**LEAVE DEVASTATED AREA** — Family of Peruvian Indians pick their way over mudslide as they attempt to leave the Huaraz area of northern Peru where an earthquake and subsequent mudslides buried their home.

## Rampaging Storms Zip Around Texas

By The Associated Press  
Rampaging thunderstorms and threats of tornadoes kept much of the northern half of Texas uneasy Thursday night. There were no reports, however, of death or destruction like that inflicted by twisters farther north in Oklahoma and Arkansas.

The turbulent weather broke out as a weak cool front moved through the Texas Panhandle toward the southeast.

First the Weather Bureau posted a tornado watch for 17 counties in the northwest part of the state and five in the north central section. This was replaced by a similar alert for eight counties in North Central and Northeast Texas, plus neighboring areas of states to the north.

Before midnight several severe storm watches were in effect until 4 a.m. for a dozen counties in North Central and 15 counties in Northeast Texas.

# Hammering Twisters Leave Ruins, Two Dead

SPRINGDALE, Ark. (AP) — A tornado hit this mountain town of 16,000 and several nearby communities late Thursday night, killing one person and injuring about 25. Authorities said the victim was an unidentified man found dead in Oak Grove, southwest of here.

Hugh Means, administrator of Springdale Memorial Hospital, said about 25 persons were treated in the hospital's emergency room and about a half dozen of them were hospitalized.

"We believe the area hardest hit has been pretty thoroughly

searched and have no reason to believe any more major injuries will come to our attention," Means said.

The injuries included fractured skulls, broken arms, a punctured lung and several cases of shock, he said.

National Guardsmen living in the area were called to duty to assist in searches of damaged houses and buildings.

Telephone service was disrupted. Surrounding communities dispatched ambulances and law enforcement personnel to Springdale, which is about 190 miles northwest of Little Rock. More than a dozen tornadoes

boiled into a massive black storm system Thursday evening, leaving death, injuries and property damage in central and eastern Oklahoma.

One person died in the whirling fury of a twister. Another was killed when lightning set fire to a barn. And two other persons died in storm-related incidents.

**GIANT SCOOP**  
At least 28 persons were reported injured and 18 towns reported tornado damage. Numerous other communities received damage from high winds, hail and rain that accompanied the twisters.

"It was like a giant scoop came along and scattered everything in every direction," said Mrs. Raymond Wolf, whose home near Oklahoma City was flattened. "We heard a sound like 100 planes coming in on us. It jerked the cellar door open and slammed it shut again."

Killed in the storm were Treasia Whitley, 13, Alta Vista; Darin Whicker, 4, Mangum; Larry Dee Vardy, 17, rural Manchester, and W. R. Irons, 72, Vinita.

Miss Whitney died when a tornado smashed into the mobile home communities of Long Town and Alta Vista, just east

of Eufaula, and demolished 19 trailers.

The Wicker child was killed when lightning set fire to a barn. Vardy died when his tractor kidded on a rain-slick road near his home and overturned. Irons suffered an apparent heart attack while running for cover when a tornado touched down near Vinita.

Damage estimates in most places were not known. The Highway Patrol said damage near Wake Eufaula was tentatively estimated at \$2 million "but this could go higher after daylight."

## Antiwar Forces Score Victory

### Robbers Raid Three Banks

By The Associated Press  
Armed robbers raided three Texas banks Thursday — at Bangs, Smiley and Garrison. All escaped except for the lone bandit at Garrison, who was trapped by a flat tire.

Three men held up the First National Bank at Bangs, 10 miles west of Brownwood, while a fourth waited in their getaway car. The bank's president B. M. Levisay, estimated their haul at \$18,000 to \$22,000.

Wearing sun shades, gloves and dark suits, the bandits emptied cash drawers after forcing customers and employees to line up along a wall in the bank at Bangs. They escaped in a white car.

At the Smiley State Bank, in Gonzales County west of San Antonio, president A. B. Culpepper said only that the loss exceeded \$500. Two men entered the bank and their victims said there may have been a third in a car outside.

"They were pretty calm," Culpepper said. "They didn't offer to hurt anybody. One of them held a pistol in my back until I got down on the floor, but that was the most aggressive thing they did."

A robber apparently escaped after holding up the Commercial State Bank at Garrison, in Nacogdoches County, but was captured a few minutes later on a far road outside the East Texas town.

The two highway patrolmen who nabbed him said the fleeing bandit abandoned a car because of a flat tire and was trying to thumb a ride. He was carrying a pistol and about \$8,000, the officers said.

## Trouble Boils In Brooklyn

NEW YORK (AP) — The setting of trash fires set off sporadic disorders in the East New York section of Brooklyn early today. A police car was fire-bombed, building windows were broken and some stores were looted, officers said.

Police said a report of a sniper firing at police vehicles proved to be false.

No serious injuries were reported. Police said they arrested 11 persons.

## Daughter Of Boxing Champ Killed Husband

LONDON (AP) — The daughter of former world heavyweight boxing champion Gene Tunney was committed to a mental hospital today after admitting she bludgeoned her husband to death last Easter Sunday.

Mrs. Joan Tunney Wilkinson, 30, had pleaded guilty to manslaughter on the grounds of diminished responsibility in the death of her 31-year-old husband, Lynn Carter Wilkinson, in their rented cottage.

## 99 YEARS IS A MIGHTY LONG TIME

ODESSA, Tex. (AP) — A jury recommended perhaps the longest sentence ever for a narcotics conviction in Ector County Thursday, assessing 99 years against Lorenzo Gomez Alvarez, 18, of Odessa.

Alvarez was convicted on a charge of selling six packets of heroin to a state undercover narcotics agent last July. It was his first offense.

The 11-man, one-woman jury deliberated 10 minutes on the verdict and an hour on the punishment.

Dist. Judge R. L. McKim delayed sentencing pending an expected appeal.

## Find 18,000 'Dope Heads' In Small Area

WASHINGTON (AP) — A house-to-house survey of a 40-block area of Harlem turned up 18,000 hard drug addicts including 2,000 children between the ages of seven and 15. Congress has been told.

And 90 per cent of those children lived by themselves.

The result of the survey was supplied to a House Appropriations subcommittee last April by Dr. Stanley F. Yolles, then director of the National Institute of Mental Health.

Dr. Yolles, in the closed-door testimony made public today, said that "in the area of hard narcotics and especially heroin addiction, I believe the committee would be interested to know that a brief survey was done in Harlem, a house-to-house survey of tenants in a 40-block area.

"The results of that survey showed that there were 22,000 adults, some 30,000 children, and some 6,000 individuals who lived in streets and alleys in this 40-block area.

"Of that number, there were 10,000 addicted adults, 6,000 children between the ages of 16 and 21 who were addicted and 2,000 children between the ages of seven and 15 who were addicted.

"Of the 2,000 children, aged seven to 15, 90 per cent lived by themselves without the presence of an adult in their immediate environment. This is what we are dealing with in the United States."

Dr. Yolles, who has since resigned, said it is estimated there now are between 100,000 and 150,000 hard narcotics addicts in the nation.

"I think we are all aware of the epidemic, if you will call it that, of drug abuse and hard narcotics usage in New York City," he said. "We are three deaths per day from overdose of narcotics in New York City."

"Mostly juveniles," asked subcommittee chairman Daniel J. Flood, D-Pa.

**ONCE A GARAGE** — Here are the remains of a Springdale resident's garage and house. The house was one of many that were hit by a tornado Thursday night, killing one person.

## American Woman Reported Prisoner

By The Associated Press

Fifty-eight foreigners held hostage in Amman were reported released today, but Egypt's Middle East News Agency reported that a commando group was holding the widow of an American guerrilla in the Jordanian capital earlier this week.

A guerrilla organization in Beirut announced that the radical Popular Front for the Liberation of Palestine this morning released the 58 Americans, Britons and other foreigners it had held captive for more than 36 hours in Amman's two main hotels.

Diplomats in the Lebanese capital confirmed the report, but had no details. Regular communication channels with the Jordanian capital were still cut.

**INVANUE HOME**

The American woman reported a prisoner of the commandos was the widow of Maj. Robert

P. Perry of Chicago, an attaché of the U.S. Embassy in Amman who was killed by a group of guerrillas who invaded his residence Wednesday at the height of the fighting between the Palestinians and Jordanian troops.

Earlier reports said Mrs. Perry and two of their three children were present when Perry was killed, but the Egyptian report today made no mention of the circumstances of the reported capture of the woman.

As the Palestine guerrillas refused to be satisfied by concessions from King Hussein of Jordan and made new demands, U.S. officials were preparing to evacuate about 400 Americans living in Jordan.

**JETS READY**

In Washington, the White House said only "precautionary planning" was being done. But a representative of the International Red Cross arrived in Amman today to arrange the evacuation, and three Lebanese jetliners were standing by in Beirut to fly the evacuees to Athens.

Subsequently, the State Department said in Washington that the airlift to evacuate the Americans would enter Jordan today. A spokesman said planes have received landing permission from Jordan authorities.

The spokesman also said it was understood by the department that the hostages held by the guerrillas are being released.

Hussein made major concessions to the guerrillas Thursday by dismissing his uncle from command of his army and removing a cousin from command of an army division that had spearheaded the battle against the guerrillas in Amman. But Al Fatah, the largest of the commando organizations, said in a broadcast from Cairo that this was only "the beginning of victory for the people."

## ENEMY THREATENING KEY PORT, TOWNS FALL

# Half Of Cambodia In Danger

PHNOM PENH, Cambodia (AP) — The Cambodian government, faced with sharply mounting pressure from the Viet Cong and North Vietnamese, has decided reluctantly to cede almost half the country to enemy control, well informed diplomatic sources said today.

The disclosure came as military sources reported that enemy troops seized nearly half of the provincial capital of Kompong Speu, 30 miles south of Phnom Penh in heavy fighting.

**50-50 CHANCE**  
Refugees from the town, which lies on the only highway open to Cambodia's major port of Kompong Som, formerly Sihanoukville, said the enemy held the central market and virtually all of that part of the town which lies south of a river bisecting it.

Western military experts termed the decision to cede territory to the enemy realistic,

and said that even by concentrating its forces around Phnom Penh and northwest of the capital, the government will have only a 50-50 chance of surviving the next four or five months of monsoon rains.

The threat to the port of Kompong Som, through which all of Phnom Penh's fuel and other vital supplies must pass could have critical consequences.

**NEW ASSAULTS**  
Enemy troops also made a strong attack 50 miles northeast of Phnom Penh in what could be a prelude to new assaults on the key Mekong River town of Kompong Cham.

Spokesmen said the fighting at Siem Reap, near the Angkor temple ruins, had subsided, but strong enemy forces were still in the area.

The diplomats said Premier Lon Nol's government, in assessing its prospects, had written off the extensive eastern ter-

ritory in which U.S. and South Vietnamese forces have been operating. With its army and strategic reserves already spread dangerously thin, the sources said the government will revert to Communist control if all costs, diplomatic sources said.

**LONG GONE**  
Already the vast areas in the northeast and the situation there worsens almost daily. But the area around Phnom Penh and the rice belt stretching northwest around the giant Tonle Sap lake will be defended at all costs, diplomatic sources said.

They said this is also true of Battambang and Siem Reap, two provincial capitals west and north of the Tonle Sap. Both cities are military regional headquarters and are astride the only roads to Thailand. These roads may be captured by the govern-

ment's lifeline to the outside world in the months to come.

Reports from Kompong Speu indicated the fighting was still going on. A government spokesman said he considered the attack a threat to Phnom Penh, even though the Viet Cong and North Vietnamese have penetrated much closer to the capital in the past.

**STILL OPEN**

Kompong Speu is 30 miles southwest of Phnom Penh on Route 4, the only highway still considered open between the capital and the port of Kompong Som. Kompong Som—Sihanoukville until Prince Norodom Sihanouk was deposed in March —is on the Gulf of Siam 120 miles southwest of Phnom Penh. It is the port of entry for Cambodia's petroleum supply, and Phnom Penh has only a two-week stock on hand.

Several government battalions were reported defending

Kompong Speu. Some observers speculated that the Viet Cong and North Vietnamese might be trying to draw more government forces out of Phnom Penh, further depleting the capital's strategic reserves.

The Cambodian military spokesman reported fighting had died down in the northwest around the provincial capital of Siem Reap and he said the government had declared nearby Angkor and its historic temple ruin an "open city."

**HISTORIC SITE**

This means that if the enemy forces occupy the historic site, government forces will take no action against them that might endanger the ruins. However, the spokesman said he had no official word that the North Vietnamese and Viet Cong, believed to be in near-division strength in the Siem Reap area, had actually moved into the ruins.

## Big Thicket Fight Waged By Senator

BEAUMONT (AP) — Sen. Ralph Yarborough asserted today it is a fallacy that the Big Thicket area would suffer economically if a large portion of the timbering area of Southeast Texas were set aside for a national park.

He testified before a Senate subcommittee on his bill to create a Big Thicket National Park of at least 100,000 acres.

"A variety of other proposals have been submitted and will be discussed, among them the 'string of pearls' proposal of about 35,000 acres. The primary argument for a small park—or no park at all—is that the economy of the area cannot afford to set aside such a large area," Yarborough said.

"This argument is fallacious and based on unwarranted assumptions.

"The implication of these arguments is that by designating an area as a national park, it is forever closed to productive economic use. As a matter of fact, our national parks are extremely valuable economic entities in our nation's economy, and a national park has a tremendously favorable economic impact upon the particular area in which it is located."

Yarborough cited several studies that showed national parks bring billions of tourist dollars to nearby businesses.

He said the 100,000 acres represented only 3.3 per cent of the acreage of the counties affected.

The senator, beaten for reelection in the Democratic primary once covered about 3.5 million acres, but has shrunk to about 300,000 acres "in the face of the cutting and killing edge of advancing civilization."

## The ... INSIDE ... News

An unexpected drop in Army enlistments last month could signal trouble for Pentagon hopes of cutting the draft to as low as 150,000 men this year. The Army says enlistments in May totaled 7,629, nearly 3,500 below the month's objective. See Page 8-B.

## GUSTY

Clear to partly cloudy and warm through Saturday. Southwesterly winds 10 to 20 mph and gusty this afternoon. High today 95; low tonight 65; high Saturday 96. Soil temperatures at four-inch depth: high 78; low 52.

## Senator Glad He Was Absent When Shot Fired

DALLAS (AP) — State Sen. Mike McKool said he was glad he was absent Thursday when someone fired a bullet into a window of his second floor law office.

A workman discovered the shattered glass and called attention to the incident in early afternoon.

Police found a bullet, apparently from a .38 caliber gun, embedded in the thick, tempered glass. They said it probably came from a passing car.

McKool expressed doubt that the shot was an attempt on his life, but he noted it would have been going toward his desk if it had penetrated the heavy glass.

"It was right in line with where I sit," McKool said. "I'm glad I wasn't here when it hit."

2-A Big Spring (Texas) Herald, Friday, June 12, 1970

# Revolution On Campus Giving Way To Reform

HOUSTON (AP) — Reformation and change for the better are replacing revolution and change for the sake of change on college campuses, Texas Gov. Preston Smith said Thursday night.

"The voices of revolution on the campus and elsewhere have cried too long. They have cried too irresponsibly," Smith said at a meeting of the Southern Regional Education Board.

"While the cry of revolution dies out, the firm and sincere voice of reformation is coming forth," he said. "Reformation,

not revolution. Change for the better, not change for the sake of change.

### GET THE MESSAGE

"The majority of well-meaning students see clearly the message of the rabid and irrational few who advance violence. The majority of them abhor violence as much as we do. Violence only breeds more violence. And violence changes nothing for the better."

Smith spoke at an evening session of the board, an organization of 15 Southern and South-west states to promote and

evaluate improved higher education.

At an afternoon business session, delegates named North Carolina Gov. Robert W. Scott chairman of the organization for 1971. They re-elected Dr. Robert C. Edwards, president of Clemson University, vice chairman, and named Virginia State Sen. Paul D. Manns secretary-treasurer.

A California educator said earlier Thursday that many schools in the South were pushing low-quality doctorate programs at the expense of injury of undergraduate education.

### CLEARCUT CASE

Dr. Lyman A. Glenn, associate director of the University of California Higher Education Center for Research and Development, said Southern schools "offer a clearcut case in which aspirations of faculty and administrators and political logrolling... have created many low-quality doctorate programs while also impairing the quality of undergraduate education."

Fifty schools produce 90 per cent of the doctoral degrees in the country, said Glenn, and the rest are turned out by 190 colleges.

In a five-year period ending in 1968, he said, Southern schools "with proportionately less money per student" expanded graduate education at a rate of 27 per cent higher than the national rate and expanded doctoral programs at a 40 per cent higher rate.

Glenn recommended states in the South and Western Plains start interstate arrangements to establish first rate graduate research-teaching centers.

### TEXAS EXCEPTION

At the very least, he said, states in these regions should "reduce the number of public institutions which offer the doctorate to one or two per state."

"Possible exceptions would be Texas and Florida," he said, "but both of these states are presently overextended and should reduce the number."

The Californian warned that much opposition to such cutbacks might come from college presidents and faculty members who "wanted prestige, a university not a state college, an opportunity to be in the big time" and ignored a developing surplus of doctorate degrees.

(AP WIREPHOTO)

**DEMONSTRATOR ARRESTED** — A demonstrator has his hands tied behind his back by sheriff's deputies after his arrest for rock-throwing at Isla Vista near the UCSB campus last night. Only three arrests were made compared to nearly 400 the previous night. It was a very quiet night after over a week of rioting.

## Union, Railroad Agree On Experimental Rule

WASHINGTON (AP) — The Illinois Central Railroad and the United Transportation Union have agreed to scrap some job restrictions and try some new operating methods for 18 months in an effort to create jobs and win more business.

The agreement includes allowances for trains to cross the company's divisional rail lines without a change in crews and may later include authorization for the use of "minitrains" of five cars with smaller crews than the presently required four or five men.

The new, more permissive

work rules will apply only to new business. Existing contract provisions for sizes and crew change will be in effect on other train runs.

Alan Boyd, former secretary of transportation and current Illinois Central president, and union president Charles Luna said they hope the plan becomes a model for the future of railroad-

ing. Secretary of Transportation John A. Volpe praised the agreement and said "old methods and old ideas are not enough to solve the problems of

modern transportation." Spokesmen said it is hoped the new rules will speed shipment of freight and win back to the railroads cargo business lost to trucking and other modes of transportation.

## Practice Planned For Horse Show

The Knott 4-H Club will sponsor a horse show practice session Monday at 8 p.m. in the Knott Community riding arena.

Mr. and Mrs. Skipper Driver, Lenorah, and Jim Allison assistant county agent, will instruct 4-H members planning to enter the Howard County Horse Show. They will be assisted by Lloyd Robinson, adult leader, and Johnny Peugh and Larry Don Shaw, junior leaders of the Knott 4-H Club.

Members will receive instruction in barrel riding, pole bending flag racing, Western Pleasure and halter and reining classes. All Howard County 4-H members planning to enter the Howard County Horse Show are invited to attend the practice sessions. Members must furnish their own horses.

A date for the Howard County Horse Show has not been set but will be announced later.

## Can you be particular about prescription eyewear and be economical, too?

Ask TSO. The Doctors of Optometry associated with Texas State Optical can help you guard against eye disease, eyestrain and poor vision with professional eye examinations. And, if needed, they prescribe and fit finest quality eyewear for a nominal fee.

Consult your telephone directory for the Texas State Optical office nearest you. Credit terms are available at no additional charge. And TSO now honors BankAmericard® and Master Charge Card in all offices.

## General Practice President-Elect

HOUSTON (AP)—Dr. Donald M. Gready, 57, of Houston has been named president-elect of the Texas Academy of General Practice.

Gready, a graduate of Rice and the University of Texas medical branch at Galveston, has practiced here for 29 years. He is a former Harris County

Medical Society president.

He has been chief of staff at three hospitals and once served as Texas delegate to the American Academy of General Practice.

## 30 Tons Of Help

HOUSTON (AP)—The Salvation Army plans to send 30 tons of blankets, food and hardware from Houston to victims of the recent earthquake in Peru.

## \$200 Million For Firm Voted

WASHINGTON (AP) — The Senate Armed Services Committee has voted in favor of an administration request for \$200 million in contingency funds for the financially troubled Lockheed Aircraft Corp., manufacturer of the C5 cargo plane.

The funds are part of an advance payment to the company for the super transport. The

vote breakdown was not disclosed.

The committee rejected an amendment by Sen. Richard S. Schweiker, R-Pa., to delete the \$200 million from the \$2 billion military procurement authorization bill.

# 'Red' Terrorists Kidnap West German Diplomat

RIO DE JANEIRO (AP) — The Brazilian government said Thursday night that it would do all it could to obtain the safe release of West German Ambassador Ehrenfried von Holleben, kidnapped by leftist terrorists who killed a Brazilian security guard and wounded two others.

The military government of President Emilio Garrastazu Medici was expected to meet the kidnapers' demand that political prisoners be exchanged for the 61-year-old diplomat. But pamphlets left by the kidnapers did not say what prisoners they wanted or even how many.

Von Holleben was snatched by about eight young people Thursday evening as he was returning home in his chauffeur-driven Mercedes Benz.

## GUN LIGHTS

As the car rounded a sharp turn two blocks from the am-

bassador's residence, his youthful abductors shot out a street light, rammed the front of his car with a jeep and machine gunned a station wagon carrying security men behind the Mercedes, witnesses said.

Two young armed men then forced their way into von Holleben's car, gunning to death a Brazilian security agent in the front seat as he reached for his pistol. While others covered the two wounded security men who had been in the station wagon, the ambassador was dragged from his car and driven away in a waiting Chevrolet.

## BLONDE WOMAN

The ambassador's Brazilian driver was not hurt.

A blonde woman strewed packets of pamphlets on the street, then she and the kidnapers fled in at least three cars.

The pamphlets identified the

abductors as members of the Popular Revolutionary Vanguard, one of several leftist commando groups in Brazil.

"We regret we have once more to resort to methods which we have always tried to avoid," the pamphlet said. "However, as long as patriots are being tortured and killed in the prisons, we will not have any other choice, even knowing that the lives of people not directly involved in the revolutionary struggle are at risk."

Von Holleben was the second West German diplomat kidnaped in Latin America this year. Count Karl von Spreti, the ambassador to Guatemala, was kidnaped by leftists there in April and was murdered after the government refused to release the political prisoners demanded in exchange for him. West Germany withdrew its diplomatic staff from Guatemala.

## NECESSARY STEPS

No such obstinacy was expected from the Brazilian government, which last September exchanged 15 political prisoners for U.S. Ambassador C. Burke Elbrick and in March swapped another five for the Japanese consul in Sao Paulo.

The Japanese consul also was kidnaped by the Popular Revolutionary Vanguard, which is led by the terrorist most wanted by the Brazilian government, Carlos Lamarca.

"I'm sure the Brazilian government will take all necessary steps to insure the release of our ambassador, alive and un-

harmed," said consular official Adolf Ludwig Eberhart. A Foreign Ministry official called on the ambassador's wife to assure her that the government would do everything it could to obtain her husband's release.

## Coed Murder Trial Action

DENTON, Tex. (AP) — A third juror was selected Thursday in the trial of two youths charged with the April 17 slaying of Robbie D. Birthright, 23, a Texas Woman's University coed.

Two other jurors were chosen Wednesday.

On trial are Gary Corzine, 17, and Noah D. Butler, 19. The state seeks the death penalty for both.

Police said Miss Birthright, of Azle, Tex., was abducted from a parked car on the TWU campus and was run over by a car.

A jury ruled in a sanity hearing Tuesday that Corzine was sane and competent to stand trial.

## Living A Life Of Robbery

HOUSTON (AP) — Two men arrested here after a 15-year-old girl told of living a life of robbery said Thursday they would not fight extradition to Louisiana, where they are charged with murder.

Floyd Perry Jacobs, 18, and Vernon Barley Renfro, 21, said in an appearance before District Judge Miron A. Love Thursday they would not fight plans to return them to Jefferson Parish, Louisiana, to face murder charges.

Jacobs and Renfro were arrested after a 15-year-old girl told police she, a 14-year-old girl and the two men lived on money they took during robberies.

The girl said they were in New Orleans in April, the same month that an attendant at a service station near there was shot and killed during a robbery attempt. The victim was Robert Lee Maricle, 44.

Officials said the men were also named on two Houston robbery charges.

## Two Transferred To Another Beat

DALLAS, Tex. (AP) — The Dallas Police Department said Thursday two white patrolmen who have been criticized for al-

Big Spring (Texas) Herald, Friday, June 12, 1970 3-A

leged intimidation and harassment of Negro residents in near North Dallas have been transferred to another beat.

Patrolmen Jeffrey Kirksey and Robert L. Cain had asked

for the transfers. Asst. Police Chief Don Byrd said two other white officers similarly accused would remain in the predominantly Negro section of the city pending outcome of an investigation.

KIDNAPPED WEST GERMAN AMBASSADOR — This is a recent photograph of West German Ambassador Ehrenfried von Holleben and his wife, Isa. Von Holleben, West German envoy to Brazil, was kidnapped Thursday night in Rio de Janeiro by leftist terrorists.

## 'White Lightning' Seized In Texas

TEXARKANA, Tex. (AP) — Federal agents here have confiscated 1,000 gallons of moonshine whisky and arrested a 49-year-old Mississippi man.

The seizure came Tuesday when officers stopped a truck near Texarkana loaded with plastic gallon jugs of the "white lightning."

Officers valued the illegal booze at \$10,000.

Federal Agent Joseph R. Kalister said it was the second largest haul of moonshine in Texas in recent years.

The man arrested was jailed under \$1,500 bond.

Officers took the whisky to a dump ground where it was destroyed.

## HOME HORTICULTURE

# For Attractive Lawn, First Rule Is To Take Care Of It

By HOWARD SIMS

These dry summer months may spell misery for many homeowners when their grass just doesn't grow right. Lawns may suffer from disease and pests, but much more often lawn problems result from haphazard or incorrect methods of watering, mowing and fertilization. Paul Gross, county agent, offers several suggestions for keeping your lawn attractive while keeping costs down:

**WATERING** — Watering a lawn during a dry spell can be an expensive proposition when done inefficiently. Jim Allison, assistant county agent, suggests watering early in the morning and late in the evening to minimize evaporation losses. When sprinklers are turned on during the day, much of the water evaporates before soaking into the soil. It is not necessary to water every day, but the lawn should be moderately soaked. Apply water only as fast as the soil can absorb it, and remember to turn off the sprinkler when you finish.

## EASY WITH MOWER

Don't mow your lawn too closely, because this allows excessive soil drying and heat damage to the grass. Bermuda grass should be mowed about every other week, often enough to keep the grass from heading out but not so often that the runner and root systems are exposed. St. Augustine lawns may require more frequent mowing if they are growing luxuriantly.

Iron deficiency, common in the soil of this area, can be easily corrected by application of iron sulfate (copperas). Iron treatment can be accomplished either by spray of a solution of iron sulfate or in powder form spread by itself or mixed with dry fertilizers. The treatment should remain effective for a long time.

Each year nitrogen, phosphate, and potassium should be replaced by use of fertilizers. For the first application of the year, a fertilizer

balanced for these three components is recommended. Reading the label on a package of fertilizer, you might find it is an 8-8-8 mixture containing eight per cent by weight of each element. Every 40 to 60 days lawns should be refertilized, and for these later treatments the nitrogen content is most important. A 16-10-0 mixture of fertilizer would be better suited to these later applications during the summer.

**CAUTIOUS BUYING** — Avoid buying grass, sod or seed and other yard plants from door-to-door peddlers. Substandard varieties of rosebush, for example, are more subject to disease, and paying a little more for quality stock to begin with will make later replacement unnecessary.

Weed killers are usually a needless expense, since a lawn chokes out the weeds as it becomes established.

Diseases caused by molds and fungi are also less likely to affect rapidly growing lawns. If chemical fungicides are used,

they should be applied as directed by the manufacturer. Pentachloronitrobenzene is an effective fungicide found in several disease control products for controlling "brownspot" fungus. One some shrubs, wettable sulphur controls powdery mildew.

## WATCH INSECTS

Insects and their larvae often affect lawns in patches by sucking the plants or eating the roots. Dusts or sprays containing one or more of the following sprays are effective for controlling most lawn insects: chlordane, dieldrin, toxaphene, malathion, aldrin, heptachlor and lindane. Be sure to follow directions as given on the manufacturer's labels, and minimize use of insecticides except on affected areas.

Whenever buying lawn care products, check the labels to be sure you are getting what you want and what you pay for. A beautiful lawn is not a miracle, but a sign of careful attention, and miracle products are seldom necessary.

RESCUED AFTER SEVEN-FLOOR FALL — Window washer Thomas J. Buchanan, 27, is held by firemen and office workers (left and right) after he and a companion fell seven floors from a scaffold gave way while they were working on the 15th floor of a downtown Atlanta building. Lower right, Buchanan smokes a cigarette while lying on floor awaiting an ambulance. He suffered minor injuries and shock. The other worker grabbed a rope and was rescued uninjured. Hundreds watched helplessly as Thursday's drama unfolded.

## Dallas Population Exceeds 836,000

DALLAS (AP) — The Dallas population is 836,003, an increase of 23 per cent over the last decade, preliminary 1970 census figures showed today. The 1960 census was 679,684.

The 1970 Dallas County population is 1,315,664, compared to 951,527 in 1960. Spokesmen at a news conference said the county population is 1,315,644, compared to 951,527 in 1960.

Dallas is the second largest city in Texas. ONLY HOUSTON Only the Houston figures remain to be made public. An announcement is expected in Houston next week. The figures were announced at a news conference by Dallas Mayor Erik Jonsson and County Judge Lew Sterrett.

The standard metropolitan area for Dallas, which encompasses six counties, grew from a 1960 population of 1,119,410 to a 1970 population of 1,538,749, or an increase of 37.5 per cent.

In addition to Dallas County, the standard metropolitan statistical area includes Collin (McKinney), Denton, Ellis (Ennis), Kaufman and Rockwall counties. Other preliminary population figures announced today included, with 1970 figures first:

Lancaster	10,612	17,501
Baich Springs	10,090	6,821
Commenting on the figures for Dallas, Jonsson said "now that the city is largely built up, its expansion must be vertical. A great deal will happen in the next decade, I am convinced," he said. "I have seen nothing like the possibilities for the city that exist today."		
<b>HIGH RISE NEXT</b>		
The mayor said that growth would not necessarily be in the suburbs as Dallas had not yet gone in for high rise apartments. That probably is the next phase, he said.		
But toward the year 2000, Jonsson said he expected the suburbs to develop "explosively."		
Jonsson said he had a great deal of confidence in the U.S. Census Bureau's figures. "If we couldn't by one ourselves, we couldn't have come closer," he said.		
But, while expressing complete satisfaction with the population figures, the mayor of Dallas said: "I'm not so much interested in the size of the city as in the quality of life in it."		

## Allen Says Job Hampered By Politics

WASHINGTON (AP) — Deposed U.S. commissioner of Education James E. Allen says his job was hampered by politics and lack of White House direction. But he nevertheless considers his 13 months as the country's top educator "rewarding and satisfying."

Calling his dismissal Wednesday "surprising," Allen said he does not blame outgoing Secretary of Health, Education and Welfare Robert H. Finch for his ouster, but he said the decision was made at the White House.

In a statement and press conference Thursday Allen said he will "regret that I shall no longer be directly involved in the many excellent projects and programs that are under way in the Office of Education and the Department of Health, Education and Welfare."

But the 59-year-old former New York State education commissioner said he had not received White House support during his service. He said nearly a dozen key jobs had gone unfilled because he had heard unofficially that names he had submitted had been rejected at higher levels of the administration.

He also said that although the administration had made some progress in the field of school desegregation "I did not believe there was a full commitment."

Regarding his recent criticism of the President's decision to send U.S. ground forces in Cambodia, Allen said: "Since this issue has so profoundly affected the education community and the youth of the nation, I believed that I could not refrain from publicly expressing my views."

At the White House Thursday Nixon's press secretary Ronald L. Ziegler acknowledged that the President concurred in Allen's dismissal. Ziegler said Nixon had dismissed "generally disappointed" with Allen. Ziegler said Allen's departure was not directly related to his criticism of the administration's Cambodia policy.

Allen did not indicate Thursday his plans for the future.

Dear Abby

DEAR ABBY: I disagree with your answer to "STEADY READER." You gave this meddling woman the go-ahead to call her dear friend's doctor and offer him "information" about his patient.

I think this is very sneaky. I, too, had a "dear friend" who called my psychiatrist and told him things about me she thought he ought to know. (This was all done "for my own good," of course.)

It wasn't necessary, however, because I had always been completely honest with my psychiatrist. Well, he chose to believe her lies instead of my truths and now I no longer have a psychiatrist OR a "dear friend."

EX-PATIENT

DEAR EX: I advised STEADY READER to tell her friend that if she herself didn't tell her doctor that she had three sources for the pills he had prescribed for her, she (STEADY READER) should tip the doctor off. This, I think would have been a kindness.

If your psychiatrist actually accepted the "lies" of a third party in preference to your truths, then he needs a psychiatrist. But, if you were only imagining that your friend and your doctor were "conspiring" against you, then I think you desperately need to return for more therapy.

DEAR ABBY: Our high school senior son is "in love" with a 12-year-old girl. He is a good student (or he was until his grades took a nosedive), he's on the basketball team and has never even dated a girl before this one. She is a seventh grader and isn't allowed to date, but they get together at our house because she has suddenly become "best friends" with our 13-year-old daughter.

I won't go into detail here but I found a "love letter" this girl wrote to our son, which confirmed everything I had suspected. This little girl is mature beyond her years, and they are headed for serious trouble if something isn't done to keep them apart, or cooled off.

Should my husband talk to our son? Should I talk to the girl? Should we just handle our son, and let the girl's parents handle her? All I need now is a 12-year-old daughter-in-law with a baby on the way!

WORRIED STIFF

DEAR WORRIED: Have your husband talk to your son. YOU talk to the girl. Then the both of you talk to the kids together. THEN, tell the girl's mother that half the battle is hers!

DEAR ABBY: My husband's mother asked my husband to give her the money he was going to spend on my birthday present, and they would give me something "together" which she would pick out.

Well, she picked out a loud pink and orange plaid coat with

low belt all around. My mother-in-law has excellent taste when it comes to selecting her own clothes. What would you say happened in this case, Abby?

BURNED UP IN BATON ROUGE

DEAR BURNED: There are two possibilities. Either she did it on purpose, or she didn't. Regardless, I would have handled it very carefully while placing it in its original box to return it.

CONFIDENTIAL TO SOL S. MY 84-YEAR-OLD BOYFRIEND IN CHICAGO: I might have known that you were no ordinary man. Like fine wine and violins, you improve with age. Shalom, Sweetheart!

Enough For Drinks

VANDERBIJL PARK, South Africa (AP) — Enough money for a bit of marijuana and a bottle of brandy. That was all crane driver Pieter Bouwer Schutte willed his eldest son, John, when he died. Schutte stipulated that the remainder of the estate be divided among three other children — apart from Rands 50 (\$70) which he wanted spent on drinks for every man attending his funeral.

The bidding:

North East South West

1 NT Pass 3 ♣ Pass

4 ♣ Pass Pass Pass

Opening lead: King of ♣

When a communications snarl in a side suit threatened the safety of his four heart contract, South devised a dramatic method for developing an additional entry to his hand.

West opened the king of clubs and continued with the ace as East and South followed both times, thereby accounting for all the outstanding cards in the suit. West led the eighth next, East ruffed with the five of hearts and South overruffed with the nine.

A heart was led to the king and when East showed out, declarer was confronted with a serious problem. Altho he

had 10 top tricks, five hearts, four diamonds, and one spade — there was reason to believe that he would have difficulty in taking them all.

It would require all of South's trumps to pull West's hearts. When he attempts to run the diamonds subsequently, he must overtake the third round with the queen inasmuch as he has no other entry back to his hand. For this play to succeed, the suit must divide three-three which is unlikely inasmuch as West has already shown up with eight cards in clubs and hearts. If South tries to cash North's diamonds before drawing trump, to eliminate the roadblock West can ruff in.

Presently the declarer observed a way to create an entry to his hand that hinged on finding East with the king of spades: He proceeded to draw four rounds of hearts and on the last trump he discarded the ace of spades from the dummy.

A diamond was led to the ace, followed by the king and jack. Now the ten of spades was played. East put up the king, however he was obliged to put South in on the next lead since the latter on the left led with the queen of spades and the queen of diamonds — the master card in each suit. In all South lost two clubs and one spade.

Couple Found Shot To Death

HARLINGEN, Tex. (AP) — Two persons were shot to death Thursday. Police called it murder and suicide.

The victims were Virginia Casas, 29, of San Benito and Juan Hernandez Garcia of Harlingen. They were found in a parked car near downtown Harlingen.

Police Chief Guy Anderson said a pistol was found at the scene.

'GAMBLING GRANDMA' GIG GUIDED BY HOWARD HUGHES

CARSON CITY, Nev. (AP) — Billionaire Howard Hughes' purchase of famed Harolds Club casino in Reno means that a wealthy "Gambling Grandma" must give up her casino games, going since 1941, a Hughes attorney says.

Mrs. Jesse Beck has been given until June 30 to move her two thriving keno lot-

tery games and card tables from the seven-story casino so Hughes can install his own.

"We have no intention to harm anyone," Thomas Bell, who is guiding Hughes' first move into northern Nevada gambling, told the Nevada Gambling Control Board, which Wednesday gave preliminary approval to the sale of Harolds Club.

Five Facing Murder Raps

SHERMAN, Tex. (AP) — Charges of murder and armed robbery were lodged against five men Thursday in indictments returned by the Grayson County Grand Jury.

Gregory Jackson, L.V. Morris and Walter L. Morris were named in charges stemming from the double slaying of Sher-

man policeman D.C. Arnold and filling station operator Rock Chambers last December.

James R. Farris, 23, and Michael W. Jewel, 23, were indicted in connection with the May 29 slaying and robbery of Fred Wright, a Denison grocer.

## A Devotion For Today . . .

Peter opened his mouth and said: "Truly I perceive that God shows no partiality, but in every nation any one who fears him and does what is right is acceptable to him." (Acts 10:34-35, RSV)

**PRAYER:** We thank You, dear Father, that You have made each of us in Your image. May we not be blinded by outward appearances, but may we look at the heart of each individual, trying to see him as You see him—as Your child, as our brother. In Christ's name. Amen.

(From the 'Upper Room')

## The City And Its Employes

In keeping with what apparently is the trend of the times, The City Commission has voted to reduce the normal work week of police department employes from 44 to 40 hours.

This is to be done, advisedly, on a trial basis, for the remainder of the city's fiscal year. We say advisedly, because the city administration irrevocably is confronted with some very difficult budget problems with the start of the next fiscal year on October 4.

While the law enforcement officers can present with merit the proposition for the shorter week, certainly cost and effectiveness of the program should come under serious study for the ensuing fiscal period. The upgrading of professional

qualities of city officers is commendable, and study and training takes time, as was argued. Further, the people want efficient officers and these insufficient numbers for the public security.

All of these things add up to money, and there has to come a balance.

There is also the fair proposition that other municipal departments ought to be looked at, since some other workers are putting in long weeks.

The city, after all, has the same problems as does private business: Giving due consideration to employes and living within income.

The first step is appropriate. The later consideration may bring some critical problems.

## Matter Of Defining 'Dirt'

The Federal Communications Commission (FCC) is still looking for a guinea pig to test its power to control "dirty" words on the airways. Broadcasters have been lamentably uncooperative.

With more hope than conviction that they had found their quarry, the FCC fined an educational radio station in Philadelphia \$100 for broadcasting obscene language. But the station eluded the clutches of the FCC by paying the fine and avoiding protracted and expensive litigation.

The FCC has been trying to get into the pornographic picture because its authority in the field is poorly defined. Poor definitions abound in this as well as in other fields of broadcasting, mailing and publishing. Neither laws nor the courts have been able to agree on a definition

of pornography. The truth is, of course, that the subject defies categorical definition. Individuals recognize pornography when they encounter it, but the process by which they recognize it seems to vary with the individual and his experience.

What is the line between art and pornography? At what point does individual liberty come in conflict with public protection? How does one decide on a proper censor for such matters?

Congress and other legislative bodies have wrestled in the past and continue now to wrestle with these questions. We should not be surprised at the lack of agreement in a democratic society of almost infinite diversity. The balance between liberty and license is almost impossible to strike in some areas.

## David Lawrence

### Freedom Of Employment

**WASHINGTON**—One of the strangest phases of modern democracy is the belief that "liberals" always defend freedom of speech and freedom of individual thought. Presumably the last proposal in the world to receive their approval would be any form of coercion—such as, for instance, compelling a citizen to belong to a particular political party or a national organization claiming to represent any group of citizens.

Yet the "liberals" are strangely silent over the section of the postal reform bill now pending in Congress that would permit labor unions to negotiate for a "union shop," which means that employes may retain their jobs only if they join a union.

**THE IDEA** that a government employe could lose employment because he or she refuses to become a member of or pay dues to a pri-

vate organization would seem to be the kind of thing one would expect under a fascist system—certainly not under a democracy.

The postmaster general, who agreed to the new plan, evidently did so because of a desire to settle the recent postal strike and to obtain support for the reorganization of the Post Office Department. The AFL-CIO, while helping to end the dispute, apparently saw an opportunity to get a "union shop" for postal workers as a step toward compulsory unionization for federal employes generally.

**THE UNION** leaders are already saying that, if they get the scheme into operation in the postal service, with its 750,000 workers, they will endeavor to obtain the same arrangement for all civilian workers in the federal government. There is an intimation that they will seek to extend it to state, county and city governments.

Nineteen states prohibit any interference with the "right to work," but forced unionism could be imposed on public employes in the other 31 states.

**IN** the executive order President Kennedy issued in 1962 authorizing for the first time the unionization of federal employes, compulsory unionism was specifically prohibited. This was reaffirmed by President Nixon in his executive order covering Labor-Management relations in the federal service, effective January 1, 1970. It expressly gives each employe "the right, freely and without fear of penalty or reprisal, to form, join and assist a labor organization or to refrain from any such activity, and each employe shall be protected in the exercise of this right." The new legislation would withdraw that protection so far as postal workers are concerned.

**COMPULSORY** unionization has long been a matter of controversy in America, and it would be logical to assume that the "liberals" would be the first to denounce any effort to penalize a federal employe who refuses to be forced to join a union. But they have very rarely spoken out against such coercion even in non-public employment. Possibly this is because they have been friendly to the cause of labor in a general sense.

**IN THESE DAYS** of spectacular controversy and debate on public issues, much emphasis is placed on "repression" as an undemocratic attitude toward the rights of a free people. But somehow the compulsion involved in requiring a worker to join a union as the price of keeping a job in the government itself seems to have been completely neglected by the intellectuals as well as by all activists supposedly interested in the cause of true freedom for the individual in America.

### For Heaven's Sake Don't Turn Your Back

**NEW YORK (AP)** — Curbstone comments of a Pavement Plato:

Heaven is somewhat out of favor today as a final place of retirement. Many people are almost as appalled at the thought of going to heaven as their ancestors feared going to hell.

The company needn't be everlastingly boring. You could always invite a devil to lunch during National Brotherhood Century.

You would have the pleasure of belonging to a minority guar-

anteed to remain nonviolent forever.

Your wife would be easier to get along with. She wouldn't have to act as family chauffeur, fix a broken vacuum cleaner, or worry about money problems.

There are no hangovers or hang-ups in heaven. So, man, don't be in a hurry to turn your back on heaven. You may decide later—too much later—that's where you really want to go. Get on the roll call now.

## John Cunniff

### Inflation Adjustment

**NEW YORK (AP)** — Have you been complaining less about price increases recently? There's a growing feeling among some merchants that while you may not be enjoying price rises, you're becoming less perturbed.

The suspicion cannot be easily documented, and indeed it seems to be contradictory. If people were perturbed last year by 5 and 6 per cent increases, why shouldn't they be this year, when the rates are the same?

Earlier in the battle, housewives picketed stores, boycotted products, forced some stores to drop gimmicks and trading stamps, wrote hate letters to anyone who would listen. Now while the fires of inflation continue to be stoked, far less steam is hissing from the boilers.

Part of the explanation might lie in a feeling that retailers have become more responsive to consumer demands and are making serious efforts to keep down living costs. But indifference quite likely plays a large role. People may be tiring of the battle.

Another clue is provided by the most recent University of Michigan report on consumer attitudes and inclinations to buy. It found that consumer buying sentiment continued to decline, but not only because prices were rising.

The deterioration in buying sentiment, said George Katona and Jay Schmiedeskamp of the

university's Survey Research Center, "was caused mainly by increased awareness of the economic slowdown and growing unemployment."

Higher prices played a less significant role. "In view of rising incomes," the researchers said, "most people say that inflation hurts them only a little, and less than 25 per cent that it hurts them much or very much."

Compare that attitude with the fired-up feelings of the housewives' revolt against retailers a few years ago, when increases weren't as great as they are now.

The adaptation to inflation, slight as it may be, is bad news from administration officials who hope to bring a return to a more balanced economy. It also suggests an explanation for persistence of higher prices: the resistance just isn't as great as might have been expected.

An adjustment to higher prices is bad news on another front also: It presupposes a continuation of buying power, which means the buyer also expects that his pay check will continue to rise at the same rate as prices.

Perhaps ordinary Americans detect something that administration economists have been reluctant to concede—that inflation may be with this nation a lot longer and a lot more intensively than once believed.

## To Your Good Health

### Other Causes Of 'Anginal' Chest Pains

By G. C. THOSTESON, M.D.

Dear Dr. Thosteson: Can chest distress like angina symptoms be caused by something else? My husband has been increasingly bothered by pains like angina pectoris.

X-rays showed a chest hernia, but the doctors doubted that this caused his troubles. We are perplexed, however, and hope that his heart is not involved at all, since nitroglycerine, which we always thought brought relief, has no effect whatever.—Mrs. B.E.

Your observation about nitroglycerine is shrewd. It invariably gives relief if heart deficiency is causing angina, or chest pains.

I must confess that such chest pain can be a diagnostic puzzle. The puzzle can be solved, but not always on the basis of one examination.

A hiatal hernia (which may be what you refer to as a "chest hernia") is not the least of the

causes of these "chest pains." These usually produce discomfort (which can be a severe, crampy pain) in the lower mid-chest area, and it also is known to cause pain in the side of the chest.

Gall bladder trouble also must be suspected, and a cranky gall bladder can give symptoms that amazingly mimic those of heart disease. Special X-rays will show gall stones, or a non-functioning gall bladder.

So when "angina" doesn't act like true angina, there are those other likely possibilities.

Dear Dr. Thosteson: Please be good enough to list the food I can eat. I have diverticulosis.—Mrs. J.E.M.

I could spend from now until midnight listing the things you can eat with diverticulosis. In fact, without knowing more about your case, I could even say that you can eat anything you want. Or maybe you have

to avoid some foods, depending on your particular case.

Send 25 cents and a long, self-addressed, stamped envelope for my booklet, "Don't Let Diverticulosis Throw You." In the meantime, if your diverticulosis is bothering you, avoid bran products, highly spiced foods, nuts, fruits with seeds, and perhaps — I repeat, it depends on your case — you may have to go very easy on raw fruits and vegetables.

One of the practical problems of diverticulosis is sorting out patients who need special diets from those who don't. The booklet will explain the whys and wherefores.

"Tips On How To Stop Smoking" by Dr. Thosteson will help you give up the habit. Write a copy of the booklet, receive a copy of the booklet, in care of Dr. Thosteson with your request 10 cents in coin and a long, self-addressed, stamped envelope.

## Around The Rim

### How Come The IRS Can Find Us?

Some West Texas families say they weren't counted in the census. How is it that it's so much easier to be missed by the Census Bureau than the IRS?

The state census figures aren't final yet, but a lot of lifelong Texans are going to be offended to find out they're considered only tentative residents.

**A KEY GOP OFFICIAL** attended a money-raising dinner featuring former President Lyndon B. Johnson. That proves some Republicans will go anywhere, and the Democrats will take anyone.

My rich uncle, Houston Ladd, an Okie from Muskogee, points out that when we point our finger at someone else, three fingers are pointing back at us.

Mark Twain couldn't talk pwa-in.

**MODERN PHOTOGRAPHY** has an advertisement in its May issue offering color movies of the "Apollo 13 third moon landing."

It's more of an exclusive than they figured.

One generation is trying to turn on, and too many of the other generation are tuned out.

My ice-eating aunt, Mrs. Fannie Everett, says: "All things come to those who wait, but when they come they're out of date."

**DID CONFUCIUS** say "man too big

for briches gets exposed in the end?"

Justice isn't blind. She wears the blindfold so she cannot see what we are doing in her name.

Have you noticed the sly change in the telephone company commercial? It winds up:

"We may be the only telephone company in town but we don't act like it."

It replaces the rather vague phrase "we try not to act like it," which of course left room for a smart alec comeback.

**"THE ONLY CITY** in the world likely to be served by every air line is Havana."

So says Paul Lyons in his Rotary Driller.

My drinking cousin, Bobby Harris, defines "exorbitant" as "A retired astronaut."

The House of Representatives voted 334 to 1 that its members must disclose all honorariums over \$300 and unsecured loans of more than \$10,000.

The one No. vote was cast by John N. Camp, Republican of Oklahoma. He may be the smallest minority in the country — a minority of one.

**DIRT** is a 4-letter word.

The new draft director is Curtis B. Tarr. One of Tarr's duties is to draft the feather merchants.

### More On The Credibility Gap

**WASHINGTON** — Credibility gap was a phrase that haunted the Johnson Administration. Now, once more, the evidence is beginning to come in showing how difficult it is in an open society to wage an undeclared war.

**AFTER A** prolonged wrangle with out the facts about the big money the State Department Sen. Stuart Symington's subcommittee brought out the facts about the big money contribution to Thailand for furnishing a Thai combat division for the Vietnam war. Besides an outright payment of \$50 million a year, Thailand demanded and got an additional \$30 million in military assistance and a battery of Hawk anti-aircraft missiles.

These were secret commitments, publicly denied by the highest Thai officials. The total bill for the training, equipment and individual allowances of the 13,000 Thai troops was \$200 million, the report of the Symington committee shows.

**WHAT MAKES** this so timely is the announcement from Bangkok that Thai "volunteers" will be sent to fight in Cambodia. Thailand's Premier, Thanom Kittikachorn, announced that the Cambodia "volunteers" would be armed and equipped by the United States, "unlike the (Thai) volunteers for Vietnam whose expenses are paid by Thailand." This opened a credibility gap that the Nixon Administration must somehow close. It is too late to bury secret agreements either past or present.

**HAVING PRIED** into another instance of this same secrecy, in this instance in the Philippines, Symington is engaged in a hassle with State and Defense over censorship of the transcript of the hearings. The Philippine case looks even more dubious than the under-the-table deal in Thailand.

The Defense Department provided a total of \$38.8 million for Philippine support troops, 2,200 reduced subsequently to 1,500, with all finally withdrawn six months ago. What happened to the money is almost as mysterious as what this token force actually did during their stay in Vietnam.

**THE GENERAL** Accounting Office was able to trace checks theoretically providing allowances and supplies just under \$40 million to the Philippine Secretary of National Defense, Ernesto Mata. They were deposited in the Philippine Veterans Bank in Manila.

No accounting was asked for and there is no record to show that the money for allowances — on the same scale as the Thai allowances — ever filtered down. Comptroller General Elmer Staats reported to the Symington committee that he had been denied access to records that might have shown where the funds went. Documentation for perhaps \$30 million has been run down.

**SYMINGTON** IS convinced that the balance of the money stayed with the sticky fingers of very high officials in Manila. While this may never be established, the denial to the General Accounting Office of facts that must be of record somewhere is damning in itself.

This is all directly relevant to events in Cambodia. Hiring mercenaries to do the fighting may be an essential of the undeclared war the United States is waging in Southeast Asia. But the very least that should be expected is an honest accounting to civilian authority of where the money goes. Short of that, the end result is doubt and distrust, a credibility gap as wide as the Grand Canyon.

### The Electoral College — And Wallace

**WASHINGTON** — Politics, which fosters the strangest romances, has come up with another pair of seemingly incompatible bedfellows named Richard Nixon and Birch Bayh. A good thing, too.

The President has let the Democratic Senator from Indiana know, through Senate Majority Leader Hugh Scott of Pennsylvania, that he will do everything in his power to cooperate in securing enactment of Bayh's bill to abolish the sickly Electoral College. Their alliance makes it probable that the bill, calling for the direct election of the President, will pass the Senate this summer.

**IN THUS** cozying up to Bayh, Nixon is not endorsing a Senator who might run against him in 1972, but acting in self-defense. George Wallace's victory in Alabama made passage of the bill imperative from the President's point of view. He has always favored the direct-election approach, but until now he has not applied much pressure in its behalf. There was always a chance, of course, that Wallace would lose the Democratic primary in his home state.

**BUT WALLACE** won and his political candidacy in '72 could throw the election into the House of Representatives, where he could make a deal with one of the majority party candidates for his support. Richard Nixon is not about to place himself at George Wallace's mercy, and so the hand-holding bit with Bayh.

Wallace took 46 electoral votes, from five Southern states, in 1968.

Even if he did no better in '72, a close race could throw the election into the House, where each state delegation would have only one vote. And that, as Bayh has noted, would put "the crucial chips in the hands of George Wallace."

**IN POINT OF FACT**, both Nixon and his Democratic rival would have to run scared under the Electoral College system. For Wallace is not only a threat to Nixon support in the South. Although he carried only those five Southern states in '68, Wallace made big inroads in the usually Democratic vote in the industrial areas of the North.

**CLEARLY**, both Nixon and Bayh must be prepared to hold their breath for a long time. Even if the amendment passes the Senate, it still must be approved by three-fourths of the states. All but four of the state legislatures will hold regular sessions in 1971, and special sessions could be called in the other four. But the amendment needs the okay of 38 states and if it gets its back up the South could kill it. George Wallace must be feeling pretty chipper.

YOUNG AND OLD HAVE SOMETHING IN COMMON—APPETITE Aggies help hundreds to plates of barbecue, trimmings

### Community Action Unit Endorses Day-Care Center

The Big Spring Community Action Agency Thursday night endorsed possible efforts to obtain a child day-care center for this area should the program become available through federal funds. Approximately 20 persons attended the program to hear reports on various federal programs and community projects in Big Spring. Mrs. Bert Bedford reported on an Office of Economic Opportunity workshop she had attended in Houston. Julian Gordon, University of Houston, and a representative of OEO attended Thursday's meeting here. Mrs. Bedford also told about Lakeview YMCA projects including the repainting of the annex and a birthday party for the 200 Head Start youngsters. Warren Farrow, director of civilian personnel at Webb, AFB, detailed the base's youth opportunity program. He said 27 youngsters are now receiving occupational training under the three-month summer program. Farrow also reported on the Task Force appointed by the base-community council and said a central agency was needed to handle various community programs. He said the Texas Employment Commission would be the most likely agency to manage various work programs.

ACTOR DIES (AP WIREPHOTO) Frank Bridges, above 56, western actor who was a regular member of the cast of TV's "High Chaparral," died early Thursday in his Pasadena, Calif., home of an apparent heart attack.

### Crow Shares In Program

City Manager Larry Crow will join some 300 other city and regional administrators in Dallas this weekend for the spring meeting of the Texas City Management Association. At a breakfast meeting Monday Crow will chair a panel discussion on the role of assistant city managers and staff members in local government. He also will serve as chairman of the association's nominations committee and report on its findings Tuesday afternoon. As immediate past president of the organization, he is also a director. Featured speakers at the session are Congressman Earle Cabell of Dallas and State Sen. Barbara Jordan of Houston. President of the organization is Clifford A. Johnson, Grand Prairie City manager.

Keith Swim, director of federal programs for the Big Spring Independent School District, reviewed the Head Start program and also advised the agency of the possibility of federal money for day-care centers in the near future. Officers of the action agency are Dave Brazel, chairman; the Rev. Robert Parramore, vice chairman; S. M. Anderson, secretary; and Earnest Morgan, treasurer.

### C-C Meeting

The Big Spring Chamber of Commerce board of directors will meet Monday at noon in the Settles Hotel. The meeting will be considered a regular session to make up a postponed meeting earlier this month.

### Frank Bridges Dies At 79

SAN ANTONIO, Tex. (AP)—Frank Bridges, the man who coached Baylor to the Southwest Conference football championship in 1924, is dead at the age of 79. Funeral services have been scheduled Saturday here. Bridges coached the Bears from 1920 to 1925, posting a 35-18-6 record. He directed the Bears to SWC titles in 1922 and 1924. He was a master at devising trick plays that would confuse and confound opponents—yet all of his plays were legal. Bridges once said he never knowingly broke a rule of football. Bridges was a resident here 40 years and coached St. Mary's University football teams from 1935 to 1938. He also was associated with the Golden Gloves during a career that spanned several sports in various sections of the nation. While at Baylor, Bridges also coached the 1923 baseball team to a conference title. Ted Lyons, that team's star pitcher, now is in the Hall of Fame. Following his career at Baylor, Bridges was head coach at Hardin - Simmons (1928-1930), Texas Military College (1931-1934) and St. Mary's. He then scouted and coached for the San Francisco Olympic Club before joining the coaching staff of the old Brooklyn Dodgers of the national Football League.

### Scout Member Totals Strong

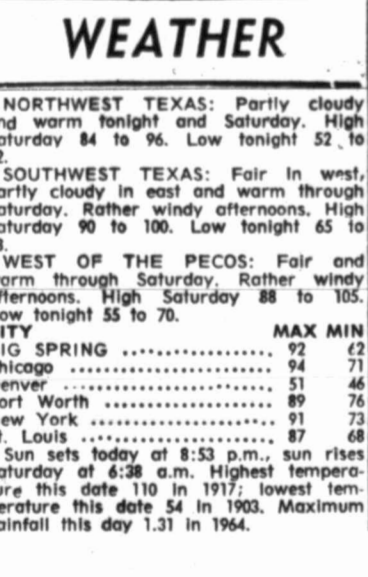

Boy Membership in the Lone Star district is ahead of schedule and ready for a surge this fall, Chaplain A. C. Hicks told the district committee Thursday. Ben Johnson, academic dean at HCJC and Buffalo Trail advancement chairman, also reported on the national council meeting in Denver, Colo. Jack Powell, district chairman, presided over the monthly meeting held at the VA hospital. Total membership at the end of May was 1,053, said Chaplain Hicks, who is chairman of organization and extension. This is nearly 100 over the year's goals and nearly the same figure above last year's actual total. One new pack is virtually chartered and another seemingly assured. Prospects are good for a couple of new Scout troops, he said, so when the Fall Roundup comes in September, membership is expected to jump. The district swimming meet has been scheduled for Aug. 8 at Webb AFB, said Jimmy Ray Smith, chairman of camping and activities. Bill Brooks, leadership training chairman, said that the "University of Scouting" would start its new adult training series in August. Dean Lagerstrom, commissioner, said the staff was beaming toward this event. Monty Stokes, district executive, urged attendance at the council board meeting July 10 at the Boy Scout Ranch in the Davis Mountains.

### Scurry Voters To Consider Limits

Snyder Scurry County voters will ballot Saturday on whether to increase the interest and tax levy limits of the new junior college district. When the district was established earlier, the interest rate on bonds had a 6 1/2 percent limit, but it is doubtful that such bonds can be issued on the current market. Also, the initial limit of 35 cents for operation and 10 cents for debt service are up for a proposed increase to 50 and 35 cents.

### WEATHER

NORTHWEST TEXAS: Partly cloudy and warm tonight and Saturday. High Saturday 84 to 96. Low tonight 52 to 72. SOUTHWEST TEXAS: Fair in west, partly cloudy in east and warm through Saturday. Rather windy afternoons. High Saturday 90 to 100. Low tonight 65 to 78. WEST OF THE PECOS: Fair and warm through Saturday. Rather windy afternoons. High Saturday 88 to 105. Low tonight 55 to 70. MAX MIN BIG SPRING 92 62 Chicago 94 71 Denver 91 46 Fort Worth 89 76 New York 93 73 St. Louis 87 68 Sun sets today at 8:30 p.m., sun rises Saturday at 6:38 a.m. Highest temperature this date 54 in 1963. Maximum rainfall this date 1.31 in 1964.

FRIDAY'S WEATHER — Rain and showers are predicted Friday for the Rocky Mountain and Great Plains states. Showers are also forecast for the middle Atlantic states and southern Florida. A cold front extends through most of the center of the nation. Cooler weather is expected from the Northwest and Northeast.

### DEATHS

#### Napoleon Lainen, World War I Vet

COLORADO CITY (SC)—Napoleon E. Lainen, 75, dropped dead as he walked along a Loraine street Thursday morning, apparently of a heart attack. Services have been set at the graveside at 10 a.m. Saturday in Colorado City Cemetery under the direction of Kiker & Son Funeral Home. Other arrangements were not announced. Mr. Lainen was a native of Borje, Norway, having been born there Aug. 28, 1894. He was a naturalized citizen and a veteran of World War I. In ill health for several years, he had been in VA hospitals at Waco and Big Spring. Since the first of this year he had been a resident of Roland Nursing Home in Loraine. Mr. Lainen is survived by one son, Karel Lainen, Encinepal, Calif.

#### Services Set For Diane Billingsley

Services for Diane Billingsley, 18, will be at 10:30 a.m. Saturday in the Ackerly Church of Christ with John Greeson and Larry Marshall officiating. Burial will be in Trinity Memorial Park under direction of Nalley-Pickle Funeral Home. Pallbearers will be Rodney Feaster, Kelly Gaskins, Perry Gillespie, Robert Herron, Bruce Nichols and Terry Brown. Honorary pallbearers will be members of her senior class. Miss Billingsley died Thursday morning in an Abilene hospital. She had lapsed into a coma May 28 from the effects of a kidney malady and was rushed to Abilene where she was put on a kidney machine. Within several days she had recovered to the extent that she was able to sit up and talk with members of the family. A kidney transplant was tentatively scheduled for her in Denver in September. She was born in Lamesa April 17, 1952, and was graduated from Sands High School in May of this year, although she was not able to attend the final two months of classes. While in school she was a member of the 4-H Club, Future Homemakers of America, pep squad and journalism club. She was a member of the Church of Christ. Survivors include her parents, Mr. and Mrs. James L. Billingsley, Ackerly; one sister, Jaynie Billingsley; two brothers, Jay Lee Billingsley and Michael Thomas Billingsley, all of the home; maternal grandmother, Mrs. Thelma Smith, Big Spring; and paternal grandparents, Mr. and Mrs. J. L. Billingsley, Ackerly.

A cold front extends through most of the center of the nation. Cooler weather is expected from the Northwest and Northeast.

### Randy Rister Gets Aggie Scholarship

Randy Rister, valedictorian of the Forsan High School graduating class, is the recipient of the 1970 Texas A&M Club scholarship. Roy Hughes, president of the club, revealed the choice at the annual Aggie barbecue attended by several hundred people at the Comanche Park amphitheatre Thursday evening. A miserable, blustery day kept many away — but it didn't have, for the big stone bowl furnished good protection for the sumptuous feast. This was the 17th year that the club has staged the barbecue, which is a sort of memorial for the late Jack Newsom, a friend of the Aggies whose work helped establish the event. Ironically, Randy couldn't be present to receive the award which will be worth \$250 per year for four years. He was working for a roofing company in Lubbock, and his parents, Mr. and Mrs. Robert L. Rister, Old San Angelo Highway, stood in for him. Randy has been a National Honor Society member at FHS for the past two years, edited the school yearbook, has played in the band for six years, sings in the Trinity Baptist choir and is active in its youth program. He also has been named a class favorite and has been an inter-scholastic league competitor for several seasons. Also introduced during the barbecue was Pete Rodriguez, Big Spring, last year's winner.

### Transfers Approved

Big Spring, Coahoma and Forsan have announced the number of students transferring into their districts for the 1970-71 school year. Noel Reed, director of special services, said 31 out-of-district students were approved to attend schools in the Big Spring Independent School District. Reasons behind most of the requests for transfers were courses not offered in the home district, Reed said. Transfers were 15 from Coahoma, seven from Forsan, one from Borden, four from Grady, one from Stanton and three from Sands. W. A. Wilson, Coahoma Independent School District, said 17 students, who have already been attending Coahoma schools but who live outside the district, were approved as transfers into the district. H. D. Smith, Forsan County Line Independent School District, said 113 students, with 108 of those from Big Spring, were granted transfers to Forsan schools. Others transferring included three from Glasscock County and two from Tom Green County. The reason behind most of the transfers were that although the students live outside the district, the Forsan schools are closer to attend.

### M-P Plans To Consolidate Freight Center

ODESSA — The Missouri-Pacific Lines have announced plans to provide improved freight transportation services for business and industry in the Midland-Odessa area. Included in the plans is a greater utilization of the T&P's new merchandise freight terminal and adjoining piggyback facilities located three miles east of Odessa, adjacent to the railway's main line and US 80. To effect the consolidation, the T&P will ask the Texas Railroad Commission for authority to discontinue operations at the Midland station. At the present time, the Midland station is open only during the day five days a week. The T&P also has closed the freight station located near the old depot near downtown Odessa.

### Teenage Dance

A teenage dance will be held from 8:30 until 11:30 this evening in the American Legion Hall with the bicycles pumping out music. Price of tickets range from \$1.25 per person to \$2 per couple. All teens are welcome.

### Fire Put Out

Firemen from the Sand Springs fire station fought a grass fire to a standstill and then extinguished it Thursday evening. The Coahoma Fire Department, and that of Westbrook in Mitchell County aided, the latter with a truck and a water tank truck. The blaze was half a mile inside the east Howard limits near where IS 20 overlaps is located on the T&P Railroad.

### Lad Drowns

SWEETWATER — Juan Rodolpho Lozano Jr., 7, son of Mr. and Mrs. J. C. Lawhon, drowned in the Sweetwater Municipal pool Thursday about 3 p.m. Efforts to revive him after his body was found on the bottom of the pool were unsuccessful.

### Float Designed

Plans to build a float for the Big Spring Rodeo Parade Wednesday were made during a committee meeting of the Knott 4-H Club Tuesday. Johnny Peugh, club president, presided. Adult leaders sponsoring the seven-member committee meeting were Mr. and Mrs. Lon McDonald and Mr. and Mrs. Lloyd Robinson.

### Trio Held In Lieu Of Bond

The three adults charged with possession of narcotics paraphernalia Wednesday night were transferred to county jail Thursday afternoon in lieu of \$15,000 bond each set by Peace Justice Jess Slaughter. A 16-year old girl arrested in connection with the same incident was turned over to juvenile officer F. Keith Jones and is reportedly out of town. District Attorney Wayne Burns has expressed doubt that a case can be made against the three, who were arrested around 6:30 p.m. Wednesday in a rented house at 1319 Kindie after police reportedly acted on a tip. Chief of Police Jay Banks said this morning that the cases were filed according to law and would comment no further. Those charged are William Paul Darrow, 24, 609 W. 17th, James R. Vance, 18, 1319 Kindie, and Donna K. Anderson, 19, 1211 Lloyd. Burns has said that the only defendant who could be directly connected with the items allegedly recovered at the house was the juvenile who rented the house and as a juvenile is not liable for prosecution for a felony. The adults were guests in the house, he said, and therefore not responsible for what might be found there. Officers said hypodermic syringes, needles and other items were recovered.

### Country-Western Program Slated

If country-western music sets your foot to stomping and your hands to clapping, the Big Spring Country Music Association has something for you Saturday evening. A performance has been set for 8 p.m. in the Municipal Auditorium with Tommy Williams, Andrews, as the emcee. Similar performances are slated the second Saturday evening of each month. Big Spring's Country Music Association was formed May 15 in an attempt to promote interest in C-W music locally. This was originally one of the functions of the Chamber of Commerce, but the work was so time consuming that it needed an organization of its own, said Mrs. Lois McElreath, secretary of the association. The officers of the Country Music Association are not only administrative but musical, too. They comprise a band called the "Country Cousins." Officers and bandmen are Festus McElreath, president; Vandayl Murphree, vice-president; and Mrs. Lois McElreath and Mrs. Dollie Murphree, secretaries. Mr. and Mrs. Johnny Acuff and Mr. and Mrs. Memry Alderman, Maryneal, serve as chairman of the association. The monthly performances are called Country Jamboree. Any group that plays Country-Western, Blue Grass, Country-Rock, Gospel or Folk music is welcome to perform in the Jamboree. All appearances by bands is voluntary, no bands receive payment for these performances, said Mrs. McElreath.

**Like Old Times  
At Camp Maxey**

a full-blown military base during World War II, has been transformed into a complete Army establishment for two weeks.

PARIS, Tex. — Camp Maxey,

The Texas National Guard's 272nd Engineer Company—with elements in Paris, Honey Grove and Mount Pleasant—is spending its annual 15-day active duty period at the 9,000-acre reservation which the Guard has retained from World War II days.

**Weather Dims  
Wheat Hopes**

WASHINGTON (AP) — Dry weather in parts of Texas, Oklahoma, Kansas and Colorado sliced 18 million bushels from winter wheat prospects during May, the Agriculture Department said.

The crop reporting board estimated production as of June 1 at 1.076 billion bushels, 2 per cent less than a month earlier.

However, this was still more than the April estimate and would rank as one of the largest winter wheat crops on record.

Officials estimated the average yield at 3.2 bushels per harvested acre, down half a bushel from May indications but still a record. Last year's winter wheat yield was 3.1 bushels the previous high.

There was no estimate for spring wheat, but an earlier projection of 298 million bushels would mean a total wheat output this year of more than 1.37 billion bushels, compared with nearly 1.46 billion last year and the record of 1.6 billion in 1968.

**OPPONENTS** — Newark, N.J., voters go to the polls Tuesday to pick a major from incumbent Hugh J. Addonizio, right, and engineer Kenneth Gibson. Addonizio is on trial on extortion charges. Gibson has been charged by the mayor's supporters with importing "out-of-town troublemakers."

8-A Big Spring (Texas) Herald, Friday, June 12, 1970

**Murder Of Boy, 4,  
Trial Under Way**

FORT WORTH, Tex. (AP) — Testimony opens today in the murder trial of Michael J. Paprskar Jr., a motorcycle shop owner charged in connection with the shooting of a four-year-old boy.

Following four days of tedious jury selection, the twelfth juror was selected Thursday evening.

The indictment against 29-year-old Paprskar alleges he shot to death Daniel Ramirez Jr.

Dist. Judge Gordon Gray asked Paprskar his plea and the defendant replied, "Not guilty, your honor."

The boy, his father and his uncle were slain Jan. 20. Their bodies were found in an abandoned car on a downtown parking lot.

Paprskar, his wife and two others are accused in connection with the triple slaying.

Two police officers who discovered the bodies are expected to be among the first witnesses called.

The state is seeking the death penalty for Paprskar. Many veniremen were excused during jury selection because of their admission that they couldn't consider the full range of punishment for murder with malice, which includes death in the electric chair.

An assistant district attorney said he overheard prospective jurors agreeing with one another privately that by saying they were opposed to the death penalty they would automatically be excused from jury duty.

The 12 jurors selected will be confined to the courthouse until the trial is over. Testimony will be heard during the weekend.

The all-white jury represents a broad cross-section of occupations, including a dairyman and a rubber products company president. There are three women, an unmarried teacher and two housewives.

## WOMEN PLEDGE SUPPORT

# Ross Perot Brings Standing Ovation With Emotional Plea

SAN ANTONIO (AP) — Texas industrialist Ross Perot appealed to mother instincts, emotions and civic pride Thursday to win over the world's largest women's organization in his crusade to free U.S. prisoners of war.

He called on the General Federation of Women's Clubs for aid in the campaign and the response was immediate.

Perot was applauded time and again as he spoke, and he received a standing ovation from a room packed with federation delegates.

"Mr. Perot has told you specifically what you can do," the federation president, Mrs. Walter Magee, told delegates. "I'm asking each of you who's going to do something about it to raise your hand."

Hundreds of hands shot up in a show of support. The delegates, meeting here in their 79th annual convention, represent 11 million members throughout the world.

The convention was scheduled to take up an "emergency resolution" on Perot's appeal today.

Perot urged the federation to ask that candidates for Congress make the release of POWs held by North Vietnam part of their printed campaign platforms.

He urged the clubwomen to

## Reception Is Cold For Actor

SAN ANTONIO (AP) — An ice-cold reception greeted an actor who spoke out against the war in Vietnam Wednesday to members of the General Federation of Women's Clubs.

Gary Merrill, who said he recently returned from a USO-Defense Department visit to Vietnam, claimed U.S. soldier morale is high "because they want to stay alive so they can get out."

Speaking at a dinner for junior clubwomen, the federation's younger members, Merrill launched into his subject after delivering a poem.

After he made a few more remarks about U.S. involvement overseas, he asked if there were any questions. Mrs. Dale W. Steffes of Houston stood up and declared, "Your kind of talk is what's exciting our youth."

Mrs. Steffes said her brother was killed in Vietnam and he was proud to serve as a soldier for his country. She was applauded.

Merrill, 54, former husband of actress Bette Davis, was invited to the dinner program as a "surprise guest" to read poetry.

## Couple United In Marriage

WESTBROOK (SC) — Now making their home in Midland are Mr. and Mrs. Michael Larry Hoyle who were married June 6 in Crescent Baptist Church at Odessa. The bride is the former Donna Marie Bryant, daughter of Mr. and Mrs. Ralph Bryant of Odessa, formerly of Westbrook.

The Rev. L. B. Edwards of Carlsbad, N.M., former Westbrook pastor, conducted the ceremony. The altar was flanked by candelabra and centered with an arrangement of carnations and greenery.

Tommy Bryant, brother of the bride, sang "Whither Thou Goest" and "Impossible Dream."

The bride wore a peau de soie gown with silk organza overlay and bodice covered with Chantilly lace accented with seed pearls. The circular train was trimmed in matching lace. Her shoulder-veil of illusion was held with a bow of lace and pearls, and she carried a bouquet of roses centered with an orchid.

Mrs. Bill Hicks was matron of honor, and bridesmaids were Mrs. Larry M. Bell, sister of the bride, Mrs. Tommy Bryant, sister-in-law of the bride, and Mrs. Jim Scott. They wore yellow satin gowns with silk organza overlay and carried

urge that newspapers, television stations and other communications media take editorial stands on the POW question.

Such a show of public opinion will persuade Hanoi to release the estimated 1,500 prisoners, Perot said.

Public opinion in the United States is totally important" to the North Vietnamese, he said. "They don't want the American people to hate them over 1,500 men."

Perot recalled meeting a 4-year-old boy who was born after his father was shot down in Vietnam. "For four years he didn't know if he had a father or not," the crewcut billionaire said.

Then he traced the lives of typical U.S. pilots—"carefully screened, outstanding young men who had been the best of the best."

"From a mother's point of view," he said, "just think of all the love and affection that you pour into a little boy as you develop him to have these qualities and this capacity and potential."

Then these young men find themselves "flying into some of the most adverse military conditions we've ever asked a man to fly into," Perot said.

He asked his listeners to imagine what it's like to parachute into the jungle after being shot down.

"... And now you're drifting down and you're literally going back in time several hundred or maybe even several thousand years... You're drifting down into a jungle where the people live... under the most primitive conditions possible," Perot said.

He told how the enemy forces U.S. POWs to live in tiny bamboo cages, holes in the ground or caves with no light. They eat little more than rice and fish heads, he said.

"Some of these men," he said, "have been prisoners of war twice as long as any other men in the history of this nation"—some for as much as six years.

Keeping them alive, he said, are religious convictions, love of country and family, and "just the intuitive feeling that somehow, some way, we're going to get those men out."

Other guests during the week of the Bill Gaskins were the Phil Gaskins, Austin; the Don Bowlings, all of Gainesville; the John Rhodes, Chicago, Ill.; the Lee Rhodes, Torrance, Calif.; the J. D. Peables, Big Lake; the Charles Rhodes and Mrs. Bill Williams and Linda.

Mr. and Mrs. Bill Gaskins will spend this weekend in Snyder with the Jackie Gaskins family.

Participating in the Grand Assembly will be Vicki Annen, grand hope; Mary Alice Terrazas, grand guard; Mrs. Louise Hamilton, adult grand guard; and Brenda Thomas who will sing in the grand choir.

Vicki Annen, worthy advisor, presided at the meeting. The next meeting will be June 23.

Plans to attend the Order of Rainbow Girls Grand Assembly in Dallas were made at the Tuesday meeting of Assembly 60 at Masonic Temple. Twenty-one girls and four adults will leave at 6 a.m. Monday by bus to attend the assembly. They will return Thursday, stopping en route to visit the Masonic orphanage in Fort Worth and the Order of Eastern Star Home in Arlington.

Participating in the Grand Assembly will be Vicki Annen, grand hope; Mary Alice Terrazas, grand guard; Mrs. Louise Hamilton, adult grand guard; and Brenda Thomas who will sing in the grand choir.

Vicki Annen, worthy advisor, presided at the meeting. The next meeting will be June 23.

representing their office.

Mrs. Ben Faulkner, area vice president, briefed members on the Area I-G summer convention to be held in Big Spring in August. Jaycee-Ettes will plan all wives' activities.

The national convention will be in St. Louis June 18-21. Three Jaycee couples will represent Big Spring. Jaycee-Ettes are making 300 nametags symbolizing the state for Texas Jaycees attending the convention.

Serving at the VA Hospital this month are Mrs. Chuck Butts and Mrs. Pirkle.

There will be a swimming party at 8 p.m. Saturday in Cosden Country Club pool for Jaycee-Ettes and their husbands.

A guest at the meeting was Mrs. Kenneth Gafford. Hostesses were Mrs. Tommy Tompkins and Mrs. Don Horton. The next meeting will be July 9.

Weekend guests of the Altis Clemmers were the R. L. Clemmers, Cisco, en route to New Mexico, Colorado and Wyoming on vacation. Other guests were the Kenneth Fergusons, Plainview; the Robert Hutchinses, Albuquerque, N.M.; and the Curtis Clemmers, Colorado City. The Hutchinses also visited his parents, the W. C. Hutchinses, Lake Colorado City.

The Bill Hutchinses entertained the Clint Brashers of Cisco.

Mrs. John Loberg, Boston, Mass., is a guest of the Quann Bryants.

Mrs. Joe Williamson and son, Jodi, visited her parents, the T. A. Reeses. Jodi will work in Indiana this summer.

The Past Matron's Gavel Club, Laura B. Hart Chapter, Order of Eastern Star, met Thursday at Coker's Restaurant where secret pals were revealed and gifts exchanged.

Mrs. Dick Mitchell presided, and the devotion was presented by Mrs. J. A. Wright.

New officers elected are Mrs. M. C. Lawrence, president; Mrs. J. A. Wright, vice president; Mrs. E. A. Fiveash, secretary; and Mrs. Lloyd Duncan, treasurer.

The next meeting will be in July with the date to be announced.

Participating in the Grand Assembly will be Vicki Annen, grand hope; Mary Alice Terrazas, grand guard; Mrs. Louise Hamilton, adult grand guard; and Brenda Thomas who will sing in the grand choir.

Vicki Annen, worthy advisor, presided at the meeting. The next meeting will be June 23.

## Wednesday Luncheon Honors Planters Garden Club Officers

A luncheon honoring new Planters Garden Club officers was held Wednesday in the home of Mrs. Paul Guy, 1305 Tucson, with Mrs. Richard Huppely as cohostess.

The main table was covered with pastel pink organza overlaid with handmade lace. Other tables were covered with organza cloths in pale spring colors and centerpieces were tiny pink rosebuds and spring flowers. Crystal and silver appointments completed the setting.

Mrs. J. A. Andrews presided at the business session. Pictures she had taken of the May flower show were displayed. Also, the scrapbook of the year's activities made by Mrs. J. O. Murphy was shown. Mrs. Guy, council representative, announced that preparations for the council's fall flower show are underway and the tentative date is the last week in October.

Members will plant window boxes in the dining area of the Veterans Administration Hospital and will continue the project to send two members

to a series of flower show schools in preparation to become national judges. Members presently studying to become judges are Mrs. J. W. Trantham and Mrs. C. Y. Clinkscales.

Mrs. E. O. Sanderson invited members and their husbands to an ice cream social at her home, 819 W. 7th, at the end of July.

Mrs. Guy led members on a tour of her garden pointing out a bearing Santa Rose plum tree and a Sotol cactus plant with a bloom six feet in height. The group then visited Hilltop Greenhouses where they studied various new plants, their care

planting and transplanting. They learned of the fertilizers best suited for local soils and sprays available to keep gardens in good condition.

Guests attending the meeting were Mrs. Bill Adams, Mrs. R. O. Carothers and Mrs. Perry Daily. The next meeting will be July 8 in the Huppely home, 1305 Lincoln.

**LEADERS IN SATURDAY MATCH** — Col. Anderson W. Atkinson, wing commander, and Paul Meek, president of Cosden Oil and Chemical Co., ready themselves for the Webb-Cosden golf tournament to be held Saturday at the Webb golf course.

## Bill Hands Boosted By Double Killings

By The Associated Press  
 If runs and double plays are a pitcher's best friends, Bill Hands of the Chicago Cubs is lacking for companionship this season.  
 The right-hander, who won 20 games and was one of the few bright spots in the Cubs' stretch collapse last year, got some each Thursday night in turning back the San Diego Padres 7-1 and boosting his record to 8-4.

The double plays scored by Hands in the National League, Montreal turned on Cincinnati 8-4, Los Angeles outlasted St. Louis 2-1 in 12 innings and Atlanta defeated Philadelphia 6-4.

An error and three walks gave the Cubs a run in the first and they added two more in the second off Corkins on Cleo James' single. Hands' sacrifice, Glenn Beckert's run-scoring single and Billy Williams' RBI double.

Hands hit a sacrifice fly in the third and Jim Hickman hammered his 14th homer in the sixth following a Williams single. The Cubs got their final run in the seventh on doubles by James and Paul Popovich.

Hands scattered six hits, struck out one batter in each of the first eight innings and snapped a personal two-game losing streak.  
 The difference between this year and last, when Hands got off to a 5-5 start, is the runs the Cubs are scoring for him.

"All these runs being scored for me this year should be a good omen. I've always been a notoriously slow starter. And I have had a few mediocre performances that have turned out well because of the strong support."

Maury Wills opened the Dodgers' 12th with a single, took second on Frank Linzy's wild pitch and scored the winning run on a double by Willie Davis to topple the Cardinals.

Starters Don Sutton of Los Angeles and Steve Carlton of St. Louis battled through 10 innings locked in a 1-1 tie. The Cardinals scored in the fourth on singles by Richie Allen and Joe Torre and Joe Haguer's sacrifice fly and the Dodgers tied it up in their half of the inning on Manny Mota's second homer of the season.

**MERRITT ROCKED**  
 The Expos rocked 11-game winner Jim Merritt for five runs in the first inning and struck the Reds' latest winning streak at five games, handing the left-hander his fourth setback.

Rudy Rubio smashed two two-basers and Elbow Smith and V. Woodruff one each for the Bruins.  
 The outcome left each team with a 3-2 record. Paredez and Smith each had three hits for the Cubs.

**Pirates Edge Tribe, 5-4**  
 Three runs in the final inning enabled the Pirates to defeat the Indians, 5-4, in a Hi-Junior league game Thursday evening. The Cubs are now 2-2 in the race while the Indians dropped back to 2-3.

David McElrath led the Bucs' seven-hit offensive with two in all, and no one in the lineup connected safely more than once.  
 Nate Poss achieved the mound win while Gilbert Pesina accepted the defeat.

**Bill Bradley, the former University of Texas griddler, is planning to franchise his barbecue stands throughout the state.**  
 His first one is located at Tamina, about 30 miles north of Houston on Interstate 45. Bradley is still with the Philadelphia Eagles.

The story of the University of Idaho is that the head coaching job opened up for ex-Big Springer Don Robbins when the displaced mentor, Y. A. McNease, lost his temper and swung on a player, not once but twice.  
 The second time it happened, he was called on the carpet and fired.

Not so very long ago, heavyweight Manuel Ramos was rated very near the top among the world's top boxers.  
 Joe Frazier put him on Queer Street with a big bomb about mid-1969, however. Since then, the Mexican has been stopped by George Chuvalo, Jack O'Halloran and Oscar Bonavena. Bonavena stashed Ramos in less than a round.

George (Watty) Watkins departed this vale of tears recently, an inevitability that went largely unnoticed. The outfielder who figured in one of baseball's most exciting World Series, died last week in Houston at the age of 67.

Watty batted or scored all four of St. Louis' runs in the seventh and deciding game of the Cardinal series with Connie Mack's great Philadelphia A's in 1931.

That was the series in which Pepper Martin stole five bases, hit 500 and batted in five teammates against a team that was thought to be invincible. Watkins and Martin were roommates that season.

The country was then in the throes of a depression and needed heroes like Martin and Watkins to spirit away its thoughts from the grimness of the times.

**Two Local Teams In Tournament**  
 ABILENE — Webb AFB of Big Spring and Abilene Athletic Supply meet in a first round game of the sixth annual Abilene Jaycee softball tournament, which begins today and continues through Sunday. The two teams clash at 7:45 p.m. today.

Abilene Athletic Supply is defending champion in the 16-team event.  
 Morton's Foods, Big Spring, is also entered in the tournament and plays Connell Baptist at 9:15 o'clock this evening.

**Tigers Outlast Indians, 11-10**  
 In a Texas Little League game that went right down to the wire, the Tigers edged the Indians, 11-10, here Thursday evening.

The Bengals, now 7-8 in the race, counted two runs in the final round and then had to fight off an Indian comeback that netted two runs.  
 C. Sanchez faced with four hits in as many expeditions to the plate. Johnny Ray Jones was credited with the win.

E. Rodriguez had three safeties for the Indians, who drove out ten hits in all.  
 Tigers: 11-10 Indians: 10-11

**Yankees Edge Cubs, 11-10**  
 Barry Canning went all the way on the hill in leading the Yankees to an 11-10 league victory over the Cubs Thursday night.  
 Sammy Rodriguez and Bruce Abbe connected for triples to boost the Yanks' cause. John Morelino and Canning had doubles.  
 Rudy Rubio smashed two two-basers and Elbow Smith and V. Woodruff one each for the Bruins.  
 The outcome left each team with a 3-2 record. Paredez and Smith each had three hits for the Cubs.

**Scotties Defeat Colts, 9 To 7**  
 In league play Wednesday, the Scotties measured the Colts, 9-7.  
 Ricky Cluck, Jeff Scott and Daniel Barber all worked on the hill for the Scotties, with the latter getting credit for the win.  
 A bases loaded home run by Bear Matthews two outs deep in the final inning enabled the Scotties to put the decision out of the fire.  
 A fine firing play, set up by pre-arrangement and involving catcher Steve Tipton, shortstop Jeff Scott and third baseman Richard Fannin, kept a Colt run from crossing the plate in the fifth.  
 The Scotties are now 6-6 in the race. The Colts are 5-6.

**Ken Moss Named Pro At Lamesa**  
 LAMESA — Ken Moss, former assistant golf pro at Midland's Hogan Park, is the new head pro of the Lamesa Country Club.  
 He succeeds Val Howard, who resigned recently to take a similar job in Vernon.

## Cosden, Webb Vie Saturday In Golf Test

Saturday, at 7:30 a.m., the golf match between Webb AFB and Cosden begins at the Webb golf course.

Twenty-eight foursomes will be made up of two Webb and two Cosden golfers, each Webbsite playing against a man from Cosden.

Full handicaps will be used, with net score determining the winner in each individual match. The team with most individual points at the end of play, will be the winner of this 18 hole tournament.

Food and drinks will be served in the clubhouse upon completion of play.  
 The following are the scheduled tee-off times with the respective team members:

7:30—John Brown, J. O. Bailey, P. Braddon and H. Brewer; 7:40—R. Walker, J. Mundell, C. Ward, J. White; 7:50—B. Gray, T. Young, M. Trewbella and V. Martin; 8:00—R. Rainey, W. Jackson, E. Saiz and M. Douvadjian; 8:10—J. Brake, B. Swindell, R. Taylor and F. L. White; 8:20—K. Brown, B. Sheppard, B. Lang and R. Ginder; 8:30—P. Meek, J. Barron, A. Atkinson and T. D. Difore; 8:40—B. West K. Perry, J. Grow and D. Jones; 8:50—D. Newton, K. Hamby, P. Cook, J. Johnson; 9:00—J. Self, D. Horton, N. Barby and G. Argyle; 9:10—B. Nobles, S. Fuller, D. Luth and R. Edwards; 9:20—H. Wallin, S. Satterwhite, J. Parr and H. Clements; 9:30—S. Cain, L. Hart, R. White and J. Gardner; 9:40—P. Jones, R. Mahoney, J. Fort and R. Plasse.

The teams for the 10th hour are: 10:11—B. Pate, J. Painter, G. Napoliello, and C. Loyd; 10:18—J. Wagner, B. Reynolds, J. Frierson, D. Fairchild; 10:46—D. McCrary, B. Hardin, T. Heiting and L. Walsh; 10:53—M. Willbanks, B. Washington, R. Wooley and J. Knoepfel.

For the 11th hour the teams are: 11:21—M. Williams, M. Coffee, F. Peralta, and B. Key; 11:28—H. Hart, J. Peay, J. Krocza, W. Graham; 11:56—C. Strong, N. Newton, H. Craig and M. Wood.

From noon till 1 p.m. are: 12:03—D. Henry, C. Piece, Iluin and Campbell; 12:31—J. Thomas, L. Morgan, T. Cooke and Weidner; 12:38—B. Bradford, B. Clinton, W. Lister and D. Peters.

In the 1 till 1:48 slots are: 1:06—M. Brown, R. White, A. G. Berry and Riemondi; 1:13—G. Wiggins, C. Bailey, T. Ebdon and M. Steinerde; 1:41—J. Newton, S. Corchell, M. Corcoran and R. Trout; 1:48—R. Grimes, B. Grimes, J. Fraiser and Medley.

**Local Man Is 2nd In Midland Shoot**  
 MIDLAND—Horace Reagan Big Spring won second place in the Heavy Varmint Shoot conducted at the Permian Basin Rifle and Pistol Club here the past weekend.

First place was claimed by Ben Hanson, Midland. Hanson's score was 5020 while Reagan posted a 4620.

**Firebirds Sting Stingrays, 12-11**  
 In American Minor League play Wednesday, the Firebirds outlasted the Stingrays, 12-11, with Ramsey notching the mound win.  
 Dickenson and Kennedy each had two hits for the Firebirds, now 5-1 in the race. The Stingrays skidded to 6-5 in the standings.

The Steers beat the Mustangs, 11-8, in minor league play Tuesday. Stockton had three hits for the Steers in that one. He was also the winning pitcher.

**Local Man Is 2nd In Midland Shoot**  
 MIDLAND—Horace Reagan Big Spring won second place in the Heavy Varmint Shoot conducted at the Permian Basin Rifle and Pistol Club here the past weekend.

First place was claimed by Ben Hanson, Midland. Hanson's score was 5020 while Reagan posted a 4620.

**T-Birds Smother Comets, 26 To 7**  
 The T-Birds hopped all over Comet pitching in rolling to a 26-7 International Little League victory here Thursday night.  
 Andy Schmitt had four hits in as many trips and Bobby Waters connected safely three times in three tries for the winners. Maurice Cyr smashed two triples and powered home six runs. Barney Mashburn had three hits, as did George Newman while David Ray and Tim Mathie two each in helping achieve the win.

The T-Birds were left with a 7-1 record while the Comets have won only once in 13 assignments.

**Ken Moss Named Pro At Lamesa**  
 LAMESA — Ken Moss, former assistant golf pro at Midland's Hogan Park, is the new head pro of the Lamesa Country Club.  
 He succeeds Val Howard, who resigned recently to take a similar job in Vernon.

**Yankees Edge Cubs, 11-10**  
 Barry Canning went all the way on the hill in leading the Yankees to an 11-10 league victory over the Cubs Thursday night.  
 Sammy Rodriguez and Bruce Abbe connected for triples to boost the Yanks' cause. John Morelino and Canning had doubles.  
 Rudy Rubio smashed two two-basers and Elbow Smith and V. Woodruff one each for the Bruins.  
 The outcome left each team with a 3-2 record. Paredez and Smith each had three hits for the Cubs.

**Pirates Edge Tribe, 5-4**  
 Three runs in the final inning enabled the Pirates to defeat the Indians, 5-4, in a Hi-Junior league game Thursday evening. The Cubs are now 2-2 in the race while the Indians dropped back to 2-3.

David McElrath led the Bucs' seven-hit offensive with two in all, and no one in the lineup connected safely more than once.  
 Nate Poss achieved the mound win while Gilbert Pesina accepted the defeat.

**Bill Bradley, the former University of Texas griddler, is planning to franchise his barbecue stands throughout the state.**  
 His first one is located at Tamina, about 30 miles north of Houston on Interstate 45. Bradley is still with the Philadelphia Eagles.

The story of the University of Idaho is that the head coaching job opened up for ex-Big Springer Don Robbins when the displaced mentor, Y. A. McNease, lost his temper and swung on a player, not once but twice.  
 The second time it happened, he was called on the carpet and fired.

Not so very long ago, heavyweight Manuel Ramos was rated very near the top among the world's top boxers.  
 Joe Frazier put him on Queer Street with a big bomb about mid-1969, however. Since then, the Mexican has been stopped by George Chuvalo, Jack O'Halloran and Oscar Bonavena. Bonavena stashed Ramos in less than a round.

George (Watty) Watkins departed this vale of tears recently, an inevitability that went largely unnoticed. The outfielder who figured in one of baseball's most exciting World Series, died last week in Houston at the age of 67.

Watty batted or scored all four of St. Louis' runs in the seventh and deciding game of the Cardinal series with Connie Mack's great Philadelphia A's in 1931.

That was the series in which Pepper Martin stole five bases, hit 500 and batted in five teammates against a team that was thought to be invincible. Watkins and Martin were roommates that season.

The country was then in the throes of a depression and needed heroes like Martin and Watkins to spirit away its thoughts from the grimness of the times.

## Steve Reid Leader In Western Open

CHICAGO (AP) — Steve Reid, a six-year circuit player with only one major victory, had a "mystery" grip on first-place as the \$130,000 Western Open Golf Tournament entered its second day today.

Reid, 33, fired a paradoxical 30-36-66 round over Beverly Country Club's par 36-35-71 tightly-wooded acres yesterday for a one-stroke lead over a congested flock of eight runnersup deadlocked at 87.

Reid, who has earned only \$11,000 this year and scored his only PGA triumph in the 1968 Azalea Open, attributed his five-under-par triumph to a change in his club grip and mechanics of his swing before the 1970 tour began.

"I can't explain the grip change I made, but it has changed my game," said Reid. "But it apparently is paying off, even though I was playing so poorly two months ago, I almost switched back to my old style of gripping the club."

Reid would say whether his new-found grip applied to his putter.  
 But it was a devastating touch on the greens that gave Reid his six-under-par 30 first nine after he opened on the flipflop start, with a one-over-par 36 on Beverly's back nine.

Reid tricked home six birdie putts of 40, 20, 15, 12, 9 and 8 feet, as he sneaked in one stroke ahead of such 67 shooters as Arnie Palmer, Dow Finsterwald, Bob Charles, Johnny Pott, Dick Lotz, Bobby Nichols, Tommy Jacobs and Hugh Royer.

In a 28-hole logjam at 72, six strokes off the pace, was pre-tournament favorite Jack Nicklaus, who commented: "On this kind of course, you can open with a 72 and still be a contender."

Steve Reid 30-36-66  
 Hugh Royer 34-33-67  
 Tommy Jacobs 34-33-67  
 Johnny Pott 34-33-67  
 Dick Lotz 34-33-67  
 Bobby Nichols 34-33-67  
 Dow Finsterwald 34-33-67

 Miller Barber 34-33-67  
 Dale Douglas 34-33-67  
 Julius Boras 34-33-67  
 Tom Weiskopf 34-33-67  
 Larry Ziegler 34-33-67  
 Rod Funseth 34-33-67  
 Tom Shaw 34-33-67  
 Bob Smith 34-33-67  
 Harry Toscano 34-33-67

**IN CUP COMPETITION America's Best Facing English**  
 WIMBLEDON, England (AP) — Mrs. Billie Jean King and Nancy Richey faced Britain's two top women tennis stars today in the first stages of a bid to retain the Wightman Cup for the United States.

Mrs. King, former contract professional from Long Beach, Calif., was due to lead off for the Americans against Virginia Wade.

Miss Richey, from San Angelo, Tex., was paired against Mrs. Ann Jones, last year's Wimbledon champion.

Even British fans didn't rate their team's chances as very bright. Both Britain's top singles players have been showing erratic form.

Both Mrs. King and Mrs. Jones are old Wightman Cup campaigners. The American started playing for her country in 1961 and the English left

hand back in 1957.  
 But after 1967 when the United States won the Wightman cup at Cleveland, Ohio, both became professionals with George McCall's National Tennis League and were ineligible for the cup. Now they are no longer under contract to a promoter and Britain and the United States agreed to bring them back into the Wightman Cup ranks.

Mrs. Mary Ann Curtis of St. Louis, Mo., and Julie Heldman of New York City wind up the first day in a doubles against Mrs. Jones and Mrs. Joyce Williams.

Four more matches—three singles and a doubles—are scheduled for Saturday.

Since the competition was started in 1923 the Americans have won the cup 23 times and the British only seven times.

**Morton Trips Merchants, Reed's Deflates Neel's**  
 Cotton Mize hurled Morton's Foods to a 2-0 victory over the Merchants and Bill Reed Insurance turned back Neel's Transfer, 8-6, in City Softball league contests in Comanche Trail Park Thursday night.

Mize surrendered five hits but was hard to touch in the clutch. The Chippers also had five hits. They picked up one run in the fourth when Gerald Cox legged it home after doubling.

Cox scored again in the sixth after he had reached base on an error, sprinting in on a double by Jimmy Davis. Davis was the only player on either team to collect as many as two hits.

Reed's solved the offerings of Ron Schmidt for nine hits.

**Yankees Edge Cubs, 11-10**  
 Barry Canning went all the way on the hill in leading the Yankees to an 11-10 league victory over the Cubs Thursday night.  
 Sammy Rodriguez and Bruce Abbe connected for triples to boost the Yanks' cause. John Morelino and Canning had doubles.  
 Rudy Rubio smashed two two-basers and Elbow Smith and V. Woodruff one each for the Bruins.  
 The outcome left each team with a 3-2 record. Paredez and Smith each had three hits for the Cubs.

**Pirates Edge Tribe, 5-4**  
 Three runs in the final inning enabled the Pirates to defeat the Indians, 5-4, in a Hi-Junior league game Thursday evening. The Cubs are now 2-2 in the race while the Indians dropped back to 2-3.

David McElrath led the Bucs' seven-hit offensive with two in all, and no one in the lineup connected safely more than once.  
 Nate Poss achieved the mound win while Gilbert Pesina accepted the defeat.

**Bill Bradley, the former University of Texas griddler, is planning to franchise his barbecue stands throughout the state.**  
 His first one is located at Tamina, about 30 miles north of Houston on Interstate 45. Bradley is still with the Philadelphia Eagles.

The story of the University of Idaho is that the head coaching job opened up for ex-Big Springer Don Robbins when the displaced mentor, Y. A. McNease, lost his temper and swung on a player, not once but twice.  
 The second time it happened, he was called on the carpet and fired.

Not so very long ago, heavyweight Manuel Ramos was rated very near the top among the world's top boxers.  
 Joe Frazier put him on Queer Street with a big bomb about mid-1969, however. Since then, the Mexican has been stopped by George Chuvalo, Jack O'Halloran and Oscar Bonavena. Bonavena stashed Ramos in less than a round.

George (Watty) Watkins departed this vale of tears recently, an inevitability that went largely unnoticed. The outfielder who figured in one of baseball's most exciting World Series, died last week in Houston at the age of 67.

Watty batted or scored all four of St. Louis' runs in the seventh and deciding game of the Cardinal series with Connie Mack's great Philadelphia A's in 1931.

That was the series in which Pepper Martin stole five bases, hit 500 and batted in five teammates against a team that was thought to be invincible. Watkins and Martin were roommates that season.

The country was then in the throes of a depression and needed heroes like Martin and Watkins to spirit away its thoughts from the grimness of the times.

**Two Local Teams In Tournament**  
 ABILENE — Webb AFB of Big Spring and Abilene Athletic Supply meet in a first round game of the sixth annual Abilene Jaycee softball tournament, which begins today and continues through Sunday. The two teams clash at 7:45 p.m. today.

Abilene Athletic Supply is defending champion in the 16-team event.  
 Morton's Foods, Big Spring, is also entered in the tournament and plays Connell Baptist at 9:15 o'clock this evening.

**Tigers Outlast Indians, 11-10**  
 In a Texas Little League game that went right down to the wire, the Tigers edged the Indians, 11-10, here Thursday evening.

The Bengals, now 7-8 in the race, counted two runs in the final round and then had to fight off an Indian comeback that netted two runs.  
 C. Sanchez faced with four hits in as many expeditions to the plate. Johnny Ray Jones was credited with the win.

E. Rodriguez had three safeties for the Indians, who drove out ten hits in all.  
 Tigers: 11-10 Indians: 10-11

**Ken Moss Named Pro At Lamesa**  
 LAMESA — Ken Moss, former assistant golf pro at Midland's Hogan Park, is the new head pro of the Lamesa Country Club.  
 He succeeds Val Howard, who resigned recently to take a similar job in Vernon.

CHICAGO (AP) — Steve Reid, a six-year circuit player with only one major victory, had a "mystery" grip on first-place as the \$130,000 Western Open Golf Tournament entered its second day today.

Reid, 33, fired a paradoxical 30-36-66 round over Beverly Country Club's par 36-35-71 tightly-wooded acres yesterday for a one-stroke lead over a congested flock of eight runnersup deadlocked at 87.

Reid, who has earned only \$11,000 this year and scored his only PGA triumph in the 1968 Azalea Open, attributed his five-under-par triumph to a change in his club grip and mechanics of his swing before the 1970 tour began.

"I can't explain the grip change I made, but it has changed my game," said Reid. "But it apparently is paying off, even though I was playing so poorly two months ago, I almost switched back to my old style of gripping the club."

Reid would say whether his new-found grip applied to his putter.  
 But it was a devastating touch on the greens that gave Reid his six-under-par 30 first nine after he opened on the flipflop start, with a one-over-par 36 on Beverly's back nine.

Reid tricked home six birdie putts of 40, 20, 15, 12, 9 and 8 feet, as he sneaked in one stroke ahead of such 67 shooters as Arnie Palmer, Dow Finsterwald, Bob Charles, Johnny Pott, Dick Lotz, Bobby Nichols, Tommy Jacobs and Hugh Royer.

In a 28-hole logjam at 72, six strokes off the pace, was pre-tournament favorite Jack Nicklaus, who commented: "On this kind of course, you can open with a 72 and still be a contender."

Steve Reid 30-36-66  
 Hugh Royer 34-33-67  
 Tommy Jacobs 34-33-67  
 Johnny Pott 34-33-67

**IN CUP COMPETITION America's Best Facing English**  
 WIMBLEDON, England (AP) — Mrs. Billie Jean King and Nancy Richey faced Britain's two top women tennis stars today in the first stages of a bid to retain the Wightman Cup for the United States.

Mrs. King, former contract professional from Long Beach, Calif., was due to lead off for the Americans against Virginia Wade.

Miss Richey, from San Angelo, Tex., was paired against Mrs. Ann Jones, last year's Wimbledon champion.

Even British fans didn't rate their team's chances as very bright. Both Britain's top singles players have been showing erratic form.

Both Mrs. King and Mrs. Jones are old Wightman Cup campaigners. The American started playing for her country in 1961 and the English left

hand back in 1957.  
 But after 1967 when the United States won the Wightman cup at Cleveland, Ohio, both became professionals with George McCall's National Tennis League and were ineligible for the cup. Now they are no longer under contract to a promoter and Britain and the United States agreed to bring them back into the Wightman Cup ranks.

Mrs. Mary Ann Curtis of St. Louis, Mo., and Julie Heldman of New York City wind up the first day in a doubles against Mrs. Jones and Mrs. Joyce Williams.

Four more matches—three singles and a doubles—are scheduled for Saturday.

Since the competition was started in 1923 the Americans have won the cup 23 times and the British only seven times.

**Morton Trips Merchants, Reed's Deflates Neel's**  
 Cotton Mize hurled Morton's Foods to a 2-0 victory over the Merchants and Bill Reed Insurance turned back Neel's Transfer, 8-6, in City Softball league contests in Comanche Trail Park Thursday night.

Mize surrendered five hits but was hard to touch in the clutch. The Chippers also had five hits. They picked up one run in the fourth when Gerald Cox legged it home after doubling.

Cox scored again in the sixth after he had reached base on an error, sprinting in on a double by Jimmy Davis. Davis was the only player on either team to collect as many as two hits.

Reed's solved the offerings of Ron Schmidt for nine hits.

**Yankees Edge Cubs, 11-10**  
 Barry Canning went all the way on the hill in leading the Yankees to an 11-10 league victory over the Cubs Thursday night.  
 Sammy Rodriguez and Bruce Abbe connected for triples to boost the Yanks' cause. John Morelino and Canning had doubles.  
 Rudy Rubio smashed two two-basers and Elbow Smith and V. Woodruff one each for the Bruins.

Watty batted or scored all four of St. Louis' runs in the seventh and deciding game of the Cardinal series with Connie Mack's great Philadelphia A's in 1931.

# Jim Northrup Kayoes Brewers With Homer

By The Associated Press

It's been a long time between grand slam homers for Jim Northrup but the slugger of the Detroit Tigers might have started something with his big blow against Milwaukee.

Northrup ripped his eighth career grand slam Thursday night, snapping a 2-2 tie and

sending the Tigers to a 6-2 triumph over Milwaukee. The blow came off left-hander John O'Donoghue, who entered the game just to pitch to the lefty swinging Northrup.

In the only other scheduled American League game, Baltimore crushed California 9-1 and Cleveland nipped Oakland 6-5 in

10 innings. The Washington at Kansas City contest was called by rain.

The 30-year-old Northrup, in his sixth major league campaign, last clouted a grand slam in 1968 when he ripped four in regular season play and added another in the sixth game of the World Series against St. Louis.

With Detroit's triumph Thursday night, the Tigers went over the 500 mark with a 27-26 record and remained nine games behind East Division leading Baltimore, riding to their third straight victory.

And if Northrup's clout is an omen — the Tigers were the world champions in 1968 but finished second last year when the 6-foot-2, 190-pounder was blanked in the grand slam debut.

Also, Denny McLain, Detroit's ace right-hander returns for action in less than three weeks.

The two-time Cy Young award winner, coming off a half-season suspension, is scheduled to start against the New York Yankees on July 1.

Northrup, now batting .283 with eight homers and 31 RBIs, helped the Tigers tie the game at 2-2 in the seventh when he scored after walking and moving to second on a sacrifice. He came home on loser Gene Brabender's wild pickoff attempt at second.

Winner Joe Niekro, 6-5, scattered seven hits but needed ninth inning relief help before Milwaukee was subdued.

The Orioles slammed four homers, including a three-run shot by Dave Johnson and got two-hit pitching from Mike Cuellar in the top of the eighth.

Merv Rettenmund, Frank Robinson and Boog Powell also ripped round-trippers for the Orioles. It was Powell's 17th of the season, giving him the AL lead. Cuellar, 7-4, issued a first inning double to Jarvis Tatum and a single by Sandy Alomar in the third.

Chuck Hinton clubbed a two-run pinch homer in the ninth to tie the score and rookie Roy Foster slammed another two-run blow to give the Indians their victory. Jack Heidenan and Eddie Leon also crashed homers for Cleveland. Felipe Alou and Joe Rudi drilled solo blows for the A's.

He joined the Seminole staff as a seventh grade teacher of Texas History the last school year.

Kniffen's wife's name is Ann. Married three years, they are expecting their first child in August.

Kniffen says he would like to meet all high school and junior high tennis players at 9:30 a.m. Saturday on the high school courts.

He added he expected to fill several of the positions within the next few days.

Kniffen was born at Clyde, Tex., and graduated from high school there in 1952. He attended Tarleton State College in Stephenville from 1963 until 1966, lettering in varsity tennis for three years. He transferred to West Texas State in Canyon his senior year and took his Bachelor's Degree in 1968.

While residing in nearby Amarillo, he was employed by the city as the tennis pro in the Amarillo Tennis Center.

He left to serve 12 months with the military in Vietnam, returning to the states in October, 1969.

NOVICE KNIFFEN DARRELL FROMAN

## Tennis Coach Is Added, Darrell Froman Quits

Big Spring High School gained one coach and lost another today.

Novice Kniffen was piped aboard by head coach Clovis Hale as tennis coach. He replaces Royce Don Cox, who moves over to become golf mentor of the Steers.

Darrell Froman, hired only a week before spring training to coach the junior varsity football team, submitted his resignation unexpectedly, however, without announcing future plans.

Froman's departure leaves the school system shy eight coaches. Hale said that John Vernell would be moved up to handle the job as offensive line coach, replacing Jack Gray. Gray quit Thursday to become head coach at Menard High School.

Hale said the staff is now short a varsity assistant, two freshman coaches while Runnels Junior High needs two aides and Goliad Junior High one.

He added he expected to fill several of the positions within the next few days.

Kniffen was born at Clyde, Tex., and graduated from high school there in 1952. He attended Tarleton State College in Stephenville from 1963 until 1966, lettering in varsity tennis for three years. He transferred to West Texas State in Canyon his senior year and took his Bachelor's Degree in 1968.

## Raiders Lose By 63-32 Tab

The 326's defeated the Raiders in the only Summer Basketball league game played in the Runnels gym Thursday night. Final score was 63-32.

Jesse Olague tossed in 20 points for the 326s and Johnny Shafer 13 for the Raiders.

The Hawks accepted a forfeit from the Jets in what was to have been the other game. Action will be resumed this evening, with the Rockets opposing the Hawks in the 7:30 p.m. afterpiece.

Chuck Hinton clubbed a two-run pinch homer in the ninth to tie the score and rookie Roy Foster slammed another two-run blow to give the Indians their victory. Jack Heidenan and Eddie Leon also crashed homers for Cleveland. Felipe Alou and Joe Rudi drilled solo blows for the A's.

# Multiple Listing Service

**MULTIPLE LISTING SERVICE DOES SELL EQUITIES:**  
Some of the important advantages of a MULTIPLE LISTING SERVICE are:  
(1) BUYERS & SELLERS receive the benefit of cooperation between REALTORS rather than being restricted to the offerings of a single agent or series of agents.  
(2) NEGOTIATIONS ARE carried on under rules of procedure designed to assure ethical practice, thus furthering the interests of clients and the public, while extending adherence to high standards of practice.  
(3) CURRENT MARKET information which is readily available through Multiple Listing, means that REALTORS, their clients and the public are better served and informed.

## Yankees Fell Cats, 5-4

Del Posso and David Guinn scored the runs on Kent Newsum's hit in the eighth inning which enabled the Yankees to humble the Wildcats, 5-4, in a National Little League thriller Thursday night.

Del Posso achieved the mound win after taking over for Guinn in the seventh. Posso allowed one hit and a run in his stint.

Guinn and Del Posso each scored twice and each banded out three hits. Mark Posso scored in the top half of the sixth for the Yanks to send the game into extra innings.

Del Posso achieved the mound win after taking over for Guinn in the seventh. Posso allowed one hit and a run in his stint.

### 'Symbolic Act' Pretty Bloody

WASHINGTON (AP) — In what was described by their supporters as a "symbolic act," two teenage war protesters Thursday dumped nine gallons

of beef blood down the stairs at a Pentagon entrance. Ed Entwistle, 19, and Claire Conlon, 18, both of Voluntown, Conn., were taken into custody by police. A spokesman said they were members of the New England Committee for Nonviolent Action.

## Humphrey To Hit Mobil Oil Comeback Trail

MINNEAPOLIS, Minn. (AP) — Former Vice President Hubert H. Humphrey, a political power in Minnesota for 25 years, hits the comeback trail Saturday with an announcement

that he is a candidate for the U.S. Senate.

### STAR LITE ACRES

OPEN DAILY AT 2 P.M. Highway 87 South  
● Driving Range ..... 50¢  
● Miniature Golf  
50¢ Before 8 P.M.  
75¢ After 8 P.M.

### CINEMA NOW SHOWING

Matinees, Wed., Sat. and Sun., 1:30 and 3:15 p.m.  
Each Evening at 7:15 and 9:00

The story of a beautiful girl's lifetime between the ages of 19 and 22.

NATIONAL GENERAL PICTURES Presents **the Grasshopper** with JACQUELINE BISSET starring JOSEPH COTTEN and JIM BROWN

Humphrey, 59, will follow up the announcement with a news conference Sunday afternoon at his lakeside home in Waverly. He will seek the seat now held by Sen. Eugene J. McCarthy, a fellow Democrat who has announced he will not seek re-election.

Humphrey is counting on endorsement without opposition at the state Democratic party convention June 26-28. His opponent in November will be Republican Rep. Clark MacGregor, a 10-year congressman with close ties to the Nixon administration.

MacGregor, 48, is opposed for his party's endorsement at the state GOP convention next week.

The Vietnam war is likely to be a major issue of the Minnesota campaign.

Humphrey said last October he would promise never to say that Nixon "lost the war" if the President undertook a systematic withdrawal from Vietnam.

Recently, however, Humphrey has been critical of the move into Cambodia.

### Finds New Job

COMMERCE, Tex. (AP) — Weldon J. Tallant, director of placement at East Texas State University, has resigned to take a similar post at Mountain View College of the Dallas County Junior College district.

## Mobil Oil Hearing Set

AUSTIN (AP) — The Railroad Commission has postponed a hearing on Mobil Oil Corp.'s request that the most efficient rate of production in the East Texas Field be redetermined.

"Other operators in the field wanted more time to assess production data in the field," Fred Young, chief counsel for the commission, said Thursday.

The hearing was originally set for June 9. It was postponed one day, and a second postponement moves it to Sept. 9.

## Drop In Enlistments Could Herald Trouble

WASHINGTON (AP) — An unexpected drop in Army enlistments last month could herald trouble for Pentagon hopes of cutting the draft to as low as 150,000 men this year.

The Army said enlistments in May totaled 7,629—nearly 3,500 below the month's objective.

Officials were unable to explain the drop, except to note a sharp upturn in antiwar demonstrations during May as a result of the U.S. drive into Cambodia.

Defense officials indicated they will pay close attention to the trend in enlistments this month and next—when the end of school traditionally brings more volunteers—in hopes the situation rights itself.

**DRAFT CALL**  
Any deficit in enlistments is made up by increasing draft calls in future months.

The Pentagon Thursday announced a July draft call of 15,000 young men for the Army. Sources said this call would have been lower were it not for the unanticipated fall off in last month's enlistments.

Secretary of Defense Melvin R. Laird has said draft inductions this year hopefully will fall as low as 150,000 men, compared with nearly double that, 290,000, in 1969.

Defense authorities are now saying the 1970 draft total probably will not drop that low and the Pentagon has started hedging somewhat on Laird's forecast, using an expected range of between 150,000 and 180,000.

If the enlistment situation gets back on the predicted track, draft calls could go down significantly in the last five months of 1970.

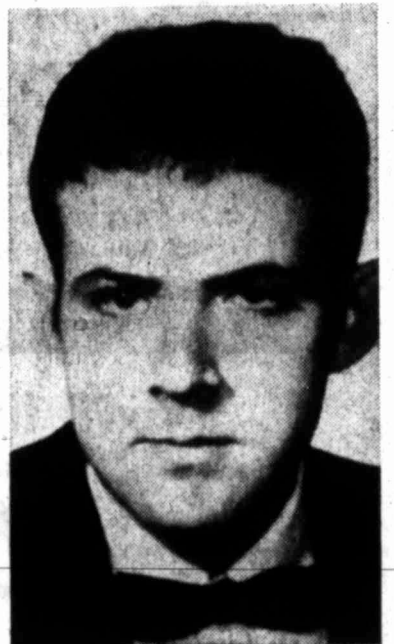

**QUOTAS ANNOUNCED**  
Quotas already announced for the first seven months of the year total 114,500. This leaves a balance of less than 30,000 to reach the 150,000 mark and nearly 66,000 if total inductions for the year climb to 180,000.

This would work out to monthly draft quotas as low as 7,000 plus from August through December—unless voluntary enlistments fail to recover their momentum.

With elections this fall, the Nixon administration would like to repeat its action of last year when it eliminated all drafting in November and December and concentrated the allotment for the last three months of 1969 in October.

## Dad Dons Academic Robe For Son's Graduation

When Preston Ershel Harrison Jr. receives his doctor of medicine degree this evening from Baylor College of Medicine in Houston, his father will be robed and seated with the faculty.

PRESTON HARRISON JR.

Dr. Preston Harrison Sr., superintendent of Big Spring State Hospital, is listed as an associate clinical professor of psychiatry at Baylor. For many years he was a member of the Baylor medical faculty.

The 68th commencement of the college is set for 6:45 p.m. on the east mall of the college in Houston.

Preston Harrison Jr., the son of Dr. Harrison and the late Melba Harrison has distinguished himself as a student in the medical college which he entered in 1966. After receiving his degree, he will begin his internship in the Medical Center Hospital, Minneapolis, Minn.

He is a graduate of Big Spring High School and of Howard County Junior College in 1964 with an outstanding academic record. He achieved high academic honors when he earned his BA degree from Texas Tech in May, 1966.

Dr. Harrison observed that "Preston's achievements reflect so strongly on the fine instruction he received at our junior college here, and much of the credit must be given to

the college, its administration and faculty in preparing him for his career in medicine."

Dr. Harrison was accompanied to Houston for the commencement by his wife, Mrs. Elisabeth Harrison.

**Horoscope Forecast**  
TOMORROW  
—CARROLL RIGHTER

**GENERAL TENDENCIES:** Fine ideas occur to you today that offer advancement more quickly in your own line of endeavor since the planets are favorable. You find that others are very cooperative in whatever you want to accomplish. Be sure you use the right tactics with them. Come to a better understanding with associates. Be clever in all you do and say.  
**TAURUS (April 20 to May 20)** Try to develop a more understanding attitude toward others and you find you get along much better with them. Make sure you get your bills paid. Find some way to please mate more.  
**GEMINI (May 21 to June 21)** Become more interested in scientific things today that can be more helpful in the future, no matter what your line of endeavor may be. Take up some new hobby that you like. Be happy with new friends.  
**MOON CHILDREN (June 22 to July 21)** Try not to lose your temper with others—and you find they will like you more. Show that you can be a reasonable person. Save some time for those little duties you have been neglecting at home.  
**LEO (July 22 to Aug. 21)** A loved one needs advice so be sure to give it willingly. Plan to travel soon. Make all the arrangements now. Take more interest in the needs of family.  
**VIRGO (Aug. 22 to Sept. 22)** Taking in some meeting that means a good deal to you and the community in which you reside is wise now. Be careful of that individual who has an eye on your assets. Be a happier person at home this evening.  
**LIBRA (Sept. 23 to Oct. 22)** You can accomplish almost anything you set your mind to today, so get busy and stop feeling inadequate. Think along more positive lines. Get experts to help you in whatever you want to do.  
**SCORPIO (Oct. 23 to Nov. 21)** You are able to get out to sporting and other events that appeal to you, so get an early start and have fun with congenials. Avoid those persons who bore you. Be affectionate with kin in the evening.  
**SAGITTARIUS (Nov. 22 to Dec. 21)** Try to be of assistance to one who asks you for help. Don't lose your temper with one who is not acting as you would like. Show more respect for elders than you have in a long time.  
**CAPRICORN (Dec. 22 to Jan. 20)** Save some time for those persons who have wanted to talk some deal over with you. Be careful you do not invest in something that is really not good for you. Talk it over with experts first.  
**AQUARIUS (Jan. 21 to Feb. 19)** Avoid those persons who like to gossip and could waste your valuable time today. Some person of whom you are very fond requires some favor from you. Be sure you acquiesce. Be generous.  
**PISCES (Feb. 20 to March 20)** Use your intuitive faculties wisely today and you find that you can solve problems that have been difficult before this. Ability should be shown in some work you are doing. Be courteous with friends, don't criticize.
