Gala Day For AFA

Saturday brought the Texas division of the Air Force Association front and center, with speeches, red carpet welcomes, and an open house with air show at Webb AFB. Emphasis was upon the wives of men who are thought to be prisoners of war in North Vietnam, and whose once lonely vigil has been taken up by the AFA. The state convention also drew this district's congressman, the Hon. Omar Burleson, and a crowd to the airbase for static exhibits.

New Emphasis Put On Efforts To Free Prisoners

The purpose of the organization, United We Stand, "to gain relief for and the release of men held in North Vietnam," took on high emphasis Saturday at a special luncheon session of the state Air Force Association here.

A large crowd at the Webb AFB Officers' Club heard Murphy Martin of Dallas, president, as he reviewed the efforts of the organization and its relationships with families of men who are listed as prisoners of war or missing in action; and the group responded with warmth to an appeal for continued efforts from winsome Bonnie Singleton whose unaccounted-for husband, Capt. Jerry Singleton, took his pilot training at Webb.

WIVES HONORED

Honored guests along with Mrs. Singleton were five other wives of men listed as MIA or POW: Mrs. Smith Swords of Big Spring and Mrs. Murray Wortham, whose husbands were in the same plane shot down in Southeast Asia; Mrs. Joy Jeffrey (Capt. Robert Jeffrey, prisoner since December, 1965); Mrs. Paula Hartness (Maj. Gregg Hartness, MIA since November, 1968); and Mrs. Sandy McElhannon (Maj. Michael McElhannon, MIA since August, 1968), all of the Dallas-Fort Worth area.

Some of these were among

the group who were flown to Paris to seek response from Hanoi representatives at the peace conference, but who were denied any information. Said Mrs. Singleton:

"We ask your continued influence for men who put their lives on the line for their country, and were willing to do so. The country should give back to the men and their families what they gave to their country."

Mrs. Singleton said she realizes military people have "empathy for us. Nothing worries any military family more than fear of capture." And she continued, "if the whole problem had been turned

to the military it would have been resolved a long time ago."

Also guests of honor were Mrs. G. R. Perot, mother, and Miss Bette Perot, sister, of the Dallas humanitarian, H. Ross Perot who initiated efforts to make the world aware of the POW problem in North Vietnam, and who drew high praise from both Martin and Mrs. Singleton. "We would not be this far along," said Martin, "if it had not been for Ross Perot's interest, time, energy and resources."

Martin said United We Stand has specific objectives: (1) Calling on all candidates for the U.S. House and Senate to state what they will do to alleviate

the POW problem, and (2) seek longer life, better health, more prosperity to the present generation; meanwhile going through the greatest depression in history and the greatest war in history.

"But we have had some failures," he said. "We have found no alternatives for war, or hatred, or distrust. Perhaps today's young people will be able to perfect their associations to erase these problems."

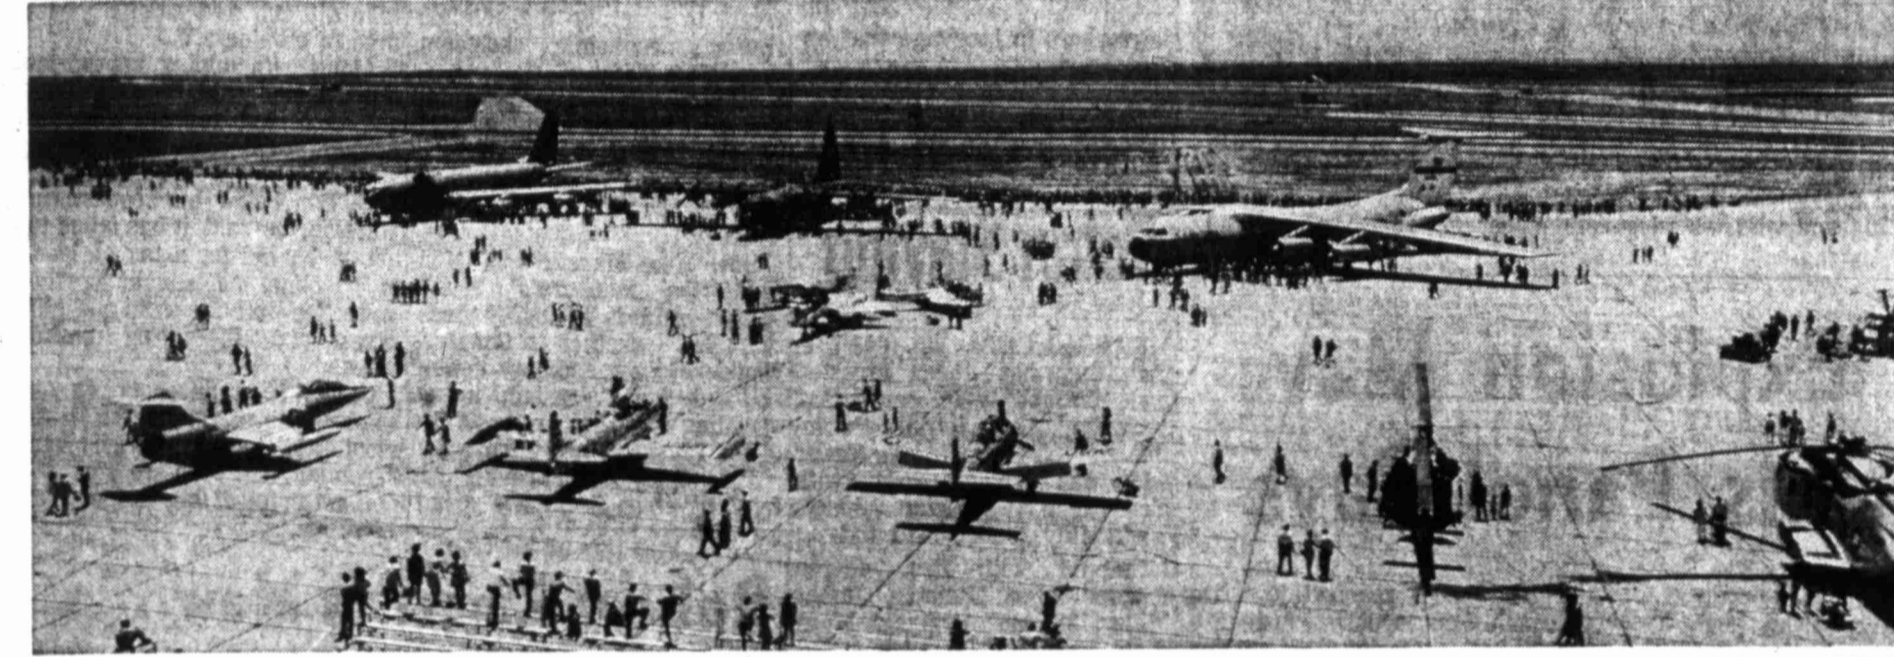

Martin noted, in citing the contradictions in American interests, "we are timid about patriotism. Perhaps the absence of such fervor is the cause of all our troubles. It is time for us to take a look at ourselves,

to make a new personal pledge to support the great bastion of freedom which is our country."

He observed "some nations have died of old age, some have been murdered, some have committed suicide. It would be the greatest tragedy of all if America died in her sleep."

Martin was introduced by Congressman Omar Burleson, who also reviewed the problems of prisoners of war. "We could have won this war, in a matter of days, four years ago," said the congressman. "It is sad that some people in high places have, in voicing their objection to the war, given comfort to the enemy."

Burleson viewed with alarm

FOLKS FLOCK TO FLIGHT LINE — Highlight of the open house at Webb AFB Saturday afternoon, honoring the state AFA meeting, was a series of exhibits of fighters, transports and auxiliary craft from the Air Force stable. Hundreds upon hundreds ignored clear, hot weather to get a look at the huge C-130 Hercules and C-141 Starlighter transports, several from the century fighter series, helicopters and others. There was band music, precision marching, plus flight demonstrations and fly-overs, too.

Large Crowd Turns Out For Webb's Open House Event

Big Spring was treated to a colorful spectacle as Webb opened its gates to the public Saturday afternoon. Jets streaked overhead as thousands examined the stationary exhibits near the take-off area.

Starting at 1:45 p.m. with the Air Force Band concert provided by musicians from Keesler AFB, Miss Webb's open house progressed with a welcome from Webb's wing commander Col. A. W. Atkinson.

People were invited to take a look at over 50 different types of aircraft assembled in front of the control tower. Trainers and bombers, jets used in Korea, and transports in use today were just a few of the planes standing for inspection, with Webb personnel on hand answering questions.

Helicopters of all descriptions picked up where the planes left off.

A C-130 swept in low over the runway about 2:30 for a cargo drop, to get the airborne show under way. Four T-37's flew over, followed by T-38's, F-102 Deltas, and F-4 Phantoms, at about 15-minute intervals.

Visit Grave Of Mary Jo

PLYMOUTH, Pa. (AP) — The parents of Mary Jo Kopechne made a cheerless pilgrimage to their daughter's grave Saturday, a year after she died in Sen. Edward Kennedy's car.

Mr. and Mrs. Joseph Kopechne drove to a small cemetery near Plymouth in north-

eastern Pennsylvania after attending a Mass in Mary Jo's memory in Berkeley Heights, N.J., their home. Plymouth is the Kopechne family ancestral home.

The grave also was visited Saturday by Rosemary Keough, one of the young women who attended the party that preceded the tragedy on Chappaquiddick Island near Martha's Vineyard the night of July 18, 1969. Miss Keough drowned when Kennedy's car plunged off a narrow bridge into a tidal pond.

Priest, Divorced Mother Wed Saturday In Mexico

SAN ANTONIO (AP) — A Roman Catholic priest, 47, and a divorcee, 35, both of San Antonio, were married Friday in Nuevo Laredo, Mexico.

Patrick O'Farrell, a priest for more than 20 years, married Mrs. Sue Weisinger, a Catholic mother of four young daughters, at an undisclosed place in the Mexican border town, the San Antonio Express-News said Saturday.

Prior to the wedding, the bride said they will live here, the Express said. She declined to say how she became acquainted with O'Farrell, who now is a mental health counselor here.

O'Farrell had been assistant pastor of a local church. He told the Express he had known his fiancée for a year, but with "a

view toward matrimony—six weeks."

Msgr. Alexander Wangler, chairman of the archdiocesan personnel board and pastor of the church where O'Farrell held his assistant's post, said O'Farrell talked to him about the priesthood last April.

"He just decided he wanted to seek secular employment," and "just drop out of the priesthood," Msgr. Wangler told the newspaper. He said O'Farrell took no formal action, such as applying for an official leave of absence.

The Express said O'Farrell stated that his decision to leave the priesthood was not because of marriage. There was no elaboration.

Waco Man New AFA Head, 1970 Session To Ft. Worth

Air Force Association conventioners took care of business Saturday morning in a two hour session guided by Texas AFA President B. L. (Pete) Cockrell.

The agenda of the meeting at Ramada Inn included action on a resolution asking for a day of prayer and action in behalf of prisoners of war and those missing in action in Southeast Asia, as well as election of state officers for 1971 and choice of the 1971 Texas AFA convention site.

Delegates to the state convention approved a resolution urging Gov. Preston Smith to set aside a specific date in late August or early September as a day of prayer and action for prisoners of war and those missing in action from all branches of the armed services.

NEW OFFICERS

The resolution further asks Texas communities to join in the participation as a gesture of thanks to those "suffering hardship as a result of having defended their country."

A new slate of officers was elected to take over the leadership of the Texas AFA Wing after Jan. 1.

John W. Allison of the Waco Chapter became president-elect. Others selected and the offices they will hold are: A. J. Statter, Big Spring, vice-president Western region; Harmon Burns, Dallas, vice-president Northern region; Dorr Newton, San Antonio, vice president Southern Region; Jack Morris, San Antonio; organizational vice president; and W. G. Bushell, secretary-treasurer.

TO FORT WORTH

Three bids for the 1971 state convention were placed in the ring, by the chapters in Del Rio, Fort Worth, and Houston, with Fort Worth winning out. The convention will be June 25-26, 1971.

Expenditures authorized in session included \$200 to go to the Air Force Museum Fund, set up for the establishment of a special museum at Wright Patterson AFB, and \$100 to go to the Air Force Village project. The Air Force Village will be a housing project for retired Air Force personnel who wish to live economically near an Air Force hospital. The project is being supported by the national AFA, and is to be located near Wilford Hall at Lackland AFB, San Antonio.

Delegates voted H. Ross Perot, founder of the United We Stand organization, a lifetime Texas AFA membership, in recognition of his success in directing the attention of the American public on the plight of the prisoners of war and the missing in action in Southeast Asia and their families.

They also voted Murphy Martin, president of United We Stand, an honorary member of the Texas AFA.

LETTER TO NIXON

Cockrell told convention delegates of a letter he had sent to President Nixon, praising his attention to the security of our servicemen while working for a just and lasting peace, demonstrated by his "courageous decision to move out into the enemy strongholds in Cambodia."

Cockrell then read a letter the President had sent in reply, pledging continued efforts in the direction of assuring the safety of the men in uniform.

Delegates were reminded that the national convention has been changed from spring to fall beginning this year. Cockrell said that National AFA Convention will be Sept. 21-24 in Washington, D.C., the site planned for all future AFA national conventions.

REPORTS

Reports and remarks were heard from regional vice-president Sam Keith, Fort Worth, director of field operations Don Steele, from National Headquarters, and national executive committee member Joe Shosid.

In closing remarks Pete Cockrell outlined plans for the future, describing the AFA organization as a potential rallying point for public opinion on national military policy.

Cockrell also stressed ways of strengthening the organization through additional "missionary work" to round up new members to boost the 608 membership figure totaled so far this year. He said Corpus Christi members, who organized a new chapter that met for the first time July 3, are on the right track.

NFL Parley Shapes Up

NEW YORK (AP) — Commissioner Pete Rozelle said Saturday he will try to bring the owners' negotiators and the National Football League Players Association to the bargaining table Monday, raising the possibility that a week-long impasse in their contract dispute can be broken.

"Neither side has wanted a meeting since last Monday," Rozelle said, "but I have made plans to get negotiations started again some time Monday and have so advised both parties."

Negotiations have been at a complete standstill the entire week, threatening cancellation of the College All-Star Game in Chicago on July 31, and bringing closer the Wednesday renouncing date for veterans of all but six of the 26 NFL clubs.

Until Rozelle revealed his plans it appeared that there would be no movement until mid-week at the earliest. The owners' executive committee is scheduled to meet in New York Tuesday and the players have asked for a session before the Federal Mediation and Conciliation Service Wednesday.

Rozelle's statement of his plans came after he was asked about a comment made by John Mackey, president of the NFLPA, that he was seeking Rozelle's help in attempting to resolve the dispute.

Mackey, in an interview with The Associated Press, said:

"We hope the commissioner will step in with force and have the owners come back to the bargaining table. The All-Star Game is in jeopardy and only the commissioner can save it. He is the man who can put it all together between now and Wednesday."

"The commissioner worked around the clock on realignment and we think this is just as important."

There was a certain amount of irony to Mackey's statement, calling as it did on Rozelle, who is one of the two key issues still unresolved in the dispute. Rozelle's powers as commissioner and the size of a pension package are the unresolved major issues.

Harris Leaves Mark On Game

STILLWATER, Okla. (AP) — Arnie's Army never heard of him, and the last thing he endorsed was a check from the College of Business at Oklahoma State University, but Labron Harris is one of golf's major figures.

Harris is the golf coach at Oklahoma State, and has been since 1946. Thirty-seven of his former pupils are on the professional tour or hold club pro jobs. His son, Labron Jr., won the National Amateur in 1962 and another protege, Bob Dickson, won the U.S. and British amateur titles in 1967.

Grier Jones NCAA champion for Oklahoma State in 1968, was the professional Golfers Association's "Rookie of the Year" in 1969.

The top player on OSU's 1970 golf team, Mark Hayes, became the sixth All-American coached by Harris.

And, most important to the 61-year-old coach, all but three of his players who completed their eligibility earned degrees in the process.

"Not only does he teach you golf," said touring teacher who to work hard and respect the rights of other people.

Harris, balding, 6-foot-3 and slightly stooped by arthritis, practices what he preaches. He pro George Hixon (All-American, 1964), "he doubles as an instructor in the College of Business and home pro at the Lakeside Municipal course here.

"I play golf every day. Winter time, same thing. If it gets up to 20 degrees, I play."

BIG Q \$14,653 PAYOFF AT RUIDOSO SATURDAY

RUIDOSO, N.M. — Ruidoso Downs Race Track had a \$14,653.40 Big Q payoff here Saturday.

The big return blossomed when On Silent and Tequila's Dink came in in the eighth race and Ticky Games and Wolf Creek finished 1-2 in the ninth event.

Billy Casper Leads By Two In Tournament

PHILADELPHIA (AP) — Billy Casper scrambled through wilting heat to a one-under-par 71 Saturday and stretched his lead to two strokes after three rounds of the \$150,000 Philadelphia Golf Classic.

Casper, the reigning Masters champion, held a one-stroke lead going into the day's round. He opened as if he would run away with it, reeling off birdies on the first three holes, but couldn't keep up the pace.

The placid veteran finished with a 54-hole total of 206, 10-under-par on the 6,670-yard White-Marsh Valley Country Club course, and two in front of non-winning tour regulars Terry Wilcox and Dick Crawford.

Crawford had 67 and Wilcox a 68 while the rest of the field drifted back in the strength-sapping heat.

A group of six were tied for fourth at 210, six-under-par and four strokes back of Casper. They were Labron Harris and Miller Barber, 69s, Frank Beard, 70, Bunky Henry and Bruce Crampton, 72s, and Charles Coody, 74.

Tom Weiskopf, in contention at 213 after his second consecutive 68, pulled out of the withdrawal-decimated field. Weiskopf had failed to sign his card when he left the scoring tent after Thursday's first round, but a member of the scoring committee found him and later got his signature.

Failure to sign the card is a violation that calls for automatic disqualification, but the committee, not knowing all the facts, accepted his card as valid.

When the facts became known Saturday, Weiskopf withdrew, saying it would not be right for him to compete and win prize money if he had violated a rule.

British Open champ Jack Nicklaus, leading money winner Lee Trevino and former U.S. Open champ Ken Venturi withdrew earlier in the week.

Casper, gunning for his third tour title of the year, opened up as if he would make a rout of it, pulling out to a five-stroke margin at one time.

But he began drifting back as mistakes caught up with him in the scrambling round that included six birdies, three bogeys, a double bogey and only eight pars.

Mays Gets 3,000th; Giants Win, 10-1

(Related Picture on 4-B)

SAN FRANCISCO (AP) — Willie Mays' 3,000th major league hit-a second inning single off Mike Wegener-overshadowed Gaylord Perry's four-hit pitching Saturday in the San Francisco Giants' 10-1 victory over the Montreal Expos.

Mays, who became the 10th major leaguer in baseball history

to collect 3,000 hits, also singled in the sixth before leaving the game and receiving a standing ovation from a Ball Day crowd of 28,879.

He hit an 0-2 pitch through the left side of the Montreal infield with two out in the second for the milestone hit.

Wegener, 1-3, was the victim of a five-run Giant outburst in the first inning that featured a three-run double by Hal Lanier. The Montreal starter walked Mays on four straight pitches in the inning.

Perry, 14-8, stopped the Expos' four-game winning streak and also hit his first home run of the season—a two-run blast in the third inning. He held the Expos hitless until Marv Staehle doubled with one out in the sixth.

Perry tied a major league record held by several other pitchers by making five putouts in the game, and the Giants' Ron Hunt set a National League mark when he was hit by a pitch for the 119th time in his career.

Bustamante Quits To Take Administrative Position

Dan Bustamante has resigned as a varsity coaching aide at the local high school to become the assistant high school principal at Alice.

Bustamante has been coaching since 1955, when he hired on as head junior high coach in his native Alpine under Curtis Kelley.

Dan came here in 1957 with Kelley and was named the head coach of all sports at Kate Morrison Elementary school and has been here since that time.

He moved to Runnels Junior High in 1958 and the following year became a ninth grade assistant in football and the head basketball coach at Runnels.

He remained at Runnels until four years ago, when he was elevated to a high school coaching position. Last year, he became varsity defensive line coach and assistant baseball coach under Oakley Hagood.

Bustamante has had his master's degree since 1958 and has been working toward a counselor's certificate at Sul Ross this summer.

Dan attended Odessa College one semester (in 1952) and graduated from Sul Ross in 1955. He managed the Alpine International baseball team one year and played second base for that team several years.

His wife's name is Elodia. They have three daughters, Paula, age 11; Danna, 8; and Monica, 5. The family has made its home at 4035 Alma.

Bustamante, who once was named Young Man of the Year by the Chamber of Commerce here, formally assumes his new duties at Alice Aug. 3.

In making his announcement,

DAN BUSTAMANTE

Bustamante said he and his family would always be appreciative of the treatment they received here.

"It has been wonderful working with my fellow coaches, the administration and the students," he said. "It was a tremendous experience. This is simply an opportunity I can't turn down."

Brewers Rally To Rip Sox

BOSTON (AP) — Ted Kubiak drove in seven runs with a grand slam homer, two singles and a double, leading the Milwaukee Brewers to a 10-5 comeback victory over the Boston Red Sox Saturday.

Kubiak, who had 15 RBI going into the game, crashed his bases-loaded homer in the ninth after Tommy Harper capped a three-run go-ahead rally in the eighth with his 19th homer with a man on. He singled in runs in the second and sixth.

The Red Sox appeared headed for an easy victory after Carl Yastrzemski climaxed a fifth-inning burst with a three-run homer for a 5-1 lead. But the Brewers struck back with two runs in the sixth, then erased a 5-3 deficit in the eighth on doubles by Mike Hegan and Kubiak, followed by Harper's homer over the right center field fence.

Brunet Handcuffs Cal Angels, 4-0

WASHINGTON (AP) — George Brunet pitched his first shutout and second complete game of the season Saturday as the Washington Senators ended the California Angels' three-game winning streak 4-0.

Brunet held his former teammates to six singles as he beat them for the second time this year.

Washington's Del Unser opened with a single off Tom Bradley in the first inning, went

to second on a wild pitch and third on an infield out. After Frank Howard walked, Mike Epstein singled Unser home and Howard came all the way around on Billy Cowan's throwing error.

Aurelio Rodriguez hit his 14th homer in the eighth for the Senators' final run.

Wills Eyeing Dodger Post

LOS ANGELES (AP) — Walter Alston has been the manager of the Los Angeles Dodgers for 17 consecutive seasons. Maury Wills, in the twilight of a sparkling on-field career, wants to step in when Alston calls it quits.

"I'm emotionally involved with the Dodgers," says Wills, whose boyish appearance and exuberant manner belie his 37 1/2 years.

"It's been a love affair ever since I came up in 1959. I was made to feel welcome and people like Walter Alston and Buzzy Bavasi — they helped me feel like part of the family."

"Walter Alston can coach here for the next 50 years but when he retires, I'd sure love to be considered as his replacement."

The man who audaciously swiped 104 bases for an all-time record during the 1962 season speaks with simplicity and sincerity. He's dedicated to the Dodgers; what he wants to do is lead them.

If he gets his wish, he might become the major league's first Negro manager.

"There's no question of Maury's leadership ability and his knowledge of the game," says Alston. "The only thing that's untested right now is his ability to handle men."

Rookie Handcuffs A's Behind Yankees, 7-2

NEW YORK (AP) — Rookie Steve Kline hurled a five-hitter Saturday for his first major league victory and started two three-run uprisings with singles and Roy White slammed a three-run homer as the New York Yankees whipped the Oakland A's 7-2.

Kline, a 22-year-old right-hander who lost his big league debut last week, settled down after he walked leadoff batter Bert Campaneris in the first inning and Reggie Jackson homered.

Kline opened the third with the first of his three hits, a single off Jim Roland, 1-2, and a single by Horace Clark, and a walk to Bobby Murcer loaded the bases. One run scored as White bounced into a force play and singles by Danny Cater and Thurman Munson drove home the others.

Kline singled home the final run in the eighth, following Gene Michael's two-out double.

IN RALLYE TODAY Driving Skills To Be Tested

A sports car rallye, an event which will test the driving and navigation skill of local drivers, will be run today by the American Rallye and Gymkhana Organization.

All types of automobiles are invited to enter the event, which is approximately 125 miles in length and covers much of Howard County. The event will test the drivers' ability to follow a specified course, involving navigation and pacing the speed of the car to instructions provided at the start. This is a beginner's rallye and will be a good introduction for persons who have not previously entered events like this.

Registration for the event will be conducted at the College Park Phillips 66 Service Station at 1 p.m. Cars will leave from that point as outlined in instructions provided there. College Park Phillips 66 Service Station will provide a free oil change and lubrication for the winning cars. Trophies will be awarded courtesy of Barney Toland Volkswagen and Dewey Ray Chrysler-Plymouth.

Each car should have two persons, a driver and a navigator, plus a watch, a Texas map and a pencil and notepad.

The course will be run on all paved roads and will avoid tourist traffic roads. All speed limit will be below the posted speed limit and the event will be run according to Sports Car Club of America rules.

A caravan of sports cars and auto enthusiasts will arrive from Midland to participate in the event.

Junior Sectional Is Set At Country Club Friday

Junior golfers converge upon the Big Spring Country Club next Friday, intent upon earning a spot in the Aug. 17-21 44th annual Texas State Junior tournament at Brackenridge Park in Antonio.

Players not yet 18 by Aug. 17 are eligible upon payment of \$1 entry fees. BSCC pro C. G. Griffin says that he can accept entries only through today.

This will be the first of 15 Sectional rounds scheduled around the state for the state meet. Play will be over 18 holes. Players must qualify at the site nearest their residence, so the Sectional here should get qualifiers from all over the area.

Lubbock Meadowbrook will stage a Sectional Monday, Aug. 24. There'll also be one at Pampa. Most of the others are in remote parts of the state.

Two hundred players around the state will be accepted for the Texas tournament. The number of entries here will determine how many qualify for state.

The state winner will be determined in 72 holes of medal play. After the first 36 holes, the field will be divided into five flights. The championship flight will consist of the 64 low scorers. After 54 holes, all flights will be cut in half for the final 18 holes of play.

A trophy will be awarded for the team championship, as well as for individual play.

The tournament, originated by a San Antonio newspaper, is cosponsored by the Texas Golf Association and the Texas PGA sections.

Richards Is Triumphant

SAN ANTONIO, Tex. (AP) — Army First Lt. Charles Richards of Tacoma, Wash., won the U.S. Modern Pentathlon national championship Saturday after a tension-packed second round of shooting.

The former Indiana All America swimmer, 25, defeated Dr. Robert Beck of San Antonio by just 28 points.

Steve Hargan Has 2-Hitter In 4-1 Win

KANSAS CITY (AP) — Steve Hargan, recalled from the minors two days ago, fired a two-hitter Saturday and the Cleveland Indians trimmed the Kansas City Royals 4-1.

Hargan was nicked for a lead off bunt single by Pat Kelly in the first inning and a two-out homer by Billy Sorrell in the fifth.

The victory was the third in five decisions for the 27-year-old right-hander, who was called up from Wichita of the American Association Thursday. He has been plagued by arm trouble the past two years.

Sorrell's second homer of the season ended a string of 22 scoreless innings for the Royals, who were shut out in the first two games of the three-game set.

Reynolds came on in the fifth with none out and two on and choked off a Yank comeback.

Jimmy Stewart struck three hits for the Yanks, Paul Douglas two for the losers, who had eight blows in all. Reynolds was the only member of the Red Sox team to collect as many as two safeties.

Peter Hurd 'Cap Slated At Downs

RUIDOSO DOWNS, N.M. — One of the southwest's most famous personalities will be honored at Ruidoso Downs today when the "Peter Hurd Handicap" will be the feature race of the day. Mr. Hurd, who is a celebrated Western artist, lives only a few miles up the valley from Ruidoso Downs, in San Patricio, N.M., and will be on hand to conduct post-race ceremonies in the winner's circle.

Heading the list of starters in the "Peter Hurd" will be J. H. Rose's consistent sprinter, The Reprobate. The Reprobate is undefeated over the last two seasons, and appears the one to beat in the six furlong race. With 10 starters going in the handicap, the gross purse will be \$4,000, with the winner receiving a paycheck for \$2,200.

Although The Reprobate will loom the likely choice of the betting public, there are several staunch competitors who merit extreme consideration off of their past performances. Among these challengers will be W. T.

Tigers Sweep 3-Game Set

CHICAGO (AP) — Don Wert's three-run homer and Bill Freehan's double and triple backed Mickey Lolich's pitching Saturday and the Detroit Tigers completed a three-game sweep by downing the Chicago White Sox 5-4.

The Tigers, winning eight of their last 10 starts, piled up four runs off rookie Jim Magnuson in the first inning.

Freehan doubled home one and Wert's third homer of the season added three. Freehan tripled in the decisive run in the sixth with a double for a 5-3 lead.

The Sox, whittled away at Lolich, 9-10, with a pair of runs in the third on a walk, Louis Aparicio's double and Carlos May's single. A throwing error by Cesar Gutierrez preceded for Aparicio's run-scoring single in the fifth and Ken Berry contributed a solo homer in the sixth.

Killebrew, Quilici Shine In Triumph

BALTIMORE (AP) — Two-run homers by Harmon Killebrew and Frank Quilici in the sixth inning powered the Minnesota Twins to a 6-3 victory over the Baltimore Orioles Saturday.

The Twins trailed 2-1 on Don Buford's tie-breaking homer for Baltimore in the third when

Rich Reese opened the sixth with a single off Dave McNally, 12-7, and Killebrew drove his 29th home run of the season into the left field bleachers.

Tony Oliva then singled and with two out Quilici hit his first 1970 homer and fourth of his career off the left field foul pole.

Oliva's 13th homer in the eighth accounted for Minnesota's final run in the nationally televised game.

Jim Perry allowed all the Baltimore runs and 10 hits before Ron Perranoski came on with two out in the seventh. It was the 14th victory most in the American League, for Perry, who has lost seven.

Church Softball League Tourney Opens Monday

First place Crestview Baptist challenges Westside Baptist, who finished in a tie for third place in regular season standings, in the first game of the Church Softball league plays in Comanche Trail Park Monday evening. The contest starts at 7:30 p.m.

In the evening's second game, Frist Assembly of God squares off with rumerup Immaculate Heart of Mary Catholic.

The losers in the first two contests meet in the opener Tuesday night. The winner vie in the second game.

The starting hours of the game have been moved back 30 minutes each night because of the heat. The second game

nightly gets under way at 9 o'clock. All games are scheduled for seven innings.

The double-elimination tournament extends through Friday night and two games could be played that evening, if no team goes through unbeaten.

Crestview's only defeat in regular play was to First Church of God, which finished ninth in the ten-team league.

The tournament appears to be wide-open, since Immaculate Heart of Mary Catholic finished only one game back of Crestview while Frist Assembly of God and Westside Baptist were only two lengths back.

HSU Seeking New Mentor

ABILENE — A screening committee early this week will begin narrowing the list of applicants for the head basketball coaching job at Hardin-Simmons University.

The post was left vacant when Paul Lambert resigned to accept the head coaching job at Southern Illinois University in Carbondale, Ill. Lambert had been at H-SU four years.

The H-SU Faculty Athletic Committee voted earlier this week to accept applications from all interested in the job, and to continue playing a major basketball schedule.

Burns' Fast Gas, winner of six consecutive outs at Sunland Park earlier this season, and second in his only local out. Also, listed to face the starter is New Kameha King, owned by the partnership of Martin, Kamehald and Vandiver. New Kameha King was victorious in the running of The Sunland Park Derby run in April at Sunland Park.

Among other challengers to the Rose colorbearer will be Richardine, representing the interests of B. Fallwell. Richardine has won three outs over the local oval this summer racing season and appears to be primed for another sharp performance. Also at peak condition are Liberty Check, owned by J. Burner; Tom Neff's Tammykin; and Windsor Line, co-owned by Margaret DuPont and Mrs. Margaret Varner Bloss, all local winners this season.

The Reprobate also has been honored with highweight for this \$3,500 added dash, listed at 126 pounds. Second highweight will be Fast Gas, in at 124 pounds, with the third highweight at 119 pounds, being New Kameha King.

First post for Sunday's "Peter Hurd" day card will be 1:30 p.m. MDT.

LOOKING 'EM OVER

Birdwell Out For Season

By TOMMY HART

Big Spring's Danny Birdwell, now 30, may have played his last game in pro ball . . . An employee of the Oakland Raiders,

BERNARD RAINS

Danny was to undergo his third knee operation recently . . . The surgery will definitely idle him this year and possibly force him to retire forever . . . He says his first two operations were successful but they created other problems which needed to be solved . . . The big defensive tackle, once an All-AFL se-

lection, was injured midway during the 1968 season but played the remainder of the year . . . He first underwent the knife in the off-season and played in only three games midway through last year . . . After undergoing surgery for the second time, Birdwell, still was unable to get full extension of his knee . . . None of Oakland's coaches is optimistic about his return but Birdwell, characteristically, refuses to surrender hope . . . He loves football and wouldn't feel right out of it . . . Manley Cook, Big Spring's No. one softball fan, was introduced over the loud speaker system during the recent Odessa tournament . . . Manley, who wouldn't look fully dressed at a game without a score book in his hand, and Mrs. Cook have traveled thousands of miles to watch softball on all levels up through international competition . . . Playing 11 football games will be nothing new to SMU's Mustangs . . . The Ponies were in 12 games in 1932, 1933, 1934 and 1935 and played 11 in 1937, 1942 and 1945 . . . SMU, incidentally, was Notre Dame's opponent when the Irish dedicated their South Bend stadium in 1930 . . . The opener was a classic, Notre Dame winning, 20-14 . . . At the New Mexico horse tracks, the most heavily bet races are usually the sixth through the ninth events . . . After that, the people who have experienced poor luck apparently feel they have lost enough and button their wallet pockets . . . D. A. Miller, the former manager of Morton's Chippers, now a resident of Odessa, says he's played in only one softball game this season . . . Reason: His son has been active in small-fry baseball . . . There's a campaign under way in Northern California to raise \$600 to send the University of California rooting section's 'Victory Cannon' to Austin Sept. 17 for the Cal-Texas football rematch . . . There's talk Mickey Mantle may play in the Aug. 20-23 Odessa Pro-Am.

Local NFL buffs might as well get prepared for it: The local television outlet won't offer Sunday afternoon games, now that it has changed to ABC . . . Instead Channel 4 will feature the Monday night contests . . . Business for Cable TV invariably picks up here once football begins each season but it's apt to boom as never before this season . . . Those 1969 World Series rings worn by players are supposed to be worth between \$1,000 and \$1,200 each . . . Those dips who haven't been privy to that secret are apt to be extra busy in the future, trying to place them in the open market . . . Beecher Montgomery, who teamed with his son, Leslie, to finish second in the recent Ozona Father and Son Golf tournament, was once one of TCU's finest football players . . . That was back in the days of Dutch Myer's famed Spread Formation, when the Frogs made it a point to seek out talent in small towns . . . Some of the best boys TCU ever fielded came from hamlets most scouts never heard of . . . To me, Southwest Conference football was at its all-time best then, when TCU spread its teams across the field and SMU offered its colorful Flying Circus . . . Gus Moreland, once one of the finest amateur golfers in the world, has a 13-year-old son named Gussie who could, in time, eclipse the links eminence of his sire . . . Big Gus has two other sons but thinks Gussie is going to be the best of them all . . . There was a time in his salad days when Big Gus beat people like Ben Hogan, Byron Nelson and Ralph Guldahl like a tub . . . Members of the 1947 Lubbock WT-NM league team are going to be honored next Sunday . . . A member of that famed club was Bobby Layne, who made a more indelible mark in another sport (not pub-crawling nor midnight gymkhana) . . . Golfer Bernard Rains, who can play with the best of them on occasions, recently fired a seven-under par 65 at the Munny course . . . He had seven birds, an eagle and two bogies on the round . . . Coach Dan Devine of Missouri must have suffered from shock recently when his Tigers were fingered to win the Big Eight championship by writers and broadcasters in the territory . . . Devine likes to have his club downgraded in the balloting and then conduct a depressurized campaign that puts him in the Orange Bowl . . . Nebraska finished very close to Old Mizzou in the voting . . . I hope the revelation that Texas had four native sons in the last Major League All-Star game wasn't lost on the youngsters trying the game — the state is coming back in the endeavor if only the football coaches will let it co-exist.

REINSTATED AS GRAND PRIX WINNER — Austria's Joachim Rindt drives his Lotus-Ford in the early stages of the British Grand Prix at Brands Hatch, England, Saturday. Rindt finished first in the race ahead of Australia's Jack Brabham when the latter's car ran out of fuel on the last lap of the race. Rindt had to overcome a charge of illegal conditions of the airfoils at the end of his vehicle in order to win.

Objection Overruled In Austrian's Win

BRANDS HATCH, England (AP) — Jochen Rindt of Austria was reinstated as winner of the British Grand Prix Saturday night after an international jury overruled objections by officials who wanted to disqualify him. Royal Automobile Club stewards confirmed Rindt as the winner after a 3½ hour inquiry into the alleged illegality of aerofoils on the Austrain's Lotus-Ford car.

The dispute was unparalleled in Grand Prix racing. First Rindt won the race, then was disqualified and finally reinstated. Thousands of fans left the Brands Hatch circuit not knowing who had won.

If Rindt had been disqualified he would have lost the lead in the world driving championships and veteran Australian Jack Brabham, who finished second, would have been awarded the race and taken the lead in the title chase.

Rindt crossed the finish line first, overtaking Brabham on the last lap when Brabham ran out of gasoline and barely finished second.

However, in an unprecedented decision, race officials disqualified Rindt on a technicality involving the aerofoils on his Lotus-Ford. Regulations say the struts which support the aerofoil device at the rear end of Rindt's car must be straight. Officials claimed Rindt's struts had bent before the race, and then were straightened after the race.

The purpose of the aerofoils is to give better road holding. When they were first introduced last year, they were blamed for a number of serious accidents and strict design regulations were set out by the governing body of motor racing, the Federation Internationale de Automobileisme.

Clarke's Dreams Go Up In Smoke

EDINBURGH, Scotland (AP) — Ian Stewart, a 27-year-old Scottish dental mechanic, thrilled a crowd of 29,000 Scots by winning the 10,000-meter race in the Commonwealth Games Saturday—and shattering one of the last dreams of Australian veteran Ron Clarke. Clarke, fighting a bridesmaid complex and on the point of retirement at 33, was beaten over the last 100 yards and finished second. England's Dick Taylor third.

Tracks Reach New Accord

The crowd at Edinburgh's Meadowbank Stadium, stood in drizzling rain to cheer Stewart home. But Clarke, who has now won four silver medals in the Commonwealth Games, but never a gold, got an even bigger cheer.

The great Australian, who had set 19 world records in his career, has said he will retire this month. But he still will compete here in the 5,000-meter run.

"I can't say I was all that disappointed at losing," said Clarke. I had my best time this year by 30 seconds, and I was pleased about that. But there was a strong wind out there and I confess I was getting tired."

Stewart finished in 28 minutes, 11.8 seconds and Clarke in 28:13.6. The Australian was 44.2 seconds off his world record time.

For Australia, Lawrie Peckham reclaimed his high jump title with a leap of 7 feet ¼ inches and Raelene Boyle won the women's 100 meters in 11.2.

Howard Payne led a 1-2-3 sweep for England in the hammer throw with a heave of 222 feet, 6 inches, and David Hemery raced away with 110-meter hurdles in 13.6.

Scotland's other gold medalist was Rosemary Payne, who won the women's discus with a heave of 178 feet, 8 inches.

In swimming, Canada's George Smith and Beverly Whitfield of Australia set Commonwealth Records.

Smith, a University of Indiana student, showed his class in the

400-meter medley final in 4:48.87. Miss Whitfield got up in the last yard to beat England's Dorothy Harrison in the 100-meter breaststroke final. She was timed in 1:17.40.

Five Claim Race Awards

The agreement was announced jointly by Mike Coen, chairman of the board of directors of Fortuna Corp. which owns Sunland Park and John Alessio, director general of Juarez and Caliente Race Tracks.

As in terms of last year's agreement, there is no conflict between the two tracks in connection with night racing. When one track holds racing at night, the other will be dark.

The agreement goes into effect in October when Sunland Park opens its 1970-71 meeting.

When the tracks hold racing on the same day, Sunland Park will have its first post time at 3 p.m. The program will be over around 6 p.m., giving fans plenty of time to attend the greyhound races which begin at 8 p.m. on weekdays and 7:30 p.m. on Sundays.

The agreement was finalized in a meeting between Art Johnson, general manager of Sunland Park, and Demi Sotomayor, general manager of Juarez Race Track.

"We had a successful arrangement last year which helped both tracks," Sotomayor said. "The same agreement will be in effect this year."

Morton Likely To Be At Best, Says Coach

By DENNE H. FREEMAN
Associated Press Sports Writer
DALLAS (AP)—It's time for the return of "Next year's Champions" after another year of soul-searching.
The Dallas Cowboys had an 11-2-1 win-loss record last season yet were crushed by Cleveland in the playoffs. Since 1966 that's been the story—a strong contender with a penchant for swooning in the playoffs.

Coach Tom Landry has examined the team part by part. He says "I feel better this year than I have ever felt about the potential of a team."

Here's how he sizes up himself and the Cowboys:
Q—You've got to choose between Craig Morton and Roger Staubach at quarterback. What chance does Staubach have to be your man?
A—Well, I feel that Morton has the experience and know how to have the edge right now. Roger has come on strong. He's a great prospect, but he's only starting his second year. You've got to remember that.

Q—Has Morton recovered from last year's shoulder injury sufficiently to take command in summer camp?
A—Craig is still a question mark. We are confident his shoulder is all right. There's no reason why he shouldn't be 100 per cent. Washington quarterback Sonny Jurgensen had a shoulder operation and came back.

Q—Does the Bob Hayes salary dispute with the club stand to be an upsetting factor for the team?
A—No. The tough years are when you don't know what type team you will have. We have a sound team. We know where most of the players will lineup.

Q—What is Dallas' problem in the playoffs? You've had it under the microscope since the last Cleveland disaster.
A—It's hard to put your finger on one thing. It's definitely a mental problem. We played better football, outside of the Cleveland game, last year than ever before. We were tough coming down the stretch. It was encouraging. Then we drew blanks—we don't even look like the same football team.

Q—Morton said before the Cleveland game that the team was ready mentally. How do you account for the team not being alert?
A—Personally, will this be the toughest year you've ever faced as a coach?
A—No. The tough years are when you don't know what type team you will have. We have a sound team. We know where most of the players will lineup.

Four Resident Teams Await Tournament

Four Big Spring Little League Clubs are marking time for the District 3 tournament, an eight-team event which gets underway in Andrews Monday evening.

The local squads are all-star units chosen from each of the four major leagues in operation here.

The tournament at Andrews, which is under the direction of district commissioner Jack Barber of Big Spring, also has three teams from Midland and one from the host city, Midland is fielding teams in the tournament for the first time since 1959.

The Merchants handed Sterling City its first defeat, 4-2, then ousted Forsan in a slugfest, 15-9.

In other action, Vincent blanked Salem Baptist, 9-0, behind the one-hit hurling of Bob Prescott and earned the right to oppose Sterling City in the Saturday evening semifinals.

The Merchants out-hit Sterling 11-5. Charles Lendermon collected three safeties. Claude Fryar and Dan Kirkpatrick each had two.

The Merchants went ahead with two runs in the fifth, Ray Strickland and Claude Fryar crossing the plate. They added an insurance tally in the seventh when Kirkpatrick scored.

Roland Fryar and Strickland each had three hits for the Merchants in the game against Forsan while Lendermon smashed a home run and single. A five-run sixth inning helped seal the victory for the Big Spring team.

The Cardinals will be idle today. It wasn't planned that way. The management had lined up a game with the Ojinaga Indians of Old Mexico but a Ojinaga spokesman called Friday to say the team would not be able to make the trip.

Last Sunday, the Cardinals defeated the Pecos Wildcats, 8-5. Next Sunday the locals venture to Midland to oppose that city's Colts.

The Cardinals are now 19-4 on the year. Several weeks ago, the respected Lubbock Hubbers agreed to come here for a game today but that engagement was called off, too.

LOCALS OPEN PLAY NOV. 17 Hawks Sign 13 Boys

Harold Wilder, new basketball coach and athletic director at Howard County Junior College, now has 13 players signed for the 1970-71 season. Wilder moved to Big Spring earlier this month from Abilene,

where he had been head coach at Abilene High School the past four years. He and his family, which includes two boys, are making their home at 2704 Lynn.

Sophomores returning to the local school will be Billy King, 6-4, Coahoma; Decel Lewis, 6-4, Madison, Miss.; Melvin Perez, 6-2, Sante Fe, N.M.; and Shelly York, Lake Village, Ark.

Dale Sensing, 6-9 post man from Lawton, Okla., will also be a soph but he was at ACC last year.

The Jayhawks open their season Nov. 17 here against Christian College of the Southwest. Other highlights of the schedule include a trip to the Garden City, Kansas, tournament; a Dec. 1 match with the Texas Tech frosh; and an ABC-sponsored Big Spring Olympic Classic tournament during the semester break.

JAYHAWK JOTTINGS — KENNETH NEAL, the long range bomber from Abilene, will be the shortest Jayhawk at 6-0. DALE SENSING'S 6-9 frame will be a welcome sight as the tallest player. ARCHIE MYERS' 28.3 average points per game must be the highest on the team. Archie scored 680 for Cleveland East Side High in 24 games. KENNETH NEAL hit 681 but in 37 games. SHELLY YORK is measuring cotton acreage in Arkansas, despite having to kill a water snake every day or two. BRUCE HUTTO is getting 6 hours credit this summer at Texas A&M for an overseas tour. HARRY MILLER is spending the summer working in Kansas City. From all reports, LAWRENCE YOUNG is improving with much hard work in the gym's around Abilene. Lawrence has always been a hard worker and holds the school record in Abilene in total rebounds in one year with 589. MELVIN PEREZ was named to the Dean's List the Spring term with a grade point average of 3.59 out of a possible 4.00. The purpose of attending college is to receive a good education and Melvin is certainly taking advantage of the opportunity. In about six weeks all the Jayhawks will be arriving in Big Spring.

Dear Abby

DEAR ABBY: My wife and I rent out part of our home to make ends meet. We have had so much trouble with tenants that we were really pleased when two quiet, well-mannered university students rented our rooms. Everything was fine, until one day my wife decided that they were homosexuals. She had no "proof," just a certain feeling. I told her I thought she was nuts because they are both very masculine looking.

Recently while cleaning their room, my wife found several physical culture magazines featuring male models. I warned her that this kind of snooping was against the law and the magazines didn't prove anything. She claims she wasn't snooping, but that we could get into trouble with the police if the boys were arrested, because

even the homosexuality between two consenting adults is not a crime in Canada, these boys are minors. I don't want to lose these tenants and I don't want to treat them unfairly on the ground of suspicion either. Is there any way to tell for sure if the boys are homosexuals? And if they are, what is our legal position?

CANADIAN LANDLORD
DEAR LANDLORD: The only way for you to find out conclusively whether these boys are for girls or each other is to ask them. (I don't recommend it as it's none of your business.)

Your "legal position" is not affected by the sexual preferences of your tenants so long as their activities are not harmful to others on the premises

DEAR ABBY: Please tell

Helen, the Roman Catholic woman who was in love with a divorced Lutheran, that she DOES NOT have to give up her religion to marry him, and here is why:

The Roman Catholic church does not recognize his marriage as a lawful marriage, hence Helen can marry this Lutheran man in her Roman Catholic church. And since his marriage is not valid, his divorce means nothing to the Catholic church. In other words, this Lutheran is and always was a free man, so he is free to marry her. Ask any Catholic priest if you think I am steering you wrong.

INFORMED
DEAR INFORMED: I felt certain that you were "MISINFORMED" — but I

asked a Catholic priest anyway. Helen is NOT free to marry her divorced Lutheran lover. In the eyes of the Catholic church he is indeed married and divorced. (P. S. If it's any comfort to you, yours is a common misconception.)

DEAR ABBY: I am disturbed about the letter you received from parents of the junior honor student in college who quit because of pregnancy. The man involved was a graduate student uninterested in marriage because it "didn't fit into his plans," the families "clergyman" advised they use the story that the daughter's "husband" went to Viet Nam and upon returning was so

changed that she divorced him. I wholeheartedly commend you for denouncing the "clergyman's" advice! This is my 15th year as a pastor. It is sickening to know there are so-called "clergyman" who themselves are not "men of God" — honest and courageous. No wonder people are confused and going astray. Very sincerely,
Marvin D. Price, pastor

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

Don't Do It Again

KENNETT, Mo. (AP) — Magistrate Leon McNally was stern when he imposed a \$27 fine on the 17-year-old blonde after she pleaded guilty Friday to driving 87 miles an hour in a 60-mile zone. "And I better not ever hear of this happening again," he said as he completed the sentencing of his daughter Sue Ellen.

Horoscope Forecast

FOR TODAY AND TOMORROW
—CARROLL RICHTER

SUNDAY
GENERAL TENDENCIES: You certainly would be wise to doublecheck whatever commitments you make. Be sure they are exactly as you wish them to be. Troubles could develop if you are careless or negligent or even overlook some apparently small point in an agreement with another. Charm all socially.
ARIES (March 21 to April 19) Be sure you are most courteous with good pals since they can be of great assistance to you. Give them credit for good work. New aims should be studied very carefully before you get wheels rolling.
TAURUS (April 20 to May 20) Listen to what higher-up has to say so you can become more successful in near future. Don't take any chances with credit or you could get into a lot of trouble. Be wise.
GEMINI (May 21 to June 21) Get out to the new places and with new personalities who can make your life more interesting and profitable as well. Gain the goodwill of wise persons. Put intently to work.
MOON CHILDREN (June 22 to July 21) You have committed yourself to certain responsibilities that need to be handled wisely. Be objective in so doing. Don't cross up one of whom you are fond. Forget pettiness.
LEO (July 22 to Aug. 21) An associate is not acting in usual manner, so make it your business to find out why. But don't act forceful in any way. Show tact. Put that magnetic smile to work and dissolve all opposition.
VIRGO (Aug. 22 to Sept. 22) Put your motto "SERVE" to work. Do much for those who have been good to you in the past. Be sure to do what ever improves your health, also. Avoid spending too much money.
LIBRA (Sept. 23 to Oct. 22) Be charming with everyone you contact today. Be with people you admire and where you get respite from tensions. Get an early start. Take mate along with you, increase happiness.
SCORPIO (Oct. 23 to Nov. 21) Don't force others to do what you want or home or you get into a big argument. Listen to what they have to say and solve matters sensitively. Cooperation makes the future more harmonious.
SAGITTARIUS (Nov. 22 to Dec. 21) Come to a better understanding with associates so future is scheduled more intelligently and efficiently. Some changes are necessary. Be willing to go along with them now.
CAPRICORN (Dec. 22 to Jan. 20) Sit down with financial expert today and find out how to get ahead faster. Analyze financial position accurately. Get a better budget worked out.
AQUARIUS (Jan. 21 to Feb. 19) Listen to what a straight-thinking ally has to say or there could be a serious altercation arising. Dress in fine style before you meet those important persons. Show you have good taste.
PISCES (Feb. 20 to March 20) Do some investigating so you know exactly where you are headed. Be sure you help someone who is having rough sledding. Show generosity.

MONDAY
GENERAL TENDENCIES: A day of infection at one moment you see the pathway ahead clearly and next a considerable amount of confusion is precipitated. Make no decisions today but listen to what others have to suggest.
ARIES (March 21 to April 19) Weed out persons from your acquaintanceships who waste your time. But deepen friendships that are worthwhile. Don't make any definite decisions yet. Be wise.
TAURUS (April 20 to May 20) Be conscientious in following rules that apply to you and avoid serious trouble. Support higher-up whose ideals are very fine. He has had much and varied experience.
GEMINI (May 21 to June 21) Look for new outlets that will make you happier and more profitable. But don't accept the first that is close at hand. Study plan a newcomer wants you to put in operation. Be clear-minded. Don't be fooled.
MOON CHILDREN (June 22 to July 21) Don't think you can throw some obligation off on another's shoulders. Attend to it yourself. Be precise in handling promises you have made. Be happy with mate tonight.
LEO (July 22 to Aug. 21) Arrive at the right policy decisions with associates but don't put them down on paper until tomorrow. Listen to suggestions of others. Don't make quick and radical changes in anything. Be poised.
VIRGO (Aug. 22 to Sept. 22) Shop around for new methods to use so you are more efficient of your work. Add to your wardrobe that is for more stylish. Enjoy evening with mate.
LIBRA (Sept. 23 to Oct. 22) Engage in recreation in which you are familiar instead of getting into something you do not understand and will not like. Close ties have fine ideas. Listen carefully to those you are interested in.
SCORPIO (Oct. 23 to Nov. 21) Don't try to force another to do what is your own work or obligation of home. Sheer force of arguments over ticklish matter. Be poised even though others are not acting as kindly as they should. Be wise.
SAGITTARIUS (Nov. 22 to Dec. 21) Be careful in travel. Don't become upset with someone who is not doing exactly what you want. You have fine ideas, but wait for a better day to put them in operation.
CAPRICORN (Dec. 22 to Jan. 20) Make sure you do not take any risks where money is concerned today. Don't put impractical idea to work you hope will make more money quickly. Be wise.
AQUARIUS (Jan. 21 to Feb. 19) You have a plan for attaining aims but you have to be diplomatic about it and not be forceful with others. Take those treatments that improve your health and appearance. Gain the favor of others more quickly.
PISCES (Feb. 20 to March 20) This is a good day to investigate whatever has been puzzling to you. Procure the right answers. Look to an expert for the information you want. Follow advice wisely.

Summer School

By JO BRIGHT

Every year, in the last days of May, there is a flurry of activity among high school students as the school year ends. Traditionally, the last day calls for little work, a lot of loafing and joyful shouts as the last bell sounds. Students rush from the building and disappear into the city as quickly as the wind-blown pages from a discarded notebook. From all appearances, the parting is permanent.

Yet youth is never predictable.

Only a week later — by choice and at their own expense — many of the same students are back, with their books, attending the annual summer school.

This year's session began June 8 and will continue until July 28. Due to the complexities of the system, it is difficult to say how many students are taking advantage of the summer session this year, but a good estimate would be 200.

Nine full-time faculty members, plus the administrative staff and assistants, are employed, and 14 courses are offered in areas of English, math, social studies and homemaking as well as driver education. Hours are from 7:55 a.m. to 12:05 p.m. daily.

The cost to the student is \$22 per course (or the bargain rate of two for \$40) except for the driver education which is \$25.

Reasons are varied as to why students enroll in summer school. The majority of this year's students are taking the half-credit government course (required for graduation) which will free them to take a full year course this fall. At least eight students will have completed graduation requirements and receive high school diplomas when the session ends.

THE TREND OF THE TIMES is evident at Big Spring High School, which seldom closes its doors as more and more students continue their quest for an education. Summer sessions have become well established over the years, and idle

time is turned to advantage by young people who want to take one more course — acquire one more credit — or develop one more talent. Summer sessions began June 8 and will continue through July 28.

PAPER WORK is a part of any institution, but it doesn't pile up with these young ladies on the job at Big Spring High School. At left are Rose and Jackie Cordes, 1970 graduates, who are working this summer under the work-study plan at

Howard County Junior College where they will begin classes this fall. At right is Peggy Hernandez who obtained her summer job at the high school through the Neighborhood Youth Corp.

TWO PRETTY GIRLS find the foyer steps at Big Spring High School a fine place to do some quick studying before going to class. Reviewing their government assignments are Janice Pounds, left, and Shirley Paul.

THE MOST POPULAR summer course at the high school is government, a half-credit course which is required for graduation. This summer, over 50 students enrolled in classes

taught by William Martin and Mrs. Herman Smith. By completing the course in summer school, students are able to enroll for another full credit course in the regular term. Here, students listen to a lecture by Martin.

EARLY MORNING hours are comfortably cool in the mall at Big Spring High School, and John Elliott and Wynonne Holcombe relax in its quietness as they compare opinions on the discussion subject for the day.

Credit Club Hears Talk On Systems

Mrs. J. B. Apple spoke on new credit bureau systems at Thursday's luncheon meeting of Big Spring Credit Women in Hotel Settles. She described old and new methods of reporting accounts and the latest terminology.

In discussing the advantages and disadvantages to the new system, she said that it is more uniform and easier to understand. However, a disadvantage was in locating a person's account when the stores use computers listing account numbers rather than the customer's name. Without the number, the account could not be located.

Mrs. C. W. Mahoney won the capsule fund, and Mrs. W. E. Moren presided at the business session. The next meeting will be Aug. 6.

The bride was attired in a peau de soie Empire gown with Chantilly lace bodice; the Victorian neckline and ruffled cuffs decorated with pearls and rhinestones. A band of peau de soie and bow topped the chapel train which was accented with lace appliques. Her waist length veil of illusion, edged with lace, was held by a cluster of net petals and pearl-edged leaves tipped with iridescent sequins. She carried a bouquet of white glamelias centered with a white orchid.

Miss Sharon Orsack, Waco, was maid of honor. Bridesmaids were Miss Lila Williams, Miss Monnie Watkins, Miss Vicki Vaughn, Miss Janice Majors and Miss Becky Patton. Junior bridesmaid was Miss Debbie Ballard of Waco.

Peach roses in a milk glass container centered the table, and Mrs. Elva Biffar and Miss Arlene Hartin presided.

Styles Seen At Brunch Show

Mu Zeta Chapter, Beta Sigma Phi, sponsored an informal brunch and style show Saturday morning at Holiday Inn for wives of delegates attending the Air Force Association state meeting over the weekend. Mrs. Paschal Odum was general chairman, with Mrs. Tom Warren directing and narrating the style show.

Models were Mrs. Warren, Mrs. Owen Wormser, Mrs. Charles Boadle, Mrs. Tommy Rutledge, Mrs. Garland Braun, Mrs. Ted Hicks, Mrs. Robert von Rosenberg, Mrs. Ron Pettit, Mrs. Jerry Foust, Mrs. Sidney Clark and Dawn Estes.

Fashions were furnished for the show by Zack's, Swartz, Hemphill-Wells, Fashion Pants, Margaret's and Thelma's. Shoes were from Barnes-Pelletiers, and boots were from Zack's.

Mrs. Braun first showed a toasty brown polyester midlength coat over pants, worn with burnt orange mock turtle shell and matching opaque stockings. Black leather fitted boots were worn with a black gaucho hat. Her second fashion was a sleeveless beige dress. Empire-waisted and deep belted at the front; pockets trimmed with braid. Its companions were a black leather vest, black boots, black and white scarf and gloves.

Mrs. Foust wore a cream and navy plaid midlength with double-breasted jacket, polka dot shirt and sassy navy boots and gloves. Appearing later, she wore a cream and navy plaid pantsuit, straight legged and with hip-length vest and polka dot shirt.

Champagne corduroy formed a gold buttoned and buckled dress worn by Mrs. Rutledge under a fake jaguar coat accessorized with brown leather belt and brown crinkle boots. Later she showed a rusty red corduroy mini skirt with midi vest with complementary geometric print blouse and black boots.

The gaucho look was shown by Mrs. Tom Warren in black-fringed plaid pants that ended below the knee and were topped with red blouse and plaid poncho. Red opaque stockings showed off red fitted boots.

Shades of orange, black and white were in the longuette coat with natural waist belted in capeskin which was modeled by Mrs. Owen Wormser, who completed her attire with crushed black patent gaucho hat and boots and a braided suede dog collar at her neck. Her second appearance was in a black and white pant ensemble, an Edwardian style in crushed vinyl patent, featuring a trench coat which could be worn separately.

Mrs. Charles Boadle paraded in a three-piece brown pantsuit, with longuette sleeveless coat topping a white ribbed pullover. Finishing touches were the brown crushed patent boots, leather pendant and white felt gaucho hat. Her last costume was a dark brown polyester dress, drop-waisted with box-pleated skirt and over-sized multi-colored tie.

Mrs. von Rosenberg's coordinated sports outfit featured a high-belting vest and patterned pants covered a tunic top of polyester accented with gold

chains and ginger sports bag tied with a multi-colored scarf.

For her second appearance, the model wore an Italian knit dress styled with dropped waistline marking a box pleated skirt. The eye catcher was a long fringed scarf, wrapped in a new manner, and the black matador hat which complemented the soft black boots. Stockings emphasized the darker look for fall.

A three-piece pant ensemble in rich brown tones was modeled next by Mrs. Sidney T. Clark. The sleek, sleeveless vest and patterned pants were worn with an oyster colored ribbed shell, the mock-turtle neckline tied with a saffron, blue and white scarf. She chose cobra pant shoes to complete her attire.

A return to the sophisticated look was evident in the second appearance of Mrs. Clark when she showed a feminine and elegant dress suit with v-necked tunic top, draped sleeves and low-tied belt. "Pizazz" was added with a single rope of crushed, pearls and matching ear clips. Her floppy hat was of black velvet, and the gloves were kid.

The wearability and good looks of man-made fibers was stressed by Mrs. Ted Hicks as she appeared in fashion's newest pet—a fake mink coat with vinyl belt tipped with pompons. Under it, she wore a gold polyester dress sparked with white stitching at the neckline, down the front and circling the dropped waist. Polyester made a repeat appearance in her pantsuit of two-toned brown. The dark, strait-legged pants were teamed with a lighter vest with dark trim to match the pants. The blouse was long-sleeved and white.

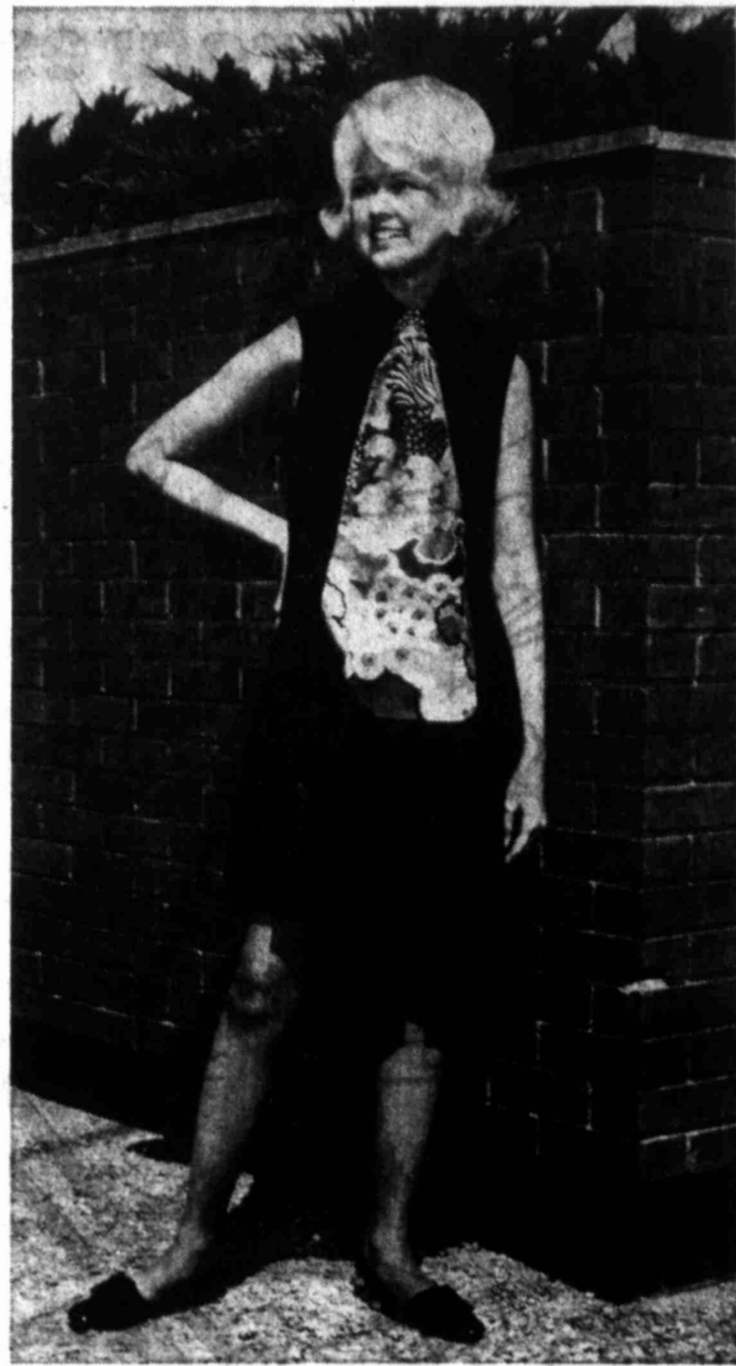

For another fashionable pantsuit look, Mrs. Ron Pettit wore cotton knit camel color pants with the set completed by a sleeveless maxicoat which buttoned down the front and was slit to the waist in back. The tank top was filled with gold chains over a tab-buttoned shirt.

Children's attire was shown by Dawn Estes who made an easy transition from summer fun to fall classes. Her double-breasted coat dress of navy twill permanent press fabric was brightened by a contrasting white collar printed red surah tie, snappy poppy red belt and matching buttons. The school attire was completed with navy panty hose and red patent slippers.

The brunch table was covered with white linen and black felt runners sprinkled with yellow and white daisies. The centerpiece of yellow and white daisies, created by Estah's, was given as an attendance prize.

Fashion Trends, Wig Styles Are Seen By Officers Wives Club

The magic that makes a woman able to go "From Pool to Party" was explained by Mrs. Joe Gunning, Mrs. Norman Kennedy and Mrs. John West, all of Hemphill-Wells Company, at a brunch held Thursday for the Officers Wives Club at Webb Air Force Base.

Mrs. Gunning used magazine and newspaper illustrations to explain current trends in women's fashions, noting that the industry has set its sights on creating a complete new look, resulting in the present transitional period. The Longuette is a big part of the fall collections, yet hemlines vary from just below the knee to the ankle.

"The micro-mini is dead," said Mrs. Gunning, "yet, for a while, there will be a place for the longer mini as well as the midi and maxi lengths. Proportions must be right, and the smart woman will find a pretty spot on her leg and wear her hems accordingly."

In detailing "looks" that will be good, Mrs. Gunning said fake fur and leathers are now fashionable, due to conservation-awareness, and snake skin, both real and print, is much in evidence. The Spanish

influence in sportswear has produced gaucho pants and poncho toppers which liven the pant look. Mrs. Steve Caswell served as model to show a two-piece pant and dress costume. Wigs, important summer accessory, were discussed by Mrs. Kennedy and Mrs. West who showed various styles, explaining their uses and proper care.

The brunch was hosted by wives of Class 71-02 with Mrs. Stephen Biggs as program chairman, Mrs. Jerrold Callen, menu; Mrs. Charles Sprietsma and Mrs. Clyde Eggett, decorations and Mrs. Sprietsma, prizes.

Mrs. Owen Wormser, OWC president, presided introducing the honorary president, Mrs. Anderson Atkinson; the honorary vice presidents, Mrs. John Grow and Mrs. Jimmy Snyder; Mrs. Harold Hartley and Mrs. Randy Atkinson.

Guests were introduced by Mrs. James Clevenger. They were Ruby Mahaffie, Karen Cline, Mary McLeod, Carolyn

Shiel, Alison Dowds, Audry Arnold, Dot McElroy, Carol Rakestraw, Evelyn Cooper, Jennie Gillespie, Anne Masao and Catherine Masao.

Farewells were said to women who will be leaving Webb and welcomed to the base were Mrs. David McDonald, Mrs. Robert Lake and Mrs. David Dyll.

Club announcements were made by Mrs. Thomas Brandon, after which Mrs. Robert G. Craig was elected recording secretary.

Carrying out the "pool to party" theme, tables were decorated with beach balls, sun glasses, straw hats, and party horns and streamers. The head table featured an arrangement of daisies and babies' breath flanked by wig stands.

'ROUND TOWN

BY LUCILLE PICKLE

This long hot summer is about half over and good riddance! Did you notice the low nighttime temperature was in the high sixties the past few nights? That surely does beat those high eighties. Let us all go and pat the air conditioners with real exuberance.

Even tho' the weather has been sweltering, the fashion designers have been trotting out their winter clothes for the feminine eyes to behold. From the looks on the faces of the fashion writers who attended the Italian showing last week, I'd say it's really going to strain them to say something nice. Even the models seemed a little embarrassed to be showing the creations. I believe they were less embarrassed when the bikini made it's first appearance.

Well, it won't make much difference to a lot of us. We've been taking up and letting out the same dresses for years and if the hem won't get any longer we'll just wear our old favorites until they won't wear anymore. They are like old friends... they just are more comfortable the longer they're around.

BIG SPRING DAILY HERALD

SEC. D BIG SPRING, TEXAS, SUNDAY, JULY 19, 1970 SEC. D

AN ARTIST AND HIS WORK — Edward E. Poindexter, Odessa art teacher, poses with an award winning crayon drawing he calls "Meditation." Poindexter is hospitalized at the VA hospital because of a crushed right elbow. He has some of his work displayed in the hospital canteen and is painting more as part of his therapy.

Artist Continues Painting In Spite Of Crushed Elbow

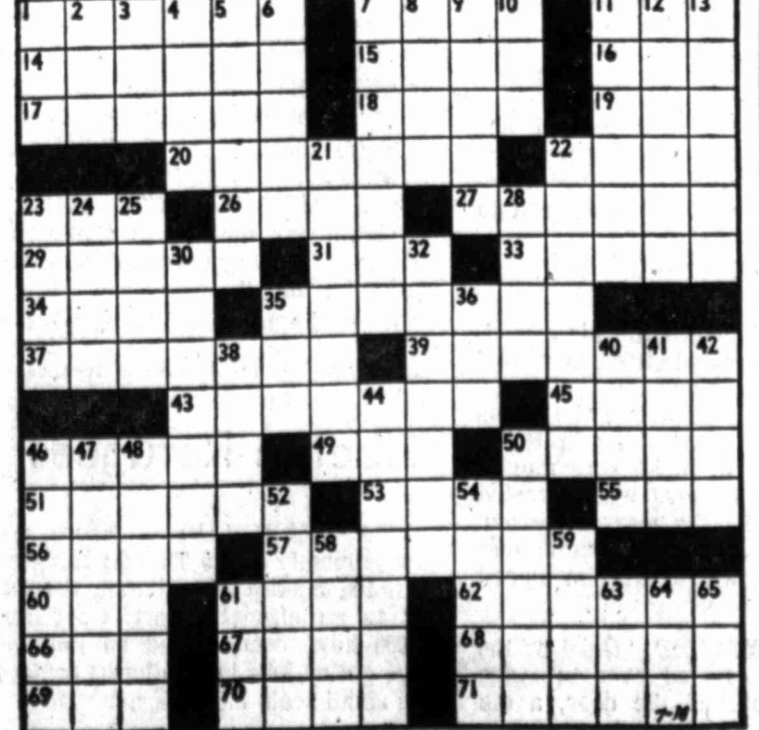

By LINDA CROSS
A crushed elbow has failed to crush Edward E. Poindexter's interest in art. Poindexter, an Odessa art teacher, is using his talent as part of his therapy at the Big Spring VA Hospital.
Poindexter injured his right arm in a fall in April. He was working part time as a commercial artist and was injured when the sign he was painting gave way, causing him to fall 35 feet.
"It's getting better every day. I can move it more now than I could last week," said Poindexter of his arm. He has had surgery twice and a metal pin was inserted to allow him more movement. "It's a lot better now except for the stiffness, and I'm exercising it and taking

therapy to get rid of that," he added.
Poindexter is working on some paintings as part of his therapy and has hung some of his work in the hospital canteen. The crayon drawing of an old woman, which he calls "Meditation" has won local, state and national first prizes. This type of crayon work is his favorite media, said Poindexter, and is difficult but rewarding to work with.
"The crayon doesn't erase easily, but it has a soft oil base and allows me to get a more life-like effect than with charcoal. You can really create depth with it," said Poindexter. "I have been drawing since I was seven or eight years old. I'm largely a self-experienced artist. I didn't study art much

in junior high and high school; it just wasn't taught," said Poindexter.
Poindexter entered college in 1952 after six years in the Army. He graduated with a bachelor of fine arts degree in 1956 from Texas Southern University in Houston. He began his graduate studies in 1959 at the University of New Mexico and he spent four summers doing graduate work at Highlands University at Las Vegas, N.M. Poindexter received his masters in sculpture from the University of Houston. His bachelor's degree is in painting.
Poindexter and his wife, Jean, both teach school in Odessa. Poindexter teaches art at Ector High School and Mrs. Poindexter teaches physical education at Travis Elementary. The couple has no children.
Creativity is the quality Poindexter tries to stress in his classes and in his own work, he said. "I like to work from my imagination. I use strictly the creative approach, I don't use models," he added.
People are among his favorite subjects, and he makes use of every opportunity to study them. "I used to go from church to church to watch the reactions and the moods of people. You notice the difference in people in different environments," said the artist.
Although he uses human figures in much of his work, Poindexter says he has never really studied anatomy. "I learn about people by observing them," he said.
"Every artist should put himself in his art," he continued. "If he doesn't, it isn't a good art work. If the artist doesn't do this, then he is painting just to please the public, not himself."
Poindexter lodged one criticism of his fellow art instructors whom he has observed in the various schools in the West Texas area. "They place a great deal of emphasis on creativity, but I have found it to be just the opposite. There is too much emphasis on copying or imitating. The result is too much of a stereotype of art. You can't learn much from copying. I encourage my students to paint creatively," said Poindexter.
In the future, Poindexter would like very much to have a studio of his own, he said. Presently, the school allows him to teach private pupils twice a week at Ector High School in Odessa.
With the aid of a grip-exerciser and the therapy given him by the hospital, Poindexter hopes to regain full use of his arm soon and return to his teaching.

'DRY FIGURES' Letters Tell Of Killer Highway

Editor's note: A recent Associated Press story told of the carnage along an uncompleted 32-mile section of interstate 45 between Houston and Dallas. Mrs. Eugenia Feller of Dallas wrote to The AP: "When you say 34 persons died, it's just a dry figure." Mrs. Feller, a survivor of that murderous stretch and wrote a moving letter, which The AP carried. A wife and a sister of other victims also have written letters telling the human side of those statistics.

By THE ASSOCIATED PRESS
Mrs. Linda Radford of Houston "watched with indescribable horror" as her husband died under the weight of their station wagon after a one-car accident 3.5 miles north of Buffalo, March 28.

Less than a month later, on April 27, Etoise Graves of Taft, Okla., lost her brother, sister-in-law and niece in a head-on collision between a car and a huge truck 4.6 miles south of Fairfield.

"On the morning he was killed we were going to Houston from our home in Dallas to spend Easter with our families," Mrs. Radford said. "Our car was full of the usual eggs, candies and toys for the Easter bunny to bring.

"We were a happy, loving family . . . We had lost two babies before our son was born and never were there any prouder parents anywhere. He brought such joy and happiness to our home. We were happily awaiting the birth of another baby."

Radford apparently saw he would be unable to keep his car on the narrow two-lane road.

"He screamed for me to hold on to our baby, who was asleep on my lap. Because of this warning our son was safe and unhurt," she said.

"I tried many times to lift the car off his body while we waited 1 1/2 hours for a wrecker to free him. Needless to say,

I couldn't move the car. My husband was dead," she said.

"Never during the long wait beside my husband's body did

I see anyone from the highway patrol.

"I have wished so many times we had all died as we lived — a happy family. At 2, our son cannot understand why his daddy doesn't come home or call us. He never stops looking for him everywhere we go. He cries for his daddy every night and I cry long after he has fallen asleep . . .

"If I feel any bitterness at all it is for this road which has robbed me of all I lived for — being a wife to my hus-

band and a fulltime mother to our son.

"I cannot understand why this killer highway remains open and no one seems to care how soon the new one opens." The second accident wiped out an entire family. Joseph Graves Jr., 23, was taking his bride of 18 months and their year-old daughter from Taft to Houston to start a new job and a new life.

But "death stepped forward" and put an end to these dreams, said Joseph's sister, Etoise, 15. Joseph was president and

salutatorian of his high school class in Muskogee. He got a bachelor of science degree at Oklahoma City University last year.

His wife, named Charles after her father, also was the salutatorian of her class in Taft as well as beauty queen of the school.

Congratulations

Big Spring Veterans Administration Hospital And All
VA Personnel On The Occasion Of Your 20th Anniversary

...And To The Veterans Administration On Its
40th Anniversary

Twenty years — almost to the day — from the time the Veterans Administration was created, the doors of the Big Spring VA Hospital opened to receive patients.

From the beginning, those who staffed the hospital as well as those of us who were grateful to be honored as members of the host community, sought to make it a hospital with a heart.

As professional hands labored to provide the best in medical treatment, others worked in support to see to the comfort and well being of thousands of veterans.

And just as townspeople have volunteered with that compassionate desire to tell these veterans that "we care for you," the men and women who are part of the VA staff have joined in community activities to make it their home town, too.

Big Spring was proud when the VA Hospital opened here 20 years ago; today it is humbly grateful to share with the Veterans Administration a debt of gratitude to the men and women who gave what they could to their nation.

ZANY, CONTEMPORARY COMEDY

Sandy Dennis, Dedicated Actress

THE OUT-OF-TOWNERS ... Sandy Dennis, Jack Lemmon

Sandy Dennis, the uninhibited actress, returns to her true forte, light comedy with a zany contemporary touch, in "The Out-of-Towners" which opens Thursday at the Ritz Theatre.

"Sweet November," "The Fox" and "That Cold Day in the Park."

professional acting debut while appearing with the group in summer stock at London, N.H.

Daring Movie, 'Chastity' Is Really Family Affair

It could only happen in a below-the-border-belt movie. A beaming husband (d) receives the unnatural over-stands rooting on the sidelines (e) of a designing woman, as his beautiful wife (a) leaves and (e) conspires with a pan-home to thumb a ride on the derer.

CHASTITY ... Barbara London, Cher

begins Wednesday at the Jet Theatre.

The bizarre situation is created due to the fact that the picture stars the beautiful and exotic Cher, of the popular contemporary team of Sonny and Cher, and was written and produced by her husband, Sonny Bono.

"Chastity" details the exciting adventures of a girl of today's generation who innocently becomes involved with some of the seamy areas of society in her unflinching search for identity, but maintains her principles and personal integrity at all costs.

Cher's husband, Sonny, guided his wife's histrionic path through these various cinematic pitfalls of life with loving care since it had been his driving ambition to capture Cher's independent and free spirit, as he saw it, on film.

Also featured in the cast of the daring picture, "Chastity," are Barbara London, Stephen Whittaker, Tom Nolan and Danny Zapfen. Alessio de Paola directed.

PUFNSTUF ... stars Jack Wild

Actors, Characters Star In 'Pufnstuf'

An unusual type of full-length motion picture which will provide enjoyment to all members of the family, "Pufnstuf," comes Wednesday to the R-70 Theatre. Uniquely utilizing both actors and costumed characters, starring Jack Wild, Billie

Hayes, Martha Raye and Mama Cass, it is based on the highly successful Saturday NBC television show, "H. R. Pufnstuf."

Jack Wild, who also is the star of the television film, was nominated for an Academy Oscar for his role as The Artful Dodger in the highly successful film musical, "Oliver," Miss Hayes, who was seen as Mamma Yokum in both the stage and screen versions of "Li'l Abner," is also in the weekly television series.

Mama Cass (Elliott) makes her film debut in "Pufnstuf." A former member of the hit recording group, The Mamas and The Papas, she has, since being on her own, had several top recordings. Martha Raye returns to films after a decade. She has maintained her rating as a top comedienne through nightclub and personal appearances, as well as visits to American servicemen around the world.

Six original songs have been written for the film by Norman Gimbel and Charles Fox, and are sung by Jack Wild, Mama Cass and Martha Raye. The listing numbers are obtainable on a sound track album which was developed by one of the major recording companies.

Artist Says Film Home Reflects Changing World

Today's scene is more than the changing attitude and relationships of people; it also is the physical world in which those people live. According to art director Patricio (Pato) Guzman, as exemplified in home settings for "Bob & Carol & Ted & Alice," at the Jet Theatre, the modern home should have a feeling of opulence, with a certain starkness, too.

"The architecture," he says of the movie home designed for stars Natalie Wood and Robert Culp, the "Bob & Carol" of the title, "is used as a dressing; rather than an abundance of furniture, there should be an emptiness — and the emptiness is an attraction."

Certainly, it doesn't detract from the comedy antics of the stars, and of stars Elliott Gould and Dyan Cannon as best friends "Ted & Alice," when they all become heavily intoxicated.

Of "Bob & Carol & Ted & Alice," Guzman says, "This film is very mod, very hippie-oriented. It's a contemporary satire on American marital mores. Its sets, then, must reflect a mood of hip-and-up. They must be dressed with contemporary emptiness."

When necessary Guzman goes the other way, as he does with a psychedelic discotheque for the same film. Not intended as a replica of any known disco-

theque, it is stylized enough to give an impression of many.

An elevator descends at one end of a huge room, disgorging the club's patrons onto a large entrance platform. Walls are covered by red velvet wallpaper, antique lamps abound and potted plants are scattered about.

The rectangular room is split midway by a large runway coming forward from a stage curtained by dangling beads. Overhead lighting was made from sheets of lucite covered with a paint which cracked as it dried, giving a stained glass effect.

When the stars' discotheque scene was being filmed, eight models, as lightly-clad as designer Moss Mabry could decently dress them, pranced up and down the runway in a wild fashion show. Lights blinked rapidly, psychedelically, the music was loud, raucous and ear-splitting.

Guzman watched the faithful rendition of mod-madness and shook his head negatively, disapprovingly. "Anyone could have done that," he said, nodding at the room and its general writing. "But the 'Bob & Carol' home! It's stark. It's empty. It's lived-in. It's today."

Lack Of Rain Hurting Texas Pastures, Fires A Menace

COLLEGE STATION, Tex. (AP) — Pastures and ranges turned brown under the hot July sun in Texas last week, and the water level in stock tanks and ponds dropped significantly lower.

The lack of rain posed a threat of fires to curing range grasses and is becoming more critical in dryland farming areas, said Director John E. Hutchison of the Texas Agriculture Service.

Most livestock, however, is holding up well but at the critical period in its growth.

Cotton is in better condition than other crops but general moisture is needed.

Insect infestations continue generally light. Some areas report corn yield prospects are good.

Grain sorghum harvesting is moving into the southern Blacklands. Very good yields are being reported from South Texas.

Panhandle counties are short on moisture, but irrigated crops are making good progress. Greenbugs and aphids are causing some concern in grain sorghum and corn. The wheat harvest is complete and yields generally have been above average. The acreage of dryland cotton and grain sorghums has been materially reduced due to the lack of planting moisture. Excellent yields of onions and potatoes are reported. Cattle are being culled and sold in some areas due to the below average condition of ranges.

Cotton on the South Plains continues to make good progress and is squaring in most areas with no insect damage. Early grain sorghum is setting grain. Ranges are in average condition. Irrigation should reach the peak by next week.

Rain is badly needed throughout the Rolling Plains. Range fires have already taken a heavy toll. Cotton growth is fair to good with early planted fields squaring and blooming. Some insect damage is reported. Harvesting hay, plowing stubble, planning gear, cultivating crops and insect control were listed as major activities.

In far West Texas general rains are needed for dryland crops and ranges. Irrigated crops continue to make good progress with cotton squaring and blooming. Grain sorghum on dryland is booting and heading and needs rain now. Corn and sorghum in Kinney County is being made into silage. Reeves County cantaloupes continue to look good and full harvesting is expected by July 17.

The extremely hot and dry weather in West Central Texas continues to deplete soil moisture. Grass fires are becoming a real hazard. Cotton is late but looking good. Grain sorghums are maturing rapidly and need an immediate rain.

Central Texas is dry and grain sorghum is rapidly maturing with the first harvesting underway in Williamson county. Corn yields have been cut by the dry and hot weather. Soil moisture in East Texas is short and hay baling has slowed.

A pet is very similar to an infant for it cannot tell anyone when it feels sick or has a pain. For this reason a Veterinarian must be consulted if these are definite symptoms of an illness.

Chances are your Veterinarian will be able to find the cause of the trouble and take the proper steps to speed the pet's recovery. Often, he will prescribe one of the many medicines that are especially formulated for animals. We know that an animal considers himself as a member of the family and we feel the same way.
