

EGYPT CONTINUING MISSILE MOVEMENTS IN SUEZ CANAL AREA

Says U. S. Fails To Acknowledge Israeli Evidence

JERUSALEM (AP) — Foreign Minister Abba Eban charged today Egypt is continuing missile movements in the Suez Canal area in violation of the U.S.-initiated Middle East cease-fire.

FORBIDDEN ZONE
At the same time Eban accused the United States of failing to acknowledge Israeli evidence of these movements.
At a crowded news conference Eban said the cease-fire agreement demanded the "strictest level of precision" in determining adherence and "I cannot agree that it is immaterial

whether missiles were moved up into the forbidden zone 12 hours before or 12 hours after." Israel has provided the U.S. government, as authors and guarantors of the cease-fire with "precisely defined" evidence of Egyptian violations, Eban said.

Referring to comments by Secretary of Defense Melvin R. Laird on Sunday that it was not possible to determine whether a cease-fire violation actually occurred because missiles may have been in movement as of the Aug. 7 midnight shooting stop, Eban said: "Israel has

lodged complaints showing transgressions took place not only immediately after the cease-fire, but continue to be made."

'GRAVE VIOLATIONS'
Eban cited these alleged violations:

—Last Thursday, material on "grave violations" shortly after the time of the cease-fire was passed on to the United Nations and the United States. At this time "a considerable number of ground-to-air missiles" were moved forward by the Egyptians.

—On the same day one other

missile battery was deployed. A map reference was provided to the United Nations on this second complaint.

—On Sunday, construction was observed taking place at five spots which were empty before.

Eban expressed belief Laird was not in possession of the latest Israeli material when he made his statement Sunday.

'FINAL VERDICT'
Eban stressed that he thought Laird's words were not a "final verdict."
The foreign minister added: "There is no crisis between Jeru-

salem and Washington. There is a frank discussion."

FACE FACTS
He said it was important for Israel and the United States to "establish the facts together."

Eban said a larger issue is "the degree of validity and credence to be given to Soviet and Egyptian assurances" that they would abide by the cease-fire agreement. These were bound to have an effect on the climate of the present peace effort, he said.

Eban said there is still material being transmitted to Washington containing Israel's evi-

dence of the cease-fire violations and it is "impossible for me to believe we won't reach a common understanding."

Eban said he didn't know what could be done to bring about a removal of the missiles, but he said Israel at least expected a "frank acknowledgment" from Washington that indeed violations were taking place.

MORE FIGHTING
Commenting on the delay in negotiations under U.N. peace envoy Gunnar V. Jarring, Eban

suggested this was caused by Israel's "urgent preoccupation" with the cease-fire issue and Arab refusal to appoint foreign ministers as their representatives to the talks.

In another development stemming from the cease-fire, Yasir Arafat, chief of the Palestine guerrillas, said Sunday in Amman he expects further fighting between his commandos and the Jordanian army. He claimed four brigades of Jordanian troops were ringing Amman in preparation for a new crack-down in the guerrillas during the cease-fire.

Russian Spaceship To Explore Venus

MOSCOW (AP) — The Soviet Union today launched an unmanned space probe to explore the planet Venus.

Tass said the spaceship, which it called the "automatic interplanetary station Venus 7," would "continue the exploration of the planet Venus, which was carried out earlier by Soviet automatic stations."

It said the spaceship was launched at 8:38 a.m. Moscow time — 1:38 a.m. EDT — and together with the final stage of the rocket carrier was put into an interim orbit of the earth.

At 9:59 Moscow time, the re-

port continued, the engine of the final stage was switched on for just over four minutes to boost the rocket out of orbit and on its way.

Tass said at noon Moscow time — 5 a.m. EDT — Venus 7 was more than 25,000 miles from earth.

"Venus 7 was put into a trajectory close to the present one," the Soviet news agency said. "All the systems and scientific equipment on board the station are functioning normally. The flight is controlled by the long-distance space communication center."

Ho Chi Minh Wins Victory In Viet?

WASHINGTON (AP) — Failure of the American people to persevere handed Ho Chi Minh a victory in Vietnam, former White House aide George Chris-

tian said in a book published today.

Christian, press secretary to President Lyndon Johnson, said that by late 1968 the question facing the administration was no longer a choice between hawk and dove, or military and civilian.

"The question was how to resolve a war that no longer had enough support, in the Congress or abroad in the land, to carry it to a conclusion through the established strategy."

Christian's book "The President Steps Down," concludes: "Ho Chi Minh had won the battle of perseverance."

"The greatest misjudgment in Washington was not in military tactics," Christian wrote, and "not in underestimating the enemy, but in over-estimating the American people."

Christian says Hubert Humphrey was Johnson's personal preference for the 1964 Democratic vice presidential nomination, and as the 1968 presidential candidate.

In a recent magazine article, extracted from an upcoming book, former White House Chief of Staff Kenneth O'Donnell said Kennedy forces maneuvered to impel Johnson to take Humphrey as a running mate in 1964.

"Johnson felt great personal affection for both Hubert and Muriel Humphrey," Christian wrote.

"In the Senate, Humphrey was far and away his favorite liberal.

EX-STRIPPER CANDY BARR

Candy Whips 'Weed Count'

BROWNWOOD, Tex. (AP) — Marijuana possession charges against former night club stripper Candy Barr were dismissed in a 30-second hearing here today.

The state said it was dropping the charge because of lack of evidence, and Dist. Judge Joe Dribell ordered the case dismissed.

Candy Barr was not in court to hear the decision.

Dribell refused to quash the indictment in a pre-trial hearing last Thursday. But he sustained a motion withholding certain evidence from being submitted on the grounds that the search warrants were improperly issued.

The evidence gathered during the search was said to have included marijuana seeds, which the police claimed had been found in Miss Barr's room.

Dist. Atty. George Day said he had no other evidence to offer.

Racial Woes In Hollywood

HOLLYWOOD, Fla. (AP) — A police chase of two black youths touched off a wave of shooting, firebombing, rock throwing and vandalism in Hollywood and Dania Sunday night and early today as racial violence spread through Broward County.

In Pompano Beach meanwhile police reported a third successive night of sporadic firebombing and ordered their patrols beefed up for tonight. All police leaves were canceled.

Authorities said all areas were quiet at dawn. No injuries were reported in any of the outbreaks Sunday night, although Dania Police Chief Edward Baxter said three of his department's cruisers were caught for a short time in a cross-fire by snipers.

Authorities traced the disturbances in Dania and Hollywood to an attempt by police in nearby Davie to question two young Negroes. Police said they suspected the car might be carrying stolen goods.

OIL IMPORTS RECOMMENDATION

WASHINGTON (AP) — President Nixon has accepted a recommendation that consideration of a tariff system to regulate foreign oil imports be discontinued and that the United States continue instead with efforts to improve the current import quota system, it was announced today.

The recommendation was made by George A. Lincoln, director of the Office of Emergency Preparedness, in a letter to Nixon.

Poison Gas Ship Heads For 'Grave'

ABOARD THE USS HARTLEY (AP) — A rusty surplus Liberty ship carrying a cargo of nerve gas and several rabbits wallowed through the Atlantic under tow today, headed for a watery grave 252 miles east of Cape Kennedy, Fla.

The LeBaron Russell Briggs is scheduled to be scuttled in 16,000 feet of water Tuesday, carrying with her to the bottom 418 steel-jacketed concrete vaults containing more than 12,500 nerve gas rockets.

The way for the controversial disposal of the deadly gas was cleared Sunday when Florida Gov. Claude Kirk and the Environmental Defense Fund said they were abandoning a court fight against the Army's plans to rid itself of the rockets. They claimed the gas represented an extreme danger to the ocean environment.

In a rare Sunday session, the U.S. Court of Appeals in Washington upheld a district court's refusal to grant Kirk and the defense fund an injunction barring the disposal plans. But it said the Briggs must remain in port at Sunny Point, N.C., until 10 a.m. today to give Kirk and the defense fund a chance to carry an appeal to the U.S. Supreme Court.

The appeals court announced some two hours later, however, that Kirk and the group were quitting the court fight and the Briggs, which originally had been scheduled to get under way Saturday, moved out with a tug supplying the power.

Providing escort were a back-up tug, the destroyer escort Hartley and the Coast Guard cutter Mendotta.

When the convoy reaches the disposal area, a 14-man team of specialists will board the Briggs, checking first the rabbits. They are sensitive to gas, should any of the vaults spring a leak.

Storm Relief Fund \$1,111

The local Red Cross chapter announced today that gifts for the aid of victims of Hurricane Celia amounted to \$145 over the weekend, and the total contribution locally is \$1,111.50.

The Big Spring area has been asked to raise \$4,240. Those who will lend a hand in the vast program of repair and rehabilitation in the wake of the disastrous storm are requested to make checks to Red Cross, mark them "Hurricane Celia" and mail to P.O. Box 1970. All such monies will go directly to the storm relief program.

BOMBERS ATTACK IN FORCE — Nearly 100 of the U.S. Pacific force of B52 bombers dropped bomb loads Sunday and Monday against the new Communist offensive in the northernmost provinces of South Vietnam. Flying from bases at Guam, Okinawa and Thailand, the big bombers hit North Vietnamese supply and staging areas on both sides of the Laotian border.

Hunt For Suspected Commie Shotgun Slipper Broadens

SAN FRANCISCO, Calif. (AP) — The search for Angela Davis broadened today after a federal attorney confirmed that the self-professed Communist and former university philosophy instructor bought the shotgun that killed Judge Harold J. Haley.

The judge and three other men were killed Aug. 7 during a gunbattle that followed a courtroom kidnaping at San Rafael, across the Golden Gate from San Francisco.

Miss Davis is charged with

one count of murder and five counts of kidnaping under a California law which holds anyone who aids a major crime as guilty as the direct participants.

TRACE GUN
Jerrold Ladar, assistant U.S. attorney, said Sunday a serial number check showed the shotgun was purchased at a San Francisco pawn shop Aug. 5 by the former UCLA instructor who the regents refused to rehire.

The search for Miss Davis

ranged from the West Coast to Birmingham, Ala., and abroad after Ladar disclosed that Miss Davis, 26, had a passport.

Early reports about the possible whereabouts of the attractive black educator with a high Afro hairdo had included Canada. Ladar said a passport was not needed to enter Canada, but would be necessary to go from there to any other country.

FEDERAL WARRANT
As the FBI joined in the search on a federal fugitive warrant charging unlawful flight to avoid prosecution, reports persisted that Miss Davis might be in Birmingham Ala., her birthplace.

Maj. David Orange, head of the Jefferson County (Ala.) sheriff's intelligence force, said he is convinced that she is still in Birmingham.

An informant told officers Miss Davis had attended a Black Panther party meeting in Birmingham last Friday night, he reported.

In San Francisco, Ladar said Miss Davis was reported to have been a frequent companion of Jonathan Jackson, 17, one of those killed in the shootout at the Marin County Civic Center.

CLASSES AID BIBLE FUND

Sunday School classes and individuals had responded today to help increase the Bible Class Fund for the High School.

Since this program cannot be financed with public monies, it must again this year be continued for the enrichment of young people's minds, through private subscription.

The Herald, in cooperation with the sponsoring Howard County Ministerial Fellowship, is serving as clearing agent. You are invited to assist in this program, and may do so by making your check to "Bible Class Fund" and mailing it to The Herald for acknowledgment.

'Lost' Odessa Teen Says Saved 'By An Act Of God'

RUIDOSO, N.M. (AP) — A young Odessa, Tex., teen-ager, who wandered for eight days in the rugged mountains of central New Mexico before being found Sunday, says he was saved "by an act of God."

Leslie Hamrick, 16, appeared dazed and in shock when found in an isolated restaurant near the top of 12,003-foot Sierra Blanca Peak.

Doctors in Ruidoso said Hamrick was in satisfactory condition.

Hamrick disappeared Aug. 7 while hiking with two companions from an Odessa church group camped at Bonito Lake in the Lincoln National Forest.

The two companions became tired and stopped to rest, but Hamrick continued hiking. He wasn't seen again until Sunday. Hamrick's shoes were worn thin and his pants were in rags

from the eight-day ordeal when he was found by Roy Parker, manager of the Sierra Blanca ski lift, and his assistant, in a restaurant at the ski lift's uppermost station.

"I've been lost for 10 days," were Hamrick's first words. "Honest to God, I've been lost." Later Hamrick told Lincoln County Deputy Sheriff James Fitzgerald, who directed the search, that he was "saved two weeks ago."

Hamrick said it was the Lord's will that he "came out all right."

"I think he had been up there all the time, right in the area we've been looking for him. We've had 600-700 men sweep that area at one time or another," a U. S. Forest Service ranger said. "But where ever he's been, we're just tickled that we've found him and he's alive."

I'LL BE ALL RIGHT — A blast victim at a department store on Columbus, Ohio's, far east side tries to reassure a concerned friend that she will be all right. Twenty persons in all required hospital treatment Saturday following blasts at two stores at opposite ends of suburban Whitehall. Three additional explosive charges were found in other parts of the city, all reportedly diversions for a robbery.

Accused Bomber's Leg Might Delay Hearing

COLUMBUS, Ohio (AP)—Ar-
him down about 100 yards from
the explosion site.
A spokesman at Lockbourne
Air Force Base, south of here,
Harris' duty station, said Har-
ris admitted being in financial
trouble, but did not elaborate.
An Air Force spokesman said
Harris, who was promoted to
first lieutenant just 13 days be-
fore the bombings, was a "good,
but not outstanding officer."
The spokesman said Harris
attended the Air Force Acad-
emy in Colorado Springs,
Colo., from June, 1964, until the
summer of 1966 when he
dropped out because of low
grades.
He then entered Oklahoma
State University and earned a
bachelor's degree in 1969.

Whitehall police said the
bombs were apparently intend-
ed as diversions for a robbery
attempt.
BAD GRADES
They said Harris tried to rob
the Zayre's store after the
blast, but got no money. Harris

Gunshot Victim Transferred

Mrs. Madge Lavallee, 44, who
received a gunshot wound in the
left chest Saturday night, was
air-evacuated to Lackland Air
Force Base, Sunday.

According to medical officials
at the Webb hospital she was
in fair condition when she de-
parted for Lackland.

The shooting incident was
reported to hospital officials
about 7 p.m. Saturday by T.Sgt.
Gerald M. Lavallee, her hus-
band. Mrs. Lavallee underwent
emergency treatment for a
bullet wound in the left chest.
The bullet exited the body in
the left portion of her back.

Security police officials at
Webb said this morning they
are still investigating the in-
cident, which apparently oc-
curred in the residential area
of Webb.

Heavy Water Loss As Main Severed

ARDMORE, Okla. (AP) — A
construction worker severed a
20-inch water main with a ditch-
digging machine Friday causing
Ardmore to lose 4 to 6 million
gallons of water.

City officials asked residents
to curb usage of water.
The loss, equivalent to one
day's supply occurred in a five-
hour period that ended at noon
Friday.

Ransom Note Death Threat Is Discounted

MONTEVIDEO, Uruguay
(AP) — Uruguayan police noted
several major differences Sunday
night between a new ran-
som note delivered to a Brazil-
ian newspaper and earlier con-
firmed notes from antigovern-
ment rebels holding an American
agronomist and a Brazilian
diplomat as hostages.

The police said they doubted
the message's validity or that
its threat to kill Brazilian consul
Aloysio Mares Dias Gomide
came from the Tupamaros
guerrillas.

Brazilian police brought the
communique to Montevideo Sun-
day afternoon. Delivered to a
paper in Porto Alegre, Brazil, it
said Dias Gomide's execution
date would be set unless the
Uruguayan government re-
leased 183 prisoners by 11 a.m.
Tuesday.

FORGETS FLY

The note did not mention
Claude L. Fly, 65, of Fort Col-
lins, Colo., an advisor to the Ag-
riculture Ministry who was kid-
naped Aug. 7. Dias Gomide, 41,
and Daniel A. Mitrone, 50, of
Richmond, Ind., were abducted
July 31. Mitrone was murdered
Aug. 10 after the government
refused to comply with a guer-
rilla ultimatum demanding that
all political prisoners be re-
leased. President Jorge Pacheco
Areco said the prisoners were
criminals, and he has re-
fused to negotiate with the Tu-
pamaros.

Police sources said the mes-
sage from Brazil was discount-
ed because it was handwritten
instead of typed or mimeo-
graphed, was numbered 14
when the last confirmed mes-
sage was numbered 10, and the
government is holding 206 sus-
pected Tupamaros instead of
183.

The last confirmed message
from the kidnapers was deliv-
ered last Tuesday, along with
letters from Dias Gomide and
Fly to their wives. Since then
there have been four other notes
which the police believe were
false.

DRAGNET

Meanwhile, private houses,
hospitals and churches were
searched as 12,000 police and
soldiers continued the dragnet
for the missing foreigners and
their captors.

Sixty persons have been ar-
rested during the search, includ-
ing Raul Sencid, 44, founder and
one of the top leaders of the Tu-
pamaros, who had been a fugi-
tive for six years.

Borden Residents Relive Land Rush Days Sunday

By HOWARD SIMMS
GAIL — Folks from all over
gathered at Gail Sunday to
share memories and take part
in the festivities surrounding the
dedication of the "Land Rush"
historical marker and the ex-
panded Borden County Histor-
ical Museum.

Blue and white name tags
were given out to the more than
500 who registered, although
officials said many who at-
tended did not register and are
not included in that count.

Open house was held all day
at Borden County High School
with coffee and doughnuts in
the morning, a hearty barbecue
dinner at noon, and cookies and
iced tea in the afternoon. Vis-
itors had a chance to inspect
the new remodeling and addi-
tions to the high school.

OPEN-AIR CHURCH

An open-air church service
was held in the morning, with
a tent and parachute awning
as respite from the sun, with
four ministers, the Rev. Roy
Haynes, the Rev. Phil Lopes,
the Rev. Elra Phillips, and the
Rev. John Reece officiating.

Rich Anderson was announcer
at a recognition and awards
presentation at 11:15 a.m. when
Mrs. Sybil Gilmore, Mr. and
Mrs. Vivian Clark, and Mrs.
Edna Clark Miller were given
special recognition for their
work on the museum and for
the gathering of historical infor-
mation for the historical
marker.

Other awards went to the
oldest native of Borden County
present, Mrs. Pearl Johnson
Keene, born in 1892, the oldest
woman present, Mrs. George
Clark, born in Clovis, N.M., 86
years ago, who was also the
oldest Borden settler, having
arrived at Gail with her family
in 1892, and to "Uncle" Ben
Jenkins, the oldest man present,
88.

Mrs. Ellen Johnson Davidson
was the schoolteacher who had
taught earliest in Borden
County, teaching at Rogers
School in 1914 and 1915, and
Mrs. Alma Taylor Cathey was
the oldest county official, county
treasurer for 27 years. The Rev.
Haynes was recognized as the
minister who has been in Borden
preaching longest in Borden

County, although he has only
been at Gail for a few years.

FIGHT RELIVED

After lunch the dedication of
the Land Rush Marker was
highlighted by a re-enactment
of one of the early fights to be
first in line at the county clerk's
office.

First the courthouse door was
held by a line of cowboys
wearing blue armbands. The
settlers, wearing red ribbon,
arrived by wagon, organized a
charge, and displaced them.
Reinforcements for the cowboys
arrived by horseback, and while

the counterattack was in
progress the modern counter-
parts of the Turner sisters
sloped inside, and "Kate
Turner" filed the first claim.
This actually happened,
although historical data is in-
complete, probably because the
men refused to remember that
they were bested by a pair of
females.

MARKER DEDICATED

Tom Bouchier dedicated the
Land Rush marker, and Brud
Boren, Judge C. C. Nunally, and
Dr. W. C. Holden combined for
the museum dedication.

Visitors spent the rest of the
day catching up on old acquain-
tances, looking at the historical
exhibits in the museum and
courthouse, and trying out the
cell in the old county jail, built
like a safe in 1896. Many of
the people had taken time to
dress up in pioneer costumes,
with girls in sunbonnets and
early day "granny" dresses.

'Strong Man' Vows Reform

SANTO DOMINGO (AP) —
Dominican President Joaquin
Balaguer was inaugurated for a
second four-year term Sunday
and promised his administration
now will emphasize agrarian re-
form.

The 64-year-old bachelor told
a cheering, invited audience of
white-suited military officers,
diplomats and other guests that
large landowners in the strif-
torn republic will lose some of
their holdings unless they
cooperate with the government.
"Land belongs to those who
work for it," Balaguer said,
urging those with large idle
tracts to invite industry to use
them so the country can grow.

Santo Domingo was under vir-
tual military occupation for the
inauguration. More than 60 peo-
ple have been killed in shootings
in the past three weeks, and
Balaguer admitted during his
address that thousands have
been victims of terrorism and
political strife since the 1965 civil
war.

quarters east of here Sunday
night. An electrical short was
blamed.

Rally Honors Slain Medic

MATHIS, Tex. (AP) — About
700 Mexican-American members
of MAYO (Mexican-American
Youth Organization) staged a
six-mile march and rally Sunday
to honor the birthday of Dr.
Fred E. Logan Jr., the Mathis
osteopath who was shot to death
July 11 by a deputy sheriff.

Dr. Fred E. Logan Sr. spoke
at the rally honoring his slain
son, saying he would continue
operation of the Mathis clinic
which his son had operated.

Other speakers included Math-
is Mayor Winston Bott and
MAYO leaders from Mathis,
San Antonio and Houston.

Young Logan was shot to
death by Deputy Eric Bauch
during what Bauch said was a
scuffle when he tried to arrest
the physician for drunkenness.
Logan would have been 32
Sunday.

W. LLOYD LANE
PRESIDENT

OPEN LETTER TO OUR CUSTOMERS:

I came with Texas International as president and chief executive officer on March 24, 1970, along with Mr. Robert L. Sicard who at the same time became executive vice president. As such, we represent "new management," although, with a few changes and some streamlining, we have many of the same sturdy people who have seen Texas International expand to its present nine-state and Mexico operation and move from propeller to all-jet equipment.

As it affects you, the customer, the revitalized management team has put first and continuing emphasis on performance. This is in clear recognition that our one and only product is air transportation. And, frankly, if it is going to sell it must be dependable air transportation. While this may not always have been the case with our company, I wanted to call to your attention certain facts which I know are of importance to you in deciding whether to depend upon and use the advantages of air transportation.

Our completion factor moved from 92% to an average all-time high of 99.3% in June. We expected to move it higher and did achieve 99.4% in July. This factor reflects the percentage of schedule miles which are actually flown. Or, put another way, it reflects that our flight cancellations have been dramatically reduced.

Our on-time performance for all flights in the system rose to 78.3% in June which was an increase of 34.3 percentage points over the highest month of the first quarter. Our goal was to improve this in every way possible and in July we attained an 80.9% on-time performance which is in the very upper range of performance for all air carriers.

Perhaps you have been among those who have been concerned, and rightly so, with the dependability of our service. I hope you will feel, as I do, that the foregoing facts speak for themselves on this score, and I invite you to use and depend upon Texas International whenever and wherever it can serve you.

Sincerely yours,
W. Lloyd Lane

Couple Planning September Rites

Mr. and Mrs. Dub Coates of Coahoma announce the approaching marriage of their daughter, Donna Lee, to Lynn Baize Gannaway, son of Mr. and Mrs. Bill Gannaway of Abilene. The couple plans to be married Sept. 4 in the home of the bridegroom's parents.

Couple United In Marriage

Miss Joy Lynn Oaks and Marion Lea Snell were married Sunday afternoon in the First Baptist Church of Ackerly by the Rev. J. D. Mabry of Lamesa. The bride is the daughter of Burton Oaks of Ackerly and the late Mrs. Ruby Oaks, and the bridegroom is the son of Mr. and Mrs. M. L. Snell, Ackerly.

Wedding vows were exchanged before an altar enhanced with an arch entwined with greenery and topped with wedding bells. Candelabra and greenery with white bows flanked the arch. Mrs. Thomas Horton and Mrs. Wayne Webb, both of Ackerly sang "The Twelfth of Never" and "Whither Thou Goest." Miss Neoma Ruth Brooks played the organ and

Mrs. Bill Hambrick was pianist. The bride was given in marriage by her twin brother, Roy Oaks. She was attired in a lace gown with lace-covered bodice and elbow-length sleeves. Seed pearls accented the bodice, and the A-line skirt was highlighted with rose lace appliques with seed pearls. The train was held by a wide bow and decorated with matching appliques. Her shoulder-length veil was held by a headpiece of lace flowers surrounded with pearls, and she carried a bouquet of white carnations centered with pink roses and showered with pink ribbons.

Mrs. Earl Ramsey, Loraine, sister of the bride, was the matron of honor, attired in a pink crepe Empire dress accented with white lace at the neckline. Miss Beverly Snell, cousin of the bride, was a bridesmaid. She was dressed identically to the matron of honor and both carried a bouquet of pink and white carnations.

Dan Newsom, Vealmoor, was the best man, and Duane Snell of Patricia was the groomsmen. Ushers were Lanny Roberts of Patricia and Lanny Fryar, Lomax.

Donna Oaks was the flower girl, dressed identically to the other attendants. Todd Schafer, Garden City, was the ring bearer. The altar tapers were lighted by Danetta Schafer, Garden City, and Steve Bodine.

The wedding reception was held in the bridegroom's parent's home. The refreshment

A LOVELIER YOU Teen Skin Requires Cleanliness, Dieting

By MARY SUE MILLER Since teens were tots, mothers have been preaching cleanliness how-to. And it has paid off, according to a survey of 200 teenagers. Three-quarters of the teens questioned maintain a daily bath schedule; only three per cent bathe less than twice weekly. Those figures should knock the props from under critics of youthful grooming.

Of course, many factors are involved in being well-groomed, but soap-and-water is basic to the project. In addition, it is absolutely vital to that lovely complexion all girls dream of.

Girls do fuss and fume over skin problems. Girls try one "cure" after another. Neither tack works. Here's what does:

- Keep It Clean! Lather up several times daily; more often when skin is oily or disturbed. Massage in suds with fingertips, rinse well and pat dry.
- Play It Cool! Avoid extremes of hot or cold water; warm and cool's the rule. Too, handle your skin with a soft touch. Never rub it to a nub.
- Put It On A Diet! Put a checkrein on fries and gooey.

But don't skimp on external "feedings" — treatment lotions and potions.

● Let Well Enough Alone! Never squeeze blemishes; apply a medicated remedy. With widespread blemishes, go at once to a doctor. Lest serious acne result.

● Be True To Thine Own Skin! Avoid any product from soap to powder base unless it is formulated for your type of skin. Only ask and you will be guided at your favorite cosmetic counter.

Is acne your problem? If so write to Mary Sue Miller in care

E. G. Newcomers Go To Reunion

KNOTT (SC) — Rev. and Mrs. E. G. Newcomer and the Earl Newcomers have returned from attending a family reunion in Cleburne.

Visiting in the home of Mr. and Mrs. Billie Gaskins over the weekend were Mr. and Mrs. Gary Gaskins and Kim of Duncan, Okla.; Mr. and Mrs. N. A. Jones, Midland; and Mr. and Mrs. Don Carlisle, Mr. and Mrs. Charlie Martin, Mr. and Mrs. Jimmy Bailey and Mr. and Mrs. Pete Denton, all of Odessa.

Bride Feted At Wednesday Party

Miss Maria Benitez, who became the bride of Lt. Frank Smart Saturday in Webb Air Force Base Chapel, was feted Wednesday with a bridal gift shower in the Pioneer Gas Flame Room.

Refreshments were served by Miss Kathy Valdes and Miss Ileana Valdes from a white lace-covered table underlaid with blue. A heart of blue netting and flowers centered the table.

Hostesses were Mrs. Al Valdes, Mrs. Jim Corbell, Mrs. Horace Davis, Mrs. Robert Smith, Mrs. Don Worthan and Miss Neva Griffith.

BRUSH WITH BYGONE DASH OF CAVALRY Tributes To Fallen Warriors

(AP WIREPHOTO)

ARMY BLACKSMITH — SP/5 Robert Bowmaster of Lincoln, Neb., inspects a horseshoe in the stable area at Fort Myer, Va., where he tends the needs of the 28 mounts of the Caisson Platoon of the 3rd Infantry's 1st Battalion. Horses are mainly used at funerals in Arlington National Cemetery.

(AP WIREPHOTO)

A FINISHING TOUCH — Pfc. Daniel O'Donnell of Baker, Mont., works on a new wheel for one of the caissons at Fort Myer, Va. The wheel was built in a prison. When needed it will replace any damaged on the caissons which are replicas of a 1918 model built to carry 75 millimeter cannon.

FT. MYER, Va. (AP) — The last horse soldiers in the U. S. Army nurture the tradition of boots and saddle in this venerable post nestled in Arlington National Cemetery.

Their chief duty is to carry soldiers to honored graves in the cemetery of heroes across the Potomac River from Washington.

Beautifully matched horses draw a sleek black caisson through the hills that were once Robert E. Lee's plantation to a serene slope. The creak of leather and clasp of hoofs subside and a flag-draped coffin is hoisted from the gun carriage.

MOVING TRIBUTE

For the computer-age soldier this funeral ride may be the only brush with the bygone dash and splendor of cavalry and saber. It is a fitting and moving tribute to the military man.

President John F. Kennedy took this ride to a final rest on the emerald lawn of Lee's former mansion-a riderless black horse, with boots reversed in stirrups following to symbolize the fallen warrior.

Another horse with empty saddle followed Abraham Lincoln's remains to the Capitol's Rotunda where the slain chief lay in state.

The caisson procession has borne Franklin D. Roosevelt, Herbert Hoover, Douglas MacArthur, Dwight D. Eisenhower and a host of lesser known soldiers, sailors, airmen and Marines.

SIX ARE SADDLED

The full-honor funeral is accorded presidents, former presidents, commissioned military personnel senior to the rank of warrant officer and certain prominent civilians who have served in the armed forces.

The 30 soldiers and 28 mounts of the Caisson Platoon, 1st Battalion, 3rd Infantry — the "Old Guard" Division which also provides sentries for the Tomb of the Unknown Soldier—take part in an average of two military funerals a day.

A team of six horses hitched in pairs—matched grays one week and blacks the next — pulls the caissons, which are replicas of a 1918 model built to carry 75 millimeter cannon.

All six horses are saddled but only the near-side, or left, horses are mounted, a tradition from the day of horse-drawn artillery when one horse of each pair carried provisions.

OKLAHOMA OR TEXAS

The sergeant in charge of the detail precedes the caisson, riding an unhitched horse. All riders are in dress blue uniforms with riding breeches, shiny black boots and sparkling spurs.

The platoon, which includes a stablemaster, blacksmith and saddlers, is the only active Army unit authorized to use horses. It takes three to six months to train an infantryman in the requisite equestrian skills.

The mounts are quartered in a long, red brick stable on picturesque Ft. Myer, which dates back to the Civil War. They are all light draft geldings and most come from Oklahoma or Texas.

In addition to funerals the caisson platoon takes part in historical ceremonies and special military pageants.

In retirement ceremonies the honored soldier rides in the unit's brougham coach or the tally-ho wagon. When a soldier of the Old Guard marries, the bride and groom leave the chapel in the coach.

TDNA Panel Mulling Ads

LONGVIEW, Tex. (AP) — A panel on retail advertising was the morning highlight of the Texas Daily Newspaper Association's summer meeting as it began two days of business sessions today.

Panelists in the morning session were William Zeiss of the Tyler Courier-Times & Telegraph; Tom Huddleston of the Shreveport Times & Journal and Bob Solender of the Dallas Times Herald.

Mrs. Carl Estes, the publisher of the Longview Daily News & Daily Journal, entertained the wives of the publishers at her home this morning at a coffee.

There were more than 70 publishers and executives registered representing 82 newspapers in Texas, Louisiana and New Mexico serving a combined circulation of three million readers. Total registration including wives and personnel of related industries exceeded 140.

The convention ends Tuesday at noon.

Car Wrecks Kill 20 Over Weekend

By The Associated Press

Violent death in Texas over the weekend had a slow start but by late Sunday the count had climbed sharply with auto accidents leading the death parade.

The Associated Press started tabulating weekend violent deaths at 6 p.m. Friday and continued until midnight Sunday.

Just before midnight Sunday, the grim toll was 28 dead with 20 victims in car wrecks and the rest in various incidents. Most noticeable was the low number of murders which routinely adds to the violence each weekend.

GIRL DROWNS

A 2-year-old Dallas girl, Cassandra Fischel, drowned Sunday when she darted ahead of her grandfather and leaped into a swimming pool.

Larry Lewis, 19, of an Amarillo rural route was killed Sunday when his car slammed into a trailer parked by the road-

side. The accident occurred on U.S. 287 near the Panhandle town of Claude.

Jo Ann Teel, a 1-year-old Fort Worth girl, was killed Sunday when she was struck with a baseball bat in the hands of her five-year-old sister. The accident occurred as the children played baseball at their grandmother's home.

Mrs. Josephine R. Gonzales, 62, was killed as she attempted to cross a Houston street Sunday. Police held the automobile driver.

BANGS POLE

Abraham Godfrey, 33, of Houston was killed Sunday when his pickup truck left a Houston street, struck a utility pole and then bounded to the street's opposite side and hit another pole.

Jose Olivares Elizondo, 58, of Mercedes was killed when two cars collided on Farm Road 88 about a mile south of Elisa in the Lower Rio Grande Valley.

Jack Woltz Jr., 16, of Lufkin rural route was killed Sunday when his car veered off Farm Road 843 and hit a tree north of Lufkin.

Roland Maldonado, 14, of Brownsville was killed Saturday when his auto was involved in an accident on a Brownsville expressway.

J. C. Bride of Irving drowned Sunday when his boat and another powered craft collided on Lake Grapevine. Dragging operations continued late Sunday.

STRIKES TRIKE

Jimmy Dean Carver, 7, of Marshall was killed Sunday when he was struck by a car as he rode his tricycle across the intersection of U.S. 80 and Texas 154. Officers said the accident occurred just outside the Marshall city limits.

'Very Lively' Water Meet

LONGVIEW, Tex. (AP) — The Cherokee Water Co. was to meet tonight in a "very lively" session to discuss the long-festering controversy over a contract between the company and the city.

The water company supplies the city with its water.

The meeting was called Sunday to "work out a more favorable" amendment to a contract with the city, said Robert Cargill, president of the water company.

H. C. Chittenden, chairman of the Association of Cherokee Shareholders, said he doubts the amendment will be more favorable to the company's shareholders. "It is certainly not acceptable to a majority of the stockholders," he said.

The city contracted with the company in 1948 for 16,000 acre-feet of water per year at a one-cent per thousand gallons rate.

"We think we ought to get three cents per 1,000 gallons with no maximum and be able to reopen the contract every few years," Chittenden said.

The 1948 contract with the water company was amended in 1969 to provide for a maximum annual payment of \$25,017.

The permit proposed by Cargill would have allowed Longview to draw 16,000 acre-feet of raw water — an annual payment of about \$45,000 according to minutes of the city commission. But at a July 8 commission meeting the ceiling was hiked to a maximum of \$52,132 which Chittenden says is insufficient.

Booze Operator Pleads Innocent

DENVER (AP) — Jacy Milton, accused of turning out 200 gallons of bootleg booze a week, pleaded innocent in federal court Friday to federal charges of illegal manufacture of liquor.

Milton was arrested in a raid on a house about two miles from Fort Lupton. Karl Terlau, federal investigator, said a still found in the house was capable of producing up to 200 gallons of whisky a week. Milton went free on \$500 bond.

Thunderstorms Darting Across Texas Panhandle

By The Associated Press
Weathermen held out hopes for scattered thundershowers in the Texas Panhandle and Southwest Texas today after a band of light showers pelted the Panhandle Sunday night and early today.

Skies were to be clear to partly cloudy with only minor temperature changes in other areas of the state.

Dalhart received 1.4 inches of rain and Amarillo recorded a trace Sunday night. The band of showers stretched across North Texas early today but the remainder of Texas was clear of clouds. Early morning tem-

N. Carolina Lad Is Winner Of Soap Box Derby

AKRON, Ohio (AP)—Thirteen-year-old Samuel Gupton of Durham, N.C., bested 259 other boys in the 33rd annual All-American Soap Box Derby here Saturday to win a \$7,500 college scholarship.

Gupton, a five-foot-two, 90-pound eighth grader who likes to build bicycles and play baseball and wants to become an engineer, had beaten 50 contestants in the Durham race to win the trip to Akron.

A record crowd of 73,000 people watched Gupton's victory. Gupton had entered the soap box derby in Durham last year, but lost in the second heat. He spent an estimated 1,000

hours building a new black racer for this year's race, and his racer won the best design award for the Durham running.

Burns Are Fatal

HOUSTON (AP) — John Thomas McDonald, 56, died Saturday from burns suffered in a fire at his residence. McDonald was the only occupant of the two-story wood frame apartment building.

Open To Negroes

HOUSTON (AP) — A federal judge ruled Friday that Negroes must be allowed to join the Cork Club of Houston if they meet the criteria of good character and have good credit.

Reading Words

CHICAGO (AP) — An adult's average reading vocabulary ranges between 30,000 and 40,000 words, says a language specialist.

Dr. William A. LaPlante, director of curriculum and materials development for Borg-Warner Educational Systems, said despite the impressive number there are only about 300 words that make up about 50 per cent of the words most frequently appearing in normal adult reading material.

A teaching system he has devised with the aid of audiovisual systems teaches that the 300 word vocabulary was devised through research. It showed that it was essential to a youngster's needs.

Horoscope

TOMORROW
—CARROL RIGHTER

GENERAL TENDENCIES: A good day to accept an opportunity now present to get into those long-range plans and to make them concrete as you wish and without the delays or limitations that usually attend such activities. By your own steady persistence, you are able to put in motion your most down-to-earth desires.

ARIES (March 21 to April 19) Talk over with experts just how to make financial and property matters work more to your benefit. Close files will give you the able support you need. Be happy with those you love tonight.

TAURUS (April 20 to May 20) Now you are able to talk over with those who understand just how you can get ahead faster. They can assist you. Accept social invitation which will help

Big Spring (Texas) Herald, Mon., Aug. 17, 1970 7-A

you attain special aim. Be charming with everyone.
GEMINI (May 21 to June 21) Sit down to a private talk with a bigwig and get the information and backing you seek. You are then able to gain the personal aims that mean so much to you. Be happy with the one you love tonight.

MOON CHILDREN (June 22 to July 21) You have fine new ideas that a good friend can help you put across with ease now. Plan a little trip now that will improve your state of mental and physical health. Be kind to mate this evening.

LEO (July 22 to Aug. 21) You have to get ideas from those who have much experience if you want to handle certain responsibilities in a clever way. Try to please love interest at recreation you both like. Be sure you get bills paid.

VIRGO (Aug. 22 to Sept. 22) Afford a new place with dynamic associate to get ideas from those who have much experience if you want to handle certain responsibilities in a clever way. Try to please love interest at recreation you both like. Be sure you get bills paid.

LIBRA (Sept. 23 to Oct. 22) If it is wise to get busy if you want to eliminate those chores ahead of you, so stop hesitating. Go to expert for tax and other matters you feel you can't handle properly. Don't take chances.
SCORPIO (Oct. 23 to Nov. 21) You

can gain aims of a business or pleasure nature if you cooperate with associate more willingly. Be particularly attentive to mate and get the backing you want. Stop being so defiant.

SAGITTARIUS (Nov. 22 to Dec. 21) Showing loyalty and appreciation to kin as well as interest in what they are doing is wise now. Make your home as attractive and comfortable as possible. Take time to correspond with others who can be helpful to you.

CAPRICORN (Dec. 22 to Jan. 20) Start routine work that brings the right results, even though others want much of your time and energy. Answer letters quickly but carefully. Take more interest in civic matters and gain prestige.

AQUARIUS (Jan. 21 to Feb. 19) Financial affairs should be handled with precision, whether your own or those that concern persons residing with you. Try to live within your budget. Eliminate extravagances that bring nothing in return.

PISCES (Feb. 20 to March 20) Sit down with associates and make progressive plans for the future. State your aims clearly and in simple language. This can be a very important day and evening for you in various ways.

STABBING VICTIM — Virginia Kirsch, a 21-year-old American Red Cross girl from Brookfield, Ohio, was found dead of stab wounds in her South Vietnam quarters Sunday. Her body was discovered in her room at Cu Chi headquarters of the U.S. 25th Infantry, 20 miles northwest of Saigon.

TV, Good Luck Save Teenager

BIRMINGHAM, England (AP) — Ian Hughes, 15, "is always bringing things home and tinkering with them," his mother says. During the weekend he found a live World War II mortar bomb at a building site, brought it home and took it apart. Nothing happened.
 "In 99 cases out of 100, anyone doing this would have been killed," a police expert said. "It was a foolhardy thing to do."
 The boy said he had never handled a bomb before but defusing it didn't worry him—"I'd seen it done on television."

LETTERS TO EDITOR
Thanks Directed To Those Who Helped Park Program

To the Editor:
 During the past week there has been entertainment in the amphitheatre at Comanche Trail Park. The Cultural Affairs Committee of the Chamber of Commerce was the sponsor of this activity.
 I would like to take this opportunity to thank the people who were responsible for the success of this project.
 First, thank you to the co-chairmen, Joe Dunn and Bill Bradley, who were responsible for the talent. Then, thank you for the many fine volunteer performers.
 Thanks to the clubs who ran the concession stand, under the direction of L. Don Flores, and to the civic club members who acted as ushers under the chairmanship of Mrs. Ben Johnson Jr.
 A very special note of thanks to the news media, and also to the merchants who added "Starlight Specials" notes in their advertisements.
 It is the cooperation of all these businesses and organizations that make me proud to be a member of this community.
 MRS. ROY CEDERBERG,
 Chairman, Cultural Affairs Committee

situations that demand a course of action. I should like to use your column to express a bit of what I feel.
 It was a pleasant surprise when I moved to Big Spring, to find myself associated with many people that were dedicated to the true ideal of education — "that is to make, as nearly as possible, the individual into a totally functioning human being." These individuals are too numerous to fully recognize, but I should particularly like to mention Mrs. Olen Puckett (my departmental chairman), Mr. Ray Pope, Mr. John Smith and Mrs. Richard Shaver. These and many others assisted me in my efforts to make the "learning experience" truly relevant and valid.
 To those individuals that I spent many happy and interesting social hours with, my wife joins me in expressing our appreciation for a time spent on more than just frivolous and hedonistic pursuits. Thank you.
 The next people, that I must say goodbye to, were the most important to me and my life in Big Spring. These were the students—the kids—my friends. The students were the ones that made everything possible, and to you—the students—I am most indebted. "Life" is possible, and I firmly believe that this "life" will become more apparent, as those others of us, get to know you better.
 May your days be full; but, most importantly, may they be well spent. To my friends, of all sorts, I give to you my hopes, thoughts, dreams and my love.

BETTER COME CLEAN NOW!!

BIRMINGHAM, Mich. (AP) — A dentist advertised in a local weekly newspaper promising the right dental hygienist \$750 per 12-hour week and:
 A Cadillac convertible, free life insurance, a furnished apartment with all utilities paid, and use of a mink stole on weekdays and a full length mink coat on weekends.
 The dentist, who wished to remain anonymous, told newsmen that the supply of trained hygienists is so short "you have to offer everything to get one."
 Hygienists clean teeth and take X-rays.
 Even if he renegs on his offer, he said, he hopes to hire a suitable hygienist from among the 20 who have applied.

Shot Ends Yello Belly Card Game

DALLAS (AP)—Lloyd E. Lewis, 28, of Dallas, was shot to death during a card game argument at the Yello Belly Drag Strip Sunday, police said.
 Officers said the man was struck once in the heart with a bullet and a man was being sought in connection with the killing.
 Police said three men, including Lewis, were playing cards on the hood of a car parked at the race track.
 Witnesses said a man fled with a gun in one hand and money in another.

They Pay Fines With Bad Checks

TULSA, Okla. (AP) — Court Clerk Don Austin said bench warrants have been issued for the arrest of 20 Tulsans who allegedly paid traffic court fines with bogus checks.
 Austin said the bad checks, written from January through July, involve \$880.80 in fines. The checks range from \$15 to \$179.80.
