Nixon Grabs Chopper To Greet Freed Yanks

(AP WIREPHOTO via cable from Rome)

FREED HOSTAGES — Two released passengers from hijacked airliners, flanked by airport security guards, walk at Rome's Fiumicino airport on their arrival from Amman, Jordan. The pair was among a group of six hostages flown into the Italian capital. At right is Mark Shain of Milwaukee, Wis. Other hostage is unidentified.

Skyjack Hostages Winging To U.S.

ROME (AP) — President Nixon discussed war and peace in the Mediterranean with Italian leaders today and made an unscheduled trip to Rome's airport to greet freed American skyjack hostages flying home from Jordan.

Nixon flew to Fiumicino Airport by helicopter and met the Americans on the tarmac as they walked off a special Trans World Airlines plane that is taking them back to the United States.

28 VICTIMS

Such was the crush around the smiling President that authorities herded the 28 hijack victims back into the plane. Nixon followed and addressed them inside.

The Americans had arrived an hour earlier from Nicosia where they had spent the night after being freed by Palestinian guerrillas in Amman. They were to continue on to New York after refueling, but the surprise decision by Nixon to greet them held them in Rome a little longer than scheduled.

Nixon said afterward: "I think I feel as happy as they do."

'OUTRAGE'

He told reporters that what the hostages went through may mean "the possibility of this happening again in the future has been substantially reduced."

He referred to measures that include armed guards aboard aircraft and security at airports.

"It sometimes takes an incident like this to bring world attention," Nixon said, adding

that the reaction was one of "outrage" and one of compassion for the victims.

Before visiting the hostages, the President told Italian leaders the United States is committed to a strong presence in the Mediterranean, which he called the "southern anchor of NATO."

'THUMBS UP'

He made the reaffirmation to President Giuseppe Saragat at the beginning of talks seeking means of a lasting peace in the Mediterranean.

He later talked with Premier Emilio Colombo, who accompanied Nixon on the trip to meet the hostages.

Nixon said the hostages were "very proud of being Americans. They never lost their spirit." Their slogans were "thumbs up" and "they had no complaints about what happened," he added.

The President spoke to reporters briefly on the ramp of the plane that was to take the hostages nonstop home to New York.

Nixon spoke of what he said was a dilemma faced by his administration and other officials trying to gain release of the hostages. He said that while helping to obtain their release, it was not possible to move in "with massive force" for fear of hurting them.

GREAT POWER

"While we showed great power, we also showed great restraint," Nixon added. He called this a "landmark case" that would influence American foreign policy in the future.

(AP WIREPHOTO via cable from Rome)

HAPPY GREETING — A smiling President Nixon greets hijack hostages, returning to the United States from Jordan, as their plane stopped at Rome's Fiumicino Airport Monday. Sara Malka, 20, of North Bergen, N.J., one of those freed, looks toward the President. Secretary of Transportation John A. Volpe stands behind Nixon at the right.

GILDAY, BOND Two Sought In Slaying Of Cop Jailed

WORCESTER, Mass. (AP) — William A. Gilday, 41, sought in the holdup-slaying of a Boston police officer, was arrested today after a chase of about a hundred miles.

Gilday was pursued in a station wagon in which he held two hostages at gunpoint. Police said the hostages were unharmed.

BULLETS BUZZING
Gilday was reported captured on state Route 122 near the junction with the Massachusetts Turnpike just south of Worcester. Gilday was believed armed with a revolver, rifle and shotgun.

It was not determined immediately if any shots were fired in the chase and capture.

Police fired at least 30 rounds at Gilday last Friday in a wild chase and gun battle in which Gilday slightly wounded a Lowell police officer, grazing his forehead with a bullet fired from a speeding car.

Gilday was arrested shortly after funeral services were completed for Boston Patrolman Walter A. Schroeder, 41, the father of nine who was killed Wednesday when responding to an alarm of a bank hold-up.

One man was arrested last week in connection with the slaying-holdup, which police have linked to a radical campus group, a charge disputed by an area college president.

WOMEN HUNTED
A third suspect, Stanley R. Bond, was arrested Sunday at Grand Junction, Colo., when he attempted to take an airliner to Denver. FBI agents there said Bond was armed when arrested.

'Gray' Bandit Robs Bank

HOUSTON (AP) — A gray-haired bandit with a handkerchief over his face robbed the Oak Forest State Bank in northwest Houston of what a bank official termed "several thousand dollars" today.

Drizzle Drips Half Inch Rain

The light drizzle covering Howard County Sunday and this morning kept temperatures down and spread approximately a half inch of rain over the county.

The Big Spring Experiment Station measured .35 Sunday with light drizzle falling this morning. The Colorado River Municipal Water District recorded .4 inch at the Big Spring pump station north of town, .2 inch at the two pump stations at Lake J. B. Thomas and .2 inch at Lake E. V. Spence.

The Texas Electric Service Co. switching station northeast of Big Spring recorded .34 Sunday with a total of 1.40 for the weekend.

Forsan and Fairview both reported .4 inch of rain with heavy drizzle all day Sunday and this morning. Elbow received approximately half an inch Sunday.

In Today's HERALD Hijacking Pact
Cuba says it is willing to enter an agreement with the United States to return airplane hijackers, but only if such a pact also covers the hijacking of boats. See Page 8-A.

Fire District Election Slated Despite Gigs

By LINDA CROSS
Rural voters will decide the issue of the Howard County Fire District in a special election to be held not less than 30 days and not more than 60 days from today, according to this morning's decision by county commissioners, despite complaints from Coahoma officials.

Coahoma Mayor Jack Cauble and Coahoma Fire Marshal Steve Dick were in commissioner's court this morning to oppose their city's inclusion in the proposed district. Approximately 35 persons attended the public hearing.

"We're not saying that some people don't need the protection, but we don't need it, and we don't want it. The people of Coahoma should not have to pay extra taxes for protection they're already paying for," said Mayor Cauble.

BETTER RECORD
"I'd like to point out that we have a better loss record than the city of Big Spring. We don't have as big a department as they do, but our record is better," said Dick.

Cauble and Dick objected to the fact that Coahoma would be included in the district while Big Spring is excluded. Both pointed out that Coahoma was an incorporated area and should not be included in the district.

Attorneys Roger Brown and Lanny Hamby said that Coahoma would have to be included because the petition designated all county area outside the city limits of Big Spring, with the stipulation that if the citizens of any incorporated area should vote against the district, they would be excluded.

CHANCE TO VOTE
"I think the people of Coahoma should be given the opportunity to choose whether they want to be in the district. I'm sure that Coahoma has a fine fire department, but I think that the people would feel better if they had a bigger and more sophisticated organization to call on," said Hamby.

"We're seeking to have the court set an election to determine whether everyone who would be living in the district

wants it or not," said Hamby. "All this other will have to be worked out later by the fire commission."

ALTERNATE PLAN
A plan for a county-owned, centrally located fire department was proposed in lieu of the fire district and the proposed county-city fire protection agreement.

"I'm not talking as county judge-elect; I'm speaking as a citizen. I'm saying that Howard County is not big enough for a district. I'm asking that you wait until the new regime goes into office and can do something about county fire protection without additional taxes," said A. G. Mitchell, unopposed candidate for county judge.

"We want protection now. Just what do you have in mind for county fire protection?" asked Brown.

"I plan a centrally located, county-owned fire department. We would use the men and the equipment we have now and use the county garage and men to maintain the equipment," said Mitchell.

"How much would it cost the county?" was one question fired back. "Not much," was Mitchell's reply.

EXCLUSION ASKED
Cauble and Dick again asked why Big Spring could be excluded from the district and Coahoma could not. Cauble said that the majority of the people he had talked to did not want to be included in the fire district. He pointed out that Coahoma citizens were paying taxes and receiving what he termed adequate fire protection. If Coahoma was included in the district, its citizens would be paying a double tax, according to Cauble.

Commissioner Ray Nichols said he agreed that if the people of Coahoma did not want to be a part of the district, they should be excluded. Nichols suggested that a new petition be drawn up that specifically excluded Coahoma.

Hamby replied that the present petition had to be acted upon. "If the people of Coahoma vote against the district, they

will be excluded. Their vote will not effect the other areas in the district," said Hamby.

After the discussion, commissioners decided a special election should be called to decide the matter. Coahoma citizens will vote in a separate box to determine their inclusion in the district.

One Policeman Slain, One Wounded By Couple Gunmen

CLEVELAND, Ohio (AP) — One policeman was killed and another wounded early today by two gunmen who stepped out of a car the officers had stopped for speeding.

Mayor Carl B. Stokes called the shootings "bestial and unconscionable."

Police picked up 12 persons for questioning and confiscated 10 guns. No charges were filed immediately.

The assailant had fled on foot and police were checking the license of the car to determine its owner.

Patrolman Joseph Tracz, 27, was dead at a hospital of gunshot wounds to the back of the head, neck, back and leg.

Patrolman Fred Fulton, 29, was shot in the mouth, chest and groin. He underwent surgery at Mt. Sinai Hospital

Gun Sounds For Official Opening Of UF Drive

The 1970-71 United Fund drive was officially opened by Ken Perry, drive chairman, as he announced plans for a concerted effort to reach this year's \$109,975 goal by Oct. 31.

Perry told chairmen of the fund-raising divisions and newsmen at this morning's press conference that he expects each division to work hard from the outset to keep the drive moving at a fast clip.

He also reminded fund raisers that the emphasis should be placed on the contributions to the Big Spring-Howard County community during the past year by the 14 agencies receiving funds through the United Fund drive.

"This year we saw the American Red Cross come to the aid of Lubbock tornado refugees, and the Texas Rehabil-

JOSEPH P. TRACZ

and was in satisfactory condition.

Stokes said the shootings occurred in an area of the city

that has been pressing for more police protection.

"A town cannot have this type of crime and have police protection too," he said in a statement.

Gerity said the two officers apparently were getting out of their car when they were shot at about 2 a.m. Shots were fired through the windshield of the police car and neither officer had time to return fire, police said.

Gerity said Fulton was able to get back into the car and call for help.

Gerity said investigators had been unable to question Fulton, the driver of the police car. He said a motorist who witnessed the shootings provided police with details.

Tracz would have completed his first year on the force Oct. 17. Fulton is a three-year veteran of the force.

be launching a letter writing campaign aimed at Howard County residents outside the city area Tuesday or Wednesday.

Mrs. Wade Choate kicked off the Women's Division drive this morning, as her team members met for coffee to divide the campaign work load. Their goal in contributions from women's service clubs and non-working wives this year is \$3,000.

Divisions that kicked off their drives last week were Maj. P. L. Braddon's group at Webb, Dearl Pittman's metropolitan employe division, Lee H. Williamson's public employe division including the Veterans Administration Hospital, Lowell Jones' special gifts division, and Paul Meek's out-of-town division.

Notice To Subscribers

Effective October 1, 1970, the subscription price of The Herald for home delivery in Big Spring and area will be \$2.10 per month.

This is an adjustment of only 15¢, made necessary by continuously rising prices of all supplies and services involved in the production of your newspaper. The Herald has not made a change in circulation rates in three years.

Your Herald carrier is to share in this change of rate, for an increased net profit on his route.

Mail subscriptions also are being adjusted in proportion.

Brush Flames Forcing Thousands To Evacuate

LOS ANGELES (AP) — Huge fires spread on brush-covered slopes outside San Diego and Los Angeles today after destroying hundreds of homes and forcing thousands to evacuate.

Three persons were killed. One blaze devastated 150,000 acres in southern San Diego County, advancing to the outskirts of several San Diego suburbs. A spokesman for the State Division of Forestry said this fire covered a greater area than any single fire in the state's history.

BLACK ACRES

Another blaze blackened 115,000 acres around the Los Angeles basin.

Fire fighters managed to check the western progress of the San Diego area fire Sunday night as winds, wildly erratic during the day, subsided. But the fire moved southward toward the Mexican border.

More than 50,000 residents fled the San Diego area fire and thousands of others were evacuated from canyon homes as flames raced along a 35-mile front northwest of Los Angeles.

Other fires, some believed set by arsonists, burned in various parts of Southern California for the fourth straight day.

Weary fire fighters battled flames from the air and the ground. They faced another day of temperatures above 100 degrees and winds stronger than 60 miles per hour.

DISASTER AREAS

San Diego, Los Angeles and Ventura counties were declared disaster areas by Gov. Ronald Reagan, who urged Californians to donate clothing and toys for families left homeless.

Federal and state teams were ordered in to assess damage and pave the way for federal relief funds.

Evacuation centers were set up in the fire-ravaged areas. Many of the evacuees were taken into the homes of friends and strangers.

All Southern California military bases were ordered to stand by to receive fire refugees.

ZIPS WESTWARD

The San Diego area fire had burned about 200 homes in Pine Valley, Alpine, Jamul, Harbison Canyon, Crest, El Cajon and other communities along a path 30 miles long and 10 miles wide.

The fire began Saturday in Cleveland National Forest 50 miles east of San Diego from sparks spewing from a fallen power line. It roared westward through brush-covered mountains and lush valleys to the outskirts of El Cajon and Spring Valley near San Diego.

South of San Diego, flames approached National City and Chula Vista.

'HOT' PATH

William B. Marty, director of San Diego County civil defense, said 40,000 to 60,000 persons were evacuated from homes in the county over the weekend, including 6,000 from Alpine late Sunday.

A State Division of Forestry spokesman said the San Diego County fire surpassed the 125,000-acre Matillija blaze which burned from Kern County to Los Angeles County in 1930.

Northwest of Los Angeles, flames burned a path from the Pacific Ocean at Malibu into Angeles National Forest near

Fire Jump Saves Home

Fire miraculously jumped over the canyon in which the John Hollandsworth family lives in California. Mrs. Ada Boodle said she learned today in a phone call from her daughter, Mrs. Doris Hollandsworth.

The family, which resides on Olive Drive near El Cajon, was being evacuated because of the on-coming fire, when flames leaped across to the next ridge and left their canyon's brush intact.

Mrs. Hollandsworth said that barring a shift in winds, they now appeared safe. They were taken back to their home. Two major freeways have been blocked and the air was so heavy with smoke that breathing was nearly impossible, she said.

Newhall. Firemen fought to keep it out of the populous Tona Canyon.

BLAME 'FIREBUG'

Six new fires broke out Sunday in the area, joining nine others previously burning.

"There's a firebug in the area starting these things," a fire official said. "He has been observed starting at least five fires."

One man was arrested Saturday and three others Sunday for investigation of arson. Fire officials said more fires that sprang up later appeared to have been of incendiary origin.

One body found Saturday was identified as that of a Chatsworth man. One unidentified body and a third identified as that of Jack Burton, 38, of Northridge were found Sunday.

Incentive For Salesmanship

CHARLESTON, S.C. (AP) — Salesmanship got 49 seniors at Baptist High School out of writing a term paper for English assignment.

One of them asked the teacher, Jane Davis, if they might escape the assignment by selling \$10,000 worth of magazine subscriptions instead of the \$4,500 worth needed to help finance the annual trip of the senior class.

Mrs. Davis recalled Friday: "Since I knew that \$4,500 would be hard to reach and \$10,000 was impossible, I felt safe in saying yes."

The pupils sold \$10,000 worth in two weeks, an average of just over \$200 worth apiece.

Moonshiners Seeking Guarantee Of 'Fifth'

WASHINGTON (AP) — In an attack on federal tax laws, the Supreme Court has been asked to extend the Fifth Amendment's guarantee against self-incrimination from gamblers to moonshiners.

It's an old argument but, judging from a decision in a lower federal court, legal opinion is now divided.

At stake are federal income tax laws requiring the posting of a sign at a lawful distillery, furnishing of bond, registration information, and purchase of tax stamps for whisky.

In 1968, the Supreme Court

obeyed the federal laws, they would have been forced to incriminate themselves.

In the past, convicted moonshiners have had little success in courts with their plea.

The U. S. Court of Appeals at Cincinnati rejected the incrimination claim, saying the alcoholic beverage laws are essentially noncriminal revenue measures.

The whiskey laws aren't exposure statutes, the court went on, while the gambling stamp law was. The only list involved in the alcohol laws are those of legal distillers, it said.

But, as an indication of the division of opinion, three of the nine judges on the appellate court dissented.

They argued that the high court's ruling in the gambling stamp case had set a new precedent that should be controlling.

First Day Is Hardest Of All

LOS ANGELES (AP) — A baby specialist says the most dangerous age of life is the first month and this has been a "stepchild" of medicine.

"An intensive care unit for the newborn in the small community hospital is the last thing on the priority list," Dr. Marvin Cornblath told newsmen recently.

Cornblath of the University of Maryland School of Medicine said more humans die on the first day of life than at any other age until the 14th year and more in the first week than at any time until their 70s.

Guaranteed Annual Income Nearing Big Test In Senate

WASHINGTON (AP) — President Nixon's plan for a guaranteed annual income for the nation's poor is nearing a crucial Senate test with the administration unable to count on the strong Republican support necessary to win.

The Senate Finance Committee starts executive hearings Tuesday into Nixon's welfare reform program, including the guaranteed income plan, and a related Social Security measure. Both have passed the House.

The administration needs at least nine votes among the 10 Democrats and seven Republicans on the committee to clear the legislation for Senate debate.

However, a key Democratic source, who asked not to be named, said there are not enough votes among committee members of his party to get the bill to the floor. "The President is going to have to get some more help from the Republicans," he said.

But, administration strategists admit they are confident only of the vote of Sen. Wallace F. Bennett, R-Utah, but hope to pick up more support in the closed committee sessions.

The guaranteed income provision that is sparking the GOP reluctance — downright opposition in some cases — is formally known as the Family Assistance Plan, or FAP.

It would, for example, provide a basic, federally financed income floor of \$1,600 to every four-member family in the nation, increasing the welfare rolls to a potential 24 million persons, compared with 10 million now.

Several Republicans on the committee say the projected cost of \$4.1 billion a year for the plan is too low.

Social Security

The Social Security measure, which the committee will start with Tuesday, is considered a sure bet to clear the panel and may be the vehicle for floor debate on guaranteed income.

Upside Down Flag Mystery

SANTA FE, N.M. (AP) — There was a distressful situation at New Mexico's capitol recently.

Custodian Miguel Armijo said he raised the United States flag on a pole as usual. Later, he noticed the flag was upside down.

He brought down the flag and righted it. Again, he later found it flying upside down. Armijo then started watching the flagpole from a building window. He saw three youngsters bring the flag down and turn it upside down. They fled when they saw Armijo.

Sentencing Scheduled Today For Four Pupils

DALLAS (AP) — Sentencing was scheduled today for four university students, one of them linked to black militant Angela Davis, on marijuana possession charges.

The four, all free on \$2,500 bond, were found guilty Friday night. It took the jury 15 minutes to decide.

The defendants are Arnold Ellis, Leroy Delaine, Dalton Neezey and Irving Brown, all students from the University of California at Santa Barbara. A Santa Barbara County sheriff's deputy testified that Neezey had acted as a body guard for the Davis woman last year. She is a fugitive, listed on the FBI's 10 most wanted list in connection with the Aug. 7 courtroom slaying of four persons including a judge at San Rafael, Calif.

The defendants were arrested June 2. Defense lawyer Otto Mullinax claimed the prosecution was trying to make a "political trial" against the four by attempting to introduce evidence pertaining to their activities on the Santa Barbara campus.

Milk Supply

DENVER (AP) — Edmund Siemers, who retired recently as a passenger train conductor for the Union Pacific Railroad, recalls he was conductor of a troop train from Portland, Ore., to Denver in 1943 when the milk supply gave out.

Rail officials telephoned a dairy at Montpelier, Idaho, to arrange for replenishment. The train waited at Montpelier until 4 a.m. when milking was finished and the milk hauled to the train in 10-gallon cans.

Siemers said most of the soldiers wouldn't drink it "because it was warm and they were used to pasteurized milk."

OLDSMOBILE 98 LUXURY SEDAN — Built with new bodies on a new chassis, the 1971 Oldsmobile 98s are completely changed in appearance and provide greater interior roominess. All 1971 Olds models are to be unveiled Tuesday at Shroyer Motor Co., 424 E. 3rd.

Extensive Advancements In Oldsmobile Line For 1971

The new 1971 Oldsmobiles include a very important advancement in instrument panel design. This provides exceptional service accessibility. Not only are all controls in reach of the driver, but all units are easier to service than ever before. Switches snap in and out. The radio clock instrument cluster, and heater controls are easily removable. The interiors of all 1971 Oldsmobiles, from the Cutlass models on through the 88's, 98's and the Toronado, are more luxurious and beautiful. Suspension improvements in the 1971 Oldsmobiles will result in a most impressive ride. Smooth and quiet operation will combine with greater road stability, particularly in crosswinds. Olds engineering objective in its 1971 cars was to stabilize these forces by isolating their harsh effects. Their goals were accomplished through the all-new front suspension and rear Oldsmobile in 1971 also will offer one of the widest selections of station wagons in the industry. It will market a full-size wagon, the Custom Cruiser. With its addition, the fleet of wagons is expanded to five models. They include the Cutlass Cruiser, the popular Vista Cruiser, and the new Custom Cruiser. The 88's and 98's for 1971 are built with new bodies on a new chassis. Their new shape is accentuated by increased curve of the body side surface. Flush mounted side glass further contributes to this sleek appearance. Front pillars are slimmer, offering less obstruction for better visibility. The new 88 and 98 bodies

CAMPUS UNREST CYNICISM Texans To Wait And See

Editor's Note: The President's Commission on Campus Unrest released its report this past weekend. Responses from several colleges throughout the nation show little hope that the commission's report will deter more violence. Lynn Flocke, a senior journalism student at the University of Texas at Austin, interviewed school administrators, faculty and classmates for their reactions to the report. Here's how the report is viewed by several persons of Texas' largest university:

By LYNNE FLOCKE Written For The Associated Press

AUSTIN, Tex. (AP) — Students questioned at the University of Texas at Austin about the report from the President's Commission on Campus Unrest are pessimistic. Faculty members and administrators see some hope.

Most of those questioned, however, said the blame for campus unrest lies deeper than with President Nixon or his administration.

NOT 'IMPRESSED'
Some suggested the problem is related to the American system of values, trouble within our society and the disputed role of the universities.

A major criticism from those who lack of specific recommendations for solutions.

One student said he was not "impressed" with the report, while a history professor said the commission failed to include the "cultural aspect—the emptiness of the culture of youth."

Acting university president Bruce Jordan had these comments on the report:

"If the statement about the administration taking the leadership implies that the major source of problems is in society in general, then I agree."

'I AGREE'
On the statement in the report that some colleges are weak on discipline, Jordan said: "I agree that on many campuses where violence occurs the permissive attitude of the administration has encouraged violence."

On the claim that some faculty members were participating in disruptions, he said: "An institution should not allow a canker of disruption to grow within the body of the institution."

On the report's suggestion that the Vietnam War was a major cause of campus unrest, he said:

"The causes of campus unrest are much broader than that. It concerns a whole gamut of problems."

STEP BY STEP

Dr. Stephen McClellan, acting vice president for student affairs, said: "I didn't see any step by step methodology of what we should do. I haven't seen anything in the report that I haven't seen elsewhere."

On the report's recommendation that Nixon take the first step toward easing campus tensions, McClellan said: "I don't know that that's a workable solution. I don't agree how through some magical manner he completely pull together those polarized elements."

Dr. Ira Iscoe, director of the counseling-psychological Services Center at the university, said: "I don't think the (Nixon) administration per se is to blame. The fixing of blame for campus unrest is more complicated."

Politics use universities as a symbol to divert attention from other problems," he added.

"The new 'nigger' is the university."

Dr. Vartan Gregorian, professor of history, commented: "My only reservation is that the report doesn't deal with the cultural aspect — the emptiness of the culture of the youth. I was hoping it would link the problem of campus unrest to the vanishing of the culture."

One part of the report condemned politicians who use the issue of campus unrest in their campaigns.

'NEW 'NIGGER'

"It's welcome that it condemns the use of campus unrest by demagogues—those who use campus unrest in order to gain political foothold in the rest of society," Gregorian said.

Frost Warnings In Several States

Cool weather hovered over most of the nation today with frost warnings in effect in several states bordering the Great Lakes.

Exceptions to the cooling trend were Florida and the arid, wind swept Southwest.

Hot, gusting winds near Los Angeles continued to feed a giant brush fire which already has blackened more than 150,000 acres, forced 50,000 persons to flee and claimed at least three lives.

Tropical storm Greta, reporting winds of about 35 miles per hour, moved away from the Gulf Coast early today after greatly reducing its intensity Sunday without causing significant damage.

The sudden coolness which centered on the western Great Lakes and upper Plains also brought relief to the Eastern Seaboard, where an unseasonable warm spell caused power shortages last week in New York, Washington and other cities.

Frost warnings were posted early today in Wisconsin, central and southern Minnesota, Michigan, northern Illinois and South Dakota.

Scattered showers and thunderstorms were reported along the Atlantic Coast and a few light showers fell in Michigan, but most of the rainfall was less than a quarter inch.

Temperatures early today ranged from a low of 30 at Hibbing, Minn., to 82 at Melbourne, Fla.

Jim Arnold, vice president of the 38,000-member student body at Texas, said: "I doubt that the (Nixon) administration will take this opportunity to bring us back. I'm not impressed. The report did lay the blame where it should be, but it's not just Nixon, but the Nixonese that permeates this country."

"I'm afraid it's going to take another crisis, something really drastic, to make us re-examine our values. I would look for the administration to discredit the report. I would look for it to be a new subject for Agnew speeches."

Mike Pelfrey, a graduate student and a member of the Student Mobilization Committee, a national broad-based anti-war organization, said: "I thoroughly agree that campus unrest is caused by social injustices and it is up to the president and the government to solve the problems."

On the report's condemnation of persons who advocate violence, Pelfrey said: "If there's violence, it's when students don't feel there is another outlet. Violence is a two-way street."

"If people swallow the lie that all is good in America, we're in real trouble. If the only reaction to students' outcry is repression, then it's all over. It's like when a little baby is crying and you stuff a sock in its mouth so you can go back to sleep."

PASO Urges Opposition To Key Demos

CORPUS CHRISTI (AP) — A resolution urging opposition to the candidacy of Gov. Preston Smith and Lloyd Bentsen, Democratic senatorial candidate, was approved Sunday by the Political Association of Spanish-speaking Organizations (PASO). The resolution against the two Democrats was tantamount to an endorsement of their Republican opponents, gubernatorial candidate Paul Eggers and Rep. George Bush, a GOP Senate candidate. Rep. Carlos Truan of Corpus Christi led opposition to the resolution but was defeated by a 94-4 margin.

CLOSE VOTE

On a narrow 50-45 vote, PASO voted to strike a section of the general resolution which called for endorsement of Republican Ed Yturri who opposes Atty. Gen. Crawford Martin on the November ballot.

A PASO spokesman said the group didn't want to single Yturri for endorsement but the organization did condemn Martin in a resolution.

Martin was criticized for failure to enforce Texas law, failure to keep an equal standard of justice in South Texas and other claims by PASO.

Another resolution expressed "regret and outrage at the abrupt dismissal by the governor of the first Mexican-American to serve in state government not merely as a tool but as an articulate spokesman for the needs and desires of our people."

The resolution referred to former governor's aide Humberto Aguirre.

UNIDA SUPPORT

Another resolution urged support of La Raza Unida party candidates in South Texas.

PASO delegates in one resolution condemned the state Democratic party "which has consistently shown its insensitivity to the needs and desires of the Chicano people of Texas."

Other approved resolutions endorsed peaceful protests as a strong American tradition and the concept of the school boycott "as a means of legal and legitimate protest against the gringo-dominated and gringo-oriented school system."

Members approved a proposal to restructure PASO that was outlined by Bexar County Commissioner Albert Pena and Truan.

The restructuring plan calls for dividing the state into regions and the establishment of a board of directors. Members of this board would come not only from PASO, but from other Mexican-American organizations asking for representation on the board.

TOO MANY?

Several PASO members argued that it would be possible for too many organizations to be represented.

Truan urged delegates to give the restructuring plan a chance, saying PASO needs to have a good foundation before the 1972 elections.

PASO, a long-time Texas Mexican-American organization, generally endorses political candidates at the local and state level and has fought for an end of discrimination against Mexican-Americans.

Crossword puzzle grid with clues and solved words like SATURDAY, SEPT. 26, SOLVED.

All that's new for 1971— from Oldsmobile!

Toronado. The Unmistakable One takes on grand new proportions. It's a full five inches longer, and every inch adds to its elegance. Even its trunk is more spacious this year.

The new interiors are roomier and far more sumptuous. The front floor is flat from door to door, with no hump to get in the way. Toronado's unique front drive and the totally new ride system deliver greater smoothness, improved traction and sure handling.

Add a responsive Olds Rocket 455 V-8, power steering, power front disc brakes, Turbo Hydra-matic—all standard on the front drive Toronado.

Delta 88. Warmest welcome ever to the big-car world. Power steering is standard. So are power front disc brakes. And an impressive 124-inch wheelbase. It's all topped off with Delta 88's remarkable new "G-Ride" System.

The "G-Ride" System. An Olds exclusive—a combination of advances in chassis, suspension, steering and all-new Super-shocks. You ride smoother, corner better, are less affected by stiff crosswinds. It's featured in every 1971 Olds Delta 88.

Cutlass Supreme. Oldsmobile's "little limousine" places all-out elegance within the reach of nearly every new car buyer! And does it so beautifully—with a classic and economy—your profile outside, deep comfort and luxurious appointments inside. If you're longing for elegance—and economy—you and Cutlass Supreme are made for each other.

Pollution fighters. Every Olds engine is designed to cut emissions, run efficiently on no-lead, low-lead or regular fuel.

Double comfort. New Flo-Thru Ventilation features both upper and lower outlets for greater control, better air circulation.

Solid security. Side-guard beams are welded into the doors for protection. One of many Olds safety features for 1971.

Oldsmobile ALWAYS A STEP AHEAD

Wrong Teller For See-Thru Bandit

CLEVELAND (AP) — Police believe a young woman wearing a see-through blouse foiled her own robbery attempt Friday by not going to a male teller.

The woman went to Mrs. Kenneth K. Kansy in the Park View Savings & Loan Association's downtown office and handed her a note saying, "This is a holdup. Give me six packs of twenties. I have a gun pointed at your head."

Mrs. Kansy, 24, unfustered by the blouse, told the woman she did not have the money in twenties and pushed a silent alarm. The would-be robber took her note back and ran.

Will Probe Use Of Drugs By Bright, Speedy Pupils

WASHINGTON (AP) — The growing use of tranquilizers to quiet overactive school children comes under scrutiny this week by a congressional panel concerned the drugs may suppress classroom creativity.

With one federal health official estimating as many as 300,000 children may be receiving tranquilizers, Rep. Cornelius Gallagher, D-N.J., has scheduled hearings starting Tuesday into the situation.

REAL QUESTION

"Before this grows into the millions, I think we ought to have a look at it," Gallagher said. He heads the House privacy subcommittee holding the hearings.

Gallagher's concern is with amphetamine-class drugs prescribed by doctors for such dis-

orders as hyperkinesis — the problem-child syndrome.

But, says Gallagher, there may be a real question as to whether bright, creative youngsters are being drugged to mask natural restlessness in boring classrooms.

CIBA Pharmaceutical Co., which manufactures one of the drugs, gives these symptoms for hyperkinesis, or minimal brain dysfunction:

"He seems in perpetual motion. In constant, purposeless activity. He's aggressive, destructive. Easily frustrated. Can't concentrate. He's bright, yet does poorly in school. He wants friends, yet companions shun him. His behavior makes him nearly unbearable to parents, teachers and playmates."

Gallagher has been investigating the problem informally for four months, since reports sur-

faces that 3,000 to 6,000 school children in Omaha, Neb., were being given drugs.

Besides the question of bright youngsters being drugged, Gallagher poses some others:

—What happens when such drug use goes on a child's record? Will he be marked for life as needing tranquilizers to function in society?

—What happens when a child who has been given these amphetamine-class drugs—the kind young people call speed—is warned against their use as a pleasurable mind stimulant. Will he believe it? Gallagher says he is also concerned about the safety of the drugs used. CIBA, in its literature on Ritalin, warns against giving the drug to emotionally unstable patients.

"Chronically abusive use can lead to marked tolerance and psychic dependence with varying degrees of abnormal behavior," CIBA said. "Frank psychotic episodes can occur."

Side effects of Ritalin can include nervousness, insomnia, nausea, dizziness, headache, drowsiness, and skin rash, CIBA said.

Final Rites For Urschel

SAN ANTONIO, Tex. (AP) — Final rites were scheduled here today for oilman-philanthropist Charles F. Urschel, who was kidnapped by the George "Machinegun" Kelly gang in 1933 and ransomed for \$200,000.

Urschel, 80, a native of Fostoria, Ohio, died here Saturday. He was kidnapped on the night of July 22, 1933, from his Oklahoma City home and held for nine days at a farm near Paradise, Tex. He was released at Norman, Okla.

He retired from his Oklahoma City business and moved to San Antonio, where he became a founding trustee of the Southwest Research Institute and the Southwest Foundation for Research and Education.

He was the stepfather of San Antonio oilman-rancher Tom Slick, who died in a 1962 plane crash in Montana.

Urschel's wife died last spring.

His survivors include two sons, San Antonio oilman Charles F. Urschel Jr., and Earl F. Slick of Winston-Salem, N.C., a daughter, Mrs. Louis J. Moorman of San Antonio; two sisters, Mrs. Clarence Morgenthaler and Mrs. Charles Seever, both of Fostoria; 11 grandchildren and seven great-grandchildren.

Myrdals Urge Halt Of Napalm

FRANKFURT, Germany (AP) — Gunnar Myrdal, 71-year-old writer and head of the Stockholm Peace Research Institute, and his writer wife Alva, Sweden's minister of atomic disarmament, have been awarded the German book trade's peace prize for 1970.

In accepting the \$2,720 prize Sunday, the Myrdals urged a ban on all atomic, biological and chemical weapons. Mrs. Myrdal said there also should be a halt in the use of napalm and in all military activity on the ocean floor.

GOING HUNTING — Helicopter, containing soldiers of the U.S. 5th Mechanized Division, flutters over one of the many hilltop combat posts south of the DMZ in South Vietnam. The GIs were off to check North Vietnamese infiltration in the area.

Viet Cong Rockets Dropped On Hospital, No Casualties

SAIGON (AP) — Viet Cong rockets dropped on Hue, Vietnam's old imperial capital, for the first time in almost two months as the enemy tried to thwart the Saigon government's pacification program in five locations, a military spokesman said today.

The U.S. Command reported few attacks on Americans during the weekend, but five helicopters were lost at a cost of eight dead, two missing and four injured. One of the choppers, an Air Force UH1, crashed in Cambodia because of an operational failure, the first helicopter lost over Cambodia since American troops withdrew June 30.

40 WOUNDED
One of three rockets that hit Hue struck a military hospital but caused no casualties, the spokesman said. Only light damage was reported.

South Vietnamese casualties were listed as 11 killed and 40 wounded in the other four attacks, two of them within 15 miles of Saigon.

The U.S. Command did not disclose the mission of the helicopter that crashed in Monduliri Province in northeastern Cambodia, taking two American lives and wounding two GIs. But sources said the craft carried only defensive weapons and indicated it was on a low-level observation mission.

SPY MISSIONS
It was the first disclosure that the United States is using helicopters to fly reconnaissance missions over Cambodia. Sources outside the command said some of the helicopters are equipped with electronic sensors.

The sources said Army and Air Force helicopters are being used for purposes including:

—Low-level reconnaissance missions to spot potential North Vietnamese and Viet Cong positions and supply routes that other aircraft flying at higher altitudes would be unable to see because of jungles.

—Flights to assess the effectiveness of U.S. air and artillery strikes.

—Electronic surveillance flights to pick up signals from ground sensors that would indicate the movements of North Vietnamese troops and supply trucks.

LARGE OFFENSIVE
Elsewhere in Cambodia, the military command in Phnom Penh acknowledged for the first time that Vietnamese Communists have set up some effective Cambodian militia and village-level governments to oppose the regime of Premier Lon Nol.

A spokesman said the efforts of Cambodia's first large offensive of the war 47 miles north of Phnom Penh have been turned toward pacification of villages which had been under Communist control for months. Earlier

statements contended there was no effective Cambodian opposition to Lon Nol. South Vietnamese headquarters in Saigon announced its forces had closed out an eight-day amphibious operation along the Bassac and Mekong rivers from 30 to 50 miles southeast of Phnom Penh. A spokesman said 233 north Vietnamese casualties of 16 killed and 57 wounded. He said termination of the operation reduced South Vietnamese strength in Cambodia from 13,500 troops to 12,000.

memo to advertisers

Some people's circulation figures

MULTIPLY LIKE RABBITS

Other's jump around under the pressures of selling advertising space.

Multiplication and fluctuation have to be the real thing for us. The Audit Bureau of Circulations keeps close tabs on our circulation audience—their auditors, their standards, their reports, and their figures.

Not a bad arrangement. At least you know for sure exactly what your advertising moneys are buying.

Counting only those willing to pay the price makes us publish a paper people will want to read—an audience interested in what you have to say about your products and services.

Be ABC-sure!

BIG SPRING DAILY HERALD

The Audit Bureau of Circulations is a self-regulatory association of over 4,000 advertisers, advertising agencies, and publishers, and is recognized as a bureau of standards for the print media industry.

Warm Fresh Air

... direct from the manufacturer

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat — you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

Red Berets Flammable

WASHINGTON (AP) — The Federal Trade Commission says thousands of highly flammable red berets made in Italy are being sold daily to American women.

The chenille berets ignite quickly and "burn with great intensity, release a large amount of heat and are extremely difficult to extinguish," the FTC said in a general warning to the public.

At least 28,000 berets have been imported for sale in this country through firms in Chicago and New York and many thousands more probably have been sold, said Edward B. Finch, acting director of the agency's textiles and furs division.

To demonstrate the hazard, Finch touched a match to one — and it immediately burst into flames and within 30 seconds was a gray heap of ashes.

Known exporters of the berets are Donatello, Santelli & Figlio; Kreiger Ltd. with Straw Industrial; and Bing of Florence, all of Florence, Italy.

Known importers are Accesso Fashions and O'Connor-Goldstein Millinery and Wig Co., both of Chicago; and Mr. Grossman & Sons, Inc., and Betmar Hats, Inc.; Four Seasons Hat Club, Inc.; and Moses L. Aronson, Inc., all of New York.

Conscience Made Safe Driver

DETROIT (AP) — Thirty years ago Orel Lingle received what he says was his first, and only, speeding ticket.

This week, Lingle sent a \$20 bill to the Detroit traffic court with a letter that read:

"This is the only obligation that I have failed to meet. So in order for me to have a clear conscience, I am sending you the payment. That was the first and last traffic ticket I have ever received."

10-A Big Spring (Texas) Herald, Mon., Sept. 28, 1970

FLEETWOOD ELDORADO COUPE — This is a totally new member of the Cadillac line for 1971, going on display Tuesday at Jack Lewis Buick and Cadillac, 403 Scurry. The tailored lines of the '71 model draw parallels between that era of the fine classics and the new Eldorado. The boldness of the grille, with a new vertical accent, complements the 500 cubic inch Eldorado engine.

Three Series Of Cadillacs Reflect Many Refinements

Cadillac for 1971 features dramatic all-new styling, a new Fleetwood Eldorado convertible, extensive chassis changes with the accent on riding comfort and added emphasis to safety, serviceability and emission control.

Nine Cadillac models in three series — Calais, DeVille and Fleetwood — go on sale Tuesday. They are on public display at Jack Lewis Buick and Cadillac, 403 Scurry.

The standard Cadillac's feature a new low horizontal front-end motif which highlights widely-spaced head lamps set into individual bezels. The new front bumper, with greater impact and parking protection, is designed to enhance the low horizontal look.

GRILLE — The elegant grille is of traditional Cadillac cross-hatch design and features an in-depth frame in each opening. It gives a bold new look to the area in front of the 472 cubic inch engine which powers all standard Cadillac models.

The side view of the car typifies the new architectural concept of 1971 and highlights the tubular shape of the body side. Because of the new body

configuration, a very spacious feeling is attained through the increased shoulder width and larger glass areas.

Adding to the graceful side view is a strong design line from the top of the front fender blending into the sculpture of the body and sweeping to the rear bumper.

Side marker lights are tastefully detailed and blended in the new front fender cornering lamp and as a part of the side body molding at the rear.

ELEGANCE — The uppers for 1971 are new with an outstanding example shown on the Fleetwood Brougham where the vinyl roof extends downward between the windows in an interpretation of the classic V-16's of the 30's.

An option light, available as an operation on the Brougham and Seventy-Five series, provides a distinctive identifying mark and adds a perfect touch to these elegant models.

Windshields on all cars are more streamlined and provide more glass area and greater visibility.

The rear bumper is designed to accentuate and give individual identity to the taillights located in the bumper outers.

These vertical slimly-tailored housings contain the stoplight, directional signal and taillight and provide greater illumination.

Although overall length remains basically the same, the 1971 Eldorado appears longer because of a totally new body and a longer wheelbase.

Crisp profiles throughout and the vertical character of the fender ends, both front and rear, highlight the Eldorado.

CREST

The strong emphasis "down the center" of the Eldorado is carried throughout the entire car. The bevel on the long hood continues through the belt line to the rear quarter. Adding a distinctive touch on the hood is a new stand-up Cadillac crest, spring-mounted to meet safety requirements and resist damage.

The boldness of the grille — in traditional cross-hatch design — with a new vertical accent, dramatically complements the 500 cubic inch Eldorado engine.

The leading edge of the front fender contains the new upright parking lamps. The Eldorado front bumper provides a dramatic new appearance and is distinctively Cadillac.

Pressure Cell Keeping Lid On Cold Front

By The Associated Press

A high pressure cell hanging over West Texas clouded weathermen's predictions that skies in Texas would clear today.

The system kept a tight lid on the cold front which had barged through Texas, causing cloud cover all over Texas with rain storms stretching from extreme South Texas to the Rio Grande Valley north across West Texas to Abilene. Early morning temperatures ranged from the chilly 40s in West Texas to the 50s and 60s elsewhere.

Strong north winds continued to fan the Gulf Coast where small craft warnings were in effect.

The Weather Bureau said there was a chance skies would clear a little in extreme eastern portions of the state but otherwise it would be cloudy in Texas with only minor deviations in temperature and rain would continue from the Rio Grande Valley to West Texas.

Brownsville had 2.46 inches of rain by Sunday evening and Marfa recorded 1.46 inches for the 24-hour period ended Sunday night.

Bobby Baker Is Appealing Case

WASHINGTON (AP) — Former Senate secretary Bobby Baker has filed an appeal with the U.S. Supreme Court seeking to overturn his conviction on seven counts of an indictment charging larceny, income tax evasion and related offenses.

Baker's 1967 conviction was upheld by the U.S. Court of Appeals on June 30 and the same court denied a petition for a rehearing on July 29.

Cadillac 1971...the new look of leadership!

In every respect, all nine of Cadillac's magnificent models are totally new in looks. Body contours are crisp and classic. There is greater glass area. A new lower door design permits easier entry and exit.

They are also new in luxury. A new instrument panel is so designed that all gauges are positioned or canted for easy reading. There are new lower profile seats, contoured to make a full day's drive a relaxing reality.

There is new Cadillac performance, too. The smoothness and quiet must be experienced. And all Cadillac V-8 engines will perform on the new no-lead, low-lead fuels.

Your authorized Cadillac dealer invites you to see and drive the brilliant new Standard of the World. You'll discover that leadership has never before been so elegantly presented.

Eldorado 1971...world's most elegant personal cars!

In the Eldorado Coupe and Convertible, Cadillac presents two completely new and distinctive automobiles. With their new, longer wheelbase, the 1971 Eldorados ride with superb new smoothness and quiet.

There are individual touches, such as the jewel-like standup crest and the new exclusive coach windows on the Coupe.

The Convertible, now the only luxury convertible built in America, comes equipped with a new inward-folding

hideaway top that provides greater rear-seat room. With a combination of front-wheel drive, variable-ratio power steering, front disc brakes, Automatic Level Control and an 8.2 litre V-8, Eldorado performance has never been so rewarding.

Surely, these are the two most excitingly luxurious automobiles in the world of personal motoring — the totally new Fleetwood Eldorados by Cadillac.

See the New Look of Leadership at your authorized Cadillac dealer's tomorrow!

'Test Us' Sends Him Down Unusual Aisles

WASHINGTON (AP) — Almost any Saturday around 9 a.m. Joe Sisco can be found between the frozen foods and the fresh vegetables in a supermarket.

It's not the usual place to look for the government's top Middle East expert, but Joe Sisco's imagination, energy and indifference to formality frequently propel him down unusual aisles.

Last April in an effort to save something from the collapse of earlier Middle East peacemaking attempts, Sisco made an extraordinary tour of the hostile capitals. As assistant secretary of state for Near East and South Asian affairs he renewed high level U.S. contact in Cairo with a call on President Gamal Abdel Nasser.

STOP SHOOTING

When Nasser told him the United States was so pro-Israel it couldn't possibly be fair to Egypt in any kind of go-between role, Sisco said: "Test us."

Nasser evidently was impressed, and Sisco's undiplomatic "test us" undoubtedly helped produce Cairo's August acceptance of a U.S. plan for Egypt and Israel to stop shooting and start talking.

When asked recently whether he is the State Department's foremost expert on the Middle East, Sisco waved off the implied compliment. "No," he said, "it's not that way. What I know is the policy. I probably know more about that than anyone else here. I've been involved in it for 20 years."

This accumulated experience is responsible for his unusual record of successive service under Lyndon Johnson and Richard Nixon.

STAY ON

Only a few senior diplomats are asked to serve presidents of different parties in the high policy positions Sisco has held.

Sisco, who will be 51 next month, joined the State Department in 1951 and almost immediately began working on Middle Eastern problems.

Four years later he joined the Foreign Service and in 1965 was named assistant secretary for international organization affairs.

When William Rogers succeeded Dean Rusk as secretary of state, he knew the Arab-Israeli conflict would be a major concern and he wanted an experienced man on the job. Still, Sisco was caught by surprise when asked to stay on.

EYED POLITICS

Expecting normal acceptance of his resignation by the incoming president, Sisco had decided

to go into some other activity, possibly politics.

However, he had known Rogers liked him and he decided to stay on when the new secretary offered him his present position.

"The Middle East appealed to me," Sisco recalls.

He knew what he was getting into in assuming responsibility for operations and the development of U.S. policy for one of the great crisis regions of the world. But Sisco has been through many international crunches.

During the 1962 Cuban missile crisis he helped prepare many of the State Department papers which went to President Kennedy.

In previous crises he's worked on the simultaneous 1956 Suez and Hungarian situations, the East-West struggle over the Congo and the U.S. intervention in Lebanon in 1958.

EAT MORE, SLEEP LESS

Like many officials Sisco finds the energy for dealing with crisis in the challenge and excitement of the situations themselves.

In a crisis, he explained, "You build up a plateau of excitement and maintain it. You eat more and sleep less, but you burn up more energy so you don't gain weight. You exercise as you can."

He enjoys golf but has played very little in recent years. Tennis is his more frequent game and he was a varsity player in college. He also played Big Ten basketball at the University of Chicago.

"I'm responsible in part for the death knell of Big Ten basketball in Chicago," he said. "Our record was 0-12."

A more regular activity has been Sisco's shopping expeditions. Carried out quietly for

years, they were discovered mainly because an acquaintance saw him loading a market cart with groceries.

'I'D LOVE IT'

"I start every Saturday morning around 9 o'clock," he explained. "It takes me just an hour and I still have time to get into my office about 10:15."

"I enjoy the shopping and I'll tell you why. It's relaxing. It's planning of a different kind. Anyway, it's something I started doing when my wife and I were in graduate school at the University of Chicago. And my wife says I'm a better shopper than she is."

When the latest Middle East crisis slackened, Sisco, still looking a little tight-eyed from lack of sleep, was asked if he still likes his job.

"I love it," he said.

GIVING HIS VIEWS — Joe Sisco, assistant secretary of state for Near East and South Asian affairs, discusses his job during a recent interview in Washington.

McKnights Attend National Meeting

Louis McKnight, district manager, and his wife, Jacqueline, left this morning for New Orleans, La., to attend the national conferment exercises of the American College of Life Underwriters. Monday, McKnight will be awarded the coveted Charter Life Underwriter designation.

While in New Orleans, all new CLU's and society members will attend the annual CLU forum where such topics as "professional corporations," "perceptions on economic security," and "our public, our product and ourselves" will be discussed. Mr. and Mrs. McKnight will return Wednesday to Big Spring.

Elected Treasurer

WACO — Cliff Creighton, son of Mr. and Mrs. Merrill Creighton of 208 Washington in Big Spring, has been elected treasurer of the Student Bar Association of the Baylor University School of Law. Creighton attended Baylor University before entering Baylor Law School in the summer of 1969. He is presently a mid-law student and is serving as vice dean of Delta Theta Phi legal fraternity.

Horoscope Forecast

TOMORROW

—CARROLL RIGHTER

GENERAL TENDENCIES: Today and tonight are fine for settling matters with others that have been pending for some time. You would be wise to think out a course of future action that will bring you more harmonious accord with those you like or have to be with. Be cooperative.

ARIES (March 21 to April 19) You can now talk over unfinished business with others and get a fresh start. Settle any disagreements at this time. Show you are a person of wisdom.

TAURUS (April 20 to May 20) As a child of Venus you love order and charm around you, and this is a good time to add just such touches at home. Charming co-workers into going along with some plan you have in mind is wise. Accomplish a great deal today.

GEMINI (May 21 to June 21) A good day to create others and enjoy their company. Show that you have a good sense of humor. Do a special favor for one for whom you have much affection. Make this a happy day and evening.

MOON CHILDREN (June 22 to July 21) Get the OK from kin and then go ahead with some plan you have in mind. Being well groomed is important right now. Being prepared in case anyone drops in is always good.

LEO (July 22 to Aug. 21) A perfect day for making business calls and impressing others as to your ability. You have been neglecting pairs of late, and this is a good time to see them. Take along a little gift.

VIRGO (Aug. 22 to Sept. 21) See what can be done about correcting errors and putting all in order about you for best results. Improve yourself and surroundings with artistic touches. Avoid someone who could get you into trouble.

LIBRA (Sept. 22 to Oct. 22) En-

tertaining or being entertained is excellent for today. Be charming and you will be the magnet of all eyes. This can lead to some very interesting possibilities for the future. Avoid shop talk.

SCORPIO (Oct. 23 to Nov. 21) You can have a perfect field day investigating various matters. Clear up whatever is puzzling. Persuading one you love is a very simple matter now, whereas it was most difficult ere this.

SAGITTARIUS (Nov. 22 to Dec. 21) Instead of wasting time of trivial matters, get busy looking up good friends who truly admire and like you. Increase happiness. Splendid evening for light-hearted fun.

CAPRICORN (Dec. 22 to Jan. 20) Pleasing higher-ups and improving your image with the public is your finest bet today. Take part in a civic matter that makes you a more popular and worthwhile person. Don't waste time on trivia.

AQUARIUS (Jan. 21 to Feb. 19) These new ideas need to be acted upon quickly now so that your development will be felt and seen in the near future. Making sure to contact that person out of town brings just the right results. Think big and you will be big.

PISCES (Feb. 20 to March 20) Make your abode attractive so you can enjoy it more in the future and be proud to entertain friends. Graciously do whatever will please a valued co-worker. Think in terms of more money.

FOR BEST RESULTS USE HERALD WANT ADS

Hugh Downs Mum After Accident

NEW YORK (AP) — Hugh Downs, 49-year-old host of NBC-TV's Today Show, has been temporarily knocked off the air by a motorcycle accident.

An NBC spokesman said Downs was riding along Cove Creek Road near his home outside of Phoenix, Ariz., Saturday when the throttle stuck and he lost control. He suffered cuts, bruises and an injury to his right foot.

He spent the weekend in St. Joseph's Hospital in Phoenix. NBC said he would return to the show later this week.

DEAR ABBY: I am a church organist who has been intending to write to you about church music for some time, but what happened yesterday was the last straw.

A bride-to-be requested that I play "Aquarius" and "Let the Sunshine In" at her wedding. Naturally, being a conscientious church musician, I refused. She complained to the pastor who brought the matter before the church council. Believe it or not, the pastor and council agreed with her!

Now, don't get me wrong, I have nothing against the two songs mentioned above, but they have no place in a worship service, which is what a wedding is. It's bad enough when we have to play the traditional wedding marches by Wagner and Mendelssohn, or those sentimental love songs such as "I Love You Truly" and "O Promise Me," but I think when they approved "Aquarius" and "Let the Sunshine In," they hit rock bottom.

Thousands of serious church musicians will thank you for printing this. And if you do, please use my real name because I would like for people to know where I stand. Very truly yours,

THOMAS L. SCHECK, organist, St. John's United Church of Christ, Mansfield, Ohio

DEAR ORGANIST: It might interest you to know that "rock bottom" was hit a few years ago when another organist wrote to tell me that she had been requested to play "What Kind of Fool Am I" at a church wedding. And she played it.

DEAR ABBY: Four months ago my beloved husband died suddenly of a heart attack. We had been happily married for

40 years. He was 63 when he died.

Soon after his funeral I visited his grave and saw a vase of fresh flowers there. I asked friends and relatives if they had put them there. No one I asked had. On several other occasions I visited his grave. Again, fresh flowers, with no sign of the giver. I have no idea who is doing this as we were a very happy couple. My husband was always home nights with me, so I doubt that he was seeing someone else.

I wrote a note, thanking the unknown donor for the lovely flowers and asking her to please identify herself, and I put this note under the vase. On my next visit, there were fresh flowers, and my note was gone. I have visited the cemetery at all hours hoping to run into this person, but thus far, I've seen no one.

I am just heartsick over this, but have kept it to myself. Losing my husband was difficult enough to bear without this added burden. Can you help me, Abby?

NO NAME

DEAR NO NAME: Don't let your imagination run wild. The unknown flower donor need not be a woman with whom your husband was romantically linked. It could be a devoted, but shy person — possibly a man. Or even someone who admired your husband from afar, or one whom your husband did not even know. Don't torture yourself with frequent visits to his grave. Stay away. And most important, retain those memories of a faithful husband.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Calif. 90069. For a personal reply enclose stamped, addressed envelope.

Here's a free offer that really holds water.

You can get one 12-oz. Regal glass free with a gasoline fill-up, 8-gallon minimum, at participating Enco stations.

This fine Regal glassware by Anchor Hocking® comes in a beautiful avocado green, and each glass has a delicate swirl pattern.

Looks expensive. Costs you nothing. You'll be proud to use them when company calls, or to brighten your family table setting.

Stop wherever you see the "Free Regal Glasses" sign and start your collection of this attractive glassware.

Tip To Swimsuit Watchers: 'More Sensuous Than Ever'

By MILDRED WHITEAKER
LOS ANGELES — The new California swimsuits may be taking their cues from the Women's Liberation Movement. Bikinis are smaller than ever, so "liberated" that they're a step away from nothing at all. "More girl, less suit" is the theme of many of the bikinis previewed at this 20th National Spring Press Week of the California Fashion Creators Association.

There's so much freedom of expression that a gal can project any image she chooses on the beach, can be as covered or uncovered as the law allows. If she's not on a bikini waver-length, she can slither into a one-piece synthetic doekin sheath which moves closer to the body than ever (if that's possible) and fits like a second skin. Or select a non-bikini two-piece style with boyleg trunks and a bra of more ample proportions. Or one of the tunic-topped swimdresses which do a lot for a less than perfect figure.

All the swimsuit firms are putting new pizzazz into these four basic styles.

Beach "wrappers" allow even more personality projection. A woman can be anything from a Latin temptress wrapped in a lace mantilla or fringed poncho or a ruffled "Carmen Miranda" skirt — to a jungle princess in a full-length, tiger-printed robe styled with revealing flying panels. Or she can wear a beach dress which will take her to cocktails after the swim.

"A bikini by itself isn't

terribly outh anymore," said the dynamic-articulate Betty Beck, designer-owner of the sophisticated Elisabeth Stewart line and one of the true innovators in swimsuit design. "There has to be a 'bikini plus' — a third piece, whether it's a long wrapped skirt or a sheer caftan that outlines the body. We never show the bikini alone, but always as a part of an ensemble."

"A woman wants to look just as polished and finished in swimwear as in street or party clothes."

The Elisabeth Stewart line was part of the colorful all-ny swim shows which also featured the collections of Dewesse Designs, Sea Fashions, Estevez for Sea Darlings, Catalina, Cole and Sandcastle.

Luis Estevez, a former big name in the New York couture, is now living in California "and loving it." This is his first swimsuit collection, and it's filled with the talent that won the energetic Cuban-born designer the coveted Coty American Fashion Critics Award in 1966, his first year in business. Fashion editors were applauding every number, and the press is generally considered a "difficult" audience.

"Every designer has his image or mood," said the tanned and youthful-looking Luis, "and my mood is Latin. When I think of glamor I think of Acapulco."

The Estevez models danced on and off the runway accompanied by a combo with a

Latin beat. There were bikinis so strategically designed they were little more than G-strings, yet amazingly new looking with their narrow bands circling waist and thighs.

ONE-PIECE BIKINI

Triangle-cut one-piece bikinis were more provocative than the two-piece (if possible.) There were laced-back one-piece sheaths, a one-shoulder suit fashioned of wide bias panels of brown, beige and white panne velvet, and a finale of one and two-piece suits of giant black or white dots embroidered on matching stretch net and shown with matching beach pants and capes. Very dramatic.

Throughout all collections, there's freedom in underpinnings ranging from no bra at all to a soft "natural" bra to firmer support for the gal who needs it — to a sexy French wired bra showing up in some of the bikinis. Always the emphasis is on as little inner construction as possible.

Fabrics are soft, softer, softest — nylon terry, cotton lace, nylon and acetate prints and other synthetics and blends in bountiful varieties. There are chemises, doubleknits, nylon crepe for a featherweight "wet look," and a new blend of nylon and lycra spandex that comes up in textures.

Colors are vivid and run full spectrum with perhaps some extra emphasis on white, chocolate, black, the beige-black-brown combinations and American red, white and blue. Prints are everywhere.

Proof that bikinis are smaller

was one model with an inch of snow white skin showing between her 1971 bikini and her 1970 suntan.

"At least there's no hemline controversy in swimsuits," said mid-clad Barbara Kelley, vice president of Cole of California. "Everybody agrees that suits extend from just above thigh to mid-height and the cover-ups from mini to midi to maxi."

BODY SCULPTURE

Cole is emphasizing a series of clinging and revealing little "body sculpture" suits in soft knits and supple glove-soft jerseys. "More sensuous than ever," said Miss Kelley.

Throughout the collections, the rull seemed to be "the higher the front, the lower the back." Exceptions are the one piece suits designed for Catalina by award-winning New York couturier Jacques Tiffreau. The high bib front and high back are his signatures. And probably the sexiest bikini of spring is his halter style with straps crisscrossing over the shoulders. Like wow!

Bill Blass is another of the big-time couturiers now in the swim. Among his "with it" styles for Cole is a fake leather fish net edged in matching leather.

The gal who wants to be "with in" on the beach had best be looking into the accessory story. Elisabeth Stewart is using starfish for necklaces, belts and trims on suits. Shell ankle bracelets are part of the fun, plus dog collars of everything from shells to leather to feathers!

LVN Week In Texas

Gov. Preston Smith has designated this week as "Licensed Vocation Nurses Week in Texas", and the special time precedes the organization's 21st annual state convention which is scheduled in Amarillo Oct. 14.

The Licensed Vocational Nurses Association of Texas is devoted to the welfare and educational advancement of LVN's, aiming to establish and maintain high standards of integrity, skill and dedication among its members. Its programs, including seminars and workshops, are conducted in all areas of the state.

Officers ending their term this month in the local chapter, District 25, are Mrs. Ollie Branson, president; Mrs. Huey Rogers, first vice president; Mrs. Sam Reed, second vice president; Mrs. Fred Winn, treasurer; and Mrs. Virgie Jones secretary.

The district association was formed here in 1951, and the membership ranges from 30 to 40 in number. Some of its projects have been helping entertain patients at Big Spring State Hospital, assisting with Heart Seminars and commemoration of Hospital Week. Present aims are to give better nursing care through study of prevalent diseases.

Package Labels Examined By Club

STANTON (SC) — "What's New On Labels" was presented to the Koffee Kup Home Demonstration Club Thursday by Mrs. Homer Swinson, president, and Mrs. Bill Morrow. They showed slides and explained Food and Drug Administration laws that govern the packaging of foods. Mrs. Tom Johnson was the hostess. Mrs. Fred Bowlin gave the devotion, and Mrs. Harold Henley read the council report. Mrs. Terry Shanks was a guest.

Members will provide hand-made items and luncheon salads for the "Achievement Day" to be held Nov. 12 at the Cap Rock Auditorium. The monthly donation was sent to the San Angelo Center in Carlsbad, N.M.

Baileys, Creightons Have Birthday Party

FORSAN (SC) — The Rip Bailey family's houseguests are Dr. and Mrs. E. M. Bailey and children of College Station. The families spent Saturday with the Jays Creightons, Rankin, to celebrate the birthdays of Mrs. Creighton and Mrs. Bailey.

Visiting the S. C. Cowleys are their son-in-law and daughter, Mr. and Mrs. Jimmy Hagar, Pecos.

Guests of the J. H. Cardwells were Mr. and Mrs. J. N. Eden, Dallas, and Mrs. T. D. Breithaupt, Odessa. Also visiting the Cardwells was their granddaughter, Karen Breithaupt, San Angelo.

Delegates Report On Galveston Convention

Five area home demonstration clubs met during the week, two of which had gift exchanges, and several heard resumes of the state convention in Galveston.

CENTER POINT CLUB

Mrs. N.M. Hipp, 500 E. 13th, was hostess for the Center Point Home Demonstration Club's "Make, Bake and Grow" exchange Tuesday. Mrs. J. R. Petty presided and Mrs. Alden Ryan, incoming Texas HD Association chairman for the district, reported on the state convention held during the past week in Galveston. The THDA convention called for better understanding of the problems of youth, improvement of homemaking and helping youth through Christian homelife. Mrs. Ryan related. En route to the convention, delegates toured Houston's Astrodome, San Jacinto battlegrounds and other points of interest.

Club members filled out survey cards for the conference on aging and made suggestions as to how retirees could have better income, housing, ways of living and meal planning. The club received a thank you letter from the Salvation Army in Lubbock for items sent during the tornado disaster. Members brought gift wrapping boxes and jewelry to donate to Big Spring State Hospital. They are selling kitchen shears and utility spoons to raise funds for various projects. Mrs. Jack Smith won the attendance prize. The next meeting will be Oct. 13 in the home of Mrs. J. B. Riddle, 911 E. 16th. Mrs. Delaine Crawford, HD agent, will speak on "Meat From Butcher To Table."

LUTHER CLUB

"Make, Bake and Grow" gifts were exchanged by Luther Home Demonstration Club members Thursday in the home of Mrs. W. E. Hanson. Mrs. Frances Zant reported on the Texas HD Association convention she attended in Galveston, participating in the 4-H and citizenship workshops.

Mrs. J. L. Lloyd was in charge of recreation. Members filled-out survey questionnaires from the White House Conference on Aging. The attendance prize was won by Miss Juanita Hamlin. The next meeting will be Oct. 8 in the home of Mrs. S. L. Lockhart.

LEES CLUB

Lees Home Demonstration Club members elected officers during their meeting Tuesday in the home of Mrs. Gary Seidenberger. To take office in January are Mrs. Benny Joe Blissard, president; Mrs. Seidenberger, vice president; Mrs. J. L. Glass, secretary; Mrs. Phillips, council delegate. Mrs. Harry McMillan will be club reporter, and Mrs. Glass will be the 4-H leader, assisted by Mrs. Phillips.

It was announced that the Glasscock County Fair will be from 10 a.m. to 3 p.m. Oct. 24 in the old gym building at Garden City. The next regular meeting will be Oct. 13 with Mrs. J. L. Overton.

KNOTT CLUB

Mrs. R. J. Shortes was re-elected president of the Knott Home Demonstration Club Tuesday during the meeting at her home. Other officers are Mrs. Joe Myers, vice president; Mrs. Joe Mac Gaskins, secretary-treasurer; and Mrs. J. R. Clemens, council delegate. Mrs. John Parrish, Cleburne, was a guest. The next meeting will be Oct. 13 with Mrs. Clemens as hostess.

LOMAX CLUB

"Drugs in themselves are good; it is the abuse of drugs that has caused all the trouble and heartache," according to Mrs. L. G. Adkins in a talk at the Lomax Home Demonstration Club meeting Thursday. "Marijuana is the worst problem in our area. The only way to combat drug abuse is to educate the children, starting in the first grade." She related information on drugs that she learned at a seminar sponsored by the First United Methodist Church in Stanton.

Mrs. Cecil Long was hostess for the club meeting, and Mrs. Waymon Etchison, president, reported on her trip to the state convention in Galveston. She related a talk given by the convention guest speaker, Dr. Malcolm Smith of NASA, who researches foods taken on space flights.

Mrs. Neil Fryar was welcomed as a new member. The deadline for bringing Christmas gifts for Big Spring State Hospital patients is Oct. 15, Mrs. Etchison announced. Members voted for the HD council proposal to change the beginning of the club year from January to September. The club also completed the survey cards for the White House Conference on Aging. The next meeting will be Thursday in the home of Mrs. J. L. McVain.

and will include a salad luncheon. Mrs. W. N. Norred described the needs of Westside Community Center to club members. The club voted for the HD council proposal to change the beginning of the club year from January to September. The next meeting will be Oct. 9 in the home of Mrs. M. E. Anderson, 614 Dallas. The City Club will serve as hostess at the Oct. 5 HD council meeting.

Grady HD Club Elects Officers

STANTON (SC) — New officers were elected by Grady Home Demonstration Club members Thursday in the home of Mrs. Richard White. They are Mrs. Jack Kuhlman, president; Mrs. Lonnie Green, vice president; Mrs. White, secretary-treasurer; and Mrs. Grady Standerfer and Mrs. A. H. Tate, council delegates.

Mrs. James Eiland, county HD agent, presented the program, "Updating of Food Nutrition." It was announced that "Achievement Day" will be Nov. 12 at Cap Rock Auditorium. Members will serve a salad luncheon at \$1.50 a person, and sell hand-made items to raise money for the clubs. The public is welcome to attend Achievement Day events. Mrs. A. C. Fleming was a guest at the meeting.

Toyota Gives More Car With Greater Economy

Jimmy Hopper and his two experienced salesmen are selling the new 1971 line of Toyotas with the confidence that his cars have other new "economy" cars beat. "With a Toyota you get more car," Hopper says, "and you still get as much mileage as the others claim."

Diversity has been the key to Toyota's success, so that one model will be just right for your pocketbook. Each Toyota is designed to outdo other cars in its price range, giving you more in looks and performance than you bargained for.

The completely restyled 1971 Corolla in two door sedan, coupe, and station wagon has a longer, wider body and the new curved side windows that afford the driver and passengers greater comfort. Fully reclining, foam-cushioned buckets, collapsible steering column, recessed glare-free gauges, and impact-absorbing dash and knee and head restraints are standard equipment for a safer, more comfortable ride.

Corolla's lightweight four cylinder engine now develops 73 horsepower at 6,000 rpm and still delivers 28 mile-per-gallon economy. An improved two-barrel down-draft carburetor assures quick starts in all types of weather and driving conditions.

Toyota Corona for '71 has a power plant beefed up to 108 horses at 5500 rpm with a new overhead cam engine that produces better acceleration and a higher cruising speed, yet retains the Corona's traditional 25 miles per gallon.

No other car in its field offers so much standard equipment, including improved flow-through ventilation system, two-speed electric windshield wipers with washers, three-speed heater and defroster, instrument cluster electric clock, nylon carpeting, tinted glass, whitewall tires and locking glove box.

A floor-mounted four-speed transmission is offered as standard equipment, with column-mounted three-speed Toyoglide automatic available as an option. Other options include factory installed air conditioning, AM-FM radio, and stereo tape deck installed in the instrument panel.

There is also the medium-sized and medium priced Crown, perfectly comfortable for people on the go. In four door sedan or station wagon Crown has that comfortable but sporty feel.

The workhorse of the line, the Toyota Land Cruiser, has six forward speeds and two reverse. It takes the hills in stride and lets you shift into four-wheel drive without stopping. There is also the Hi-Lux pickup truck to round out the line.

Jimmy Hopper has a complete line of parts and skilled mechanics to keep your Toyota in top condition.

JIMMY HOPPER TOYOTA
 ... the Corona Mark II, the top of the line for comfort, clean looks.

Haston Electric Is Backed By 30 Years' Experience

Haston Electric offers expert installation, repair, and maintenance of all types of home or business electrical systems.

Backed by 30 years of experience in all types of electrical work, Gene Haston is known for his friendly thorough service for every kind of commercial, industrial, or residential building.

Haston and three expert electricians continue to offer the prompt, dependable work that has been the trademark of the company for 70 years. They are equipped to solve all types of wiring problems and maintain a complete stock of lighting and electrical fixtures.

With wintry weather on the way, you may need new wiring for a heater installation, or this may be the time you have decided to go to total electric living. Each additional appliance increases the demand on the electrical system of your home, often overloading wiring and switchboxes, leading to blown fuses and overheated wiring and increasing the likelihood of fire.

Haston Electric will be glad to examine your electrical system and offer recommendations at no obligation. A free estimate will be made of the cost for any kind of additional wiring needed to give your home more safety and convenience.

Get New Living Room Ideas From Big Spring Furniture

No matter what your taste in furniture, your living room plans can become a reality at Big Spring Furniture, 110 Main. J. W. Atkins, owner, Mrs. Jean Lewis, and Travis Clayton entertaining will be more pleasurable if planned around a new living room design.

A modern idea is the love seat and sofa combination such as the gold and avocado or blue and avocado brocades or the beige floral print on display at Big Spring Furniture.

Sofa and chair combinations are still popular, although matched fabrics are no longer the vogue. "People are beginning to get away from the living room that looks like every piece was cut from the same bolt of cloth," Mrs. Lewis explains. "Now the chair is often a solid color picking up one color in the sofa print."

Examples in Early American include a sofa with brown and forest green print on off-white background with a chair in forest green, and a light avocado and gold sofa with a gold chair. Or, in French Provincial there is a sautern sofa with lime brocade and sautern chair.

Traditional has been updated with prints and brocades, but is still available in matched sofa and chair sets. Spanish sofas feature carved wood or leather-covered ends with richly textured maroon or turquoise upholstery in between.

Hardwood construction gives all the love seats, chairs, and sofas a durability and economy that plywood cannot offer, and modern fabrics are easy to clean.

Other living room pieces are available at Big Spring Furniture, such as end tables, cocktail tables, commode tables, and lamp tables, in all different furniture styles. Lamps and decorator pictures are also in styles to coordinate with your furniture design. Gold-framed mirrors offer an excellent way of adding depth to a living room or entry corridor.

Accent and occasional chairs in Spanish, Early American, and French Provincial are on display in solid colors and floral prints.

Specials are available on living rooms units with sofa, one or two chairs, two end tables, cocktail table, and one or two lamps. Financing is available with payments under \$20 on purchases up to \$500.

Take a look at your living room. Then take a look at the style and comfort that can be yours at Big Spring Furniture.

Spacecraft Blast Being Delayed
 CAPE KENNEDY, Fla. (AP) — The launch of the Orbiting Astronomical Observatory spacecraft scheduled for Oct. 15 has been postponed because of technical problems in the spacecraft, the space agency says.

Officials at Goddard Space Flight Center in Bethesda, Md., have found power dips in the \$75 million spacecraft's electrical system, the National Aeronautics and Space Administration said.

California To Invade SWC

By The Associated Press

They oughta call this "California Week" in the Southwest Conference what with all the influx of West Coast football teams visiting the state this weekend.

Three California teams will be on hand to try out the Texas talent with the highlight slated for Austin where No. 2 ranked Texas ran less with UCLA. Texas Tech hosts California-Santa Barbara, and the University of California is at Rice.

Southern Methodist is at Northwestern, Texas A&M is at Michigan, and Louisiana State is at Baylor in other non-conference games. Arkansas and Texas Christian hook up on the second conference game of the season at Fort Worth.

In the second SWC game is anything like the first, Fort Worth had better get ready for a big shindig.

Although Texas pulled off to a 35-13 victory over Texas Tech in Tech coach Jim Carlen's first SWC game, the 53,000-plus fans packed into Lubbock's Jones Stadium saw plenty of excitement.

The upstart Raiders, though finally yielding to a superior force, battled back from a 14-0 deficit to trail by only 14-13 at halftime. Texas got it together in the second half with three long touchdown drives as the Wishbone-T gobble up 432 yards on the ground.

Texas Coach Darrell Royal was quick to praise the opposition.

"What they did do," he said, "was come out of the chute to battle and they battled. This team will win a lot of games. Texas Tech is a well schooled, well instructed football team. They do not beat themselves."

Carlen had only one word to describe the Texas offense: "Awesome."

It wasn't a game Carlen will soon forget. On the way to the

TURNING POINT — Dallas Cowboys rookie free safety Cliff Harris (43) breaks away from New York Giants center Greg Larson (53) and guard Doug Van Horn (63) after intercepting a pass thrown by Giants quarterback Fran Tarkenton and scampered down the field for 60 yards before being downed, in third quarter of their game in Dallas yesterday. This revived the listless Cowboys, who went on to win, 28-10.

Detroit Lions Sounding Like King Of NFL Jungle

By The Associated Press

The Cincinnati Bengals are not bad on paper... but become just Paper Tigers in the Detroit Lions' lair.

Cincinnati's Kids invaded Lion country and were sandbagged in the gulch after leaving their offensive hardware home Sunday.

Result: a 38-3 National Football League licking by Detroit.

The Lions were roundly booed by their fans after letting Cincinnati score a field goal with 27 seconds left in the game, which gives you an idea of how bullish the defense is.

Fact is, Detroit has allowed only six points—two field goals—in the last four regular season games dating back to last year. The Lions bruised Green Bay 40-0 in the 1970 season opener.

The Minnesota Vikings and Los Angeles Rams threw up iron curtain defenses Sunday in an active day of 12 National Football League games. Minnesota shackled New Orleans 27-0 and Los Angeles ambushed Buffalo 19-0.

Elsewhere, San Francisco clipped Cleveland 34-31; Green Bay spanked Atlanta 27-24; Denver turned back Pittsburgh 16-13; Miami topped Houston 20-

BIG LIFT Rookie Sparks Dallas To Win

DALLAS, Tex. (AP) — Rookie free safety Cliff Harris stood there before the television cameras, hero of the day for the Dallas Cowboys in their 28-10 National Football League victory over the New York Giants, and said bashfully to commentator Frank Gifford: "I'm glad to meet you, sir."

"Really, great... really great..." was about all they could get out of Harris Sunday after the free agent from Quachita University in Arkadelphia, Ark., intercepted two passes and recovered a fumble to lead a second-half Cowboy charge that wiped out a 10-0 Giant lead.

Harris rambled 60 yards with his first theft of a Fran Tarkenton pass to pump life in an all-but dead Cowboy team in the third period. Calvin Hill romped three yards for a touchdown to narrow the lead to 10-7.

Minutes later the 6-foot, 184-pound Harris snatched another wayward Tarkenton toss. The Cowboys didn't cash it in but the undaunted Harris recovered a fumble that gave Dallas the clinching score on Walt Garrison's 18-yard bolt behind a crushing block by Rayfield Wright.

Dallas put the game away on a surprising reverse pass from Lance Rentzel to Bob Hayes for 58 yards and a touchdown. Hayes, playing his first game after being benched last week, also caught a 24-yard touchdown pass from Roger Staubach. It was Rentzel's first pass as a pro.

Victory Costly To Colorado U.

BOULDER, Colo. (AP)—Colorado's football team, basking in the glory of what may go down as the year's biggest college football upset, a 41-13 victory over Penn State, has learned receiver Marv Whitaker will be lost for the season with a shoulder injury.

Penn State, meanwhile, is back home preparing for its game next Saturday at Wisconsin. The rebuilt Nittany Lions, while lamenting the loss which ended the nation's longest unbeaten streak of 23 games nevertheless realize that the season is only two games old.

Erwin Captures Motorcycle Race

Tommy Erwin, Odessa, won the open class at the motorcycle races here Saturday evening.

Randy Reynolds captured a consolation chase that ended in a collision which sent three riders to the hospital for examination. Bobby Peercy was most severely shaken. All were released after treatment.

In the mini-bike division Cecil Walker won, followed by Henry Currie and Shower Shivers Jr. Freddy Halthom, Midland won the 100-cc event, leading Dickie Dickerson, Odessa, and Danny Wier. In the 125-cc division, Bobby Peercy won, followed by Eddy D. Stallings and Les Reynolds, both of Midland.

The Raceways will operate again this weekend with a card Saturday night and another Sunday afternoon.

'Lucky Punch,' Moans Rojas

TOKYO (AP) — "I thought I knocked him out in the fourth round. The referee started counting late and I counted 12 or 13. That was a knockout."

The defeated challenger, Raul Rojas of San Pedro, Calif., made his complaint after losing by a fifth-round knockout Sunday night to World Boxing Council junior lightweight champion Yoshiaki Numata of Japan.

The right uppercut that felled him, he said, was a "lucky punch."

Rojas went down after Numata's punch in the face and remained on the canvas about three minutes before he was helped up by his handlers.

Mason Rudolph Aims For Second But Grabs Crown

COLUMBUS, Ga. (AP) — Mason Rudolph, a quite Tennessee, was lining up a tricky 15-foot downhill putt on the 15th hole Sunday when he realized he was four strokes behind Texas Chris Blocker in the \$60,000 Green Island Open Golf Tournament.

"I thought I had to make it to protect second place," said Rudolph, "but then I saw him get in trouble on 14 and I knew if I made it I had a shot at him."

The putt sneaked into the hole, giving Rudolph a birdie three, and when Blocker, who had entered the final round with a two-shot lead over Cesar Sando and Harry Toscano, bogeyed No. 14, Rudolph was only two strokes behind.

Rudolph then closed with short birdie putts on the final two holes to win his first tournament since the 1966 Thunderbird Classic. His final round 33-31-64 over the 6,711-yard, par 35-35 70 Green Island Country Club course.

STEER STATISTICS Rushing Puts Locals In Lead Over Opposition

Snyder helped pull the opposition fumbles even with Steers. Penalties are about the same.

Dave Duncan suddenly became the leading rusher with 39 yards, an average of 9.3. He took the lead in completion percentage, but Mike Adams held the edge in aggregate yardage gained through the air. John Weeks, with five receptions, is the leading pass grabber. Tommy Fletcher has a respectable 39.0 yard punting average. Here are the figures:

OPP		STATISTICS		85
45	First Downs	129	43	41
489	Yards Rushing	518	538	257

BACK HOME Two Texas Players Are Badly Mauled In Scuffle

AUSTIN, Tex. (AP) — Sam McBrierty, a second string defensive end on the University of Texas football team, was in satisfactory condition today after he was attacked by a group of youths outside a restaurant near the campus early Sunday morning.

A team physician said McBrierty, 20, of Ennis, was lucky to be alive "after sustaining cuts requiring several hundred stitches, 75 in the scalp alone. He also suffered a concussion.

Two other UT players were injured in the scuffle, which occurred after the team had returned from Lubbock, where it played Texas Tech in a Southwest Conference football game.

WORKS FOR ONE Engine Switch Propels Hulme To Can-Am Victory

LAMESA (SC) — Dennis Etheridge, injured in Friday night's game between Klondike and Cotton Center, suffered a pulled muscle in his shoulder and not a dislocated shoulder, as was reported Friday night by game officials.

Etheridge was taken by ambulance from Cotton Center to a Lubbock hospital. School officials Friday night said it appeared Etheridge would be out for the rest of the season, however now it is thought he will be able to play again in a few weeks.

Steers Prepare For Abilene Tilt

Flushed with victory over Snyder Friday in a game that broke wide open in the fourth quarter, the Big Spring Steers buckled down today to play for keeps.

The vaunted Abilene Eagles come here Friday for the first conference test of the two teams. Although Brownwood, state Class AAA champ, shaded the Eagles 22-20, Abilene came back from a 0-20 half time deficit to almost win it.

Big Spring should be in excellent physical shape, said Coach Clovis Hale. Tommy Fletcher had a sprained ankle, will be kept out of contact today, but by Tuesday he's back to be ready. Joe Chavez is still nursing bruises but is about well.

Aussies Want Stiff Wind

NEWPORT, R.I. (AP) — Australia's seekers of the America's Cup want more time—and more wind—to stay alive in their battle on sea and land with America's Intrepid.

They may get the wind. But if Intrepid with its 3-1 lead wins the fifth race today, time will have run out and the 119-year-old Cup will stay in the United States. As it has since the New York Yacht America first brought it here in 1851.

Rod Laver Gets Richer

LOS ANGELES (AP) — In the world of high tennis finance, the rich are getting richer, and Rod Laver doesn't mind a bit.

"It doesn't matter how rich you are," said the 32-year-old Australian left-hander, "anybody can use an extra \$5,000."

Rod pocketed \$12,000 Sunday, increasing his earnings to \$157,000 with his 4-6, 6-4, 7-6 success against Wimbledon champion and countryman John Newcombe, 26, in the men's final of the Pacific Southwest Open championships at Los Angeles Tennis Club.

Newcombe collected \$6,500 for second place and Arthur Ashe of Gum Springs, Va., the No. 7 seed, took \$4,000 for third.

Ashe defeated unseeded Tom Gorman, Seattle, Wash., in a playoff, 6-4, 6-2, still providing young Gorman with his biggest payoff, \$3,000.

Klondike Player Not Hurt Badly

BRainerd, Minn. (AP) — Teddy Mayer, Team McLaren manager, felt a change in engines for Denis Hulme would be the thing to start a new streak in the Canadian-American Challenge Cup series.

Hulme, a New Zealander, finished second to New York's Peter Revson Saturday in the qualifying runs.

"I didn't like it," said Mayer, "so we put in a different one."

So Hulme, now pushing a 430-

Falstaff's gone premium!

It's a whole new beer!

- Now it's lighter.
- Now it's smoother.
- Now it's a crystal clear premium made for guys who really like it.

Falstaff Brewing Corp., St. Louis, Mo.

BUZZ SAWYER

THEY'RE CALLING MY PLANE, SON.

IT WAS SURE GOOD OF YOU TO STOP OFF, BUT...

...BUT DON'T EXPECT TOO MUCH OF ME IN FOOTBALL, DAD.

WHY NOT?

WELL, I'M STARTING A MONTH LATE. THERE ARE FOUR GUYS AT FLANKER AHEAD OF ME, INCLUDING TWO LETTERMANS WHO ARE REALLY GREAT... AND ONE OF THEM, RORY CALLAHAN, IS ALMOST A CINCH TO MAKE LITTLE ALL-AMERICA.

SO WHAT? TO REACH THE TOP IS NEVER EASY. AIM FOR THE STARS, TIGER. TEAR 'EM UP.

GASOLINE ALLEY

You cased the opposition, Pert?

Yes, gentlemen! I called on Catherine Paugh, housewife!

I am not prone to over-confidence, but I can state flatly that Mrs. Paugh presents no threat whatsoever!

She is a neophyte, a babe in the woods, a lamb ready to be led to slaughter!

DICK TRACY

'Mother' Lassie Can Handle This

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — The most dramatic premiere of the television season arrived on CBS Sunday night: Lassie became a mother.

The long-playing series opened its 17th season with a seven-part episode which has Lassie off herding sheep. Last week she met a handsome male

collie. This week the pups appeared and immediately were in mortal peril. The shepherd with whom Lassie has taken refuge wants to destroy them on the assumption that the father is a killer dog who has been destroying part of his herd.

Of course, Lassie can handle this, and it is probable that a large number of second generation fans of the show will be cheering her on.

COMEDY WEAK

In the most recent episode, Mannix had his license lifted so he could work undercover to trap a gang of clever robbers headed by a very tough woman. Mannix quickly infiltrated the gang and, of course, they were caught, but not without a very busy climax. It all seemed very familiar.

Earlier on Saturday, ABC had a comedy-variety hour starring Ferlin Husky and an assortment of guest stars. It looked very much like a pilot for a series that never found a sponsor.

Husky, a singer, performed primarily as host. The atmosphere was slicked-up country-style and while the music was all right, the comedy was very weak. "Hee-Haw," by contrast, is a very sleek, urbane hour.

1971 CHEVROLET CAPRICE COUPE — Regular Chevrolets for 1971 are the most luxurious the company has built. There is greater glass area; glass and body contours are more rounded. The Caprice gets added distinction with a special large grille and deep ribbed wheel covers. Wheelbase of regular Chevrolet is extended 2.5 inches for more comfort and leg room. There is new flow-through ventilation and a new chassis and suspension system. The new Chevrolets go on sale Tuesday at Pollard Chevrolet, 1501 E. 4th.

Something For Every Choice In Chevrolet's 1971 Line

Chevrolet observes its 60th anniversary in 1971 with the widest coverage of the passenger car market in its history.

The company said it is the intention to keep pace with changing needs and preferences of American buyers. "From the most luxurious full-sized Chevrolet ever built to the new Vega 2300 there is a 1971 automobile to match any customer's life style."

The new Chevrolet, station wagons, Chevelle, Monte Carlo, Nova, Camaro and Corvette models are offered publicly Tuesday at Pollard Chevrolet, 1501 E. 4th. Vega deliveries began earlier in the month.

The regular Chevrolet and full size Chevrolet station wagons have the biggest change of any year in their history. Chevelle has a new front end treatment. Monte Carlo gets added distinction. Nova has a larger base engine and there are refinements for the popular Camaro and Corvette models.

Chevrolet offers an unparalleled choice of station wagons for 1971 — three sizes of wagons, each with a different type of tailgate.

The full-size wagons introduce "Glide-Away" disappearing tailgate. Midsize wagons have dual-action gates and the new small Vega Kammback has a one-piece rear window-gate that swings up for maximum accessibility.

Each of the eight car linesphere was slicked-up country-style and while the music was all right, the comedy was very weak. "Hee-Haw," by contrast, is a very sleek, urbane hour.

Retired Editor-In-Chief Of Beaumont Papers Dies

BEAUMONT (AP) — Services will be held today for Tanner T. Hunt Sr., retired editor-in-chief of the Beaumont Enterprise and Journal.

Hunt, 62, died Sunday after a long illness.

He retired as editor-in-chief and vice president of the Enterprise company a year ago, but kept his post on the firm's board of directors.

A journalist 45 years, Hunt had been with the Beaumont papers 41 years. He was managing editor of the Enterprise from 1942 to 1964, when he was appointed editor-in-chief of both newspapers.

Hunt was a reporter on daily newspapers at Waco, Wichita Falls and Port Arthur before coming to Beaumont.

He was a former president of the Texas Associated Press Managing Editors Association. Hunt served as a member of the advisory council of the Texas Employment Commission and was a member of the Sabine Pilots Commission for many years.

A native of Johnson County, Hunt attended Baylor University, where he was editor of the student newspaper.

He was a former president of the Beaumont Chamber of Commerce, and had held many civic posts.

Survivors include a son, T. T. Hunt Jr. of Beaumont; a sister, Miss Lois Hunt of San Antonio, and a brother, Herschel Hunt, editor of the El Campo News-Leader.

Burial will be in Beaumont.

WASTE NOT, WANT NOT — Curtis Silwa, 16, of Brooklyn, N.Y., stands to be \$200 richer after he turns in the 5 1/2 tons of solid waste he has collected over the summer. Silwa, shown with some of his collection, started picking up reusable trash in preparation for an environmental group's "Trash is Cash" campaign.

Another Hike In Freight Rates Sought

WASHINGTON (AP) — The nation's railroads, claiming they are caught between labor unions on one side and bankers on the other, are asking for a fifth hike in freight rates in four years.

Contending that inflation and increased labor costs have wiped out all gains from previous increases, railroads in the eastern and western United States are seeking a 15 per cent rate boost.

Southern railroads are asking for 6 per cent across-the-board hike until next Feb. 28, plus a permanent 15 per cent increase in coal-hauling charges.

The Interstate Commerce Commission, which scheduled a hearing today, is studying all freight rates. But unless the study brings out evidence previously unavailable to the ICC, history indicates the hikes will be allowed.

In the last several decades, ICC officials admit, the commission has never turned the railroads down cold, and in most cases has given them everything they asked for.

The financial collapse last summer of the nation's largest railroad, the Penn Central, lends an urgency to the railroads' plea. And the labor difficulties the carriers have experienced in the last year have evoked a sympathetic response from ICC Chairman George M. Stafford.

In an interview last August, Stafford said rising labor costs are a major financial problem facing the railroads.

The railroads also have felt the pinch of tight money — a problem faced by much of industry but especially critical for the capital-intensive railroads.

Shippers, on the other hand, contend the rail freight rate increases are the result of poor management.

Some members of Congress contend the ICC has allowed the railroads to raise rates without demanding improvements in service.

Senate Democratic Leader Mike Mansfield of Montana became so incensed at the last freight rate hike, approved only last summer, he called for abolishing the ICC and farming out its duties to the Department of Transportation.

Yesteryear's classics go super-70's when Act III turns them out! Remember that Paris-born jacket? Now it has shed its sleeves, grown inches longer, and gained the sass of camel/oxford or coachman blue/black stripes. And all that news is double-knit, of 55% Decron® polyester/45% wool, as is the gently A'd skirt in camel, oxford grey, coachman blue, black. The shirtmate, flaunting a flip tie, is interlocking-knit polyester in white, almond, pearl grey, black. All, 8 to 18.

1971. You've changed. We've changed.

Worth seeing. Worth owning. Worth waiting for.

Vega. Not just another little car, but one little car that does everything well. You get more room, more weight and more power than most little cars give you, yet the gas mileage is right in the same neighborhood with the best of them. Vegas come dressed up, too, not stripped to the bone so you have to add a lot to make them liveable. Drive one. You'll see.

Caprice. There's a double layer of steel in the roof, a steel guard beam in each door, power disc brakes up front, a new power ventilation system inside, a wheelbase two and one-half inches longer. You get the looks and comfort of a six- or seven-thousand-dollar car, but at Chevrolet prices. And that's the kind of change during these tight-money times that all of us can appreciate.

Vanishing tailgate. A big change in our big wagon. The window goes up into the roof, the Glide-Away tailgate vanishes beneath the floor. Out of sight. Out of your way for easy loading even in a closed garage or when you have a trailer hooked on.

See what we mean by putting you first? Now at your Chevrolet dealers.
