten league assignments. The Stars dropped back to 7-3.

McKinney was the only player on either team to collect as many as two hits. The Corsairs collected eight hits in all. Miles Boodle clubbed a fourth inning home run for the Pirates.

FISHING BRIEFS Boy Scout Troop In Lake Outing

An estimated 80 Boy Scouts from Odessa were among visitors at Lake Colorado City recently.

Sponsored by the Odessa Police Department, the Scouts tried for fish around Mattie's Cabins after first approaching the recreational area for a weekend in and around the water.

When they learned they didn't have the equipment for other sports, they turned to fishing with some success.

C. H. Hyden, Big Spring, fishing off Cooper's Cove at Lake Colorado City, caught a 25-pound yellow catfish.

LAKE COLORADO CITY LAKEVIEW CAMPS
D. D. Penry, Crane, caught a 16 lb. yellow cat and four nice size yellow cat; Dan Lewis caught a 4 lb. yellow cat and 2 lb. channel cat.

They are from Odessa.

Red Sox Rip Chicagoans

BOSTON (AP) — Veteran relief pitcher Vicente Romo broke a sixth inning tie with his first major league homer and the Boston Red Sox went on to a 7-5 victory over Chicago Saturday, handing the White Sox their 12th loss in the last 14 games.

After Romo's homer, the Red Sox added another run on a single by Mike Derrick, an infielder out, an infield hit by Rico Petrocelli and a throwing error.

Carlos May drove in three runs with a first inning single, an infield out in the third and a sacrifice fly in the fifth as Chicago built a 5-4 lead.

Boston tied it on a double by Petrocelli and a single by George Scott in the fifth.

Four Boys Eye Amarillo Trip

The four boys who finished first in the Hit, Pitch and Throw contest conducted here last week under the auspices of the Phillips Petroleum Company will accompany meet director Jack Barber to Amarillo next Saturday for competition on the district level.

The activity in Amarillo gets underway in the Giants' baseball park at 1 p.m. The winners there go to Houston for state competition June 29.

The four boys who will represent Big Spring at Amarillo are Rick Myers, nine-year old; Ron Nichols, 10-year old; Pat Carroll, 11-year old; and Craig Knappe, 12-year old.

Stringrays Nudge Firebird Club

The Stingrays bunched their hits in the second inning to decision in the Firebirds in American Minor Little League play Saturday, 6-3.

In a four-inning contest, the Stingrays counted all their runs in that canto. Perry banged out three of the winners' eight hits. James Aldrich had three safeties for the losers.

SWC Has A Difficult Grid Act To Follow

DALLAS, Tex. (AP) — The 1969 Southwest Conference football season which produced a national champion in the Texas Longhorns and records galore will be a hard act to follow this autumn, but the material is there for another frantic repeat.

Ten of the 22 consensus all-conference performers return for at least one more season.

Here is what last year's heroes will have to face up to: —The No. 1 team in Texas.

—A season-ending showdown between unbeaten teams ranked No. 1 and No. 2 in both wire service polls: Texas vs. Arkansas.

—The nation's leading rushing team, Texas.

—The nation's leading defense against scoring team, Arkansas.

—The nation's leading punter, Ed Marsh of Baylor.

The nation's No. 2 passer, Chuck Hixson of SMU.

Texas returns 35 lettermen, 11 of last year's 22 starters. Coach Darrell Royal says "We have just as good a chance as last year's team."

Texas and Arkansas are set for a Dec. 5 meeting before the national television masses.

Other possible repeat prospects in the above-mentioned categories include:

—Texas returns six of its 11 offensive starters, including rushing leaders Jim Bertelsen and Steve Worster.

—Arkansas returns six of 11 defensive starters, including three of the four down linemen.

—Ed Marsh will be back.

—Chuck Hixson returns as he attempts to regain the national passing championship he won as a sophomore in 1968.

Rushing champion Bill Burnett of Arkansas returns. All five of the top passers are back—Hixson, Steve Judy of TCU, Bill Montgomery of Arkansas, Rocky Self of A&M and Charles Napper of Texas Tech. However, Self is expected to lose his job to sophomore signal caller Lex James.

Returning are the top four scorers, Burnett, Bertelsen, Texas kicker Happy Feller, and Arkansas kicker Bill McClard. The five total yardage producers of last year will be back—Hixson, Judy, Self, Montgomery and Napper. Tandem, offense, rushing and receiving, stars Burnett Gary Hammond of SMU, and Bertelsen are back.

In 1969, the SWC teams had an average of 150.3 plays per game which bettered the record-setting NCAA season by a fraction and was some 33 plays a game more than professional football. SWC teams averaged well over 40 points per game.

Texas scored every 14.6 of offensive plays. And Arkansas allowed a touchdown only once in every 88.1 plays.

TWO ARE UNANIMOUS Three Steers Are On All-Zone Nine

Three members of the Big Spring High School baseball team have been included on the 1970 3-AAAA All-Zone baseball team.

The honored Steers were pitched Jimmy Farris, a unanimous pick; third baseman Charley Rodriguez and center fielder Andy Gamboa.

In addition, catcher Joe Martinez and second baseman Roddy Caffey of the Longhorns gained the Honorable Mention List.

Harris and Lefty Hunt Batjer of the San Angelo Central club were the pitchers selected. Batjer lacked one vote of being a unanimous choice.

Gamboa was also a unanimous pick on the club. The only other player who was a universal choice was Don Marshall, Abilene High first baseman.

Gamboa hit .359 during the 3-AAAA season. Rodriguez finished with a .320 mark. Farris won six while losing seven but had the best earned run average in the league and paced the circuit in strikeouts. Five of his losses were by one run.

Abilene High, champion of the east, placed four boys on the squad, San Angelo had three and Abilene Cooper one.

The team:

Pitchers—Jimmy Farris, 85, sr., 67 (7 votes); Hunt Batjer, SA, sr., 82 (6).

Catcher—Ramsay Koschak, SA, sr., (3).

First base—Don Marshall, AHS, sr., 284 (7).

Second base—Randall Totum, AHS, jr., 327 (6).

Third base—Charley Rodriguez, BS, sr., 320 (4).

Shortstop—Wayne Williams, AHS, soph., 318 (5).

Utility inf.—Jimmy Tindall, AHS, sr., 274 (4).

Left field—Neil Sykes, SA, jr., 270 (4).

Center field—Andy Gamboa, BS, sr., 259 (7).

Right field—Leroy Patrick, CHS, jr., 254 (4).

Honorable mention—Clint Thomas, AHS (pitcher); Joe Martinez, BS, Mike Mayes, CHS, Tommy Edwards, AHS (catcher); Roddy Caffey, BS (second base); Roddy Shelton, CHS (third base); Gary Lucy SA (shortstop); Roy Holland, SA (utility inf.); Greg Strimman, Teddy Flies, AHS, Scooter Finley, CHS (outfield).

Coach of the Year—Blacky Blackburn, AHS.

Workman Pitches Sparks To Win

Mike Workman pitched the Sparks to their fifth straight National Little League Peeeweew Saturday, surrendering only two hits as his team nudged the Giants, 9-2. He fanned nine and walked four in the five-inning struggle.

The Giants are now 3-2 in the standings.

Tony Womack paced the Sparks' four-hit offensive with two runs that accounted for three runs-batted-in.

The Giants' starter, Mike Madry, yielded two hits, as did his reliever, Mark Harris. The Sparks' Randy Cregar and the Giants' Russell Bredsoe were the catchers of record.

Cubs Turn Back Newsies, 11-7

The Cubs, benefitting from a seven-run second inning, won their first National Little League Peeeweew game Saturday by kayoing the Newsies, 11-7.

Larry Wheat clubbed a second inning round tripper for the Cubs to share hitting honors with Russell Pearce and Weldon Nichols. Nichols was the winning pitcher.

'THEY MANAGE THE NEWS' Maddox Opens Campaign Against Atlanta Papers

ATLANTA, Ga. (AP) — Gov. Lester Maddox, claiming two Atlanta newspapers have deliberately published news stories slanted against him, plans the opening round of a personal campaign against the management of The Atlanta Journal and The Atlanta Constitution today.

"It's the management that's done it and not the rank and file reporters," Maddox said in an interview.

"They manage the news. The management doesn't tell them (the reporters) what to write, but if it's favorable to the governor of Georgia, they just refuse to publish it. Their own reporters tell me this."

Maddox announced his campaign at a hastily called news conference Friday and said it will include:

—Abandoning selling the newspapers on property included in the state capital complex and the removal of the newspapers' vending machines from all state buildings in Atlanta by 4 p.m. today.

—Personal picketing of the newspapers' offices next week "just as soon as the signs are ready."

—And an appeal for all Georgia residents to drop their subscriptions to the two newspapers during the month of July.

He also said that if these efforts do not produce results he will "call on the business community to drop its advertising in the papers and, perhaps, give consideration to issuing an executive order taking all liquor advertisements out of their newspapers."

Maddox was asked specifically what he hopes to accomplish through his protest.

"I want them to start telling the truth," Maddox said. "I want them to stop waging war against the State of Georgia and the people of Georgia. I want the management of those newspapers to stand up for local government, state government and the country rather than being on the other side."

William I. Ray, executive vice president and general manager of the newspapers, said:

"We believe in the freedom of the press, including the freedom of others to criticize us.

Attends Confab

Mrs. Fannie Clark, R.N. and Miss Priscilla Brown, R.N., at the local Veterans Administration Hospital will attend IntraVA Detail at VA Hospital, Amarillo, Tex., Monday through Thursday.

Wade Marks His 20th With Skelly

EUNICE, N.M. — Derwood Wade, operating engineer at Skelly Oil Company's gasoline plant here, observed his 20th anniversary with the firm this month. Wade joined Skelly in May, 1950, as a yardman, then worked as an oiler before being named to his present position in 1951.

He attended school in Big Spring, Tex., and served in the U.S. Navy from 1941 to 1945. He is a member of the Masons, American Legion and Methodist church. Wade and his wife Doris live at 905 Avenue L in Eunice. They have four children, Alice Rose, Derlynn, Sherry Ann and Joel Lee.

Thus we gave complete coverage on page one to Gov. Maddox's criticism. We will continue to make our papers available to the public for purchase and will defend our freedom to do so."

The governor's outburst apparently was set off by recent editorials and some news stories which he said were slanted against a special legislative session he plans to call.

Nation's Meat Imports Coming Under Scrutiny

WASHINGTON (AP) — Within another month Agriculture Secretary Clifford M. Hardin must decide again whether the nation's meat import situation is going to plan or recommend stiff quotas be applied to the supplying countries.

Hardin is required by the 1964 meat import law to announce quarterly his estimate of how much quota-type meat, mostly beef, is expected to come into the United States during the entire year.

1968-69 Big Spring (Texas) Herald, Sunday, May 31, 1970
If his estimate exceeds a maximum "trigger level" — this year almost 1,000 billion pounds — the White House is required to proclaim quotas for the remainder of 1970.

Thus far quotas have not been used. They have been avoided in recent years mainly because of voluntary agreements between the supplying countries and the United States to keep import totals within bounds. Based on these agreements, Hardin so far for 1970 has estimated the year's import total

DAV Chapter Meets Monday

The Big Spring chapter of the Disabled American Veterans will meet Monday at the Big Spring Savings and Loan building at 8 p.m.

Commander Lee Greaves said all DAV members and their wives are invited to attend. The Ladies Auxiliary will also meet at that time.

One method involves a fairly complicated but direct maneuver with the quota law. If Hardin's estimate triggers quotas, President Nixon could then, because of "overriding economic or national security interests," suspend quotas and allow more meat to come in.

Gamco Moves Into Printing For Public

Creative Printing, a division of GAMCO, has announced its entry into the commercial printing field.

The division has been part of the GAMCO operations in developing and printing instructional matter and instructional aides for Creative Visuals, as well as for production of catalogues, brochures, etc. As such, it has been equipped to provide full and fast service, which now is being made available to the public.

Complete service, as well as quality work, is one of the points stressed by Jim Gillespie, head of the branch and the printing division. This includes creative art work, design, production, binding, packaging, mailing, etc.

Dave Hoop is print shop manager, and Mike Paul is the art director. They have a

trained staff under them, plus one of the widest arrays of equipment of any point in West Texas.

One of the presses is a 23x29 Harris with two colors (by a double run it can turn out full or process color) at rates of 6,000 per hour, or even up to 8,000. The division also has a 17x22 one-color Chief; two 11x14 presses and one for 8 1/2x11 work.

The large collater assembles materials up to 64 pages, and delivers to folders, stitchers and binders. Binding is done in ranges from stiff stock to saddle finish. The paper stock is in a variety of weights and colors to suit any sort of job. Backing up this array are the camera and plate-making rooms, plus a trained force capable of stuffing, mailing catalogues, brochures, etc.

Youngsters Still May Sign For Swimming Program

It's not too late for youngsters to get in on the learn-to-swim classes of the Citywide Summer Recreation program this week.

Instruction begins Monday at the pool in Comanche Trail Park, and parents who have not registered their children are asked to be there a bit ahead of starting time. So far there are over 135 signed. This is roughly 75 per cent over the same time last year.

Also, there is additional enthusiasm in the sign-up for the Summer Fun program which will start July 31 and continue through July 31. There will be one group at Comanche Trail Park for recreational activities, crafts, art, nature study, contests, swimming, etc., Monday

through Friday mornings. So far more than 60 youngsters have been enrolled.

A similar program on the same schedule will be held at Lakeview school, and more than 100 have signed so far.

The basketball program for boys, who will be in the ninth grade or above this autumn, will also start June 8.

For Fun Club or for basketball, the sign-up this week will be at the YMCA, which coordinates the program for the City of Big Spring, United Fund, Big Spring Independent School District, and YMCA. There are no charges, except a nominal pool fee (\$1) and crafts supply fee is suggested. Those who can't pay the fee are just as welcome as those who can.

Summer Workshop

The Homemaking Department of Big Spring High School has planned several workshops to be offered to adults this summer and you are invited to participate in one or all of them by contacting the school. These will provide the fun of learning a new skill or improving a familiar one. There will be no charge for these workshops except that the individuals are asked to furnish the materials which they will use in the course.

IN THE ADULT WORKSHOP, a course in basic sewing will be taught by Miss Kay Condron, left, and Mrs. John Hamilton. The course will present methods of construction applicable for making blouses,

skirts and one and two-piece dresses. Classes will be held from 7 to 9 p.m., June 15 through 19, in the air conditioned clothing room at the high school.

HOMEMAKING WILL CONTINUE to be taught as a regular course at Big Spring High School this summer by Mrs. Tolbert Grisham, left, and Mrs.

John Annen. The class will begin June 1 and is open to any high school student with no prerequisites required.

WITH SUMMER just around the corner, most people are looking forward to a change of activities and finding new adventures either in far-away places or right at their own back door. The Adult Summer Workshop at Big Spring High School offers such an opportunity to women who are anxious to learn more in various areas of homemaking. The newest techniques in furniture antiquing, as well as creative stitchery procedures, will be taught this year by Miss Helen Willard, left, at Big Spring High School. During recent years these two crafts have become increasingly popular in home decorating. Both give a new look to a home at a small cost and can be learned quickly by even amateurs. Below, Mrs. Jack Alexander, head of the high school homemaking department, displays two embroidered wall hangings such as students may undertake. Mrs. Alexander will not teach this year for she will be working with the Texas Education Agency on curriculum while working on a master's degree at Texas Tech University in Lubbock.

ADVANCED SEWING techniques will be taught to adults during the summer workshop by Mrs. Wilbur Cunningham. Students will watch demonstrations and prepare folders for reference when sewing at home. Included will be such things as bound buttonholes, lining and underlining, inter-

facing, pattern fitting and pressing wool and special fabrics. The class is recommended as a prerequisite for those who have not had much sewing experience. From July 13 through 17, the course will be taught from 1:30 to 3:30 p.m. in Room 114 at the high school.

Lamesa Couple Wed In Candelight Service

MRS. MARVIN J. WOMACK

The North Fourteenth Church of Christ in Lamesa was the setting Friday evening for the formal wedding of Miss Sandy Grigg and Marvin J. Womack. Larry Marshall was the officiating minister.

Music was by a vocal group from the Fourteenth and Main Church of Christ in Big Spring, and the songs were "Because," "O Promise Me," "Whither Thou Goest" and "Faithful and True."

Parents of the couple are Mr. and Mrs. Donald N. Grigg, Route B, Lamesa, and Mr. and Mrs. James Womack, Lamesa.

At the altar, branched candelabra flanked a tall basket of white gladioli and carnations backed with fern and tied with white satin bows.

The bride was attired in a full-length gown of white bridal satin enhanced with lace appliques on the skirt and bodice. Lace formed the long fitted sleeves, and a train was attached at the Empire waistline and topped with a wide bow.

Her veil of illusion fell from a headpiece of lace petals trimmed with seed pearls, and she carried a bouquet of white carnations centered with two white orchids.

Mrs. Danny Womack of Arlington, sister-in-law of the bridegroom, was matron of honor. She wore a street-length dress of emerald green taffeta and a matching headband and brief veil. Identical attire was

worn by the bridesmaid, Miss Lynn Massingill. Both carried a single long-stemmed white carnation tied with green and white streamers.

BEST MAN

Danny Wade of Arlington, brother of the bridegroom, was best man, and ushers were Mark Pipkin and Bob Ayers.

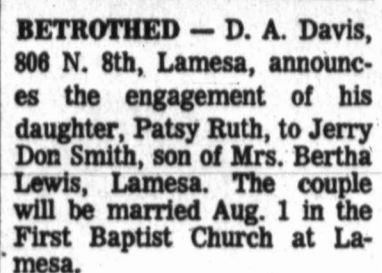

Lance Wade was the groomsmen, and Scot Zant of Ackerly was ring bearer. Altar tapers were lighted by Jana Grigg and Neal Grigg, brother and sister of the bride; and Kimberly Ann West of Big Spring was the flower girl. Her dress was styled similar to those of the other attendants.

After a wedding trip to Ruidoso, the couple will reside in Lamesa where he is employed by Lamesa Meat Company. For traveling, Mrs. Womack chose a navy and white printed silk crepe dress worn with sleeveless linen coat and white accessories. Her corsage was the orchids from her bouquet. She graduated from high school at Ackerly where she was cheerleader and president of the Future Homemakers Association. Womack graduated from Lamesa High School and

attended Howard County Junior College.

Miss Teresa Griffin of Big Spring registered guests at a reception in the fellowship hall. Other members of the house party were Miss Londa Kemp, Miss Carla Hunt and Miss Jill Hunt, all of Ackerly, and Miss Debbie Grigg of Big Spring.

Out-of-town guests were Mrs. R. L. Weeks, San Angelo; Mr. and Mrs. Joe A. Griffin, Carlsbad, N.M.; and Mr. and Mrs. Paul Daniels, Mr. and Mrs. Mansel Williams, Mrs. Ola Mae Griffin, Mr. and Mrs. Jack M. Lewis, Lamesa. The couple will be married Aug. 1 in the First Baptist Church at Lamesa.

BETROTHED — D. A. Davis, 806 N. 8th, Lamesa, announces the engagement of his daughter, Patsy Ruth, to Jerry Don Smith, son of Mrs. Bertha Lewis, Lamesa. The couple will be married Aug. 1 in the First Baptist Church at Lamesa.

Hints From Heloise

DEAR HELOISE:
No one should throw away those old felt hats — men's or women's.

I cut them to fit on the bottoms of ceramics, table lamp bases, flower pots, cookie jars that scratch the counter, etc. The list is endless. Certainly saves your fine furniture.

One thing I found, though, was that while the felt is drying on the base of an object, it should be set on a magazine or cardboard, as some of the glue sometimes seeps through the felt and could make a rough spot on a table top. D.J.L.

Dear Heloise:
To keep from flipping the color solution from my long hair all over the bathroom, I put my hair up on top of my head and secure with a rubber band. Then I color only the root area by using a squeeze bottle and moving the tip from the hairline to the crown and under the rubber band.

I leave the color on the required time, then rinse and shampoo through two soapings with the rubber band still on.

After removing the band, I continue with another soaping and rinse. Molly Avery

Dear Folks:
Here's an idea for those of you who sew — and if you're like me, that old courthouse clock looks further and further away each day 'cause our eye-

sight AIN'T what it used to be. Did you know that if you keep a flashlight in the drawer of your sewing machine, whenever you thread your needle, you can pick up the light and flash it on that eye — and Shug, that thread will go right on through. Heloise

Dear Heloise:
Because I take surveys by calling people on the phone, I have something that I would like to get off my chest:

I would like to explain that telephone survey work and telephone promotion work is the only kind of work that some disabled persons, shut-ins, and mothers with young children can do. This is their job! I don't think anyone would be

rude to these people if talking to them face to face, but over the telephone it seems to be a different story.

If you're called and are in doubt about the credentials of the caller, ask what company he represents. If it is legit, I'm sure he will gladly give you this information. If you haven't the time and don't wish to participate, simply give him a polite "I'm sorry." This will suffice and that faceless party on the other end of the line will appreciate it greatly.

Frustrated
Bless you all! Love for today!
Heloise

"The affects of Malnutrition on Mental Health" was discussed by Mrs. Webb Nix at the Luther Home Demonstration Club meeting Thursday in the home of Mrs. Francis Zant.

KNOTT CLUB
Kott and Coahoma 4-H Club members gave demonstrations at the Knott Home Demonstration Club meeting Tuesday in the home of Mrs. J. R. Clements.

The state president of the Ladies Auxiliary of IOOF Patriarch Militant, Mrs. Ophelia Carnes of Dallas, was welcomed by the local IOOF Patriarch Militant Thursday in the IOOF Hall. Mrs. Carnes told of her program plans for the year.

Mrs. Garland Sanders won the door prize. The next meeting will be June 9 in the home of Mrs. L. J. Davidson, Route 2, for the demonstration of cool rise yeast bread.

State Head Of Auxiliary Visits Here

Accompanying Mrs. Carnes were Mr. and Mrs. W. E. Weis, Canton No. 46, El Paso; Mrs. Mabel Lundell, Auxiliary 46, El Paso; and Mr. and Mrs. Jack Armstrong, Canton 28, San Angelo. Weis and Armstrong directed

a drill by the ladies and cheerleaders to honor Mrs. Carnes. Mrs. J. R. Petty, president, presided at the meeting. A covered-dish supper was served. The organization's colors of gold and purple were carried out in the decorations. The tables were covered with gold lace cloths, and an arrangement of gold and purple flowers centered the head table.

A breakfast was given Friday for Mrs. Carnes in the home of Mrs. A. F. Gilliland, 1012 E. 12th.

Three Will Leave For Hawaii Trip
Mrs. William T. McAndrews of Carlsbad, N.M., arrived here Saturday to take her grandsons, Michael Holten and Matt Holten, on a two-week vacation trip to Hawaii.

The boys are sons of Mr. and Mrs. J. Y. Holten, 2204 Carl, where Mrs. McAndrews will be a guest until Tuesday when the three will depart from Terminal for Los Angeles, Calif. From there, they will take a flight to Hawaii and will also visit the surrounding islands.

The trip is Mrs. McAndrew's graduation gift to Michael, who graduated from Big Spring High School Thursday evening, and Matt, who will graduate next year.

Wayne Wattses Visit In Forsan

FORSAN (SC) — Mr. and Mrs. Wayne Wattses of Wichita Falls have been guests of their son-in-law and daughter, Rev. and Mrs. Don Bradley.

Mr. and Mrs. J. M. Craig have returned from Odessa where they were guests of the Jim Kelleys.

Open House Held At Parsonage

FORSAN (SC) — The Rev. and Mrs. Don R. Bradley held an open house last week at the Forsan Baptist Church parsonage for the Forsan community. The church recently had the parsonage re-painted and carpeted, and this was the first function held there since it became the residence for the Bradleys. Fifty guests attended, and members of the house party were Mrs. J. D. Gilmore, Mrs. Jesse Overton and Mrs. George White. Later, the church held a fellowship and "pounding" for Rev. and Mrs. Bradley in the fellowship hall where punch and dessert were served. Among the guests were Mrs. Bradley's parents who live in Wichita Falls.

Make yourself a handsome and original headboard for your bed with stock picture frames. Select frames with cove molding to measure the width of your bed (the height is up to you). Insert fabric in frame — a quilted cloth is especially plush — to match bedspread or accent room decor.

Using screws from back side, secure all frames to plywood. Create your own "stained window." First, make your design on window with crayon or felt-tipped marker. Fill in design with glass stain. Cover vinyl with black masking or vinyl tape on both sides of window. Add glass wall shelves to the bathroom in a variety of lengths to attractively and conveniently display colognes and beauty aids.

Mrs. Dalton Wright was nominated as delegate to the THDA convention. The next meeting will be June 9 in the home of Mrs. Robert Brown.

CENTER POINT
Mrs. Bob Wren, 700 E. 14th, was hostess for the Center Point Home Demonstration Club meeting Tuesday when members discussed antiques. They reviewed the qualifications for a THDA chairman and nominated Mrs. Alden Ryan. Mrs. J. R. Petty, club president, was nominated as delegate to the state convention.

Men's socks were taken to Big Spring State Hospital. Clothes were collected for Lubbock tornado victims and a \$10 donation made.

Clearly Understand Details Of Retail Charge Agreements

By CATHERINE CRAWFORD
(County HD Agent)

Retail stores have extended some type of credit to customers for years. But many stores offering retail charge agreements have changed their accounts, giving customers both the convenience of a regular 30-day charge account and credit features of a revolving or optional charge account. When the total account is not paid within 30 days the customer is charged 1 1/2 per cent per month on the unpaid balance, a true or annual percentage rate of 18 per cent.

Retail Charge Agreements. You, the customer, sign an agreement when the account is opened. This becomes the continuing basic contract underlying all use made of the account.

CREDIT LIMIT

You may be assigned a maximum dollar limit, depending on your credit rating and desires. You may agree also to pay within 30 days any amount charged over the limit. Some agreements require 10 per cent or more of the outstanding balance at the end of each billing cycle. New purchases may be made any time, as long as the total obligation remains under the limit.

Payments may be made in varying installments, according to agreement terms. In all charge agreements, you may pay the total bill before the next billing cycle, with no direct extra charges.

Billing Cycle: Stores use billing cycles to spread out the monthly mailing of bills. They group accounts, usually by alphabet, and notify each group to expect monthly bills at certain intervals, not necessarily on or near the first of the month.

Finance Charge: Each month a finance charge or time price differential is added to the carried-over, unpaid amount

from the previous month's billings. The 1 1/2 per cent charge is not applied to additional purchases made the current month. This is not an interest charge, but a finance charge to cover bookkeeping and other costs.

TEXAS CODE

The Texas Credit Code allows a minimum finance charge of 75 cents per month for any billing cycle in which a balance of less than \$50 is due. If the

charge agreement does not provide a minimum, the charge is figured on the exact amount. If a balance up to \$500 is left unpaid more than 30 days, a finance charge of 1 1/2 per cent is added. A finance charge of 1 per cent is added to any amount above \$500 unpaid for more than 30 days. This amounts to 12 per cent annually.

If the buyer fails to pay installments under the agreement, the seller may demand full payment of the balance. If referred to an attorney for collection, the buyer agrees to pay a reasonable attorney's fee, plus court costs.

Look for these items in Your Charge Account Agreement:
—Previous balance owed.
—The finance charge in dollars and cents.
—The new balance you owe.
—The date you must pay in full to avoid additional finance charges.

—See if charges are applied to the previous or adjusted balance.
—Ask yourself if the privilege of having the item is worth the additional cost.

—Shop for the cheapest plan.
—Pay the total amount owed as quickly as possible to avoid additional charges.
—Keep up with the balance of your account.

—Avoid perpetual indebtedness.
—A new Texas Agricultural Extension Service Fact Sheet called "Revolving Credit" is now available at the local county extension office in the basement of the courthouse. In addition to some of the information included in this article are tables showing how some revolving charge accounts are figured and examples of revolving charge account agreements. If you would like a copy of Fact Sheet L-750, please call 267-8469 and request that a copy be mailed to you.

'ROUND TOWN

BY LUCILLE PICKLE

The graduating class of 1970 must surely have a special line to the weatherman as the weather has never been so perfect for an out-of-doors affair. There was no wind, no threatening clouds and it wasn't cold. In fact, it was a little on the warm side. But it really was fair weather... but the picture would have been different on Wednesday or Friday... Thursday was a special night for the graduates.

from Floydada to see her grandson, BOBBY BRYANT, graduate Thursday night and to visit her son, NEAL BRYANT, and members of the family. She then continued on to Miami, Fla., to see her granddaughter, MOLLIE BRADLEY, daughter of Ed Bradley and the late Mrs. Bradley, get her high school diploma.

MR. and MRS. R. E. BLOUNT of New Braunfels, will be here Tuesday visiting in the home of MR. and MRS. A. W. MOODY for several days. They had spent Thursday night here and continued on to Amarillo to visit MRS. LESS WHITAKER.

RAYE NELL DYER and TERESA CONNER are back in Weston, Ore., for another summer working for Lamb Weston processing plant. Raye Nell is working in the lab and Teresa in the office. Weston is near Pendleton and not too far from Walla Walla, Wash. Their jobs last ten weeks.

We'll miss the GLENN COOTEESES at The Herald, but it could be worse. We're all planning to visit them some time or another at their place at 6200 Belfast, Austin, Tex., 78723.

But let's not all go at once or any time in the very near future. We'll wait until the larder is well stocked.

MR. and MRS. JOHN STANLEY and their daughter, Cindy, and Pam Stephens are spending the weekend in Ruidoso.

While MRS. W. G. WILSON was in Texarkana recently she and her sister took a trip into Arkansas to look at the antiques in the numerous shops.

TOM PICKLE came out from Dallas for the high school graduation of his brother, DAVID. He returned Friday morning.

Had a short goodbye with COL and MRS. CHANDLER ESTES whose daughter, Sharon, received her diploma and the next morning the family left for their new home in Columbus, S.C.

MR. and MRS. H. L. GUERIN have gone to Austin to take their daughter, Susan, who will register at the University of Texas Monday for the summer session. The Guerins are moving to Liberal, Kan.

Other Big Spring students at UT summer sessions will be JOHN and BETTY JOHANSEN.

MRS. M. M. MILLER, who has been a little under the weather, hopes to be well enough to take her planned trip to England to visit her older daughter and her family in London. She planned to leave this week.

REX TALBOTT, USN, is on furlough and is spending it with his parents, MR. and MRS. WILLIAM S. TALBOTT.

The International Convention of Rotarians in Atlanta, Ga., is the destination this week of MR. and MRS. FRIEND TALBOTT. They spent several days of the past week in Corpus Christi with their daughter, MRS. JACK McDANIEL, Mr. McDaniel and their family.

Here for the weekend to renew old friendships are MR. and MRS. FLOYD PARSONS and son, PAUL, of Little Rock, Ark. Mr. and Mrs. Parsons are in the home of Mr. and Mrs. Robert Stripling, and Paul is the guest of the Joe Pickles. He will attend the reunion of the Park Hill students who started school together and became members of the Class of '70 which graduated Thursday.

Other winners were Mrs. E. L. Powell and Mrs. Hudson Landers, fourth; and Mrs. Harold Parks and Mrs. Robert Lee, fifth.

'SPLASH DAY' SLATED TODAY

Today is "Splash Day" at Big Spring Country Club, marking the opening of the swimming pool for the summer months. The pool will officially open at 4 p.m., with refreshments being served to children by the Ladies Golf Association. All club members and their families are invited to participate.

Thanks Altrusa For Scholarship

A letter of thanks from the Altrusa Club scholarship recipient was read at the Altrusa luncheon meeting Thursday in Coker's Restaurant.

Miss Shirley Ray, who received the scholarship to Howard County Junior College for the past two years, graduated this week. The letter was read by Mrs. G. C. Broughton Jr., who presided at the meeting. She also read a letter acknowledging the club's donation to Lubbock tornado victims. The next meeting will be June 11 with officer installation slated June 25.

Alexander Vieras Will Live In San Antonio

Mr. and Mrs. Alexander Viera are on a wedding trip to Corpus Christi following their marriage Saturday afternoon in St. John Berchmann's Church at San Antonio. The bride is the former Miss Elizabeth Vasquez, daughter of Mr. and Mrs. Fernando Vasquez of San Antonio. Parents of the bridegroom are Mr. and Mrs. Fred Viera of San Antonio, formerly of Big Spring.

The ceremony was performed before an altar graced with an arrangement of white orchids, and the organist played traditional nuptial selections. The bride's floor-length gown of white organza was lavishly trimmed with lace and fashioned with Victorian collar and long puffed sleeves. A matching cap held her bouffant veil of illusion, and she carried a bouquet of white orchids tied with satin streamers.

The feminine attendants were Miss Sylvia Vasquez, Miss Jessica De Hoys, Miss Rosemary Sanchez, Miss Amelia Valdez, Miss Alicia Luna and Miss Anna Lopez. Roy Valdez was best man, and ushers were Alfred Alemanza and Arthur Almanza. The flower girl was Sandra Jean Garcia, and ring bearer was Mark Anthony Avila. The couple will reside in San Antonio. The bridegroom played football at John F. Kennedy High School where the bride was historian for the senior class. She is employed by the Department of Aviation, International Airport.

The reception was held in the church hall where Miss Sylvia Vasquez registered guests. That evening, the couple was honored at a dance in the NCO Open Mess at Kelly AFB. Music was by the Felix Solis Orchestra. Guests from out of town were Mr. and Mrs. Angel Gonzales of Big Spring, uncle and aunt of the bride, and Mr. and Mrs. Tom White, Memphis, Tenn.

LIFE IN THE SUBURBS — Mr. and Mrs. Tom King play with their three-year-old daughter, Leslie, at their suburban home in Harrison, N.Y. They like the town and their home. Neither would consider living in the city with their children.

Trouble In Suburbia? More Families Longing For City Life

EDITOR'S NOTE — Suburbia used to be a one-way street crowded with thousands fleeing the city. Some of the tide has been turning lately, and the story of one rouse in one suburb offers some hints why.

By DEE WEDEMEYER
Associated Press Writer

HARRISON, N.Y. (AP) — The house on Canterbury Road is a suburban dream home: three bedrooms, two baths, 3/4-acre wooded lot with a stone fence, small brook, good schools, perfect for children.

If the house could talk, it would say much about why people move to the suburbs—and why they leave.

It was built of wood and stone 22 years ago, the kind of house that has tripled in value, the kind a real estate salesman would tap on its plaster walls and exclaim: "They don't build 'em like this any more."

people's ideas change and the house on Canterbury Road is no exception but a prototype of the joys and otherwise of suburban living.

The first owners, Dick and Marion Reiss, bought it in 1948 planning to live there happily ever after.

pleased with their 4-year-old son, Rick.

Once in Harrison they lived happily together for many years — the house, the Reiss's and their son—all growing older together. Then things began to change.

Gradually the woods became populated with other three bedroom homes. Some of the Reiss's contemporaries moved back to the city. The newcomers had young children and the Reiss's felt they had little in common with them.

Mrs. Reiss had been elected recording secretary of so many women's organizations she was grateful when Rick took his typewriter to Dartmouth College so she had an excuse to say no to further secretarial volunteering.

Her husband, a Democrat in a Republican area, enjoyed the smalltown politics and even ran unsuccessfully for town board once but somehow school bond issues didn't seem as relevant after Rick was in college.

Like many city-bred men, Reiss found he never really became handy with home repairs.

As Mrs. Reiss grew older, she didn't like being alone.

Rising suburban crime seemed ominous. The aging commuter trains began to bring her husband home later every night from his Manhattan law practice.

With Rick away at Dartmouth, then at New York University law school, the house seemed to grow larger.

"It was like an empty shell," recalled Mrs. Reiss.

Mrs. Reiss's health waned and doctors warned her about climbing stairs.

One day Mr. and Mrs. Reiss decided it was time to move. They sold the house, not without regrets, and moved into a two bedroom apartment in Manhattan.

They have no lawn on which to sit on a hot summer night. But then they reason there's no grass to mow. A building handyman takes care of repairs. They complain of air pollution but are proud of their East River view. She complains about the poorly stocked markets but she does enjoy having the groceries delivered.

Public transportation in the city is dependable but they enjoy not having the responsibility of an automobile.

Their rent is increasing but then they don't have to pay property taxes.

They entertain frequently but are resigned to the fact that during the summer their suburban friends, wouldn't care to come into the city.

"We just reverted back to where we were 26 years ago," said Mrs. Reiss. "The city in the winter, Westchester County in the summer. That's our story."

The Reiss's story appeared to be on the way to being repeated with the Alan Silverstone's, a young couple in their mid-twenties with one daughter, who purchased the house on Canterbury Road.

"We had a beautiful home. I just never had time to enjoy it," said Silverstone.

The Silverstones sold the house to the first people to see it, Janet and Tom King, both in their late 20's.

Janet, a petite blond, grew up in a small Massachusetts town. Tom, a portfolio analyst for a large brokerage firm, lived in New York City as a child and in suburbia as a teenager. Neither would consider living in the city with their daughter, Leslie, 3, or son, Douglas, two months.

Both sing the praises of Harrison and their house.

Cookouts—"That's standard suburban operating procedure," said Tom. "I've been known to cook out in a rainstorm."

Mrs. Estil Petty Receives Prize

The weekly bowl of fruit was won by Mrs. Estil Petty at the TOPS Slender Benders meeting Tuesday in Midway School. Mrs. Petty reported on the TOPS International Recognition Day she attended recently in Houston. Secret pals were revealed and Mrs. Ovis James was welcomed into the club. Gets University Scholarship

Miss Debbie Dunlap, 18, daughter of Mr. and Mrs. Ray Dunlap, 1805 Mittel has received a four-year music scholarship in piano and ensemble at

Hardin-Simmons University in Abilene. Miss Dunlap will attend Howard County Junior College this summer and enter the university for the fall term.

A student of Mrs. Ann Gibson Houser for the past six years, Miss Dunlap also received a high school diploma in music Thursday evening from the National Guild of Piano Teachers. She has participated in the guild auditions for eight years, always receiving a superior rating, and for the past two years, has earned the highest rating, the "Critic's Circle."

For the past four years, Miss Dunlap has been a member of the high school a cappella choir and served as accompanist. She is a member of the girls' sextette, "Six Shades of Dawn," and is in the youth choir of the First Baptist Church, also serving at times as accompanist.

A member of the Future Teachers Association and the Bible Club, Miss Dunlap has participated in vocal and instrumental interscholastic League contests.

A LOVELIER YOU Recontour Chinline With Hair Style Trick

By MARY SUE MILLER Have you ever stopped to think how a man with a jutting jaw looks kind of intriguing, but how little comethither the feature holds for us girls? Of

course, a receding chin is even more of a handicap and can be the undoing of an otherwise lovely face.

Here's where a few hair-styling tricks can recontour a chinline. Or appear to.

For softening a prominent jaw, the arrangement combines a fluid bang or swag and a fluff of ends. Bands should be cut on the diagonal; a swag should be draped from high to low across the forehead. The line so formed counteracts a jaw's sharp angles.

The body of the hair is brushed smoothly back and down to finish in flipped-under ends at least two inches below the chinline. By this tactic the jaw seems to slim down, its width minimized by the greater width of the hair.

In order to strengthen a receding chin, the hair is kept fairly close to the head with strands whirled in all directions. This styling elongates the chinline in profile. It also improves head-on contours by letting the chin step forward.

Both arrangements are currently in fashion, and that renders them extra desirable. Wearing one, you would not have to make a compromise between flattery and fashion. Since we girls have to make so many — what a relief!

LOVELIER HAIR
Overcome your hair problems! Send for my booklet, "How To Have Lovelier Hair." Advice includes: corrective care of dry, abused, oily and hard-to-manage hair; expert coloring methods and treatment of tinted hair; hairstyle formulas; tips on perfection cutting, permanents, straightening and grooming. Write to Mary Sue Miller in care of the Big Spring Herald for your copy, enclosing a long, self-addressed, stamped envelope and 25 cents in coin.

Teams Vie In Dress Competition

A paper dress contest was held at the TOPS Plate Pushers meeting Thursday evening in the Salvation Army Activity Room. Mrs. Garland Irons headed the team making the dresses and Mrs. Ray Menges headed the models. Mrs. Menges modeled the winning dress designed by Mrs. Robert Doe.

Mrs. Billie Shults won the weekly bowl of fruit. Mrs. Leon Rankin, co-leader, presided. The next meeting will be at 7 p.m. Tuesday. Anyone interested in the club may call Mrs. K. C. Webb, 263-2570.

Use Potato Slice

To reuse leftover fat, melt it and slice a raw potato into it, leaving it there 30 minutes or so. The potato should be browned by this time. Then add a pinch of baking soda. Strain the hot fat through a piece of clean cheesecloth and allow to cool. It is then ready for use in any cookery.

MRS. JAMES W. HUDSON

Couple United In Marriage

Miss Vickie Janice Sampson and James W. Hudson, son of Mr. and Mrs. H. D. Hudson, Route 1, were married at 7 p.m. Friday at the Clyde Church of Christ in a double ceremony with the bride's sister, Miss Patsy Lee Sampson, and Victor Richard Mahagan. The brides are the daughters of Mr. and Mrs. W. Garlon Sampson of Clyde. Mahagan is the son of Mr. and Mrs. H. W. Mahagan, Dallas.

The double ring ceremony was performed by Wallace Bradberry, minister of the Church of Christ at Ackerly. Wedding music was provided by Mr. and Mrs. Larry Edwards.

Gardeners Install At Luncheon

An installation luncheon was held by the Council of Big Spring Garden Clubs Wednesday in the Patio Room of Holiday Inn. Mrs. D. S. Riley, project chairman for District 1, Texas Garden Clubs, Inc. was a guest and installed officers.

Bill Sneed is the new president with Mrs. Don Campbell, vice president; Mrs. Paul Guy, secretary; Mrs. J. W. Trantham, treasurer; and Mrs. Tom Ivey, project chairman.

Mrs. Garner McAdams, outgoing president, presided. Sneed, who is a member of the Chamber of Commerce PRIDE committee, told of plans to publish a brochure of gardening suggestions for newcomers unfamiliar with the climate and soil in this area.

Sneed announced that the Men's Garden Club is sponsoring a contest for the "Big Pumpkin" and "Giant Sunflower" which began with the distribution of free seeds Saturday at Highland Center Mall. The contest for youths through high school age will be judged Oct. 25.

Members set Oct. 24 as tentative date for the annual flower show. Mrs. Guy Cook reported on the "Garden of the Month" contest, stressing that the contest is open to anyone in Big Spring, not just garden club members. Mrs. Cook provided a spring flower arrangement for the head table at the luncheon.

The council adjourned until Sept. 23.

Tossed Salad Idea

When fresh salad greens seem scarce or not up to par at the grocery's, try a tossed salad of pickled beets cut in strips, French-cut green beans, artichoke hearts and asparagus. Marinate in vinaigrette dressing and serve with a creamy dressing on top or a dollop of mayonnaise.

Wedding Ceremony In Arlington Church

Miss Jo Faris, daughter of Mr. and Mrs. W. W. Faris, and Richard J. Mortimer, son of Mr. and Mrs. Jack Cassion, all of Arlington, were married at 7:30 p.m. Saturday in Trinity United Methodist Church, Arlington. The Rev. John Ogden officiated at the double ring ceremony before an altar decorated with a basket of large white daisies and gladioli.

Miss Sheree King, Kingsland, cousin of the bride, sang "O Perfect Love" and "Whiter Than Goost" accompanied by Carl Green, organist.

The bride wore a white knit dress with matching coat and carried a bouquet of small white daisies.

Miss Sue Bearden, Big Spring, was the maid of honor. She wore a yellow crepe dress and carried a bouquet of daisies.

Denny Preissinger, Arlington, served as best man. Ushers were V. H. Faris, Arlington, brother of the bride; and Robert Mortimer, Weatherford, brother of the bridegroom. The wedding reception was held in the parlor of the church. A yellow net cloth covered the refreshment table. The bride's bouquet, flanked by candelabra, centered the table, and crystal appointments were used. The tiered wedding cake was decorated with yellow roses and topped with a miniature bridal couple.

Miss Kathy Smith, Kingsland, was in charge of the guest register. Members of the house party were Miss Lou Ann

Misek and Mrs. Rocky Greenwood, both of Big Spring; Mrs. Robert Mortimer, Weatherford; and Mrs. Denny Preissinger, Arlington.

The bridal couple took a wedding trip to Lake Murray, Ardmore, Okla.

The bride is a graduate of Howard County Junior College and is attending the University of Texas at Arlington. She is employed by Southwestern Bell Telephone Company.

The bridegroom, a graduate of the University of Texas at Arlington, is employed by Metropolitan Life Insurance Company of Dallas. The couple will reside in Arlington.

SEC. D BIG SPRING, TEXAS, SUNDAY, MAY 31, 1970 SEC. D

UF Sets Hearings For Annual Budget

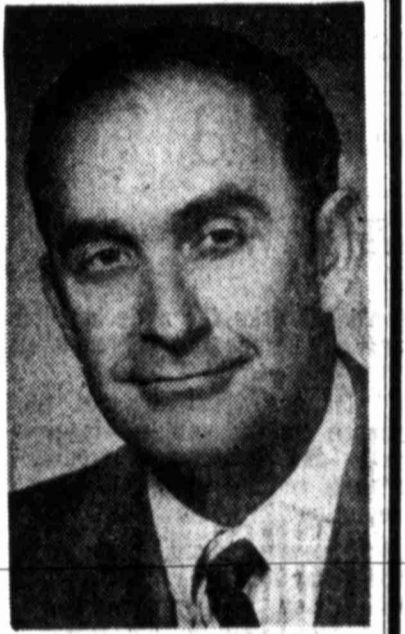

Fourteen welfare and youth guidance agencies participating in the United Fund have been notified of times for budget presentations before the special budget and screening committee of the UF.

The committee, headed by Clyde McMahon Sr., will conduct hearings June 24-25, in the Chamber of Commerce offices. Serving with McMahon will be R. W. Thompson, D. D. Pittman, R. H. Weaver, Larson Lloyd and John Currie.

The United Fund has asked agency representatives to appear with budget requests, financial statements and all pertinent fiscal data. The screening committee then will establish figures to be encompassed into the over-all goal of the finance campaign in the Fall.

The following schedule has been established for hearings: June 24—8:30 p.m., American Red Cross; 7 p.m., Milk and Medicine Fund; 7:15 p.m., Girl Scouts; 7:30 p.m., Texas United Fund; 7:45 p.m., West Side Recreation Center; 8 p.m., Dora Roberts Rehabilitation Center; 8:15 p.m., Summer Recreation Center; 8:30 p.m., Half-Way House.

June 25—6:30 p.m., YMCA; 7 p.m., Lakeview YMCA; 7:15 p.m., Salvation Army; 7:30 p.m., Texas Rehabilitation Center; 8 p.m., Air Force Aid Society; 8:15 p.m., Boy Scouts.

JACK M. HARDESTY
Hardesty Joins Shop Rite Foods

Jack M. Hardesty has joined Shop Rite Foods in the capacity of assistant to the president, it is announced by J. S. Reinhart, president and executive officer.

Hardesty started as clerk and worked his way up through the ranks of assistant store manager, store manager, district supervisor and division manager in his 17 years association with Von's Grocery Company in Los Angeles. He was also with Purity stores in Burlingame, Calif., three years as vice president in charge of sales and operations.

Hardesty will reside in Albuquerque with his wife Barbara. Their daughter, Susan, 22, is attending college in California, and another daughter, Carol, 19 will enroll in college in Colorado in September.

Hardesty is the son of Mrs. J. E. Hardesty and brother of Frank Hardesty, Big Spring.

Odessa Going To Space Seminar

An Odessa youth has been named by the Boy Scouts of America to represent Texas at a unique Space Seminar at NASA's Kennedy Space Center, Fla., July 12-18.

G. Harvey Dunn III is one of 50 winners, one from each state, and 10 foreign students who will be flown to the Space Center for an intensive, week-long seminar dealing with every phase of the space program.

The Space Seminar is being sponsored by Pepsi-Cola Company, and the Hugh O'Brian Youth Foundation in cooperation with the Exploring division of the Boy Scouts of America and the National Aeronautics and Space Administration. Dunn is a member of Explorer Post 40 under the leadership of Ned Truex. Competition was open to all high school sophomores, not only Explorers, who are interested in science.

Far West Texas Ranges Very Dry

COLLEGE STATION, Tex. (AP) — Texas farmers are battling the elements in efforts to get crops planted and off to a good start.

Many areas still are short on moisture and others have a surplus. Field work, including hay harvesting, has been slowed by the weather, said Director John Hutchison of the Texas Agricultural Extension Service.

Planting on the High Plains has been slowed by drought while excessive rains hit south central, some coastal and southern and southwest counties this week, he noted. Rains were more scattered in other parts of the state.

Ranges were helped by rains and so were crops where the falls were not excessive, the director said. The condition of livestock is generally good and marketing is near normal, he added.

District agents reported: Most early cotton and sorghum on the South Plains (Lubbock) are up to a good stand but dry seed furrows have caused poor stands in some areas. Recent rains have improved the surface moisture and should improve planting conditions. Planting will be fast as weather permits. The first cutting of alfalfa is under way. Ranges are beginning to furnish grazing and livestock generally are in good shape.

Wheat and barley are near the harvest stage and from 20 to 60 per cent of the oat acreage in North Central Texas has been cut for hay. Coastal and native hay yields were good. Most of the area's cotton is planted. Some greenbug and corn ear worm damage had been reported on sorghum and corn. About 15 per cent of the peanuts are planted. Rains returned moisture to the generally adequate level. Livestock conditions were good.

A general rain is needed in Far West Texas where ranges are very dry and moisture is needed for planting dryland crops. Irrigated crops were making good growth and grains are maturing. Baling of alfalfa is on and livestock conditions generally are good.

Showers to good rains have been widespread over West Central Texas. Except for Coke, Nolan and Sterling counties, moisture is generally adequate. Grains are rapidly maturing and good yields are in prospect. Sorghum growth is good and cotton planting is being pushed. Harvesting of peaches in the Hill Country has started. The pecan set looks good and the casebearer infestation appears light. Spraying is under way. Ranges are above average and livestock are in fine shape. Sheep shearing is near completion. Labor is short but critical. Moisture in South Texas is spotted, ranging from short to adequate to surplus. Harvesting of peaches is on. The melon harvest is beginning.

Dear Abby

DEAR ABBY: "Oriental American wife I cut my husband's toenails, wash his back, polish his shoes — and criticized by western women because of the way they pamper their husbands, but the oriental girl is trained to please a man."

No wonder so many American men marry them. I shudder to see the way some American women treat their husbands, and blush to see the way some men put up with it.

I am an English woman, married to a fine American man, and if I could wish two things for England, I would say, "Lower the taxes, and let every English woman have an American husband!"

LUCKY ME

DEAR ABBY: Hoorary for ORIENTAL WIFE! As an

DEAR ABBY: I keep hearing that oriental women are "trained" to care for their husbands.

I am an American wife, and I wasn't "trained" to care for my husband. I do so because I love him. I bathe him, massage his back, rub his feet, and I even shave him. But I enjoy it and don't feel that this "lowers" me or makes me a "slave." He loves me, too, and treats me very well in return.

My husband is the head of the house, but that's the way I want it.

IN LOVE, BUT NO DOOR MAT

WASHINGTON (AP) — Americans can get their names taken off commercial mailing lists that offer everything from pornography to potatoes simply by telling their postmasters they find the products too sexy.

"If somebody says he finds an advertisement for potatoes erotically arousing or sexually provocative, we're not going to challenge his motives or his reasons," one Post Office Department official said.

The basis for the policy is a 1967 law—recently upheld by the Supreme Court—designed to take innocent families off the mailing lists of pornography pushers.

However, the Post Office legal department has contended the Supreme Court ruling does not broaden the antipandering law, despite some speculation Chief Justice Warren E. Burger's opinion could be interpreted to mean the law covers all unsolicited mail advertising.

Deductions Ruining Her

SACRAMENTO, Calif. (AP) — When you make only three cents an hour it's rough to make your paycheck go far.

In Linda Wolfe's case, the deductions are ruining her.

Linda, 22, a graduating senior at Sacramento State College, is a student intern who works 36

hours a month for the Assembly Natural Resources and Conservation Committee as part of a college course.

To meet legal requirements, the state put her on the payroll at \$2 a month, but when payday came along she didn't even get that.

Payroll withholdings, you know. A nickel had been deducted.

The payroll department said she wasn't in a high enough bracket to have income taxes withheld, but everyone is subject to the 4.85 per cent Social Security deduction.

TWO MULES FOR SISTER SARA
... Clint Eastwood, Shirley MacLaine

Eastwood Is Back As Roving Cowboy

At once a wildly colorful screen adventure and the perfect vehicle for the arresting talents of Clint Eastwood and Shirley MacLaine, "Two Mules For Sister Sara," coming Wednesday at the Ritz Theatre, achieves the rare blend of a bold personal story about two unconventional people and a high content of roaring, spectacular action.

Set against the background of Mexico in the blood-spattered era of Emperor Maximilian and Benito Juarez, the picture was filmed entirely in that country, and directed by Don Siegel, hailed by many critics here and in Europe as a master of screen realism.

Peter O'Toole, Petula Clark Star As 'Mr. Chips' And Bride

"Goodbye, Mr. Chips," one of the unforgettable love stories of all time, now freshly brought to the screen, will be the big attraction at the R/70 Theatre, starting Wednesday.

Peter O'Toole stars as "Mr. Chips," the shy, dedicated schoolmaster at a British public school; Petula Clark as Katherine, who gives up her glamorous life as a London music hall actress to become his bride; and Sir Michael Redgrave as the Headmaster in the presentation of the classic James Hilton novel.

For O'Toole, a three-time Oscar nominee, the Arthur P. Jacobs production marks another outstanding characterization, following his acclaimed portrayals in "The Lion in Winter," "Becket" and "Lawrence of Arabia." Miss Clark, whose singing appearances and recordings, starting with "Downtown," have established her throughout the world, recently scored on the screen opposite Fred Astaire in "Finian's Rainbow."

In prominent supporting roles are Sian Phillips, Michael Bryant, Jack Hedley, George Baker, Clinton Greyn, Alison Leggatt, Michael Culver, Sheila Steafel, Jeremy Lloyd, Elspet Gray and John Guggolz.

Produced by Jacobs and directed by Herbert Ross, "Goodbye, Mr. Chips" was

filmed on widespread locations, including Sherborne School in Dorset, England. One of the country's most famous and historic schools, it became the "Brookfield School" of the story.

Director Herbert Ross had toured 25 of Britain's most

additional, there was the village itself.

With completion of the school scenes the company moved on to Italy where pictorially arresting sequences were filmed amid the ancient ruins of Pompeii and Paestum in southern Italy and at the holiday resort of Positano. "Goodbye, Mr. Chips" was the first picture given permission to film in Pompeii.

Additional scenes were shot at MGM's British Studios on three spectacular sets. One was the ballroom of London's renowned Savoy Hotel as it appeared in 1924. Another was the Assembly Hall of Brookfield School, a huge, completely roofed set, Norman in architecture, in which more than 300 boys got their first surprised look at Chip's bride and where he later announces his retirement in a stirring scene. The third set was a London music hall of the Twenties where Petula Clark appears in the picture's biggest production number.

When James Hilton wrote his "little short story" for the 1933 Christmas edition of The British Weekly, he scarcely could have realized that he was penning a masterpiece that more than 35 years later still would be making literary and motion picture history.

Mild-Mannered Elvis Can Be Hard As Nails

Some wise guys are lucky — the ones, for example, Elvis Presley decides to brush off rather than cool off.

Take it from Norman Taurog, a pioneer Hollywood director who recently guided Presley through MGM's "Live a Little, Love a Little," their ninth film together, and who knows the star better than any film-maker in the business.

Says Taurog: "Elvis is as tough as nails. He insists on doing all his own fight scenes in his pictures. But I have never seen him belligerent. Occasionally, on a location some smart alec will get cocky and try to needle him but he invariably laughs it off.

"They don't know it," continued the director, "but those wise guys could be hurt. Elvis can split a brick with a chop of the hand, and I have seen him break three two-inch boards with a karate blow. He won't run from trouble but he never looks for it."

The only known blow Presley ever landed in personal combat was one that sent a trouble-maker sprawling over the hood of a car outside the Presley estate in Memphis. According to newspaper reports, the victim came looking for a scrap and Elvis emerged from his house and accommodated him.

"Elvis only triggers anger at himself," states Taurog, who has worked with him since 1958, when they made "G.I. Blues" together. "One day, on the set of 'Live a Little, Love a Little,' Elvis was so angry he put his fist right through a door. Why? He couldn't get the hang of a scene he had blown."

According to the Academy Award-winning director, Presley has matured over the years to a point of complete understanding of himself and everything around him. "He is intelligent and well read. He is fully cognizant of current world affairs. His interests are varied. I believe he's a frustrated doctor and he often has his nose in law books."

Planet Of The Apes was on the beginning...
WHAT LIES BEHIND MAY BE THE END!

BENEATH THE PLANET OF THE APES

JAMES FRANCISCUS-KIM HUNTE MAURICE EVANS-LINDA HARRISON

What Transpired 'Planet Of Apes'?

All those moviegoers who have wondered what were the fates of Charlton Heston and Linda Harrison after they headed into the Forbidden Zone at the end of "Planet of the Apes" two years ago will have a chance to find out when "Beneath the Planet of the Apes" begins Wednesday at the Cinema.

The follow-up movie starts exactly where the 1967 film ended; in fact, the last scene of the prior picture serves as a prologue to the present one.

Film sequels are notoriously inferior to their originals, but "Beneath the Planet of the Apes" should do well with the mass movie audience.

Heston, apparently not wanting to take a long role again but willing to do a short one (with special billing) to tie the films together, makes a mysterious disappearance early in the movie, returning for an explosive climax.

Meanwhile Miss Harrison (as Nona, the human who can't talk) is sent into the desert to discover yet another American astronaut whose ship has also crashed on the planet of the apes.

Portrayed by James Franciscus, he becomes her com-

panion for a series of mishaps in which they are captured by the apes and escape with the assistance of the married couple of chimpanzee psychologists who were in the original. Kim Hunter plays her role again, but David Watson has replaced Roddy McDowell.

Franciscus and Miss Harrison then make their way to the subterranean area referred to in the title, which is nothing less than the ruins of New York City after nuclear war. It is inhabited by a weird race of mutants with superior mental powers whose domain the apes invade in a bloody climactic battle in which both sides seek to gain control of an atom bomb which the mutants have worshipped as their god.

AIDING STORM VICTIMS — Shown here are volunteer workers unloading and sorting donations of clothes and household furnishings which were shipped via Piggy Wiggly trucks from all areas of Texas and New Mexico in the aftermath of the May 11 Lubbock tornado. Piggy Wiggly stores served as collection points for the donated needs. In some instances local citizens helped load the trucks. The donated items were then delivered to relief agencies such as the Red Cross and the Salvation Army in Lubbock, where they were sorted and processed for immediate delivery to those persons left homeless by the storm.

Division Gets Safety Award

FORT WORTH — The Missouri Pacific System's Rio Grande Division employees received the National Safety Council's Award of Honor Thursday in recognition of their 1969 safety record. It was 71 per cent better than the railroad industry's performance.

The Award of Honor is the highest of five awards given annually by the National Safety Council for outstanding safety performances in various industrial categories.

Harry A. Hopkins, MoPac's general superintendent, rules and safety, made the presentation to James C. Love, general manager of the railroad's Texas district, in ceremonies at MoPac offices in Fort Worth.

The 600 employees of the Rio Grande Division won the award by working 2,830,200 man-hours with only three lost-time injuries in 1969.

The Rio Grande division extends from El Paso to Fort Worth to Houston. It had the best safety mark among MoPac's 17 operating divisions last year along its 12,000-mile, 12-state railroad network.

Zales Reports Big Increases

DALLAS — Zale Corporation recorded increases of 16.5 per cent in sales and nine per cent in net earnings for fiscal 1970. In making the announcement,

President Ben A. Lipsy noted that these gains were made during a period when many retailers were experiencing declines, and in a year of unusually heavy one-time expenditures relating to expansion of Zale's operations for future growth. The Dallas-based retailing

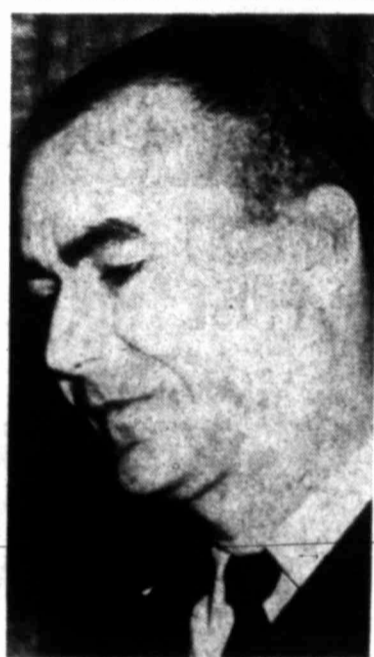

firm, which operates more than 1,300 specialty outlets, had sales of \$384.2 million in 1970 against \$329.8 million in 1969. Earnings, exclusive of extraordinary items, were \$23.3 million compared to \$21.3 million a year earlier, or \$1.90 per share as opposed to \$1.87.

Engineer's Degree
DALLAS — Over 1,800 degrees were conferred at Southern Methodist University's 55th annual commencement last week. Robert Wayne Clay, 800 Douglas, Big Spring, was awarded the master of science in electrical engineering degree.

MEN IN SERVICE

Maj. Thomas E. Morris, who holds the Silver Star, Distinguished Flying Cross, Bronze Star and Air Force Commendation Medal to his decorations.

Maj. Morris was cited for meritorious service while assigned to the 3500th Pilot Training Squadron, Reese AFB, Tex., from May, 1967, through January, 1970. During that period, Maj. Morris served as a Squadron Instructor Pilot, and Flight Commander. His leadership, flying ability and dedication to the Air Training Command mission contributed significantly to the continued high performance of assigned student and instructor personnel.

THOMAS MORRIS

LARRY D. McMURTREY

A native of Ninety Six, S.C., Maj. Morris was graduated from Ninety Six High School in 1952. He entered Aviation Cadets in December, 1954, and received a commission in the Air Force in October, 1956. One of his assignments was in Southeast Asia from February through December, 1966, where he flew 370 combat missions as a forward air controller. He came to Wright-Patterson in January, 1970.

Maj. Morris earned a bachelor of science degree in electrical engineering from Texas Technological University, Lubbock, Tex., in 1963.

The son of Mr. and Mrs. T. M. Morris of Route 2, Ninety Six, S.C., Maj. Morris is married to the former LaNell Engle, daughter of Mr. and Mrs. O. D. Engle of Big Spring. The major and his wife have a daughter, Lisa, 8, and reside at 42 Meehan Drive, Dayton, Ohio.

WESTBROOK (SC)—Fireman Appren. Elmer L. McMahan has received his discharge from the United States Navy after 21 months of active service. He arrived home May 14 after completing his term of service. The last eight months were spent at Da Nang and the Philippines, also Hong Kong, Hawaii and Okinawa. He was assigned to the U.S. Thomaston LSD 28. McMahan is the son of Mr. and Mrs. Norman McMahan and is married to the former Kathy Henderson. He is a 1966 graduate of Westbrook High and attended Cisco Junior College one and a half years before volunteering for the Navy. The McMahans along with baby Terry Don are making their home in Westbrook at the present time.

Capt. Reeves will receive 14 weeks of instruction in communicative skills, leadership, international relations and responsibilities that prepares junior officers for command staff duties. He was commissioned in 1967 upon graduation from Officer Training school, Lackland AFB.

A 1961 graduate of Coahoma High School, he received a BA degree in mathematics in 1965 from McMurry College, Abilene, and a master's degree in computer science in 1968 from

Traffic Accidents Costly To Texans

AUSTIN — Traffic accidents cost Texans nearly \$38 million during April, according to the Texas Safety Association.

The total cost of traffic accidents during the first four months of the year was more than \$185 million, when computed according to a National Safety Council formula.

So far this year, the Texas Safety Association said that the most startling increase in traffic accidents and fatalities has occurred on the state's Farm to Market roads. Preliminary reports show a 51 per cent increase in traffic fatalities on the rural road system over the same period last year.

Traffic collisions on FM roads so far in 1970 have cost Texans an estimated \$23 million.
