

ONLY ONE SURVIVOR — The wreckage of a Philippine Air Force C-47 plane litters a field where it crashed shortly after takeoff today from its central Luzon base. Philippine police said all but one of the 40 passengers and crew were killed. The plane was bound for Manila when it crashed. Cause of the crash was not immediately known.

AT KINGSTON Cons Threaten To Maim Six Prison Guards

KINGSTON, Ont. (AP) — Canada's largest prison was in a state of siege today as 500 rampaging prisoners took control of the main cellblock at Kingston penitentiary and threatened to maim six guards held hostage.

A spokesman for the prisoners warned penitentiary officials that if any more shots were fired by guards circling the cross-shaped main block, a finger would be cut off a hostage for each shot.

The prisoners also demanded "the guns be pulled back to the walls."

The riot started at 10:30 p.m. Wednesday and John Moloney, regional director of penitentiaries, said two shots were fired.

The prisoners held hostage six guards. Nine were originally seized Wednesday night, but three were released this morning for unspecified reasons. The prisoners have not made public their demands.

Dowdy Back In Hospital

WASHINGTON (AP) — Rep. John Dowdy, D-Tex., returned to Bethesda Naval Hospital today for completion of a court-ordered physical examination to determine whether he is fit to stand trial on bribery charges.

Aides said the Texas congressman is expected to remain in the hospital several days.

Dowdy reported to the hospital Wednesday as directed by Baltimore U.S. District Judge Roszel C. Thomsen and was asked to return today.

Judge Thomsen ordered the examination in postponing trial from March 29 to May 1, taking note of reports Dowdy was suffering from chronic anxiety and depression caused by worry over his physical symptoms and pending charges.

Dowdy was indicted in 1970 on charges of conspiracy and perjury in the alleged transportation of \$25,000 in bribe money from Maryland to Atlanta to help a Baltimore businessman evade a federal investigation.

DART SLOWS DOG-CATCHER

INDIANAPOLIS (AP) — A dogcatcher attempting to capture a stray German shepherd accidentally shot himself with a tranquilizer dart.

Gerald R. Watson, 43, the unintended victim, was called Wednesday to a residence on the southeast side of town where he found the dog hiding under a porch.

Police said the tranquilizer gun struck him when Watson dropped it. A dart struck him in the neck. Watson was hospitalized in fair condition.

Rain, Rain, Don't Go Away

Rain may be on its way to Big Spring today. Sand Springs and Coahoma both reported a light sprinkle of rain at about 11:30 a.m. A light mist was also reported south of Big Spring on the Garden City Highway.

The weatherman has forecast a 20 per cent probability of rain for this afternoon and a 50 per cent probability tonight and Friday.

Tate Jurors Subpoenaed By Defense

LOS ANGELES (AP) — Jurors in the Sharon Tate murder trial have been subpoenaed by the defense to testify Monday about their deliberations that led to conviction and death verdicts for Charles Manson and three women followers.

The seven men and five women were asked to appear at a hearing set for formal sentencing of the defendants and arguments on motions for a new trial.

Chief defense attorney Paul Fitzgerald said Wednesday the four-man defense team also wants to ask jurors about "any conduct during their sequestration which could have prevented fair deliberations."

According to the penal code, he said, one of the grounds for a new trial is a jury being "guilty of any misconduct whereby fair deliberations are prevented."

The same jury which convicted Manson and the women of murder-conspiracy in the seven Tate slayings decreed death March 29 after a penalty trial. The defense seeks to challenge both verdicts. The judge must rule on whether the defense may call jurors to the witness stand.

"There are several points we want to talk to them about," Fitzgerald said. They include: a financial deal reportedly proposed by one juror to others to sell their story, the possibility that jurors weren't shielded from trial news coverage, whether there were compromises made during deliberations, and whether jurors were influenced by others during the period they lived at home during the penalty trial.

Will Scott Win Oscar During 'Meat Parade?'

HOLLYWOOD (AP) — The 43rd annual Academy Award ceremonies unfold tonight amid glitter, glamour and added suspense: Will George C. Scott win the Oscar he says he'd refuse?

Scott, long critical of competitive aspects of picking Oscar winners, has denounced the yearly extravaganza as a "meat parade" with "contrived suspense."

THINK ABOUT IT

If he wins for his powerful portrayal of the World War II general in "Patton," the academy says, his Oscar will be accepted by the film's producer, Frank McCarthy.

And what might McCarthy say as stand-in for his recalcitrant star, who is movie-acting in New York? "I haven't given it a thought," said the producer. The evening's presentation of 22 Oscars is scheduled for tele-

Senate Debate Shaping On Appropriations Bill

AUSTIN (AP) — The Senate Finance Committee approved a \$6.99 billion appropriations bill today clearing the way for full Senate debate Friday on the state's spending the next two years.

"In some places this bill is too high and in some places we would have liked to appropriate more if possible," said Sen. A. M. Aikin of Paris, chairman of the five-man subcommittee that wrote the bill.

In addition to calling for 1972-73 spending of \$6.99 billion from all funds, including federal, the bill would appropriate \$1.55 billion from the general revenue fund, the state's main source of revenue for governmental operations.

This compares with expenditures of \$6.43 billion from all funds in 1970-71 and \$1.22 billion from general revenue.

HOT DISPUTE

Most discussion at the committee meeting concerned Sens. A. R. Schwartz of Galveston and Chet Brooks of Pasadena,

in a hot dispute over money for Baylor medical and dental schools.

Schwartz said officials had not furnished promised justification for the \$8.4 million appropriated for the two schools.

"This is an unjustifiable insult to the legislature," Schwartz said. "This committee has never been notified that the dental school in Dallas is not still a part of the Baptist church... How can one institution get everything they ask in the face

of the need of 11.5 million other persons in Texas?"

PRIVATE FUNDS

Brooks said Baylor officials knew Schwartz had personally "destroyed any chance they had in 1969 for getting money... They see him strictly as an adversary... If the chairman of this committee had asked for this information I'm sure it would have been furnished."

Brooks said Baylor medical was now controlled entirely by a private foundation and in the

process of raising \$30 million from private funds.

Aikin pointed out several features of the Senate bill:

— A 3.4 per cent increase for state employees the first year and 3.4 per cent more the second year, plus merit raises and \$15 across the board for hospitalization and life insurance.

— \$18.1 million for mental health and mental retardation.

"We have a waiting list of 1,700 now for our mentally retarded... This will furnish us 1,131 new

beds."

— A \$5 million increase for the Texas Water Quality Board "to do something about pollution."

— \$3 million increase for prisons.

JUNIOR COLLEGES

— \$3 million increase a year for vocational-technical education.

— \$22 million increase for junior colleges "and they need more."

— \$67 million increase for 22 state senior colleges.

— Addition of 25 narcotics agents, 25 intelligence agents and 100 highway patrolmen in the Department of Public Safety.

— \$2.8 million for University of Texas at Permian Basin, \$4.2 million for UT-Dallas, and \$4.6 million for UT-San Antonio, \$2.8 million for Texas Tech medical school.

— \$1 million to the Alabama-Coushatta Indian Reservation for tourist development projects. Appropriation of \$150,000 to the Tigua Indian community for administrative facilities and tourist projects.

— Funds provided for park development projects at Longhorn Cavern State Park, Meridian State Park and \$600,000 for historical structures and sites. Also for regional headquarters at Waco.

Birth-Control Abortion Hassle Surfaces At Meet

WASHINGTON (AP) — The subject of birth-control abortion, denounced by President Nixon, has surfaced at the first public hearings of his Commission on Population Growth and the American Future.

Officers Of Troubled Union Gain Wage Hikes

WASHINGTON (AP) — Salaries of officers and employees of the troubled United Mine Workers international union jumped 25 per cent last year \$2.35 million, according to union records newly filed with the Labor Department.

Indicted union president W. A. "Tony" Boyle got no increase in his \$50,000 salary from 1969 to 1970, but most others on the union's payroll did.

The union paid \$1.88 million during 1969 to 29 officers and 77 employees. Last year, there was one fewer officer — slain insurgent Joseph Yablonski — but the union added 21 new employees and the payroll increased nearly \$500,000.

The annual reports show UMW general counsel Edward L. Carey was paid \$45,000 in 1970, \$5,000 more than he got in 1969, making him second to Boyle on the salary ladder.

Vice president George J. Tiller and secretary-treasurer John Owens both were unchanged at \$40,000. Owens is under indictment for conspiring to embezzle union funds and making an illegal political contribution. Boyle is under similar and additional indictments in the same case.

The union's executive board members mostly got increases of about \$1,300 in their salaries, which are generally \$22,000 or \$27,000.

John Eagan, president of the 25th UMW district in Pennsylvania's anthracite country, got an \$8,058 increase to \$22,000. The Senate Labor Committee is examining that district's finances.

SAME RAISE

Donald E. Lawley, president of the 21st district in the Fort Smith, Ark., area, got an identical raise. Leonard J. Pankovich, president of the 31st district around Fairmont, W. Va., was increased \$6,558 to \$22,000.

Howard W. Channell, assistant to Owens, got a raise of \$6,250 to \$27,000.

The payroll for 1970 showed 27 of the 98 employees received \$20,000 or more. That included five attorneys working under Carey who were paid between \$35,000 and \$40,000 each. One of those was Boyle's daughter, Antoinette Boyle, at \$40,000. Boyle's brother, R. J. Boyle, was paid \$27,000 as an international executive board member.

The union's public relations department, after consulting with the UMW legal department, refused comment on the salary information.

Explosion Rocks Kremlin Trade Delegation Building

AMSTERDAM (AP) — An explosion rocked the Soviet trade delegation building in Amsterdam early today and damaged the U.S. consulate next door.

Four of the 20 occupants of the Soviet building and a woman passerby were injured. There were no reports of American casualties.

Unconfirmed reports said a message reading, "Never again. Let my people go," was found near the building. These

are slogans used by the militant Jewish Defense League in the United States when harassing Soviet diplomats in protest of the treatment of Jews in the Soviet Union.

Police said a note was found but refused to disclose its contents.

Also damaged were the Boerhaave Hospital, the KLM airline terminal across the street and the Stelink modern art museum.

PARISH 'SHOCKED'

Priest-Papa Secretly Married Seven Years

PACIFICA, Calif. (AP) — The parish council has come to the support of a prominent Roman Catholic pastor ousted after Church officials discovered he has been married seven years and has a 5-year-old son.

Archbishop Joseph T. McGuckey said in a statement Wednesday that the Rev. Robert F. Duryea, a priest for 25 years, has been suspended and automatically excommunicated because of the marriage.

Father Duryea said, "I realize that my marriage has been known about by many people in the parish for more than a year, and I very much appreciate their loyalty."

He added, "I have proved to myself and to anyone with an open mind that the traditional objection to a married priesthood is nonsense; that marriage would necessarily distract a man from the full service of his ministry."

Father Duryea was ordained in 1946 and was an Air Force chaplain before working parishes in San Jose, Oakland and Berkeley.

His brother, John, is Catholic chaplain at Stanford University. Archbishop McGuckey expressed regret for his action saying, "We will keep him in our prayers, as well as the welfare of the people of the parish, which is uppermost in our minds."

NAMED FOR POPE

Father Duryea, 49, confirmed in an interview that he was married June 16, 1964 by a fellow Catholic priest, whom he declined to identify.

He said his son, Paul who was named for Pope Paul VI, and his attractive 30-year-old wife attended his last Mass which he celebrated Easter Sunday at St. Peter's church.

The priest declined to identify his wife for fear of harassment, but said he would move with his family to "somewhere in the Santa Clara Valley," about 50 miles away.

The 15-member council for the 4,000 member parish issued a statement saying it was "shocked" by the removal of Father Duryea whose leadership of our community as a married priest has been excellent.

"We feel that the Church's rule of celibacy which deprives our community of ministers such as Father Duryea should be changed as soon as possible," the council statement said.

THE REV. ROBERT F. DURYEA
Tells of marriage

AIR FORCE CHAPLAIN

"We feel that, if it were in any way possible, we would keep him here as pastor."

FIRM JUDGE — U.S. District Court Judge Samuel Conti, San Francisco, appointed last December by President Nixon, has broken a sentencing pattern by ordering two-year prison terms for four young men who claimed conscientious objection, but were convicted of draft refusal. Judge Conti said: "I didn't become a judge to preside over the decline and fall of the American Republic."

Isthmus Of Panama Evidence Is Bizarre

WASHINGTON (AP) — Deep-sea drilling oceanographers today reported bizarre evidence that the Isthmus of Panama literally rose out of the ocean millions of years ago to form a permanent barrier between the Caribbean and the Pacific. The evidence, culled from ages-old mud and silt tapped from the ocean bed in the latest exploit of the famed government-sponsored drilling vessel Glomar Challenger, is that the present isthmus actually is an area of elevated ocean floor that was forced to rise

Man Arrested

The sheriff's office received notification that Norman Cogglin Wood, 47, last known address Midland, had been arrested by Odessa authorities. Wood is wanted locally on a charge of aggravated assault with a motor vehicle. Wood will be returned to Big Spring following disposition of an Odessa charge.

Annual Pre-School Workshop Slated

The Permian Basin Pre-School Association will have its annual workshop Saturday at the Coventry Presbyterian Church at 5200 W. Illinois in Midland. Registration begins at 8 a.m. There will be special session on creative teaching, plus workshops on art and on music. Personnel from the West Texas Education Center in Midland will be in charge of the instructional sessions. Registration fee is \$2 and the luncheon at the church will be \$2.25. Attendance is open to anyone interested in teaching pre-school children, regardless of membership in the PBPA.

Reds Terms For Ending Indochina War Restated

PARIS (AP) — North Vietnam restated today its old position for ending the Indochina war and the United States accused the North Vietnamese of using the peace talks "for your propaganda purposes instead of genuine discussion." U.S. Ambassador David K.E. Bruce declared the United States is ready to negotiate an agreed timetable for complete withdrawals as part of an overall settlement.

109th SESSION

Ambassador Xuan Thuy, head of the North Vietnamese delegation, ended a six-week boycott of the Communist terms at the 109th weekly session. "The problem with regard to the question of withdrawal does not arise from our refusal to fix a date but rather from your refusal to consider necessary and similar mutual action on your part," Bruce said.

ONE OF FEW

The Daily Texan is one of the few large college daily newspapers whose editor is elected by the students. Lori promised before and after the campaign that she will work to form teams of special reporters, including law students, who will conduct investigations into university administrative affairs.

Lunch Honors H-SU Educator

ABILENE — A luncheon at the Abilene Civic Center April 28 will honor Dr. Rupert N. Richardson, president emeritus and distinguished professor of history at H-SU, in commemorating his 80th birthday. Earlier during the day at a 10 a.m. assembly he will speak. Students will be in charge of the assembly which will focus on the well-known educator and historian. Tickets for the luncheon will sell for \$4. Reservations may be made by either writing or calling Byron Bryant's office (677-7281, ext. 218).

Girl Editor Of Daily Texan Speaks For Student Power

AUSTIN (AP) — The new editor of the Daily Texan, Miss Lori Rodriguez, sees herself as a direct representative of "student power" at the University of Texas with its 39,000 students. "The editor should take a stand," said the senior journalism student from Mission. "When I take a stand, it's going to be for the students."

Miss Rodriguez was elected next year's editor March 24 by a margin of 1,600 votes over her runner opponent, John Reetz of Jasper. She will become editor when the summer session begins May 31. "I would not accept any faculty control of the Texan under a new charter," the editor-elect said. "This would be the death of the Texan as an independent student publication."

TRY TO BE FAIR She said that if the regents insist on faculty control of the Texan. "We'll take them to court."

Lori said people generally think the Texan's news pages are biased, "but they fail to realize that no one can really be objective, and newsmen are no exception. But even if we can't be objective, we are going to try to be fair."

Thuy returned Friday from Moscow, where he discussed the peace talks with top-ranking Hanoi officials who came to Moscow for the occasion.

He accused Nixon of seeking "by all possible means" to drag out the American withdrawal despite what he said was the growing opposition to the war in the United States.

Students' avenues of communication to the administration have been closed, she asserted.

"Students are feeling a helplessness. "UT students want strong editorial stands from the Texan because they feel that the Texan, being their representative, must assert leadership and protect their interests."

Lori has also been a news assistant on the Texan staff, was promotion manager for KUT-FM, the university station, and was associate news editor of Our Lady of the Lake College student newspaper at San Antonio.

Hopes High For Vote On Liquor By Drink

AUSTIN (AP) — Liquor by the drink, sponsors hoped to get a fast House vote today to set up May 18 local option mixed drink elections that might draw new tourist dollars to Texas this summer.

Rep. Dick McKissack of Dallas said he hoped he could get the necessary two-thirds vote to bring up the Senate-passed mixed drinks bill.

The liquor by the drink bill was approved by the House Liquor Regulation Committee only Wednesday night.

SURPRISE

A surprise addition to the bill by the committee would require areas that now allow package stores and which approved the liquor by the drink constitutional amendment last Nov. 3 to hold local option elections on mixed drinks May 18.

That's the same day as a statewide election on four proposed constitutional amendments.

For the May 18 election requirement to take effect, the bill has to be finally approved by two-thirds of both houses and signed by Gov. Preston Smith Friday. This is because of a 30-day notice requirement for elections.

In legislative action Wednesday, Lt. Gov. Ben Barnes named a seven-man Senate subcommittee to write the Senate's substitute for a \$492.5 million

House-passed tax bill. Sen. William T. Moore of Bryan, a veteran conservative, will head the subcommittee, which also includes Sens. Barbara Jordan, Houston; Don Kennard, Fort Worth; H. L. Blanchard, Lubbock; Tom Creighton, Mineral Wells; O. H. Harris, Dallas; and Charles Herring, Austin.

SPENDING BILL

The Senate's proposed two-year spending bill would require \$662 million in new taxes.

Senators passed and sent to the House Wednesday a bill allowing state assistance for students at church-related and other private colleges, based on each student's need.

Sen. A. R. Schwartz of Galveston denounced the measure, saying it violated the constitutional requirement of church-state separation and would cost the taxpayers \$5 million over the next two years.

The Senate accepted House amendments to a bill allowing insurance companies to pool the risk of insuring buildings in Texas' hail and hurricane belts. The action sends the bill to the governor for signature, which probably would make such coverage available before this year's hurricane season.

House members passed and sent to the Senate a bill requiring health insurance policies to cover treatment by chiropractors.

To Question Nixon On TV

WASHINGTON (AP) — National Broadcasting Co. and Columbia Broadcasting System plan to carry live on radio an hour-long questioning of President Nixon by six editors and newsmen Friday night.

The White House has ruled out a live television broadcast of the session.

The session will wind up the 1971 convention of the American Society of Newspaper Editors, whose Freedom of Information Committee complained Wednesday that the infrequency of presidential news conferences is a matter of deep concern.

The ASNE body approved Nixon's recent practice of meeting with smaller groups of reporters.

Four of its members, plus the White House correspondents of The Associated Press and United Press International, will question Nixon in the Shoreham Hotel ballroom before the 500 editors, their wives, and guests at the society's annual banquet.

The four ASNE panel members are Emmett Dedmon, editorial director of the Chicago Sun-Times and Daily News; William B. Dickinson, executive editor of the Philadelphia Bulletin; Sylvan Meyer, editor of the Miami News; and Otis Chandler, publisher of the Los Angeles Times. The news service correspondents are Frank Cormier of AP and Eugene V. Risher of UPI.

Computers To Root Out Cheaters On Welfare?

AUSTIN (AP) — There is "some out-and-out fraud" in the state's welfare rolls, but cheaters make up only a small percentage of the caseload, says welfare commissioner Burton Hackney.

Hackney reported Wednesday his department is using computers to root out persons who should not be on the rolls or who are getting more than they should.

The commissioner did not refer to Lt. Gov. Ben Barnes' statement Tuesday that he wouldn't support a tax bill that could reach \$950 million for the next two years until the welfare program is "better coordinated" with a "more realistic approach" to the medical assistance program.

"We are working now to improve our techniques for ferreting out those cases in which ineligible people are on the rolls and those in which some people may be receiving bigger checks than they are entitled to receive," Hackney said.

Israeli Raiders Destroy Houses

By The Associated Press

Israeli raiders crossed the Lebanese border early today and blew up three houses in the village of Kfar Kela, then pulled out under a Lebanese artillery barrage, an army spokesman in Beirut reported.

There was no confirmation of the raid from Israel.

The Lebanese spokesman said poor visibility made it impossible to determine whether the Israelis suffered any casualties. Apparently there were no Arab casualties.

The raid was believed to be a reprisal for attacks on Israeli settlements by Palestinian guerrillas based in Lebanon. The Lebanese army reported three such Israeli raids last week and said seven houses in three villages were blown up.

Elsewhere in the Middle East—

Egyptian Foreign Minister Mahmoud Riad left for Moscow to talk with Soviet leaders about Israel's continued refusal to withdraw from all territory it occupied in the 1967 war. He planned a brief stopover in London.

Riad said his visit to Moscow was "within the framework of regular consultations between the two countries."

Israeli Foreign Minister Abba Eban told the Jerusalem Post the "oral" territorial demands Israeli leaders have made—control over the Tiran strait, the Golan Heights, the Gaza Strip and united Jerusalem, and demilitarization of the West Bank of the Jordan River—are a "maximal position" for negotiation.

If there's trouble in River City, the second verse says it isn't with Harold Hill or Collegiate Encyclopedia.

Hill, whose names happens to coincide with that of the matchless salesman is "Music Man," apparently had been selling the Collegiate here.

Without an address from a permit, officials were unable to locate Harold Hill. At noon Thursday there was still no permit issued to that name.

However, Grolier officials gave assurance that Harold Hill was a bona fide representative, and that the Collegiate, which made its appearances only about three years ago, is a completely reputable publication beamed primarily to college students.

HE'S SICK MAMA, MIA

HOLLYWOOD (AP) - Police warned restaurants today to guard against pranksters spiking condiments.

The reason? A Hollywood woman and her son ate spaghetti sprinkled with Parmesan cheese at an Italian restaurant and were hospitalized from the effects of the hallucinogenic drug LSD.

The container of cheese had enough LSD to kill the two, had they eaten more, police said. "It apparently was put in there by somebody with a sick mind," Sgt. Paul Osteen said.

VANDALISM

Mrs. Paul Eslinger, 2501 Lynn, reported Wednesday someone had put a garden hose between the door and screen of her house and turned the water on. Mrs. Eslinger discovered the prank before any damage was done to the house.

BURL TO MARRY - American folk singer Burl Ives embraces fiancee Dorothy Koster, from California, in London Wednesday following their announcement of intention to wed.

Opposes Using Deep Wells To Bury Industrial Waste

HOUSTON (AP) - A Texas Water Quality Board official says the state opposes using deep wells to bury industrial waste if there is any reasonable method of surface treatment.

and this is still the state of Texas and not the federal district of Texas," Teller said.

POLLUTION SUIT

The federal officials had ruled out any specific discussion of the Arco case during the meeting because of a pending federal water pollution suit against its Houston Ship Channel plant.

Joe Teller, board deputy director, outlined the state's policy Wednesday at a meeting of state and federal officials.

They also refused to comment afterword on where the meeting left Arco. No Arco representatives were invited.

In answer to a question by Asst. U.S. Atty. Rex Green of Houston, Teller said the water board does not grant well permits whenever it is cheaper than surface treatment. But he said the "magnitude of the economic consideration" is weighed.

Jack W. Keeley of the federal water laboratory at Ada, Okla., outlined a similar federal policy.

Teller explained after the meeting that his staff has considered a federal list of alternatives for Arco and is also studying state-proposed alternatives.

He said the only alternative now in the running is an incineration system using a natural gas flare. He estimated it would cost Arco two or three times as much as the wells.

However, Arco Steel Corp., which precipitated the meeting, was left still facing a decision whether to comply with a state ultimatum to start drilling two cyanide wells by April 25, or to heed a federal warning not to use the wells.

The 1971 March of Dimes campaign netted \$10,191.57 in the Cap Rock chapter, Mrs. H. H. Stephens, executive secretary, Wednesday night told the chapter board of directors.

The Big Spring campaign brought in \$6,279.94, the Colorado City campaign \$1,626.17, the Forsan campaign \$95, the Borden County campaign \$243.28, the Glasscock County campaign \$83.21, and the Snyder campaign \$2,028.19.

Teller told newsmen after the meeting that if Arco does not go on with the wells, "my board will descend on them with all the force it can muster."

Money was collected for the March of Dimes through Mothers Marches, mailers, coin collectors placed in stores, collections by teenagers and, in Big Spring, a walkathon and benefit basketball tournament.

Campaign chairmen were Mrs. Don Swinney, Big Spring; Bill Erwin, Colorado City; Lois O'Barr Smith, Forsan; Doris Rudd, Borden County; Darlene Calverley, Glasscock County; and Dale Steward, Snyder.

'DOGGONE' DOG GONE

Mrs. Teresa Watkins, Route 2, reported today to the sheriff's office that her male black toy poodle was either lost or had been stolen between 6:45 and 7:15 p.m. Wednesday from her yard.

WEATHER

NORTHWEST TEXAS: Showers and thunderstorms likely tonight and in east and north Friday morning. Decreasing cloudiness Friday afternoon and a little warmer in southwest. Low tonight 48 to 60. High Friday 64 to north to 74 in south.

FORECAST - Snow is forecast for northern Maine Thursday, and snow flurries are due in the northern Rockies. Showers are predicted in Texas, New Mexico, and western Washington state.

Choir Backers Elect Officers

The Big Spring Choir Boosters Monday night made plans for a garage sale scheduled April 29-May 1 in the building on the Eleventh Place formerly occupied by the Piggly Wiggly Grocery Store.

Ed Foreman Lands Federal Position

WASHINGTON (AP) - Ed Foreman, a former congressman from El Paso, has been named a regional representative for the U. S. Department of Transportation.

Texas' Statewide Oil Allowable Rolled Back

AUSTIN, Tex. (AP) - Texas' statewide oil allowable was rolled back today to 77.2 per cent of potential for May, ending a three-month string when the allowable was steady at 82.1.

637,654 barrels a day next month, 184,076 fewer than this month.

A major purchaser's nomination for Texas crude oil in May, in barrels per day, with any changes from last month in parentheses: Amoco 420,000

Ten of the 14 major purchasers of Texas crude asked for the same amount of oil in May as April. One wanted more and three requested less oil next month.

The public is invited to attend the plays being staged at Big Spring High School Friday in the district 5-AAUA University Interscholastic League one-act play contest.

Chevron 67,450 (plus 2,250) Cities Service 110,000 Continental 42,000 Diamond Shamrock 24,000 (minus 12,000)

Commission Chairman Byron Tunnell said, in announcing the allowable, that Texas crude oil stocks April 9 totaled 108.3 million barrels, 2.4 million more than a year ago and 1 million more than last week.

Tickets are \$1 for adults and 50 cents for students. Dan Shockey, contest manager, said no one will be allowed to enter or leave the auditorium while a play is in progress.

Phillips 95,000 Shell 160,000 Sun 225,700 Texaco 200,000 Union of California 72,500.

Second Regional Planning Group Is In The Offing

Big Spring Mayor Arnold Marshall was to attend a meeting in Monahan at 2 p.m. today for the purpose of discussing the formation of a second Permian Basin Planning Council.

Counterfeiting Exhibit Available

In an effort to increase public awareness of counterfeiting, the Federal Reserve Bank of Dallas and the United States Secret Service have jointly announced the availability of counterfeit currency exhibits.

The exhibits will be made available to banks and other financial institutions in the Eleventh Federal Reserve District on request from the Federal Reserve Bank of Dallas.

Each display contains counterfeit currency in denominations of \$1 through \$100 alongside genuine bills of the same denominations. The exhibits are designed to test an individual's ability to detect counterfeit currency.

Special Agent in Charge Leroy M. Letterer, of the Dallas office, U.S. Secret Service, pointed out that an educated public is the best defense against counterfeiting and he is pleased that the Secret Service and the Federal Reserve Bank of Dallas can offer this important public service.

Requests will be handled on a first-come-first-served basis and that every effort will be made to fill all requests, according to Tom W. Plant, Dallas FED first vice president. Information may be had by contacting Robert Smith, III, Public Information Officer, Federal Reserve Bank of Dallas, 742-3271 (Area Code 214).

LAUDS CHINESE MEDICINE — Dr. Joshua S. Horn, a specialist in orthopedics and the treatment of injuries, addresses a meeting of the Medical Committee for Human Rights in Chicago Wednesday night. Dr. Horn, now of London, says medicine in China has been "fundamentally transformed for the better" since the Communists came into power.

18 Yanks Stroll Along Shanghai's Famed Bund

By JOHN RODERICK Associated Press Writer

SHANGHAI (AP) — Eighteen Americans strolled in spring warm weather along the Shanghai Bund, the famed waterfront of China's largest city, from which the Communists drove their countrymen more than two decades ago.

The 15 members of the U.S. table tennis delegation and three newsmen with them flew to the big industrial port from Peking, where they spent four days.

PHOTOS OF MAO

The flight was made aboard an Ilyushin 18, and Shanghai table tennis players and officials met the Americans at the Rainbow Bridge airport.

All along the road into the city, the visitors saw youngsters, some with packs on their backs and carrying photos of Chairman Mao Tse-tung, hiking to the countryside for out-of-school indoctrination in politics.

production methods and military affairs.

The Americans were lodged in the Ho Ping or Peace hotel, once the proud Cathay. With its new Tientsin rugs and spacious rooms, it is one of the best in China.

Only two members of the party had visited legendary Shanghai before, John Rich of the National Broadcasting Co. and I.

CIVIL WAR

Rich was in Shanghai for a short visit in April 1949.

I left China from Shanghai in 1948 after a four-year assignment during which I covered both the Nationalist and Communist sides of the Chinese civil war.

The players and the newsmen were invited to the Chinese mainland along with several other Western teams at the end of the world table tennis cham-

ionships in Japan last week. It is the first sizable group of Americans admitted to Communist China in the 22 years of the People's Republic.

The Americans saw the sights in Peking, lost a round of table tennis matches to secondstring Chinese teams by narrow margins, and got a warm welcome from Premier Chou Enlai at a reception Wednesday afternoon.

On their last night in the Chinese capital, the Americans saw a Chinese opera, "Taking Tiger Mountain by Strategy."

LOSE UGLY FAT

Louisville Top Contender To Host Demo Convention

WASHINGTON (AP) — A surprise applicant, Louisville, Ky., has emerged as a leading contender to host the 1971 Democratic National convention.

"We are taking a very serious look at Louisville," party Treasurer Robert S. Strauss said in an interview.

The decision, he added, may depend on the kind of hotel and motel accommodations party officials see when they visit the Kentucky city next month. A minimum of 16,000 to 20,000 rooms are needed.

Other cities seeking the convention are Miami Beach, Chicago, Houston and San Francisco. Several top party officials lean toward Miami Beach.

Party officials said the Louisville delegation made the strongest presentation last month at closed sessions of the site committee.

FREE BOURBON HOUSTON IN RACE

Louisville offered a hall seating 18,000 people; parking space for 27,000 cars; 32,000 hotel and motel rooms; and the \$1 million in cash the Democrats are asking.

And the Louisville delegation

promised for Democrats "all the free bourbon they can drink and all the free chicken they can eat."

If the hotel and motel accommodations are satisfactory, Louisville would have several advantages over Miami Beach, which hosted the 1968 Republican National Convention and wants both parties.

Louisville is more centrally located, cutting air travel costs; costs are expected to be less — the Louisville delegation claimed \$700 per delegate; and the city strikes a balance between the South and Midwest, two areas where Democrats scored major victories in 1970 and have big hopes for 1972.

Strauss noted Louisville also has a large number of inexpensive dormitory rooms at area colleges for young campaign workers.

A decision to go to Louisville, Miami Beach or Houston would take the Democrats into the South or the Southwest for the first time since they met at Houston in 1928.

After a long drought lasting 16 years, the United States Bridge team finally regained possession of the Bermuda Bowl in Stockholm last June by defeating China (Taiwan) in the finals of the World Championship.

A contributing effect to the result was the retirement shortly before of Italy's Blue Team which dominated International Bridge for over a decade. Their successors were not effective in Stockholm and finished fifth behind Brazil and Norway.

Today's hand taken from the finals saw the United States score the biggest swing of the match. The bidding presented in the diagram occurred at the table where the Chinese were seated North and South. The first round of bidding is normal. South's three heart call is a cue bid showing first round control of the suit and expressing an interest in reaching a slam.

West bid four hearts as a preemptive measure, but North's five heart call—presumably a false cue bid—

appears wasteful since his message is obscure. It would have been better to show another feature at this point. If he had cue bid the ace of diamonds, South might have gone all the way.

Altho seven clubs is impregnable with North as declarer, the latter signed off at six spades and that became the final contract. West opened the three of diamonds. Declarer refused to incur the slightest risk of an adverse ruff in case the lead was a singleton — inasmuch as his contract appeared safe. He according put up the ace of diamonds and proceeded to draw trump. When East showed out on the second round, there was no way to avoid losing a trump trick as well as the king of diamonds, and the Chinese suffered a 100 point deficit.

At the other table, James Jacoby and Robert Wolff reached a contract of seven clubs—for the United States—but with South, not North, as the declarer. Had West opened the three of diamonds as his counterpart had done, declarer might have taken the same view—going up with the ace of diamonds, in order to draw trump and then expecting to discard two diamonds from dummy on his long spades. This line of play, of course, would not succeed because of the unfavorable break in spades.

West, however, led the heart ten and declarer drew trumps. When the spades did not respond favorably, he found he had only one discard available in that suit and he was ultimately obliged to resort to the diamond finesse. When this succeeded, the grand slam was safely home and the United States picked up a total swing of 2,240 points on the deal—and were well on their way toward putting the match beyond their opponent's reach.

SO NEAR, YET SO FAR — Detroit leftfielder Willie Horton makes an attempt for a ground rule double hit into the Detroit bullpen by Yankee batter Danny Carter during fourth inning of Wednesday's game in New York. Needless to say, Horton missed, and Carter went on to score later in the inning. Yanks won, 8-4.

Trouble Looms For Top Team In National

SAN FRANCISCO (AP) — The San Francisco Giants entered this afternoon's game with the Houston Astros as the leaders of the National League's Western Division, but a storm cloud hangs overhead.

While the Giants took the lead with a 2-1, eleven-inning triumph over the Astros Wednesday afternoon, star slugger Willie McCovey was having his injured left knee examined by Dr. E. C. Sailer, the team physician.

McCovey, who pronounced himself "the healthiest I've ever been" during spring training, injured the knee sliding into second base two weeks ago and aggravated the injury batting against St. Louis Sunday.

More tests are scheduled to-day.

If the cartilage is torn, McCovey could be out for almost one month. The cleanup hitter hasn't been much help to the Giants in the first week of play, batting only .136 with no home runs and one RBI.

If McCovey is sidelined for a great length of time, the Giants would have to depend on solid pitching to retain their lofty position. The club received a big boost in that direction Wednesday.

Rookie right-hander Steve Stone, shelled in his debut last week, survived a shaky start and worked seven innings before departing a 1-1 tie.

The Giants won the game in the 11th when Frank Johnson, McCovey's replacement, scored from second on Tito Fuentes' two-out single off reliever George Culver, 2-1. Don McMahon, 1-1, was the winner.

The Giants opened the scoring when Bobby Bonds belted starter Tom Griffin's second pitch for a home run. Houston pulled into a tie on Bob Watson's two-out homer off Stone in the fifth.

"I thought I pitched a strong game," said Griffin, who struck out 10 and allowed five hits in eight innings. "Bonds hit a real good pitch. It was a low, outside fast ball and he just crunched it."

"That's what hurts," added Manager Harry Walker. "You hate to lose when you get such a well-pitched game. But this was good for Griffin's confidence, and the bullpen held them for two innings, too."

Bullets And Lakers Very Much Alive

By The Associated Press

All of a sudden the Baltimore Bullets and Los Angeles Lakers are very much alive in the National Basketball Association playoffs.

The Bullets walloped the champion New York Knicks 101-80 Wednesday night to tie the Eastern Conference final at 2-2. The Lakers similarly whacked the Milwaukee Bucks 118-107 to cut the Bucks' lead in the Western Conference final to 2-1.

In the American Basketball Association playoffs the Indiana Pacers drubbed the Utah Stars 120-107 to even their West Division final at 1-1.

The Bullets, who had walloped the Knicks 114-88 Sunday, humiliated the NBA champs for the second straight time, at Baltimore. Led by Jack Marin's 27 points they took command in the first quarter and were never headed. They turned the game into a rout in the final period.

The fifth game will be played in New York Friday and the Knicks have cause for worry. Willis Reed, their star, reinjured his right shoulder, scored only 14 points, and sat out the last seven minutes.

Will Chamberlain, who scored 24 points and grabbed 24 rebounds, led the Lakers, who broke open a close game by surging to a 17-point lead in the second half over the Bucks.

Pat Riley, subbing for Keith Erickson, who underwent an

Bronchos Tie For 5-4A Lead

ODESSA — Surprising Odessa High relied on the pitching arm of Richard Wortham to defeat Permian, 11-3, here Wednesday. The win earned Odessa a tie for first place in the 5-AAAA first half standings with a 6-1 record.

Wortham surrendered only four hits and fanned 13 while achieving his ninth win of the season, compared to two defeats.

The losing hurler was Collins Rice, who was tagged for five hits in four innings.

On the year, Odessa is 10-2. Permian slumped to 11-7 and stands 5-2 in conference.

Shewmake, Pitner and Johnson each collected two hits for the red-hot Bronchos.

Odessa 010 071 2-11 11 3
Permian 002 100 8-3 4 1
Wortham (W, 9-2) and Hudson Rice (L, 5-4), Shirman (5) and Paschal.

IDENTITY PROBLEM Miller Clearing Up Confusion

PENSACOLA, Fla. (AP) — John Miller, tall, slim, young and blond, stood on the practice green and had one concession to make: "Well, at least no one has called me Larry today."

The reference was to his look-alike, Larry Hinson, a regular on the pro golf tour who is tall, slim, young and blond.

"We really don't look that much alike," Miller said. "But, you know, about the same size, the same build, both blond, lots of people get us confused. They call me Larry and call him John."

But it's happening less and less, particularly after Miller's nationally televised bid for the world famed Masters title last week in Augusta, Ga.

He, at one time late in the

Couples Tourney Starts May 14

A mixed couples bowling tournament will be staged at the Bowl-A-Rama May 14-15-16 and May 21-22-23.

Those entering must have competed in a mixed couples league at one time or another during the past season.

Entries will be accepted until May 1. Fee for competing will be \$3 per person and the players will be competing for cash awards.

Those planning to enter can contact either Louie Booth or Frances Glenn or can drop by the Bowl-A-Rama for entry blanks.

This will likely become an annual event, if the first one is successful.

FIGHT RESULTS

WEDNESDAY NIGHT

TORONTO — Clyde Gray, 151, Toronto, knocked out Don Ross, 154, Toronto, 10.

LAS VEGAS, Nev. — Billy Hester, 166, Los Angeles, outpointed Ronnie Wilson, 164, San Diego, 10.

Lady Luck Is Smiling On Darrell Knowles

than respectable until you get the telephone rang in the to his record, which was a woe-washington bullpen and Darold full 2-14. Knowles got up to start throwing. Ted Williams, manager of the Senators trailing 3-0 — a fairly record in baseball history, safe situation for Knowles, who Knowles called it a few other relief pitchers, but not one of its luckiest.

Knowles logged 27 saves and a 2.04 earned run average last from the Senators to support season. The numbers are more his pitching. He'd enter tied

games, hold the opposition scoreless for a couple of innings and then get nicked for a run and the loss. Washington rarely scored for him.

But this is a brand new season and Knowles is the proud owner of a glittering 2.0 record. He recorded his second victory in a week Wednesday night when the Senators, ignoring the fact that he was the pitcher of record, exploded for six runs in the bottom of the seventh inning and a 6-5 victory over Boston.

In other American League action Wednesday, Baltimore blanked Cleveland 3-0, New York rapped Detroit 8-4, Milwaukee shut out Chicago 2-0, Oakland took Minnesota 6-1 and California dropped Kansas City 4-1.

Knowles hasn't given up a run in 5 1-3 innings spread over three games. But when he moved down the Red Sox in the top of the seventh Wednesday night, it hardly seemed important since Washington trailed by five runs.

Suddenly, though, it became very important as Washington rallied. Mike Epstein opened with a walk and singles by Joe Foy, Frank Howard and Richie Scheinblum kayoted Mike Nagy, who had been working on a two-hit shutout until then.

An error by reliever Bob Bolin loaded the bases and then Bolin walked Tom McCraw and Elliot Maddox on eight pitches, forcing two more runs home. Tim Cullen followed with a single driving home Washington's tying and winning runs and making a winner of the perennial loser, Knowles.

CUELLAR ON BEAM — Mike Cuellar spun a four-hitter and Boog Powell bombed a two-run homer to move Baltimore past Cleveland. The Orioles have won five of six games and have had four complete game efforts by their pitching staff.

LOOKING 'EM OVER With Tommy Hart

The lighthouse keeper leads a lonely life. The baseball umpire may envy him his social contacts.

I bring this up because of an incident which happened in San Antonio recently. In a gesture of friendship, 40 sandlot umpires there invited 90 area high school baseball coaches to a party.

The treat was on them. They stocked up with 75 dozen hot tamales, 14 cases of beer, six cases of soda pop and didn't forget the potato chips and dips.

Seven coaches, no more, swallowed their bias and attended, then stood around talking to one another. Some one said they let the umpires taste the food first.

Most coaches concede they couldn't get along without umpires but they hasten to add they don't have to get along with them, either.

Boxer Ernie Terrell has hit the comeback trail. He never could fight a lick but he shouldn't have any trouble rubbing elbows with the ring elite again because there are no fighters around. At least, not in the heavyweight ranks.

Terrell retreated into the wings in 1967. He says George Foreman would be duck-soup for him. He's after bigger game, wants in against someone like Joe Frazier, Muhammad Ali or Floyd Patterson.

That \$5 million cut up by Frazier and Muhammad Ali didn't go unnoticed by Terrell and other trial horses who might now be in limbo.

Ernie's first choice would be Muhammad Ali because he concedes he needs a tuneup before he unloads on Frazier. The two met four years ago last February and Terrell is still claiming Muhammad Ali fouled him — by thumbing him in the eye.

From the way he's complaining about it, the orb must still be red. Terrell throws a pretty mean left jab but his right hand and his eye were never coordinated. That fist always wound up somewhere in left field.

Don't sell UT-El Paso short in the NCAA track and field meet this year.

Wayne Vandenburg, who chose his talent carefully and after personal contact, guided the Miners to a recent win in a triangular with Oklahoma State and Arizona. UTEP outscored the combined efforts of Oklahoma State and Arizona by 22 points.

The Miners won 18 first places in the three-way meet and Vandenburg says his sprint relay team may run a .40 flat soon. No one in that group could be accused of stopping to smell the flowers.

Horse racing buffs in the area who like to visit the New Mexico tracks are sometimes prone to forget the fact that the state has another fine little track at Raton, up near the Colorado border.

Weekend racing there starts May 15 and continues through Sept. 12. This will be the 26th annual season for La Mesa Park, as the track is called, and it could be the best one ever.

The July 4 Oklahoma Quarter Horse Futurity, for instance, will be a \$200,000 event, as will the August 1 Land of Enchantment Thoroughbred Futurity and the July 25 Raton Quarter Horse Futurity.

You can park your own car or your own plane near the La Mesa grandstand — they've built a new 5,200 foot lighted, asphalt runway for private and charter planes.

The track had a daily pari-mutuel betting average of \$146,538 last year and, on one occasion, offered a \$109.20 payoff on a \$2 ticket.

The 1972 NCAA basketball finals will be in the Los Angeles Sports Arena (Southern Cal's home court) while St. Louis hosts the 1973 championships in an arena that has yet to be completed. In 1974, the extravaganza goes into the recently enlarged Greensboro, N.C., Coliseum.

The coaching record of Jerry Ray, the Coahoma basketball coach who wasn't rehired by the school board, would be hard to beat. In four seasons, Jerry has guided the Bulldogs to a 74-31 record. The Bulldogs were 20-9 last season.

Jerry appeared before the trustees and was told he was "uncooperative." He hopes to continue in coaching.

Rebels Batter Midland High

MIDLAND — Lee clinched a tie for first place in first half baseball standings in 5-AAAA by defeating Midland High, 7-3, here Wednesday.

The two teams had played to a scoreless deadlock Tuesday. The Rebels now share first place with Odessa High.

Over-all, Lee is 14-5 while Midland slumped to 10-8. In conference, Lee is 6-1 while Midland shares fifth place in the standings with Big Spring with a 2-5 record.

Lee outhit Midland, 7-3, Robbie Christiansen and Mark Stolz each collected two blows for the winners.

The Rebs got their runs in clusters, scoring four in the third and the other three in the seventh.

Lee 004 000 3-7 7 3
Midland 000 102 0-3 3 4
Van Hozer (W, 3-1) Alexander (7) and Williams, Mookins (L), Smith (3) and McEroy.

Chippers Oppose Merchants Again

The Big Spring Chippers and the Big Spring Merchants clash in a softball doubleheader in Comanche Trail Park this evening. The first game is scheduled to begin at 7 p.m.

The Chippers clouted the Merchants in both ends of a twin bill last Friday but the games were close.

BANQUET SET AT SANDS HS

ACKERLY — Sands High School will stage its All-Sports banquet in the school's gymnasium Saturday night.

Menemen of the Year and Back of the Year certificates, provided by the Big Spring Daily Herald, will be passed out. Other awards will also be made.

All boys and girls who have represented Sands in athletic competition during the school year will be guests at the banquet.

Master of ceremonies for the program will be Larry Freeman. Other details are now being worked out by a mothers' committee.

Tickets will be offered to the public.

Landlords Pet Is Facing Better Horses Friday

SUNLAND PARK, N.M. — Last time out, Landlords Pet ran away to an easy 4 1/2-length victory over a collection of maiden sophomores at Sunland Park.

But the competition gets a little stiffer for Friday's featured Eastwood Optimists Purse, a six-furlong dash for three- and four-year-olds. The allowance sprinter offers a purse of \$1,200.

Friday's action will be staged in the afternoon at the twilight starting time of 3 p.m. Twelve races are on tap Saturday and Sunday, as usual, with a first-post of 1:30 p.m.

Landlords Pet, the property of Dave Williams of Odessa, has been to the races only three times so far. Before his romping victory, he finished fourth as a favorite. In his maiden appearance at Ruidoso Downs during the summer, he raced to a nose victory, but was disqualified to second.

Here's how the field shapes up for Friday's topper: 1—Mr. Eiter (Tony Trujillo), 114; 2—Pappa, Germ. (Richard Bickel), 117; 3—Hurry 76 Work (Rolla Pruitt), 124; 4—Fair Perfume (no boy), 112; 5—Sir (Don Lewis), 119; 6—Mr. Crafty (A. C. Valenzuela), 119; 7—Holiday Park (Bob Young), 114; 8—Last Supply (Jim Bannowsky), 119;

Bench Leading Cincy Out Of Wilderness

By The Associated Press
Johnny Bench took some extra batting practice in Atlanta Stadium.
Wasn't it nice of the Braves to supply the pitchers:
Cincinnati's most valuable catcher topped off a series of fence wrecking, ripening his batting average with two singles and a home run Wednesday night as the Reds pasted the Braves 8-3.
The Bench barrage, which

helped the defending National League champions sweep the three-game set, included a total four homers of his seven hits, seven runs knocked in and six scored.
His singles Wednesday night were against long-time knuckleball nemesis Phil Niekro and boosted Bench's morale as well as his hitting percentage.
TOUGHEST FOE
"Already I've had a good year against Niekro," said

Bench, whose mark jumped from 250 to 379 with this sensational series. "He's the toughest pitcher for me to hit."
Atlanta's Hank Aaron also did a job on the Cincinnati staff, including two homers Wednesday night that gave him three for the series. Hammerin' Hank, who started the series with an un-Aaron-like .100 average, skied to .242 with a 6-for-13 performance, 6 RBI and 3 runs scored.

Philadelphia trimmed Pittsburgh 6-5, San Francisco turned back Houston 2-1 and St. Louis beat Los Angeles 7-1 in the other National League games. Two contests were rained out — Chicago at San Diego and New York at Montreal.
Tony Cloninger got his first victory of the year for Cincinnati, but had to be bailed out in the last three innings by Clay Carroll, a former Brave.
The Reds snapped a 2-2 tie with four runs in the third inning, opening with singles by Tony Perez and Bench. Willie Smith bounced to Niekro, who fielded the ball and threw it into center field, allowing Perez to score.
Hal McRay then drilled a two-run double to the fence and Tommy Helms got in the last run of the inning with a grounder that scored McRae.
CLOSE TO 600
Aaron, now only three homers away from the 600-career plateau, unloaded a two-run shot in the first inning then fired a solo blast into the left field seats in the fourth. It was the 38th time Aaron had smashed two four-baggers in a game.
Denny Doyle delivered a two-run single with the bases soaked in the last of the eighth as Philadelphia struck from behind. The Pirates had gone ahead 5-4 in the top of the frame when Al Oliver's forceout bouncer scored Manny Sanguillen.
The Pirates threatened in the ninth, but Dick Selma rescued Philadelphia by nipping the rally with men on first and second and one out.
Tito Fuentes' two-out single to center in the 11th inning drove in Frank Johnson with the winning run for San Francisco, which won its third straight game.

(AP WIREPHOTO)

WINNING THE HARD WAY — Boxer Don Ross of Toronto flips Canadian welterweight boxing champion Clyde Gray over his shoulder during their scheduled 10-round non-title bout in Toronto Wednesday night. Grey, native of Halifax, N. S., records his 16th knockout in 30 fights after he put Ross to the canvas in the fourth round.

Steers Seek To Gain Spot In Regionals

The hope of overtaking Midland Lee in the District 5-AAAA golf race appears to have gone down the drain, but Big Spring aspires to regain second place in the standings when the eight schools in the league send teams to the Big Spring Country Club Friday for the final 18-hole match of the year.
Big Spring now trails Lee by 27 strokes but second place San

Angelo by a mere one and will have the advantage of playing on its home course.
A second place finish in the standings would qualify the Big Spring Black unit of a place in the Regional tournament two weeks hence.
Big Spring, of course, faces a challenge from Abilene Cooper in the battle for third place. The Cougars trail the

resident Blacks by only seven shots.
The Steers have something else going for them tomorrow. Mark McCraney is leading in the race for individual scoring honors in conference.
McCraney shot a 74 last week at Abilene to go ahead of Lee's John Adams by a stroke. Craig Stevens, San Angelo, is five shots off McCraney's pace.
Playing with McCraney on the Big Spring Black team tomorrow will be Howard Stewart, Mark Slate, Mark Peters and Jarrell Carroll.
Big Spring's Gold team will also be in action. The Golds, who have an aggregate score of 1291 after four roles of competition, will depend upon Ike Robb, Robert McPaul, Jimmy Stewart, Bennett Robb and Milton Jones.
The Golds currently occupy tenth place among the 16 teams competing for the championship.
Friday's competition will get under way about 9 a.m. Coach Royce Box of Big Spring will be the meet director.

IN SMU WORKOUT Hammond Proves Passing Threat

By The Associated Press
The loudest shot heard around the Southwest Conference spring football camps Wednesday was Southern Methodist breaking out its passing attack.
Until Wednesday, the Methodists of Coach Hayden Fry had emphasized the ground game as engineered by senior quarterback Gary Hammond of Port Arthur.
Fry ordered the ball in the air and Hammond responded with 9 of 18 passes for 137 yards, including a 50-yard scoring strike to Randy Dessett.
Dessett caught seven passes for 84 yards in the major scrimmage which followed a week of vacation.
Fry said, "We're certainly behind in our passing game and

we're inconsistent offensively but I guess that's to be expected with a long layoff. The quarterbacks have a lot of work to do, but we're running the ball much better."
"I'm pleased with the over-all progress. We've got a long way to go with our offensive blocking, particularly pass protection. This is the first time we've worked on passes this spring."
At Texas A&M, Coach Gene Stallings moved freshman quarterback Mark Green of Odessa to running back. Freshman Tim Trimmier of San Antonio and senior Joe Mac King of Mineola handled the first unit quarterbacking.
The Aggies wind up their spring action on April 24.
In Waco, Baylor scrimmaged 135 minutes in a rugged defensive show.
Coach Bill Beall said, "The defensive platoon had its finest showing of the spring workouts. They got their momentum early and the offense never could wear them down."

Snyder Defeated By Tornadoes

SNYDER — Lamesa defeated Snyder, 7-6, in the opening District 3-AAA baseball game for both teams here Wednesday.
The game was decided in an extra inning. Snyder tied the game with a run in the seventh, but the Tornadoes crowded three tallies across the plate in the eighth, then fought off a Snyder comeback.
Snyder outhit the Tornadoes, 10-7.
Lamesa 400 000 3-7 7
Snyder 000 301 5-4 10 3
Cobb, Harbort (7) and Hood; Murray, Holder (5) and Wall.

Chaps Lose Pony Standout To NBA

DALLAS (AP) — The Texas Chaparrals, who have a reputation of a tight purse string around the American Basketball Association, have apparently lost scoring ace Gene Phillips of Southern Methodist to Milwaukee of the National Basketball Association.

Point Tourney Set At Club

The Big Spring Country Club will stage a point tournament for area men and women Sunday afternoon. Entry fee will be \$3 per player.
Teams will be made up of foursomes. The ladies get the benefit of full handicaps while the men must make do with half handicaps. The following table will be used to determine winners:
0 points—double bogey or worse.
1 point—bogey.
2 points—par.
3 points—birdie.
4 points—eagle or better.
Prizes will be awarded to the foursome accumulating the greatest number of points. In addition, the individual scoring the most points will be rewarded.
Players can make up their own foursomes or can come stag.
Entries can tee off anytime between 9 a.m. and 2 p.m. Anyone is eligible to take part.

Powder Puff Derby Set

One of the highlights of Sunday afternoon's motocross scheduled here by the Hi-Noon Optimist Club will be a Powder Puff Derby, scheduled for women drivers.
This will be the third of five motocrosses scheduled by the club and looms as the best one. A mysterious rider who bills himself as Billy T will make an appearance during the program.
Trophies and cash awards go to the winners in each event. Site of the meet will be a piece of rugged terrain just off Birdwell Lane between the Snyder highway and US 20.
The program gets under way at 2 p.m. Admission prices will be \$1.50 for civilians and \$1 for military personnel.

Only Knowledge Can Stamp Out VD Epidemic, Says Doctor's Column

● DO YOU KNOW ALL THE ANSWERS? ●

Venereal disease is running wild — especially among the young, yes, even the very young — and the experts are calling it an epidemic. No wonder, with more than 2,500,000 new cases reported each year!

Starting Sunday, in The Herald, famed Doctor-columnist George C. Thosteson presents the truth about VD in a hard-hitting straight-from-the-shoulder series. For parents, for teens, for the "safe" and the reckless, for even the "best of families" ... be sure you do know all the answers.

STARTS SUNDAY, APRIL 18 IN THE HERALD

15 APR 15

Battle Waged For Fire Base In Highlands

SAIGON (AP) — Thousands of South Vietnamese troops today launched a counter-offensive against North Vietnamese forces in the central highlands.

The North Vietnamese kept up their 16-day offensive with new attacks around besieged Fire Base 6, on a command post at nearby Tan Canh, and near Fire Base Lonely 80 miles to the south.

In eastern Cambodia, 200 miles to the south, North Vietnamese hit Cambodian positions with one of the heaviest bombardments of the year.

YANK MISSING?

The U.S. Command reported little action involving American ground troops, but field reports said one American adviser was killed and one was missing in fighting around Fire Base 6. Four of the five U.S. advisers at Fire Base 6 were killed in action in Indochina last week, less than half the 88 reported killed in the week before. It was the lowest weekly toll in two months.

The South Vietnamese Command reported 523 government troops killed and 1,168 wounded last week. The allied commands said 2,894 North Vietnamese and Viet Cong were killed over the same period.

South Vietnamese spokesmen at Pleiku said government infantrymen from the 22nd Division had begun fanning out from Fire Base 6 in a search and clear operation to drive the enemy from the base manned by less than two battalions of South Vietnamese.

NEW DRIVE

Saigon headquarters announced that several battalions from the South Vietnamese 23rd Infantry Division also launched a new drive around Fire Base Lonely.

Three North Vietnamese troops were reported killed in a clash, while government losses were one killed and nine wounded.

Six U.S. helicopters carried in ammunition, food and water to Fire Base 6 today without drawing any fire.

But heavy fighting was reported about 1 1/2 miles south-east of the base.

South Vietnamese headquarters said 38 North Vietnamese troops were killed in an hour-long battle with government paratroopers who were backed by U.S. air strikes. Four South Vietnamese paratroopers were killed and eight were wounded, headquarters reported.

In one of the heaviest enemy bombardments this year, North Vietnamese gunners today and Wednesday slammed more than 500 rounds of rockets and mortars into the command post of Saigon's 5th Ranger Task Force three miles northwest of the Cambodian town of Kandal Chrum, on Highway 7.

MORTAR ATTACKS

A South Vietnamese communique said Saigon casualties were light but did not specify the number.

North Vietnamese gunners also made a series of harassing attacks on Cambodian positions west of the Mekong River near the city of Kompong Cham, 25 miles northwest of Kandal Chrum. There were no reports on Cambodian casualties.

U.S. officers said enemy rocket and mortar attacks had sharply increased over the last month.

"There are stockpiles in that region that the North Vietnamese want to protect," said one officer. "It is possible they have been resupplied and now have become active."

HUNT SUPPLIES

Intelligence reports say about 12,000 North Vietnamese combat troops are operating around Highway 7 from Kompong Cham eastward to Snuol, a stretch of 65 miles.

The South Vietnamese have thrown about 7,000 combat troops into the region to seek out the North Vietnamese, destroy their supply stockpiles and block the infiltration of troops and war supplies into the southern half of South Vietnam.

\$7 Million Trim From Budget Asked

HOUSTON (AP) — The city council has asked Mayor Louie Welch to trim \$7 million from his proposed \$192.5 million city budget.

Welch said Wednesday he would consult City Atty. William A. Olson to find out whether he must comply with the request.

The mayor asserted the council is demanding a cut that will result in immediate abandonment of police and fire training schools and other necessities.

Councilmen approved a resolution asking that Welch base his budget on a 10 per cent property tax increase instead of a 17.7 per cent hike.

MANY SURVIVED THE DUST BOWL DAYS

Stamford Residents Display True Grit

By MIKE COCHRAN
Associated Press Writer

STAMFORD, Tex. (AP) — This "home of the Texas Cowboy Reunion" is taking the drouth in stride. It is one of the few places that is.

"We've only had one or two dust storms reminiscent of the Dust Bowl days," said Roy Craig, longtime editor and publisher of the weekly Stamford American.

"If our people went through the seven years of drouth in the '50s, they're not too disturbed about this one. We lived through that. We can live through this too."

WET SUMMER

George Humphrey, 35, who has lived and worked here most of his life, put it this way:

"This country is in trouble, but nobody seems terribly concerned... Some of the older people feel we'll have a wet summer or a late wet spring."

"We've got plenty of water in Lake Stamford. That's the best lick we ever hit. The city owns the lake, built it in the early '50s. We financed it with bonds and it's just about paid for."

"We're in a helluva good shape

financially in the city, and it's mostly due to having that water."

And, said Gene Swenson, one of the executives of Swenson Land and Cattle Co., Inc.:

"We're getting a day closer to it (rain) all the time. I don't know when it's gonna be, but we're getting a day closer all the time."

Although nobody talks much about it, government crop subsidies no doubt will prevent financial ruin for untold numbers of West Texas farmers.

And Stamford, whose economy revolves in large part around farming, mostly cotton, quite likely will weather a temporary drouth much better than it did the disaster of the 1950s.

FIGHTING BUGS

But, said Humphrey, "This area did not make a wheat crop this year. None. If we don't get a rain by June 10, we won't make a single crop this year."

"Early maize planting ends this week. We usually plant cotton the last of May. If we don't get any rain, we actually won't make a single crop."

And then this cryptic note from Humphrey:

"If you go ahead and have a wet summer, you spend so much money fighting bugs you don't make any money off cotton, which by far is our main crop."

Humphrey, an insurance agent who, with his father, is involved in some ranching operations, noted that the dust settling on what little grass exists inhibits grazing.

1971 BAD YEAR

"Cattle aren't gaining any weight. Ranching is just like playing the stock market. Sometimes you have a good year. Sometimes you have a bad year."

There is no question what 1971 is.

Ranchers, incidentally, do not receive federal assistance, or sup-

ports, as such. And few indicate they would welcome government involvement.

Moving Herds To Other States

By The Associated Press

Texas' lengthening drouth, getting more critical daily, has caused quickened sales of cattle in most of the state's markets.

Some ranchers are moving livestock to custom feeding facilities while others are moving their herds to grass in other states.

A spokesman at the Fort Worth stockyards said Wednesday sales had shot up sharply.

"We've noted a substantial increase in sales in recent weeks, and we expect the trend to increase at a fast pace unless there is a quick change in the weather," the Fort Worth cattleman said.

Hay is expensive in the spring, and many cattlemen feel they can do better financially by depleting their herds — even at falling prices.

Predicting 'Wet Stuff' In West Texas

By The Associated Press

It didn't sound very big — 34 inch of rain at El Paso in the dry reaches of far West Texas.

But when you consider that days on end have passed without moisture there or elsewhere in Texas, and that El Paso's last rain fell Feb. 20 and measured only .01 inch, this was a banner day.

Add to that the weather man's prediction for more rain across nearly all of West Texas today and showers or thunderstorms spreading into other sections of the state tonight and Friday.

Shower activity continued just outside El Paso this morning, and official observers looked for even a little precipitation at Marfa, where only .25 has been measured in the past 115 days.

While nobody was looking for any cloudbursts, it easily was the most heartening weather news in weeks for thousands of drouth-troubled Texans.

BIG SPRING DAILY HERALD

SEC. B BIG SPRING, TEXAS, THURSDAY, APRIL 15, 1971 SEC. B

Ladies; Gents; Collectors of American Artifacts and Memorabilia:

Here is positively your first and last chance to win a genuine pewter ice cream mold (never before available to the public) from Foremost, makers of fine ice creams and other fresh dairy products.

REMEMBER coming down to our creamery and ordering molded ice cream desserts? They were considered works of art, being hand-made and decorated, and you could request a certain mold for almost any occasion.

For some three decades they were the highlight of innumerable formal dinner parties (remember our beautiful fruit basket?), a favorite at birthday parties, and a family tradition during the Holidays.

But progress caught up with these attractive and delicious desserts. We could no longer offer them for sale, and the molds have now rested in storage for several years.

Recently, antique dealers tendered offers for the purchase of the molds. But, after considerable discussion at high levels, it was decided that the molds belonged to those who would treasure them the most...our customers.

Fig. 1 After the mold is thoroughly chilled, it is filled with softened ice cream of the desired flavor and color. Fig. 2 When the mold is closed, it is placed directly into an ice-and-salt mixture (if speed is desired), or it may be hardened in a freezer set about 0° F. Fig. 3 Once the ice cream is frozen again, the mold is dipped into cold water, and the two halves are pried apart. Fig. 4 To produce the desired finished appearance, the molded ice cream is colored by brushing on liquid food colors which have been previously chilled. Spraying the dye on with a small atomizer is another satisfactory method.

We will give away a grand total of 1,111 ice cream molds.

These molds were cast in pewter and sold to creameries expressly for commercial usage. Therefore, they are of the finest quality, in terms of material and casting, and produce the greatest detail in the finished product.

Unfortunately the variety of molds we will give away is too long to list in this advertisement, but they include, among many others: banana molds; Uncle Sam molds; chicken-in-egg molds; Zeppelin molds; Santa Claus molds; corn-on-the-cob molds; fire engine molds; strawberry molds; lily molds. One thousand, one hundred and eleven in all!

By entering our Contest you may win one of these genuine pewter ice cream molds...truly a collector's item. Please

be advised that each is in working condition and may actually be used to mold ice cream. (Instructions will be included with every Prize!!)

How to enter our contest

Stop by your favorite store that sells Foremost ice cream, or other fresh Foremost dairy foods. There you will find an official entry blank, complete with detailed contest rules. Simply fill out the entry blank, or a facsimile, and mail it to us. You will be required to use your skill and (1) match several Foremost Ice Cream Flavor Names with their major ingredients; (2) conjure up a new ice cream name containing as many letters of the alphabet as possible. (A clever tie-breaker.) All entries become the property of Foremost Foods Company. No purchase is necessary to enter, although we will, of course, gratefully accept your indulgence.

An independent judging organization will select winners for each of our distribution areas on the basis of "correctness" and "originality."

We hope you win, and we thank you for your patronage through the years.

Hearty Chowder Takes Wide Dish

Serve this chowder in wide soup plates because it's hearty.

CHICKEN BARLEY CHOWDER

- 4-pound stewing chicken, cut in pieces
- 2 quarts water
- 4 tps. salt
- 6 peppercorns
- 1 bay leaf
- 1 celery rib, halved
- 1 carrot, peeled and halved
- 2 medium onions, sliced and separated into rings
- 1 can (1 pound, 12 ounces) tomatoes
- 1/2 cup regular barley

Into a large heavy kettle turn the chicken, water, salt, peppercorns, bay leaf, celery and carrot. Simmer, covered, until chicken is tender — about 1 1/2 hours. Remove chicken. Strain liquid; skim off excess fat. Cut chicken meat from bones. Place chicken meat, chicken liquid, onions, undrained tomatoes and barley in clean kettle. Cover and simmer, stirring occasionally, for about 1 1/2 hours. Makes about 3 quarts.

Big Spring (Texas) Herald, Thurs., April 15, 1971 3-B

APPLE TEASERS
Easy hors d'oeuvres that delight guests.

Canapes In Apple 'Dish' For Variety

Tired of the same old hors d'oeuvres and canapes, so time-consuming to prepare, so often wilted and soggy when guests are ready for them? Next time try these Apple Teasers, so quickly prepared, so crisp and refreshing. Just be sure to make enough and use the biggest, reddest apple you can find as a serving "dish."

If you want to keep the apple balls white and free from discoloration, drop them in a solution of water and powdered preparation of ascorbic acid and citric acid which you can find at your supermarket or grocery store. Drain well before sliding them onto the cocktail sticks.

APPLE TEASERS

Cut balls from peeled apples with melon ball cutter. Arrange on cocktail sticks with grapes and mandarin orange sections. Use a big red apple as a holder for the "Teasers." Serve with juices or cider as appetizers.

Turkey Left-Overs Make Gourmet Dish

Count yourself lucky when you have enough turkey left to make this bountiful casserole of creamed turkey topped with stuffed ham rolls. It's scrumptious.

Key to the success of this dish is the savory sauce which binds the pieces of turkey together. Note that a simplified method of saucemaking is featured. With the help of the convenient powdered creamer, used in place of fresh cream, it's a simple matter to turn out perfectly smooth, elegantly rich sauces every time.

CASSEROLE TURKEY WITH HAM ROLLS

- 4 cups cooked turkey, cut in large pieces
- 1/2 cup butter
- 1/2 cup flour
- 1 cup non-dairy powdered creamer
- 4 cups boiling chicken broth
- 1/4 tsp. rosemary
- 1/4 tsp. pepper
- 2 cups soft bread crumbs
- 1/4 cup minced onion

- 2 tbsps. minced parsley
- 3/4 tsp. poultry seasoning
- 1/4 tsp. salt
- Dash of pepper
- 2 to 3 tbsps. chicken broth
- 8 slices boiled ham

Preheat oven to 350 degrees F. Arrange turkey in a 3-quart casserole. In a heavy-bottomed saucepan, melt butter over low heat until frothy. Blend in flour and cook, stirring constantly, 1 minute without browning. Then add powdered creamer and boiling chicken broth all at once, beating with wire whip to blend. Increase heat to moderately high; cook and stir until sauce comes to the boil and thickens. Add rosemary and pepper; pour sauce over turkey in casserole. Combine remaining ingredients, except ham, reserving 1/4 cup of the mixture. Place about 2 table-spoons stuffing on each slice of ham; roll. Place filled ham rolls on top of turkey mixture. Sprinkle remaining stuffing over top of casserole. Bake for 30 minutes. Makes 8 servings.

BUDGET BEATER BEANS
A wholesome meal of favorite flavors

Tasty Pork And Beans Expands Food Dollar

Are you tired of borrowing from Peter to pay Paul? Expand Paul's assets by budgeting your food bill this winter and watch those money foes shrink. Economical, delicious skillet dishes could be the answer to your problems. For skillet dishes develop their character through the ingeniousness of your concoctions. Pantries, freezers, and refrigerators are stocked with potential makings for delicious dinners in minutes.

Choose from the versatile protein-packed bean family... canned barbecue beans, beans and franks in tomato sauce, or pork and beans with tomato sauce. While each is a perfect dish in itself, with the addition of some meat, vegetable, or fruit, you have a robust, tantalizing skillet supper.

Try this unique combination of flavors. Tasty pork and beans with tomato sauce, a favorite of young and old, mixed with mincemeat and thin strips of luncheon meat. What a hearty dish to set before your family.

Round out this low-cost meal in a skillet with a crisp cabbage slaw and crunchy bread sticks.

BUDGET BEATER BEANS

- 1 can (12 ounces) luncheon meat, cut in thin strips
- 2 tbsps. butter or margarine
- 1 can (1 pound) pork and beans with tomato sauce
- 1/2 cup mincemeat
- 4 orange slices

In skillet, brown meat in butter. Add beans and mincemeat. Heat; stir now and then. Garnish with orange. Makes 4 servings.

More Help On Way For Mentally Ill

AUSTIN (AP) — A multi-million dollar construction program is being completed to provide added space and modern facilities for many institutions in the Texas Department of Mental Health and Mental Retardation.

When completed, the current program will provide added bed space and quarters at four state schools to accommodate 660 new students.

Also included is completion of added facilities at three state hospitals to provide quarters for 600 mentally ill patients and centers for specialized treatment for adolescents.

Funds provided by the 60th and 61st Legislatures made it possible to carry out this extensive program, said Dr. David Wade, commissioner.

MAJOR STEP

"While the construction program represents a major step forward in providing added bed space and new quarters for our mentally ill and mentally retarded, much work is still needed to give our patients and students the proper facilities necessary for adequate care and treatment," Wade said.

One of the major projects in the \$2.5 million program is at the San Antonio State Hospital.

There also is a dual purpose building at the Austin State Hospital, a project that houses the institution's adolescent center at one end and the rehabilitation service's training center at the other. Construction of the \$595,000 project began in August, 1969.

The adolescent treatment center embodies the latest design in the programs for the care and treatment for the adolescent

needing psychiatric services. Another adolescent center has been completed at Terrell State Hospital. This \$109,912 project involved renovation of an old two-story brick structure into a 40-bed center specializing in care and treatment of patients between ages 13 and 21.

Terrell State Hospital, Wade said, now has the largest adolescent population of any state hospital, with 40 patients being admitted monthly, 70 per cent of them from Dallas.

WAITING LIST

Construction projects at three state schools will provide added quarters for 660 students.

A seven-ward project at Lubbock State School costing \$1,755,978 and started in October, 1969, will increase the school's capacity by 232 students, bringing plans for the Lubbock school

call for facilities to care for 850 students.

Construction work is completed on seven ward buildings providing quarters for 225 students at Richmond State School.

This \$2,213,322 project also includes the first phase of a central warehouse to serve the planned 2,000-bed school.

Construction will begin shortly on a single ward, 128-bed building, plus completion of the warehouse and a central food service building.

Bed space for 154 new students at Corpus Christi State School has been created by three new ward buildings. The \$1,094,502 construction began in October, 1969.

"Even with these new facilities, there is still a lengthy waiting list of mentally retarded persons awaiting admission," said Dr. Wade.

Welfare Costs Threaten Bankruptcy, Says Barnes

AUSTIN (AP) — Lt. Gov. Ben Barnes portrayed Texas' public welfare costs as an elusive money-eating monster, impossible to pin down from one day to the next just to estimate how much must be spent.

"Until we get a handle on welfare it will be difficult for members of the Senate to vote on a tax bill," Barnes told a news conference.

He said he had spent over 50 per cent of his time on welfare since the legislature started Jan. 42, and he indicated the battle was far from being won. Barnes said the state's welfare program should be part of the governor's office "so some one can stay on top of it 365 days a year."

But he admitted when he talked with newsmen about the necessity for cutting back some services of medical assistance that he had not even mentioned it to Gov. Preston Smith.

BARNKRUPTCY Barnes said the cost of welfare will bankrupt the state within two years if major changes are not made in medical services.

He said welfare recipients are getting better medical care than any Texan "except the very, very rich."

Insurance premiums for medical assistance for one year run as high as \$900 for one person, he said.

The rapidly growing rolls of aid to families with dependent children — increasing at the rate of 12,000 a month — is the main reason for the soaring costs, he said.

Barnes discussed welfare before releasing a summary of the Senate's two-year spending bill, which indicates the legislature will have to come up with \$662.6 million in new taxes, without including a second year of welfare.

UP TO \$950 MILLION Adding the second year would raise the tax bill to some \$950 million for the biennium, and Barnes said he would not support a tax bill until Texas' welfare program is "better coordinated" and "we take a more realistic approach to medical services."

"I've become very impatient with the handling of the system of welfare in the state and the nation, and I don't think tax money is being as wisely or as economically spent as it could be," Barnes said.

For example, he said, welfare recipients now get unlimited doctor's care under Medicaid — "something few, if any, private insurance policies provide."

"We are committed to a welfare program we literally cannot afford," he added, and if it keeps on "Texas will be bankrupt in two years."

STUDY He said he had appointed a committee of legislators, insurance men and representatives of the Texas hospital and medical associations to work out within a week a program for a "maximum level of (medical) services at a substantially reduced cost."

Barnes said he planned to go to Washington next week to see if the federal government could

assume more of the costs, or allow Texas to reduce its services. He said "cutbacks" would have to be cleared by the federal government.

Middle-class Texans cannot afford the type of welfare care being provided for welfare recipients, Barnes said, "and I don't think it was intended that way."

Discover Cold Cure At Last?

CHICAGO (AP) — A new antiviral drug is reportedly able to cure the common cold within 24 hours.

Dr. Paul Gordon of Chicago Medical School, who discovered the drug, called NPT-10381, said it also is effective against other virus diseases such as influenza and chickenpox.

Dr. Eric R. Brown, chairman of the microbiology department of the Chicago Medical School, said, "We are very excited about this compound because it is the first effective antiviral agent... that appears to have broad application for humans."

The Argentine government approved the drug for general use on April 8. It has not been cleared for general use in this country.

Gordon and Dr. Alvin J. Glasky, president of Newport Pharmaceuticals, Inc., of Newport Beach, Calif., which manufactures NPT-10381, presented reports at the 55th annual meeting of the Federation of American Societies for Experimental Biology.

The approval of NPT-10381 in Argentina followed a clinical study by 17 doctors who reported that it stopped fever, headache, weakness, lack of appetite and rapid heart beat in cold victims within 24 hours, Glasky said.

Argentine doctors concluded that NPT-10381 also has "amazing" ability to knock out other virus infections in humans and animals, the conference was told. Tests indicated no toxic or deleterious side effects.

Gordon and Glasky said the drug also is being tested in 20 medical centers in the United States, Germany, Mexico and several other countries. It has been administered to more than 500 persons.

Who's Playing With Squares?

LITCHFIELD, Conn. (AP) — Folk rock singer-composer Art Garfunkel is now dealing with squares. And circles and triangles.

A spokesman for Litchfield Preparatory School said Garfunkel, half of the team of Simon and Garfunkel, began teaching geometry Tuesday and is expected to continue through the end of the semester.

Garfunkel has a summer home on nearby Bantam Lake.

Lions See Film On Burn Center

Every day 2,400 children in the United States are burned seriously. Eight of them die, as a result of their burns. This adds up to 700,000 such burn cases a year with 3,000 deaths.

How Shriners are doing something about this through their burns treatment and research center in Galveston was detailed in a film shown to the Downtown Lions Club Wednesday noon at the Settles.

"This is part of the serious side of Shriners," said J. C. Woodward, who projected the film.

The picture showed how children with third degree burns, which most frequently constitute critical injuries, are flown to the center, given emergency and therapeutic treatment.

Once the patient's condition is stabilized, the corrective and rehabilitative work begins. In addition to extensive skin grafts, there often is corrective and cosmetic surgery, plus physical and occupational therapy.

A by product of all this is extensive research which has developed new burn treatment techniques and devices, information shared with all hospitals.

The most important thing, however, the film reminded, is prevention. More than three-fourths of the burns treated by the center are preventable. A large number of them are caused by playing with or using gasoline. Many result from open

DELIVERING BABY 'FUN'

BEAUMONT (AP) — Making deliveries was not in the contract when Harold McNeely took a job as security officer at Gulf Oil Refinery near Beaumont.

One morning recently, a truck pulled into his gate on US 87 and McNeely realized quickly that he would make his first delivery. He called an ambulance and police.

Then he went about the urgent business, delivering a baby girl born to Mrs. Jerry Attaway of nearby Port Neches.

McNeely, a 21-year-old Marine Corps veteran of Vietnam who lives in Nederland, would only say: "It was fun."

SMU Voting Drive Hailed

DALLAS (AP) — The chairman of the committee which sponsored the voter registration drive at Southern Methodist University called the campaign a major success.

Nancy Hurst, head of the Associated Women Students' Community Concerns Committee, said more than 300 students registered or obtained registration forms during the two-day drive.

Miss Hurst, a sophomore from El Paso, said the campaign was only for students from Dallas County. Others were given information and urged to register. The registrations were for those between 18 and 21 in expectation that the U.S. Supreme Court will uphold a new law extending the voting right to those as young as 18.

"I believe there is a great deal of interest in working within the system among students here," Miss Hurst said. "I think most students want to vote and believe they are qualified and entitled to do so."

She added, "If the law is overturned, we'll campaign with other students across the country for a constitutional amendment giving the federal government the right to set the voting age." States now set the voting limitations.

Former Senator To Teach Poetry

COLLEGE PARK, Md. (AP) — Former U.S. Sen. Eugene J. McCarthy will be a visiting professor of English at the University of Maryland for one semester beginning in September, officials said.

They said the Minnesota Democrat, an unsuccessful candidate for his party's 1968 presidential nomination, also was asked to teach government and politics but declined.

"He wanted to talk about poetry," said Dr. Morris Freedman, chairman of the English department.

McCarthy has written two volumes of poetry, the first published and the second published recently by Doubleday under the title "Other Things and the Aardvark."

Puzzle of Wednesday, April 14, Solved

LEAVE FOR LUBBOCK — Four junior 4-H club members from Howard County will be in Lubbock Saturday to compete in the district food show on the campus of Texas Tech. They are, left to right, Connie Hughes and Kay Hunt, Knott 4-H Club; Donna James, Coahoma 4-H Club; and Patty Peugh, Knott 4-H Club.

Gardeners Say Show Canceled

The spring garden show scheduled by the Big Spring Garden Club Council has been canceled according to an announcement by Bill Sneed at Tuesday's meeting of the Men's Garden Club at the U.S. Experiment Station.

John Johansen, president, introduced a film, "Basic Ideas in Landscaping," which was shown by L. R. Saunders Jr. A guest was L. R. Saunders Sr.

A major upcoming event for the club will be a plant sale May 15 at Highland Center Mall, with plants donated by members.

The next meeting will be May 11 at the experiment station.

B&PW Group Elects Officers

Mrs. J. B. Apple, who has been acting president of the Business and Professional Women's Club, was elected president for 1971-72 Tuesday at the Chamber of Commerce office.

TOPS Announces Contest Winners

Mrs. Allen McClinton's team won the three-month weight loss contest of the TOPS Pound Rebels, it was announced Tuesday at the YMCA. The two losing teams will host a party for the winners, Mrs. Elton Carlile presided, and Mrs. J. M. Griffin led the pledge. Games were led by Mrs. N. B. Perkins.

Wives Hold Installation

The Wives and Mothers of Vietnam Servicemen had installation of officers April 8 at the Executive Building, 1600 Scurry. The new officers are Mrs. Harold Caldwell, president; Mrs. Gail Key, vice president; and Mrs. Harvey Hooser, secretary-treasurer.

The women discussed a rummage sale scheduled in May. Anyone with donations may call Mrs. Hooser at 263-6148 or Mrs. Key at 263-3839 to have the items picked up.

The club reports that Sgt. Donald Peters and Pvt. G. K. Hubbard, both of Big Spring, have returned from Vietnam. Members will have their monthly bake day at 9 a.m. Saturday at the Midway School.

Beta Omicrons View Influence Of Music

"Music's Influence on Our Lives" was the subject discussed by Mrs. Jack Aultman and Mrs. Sid Smith for Beta Omicron Chapter, Beta Sigma Phi, Monday in the Pioneer Gas Flame Room.

The women talked about various types of music, noting what music, such as the national anthem, has done for people and countries. They also told the origin and history of certain songs and styles of music.

Mrs. Edward Cole presided at the model meeting, and rushees present were Mrs. Andrew J. Pirkle Jr. and Mrs. Alfreda Norton. There was a tea for

W. C. (Cal) Daves Announce Birth

Mr. and Mrs. Cal Daves, 904 Turner, Arlington, Tex., announce the birth of a son, William Cal II, at 4:35 a.m., April 10, weighing 8 pounds, 2 ounces. Maternal grandparents are Mr. and Mrs. Elwood Carlile, 610 Ridgley, and paternal grandparents are Mrs. Mary Riddle and Mrs. B. N. Young.

Beauceants Contribute Funds To Foundation

The Social Order of the Beauceant has voted a memorial contribution to the Eye Foundation in honor of the late A. A. McKinney, husband of a Beauceant member.

The announcement was made during Monday's meeting in the Masonic Temple where Mrs. Allen Hull presided and hostesses were Mrs. L. R. Mundt,

rushees in Mrs. Cole's home Saturday. Mrs. Cole announced that the state convention to be held in Dallas in the summer will center around a circus theme. Plans were made for the Founder's Day banquet at 7:30 p.m., April 29 at the Webb Offi-

Baptist Women Study Visitation

The study of a mission book, "Witnessing in Today's World," was completed by the Baptist Women who met Tuesday at Westside Baptist Church. Summing up the last three chapters, a speaker said, "It is a fatal mistake when we fail to rely on the Holy Spirit in our efforts to win the lost." All members participated by reading scriptures.

Mrs. Leroy Minchew presided at the program, which accentuated methods of visitation. Mrs. J. A. Andrews read the prayer calendar and scripture, and prayers were worded by Mrs. Mary Riddle and Mrs. B. N. Boroughs.

Guests At Easter

Mrs. Erwin Daniels and Mrs. Orbin Daily.

Mrs. Albert Smith, recorder, announced that the Supreme Assembly will meet Sept. 21, Oct. 1 in Los Angeles, Calif., and Mrs. Hull plans to attend from the local chapter.

Mrs. Bob Lee spoke briefly in urging more contributions to the Eye Foundation.

cers' Open Mess. The decorations committee will meet in the home of Mrs. Cole, 2700 Carol, at 8 p.m., April 28.

Mrs. Lynn Rush won 15 books of green stamps in the chapter fund-raising project. The women will have a white elephant sale at their salad supper meeting May 24.

In other business, Mrs. Cole announced a called meeting at 8 p.m. Friday in her home. The next regular meeting is for dinner at 7:30 p.m., April 26 at the La Posada Restaurant. Hostesses will be Mrs. John Knoepfel and Mrs. Don McCray.

Memorium Read At Club Meeting

A memorium was read for the late Mrs. H. H. Tamer, a founder of the Friendship Breakfast Club, when it met Tuesday at Coker's Restaurant. Mrs. Ollie McDaniel presided, and Mrs. J. C. Pye was honored for her birthday. Members gave thoughts of friendship and signed cards for members unable to attend. Mrs. Pye was hostess and will also host the May 10 meeting at 8:30 a.m. at the restaurant.

Guests At Easter

Guests in the Walter Pachall home during Easter holidays were Dr. and Mrs. Charles Pachall and daughter, Jana, Deer Park; Mrs. Herman Wilmore, Houston; Mr. and Mrs. Herbert Keune and Mrs. Bertha Keune, all of Lamesa; Mrs. Gladys Pachall, Denise, Vicki, Gary and Mark, all of Lubbock; and Ted Pachall, Big Spring.

Hints From Heloise

DEAR HELOISE: Which brand????

When selecting a new washer, range, automobile, lawn mower, etc., the appearance or advertising claims may be deceiving.

To make sure, ask the very best mechanic or serviceman you can find; ask him which model is easiest to repair, cheapest to repair, requires the least repairing, and which model would be HIS choice.

These men know the inside of this merchandise. You buy from OUTSIDE appearances. How do I know? I'm one of the fellows you should ask! Ross

DEAR HELOISE:

I have found that by putting my paper towels on a low cabinet, I can pull them upward, and the water does not run down my arms. M.W.

DEAR HELOISE:

Instead of wasting hours fumbling for keys in my purse, I formed a chain by linking four or more rubber bands together. One end of the chain I looped

through the hole of the zipper pull on one of the compartments in my purse, the other end I looped through the key ring.

The keys can be extended to any lock with ease, and they flipped back into their handy compartment again. Vi Foster

DEAR HELOISE:

I have found a quick and easy way to freeze unbaked pie crust.

First, roll out the dough to the thickness you desire. Then roll it up very loosely in plastic wrap and put it in a tube such as the plastic wrap or foil comes on.

Then just wrap the tube and all in foil and it's ready for the freezer. Lori Risa Age 10

DEAR HELOISE:

I have been "mother" to a Siamese cat for several years now and have an idea others may wish to use.

If your cat (or dog) comes home sporting an objectionable odor, use some of your husband's shaving cream as an instant shampoo. Lather on a

small amount and wipe off immediately with a rough terry cloth before the foam has a chance to penetrate and dampen the fur.

An immediate improvement will be noticed. Judy

DEAR HELOISE:

I've been using your trick of tying knots in pantyhose with runs, but I think I can go you one better.

I invested in a package of colored rubber bands and after folding my pantyhose, I wrap one rubber band around each. Blue is for "perfect," red is for "hole in the foot," yellow is for "hole or run near the top," and green is for "last resort."

It keeps my drawer neater and now it isn't so frustrating when I want a pair of pantyhose to wear with open-toed sandals.

I don't unroll a pair with a hole in the toe, if I just remember that the ones with a red rubber band around them have a hole in the foot.

Maureen Sheehon (Write Heloise in care of the Big Spring Herald.)

STILL FLYING left, is still on that she'd like to back to 65. By fights to Okinawa ensemble for P. Francisco.

STILL FLYING — At 58, airline stewardess Ida Staggers, left, is still on the job and is so enthusiastic about her work that she'd like to see mandatory retirement age of 60 pushed back to 65. By choice, she has been working on TWA charter flights to Okinawa and Vietnam. Here she tries on a new ensemble for Patti Frazer, TWA hostess supervisor in San Francisco.

(AP WIREPHOTO)

Terrariums Made By Gardeners Wednesday

Members of the Four O'Clock Garden Club made terrariums Wednesday in the home of Mrs. Don Campbell, 2700 Larry. The terrariums, live plant life planted in a bottle, will be presented to nursing home residents on Mother's Day.

Mrs. Campbell, vice president, presided, and the women discussed possible programs and projects for next year. The club will meet for an installation luncheon at 11:30 a.m., May 12 at the Holiday Inn. Officers to be installed are Mrs. John Edgar, president; Mrs. Campbell, vice president; and Mrs. Guy Cook, secretary-treasurer.

Following the business meeting, the women toured Mrs. Campbell's yard and had a plant exchange.

D. W. Blackwell Joins Rebekahs

D. W. Blackwell was initiated into the John A. Kee Rebekah Lodge in a candlelight ceremony Tuesday at the IOOF Hall. Mrs. K. C. Webb, noble grand, presided.

Certificates of perfection were presented to Mrs. Everett Hood, Mrs. H. F. Jarrett and Mrs. Jones Lamar by Mrs. M. R. Ray, lodge deputy. In other business, Mrs. Homer Petty announced that participants in the play to be presented Tuesday at the hall, will rehearse at her home, 707 N. Gregg, Saturday afternoon.

Refreshments were served from a table covered with a gold cloth overlaid with white lace. Mrs. Hood, Mrs. Alton Allen and Mr. and Mrs. Barney Hughes served. Members reported 24 visits to the sick.

Jim Thompson Is Guest Speaker

The symptoms, progression and treatment of multiple sclerosis were discussed by Jim Thompson, guest speaker for the Texas Nurses Association Tuesday at the Veterans Administration Hospital. Thompson is a physical therapist and director of the Dora Roberts Rehabilitation Center.

Mrs. F. V. Clark presided, and Mrs. Mary Ernsting was named "nurse of the month." Mrs. Paul Camp, president of the local Licensed Vocational Nurses Association was a guest.

Refreshments were served by Mrs. Ernsting and Mrs. James Lancaster. The next meeting is at 7:30 p.m., May 11 at the city sanitation department. The subject will be "pollution."

COLLEGIANS ASK: 'What Use Is Degree If Heart Is Gravel?'

Mrs. Jerry Snodgrass discussed the importance of exploring the cultural arts for the Kentwood Parent-Teacher Association Tuesday afternoon, emphasizing the necessity of encouraging children to pursue interests in the arts.

"Drawing is used as an expression of what is uppermost in a child's mind at the moment," said Mrs. Snodgrass. "The finished product is not as important as the creation of it."

The piano, record player and television were described as home cultural items which express the fine arts when used properly. Outside the home, Mrs. Snodgrass said exposure to the arts is through choir programs, musical training in public schools, and local concert associations which provide live performances.

"Parents should learn to explore the world of the fine arts," said Mrs. Snodgrass, "and they should take the children with them."

In another phase of her program, Mrs. Snodgrass displayed a collage, done by an English student, entitled "American Living Room Scene." It showed a posed weightlifter holding a giant lollipop, a nude glamour girl, a large comic book cover, tape recorder, canned ham, television set, electric vacuum sweeper and a lampshade with a large car emblem on it.

"The work is formless, cluttered and poorly composed," said Mrs. Snodgrass. "It is an artifact, not a work of art, but in terms of content, it is recognized by the avant-garde as a deadpan debunking of Anglo-American culture."

The collage was mentioned in a student magazine at Yale University, where students are asking that educational institutions teach courses that offer more feeling for the arts rather than a large quantity of knowledge about the arts.

"The effective side of life is stifled with knowledge factories with no windows," the magazine said. "They provide intellectual furniture for your mind, without opening windows to the soul. What is the use of a degree to a man who has a bag of gravel for a heart? What is the use of a life to a man whose inner temperature is zero?"

Kentwood school is a pilot program at the elementary level, and stresses that art is music and drama as well as drawing and painting.

Mrs. Snodgrass concluded with a paraphrase of a quote by Aristotle: "We cannot directly will to be different from what we are; but we are free in the sense that we mold our own character by our choice of books, music and art. And, we can choose what we shall be by choosing now the environment that shall mold our children."

The cultural art committee at

Hostesses for the meeting were Mrs. McCarley, Mrs. Mason and Mrs. Dalton Mitchell. The invocation was by Mrs. R. D. Ulrey.

The tables were covered with white cloths, and the head table was highlighted with a bouquet of red roses. Pink and green streamers accented other tables.

The 24 members present reported 58 visits to sick and shut-in members. The next meeting is at 7 p.m., May 11 in the tea room.

The room count was won by Mrs. Troy Allgood's fourth grade. Jim Holmes, principal, led the devotion.

OES Committees Named Tuesday

Members of a visiting committee were appointed by Mrs. Charles E. McCarley, president of the Past Matrons, Big Spring Chapter 67, Order of Eastern Star, Tuesday in the Downtown Tea Room. They are Mrs. O. C. Mason, Mrs. Dorothy Hull and Mrs. Tom Helton.

See Slides Of Wild Flowers

"A Walk Along the Mt. Goliath Trail," a slide presentation on wild flowers of Colorado, was presented by Mrs. C. O. Hitt to the Oasis Garden Club Wednesday in the First Federal Community Room.

It was announced that the club was awarded a first place for garden therapy and a third place for president's report at the District 1 convention in Amarillo.

Mrs. C. V. Wash was named project committee chairman, and Mrs. Paschal Odum will be chairman for a May picnic planned for Special Education students.

Mrs. Bobby Moore of Moran

and Mrs. Ralph Mahoney were guests.

The next meeting will be a tour of gardens, beginning at the home of Mrs. Boone Horne.

Hard Candy Is Always Welcome

Hard candies make happy gifts, any time, for service men overseas. Home made or commercial, the clear candies particularly — in drops or squares — pack and ship well.

Favorite flavors — lemon and raspberry, licorice or butterscotch, and mint — provide good-tasting choice.

Methodist Circle Meets For Study

The Martha Foster Circle, Wesley United Methodist Church, met Monday morning in the home of Miss Helen Ewing, 709 E. 15th, with the hostess presiding for the business session. Mrs. T. C. Richardson led the study, "Easter Risk and Reality", and presented the devotion. The Bible lesson was read by Miss Ewing. The next meeting will be April 20 in the home of Mrs. Janie Cofer, 707 E. 15th.

CALLING ALL HOME MAKERS

By Ted Hatfield

WATCH YOUR WALLS

During the last few years, American home makers have been giving more attention to their walls than ever before.

And those who don't—SHOULD.

Many homes and apartments are furnished attractively and elegantly but suffer from a decorating ailment known as "barrenness of the walls."

This does not mean that walls should be cluttered, or that all bare wall spaces should be filled. It means that very often not as much time and thought has been given to decorating the walls as have been given to the rest of the room.

Needless to say, there are many ways to decorate walls. Wall paper, pictures, wall accessories, wall fixtures, mirrors, and draperies used over bare wall areas are just a few of the ways.

The wall decor business is bigger than ever and the variety of items available for wall decorations is greater than ever. We invite you to browse around in our store for some ideas that you can use advantageously.

A LOVELIER YOU Select Perfect Attire For Bridal Party

By MARY SUE MILLER

A lovely writes: "I am to be married in early June at a church ceremony. Will you please advise me on how to select a perfect wedding dress? Is it too soon to order a dress? I have storage problems. As both my bridesmaids live at a distance from me how can I best choose their dresses?"

The answer: The wise first step is to make an appointment at the bridal salon of your favorite store. That way you will have the undivided attention of a staff member. Do this as soon as convenient. Often it takes six weeks for the delivery of a dress. If you wish the salon to hold the dress upon receipt that can be arranged.

Prepare for your appointment. Take along evening shoes. No dress looks lovely with street shoes. Be sure to wear a suitable, properly fitted girdle and bra. See to it that your hair is shining and groomed.

Upon arrival at the salon, be ready to supply all pertinent details: the date and place of your ceremony, its degree of formality, the amount you wish to spend and a general idea of your dream dress.

You may not come to a decision at the first meeting. But, once made, select your headpiece to harmonize with the way you intend to wear your hair on your wedding day. As for your bridesmaids, have them send their height and measurements. Select their dresses and arrange for try-ons as soon as they arrive for the wedding. Perfection just naturally follows.

WINNING MANNERS

To open a door on increased poise and popularity, send for my booklet, "Winning Manners." Topics included are Introductions, Invitations, Table Manners, The Charming Hostess, You — The Guest, Dating Manners, Formal Dances, Travel-Tips and Tips, Small Points, like when to wear a hat or check your coat. For your copy, write to Mary Sue Miller in care of the Big Spring Herald, enclosing 25 cents in coin, and a long, self-addressed, stamped envelope.

Jealous Wives

Dear Abby
Abigail Van Buren

DEAR ABBY: Many widows and divorcees wonder why they are seldom invited to parties with mixed couples, but they are always welcome if it's a "hen party" or if some woman's husband is out of town.

I can tell them why. Because most married women are selfish and jealous. They don't want a single female near their husbands. I know this because my wife is guilty of this jealousy and selfishness.

My wife's younger sister became widowed six years ago. She had a 3-year-old son. She came over often with her little boy, and they were always welcome. The boy and I became great pals. About a year ago,

information. My father beats me for no reason at all until he leaves marks on my back. I want to know how I can take legal action against him. It would also like to know the earliest age I could join the Navy. I am a 15-year-old boy and I don't think I can live with this for three more years. Thank you. NEEDS ADVICE.

DEAR NEEDS: If there is a Society for the Prevention of Cruelty to Children in your area, get in touch with them. Also, inquire about counseling services through the local Department of Welfare; and report your plight to them. A counselor could help you. So could your local police or sheriff's office. No child has to put up with physical abuse.

DEAR ABBY: I am no letter writer, but the letter from the young girl with the hair growing at the end of her nose prompts me to write this.

Please tell her that whatever she does, she should not pull that hair out! My husband had exactly the same problem and he foolishly pulled the hair out. It grew back again, and he kept pulling it out. The result was cancer! Believe me, the scar left by the surgery is far worse than any hair could be. The

doctor said that the tissue in the area of the nose is far more susceptible to infection and difficult to heal than tissue anywhere else, and if a hair is growing in that area, cut it off near the root, but never pull it out.

MRS. H.: Thank you for writing. Many others (including doctors) wrote to say the same.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Calif. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's new booklet, "What Teen-Agers Want to Know," send \$1 to Abby, Box 69700, Los Angeles, Calif. 90069.

'Grandpa Jones' Facing Surgery

NASHVILLE, Tenn. (AP) — Grandpa Jones of CBS-TV's "Hee Haw" program will undergo open heart surgery at a hospital here today.

The Grand Ole Opry star suffered a heart attack in October and doctors said surgery will be performed to bypass troublesome coronary arteries.

PEANUTS

IF YOU'LL LET ME READ YOUR LETTER FROM MISS SWEETSTORY, I'LL GIVE YOU A SUGAR COOKIE...

FORGIVE ME, MISS SWEETSTORY, FOR SHARING OUR INTIMATE CORRESPONDENCE, BUT I NEED A SUGAR COOKIE...

DEAR FRIEND, THANK YOU FOR YOUR LETTER. SINCERELY, HELEN SWEETSTORY

THIS IS A FORM LETTER!

DICK TRACY

HERE ARE TWO BOXES OF PHONIES THAT LOOK LIKE YOUR SUSPECT STONES.

LEON, IF I HAVE TO GO BEFORE A JUDGE BEFORE YOU REPORT BACK, MAY I USE YOUR NAME?

CERTAINLY.

IF YOU CAN FIND EVEN ONE REGISTERED DIAMOND IN THAT BATCH THAT'S STOLEN, WE CAN HOLD OUR PRISONERS!

I WANT TO KEEP THIS BEAGLE LEGAL!

MARY WORTH

GIVE HIM ONE OF THESE CAPSULES EVERY FOUR HOURS—AND CALL ME TOMORROW!

I HOPE YOU DON'T MIND THE WAY I WALKED RIGHT IN, DOCTOR! I DIDN'T SEE ANY RECEPTIONIST OUT THERE!

FRANKLY, A RECEPTIONIST IS A LUXURY A YOUNG VET CAN'T AFFORD—TELL HIS PRACTICE BUILDS UP!

I'M ONLY OUT OF MILITARY SERVICE SINCE THE FIRST OF THE YEAR!

NOW FOR A LOOK AT MRS. RANSOM'S BOOBY!...WHAT DID I DO WITH THAT SLIP?...THE ADDRESS WAS "EVERGREEN HALL"...BUT DID SHE SAY APARTMENT 422...OR 322?

REX MORGAN

WAS MR. BAKER MY LAST PATIENT FOR THIS AFTERNOON, JUNE?

YES, BRICE! ARE YOU GOING OUT TO SEE KEVIN BROWN AND HIS WIFE?

I DECIDED I'D GO HAVE A TALK WITH MRS. BROWN'S MOTHER — A MRS. STEVENS / KEVIN TOLD ME SHE'S QUITE CONCERNED ABOUT BETH!

YES, DR. ADAM IS HERE, MR. BROWN! JUST A MINUTE!

TERRY

EVERYBODY HAS, I EXPECT, SIR. THEY SAY HE'S A VERY BIG TYCOON. TWELVE OAR BAYS JUST A SMALL-SPARKS DEAL FOR HIM!

"HOOD"? SEEMS I MUST HAVE READ THAT NAME SOME PLACE...

AT LEAST THAT'S WHAT PEOPLE SAY. MR. HOOD'S NOT THE KIND TO TALK MUCH, HEH, HEH, VERY FEW FOLKS EVER EVEN SEE HIM.

Water At Meals

Your Good Health

Dr. G. C. Thosteson

Dear Dr. Thosteson: I am quite a bit: one pound per pint. Some trick reducing diets can achieve an apparent loss of weight by drying out the system by any of a variety of methods, just as firefighters can "dry out" before weighing in for a fight, to stay below a certain weight limit.

It is also possible for athletes in training to sweat off several pounds in a single afternoon of vigorous training — five to 10 pounds is not at all unusual in such activities as football training under a hot sun.

Yet this loss of water-weight is regained again overnight from drinking water (or other liquids) and from foods which contains varying but large amounts of water.

The point is that a healthy body requires a great deal of water, both in the tissues, and flowing through the digestive tract and kidneys to carry off waste products.

A healthy body, deprived of sufficient water, will hang onto as much of it as it can; that same healthy body, if it gets more than it needs, will readily dispose of the excess.

Thus any "reducing" by means of avoiding water is an artificial, temporary, and in the long run potentially harmful way of losing weight.

There are cases, of course, of the body accumulating too much fluid, and the result is edema, or swelling. In that case, it may be necessary to use medication to help the system get rid of the excess, but that is a matter of a body that isn't as healthy as it ought to be, and is entirely apart from ordinary reducing.

Water has no calories. Neither does tea or coffee, unless calories are added in the form of sugar or cream. There are also low-calorie soft drinks, of course, if you want some

flavoring without adding many calories.

But there's nothing wrong with drinking plain water with your meals if you want to.

Don't take chances with "kidney trouble." It may be only minor, but it can be dangerous. Read Dr. Thosteson's booklet, "Your Kidneys — Facts You Need to Know About Them." Write to Dr. Thosteson in care of the Herald, enclosing a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

Advice Brims

WASHINGTON (AP) — The evidence due next week, White House advisers suddenly finding with optimism nation's economic in the first three years.

"We are not only a strong gain," presidential economic adviser McCracken, "but the evidence the pace my quickened as toward the end of the year."

THINGS TO

McCracken, chief President Nixon's Economic Adviser, the upcoming release national product output of the country and services in July and March.

Although other indicators have pointed since weak showing during the first McCracken sees differently.

He told new auto sales and particularly, stepping during the last three-month period.

"This is usually of things to come my," he said. As on reducing inflation employment, "It'll time. It always do

Advisers In White House Brimming With Optimism

WASHINGTON (AP) — With the evidence due later this week, White House economic advisers suddenly are brimming with optimism over the nation's economic performance in the first three months of the year.

"We are not only going to see a strong gain," predicted chief economic adviser Paul W. McCracken, "but there is some evidence the pace of the economy quickened as we moved toward the end of the first quarter."

THINGS TO COME

McCracken, chairman of President Nixon's Council of Economic Advisers, referred to the upcoming release of gross national product figures, the output of the country's goods and services in January, February and March.

Although other statistical indicators have pointed to a possible weak showing by GNP during the first quarter, McCracken sees the situation differently.

He told newsmen that auto sales and retail sales, in particular, stepped up sharply during the last part of the three-month period.

"This is usually a harbinger of things to come in the economy," he said. As to the impact on reducing inflation and unemployment, "It'll take a little time. It always does."

GROWTH SEEN

GNP, the broadest measure of the pace of the economy, is tentatively scheduled to be released Friday. The council has predicted it will grow by 9 per cent this year and has stuck by the prediction despite lower forecasts by private economists.

The faster growth of the economy, as the council sees it, is supposed to bring down unemployment to 4.5 per cent and reduce the rate of inflation to 3 per cent by mid-1972.

The administration is shooting for a first-quarter growth of about \$30 billion in GNP to

Inability To Find Oil Costs Job

AUSTIN, Tex. (AP) — A veteran oil man's inability to find oil to buy cost him his job, his company said, and the Texas Supreme Court has agreed to review his dismissal May 12.

A. P. Maxwell filed suit after Cardinal Petroleum Corp. fired him after 13 months and paid him \$26,000 even though the company stated in a memorandum and letter that he had a job for five years.

The arrangement was made after Cardinal purchased Mission Enterprises, a Maxwell family owned business, for \$100,000 in November, 1967.

As president of Mission, Maxwell had bought crude oil at the wellhead, transported it to market and sold it at a profit.

The letter confirming his job specified that he would be employed "providing that you are able and satisfactorily perform the necessary services." He was named Southeast Texas division manager.

Cardinal complained of Maxwell's failure to find new business, and the Beaumont Court of Civil Appeals ruled that this was his sole duty.

"There was no other necessary services to be performed by Maxwell for Cardinal except to buy additional and new production of oil," said the majority opinion by Chief Justice James Parker.

Margaret Mead Guinea Bound

NEW YORK (AP) — Dr. Margaret Mead, 69, says she will return in July to New Guinea, where her studies of primitive culture brought her fame in the 1930s.

The anthropologist said she will leave her post as head of Fordham University's social science department and spend six months in the Admiralty Islands north of New Guinea.

She said she and several younger colleagues will study the children and grandchildren of the people she studied earlier.

"I'm capitalizing on my long life," she said.

Big Spring (Texas) Herald, Thurs., April 15, 1971 11-B

Horoscope Forecast

TOMORROW

—CARROL RIGHTER

GENERAL TENDENCIES: Now you old humdrum routines so you will find them a source of pleasure instead of the past several days to a working drudgery. Making new contacts brings the right answers to present aims. God your affairs anew on a solid and secure structure. Then you find you are easily able to produce practical and desirable results. Quietly do those sideline things that add to your success.

ARIES (March 21 to April 19) Much of a worldly nature that you have not had time for is possible now, so get at such activities early. Do whatever will make a big impression on a higher plane. Stop getting so riled up over nothing.

TAURUS (April 20 to May 20) Improve to go it alone. Outsider will be helpful

also. Go to this person later in the day.
 LEO (July 22 to Aug. 21) If you schedule your time and activities well, you can get that pile of work out of the way in less time. Take the treatment you need that will help you to increase the time. Rest working at top speed of the time.
 VIRGO (Aug. 22 to Sept. 23) Inviting good friends to go with you to entertainments that most please you doubles your enjoyment. Don't be stingy with compliments to the one you love, for you will benefit thereby.
 LIBRA (Sept. 23 to Oct. 23) If you get busy with those home affairs that may be a bit of a bore but need immediate attention, you can have the harmony you want. Plan money matters intelligently and you will add much to present income.
 SCORPIO (Oct. 23 to Nov. 21) Buy mechanical gadgets that make your home operate better and also articles which improve its appearance. Take that little trip that gets you the data you need at this time. Do so confidentially.
 SAGITTARIUS (Nov. 22 to Dec. 21) Do practical work that will add to present assets and property holdings and you make big headway. Listen to what a bigwig who is an expert has to suggest. Follow best ideas given you.
 CAPRICORN (Dec. 22 to Jan. 20) If you contact those good friends who are in a receptive mood now, you can gain their assistance for some project you have in mind. Entertaining some bigwig

Untimely End

SYDNEY (AP) — Frank Carberry, Australian sportsman, was killed when his auto hit a tree at Dead Man's Creek, in the outer suburb of Heathcote.

Carberry, 72, was chairman of Tattersalls Club and president of the New South Wales Swimming Association. He was a former Australian champion backstroke swimmer.

Peking's Strategy For Winning United Nations Seat Next Fall

By JOHN M. HIGHTOWER
AP Special Correspondent
WASHINGTON (AP) — Red China's surprising new display of friendliness toward the United States is regarded by authorities here as a key move in a Chinese strategy for win-

ning membership in the United Nations next fall. The Peking leaders, say experts here, foresee every chance of a victory in the U.N. General Assembly when the issue next arises and are working to reinforce this prospect.

SEEK STATUS
Furthermore, as government authorities assess their aim, the Communist leaders expect not only to win new status and prestige for their regime on the mainland but also to deliver a devastating blow to the U.S.-aided Chinese Nationalist government on Taiwan. Peking's condition for taking U.N. membership is ouster of the Nationalists.

The Nixon administration, noting last November's General Assembly votes, sees no way to avoid a defeat. But administration officials hope to soften the blow by preserving Nationalist China's seat while seating Communist China. At most, experts agree, that generally unsatisfactory compromise would only delay a showdown on the whole issue for a year or two.

While winning a U.N. seat is identified in Washington as Peking's overriding purpose in recent maneuvers, two other elements are rated as important in its radical switch of attitude.

One is the prolonged state of low-level hostility between China and Russia which at times in recent years has erupted into bloody border warfare. Both countries maintain large forces on their common border.

CLEVER CHINESE
On this issue Communist China probably finds its best interests lie in establishing a positive relationship with the United States as an offset to its troubles with Russia. The invitation to the U.S. table tennis team April 6 to visit the mainland was a dramatic, colorful and subtle way to signal the change to Washington while evading with finesse all the issues which would arise out of any kind of official approach.

The other major condition of Peking's policy maneuver is return of stability to the Chinese mainland leadership with disappearance of Mao Tse-tung's cultural revolution over the past year or two.

Shifts of power caused by the great political upheaval that began in 1966 may well have given new influence to those who favor the less hostile and more active policy toward the outside world as has existed during most of Red China's 21-year history.

Among the internationalists, Premier Chou En-Lai who spoke out Wednesday in favor of more American-Chinese contacts, may now be in his strongest position in some time.

The latest U.S. move toward improving relations with Peking came Wednesday when Nixon announced the United States will speed up admittance visas for Chinese who want to come here from the mainland. He also lifted a number of re-

'Gis' JO' — Backdropped by a wall of plaques and citations from U.S. military units around the world, Josephine McDonnell, 70, of Owosso, Mich., conducts her business of seeing that the most needy overseas servicemen get money to call home. "My idea was that you never send a man to war without love in back of him," she says.

Alleged My Lai Coverup Ruling Expected Today

FT. MEADE, Md. (AP) — Pretrial proceedings in the My Lai coverup charges against Col. Oran K. Henderson resume today with defense requests for access to additional reports and files.

A ruling also is due on an earlier motion seeking criminal investigation reports and top-level correspondence the defense hopes will show the extent to which Henderson was considered a suspect before being questioned by an inquiry panel Dec. 2, 1969.

One of the new motions asks that the defense be allowed to inspect Vol. 1 of the Peers Report, the investigation into the alleged coverup of the massacre at My Lai. The study was led by Lt. Gen. William Peers.

At the last pretrial hearing April 6, Lt. Col. Frank J. Dorsey, the chief defense counsel,

charged that Henderson had been "inadequately warned" that he was considered a suspect. He said two of three charges against his client could be dropped if his testimony before the Peers panel was suppressed as evidence.

More at the moment than admit the possibility.

CALMER MOOD
Nixon said prophetically in his "state of the world message" last February: "The past four years have been a period of internal turmoil and upheaval in mainland China. A calmer mood now seems to be developing."

Peking's last period of crisis was the cultural revolution, which began fading about two years ago. This development set the stage for new moves which began to develop in Communist China's foreign relations when Peking returned its ambassadors to key capitals all over the world.

Then last year it negotiated recognition agreements with a number of countries including two U.S. allies, Canada and Italy. In recent months, the list of new contacts has been Equatorial Guinea, Ethiopia, Chile, Nigeria, and Kuwait.

For two decades, proposals to make Communist China a member of the United Nations at the expense of Nationalist China were regularly voted down. But over the years the United States has had more and more worry about mustering strength to hold the opposition line.

Last year the proposal to seat Red China gained 51 votes with 49 against. There were 15 abstentions, but the vote was taken under a two-thirds majority rule and fell short of victory for Peking.

The two-thirds rule had been voted by a majority of 56 to 52 with seven abstentions. But U.S. officials were shaken by closeness of the decision on the main question and doubted ability to hold the line on the two-thirds rule in future votes.

Howard County grand jurors are continuing their deliberations today. They are considering evidence against the ninth of 40 defendants to be considered for indictment. At least 34 cases are to be presented to the jury panel during this term.

Smith Accuses Lawyers Of Trying To Gig Demos

AUSTIN (AP)—Gov. Preston Smith says federal attorneys appointed by the Republican Nixon administration are trying to embarrass, harass and slander Democrats with an investigation of 1970 political campaign loans by national banks.

Smith said in a statement Wednesday that of 168 campaign bank loans in Texas since 1966 only one Republican could possibly be prosecuted under the attorneys' investigation guidelines.

"By selecting only the 1970 campaign year they are also precluding any investigation anywhere in the country which could reflect loans made to such politicians as President Richard Nixon, Senator John Tower and other Republicans," the governor said.

U.S. Atty. Segal Wheatley said in San Antonio Tuesday the federal government's investigation will center on national banks because they are specifically mentioned under federal law as prohibited from making loans for

political purposes." He said no national bank loan before 1970 would be investigated.

Wheatley's statement was issued jointly with Texas' three other U.S. attorneys.

Smith said the bulk of state bank loans have been to minor political candidates, and "no prosecution in these cases would achieve the obviously desired result of embarrassing and slandering the Democratic party and high-ranking elected Democratic officials in Texas."

"Never in my knowledge or experience has the U.S. Department of Justice used its extensive power for such political harassment and assassination... of one political party."

Smith said that for 63 years after the banking bill in question was enacted no bank of any kind was ever prosecuted for making a legitimate loan. A federal grand jury in San Antonio, however, indicted San Antonio's Frost National Bank last month on a charge of making a \$7,500 loan to a 1970 campaign fund for Smith.

Grand Jury

increase was necessary but he did not think the airlines' financial position warranted a full 6 per cent hike.

Murphy, who addressed the aviation committee of the Houston Chamber of Commerce, said future increases will depend on the result of a fare structure review which will not be completed until late this year.

CAB Member Talks Increase

HOUSTON (AP)—A Civil Aeronautics Board member says he was not in full agreement with the CAB's decision to increase rates by 6 per cent.

Robert T. Murphy said in an interview Wednesday that some

THE POLO THEAT GREW... See how much fashion happens when Act III goes to work on the classic polo shirt. It becomes a tunic, develops a longpoint collar, extends its placket down to there, and interplays stripes with jolts of solid contrast to match its pants. And best news of all, it's washable double-knit Dacron polyester. In pimento, navy, suntan, green, all with white. Sizes 6 to 16.
