Hostages Held In Wake Of Jordanian Flareup

By The Associated Press
Amman Radio announced that King Hussein of Jordan and guerrilla leader Yasir Arafat concluded an agreement today to end the fighting between their forces in Jordan's capital. Meanwhile, a band of extremist guerrillas held 14 Americans and 18 other foreigners hostage in an Amman hotel.

One of the hostages in the Jordan Intercontinental Hotel was a son of former President Camille Chamoun of Lebanon. Another was Associated Press correspondent Dennis Neeld, who reported the hotel was held by the Marxist Popular Front for the Liberation of Palestine, a small terrorist organization which has frequently rejected

Arafat's leadership. **HITTING CAMPS**
Neeld said a spokesman for the Popular Front charged Tuesday night that the Jordanian army was bombarding Palestine refugee camps around Amman, causing many deaths. The guerrilla spokesman said the safety of the hostages could not be guaranteed if these attacks continued.

Neeld's report made no mention of the broadcast announcement of the Hussein-Arafat agreement and apparently was sent before it was announced. Communications with Amman were sharply curtailed. The hostages in the Intercontinental included 14 Britons and three West Germans as well as

the Americans and the Lebanese. All were staying in the hotel. **NOWHERE TO GO**
Guests of other nationalities were told they were free to leave Tuesday night, but in the blacked-out, embattled Jordanian capital there was nowhere for them to go.

Carrying submachine guns and wearing hand grenades at their belts, the guerrillas invaded the unguarded hotel Tuesday afternoon. They took up firing positions on bedroom balconies and placed guards at every exit. Most of the guests spent the night huddled in the hotel basement. Neeld said Amman had been without power for nearly 24 hours, and the guests groped

their way along the hotel corridors by candlelight. But the hostages were free to do as they pleased inside the hotel and none was ill treated. **POINT UNCLEAR**
Amman Radio's announcement of the Hussein-Arafat agreement left one cardinal point unclear: whether Hussein was giving the guerrillas a green light for operations against Israel or whether the commandos had agreed to curtail their raids.

In Beirut an official of the Popular Front said guerrilla radio messages from Amman reported scattered shooting today despite the announced agreement. "It's not as heavy as yesterday, but we have reports of some killed and wounded this morning," said the guerrilla official. Amman Radio said Hussein and Arafat, leader of Al Fatah and of the combined guerrillas organization, had reached a 10-point agreement. The broadcast said guerrillas and troops would return to their bases, joint patrols would enforce a cease-fire, and both sides would release prisoners captured in the fighting.

Income Tax On \$25,200 Is Excused

WASHINGTON (AP) — Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff, will be excused payment of federal income tax on \$25,200 of his annual retirement pay on grounds of disability.

Formal Army orders say Wheeler has been "determined to be permanently unfit for duty by reason of physical disability of 70 per cent."

Wheeler, 62, will retire early in July after a record six years in the nation's highest military post.

Although he suffered a heart attack in September, 1967, Presidents Lyndon B. Johnson and Richard Nixon each later extended him in the JCS chairmanship for an extra year.

When asked for specific information on Wheeler's disabilities, the Army replied that "information contained in medical records is privileged and therefore exempt from public release."

EIGHT INJURED Dynamite Blast Rips Cop Shop

NEW YORK (AP) — Seventeen minutes after an anonymous caller telephoned a bomb threat, a powerful dynamite blast ripped through the second floor of police headquarters Tuesday night. Eight persons were injured, none seriously.

"There is a bomb set to go off at police headquarters," the unidentified male caller said and hung up. The time was 6:40 p.m.

About 150 persons were at work in the fortress-like, 61-year-old structure at the time — most of them in the 4th floor communications center. Emergency units sped to the building and began a search.

At 6:57 p.m. the bomb — estimated to have contained 10 to 15 sticks of dynamite — exploded in a men's room, destroying several nearby offices and shattering windows in the five-story structure.

First Deputing Commissioner John F. Walsh described the explosive device as a sophisticated bomb with timer and said that if it had gone off earlier in the day, 500 employees would have been in the building.

Manhattan has been plagued by a series of bombings in recent months, one of them in the Criminal Courts building a few blocks from police headquarters.

'New' Welfare Plan Outlined By President

WASHINGTON (AP) — President Nixon outlined today what he termed "significant extensions" of his welfare reform proposals but delayed their introduction in Congress until next year.

The main alterations to his ground-breaking family assistance plan involve new administration of the food stamp program and replacement of the present Medicaid health insurance plan for the needy with a broader based, prepaid "family health insurance program for all poor families with children."

FOOD STAMPS
The Senate Finance Committee demanded May 1 that the administration rework its welfare reform measure because senators claimed it penalized some poor persons who worked.

The President said he would submit a reorganization plan next year to transfer the food stamp program from the Agriculture Department to the Department of Health, Education and Welfare. The shift is designed to tie food stamps more closely with family assistance.

Nixon said his new health plan for the poor "would provide a comprehensive package of health services, including both hospital and outpatient care."

NOT SPELLED OUT
The new plan was not spelled out, but is expected to be prepaid, comprehensive care plan similar to one proposed earlier as an option in the Medicare program.

The President for the moment has adopted a mixed bag of cautious short-term and potentially sweeping long-range alterations, officials said.

The key change would switch administration of food stamps from various state and local agencies to the family assistance network. Family assistance is designed to replace the federal-state aid to dependent children program.

Governor Considers College Shootings Quiz One-Sided

JACKSON, Miss. (AP) — Gov. John Bell Williams says Mississippi has declined to aid a Justice Department probe of the Jackson State College shootings, an investigation he regards as one-sided.

Confirming Tuesday a rift between state and federal investigators, Williams said it was caused by an FBI failure to cooperate in the state's investigation of the campus confrontation with police in which two young Negroes were shot to death.

In Washington earlier, Asst. Atty. Gen. Jerris Leonard asserted Mississippi had refused to turn over weapons used in the May 15 shooting or to make officers involved available for questioning.

Williams, in a statement read to newsmen in his office, said

WRECKAGE OF CAR — This is a view of the interior of the car which overturned five miles east of here on the Eleventh Place road today, killing Noel L. Harvell, 17. A companion was not seriously injured.

Youth Dies As His Car Overtakes Near Here

A 17-year-old Sand Springs man was killed about 1 a.m. Wednesday in a one-car accident about five miles east of Big Spring on the Eleventh Place extension. He is the third traffic fatality this year in Howard County.

Noel Leon Harvell was pronounced dead at the scene by Justice of the Peace Jess Slaughter, Highway Patrolman Don Bates said Harvell's car struck an embankment of a bridge over a drainage ditch. The force of the impact apparently threw Harvell out of

the car and the car rolled over on the youth.

A companion, Samuel Hill, was thrown from the car into a field, but the auto rolled away from him. He was reported in satisfactory condition this morning in a local hospital.

Bates said a passing motorist found the wreckage and called officers. Deputy Sheriff Eddie Owen assisted in the investigation.

Funeral is pending at Nalley-Pickles Funeral Home. Noel was born July 17, 1952, in Big Spring and graduated May 22 from Coahoma High School. He was a member of the Church of Christ and during high school was a member of the football, track, golf and debate teams.

Survivors include his parents; his paternal grandfather, Noel Harvell Sr., and his maternal grandparents, Mr. and Mrs. Henry L. Biggs, Big Spring.

BULLETIN

WASHINGTON (AP) An American staff member of the U.S. Embassy in Amman has been killed in the fighting raging over the Jordanian capital the State Department reported Wednesday.

Most Of VIP Squad Lauds War Decision

WASHINGTON (AP) — Most members of a fact-seeking squad of senators, congressmen, governors and White House aides say their Southeast Asian trip reinforces President Nixon's estimate of the military success of his Cambodian maneuver.

Arriving here Tuesday night after a swift visit to battle zones of Vietnam and Cambodia, many in the 13-man VIP delegation — picked by the White House in collaboration with the Senate and House Armed Services committees — described it as an informative journey.

Although most declined to disclose their conclusions before today's scheduled meeting with Nixon, Pennsylvania Gov. Raymond P. Shafer, a Republican, said their report on the Cambodian step indicates "the vast majority of those of us who were there feel it was a success."

"We hope that it will be a long-term success," he added. "Nobody can predict forever into the future—but what has been done has been good for the American people."

However, Sen. Thomas J. McIntyre, D-N.H., refused to discuss his findings with newsmen before talking them over with Nixon.

McIntyre, who had said he decided to go on the trip to "prevent a snow job" by pro-administration officials, reported he felt it "is only proper that I meet with the President before discussing my findings with members of the press."

"I certainly had a fast trip, I'll tell you that," he said. Sen. George Murphy, R-Calif., described Nixon's Cambodian decision as "a great success—probably the most important single military achievement of this entire unfortunate war."

Sen. Howard Cannon, D-Nev., said he was pleased to "see the progress that has been made in pacification."

Newspaper Strike Might Aid Tories

LONDON (AP) — With the British election only eight days away, a newspaper strike silenced some strong Conservative voices today. But the Tories set out to make campaign capital because Fleet Street's first all-paper walkout in 15 years came under a Labor government.

Prime Minister Harold Wilson interrupted his campaigning to meet Tuesday with representatives from Britain's nine national newspapers and the printers' union which is demanding a 25 per cent pay raise. The talk failed, and for the first time in history the paper shut down in the middle of an election campaign.

The Communist Morning Star, which is not a member of the Newspaper Publishers' Association, was the only paper on the London streets today.

The majority of the newspa-

'Candlelight Killer' Seized In Colorado

COLORADO SPRINGS, Colo. (AP) — A young Californian sought by police as the ritualistic slayer who calls himself "The Candlelight Killer" was captured near here today after allegedly robbing a motel and taking the owner's wife as hostage.

Arrested after a bullet-punctuated, 15-mile chase was Robert Liberty, 23, blamed by police for three murders—including one which landed him in a mental hospital for three years.

Taken into custody with him were a 17-year-old boy from Midland and Kendell Bierly, 24, of New York City, identified by police as Liberty's girlfriend. All three were held on charges of aggravated robbery, kidnaping and assault with intent to commit murder.

Police said three persons staying at the motel robbed Edna Bernek, the owner's wife who was serving as night clerk of about \$100 and fled with Mrs. Bernek as a hostage.

The car was spotted by police, and detective Bernie Carter gave chase. Officers said the occupants apparently knew Carter was a detective and showed that they were holding a gun to the hostage's head.

The chase continued at high speed. Six shots reportedly were fired at Carter's unmarked auto and he fired three shots into the side of the pursued vehicle when he drove alongside.

The car pulled to the side of the road and the three occupants surrendered, officers said. The hostage was unhurt.

Liberty was charged with murder and flight to avoid prosecution after his roommate, Thomas Astronia, 25, was found dead March 12 south of Los Angeles in Orange County.

National Service Bill

WASHINGTON (AP) — A bipartisan House group today introduced a bill which would replace the current draft law with a system allowing young men to choose between military and civilian service.

The measure would require all men to register at 17, receive counseling and at 18 make one of three choices:

- Volunteer for military service.
- Volunteer for civilian service with a qualified agency for a period of time equivalent to two years in the armed forces.
- Take their chances on being drafted under a lottery system.

Rep. Johathan B. Bingham, D-N.Y., is principal sponsor of the bill.

TIME CLOCK PUNCH INJURES FIVE MEN

DALLAS (AP) — Five men were injured at a Dallas nursery today when an employee punched his card in the time clock and an explosion occurred.

First reports suggested a bomb was involved, but Dallas police later said the indications were there had been a gas leak and an electrical impulse from the clock might have triggered the blast.

Five employees of the Coit Central Garden Center were taken to Parkland Hospital where Henry Lockhart Sr., and his son, Henry Lockhart Jr., were reported in serious condition. John Price, the man who punched his time card, and two other employees, John Westley and Lonnie James, were in fair condition.

Found Hanging From Noose

DALLAS (AP) — Edward Belt, 45, a prisoner in the Dallas County jail, was found hanging today in his cell, sheriff's deputies said.

Belt was being held on murder charges in connection with the hammer slaying of his wife.

Officers said the man was hanging from a noose fashioned from strips of cloth torn from a mattress cover.

WAR HOME — A Cambodian soldier sits on hammock inside his "home" — the tail section of an old DC-3 plane — inside the military compound at Kompong Cham, 45 miles northeast of Phnom Penh. Where the plane came from is not known.

Cambodians Replenish Supply Of Food, Ammo

PHNOM PENH, Cambodia (AP) — Cambodian troops pushed back enemy forces around Siem Reap and reopened the airport to replenish their dwindling supply of food and ammunition, the Cambodian Command reported today.

A military spokesman said North Vietnamese and Viet Cong forces were still around Siem Reap and hit the provincial capital 185 miles northwest of Phnom Penh with harassing fire Tuesday night. But the opening of the airport between the city and the ruins of Angkor Wat was viewed here as a major achievement for the government.

PRESSURE EASED
The spokesman said the enemy force that attacked Siem Reap included Laoians who probably were pressed into service as porters. He added they may have been troops of the Communist Pathet Lao movement.

North Vietnamese and Viet Cong forces also continued their harassment of Kompong Thom, another provincial capital 80 miles north of Phnom Penh on the highway to Siem Reap and Angkor. But the heavy pressure on Kompong Thom last week appeared to have eased for the moment.

The spokesman also reported a heavy Viet Cong attack before dawn today in southern Cambodia, on a military post near Kompong Som, the country's

chief port formerly known as Sihanoukville. But the garrison apparently held on.

LIGHT CONTACT
Thailand's military chief of staff, Air Marshal Dawee Chulapaya, returned to Bangkok after a one-day visit to South Vietnamese leaders in Saigon. He reportedly made the trip to discuss transfer of part of the 12,000 Thai troops in South Vietnam to the Siem Reap area, which is 80 miles east of the Thai border.

Meanwhile Dawee's deputy Lt. Gen. Kriengsak Chamand and a team from the Thai air force were in Phnom Penh discussing Thai air operations in support of Cambodian ground operations. Diplomats in Phnom Penh said Thai pilots and planes soon would join South Vietnamese air units in helping out the hard-pressed Cambodian air force, which has only 30 small bombers.

American and South Vietnamese forces reported generally light contact with enemy units in Vietnam and Cambodia but uncovered another 100 tons of rice and more than 30 tons of weapons and munitions in border areas of Cambodia.

AMERICANS DIE
In a series of skirmishes while searching out the North Vietnamese caches, U.S. troops reported killing seven of the enemy while suffering no casualties.

Six Americans were reported

killed in South Vietnam and 41 wounded, most of them in actions in the northern part of the country. The allied commands said 59 North Vietnamese and Viet Cong were killed by U.S. and South Vietnamese troops.

Two American helicopters, a medical evacuation craft marked with a Red Cross and a light observation chopper were shot down during a fight between troops of the 173rd Airborne Brigade and an enemy force near Phu Cat. One American was killed and two wounded in the helicopter crashes, while one was killed and one wounded in the ground fighting.

PHANTOM HIT
The U.S. Command also reported the loss of its fourth fighter-bomber in a week, an Air Force F4 Phantom which was hit by enemy fire and crashed while supporting Laotian forces in the southern part of Laos. The command said one of the two crewmen was rescued and the other was missing.

In Saigon, informed sources said the South Vietnamese government plans to free 62 North Vietnamese prisoners of war and 24 North Vietnamese fishermen who strayed into South Vietnamese waters. The sources said the release will take place July 4 near the demilitarized zone, and the 86 persons will be put aboard small boats provided by the Saigon government.

Unitization Of Oil Fields Sidetracked

DALLAS (AP)—Members of the Texas Independent Producers & Royalty Owners Association over-ruled a committee recommendation and voted Tuesday to send the controversial issue of statutory unitization back to its executive committee.

The step left TIPRO in a position it held before the convention started and erased in some part a victory won by unitization opponents at a Sunday committee meeting.

TIPRO members passed a resolution Tuesday directing the statewide organization "to continue to analyze and observe prospects of new legislation for fieldwide unitization and, if legislation introduced appears to be possible of passing, the executive committee shall be instructed to determine a proper and immediate course of action in view of the then current events."

The resolution said such course action taken by TIPRO leaders would be "consistent with the interest of independent and royalty owners."

James G. Bertman Jr., Houston, a vice chairman of the conservation and state legislative committee, introduced the resolution.

It was at his committee's Sunday meeting when unitization foes won a narrow-vote victory to deny TIPRO support of any statutory unitization effort and put the association back into its historical position of opposing statutory unitization.

What gives the resolution immediacy is definite assurance that a unitization bill will be introduced in next year's state legislature.

The president of the West Central Texas Oil & Gas Association, A. V. Jones Jr. of Albany, affirmed Tuesday that his group, which has been leading the unitization law drive, would have a bill ready for introduction.

A persistent problem throughout the meeting was centered on the question of the limitation of imports by tariffs as opposed to the present quota system.

Monday, James Atkins, director of the State Department's Office of Fuels and Energy, addressed TIPRO members and stressed that national security is the overriding guideline in current deliberations concerning the future of the imports program.

Lloyd Bentsen Jr. of Houston, Democratic nominee for the U.S. Senate, attacked a tariff approach in his address Tuesday to the convention.

Bentsen said such a step would cripple the Texas economy and claimed it would threaten the nation's security.

"There is nothing any administration has ever done that would hurt Texas more," he said.

The senatorial candidate centered his dislike mainly on the threat of reduced domestic crude oil prices posed by the tariff approach.

"The original purpose of import controls—national security—would be defeated," Bentsen charged. "We would become increasingly dependent on foreign oil from politically unstable areas."

He also cited the "urgent need to protect incentives for exploration and a need for drilling to be stepped up if we are to avert an energy crisis."

Ex-Littlefield Leader New Synod Moderator

SAN ANTONIO (AP)—Proposals outlining initial steps toward uniting two Texas Presbyterian synods for the first time since the Civil War were to be presented to church delegates today.

The proposals were on the afternoon agenda of the 128th Synod of Texas of the United Presbyterian Church, U.S.A., meeting this week at Trinity University, a church-related school.

In opening business Tuesday, the Rev. Houston Hodges of Austin was elected moderator of the synod, which represents 50,000 Presbyterians in Texas and Louisiana.

The Rev. Mr. Hodges, 40, a native of Tyler who was reared at Littlefield in West Texas, is executive for campus ministry for the United Christian Life Committee at Austin.

The committee finances ministries at 17 college campuses in Texas.

The Rev. Mr. Hodges succeeds Robert L. Cowling, a real estate broker and ruling elder of the Central Christian Church in Houston.

The 300 or so delegates to the synod will consider proposals already approved by the Synod of Texas of the Presbyterian Church in the United States.

Horoscope Forecast

TOMORROW
—CARROLL RIGHTER

GENERAL TENDENCIES: Make a special point to do these things today and tonight that bring you improved health and vitality. Doing little favors for those you like brings them closer to you. You can solve a problem with an ally.

ARIES (March 21 to April 19) Outdoors and co-workers are under tension so be diplomatic, thoughtful, with them. Plan how to make your wardrobe more charming. Bring out your own personality, which is what counts the most.

TAURUS (April 20 to May 20) Try not to spend too much money for the kind of recreation you like the most. Be with good friends, but don't criticize them as you have in the past. Show that you really like them.

GEMINI (May 21 to June 21) You have to be patient and understanding if you are to relieve those tensions now existing at home with others. Get at the root of the matter and eliminate whatever is the real trouble. Show intelligence.

MOON CHILDREN (June 22 to July 21) Be sure you get those personal problems nicely settled before you step out into the world of action. See the evening news; those who mean a great deal to you. Keep a curb on your temper.

LEO (July 22 to Aug. 21) If you are subtle about it, you can handle that ticklish situation between a bigwig and a good pal very nicely. Be sure to combine activities between the practical and the idealistic. Then you get fine results.

VIRGO (Aug. 22 to Sept. 22) Try not to irritate those who have power over your affairs and keep busy furthering your fine personal aims. Be careful in the handling of credit matters. Show that you are fair and honest.

LIBRA (Sept. 23 to Oct. 23) You have some wonderful ideas now and should forget worries and get busy putting them in operation. Listen to what a person of experience has to suggest. Make sure to stand up for your rights.

SCORPIO (Oct. 24 to Nov. 21) Responsibilities may have you confused so wait awhile before you do anything about them when your thinking is clearer. Be with friends for some relaxation. Get back on even keel.

SAGITTARIUS (Nov. 22 to Dec. 21) A conference with partners is important now. Instead of dishing about so much making new contacts, etc. Get agreements made, others straightened out. Be careful you do not vex mate in the evening.

CAPRICORN (Dec. 22 to Jan. 20) You can get much work done now that you are not hampered by that person giving you such trouble. Be sure you know what co-workers expect of you. Try to be as cooperative as you can.

AQUARIUS (Jan. 21 to Feb. 19) Steer clear of that person who can waste a lot of your time that could be spent of recreation you enjoy. Be with persons you really like; show them courtesy. Pay that bill early.

PISCES (Feb. 20 to March 20) Steer

Now Many Wear False Teeth

Do your false teeth annoy and embarrass you by coming loose when you eat, laugh or talk? Then put some FASTESTH Denture Adhesive Powder on your plates. Easy-to-use FASTESTH holds your dentures firmer longer. It makes eating easier. FASTESTH is alkaline, won't sour dentures. No gummy, gooey, pasty taste. Dentures that fit are essential to health. See your dentist regularly. Get easy-to-use FASTESTH today at all drug counters.

FAST READING

(Mental Conditioning)
Everybody is running these days getting into top condition — that's fine. Now all you need to do is condition your mind. The "Y" will do both. Do you read an average 225 words a minute? You need Speed Reading — at that speed adults can't keep up with their work — neither can students.

The bidding:
South West North East
1 ♠ Pass 2 ♣ Pass
2 ♠ Pass 3 ♠ Pass
4 ♠ Pass Pass Pass

Opening lead: Ten of ♠
North was somewhat reluctant to raise spades with only two trumps, but inasmuch as he lacked a stopper in hearts to bid two no trump and South had rebid his suit, North finally chose the raise—to three spades. South carried on to game.

West opened the ten of hearts which was ducked around to declarer's ace. The ace and king of spades were cashed and the closed hand was reentered with the ace of diamonds so that declarer could play the queen of spades. With the trumps divided evenly, all that remained was to develop the clubs. The pack of clubs was led and permitted to ride when West followed with the four. North played the deuce and East the three.

With everything apparently working to his complete

satisfaction, South continued with a small club. West put up the ace and declarer blithely played the nine from dummy. When East showed out by discarding a diamond, South's equanimity disappeared.

West led back the nine of hearts, East covered with the queen and continued with the king which South ruffed with the seven of hearts. A club was led to the king in dummy, however West's queen remained outstanding. In order to continue development of the clubs, South was obliged to ruff a diamond with the jack of spades—his last trump. When West got in with the queen of clubs, he played the queen of diamonds which was overtaken by his partner's king for the setting trick.

When the trumps divided favorably, South was in position to assure his contract. Development of the club suit can be accomplished by conceding tricks to the ace and queen. There is no objection to leading the jack initially, however when declarer retains the lead and continues the suit, he must not permit North's king to block development of the clubs.

When West plays the ace, South should throw the dummy's king under. The subsequent lead of the ten drives out West's queen and declarer retains the jack of spades as an entry to cash the eight and seven of clubs. His losses on the deal are thereby restricted to two clubs and one heart.

Capt. Allan Top Instructor Pilot In May

WEBB AFB, — Because of his "can-do" attitude, Capt. Douglas B. Allan, check section of the 3560th Pilot Training Squadron, has been selected as the squadron's T-38 Talon instructor pilot of the month for May.

He was cited by Lt. Col. James J. Malone, squadron commander, for constant effort to improve, seeking to upgrade quality of instruction, devising an effective cross check on relevance of items in pilot files, and for his dedication, confidence and enthusiasm.

Capt. Allan from Laurel, Mont., entered the Air Force on Nov. 26, 1965, shortly after receiving his bachelor's degree in business administration at Montana State University. He was then assigned to Reese AFB, Tex., for pilot training, then assigned to Webb in February, 1967. He became a check pilot in March of that year.

Seven Draft Raiders Get Five Years

CHICAGO (AP) — A federal judge sentenced seven anti-war demonstrators to five years in prison Tuesday for destroying Selective Service System records and gave stiffer sentences to three not in court.

Judge Edwin A. Robson of U.S. District Court said he viewed the punishment as a deterrent because the defendants' acts were part of the violence "that can bring about revolution."

"I am not going to be part of a revolution, that is going to affect the rights of my sons, and the rights of my grandsons," he said.

He sentenced the absent defendants to five years in prison on each of two counts in the indictment and said the terms were to run consecutively.

Eighteen persons were arrested May 25, 1969, after a draft board office on the Southwest Side was raided and records were destroyed and a building burned in the street.

Three persons were dismissed because they were newspaper reporters who were observing the demonstration.

Four defendants who failed to appear at the start of the trial were severed from the proceedings. Another, Edward Hoffmann, 32, of Iowa City, Iowa, was declared mentally unfit to stand trial.

The three absent defendants, Linda Quint, 22, of Chicago, Charles Muse, 21, of Roxbury, Mass., and the Rev. Nicholas J. Ruddell 40, of Milwaukee, a Carmelite priest, were sentenced to two five-year terms to run consecutively.

The defendants in the courtroom who were sentenced are: Charles G. Fullenkamp, 24, of Burbank, S.D.; Joseph E. Mulligan, 27, a Jesuit seminarian from North Aurora, Ill.; Frederick J. Chase, 26, and Margaret Katrosick, 23, both of Detroit; William Sweeney, 20, Edward Gargan, 19, and William Durkin, 20, all of Milwaukee.

Miss Quint, Father Ruddell and Muse attended most of the court sessions but disappeared during the final week of the trial and are being sought by authorities, along with the four who never appeared for trial.

The four-count indictment carried a maximum penalty of 23 years in prison and a fine of \$32,000.

Sanity Hearing For Coed Slaying Suspect Called

DENTON, Tex. (AP) — Dist. Judge Bob Scofield called a sanity hearing Tuesday for a 17-year-old high school pupil charged in the slaying of a Texas Woman's University senior.

The judge granted the hearing Monday for Gary Don Corzine, who with Noah Dale Butler, 19, is accused in the April 17 death of Robbie Doreen BIRTHRIGHT, 23, of Azle.

A seven-man, five-woman jury was summoned to determine whether Corzine is insane or incompetent to stand trial.

Defense lawyers have asked for separate trials for the defendants. The state, which is seeking the death penalty, requested a joint trial.

Should Corzine be held insane or mentally incompetent, Butler would stand trial alone.

"We should hear all the evidence in two or three hours," Scofield said.

Miss Birthright was abducted from the TWU campus while sitting in a friend's car. Officers said she was taken to a rural area outside Denton and run over by a car.

Five hundred veniremen were summoned to court Monday. None was selected.

Councilman Believes Heat Off As Consultant Hired

By TERRY STARK
The commission followed qualification that their proposal, the firm designed the city water treatment plant and consulted the city officials previously on the sewer problem.

The commission followed qualification that their proposal, the firm designed the city water treatment plant and consulted the city officials previously on the sewer problem.

With the hiring of a consultant engineering firm at Tuesday's city commission meeting, Mayor Pro Tem George Zachariah said the city had effectively met Texas Water Quality Board expectations for a study of the city sewage treatment operation before the June 20 deadline.

Policemen Get 40-Hr. Week On Trial Run To Sept. 30

In the opinion of Zachariah, reports of a critical situation in the sewage treatment operation were exaggerated. He said he had talked with board representatives in Austin Tuesday and got the impression that the hiring of an engineering firm (Freese, Nichols and Endress of Fort Worth), would be regarded as "good faith."

Before a gallery packed with local law enforcement officers, the city commission Tuesday night approved, on a trial basis, Chief of Police Jay Banks' request that his department's normal work week be reduced from 44 to 40 hours.

Appearing before the commission, Banks said no other city of comparable size in the state had a 44 hour week for police officers.

"I personally think we're in violation of the law by requiring police officers to work longer hours than some other city employees," he said.

The commission approved the measure effective next Monday through the end of the fiscal year, Sept. 30. A study of the cost and effectiveness of the plan will then be reviewed as the commission considers extending the 40-hour week permanently for the department.

EXTRA REQUIREMENT
Banks said the present system results in a hardship to many officers who are continuing their education and hold other jobs, because the long week plus other activities often kept the policeman from his family.

The city will buy a new loader for the sanitary landfill after all. For the third straight meeting, city commissioners pondered the financial feasibility of purchasing the \$36,000 loader and decided Tuesday that the cost of repairing an old machine or renting a new one would ultimately result in a larger expenditure than the purchase of a new one.

At the last meeting, the original two to one vote to purchase the tractor was declared void because of a charter provision requiring three favorable votes to purchase the measure.

Tuesday night George Zachariah moved that the available funds, \$22,000, in the garage fund be used to purchase the tractor, supplemented by a short term interest-free loan from the city department. This method as well as others had been suggested by the city administration at the previous hearings on the purchase.

Eddie Acri maintained the city did not have the money to buy the tractor and cast the only "nay" vote. No new bids will be necessary, and the original low bidder, Treanor Equipment Company, Odessa, will sell the city the machine.

PUBLIC HEARING SET
A 14-year-old street department tractor will be traded in on the machine, and the tractor now used at the landfill site will be shifted to the street department.

The commissioners also set June 23 as the date of a public hearing on the annexation of the Intech industrial site on Lorilla Street. Included in the Industrial Foundation's request for annexation are proposals that the city extend water for fire protection at a cost of \$22,000 and pave Lorilla Street and a street bordering the property on the south.

Appointment of R. H. Weaver, local attorney, as temporary chairman to convene the 20-member Charter Action Committee.

Cooler Choir Quarters Due At Goliad

Air conditioning of the Goliad Junior High School Choir room was approved Tuesday night by trustees of the Big Spring Independent School District.

Trustees voted to accept a bid of \$2,602 from Roy Hester Sheet Metal to install the air conditioning unit, after Alexander told them the savings would be less than \$200 if school workmen did the job.

"We're not in the air conditioning business," Supt. S. M. Anderson told them.

"If something goes wrong, we can't call in an air conditioning man to check it out under warranty if we do it," Alexander said.

Alexander also said the school didn't have the equipment to install the duct work. He also said that since he is not a licensed electrician, even the electrical work might produce problems.

SCHOOL SHARE
Trustee Jimmie Taylor made the motion to accept Hester's bid with the cost to the school board not to exceed \$500. Delnor Poss seconded the motion.

The money is to come from the contingency fund, and the school trustees agreed to finance the project until the Choir Boosters are able to pay for the project.

Trustees also discussed modifications of the school's sick leave policy to incorporate the new State Minimum Foundation provisions. Under a move by the 61st Legislature, the state will reimburse the school for up to 20 days of sick leave for professional employees. The sick leave accumulates at a rate of five days per year.

TAX RATE
The \$1.70 tax rate for 1970-71 was approved. Anderson told trustees the 1970-71 budget approved two weeks ago by trustees was based on this tax rate.

Distribution will include \$1.36 to local maintenance and 34 cents to the interest and Sinking Fund. Mrs. R. B. G. Cowper made the motion to set the tax rate, and Roy Watkins seconded the motion which carried unanimously.

Retaining C. R. Crim, until the end of the fiscal year, as a consultant engineer on city projects. City manager Larry Crow said that projects such as street-paving and installation of water lines required the services of a registered engineer.

Postponement of action on the overrun contract to build chemical facilities at the water treatment plant. Jimmie Jones of Jones Construction Company said the project should be completed as soon as delivery of repaired parts is made near the end of June.

LANDFILL LEASE
Authorization to lease a 28½ acre tract to replace the nearly used-up sanitary landfill site at \$100 per year. The site is owned by Lee Cotton and is located midway between Birdwell Lane and SH 350, north of IS 20. The city will also install a water tap on the site.

Authorization of bid acceptance for 1,100 cubic yards of precast aggregate for the city annual summer seal coat street treatment. Bids will be accepted July 2.

Authorization of a payment of a claim by Alfred Dorporto in the amount of \$94.50 after a city mower threw a rock through his windshield. On recommendation of City Attorney Herb Prouty, the commission also named Commissioner Wade Choate to replace Walter Stroup on the city insurance committee.

OTHER ACTION
Appointment of Novis Womack to replace Dr. Robert Johnson on the Planning and Zoning Board.

Authorization to lease an acre of land south of the American Legion Hall on US 87 to the Five Waters Club.

Approval of a request from R. H. Weaver for removal of restrictions against the sale of beer on his client's land south of Crestwood Park.

Appointment of Maj. Vaughn Martin to replace Maj. Gail M. Key on the city Traffic Commission. Other traffic commission recommendations approved included installation of a stop sign at the south exit of Crestview apartments and designation of a pedestrian crosswalk on FM 700 near the Carlton House Apartment.

Approval of a list of the city's vouchers for the past two weeks.

Trustees Receive 49 Resignations

Trustees of the Big Spring Independent School District approved four new teachers for employment Tuesday night, and accepted 49 resignations.

New teachers and their assignments will be Flor DeMaria Garcia, high school mathematics; Mrs. Joyce L. Jackson, high school mathematics; Mollie Sue Studer, Goliad choral director; and Donald J. Swinney, junior high mathematics.

Of the 49 resignations, three are from teachers who are retiring. They are A. L. Marple, Lakeview fifth grade; Nanna Garrett, high school history; and Mrs. Mary Pattillo, Lakeview Title I librarian.

TRANSFERS
The school system has 19 teachers resigning because their husbands are being transferred.

They are Mrs. Elaine Beaver, high school mathematics; Mrs. Kathryn G. Bennett, Marcy fifth grade; Mrs. Sandra A. Bowden, Airport first grade; Mrs. Jane Ann Brown, Goliad mathematics; Mrs. Linda L. Bryant, Rannels mathematics; Mrs. Marcia Culbertson, Cedar Crest first grade; Mrs. Beverly D. Gordon, high school typing; Mrs. Lynne Johnson, Marcy sixth grade; Mrs. Nikki Lee, Rannels, home and community; Mrs. Lauren Diane Long, high school and elementary music; Mrs. Jette H. Lung, high school history; Mrs. Claudia L. Marsh, Marcy first grade; Mrs. Judith S. Murphy, Goliad English; Mrs. Barbara J. Petrus, Park Hill second grade; Mrs. Jane Ann Roberts, Boydston fourth grade; Mrs. Sharon Rossmiller, Boydston fourth grade; Mrs. Paula Stanley, high school English; Mrs. Gilliam V. Toop, Marcy first grade; Mrs. Susan A. Wax, high school history; and Mrs. Patricia Violante, Rannels mathematics.

OTHERS LEAVING
Those leaving to accept other positions include Mrs. Elizabeth Beam, Cedar Crest librarian; Mrs. G. M. Griffin, Goliad physical education coach; Dan J. Lewis, Rannels mathematics coach; Mrs. Vesta J. Mills, Kentwood sixth grade; Robert K. Presley, high school history coach; Kirby L. Pugh, high school government coach.

Other teachers resigning for various personal reasons include Mrs. Karen Adams, Cedar Crest first grade; Mrs. Phyllis E. Burchfiel, Goliad English; Mrs. Avis Ann Carey, Marcy fifth grade; Mrs. Donita

Cunningham, high school homemaking; Wilbur P. Cunningham, high school mathematics; Mrs. Helen Noveta Gross, Airport second grade; Mrs. Linda L. Hartin, high school bookkeeping; Leon Long, Rannels band director; Mrs. Bonnie L. McSweeney, Bauer librarian; Mrs. Carol G. Orand, Goliad English; Mrs. Gayle F. Parker, Cedar Crest fourth grade; Jeanne Pearson, Rannels art; David Y. Rogers, high school history; Mrs. Patricia J. Rutledge, high school art; Mrs. Linda Lee Sellars, Marcy fourth grade; Mrs. Jeanne M. Small, Goliad

choral director; Robert E. Stehle, Goliad mathematics; Alicia Torres, Bauer second grade; Mrs. Susan A. Wax, high school history; and Mrs. Linda Wilson, Bauer third grade.

Martin Horse Show Saturday

STANTON (SC) — The Martin County 4-H Horse show will be held on Saturday at the Bobby Kelly Arena, two miles north of Stanton on SH 137.

Books will close at 8 a.m., and the show will begin at 8:30 a.m. with Buck Owens, Barnhart, as the judge. Entry fee for the first class is \$3 and \$2 for each additional class. Further information may be had from Kay Hankins (756-2293) or Bobby Kelly, (756-3606.)

REPRESENTATIVES OF BSBS BAND WINNERS IN STATE COMPETITION
Becky James, clarinet; Judy Conley, woodwinds; John Tidwell, bassoon

Bandsmen Win Honors

The Big Spring High School Steer Band has returned from the annual state solo and ensemble contest in Austin with 52 medals.

To be eligible to compete in the state contest, a student must have earned a first division rating in the regional University Interscholastic League contest earlier in the school year.

Stage band competition was added to the contest for the first time this year, and the Big Spring Golden Horns stage band took first division ratings over nine other competing schools. Another new classification was twirling. Susan Beard received a second division rating for her twirling.

Big Spring competed in the two-day contest, according to Don Turner, assistant band director. The following students received First Division ratings: Becky James, clarinet; John Miller, cornet; Judy Conley, representing the members of her woodwind ensemble; and Jon Rice, representing his brass ensemble.

Receiving second division ratings for their solos were Phyllis Holland, flute; Shiretta Ownby, flute; Dauri Poweh, flute; Judy Conley, oboe; John Tidwell, bassoon; Bonnie Anderson, clarinet; Steve Hughes, clarinet; James Parson, alto sax; Kent Fish, cornet; David Smith, cornet; Mark Prather, cornet; Robert Campbell, cornet; Sheila Lewis, French

horn; Wayne Nugent, clarinet; Roy Raney, bass and Gary Wood, bass. Second division rating ensemble winners were Bonnie Anderson, representing the members of her ensemble, and Chris Danford representing his group.

Workman Falls
A 24-year-old workman helping tear down the Texas & Pacific Railway depot Monday morning fell 38-40 feet, but was not believed seriously injured. The man, identified as Hoyt Hallford Jr., was treated at Medical Center Memorial Hospital and released apparently with only cuts and bruises.

Commission Decides New Tractor More Economical

The city will buy a new loader for the sanitary landfill after all. For the third straight meeting, city commissioners pondered the financial feasibility of purchasing the \$36,000 loader and decided Tuesday that the cost of repairing an old machine or renting a new one would ultimately result in a larger expenditure than the purchase of a new one.

At the last meeting, the original two to one vote to purchase the tractor was declared void because of a charter provision requiring three favorable votes to purchase the measure.

Tuesday night George Zachariah moved that the available funds, \$22,000, in the garage fund be used to purchase the tractor, supplemented by a short term interest-free loan from the city department. This method as well as others had been suggested by the city administration at the previous hearings on the purchase.

Eddie Acri maintained the city did not have the money to buy the tractor and cast the only "nay" vote. No new bids will be necessary, and the original low bidder, Treanor Equipment Company, Odessa, will sell the city the machine.

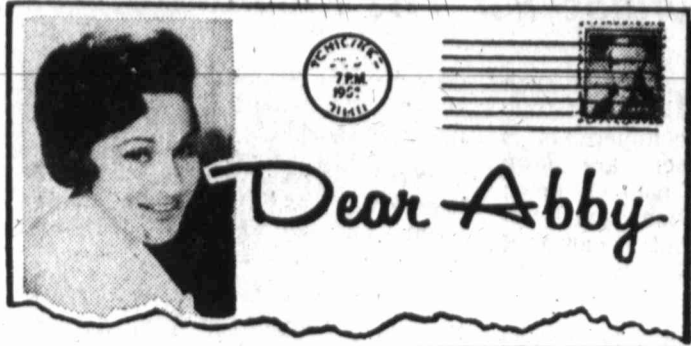

PUBLIC HEARING SET
A 14-year-old street department tractor will be traded in on the machine, and the tractor now used at the landfill site will be shifted to the street department.

The commissioners also set June 23 as the date of a public hearing on the annexation of the Intech industrial site on Lorilla Street. Included in the Industrial Foundation's request for annexation are proposals that the city extend water for fire protection at a cost of \$22,000 and pave Lorilla Street and a street bordering the property on the south.

Appointment of R. H. Weaver, local attorney, as temporary chairman to convene the 20-member Charter Action Committee.

Retaining C. R. Crim, until the end of the fiscal year, as a consultant engineer on city projects. City manager Larry Crow said that projects such as street-paving and installation of water lines required the services of a registered engineer.

Dear Abby

DEAR ABBY: I am writing this not for myself, but for a friend. "Miss X" is a beautiful, intelligent 22-year-old girl who had an unfortunate romance when she was 15. This resulted in a hurry up marriage and a baby. She was divorced at 17.

She met and fell in love with David, a fine young man who knows about her past, but loves her and her child and wants to marry her. David was raised a Catholic, but he isn't devout. (However, his parents, for whom he has much love and respect, are strict Catholics.)

David is taking Miss X to meet his parents (they live out of town) before they announce their engagement. Naturally Miss X wants David's parents to like her, and I'm sure they will, after they get to know her because she is such a terrific girl, but don't you think since they're so Catholic, if they are told right off the bat that she's a divorcee with a 6-year-old child, they might be prejudiced against her?

Wouldn't it be better if David's parents met her and had a chance to know her and like her, and then they were told about her child and divorce?

MISS X'S BEST FRIEND
DEAR FRIEND: It strikes me as rather strange that a young man who "loves and respects" his parents would suddenly appear with a fiancée on his arm without having mentioned to them that he had marriage in mind, plus a few vital facts about the girl. But since that's the case, I think Miss X and David should tell them right off the bat that she's a divorcee with a child. To deliberately withhold these facts until after they get to "know her better" would be dishonest, and would surely cause resentment when finally disclosed.

DEAR ABBY: This is in regard to "MOTHER," who was worried about her son seeming to want punishment.

I am only 15, but I have heard many friends say they thought their parents didn't really love them or care about them because they were rarely punished.

I believe that most kids NEED to be punished when they do wrong. It may be hard for parents to understand, especially when the child puts up a fight, but after the tears are gone and all is forgiven,

Wonder Grass Is Developed

EILAT, Israel (AP) — A wonder grass with multiple uses and a promising commercial future has been developed in Israel's Negev Desert.

Its growers claim it can reduce water pollution, cheaply substitute for wood pulp in the production of high-quality paper and do many more things.

Dr. Hugo Boyko, who died in May, developed the reed-like vegetation called juncus-esparto, using desert sand and plentiful underground saline water.

Just before his death Boyko said tests in Scottish and English paper mills had yielded excellent results.

The mills thought so much of its qualities that they applied for the complete harvest once it reaches an economically profitable level of 10,000 tons annually, Boyko said. He indicated that Israeli production within the next few years will be much higher.

"I'm not trying to tell you that the juncus is going to completely replace wood pulp for papermaking," he said. "But the market for high quality paper is so great that we will have absolutely no trouble selling our entire production no matter how large it becomes—and we shall be able to cover millions of desert acres now empty and unused."

Boyko said the grass can purify urban or industrial waste water by breaking down noxious compounds or destroying harmful micro-organisms.

"Water filtered through the grass is clean enough to drink," the scientist asserted.

Seeing It Helps You Grab It, Visual Aid Man Says

By JEAN FANNIN
Making a transparency of the surface of the moon is all in a day's work for O. A. Madison. Even during the summer respite, he's probably figuring new gimmicks.

Madison is director of the audio visual material at Big Spring High School and is responsible for obtaining audio visual programs and equipment for the teachers.

His job has become so complex over the past few years that he is now compiling a list of available material and indexing it in the card catalog of the school library.

His makeshift department is scattered around the library, and when school is in session he keeps student assistants busy organizing and repairing the materials and equipment.

"I keep telling them we're going to have to get rid of some of these books," laughed Madison.

He has already taken over two rooms of the library and during "dead week" at the high school, when all the students are busy taking exams, he temporarily captured several tables in one end of the library to work on his catalog.

The catalog is to combine an

organized listing of the films and film-strips owned by the local school system and the films available from the West Texas Media Center in Midland.

From September to March the local school system used 2,003 films from the center. These films for about \$5 each, have a total of 107,636 students.

"It would cost us more than \$10,000 to rent this number of films for about \$5 each," Madison said.

An advocate of the trend toward using more films in the classroom, Madison is convinced that "using a film helps to teach more in a shorter period of time."

He says many teachers are jealous of their classroom time, and will not use a film that does not fit in with what the class is studying the very day the film is available. Madison said he thinks that if teachers relaxed this rule, the system would be using many more films than are now used.

"These films are not for entertainment," he said, "they are educational." One of the film series owned by the school system in conjunction with Howard County Junior College and other area schools is a complete physics course on

GETS NEW JOB — William J. Woestendick, above, who was fired as editor of a new experimental television news program in Washington because his wife was hired as press secretary to Attorney General John N. Mitchell's wife, is the new editor-publisher of the Colorado Springs, Colo., Sun. The appointment was made by Sun publisher Hank Greenspan and was announced in the newspaper Tuesday.

Skyjacker Saved Life Of Texas Man

LONGVIEW, Tex. (AP)—The Arizona truck driver indicted for hijacking a TWA jet airliner June 3 saved a boy's life in Texas 15 years ago, a Marshall resident disclosed Tuesday.

Kent Mullikin, now 29, says he owes his life to Arthur G. Barkley of Phoenix, Ariz., who hijacked the plane with 51 passengers aboard and demanded \$100 million ransom money from the U.S. Treasury. Barkley was arrested at Dulles International Airport, Washington, D.C.

Mullikin says he was mowing the right of way on U.S. 80 near Po-Boy—a small community near Waskom, Tex., when Barkley came to his rescue after he tipped his tractor over in a ditch.

"I fell off under the driverless tractor," Mullikin said, "and it was still moving forward. One of the wheels rolled on to my stomach, dragging me under the tractor while the (following) bush hog with its moving blades edged towards me."

"When the blades were about 12 inches from me, Barkley, who was on his way back to Shreveport from his bread round in Longview, topped the hill. He saw the situation and

drove his bread truck up against the tractor, halting its movement.

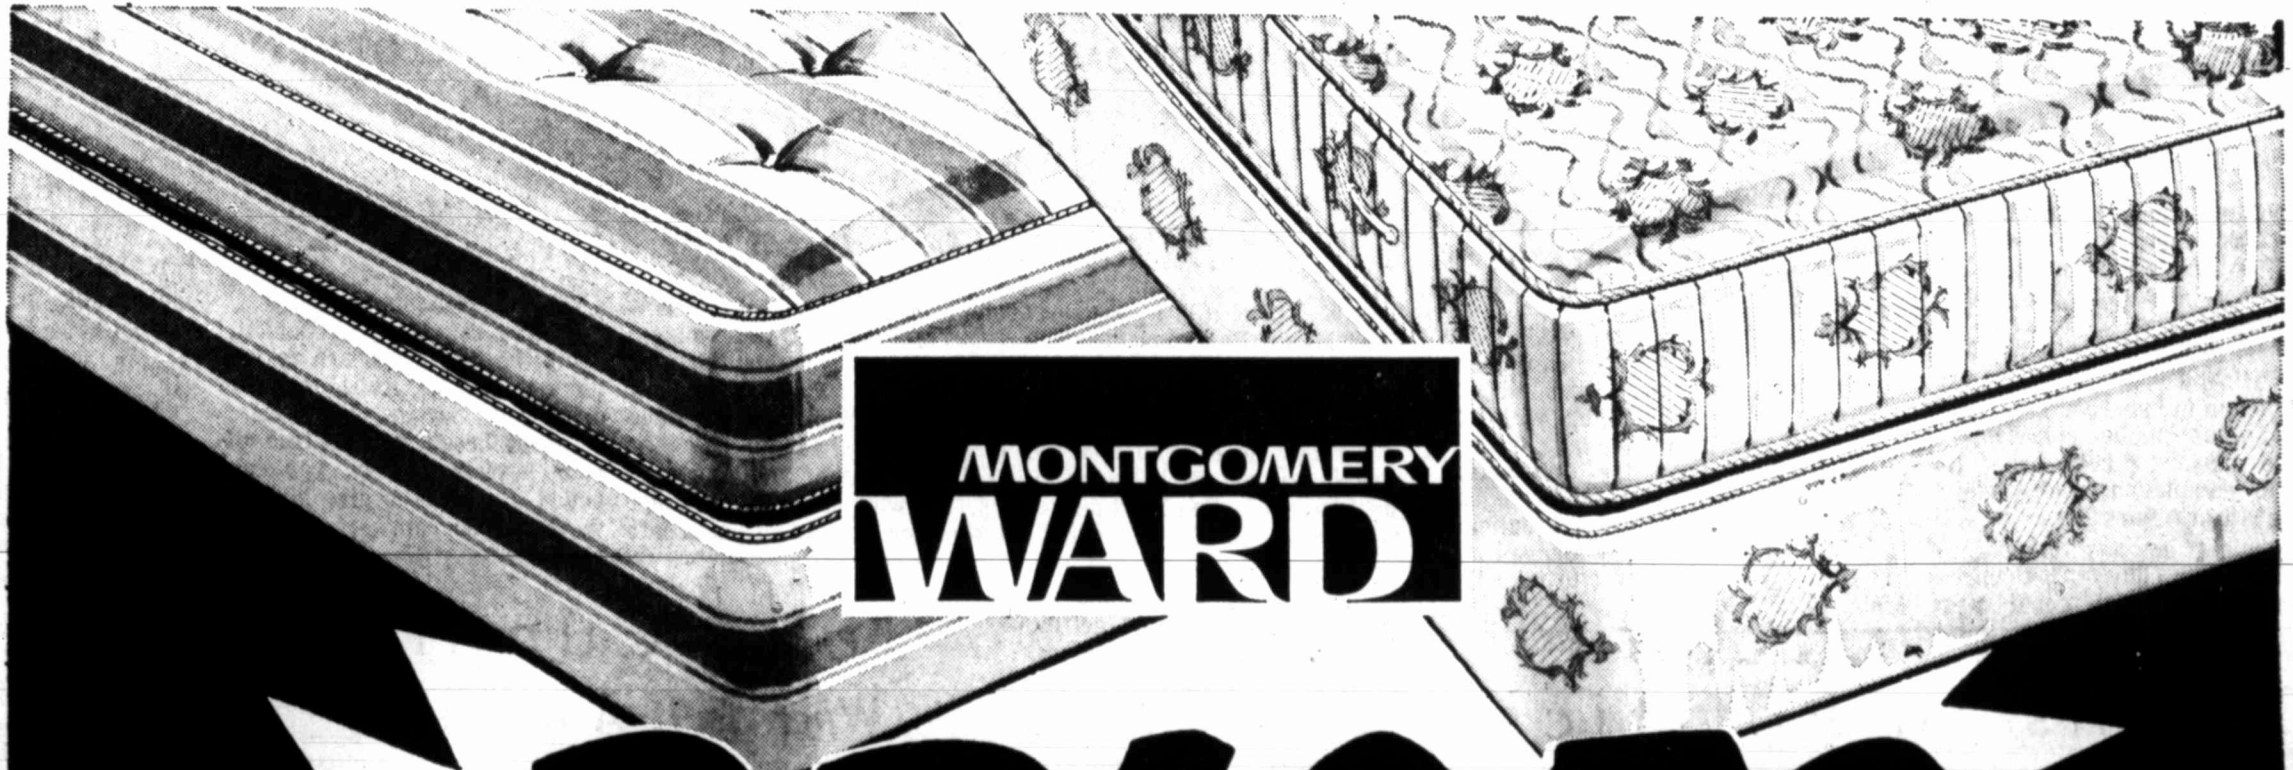

"He then jumped off his truck, turned the tractor engine off and went for help," Mullikin recounted. "It took six men to lift the tractor off me, but by some miracle and the quick thinking of Barkley, I was uninjured."

Barkley, a veteran of World War II, formerly lived at Deadwood in Panola County, East Texas. He was working at the time for the Wonder Bread Co. of Shreveport, La.

After Barkley had saved the boy, Mullikin's father offered him money but Barkley refused it. He was then given a Bible by the family. He still had the Bible at the time of the hijacking.

The Barkley family moved to Arizona because of the poor health of one of their children, but the Mullikins kept in touch and the two families exchanged greetings each Christmas.

A Devotion For Today . . .

"What is more, we are witnesses to these matters, and so is the Holy Spirit which God gives to those who obey his commands." (Acts 5:32, Phillips)

PRAYER: Grant, O merciful Father, that we may accept the challenge to witness for Christ. We ask for strength and courage, knowing we cannot do this in our own strength. Amen.

(From the 'Upper Room')

The Problem Of Buying A Home

One of the real victims of the present state of the economy is the housing industry.

It is not enough to say that builders and associated tradesmen have been hard hit; the real tragedy is the living condition of our society. One of America's greatest sources of social development through the years has been in the development of single-home ownership. Major cities throughout the rest of the world largely blocks and blocks of flats.

The United States policymakers would do well to look into the current stagnant situation. Thanks to the "recession," to high mortgage rates and the high cost of building, American housing starts are down by as much as 21 per cent — have been declining since last summer. The National Association of Home Builders estimates that just 730,000 single family homes will be built in 1970, almost 50,000 fewer than during the last housing crunch in 1966.

Says Representative Wright Patman, chairman of the House Banking and Currency Committee: "Virtually all moderate-income families have been priced out of the housing market." Many people cannot afford payments on a \$20,000 house loan.

So what happens in the construction industry? With fewer family-size homes built — the houses which give individuals a sense of property-owning and security — builders instead put up bigger, more costly structures: high-rise apartments, office buildings, shopping centers.

Corrective measures can and should be taken. The Nixon administration has sponsored, and the Senate has approved, a plan authorizing the Federal Home Loan Bank to subsidize loans to the nation's savings and loan associations, largest single source of credit for home construction. Plans are also being discussed to insulate mortgage financing from the tight money policies aimed at restraining inflation. One suggestion is to make interest rates on housing flexible — rising and falling along with other interest costs.

Americans have come to a sad situation when, as is now the case, the only low-cost housing available in many areas are the mobile homes. (An estimated 400,000 were sold last year.) Congress would do well to enact legislation to help individuals buy and own their own homes — come recession, inflation or prosperity.

Public Help For The Library

Howard County is encountering difficulties in meeting the full financing of remodeling and furnishing the old post office building so that it will be a first-class public library.

The building renovation is running some \$13,000 more than was immediately available for appropriation, and now there has emerged another \$10,000 project cost for furnishings and various pieces of equipment that the library ought to have.

Some commissioners have suggested that public subscriptions might be made to help bring the library to completion, and we find this an idea worth pursuing.

There might be any number of service and civic clubs — both men's and women's — which could make

appreciable gifts to the facility, and thus have a part in strengthening one of the county's major cultural assets. It has been suggested that gifts be recognized by means of a public plaque.

Recognition or not, there is a place for the public at large to assist in the complete development of a library that can serve this area for generations to come.

Some of the devices wanted in the library are those which can assist in teaching methods and getting children better acquainted with the treasures to be found in books.

We submit that the intellectual enrichment of our children is as vital as any health and recreational care we give them, and public-spirited organizations might want to take this into consideration.

Texans In Politics Waiting For That Other Shoe To Fall

By GARTH JONES

Texas Democrats are still waiting for that other shoe to fall in the matter of party reforms.

The "shoe" has been falling since that unfavorable vote at the 1968 Chicago national convention against the unit rule. And there are signs the much talked about "reforms" may not come to a real test until the 1972 convention.

"I STILL DON'T know what we will do and when," said Mrs. William Patman, Texas' committee woman on the National Democratic Committee, who recently was named to an ad hoc committee by national chairman Lawrence O'Brien to "implement" the recommendations made by a commission headed by Sen. George McGovern, D-S.D.

The McGovern recommendations are aimed at making party procedures more democratic especially in delegate selection for the 1972 convention.

They include so-called "one-man, one-vote" requirements that each state must allocate its delegate strength to give equal weight to each area's population and to its political feeling in the 1968 presidential election when Hubert Humphrey carried

Billy Graham

I was brought up in a Christian home, but I enjoy the company of worldly-minded people more than Christians. I just don't enjoy being with pious people. Does this imply that I'm not a Christian? C.A.

An old adage says: "Tell me who you are with, and I will tell you what you are."

You are inferring that all Christians are "pious," and that they are not desirable companions. I fear that you have come into contact with the wrong kind of Christians. Most of the Christians I know are fun to be with. True, there are some things they do not do; they have a certain amount of discipline; but they are certainly not bores.

In answer to your question: I would say that either you have known the wrong kind of Christians, or that their good character makes you uncomfortable in their presence. It is possible that you feel more comfortable with secular-minded people, because "birds of a feather flock together," and Christians may cramp your style, and speak a different language, and this may make you isolate yourself from them. I believe that you are a better judge than I in this matter. Perhaps God is speaking to you. If so, I suggest that you listen and obey.

'IS THERE ROOM IN THE BUDGET FOR SOME CLOTHES?'

Hal Boyle

Your Boyfriend Is Over 40 If . . .

NEW YORK (AP) — "Dear Poor Man's Philosopher: 'Lately I have been going steady with a nice man who makes something of a mystery of his age. He likes to give the impression that he is under 35, but I have a feeling he is nearer 45.'

"Personally, I don't care how old he is, as he has a good job and, of course, I'm not getting any younger myself and a girl of 31—that's a laugh—can't always pick and choose.

"But I would like to know if he's kidding me about his real age. Can you help me?"

"Curious"

Certainly, my dear. No one can hide his actual age for long. His attitudes and conduct inevitably give him away.

Your boyfriend is certainly well over 40 if—

His wig is beginning to shed but he blames the falling hairs on his dog.

He begins to fidget if you look longingly at the a la carte side of a restaurant menu instead of ordering the price-fixed dinner.

On Saturday nights he'd rather listen to Lawrence Welk than take you out dancing.

His medicine cabinet contains two kinds of sleeping pills, three kinds of antacid tablets and four bottles of tranquilizers.

Any small talk he gives you that any day now he's going to take up jogging to get in better shape is just that—small talk.

Miniskirts on other girls look good to him, but he hates to have you wear one.

If he is considering marrying you, he keeps asking you pointed questions about your financial background and whether he would have to support any of your insolvent relatives.

A World War II uniform is still hanging in his closet.

When he is in an amorous mood, he can't chase you twice around the sofa without getting short of wind.

Now and then he forgets himself and starts bragging about how soon all his life insurance will be paid up.

He never forgets your anniversaries, because he is now old

and smart enough to know how important they are to a woman. When he goes without shaving for a day, his 5 o'clock shadow has a Civil War motif—a tinge of gray as well as blue. If the price of anything goes up, he worries about whether the nation is heading again into a major depression.

If you exclaim, "Cool it, man!" he thinks you are asking for another ice cube in your drink.

Should these things be true of your boyfriend, lady, you can bet he's over 40—so give him all the help you can.

John Cunniff

When Is It A Recession?

NEW YORK (AP) — Observations on the economic slowdown:

WHEN IS IT A RECESSION? A lot of economists think we already are in one. They point to the sharp rise in unemployment to 5 per cent of the labor force and the sluggishness in industrial output.

No completely satisfactory set of requirements has been devised to indicate the onset of recession, but the most widely followed indicator is the Federal Reserve's index of industrial production.

That index has now fallen in eight of the past nine months, or for two straight quarters, which suggests that the nation is indeed in a recession.

Curiously, however, a good many professional economists, fully capable of making up their own minds, refrain from using the word until they get the cue from the prestigious, nongovernmental National Bureau of Economic Research.

DO CURRENT STOCK MARKET PRICES INDICATE A RECESSION? It would seem so. Certainly they reflect a great loss of investor confidence in the immediate future of business.

One way of measuring the decline in confidence is with price-earnings ratios, or the number of times earnings that an investor is willing to pay for a stock. A \$60 stock with per share earnings of \$3 would have a P-E of 20.

Back in 1961, when the boom

was building up, the P-E ratio for the 30 stocks in the Dow Jones Industrial Average came to 22.9. By the end of 1967 it was down to 16.8, to 16.5 by the end of 1968 and 13.4 as 1969 closed.

Last Friday it had fallen to 12.8 times earnings. During the great rise in stock prices that wasn't at all unusual to see some stocks with P-E ratios of 50 or 60 or even 100. It's difficult to find them now.

ARE VOLUNTARY RESTRAINTS ON WAGE-PRICE INCREASES LIKELY TO BE SOUGHT? The chances appear to be rising. The Nixon administration has left no doubt that it opposes rigid wage-price-credit controls.

However, as the economy retrenches—and wages and prices keep rising—the pressure grows for more direct involvement of the administration in the marketplace. Indications grow that some type of voluntary plan may be formulated.

The pressure is coming not just from the housewife who sees her budget money disappearing. Inflation is exportable, to a certain extent, so several international agencies are advocating a stronger attack by Washington.

IS THE OUTLOOK BLEAK? It may depend upon how you assess it. Many respected economists foresee the economy expanding again before the end of the year. But that could mean just another round of inflation before the present one is brought under control.

Around The Rim Camouflage For The Programs

Those who make a study of such things tell us that the length of time allotted to television commercials is shrinking. Most of them are down to 30 seconds now, not so much because of the attention span capabilities of viewers, but because of the pocketbooks of sponsors. Tighter budgets have some advantages.

ALAS, NOT MUCH has been done about the content of the messages. By and large, they are a collection of sketches on the silliest bunch of people to inherit this nation, particularly when it comes to tooth paste, detergents, cigarettes and water closet cleansers.

AND WHERE THEY aren't particularly silly, they do silly things. For instance, one cigarette which holds itself out to be the great outdoors fag starts off with lazy dreamy chords, which are quite pleasing. Then comes the message, and finally a gallop-time tune to trot it off the stage. It's what happens that hurts — first the cowboy lights a cigarette, then the next, and the next, and they all jump on their horses and ride off at breakneck speeds with cigarettes flapping like a broken fan. It's a wonder you don't read the next day where 50,000 acres of choice grassland got burned over during a roundup.

ON THE OTHER hand, there is the case of the lady who has a few of her friends over for bridge, and as they settle down to topping off a delicious dessert, one of them suddenly notices a lovely fragrance. What in the world is it, she wants to know.

"O that," smiles the hostess smugly. "That's the new comode cleanser that I found out about. It

does the job beautifully, removing all stains, and makes the house smell like honeysuckle."

"NO," SAYS the first lady unbelievably. "Yes," insists the hostess. "Come and see." Everyone leaves off dessert to go see.

Now there is the case of a woman lying in bed while her husband buries his face in a pillow and drifts off into restful slumber. What is bothering her? Whether he will notice the fresh odor imparted by a certain detergent. Finally, he bolts upright and exclaims: "What did you do to these sheets?"

"HE NOTICED!" the wife adds in glee. An unreal situation if ever there was. Were that my wife, she would behold me sound asleep and sneer through clenched teeth: "I hate you. How can you just roll over and be sound asleep while I have to be as wide awake as a tree full of owls?" And when I bolted upright, it would be because she could no longer control her emotions and dealt me a sharp kick out of sheer envy.

ANOTHER DETERGENT shows the housewife unhappy over her new washing machine until the dealer explains it all to her. This one handles more clothes, so she needs a different detergent. (Now why didn't she think of that, or of increasing the amount she used?) He recommends the new Smash, which, he adds, is twice as strong. Twice as strong as what? As the old Smash? And, if so, haven't the makers been dragging their feet or holding out on their customers?

There's one good thing about these, however. They are so bad that even the worst program seems good.

—JOE PICKLE

Andrew Tully

The Males Are Getting Prettier

WASHINGTON — Get me out my violet silk peignoir, Charles, and maybe those purple mules, and spray me all over with unbridled Lust by Elizabeth Arden.

After a brisk window-shopping tour, I am not sure that we American men are boys or girls. Also, I may never leave the house again because it is too embarrassing when I lift my hat to some luscious bird of paradise only to be greeted with the giggled explanation that the corpus under all that finery is yclept Mike.

IF I MAY be permitted to issue a policy decision, I suggest that a majority of those Americans who were registered at birth as males have gone over to the other side. The devious conspiracy to convert us into gilded poptojays or, at least, reasonable facsimiles of Restoration coxcombs, has emerged victorious.

I am not without sin. In recent months I have become ashamed of my well-worn and comfortable tweed jackets, my charcoal gray slacks that do not balloon at ankle-level and my best blue suit. Although the state of the economy forces me to continue wearing this drab and outdated raiment, I now own one bright yellow and one phosphorescent blue shirt.

MEANWHILE to please both spouse and male child, I have permitted my sideburns to creep dangerously close to the ear lobes. In back, the hair now crawls over the shirt collar. I live in constant fear that next week will find me encased in a pair of green-and-purple-striped slacks and white suede shoes with

large Pilgrim buckles.

UNDER THE insidious influence of wives and more-or-less male fashion overseers, even regular fellows like thee and me are getting prettier every day. There is for sale in formerly respectable shops scents for me, and even for little boys, guaranteed to bring mobs of quivering females to our vermillion-shod feet. We got shirts with frilly lace cuffs and bosoms. We got dickeres to hide the hair on our chests when we don electric sports shirts. Several females of my ken have recommended a pancake makeup which they claim will mask that part of my face which now resembles the working side of a porcupine.

I KNOW genuine tough guys who wear marcelled wigs, not sheepishly, but proudly. Men don't get a haircut any more, they have their locks styled, and often permanently waved. Deodorants no longer are employed for protection against that late-afternoon fragrance of a Russian gymnasium, but to lure unwary females upstairs for a look at the elchings.

I TELL YOU, it's serious. There is something radically wrong with our country when an otherwise decently uncouth newspaper columnist, whose suits have always hung on him like portions of an unmade bed, finds himself starting in envious fascination at a shop window filled with the new habiliments and wondering whether a psychedelic outfit in yellow, green, purple and red polka dots would go well with two chins, a receding hairline and a pot belly.

(Distributed by McNaught Syndicate, Inc.)

David Lawrence

Nixon Stands Firm On Viet Policy

WASHINGTON—President Nixon's periodic talks on television are primarily designed to reassure the American people that pledges made to them about the gradual withdrawal of American troops from Vietnam will be kept. At the same time, the President is anxious to let the every know that any attempt to disturb that program will not be ignored by him.

The most significant paragraphs of his latest speech are the following:

"WE ARE READY to negotiate, whenever they (the North Vietnamese) are ready to negotiate. However, if their answer to our troop withdrawal program, and to our offer to negotiate is to increase their attacks in a way that jeopardizes the safety of the remaining forces in Vietnam, I shall, as my action five weeks ago clearly demonstrated, take strong and effective measures to deal with that situation. . . .

"WHEN I SPOKE to you a month ago, a clear threat was emerging in Cambodia to the security of our men in Vietnam. Ask yourselves this question: If an American President had failed to meet this threat to 400,000 American men in Vietnam, would those nations and peoples who rely on America's power and treaty commitments for their security—in Latin America, Europe, the Middle East, other parts of Asia—retain any confidence in the United States? That is why I deeply believe that a just peace in Vietnam is essential, if there is to be a lasting peace in other parts of the world."

THUS, WHILE emphasizing the importance of America's policy in relation to the peace of the world, the President is serving notice to the enemy that, notwithstanding the criticisms within the United States, he is not drawing back from his previous position. He said the military steps in Cambodia—which have since proved successful—were taken to remove "an immediate danger" to

the security of the remaining Americans in Vietnam and to reduce future casualties. The obvious implication is that he will follow the same course in the future.

THE MAIN PROBLEM that confronts the President, however, is how to handle the withdrawal of the American troops who will still be in Vietnam. In 1972, Mr. Nixon will be up for re-election, and he would like to have most, if not all, of the American Forces out of Vietnam by then. He doesn't, however, want to risk a withdrawal that could lead immediately to a resumption of the Vietnam war by the North Vietnamese to such an extent that he would have to decide whether to let a substantial number of Americans stay there to help the South Vietnamese.

IF, TO BE SURE, the Soviet Union and Red China could be persuaded to bring the Vietnam war to an end, this would solve all Mr. Nixon's problems. He could probably bring the rest of the American troops back to the United States by 1972. Thus far, however, there is no sign of any such tendency in Moscow or Peking. So the President is endeavoring to meet domestic criticisms as far as he can by pulling back as many American servicemen as possible this year and next, while at the same time letting the enemy know that at any moment—if a major offensive is launched—the United States would feel free to join the South Vietnamese in repelling such attack.

ALL INDICATIONS are that President Nixon will not undertake any policy which involves surrender or retreat. He will continue to follow a program of gradual withdrawal of troops while at the same time using whatever pressure is available through other countries to bring about some kind of armistice in the Vietnam war.

To Your Good Health

What — And What Not — To Do For Snakebite

By G. C. THOSTESON, M.D.

Dear Dr. Thosteson: Could you give me the correct procedure for a snakebite?—Mrs. J.T.

If a doctor is not available:

1.—Keep the victim quiet. Activity spreads the venom.

2.—Apply a cloth, or pressure band, three to six inches above the bite. Some purists object to calling it a tourniquet, as the intent is not to shut off all blood flow (as with a severe wound.) But use a belt, rope, scarf, or whatever is handy, drawing it tight enough to shut off circulation in the veins which, generally speaking, are closer to the surface than the arteries. You don't want to shut off blood flow to the bitten extremity; you do want to retard the return circulation, in the veins and lymph, from spreading through the body. Loosen the cloth for a minute or two out of each 15 minutes.

3.—Cutting the skin at the site

of the bite, small cuts an eighth to a quarter-inch long, promotes bleeding, and washing out some of the venom. Sterilize the knife by holding it in a match flame or wiping it with alcohol. Whisky or gin will do.

4.—Do not give whisky or any alcoholic drink to the victim.

5.—Remove venom by gentle squeezing and suction. Snakebite kits contain suction cups for this; or you can suck the wound and spit out the venom. (But not if you have an open wound in the mouth, of course.)

6.—Take the victim to a doctor or hospital. Carry him to the car. If he has to walk, have him do so slowly.

Poisonous snakebites, if treated within two hours, have a good prospect of less severe reactions.

When medical care is reached, the "three A's" are the essentials: antivenin; antibiotics; anti-tetanus injections.

Application of ice or cold compresses is not recommended.

For non-poisonous snakebites — these are usually harmless and appear more as scratches — simple cleaning of the area is all that is necessary.

Prevention: wear high boots and heavy trousers. And don't probe under logs, in rock piles, and such places with bare hands.

Carry a snakebite kit in known snake areas.

Low blood sugar — a puzzler until correctly identified — is often the cause of faintness, headaches, visual and emotional disturbances. To learn how it can be identified and brought under control, write to Dr. Thosteson in care of The Herald for a copy of his booklet, "Help For Hypoglycemia," enclosing a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

MRS. R. M. ROBINSON

Couple United In Marriage

The wedding of Miss Vicki Jo Lynn and Rodney Michael Robinson was solemnized Saturday morning in St. Ann's Catholic Church of Midland with the Rev. J. Franko officiating for the ceremony.

The bride's parents are Mrs. and Mrs. George T. Glynn of Stanton, and the bridegroom is the son of Mr. and Mrs. R. V. Robinson, Route One Midland.

Mrs. Charley Welch, organist, played traditional selections as the wedding party stood before an altar lighted with candles and decorated with basket arrangements of white gladioli, carnations and greenery.

WHITE GOWN

The bride's gown was an A-line design of white peau de soie satin with a scalloped overlaid front panel of lace. A band of matching lace trimmed the ring collar and also the long sleeves. A large bow with streamers, overlaid with lace, extended down the back from the Empire waistline. Her headpiece was of flowerets and crystals holding a long tiered veil. The bridal bouquet was of white carnations topped with a butterfly orchid with white streamers.

Miss Debra McMeans of Stanton was maid of honor, and Miss Nancy Glynn, sister of the bride, was bridesmaid. Their dresses were of lilac peau de soie satin with white overlaid lace front panel and lace sleeves with Empire waist and a large bow with streamers in back. Their headresses were lilac veils accented with white flowers, and they carried bouquets of pink carnations with pink streamers.

BEST MAN

Mike Hall of Stanton was best man, and Tommy Glynn, also of Stanton, brother of the bride, was groomsmen. Tim Glynn of Stanton, another brother of the bride, was ring bearer and lighted the candles. The couple was honored with a reception at the Holiday Inn where the serving table was

Luncheon Held By Homemakers

Mrs. Jimmy Hopper, 1810 Goliad, was hostess for the Howard County Young Homemakers buffet luncheon Tuesday. The buffet table was covered with beige linen and centered with an arrangement of grapes and greenery. Quartet tables were covered with gold cloths and centered with arrangements of candles in orange holders.

Guests were Mrs. Harold Harrington, Coahoma; Miss Charles Meacham, Sand Springs; and Mrs. Gaylon Williams. The next meeting will be June 22 with a program on decoupage purses.

Elegant Look

Now there's a wallcovering which has the elegant look of traditional, fine wallpaper plus the highly practical virtues of stain resistance and scrubability — yet with none of the shine characteristics of many plastics. The material is so resistant to stains that even crayon, lipstick, ink and fingerprints are scrubbed off easily with soap or detergent suds, the manufacturer reports.

Memorial Honors Rebekahs

A memorial program honoring Big Spring Rebekah Lodge 284 members who have died during the past year was held Tuesday at the IOOF Hall. Mrs. J. R. Petty conducted the memorial ceremony. Mrs. Marion Mangum and Mrs. T. V. Neal sang "When They Ring The Golden Bells For You and Me" as each member placed a rose on the altar. A prayer was worded by Mrs. A. F. Gilliland. Mrs. E. V. Cockerham, noble grand, presided at the meeting. Thirty-five visits to the sick were reported by the 27 members present. Following the meeting the Degree Team practiced the initiation ceremony. The next meeting will be June 16.

Forsan Families Have Guests

FORSAN (SC) — The Rip Bailey family entertained the A. J. Creightons, Rankin; and Dr. and Mrs. E. Muri Bailey, Camp Natick, Mass. Guests of the C. V. Washes are Mrs. Lura Boothe and Lynette, Austin, Mrs. Boothe and Mrs. Wash are sisters. Mrs. J. M. Craig and Mrs. Vera Harris, both of Andrews, visited the Bobby Baker family and Mrs. Idella Alexander. Visiting with the J.P. Kubekas were the H. B. Dunns of San Angelo. Mr. and Mrs. C. L. Gooch are visiting a daughter and her family, the Paul Vances at High Island. Teressa Digby of Odessa is visiting her grandparents, the M. M. Fairchilds.

Ruth Class Holds Gift Exchange

Secret pals were revealed and gifts exchanged Monday by the Ruth Class, North Birdwell United Methodist Church. Mrs. Vernon Kent, of Center Point was hostess and gave the devotion. Mrs. E. R. Thompson Jr. presided. Games were played. Refreshments were served from a table covered with a gold cloth edged in lace and appointed with silver. The next meeting will be July 13 in the Thompson home, 2204 Main.

'ROUND TOWN

BY LUCILLE PICKLE

By the paper I see that former California Governor and Supreme Court Justice Earl Warren says that the older generation and the younger generation must join together to make living more harmonious. Did he mean to skip parents who are more than likely right in between? Or are they the generation gap and don't know it?

The FRANK GRIFFITH grandchildren are all together at the Griffith home in Coahoma. They also have their mothers with them but the papas had to stay at home. Here for a two-week visit are MRS. ROY GRIFFITH and her sons, Matthew and Andres, from New Orleans, La.; and MRS. FRANK B. GRIFFITH JR. and Tammy, Darrell and Dale, of Tucson, Ariz.; and MRS. TOMMY WYRICK who lives no farther away than Vincent but she and her children, David, Kristi and Lori Lynn, have come over to join the fun.

Mrs. Roy Griffith's mother, MRS. DONNA CUMBY who lives in Sweetwater, is expected to come over Friday for a visit with the group. Mrs. Frank Jr's parents, MR. and MRS. GLEN PHILLIPPE, who live here are sharing their daughter's visit with the other part of the family. As Mrs. Griffith says, they have wall-to-wall pallets for the children, and all the adults have a bed so they are just planning on a big two weeks. . . and of course, Mrs. Griffith will put in her shift as an LVN at a local nursing home.

MR. and MRS. DON NEWSOM and their sons, GARY DON, on 30-day leave from the Army at West Point, and KENT, and TOMMY STEPHENS returned Tuesday from a stay of several days in Ruidoso, N.M.

MRS. WENDELL GRANT and her daughter, Wendi, and MRS. IRA HESTER who has been visiting her parents, MR. and MRS. J. D. CAUBLE, plan to leave Monday for Mrs. Hester's home in Columbus, Miss. From there they plan to go to Marion, Ill., to visit Capt. Hester's mother.

Mrs. Grant and Wendi returned last week from Hawaii where they spent a week with Capt. Grant on his R&R from duty in Vietnam. Mrs. Grant's

'Ojo de Dios' Sets Theme Of Gift Shower For Deane Mansfield

The Ojo de Dios ("Eye of God") set the theme for a buffet dinner and gift shower held Sunday afternoon honoring Miss Deane Mansfield, bride-elect of W. A. Collins III.

The party, one in a series of prenuptial courtesies, was held in the home of Mrs. Jim Zack, 1603 Indian Ridge, with Mrs. Zack's daughter, Mrs. Bob Lewis, and Mrs. Roland Schwarzenbach as cohostesses.

Soil Tests Shown By Dr. Paul Koshi

Dr. Paul Koshi, president of the Men's Garden Club of Big Spring, conducted soil tests at the club meeting Tuesday at the U.S. Experiment Station. Dr. Koshi demonstrated tests for nitrogen, phosphorous and potassium content.

Bill Sneed announced that seeds for the youth contests, for the "Big Pumpkin" and "Giant Sunflower" are still available. To obtain the free seeds call Sneed at 267-7016. The next meeting will be July 14 at the Veterans Administration Hospital.

Three Leave For Tour Of Europe

STANTON — A bon voyage party was given Friday in honor of Tince Ory, Alyne Kelly and Crystal Webb in the home of Mary Payne. Helen Thrallkill was cohostess. The party was given by Beta Sigma Phi sorority for its members. Tince Ory and Alyne Kelly are Xi Epsilon Deltas and Crystal Webb is Mu Lambda. The honorees left Saturday for a two-week BSP tour of Europe. The refreshment table was decorated with miniature airplanes on runways leading to a map of Europe. Patricia Stribling, of Odessa was a guest.

Beauceants Plan Friendship Night

A June 22 Friendship Night was planned Monday by the Social Order of Beauceant, meeting in the Masonic Temple. Mrs. Wright Vickers presided at the meeting. The Friendship Night will begin with a dinner at 6:30 p.m. with the Sir Knights invited. Mrs. Nell Spencer is in charge of arrangements.

Guest Speaker To Address OES

The highlight of the party was a presentation by Mrs. Lewis to Miss Mansfield of a large wall plaque on which she had painted an Indian translation of the Twenty-Third Psalm.

Two Will Leave For Convention

Mrs. Jesse Crane Jr. and Mrs. Roy Zeigler were chosen Tuesday to represent National Association of Letter Carriers Auxiliary 1975 at the state convention this weekend in Fort Worth.

B&PW Club Elects New Treasurer

Mrs. Delphia Gordon was elected treasurer at the Business and Professional Women's Club meeting Tuesday in the Chamber of Commerce. Mrs. Weldon Nuckolls presided. Delegates to the state convention Friday through Sunday were chosen. They are Mrs. Nuckolls, Mrs. Willard Sullivan, Mrs. Cass Hill and Miss Movelda Rhine. New officers will be installed during the next meeting June 23 at Holiday Inn.

Mrs. S. Anderson Hosts Meeting

Mrs. Stewart Anderson, 3611 Calvin, was hostess for the Inch Finchers meeting Monday, and led the exercises. Mrs. M. A. Dunagan won the bowl of fruit and six members reported losing total of 5 pounds. The next meeting will be in the Dunagan home south of Elbow.

Jimmy Matthews Earns Doctorate

Jimmy Wayne Matthews, grandson of Mrs. Bernice Slater, 808 Settles, received his Doctor of Dental Surgery degree from the Texas Dental Branch and Graduate School of Biomedical Sciences in Houston June 1 in Park Place Baptist Church. Dr. Matthews is the son of Mr. and Mrs. Wayne Matthews, Uvalde. The Matthews and Mrs. Slater attended the commencement. Dr. Matthews has the Asso-

Larry McKinney Wins Scholarship

GALVESTON — Larry Don McKinney, Big Spring, has been awarded a \$250 scholarship for marine sciences study this summer at Texas A&M University's Marine Laboratory here. The funds were provided by a grant from the Moody Foundation of Galveston. McKinney, a junior majoring in zoology at Texas A&M, is the son of Mr. and Mrs. Donald B. McKinney, Route 2.

Genealogical Society Date

The Genealogical Society of the Big Spring will meet Thursday at 7 p.m. in the Pioneer Gas Flame Room where George Foster, editor of the society's newsletter, "Signal Peak," will present a program on obtaining vital statistics entirely within the family relations. The group meets the second Thursday of every month and all interested persons are invited to attend. More information may be obtained by calling the secretary, Mrs. Jerry A. Phillips, 263-4629.

First National Promotes Lovelady, Dunnam To Veeps

Promotion of two staff members to vice presidents was announced at First National Bank in Big Spring today by Jimmy Taylor, president.

The board has approved, effective Tuesday, the elevation of Charles Dunnam to the post of vice president and cashier, and of Donald F. Lovelady to be vice president with primary responsibility in charge of the installment loan department. Dunnam has been serving as cashier and Lovelady as assistant vice president in the installment loan division.

Both are Big Spring products. Dunnam graduated from Big Spring High School in 1957, is a graduate of the American Institute of Banking, and is pursuing studies in the Southwestern Graduate School of Banking at SMU.

He joined the First National Bank when he left school and did general work, and won steady promotion. He was made assistant cashier in 1959 and cashier in 1961.

He is past president of the AIB chapter in Big Spring; past president of the American Business Club; past president of the Permian Basin chapter of National Association of Banking Auditors association;

Census Ires Rep. Patman

MARSHALL, Tex. (AP) — Rep. Wright Patman, D-Tex., said today he plans to protest to the Bureau of Census and seek remedial action on the 1970 population count in the 1st Congressional District of Texas.

Patman has 18 counties in his northeast Texas district. Preliminary figures of the Census Bureau have been the target of criticism by a number of cities and counties in Patman's district where records reflect little or declining growth in population.

A number of centers, usually led by the local chamber of commerce and newspapers, are conducting campaigns to enumerate residents. Patman said he has received numerous complaints from "responsible and informed individuals" regarding the "general inadequacy" of the census count.

He stated: "I plan to file the most vigorous protest with the Bureau of Census in Washington and request appropriate remedial action. I am waiting, however, for additional material from other counties so that we can hit the Census Bureau with the strongest possible protest."

"It is my considered opinion, based on reports from as many as 10 counties, that hundreds if not thousands of completed census returns have not been picked up by the enumerators and obviously have not been figured in the general count."

The 1960 census showed 398,586 residents in the 18-county district in comparison with 1970's preliminary figures that indicate 395,735—a decrease of 2,851.

Like Summer Around Texas

By The Associated Press

It felt like summer over most of Texas today, even though the calendar says that season doesn't arrive until June 21.

Warm air laden with moisture, flowed northward across the central part of the state from the Gulf of Mexico with a continuing promise of thunderstorms or showers.

Official observers looked for a new Pacific cool front to move into West Texas and lower temperatures a bit by Thursday.

Much of the Panhandle-Plains sector kept cautious watch again Tuesday night on that area's nightly round of thunderstorms, which caused a wide stretch of countryside to be placed under a severe weather watch.

The alert was capped by a special warning against thunderstorms which bombarded some localities with large hail as they coursed through Wilbarger, Baylor, Wichita and Archer counties.

Light showers fell, meanwhile, in other parts of Northwest Texas, across the Big Bend country and in extreme South Texas.

Temperatures soared Tuesday afternoon, hitting 96 degrees at Childress, 95 at Midland and Wink, 93 at San Angelo, 92 at Wichita Falls and 90 at Amarillo, Dallas and El Paso.

Mr. and Mrs. Payne were married in January, and Mrs. Payne recently graduated from UT with a major in journalism. Payne's father is the former rector of St. Mary's Episcopal Church.

COUNTY THEFTS

Charlie Wash, Forsan Oil Well Service, reported this morning that a headlight, a cob handle and two fuelfilters were stolen Tuesday night from a pulling unit near the Howard County-Glasscock County border. Deputy Sheriff S. K. Roberts was investigating the theft this morning; however, Sheriff A. N. Standard said the pulling unit is thought to have been in Glasscock County at the time of the theft.

Rotarians Talk Of Membership

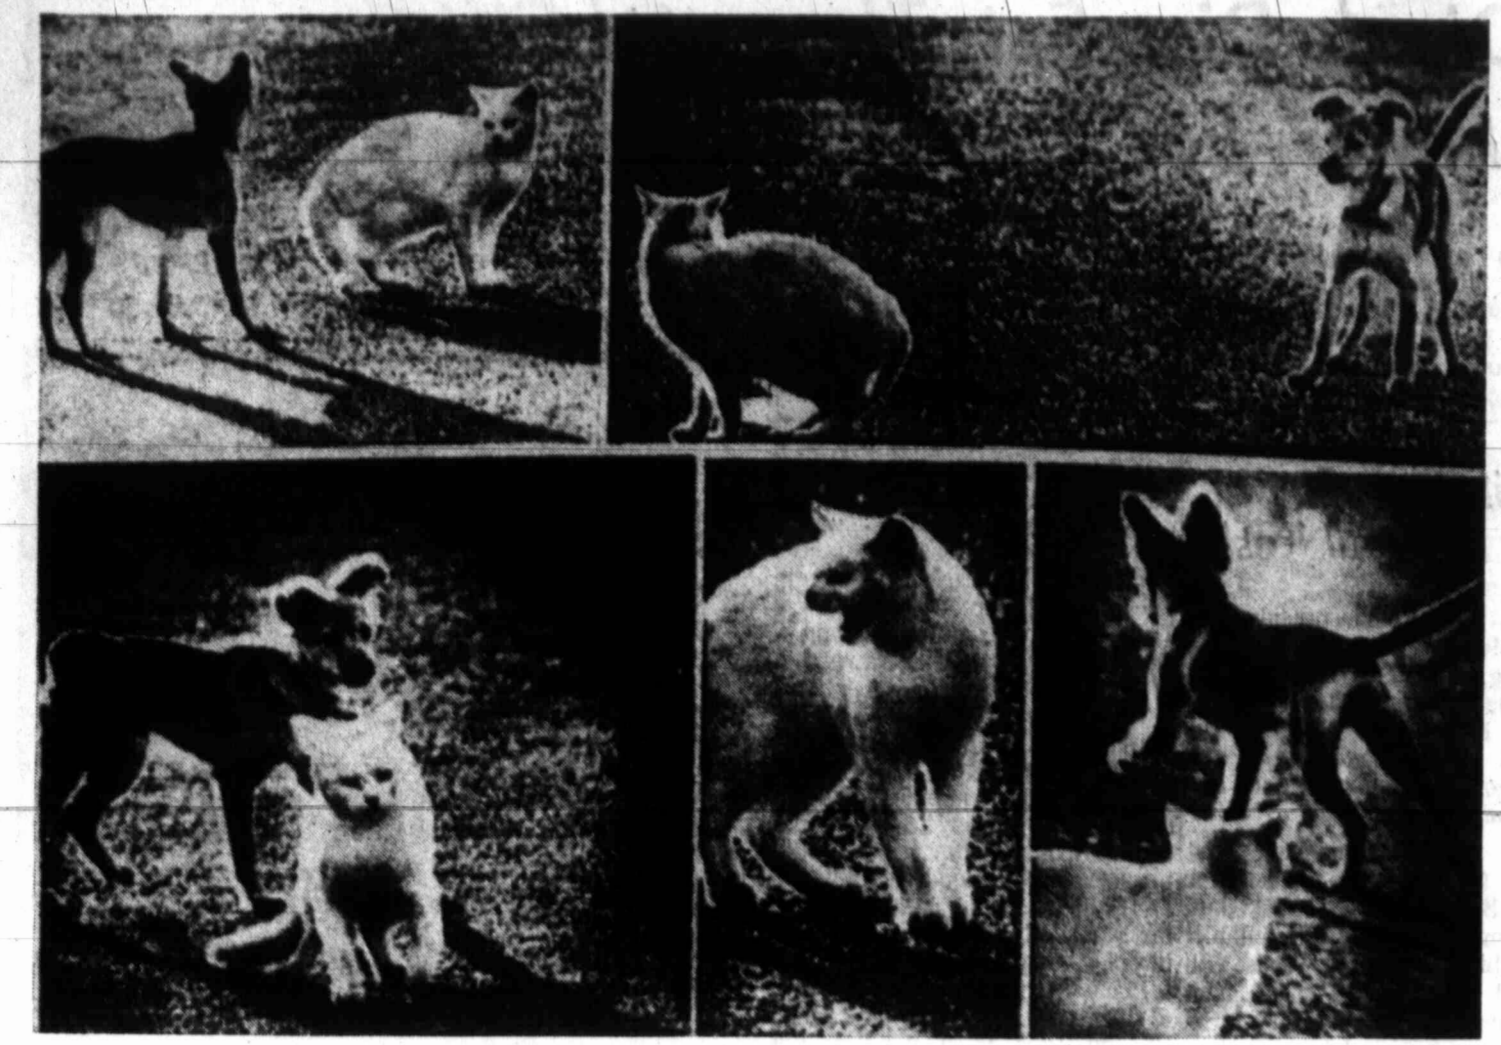

Friend Talbot, president-elect of the Big Spring Rotary Club, Tuesday told of his and Mrs. Talbot's recent trip to the Rotary International convention in Atlanta, Ga.

Rural Mishap

Ruth Feaster, Knot Route, reported this morning to Howard County sheriff's officers that she was involved in a one-car accident about 2:15 p.m. Tuesday 17 miles northwest of Big Spring near the Fairview Store. Mrs. Feaster said an undetermined amount of damage was done to the right rear end and front end of her car when she lost control of the auto and ran into a field.

STRATEGY OF CONFRONTATION — A frisky dog chances upon a cat on a Dover, Del., street and decides to see how far he can push his luck. All goes well for a time as the pup approaches from the left, the right and the rear. Finally, however, the cat bristles or whatever cats do and the dog decides to take the logical out, a stiff-legged retreat.

Trustees Ponder Starting Kindergarten Program

Big Spring Independent School District trustees Tuesday night discussed a kindergarten and approved a request by Keith Swim, director of federal programs, that the local district act as fiscal agent for a childhood development program.

The program will involve approximately \$52,000, of which \$10,000 will likely go to the local system. Other schools connected with this program will be Abilene, San Angelo, Midland, Snyder, Lamesa, Balmorhea and Nueces Canyon.

Swim said that Big Spring will be allotted money for administrative personnel, if necessary, but that the program will entail only a monitoring visit to the participating schools.

The program is to utilize money left over in the national childhood development budget. Texas, New Mexico and Louisiana have been selected to receive funds, and Big Spring is one of five Texas systems chosen as fiscal agents.

The application must be in Dallas by June 15, and the local system will receive notification by June 30, Swim said.

The program is for the upgrading of people considered unemployable, Swim said. The program is restricted to people aiding in childhood development and provides money for hiring aides in childhood development and provides money for hiring aides in the Headstart program and for child care centers.

Also in the field of childhood development but not as part of this program, trustees discussed establishing a kindergarten as required by the state.

"As our budget stands right now, there is no provision for a kindergarten," Supt. S. M. Anderson said.

By 1977-78, the system will be required to furnish a kindergarten for all children already five but not yet six when school starts.

A table showing the gradual implementation of a kindergarten program shows schools must provide a kindergarten this fall for educationally handicapped children who are five years and five months to six years old.

The program gradually lowers the age to five and, then in 1973-74, children who are not educationally handicapped and who are between five years and six years are added to the kindergarten.

Mrs. Cowper questioned whether the school can deny a child the privilege of attending a Headstart program and require the child attend kindergarten.

Swim told trustees he thought the federal government would lower the top age limit on the Headstart program to avoid conflicts with local kindergartens.

WEATHER

NORTHWEST TEXAS: Partly cloudy tonight and Thursday. Possible thunderstorms in southeast tonight. A little cooler in north Thursday. Low tonight 58 to 72. High Thursday 80 to 92.
SOUTHWEST TEXAS: Partly cloudy and warm through Thursday with scattered, mostly afternoon and evening, thundershowers. High Thursday 85 to 95. Low tonight 62 to 75.
WEST OF THE PECOS: Partly cloudy and warm tonight and Thursday. High Thursday 82 to 98. Low tonight 55 to 72.

Figured Show Low Temperatures Expected Until Thursday Morning
Isolated Precipitation Not Indicated—Consult Local Forecast
WEATHER FORECAST — Showers are forecast Wednesday on the northeastern coast, in the Midwest and the West. There will be cool weather in the West and warm weather in the Midwest.

How He Killed Lad Described

FORT WORTH (AP) — A sandy-haired, 14-year-old boy guided officers through a city park Tuesday describing how he killed and sexually molested Paul Joseph Shelton, 13.

Later, in the presence of a reporter, the youth, who had difficulty communicating, said he stabbed and beat the younger boy after a chance meeting in a wooded area June 2.

He said young Shelton "took a swing" at him at one point and that he stabbed the boy in the back during the scuffle. The wounded youth "started going crazy," he said.

Officers, acting on telephone calls from the public, arrested the youth Tuesday morning and questioned him in the presence of his mother.

"When I mentioned I wanted him to take a polygraph test, he broke down and started crying," said youth officer S.D. Cobb. "He then gave us the whole story."

DEATHS

He joined the First National Bank when he left school and did general work, and won steady promotion. He was made assistant cashier in 1959 and cashier in 1961.

He is past president of the AIB chapter in Big Spring; past president of the American Business Club; past president of the Permian Basin chapter of National Association of Banking Auditors association;

AND NOW THEY'RE FOUR — Marine Maj. and Mrs. Charles S. Robb leave Bethesda Naval Hospital yesterday with their newborn daughter, Catherine Lewis. Their older daughter, Lucinda, 1 1/2, carries cigars in honor of the event. Mrs. Robb is the former Lynda Bird Johnson, daughter of the former President.

Taxpayers Can Still Miss Interest On 1969 Taxes

Taxpayers have the rest of June in which to escape interest on their unpaid 1969 taxes, Mrs. Juanita Jennings, assistant city tax collector, reminded today.

From Jan. 31 to June 30 only penalty is added at the rate of one per cent per month. But as of July 1, the city considers the taxes really delinquent and assesses a 2 1/2 per cent interest at that point, in addition to the constant penalty of six per cent. Thereafter, interest increases one half of one per cent per month.

According to Mrs. Jennings delinquent tax receipts to date are \$2,987 lower than at this same time last year, and there is still a significant number of taxpayers who have failed to pay. She urges those paying late taxes not to mail checks for the wrong amount. Checks failing to include the proper penalties will be returned with a statement of account, but a phone call or visit to the city tax office would make this unnecessary.

Killer Wheels

GEORGE WEST, Tex. (AP) — Robert C. Campbell, 32, of George West was killed under the wheels of a tractor-trailer truck here Tuesday night. State patrolmen said his car was halted beside the road and he was trying to flag the heavy vehicle to a halt. Campbell jumped for the right side of the truck cab, they said, and fell under the trailer's tandem wheels.

Oil Show Asks For Pictures

ODESSA — The Permian Basin Oil Show is looking for photographs, newspaper clippings, and other items of a historical nature that have to do with the oil industry in the Permian Basin.

Tom Brandon, oil oldtimer and supplier, told the board of directors at its recent meeting: "We must bring together those photos and historical notes that serve to remind of what the industry once was. We'd like to have whatever photos you or your friends have. If someone has a particular photo that they don't want to part with, but will trust us to copy, we can assure them that we will return the original just as soon as we have made a print of it."

Brandon is in charge of The Old Timers Lounge which is open during the four day run of the Oil Show, Oct. 21-24, 1970, at the Coliseum in Odessa. "Each year we honor the Oldtimers who come to the show," Brandon said. An Oldtimer is anyone who has worked in the oil industry for the last thirty years. We want certainly to be sure they are each honored for their long and faithful dedication to this great industry."

Brandon asked anyone who had such memorabilia to contact him at Brandon Hardware and Supply Company, 1313 West 3rd, Odessa, Texas.

Cabinet Aide Rules Out More New Taxes In 1970

WASHINGTON (AP) — A Nixon Cabinet member says despite continuing price rises that increased taxes are out this year, and another says wage-price controls won't stop the inflation.

The administration won't ask for any more new taxes this year and couldn't get them from an election-minded Congress if it did, Secretary of the Treasury David M. Kennedy said Tuesday. And Secretary of Labor George P. Shultz said wage and price controls would not work because the public would not accept them and they would require miles of red tape.

"They would do more harm than good," Shultz said in a talk at the National Press Club. "They wouldn't roll back the cost of living."

Kennedy told newsmen that the administration did not have

Lions View Apollo II Film

STANTON (SC) — The Stanton Lions Club met at the Belvue Motel Tuesday noon with president Charles Elmore presiding. A film on Apollo II first walk on the moon was shown by the Texas Electric Service Co. Next week's program will feature Gene Clements of the Texas Employment Commission of Austin, who will give a report on the Martin County Labor Skill Survey, held here recently. Nineteen members were present.

Bailey Takes A&M Position

Dr. E. Murl Bailey Jr., son of Mr. and Mrs. Rip Bailey, has been appointed assistant professor of toxicology in the College of Veterinary Medicine, Texas A&M University.

Dr. Bailey, a 1958 graduate of Forsan High School, has just completed a tour of duty with the U.S. Army as a veterinary pathologist. He received his degree as doctor of veterinary medicine at Texas A&M, College Station in 1964. Dr. Bailey received his masters in 1966 at Iowa State University in Ames and received his doctorate (Ph. D.) in 1968 at Iowa State also.

Dr. and Mrs. Bailey and their two children, Wanda and Creighton, have lived for the past two years at Natick Army Base where Dr. Bailey served as a major. The family has purchased a home in College Station and will be moving there soon.

Mrs. Bailey is the former Jean Creighton of Forsan.

Farm Money Bill Sent To Senate

WASHINGTON (AP) — The House has approved and sent to the Senate a \$7.4-billion Agriculture Department money bill.

The bill, passed by a voice vote Tuesday, includes \$2.5 billion for special food programs including food stamps for needy families and milk and lunch programs for needy children.

It also contains \$100 million to help build water and sewer systems in cities below 5,500 population, or more than four times the \$24 million asked by the Nixon administration.

The over-all bill amounts to about \$80 million less than the President had requested for the fiscal year beginning July 1.

Billion-Dollar Project Unfurled

HOUSTON (AP) — Plans for a billion-dollar residential-office-commercial development in the shadow of Houston's Astro-dome were disclosed Tuesday by Shell Oil Co.

The project represents a major move by the oil firm into urban development.

It will occupy a 525-acre tract calls for construction of 7,500 garden-type apartments in 10 to 15 years.

The master plan calls for several 30 to 35-story buildings but

at present does not include a hotel or any Shell office buildings.

Robert M. Hart, executive vice president of Shell, said there could be changes in the future.

Shell already has a huge investment in Houston. It is building a 50-story corporate headquarters downtown and recently started the transfer of much of its corporate staff here from New York City. "Houston today ranks with New York, Chicago and Los Angeles as one of the super cities," Hart said. "In the 1970s we will see its future unfold. We want to play a part in that future."

Officer, Airman Cited For Work In Maintenance

T-Sgt. John C. Leach Jr., and A.I.C. Earl R. Elsea have been named for monthly honors in the 358th Organizational Maintenance Squadron as non-commissioned officer and airman of the month. The announcement was made by the squadron's administrative officer, 1st Lt. William S. McClure.

Sergeant Leach is the non-commissioned officer in charge of the T-38 Talon heavy maintenance section. He also serves as precision maintenance equipment monitor for the flight line and transient alert, and is bench stock monitor and alternate supply custodian for the T-38 section.

An Air Force veteran of 15 years, Sgt. Leach has been stationed at Webb since July 1968.

Airman Elsea is a jet aircraft mechanic who works in the T-37 periodic maintenance section. He is responsible for performing required maintenance on the nose and the cockpit area of the T-37. In service for nine months, he has spent three at Webb.

Teamsters Back Bush

DALLAS (AP) — Texas members of the Teamsters Union have decided to back Rep. George Bush, the Republican nominee, for U.S. senator, spokesmen said.

A statement endorsing Bush was made public after representatives of the union met for 90 minutes with Democratic candidate Lloyd Bentsen.

The teamsters supported Sen. Ralph Yarborough for renomination in the Democratic primary, where he lost to Bentsen.

M. Ralph Dixon, president of the Texas Conference of Teamsters, said the union has about 30,000 members in the state. He said the endorsement of Bush carries "the full strength of the teamsters union and all its people and its political arm."

Living On Border Should Help Him In Job, Hurd Says

DALLAS (AP) — John Hurd, the Laredo oilman picked as ambassador to South Africa by President Nixon last month, says he believes 25 years of living on a border should help him in the job.

"Anytime you live next to another nation, there's a certain amount of ingrained diplomacy," Hurd said during a visit to Dallas. "We feel like we're living as neighbors together, separated only by a river," he said of Mexican-American border contacts.

Hurd, who faces the delicate task of representing the United States in a country whose racial separation policy has brought it criticism, hopes to take up his post next month if his nomination is approved by the Senate.

READ, WEAP C-C EXECS Group Zeroes In On Florida Boom

GAINESVILLE, Fla. (AP) — While chambers of commerce woo industry to the Sunshine State, a group called Zero Population Growth is trying to keep people away.

"At the rate man is reproducing now, there will be one square foot of space for each individual in the world 700 years from now," says Dr. Seymour Block, an engineering professor at the University of Florida and ZPG spokesman.

"We don't need to add to our population problems by encouraging people to come to Florida. The state's advantages will bring plenty down on their own. Our industrial and political leaders make the mistake of failing to plan for the future. They lack the social concern to look beyond the present."

"The population will never reach such proportions because nature will solve the problem through disease and war," he says. "We would rather see it solved through more

humane methods." Block says "Americans represent five per cent of the world's population, but use 50 per cent of its resources and produce 50 per cent of the pollution."

ZPG has chapters in Jacksonville, Gainesville and Palm Beach and is starting one in Satellite Beach.

Block says ZPG hopes to convince America and eventually the people of the rest of the world to "replace yourselves and no more." "I think we must encourage people to avoid having more than two children, and the best way to do that would be to make it economically advantageous for them to limit the number of children they produce," he says.

"We could give tax incentives to people who have only two children and impose penalties on those who have more. A poor person might have to pay \$500 for a third child, but it might cost a rich person \$5 million."

IN AND OUT — Charlie Metro, left, was fired Tuesday as manager of the Kansas City Royals and pitching coach Bob Lemon, right, was named as his successor. Lemon formerly was a star hurler on the Cleveland Indians.

Lemon Realizes 12-Year Dream

KANSAS CITY (AP) — Bob Lemon, one-fourth of the Cleveland Indians' vaunted pitching brigade of the late 1940s and early 1950s, at last has realized a desire that has sifted through his dreams for 12 long years. He's been named manager of the Kansas City Royals.

The Royals fired Charlie Metro and appointed pitching coach Lemon as his successor Tuesday. A few hours later the team went on its wildest scoring spree of the season and clobbered the Washington Senators 8-1.

Ward Pitches One-Hit Game

Jim Ward threw a one-hitter in leading the Merchants to a 9-0 victory over Bill Reed insurance in the City Softball league's first game here Monday evening.

The afterpiece saw Morton's Foods score five runs in the sixth inning on their way to a 5-0 victory over Neel's Transfer. Cotton Mize limited the Neel's team to three hits in that one.

Danny Kirkpatrick led the Merchants with three hits. Jimmy Sterling had the only hit for Reed's and was erased in a double play. The losers sent a minimum of 21 batters to the plate in the seven inning struggle.

The Morton's team had ten hits in the second go and Jimmy Roger connected for three of those.

Mount Leading Lubbock Races

Johnny Mount of Big Spring firmed up his grip on the point lead in Arena Park super-modified racing Saturday night in Lubbock as he won his second straight feature of the weekend.

Mount wheeled his Buick-powered sprinter in ahead of Don Zahn's Ford-powered creation while Charles Bolton's Chevy-engined No. 80 was third.

Dan Sikes Has Ten Birdies; Records 135

By The Associated Press Dan Sikes not only considers himself a pretty good golfer, he proved it Tuesday by leading the sectional qualifying for the U.S. Open.

Sikes, a four veteran, shot a sizzling nine-under-par 135 over 36 holes at Atlanta for the best score turned in at seven qualifying sites around the country where 484 players competed for 77 openings.

"I played as well as I could play," said Sikes after carding 10 birdies on the 6,942-yard East Lake Country Club course. "Until I got tired, I didn't make a bogey, and that came on the 16th in my afternoon round."

"I was real nervous starting out. If you consider yourself a good player, you feel like you've got to make it."

His rounds were his 17th consecutive competitive sub-par rounds, covering play in the Atlanta, Memphis and Charlotte tournaments.

Most of the other four veterans who tried Tuesday for a spot in the Open at Chaska, Minn., June 18-21 made it, but the toll included two former Open and PGA champions and Doug Sanders, Jack Fleckman, Grier Jones, Mike Souchak and Randy Glover.

Sanders, 152, Fleckman, 150, and Larry Hinson, 148, missed the cut at the Cog's Hill course in Chicago where 139 players competed for 35 berths.

Former Open champ Ed Furgol and former PGA winners Jim Turnesa and Doug Ford, along with Jones, failed to make it at Woodmere, N.Y., while Glover missed at Atlanta, former Open winner Lew Worsham was cut at Pittsburgh and Souchak at Detroit.

Mason Rudolph, with a seven-under-par 137, led a batch of pros who made it at Chicago, where the Western Open will be played this week. Monty Kaser was next at 139 and Bob Goalby, Labron Harris, Chris Blocker and Don Bies had 141s.

Two former open champions, Tommy Bolt and Jack Fleck, were in at 142, Bog Shaw 143, Chi Chi Rodriguez 145 and Gay Brewer 147.

Paul Harney had a six-under-par 136 in a field of 107 trying for 13 spots at Woodmere, two strokes better than last week's British Amateur runnerup, Bill Hyndman of Philadelphia. Tom Nieporce won a playoff for the final place.

Four veteran Larry Ziegler led at St. Louis with a 142, with Steve Reid qualifying at 145 and Dutch Harrison missing, and three young pros led the way in the other sites.

Mike Hill, younger brother of four hot shot Dave Hill, posted a 138, six under par, in a field of 33 hopefuls at Detroit. He was joined by George Knudson and Al Balding at 142.

Bobby Cole, a 22-year-old South African, also carded a six-under-par 138 at Pittsburgh, and Ricky Meissner of Bullrun, Va., qualified in his 10th month as a pro with a 141, three-under par, at Burtonsville, Md., near Washington, D.C. Lee Elder also made it at 145.

BIG LEAGUE STANDOUTS

AMERICAN LEAGUE Batting (140 of bats) — Carew, Minnesota, .385; A. Johnson, California, .352. Runs Batted In — W. Harlan, Detroit, 41; Walton, Milwaukee, 41. Home Runs — J. Powell, Baltimore, 14; F. Howard, Washington, 16. Pitching (6 decisions) — Tom, Minnesota, 6-0, 1000, .12; F. Peterson, New York, 8-2, 899, 3.50.

NATIONAL LEAGUE Batting (140 of bats) — C. Carr, Atlanta, .418; Perez, Cincinnati, .367. Runs Batted In — Perez, Cincinnati, 60; Borch, Cincinnati, 53. Home Runs — Perez, Cincinnati, 20; 3 tied with 18. Pitching (6 decisions) — Simpson, Cincinnati, 8-1, .889, 2.43; G. Stone, Atlanta, 5-1, .833, 3.46.

Drillers Nudge Chippers, 17-11

In National Minor League play Monday, the Drillers steamrollered the Chippers, 17-11.

Ray Warren was the winning pitcher, although his team was outlived, 16-4. The Drillers started off with seven runs in the first and never let up. Twenty-five walks given up by Chipper hurlers damaged their cause beyond repair.

John Birdwell had two of the winners' safeties. Ronald Sunday had three blows for the losers.

FIGHT RESULTS

TUESDAY NIGHT OOTA, Japan — Ushiwakamaru Harada, 119, Japan, outpointed Hong Su-hwan, 109, South Korea, 10. MIAMI BEACH, Fla. — Genaro Brennan, 172½, Miami, knocked out Rene Durelle, 174, Halifax, N.S., 2.

Willie Horton Has Explosive Night

By The Associated Press Bob Lemon's managerial debut at Kansas City was a neat and efficient success, nothing quite as explosive as Willie Horton's takeover at Detroit.

"It's great," said Lemon, the former star pitcher for the Cleveland Indians, following Tuesday night's 8-1 triumph over Washington as right-hander Dick Drago scattered seven hits and the Royals jumped to a 4-0 edge in the opening inning, helping snap a six-game losing streak.

Early in the day, Lemon, the Royals' pitching coach, had been named manager, replacing Charlie Metro, after Kansas City had lost eight of nine and were tied for fifth place, 16½ games back of West Division leader Minnesota.

Horton, the 27-year-old strongman of the Tigers, crashed three home runs, including a grand slam, and drove in seven runs to take over the American League RBI lead with 48 as Detroit ripped Milwaukee 8-3.

In other AL contests, New York topped Minnesota 5-2, California stopped Baltimore 7-5 in 11 innings, Chicago beat Boston 4-2 and Oakland trimmed Cleveland 5-2.

"It's the start of a new year," Drago said after evening his record at 4-4. "That's the first time I've been relaxed in a month and a half. This team has been tense all of the time. He (Metro) expected you to get ev-

ery hitter to hit a pop or strike out. "It's nice to pitch out there without knowing you're going to catch it every time you get back to the clubhouse."

Drago got all the support he needed from Bob Oliver, who rapped three hits, a homer, triple and single. The four-run first inning burst was keyed by Amos Otis' two-run triple, followed by Oliver's triple and a sacrifice fly.

Horton ripped his grand slammer in the opening inning, wiping out a 2-0 Brewers lead, then connected for a two-run shot in the sixth and added his 10th roundtripper in the eighth, a solo blast, sending Milwaukee to its 15th consecutive road loss.

The seven-year veteran upped his average to .323, rapping half the total of six Detroit hits. Horton has a career high of 36 homers in 1968 and last year, after a slow start which saw the Tigers' left-fielder walk out of a ball game and miss five games, he batted .262 with 28 homers and 91 RBI.

Stan Bahnsen, 44, scattered four hits and Gene Michael's tie-breaking sacrifice fly in the

JIMMIE JONES CONOCO FIRESTONE 1501 Gregg Dial 267-7601 S&H Green Stamps

sixth inning helped the Yankees edge to within 4½ games of the East leaders, Baltimore.

Bobby Murcer drove in a pair of runs for the Yanks with a two-run single off loser Jim Kaat, 5-3. Bahnsen allowed a Leo Cardenas single which scored both Minnesota runs in the second. He also fanned Rod Carew, the league's top hitter, three times.

Ken McMullen's leadoff homer in the 11th inning, after helping the Orioles tie it at 3-5 in the ninth, helped the Angels gain a game on the Twins in their battle for the top spot in the West. The Angels trail by two games.

The Orioles had tied it after McMullen booted Brooks Robinson's bouncer which was followed by a double by Dave Johnson and Ellie Hendrick's two-run double.

Doc Edwards Shines In Phil Comeback

By The Associated Press
There's a little ache here and maybe a small muscle hurts there but Doc Edwards doesn't care. His pains are nothing compared to the things that happened to Philadelphia's first four catchers this year.

Edwards started the season in the relative peace and serenity of the Phillies' bullpen as a member of Manager Frank Lucchesi's coaching staff. No aches and pains there.

But suddenly Phillie catchers started dropping left and right. Tim McCarver and Mike Ryan both broke their right hands, unbeknown to the very same inning. Mike Compton hurt his

back and then Del Bates hurt his hand.

The organization virtually depleted of receivers, Lucchesi did what any good manager does in a pinch. He went to the bullpen and suddenly 32-year-old Doc Edwards, was a big league catcher again.

5-FOR-11
Tuesday night Edwards played his third game since being activated and singled in both Phillie runs in a 2-1 victory over Atlanta. Two hits gave him 5-for-11 and three RBIs since he went to work behind the plate. Life in the bullpen was never like this.

In other National League games Tuesday, New York trimmed Houston 2-1, Cincinnati downed Montreal 6-4, St. Louis blanked Los Angeles 4-0, Chicago defeated San Diego 7-3 and Pittsburgh dropped San Francisco 5-1.

"My legs were a little stiff at first," admitted Edwards "but I'm okay now. It's great to be helping out. I didn't think I'd go this far."

Edwards was drafted for duty Saturday in Houston and had three hits, driving in one run and scoring another. Then he not only singled in both runs Tuesday, but picked pinch runner Sonny Jackson off first base in the ninth inning.

The Cardinals also reached into the bullpen and came up with Chuck Taylor, who made his first start after 21 relief appearances and shut out the Dodgers on five hits.

2 HITS EACH
Lou Brock, Jose Cardenal and Joe Torre had two hits apiece for the Cards, who ended Claude Osteen's personal five-game winning streak.

Tom Seaver throttled Houston on three hits and pitched the Mets to their fifth straight victory over the Astros. Wayne Garrett homered for New York and Denis Menke connected for the Astros.

The victory was Seaver's first since May 15 and ended a four-game spin for the 1969 Cy Young Award winner.

Steve Blass halted an even longer dry spell, pitching Pittsburgh past San Francisco. It was his first victory since April 22—a seven week span in which he had lost seven games.

Willie Stargell hammered a two-run homer for the Pirates and Blass, 3-8, contributed a single and double as Pittsburgh beat Juan Marichal, 2-5.

Ferguson Jenkins pulled his record to 6-7 pitching the Cubs past San Diego. It was the third straight victory for the big right-hander, who struck out 12 in eight innings.

Paul Popovich keyed a four-run Chicago first inning with a leadoff homer.

Cincinnati won its fourth straight and ninth in the last 10 games, beating Montreal and opening a 10-game bulge in the National League's West Division.

Clay Carroll choked off an Expo rally in the seventh inning and then Wayne Granger preserved the victory with two scoreless innings of relief.

Lions Capture Eighth In Row
A six-run fifth inning promoted the Lions to an 8-3 National Little League victory over the Yankees here Tuesday night.

The Lions hottest club in the league in recent days are now 8-4 on the year. The Yankees have the same record.

David Spencer who went all the way on the mound for the winners limited the Yanks to eight hits. His mates managed 11 off two Yank flingers.

Paul Spencer banged out four hits in as many tries for the Lions while Kent Newsum had three for the Yanks. The Lions have now won eight straight games.

Mathews, who was named as Ring Magazine's "Prospect of the Month" in its latest edition, captured the National Golden Gloves and National AAU lightweight championships last year.

Included among his amateur victims was Mike Quarry, brother of Jerry.

"Three other preliminary bouts along with a few amateur fights are also scheduled for the open air show in Rose Park Stadium.

HEAVY DEMANDS Dispute Could Kayo Tourney

HOUSTON, Tex. (AP) — The \$115,000 Champions International Golf tournament is in jeopardy, its executive secretary said Tuesday, because of disputes with touring pros.

"The situation is fairly serious," Bob Rule, the secretary said.

"It involves points we feel are causing us to lose control of our destiny. There is pressure for more money, more this, and more everything. It involves the tournament players and not the PGA itself. In fact, the PGA does not support some of the demands that are being made of us."

Rule said the players division has been asked to compromise but had not done so.

Champions has been one of the most successful tournaments financially on the tour in recent years and uses its profits for such projects as scholarships and junior golf programs.

Rule said one critical point is that some of the demands would require a switch to commercial sponsorship of the tournament, something he said Jack Burke and Jimmy Demaret, owners of the exclusive Champions Golf Club, would not go along with.

The Champions is an invitational tournament, inviting only those players it wants to compete.

Rule said that Joseph C. Dey Jr., commissioner of the players division, wants a satellite tournament with prize money of \$10,000 or \$25,000 if Champions continues on an invitational basis.

He said the sponsoring group has proposed to boost the Champions purse to \$125,000 without the satellite tournament.

Another bone of contention is that Champions wants to bar travelling caddies.

"The traveling caddies may sound like knif-picking but it is really a very serious problem," Rule said. One of them this year dressed down the gallery marshals and crowd, and things like that just don't happen at Champions. Besides, we go out and get more than 100 caddies for the tournament and then many of them are knocked aside by the travelers who handle the best bags."

The present setup is discouraging the sponsors who work without pay on the tournament as a civic project, Rule said.

"They feel that if they are going to have to work only for the pro golfer, then to hell with it. They are disenchanted with these continuing demands for more money."

He said the sponsoring group has proposed to boost the Champions purse to \$125,000 without the satellite tournament.

Another bone of contention is that Champions wants to bar travelling caddies.

"The traveling caddies may sound like knif-picking but it is really a very serious problem," Rule said. One of them this year dressed down the gallery marshals and crowd, and things like that just don't happen at Champions. Besides, we go out and get more than 100 caddies for the tournament and then many of them are knocked aside by the travelers who handle the best bags."

The present setup is discouraging the sponsors who work without pay on the tournament as a civic project, Rule said.

"They feel that if they are going to have to work only for the pro golfer, then to hell with it. They are disenchanted with these continuing demands for more money."

Rule said that Joseph C. Dey Jr., commissioner of the players division, wants a satellite tournament with prize money of \$10,000 or \$25,000 if Champions continues on an invitational basis.

(AP WIREPHOTO)

WHERE'S THE BALL? — Minnesota Twins pitcher Bill Zepp bobbles ball as New York Yankee Roy White, right in photos, scores, from top to bottom, on infield play in seventh inning Tuesday in game at New York's Yankee Stadium, Yanks won game, 5-2.

Elder Will Fight Thursday Night

ABILENE — Two promising young heavyweights will headline a June 11 fight card here.

Jim Elder of Levealand will be matched against Charles Barnett of Wichita Falls in the 10-round feature while stablemate Dave Matthews, Akron, Ohio, will fight a boxer to be named in the semifinal bout.

Elder and Matthews both have unblemished records as pros with five and six knockouts, respectively.

Elder, who was scheduled to fight Al Banks in Houston June 3, attracted a lot of attention on last summer's Wide World of Sports when he dealt a highly regarded Russian fighter a lesson in the many art.

The 23-year-old Vietnam veteran started fighting while in the Navy and claimed the All-Navy and All-Service heavyweight titles in 1969. He had a 50-7 record before turning pro in February.

Mathews, who was named as Ring Magazine's "Prospect of the Month" in its latest edition, captured the National Golden Gloves and National AAU lightweight championships last year.

Included among his amateur victims was Mike Quarry, brother of Jerry.

"Three other preliminary bouts along with a few amateur fights are also scheduled for the open air show in Rose Park Stadium.

Lions Capture Eighth In Row

A six-run fifth inning promoted the Lions to an 8-3 National Little League victory over the Yankees here Tuesday night.

The Lions hottest club in the league in recent days are now 8-4 on the year. The Yankees have the same record.

David Spencer who went all the way on the mound for the winners limited the Yanks to eight hits. His mates managed 11 off two Yank flingers.

Paul Spencer banged out four hits in as many tries for the Lions while Kent Newsum had three for the Yanks. The Lions have now won eight straight games.

Mathews, who was named as Ring Magazine's "Prospect of the Month" in its latest edition, captured the National Golden Gloves and National AAU lightweight championships last year.

Included among his amateur victims was Mike Quarry, brother of Jerry.

Giants Outlast Yankees, 14-8

The Giants made the most of four hits to defeat the Yankees 14-8 in Sophomore league play here Tuesday night.

The teams each boast a 2-2 record now.

Only J. Bennett, the winning pitcher, was able to get as many as two hits for the Giants.

The Yanks on the other hand collected a total of ten safeties, three of them by Joe Morelino. Barry Canning and Sammy Rodriguez each had two safeties for the Yanks.

A seven-run inning in the fifth turned the trick for the Giants.

The Stars edged the Pirates 7-6 in an American Little League contest Tuesday evening.

Stars Decision Pirates, 7-6

The Stars edged the Pirates 7-6 in an American Little League contest Tuesday evening.

The Stars had to go an extra inning to turn the trick. Mullins and Martin of the winners clubbed home runs. Martin wound up with three of his team's 11 hits.

At one time the Corsairs led 5-2 but the Stars tied the score in the fifth with a four-run outburst.

The Stars had to go an extra inning to turn the trick. Mullins and Martin of the winners clubbed home runs. Martin wound up with three of his team's 11 hits.

The Stars had to go an extra inning to turn the trick. Mullins and Martin of the winners clubbed home runs. Martin wound up with three of his team's 11 hits.

Miller on Stand Veeck To Testify In Flood Case

NEW YORK (AP) — Bill Veeck, controversial former major league club owner who gave baseball the exploding scoreboard, was expected today to fire the final shots in Curt Flood's \$3 million antitrust suit against the sport.

The flamboyant, unconventional Veeck, who like Ted Williams rarely wears a tie, was scheduled to be the final witness for Flood before his suit challenging baseball's reserve system goes to Judge Irving Ben Cooper for a decision.

Veeck, who owned the St. Louis Browns, Cleveland Indians and Chicago White Sox, is the only witness for the plaintiff who can bring to the court room an owner's perspective on costs and problems within the framework of the reserve system.

Veeck's appearance is expected to draw a full courtroom crowd, and two of the main participants who have been absent for several days—Flood and Justice Arthur Goldberg, who is representing Flood but has been

campaigning for the Democratic gubernatorial nomination.

In testimony Tuesday that paved the way for today's wind-up session, Marvin Miller, executive director of the players association, was recalled to the stand as a rebuttal witness for Flood after the defense had rested its case.

Multiple Listing Service

MULTIPLE LISTING SERVICE DOES SELL EQUITIES:

Some of the important advantages of a MULTIPLE LISTING SERVICE are:
 (1) BUYERS & SELLERS receive the benefit of cooperation between REALTORS rather than being restricted to the offerings of a single agent or series of agents. (2) NEGOTIATIONS are carried on under rules of procedure designed to assure ethical practice, thus furthering the interests of clients and the public, while extending adherence to high standards of practice. (3) CURRENT MARKET information which is readily available through Multiple Listing, means that REALTORS, their clients and the public are better served and informed.

Turns Thumbs Down On Search By IRS

HOUSTON (AP) — A federal judge ruled Tuesday that the Internal Revenue Service could not examine about two million cashiers' checks and drafts paid through the First City National Bank since 1956.

U.S. Dist. Judge John V. Singleton said, "the government, businesses, labor unions and charities have gotten so big, somewhere, somebody has got to protect the individual. Somebody's thumb has got to be in the dike, and that thumb is the federal judiciary."

The IRS is investigating a physician suspected of having bank accounts in Switzerland, the Bahamas, Mexico and Canada. Government agents wanted to examine all the checks and drafts, not just those pertaining to the physician.

Singleton said his ruling was not designed to protect the doctor or the bank, but other depositors whose records also would be seen.

William R. Morgan, an IRS agent, admitted on the witness stand he would make notes on other suspicious persons while searching the records for the physician.

"This agent is a good public

servant and I don't want to penalize the government," Singleton said.

The judge said the IRS had the right to see specific records going back a reasonable number of years.

"But what is the difference between the government going

Water Info Off-Limits

HOUSTON (AP) — Reports which could give a warning of a water shortage similar to the one which plagued Houston last year were declared off-limits by city officials.

Robert A. Thompson Jr., assistant public works director who heads the city Water Department, said Tuesday he had been ordered by Public Works Director E.B. Cape not to release the daily water pumpage reports. He said Cape also told him not to talk with reporters about any possible water shortage.

Cape was not available for comment.

Cape was critical of news reports about last summer's water shortage, in which the city had to institute water rationing. The shortage, city officials said, came because of a shortage of pumping facilities.

Both Cape and Mayor Louie Welch have said this has been corrected and no shortage is expected this year.

into a banking institution and seeing all their records and electronic eavesdropping?" he asked.

John G. Heard, a lawyer for the bank, said the bank has spent about 30 hours supplying the IRS other material in the investigation. Heard said the bank has sent the doctor copies of all IRS subpoenas.

Heard said the bank rebelled only after being asked to permit the agent to check all the records, regardless of the individuals involved.

"There's no way to put blindfolds on these agents," Heard said. "There's no way to wash other names out of their minds."

Singleton, agreeing, said such a blanket authority could cause IRS investigation of persons who have made legitimate transactions and paid their taxes.

Insulting Flag Raps Hit Trio

HOUSTON (AP) — Two current and one former Rice University students were indicted Tuesday by a grand jury on charges of insulting the United States flag.

Named were Glen van Slyke, 20, Bill Case, 18, and William Holland, 18.

The trio were accused of defiling the flag by a Rice graduate student, Sidney James Drouilhet, 20, of LaMarque.

Conviction could bring terms in prison ranging from two to 25 years. Bond of \$5,000 each were set on the charges.

Desalination Research Look

HOUSTON (AP) — Dr. Chung-Ming Wong, director of the Office of Saline Water, Department of the Interior, will visit the University of Houston today to look at a water desalination research program.

He will speak on the role of universities and commercial organizations in such projects during a noon luncheon in the university center.

U.S. Judge Limits Testimony To Issue Of Discrimination

ABILENE, Tex. (AP) — A federal district judge limited testimony to the single issue of discrimination Tuesday in a case involving a Mexican-American boycott at Abilene schools.

Judge Leo Brewster ruled after meeting with lawyers from both sides Tuesday morning.

"The only real issue is whether or not the school board acted wrongly arbitrarily or capriciously in refusing to excuse the absences," the judge said.

He also ruled to exclude testimony heard Monday in court involving certain plaintiffs, expert witnesses and other evidence. The six-man, six-woman jury was not present until testimony by three witnesses began Tuesday afternoon.

The testimony ruled out included that of Ernest M. Bernal of San Antonio, assistant professor of St. Mary's University and Fernando Calderon of Abilene who has been active in local school affairs since 1957.

Judge Brewster accepted evidence, including a memorandum from the Department of Health, Education and Welfare concerning discrimination based on national origin and enrollment figures in the school district, based on ethnic groups.

The suit against the Abilene school board and administration was filed by six students par-

ticipating in the nine-day boycott.

Testifying Tuesday afternoon were school Supt. A.E. Wells and two of the six students.

Wells testified that the administration's policy on absences was the same as that of the State Board of Education. He said absences were excused in cases of illness, serious illness or death in the family and emergencies.

The testimony ruled out included that of Ernest M. Bernal of San Antonio, assistant professor of St. Mary's University and Fernando Calderon of Abilene who has been active in local school affairs since 1957.

Judge Brewster accepted evidence, including a memorandum from the Department of Health, Education and Welfare concerning discrimination based on national origin and enrollment figures in the school district, based on ethnic groups.

The suit against the Abilene school board and administration was filed by six students par-

ticipating in the nine-day boycott.

Shooting Death Trial Under Way

FORT WORTH (AP) — Jury selection resumes today in the murder trial of Michael Paprskar, 29, one of five accused in the January slaying of three persons.

The dark-haired defendant, owner of a north side motorcycle shop, is on trial for the shooting death of Danny Ramirez, 4.

Danny, his father and uncle

were slain, police allege, in retaliation for some impure heroin which Paprskar reportedly purchased from the boy's father, Daniel Ramirez.

Four jurors were selected Tuesday, bringing the two-day total to six.

The state is qualifying jurors for the death penalty.

Also indicted in the case are Paprskar's wife, Bonnie Faye; two brothers, Danny and Harold Anderson; and Eddie Lynn Miller, the lone defendant free on bond.

'Stud Flame' Sparks Fuss

AUSTIN (AP) — "Whatever Happened to Stud Flame?" asked the marquee on the Cinne Arts Theatre in Wichita Falls. Police officers decided to go inside and see.

The result was a suit for an injunction against showing the movie, which the county attorney said was obscene, and a district judge's decision that a Texas obscenity law is unconstitutional.

Texas Supreme Court planned to hear arguments today from the attorney general's department and from a Houston lawyer who specializes in obscenity cases on the constitutionality of the law.

Dist. Judge Temple Driver, Wichita Falls, said Feb. 9 the Texas law did not distinguish sharply enough between public and private distribution and possession. He also said it should have provided a hearing on whether material was obscene before permitting officers to seize it.

Mel Friedman, the Houston lawyer, and representatives from Atty. Gen. Crawford Martin's office were to argue the case.

The law was passed by the 1969 legislature in an effort to write an iron-clad statute that followed all the pertinent U.S. Supreme Court proceedings.

A separate law prohibiting distribution of obscene material to juveniles also was passed.

Weigh Proposal To Hold Uvalde Make-Up Classes

UVALDE, Tex. (AP) — The Uvalde school board says it will consider a proposal to hold summer classes for Mexican-American pupils who boycotted classes for nearly six weeks this spring.

The decision followed a meeting Monday night with members of a parents group supporting a Mexican-American school boycott.

The board said it will answer by June 20 the proposal for make-up classes.

more than 400 Mexican-American pupils boycotted classes for 42 days through the end of school May 25.

The strike began over the dismissal of a Mexican-American teacher. A list of 14 demands later was issued by the pupils.

Some of the demands were discussed at Monday's regularly scheduled meeting. Board members said they were willing to consider all of them and act on any which appeared to be "constructive" to all 3,500 pupils in the Southwest Texas town's school district.
