**FLAG DAY** — Today is flag day again and Big Spring residents and businessmen will be flying the Stars and Stripes in observance of the effort by the Non Commissioned Officers Association to make Big Spring known as "Flag City, U.S.A." Shown here is the raising of the flag at the Veterans Administration Hospital.

## Cotton Output Increase Seen

WASHINGTON (AP) — Two Agriculture Department economists say U.S. cotton production, afflicted in recent years by poor weather, competition from synthetics and lagging exports, probably will increase during the 1970s by 25 per cent or more.

Writing in a "cotton situation" report, economists Russell G. Barlowe and James R. Donald base the prediction, however, on a number of factors, including government programs, future yields and demand, both foreign and domestic.

Nonetheless, Barlowe and Donald say, production this year may exceed the 1966-69 average of 9.5 million bales annually by one-fourth or more, meaning a crop of perhaps 12 million bales.

"Output likely will maintain this level or increase slightly during succeeding years, possibly by ranging between 12 and 13 million bales," the economists said.

The report cited several factors: —Cotton farms are expected to become larger and more efficient.

—Mechanical harvesters will be modified to incorporate wider-row equipment, as well as use of more bigger and speedier machines.

—Newer technology such as improved planting and harvesting techniques and use of computer services.

"These innovations will en-

## Orta Murder Trial Drags

DALLAS (AP) — Selection of the final jury member was expected today in the trial of Felipe Orta, 18, charged with the shooting death of a highway patrolman.

Three jurors were picked Tuesday.

The selection of a jury panel to hear the case in which the state is asking the death penalty began a week ago last Monday.

Orta is charged along with two other youths in the shooting of Highway Patrolman Travis Locker last Nov. 29 near Waxahatchie.

The other defendants, Ernest Guzman, 16, and Amebo Guerra, 17, are to be tried separately in the shooting.

## Excessive Power Caused Near-Fatal Space Flight

SPACE CENTER, Houston (AP) — Excessive electrical power applied to a pair of thermostatic switches during a ground test caused the nearly disastrous flight of Apollo 13, the head of an investigation board said Tuesday.

Edgar M. Cortwright, chairman of the Apollo 13 investigation board, said the switches were welded closed two weeks before the April 11 launch. Workmen applied too much

### He Now Believes

JOHANNESBURG, South Africa (AP) — Mrs. J.A. Koekemoer had been sleeping poorly for months. So her husband refused to believe her when she woke from a nightmare and ran screaming to his bedroom to tell him she had found a snake in her bed. "It's all in the mind," he said soothingly. Finally he went to look and found a poisonous spitting cobra rearing up at him. He killed it with a broom.

voltage to a circuit that powered a heater inside the service module oxygen tank, he said.

The tank exploded April 13 while Apollo 13 was more than halfway to the moon, causing cancellation of a planned moon landing and endangering the lives of the astronauts.

Cortwright said technicians applied 65 volts of electricity to the switches when normal procedures to drain the oxygen tank failed. The switches, he said, were designed to withstand only 30 volts.

The heater was turned on to force the liquid oxygen in the tank to turn into gas, he said. Cortwright said the temperature in the heater could rise to 1,000 degrees with the switches welded shut. Tests showed, he said, that such heat could cause splitting of insulation on wires near the heater, leading to a spark that could ignite other insulation.

"This local furnace could burn through the tank," he said,

allowing the oxygen to vent into the service module.

The oxygen could force off a panel covering the side of the module and damage another nearby oxygen tank, he said.

Cortwright said he was unable to explain why the explosion in space did not occur earlier.

"We expect that the insulation was in bad shape at launch," he said.

He said the circuit where the bare wires were thought to have been used a number of times in space before the explosion.

### GI Forum To Meet Today

An important meeting of the GI Forum is scheduled for 8 p.m. today at the St. Thomas Catholic Church Hall, D. Carrales Jr., president, announced. All members and others interested are urged to attend.

## Bentsen Raps 'Radical Left'

CRYSTAL CITY, Tex. (AP) — Lloyd Bentsen, Democratic candidate for the U.S. Senate, said today the actions of the "radical left" could bring on "extreme measures that restrict freedom."

Bentsen told the Chamber of Commerce he could not recall "a single violent demonstration that produced anything worthwhile in modern America."

"Violence does produce results. It polarizes opinion, it causes further division among our people, it brings stiffer resistance to needed change, it overheats the emotions and makes calm and deliberate judgment impossible."

"The threat from the radical left could be a turn to the radical right. Historically, human beings reject anarchy. Before they permit their political system to collapse in disarray, they are likely to take extreme measures that restrict freedom and suppress those who threaten their security."

"These are very real dangers in our time. Whether or not we weather the storm will depend

a great deal on the judgment of people like you... people who constitute the 'hard core' of American citizenship. You pay the taxes, you praise and criticize your leaders, you participate in the economic and political system that keeps the nation moving.

"America's traditions and institutions are under assault. If

we can deflect these assaults—without over-reacting—the democratic system is safe.

"If we seek unity... if we search for areas of agreement rather than pointing the finger of blame all of the time... then the dangers of anarchy on the one hand and repressions on the other hand will be sharply diminished."

# Copter Assault To Help Defenders Of Fire Base

SAIGON (AP) — Five hundred South Vietnamese troops made a helicopter assault today to link up with the weary defenders of a mountain ridge artillery base battered by two days of attacks in the northwest corner of South Vietnam.

Following up an early morning hammering by U.S. B52 bombers, American and South Vietnamese fighter-bombers dropped antipersonnel cluster bombs on lower ridges with in half a mile of beleaguered Firebase Tun Tavern, while the relief force flew into a landing zone about the same distance from the base on the opposite side.

**LOSSES RISE**  
Field reports said there was no resistance as the reinforcements and their U.S. advisers joined the remnants of Tun Tavern's defenders to begin a sweep around the base.

mortar crews were still hurling shells into the helicopter pad of the kidney-shaped outpost four miles east of the Laotian border as American medical helicopters wheeled in to take out the dead and wounded.

One helicopter was hit and destroyed this morning. Losses continued to rise on both sides in the battle for the base, which occupies a narrow ridge 1,600 feet above the Da Krong River valley.

Field reports put government casualties at 50 killed and 119 wounded. The allies say 81 North Vietnamese have been killed.

One American adviser was killed and several U.S. and Australian advisers were wounded in the fighting Tuesday at Tun Tavern, which lies in rugged jungle mountains 21 miles south of the demilitarized zone.

Spokesmen at Quang Tri City said two prisoners captured ear-

ly today reported gunships which circled the beleaguered base all night firing rockets and miniguns had ruined plans for another full-scale ground assault.

Tun Tavern, a former U.S. Marine artillery base, was occupied by an estimated 500 South Vietnamese infantrymen, artillerymen and engineers when the enemy launched a fierce assault up its slopes before dawn Tuesday.

The assault, described by U.S. officers as a "superbly executed sapper attack," drove beyond the base's barbed wire and outer bunker line to its tactical operations center, where one American was among the defenders killed.

**CRASH MYSTERY**  
Other officers said unrounded South Vietnamese troops had tried to get aboard medical evacuation helicopters Tuesday night to flee the base.

The U.S. Command announced the death of nine Americans in a helicopter crash Sunday near Loc Ninh, 78 miles north of Saigon, and said the cause of the crash was not known. It was the 3,766th helicopter reported lost in the war.

The command also reported two clashes, one two miles inside Cambodia and the other a mile on the Vietnamese side of the border, in which three Americans were killed and 10 wounded. Enemy losses were not reported. The command said American troops in Cambodia also had found 10 tons of truck parts and more than 1 1/2 tons of rice.

The Cambodian army launched a large-scale sweep through an area 35 miles south of Phnom Penh where eight foreign television newsmen had been missing since Sunday, and three of the men were reported prisoners of the Viet Cong.

## Rains Taper Off In Texas

By The Associated Press  
Showers tapered off in Texas today but cloudiness lingered across the northern half of the state.

Thin cloudiness veiled the Panhandle at dawn while a few showers fell near the Red River. Skies were mostly clear in southern regions.

Weather Bureau observers said clear to partly cloudy conditions with mild temperatures would remain in Texas for the next several days.

Temperatures near dawn Wednesday varied from the upper 40s to the middle 60s. Readings ranged from 63 degrees at Laredo down to 48 at Lubbock and Dalhart.

Scattered showers and thunderstorms roamed portions of Northwest Texas late Tuesday. Gusty winds and heavy rains swept across Wichita Falls.

## 'Everybody Screamed,' Girl In Quake Recalls

LIMA, Peru (AP) — Bad weather and blocked roads continued to hamper efforts today to go rescue workers into the earthquake-shattered Huaylas Canyon high in the Peruvian Andes.

The towns of Yungay, Caraz and Huaraz in the canyon were almost totally destroyed in the earthquake which rumbled through half of Peru Sunday. Government officials feared as many as 30,000 people were killed, but broken communications still prevented anything like an accurate tally of casualties.

In Yungay, about 240 miles north of Lima, only 2,500 residents reportedly survived out of the population of 20,000, a high government official said.

Information Director Augusto Zimmermann said many people who ran into the narrow streets of the Andean villages and towns were killed by falling rocks and debris from the can-

yon walls. A surging tide of water from Lake Llanganuco added to the destruction.

The air force managed to drop a squad of 34 rescue workers Tuesday at Huaraz, at the south entrance of the gorge. It followed up with several more supply drops deeper in the canyon and made a few helicopter evacuations before the weather closed in.

President Juan Velasco paid a quick visit by navy ship to Chimbote, about 250 miles up the coast from Lima, and said he was shocked by what he saw in the fishing and factory city of national budget readjusted to provide \$16 million to begin reconstruction.

Forty per cent of Chimbote was reported destroyed or damaged, and some 300 people were killed there, according to the latest official account.

Despite the mourning for the known dead and the fears for those in areas not heard from, thousands poured into the streets of Lima early Tuesday night cheering Peru's 3-2 soccer victory over Bulgaria in the World Cup competition in Mexico.

In Lima's hospitals, many of those injured in the quake who could get out of bed went to the halls to watch the telecast.

Quake survivors in the more accessible coastal cities and towns told of the horror that came with the 40-second tremor.

Ten-year-old Marcela Gomez, was in Sunday school in Chimbote.

"Everybody screamed," the girl recalled as she lay in a hospital with compound fractures of both legs. "I grabbed my little brother by the hand and we

**MISSING IN EARTHQUAKE** — Marie Clutterbuck, 20, of Cambellsport, Wis., above was one of two U.S. Peace Corps workers in a building that was swept away in Hauraz, Peru, by a wall of water from Andean lakes following a massive earthquake.

ran out into the street. All of a sudden my little brother—he's only 5—left me and ran back inside. He yelled that he forgot his bag of candy in the broken building. The noise was terrible. There was a lot of dust, clouds of it everywhere. The dust wrapped around my little brother. . . . I don't remember anything else.

"I want my mama . . . you know where my mama is?"

Emilia Esquibel, 25-year-old mother of two, was knocked unconscious by debris from a wall in Chimbote. All she remembered when she came to Tuesday in a Lima hospital was the shaking of the earth. Mrs. Esquibel was one of the more fortunate victims. Her husband and two children also survived.

Lidia Aguirre, 20, was watching a folklore show with her husband Manuel in Chimbote. "I started screaming that I wanted my children," she said. "My husband grabbed me by my hand so hard it hurt and dragged me into the street. After that, I cannot remember anything."

Her husband and two children are among the missing.

## Pride Panel Gives Awards

The Chamber of Commerce Pride People Task Force Tuesday afternoon presented certificates of award to 24 local individuals, organizations and businesses in appreciation of their contributions to the chamber committee's city beautification program.

The recipients were honored at the First Federal Savings and Loan community room for a variety of efforts to improve the city's appearance, including construction of new buildings, renovation of old ones, general cleanup and maintenance.

Those honored were: the Quarterback Club, the City of Big Spring, participants in the Hospital Improvement Project, Ike Robb, the Chaparral Restaurant, Jack Cook and Harold Talbot, Westex Roofing, First Assembly of God Church, Universal Body Works, Texas Electric Service Company.

Other recipients were the Civitan Club, American Business Club, Howard County Junior College, Kiwanis Club, Junior Officers Council, Boys Club, Morning Optimist Club, Non-Commissioned Officers Association, United Youth Inc., Mens Garden Club, Key Club, Lakeview YMCA, and Midas Muffler.

Mrs. Ann Boullion and Sgt. Robert Butler, co-chairmen of the Pride People, cited each of the recipients for his help in the program before presenting the awards.

## Meeting Slated

The quarterly meeting of the Community Action Agency has been set for 7:30 p.m., Thursday, June 11, in the school administration board meeting room. Notices have been mailed by D. A. Brazel, chairman, and S. M. Anderson, secretary.

## Miller Is Advanced

The promotion of H. E. Miller to position of assistant manager has been announced by Don Statham, manager.

Miller is serving his second tour of duty with Whites here. He was here originally in 1964-67, and after a brief time, returned from a position at Abilene to rejoin the Big Spring store.

The Miller family lives at 1311 Lincoln, and Mr. and Mrs. Miller have three children, Tamala, Teena and Tanja. He is active in Little League play, working with the Cabots in the American League.

# Wedding Solemnized In Formal Ceremony

Miss Diana Nell Langley and Lonnie Newton exchanged wedding vows Tuesday evening in a ceremony at Baptist Temple with the Rev. Haskell Wilson of Prairie View Baptist Church officiating.

Parents of the couple are Mrs. W. L. Mattingley, and the late W. B. Langley, and Mr. and Mrs. E. M. Newton. The double ring rites were read at an altar centered with a tall candle tree entwined with smilax and holding votive candles. On either side were sunburst arrangements of white stock, majestic daisies and carnations.

Miss Sheryl Gambill sang "The Twelfth of Never," and as the couple knelt on a white prieu dieu, "The Lord's Prayer." Mrs. F. C. Gambill was the organ accompanist. The bride was given in marriage by W. L. Mattingley. The formal bridal gown was of white peau de soie trimmed with beaded re-embroidered Alencon lace and styled with fitted bodice accented with lace motifs and a scalloped wedding ring collar. The long, fitted sleeves were trimmed with small cuffs that were accented with lace and seed pearls. The skirt extended into a chapel train, held at the back waist by a bow. The bouffant veil of English silk illusion was held by a pearl-trimmed Peau d'Ange lace bandeau. Her bouquet was a cascade of miniature carnations and stephanotis centered with white orchids backed with pearl leaves and picot satin.

**MRS. LONNIE NEWTON** (Brookshow Studio) cum laude from HCJC. The groom is a Big Spring High School and HCJC graduate and was a member of Future Farmers of America. Guests were received at a reception in the fellowship hall where Mrs. Harrell Newton was at the registry. The refreshment table was covered with white net, and the centerpiece was an arrangement of tall candles entwined with smilax and shaded carnations. The four-tiered white cake was topped with two white doves. **HOUSE PARTY** Members of the house party were Mrs. R. C. Thomas, Mrs. Jack Buchanan, Mrs. W. R. Key, Mrs. Donald Long, Mrs. Alex Haggard, Mrs. Marion Newton Jr., Mrs. Vernon Langley, Mrs. C. Meek, Mrs. Albert Johnson, Mrs. R. F. Haggard, Mrs. Earl Reagan, Mrs. Buster Haggard, Mrs. Charles Tubbs, Miss Alexia Haggard, Mrs. W. C. Fryar and Mrs. Jim Franklin. Guests attended from San Angelo, Midland, Dallas, Houston, Crane and Denton.

# Plans Told For Future Marriage

Mr. and Mrs. L. D. Thornton, 1803 Mittel, are announcing the engagement and approaching marriage of their daughter, Phyllis Renee, to William M. Martin II.

# Honored At Gift Party

Miss Bienda Feaster, bride-elect of Robert Shaw, was honored recently with a gift shower in the fellowship hall of Fairview Baptist Church at Cuthbert. Hostesses were Mrs. Mary Womack, Mrs. Versie McMillan, Mrs. Jay Stander, Mrs. Jake Autry, Mrs. La Juan Solomon and Mrs. Charles Wiggins. Receiving guests with the hostesses and honoree was her mother, Mrs. Lonnie Feaster. The refreshment table was laid with a blue cloth overlaid with blue net caught at the corners with white floral nosegays. The centerpiece was a blue floral arrangement flanked by white tapers in crystal candleabra. Assisting with serving and registration were Miss Phyllis Solomon and Miss Beverly Autry.

# Discuss Mission To 'Orientals'

Mrs. Charles Sweeney led the First Baptist Womens Missionary Society in a discussion on "Orientals in California" at a Tuesday meeting at the church. Assisting with the program were Mrs. Dick Lane, who told of the Chinese, and Mrs. Richard Grimes whose topic was the Japanese and Koreans. Mrs. Sweeney discussed the "internationals." In their talks the speakers pointed out the need of getting the Chinese and Japanese pastors to work among their own people and bringing them to Christianity. The "iCare" program was reviewed in which the Baptist are urged to live their faith so that internationals in our country can see Christianity at work. Mention was made of the four Southern Baptist missionaries to internationals who work in the campus areas of the University of California at Los Angeles, the University of Southern California and San Jose State College.

# 'ROUND TOWN

The graduation flurry having passed there's about to be heard throughout the land, and especially in our little city, the ringing of wedding bells. Come the end of the week a great many of our young people are being married either here or somewhere else... It's truly beginning the season the brides.

The home of MR. and MRS. JACK HORN, 505 Dallas, is a little on the quiet side after a very busy time last week when the children and their families were all at home. The youngest member of the family, MARSHALL, graduated from high school and then left for the Davis Mountain Scout Ranch where he is serving on the staff. Another son, Army CWO FRANK HORN and his wife who were recently married in Miami, Fla. left Monday after a visit. CWO Horn has served in Vietnam and has been stationed at Vernon, Fla., and expects his port call soon to go to Nuernberg, Germany. He is a helicopter pilot.

MR. and MRS. E. R. RAVELLETT and three of their four children have returned to their home in St. Louis, Mo. Eight-year-old Kendall is remaining here to spend the summer with his grandparents. Also MR. and MRS. GORDON ESKRIDGE and their two children have returned to their home in Edmond, Okla.

MR. and MRS. HAROLD HALL returned Saturday night from a three-week trip to England and Scotland... but I haven't got to talk to Dorothy about it. They were to have visited an elderly woman who

MRS. SUE McALLEN of Tulsa, Okla., is visiting in the home of her brother and sister-in-law, MR. and MRS. C. D. WILEY. Mrs. McAllen is a musician and is connected with the school system in Tulsa.

# Punch Party Held For Miss Debbie Duncan

A punch party honoring Miss Debbie Duncan, who will be married in July to John Petree, was held Tuesday from 4 to 6 p.m. in the home of Mrs. Ike Robb, 4 Highland Cove. Cohostesses were Mrs. Pete Rhymes and Mrs. Harrold Jones, and members of the house party were Mrs. Paul Shafer, Mrs. John Taylor, Mrs. H. Hayes Stripling and Mrs. R. H. Weaver. Assisting at the serving table were Miss Judy Rhymes and Miss Glenna Jones. Miss Duncan, who greeted guests with her mother, Mrs. James Duncan, was attired in a hot pink sleeveless, A-line dress. Her corsage was a white glabella tied with pink ribbon. The polished refreshment table held a silver epagne arranged with pink roses, gardenias, baby's breath, fruit and ivy. Pink napkins were used with crystal appointments.

# Altar Society Told Of Changes In Church

Changes now taking place in the church and mass ritual were explained by Sister Christina when she was guest speaker Tuesday evening for the Immaculate Heart of Mary Altar Society. She dwelled at length on the philosophy behind the change from kneeling to standing when receiving communion. The meeting was opened with prayer by Mrs. A. N. Rutherford, president, who also served as hostess. She discussed the recent deanery meeting held recently in Snyder and announced that the Diocesan convention will be held Oct. 6 in Brownwood. Further plans were made for the fall festival which will be expanded to two days this year, being slated Sept. 19-20. Prizes for selling the most tickets for the festival will be the same as last year; \$500 for first, \$100 for second and \$50 for third place. Mrs. Leland Graves was introduced as a new member, and the attendance prize went to Mrs. C. C. Choate. The closing prayer was by Mrs. Margaret Kane.

# Lodge Undrapes Charter Tuesday

Undrapping of the charter was performed at the Tuesday evening meeting of Big Spring Rebekah Lodge No. 284 when members met at the IOOF Hall. The undrapping was performed by Mrs. Earl Wilson, Mrs. A. F. Gilliland and Mrs. Logan Grider. Memorialized were Tom Amerson, Mrs. Jack McCall and Mrs. Gordon Gross. Mrs. Marian Mangum read the poem, "The Windows of Gold."

# Newcomer Club Plays Bridge

Mrs. Henry Foster was high score winner for bridge Tuesday when the Newcomers Club met for a dessert bridge in the Pioneer Gas Flame Room. Hostesses for the party were Mrs. Foster and Mrs. David Jensen. Four tables were in play. Mrs. Earl Ezzell won Bridge-O, and Mrs. J. L. Gresham won second high. Guests were Mrs. Charles W. Wiley, Mrs. Ramona Grannath and Mrs. Flo Montgomery. The next meeting, June 17, will be morning bridge at 9:15 o'clock in the Flame Room.

**ENGAGED** - Mr. and Mrs. John L. Dibrell Jr., 803 Dallas, announce the engagement of their daughter, Merry Lee, to John Nathan Wilson, son of Mr. and Mrs. Glenn Wilson of Tuscaloosa, Ala. The wedding will be held Aug. 1 in First United Methodist Church with the Rev. Leo Gee officiating.

# EASY WAY TO KILL ROACHES AND ANTS

Brush Once—Lasts Months Control roaches and ants the safe way—brush on Johnston's No-Roach. This colorless coating is effective for months, easy to use. Harmless to pets. No need to move dishes. Don't take chances... take No-Roach.

# PANTRY PICK-UPS

If you have a raw egg yolk or two leftover after using egg whites in a recipe, simmer the egg yolks in a small skillet in salted water until the yolks are firm. Drain and use in a salad dressing or sandwich filling. No fresh ginger root in the house when a recipe calls for it? Simmer a dried ginger root in water for about 10 minutes and use that. The rehydrated ginger should be used soon after it is softened.

BOOMING GROWTH IN GOVERNMENT

Austin's Count Up 60,254

AUSTIN (AP) — The population of Austin, marked by booming growth in state government and the University of Texas, has risen by 60,254 persons during the past decade, preliminary census figures show.

But nine of the 14 predominantly rural counties surrounding the capital city have lost population, district census manager John C. Wheeler told a news conference Tuesday.

The population of Austin, in Travis County, was placed at 246,799, compared to 186,545 in 1960. In that same period, Travis County has grown from 212,136 to 289,490, or by 77,354.

In 1960 the student body at the university, which supports numerous local businesses, numbered about 18,000 and is now about 36,000. There also are many more state employees, as shown by an increase in the over-all state budget of \$5.9 billion for the current biennium, compared to \$2.4 billion for the two-year period ending Aug. 31, 1961.

Despite the increases in Austin's census, the figure falls short of the 250,000 population carried on city limit signs by the Texas Highway Department and estimates ranging up to 272,000 by the city planning office.

Columnist Wray Weddell also quoted a "city official with good contacts in the census office" as saying the census may have missed 10 per cent of people living here.

Mayor Travis LaRue was invited to the news conference but did not attend.

San Marcos, home of Southwest Texas State University, is the only other city in the district with a population more than 10,000, and it showed a growth from 12,713 to 15,556, or 5,843, as the college enrollment also shot up during the 10-year period.

Hays County, where San Marcos is located, grew from 19,934 to 26,977, or by 7,043. Asked if anyone had reacted to the preliminary census figures, Wheeler said a Chamber of Commerce official in a town of less than 10,000 had been "very upset and said that he knew personally of three people who had not been counted."

Truckers Boost Business Losses

CHICAGO (AP) — Business losses in a Chicago trucking strike almost two months old may be nearing the \$1-billion mark and laid-off workers are losing millions a day in wages.

But household necessities such as milk, eggs and bread are still available. Says Ted Anastos, an attorney for the trucking industry: "If food wouldn't be delivered because of a truck strike we'd have the women burning the town down."

About 15,000 trucks belonging to smaller firms continue to deliver the daily essentials of life. But 35,000 huge tractor trailer rigs and other trucks belonging to the city's leading carriers were idle.

So far, the wholesalers, businesses with marginal inventories and small manufacturers have taken the brunt of the economic loss which the Chicago Association of Commerce and Industry estimates at \$900 million since April 9.

The combined strike and lock-out involving Teamsters Union Locals 705 and 710 and the Independent Chicago Truck Drivers Union began April 9 when the drivers pushed for a \$1.65 an hour wage increase over their present \$4.10 an hour.

A spokesman for the Chicago Association of Commerce and Industry said the stoppage may harm Chicago's reputation as a center for truck traffic and as a national supplier of commodities.

"When this is over we're going to have a selling job on our hands," he said. "If the strike continues much longer some businesses will set up new paths of supply and transportation which will circumvent Chicago."

President Nixon ordered Secretary of Labor George P. Shultz to enter the dispute last Thursday in an effort to bring the unions and industry to the bargaining table.

Shultz dispatched his chief mediator to the city and said the dispute "is a matter of serious concern to the administration."

The Association of Commerce and Industry says there have been 170,000 layoffs in a wide range of businesses and industries, a \$7 million a day payroll loss and more than 65,500 persons who have claimed unemployment benefits because of the dispute.

A Teamsters spokesman claimed that many of the economic loss figures were inflated, although he acknowledged that the dispute was costing Chicago a great deal of money.

"These announcements of economic losses are just more pressure tactics," the spokesman said.

"Of course, people are getting hurt. In every labor dispute some people get hurt, but the drivers are suffering too. Still, they're determined to get an acceptable contract."

Many of the drivers, who get only a nominal strike benefit check each week, have begun working as taxi drivers and drivers for firms which have signed with the unions.

However, Wheeler said, the city manager there said he was "satisfied that it was a complete and accurate census."

The total population of the district, according to preliminary figures, is 537,511, compared to 456,301 in the official 1960 census.

The preliminary census for the 15 counties, with the difference in the 1960 official census in parentheses, is as follows: Austin County 13,243 (minus 534)

Bastrop 16,828 (minus 97) Blanco 3,515 (minus 142) Burleson 9,721 (minus 1,456) Burnet 10,655 (plus 1,390) Caldwell 20,694 (plus 3,472) Colorado 17,155 (minus 1,308) Fayette 16,876 (minus 3,508) Hays 26,977 (plus 7,043) Lee 7,776 (minus 1,203) Travis 289,490 (plus 77,354) Waller 13,965 (plus 1,894) Washington 18,378 (minus 767) Wharton 36,218 (minus 1,934) Williamson 36,020 (plus 976)

Association of Commerce and Industry said the stoppage may harm Chicago's reputation as a center for truck traffic and as a national supplier of commodities.

Many of the drivers, who get only a nominal strike benefit check each week, have begun working as taxi drivers and drivers for firms which have signed with the unions.

Children Invited To Fun Program

There is still time to sign for the City-wide Summer Recreation Program, and many youngsters are doing just that.

So far 83 have registered as participants in the Comanche Trail Park activities beginning Monday and continuing daily (except for weekends) through July. Lakeview has signed 163 so far. Parents may obtain forms at YMCA, the administrative agency for the program provided by the United Fund, City of Big Spring, and Big Spring School district.

There is no charge (although a \$1 crafts supply replacement fee is suggested.) Every child of elementary school age is invited to take part.

During this week the learn-to-swim program has been underway at the Comanche Trail Park. A total of 185 signed, more than twice the number last summer.

Jaycees Will Gather Aid

Big Spring Jaycees are answering a request for aid to tornado victims with a campaign this weekend to gather much-needed money, food and household goods for distribution to the 600 homeless families in Lubbock.

Bill Myers, a director of the local Jaycees, said he and Larry Knight, another director, would head up a drive between 1 and 6 p.m. both Saturday and Sunday to obtain the necessary items.

Big Spring (Texas) Herald, Wed., June 3, 1970 5-A

A. J. Pirkle Insurance Agency, 201 E. 2nd, is the collection point for items donated, Myers said. Those wishing to contribute, but without transportation, can phone 267-5053 and the Jaycees will pick up the items.

Myers said the Lubbock Jaycees had contacted the local organization asking for whatever assistance was available to the homeless and near-homeless victims of the disaster of two weeks ago.

Especially needed are money, furniture (especially kitchen appliances, tables, chairs and bed frames), non-perishable foods such as canned baby formula, canned goods of all kinds and coffee.

Bedding, including sheets, blankets, pillows, pillowcases and spreads are also badly needed as are disposable baby diapers and kitchen utensils of all types.

No clothes, mattresses or easily perishable items are needed.

Bridge Test

—CHARLES H. GOREN

BY CHARLES H. GOREN (Continued from Page 1)

Neither vulnerable. North deals.

NORTH: A 9 2, Q 10 6 5 2, K 4 3 2

WEST: 10 3, 4 3, 10 9 6, K 10 9 7 5 3

EAST: Q J 8 7 5, A Q J 8, A 6 4

SOUTH: K 6 4, A K J 8 7, 7 5, Q J 8

The bidding: North East South West Pass 1 A 2 1/2 Pass, 4 1/2 Pass Pass Pass

Opening lead: Ten of A. South made effective use of the "psychology of fear" to enlist his opponent's cooperation in salvaging his four heart contract.

West opened the ten of spades and the ace was played from dummy. Trumps were drawn by the ace and queen of hearts and then the deuce of clubs was led from dummy. East put up the ace and continued with the queen of spades.

South played the king and led the queen of clubs thru West for a ruffing finesse. West covered with the king and dummy trumped with the five of hearts. The six of hearts was led to the jack so that declarer might discard North's remaining spade on the jack of clubs.

South ruffed out the six of spades and obligingly conceded two diamond tricks to the opposition, inasmuch as his only other loser on the deal was the ace of clubs.

East had nothing to gain by putting up the ace of clubs when dummy's singleton was led. His fear that declarer might have the king was not well-founded, for even if South did hold that card, he would be able to use it subsequently for the discard of North's losing spade. In other words, playing the ace of clubs cannot gain since, at best, it will merely trade trick for trick.

If East ducks the club, South's jack will lose to West's king. A shift to the ten of diamonds at this point nets two fast tricks for the defense to complete their book. East can then drive out the king of spades and sit back patiently to score the setting trick in that suit.

ERNEST WELCH PAUL PETERSON

Post Reward For Killer

NORMAN, Okla. (AP) — A reward fund for the capture and conviction of the slayer or slayers of a University of Oklahoma student from Texas and his girl friend was offered Tuesday by trustees of Sigma Alpha Epsilon social fraternity.

SAE trustee Clark Hetherington of Norman said efforts will be made to raise \$5,000 to \$10,000 for information concerning the slayings last month of David W. Sloan, 21, an SAE member from Amarillo, Tex., and Sheryl Lynn Benham, 19, of Oklahoma City.

The bodies of Sloan and Miss Benham were found May 10 in the trunk of Sloan's car northwest of Norman. Both had been shot several times.

Norman Police Chief Bill Henslee said the case was the most baffling of his 22 years as a law enforcement officer.

Henslee said no new information had been uncovered in the double slaying.

Hetherington said SAE trustees made the initial donation to the reward fund. However, he declined to reveal the amount of the donation.

**After All, It Was Her 103rd**  
PASADENA, Calif. (AP) — Dora Bray hopes to complete her correspondence course in painting in another three years. She works hard at her canvases, but she took a day off Sunday. After all, it was her 103rd birthday.

Mrs. Bray began painting two years ago at the rest home where she lives. Later a New York correspondence art school heard about her and offered her its course free.

She says her inspiration for paintings come from dreams, remembrances of earlier times and her almost daily walks outside to look at the nearby San Gabriel Mountains.

"I like to paint nature scenes better than people," she said. "I look at the mountains because they're beautiful and they're hard to paint. They take on different moods as the shadows from the clouds pass over them."

**Horoscope Forecast**  
TOMORROW  
—CARROLL RIGHTER

**GENERAL TENDENCIES:** You have much energy and drive and are able to accomplish much today. Show your affairs a happy evening for you. You are able to make purchases wisely. Be with compatible pals during free time.

**ARIES (March 21 to April 19)** Be sure that you are articulate and sensible if you are to have ornaments with other persons. Communicate with those who are usually busy is quite easy today. Be very fair with everyone.

**TAURUS (April 20 to May 20)** Anything of a financial or practical nature is best attended to early this morning. Get pointers from a successful person just how to improve your own position in life. Be honest with mate in the evening.

**GEMINI (May 21 to June 21)** Plan how to improve health and well being appreciably, and make your appearance more attractive, also. Think up ways of delighting loved one this evening. Did you mail that check you promised another?

**MOON CHILDREN (June 22 to July 21)** Personal affairs need your immediate attention, so be sure to attend to them. Stop procrastinating. Be more willing to assist those who come to you for help now.

**LEO (July 22 to Aug. 21)** Good pals can help you to solve problems now

**LIBRA (Sept. 23 to Oct. 23)** Find the new outlets that help you to express yourself better and garner the information you need. You can get the answers now to problems that have been bothering you for some time. Take time out for fun this evening.

**SCORPIO (Oct. 23 to Nov. 21)** Follow your intuition and you know how to solve that matter that has been bothering you for some time. Handle that duty for another efficiently. Don't disappoint mate in the evening.

**SAGITTARIUS (Nov. 22 to Dec. 21)** Find out what an irate associate wants you to do and do your utmost to please while coming to a mutual understanding. Get the support of the public for some project that means much to you. Be active.

**CAPRICORN (Dec. 22 to Jan. 20)** You have duties ahead of you that require efficient handling. Plan to act into new

**PISCES (Jan. 21 to Feb. 19)** Only do whatever work is necessary and then get into the recreation that relieves tension. Show more affection of this time. Show that you are an active and intelligent person.

**AQUARIUS (Feb. 20 to Mar. 20)** Instead of being off on some tangent, be sure you get out how to make your life more comfortable and secure. Buy those little gifts that please kin. Show that you are an affectionate and thoughtful person.

**Public Records**

**SOMETHING TO TELL THE KIDS ABOUT** — The tiger is trained, and he's on a chain, but eight-year-old Brandon Cruz has something to tell the neighborhood kids about when he gets home. Brandon appears in the TV series "The Courtship of Eddie's Father," and he spotted Sarang, also a film worker, between scenes at MGM's studio in Hollywood.

## Houston Pupils To Get Assignments By July 1

HOUSTON, Tex. (AP) — Pupils in the Houston Public School System will get school assignments no later than July 1, a school official said Tuesday in the wake of a massive integration order.

Dr. Charles R. Nelson, acting general superintendent of the system, the nation's sixth largest, said a letter would be sent to each parent.

Monday U. S. Dist. Judge Ben C. Connally ordered the district to implement an equidistant capacity zoning plan for pupil assignment in September and threw out the district's freedom-of-choice integration plan.

The judge also rejected a plan proposed by the NAACP legal defense fund calling for massive bussing of pupils. The NAACP said Tuesday they were studying the possibility of appealing the order. They have 10 days in which to decide.

The plan adopted calls for pupils to attend the school nearest them if that school has the capacity.

Dr. Nelson said before pupil

assignments could be made several questions would have to be answered, including the problem of transfers for seniors who want to graduate at the schools where they are now enrolled.

Judge Connally said Monday he planned to appoint a 10-man bi-racial committee to help implement the integration order.

School board member George Oser said Tuesday he will ask that committee if the transfers for seniors will be permitted.

"In all these areas which are left open, the bi-racial committee must make a decision," he said.

The plan ordered by Connally also permits the voluntary transfer of a pupil whose race is in the majority to another school where his race is in the minority.

If the nearest such school has no room for him, the transferring pupil may bump a pupil of the opposite race from the school.

Dr. Nelson said before making assignments to schools he needed to know if the bumping

of pupils can be eliminated by using transportable classrooms to increase school capacity where needed.

School board members said they hoped that bumping could be eliminated under this plan.

### Kennebunkport Dump's 300th

KENNEBUNKPORT, Maine (AP) — The Kennebunkport Dump Association begins taking orders today for a two-inch bronze token struck to commemorate the dump's 300th anniversary.

The \$2 token is emblazoned with the group's official insignia, a Black-eyed Susan sprouting from a bent garbage can.

Edward Mayo, KDA president, said the group's "research department" had determined that the dump was established in 1670, thus permitting the KDA to proclaim a 300th birthday in the same year that Maine celebrates its 150th.

The KDA, formed in 1963, promotes a string of yearly escapades designed to help keep Maine litter-free and scenic.

# House War Critics Seek Cut In Funds

WASHINGTON (AP) — House war critics, in an effort aimed at speeding withdrawal of American troops from Southeast Asia, opened a drive today to attach a \$6 billion defense spending cut to President Nixon's request for a debt ceiling hike.

Before debate opened today, Rep. Charles A. Vanik, D-Ohio, said his spending cut proposal would "suggest . . . not only that troops should be withdrawn more promptly but that an equivalent number of men should be released from military service."

Backers of Vanik's rider expected defeat, which they said would lead to efforts to kill Nixon's proposed \$18 billion increase in the national debt limit to cover expected budget deficits.

They indicated the defense cutting effort was a tough move. "This is playing rough," Rep. Jonathan B. Bingham, D-N.Y., said Tuesday. "But the President played rough when he approved the move into Cambodia without consultation with Congress—after promising to consult Congress."

The statutory limit on the public debt now stands at \$377 billion. The latest increase, \$12 billion, was authorized in March 1969. The limit has been raised in most years since the beginning of World War II as spending outstripped revenues, forcing the government to borrow.

Without a congressional intervention, the limit drops automatically July 1 to \$365 billion, some \$6 billion less than the actual debt, Congress has never

permitted such a situation to develop.

The administration now is predicting a deficit of \$1.8 billion for the year ending June 30 and \$1.3 billion for the succeeding year. These figures are on the unified budget basis, which reflects government borrowing of surpluses in trust funds, such as the Social Security fund.

Such borrowings, however, become part of the national debt, so the federal funds budget, which excludes the trust fund surpluses, is the one that counts in figuring debt ceiling needs.

On the federal funds basis, the deficit is estimated at \$11 billion for this year and \$10 billion for the next—assuming Nixon's revenue proposals are approved.

The staff of Congress' Joint Committee on Internal Revenue Taxation considers these estimates too optimistic. It has estimated the deficits at \$11.3 billion for this year and \$12.9 billion for next—or \$11.5 billion this year and \$16.8 billion next if Congress does not vote the additional revenues, such as the controversial tax on leaded gasoline.

## Creation Of Genes Revealed

MADISON, Wis. (AP) — Scientists announced Tuesday they have created a manmade gene. Genes are the units of heredity, and control all life processes.

With this first artificial gene, the scientists headed by Dr. H. Gobind Khorana, a Nobel Prize winner, have taken a profound step toward correction of inherited diseases, perhaps genetic "engineering" of improved humans and animals, and perhaps ultimately artificial creation of life itself.

The work of the University of

Wisconsin team makes it possible to fashion genes completely from simple organic chemicals. Their artificial gene duplicates one occurring in a yeast cell.

Practical applications are still a long way off, especially artificial creation of life. The first simple life form for example might be a manmade virus but there possibly could be a hazard then as whether drugs existed to control such a new virus.

The synthesis of a gene is a major step in a genetic revolution that began in the 1940s with the discovery that growth and heredity are controlled by the chemical substance called DNA, for deoxyribonucleic acid. Genes are molecules of DNA, and there are about 150,000 genes clustered in chromosomes in the nucleus of every human cell.

**Puzzle of Tuesday, June 2, Solved**

## Twister Costliest In Texas' History

By The Associated Press

May weather in Texas historically is unsettled and quite active. This year proved no exception as tornadoes, severe thunderstorms and flooding plagued the state.

The tornado that snaked out of turbulent skies over Lubbock on May 11 killed 26 persons and caused over \$135 million in damages. The twister was the costliest in Texas' history.

Four days later, on May 15, San Marcos was inundated with eight inches of rain in less than three hours. Two persons drowned as flood waters washed across one-third to one-half of the city. Damage at San Marcos was estimated in excess of \$2 million.

The northern Panhandle experienced exceptionally warm weather for so early in the season. Meanwhile, Central and South Texas were unusually cool, observers said.

The Weather Bureau said South Central and Southeast Texas caught near-record amounts of rainfall during May. Precipitation at Houston was 14.39 inches, 10.07 inches above

the May average.

The Beaumont-Port Arthur area received 8.54 inches of rainfall, the second wettest May on area records. The Weather Bureau said the area usually receives 4.94 inches of rain during the month.

While thunderstorms ranked Southeast Texas, rain was scarce on the northern High Plains. The Weather Bureau said lack of moisture on the High Plains hurt the dryland wheat crop.

## EXTRA! EXTRA! READ ALL ABOUT CAPER IN DALLAS

DALLAS (AP) — Somewhere there is a Dallas burglar counting newspaper shreds instead of crisp dollar bills, officers speculated Tuesday.

Ruth Turner, 50, told police she foiled a thug who broke into the Unclaimed Freight Center No. 3.

The woman, who manages the center,

deliberately placed a blue money bag containing shredded newspapers in the office. It paid off for her but not for the burglar.

The thug ransacked the office, snatched the decoy money bag and fled, leaving an unmarked bag containing a large amount of cash behind.

ON TO AMARILLO FOR WINNERS — Those four boys finished first in their various age categories in the Pitch, Hit and Throw competition conducted here recently and will go to Amarillo Saturday for activity on the district level...

# Howard Prospering; Sudden Sam Winner

By The Associated Press Big Frank Howard, the Washington slugger who happens to lead the American League in home runs, claims that making contact is his biggest problem. The same might be true of the entire American League when Sudden Sam McDowell is on the mound.

Tuesday night neither of these veteran All-Star performers had any difficulty. Howard drilled his 16th homer of the season, a two-run shot that earned the Senators a 2-2 tie, and his bloop single triggered a two-run eighth-inning rally that brought Washington a 4-3 victory over the Chicago White Sox.

## HAS 2-HITTER

McDowell, the AL's strikeout king, had a no-hitter for seven innings but had to settle for a two-hitter in the opener of a doubleheader at the Cleveland Indians swept Milwaukee 4-1, 8-5. In other AL contests, Boston whipped Minnesota 5-1, New York edged Kansas City 3-2, Baltimore stopped Oakland 5-1...

## LOOKING 'EM OVER

With Tommy Hart

You hear about the champions and their business successes away from the boxing ring but what about the trial horses who are fed to the Sir Galahads, the people who are just looking for a pay day. Some fighters lose with such frequency the boxing commissions perhaps should not issue them licenses except for the fact that they are a very necessary part of the game. One such individual is Billy Marsh, a middleweight who registers out of Las Vegas. In the last two years, he made 39 appearances in the ring. He failed to win 31 times during that stretch, although he got off with draws on three occasions. His opponents put him down for the count no fewer than 11 times. People like Marsh sometimes find the pay better in foreign rings — Billy appeared in a Melbourne, Australia, ring not long ago. Lost again.

and California nipped Detroit 3-2 in 10 innings. Howard, who cracked 48 homers last year, says he doesn't think about the long ball. "My biggest problem is making contact," said the huge 6-foot-7, 270-pound Howard. "I figure if I make contact, the long ball will take care of itself."

His blooper in the eighth however, was just as important as it moved Ed Stroud, who had opened the inning with a single — his fourth hit — to third. Mike Epstein then looped a single, scoring Stroud and Aurelio Rondero. Stroud got the eventual winner across with a sacrifice fly as the White Sox got a run in the ninth. McDowell, who struck out eight Tuesday night, leads the league with 119 and upped his record to 8-3. His attempt at a no-hitter — McDowell owns seven one-hitters — was snapped when Danny Walton stroked a leadoff double in the eighth.

It was the stylish left-hander's seventh complete game — no other pitcher on the Indians' staff has one — and his second consecutive two-hitter. His earned run average dropped to 2.35. "I'm not interested in a no-hitter," McDowell said afterward. "I'm more interested in winning. 'It was a stupid pitch,' he said of Walton's hit. "I threw him a mediocre, semi-pro fast ball down the middle. "Some guy in the stands kept telling me every inning I was working on a no hitter. It didn't bother me. It became a joke and helped relax me."

MAKES IT EASY Jack Heideman's two-run single and a solo homer by Graig Nettles helped ease the way for McDowell in the opener and the Indians crashed five roundtrippers in the nightcap. Nettles belted a pair and added a single for four runs batted in while Duke Sims also rapped out two and Ray Fosse drilled another. Walton had a solo homer for the Brewers.

Mike Andrews stroked four hits, driving in one run and igniting two rallies for the Red Sox while Billy Conigliaro rapped a solo homer to back the eight-hit hurling of right-hander Ray Culp over the Twins.

Curt Blefary drove in a pair of runs with a sacrifice fly and his first homer of the season as the Yankees hegd off a ninth-inning Royals' surge. Fritz Peterson picked up his eighth victory against two losses, but needed last-out help from Lindy McDaniel after Kansas City scored two runs in the final inning.

Jim Palmer notched his seventh victory, scattering five hits and Merv Rettenmund drove in two runs with a double. The A's contributed three errors to the Baltimore victory. Jim Fregosi rapped a sacrifice fly in the 10th inning, enabling the Angels to get within 1/2 games of West leader Minnesota. Fregosi's drive opened Jay Johnstone, who opened the inning with a triple. Willie Horton drove in both Detroit runs.

### Carroll Shines In Hawks' Win

Pat Carroll fanned 12 and set the Pirates down with four hits in leading the Hawks to a 10-1 American Little League victory Tuesday night. Carroll also stroked two hits for the winners while D. Ramsey accounted for half the Pirate safeties. The Hawks rallied for four runs in the fourth inning and closed out with three in the sixth.

### Elks Turn Back Steers, 9 To 5

The Elks made it eight wins in nine American Minor League assignments by belting the Steers, 9-5, Tuesday. The score was tied as late as the fifth inning but the Elks broke loose for five runs in that round. The Steers outthit the winners, 8-6, Fraley crashing out three hits for the losers. T. Partee was the winning pitcher while Allen Partee helped the winners' cause with two hits. League standings:

Team	W	L	T
Elks	8	0	0
R.Firebirds	5	4	0
Stingrays	5	3	0
F.Firebirds	4	4	1
Steers	4	5	1

# Casper Withdraws From Kemper Open

CHARLOTTE, N.C. (AP) — Billy Casper is out — and may be for some time — and Dave Hill is a questionable starter in the Kemper Open Golf Tournament.

## SUCCEEDS DAN LEWIS Zellers Is New Yearling Chief

Fourteen years in the local school system, Bob Zellers has been elevated to the head coaching job there following the resignation of Dan Lewis.

BOB ZELLERS

Lewis is moving to Lubbock where he will become the head coach at Slaton Junior High. Lewis' departure means that Zellers now becomes dean of the Big Spring coaches.

Zellers has invested all his coaching time in Big Spring at Runnels. He served Ted Kirby when Lewis moved to Goliad Junior High briefly but has been associated with Lewis most of the time.

## Salem, Trinity Record Wins In Church Loop

Salem Baptist buried First Church of God under a 16-1 score and Trinity Baptist turned back Westside Baptist, 14-4, in Church Softball league contests Tuesday night.

## McAllister Quits Post At Snyder

SNYDER — Ken McAllister has resigned as tennis coach at Snyder High School to accept a coaching position at White Deer. He has been commissioned to start a tennis program at his new post.

## 400 MEN POISED NAlA Decathlon Meet Upcoming

BILLINGS, Mont. (AP) — While approximately 400 track and field athletes waited in the wings for their chance to perform, 18 of the nation's top college decathlon specialists moved into action this morning in the 2nd annual NAlA decathlon finals.

Hill, the 1969 Vardon Trophy winner and the winner of last week's Danny Thomas-Memphis Open, has committed to play in the Kemper event that begins Thursday on the 7,231 yard, par 72 Quail Hollow Country Club course.

"But he committed with the understanding that he could be excused if he was unable to get out of some commitments in Michigan," tournament director Ed Carter said today. "We haven't heard anything further from him."

And Casper, the current Masters champion and one of the game's three million dollar winners, withdrew because of a hand injury sustained on a recent trip to Japan.

"It's doubtful at this point whether I can play next week in the Western Open and the week after that in the U.S. Open," Casper told tournament officials by telephone from his home in Bonita, Calif. "It's that serious right now."

With Casper out, and Gary Player back home in South Africa, Arnold Palmer and Jack Nicklaus — ranked as the top men to beat for the \$50,000 top prize in the Kemper. Both are back in action after a week's rest.

Nicklaus, competing in the Kemper for the first time, played a practice round Tuesday and Palmer was scheduled to arrive today.

Some of the other top contenders in the 144-man field include Frank Beard and New Zealand Lefty Bob Charles, who finished just one stroke back of Hill last week, Lee Trevino, Dan Sikes, Gene Littler and defending champion Dale Douglass.

Among the 1970 tournament winners on hand are Pete Brown, Ron Kerrill, Miller Barber, Mike Hill, Bob Lunn and Dick Lotz.

Also in the field are Australian Bruce Crampton, British Open champ Tony Jacklin, PGA title-holder Ray Floyd, Larry Hinson, Lee Elder and South African Harold Henning.

Gene Froman pitched the Braves to an 8-0 National Little League win over the Devils here Tuesday night, setting the opposition down with three hits.

The Braves could manage only four blows and no one in the game had more than one safety.

The contest was close until the fifth, when the Braves struck for five runs. The added four more in the sixth.

Westside gave Trinity all it could handle for a while but Trinity unloaded for 12 runs in the third.

Tommy Fletcher wound up with four hits in as many tries for Trinity, one of which was a home run.

Smith and Ivey of Westside also drove out round-trippers. James Fuller went all the way on the mound for Trinity, limiting Westside to four hits.

## BS Hardware Wins, 13-5

Big Spring Hardware had things all its own way in rocking the ABC Pirates, 13-5, in Hi-Junior league play Tuesday night.

#### Merchants Host Denver City 9

The Merchants doubleheader in a softball tournament here Tuesday evening, hosting Denver City. The first game gets under way at 7:30 p.m. The second is scheduled for about 9 p.m.

#### Drillers Lose To Tiger Nine

The Tigers clawed the Drillers, 9-4, in National Little League play here Tuesday, benefitting from Barnes' three hit pitching. Barnes fanned 10 in the six inning struggle.

#### FIVE COACHES ARE NEEDED FOR COACHES YOUNGSTERS

COAHOMA—Coahoma's Youth Baseball program is on the verge of starting but adult leadership is needed for five of the teams, one in the major league, two in the minor, one in the peewee and one in girls' softball.

# Emile Griffith Meets European Champion

COPENHAGEN (AP) — Emile Griffith, the former world middleweight boxing titlist, battles Tom Bogs of Denmark, the champion's reigning European champ, in a 12-round bout here Thursday night.

Nino Benvenuti of Italy, the reigning world champion, will watch from ringside. The bout is seen as the last chance Griffith, an American, has to secure another crack at the title he lost

two years ago to Benvenuti in New York.

At 32, Griffith will pit all he learned in 13 tough years of boxing, including 20 middleweight or welterweight world title fights, against a Dane who is seven years his junior and not by far his equal in speed, technical brilliance and experience.

But Bogs, a former boxer and a handsome fellow, packs so much strength and stamina in his tall body that in 55 fights no one has been able to floor him.

A left jabber, he may be the "one-armed champ" that some hold him to be.

But the stinging left, and his enormous physical power, have been enough to keep him unbeaten, make him European champ and get him the position of No. 1 challenger for the world title in most ratings.

To the Dane, Thursday's fight — expected to attract some 10,000 fans to an open-air, suburban soccer stadium — is a calculated risk he runs in the hope that a victory will remove any doubt that he is the man Benvenuti must take on next.

Danish promoter-manager Mogens Palle, who has skillfully steered Bogs' career, openly admitted he may have made a fatal mistake in bringing Griffith here.

"I saw Griffith train with Tom Bethea in Yugoslavia before Bethea's recent attempt at Benvenuti's title in Yugoslavia," Palle said.

Griffith is much better than

### Montgomery Ward

It's not hard to see how each year, problem drinkers are involved in killing at least 25,000 of us on our highways. When people lose control drinking, they often lose control driving.

But what is hard to see is why we keep letting them. Many problem drinkers need to be helped. But first, they need to be taken off the road. Sooner or later, it has to happen. Make it sooner. To find out what you can do, write the National Safety Council, Dept. A, 425 N. Michigan, Chicago, Illinois 60611.

Published in cooperation with The Advertising Council, National Safety Council and International Newspaper Advertising Executives. Because too many people have died.

# Nixon's Anti-Inflation Efforts Flop, Execs Aver

WASHINGTON (AP) — Three of four businessmen in a new poll say the government's anti-inflation efforts have flopped, echoing the persistent sentiment of organized labor and a group of congressional Democrats.

Of the 712 businessmen answering a poll by the U.S. Chamber of Commerce magazine *Nation's Business*, 540 said President Nixon's efforts were going badly or there was no improvement in inflation.

"We have the worst inflation

in 20 years," AFL-CIO economist Nathan Goldfinger said Tuesday. "I would not rule out a depression, but the current situation certainly is one of economic recession, and the economic recession is getting worse."

In other developments Tuesday the stock market's four-day rally stalled after a gain of nearly 80 points, and House Democrats introduced a bill to give the President power to impose the wage-price controls he opposes.

The *Nation's Business* survey

will be published in the magazine's July edition. Every three months the magazine polls one of two alternating groups of 1,500 businessmen. About half respond each time.

This time 712 responded, with 540 seeing no improvement or worse and 172 seeing at least slight improvement. Six months ago, when the same 1,500 were polled, 762 responded. Of them only 344 saw no improvement or were dissatisfied, and 417 saw at least some improvement.

Labor's Goldfinger, after not-

ing the sharpest rise in living costs in two decades, went on to say, "We have the sharpest increase in unemployment in 10 years. We have sky-high interest rates—higher than at any time in the past 100 years or more."

He spoke on the AFL-CIO-sponsored Labor News Conference program on the Mutual Broadcasting System.

He repeated the AFL-CIO's offer to support controls if Nixon finds them necessary and if they apply equally to prices, profits, dividends, rents and corporate salaries as well as wages.

Meanwhile 12 Democrats—all members of the House Banking Committee—introduced a bill that would give Nixon standby powers to impose such controls. Hearings were set for June 16.

The Banking Committee's senior Republican, Rep. William B. Widnall of New Jersey, already has called the bill a political ploy. The administration has opposed controls as unworkable.

Goldfinger urged Nixon to use the less drastic selective credit controls Congress authorized four months ago. He said they would pump more money into such slumping areas as construction and would restrict money for big-business speculation.

On the New York Stock Exchange Tuesday the Dow-Jones average of 30 industrials closed down three-quarters of a point after a four-day upsurge that had seen a gain of nearly 20 points.

## Big Oil Strike In North Sea

OSLO (AP) — Norwegians were smelling oil and billions of Kroner in national income today following Phillips Petroleum Company's big strike in the North Sea.

Phillips announced Tuesday that the Ekofisk 2X well alone will produce at least 10,000 barrels per day.

Indications were that other wells drilled in the same area of the Norwegian sector of the North Sea could provide similar outputs over the next 20 to 30 years.

## Jap Prosperity

TOKYO (AP) — The income of the average Japanese wage earner climbed 5.8 per cent last year to about \$278 per month, the prime minister's office reported.

**PRACTICALLY THE BALLOT** — Mrs. Mary Hart, left, and Mrs. Mildred Boyd are the local ballot in the Democratic runoff primary in Mitchell County Saturday as they vie for the nomination as county treasurer. The only other race on the ballot is a district one—for state representative between Dee Jon Davis and Ralph Mahoney, both of Big Spring. Mrs. Boyd, cashier in a restaurant, led the first primary ticket, and Mrs. Hart is bidding for a third term.

## AMARILLO ORDINANCE To Restrict Movies Shown At Drive-Ins

AMARILLO (AP) — City commissioners unanimously approved an ordinance Tuesday that would restrict the content of movies shown at drive-in theaters.

A lawyer for the theater owners said the ordinance would force construction of fences high enough to block the view of persons as much as several blocks away.

Mayor J. Ernest Stroud said spokesmen for the drive-in owners could present more arguments next week at a second reading on the ordinance.

"We think it important to get this into effect as soon as possible," Stroud said.

Harold Ochsner, lawyer for the theater owners, said the measure would be a financial handicap to drive-in movies by forcing them to build fences to block the view.

The fences would be eyesores and dangerous to surrounding structures in a windstorm, he said.

Commissioners voted on the ordinance after a group of residents objected to an x-rated movie that could be seen outside the theater grounds.

Under a rating system used by the movie industry, persons below 18 years old are not allowed to see x-rated films.

Theater owner Leroy Doyle said the film criticized by the residents was the first x-rated movie to be shown at the drive-in this year. He said he voluntarily cancelled the film after it ran two days.

"All I knew was that it had run 11 days at a downtown Amarillo theater and so far as I know, no objections had been raised," Doyle said.

The ordinance "makes it unlawful for any motion picture operator or exhibitor to show or exhibit at a theater in the city of Amarillo any picture, photograph, drawing, sculpture, mo-

## Bounce-In Spreads Joy

NEW YORK (AP) — A 5-foot-thick, street-wide vinyl mattress turned a reception for delegates to a museums convention into a massive bounce-in Tuesday night—and the dusty image of their institutions may never be the same again.

While bemused delegates to the American Association of Museums annual convention looked on, the huge 50-by-30-foot mattress was inflated in the street outside the Museum of Contemporary Crafts.

The mattress—part of an exhibition and bearing the title "Giant Billiard"—was quickly invaded by a crowd of squealing onlookers, who bounced up and down and rolled around on it.

Off one corner of the mattress, spectators lined up for hunks of "eatable sculpture"—a seven-foot-high cake fashioned in a replica of the museum. It was nibbled to the ground as the evening progressed.

The aim of all this, according to a museum spokesman, was "to divest the museum of its static, awesome, 'don't touch' atmosphere, and infuse it with the spontaneous spirit of real life."

The reception was co-sponsored by the Museum of Modern Art and the Museum of American Folk Art.

**Travel perfect**

Jacket with rounded lapels and slim skirt in ottoman-textured double knit of Trevira polyesters.

Jacket, sizes 6 to 16, 42.00

Skirt, sizes 6 to 18, 25.00
