

No Runoff, But Pressure Is Eased

No appreciable runoff from recent rains were reported by the Colorado River Municipal Water District Monday, but the net effect of the wet spell will relieve considerable pressure on the district.

There was an unconfirmed report that there may have been showers on the Spade ranch in southern Mitchell County Monday. If true, these might trigger the Colorado River into running.

Meanwhile, the flow from rains in the Big Spring area had flushed Beals Creek, and this was flowing into the Colorado above a channel dam at Silver. This low quality water will be used to supply Sun Oil.

Similarly, rains in northern Mitchell County caused the river to flow above the diversion channel at Colorado City, and the district drew off 1,000,000 gallons of non-potable water at this point.

O. H. Ivie, general manager, noted that the river is in good shape now to send down a flow of good water if more thunderstorms occur. The rain, plus several days of overcast, have sharply reduced municipal demands. This could have a net effect of 1,000 acre-feet for district reserves, which could relieve a lot of pressure prior to completion of new well field supplies in Ward County.

VANDALISM

Police officers discovered Sunday vandals had written profane words and peace symbols on the walls at the Big Spring High School. No damage value has been assessed on the walls.

TWO CONGRESSMEN INSIST:

Heroin Addiction 'Rampant' Among GIs

SAIGON (AP) — Two U.S. congressmen said today that heroin addiction among American troops in Vietnam is of epidemic proportions.

They blamed corrupt Vietnamese officials for part of the problem and said the ready availability of drugs makes the situation almost impossible for the U.S. Command to control.

The two congressmen are Rep. Morgan Murphy, D-Ill., and Rep. Robert H. Steele, R-Conn. The House Foreign Affairs Committee sent them to Southeast Asia to look into the drug problem. They spent three days in Vietnam, visited Laos and attended a narcotics conference in Bangkok.

POT POPULAR
Steele said figures provided by the U.S. Command indicated that 10 to 15 per cent of the American troops in Vietnam—

Southerners Plan Attack On Desegregation Ideas

WASHINGTON (AP) — An administration-approved bill providing \$1.5 billion to aid school integration reached the debate stage in the Senate today with Southerners planning an attack on over-all federal desegregation practices.

Democratic Leader Mike Mansfield said the debate probably will run several days, but some of the measure's sponsors estimated it might be on the floor a month.

In the end, however, the sponsors expect the Senate to pass the measure substantially in the form in which it emerged from an education subcommittee.

NEW VERSION

That panel largely rewrote President Nixon's original proposal, but won an endorsement of the new version from the administration.

In the revising, the administration agreed to accept strict safeguards on how local school

districts spend the money, and a requirement that the funds be used to develop quality, integrated schools and not just to help with desegregation problems.

The same rider was adopted 56 to 36 last year, but was heavily watered down in a Senate-House conference.

Sen. John Stennis, D-Miss., declaring the government pays little attention to Northern school segregation said he will

Alarming Info

NEW YORK (AP) — "People used to rely almost entirely on locks and bars to keep out intruders," says Sol Rosen, president of Pro-Tech Programs which makes and installs electronic alarm systems. "But the soaring crime rate has proven these methods inadequate, precipitating the growth of companies engaged in supplying security systems for industry and home."

County Dads Discuss Dismissal Of Employee

Discussion on upholding County Judge A. G. Mitchell's action in dismissing Bill Redding, courthouse maintenance man, from county employment last week occupied most of the time in county commissioners court this morning.

Judge Mitchell dismissed Redding for alleged failure to keep regular hours. Commissioners upheld the action in a three-to-two vote after allowing Redding to protest the action.

Commissioners Bill Crooker and Jack Buchanan had proposed and seconded a motion that Redding be given specific hours and receive instruction on when he was to take time off, and that he be allowed to continue on the county payroll only so long as he abided by the specified hours.

Commissioners accepted a \$5,240 bid from D. D. Johnston on repairs and painting to be done to the interior of the courthouse. Others submitting bids were Gamble Bros., \$9,819.20; and H. L. Atkinson, \$6,700.

Bids for supplying the paint were also opened this morning, but none had been accepted

shortly before noon. Cactus Paint Co. submitted a bid on price per gallon of paint and Town & Country Paint Co. submitted a total bid of \$1,938.25. Cactus bid \$2.58 per gallon on latex-base paint, \$3.70 per gallon of enameled semi-gloss paint, and \$3.80 per gallon of varnish and floor-and-trim materials.

In other action, commissioners heard a report from

Cancer Sunday Observed Here

The local chapter of the American Cancer Society observed Cancer Sunday in local churches Sunday.

Mrs. Bill Pollard, president, was in charge of the Cancer Sunday campaign, assisted by Mrs. James Cape. All church bulletins were prepared by the Chapparral Club with emphasis on cancer.

The Cancer Society will conduct a house-to-house campaign April 27 in Big Spring.

re-offer an amendment to require a uniform national desegregation policy.

A highly controversial amendment will be offered by Northern liberal, Sen. Abraham A. Ribicoff, D-Conn.

His proposal would require all states and school districts to adopt plans tying together integration in the suburbs and the inner cities.

Under the bill before the Senate school districts receiving federal funds would have to adopt plans to reduce minority school isolation in all their schools and agree to establish at least one stable, quality integrated school.

These would deny any help to districts which give help to private segregated schools, engage in disproportionate demotion or dismissal of minority group teachers, segregate children within schools, or limit participation of minority children in extracurricular activities.

Hollis Randell, road and bridge administrator, on the progress his department was making in numbering county roads and posting identifying signs along them. Randell told the court that nearly all the roads in precincts 2 and 3 were posted.

Randell also requested that he be allowed to purchase a winch truck for use in his department. Discussion on the need for such equipment and possible cost was in progress shortly before noon.

C-C Directors Give Awards

Citations for outstanding service were presented to three persons at the noon meeting today of the Chamber of Commerce board of directors.

The special awards went to Mrs. Robert F. (Jimmye) Knight for her outstanding participation in the Pride People program to Wade Choate and the Webb Credit Union for providing the city maps the chamber gives away at the rate of about 10 per day, and to Don Statham for his work the last two years organizing and running the "Santa Claus is Coming to Town" program and the Christmas home lighting contest.

Costly Strike

ORANJESTAD, Aruba (AP) — When the Esso refinery here laid off half of its 1,000 employees, picketing resulted. And that led to unpleasantness for vacationists and some of the 1,500 cruise passengers when the Queen Elizabeth II docked here just before Easter.

Bars were shut down and it was difficult to purchase cigars, cigarettes and even headache tablets.

One hotel tried to charge one of its patrons \$18 for a fifth of rye whisky.

Is our future in the bag?

Some scientists give our planet thirty more years. Then population zero.

No mushroom cloud to ring down the curtain. Just pollution. Silent and simple-minded. Like people scattering trash. Paper. Glass. Plastic. Deadly trivia.

That's our destiny. Unless we change our ways. Government and industry are spending millions to do away with pollution. But there's one source of pollution they can't control. People. We have to do that job ourselves.

Your automobile is a good place to start. Don't throw

trash from your car. And above all, don't forget the fundamentals...keep your engine in tune. You'll cut harmful emissions decisively. Change your oil and filter on schedule. Try the new, improved gasolines. Service your car's pollution control device regularly. If you don't have one, install one.

All these steps take a little effort. But they must be done. Now.

We have a thirty-year deadline.

Participants should mail their camp cards to the registrar, Mrs. Bob Ballard, 4117 Parkway.

Anyone wishing to give volunteer help at the camp is urged to contact the directors.

Federation Founded By Indignant Woman

"In 1968, the role of women was changed for all time," said Mrs. Ben Johnson Thursday afternoon when she presented a Federation Day program for the 1905 Hyperion Club in the home of Mrs. Shine Phillips, 1304 Scurry. Mrs. Earl Ezzell was hostess.

The speaker showed slides and played a record which explained the General Federation of Women's Clubs had its beginning as the result of the indignation of a woman writer over the fact that women were refused admittance to a luncheon given by the New York Press Club for the noted author, Charles Dickens. At that time, it was generally accepted that women's activities and interests should be confined to the home. As a result of this "snub," Mrs. Jane Cunningham Croly organized the Sorosis Club, the first club for women only.

From this beginning, some 25 years later evolved the present federation of women's clubs which has units in every state as well as many foreign countries.

The federation has played a prominent role in the cultural and legislative development of the nation. It was instrumental in establishing the first child labor law, the Pure Food and Drug bill, the eight-hour work day, Workman's Compensation Act, compulsory education and the establishment of numerous public libraries and Book Mobiles.

Mrs. I. O. Collins Gets Service Pin

Mr. and Mrs. I. O. Collins returned Sunday from Dallas where Mrs. Collins was presented a diamond service pin representing 14 years of selling Stanley products. The awards banquet was held in the Inn of the Six Flags.

national and state organizations have worked not only for laws to elevate the stature and status of women, but has inspired members to acquire knowledge in the areas of literature, music, painting, architecture and drama.

The federation's motto, "Unity in Diversity," is well exemplified in its activities," concluded Mrs. Johnson. The speaker was introduced by Mrs. Rogers Herley, and Mrs. Horace Reagan, president, conducted a brief business session. The May 20 meeting will be a luncheon in the home of Mrs. J. Gordon Bristow, 554 Hillside.

Dr. Wayne Bonner Asks 'Firehouse' Help

The work being done at Firehouse No. 6 to assist people with problems was detailed by Dr. Wayne Bonner, guest speaker at Saturday's meeting of Beta Kappa Chapter, Delta Kappa Gamma, in the Student Union Building, Howard County Junior College. He was introduced by Mrs. Dale Vaughn.

Dr. Bonner stressed that there is a need for more workers in the program so that the facilities might be open more hours of the day to assist troubled persons who need help. At present, the building is open for five hours a night, three nights each week.

Mrs. Cass Hill, president, conducted the meeting, and the program theme, "Veni, Vidi, Vici," was arranged by Mrs. E. Y. Buckner, chairman. Mrs. Martin Landers was in charge of the music and introduced women vocalists from the First Baptist Church. They were Walter Wheat, Mrs. Jim Thompson, Mrs. Johnny Bedell, Mrs. Ronald Plumlee and Mrs. Clement Jones, with Mrs. William T. McRee as accompanist. The songs varied from humorous novelties to sacred song.

Mrs. M. A. Webb, scholarship chairman, reported that funds are available for a member to go to summer school. Plans are under way for the annual Founder's Day banquet which will include initiation for new members. This will be at the Big Spring Country Club May 8. Saturday's hostesses were Mrs. Jack Denson, Mrs. B. M. Adams, Mrs. R. C. Anderson, Mrs. Cecil Hamilton and Mrs. Don Green. Members attended from Coahoma, Sterling City, Stanton, Lenora and Big Spring.

Westbrook Women View Unemployment

WESTBROOK (SC) — "A World Without Work," a view of unemployment, was discussed by Mrs. L. E. Gressett recently for the Woman's Society of Christian Service, Westbrook Methodist Church. Others participating in the program were Mrs. John W. Hawkins, Mrs. L. R. Messimer, Mrs. A. L. Young and Mrs. J. F. Wigner. The next meeting is May 3.

Ceylonese Troops Execute Captive Rebels In Forest

COLOMBO, Ceylon (AP) — Government troops attacking a forest full of rebels say they execute their captives as soon as they're convinced the prisoners are insurgents.

Ten have been shot and twelve more are being executed today, said a ranking officer who reported that rebel battle casualties in the hills around Kegalle totaled 200 last week.

"Once we are convinced prisoners are insurgents, we take them to the cemetery and dispose of them," he told newsmen.

Another officer said the idea of a truce with the rebels had come up but his solution was total destruction of the leftist movement that tried to overthrow the government on April 5.

"We have learned too many

lessons from Vietnam and Malaysia. We must destroy them completely. We have no choice," said Lt. Col. Cyril Ranatunga, who heads a force of troops and police shelling an estimated 4,500-5,000 insurgents in a thickly forested triangle about 40 miles east of Colombo.

He said this is the backbone of the rebel army.

Ranatunga said his forces

had been raining mortar fire on the rebel strongholds, but "we cannot go in" because of rebel snipers, tree-trunk road blocks and sentries who warn insurgents to scatter and hide.

Inside the triangle are the rich graphite mines at Bogala, where rebels seized 12,000 sticks of dynamite, and large gasoline stores they are using to make firebombs.

Four members of the government force have been killed in the past week.

Newsman were shown 38 prisoners in crowded cells at Kegalle. Most of them were dirty shirts and sarongs and waited silently to be interrogated.

GENERAL TENDENCIES: Early in the day you have a good chance to put in effect an unusual plan you have been working on which others will approve. But later in the day and in the evening you find most persons take an opposite view and feel that they are being imposed upon. Take care not to upset them.

ARIES (March 21 to April 19) Enjoy the companionship of good friends in the morning. Later you would do well to be alone and make new plans for the future. State your aims clearly. Fix

TAURUS (April 20 to May 20) You have an honor during the morning that is inspirational. You accomplish even more in the future. Don't ask favors of friends at present since they can be disappointing. Get credit improved, as well as charm.

GEMINI (May 21 to June 21) You have new ideas that require making what you can do to meet the expectations of him so they will not be disappointed. Harmonic of home is very important. Get important duties completed.

SCORPIO (Oct. 23 to Nov. 21) You are quick to meet the expectations of him so they will not be disappointed. Harmonic of home is very important. Get important duties completed.

Big Spring (Texas) Herald, Mon., April 19, 1971 5-A

MOON CHILDREN (June 22 to July 21) Plan early how to keep a promise of importance you have made, but be sure to use orthodox methods. Carry up that disagreement with note in the evening. Then get busy at work.

LEO (July 22 to Aug. 21) Morning is the best time to come to a meeting of minds with an associate, then you can solve problems that are ticklish. Begin outside tasks in a very efficient way and derive benefits therefrom.

VIRGO (Aug. 22 to Sept. 22) Strive for more cooperation with co-workers in the morning and then clear up business at hand efficiently so you can leave work for another day.

LIBRA (Sept. 23 to Oct. 22) Make early plans for recreation and then do regular work so that it is soon behind you. A delightful time this evening in the making. You need relaxation now. Try to be encouraging with others.

SAGITTARIUS (Nov. 22 to Dec. 21) Contact those persons who can assist you in your finest aims. Later in the day do whatever will please him the most. Others are trying to solve a longstanding problem. Join with them and help get the right answer.

CAPRICORN (Dec. 22 to Jan. 20) You can finally clear up those monetary problems with ease in the morning. Be sure to travel with utmost care. Don't lose your temper with others late in the day and undo the good work earlier.

AQUARIUS (Jan. 21 to Feb. 19) Exchange ideas—especially for work in the morning. Later, bills start to pile up, but take this in stride. See what you can do about solving personal problems. Don't work so fast you become nervous.

PISCES (Feb. 20 to March 20) Concentrate on tasks ahead of you in the morning and get them cleared up quickly. Later you can improve health and attractiveness; you are able to help those in need now, so concentrate on that, too. Gain the goodwill of others.

BIG SPRING DAILY HERALD

SEC. B BIG SPRING, TEXAS, MONDAY, APRIL 19, 1971 SEC. B

PRETTY VIEW — Theresa Terrell (left) of Washington, D.C., and Jean Kisselburgh of Fort Collins lean from their window at Estes Park, Colo., to enjoy the mountain view. Watching either of these attractive young ladies is quite a view. Miss Kisselburgh, a senior at CSU, is working the switchboard at the YMCA "Camp of the Rockies." Theresa is a staff employe with the White House Conference on Youth being held in Estes Park, Colo.

Rain-Slick Roads, Gunfire Take Lives

By The Associated Press

Rain-slick streets and highways and gunfire claimed lives at an accelerated pace over the weekend in Texas.

Traffic accidents increased by the hundreds in Texas as rains began falling across the drought-plagued state.

By midnight Sunday, violence of all kinds had killed 41 persons with 21 of them dead in traffic mishaps.

Twelve persons died at the end of a gun barrel while three others were stabbed to death.

Emry Angelo of Houston was stabbed to death Saturday night during an argument. Officers arrested a woman but filed no charges.

DEADLY POOL GAME

Manuel R. Villarreal, 58, was killed Saturday night in Houston when he was struck by a car. Officers charged Nick Ruiz Salas, 21, with murder by auto.

Richard L. Coleman, 36, was shot to death Saturday in Dallas in an argument over a dollar.

Alice S. Thomas was thrown from a car Saturday at Houston and killed when the car struck a guard rail.

An argument during a pool game at Houston Saturday left two dead and one wounded. Police said the dead were Luis Muguerza, 28, and C. A. Elizondo, 49.

William E. Kindcaird Jr., 25, was killed near Victoria Saturday when he motorcycle ran off a county road, crashed through a fence and struck a post.

Decker McBride, 57, was killed near Sherman Saturday in a car-truck accident on a rain-dampened farm road. McBride lived in Sherman.

GUARD GUNNED

Lewis Rivers and Henry L. Jenkins, of Karnack, were killed Saturday in a car-pickup truck accident near Marshall.

A grocery store guard was shot and killed Saturday during a holdup. Police said the man was Odell Mills, 34.

Kennedy Leavy, 46, of Dallas, was shot to death there Saturday.

Jesse Davila, 22, was stabbed to death Saturday outside a San Antonio bar.

Will J. Garner, 55, was shot to death Saturday night at his Dallas home.

Douglas Johnson, 27, was shot

Calley Rally Call Fizzles

HOUSTON, Tex. (AP) — An announced rally in support of Lt. William Calley here Sunday failed to come off.

A group of high school students had won a permit from the city council last week to hold the rally in Hermann Park near the outdoor Miller Theatre in support of Calley, convicted of murdering 22 civilians at My Lai in South Vietnam.

But when the scheduled time for the rally came Sunday, the only sign of activity were several young girls who circulated petitions among the usual crowd of long-haired youths who come to the park every weekend.

After about two hours of work they reported they had obtained 20 signatures for their efforts.

Rain-Dancers Help Whip Wichita Falls Problem?

By MIKE COCHRAN
Associated Press Writer

WICHITA FALLS (AP) — Until a torrential downpour washed out an Indian rain dance last week, Wichita Falls was no less a drought victim than any other West Texas city.

In fact, high winds, blowing dust and a flurry of grass fires were taking unusually harsh liberties with the scorched land.

GRASS FIRES

The fire department made runs to 12 grass fires in a single day.

It is a city with a strange history of water and rainfall, a feast or famine situation, flooded in 1915 and without water during the drought of 1917.

The city built Lake Wichita, capacity 12,500 acre-feet of water, in 1901, confident it would meet the needs of some 5,000 residents.

But the historic oil boom lay ahead and population would soar overnight to 40,000. It is now flirting with a 100,000 figure. And water is not among the city's problems.

"We've got enough water to supply a city of one million people," says William Donnell, a newspaper executive, "but not all of it is good...we've had a hard water problem."

It's been largely whipped. Wichita Falls now claims well over 300,000 acre-feet of good water storage and at least a three year supply of excellent drinking water.

Since the drought of 1917, the city has built four lakes. Kemp capacity 461,000 acre-feet; diversion, less than 100,000; Kickapoo, 106,000; and Arrowhead, 228,000.

LAKES DOWN

Kemp and Diversion were products of the mid-1920s, Kickapoo was built in 1945 and Arrowhead, which has never filled, was dedicated in 1967.

"There's no question that our lakes are down," said city manager Gerald Fox, "but we've been able to store substantial amounts of water. It's really been our salvation."

The city, he added, "has spent a helluva lot of money on reservoirs," including \$12 to \$15 million for Arrowhead.

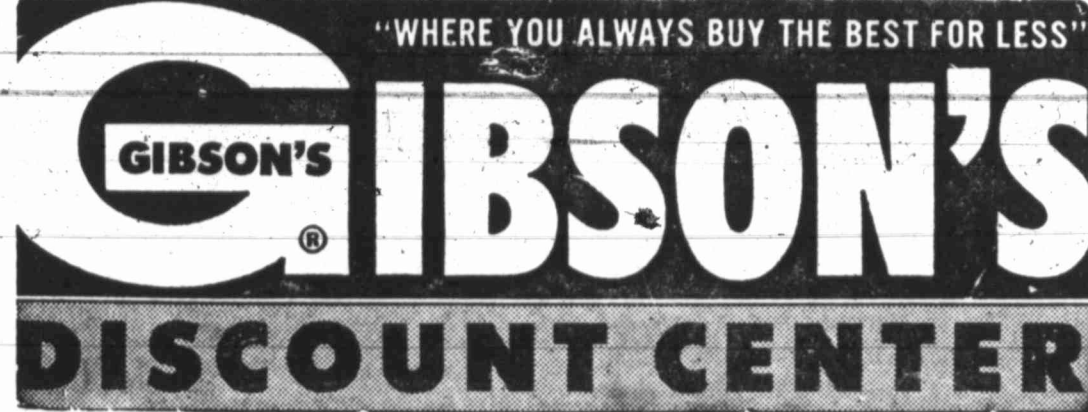

"We're still paying for our foresight," Fox quipped. But no one complains much.

Neither Kemp nor Diversion, the latter a constant level lake, is tapped for domestic use because both are highly mineralized.

"They're kind of our ace in the hole," said one city official, "but it's pretty horrible tasting stuff."

Indeed, it proved vital for Iowa Park to the west.

Bridge Test

—CHARLES H. GOREN

BY CHARLES H. GOREN
(to 1971: By The Chicago Tribune)

ANSWERS TO BRIDGE QUIZ

Q. 1—Neither vulnerable.

As South you hold:
♠AKJ752 ○K84 ♣K55

The bidding has proceeded:
South West North East
1 ♥ Pass 1 ♠ Pass ?

What action do you take?
A.—Two hearts. This hand is minimum in high cards and possession of a six-card suit is not sufficient justification for a jump rebid.

Q. 2—Both sides vulnerable and as South you hold:
♠A106 ○Q104 ○Q107 ♣952

The bidding has proceeded:
North East South
1 NT 2 ♣ ?

What action do you take?
A.—Double. If partner has a minimum no trump you will have no game. Yet, even with a minimum you will be able to inflict a sizable penalty on East. Your partnership has at least 24 points in high cards, leaving the opponents with a maximum of 16. The enemy is outnumbered.

Q. 3—North-South vulnerable. As South you hold:
♠AKQ75 ○942 ○K82 ♣Q2

The bidding has proceeded:
North East South West
1 ♠ Pass 2 ♣ Pass
2 ♠ Pass 2 ♣ Pass ?

What action do you take?
A.—Bid at least five spades and with an aggressive partner, six spades. Partner should have no more than a singleton heart. An alternate call is a tempting bid of five diamonds.

Q. 4—East-West vulnerable. As South you hold:
♠AJ553 ○Q5 ♣AKJ5 ♣J7

The bidding has proceeded:
North East South West
1 NT Pass 3 ♠ Pass
3 NT Pass ?

What action do you take?
A.—A further temporizing bid of four diamonds is suggested. If partner supports that suit, contract for plain in the minor. If you do not choose to tarry, bid six directly to six no trump.

The partnership has at least 33 high card points with two good workable suits.

Q. 5—Both vulnerable. As South you hold:
♠AKJ2 ○AJ94 ○82 ♣843

The bidding has proceeded:
South West North East
1 ♠ Dble. 3 ♠ Pass ?

What action do you take?
A.—Pass. Partner's call is put in as a barricade and shows that the hand is below average in high card strength. There can be no hope for game.

Q. 6—Neither vulnerable. As South you hold:
♠Q1062 ○4 ○KJ962 ♣1076

The bidding has proceeded:
North East South West
1 NT Pass 2 ♣ Pass
2 ♠ Pass ?

What action do you take?
A.—Four spades. This wasn't much of a hand to start with, but in support of spades it is worth 10 points and partner has promised 16.

Q. 7—North-South vulnerable. As South you hold:
♠QJ5 ○KQ72 ○K6 ♣KJ93

The bidding has proceeded:
North East South West
1 ♠ Pass 1 ♥ Pass
2 ♣ Pass 2 ♣ Pass ?

What action do you take?
A.—Five clubs. Partner has shown a powerful hand by his sequence of bids and while you have sufficient points to account for the possession of about 33 partnership points, there is a remote chance that partner has two spades losers. The leap to five will permit him to carry on if he has control of the spades.

Q. 8—East and West vulnerable. As South you hold:
♠J865 ○QJ ○K97 ♣J1072

The bidding has proceeded:
North East South West
1 ♥ 2 ♠ Pass
2 Dble. Pass ?

What action do you take?
A.—Pass. The contract should be defeated at least two tricks for 500 points and a three trick set is not at all improbable. You should win at least three tricks and partner will probably produce four.

to death Saturday at San Antonio during an argument over a woman. A man was arrested in the case.

BEATEN TO DEATH

A motorcycle-truck accident near San Angelo Saturday night killed William M. Rhudy, 22, of Killeen.

Jose Manuel Cortez Jr. of San Benito was beaten to death late Saturday night at Los Indios near the Mexican border in the Lower Rio Grande Valley. No arrest was made immediately.

John Vegas, 62, was shot to death and his wife wounded at their Gonzales home early Sunday, sheriff's deputies said. Officers held a man in connection with the shootings.

Mrs. Yolanda Flores, 20, was killed and her husband and their infant daughter injured Saturday night in a rear-end collision on U.S. 80 in Abilene. Gary Hille, 22, of Baird, driver of the second car was treated and released.

Beulah Mae Gray, 41, of Houston was fatally stabbed Sunday during an argument in a car. Police said they would file murder charges against a man.

Charles Jackson, 58, of Fort Worth was found dead by the T&P Railroad tracks in Terrell. Officers said Jackson apparently was killed while attempting to alight from a moving freight train.

JAIL WOMAN

Alvin V. Martin, 49, of Dallas was fatally stabbed Sunday in his apartment. Police jailed a woman for investigation of murder.

An unidentified teen-ager drowned Sunday in a stock tank near India in Ellis County. He was believed from Dallas.

Irvin R. Baker, 21, of Gonzales died Sunday in a San Antonio hospital of injuries suffered Saturday in a traffic accident near Gonzales.

Billy Ray Murphy, 17, of Littlefield drowned Sunday in the San Jacinto River near the Eastex Freeway bridge. Murphy, who had been working in Houston, went under while swimming.

Point With Point

WATERTOWN, Conn. (AP) — Here's a point about points on common pins.

You can stick 'em through the thread screen of the cloth, but not through the thread itself.

This is important because otherwise the material would get to look like a public golf course on Monday morning. It takes a precise manufacturing process performed on each pin to give it the proper "penetration rate," according to pin-pointers at Scovill Co. which makes common pins.

The point of each pin is sharpened on two angles and the angles are blended.

Few High Spots

ALBUQUERQUE, N.M. (AP) — There are 25 mountains in New Mexico over 10,000 feet. Of the state's 32 counties, 13 have at least one mountain over 10,000 feet.

Test Case In Steel Industry

The Nixon administration, in its most recent "inflation alert," is trying to tell steel management and labor that a big wage increase would only cause more trouble for the industry and its workers.

Importance of the steel industry as an economic weather vane was stressed because the "alert" for the first time was made in advance of contract bargaining.

The government is giving the steelworkers good advice. It is shortsighted of union leaders to view a large pay raise as the only factor. Union president I. W. Abel promptly dismissed the warning, calling steelworkers "victims of inflation, not the cause of it."

Efforts of a big pay raise (the goal for a three-year contract is estimated at from 26 to 32 percent) will be much more than fatter paychecks.

The American steel industry is the key to the basic metal industries and metal-using industries,

such as auto manufacturing. If a large settlement in steel were extended to these businesses, their costs and prices also would rise.

More importantly, American steel would lose ground in its competition for foreign markets. This could result in fewer, if higher-paying, jobs for labor. The administration also hinted it might not

renew the limitation on imports of steel from Europe and Japan. This could further cut the demand for American steel.

Prudence, both in wage demands and in pricing, was advised for labor and management. This is sound advice, if the industry is to hold its market and its jobs.

Real Compassion

People do still care for one another. Latest example is the more than \$30,000 raised at an air base in South Vietnam to aid two young Texans suffering from a kidney disease which requires costly, continuing treatment.

A young Air Force sergeant read of their plight in Stars and Stripes. He started a fund drive, hoping for \$5,000. In less than two days he

had \$30,000 in hand with more pledged.

American airmen gave, so did South Vietnamese and Australian servicemen. The Air Force let the sergeant fly to Austin to deliver the money to the family on behalf of the men at Phang Rang base. The spirit of giving survives, especially among men who have an extra appreciation of life.

More Tax Money

Around The Rim

Tommy Hart

This and that: A Laredo banker says the income tax is an idea whose time has come. In states where income taxes have been approved, on the pretense the commonwealth needs the money, I notice the legislators have taken care of themselves first.

IN PLACES like California and Illinois, they have voted themselves lavish pay raises (one way or another) and insured themselves pension plans that would be the envy of anyone in private business.

We now are being sold on the idea that the way to reform the state branches of government and eliminate the temptation for graft is to give the solons what they want in the way of salary. That may be, but the idea hasn't worked in other places.

A CHICAGO columnist recites the case of a politician in Illinois who not only holds down two jobs in public life, which pays him close to \$40,000 annually but is drawing a pension in excess of \$5,000 yearly from the state. He was appointed to the positions he now holds in government.

To paraphrase something I heard recently, how does the average tax payer keep coming up with money,

the way he is fleeced regularly by those he elects to some public offices?

ONE OF every three babies born in 1970, on the average, will live to be 82 years of age.

ONE OF America's better known hunters and game guides, Charles H. Oldham, quit his profession recently "because man is indiscriminately destroying wildlife and its habitat." Oldham added that hunters and farmers today have little regard for wild birds and animals. Further, he says that man is decimating many species in the West by poaching and by poisoning them with pesticides.

OLDHAM WOULD not outlaw hunting. He says it isn't harmful to wildlife as long as it is carried out under good game management. However, he adds, good game management is practically non-existent.

He compared poachers to gangland killers. Oldham had particularly harsh words for the affluent.

"All they think about is getting a trophy — to hell with state or federal laws. And, if they get caught, what's a \$500 fine to them?"

Phone Tapping

Omar Bursell

WASHINGTON — It can be downright embarrassing here in Washington if your telephone is not tapped. It seems to be sort of a status symbol. The wife of a lesser governmental official was supposed to have recently complained, "Even the Joneses next door are being tapped. How come we are not? My husband's job is just as important as his."

To believe that your telephone is tapped is just about as effective. "We can't be sure, of course, but we believe that because of Joe's job our phone is tapped," a hostess will warn her guests at a party. Everyone in the room will enjoy the fact that they are at an important place.

NOBODY, who is anybody, will want to admit that his phone can not possibly be tapped even if he has checked every wire all the way to the exchange. Some of us who say that our telephone conversations could as well be piped outside on the loud-speaker and there recorded are looked upon as not ever talking about anything very important. Quite a few congressmen assume the operator is listening in on their phone conversations. Seemingly it gives them some satisfaction that their conversation is worth listening to, despite evidence to the contrary.

ON THE OTHER hand there are serious disclosures about extensive government spying on private citizens. As far back as 1956, it was learned that separate intelligence operations were spreading from the State and Defense Departments into other government agencies without any coordination.

Much has been heard about both the dangers of subversion and crimes on the one hand and dangers of unregulated snooping on the other.

THE GOVERNMENT clearly has a duty to preserve "domestic tranquility" and needs to have accurate information to detect and prevent

serious crimes and threats of rebellion. It is needed more now than probably at any time prior to World War II. The dilemma arises over how and by whom it should be done. Unless careful judgment is used and unless trained to gather information, wrongs against civil liberties can be easily committed. Gathering information and weighing its value are two different things. Even correct information may be erroneously interpreted just from reading the written word. Often it is not possible for those who use the information to properly check its accuracy. Information improperly applied more often results in evil than in good.

THE HOOVER COMMISSION recommended, the former President Eisenhower established, a Foreign Intelligence Advisory Board. This group was formed to appraise and evaluate information from foreign countries. It was used for example by President Kennedy in relation to the Bay of Pigs incident and during the missile crisis in Cuba.

Although there are boards, commissions and bureaus on every corner, maybe here is a situation where a domestic advisory board made up of distinguished citizens is needed to serve the President. To say the least, there is a need for a single operation instead of the several going off in all directions, uncoordinated and unrelated to one another.

Glass In Tires

GRANVILLE, Ohio (AP) — Researchers at Owens-Corning Fiberglas technical center here are examining a test tire with an infrared camera, hoping to find better ways to use their firm's product in tire construction. By 1975 it is expected fiberglas tire cord sales will be double what they are at present.

Andrew Tully

GOP Challenger

WASHINGTON — There is one notable and distinguished exception to the tendency of most establishment Republicans to force California's Rep. Paul (Pete) McCloskey Jr. to go away by ignoring him. That exception is President Nixon.

As the party's best politician, in the kindest sense, Nixon realizes that McCloskey's threat to run for the GOP Presidential nomination next year is just that — a threat. While some of Nixon's political advisers sneer at the one time heroic Marine's presumption, the President has too much savvy to dismiss the danger this fighting man turned dove poses to his re-election chances.

THE DANGER is that McCloskey could become the Republicans' Sen. Gene McCarthy and split the party as McCarthy did the Democrats in 1968, resulting in Hubert Humphrey's defeat. Moreover, McCloskey is now a reality as a candidate. Although the Californian has said he will step aside if some better-known or better-qualified Republican enters the race, he has set up a modest headquarters here to answer mail, set up a file on volunteers and handle contributions. With the aforementioned qualifications, McCloskey today is just as viable a candidate as Sen. George McGovern.

McCLOSKEY is something else. Like McGovern, he is respectable; he is not a wild man. He is a conservative on fiscal and defense matters and a moderate on racial questions.

He is generally esteemed by his Capitol Hill colleagues.

ONLY 43, lean and handsome, McCloskey has reminded the people countless number of times, "I'm not a professor soft on communism. I'm a Marine." He is in fact a special kind of Marine, possessor of the Navy Cross, the Silver Star and the Purple Heart for heroism in the Korean War. He acquired poise and confidence from his days as a young lawyer in Palo Alto, where he made a specialty of representing poor and hard-pressed defendants, in most cases successfully.

McCloskey is neither a rabble rouser nor a scholarly card carrier in the ranks of the radical chic. Given even McCloskey's opposition to the President's war policies, he is basically Nixon's kind of man.

IT IS early days, yet, of course. Richard Nixon doesn't have to go all-out politically for another several months. But when the race gets hot the consensus of some administration political technicians is that the President will "welcome" McCloskey into the arena and try to blunt his challenge by inviting him to the White House to discuss the war issue. A side from listening to McCloskey's arguments, the President could be expected to offer some of his own, including intelligence about the war McCloskey does not now possess. Nixon could do worse than appeal to McCloskey's standing as a man of reason.

IT'S CLIMBING SEASON, LET'S GET GOING

Market Advisers Still Look Up

John Cunniff

NEW YORK (AP) — With the stock market up about 50 percent as measured by the Dow Jones Industrial average since last May, there is only minor evidence to indicate that the professional advisers are losing their nerve.

Higher and higher they set their sights, no more intimidated by the elevation than a steelworker on the 93rd floor of a new skyscraper who psyches himself with the reminder that some of his craft have been 10 floors higher.

In this instance, though, it isn't so much the height as it is the fall. There are few indications on the way up. Only a few tiny plateaus to interrupt a possible slide.

The explanations for the good humor of advisers are many, as always, but prominent among them are these: The prices are justified by economic and corporate conditions. Profits are recovering from a dismal year. The recession is easing if not over. And

Hal Boyle

NEW YORK (AP) — Jumping to conclusions:

It would help relieve the monotony of office and factory life if every one individually and at his own choice took a day off now and then because he was feeling good rather than feeling ill. It could be called Personal Mental Health Day.

A woman is never at her best if she tries to carry on a conversation while eating an apple.

Women are generally grouchy when they wake up thence, and many of them hate to smile before noon. Some dislike even being spoken to until after they have eaten.

A wife looking back over her 30-year marriage told her husband: "The worst cross I've had to bear during all those years is seeing you wake up in a good mood and coming humming to the breakfast table."

The value of a thing depends to a great extent on its usefulness.

the ratio of stock prices to earnings is sound.

It doesn't take nerve to make a bullish forecast. It only requires self-interest.

This argument points up the split allegiance in the investment advisory business. Who does the adviser work for, you or his company? Does he want you to buy because he is convinced you can make money? Or does he need commissions?

A considerable amount of investment advice emanates from sources that can benefit either way: when you buy or when you sell. Their job is to promote the business, and this can best be done by pushing purchases. Never knock the product.

A purchase, on which there is a commission, is a prerequisite to a sale, on which there is a commission. So first things first. You've got to get them to buy before you can get them to sell.

—An institutional market has

a bias towards heights.

Money pours into pension funds, billions of dollars worth. It pours into mutual funds and trust and insurance companies, and it must be invested. It can't remain idle because inflation shrivels idle money.

If the spigot on the money is flowing in at one end—just look at how much money you pay each month into your pension fund—it exerts pressure for an outlet at the other. Sort of like an hydraulic pump.

Some of this money goes into bonds, but the bond market isn't as attractive as it was last year. Stocks are an alternative, and so on some recent days the institutions have been doing 70 percent of the trading, most of which has been buying.

Few "experts" dare call a turn. Instead, they run with the herd. When the herd is headed in a certain direction they call for a continuation. When the direction is up, therefore, they call for more up.

Attacks On FBI

David Lawrence

WASHINGTON — Just because the FBI is perhaps the most effective law-enforcement agency in the world and is alert in detecting subversion and catching criminals, it is not surprising that crusades of criticism have been launched by radical groups to try to undermine and weaken the agency that guards the internal security of this country.

Again and again, false rumors are spread to the effect that the FBI is violating laws or engaging in unauthorized wiretapping. Within recent days, it has been accused of listening in on the phones of members of Congress. This has been categorically denied by the Attorney General, who has the FBI under his jurisdiction.

THE WHITE HOUSE press secretary, Ronald Ziegler, has also refuted the charges made by Senator Edmund S. Muskie, Democrat of Maine, that the FBI "spied on" the "earth day" rallies held across the country last spring. The Maine senator spoke at the one on April 22 at the Washington Monument grounds. Mr. Ziegler pointed out that FBI agents were present at the rally solely to "observe persons who have records of criminal violence."

MR. MUSKIE referred publicly to an FBI memorandum about the rally which was distributed later to various government agencies. But Senator Robert P. Griffin, of Michigan, assistant Republican leader, cleared up the affair as follows: "It is obvious to anyone who reads the FBI memorandum . . . that FBI agents were there, not because of Senator Muskie's attendance, but because of the presence on the same platform of such persons as Sammy Abbott, identified (by the FBI) as a leader of the American Communist Party, and Rennie Davis, one of the convicted defendants in the Chicago Seven trial."

SENATOR GRIFFIN declared that the FBI has a duty and responsibility to keep track of those whose "avowed purpose is to destroy our system of government." He asserted also that it is "high time" Democratic presidential hopefuls "observe a

moratorium among themselves" on criticizing the FBI.

THE FBI observation of the rallies was designed to keep watch on the activities of various individuals identified with organizations which frequently assail the whole American system of government. In an era when bombings of public and private buildings are occurring and when open boasts are made about more violence that will be applied, it is natural for the FBI to follow the movements of some of the activists.

President Nixon and his predecessors in the White House in the past four and a half decades have been staunch supporters of J. Edgar Hoover, the FBI director, primarily because of the skill with which he has operated the large bureau that protects America's internal security.

THE RADICAL GROUPS have finally succeeded in getting some congressional allies in their fight against Mr. Hoover, and they hope, by securing the removal of the present director, to reduce the effectiveness of the FBI. But if between now and the nominating conventions for the presidency in 1972, any candidate gets tied up with the radicals who are fighting the FBI, he will scarcely be able to expect any substantial vote at the polls. In fact, a Democratic nominee would find it hard going in the next campaign if he took the side of those who are trying to break down the FBI.

He Feels Better

BEAUMONT, Tex. (AP) — Lawson D. Turner Jr., Beaumont customs inspector, says a man at a border entry point donated 93 pounds of marijuana to the U.S. government.

Upon entering customs, the driver announced, "I brought you guys a couple of bags of marijuana. They're in the back."

Asked why, the man said he had bought the marijuana in Mexico to keep it off the market and out of the hands of youngsters. He has 14 children.

My Answer

Billy Graham

I am a high school teacher and many of my students refuse to obey and are disrespectful. My principal is no help at all. What can I do?

J.S. Speaking in general terms we must face the fact that your problem is one which is alarmingly widespread — a lack of respect for authority and lack of discipline in personal life. I am not acquainted with all of the factors in your particular problem. But of this I am sure — the time has come when some of these issues must be met head on. My advice would be to discuss the matter frankly with your principal in a full faculty meeting. Then, if necessary, take the matter to your school board. Be very sure that the entire disc-

ussion is kept on the basis of the issue itself, not on personalities. And the issue is that children must recognize rightful authority over them, be obedient to that authority and accept the discipline necessary for the maintaining of this authority.

This is not a local issue, it is a nationwide one and one in which national welfare is at stake. Hundreds of years ago the prophet Isaiah wrote of juvenile delinquency as a sign of national decadence: "And the people shall be oppressed, every one by another, and every one by his neighbor: the child shall behave himself proudly against the ancient, and the base against the honorable." If you present your case in loving firmness, you will be doing a real service to all concerned.

A Devotion For Today . . .

"There is no other name under heaven given among men by which we must be saved." (Acts 4:12, RSV)

PRAYER: Our Father God, we praise Thee this day for all the blessings we have received from Thy hand. Especially are we grateful for salvation which Thou hast given us through Christ. Amen.

Summertime Weather Is Perfect For Cycling

Warm summer weather and motorcycles just seem to go together, and Cecil Thixton's can offer the person looking for a bike of his own a wide selection of the best motorbike on the road — the Harley-Davidson. Whether you want a street motorcycle, a motocross cycle or a bike you can do some travelling on, the place to go first is Cecil Thixton's, 908 W. 3rd. Thixton now has a good selection of Harley-Davidson bikes and Schwinn bicycles to choose from, but they can't last long, and production hold-ups will make it difficult to replace the ones he sells. One of the fastest growing pastimes is cross-country motorcycle cycling. To be able to take a trip like several local people did to Big Bend National Park the weekend before Easter, you would need a bigger motorcycle, like the Harley-Davidson 74, with 1,200cc and electric start, including all the extras such as luggage and passenger space. The local group toured Boquillas Canyon and Santa Elena Canyon in Big Bend. Then they rode from Study Butte to Presidio, a 75-mile ride of continuous hills and curves. This same group is planning several other trips for the summer and early fall months. If you're not quite up to handling a motorcycle, Cecil Thixton also handles the Schwinn line of bicycles. This line is the only one on the market with a lifetime guarantee against defects in workmanship or material.

Good Food In Quiet Atmosphere Ponderosa, Pancake Patio Both Have New Looks

Bill Desotell, owner of the Ponderosa Restaurant and old Pancake Patio, has just finished an extensive remodeling job on both establishments. Completely new equipment has been installed in the old Pancake Patio, 1608 E. 4th. "Our number one restaurant, the Ponderosa, 2603 Gregg, is now equipped to cater to the family business. It has a nice, quiet atmosphere, with dining music, that a family can enjoy a meal in," says Desotell. Good Italian food, sometimes impossible to come across in West Texas, is one of the Ponderosa Restaurant's specialties. "We make our own spaghetti sauces, and offer the most extensive menu of Italian food in the area," explains Desotell. "In fact, at the Pancake Patio, I used 100 pounds of spaghetti last week. That's a lot of spaghetti." "If you like fish," adds Desotell, "we've got everything from catfish to lobster, including shrimp, stuffed crab, scallops, oysters and rainbow trout." Homemade beef stew is prepared daily and a business luncheon consisting of three dishes is rotated every day. If a couple is celebrating a wedding anniversary or a wedding itself, the Ponderosa Restaurant will provide the two with a free dinner and a cake. All the couple has to do is to call a day before the happy event, in order to prepare the cake, and tell Desotell. The offer will be limited to the first couple to call a day.

PANCAKE PATIO HAS BEEN REDECORATED ... still offers some fine menu and excellent service.

Invite The Boss?

Dear Abby
Abigail Van Buren

DEAR ABBY: I would like to know your thoughts on entertaining the "boss." Is this still being done as a means of advancement? I have never been able to issue such invitations, and my husband agrees that we shouldn't. (Of course, we never "advanced" very far, either.) We would reciprocate an invitation should we receive one from someone higher up in my husband's organization, but it our place to make the first move? Does a boss expect this? Or would he consider it an attempt at making "brownie points?"

Ours is a common problem, yet I have never seen it discussed in your column.

QUANDARY: The first

time. We fought all the time, and I got tired of his mean moods so I moved out on him. I was staying with friends when this wild man busted in on us, all boozed up, and started shooting up the place. He got me in the hip. The landlord heard the commotion and ran up to help me and he got shot in the head. (The landlord died three days later.)

They locked up my husband, but he is out on bond now and I haven't seen him since the court hearing three months ago. My problem is this. Should I keep up the payments on the car? He has it, and it's still in his name. Yours truly,

GLADIOLA

DEAR GLADIOLA: See a lawyer about transferring ownership of the car to you. And in view of your husband's criminal antics, if you don't get the car why not sue him to recover the payments you've already made, and whatever else the trigger-happy boozier has? (I have an idea he isn't going to be needing any of it for a while.)

DEAR ABBY: I am a 23-year-old unwed mother. I kept my little boy. He's nearly 2 now, and I plan to return to work soon. I know I'll be meeting lots of guys, and I'm not sure what to tell them. Should I say I'm divorced? Or should I say my husband was killed in Vietnam? Or would it be all right to tell them the truth?

Do you think they would look down on me if they knew I was an unwed mother? Can you help me?

WONDERING

DEAR WONDERING: First give a fellow a chance to know you before you pour out the story of your life. But when the time comes, tell the truth. The right kind of man will not hold it against you. If there's a man out there who has married an unwed mother, I'd like to have his point of view.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Calif. 90069. For a personal reply enclose stamped, addressed envelope.

HERE IT LOOKS LIKE ANOTHER LETTER FROM MISS HELEN SWEETSTORY

A LOVE LETTER!

"DEAR FRIEND, THANK YOU FOR YOUR LETTER...SINCERELY, HELEN SWEETSTORY"

SHE CALLED ME "DEAR"! SHE LOVES ME! "SINCERELY," SHE SAID... OH, THAT'S BEAUTIFUL!

THIS IS ANOTHER FORM LETTER!

LOVERS DON'T SEND FORM LETTERS!

DICK TRACY

AND THAT'S THE LAW!

THEY'RE FREE!—NOT ONLY THAT BUT WE HAD TO RETURN THEIR "PROPERTY"!

TRACY, THE DIAMOND REGISTRATION BUREAU WANTS YOU ON THE CLOSED CIRCUIT.

WE'VE IDENTIFIED 6 OF THE STONES AS STOLEN, TRACY, YOU NOW HAVE A CASE!

MARY WORTH

YOU'RE NOT THE REFRIGERATOR REPAIR MAN?

DR. HOMER HOLT, MAAM! THE ONLY VETERINARIAN IN TOWN, I SUPPOSE, WHO MAKES HOUSE CALLS!

YOU MUST THINK I'M A COMPLETE IDIOT?... THE THINGS I SAID TO YOU!

NOT AT ALL! AS A COMEDY TEAM I'LL BET WE COULD BRING BACK VAUDEVILLE!

HEY, LOOK! I'M SOMETHING OF A MECHANIC! AFTER I HOLD THE PAW OF MRS. RANSOM'S POODLE, I SUPPOSE I STOP IN AND CHECK THIS "PATIENT"... THE SERVICE MAN HASN'T SHOWN UP?

REX MORGAN

AS BRICE TALKS WITH BETH'S MOTHER, THEY ARE JOINED BY KEVIN.

DR. ADAM, NEEDLESS TO SAY, MOTHER STEVENS AND I ARE TERRIBLY CONCERNED ABOUT BETH! ANY SUGGESTIONS YOU CAN MAKE WILL BE MOST APPRECIATED!

MRS. STEVENS, HAVE YOU DISCUSSED THE PROBLEM WITH YOUR DAUGHTER?

NO—I WAS AFRAID I'D JUST AGITATE HER!

HAS SHE ALWAYS BEEN THE KIND OF PERSON WHO BECAME UPSET EASILY?

NO, NOT REALLY! IN FACT, SHE'S ALWAYS BEEN A TOLERANT EASY PERSON TO GET ALONG WITH! ISN'T THAT RIGHT, KEVIN?

UNTIL THE LAST SIX MONTHS OR SO—YES—A WONDERFUL WIFE AND MOTHER!

Fungus Trouble

Your Good Health
Dr. G. C. Thosteson

Then again, some of them make such headway that you haven't much chance of getting rid of the trouble without going to a dermatologist who can use more powerful medications.

When fungus establishes itself under the nails, in my experience there isn't any home remedy that is going to solve the problem. You have no way of getting medication down in, where it can attack the fungus effectively.

There are a couple of relatively new medications, both of which require prescriptions, one which is taken internally and the other applied externally, that do a very good job of combatting such fungus — if they happen to be of suitable types.

Again, nothing may seem to work except removing the nail surgically, so the bulk of the fungus can be removed and the remainder treated effectively with medication.

Granted that it takes quite a while for a new toenail to grow, it's still a better prospect than having the fungus persist, and proliferate, and perhaps spread to other toes and other nails.

Unfortunately, the only counsel I have for a person with such fungus who doesn't want to see a doctor is this: it's your choice. Either see your doctor, a podiatrist, or a dermatologist — or make up your mind to have the fungus stay with you.

Low blood-sugar — a puzzler until correctly identified — is often the cause of faintness, headaches, visual and emotional disturbances. To learn how it can be identified and brought under control, write to Dr. Thosteson in care of The Herald for a copy of his booklet, "Help For Hypoglycemia," enclosing a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

Cepeda Solves Fryman Riddle With Five Hits

By The Associated Press

Hitting against Woody Fryman has been no picnic for Orlando Cepeda.

But Sunday it was a feast. The Atlanta first baseman fed on his long-time nemesis five hits, including the game-winning home run in the 10th inning that carried the Braves past the Phillies 5-4.

"I never hit him so good," said Cepeda. "But it was one of those days where everything falls in and nobody gets you out."

The "nobody" in this case was Fryman, who said he threw the gopher pitch just about where he wanted.

"We tried to jam him," said Fryman, "it was off the plate good. But he just got in front of it."

It was just about where Cepeda wanted it, too. "An inside fast ball—about belt high."

The bundle of hits made it a whole of a three-game series at Veterans Stadium for Cepeda, who has been known to voice his displeasure while playing in Philadelphia.

Cepeda, who once said he didn't like hitting at the Phillies' old park, Connie Mack Stadium, because official scorers were not fair to him, hit a triple in Friday night's opener and a single and home run Saturday.

The San Francisco Giants continued to bomb the Chicago Cubs, taking a doubleheader 5-1 and 8-1 to complete a sweep of their four-game series. In other

WHO HAS THE LAST WORD—Umpire Tom Gorman and Chicago Cubs' Joe Pepitone have a few words about a called strike in first game of double header here today. The debate ended in a standoff and Pepitone remained in the game. Giants won first game, 5-1.

National League games, the Mets and Pittsburgh Pirates split a doubleheader, 5-3 and 3-2. Montreal Expos topped off a Houston-tripped Los Angeles 5-3. St. Louis turned back San Diego 5-2 and Pittsburgh, the defending champions, 2-1.

Yaz Homers, Then Seethes Over Alleged Bean Pitch

By The Associated Press

Carl Yastrzemski and Dean Chance have hit it off badly in their first 1971 meeting and neither is turning the other cheek.

Yastrzemski ruined a strong pitching effort by Chance with a fourth inning home run Sunday and Sonny Siebert made it stand up with a five-hitter as the Boston Red Sox nipped the Detroit Tigers, 1-0.

But the Boston slugger wasn't any happier than Chance after a hard-earned inside pitch that almost hit him in his

next trip to the plate following the decisive homer.

"He didn't come close to hitting anybody else the whole game," said the seething Yastrzemski. "Then he throws the ball at my feet. He has no damn guts."

"If I'm going to throw at a guy, I'll hit him," countered Chance.

The post-game recriminations overshadowed a brilliant duel between Siebert, who scattered five singles, and Chance, who yielded just three hits before

going out for a pinch-hitter in the eighth.

Cleveland's Steve Dunning topped both, however, with a 1-0 one-hit victory over Washington after the Senators took the doubleheader opener 4-0 behind Danny McLain's three-hitter.

Elsewhere in the American League, California edged Minnesota, 5-4, Baltimore whipped the New York Yankees, 11-6, Oakland swept a doubleheader from the Chicago White Sox 11-2 and 6-1, and Kansas City split a pair with Milwaukee, winning 2-1 before bowing 3-2 in 13 in-

Chippers Sweep Double Bill From Lamesa Team

The Big Spring Chippers swept a double bill from the Lamesa Merchants in Lamesa Saturday, winning the first 7-2, then riding to victory 3-0 over the strength of L. W. Utley's one-hitter in the nightcap.

Lamesa was riding the crest of a 2-0 lead going into the fifth

in the first game, thanks to a walk to Jim Shook, an error, and Stan Cox' single in the second, plus Bob Corley's double and a single by Glenn Hogg in the third. Cotton Mize helped his cause in the sixth with a double, and Jim Miller doubled him home in the fifth. Roy New opened the sixth with a double, followed by two walks and a fielders choice before Mike Smothers doubled and Miller cleaned the sacks with a homer.

Jim Roger was the big noise in the second game, hitting for the circuit in the fourth and sixth. Steve New walked, advanced on a wild pitch and error to a count for the other run. Glenn Hogg's double with two out was the only hit yielded by Utley.

Lamesa comes here Saturday for two games starting at 7:30 p.m. under the lights at Comanche Trail Park field.

Ashe Upsets Stan Smith

CHARLOTTE, N.C. (AP)—Arthur Ashe used his speed, precise shooting and confidence Sunday to dash the upset hopes of Stan Smith and capture the men's singles title in Charlotte's \$25,000 open tennis tournament.

Ashe, of Richmond, Va., downed Smith 6-3, 6-2, to carry off \$5,000 first prize money in the North Carolina National Bank Open.

Christie Evert, a 16-year-old from Fort Lauderdale, Fla., drubbed Charlotte's Laura DuPont, 6-2, 6-0, to capture the women's singles title.

Miss Evert also teamed with Sue Stap of Chicago to outlast Janet Newberry of La Jolla, Calif., and Eliza Pande of Palo Alto, Calif., 6-1, 6-3, for the women's doubles title.

Australian Tony Roche and Marty Riessen of Tucson, Ariz., claimed the men's doubles title with a 6-2, 6-2 victory over Ashe and Dennis Ralston of Bakersfield, Calif.

Astros Bounced By Latest Win

LOS ANGELES (AP)—Pitcher Jack Billingham thinks his Houston Astros have a shot at the National League pennant, even though not highly regarded at the start of the season.

"We're better than the Dodgers," Billingham said flatly after Houston blasted Los Angeles 8-6 Sunday to take two of the three games in the Dodger Stadium series.

"We've got a great chance to win it all. It'll be a rough race in the Western Division. Anyone can take it and we've got as good a chance as anyone."

Houston showed the Dodgers good pitching and plenty of power in betting 13 hits including Joe Morgan's first home run of a five-run fifth-inning against Claude Osteen.

The Astros are idle today, then continue their road trip Tuesday in Chicago.

Gene Littler Breaks Two-Year Drouth

PENSACOLA, Fla. (AP)—I just like to play well and get the job done," Gene Littler said.

The quiet, unassuming veteran did both—for the first time in two years—Sunday when he survived a stretch battle with lanky George Archer and won the \$30,000 first prize in the Monsanto Open Golf Tournament.

Littler, a 40-year-old from La Jolla, Calif., had a final round four-under-par 67 for a 276 total and a three stroke margin over Archer, who faded back to a tie for second with Pete Brown at 279.

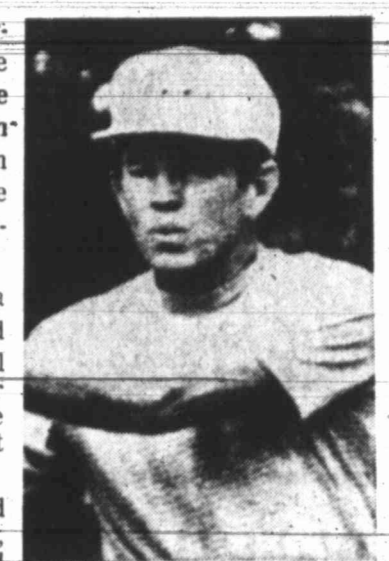

Archer finished fifth at 70 and Brown had a 67. Bob Murphy, with four consecutive 70s, and Larry Wood, who had a closing 71, were next at 280. Johnny Pott, Ron Cerrudo and Mason Rudolph followed at 281 and Al Gieberger limped in with a 74 for 282.

Arnold Palmer, Jack Nicklaus, Gary Player, Masters' Champ Charles Coody and U.S. Open title-holder Tony Jacklin didn't compete.

The victory, the 23rd of his 18-year career on the pro tour,

probably was worth much more than \$30,000 to Littler.

For one thing, it put him in

Good Turnout For Cycle Race

A good turnout of fans and exciting races marked the Big Spring Motocross races at the Hi-Non Optimist tracks northeast of town Sunday afternoon.

Around 400 spectators were on hand, there were 61 riders from Abilene, San Angelo, Odessa, Midland, Roby and Sweetwater, as well as six riders from Carlsbad, N.M. Richard Rose, Odessa, captured the open event. Danny Weir, Big Spring, was a double winner, capturing the 100 and the 125 cc classes.

Winners from Big Spring unless otherwise designated, were: Junior mini-bike—1. Tom Currie; 2. Rudy Jamenez; and 3. Mike Pitts.

Junior mini-bike powder puff—1. Laverne Phillips, Abilene; 2. Mary Jo Thixton; and 3. Linda Leonard.

Senior mini-bike — 1. Henry Currie; 2. Craig Hodnett; and 3. Carl Caton.

0-100 cc—1. Danny Weir; 2. Richard Erwin, Odessa; 3. Charles Puga; and 4. George Wood, Carlsbad, N.M.

101-125 cc — 1. Danny Weir; 2. Bill Watson, Abilene; 3. Jack McMin, Abilene; and 4. Gene Leonard.

126-250 cc — 1. Jackie Honey and John D. Walker, both of San Angelo (tie); 3. Mike Payne, Odessa; and 4. Steve Elms.

Open — 1. Richard Rose, Odessa; 2. Steve Elms; and 3. Robert Mayors, Carlsbad, N.M.

this week's rich Tournament of Champions—which he won a record three consecutive times—placed him in the match play championship later this season and marked an end to one of his longest victory drouths.

Cards Capture Double Bill

The Big Spring Cardinals beat back the Lamesa Lions in two games here Sunday at Steer Park, winning the first 3-0 on the strength of a one-hit performance by Junior Mendoza.

They staged two big innings in the second game to grab it 10-1. The Cards sacked up the first when Zapata was safe on an error. P. Martinez got hit with a pitch. B. Marquez walked and the first two scored on an error.

A single and two errors gave B. Marquez a run in the fifth.

Garcia scored for Lamesa in the first of the nightcap when his hit was followed by Arrendondo's single. That held up until the fifth when a barrage of hits chased across five runs for the Cardinals. Fierro was safe on an error in the sixth, and F. Martinez, Jesse Zapata, Benny Marquez hit safely to account for four more in the sixth. Meanwhile, Fierro scattered four hits nicely.

The box scores:

Walker Horses Capture Events

Two Alvin Walker horses captured first places in quarter horse racing at Midland Sunday.

Boaming Time captured the Tall City futurity with 17.69, while Hippycapture, trained and ridden by Perry Walker, won his race with 18.07.

Things Back To Normal, Richard Petty Is Winner

NORTH WILKESBORO, N.C. (AP)—Stock car racing great Richard Petty says he may slow down a bit after reaching the \$1 million mark in prize money, but he grins when you mention it.

"Let's see now," he drawled after winning career victory No. 126 at North Wilkesboro Sunday. "They say a man doesn't reach his prime until he is 35. If you figure it that way, I'll probably be around another seven or eight years. A lot of money will be up for grabs and I'd like to be around to claim some of it."

Petty, taking the lead in the Gwyn Staley Memorial 250-mile short after the halfway point and going unchallenged the rest of the way, padded his 1971 earnings to \$106,550 and he's within shouting distance of a career mark of \$1 million.

The 33-year-old father of three, who lives modestly in the rural community of Randleman, N.C., has banked \$935,438 during a driving career that started in 1958.

David Pearson came in second in a Ford, almost a mile to the rear. Third place went to Dick Brooks in a Dodge, fourth to Benny Parsons in a Ford; and fifth to Bobby Allison in a Dodge.

The only racing driver to earn more than \$1 million in prize money is A.J. Foyt of Houston, Tex., who still is padding his career. Foyt is one of only four drivers who have beat the handsome Petty in races their season, and he did it twice.

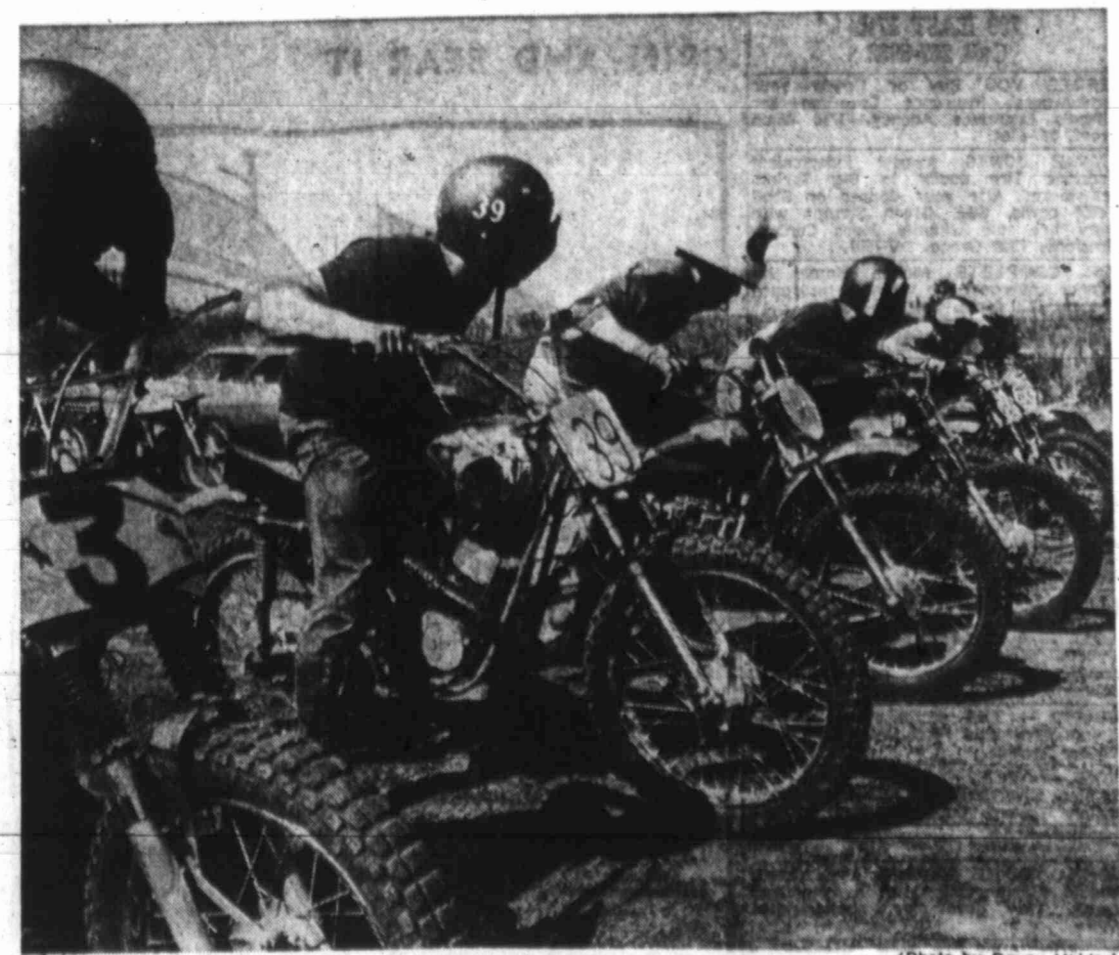

Sunday's 400-lap grand over the banked five-eighths of a mile North Wilkesboro Speedway drew a near capacity 15,000. They stood on their seats and cheered as Petty won his seventh victory in 13 starts this season and his seventh in 13 races on this scenic oval.

"It really isn't the money in a race like this," Petty said. "It's the fact that you like to win any of them regardless of the money."

EVERY KIND Thousand Try Boston Marathon

BOSTON (AP)—Physicians, clergymen, authors, military officers, holders of Ph. D. degrees, and just plain of Joes banded today to test their endurance—and pride—in the 75th Boston A.A. Marathon.

More than 1,000 entrants, ranging from teenagers to a few septuagenarians, were set to toe the starting line at high noon for the 26-mile, 385-yard run from a narrow, tree-lined street in Hopkinton to the finish at the Prudential Center in Boston's Back Bay.

The BAA is noted throughout the world as a classic marathon, held annually on Patriot's Day, a Massachusetts holiday commemorating Paul Revere's famous ride announcing, "The British are coming."

However, most of the world's top distance runners were missing. Tuesday was open for a legitimate "dark horse" to win for the first time in many years. The missing include England's Ron Hill, who set a

blistering course record of 2 hours, 10 minutes and 30 seconds last year, and the 1970 American runner-up, Eamon O'Reilly.

Pat McMahon, the former Irish Olympian and Oklahoma Baptist graduate now a school teacher in Lowell, Mass., loomed as the man to beat. McMahon finished third in 2:14:53, less than a minute off the old record, last year and has won two marathons since.

Finland, which captured the fourth and fifth places in 1970, sent back two other top contenders for the BAA's Diamond Anniversary run. They are Sippo Mikkari, 23, and Markki Salminen, 24, who tied for second in their country's qualifying race for the trip to Boston.

Despite tougher qualifying regulations, the BAA drew another whopping field. Even Joe Pardo, 47, a blind masseur

Multiple Listing Service

(1) BUYERS AND SELLERS receive the benefit of cooperation between Realtors rather than being restricted to the offerings of a single agent or a series of agents. (2) Buyers, by contacting only one Realtor, may have access to the listings of all Realtors who participate. (3) Current market information, which is readily available through Multiple Listing, means that Realtors, their clients and the public are better served and informed. AIRMAN OF THE MONTH
Airman I. C. Raymond Marquardt

Drifting Bottles

SYDNEY (AP) — Two message-carrying bottles launched by Japanese schoolchildren came ashore in Australia after drifting perhaps 6,000 miles in less than 14 months.

The identical bottled messages said they were launched by the Sea Science Club of Yaizu High School, Japan, and that the children were doing a special project on tidal currents.

One bottle was picked up on Gerringong Beach, 80 miles south of Sydney, the other at nearby Mollmook Beach.

Almost Private

CHARLOTTE AMALIE, V.I. (AP) — There are many beaches on the U.S. Virgin Island of St. Thomas but one that officers and members of cruise ships use most frequently is at nearby Coki Beach.

Admission is only 25 cents, including the use of small changing rooms.

Webb Honors

March Airman

Airman I.C. Raymond C. Marquardt has been named to Webb honors as the Airman of the Month for the 3561st Student Squadron at Webb AFB.

Airman Marquardt has been assigned to the protective equipment section for the past five months where his duties include inspecting, repairing and performing preventative maintenance on more than 300 parachutes, flying helmets and oxygen masks.

Capt. Jerry Callahan, flight manager and flight officer said, "Airman Marquardt is a conscientious individual who takes pride in a job well done. His excellent technical knowledge and positive attitude result in high quality job performance."

The honor airman was born in Los Angeles. He entered the Air Force in May and arrived at Webb last September, following technical schooling at Chanute AFB, Ill.

Evers Nominated In Mississippi

JACKSON, Miss. (AP) — black participation in party af-
 James Charles Evers, Mis-
 sissippi's first black candidate
 for governor, urges voters:
 "Don't vote for a black man,
 don't vote for a white man.
 Vote for the best man."
 Evers, 48-year-old mayor of
 Fayette, ran unopposed Sunday
 for the nomination of the
 state's Loyalist Democrats.
 Some 2,500 convention dele-
 gates, all but a handful of them
 black, shouted unanimous ap-
 proval of Evers as he urged
 election of the best man and
 pledged to work for jobs and
 justice.
 The Loyalists were recog-
 nized by the national Demo-
 cratic party in 1968 on grounds
 that the state's regular Demo-
 crats had not permitted full

T-38 Pilot IP For April

Capt. Arthur J. Schmidt,
 3560th Pilot Training Squadron,
 was recently selected as that
 squadron's T-38 Talon Instructor
 Pilot of the Month for April at
 Webb AFB.

In his letter of nomination Lt.
 Col. James J. Malone, squadron
 commander, said about the cap-
 tain, "His outstanding instru-
 ctional and flying abilities are
 well-known. His performance in
 handling both unusual and e-
 mergency situations had
 merited the attention of his
 peers and superiors alike."

The captain entered the Air
 Force in 1967 through the
 Reserve Officers Training Corps
 at Purdue University, where he
 received a bachelor of science
 degree in electrical engineering.
 He underwent undergraduate
 pilot training at Reese AFB,
 Tex., then was assigned to Tyn-
 dall AFB, Fla., where he
 completed pilot instructor train-
 ing. He was assigned here in
 April, 1968.

Capt. Schmidt, a native of St.
 Joseph, Mich., married the for-
 mer Miss Marjorie Kehstrom,
 also from St. Joseph.

Three Officials Die When Copter Bangs Mountain

CHILPANCIINGO, Mexico
 (AP)—A helicopter crash took
 the lives of the governor, legis-
 lative president and supreme
 court president of Guerrero
 State, officials reported Sunday.
 Also killed was the pilot when
 the chopper smashed into moun-
 tains near this capital of the
 southwestern Mexican state.

The officials had flown out of
 Altamirano toward the capital
 Saturday night following a tour
 of government projects in the
 Balsas River Valley.

The wreckage was found Sun-
 day afternoon.
 The victims in addition to the
 pilot were Gov. Caritino Maldo-
 nado Perez; Federico Encarna-
 cion Astudillo, state legislative
 president; and Carlos Uriostegui
 Ocampo, state supreme court
 president.

Nab Car Thieves

NEW YORK (AP) — A police
 sergeant and a detective were
 watching when three car thieves
 fled over to a new Cadillac
 at JFK airport. The thieves re-
 moved from an attaché case a
 lock punch, checked the chart
 listing manufacturers' key
 codes then fashioned a key on
 their key making equipment.
 Then they placed a ready-made
 sticker on the rear license plate.
 When they finished they were
 arrested.

In the first three months of
 1971 police reported 107 cars
 were stolen from the airport.

Bombers Attack Valley Targets

SAIGON (AP) — U.S. fighter-
 bombers attacked North Viet-
 namese positions inside the A
 Shau Valley today for the sec-
 ond successive day in support
 of an allied operation that ap-
 parently hasn't gotten off the
 ground.

Both President Nguyen Van
 Thieu and Gen. Creighton W.
 Abrams, the commander of
 U.S. forces in South Vietnam,
 announced the operation Satur-
 day, and Abrams said South
 Vietnamese troops were in the
 A Shau, giving the impression
 that they had moved into the
 30-mile-long valley in force.

But field reports today said
 only reconnaissance troops
 were operating inside the val-
 ley on the Laotian border, and
 the major force would move in
 later this week.

The announcements by Thieu
 and Abrams raised the possi-
 bility that the U.S. Command
 and the South Vietnamese gov-
 ernment were giving out mis-
 leading information in an at-
 tempt to confuse the North
 Vietnamese. But Abrams' chief
 spokesman, Col. Robert W.
 Leonard, said he considered
 questions along this line "im-
 pertinent" and added: "We

VENEREAL DISEASE—II

How Does VD Start?

By G. C. THOSTESON, M.D.
 (Second of Seven Columns)

The sole purpose of these articles is to tell
 people how to cope with venereal disease which
 is now an epidemic, 2,500,000 people a year con-
 tracting the disease in the U.S. alone.

To make the information really useful, we'll
 have to start from scratch. Too many people still
 don't understand just what venereal disease is.

Witness this recent letter from a married
 woman:

"Dear Doctor: I hear so much and have read
 so much about VD, and it always states that it
 is passed by sexual intercourse.

"But where does it originate? Can it start
 for lack of good hygiene? Can it start between
 husband and wife if one or the other doesn't bathe
 regularly? I am very serious about this, but can't
 seem to get a definite answer from anyone."

Venereal disease is caused by germs. That
 is the only cause. Like most other disease germs,
 VD germs live in the body. Where do they come
 from? The germs reproduce themselves when they
 find a suitable environment. Asking where the
 germs came from in the first place is as pointless
 as asking where the dinosaurs came from.

Compare VD with colds, flu or tuberculosis.
 Those germs prefer the warm, moist mucous
 surfaces of the respiratory tract. When the germs
 are carried to another person, via the tiny, moist
 droplets of water in a sneeze or a cough, the germs
 multiply in their new host, and another person
 is sick.

Venereal disease germs are different in that
 they prefer the moist, warm surfaces of the genital
 organs.

These germs, while they will go on living
 and multiplying endlessly in a person's body,
 cannot live except in an environment that suits
 them. In the open air they die very quickly
 in minutes or less.

So for the germs to pass from one person
 to another, they must do so directly. Technically,
 "skin to skin contact" is necessary, usually direct

contact between the mucous surfaces where the
 germs thrive.

Under very unusual circumstances, the germs
 may be transmitted indirectly: from fingers, say,
 or some other surface. But the transfer must
 be so rapid that exposure to the air has not killed
 the germs.

That is why, despite all the shame-faced ex-
 cuses that "I must have got it from a toilet seat,"
 or "I must have got it from being in a dirty
 house," the truth is that venereal disease is spread
 by sexual contact. From love-making. That is
 where venereal disease got its name so many
 years ago — from the name of Venus, the goddess
 of love.

We'll get a lot further in suppressing VD if
 we can get rid of the false modesty that makes
 people insist, "I must have got it from a toilet
 seat."

You didn't. You don't. You won't. If you have
 VD, you got it in "skin-to-skin" transfer. From
 living person to living person, those germs had
 to arrive within a matter of seconds, and probably
 less.

Which brings us to the important questions?
 Can you protect yourself against getting VD?
 Yes, but to a limited extent. Details on this later.

Can you tell if another person has VD?
 Sometimes you can, but a great deal of the time
 you can't.

Can a doctor tell by examining you whether
 you have VD? Sometimes. But sometimes he can't,
 without special tests. We need much more use
 of these tests.

Will VD "cure itself" if you give it time? No.
 And don't fool yourself about that!

Can a person have VD and not know it? Yes!
 That's one of the reasons for the VD epidemic
 getting out of control.
