Sunday Program To Fete Prairie Acres

DYING DOES NOT have to be a sad occasion, and this has been proven by Dick Hyman in his book, "Cockeyed Americana." Hyman is one of our favorite authors. He has also published "Stop the Presses," "Now See Here, Judge," and "Baseball Wit and Wisdom."

Hyman published a collection of excerpts from people's wills in the "Americana" book, which he entitled "Wacky Wills." Here are a few examples:

An old bachelor, who, having endured the several attempts by members of his family to put him "under the yoke of matrimony," asked his executors to carry out what is probably the most ungallant provision ever contained in a will.

"I beg that my executors will see that I am buried where there is no woman interred, either to the right or left of me. Should this not be practical in the ordinary course of things, I direct that they purchase three graves, and bury me in the middle one of the three, leaving the two others unoccupied," was the wording of the will.

The will of a certain wealthy banker read in part: "To my wife, I leave her lover and the knowledge I wasn't the fool she thought I was. To my son I leave the pleasure of earning a living. For 25 years he thought the pleasure was mine. He was mistaken. To my daughter I leave \$100,000. She will need it. The only good piece of business her husband ever did was to marry her."

It continued, "To my valet I leave the clothes he has been stealing from me regularly for the past 10 years, also the fur coat he wore last winter while I was in Palm Beach. To my chauffeur I leave my cars. He almost ruined them and I want him to have the satisfaction of finishing the job. To my partner I leave the suggestion that he take some other clever man in with him at once if he expects to do any profitable business."

Hyman uncovered this will, left by a New Yorker in 1880: "I bequeath all my fortune to my nephews and nieces, seven in number. They are to share it equally, and on no account to go to law about it, on pain of forfeiting their respective shares."

"I own seventy-one pairs of trousers, and I strictly enjoin my executors to hold a public sale at which these shall be sold to the highest bidder, and the proceeds distributed to the poor of the city."

"I desire that these garments shall in no way be examined or meddled with, but disposed of as they are found at the time of my death; and no one purchaser is to buy more than one pair."

Since the old man had always been more or less eccentric in his ways, no one was much surprised at the clauses in his will, nor to find that each pocket of the trousers had been sewn up, containing \$1,000 in cash.

In 1879 a man died who willed that his friends were to take turns rolling a barrel of beer after his hearse and consume it on his grave. Another old will provided that a new cooking recipe should be pasted on his tombstone each day, due to the fact that his wife had been such a poor cook.

One man disposed of a \$6 million estate with a will scrawled on a hospital chart. Another man did not have a chart handy, so one of his nurses lifted her dress and he wrote his will on her slip. A second nurse witnessed the will. A niece received most of his large estate, but each of the nurses received \$10,000 for "devotion to duty."

A bit actor, who had been long out of work, died in 1945. The Actors Fund paid his final hospital bill and funeral. In his small, bare room, a will was found which stipulated that, because he had often walked the rounds for miles on thin-soled and battered shoes, he was setting up a shoe fund for actors who couldn't afford them. The fund contained over \$225,000.

Prairie Acres, Friona's city-owned nursing facility which blossomed in its short three-year history into a care facility second to none, will be spotlighted in a special program on Sunday, August 12 at the Friona Community Center.

The program will begin at 3 p.m. Representative Bill Clayton of Springlake, Speaker of the Texas House of Representatives, will be one of the featured speakers at the affair. Rev. C.H. Murphy, pastor of Friona's First Baptist Church, will be the other.

Clayton and Rev. Murphy will address the subject "Committed Christians and Good Government Build Good Nursing Homes."

Included on the program will be special music, featuring Geary Broden of First Baptist Church, the Sixth Street Church of Christ singers, and the Summerfield Quartet.

Merv Noah, administrator of Prairie Acres, will serve as Master of Ceremonies. During the program, he will make a special presentation of Bibles, which were gifts from the Lockman Foundation of California.

Also attending the function will be Representative Clayton's wife Delma, along with Mr. and Mrs. Bill Sarpalus of Hereford. Sarpalus is Clayton's district assistant.

Members of the nursing facility's board of directors also will attend. They are Tom B. Jarboe, chairman, Andy Hurst, vice chairman, Jack Hamill, Betty Reeve and Dr. Lee Spring.

BILL CLAYTON

Noah has headed the Prairie Acres staff since it opened in August of 1976. In fact, he arrived in Friona in May prior to completion of construction, and helped with the completion of the building.

Noah has been involved in nursing home administration for 13 years, previously serving at Hettinger, N.D., and Marble Falls, Texas.

"What really attracted me to Friona was the fact that Prairie Acres was city owned and community involved, from its conception," said Noah.

"I was ready to get out of the nursing home industry, due to the strong drive for 'profits at any cost' in corporation-owned homes. But the

REV. C.H. MURPHY

board's presentation was so strong, stressing the commitment of the community, which has raised in excess of \$175,000 for the home, that I could not turn them down," Noah continued.

Clayton is the first person in Texas history to be elected to three consecutive terms as Speaker of the House. He graduated from Texas A&M in 1950, and in 1962 won election to the House of Representatives, filling the seat of the retiring Jesse Osborn.

He has served as chairman of the Southern States Speakers Conference, the Southern Legislative

GETTING SET...Kirk Frye, member of the Friona Chieftain varsity, is shown getting his football shoes in

preparation for the two day workouts which begin on Monday. Issuing the shoes is Coach Pete Hubbard.

Laura Ellis Entered In "Miss Wheatheart"

The city of Perryton will present the 32nd Annual "Miss Wheatheart of the Nation" Beauty Contest on August 13 at 8:00 p.m. in the Perryton High School Auditorium.

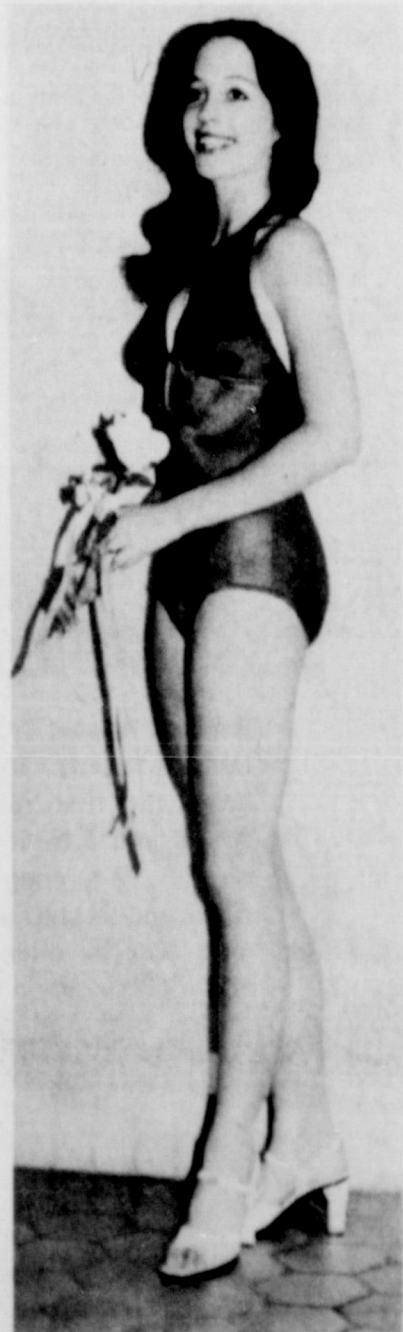

Friona's currently reigning Maize Queen, Laura Ellis, will be representing her hometown in the pageant activities. Laura is a recent graduate of Friona High School and is the daughter of Mr. and Mrs. Bill Ellis.

In addition to her title of Maize Queen, Laura is also the currently reigning "Miss Tri-County" representing Parmer, Lamb and Bailey Counties of Texas. She was second runner-up in the "Miss Irish Rose" pageant last March in Shamrock.

She is currently a member of the dance troupe with the TEXAS Outdoor Drama Production in Palo Duro Canyon until August 25. She will be appearing in "Stars in Palo Duro Canyon" from August 30 through September 16.

Laura will be a Freshman Theatre Major at WTSU this Fall. She is being sponsored in the "Miss Wheatheart" contest by the Friona Chamber of Commerce.

The Wheatheart of the Nation Beauty Pageant is recognized as one of the top such events in the Southwest and attracts contestants who have won beauty titles from a large area. \$1750 in college scholarships are awarded to the winners of the pageant. Miss Wheatheart receives \$1,000 in scholarship money, \$500 goes to the 1st runner-up, and \$250 goes to the 2nd runner-up.

LAURA ELLIS

Banners Won't Go Around

The Friona Fire Department has announced that it will not have enough of the decorative banners to place at each place of business this year during Maize Days.

Some of the banners have been worn out, and others stolen. The fire department says they will put the banners up as far as they will go, and they ask the indulgence of those who may not receive one.

"We hope that we can use the proceeds from this year's banner rental to purchase some new banners for next year. If anyone would like to donate to the banner fund, it will be appreciated," says Fire Chief Ralph Shirley.

NEW TOOL...Cindy Cook demonstrates the "Sideswipe," Friona by Steve Struve and Leroy Lundy.

New Tool Being Produced Locally

A Friona company is producing a new product designed by a local resident who was wanting an easier way to get rid of his Johnson Grass. If the product goes over well, a lot of people may find this method helpful.

The product is a hand-held applicator for herbicides. It is called the "Sideswipe," and was designed by Steve Struve. It is being produced by Struve and Leroy Lundy at Ag-Chem Farm Services.

The applicator consists of a long plastic pipe which holds the herbicide. On the bottom end of the pipe is a roller device which applies the herbicide to the unwanted grass or weeds.

Struve says he got the idea for the tool from the wick-type applicators which have become popular with the farmers, since they reduce herbicide "drift." Wick type application has proven to be considerably more economical, and in most cases does a better job than spraying, Struve says. It took the local resident about two

months to develop the applicator. He began to call it the "Sideswipe." Struve has applied for a patent for the invention, and also a trademark on the brand, which has been promised.

"I needed some help building the device, and a place to work, so I went into partnership with Leroy Lundy. We build them in his warehouse, and use the equipment there. We had to design most of our tools, such as a device to thread the plastic pipe.

Struve's daughter Carol designed the trademark label, and his son-in-law, Richard Nicholson, produced the labels for the new product.

Struve said that at first he built some of the tools, and Bob and Nelson Welch began using them. "That was the real test. They gave me some ideas as to ways to improve the instrument," Struve said.

"The local people have encouraged us to proceed with producing the applicator," Struve adds.

(Continued on Page 7)

School Begins August 27

Superintendent of Schools Tom Jarboe this week released the schedule for the opening of the 1979-80 school term.

Registration for students in high school will be held on Friday, August 24. Students below the high school level will not need to pre-register.

The first day of school will be Monday, August 27.

New students entering the Friona Schools who were not in Friona at the end of the past school year are encouraged to contact their respective principals to pre-register. This request is being made so that schedules and teacher assignments can be made and will save considerable delay for new students when school begins.

New students in grades K thru 4 should contact Freeman Melton, Jr., Elementary Principal at the Primary building. It is not necessary for kindergarten children who pre-registered last spring to report early, but those who did not register last spring should report next week.

New students in grades five thru eight should report to Cecil Maddox, Friona Junior High School Principal, at the Junior High building and students entering grades nine thru 12 should check in with John R. Cook, Friona Principal at the High School.

Official registration for students in Friona grades 9 thru 12 will be held on Friday, August 24 at 9 a.m. in the Friona High School Auditorium. All High School students should report for this registration to receive their schedules, locker assignments, and all information to be ready to run a regular schedule on Monday, August 27.

Students in grades K thru 8 will not need to report until 8:45 a.m. on Monday, August 27 for the first full day of school. Students in grades 1 and 2 will report to the primary building, students in grades K, 3 and 4 to the grade school building, and students in grades 5 thru 8 to the Junior High building. Students will receive instructions at the buildings regarding rooms to report to.

FRIONA FLASHBACKS

....from the files of The Friona Star

45 YEARS AGO--AUGUST 17, 1934

Information from the president of the local board of school trustees, states that the Friona schools will open for the term on Monday, August 3, that being two weeks from the coming Monday. A complete faculty of teachers has been secured, which includes practically all who were here last year, with at least one additional teacher, the instructor of vocational agriculture. The fleet of eight new school buses has already arrived and the long garage or shed for their protection has been erected on the newly acquired school property.

40 YEARS AGO--AUGUST 18, 1939

This territory and much of the surrounding counties was visited Sunday night by a good and much needed rain, which gave a fall of from three-fourths of an inch to an estimated inch and a half, as reported from the various sections of the territory from a few miles north and west, to the southern limits of the county.

35 YEARS AGO--AUGUST 11, 1944

The Republican County Convention which met in Friona, Saturday, July 29, was called to order by Temporary Chairman F.W. Reeve, and by unanimous vote the

temporary organization was made permanent. F.W. Reeve was unanimously elected as County Chairman for the coming two years, and he was also appointed as delegate to the State Convention at Dallas on August 8, with L.S. Hobbs, of Amarillo, as alternate. Mr. Reeve was also appointed as delegate to the Congressional Convention, with George McLean as alternate. The following candidates were nominated for county officers: Marvin Todd of Friona Precinct, for County Judge; Carl Schlenker of Bovina Precinct, for Sheriff-Assessor-Collector; and Thomas Hartwell of Bovina Precinct, for County and District Clerk.

25 YEARS AGO--AUGUST 12, 1954

The Parmer County Fair Committee met July 26 at the Villa Nu Court Cafe for a steak supper and to discuss plans for the coming county fair setting the dates as September 13, 14 and 15.

Gubernatorial candidate Ralph Yarborough made a brief stop Tuesday evening at the Friona airport, being met by a local delegation and one from Hereford. Though scheduled to speak at Hereford, Yarborough was forced by delay in plane flights to omit the Hereford visit.

20 YEARS AGO--AUGUST 13, 1959

A.T. Eiland, 81, of Olton Route, Plainview, was reported to be improving at Parmer County Community Hospital, Tuesday following a collision Thursday about noon at the Hub corner. Eiland was driving a 1955 Oldsmobile toward Dimmitt when his auto was struck by a 1953 Mack diesel truck loaded with potatoes which was going south toward Muleshoe as the vehicles met in the Hub intersection. The truck, which was driven by J.I. Reames of Amarillo had loaded with potatoes in Hereford and was headed to Midland.

15 YEARS AGO--AUGUST 13, 1964

The Friona City Council gave preliminary approval Monday to a \$278,869 annual budget for the fiscal year beginning next October 1. The proposed budget compares to that of \$247,484 adopted for the present fiscal year.

The Friona Star was a winner in the West Texas Press Association's annual contests. The Star was awarded the first place plaque in the "Best Editorials" division. It received the second place award in the "General Excellence" contest.

10 YEARS AGO--AUGUST 14, 1969

Mary Rando, Friona High School graduate, currently a freshman student at West Texas State University, placed in the top ten of the "Miss Grain Sorghum of the Nation" contest at Dimmitt last Saturday night. Sponsored by the Parmer County Farm Bureau, Miss Rando presented a reading of "Freedom-My Responsibility."

5 YEARS AGO--AUGUST 11, 1974

Fran Dodd Tucker, a native of Friona, was among the 316 students who received their degrees from Eastern New Mexico University in summer commencement exercises at the University on August 2. Donnette Carlton, daughter of Mr. and Mrs. A.L. Carlton, Sr. of Friona, attended the Texas Farm Bureau Citizenship Seminar recently at Baylor University, Waco, Texas.

Bond Sales Are Given

June sales of Series E & H United States Savings Bonds in Parmer County were reported today by County Bond Chairman Charles E. Allen to be \$4,354.

Sales for the six month period totaled \$46,254 for 54 per cent of the 1979 sales goal of \$85,000.

Texas sales during the month amounted to \$21,984,775, while sales for the first six months of 1979 totaled \$139,955,459 with 47 per cent of the yearly sales goal of 297.2 million achieved.

ELDRED A. BROWN

Local Man Elected To State Post

Eldred A. Brown of Route 3, Friona, was elected vice-chairman of a statewide political action group known as Rural Friends/ACRE last week in Austin.

His election came at a meeting of RF/A members in connection with the 39th annual membership meeting of the Association of Texas Electric Cooperatives. The meeting drew more than 500 rural electric leaders and ladies representing 74 of Texas' 83 rural electric systems.

RF/A is composed of rural electric leaders, ladies and personnel and other individuals across Texas involved in education on political issues of concern especially to rural Texans.

Brown has been secretary of the organization for the last year. Among other services to his area is tenure on the board of directors of Deaf Smith Electric Cooperative, Hereford, for the last 13 years. He is a farmer-rancher in partnership with his mother and his son, Tommy A. Brown, and two brothers and their sons.

Top 4-H Record Books Selected

The top-ranked 4-H record books in 33 awards programs have been selected to represent District 2 in state competition this month. They were judged the best representatives among 7,624 junior and senior 4-H Club members in the district's 20 counties.

The books of the winning seniors now will be forwarded to Texas A&M University for state judging.

Representing Parmer County will be: Johanna Mesman, Farwell 4-H Club, first in dairy.

In District 2 competition, some 200 South Plains 4-H'ers placed their records of achievement on the line. Records include project summaries, information detailing their activities.

experiences and leadership development, a narrative about their 4-H experience, photographs and other pertinent information.

At the state level, they will compete against the best books from 13 other districts of the Texas Agricultural Extension Service. The 4-H program in Texas is administered by the Extension Service.

Senior 4-H'ers are competing for scholarships, plaques, trips to the National 4-H Congress in November and other awards.

Record book competition is the critical measurement of the youths' achievements over the years, explained Mrs. Catherine Crawford and Billy C. Gunter, district Extension agents. The records reveal their consistency in achieving their goals, their experience in 4-H, their growth and development in personal, community and civic responsibilities and leadership.

Junior record book winners from Parmer County 4-H club were: Charles Johnson, Bovina 4-H, first in swine; Devera Rhodes, Friona 4-H, first in sheep; Wendy Tatum, Friona 4-H, second in clothing; Kathy Boeckman, Friona 4-H, third in foods; Dawn Gibson, Friona 4-H, second in food preservation; and Frank Jesko, Lazbuddie 4-H, second in achievement.

These Sponsors Welcome You
To Friona's Churches

This week Friona welcomes Steve and Donna Williams, who are natives of Friona. Steve, who is a recent graduate of West Texas State University, will be the new Junior High Coach when school begins in Friona. Mrs. Williams will be a sophomore at WTSU this year. The couple were married on May 19. They will reside at 907 Frio in Friona and will attend the Methodist Church.

REMEMBER WHEN?

Back on August 19, 1976, Mrs. Della Osborn, center, had the honor of being the first resident of Prairie Acres, and a local dream became a reality. We congratulate Prairie Acres and its staff and directors, and urge you to attend the ceremony

Sunday honoring the facility. Also shown in the photo are, left to right, Merv Noah, Katie Osborn, Madie Schmidt, Claude Osborn and R.L. Fleming. We at Friona State Bank are always happy to be a part of progress, such as Prairie Acres.

Boxed Beef is only the useable portions of the carcass skillfully trimmed and packaged through ultra-modern processing, then vacuum sealed and boxed for ease of handling. Cutting these portions to desired roasts and steaks does not require a trained butcher. In fact, many housewives across the country prepare the boneless cuts to their own requirements right in their kitchens. What a fine way to get just exactly the cuts you need and save dollars on quality beef at the same time. However, on any Boxed Beef purchase you make with us we gladly cut and wrap it to your own specifications.

ADVANTAGES:
1. Boxed Beef is naturally aged, thanks to its patented vacuum wrapping.
2. More sanitary-less bacteria.
3. You buy meat without the surplus waste fat and bone.
4. You save money in buying meat instead of bone, fat, and trimmings.
5. Quality controlled beef. Only the best beef is selected to go in the Boxed Beef program.
6. You can buy only the part of the beef that you want.

Letters To The Editor

Dear Editor,

The following is a true story. Twelve months ago I sent to South Carolina a three pound coffee can full of pelleted cow manure. The can was capped with the usual plastic top. I was very careful to explain the enormous cost and technology required to fit the cattle with stainless steel orifice plates in order to obtain the spaghetti type fertilizer. The recipients were grateful for this generous Texas gift. Some placed small amounts around plants with good results. Others steeped pellets and used the resulting brew as liquid fertilizer. One family saw fit to add water to a can half filled with pellets, the aforementioned plastic lid firmly in place. This can was placed in the living room beneath a flower shelf.

Three evenings later, halfway through their favorite T.V. program, a violent explosion was heard. Windows rattled, dishes fell from shelves. The occupants armed themselves and raced to doors and windows to defend the homestead. Then the good wife detected a foul odor. Very soon the family decided to face the unknown marauders rather than suffer asphyxiation.

Upon passing through the living room they noticed strange brown patterns on the wallpaper. Careful investigation proved that the can of pellets and water had fermented. The resulting gas had violently expelled the plastic lid.

In leave to your imagination the condition of the room and furnishings. Ridiculous as this may seem to West Texans there may exist among us some who can benefit from this experience.

For them the warning may be in time.

Sincerely,
Prairie Prowler

Book Talk

By NELSON LEWIS

"Jack The Ripper--The Final Solution"--by Stephen Knight

This is not a novel; nor is it just another story of the legendary killer. Mr. Knight, a British newspaperman, claims to have had access to the files of Scotland Yard. We must agree since he calls names and gives dates long associated with the horrible events of London in the late 80s.

He builds cases against two world famous establishments and that is all this writer is going to say about the body of his work. To agree or disagree would place one in the position of "damned if you do and damned if you don't."

Anyone interested in the Ripper or in recent British history will be well paid for their reading time.

Work Begins Monday For Chieftain Band

Scott Houston, Friona's head band director, says it's time to get ready for a bigger and better Chieftain Marching Band. At present there are 106 students pre-enrolled in band, and he is expecting to pick up a few more students the first week of school.

To keep up with the current marching trends, the band will change their marching style; and to keep up with the current tunes, you might hear the band playing tunes such as "Theme From Close Encounters," "Superman," "Theme From Dallas," "MacArthur Park," "Last Dance," and "The Wiz."

Band rehearsals will begin Monday, August 13, from 9 to 11 a.m. will be the time for freshman students and new students to begin working on marching fundamentals and techniques.

The full band will rehearse from 4-6 p.m. and get ready for the upcoming marching season. Houston says extra credit will be given to those who attend summer band practice.

Friona has a new Junior High band director. Nancy Ray is from Wayland Baptist College, is an expert French horn player and is expected to be a big help to the High School flag corps. "We are happy to have Nancy working in our band program and want to make her feel welcome in Friona," Houston said.

Showers Are Noted Locally

A few scattered showers were noted in the Friona area Thursday evening, but for the most part the weather in the local area was hot and dry for the past week.

However, residents southeast of Friona reported that they received a half inch of moisture in a thundershower late Thursday.

A new front had arrived by press time, which brought at least a promise for relief from the dry conditions.

Temperatures

Date	Hi-Low
Saturday, August 4	85-59
Sunday, August 5	87-62
Monday, August 6	89-61
Tuesday, August 7	89-62
Wednesday, August 8	92-63
Thursday, August 9	91-62
Friday, August 10	93-64

No precipitation.

City Dads To Discuss Budget

The City's proposed budget for 1979-80 will be the main item on the agenda when the Friona City Council meets on Monday night, August 13 for their regular meeting.

The council will also discuss the use of the city's revenue sharing funds for 1979-80. It is expected that a recommendation will be made to expend \$35,000 for the purchase of an additional packer truck to use in the city's trash collection system.

GENERAL MOTORS PARTS DIVISION

"If all goes well, we will be looking at one of the finer high school bands that Friona has ever had," Houston says. "We're setting our goal to win the sweepstakes award. We'll be shooting at this from the start," he said.

Three Are Added To Entry List

Three additional contestants have been entered in the Maize Queen Contest, according to the Friona Chamber of Commerce.

Entered during the last week were Dana Miller, daughter of Mr. and Mrs. Ross Miller, sponsored by Modern Study Club; Janice Coffey, daughter of Mr. and Mrs. Leon Coffey, sponsored by City Body Shop; Kelly Caudill, daughter of Mr. and Mrs. Charles Caudill, sponsored by Ethridge-Spring Agency.

So far, only one contestant has been entered in the Little Miss Contest. Holly Grimsley is being sponsored by Friona State Bank.

Previously entered in the Maize Queen contest were Kipi Fleming, daughter of Mr. and Mrs. Ray D. Fleming, sponsored by Parmer County Pump Company, and Sharla Duggins, daughter of Mr. and Mrs. B.E. Duggins, sponsored by the Friona Star.

Deadlines for entering the contests are August 24 for Maize Queen and August 28 for Little Miss. Entry fees are \$25 and \$10.

Prairie Acres..

(Continued from Page 1)

Conference and the 50-state Council of State Governments.

He is widely recognized as an expert on water and conservation legislation, most of which he helped pass. He has received numerous awards both in state and nationally for his dedicated work to Texas and the nation.

Clayton's leadership has been credited in the development and passage of school finance legislation, a highway funding bill, sunset legislation, reorganization of the water agencies and a comprehensive anti-crime package.

Clayton will also be at Boys Ranch on Sunday morning, where he will present a check for \$18,000 to Virgil Patterson, president of the Ranch. The money represents one-half of the \$36,000 contributed to the speakers on "Speaker's Day" this year. The other half has already been presented to Girlstown. Since 1975, Clayton has insisted that gifts and contributions be accepted only for Boys Ranch and Girlstown.

PAINTING WALKS... City of Friona employees are shown painting the crosswalks on Main Street, in preparation for the upcoming school term, which gets underway August 27.

Work On Clubhouse Nears Completion

Construction of this community's newest meeting place, Friona Friendship House, which is located near the corner of Washington Avenue and Fifteenth Street, is almost finished.

Date for Open House for the facility was set at a Tuesday evening meeting of the advisory board of the organization. Residents of the entire area are being invited to tour the building between the hours of 2:30 and 5:00 p.m. Sunday, September 16.

A program is being planned, refreshments will be served and the building and furnishings will all be ready for the community's approval.

Activities are going on at Friendship House, which was formerly located at 911 Jackson Avenue. These include crafts and quilting. The building is open Monday, Tuesday, Wednesday and Thursday afternoons.

The regular Thursday evening game sessions are also being held at the new location. These are open

meetings and all residents of the area are invited.

Tuesday at noon a covered dish luncheon will be served at noon. This is the regular monthly luncheon and interested persons are invited to attend.

Plans were also made for a Maize Days float and dessert booth.

School Starts...

(Continued from Page 1)

The first day of school will be Monday, August 27 and buses will run their routes on Monday. School hours will be 8:45 a.m. until 3:45 p.m.

Patrons are reminded that Texas laws require all Texas school students to be immunized for polio, rubella, rubello, and D.T. A new regulation is also that the mumps vaccine must have been taken by all children under 8 years of age. "The school will definitely enforce laws requiring vaccines and parents are strongly encouraged to have these updated prior to school opening," Jarboe said.

New Invention

(Continued from Page 1)

He said that he has sold about 250 of the units at the present time.

The "Sideswipe" works great anywhere there is a need for controlling weeds or grass by hand. It also has proven effective as an edger for lawns.

Struve and Lundy make two sizes of their product. The field unit sells for \$26.85. The lawn and garden unit

sells for \$23.95. The field unit holds a quart of the herbicide solution, and the smaller unit holds a pint.

Teddy Fangman was the first customer for the applicator when Struve and Lundy set up operations.

"I appreciate the encouragement we have received. And I appreciate the help of Leroy and the guys at Ag-Chem," Struve added.

Six Friona Bandsmen At Camp

Recently, six members of Friona's Chieftain Band attended the Texas Tech Band Camp. The two-week camp was well attended by fourteen hundred students from all around the country and even foreign countries. Of the fourteen hundred, there were twelve bands, twirling sectionals, drum majoring sectionals, auxiliary sectionals, and flag corps sectionals.

The camper of one day would attend two band rehearsals, one sectional, other requested classes and private lessons, and the daily main assembly.

Andrew Fleming was the section leader in the drum section of band eight; others in band eight were Greg O'Brian, cornet, and Joanna Merritt, clarinet.

Tim Mercer, trombone player, was the outstanding member in band six; Doris Hough was also in band six. Stanley Ellis was first in band six and challenged and moved up into band five.

The various bands gave concerts at the conclusion of each week.

All six students who attended agree that it was a learning experience as well as an enjoyable one.

ATTEND CAMP....Six members of the Friona Chieftain Band attended the Texas Tech Band Camp July 16-28. In the back, left to right, are Joanna Merritt, Greg O'Brian and

Doris Hough. Kneeling are Stanley Ellis (l) and Andy Fleming, and apparently tired out from winning "outstanding member" award is Tim Mercer, bottom.

ANNUAL READER....Even a potential first-grader like David Barnett can enjoy "reading" the new Chieftain Annuals which arrived on the scene this week at Friona High

School. Distribution of the annuals will continue when school starts for those who missed picking theirs up this week. David is the son of Mr. and Mrs. Wesley Barnett.

Around The House

By LAURA JACOBS

Get a handle on stress—it can make life more interesting.

Stress comes from basic forces—physical activity and mental or emotional activity. Even happy events cause stress. Humans thrive on stress, so develop some ways of dealing with it.

Work off stress physically by walking, running, playing tennis or gardening. Talk out worries with someone you trust and respect. Sometimes another person can help you see a new side to problems and thus a new solution.

Learn to accept what you cannot change. If the problem is beyond your control at this time, try your best to accept it until you can change it. Although there are many chemicals, including alcohol, that can mask stress symptoms, they do not help you adjust to the stress itself.

The ability to handle stress comes from within you, not from outside. Get enough sleep and rest. Schedule time for recreation to relax your mind. Do something for others. Sometimes when you are distressed, you concentrate too much on yourself and your situation. When this happens, it is wise to do something for others, and get your mind off yourself. Take one thing at a time. It is defeating to attempt to handle everything at once. When you are bored and feel left out, go where people are. Get involved instead of withdrawing.

Famous psychiatrists have offered a wide variety of explanations for why people have adorned their bodies with gold jewelry since almost the dawn of time. Theories include sexual enhancement, social or tribal status, an inner quest for immortality, self-deception, self-esteem, superstition and religion.

SIDESWIPE

The Ultimate Tool in rubbing out weeds

The Sideswipe Co. presents the newest concept in herbicide application. This new applicator replaces the common hoe, spray attachments for garden hose hand sprayers.

Sideswipe used in conjunction with your favorite herbicide is the ultimate tool in weed eradication. Descriptive uses for garden, farm and commercial units follow.

Sideswipe is the ideal solution to weed control in lawns, gardens, alleys, rock, gravel or bark areas. An entire yard and alley can be eliminated of weeds and edged in the time it takes you to walk over it and you can walk away from the job without backache, blisters and a dull hoe.

It's the kids that count

STARTING SCHOOL... A BIG STEP FOR CHILD AND PARENTS

You can do a number of things to get your child off to a good start in kindergarten:

1. Arrange for an appointment with your family physician or local health clinic to receive required immunizations before starting school. His vision should be thoroughly tested and he should have a dental examination, too.
2. Attend a planned get-acquainted program or kindergarten roundup before your child is to begin school. This allows you and your child to meet the teacher, and it gives the child a "preview" of the world that awaits him.
3. Walk with your child to the school building a few times before the school year begins. Stress safety.
4. Review with your child his name, address and telephone number. Even if he knows them perfectly.

In spite of all his enthusiasm, your child may have a few misgivings about starting school. Encourage him to talk about school and ask him if there are things he has questions about.

Teachers care about kids. Help them. Get involved in your school.

Reed Reunion Held In Friona

The annual Reed reunion was held in Friona on August 5. One hundred and thirteen people attended.

The family met for dinner at the Grade School cafeteria. The afternoon was spent visiting, taking pictures and getting acquainted or re-acquainted. Next year the reunion will be held the first Sunday in August in Lenox, Iowa.

Seven children of the late Mr. and Mrs. F.L. Reed attended. They are Mabel Pfingston, Bud Reed, Minnie Knight, Lena Stokes, Neelie Pierce, George Reed and Frank Reed. Grace Varrios was unable to attend.

One aunt, Fern Worm, and three cousins, Charlie Reed, Eva Jones and James Edmond Worm also were in attendance.

Out-of-town relatives attending were Mr. and Mrs. Charley Pfingston of Nogal, New Mexico; Mr. and Mrs. Sam Scoggins, Sammie and Sheri,

Bruce Goehring and Charles Pfingston, all of Lubbock; John Fish of Tuscon, Arizona; Mr. and Mrs. Bill Klappan, Mr. and Mrs. Tommy Watson and Cullon, Doug Watson and JoLyn, all of Pampa; Mrs. Jackie Carnes and Bana of Wheeler.

Also, Mrs. Mary Yaksich, Nickie and Ronda of Raton, New Mexico; Mr. and Mrs. Bill Hardin, Jeremy and Melissa of Del Rio, Texas; Mr. and Mrs. Marlin Pierce of Vega, Texas; Mr. and Mrs. Danny Pierce of Keyes, Oklahoma; Mr. and Mrs. Jeffrey Jones and Nicholas of Wheeler; Mr. and Mrs. Jack Redfearn of Ft. Supply, Oklahoma; Mr. and Mrs. George Reed of Keyes, Oklahoma.

Also, Mr. and Mrs. Jim Reed, Todd and Jeremy and Mr. and Mrs. Bobby Sutton, all of Woodward, Oklahoma; Mr. and Mrs. Frank Reed and Mr. and Mrs. Ronnie Reed, all of Borger; Mr. and Mrs. Charlie Reed, Mrs. Diane Olmstead, Jason and Cherie of Des Moines, Iowa; Mrs. Eva Jones and Mervin Belding of Lenox, Iowa; Mrs. Fern Worm, James Edmond Worm, Mr. and Mrs. Buck Worm, Robert, Karl and Karrie Ann of Clovis, New Mexico.

Those attending from Friona were Mr. and Mrs. Bud Reed, Mr. and Mrs. Ralph Reed, Janette, Max and David, Mr. and Mrs. Donnie Campbell and Michael, Mr. and Mrs. Eugene Bandy, Mr. and Mrs. Clay Bandy, Mr. and Mrs. J.E. Knight, and J.R., Mr. and Mrs. Johnny Mars, Leslee and Stormi.

Also, Mr. and Mrs. Arthur Stokes and Johnny, Mr. and Mrs. Jerry Zachary, Joe and Pattie Grace, Mr. and Mrs. Gene Zachary, Mark and Kevin, Mr. and Mrs. Lee Gibson, Mitchell, Trisha and Tracey, Mr. and Mrs. Gary Harris, Bart, Cristie and Cary, Mr. and Mrs. Jess Shirley, Shay and Glen.

Friends attending were Clarence Ashcraft, Julia Fairchild, Geneva Riethmayer, Ilene Osborn, Martha Clements, and Mr. and Mrs. Sam Williams, all of Friona.

DENISE SHIPP and GLENN BEHLEN....Mr. and Mrs. Dean Shipp of Friona announce the engagement and approaching marriage of their daughter, Denise, to Glenn Behlen, of Weimar, Texas, son of Mr. and Mrs. Milton Behlen of Weimar. Denise is a 1976 graduate of Friona High School and is presently employed as a secretary for Hi-

Pro Feeds, Sealy, Texas. Behlen is a 1969 graduate of Weimar High School and holds an associate degree from Wharton Junior College. He is self-employed in the trucking business. Wedding vows will be exchanged on Saturday, September 15, at the Calvary Baptist Church in Friona at 7 p.m.

If you or someone in your family

Deadline Nears For Dance Class

Ruth Piasecki Jones and her daughter Marianne Jones of Clovis have just returned from Germany where, by invitation only, they attended the Annual Dance Congress in Koln, Germany.

Mrs. and Miss Jones, who operate the Piasecki School of Dance in Clovis and also teach in Friona, were able to visit with family and long-time friends while in Germany.

Ballet Masters, choreographers and professional dancers of renowned ballet companies attended the Dance Congress where basic fundamentals of the classical ballet were stressed.

Also included in the curriculum was the "how and why" of the system of ballet. Other studies were the basics for students age five to adult, when pointe work should begin and why, how to observe students posture and muscle problems and

how to help avoid injuries. Special technical approaches and exercises to help students overcome special physical problems were also one of the topics of study, as well as, nutrition for the dancer and special technical approaches and exercises to help students correct figure problems.

After participating in the Dance Congress, the Piasecki School of Dancing is looking forward to adding the exercises from the Royal Academy of London, hoping to give students new inspiration and enjoyment of the dance.

Enrollment for the Fall session of dance classes will begin in Friona on Wednesday, August 29 from 3 to 5 p.m. in the Friona Public Library for students age three to adult.

Mrs. and Miss Jones announce that there will be a formal dance recital at the culmination of the coming year's work.

Prairie Acres Party Line

Gladys Setiff, Caudie Brown, Della Stagner, Dude and Armine Tlarpley and Donnie Owen honored Julia Garrett with a surprise birthday party Wednesday.

hospital. Daisy Moremon is in the local hospital.

Sue Fowler of Bovina has provided fresh cut flowers for all the tables in the dining room this week. They are the most beautiful glads you have ever seen. She is responsible for the beautiful arrangements each Sunday at the Bovina Methodist Church. She raises all these flowers in their garden and green house.

Each and everyone is invited to the third anniversary celebration of Prairie Acres which will be held at the Civic Center Sunday afternoon at 3 p.m. and to the open house following. This day is "To God Be The Glory, Great Things He Has Done" and truly he has blessed Prairie Acres. We're thankful for a community that has built and supported Prairie Acres in every way and for a community of people who have given their time, talents and gifts toward making Prairie Acres the outstanding home that it is today.

Town Talk

By June Floyd

Phone 247-3681 With Your News Item

Roy and Eva Miller recently took time off from their farming, gardening, food processing and other chores for a week of travel, visiting and fun.

They visited an assortment of friends and relatives and made stops in the following towns: Minco, Ninnekah, Bradley, Lawton, Walters and Blair, Oklahoma and Temple, Texas.

The stop in Blair was to purchase fresh peaches from their favorite orchard. They reported seeing a lot of peaches almost ready for picking in the Hedley-Clarendon area.

Mr. and Mrs. A.S. Grubbs and Michael Fairchild left Thursday morning for San Angelo, where Michael's parents, Mr. and Mrs. Weldon Fairchild, and brother, Mark, live.

Michael had been visiting in the homes of both sets of grandparents, Adolphus and Mary Grubbs, and Carl and Billie Fairchild, as well as those of other kith and kin for a couple of weeks.

Recent visitors in the home of Mrs. W.S. Wier have been Mr. and Mrs. Harvey Jeffers of Aurora, Colorado. Mrs. Jeffers is Hazel's daughter.

Susie Spring of San Antonio has been visiting in the home of her parents, Dr. and Mrs. Paul Spring. Her brother, Johnny, who is attending summer sessions at West Texas State University, Canyon, spent last weekend in Friona.

Melissa Pruett, who will soon begin her second year of teaching at Mustang, Oklahoma, is visiting her parents, Tom and Martha Mae Pruett and sister, Priscilla.

Lucille Collier, Eva Wendt and Zola Lee Wiggins visited Bertie Doak at Stratford Friday. Lucille and Eva are Bertie's sisters and Zola Lee is her niece.

Decimae Beene has been busier than usual, if that is possible, during the past few weeks. She makes regular trips to Dimmitt to be with

her dad, Goose Ramey; and does a lot of other things constantly, so really doesn't ever have any idle time.

Joy Neal of Big Lake, Texas, a former Friona resident, has attended Friona's drama workshop five years in a row and is always a houseguest in the Beene home.

At the conclusion of the workshop Mr. and Mrs. Dale Fisher came for the Rodgers and Hammerstein Revue and to take Joy home. Decimae returned to Big Lake with the group. Enroute they were dinner guests of her dad.

The following week Mrs. Fisher took Decimae over to San Angelo for the annual meeting of four of her former Texas Tech classmates. Since their graduation--more years ago than any of them like to admit--this group has made a practice of meeting in one of their homes.

This year's meeting was in the home of Mrs. David Shahan, who lives in San Angelo.

Others attending were Mrs. Virgil Zeman of Pecos, a former resident of Friona and a teacher in Friona High School; Mrs. Phil Sterrett, Amarillo; and Mrs. W.O. Lockwood, Lorenzo.

The 1980 meeting will be held in the Zeman home. Mrs. Zeman sent greetings to all of us by Decimae.

After spending a week or so at home and having fun with her grandson, Brent, while his parents, Jay and Sue Beene vacationed in Colorado, Decimae took off again.

This time she went flying down to Corpus Christi for a visit with her other son, Ramey, and his wife, Karla. She says she takes advantage of the "Peanuts" flights when she goes to the coast and appreciates the fares such flights offer customers.

Mr. and Mrs. Mike Mills and daughter, Kristi, were weekend guests in the home of his parents, Mr. and Mrs. Wayne Mills.

Mike, Sharon and Kristi live at Guymon, Oklahoma.

Pete and Jean Hollis have had company a couple of times lately. Mr. and Mrs. Mildred Luttrell of Yuba City, California, and Mrs. Loretta Salcido of Costa Mesa, California,

spent several days here as they were enroute to Harrison, Arkansas.

There, they visited Mrs. Eva Rains, who is in a retirement home in Harrison, and other relatives and friends.

Mrs. Luttrell and Mrs. Rains are Jean's sisters.

Last week the Californians came back for a visit before going on home.

Mr. and Mrs. Doug Grief and daughters, Laura and Sarah, who live in Fort Worth, spent last weekend visiting in the home of Mr. and Mrs. John Hays.

Mrs. Grief is the former Debbie Hays.

Mr. and Mrs. Newman Jarrell Sr. and Mrs. Mildred May returned home Wednesday last week after spending a long weekend visiting relatives and friends in Central Oklahoma.

The three drove to Rush Springs, Oklahoma, where Ann Graham, who is a sister of Mrs. Jarrell and Mrs. May lives; then Newman Jarrell Jr., who lives in Oklahoma City drove over and took his parents home with him.

Newman and Beulah visited with Newman Jr., Juanda and Drew and with Mr. and Mrs. Greg Jarrell and sons and Mr. and Mrs. Jeff Lester and children, Tony, Bo and Todd.

Mildred visited in the home of Mr. and Mrs. E.J. Graham and other relatives and friends in Rush Springs. Newman Jr. brought his parents back to Rush Springs on Tuesday and the Frionans came home the next day.

Estis and Zonah Bass are home. They've been helping their oldest son, Charles, and his family move from Dumas to Rogers, Arkansas. Charles and Pat, who is the daughter of Charles and Loree Myers, will soon be opening a K-Bob's Steak House in Rogers.

The girls, Terri, Robbi and Conni, were reluctant to leave their friends in the Moore County Capital, but will soon be starting to school and getting involved in community activities, so will be making new friends.

Estis and Zonah also visited in the home of Mr. and Mrs. Charles Jones and children, Mart, Dodi and Rusty, who live at Lincoln, Arkansas. Rogers and Lincoln are not very far apart, but Zonah says, "There are lots of hills and curves between the two towns."

Marty Jones came home for a visit with Estis and Zonah, his paternal grandmother, Mrs. Lillian Jones, and other Friona relatives and friends.

Mr. and Mrs. Rene Snead and Mr. and Mrs. Gary Snead and children, Holly, Charlie and Josh, attended a Cox family reunion at Weatherford, Texas, last weekend.

The late Hattie Snead was named Cox before her marriage. Mr. and Mrs. J.B. Snead of Sunray, who are former Friona residents, also attended. Others present were an assortment of cousins of different degrees.

Plans for the 1979 edition of Maize Days are beginning to shape up. There will be a quilt show at Friendship House, which is located at the corner of Fifteenth and Washington--across the street south of Prairie Acres.

Members of Aunt Lou's Quilting Circle, who sponsored a like show at the Community Center two years ago, are inviting all who are interested in showing quilts--old, new or in-between--to begin now to make plans to show them.

Details of the show will be announced in a later edition of the Friona Star.

If you read Mark Trail, you probably noticed that Monday's strip had a Friona setting. The editor of the newspaper was named Bill Ellis.

Hospital Report

ADMISSIONS--
Steven Dickson, Friona; Diana Tijerina and baby girl, Hereford; Connie Perez, Friona; Hortencia Salas, Friona; Joy Morales, Hereford; Frank Truitt, Friona; Cesario Mendoza, Friona; Georgia Cantrell, Springlake; Stormi Upton, Friona; Anthony Franks, Friona; G.A. Bandy, Bovina; Retha Edena, Farwell; Alice Pearson, Clovis; and Adela Cantu, Hereford.

SUSAN MARLENE MCKAY and GARY L. MINGUS.... Murry L. McKay of 1032 S. Bell, Kokomo, Indiana and Martha E. McKay of 2700 N. Washington, also of Kokomo, announce the engagement and approaching marriage of their daughter, Susan Marlene, to Gary L. Mingus. He is the son of Mr. and Mrs. Lloyd Mingus of 1210 White Avenue, Friona. She is a 1974 graduate of Haworth High School in

Kokomo and is employed by Olan Mills Photography. Mingus is a 1973 graduate of Friona High School and a 1978 graduate of West Texas State University, Canyon, with a master's degree in music. He is employed as a professional musician. The couple will exchange wedding vows in the Morning Star House of the Lord, Kokomo, Indiana, at 2:30 p.m. September 23.

Reports Given On Girls State

Sonya Gore and Angela Sims were Friona's representatives at the annual Bluebonnet Girls' State Convention. The girls were sponsored by the Friona American Legion Auxiliary.

The girls prepared written reports of their experiences at the convention. They are presented herewith.

By SONYA GORE

Bluebonnet Girls' State, what is it exactly? For me it was an experience that I will never forget and it was a time of making friendships which will always last.

My trip began on June 19th. We flew to San Antonio and from there rode a bus to Texas Lutheran College at Seguin. Upon our arrival we were placed in a city, party, and either in the House of Representatives or the Senate. I was assigned to City A and became one of forty-eight Angelical Amiable Angels of Allieuia Avenue. I was a Nationalist and was in the House of Representatives.

Our first step was to organize our parties and elect our leaders, our main leader, Snoopy, had already taken his place on the flag and was ready for battle.

Singing was one of the main activities at Girls' State. We sang songs such as "You're A Grand Old Flag," "Yankee Doodle Dandy," and songs that were written by past members of Girls' State which expressed their feelings of Girls' State.

We had state, district, county and city elections. I ran for county attorney and won in the primaries but lost in the general election. After the elections each person elected began their various duties. The part I enjoyed most was the judiciary and I was an appointed attorney for four cases and a witness in another; I lost one case, but it didn't matter because all the trials were so funny it didn't matter if you won or lost. Later I was appointed to the Board of Education by Governor Floyd.

We had five guest speakers who spoke on women in politics. They were: Marjorie Wilhem, a former

Girls' State Governor who is presently a lawyer in Austin; Ann Richards, Travis County Commissioner; Jane Wienert Blumberg, a member of the Board of Regents for T.L.C. and U.T.; Dr. Sharon Binitliff, former Girls' Stater and a delegate for Girls' Nation, who is presently the director of the Birth Defects Center of Kauaikeolani Children's Hospital and professor of pediatrics and genetics at the University of Hawaii School of Medicine.

The highlight of our ten day stay was a trip to the state Capitol in Austin. We held our sessions in the House and Senate chambers and then had the installation of our state officials in the rotunda of the Capitol. We also cut a record of all the songs we sang at Girls' State while we were in the rotunda.

During my sojourn at Girls' State I learned a lot about government, politics, citizenship, but most of all I learned respect for my flag and the country it represents.

By ANGELIA SIMS

Before I start telling about my trip to Texas Girls' State I first want to thank the American Legion Auxiliary for making the trip possible for me. When I found out about going to Girls' State I knew that it would be a great experience but I didn't know that it would be as great as it was.

After we arrived we found out what party we were going to be in and if we were going to be in the House or the Senate. On the first day we started learning about city, county and state government.

Campaigning for offices came next and this is when all of the fun started. I started meeting alot of people when I was campaigning for an office.

After the elections we went to the capital where we either went to the Senate or House to debate. When we arrived back at Girls' State the time started to fly. Before I was ready to go it was time.

I know that all of my friends that I met and all of my memories will be forever in my heart. I just wish that I could go back and relive all of it.

Mr. and Mrs. Thomas R. Weatherley

MR. and MRS. DAVID GARTH PHELPS....Patricia Kay Coburn and David Garth Phelps were married on Friday, July 27 at 4:45 p.m. in Clovis, New Mexico. Parents of the bride are Mr. and Mrs. Jess Coburn of Farwell and Mr. and Mrs. Donald Phelps of Friona. Mrs. Phelps is a 1977 graduate of Farwell High School and is attending beauty school in Clovis. Phelps is a 1976 graduate of Friona High School and is attending TSTI in Amarillo where he is studying printing. The couple will make their home in Amarillo.

Gee, Weatherley Exchange Vows

Following a wedding trip to Hawaii, Mr. and Mrs. Thomas R. Weatherley and their children, Aaron and Kassie Weatherley and Ashlee and Dustee Gee, are at home at 1303 Columbia Avenue.

The couple was married at 11 a.m. Saturday, July 28, in their backyard with H.D. Simmons officiating. The ceremony was preceded by a vocal selection by Mr. and Mrs. Kirby Williams, Aledo, Texas and an original composition by Mrs. Williams.

The bride, the former Wessie Gee, was presented in marriage by her father, Johnny W. Hand and son, Dustee. Attendants were Mike Weatherley, Celeste, Texas, brother of the groom, and Mrs. Kirby Williams, sister of the bride.

Others attending were Mr. and Mrs. T.B. Weatherley, Celeste, parents of the groom; Mrs. Johnny W. Hand, mother of the bride; and Mr. and Mrs. Ausby Weatherley, Caddo Mills, Texas, great uncle and great aunt of the groom.

Also Mrs. Mike Weatherley and children, Michelle and Chris; Keli Jon and Heidi Williams, Aledo; Mr. and Mrs. Owen Williams, Anton, Texas; and Mrs. Lois Weatherly, Aaron and Kassie Weatherley and Ashlee Gee, all of Friona.

A family buffet lunch at noon was

hosted by Mrs. L.R. Hand, Mrs. Mike Hand, Mrs. Burke Hand, Mrs. Nick Hand, Mrs. Gary Hand, Mrs. A.L. Nuttall and Mrs. Jim Atwell.

Mrs. Reeve Attends DKG State Meet

The Delta Kappa Gamma Society held their International Golden Anniversary Regional Conference in Dallas July 23-26.

There were 4,000 persons attending this convention from all fifty states and 11 foreign countries.

Delta Kappa Gamma is a society for women educators and was founded on May 11, 1929 in Austin, Texas, by Dr. Annie Webb Blanton.

The Iota Eta Chapter of Delta Kappa Gamma for Parmer County has thirty-nine members from Friona, Farwell, and Bovina. Fay Reeve of Friona attended the convention as a representative of the Parmer County chapter.

Mrs. Sarah Weddington, special assistant to President Jimmy Carter, was the featured speaker.

Mrs. Reeve traveled to the convention in Dallas with Mary Reeve of Pampa, Texas.

Genealogists To Organize

A group of people interested in genealogy met at the Friona Library Monday, and made plans to form a local genealogical society.

An organizational meeting has been set for Monday, September 10, and everyone interested in searching out their family roots is urged to attend.

City Man Slated To Speak At Seminar

Jack Hamil, general manager of the Hi-Pro division of Friona Industries, Inc., will be a featured speaker at this month's "Feed Manufacturing Shortcourse."

The shortcourse is being held August 13-17 at Texas Tech University in Lubbock. Sponsored by Texas Tech University in cooperation with the Texas Grain and Feed Association, the Texas Cattle Feeders Association and the American Feed Manufacturers Association, Inc., the shortcourse is designed to supply the latest information and training on specific topics of importance for both

the commercial producer and feedlot feedmill personnel.

A critical examination of methods available to improve growth and production efficiency will be made.

Participants in the shortcourse should return to their jobs with a better understanding of the feed manufacturing field. This program should be particularly effective in retarding the rate of cost and price increases in the food industry and in helping citizens balance today's grocery store budget.

For additional information, contact Deborah Palmer, 806-742-2420.

REAL FRIEND.... Librarian Billie Fairchild, representing the "Friends of the Library" organization, is shown as she presented a plaque to Mary Moseley last Monday

afternoon. Mr. and Mrs. Jack Moseley were being honored as life members of the Friends group which held its re-organizational meeting in the Library foyer.

Mary Johnston Named President

Mary Johnston was elected president, and Marca Herring vice president of the Friona Friends of the

Library at a meeting at the Friona Library Monday, August 6.

Comments Are Sought

The Federal Crop Insurance Corporation is seeking comment on the proposed regulations for insuring cotton in Parmer County. Written data, comment, or views must be submitted by not later than August 17, 1979, to be sure of consideration.

Further information on these regulations may be obtained from the FCIC Office at 1416 West 8th, Amarillo, Texas 79101, telephone 806/376-2268.

Send comments to James D. Deal, Manager, Federal Crop Insurance Corporation, U.S. Department of Agriculture, Washington, D.C., 20250.

Jack and Mary Moseley were presented life memberships in the organization.

Special guest speaker for the meeting was Dick Carter of Amarillo, a past president of the Amarillo Friends of the Library. Carter gave some examples of projects the Amarillo club has sponsored, such as used book sales.

Carter pointed out that the function of the "Friends" organization should be to help the library with things not funded by tax money, to cause the governing board to be aware of the library's needs, and to show a kind and gentle disposition.

The group voted to sponsor a booth in the park during the Maize Days celebration.

It was pointed out that memorials are a great way to make gifts to the library.

Electric Company Gets Solar Study Grant

Berl Springer, president and chief operating officer of Southwestern Public Service Company, has announced that the Department of Energy (DOE) has awarded a grant of approximately \$500 thousand to the General Electric Company and Southwestern Public Service Company to study the feasibility of repowering one of Southwestern's generating units with a solar system.

"This would be one of the largest solar projects in the United States," Springer said. "The grant will fund an engineering study for repowering our No. 3 generating unit at Plant X, near Earth, Texas."

The proposed solar system would utilize a liquid metal-cooled central receiver to re-power the 100,000 kilowatt gas-fired unit at Plant X and would be designed to supply 60 per cent of the thermal energy required for the full output of the generating unit.

The solar portion of the system consists of a surround field of glass, unenclosed heliostats reflecting the solar insolation to a tower-mounted cylindrical receiver. The receiver is cooled by liquid sodium with the flow rate through each receiver panel controlled by individual electromagnetic pumps, so that a constant outlet temperature can be maintained.

The impact on the existing plant is limited to piping tie-ins and controls modifications. Minimum intrusion into existing plant operating requirements and capabilities have been a major design objective of GE and SPS.

The overall concept of the solar system represents a highly flexible system that would allow the Plant X unit to operate on solar and gas at the same time or on gas or solar alone. The concept is based on the General Electric Alternate Central Receiver Program solar plant design and will benefit from its past and future engineering experience.

It is expected that contracts for the feasibility study will be signed about September 1 and the project

completed in approximately 12 months.

"We at SPS are very excited at the prospects of working with General Electric on this project and we feel that this could very well be the breakthrough we have been waiting for as an alternate source of energy," Springer concluded.

Deadline Slated For Crop Plan

Wheat growers wishing to insure their investment in their 1980 crops have only until August 31 to apply for a policy, according to Carey G. Johnson, District Director of USDA's Federal Crop Insurance Corporation.

Johnson suggests that major improvements in the policies being written this year are making all-risk crop insurance attractive to many farmers who have not carried insurance in the past. The improvements offer eligible wheat producers increased flexibility to tailor their insurance protection to their individual financial needs.

Specifically, the policies offer a choice of three different yield guarantees and three different levels of indemnity payments. In addition, premium rates are being determined by a new formula that reduces the cost of insurance to farmers who experience few or small losses. Still another change increases the maximum indemnity payment for crop losses to \$3.50 a bushel from \$3.00 a year ago.

Information concerning insurance for 1980 crop wheat, the production which it provides and what it costs can be obtained without obligation by writing 1416 West 8th St., Amarillo, Texas 79101.
