

POWELL OWNS SECURITIES WORTH MORE THAN \$1 MILLION

Court Nominee Quizzed About Stock Holdings

WASHINGTON (AP) — Lewis F. Powell Jr. testified today that, if confirmed by the Senate as a Supreme Court Justice, he will dispose of stocks in companies likely to be involved in litigation or disqualify himself from sitting in cases in which he has an interest.

Canon of ethics should be strictly construed in respect to conflicts of interest. "I certainly do," replied Powell, a former president of the ABA and rated by its committee on the federal judiciary as qualified in an exceptional degree to serve on the Supreme Court.

He testified his security holdings are "a troublesome problem" but that he was prepared to dispose gradually of stocks in companies likely to be involved in litigation before the Supreme Court where this can be done without substantial loss.

He identified this company as Sperry and Hutchinson, in which his financial statement disclosed he owns 8,462 shares currently worth nearly \$320,000.

legally binding on the judiciary, but he said he would adhere to their guiding principles. Powell, nominated by President Nixon to succeed the late Hugo L. Black on the court, made a brief appearance before the committee last Thursday when he was presented by Virginia's senators.

created by the retirement of John M. Harlan. Once Powell's testimony is completed, the committee plans to hear from spokesmen for the Leadership Conference on Civil Rights, Americans for Democratic Action, and other outside witnesses.

The ABA's 12-member committee on the federal judiciary, in a unanimous report last week, said: "Mr. Powell meets, in an exceptional degree, high standards of professional competence, judicial temperament and integrity."

TEENAGE GIRL

Begged Killer 'To Have Mercy On Me'

FLINT, Mich. (AP) — A 17-year-old girl was killed, as a group of persons looked on, by a man who ignored her pleas for mercy and laughed as her body was carried away, the Detroit Free Press quotes a "witness" as saying.

The newspaper quoted what it described as a witness as saying the actual killer of Kathleen Ann Gilbert of Flint was still at large, even though two persons have been arrested and charged with murder in the case.

The unnamed witness exonerated a Vietnam veteran and his girl friend who have been charged and blamed a man who allegedly contracted venereal disease from the victim, the newspaper said.

The body of Miss Gilbert was found Thursday in a marsh. Authorities said she died Oct. 19. The witness was quoted as saying he and about 20 other members of a loosely knit "social club" known as the "Satanical Angels" had gathered at a deserted house to discuss how to punish Miss Gilbert for allegedly setting up a girl friend and fellow gang member for a gang rape.

Several persons grabbed Miss Gilbert and tied and gagged her. The killer struck the victim several times, and most of the 20 or so persons left as the brutality increased.

Miss Gilbert also was slashed with a knife and shot with a shotgun and "after he shot her, she passed out."

Later the girl regained consciousness, was gagged and begged the killer to "have mercy on me."

After she died, several persons helped carry the body out. The killer was laughing.

Charged Friday night were Raymond L. Humbel, 22, and Lee Musser, 17, both of Flint. The witness in the newspaper account stressed that they were not involved in the killing.

County prosecutor Thomas J. Kinzer Jr. said the Free Press, which carried the story in Sunday editions, had not relayed any information to him from the alleged witness concerning the identity of the killer. He said Humbel and Mrs. Musser had been arrested on the basis of evidence and the investigation was continuing.

SET SELF ON FIRE TO 'PROVE HIS LOVE'

DEARBORN HEIGHTS, Mich. (AP) — Doctors at the University of Michigan Hospital's burn center fought today to save the life of a Dearborn Heights youth who, according to a witness, set himself on fire to "prove his love" for his teen-age girl friend.

Robert Franklin Lucas, 19, had third-degree burns over 80 per cent of his body after, police said, he doused himself with gasoline and lit it in the backyard of his girl's home Sunday night.

Debra Ruth Young, 16, watched as the youth struggled to the porch and collapsed. Her father, John Young, 40, smothered the flames with a blanket, suffering burns on his hands.

Young said Lucas apparently believed Debra intended to break off their relationship, and reported that the youth said he did it to prove his love.

BODIES OF THREE WOMEN FOUND

HOUSTON (AP) — Bodies of three young women have been found near Houston within four days.

Police say there is no known link in the homicides. The body of the third victim, Linda Faye Sutherland, 21, a key punch operator who had been missing since Wednesday, was found Sunday in a ditch near Pearland.

'RADICAL JACK' DISMISSED

TALIAHASSEE, Fla. (AP) — A self-styled Marxist student at Florida State University has been dismissed from the school indefinitely for allegedly disobeying orders to stop teaching a non-credit course on revolution.

Michael Beaudoin, an FSU spokesman, said Sunday that Jack "Radical Jack" Lieberman was dismissed by President Stanley Marshall after a hearing on Lieberman's activities in teaching a course called "How to Make a Revolution in the U.S.A."

(AP WIREPHOTO)

PARAPLEGIC ROUTS INTRUDERS, KILLS ONE — John E. Clark, 63, a former private investigator who has been bedridden for 20 years following an automobile accident, smokes a cigar at his mother's nursing home after he shot and killed one of three youthful intruders terrorizing and attempting to rob patients and employees of the home. Clark told police he fired at the intruders only after firing three warning shots and they were about to attack him in Boston.

County Dads Pick Only Four Cooperation Areas

County Commissioners today drew up a four-item list of priority areas they would like to see further studied for possible inter-governmental agencies cooperation.

In order of priority, commissioners selected combined purchasing and warehousing, combined delinquent taxes assessment and collection, a city-county agreement for fire protection, and combined maintenance of equipment and vehicles.

City Commissioner Jack Watkins, chairman of the four-member committee designated to propose areas for combining

governmental services, and County Commissioner Jack Buchanan, representing the county on the committee, presented a list of combined services proposed last Wednesday by the committee.

Watkins asked the court to select 10 areas for priority study by the committee, but County Judge A. G. Mitchell and members of the court said that 10 were too many, and that it would be better to study four and later go into the other items.

The same list of proposed areas will be submitted this week to the city commission,

the Big Spring Independent School District Board of Trustees, and to Trustees of the Howard County Junior College. Representing the other agencies on the committee are City Commissioner Wade Choate, BSISD Trustee Ralph McLaughlin and HCJC Trustee Harold Davis.

After each agency has selected their priority items, the items selected by a majority of the commissions and school boards will be studied by the committee, and proposals for implementing the combined services will be made and submitted to the four agencies, according to Watkins.

Shootings Stop Delivery Of Paper's Late Editions

NEW YORK (AP) — Two New York Times delivery truck drivers were shot, one fatally, during an argument with a pedestrian outside the newspaper's offices Sunday night. A subsequent protest work stoppage by other drivers halted distribution of the paper's late editions.

John Pomfret, assistant to the publisher of the Times, said the drivers stopped work about 1:15 a.m., two hours after William J. O'Connor, 48, and James Moffat, 43, were shot during the argument outside the 43rd Street loading dock. O'Connor was killed.

Pomfret said a business agent of the Newspaper and Mail Deliverers Union denounced "conditions in the area" in a speech to the drivers and the strike followed.

The presses then were turning out the first of the paper's editions to carry an account of the shooting. It did not reach the streets. "We lost virtually our entire late city edition," Pomfret said.

The shooting occurred shortly after 11 p.m. Police said O'Connor, Moffat and Patrick Lagan, 25, were backing their trucks into the loading platforms when one of the trucks narrowly missed hitting a man identified as Carmine Smith, 35.

A quarrel followed and O'Connor jumped from his truck and knocked Smith to the ground with one blow, police said. Smith got up, drew a .25 caliber revolver and shot O'Connor in the heart, killing him, police said.

When Moffat came to O'Connor's aid, the gunman shot him

in the lower back and turned the gun on Lagan. Lagan dropped to the ground and the gunman turned and ran.

With several other drivers, Lagan gave chase as the man ran into a Times Square subway station and then out on 42nd Street where two plainclothes policemen seized him.

HARRASSED OVER ATROCITY CHARGES AGAINST SENIOR OFFICERS

Lt. Col. Herbert Submits Resignation

ATLANTA, Ga. (AP) — "I have been shot five times and bayoneted three times, none of which was as painful to me as the decision I must now announce," said Lt. Col. Anthony Herbert in revealing plans to quit the Army early next year.

Herbert, the most highly decorated U.S. enlisted soldier of the Korean War, revealed Sunday he would submit a request today for retirement because of alleged harassment resulting from his charges that fellow officers covered up Vietnam atrocities.

"Thus I end a career," said

the 41-year-old native of Herminie, Pa., who has spent 22 years in the service. The retirement statement was issued through his civilian attorney, Morris Brown of the American Civil Liberties Union.

Herbert cited what he termed "intolerable" stress on his family and personal harassment by the Army as factors contributing to his retirement. He said he is eligible to retire Feb. 29, 1972.

In Washington, the Pentagon declined to comment. Herbert has declined to speak

personally with the news media recently, because, "his attorneys say, he is under too much impression the Army has prohibited him from doing so without written permission from superiors."

A firm denial of the charges of harassment and "muzzling" was voted last Thursday by Col. Tom Reid, deputy commanding officer at Ft. McPherson where Herbert is stationed.

But Brown said Herbert "has made every effort to obtain within the Army the right to speak freely" and has been "repeatedly denied that right."

"The attempts—thus far successful—to silence Col. Herbert have included the cancellation of previously granted permission to appear on national television; the cancellation of leave time granted and the refusal to grant him a portion of his 63 days earned leave time; and now the requirement of Pentagon level approval of interviews to which he is willing to submit."

FEUD WITH ARMY
Herbert's feud with the Army flared openly last March after he accused Maj. Gen. John W. Barnes and Col. J. Ross Frank-

lin of dereliction of duty and misprision (concealment of a felony) for allegedly failing to pass on reports of what Herbert called incidents of murder and torture of civilians in Vietnam in 1969.

Charges against Franklin were dismissed last July and those against Barnes were dropped when Maj. Gen. Roland M. Gieszer, commander of the military district of Washington, concluded "the available evidence did not establish the commission of alleged offenses."

Seek Changes In Water Bill

KEY BISCAYNE, Fla. (AP) — The Nixon administration is not happy with all aspects of a Senate-passed clean water bill and will seek changes in the House, press secretary Ronald L. Ziegler said today at the Florida White House.

Ziegler told reporters the administration will seek public hearings by the House Public Works Committee with the hope that "a workable piece of legislation will be the end result."

Ziegler spoke after the New York Times, in a dispatch from Washington, reported the White House was campaigning intensively among state governments to promote a relaxation of tough water pollution control provisions in the Senate bill.

The White House spokesman said that to suggest the administration is less than enthusiastic about efforts to clean up the country's water "is a partisan charge that some like to make."

PUBLIC JOBS
However, he acknowledged that a major administration aim is to give the states a larger role in formulation of the legislation.

Nearing the end of a weekend

The ... INSIDE ... News

The government says the only initial adverse effects from the Amchika underground nuclear blast are minor ones. Scientists now look toward the use of underground nuclear explosions to tap new sources of natural gas. See Page 4.

Navy is taking a look at its corrections system. Most sailors doing time can now expect weekly visits from their skippers. See Page 4.

respite here, Nixon in another move has called on state and local authorities to "move with speed and vigor" to fill 70,000 authorized but vacant public service jobs.

About \$1 billion has been available since August to create 100,000 jobs in an effort to ease unemployment. Only about 30,000 have been filled, however.

Nixon, who planned to return to Washington tonight, sent letters to 14,000 state, county and local officials to urge an aggressive approach to the program he signed into law July 2. The Florida White House made the letter public Sunday night.

Road, Bridge Head Resigns Position

Hollis Randell, road and bridge administrator, this morning submitted his resignation, effective Dec. 1, to county commissioners court.

"Under the conditions at the present time I think it best that I submit my resignation," said Randell. Randell declined public comment on the "conditions" that resulted in his resignation.

Commissioners Bill Crooker and Jack Buchanan expressed regret at Randell's resignation. "I know that there have been problems with the weather, employees and policies and several other obstacles to overcome, and I think you have done a good job of overcoming them," said Buchanan to Randell.

Randell said that he has no plans at present, except to travel for a time after Dec. 1. Randell is a retired state highway department employee.

In other action commissioners order any costs of parts and labor incurred by the road and bridge department in behalf of another county department be charged against the other department. Commissioners had specific reference to any work done on county-owned vehicles not in the road and bridge department.

Randell was instructed to pick up two fire trucks purchased by the county through the Civil

Defense Department as soon as notification of county ownership is received.

Commissioners were to meet this afternoon with County Agent Bruce Griffith and members of the county show barn committee to discuss plans for the renovation of the two show barns at the rodeo bowl.

City Commissioner M. R. (Frog) Koger was to meet with the court also this afternoon to discuss the county's assistance in clearing rocks off some city-owned property.

Delta Kappa Gammas Conduct Workshop

A RETIRED TEACHER, Mrs. Neil Cummings, registers for the regional convocation held here by Delta Kappa Gamma. At right, assisting with the registration, is Mrs. Eulalie Mitchell.

"Delta Kappa Gammas want the good, the freedom, the opportunities of service and the satisfaction of a task well done to begin in each of them," said Mrs. Marie Ward, luncheon speaker Saturday at Delta Kappa Gamma's regional meeting.

"If so," she continued, "that expansion, progress, freedom of ideas and the right for progressing without the thought of losing the rich and lovely traditions and heritage of society will come with each of us as we observe involvement in the scintillating seventies. We must concentrate on forces that influence individual fulfillment. Our aim is providing opportunities for all, so that responsible, mature, human beings may live in freedom and dignity."

Big Spring's Beta Kappa Chapter, headed by Mrs. Cass Hill, was the host group for the regional workshop. Except for a breakfast at Holiday Inn, all events were conducted at Big Spring High School.

The attendance certificate went to Delta Phi Chapter of Andrews, with 16 members attending. The participating chapters, other than the host group, and their presidents were Delta Phi, Mrs. Pearl Bisbee; Delta Iota Chapter of Odessa, Miss Jill Jones; Epsilon Eta Chapter of Midland, Mrs. Frances Walker; Zeta Kappa Chapter of Odessa, Mrs. Jewell Miller; Zeta Xi Chapter of Midland, Mrs. Jann Buttery; Theta Mu Chapter of Odessa, Mrs. Barbara Foster; and Theta Tau Chapter of Wink, Miss Eileen Tripiett.

The conference theme was "And Let It Begin With Me." Regional directors of Alpha State participating were Miss Miltia Hill, past president; Mrs. Marie Ward, area director; and Miss Virginia Grove, program chairman. Miss Hill presided for the President's Breakfast at Holiday Inn and later, gave the invocation for the opening sessions at the high school. Miss Grove presided.

Theta Tau Chapter of Wink was in charge of the first workshop, "Improving Self-Concepts." The panel concluded that a person needs self-actualization, self-esteem, respect, love, belonging and safety, noting that "We may become shallow persons if we fail to have the six basic needs."

"In Adapting to Change" was suggested areas of involvement for DKG groups and described projects which some chapters had undertaken. These included work at a cerebral palsy center, a tape-lending library for students with severe reading problems. An "opportunity center" for retarded persons who cannot comply with public school requirements for special classrooms, nursing homes and recreation centers.

The last session, entitled "And It Began at Southwest Regional in Wichita" concerned DKG membership and chapter construction, relating advantages of two different sized groups. It was announced that the International Achievement Award went to the founder, Roy King of Fort Worth. The 1972 international convention will be held in Houston July 31-Aug. 6. The next state convention is slated in Fort Worth.

The luncheon invocation was by Mrs. W. M. Irwin, and music was by Mrs. Carl Bradley and Mrs. W. T. McRee.

REGIONAL DIRECTORS of Delta Kappa Gamma chat with Mrs. Cass Hill, Beta Kappa Chapter president, at left, during Saturday's meeting at Big Spring High School. The directors are Mrs. John Ward of San Angelo, Miss Sarah Miltia Hill, Eldorado and Miss Virginia Grove of Snyder.

A LOVELIER YOU

Clothes For 'Heavies' With Slimming Lines

By MARY SUE MILLER
Many fashion designers direct their talents to dressing plump half-sizes. Stores devote a section to the size range. Yet you hear women say, "I've given up trying to find smart clothes. There's nothing with any style for the short, heavy figure."
Well, try again. This winter, clothes adroitly unite flattery and the newest fashions. These are the details to look for:

- Skirts eased via gores or unpressed pleats.
- Cardigan jackets, hip-bone length, with roomy armholes.
- Dresses featuring V-necklines, lightly-fitted long sleeves, narrow belts that sit easy at the natural waistline, and skirts with "walking" room. Always avoid a tight fit, lest it accentuate curves.
- Coats - moderate fullness,

hanging from a neat shoulder-line.

- Fabrics - light in weight, but with some body. Never clinging.
- Color - black with touches of light if desired; navy, rich browns, fir green, the deeper shades of plum and grape, medium-sized, scattered prints.

Dates Set For Club Tournaments

Bridge club tournaments begin next week at Big Spring Country Club. Wednesday games start at 10:30 a.m., and Friday players begin at 1 p.m. La Gallina players will also have their tournament Friday, beginning at 10 a.m.

Mrs. Ward Hall and Mrs. R.E. Dobbins won first place in Wednesday's games. There was a tie for second and third between Mrs. R. H. Weaver and Mrs. Elmo Wasson, and Mrs. Ray McMahan and Mrs. D. A. Brasel. In fourth place were Mrs. Charles Thompkins and Mrs. Hayden Griffith.

Friday winners were Mrs. E. O. Ellington and Mrs. Wasson, first; Mrs. Hudson Landers and Mrs. E. L. Powell, second; Mrs. Malcolm Patterson and Mrs. Jack Irons, third; and Mrs. Dobbins and Mrs. A. McGann, fourth.

CORRECTION

Mrs. Harvey Wooten displayed men's ties she had made for City Home Demonstration Club Friday, rather than Mrs. Harvey Hooser as reported in Sunday's Herald. Mrs. Wooten also discussed methods of making the ties and the material and patterns available.

Survey Committee Slates Meeting

The public is invited to a slide presentation of Texas Forts Trail at a meeting of the Howard County Historical Survey Committee at 7:30 p.m. Tuesday in the county library. A report on the recent state meeting in Del Rio will be given. The public may also attend the Dec. 14 meeting at the library to hear Tom Adams discuss archeology and his findings in Edward County.

Food Containers

Any wide-mouth plastic containers with lids can be used for refrigerator storage, or shelf storage for flour, sugar and other foods that are susceptible to ants or weevils.

'What Is A Jew?' Is Question Asked, Answered By Speaker

"Judaism is not a race, not a religion and not a culture, but a complex combination of all these things," said A. J. Prager, guest speaker for the 1930 Hyperion Club Saturday in the home of Mrs. Malcolm Patterson.

During his talk entitled "What Is a Jew?", Prager briefly traced the 4,000 year history of the Jewish people and the guiding principals by which they live.

"The strength of family life is the core of Jewish heritage," Prager said. He cited the small number of Jewish youth who get in trouble with the law, and said "a child who has been taught to obey the laws of God

has little trouble obeying the laws of man."

A question and answer period followed the program. Mrs. Marvin Miller presided at the business meeting, and members agreed to contribute to the toy and food fund at the Salvation

Army. Mrs. E. L. Powell was cohostess, and Mary Guthrie of Aspen, Colo., was a guest.

The next meeting is at 3 p.m., Dec. 11 in the home of Mrs. Horace Garrett, 715 Edwards Blvd.

Marijuana Rarely Leads To 'Horse,' Pros Claim

CHICAGO (AP) — The use of marijuana rarely leads to use of addicting narcotic drugs, two University of Washington researchers say.

They studied 106 men, ages 21 to 41, who used marijuana and report their findings in the Nov. 8 issue of the Journal of the American Medical Association.

The researchers, Albert S. Carlin, Ph.D., and Robin D. Post, M.A., are with the university's department of psychiatry in Seattle.

Their subjects typically used marijuana three times a week, but some had stopped using it altogether and others used it several times a day.

Sixty per cent were students and 23 per cent were workers; the rest were unemployed or "dropped out."

About three-fourths of the subjects reported having experimented with psychedelic drugs—LSD or mescaline. Only 6 per cent reported having experimented with either heroin or morphine, and these only once or twice.

Twenty-seven per cent said they had experimented with smoking opium, generally 10 times or fewer.

All the subjects, the researchers said, denied having developed either a physical or psychological dependency to opiate drugs.

Carlin and Post note that previous assertions that use of marijuana leads to use of heroin have relied upon data obtained from those who use the harder drugs and that data have failed to show how many who use marijuana do go on to the addicting drugs.

From their own findings, they say, "it appears that one of the greatest fears of marijuana use, that of graduation to ad-

Filipinos Cast Votes, Death Toll Nears 200

MANILA (AP) — The death toll neared 200 today as Filipinos elected eight senators and 15,093 local officials in the most violent election in their history.

Sixteen election-related deaths were reported by noon, raising some unofficial tabulations to 178 since the campaign started. Officially the death toll was put at 141 through Sunday night, but all news media reported much higher figures. The toll was more than double that in the most violent previous campaign, in 1967, when 75 persons were killed.

Showers Dot West Texas

By The Associated Press

A high pressure ridge over East Texas brought clear skies early today with West Texas skies also cloudless.

Elsewhere it was cloudy and light showers fell over the Panhandle and in the Brownsville area during the night. A band of showers developed to the west of Midland before dawn.

The predawn temperatures ranged from the 30s and 40s across the western portion of Texas to near 60 in the lower tip of the state.

The National Weather Service said widely scattered showers were expected to move across west and Northwest Texas today and some light rain will spot Coastal Plains.

SECOND TERM

Marcos, who won a second four-year term in 1969, said the Communists were supporting the Liberal candidates and that the election would be a referendum for his programs of anti-communism and peaceful revolution.

The Liberals campaigned hard on issues such as inflation, pointing out that the price of rice is more than four times higher than when Marcos took office. They accused the administration of corruption and of creating a climate of violence.

Election officials said they hoped to have complete results by late Thursday. Decisions in the senate races and the major mayoral and gubernatorial contests may be known by early Wednesday.

Dowdy Trial Begins Today

BALTIMORE (AP) — The oft-delayed trial of Rep. John Dowdy, D-Texas, on charges of accepting a \$25,000 bribe to help a Baltimore businessman in a government deal was scheduled to begin in federal court today.

Dowdy whose case was postponed for more than a year because of the legislator's poor health, has been declared fit to stand trial by Judge Roszel C. Thomsen who will hear the case in U.S. District Court.

The lawmaker from Athens, Tex., allegedly transported the bribe money across state lines. The government contends that the \$25,000 was used to influence a Justice Department investigation of the Monarch Construction Corporation of Silver Spring, Md., a now-defunct home repair firm.

Dowdy, 59, is also charged with five counts of perjury, two counts of conspiracy and one count of crossing state lines to carry on an unlawful activity.

Don't Kid Yourself

Jean Adams' TEEN FORUM

LIFE AT 13: (Q.) Thirteen is too young to be kissing? Quit living in the past. Be real. Make it more like five is too young to be kissing.

Maybe kissing at 13 was against the law when you were 13. I didn't live then. I live now. Just try not to kiss and guess what you'll get called. If you're in love now you can go as far as you want.

Times change. You had better learn to. — 1971 Girl in Texas

(A.) I do know what you will be called (and probably correctly) if you keep practicing the policy you are preaching at age 13.

It is not a nice word. Please don't try to kid yourself. You won't be 13 forever. You will be 14, 15, 16, 17, 18, 19 and on and on. Somewhere in there, unless you change your ideas and your habits, you will be in trouble.

COOLNESS: (Q.) I have liked a girl for about six months. I gave her a necklace. She wore it a while, then quit. She talks about other boys. But when somebody calls her my girl friend she doesn't argue with them.

She won't dance with me. I can't call her on the phone because her mother makes all kinds of rules about what she can't do. How can I find out if she likes me or doesn't? — Outsider in Virginia.

(A.) One of two things has happened to cause all this negativity. The girl has either lost interest in you or her mother has ruled you out for some reason.

Talk to the girl, face to face. Ask her what the facts are and if she still wants to be your girl friend.

If the answer is no, ask her the reason, either hers or her mother's. Knowing this will help you to get along better with your next girl friend.

ADVERSE EFFECTS FROM UNDERGROUND BLAST MINOR

Nuclear Rips To Tap New Sources Of Natural Gas?

AMCHITKA ISLAND, Alaska (AP) — A government spokesman says the only initial adverse effects from the Amchitka underground nuclear blast were minor ones. Scientists now look forward to the use of underground blasts elsewhere to tap new sources of natural gas.

Atomic Energy Commission officials said they were pleased with the results of the Amchitka explosion and plan no further nuclear tests on this bleak Aleutian island between the Bering Sea and Pacific Ocean.

It is conceivable, AEC officials say, that a new test of the use of nuclear explosions in the production of natural gas could come as early as late next year near the small mountain community of Rio Blanco, Colo.

Hundreds of similar explosions could follow beneath the hills of Colorado, Wyoming, New Mexico and Utah. AEC officials also expect that this peaceful use of atomic energy will meet with many of the same protests that met Saturday's Cannikin explosion here, a test of a warhead for the Spartan antiballistic missile.

The AEC said that post-detonation examination of the island has discovered only minimal environmental damage. The only casualties discovered thus far, the AEC said, were an injured sea otter, several dead birds, a destroyed nesting area and a small freshwater lake.

BALD EAGLES — The otter, the birds and the nesting area—of either bald eagles or peregrine falcons—were apparent victims of massive rock slides touched off by the United States' most powerful underground explosion. The small lake near ground zero drained away when the nearly 5-megaton blast ripped a crack in the lake bed, the AEC said.

Henry Vermillion, an AEC public affairs officer, stressed that the AEC's findings were incomplete. He said the search for more subtle environmental damage—which the AEC hopes it won't find—will continue for at least a year.

Environmentalists, who fought a losing battle against the test all the way to the U.S. Supreme Court, contended there was a possibility the explosion would touch off natural disasters and inflict severe damage to the environment and wildlife.

EARTHQUAKE — The blast gave birth to an earthquake which registered 7 on the Richter scale, but it was felt no further away than an island some 200 miles distant. No seismic sea waves developed. And the AEC said scores of monitoring devices on the finger-shaped island showed no trace of radioactivity.

James R. Schlesinger, AEC chairman, took his wife and two of his children to the barren, uninhabited island to demonstrate his faith in Cannikin's safety. He later said the test was "amply justified."

Operations Are Routine — A pair of completions, a pair of locations and an abandonment were on Monday's oil report. Most of the operations were routine drilling and testing in Martin County's Spraberry Trend area.

COMPLETIONS — DAWSON — Henry & Londenberger No. 1-Y Yates, 1,495 from the south and 1,270 from the east lines of section 38-34-29, 7,679 total depth 9,200, plugged back to 9,148, the 4th casing set of 9,190, perforated 8,908-9,028, initial flowing potential 15 barrels oil per day through 8 1/2 inch casing, gravelly 39.4, gas-oil ratio 686.1, fraced 80,000 gallons, plus 160,000 pounds.

LOCATIONS — (Amendment) Burr Royalty Co. No. 1-29 Spraberry, 1,220 from the south, east line of section 35-18m SPRB, 20 miles southwest of Colorado City, 1,000 feet.

ABANDONMENTS — GLASSCOCK — Willard - Roger D. Allen No. 1 Clark, 680 from north and east lines section 17-28-45, T&P, 10 miles northeast of Garden City, abandoned at 2,913 feet.

DAILY DRILLING — MARTIN — Adobe No. 1-A Hillier drilling at 4,605, 8,970 from the south, set 5 1/2 in. on bottom.

THIEVES TAKE MONEY ORDERS — Howard County Sheriff's deputies are investigating a break-in which was reported this morning at Caldwell's Inc. (now Price's Construction Co.) on the Snyder Hwy.

CLARENCE SHAW, FUNERAL PENDING — Funeral is pending at River-Welch Funeral Home for Clarence Shaw, 86, who died this morning in a local hospital.

NO DUMPING, EH? — Well, maybe just once, but does it have to be the whole truck? At Lakewood Estates on Highway 82 east of Texarkana, this dump truck backed up too close to the edge of a ditch and — wouldn't you know it? — slipped right in next to the "no dumping" sign. According to witnesses, the truck was hauling dirt rather than trash.

1971 Cotton Crop For Texas Guessed — WASHINGTON (AP) — The Agriculture Department estimated today the 1971 cotton crop at 10,718,900 bales, an increase of 18,000 from the October forecast and five per cent more than last year. The Texas crop was estimated at 3,132,000 bales and the per acre yield at 308 pounds.

DEATHS — Mrs. Bledsoe, C-City Rites — COLORADO CITY — Mrs. Arthur Bledsoe, 95, former longtime resident of Mitchell County, died Saturday in Brookshire after a brief illness.

ALMA M. BISHOP, C-CITY RESIDENT — COLORADO CITY — Miss Alma Maurine Bishop, 21, died at 4:35 p.m. Saturday in Root Memorial Hospital after a brief illness. She had lived here most of her life.

CLARENCE SHAW, FUNERAL PENDING — Funeral is pending at River-Welch Funeral Home for Clarence Shaw, 86, who died this morning in a local hospital.

THIEVES TAKE MONEY ORDERS — Howard County Sheriff's deputies are investigating a break-in which was reported this morning at Caldwell's Inc. (now Price's Construction Co.) on the Snyder Hwy.

Navy Looking At Its Corrections System

WASHINGTON (AP) — Most sailors doing time in the brig can now expect weekly visits from their skippers, who have been ordered to lend them "a sympathetic ear, sound advice" and a boost back up.

YOUTH CENTER DANCE SUCCESS — Progress toward a permanent youth center in Big Spring is advancing, according to Norman Piquet, adult advisor and chairman of the adult board of directors, and the first fund raising event of the center was reported as a big success Saturday night.

MARKETS — STOCKS — Volume 3,230,000, 30 Industrials up 3.28, 15 Utilities up .39, 29 Railroads up .18, 15 Chemicals up .18, 15 Textiles up .18, 15 Metals up .18, 15 Paper up .18, 15 Food up .18, 15 Drug up .18, 15 Misc up .18.

Nixon Slated To Announce End Of U.S. Ground Combat

SAIGON (AP) — American military strength in Vietnam dropped another 5,600 men last week to 191,100, the U.S. Command reported today. It was the biggest weekly cut in six months.

VANDALS TRADE GUNS FOR PAINT — Big Spring vandals have apparently laid down their pellet guns and taken up paint brushes, according to vandalism reports in the city.

WEATHER FORECAST — Sunny skies are forecast for most of the nation today. Showers are forecast from East Texas to the Mississippi Valley and rain is expected for northern Pacific coast. Snow flurries are expected in the Great Lakes region. A warming trend is forecast for the southern areas with colder temperatures elsewhere.

Sleepwalker

Dear Abby
Abigail Van Buren

DEAR ABBY: My husband insists upon sleeping in the raw. I personally have no objection to this, but he is also a sleep-walker. We have four children, including a teen-aged daughter, and George has been known to roam all over the house in his sleep. He has also walked outside on both front porch and back in this unclothed state.

When I notice that George is gone from our bed, I go and find him and gently lead him back. Is there some way I can talk him into wearing pajamas, "comfortable." But under the circumstances I think he should try to get used to them, don't you?

GEORGE'S WIFE: Yes, if you can't talk George into pajamas, compromise, and try to talk

and clothes and he spends the money he earns as he pleases. How can we get through to him?

GENERATION GAP
DEAR GAP: If his reputation suffers because of his actions, it's his reputation. You refer to the "kind" of girl she is. All kinds of girls have found themselves in that predicament. (She may be a wonderful girl.) Why don't you get to know her? That would be the first step in closing the generation gap.

DEAR ABBY: I've been wanting to write to you for years, but being quite happily married and with no major problems with my four kids, I haven't had to until now.

You goofed! You told a woman whose son accidentally broke her neighbor's window she should have had the window repaired and paid for it.

Abby, almost everyone who owns a home and resides in it has "homeowner's insurance," which means, if any member of one's household accidentally causes damage to someone else's property, the damage is paid for by the insurance company.

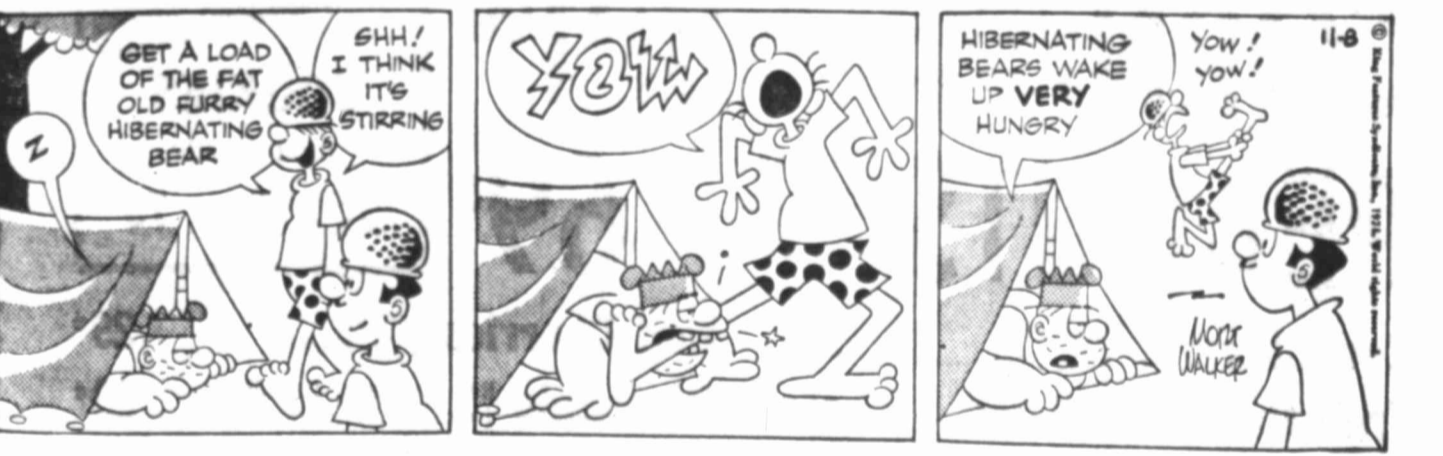

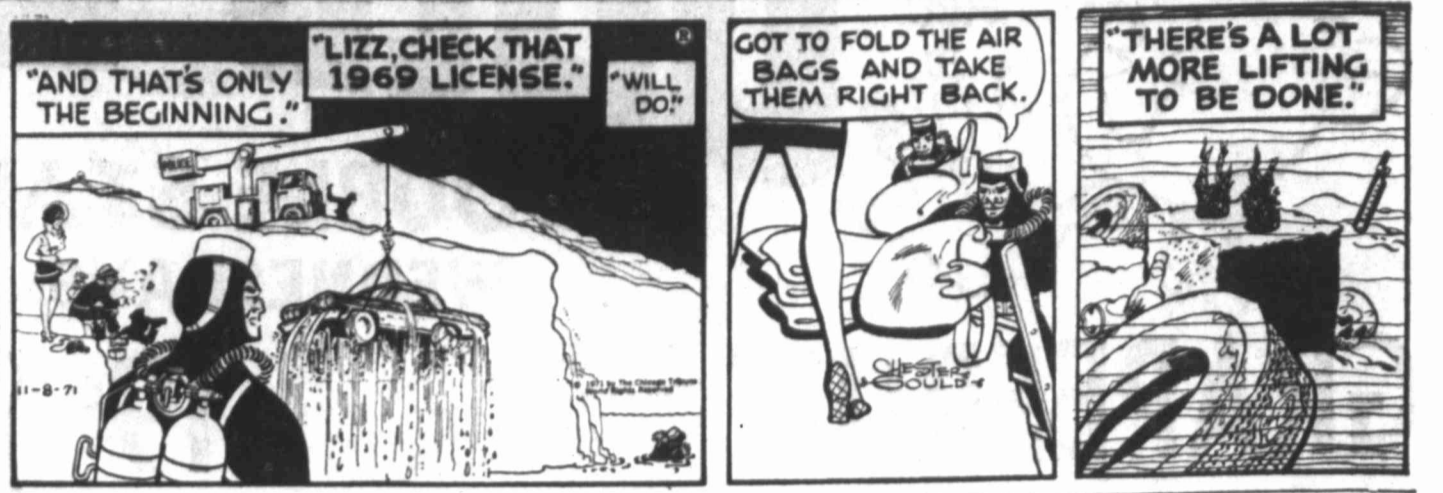

Example: My son knocks a ball through someone's window.

Court Reverses Beach Boy Case

LOS ANGELES (AP) — A federal court reversed itself and granted Carl Wilson of the Beach Boys permission to carry out a unique alternative service program under the U.S. Selective Service Act.

Wilson will be allowed to satisfy his draft obligation by performing with the Beach Boys at prisons, hospitals and orphanages.

For Abby's new booklet, "What Teen-Agers Want to Know," send \$1 to Abby, Box 69700, Los Angeles, Calif. 90069.

Avoid Emphysema

Your Good Health
Dr. G. C. Thosteson

Dear Dr. Thosteson: I have read quite a bit about emphysema and have known two people who suffered from it. One died.

But nowhere have I seen anything on what a reasonably healthy middle-aged person (45) like myself can do so my chances of contracting it are lessened. — Mrs. N.J.

You have a head start by being a woman, because emphysema is more common in males. I have noticed, though, that women with a strong asthmatic tendency are more prone to develop emphysema — so such women do well to use medications which control respiratory distress. Desensitization to limit allergies causing asthma also can help.

Specifically, we cannot say we know exactly what causes emphysema, so an exact preventive can't be specified. In general, though, it is observable that chronic bronchitis very often accompanies emphysema.

Coughing, infection, irritation of the lung lining seem to be an unholy alliance in the emphysema picture. Among known lung irritants, cigarette smoking is at the top of the list. Cigarettes alter the structure of the bronchial tubes, cause cough and irritation, all of which damages the lungs to some extent.

A history of heavy cigarette smoking almost invariably is found in emphysema patients, and there is little if any point in trying to treat such patients unless they quit smoking.

"Heavy" cigarette smoking is a term often heard but seldom defined. Let's say that more than 10 a day is "heavy."

Obesity is a factor in some patients.

Occupations doubtless are factors if they expose people to fumes or particles that irritate the lungs. Years ago emphysema was sometimes called "the glass-blower's disease," but how accurate a name for it that was, I do not know.

Anyway, the thing you can do to make emphysema less likely are to avoid heavy use of cigarettes; use what measure you and your doctor can to minimize asthma or bronchitis; if you are fat, reduce.

But do not worry about emphysema solely because you are 45 or older.

Dear Dr. Thosteson: Is it true that a person who has no gall bladder must watch his diet? My father is 78 and refuses to see a doctor. He complains of brown spots showing up on his face and arms, but we are concerned about his yellow complexion. Could eating food he shouldn't

cause this? He eats nuts and chocolate and butter and such. We are afraid of a liver condition. If you wrote about it, he might take warning, as he believes everything he reads on any medical subject. — Mrs. G.E.D.

Most folks without a gall bladder tolerate a well-balanced diet, and I don't see why the foods you mentioned should bother him.

I can't comment on the brown spots (unless they are just "age" spots) but the yellow color could be jaundice, meaning a liver disorder.

Such yellowness also can come from excessive eating of yellow vegetables (a condition called carotenemia) but it isn't common and it takes a whopping lot of yellow vegetables to do it.

My serious advice is that he see his doctor and thereby perhaps forestall serious liver trouble.

DON'T FORGET. HIRE THE VET!

Mutual Disenchantment

As American influence in South Vietnam recedes along with the number of U.S. troops there, Ngo Dinh Diem appears to be undergoing a posthumous political rehabilitation.

Diem was deposed as president by a military coup on Nov. 1, 1963, and slain the next day. A memorial service on the eighth anniversary of his death indicated a change in attitude toward the former president.

For the first time, a large crowd gathered at Diem's grave. Several prominent politicians and President Nguyen Van Thieu's wife attended the memorial service. The grave was decorated with a portrait of Diem and an immense Vietnamese flag.

There were clear political overtones in the service. Van Thanh Cao, a retired general, praised Diem's efforts to resist "the foreigners' will to dominate Vietnam, against the scheme to land massive troops in Vietnam, and against the attempt to widen a war which will destroy both parts of Vietnam."

"The foreigners" obviously are the Americans. Cao referred to the Pentagon Papers, which document American support for the overthrow of Diem,

but not the assassination of the president and his brother, Ngo Dinh Nhu, head of the secret police.

Diem was eulogized as a patriot who "gave birth to our country and laid the foundations for democracy." This is in sharp contrast to the statements of the generals who ousted Diem. After the coup, they said they had taken action because "the people's lawful rights were trampled upon" and the "Diem clique" was rotten and corrupt.

Coup followed coup after Diem's death until Thieu took control in a "democratic" election.

Thieu, incidentally, supported the Diem ouster while still a colonel.

The memorial services for Diem also were a political shot at Gen. Duong Van (Big) Minh, who led the 1963 coup and is still Thieu's chief rival.

There is a mounting feeling of anti-Americanism in Vietnam, despite the U.S. sacrifices in blood and treasure and increasing numbers of Americans are fed up. The resurrection of Diem as a democratic patriot is another sign of that mutual disenchantment.

Mundane Matters

The admission of Communist China to the United Nations and the expulsion of Nationalist China have created waves of action and reaction in the United States and around the world.

While leaders, diplomats, legislators and ordinary folk ponder the ramifications of this major shift in the world structure, it might be worth noting that not everyone was overwhelmed.

In Marshalltown, Iowa, farmer John Tigges was asked: "What do you think of letting Peking into the U.N.?" He replied: "I think corn is way down to 92 cents a bushel." That is a pertinent reminder, especially to politicians, that there are matters, vital on their own terms, which also must be settled.

Poor Preacher

Around The Rim

Tommy Hart

One thing and another: I understand one of the local preachers approached a car dealer the other day, hoping to charm the merchant into offering him a favorable deal on a new car.

THEY HAD each given a little ground, with the minister going a little higher than he had hoped and the car salesman coming down a few dollars. The difference between what the padre offered and the dealer wanted, however, was something not unlike the difference between purgatory and Paradise.

"Come on, now," the man of the cloth said, "you can do better than that. You've got to remember, I'm just a poor Protestant preacher."

"I know! I know!" fired back the salesman, "I've heard you preach."

THE XEROX CORP., which must not be hurting financially, has come up with an amazing offer for its employees.

People employed by the firm are being encouraged to take a year off, with pay, to pursue a personally selected social welfare project.

C. Peter McCulough, president of Xerox, said the company wanted to "put something back into society. We are giving the most important asset

we have — the time of our people."

NOT ONLY salary, but other benefits such as insurance and pension credits continue during the one-year leave, Xerox revealed.

The only restrictions are that the project chosen can't be partisan politics or personal schooling. The project must be sponsored by an existing public or private non-profit organization.

BEFORE YOU move to the boon-docks, it might be wise to consider what protection you can expect should you experience a fire.

An insurance authority says rural fires cause three times as much damage as city fires.

IF YOU HAVE a fire, who would you call? What method for combating a blaze would you have, in event there is no fire department to call? In many instances, houses built in the country may have inferior wiring and heating standards, adding considerably to an ignition hazard.

ALTHOUGH farms have decreased in numbers since 1943, their fire losses have leaped from \$82 million to well over \$300 million annually.

Fire or lightning strikes two of every 100 farm houses in the nation each year.

Surcharge May Grow

David Lawrence

WASHINGTON — When the Senate finance committee on Thursday voted to give President Nixon authority to raise the surcharge on foreign imports from a rate of 10 per cent to 15 per cent, there was more involved than a mere change in the levies to be imposed on transactions in trade. For it will give the dollar a great deal more power in the currency markets abroad and enable our government to negotiate more effectively with some of the Far Eastern countries, where the 10 per cent surcharge has not been adequate.

ACTUALLY, the United States has had a deficit of 9.8 billion dollars in its international payments in 1970. For 1971, the deficit was running at the rate of 16 billion dollars a year before President Nixon took the dollar off the gold standard on Aug. 16 and imposed the import surcharge. So this is an important weapon with which to deal with the balance of trade and imports into this country.

Coincidentally, the Common Market nations in Europe have reaffirmed their determination not to modify the value of their currencies unless the dollar is devalued. Their intention is to ask representatives of our government at a meeting in Rome on Nov. 22 whether it plans an international negotiation which would include a change in Western-currency parities.

THE UNITED STATES does not want to devalue its currency in terms of gold at this time, and the 15 per cent surcharge will be a handy tool in handling relations with other countries on trade problems.

Lots of foreign-made goods are coming into the United States to compete with American products, forcing workers out of jobs. As a consequence, there was a widespread demand for the imposition of the 10 per cent surcharge. But apparently it was felt this might not be adequate, and Congress has been under pressure to permit it to rise to 15 per cent, which it is hoped will be sufficient to prevent the influx of imports.

THE UNITED STATES has been trying to get bilateral agreements

with various countries to control imports under a quota system, but it hasn't been wholly successful. The surcharge was adopted as a last resort. While it has caused some resentment, it is a move that was unavoidable and one the United States had to take in view of the unwillingness of foreign governments to accept any real limitation of exports to this country.

On Monday, representatives of the United States, led by Secretary of the Treasury John Connally, are to begin talks in Tokyo with Japanese leaders to seek their cooperation in a program to check the deficit in America's international balance of payments.

JAPANESE OFFICIALS have been under pressure from their own people to make few concessions. In fact, the whole problem could have been solved three years ago if there had been more of an inclination to negotiate an adjustment. The imposition of the surcharge at 10 per cent, which now may rise to 15 per cent, appeared to be the only way out of the difficulty for the United States.

The news that the 10 per cent surcharge may be increased to 15 per cent will probably have a profound effect in Tokyo.

THERE ARE other parts of the world from which imports are coming into the United States that are hurtful. Automobiles made in Europe, for example, have been shipped to the United States and sold at prices lower than those of cars manufactured in this country. Estimates vary as to the number of jobs that have been lost as a result of this competition, but there is no doubt that tens of thousands of workers in America have been adversely affected.

The battle against imports has been going on for several years, but with very little success. The Nixon administration has decided to take strong action. For, while it involves a strain in foreign relations, there apparently is no choice but protectionism.

Phenomenal Freeze

Omar Burleson

WASHINGTON — The acceptance of the administration's wage-price freeze has been almost phenomenal. According to official estimates, between 70 and 75 per cent of the people approved the President's initial action in setting up Phase I. There appears to be just as strong support for Phase II. Of course, those who had an agreement on wage or salary increases were disappointed and it is not difficult to understand they would be. Many had depended on a raise and had planned their affairs accordingly.

GENERALLY, HOWEVER, consumers are so fed up with constantly increasing prices that they are willing to submit to controls of about any kind. Most of the biggest businesses in the Country endorsed controls and some executives and economists even suggested a ceiling on profit and interest rates. The only trouble here is that no one could really come up with any satisfactory plan of making it work. The prevailing argument has been that if wages and prices are successfully controlled, profits and interest rates will adjust in the economic process. Although not enough time has elapsed there are some signs to indicate it may be working in this direction.

Having said this, there is a fear and concern on the part of many that temporary controls may turn out to be something permanent. Within government has been heard — "They may say they (the people) will take an administered economy after 45 to 60 days of it, but this attitude will change after about 90 days." Those of this opinion feel certain that after

a year's experience under controls people will want no more of it. They cite what happened in the 40's and 50's when controls were imposed. At first the reaction was accepted and supported as a necessary evil. At the present time, there is recognition that runaway inflation must be checked and that "something is being done." It furnishes a comfortable feeling.

THE RUB COMES when the controllers start to make "adjustments." Not everyone is going to be happy if they are "adjusted" and pretty soon probably no one is going to like it.

Government administrators say they see "a million problems involved." After the new wears off and there is less cooperation from business and individuals the problem of enforcement will be immense. Whereas now there is good voluntary response, the time will likely come when it will take an army of enforcers and there are never enough. This is when the going will be rough, even with past efforts showing favorable results. During World War II the OPA employed about 70 thousand people and those old enough to remember will recall the black marketeering that became rampant. Even under patriotic influence prevailing at that time many simply didn't respect they considered to be undue and burdensome controls. The obedience to controls became something like our conscience towards violating traffic laws or some other laws we feel the violation of which is really no violation at all. Laws not respected are difficult to enforce.

Flutter Of Forecasts

John Cunniff

NEW YORK (AP) — As certainly as birds fly south in November, economists send forth a flutter of next-year forecasts.

And while in the past this deluge of mail descending on editors' desks has been compared to more litter falling on the town dump, the messages they bring this year are more appropriate to Christmas cards. They are that bright.

If they are to be believed—and often the broad dimensions outlined in full-year forecasts are more descriptive of events than are more precise, short-term attempts—there is good news for almost all categories of economic man.

To name them: consumers, home-buyers, workers, retailers, corporations, borrowers, lenders. And by inference, one must also include the political fortunes of President Richard Nixon. All this, if the forecasts

come true. The consensus seems to be a Gross National Product, or total of all goods and services produced, of close to \$1.15 trillion, or about \$100 billion more than in 1971. Real growth of 6 per cent is foreseen; it was only 3 this year.

Such growth must be terminated vigorously. And the manner in which forecasters are delivering their message also is more vigorous when compared with the timorous hedging of certain other years.

While conceding there is much uncertainty because of the new and untested economic plan, the economist-forecasters aren't showing it in their projections. Their opinions are noteworthy for their simple, flat and straightforward sentences.

To summarize from a survey of the views of 19 "of the best

known and best regarded individuals and firms," made by Dr. William C. Freund, vice president and economist of the New York Stock Exchange:

—Consumer spending is expected to grow 8.5 per cent to \$725 billion, fueled in part by a reduction of the savings rate from nearly 8 per cent to around 7 per cent.

Strong housing markets are expected to mean greater spending for furniture, carpeting and appliances. Auto sales are projected at 10.5 million.

—Business too is expected to spend heavily, with plant and equipment outlays rising about 8 per cent. And, as sales expand, inventories will have to be rebuilt. Corporate profits, after taxes, are seen rising 9.2 per cent to as much as 19.4 per cent.

'Bigwig' Used To Wear One

Hal Boyle

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

In olden times a "bigwig" was literally a man who wore a big wig. Custom restricted the wearing of full-length wigs to judges and members of nobility. Ordinary persons wore little wigs. So, in time, personages of high estate were called "bigwigs."

Fish and chips, probably the most famed British food delicacy, have been banned from the menu at two U.S. air bases in Britain. The reason: the greasy-fried chumls of cod and French-fried potato chips were making the airmen so fat they had trouble racing to man their outposts during base alerts.

Smelly cure: Garlic has long been thought by European peasants to have great blood-purifying powers. Now Russian scientists have confirmed garlic's therapeutic property by extracting from it a new antibiotic called "allicin" which avoids side effects by destroying only germs harmful to the body.

Flowers are regarded as fragile, but some of them exert great strength in growing. For example, the Soldanella of

Switzerland is called the ice flower because it forces its way up through solid ice to blossom in the sun.

Quotable notables: "Half the world is composed of people who have something to say and can't, and the other half who have nothing to say and keep on saying it."—Robert Frost.

What is the origin of the gold ring? One theory is that it was invented by the Egyptians who used the rings as money. The fingers of a man's hand were his safest and most convenient bank. He could wear his money.

Durable: Hair is the least destructible part of the human body. It can remain well preserved long after the bony structure has turned to powder.

Smelly cure: Garlic has long been thought by European peasants to have great blood-purifying powers. Now Russian scientists have confirmed garlic's therapeutic property by extracting from it a new antibiotic called "allicin" which avoids side effects by destroying only germs harmful to the body.

High grass: Marijuana grows wild in remote parts of the Himalaya Mountains. The natives rarely smoke the plant

but find it quite useful. They make rope from it, a hair pomade and a muscle liniment. Now and then they also get a bit dizzy when they eat food cooked in marijuana oil.

Worth remembering: "Would you believe there's still buried treasure in this country? If you don't think so, just listen to some women talk about their first husband."

Exit lines: Cato the Younger cried out as he thrust a sword into his body, "Now I am master of myself!" Czar Alexander II of Russia said, "I am sweeping through the gates, washed in the blood of the Lamb."

King George IV told his page, "Wally, what is this? It is death, my boy. They have deceived me." Gen. U.S. Grant said, "I want nobody distressed on my account."

Folklore: A mole on the right arm or shoulder means you're very wise—on the left arm or shoulder that you're argumentative. A mole near an arm is a sign of wealth and honors; a mole on the throat, riches and health.

It was Samuel Johnson who observed, "A man is in general better pleased when he has a good dinner upon his table than when his wife talks Greek."

Sound Position

Andrew Tully

WASHINGTON — If I were William H. Rehnquist, nominee for the Supreme Court, I would lose no sleep over the catering of certain professional liberals concerning his 1967 position on integration of public schools in Phoenix, Ariz.

ASSISTANT ATTY. GEN. Rehnquist is being put to the rack for a letter to the editor of the Arizona Republic in which, in fact, he made a good and Constitutional point. Wrote Rehnquist, "... we are no more dedicated to an integrated society than we are to a segregated society... we are instead dedicated to a free society, in which each man is accorded the maximum amount of freedom of choice in his individual activities."

This is, indeed what the Constitution says. It guarantees equal rights, but it nowhere says or even implies that any American — even a defenseless child — may be required by law or by artificial administrative arrangement to work, study, play pinocle or get drunk with any other American. Equal rights does not call for enforced socializing, any more than it demands that the Supreme Court be balanced ethnically and racially.

MOREOVER, Rehnquist's 1967 letter addresses itself to a situation I have always found appalling. It is the unctuous, moist-handed exploitation of children by parents who seek status among the liberal chic. These are the parents who use their children, who force them to assume the role of reformers of our educational system.

That of course is not our children's job. Or, as Rehnquist's letter put it, the schools' job is to educate children; they should not be "saddled with a task of fostering change which

may well lessen their ability to perform their primary job."

THE LATEST Gallup Poll shows that Rehnquist's reading of the Constitution is shared by a whopping majority of those polled. To wit, 76 per cent — three in every four persons — are opposed to busing both Negro and white children from one school district to another.

The poll seemed to be reiterating what Rehnquist wrote in 1967—that those who would favor abandoning the neighborhood school concept "concern themselves not with the great majority... but with a small minority for whom they claim it has not worked well. They assert a claim for special privileges for this minority, the members of which in many cases may not even want the privileges..."

IN THAT connection, it seems not entirely irrelevant to note that in the Gallup Poll, 47 per cent of the Negroes interviewed opposed busing, compared with 45 per cent who favored it. This may not constitute a landslide majority, but it certainly shows a certain ambivalence in black opinion.

I DON'T blame the Democrats, especially those in the liberal column, for seeking flaws in Richard Nixon's high bench nominees. Naturally they don't want a Republican President to create a conservative strict constructionist Supreme Court. We all should be grateful to them for vetoing Nixon's nomination of G. Harrold Carswell and Clement Haynsworth, and for joining with Republicans in forcing the resignation of Justice Abe Fortas, Democrat.

But the Senate also is charged with the duty of acting responsibly.

Gunmen In Speeding Auto Kill Soldier Out For Walk

BELFAST (AP) — Gunmen were 18 and had been in Northern Ireland only two weeks. Troops in Londonderry said they might have killed a gunman who fired on them during a riot Sunday, but they said the body was dragged away before they could retrieve it.

In the West London section of the British capital a "firework type device" was set off early today inside the British European Airways terminal, a Scotland Yard spokesman reported. He said there was no damage, and there was nothing to link it to the troubles in Ireland.

Amnesty International, an organization concerned with political prisoners around the world, reported it had received personal statements and affidavits accusing British troops in Northern Ireland of torture and beatings. It called for an international inquiry into the allegations and said the British government had rejected its request for a British commission to investigate the charges.

On the political front, Premier Brian Faulkner of Northern Ireland came under right-wing pressure to resist any moves by the British government to trim the provincial government's authority.

Horoscope Forecast

TOMORROW

—CARROL RIGHTER

GENERAL TENDENCIES: Force important responsibilities now for pleasure or where your health is concerned. Turn down a tempting invitation. Becoming overly emotional with mate is not wise. Accept opportunities as they arise. Calmly, and let conditions work out in your favor by accepted methods. You find that this turns out to be an excellent day for you.

ARIES (March 21 to April 19) You can suffer much loss if you leave important responsibilities now for pleasure or where your health is concerned. Turn down a tempting invitation. Becoming overly emotional with mate is not wise. Accept opportunities as they arise. Calmly, and let conditions work out in your favor by accepted methods. You find that this turns out to be an excellent day for you.

TAURUS (April 20 to May 20) Avoid a person who is in a most stubborn mood equal to your own or there could be an argument. Take care of your own work at home. Tomorrow is a better day in business.

GEMINI (May 21 to June 21) Cooperate more with co-workers and make this a most productive day so that later you can enjoy the amusement you desire. Take time to write letters to important persons.

MOON CHILDREN (June 22 to July 21) Forget fun today and tend to mandatory affairs that are important. Show mate that you are affectionate and loyal. Set up a better budget for the future.

LEO (July 22 to Aug. 21) Plan how to improve your appearance instead of starting arguments, especially at home. Entertain others and get good results. Bring out your real Leo charm.

VIRGO (Aug. 22 to Sept. 22) You have private affairs to handle so target making appointments that will interfere with this. A confab with advisors brings out new ideas. Plan the future wisely.

LIBRA (Sept. 23 to Oct. 22) You are now able to contact good friends and obtain fine ideas which can be most helpful to you. Don't waste time fretting about financial affairs you can do little about.

SCORPIO (Oct. 23 to Nov. 21) Handling obligations from a standpoint of honesty is best now and you get right results. If you are too demanding where

personal aims are concerned you get negative results.

SAGITTARIUS (Nov. 22 to Dec. 21) Forget petty worries and get busy on plans you have for expansion which could bring fine results. One of foreign birth can give some good ideas. Listen carefully.

CAPRICORN (Dec. 22 to Jan. 20) Analyze your responsibilities well, then plan to handle them to the best of your ability instead of going off on a tangent with friends. Another day is better for recreation.

AQUARIUS (Jan. 21 to Feb. 19) Add your own ideas to those of associates and you make this a productive and profitable day for all. Keep out of the way of an irate higher-up who is looking for trouble.

PISCES (Feb. 20 to March 20) Instead of adhering to demands of outsiders, attend to your own work ahead and receive praise. Fine work now gets you the credit and benefits you want.

COMPLETE PAPER PRODUCTS LINE
Melba Carter shows just part of the extensive line

Party Products All Available At Roy Peet's Inland Port 213

Throwing a party? Then come to Inland Port 213 for a complete line of paper goods that can brighten up any party and take the work out of cleaning up.

Inland Port 213 has coordinated paper products to suit any occasion from cocktail parties to formal dinners. Napkins, from cocktail to dinner size, table cloths, paper plates and cups, bridge talley and place mats that all match are available.

Special napkins such as 25th and 50th wedding anniversary napkins, patriotic, road runner, owls and funny-face napkins in many sizes and colors are at Inland Port 213.

Holiday napkins for Thanksgiving and Christmas are on hand, and as other holidays approach, special holiday napkins are stocked.

After choosing the paper products to meet your needs, look

at the large selection of Monkeypod wood carvings. Monkeypod wood is carved in the Philippines and imported by Inland Port 213, and is available in a number of forms, including salad bowls and serving utensils.

A large selection of decoratively useful Early American pieces are available, as are candles, jewelry boxes, china figurines, clocks, brass work from India, soaps and bath oils and fine crystal.

Roy Peet invites anyone looking for a fine gift to see what his store has to offer in the way of gifts from all over the world. And if you get tired while looking at the myriad offerings at Inland Port 213, then you can go to their Gold Anchor Room, where the weary shopper can rest and enjoy a free cup of coffee. Stop in and browse at Inland Port, 213 Main.

S.I.C. Now Offers Low Cost Financing

S.I.C. has been financing cars, both new and used, since 1929. The finance methods over the years have progressed and so has S.I.C., which now presents a Low-Cost-Plan for automobile financing.

Included in the plan are finance rates that invite comparison. S.I.C. auto finance specialists are experts at working out plans that save the customer money.

For example, they can advise you how — perhaps by making just a little more down payment — you can shorten the term of the contract and realize a sizable savings.

Our specialists will be happy to discuss all phases of the financing with you — including comparisons on the total cost of the car of your choice. In addition, all of your insurance, including liability and collision, can be handled with one step at S.I.C.

So if you are interested in really saving money, one quick visit to the S.I.C. office will get

the job done and you can shop for that new or used car — Now — on a cash basis.

S.I.C. offers loans for any of your financial needs, including loans for furniture or appliances, medical expenses and numerous other personal needs.

S.I.C. has convenient office hours for anyone needing a loan. S.I.C. is open from 9 a.m. to 5:30 p.m. Monday through Friday and until 7 p.m. Thursday. Starting Nov. 27, S.I.C. will open from 9-12 a.m. every Saturday until Christmas for the convenience of their customers.

Remember — see the S.I.C. Moneyman for any financial need and save. Come to S.I.C. at 501 East Third or call 267-2411 in Big Spring for prompt and friendly service.

Church Founder Dr. Hamblen Dies

ABILENE, Tex. (AP) — Dr. J. H. Hamblen, 93, founder of the Evangelical Methodist Church, died here Sunday following a two-week hospital stay. He would have been 94 next Saturday.

Hamblen resigned from the Methodist Church in 1945, citing his disenchantment with modernism which prompted him to found the Evangelical sect. The 11,000-member body has headquarters in Wichita Kan., with 200 congregations in the U. S. and abroad.

He is survived by his widow, Irma, and a son, Stuart Hamblen, a songwriter, of Hollywood, Calif.

Funeral services will be here Tuesday.

Concrete Is Strong, Lasting

From precast to ready-mix, McMahon Concrete is ready to provide every concrete need to suit your particular job specifications, with prompt and friendly service you can count on.

McMahon Concrete has strong, long-lasting precast concrete septic tanks in 350 and 500 gallon sizes. The tanks can be set in place where you need them by McMahon Concrete.

Other precast work done at McMahon's includes round and rectangular feed and water troughs in many sizes for every farm or ranch, precast concrete roofing sections and home decorations from planters and bird baths to garden benches and picnic sets.

McMahon also has a complete line of contractor's supplies including wheelbarrows, shovels, trowels, levels, bolt cutters, masonry blades, most hand tools and cement finishing tools.

For small and medium-sized jobs McMahon Concrete

has "instant" concrete in sacks. All you do is add water.

If you are building a fireplace, McMahon Concrete has a complete selection of fireplace components, such as grates, gas starters, dampers and complete concrete heat forms. Heat forms are pre-fabricated metal fireplaces that are set in place and covered with bricks.

McMahon Concrete can quickly load and dispatch one of their radio equipped trucks with the proper mix for whatever you are doing, including foundations, culverts, sidewalks, driveways, curbs, gutters and street pavement. The white trucks from McMahon can be directed to any job site, and will arrive quickly and on time.

If the job needs a contractor, McMahon Concrete has a list of local contractors that can handle any job. For anything in concrete, call on McMahon Concrete Co., 605 N. Benton, telephone 263-3759 or 267-6348.

Dallas' victory lifted in the NFC East, 13 back of the Washing skins (6-1-1), who Philadelphia Eagles 7- And Landry, who viously criticized S scrambling tendency had charitable words ex-Navy wonder's m

Raiders And Chiefs Are Jolted By Sunday Upsets

By The Associated Press
The Kansas City Chiefs were jolted by the wind and Edd Hargett's storm buffeted the Oakland Raiders.

Those elements combined Sunday to keep the American Football Conference's Western Division race in an extremely fidgety state.

Capricious winds, howling up to 35 miles an hour at New York's Shea Stadium, were a deciding factor as the Jets blew out the favored Chiefs 13-10 in the National Football League.

Hargett, meanwhile, was another natural phenomenon, directing three last-half touchdowns to help the New Orleans Saints salvage a gutty 21-21 tie with the powerful Raiders.

BUT OAKLAND LEADS
The day's results moved Oakland into sole possession of first place in the bitter West race, only a half-game ahead of arch-rival Kansas City.

"It was a tough day to work," said Kansas City quarterback Len Dawson after getting caught up in a jet stream. "Fighting that wind makes it tough. You couldn't lob the ball because the wind got hold of it and you never knew what it would do to the ball."

Hargett, on the other hand, knew where the ball was going every minute as he came off the bench to work his late magic.

Veteran George Blanda, who has performed similar heroics for Oakland but didn't get the chance this time, agreed that Hargett headlined the "Blanda Show" well.

"Yeah, he did," said Blanda, "and more credit to him."

MORE SURPRISES
Other surprises laced the NFL Sunday as the last-place Philadelphia Eagles soared to a 7-7 tie with the Washington Redskins, leaders of the National Conference's Eastern Division, and the Green Bay Packers upended the Chicago Bears, who are fighting for the lead in the National Conference's Central Division.

The Dallas Cowboys had to battle to pull out a 16-13 triumph over the St. Louis Cardinals; the San Francisco 49ers won a 13-9 fight over the Minnesota Vikings in a meeting between division leaders and the Miami Dolphins rode a rugged running attack to a 34-0 victory over the Buffalo Bills to keep their lead in the American Conference East.

Elsewhere, the Pittsburgh Steelers dominated the Cleveland Browns 26-9 and tied them for first place in the AFC Central race; the New York Giants turned on the high-scoring San Diego Chargers 35-17; the Atlanta Falcons disposed of the Cincinnati Bengals 9-6; the New England Patriots pumpled the Houston Oilers 28-20 and the Detroit Lions slugged the Denver Broncos 24-20.

The Baltimore Colts host the Los Angeles Rams in a game tonight.

Long before Bobby Howfield gunned through a 35-yard field goal in the fourth quarter for the New York Jets' winning points, they had plenty of help from the tricky wind currents at Shea.

The elements handicapped the Dawson-to-Otis Taylor passing combination, one of the hottest in pro football. Dawson was able to connect with his favorite target only twice during the game and threw for a sub-par total of 111 yards over-all with 13 completions.

Hargett, who came in after starter Archie Manning injured his right elbow, took the Saints on touchdown marches of 79, 82

and 77 yards. But he wouldn't take all the credit for it, citing the Saints' strong running attack.

Washington had a fancy record before having to pull out a tie with the Eagles. The Redskins staved off defeat when Billy Kilmer threw a TD pass to Clifton McNeil with four minutes left.

Lou Michaels kicked a 22-yard field goal with 59 seconds left, leading Green Bay over Chicago. The loss kept the Bears one game off Minnesota's Central-leading pace in the National Conference.

BREEZING AROUND BREEZY TRACK — The flagman sends entries streaking on their way Sunday in the weekly stock car race here. Cold weather thinned the crowd some, but there were still many dauntless fans who turned out. Below, the winners are, from row from left, Ernie McCustian, Charley Hyden, Darrell Pollock, Joe Warner (subbing for Wayne Stroup), and Dickie Jones; back row, Reed Taylor, Jon Lee, Johnny Mount, Jim Collier, Wendell Maxey (Midland), and Billy Bingham.

Irish, Longhorns Are Back In Football Bowl Picture

By The Associated Press

Those bitter rivals of the last two years, Notre Dame and Texas, are suddenly very much back in the bowl picture—but this time it probably won't be against each other.

Once-beaten Notre Dame rediscovers its missing offense Saturday and enhanced its bowl prospects with a 56-7 mauling of Pitt. Fifteenth-ranked Texas, which captured one national championship and lost another by splitting the last two Cotton Bowl classics with Notre Dame, sneaked back atop the South-west Conference—the SWC provides the host team—by downing Baylor 24-0 while No. 16 Arkansas was being held to a 24-14 tie by Rice.

Bowl bids can be tendered either on Nov. 20 or one Saturday before a team ends its season, whichever comes first; and eighth-ranked Notre Dame closes on Nov. 20, making the Fighting Irish eligible for an invitation next weekend.

COMPETITION
The only problem is that both the Orange and Sugar Bowls would like to match the top survivors from the Nebraska-Oklahoma, Alabama-Auburn and Auburn-Georgia games—the respective dates are Nov. 25, Nov. 27 and Nov. 13—for the

national championship, with Penn State also a possibility.

The college football elite kept rolling toward their eventual holiday destinations Saturday. Top-rated Nebraska overpowered Iowa State 37-0 behind Johnny Rodgers' two touchdowns. Rich Sanger's three field goals and a vicious defense.

Runner-up Oklahoma cooled off a bit if you consider 407 rushing yards a come down but still defeated Missouri 20-3. Third-ranked Michigan, with a Rose Bowl berth virtually assured, bombed Iowa 63-7 as Ed Shuttlesworth paced a 493-yard ground barrage and fourth-ranked Alabama got a touchdown from Terry Davis and two field goals from no-relation Bill Davis and held off No. 18 Louisiana State 14-7.

AUBURN COASTS IN
Auburn, No. 5, piled up a 30-point lead after three periods and beat Mississippi State 30-21 while Lydell Mitchell rambled for 209 yards and five touchdowns as sixth-ranked Penn State crushed Maryland 63-27 and No. 7 Georgia battered Florida 49-7.

Rounding out the Top Ten, ninth-ranked Ohio State fell to Michigan State 17-10 and No. 10 Arizona State ripped Brigham

Young 38-13.

Eisenhower, 12th-ranked Stanford, nailed down its second straight trip to the Rose Bowl and Pacific-8 crown by turning back UCLA 20-9 while No. 17 Southern California ousted Washington State 30-20.

Toledo, No. 14, stretched its winning streak to 32—second longest of modern times—with a 23-8 triumph over Northern Illinois. Cornell ran its record to 7-0 and took over the Ivy League lead by beating Brown 21-7.

Hawks Open Season Today
Harold Wilder's squad of Howard County Junior College Jayhawks open their 1971-72 season this evening in Terrell, play Tuesday in Dallas against Mountain View JC, then return home Thursday against the Lubbock Christian JVs.

The Hawks will have a seasoned lineup led by Archie Myers, an all-star from last year and a sharpshooter par excellence. Recently, as the Hawks vanquished Sul Ross in a scrimmage, Myers hit 16 of 26 field shots.

With him in the lineup will be Lawrence Young, a starter from last season, Harry Miller and Jim Kreier, both seasoned players from last year, and Herbert Lee, San Antonio freshman. Russell Frontz, Roger McCallister, Jeffrey Watkins, all freshmen, are due to see a lot of action.

Wilder is trying to improve on last year respectable 25-12 record by getting off to a far better start than in 1970.

BOWLING
MEN'S MAJOR LEAGUE RESULTS — Pollard Chevrolet over Colewell Electric, 4-0; Smith and Coleman over Condon Oil & Chem, 4-0; Quality Carports over Tex. Hiway Eng., 4-0; Jack Lewis Buick over Jones Construction, 4-0; Coors Co., D.K. Dist. over Gage Fina Service, 3-1; Kentucky Fried Chicken over Ferson Oil Well Supply, 3-1; High single game and series — Jim Ringler, 281 and 742; High team game and series — Smith and Coleman, 1139 and 3214; Smith and Coleman, 26-10; Texas Highway Engineers, 23-13; Pollard Chevrolet, 22-14; Jack Lewis Buick, 21-15; Quality Carports, 21-15; Coors Co., D.K. Dist., 18-18; Coleman Electric, 17-19; Kentucky Fried Chicken, 16-20; Gage Fina Service, 15-21; Costen Oil & Chem., 14-22; Jones Construction, 14-22; Ferson Oil Well Supply, 9-27.

Motocross Has Big Field

Cold, damp weather cooled a number of fans but didn't prevent Hi-Noon Optimists motocross from drawing its largest field yet.

Riders came from as far as New Mexico to take part in the record 10-card event over the course in FM 700 NE.

One of the most exciting chases was the 15-entry field in the junior and senior minibike contests, all running in the same race. Danny Weir won a pair for first places.

The next race will be Sunday in Lubbock; then Nov. 21 in San Angelo; Nov. 28 in Odessa; and back here Dec. 5.

Results Sunday included:

JUNIOR MINIBIKE — 1. Steve Darby, San Angelo, 2. Mike Lourens, 3. Jeff Lourens.
SENIOR MINIBIKE — 1. Roger Page, 2. Craig Hedner, 3. Howard Shivers Jr.
100 CC Novis — 1. Bob Ward, San Angelo, Charles Puga, 3. John Johnson, Midland.
100 CC Expert — 1. Danny Weir, 2. Jay Henry, Corlsbad, N.M., and 3. Larry Adams.
125 CC Novis — 1. Ricky Faust, Midland, 2. Tom Hare, Corlsbad, N.M., 3. Larry Watson, Abilene, and Johnny Puga, Tex.
125 CC Expert — 1. Danny Weir, 2. Robert Mayors, Corlsbad, N.M., 3. Jack McMinn, Abilene.
250 CC Novis — Jim Rottih, Corlsbad, N.M., 2. Mike Ellington, San Angelo, and 3. Bill Wiggins.
250 CC Expert — 1. Richard Ross, Odessa, 2. David Hanson, 3. Pete Shult, Pecos.
Novice — 1. Randy Tanner, Corlsbad, N.M., 2. Jimmy Johnson, 3. Steve Coleman.
Open — 1. Jackie Honey, San Angelo, 2. James Kirk, Corlsbad, N.M., and 3. Mark Stanford, Odessa.

Jr. Coahoma Teams Split

The Coahoma eighth graders closed out a perfect season Thursday by edging Lamesa 26-20. This left the team with a 8-0 record.

Lamesa laid it on the seventh graders, however, by 40-0, reducing their season standing to 3-4.

For the eighth grade club, Ricky Patterson staked the Coahomans to a lead they never relinquished when he went in from six yards out and got the extra points. Also in the second quarter Gary Roberts scooted 15 yards for another TD which had Lamesa shaded 14-12 at the half.

In the third, Ricky Logsdon pounced on a Lamesa fumble in the end zone for another score, and in the fourth Mike Collier provided what proved to be the winning margin when he took a 31-yard pass from Gary Roberts. Charles Tindol aided the cause with an interception, and Rocky New grabbed another Lamesa fumble. The teams are coached by Jan East, aided by Dalton Hamilton and Wayne Nail.

SUNLAND P/K RACE RESULTS

Spanish Ace Upsets Maxwell In Mexico

MEXICO CITY (AP) — Lee Trevino and a warning for a fourth national gold championship. Spain's Angel Gallardo, who won the Mexican Open Sunday, "We'll see it up again on Thursday and see what happens then."

UP FROM ASHES Texas Suddenly In The Lead

In two weeks, the "dead-as-a-hammer" Texas Longhorns have arisen from a humiliating 31-7 defeat by Arkansas at Little Rock to the point where they can be within a step of their fourth consecutive Southwest Conference football title if they defeat Texas Christian in Austin Saturday.

Arkansas's shocking 24-24 tie with Rice Saturday and a 17-9 whipping at the hands of Texas A&M a week earlier have knocked the Razorbacks into third place with a 3-1 record.

Guess who is in second place—just a half game behind the Longhorns. It's Texas Christian which got a cockroach rating from Texas Coach Darrell Royal one year because "what they don't eat they mess up."

The inspired Horned Frogs own a 3-1 mark on the heels of a 17-8 triumph over Texas Tech. The Longhorns are 4-1 after a 24-0 victory over Baylor marked by the return of No. 1 quarterback Eddie Phillips.

Now all between Texas and the Cotton Bowl is TCU Saturday and Texas A&M on Thanksgiving Day.

Phillips, who has missed most of the season because of an injured toe and leg, said, "I was wondering what our team would do after losing to Arkansas. We've got two big games left but the Arkansas loss and then the tie gives us some incentive."

TCU, playing inspired football in the memory of the late Coach Jim Pittman, has Texas, Rice and SMU to play. Arkansas must still play SMU and Texas Tech.

The Texas Aggies, who have blossomed in the last three games since Coach Gene Stallings moved Mark Green to tailback and Joe Mack King to quar-

terback, will have a say in the title.

The Aggies were devastating in ripping Southern Methodist 27-10. Each team has two SWC losses.

Green carried a SWC-record 41 times in gaining 158 yards and Stallings, whose job is reported in peril, said, "It looks like we are getting a little better every week."

The climax to the Rice-Arkansas game was one of the wildest in SWC history.

Rice punted and Razorback Jack Morris signaled for a fair catch with nine seconds left and the Owls ahead 24-21. However, Owl sophomore Carl Swierc was called for interference and the officials walked off a 15-yard penalty to the Rice 28 where Bill McClard kicked a dramatic 45-yard field goal. Stunned Rice players slammed their helmets to the ground in disgust and disbelief.

Fumbles Hit JV's Hard

Cold fingers spelled disaster for the Big Spring Junior Varsity at Odessa Saturday evening.

The JVs fumbled four times in the first quarter — and four times Odessa turned the recoveries into TDs. One other long drive in the second sealed the doom of the Big Springers.

Tom Sorley hit on three TD passes for Big Spring, two just before the half. The first was good for 31 yards to Doug Smith, and the second was a 36-yarder to Ronald McKee. This left the count at 35-14 at halftime.

The JVs slugged it out on even terms in the last half with Gilbert Pesina ramming from the one to end a 60-yard drive, and Sorley throwing a 20-yard strike to Don Weeks for the final score.

This left the junior varsity with a 3-6 record for the season, and they have a final chance to improve it when San Angelo comes to town Thursday evening. Big Spring came out of the Odessa contest in good physical condition.

Statistics Reflect Leaky State Of Steer Defense

Statistics throw further illumination on the frustrating experience of the Big Spring Steers through nine games.

The opposition has gained a thousand more yards with edges both in the air and on the ground through the porous Steer defense. In passing, for instance, the enemy has more than doubled the Steers' 634 yards; opponents have gained 20 per cent more on the ground.

As for completions, the Steers are at 30 per cent, the opponents right at 50 per cent. On interceptions, Big Spring has only five, the enemy 11. Even on punt average, the Steers lost their edge with 38.3 against 40.1 for the opposition. Big Spring has accumulated less penalties and lost two less fumbles.

This is the way it stacks up:

Roger The Dodger Dances Way On Key Plays To Win

ST. LOUIS (AP) — Tom Landry won't say how long it'll last, but right now Roger Staubach is in charge of the Dallas Cowboys' stretch drive in the National Football Conference East.

The 6-foot-3 Staubach, a shuttle quarterback most of the season, earned the spurs Sunday in picking the Cowboys off the ground and leading them past the hapless St. Louis Cardinals 16-13.

Dallas' victory lifted it to 5-3 in the NFC East, 1½ games back of the Washington Redskins (6-1-1), who tied the Philadelphia Eagles 7-7.

And Landry, who had previously criticized Staubach's scrambling tendencies, even had charitable words for the ex-Navy wonder's maneuvers out of passing pockets on runs totaling 60 yards.

"I'd say it's not a bad thing to do unless you get hurt," Landry said. "We don't preach it, but Roger got a little excited in the fourth quarter and felt he had to run."

"I just wanted to get down there and score," said Staubach, whose longest romp was 30 yards concluding the first half. "Sometimes you have to do things that aren't in the game plans."

Staubach, quarterbacking the Cowboys throughout, stayed home long enough to complete 20 of 31 passes for the pocket for 199 yards and the Dallas touchdown.

But impetus for the game's decisive drive was provided by runs of seven and eight yards on scrambling missions advancing the ball to the Dallas 32.

Staubach then sprang Duane Thomas on a run of 21 yards to St. Louis' 48 and triggered passes to Lance Alworth and Walt Garrison before rifling a four-yard touchdown pass to Mike Ditka.

The 86-yard march required 15 plays and established a 13-10 Dallas lead wiped out when Jim Bakken converted his second field goal, a kick from the Cowboys' 36, with 8:09 remaining.

But Staubach went immediately to work again, this time spurring Dallas 54 yards in setting up tiny Austrian placekicker Toni Fritsch's third field goal, a placement from St. Louis' 26 with 1:33 remaining.

Retroactive Pay Warning

DALLAS (AP) — A great majority of the nation's international unions will strike if the Presidential Pay Board does not allow retroactive pay raises, an international union official has said.

Thomas J. Lloyd, international president of the 550,000-member Amalgamated Meat Cutters and Butchers Workmen of North America, AFL-CIO, said Sunday 90 per cent of the unions would walk off the job.

"There should be retroactive pay raises for anyone having an existing contract prior to the President's freeze order," said Lloyd, in Dallas to dedicate a local's new headquarters building.

Allowing the retroactive pay raises for organized labor would not be unfair to the rest of the labor force, he said because "if a union person gets an increase, he carries the load of unorganized labor with him." Employers then would have to match salaries for employees who could join the union, he said.

Lloyd said a better way to halt inflation would be government financed public works projects. He said this would get people off the unemployment rolls and pay them for work needing to be done.

CHILI CHAMP — C. V. Woods Jr. of Lake Havasu City, Ariz., tells the crowd about his chili after being crowned winner of the fifth Annual World Series Chili Cookoff in Terlingua. An admiring contestant, Mrs. Janice Constantine from Midland looks on.

Car Flip Kills

LAKE CHARLES, La. (AP) — Oliver Richard, 19, of Houston was killed and two other persons were injured today when their auto overturned on Interstate 10 just east of here.

Police said Nelson Jordan, 19, also of Houston, was critically injured. The driver, Charles Lee Jr., of Houston, was less seriously hurt.

Journalist Dies

NEW YORK (AP) — John H. Young, 55, journalist and publicist who once was an aide to former Rep. Adam Clayton Powell, died Saturday of cancer. Young broke with Powell and lost primary election battles to him in 1968 and 1970.

Johnson Turns Book Salesman

AUSTIN (AP) — Lyndon B. Johnson, former schoolteacher, senator, president and author, turned book salesman Sunday as several thousands of well-wishers toured the LBJ Library here where Johnson's book was on sale.

"The Vantage Point" is Johnson's version of what went on during his presidency but it has sparked criticisms from others in his administration whose accounts of history are somewhat different.

"All the decisions that are in this book are backed up by the 31 million documents in this library," he said. "I believe I know what I was doing better than someone else would know what I was doing."

Johnson told the crowds to "buy a book and give it to the generations to come to let them know how good the blessings of the good Lord were to us in the 1960s."

Johnson, accompanied by Mrs. Johnson, spent the rest of the afternoon cheerfully autographing copies of the \$15 volume and shaking hands with new and old friends.

A big sign at the entrance of the library, which was built by the University of Texas and is operated by the federal government, said: "autographed books may be purchased at 10 locations in the library."

"The publisher (Holt, Rinehart and Winston, New York City) paid \$1.6 million for this book," Johnson said holding aloft a copy, "not a cent of it is going in Lyndon Johnson's pocket. We gave it to the library and the school (LBJ School of Public Affairs)."

"This book was written so the young people of the future would be better prepared to bring peace to the world," he said. Johnson made special mention of Rhea Howard, Wichita Falls newspaper publisher, "who not only drove all the way down here from Wichita Falls but he bought 110 copies of the book, one for each of the libraries in the towns that the Wichita Falls paper serves."

A library employee clocking visitors at the only entrance said that more than 6,000 had been counted at the time of the mid-afternoon ceremony. Johnson said more than 350,000 visitors have been in the library in its four months of operations. "And they didn't have to pay an entrance fee."

At Least 11 Persons Age 22 Or Younger Die Violently

Death is never more tragic than when it strikes the young, and this weekend in Texas bore that out as at least 11 persons age 22 or younger died violently.

The weekend violent death toll reached 29 by midnight Sunday, with 17 killed in traffic. Another seven were shot to death, three died in fires, one was an apparent drowning victim and one youth died after inhaling a spray deodorant.

The count by The Associated Press began at 6 p.m. Friday. John Boney, 46, and his estranged wife, Blanche, 41, were killed Saturday in a hail of bullets. Police said the couple was

in the process of getting a divorce when Boney shot his wife then killed himself. He was an oil tools firm executive.

Two Chapel Hill youth's—Bobby Earl Long, 17, and Ray Charles Newsome, 16—died in a two-car crash late Friday just outside the city limits of Brenham.

A two-car smashup on Interstate 45 near Houston Friday night killed John Frank Taylor, 68, of Houston and Thomas F. Black Jr., of Conroe.

Officers identified Henry Marek, 58, as the victim in a fatal hit-and-run accident in Grand Prairie early Saturday. Marek

was riding a bicycle at the time of the accident. Meanwhile, officers could not identify the body of a man found floating in a swimming pool at a fashionable home in East Dallas early Saturday. The owners of the home denied knowing the man.

The truck of Gary Hammons of Pocasset, Okla., overturned and slammed into a utility pole in Bowie, Saturday fatally injuring Hammons and knocking out phone service and electric power in some parts of the town.

An argument about a game of pool in Dallas resulted in the shooting death early Saturday of Eddie Feaster, 22.

Auto Insurance Industry Out To Defeat Him?

DALLAS (AP) — State Sen. Mike McKool, a persistent critic of the Texas automobile insurance industry, says it is out to defeat him in 1972.

"The industry has a powerful and influential lobby and I have been getting reports for months that it was going all out to mark me as the No. 1 target for defeat and try to get rid of me in order to shut me up," McKool said in a statement issued Sunday.

"Whether I run for the Senate or for Congress, the people will see to it that the auto insurance

industry will not shut me up," he said. McKool has moved from the 18th senatorial district to the newly created 9th district, although he has not yet announced his 1972 plans.

"A leader of the industry and a spokesman before the State Insurance Board for higher rates sent the lieutenant governor a plan to move my district northward into a Republican area in an effort to defeat me," McKool said.
