## Israel Insisting Cairo Move Missiles

By The Associated Press  
Declaring that Washington's call for Egypt and the Soviet Union to stop violating the cease-fire is not enough, Israel is insisting that Cairo pull back the missiles installed in the Suez Canal truce zone since Aug. 7. Britain threw its support behind U.S. and Israeli charges that Egypt has violated the cease-fire.  
"We too believe there have been violations of the cease-fire standstill agreement," said a Foreign Office spokesman in London.

Jarring is conducting peace talks with representatives of Israel, Egypt and Jordan.  
Mrs. Meir had planned to attend the 25th anniversary of the United Nations late in October, but she now intends to make the trip during the latter half of this month.  
Informed sources said one reason for the change was to avoid conflicting with a possible meeting between President Nixon and President Gamal Abdel Nasser of Egypt.  
**WARNING**  
Israeli Defense Minister Moshe Dayan said he approved of a cabinet plan to give the United States time to get the missiles removed through diplomatic means. But he warned that Israel is capable of "taking

military steps, if needed."  
"We want the violations stopped," declared U.S. State Department press officer Robert J. McCloskey. "In the meantime we believe it is of the utmost importance that the talks between the parties... proceed forthwith."  
It was understood that U.S. Ambassador Jacob Beam in Moscow and Donald C. Bergus, the top U.S. diplomat in Cairo, were asking for a stop to the missile buildup rather than a rollback. Washington reportedly did not want to make its demands so strong that they would prompt the Russians and the Egyptians to abandon the quest for peace.  
**PRESS RUSSIANS**  
Mrs. Meir in a speech to her

Labor party said her government was insisting "that the United States press the Russians and Egyptians to uphold their obligations regarding the maintenance of the cease-fire and military standstill and the return of the status quo at the canal."  
Reliable Israeli sources said the United States had offered to supply Israel antimissile electronic equipment and weapons if there was no demand for withdrawal of the missiles. The sources said the Israelis rejected this as "inadequate."  
Despite the expressed U.S. desire to get the indirect Israeli-Egyptian-Jordanian peace talks at U.N. headquarters moving, Israeli sources said their government would not send its delegate, Ambassador Yosef Tekoah, back to New York until it got satisfaction from the United States.

for the Israeli charges, the semiofficial Cairo newspaper Al Ahram accused the United States of "insisting on accommodating the aggressive and expansionist designs of Israel."  
Elsewhere in the Middle East:  
Lebanese Interior Minister Kamal Jumblatt, the guerrillas' friend in the Beirut government, asked the Palestinians to pull their forces six miles back from the Israeli border. Jumblatt said the guerrilla leaders were considering the request. He said he acted after a stormy session of the Lebanese Cabinet Wednesday in which some ministers "displayed an irrational hostility" toward the guerrillas. Since the cease-fire went into effect, the guerrillas have stepped up border raids against Israel, and the Israelis have struck back against Lebanese villages in retaliation.  
**MORE SLOWLY**  
Jordan's King Hussein sought to ease tension between his army and the Palestine guerrillas with a broadcast appealing for an end to extremism and for unity in the struggle against Israel. "Let the rifles which shoot at our citizens disappear everywhere except the arena of the struggle against Israel," the 34-year-old monarch said. Amman was quiet again Thursday after nearly a week of clashes between the guerrillas and the army and an attempt to assassinate the king.

**SATISFIED KITTY** — Lion cub Tanya has a real satisfied look as she is bottle fed by airline hostess Christine Sanford in Miami, Fla., before starting a flight to Africa. Tanya is one of five lion cubs shipped Thursday to Kenya for use on a movie set. Local laws in Kenya prohibit private ownership of wild animals.

### Bomb Suspect Eludes Trap Of Officers

UTICA, N.Y. (AP) — A young man thought to be connected to the bombing of a University of Wisconsin research laboratory eluded a widespread overnight search conducted by state and local police and the FBI.  
The search was touched off by a policeman in the city of Little Falls, about 25 miles east of Utica, who identified an occupant of a car he stopped as Dwight Armstrong, 18, sought in the Wisconsin bombing. The policeman made the identification from a newspaper description and photograph.  
But today, federal and state authorities said they still were checking the identity to confirm that the individual sought was the same Armstrong named in a federal warrant.  
The youth, and a yet unidentified companion, were stopped in Little Falls for having a faulty muffler. Local police said one of the pair identified himself as Armstrong and produced an automobile license bearing that name.  
Little Falls police said their car had Wisconsin license plates. The two, however, were allowed to proceed when they were not immediately connected with the Wisconsin bombings and a check produced no other outstanding warrants.  
About two hours later, however, a Little Falls policeman, reading a newspaper, saw a picture and description of the wanted Armstrong matched that of the youth stopped earlier in the car.  
State Police and the FBI were then called into the case, police said.

**DEBRIS IN SUEZ** — Two inhabitants of Suez City, Egypt, walk down a street strewn with the debris of war. The buildings were hit by Israeli air and artillery attacks before the cease-fire went into effect between the two nations.

### Says Workers In Bad Mood Over Income

**STORMY SESSION**  
In the first Egyptian comment on the U.S. statement of support

WASHINGTON (AP) — AFL-CIO President George Meany said today the nation's workers will observe Labor Day in an angry mood over inflation and recession, and determined to win big wage hikes at the bargaining table.  
"The only answer to maldistribution of the wealth American workers help create is to give workers a bigger share of the pie," said the leader of the 13.6 million member union federation in a Labor Day message.  
"And, in a single sentence, that's what organized workers are going to be seeking in collective bargaining this year—a bigger share of the pie," Meany said.

The 76-year-old labor chieftain said workers are angry at Nixon administration policies that benefit banks through high interest rates but hurt workers' jobs and income.  
"Production is falling. Jobs are vanishing. Soaring prices are pushing the cost of living to record heights. The workers' buying power is dropping steadily," Meany said.  
Government figures show living costs still rising at a rate of nearly 6 per cent a year, unemployment at a five-year high of 5 per cent and workers' purchasing power nearly one per cent below a year ago despite wage increases.

Meany, who will be President Nixon's Labor Day dinner guest along with more than 100 other labor leaders, said Nixon's economic policies of high interest, tight money and federal spending cuts had resulted in inflation and recession at the same time.  
"The rich and the blue-chip corporations were largely left untouched by the government's tight-money policies. Those who have money to lend are earning record profits," Meany said.  
"But the results for America's wage earners, pensioners, the poor and small businessmen have been anything but bright," said the 76-year-old labor chieftain.  
Meany also refuted arguments that wage hikes cause inflation.

## Nation's Jobless Near 6 Year High

WASHINGTON (AP) — The nation's unemployment last month inched up to a near 6 year high of 5.1 per cent of the work force, while total employment dropped nearly 400,000, the Labor Department said today.

### Paratrooper Game Fatal

EL PASO (AP) — A boy who had been playing a paratrooper game with friends was found strangled to death Thursday night in his home on El Paso's West Side.  
Lonnie Lee Abernethy III, 12, was found by a maid in a bedroom. An electric cord was around his neck and attached to the ceiling.  
An autopsy was ordered by Justice of the Peace Ben Mejia.  
The boy's brother, Charles, 10, told of the paratrooper game Lonnie had been playing.

### Set Deadline For Watson

NEW ORLEANS (AP) — The federal appeals court here set a deadline of Sept. 11 Thursday for the extradition of Charles Watson, charged with murder in the slaying of actress Sharon Tate and her friends, from Texas to California.  
The 5th U.S. Circuit Court of Appeals Monday had ordered Watson's extradition without setting a deadline at that time. The attorney general of Texas had filed a motion with the court asking for immediate issuance of a mandate.  
The court said that any requests for delay of Watson's extradition would have to be made to the U.S. Supreme Court.  
Watson was indicted on seven counts of murder and one of conspiracy in the Tate slayings.  
He has remained in jail in McKinney pending outcome of the appeal.

## 85 PER CENT

The report said the actual number of jobless workers declined 300,000 to a total of 4.2 million last month, but that seasonal factors and a decline of 700,000 in the labor force caused the bureau to compute the one-tenth of one per cent increase in the unemployment rate.  
In the past year, Goldstein said, unemployment has soared 85 per cent among men and 30 per cent each among women and teen-agers.  
The August jobless rate of 5.1 per cent equaled the highest rate since October of 1964.  
The report also said that the factory work week and overtime declined, reflecting the continuing economic slowdown.

### APPEAL GETS RESPONSE

Continued generous response helped push the Bible Class Fund forward Friday, but it is still around \$1,800 short of the amount needed to sustain the program in the high school all year.  
Appeals by the Ministerial Fellowship, which administers the program, stirred a new response, including some most helpful gifts. Among them was another by an old friend, Dr. P. W. Malone, who made a second gift this year to help meet the emergency.

## Here's Mud In Your Eye

GALVESTON, Tex. (AP) — What was at one time called an oil slick in the Gulf of Mexico about 35 miles south of Galveston was identified by the Coast Guard today as mud.  
The Galveston Coast Guard said the area of mud five miles across contains no oil.  
"Brown-colored mud is surfacing, but it's very moderate and causing no alarm at all," an officer said. "We don't know what is forcing the mud up. It's the third time this has happened this year."

### GUNMEN ROB DALLAS BANK

DALLAS (AP) — Three gunmen held up the White Rock National Bank in Northeast Dallas today and fled with an undetermined sum of money.  
The robbery was staged shortly before noon.  
The bank president, Jerry King, said he was not able to determine immediately how much money was taken by the three robbers.

## SISTER-IN-LAW OF SPACE WALKER Says Her Missing Husband Appears To Be In Viet Film

SAN ANTONIO (AP) — "You have to realize," Sharon White said softly, "that each family is looking at this film and grasping for a face. You want it to be these men. You want these men alive so much."  
Mrs. James B. White, sister-in-law of America's first space walker, told what it's like for families searching for their loved ones on a film released by North Vietnam.  
She told it bravely, openly, with no tears, no outward sign of dejection — although she herself still doesn't know if her husband is alive.  
She left for her home in St. Petersburg, Fla., Thursday after spending hours at Randolph Air Force Base viewing a film purporting to show prisoners of war at a religious service.  
The film was aired on television networks Monday night. Mrs. White and her family thought they saw her husband.

"It's him, it's him," Mrs. White said at the time.  
But Thursday she said she could not be sure.  
"There's a strong resemblance — there's no doubt that there's a strong resemblance," she said, "but there is no way of making an accurate, positive identification."  
**STRONG JAW**  
The petite blonde has not heard from her husband, an Air Force captain, since he was shot down in Vietnam Nov. 24, 1969.  
James White, 28, is the son of former Air Force Gen. Edward White Sr. His older brother, Edward Jr., who took America's first space walk in 1965, died in the Apollo I fire in 1967.  
The man in the film "has the same facial features as Jim, the strong jaw line like Jim's," Mrs. White said, but the sequence, which she now has seen about 50 times, was not distinct.  
"I cannot with certainty say it's Jim," she said.  
Nevertheless she referred to the blurred figure several times as "Jim."

Randolph officials said they were urging relatives of prisoners and men missing in action not to come here, but to remain at their homes and wait for enlarged copies of the film which the military will make available.  
Mrs. White, 27, has helped a "Write Hanoi" campaign encouraging North Vietnam to reveal a complete list of POWs and asking humane treatment for captured GIs.  
"You just wonder why they couldn't give us a list," she said. "It's such a small thing."  
Capt. James B. White was stationed here when his brother was lost in the ill-fated Apollo I fire in 1967.

## Ordaz Warns U.S. May Nip Economy Of Latin America

CORONADO, Calif. (AP) — Speaking at a gala state dinner tendered by President Nixon, President Gustavo Diaz Ordaz of Mexico has sounded a warning that U.S. restrictions on international trade may imperil the economy of Latin America.  
It was the one somber note at a gathering of 660 VIP guests from both sides of the border Thursday night devoted mainly to lavish expressions of Mexican-American friendship.  
**IN OUR HEARTS**  
Nixon staged a day-long salute to the visiting chief of state by describing Mexico as "the country we have a special place for in our hearts."  
Nixon staged the glittering show for Diaz Ordaz at the 82-year-old, Victorian-style Hotel

del Coronado just two weeks after reaching a border boundary agreement with the Mexican president in the below-the-border resort town of Puerto Valarta.  
Guests included former President Lyndon B. Johnson, Gov. Ronald Reagan of California and headliners of the U.S. sports and entertainment world.  
**TRUE ALARM**  
In his speech, Diaz Ordaz said he brought "solidarity and affection from the people of Mexico," but had this message of caution:  
"There is true alarm in the countries of Latin America because in the United States protectionist tendencies seem to be gaining strength.  
"Should they prevail, there

will be a tremendous blow to the economy of the rest of the continent."  
He apologized a bit for injecting the serious note after the light-hearted toasts which went before but said he had to make his serious prepared speech because he had already given it out to the news media.  
**ALL THE WAY**  
He was warm in his appreciation of the way "the people opened their hearts" in the gaily decorated city here and he thanked the Johnsons, too, for coming all the way from Texas to have dinner with him.  
Nixon has frequently noted that he and his wife, Pat, honeymooned in Mexico, and Diaz Ordaz said he hopes it's a custom that continues.

# Teacher Fired Over Letter About Nudity To File Suit

DALLAS (AP) — Art teacher Letitia Poe, 27, said Thursday she's going to court over being fired at R. L. Turner High School in suburban Carrollton because she wrote a letter to a Dallas newspaper.

In discharging her Aug. 20, the Carrollton-Farmers Branch school board took the view that her letter "condoned and endorsed public nudity and pornography."

A resolution adopted by the board said there were other reasons for her dismissal but members refused to elaborate.

PATRICIA KRENWINKEL

## Print Found In Sharon's Room Traced

LOS ANGELES (AP) — A fingerprint found on a French door in Sharon Tate's bedroom has been identified in testimony as that of Patricia Krenwinkel, one of three women on trial with clan leader Charles M. Manson in the slaying of the actress and six others.

A police expert also testified Thursday that a fingerprint on the front door of the mansion matched the right ring fingerprint of another Manson "family" member, Charles "Tex" Watson. Watson, indicted with the others, is fighting extradition from Texas.

### FOUND SLAIN

Manson, 35, and his three women codefendants are charged with murder-conspiracy in the August, 1969, slayings.

Officer Jerome Boen said he took fingerprints at Miss Tate's home the morning she was found slain along with four visitors.

Officer Harold Dolan said he compared the prints with those of the defendants, victims and other persons known to have visited the house.

Dolan said he had no doubt that the French-door print matched Miss Krenwinkel's left little finger, and that the front door print matched Watson's.

Miss Krenwinkel's attorney, Paul Fitzgerald, asked Boen how long such a fingerprint could last on a door. Boen said it was difficult to tell, but possibly "up to several months."

### BEER BOTTLE

Outside court, Fitzgerald said later, "I think people are jumping to a conclusion when they feel that fingerprints indicate Patricia Krenwinkel or Charles Watson were present when a homicide was committed . . . They could have been there a year before."

Under questioning by Fitzgerald, Dolan said unidentified prints were found on the French door, front door, windows, screens, on cars outside the house and on a bottle of beer which also bore the print of victim Jay Sebring.

Dolan said 25 prints were found at the home of Mr. and Mrs. Leno LaBianca, stabbed to death the day after the Tate killings, and none matched prints of any defendants.

### WIPE MARKS

Dolan said he carefully searched for prints on a carving fork stuck in LaBianca's stomach, but "there was not so much as a slight smudge on it. It gave me the impression that the handle of that particular fork had been wiped."

A refrigerator door on which bloody scrawlings appeared, "showed wipe marks as if someone had wiped it down," said Dolan, and walls which were scrawled upon also appeared wiped.

The two identified prints were the first physical evidence introduced by the prosecution to support earlier testimony by Linda Kasabian, the state's star witness, that following Manson's orders, members of the clan went on two murder missions which ended in seven slayings.

## Not Faithfull?

LONDON (AP) — Actress Marianne Faithfull has been sued for divorce by author John Dunbar, who cited Mick Jagger leader of the Rolling Stones music group, as co-respondent.

Miss Faithfull, 23, also petitioned for divorce Thursday without specifying charges. The couple married in 1965 and separated 18 months later.

## Diphtheria Case Total Hits 80 In Alamo City

SAN ANTONIO (AP)—Three new diphtheria cases were reported Thursday as a city councilman questioned handling of San Antonio's epidemic and a congressman voiced concern over a lag in measles immunizations here.

Confirmed diphtheria cases at last count stood at 80 for the year, with 10 suspected patients. Officials said a suspected diphtheria victim from Eagle Pass also was being treated here. Final diagnosis will take a few days.

An organization of downtown businessmen has asked city hall to find out why outside help was not sought sooner to curb the outbreak, the nation's worst of the year. A federal epidemic expert was called on for aid this week.

**SURVEYS DAMAGE TO SHRIMP BOAT** — Roy Collette, 57, surveys the area where his shrimp boat, the "Sammy Lee," was damaged beyond repair by Hurricane Celia. The boat was hauled away this week and with it 16 years of hard work.

**AGONY OF REBUILDING**

**Skipper Finds Himself Back Where He Started**

ARANSAS PASS, Tex. (AP) — They hauled the Sammy Lee away on a barge this week and with it went 16 years of hard work by Roy Collette.

The Sammy Lee was once a proud 88-foot shrimp boat, a veteran of trips to Florida and Yucatan where it had hauled in tons of shrimp.

Hurricane Celia turned the boat into a wreck, casting it casually ashore and breaking its back. Collette, the boat's skipper and co-owner, suddenly found himself back where he started.

**'I'LL TAKE ANYTHING'**

"That was my living," said Collette last week, pointing at the wrecked Sammy Lee. "I used to make a fair living on her. Now I'm looking for work and I'll take anything—deck hand, cook. When you're looking for work around here, you'll take anything you can get."

Collette had anchored the Sammy Lee in Aransas Pass to ride out Hurricane Celia. Like scores of others, the boat broke loose at the height of the hurricane's 161-mile high winds. It was carried across the harbor and dumped 10 yards up on shore. The impact broke the boat's keel.

There is no way the boat can be fixed, said Collette.

Army engineers claimed it as an abandoned wreck this week.

**Eagle Pass Diphtheria?**

EAGLE PASS, Tex. (AP) — Victor Jimenez, 10, of Eagle Pass, was taken to a San Antonio hospital Thursday for tests to establish if he has diphtheria. The boy's mother also is quarantined at the hospital.

Eagle Pass City Council and Maverick County Commissioners held an emergency session with health officials to discuss possible spread of the San Antonio epidemic here.

A diphtheria immunization program was completed in Eagle Pass last week, but officials said only five per cent of the population received inoculations.

Dr. Ellen Vogel, director of the five-county Southwest Texas medical district, ordered mass immunization beginning next week at the school Victor Jimenez attends.

**Broom And Mop Sale Date Fixed**

The Downtown Lions Club is about to clean up.

Or least it hopes so, and in the name of its youth, sight conservation and other similar humanitarian projects.

The annual mop and broom sale has been scheduled for Sept. 30-Oct. 1, according to Tom Fetters and Tom Henry, co-chairmen of the event.

Members will canvass the city, and there will be a truck at Highland Parking lot, laden with the brooms, mops and similar household helps.

and hauled the boat away for salvage.

**STILL LOOKING**

Collette, tough, lean and 57, took another boat out for a friend, but he's still looking for work.

The loss came at a particularly bad time for shrimpers—the highly profitable brown shrimp season was just starting along the Texas coast.

"The shrimp were just starting to show," says Collette. "They're out there now, but I can't get out there to them."

A total of 96 boats in a fleet of about 256 were damaged badly enough to miss most of the August and September brown shrimp season. Damage to the

**School Fuss Over Colors**

WILLIS, Tex. (AP) — Willis High School is closed until after the Labor Day holiday for what one school official called "a cooling off period" after black and white pupils scuffled in an argument Wednesday concerning the football team.

About one-third of the team is black and two-thirds white. The blacks felt there should be Negro representation among the six team cheerleaders, who are all white.

"It all started out with orderly talk but got out of hand," a school official said. "Feelings ran a little high. There was a scuffle in the hall during a class change. It lasted about 30 seconds and ended as soon as the principal and teachers got there."

Everyone then went into the school auditorium for more talk. But there was some tension and it was decided to dismiss school until Tuesday of next week.

Classes were dismissed, the official said, so the authorities could do some planning about future policy.

**Stomps Stall Sneaky Snake**

ALAMOGORDO, N.M. (AP) — Bill Palmer was bitten by a rattlesnake, then had to fight off the snake while he drove to town for medical help.

Palmer said the snake crawled into his car Sunday night when he stopped after his motor overheated on a trip from Las Cruces to Alamogordo.

Palmer, recuperating in an Alamogordo hospital, said Wednesday the snake bit him on the index finger when he reached under a car seat. He said he tried to get the snake out of the car but couldn't, so he drove on to Alamogordo.

"I left the dome light on to see what he was up to and when he stuck his head out I just yelled at him and stomped my foot."

**On Probation For Cheating**

BERKELEY, Calif. (AP) — Leigh Steinberg, the moderate student body president of the University of California here, has resigned the office after being placed on disciplinary probation for cheating.

The probation until next January resulted from Steinberg's admission that another student took a French language examination for him last April. University rules bar a probationary student from holding office. He will continue in school as a law student.

**Methodist Workshop Slated Here**

A workshop for pastors and secretaries of Methodist churches is scheduled for Wednesday and Thursday. The purpose of the workshop is to help professional churchmen to become better communicators in all aspects of their work.

The workshop on Wednesday will be conducted here in the Wesley United Methodist Church. Featured leaders will be Bob Robertson, of Texas Methodist Information; Spurgeon Dunnam, editor of the newspaper, The Texas Methodist; S. Duane Bruce, conference program director for Northwest Texas Methodists, and Dr. Dean Box, professor of business education in Howard County Junior College.

The workshop on Thursday will meet in the Wesley Foundation building in Canyon. A professor of business education from West Texas State University will be featured in this session, along with the Methodist leaders.

Displays of office business machines will also be a part of the workshop, and demonstrations of their usefulness will be given by competent professionals in this field.

Sessions convene at 9:30 a.m., and conclude at 5 p.m.

**Ireland May Host Onassis, Jackie**

LONDON (AP) — Aristotle Onassis may take his wife Jacqueline to troubled Northern Ireland Saturday to entertain a group of shipyard workers to lunch, the Daily Express said today.

The report said the Greek shipping millionaire Tuesday night called off a visit to Belfast to open a new social club at the Harland and Wolff shipyard in which he is a shareholder.

But it said he planned to make the trip this weekend and a shipyard official was quoted as saying "he told me he would probably have his wife with him." The shipyard is building two giant tankers for the Onassis fleet.

Onassis and his wife, who arrived in London Tuesday, could not be reached for comment.

# Monteith Jury Is Deadlocked

COLORADO CITY — After two and a half days of deliberation, the jury had been unable at noon Friday to reach a verdict in the case of Robert Eugene Monteith, charged with the fatal beating of his three-month-old daughter, Stephanie, last January.

After jurors reported to Judge Austin McCloud that they were still deadlocked, he sent the jury to bed at 11:30 p.m. Thursday. Friday morning they resumed consideration of the case at 9 a.m.

## Juvenile Sent Back To Parents

A 15-year-old New Mexico youth was returned today to New Mexico juvenile authorities by the Howard County sheriff's office. The youth had been detained on suspicion of auto theft. The late model Rambler AMX that the youngster was driving when taken into custody here was registered to an Albuquerque, N.M., man. The car had never been reported stolen.

## NUDIE MOVIE MIGHTY 'HOT'

FORT WORTH (AP) — Fire heavily damaged a nudie movie theater today. Police investigated the possibility of arson. Witnesses said someone ran from the scene at about 5 a.m.

Later, officers arrested a man at suburban Saginaw. The fire occurred at "Studio Five" where the feature film was entitled "Invitation to Ruin."

## DEATHS

### Elmer O. Lyster Dies Suddenly

Elmer O. Lyster, 53, retired Air Force senior master sergeant, died suddenly here at 12:15 a.m. Friday, apparently of a heart attack.

He was stricken at his home at 1902 Alabama, and was rushed to the Webb AFB Hospital.

Services will be held at the St. Paul Lutheran Church at 1 p.m. Saturday with the pastor, the Rev. William Roth, officiating. Local arrangements are in charge of River-Welch Funeral Home and the body will be shipped to Edwardson Funeral Home in Deforest, Wis., for interment. The body will lie in state at the funeral chapel until 1 p.m. Saturday. The casket will then be closed, not to be reopened.

Mr. Lyster was born in Deforest, Wis., Jan. 3, 1917, and came to Big Spring in 1958 with the 331st Fighter Interceptor Squadron from Stewart AFB, N.Y. He had served in the Air Force for 23 years before his retirement here in June, 1963. He had entered service Oct. 1940, serving in New Guinea in World War II, and then in Korea during the Korean campaign.

He leaves his wife, Mrs. Alice Lyster, Big Spring; three daughters, Mrs. Eugene Elby, Charleston, S.C., Mrs. Howard Berry, Narberth, Pa., and Carol Lyster, Big Spring; two grandchildren; two brothers, Peder Lyster and Arthur Lyster, both of Madison Wis.; three sisters, Mrs. Elmer Anderson, Madison, Wis., Mrs. Arthur Kruse, Sun Prairie, Wis., and Mrs. Carl Lewke, Columbus, Wis.

## Reds Moving Down Ho Chi Minh Trail

PHNOM PENH (AP) — Up to 10 Communist divisions are now in Cambodia or moving down the Ho Chi Minh trail through Laos with orders from Hanoi to launch a major new offensive in South Vietnam, senior Communist diplomatic sources report.

American military sources in Saigon said they could not confirm or deny the report.

The sources said American warplanes have flown about 2,000 sorties against North Vietnamese positions in Laos and Cambodia during the past week to blunt any enemy plans for a massive offensive across the border into South Vietnam. But they said this was not unusual, that American planes have been waging such a bombing campaign for several months.

### REBUILD BASES

A sortie is one flight by one plane. An American source in Phnom Penh said any enemy force of the size reported by the Communist sources would never be permitted to mass on the Cambodian border as such forces have done for previous offensives. He implied that American ground forces might enter Cambodia as they did last May and June in the operation which the U.S. Command said cleared out many of the enemy base camps on the Cambodian side of the border.

Cambodian and Western military sources said there is clear evidence that the North Vietnamese are rebuilding their border bases in the remote jungles of eastern Cambodia, bordering South Vietnam. Some of these bases are said to be in the same position as those cleared by U.S. and South Vietnamese troops during their May-June action.

### MAIN TARGET

One Communist source with indirect lines to Hanoi said the gathering force included North Vietnam's 1st, 2nd, 5th, 7th, 9th, 20th and 25th divisions. Cambodian intelligence already has reported the 1st, 5th, 7th, 9th and 20th divisions in the country.

Some sources believe the attack on South Vietnam will begin in about two months.

Communist sources say the plan for a major offensive in South Vietnam reflects a decision in Hanoi to make the main target South Vietnam again and not the destruction of Cambodian Premier Lon Nol's regime.

Possible aims were said to be the disruption of the Saigon government's increasingly strong military machine, reversal of the Vietnamization program and the inflicting of serious new casualties on American troops to quicken the antiwar sentiment in the United States.

### YANKS WOUNDED

In the ground war, a communique from the U.S. Command said "light and scattered ground contacts continued to characterize activity involving U.S. forces in Vietnam."

A spokesman said reports from the field indicated no U.S. troops were killed Thursday as a result of enemy action, the first time there have been no American battlefield deaths since June 28.

The command reported 28 enemy rocket and mortar attacks and said two Americans were wounded.

### Fined \$1,000 For Pollution

HOUSTON (AP) — A federal judge fined the Atlantic Richfield Co. \$1,000 Thursday for pollution the Houston Ship Channel with sludge oil.

Lawyers for the firm told U.S. Dist. Judge John V. Singleton that a \$5.5 million anti-pollution program is being set up to stop accidental pollution spills. Singleton said the firm had been around too long to draw the minimum fine of \$500 and was doing enough about the problem to avoid the maximum \$2,500 fine.

The oil company was brought to court under the authority of the 1899 federal refuse act that forbids dumping into navigable waters.

## Silber Challenges Firing Explanation

AUSTIN (AP) — The former dean of the University of Texas at Austin's College of Arts and Sciences has disputed the official reason given for his dismissal. Dr. John R. Silber, a philosophy professor who is teaching one course this fall, issued a statement Thursday in response to one put out by UT acting President Dr. Bryce Jordan. Jordan claimed Silber was dismissed because of his disagreement with an arts and sciences reorganization Jordan had been ordered to plan. He said Silber had "made it clear that he strongly disagreed with and could not be expected to work cooperatively as an administrator" within the reorganization plan.

Silber said the "thrust" of Jordan's letter was that "I was discharged for insubordination to a specific policy decision of my superiors." The UT board of regents July 31 ordered the splitting of the College of Arts and Sciences into three parts—humanities, behavioral sciences and natural sciences. Silber strongly opposed this asserting the college should be left intact. Silber said he told UT Chancellor-elect Charles LeMaistre four days before he was fired that he would "continue to oppose the dismemberment of the College of Arts and Sciences until a decision had been reached by the administration, and I assured him that thereafter I would implement the decision or resign. "I told Dr. LeMaistre that I would never embarrass him by continuing to be a member of his administration while actively or passively opposing a settled administration decision." Silber said he "was fired to silence my opposition to a plan that was still under discussion and on which I had been officially asked to speak and write."

### Rally Books Ky

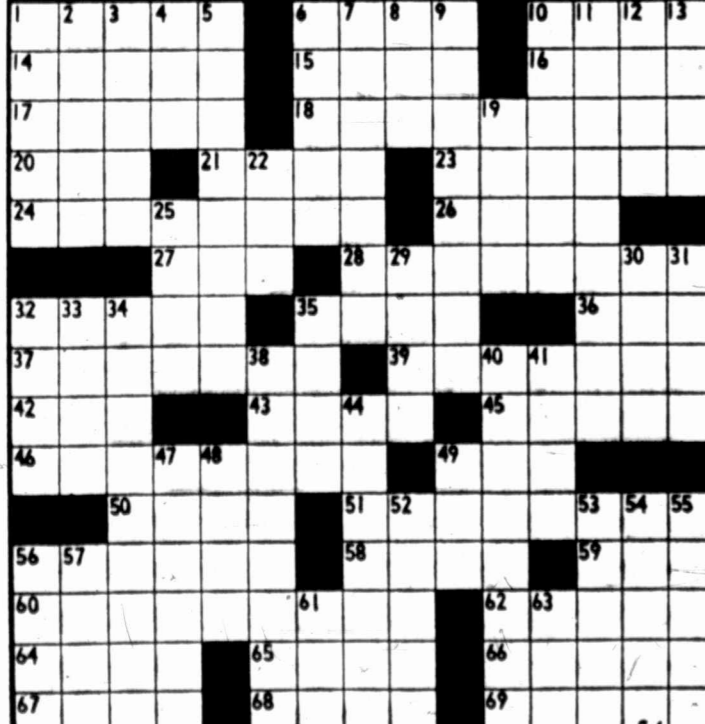

SAIGON (AP) — Vice President Nguyen Cao Ky has accepted an invitation to visit the United States and address a rally sponsored by the "March for Victory Association," his office announced today.

The announcement did not say when Ky would fly to Washington. A spokesman said plans were not complete. The invitation was extended by Dr. Carl McIntyre, the spokesman said. McIntyre was described as head of the association.

# We'll see you Tuesday

We hope you have a chance to relax away from your routine chores... a trip to the beach with the family or camping out in a park. Whatever you do, wherever you go, remember to **DRIVE FRIENDLY**. Don't let a member of your family become one of the 49 fatalities estimated for this weekend. The Governor's Office and the Texas Department of Public Safety urge you to obey state and local traffic laws, plan your travel so you won't have to rush or drive when fatigued, and avoid drinking and driving. In other words, maintain a friendly driving attitude toward the other families who are also enjoying this holiday. Most of the six million Texas drivers will be on the road at some time this holiday weekend. Think about your responsibilities every time you take the wheel. This weekend **DRIVE FRIENDLY** and we'll see you Tuesday.

MASS HELD IN HURRICANE BATTERED CHURCH — Rev. Gregory Boensch, pastor of Church of Immaculate Conception at Taft, Tex., conducts mass in the church which was severely damaged by Hurricane Celia. Parishioners occupy pews in the unroofed section of the building.

# Life Goes On Amidst Ruins

TAFT, Tex. (AP) — They come as shadowy shapes in the predawn stillness, stepping past piles of debris and broken stained glass to pray within the three walls of their shattered and roofless church.

Their sanctuary is a curious mixture of reverent order and mad confusion. They kneel, and they have for 12 years, before an ornate marble altar. Few glance behind them, at the back third of the church where an entire wall lies smashed in rubble stacked as tall as a man.

Less than a month before, the Church of the Immaculate Conception had stood tall and proud, its clean carved stone and hewn wood standing out in stark contrast to the wooden shacks and unpaved roads nearby.

The church was a symbol of supreme devotion and of the daring of faith. Thousands of Mexican-Americans had sweated in far away fields, returned to this town near Corpus Christi in the fall, year after year, and gave generously to raise this church.

The church, with its stone scrolls, stained glass windows and towering steeple, was a sanctuary of clean beauty amidst a drabness.

On Aug. 3, Hurricane Celia in one shattering hour left a raw, gaping wound on the church which may never be healed.

The 161 mile winds buckled a whole wall and sent it smashing. The storm took away most of the roof, leaving concrete columns teetering perilously. Almost a third of the church

was wrecked. Only the area around the altar went untouched.

The Rev. Gregory Boensch, pastor of the parish of 530 families, said there is little hope the church will ever be restored to its proud beauty.

"It was built 12 years ago for \$150,000," he said. "There were a lot more people here then, and the population doubled and tripled during cotton picking time."

"They figured that there's nothing too good for the Lord and they sacrificed to build a church like this," he said. "It's their home, too."

The priest said \$48,000 still is owed on the church and none will even give an estimate on the cost of repairs.

"We had Sunday services here yesterday. 'We've had a wedding and a funeral and we'll have another funeral Tuesday,'" says Father Boensch. "Life goes on."

# Court Quartette Performs Sunday

The King's Court Quartette will be presenting a concert at the First Church of God, 2009 Main St., Big Spring, Sunday at 6:30 p.m. The quartette is

made up of students who attend Gulf Coast Bible College in Houston. Members of the King's Court are Mr. and Mrs. Tommie Walton and Mr. and Mrs. Ben Davis. The two married couples have traveled throughout the U.S. this past summer presenting concerts.

The singing of the King's Court is a pleasant blend of Gospel music sung with a folk singing approach. The group has won wide acceptance and Pastors Forrest Robinson and Bill Thomson urge the public to attend and enjoy this concert.

# Revival Set For Monday

Revival services begin Monday at Crestview Baptist Church. Rev. Charles Taylor, pastor of Crestview Baptist Church in Richardson, Tex., will be bringing the message. James Kinman who is an outstanding song leader here will be leading the music.

Crestview Baptist Church is located on the north-east part of town right off of the Snyder Highway on Hilltop Road. It is located close to the old Hamilton Airport.

Everyone is invited to share in this time of revival. There will be services every night at 7:30 Monday through Saturday. Pat Bullock is pastor.

There will be morning services at 10:00 a.m. starting Tuesday. A nursery will be provided.

# Revision Out Of Catechism

By GEORGE W. CORNELL, AP Religion Writer

NEW YORK (AP) — "Yesterday's gone," one of their songs puts it. And they're shaking up Roman Catholic routines to show forth a new day in serving the faith.

"We think religion is life," says Brother Pat Coyne, 23, one of the 11 seminarians in the Midwestern enterprise. "And we're trying to help return it to the people."

Their effort includes an odd combination of ingredients: sium living, theological probing, befriending poor families and vagrants, publications and singing folk rock.

"It's a matter both of doing it and communicating it," says Brother Pat.

He's a lead vocalist of the widely heard folk rock group, the "Mission Singers," which is only one phase of a diversified, innovative, sometimes controversial, yet small and down-to-earth Christian venture.

It's called the Contemporary Mission, which operates out of a two-story tenement in a poverty section of St. Louis, Mo., where the group studies, works with the poor and turns out its unusual flow of teaching materials.

The latest, "A New Catholic Catechism," published by Stein and Day, is one of the most unconventional approaches yet in exploring the faith, from the center to its far edges.

Instead of offering set answers, it poses the basic questions and then presents varying responses, citing both "yes" and "no" factors involved as seen from the "new and old perspectives" in the church.

"One question may have 40 answers—40 truthful answers," says Brother Pat, from New York. "The true dynamics of belief involves thinking through questions, and we're trying to stir up people to think about the different dimensions of faith."

The volume was turned out by the Rev. Patrick Berkery, a seasoned theologian and educator, and two members of the unusual community of which he is adviser-director. The co-authors are Brothers John O'Reilly, 25, Boston, and Joseph Valentine, 25, New York.

They concede that some people may consider it a "dangerous book" for explaining the wide diversity in current Church thought, but they insist it "presents no threat but th."

# Church Calendar

CATHOLIC: IMMACULATE HEART OF MARY — The Rev. William Meagher, OMI, Sunday masses of 8 and 10 a.m., and of 6:30 p.m.; Saturday, confessions from 4:30 to 5:30 p.m. and from 7:30 to 8:30 p.m. CHRISTIAN SCIENCE — The Lesson-Sermon, "Man," will be read in all Christian Science churches Sunday. CHURCH OF GOD — The Rev. Forrest Robinson, 10:45 a.m., "Lauding Out For God"; 6:30 p.m., gospel concert by The Kings Court Quartette. LUTHERAN — The Rev. William Roth, 10:30 a.m., "Our Father Who Art In Heaven." PRESBYTERIAN — The Rev. William Roth, 10:30 a.m., "Our Father Who Art In Heaven." ST. PAUL PRESBYTERIAN — The Rev. William Roth, 10:30 a.m., "Our Father Who Art In Heaven."

HOUSTON, Tex. (AP) — Representatives of the nation's 3.2 million Episcopalians will meet here Oct. 11 through the 22nd for the annual National Episcopal Convention. About 3,000 delegates are expected to attend the convention which operates with a bicameral legislature much like that of the U.S. government.

The House of Bishops will meet at the Albert Thomas Convention Center while the House of Deputies will gather at the nearby Sam Houston Coliseum. On the agenda are discussions of church and society, racism and a liturgy and scripture report.

One of the most debated issues will be the General Convention Special Program, which was created in 1967 to raise \$9 million over a three-year period "for economic self-development of minorities and the poor."

Since then the church's executive committee has come under fire from some members for awarding grants to militant black groups.

Lincoln, England (AP) — The new Dean of Lincoln Cathedral is a direct descendant of Baron Twistleton-Wykeham-Fiennes, one of the barons who persuaded King John to sign the Magna Carta in 1215.

But he's worried about the name. "I've been lumbered with it," says the Very Rev. Oliver Twistleton-Wykeham-Fiennes. "It causes a lot of difficulty. It's ridiculous trying to meet new people with a name like that." He wants to be called just Oliver Fiennes. And that Fiennes is pronounced Fines.

JOHNNY McCULLOUGH

# Seminary Student Will Speak Sunday

Johnny McCullough, a young ministerial student now attending Dallas Baptist College, will be the speaker for the morning worship service, Sunday at Airport Baptist Church, 1208 Frazier Street.

Johnny is a graduate of Big Spring High School and Howard County Junior College, and is now classified as a senior in Dallas Baptist College.

He is the son of Mr. and Mrs. J. B. McCullough, formerly of Big Spring, who now reside in Bossier City, Louisiana. His wife is the former Cynthia Decker, daughter of Mr. and Mrs. Omer W. Decker, 1402 Harding.

Mr. and Mrs. Johnny McCullough will spend the Labor Day holiday weekend visiting her parents.

# 70-70 Program Set For Area Baptists

Baptist Churches affiliated with the Southern Baptist Convention are gearing for a thrust into the 70's.

This week marks the beginning of the 70-70 program involving preparation, visitation, and witnessing during a 70-day period. This will be climaxed by revival meetings, setting the thrust for the new decade.

At a meeting Monday at the First Baptist Church, more than 175 Big Spring Baptist Association workers were briefed on the program and structural changes of the Sunday School.

# Baha'i Faith Sets Tuesday Meeting

"Progressive Revelation" will be the topic of informal discussion at Tuesday's 7:30 p.m. meeting of members of the Baha'i Faith. The meeting will be held at the home of Mr. and Mrs. Bill Kuester, 1517 Tuscon.

According to Mrs. Mike Craddock, member of the Baha'i Faith, the Faith's stated belief is that "revelation is continuous and progressive. The founders of all past religions abide in the same tabernacle, soar in the same heaven, are seated upon the same throne, and proclaim the same faith."

Select The Church Of Your Choice And Be Faithful  
In Your Attendance

## what's in a NAME?

People ask for brand-name products because they have become known for dependability and service through the years. These names assure us of quality.

We, too, are known by our names. Mention of John Smith immediately inspires a positive or negative reaction, depending upon the man's reputation. A good name is indeed our most priceless, yet most perishable, possession.

Day in and day out, our thoughts, words and actions must be on the side of goodness, for it is today which determines tomorrow's past — for good or for bad.

If we could only perform each act and utter each word as if they were our last, those by which we would be remembered, then how great would be the significance of our names!

In this confused era where better can we turn for guidance and help than to the Church? Here we will discover the teachings of Christ — the most hallowed name of all.

OVERCOMING VOTER RESISTANCE

Begin Study Of Texas Water Plan

AUSTIN (AP) — A five-member panel of experts has begun an environmental study of the \$9 billion Texas Water Plan, which voters turned down last year.

Dr. Clarence Cottam, head of the Weider Wildlife Foundation at Sinton; Dr. Stephen Smith, associate dean of natural resources at the University of Wisconsin; and Dr. Carl E. Kindsvater, director of the Environmental Research Center at Georgia Tech.

Dr. Clarence Cottam, head of the Weider Wildlife Foundation at Sinton; Dr. Stephen Smith, associate dean of natural resources at the University of Wisconsin; and Dr. Carl E. Kindsvater, director of the Environmental Research Center at Georgia Tech.

NO DEADLINE

The panel held its first briefing Wednesday and will meet again sometime in November, Caulfield said. There is no deadline on when the panel reports to the board, nor do they yet know

the form that report will take, he said. Members of the panel will be paid for expenses only. "We would like to hear from the various groups in Texas that are concerned with environmental matters and environmental effects," Caulfield said.

Howard Boswell, executive director of the Texas Water Development Board, said a "logical fallout" of the study may be the overcoming of voter resistance to the plan.

HOW DO YOU DO

The main purpose of the study, however, will be to evaluate some of the environmental objections to the plan and amend it if necessary so as to "do the least detriment" to the environment," he said.

Boswell introduced the panel to newsmen Thursday. The chairman is Dr. Henry Caulfield, political science professor at Colorado State University.

Other members are Dr. Frank Blair, zoology professor at the University of Texas at Austin;

112-Year-Old Hit, Killed

FORT WORTH (AP) — John Boose Sr., a 112-year-old native of the Oklahoma Indian Territory, was struck by a car and killed while crossing a street Thursday night.

Boose had been at a cleaner's shop talking with friends and was on his way to the home where he lived with a grandson.

Police said the impact threw him 107 feet.

Boose was born on Christmas Day in 1857. He had worked as a farmer, railroad hand and airport employee.

His wife died in 1966 at the age of 87.

In 1964, Boose attracted courthouse attention when he was allowed to sit on a jury in Judge J. C. Duvall's County Criminal Court No. 1. He was 107 at the time.

Duvall jokingly asked Boose at the time about his son, who was "about 75," and asked what he intended to make out of his son when he grew up. Boose replied that he really didn't know.

He leaves a brother, Zack Boose 103, of Forney; a son, John Boose Jr., and a daughter, Mrs. Atla Wilson, both of Fort Worth; four grandchildren and 10 great-grandchildren.

PISTOL-PACKIN' JUDGE — William O. Mehrens, a 65-year-old federal judge fearful of his safety since his assignment to cases of 41 persons in Miami, Fla., charged with being big leaguers among America's dope peddlers is carrying protection to court under his robes — a .38 automatic pistol.

Must Investigate Before Denying Funds To Child

DALLAS (AP) — The State Welfare Department must investigate before denying aid to a child needing it just because the child's mother has remarried, U. S. Dist. Judge Sarah T. Hughes decided Thursday.

The state had been terminating its aid to families with dependent children in cases where a stepfather was found to be living in the home.

Records produced in court showed that the children of 946 Texas families had been deprived of welfare benefits for

that reason during the past year. Judge Hughes pointed out there is no state law requiring step-parents to support stepchildren to the same extent as natural or adopted children.

The Department, she said, had incorrectly interpreted Texas law relating to a stepfather's obligation to support his stepchildren. She ordered that benefits be reinstated to those who had been cut off, but granted a 30-day period to give the Department time to implement the order.

She's In Hurry

TEL AVIV (AP) — Premier Golda Meir is reported by usually reliable sources to have arranged to make a U.S. visit five weeks earlier than the originally planned October date.

The visit had been set to coincide with 25th anniversary celebrations of the United Nations. The sources said it had been rescheduled for Sept. 17 or 18.

During the visit the premier is expected to see President Nixon.

Jimmy Durante To Gain Award

HOLLYWOOD (AP) — Comedian Jimmy Durante has been named to receive the first Golden Award of the American Guild of Variety Artists.

Guild President Danny Thomas said Thursday that Durante, 77, will receive the award Sept. 20 on the Ed Sullivan Show.

The Golden Award will be given each year to "a distinguished star who has been entertaining the American public for 50 years or more," Thomas said. Durante has been an entertainer for 61 years.

Ill Character

GLENS FALLS, N.Y. (AP) — Film star Edward Everett Horton has been admitted to Glens Falls hospital for treatment of an undisclosed ailment.

The 83-year-old character actor was taken to the hospital Thursday from his Adirondack summer home at nearby Lake George. His condition was described as satisfactory.

Last Of Four Recaptured

GREAT BEND, Kan. (AP) — Federal and state warrants have been issued against Leonard Francis Sprague, 40, in connection with the seizure of two Hoisington, Kan., boys at the Cheyenne Bottoms Wildlife Refuge Aug. 28.

Sprague was arrested in Shreveport, La., Wednesday. He is one of four men who escaped from the Sherman, Tex., jail Aug. 12 while he was being held in connection with the slaying of Jimmy Scott, 9, at Paris, Tex., in June of 1969.

Sprague is the last of the four men to be recaptured. Sheriff Marion Weese of Great Bend said he signed a complaint charging Sprague with trying to murder Richard Farmer, 12, and with kidnaping Herman Gearhardt Jr., 8. Judge William Laughlin issued the warrant and set the man's bond at \$25,000.

The FBI filed a federal kidnaping charge in the same case and recommended a bond of \$50,000.

Young Farmer told police that a man lured him and the Gearhardt boy to the Bottoms for fishing. He said the man hit him on the head with a gun and tried to lock him in a campground restroom, then drove off in a pickup truck with the other boy.

Workshop Set For Librarians

Librarians from public, school, academic, and special libraries will turn their attention to "Cooperation" at a one-day workshop sponsored by the Field Services Division of the Texas State Library at 9:30 a.m. Sept. 18, at the Snyder Savings and Loan Company in Snyder.

Workshop participants will discuss ways in which libraries can strengthen their services through cooperative ventures with other libraries. The most familiar form of sharing to many of those who will be attending is through the Texas State Library Communications Network. Vanita Lee, field consultant for the Texas State Library, will conduct the session at Snyder.

**LIBRARY FUND** — Mrs. Calvin Daniels, president of the Friends of the Library, accepts the check for \$636.19, the net proceeds from the Starlight Specials admissions, from Bill Bradley (left) and Lt. Don Flores, who helped organize the event for the Cultural Affairs Committee.

## Library Gets Helping Hand From Starlight Specials

The new library got another boost this week when the Cultural Affairs Committee turned over the proceeds of the Starlight Specials to the Friends of the Library Fund, \$636.19.

Mrs. Roy Cederberg, chairman of the Cultural Affairs Committee, worked with Starlight Specials co-chairmen Bill

Bradley and Joe Dunn to set up seven evenings of varied entertainment, ranging from rock and soul to Gospel and Western, plus some Latin

American jazz and Little Theatre in between. The project was a financial success, and the net admissions receipts will go as planned to the Library Fund.

#### U.S. Savings Bonds Get Interest Bonus

Americans everywhere who own or are buying United States savings bonds are in line for higher interest on their bonds. The increase in the form of a 1/2-per cent bonus, raises the effective interest rate on new savings bonds from 5 per cent to 5 1/2 per cent, when held to maturity.

Rex Brack, Texas chairman for US savings bonds, noted that "The bonus applies not only to new issues sold on or after June 1, 1970, but also to older bonds as well."

#### Love That Pot

LOVE VALLEY, N.C. (AP) — Marijuana has been discovered growing in Love Valley, apparently from seeds left by youths who attended a rock festival in July.

Mayor Andy Barker said he and agents of the state Bureau of Investigation had identified the plants and destroyed them.

Opening lead: King of ♠  
 Perfect timing by a seemingly radar inspired defense torpedoed South's four heart contract.

West opened the king of clubs and East overtook with the ace to return the six of spades. South covered with the ten and West paused to consider his course. There was a temptation to put up the ace and return the suit, in the hope that East had a singleton and could ruff the next round.

If it developed that East had two spades however, the play of the ace might wreck the defense, for communications would now become disrupted. There was the further consideration that even if East could ruff the second spade, that would not in itself defeat the contract—unless he also had a sure trick in one of the red suits.

West decided finally to play his partner for two spades and an outside entry and he covered declarer's ten of spades with the queen, so that dummy was obliged to win the trick with the king. Trumps were drawn in two rounds and the four of diamonds was led and the jack played from dummy. East was in with the king of diamonds and a spade return through South's jack enabled West to score the setting tricks with the nine and ace. Observe that if East does not overtake the king of clubs to make a spade shift, or if West puts up the ace at trick two, the defense cannot get both spade tricks, for South will have time to establish a discard for himself in diamonds and his losses will consist of one spade, one diamond and one club.

## \$82 Million Slander Suit

HOUSTON (AP) — An \$82 million slander suit filed four years ago by Mrs. Candace Mossler against the Curtis Publishing Co. will come to trial this fall.

U. S. Dist. Judge Woodrow Seals ordered all depositions taken and all discovery in the suit be completed by Oct. 30 and set Nov. 30 as the trial date.

Mrs. Mossler claimed slander and defamation of character in the suit filed in August, 1966, after a two-part series "Candy and Mel" appeared in the now defunct Saturday Evening Post.

It referred to Mrs. Mossler and her nephew, Melvin Lane Powers, who were defendants in the murder trial following the mysterious death of her husband, Jacques, in Miami.

## Katy, Klein Suits Will Go To Trial

HOUSTON (AP) — Desegregation suits filed against the Katy, Klein and Madisonville School Districts by the U. S. Justice Department will go to trial Friday.

Judge James Noel Wednesday granted federal attorneys time to take depositions and modified some of the subpoenas.

Julian Tepper, civil rights lawyer from Washington who has prosecuted the case so far, is expected to present the government's side.

The Galena Park School District was also named in the suit but it reached an agreement with the Department of Health, Education and Welfare on a desegregation plan.

DEAR ABBY: My elderly mother has lived with me for three years. She is bedridden, completely helpless and is suffering from an incurable disease. In order to give her the care she needs, my husband and I have had to give up all vacations, most of our social life, not to mention the financial sacrifices we've made. It would be an act of mercy to give her "something" to put her out of her misery, and hasten her death.

What advice do you give me? Wouldn't it be humane to put an end to all this suffering?

UNCERTAIN

DEAR UNCERTAIN: Whose? Hers or yours? Doctors can do much to make a terminal patient comfortable. But to "put her out of her misery" as one would a dog, is clearly illegal. And for good reasons.

Giving a person the "legal right" to terminate the life of another under some circumstances may be "humane." But because that right could be abused for selfish gain, society must be protected against it.

DEAR ABBY: I am a widow and my problem is a gentleman who is a longtime friend of a relative. He keeps calling and inviting me out, and I keep putting him off. He's a nice person and has admirable qualities, and I would really like to know him better, but Abby, I am ashamed to be seen with

him because of the way he dresses.

His trousers are baggy, and hang way down over his shoes. He will wear the jacket of one suit and the trousers of another. I'm sure he's neat and clean but he has no taste in clothes whatsoever.

This man has plenty of money, so I can't understand why he doesn't keep up with the times. I have hinted around, and even offered him some of my late husband's clothes as they were about the same size, but he thanked me, saying he had more clothes than he could wear. (I believe it. I'm sure he hasn't given anything away in 30 years.) Any advice?

NAMELESS

DEAR NAMELESS: If you would like to know this gentleman better, but keep putting him off because of the way he dresses, shame on you. Clothes don't really make the man... they just make the man look better. There are plenty of snappy dressers around, but a "nice person with admirable qualities" is hard to find. Accept his invitation and if you'd like to see more of him, gently educate him toward a little more stylishness.

What's your problem? You'll feel better if you get off your chest. Write to ABBY, Box 69700, Los Angeles, Calif., 90069. For a personal reply enclose stamped, addressed envelope.

## Tech Speaker Slate Listed

LUBBOCK — A noted jurist, an internationally-known psychiatrist and a former secretary of labor are among the world figures slated to lecture at Texas Tech University during coming weeks under auspices of the 1970-71 University Speaker Series.

Heading the roster will be former U.S. Supreme Court Justice Abe Fortas who will discuss individual rights and other aspects of the legal revolution in his address on "The Dangers to Liberty" at 7:15 p.m. Thursday, Sept. 17, in Lubbock Municipal Auditorium.

The address, as are all lectures in the series, will be open to the public without charge. Dr. Karl Menninger, chairman of the Menninger Foundation, will speak on Oct. 8; Dr.

Jean Houston, director of the Foundation for Mind Research, on Oct. 29; former Secretary of Labor Willard Wirtz on Nov. 12; and National Science Foundation Director William D. McElroy on Dec. 3.

Scheduled during the spring semester are Stanford University scientist Paul R. Ehrlich on Jan. 29, Harvard Divinity Prof. Harvey G. Cox Jr. on Feb. 3, and prize-winning political scientist Charles V. Hamilton on March 1.

# Texas Given Shot At Crown

NEW YORK (AP) — College football starts its second century and a new decade next week with the same old names expected to continue merrily on their winning way. Texas is conceded a good chance to defend the national championship it captured in 1956 by winning 10 regular season games, including the thrilling 15-14 Presidential finale against Arkansas, and then turning back Notre Dame in the Cotton Bowl 21-17.

IN CONTENTION — Steven Melnyk, Jacksonville, Fla., defending Amateur Champion, is grim faced as he tips his hat on 18th hole of Thursday's second round of play. Melnyk had just birdied 18 after taking bogies on 16 and 17. He is one stroke under par after 36 holes of play and in contention to repeat for the title. A drizzling rain hampered play throughout the day.

## Gross Seeks Title Again

Ted Gross sets out to try and defend his championship in the Big Spring Country Club's tournament scheduled to get under way Saturday.

The meet, which extends through Monday, determines the club tiffist. Eighty competed in last year's tournament and tournament directors are shooting for 96 players this time out — enough for six full flights.

Entry fee is \$10 per player. Sixteen players will be assigned to a flight.

First two rounds of competition will be determined by matched play. The four survivors will resort to medal play Monday to determine the winners.

The awards are attractive. Flight winners earn merchandise valued at \$50. Runners up get \$30 and third place winners \$20. In addition, trophies go to flight winners.

This year, there will be a special flight for senior players, those 50 years of age and older. They will engage in medal play exclusively.

In the past, the tournament has usually been sandwiched around July 4 but was moved back this year when the dates for the annual BS Invitational were advanced a month.

## Palmer On Program

NEW YORK (AP) — Arnold Palmer will serve as commentator for NBC-TV at the World Series of Golf at the Firestone Country Club in Akron, Ohio, Sept. 12-13, it was announced today.

## Russians Shine In Net Tourney

FOREST HILLS, N.Y. (AP) — What do you think of the Davis Cup on display beside Lenin's tomb outside the red brick walls of the Kremlin in Moscow?

"Don't laugh at it, it's possible," Dennis Ralston, coach of the U.S. Davis Cup team said after he and Arthur Ashe Jr. had survived a two-day, five-set marathon Thursday with the Soviet's Alex Metreveli and Vladimir Korotkov.

The Yanks finally won 7-6, 6-7, 3-6, 7-5, but the Russians came within an eyelash of beating one of America's finest teams.

It was one of the obscure little dramas of the 1970 U.S. Open Tennis Championships enacted not without notice.

Fans, hearing of the resumption of a match halted after the third set Wednesday because of darkness, poured out of the stands, then pushed and shoved for a sight of the U.S.-Soviet duel on field court No. 7.

A smash by Korotkov that would have tied the fifth set 6-6 and sent it into sudden death was called out by the umpire when it was obviously three inches inside the line. Ashe, with a display of good sportsmanship, insisted the ball was good.

The point was played again. The Americans won it and then finally, after a half-dozen deuces, pulled out the match.

"We were praying we wouldn't go into sudden death," said Ralston. "They would have

served last and would have had an 80-20 chance of winning."

"I think they would have won if we'd gone into a tie break," said Ashe.

Both Americans praised the Russians.

Metreveli, 25, dark and good-looking, a journalism student at Georgia University and Korotkov, 22, stocky, a physical education student in Moscow, both are still in the singles division.

Metreveli, six times Soviet champion, plays Pat Cornejo of Chile today and Korotkov faces Pancho Gonzalez.

Rod Laver, John Newcombe and Tony Roche led the advance of Australian favorites into the third round Thursday while Ashe remained a threat with a 6-7, 6-4, 6-3, 6-4 victory over 18-year-old Roscoe Tanner of Lookout Mountain, Tenn.

The Russians making their first U.S. tennis visit since 1962, are creating considerable attention.

"Tennis is becoming very popular in the Soviet Union," Metreveli said. "We have perhaps 12,000 courts. Most of them are hard surface courts. It is a game of the people, a good form of keeping fit."

The young Russian was appalled when asked if he and other top Russians might take a shot at Lamar Hunt's million dollar series of pro tournaments, announced Thursday.

"No," he replied tersely. "We are amateurs. We do not play for money. We hope the Davis Cup never goes open."

## Tom Kite Low In Amateur Competition

PORTLAND, Ore. (AP) — The way things are going for Tom Kite Jr., he can count on getting rid of the nubs and holding onto the nickname "one-kite" as firmly as his three-stroke lead in the second round of the U.S. Amateur Golf Championship.

Kite, 20, a junior at the University of Texas, rushed into the lead Thursday with a 3-under-par 67 for a 36-hole total of 136. Defending champion Steve Melnyk of Jacksonville, Fla., shot a 68 and 1966 champ Gary Cowan of Kitchener, Ont., shot a 70 for a second-place tie at 139.

First-round leader Lanny Wadkins of Richmond, Va., fell back to 140 as he waded to a 3-over-par 73 on the rain-soaked 6,496-yard Waverley Country Club course here.

The field of 150 was cut to 61 for today's third round with those making 148 or better beating the cut.

Other leaders included Rick Spears of Port Jervis, N.Y., who was tied with Wadkins at 140, Allen Miller of Pensacola, Fla., Kurt Cox of San Antonio, Tex., and Jim Simons of Butler, Pa., were at 141.

"The guys at Texas gave me the nickname 'Nubs' because I have short, fat, sweaty fingers," the 5-foot-9 Kite said. "I had to change gloves three times today because my hands were so slick."

"But Allen Miller (who had a 71 Thursday) gave me the nickname 'one-kite' by substituting Kite for putt because I was putting so well at the Western Amateur and all this summer," the Austin, Tex., native added. "I brought a putter for the Western and worked for about four hours a night for three days after that and my putting really improved."

Kite, the only player to stay under par both rounds, putted so well he made five birdies during the day with putts from 10 to 18 feet. He had two bogeys on the front nine, when it was still raining, but came around the turn with three birdies and no bogeys.

## Bufs, New Home Battle To Scrimmage Deadlock

FORSAN — In a scrimmage while Murphy, Griffith, Ricky Klahr, Steve Yeats, Jackie Willis and Bill McDonald looked good on defense.

Bronie may be down from last year, but no tears are being shed for the team since it plastered the San Angelo junior varsity 5-1 in a scrimmage.

Two of New Home's scores came on long bombs after softening with short passes off the pro set. The final score came on a busted play when the New Home quarterback, Jim Fullingim, unable to unload the ball, reversed his field and ran 60 yards through the Buffalo herd.

Quarterback Jeff Williams was sharp for Forsan, going 50 yards for a score on a roll-out play and then taking a pass from alternate quarterback Darrow Cobb for a 50-yard TD. Williams then passed to halfback Mike Murphy for another TD of about the same distance.

Darrow Cobb and Vard Griffith, tackle, along with Williams stood out on offense.
