Yesterday's Jumbles: DITTO GLOVE PONDER INBORN
 Answer: The kind of girl a man old enough to know better often looks for—ONE NOT THAT OLD!

Fina Net Income Is Reported Down

DALLAS — American Petrofina, Incorporated, reported Wednesday that despite record levels of sales during the first six months of 1971, net income dropped to \$4,324,000, or 56 cents per share.

Gross revenue for the first half rose to \$135,926,000 from \$129,312,000 in 1970. Cash income for the first six months amounted to \$12,612,000 in 1971, compared to \$19,582,000 in 1970. Net income in the first half of 1970 was \$11,934,000, equal to \$1.56 per share.

The first half results were attributed by R. I. Galland, a president, to increases in costs of crude oil and labor which were not offset by higher prices of finished products. He cited as a major problem the imbalance between the company's production of crude oil and its greater demand for that raw material.

A significant step toward correcting that imbalance has been taken, he said, with the signing of a letter of intent looking toward the acquisition of a 20 per cent participation in an affiliated corporation holding the 30 per cent interest of the Petrofina Group in a joint venture exploring the Norwegian sector of the North Sea. Already discovered on two of the 12 blocks involved are three important oil and gas fields, including the giant Ekofisk field, the first major discovery in the Norwegian waters, Phillips Petroleum is the operator.

The letter of intent provides that, subject to the approval of the Norwegian authorities, the board of directors of Petrofina, S. A. and the stockholders of American Petrofina, the company will acquire its interest in return for voting

preferred stock. The total value of the acquisition will be determined by an independent evaluation to be made after substantial production has been established and when sufficient information regarding the reserves of hydrocarbons involved becomes available. The number of shares to be issued and other terms of the transaction are to be established at that time. It is expected that the transaction will be completed in 1973.

The transaction, as planned, would obtain for American Petrofina the equivalent of a 6 per cent interest in approximately 1,445,000 acres of the huge sedimentary basin underlying the center of the North Sea. Concurrent with the development of the fields already discovered, further exploration of the remaining areas is planned.

If the transaction is accomplished, Galland said, it will not only provide the company an important interest in future oil and gas production but also, by augmenting the company's equity base, will improve its ability to expand other divisions of its activity.

Commenting on the earnings report, Galland stated that abnormally depressed prices for gasoline, petrochemicals, and styrene plastics continued to curtail income in the second quarter. He said a strengthening in demand of plastics and petrochemicals was evident at mid-year, although prices remained at low levels. However, he noted that, effective July 1, polystyrene prices were restored to their January, 1970, levels, amounting to an average increase of approximately two cents per pound.

High Mercury Levels Found In Blue Crabs

HOUSTON (AP) — A Rice University study team says it has found high mercury levels in edible blue crabs caught in the Galveston Bay system.

The group said in a report that 62 per cent of edible crabs caught in the Morgan's Point area had harmful levels of mercury under Food and Drug Administration guidelines of 500 parts of mercury per billion parts of crab meat.

The report said one crab caught near the Houston Ship Channel had a mercury content of 3,765 parts per billion, more than seven times the maximum allowed by the FDS.

The Texas Health Department said it has found no high mercury levels in Galveston Bay crabs but a spokesman said the department's crab sampling program was not extensive.

The Rice study was funded by the National Science Foundation and the Moody Foundation. Eleven students participated in

the 12-week research project. Crab samples were taken by shrimp trawl from four sites in Galveston and Trinity bays on bi-weekly field trips. Thirty-nine crabs were tested, the report said with mercury content ranging from zero to 3,765. Only three crabs had zero mercury content.

Dudley Johnson, director of marine resources of the Texas Department of Health in Austin, said crabs trapped in May of 1970 in the Galveston Bay system all were within the FDA guidelines.

He said his laboratory presently is running tests on crabs caught in Tabb's Bay near Baytown, but he does not know when the tests will be completed.

Swine Judge

LUBBOCK — Dr. Leland F. Tribble of the animal husbandry department of the Texas Tech school of agriculture will judge swine entries in the 54th annual Panhandle South Plains Fair scheduled here Sept. 27-Oct. 2. Premiums totaling \$4,392 are being offered in the open show, which is expected to attract a near-record number of entries. Lee Roy Colgan, Lamesa, Dawson County extension agent, will return as superintendent of the big show.

'HUMAN MONSTER' GUILTY OF STARVING HER CHILDREN

MIAMI (AP) — A 26-year-old mother of nine has been convicted of neglecting and starving seven of her children and has been sentenced to the maximum term of 120 days in jail.

City Court Judge Robert Deeb called Michele Hena Henry a "human monster" when he imposed the sentence. A jury of five women and one man took less than five minutes to convict her on two counts—contributing to the dependency of seven of her children by failing to provide proper parental care, and negligent treatment.

The judge described living conditions of the children, ages 10 months to 6 years, as similar "to a Nazi concentration camp of World War II... a case of the living dead."

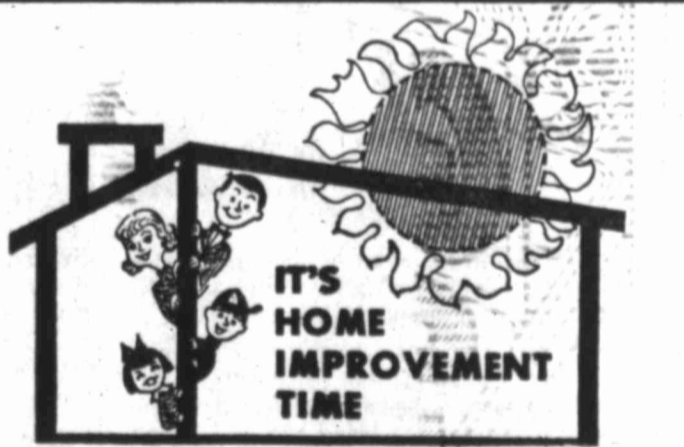

Officers who entered the Henry home June 16 said they found two children naked on a filthy mattress. They were being cared for by other children, aged 1, 2, 3, 4 and 6. None had eaten in several days, officer Robert Sims testified, and the refrigerator contained only cockroaches and a pound of margarine.

Mrs. Henry's mother, Lucille McKenney, cares for two older children. She testified that there was food in her home next door for the youngsters. However, she had been taken to the hospital, she said, and the house was locked.

Rainbow Girls Hold Initiation

Three local girls became members of the Order of Rainbow for Girls, Assembly 60, during initiation ceremonies Tuesday evening at the Masonic Temple. They are Catherine Crow, Mary John Cherry and Janet Shanks.

Bracelet Charms Awarded By Club

Mrs. J. L. Wright was awarded two bracelet charms by the TOPS Plate Pushers Thursday morning at the Salvation Army. Members began a three-week contest which will end Aug. 19. The losing team will treat the winners to a salad supper. Team captains are Mrs. J. L. Wright and Mrs. Garland Irons. Mrs. R. H. Washburn presided, and Mrs. Lillie Hendricks led the pledge. The next meeting is at 9:30 a.m., Thursday at the Salvation Army.

The district includes assemblies in Midland, Big Spring, Andrews, Odessa, Monahan and Kermit.

Among the guests at the meeting were Mrs. Jean Sauze, Midland; Mrs. June Dunkin, San Angelo; and Mrs. O. L. Nabors, Big Spring, all grand visitors. Other guests were Brenda Evans of Midland, grand representative from Mississippi to Texas, and Elaine Mickle of Colorado City, junior member of the grand music committee. There were 45 out-of-town guests.

Susan Smith reminded members that toys, supplies and clothes to be donated to the Westside Community Center should be brought to the Aug. 31 meeting.

The hall was decorated in a patriotic theme. A red linen cloth covered the refreshment table and was centered with a head mannequin adorned with a large red, white and blue hat. Serving were Mrs. Don Williams and Mrs. Carmie Dickenson. The next meeting is at 7 p.m., Aug. 10 at the Masonic Temple.

'Superstar' Received Well Here

"Jesus Christ — Superstar" was well received Tuesday when a recorded version of the contemporary rock opera was played for members of the Woman's Society of Christian Service at First United Methodist Church.

The original cast album was presented by Mrs. Harrol Jones. Mrs. H. C. Ernsting, the presiding officer, presented the devotion.

It was announced that Spiritual Growth funds are being donated to a sewing class being sponsored by the church women.

The next meeting will be Aug. 24 at the church.

Family Reunited Over Weekend

The nine children of the late Mr. and Mrs. H. H. Haynes were all together for the first time since 1941 at a family reunion and picnic held Saturday and Sunday at Comanche Trail Park.

The four daughters and five sons who attended with their families were Mr. and Mrs. D. M. Haynes, Poway, Calif.; Mr. and Mrs. C. G. Haynes, Dallas; Mr. and Mrs. L. A. Haynes, Roscoe; Mr. and Mrs. Darrell May, Victoria; Mr. and Mrs. Robert Vaughan, Robert Lee; Mr. and Mrs. J. W. Haynes, Mr. and Mrs. Haley Haynes, Mr. and Mrs. Merle F. Hodnett and Mrs. A. J. Cain, all of Big Spring.

Others attending from out-of-town were Mr. and Mrs. A. J. Cain Jr., Midland; Mr. and Mrs. Jim Lively and Mr. and Mrs. Bob Lomas, all of Odessa; Mr. and Mrs. Bessent, Robert Lee; Mr. and Mrs. Robert Odum, Houston; and Mr. and Mrs. Harold Haynes, Roscoe; and Mr. and Mrs. Rick Hodnett, Mertzon.

Lunch Meeting For Homemakers

Members of the Homemakers Class of First Christian Church met for a covered dish luncheon Wednesday in the church fellowship hall. Hostesses were Mrs. Earl Wilson and Mrs. Beulah Morrison. Mrs. Alton Taylor gave the invocation, and the benediction was presented in unison by the class. Mrs. Florence K. Hallem was a guest.

Farmers, Sailors Influence Styles

A teenage girl doesn't make the passing fashion grade this summer unless she owns at least one pair of shoulder-strapped overalls. Farmer's blue, complete with patch pocket on the bib, is in. The best ones have something that sailors, not farmers, made famous. Bell bottoms.

SUEDE TO SUIT MILADY — This orange, red and grey tweed suit with a grey suede belt was shown in Paris Thursday as part of Givenchy's winter collection. The hemline, vest and matching stole are fringed.

Founder's Day Planned By OES At Coahoma

O. A. Madison, a grand officer and member of the Founder's Day committee, was introduced during a Tuesday meeting of the Coahoma Chapter 499, Order of Eastern Star, at the Masonic Temple.

Mrs. C. J. Engle, worthy matron, and David Grant, worthy patron, presided, and an out-of-town guest was Mrs. Leroy Hedrick of Plains, Kan.

It was announced that the chapter birthday will be observed in September and Founder's Day is slated Aug. 24. The next regular meeting will be Aug. 10.

After the close of the meeting, a chapter member, Miss Becky

Hedrick, was honored with a gift shower. Miss Hedrick will be married to Jimmy James Deeter Aug. 14 in the Coahoma Methodist Church.

Hostesses were Mrs. Engle, Mrs. Fred Beckham and Mrs. D. S. Phillips. Members presented a silver tray to the honoree.

The table was decorated in yellow and white, with appointments of silver and crystal. Centering the table was a gift from the hostesses, a sewing basket filled with sewing accessories and a bouquet of calico print flowers. Cookies and punch were served.

A LOVELIER YOU Dry Shampoos For Women On-The-Go

By MARY SUE MILLER
We girls are conscious that hair becomes soiled before time from oil, perspiration, dust and smog. From one to three days weekly, we go through the shampoo routine of sudsing, rinsing, sudsing, rinsing, towel-drying, rolling and drying.

The process can be trying and, worse, has to be skipped when you are pressed for time. Unless, that is, you are acquainted with instant dry shampoos. Then you simply spray, brush and go.

Sprays are packaged in aerosol cans. You shake a can before and occasionally during use. Hold it at least eight inches from your head. Spray lightly, lifting hair sections for an even application. For best results, always use sparingly. The finest mini-mist breaks down soil. Then after a few minutes a powdery residue absorbs both soil and excess oil. Fluffing with a towel and a thorough brushing does the rest. There's no wetting, no resetting. Nothing in the process disturbs a set.

It's a great refresher, leaving the hair in a cleanly condition. A condition that is basic to beautiful hair and beautiful grooming, too.

LOVELIER HAIR
Overcome your hair problems! Send for my booklet, "How To Have Lovelier Hair." Advice includes: corrective care of dry, abused, oily and hard-to-manage hair; expert coloring methods and treatment of tinted hair; hairstyle formulas; tips on perfection cutting, permanents, straightening and grooming. Write to Mary Sue Miller in care of the Big Spring Herald for your copy, enclosing a long, self-addressed, stamped envelope and 25 cents in coin.

Webb Commanders Honored At Dinner

The ballroom at Big Spring Country Club was the setting Thursday evening for a base-community dinner honoring Col. and Mrs. Anderson W. Atkinson and Col. and Mrs. Malcolm E. Ryan Jr.

Col. Ryan will take command of the 3560th Pilot Training Wing at Webb Air Force Base Saturday following a change of

command ceremony on the flight line. Col. Atkinson, who has commanded the wing for the past 16 months, will become vice commander of the Shepard Technical Training Center in Wichita Falls.

Approximately 150 people from the Big Spring business and professional community, as well as the military, were included on the guest list. A hospitality hour preceded the dinner, with hors d'oeuvres served from a foyer table draped with white and accented with blue runners.

A farewell gift of a silver punch set was presented to Col. and Mrs. Atkinson, and Col. Atkinson spoke briefly in expressing appreciation to the community.

Guests were seated at tables for eight or 10, with four honorary tables being placed near the stage. Cloths were in various colors, and accents were candles and floral arrangements in mixed shades of yellow, gold and tangerine.

Special guests were Mr. and Mrs. Malcolm E. Ryan of Brawley, Calif., parents of the new wing commander.

Big Spring (Texas) Herald, Friday, July 30, 1971 5-A

Urges Baptists To 'Reach Out', Help Troubled

"Sounds of New Concepts" was the program given by Mrs. J. W. Trantham for the Baptist Women at Westside Baptist Church Tuesday morning.

Mrs. Trantham said the progress of civilization has not altered man's basic needs to know and have fellowship with his creator, and that Biblical definitions and characters are as applicable today as they were 1900 years ago.

"An essential function of the Baptist Church is to minister to people who are indifferent or hostile to religion," said Mrs. Trantham. She said the church has for too long been relating only to those who already believe and cited the need to reach ex-prisoners, drug addicts, college students and the handicapped.

"Sophisticated processes of education are important to eliminate selfish drives, greeds, compulsions, passions and lusts for power," said Mrs. Trantham. She also suggested greater emphasis on home relationships.

The birthday prayer calendar and scripture were given by Mrs. J. A. Andrews. Prayer was led by Mrs. N. M. Hipp, and Mrs. Leroy Unger gave the benediction.

Homemakers Get Freezer Advice

Mrs. Opal Kennon of Sweetwater, guest speaker Monday for the Howard County Young Homemakers at Coahoma High School, discussed freezing and packaging foods for storage.

Mrs. Kennon, an employe of Texas Electric Co., said freezers should be bought with an individual family's needs in mind, and explained the differences in various types of freezers. She said a freezer helps prevent waste if used properly, because many leftovers can be stored until needed.

To ease the rush of nightly meals, Mrs. Kennon said many dishes, such as cakes and casseroles, can be prepared in double quantity with one portion frozen for later use.

Club members will meet again at 7:30 p.m., Aug. 23 for a salad supper in the home of Mrs. Robert Lindsey, 2505 Cheyenne. Mrs. Charles Madry will talk about interior decorating.

Club Members Tour Museum

Members of the Center Point Home Demonstration Club met Tuesday at the home of Mrs. J. B. Riddle, 911 E. 16th, and went from there to view exhibits in the Heritage Museum. Mrs. J. R. Petty, president, presided, and preliminary plans were made to host a picnic for patients of a ward at Big Spring State Hospital. The date and location will be announced.

Grand Jurors Hear Baum, Call Ex-Insurance Exec

AUSTIN (AP) — The Travis County grand jury has questioned three state officials in its probe of the Texas stock scandal and now looks toward an examination Tuesday of former Atty. Gen. Waggoner Carr's law partner.

State Democratic Chairman Elmer Baum and two aides of House Speaker Gus Mutscher, Rush McGinty and Sonny Schulte, testified Thursday behind closed doors about their quick profits in National Bankers Life Insurance Co stock in 1969.

The U. S. Securities and Exchange Commission alleges that stock was manipulated to influence passage of two banking bills by a special session of the legislature in 1969.

NOT 4-LETTER WORD
The SEC filed suit against 28 individuals and firms in the stock case last January. Baum, McGinty and Schulte are not defendants in that suit.

The Travis County grand jury is looking into possible "improper influence of state officials," according to Dist. Atty. Bob Smith, who said in answer to a question he was trying to avoid the harsh word "bribery."

Smith said John Osorio, Carr's partner and former president of the insurance company, called him from New York City Thursday morning.

"He found out through his family this morning that we're looking for him," Smith said. "He said he would be happy to testify whenever I wanted him to. I've set it up for next Tuesday."

MADE PROFIT
Former State Sen. Jack Strong, Longview, told newsmen Wednesday that Osorio persuaded him on Sept. 8, 1969, to sponsor a bill that would allow state banks to insure deposits up to \$100,000 with state bank

deposit insurance corporations. Strong said he thought the insurance was in addition to, not in place of, federal insurance under the Federal Deposit Insurance Corp.

Since it is in place of FDIC, the legislation would allow state banks to avoid federal bank examiners — something reportedly desired by Houston financier Frank Sharp, who controlled the insurance company and the Sharpstown bank. Sharp, the bank (now defunct) and the insurance company are all defendants in the SEC suit.

Gov. Preston Smith, who also made a profit on the stock, later vetoed the bill.

Smith, Baum, McGinty, Schulte and other state officials bought their NBL stock with money borrowed from Sharpstown State Bank. The loans were secured only with the stock they were used to purchase.

WHY NERVOUS?
The district attorney also revealed that Joseph Novotny, former president of the bank, gave his address as "Pipecreek, Texas" to SEC examiners in Houston Wednesday. Novotny took the fifth amendment under questioning by the examiners. Smith said he would attempt to have a subpoena served on Novotny at Pipecreek, near Bandera.

McGinty waited outside the grand jury room during Schulte's hour-long examination. Asked how he felt, McGinty said, "I feel okay—nervous."

Why nervous?
"Going before the grand jury, I've never done that before," he said with a big, tight grin. He sat with legs crossed, rubbing his thumb and middle finger, for a few minutes, then engaged in light conversation with newsmen.

What does the "S" stand for in S. Rush McGinty, he was asked.

"Stirman. He was a close friend of the family, a cashier in the Spur Security Bank," said McGinty, who hails from the east Texas town of Spur.

"Do your bank connections go way back?" a reporter asked. McGinty burst out laughing.

He grew more serious when asked if his profit on the NBL stock was the biggest stock profit he has ever made.

"I'm not going to answer that question," he said.

Why not?

Asked if he had any comment at all on the case, McGinty said: "Zip."

Why was he subpoenaed and not the speaker, who also made a big profit before investing more money in the stock and taking a net loss?

McGinty shook his head, indicating he would not answer. "Did Mutscher learn of the stock through you?"

Again he shook his head.

Keeping Sandy Soils Discussed

LUBBOCK — Tying down some of the sandier soils on the Plains of Texas came in for discussion at a soil conservation workshop at Texas Tech University Wednesday.

M. J. Spears, Temple, deputy state conservationist with the Soil Conservation Service (SCS), pegged the drought of last winter and spring and the resultant dust storms as "one of the most critical conservation problems we have in Texas today."

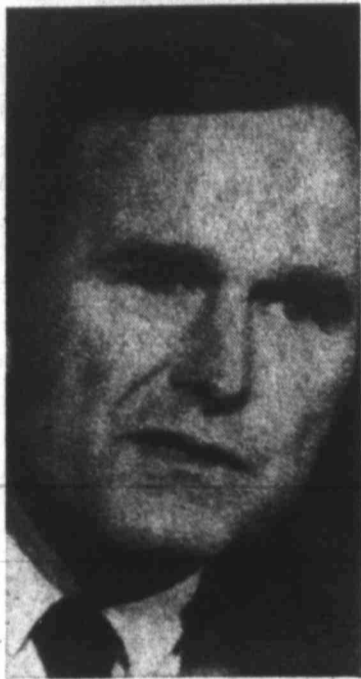

He made the remarks in an opening statement at the two-day workshop attended by some 60 representatives from Texas Tech, Texas A&M University, the Soil Conservation Service, the Agricultural Research Service of the USDA, and the High Plains Research foundation at Halfway near Plainview.

Two purposes of the workshop, Dr. Dregne said, are to bring state Soil Conservation Service and Texas Tech personnel up to date on the latest research findings in areas of soil and water conservation and to study preparation of reports that can be used as reference sources.

"It will take the best effort on the part of everyone connected with agriculture if wind erosion and air pollution from blowing dust are brought under control," Spears said. "The severity of this one problem more than justifies holding a workshop such as this."

Congressional Showdown On Ending Aid To Greeks

WASHINGTON (AP) — A showdown has been slated in Congress next Tuesday on cutting off all American aid to the military government of Greece. The floor fight is set for the day U.S. Ambassador Henry J. Tasca returns from Athens for closed-door questioning before a House subcommittee that has been critical of the junta's rule.

The House Foreign Affairs Committee already has voted to eliminate all \$118 million in proposed aid to Greece until the junta restores democratic government.

FOREIGN AID
 A move to restore the aid is expected when the House takes up the \$3.3-billion foreign aid authorization bill Tuesday.

Three of five congressmen who talked with top Greek rulers during visits to Athens last week say the cutoff could imperil American use of key military bases in the NATO nation.

"Our action, if we pursue this course, could very well alienate a very important NATO ally," said Rep. Ray Blanton, D-Tenn., one of the congressmen who conferred with Premier George Papadopoulos.

The foreign aid package contains a hedge that would allow Greek aid to be continued at the current \$80-million-a-year level if President Nixon certifies it is in the "overriding requirements of the national security." An embargo on U.S. arms aid imposed after the junta seized control in 1967, was lifted last fall.

Meeting with Papadopoulos were Reps. Brock Adams, D-Wash.; Peter N. Kyros, D-Maine; Gus Yatron, D-Pa., and Blanton.

Their trip to Athens was paid by a Greek fraternal group, the Penepirotic Federation of America and Canada, which already had invited the congressmen to attend its convention in Greece before the cutoff question arose in the Foreign Affairs Committee.

LUNAR LANDSCAPE — This is an artist's concept of the panorama that astronaut David Scott will see during his Standup Extravehicular Activity (SEVA) after the lunar module lands on the moon Friday night. Shadow of the LM is in right foreground. Apennine Mountains and Hadley Rille are in background. (AP WIREPHOTO)

Seven Steel Companies Banking Blast Furnaces

PITTSBURGH (AP) — Seven of the nation's 10 largest steel companies banked blast furnace fires and slowed production today in preparation for an anticipated industrywide strike that could idle 350,000 employees.

The other three said Thursday that they would maintain normal production schedules until the last moment, hoping for a contract settlement with the United Steelworkers Union before the strike deadline-midnight Saturday.

'LATE AS POSSIBLE'
 "We just don't want to put any additional pressure on the bargainers," said a spokesman for a company planning to hold off a shutdown.

U.S. Steel Corp., the nation's largest, said coke banking began Thursday at its Gary, Ind., plant, where 27,000 men are employed.

Banking coke ovens usually takes two days, the firm said.

At its Pittsburgh district plants, U.S. Steel said it would wait until as "late as possible" Saturday to wind down open hearth operations. Finishing mills and shipping departments continue working to handle left-over orders, the company said.

Bethlehem Steel Corp., ranked No. 2, announced that its Lackawanna, N.Y., plant with 14,000 workers, would be closed by midnight Saturday. There was no word on shutdowns at other Bethlehem plants.

VA Requests Attendance Cards

GI Bill veterans are reminded not to forget to return their certification of attendance cards to the VA. Jack Coker, director of the VA regional office in Waco, explained that "cert" cards of veterans attending institutions of higher learning must be filled out and returned to VA during the last full month of every enrollment period.

If the card is not returned, Coker pointed out, the veteran cannot be paid for his final month of training, or automatically enrolled if he plans to continue school in the fall semester. Hence prompt action is suggested.

C-City Tax Roll On Rise

COLORADO CITY — Valuations on the city's property tax roll for 1971 have climbed to \$9,542,263, said J. A. Sadler, city manager, Monday night at the special session of the city council.

Property valuations on the new roll are up \$122,761 from last year when the roll listed a total of \$9,419,502.

Sadler said the increase is the result of new construction and additions to existing buildings during the last year.

The 1971 roll is expected to produce a total of \$132,676 in actual tax income for the municipal budget. This will be more than the \$150,712 produced from the 1970 tax rolls.

During the special session, the city council voted approval for a transfer of the concession contract at Lake Champion's Fisher Park.

If a deal is finalized between the parties, George Taylor will transfer the operation to Choppy Rees.

Taylor, under his contract with the city, has been paying seven cents per square foot annually for the fisherman, or \$185 per year. In addition he has been maintaining the park area.

Belly Landing At Love Field

DALLAS (AP) — A faulty landing gear forced a twin-engine plane to make a belly landing Thursday at Love Field. Both its occupants escaped injury.

Police reported the craft skidded 300 yards and both engines caught fire, but the flames were extinguished quickly.

Officers said pilot Charles R. Tilghman of Dallas made the emergency landing in the Beechcraft plane, owned by Tricon International Airlines, Inc., because the left landing gear would not operate.

Larry Arnhart Gets Fellowship

Larry Eugene Arnhart, a spring graduate of the University of Dallas, has received an important Weaver Foundation Fellowship to pursue graduate studies this fall.

Arnhart, son of Mr. and Mrs. Lawrence Arnhart, 10411 Springhaven, Dallas, earlier received Woodrow Wilson honors. He will attend the University of Chicago, then plans to teach political philosophy. The Weaver Fellowship provides \$2,000 plus tuition to aspiring teachers.

Arnhart, who was on the dean's list at UD, was graduated from Big Spring High School in Big Spring in 1967.

90 Per Cent Of State's Horses Are Vaccinated

HOUSTON (AP) — The Texas Animal Health Commission estimates that 90 per cent of the state's horses have been vaccinated against Venezuelan Equine encephalomyelitis.

A spokesman said Thursday that veterinarians inoculated more than 425,000 horses in the past 10 days.

Federal officials said \$34,291 horses have been vaccinated against VEE in a five-state area since June 29. The states are Texas, Louisiana, Arkansas,

Oklahoma and New Mexico.

Dr. H. Q. Sibley, executive director of the state commission, urged all owners whose animals have not been vaccinated to make every effort to get it done this weekend.

Health authorities said the disease, which is much milder in human beings has been confirmed in 24 persons.

Military and commercial planes continued a spraying program aimed at killing mosquitoes which spread the disease.

You Be The Judge

The IRRESPONSIBLE RECALLERS say that Watkins, Acri, and Choate are "ruining our city." They say they want someone who will "run our city instead of ruining it." In making such a charge we feel they have failed to give you the real facts. They say Choate, Acri and Watkins have caused "seven competent, well-trained individuals to leave the City of Big Spring within a two-month period, and accept jobs elsewhere."

Let's look at the facts.
LARRY CROW — CITY MANAGER. Larry Crow resigned May 18, 1971. The City Manager is the administrative head of the city government. He is charged with the job of running the City at the direction of the City Commission, who is elected by the people. The City Manager is responsible for preparing the city budget and keeping the City's "financial house in order." Under Larry Crow's administration the city budget has increased from approximately \$1 1/2 million to \$3 1/2 million while the population of Big Spring has dropped from approximately 32,000 to 28,000. The City Manager is also charged with keeping the City Commission informed at all times as to the financial condition of the City. As early as 1963, the City Auditor complained in the audit report that the monthly financial statements were not being delivered to the Commissioners until some twenty or thirty days after they should have been delivered. In May, 1971, at about the time of Mr. Crow's resignation the auditor's report stated:

"purchase orders were not being formally recorded where issued. Therefore, the Commissioners are not being informed as to the outstanding liabilities in this area."

The City Manager, when asked by some of the commission members, for information about different affairs concerning the operation of the City told the commission members in a written memorandum:
 "go directly to the Department Head concerned, eliminating formality and paper work."

After being told by the City Manager to go directly to the department heads for information which the City Manager would not furnish, the commissioners are now being accused of harassment.

CHARLES SMITH — FINANCE DIRECTOR. Mr. Smith resigned June 24, 1971. He was appointed by the City Manager, Larry Crow. Prior to his appointment he was employed by a mobile home manufacturer in Grand Prairie, Texas. He had NO previous experience in city administration or city finance before coming to Big Spring. In December, 1969, the Auditors Report stated that "the general ledgers were not balanced during the entire six month period preceding the audit. This was Mr. Smith's responsibility. In November, 1969, the auditor had complained that "authorized issues of materials were not properly recorded to the accounting records." Then again in May, 1971, the auditor complained,

"Many of the problems encountered were created by the operation of the Working Capital Fund. This particular bank account, which constitutes several operating funds, was not reconciled until after the close of the operating year . . . we recommend that the various bank accounts be reconciled each month."

In other words, The Finance Director had not reconciled the bank accounts of the City of Big Spring for a period in excess of 12 months! This cost the taxpayers of Big Spring an extra \$6,500.00 to have the auditors to do this job which we pay the Finance Director to do! Could you operate your household or your business without reconciling your bank balance for over a year????

In May, 1971, the City Commission had not seen a monthly financial statement for over 5 months, though having repeatedly requested the City Manager and Finance Director for such reports. The Commission was completely in the dark as to the City's financial condition and yet the commission was being asked to make intelligent decisions concerning the purchase of equipment, increasing water rates, increasing sewer rates and other important decisions concerning the expenditure of city funds which belong to you the taxpayer.

BO ANDERSON, DIRECTOR OF UTILITIES. After his resignation of March 15, 1971, effective May 1, 1971, as Director of Utilities, he went to work for CRMWD with no loss of time. Bo Anderson applied to the CRMWD over a year prior to his resignation.

H. V. CROCKER, FIRE CHIEF. Retired April, 1971. Chief Crocker has publicly stated that he did not retire early as stated by the Irresponsible Recallers. He had worked for 41 years and is 68 years of age. "To the contrary," says Chief Crocker, "I took a late retirement." He stated definitely that he did not resign because of any City Commissioner.

NOLAN CHAFIN, DIRECTOR OF PUBLIC WORKS. Resigned June 4, 1971. While we believe Nolan Chafin to be a competent employee, he had no previous experience in City Administration prior to coming to Big Spring. After resigning he applied for the job of City Manager and was interviewed by the City Commission. After being told the job would require two years experience he withdrew from consideration. Mr. Chafin had already obtained a similar position in Victoria, Texas, prior to his resignation.

HERB PROUTY, CITY ATTORNEY. Resigned June 11, 1971. Herb Prouty was appointed by the City Manager. He had approximately 1 year experience as an Assistant City Attorney. He told some of the City Commission, more than 9 months prior to his resignation, that he was looking for another position because he was unhappy having to share a secretary with the City Manager and that there was not enough delinquent tax work to supplement his income. He had listed his house for sale more than 9 months prior to his resignation.

JAY BANKS, CHIEF OF POLICE. Discharged June 18, 1971, for good cause on vote of Commissioners, Wade Choate, Eddie Acri and Jack Watkins.

WE ASK YOU THE PEOPLE TO DECIDE WHO IS RUINING OUR CITY? HAS IT BEEN CITY COMMISSIONERS, CHOATE, WATKINS AND ACRI, OR HAS IT BEEN THE CITY MANAGER, MR. LARRY CROW, TOGETHER WITH THE IRRESPONSIBLE RECALLERS???? YOU DECIDE.

Steady does it

My sons, Jack and Freddie, are great surfboard riders. They can outride me any day, and because there's not much at which they can beat me (yet), they are tickled pink about it.

I don't mind. I remember how proud I was the day I beat my Dad at golf. He shook my hand and acknowledged that I was growing up.

I learned much from Dad. He was a lot of fun, and yet I valued just as much his serious moments. There was no doubt about his deep and abiding love for God. The memory of his quiet voice speaking of God steadied me through several rough spots in my life.

That's why on Sunday mornings I start to church with a boy on each side of me. I want God to be a reality in their lives as He has been in mine.

UTPH Announces Librarian Named

ODESSA — The University of Texas of the Permian Basin has named Dick Lamont Chappell, Logan, Utah, as its first university librarian and director of the learning resources center. He currently is associate director and systems analyst at Utah State University library. For the past eight years, he has also served as assistant professor of library science and computer science at that institution.

8-B Big Spring (Texas) Herald, Friday, July 30, 1971

'FULL-EMPLOYMENT-BUDGET' Nixonites Plan To Spend \$250 Billion In '1973'

WASHINGTON (AP) — The Nixon administration tentatively plans to spend about \$250 billion in fiscal 1973, a figure in line with its "full-employment-budget" concept.

Sources said that amount is "in the ballpark area" of the

total President Nixon wants to put in the budget he will send to Congress early next year.

But officials decline to say whether the spending limit implies another huge actual deficit in government operations.

In the 1971 fiscal year which ended last June 30, the budget deficit was \$23.2 billion. The administration, however, defended the red ink by saying the budget was really in surplus by \$2.5 billion on a full-employment basis.

In the 1972 fiscal year now under way, the deficit is officially set at \$11.6 billion—unofficially, even higher—but the administration says the government will actually show a small full-employment surplus.

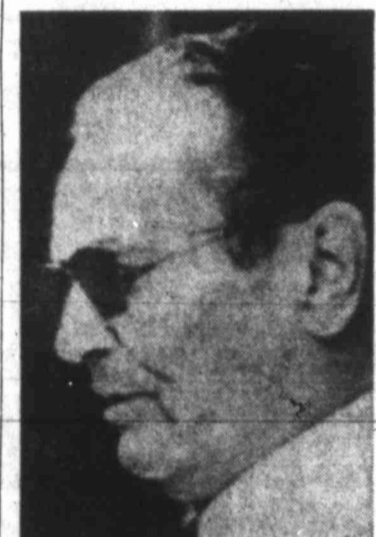

Nixon's full-employment budget concept sets the level of federal spending at the amount the economy would be expected to produce if there were an unemployment rate of 4 per cent. That concept holds that even if the economy is operating below its capacity and revenues fall short, the resulting deficit is not inflationary.

The \$250-billion figure is the administration's current estimate of full-employment revenues for the fiscal year that begins July 1, 1972. For the cur-

rent year, full-employment revenues are \$229.2 billion.

The deficit may not be as large as in past budgets if the economy picks up, generating more tax revenues through increased business activity and consumer spending, officials say.

Nixon adopted the full-employment-budget concept late last year and in his budget message called it a "self-fulfilling prophecy." By spending as if the nation were at full employment, he said, the budget would generate enough fiscal momentum to help cut the jobless rate to 4 per cent—the level considered full employment.

RE-ELECTED — Tito 79, is shown Thursday when he was re-elected president of Yugoslavia for another five-year term by a secret vote of the federal parliament in Belgrade.

Prince Charles Plunges 1,200 Feet By Chute

POOLE, England (AP) — Prince Charles has completed Royal Air Force training with a parachute jump into the English Channel.

In the first parachute jump by an heir to the British throne, 22-year-old Charles floated 1,200 feet down from an RAF plane, dipped under the water briefly, then was picked up by Royal Marines in an assault boat 15 seconds after landing.

Odessan Disputes Conflict Of Interest Rap By Senator

AUSTIN (AP) — At first glance, says Rep. Ace Pickens of Odessa, it appears Dallas Sen. Oscar Mauzy was "crying over spilled milk" when Mauzy called for an investigation of a possible conflict of interest on Pickens' part.

Mauzy told a news conference Wednesday "it would appear that a flagrant conflict of interest exists" between Pickens' job as a legislator and as a railroad lobbyist before Congress. Pickens told the Odessa American Thursday Mauzy's accusation was "utterly ridiculous and totally untrue."

"It sounds to me like a good old-fashioned case of sour grapes and I doubt if the matter is worthy of comment," said Pickens, 34, when the American contacted him in Washington. Mauzy read a letter from him to Rep. Menton Murray of Harlingen, chairman of the House General Investigating Committee, noting that the House had adopted an amendment by Pickens May 19 to Mauzy's bill liberalizing damage awards in personal injury suits. Pickens' amendment would

have exempted railroads. The bill later died in a conference committee.

"In view of his employment as a railroad lobbyist, it has been speculated that Mr. Pickens' amendment was offered in contemplation of his employment by the railroad industry rather than as a member of the House of Representatives representing citizens of Ector County," Mauzy's letter said.

Mauzy passed out copies of a clipping from the July 22 Odessa American in which Pickens acknowledged he had just gone

to work as Washington counsel for 24 railroads which do business in Texas.

Pickens told the newspaper "we had a difference of opinion on the bill, and it didn't pass because of my efforts. I thought at the time it was a bad bill and I still do. It would raise insurance rates to an unrealistic level."

Pickens, a House member since 1965, said he would probably hold a news conference in Odessa Monday or Tuesday to discuss his political plans.

Latins Claim Brutality, March Outside City Hall

SAN ANTONIO (AP) — Accusing police of brutality, Mexican-American pickets marched outside city hall and sent a spokesman before the city council Thursday.

About two dozen took part in the demonstration. Some said they were members of the Brown Berets. They displayed signs bearing such statements as "The Nazi era is over."

"The people are getting tired of undue harassment," Jose Morales of the Brown Berets told the city council. "It seems that each time a Chicano is arrested he winds up in the hospital." In reply, councilman Charles Becker said, "This city council has not attempted to whitewash anything. We're ready to blow the whistle and not cover up anything."

As the demonstration began, the councilmen were hearing a report from the Fire and Police Civil Service Commission on allegations of police mistreatment. "After thoroughly investigating all complaints, it is the un-

animous conclusion of the commission that all police officers involved were acting within the scope of their authority and in no case was unnecessary force demonstrated by a police officer." Commission Chairman Frank Manupelli said. The commission reached its decision after hearings on six claims of police mistreatment filed by the Mexican-American Legal Defense Fund.

Milk To Beer

PORT ELIZABETH, South Africa (AP) — Volleyball star Gert Goedhals says he drinks beer because his doctor advised him to give up milk. Goedhals played volleyball for the Netherlands from 1957 to 1964 before settling here.

As an international player he found that he perspired too much and suffered from a kidney stone. "My doctor said I drank far too much milk and advised I should drink beer instead. I have always followed his advice," says Goedhals.

RECALL IS RIGHT

When officials in office have failed to perform their duties under terms of their governing charter.

The democratic process guarantees the people their right to make a choice.

YOU HAVE A CHOICE TUESDAY By VOTING FOR RECALL

(CARE—Pol. Adv.)

THE MAKE-YOUR-DAY DUO... here a shift, there a cardigan, together an Act III twosome that's easy as kindergarten yet sophisticated as a knowing glance. The sleeveless stand-up-collared dress in textured solid tones of chestnut, black, navy or wine... its tankjacket is computer patterned in matching color with white contrast. Tomorrow's ensemble, in double-knit Dacron® polyester, sizes 8 to 16. **60.00**
